## CLERK'S NOTE

This committee print provides a compilation of the enacted text and applicable explanatory material for the Consolidated Appropriations Act, 2023 (H.R. 2617, P.L. 117–328).

The Act consists of 12 divisions related to regular annual appropriations Acts for fiscal year 2023 (divisions A through L), and two supplemental appropriations Acts (division M, which contains the Additional Ukraine Supplemental Appropriations Act, 2023, and division N, which contains the Disaster Relief Supplemental Appropriations Act, 2023), which provide supplemental appropriations for fiscal year 2023. The Act also includes 25 additional divisions largely unrelated to appropriations matters (divisions O through MM). This compilation includes only the 14 divisions related to regular and supplemental appropriations matters (A–N). It also includes the front matter of the Act, which contains provisions applicable to the entire consolidated Act.

Divisions A through L are the products of negotiations between the House and Senate Appropriations Committees on final fiscal year 2023 appropriations for all 12 annual appropriations bills.

The legislative text of the consolidated Act was submitted by Senator Patrick J. Leahy, Chairman of the Senate Committee on Appropriations, as an amendment (Senate Amendment 6552) to the House amendment to the Senate amendment to an unrelated bill pending in the Senate, H.R. 2617. The Senate agreed to that amendment on December 22, 2022, after adopting 8 additional amendments to Senate Amendment 6552. The House agreed to the measure on December 23, 2022. The President signed the legislation on December 29, 2022, and it became Public Law 117–328.

Because an “amendments-between-the-Houses” process was used instead of a conference committee, there is no conference report and no “Joint Explanatory Statement of the Managers” for H.R. 2617. An explanatory statement relating to Senate Amendment 6552 was filed by Senator Leahy in the Congressional Record on December 20, 2022.<sup>1</sup> Section 4 of the front matter of the consolidated Act provides that this explanatory statement “shall have the same effect with respect to the allocation of funds and implementation of divisions A through L of this Act as if it were a joint explanatory statement of a committee of conference.”

For the convenience of users, the legislative text of each of divisions A through L is paired with the applicable division of the explanatory statement. Divisions M and N do not have associated explanatory material.

<sup>1</sup>The explanatory statement appears in Books I, II, and III of the December 20, 2022, Congressional Record. (See pages S7819–S9590.)

## TITLE VII

### GENERAL PROVISIONS

#### (INCLUDING RESCISSIONS AND TRANSFERS OF FUNDS)

SEC. 701. The Secretary may use any appropriations made available to the Department of Agriculture in this Act to purchase new passenger motor vehicles, in addition to specific appropriations for this purpose, so long as the total number of vehicles purchased in fiscal year 2023 does not exceed the number of vehicles owned or leased in fiscal year 2018: *Provided*, That, prior to purchasing additional motor vehicles, the Secretary must determine that such vehicles are necessary for transportation safety, to reduce operational costs, and for the protection of life, property, and public safety: *Provided further*, That the Secretary may not increase the Department of Agriculture's fleet above the 2018 level unless the Secretary notifies in writing, and receives approval from, the Committees on Appropriations of both Houses of Congress within 30 days of the notification.

SEC. 702. Notwithstanding any other provision of this Act, the Secretary of Agriculture may transfer unobligated balances of discretionary funds appropriated by this Act or any other available unobligated discretionary balances that are remaining available of the Department of Agriculture to the Working Capital Fund for the acquisition of property, plant and equipment and for the improvement, delivery, and implementation of Department financial, and administrative information technology services, and other support systems necessary for the delivery of financial, administrative, and information technology services, including cloud adoption and migration, of primary benefit to the agencies of the Department of Agriculture, such transferred funds to remain available until expended: *Provided*, That none of the funds made available by this Act or any other Act shall be transferred to the Working Capital Fund without the prior approval of the agency administrator: *Provided further*, That none of the funds transferred to the Working Capital Fund pursuant to this section shall be available for obligation without written notification to and the prior approval of the Committees on Appropriations of both Houses of Congress: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to make any changes to the Department's National Finance Center without written notification to and prior approval of the Committees on Appropriations of both Houses of Congress as required by section 716 of this Act: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to initiate, plan, develop, implement, or make any changes to remove or relocate any systems, missions, personnel, or functions of the offices of the Chief Financial Officer and the Chief Information Officer, co-located with or from the National Finance Center prior to written notification to and prior approval of the Committee on Appropriations of both Houses of Congress and in accordance with the requirements of section 716 of this Act: *Provided further*, That the National Finance Center In-

formation Technology Services Division personnel and data center management responsibilities, and control of any functions, missions, and systems for current and future human resources management and integrated personnel and payroll systems (PPS) and functions provided by the Chief Financial Officer and the Chief Information Officer shall remain in the National Finance Center and under the management responsibility and administrative control of the National Finance Center: *Provided further*, That the Secretary of Agriculture and the offices of the Chief Financial Officer shall actively market to existing and new Departments and other government agencies National Finance Center shared services including, but not limited to, payroll, financial management, and human capital shared services and allow the National Finance Center to perform technology upgrades: *Provided further*, That of annual income amounts in the Working Capital Fund of the Department of Agriculture attributable to the amounts in excess of the true costs of the shared services provided by the National Finance Center and budgeted for the National Finance Center, the Secretary shall reserve not more than 4 percent for the replacement or acquisition of capital equipment, including equipment for the improvement, delivery, and implementation of financial, administrative, and information technology services, and other systems of the National Finance Center or to pay any unforeseen, extraordinary cost of the National Finance Center: *Provided further*, That none of the amounts reserved shall be available for obligation unless the Secretary submits written notification of the obligation to the Committees on Appropriations of both Houses of Congress: *Provided further*, That the limitations on the obligation of funds pending notification to Congressional Committees shall not apply to any obligation that, as determined by the Secretary, is necessary to respond to a declared state of emergency that significantly impacts the operations of the National Finance Center; or to evacuate employees of the National Finance Center to a safe haven to continue operations of the National Finance Center.

SEC. 703. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 704. No funds appropriated by this Act may be used to pay negotiated indirect cost rates on cooperative agreements or similar arrangements between the United States Department of Agriculture and nonprofit institutions in excess of 10 percent of the total direct cost of the agreement when the purpose of such cooperative arrangements is to carry out programs of mutual interest between the two parties. This does not preclude appropriate payment of indirect costs on grants and contracts with such institutions when such indirect costs are computed on a similar basis for all agencies for which appropriations are provided in this Act.

SEC. 705. Appropriations to the Department of Agriculture for the cost of direct and guaranteed loans made available in the current fiscal year shall remain available until expended to disburse obligations made in the current fiscal year for the following accounts: the Rural Development Loan Fund program account, the Rural Electrification and Telecommunication Loans program account, and the Rural Housing Insurance Fund program account.

SEC. 706. None of the funds made available to the Department of Agriculture by this Act may be used to acquire new information technology systems or significant upgrades, as determined by the Office of the Chief Information Officer, without the approval of the Chief Information Officer and the concurrence of the Executive Information Technology Investment Review Board: *Provided*, That notwithstanding any other provision of law, none of the funds appropriated or otherwise made available by this Act may be transferred to the Office of the Chief Information Officer without written notification to and the prior approval of the Committees on Appropriations of both Houses of Congress: *Provided further*, That notwithstanding section 11319 of title 40, United States Code, none of the funds available to the Department of Agriculture for information technology shall be obligated for projects, contracts, or other agreements over \$25,000 prior to receipt of written approval by the Chief Information Officer: *Provided further*, That the Chief Information Officer may authorize an agency to obligate funds without written approval from the Chief Information Officer for projects, contracts, or other agreements up to \$250,000 based upon the performance of an agency measured against the performance plan requirements described in the explanatory statement accompanying Public Law 113–235.

SEC. 707. Funds made available under section 524(b) of the Federal Crop Insurance Act (7 U.S.C. 1524(b)) in the current fiscal year shall remain available until expended to disburse obligations made in the current fiscal year.

SEC. 708. Notwithstanding any other provision of law, any former Rural Utilities Service borrower that has repaid or prepaid an insured, direct or guaranteed loan under the Rural Electrification Act of 1936, or any not-for-profit utility that is eligible to receive an insured or direct loan under such Act, shall be eligible for assistance under section 313B(a) of such Act in the same manner as a borrower under such Act.

SEC. 709. Except as otherwise specifically provided by law, not more than \$20,000,000 in unobligated balances from appropriations made available for salaries and expenses in this Act for the Farm Service Agency shall remain available through September 30, 2024, for information technology expenses.

SEC. 710. None of the funds appropriated or otherwise made available by this Act may be used for first-class travel by the employees of agencies funded by this Act in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 711. In the case of each program established or amended by the Agricultural Act of 2014 (Public Law 113–79) or by a successor to that Act, other than by title I or subtitle A of title III of such Act, or programs for which indefinite amounts were provided in that Act, that is authorized or required to be carried out using funds of the Commodity Credit Corporation—

(1) such funds shall be available for salaries and related administrative expenses, including technical assistance, associated with the implementation of the program, without regard to the limitation on the total amount of allotments and fund

transfers contained in section 11 of the Commodity Credit Corporation Charter Act (15 U.S.C. 714i); and

(2) the use of such funds for such purpose shall not be considered to be a fund transfer or allotment for purposes of applying the limitation on the total amount of allotments and fund transfers contained in such section.

SEC. 712. Of the funds made available by this Act, not more than \$2,900,000 shall be used to cover necessary expenses of activities related to all advisory committees, panels, commissions, and task forces of the Department of Agriculture, except for panels used to comply with negotiated rule makings and panels used to evaluate competitively awarded grants.

SEC. 713. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 714. Notwithstanding subsection (b) of section 14222 of Public Law 110–246 (7 U.S.C. 612c–6; in this section referred to as “section 14222”), none of the funds appropriated or otherwise made available by this or any other Act shall be used to pay the salaries and expenses of personnel to carry out a program under section 32 of the Act of August 24, 1935 (7 U.S.C. 612c; in this section referred to as “section 32”) in excess of \$1,483,309,000 (exclusive of carryover appropriations from prior fiscal years), as follows: Child Nutrition Programs Entitlement Commodities—\$485,000,000; State Option Contracts—\$5,000,000; Removal of Defective Commodities—\$2,500,000; Administration of section 32 Commodity Purchases—\$37,178,000: *Provided*, That, of the total funds made available in the matter preceding this proviso that remain unobligated on October 1, 2023, such unobligated balances shall carryover into fiscal year 2024 and shall remain available until expended for any of the purposes of section 32, except that any such carryover funds used in accordance with clause (3) of section 32 may not exceed \$350,000,000 and may not be obligated until the Secretary of Agriculture provides written notification of the expenditures to the Committees on Appropriations of both Houses of Congress at least two weeks in advance: *Provided further*, That, with the exception of any available carryover funds authorized in any prior appropriations Act to be used for the purposes of clause (3) of section 32, none of the funds appropriated or otherwise made available by this or any other Act shall be used to pay the salaries or expenses of any employee of the Department of Agriculture to carry out clause (3) of section 32.

SEC. 715. None of the funds appropriated by this or any other Act shall be used to pay the salaries and expenses of personnel who prepare or submit appropriations language as part of the President’s budget submission to the Congress for programs under the jurisdiction of the Appropriations Subcommittees on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies that assumes revenues or reflects a reduction from the

previous year due to user fees proposals that have not been enacted into law prior to the submission of the budget unless such budget submission identifies which additional spending reductions should occur in the event the user fees proposals are not enacted prior to the date of the convening of a committee of conference for the fiscal year 2024 appropriations Act.

SEC. 716. (a) None of the funds provided by this Act, or provided by previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming, transfer of funds, or reimbursements as authorized by the Economy Act, or in the case of the Department of Agriculture, through use of the authority provided by section 702(b) of the Department of Agriculture Organic Act of 1944 (7 U.S.C. 2257) or section 8 of Public Law 89-106 (7 U.S.C. 2263), that—

- (1) creates new programs;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted;
- (4) relocates an office or employees;
- (5) reorganizes offices, programs, or activities; or
- (6) contracts out or privatizes any functions or activities presently performed by Federal employees;

unless the Secretary of Agriculture or the Secretary of Health and Human Services (as the case may be) notifies in writing and receives approval from the Committees on Appropriations of both Houses of Congress at least 30 days in advance of the reprogramming of such funds or the use of such authority.

(b) None of the funds provided by this Act, or provided by previous Appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure for activities, programs, or projects through a reprogramming or use of the authorities referred to in subsection (a) involving funds in excess of \$500,000 or 10 percent, whichever is less, that—

- (1) augments existing programs, projects, or activities;
- (2) reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent as approved by Congress; or
- (3) results from any general savings from a reduction in personnel which would result in a change in existing programs, activities, or projects as approved by Congress;

unless the Secretary of Agriculture or the Secretary of Health and Human Services (as the case may be) notifies in writing and receives approval from the Committees on Appropriations of both Houses of Congress at least 30 days in advance of the reprogramming or transfer of such funds or the use of such authority.

(c) The Secretary of Agriculture or the Secretary of Health and Human Services shall notify in writing and receive approval from

the Committees on Appropriations of both Houses of Congress before implementing any program or activity not carried out during the previous fiscal year unless the program or activity is funded by this Act or specifically funded by any other Act.

(d) None of the funds provided by this Act, or provided by previous Appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for—

(1) modifying major capital investments funding levels, including information technology systems, that involves increasing or decreasing funds in the current fiscal year for the individual investment in excess of \$500,000 or 10 percent of the total cost, whichever is less;

(2) realigning or reorganizing new, current, or vacant positions or agency activities or functions to establish a center, office, branch, or similar entity with ten or more personnel; or

(3) carrying out activities or functions that were not described in the budget request;

unless the agencies funded by this Act notify, in writing, the Committees on Appropriations of both Houses of Congress at least 30 days in advance of using the funds for these purposes.

(e) As described in this section, no funds may be used for any activities unless the Secretary of Agriculture or the Secretary of Health and Human Services receives from the Committee on Appropriations of both Houses of Congress written or electronic mail confirmation of receipt of the notification as required in this section.

SEC. 717. Notwithstanding section 310B(g)(5) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932(g)(5)), the Secretary may assess a one-time fee for any guaranteed business and industry loan in an amount that does not exceed 3 percent of the guaranteed principal portion of the loan.

SEC. 718. None of the funds appropriated or otherwise made available to the Department of Agriculture, the Food and Drug Administration or the Farm Credit Administration shall be used to transmit or otherwise make available reports, questions, or responses to questions that are a result of information requested for the appropriations hearing process to any non-Department of Agriculture, non-Department of Health and Human Services, or non-Farm Credit Administration employee.

SEC. 719. Unless otherwise authorized by existing law, none of the funds provided in this Act, may be used by an executive branch agency to produce any prepackaged news story intended for broadcast or distribution in the United States unless the story includes a clear notification within the text or audio of the prepackaged news story that the prepackaged news story was prepared or funded by that executive branch agency.

SEC. 720. No employee of the Department of Agriculture may be detailed or assigned from an agency or office funded by this Act or any other Act to any other agency or office of the Department for more than 60 days in a fiscal year unless the individual's employing agency or office is fully reimbursed by the receiving agency or

office for the salary and expenses of the employee for the period of assignment.

SEC. 721. Not later than 30 days after the date of enactment of this Act, the Secretary of Agriculture, the Commissioner of the Food and Drug Administration and the Chairman of the Farm Credit Administration shall submit to the Committees on Appropriations of both Houses of Congress a detailed spending plan by program, project, and activity for all the funds made available under this Act including appropriated user fees, as defined in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

SEC. 722. None of the funds made available by this Act may be used to propose, promulgate, or implement any rule, or take any other action with respect to, allowing or requiring information intended for a prescribing health care professional, in the case of a drug or biological product subject to section 503(b)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b)(1)), to be distributed to such professional electronically (in lieu of in paper form) unless and until a Federal law is enacted to allow or require such distribution.

SEC. 723. For the purposes of determining eligibility or level of program assistance for Rural Development programs the Secretary shall not include incarcerated prison populations.

SEC. 724. For loans and loan guarantees that do not require budget authority and the program level has been established in this Act, the Secretary of Agriculture may increase the program level for such loans and loan guarantees by not more than 25 percent: *Provided*, That prior to the Secretary implementing such an increase, the Secretary notifies, in writing, the Committees on Appropriations of both Houses of Congress at least 15 days in advance.

SEC. 725. None of the credit card refunds or rebates transferred to the Working Capital Fund pursuant to section 729 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2002 (7 U.S.C. 2235a; Public Law 107-76) shall be available for obligation without written notification to, and the prior approval of, the Committees on Appropriations of both Houses of Congress: *Provided*, That the refunds or rebates so transferred shall be available for obligation only for the acquisition of property, plant and equipment, including equipment for the improvement, delivery, and implementation of Departmental financial management, information technology, and other support systems necessary for the delivery of financial, administrative, and information technology services, including cloud adoption and migration, of primary benefit to the agencies of the Department of Agriculture.

SEC. 726. None of the funds made available by this Act may be used to implement, administer, or enforce the “variety” requirements of the final rule entitled “Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program (SNAP)” published by the Department of Agriculture in the Federal Register on December 15, 2016 (81 Fed. Reg. 90675) until the Secretary of Agriculture amends the definition of the term “variety” as defined in section 278.1(b)(1)(ii)(C) of title 7, Code of Federal Regulations, and

“variety” as applied in the definition of the term “staple food” as defined in section 271.2 of title 7, Code of Federal Regulations, to increase the number of items that qualify as acceptable varieties in each staple food category so that the total number of such items in each staple food category exceeds the number of such items in each staple food category included in the final rule as published on December 15, 2016: *Provided*, That until the Secretary promulgates such regulatory amendments, the Secretary shall apply the requirements regarding acceptable varieties and breadth of stock to Supplemental Nutrition Assistance Program retailers that were in effect on the day before the date of the enactment of the Agricultural Act of 2014 (Public Law 113–79).

SEC. 727. In carrying out subsection (h) of section 502 of the Housing Act of 1949 (42 U.S.C. 1472), the Secretary of Agriculture shall have the same authority with respect to loans guaranteed under such section and eligible lenders for such loans as the Secretary has under subsections (h) and (j) of section 538 of such Act (42 U.S.C. 1490p–2) with respect to loans guaranteed under such section 538 and eligible lenders for such loans.

SEC. 728. None of the funds appropriated or otherwise made available by this Act shall be available for the United States Department of Agriculture to propose, finalize or implement any regulation that would promulgate new user fees pursuant to 31 U.S.C. 9701 after the date of the enactment of this Act.

SEC. 729. Of the unobligated balances from amounts made available for the supplemental nutrition program as authorized by section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786), \$315,000,000 are hereby rescinded: *Provided*, That no amounts may be rescinded from amounts that were designated by the Congress as an emergency requirement pursuant to a Concurrent Resolution on the Budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 730. Notwithstanding any provision of law that regulates the calculation and payment of overtime and holiday pay for FSIS inspectors, the Secretary may charge establishments subject to the inspection requirements of the Poultry Products Inspection Act, 21 U.S.C. 451 et seq., the Federal Meat Inspection Act, 21 U.S.C. 601 et seq., and the Egg Products Inspection Act, 21 U.S.C. 1031 et seq., for the cost of inspection services provided outside of an establishment’s approved inspection shifts, and for inspection services provided on Federal holidays: *Provided*, That any sums charged pursuant to this paragraph shall be deemed as overtime pay or holiday pay under section 1001(d) of the American Rescue Plan Act of 2021 (Public Law 117–2, 135 Stat. 242): *Provided further*, That sums received by the Secretary under this paragraph shall, in addition to other available funds, remain available until expended to the Secretary without further appropriation for the purpose of funding all costs associated with FSIS inspections.

SEC. 731. (a) The Secretary of Agriculture shall—

(1) conduct audits in a manner that evaluates the following factors in the country or region being audited, as applicable—

- (A) veterinary control and oversight;
- (B) disease history and vaccination practices;
- (C) livestock demographics and traceability;

(D) epidemiological separation from potential sources of infection;

(E) surveillance practices;

(F) diagnostic laboratory capabilities; and

(G) emergency preparedness and response; and

(2) promptly make publicly available the final reports of any audits or reviews conducted pursuant to subsection (1).

(b) This section shall be applied in a manner consistent with United States obligations under its international trade agreements.

SEC. 732. In this fiscal year and thereafter, and notwithstanding any other provision of law, none of the funds made available by this Act may be used to implement section 3.7(f) of the Farm Credit Act of 1971 in a manner inconsistent with section 343(a)(13) of the Consolidated Farm and Rural Development Act.

SEC. 733. In this fiscal year and thereafter, and notwithstanding any other provision of law, none of the funds made available by this Act may be used to carry out any activities or incur any expense related to the issuance of licenses under section 3 of the Animal Welfare Act (7 U.S.C. 2133), or the renewal of such licenses, to class B dealers who sell Random Source dogs and cats for use in research, experiments, teaching, or testing.

SEC. 734. (a)(1) No Federal funds made available for this fiscal year for the rural water, waste water, waste disposal, and solid waste management programs authorized by sections 306, 306A, 306C, 306D, 306E, and 310B of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926 et seq.) shall be used for a project for the construction, alteration, maintenance, or repair of a public water or wastewater system unless all of the iron and steel products used in the project are produced in the United States.

(2) In this section, the term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

(b) Subsection (a) shall not apply in any case or category of cases in which the Secretary of Agriculture (in this section referred to as the “Secretary”) or the designee of the Secretary finds that—

(1) applying subsection (a) would be inconsistent with the public interest;

(2) iron and steel products are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or

(3) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.

(c) If the Secretary or the designee receives a request for a waiver under this section, the Secretary or the designee shall make available to the public on an informal basis a copy of the request and information available to the Secretary or the designee concerning the request, and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Secretary or the designee shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Department.

(d) This section shall be applied in a manner consistent with United States obligations under international agreements.

(e) The Secretary may retain up to 0.25 percent of the funds appropriated in this Act for “Rural Utilities Service—Rural Water and Waste Disposal Program Account” for carrying out the provisions described in subsection (a)(1) for management and oversight of the requirements of this section.

(f) Subsection (a) shall not apply with respect to a project for which the engineering plans and specifications include use of iron and steel products otherwise prohibited by such subsection if the plans and specifications have received required approvals from State agencies prior to the date of enactment of this Act.

(g) For purposes of this section, the terms “United States” and “State” shall include each of the several States, the District of Columbia, and each Federally recognized Indian Tribe.

SEC. 735. None of the funds appropriated by this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

SEC. 736. Of the total amounts made available by this Act for direct loans and grants under the following headings: “Rural Housing Service—Rural Housing Insurance Fund Program Account”; “Rural Housing Service—Mutual and Self-Help Housing Grants”; “Rural Housing Service—Rural Housing Assistance Grants”; “Rural Housing Service—Rural Community Facilities Program Account”; “Rural Business-Cooperative Service—Rural Business Program Account”; “Rural Business-Cooperative Service—Rural Economic Development Loans Program Account”; “Rural Business-Cooperative Service—Rural Cooperative Development Grants”; “Rural Business-Cooperative Service—Rural Microentrepreneur Assistance Program”; “Rural Utilities Service—Rural Water and Waste Disposal Program Account”; “Rural Utilities Service—Rural Electrification and Telecommunications Loans Program Account”; and “Rural Utilities Service—Distance Learning, Telemedicine, and Broadband Program”, to the maximum extent feasible, at least 10 percent of the funds shall be allocated for assistance in persistent poverty counties under this section, including, notwithstanding any other provision regarding population limits, any county seat of such a persistent poverty county that has a population that does not exceed the authorized population limit by more than 10 percent: *Provided*, That for purposes of this section, the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses, and 2007–2011 American Community Survey 5-year average, or any territory or possession of the United States: *Provided further*, That with respect to specific activities for which program levels have been made available by this Act that are not supported by budget authority, the requirements of this section shall be applied to such program level.

SEC. 737. None of the funds made available by this Act may be used to notify a sponsor or otherwise acknowledge receipt of a submission for an exemption for investigational use of a drug or biological product under section 505(i) of the Federal Food, Drug, and

Cosmetic Act (21 U.S.C. 355(i)) or section 351(a)(3) of the Public Health Service Act (42 U.S.C. 262(a)(3)) in research in which a human embryo is intentionally created or modified to include a heritable genetic modification. Any such submission shall be deemed to have not been received by the Secretary, and the exemption may not go into effect.

SEC. 738. None of the funds made available by this or any other Act may be used to enforce the final rule promulgated by the Food and Drug Administration entitled “Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption,” and published on November 27, 2015, with respect to the regulation of entities that grow, harvest, pack, or hold wine grapes, hops, pulse crops, or almonds.

SEC. 739. There is hereby appropriated \$5,000,000, to remain available until September 30, 2024, for a pilot program for the National Institute of Food and Agriculture to provide grants to non-profit organizations for programs and services to establish and enhance farming and ranching opportunities for military veterans.

SEC. 740. For school years 2022–2023 and 2023–2024, none of the funds made available by this Act may be used to implement or enforce the matter following the first comma in the second sentence of footnote (c) of section 220.8(c) of title 7, Code of Federal Regulations, with respect to the substitution of vegetables for fruits under the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773).

SEC. 741. None of the funds made available by this Act or any other Act may be used—

(1) in contravention of section 7606 of the Agricultural Act of 2014 (7 U.S.C. 5940), subtitle G of the Agricultural Marketing Act of 1946, or section 10114 of the Agriculture Improvement Act of 2018; or

(2) to prohibit the transportation, processing, sale, or use of hemp, or seeds of such plant, that is grown or cultivated in accordance with section 7606 of the Agricultural Act of 2014 or subtitle G of the Agricultural Marketing Act of 1946, within or outside the State in which the hemp is grown or cultivated.

SEC. 742. There is hereby appropriated \$3,000,000, to remain available until expended, for grants under section 12502 of Public Law 115–334.

SEC. 743. There is hereby appropriated \$1,000,000 to carry out section 3307 of Public Law 115–334.

SEC. 744. The Secretary of Agriculture may waive the matching funds requirement under section 412(g) of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7632(g)).

SEC. 745. There is hereby appropriated \$2,000,000, to remain available until expended, for a pilot program for the Secretary to provide grants to qualified non-profit organizations and public housing authorities to provide technical assistance, including financial and legal services, to RHS multi-family housing borrowers to facilitate the acquisition of RHS multi-family housing properties in areas where the Secretary determines a risk of loss of affordable housing, by non-profit housing organizations and public housing authorities as authorized by law that commit to keep such prop-

erties in the RHS multi-family housing program for a period of time as determined by the Secretary.

SEC. 746. There is hereby appropriated \$4,000,000, to carry out section 4208 of Public Law 115–334, including for project locations in additional regions.

SEC. 747. There is hereby appropriated \$4,000,000 to carry out section 12301 of Public Law 115–334, Farming Opportunities Training and Outreach.

SEC. 748. In response to an eligible community where the drinking water supplies are inadequate due to a natural disaster, as determined by the Secretary, including drought or severe weather, the Secretary may provide potable water through the Emergency Community Water Assistance Grant Program for an additional period of time not to exceed 120 days beyond the established period provided under the Program in order to protect public health.

SEC. 749. Funds made available under title II of the Food for Peace Act (7 U.S.C. 1721 et seq.) may only be used to provide assistance to recipient nations if adequate monitoring and controls, as determined by the Administrator, are in place to ensure that emergency food aid is received by the intended beneficiaries in areas affected by food shortages and not diverted for unauthorized or inappropriate purposes.

SEC. 750. In this fiscal year and thereafter, and notwithstanding any other provision of law, ARS facilities as described in the “Memorandum of Understanding Between the U.S. Department of Agriculture Animal and Plant Health Inspection Service (APHIS) and the U.S. Department of Agriculture Agricultural Research Service (ARS) Concerning Laboratory Animal Welfare” (16–6100–0103–MU Revision 16–1) shall be inspected by APHIS for compliance with the Animal Welfare Act and its regulations and standards.

SEC. 751. None of the funds made available by this Act may be used to procure raw or processed poultry products imported into the United States from the People’s Republic of China for use in the school lunch program under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.), the Child and Adult Care Food Program under section 17 of such Act (42 U.S.C. 1766), the Summer Food Service Program for Children under section 13 of such Act (42 U.S.C. 1761), or the school breakfast program under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.).

SEC. 752. For school year 2023–2024, only a school food authority that had a negative balance in the nonprofit school food service account as of June 30, 2022, shall be required to establish a price for paid lunches in accordance with section 12(p) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1760(p)).

SEC. 753. There is hereby appropriated \$2,000,000, to remain available until expended, for the Secretary of Agriculture to carry out a pilot program that assists rural hospitals to improve long-term operations and financial health by providing technical assistance through analysis of current hospital management practices.

SEC. 754. Any funds made available by this or any other Act that the Secretary withholds pursuant to section 1668(g)(2) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5921(g)(2)), as amended, shall be available for grants for bio-

technology risk assessment research: *Provided*, That the Secretary may transfer such funds among appropriations of the Department of Agriculture for purposes of making such grants.

SEC. 755. There is hereby appropriated \$400,000 to carry out section 1672(g)(4)(B) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5925(g)(4)(B)) as amended by section 7209 of Public Law 115–334.

SEC. 756. Hereafter, none of the funds made available by this Act or any other Act, may be used to pay the salaries or expenses of personnel to implement any activities related to the permitting of non-recording of observed violations of the Animal Welfare Act or its regulations on official inspection reports.

SEC. 757. For necessary expenses associated with cotton classing activities pursuant to 7 U.S.C. 55, to include equipment and facility upgrades, and in addition to any other funds made available for this purpose, there is appropriated \$4,000,000, to remain available until September 30, 2024: *Provided*, That amounts made available in this section shall be treated as funds collected by fees authorized under Mar. 4, 1923, ch. 288, §5, 42 Stat. 1518, as amended (7 U.S.C. 55).

SEC. 758. Notwithstanding any other provision of law, no funds available to the Department of Agriculture may be used to move any staff office or any agency from the mission area in which it was located on August 1, 2018, to any other mission area or office within the Department in the absence of the enactment of specific legislation affirming such move.

SEC. 759. The Secretary, acting through the Chief of the Natural Resources Conservation Service, may use funds appropriated under this Act or any other Act for the Watershed and Flood Prevention Operations Program and the Watershed Rehabilitation Program carried out pursuant to the Watershed Protection and Flood Prevention Act (16 U.S.C. 1001 et seq.), and for the Emergency Watershed Protection Program carried out pursuant to section 403 of the Agricultural Credit Act of 1978 (16 U.S.C. 2203) to provide technical services for such programs pursuant to section 1252(a)(1) of the Food Security Act of 1985 (16 U.S.C. 3851(a)(1)), notwithstanding subsection (c) of such section.

SEC. 760. In administering the pilot program established by section 779 of division A of the Consolidated Appropriations Act, 2018 (Public Law 115–141), the Secretary of Agriculture may, for purposes of determining entities eligible to receive assistance, consider those communities which are “Areas Rural in Character”: *Provided*, That not more than 10 percent of the funds made available under the heading “Distance Learning, Telemedicine, and Broadband Program” for the purposes of the pilot program established by section 779 of Public Law 115–141 may be used for this purpose.

SEC. 761. None of the funds made available by this Act may be used to pay the salaries or expenses of personnel—

(1) to inspect horses under section 3 of the Federal Meat Inspection Act (21 U.S.C. 603);

(2) to inspect horses under section 903 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 1901 note; Public Law 104–127); or

(3) to implement or enforce section 352.19 of title 9, Code of Federal Regulations (or a successor regulation).

SEC. 762. In addition to amounts otherwise made available by this Act and notwithstanding the last sentence of 16 U.S.C. 1310, there is appropriated \$4,000,000, to remain available until expended, to implement non-renewable agreements on eligible lands, including flooded agricultural lands, as determined by the Secretary, under the Water Bank Act (16 U.S.C. 1301–1311).

SEC. 763. Out of amounts appropriated to the Food and Drug Administration under title VI, the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall, not later than September 30, 2023, and following the review required under Executive Order No. 12866 (5 U.S.C. 601 note; relating to regulatory planning and review), issue advice revising the advice provided in the notice of availability entitled “Advice About Eating Fish, From the Environmental Protection Agency and Food and Drug Administration; Revised Fish Advice; Availability” (82 Fed. Reg. 6571 (January 19, 2017)), in a manner that is consistent with nutrition science recognized by the Food and Drug Administration on the net effects of seafood consumption.

SEC. 764. There is hereby appropriated \$5,000,000, to remain available until expended, to carry out section 2103 of Public Law 115–334: *Provided*, That the Secretary shall prioritize the wetland compliance needs of areas with significant numbers of individual wetlands, wetland acres, and conservation compliance requests.

SEC. 765. Notwithstanding any other provision of law, the acceptable market name of any engineered animal approved prior to the effective date of the National Bioengineered Food Disclosure Standard (February 19, 2019) shall include the words “genetically engineered” prior to the existing acceptable market name.

SEC. 766. There is appropriated to the Department of Agriculture, for an additional amount for “Agricultural Programs—Processing, Research, and Marketing—Office of the Secretary”, \$5,000,000, which shall remain available until expended, for necessary expenses, under such terms and conditions determined by the Secretary, related to testing soil, water, or agricultural products for per- and polyfluoroalkyl substances (PFAS) at the request of an agricultural producer, assisting agricultural producers affected by PFAS contamination with costs related to mitigate the impacts to their operation that have resulted from such contamination and indemnifying agricultural producers for the value of unmarketable crops, livestock, and other agricultural products related to PFAS contamination: *Provided*, That the Secretary shall prioritize such assistance to agricultural producers in states and territories that have established a tolerance threshold for PFAS in a food or agricultural product: *Provided further*, That, not later than 90 days after the end of fiscal year 2023, the Secretary shall submit a report to the Congress specifying the type, amount, and method of such assistance by state and territory and the status of the amounts obligated and plans for further expenditure, and include improvements that can be made to U.S. Department of Agriculture programs, either administratively or legislatively, to increase support for agricultural producers impacted by PFAS contamination and to enhance scientific knowledge on PFAS uptake in

crops and livestock and PFAS mitigation and remediation methods and disseminate such knowledge to agricultural producers.

SEC. 767. The Secretary shall set aside for Rural Economic Area Partnership (REAP) Zones, until August 15, 2023, an amount of funds made available in title III under the headings of Rural Housing Insurance Fund Program Account, Mutual and Self-Help Housing Grants, Rural Housing Assistance Grants, Rural Community Facilities Program Account, Rural Business Program Account, Rural Development Loan Fund Program Account, and Rural Water and Waste Disposal Program Account, equal to the amount obligated in REAP Zones with respect to funds provided under such headings in the most recent fiscal year any such funds were obligated under such headings for REAP Zones.

SEC. 768. There is hereby appropriated \$500,000 to carry out the duties of the working group established under section 770 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2019 (Public Law 116–6; 133 Stat. 89).

SEC. 769. For an additional amount for the Office of the Secretary, \$15,000,000, to remain available until expended, to continue the Institute for Rural Partnerships as established in section 778 of Public Law 117–103: *Provided*, That the Institute for Rural Partnerships shall continue to dedicate resources to researching the causes and conditions of challenges facing rural areas, and develop community partnerships to address such challenges: *Provided further*, That administrative or other fees shall not exceed one percent: *Provided further*, That such partnership shall coordinate and publish an annual report.

SEC. 770. Of the unobligated balances from prior year appropriations made available under the heading “Farm Service Agency—Agricultural Credit Insurance Fund Program Account”, \$73,000,000 are hereby rescinded.

SEC. 771. In addition to the amount of reimbursement for administrative and operating expenses available for crop insurance contracts described in subsection (a)(2)(F) of section III of the 2023 Standard Reinsurance Agreement (SRA) that cover agricultural commodities described in section 101 of title I of the Specialty Crops Competitiveness Act of 2004 (7 U.S.C. 1621 note), there is hereby appropriated \$25,000,000, to remain available until expended, to pay, with respect to such contracts for the 2021 reinsurance year, an amount that is equal to the difference between the amount to be paid pursuant to the SRA for the applicable reinsurance year and the amount that would be paid if such contracts were not subject to a reduction described in subsection (a)(2)(G) of section III of the SRA but subject to a reimbursement rate equal to 17.5 percent of the net book premium.

