18 **SEC. 330. REVIEW OF AGREEMENTS WITH NON-DEPART-**  
19 **MENT ENTITIES WITH RESPECT TO PREVEN-**  
20 **TION AND MITIGATION OF SPILLS OF AQUE-**  
21 **OUS FILM-FORMING FOAM.**

22 (a) REVIEW REQUIRED.—Not later than 180 days of  
23 after the date of the enactment of this Act, the Secretary  
24 of Defense shall complete a review of mutual support  
25 agreements entered into with non-Department of Defense

1 entities (including State and local entities) that involve  
2 fire suppression activities in support of missions of the De-  
3 partment.

4 (b) MATTERS.—The review under subsection (a) shall  
5 assess, with respect to the agreements specified in such  
6 subsection, the following:

7 (1) The preventative maintenance guidelines  
8 specified in such agreements for fire trucks and fire  
9 suppression systems, to mitigate the risk of equip-  
10 ment failure that may result in a spill of aqueous  
11 film-forming foam (in this section referred to as  
12 “AFFF”).

13 (2) Any requirements specified in such agree-  
14 ments for the use of personal protective equipment  
15 by personnel when conducting a material transfer or  
16 maintenance activity pursuant to the agreement that  
17 may result in a spill of AFFF, or when conducting  
18 remediation activities for such a spill, including re-  
19 quirements for side-shield safety glasses, latex  
20 gloves, and respiratory protection equipment.

21 (3) The methods by which the Secretary, or the  
22 non-Department entity with which the Secretary has  
23 entered into the agreement, ensures compliance with  
24 guidance specified in the agreement with respect to  
25 the use of such personal protective equipment.

1 (c) GUIDANCE.—Not later than 90 days after the  
2 date on which the Secretary completes the review under  
3 subsection (a), the Secretary shall issue guidance (based  
4 on the results of such review) on requirements to include  
5 under the agreements specified in such subsection, to en-  
6 sure the prevention and mitigation of spills of AFFF.  
7 Such guidance shall include, at a minimum, best practices  
8 and recommended requirements to ensure the following:

9 (1) The supervision by personnel trained in re-  
10 sponding to spills of AFFF of each material transfer  
11 or maintenance activity carried out pursuant to such  
12 an agreement that may result in such a spill.

13 (2) The use of containment berms and the cov-  
14 ering of storm drains and catch basins by personnel  
15 performing maintenance activities pursuant to such  
16 an agreement in the vicinity of such drains or ba-  
17 sins.

18 (3) The storage of materials for the cleanup  
19 and containment of AFFF in close proximity to fire  
20 suppression systems in buildings of the Department  
21 and the presence of such materials during any trans-  
22 fer or activity specified in paragraph (1).

23 (d) BRIEFING.—Not later than 30 days after the date  
24 on which the Secretary issues the guidance under sub-  
25 section (c), the Secretary shall provide to the congressional

1 defense committees a briefing that summarizes the results

4 **SEC. 331. INSPECTION OF PIPING AND SUPPORT INFRA-**  
5 **STRUCTURE AT RED HILL BULK FUEL STOR-**  
6 **AGE FACILITY, HAWAII.**

7 (a) FINDINGS.—Congress finds the following:

8 (1) The continued availability and use of the  
9 Red Hill Bulk Fuel Storage Facility in Honolulu,  
10 Hawai'i is a matter of national security. Persistent  
11 fuel availability in quantity, location, and secured  
12 siting is a key component in ensuring resilient  
13 logistical support for sustained forward operations in  
14 the Indo-Pacific region and the execution of the Na-  
15 tional Defense Strategy, including the objectives of  
16 maintaining a free and open Indo-Pacific.

17 (2) The Red Hill Bulk Fuel Facility is con-  
18 structed in basalt rock that overlays a key aquifer  
19 serving as one of the major ground water resources  
20 for the fresh water needs of the City of Honolulu,  
21 including key military installations and associated  
22 facilities. Past leaks from the tanks and other infra-  
23 structure of the Red Hill Bulk Fuel Storage Facil-  
24 ity, while not resulting in any appreciable effect to  
25 the aquifer, raise significant questions whether the

1 facility is being operated and maintained to the  
2 highest standard possible and whether the facility  
3 presents a material risk to the aquifer and to Hono-  
4 lulu water resources.

5 (3) Safety inspections of the Red Hill Bulk  
6 Fuel Storage Facility at 10-year intervals, as re-  
7 quired by the American Petroleum Institute 570  
8 standards, set the upper boundaries for inspections.

9 (b) SENSE OF CONGRESS.—In order to fully effec-  
10 tuate national security, assure the maximum safe utiliza-  
11 tion of the Red Hill Bulk Fuel Storage Facility, and fully  
12 address concerns as to potential impacts of the facility on  
13 public health, it is the sense of Congress that the Sec-  
14 retary of the Navy and the Defense Logistics Agency  
15 should—

16 (1) operate and maintain the Red Hill Bulk  
17 Fuel Storage Facility to the highest standard pos-  
18 sible; and

19 (2) require safety inspections to be conducted  
20 more frequently based on the corrosion rate of the  
21 piping and overall condition of the pipeline system  
22 and support equipment at the facility.

23 (c) INSPECTION REQUIREMENT.—

24 (1) INSPECTION REQUIRED.—The Secretary of  
25 the Navy shall direct the Naval Facilities Engineer-

1 ing Command to conduct an inspection of the pipe-  
2 line system, supporting infrastructure, and appur-  
3 tenances, including valves and any other corrosion  
4 prone equipment, at the Red Hill Bulk Fuel Storage  
5 Facility.

6 (2) INSPECTION AGENT; STANDARDS.—The in-  
7 spection required by this subsection shall be per-  
8 formed—

9 (A) by an independent American Petro-  
10 leum Institute certified inspector who will  
11 present findings of the inspection and options  
12 to the Secretary of the Navy for improving the  
13 integrity of the Red Hill Bulk Fuel Storage Fa-  
14 cility and its appurtenances; and

15 (B) in accordance with the Unified Facili-  
16 ties Criteria (UFC-3-460-03) and American Pe-  
17 troleum Institute 570 inspection standards.

18 (3) EXCEPTION.—The inspection required by  
19 this subsection excludes the fuel tanks at the Red  
20 Hill Bulk Fuel Storage Facility.

21 (d) LIFE-CYCLE SUSTAINMENT PLAN.—In conjunc-  
22 tion with the inspection required by subsection (c), the  
23 Naval Facilities Engineering Command shall prepare a  
24 life-cycle sustainment plan for the Red Hill Bulk Fuel  
25 Storage Facility, which shall consider the current condi-

1 tion and service life of the tanks, pipeline system, and sup-  
2 port equipment.

3 (e) SUBMISSION OF RESULTS AND PLAN.—Not later  
4 than one year after the date of the enactment of this Act,  
5 the Secretary of the Navy shall submit to the Committees  
6 on Armed Services of the Senate and the House of Rep-  
7 resentatives a report containing—

8 (1) the results of the inspection conducted  
9 under subsection (c);

10 (2) the life-cycle sustainment plan prepared  
11 under subsection (d); and

12 (3) options on improving the security and main-  
13 tenance of the Red Hill Bulk Fuel Storage Facility.

14 **SEC. 332. AMENDMENT TO BUDGETING OF DEPARTMENT**  
15 **OF DEFENSE RELATING TO EXTREME WEATH-**  
16 **ER.**

17 Section 328(a) of the National Defense Authorization  
18 Act for Fiscal Year 2020 (Public Law 116–92; 10 U.S.C.  
19 221 note) is amended—

20 (1) in paragraph (1), by striking “; and” and  
21 inserting a semicolon;

22 (2) in paragraph (2), by striking the period at  
23 the end and inserting “; and”; and

24 (3) by inserting after paragraph (2) the fol-  
25 lowing:

1           “(3) a calculation of the annual costs to the  
2 Department for assistance provided to—

3           “(A) the Federal Emergency Management  
4 Agency or Federal land management agencies—

5           “(i) pursuant to requests for such as-  
6 sistance; and

7           “(ii) approved under the National  
8 Interagency Fire Center; and

9           “(B) any State, Territory, or possession  
10 under title 10 or title 32, United States Code,  
11 regarding extreme weather.”.

12 **SEC. 333. SENSE OF CONGRESS REGARDING ELECTRIC OR**  
13 **ZERO-EMISSION VEHICLES FOR NON-COMBAT**  
14 **VEHICLE FLEET.**

15           It is the sense of Congress that any new non-tactical  
16 Federal vehicle purchased by the Department of Defense  
17 for use outside of combat should, to the greatest extent  
18 practicable, be an electric or zero-emission vehicle.

19 **SEC. 334. PILOT PROGRAM TO TEST NEW SOFTWARE TO**  
20 **TRACK EMISSIONS AT CERTAIN MILITARY IN-**  
21 **STALLATIONS.**

22           (a) IN GENERAL.—The Secretary of Defense may  
23 conduct a pilot program (to be known as the “Installations  
24 Emissions Tracking Program”) to evaluate the feasibility  
25 and effectiveness of software and emerging technologies

1 and methodologies to track real-time emissions from in-  
2 stallations and installation assets.

3 (b) GOALS.—The goals of the Installations Emissions  
4 Tracking Program are—

5 (1) to prove software and emerging tech-  
6 nologies, methodologies, and capabilities to effec-  
7 tively track emissions in real time; and

8 (2) to reduce energy costs and increase effi-  
9 ciencies.

10 (c) LOCATIONS.—If the Secretary conducts the In-  
11 stallations Emissions Tracking Program, the Secretary  
12 shall select, for purposes of the Program, four major mili-  
13 tary installations located in different geographical regions  
14 of the United States that the Secretary determines—

15 (1) are prone to producing higher emissions;

16 (2) are in regions that historically have poor air  
17 quality; and

18 (3) have historically higher than average utility  
19 costs.

20 **SEC. 335. DEPARTMENT OF DEFENSE PLAN TO MEET**  
21 **SCIENCE-BASED EMISSIONS TARGETS.**

22 (a) PLAN REQUIRED.—Not later than September 30,  
23 2022, the Secretary of Defense shall submit to Congress  
24 a plan to reduce the greenhouse gas emissions of the De-  
25 partment of Defense, including Department of Defense

1 functions that are performed by contractors, in line with  
2 science-based emissions targets.

3 (b) UPDATES.—The Secretary shall submit to Con-  
4 gress annual reports on the progress of the Department  
5 of Defense toward meeting the science-based emissions  
6 targets in the plan required by subsection (a).

7 (c) SCIENCE-BASED EMISSIONS TARGET.—In this  
8 section, the term “science-based emissions target” means  
9 a reduction in greenhouse gas emissions consistent with  
10 preventing an increase in global average temperature of  
11 greater than or equal to 1.5 degrees Celsius compared to  
12 pre-industrial levels.

13 **SEC. 336. REPORT ON CLEAN UP OF CONTAMINATED ARMY**  
14 **PROPERTY.**

15 (a) FINDINGS.—Congress makes the following find-  
16 ings:

17 (1) There are numerous properties that were  
18 under the jurisdiction of the Department of the  
19 Army, such as former Nike missile sites, but that  
20 have been transferred to units of local government.

