18 **FOREIGN COMMERCIAL SPYWARE.**

19 (a) *FINDINGS.*—Congress finds the following:

20 (1) *The proliferation of foreign commercial*
21 *spyware poses an acute and emergent threat to the*
22 *national security of the United States.*

23 (2) *Foreign entities have developed and supplied*
24 *foreign commercial spyware to other foreign govern-*
25 *ments that used these tools to maliciously target offi-*

1 *cials of the United States Government. Many of those*
2 *foreign governments have, in service of their repres-*
3 *sive activities, targeted journalists, businesspeople, ac-*
4 *tivists, academics, and other persons.*

5 *(3) Furthermore, public reports suggest that for-*
6 *ign companies involved in the proliferation of for-*
7 *ign commercial spyware maintain close ties to for-*
8 *ign governments and their intelligence services. This*
9 *close relationship between foreign governments and*
10 *the companies selling foreign commercial spyware*
11 *further the already substantial counterintelligence*
12 *concerns for any end-user of these products, including*
13 *potential end-users in the United States.*

14 *(4) To mitigate the grave counterintelligence*
15 *threat posed by the rapid spread of these tools—as*
16 *well as to improve the digital security of citizens of*
17 *the United States, combat cyber threats, and mitigate*
18 *unlawful surveillance—the United States on January*
19 *19, 2022, finalized a rule establishing controls on the*
20 *export, reexport, or in-country transfer of certain*
21 *items that can be used for malicious cyber activities.*

22 *(5) In furtherance of the same national security*
23 *objectives, the Commerce Department on November 4,*
24 *2021, released a rule adding four foreign companies*
25 *to the Entity List for engaging in activities that are*

1 *contrary to the national security or foreign policy in-*
2 *terests of the United States. This rule had the prac-*
3 *tical effect of preventing the listed companies from re-*
4 *ceiving American technologies.*

5 *(6) Subsequent public reports indicate that at*
6 *least one of the four companies added to the Entity*
7 *List attempted to evade these and other restrictions,*
8 *and a private consultancy which oversees that com-*
9 *pany informed the European Parliament in 2022*
10 *that it could not confirm the blacklisted company is*
11 *complying with all relevant laws and regulatory*
12 *frameworks.*

13 *(b) SENSE OF CONGRESS.—It is the sense of Congress*
14 *that the intelligence community, with its unique authori-*
15 *ties, foreign intelligence mission, analytical capabilities,*
16 *and other capabilities, is best positioned to lead the efforts*
17 *of the United States Government to mitigate the counter-*
18 *intelligence threats posed by the rapidly expanding eco-*
19 *system of foreign commercial spyware, including by devis-*
20 *ing and implementing strategies to protect personnel of the*
21 *United States Government from being maliciously targeted.*

22 *(c) STATEMENT OF POLICY.—It shall be the policy of*
23 *the United States to decisively act against counterintel-*
24 *ligence threats posed by foreign commercial spyware, as*
25 *well as the individuals who lead entities selling foreign com-*

1 *mercial spyware and who are reasonably believed to be in-*
2 *olved, have been involved, or pose a significant risk to*
3 *being or becoming involved, in activities contrary to the na-*
4 *tional security or foreign policy interests of the United*
5 *States.*

6 (d) *MEASURES TO MITIGATE COUNTERINTELLIGENCE*
7 *THREATS.—Title XI of the National Security Act of 1947*
8 *(50 U.S.C. 3231 et seq.) is amended by inserting after sec-*
9 *tion 1102 the following new section (and conforming the*
10 *table of contents at the beginning of such Act accordingly):*

11 **“SEC. 1102A. MEASURES TO MITIGATE COUNTERINTEL-**
12 **LIGENCE THREATS FROM PROLIFERATION**

21 **OTHER EMERGING TECHNOLOGIES.**

22 (a) *FINDINGS; SENSE OF CONGRESS*.—

23 (1) *FINDINGS*.—Congress finds the following:

24 (A) *Authorizations to operate are essential*
25 *to maintaining network and system security.*

1 *incentivizes small- and medium-sized emerging*
2 *technology companies to work with the Federal*
3 *Government, which is essential for the United*
4 *States to compete globally for technology suprem-*
5 *acy;*

6 (C) *sensitive compartmented information*
7 *facilities are often requirements for companies*
8 *that wish to conduct business with the intel-*
9 *ligence community;*

10 (D) *unfortunately, the process to accredit*
11 *and certify a facility as a sensitive compart-*
12 *mented information facility is time consuming*
13 *and expensive, which further raises the barriers*
14 *to entry for small- and medium-sized emerging*
15 *technology companies; and*

16 (E) *lowering those barriers is an important*
17 *function of the intelligence community to gain*
18 *access to the cutting-edge technology offered by*
19 *such companies.*

21 *CATIONS.—*

16 *provider that is a contractor of an element of the*
17 *intelligence community or the Department of De-*

20 *concerned may provide to head of such element*
21 *or the Secretary of Defense, as the case may be,*
22 *the most recently updated version of any soft-*

24 *without being required to submit an application*

23 *ligence and the Department of Defense for the*
24 *maintenance of records, applications, and system*

4 *determined necessary by the Director of National*
5 *Intelligence and the Secretary of Defense.*

