19 conducted, are not in production by the United  
20 States.

19 **SERVED AS CADET NURSES DURING WORLD**  
20 **WAR II.**

21 (a) FINDINGS.—Congress makes the following find-  
22 ings:

23 (1) In June of 1943, Congress enacted the  
24 Bolton Act, establishing the United States Cadet  
25 Nurse Corps as a uniformed service of the Public

1 Health Administration. Through the Corps, women  
2 received free, expedited nursing education in ex-  
3 change for “service in essential nursing for the dura-  
4 tion of the war”.

5 (2) During World War II, the Nation faced a  
6 severe shortage of qualified nurses, threatening the  
7 ability of the United States to meet domestic and  
8 military medical needs.

9 (3) In total, 124,065 women graduated from  
10 training under the Cadet Nurse program, going on  
11 to serve in military hospitals, Veterans Administra-  
12 tion hospitals, Marine hospitals, private hospitals,  
13 public health agencies, and public hospitals until the  
14 program ended in 1948.

15 (4) In 1944, the Federal Security Agency iden-  
16 tified “national recognition for rendering a vital war  
17 service” as a privilege of service in the Corps.

18 (5) By 1945, Cadet Nurses accounted for 80  
19 percent of the domestic nursing workforce.

20 (6) The Cadet Nurse Corps has been credited  
21 with preventing the collapse of the domestic nursing  
22 workforce.

23 (b) SENSE OF CONGRESS.—It is the sense of Con-  
24 gress that women who served in the Cadet Nurse Corps  
25 honorably stepped up for their country during its time of

1 need in World War II, significantly contributing to the  
2 war effort and the safety and security of the Nation.

3 (c) **EXPRESSION OF GRATITUDE.**—Congress hereby  
4 expresses deep gratitude for the women who answered the  
5 call to duty and served in the Cadet Nurse Corps.

6 **SEC. 5104. SENSE OF CONGRESS REGARDING KOREAN AND**  
7 **KOREAN-AMERICAN VIETNAM WAR VET-**  
8 **ERANS.**

9 (a) **FINDINGS.**—Congress finds the following:

10 (1) Korean and Korean-American Vietnam War  
11 veterans served honorably throughout the conflict,  
12 fighting valiantly both in and alongside the United  
13 States Armed Forces, often making the ultimate  
14 sacrifice, with many later becoming United States  
15 citizens.

16 (2) Military cooperation in the Vietnam War is  
17 one of several examples that demonstrate the robust  
18 alliance of the United States and Republic of Korea,  
19 under shared commitment to democratic principles.

20 (3) During the Vietnam conflict, more than  
21 3,000,000 members of the United States Armed  
22 Forces fought bravely to preserve and defend these  
23 ideals, among them many Korean Americans who  
24 earned citations for their heroism and honorable  
25 service.

1           (4) The Republic of Korea joined the Vietnam  
2 conflict to support the United States Armed Forces  
3 and the cause of freedom at the request of the  
4 United States.

5           (5) From 1964 until the last soldier left Saigon  
6 on March 23, 1973, 325,517 members of the Repub-  
7 lic of Korea's Armed Forces served in Vietnam, the  
8 largest contribution of troops sent by an ally of the  
9 United States.

10          (6) Republic of Korea forces fought bravely  
11 throughout the theater and were known for their  
12 dedication, tenacity, and effectiveness on the battle-  
13 field.

14          (7) More than 17,000 Korean soldiers were in-  
15 jured, and over 4,400 Korean soldiers made the ulti-  
16 mate sacrifice in defense of United States friends  
17 and allies.

18          (8) There are approximately 3,000 naturalized  
19 Korean Americans who served in the Vietnam War  
20 currently living in the United States, many of whom  
21 suffer from significant injuries due to their service  
22 in Vietnam, including post-traumatic stress disorder,  
23 total disability, and the effects of the toxic defoliant  
24 Agent Orange.

1           (9) Korean-American veterans of the Vietnam  
2           conflict upheld the highest ideals of the United  
3           States through their dedicated service and consider-  
4           able sacrifices, with many continuing to carry the  
5           visible and invisible wounds of war to this day.

6           (b) SENSE OF CONGRESS.—It is the sense of Con-  
7           gress that Korean and Korean-American Vietnam War

17 (1) Preliminary damage assessments play a  
18 critical role in assessing and validating the impact  
19 and magnitude of a disaster.

20 (2) Through the preliminary damage assess-  
21 ment process, representatives from the Federal  
22 Emergency Management Agency validate informa-  
23 tion gathered by State and local officials that serves  
24 as the basis for disaster assistance requests.

25 (3) Various factors can impact the duration of  
26 a preliminary damage assessment and the cor-

1       responding submission of a major disaster request,  
2       however, the average time between when a disaster  
3       occurs, and the submission of a corresponding dis-  
4       aster request has been found to be approximately  
5       twenty days longer for flooding disasters.

6               (4) With communities across the country facing  
7       increased instances of catastrophic flooding and  
8       other extreme weather events, accurate and efficient  
9       preliminary damage assessments have become criti-  
10      cally important to the relief process for impacted  
11      States and municipalities.

12      (b) REPORT TO CONGRESS.—

13              (1) IN GENERAL.—Not later than 90 days after  
14      the date of enactment of this Act, the Administrator

20              (2) CONTENTS.—The report described in para-

22                      (A) The process of the Federal Emergency  
23                      Management Agency for deploying personnel to  
24                      support preliminary damage assessments.

1 (B) The number of Agency staff partici-  
2 pating on disaster assessment teams.

3 (C) The training and experience of such  
4 staff described in subparagraph (B).

5 (D) A calculation of the average amount of  
6 time disaster assessment teams described in  
7 subparagraph (A) are deployed to a disaster  
8 area.

9 (E) The efforts of the Agency to maintain  
10 a consistent liaison between the Agency and  
11 State, local, tribal, and territorial officials with-  
12 in a disaster area.

13 (c) PRELIMINARY DAMAGE ASSESSMENT.—

14 (1) IN GENERAL.—Not later than 6 months  
15 after the date of enactment of this Act, the Adminis-

14          airworthiness certificate, in accordance with section  
15          21.191 of title 14, Code of Federal Regulations, and meet-  
16          ing the requirements set forth in Federal Aviation Admin-

3 The Administrator of the Federal Aviation Administration

7 **SEC. 5326. HIGH-SPEED BROADBAND DEPLOYMENT INITIA-**  
8 **TIVE.**

9 (a) IN GENERAL.—Title II of the Public Works and  
10 Economic Development Act of 1965 (42 U.S.C. 3141 et  
11 seq.) is amended by adding at the end the following:

12 **“SEC. 219. HIGH-SPEED BROADBAND DEPLOYMENT INITIA-**  
13 **TIVE.**

14 “(a) DEFINITIONS.—In this section:

15 “(1) BROADBAND PROJECT.—The term  
16 ‘broadband project’ means, for the purpose of pro-  
17 viding, extending, expanding, or improving high-  
18 speed broadband service to further the goals of this  
19 Act—

20 “(A) planning, technical assistance, or  
21 training;

22 “(B) the acquisition or development of  
23 land; or

24 “(C) the acquisition, design and engineer-  
25 ing, construction, rehabilitation, alteration, ex-

1           pansion, or improvement of facilities, including  
2           related machinery, equipment, contractual  
3           rights, and intangible property.

6           recipient’ means an eligible recipient.

8           recipient’ includes—

9                         “(i) a public-private partnership; and

11                        pose of providing, extending, expanding, or  
12                        improving high-speed broadband service  
13                        between 1 or more eligible recipients and 1  
14                        or more for-profit organizations.

15           “(3) HIGH-SPEED BROADBAND.—The term  
16           ‘high-speed broadband’ means the provision of 2-way  
17           data transmission with sufficient downstream and  
18           upstream speeds to end users to permit effective  
19           participation in the economy and to support eco-  
20           nomic growth, as determined by the Secretary.

21           “(b) BROADBAND PROJECTS.—

22                 “(1) IN GENERAL.—On the application of an el-  
23           igible recipient, the Secretary may make grants  
24           under this title for broadband projects, which shall  
25           be subject to the provisions of this section.

1           “(2) CONSIDERATIONS.—In reviewing applica-  
2           tions submitted under paragraph (1), the Secretary  
3           shall take into consideration geographic diversity of  
4           grants allocated, including consideration of under-  
5           served markets, in addition to data requested in  
6           paragraph (3).

7           “(3) DATA REQUESTED.—In reviewing an ap-  
8           plication submitted under paragraph (1), the Sec-  
9           retary shall request from the Federal Communica-  
10          tions Commission, the Administrator of the National  
11          Telecommunications and Information Administra-  
12          tion, the Secretary of Agriculture, and the Appa-  
13          lachian Regional Commission data on—

14                 “(A) the level and extent of broadband  
15                 service that exists in the area proposed to be  
16                 served; and

17                 “(B) the level and extent of broadband  
18                 service that will be deployed in the area pro-  
19                 posed to be served pursuant to another Federal  
20                 program.

21           “(4) INTEREST IN REAL OR PERSONAL PROP-  
22          ERTY.—For any broadband project carried out by an  
23          eligible recipient that is a public-private partnership  
24          or consortium, the Secretary shall require that title  
25          to any real or personal property acquired or im-

1 proved with grant funds, or if the recipient will not  
2 acquire title, another possessory interest acceptable  
3 to the Secretary, be vested in a public partner or eli-  
4 gible nonprofit organization or association for the  
5 useful life of the project, after which title may be  
6 transferred to any member of the public-private  
7 partnership or consortium in accordance with regu-  
8 lations promulgated by the Secretary.

9 “(5) PROCUREMENT.—Notwithstanding any  
10 other provision of law, no person or entity shall be  
11 disqualified from competing to provide goods or serv-  
12 ices related to a broadband project on the basis that  
13 the person or entity participated in the development  
14 of the broadband project or in the drafting of speci-  
15 fications, requirements, statements of work, or simi-  
16 lar documents related to the goods or services to be  
17 provided.

18 “(6) BROADBAND PROJECT PROPERTY.—

19 “(A) IN GENERAL.—The Secretary may  
20 permit a recipient of a grant for a broadband  
21 project to grant an option to acquire real or  
22 personal property (including contractual rights  
23 and intangible property) related to that project  
24 to a third party on such terms as the Secretary  
25 determines to be appropriate, subject to the

1           condition that the option may only be exercised  
2           after the Secretary releases the Federal interest  
3           in the property.

4           “(B) TREATMENT.—The grant or exercise  
5           of an option described in subparagraph (A)  
6           shall not constitute a redistribution of grant  
7           funds under section 217.

8           “(c) NON-FEDERAL SHARE.—In determining the  
9           amount of the non-Federal share of the cost of a  
10          broadband project, the Secretary may provide credit to-  
11          ward the non-Federal share for the present value of allow-  
12          able contributions over the useful life of the broadband  
13          project, subject to the condition that the Secretary may  
14          require such assurances of the value of the rights and of  
15          the commitment of the rights as the Secretary determines  
16          to be appropriate.”.

17          (b) CLERICAL AMENDMENT.—The table of contents  
18          in section 1(b) of the Public Works and Economic Devel-  
19          opment Act of 1965 (42 U.S.C. 3121 note; Public Law  
20          89–136) is amended by inserting after the item relating  
21          to section 218 the following:

“Sec. 219. High-speed broadband deployment initiative.”.

1           **TITLE LIV—FINANCIAL**  
2           **SERVICES MATTERS**  
3           **Subtitle A—In General**

4   **SEC. 5401. SERVICES THAT OPEN PORTALS TO DIRTY**  
5           **MONEY ACT.**

6           (a) **SHORT TITLE.**—This section may be cited as the  
7 “Establishing New Authorities for Businesses Laundering  
8 and Enabling Risks to Security Act” and the  
9 “ENABLERS Act”.

10          (b) **FINDINGS.**—Congress finds the following:

11           (1) Kleptocrats and other corrupt actors across  
12 the world are increasingly relying on non-bank pro-  
13 fessional service providers, including non-bank pro-  
14 fessional service providers operating in the United  
15 States, to move, hide, and grow their ill-gotten  
16 gains.

17           (2) In 2003, the Financial Action Task Force,  
18 an intergovernmental body formed by the United  
19 States and other major industrial nations, deter-  
20 mined that designated non-financial businesses and  
21 professions should be subject to the same anti-money  
22 laundering and counter-terrorist financing rules and  
23 regulations as financial institutions, including the re-  
24 quirement to know your customer or client and to  
25 perform due diligence, as well as to file suspicious

1 transaction reports, referred to as suspicious activity  
2 reports or “SARs” in the United States.

3 (3) In October 2021, the “Pandora Papers”,  
4 the largest exposé of global financial data in history,  
5 revealed to a global audience how the United States  
6 plays host to a highly specialized group of  
7 “enablers” who help the world’s elite move, hide,  
8 and grow their money.

9 (4) The Pandora Papers described how an ad-  
10 viser to the former Prime Minister of Malaysia re-  
11 portedly used affiliates of a United States law firm  
12 to assemble and consult a network of companies, de-  
13 spite the adviser fitting the “textbook definition” of  
14 a high-risk client. The adviser went on to use his  
15 companies to help steal \$4.5 billion from Malaysia’s  
16 public investment fund in one of “the world’s big-  
17 gest-ever financial frauds”, known as 1MDB.

18 (5) Russian oligarchs have used gatekeepers to  
19 move their money into the United States. For exam-  
20 ple, a gatekeeper formed a company in Delaware  
21 that reportedly owns a \$15 million mansion in  
22 Washington, D.C., that is linked to one of Vladimir  
23 Putin’s closest allies. Also, reportedly connected to  
24 the oligarch is a \$14 million townhouse in New York  
25 City owned by a separate Delaware company.

1           (6) The Pandora Papers uncovered over 200  
2           United States-based trusts across 15 States that  
3           held assets of over \$1 billion, “including nearly 30  
4           trusts that held assets linked to people or companies  
5           accused of fraud, bribery, or human rights abuses”.  
6           In particular, South Dakota, Nevada, Delaware,  
7           Florida, Wyoming, and New Hampshire have  
8           emerged as global hotspots for those seeking to hide  
9           their assets and minimize their tax burdens.

10           (7) In 2016, an investigator with the non-profit  
11           organization Global Witness posed as an adviser to  
12           a corrupt African official and set up meetings with  
13           13 New York City law firms to discuss how to move  
14           suspect funds into the United States. Lawyers from  
15           all but one of the firms provided advice to the faux  
16           adviser, including advice on how to utilize anony-  
17           mous companies to obscure the true owner of the as-  
18           sets. Other suggestions included naming the lawyer  
19           as a trustee of an offshore trust in order to open a  
20           bank account, and using the law firm’s escrow ac-  
21           count to receive payments.