21 (2) Many of these properties may remain pol-  
22 luted because of activity by the Department of De-  
23 fense.

24 (3) This pollution may inhibit the use of these  
25 properties for commercial or residential purposes.

1           (4) Knowledge and understanding of the im-  
2           pacts of contaminants from Department of Defense  
3           activities have developed and changed over time.

4           (5) The Department of Defense has an obliga-  
5           tion to facilitate the clean-up of such pollutants even  
6           after the sites have been transferred to local govern-  
7           ments.

8           (b) REPORT.—Not later than 180 days after the date  
9           of the enactment of this Act, the Secretary of the Army  
10          shall submit to the Committees on Armed Services of the  
11          Senate and House of Representatives a report that con-  
12          tains each of the following:

13           (1) A plan to facilitate the clean-up of each  
14           contaminated property that was under the jurisdic-  
15           tion of the Department of the Army and subse-  
16           quently transferred to a unit of local government.

17           (2) An identification of any site where the De-  
18           partment of the Army has previously conducted  
19           clean-up activities but due to contaminants not dis-  
20           covered until after transfer or newly identified con-  
21           taminants, additional clean-up may be necessary.

22           (3) An explanation of how any site identified  
23           under paragraph (2) is to be prioritized relative to  
24           other sites, such as active sites or sites set for trans-  
25           fer.

1           (4) A detailed plan to conduct preliminary as-  
2           sessments and site inspections for each site identi-  
3           fied under paragraph (2) by not later than five years  
4           after the date of the submittal of the report.

5 **SEC. 337. GRANTS FOR MAINTAINING OR IMPROVING MILI-**  
6 **TARY INSTALLATION RESILIENCE.**

7           Section 2391 of title 10, United States Code, is  
8 amended—

9           (1) in subsection (b)(5), by adding at the end  
10          the following new subparagraph:

11          “(D)(i) The Secretary of Defense may also make  
12 grants, conclude cooperative agreements, and supplement  
13 other Federal funds, in order to assist a State or local  
14 government in planning and implementing measures and  
15 projects that, as determined by the Secretary of Defense,  
16 will contribute to maintaining or improving military instal-  
17 lation resilience. Amounts appropriated or otherwise made  
18 available for assistance under this subparagraph shall re-  
19 main available until expended.

20          “(ii) In the case of funds provided under this sub-  
21 paragraph for projects involving the preservation, mainte-  
22 nance, or restoration of natural features for the purpose  
23 of maintaining or enhancing military installation resil-  
24 ience, such funds may be provided in a lump sum and in-  
25 clude an amount intended to cover the future costs of the

1 natural resource maintenance and improvement activities  
2 required for the preservation, maintenance, or restoration  
3 of such natural features, and may be placed by the recipi-  
4 ent in an interest-bearing or other investment account,  
5 and any interest or income shall be applied for the same  
6 purposes as the principal.”; and

7 (2) in subsection (e)(1), by striking “subsection  
8 (b)(1)(D)” inserting “paragraphs (1)(D) and (E)  
9 and (5)(D) of subsection (b) and subsection (d)”.

10 **SEC. 338. INCLUSION OF INFORMATION REGARDING CLI-**  
11 **MATE CHANGE IN REPORTS ON NATIONAL**  
12 **TECHNOLOGY AND INDUSTRIAL BASE.**

13 Section 2504(3)(B) of title 10, United States Code,  
14 is amended—

15 (1) by redesignating clauses (i) through (iii) as  
16 clauses (ii) through (iv), respectively; and

17 (2) by inserting before clause (ii), as so redesign-  
18 nated, the following new clause (i):

19 “(i) vulnerabilities related to the cur-  
20 rent and projected impacts of climate  
21 change and to cyberattacks or disrup-  
22 tions;”.

1 **SEC. 339. SENSE OF CONGRESS REGARDING REPORT OF**  
2 **THE INTERGOVERNMENTAL PANEL ON CLI-**  
3 **MATE CHANGE.**

4 (a) FINDINGS.—Congress makes the following find-  
5 ings:

6 (1) The Intergovernmental Panel on Climate  
7 Change has provided valuable scientific assessments  
8 on climate change since its creation in 1988.

9 (2) The first part of the Sixth Assessment Re-  
10 port, Climate Change 2021: The Physical Science  
11 Basis, was finalized on August 6, 2021.

12 (3) The report finds that the global average  
13 temperature is expected to reach or exceed 1.5 de-  
14 grees celsius above pre-industrial levels within the  
15 coming decades without immediate and large-scale  
16 efforts to reduce greenhouse gas emissions.

17 (4) This increase in global temperature will af-  
18 fect all regions of the world, impacting weather pat-  
19 terns, sea levels, ocean temperatures, biodiversity,  
20 and more.

21 (b) SENSE OF CONGRESS.—It is the sense of Con-  
22 gress that—

23 (1) the Department of Defense should take the  
24 most recent report of the Intergovernmental Panel  
25 on Climate Change into consideration when carrying  
26 out resiliency efforts and making energy and trans-

1 portation decisions for military bases and installa-  
2 tions; and

3 (2) the Department of Defense should consider  
4 adding the recommendations of the Sixth Assess-  
5 ment Report to the Unified Facilities Criteria where  
6 appropriate.

19 “(A) support the theory of defense ref-  
20 erenced in paragraph (6); and

21 “(B) raise a reasonable probability that  
22 the applicant did not commit the offense.

23 “(9) The applicant certifies that the applicant  
24 will provide a DNA sample for purposes of compari-  
25 son.

1           “(10) The petition is made in a timely fashion,  
2           subject to the following conditions:

3                   “(A) There shall be a rebuttable presump-  
4                   tion of timeliness if the petition is made within  
5                   five years of the enactment of the National De-  
6                   fense Authorization Act for Fiscal Year 2022 or  
7                   within three years after the date of the entry of  
8                   judgment under section 860c of this title (arti-  
9                   cle 60c), whichever comes later. Such presump-  
10                  tion may be rebutted upon a showing—

11                           “(i) that the applicant’s petition for a  
12                           DNA test is based solely upon information  
13                           used in a previously denied motion; or

14                           “(ii) of clear and convincing evidence  
15                           that the applicant’s filing is done solely to  
16                           cause delay or harass.

17                   “(B) There shall be a rebuttable presump-  
18                   tion against timeliness for any petition not sat-  
19                   isfying subparagraph (A) above. Such presump-  
20                   tion may be rebutted upon the Judge Advocate  
21                   General’s finding—

22                           “(i) that the applicant was or is in-  
23                           competent and such incompetence substan-  
24                           tially contributed to the delay in the appli-  
25                           cant’s motion for a DNA test;

1           “(ii) the evidence to be tested is newly  
2           discovered DNA evidence;

3           “(iii) that the applicant’s petition is  
4           not based solely upon the applicant’s own  
5           assertion of innocence and, after consid-  
6           ering all relevant facts and circumstances  
7           surrounding the petition, a denial would  
8           result in a manifest injustice; or

9           “(iv) upon good cause shown.

10          “(C) For purposes of this paragraph—

11           “(i) the term ‘incompetence’ has the  
12           meaning given that term in section 876b of  
13           this chapter (article 76b);

14           “(ii) the term ‘manifest’ means that  
15           which is unmistakable, clear, plain, or in-  
16           disputable and requires that the opposite  
17           conclusion be clearly evident.

18          “(b) APPEAL OF DENIAL.— The applicant may ap-  
19          peal the Judge Advocate General’s denial of the petition  
20          of DNA testing to the Court of Appeals for the Armed  
21          Forces.

22          “(c) EVIDENCE INVENTORY; PRESERVATION ORDER;  
23          APPOINTMENT OF COUNSEL.—

24           “(1) INVENTORY.—The Judge Advocate Gen-  
25          eral shall order the preparation of an inventory of

1 the evidence related to the case for which a petition  
2 is made under subsection (a), which shall be pro-  
3 vided to the applicant.

4 “(2) PRESERVATION ORDER.—To the extent  
5 necessary to carry out proceedings under this sec-  
6 tion, the Judge Advocate General shall direct the  
7 preservation of the specific evidence relating to a pe-  
8 tition under subsection (a).

9 “(3) APPOINTMENT OF COUNSEL.—The appli-  
10 cant shall be eligible for representation by appellate  
11 defense counsel under section 870 of this chapter  
12 (article 70).

13 “(d) TESTING COSTS.—The costs of any DNA test-  
14 ing ordered under this section shall be paid by the Govern-  
15 ment.

16 “(e) TIME LIMITATION IN CAPITAL CASES.—In any  
17 case in which the applicant is sentenced to death—

18 “(1) any DNA testing ordered under this sec-  
19 tion shall be completed not later than 60 days after  
20 the date on which the test is ordered by the Judge  
21 Advocate General; and

22 “(2) not later than 120 days after the date on  
23 which the DNA testing ordered under this section is  
24 completed, the Judge Advocate General shall order

2 (g), as appropriate.

3 “(f) DISCLOSURE OF TEST RESULTS.—Reporting of  
4 test results shall be simultaneously disclosed to the Gov-  
5 ernment and the applicant.

6 “(g) POST-TESTING PROCEDURES; INCONCLUSIVE  
7 AND INCULPATORY RESULTS.—

8 “(1) INCONCLUSIVE RESULTS.—If DNA test re-  
9 sults obtained under this section are inconclusive,  
10 the Judge Advocate General may order further test-  
11 ing, if appropriate, or may deny the applicant relief.

12 “(2) INCULPATORY RESULTS.—If DNA test re-  
13 sults obtained under this section show that the ap-  
14 plicant was the source of the DNA evidence, the  
15 Judge Advocate General shall—

16 “(A) deny the applicant relief; and

17 “(B) if the DNA test results relate to a  
18 State offense, forward the finding to any appro-  
19 priate State official.

20 “(h) POST-TESTING PROCEDURES; MOTION FOR  
21 NEW TRIAL OR RESENTENCING.—

22 “(1) IN GENERAL.—Notwithstanding any provi-  
23 sion of law that would bar a motion under this para-  
24 graph as untimely, if DNA test results obtained  
25 under this section exclude the applicant as the

1 source of the DNA evidence, the applicant may file  
2 a petition for a new trial or resentencing, as appro-  
3 priate.

4 “(2) STANDARD FOR GRANTING MOTION FOR  
5 NEW TRIAL OR RESENTENCING.—The applicant’s pe-  
6 tition for a new trial or resentencing, as appropriate,  
7 shall be granted if the DNA test results, when con-  
8 sidered with all other evidence in the case (regard-  
9 less of whether such evidence was introduced at  
10 trial), establish by compelling evidence that a new  
11 trial would result in the acquittal of the applicant.

12 “(i) RELATIONSHIP TO OTHER LAWS.—

13 “(1) POST-CONVICTION RELIEF.—Nothing in  
14 this section shall affect the circumstances under  
15 which a person may obtain DNA testing or post-con-  
16 viction relief under any other provision of law.