6 *(F) A workforce plan that addresses the*
7 *shortage of personnel of the intelligence commu-*
8 *nity who are authorized to grant an authority to*

24 *tation of such protocol with respect to the*
25 *element.*

1 (H) *Procedures to ensure data security and*
2 *safety with respect to the implementation of the*
3 *protocol under paragraph (1).*

4 (I) *A proposed timeline for the implementa-*
5 *tion of the protocol under paragraph (1) by the*
6 *deadline specified in such paragraph.*

7 (3) *EXCEPTION TO STANDARD DOCUMENTATION*
8 *REQUIREMENTS.—The Director of National Intel-*
9 *ligence and the Secretary of Defense may jointly es-*
10 *tablish nonuniform documentation requirements for*
11 *commercial providers submitting applications for au-*
12 *thority to operate certifications, in addition to the re-*
13 *quirements specified in paragraph (2)(D), only if,*
14 *prior to such establishment, the Director and Sec-*
15 *retary provide to the appropriate congressional com-*

18 (4) *DEFINITIONS.—In this subsection:*

7 *committees a briefing on such plan.*

8 (2) *MATTERS.—The plan under paragraph (1)*
9 *shall include the following:*

10 (A) *An overview of the existing sensitive*
11 *compartmented information facilities, if any,*
12 *that may be repurposed for the purpose specified*
13 *in paragraph (1).*

14 (B) *An assessment of the feasibility of*
15 *building additional sensitive compartmented in-*
16 *formation facilities for such purpose.*

17 (C) *An assessment of the relative costs and*
18 *benefits of repurposing existing, or building ad-*
19 *ditional, sensitive compartmented information*
20 *facilities for such purpose.*

6 (F) *Policies to ensure the efficient and nar-*
7 *row use of sensitive compartmented information*
8 *facilities for such purpose, including a timeline*
9 *for the length of such use by a covered contractor*

11 *minate access to the sensitive compartmented in-*
12 *formation facility by a covered contractor*
13 *upon—*

14 (i) *the expiration of the covered con-*
15 *tract of the covered contractor; or*

19 (G) *Pricing structures for the use of sen-*

24 *pose of incentivizing future covered con-*
25 *tracts), with the potential for pricing to in-*

1 crease dependent on the length of the covered
2 contract, the size of the covered contractor,
3 and the need for such use; and

4 (ii) shall ensure that the cumulative
5 cost for a covered contractor to rent and
6 independently certify a sensitive compart-
7 mented information facility for such pur-

19 (I) A proposed timeline for the expansion of
20 access to sensitive compartmented information
21 facilities in accordance with paragraph (1).

22 (J) Such other matters as the Director of
23 National Intelligence or the Secretary of Defense
24 considers relevant to such expansion.

1 (3) *ELIGIBILITY CRITERIA FOR COVERED CON-*
2 *TRACTORS.—Under the eligibility criteria specified in*
3 *subparagraph (D)—*

4 (A) *unless the Director of National Intel-*
5 *ligence determines the source of the financing of*
6 *a covered contractor poses a national security*
7 *risk, such source of financing may not be taken*
8 *into consideration in making a determination as*
9 *to the eligibility of the covered contractor; and*

10 (B) *preference shall be given to any pre-*
11 *ferred contractor described in paragraph (4).*

12 (4) *PREFERRED CONTRACTORS.—A preferred*
13 *contractor described in this paragraph is a covered*
14 *contractor—*

15 (A) *that is a small business concern that*
16 *has a Phase I or Phase II SBIR award for a*
17 *project under a covered contract and dem-*
18 *onstrates a need for access to a sensitive com-*
19 *partmented information facility with respect to*
20 *such ongoing project; or*

21 (B) *the covered contract of which is a con-*
22 *tract entered into with the Director of AFWERX*
23 *of the Air Force (or such successor program), the*
24 *Director of the Defense Innovation Unit of the*
25 *Department of Defense, or the head of any other*

1 *program or element of the Federal Government*
2 *with a focus on technology or innovation.*

18 *or the Department of Defense, as the case may*
19 *be.*

20 (C) *COVERED CONTRACTOR.—The term*
21 *“covered contractor” means a contractor of the*
22 *intelligence community or the Department of De-*
23 *fense that the Director of National Intelligence*
24 *determines is a small- or medium-sized tech-*
25 *nology company in an early stage of developing*

1 *technology solutions pursuant to a covered con-*
2 *tract.*

11 (d) *REPORTS ON EXPANSION OF SECURITY CLEAR-*
12 *ANCES FOR CERTAIN CONTRACTORS.*—

13 (1) *REPORTS.*—*Not later than 180 days after the*
14 *date of the enactment of this Act, and annually there-*
15 *after for 3 years, the Director of National Intelligence*
16 *shall submit to the congressional intelligence commit-*
17 *tees a report on the extent to which security clearance*
18 *requirements delay, limit, or otherwise disincentivize*
19 *emerging technology companies from entering into*
20 *contracts with the United States Government.*

21 (2) *MATTERS.*—*Each report under paragraph*
22 *(1) shall include the following:*

23 (A) *Statistics on the periods of time between*
24 *the submission of applications for security clear-*
25 *ances by employees of emerging technology com-*

3 *pany.*

4 *(B) The number of security clearances*
5 *granted to employees of small- or medium-sized*
6 *emerging technology companies during the pe-*
7 *riod covered by the report.*

