

117TH CONGRESS
2D SESSION

S. 4007

AN ACT

To require the Attorney General to propose a program for making treatment for post-traumatic stress disorder and acute stress disorder available to public safety officers, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Fighting Post-Trau-
3 matic Stress Disorder Act of 2022”.

4 **SEC. 2. FINDINGS.**

5 Congress finds the following:

6 (1) Public safety officers serve their commu-
7 nities with bravery and distinction in order to keep
8 their communities safe.

9 (2) Public safety officers, including police offi-
10 cers, firefighters, emergency medical technicians,
11 and 911 dispatchers, are on the front lines of deal-
12 ing with situations that are stressful, graphic,
13 harrowing, and life-threatening.

14 (3) The work of public safety officers puts them
15 at risk for developing post-traumatic stress disorder
16 and acute stress disorder.

17 (4) It is estimated that 30 percent of public
18 safety officers develop behavioral health conditions
19 at some point in their lifetimes, including depression
20 and post-traumatic stress disorder, in comparison to
21 20 percent of the general population that develops
22 such conditions.

23 (5) Victims of post-traumatic stress disorder
24 and acute stress disorder are at a higher risk of
25 dying by suicide.

1 (6) Firefighters have been reported to have
2 higher suicide attempt and ideation rates than the
3 general population.

4 (7) It is estimated that between 125 and 300
5 police officers die by suicide every year.

6 (8) In 2019, pursuant to section 2(b) of the
7 Law Enforcement Mental Health and Wellness Act
8 of 2017 (Public Law 115–113; 131 Stat. 2276), the
9 Director of the Office of Community Oriented Policing
10 Services of the Department of Justice developed
11 a report (referred to in this section as the
12 “LEMHWA report”) that expressed that many law
13 enforcement agencies do not have the capacity or
14 local access to the mental health professionals necessary
15 for treating their law enforcement officers.

16 (9) The LEMHWA report recommended methods
17 for establishing remote access or regional mental
18 health check programs at the State or Federal level.

19 (10) Individual police and fire departments generally
20 do not have the resources to employ full-time
21 mental health experts who are able to treat public
22 safety officers with state-of-the-art techniques for
23 the purpose of treating job-related post-traumatic
24 stress disorder and acute stress disorder.

1 **SEC. 3. PROGRAMMING FOR POST-TRAUMATIC STRESS DIS-**