SEC. 772. For an additional amount for the “Office of the Secretary”, \$1,300,000, to remain available until expended, for the Secretary, in consultation with the Secretary of the Department of Health and Human Services, to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine to conduct a study of the eight topics and scientific questions related to alcohol previously published by USDA and HHS and other relevant topics: *Provided*, That the panel or panels established by the Na-

tional Academies Sciences, Engineering, and Medicine to conduct the study shall operate in a fully transparent manner and include a balanced representation of individuals who have expertise in the health effects of alcohol consumption, are unbiased, and are free from conflicts of interests: *Provided further*, That the findings and recommendations of the study shall be based on the preponderance of the scientific and medical knowledge consistent with section 5341 of title 7 of United States Code: *Provided further*, That not later than eighteen months after the date of enactment of this Act, the National Academies of Sciences, Engineering, and Medicine shall submit its report to the Secretary of Agriculture, the Secretary of Health and Human Services, and the Congress of its systematic review and data analysis of the eight research topics: *Provided further*, That the Secretary of Agriculture shall ensure that the 2025 Dietary Guidelines for Americans process includes a recommendation for alcohol and shall be based on the preponderance of scientific and medical knowledge consistent with section 5341 of title 7 of United States Code: *Provided further*, That the Secretary of Agriculture shall ensure the process is fully transparent and includes a balanced representation of individuals who are unbiased and free from conflicts of interest.

SEC. 773. The Secretary, as part of the report on foreign landholding required under the Agricultural Foreign Investment Disclosure Act (Public Law 95-460), shall report to Congress on foreign investments in agricultural land in the United States, including the impact foreign ownership has on family farms, rural communities, and the domestic food supply: *Provided*, That within 3 years after the enactment of this Act, the Secretary shall establish a streamlined process for electronic submission and retention of disclosures made under the Agricultural Foreign Investment Disclosure Act, including an internet database that contains disaggregated data from each disclosure submitted: *Provided further*, That all prior year disclosures of foreign investments in agricultural land in the United States are published in the database: *Provided further*, That the plan includes a process to ensure the protection of personally identifiable information and that all disclosures of foreign investments in agricultural land on the USDA website be disaggregated by: (1) in any case in which such foreign person is an individual, the citizenship of such foreign person; and (2) in any case in which such foreign person is not an individual or a government, the nature of the legal entity holding the interest, the country in which such foreign person is created or organized, and the principal place of business of such foreign person.

SEC. 774. Notwithstanding any other provision of law, the common name “Kanpachi” shall serve as an acceptable market name under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.) for labeling and marketing of ocean-farmed *Seriola rivoliana*.

SEC. 781. Of the unobligated balances from amounts made available to carry out section 749(g) of the Agricultural Appropriations Act of 2010 (Public Law 111–80), \$80,000,000 are hereby rescinded: *Provided*, That no amounts may be rescinded from amounts that were designated by the Congress as an emergency requirement pursuant to a Concurrent Resolution on the Budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

This division may be cited as the “Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2023”.

[CLERK'S NOTE.—Reproduced below is the material relating to division A contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION A—AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023**

### **CONGRESSIONAL DIRECTIVES**

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–392 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases in which the House or this explanatory statement has directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations no later than 60 days after enactment of this Act, unless otherwise directed.

Hereafter, in Division A of this statement, the term ‘the Committees’ refers to the Committees on Appropriations of the House of Representatives and the Senate.

For the appropriations provided by this Act and previous Acts, the departments and agencies funded by this agreement are reminded that the Committees use the definitions for transfer, reprogramming, and program, project, and activity as defined by the Government Accountability Office (GAO) in GAO–04–261SP Appropriations Law—Vol. I and GAO–05–734SP Budget Glossary.

A transfer is the shifting of funds between appropriations. It applies to (1) transfers from one agency to another, (2) transfers from one account to another within the same agency, and (3) transfers to an interagency or intra-agency working fund. In each instance, statutory authority is required.

Reprogramming is the utilization of funds in an appropriation account for purposes other than those contemplated at the time of appropriation. It is the shifting of funds from one object to another within an appropriation.

A program, project, or activity (PPA) is an element within a budget account. PPAs are identified by reference to include the most specific level of budget items identified in the Agriculture, Rural Development, Food and Drug Administration, and Related

Agencies Act, 2023, accompanying Committee reports, explanatory statements, and budget justifications. Program activity structures are intended to provide a meaningful representation of the operations financed by a specific budget account by project, activity, or organization.

The agreement directs the Office of Budget and Program Analysis (OBPA) of the U.S. Department of Agriculture (USDA) to provide an organizational chart for each agency funded by this Act to the division and subdivision level, as appropriate, within 60 days of enactment of this Act. The agreement also directs the Food and Drug Administration (FDA) and the Farm Credit Administration (FCA) to provide an organizational chart of each agency, respectively, to the division and subdivision level, as appropriate, within 60 days of enactment of this Act.

Further, USDA and FDA should be mindful of Congressional authority to determine and set final funding levels for fiscal year 2024. Therefore, the agencies should not presuppose program funding outcomes and prematurely initiate action to redirect staffing prior to knowing final outcomes on fiscal year 2024 program funding. The agreement directs OBPA to provide the Committees with the number of staff years and employees on board for each agency funded by this Act on a monthly basis.

This agreement provides funding for Community Project Funding/Congressionally Directed Spending. The bill includes language in each account with such spending that the funding “shall be for the purposes, and in the amounts, specified for [the relevant account] in the table titled ‘Community Project Funding/Congressionally Directed Spending’ in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).”

The agreement fully funds the request of the Department of Agriculture for the costs of the fiscal year 2023 pay increase for the USDA agencies funded in this bill.

The agreement also fully funds the costs of the fiscal year 2023 pay increase for the Food and Drug Administration.

## TITLE I

### AGRICULTURAL PROGRAMS

#### PROCESSING, RESEARCH, AND MARKETING

##### OFFICE OF THE SECRETARY

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$65,067,000 for the Office of the Secretary. This includes an increase of \$2,000,000 for the Office of Partnership and Public Engagement for technical assistance training and partner organization development.

The agreement is concerned with the dramatic rise in organic feedstock prices for livestock, especially organic dairy producers, as a result of severe drought conditions, international trade wars, supply chain backlogs, and unprecedented inflation. The Committees are working closely with the department to better understand this issue and find a solution. The agreement directs the department to

report back to the Committees within 30 days of enactment of this Act on available funding sources to address this problem, including exercising authority under the Commodity Credit Corporation. The Secretary is directed to include 2022 losses in the Pandemic Assistance Revenue Program.

The Farm and Food Workers Relief Grant program was established by USDA as a support program for frontline farm, grocery and meatpacking workers directly impacted by the pandemic. The agreement directs the Department to update the Committees on the program and provide legislative and/or policy recommendations for dealing with expenses incurred, including PPE, by frontline workers in any future pandemics.

The Secretary is urged to work with the states in the Chesapeake Bay area to assist fishermen and processors dealing with invasive blue catfish.

The agreement directs the Secretary, in consultation with the Secretary of HHS, to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine to conduct a study related to alcohol consumption. The agreement provides \$1,300,000 in a general provision to carry out this study.

The agreement is concerned about unfair wheat variety registration practices that negatively affect American wheat growers that export to Canada. The agreement urges the Secretary to work with the Department of Commerce and the United States Trade Representative to prioritize conversations with the Canadian government to address trade inequities.

The agreement provides \$15,000,000 to continue the Institutes for Rural Partnership at the three institutions originally funded in fiscal year 2022.

The agreement encourages the Secretary to consider the maximum practical use of RC&D Councils in the delivery of USDA programs and services.

The agreement recognizes the need for biobased and U.S. grown alternatives to plastic. The agreement directs the Secretary to explore U.S. based hemp as a robust and dependable plastic alternative and issue a report to the Committees within 180 days of passage of this Act.

The agreement encourages USDA to further expand the work of the 1890 and 1994 Land Grant Institutions to allow for the selection of a greater number of scholars and supports the participation of more agencies in this effort.

## EXECUTIVE OPERATIONS

## OFFICE OF THE CHIEF ECONOMIST

The agreement provides \$28,181,000 for the Office of the Chief Economist.

The agreement provides \$8,000,000 for policy research under 7 U.S.C. 3155. Of the amount provided, \$3,000,000 is for the Department to focus efforts on entities that have developed models, databases, and staff necessary to conduct in-depth analysis of impacts of agriculture or rural development policy proposals on rural communities, farmers, agribusiness, taxpayers, and consumer. The Department is encouraged to fund regional and State-level baseline projections.

The agreement directs the Secretary to study the U.S. bioeconomy's size and scope in comparison with other nations according to available data and direct/indirect jobs and average wages, economic output, tax contributions, and investment. The agreement directs to Department to consult with the Committees on the details of the study and submit a report within one year of enactment of this Act.

## OFFICE OF HEARINGS AND APPEALS

The agreement provides \$16,703,000 for the Office of Hearings and Appeals.

## OFFICE OF BUDGET AND PROGRAM ANALYSIS

The agreement provides \$14,967,000 for the Office of Budget and Program Analysis.

## OFFICE OF THE CHIEF INFORMATION OFFICER

The agreement provides \$92,284,000 for the Office of the Chief Information Officer, of which not less than \$77,428,000 is for cybersecurity requirements of the Department.

The agreement directs the Department to continue to drive enterprise-wide implementation and expansion of the USDA Enterprise Data Analytics Platform and Toolset.

## OFFICE OF THE CHIEF FINANCIAL OFFICER

The agreement provides \$7,367,000 for the Office of the Chief Financial Officer.

## OFFICE OF THE ASSISTANT SECRETARY FOR CIVIL RIGHTS

The agreement provides \$1,466,000 for the Office of the Assistant Secretary for Civil Rights.

## OFFICE OF CIVIL RIGHTS

The agreement provides \$37,595,000 for the Office of Civil Rights.

## AGRICULTURE BUILDINGS AND FACILITIES

### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$40,581,000 for Agriculture Buildings and Facilities. The agreement directs the Department to provide updates on the One Neighborhood Initiative and future space needs following the COVID-19 pandemic as soon as possible.

## HAZARDOUS MATERIALS MANAGEMENT

### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$7,581,000 for Hazardous Materials Management.

## OFFICE OF SAFETY, SECURITY, AND PROTECTION

The agreement provides \$21,800,000 for the Office of Safety, Security, and Protection. The agreement does not provide funding for activities that are currently funded through other resources such as the Working Capital Fund or that have historically been funded through other means.

## OFFICE OF INSPECTOR GENERAL

The agreement provides \$111,561,000 for the Office of Inspector General. This includes an increase of \$1,500,000 for oversight of the Infrastructure Investment and Jobs Act.

## OFFICE OF THE GENERAL COUNSEL

The agreement provides \$60,537,000 for the Office of the General Counsel (OGC). The agreement includes \$2,600,000 to establish within OGC functions related to the Freedom of Information Act.

## OFFICE OF ETHICS

The agreement provides \$5,556,000 for the Office of Ethics.

## OFFICE OF THE UNDER SECRETARY FOR RESEARCH, EDUCATION, AND ECONOMICS

The agreement provides \$2,384,000 for the Office of the Under Secretary for Research, Education, and Economics.

## ECONOMIC RESEARCH SERVICE

The agreement provides \$92,612,000 for the Economic Research Service (ERS). The agreement includes \$3,000,000 for costs associated with the second round of USDA's National Household Food Purchase and Acquisition Survey and \$500,000 to establish a honeybee economist position to adequately inform USDA disaster, conservation, forage, research, and other programmatic efforts to support the specialty crop and honey industry supply chains.

The agreement directs ERS to report on a quarterly basis the top five agricultural commodity exports and imports by State and to identify the country of destination or origin of those commodities.

The agreement reminds the Secretary of directives in fiscal year 2022 to submit reports to the Committees on both voluntary carbon sequestration incentives and life cycle analysis (LCA) for various biobased products.

The agreement encourages ERS to continue and expand the efforts relating to organic data analysis.

The agreement recognizes ERS' ongoing efforts to identify census tracts with difficult and mountainous terrain and directs ERS to continue this research. The agreement further directs ERS to keep the Committees and any other interested parties regularly apprised of progress, and to make all efforts to expedite the report's completion while maintaining the integrity of the research.

#### NATIONAL AGRICULTURAL STATISTICS SERVICE

The agreement provides \$211,076,000 for the National Agricultural Statistics Service (NASS), of which \$66,413,000 is for the Census of Agriculture. The agreement maintains funding for the Cost of Pollination survey, the Floriculture Crops report, and for NASS to coordinate with AMS for activities related to expanding organic price reporting and organic data collection. The agreement also maintains \$2,000,000 to expand the existing geospatial program.

The agreement expects NASS to continue its ongoing activities at the frequency levels assumed in fiscal year 2022, including barley acreage and production estimates; the Bee and Honey Program; the Chemical Use Data Series; the Floriculture Crops Report; and Fruit and Vegetable Reports, including in-season forecasts for non-citrus fruit and tree nut crops such as pecans.

The agreement directs NASS to continue to work with stakeholders to better understand how to capture supplemental information for certain crops to help offset data losses from the discontinuation of agricultural statistics district level estimates.

The agreement encourages NASS to reinstate the 5-year Vineyard and Orchard Acreage Study and resume data collection and reporting so grape, wine, and juice producers can remain competitive and respond to challenges in the industry.

#### AGRICULTURAL RESEARCH SERVICE

##### SALARIES AND EXPENSES

The agreement provides \$1,744,279,000 for the Agricultural Research Service (ARS), Salaries and Expenses.

The agreement expects extramural and intramural research to be funded at no less than the fiscal year 2022 levels. The agreement provides funding increases for Activated Foods; Aflatoxin Mitigation; Agricultural Measurement and Monitoring Innovation Lab; Agrivoltaics; Alfalfa Research; Alternative Protein Research; BARD; Barley Pest Initiative; Bee Genomics; Biotechnology Innovation; Central Crops Research; Chronic Wasting Disease; Citrus Breeding; Climate Hubs; Coffee Leaf Rust; Cotton Genetics and Fiber Quality; Cover Crops; Crop Production Systems and Genetic Research; Dairy Forage; Floriculture and Nursery Research Initiative; Food Systems; Fumigant Alternatives Research; Genetic Oats; Harmful Algal Blooms; Healthy Soils in Semi-Arid Locations Re-

search; Herbicide Resistance; High Performance Computing; Human Nutrition; Improvements in Broiler Production; LTAR; Little Cherry Disease; Livestock Genetics; Macadamia Tree Health; Machine Learning and Electromagnetic Sensors Research; Marine Aquaculture Seedstock; Missouri River Basin Management; National Bio- and Agro Defense Facility; National Soil Dynamics Lab; Navel Orangeworm; Pay Costs; Peanut Nutrition; Peanut Research; Pecan Genetics; Pecan Processing; Poultry Processing Research and Innovation; Poultry Production and Product Safety; Predictive Crop Performance; Recirculating Aquaculture Systems Research; Regenerative and Precision Agriculture for Orchards; Repair and Maintenance; Small Fruits; Soil Health Research; Sorghum Genetic Database; Strawberry Production; Sugarbeets; Sugarcane Variety Development; Sustainable Poultry Processing Research; Tree Fruit Post-Harvest Research; Water Quality Management Systems; Whitefly; and Wildfire Smoke Taint.

The agreement encourages ARS to focus cattle fever tick research efforts on projects designed for synergistic compatibility with eradication technologies inside and beyond the permanent fever tick quarantine zone.

The agreement directs ARS to continue its Atlantic salmon breeding and domestication work. The agreement notes that the current Atlantic salmon breeding program lacks a geneticist and supports efforts by the Department to address this need.

#### BUILDINGS AND FACILITIES

The agreement provides \$74,297,000 for ARS Buildings and Facilities. In addition, \$58,000,000 is provided in Division N of this consolidated Act for previously funded facilities that have incurred cost overruns.

### NATIONAL INSTITUTE OF FOOD AND AGRICULTURE

#### RESEARCH AND EDUCATION ACTIVITIES

The agreement provides \$1,094,121,000 for the National Institute of Food and Agriculture (NIFA), Research and Education Activities.

The agreement encourages AFRI to prioritize funding for agro-acoustics in its basic and applied research program, as well as through Food and Agricultural Science Enhancement grants. The agreement encourages the Secretary to expand career and technical training opportunities for meat processing within the AFRI Education and Workplace Development initiative. The agreement encourages NIFA to prioritize the Sustainable Agricultural Systems program area, particularly proposals that include a focus on digital agriculture and the digitally augmented food supply chain.

The agreement notes that the National Organic Standards Board (NOSB) has identified key organic research priorities and encourages NIFA to consider these priorities when crafting the fiscal year 2023 Request for Applications for AFRI and the Organic Transition Program. The agreement also encourages USDA to increase the number of organic research projects funded under AFRI and the Specialty Crop Research Initiative.

The agreement encourages USDA to support research projects that characterize protein from crop plants such as chickpeas, sor-

ghum, lentils, fava beans, lupin, rice, oats, mushrooms, and water lentils to assess their suitability for use in food products.

The agreement encourages land-grant universities to take steps to foster the next generation of public plant and animal breeders by placing a higher priority on the development of publicly available, regionally adapted cultivars and breeds.

The agreement provides funding to support research into the improvement of yields, water conservation, creation of new uses, and other research areas with the potential to advance the alfalfa seed and alfalfa forage industry.

The agreement encourages NIFA to support research on algae and algae application in agriculture, including new technologies and commercial markets for renewable and sustainable products derived from algae.

The agreement encourages USDA to support aquaculture disease and vaccine research, including research on cold-water aquaculture vaccines.

The agreement recognizes the need for research on eradicating livestock diseases, particularly bovine brucellosis and bovine tuberculosis, and encourages NIFA to make competitive grants available to study improved management tools for zoonotic livestock diseases with significant wildlife reservoirs.

The agreement encourages NIFA to conduct research to develop technologies that will provide rapid, portable, and facile screening of fish species at port sites as well as at wholesale and retail centers.

The agreement encourages continuation of the Dual Purpose with Dual Benefit partnership between the National Institute of Child Health and Human Development and USDA.

The agreement supports research funding for new food safety technologies relating to the Nation's food supply that helps researchers, producers, and manufacturers, and encourages NIFA to increase research of novel bio-detection technologies and the implementation of mobile bio-detection platforms in real-world technologies.

The agreement continues to encourage NIFA, in coordination with the FDA, to establish a Center of Excellence for Foodborne Illness to coordinate a research program to reduce the risk of *Listeria monocytogenes*.

The agreement supports research on how bioactive substances help reduce obesity and encourages increased investment in this area.

The agreement directs NIFA to work with research institutions to develop and refine predictive models and monitoring technologies for native and invasive pests for incorporation into integrated pest management programs for naturally seeded, native berry crops to increase the margin of food safety and product quality.

The agreement supports developing, building, operating, demonstrating, and teaching around integrated and bio-secure production technology for feed, fish-plant, and energy products.

The agreement continues to encourage NIFA to raise the maximum grant size to accommodate a wider range of project types and scopes.

The agreement emphasizes the important role of the Specialty Crop Research Initiative in addressing the critical needs of the specialty crop industry through research and extension activities, and encourages NIFA to prioritize proposals seeking to aid farmers in extending their growing season through the use of winter growing techniques.

The agreement recognizes the importance of nationally coordinated, regionally managed canola research and extension programs and encourages the Secretary to give priority consideration to proposals that address research needs in production areas with the greatest potential to expand, as well as those where canola production is established and needs to be maintained.

The agreement encourages NIFA to support cooperative work with State-run universities in the Southwest with experience in bringing together students and young dairy professionals from multiple States in summer programs designed to provide practical dairy teaching with the goal of facilitating research into workforce safety and antimicrobial stewardship.

The agreement notes the critical shortage of veterinarians in the public, private, industrial, and academic sectors, and as such, continues funding both the Veterinary Medicine Loan Repayment Program and the Veterinary Services Grant Program.

The agreement supports research and development efforts in US-made sustainable and renewable composite materials made from natural fibers and biopolymers and encourages NIFA to consider research projects which advance end-to-end American farm-to-product capability to increase efficiency and strengthen our nation's manufacturing capability in the expanding field of sustainable engineering materials.

The agreement provides \$2,000,000 to make competitive grants for agricultural research facilities in support of the Research Facilities Act and encourages NIFA to prioritize facilities that are located at or primarily benefit minority serving institutions when making awards. In addition, the agreement urges NIFA to conduct outreach and grant writing technical assistance prior to issuing any funding awards.

NATIVE AMERICAN INSTITUTIONS ENDOWMENT FUND

The agreement provides \$11,880,000 for the Native American Institutions Endowment Fund.

EXTENSION ACTIVITIES

The agreement provides \$565,410,000 for NIFA, Extension Activities.

The agreement recognizes that changes are needed to develop a 21st century extension to meet the needs of today's farmers, and directs NIFA to conduct meetings with producers, stakeholders, and policymakers to begin developing a framework for the next generation of farm extension programs.

The agreement is concerned that extension service resources do not reach minority, social disadvantaged, and Tribal communities and as such, encourages NIFA to evaluate distribution of extension resources to these populations.

The agreement reminds the Secretary of the report directed in fiscal year 2022 detailing Rural Health and Safety Education Program funding awarded to projects addressing opioid abuse, projects combatting other types of substance abuse, and projects unrelated to substance abuse.

## INTEGRATED ACTIVITIES

The agreement provides \$41,500,000 for NIFA, Integrated Activities.

The agreement supports the work being done through the publicly funded diagnostic laboratory network and encourages NIFA to prioritize funding to strengthen animal health diagnostic laboratories.

The agreement directs the Secretary to support pest management programs in potato growing States.

The following table reflects the amounts provided by the agreement:

## NATIONAL INSTITUTE OF FOOD AND AGRICULTURE INTEGRATED ACTIVITIES

## OFFICE OF THE UNDER SECRETARY FOR MARKETING AND REGULATORY PROGRAMS

The agreement provides \$1,617,000 for the Office of the Under Secretary for Marketing and Regulatory Programs.

The agreement continues to reject past proposals to administratively implement new user fees and believes USDA should not propose new user fees without taking into account the full impact on farmers, ranchers, and beneficiaries who would be forced to contend with rapid changes and additional costs without prior notice.

## ANIMAL AND PLANT HEALTH INSPECTION SERVICE

## SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,171,071,000 for the Animal and Plant Health Inspection Service (APHIS), Salaries and Expenses. In addi-

tion, \$125,000,000 is provided for Agricultural Quarantine Inspection Services in Division N of this consolidated Act.

The agreement provides a net increase of \$60,853,000 for high priority initiatives in order to protect the plant and animal resources of the Nation from pests and diseases. Within the increase total, the agreement includes the following: \$2,635,000 to support the implementation of the National Aquaculture Health Plan and the Comprehensive Aquaculture Health Program Standards; \$1,000,000 for Cattle Health to combat the cattle fever tick; \$2,500,000 for the Equine, Cervid, and Small Ruminant Health program to help address chronic wasting disease; \$722,000 for the National Veterinary Stockpile to protect against the most damaging animal diseases; \$1,500,000 for the National Animal Health Laboratory Network [NAHLN]; \$1,000,000 for Zoonotic Disease Management to combat antimicrobial resistance; \$500,000 for the Cotton Pests program to continue eradication efforts against the cotton boll weevil; \$500,000 for Field Crop and Rangeland Ecosystems Pests to combat the Mormon cricket and grasshopper; \$750,000 for Plant Protection Methods Development to eradicate the Northern Giant Hornet; a net \$2,919,000 for Specialty Crop Pests for the control and eventual eradication of the spotted lanternfly (\$500,000) and fruit flies (\$3,419,000); \$3,000,000 for Wildlife Damage Management to continue feral swine eradication efforts (\$1,000,000) and to implement non-lethal livestock-predator conflict deterrence techniques (\$2,000,000); \$2,300,000 for Wildlife Services Methods Development for chronic wasting disease work at the National Wildlife Research Center (\$1,000,000) and for aircraft maintenance and refurbishments (\$1,300,000); \$1,500,000 for Animal and Plant Health Regulatory Enforcement; \$1,400,000 for Emergency Preparedness and Response to implement emergency contingency plans for facilities regulated under the Animal Welfare Act; \$1,000,000 for the Safe Trade and International Technical Assistance program to support the implementation of the Lacey Act; \$1,000,000 for Overseas Technical and Trade Operations; \$4,200,000 for Animal Care; \$1,000,000 for the Horse Protection Program; and \$9,552,000 for Community Project Funding/Congressionally Directed Spending.

The agreement notes that assessing Agriculture Quarantine Inspections' treatment monitoring fees on a per-enclosure basis imposes disproportionate impacts on industry and user groups at certain key ports of entry, including ports along the Southeastern United States. USDA is encouraged to continue evaluating alternative and equitable funding mechanisms in consultation with relevant stakeholder groups.

The agreement encourages the Department to continue coordination with State animal health officials in order to proactively mitigate the spread of highly pathogenic avian influenza and to increase outreach and engagement with poultry producers to educate on proactive measures individuals can take to further mitigate the spread of the virus. The agreement encourages the Department to utilize existing supplemental funding to continue these efforts.

The agreement directs the Department to submit a report to the Committees on its efforts to manage Carrizo cane and cattle fever tick within 60 days of enactment of this Act.

The agreement recognizes the significant economic impact of the Huanglongbing disease on the citrus industry, which is especially acute in Florida and is a growing concern in both Texas and California. The agreement encourages the Huanglongbing Multi-Agency Coordination [HLB-MAC] group to explore and identify new methods to expedite the delivery of promising treatments directly to growers. Finally, the agreement expects that any funds which are redirected from existing HLB-MAC projects be repurposed to other priority HLB-MAC projects that are showing promising results to ensure these critical funds remain committed to facilitating the design and implementation of the rapid delivery pathway to growers.

The agreement directs APHIS to consider options for expanding environmental documentation for spotted lanternfly treatments in areas outside the states currently included in APHIS' environmental analysis as well as the cost of such treatments and to provide a report on these topics 90 days after the enactment of this Act.

APHIS is directed to provide an annual report within 120 days of the end of the fiscal year, detailing how the funds for non-lethal strategies were dispersed; including regional distribution, wild and domestic species impacted, number and size of livestock/agricultural operations impacted, and nonlethal tools and methods implemented and supported.

The agreement provides no less than the fiscal year 2022 level to support ongoing cooperative agreements with States impacted by Eastern Equine Encephalitis.

The continued presence of feral cattle in the Gila National Forest Wilderness Area in New Mexico is negatively impacting both the ecosystem and recreational use of the area. The agreement directs APHIS Wildlife Services and the United States Forest Service to address this issue as expeditiously as feasible. The agencies shall provide reports to the Committees on their progress in the first and third quarters of the year.

The agreement provides \$3,000,000 for APHIS to ensure necessary steps are taken to develop a qualified workforce comprised of subject matter experts in foreign, emerging, and zoonotic diseases and capable of developing, validating, and conducting needed diagnostics, performing epidemiologic studies, and completing bioinformatics analyses. The agreement encourages APHIS to establish cooperative agreements with academic research institutions, particularly non-land grant Hispanic-Serving Institutions, to support the next generation of the National Bio- and Agro-Defense Facility workforce.

The agreement directs USDA to submit a report to the Committees within 1 year of enactment of this Act regarding the National Detector Dog Training Center's role in protecting the domestic agriculture sector from pests and diseases. The report shall include a description of domestic pest and disease programs that use canine detector teams, coordination between APHIS and U.S. Customs and Border Protection on use of canine teams for agricultural quarantine inspections, and the Center's current capacity level.

The agreement directs USDA to coordinate amongst all relevant agencies under its authority to update, and where applicable, develop consistent, easily replicated formulas on an annual basis to

estimate market values of livestock and poultry categories for indemnity purposes. In developing and updating these annual values, USDA should ensure that they reflect applicable modern production practices, and relevant livestock and poultry markets so that payments by USDA represent average fair market values for the category of animal that the compensation payment is intended to cover.

The agreement directs APHIS to work with ARS and stakeholders and provides no less than the fiscal year 2022 level to develop an integrated management program for control of the Roseau cane scale insect pest infestation.

The agreement includes no less than the fiscal year 2022 funding level to improve understanding of EU1 and NA1 strains of the sudden oak death pathogen and treatment methods to inform control and management techniques in wildlands.

The agreement provides \$121,957,000 for wildlife damage control to maintain priority initiatives, including preventing the transport of invasive snakes and other harmful species. The agreement provides no less than the fiscal year 2022 funding level for the agency to reduce blackbird depredation in the Northern Great Plains.

The agreement provides no less than the fiscal year 2022 level for damage management efforts and the development of methods to assist producers in combatting the persistent threat and economic hardship caused by cormorants, pelicans, and other birds. The agreement provides \$28,000,000 for the National Rabies Management Program to fortify existing barriers and advance prevention and eradication efforts.

The agreement provides \$2,000,000 within Wildlife Damage Management to maintain a National Training Academy focused on those areas of greatest concern such as pyrotechnics, firearms, hazardous materials, immobilization and euthanasia drugs, pesticides, animal care and handling, land vehicles, watercraft, and zoonotic diseases.

The agreement notes that the need for the equine industry and APHIS to cooperate in order to eliminate the soring of horses has been consistently recognized. In 2021, the National Academy of Sciences recognized the importance of objective science-based inspection to ensure accuracy and fairness. The Committee directs APHIS to continue to utilize existing resources to implement proven objective science-based inspection tools for its horse soring inspection protocol.

## BUILDINGS AND FACILITIES

The agreement provides \$3,175,000 for APHIS Buildings and Facilities.

## AGRICULTURAL MARKETING SERVICE

### MARKETING SERVICES

The agreement provides \$237,695,000 for Agricultural Marketing Service (AMS), Marketing Services.

The agreement includes the following increases: \$2,000,000 for the National Organic Standards program; \$500,000 for the Acer Access and Development program; and \$5,000,000 for oversight and enforcement of the Packers and Stockyards Act.

The agreement includes \$25,000,000 for the Dairy Business Innovation Initiatives program and \$8,000,000 for the Micro-Grants for Food Security program. The agreement also includes \$1,000,000 for the Cattle Contracts Library in this account.

The agreement expects AMS to prioritize proposals for the Acer Access and Development Program that support the promotion of research and education, natural resource responsibility, and market

development and promotion, and that are from regions with sufficient distribution of *Acer saccharum* to support a commercially viable maple syrup industry.

The agreement directs the Department, in collaboration with Customs and Border Protection, FDA, and domestic commercial honey producer stakeholders, to provide a report on the resources and authorities needed to ensure a fairer market for domestic honey producers and a more transparent market for American consumers.

The agreement directs the Secretary, working with the Attorney General as appropriate, to act expeditiously to analyze issues surrounding transparent meat pricing mechanisms and reliable price discovery for cattle producers and the rest of the supply chain nationwide, and to consider extending the ongoing investigation to include economic disruptions associated with public health emergencies.

The agreement urges AMS to administer the Micro-Grants for Food Security program in a manner that will ensure that low-income, disadvantaged, and minority individuals are able to submit applications and receive funding for projects that would increase the amount and quality of locally produced foods. When practicable, the agreement directs AMS to waive or amend how it applies the regulatory requirements of 2 CFR 200.206, 200.313, 200.328, and 200.329 to ensure that this program addresses food insecurity challenges.

The agreement recognizes AMS' work to reimburse dairy producers for unintended losses in 2020 resulting from a milk pricing change made in the Agriculture Improvement Act of 2018 and pandemic-related market disruption and is concerned that the per-producer limitation of five million pounds resulted in larger producers being reimbursed for only minimal portions of their losses. The Department is encouraged to evaluate possible measures to ensure more wholesome reimbursement under future programs.

The agreement encourages USDA to support the Native American Tourism and Improving Visitor Experience Act (Public Law 114–221) by prioritizing projects that market, promote, or expand Native American foods, markets, and enterprises.

The agreement directs AMS to continue strong enforcement of organic dairy production standards and to resolve significant variations in standard interpretation that exist among organic certifiers and organic dairy producers. AMS shall continue to conduct critical risk-based oversight, particularly for large, complex dairy operations.

The agreement recognizes the need for organic dairy producers to have detailed data about market conditions in order to make decisions about the value of their products. Within 60 days of enactment of this Act, AMS is directed to brief the Committees on the feasibility of collection and publication of organic fluid milk data from all Federal Milk Marketing Orders.

The agreement directs the Secretary to require mandatory reporting on an annual basis by accredited certifying agents on aggregate production areas certified by crop and location in order to accurately calculate organic acreage and yield estimates on a country-by-country basis. The agreement maintains funding for AMS to

coordinate with NASS for activities related to expanding organic price reporting and organic data collection.

#### LIMITATION ON ADMINISTRATIVE EXPENSES

The agreement provides a limitation on administrative expenses of \$62,596,000.

#### FUNDS FOR STRENGTHENING MARKETS, INCOME, AND SUPPLY (SECTION 32)

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$21,501,000 for Funds for Strengthening Markets, Income, and Supply.

The agreement notes the importance of the Secretary's authority, described in clause 3 of 7 U.S.C. 612c, to direct funds from the Section 32 account, but believes that communication between USDA and Congress should be improved when this practice is used. The agreement directs the Secretary to provide notification to the Committees in advance of any public announcement or release of Section 32 funds under the authorities described above.

#### PAYMENTS TO STATES AND POSSESSIONS

The agreement provides \$1,235,000 for Payments to States and Possessions.

#### LIMITATION ON INSPECTION AND WEIGHING SERVICES EXPENSES

The agreement includes a limitation on inspection and weighing services expenses of \$55,000,000.

#### OFFICE OF THE UNDER SECRETARY FOR FOOD SAFETY

The agreement provides \$1,117,000 for the Office of the Under Secretary for Food Safety.

## FOOD SAFETY AND INSPECTION SERVICE

The agreement provides \$1,158,266,000 for the Food Safety and Inspection Service (FSIS) and an additional \$29,700,000 in Division N of this consolidated Act for costs associated with the Goodfellow move.

This amount includes an additional \$10,000,000 to continue the reduced user fees for small and very small establishments. The Act also includes \$2,800,000 to address the persistently high levels of public health veterinarian vacancies and up to \$1,000,000 for the inspection of wild caught invasive species in the order Siluriformes and family Ictaluridae, including blue catfish in the Chesapeake Bay.

The agreement appreciates the updated memorandum of understanding on worker safety with FSIS and the U.S. Department of Labor's Occupational Safety and Health Administration that will go towards protecting workers and improved training over the next five years.

The Committees still await the report on the Cooperative Interstate Shipment

(CIS) program as outlined in Section 764(e)(2) of Division N of Public Law 116–260.

The agreement recognizes the crucial need for the Federal Government to improve its interagency coordination efforts on food safety, particularly as it pertains to pathogens and outbreaks. The Committee directs USDA and FDA to continue to work together and with other Federal, State, and industry partners to develop strategies to prevent and respond to foodborne outbreaks.

The following table reflects the agreement:

## TITLE II

### FARM PRODUCTION AND CONSERVATION PROGRAMS

#### OFFICE OF THE UNDER SECRETARY FOR FARM PRODUCTION AND CONSERVATION

The agreement provides \$1,727,000 for the Office of the Under Secretary for Farm Production and Conservation.

#### FARM PRODUCTION AND CONSERVATION BUSINESS CENTER

##### SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$248,684,000 for the Farm Production and Conservation (FPAC) Business Center. In addition, \$60,228,000 is transferred from the Commodity Credit Corporation.

The agreement reminds the Secretary of the report directed in S. Rept. 116–110 regarding the FPAC Business Center’s efficiencies gained, metrics, hiring plan, and potential reorganization, which is now long overdue.

FARM SERVICE AGENCY

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,215,307,000 for Farm Service Agency (FSA), Salaries and Expenses.

The agreement urges USDA to maintain its position that drought on acequia-irrigated land is an eligible cause of loss for the Non-insured Crop Disaster Assistance Program.

The agreement again directs USDA to brief the Committees on the implementation status of the Acreage Crop Reporting Streamlining Initiative.

The agreement recognizes that drought is the largest cause of U.S. farm production losses and reminds the Secretary of the report directed in the joint explanatory statement accompanying Public Law 116–260 detailing a full analysis of the new CREP dryland agricultural uses authority and which dryland farming best practices could make advancements to protect ground water and surface water quality and control soil erosion while enhancing wildlife habitat.