22           (8) The autocratic Prime Minister of Iraqi  
23           Kurdistan, reportedly known for torturing and kill-  
24           ing journalists and critics, allegedly purchased a re-  
25           tail store valued at over \$18 million in Miami, Flor-

1        ida, with the assistance of a Pennsylvania-based law  
2        firm.

3            (9) Teodoro Obiang, the vice president of Equatorial  
4        Guinea and son of the country’s authoritarian  
5        president, embezzled millions of dollars from his  
6        home country, which was then used to purchase luxury  
7        assets in the United States. Obiang relied on the  
8        assistance of two American lawyers to move millions  
9        of dollars of suspect funds through U.S. banks. The  
10       lawyers incorporated five shell companies in California  
11       and opened bank accounts associated with the  
12       companies for Obiang’s personal use. The suspect  
13       funds were first wired to the lawyers’ attorney-client  
14       and firm accounts, then transferred to the accounts  
15       of the shell companies.

16           (10) An American consulting company reportedly  
17        made millions of dollars working for companies  
18        owned or partly owned by Isabel dos Santos, the eldest  
19        child of a former President of Angola. This included  
20        working with Angola’s state oil company when it was  
21        run by Isabel dos Santos and helping to “run a failing  
22        jewelry business acquired with Angolan money”. In 2021,  
23        a Dutch tribunal found that Isabel dos Santos and her  
24        husband obtained a \$500

1 million stake in the oil company through “grand cor-  
2 ruption”.

3 (11) In December 2021, the United States Gov-  
4 ernment issued a first-ever “United States Strategy  
5 on Countering Corruption”, that includes “Curbing  
6 Illicit Finance” as a strategic pillar. An express line  
7 of effort to advance this strategic pillar states that:  
8 “Deficiencies in the U.S. regulatory framework  
9 mean various professionals and service providers—  
10 including lawyers, accountants, trust and company  
11 service providers, incorporators, and others willing to  
12 be hired as registered agents or who act as nominees  
13 to open and move funds through bank accounts—are  
14 not required to understand the nature or source of  
15 income of their clients or prospective clients. . .While  
16 U.S. law enforcement has increased its focus on  
17 such facilitators, it is both difficult to prove ‘intent  
18 and knowledge’ that a facilitator was dealing with il-  
19 licit funds or bad actors, or that they should have  
20 known the same. Cognizant of such constraints, the  
21 Administration will consider additional authorities to  
22 cover key gatekeepers, working with the Congress as  
23 necessary to secure additional authorities”.

24 (12) This section provides the authorities need-  
25 ed to require that professional service providers who

1 serve as key gatekeepers to the U.S. financial system  
2 adopt anti-money laundering procedures that can  
3 help detect and prevent the laundering of corrupt  
4 and other criminal funds into the United States. Ab-  
5 sent such authorities, the United States Government  
6 will be unable to adequately protect the U.S. finan-  
7 cial system, identify funds and assets that are the  
8 proceeds of corruption, or support foreign states in  
9 their efforts to combat corruption and promote good  
10 governance.

11 (c) REQUIREMENTS FOR GATEKEEPERS.—

12 (1) IN GENERAL.—Section 5312(a)(2) of title  
13 31, United States Code, as amended by the William  
14 M. (Mac) Thornberry National Defense Authoriza-  
15 tion Act for Fiscal Year 2021, is amended—

16 (A) by redesignating subparagraphs (Z)  
17 and (AA) as subparagraphs (AA) and (BB), re-  
18 spectively; and

19 (B) by inserting after subparagraph (Y)  
20 the following:

21 “(Z) any person, excluding any govern-  
22 mental entity, employee, or agent, who engages  
23 in any activity which the Secretary determines,  
24 by regulation pursuant to section 5337(a), to be

1 the provision, with or without compensation,  
2 of—

3 “(i) corporate or other legal entity ar-  
4 rangement, association, or formation serv-  
5 ices;

6 “(ii) trust services;

7 “(iii) third party payment services; or

8 “(iv) legal or accounting services  
9 that—

10 “(I) involve financial activities  
11 that facilitate—

12 “(aa) corporate or other  
13 legal entity arrangement, associa-  
14 tion, or formation services;

15 “(bb) trust services; or

16 “(cc) third party payment  
17 services; and

18 “(II) are not direct payments or  
19 compensation for civil or criminal de-  
20 fense matters.”.

21 (2) REQUIREMENTS FOR GATEKEEPERS.—Sub-  
22 chapter II of chapter 53 of subtitle IV of title 31,  
23 United States Code, is amended by adding at the  
24 end the following:

1 **“§ 5337. Requirements for gatekeepers.**

2 “(a) IN GENERAL.—

3 “(1) IN GENERAL.—The Secretary shall, not  
4 later than 1 year after the date of the enactment  
5 this section, issue a rule to—

6 “(A) determine what persons fall within  
7 the class of persons described in section  
8 5312(a)(2)(Z); and

9 “(B) prescribe appropriate requirements  
10 for such persons.

11 “(2) SENSE OF THE CONGRESS.—It is the sense  
12 of the Congress that when issuing a rule to deter-  
13 mine what persons fall within the class of persons  
14 described in section 5312(a)(2)(Z), the Secretary  
15 shall design such rule—

16 “(A) to minimize burden of such rule and  
17 maximizes the intended outcome of such rule,  
18 as determined by the Secretary; and

19 “(B) avoid applying additional require-  
20 ments for persons that may fall within the class  
21 of persons described in section 5312(a)(2)(Z)  
22 but whom are already, as determined by the  
23 Secretary, appropriately regulated under section  
24 5312.

25 “(3) IDENTIFICATION OF PERSONS.—When de-  
26 termining what persons fall within the class of per-

1       sons described in section 5312(a)(2)(Z) the Sec-  
2       retary of the Treasury shall include—

3               “(A) any person involved in—

4                       “(i) the formation or registration of a  
5                       corporation, limited liability company,  
6                       trust, foundation, limited liability partner-  
7                       ship, partnership, or other similar entity;

8                       “(ii) the acquisition or disposition of  
9                       an interest in a corporation, limited liabil-  
10                      ity company, trust, foundation, limited li-  
11                      ability partnership, partnership, or other  
12                      similar entity;

13                     “(iii) providing a registered office, ad-  
14                     dress or accommodation, correspondence or  
15                     administrative address for a corporation,  
16                     limited liability company, trust, foundation,  
17                     limited liability partnership, partnership,  
18                     or other similar entity;

19                     “(iv) acting as, or arranging for an-  
20                     other person to act as, a nominee share-  
21                     holder for another person;

22                     “(v) the managing, advising, or con-  
23                     sulting with respect to money or other as-  
24                     sets;

25                     “(vi) the processing of payments;

1           “(vii) the provision of cash vault serv-  
2           ices;

3           “(viii) the wiring of money;

4           “(ix) the exchange of foreign cur-  
5           rency, digital currency, or digital assets; or

6           “(x) the sourcing, pooling, organiza-  
7           tion, or management of capital in associa-  
8           tion with the formation, operation, or man-  
9           agement of, or investment in, a corpora-  
10          tion, limited liability company, trust, foun-  
11          dation, limited liability partnership, part-  
12          nership, or other similar entity;

13          “(B) any person who, in connection with  
14          filing any return, directly or indirectly, on be-  
15          half of a foreign individual, trust or fiduciary  
16          with respect to direct or indirect, United States  
17          investment, transaction, trade or business, or  
18          similar activities—

19                 “(i) obtains or uses a preparer tax  
20                 identification number; or

21                 “(ii) would be required to use or ob-  
22                 tain a preparer tax identification number,  
23                 if such person were compensated for serv-  
24                 ices rendered;

1           “(C) any person acting as, or arranging  
2           for another person to act as, a registered agent,

2 being hindered due to the lack of financing available

5 lar mortgage loan applications in 2017 were denied  
6 by lenders at double the rate of denial for large  
7 mortgage loans, and this difference in denial rates  
8 cannot be fully explained by differences in the appli-  
9 cants' credit profiles;

10          (3) according to data compiled by Attom Data  
11 solutions, small-dollar mortgage originations have  
12 decreased 38 percent since 2009, while there has

9 **SEC. 5415. SPECIAL MEASURES TO FIGHT MODERN**  
10 **THREATS.**

11 (a) FINDINGS.—Congress finds the following:

12 (1) The Financial Crimes Enforcement Net-  
13 work (FinCEN) is the Financial Intelligence Unit of  
14 the United States tasked with safeguarding the fi-  
15 nancial system from illicit use, combating money  
16 laundering and its related crimes including ter-  
17 rorism, and promoting national security.

18 (2) Per statute, FinCEN may require domestic  
19 financial institutions and financial agencies to take  
20 certain “special measures” against jurisdictions, in-  
21 stitutions, classes of transactions, or types of ac-  
22 counts determined to be of primary money laun-  
23 dering concern, providing the Secretary with a range  
24 of options, such as enhanced record-keeping, that  
25 can be adapted to target specific money laundering

1 and terrorist financing and to bring pressure on  
2 those that pose money laundering threats.

3 (3) This special-measures authority was grant-  
4 ed in 2001, when most cross-border transactions oc-  
5 curred through correspondent or payable-through ac-  
6 counts held with large financial institutions which  
7 serve as intermediaries to facilitate financial trans-  
8 actions on behalf of other banks.

9 (4) Innovations in financial services have trans-  
10 formed and expanded methods of cross-border trans-  
11 actions that could not have been envisioned 20 years  
12 ago when FinCEN was given its special-measures  
13 authority.

14 (5) These innovations, particularly through digi-  
15 tal assets and informal value transfer systems, while  
16 useful to legitimate consumers and law enforcement,  
17 can be tools abused by bad actors like sanctions  
18 evaders, fraudsters, money launderers, and those  
19 who commit ransomware attacks on victimized U.S.  
20 companies and which abuse the financial system to  
21 move and obscure the proceeds of their crimes.

22 (6) Ransomware attacks on U.S. companies re-  
23 quiring payments in cryptocurrencies have increased  
24 in recent years, with the U.S. Treasury estimating  
25 that ransomware payments in the United States

1 reached \$590 million in just the first half of 2021,  
2 compared to a total of \$416 million in 2020.

3 (7) As ransomware attacks organized by Chi-  
4 nese and other foreign bad actors continue to grow  
5 in size and scope, modernizing FinCEN’s special  
6 measure authorities will empower FinCEN to adapt  
7 its existing tools, monitor and obstruct global finan-  
8 cial threats, and meet the challenges of combating  
9 21st century financial crime.

10 (b) PROHIBITIONS OR CONDITIONS ON CERTAIN  
11 TRANSMITTALS OF FUNDS.—Section 5318A of title 31,  
12 United States Code, is amended—

13 (1) in subsection (a)(2)(C), by striking “sub-  
14 section (b)(5)” and inserting “paragraphs (5) and  
15 (6) of subsection (b)”; and

16 (2) in subsection (b)—

17 (A) in paragraph (5), by striking “for or  
18 on behalf of a foreign banking institution”; and

19 (B) by adding at the end the following:

20 “(6) PROHIBITIONS OR CONDITIONS ON CER-  
21 TAIN TRANSMITTALS OF FUNDS.—If the Secretary  
22 finds a jurisdiction outside of the United States, 1  
23 or more financial institutions operating outside of  
24 the United States, 1 or more types of accounts with-  
25 in, or involving, a jurisdiction outside of the United

1 States, or 1 or more classes of transactions within,  
2 or involving, a jurisdiction outside of the United  
3 States to be of primary money laundering concern,  
4 the Secretary, in consultation with the Secretary of  
5 State, the Attorney General, and the Chairman of  
6 the Board of Governors of the Federal Reserve Sys-  
7 tem, may prohibit, or impose conditions upon certain  
8 transmittals of funds (as such term may be defined  
9 by the Secretary in a special measure issuance, by  
10 regulation, or as otherwise permitted by law), to or  
11 from any domestic financial institution or domestic  
12 financial agency if such transmittal of funds involves  
13 any such jurisdiction, institution, type of account, or  
14 class of transaction.”.

24 viduals newly hired as appraisers in their first

1           employment positions in the appraisal indus-  
2           try.”; and

3           (3) in section 1122 (12 U.S.C. 3351), by add-

12          fession.

13          “(2) ELIGIBLE ACTIVITIES.—Activities carried  
14          out with amounts from a grant under this Act shall

20          appraisers; and

2 grants under this subsection, the Appraisal Sub-

5 available to part B institutions (as such term is  
6 defined in section 322 of the Higher Education  
7 Act of 1965 (20 U.S.C. 1061)) or universities  
8 with degree programs approved by the Ap-  
9 praiser Qualifications Board or a relevant State  
10 regulatory agency for—

11           “(i) scholarships for students of color  
12 who want to pursue a career in real estate

14          through 2027.

15 **SEC. 5444. COMBATING TRADE-BASED MONEY LAUN-**  
16 **DERING.**

17          (a) FINDINGS.—Congress finds the following:

18               (1) Trade-based money laundering is among the  
19               most widely used and least understood forms of  
20               money laundering, disguising proceeds of crime by  
21               moving value through international trade trans-  
22               actions in an attempt to legitimize illicit origins of  
23               money or products.

1           (2) The transnational nature and complexity of  
2 trade-based money laundering make detection and  
3 investigation exceedingly difficult.

4           (3) Drug trafficking organizations, terrorist or-  
5 ganizations, and other transnational criminal organi-  
6 zations have succeeded at trade-based money laun-  
7 dering despite the best efforts of United States law  
8 enforcement.

9           (4) Trade-based money laundering includes  
10 other offenses such as tax evasion, disruption of  
11 markets, profit loss for businesses, and corruption of  
12 government officials, and constitutes a persistent  
13 threat to the economy and security of the United  
14 States.

15           (5) Trade-based money laundering can result in  
16 the decreased collection of customs duties as a result  
17 of the undervaluation of imports and fraudulent  
18 cargo manifests.

19           (6) Trade-based money laundering can decrease  
20 tax revenue collected as a result of the sale of under-  
21 priced goods in the marketplace.

22           (7) Trade-based money laundering is one mech-  
23 anism by which counterfeiters infiltrate supply  
24 chains, threatening the quality and safety of con-  
25 sumer, industrial, and military products.

1           (8) Drug trafficking organizations collaborate  
2 with Chinese criminal networks to launder profits  
3 from drug trafficking through Chinese messaging  
4 applications.