17 “(2) HABEAS CORPUS.—Nothing in this section  
18 shall provide a basis for relief in any Federal habeas

18          (a) IN GENERAL.—Subparagraphs (D) and (E) of

21          “(D)(i) Upon determining that an investigation of an  
22          allegation under paragraph (1) is warranted, the Inspector  
23          General making the determination shall expeditiously in-  
24          vestigate the allegation to determine whether the protected  
25          communication or activity under subsection (b) was a con-

1 tributing factor in the personnel action prohibited under  
2 subsection (b) that was taken or withheld (or threatened  
3 to be taken or withheld) against a member of the armed  
4 forces.

23 ticipated in an activity protected under subsection (b) that  
24 was a contributing factor in a personnel action described  
25 in such subsection, the Inspector General shall presume

1 such personnel action to be prohibited under such sub-

15 (1) The out-of-pocket cost to an officer or en-

17 **SEC. 577. JUSTICE FOR WOMEN VETERANS.**

18 (a) FINDINGS.—Congress finds the following:

19 (1) In June 1948, Congress enacted the Wom-  
20 en’s Armed Services Integration Act of 1948, which  
21 formally authorized the appointment and enlistment  
22 of women in the regular components of the Armed  
23 Forces.

24 (2) With the expansion of the Armed Forces to  
25 include women, the possibility arose for the first

1 time that members of the regular components of the  
2 Armed Forces could become pregnant.

3 (3) The response to such possibilities and actu-  
4 alities was Executive Order 10240, signed by Presi-  
5 dent Harry S. Truman in 1951, which granted the  
6 Armed Forces the authority to involuntarily separate  
7 or discharge a woman if she became pregnant, gave  
8 birth to a child, or became a parent by adoption or  
9 a stepparent.

10 (4) The Armed Forces responded to the Execu-  
11 tive order by systematically discharging any woman  
12 in the Armed Forces who became pregnant, regard-  
13 less of whether the pregnancy was planned, un-  
14 planned, or the result of sexual abuse.

15 (5) Although the Armed Forces were required  
16 to offer women who were involuntarily separated or  
17 discharged due to pregnancy the opportunity to re-  
18 quest retention in the military, many such women  
19 were not offered such opportunity.

20 (6) The Armed Forces did not provide required  
21 separation benefits, counseling, or assistance to the  
22 members of the Armed Forces who were separated  
23 or discharged due to pregnancy.

1           (7) Thousands of members of the Armed  
2 Forces were involuntarily separated or discharged  
3 from the Armed Forces as a result of pregnancy.

4           (8) There are reports that the practice of the  
5 Armed Forces to systematically separate or dis-  
6 charge pregnant members caused some such mem-  
7 bers to seek an unsafe or inaccessible abortion,  
8 which was not legal at the time, or to put their chil-  
9 dren up for adoption, and that, in some cases, some  
10 women died by suicide following their involuntary  
11 separation or discharge from the Armed Forces.

12           (9) Such involuntary separation or discharge  
13 from the Armed Forces on the basis of pregnancy  
14 was challenged in Federal district court by Steph-  
15 anie Crawford in 1975, whose legal argument stated  
16 that this practice violated her constitutional right to  
17 due process of law.

18           (10) The Court of Appeals for the Second Cir-  
19 cuit ruled in Stephanie Crawford's favor in 1976  
20 and found that Executive Order 10240 and any reg-  
21 ulations relating to the Armed Forces that made  
22 separation or discharge mandatory due to pregnancy  
23 were unconstitutional.

24           (11) By 1976, all regulations that permitted in-  
25 voluntary separation or discharge of a member of

1 the Armed Forces because of pregnancy or any form  
2 of parenthood were rescinded.

3 (12) Today, women comprise 17 percent of the  
4 Armed Forces, and many are parents, including 12  
5 percent of whom are single parents.

6 (13) While military parents face many hard-  
7 ships, today's Armed Forces provides various lengths  
8 of paid family leave for mothers and fathers. for  
9 both birth and adoption of children.

10 (b) SENSE OF CONGRESS.—

11 (1) SENSE OF CONGRESS.—It is the sense of  
12 Congress that women who served in the Armed  
13 Forces before February 23, 1976 should not have  
14 been involuntarily separated or discharged due to  
15 pregnancy or parenthood.

16 (2) EXPRESSION OF REMORSE.—Congress here-  
17 by expresses deep remorse for the women who patri-  
18 otically served in the Armed Forces, but were forced,  
19 by official United States policy, to endure unneces-  
20 sary and discriminatory actions, including the viola-  
21 tion of their constitutional right to due process of  
22 law, simply because they became pregnant or became  
23 a parent while a member of the Armed Forces.

1           (c) GAO STUDY OF WOMEN INVOLUNTARILY SEPA-  
2 RATED OR DISCHARGED DUE TO PREGNANCY OR PAR-  
3 ENTHOOD.—

4           (1) STUDY REQUIRED.—The Comptroller Gen-  
5 eral of the United States shall conduct a study re-  
6 garding women involuntarily separated or discharged  
7 from the Armed Forces due to pregnancy or parent-  
8 hood during the period of 1951 through 1976. The

17 **SEC. 747. SENSE OF CONGRESS ON NATIONAL WARRIOR**  
18 **CALL DAY.**

19 (a) FINDINGS.—Congress finds the following:

20 (1) Establishing an annual “National Warrior  
21 Call Day” will draw attention to those members of  
22 the Armed Forces whose connection to one another  
23 is key to our veterans and first responders who may  
24 be dangerously disconnected from family, friends,  
25 and support systems.

1           (2) The number of suicides of members of the  
2           Armed Forces serving on active duty increased to  
3           377 in 2020, a figure up from 348 the previous  
4           year.

5           (3) The epidemic of veteran suicide has steadily  
6           increased since 2014 with 6,435 veterans taking  
7           their own lives in 2018.

8           (4) After adjusting for sex and age, the rate of  
9           veteran suicide in 2018 was 27.5 per 100,000 indi-  
10          viduals, higher than the rate among all United  
11          States adults at 18.3.

12          (5) More veterans have died by suicide in the  
13          last 10 years than members of the Armed Forces  
14          who died from combat in Vietnam.

15          (6) Roughly two-thirds of these veterans who  
16          take their own lives have had no contact with the  
17          Department of Veterans Affairs.

18          (7) The COVID-19 pandemic has only in-  
19          creased isolation and disconnection, further exacer-  
20          bating mental and physical ailments such as post-  
21          traumatic stress disorder and traumatic brain in-  
22          jury.

23          (8) The Centers for Disease Control and Pre-  
24          vention note that law enforcement officers and fire-  
25          fighters are more likely to die by suicide than in the

1 line of duty, and emergency medical services pro-  
2 viders are 1.39 times more likely to die by suicide  
3 than members of the general public.

4 (9) Invisible wounds linked to an underlying  
5 and undiagnosed traumatic brain injury can mirror  
6 many mental health conditions, a problem that can  
7 be addressed through connections to members of the  
8 Armed Forces and veterans who can better identify  
9 and address these wounds.

10 (10) Urgent research is needed to highlight the  
11 connection between traumatic brain injury as a root  
12 cause of invisible wounds and suicide by members of  
13 the Armed Forces and veterans.

14 (b) SENSE OF CONGRESS.—It is the sense of Con-  
15 gress that Congress—

16 (1) supports the designation of a “National  
17 Warrior Call Day”;

18 (2) encourages all Americans, especially mem-  
19 bers of the Armed Forces serving on active duty and  
20 veterans, to call up a warrior, have an honest con-  
21 versation, and connect them with support, under-  
22 standing that making a warrior call could save a life;  
23 and

24 (3) implores all Americans to recommit them-  
25 selves to engaging with members of the Armed

1 Forces through “National Warrior Call Day” and  
2 constructive efforts that result in solutions and  
3 treatment for the invisible scars they carry.

4 **SEC. 748. MANDATORY TRAINING ON HEALTH EFFECTS OF**

12 **RECRUITS.**

16 among members of the Armed Forces assigned to initial  
17 training.

18 (b) PARTICIPATION.—

19 (1) MEMBERS.—The Secretary shall ensure  
20 that the number of members who participate in the  
21 pilot program under subsection (a) is sufficient to  
22 collect statistically significant data for each military  
23 department.

24 (2) SPECIAL RULE.—The Secretary may not  
25 disqualify a member from service in the Armed

1 Forces by reason of the member being diagnosed  
2 with sleep apnea pursuant to the pilot program  
3 under subsection (a).

4 **SEC. 750. SURVEY ON EFFECTS OF COVID-19 MANDATE ON**  
5 **MATTERS RELATING TO RECRUITMENT AND**

11 Secretary on August 24, 2021, has had on recruitment  
12 to and reenlistment in the Armed Forces.

13 (b) MATTERS.—The survey under subsection (a)  
14 shall include an assessment of the following:

15 (1) Whether the announcement of the COVID-  
16 19 vaccine mandate encouraged the reenlistment,  
17 discouraged the reenlistment, or had any effect on  
18 the reenlistment, of members of the Armed Forces.

19 (2) Whether the announcement of the COVID-  
20 19 vaccine mandate encouraged individuals to join  
21 the Armed Forces, discouraged individuals to join  
22 the Armed Forces, or had any other effect on re-  
23 cruitment efforts for the Armed Forces.

24 (c) PUBLICATION AND SUBMISSION TO CONGRESS.—

1           (1) IN GENERAL.—Not later than 240 days  
2 after the date of the enactment of this Act, the Sec-  
3 retary shall submit to Congress the results of the  
4 survey under subsection (a) and publish such results  
5 on an internet website of the Department of De-  
6 fense.

7           (2) PRIVACY CONSIDERATIONS.—In submitting  
8 and publishing the results of the survey under para-  
9 graph (1), the Secretary shall ensure that such re-  
10 sults do not include any personally identifiable infor-  
11 mation of Armed Forces recruits, members of the  
12 Armed Forces, or any other individual surveyed  
13 under this section.

18 fense Health Program, as specified in the corresponding  
19 funding table in section 4501, for R&D Research is hereby  
20 increased by \$5,000,000 for the purposes of pancreatic  
21 cancer research, of which \$5,000,000 is for the purposes  
22 of a pancreatic cancer early detection initiative (EDI).

23           (b) OFFSET.—Notwithstanding the amounts set forth  
24 in the funding tables in division D, the amount authorized  
25 to be appropriated in section 1405 for Defense Health

2 in section 4501, for Base Operations/Communications is  
3 hereby reduced by \$5,000,000.

13 grams for nursing home care and in-home care.

14 (b) MATTERS.—The report under subsection (a) shall  
15 include, with respect to any standard described in such

15 studies of the short-term, long-term, primary, and  
16 secondary health effects caused or sufficiently cor-  
17 related to exposure to chemicals and radioactive ma-  
18 terials from activities of the Department of Defense  
19 in the communities of concern, including any rec-  
20 ommendations. In carrying out such studies, the Na-  
21 tional Academies may incorporate the research gen-  
22 erated pursuant to funding opportunity number  
23 EPA–G2019–ORD–A1.