The agreement directs the Secretary to restore normal mortality rates under the Emergency Livestock Assistance Program for honeybees to fifteen percent and to restore fair market values for colonies and hives to at least the levels utilized in the 2019 program year. The agreement encourages the Secretary to expand eligibility under the program to include climate change and drought-related losses, or to include managed honeybees under other appropriate disaster assistance programs.

The agreement encourages FSA to work with ranchers to tailor the Livestock Indemnity Program to address unique circumstances currently preventing producers from receiving compensation for losses stemming from panther and bald eagle depredation events.

The following table reflects the agreement:

GRASSROOTS SOURCE WATER PROTECTION PROGRAM

The agreement provides \$7,500,000 for the Grassroots Source Water Protection Program.

## DAIRY INDEMNITY PROGRAM

(INCLUDING TRANSFER OF FUNDS)

The agreement provides such sums as may be necessary for the Dairy Indemnity Program.

The agreement notes that no payments have been made to Maine farmers who depopulated their herds as a result of per- and polyfluoroalkyl substances (PFAS) contamination and encourages USDA to provide indemnification to those farmers. The agreement also recognizes that USDA updated the Dairy Indemnity Payment Program (DIPP) to provide additional options to dairy producers impacted by PFAS contamination, but directs USDA to evaluate additional resources available to producers facing PFAS contamination, and to inform the Committees of additional resources needed to provide relief.

## GEOGRAPHICALLY DISADVANTAGED FARMERS AND RANCHERS

The agreement provides \$4,000,000 for the Reimbursement Transportation Cost Payment Program for Geographically Disadvantaged Farmers and Ranchers.

## AGRICULTURAL CREDIT INSURANCE FUND PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$10,652,312,000 for the ACIF program account.

## RISK MANAGEMENT AGENCY

## SALARIES AND EXPENSES

The agreement provides \$66,870,000 for Risk Management Agency, Salaries and Expenses.

The agreement encourages RMA to provide for an inflation adjustment to all administrative and operating expense reimbursements in order to provide equitable relief with respect to specialty crop policies. The agreement recognizes RMA's authority to provide for an inflation adjustment to all administrative and operating expense reimbursements without a renegotiation of the SRA in a manner similar to the inflation adjustment from 2011 through 2015. Further, the agreement encourages RMA to provide for an inflation adjustment to all A&O in order to provide equitable relief with respect to specialty crop policies.

## NATURAL RESOURCES CONSERVATION SERVICE

## CONSERVATION OPERATIONS

The agreement provides \$941,124,000 for Natural Resources Conservation Service (NRCS), Conservation Operations.

The agreement provides \$16,751,000 for the Snow Survey and Water Forecasting Program; \$10,751,000 for the Plant Materials Centers, of which \$1,000,000 is for climate smart agriculture; \$86,757,000 for the Soil Surveys Program; and \$800,892,000 for Conservation Technical Assistance, of which \$14,000,000 is for the Grazing Lands Conservation Initiative, \$13,000,000 is for additional staff, and \$1,000,000 is for Phragmite control. The agreement also includes \$3,000,000 for a cost-share program for the construction and repair of perimeter fencing.

The agreement maintains funding for the Grazing Lands Conservation Initiative, of which at least \$12,000,000 shall be provided through State allocations as competitive grants to diverse partnerships. The agreement also directs NRCS to provide at least \$2,000,000 through a cooperative agreement with a national grazing lands conservation coalition to establish diverse State-based coalitions and undertake grazing education.

The agreement provides an increase of \$7,000,000 to expand NRCS Snow Telemetry Network, of which \$1,000,000 is for a study, following consultation with the Committees, of potential expansion of the SNOTEL automated mountain weather monitoring network to the northeastern United States. The agreement also encourages consideration of expansion into the Alpine zone of glaciated mountain ranges, and consideration of working with interested university, tribal, and non-profit partners on the installation and maintenance of such SNOTEL sites.

The agreement encourages the Secretary to use mitigation with the conversion of a natural wetland and equivalent wetlands functions at a ratio which does not exceed 1-to-1 acreage.

The agreement expects NRCS to utilize all available opportunities and to work with eligible entities, including producers, States, irrigation districts, and acequias to assist in implementing area-wide plans to address drought resiliency and mitigation.

The Environmental Quality Incentive Program (EQIP) helps farmers conserve energy and develop conservation plans through locally based technical service providers. The agreement urges the Secretary to seek out and implement opportunities to encourage and support farmers' energy efficiency projects. The agreement further encourages the Department to develop EQIP guidance that ensures input from local communities, including listening sessions with land grants and acequias.

The agreement expects NRCS to continue to take into account sample design, data collection software, and data processing capability in order to collect and produce scientifically credible information on the status, condition, and trends of Alaska's lands, soils, waters, and related resources.

The agreement directs NRCS to implement a multi-year cooperative agreement with appropriate funding support to an organization that supports efforts to conserve the lesser-prairie chicken and implements carbon sequestration conservation programs nationwide, and that can make conservation solutions and best practices accessible daily to private land owners.

The agreement directs NRCS to provide a report within 90 days of enactment of this Act on actions it will take to eliminate program duplication as identified in IG Audit Report 10601-0004-KC and IG Audit Report 10601-0001-32.

The agreement continues to direct NRCS to maintain a record of total technical assistance dollars, differentiated between mandatory and discretionary allocations, and to provide the data to the Committees on Appropriations.

The agreement encourages NRCS to reevaluate the match requirements for the Technical Service Provider program supporting State and Tribal health programs.

#### WATERSHED AND FLOOD PREVENTION OPERATIONS

The agreement provides \$75,000,000 for Watershed and Flood Prevention Operations (WFPO).

The agreement funds congressionally directed spending for certain activities and locations under Watershed and Flood Prevention Operations. While the agreement provides the funding, recipients of CDS are still required to apply for the funding. The agreement expects the agency to review the applications and fund projects in the same manner as previous years.

The agreement is aware of increased interest in using WFPO funds for projects that modernize irrigation systems while also providing benefits for drought response and wildlife habitats, and directs NRCS, in collaboration with outside stakeholders and project sponsors, to review and streamline program guidance to facilitate these projects. The agreement further directs NRCS to provide a report within 60 days of enactment of this Act detailing the steps taken to streamline the program to reflect expanded use of funds for irrigation modernization projects that also improve drought response and wildlife habitat.

#### WATERSHED REHABILITATION PROGRAM

The agreement provides \$2,000,000 for the Watershed Rehabilitation Program.

## HEALTHY FORESTS RESERVE PROGRAM

The agreement provides \$7,000,000 for the Healthy Forests Reserve Program.

## URBAN AGRICULTURE AND INNOVATIVE PRODUCTION PROGRAM

The agreement provides \$8,500,000 for the Urban Agriculture and Innovative Production Program.

## CORPORATIONS

## FEDERAL CROP INSURANCE CORPORATION FUND

The agreement provides such sums as may be necessary for the Federal Crop Insurance Corporation Fund.

## COMMODITY CREDIT CORPORATION FUND

## REIMBURSEMENT FOR NET REALIZED LOSSES

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides such sums as may be necessary for Reimbursement for Net Realized Losses of the Commodity Credit Corporation.

## HAZARDOUS WASTE MANAGEMENT

## (LIMITATION ON EXPENSES)

The agreement provides a limitation of \$15,000,000 for Hazardous Waste Management.

## TITLE III

## RURAL DEVELOPMENT PROGRAMS

## OFFICE OF THE UNDER SECRETARY FOR RURAL DEVELOPMENT

The agreement provides \$1,620,000 for the Office of the Under Secretary for Rural Development.

## RURAL DEVELOPMENT

## SALARIES AND EXPENSES

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$801,079,000 for Salaries and Expenses of Rural Development, including a direct appropriation of \$351,087,000.

The agreement remains concerned about IT systems within Rural Development and provides an increase of \$25,000,000 to continue making improvements and retiring legacy systems. This increase shall be used to update or retire the following systems: UniFi/SURPASS, Hyperion Reports, and PLAS. Furthermore, the agreement directs the Department to provide a report listing the programs that still require paper applications and the estimated cost to develop online portals, as well as monthly updates on mak-

ing improvements to the systems listed above and any other IT development.

The agreement provides \$5,000,000 for the Rural Partners Network and still awaits the updated report that includes key performance measures to evaluate the success of this new initiative. Additionally, the fiscal year 2022 joint explanatory statement requested monthly updates on the rollout of the program, and the Committees have yet to receive an update. The agreement directs the Department to begin sending those updates immediately.

Additionally, the agreement provides an increase of \$25,802,000 for pay costs. The agreement directs the Department to continue to fill vacancies, prioritizing ongoing mission critical activities, and to brief the Committees prior to advancing or expanding the Rural Partners Network and onboarding Community Liaisons. The agreement also directs the Department to provide a report that breaks out staffing by program, including current levels and end of year goals within 30 days of enactment of this Act and monthly reports to the Committees with hiring updates thereafter.

## RURAL HOUSING SERVICE

### RURAL HOUSING INSURANCE FUND PROGRAM ACCOUNT

#### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides a total budget authority of \$527,357,000 for activities under the Rural Housing Insurance Fund Program Account.

The Committees applaud the initial success of the Single-Family Housing Direct relending loan program and provide \$7,500,000 in loan level to expand the pilot to other States, particularly in the southwestern United States. The agreement directs the Department to publish a report on its website detailing the Native community development finance institutions (CDFI) that receive loans from this demonstration program, a breakdown of mortgage loans made under this program to households residing on and off Tribal trust lands, and the average mortgage loan amount made by Native CDFIs under this program.

The agreement is concerned that there are unnecessary impediments facing individuals who utilize Single Family Housing Direct Loans and the Single Family Housing Guaranteed Loan Program to purchase homes or property in rural areas. The agreement reminds the Department that efficient review and approval of these applications is essential to the success of these programs, especially in the current housing market, and directs the Department to submit a report, within 60 days of enactment, on the current appraisal requirements for these homes and whether these requirements are adopted from requirements used by the Department of Housing and Urban Development or the Department of Veterans Affairs.

The agreement reminds the Department that the fiscal year 2017 Appropriations Act required the Department to conduct research and identify policy program reforms, and incentives for preserving rural rental housing and to produce a report summarizing those findings to be submitted to the Committees 2 years later. The report is now 3 years overdue, and the agreement directs the Depart-

ment to submit the completed report within 30 days of enactment of this Act.

The following table indicates loan, subsidy, and grant levels provided by the agreement:

(Dollars in thousands)

Loan authorizations:	
Single family housing (sec. 502)	
Direct .....	\$1,250,000

#### RENTAL ASSISTANCE PROGRAM

The agreement provides \$1,487,926,000 for the Rental Assistance Program.

The Committees are interested in the fiscal year 2023 President's budget request to decouple rental assistance from Section 515 loans but believe additional information is needed. Therefore, the agreement directs the Department to hold at least three listening sessions and stakeholder meetings within six months of enactment of this Act. Furthermore, the Department shall brief the Committees, within 60 days after the final listening session, on how decoupling rental assistance would be implemented.

The Secretary is encouraged to prioritize multi-family housing properties acquired by means of a section 515 loan within the current fiscal year when determining current rental assistance needs.

The agreement is concerned the shift of urban population to more rural settings has disproportionately impacted affordable housing for rural residents. Therefore, where practicable, the agreement urges the Secretary to prioritize Rental Assistance to these regions.

#### RURAL HOUSING VOUCHER ACCOUNT

The agreement provides \$48,000,000 for the Rural Housing Voucher Account.

## MUTUAL AND SELF-HELP HOUSING GRANTS

The agreement provides \$32,000,000 for Mutual and Self-Help Housing Grants.

## RURAL HOUSING ASSISTANCE GRANTS

The agreement provides \$48,000,000 for Rural Housing Assistance Grants.

The following table reflects the grant levels provided by the agreement:

(Dollars in thousands)

Very low income housing repair grants .....	\$32,000
Housing preservation grants .....	16,000
Total, grant program .....	<u>\$48,000</u>

## RURAL COMMUNITY FACILITIES PROGRAM ACCOUNT

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$341,490,328 for the Rural Community Facilities Program Account and an additional \$25,300,000 in Division N of this consolidated Act.

The agreement is concerned by the ineligibility of projects under the Community Facilities Grant program located in significantly rural and low-income areas that are defined as distressed but do not qualify for grant funding under this program. The Department is required to evaluate the program's income and service area-based eligibility standards and identify ways to approve community access to these grants, including whether basing eligibility on national rather than state median household income could benefit areas located in predominantly poor, rural States.

The following table reflects the loan, subsidy, and grant amounts provided by the agreement:

(Dollars in thousands)

Loan authorizations:	
CF direct loans .....	\$2,800,000
CF guaranteed loans .....	650,000

## RURAL BUSINESS—COOPERATIVE SERVICE

## RURAL BUSINESS PROGRAM ACCOUNT

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$86,520,000 for the Rural Business Program Account.

The agreement provides a \$550,000,000 increase in loan authority for Business and Industry Guaranteed loan program. The agreement provides \$500,000 for transportation technical assistance and directs that of the \$4,000,000 provided for grants to benefit federally Recognized Native American Tribes, \$250,000 shall be used to

implement an American Indian and Alaska Native passenger transportation development and assistance initiative.

The agreement is aware of GAO's recent report, GAO-21-579, which issued recommendations to USDA, Department of Housing and Urban Development [HUD], and the Economic Development Agency [EDA] to better leverage complementary Federal community and economic development funds. The agreement encourages USDA to improve collaboration with HUD and EDA to help communities maximize and more effectively utilize Federal economic development resources.

The agreement recognizes that strong partnerships exist between RD and Federal Regional Commissions and Authorities. The agreement encourages RD to coordinate with Regional Commissions to promote efficiency during the grant planning and review process. Additionally, the agreement encourages RD to ensure flexible processes are available for each Regional Commission as appropriate.

The agreement provides \$2,000,000 for the RISE grant program enacted as part of the Agriculture Improvement Act of 2018 (Public Law 115-334). These grants have the potential to help struggling communities by funding jobs accelerators in low-income rural areas. The agreement recommends funding be prioritized for entities leveraging next generation gigabit broadband service to promote entrepreneurship and entities based in geographical areas with established agriculture and technology sectors which are focused on the development of precision and autonomous agriculture technologies as a way to strengthen rural economies and create jobs.

The following table reflects the loan, subsidy, and grant levels provided by the agreement:

(Dollars in thousands)

Loan level:	
Business and industry guaranteed loans .....	\$1,800,000
Loan subsidy and grants:	
Business and industry guaranteed loans .....	38,520

RURAL ECONOMIC DEVELOPMENT LOANS PROGRAM ACCOUNT

The agreement provides \$75,000,000 for the Rural Economic Development Loans Program Account.

RURAL COOPERATIVE DEVELOPMENT GRANTS

The agreement provides \$28,300,000 for Rural Cooperative Development Grants. Of the amounts made available, \$13,000,000 is for the Value-Added Producer Grant Program and \$3,500,000 is for the Appropriate Technology Transfer for Rural Areas Program.

The agreement provides \$3,000,000 for Agriculture Innovation Center funding, as authorized in section 6402 of Public Law 107–171, to be available as grants to States authorized to host, and that have previously hosted, a USDA Agriculture Innovation Center and where the State continues to demonstrate support and provide non-Federal grant funding to producers developing, producing, and marketing value-added agricultural and food products. Prior year or current grant awardees shall be eligible for these funds.

The Committees are still awaiting the report on implementation of Section 6306 of the Agriculture Improvement Act of 2018 (Public Law 115–334), including a projected timeline for full implementation of this provision.

The agreement urges that Value-Added Producer Grants be prioritized to support the production of value-added agricultural products, including dairy, with significant potential to expand production and processing in the United States.

RURAL MICROENTREPRENEUR ASSISTANCE PROGRAM

The agreement provides \$6,000,000 for the Rural Microentrepreneur Assistance Program.

RURAL ENERGY FOR AMERICA PROGRAM

The agreement provides \$18,000 for the Rural Energy for America Program (REAP) in addition to resources provided in the Agriculture Improvement Act of 2018 and Inflation Reduction Act of 2022.

The agreement also acknowledges the potential of REAP to help rural agricultural producers and small businesses diversify on-farm income and promote energy efficiency through renewable energy production. However, the agreement recognizes financial barriers to program utilization by small agricultural producers and small businesses due to matching fund requirements and reimbursement-based grant funding. As such, the agreement encourages the Department to make REAP grants more accessible to socially disadvantaged groups and low income applicants to ensure the program’s feasibility and accessibility for applicants of all demographics.

The following table reflects the loan, subsidy, and grant levels provided by the agreement:

## HEALTHY FOOD FINANCING INITIATIVE

The agreement provides \$3,000,000 for the Healthy Food Financing Initiative.

## RURAL UTILITIES SERVICE

## RURAL WATER AND WASTE DISPOSAL PROGRAM ACCOUNT

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$596,404,000 for the Rural Utilities Service Rural Water and Waste Disposal Program Account and an additional \$60,000,000 in Division N of this consolidated Act.

The agreement recognizes that small and rural communities located within Central Appalachia can lack access to reliable water and sanitation because they do not have the capacity or population bases to support centralized water systems. Within the funds provided for the Rural Water and Wastewater Disposal program, the agreement encourages the Department to fund pilot projects intended to provide decentralized small-scale water and wastewater services to communities in distressed counties within Central Appalachia.

The agreement provides \$70,000,000 for water and waste disposal systems grants for Native Americans, including Native Alaskans, and the Colonias. The agreement recognizes the special needs and problems for delivery of basic services to these populations and encourages the Secretary to distribute these funds in line with the fiscal year 2014 distribution to the degree practicable.

The agreement directs that no less than \$1,000,000 within the technical assistance funding be used to support manufactured homes.

The following table reflects the loan, subsidy, and grant levels provided by the agreement:

(Dollars in thousands)

<i>Loan authorizations:</i>

DISTANCE LEARNING, TELEMEDICINE, AND BROADBAND PROGRAM

The agreement provides \$466,503,317 for the Distance Learning, Telemedicine, and Broadband Program. The agreement provides \$3,000,000 to address critical healthcare needs, as authorized by section 379G of the Consolidated Farm and Rural Development Act. The agreement also provides \$3,000,000 for the broadband deployment programs authorized in the Agriculture Improvement Act of 2018.

The agreement provides \$348,000,000 for the Re-Connect pilot, which was established in the Consolidated Appropriations Act, 2018 (Public Law 115–141). The program shall establish a scoring criterion that prioritizes serving the hardest to reach, unserved and underserved rural communities. Additionally, the agreement continues to direct the Secretary to allow entities of any structure, including partnerships and infrastructure applications, to apply, provided sufficient assurances are given that broadband service will be provided to the subject area through contractual arrangements.

The agreement encourages the Department to continue to update the program and review process to make ReConnect more efficient, including collaborating with the Rural Electric Division to ensure that all utilities and broadband technologies are treated equally in the application process. In addition, the burdens of applying for funding and participating in the program should be as minimal as possible, including allowing all providers to offer proof of financial capability through bond ratings instead of submitting financial documentation, and to offer collateral for loans as well as security for performance under grants using alternate forms of security instead of providing a first lien on assets.

To maximize the reach of funding, projects should not be funded if another broadband provider has begun a network build or is sub-

ject to an enforceable commitment, either through a Federal, State, or local funding program or other binding obligation to a government entity, to serve the proposed service area. In addition, the agreement reminds USDA to avoid efforts that could duplicate existing networks built by private investment or those built leveraging and utilizing other Federal programs and to coordinate with the National Telecommunications Information Administration and the Federal Communications Commission to ensure wherever possible that any funding provided to support deployment of last-mile broadband infrastructure is targeted to areas that are currently unserved.

In any areas, study areas, or census blocks outside an area where a Tribal government has jurisdiction, and where a provider is already subject to a buildout obligation of 25/3 Mbps or greater for fixed terrestrial broadband pursuant to a commitment to another government entity, RUS Telecommunications Program should take that funding into account to prevent the duplication of services financed by Federal support. Entities subject to such existing commitment applying for ReConnect funds to bring service offerings to the ReConnect build-to speed should be given a scoring preference by RUS. This shall include areas pending FCC final approval of an award of High-Cost USF funds for 2 years after the applicable long form application deadline.

Further, the agreement encourages the agency to prioritize projects financed through public-private partnerships and projects where Federal funding will not exceed 50 percent of the project's total cost. The agreement also supports efforts to increase transparency and encourages the Secretary to follow the notice and comment rulemaking procedures of the Administrative Procedure Act (Public Law 79-404) with respect to all program administration and activities, including publishing a written decision on RUS' website of how challenges were decided and the agency's reasons for such decision. In addition, the agreement intended the pilot to be technology neutral and encourages the Secretary to eliminate or revise the awarding of extra points under the ReConnect program based on commercial status, or to applicants from States without restrictions on broadband delivery by utilities service providers.

The agreement also encourages the Department to allow service areas that received CAF II funds to allow other entities to apply for ReConnect funding for the same service area if the CAF II funds supported satellite deployment and the entity that received CAF II funds cannot provide terrestrial broadband. In addition, the agreement is concerned that States and territories outside the contiguous United States are having difficulty participating with the USDA broadband programs, and encourages the Secretary to consider grants or loans for satellite, or other technologies, if such middle mile infrastructure predominantly serves a "rural area" as defined in section 601(b) and do not lead to overbuilding. The agreement also remains concerned that States and territories outside the contiguous United States are having difficulty utilizing this program and directs the agency to report back to the Committees with recommendations to address these concerns.

The agreement is concerned that the current weighting scale for the ReConnect program disadvantages rural households and com-

munities that are not necessarily located on farms. In addition, the agreement is concerned that providing preference to 100 Mbps symmetrical service also unfairly disadvantages these communities by limiting the deployment of other technologies capable of providing service to these areas. Further, the agreement is concerned that the current program does not effectively recognize the unique challenges and opportunities that different technologies, including satellite, provide to delivering broadband in noncontiguous States or mountainous terrain. While the agreement continues to provide the Secretary with the flexibility to consider applications that provide lower speeds to areas with severe geographic limitations, the minimum buildout speed for the ReConnect program remains 100/20 Mbps.

The Department is required to submit a report within 90 days on the feasibility and cost of utilizing satellite internet service under its existing programs. The report must cover a cost comparison of fiber versus satellite costs with a focus on reaching rural areas. Additionally, USDA should report on any statutory barriers that prevent program dollars to go toward satellite internet access.

## TITLE IV

### DOMESTIC FOOD PROGRAMS

#### OFFICE OF THE UNDER SECRETARY FOR FOOD, NUTRITION, AND CONSUMER SERVICES

The agreement provides \$1,376,000 for the Office of the Under Secretary for Food, Nutrition, and Consumer Services.

The agreement directs the Secretary to determine ways to streamline the application process for the Summer Food Service Program and the Child and Adult Care Food Program. The Secretary is directed to consider allowing organizations in good standing for 3 years to file only one application to administer both programs each year. The agreement directs the Department to submit the report on ways to streamline the application process for SFSP and CACFP as required by Public Law 116–260.

The agreement urges FNS to focus efforts on providing support to States with high levels of food insecurity, including high density vulnerable populations in areas without adequate transportation. The agreement also encourages FNS to assess gaps in current feeding programs.

The agreement appreciates the intent of FNS to focus on implementing locally-designed initiatives to increase food security in

frontier communities. The agreement strongly encourages FNS to continue to work closely with relevant stakeholders. The agreement directs FNS to collaborate with AMS in implementing Micro-Grants for Food Security.

The agreement is concerned about the effects changes in SNAP eligibility can have on vulnerable populations that are not always looked at on a State-by-State level. The agreement encourages the Secretary to include vulnerable populations in State-by-State demographic profiles.

The agreement directs USDA, within 18 months of enactment of this Act, to formalize and publish metrics for evaluating nutrition security in consultation with other Federal agencies, researchers, and public health organizations.

## FOOD AND NUTRITION SERVICE

### CHILD NUTRITION PROGRAMS

#### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$28,545,432,000 for Child Nutrition Programs, including \$30,000,000 for school meal equipment grants; \$40,000,000 for Summer Electronic Benefits Transfer; \$14,000,000 for Farm to School grants; \$3,000,000 for School Breakfast Expansion grants; and \$20,162,000 for Team Nutrition.

The agreement directs the Department to submit the report on the Summer Food Service Program as required by Public Law 116-260 within 30 days after enactment of this Act.

The agreement encourages the Department to retain low-fat, flavored milk in the forthcoming rulemaking on child nutrition meal pattern components and to consider the food safety and functional uses of sodium in cheese.

The agreement is concerned that the per-meal reimbursement rates for school meals in outlying areas do not accurately reflect the high costs of producing and supplying school meals. The agreement notes the calculation for the national payment rate for outlying areas has not been adjusted since its original 1979 analysis. The agreement directs USDA to provide a temporary increase in the national average payment rate for the outlying areas at a rate at least equal to the national average payment rate for Alaska until the School Nutrition Cost Study II is completed. The agreement further directs USDA to provide technical assistance and flexibility to school food authorities in outlying areas.

The agreement encourages the Secretary to update the system of crediting high-protein yogurt to accurately reflect the scientifically demonstrated higher protein content in strained yogurt.

The agreement recognizes the nutritional value of pulse crops for children and encourages FNS to support school food authorities in sourcing and serving pulse crops.

The agreement encourages FNS to explore utilizing third-party services to deliver meals and snacks through CACFP in a non-congregate setting, particularly in school districts in which the poverty rate is higher than the national average.

The agreement provides the following for Child Nutrition Programs:

**TOTAL OBLIGATIONAL AUTHORITY**  
(Dollars in thousands)

School lunch program .....	\$15,404,530
School breakfast program .....	5,453,240
Child and adult care food program .....	4,659,778

Child Nutrition Training .....	2,000
Farm to School Grants .....	14,000
School Breakfast Expansion .....	3,000
<b>Total .....</b>	<b>\$28,545,432</b>

**SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS,  
AND CHILDREN (WIC)**

For the Special Supplemental Nutrition Program for Women, Infants, and Children, the agreement provides \$6,000,000,000, which fully funds expected participation in fiscal year 2023. The agreement includes \$90,000,000 for the breastfeeding peer counselor program and \$14,000,000 for infrastructure.

The work of the National Academies of Science, Engineering and Medicine (NASEM) to review and make recommendations for updating the WIC food packages to reflect current science and cultural factors is recognized. The agreement notes, however, that while all revised packages now allow some fish, the amounts remain low compared to the recommendations of other authoritative health agencies. The agreement strongly encourages the Department to consider the health and cultural benefits of fish consumption as the NASEM recommendations are reviewed and used to inform the Department's next course of action. The agreement also strongly encourages the Department to continue to allow states to submit cultural food package proposals to respond to the cultural preferences of WIC participants in states like Alaska.

The agreement encourages USDA to collaborate with HHS on the development of uniform, evidence-based nutrition education materials in order to best service WIC eligible pregnant women and caregivers to infants impacted by Neonatal Abstinence Syndrome.

Repeated Dietary Guidelines for Americans (DGAs) have identified dairy products as nutrient-dense, while also identifying a high percentage of the U.S. population, including WIC's at-risk population, as not consuming the recommended level of dairy. As the Secretary considers an update to the WIC Supplemental Food Package, the Committee urges the Department to ensure that quantities of milk and other dairy foods provided to WIC participants are aligned with the DGAs.

## SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

The agreement provides \$153,863,723,000 for the Supplemental Nutrition Assistance Program (SNAP).

The agreement is concerned about high rates of food insecurity among active-duty service members, particularly in rural and remote areas. The agreement directs FNS to submit a report on steps taken to address food insecurity in military communities, including efforts to identify eligible individuals, outreach efforts on military bases, and resources available to military families.

The agreement continues to support the full implementation of the National Accuracy Clearinghouse and encourages the Department to use a blended workforce, including contractors and sub-contractors, that have the capability to use data analytics and public data to determine the correct State to issue SNAP benefits. The agreement also directs the Department to ensure individuals are not automatically removed from receiving benefits.

The agreement directs FNS to submit the report on FDPIR as required by PL 116–260 within 30 days of enactment of this Act.

The agreement is concerned that FNS has prohibited tribes and tribal organizations that participate in the FDPIR pilot program from including traditional food. The agreement directs FNS to allow tribes participating in the pilot program to include traditional foods without substitutions and to allow participating tribes to purchase traditional foods from producers that may not be able to provide sufficient quantities to serve all participating tribes across the Nation.

The agreement remains concerned about data discrepancies that allowed benefits to be issued using fraudulent credentials. The agreement encourages FNS to implement controls to address these problems and update the Committees on its progress in addressing the issues outlined in the January 2017 OIG report.

The Department is reminded that SNAP funding is not to be used in contravention of Section 107(b) of Division A of the Victims of Trafficking and Violence Protection Act of 2000.

The agreement encourages FNS to continue efforts on SNAP income verification from third-party databases and to enter into an agreement in fiscal year 2023 to make a third-party income database electronic data matching solution available to all 53 SNAP agencies, with a single negotiated price that reduces costs by taking advantage of economies of scale, and will facilitate greater efficiency and streamlined service delivery at the State level.

The agreement provides the following for SNAP:

TOTAL OBLIGATIONAL AUTHORITY  
(Dollars in thousands)

Benefits .....	\$140,127,000
Contingency reserve .....	3,000,000
Administrative costs:

COMMODITY ASSISTANCE PROGRAM

The agreement recommends an appropriation of \$457,710,000 for the Commodity Assistance Program. This includes \$338,640,000 for the Commodity Supplemental Food Program; \$26,000,000 for the Farmers' Market Nutrition Program; \$92,000,000 for administrative funding for the Emergency Food Assistance Program; and \$1,070,000 for the Food Donation Programs for Pacific Island Assistance.

NUTRITION PROGRAMS ADMINISTRATION

The agreement provides \$189,348,000 for Nutrition Programs Administration, including \$7,000,000 for the scientific integrity of the Dietary Guidelines and \$1,700,000 for the civil rights division.

TITLE V

FOREIGN ASSISTANCE AND RELATED PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR TRADE AND FOREIGN  
AGRICULTURAL AFFAIRS

The agreement provides \$932,000 for the Office of the Under Secretary for Trade and Foreign Agricultural Affairs.

The agreement includes \$1,000,000 in a general provision for the International Agricultural Education Fellowship program. The agreement is concerned about regional limitations on eligible programs in previous funding opportunities and encourages USDA to avoid limiting eligibility of applicants to specific countries or regions.

The agreement directs the Department to publish an annual report describing the recipients of funds, including the quantity and specific uses of such funding awards granted through the Market Access Program and the Foreign Market Development Program for the purpose of promoting agricultural sales in Cuba, to ensure compliance with Sec. 3201 of Public Law 115–334.

The agreement encourages the Department to prioritize inter-agency coordination with the Office of the U.S. Trade Representative and industry engagement in order to develop effective and lasting solutions that will allow increased market access for domestic peanuts into the European Union.

The agreement encourages USDA to work with USAID to support the scale up of U.S. production and procurement of Ready-to-Use Therapeutic Foods, and to develop a multi-year strategy to support this effort. The Secretary shall provide a report to the

Committees on this strategy within 90 days of enactment of this Act.

The agreement is concerned about the long-term tariffs on the domestic farm economy. The Department is directed to submit a report, after consultation with the Committees, that examines the impact that tariffs imposed pursuant to sections 232 and 301 of the Trade Act of 1974 and associated retaliatory tariffs are having on the farm economy.

#### OFFICE OF CODEX ALIMENTARIUS

The agreement provides \$4,922,000 for the Office of Codex Alimentarius.

#### FOREIGN AGRICULTURAL SERVICE

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$237,330,000 for the Foreign Agricultural Service and a transfer of \$6,063,000. The agreement includes \$6,269,000 for pay costs, \$884,000 for Capital Security Cost Sharing, and \$1,533,000 for information technology.

#### FOOD FOR PEACE TITLE II GRANTS

The agreement provides \$1,750,000,000 for Food for Peace Title II Grants and an additional \$50,000,000 in Division M of this consolidated Act.

The agreement directs the Secretary, in consultation with the Administrator of USAID, to provide to the Committees a quarterly report on obligations and current balances of Food for Peace Title II grants. This report should also include any supplemental funding.

#### MCGOVERN-DOLE INTERNATIONAL FOOD FOR EDUCATION AND CHILD NUTRITION PROGRAM GRANTS

The agreement provides \$243,331,000 for the McGovern-Dole International Food for Education and Child Nutrition Program and an additional \$5,000,000 in Division M of this consolidated Act.

#### COMMODITY CREDIT CORPORATION EXPORT (LOANS)

##### CREDIT GUARANTEE PROGRAM ACCOUNT

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$6,063,000 for the Commodity Credit Corporation Export (Loans) Credit Guarantee Program Account.

## TITLE VI

## RELATED AGENCY AND FOOD AND DRUG ADMINISTRATION

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

## FOOD AND DRUG ADMINISTRATION

## SALARIES AND EXPENSES

## (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$3,530,150,000 in discretionary budget authority and \$3,032,643,000 in definite user fees for a total of \$6,562,793,000 for Food and Drug Administration (FDA), Salaries and Expenses. This total does not include permanent, indefinite user fees for: the Mammography Quality Standards Act; Color Certification; Export Certification; Priority Review Vouchers Pediatric Disease; Food and Feed Recall; Food Reinspection; Voluntary Qualified Importer Program; the Third Party Auditor Program; Outsourcing Facility; and Over-the-Counter Monograph.

The agreement expects FDA to continue all programs, projects, activities, and laboratories, as included in fiscal year 2022 unless otherwise specified, and maintains the \$1,500,000 transfer to the Health and Human Services' Inspector General for its audit and oversight work involving FDA.

The agreement provides a net increase of \$226,005,000, of which \$42,800,000 is for medical product safety, \$41,000,000 is for food safety activities, \$121,122,000 is for cross cutting initiatives supporting both medical and food safety, and \$21,083,000 is for infrastructure investments.

Within the increases provided for medical product safety, the agreement includes \$5,000,000 for Device Shortages and Supply Chain; \$800,000 for CVM Medical Product Supply Chain; \$7,000,000 for Advancing the Goal of Ending the Opioid Crisis, including support for interagency activities to combat the illicit importation of opioids, including fentanyl, through international mail facilities and land ports-of-entry; \$3,000,000 for the Predictive Toxicology Roadmap; \$5,000,000 for the Data Modernization and Enhanced Technology Initiative; \$1,500,000 for Foreign Unannounced Human Drug Inspection Pilots; \$5,000,000 for the Orphan Products Grants Program to implement Act for ALS; \$5,000,000 for Premarket Animal Drug Review Workload; \$1,500,000 for Drug Safety Surveillance and Oversight; \$5,000,000 for Medical Device Cybersecurity; \$2,000,000 for the neurology drug program; and \$2,000,000 for Cancer Moonshot.

Within the increases provided for food safety activities, the agreement provides \$10,000,000 for Maternal and Infant Health and Nutrition; \$8,000,000 for Emerging Chemical and Toxicology Issues; \$20,000,000 for New Era of Smarter Food Safety; \$1,000,000 for machine learning; \$1,000,000 for sodium reduction targets; and \$1,000,000 for Standards of Identity.

Within the increases for crosscutting Agency-wide support initiatives, the agreement provides \$71,092,000 for Pay Costs; \$15,000,000 for Data Modernization and Enhanced Technologies; \$10,000,000 for Inspections; \$2,500,000 for the Office of Minority

Health and Health Equity; \$1,500,000 for the Office of Laboratory Safety; \$2,500,000 for the Office of the Chief Counsel; \$5,000,000 for Reduce Animal Testing through Alternative Methods; and \$13,530,000 for Essential Services.

The agreement provides specific amounts by Food and Drug Administration activity as reflected in the following table:

The agreement is concerned by the fragility of the infant formula supply chain and the detrimental health impacts that can arise from shortage of these regulated products. The agreement notes that while access to infant formula has improved, there are still supply issues, especially in rural communities, and directs the FDA to continue to monitor supply in order to better identify areas of shortage. The agreement notes a request for an investigation by the HHS Inspector General as well as the GAO. The agreement directs the FDA to submit a report within 180 days, in consultation with the Department of Agriculture, assessing the risks and resilience of domestic supply chains of infant formula, including specialty formula, and identifying potential solutions to address vulnerabilities. The assessment should cover the full “farm to bottle” supply chain including ingredient production, processing, and manufacturing, and distribution, including the inputs and regulatory approval needed at each of these steps.