8 *(C) The number of applications for security*
9 *clearances submitted by employees of emerging*
10 *technology companies that have yet to be adju-*
11 *dicated as of the date on which the report is sub-*
12 *mitted.*

13 *(D) A projection, for the year following the*
14 *date on which the report is submitted, of the*
15 *number of security clearances necessary for em-*
16 *ployees of emerging technology companies to per-*
17 *form work on behalf of the intelligence commu-*
18 *nity during such year, and an assessment of the*
19 *capacity of the intelligence community to meet*
20 *such demand.*

21 *(E) An identification of each occurrence,*
22 *during the period covered by the report, in which*
23 *an emerging technology company withdrew from*
24 *or declined to accept a contract with the United*
25 *States Government on the sole basis of delays,*

1 *limitations, or other issues involving security*
2 *clearances, and a description of the types of busi-*
3 *ness the United States Government has lost as a*
4 *result of such occurrences.*

5 *(F) Recommendations for expediting the*
6 *grant of security clearances to employees of*
7 *emerging technology companies, including with*
8 *respect to any additional resources, authorities,*
9 *or personnel that the Director of National Intel-*
10 *ligence determines may be necessary for such ex-*
11 *pedition.*

12 *(3) FORM.—Each report under paragraph (1)*
13 *may be submitted in classified form, but if so sub-*
14 *mitted shall include an unclassified executive sum-*
15 *mary.*

16 *(4) PROPOSAL CONCURRENT WITH BUDGET SUB-*
17 *MISSION.—At the time that the President submits to*
18 *Congress the budget for fiscal year 2024 pursuant to*

6 **SEC. 515. COMPLIANCE BY THE INTELLIGENCE COMMUNITY**
7 **WITH REQUIREMENTS OF THE FEDERAL AC-**
8 **QUISITION REGULATION RELATING TO COM-**
9 **MERCIALY AVAILABLE OFF-THE-SHELF**
10 **ITEMS AND COMMERCIAL SERVICES.**

11 *(a) SENSE OF CONGRESS.—It is the sense of Congress*
12 *that—*

13 *(1) parts 10 and 12 of the Federal Acquisition*
14 *Regulation broadly require departments and agencies*
15 *of the United States Government to conduct market*
16 *research to determine whether commercially available*
17 *off-the-shelf items, nondevelopmental items, or com-*
18 *mmercial services are available that could meet the re-*
19 *quirements of the department or agency;*

20 *(2) the requirements under such parts 10 and 12,*
21 *among other important goals, reduce administrative*
22 *costs and allow expedited acquisition and deployment*
23 *of such items and services;*

24 *(3) however, such departments and agencies too*
25 *often contract for custom products, rather than buy-*

1 *ing existing commercial products and adapting those*
2 *as necessary, which creates a fundamental compliance*
3 *issue; and*

4 *(4) the intelligence community should adopt a*
5 *culture shift to ensure better compliance with such*
6 *parts 10 and 12.*

7 *(b) POLICY.—*

8 *(1) REQUIREMENT.—Not later than 1 year after*
9 *the date of the enactment of this Act, the Director of*
10 *National Intelligence shall implement a policy to en-*
11 *sure that each element of the intelligence community*
12 *complies with parts 10 and 12 of the Federal Acquisi-*
13 *tion Regulation with respect to any procurement.*

14 *(2) ELEMENTS.—The policy under paragraph*
15 *(1) shall include the following:*

16 *(A) Written criteria for an element of the*
17 *intelligence community to evaluate when a pro-*
18 *curement of a covered item or service is permis-*
19 *sible, including—*

20 *(i) requiring the element to conduct an*
21 *independent market analysis to determine*
22 *whether a commercially available off-the-*
23 *shelf item, nondevelopmental item, or com-*
24 *mmercial service is viable; and*

1 (ii) a description of the offeror for such
2 covered item or service and how the covered
3 item or service to be acquired will be inte-
4 grated into existing systems of the intel-
5 ligence community.

6 (B) If an element of the intelligence commu-
7 nity enters into a contract for artificial intel-
8 ligence or other emerging technologies that is a
9 covered item or service, not later than 45 days
10 before entering into such contract, the head of the
11 element shall notify the congressional intelligence
12 committees in writing of the intent to enter into
13 such contract, including a brief summary of—

14 (i) the justification for not using a
15 commercially available off-the-shelf item,
16 nondevelopmental item, or commercial serv-
17 ice; and

18 (ii) the independent market analysis
19 conducted under subparagraph (A).

20 (C) A detailed set of performance incentives
21 for the acquisition personnel of the intelligence
22 community that—

23 (i) prioritizes and rewards adherence
24 to parts 10 and 12 of the Federal Acquisi-
25 tion Regulation; and

1 (ii) incentivizes reliance by the intel-
2 ligence community on commercially avail-
3 able off-the-shelf items, nondevelopmental
4 items, or commercial services and
5 incentivizes such personnel that enter into
6 contracts for covered items or services only
7 when necessary.

8 (D) Methods to ensure the coordination
9 across the elements of the intelligence community
10 in carrying out the policy, including by desig-
11 nating an official of each element to ensure im-
12 plementation and incentives for elements to share
13 best practices for entering into contracts for cov-
14 ered items or services.