24 (2) ELEMENTS.—The epidemiological studies  
25 carried out under paragraph (1) and the rec-

1 ommendations developed under such paragraph shall

3 (A) A list of known contaminants and their  
4 locations that have been left by the Department  
5 of Defense in the communities of concern.

6 (B) For each contaminant under subpara-  
7 graph (A), an epidemiological study that—

8 (i) estimates the disease burden of  
9 current and past residents of Vieques,  
10 Puerto Rico, from such contaminants;

11 (ii) incorporates historical estimates of  
12 residents' groundwater exposure to con-  
13 taminants of concern that—

14 (I) predate the completion of the  
15 water-supply pipeline in 1978;

16 (II) include exposure to ground-  
17 water from Atlantic Weapons Fleet  
18 Weapons Training Area “Area of  
19 Concern E” and any other exposures  
20 that the National Academies deter-  
21 mine necessary;

22 (III) consider differences between  
23 the aquifers of Vieques; and

24 (IV) consider the differences be-  
25 tween public and private wells, and

1 possible exposures from commercial or  
2 agricultural uses; and

3 (iii) includes estimates of current resi-  
4 dents' exposure to chemicals and radiation  
5 which may affect the groundwater, food,  
6 air, or soil, that—

7 (I) include current residents'  
8 groundwater exposure in the event of  
9 the water-supply pipeline being tempo-  
10 rarily lost; and

11 (II) is based on the actual prac-  
12 tices of residents in Vieques during  
13 times of duress, for example the use  
14 of wells for fresh water following Hur-  
15 ricane Maria.

16 (C) An identification of Military Munitions  
17 Response Program sites that have not fully in-  
18 vestigated whether contaminants identified at  
19 other sites are present or the degree of con-  
20 tamination present.

21 (D) The production of separate, peer-re-  
22 viewed quality research into adverse health out-  
23 comes, including cancer, from exposure to  
24 drinking water contaminated with methyl tert-  
25 butyl ether (MTBE).

1 (E) Any other factors the National Acad-  
2 emies determine necessary.

9 sional committees a report on the findings of  
10 the National Academies under subsection (b);

14 (1) IN GENERAL.—The second section 118a of  
15 title 10, United States Code (relating to the quad-

18 (2) CLERICAL AMENDMENT.—The table of sec-

2 **SEC. 1098. OBSERVANCE OF NATIONAL ATOMIC VETERANS**

3 **DAY.**

4 (a) SENSE OF CONGRESS.—It is the Sense of Con-  
5 gress that—

6 (1) the United States should annually observe  
7 Atomic Veterans Day to recognize American military  
8 service members who participated in nuclear tests  
9 between 1945 and 1962, served with United States  
10 military forces in or around Hiroshima and Naga-  
11 saki through mid-1946, or were held as prisoners of  
12 war in or near Hiroshima or Nagasaki;

13 (2) the people of the United States should rec-  
14 ognize and remember the contributions of America’s  
15 Atomic Veterans for their sacrifice and dedication to  
16 our Nation’s security, and recommit themselves to  
17 supporting our Atomic Veterans and educating  
18 themselves on the role these patriots played in our  
19 national story; and

20 (3) President Reagan and President Biden took  
21 important steps to recognize Atomic Veterans by  
22 proclaiming July 16, 1983, and July 16, 2021, re-  
23 spectively, as National Atomic Veterans Day, reflec-  
24 tive of the fact that July 16 is the anniversary of

1 Trinity, the world’s first detonation of a nuclear de-  
2 vice in Alamogordo, New Mexico on July 16, 1945.

3 (b) NATIONAL ATOMIC VETERANS DAY.—Chapter 1

17 **SEC. 1099. ANOMALOUS HEALTH INCIDENTS INTERAGENCY**  
18 **COORDINATOR.**

19 (a) FINDINGS.—Congress finds the following:

20 (1) Since at least 2016, United States Govern-  
21 ment personnel and their family members have re-  
22 ported anomalous health incidents at diplomatic mis-  
23 sions across the world and in the United States,  
24 which are sometimes referred to as “Havana Syn-  
25 drome”.

1           (2) Some of the anomalous health incidents  
2           have resulted in unexplained brain injuries, which  
3           have had permanent, life-altering effects that have  
4           disrupted lives and ended careers.

5           (3) A panel of experts convened by the Bureau  
6           of Medical Services of the Department of State in  
7           July 2017 to review triage assessments of medically  
8           evaluated personnel from the United States Em-  
9           bassy in Havana came to a consensus that the find-  
10          ings were most likely related to neurotrauma from a  
11          nonnatural source.

12          (4) A 2020 report by the National Academy of  
13          Sciences found that “many of the distinctive and  
14          acute signs, symptoms, and observations reported by  
15          [affected] employees are consistent with the effects  
16          of directed, pulsed radio frequency (RF) energy”  
17          and that “directed pulsed RF energy [...] appears to  
18          be the most plausible mechanism in explaining these  
19          cases”.

20          (5) According to the National Academy of  
21          Sciences report, “such a scenario raises grave con-  
22          cerns about a world with disinhibited malevolent ac-  
23          tors and new tools for causing harm to others”.

24          (6) The number and locations of these sus-  
25          pected attacks have expanded and, according to

1 press reporting, there have been more than 130 pos-  
2 sible cases that have been reported by United States  
3 personnel in Asia, in Europe, and in the Western  
4 Hemisphere, including within the United States.

5 (7) The continuing and expanding scope of  
6 these suspected attacks is impacting the security  
7 and morale of United States personnel, especially  
8 those posted overseas.

9 (8) The Convention on the Prevention and Pun-  
10 ishment of Crimes against Internationally Protected  
11 Persons (including diplomatic agents) to which 180  
12 countries are a party, protects diplomatic personnel  
13 from attacks on their persons, accommodations, or  
14 means of transport, and requires all state parties to  
15 punish and take measures to prevent such grave  
16 crimes.

17 (b) SENSE OF CONGRESS.—It is the sense of Con-  
18 gress that—

19 (1) the threat to United States Government  
20 personnel from suspected attacks presenting as  
21 anomalous health incidents is a matter of urgent  
22 concern and deserving of the full attention of gov-  
23 ernment;

24 (2) personnel, dependents, and other appro-  
25 priate individuals suffering anomalous health inci-

1       dents from these suspected attacks deserve equi-  
2       table, accessible, and high-quality medical assess-  
3       ment and care, regardless of their employing Gov-  
4       ernment agency;

5           (3) diagnoses and determinations to treat per-  
6       sonnel, dependents, and other appropriate individ-  
7       uals experiencing symptoms consistent with such in-  
8       juries should be made by experienced medical profes-  
9       sionals and made available by the Federal Govern-  
10      ment;

11          (4) any recriminations, retaliation, or punish-  
12      ment associated with personnel self-reporting symp-  
13      toms is unacceptable and should be investigated by  
14      internal agency oversight mechanisms;

15          (5) information sharing and interagency coordi-  
16      nation is essential for the comprehensive investiga-  
17      tion, attribution, and mitigation of these injuries;

18          (6) the Administration should provide Congress  
19      and the public with timely and regular unclassified  
20      updates on the threat posed to United States Gov-  
21      ernment personnel by the suspected causes of these  
22      injuries;

23          (7) recent efforts by the Administration and  
24      among relevant agencies represent positive steps to-  
25      ward responding to the threat of anomalous health

1 incidents, but more comprehensive measures must be  
2 taken to further assist victims, investigate and de-  
3 termine the cause of the injuries of such victims,  
4 and prevent future incidents;

5 (8) establishing the source and cause of these  
6 anomalous health incidents must be a top priority  
7 for the United States Government and requires the  
8 full coordination of relevant agencies;

9 (9) if investigations determine that the anoma-  
10 lous health incidents are the result of deliberate acts  
11 by individuals, entities, or foreign countries, the  
12 United States Government should recognize and re-  
13 spond to these incidents as hostile attacks; and

14 (10) any actors found to have been targeting  
15 United States Government personnel should be pub-  
16 licly identified, as appropriate, and held accountable.

17 (c) STATEMENT OF POLICY.—It is the policy of the  
18 United States—

19 (1) to detect, deter, and punish any clandestine  
20 attacks that cause persistent injuries to United  
21 States personnel;

22 (2) to provide appropriate assistance to United  
23 States personnel harmed by such attacks;

24 (3) to hold responsible any persons, entities, or  
25 governments involved in ordering or carrying out

1 such attacks, including through appropriate sanc-  
2 tions, criminal prosecutions, or other tools;

3 (4) to prioritize research into effective counter-  
4 measures to help protect United States personnel  
5 from such attacks; and

6 (5) to convey to foreign governments through  
7 official contact at the highest levels the gravity of  
8 United States concern about such suspected attacks  
9 and the seriousness of consequences that may follow  
10 for any actors found to be involved.

6 ment and care for affected personnel, depend-  
7 ents, and other appropriate individuals;

8 (C) to ensure adequate training and edu-  
9 cation for United States Government personnel;

10 (D) to ensure that information regarding  
11 anomalous health incidents is efficiently shared  
12 across relevant agencies in a manner that pro-  
13 vides appropriate protections for classified, sen-  
14 sitive, and personal information;

15 (E) to coordinate through the White House  
16 Office of Science and Technology Policy, and  
17 across the science and technology enterprise of  
18 the Government, the technological and research  
19 efforts of the Government to address suspected  
20 attacks presenting as anomalous health inci-  
21 dents; and

22 (F) to develop policy options to prevent,  
23 mitigate, and deter suspected attacks pre-  
24 senting as anomalous health incidents.

4           later than 90 days after the date of the enactment  
5           of this section, the Interagency Coordinator shall—

6                   (A) ensure that each relevant agency devel-  
7                   ops a process to provide a secure mechanism  
8                   for personnel, their dependents, and other ap-

10                  pected exposure that could be an anomalous  
11                  health incident;

12                  (B) ensure that each relevant agency  
13                  shares all relevant data in a timely manner with

15 **SEC. 1261. STATEMENT OF CONGRESS REGARDING ONGO-**  
16 **ING ABUSES AGAINST UYGHURS.**

17           (a) FINDINGS.—Congress finds the following:

18           (1) On December 9, 1948, the United Nations  
19 General Assembly unanimously adopted the Conven-  
20 tion on the Prevention and Punishment of the Crime  
21 of Genocide (the Genocide Convention) signifying a  
22 commitment in response to the Holocaust and other  
23 crimes against humanity committed in the first half  
24 of the twentieth century.

1           (2) The Genocide Convention entered into force  
2           on January 12, 1951, and declares that all state  
3           parties “confirm that genocide, whether committed  
4           in time of peace or in time of war, is a crime under  
5           international law which they undertake to prevent  
6           and to punish”.