The agreement is also aware of FDA’s efforts to develop pathways for foreign infant formula companies to enter the domestic infant formula market and bypass certain requirements that domes-

tic companies must meet. The agreement directs FDA report to Congress within 90 days of passage of this Act how FDA determined that the oversight of foreign facilities participating in enforcement discretion and foreign pathways was easier, safer, and potential impacts towards expanding and growing domestic infant formula production.

The agreement is concerned that human food facilities are not inspected frequently enough to adequately identify and respond to risks. The FDA is directed to increase the frequency of domestic human food inspections and develop a report for the Committees that identifies operational changes and determine the resource implications of conducting inspections every 18 months for high-risk domestic facilities and every three years for non-high-risk domestic facilities.

The agreement directs FDA to provide a report to the Committees on Appropriations not later than 30 days after the enactment of this Act identifying applicants of INDs, NDAs, ANDAs, including ANDAs for OTC products, and BLAs that are headquartered in Russia.

The United States continues to be an important producer of olive oils and one of the largest olive oil markets globally. Accordingly, the agreement recognizes that the establishment of a uniform set of standards would better protect and inform consumers. Furthermore, the agreement is aware that a petition was submitted to the FDA in July 2022 to establish a Standard of Identity for different grades of olive oil (e.g. extra virgin, virgin, and refined) and olive-pomace oils. The agreement supports this effort and urges the FDA to work with USDA on the issue of grade standards and expeditiously evaluate and act on the petition. The agreement also directs FDA to brief the Committees on Appropriations within 90 days of enactment on the status of the agency's progress in developing a U.S. Standard of Identity inclusive of quality and authenticity for different grades of olive oil.

The agreement is aware of the contribution of the accelerated approval pathway in expediting access to critical therapies for patients with cancer and certain rare diseases. The agreement encourages FDA to clarify the use of the pathway to help make treatment options available for such patients.

The agreement directs the agency to review the Policy and Procedures Manual Guide 1240.3605 for solutions on how certain ingredient claims can be regulated as animal food and report back to the Committees within 120 days of enactment of this Act.

The agreement encourages the FDA to consider an accelerated regulatory pathway for the review of articles intended for animal consumption that claim to have significant beneficial environmental impact. The agreement directs FDA to make recommendations for the appropriate pathway for environmentally beneficial animal food additives and report back within 120 days of enactment of this Act.

The agreement is concerned about the increase of products that are labeled and marketed using animal food product terminology and related iconography, including seafood. The agreement directs FDA to conduct a study to better understand consumers' attitudes, beliefs, motivations, and perceptions relative to product composi-

tion, health attributes, and labeling and report back to the Committees within one year of enactment of this Act.

The agreement encourages the FDA to work with the Type 1 diabetes community on the assessment of potential diabetes biomarkers related to islet autoimmunity.

The agreement encourages the FDA to further invest in the science base for regulatory decisions on botanical dietary supplements. The agreement also encourages FDA to further invest in research to identify potential drug interactions with botanical drugs.

The agreement supports FDA's proposal to require that all products marketed as dietary supplements be listed with FDA. The agreement believes that FDA's authorities over products marketed as dietary supplements should be clarified to facilitate enforcement against unlawfully marketed products.

The agreement directs the FDA, in consultation with the Committees, to provide a report 180 days after enactment of this Act on domestic and foreign manufacturing of drugs included on FDA's list of Essential Medicines and Medical Countermeasures published in October 2020.

The agreement encourages ongoing collaboration with patient stakeholders and the broad eczema community to address gaps and scientific knowledge and clarify the pathways for eczema therapies.

The agreement is concerned about the proliferation of products marketed using standards of identity for dairy products that do not contain dairy ingredients. The agreement directs the FDA to implement an updated enforcement approach to enforce against dairy imitation products.

The agreement is aware of the important contribution of the CFSAN Centers of Excellence (COE). The agreement encourages the FDA to continue to fully utilize the COEs.

The agreement expects the FDA to provide outreach, training, and technical assistance to farmers and provides no less than the fiscal year 2022 level. The agreement also directs the FDA to continue working with small farms to clarify requirements for compliance with FSMA.

The agreement remains concerned about potential consumer confusion over nutritional labeling requirements and guidelines for added sugar, for products such as honey and maple syrup. The agreement directs the FDA to continue working with impacted industries to ensure clear and appropriate labeling.

The agreement understands that the FDA has approved new drug applications for opioids following completion of clinical trials using enriched enrollment, randomized, withdrawal (EERW) designs. The agreement directs the FDA to conduct a study to review EERW study designs. The agreement also encourages the FDA to consider expanding the scope of information requested on requiring fixed quantity blister packaging for certain opioids.

The agreement commends the FDA for its continued efforts to approve cellular therapy drugs to treat cancer. The agreement urges the FDA to work with industry and the research community more broadly to continue enhancing its guidance and regulations concerning standardization of potency testing requirements for cellular therapies. This will expedite the advancement of novel cel-

lular therapies and accelerate delivery of medicines to patients with complex and unmet medical need.

The agreement is concerned about the escalating cost of specialty cancer drugs and biologics. The agreement encourages the FDA to organize clinical trials, in collaboration with academic medical centers and other Federal agencies, of marketed cancer drugs and biologics to assess whether dosing frequency adjustments may reduce waste and/or toxicities of treatment without compromising efficacy.

The agreement encourages the FDA to facilitate innovative and flexible regulatory approaches, including expedited programs under section 506, authorities that allow for genetically targeted platform technologies, gene expression biomarkers, novel statistical approaches, external controls and a benefit-risk approach to evaluating manufacturing process requirements.

The agreement urges the FDA to develop clearer regulatory pathways for emerging aging treatments and to provide an update on its progress in the fiscal year 2024 congressional budget justification. The agreement also urges the FDA to increase support for regulatory science that can inform these pathways, including collaborations with the National Institutes of Health, industry, and academia on the discovery and validation of biomarkers.

The agreement directs the FDA to address regulation of donor human milk and donor human milk derived products and banks.

The agreement encourages the FDA to work to include no less than two expert members on each Advisory Committee when that Committee is reviewing a drug that has been designated as an Orphan Drug. The agreement directs FDA to report the percentage of recommendations made by Advisory Committees with respect to orphan drugs.

The agreement is concerned with reports of positive drug tests, addiction, overdose, and death related to contaminated imported poppy seeds and directs the FDA to establish a maximum permissible threshold of opiate alkaloid content for poppy seeds.

The agreement directs the FDA to work with glass packaging suppliers and pharmaceutical manufacturers to evaluate and promote streamlined approval requirements designed to expedite the adoption and use of innovative glass packaging technologies.

The agreement supports FDA's work to improve predictability of human and animal response to FDA regulated products. The agreement is encouraged by the agency's efforts to support the qualification of non-animal approaches with the IStand pilot program.

The agreement supports FDA's efforts to confront the opioid crisis through the agency's priority areas, including additional funding for International Mailing Facilities. Funds made available in this Act for FDA's efforts at International Mail Facilities must focus on preventing controlled, counterfeit, or otherwise dangerous pharmaceuticals from entering the United States. Further, funds made available in this Act should prioritize cases in which importation poses a significant threat to public health. The FDA is directed to provide a report on products refused import at international mail facilities by classifying such products as controlled or non-controlled drugs, and further classifying controlled or non-controlled drugs as counterfeit, misbranded, or unapproved.

The agreement encourages the FDA to continue to focus on the unique role medical foods play in nutritional management.

The agreement directs the FDA to issue final separate regulations in regard to medical gas as required by Public Law 115–31. Should the agency not issue final regulations by March 31, 2023, the agency shall submit a report to the Committees quarterly thereafter explaining the status of the rulemaking and reasons for delay.

The agreement expects the FDA to continue to support collaborative research with universities and industry on the toxicology of nanotechnology products and processes in accordance with the 2021 National Nanotechnology Initiative Strategic Plan.

The agreement provides \$2,000,000 to support and enhance the neurology drug program. The agreement urges FDA to use this funding to develop policies and guidance that keep pace with scientific discovery in these areas, particularly as they apply to the prevention and early detection of neurological disease.

The agreement encourages FDA to establish a pilot program that will apply new tools to improve generic drug development, manufacturing, and quality. The program should be in collaboration with academic institutions.

The agreement encourages FDA to invest in real-world evidence and prioritize further investments in pathogen reduction technologies to inform its decisions concerning blood donor deferral policies and the safety of the U.S. blood supply.

The agreement encourages the FDA to fund Pediatric Device Consortia Grants at the authorized level in fiscal year 2023.

The agreement is concerned that imported human food continues to have significantly higher pesticide violation rates than domestically produced food. The agreement encourages FDA to continue to partner with State inspection services and increase use of emerging technologies as well as treat products that are more likely to have pesticide violations with special attention. In the fiscal year 2023 sampling plan, FDA is encouraged to increase sampling of imported products noted in its 2019 supplemental analysis as having higher rates of foreign violations compared to domestic violations, consistent with FDA's risk-based approach to sampling.

The agreement urges FDA to clarify the obligation of prescription drug and biological product sponsors with respect to promotional activities.

The agreement supports FDA's work to promote the domestic manufacturing of drug and biological products and urges the agency to increase efforts to encourage the pharmaceutical industry to adopt advanced manufacturing technologies that have the potential to improve product quality.

The agreement encourages the FDA to increase funding for research into *Vibrio* illnesses associated with the consumption of raw molluscan shellfish, improve risk assessment models, and develop improved rapid detection methods for virulent *Vibrio* strains.

The agreement urges the FDA to expedite its ongoing work with the lupus community to develop solutions to identified barriers that will accelerate development of new therapies.

The food program's recent missteps and delayed actions outlined in the Reagan-Udall Foundation report have revealed the serious

consequences of FDA continuing to operate with a fragmented organizational structure and lack of accountability. To better regulate food and improve the food program, the agreement encourages the FDA to strongly consider the report's recommendations and develop a restructuring plan, that includes stakeholder engagement and input, that establishes and unifies all capacities of the food program.

The agreement notes that the final rule for "Yogurt Standards of Identity" has been published and urges the FDA to promptly consider any application for a Temporary Marketing Permit on these issues.

## GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

## (INCLUDING TRANSFER OF FUNDS)

SEC. 101. During the current fiscal year, applicable appropriations and funds made available to the Department of Commerce by this Act shall be available for the activities specified in the Act of October 26, 1949 (15 U.S.C. 1514), to the extent and in the manner prescribed by the Act, and, notwithstanding 31 U.S.C. 3324, may be used for advanced payments not otherwise authorized only upon the certification of officials designated by the Secretary of Commerce that such payments are in the public interest.

SEC. 102. During the current fiscal year, appropriations made available to the Department of Commerce by this Act for salaries and expenses shall be available for hire of passenger motor vehicles as authorized by 31 U.S.C. 1343 and 1344; services as authorized by 5 U.S.C. 3109; and uniforms or allowances therefor, as authorized by law (5 U.S.C. 5901–5902).

SEC. 103. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Commerce in this Act may be transferred between such appropriations, but no such appropriation shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section: *Provided further*, That the Secretary of Commerce shall notify the Committees on Appropriations at least 15 days in advance of the acquisition or disposal of any capital asset (including land, structures, and equipment) not specifically provided for in this Act or any other law appropriating funds for the Department of Commerce.

SEC. 104. The requirements set forth by section 105 of the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2012 (Public Law 112–55), as amended by section 105 of title I of division B of Public Law 113–6, are hereby adopted by reference and made applicable with respect to fiscal year 2023: *Provided*, That the life cycle cost for the Joint Polar Satellite System is \$11,322,125,000, the life cycle cost of the Polar Follow On Program is \$6,837,900,000, the life cycle cost for the Geostationary Operational Environmental Satellite R-Series Program is \$11,700,100,000, and the life cycle cost for the Space Weather Follow On Program is \$692,800,000.

SEC. 105. Notwithstanding any other provision of law, the Secretary of Commerce may furnish services (including but not limited to utilities, telecommunications, and security services) necessary to support the operation, maintenance, and improvement of space that persons, firms, or organizations are authorized, pursuant to the Public Buildings Cooperative Use Act of 1976 or other author-

ity, to use or occupy in the Herbert C. Hoover Building, Washington, DC, or other buildings, the maintenance, operation, and protection of which has been delegated to the Secretary from the Administrator of General Services pursuant to the Federal Property and Administrative Services Act of 1949 on a reimbursable or non-reimbursable basis. Amounts received as reimbursement for services provided under this section or the authority under which the use or occupancy of the space is authorized, up to \$200,000, shall be credited to the appropriation or fund which initially bears the costs of such services.

SEC. 106. Nothing in this title shall be construed to prevent a grant recipient from deterring child pornography, copyright infringement, or any other unlawful activity over its networks.

SEC. 107. The Administrator of the National Oceanic and Atmospheric Administration is authorized to use, with their consent, with reimbursement and subject to the limits of available appropriations, the land, services, equipment, personnel, and facilities of any department, agency, or instrumentality of the United States, or of any State, local government, Indian Tribal government, Territory, or possession, or of any political subdivision thereof, or of any foreign government or international organization, for purposes related to carrying out the responsibilities of any statute administered by the National Oceanic and Atmospheric Administration.

SEC. 108. The National Technical Information Service shall not charge any customer for a copy of any report or document generated by the Legislative Branch unless the Service has provided information to the customer on how an electronic copy of such report or document may be accessed and downloaded for free online. Should a customer still require the Service to provide a printed or digital copy of the report or document, the charge shall be limited to recovering the Service's cost of processing, reproducing, and delivering such report or document.

SEC. 109. To carry out the responsibilities of the National Oceanic and Atmospheric Administration (NOAA), the Administrator of NOAA is authorized to: (1) enter into grants and cooperative agreements with; (2) use on a non-reimbursable basis land, services, equipment, personnel, and facilities provided by; and (3) receive and expend funds made available on a consensual basis from: a Federal agency, State or subdivision thereof, local government, Tribal government, Territory, or possession or any subdivisions thereof: *Provided*, That funds received for permitting and related regulatory activities pursuant to this section shall be deposited under the heading "National Oceanic and Atmospheric Administration—Operations, Research, and Facilities" and shall remain available until September 30, 2024, for such purposes: *Provided further*, That all funds within this section and their corresponding uses are subject to section 505 of this Act.

SEC. 110. Amounts provided by this Act or by any prior appropriations Act that remain available for obligation, for necessary expenses of the programs of the Economics and Statistics Administration of the Department of Commerce, including amounts provided for programs of the Bureau of Economic Analysis and the Bureau of the Census, shall be available for expenses of cooperative agreements with appropriate entities, including any Federal, State, or

local governmental unit, or institution of higher education, to aid and promote statistical, research, and methodology activities which further the purposes for which such amounts have been made available.

SEC. 111. Amounts provided by this Act for the Hollings Manufacturing Extension Partnership under the heading “National Institute of Standards and Technology—Industrial Technology Services” shall not be subject to cost share requirements under 15 U.S.C. 278k(e)(2): *Provided*, That the authority made available pursuant to this section shall be elective, in whole or in part, for any Manufacturing Extension Partnership Center that also receives funding from a State that is conditioned upon the application of a Federal cost sharing requirement.

SEC. 112. The Secretary of Commerce, or the designee of the Secretary, may waive—

(1) in whole or in part, the matching requirements under sections 306 and 306A, and the cost sharing requirements under section 315, of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455, 1455a, and 1461) as necessary at the request of the grant applicant, for amounts made available under this Act under the heading “Operations, Research, and Facilities” under the heading “National Oceanic and Atmospheric Administration”; and

## GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

### (INCLUDING TRANSFER OF FUNDS)

SEC. 201. In addition to amounts otherwise made available in this title for official reception and representation expenses, a total of not to exceed \$50,000 from funds appropriated to the Department of Justice in this title shall be available to the Attorney General for official reception and representation expenses.

SEC. 202. None of the funds appropriated by this title shall be available to pay for an abortion, except where the life of the mother

would be endangered if the fetus were carried to term, or in the case of rape or incest: *Provided*, That should this prohibition be declared unconstitutional by a court of competent jurisdiction, this section shall be null and void.

SEC. 203. None of the funds appropriated under this title shall be used to require any person to perform, or facilitate in any way the performance of, any abortion.

SEC. 204. Nothing in the preceding section shall remove the obligation of the Director of the Bureau of Prisons to provide escort services necessary for a female inmate to receive such service outside the Federal facility: *Provided*, That nothing in this section in any way diminishes the effect of section 203 intended to address the philosophical beliefs of individual employees of the Bureau of Prisons.

SEC. 205. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Justice in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section: *Provided further*, That this section shall not apply to the following—

(1) paragraph 1(Q) under the heading “State and Local Law Enforcement Assistance”; and

(2) paragraph (7) under the heading “Community Oriented Policing Services Programs”.

SEC. 206. None of the funds made available under this title may be used by the Federal Bureau of Prisons or the United States Marshals Service for the purpose of transporting an individual who is a prisoner pursuant to conviction for crime under State or Federal law and is classified as a maximum or high security prisoner, other than to a prison or other facility certified by the Federal Bureau of Prisons as appropriately secure for housing such a prisoner.

SEC. 207. (a) None of the funds appropriated by this Act may be used by Federal prisons to purchase cable television services, or to rent or purchase audiovisual or electronic media or equipment used primarily for recreational purposes.

(b) Subsection (a) does not preclude the rental, maintenance, or purchase of audiovisual or electronic media or equipment for inmate training, religious, or educational programs.

SEC. 208. None of the funds made available under this title shall be obligated or expended for any new or enhanced information technology program having total estimated development costs in excess of \$100,000,000, unless the Deputy Attorney General and the investment review board certify to the Committees on Appropriations of the House of Representatives and the Senate that the information technology program has appropriate program management controls and contractor oversight mechanisms in place, and that the program is compatible with the enterprise architecture of the Department of Justice.

SEC. 209. The notification thresholds and procedures set forth in section 505 of this Act shall apply to deviations from the amounts

designated for specific activities in this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), and to any use of deobligated balances of funds provided under this title in previous years.

SEC. 210. None of the funds appropriated by this Act may be used to plan for, begin, continue, finish, process, or approve a public-private competition under the Office of Management and Budget Circular A-76 or any successor administrative regulation, directive, or policy for work performed by employees of the Bureau of Prisons or of Federal Prison Industries, Incorporated.

SEC. 211. Notwithstanding any other provision of law, no funds shall be available for the salary, benefits, or expenses of any United States Attorney assigned dual or additional responsibilities by the Attorney General or his designee that exempt that United States Attorney from the residency requirements of section 545 of title 28, United States Code.

SEC. 212. At the discretion of the Attorney General, and in addition to any amounts that otherwise may be available (or authorized to be made available) by law, with respect to funds appropriated by this title under the headings "Research, Evaluation and Statistics", "State and Local Law Enforcement Assistance", and "Juvenile Justice Programs"—

(1) up to 2 percent of funds made available to the Office of Justice Programs for grant or reimbursement programs may be used by such Office to provide training and technical assistance; and

(2) up to 2 percent of funds made available for grant or reimbursement programs under such headings, except for amounts appropriated specifically for research, evaluation, or statistical programs administered by the National Institute of Justice and the Bureau of Justice Statistics, shall be transferred to and merged with funds provided to the National Institute of Justice and the Bureau of Justice Statistics, to be used by them for research, evaluation, or statistical purposes, without regard to the authorizations for such grant or reimbursement programs.

This section shall not apply to paragraph 1(Q) under the heading "State and Local Law Enforcement Assistance".

SEC. 213. Upon request by a grantee for whom the Attorney General has determined there is a fiscal hardship, the Attorney General may, with respect to funds appropriated in this or any other Act making appropriations for fiscal years 2020 through 2023 for the following programs, waive the following requirements:

(1) For the adult and juvenile offender State and local re-entry demonstration projects under part FF of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10631 et seq.), the requirements under section 2976(g)(1) of such part (34 U.S.C. 10631(g)(1)).

(2) For grants to protect inmates and safeguard communities as authorized by section 6 of the Prison Rape Elimination Act of 2003 (34 U.S.C. 30305(c)(3)), the requirements of section 6(c)(3) of such Act.

SEC. 214. Notwithstanding any other provision of law, section 20109(a) of subtitle A of title II of the Violent Crime Control and

Law Enforcement Act of 1994 (34 U.S.C. 12109(a)) shall not apply to amounts made available by this or any other Act.

SEC. 215. None of the funds made available under this Act, other than for the national instant criminal background check system established under section 103 of the Brady Handgun Violence Prevention Act (34 U.S.C. 40901), may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel, unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 216. (a) None of the income retained in the Department of Justice Working Capital Fund pursuant to title I of Public Law 102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation during fiscal year 2023, except up to \$12,000,000 may be obligated for implementation of a unified Department of Justice financial management system.

(b) Not to exceed \$30,000,000 of the unobligated balances transferred to the capital account of the Department of Justice Working Capital Fund pursuant to title I of Public Law 102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation in fiscal year 2023, and any use, obligation, transfer, or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

(c) Not to exceed \$10,000,000 of the excess unobligated balances available under section 524(c)(8)(E) of title 28, United States Code, shall be available for obligation during fiscal year 2023, and any use, obligation, transfer or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

SEC. 217. Discretionary funds that are made available in this Act for the Office of Justice Programs may be used to participate in Performance Partnership Pilots authorized under such authorities as have been enacted for Performance Partnership Pilots in appropriations acts in prior fiscal years and the current fiscal year.

SEC. 218. The Attorney General shall submit to the Committees on Appropriations of the House of Representatives and the Senate quarterly reports on the Crime Victims Fund, the Working Capital Fund, the Three Percent Fund, and the Asset Forfeiture Fund. Such quarterly reports shall contain at least the same level of information and detail for each Fund as was provided to the Committees on Appropriations of the House of Representatives and the Senate in fiscal year 2022.

SEC. 219. Section 3201 of Public Law 101–647, as amended (28 U.S.C. 509 note), is hereby amended: (1) by striking “or the Immigration and Naturalization Service” and inserting “the Federal Prison System, the Bureau of Alcohol, Tobacco, Firearms and Explosives, or the United States Marshals Service”; and (2) by striking “\$25,000” and inserting “\$50,000”.

SEC. 220. None of the funds made available under this Act may be used to conduct, contract for, or otherwise support, live tissue training, unless the Attorney General issues a written, non-delegable determination that such training is medically necessary and cannot be replicated by alternatives.

SEC. 221. (a) DESIGNATION.—The facilities of the Federal Bureau of Investigation at Redstone Arsenal, Alabama, shall be known and designated as the “Richard Shelby Center for Innovation and Advanced Training”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facilities of the Federal Bureau of Investigation at Redstone Arsenal referred to in subsection (a) shall be deemed to be a reference to the “Richard Shelby Center for Innovation and Advanced Training”.

This title may be cited as the “Department of Justice Appropriations Act, 2023”.

### TITLE III

### SCIENCE

#### OFFICE OF SCIENCE AND TECHNOLOGY POLICY

For necessary expenses of the Office of Science and Technology Policy, in carrying out the purposes of the National Science and Technology Policy, Organization, and Priorities Act of 1976 (42 U.S.C. 6601 et seq.), hire of passenger motor vehicles, and services as authorized by section 3109 of title 5, United States Code, not to exceed \$2,250 for official reception and representation expenses, and rental of conference rooms in the District of Columbia, \$7,965,000.

#### NATIONAL SPACE COUNCIL

For necessary expenses of the National Space Council, in carrying out the purposes of title V of Public Law 100–685 and Executive Order No. 13803, hire of passenger motor vehicles, and services as authorized by section 3109 of title 5, United States Code, not to exceed \$2,250 for official reception and representation expenses, \$1,965,000: *Provided*, That notwithstanding any other provision of law, the National Space Council may accept personnel support from Federal agencies, departments, and offices, and such Federal agencies, departments, and offices may detail staff without reimbursement to the National Space Council for purposes provided herein.

#### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

#### SCIENCE

For necessary expenses, not otherwise provided for, in the conduct and support of science research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$7,795,000,000, to remain available until September 30, 2024.

## AERONAUTICS

For necessary expenses, not otherwise provided for, in the conduct and support of aeronautics research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$935,000,000, to remain available until September 30, 2024.

## SPACE TECHNOLOGY

For necessary expenses, not otherwise provided for, in the conduct and support of space technology research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$1,200,000,000, to remain available until September 30, 2024: *Provided*, That \$227,000,000 shall be for On-orbit Servicing, Assembly, and Manufacturing 1: *Provided further*, That \$110,000,000 shall be for the development, production, and demonstration of a nuclear thermal propulsion system, of which not less than \$45,000,000 shall be for reactor development, not less than \$45,000,000 shall be for fuel materials development, and not less than \$20,000,000 shall be for non-nuclear systems development and acquisition planning: *Provided further*, That, not later than 180 days after the enactment of this Act, the National Aeronautics and Space Administration shall provide a plan for the design of a flight demonstration.

## EXPLORATION

For necessary expenses, not otherwise provided for, in the conduct and support of Artemis Campaign Development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$7,468,850,000, to remain available until September 30, 2024: *Provided*, That not less than \$1,338,700,000 shall be for the Orion Multi-Purpose Crew Vehicle: *Provided further*, That not less than \$2,600,000,000 shall be for the Space Launch System (SLS) launch vehicle, which shall have a lift capability not less than 130 metric tons and which shall have core elements and an Exploration Upper

Stage developed simultaneously to be used to the maximum extent practicable, including for Earth to Moon missions and Moon landings: *Provided further*, That of the amounts provided for SLS, not less than \$600,000,000 shall be for SLS Block 1B development including the Exploration Upper Stage and associated systems including related facilitization, to support an SLS Block 1B mission available to launch in 2025 in addition to the planned Block 1 missions for Artemis I through Artemis III: *Provided further*, That \$799,150,000 shall be for Exploration Ground Systems and associated Block 1B activities, including up to \$281,350,000 for a second mobile launch platform: *Provided further*, That the National Aeronautics and Space Administration shall provide to the Committees on Appropriations of the House of Representatives and the Senate, concurrent with the annual budget submission, a 5-year budget profile for an integrated system that includes the SLS, the Orion Multi-Purpose Crew Vehicle, and associated ground systems that will ensure a crewed launch as early as possible, as well as a system-based funding profile for a sustained launch cadence that contemplates the use of an SLS Block 1B cargo variant with an 8.4 meter fairing and associated ground systems: *Provided further*, That \$2,600,300,000 shall be for Artemis Campaign Development.

#### SPACE OPERATIONS

For necessary expenses, not otherwise provided for, in the conduct and support of space operations research and development activities, including research, development, operations, support and services; space flight, spacecraft control, and communications activities, including operations, production, and services; maintenance and repair, facility planning and design; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$4,250,000,000, to remain available until September 30, 2024.

#### SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS ENGAGEMENT

For necessary expenses, not otherwise provided for, in the conduct and support of aerospace and aeronautical education research and development activities, including research, development, operations, support, and services; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$143,500,000, to remain available until September 30, 2024, of which \$26,000,000 shall be for the Established Program to Stimulate Competitive Research and \$58,000,000 shall be for the National Space Grant College and Fellowship Program.

## SAFETY, SECURITY AND MISSION SERVICES

For necessary expenses, not otherwise provided for, in the conduct and support of science, aeronautics, space technology, exploration, space operations and education research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; not to exceed \$63,000 for official reception and representation expenses; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$3,129,451,000, to remain available until September 30, 2024: *Provided*, That if available balances in the "Science, Space, and Technology Education Trust Fund" are not sufficient to provide for the grant disbursements required under the third and fourth provisos under such heading in the Department of Housing and Urban Development-Independent Agencies Appropriations Act, 1989 (Public Law 100-404) as amended by the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1995 (Public Law 103-327) up to \$1,000,000 shall be available from amounts made available under this heading to make such grant disbursements: *Provided further*, That of the amounts appropriated under this heading, \$30,701,000 shall be used for the projects, and in the amounts, specified in the table under the heading "NASA Community Projects/NASA Special Projects" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): *Provided further*, That the amounts made available for the projects referenced in the preceding proviso may not be transferred for any other purpose.

## CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

For necessary expenses for construction of facilities including repair, rehabilitation, revitalization, and modification of facilities, construction of new facilities and additions to existing facilities, facility planning and design, and restoration, and acquisition or condemnation of real property, as authorized by law, and environmental compliance and restoration, \$47,300,000, to remain available until September 30, 2028: *Provided*, That proceeds from leases deposited into this account shall be available for a period of 5 years to the extent and in amounts as provided in annual appropriations Acts: *Provided further*, That such proceeds referred to in the preceding proviso shall be available for obligation for fiscal year 2023 in an amount not to exceed \$25,000,000: *Provided further*, That each annual budget request shall include an annual estimate of gross receipts and collections and proposed use of all funds collected pursuant to section 20145 of title 51, United States Code.

## OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General in carrying out the Inspector General Act of 1978, \$47,600,000, of which \$500,000 shall remain available until September 30, 2024.

## ADMINISTRATIVE PROVISIONS

## (INCLUDING TRANSFERS OF FUNDS)

Funds for any announced prize otherwise authorized shall remain available, without fiscal year limitation, until a prize is claimed or the offer is withdrawn.

Not to exceed 5 percent of any appropriation made available for the current fiscal year for the National Aeronautics and Space Administration in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers. Any funds transferred to "Construction and Environmental Compliance and Restoration" for construction activities shall not increase that account by more than 50 percent and any funds transferred to or within "Exploration" for Exploration Ground Systems shall not increase Exploration Ground Systems by more than \$49,300,000. Balances so transferred shall be merged with and available for the same purposes and the same time period as the appropriations to which transferred. Any transfer pursuant to this provision shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

Not to exceed 5 percent of any appropriation provided for the National Aeronautics and Space Administration under previous appropriations Acts that remains available for obligation or expenditure in fiscal year 2023 may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers. Any transfer pursuant to this provision shall retain its original availability and shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

The spending plan required by this Act shall be provided by the National Aeronautics and Space Administration at the theme, program, project, and activity level. The spending plan, as well as any subsequent change of an amount established in that spending plan that meets the notification requirements of section 505 of this Act, shall be treated as a reprogramming under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section.

Not more than 20 percent or \$50,000,000, whichever is less, of the amounts made available in the current-year Construction and Environmental Compliance and Restoration (CECR) appropriation may be applied to CECR projects funded under previous years' CECR appropriations. Use of current-year funds under this provision shall be treated as a reprogramming of funds under section

505 of this act and shall not be available for obligation except in compliance with the procedures set forth in that section.

Of the amounts made available in this Act under the heading “Science, Technology, Engineering, and Mathematics Engagement” (“STEM Engagement”), up to \$5,000,000 shall be available to jointly fund, with an additional amount of up to \$1,000,000 each from amounts made available in this Act under the headings “Science”, “Aeronautics”, “Space Technology”, “Exploration”, and “Space Operations”, projects and activities for engaging students in STEM and increasing STEM research capacities of universities, including Minority Serving Institutions.

Section 30102(b) of title 51, United States Code, is amended by:

(1) Redesignating existing paragraph (3) to (4); and

(2) Inserting, after paragraph (2), the following:

“(3) INFORMATION TECHNOLOGY (IT) MODERNIZATION.—The fund shall also be available for the purpose of funding IT Modernization activities, as described in section 1077(b)(3)(A)–(E) of Public Law 115–91, on a non-reimbursable basis.”.

Not to exceed \$18,162,000 made available for the current fiscal year in this Act within “Safety, Security and Mission Services” may be transferred to the Working Capital Fund of the National Aeronautics and Space Administration. Balances so transferred shall be available until expended only for activities described in section 30102(b)(3) of title 51, United States Code, as amended by this Act, and shall remain available until expended. Any transfer pursuant to this provision shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

## NATIONAL SCIENCE FOUNDATION

### RESEARCH AND RELATED ACTIVITIES

For necessary expenses in carrying out the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), and Public Law 86–209 (42 U.S.C. 1880 et seq.); services as authorized by section 3109 of title 5, United States Code; maintenance and operation of aircraft and purchase of flight services for research support; acquisition of aircraft; and authorized travel; \$7,021,136,000, to remain available until September 30, 2024, of which not to exceed \$640,000,000 shall remain available until expended for polar research and operations support, and for reimbursement to other Federal agencies for operational and science support and logistical and other related activities for the United States Antarctic program: *Provided*, That receipts for scientific support services and materials furnished by the National Research Centers and other National Science Foundation supported research facilities may be credited to this appropriation.

### MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

For necessary expenses for the acquisition, construction, commissioning, and upgrading of major research equipment, facilities, and other such capital assets pursuant to the National Science Founda-

tion Act of 1950 (42 U.S.C. 1861 et seq.), including authorized travel, \$187,230,000, to remain available until expended.

#### STEM EDUCATION

For necessary expenses in carrying out science, mathematics, and engineering education and human resources programs and activities pursuant to the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), including services as authorized by section 3109 of title 5, United States Code, authorized travel, and rental of conference rooms in the District of Columbia, \$1,154,000,000, to remain available until September 30, 2024.

#### AGENCY OPERATIONS AND AWARD MANAGEMENT

For agency operations and award management necessary in carrying out the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.); services authorized by section 3109 of title 5, United States Code; hire of passenger motor vehicles; uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; rental of conference rooms in the District of Columbia; and reimbursement of the Department of Homeland Security for security guard services; \$448,000,000: *Provided*, That not to exceed \$8,280 is for official reception and representation expenses: *Provided further*, That contracts may be entered into under this heading in fiscal year 2023 for maintenance and operation of facilities and for other services to be provided during the next fiscal year.

#### OFFICE OF THE NATIONAL SCIENCE BOARD

For necessary expenses (including payment of salaries, authorized travel, hire of passenger motor vehicles, the rental of conference rooms in the District of Columbia, and the employment of experts and consultants under section 3109 of title 5, United States Code) involved in carrying out section 4 of the National Science Foundation Act of 1950 (42 U.S.C. 1863) and Public Law 86-209 (42 U.S.C. 1880 et seq.), \$5,090,000: *Provided*, That not to exceed \$2,500 shall be available for official reception and representation expenses.

#### OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General as authorized by the Inspector General Act of 1978, \$23,393,000, of which \$400,000 shall remain available until September 30, 2024.

#### ADMINISTRATIVE PROVISIONS

##### (INCLUDING TRANSFERS OF FUNDS)

Not to exceed 5 percent of any appropriation made available for the current fiscal year for the National Science Foundation in this Act may be transferred between such appropriations, but no such appropriation shall be increased by more than 10 percent by any such transfers. Any transfer pursuant to this paragraph shall be treated as a reprogramming of funds under section 505 of this Act

and shall not be available for obligation except in compliance with the procedures set forth in that section.

The Director of the National Science Foundation (NSF) shall notify the Committees on Appropriations of the House of Representatives and the Senate at least 30 days in advance of any planned divestment through transfer, decommissioning, termination, or deconstruction of any NSF-owned facilities or any NSF capital assets (including land, structures, and equipment) valued greater than \$2,500,000.

There is hereby established in the Treasury of the United States a fund to be known as the "National Science Foundation Non-recurring Expenses Fund" (the Fund). Unobligated balances of expired discretionary funds appropriated for this or any succeeding fiscal year from the General Fund of the Treasury to the National Science Foundation by this or any other Act may be transferred (not later than the end of the fifth fiscal year after the last fiscal year for which such funds are available for the purposes for which appropriated) into the Fund. Amounts deposited in the Fund shall be available until expended, and in addition to such other funds as may be available for such purposes, for information and business technology system modernization and facilities infrastructure improvements, including nonrecurring maintenance, necessary for the operation of the Foundation or its funded research facilities, subject to approval by the Office of Management and Budget. Amounts in the Fund may be obligated only after the Committees on Appropriations of the House of Representatives and the Senate are notified at least 15 days in advance of the planned use of funds.

This title may be cited as the "Science Appropriations Act, 2023".

## TITLE IV

## TITLE V

### GENERAL PROVISIONS

#### (INCLUDING RESCISSIONS)

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 501. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 502. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 503. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 504. If any provision of this Act or the application of such provision to any person or circumstances shall be held invalid, the remainder of the Act and the application of each provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

SEC. 505. None of the funds provided under this Act, or provided under previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employees; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any functions or activities presently performed by Federal employees; (7) augments existing programs, projects, or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

SEC. 506. (a) If it has been finally determined by a court or Federal agency that any person intentionally affixed a label bearing a "Made in America" inscription, or any inscription with the same meaning, to any product sold in or shipped to the United States that is not made in the United States, the person shall be ineligible to receive any contract or subcontract made with funds made available in this Act, pursuant to the debarment, suspension, and ineligibility procedures described in sections 9.400 through 9.409 of title 48, Code of Federal Regulations.