5           (9) On March 16, 2021, the Commander of the  
6 United States Southern Command, Admiral Faller,  
7 testified to the Committee on Armed Services of the  
8 Senate that transnational criminal organizations  
9 “market in drugs and people and guns and illegal  
10 mining, and one of the prime sources that under-  
11 writes their efforts is Chinese money-laundering”.

12           (10) The deaths and violence associated with  
13 drug traffickers, the financing of terrorist organiza-  
14 tions and other violent non-state actors, and the  
15 adulteration of supply chains with counterfeit goods  
16 showcase the danger trade-based money laundering  
17 poses to the United States.

18           (11) Trade-based money laundering undermines  
19 national security and the rule of law in countries  
20 where it takes place.

21           (12) Illicit profits for transnational criminal or-  
22 ganizations and other criminal organizations can  
23 lead to instability globally.

24           (13) The United States is facing a drug use  
25 and overdose epidemic, as well as an increase in con-

1       sumption of synthetic drugs, such as methamphet-  
2       amine and fentanyl, which is often enabled by Chi-  
3       nese money laundering organizations operating in  
4       coordination with drug-trafficking organizations and  
5       transnational criminal organizations in the Western  
6       Hemisphere that use trade-based money laundering  
7       to disguise the proceeds of drug trafficking.

8               (14) The presence of drug traffickers in the  
9       United States and their intrinsic connection to inter-  
10      national threat networks, as well as the use of licit  
11      trade to further their motives, is a national security  
12      concern.

13              (15) Drug-trafficking organizations frequently  
14      use the trade-based money laundering scheme known  
15      as the “Black Market Peso Exchange” to move their  
16      ill-gotten gains out of the United States and into  
17      Central and South America.

18              (16) United States ports and U.S. Customs and  
19      Border Protection do not have the capacity to prop-  
20      erly examine the 60,000,000 shipping containers  
21      that pass through United States ports annually, with  
22      only 2 to 5 percent of that cargo actively inspected.

23              (17) Trade-based money laundering can only be  
24      combated effectively if the intelligence community,  
25      law enforcement agencies, the Department of State,

1 the Department of Defense, the Department of the  
2 Treasury, the Department of Homeland Security,  
3 the Department of Justice, and the private sector  
4 work together.

5 (18) Drug-trafficking organizations, terrorist  
6 organizations, and other transnational criminal orga-  
7 nizations disguise the proceeds of their illegal activi-  
8 ties behind sophisticated mechanisms that operate  
9 seamlessly between licit and illicit trade and finan-  
10 cial transactions, making it almost impossible to ad-  
11 dress without international cooperation.

12 (19) The United States has established Trade  
13 Transparency Units with 18 partner countries, in-  
14 cluding with major drug-producing and transit coun-  
15 tries, to facilitate the increased exchange of import-  
16 export data to combat trade-based money laun-  
17 dering.

18 (b) SENSE OF CONGRESS.—It is the sense of Con-  
19 gress that—

20 (1) the activities of transnational criminal orga-  
21 nizations and their networks, and the means by  
22 which such organizations and networks move and  
23 launder their ill-gotten gains, such as through the  
24 use of illicit economies, illicit trade, and trade-based  
25 money laundering, pose a threat to the national in-

1       terests and national security of the United States  
2       and allies and partners of the United States around  
3       the world;

4               (2) in addition to considering the countering of  
5       illicit economies, illicit trade, and trade-based money  
6       laundering as a national priority and committing to  
7       detect, address, and prevent such activities, the  
8       President should—

9               (A) continue to assess, in the periodic na-  
10       tional risk assessments on money laundering,  
11       terrorist financing, and proliferation financing  
12       conducted by the Department of the Treasury,  
13       the ongoing risks of trade-based money laun-  
14       dering;

15              (B) finalize the assessment described in  
16       the Explanatory Statement accompanying the  
17       Financial Services and General Government Ap-  
18       propriations Act, 2020 (division C of the Con-  
19       solidated Appropriations Act, 2020 (Public Law  
20       116–93)), which directs the Financial Crimes  
21       Enforcement Network of the Department of the  
22       Treasury to thoroughly assess the risk that  
23       trade-based money laundering and other forms  
24       of illicit finance pose to national security;

1 (C) work expeditiously to develop, finalize,  
2 and execute a strategy, as described in section  
3 6506 of the Anti-Money Laundering Act of  
4 2020 (title LXV of division F of Public Law  
5 116–283; 134 Stat. 4631), drawing on the mul-  
6 tiple instruments of United States national  
7 power available, to counter—

8 (i) the activities of transnational  
9 criminal organizations, including illicit  
10 trade and trade-based money laundering;  
11 and

12 (ii) the illicit economies such organiza-  
13 tions operate in;

14 (D) coordinate with international partners  
15 to implement that strategy, exhorting those  
16 partners to strengthen their approaches to com-  
17 bating transnational criminal organizations; and

18 (E) review that strategy on a biennial basis  
19 and improve it as needed in order to most effec-  
20 tively address illicit economies, illicit trade, and  
21 trade-based money laundering by exploring the  
22 use of emerging technologies and other new  
23 avenues for interrupting and putting an end to  
24 those activities; and

1           (3) the Trade Transparency Unit program of  
2           the Department of Homeland Security should take  
3           steps to strengthen its work, including in countries  
4           that the Department of State has identified as major  
5           money laundering jurisdictions under section 489 of  
6           the Foreign Assistance Act of 1961 (22 U.S.C.  
7           2291h).

8   **SEC. 5445. DISCLOSURE OF DISABILITY, VETERAN, AND**  
9                                   **MILITARY STATUS.**

10          Section 304(b)(4) of the Home Mortgage Disclosure  
11          Act of 1975 (12 U.S.C. 2803(b)(4)) is amended by strik-  
12          ing “age,” and inserting “age, veteran and military status,  
13          disability status,”.

15                                   **NANCIAL SECTOR.**

16          (a) REGULATION AND EXAMINATION OF CREDIT  
17          UNION ORGANIZATIONS AND SERVICE PROVIDERS.—Sec-  
18          tion 206A of the Federal Credit Union Act (12 U.S.C.  
19          1786a) is amended—

20                 (1) in subsection (a)(1), by striking “that” and  
21                 inserting “an”;

22                 (2) in subsection (c)(2), by inserting after  
23                 “shall notify the Board” the following: “, in a man-  
24                 ner and method prescribed by the Board,”; and

1           (3) by striking subsection (f) and inserting the  
2 following:

3           “(f) EXERCISE OF AUTHORITY.—To minimize dupli-  
4 cative efforts, prior to conducting any examination of a  
5 credit union organization under the authority provided to  
6 the Board under this section, the Board shall first seek  
7 to collect any information which the Board intends to ac-  
8 quire through such examination from—

9           “(1) any Federal regulatory agencies that su-  
10 pervise any activity of that credit union organiza-  
11 tion; and

12           “(2) any Federal banking agency that super-  
13 vises any other person who maintains an ownership  
14 interest in that credit union organization.”.

15           (b) GAO STUDY ON FHFA’S REGULATION OF SERV-  
16 ICE PROVIDERS.—

17           (1) STUDY.—The Comptroller General of the  
18 United States shall carry out a study on the Federal  
19 Housing Finance Agency’s authority and regulation  
20 of service providers to its regulated entities, includ-  
21 ing the Federal National Mortgage Association, the  
22 Federal Home Loan Mortgage Corporation, and the  
23 Federal Home Loan Banks.

24           (2) REPORT.—Not later than the end of the 12-  
25 month period beginning on the date of the enact-

1 ment of this Act, the Comptroller General shall issue  
2 a report to Congress containing—

3 (A) all findings and determinations made  
4 in carrying out the study required under para-  
5 graph (1);

6 (B) an analysis of the Federal Housing Fi-  
7 nance Agency’s existing authority, how service  
8 providers to the Federal Housing Finance  
9 Agency’s regulated entities are currently regu-  
10 lated, and risks to the regulated entities associ-  
11 ated with third-party service providers; and

12 (C) recommendations for legislative and  
13 administrative action.

14 **SEC. 5447. REVIEW OF IMF LOAN SURCHARGE POLICY.**

15 (a) FINDINGS.—The Congress finds as follows:

16 (1) The International Monetary Fund (in this  
17 section referred to as the “IMF”) imposes a sur-  
18 charge, in addition to standard interest and service  
19 fees, of 200 basis points on outstanding credit pro-  
20 vided through its General Resources Account that  
21 exceeds 187.5 percent of the IMF country quota,  
22 and an additional 100 basis points if that credit has  
23 been outstanding for over 36 or 51 months, depend-  
24 ing on the facility.

1           (2) According to the IMF, “These level and  
2 time-based surcharges are intended to help mitigate  
3 credit risk by providing members with incentives to  
4 limit their demand for Fund assistance and encour-  
5 age timely repurchases while at the same time gen-  
6 erating income for the Fund to accumulate pre-  
7 cautionary balances.”.

8           (3) According to a 2021 report by the Euro-  
9 pean Network on Debt and Development, surcharges  
10 increase the average cost of borrowing from the IMF  
11 by over 64 percent for surcharged countries. Sur-  
12 charges increased Ukraine’s borrowing costs on its  
13 IMF lending program by nearly 27 percent, Jor-  
14 dan’s by 72 percent, and Egypt’s by over 104 per-  
15 cent.

16           (4) As a result of Russia’s invasion, the World  
17 Bank predicts that Ukraine will experience an eco-  
18 nomic contraction of 45 percent in 2022. Yet  
19 Ukraine is expected to pay the IMF an estimated  
20 \$483,000,000 in surcharges from 2021 through  
21 2027.

22           (5) The Ukraine Comprehensive Debt Payment  
23 Relief Act of 2022 (H.R.7081), which requires the  
24 Department of Treasury to make efforts to secure  
25 debt relief for Ukraine, was passed by the House of

1 Representatives on May 11, 2022, with over-  
2 whelming bipartisan support, by a vote of 362 Yeas  
3 to 56 Nays.

4 (6) As a result of the war in Ukraine and other  
5 factors, the World Bank predicted that global  
6 growth rates will slow to 2.9 percent in 2022, down  
7 nearly half from 2021. External public debt of devel-  
8 oping economies is at record levels, and the World  
9 Bank, IMF, and United Nations have all warned of  
10 coming defaults and a potential global debt crisis. As  
11 food and energy prices rise, the World Food Pro-  
12 gram has estimated that 750,000 people are at im-  
13 mediate risk of starvation or death, and  
14 323,000,000 people may experience acute food inse-  
15 curity before the end of the year.

16 (7) Since 2020, the number of countries paying  
17 surcharges to the IMF has increased from 9 to 16.  
18 A December 2021 IMF policy paper, notes that  
19 under the IMF's model-based World Economic Out-

22 2025" and that under the Fund's "adverse scenario,  
23 the number of surcharge-paying members and the  
24 amount of surcharge income would increase even  
25 more sharply".

2           tions Global Crisis Response Group on Food, Energy

4           on developing countries called for the immediate sus-  
5           pension of surcharge payments for a minimum of 2  
6           years, because “[s]urcharges do not make sense dur-  
7           ing a global crisis since the need for more financing  
8           does not stem from national conditions but from the  
9           global economy shock”.

10          (b) REVIEW OF SURCHARGE POLICY AT THE INTER-  
11          NATIONAL MONETARY FUND.—The Secretary of the  
12          Treasury shall instruct the United States Executive Direc-

1 tional spending on debt service on IMF loans, food  
2 security, and health for the 5-year period beginning  
3 at the start of the COVID-19 pandemic.

4 (2) Evaluation of the policy's direct impact  
5 on—

7 liance on Fund credit;

8 (B) mitigating the credit risks taken by  
9 the IMF;

10 (C) improving borrower balance of pay-  
11 ments and debt sustainability, particularly dur-  
12 ing periods of contraction, unrest, and pan-  
13 demic;

14 (D) promoting fiscally responsible policy  
15 reforms;

16 (E) disincentivizing borrowers from seek-  
17 ing opaque and potentially predatory bilateral  
18 loans; and

19 (F) improving the ability of borrowers to  
20 repay private creditors and access the private  
21 credit market.

22 (3) Recommendations for—

23 (A) Identifying alternative sources of fund-  
24 ing for the IMF's precautionary balances that

2           burden-sharing among IMF members;

3                   (B) Determining whether the Fund should  
4           maintain, reform, temporarily suspend or elimi-

8           those from countries that are currently paying or  
9           have recently paid surcharges. These experts should  
10          include government officials responsible for over-

16 assistance under this section to States, including  
17 Puerto Rico, units of general local government, and  
18 Indian tribes for necessary expenses for activities  
19 authorized under this title related to disaster relief,  
20 resiliency, long-term recovery, restoration of infra-  
21 structure and housing, mitigation, and economic re-  
22 vitalization in the most impacted and distressed  
23 areas (as such term shall be defined by the Sec-

8        section 124, such sums as are necessary to respond  
9        to current or future disasters, which shall remain  
10       available until expended.

11          “(b) ALLOCATION; COORDINATION.—

12            “(1) ALLOCATION AMOUNTS.—The Secretary  
13        shall annually establish and publish on its website  
14        an unmet needs threshold for most impacted and  
15        distressed areas resulting from a major disaster that  
16        shall result in a grant under this section. In deter-  
17        mining the amount allocated under this section for

21        mined by the Secretary, for mitigation, based on the  
22        best available research, the type of disaster, and  
23        such amounts awarded for mitigation for similar  
24        types of disasters in prior years. Such data may in-  
25        clude information from the Federal Emergency Man-

1       agement Agency, the Small business Administration,  
2       and any other relevant Federal, State, or local agen-  
3       cy, and data from the Bureau of the Census to as-

8       meeting the most impacted and distressed unmet  
9       need threshold requirements in paragraph (1), the  
10      Secretary shall allocate funds available to a grantee  
11      for assistance under this section within 60 days of  
12      the date of a major disaster declaration or 60 days  
13      from when sufficient funds become available to make  
14      the allocation.

15              “(3) INAPPLICABILITY OF DEADLINES BASED  
16      ON INSUFFICIENT INFORMATION.—The deadlines  
17      under paragraph (2) for allocation of funds shall not  
18      apply in the case of funds made available for assist-  
19      ance under this section if Federal Emergency Man-  
20      agement Agency has not made sufficient information  
21      available to the Secretary regarding relevant unmet  
22      recovery needs to make allocations in accordance  
23      with such deadlines. The Secretary shall notify the  
24      Congress of progress on or delay in receiving the

2 after until all necessary information is received.