7           (3) The Genocide Convention defines genocide  
8           as “any of the following acts committed with intent  
9           to destroy, in whole or in part, a national, ethnical,  
10          racial or religious group, as such: (a) Killing mem-  
11          bers of the group; (b) Causing serious bodily or  
12          mental harm to members of the group; (c) Delib-  
13          erately inflicting on the group conditions of life cal-  
14          culated to bring about its physical destruction in  
15          whole or in part; (d) Imposing measures intended to  
16          prevent births within the group; (e) Forcibly trans-  
17          ferring children of the group to another group”.

18          (4) The United States ratified the Genocide  
19          Convention with the understanding that the commis-  
20          sion of genocide requires “the specific intent to de-  
21          stroy, in whole or in substantial part, a [protected]  
22          group as such”.

23          (5) The People’s Republic of China (PRC) is a  
24          state party to the Genocide Convention.

1           (6) Since 2017, the PRC Government, under  
2           the direction and control of the Chinese Communist  
3           Party (CCP), has detained and sought to indoctri-  
4           nate more than one million Uyghurs and members  
5           of other ethnic and religious minority groups.

6           (7) Recent data indicate a significant drop in  
7           birth rates among Uyghurs due to enforced steriliza-  
8           tion, enforced abortion, and more onerous birth  
9           quotas for Uyghurs compared to Han.

10          (8) There are credible reports of PRC Govern-  
11          ment campaigns to promote marriages between  
12          Uyghurs and Han and to reduce birth rates among  
13          Uyghurs and other Turkic Muslims.

14          (9) Many Uyghurs reportedly have been as-  
15          signed to factory employment under conditions that  
16          indicate forced labor, and some former detainees  
17          have reported food deprivation, beatings, suppression  
18          of religious practices, family separation, and sexual  
19          abuse.

20          (10) This is indicative of a systematic effort to  
21          eradicate the ethnic and cultural identity and reli-  
22          gious beliefs, and prevent the births of, Uyghurs,  
23          ethnic Kazakhs and Kyrgyz, and members of reli-  
24          gious minority groups.

1           (11) The birth rate in the Xinjiang region fell  
2           by 24 percent in 2019 compared to a 4.2 percent de-  
3           cline nationwide.

4           (12) On January 19, 2021, the Department of  
5           State determined the PRC Government, under the  
6           direction and control of the CCP, has committed  
7           crimes against humanity and genocide against  
8           Uyghurs and other ethnic and religious minority  
9           groups in Xinjiang.

10          (13) Secretary of State Antony Blinken and  
11          Former Secretary of State Michael Pompeo have  
12          both stated that what has taken place in Xinjiang is  
13          genocide and constitutes crimes against humanity.

14          (14) Article VIII of the Genocide Convention  
15          provides, “Any Contracting Party may call upon the  
16          competent organs of the United Nations to take  
17          such action under the Charter of the United Nations  
18          as they consider appropriate for the prevention and  
19          suppression of acts of genocide”.

20          (15) The International Court of Justice has  
21          stated that it is the obligation of all state parties to  
22          the Genocide Convention to “employ all means rea-  
23          sonably available to them, so as to prevent genocide  
24          so far as possible”.

1           (16) The United States is a Permanent Mem-  
2           ber of the United Nations Security Council.

3           (b) STATEMENT OF CONGRESS.—Congress—

4           (1) finds that the ongoing abuses against  
5           Uyghurs and members of other ethnic and religious  
6           minority groups constitute genocide as defined in the  
7           Genocide Convention and crimes against humanity  
8           as understood under customary international law;

9           (2) attributes these atrocity crimes against  
10          Uyghurs and members of other ethnic and religious  
11          minority groups to the People’s Republic of China,  
12          under the direction and control of the Chinese Com-  
13          munist Party;

14          (3) condemns this genocide and these crimes  
15          against humanity in the strongest terms; and

16          (4) calls upon the President to direct the  
17          United States Permanent Representative to the  
18          United Nations to use the voice, vote, and influence  
19          of the United States to—

20                  (A) refer the People’s Republic of China’s  
21                  genocide and crimes against humanity against  
22                  Uyghurs and members of other ethnic and reli-  
23                  gious minority groups to the competent organs  
24                  of the United Nations for investigation;

1 (B) seize the United Nations Security  
2 Council of the circumstances of this genocide  
3 and crimes against humanity and lead efforts to  
4 invoke multilateral sanctions in response to  
5 these ongoing atrocities; and

6 (C) take all possible actions to bring this  
7 genocide and these crimes against humanity to  
8 an end and hold the perpetrators of these atroc-  
9 ities accountable under international law.

3 **SEC. 1302. SENSE OF CONGRESS ON UNITED STATES DE-**  
4 **FENSE POSTURE IN EUROPE.**

5           It is the sense of Congress as follows:

6           (1) The United States is steadfastly committed  
7           to upholding and strengthening its defense alliances  
8           and partnerships in the European theater. The  
9           North Atlantic Treaty Organization (NATO) alli-  
10          ance is the bedrock of these relationships, which are  
11          central to deterring Russian aggression, upholding  
12          territorial integrity and sovereignty in Europe, coun-  
13          tering malign efforts to undermine the rules-based  
14          international order and disrupt shared values, fos-  
15          tering international cooperation against collective  
16          challenges, and advancing shared national security  
17          objectives worldwide.

18          (2) United States allies in Europe have made  
19          substantial strides on responsibility-sharing and de-  
20          fense investment since the Wales Declaration in  
21          2014 and should be commended for their ongoing ef-  
22          forts to increase complementary investments in  
23          NATO deterrence capacity. These efforts have pro-  
24          vided an accumulated increase of more than  
25          \$130,000,000,000 in foreign investments between

1 2016 and 2020 to strengthen trans-Atlantic secu-  
2 rity, and it is essential that the United States con-  
3 tinue to press NATO allies to achieve their Wales  
4 Summit pledges and continue to make progress on  
5 greater complementary defense investments.

6 (3) The behavior of the Russian Government  
7 has not improved and has, in many aspects, become  
8 increasingly belligerent since the invasion of Ukraine  
9 in 2014, with respect to—

10 (A) military efforts to disrupt the terri-  
11 torial integrity of sovereign countries in Eu-  
12 rope;

13 (B) threats against the United States,  
14 NATO, and other United States partners;

15 (C) intervention in allied democratic proc-  
16 esses;

17 (D) efforts to disrupt United States alli-  
18 ances, partnerships, and values;

19 (E) acts such as assassination and the use  
20 of chemical weapons on the territory of other  
21 sovereign countries; and

22 (F) other high-risk, disruptive efforts.

23 (4) Continued commitment to enhancing the  
24 United States and allied force posture in Europe is  
25 indispensable for efforts to establish and sustain a

1 credible deterrent against Russian aggression and  
2 long-term strategic competition by the Russian gov-  
3 ernment. The Secretary of Defense must continue  
4 to—

5 (A) support the European Deterrence Ini-  
6 tiative and other investments in a strengthened  
7 United States and allied force posture in Eu-  
8 rope;

9 (B) support rotational deployments and ro-  
10 bust exercises in the European theater;

11 (C) complete efforts to establish  
12 prepositioned stocks and effective staging infra-  
13 structure to maintain credible deterrence  
14 against Russian threats;

15 (D) invest effectively in multi-service,  
16 cyber, information, and air defense efforts to  
17 counter modern military challenges, enhance  
18 the survivability and flexibility of the United  
19 States force posture, logistics, and planning;  
20 and

21 (E) consider whether additional forward-  
22 positioned forces in Europe would reduce cost  
23 and strain, enhance credibility, and strengthen  
24 capabilities.

1 **SEC. 1303. SENSE OF CONGRESS ON SECURITY ASSISTANCE**  
2 **TO THE BALTIC COUNTRIES.**

3 (a) FINDINGS.—Congress finds the following:

4 (1) The United States has cumulatively allo-  
5 cated over \$498,965,000 in Department of Defense  
6 partner capacity funding for the Baltic countries  
7 since fiscal year 2018, including over \$219,000,000

9 Security Initiative”, executed using sections 332 and  
10 333 of title 10, United States Code, including assist-  
11 ance with respect to air defense, maritime situa-  
12 tional awareness, ammunition, C4ISR, anti-tank ca-  
13 pability, special forces, and other defense capabili-  
14 ties.

15 (2) The Secretary of Defense has completed the  
16 comprehensive Baltic Defense Assessment required  
17 by section 1246 of the National Defense Authoriza-

20 security efforts in accordance with that assessment,  
21 with assistance executed using such sections 332  
22 and 333.

23 (3) The Secretary of Defense has assessed that  
24 the authority granted by such sections 332 and 333  
25 affords the most efficient and effective authority to  
26 provide this assistance to the Baltic countries, and

1 that attempting to provide the assistance pursuant  
2 to alternate authorities would hamper the Depart-  
3 ment's ability to deliver assistance and implement  
4 the investment program established by the Baltic  
5 Defense Assessment.

6 (b) SENSE OF CONGRESS.—Congress strongly sup-  
7 ports the robust assistance to accomplish United States  
8 strategic objectives in accordance with sections 332 and  
9 333 of title 10, United States Code, including by providing  
10 assistance to the Baltic countries using those sections,  
11 funded by the Baltic Security Initiative. It is the sense  
12 of Congress that the security of the Baltic region is crucial  
13 to the security of the NATO alliance and these efforts are  
14 critical to ensure continued deterrence against Russian ag-  
15 gression and bolster allied security.

4 (1) Foreign Area Officers of the Army and  
5 their equivalent positions in the other Armed Forces  
6 (in this section referred to as “FAOs”) are trained  
7 to manage, grow, and enhance security cooperation  
8 relationships between the United States and foreign  
9 partners and to build the overall military capacity

13 cers lacking the necessary skills, training, and expe-  
14 rience to strengthen the relationships between the  
15 United States and its critical partners and allies.

16 (3) FAOs are trained to fill those positions, and  
17 deficiencies in the equitable use, assessment, pro-  
18 motion, diversity and inclusion of such officers, as  
19 well as limitations on career opportunities, under-  
20 mine the ability of the Department of Defense to  
21 strengthen partnerships and alliances of the United  
22 States.

23 (4) A federally funded research and develop-  
24 ment center can provide a roadmap to correcting  
25 these deficiencies, strengthening the FAO branch,  
26 and placing qualified FAOs in positions of positive

1 influence over United States partnerships and alli-  
2 ances.

12 “FAOs”) are recruited, selected, trained, assigned,  
13 organized, promoted, retained, and used in security  
14 cooperation offices, senior defense roles in U.S. em-

17 fense official and security cooperation roles and  
18 assessment to determine whether requirements  
19 are being met through the staffing process.

20 (J) An assessment of how the broader uti-  
21 lization of FAOs in key security cooperation  
22 and embassy defense leadership billets would  
23 improve the quality and professionalism of the  
24 security cooperation workforce under section  
25 384 of title 10, United States Code.

1           (K) A review of how many FAO opportuni-  
2           ties are joint-qualifying and an assessment of

14 **SEC. 1326. REPORT ON AZERBAIJAN.**

15 (a) SENSE OF CONGRESS ON AZERBAIJAN’S ILLEGAL  
16 DETENTION OF ARMENIAN PRISONERS OF WAR.—

17 (1) FINDINGS.—Congress makes the following  
18 findings:

19 (A) On September 27, 2020, Azerbaijan,  
20 with support from Turkey and foreign militia  
21 groups, launched a military assault on  
22 Nagorno-Karabakh, also known as Artsakh, re-  
23 sulting in the deaths of thousands and dis-  
24 placing tens of thousands of ethnic Armenian  
25 residents.