(b)(1) To the extent practicable, with respect to authorized purchases of promotional items, funds made available by this Act shall be used to purchase items that are manufactured, produced, or assembled in the United States, its territories or possessions.

(2) The term "promotional items" has the meaning given the term in OMB Circular A-87, Attachment B, Item (1)(f)(3).

SEC. 507. (a) The Departments of Commerce and Justice, the National Science Foundation, and the National Aeronautics and Space Administration shall provide to the Committees on Appropriations of the House of Representatives and the Senate a quarterly report on the status of balances of appropriations at the account level. For unobligated, uncommitted balances and unobligated, committed balances the quarterly reports shall separately identify the amounts attributable to each source year of appropriation from which the balances were derived. For balances that are obligated, but unexpended, the quarterly reports shall separately identify amounts by the year of obligation.

(b) The report described in subsection (a) shall be submitted within 30 days of the end of each quarter.

(c) If a department or agency is unable to fulfill any aspect of a reporting requirement described in subsection (a) due to a limitation of a current accounting system, the department or agency shall fulfill such aspect to the maximum extent practicable under such accounting system and shall identify and describe in each quarterly report the extent to which such aspect is not fulfilled.

SEC. 508. Any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions included in this Act shall be absorbed within the total budgetary resources available to such department or agency: *Provided*, That the authority to transfer funds between appropriations accounts as may be necessary to carry out this section is provided in addition to authorities included elsewhere in this Act: *Provided further*, That use of funds to carry out this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section: *Provided further*, That for the Department of Commerce, this section shall also apply to actions taken for the care and protection of loan collateral or grant property.

SEC. 509. None of the funds provided by this Act shall be available to promote the sale or export of tobacco or tobacco products, or to seek the reduction or removal by any foreign country of restrictions on the marketing of tobacco or tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type.

SEC. 510. Notwithstanding any other provision of law, amounts deposited or available in the Fund established by section 1402 of chapter XIV of title II of Public Law 98-473 (34 U.S.C. 20101) in any fiscal year in excess of \$1,900,000,000 shall not be available for obligation until the following fiscal year: *Provided*, That notwithstanding section 1402(d) of such Act, of the amounts available from the Fund for obligation: (1) \$10,000,000 shall be transferred to the Department of Justice Office of Inspector General and remain available until expended for oversight and auditing purposes associated with this section; and (2) 5 percent shall be available to the Office for Victims of Crime for grants, consistent with the requirements of the Victims of Crime Act, to Indian Tribes to improve services for victims of crime.

SEC. 511. None of the funds made available to the Department of Justice in this Act may be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from those funds, or of the parents or legal guardians of such students.

SEC. 512. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriations Act.

SEC. 513. (a) The Inspectors General of the Department of Commerce, the Department of Justice, the National Aeronautics and Space Administration, the National Science Foundation, and the Legal Services Corporation shall conduct audits, pursuant to the Inspector General Act (5 U.S.C. App.), of grants or contracts for which funds are appropriated by this Act, and shall submit reports to Congress on the progress of such audits, which may include preliminary findings and a description of areas of particular interest, within 180 days after initiating such an audit and every 180 days thereafter until any such audit is completed.

(b) Within 60 days after the date on which an audit described in subsection (a) by an Inspector General is completed, the Secretary, Attorney General, Administrator, Director, or President, as appropriate, shall make the results of the audit available to the public on the Internet website maintained by the Department, Administration, Foundation, or Corporation, respectively. The results shall be made available in redacted form to exclude—

(1) any matter described in section 552(b) of title 5, United States Code; and

(2) sensitive personal information for any individual, the public access to which could be used to commit identity theft or for other inappropriate or unlawful purposes.

(c) Any person awarded a grant or contract funded by amounts appropriated by this Act shall submit a statement to the Secretary of Commerce, the Attorney General, the Administrator, Director, or President, as appropriate, certifying that no funds derived from the grant or contract will be made available through a subcontract or in any other manner to another person who has a financial interest in the person awarded the grant or contract.

(d) The provisions of the preceding subsections of this section shall take effect 30 days after the date on which the Director of the

Office of Management and Budget, in consultation with the Director of the Office of Government Ethics, determines that a uniform set of rules and requirements, substantially similar to the requirements in such subsections, consistently apply under the executive branch ethics program to all Federal departments, agencies, and entities.

SEC. 514. (a) None of the funds appropriated or otherwise made available under this Act may be used by the Departments of Commerce and Justice, the National Aeronautics and Space Administration, or the National Science Foundation to acquire a high-impact or moderate-impact information system, as defined for security categorization in the National Institute of Standards and Technology's (NIST) Federal Information Processing Standard Publication 199, "Standards for Security Categorization of Federal Information and Information Systems" unless the agency has—

(1) reviewed the supply chain risk for the information systems against criteria developed by NIST and the Federal Bureau of Investigation (FBI) to inform acquisition decisions for high-impact and moderate-impact information systems within the Federal Government;

(2) reviewed the supply chain risk from the presumptive awardee against available and relevant threat information provided by the FBI and other appropriate agencies; and

(3) in consultation with the FBI or other appropriate Federal entity, conducted an assessment of any risk of cyber-espionage or sabotage associated with the acquisition of such system, including any risk associated with such system being produced, manufactured, or assembled by one or more entities identified by the United States Government as posing a cyber threat, including but not limited to, those that may be owned, directed, or subsidized by the People's Republic of China, the Islamic Republic of Iran, the Democratic People's Republic of Korea, or the Russian Federation.

(b) None of the funds appropriated or otherwise made available under this Act may be used to acquire a high-impact or moderate-impact information system reviewed and assessed under subsection (a) unless the head of the assessing entity described in subsection (a) has—

(1) developed, in consultation with NIST, the FBI, and supply chain risk management experts, a mitigation strategy for any identified risks;

(2) determined, in consultation with NIST and the FBI, that the acquisition of such system is in the national interest of the United States; and

(3) reported that determination to the Committees on Appropriations of the House of Representatives and the Senate and the agency Inspector General.

SEC. 515. None of the funds made available in this Act shall be used in any way whatsoever to support or justify the use of torture by any official or contract employee of the United States Government.

SEC. 516. None of the funds made available in this Act may be used to include in any new bilateral or multilateral trade agreement the text of—

(1) paragraph 2 of article 16.7 of the United States–Singapore Free Trade Agreement;

(2) paragraph 4 of article 17.9 of the United States–Australia Free Trade Agreement; or

(3) paragraph 4 of article 15.9 of the United States–Morocco Free Trade Agreement.

SEC. 517. None of the funds made available in this Act may be used to authorize or issue a national security letter in contravention of any of the following laws authorizing the Federal Bureau of Investigation to issue national security letters: The Right to Financial Privacy Act of 1978; The Electronic Communications Privacy Act of 1986; The Fair Credit Reporting Act; The National Security Act of 1947; USA PATRIOT Act; USA FREEDOM Act of 2015; and the laws amended by these Acts.

SEC. 518. If at any time during any quarter, the program manager of a project within the jurisdiction of the Departments of Commerce or Justice, the National Aeronautics and Space Administration, or the National Science Foundation totaling more than \$75,000,000 has reasonable cause to believe that the total program cost has increased by 10 percent or more, the program manager shall immediately inform the respective Secretary, Administrator, or Director. The Secretary, Administrator, or Director shall notify the House and Senate Committees on Appropriations within 30 days in writing of such increase, and shall include in such notice: the date on which such determination was made; a statement of the reasons for such increases; the action taken and proposed to be taken to control future cost growth of the project; changes made in the performance or schedule milestones and the degree to which such changes have contributed to the increase in total program costs or procurement costs; new estimates of the total project or procurement costs; and a statement validating that the project's management structure is adequate to control total project or procurement costs.

SEC. 519. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence or intelligence related activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094) during fiscal year 2023 until the enactment of the Intelligence Authorization Act for fiscal year 2023.

SEC. 520. None of the funds appropriated or otherwise made available by this Act may be used to enter into a contract in an amount greater than \$5,000,000 or to award a grant in excess of such amount unless the prospective contractor or grantee certifies in writing to the agency awarding the contract or grant that, to the best of its knowledge and belief, the contractor or grantee has filed all Federal tax returns required during the three years preceding the certification, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has not, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

## (RESCISSIONS)

SEC. 521. (a) Of the unobligated balances in the “Nonrecurring Expenses Fund” established in section 111(a) of division B of Public Law 116–93, \$50,000,000 are hereby permanently rescinded not later than September 30, 2023.

(b) Of the unobligated balances from prior year appropriations available to the Department of Commerce under the heading “Economic Development Administration, Economic Development Assistance Programs”, \$10,000,000 are hereby permanently rescinded, not later than September 30, 2023.

(c) Of the unobligated balances from prior year appropriations available to the Department of Justice, the following funds are hereby permanently rescinded, not later than September 30, 2023, from the following accounts in the specified amounts—

(1) “State and Local Law Enforcement Activities, Office on Violence Against Women, Violence Against Women Prevention and Prosecution Programs”, \$15,000,000;

(2) “State and Local Law Enforcement Activities, Office of Justice Programs”, \$75,000,000; and

(3) “State and Local Law Enforcement Activities, Community Oriented Policing Services”, \$15,000,000.

(d) Of the unobligated balances available to the Department of Justice, the following funds are hereby permanently rescinded, not later than September 30, 2023, from the following accounts in the specified amounts—

(1) “Working Capital Fund”, \$705,768,000; and

(2) “Legal Activities, Assets Forfeiture Fund”, \$500,000,000.

(e) The Departments of Commerce and Justice shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report no later than September 1, 2023, specifying the amount of each rescission made pursuant to subsections (a), (b), (c) and (d).

(f) The amounts rescinded in subsections (a), (b), (c) and (d) shall not be from amounts that were designated by the Congress as an emergency or disaster relief requirement pursuant to the concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

(g) The amounts rescinded pursuant to subsections (c) and (d) shall not be from—

(1) amounts provided under subparagraph (Q) of paragraph (1) under the heading “State and Local Law Enforcement Activities—Office of Justice Programs—State and Local Law Enforcement Assistance” in title II of division B of Public Law 117–103; or

(2) amounts provided under paragraph (7) under the heading “State and Local Law Enforcement Activities—Community Oriented Policing Services—Community Oriented Policing Services Programs” in title II of division B of Public Law 117–103.

SEC. 522. None of the funds made available in this Act may be used to purchase first class or premium airline travel in contravention of sections 301–10.122 through 301–10.124 of title 41 of the Code of Federal Regulations.

SEC. 523. None of the funds made available in this Act may be used to send or otherwise pay for the attendance of more than 50 employees from a Federal department or agency, who are stationed in the United States, at any single conference occurring outside the United States unless—

(1) such conference is a law enforcement training or operational conference for law enforcement personnel and the majority of Federal employees in attendance are law enforcement personnel stationed outside the United States; or

(2) such conference is a scientific conference and the department or agency head determines that such attendance is in the national interest and notifies the Committees on Appropriations of the House of Representatives and the Senate within at least 15 days of that determination and the basis for that determination.

SEC. 524. The Director of the Office of Management and Budget shall instruct any department, agency, or instrumentality of the United States receiving funds appropriated under this Act to track undisbursed balances in expired grant accounts and include in its annual performance plan and performance and accountability reports the following:

(1) Details on future action the department, agency, or instrumentality will take to resolve undisbursed balances in expired grant accounts.

(2) The method that the department, agency, or instrumentality uses to track undisbursed balances in expired grant accounts.

(3) Identification of undisbursed balances in expired grant accounts that may be returned to the Treasury of the United States.

(4) In the preceding 3 fiscal years, details on the total number of expired grant accounts with undisbursed balances (on the first day of each fiscal year) for the department, agency, or instrumentality and the total finances that have not been obligated to a specific project remaining in the accounts.

SEC. 525. To the extent practicable, funds made available in this Act should be used to purchase light bulbs that are “Energy Star” qualified or have the “Federal Energy Management Program” designation.

SEC. 526. (a) None of the funds made available by this Act may be used for the National Aeronautics and Space Administration (NASA), the Office of Science and Technology Policy (OSTP), or the National Space Council (NSC) to develop, design, plan, promulgate, implement, or execute a bilateral policy, program, order, or contract of any kind to participate, collaborate, or coordinate bilaterally in any way with China or any Chinese-owned company unless such activities are specifically authorized by a law enacted after the date of enactment of this Act.

(b) None of the funds made available by this Act may be used to effectuate the hosting of official Chinese visitors at facilities belonging to or utilized by NASA.

(c) The limitations described in subsections (a) and (b) shall not apply to activities which NASA, OSTP, or NSC, after consultation with the Federal Bureau of Investigation, have certified—

(1) pose no risk of resulting in the transfer of technology, data, or other information with national security or economic security implications to China or a Chinese-owned company; and

(2) will not involve knowing interactions with officials who have been determined by the United States to have direct involvement with violations of human rights.

(d) Any certification made under subsection (c) shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate, and the Federal Bureau of Investigation, no later than 30 days prior to the activity in question and shall include a description of the purpose of the activity, its agenda, its major participants, and its location and timing.

SEC. 527. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, Tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, adjudication, or other law enforcement- or victim assistance-related activity.

SEC. 528. The Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation, the Commission on Civil Rights, the Equal Employment Opportunity Commission, the International Trade Commission, the Legal Services Corporation, the Marine Mammal Commission, the Offices of Science and Technology Policy and the United States Trade Representative, the National Space Council, and the State Justice Institute shall submit spending plans, signed by the respective department or agency head, to the Committees on Appropriations of the House of Representatives and the Senate not later than 45 days after the date of enactment of this Act.

SEC. 529. Notwithstanding any other provision of this Act, none of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or for performance that does not meet the basic requirements of a contract.

SEC. 530. None of the funds made available by this Act may be used in contravention of section 7606 ("Legitimacy of Industrial Hemp Research") of the Agricultural Act of 2014 (Public Law 113-79) by the Department of Justice or the Drug Enforcement Administration.

SEC. 531. None of the funds made available under this Act to the Department of Justice may be used, with respect to any of the States of Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Illinois, Indiana, Iowa, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin,

and Wyoming, or with respect to the District of Columbia, the Commonwealth of the Northern Mariana Islands, the United States Virgin Islands, Guam, or Puerto Rico, to prevent any of them from implementing their own laws that authorize the use, distribution, possession, or cultivation of medical marijuana.

SEC. 532. The Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation shall provide a quarterly report to the Committees on Appropriations of the House of Representatives and the Senate on any official travel to China by any employee of such Department or agency, including the purpose of such travel.

SEC. 533. Of the amounts made available by this Act, not less than 10 percent of each total amount provided, respectively, for Public Works grants authorized by the Public Works and Economic Development Act of 1965 and grants authorized by section 27 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3722) shall be allocated for assistance in persistent poverty counties: *Provided*, That for purposes of this section, the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1993 Small Area Income and Poverty Estimates, the 2000 decennial census, and the most recent Small Area Income and Poverty Estimates, or any Territory or possession of the United States.

SEC. 534. (a) Notwithstanding any other provision of law or treaty, none of the funds appropriated or otherwise made available under this Act or any other Act may be expended or obligated by a department, agency, or instrumentality of the United States to pay administrative expenses or to compensate an officer or employee of the United States in connection with requiring an export license for the export to Canada of components, parts, accessories or attachments for firearms listed in Category I, section 121.1 of title 22, Code of Federal Regulations (International Trafficking in Arms Regulations (ITAR), part 121, as it existed on April 1, 2005) with a total value not exceeding \$500 wholesale in any transaction, provided that the conditions of subsection (b) of this section are met by the exporting party for such articles.

(b) The foregoing exemption from obtaining an export license—

(1) does not exempt an exporter from filing any Shipper’s Export Declaration or notification letter required by law, or from being otherwise eligible under the laws of the United States to possess, ship, transport, or export the articles enumerated in subsection (a); and

(2) does not permit the export without a license of—

(A) fully automatic firearms and components and parts for such firearms, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada;

(B) barrels, cylinders, receivers (frames) or complete breech mechanisms for any firearm listed in Category I, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada; or

(C) articles for export from Canada to another foreign destination.

(c) In accordance with this section, the District Directors of Customs and postmasters shall permit the permanent or temporary export without a license of any unclassified articles specified in subsection (a) to Canada for end use in Canada or return to the United States, or temporary import of Canadian-origin items from Canada for end use in the United States or return to Canada for a Canadian citizen.

(d) The President may require export licenses under this section on a temporary basis if the President determines, upon publication first in the Federal Register, that the Government of Canada has implemented or maintained inadequate import controls for the articles specified in subsection (a), such that a significant diversion of such articles has and continues to take place for use in international terrorism or in the escalation of a conflict in another nation. The President shall terminate the requirements of a license when reasons for the temporary requirements have ceased.

SEC. 535. Notwithstanding any other provision of law, no department, agency, or instrumentality of the United States receiving appropriated funds under this Act or any other Act shall obligate or expend in any way such funds to pay administrative expenses or the compensation of any officer or employee of the United States to deny any application submitted pursuant to 22 U.S.C. 2778(b)(1)(B) and qualified pursuant to 27 CFR section 478.112 or .113, for a permit to import United States origin “curios or relics” firearms, parts, or ammunition.

SEC. 536. None of the funds made available by this Act may be used to pay the salaries or expenses of personnel to deny, or fail to act on, an application for the importation of any model of shotgun if—

(1) all other requirements of law with respect to the proposed importation are met; and

(2) no application for the importation of such model of shotgun, in the same configuration, had been denied by the Attorney General prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

SEC. 537. None of the funds made available by this Act may be obligated or expended to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

SEC. 538. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at the United States Naval Station, Guantanamo Bay, Cuba, by the Department of Defense.

SEC. 539. (a) None of the funds appropriated or otherwise made available in this or any other Act may be used to construct, acquire, or modify any facility in the United States, its territories, or possessions to house any individual described in subsection (c) for

the purposes of detention or imprisonment in the custody or under the effective control of the Department of Defense.

(b) The prohibition in subsection (a) shall not apply to any modification of facilities at United States Naval Station, Guantanamo Bay, Cuba.

(c) An individual described in this subsection is any individual who, as of June 24, 2009, is located at United States Naval Station, Guantanamo Bay, Cuba, and who—

(1) is not a citizen of the United States or a member of the Armed Forces of the United States; and

(2) is—

(A) in the custody or under the effective control of the Department of Defense; or

(B) otherwise under detention at United States Naval Station, Guantanamo Bay, Cuba.

SEC. 540. (a) The remaining unobligated balances of funds as of September 30, 2023, from amounts made available to “Office of the United States Trade Representative—Salaries and Expenses” in title IX of the United States-Mexico-Canada Agreement Implementation Act (Public Law 116–113), are hereby rescinded, and an amount of additional new budget authority equivalent to the amount rescinded pursuant to this subsection is hereby appropriated on September 30, 2023, for an additional amount for fiscal year 2023, to remain available until September 30, 2024, and shall be available for the same purposes, in addition to other funds as may be available for such purposes, and under the same authorities for which the funds were originally provided in Public Law 116–113, except that all references to “2023” under such heading in Public Law 116–113 shall be deemed to refer instead to “2024”.

(b) The remaining unobligated balances of funds as of September 30, 2023, from amounts made available to “Office of the United States Trade Representative—Trade Enforcement Trust Fund” in title IX of the United States-Mexico-Canada Agreement Implementation Act (Public Law 116–113), are hereby rescinded, and an amount of additional new budget authority equivalent to the amount rescinded pursuant to this subsection is hereby appropriated on September 30, 2023, for an additional amount for fiscal year 2023, to remain available until September 30, 2024, and shall be available for the same purposes, in addition to other funds as may be available for such purposes, and under the same authorities for which the funds were originally provided in Public Law 116–113, except that the reference to “2023” under such heading in Public Law 116–113 shall be deemed to refer instead to “2024”.

(c) The amounts rescinded pursuant to this section that were previously designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A)(i) of the Balanced Budget and Emergency Deficit Control Act of 1985 are designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, and section 1(e) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022.

(d) Each amount provided by this section is designated by the Congress as being for an emergency requirement pursuant to sec-

tion 4001(a)(1) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, and section 1(e) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022.

SEC. 541. Funds made available to the Department of Commerce and under the heading “Department of Justice—Federal Bureau of Investigation—Salaries and Expenses” in this Act and any remaining unobligated balances of funds made available to the Department of Commerce and under the heading “Department of Justice—Federal Bureau of Investigation—Salaries and Expenses” in prior year Acts, other than amounts designated by the Congress as being for an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985, shall be available to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020 (22 U.S.C. 2680b(i)(2)): *Provided*, That payments made pursuant to the matter preceding this proviso may not exceed \$5,000,000 for the Department of Commerce and \$5,000,000 for the Federal Bureau of Investigation.

SEC. 542. (a) None of the funds in this Act may be used for design or construction of the Mobile Launcher 2 until 30 days after the Administrator of the National Aeronautics and Space Administration (the “Administrator”) submits a plan to the Committees on Appropriations of the House of Representatives and the Senate (the “Committees”), the Government Accountability Office, and the Office of Inspector General of the National Aeronautics and Space Administration detailing a cost and schedule baseline for the Mobile Launcher 2. Such plan shall include each of the requirements described in subsection (c)(2) of section 30104 of title 51, United States Code, as well as an estimated date for completion of design and construction of the Mobile Launcher 2.

(b) Not later than 90 days after the submission of the plan described in subsection (a), and every 90 days thereafter, the Administrator shall report to the Committees, the Government Accountability Office, and the Office of Inspector General of the National Aeronautics and Space Administration on steps taken to implement such plan.

SEC. 543. (a)(1) Within 45 days of enactment of this Act, the Secretary of Commerce shall allocate amounts made available from the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Fund for fiscal year 2023 pursuant to paragraphs (1) and (2) of section 102(a) of the CHIPS Act of 2022 (division A of Public Law 117–167), including the transfer authority in such paragraphs of that section of that Act, to the accounts specified, in the amounts specified, and for the projects and activities specified, in the table titled “Department of Commerce Allocation of National Institute of Standards and Technology Funds: CHIPS Act Fiscal Year 2023” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(2) Within 45 days of enactment of this Act, the Secretary of Commerce shall allocate amounts made available from the Public Wireless Supply Chain Innovation Fund for fiscal year 2023 pursuant to section 106 of the CHIPS Act of 2022 (division A of Public

Law 117–167), including the transfer authority in section 106(b)(2) of that Act, to the accounts specified, in the amounts specified, and for the projects and activities specified, in the table titled “Department of Commerce Allocation of National Telecommunications and Information Administration Funds: CHIPS Act Fiscal Year 2023” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(3) Within 45 days of enactment of this Act, the Director of the National Science Foundation shall allocate amounts made available from the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Workforce and Education Fund for fiscal year 2023 pursuant to section 102(d)(1) of the CHIPS Act of 2022 (division A of Public Law 117–167), to the account specified, in the amounts specified, and for the projects and activities specified in the table titled “National Science Foundation Allocation of Funds: CHIPS Act Fiscal Year 2023” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(b) Neither the President nor his designee may allocate any amounts that are made available for any fiscal year under section 102(a)(2)(A) of the CHIPS Act of 2022 or under section 102(d)(2) of such Act if there is in effect an Act making or continuing appropriations for part of a fiscal year for the Departments of Commerce and Justice, Science, and Related Agencies: *Provided*, That in any fiscal year, the matter preceding this proviso shall not apply to the allocation, apportionment, or allotment of amounts for continuing administration of programs allocated funds from the CHIPS for America Fund, which may be allocated only in amounts that are no more than the allocation for such purposes in subsection (a) of this section.

(c) Subject to prior consultation with, and the regular notification procedures of, the Committees on Appropriations of the House of Representatives and the Senate, and subject to the terms and conditions in section 505 of this Act—

(1) the Secretary of Commerce may reallocate funds allocated to Industrial Technology Services for section 9906 of Public Law 116–283 by subsection (a)(1) of this section; and

(2) the Director of the National Science Foundation may reallocate funds allocated to the CHIPS for America Workforce and Education Fund by subsection (a)(3) of this section.

(d) Concurrent with the annual budget submission of the President for fiscal year 2024, the Secretary of Commerce and the Director of the National Science Foundation, as appropriate, shall each submit to the Committees on Appropriations of the House of Representatives and the Senate proposed allocations by account and by program, project, or activity, with detailed justifications, for amounts made available under section 102(a)(2) and section 102(d)(2) of the CHIPS Act of 2022 for fiscal year 2024.

(e) The Department of Commerce and the National Science Foundation, as appropriate, shall each provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of projects and activities funded by the CHIPS for America Fund for amounts allocated pursuant to subsection (a)(1) of this section, the status of balances of projects

and activities funded by the Public Wireless Supply Chain Innovation Fund for amounts allocated pursuant to subsection (a)(2) of this section, and the status of balances of projects and activities funded by the CHIPS for America Workforce and Education Fund for amounts allocated pursuant to subsection (a)(3) of this section, including all uncommitted, committed, and unobligated funds.

This division may be cited as the “Commerce, Justice, Science, and Related Agencies Appropriations Act, 2023”.

[CLERK'S NOTE.—Reproduced below is the material relating to division B contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION B—COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023**

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–395 (“the House report”) carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement or the act. The explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein. In cases where the House report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this act shall follow the directions set forth in this act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this act; unobligated balances from previous appropriations acts that are available for obligation or expenditure in fiscal year 2023; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2023. These procedures are specified in section 505 of this act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project, or activity cited in this explanatory statement, or in the House report and not changed by this act, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies shall

not submit reprogramming notifications after July 1, 2023, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 528 of this act, each department and agency funded in this act shall submit spending plans, signed by the respective department or agency head, for the Committees' review not later than 45 days after the date of enactment of this act.

The Government Accountability Office (GAO) shall conduct ongoing reviews of large National Aeronautics and Space Administration (NASA) projects and major research equipment and facilities construction at the National Science Foundation, with reports to the Committees on a semiannual basis. The agencies shall provide access to all necessary data, as determined by GAO, in order for these reviews to be completed and provided to the Committees in a timely manner.

The departments and agencies funded in this act are directed to submit reports by the deadlines detailed herein or to provide advance notification if there is sufficient reason why deadlines cannot be met, along with the expected date of submission.

Some enduring reporting requirements from previous appropriations laws may no longer be necessary for congressional oversight purposes. In the interest of reducing government waste and expediting responses to current report mandates, each department or agency is invited to submit a list of reporting requirements that it considers outdated or no longer relevant for the review of the Committees. Any list submitted for review shall cite the original authority, as well as a justification for eliminating each reporting requirement.

For fiscal year 2023, all agencies and departments funded in this act are directed to follow prior year direction adopted in Public Law 116–93, on the following topics for this fiscal year: “Fighting Waste, Fraud, and Abuse,” “Federal Vehicle Fleet Management,” “Reducing Duplication and Improving Efficiencies,” “Reprogrammings, Reorganizations, and Relocations,” “Congressional Budget Justifications,” “Reporting Requirements,” and “Reductions-in-Force.”

## TITLE I

### DEPARTMENT OF COMMERCE

#### INTERNATIONAL TRADE ADMINISTRATION

##### OPERATIONS AND ADMINISTRATION

The agreement includes \$625,000,000 in total resources for the International Trade Administration (ITA). This amount is offset by \$12,000,000 in estimated fee collections, resulting in a direct appropriation of \$613,000,000.

For fiscal year 2023, ITA is directed to continue following the directives under the heading “General Data Protection Regulation” in the Senate Report 116–127 and adopted by Public Law 116–93, as well as the directive in the joint explanatory statement accompanying Public Law 117–103 on “Quad Strategic Partnership.”

*Global Markets.*—The agreement directs ITA to continue to follow the directives contained in the joint explanatory statement ac-

companying Public Law 117–103 under the heading “Global Markets” for fiscal year 2023, and further directs ITA to provide the Committees with a detailed spending plan of the Global Markets funding described under that heading. The spending plan shall include a staffing plan and a justification for the establishment of any new office and shall be submitted to the Committees no later than 180 days after enactment of this act.

*Trade Opportunities for Rural Businesses.*—The agreement provides no less than \$1,500,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, within Global Markets to support rural export centers.

*Antidumping and Countervailing Duties (AD/CVD) Evasion.*—ITA is directed to submit a report to the Committees, within 180 days of enactment of this act, outlining ITA’s efforts to counteract the use of third countries for transshipment by state-backed industries and producers to evade U.S. AD/CVD laws. Within that report, ITA is encouraged to identify congressional actions that would be beneficial to counteracting these actions.

## BUREAU OF INDUSTRY AND SECURITY

### OPERATIONS AND ADMINISTRATION

The agreement includes \$191,000,000 for the Bureau of Industry and Security (BIS), an increase of \$50,000,000 above the fiscal year 2022 enacted level.

For fiscal year 2023, BIS is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 on “Export Control Regulatory Compliance Assistance” and the directives in the joint explanatory statement accompanying Public Law 117–103 on “Information and Communications Technology and Services Supply Chain.” Additionally, in fiscal year 2023, BIS shall continue to provide the quarterly report on section 232 exclusion requests as described in the joint explanatory statement accompanying Public Law 116–6.

*Enforcement of Russia Export Controls.*—The agreement continues its support for BIS’s aggressive enforcement of Russian and Belarussian export controls and other BIS efforts to counter Russia’s invasion of Ukraine. The agreement recognizes that BIS received \$22,100,000 for these efforts in fiscal year 2022 in division N of Public Law 117–103. The agreement supports the continuation of these efforts within the funds provided.

## ECONOMIC DEVELOPMENT ADMINISTRATION

The agreement includes \$498,000,000 for the programs and administrative expenses of the Economic Development Administration (EDA).

### ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

The agreement includes \$430,000,000 for Economic Development Assistance Programs (EDAP). EDA is expected to coordinate with regional development organizations, business incubators, colleges, public-private partnerships and state and local governments and

other stakeholders to address some of the pressing issues that challenge economic development in distressed communities across the country. As in prior years, the agreement directs EDA to consider geographic equity in making all award decisions and to ensure that rural projects are adequately represented among those selected for funding. Any deviation of funds shall be subject to the procedures set forth in section 505 of this Act. Funds are to be distributed as follows:

#### ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

(in thousands of dollars)

Program	Amount
Public Works .....	\$121,500
Partnership Planning .....	36,000
Technical Assistance .....	14,000
Research and Evaluation .....	2,000
Trade Adjustment Assistance .....	13,500
Economic Adjustment Assistance .....	39,500
Assistance to Energy Transition Communities .....	69,000
Regional Innovation Program Grants .....	50,000
Recompete Pilot Program .....	41,000
Regional Technology Innovation Hubs .....	41,000
STEM Apprenticeship Program .....	2,500
Total, Economic Development Assistance Programs .....	\$430,000

*Outdoor Economy.*—The agreement encourages EDA to consider projects that support outdoor recreation when consistent with a region’s Comprehensive Economic Development Strategy, as well as projects that promote innovation in communities and regions that have been adversely impacted by changes in the timber and pulp marketplaces and to support projects that help these communities develop related industries, including commercialization of new forest products using low-grade wood.

*Aeronautics.*—The agreement encourages EDA to support communities looking to expand the presence of aeronautics-related industries.

*Technical Assistance.*—EDA is encouraged to identify and provide technical assistance to eligible entities, consistent with the NATIVE Act (Public Law 114–221).

*Economic Adjustment Assistance.*—EDA shall continue to follow direction contained in the joint explanatory statement accompanying division B of Public Law 116–260, in the paragraph entitled “Economic Adjustment Assistance.”

*Assistance to Energy Transition Communities.*—Within the funds provided for Assistance to Energy Transition Communities, the agreement provides \$48,000,000 for assistance to coal communities, and affirms the House language on this topic. Also within Assistance to Energy Transition Communities, the agreement provides \$16,500,000 for assistance to nuclear power plant closure communities and \$4,500,000 for assistance to biomass power plant closure communities.

*Regional Innovation Program (RIP).*—The agreement provides \$50,000,000 for RIP grants, also referred to as Build to Scale (B2S). Of this amount, no less than \$40,000,000 shall be for the i6 Challenge and no less than \$8,000,000 shall be for Seed Fund Support.

EDA shall continue to ensure that RIP awards go to multiple grantees in diverse geographic areas and increase its focus on organizations and States that have not previously received funding from the program. Within funds provided for RIP, EDA shall award not less than 40 percent of grants to support rural communities. Additionally, EDA is directed to provide in its fiscal year 2023 spending plan a detailed justification for any funding that is intended to be used to support a B2S Industry Challenge in fiscal year 2023. EDA shall continue to ensure that RIP awards go to multiple grantees in multiple and diverse geographic areas, including an increased focus on organizations and States, and regions within States, that have not previously received funding from the program. Furthermore, within funds provided for RIP, EDA shall award not less than 40 percent of grants to support rural communities.

*Persistent Poverty.*—The agreement retains the House definition of the term “high poverty area.” In lieu of the reporting requirement contained in the House report the agreement directs the Department, in its fiscal year 2024 budget request, to provide to the Committees on Appropriations a plan for developing and implementing additional measures to increase the share of investments from all EDA programs in persistent poverty counties, high-poverty areas, and any other impoverished communities that EDA determines to be appropriate areas to target. The agreement also directs EDA to explain, in the case of any EDA program for which at least 10 percent of the funds allocated in fiscal year 2022 were not allocated to persistent poverty counties, why such benchmark was unable to be met and what steps are being taken to meet it in fiscal year 2023.

*Coordinating Federal Resources.*—The agreement encourages EDA to improve collaboration with the Department of Housing and Urban Development and the Department of Agriculture to help local communities maximize Federal economic development resources.

*Program Duplication.*—EDA is directed to continue its efforts under the paragraph entitled “Program Duplication” in division B of the joint explanatory statement accompanying Public Law 117–103.

#### SALARIES AND EXPENSES

The agreement includes \$68,000,000 for EDA salaries and expenses.

#### MINORITY BUSINESS DEVELOPMENT AGENCY

##### MINORITY BUSINESS DEVELOPMENT

The agreement includes \$70,000,000 for the Minority Business Development Agency (MBDA), an increase of \$15,000,000 above the fiscal year 2022 level. The increased funding provided shall be used to cover the requested adjustments to base costs, among other programmatic increases. The agreement directs the agency to expedite its efforts to fill all outstanding vacancies.

Further, House language regarding “Native American Business Development” and “Minority Serving Institutions Entrepreneurship

Pilot” is modified to encourage MBDA to provide up to \$5,000,000 for the former and up to \$3,000,000 for the latter.

*Business Center and Specialty Project Center Programs.*—The House funding level for “Business Center and Specialty Project Center Programs” is not adopted. Instead, the agreement supports the goal of expanding the Business Center and Specialty Projects Center programs to every state, as well as expanding the level of service provided by new and existing centers, as requested.

## ECONOMIC AND STATISTICAL ANALYSIS

### SALARIES AND EXPENSES

The agreement includes \$130,000,000 for Economic and Statistical Analysis (ESA).

The agreement provides not less than \$1,500,000 to continue implementing the Outdoor Recreation Jobs and Economic Impact Act of 2016 (Public Law 114–249). For fiscal year 2023, ESA is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 on “Outdoor Recreation Satellite Account.”

*Commodity Checkoff Programs.*—The Department is encouraged to maximize the effectiveness of its concrete masonry checkoff program by developing administrative remedies, where practicable, to ensure program resources are fully utilized for their intended purpose.

### BUREAU OF THE CENSUS

The agreement includes \$1,485,000,000 for the Bureau of the Census (“Census Bureau”).

### CURRENT SURVEYS AND PROGRAMS

The bill provides \$330,000,000 for the Current Surveys and Programs account. Within the funds provided, the agreement supports the Current Population Survey.

### PERIODIC CENSUSES AND PROGRAMS

The bill provides \$1,155,000,000 in direct appropriations for the Periodic Censuses and Programs account. For fiscal year 2023, the Census Bureau is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 on “Ensuring the Integrity and Security of Surveys and Data,” “Utilizing Libraries and Community Partners for Census Surveys,” and “American Community Survey.”