3 “(4) OBLIGATION OF AMOUNTS BY THE SEC-  
4 RETARY.—Subject to subsection (c)(1), the Sec-  
5 retary shall provide for the disbursement of the  
6 amounts allocated for a grantee, but shall require

18 cies when necessary regarding disaster benefits.

19 “(B) COORDINATION WITH FEMA.—The  
20 Secretary shall share with the Administrator of  
21 the Federal Emergency Management Agency,  
22 and make publicly available (with such  
23 redactions necessary to protect personally iden-  
24 tifiable information), all data collected, pos-  
25 sessed, or analyzed during the course of a dis-

1           aster recovery for which assistance is provided  
2           under this section. Notwithstanding section  
3           552a of title 5, U.S.C., or any other law, the  
4           Secretary may make data transfers pertaining  
5           to grants under this section with the FEMA  
6           Administrator, grantees, and academic and re-  
7           search institutions described in section  
8           123(1)(3), which transfers may disclose infor-  
9           mation about an individual without the individ-  
10          ual’s written consent, including the use and re-  
11          tention of this data for computer matching pro-  
12          grams to assess disaster recovery needs and to

14          waste, fraud, and abuse; provided, that the Sec-  
15          retary shall enter a data sharing agreement be-  
16          fore sharing or receiving any information under  
17          transfers authorized by this section. The data

19          of the Secretary, include measures adequate to  
20          safeguard the privacy and personally identifying  
21          information of individuals. The data the Sec-  
22          retary shares with the Administrator shall in-  
23          clude—

24                           “(i) all data on damage caused by the  
25                           disaster;

1           “(ii) information on how any Federal  
2 assistance provided in connection with the  
3 disaster is expended; and

4           “(iii) information regarding the effect  
5 of the disaster on education, transportation  
6 capabilities and dependence, housing  
7 needs, health care capacity, and displace-  
8 ment of persons.

9           “(C) REQUIREMENTS REGARDING ELIGI-  
10 BILITY FOR DIRECT ASSISTANCE AND DUPLICA-

13 available under this subsection shall be  
14 used in accordance with section 312 of the  
15 Robert T. Stafford Disaster Relief and  
16 Emergency Assistance Act (42 U.S.C.  
17 5155), as amended by section 1210 of the  
18 Disaster Recovery Reform Act of 2018 (di-

22           “(ii) PRIORITY.—Households having  
23 the lowest incomes shall be prioritized for  
24 direct assistance under this subsection  
25 until all unmet needs are satisfied for fam-

1           ilies having an income up to 120 percent  
2           of the median for the area.

3           “(D) TREATMENT OF DUPLICATIVE BENE-  
4           FITS.—In any case in which a grantee provides  
5           assistance that duplicates benefits available to a  
6           person for the same purpose from another  
7           source, the grantee itself shall either (i) be sub-  
8           ject to remedies for noncompliance under sec-  
9           tion 111, or (ii) bear responsibility for absorb-  
10          ing such cost of duplicative benefits and return-  
11          ing an amount equal to any duplicative benefits  
12          paid to the grantee’s funds available for use  
13          under this section or to the Community Devel-  
14          opment Block Grant Declared Disaster Recov-  
15          ery Fund under section 124, unless the Sec-  
16          retary issues a public determination by publica-  
17          tion in the Federal Register that it is not in the  
18          best interest of the Federal Government to pur-  
19          sue such remedies based on hardships identified  
20          in subparagraph (E) or other reasons.

21          “(E) WAIVER OF RECOUPMENT.—A grant-  
22          ee of assistance from funds made available for

2 such funds and who have been defrauded, or  
3 after receiving assistance, have filed for bank-  
4 ruptcy, gone through a foreclosure procedure on  
5 property that received such assistance, or are  
6 deceased. If the grantee self-certifies to the Sec-  
7 retary in such request that it has verified that  
8 the individual conditions of each person it is re-  
9 questing a waiver for meets one of the condi-  
10 tions specified in the preceding sentence, the  
11 Secretary may grant such waivers on the basis  
12 of grantee self-certification, issue a public de-  
13 termination by publication in the Federal Reg-  
14 ister that it is not in the best interest of the  
15 Federal Government to pursue such  
16 recoupment, and may conduct oversight to  
17 verify grantee self-certification and subject the  
18 grantee to remedies for noncompliance for any  
19 amounts that have not met such requirements.

20 “(F) PROTECTION OF PERSONALLY IDEN-  
21 TIFIABLE INFORMATION.—In carrying out this  
22 paragraph, the Secretary and the grantee shall  
23 take such actions as may be necessary to ensure  
24 that personally identifiable information regard-  
25 ing recipients of assistance provided from funds

1           made available under this section is not made  
2           publicly available by the Department of Hous-  
3           ing and Urban Development or any agency with  
4           which information is shared pursuant to this  
5           paragraph.

6           “(c) PLAN FOR USE OF ASSISTANCE.—

7           “(1) REQUIREMENT.—Not later than 90 days  
8           after the allocation pursuant to subsection (b)(1) of  
9           all of the funds made available by an appropriations  
10          Act for assistance under this section and before the  
11          Secretary obligates any of such funds for a grantee,  
12          the grantee shall submit a plan to the Secretary for  
13          approval detailing the proposed use of all funds,  
14          which shall include, at a minimum—

15               “(A) criteria for eligibility for each pro-  
16               posed use of funds, including eligibility limits  
17               on income and geography, and a description of  
18               how each proposed use of such funds will com-  
19               ply with all civil rights and fair housing laws  
20               and will address disaster relief, resiliency, long-  
21               term recovery, restoration of infrastructure and  
22               housing, hazard mitigation, and economic revi-

5 11360);

6 “(B) an agreement to share data,  
7 disaggregated by the smallest census tract,  
8 block group, or block possible for the data set,

20 with case management services; and

21           “(G) a plan for addressing displacement or  
22 relocation caused by activities performed pursu-  
23 ant to this section.

24           “(2) IMPLEMENTATION FUNDING.—To speed  
25 recovery, the Secretary may award a portion of a

5           funds for mitigation.

6           “(4) DISAPPROVAL.—The Secretary shall dis-  
7           approve a plan or substantial amendment to a plan

3 the State, unit of general local government, or  
4 Indian tribe that submitted the plan or sub-  
5 stantial amendment of the Secretary's decision.

6 “(B) DISAPPROVAL.—If the Secretary dis-  
7 approves a plan or a substantial amendment,  
8 not later than 15 days after such disapproval  
9 the Secretary shall inform the State, unit of  
10 general local government, or Indian tribe in

1           “(D) GRANT AGREEMENTS.—Subject to  
2           subsection (b)(3), the Secretary shall ensure  
3           that all grant agreements necessary for prompt

6           approval of grantee’s plan describing the use of  
7           such funds.

8           “(d) FINANCIAL CONTROLS.—

9           “(1) COMPLIANCE SYSTEM.—The Secretary  
10          shall develop and maintain a system to ensure that  
11          each grantee has and will maintain for the life of the  
12          grant—

13                 “(A) proficient financial controls and pro-  
14                 curement processes;

15                 “(B) adequate procedures to ensure that  
16                 eligible applicants are approved for assistance  
17                 with amounts made available for use under this  
18                 section and that recipients are provided the full  
19                 amount of assistance for which they are eligible,  
20                 subject to funding availability;

21                 “(C) adequate procedures to prevent any  
22                 duplication of benefits, as defined by section  
23                 312 of the Robert T. Stafford Disaster Relief  
24                 and Emergency Assistance Act (42 U.S.C.  
25                 5155), to ensure timely expenditure of funds,

1 and to detect and prevent waste, fraud, and  
2 abuse of funds; and

3 “(D) adequate procedures to ensure the  
4 grantee will maintain comprehensive and pub-  
5 licly accessible websites that make available in-  
6 formation regarding all disaster recovery activi-  
7 ties assisted with such funds, which information  
8 shall include common reporting criteria estab-  
9 lished by the Secretary that permits individuals  
10 and entities awaiting assistance and the general  
11 public to see how all grant funds are used, in-  
12 cluding copies of all relevant, unredacted pro-  
13 curement documents, grantee administrative  
14 contracts and details of ongoing procurement  
15 processes, as determined by the Secretary.

16 “(2) EVALUATION OF COMPLIANCE.—The Sec-  
17 retary shall provide, by regulation or guideline, a  
18 method for qualitatively and quantitatively evalu-  
19 ating compliance with the requirements under para-  
20 graph (1).

21 “(3) CERTIFICATION.—Before making a grant,  
22 the Secretary shall certify in advance that the grant-  
23 ee has in place the processes and procedures re-  
24 quired under subparagraphs (A) through (D) of  
25 paragraph (1), as determined by the Secretary. No

1 additional certification is necessary if the Secretary  
2 has recently certified that the grantee has the re-

8 grant under this section.

9 “(e) USE OF FUNDS.—

10 “(1) ADMINISTRATIVE COSTS.—

11 “(A) IN GENERAL.—The Secretary shall  
12 establish by regulation the maximum grant  
13 amounts a State, unit of general local govern-  
14 ment, or Indian tribe may use for administra-  
15 tive costs, and for technical assistance and  
16 planning activities, taking into consideration  
17 size of grant, complexity of recovery, and other  
18 factors as determined by the Secretary.  
19 Amounts available for administrative costs for a  
20 grant under this section shall be available for  
21 eligible administrative costs of the grantee for  
22 any grant made under this section, without re-  
23 gard to a particular disaster.

24 “(B) DISCRETION TO ESTABLISH SLIDING  
25 SCALE.—The Secretary may establish a series

1 of percentage limitations on the amount of  
2 grant funds received that may be used by a  
3 grantee for administrative costs, but only if—

4 “(i) such percentage limitations are  
5 based on the amount of grant funds re-  
6 ceived by a grantee;

7 “(ii) such series provides that the per-  
8 centage that may be so used is lower for  
9 grantees receiving a greater amount of  
10 grant funds and such percentage that may  
11 be so used is higher for grantees receiving  
12 a lesser amount of grant funds; and

13 “(iii) in no case may a grantee so use  
14 more than 10 percent of grant funds re-  
15 ceived.

16 “(2) LIMITATIONS ON USE.—Amounts from a  
17 grant under this section may not be used for activi-  
18 ties—

19 “(A) that are reimbursable, or for which  
20 funds are made available, by the Federal Emer-  
21 gency Management Agency, including under the  
22 Robert T. Stafford Disaster Relief and Emer-  
23 gency Assistance Act or the National Flood In-  
24 surance Program; or

1           “(B) for which funds are made available  
2           by the Army Corps of Engineers.

3           “(3) HUD ADMINISTRATIVE COSTS.—

4           “(A) LIMITATION.—Of any funds made  
5           available to the Community Development Block  
6           Grant Declared Disaster Recovery Fund estab-  
7           lished under section 124 or otherwise made  
8           available for use under this section by any sin-  
9           gle appropriations Act, the Secretary may use 1  
10          percent of any such amount for necessary costs,  
11          including information technology costs, of ad-  
12          ministering and overseeing the obligation and  
13          expenditure of amounts made available for use  
14          under this section.

15          “(B) TRANSFER OF FUNDS.—Any amounts  
16          made available for use in accordance with sub-  
17          paragraph (A)—

18                 “(i) shall be transferred to the appro-  
19                 priate salaries and expenses account in the  
20                 Community Development Block Grant De-  
21                 clared Disaster Recovery Fund established  
22                 under section 124 for use by the Office of  
23                 Disaster Recovery and Resilient Commu-  
24                 nities;

1           “(ii) shall remain available until ex-  
2           pended; and

3           “(iii) may be used for administering  
4           any funds appropriated for the same pur-  
5           poses described in section 123(a) to the  
6           Community Development fund or Commu-  
7           nity Development Block Grant Declared  
8           Disaster Recovery Fund established under  
9           section 124 in any prior or future Act, not-  
10          withstanding the disaster for which such  
11          funds were appropriated.

12          “(4) INSPECTOR GENERAL.—Of any funds  
13          made available for use in accordance with paragraph  
14          (3)(A), 15 percent shall be transferred to the Office  
15          of the Inspector General for necessary costs of au-  
16          dits, reviews, oversight, evaluation, and investiga-  
17          tions relating to amounts made available for use  
18          under this section.

19          “(5) CAPACITY BUILDING.—Of any funds made  
20          available for use under this section, not more than  
21          0.1 percent or \$15,000,000, whichever is less, shall  
22          be made available to the Secretary for capacity  
23          building and technical assistance, including assist-  
24          ance regarding contracting and procurement proc-

1       esses, to support grantees and subgrantees receiving  
2       funds under this section.

3           “(6) MITIGATION PLANNING.—

4           “(A) REQUIREMENT.—The Secretary shall  
5       require each grantee to use a fixed percentage  
6       of any allocation for mitigation for comprehen-  
7       sive mitigation planning, subject to the limita-  
8       tions on funds in paragraph (2).

9           “(B) AMOUNT.—The Secretary may estab-  
10      lish such fixed percentage by regulation and  
11      may establish a lower percentage for grantees  
12      receiving a grant exceeding \$1,000,000,000.

13          “(C) COORDINATION.—Each grantee shall  
14      ensure that such comprehensive mitigation  
15      planning is coordinated and aligned with exist-  
16      ing comprehensive, land use, transportation,  
17      and economic development plans, and specifi-  
18      cally analyze multiple types of hazard exposures  
19      and risks. Each grantee shall coordinate and  
20      align such mitigation planning with other miti-  
21      gation projects funded by the Federal Emer-  
22      gency Management Agency, the Army Corps of  
23      Engineers, the Forest Service, and other agen-  
24      cies as appropriate.

1           “(D) USE OF FUNDS.—Such funds may be  
2 used for the purchase of data and development  
3 or updating of risk mapping for all relevant  
4 hazards.

5           “(E) PRIORITY.—Grantees shall prioritize  
6 the expenditure of grant funds to support haz-  
7 ard mitigation and resiliency funds for activities  
8 primarily benefitting persons of low and mod-  
9 erate income with the greatest risk of harm  
10 from natural hazards.

11           “(7) BUILDING SAFETY.—

12           “(A) IN GENERAL.—In consultation with  
13 the Administrator of the Federal Emergency  
14 Management Agency, the Secretary shall pro-  
15 vide that no funds made available under this  
16 section shall be used for installation, substantial  
17 rehabilitation, reconstruction, or new construc-  
18 tion of infrastructure or residential, commercial,  
19 or public buildings in hazard-prone areas, un-  
20 less construction complies with paragraph (8)  
21 and with the latest published editions of rel-  
22 evant national consensus-based codes, and spec-  
23 ifications and standards referenced therein, ex-  
24 cept that nothing in this section shall be con-

1           strued to prohibit a grantee from requiring  
2           higher standards.