15 (E) On an annual basis, the head of each
16 element of the intelligence community shall cer-
17 tify in writing to the congressional intelligence
18 committees that each contract involving software
19 development that was awarded during the year
20 covered by the certification was awarded in ad-
21 herence to section 3453 of title 10, United States
22 Code, and such parts 10 and 12, as applicable.

23 (F) Any other incentives for the acquisition
24 personnel of the intelligence community that the
25 Director determines appropriate to improve the

1 *use of commercially available off-the-shelf items,*
2 *nondevelopmental items, and commercial services*
3 *in contracts for emerging technologies, including*
4 *with respect to pay incentives, time off for train-*
5 *ing, and nonmonetary awards.*

6 (3) *SUBMISSION.*—*Not later than 180 days after*
7 *the date of the enactment of this Act, the Director of*
8 *National Intelligence shall submit to the congressional*
9 *intelligence committees—*

10 (A) *the policy developed under paragraph*

11 (1); *and*

12 (B) *a plan to implement the policy not*
13 *later than 1 year after the date of such enact-*
14 *ment.*

15 (4) *MARKET ANALYSIS.*—*In carrying out the*
16 *independent market analysis pursuant to paragraph*
17 *(1)(A)(ii), the Director may enter into a contract*
18 *with an independent market research group with*
19 *qualifications and expertise to find available commer-*
20 *cially available off-the-shelf items, nondevelopmental*
21 *items, or commercial services to meet the needs of the*
22 *intelligence community.*

23 (c) *ANNUAL REPORTS.*—

24 (1) *REQUIREMENT.*—*Not later than 2 years after*
25 *the date of the enactment of this Act, and annually*

1 *thereafter for 3 years, the Director, in consultation*
2 *with the head of each element of the intelligence com-*
3 *munity, shall submit to the congressional intelligence*
4 *committees a report on the policy developed under*
5 *subsection (a).*

6 (2) *ELEMENTS.—Each report under paragraph*
7 *(1) shall include, with respect to the period covered by*
8 *the report, the following:*

9 (A) *An evaluation of the success of the pol-*
10 *icy, including with respect to the progress the*
11 *elements have made in complying with parts 10*
12 *and 12 of the Federal Acquisition Regulation.*

13 (B) *A comparison of the number of con-*
14 *tracts that were awarded for commercially avail-*
15 *able off-the-shelf items, nondevelopmental items,*
16 *or commercial services versus the number award-*
17 *ed for covered items or services.*

18 (C) *A description of how any market anal-*
19 *yses are conducted pursuant to subsection*
20 *(a)(1)(A)(ii).*

21 (D) *Any recommendations to improve com-*
22 *pliance with such parts 10 and 12.*

23 (d) *DEFINITIONS.—In this section:*

24 (1) *COMMERCIALLY AVAILABLE OFF-THE-SHELF*
25 *ITEM; COMMERCIAL SERVICE; NONDEVELOPMENTAL*

1 *ITEM.*—*The terms “commercially available off-the-*
2 *shelf item”, “commercial service”, and “nondevelop-*
3 *mental items” have the meanings given, respectively,*
4 *in subchapter I of division A of title 41, United*
5 *States Code.*

6 (2) *COVERED ITEM OR SERVICE.*—*The term*
7 *“covered item or service” means a product, system, or*
8 *service that is not a commercially available off-the-*
9 *shelf item, a commercial service, or a nondevelop-*
10 *mental item.*

11 **SEC. 516. POLICY ON REQUIRED USER ADOPTION METRICS**
12 **IN CERTAIN CONTRACTS FOR ARTIFICIAL IN-**
13 **TELLIGENCE SOFTWARE PRODUCTS.**

14 (a) *SENSE OF CONGRESS.*—*It is the sense of Congress*
15 *that—*

16 (1) *it is critical that the intelligence community*
17 *acquire products that can be integrated, to the highest*
18 *extent possible, within existing workflows and per-*
19 *sonnel capabilities;*

20 (2) *one step toward that goal is ensuring that*
21 *products procured by the intelligence community have*
22 *user-adoption metrics, which allow programmers and*
23 *vendors to assess the effectiveness of a given product*
24 *to an intelligence community user;*

1 (3) *requiring such metrics also incentivizes ven-*
2 *dors to incorporate training and adoption programs*
3 *into their products, as opposed to contracts which*
4 *simply sell an application to the intelligence commu-*
5 *nity with no customer success feature built in; and*

6 (4) *in addition, this data is critical to informing*
7 *decisions about the continued use of a product, in-*
8 *cluding relating to whether a prototype will transi-*
9 *tion from development to an enterprise-wide contract*
10 *or program of record.*

11 (b) *POLICY.—Not later than 180 days after the date*
12 *of the enactment of this Act, the Director of National Intel-*
13 *ligence shall establish a policy containing the following:*

14 (1) *With respect to a contract or other agreement*
15 *entered into between the head of an element of the in-*
16 *telligence community and a commercial provider for*
17 *the acquisition of a covered product for users within*
18 *the intelligence community—*

19 (A) *a requirement that each such contract*
20 *or other agreement include, as a term of the con-*
21 *tract or agreement, a commitment by the com-*
22 *mercial provider to furnish a means of collecting*
23 *user adoption metrics for assessing the adoption*
24 *of the covered product by such users; and*

1 (B) a requirement that the head assess the
2 user adoption of the covered product through
3 such means.