*Disclosure Avoidance.*—The agreement directs the Census Bureau to work closely with its advisory committees, stakeholders representing public interests, and the data user community to ensure the availability of useful data products, especially for population groups in rural and remote areas, while protecting the confidentiality of personal data. The Census Bureau shall continue to consult regularly with data users on disclosure avoidance methods under consideration for all data products and programs.

*Race and Ethnicity Data Accuracy.*—The Census Bureau is directed to provide a report to the Committees, no later than 180

days after enactment of this act, on its plan for implementing updated race and ethnicity questions for its surveys, including the American Community Survey and the 2030 Decennial Census, and whether the Census Bureau believes that additional testing is necessary.

*Ask U.S. Panel Survey.*—The Census Bureau is directed to provide a report to the Committees, no later than 90 days following enactment of this act, on the Ask U.S. Panel Survey’s methodology, data collection processes, implementation, incurred and projected costs, procurement strategy, and plans to address any recommendations made by the Inspector General.

## NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION

### SALARIES AND EXPENSES

The agreement includes \$62,000,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA). The agreement retains language from previous years for reimbursements for the coordination of spectrum management, analysis, and operations, and directs NTIA to submit a report to the Committees no later than June 1, 2023, detailing the collection of reimbursements from other agencies.

*Office of Internet Connectivity and Growth.*—As programs associated with the Broadband Equity, Access, and Deployment (BEAD) program are implemented, NTIA is directed to capture in its annual Access Broadband report the amount of funds previously invested by agencies over the past decade for broadband program implementation, as well as the efforts of States to deploy broadband technologies and the outcomes associated with the significant investment through BEAD in providing unserved and underserved areas access to broadband.

*Broadband Investments under the Infrastructure Investment and Jobs Act (IIJA).*—Under Public Law 117–58, the NTIA will distribute \$42,500,000,000 to build broadband infrastructure in unserved and underserved areas. However, NTIA must rely on the Federal Communications Commission (FCC) for the updated maps to determine how to apply the formula that will distribute the majority of the IIJA broadband funds to States to address accessibility. The FCC unveiled a pre-production draft of the new broadband maps on November 18, 2022. In light of this development, the agreement encourages NTIA to prepare each State so that it can rapidly deploy the funding provided by Public Law 117–58 once the maps are completed and State deployment plans are approved, and directs NTIA to submit a report to the Committees, no later than 60 days after the date of enactment of this act, detailing the steps it has taken to coordinate with States to prepare for funding distribution and how NTIA interacts with the FCC to carry out its responsibilities to implement the Deployment Locations Map pursuant to section 60105 of Public Law 117–58.

*Rural Broadband Coordination.*—The agreement continues prior year direction to NTIA to coordinate with other related Federal agencies, as well as the rural communications industry, to identify and pursue ways to continue sustainable broadband deployment

and adoption, and to ensure that policies tied to one Federal program do not undermine the objectives and functionality of another.

*911 Training Grants.*—The House direction regarding “911 Training Grants” is adopted with the clarification that the plan is encouraged to be included in future budget requests.

*Spectrum Management for Science.*—The agreement encourages NTIA, in coordination with the FCC and other appropriate stakeholders, to preserve spectrum access for scientific purposes as commercial use of radio spectrum increases.

*Federal Spectrum Management.*—The agreement directs NTIA to continue to evaluate options for repurposing spectrum for broadband in support of making 500 megahertz (MHz) of spectrum available for wireless broadband use and to provide annual updates on the progress in making 500 MHz of spectrum available for commercial mobile use, including the strategy for freeing up additional spectrum from Federal agencies.

*Policy and Technical Training.*—The agreement provides up to \$289,000 for NTIA to work with the FCC and the Department of State to provide support for activities authorized under section 7 of Public Law 98–549. As part of these activities, NTIA may provide assistance and guidance in policy and technical training to impart best practices to information technology professionals from developing countries.

*Tribal Broadband Connectivity Program.*—The agreement directs NTIA to continue engaging with eligible entities of the Tribal Broadband Connectivity Program to ensure the full potential of the investments made in IIJA and the Consolidated Appropriations Act, 2021 (Public Law 116–260) in these communities is realized.

PUBLIC WIRELESS SUPPLY CHAIN INNOVATION FUND

Section 9202(a)(1) of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (15 U.S.C. 4652(a)(1)) established the Public Wireless Supply Chain Innovation Fund. The agreement allocates the funds according to the amounts listed in the following table.

DEPARTMENT OF COMMERCE ALLOCATION OF NATIONAL TELECOMMUNICATIONS AND INFORMATION  
ADMINISTRATION FUNDS: CHIPS ACT FISCAL YEAR 2023  
(in thousands of dollars)

Account—Project and Activity	Amount
Public Wireless Supply Chain Innovation Fund .....	\$1,133,000
Administrative Expenses .....	(67,500)
Office of the Inspector General, Salaries and Expenses .....	20,000
Total .....	\$1,350,000

UNITED STATES PATENT AND TRADEMARK OFFICE

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes language making available to the United States Patent and Trademark Office (USPTO) \$4,253,404,000, to be

derived from offsetting fee collections estimated for fiscal year 2023 by the Congressional Budget Office.

For fiscal year 2023, USPTO is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 on “Intellectual Property Attachés” as well as the directive included in Senate Report 116–127 and adopted by Public Law 116–93 under the heading “Intellectual Property Theft.”

#### NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

The agreement includes \$1,627,285,000 for the National Institute of Standards and Technology (NIST).

#### SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$953,000,000 for NIST’s Scientific and Technical Research and Services (STRS) account. House funding levels for programs in STRS are not adopted, rather the agreement provides increases above the fiscal year 2022 enacted level of up to: (1) \$2,000,000 for Supporting the American Bioeconomy; (2) \$5,000,000 for NIST Center for Neutron Research Controls and Corrective Actions; (3) \$2,000,000 for the iEdison System; (4) \$2,500,000 for NIST’s Diversity, Equity, and Inclusion initiatives; (5) \$5,000,000 for Measurement Service Modernization; and (6) \$8,000,000 for Standards for Critical and Emerging Technologies. The agreement also provides no less than the fiscal year 2022 enacted level for Disaster Resilience Research Grants. In addition, the agreement adopts House direction on “Quantum Information Science” and provides no less than \$54,000,000 for these activities.

*Climate and Energy Measurement, Tools, and Testbeds.*—The agreement includes an increase of no less than \$11,500,000 above the fiscal year 2022 enacted level to support the request for Climate and Energy Measurement, Tools, and Testbeds. Within these funds, the agreement includes an increase of \$1,500,000 above the fiscal year 2022 enacted level to expand NIST’s research on direct air capture and carbon dioxide removal and sequestration, including to develop standard reference materials and standard testing procedures for direct air capture and to support carbonate materials development, testing, and certification for construction markets.

In addition, within the funding provided, the agreement provides \$4,000,000 for the establishment of a NIST Center of Excellence in climate change measurement. The center will establish national standards and measurements for tracking climate change and its impact. The center shall be established in a State with existing requirements to reduce greenhouse gases and track climate impacts. The institution shall have established partnerships with national climate offices, as well as with an established State Climate Office, and shall have experience conducting comprehensive state climate assessments. Further, NIST is encouraged to consider an institution with an existing interdisciplinary research institute that establishes and coordinates research teams that integrate data from physical, biological, and social sciences for the purposes of synthe-

sizing climate data. NIST is encouraged to partner with an institution that does not currently have a Center of Excellence.

*Forward-Looking Building Standards.*—Within funds for Climate and Energy Measurement, Tools, and Testbeds, the agreement provides not less than \$3,000,000 to continue the work on “Forward-Looking Building Standards” as directed in the joint explanatory statement accompanying Public Law 117–103. Further, NIST shall provide technical assistance to standards developing organizations regarding use of the identified forward-looking information.

*Greenhouse Gas Program and Urban Dome Initiative.*—The agreement adopts House language regarding the “Greenhouse Gas Program and Urban Dome Initiative” and includes up to \$15,000,000 to continue and expand sensor network deployments and other related activities.

*Wildfires and the Wildland-Urban Interface.*—The agreement adopts House direction on “Wildfires and the Wildland-Urban Interface” and, within funding for Climate and Energy Measurement, Tools, and Testbeds, provides an increase of up to \$1,500,000 above the fiscal year 2022 enacted level for this purpose.

*Public Health Risk to First Responders.*—The agreement includes \$3,000,000 for NIST to complete the study of new and unused personal protective equipment worn by firefighters to determine the prevalence and concentration of PFAS in the equipment, as well as the extent to which PFAS may be released from the gear during normal wear and under what conditions, as authorized by the Guaranteeing Equipment Safety for Firefighters Act of 2020 (Public Law 116–283). By the end of fiscal year 2023, NIST shall provide the Committees with the final report required under Public Law 116–283 including the major study findings and recommendations on what additional research or technical improvements should be pursued to avoid unnecessary occupational exposure among firefighters to PFAS through personal protective equipment or related components. The report should include a comparison to recent peer-reviewed studies, including those published after 2020.

*Artificial Intelligence (AI).*—The agreement provides an increase of no less than \$4,000,000 above the fiscal year 2022 enacted level for NIST’s AI research and measurement science efforts. NIST is directed to develop resources for government, corporate, and academic uses of AI to train and test systems, model AI behavior, and compare systems. Within the funding provided, the agreement encourages NIST to continue to meet growing demand for the Facial Recognition Vendor Test and to improve the test consistent with prior year direction adopted in Public Law 117–103.

*Algorithmic Bias.*—House direction regarding “Algorithmic Bias” is adopted.

*Framework for Managing AI Risks.*—NIST shall continue the multi-stakeholder process of developing a framework for managing risks related to the reliability, robustness, and trustworthiness of AI systems and shall provide the Committees with an update on its progress as soon as is practicable.

*Cybersecurity.*—The agreement adopts House direction on “Cybersecurity” and provides an increase of no less than \$7,500,000 above the fiscal year 2022 enacted level for these activities, including the National Cybersecurity Center of Excellence (NCCoE).

NIST is further directed to support the National Initiative for Cybersecurity Education (NICE) Regional Alliances and Multi-stakeholder Partnerships to Stimulate (RAMPS) Cybersecurity and Workforce Development program as authorized in the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

In addition, NIST is encouraged to bolster the technology foundations and put in place the practical steps needed to ensure the security and integrity of the technology supply chain, in partnership with the private sector, in accordance with Executive Order 14028. NIST is also encouraged to reduce the backlog at the Cryptographic Module Validation Program.

*Cybersecurity and Privacy.*—The agreement adopts House direction for “Cybersecurity and Privacy” and, from within funding for Cybersecurity, provides an increase of up to \$2,000,000 above the fiscal year 2022 enacted level to address the cybersecurity issues facing industrial control systems devices procured by the Federal government.

*Cybersecurity of Genomic Data.*—The agreement provides up to \$4,500,000 for NIST and the NCCoE to continue the cybersecurity of genomic data use case that was initiated in fiscal year 2021. NIST and NCCoE shall continue to partner with non-governmental entities that have existing capability to research and develop state-of-the-art cybersecurity technologies for the unique needs of genomic and biomedical-based systems.

*Forensic Sciences.*—The agreement provides \$22,000,000, an increase of \$1,500,000 above the fiscal year 2022 enacted level, for forensic science research. This includes no less than \$3,500,000 to support the Organization of Scientific Area Committees and no less than \$1,500,000 to support technical merit evaluations. In addition, NIST is directed to report to the Committees whether Federal support is necessary for Standards Development Organizations in order to further advance the use of forensic standards.

*Circular Economy.*—The agreement supports NIST’s work on the circular economy and provides an increase of no less than \$1,500,000 above the fiscal year 2022 enacted level for these activities with plastics and other materials in the supply chain. Of this amount, up to \$1,000,000 is to support further work on other classes of materials including electronics waste, battery and solar waste, and other waste streams. In addition, the agreement provides no less than the fiscal year 2022 enacted level for competitive external grants for academic institutions to investigate plastic and polymeric materials, as well as novel methods to characterize both known and newly developed materials consistent with prior year direction adopted in Public Law 117–103.

*Composites.*—NIST is encouraged to develop new composite technologies to solve problems in the manufacturing space and related materials industries consistent with prior year direction adopted in Public Law 117–103.

*Regenerative Medicine Standards.*—The agreement provides \$3,000,000 for NIST and the Standards Coordinating Body to continue to develop comprehensive standards for the development and evaluation of regenerative medicine products to fulfill the regenerative medicine standards provisions enacted under the 21st Century

Cures Act (Public Law 114–255). In addition, the agreement provides up to \$1,500,000 to support the development of curricula in partnership with academic institutions and other stakeholders such as through establishment of consortia for workforce training around the use of regenerative medicine standards.

*Pyrrhotite Testing and Mitigation.*—The agreement adopts the House language regarding “Pyrrhotite Testing and Mitigation” and provides not less than \$750,000 for NIST to continue this work. NIST is also directed to investigate mitigation strategies for concrete structures that may not yet have developed cracking but contain pyrrhotite. Additionally, \$4,000,000 is provided for similar work through NIST Community Project Funding/NIST External Projects.

*Graphene Research and Commercialization.*—The agreement provides up to the fiscal year 2022 enacted level for NIST to fund and pursue graphene research activities with industry and academic institutions that have expertise, existing capabilities, and infrastructure related to the commercial application of graphene.

*Robotics Training Center.*—The agreement provides up to \$2,000,000 for NIST to establish a robotic training center in partnership with an academic institution that has expertise in robotics and automation in the manufacturing sector.

*Unmanned Aerial Vehicle (UAV) Challenges and Credentialing.*—The agreement provides no less than the fiscal year 2022 enacted level for NIST’s UAV research challenges and credentialing program. Within the funding provided, NIST shall continue to partner with academic institutions to execute UAV prize-based challenges and to establish the measurements and standards infrastructure necessary for credentialing remote pilots.

*Malcolm Baldrige Performance Excellence Program.*—The agreement provides \$2,700,000 for the Malcolm Baldrige Performance Excellence Program and encourages the program to build more partnerships and self-assessment tools to help organizations with their cybersecurity risk management.

*Emerging Industries.*—NIST is encouraged to support emerging industries, including cross-laminated timber.

*NIST STRS Community Project Funding/NIST External Projects.*—The recommendation includes \$62,532,000 for NIST STRS Community Project Funding/NIST External Projects as detailed in the table below. NIST shall provide the amounts listed in the table and shall perform the same level of oversight and due diligence as with any other external partners.

## INDUSTRIAL TECHNOLOGY SERVICES

The agreement includes \$212,000,000 for Industrial Technology Services (ITS), including \$175,000,000 for the Hollings Manufacturing Extension Partnership (MEP), an increase of \$17,000,000 above the fiscal year 2022 enacted level, to respond to the critical national needs of small- and medium-sized enterprises, including by increasing the number of enterprises that the program assists. The agreement modifies House language on “MEP Supply Chain Database” to encourage NIST to support these activities from within available funds.

The agreement also provides \$37,000,000 for the Manufacturing USA Program, an increase of \$20,500,000 above the fiscal year 2022 enacted level. Within the funds identified for Manufacturing USA, the agreement provides: \$20,000,000 to support a new NIST-funded institute, which shall be broadly competed, and solicit applications from all focus areas codified in section 1741 of Public Law 116–92; at least \$10,000,000 to support the existing NIST-funded institute; and up to \$1,500,000 to support the Food and Drug Administration’s participation in biomanufacturing innovation institutes.

*Biomanufacturing Capacity.*—Within 120 days of enactment of this act, NIST shall submit a report to the Committees on: (1) the current biomanufacturing capacity in the United States; (2) the gaps in biomanufacturing infrastructure; (3) an assessment of appropriate sites for placement of future domestic biomanufacturing facilities, including in rural areas; and (4) related assets and opportunities as appropriate, such as intellectual property, talent, and technology maturation lost to other countries over the last 5 years.

## CONSTRUCTION OF RESEARCH FACILITIES

The agreement provides \$462,285,000 for NIST construction, an increase of \$256,722,000 above the fiscal year 2022 enacted level. Of this amount, no less than \$130,000,000 is provided for Safety, Capacity, Maintenance, and Major Repairs (SCMMR) to address the growing backlog of facilities maintenance and improvements. NIST shall provide quarterly updates to Congress on the projects funded within this account, to include milestones and total amount of funding necessary for completion, as well as an annual report on the state of NIST facilities and the current maintenance backlog.

*NIST Construction Community Project Funding/NIST Extramural Construction.*—The recommendation includes \$332,285,000 for NIST Construction Community Project Funding/NIST Extramural Construction as detailed in the table below. NIST shall provide the amounts listed in the table and shall further perform the same level of due diligence as with any other external partners.

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

*Climate Ready Nation.*—The agreement adopts the direction under the heading “Climate Ready Nation” in the House report, but provides alternate funding levels along with supplementary direction. The agreement supports the designation of a new position within Mission Support Executive Leadership as directed in the House report and provides an increase of up to \$500,000 above the fiscal year 2022 enacted level. As part of this work, within the Office of Oceanic and Atmospheric Research (OAR) Climate Laboratories and Cooperative Institutes, the agreement provides \$6,500,000 for Climate Change Projections out to 2050 to Inform Risk Management, including \$4,000,000 in support of the Water in the West Initiative.

*Fire Weather.*—The agreement adopts House direction regarding “Fire Weather” and provides an increase of \$7,000,000 above the fiscal year 2022 enacted level for these initiatives across NOAA. Within these funds, \$4,000,000 is provided in OAR U.S. Weather Research Program to develop a collaborative and integrated fire weather research program, including the establishment of a new NOAA Fire Weather Testbed. Further, within these funds, \$3,000,000 is provided within the National Weather Service (NWS) as follows: \$750,000 in Central Processing; \$500,000 in Analyze, Forecast, and Support; \$500,000 in Dissemination; and \$1,250,000 in Science and Technology Integration.

*Water in the West Initiative.*—The agreement adopts the House direction under the heading “Water in the West Initiative” and provides no less than \$12,213,000 within OAR for this work, including \$8,213,000 in Climate Competitive Research and \$4,000,000 in Climate Laboratories and Cooperative Institutes. Additionally, up to \$1,500,000 is provided for the National Centers for Environmental Information for data stewardship and other activities related to this initiative. Further, within the increase provided to Research Supercomputing, the Water in the West Initiative shall be prioritized for the allocation of compute resources.

*Subseasonal to Seasonal (S2S) Weather Prediction.*—The agreement provides \$12,100,000 across NOAA line offices for its efforts to improve S2S Weather Prediction. This includes \$5,000,000 in NWS Science and Technology Integration for the development of the Seasonal Forecast System and \$7,100,000 for the S2S research program in the OAR U.S. Weather Research Program, including \$1,000,000 to seed innovative research testbeds. As part of these efforts, NOAA is encouraged to pursue a pilot project for S2S precipitation forecasts for water management in the western United States. The pilot project should be carried out in coordination with NWS and should be focused on achieving measurable objectives for operational forecast improvement, including forecasts of seasonal mountain snowpack accumulation and total seasonal precipitation. The S2S work should be integrated, as much as is practicable, with the Water in the West Initiative and Fire Weather.

*Healthy Ocean Collaborations.*—NOAA is encouraged to pursue collaborations with academic institutions located in close proximity to the agency’s Disaster Response Center and seafood safety labs to advance education, training, recruitment, and research efforts.

*National Science Foundation (NSF) Geodetic and Seismic Networks.*—NOAA is encouraged to negotiate a memorandum of understanding or another funding agreement with the NSF to support the long-term operation and recapitalization of the Network of the Americas system important to the agency’s geodetic work and the NSF seismic systems relevant to the agency’s tsunami warning mission.

*Adjustments to Base (ATB).*—The increased funding provided shall be used to cover the requested ATB costs, across all NOAA line offices, among other programmatic increases highlighted herein.

#### OPERATIONS, RESEARCH, AND FACILITIES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes a total program level of \$4,910,898,000 under this account, including \$42,000,000 provided in division N, for NOAA’s coastal, fisheries, marine, weather, satellite, and other programs. This total funding level includes \$4,542,997,000 in direct appropriations, a transfer of \$344,901,000 from balances in the “Promote and Develop Fishery Products and Research Pertaining to American Fisheries” fund, and \$23,000,000 derived from recoveries of prior year obligations. The following narrative descriptions and tables identify the specific activities and funding levels included in this act.

*National Ocean Service (NOS).*—\$679,422,000 is for NOS Operations, Research, and Facilities.

NATIONAL OCEAN SERVICE OPERATIONS, RESEARCH, AND FACILITIES

(in thousands of dollars)

Ocean and Coastal Management and Services .....	300,720
Total, National Ocean Service, Operations, Research, and Facilities .....	\$679,422

*Navigation Response Teams.*—The agreement provides full operational funding for NOAA's Navigation Response Teams within Navigation, Observations and Positioning.

*Physical Oceanographic Real-Time System (PORTS) Program.*—The agreement provides no less than the fiscal year 2022 enacted level for PORTS.

*Geospatial Modeling Grants.*—The agreement provides \$8,000,000 for the Geospatial Modeling Grants program for which all funding shall be distributed externally.

*NOAA Center of Excellence for Operational Ocean and Great Lakes Mapping.*—The agreement provides \$10,000,000 for a NOAA Center of Excellence for Operational Ocean and Great Lakes Mapping. Working in unison with and leveraging existing capabilities, including the Joint Hydrographic Center, the Center shall work across NOAA line offices, including NOS, OAR, and the Office of Marine and Aviation Operations (OMAO), to support and grow the Nation's deep water, shallow water, and coastal mapping capabilities and data holdings, in partnership with industry. In particular, the Center shall serve as: (1) a focal point for activities transitioning developments in mapping platforms, sensors, and concepts of operations into operations; (2) a focal point for applied training for mapping and surveying operations, to grow and diversify the pool of well-qualified talent in this expanding field; (3) an agency-wide capability to provide technical support for ocean mapping technologies to operators in the field on an increasingly diverse set of platforms; and (4) a mechanism to leverage public-pri-

vate partnerships in advancing the Nation's ocean and Great Lakes mapping goals.

*Hydrographic Research and Technology Development.*—The agreement provides no less than the fiscal year 2022 enacted level for the Joint Hydrographic Center and \$2,000,000 for NOAA to continue supporting joint ocean and coastal mapping centers in other areas of the country.

*Ocean Mapping and Coastal Charting.*—The agreement provides no less than the fiscal year 2022 enacted level for NOS to continue coordinating and implementing an interagency mapping, exploration, and characterization strategy for the U.S. Exclusive Economic Zone, as well as the Strategy for Mapping the Arctic and Sub-Arctic Shoreline and Nearshore of Alaska consistent with prior year direction adopted in Public Law 117–103.

*Hydrographic Surveys and Contracts.*—For fiscal year 2023, NOS shall follow prior year direction adopted in Public Law 117–103, on the following topics: “Hydrographic Surveys and Contracts” and “Hydrographic Charting in the Arctic.”

*National Water Level Observation Network (NWLON).*—The House funding level for the NWLON is not adopted. No later than 180 days after enactment of this act, NOS is directed to provide the Committees with a report about the status of the system including the maintenance backlog and future needs to inform climate resilience efforts, including cost estimates.

*Integrated Ocean Observing System (IOOS).*—The agreement provides \$42,500,000 for IOOS to recapitalize and expand observing system infrastructure based upon the highest priority needs of each region to support disaster response, weather forecasting and hurricane prediction, forecasting of freshwater and marine water quality, detection of harmful algal blooms (HABs), and safe maritime operations. This may include buoys, high frequency radar, and underwater profiling gliders. IOOS regional associations are encouraged to consider leveraging existing capabilities of the commercial sector, including uncrewed systems, to meet observational needs through commercial data buys. The agreement provides not less than \$3,000,000 to continue and expand the IOOS HAB pilot programs initiated in fiscal year 2020 and to support the existing HAB monitoring and detection test bed.

*Coastal Science, Assessment, Response and Restoration.*—The agreement provides no less than the fiscal year 2022 enacted level for operations and staffing of the Gulf of Mexico Disaster Response Center. Additionally, the agreement includes \$1,000,000 above the fiscal year 2022 enacted level for the Disaster Preparedness Program.

*Harmful Algal Blooms.*—The agreement provides \$22,500,000 for Competitive Research, including not less than \$14,000,000 for HABs research, including within the Great Lakes ecosystem, and adopts House direction for these funds. From within this funding, \$2,000,000 is provided to explore innovative methods to increase monitoring and detection of HABs in freshwater systems by partnering with academic institutions with expertise in unmanned aircraft systems. In addition, NOAA is encouraged to fund long-term HAB research in the Gulf of Mexico that further develops ongoing partnerships involving academic institutions, the private sec-

tor, and State governments. Further, House language is modified to provide up to \$1,000,000 to expand both existing and new program support for States to assess domoic acid levels of HAB species in the marine environment.

*Improving Coastal Resilience.*—Within the funding for Competitive Research, NOAA is encouraged to provide information and predictive capabilities to coastal communities, especially those with underserved populations, and to encourage natural-based solutions to address coastal hazards like sea level rise, flooding, and inundation.

*Red Tide.*—House language regarding “Red Tide” events is modified to encourage NOAA to undertake this research within funds provided.

*National Centers for Coastal Ocean Science (NCCOS).*—The agreement provides \$1,000,000 for NCCOS’s continued collaboration on research priorities with NOAA’s Cooperative Institute for Research to Operations in Hydrology (CIROH).

In addition, the agreement provides \$2,500,000 above the fiscal year 2022 enacted level within Coastal Science, Assessment, Response and Restoration to support social and ecological science to plan and site offshore wind.

*Marine Debris.*—The agreement provides an increase of \$500,000 above the fiscal year 2022 enacted level for Marine Debris. NOAA is directed to support competitive extramural funding programs and the programs authorized in the Save Our Seas 2.0 Act (Public Law 116–224).

*Sea Level Rise and Coastal Resilience.*—House language on “Sea Level Rise and Coastal Resilience” is adopted in support of the Climate Ready Nation initiative. For this work, and for Data Development and Products and Services for Coastal Resilience, Coastal Hazards, and Climate Adaptation, the agreement provides an increase of \$2,500,000 above the fiscal year 2022 enacted level, including \$1,500,000 in Coastal Science, Assessment, Response and Restoration and \$1,000,000 in Coastal Zone Management and Services.

*Digital Coast.*—The agreement provides \$3,500,000 for the implementation of the Digital Coast Act (Public Law 116–223).

*Integrated Water Prediction (IWP).*—The agreement provides no less than the fiscal year 2022 enacted level for NOS to continue to collaborate on the development and operation of the IWP program with NWS.

*Coral Reef Program.*—The agreement provides \$33,500,000 for the Coral Reef Program, including not less than the fiscal year 2022 enacted level for NOS to work with academic institutions and non-governmental research organizations to carry out innovative restoration projects to restore degraded coral reefs. NOAA is encouraged to expand its collaborative work with external academic partners that conduct scientific research for the conservation of corals and coral reef ecosystems, including those that are experiencing an increasing prevalence of disease outbreaks. Restoration projects should utilize genetic strains that demonstrate enhanced resiliency to increased water temperatures, decreased pH, and coral disease, and include designs for multiyear monitoring to assess survival and ecosystem health.

In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$6,142,000 for coral research and restoration.

*Sanctuaries and Marine Protected Areas.*—The agreement provides \$68,000,000 for Sanctuaries and Marine Protected Areas, which is \$7,000,000 above the fiscal year 2022 enacted level. House language on “Sanctuaries and Marine Protected Areas” is adopted and within the increased funding provided, NOS shall continue to support ongoing sanctuary designation processes and is encouraged to commence designations of new sites, in particular within the Great Lakes ecosystem.

*Marine National Monuments.*—Within funding provided for Sanctuaries and Marine Protected Areas, up to \$1,200,000 may be used for competitive education, research, and management grants for existing marine national monuments administered by NOS.

*National Marine Fisheries Service (NMFS).*—\$1,093,347,000 is for NMFS Operations, Research, and Facilities.

Total, National Marine Fisheries Service, Operations, Research and Facilities .....	1,093,347

For fiscal year 2023, NMFS shall follow prior year direction and, if applicable, funding levels adopted by Public Law 117–103 on the following topics: “Promote and Develop Fisheries Products and Research Funding Transfer,” “NMFS Staffing,” “Electronic Monitoring and Reporting,” “For-Hire Electronic Monitoring and Reporting Implementation,” “American Lobster and Jonah Crab Research,” “Plankton Recorder Survey,” “Cooperative Research,” “International Fisheries Management Coordination,” “North Pacific Observer Coverage,” “Bycatch Reduction,” “Oyster Aquaculture, Research, and Restoration,” “Chesapeake Bay Oyster Restoration,”

and “Cooperative Agreements with States.” Further, the agreement provides no less than \$4,500,000 for the John H. Prescott Marine Mammal Rescue Assistance Grant Program and also adopts House language on “Foreign Fisheries” and provides \$1,150,000 for this purpose.

*Saltonstall-Kennedy (S-K) Grant Program.*—NMFS is directed to follow prior year direction adopted by Public Law 117–103 on “S-K Grant Program.” In addition, the required spending plan should include an accounting of the administration of the regional committees authorized under the American Fisheries Advisory Committee Act (Public Law 117–121).

*National Seafood Council.*—No later than 180 days after enactment of this act, NOAA shall provide the Committees with a report detailing how the agency would facilitate a National Seafood Council through the Fisheries Promotion Fund (16 U.S.C. 4008) to support a comprehensive, nationwide seafood marketing and public education campaign. The report should include an estimated cost of such a program and explanation of how it would be different from the S-K Grant Program and other existing NMFS programs.

*Offshore Wind Energy.*—The agreement provides a total of \$13,000,000 above the fiscal year 2022 enacted level across NMFS to address consultation and permitting, stock assessment, management, and protected resources needs related to the expansion of offshore wind energy projects. Of this amount, \$1,500,000 is within Marine Mammals, Sea Turtles, and Other Species; \$3,000,000 is within Fisheries and Ecosystem Science Programs and Services; \$5,500,000 is within Fisheries Data Collections, Surveys, and Assessments; and \$3,000,000 is within Fisheries Management Programs and Services.

*Transition to Climate-Ready Fishery Management.*—House language on “Transition to Climate-Ready Fishery Management” is modified to encourage NMFS to adapt its fishery management practices to the reality of the changing climate and to deliver the climate-informed advice needed for effective marine resource management in rapidly changing oceans.

*NMFS Project Consultations.*—The agreement provides an additional \$2,000,000 above the fiscal year 2022 enacted level for NMFS to address the backlog of consultation requests under the Endangered Species Act (ESA) (Public Law 93–205) and authorization requests under the Marine Mammal Protection Act (MMPA) (Public Law 92–522).

NMFS is directed, in collaboration with the U.S. Army Corps of Engineers, to provide timely services to, and proactive communication with, applicants for permits for in-water construction, and to increase outreach to other relevant stakeholders, including in the Pacific Northwest. NMFS shall continue to provide updates to the Committees on a quarterly basis on these issues.

*North Atlantic Right Whales (NARW).*—The agreement provides \$6,000,000 above the fiscal year 2022 enacted level for NARW-related research, monitoring, enforcement, and conservation efforts. The agreement notes the importance of increasing NARW monitoring to better understand species abundance and distribution. Therefore, within the increase provided, not less than \$3,000,000 shall be for monitoring efforts in the Gulf of Maine, including for

aerial surveys, vessel surveys, passive acoustic monitoring, habitat and plankton monitoring, habitat modeling, and whale tagging, in conjunction with States and other relevant stakeholders. Such an effort could support development of dynamic management strategies. In addition, no less than \$1,500,000 above the fiscal year 2022 enacted level shall be to support continued development of innovative gear technology. Research should focus on real world compatibility and commercialization issues such as gear detection and conflict avoidance and lobster fishery gear compliance and enforcement. Further, within additional funding, NOAA is directed to collaborate with States and other stakeholders to improve the Decision Support Tool to merge multiple data streams into a single model with standardized spatial and temporal domains with a goal of reducing uncertainty. Finally, NOAA shall continue to support disentanglement, stranding response, and necropsy activities, and is encouraged to develop long-term tagging methods.

In addition, the agreement provides \$26,000,000 to States through the Atlantic States Marine Fisheries Commission to cover costs incurred by the fishing industry to comply with the final 2021 rule to modify the Atlantic Large Whale Take Reduction Plan (ALWTRP) (FR-210827-0171), as well as additional uses outlined below. This amount is \$12,000,000 above the fiscal year 2022 enacted level. This assistance may be used by the relevant States to help defray the cost of compliance with new regulations, including for gear modification, configuration, and marking within the Northeast lobster and Jonah crab fisheries, both in Federal and State waters. Additional eligible uses of the funds may include NARW monitoring to inform State dynamic fisheries management, innovative gear development, implementing electronic tracking requirements within the Northeast lobster fishery, and research to inform future management actions, including in preparation for potential subsequent modifications to the ALWTRP related to gillnet and Atlantic mixed species trap/pot fisheries. Funding to the States shall be proportional to the number of active federally permitted lobster trap harvesters in each State, and the allocation details shall be developed by the States through the Atlantic States Marine Fisheries Commission. Not more than five percent shall be used for administrative costs.

The agreement notes that NOAA has been delinquent in responding to an Information Quality Act (Public Law 106-554) request dated June 7, 2021, for correction under section 515 of Public Law 106-554. The petitioner has been seeking the correction of potential flaws in highly influential scientific assessment that does not meet NOAA's Information Quality Guidelines. NOAA is directed to respond to the merits of the petition within 30 days of enactment of this act. Further, NOAA is encouraged to consider revising the Linden and Pace models and Decision Support Tool using "most reasonably certain to occur" rather than "worst case" scenarios and assumptions and to incorporate whale behavior and data from broader (and more representative) time periods to more accurately predict future NARW populations before issuing any new proposed or final regulations.

NOAA shall continue to work with Canada to develop risk reduction measures that are comparable in effectiveness for both vessels

and fisheries, and to incorporate Canadian fishery measures, Canadian vessel restrictions, and U.S. vessel restrictions into the evaluations under the Conservation Framework. NOAA is also encouraged to improve regional management efforts by including pertinent States and interstate bodies in bilateral engagements with Canadian officials regarding coordinated efforts to enhance NARW recovery. NOAA is further encouraged to work with Canadian and State fisheries officials to explore the possibility of developing an agreement that provides for cooperative fisheries management of the Gulf of Maine.

*Southern Resident Killer Whales.*—The agreement adopts House language on “Southern Resident Killer Whales” and provides an increase of \$250,000 above the fiscal year 2022 enacted level.

*Rice’s Whale.*—The House language on “Rice’s Whale” is modified to encourage this work within available funds.

*Protected Species in the Western Pacific.*—The agreement provides not less than \$750,000 above the fiscal year 2022 enacted level for Hawaiian monk seals, Hawaiian sea turtles, and false killer whales. Of the additional funding, not less than \$375,000 shall be made available to support State activities related to these protected species, and not less \$375,000 shall be used for additional research to mitigate interactions between fisheries and false killer whales.

*Sea Turtle Stranding Response and Rehabilitation.*—The agreement provides \$500,000 for NOAA to provide support to institutions and organizations permitted to provide sea turtle stranding response and/or rehabilitation. In so doing, NOAA shall also seek to leverage and strengthen partnerships with capable university veterinary schools.

*Sea Turtle Conservation.*—Until a permanent rehabilitation facility can be established in the Galveston area, NOAA shall provide access for designated Houston Zoo employees to the Galveston Sea Turtle Hospital and associated facilities.

*Turtle Nesting Grounds in the Western Pacific.*—No later than one year after the date of enactment of this act, NOAA, in coordination with the U.S. Fish and Wildlife Service, shall submit a report identifying sea turtle nesting grounds of concern in the central and western Pacific region and recommending actions to restore and conserve critical habitat.

*Unusual Mortality Events (UME).*—In lieu of House language on the Marine Mammal UME Contingency Fund, NMFS is encouraged to request funding for the Fund as part of the fiscal year 2024 budget request.

*Atlantic Salmon.*—NOAA is encouraged to partner with States and the U.S. Fish and Wildlife Service to develop fish passage performance standards for sea-run species and prioritize project selection, funding, and staff resources considering the benefits of restoring coevolved sea-run species. NOAA is further directed to ensure that adequate resources continue to be provided for State agencies to implement the recovery strategy effectively, including to ensure stable staffing levels.