3           “(B) SAVINGS PROVISION.—Nothing in  
4           subparagraph (A) shall be construed as a re-  
5           quirement for a grantee to adopt the latest pub-  
6           lished editions of relevant national consensus-  
7           based codes, specifications, and standards.

8           “(C) COMPLIANCE.—Compliance with this  
9           paragraph may be certified by a suitable design  
10          professional.

11          “(D) DEFINITIONS.—For purposes of this  
12          paragraph, the following definitions shall apply:

13                 “(i) HAZARD-PRONE AREAS.—The  
14                 term ‘hazard-prone areas’ means areas  
15                 identified by the Secretary, in consultation  
16                 with the Administrator, at risk from nat-  
17                 ural hazards that threaten property dam-  
18                 age or health, safety, and welfare, such as  
19                 floods (including special flood hazard  
20                 areas), wildfires (including Wildland-Urban  
21                 Interface areas), earthquakes, tornados,  
22                 and high winds. The Secretary may con-  
23                 sider future risks and the likelihood such  
24                 risks may pose to protecting property and  
25                 health, safety, and general welfare when

1 making the determination of or modifica-  
2 tion to hazard-prone areas.

3 “(ii) LATEST PUBLISHED EDITIONS.—

4 The term ‘latest published editions’ means,  
5 with respect to relevant national con-  
6 sensus-based codes, and specifications and  
7 standards referenced therein, the two most  
8 recent published editions, including, if any,  
9 amendments made by States, units of gen-  
10 eral local government, or Indian tribes dur-  
11 ing the adoption process, that incorporate  
12 the latest natural hazard-resistant designs  
13 and establish criteria for the design, con-  
14 struction, and maintenance of structures  
15 and facilities that may be eligible for as-  
16 sistance under this section for the purposes  
17 of protecting the health, safety, and gen-  
18 eral welfare of a structure’s or facility’s  
19 users against disasters.

20 “(8) FLOOD RISK MITIGATION.—

21 “(A) REQUIREMENTS.—Subject to sub-  
22 paragraph (B), the Secretary shall require that  
23 any structure that is located in an area having  
24 special flood hazards and that is newly con-  
25 structed, for which substantial damage is re-

1           paired, or that is substantially improved, using  
2           amounts made available under this section,  
3           shall be elevated with the lowest floor, including  
4           the basement, at least two feet above the base  
5           flood level, or to a future flood protection  
6           standard that provides equivalent protection  
7           and is developed in conjunction with the Admin-  
8           istrator of the Federal Emergency Management  
9           Agency, except that critical facilities, including  
10          hospitals, nursing homes, and other public fa-  
11          cilities providing social and economic lifelines,  
12          as defined by the Secretary, shall be elevated at  
13          least 3 feet above the base flood elevation (or  
14          higher if required under paragraph (7)).

15                 “(B) ALTERNATIVE MITIGATION.—In the  
16          case of existing structures consisting of multi-  
17          family housing and row houses, and other  
18          structures, as determined by the Secretary, the  
19          Secretary shall seek consultation with the Ad-  
20          ministrator of the Federal Emergency Manage-  
21          ment Agency, shall provide for alternative forms  
22          of mitigation (apart from elevation), and shall  
23          exempt from the requirement under subpara-  
24          graph (A) any such structure that meets the

1 standards for such an alternative form of miti-  
2 gation.

3 “(C) DEFINITIONS.—For purposes of sub-  
4 paragraph (A), the terms ‘area having special  
5 flood hazards’, ‘newly constructed’, ‘substantial  
6 damage’, ‘substantial improvement’, and ‘base  
7 flood level’ have the same meanings as under  
8 the Flood Disaster Protection Act of 1973 and  
9 the National Flood Insurance Act of 1968 (42  
10 U.S.C. 4001 et seq.).

11 “(f) ADMINISTRATION.—In administering any  
12 amounts made available for assistance under this section,  
13 the Secretary—

14 “(1) may not allow a grantee to use any such  
15 amounts for any purpose other than the purpose ap-  
16 proved by the Secretary in the plan or amended plan  
17 submitted under subsection (c) to the Secretary for  
18 use of such amounts; and

19 “(2) shall prohibit a grantee from delegating,  
20 by contract or otherwise, the responsibility for inher-  
21 ent government functions.

22 “(g) TRAINING FOR GRANT MANAGEMENT FOR SUB-  
23 GRANTEES.—The Secretary shall require each grantee to  
24 provide ongoing training to all staff and subgrantees.

1       “(h) PROCUREMENT PROCESSES AND PROCEDURES  
2 FOR GRANTEES.—

3           “(1) GRANTEE PROCESSES AND PROCE-  
4 DURES.—In procuring property or services to be  
5 paid for in whole or in part with amounts from a  
6 grant under this section, a grantee shall—

7           “(A) follow its own procurement processes  
8 and procedures, but only if the Secretary makes  
9 a determination that such processes and proce-  
10 dures comply with the requirements under  
11 paragraph (2); or

12           “(B) comply with such processes and pro-  
13 cedures as the Secretary shall, by regulation,  
14 establish for purposes of this section.

15           “(2) REQUIREMENTS.—The requirements under  
16 this paragraph with respect to such processes and  
17 procedures shall—

18           “(A) provide for full and open competition  
19 and compliance with applicable statutory re-  
20 quirements on the use of Federal funds, and re-  
21 quire cost or price analysis;

22           “(B) include requirements for procurement  
23 policies and procedures for subgrantees;

24           “(C) specify methods of procurement and  
25 their applicability, but not allow cost-plus-a-per-

1           centage-of cost or percentage-of-construction-  
2           cost methods of procurement;

3           “(D) include standards of conduct gov-  
4           erning employees engaged in the award or ad-  
5           ministration of contracts; and

6           “(E) ensure that all purchase orders and  
7           contracts include any clauses required by Fed-  
8           eral statute, Executive order, or implementing  
9           regulation.

10          “(i) TREATMENT OF CDBG ALLOCATIONS.—  
11         Amounts made available for use under this section shall  
12         not be considered relevant to the non-disaster formula al-  
13         locations made pursuant to section 106 of this title (42  
14         U.S.C. 5306).

15          “(j) WAIVERS.—

16                 “(1) AUTHORITY.—Subject to the other provi-  
17                 sions of this section, in administering amounts made  
18                 available for use under this section, the Secretary  
19                 may waive, or specify alternative requirements for,  
20                 any provision of any statute or regulation that the  
21                 Secretary administers in connection with the obliga-  
22                 tion by the Secretary or the use by the recipient of  
23                 such funds (except for requirements related to fair  
24                 housing, nondiscrimination, labor standards, and the  
25                 environment and except for the requirements of this

1 section), if the Secretary makes a public finding that  
2 good cause exists for the waiver or alternative re-  
3 quirement and such waiver or alternative require-  
4 ment would not be inconsistent with the overall pur-  
5 poses of this title.

6 “(2) NOTICE AND PUBLICATION.—Any waiver  
7 of or alternative requirement pursuant to paragraph  
8 (1) shall not take effect before the expiration of the  
9 5-day period beginning upon the publication of no-  
10 tice in the Federal Register of such waiver or alter-  
11 native requirement.

12 “(3) APPLICABLE REQUIREMENTS AND BEN-  
13 EFIT TO LOW- AND MODERATE-INCOME PERSONS.—

14 “(A) IN GENERAL.—The requirements in  
15 this Act that apply to grants made under sec-  
16 tion 106 of this title (except those related to the  
17 allocation) apply equally to grants under this  
18 section unless modified by a waiver or alter-  
19 native requirement pursuant to paragraph (1).

20 “(B) LIMITATION.—Notwithstanding sub-  
21 paragraph (A), the Secretary may not grant a  
22 waiver or alternative requirement to reduce the  
23 percentage of funds that must be used for ac-  
24 tivities that benefit persons of low and mod-  
25 erate income to less than 70 percent, unless the

1 Secretary specifically finds that there is compel-  
2 ling need to further reduce the percentage re-  
3 quirement and that funds are not necessary to  
4 address the housing needs of low- and mod-  
5 erate-income residents.

6 “(4) PROHIBITION.—The Secretary may not  
7 use the authority under paragraph (1) to waive any  
8 provision of this section.

9 “(k) ENVIRONMENTAL REVIEW.—

10 “(1) ADOPTION.—Notwithstanding subsection  
11 (j)(1), recipients of funds provided under this section  
12 that use such funds to supplement Federal assist-  
13 ance provided under section 402, 403, 404, 406,  
14 407, 408(e)(4), 428, or 502 of the Robert T. Staf-  
15 ford Disaster Relief and Emergency Assistance Act  
16 (42 U.S.C. 5121 et seq.) may adopt, without review  
17 or public comment, any environmental review, ap-  
18 proval, or permit performed by a Federal agency,  
19 and such adoption shall satisfy the responsibilities of  
20 the recipient with respect to such environmental re-  
21 view, approval, or permit under section 104(g)(1) of  
22 this title (42 U.S.C. 5304(g)(1)).

23 “(2) RELEASE OF FUNDS.—Notwithstanding  
24 section 104(g)(2) of this title (42 U.S.C.  
25 5304(g)(2)), the Secretary may, upon receipt of a

1 request for release of funds and certification, imme-  
2 diately approve the release of funds for an activity  
3 or project assisted with amounts made available for  
4 use under this section if the recipient has adopted  
5 an environmental review, approval or permit under  
6 paragraph (1) or the activity or project is categori-  
7 cally excluded from review under the National Envi-  
8 ronmental Policy Act of 1969 (42 U.S.C. 4321 et  
9 seq.).

10 “(3) STATE ACTIONS.—The requirements of  
11 section 104(g)(4) shall apply to assistance under  
12 this section that a State distributes to a unit of gen-  
13 eral local government.

14 “(1) COLLECTION OF INFORMATION; AUDITS AND  
15 OVERSIGHT.—

16 “(1) COLLECTION OF INFORMATION.—For each  
17 major disaster for which assistance is made available

17 **SEC. 5846. POLICY REGARDING DEVELOPMENT OF NU-**  
18 **CLEAR WEAPONS BY IRAN.**

19          (a) FINDINGS.—Congress finds the following:

20                   (1) Congress and several successive Presidential  
21           administrations have long sought to prevent Iran  
22           from ever acquiring a nuclear weapon.

23                   (2) It is currently estimated that Iran is almost  
24           to the point of having enough highly-enriched nu-

1 clear material to produce a nuclear weapon, if fur-  
2 ther enriched.

3 (3) On March 3, 2020, the International Atom-  
4 ic Energy Agency (IAEA) Director General reported  
5 to the Agency's Board of Governors that nuclear  
6 material was found at three previously undisclosed  
7 locations in Iran.

8 (4) The IAEA reported it began investigating  
9 this matter pursuant to Iran's IAEA safeguards ob-  
10 ligations in 2019.

11 (5) On March 5, 2022, the IAEA and the  
12 Atomic Energy Organization of Iran announced an  
13 agreement wherein Iran committed to provide the  
14 IAEA with information and documents in response  
15 to the IAEA's questions related to uranium particles  
16 discovered at undeclared sites in Iran.

17 (6) On June 6, 2022, the Director General of  
18 the IAEA stated that "Iran has not provided expla-  
19 nations that are technically credible in relation to  
20 the Agency's findings at three undeclared locations  
21 in Iran. Nor has Iran informed the Agency of the  
22 current location, or locations, of the nuclear material  
23 and/or of the equipment contaminated with nuclear  
24 material, that was moved from Turqzabad in  
25 2018."

4     **SEC. 6001. SHORT TITLE.**

5             This title may be cited as the “Taiwan Peace and  
6     Stability Act”.

7     **SEC. 6002. FINDINGS AND STATEMENT OF POLICY.**

8             (a) FINDINGS.—Congress makes the following find-  
9     ings:

10            (1) The United States has consistently sought  
11            to advance peace and stability in East Asia as a cen-  
12            tral element of U.S. foreign policy toward the region.

13            (2) The Government of the People’s Republic of  
14            China (PRC), especially since the election of Tsai  
15            Ing-Wen in 2016, has conducted a coordinated cam-  
16            paign to weaken Taiwan diplomatically, economi-  
17            cally, and militarily in a manner that threatens to  
18            erode U.S. policy and create a fait accompli on ques-  
19            tions surrounding Taiwan’s future.

20            (3) In order to ensure the longevity of U.S. pol-  
21            icy and preserve the ability of the people of Taiwan  
22            to determine their future independently, it is nec-  
23            essary to reinforce Taiwan’s diplomatic, economic,  
24            and physical space.

1 (b) STATEMENT OF POLICY.—It is the policy of the  
2 United States to—

3 (1) maintain the position that peace and sta-  
4 bility in the Western Pacific are in the political, se-  
5 curity, and economic interests of the United States,  
6 and are matters of international concern; and

7 (2) work with allies and partners to promote  
8 peace and stability in the Indo-Pacific and deter  
9 military acts or other forms of coercive behavior that  
10 would undermine regional stability.

20 **SEC. 6011. FINDINGS.**

21 Congress makes the following findings:

22           (1) Taiwan has provided monetary, humani-  
23 tarian, and medical assistance to combat diseases  
24 such as AIDS, tuberculosis, Ebola, and dengue fever  
25 in countries around the world. During the COVID–

1 19 pandemic, Taiwan donated millions of pieces of  
2 personal protective equipment and COVID–19 tests  
3 to countries in need.

4 (2) Since 2016, the Gambia, Sao Tome and  
5 Principe, Panama, the Dominican Republic, Burkina  
6 Faso, El Salvador, the Solomon Islands, and  
7 Kiribati have severed diplomatic relations with Tai-  
8 wan in favor of diplomatic relations with China.

9 (3) Taiwan was invited to participate in the  
10 World Health Assembly, the decision-making body of  
11 the World Health Organization (WHO), as an ob-  
12 server annually between 2009 and 2016. Since the  
13 2016 election of President Tsai, the PRC has in-  
14 creasingly resisted Taiwan’s participation in the  
15 WHA. Taiwan was not invited to attend the WHA  
16 in 2017, 2018, 2019, 2020, or 2021.

17 (4) The Taipei Flight Information Region re-  
18 portedly served 1.75 million flights and 68.9 million  
19 passengers in 2018 and is home to Taiwan Taoyuan  
20 International airport, the eleventh busiest airport in  
21 the world. Taiwan has been excluded from partici-  
22 pating at the International Civil Aviation Organiza-  
23 tion (ICAO) since 2013.