4 (2) Such exceptions to the requirements under
5 paragraph (1) as may be determined appropriate by
6 the Director.

7 (c) *REPORTS.*—

8 (1) *SUBMISSION.*—Not later than 1 year after
9 the date on which the Director of National Intel-
10 ligence establishes the policy under subsection (b), and
11 annually thereafter for 3 years, the Director, in co-
12 ordination with the heads of the elements of the intel-
13 ligence community, shall submit to the congressional
14 intelligence committees a report on the user adoption
15 metrics for each covered product acquired using, in
16 whole or in part, funds made available under the Na-
17 tional Intelligence Program.

18 (2) *MATTERS.*—Each report under paragraph
19 (1) shall include, with respect to the year covered by
20 the report, the following:

21 (A) A detailed description of the effective-
22 ness of the policy under subsection (b), including
23 a cost-benefit analysis of such policy.

1 (B) *A summary of the user adoption*
2 *metrics collected pursuant to such policy for each*
3 *program referred to in paragraph (1).*

4 (C) *An identification of any instance in*
5 *which the head of an element of the intelligence*
6 *community determined that requiring a commit-*
7 *ment to furnish a means of collecting user adop-*
8 *tion metrics as a term of a contract or agreement*
9 *pursuant to such policy was not practicable pur-*
10 *suant to an exception specified in subsection*
11 *(b)(2) and, as a result, did not require such com-*
12 *mitment.*

13 (D) *A justification for the continuation of*
14 *the use of any covered product acquired by the*
15 *head of an element of the intelligence community*
16 *that the head has determined, pursuant to an as-*
17 *essment required under subsection (b)(1)(B),*
18 *was not sufficiently adopted by users or other-*
19 *wise received negative user feedback.*

20 (E) *Any other matters, including any rel-*
21 *evant recommendations, determined appropriate*
22 *by the Director.*

23 (3) *TIMING.*—*Each report under paragraph (1)*
24 *shall be submitted prior to the date of the presen-*
25 *tation of the consolidated National Intelligence Pro-*

1 *gram budget for the year covered by the report to the*
2 *President for approval pursuant to section 102A(c) of*
3 *the National Security Act of 1947 (50 U.S.C. 3024).*

4 *(d) DEFINITIONS.—In this section:*

5 *(1) COVERED PRODUCT.—The term “covered*
6 *product” means a commercial software product that*
7 *involves artificial intelligence.*

8 *(2) NATIONAL INTELLIGENCE PROGRAM.—The*
9 *term “National Intelligence Program” has the mean-*
10 *ing given that term in section 3 of the National Secu-*
11 *rity Act of 1947 (50 U.S.C. 3003).*

12 **SEC. 517. ASSESSMENTS RELATING TO INFORMATION TECH-**
13 **NOLOGY AND SOFTWARE SYSTEMS.**

14 *(a) SENSE OF CONGRESS.—It is the sense of Congress*
15 *that—*

16 *(1) the intelligence community continues to rely*
17 *heavily on legacy information technology systems and*
18 *software;*

19 *(2) transitioning these systems as appropriate to*
20 *modern software as a service, cloud-based, and open-*
21 *source systems is a priority;*

22 *(3) in many instances, there are no incentives to*
23 *make such a transition due to the cost, complexity,*
24 *administrative hurdles, and user adoption challenges*
25 *with any such transition; and*

1 (4) *therefore, it is imperative for the intelligence*
2 *community to create incentives to ensure that its sys-*
3 *tems evolve with industry and remain competitive*
4 *with foreign adversaries of the United States.*

5 **(b) ASSESSMENTS REQUIRED.—**

6 **(1) INTELLIGENCE COMMUNITY-WIDE BASELINE**
7 **ASSESSMENT.—***Not later than 1 year after the date of*
8 *the enactment of this Act, the Director of National In-*
9 *telligence, in consultation with the heads of the ele-*
10 *ments of the intelligence community, shall complete*
11 *an assessment of the information technology and soft-*
12 *ware systems of each element of the intelligence com-*
13 *munity, to review whether such systems integrate new*
14 *and emerging technology and, as appropriate, make*
15 *recommendations to decommission or replace outdated*
16 *systems. Such assessment shall include, with respect*
17 *to each such system, an evaluation of the following:*

18 **(A)** *The usability of the system.*

19 **(B)** *Whether the system is the most up-to-*
20 *date version of the system available.*

21 **(C)** *The compatibility of the system with*
22 *new and emerging technology.*

23 **(D)** *The costs and benefits of using an alter-*
24 *native system in lieu of the system, including the*
25 *financial cost of transitioning to such an alter-*

1 *native system and any technical or administra-*
2 *tive barriers to such transition.*

3 *(E) Such other matters as may be deter-*
4 *mined appropriate by the Director.*

5 (2) *ASSESSMENTS UPON ENTRY INTO, RENEWAL,*
6 *OR EXTENSION OF CERTAIN CONTRACTS.—Not later*
7 *than 60 days after the date on which the head of an*
8 *element of the intelligence community enters into, re-*
9 *news, or extends a contract for the acquisition of an*
10 *information technology or software system, the Direc-*
11 *tor of National Intelligence shall conduct an assess-*
12 *ment of such system in accordance with paragraph*
13 *(1), including by evaluating each of the matters speci-*
14 *fied in subparagraphs (A) through (E) of such para-*
15 *graph, with respect to such system.*