*Pacific Salmon.*—The agreement provides \$72,000,000 for Pacific Salmon, which is \$5,000,000 above the fiscal year 2022 enacted level. Within the funding for Pacific Salmon, no less than

\$6,000,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, is to implement Hatchery and Genetic Management Plans (HGMPs) and to continue to address the backlog of HGMPs as directed in previous fiscal years. In addition, no less than the fiscal year 2021 enacted level is provided for pinniped removals.

*Fisheries Surveys.*—NMFS is directed to take the necessary steps to ensure that historical levels of survey coverage are achieved in fiscal year 2023, and the agreement provides an additional \$6,000,000 above the fiscal year 2022 enacted level within Fisheries Data Collections, Surveys, and Assessments for this purpose, including to support the Climate-Ready Fisheries initiative. NMFS is directed to contract no fewer than six surveys for Alaskan bottom trawl surveys and cooperative research, including a survey to capture movement of fish populations out of historic survey areas, and no fewer than four vessels for West Coast groundfish surveys. This amount also fully funds both Northeast Area Monitoring and Assessment Program (NEAMAP) trawl surveys, including the Maine-New Hampshire Inshore Trawl Survey, as well as the Southeast Area Monitoring and Assessment Program's (SEAMAP) existing surveys and addresses critical data gaps in the bottom longline and fall trawl surveys in the Gulf Coast States and reef fish in the South Atlantic region.

NOAA is encouraged to prioritize redundancy for survey vessels through contracted vessels or data from autonomous assets through the Autonomous Uncrewed Technology Operations (AUTO) program. To the extent vessel-based science work is needed for other programs, including bathymetry and coastal mapping, if practicable, NOAA is encouraged to fulfill those needs through private vessel contracts, public-private partnerships, and platforms other than NOAA research vessels to allow ample time for surveys and assessments performed by the NOAA Fleet.

*Fishery Data Modernization.*—NMFS is encouraged to implement the recommendations identified at the Fisheries Information Management Modernization Workshop in 2019, in particular a Cloud Data Science Platform, a NMFS-wide cloud-based data science, management, and publishing platform.

*Northeast Groundfish Research.*—Within funding provided for Fisheries and Ecosystem Science Programs and Services, the agreement provides \$2,500,000 for groundfish research for purposes consistent with prior year direction adopted by Public Law 117–103. Within funding provided, \$500,000 shall be obligated to continue ongoing work on implementing the recommendations set forth in the New England Fishery Management Council's Fishery Data for Stock Assessment Working Group Report, and to continue ongoing work on implementing the recommendations set forth in the 2020 report of the Groundfish Trawl Task Force consistent with prior year direction. This funding is intended to support new and innovative research, including by the Northeast Fisheries Science Center, separately by, or in collaboration with, outside partners such as higher education institutions or State agencies, and in cooperation with the fishing industry.

*Fisheries Information Networks.*—The agreement provides no less than the fiscal year 2022 enacted level for Fisheries Information Networks. NMFS is encouraged to support the Gulf States Marine

Fisheries Commission to collect samples for additional species that may be the target of future stock assessments.

*Data Collection for Recreational Fisheries.*—House language on “Data Collection for Recreational Fisheries” is adopted. In addition, NMFS is directed to work with the Gulf States to develop a pilot study on a Gulf-wide recreational fishing effort to determine the best mechanism to collect data of the quality sufficient for management decisions through existing technologies.

*Fisheries Effort Survey (FES).*—NMFS is encouraged to conduct a thorough analysis of the effect of FES estimates on stock status and allocation before they are used for stock management.

*South Atlantic Reef Fish.*—NMFS shall follow prior year direction adopted by Public Law 117–103 regarding “South Atlantic Reef Fish,” and the agreement provides \$1,800,000 for this purpose. NOAA is directed to follow the guidance of the South Atlantic Fishery Management Council in identifying the best research and data collection necessary to better understand discard rates and mortality in the fishery. Further, the agreement supports full integration of the South Atlantic Great Red Snapper Count data into the next stock assessment so that the South Atlantic Fishery Management Council can appropriately use this new abundance data when making management decisions regarding red snapper.

*State Management for Recreational Red Snapper.*—The agreement reiterates past direction that successful implementation of Reef Fish Amendment 50: State Management for Recreational Red Snapper shall be a top priority for NOAA and that such efforts should occur in coordination with the Gulf States. Within the amount provided for Fisheries Data Collections, Surveys, and Assessments, not less than \$5,000,000 is for NMFS to continue to work with the Gulf States to ensure successful implementation of State management for red snapper. The agreement supports full integration of the Great Red Snapper Count data and Gulf States catch data into the upcoming red snapper research track stock assessment to be completed in 2023 and in the operational assessment that will follow in 2024. NOAA shall delay implementation of recalibration between sectors until the Gulf of Mexico Fishery Management Council can appropriately use this new abundance and more targeted catch data when making management decisions regarding red snapper.

*Gulf Reef Fish.*—Within funding for Fisheries and Ecosystem Science Programs and Services, the agreement provides no less than the fiscal year 2022 enacted level for NMFS to support Gulf reef fish surveys, research, and sampling.

*Gulf of Mexico Fisheries Research.*—NMFS is encouraged, via a partnership with the Gulf States Marine Fisheries Commission, to provide grants to academic partners, including consortiums of universities, and other partners to conduct fishery-independent research on trans-boundary, multi-jurisdictional fish species in the Gulf of Mexico for which current data is deficient (e.g., cobia, tripletail, tarpon, and gray triggerfish), including species that are solely managed by the Gulf States.

*Gulf of Mexico Shrimp Fishing Effort.*—Within funds for Fisheries Data Collections, Surveys, and Assessments, the agreement provides \$850,000 for NMFS, in consultation with the Gulf of Mex-

ico Fishery Management Council and shrimp industry stakeholders, to continue the development and implementation of the newly approved Electronic Logbook program (ELB) that archives vessel position and automatically transmits scientific shrimp fishing effort data via cellular service to NMFS.

*Northwest Fisheries Ecosystem Monitoring System.*—Within funds for Fisheries Data Collections, Surveys, and Assessments, the agreement provides \$850,000 to maintain a time-series monitoring system of hydrographic and ecological data to inform fishery management on the Northern California Current.

*Chesapeake Bay Atlantic Menhaden Abundance.*—NMFS is encouraged to collect Atlantic menhaden abundance data in the Chesapeake Bay in partnership with the Atlantic States Marine Fisheries Commission and relevant States.

*Northeast Multispecies Fishery.*—The agreement rejects the proposed cut to Observers and Training and provides not less than \$5,500,000 for grants to the fishing industry to fully cover At-Sea Monitoring industry costs, including sector costs, in the New England groundfish fishery. Any additional At-Sea Monitoring costs, including shore side infrastructure, observer training, observer equipment and gear, electronic monitoring, and NOAA support costs shall be included in the fiscal year 2024 budget request. NOAA shall ensure the costs and benefits of At-Sea Monitoring are commensurate with the gross revenues of vessels in the fishery. Before obligating any of these funds, NOAA shall provide the Committees with a detailed spending plan.

*Observer Data Integration.*—The agreement provides \$500,000 within Fisheries Management Programs and Services to expedite efforts to integrate At-Sea Monitoring data into stock assessment models.

*Electronic Vessel Trip Reporting (eVTR).*—Within Fisheries Management Programs and Services, the agreement provides \$250,000 to support improvement and expansion of the eVTR program.

*Fish Stock Movement.*—No later than 180 days after enactment of this act, NMFS shall report to the Committees about potential options for States to exchange or trade quota through fishery management councils as fish stocks expand and shift due to climate change. The report should detail NMFS's ability to intervene, under existing authority, in allocation disputes, as well as recommendations for improved coordination and transparent decision-making among councils, including in cases where stocks have shifted into waters off States that currently are not party to the relevant regional fishery management council.

*Harmful West Coast Large Mesh Drift Gillnets.*—NMFS is directed to consult with the Pacific Fishery Management Council on a strategy to phase out the use of large mesh driftnets and permit the use of alternative fishing methods to increase the economic viability of the West Coast-based swordfish fishery while minimizing bycatch to the maximum extent possible.

*Marine Aquaculture.*—Within NMFS Aquaculture, the agreement provides \$700,000 above the fiscal year 2022 enacted level for NOAA to upgrade equipment and to increase the amount of staff focused on aquaculture at all NMFS fisheries science centers, in-

cluding to return staffing levels to those in fiscal year 2010 at the Northeast and Northwest Fisheries Science Centers.

In addition, the agreement provides no less than the fiscal year 2022 enacted level to continue the multi-year Integrated Multi-Trophic Aquaculture demonstration pilot system in State waters of the Gulf of Mexico that was initiated in calendar year 2021.

*Review of Electronic Monitoring Data.*—Within funding provided for Fisheries Management Programs and Services, the agreement provides \$600,000 for the video review of the West Coast ground-fish electronic monitoring data.

*Highly Migratory Species (HMS).*—The agreement provides \$500,000 above the fiscal year 2022 enacted level for research grants to improve science-based management of domestic and international HMS in the Pacific regions and encourages continued collaboration between Sea Grant and NMFS for Atlantic, Pacific, and Gulf of Mexico HMS.

*Salmon Management Activities.*—The agreement provides \$41,000,000 for Pacific Salmon Treaty (PST) activities. Before funding may be obligated, NOAA is directed to provide the Committees with a detailed spending plan consistent with prior year direction adopted in Public Law 117–103. Further, NOAA is encouraged to minimize, to the extent practicable, the amount of funds withheld for administrative expenses. The agreement also provides not less than \$23,500,000 for Mitchell Act hatchery programs. NMFS is directed to continue genetic stock identification for salmon recovery and management.

*Seafood Import Monitoring Program (SIMP).*—House language on “Seafood Import Monitoring Program” is adopted, and the agreement provides an increase of \$1,000,000 above the fiscal year 2022 enacted level for SIMP, established under section 539 of Public Law 115–141. Effective implementation of SIMP is necessary to enforce the ban on imports of Russian seafood, which may be re-labeled after foreign processing, hiding its Russian origin.

*Illegal, Unregulated, and Unreported (IUU) Fishing.*—The agreement modifies House language to provide no less than \$750,000 for NMFS to further test and evaluate the effectiveness of U.S. commercial space-based radio frequency data collection capabilities to track foreign vessels engaged in IUU fishing activities in the U.S. Exclusive Economic Zone and other remote maritime regions of economic, environmental, and national security significance.

*Northeast Lobster Enforcement.*—The agreement provides not less than \$950,000 for NMFS, in partnership with the relevant States, Joint Enforcement Agreement partner agencies, and the Atlantic States Marine Fisheries Commission, to continue the cooperative offshore lobster enforcement program.

*Office of Oceanic and Atmospheric Research (OAR).*—\$661,297,000 is for OAR Operations, Research, and Facilities.

*Climate Laboratories and Cooperative Institutes.*—The agreement provides an increase of \$10,000,000 above the fiscal year 2022 enacted level for global-nested high-resolution models and sustained atmospheric observations, including no less than \$4,000,000 to support the Water in the West Initiative.

*Atmospheric Baseline Observatories (ABOs).*—The House language regarding ABOs is modified to provide an increase of no less than \$1,250,000 above the fiscal year 2022 enacted level within Climate Laboratories and Cooperative Institutes. The recent eruption of Mauna Loa highlights the vulnerability of some ABOs and other Global Monitoring Laboratories as noted in the joint explanatory statement accompanying Public Law 117–103. Consistent with that direction, NOAA shall consider how to provide continuity of atmospheric observations in a cost-effective manner, and to submit its findings to the Committees, along with proposals to address the issue.

*Earth's Radiation Budget.*—In lieu of House language regarding “Earth’s Radiation Budget,” the agreement provides \$9,500,000 for continued modeling, scientific studies, grant programs, and, as possible, observations and monitoring of stratospheric conditions and the Earth’s radiation budget, including the impact of the introduction of material into the stratosphere from changes in natural sys-

tems, increased air and space traffic, and the assessment of solar climate interventions. OAR is also directed, in coordination with NASA and the Department of Energy, as appropriate, to continue to improve the understanding of the impact of atmospheric aerosols on radiative forcing, as well as on the formation of clouds, precipitation, and extreme weather and to develop plans for sustained observations of the stratosphere. Further, NOAA is encouraged to coordinate with NASA for long-range manned and autonomous in-situ atmospheric observational capabilities.

NOAA, in coordination with NASA and other relevant Federal agencies, shall develop a research agenda to manage near-term climate hazard risk and coordinate research in climate intervention. This work shall include establishing a research governance framework to provide guidance on transparency, engagement, risk management, and international research collaboration for publicly funded work in solar geoengineering research. Additionally, the research agenda shall identify the capabilities needed to detect and identify attempts at solar geoengineering by other State and non-State actors. As part of this process, NOAA is encouraged to engage with nongovernmental stakeholders.

*Greenhouse Gas Emissions Detection Technologies.*—The agreement provides no less than \$2,000,000 for a pilot program of instrumentation for observing greenhouse gases and other atmospheric factors deployed on commercial aircraft and to support the evaluation of a sustained observing network using such platforms. The pilot program should be in cooperation with other Federal agencies, as relevant, and should leverage the NWS's Aircraft-Based Observation Program, as appropriate.

In addition, NOAA is encouraged to collaborate with current and new partners to make use of commercial assets to monitor methane emissions from satellites to pinpoint the source of emissions at the individual facility level anywhere in the world. NOAA is further directed to report to the Committees, no later than 90 days after enactment of this act, on progress made to engage with stakeholders such as members of the Global Methane Initiative and the Special Presidential Envoy for Climate on public-private partnerships to identify and mitigate methane emissions.

*Forward-Looking Climate Information and Services.*—The agreement reiterates direction from fiscal year 2022 adopted by Public Law 117–103 that NOAA shall, as part of its larger effort to expand the provision of climate information and services, identify and support the utilization by NIST of an authoritative set of climate information that emphasizes forward-looking climate data and projections to be utilized by NIST in their standard-setting process. These data shall include long-term meteorological information that models future extreme weather events, other environmental trends, projections, and up-to-date observations, including mesoscale meteorological information. Further, within funding provided across NOAA, the agency shall build internal capacity to aid both Federal and non-Federal bodies to develop standards, building codes, voluntary standards, and other decision support tools, as necessary, that take into account increasingly extreme weather events and other climate change challenges. In coordination with NIST, the Administrator, in their capacity as the Federal Coordinator for Me-

teorology, shall provide the Committees, not later than 180 days after enactment of this act, a written assessment of priority Federal agency needs for these data, including decision support tools for infrastructure planning or to inform other strategic or policy choices.

*Resilience and Adaptation Cooperative Institute (CI).*—The agreement encourages NOAA to consider the establishment of a CI for Coastal Resilience and Adaptation and to include such a proposal as part of its fiscal year 2024 budget request.

*Climate Adaptation Partnerships (CAPs).*—The agreement provides no less than \$16,300,000 for CAPs and encourages NOAA to ensure that CAP teams are managed, staffed, and based at an institution located in the region served.

*Tribal Drought Resilience Initiative.*—The agreement provides \$500,000 to broaden drought prediction outreach to Tribal communities through the National Integrated Drought Information System (NIDIS) as authorized in the NIDIS Act of 2006 (Public Law 109–430).

*National Integrated Heat Health Information System (NIHHIS).*—The agreement encourages OAR, through NIHHIS, to study and raise awareness about the many impacts of extreme heat and the factors that may affect the uneven distribution of heat throughout a community. This may include enhancing education and outreach activities with partners working on aspects of reducing health risks of heat or supporting regional pilots.

*Precipitation Prediction Grand Challenge (PPGC).*—The agreement provides no less than \$2,000,000 for the PPGC.

*Marine Ecosystem Responses to Climate Change.*—Within the funds provided for Climate Competitive Research, OAR is encouraged to fund improvements to ocean modeling systems and to build a high-resolution regional ocean modeling and prediction system that can inform climate-ready resource management.

*Tornado Research.*—The agreement provides no less than \$11,000,000 for VORTEX–USA, including no less than \$10,500,000 for VORTEX–SE, an increase of \$3,500,000 above the fiscal year 2022 enacted level.

*Advanced Quantitative Precipitation Information (AQPI) System.*—The agreement provides \$900,000 within the U.S. Weather Research Program for a regional radar array demonstration project to enable better forecasting of extreme West Coast precipitation events, like atmospheric rivers.

*Light Detection and Ranging (LiDAR) Technology.*—NOAA is encouraged to develop, demonstrate, and commercialize advanced, compact LiDAR systems uniquely tailored to near-surface marine and atmospheric profiling from Uncrewed Aircraft Systems (UAS) and mobile ground-based platforms.

*Coastal Aquatic Invasive Species Mitigation Grant Program.*—The agreement modifies House language regarding the “Coastal Aquatic Invasive Species Mitigation Grant Program,” to encourage NOAA to establish the program within available funds.

*Coastal Resilience.*—House language under the heading “Sea Grant Coastal Resilience Pilot Project” is modified as follows. Within funding provided for the Sea Grant program, NOAA is encouraged to increase coastal resilience activities across all State pro-

grams. This may include recruitment of resilience-focused staff and enhancing research, engagement, decision support, and project implementation. NOAA is encouraged to prioritize work to enhance the coastal resilience of remote communities most at-risk for natural disasters and chronic events, with a priority given to challenges faced by Tribal, indigenous, or economically disadvantaged communities.

*American Lobster Research.*—Within funding for the Sea Grant program, the agreement provides \$2,000,000 for partnerships among State agencies, academia, and industry to address American lobster applied research priorities in the Gulf of Maine, Georges Bank, and southern New England. Research should focus on informing management actions and explore ecosystem changes that may influence the response of the lobster resource and fishery, particularly in response to recent NARW protection measures or potential fishery response to measures under consideration for inclusion in the Atlantic Large Whale Take Reduction Plan.

*Young Fishermen's Development Act.*—Within funding for the Sea Grant program, the agreement provides up to \$1,000,000 for training, education, outreach, and technical assistance for young fishermen as authorized under the Young Fishermen's Development Act (Public Law 116–289).

*Contaminants of Emerging Concern.*—The agreement provides \$1,000,000 within the Sea Grant program to partner with State agencies and academic institutions to research and monitor contaminants of emerging concern that may cause ecological or human health impacts, including PFAS, in coastal and estuarine waters.

*Ocean Exploration.*—The agreement provides \$46,000,000 for Ocean Exploration and Research, an increase of \$2,590,000 above the fiscal year 2022 enacted level. Within the funding provided, OAR is directed to accelerate efforts to map and characterize the oceans, including by maximizing the amount of funding provided for the Ocean Exploration CI and supporting competitive awards for deep ocean research combining seismic and acoustic methods. NOAA is also encouraged to work with the Department of Education and other relevant agencies to continue fundamental ocean exploration in which open source data are collected for the oceanographic community and private industries in real-time through telepresence technology.

*Integrated Ocean Acidification.*—Within funding provided for the Integrated Ocean Acidification program, NOAA shall continue working with State, local, territorial, and Tribal governments on ocean and coastal acidification research that is used to complete the vulnerability assessments mandated by the Federal Ocean Acidification Research and Monitoring Act (Public Law 111–11).

*National Oceanographic Partnership Program (NOPP).*—Within the funds provided for NOPP, NOAA is encouraged to work with other appropriate Federal agencies and industry partners to develop, test, and evaluate ocean-based carbon dioxide removal technologies.

*Ocean Noise.*—NOAA is encouraged to work through NOPP to expand the deployment of Federal and non-Federal observing and data management systems capable of collecting measurements of underwater sound in high-priority ocean and coastal locations, and

to develop and apply standardized forms of measurements to assess sounds.

*National Weather Service (NWS).*—\$1,247,393,000 is for NWS Operations, Research, and Facilities.

*NWS Staffing.*—The agreement provides an increase of \$11,750,000 above the fiscal year 2022 enacted level to address staffing requirements at NWS, including \$10,500,000 in Analyze, Forecast, and Support (AFS) for staffing at weather forecast offices to enhance NWS impact-based decision support services (IDSS), to increase the number of trained and qualified Incident Meteorologists (IMETs) for wildfires and other extreme events, and to accelerate hiring at the National Centers for Environmental Prediction (NCEP). The remaining \$1,250,000 is for NCEP hiring, with \$750,000 in Central Processing and \$500,000 in Science and Technology Integration (STI). Within all of these increases, NWS is encouraged to provide IDSS support for products generated by other line offices, as appropriate, such as harmful algal bloom forecasts. For fiscal year 2023, NWS shall follow prior year direction regarding “NWS Staffing in Alaska” adopted in Public Law 117–103.

*Observations.*—The agreement provides an increase of \$500,000 above the fiscal year 2022 enacted level for the Aircraft Based Observation Program and directs NWS to coordinate with and leverage existing capabilities of the National Mesonet Program (NMP) to increase the use and deployment of commercial aviation-based atmospheric data, with an emphasis on water vapor data for numerical weather prediction improvement.

*National Mesonet Program.*—The agreement provides no less than \$24,700,000, an increase of \$2,000,000 above the fiscal year 2022 enacted level, for the continuation and expansion of the NMP. Investments in the NMP going forward are encouraged to sustain coverage of data types and areas now included within the NMP, expand in situ and remote sensing capabilities to provide weather measurements in high-risk areas, such as vulnerable communities, and enhance coverage by the NMP in non-contiguous States and Territories and other data sparse areas. Prior to acquisition of such data, NOAA shall assess the potential contribution of the data to improve forecast model skill. Of the funds provided, up to \$900,000 may be used for Meteorological Assimilation Data Ingest System activities, and up to \$600,000 may be used for costs associated with the National Mesonet Program Office. In addition to the funding provided for operational expenses, NOAA is encouraged to use authorities such as the Intergovernmental Personnel Act (42 U.S.C.

4701, et seq.) in order to ensure adequate staff support for this program.

In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$3,350,000 to expand State mesonet programs.

*Automated Surface Observing System (ASOS).*—NWS is directed to ensure that rural and remote communities who disproportionately rely on ASOS operability for continued reliable air service are provided with additional resources, such as trained human observers, to continue observing capabilities in the event of an ASOS outage.

*Space Weather.*—Provides \$1,750,000 for Space Weather Research to Operations, including the development of a space weather testbed, as part of NOAA's implementation of the Promoting Research and Observations of Space Weather to Improve the Forecasting of Tomorrow (PROSWIFT) Act (Public Law 116–181). Of this amount, \$500,000 is within Central Processing and \$1,250,000 is within STI.

*National Data Buoy Center (NDBC).*—The agreement adopts direction included in Public Law 117–103 regarding the NDBC, including the requirement to provide details in NOAA's fiscal year 2023 spend plan. The agreement provides the requested amount to maintain and service the Deep-ocean Assessment and Reporting of Tsunamis (DART) Array, which provides tsunami prediction capacity. NWS is directed to ensure that as a result of the investment in the Infrastructure Investment and Jobs Act (Public Law 117–58), all DART buoys in Alaska, especially those in Prince William Sound and southeast Alaska, are deployed and fully operational.

*Tsunami Warning Program.*—The agreement provides an increase of no less than \$500,000 above the fiscal year 2022 enacted level for the Tsunami Warning Program to increase staffing and modernize technology. Within 180 days of the date of enactment of this act, NOAA shall provide a plan and cost estimates to the Committees to improve operational capacity at its tsunami warning centers, including, at a minimum: upgrades to ensure the compatibility of all computer systems used by both centers, upgrades to ensure the reliability and compatibility of both centers' dissemination infrastructure, and plans for continuity of operations in the event that one of the centers goes offline.

*Environmental Processes in the Arctic.*—Within funding provided for AFS, NWS is encouraged to develop capacity for seasonal to multiannual timescale predictions of environmental processes in the Arctic.

*Dissemination.*—The agreement provides an increase of \$6,000,000 above the fiscal year 2022 enacted level to optimize and upgrade the integrated dissemination program.

*Weather Alerts.*—House direction regarding "Weather Alerts" is adopted.

*Office of Water Prediction (OWP).*—The agreement provides no less than \$38,500,000 for OWP, which receives funding across multiple NWS budget lines, including a \$2,000,000 increase above the enacted level within Dissemination. Direction carried in previous fiscal years for NWS to continue to expedite hiring within the National Water Center (NWC) Water Prediction Operations Division

is maintained. NWS is encouraged to initiate Flood Inundation Mapping operations through the NWC.

*Hydrology and Water Resource Programs.*—The agreement provides \$28,250,000 for NOAA to support CIROH, which is \$8,250,000 above the fiscal year 2022 enacted level. This amount includes \$24,250,000 from within STI, \$1,000,000 from within NOS Coastal Science Assessment, Response and Restoration, and \$3,000,000 from within OAR Competitive Climate Research to support the broader Water in the West Initiative. NOAA is encouraged to leverage the CI expertise to help NOAA assess the most operationally relevant research.

*Hurricane Forecast Improvement Project.*—NOAA is directed to continue the Hurricane Forecast Improvement Program authorized by section 104 of the Weather Research and Forecasting Innovation Act of 2017 (Public Law 115–25). No later than 60 days after enactment of this act, NWS shall brief the Committees on the status of the program, including a plan and timeline for completion of any outstanding items.

*Consumer Option for an Alternative System To Allocate Losses (COASTAL) Act Implementation.*—The agreement provides no less than the fiscal year 2022 enacted level for the development and implementation of the COASTAL Act (division F, title II of Public Law 112–141). NOAA is directed to continue to leverage existing Federal assets, expertise, and partnerships in carrying out COASTAL Act activities.

*National Environmental Satellite, Data and Information Service (NESDIS).*—\$375,537,000 is for NESDIS Operations, Research, and Facilities.

The agreement accepts the \$56,090,000 in technical transfers to the Office of Satellite and Product Operations; Product Development, Readiness and Application; and the National Centers for Environmental Information (NCEI) proposed in the administration’s budget request to move operations funded within Polar Weather Satellites and Low Earth Orbit from Procurement, Acquisition and Construction to ORF.

*Office of Satellite and Product Operations.*—The agreement provides \$1,500,000 above the fiscal year 2022 enacted level for Satellite and Product Operations Deferred and Extended Maintenance,

including for upgrades to ground systems and antenna systems at facilities such as those in Virginia, West Virginia, and Alaska, as requested.

*National Centers for Environmental Information.*—The agreement provides no less than \$10,000,000 for Regional Climate Services, including no less than \$6,100,000 for Regional Climate Centers. The agreement provides \$5,500,000 for the Coastal Data Development program, which shall be considered as the central repository to manage data collections from NOAA uncrewed systems as authorized by the Commercial Engagement Through Ocean Technology (CENOTE) Act (Public Law 115–394). NCEI is encouraged to begin to develop a Data Assembly Hub for uncrewed systems, in coordination with the related project supported through a NOAA Community Project Funding/NOAA Special Project.

*Tribal Liaison.*—The agreement provides \$500,000 in Executive Leadership for NOAA to increase staffing to strengthen communications and outreach to Tribal governments, Alaska Natives, and Native Hawaiians.

*Mission Support Services.*—The agreement supports the following requests and encourages their implementation within available funds: Acquisition and Grants Office, Facility Program Capacity, Budget Position Management System, Finance Transaction Processing, Spectrum, NOAA Open Data Dissemination, and NOAA Cloud Program. NOAA shall identify amounts for each of these initiatives as part of the agency’s fiscal year 2023 spending plan. The agreement further provides not less than \$1,500,000 to accelerate NOAA’s Diversity and Inclusion Plan, to expand NOAA’s recruiting program, and for equity assessment and implementation support in compliance with Executive Order 13985.

NOAA is directed to immediately provide the Committees with the business case analysis for a new center of excellence, as re-

quired in the joint explanatory statement accompanying Public Law 117–103 under the heading “Facilities Maintenance.”

*Sexual Assault and Sexual Harassment.*—NOAA is directed to continue implementing NOAA Administrative Order (NAO) 202–1106 on sexual assault and sexual harassment prevention and is provided an increase of \$1,000,000 above the fiscal year 2022 enacted level for these purposes. NOAA shall continue to provide the Committees with a copy of the report required under section 12.02 of NAO 202–1106.

*Office of Space Commerce (OSC).*—The agreement approves the requested transfer of OSC to Mission Support and provides \$70,000,000, an increase of \$54,000,000 above the fiscal year 2022 enacted level. NOAA shall provide a detailed spending plan for the funds provided to OSC and shall immediately submit the five-year strategic plan for OSC requested in the joint explanatory statement accompanying Public Law 117–103.

*Cooperative Science Center for Ocean Education.*—NOAA is encouraged to request funding for a cooperative science center for ocean exploration in its fiscal year 2024 budget request.

*Providing Opportunities within the Ocean Sciences.*—NOAA is encouraged to partner with an established consortium of higher education, industry, and non-profit organizations to offer access to a research vessel and to associated programming dedicated to increasing opportunities for underrepresented groups within the ocean sciences.

*National Ocean Sciences Bowl (NOSB).*—NOAA is directed to meet its obligations to fully fund the NOSB in fiscal year 2023, in partnership with other agencies and non-Federal entities.

*Office of Marine and Aviation Operations (OMAO).*—\$328,677,000 is for OMAO Operations, Research, and Facilities.

*Office of Health Services.*—The agreement provides up to the requested level to support the work of the Office of Health Services.

*Marine Operations and Maintenance.*—The agreement provides an increase of \$30,000,000 above the fiscal year 2022 enacted level to enhance NOAA’s Fleet operations and support additional days at sea. OMAO is directed to continue to implement the progressive maintenance program developed over the last few years.

*Charter Vessels.*—NOAA is encouraged to enter into charter agreements for the services of not less than two private sector vessels to supplement its charting and survey efforts to address the growing backlog of unfulfilled missions, particularly those in Arctic waters.

*Monitoring of Atmospheric Rivers.*—The agreement provides up to \$2,500,000 within Aviation Operations and Aircraft Services to observe and predict atmospheric rivers.

*Autonomous and Uncrewed Technology Operations (AUTO).*—The agreement provides an increase of \$7,500,000 above the fiscal year 2022 enacted level for AUTO and notes that OMAO has successfully leveraged commercially available uncrewed maritime systems (UMS) to collect data in support of NOAA's core mission areas, demonstrating the utility and cost-effectiveness of purchasing ocean data. Within the funds provided, no less than the fiscal year 2022 enacted level shall be used to support extramural partnerships with universities and oceanographic institutions for UMS research, development, testing, and training, including research to improve precise marine navigation and coastal resilience through improvements to uncrewed platforms. NOAA shall use the increased funding for agency-wide data acquisition from UMS in support of relevant research and operational missions including hurricane intensity forecasting, fishery surveys, ocean exploration, and hydrographic surveys.

*NOAA Commissioned Officer Corps.*—The agreement provides an increase of \$8,500,000 above the fiscal year 2022 enacted level to increase the size of the NOAA Corps to help meet the increased demands on aviation operations and prepare for the addition of new vessels in the NOAA Fleet.

*Aviation Accession Training.*—The agreement provides up to \$2,000,000 within NOAA Commissioned Officer Corps to support OMAO's aviation accession training program, as authorized in section 105 of Public Law 116–259.

*NOAA Community Project Funding/NOAA Special Projects.*—NOAA is directed to provide the amounts listed in the table below of NOAA Community Project Funding/NOAA Special Projects consistent with NOAA's existing authorities, jurisdictions, and procedures, as appropriate. NOAA shall perform the same level of oversight and due diligence regarding these projects as with any other external partners.

## PROCUREMENT, ACQUISITION AND CONSTRUCTION

The agreement includes a total program level of \$1,775,468,000 in direct obligations for NOAA Procurement, Acquisition and Construction (PAC), of which \$1,762,468,000 is appropriated from the general fund, including \$108,838,000 provided in division N, and \$13,000,000 is derived from recoveries of prior year obligations. The following narrative and table identify the specific activities and funding levels included in this act.

**Judgment Fund Repayment.**—The agreement does not provide funding for NOAA to make payments to the Department of the Treasury Judgment Fund.

**Research Supercomputing.**—Within the funding for Research Supercomputing/CCRI, \$15,000,000 is provided to continue to de-

velop a dedicated high performance computing facility consistent with prior year direction adopted in Public Law 117–103.

*Maximizing Value of Environmental Observations.*—The agreement notes concern that too little value is being extracted from the plethora of environmental observations collected and/or purchased by NOAA to inform weather, climate, and ecosystem models that then generate forecasts and predictions. Therefore, within the increase provided for Research Supercomputing/CCRI, no less than \$5,000,000 is to develop artificial intelligence systems and optimization of software to support preprocessing of dense observation datasets so extraction of the most useful information will be included in data assimilation for model initialization.

*Research Acquisitions and Management.*—The agreement provides \$30,000,000 for a demonstration system for a dual polarization Phased Array Radar (PAR) to assess advanced techniques to meet NOAA’s future weather radar requirements and replace the current NEXRAD system starting in the 2030s. The agreement also encourages NOAA to engage with the weather industry to develop a charge for the SAB to study options for procuring or leasing assets as well as acquiring commercial data to help satisfy NOAA’s next generation radar needs.

*Observations.*—The agreement provides the requested amount for the ASOS Service Life Extension Program.

*Integrated Water Prediction (IWP).*—The agreement provides no less than the fiscal year 2022 enacted level for Central Processing under NWS PAC, which includes not less than \$5,739,000 to procure operational high performance computing resources to enable modeling improvements associated with the IWP initiative, consistent with direction adopted in Public Law 117–103.

*NWS Facilities.*—Within 270 days of enactment of this act, NOAA is directed to provide the Committees with an updated NWS Facilities Strategic Plan, including an ordered list of the highest priority facilities and associated upgrade or lease improvement costs.

*NESDIS Budget Reorganization.*—The agreement approves the technical transfers from Projects, Planning, and Analysis to Space Weather Next and Common Ground Services. In addition, as satellites are launched and move from the construction phase into operations, NOAA is encouraged to continue to propose technical transfers of funding from PAC to ORF as part of subsequent budget requests.

*Geostationary Extended Observations (GeoXO).*—The agreement provides \$285,000,000 for GeoXO, which is the amount required to maintain the current program schedule in fiscal year 2023, including to complete Phase A formulation studies, to complete the Department of Commerce Acquisition Milestone 2, and to award the imager development contract. NOAA is encouraged to partner with NASA on the Geostationary Littoral Imaging and Monitoring Radiometer (GLIMR) mission to de-risk the ocean color instrument, as appropriate, for the GeoXO program. Before initiating procurement activities for other instruments and the spacecraft, NOAA shall provide the Committees with the report about the user needs and requirements and estimated lifecycle costs of the next generation of NOAA flagship weather satellites requested in the joint explana-

tory statement accompanying Public Law 117–103. The requested report shall include how the proposed suite of GeoXO instruments will improve NOAA’s weather mission.

*Systems/Services Architecture and Engineering.*—The agreement provides an increase of \$10,000,000 above the fiscal year 2022 enacted level for the Commercial Data Purchase and Commercial Weather Data Pilot programs, which is to be divided between the two programs as deemed appropriate. Within these funds and consistent with direction from the Promoting Research and Observations of Space Weather to Improve the Forecasting of Tomorrow (PROSWIFT) Act (Public Law 116–181), the agreement provides up to \$5,000,000 for a Commercial Space Weather Data Pilot.

The agreement notes that NOAA’s current schedule of conducting commercial weather data solicitations every 2 years may have the unintended consequence of limiting new partnerships with the quickly evolving commercial sector. NOAA shall ensure that funds provided for commercial data purchases are used in a manner that maximizes competition by conducting solicitations for new qualified commercial data market entrants on an annual or more frequent basis.

*NOAA Construction.*—The agreement provides \$90,000,000 for NOAA’s highest priority facilities construction, repair, and deferred maintenance requirements, which is an increase of \$31,000,000 above the fiscal year 2022 enacted level. NOAA shall immediately inform the Committees if there are any significant schedule delays or project cost increases. Further, 30 days before obligating any funds, NOAA shall submit a report detailing how the funds will be expended and an explanation of why these projects were prioritized.

The agreement reiterates direction adopted by Public Law 117–103 for NOAA to establish a five-year budget framework to address regional facility modernization planning and redevelopment of priority sites, particularly those in the Northwest, Northeast, and Southeast regions.