1           (B) On November 9, 2020, Azerbaijan, Ar-  
2           menia, and Russia signed a tripartite statement  
3           to end the conflict.

4           (C) In signing the November 9 statement,  
5           all parties agreed that the “exchange of pris-  
6           oners of war, hostages and other detainees as  
7           well as the remains of the fatalities shall be car-  
8           ried out.”.

9           (D) The Third Geneva Convention, of  
10          which Azerbaijan is a signatory, and customary  
11          international law require the release of pris-  
12          oners of war and captured civilians upon the  
13          cessation of hostilities and require that all de-  
14          tainees be treated humanely.

15          (E) Despite Azerbaijan’s obligations under  
16          the Geneva Conventions and their commitments  
17          in signing the November 9 statement, long after  
18          the end of the conflict, the Government of Azer-  
19          baijan continues to detain an estimated 200 Ar-  
20          menian prisoners of war, hostages, and detained  
21          persons, misrepresenting their status in an at-  
22          tempt to justify their continued captivity.

23          (F) Human Rights Watch reported in De-  
24          cember 2020, that Azerbaijani military forces  
25          had mistreated ethnic Armenian prisoners of

1 war and subjected them to “physical abuse and  
2 humiliation”.

3 (G) Columbia University’s Institute for the  
4 Study of Human Rights issued a report on the  
5 conflict that “document[s] crimes against hu-  
6 manity and other atrocities committed by Azer-  
7 baijani armed forces and Turkish-backed  
8 Islamist fighters against Armenians”, including  
9 beheadings, summary executions, and the dese-  
10 cration of human remains.

11 (H) There is limited reliable information  
12 about the condition or treatment of prisoners of  
13 war and captured civilians, and there is signifi-  
14 cant concern that female detainees in particular  
15 could be subject to sexual assaults and other  
16 mistreatment.

17 (I) The continued detainment of prisoners  
18 of war and captured civilians by Azerbaijan  
19 calls into serious question their commitment to  
20 human rights and negotiating an equitable,  
21 lasting peace settlement.

22 (J) Armenia has fulfilled its obligations  
23 under the November 9 statement and inter-  
24 national law by returning Azerbaijani prisoners  
25 of war.

1           (K) The United States is a co-chair, along  
2 with France and Russia, of the Organization  
3 for Security and Co-operation in Europe Minsk  
4 Group, which was created to seek a durable and  
5 peaceful solution to the Nagorno-Karabakh con-  
6 flict.

7           (2) SENSE OF CONGRESS.—It is the sense of  
8 Congress that—

9           (A) Azerbaijan must immediately and un-  
10 conditionally return all Armenian prisoners of  
11 war and captured civilians; and

12           (B) the Biden Administration should en-  
13 gage at all levels with Azerbaijani authorities,  
14 including through the Organization for Security  
15 and Co-operation in Europe Minsk Group proc-  
16 ess, to make clear the importance of adhering  
17 to their obligations, under the November 9  
18 statement and international law, to immediately  
19 release all prisoners of war and captured civil-  
20 ians.

21           (b) REPORT.—Not later than 180 days after the date  
22 of the enactment of this Act, the Secretary of Defense,  
23 in consultation with the Secretary of State, shall submit  
24 to the relevant congressional committees a report on the  
25 following:

1           (1) United States-origin parts and technology  
2           discovered in Turkish Bayraktar unmanned aerial  
3           vehicles deployed by Azerbaijan against Nagorno

9   **SEC. 1330. TRANSNATIONAL REPRESSION ACCOUNTABILITY**  
10                                   **AND PREVENTION.**

11           (a) FINDINGS.—Congress makes the following find-  
12           ings:

13           (1) The International Criminal Police Organiza-  
14           tion (INTERPOL) works to prevent and fight crime  
15           through enhanced cooperation and innovation on po-  
16           lice and security matters, including kleptocracy,  
17           counterterrorism, cybercrime, counternarcotics, and  
18           transnational organized crime.

19           (2) United States membership and participation  
20           in INTERPOL advances the national security and  
21           law enforcement interests of the United States re-  
22           lated to combating kleptocracy, terrorism,  
23           cybercrime, narcotics, and transnational organized  
24           crime.

1           (3) Article 2 of INTERPOL’s Constitution  
2 states that the organization aims “[to] ensure and  
3 promote the widest possible mutual assistance be-  
4 tween all criminal police authorities . . . in the spir-  
5 it of the ‘Universal Declaration of Human Rights’”.

6           (4) Article 3 of INTERPOL’s Constitution  
7 states that “[i]t is strictly forbidden for the Organi-  
8 zation to undertake any intervention or activities of  
9 a political, military, religious or racial character”.

10           (5) These principles provide INTERPOL with a  
11 foundation based on respect for human rights and  
12 avoidance of politically motivated actions by the or-  
13 ganization and its members.

14           (6) According to the Justice Manual of the  
15 United States Department of Justice, “[i]n the  
16 United States, national law prohibits the arrest of  
17 the subject of a Red Notice issued by another  
18 INTERPOL member country, based upon the notice  
19 alone”.

20           (b) SENSE OF CONGRESS.—It is the sense of Con-  
21 gress that some INTERPOL member countries have re-  
22 peatedly misused INTERPOL’s databases and processes,  
23 including Notice and Diffusion mechanisms, for activities  
24 of an overtly political or other unlawful character and in  
25 violation of international human rights standards, includ-

1 ing making requests to harass or persecute political oppo-

11 with its Constitution, particularly articles 2 and 3,  
12 and Rules on the Processing of Data, including—

13 (A) supporting INTERPOL’s reforms en-  
14 hancing the screening process for Notices, Dif-  
15 fusions, and other INTERPOL communications  
16 to ensure they comply with INTERPOL’s Con-  
17 stitution and Rules on the Processing of Data  
18 (RPD);

19 (B) supporting and strengthening  
20 INTERPOL’s coordination with the Commis-  
21 sion for Control of INTERPOL’s Files (CCF)  
22 in cases in which INTERPOL or the CCF has  
23 determined that a member country issued a No-  
24 tice, Diffusion, or other INTERPOL commu-  
25 nication against an individual in violation of ar-

1           titles 2 or 3 of the INTERPOL Constitution,  
2           or the RPD, to prohibit such member country  
3           from seeking the publication or issuance of any  
4           subsequent Notices, Diffusions, or other  
5           INTERPOL communication against the same  
6           individual based on the same set of claims or  
7           facts;

8           (C) increasing, to the extent practicable,  
9           dedicated funding to the CCF and the Notices  
10          and Diffusions Task Force in order to further  
11          expand operations related to the review of re-  
12          quests for red notices and red diffusions;

13          (D) supporting candidates for positions  
14          within INTERPOL's structures, including the  
15          Presidency, Executive Committee, General Sec-  
16          retariat, and CCF who have demonstrated expe-  
17          rience relating to and respect for the rule of  
18          law;

19          (E) seeking to require INTERPOL in its  
20          annual report to provide a detailed account,  
21          disaggregated by member country or entity of—

22                  (i) the number of Notice requests,  
23                  disaggregated by color, that it received;

24                  (ii) the number of Notice requests,  
25                  disaggregated by color, that it rejected;

1 (iii) the category of violation identified  
2 in each instance of a rejected Notice;

3 (iv) the number of Diffusions that it  
4 cancelled without reference to decisions by  
5 the CCF; and

6 (v) the sources of all INTERPOL in-  
7 come during the reporting period; and

17 each such complaint;

18 (2) inform the INTERPOL General Secretariat  
19 about incidents in which member countries abuse  
20 INTERPOL communications for politically moti-  
21 vated or other unlawful purposes so that, as appro-  
22 priate, action can be taken by INTERPOL; and

23 (3) request to censure member countries that  
24 repeatedly abuse and misuse INTERPOL's red no-  
25 tice and red diffusion mechanisms, including re-

1 stricting the access of those countries to  
2 INTERPOL's data and information systems.

5 **Act of 2021**

6 **SEC. 1371. SHORT TITLE.**

7 This subtitle may be cited as the “Central American  
8 Women and Children Protection Act of 2021”.

9 **SEC. 1372. FINDINGS.**

10 Congress finds the following:

11 (1) The Northern Triangle countries of El Sal-  
12 vador, Guatemala, and Honduras have among the  
13 highest homicide rates in the world. In 2020, there  
14 were—

15 (A) 19.7 homicides per 100,000 people in  
16 El Salvador;

17 (B) 15.4 homicides per 100,000 people in  
18 Guatemala; and

19 (C) 37.6 homicides per 100,000 people in  
20 Honduras.

21 (2) El Salvador, Guatemala, and Honduras are  
22 characterized by a high prevalence of drug- and  
23 gang-related violence, murder, and crimes involving  
24 sexual- and gender-based violence against women

1 and children, including domestic violence, child  
2 abuse, and sexual assault.

3 (3) In 2019, El Salvador, Guatemala, and Hon-  
4 duras were all listed among the 7 countries in the  
5 Latin America and Caribbean region with the high-  
6 est rates of femicides (the intentional killing of  
7 women or girls because of their gender). In 2019—

8 (A) 113 women in El Salvador were vic-  
9 tims of femicide;

10 (B) 160 women in Guatemala were victims  
11 of femicide; and

12 (C) 299 women in Honduras were victims  
13 of femicide or violent homicide.

14 (4) In 2015, El Salvador and Honduras were  
15 among the top 3 countries in the world with the  
16 highest child homicides rates, with more than 22  
17 and 32 deaths per 100,000 children, respectively, ac-  
18 cording to the nongovernmental organization Save  
19 the Children.

20 (5) Thousands of women, children, and families  
21 from El Salvador, Guatemala, and Honduras fled  
22 unsafe homes and communities in 2019.

23 (6) Violent crimes against women and children  
24 are generally assumed to be substantially under-re-

1 reported because the majority of victims lack safe ac-  
2 cess to protection and justice.

3 (7) Impunity for perpetrators of violence  
4 against women is rampant in El Salvador, Guate-  
5 mala, and Honduras. There was a 5 percent convic-  
6 tion rate for violence against women in El Salvador  
7 in 2016 and 2017. The impunity level for violence  
8 against women in Guatemala was 97.05 percent in  
9 2018. In 2018, there was an impunity rate of 95  
10 percent for violence against women in Honduras.

11 (8) According to a study conducted by the  
12 Woodrow Wilson International Center for Schol-  
13 ars—

14 (A) childhood experiences with domestic vi-  
15 olence in Latin America are a major risk factor  
16 for future criminal behavior; and

17 (B) 56 percent of incarcerated women and  
18 59 percent of incarcerated men surveyed experi-  
19 enced intra-familial violence during childhood.