16 (c) *GUIDANCE.—The Director shall issue to the heads*
17 *of the elements of the intelligence community guidance to—*

18 (1) *incentivize each such head to adopt and inte-*
19 *grate new and emerging technology within informa-*
20 *tion technology and software systems of the element*
21 *and to decommission and replace outdated systems,*
22 *including through potential funding enhancements;*
23 *and*

24 (2) *incentivize, and hold accountable, personnel*
25 *of the intelligence community with respect to the inte-*

1 *gration of new and emerging technology within such*
2 *systems, including through the provision of appro-*
3 *prate training programs and evaluations.*

4 *(d) SUBMISSIONS TO CONGRESS.—*

5 *(1) REPORT ON ASSESSMENT RESULTS.—Not*
6 *later than 60 days after the date on which the Direc-*
7 *tor completes the assessment under subsection (b)(1),*
8 *the Director shall submit to the appropriate congres-*
9 *sional committees a report containing the results of*
10 *such assessment.*

11 *(2) SUBMISSION OF GUIDANCE.—Not later than*
12 *60 days after the date on which the Director issues*
13 *the guidance under subsection (c), the Director shall*
14 *submit to the appropriate congressional committees a*
15 *copy of such guidance.*

16 *(e) APPROPRIATE CONGRESSIONAL COMMITTEES DE-*
17 *FINED.—In this section, the term “appropriate congres-*
18 *sional committees” means—*

19 *(1) the congressional intelligence committees; and*

20 *(2) the Committees on Appropriations of the*
21 *House of Representatives and the Senate.*

Subtitle C—Reports**SEC. 521. REPORTS ON INTEGRATION OF ARTIFICIAL INTELLIGENCE WITHIN INTELLIGENCE COMMUNITY.**

(a) *SENSE OF CONGRESS.*—*It is the sense of Congress that—*

(1) *artificial intelligence and other emerging technologies must be incorporated into the intelligence community at a pace that matches industry and is competitive with United States adversaries;*

(2) *while collaboration can and does occur in instances, Congress is concerned that the United States is not integrated enough across disciplines to further this essential mission; and*

(3) *while each intelligence community element is pursuing artificial intelligence adoption by either establishing new offices or surging resources to existing offices, there is not a single office or official at each intelligence community element that has the authority to oversee artificial intelligence adoption at the agency, and can serve as the coordinator for interagency cooperation.*

7 *that—*

8 (1) *increasing the talent diversity, density, and*
9 *expertise for critical fields in the intelligence commu-*
10 *nity is essential to accelerating the incorporation, in-*
11 *tegration, and maintenance of emerging technologies*
12 *into the workflows and business practices of the intel-*
13 *ligence community;*

14 (2) *Congress is concerned that the intelligence*
15 *community has not yet conducted a baseline assess-*
16 *ment of what talent currently exists within the intel-*
17 *ligence community, and where gaps prevent the intel-*
18 *ligence community from meeting the technology de-*
19 *mands in the next decade;*

20 (3) *Congress is aware that the Director of Na-*
21 *tional Intelligence is starting the process to lead a*
22 *needs assessment across the intelligence community*
23 *and encourages all elements of the intelligence com-*
24 *munity to work expeditiously with the Director to de-*
25 *velop that detailed assessment; and*

1 (4) *this type of needs assessment should be insti-*
2 *tutionalized and built into the future human capital*
3 *strategy for the next generation of intelligence officers*
4 *and officials.*

5 (b) *REQUIREMENTS.—The Director of National Intel-*
6 *ligence, in coordination with the Chief Technology Officer*
7 *and the Chief Human Capital Officer of the Office of the*

5 ***Subtitle D—Other Matters***

6 ***SEC. 531. IMPROVEMENTS TO USE OF COMMERCIAL SOFT-***
7 ***WARE PRODUCTS.***

8 *(a) SENSE OF CONGRESS.—It is the sense of Congress*
9 *that—*

10 *(1) systems integration is a critical part of in-*
11 *corporating emerging technologies into the intelligence*
12 *community;*

13 *(2) unfortunately, Congress understands that*
14 *there remains an uneven approach across the intel-*
15 *ligence community for contracting and executing sys-*
16 *tem integration;*

17 *(3) such disparate policies lead to added admin-*
18 *istrative costs for both the intelligence community and*
19 *commercial vendors, and inhibit integration and*
20 *operationalization in a coordinated, efficient way;*

21 *(4) further, as a result of a lack of a cohesive*
22 *policy, some contracts do not always adhere to the*
23 *best practices of commercial software as a service*
24 *product, or are executed by legacy contractors who*

1 *create added expenses and sustainment costs, among*
2 *other issues; and*

3 *(5) including standardized terms across intel-*
4 *ligence community contracts can help reduce admin-*
5 *istrative and technical barriers to systems integra-*
6 *tion, make such integration more efficient and effec-*
7 *tive, and ensure that each contract comports with best*
8 *practices and standard commercial software as a*
9 *service feature.*

10 *(b) PROCUREMENT OF COMMERCIAL SOFTWARE PROD-*
11 *UCTS.—*

12 *(1) POLICY.—Not later than January 1, 2024,*
13 *the Director of Science and Technology of the Office*
14 *of the Director of National Intelligence, in consulta-*
15 *tion with the heads of the elements of the intelligence*
16 *community, shall recommend to the Director of Na-*
17 *tional Intelligence an intelligence community-wide*
18 *policy to ensure that the procurement of commercial*
19 *software products by the intelligence community is*
20 *carried out in accordance with best practices.*

21 *(2) ELEMENTS.—The policy under paragraph*
22 *(1) shall include the following:*

23 *(A) Guidelines for the heads of the elements*
24 *of the intelligence community to determine which*
25 *contracts for commercial software products are*

1 covered by the policy, including with respect to
2 agreements, authorizations to operate, and other
3 acquisition activities.