24 (5) United Nations (UN) General Assembly  
25 Resolution 2758 does not address the issue of rep-

1       resentation of Taiwan and its people at the United  
2       Nations, nor does it give the PRC the right to rep-  
3       resent the people of Taiwan.

4   **SEC. 6012. SENSE OF CONGRESS ON TAIWAN'S MEANINGFUL**  
5                   **PARTICIPATION IN THE INTERNATIONAL**  
6                   **COMMUNITY.**

7       It is the sense of Congress that—

8           (1) Taiwan is free, democratic, and prosperous,  
9       and is home to 23.5 million people. It is an impor-  
10      tant contributor to the global community, as a model  
11      for democracy, and by providing expertise in global  
12      health, international aviation security, emerging  
13      technology development, and with forward looking  
14      environmental policies;

15          (2) multiple United States Government admin-  
16      istrations of both political parties have taken impor-  
17      tant steps to advance Taiwan's meaningful partici-  
18      pation in international organizations;

19          (3) existing efforts to enhance U.S. cooperation  
20      with Taiwan to provide global public goods, includ-  
21      ing through development assistance, humanitarian  
22      assistance, and disaster relief in trilateral and multi-  
23      lateral fora is laudable and should continue;

24          (4) nonetheless, significant structural, policy,  
25      and legal barriers remain to advancing Taiwan's

1 meaningful participation in the international com-  
2 munity; and

3 (5) efforts to share Taiwan’s expertise with  
4 other parts of the global community could be further  
5 enhanced through a systematic approach, along with  
6 greater attention from Congress and the American  
7 public to such efforts.

11 to identify likeminded allies and partners who  
12 might become public or private partners in the  
13 strategy.

14 (E) A survey of IOs that have allowed Tai-  
15 wan's meaningful participation, including an as-  
16 sessment of whether any erosion in Taiwan's  
17 engagement has occurred within those organiza-  
18 tions and how Taiwan's participation has posi-  
19 tively strengthened the capacity and activity of  
20 these organizations, thereby providing positive  
21 models for Taiwan's inclusion in other similar  
22 forums.

23 (F) A list of no more than 20 IOs at which  
24 the U.S. Government will prioritize for using its

22 **Economic Space**

23 **SEC. 6021. SENSE OF CONGRESS ON EXPANDING U.S. ECO-**  
24 **NOMIC RELATIONS WITH TAIWAN.**

25 It is the sense of the Congress that—

1           (1) expanding U.S. economic relations with Tai-  
2 wan has benefited the people of both the United  
3 States and Taiwan. Taiwan is now the United States  
4 10th largest goods trading partner, 13th largest ex-  
5 port market, 13th largest source of imports, and a  
6 key destination for U.S. agricultural exports;

7           (2) further integration, consistent with robust  
8 environmental standard and labor rights, would ben-  
9 efit both peoples and is in the strategic and diplo-  
10 matic interests of the United States; and

11           (3) the United States should explore opportuni-  
12 ties to expand economic agreements between Taiwan  
13 and the United States, through dialogue, and by de-  
14 veloping the legal templates required to support po-  
15 tential future agreements.

## 16   **Subtitle C—Enhancing Deterrence** 17                                   **Over Taiwan**

### 18   **SEC. 6031. SENSE OF CONGRESS ON PEACE AND STABILITY**

#### 19                                   **IN THE TAIWAN STRAIT.**

20           It is the sense of Congress that—

21           (1) PRC attempts to intimidate Taiwan, includ-  
22 ing through high rates of PRC sorties into air space  
23 near Taiwan, and PRC amphibious assault exercises  
24 near Taiwan, jeopardizes the long-standing U.S. po-

1 sition that differences in cross-Strait relations must  
2 be resolved peacefully;

3 (2) given the potential for a cross-Strait conflict  
4 to be highly destructive and destabilizing, any in-  
5 crease in the risk of conflict demands attention and  
6 obligates leaders to reinforce deterrence, as the most  
7 viable means to prevent war;

8 (3) Taiwan should continue to implement its  
9 asymmetric defense strategy, including investing in  
10 cost-effective and resilient capabilities, while also  
11 strengthening recruitment and training of its reserve  
12 and civil defense forces, and those capabilities in-  
13 clude coastal defense cruise missiles; and

14 (4) while enhancing deterrence, it is also essen-  
15 tial to maintain open and effective crisis communica-  
16 tion and risk reduction mechanisms, as a means to  
17 reduce the risk of misunderstanding and ultimately,  
18 conflict.

19 **SEC. 6032. STRATEGY TO ENHANCE DETERRENCE OVER A**  
20 **CROSS-STRAIT CONFLICT.**

21 (a) IN GENERAL.—No later than 90 days after the  
22 date of enactment of this Act, the President shall submit  
23 to the appropriate congressional committees a whole-of-  
24 government strategy to enhance deterrence over a cross-  
25 Strait military conflict between the PRC and Taiwan.

1 (b) MATTERS TO BE INCLUDED.—The strategy shall  
2 include:

3 (1) A comprehensive review of existing diplo-  
4 matic, economic, and military tools to establish de-  
5 terrence over a cross-Strait conflict and an assess-  
6 ment of their efficacy.

7 (2) An examination of the present and future  
8 capabilities of the United States and Taiwan to re-  
9 spond to the potential PLA campaigns against Tai-  
10 wan in 5, 10, and 15 years. The analysis shall in-  
11 clude an assessment of the progress Taiwan has  
12 made in developing the cost-effective and resilient  
13 capabilities needed to respond to its strategic envi-  
14 ronment, as well as any additional personnel, pro-  
15 curement, or training reforms required.

16 (3) An evaluation of the feasibility of expanding  
17 coordination with U.S. allies and partners to en-  
18 hance deterrence over a cross-Strait conflict. The re-  
19 view shall include, but is not limited to, a review of  
20 the following matters:

22 private messaging on deterrence vis-à-vis Tai-

2           raise the costs of PRC military action that  
3           could precipitate a cross-Strait conflict.

4           (C) Enhancing co-development and co-de-  
5           ployment of military capabilities related to de-  
6           terrence over a cross-Strait conflict, or enhanc-  
7           ing coordinated training of Taiwan's military  
8           forces.

9           (4) Recommendations on significant additional  
10          diplomatic, economic, and military steps available to  
11          the U.S. Government, unilaterally and in concert  
12          with U.S. allies and partners, to enhance the clarity  
13          and credibility of deterrence over a cross-Strait con-  
14          flict.

15          (5) A description of any additional resources or  
16          authorities needed to implement the recommenda-  
17          tions identified in paragraph (5).

18          (c) FORM OF REPORT.—The strategy required in  
19          subsection (b) shall be classified, but it may include an

21          dent.

25          or his or her designee, as well as representatives from the

13 ening the community of civilian defense professionals in  
14 Taiwan, facilitated through the American Institute in Tai-

20 matic and funding modalities to support Taiwan's  
21 civilian defense professionals in pursuing profes-  
22 sional development, educational, and cultural ex-  
23 changes in the United States. The review shall in-  
24 clude, but is not limited to—

3           International Visitor Leaders Program; and

19          the field for young professionals in Taiwan.

20          (5) An assessment of options the United States  
21          Government could take individually, with partners in

20 (4) facilitate international cooperation by work-  
21 ing with international partners through intergovern-  
22 mental, international, and nongovernmental organi-  
23 zations such as the United Nations to—

24 (A) lead a resolution at the United Nations  
25 Security Council or General Assembly and

1 World Health Assembly outlining the danger to  
2 human and animal health from emerging  
3 zoonotic infectious diseases, with recommenda-  
4 tions for implementing the closure of wildlife  
5 markets and prevention of the commercial trade  
6 in live wildlife for human consumption, except  
7 where the consumption of wildlife is necessary  
8 for local food security or where such actions  
9 would significantly disrupt a readily available  
10 and irreplaceable food supply;

11 (B) raise awareness and build stakeholder  
12 engagement networks, including civil society,  
13 the private sector, and local and regional gov-  
14 ernments on the dangerous potential of wildlife  
15 markets as a source of zoonotic diseases and re-  
16 duce demand for the consumption of wildlife

18 grams, while ensuring that existing wildlife  
19 habitat is not encroached upon or destroyed as  
20 part of this process;

21 (C) encourage and support alternative  
22 forms of sustainable food production, farming,  
23 and shifts to sustainable sources of protein and  
24 nutrition instead of terrestrial wildlife, where  
25 able and appropriate, and reduce consumer de-

1 mand for terrestrial and freshwater wildlife  
2 through enhanced local and national food sys-  
3 tems, especially in areas where wildlife markets  
4 play a significant role in meeting subsistence  
5 needs while ensuring that existing wildlife habi-  
6 tat is not encroached upon or destroyed as part  
7 of this process; and

8 (D) strive to increase biosecurity and hygi-  
9 nic standards implemented in farms, gathering  
10 centers, transport, and market systems around  
11 the globe, especially those specializing in the

13 sumption.

14 **SEC. 6305. PREVENTION OF FUTURE ZOOBOTIC SPILLOVER**  
15 **EVENT.**

16 (a) IN GENERAL.—The Secretary of State and the  
17 Administrator of the United States Agency for Inter-  
18 national Development, in consultation with the Director  
19 of the United States Fish and Wildlife Service, the Sec-  
20 retary of Agriculture, the Director of the Centers for Dis-  
21 ease Control and Prevention, and the heads of other rel-  
22 evant departments and agencies, shall work with foreign  
23 governments, multilateral entities, intergovernmental or-  
24 ganizations, international partners, private sector part-  
25 ners, and nongovernmental organizations to carry out ac-

1 tivities supporting the following objectives, recognizing  
2 that multiple interventions will likely be necessary to make  
3 an impact, and that interventions will need to be tailored  
4 to the situation to—

5           (1) pursuant to section 6302, close wildlife mar-  
6           kets and prevent associated commercial trade in live  
7           wildlife, placing a priority focus on countries with  
8           significant markets for live wildlife for human con-  
9           sumption, high-volume commercial trade and associ-  
10          ated markets, trade in and across urban centers,  
11          and trade for luxury consumption or where there is  
12          no dietary necessity—

13                   (A) through existing treaties, conventions,  
14                   and agreements;

15                   (B) by amending existing protocols or  
16                   agreements;

17                   (C) by pursuing new protocols; or

18                   (D) by other means of international coordi-  
19                   nation;

20           (2) improve regulatory oversight and reduce  
21           commercial trade in live wildlife and eliminate prac-  
22           tices identified to contribute to zoonotic spillover and  
23           emerging pathogens;

1           (3) prevent commercial trade in live wildlife  
2 through programs that combat wildlife trafficking  
3 and poaching, including—

4           (A) providing assistance to improve law en-  
5 forcement;

6           (B) detecting and deterring the illegal im-  
7 port, transit, sale, and export of wildlife;

14 and reduce demand for such wildlife products;

15          (F) leveraging United States private sector  
16 technologies and expertise to scale and enhance  
17 enforcement responses to detect and prevent  
18 such trade; and

19          (G) strengthening collaboration with key  
20 private sector entities in the transportation in-  
21 dustry to prevent and report the transport of  
22 such wildlife and wildlife products;

23          (4) leverage strong United States bilateral rela-  
24 tionships to support new and existing inter-Ministe-

1       rial collaborations or Task Forces that can serve as  
2       regional One Health models;

3           (5) build local agricultural and food safety ca-  
4       pacity by leveraging expertise from the United  
5       States Department of Agriculture (USDA) and in-  
6       stitutions of higher education with agricultural or  
7       natural resource expertise;

8           (6) work through international organizations to  
9       help develop a set of objective risk-based metrics  
10      that provide a cross-country comparable measure of  
11      the level of risk posed by wildlife trade and mar-  
12      keting and can be used to track progress nations  
13      make in reducing risks, identify where resources  
14      should be focused, and potentially leverage a peer in-  
15      fluence effect;

16          (7) increase efforts to prevent the degradation  
17      and fragmentation of forests and other intact eco-  
18      systems to minimize interactions between wildlife  
19      and human and livestock populations that could con-  
20      tribute to spillover events and zoonotic disease trans-  
21      mission, including by providing assistance or sup-  
22      porting policies to, for example—

23           (A) conserve, protect, and restore the in-  
24      tegrity of such ecosystems;

1 (B) support the rights and needs of Indige-  
2 nous People and local communities and their

6 management of protected areas, prioritizing  
7 highly intact areas; and

8 (D) prevent activities that result in the de-  
9 struction, degradation, fragmentation, or con-  
10 version of intact forests and other intact eco-  
11 systems and biodiversity strongholds, including  
12 by governments, private sector entities, and  
13 multilateral development financial institutions;

14 (8) offer appropriate alternative livelihood and  
15 worker training programs and enterprise develop-  
16 ment to wildlife traders, wildlife breeders, and local  
17 communities whose members are engaged in the  
18 commercial trade in live wildlife for human con-  
19 sumption;

20 (9) ensure that the rights of indigenous peoples  
21 and local communities are respected and their au-  
22 thority to exercise these rights is protected;

23 (10) strengthen global capacity for prevention,  
24 prediction, and detection of novel and existing  
25 zoonoses with pandemic potential, including the sup-

1 port of innovative technologies in coordination with  
2 the United States Agency for International Develop-  
3 ment, the Centers for Disease Control and Preven-  
4 tion, and other relevant departments and agencies;  
5 and

6 (11) support the development of One Health  
7 systems at the local, regional, national, and global  
8 levels in coordination with the United States Agency  
9 for International Development, the Centers for Dis-  
10 ease Control and Prevention, and other relevant de-  
11 partments and agencies, particularly in emerging in-  
12 fectious disease hotspots, through a collaborative,  
13 multisectoral, and transdisciplinary approach that  
14 recognizes the interconnections among people, ani-  
15 mals, plants, and their shared environment to  
16 achieve equitable and sustainable health outcomes.

13 the following efforts:

14 (A) Providing assistance and advice to  
15 other governments in the adoption of legislation  
16 and regulations to close wildlife markets and  
17 associated trade over such timeframe and in  
18 such manner as to minimize the increase of  
19 wildlife trafficking and poaching.

20 (B) Creating economic and enforcement  
21 pressure for the immediate shut down of uncon-

23 and their supply chains to prevent their oper-  
24 ation.

1           (C) Providing assistance and guidance to  
2 other governments on measures to prohibit the  
3 import, export, and domestic commercial trade  
4 in live wildlife for the purpose of human con-

11 key stakeholders at the ministerial, local gov-  
12 ernment, and civil society level, including Indig-  
13 enous Peoples, in countries that will be im-  
14 pacted by this title and where wildlife markets  
15 and associated wildlife trade are the predomi-  
16 nant source of meat or protein, in order to miti-  
17 gate the impact of any international efforts on  
18 food security, nutrition, local customs, conserva-  
19 tion methods, or cultural norms.