11 tor is subject to existing regulatory require-  
12 ments to report cybersecurity incidents, and the  
13 possibility of coordination and sharing of re-  
14 ports between the Office and the regulatory au-  
15 thority to which such entity submits such other  
16 reports.

17 “(3) OUTREACH TO COVERED ENTITIES.—

18 “(A) IN GENERAL.—The Director shall  
19 conduct an outreach and education campaign to  
20 inform covered entities of the requirements of  
21 this section.

22 “(B) ELEMENTS.—The outreach and edu-  
23 cation campaign under subparagraph (A) shall  
24 include the following:

1 “(i) Overview of the interim final rule  
2 and final rule issued pursuant to this sec-  
3 tion.

4 “(ii) Overview of reporting require-  
5 ments and procedures issued pursuant to  
6 paragraph (1).

7 “(iii) Overview of mechanisms to sub-  
8 mit to the Office covered cybersecurity in-  
9 cident reports and information relating to  
10 the disclosure, retention, and use of inci-  
11 dent reports under this section.

12 “(iv) Overview of the protections af-  
13 farded to covered entities for complying  
14 with requirements under subsection (f).

15 “(v) Overview of the steps taken  
16 under subsection (g) when a covered entity  
17 is not in compliance with the reporting re-  
18 quirements under paragraph (1).

19 “(C) COORDINATION.—The Director may  
20 conduct the outreach and education campaign  
21 under subparagraph (A) through coordination  
22 with the following:

23 “(i) The Critical Infrastructure Part-  
24 nership Advisory Council established pur-  
25 suant to section 871.

1                   “(ii) Information Sharing and Anal-  
2                   ysis Organizations.

3                   “(iii) Any other means the Director  
4                   determines to be effective to conduct such  
5                   campaign.

6                   “(4) COVERED CYBERSECURITY INCIDENTS.—

7                   “(A) CONSIDERATIONS.—In accordance  
8                   with subparagraph (B), in determining which  
9                   types of incidents are covered cybersecurity in-  
10                  cidents for purposes of this section, the Direc-  
11                  tor shall consider—

12                   “(i) the sophistication or novelty of  
13                   the tactics used to perpetrate such an inci-  
14                   dent, as well as the type, volume, and sen-  
15                   sitivity of the data at issue;

16                   “(ii) the number of individuals di-  
17                   rectly or indirectly affected or potentially  
18                   affected by such an incident; and

19                   “(iii) potential impacts on industrial  
20                   control systems, such as supervisory con-  
21                   trol and data acquisition systems, distrib-  
22                   uted control systems, and programmable  
23                   logic controllers.

24                   “(B) MINIMUM THRESHOLDS.—For a cy-  
25                   bersecurity incident to be considered a covered

1 cybersecurity incident a cybersecurity incident  
2 shall, at a minimum, include at least one of the  
3 following:

4 “(i) Unauthorized access to an infor-  
5 mation system or network that leads to  
6 loss of confidentiality, integrity, or avail-  
7 ability of such information system or net-  
8 work, or has a serious impact on the safety  
9 and resiliency of operational systems and  
10 processes.

11 “(ii) Disruption of business or indus-  
12 trial operations due to a denial of service  
13 attack, a ransomware attack, or exploi-  
14 tation of a zero-day vulnerability,  
15 against—

16 “(I) an information system or  
17 network; or

18 “(II) an operational technology  
19 system or process.

20 “(iii) Unauthorized access or disrup-  
21 tion of business or industrial operations  
22 due to loss of service facilitated through,  
23 or caused by a compromise of, a cloud  
24 service provider, managed service provider,

1 other third-party data hosting provider, or  
2 supply chain attack.

3 “(5) REPORTS.—

4 “(A) TIMING.—

5 “(i) IN GENERAL.—The Director, in  
6 consultation with Sector Risk Management  
7 Agencies and the heads of other Federal  
8 departments and agencies, as appropriate,  
9 shall establish reporting timelines for cov-  
10 ered entities to submit promptly to the Of-  
11 fice covered cybersecurity incident reports,  
12 as the Director determines reasonable and  
13 appropriate based on relevant factors, such  
14 as the nature, severity, and complexity of  
15 the covered cybersecurity incident at issue  
16 and the time required for investigation, but  
17 in no case may the Director require report-  
18 ing by a covered entity earlier than 72  
19 hours after confirmation that a covered cy-  
20 bersecurity incident has occurred.

21 “(ii) CONSIDERATIONS.—In deter-  
22 mining reporting timelines under clause  
23 (i), the Director shall—

24 “(I) consider any existing regu-  
25 latory reporting requirements, similar

1 in scope purpose, and timing to the  
2 reporting requirements under this sec-  
3 tion, to which a covered entity may  
4 also be subject, and make efforts to  
5 harmonize the timing and contents of  
6 any such reports to the maximum ex-  
7 tent practicable; and

8 “(II) balance the Agency’s need  
9 for situational awareness with a cov-  
10 ered entity’s ability to conduct inci-  
11 dent response and investigations.

12 “(B) THIRD PARTY REPORTING.—

13 “(i) IN GENERAL.—A covered entity  
14 may submit a covered cybersecurity inci-  
15 dent report through a third party entity or  
16 Information Sharing and Analysis Organi-  
17 zation.

18 “(ii) DUTY TO ENSURE COMPLI-  
19 ANCE.—Third party reporting under this  
20 subparagraph does not relieve a covered  
21 entity of the duty to ensure compliance  
22 with the requirements of this paragraph.

23 “(C) SUPPLEMENTAL REPORTING.—A cov-  
24 ered entity shall submit promptly to the Office,  
25 until such date that such covered entity notifies

1 the Office that the cybersecurity incident inves-  
2 tigation at issue has concluded and the associ-  
3 ated covered cybersecurity incident has been  
4 fully mitigated and resolved, periodic updates or  
5 supplements to a previously submitted covered  
6 cybersecurity incident report if new or different  
7 information becomes available that would other-  
8 wise have been required to have been included  
9 in such previously submitted report. In deter-  
10 mining reporting timelines, the Director may  
11 choose to establish a flexible, phased reporting  
12 timeline for covered entities to report informa-  
13 tion in a manner that aligns with investigative  
14 timelines and allows covered entities to  
15 prioritize incident response efforts over compli-  
16 ance.

17 “(D) CONTENTS.—Covered cybersecurity  
18 incident reports submitted pursuant to this sec-  
19 tion shall contain such information as the Di-  
20 rector prescribes, including the following infor-  
21 mation, to the extent applicable and available,  
22 with respect to a covered cybersecurity incident:

23 “(i) A description of the covered cy-  
24 bersecurity incident, including identifica-  
25 tion of the affected information systems,

1 networks, or devices that were, or are rea-  
2 sonably believed to have been, affected by  
3 such incident, and the estimated date  
4 range of such incident.

5 “(ii) Where applicable, a description  
6 of the vulnerabilities exploited and the se-  
7 curity defenses that were in place, as well  
8 as the tactics, techniques, and procedures  
9 relevant to such incident.

10 “(iii) Where applicable, any identi-  
11 fying information related to the actor rea-  
12 sonably believed to be responsible for such  
13 incident.

14 “(iv) Where applicable, identification  
15 of the category or categories of information  
16 that was, or is reasonably believed to have  
17 been, accessed or acquired by an unauthor-  
18 ized person.

19 “(v) Contact information, such as  
20 telephone number or electronic mail ad-  
21 dress, that the Office may use to contact  
22 the covered entity or, where applicable, an  
23 authorized agent of such covered entity, or,  
24 where applicable, the service provider, act-  
25 ing with the express permission, and at the

1 direction, of such covered entity, to assist  
2 with compliance with the requirements of  
3 this section.

4 “(6) RESPONSIBILITIES OF COVERED ENTI-  
5 TIES.—Covered entities that experience a covered cy-  
6 bersecurity incident shall coordinate with the Office  
7 to the extent necessary to comply with this section,  
8 and, to the extent practicable, cooperate with the Of-  
9 fice in a manner that supports enhancing the Agen-  
10 cy’s situational awareness of cybersecurity threats  
11 across critical infrastructure sectors.

12 “(7) HARMONIZING REPORTING REQUIRE-  
13 MENTS.—In establishing the reporting requirements  
14 and procedures under paragraph (1), the Director  
15 shall, to the maximum extent practicable—

16 “(A) review existing regulatory require-  
17 ments, including the information required in  
18 such reports, to report cybersecurity incidents  
19 that may apply to covered entities, and ensure  
20 that any such reporting requirements and pro-  
21 cedures avoid conflicting, duplicative, or bur-  
22 densome requirements; and

23 “(B) coordinate with other regulatory au-  
24 thorities that receive reports relating to cyberse-  
25 curity incidents to identify opportunities to

1 streamline reporting processes, and where fea-  
2 sible, enter into agreements with such authori-  
3 ties to permit the sharing of such reports with  
4 the Office, consistent with applicable law and  
5 policy, without impacting the Office’s ability to  
6 gain timely situational awareness of a covered  
7 cybersecurity incident or significant cyber inci-  
8 dent.

9 “(e) DISCLOSURE, RETENTION, AND USE OF INCI-  
10 DENT REPORTS.—

11 “(1) AUTHORIZED ACTIVITIES.—No informa-  
12 tion provided to the Office in accordance with sub-  
13 sections (d) or (h) may be disclosed to, retained by,  
14 or used by any Federal department or agency, or  
15 any component, officer, employee, or agent of the  
16 Federal Government, except if the Director deter-  
17 mines such disclosure, retention, or use is necessary  
18 for—

19 “(A) a cybersecurity purpose;

20 “(B) the purpose of identifying—

21 “(i) a cybersecurity threat, including  
22 the source of such threat; or

23 “(ii) a security vulnerability;

1           “(C) the purpose of responding to, or oth-  
2           erwise preventing, or mitigating a specific  
3           threat of—

4                   “(i) death;

5                   “(ii) serious bodily harm; or

6                   “(iii) serious economic harm, includ-  
7           ing a terrorist act or a use of a weapon of  
8           mass destruction;

9           “(D) the purpose of responding to, inves-  
10          tigating, prosecuting, or otherwise preventing or  
11          mitigating a serious threat to a minor, includ-  
12          ing sexual exploitation or threats to physical  
13          safety; or

14          “(E) the purpose of preventing, inves-  
15          tigating, disrupting, or prosecuting an offense  
16          related to a threat—

17                   “(i) described in subparagraphs (B)  
18                  through (D); or

19                   “(ii) specified in section  
20                  105(d)(5)(A)(v) of the Cybersecurity Act  
21                  of 2015 (enacted as division N of the Con-  
22                  solidated Appropriations Act, 2016 (Public  
23                  Law 114–113; 6 U.S.C.  
24                  1504(d)(5)(A)(v))).

25          “(2) EXCEPTIONS.—

1           “(A) RAPID, CONFIDENTIAL, BI-DIREC-  
2           TIONAL SHARING OF CYBER THREAT INDICA-  
3           TORS.—Upon receiving a covered cybersecurity  
4           incident report submitted pursuant to this sec-  
5           tion, the Office shall immediately review such  
6           report to determine whether the incident that is  
7           the subject of such report is connected to an  
8           ongoing cybersecurity threat or security vulner-  
9           ability and where applicable, use such report to  
10          identify, develop, and rapidly disseminate to ap-  
11          propriate stakeholders actionable, anonymized  
12          cyber threat indicators and defensive measures.