4 (B) Guidelines for using standardized terms
5 in such contracts, modeled after commercial best
6 practices, including common procedures and lan-
7 guage regarding—

8 (i) terms for who is responsible for sys-
9 tem integration under the contract;

10 (ii) a timeline required for system in-
11 tegration;

12 (iii) a mechanism included in each
13 contract to ensure the ability of the vendor
14 to provide continuous updates and version
15 control for the software;

16 (iv) a mechanism included in each
17 contract that allows the United States Gov-
18 ernment to receive and use the latest up-
19 dates for the software and receive such up-
20 dates in near real-time;

21 (v) automatic technological mecha-
22 nisms for security and data validation, in-
23 cluding security protocols that are predi-
24 cated on commercial best practices; and

1 (vi) procedures to provide incentives,
2 and a technical framework, for system inte-
3 gration for new commercial software solu-
4 tions to fit within existing workflows and
5 information technology infrastructure.

6 (C) Guidelines to ensure coordination of the
7 policy throughout the intelligence community,
8 including identifying the officials in each ele-
9 ment of the intelligence who are responsible for
10 enforcing the policy.

11 (3) REPORT.—Not later than January 1, 2025,
12 and annually thereafter, the Director of National In-
13 telligence shall submit to the congressional intelligence
14 committees a report on the policy recommended under
15 paragraph (1), including the following with respect to
16 the period covered by the report:

17 (A) An evaluation of compliance with such
18 policy by the elements of the intelligence commu-
19 nity.

20 (B) An identification of the elements of such
21 policy that achieve the goal referred to in para-
22 graph (1), and the elements of such policy that
23 fail to achieve such goal, including any concerns
24 with system integration.

1 (C) *Recommendations to better coordinate*
2 *system integration throughout the intelligence*
3 *community using best practices.*

4 (D) *For each element of the intelligence*
5 *community—*

6 (i) *a description by the head of the ele-*
7 *ment of specific successes and concerns in*
8 *contracting for, and incorporating, system*
9 *integration; and*

10 (ii) *recommendations to improve the*
11 *recommended policy.*

15 *date of the enactment of this Act, the Director of Na-*
16 *tional Intelligence, in consultation with the Director*
17 *of Science and Technology and the heads of the ele-*
18 *ments of the intelligence community that the Director*
19 *of National Intelligence determines appropriate, shall*
20 *implement a policy to promote the intelligence com-*
21 *munity-wide use of code-free artificial intelligence*
22 *enablement tools.*

23 (2) *ELEMENTS.—The policy under paragraph*
24 (1) *shall include the following:*

1 (A) *A detailed set of incentives for using*
2 *code-free artificial intelligence enablement tools.*

3 (B) *A plan to ensure coordination through-*
4 *out the intelligence community, including by*
5 *designating an official of each element of the in-*
6 *telligence community to oversee implementation*
7 *of the policy and such coordination.*

8 (3) *SUBMISSION.—Not later than 180 days after*
9 *the date of the enactment of this Act, the Director of*
10 *National Intelligence shall submit to the congressional*
11 *intelligence committees the proposed policy under*
12 *paragraph (1), including a detailed plan and*
13 *timeline for carrying out the incentives described in*
14 *paragraph (2)(A).*

15 (4) *ANNUAL REPORTS OR BRIEFINGS.—Not later*
16 *than 1 year after commencing the implementation of*
17 *the policy under paragraph (1), and annually there-*
18 *after for 3 years, the Director of National Intelligence,*
19 *in consultation with the Director of Science and*
20 *Technology and the heads of the elements of the intel-*
21 *ligence community that the Director of National In-*
22 *telligence determines appropriate, shall submit to the*
23 *congressional intelligence committees a report, or pro-*
24 *vide to such committees a briefing, that—*

25 (A) *details the success of the policy;*

1 (B) includes statistics on the progress of the
2 intelligence community in implementing code-
3 free artificial intelligence enablement tools; and

4 (C) contains any recommendations for im-
5 provements or enhancements to the policy.

6 (d) **CODE-FREE ARTIFICIAL INTELLIGENCE**
7 **ENABLEMENT TOOLS DEFINED.**—In this section, the term
8 “code-free artificial intelligence enablement tools” means
9 software that provides an environment where visual drag-
10 and-drop applications or similar tools allow 1 or more in-
11 dividuals to program applications without linear coding.