4 opment to reduce demand for consumption of  
5 wildlife from wildlife markets and support shifts  
6 to diversified alternative and sustainably pro-  
7 duced sources of nutritious food and protein in  
8 communities that rely upon the consumption of  
9 wildlife for food security, while ensuring that  
10 existing wildlife habitat is not encroached upon  
11 or destroyed as part of this process, using a  
12 multisectoral approach and including support  
13 for demonstration programs.

14 (B) ACTIVITIES.—The Bureau for Devel-  
15 opment, Democracy and Innovation (DDI), the

18 of the United States Agency for International  
19 Development shall, in partnership with United  
20 States and international institutions of higher  
21 education and nongovernmental organizations,  
22 co-develop approaches focused on safe, sustain-  
23 able food systems that support and incentivize  
24 the replacement of terrestrial wildlife in diets,  
25 while ensuring that existing wildlife habitat is

1 not encroached upon or destroyed as part of  
2 this process.

3 (2) ADDRESSING THREATS AND CAUSES OF  
4 ZOOBOTIC DISEASE OUTBREAKS.—The Adminis-

13 cluding through—

14 (A) education;

15 (B) capacity building;

16 (C) strengthening human, livestock, and  
17 wildlife health monitoring systems of pathogens

5 opportunities where possible;

6 (F) preventing degradation and fragmenta-  
7 tion of forests and other intact ecosystems and  
8 restoring the integrity of such ecosystems, par-

11 transmission that arise from interactions among  
12 wildlife, humans, and livestock populations;

13 (G) minimizing interactions between do-  
14 mestic livestock and wild animals in markets  
15 and captive production;

16 (H) supporting shifts from wildlife markets  
17 to diversified, safe, affordable, and accessible al-  
18 ternative sources of protein and nutrition

20 tems while ensuring that existing wildlife habi-  
21 tat is not encroached upon or destroyed as part  
22 of this process;

23 (I) improving community health, forest  
24 management practices, and safety of livestock  
25 production in tropical landscapes, particularly

1 in hotspots for zoonotic spillover and emerging  
2 infectious diseases;

3 (J) preventing degradation and fragmenta-  
4 tion of forests and other intact ecosystems, par-

7 populations that could contribute to spillover  
8 events and zoonotic disease transmission, in-  
9 cluding by providing assistance or supporting  
10 policies to—

11 (i) conserve, protect, and restore the  
12 integrity of such ecosystems; and

4 any letter of offer to sell, or any application for a license  
5 to export or transfer, defense articles or defense services  
6 controlled for export, regardless of monetary value, should

8 Secretary of State has credible information, with respect  
9 to a country to which the defense articles or defense serv-  
10 ices are proposed to be sold, exported, or transferred,  
11 that—

12 (1) the government of such country on or after

26 human rights, and has not been credibly inves-

1           tigated and subjected to a credible and trans-  
2           parent judicial process addressing such allega-  
3           tion, including, inter alia—

5                   (ii) rape or sexual assault;

6                   (iii) ethnic cleansing of civilians;

8           diers;

9                   (v) unjust or wrongful detention;

10                  (vi) the operation of, or effective con-  
11           trol or direction over, secret detention fa-  
12           cilities; or

20   U.S.C. 2304(c)) biannually for the period of time specified  
21   in subsection (c) of this section regarding any country cov-  
22   ered under subsection (a).

23           (c) MODIFICATION OF PRIOR NOTIFICATION OF  
24   SHIPMENT OF ARMS.—Section 36(i) of the Arms Export

19 nized human rights.”.

25 military”—

2 **Conflict in Burma**

3 **SEC. 6511. FINDINGS.**

4 Congress makes the following findings:

5 (1) Since 1988, the United States policy of  
6 principled engagement has fostered positive demo-  
7 cratic reforms in Burma, with elections in 2010,  
8 2015, and 2020, helping to bring about the partial  
9 transition to civilian rule and with the latter 2 elec-  
10 tions resulting in resounding electoral victories for  
11 the National League for Democracy.

12 (2) That democratic transition remained incom-  
13 plete, with the military retaining significant power  
14 and independence from civilian control following the  
15 2015 elections, including through control of 25 per-  
16 cent of parliamentary seats, a de facto veto over con-  
17 stitutional reform, authority over multiple govern-  
18 ment ministries, and the ability to operate with im-  
19 punity and no civilian oversight.

20 (3) Despite some improvements with respect for  
21 human rights and fundamental freedoms beginning  
22 in 2010, and the establishment of a quasi-civilian  
23 government following credible elections in 2015,  
24 Burma's military leaders have, since 2016, overseen  
25 an increase in restrictions to freedom of expression

1 (including for members of the press), freedom of  
2 peaceful assembly, freedom of association, and free-  
3 dom of religion or belief.

4 (4) On August 25, 2017, Burmese military and  
5 security forces launched a genocidal military cam-  
6 paign against Rohingya, resulting in a mass exodus  
7 of some 750,000 Rohingya from Burma's Rakhine  
8 State into Bangladesh, where they remain. The mili-  
9 tary has since taken no steps to improve conditions  
10 for Rohingya still in Rakhine State, who remain at  
11 high risk of genocide and other atrocities, or to cre-  
12 ate conditions conducive to the voluntary return of  
13 Rohingya refugees and other internally displaced  
14 persons (IDPs).

15 (5) The Burmese military has also engaged in  
16 renewed violence with other ethnic minority groups  
17 across the country. The military has continued to  
18 commit atrocities in Chin, Kachin, Kayah, and  
19 Shan. Fighting in northern Burma has forced more  
20 than 100,000 people from their homes and into  
21 camps for internally displaced persons. The Burmese  
22 military continues to heavily proscribe humanitarian  
23 and media access to conflict-affected populations  
24 across the country.

1           (6) With more nearly \$470,000,000 in humani-  
2           tarian assistance in response to the crisis in fiscal  
3           year 2021, the United States is the largest humani-  
4           tarian donor to populations in need as a result of  
5           conflicts in Burma. In May 2021, the United States  
6           announced nearly \$155,000,000 in additional hu-  
7           manitarian assistance to meet the urgent needs of  
8           Rohingya refugees and host communities in Ban-  
9           gladesh and people affected by ongoing violence in  
10          Burma’s Rakhine, Kachin, Shan, and Chin states.  
11          In September 2021, the United States provided  
12          nearly \$180,000,000 in additional critical humani-  
13          tarian assistance to the people of Burma, bringing  
14          the total fiscal year 2021 to more than  
15          \$434,000,000.

16          (7) Both government- and military-initiated in-  
17          vestigations into human rights abuses in Burma in-  
18          volving violence between ethnic minorities and Bur-  
19          mese security forces have failed to yield credible re-  
20          sults or hold perpetrators accountable.

21          (8) In its report dated September 17, 2018, the  
22          United Nations Independent International Fact-  
23          Finding Mission on Myanmar concluded, on reason-  
24          able grounds, that the factors allowing inference of  
25          “genocidal intent” are present with respect to the

1 attacks against Rohingya in Rakhine State, and acts  
2 by Burmese security forces against Rohingya in  
3 Rakhine State and other ethnic minorities in Kachin  
4 and Shan States amount to “crimes against human-  
5 ity” and “war crimes”. The Independent Inter-  
6 national Fact-Finding Mission on Myanmar estab-  
7 lished by the United Nations Human Rights Council  
8 recommended that the United Nations Security  
9 Council “should ensure accountability for crimes  
10 under international law committed in Myanmar,  
11 preferably by referring the situation to the Inter-  
12 national Criminal Court or alternatively by creating  
13 an ad hoc international criminal tribunal”. The Mis-  
14 sion also recommended the imposition of targeted  
15 economic sanctions, including an arms embargo on  
16 Burma.

17 (9) On December 13, 2018, the United States  
18 House of Representatives passed House Resolution  
19 1091 (115th Congress), which expressed the sense of  
20 the House that “the atrocities committed against the  
21 Rohingya by the Burmese military and security  
22 forces since August 2017 constitute crimes against  
23 humanity and genocide” and called upon the Sec-  
24 retary of State to review the available evidence and  
25 make a similar determination.

1           (10) In a subsequent report dated August 5,  
2           2019, the United Nations Independent International  
3           Fact-Finding Mission on Myanmar found that the  
4           Burmese military’s economic interests “enable its  
5           conduct” and that it benefits from and supports ex-  
6           tractive industry businesses operating in conflict-af-  
7           fected areas in northern Burma, including natural  
8           resources, particularly oil and gas, minerals and  
9           gems and argued that “through controlling its own  
10          business empire, the Tatmadaw can evade the ac-  
11          countability and oversight that normally arise from  
12          civilian oversight of military budgets”. The report  
13          called for the United Nations and individual govern-  
14          ments to place targeted sanctions on all senior offi-  
15          cials in the Burmese military as well as their eco-  
16          nomic interests, especially Myanma Economic Hold-  
17          ings Limited and Myanmar Economic Corporation.

18          (11) Burma’s November 2020 election resulted  
19          in a landslide victory for the National League of De-  
20          mocracy, with the National League for Democracy  
21          winning a large majority of seats in Burma’s na-  
22          tional parliament. The elections were judged to be  
23          credible, and marked an important step in the coun-  
24          try’s democratic transition.

1           (12) On February 1, 2021, the Burmese mili-  
2           tary conducted a coup d'état, declaring a year-long  
3           state of emergency and detaining State Counsellor  
4           Aung San Suu Kyi, President Win Myint, and doz-  
5           ens of other government officials and elected mem-  
6           bers of parliament, thus derailing Burma's transi-  
7           tion to democracy and disregarding the will of the  
8           people of Burma as expressed in the November 2020  
9           general elections, which were determined to be cred-  
10          ible by international and national observers.

11          (13) Following the coup, some ousted members  
12          of parliament established the Committee Rep-  
13          resenting the Pyidaungsu Hluttaw (CRPH), which  
14          subsequently established the National Unity Consult-  
15          ative Council in March of 2021. The National Unity  
16          Consultative Council includes representatives from a  
17          broad spectrum of stakeholders in Burma opposed to  
18          the military and the coup: elected representatives  
19          from the CRPH, representatives from the ethnic  
20          armed organizations, members of Burma's civil dis-  
21          obedience movement, and other anti-coup forces.

22          (14) The CRPH subsequently released the Fed-  
23          eral Democracy Charter in March 2021 and estab-  
24          lished the National Unity Government in April 2021.  
25          The National Unity Government includes represent-

1 atives from ethnic minority groups, civil society or-  
2 ganizations, women’s groups, leaders of the civil dis-  
3 obedience movement, and others.

4 (15) Since the coup on February 1, 2021, the  
5 Burmese military has—

6 (A) used lethal force on peaceful protestors  
7 on multiple occasions, killing more than 2,000  
8 people, including more than 142 children;

9 (B) detained more than 10,000 peaceful  
10 protestors, participants in the Civil Disobe-  
11 dience Movement, labor leaders, government of-  
12 ficials and elected members of parliament,  
13 members of the media, and others, according to  
14 the Assistance Association for Political Pris-  
15 oners;

16 (C) issued laws and directives used to fur-  
17 ther impede fundamental freedoms, including  
18 freedom of expression (including for members  
19 of the press), freedom of peaceful assembly, and  
20 freedom of association; and

21 (D) imposed restrictions on the internet  
22 and telecommunications.

23 (16) According to the UNHCR, more than  
24 758,000 people have been internally displaced since  
25 the coup, while an estimated 40,000 have sought ref-

1       uge in neighboring countries. Nevertheless, the Bur-  
2       mese military continues to block humanitarian as-  
3       sistance to populations in need. According to the  
4       World Health Organization, the military has carried  
5       out more than 286 attacks on health care entities  
6       since the coup and killed at least 30 health workers.  
7       Dozens more have been arbitrarily detained, and  
8       hundreds have warrants out for their arrest. The  
9       military continued such attacks even as they inhib-  
10      ited efforts to combat a devastating third wave of  
11      COVID–19. The brutality of the Burmese military  
12      was on full display on March 27, 2021, Armed  
13      Forces Day, when, after threatening on state tele-  
14      vision to shoot protesters in the head, security forces  
15      killed more than 150 people.

16           (17) The coup represents a continuation of a  
17      long pattern of violent and anti-democratic behavior  
18      by the military that stretches back decades, with the  
19      military having previously taken over Burma in  
20      coups d'état in 1962 and 1988, and having ignored  
21      the results of the 1990 elections, and a long history  
22      of violently repressing protest movements, including  
23      killing and imprisoning thousands of peaceful  
24      protestors during pro-democracy demonstrations in  
25      1988 and 2007.

1           (18) On February 11, 2021, President Biden  
2 issued Executive Order 14014 in response to the  
3 coup d'état, authorizing sanctions against the Bur-  
4 mese military, its economic interests, and other per-  
5 petrators of the coup.

6           (19) Since the issuance of Executive Order  
7 14014, President Biden has taken several steps to  
8 impose costs on the Burmese military and its leader-  
9 ship, including by designating or otherwise imposing  
10 targeted sanctions with respect to—

11           (A) multiple high-ranking individuals and  
12 their family members, including the Com-  
13 mander-in-Chief of the Burmese military, Min  
14 Aung Hlaing, Burma's Chief of Police, Than  
15 Hlaing, and the Bureau of Special Operations  
16 commander, Lieutenant General Aung Soe, and  
17 over 35 other individuals;

18           (B) state-owned and military controlled  
19 companies, including Myanmar Economic Hold-  
20 ings Public Company, Ltd., Myanmar Economic  
21 Corporation, Ltd., Myanmar Economic Hold-  
22 ings Ltd., Myanmar Ruby Enterprise, Myanmar  
23 Imperial Jade Co., Ltd., and Myanmar Gems  
24 Enterprise; and

1 (C) other corporate entities, Burmese mili-  
2 tary units, and Burmese military entities, in-  
3 cluding the military regime’s State Administra-  
4 tive Council.

5 (20) The United States has also implemented  
6 new restrictions on exports and reexports to Burma  
7 pursuant to Executive Order 14014; and

8 (21) On April 24, 2021, the Association of  
9 Southeast Asian Nations (ASEAN) agreed to a five-  
10 point consensus which called for an “immediate ces-  
11 sation of violence”, “constructive dialogue among all  
12 parties”, the appointment of an ASEAN special  
13 envoy, the provision of humanitarian assistance  
14 through ASEAN’s AHA Centre, and a visit by the  
15 ASEAN special envoy to Burma. Except for the ap-  
16 pointment of the Special Envoy in August 2021, the  
17 other elements of the ASEAN consensus remain  
18 unimplemented due to obstruction by the Burmese  
19 military.