13          “(B) PRINCIPLES FOR SHARING SECURITY  
14          VULNERABILITIES.—With respect to informa-  
15          tion in a covered cybersecurity incident report  
16          regarding a security vulnerability referred to in  
17          paragraph (1)(B)(ii), the Director shall develop  
18          principles that govern the timing and manner in  
19          which information relating to security  
20          vulnerabilities may be shared, consistent with  
21          common industry best practices and United  
22          States and international standards.

23          “(3) PRIVACY AND CIVIL LIBERTIES.—Informa-  
24          tion contained in reports submitted to the Office  
25          pursuant to subsections (d) and (h) shall be re-

1 tained, used, and disseminated, where permissible  
2 and appropriate, by the Federal Government in a  
3 manner consistent with processes for the protection  
4 of personal information adopted pursuant to section  
5 105 of the Cybersecurity Act of 2015 (enacted as di-  
6 vision N of the Consolidated Appropriations Act,  
7 2016 (Public Law 114–113; 6 U.S.C. 1504)).

8 “(4) PROHIBITION ON USE OF INFORMATION IN  
9 REGULATORY ACTIONS.—

10 “(A) IN GENERAL.—Information contained  
11 in reports submitted to the Office pursuant to  
12 subsections (d) and (h) may not be used by any  
13 Federal, State, Tribal, or local government to  
14 regulate, including through an enforcement ac-  
15 tion, the lawful activities of any non-Federal en-  
16 tity.

17 “(B) EXCEPTION.—A report submitted to  
18 the Agency pursuant to subsection (d) or (h)  
19 may, consistent with Federal or State regu-  
20 latory authority specifically relating to the pre-  
21 vention and mitigation of cybersecurity threats  
22 to information systems, inform the development  
23 or implementation of regulations relating to  
24 such systems.

1       “(f) PROTECTIONS FOR REPORTING ENTITIES AND  
2 INFORMATION.—Reports describing covered cybersecurity  
3 incidents submitted to the Office by covered entities in ac-  
4 cordance with subsection (d), as well as voluntarily-sub-  
5 mitted cybersecurity incident reports submitted to the Of-  
6 fice pursuant to subsection (h), shall be—

7               “(1) entitled to the protections against liability  
8 described in section 106 of the Cybersecurity Act of  
9 2015 (enacted as division N of the Consolidated Ap-  
10 propriations Act, 2016 (Public Law 114–113; 6  
11 U.S.C. 1505));

12               “(2) exempt from disclosure under section 552  
13 of title 5, United States Code, as well as any provi-  
14 sion of State, Tribal, or local freedom of information  
15 law, open government law, open meetings law, open  
16 records law, sunshine law, or similar law requiring  
17 disclosure of information or records; and

18               “(3) considered the commercial, financial, and  
19 proprietary information of the covered entity when  
20 so designated by the covered entity.

21       “(g) NONCOMPLIANCE WITH REQUIRED REPORT-  
22 ING.—

23               “(1) PURPOSE.—In the event a covered entity  
24 experiences a cybersecurity incident but does not  
25 comply with the reporting requirements under this

1 section, the Director may obtain information about  
2 such incident by engaging directly such covered enti-  
3 ty in accordance with paragraph (2) to request in-  
4 formation about such incident, or, if the Director is  
5 unable to obtain such information through such en-  
6 gagement, by issuing a subpoena to such covered en-  
7 tity, subject to paragraph (3), to gather information  
8 sufficient to determine whether such incident is a  
9 covered cybersecurity incident, and if so, whether ad-  
10 ditional action is warranted pursuant to paragraph  
11 (4).

12 “(2) INITIAL REQUEST FOR INFORMATION.—

13 “(A) IN GENERAL.—If the Director has  
14 reason to believe, whether through public re-  
15 porting, intelligence gathering, or other infor-  
16 mation in the Federal Government’s possession,  
17 that a covered entity has experienced a cyberse-  
18 curity incident that may be a covered cyberse-  
19 curity incident but did not submit pursuant to  
20 subsection (d) to the Office a covered cyberse-  
21 curity incident report relating thereto, the Di-  
22 rector may request information from such cov-  
23 ered entity to confirm whether the cybersecurity  
24 incident at issue is a covered cybersecurity inci-  
25 dent, and determine whether further examina-

1           tion into the details surrounding such incident  
2           are warranted pursuant to paragraph (4).

3           “(B) TREATMENT.—Information provided  
4           to the Office in response to a request under  
5           subparagraph (A) shall be treated as if such in-  
6           formation was submitted pursuant to the re-  
7           porting procedures established in accordance  
8           with subsection (d).

9           “(3) AUTHORITY TO ISSUE SUBPOENAS.—

10           “(A) IN GENERAL.—If, after the date that  
11           is seven days from the date on which the Direc-  
12           tor made a request for information in para-  
13           graph (2), the Director has received no re-  
14           sponse from the entity from which such infor-  
15           mation was requested, or received an inad-  
16           equate response, the Director may issue to such  
17           entity a subpoena to compel disclosure of infor-  
18           mation the Director considers necessary to de-  
19           termine whether a covered cybersecurity inci-  
20           dent has occurred and assess potential impacts  
21           to national security, economic security, or pub-  
22           lic health and safety, determine whether further  
23           examination into the details surrounding such  
24           incident are warranted pursuant to paragraph  
25           (4), and if so, compel disclosure of such infor-

1           mation as is necessary to carry out activities  
2           described in subsection (c).

3           “(B) CIVIL ACTION.—If a covered entity  
4           does not comply with a subpoena, the Director  
5           may bring a civil action in a district court of  
6           the United States to enforce such subpoena. An  
7           action under this paragraph may be brought in  
8           the judicial district in which the entity against  
9           which the action is brought resides, is found, or  
10          does business. The court may punish a failure  
11          to obey an order of the court to comply with the  
12          subpoena as a contempt of court.

13          “(C) NON-APPLICABILITY OF PROTEC-  
14          TIONS.—The protections described in subsection  
15          (f) do not apply to a covered entity that is the  
16          recipient of a subpoena under this paragraph  
17          (3).

18          “(4) ADDITIONAL ACTIONS.—

19          “(A) EXAMINATION.—If, based on the in-  
20          formation provided in response to a subpoena  
21          issued pursuant to paragraph (3), the Director  
22          determines that the cybersecurity incident at  
23          issue is a significant cyber incident, or is part  
24          of a group of related cybersecurity incidents  
25          that together satisfy the definition of a signifi-

1           cant cyber incident, and a more thorough exam-  
2           ination of the details surrounding such incident  
3           is warranted in order to carry out activities de-  
4           scribed in subsection (c), the Director may di-  
5           rect the Office to conduct an examination of  
6           such incident in order to enhance the Agency’s  
7           situational awareness of cybersecurity threats  
8           across critical infrastructure sectors, in a man-  
9           ner consistent with privacy and civil liberties  
10          protections under applicable law.

11           “(B) PROVISION OF CERTAIN INFORMA-  
12          TION TO ATTORNEY GENERAL.—Notwith-  
13          standing subsection (e)(4) and paragraph  
14          (2)(B), if the Director determines, based on the  
15          information provided in response to a subpoena  
16          issued pursuant to paragraph (3) or identified  
17          in the course of an examination under subpara-  
18          graph (A), that the facts relating to the cyber-  
19          security incident at issue may constitute  
20          grounds for a regulatory enforcement action or  
21          criminal prosecution, the Director may provide  
22          such information to the Attorney General or the  
23          appropriate regulator, who may use such infor-  
24          mation for a regulatory enforcement action or  
25          criminal prosecution.

1       “(h) VOLUNTARY REPORTING OF CYBER INCI-  
2 DENTS.—The Agency shall receive cybersecurity incident  
3 reports submitted voluntarily by entities that are not cov-  
4 ered entities, or concerning cybersecurity incidents that do  
5 not satisfy the definition of covered cybersecurity incidents  
6 but may nevertheless enhance the Agency’s situational  
7 awareness of cybersecurity threats across critical infra-  
8 structure sectors. The protections under this section appli-  
9 cable to covered cybersecurity incident reports shall apply  
10 in the same manner and to the same extent to voluntarily-  
11 submitted cybersecurity incident reports under this sub-  
12 section.

13       “(i) NOTIFICATION TO IMPACTED COVERED ENTI-  
14 TIES.—If the Director receives information regarding a  
15 cybersecurity incident impacting a Federal agency relating  
16 to unauthorized access to data provided to such Federal  
17 agency by a covered entity, and with respect to which such  
18 incident is likely to undermine the security of such covered  
19 entity or cause operational or reputational damage to such  
20 covered entity, the Director shall, to the extent prac-  
21 ticable, notify such covered entity and provide to such cov-  
22 ered entity such information regarding such incident as  
23 is necessary to enable such covered entity to address any  
24 such security risk or operational or reputational damage  
25 arising from such incident.

1       “(j) EXEMPTION.—Subchapter I of chapter 35 of  
2 title 44, United States Code, does not apply to any action  
3 to carry out this section.

4       “(k) SAVING PROVISION.—Nothing in this section  
5 may be construed as modifying, superseding, or otherwise  
6 affecting in any manner any regulatory authority held by  
7 a Federal department or agency, including Sector Risk  
8 Management Agencies, existing on the day before the date  
9 of the enactment of this section, or any existing regulatory  
10 requirements or obligations that apply to covered enti-  
11 ties.”.

12       (b) REPORTS.—

13           (1) ON STAKEHOLDER ENGAGEMENT.—Not  
14 later than 30 days before the date on which that the  
15 Director of the Cybersecurity and Infrastructure Se-  
16 curity Agency of the Department of Homeland Secu-  
17 rity intends to issue an interim final rule under sub-  
18 section (d)(1) of section 2220A of the Homeland Se-  
19 curity Act of 2002 (as added by subsection (a)), the  
20 Director shall submit to the Committee on Home-  
21 land Security of the House of Representatives and  
22 the Committee on Homeland Security and Govern-  
23 mental Affairs of the Senate a report that describes  
24 how the Director engaged stakeholders in the devel-  
25 opment of such interim final rules.

1           (2) ON OPPORTUNITIES TO STRENGTHEN CY-  
2           BERSECURITY RESEARCH.—Not later than one year  
3           after the date of the enactment of this Act, the Di-  
4           rector of the Cybersecurity and Infrastructure Secu-  
5           rity Agency of the Department of Homeland Secu-  
6           rity shall submit to the Committee on Homeland Se-  
7           curity of the House of Representatives and the Com-  
8           mittee on Homeland Security and Governmental Af-  
9           fairs of the Senate a report describing how the  
10          Cyber Incident Review Office of the Department of  
11          Homeland Security (established pursuant to section  
12          2220A of the Homeland Security Act of 2002, as