12 ***SEC. 611. REPORT ON ASSESSING WILL TO FIGHT.***

13 (a) *FINDINGS.*—*Congress finds the following:*

14 (1) *According to a study by the RAND corpora-*
15 *tion, “will to fight” is poorly analyzed and the least*
16 *understood aspect of war.*

17 (2) *In testimony before the Select Committee on*
18 *Intelligence of the Senate in May 2022, top intel-*
19 *ligence officials of the United States indicated that al-*
20 *though the intelligence community accurately antici-*
21 *ipated Russia’s invasion of Ukraine, the intelligence*
22 *community did not accurately assess the will of*
23 *Ukrainian forces to fight in opposition to a Russian*
24 *invasion or that the Ukrainian forces would succeed*

1 *in averting a rapid Russian military occupation of*
2 *Kyiv.*

3 (3) *According to the RAND corporation, the in-*
4 *telligence community estimated that the Afghan gov-*
5 *ernment's forces could hold out against the Taliban*
6 *for as long as 2 years if all ground forces of the*
7 *United States were withdrawn. This estimate was re-*
8 *vised in June 2021 to reflect an intelligence commu-*
9 *nity view that Afghanistan's military collapse could*
10 *come in 6 to 12 months. In August 2021, the Afghan*
11 *government fell within days after the ground forces of*
12 *the United States were withdrawn.*

13 (4) *Similarly, the rapid advance of the Islamic*
14 *State in Iraq and Syria and near-total collapse of the*
15 *Iraqi Security Forces in 2014 appeared to take the*
16 *policymakers of the United States by surprise.*

17 (5) *The apparent gaps in these analyses had im-*
18 *portant implications for policy decisions of the*
19 *United States toward Russia and Afghanistan, and*
20 *suggest a need for further examination of how the in-*
21 *telligence community assesses a foreign military's will*
22 *to fight.*

23 (b) *REPORT.—Not later than 180 days after the date*
24 *of the enactment of this Act, the Director of National Intel-*
25 *ligence, acting through the National Intelligence Council,*

1 *and in coordination with the heads of the elements of the*
2 *intelligence community that the Director determines appro-*
3 *priate, shall submit to the appropriate congressional com-*
4 *mittees a report examining the extent to which analyses of*
5 *the military will to fight and the national will to fight in-*
6 *formed the all-source analyses of the intelligence community*
7 *regarding how the armed forces and governments of*
8 *Ukraine, Afghanistan, and Iraq would perform at key junc-*
9 *tures.*

10 *(c) ELEMENTS.—The report under subsection (b) shall*
11 *include the following:*

12 *(1) The methodology of the intelligence commu-*
13 *nity for measuring the military will to fight and the*
14 *national will to fight of a foreign country.*

15 *(2) The extent to which analysts of the intel-*
16 *ligence community applied such methodology when*
17 *assessing the military will to fight and the national*
18 *will to fight of—*

19 *(A) Afghanistan following the April 2021*
20 *announcement of the full withdrawal of the*
21 *United States Armed Forces;*

22 *(B) Iraq in the face of the rapid emergence*
23 *and advancement in 2014 of Islamic State in*
24 *Iraq and Syria; and*

1 (C) *Ukraine and Russia during the initial*
2 *phase of the invasion and march toward Kyiv by*
3 *Russia in February 2022.*

4 (3) *The extent to which—*

5 (A) *the assessments described in paragraph*
6 (2) *depended on the observations of personnel of*
7 *the United States Armed Forces who had trained*
8 *Afghan, Iraqi, and Ukrainian armed forces; and*

9 (B) *such observations reflected any stand-*
10 *ardized, objective methodology.*

11 (4) *Whether shortcomings in assessing the mili-*
12 *tary will to fight and the national will to fight may*
13 *have affected the capacity of the intelligence commu-*
14 *nity to provide “early warning” about the collapse of*
15 *government forces in Iraq and Afghanistan.*

16 (5) *The extent to which “red teaming” was used*
17 *to test the assessments described in paragraph (2).*

18 (6) *The extent to which dissenting opinions of*
19 *intelligence analysts were highlighted in final written*
20 *products presented to senior policymakers of the*
21 *United States.*

22 (7) *The extent to which analysts and supervisors*
23 *adhered to the policies, procedures, directives, and*
24 *best practices of the intelligence community.*

1 (8) *Recommendations for analyses by the intel-*
2 *ligence community going forward to incorporate les-*
3 *sons learned and enhance the quality of future ana-*
4 *lytical products to more accurately reflect the mili-*
5 *tary will to fight and the national will to fight and*
6 *improve the capacity of the intelligence community to*
7 *accurately predict the success or failure of the armed*
8 *forces of a foreign country.*

9 (d) *ANNEX.—In submitting the report under sub-*
10 *section (b) to the congressional intelligence committees, the*
11 *Director shall also include an accompanying annex, which*
12 *shall be classified, providing an inventory of the following:*

13 (1) *Collection gaps and challenges that may have*
14 *affected the analysis of the collapse of government*
15 *forces in Iraq and Afghanistan.*

16 (2) *Actions that the Director of National Intel-*
17 *ligence has taken to mitigate such gaps and chal-*
18 *lenges.*

19 (e) *FORM.—The report under subsection (b) may be*

17 *tional will to fight” means, with respect to the gov-*
18 *ernment of a country, the resolve to conduct sustained*
19 *military and other operations for an objective even*
20 *when the expectation of success decreases or the need*
21 *for significant political, economic, and military sac-*
22 *rifices increases.*
