between the United States and that tribe, or that tribe’s

Funds made available under this Act may not be used to establish a charter school at a Bureau-funded school (as that term is defined in section 1141 of the Education Amendments of 1978 (25 U.S.C. 2021)), except that a charter school that is in existence on the date of the enactment of this Act and that has operated at a Bureau-funded school before September 1, 1999, may continue to operate during that period, but only if the charter school pays to the Bureau a pro rata share of funds to reimburse the Bureau for the use of the real and personal property (including buses and vans), the funds of the charter school are kept separate and apart from Bureau funds, and the Bureau does not assume any obligation for charter school programs of the State in which the school is located if the charter school loses such funding. serve tribal members, do not include grades beyond those
currently served at the existing Bureau-funded school,
provide an educational environment with educator pres-
ence and academic facilities comparable to the Bureau-
funded school, comply with all applicable Tribal, Federal,
or State health and safety standards, and the Americans