20 (22) In June 2021, the National Unity Govern-  
21 ment included ethnic minorities and women among  
22 its cabinet and released a policy paper outlining  
23 pledges to Rohingya and calling for “justice and rep-  
24 arations” for the community. The statement affirms  
25 the Rohingya right to citizenship in Burma, a sig-

1       nificant break from past Burmese government poli-  
2       cies.

3               (23) On March 21, 2022, Secretary of State  
4       Antony Blinken announced that the United States  
5       had concluded that “members of the Burmese mili-  
6       tary committed genocide and crimes against human-  
7       ity against Rohingya”.

8       **SEC. 6512. STATEMENT OF POLICY.**

9       It is the policy of the United States—

10              (1) to support genuine democracy, peace, and  
11       national reconciliation in Burma;

12              (2) to pursue a strategy of calibrated engage-  
13       ment, which is essential to support the establishment  
14       of a peaceful, prosperous, and democratic Burma  
15       that includes respect for the human rights of all in-  
16       dividuals regardless of ethnicity and religion;

17              (3) to seek the restoration to power of a civilian  
18       government that reflects the will of the people of  
19       Burma;

20              (4) to support constitutional reforms that en-  
21       sure civilian governance and oversight over the mili-  
22       tary;

23              (5) to assist in the establishment of a fully  
24       democratic, civilian-led, inclusive, and representative  
25       political system that includes free, fair, credible, and

1 democratic elections in which all people of Burma,  
2 including all ethnic and religious minorities, can par-  
3 ticipate in the political process at all levels including  
4 the right to vote and to run for elected office;

5 (6) to support legal reforms that ensure protec-  
6 tion for the civil and political rights of all individuals  
7 in Burma, including reforms to laws that criminalize  
8 the exercise of human rights and fundamental free-  
9 doms, and strengthening respect for and protection  
10 of human rights, including freedom of religion or be-  
11 lief;

12 (7) to seek the unconditional release of all pris-  
13 oners of conscience and political prisoners in Burma;

14 (8) to strengthen Burma's civilian governmental  
15 institutions, including support for greater trans-  
16 parency and accountability once the military is no  
17 longer in power;

18 (9) to empower and resource local communities,  
19 civil society organizations, and independent media;

20 (10) to promote national reconciliation and the  
21 conclusion and credible implementation of a nation-  
22 wide cease-fire agreement, followed by a peace proc-  
23 ess that is inclusive of ethnic Rohingya, Shan,  
24 Rakhine, Kachin, Chin, Karenni, and Karen, and  
25 other ethnic groups and leads to the development of

1 a political system that effectively addresses natural  
2 resource governance, revenue-sharing, land rights,  
3 and constitutional change enabling inclusive peace;

4 (11) to ensure the protection and non-  
5 refoulement of refugees fleeing Burma to neigh-  
6 boring countries and prioritize efforts to create a  
7 conducive environment and meaningfully address  
8 long-standing structural challenges that undermine  
9 the safety and rights of Rohingya in Rakhine State  
10 as well as members of other ethnic and religious mi-  
11 norities in Burma, including by promoting the cre-  
12 ation of conditions for the dignified, safe, sustain-  
13 able, and voluntary return of refugees in Ban-  
14 gladesh, Thailand, and in the surrounding region  
15 when conditions allow;

16 (12) to support an immediate end to restric-  
17 tions that hinder the freedom of movement of mem-  
18 bers of ethnic minorities throughout the country, in-  
19 cluding Rohingya, and an end to any and all policies  
20 and practices designed to forcibly segregate  
21 Rohingya, and providing humanitarian support for  
22 all internally displaced persons in Burma;

23 (13) to support unfettered access for humani-  
24 tarian actors, media, and human rights mechanisms,  
25 including those established by the United Nations

1 Human Rights Council and the United Nations Gen-  
2 eral Assembly, to all relevant areas of Burma, in-  
3 cluding Rakhine, Chin, Kachin, Shan, and Kayin  
4 States, as well as Sagaing and Magway regions;

5 (14) to call for accountability through inde-  
6 pendent, credible investigations and prosecutions for  
7 any potential genocide, war crimes, and crimes  
8 against humanity, including those involving sexual  
9 and gender-based violence and violence against chil-  
10 dren, perpetrated against ethnic or religious minori-  
11 ties, including Rohingya, by members of the military  
12 and security forces of Burma, and other armed  
13 groups;

14 (15) to encourage reforms toward the military,  
15 security, and police forces operating under civilian  
16 control and being held accountable in civilian courts  
17 for human rights abuses, corruption, and other  
18 abuses of power;

19 (16) to promote broad-based, inclusive economic  
20 development and fostering healthy and resilient com-  
21 munities;

22 (17) to combat corruption and illegal economic

7           that apply greater pressure on the Burmese military  
8           to restore Burma to its democratic path; and

25                and release without preconditions the journalists,

1 pro-democracy activists, and political officials that it  
2 has unjustly detained;

3 (2) pushing the United Nations Security Coun-  
4 cil to consider a resolution that immediately imposes  
5 a global arms embargo against Burma to ensure  
6 that the Burmese military is not able to obtain  
7 weapons and munitions from other nations to fur-  
8 ther harm, murder, and oppress the people of  
9 Burma;

10 (3) pushing the United Nations and other  
11 United Nations authorities to cut off assistance to

19 tives to the United Nations and United Nations bod-  
20 ies such as the Human Rights Council that are  
21 sanctioned by the Burmese military;

## 15 **Subtitle C—Ensuring Diversity in** 16 **Community Banking**

### 17 **SEC. 6631. SHORT TITLE.**

18 This subtitle may be cited as the “Ensuring Diversity  
19 in Community Banking Act”.

### 20 **SEC. 6632. SENSE OF CONGRESS ON FUNDING THE LOAN-** 21 **LOSS RESERVE FUND FOR SMALL DOLLAR** 22 **LOANS.**

23 The sense of Congress is the following:

24 (1) The Community Development Financial In-  
25 stitutions Fund (the “CDFI Fund”) is an agency of

1 the Department of the Treasury, and was estab-  
2 lished by the Riegle Community Development and  
3 Regulatory Improvement Act of 1994. The mission  
4 of the CDFI Fund is “to expand economic oppor-  
5 tunity for underserved people and communities by  
6 supporting the growth and capacity of a national  
7 network of community development lenders, inves-  
8 tors, and financial service providers”. A community  
9 development financial institution (a “CDFI”) is a  
10 specialized financial institution serving low-income  
11 communities and a Community Development Entity  
12 (a “CDE”) is a domestic corporation or partnership  
13 that is an intermediary vehicle for the provision of  
14 loans, investments, or financial counseling in low-in-  
15 come communities. The CDFI Fund certifies CDFIs  
16 and CDEs. Becoming a certified CDFI or CDE al-  
17 lows organizations to participate in various CDFI  
18 Fund programs as follows:

19 (A) The Bank Enterprise Award Program,  
20 which provides FDIC-insured depository institu-  
21 tions awards for a demonstrated increase in  
22 lending and investments in distressed commu-  
23 nities and CDFIs.

24 (B) The CDFI Program, which provides  
25 Financial and Technical Assistance awards to

1 CDFIs to reinvest in the CDFI, and to build  
2 the capacity of the CDFI, including financing  
3 product development and loan loss reserves.

4 (C) The Native American CDFI Assistance  
5 Program, which provides CDFIs and spon-  
6 soring entities Financial and Technical Assist-  
7 ance awards to increase lending and grow the  
8 number of CDFIs owned by Native Americans  
9 to help build capacity of such CDFIs.

10 (D) The New Market Tax Credit Program,  
11 which provides tax credits for making equity in-  
12 vestments in CDEs that stimulate capital in-  
13 vestments in low-income communities.

14 (E) The Capital Magnet Fund, which pro-  
15 vides awards to CDFIs and nonprofit affordable  
16 housing organizations to finance affordable  
17 housing solutions and related economic develop-  
18 ment activities.

19 (F) The Bond Guarantee Program, a  
20 source of long-term, patient capital for CDFIs  
21 to expand lending and investment capacity for  
22 community and economic development purposes.

23 (2) The Department of the Treasury is author-  
24 ized to create multi-year grant programs designed to  
25 encourage low-to-moderate income individuals to es-

1        establish accounts at federally insured banks, and to  
2        improve low-to-moderate income individuals' access  
3        to such accounts on reasonable terms.

4            (3) Under this authority, grants to participants  
5        in CDFI Fund programs may be used for loan-loss  
6        reserves and to establish small-dollar loan programs  
7        by subsidizing related losses. These grants also allow  
8        for the providing recipients with the financial coun-  
9        seling and education necessary to conduct trans-  
10       actions and manage their accounts. These loans pro-  
11       vide low-cost alternatives to payday loans and other  
12       nontraditional forms of financing that often impose  
13       excessive interest rates and fees on borrowers, and  
14       lead millions of Americans to fall into debt traps.  
15       Small-dollar loans can only be made pursuant to  
16       terms, conditions, and practices that are reasonable  
17       for the individual consumer obtaining the loan.

18           (4) Program participation is restricted to eligi-  
19       ble institutions, which are limited to organizations  
20       listed in section 501(c)(3) of the Internal Revenue  
21       Code and exempt from tax under 501(a) of such  
22       Code, federally insured depository institutions, com-  
23       munity development financial institutions and State,  
24       local, or Tribal government entities.

1           (5) According to the CDFI Fund, some pro-  
2           grams attract as much as \$10 in private capital for  
3           every \$1 invested by the CDFI Fund. The Adminis-  
4           tration and the Congress should prioritize appropria-  
5           tion of funds for the loan loss reserve fund and tech-  
6           nical assistance programs administered by the Com-  
7           munity Development Financial Institution Fund.

4             This title may be cited as the “Global Health Security  
5 Act of 2022”.

6     **SEC. 6902. FINDINGS.**

7             Congress finds the following:

8                     (1) In December 2009, President Obama re-  
9 leased the National Strategy for Countering Biologi-  
10 cal Threats, which listed as one of seven objectives  
11 “Promote global health security: Increase the avail-  
12 ability of and access to knowledge and products of  
13 the life sciences that can help reduce the impact  
14 from outbreaks of infectious disease whether of nat-  
15 ural, accidental, or deliberate origin”.

16                     (2) In February 2014, the United States and  
17 nearly 30 other nations launched the Global Health  
18 Security Agenda (GHSA) to address several high-  
19 priority, global infectious disease threats. The  
20 GHSA is a multi-faceted, multi-country initiative in-  
21 tended to accelerate partner countries’ measurable  
22 capabilities to achieve specific targets to prevent, de-  
23 tect, and respond to infectious disease threats,  
24 whether naturally occurring, deliberate, or acci-  
25 dental.

1           (3) In 2015, the United Nations adopted the  
2           Sustainable Development Goals (SDGs), which in-  
3           clude specific reference to the importance of global  
4           health security as part of SDG 3 “ensure healthy  
5           lives and promote well-being for all at all ages” as  
6           follows: “strengthen the capacity of all countries, in  
7           particular developing countries, for early warning,  
8           risk reduction and management of national and  
9           global health risks”.

10           (4) On November 4, 2016, President Obama  
11           signed Executive Order No. 13747, “Advancing the  
12           Global Health Security Agenda to Achieve a World  
13           Safe and Secure from Infectious Disease Threats”.

14           (5) In October 2017 at the GHSA Ministerial  
15           Meeting in Uganda, the United States and more  
16           than 40 GHSA member countries supported the  
17           “Kampala Declaration” to extend the GHSA for an  
18           additional 5 years to 2024.

19           (6) In December 2017, President Trump re-  
20           leased the National Security Strategy, which in-  
21           cludes the priority action: “Detect and contain bio-  
22           threats at their source: We will work with other  
23           countries to detect and mitigate outbreaks early to  
24           prevent the spread of disease. We will encourage  
25           other countries to invest in basic health care systems

1 and to strengthen global health security across the  
2 intersection of human and animal health to prevent  
3 infectious disease outbreaks”.

4 (7) In September 2018, President Trump re-  
5 leased the National Biodefense Strategy, which in-  
6 cludes objectives to “strengthen global health secu-  
7 rity capacities to prevent local bioincidents from be-  
8 coming epidemics”, and “strengthen international  
9 preparedness to support international response and  
10 recovery capabilities”.

11 (8) In January 2021, President Biden issued  
12 Executive Order 13987 (86 Fed. Reg. 7019; relating  
13 to Organizing and Mobilizing the United States Gov-  
14 ernment to Provide a Unified and Effective Re-  
15 sponse to Combat COVID–19 and to Provide United  
16 States Leadership on Global Health and Security),  
17 as well as National Security Memorandum on  
18 United States Global Leadership to Strengthen the  
19 International COVID–19 Response and to Advance  
20 Global Health Security and Biological Preparedness,  
21 which include objectives to strengthen and reform  
22 the World Health Organization, increase United  
23 States leadership in the global response to COVID–  
24 19, and to finance and advance global health secu-  
25 rity and pandemic preparedness.

1 **SEC. 6903. STATEMENT OF POLICY.**

18 subject to the availability of appropriations and in accord-  
19 ance with applicable law, take all reasonable measures—

20 (1) to provide incentives for new leases under  
21 subsection (c)(3);

22 (2) to cap those fugitive methane emissions at  
23 the source in any case in which the cap will result  
24 in the long-term sequestration of all or a significant  
25 portion of the fugitive methane emissions; or

1           (3) to destroy the fugitive methane emissions, if  
2           incentivizing leases under paragraph (1) or seques-  
3           tration under paragraph (2) is not feasible, with pri-  
4           ority for locations that destroy the greatest quantity  
5           of fugitive methane emissions at the lowest cost.

11           (I) the Secretary determines,  
12 upon adjudication of the water rights  
13 by the Colorado Water Conservation  
14 Board, that the Board holds water

8                   (F) INSUFFICIENT WATER RIGHTS.—If the  
9                   Colorado Water Conservation Board modifies  
10                  the instream flow water rights obtained under  
11                  subparagraph (E) to such a degree that the  
12                  Secretary determines that water rights held by  
13                  the State are insufficient to fulfill the purposes

9                   United States shall fund, assist, authorize, or issue  
10                  a license or permit for development of any new irri-  
11                  gation and pumping facility, reservoir, water con-