*Vessel Recapitalization and Construction.*—The agreement reaffirms its support for NOAA’s Fleet Recapitalization Plan by providing \$20,000,000 for Vessel Recapitalization and Construction above the requested level. The agreement expects that NOAA will execute a contract on two new Class B vessels in fiscal year 2023 and that NOAA’s new vessels will facilitate the reduction of gaps in mission coverage as current ships are decommissioned. The agreement notes that the current procurement plan for Class C vessels would result in a mission gap for fisheries surveys starting in 2027. Therefore, NOAA is encouraged to begin design and acquisition of the Class C vessels.

*Mission Requirement Costs.*—NOAA shall, in all future budget submissions to Congress, detail any unfunded mission requirement costs, particularly those that are necessary to maintain the optimal operational tempo of NOAA’s assets and posture of NOAA facilities.

#### PACIFIC COASTAL SALMON RECOVERY

The agreement includes \$65,000,000 for the Pacific Coastal Salmon Recovery Fund (PCSRF) and directs that funds will be available to Tribes without a matching requirement. NOAA is di-

rected to report on how its current priorities meet the intent of the PCSRF to support the recovery and protection of all declining salmon stocks.

#### FISHERIES DISASTER ASSISTANCE

The agreement accepts the proposal to provide a new annual appropriation for Fisheries Disaster Assistance and provides \$300,000, which is equal to the budget request.

#### FISHERMEN'S CONTINGENCY FUND

The agreement includes \$349,000 for the Fishermen's Contingency Fund.

#### FISHERIES FINANCE PROGRAM ACCOUNT

The agreement includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$100,000,000 for traditional direct loans. NOAA is encouraged to facilitate new vessel construction, vessel replacement, and upgrades within the Fisheries Finance Program using fuel-efficient technology to the greatest extent practicable.

#### DEPARTMENTAL MANAGEMENT

##### SALARIES AND EXPENSES

The agreement includes \$95,000,000 for Departmental Management (DM) salaries and expenses.

For fiscal year 2023, the Department is directed to follow prior year directives, adopted in Public Law 116–260, under the headings “Staffing Report,” “Salary Lapse,” “Department of Commerce Working Capital Fund,” and “Improving Trade Data Reporting.” Additionally, for fiscal year 2023 the Department is directed to follow prior year directives included in Senate Report 116–127 and adopted by Public Law 116–93, on “Working Capital Funds.”

*Enhancing Microelectronics Fabrication with Advanced Materials and Techniques.*—As the Department assesses and makes investments in advanced semiconductors and microelectronics using funds provided in regular and emergency appropriations bills, such assessments shall include the value of investing in researching advanced techniques and upgrading existing fabrication facilities to use advanced materials that can increase those facilities' capability to produce more effective microelectronics for existing and evolving demand.

*Wildfire Mitigation.*—The Department is directed to assess what measures and improvements can be taken to reduce the likelihood of wildfire impacts to Department facilities in Boulder, Colorado (NIST, NOAA, and NTIA facilities) and to the Department's other potentially at-risk facilities around the country. The Department is directed to report to the Committees on its wildfire mitigation assessment findings within 120 days of enactment of this act.

*Anomalous Health Incidents (AHI).*—The Department is directed to continue working with other Federal agencies to create AHI policies and procedures, including a system for handling requests for reimbursement. The agreement directs the AHI system be in place

by March 15, 2023. The Department is directed to submit quarterly reports to the Committees on the number of requests for assistance, the unobligated balances of the original funding provided, and any additional resource needs to properly respond to the Department's AHI claimants.

*Outbound Investment Initiative.*—The Department is encouraged, in coordination with the Department of the Treasury, to consider its role in the establishment of a program to address the national security threats emanating from outbound investments from the United States in certain sectors that are critical for U.S. national security. Not later than 60 days after enactment of this act, the Department shall submit a report describing its efforts and identifying the resources that would be required to establish and implement it.

#### RENOVATION AND MODERNIZATION

The agreement includes a total of \$1,142,000 for the Renovation and Modernization account.

#### NONRECURRING EXPENSES FUND

The agreement includes \$35,000,000 for the Department of Commerce Nonrecurring Expenses Fund to support cybersecurity risk mitigation efforts at the Department.

The Department is directed to provide an updated out-year budget profile for its cybersecurity initiatives as part of the fiscal year 2024 budget request.

#### OFFICE OF INSPECTOR GENERAL

The agreement includes a total of \$50,450,000 for the Office of Inspector General (OIG). This amount includes \$48,000,000 in direct appropriations and a \$2,450,000 transfer from USPTO.

The agreement directs the OIG to continue its oversight work on cybersecurity, NOAA satellite and vessel procurements, telework, patent quality, the decennial census, and the business application system modernization. The OIG is directed to follow the directives as described in Senate Report 116–127 and adopted by Public Law 116–93 under the heading “Working Capital Fund Audits.”

#### GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Commerce:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest.

Section 102 makes appropriations for Department of Commerce salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15

days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides congressional notification requirements for NOAA satellite programs and includes life cycle cost estimates for certain weather satellite programs.

Section 105 provides for reimbursement for services within Department of Commerce buildings.

Section 106 clarifies that grant recipients under the Department of Commerce may deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 107 provides the NOAA Administrator with the authority to avail NOAA of resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 108 prohibits the National Technical Information Service from charging for certain services.

Section 109 allows NOAA to be reimbursed by Federal and non-Federal entities for performing certain activities.

Section 110 provides the Economics and Statistics Administration certain authority to enter into cooperative agreements.

Section 111 removes the requirement for matching funds for amounts provided in this act through the Manufacturing Extension Partnership.

Section 112 allows the Secretary of Commerce to waive the cost sharing requirements for funds provided in this act under sections 306, 306A, and 315 of the Coastal Zone Management Act of 1972.

## TITLE II

### DEPARTMENT OF JUSTICE

#### GENERAL ADMINISTRATION

##### SALARIES AND EXPENSES

The agreement includes \$145,000,000 for General Administration, Salaries and Expenses.

For fiscal year 2023, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Trafficking in Persons,” “Domestic Trafficking Victims Fund Special Assessments,” “Human Trafficking Justice Coordinators,” “Enforcement of Federal Hate Crimes Law,” “Combating Domestic Terrorism,” “Human Rights Crimes,” “Wildlife Trafficking,” “Combating Violent Crime in Indian Country,” “Office of Legal Counsel (OLC) Opinions,” and “Voting Rights.” The Department shall submit updated reports consistent with the directives. House report language under “Voting Rights Enforcement” is not adopted.

*Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016.*—The agreement includes not less than \$15,000,000 for DOJ component agencies to implement the Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016, to include \$3,500,000 in grant funding.

*Strengthening Police-Community Relations.*—The agreement provides \$231,000,000 for State and Local Law Enforcement Assist-

ance and Community Oriented Policing Services (COPS) Office grant programs related to police-community relations. This is an increase of \$30,000,000, or 15 percent, above the fiscal year 2022 enacted level. The Department shall include as part of its fiscal year 2023 spending plan details on its use of these resources and provide the Committees quarterly updates thereafter.

*Responding to Opioids, Methamphetamine, Synthetic Drugs, and Substance Abuse in Our Communities.*—The agreement includes a total of \$608,500,000 in grant program funding, an increase of \$36,000,000 above the fiscal year 2022 enacted level, to help communities and State and local law enforcement respond to substance abuse, including opioids, stimulants, and synthetic drugs. The Drug Enforcement Administration (DEA) is funded at \$2,563,116,000, an increase of \$141,594,000 above the fiscal year 2022 enacted level, to strengthen drug trafficking investigations, including those related to heroin, fentanyl, and methamphetamines. The agreement supports the continuation of heroin enforcement teams, methamphetamine and fentanyl cleanup and container programs, and other interdiction and intervention efforts, including expansion of DEA's 360 Strategy and Operation Engage.

*McGirt v. Oklahoma.*—The agreement appropriately funds the U.S. Attorneys' offices, United States Marshals Service, DEA, and FBI workload increases resulting from the *McGirt v. Oklahoma* decision for fiscal year 2023. These resources will allow Federal, Tribal, State, and local stakeholders to further enable cooperation, collaboration, and sharing of pertinent information to protect all victims and bring all those who commit a crime to justice. DOJ is directed to report, within 90 days of the date of enactment of this act, on the breakdown of cases per attorney in Oklahoma, estimated caseloads for the fiscal year 2024, and how such numbers compare with other districts around the country. The report shall also include the number and type of cases indicted compared to all referrals received, from which jurisdictions the cases were referred, and the general reasons why cases were not accepted.

*Human Trafficking and Child Exploitation Interagency Coordination.*—The Department, in coordination with relevant Federal agency partners, shall establish an interagency working group to improve human trafficking and child exploitation case coordination, de-confliction, and survivor support, and submit a report not later than 45 days after the date of enactment of this act on its plans for such working group. DOJ shall submit a follow-up report on the performance of the Working Group not later than one year after the date of enactment of this act.

*Departmental Efforts to Combat Crimes Against Children.*—The Department is directed to immediately submit the long-awaited National Strategy for Child Exploitation Prevention and Interdiction pursuant to 34 U.S.C. 21111(b) and publish it on the Department website. The report, which is required to be submitted to Congress every two years, has not been submitted since April 2016 and the Department has been directed to submit this report since fiscal year 2020. In addition, the Department shall comply with directions in the joint explanatory statement accompanying Public Laws 116–260 and 117–103 and immediately submit a detailed staffing and funding report on the office of the National Coordi-

nator for Child Exploitation Prevention and Interdiction, including staffing, travel, and temporary duty travel expenses, as this information is long-overdue. The Department shall submit a crosscut budget presentation for Crimes against Children as part of its fiscal year 2024 budget submission and in subsequent budgets and continue following directives and reporting requirements in fiscal year 2023 as specified in the aforesaid joint explanatory statements.

*Policies on Investigating Crimes Against Children.*—The Department shall report not later than 60 days after the date of enactment of this act on steps to address recommendations made in Office of Inspector General OIG Report 21–093: “Investigation and Review of the Federal Bureau of Investigation’s Handling of Allegations of Sexual Abuse by Former USA Gymnastics Physician Lawrence Gerard Nassar”. The report shall describe FBI policy for sharing allegations of crimes against children with relevant FBI field offices as well as with State and local law enforcement, how such policy has been updated since the Nassar investigation, and how it is being disseminated and implemented within the FBI.

*Human Rights Enforcement Report.*—DOJ shall report to the Committees on Appropriations and the Judiciary of the House of Representatives and the Senate not later than 90 days after the date of enactment of this act on the investigations and prosecutions of human rights offenses and other offenses committed by serious human rights violators for fiscal years 2018–2022, efforts by the Criminal Division (CRM) and the Executive Office of the United States Attorneys (EOUSA) to increase such prosecutions, and any legal or organizational impediments to investigating and prosecuting human rights violations.

*Violence Against Indigenous Women.*—DOJ shall follow the directives in the joint explanatory statement accompanying Public Law 117–103 under the heading “Missing and Murdered Indigenous Women” and submit an updated review and communications plan, including details on the use of fiscal year 2023 Tribal set-aside funding that supports related programs and initiatives in Indian Country and Alaska Native Villages, with its fiscal year 2023 spending plan. In addition, DOJ shall report not later than 90 days after the date of enactment of this act on the status of implementing recommendations in Government Accountability Office report GAO–22–104045, entitled “Missing or Murdered Indigenous Women: New Efforts are Underway but Opportunities Exist to Improve the Federal Response.”

*Fix NICS Act Requirements.*—The Attorney General is directed to publish timely on its website the semi-annual reports mandated by the Fix NICS Act of 2017 (Public Law 115–141) on Federal, State, and Tribal compliance with that act.

*National Incident-Based Reporting System (NIBRS).*—The Department shall report not later than 60 days after the date of enactment of this act on factors contributing to delayed participation by law enforcement agencies in NIBRS, and on DOJ efforts to increase such participation.

*Department of Justice Recusal Policies.*—Not later than 180 days after the date of enactment of this act, the Department shall implement policies and procedures necessary to ensure that the recusal

of any officer or employee of any DOJ component from a matter is registered and recorded with the Designated Agency Ethics Official and the Departmental Ethics Office. In addition, not later than 270 days after the date of enactment of this act, the Department shall submit the initial report as specified in the directives under this heading in the Joint Explanatory Statement accompanying Public Law 117–103.

*Financial Fraud.*—The Attorney General shall continue to prioritize DOJ resources to ensure reports of financial fraud, to include scams against senior citizens, are thoroughly investigated to support the goal of bringing perpetrators of such crimes to justice.

*Death in Custody Act (DCRA) Reporting.*—The Attorney General shall report not later than 90 days after the date of enactment of this act on DCRA implementation plans, the quality of DCRA data collected to date, how DOJ could improve the quality and transparency of future data, including implementation of its proposed 2016 collection plan, and a timeline for publishing the required DCRA report.

*Money Laundering Investigations.*—The Attorney General shall establish and convene, not later than 60 days after the date of enactment of this act, an interagency working group to identify the number and status of investigations with a money laundering nexus that involves either foreign official corruption or drug trafficking, including the value of money or assets seized in fiscal year 2023, and shall submit a report with the findings of the working group, disaggregated by date and lead Federal agency, to the Committees on Appropriations and the Judiciary of the House of Representatives and the Senate not later than one year after the date of enactment of this act.

*Election Threats Task Force.*—To build on the work of the newly established Election Threats Task Force and improve outreach to election workers and organizations that represent them, the Department shall make available on the DOJ website all policies and procedures related to submitting threat reports for election workers, administrators, officials, and others associated with the electoral process. This shall include information about what to expect after such a report is filed, and the rights and protections offered to election workers, administrators, officials, and volunteers under current law.

*Timely Responses to Committee Inquiries and Meeting Report Deadlines.*—The Department is firmly reminded to submit all reports and studies described in report or explanatory statement language by the specified due date with all required information. In addition, any requests for information from the Chairs, Vice Chair, Ranking Members, or Committee staff to the Attorney General and any Department component should be treated as a priority and responded to courteously and expeditiously. The Department shall submit immediately and fully any reports outstanding from fiscal year 2022.

*Analysis of Digital Evidence.*—DOJ shall brief the Committees not later than 90 days after the date of the enactment of this act on the use and management of evidence from digital devices used in criminal investigations. The briefing should address processing backlogs, training requirements for the use of digital evidence,

technical and legal impediments to secure transmission and sharing with law enforcement and governmental partners, methods for secure and centralized storage, reliance on removable media, and resource challenges or gaps.

*Reporting on Whistleblower Protections.*—DOJ shall follow the directives in the joint explanatory statement accompanying Public Law 117–103 under the heading “Whistleblower Protections.” In addition, the Attorney General is directed to submit a report to the Committees on Appropriations and the Judiciary, within 90 days of the date of enactment of this act, assessing the Department’s compliance with 42 U.S.C. 4712 and section 3.908–9 of the Federal Acquisition Regulation and describing the implementation status, including all actions taken in response to, recommendations by the Government Accountability Office and the DOJ Office of Inspector General related to whistleblower protections for employees of contractors and grantees.

*Crime Victims Fund.*—The health of the Crime Victims Fund (CVF) remains a concern, and DOJ is directed to continue to advise litigating components of the availability of the CVF as a repository for fines, fees, and other penalties.

House report language under the heading “Ammunition Background Checks” is not adopted.

#### JUSTICE INFORMATION SHARING TECHNOLOGY

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$138,000,000 for Justice Information Sharing Technology. The agreement provides resources required for immediate DOJ cybersecurity response needs and to modernize the Justice Security Operations Center and supports efforts to strengthen DOJ cybersecurity and supply chain workforce development.

#### EXECUTIVE OFFICE FOR IMMIGRATION REVIEW

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$860,000,000 for the Executive Office for Immigration Review (EOIR), of which \$4,000,000 is a transfer from the U.S. Citizenship and Immigration Services Immigration Examinations Fee Account.

The agreement supports, within the funds provided, investments in information technology including efforts to improve EOIR’s technology systems, such as ongoing development of its electronic case management system (ECAS), the digitization of older paper records, and the Virtual Court Initiative. EOIR is directed to keep the Committees apprised of these efforts in its quarterly reports.

For fiscal year 2023, EOIR is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Immigration Adjudication Performance and Reducing Case Backlog,” “Information Technology (IT) Modernization,” and “Video Teleconferencing (VTC).” Additionally, for fiscal year 2023, EOIR is directed to follow the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Immigration Judge Hiring,” “Immigra-

tion Judge Training,” “Disposition of EOIR Adjudications,” and “Online Address Change System.” EOIR shall submit updated reports consistent with the directives.

*Legal Orientation Program (LOP).*—The agreement includes \$29,000,000 for services provided by the LOP and expects no less than the fiscal year 2022 enacted level will be provided for the Immigration Court Helpdesk (ICH) program. For fiscal year 2023, the agreement adopts the relevant directives in the joint explanatory statement accompanying Public Law 117–103 under the heading “Legal Orientation Program (LOP).”

#### OFFICE OF INSPECTOR GENERAL

The agreement includes \$139,000,000 for the Office of Inspector General (OIG) and includes \$4,000,000 for OIG to establish an interdisciplinary team dedicated to the oversight of the Bureau of Prisons (BOP).

#### UNITED STATES PAROLE COMMISSION

##### SALARIES AND EXPENSES

The agreement includes \$14,591,000 for the salaries and expenses of the United States Parole Commission.

##### LEGAL ACTIVITIES

##### SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$1,138,000,000 for General Legal Activities. Within the funding provided, up to \$10,000,000 shall be for the Civil Rights Division for additional expenses relating to the enforcement of 34 U.S.C. 12601, criminal enforcement under 18 U.S.C. 241–242, and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered under such sections.

The agreement includes additional resources for the Civil Rights Division to carry out its critical missions to reinforce democratic institutions, such as the right to vote; enforce human trafficking laws, fair housing, and fair lending laws; address hate and bias crime; respond to police misconduct; and protect the rights of institutionalized and disabled persons.

The agreement supports Criminal and Civil Division investigation and prosecution of COVID–19 fraud, and Criminal Division efforts to combat child exploitation and white-collar crime. The agreement also supports Civil Division prescription opioid and data privacy litigation and Global Magnitsky Act prosecutions, and includes resources required to implement the Sergeant First Class Heath Robinson Honoring Our PACT Act of 2022. The agreement also supports increases for the Environmental and Natural Resources Division and its Office of Environmental Justice, the Office of Pardon Attorney, the Office for Access to Justice, and the Tax Division.

*INTERPOL.*—The agreement supports INTERPOL Washington operations at no less than the fiscal year 2022 levels. The Depart-

ment is encouraged to request a reprogramming of funding if necessary to complete INTERPOL Washington information technology modernization. DOJ is also expected to support secondments of DOJ law enforcement, legal, and other analytical personnel to the INTERPOL General Secretariat.

*Human Trafficking Prosecution Unit (HTPU).*—HTPU shall report no later than 120 days after the date of enactment of this act, for fiscal years 2020–2022, on the number of human trafficking cases it prosecuted or assisted prosecuting, disaggregated by type of trafficking, and the number of Assistant U.S. Attorneys (AUSAs) trained on human trafficking prosecution and on victim restitution.

*Civil Rights Violations in State and Local Prisons and Jails.*—The Civil Rights Division (CRT) is directed to increase efforts to investigate and address violations of the Civil Rights of Institutionalized Persons Act (Public Law 96–247) in State and local prisons and jails.

*Prosecutions Relating to Title 8 United States Code.*—The Department shall report within 120 days of the date of enactment of this act to the Committees on Appropriations and the Judiciary of the House of Representatives and the Senate on the number of investigations and prosecutions carried out in fiscal year 2022 under sections 1325 and 1326 of title 8, United States Code, and the estimated resources dedicated to these investigations and prosecutions.

#### VACCINE INJURY COMPENSATION TRUST FUND

The agreement includes a reimbursement of \$31,738,000 for DOJ expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660).

#### SALARIES AND EXPENSES, ANTITRUST DIVISION

The agreement includes \$225,000,000 for the Antitrust Division (ATR). This appropriation is offset by an estimated \$190,000,000 in pre-merger filing fee collections, resulting in a direct appropriation of \$35,000,000.

#### SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

The agreement includes \$2,632,000,000 for the Executive Office for United States Attorneys (EOUSA) and the 94 United States Attorneys' offices, of which \$40,000,000 shall remain available until expended. Within the funding provided, up to \$10,000,000 shall be for additional expenses relating to the enforcement of 34 U.S.C. 12601, criminal enforcement under 18 U.S.C. 241–242, and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered into under such sections. The agreement provides increases for heightened prosecution workload arising from the U.S. Capitol attack and domestic terrorism cases; COVID–19 fraud cases, civil rights, and white-collar crime investigations; the *McGirt v. Oklahoma* case increase; and to support EOUSA cyber and eLitigation initiatives. In addition, the agreement provides no less than the fiscal year 2022 level for continued civil rights enforcement that will advance both criminal and civil litigation, including the prosecution of sex and labor trafficking.

*Trafficking Victims*—EOUSA, in consultation with United States Attorneys, shall comply with requirements under the Trafficking Victims Protection Act to provide support, training, and technical assistance to each Assistant United States Attorney designated as lead human trafficking prosecutor. In addition, EOUSA, in consultation with the Department of Homeland Security, is encouraged to develop a process to enable survivors with T visas to obtain an expedited letter of support from the DOJ when their criminal case is closed, and shall report not later than 90 days after the date of enactment of this act on steps it has taken to ensure that the Department of Justice can process requests for letters of support to T visa survivors in under three months.

#### UNITED STATES TRUSTEE SYSTEM FUND

The agreement includes \$255,000,000 for the United States Trustee Program.

*Availability of Refunds Due to Depositors*.—The reference to the phrase “refunds due to depositors” in the appropriation for the United States Trustee System Fund is intended to apply to programmatic refunds payable in the ordinary course. These would include refunds that come due under the ordinary operation of the fee statute as enacted by Congress and administered by the United States Trustee Program, such as refunds due to adjustments between a debtor’s estimated and actual quarterly expenditures. The phrase is not intended to apply to final judgments, awards, compromise settlements, and any interest and costs specified in the judgments or interest and costs otherwise authorized by law.

#### SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

The agreement includes \$2,504,000 for the Foreign Claims Settlement Commission.

#### FEES AND EXPENSES OF WITNESSES

The agreement includes \$270,000,000 for Fees and Expenses of Witnesses.

The Department is expected not to obligate funds for expert witness services, including the payment of fees and expenses of expert witnesses, from any other DOJ accounts other than Fees and Expenses of Witnesses.

#### SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$25,024,000 for the Community Relations Service.

#### ASSETS FORFEITURE FUND

The agreement includes \$20,514,000 for the Assets Forfeiture Fund.

## UNITED STATES MARSHALS SERVICE

## SALARIES AND EXPENSES

The agreement includes \$1,705,000,000 for the salaries and expenses of the United States Marshals Service (USMS). Within the funding provided, the agreement includes increases to enhance judicial security, equip Deputy USMs and task force partners with body-worn cameras, meet obligations pursuant to the *McGirt* decision, and enhance USMS capacity to carry out its missions for fugitive apprehension, missing child and sex offender investigations, and to address challenges posed by domestic terrorism and violent crime. For fiscal year 2023, USMS is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 for “International Operations.”

The USMS shall report monthly to the Committees on the cost of security provided for the Federal judiciary, to include details, threat assessments and intelligence, and related operational or equipment support, and breaking out costs associated with protection of Supreme Court Justices. The USMS is expected to advise the Committees of anticipated resource needs to provide security, to include possibly through reprogramming or transfers.

DOJ shall continue to provide quarterly reports on USMS’ use of Assets Forfeiture Fund (AFF) funding, as directed in Senate Report 116–127 and adopted by Public Law 116–93.

*Regional Fugitive Task Forces (RFTF).*—The USMS is directed to follow the directive in the joint explanatory statement accompanying Public Law 117–103 for USMS to submit an updated report on the expansion of the RFTF program. In contemplating the establishment of new RFTFs, the USMS is directed to give consideration to regions of the United States that are not currently served by an RFTF, including the Midwest and New England.

## CONSTRUCTION

The agreement includes \$18,000,000 for construction and related expenses in space controlled, occupied, or utilized by the USMS for prisoner holding and related support.

## FEDERAL PRISONER DETENTION

The agreement includes \$2,129,789,000 for Federal Prisoner Detention (FPD).

## NATIONAL SECURITY DIVISION

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$133,512,000 for the salaries and expenses of the National Security Division.

## INTERAGENCY LAW ENFORCEMENT

## INTERAGENCY CRIME AND DRUG ENFORCEMENT

The agreement includes \$550,458,000 for the Organized Crime and Drug Enforcement Task Forces (OCDETF), of which \$386,513,000 is for investigations and \$163,945,000 is for prosecutions.

## FEDERAL BUREAU OF INVESTIGATION

## SALARIES AND EXPENSES

The agreement includes \$10,676,000,000 for the salaries and expenses of the FBI, including \$1,959,824,000 for Intelligence, \$4,328,648,000 for Counterterrorism and Counterintelligence, \$3,740,492,000 for Criminal Enterprises and Federal Crimes, and \$647,036,000 for Criminal Justice Services. The agreement includes additional resources for counterterrorism, including to counter domestic terrorism; address cyberthreats, cybersecurity, and technology needs; and civil rights, violent crime and corruption investigations. The agreement also includes not less than \$125,000,000 for the National Instant Criminal Background Check System (NICS), in addition to \$100,000,000 that was funded through the Bipartisan Safer Communities Act.

Within the funding provided, up to \$5,000,000 shall be for additional expenses relating to the enforcement of 34 U.S.C. 12601, criminal enforcement under 18 U.S.C. 241–242, and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered into under such sections.

For fiscal year 2023, the FBI is directed to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Human Rights Violations,” “Agent Retention,” “Cyber Information Sharing,” “Counter-Improvised Explosive Device (IED) Research,” and “FBI Police.” The FBI shall submit updated reports consistent with the directives.

*OIG Audits on NICS Protocols and Procedures.*—The FBI shall submit a report on NICS protocols and procedures not later than 90 days after the date of enactment of this act. This report shall provide detailed explanations of how the FBI is addressing each of the recommendations described in both the OIG’s September 2016 “Audit of the Handling of Firearms Purchase Denials Through the National Instant Criminal Background Check System” (Report 16–32) and the July 2021 “Audit of Selected Aspects of the Federal Bureau of Investigation’s National Instant Criminal Background Check System” (Report 21–095). If the FBI is not implementing a specific recommendation from these audits, the Bureau shall explain whether it intends to implement the specific recommendations and if not, why not. The report shall also describe any changes to the Standard Operating Procedures the FBI has made since 2015 to better process NICS inquiries in the three-day period. All unclassified data shall be publicly reported by the FBI.

*National Bioforensic Analysis Center (NBFAC).*—Within the funding provided, the FBI is supported at \$21,840,000 for its role at the NBFAC.

*Computational Technology and Capacity.*—The agreement supports efforts by the Operational Technology Division and the Science and Technology Branch, including through partnerships with industry and academia, to develop and procure infrastructure, technology, and associated manpower to strengthen the FBI's scientific computing initiatives.

*Hate Crimes Reporting.*—The FBI is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 on “Hate Crimes Reporting.” In addition, the report shall include an assessment of whether jurisdictions reporting zero hate crimes are accurate in their reporting and factors leading to inaccurate reporting.

*Submission of Hate Crimes Data.*—The agreement urges the FBI to conduct outreach and provide technical assistance to law enforcement agencies that have not consistently reported hate crimes data, with particular attention to small and rural agencies with the fewest resources for administrative management and data analysis. In addition, the agreement continues to urge State, local, and Tribal law enforcement agencies to include the cost of participation in the FBI's Hate Crime Statistics Act program for the purposes of calculating extraordinary expenses associated with the investigation and prosecution of hate crimes under the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act (HCPA), Public Law 111–84.

*Background Checks for New Federal Government Senior Appointees.*—The FBI shall report not later than 120 days after the date of enactment of this act with estimates of investigative staff, staff support and other resources and authorities required for the Bureau to complete the average number of required background investigations for senior appointees, including those subject to Senate confirmation, (1) during the period between the presidential election and the presidential inauguration, and (2) in the first 100 days of a first-term presidential administration.

*Anomalous Health Incidents (AHI).*—The FBI is directed to continue working with other Federal agencies and DOJ leadership to create policies and procedures for the disbursement of payments to assist FBI personnel and family members that have experienced AHI, including a system for handling requests for reimbursement, and to have such a system in effect by March 1, 2023. The FBI shall submit quarterly reports on the number of requests for assistance, the unobligated balances of the original \$5,000,000 appropriated for this purpose, and any additional resource needed to assist FBI's AHI victims.

*Small, Medium, and Veteran-owned Businesses.*—The FBI is strongly encouraged to leverage the capabilities of established small, medium, and veteran-owned businesses as it undertakes to collocate complementary mission operations outside of the national capital area.

*Terrorist Explosive Device Analytical Center (TEDAC), Hazardous Devices School (HDS), and International Advanced Canine Technology Center.*—The agreement supports not less than fiscal year 2022 funding for TEDAC and operational support for its campus to strengthen TEDAC's role as the U.S. Government's strategic-level improvised explosive device exploitation center, and also supports

the FBI Weapons of Mass Destruction Directorate's efforts at no less than the fiscal year 2022 enacted level, to better disseminate threat information to the explosives detection canine community.

*McGirt v. Oklahoma.*—FBI shall report not later than 60 days after the date of enactment of this act on coordination between its Oklahoma City Field Office and State and local partners, including any needed resources for fiscal year 2024.

#### CONSTRUCTION

The agreement includes \$651,895,000 for FBI construction, which provides funding above the requested level for the FBI to address its highest priorities outside of the immediate national capital area, in addition to resources dedicated to secure work environment projects and to continued safety and security upgrades at its Quantico facilities.

The agreement does not include any funding for headquarters construction. The agreement continues support for the FBI's long-term vision for collocating complementary mission operations while balancing the eventual transition into a new headquarters building with changing footprints at Quantico, Clarksburg, Huntsville, and Pocatello facilities. The delay in the new FBI headquarters project only increases the need to secure viable space for supporting a variety of mission, workforce, and land requirements.

The agreement provides \$590,000,000 to further support the FBI's 21st Century Facility plans, and encourages the FBI to transition from interim facilities to full operating capabilities, to include incorporating planned technological requirements. As part of this 21st Century Facility planning, the FBI should continue to research the feasibility of using public-private partnership opportunities, provided annual lease and operating costs are reasonable and facilities can be built and maintained that meet FBI's operational and security requirements.

#### DRUG ENFORCEMENT ADMINISTRATION

##### SALARIES AND EXPENSES

The agreement includes a direct appropriation of \$2,563,116,000 for the salaries and expenses of the DEA. In addition, DEA expects to derive \$581,487,000 from fees deposited in the Diversion Control Fee Account to carry out the Diversion Control Program, resulting in \$3,144,603,000 in total spending authority for DEA. The agreement includes \$10,000,000 to assist State, local, and Tribal law enforcement agencies in efforts to remove and dispose of hazardous materials at methamphetamine and fentanyl labs and processing operations. The agreement supports DEA expansion of its partnerships through Operation Engage, information sharing and technology infrastructure, body-worn camera programs, and increased workload arising from the McGirt decision. Within funding provided, the agreement supports DEA efforts to reverse the decline in staffing levels. DEA is encouraged to assign special agents to the areas most affected by methamphetamines and opioids.

*Hemp Testing Technology.*—The agreement reiterates the directive in the joint explanatory statement accompanying Public Law

117–103 under this heading, and DEA shall submit updated reports consistent with that directive.

*Destruction of Controlled Substances.*—DEA is encouraged to engage in substantive conversations with industry stakeholders on alternatives to incineration that meet the non-retrievable standard. DEA shall report within 90 days of the date of enactment of this act on its current and planned implementation of 40 C.F.R. 266.506 (b)(3) and is further directed to review technologies other than incineration that meet the non-retrievable standard.

#### BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

The agreement includes \$1,747,000,000 for the Bureau of Alcohol, Tobacco, Firearms and Explosives.

#### SALARIES AND EXPENSES

The agreement includes \$1,672,000,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). The agreement expects ATF to comply with directives agreed to within the Bipartisan Safer Communities Act (Public Law 117–159), including dedicating funds for the Anti-Straw Purchasing Campaign. For fiscal year 2023, the ATF is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on “Crime Gun Intelligence Centers (CGICs).” The ATF shall submit updated reports consistent with the directives.

*Training Law Enforcement Partners.*—ATF is expected to continue to provide training to local and State law enforcement agencies on submitting trace requests of firearms recovered in criminal investigations to ATF. The agreement supports the ongoing efforts of Federal, State, and local law enforcement agencies to solve violent crimes and urges ATF to provide all possible training opportunities in support of these efforts.

*Tobacco Enforcement.*—The agreement reminds ATF of the report under the “Tobacco Enforcement” heading contained within the joint explanatory statement accompanying Public Law 117–103, which directed ATF to submit a report assessing investments in tobacco initiatives in each fiscal year since 2017, and directs ATF continue this report in fiscal year 2023.

*National Integrated Ballistic Information Network (NIBIN) Expansion.*—The ATF is directed to examine ways to expand access to NIBIN to State and local agencies in the New England region.

*Out-of-Business Records (OBRs).*—ATF is directed to submit a report, within 60 days of the date of enactment of this act, that details: (1) how many of the total OBRs reflect transactions that occurred before 2002; (2) what year the oldest OBRs are from that are currently maintained in the ATF repository; and (3) for the traces completed in the past 5 years using OBR records, how old the records were that were subject to a trace.

*Freedom of Information Act (FOIA) Compliance.*—ATF is expected to comply with its obligations under FOIA. ATF is directed to submit a report, within 90 days of the date of enactment of this act, on how ATF assesses agency records for release under FOIA.

*Bomb Arson Tracking System (BATS).*—The ATF is directed to proceed with a fully integrated solution for BATS upgrades as the platform is nearing its end cycle. Within the funds provided, the agreement expects ATF to prioritize funding for this project; however, should funds not be sufficient to cover the upgrade, the ATF is directed to submit a reprogramming notification and encourages ATF to include it as part of the fiscal year 2023 spend plan submission.

#### CONSTRUCTION

The agreement includes \$75,000,000 for the construction of an ATF forensics laboratory, at the location cited in the ATF report to the Committees entitled “ATF Laboratory Facilities Assessment and Alignment with Partnerships,” which provides a mutually beneficial academic setting in which knowledge and skills related to forensic science and ATF’s crime gun intelligence programs are passed on to students and faculty.

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$8,392,588,000 for the salaries and expenses of the Federal Prison System. The agreement fully funds the requested \$409,483,000 for programs and activities authorized by the First Step Act of 2018 (FSA), including medication-assisted treatment, FSA programming staff, and Special Education instructors at each Bureau of Prisons (BOP) facility. The agreement includes \$180,460,000 above the request to sustain and increase BOP hiring efforts, and \$25,560,000 for BOP’s Land Mobile Radio and Video Security upgrades. The agreement also includes new language providing that not less than two percent of the FSA funding may be transferred to the National Institute of Justice to carry out required evaluations of FSA programs and activities. Within the funding provided for FSA, the agreement supports up to \$1,200,000 for an initiative to satisfy the FSA requirement for an evidence-based dyslexia screener, and BOP is directed to report not later than 90 days after the date of enactment of this act on its implementation of this initiative.

For fiscal year 2023, BOP is directed to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Overtime Pay Rate,” “Correctional Officer Pay,” “First Step Act (FSA) Implementation,” “Additional Requirements of the FSA,” “Residential Reentry Centers,” “Home Confinement,” and “Inmate Mental Health and Restrictive Housing.” BOP shall submit updated reports consistent with the directives. DOJ and BOP are reminded of the requirement to submit all reports to the Committees on time, including those required quarterly.

*Augmentation.*—BOP is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 on the topic “Augmentation.” In addition, BOP is directed to ensure that non-custody cor-

rectional employees must spend 90 percent of their work week in their primary positions.

*Hiring, Staffing and Vacancies.*—BOP shall provide a report to the Committees not later than 120 days after the date of enactment of this act on the status of its efforts to recruit and retain employees, including its outreach and its use of retention and recruitment incentives, as well as the rate at which these incentives have maintained parity with other Federal agencies and inflation. BOP shall continue to follow the directives in the joint explanatory statement accompanying Public Law 117–103 under the headings “Hiring, Staffing, and Inmate-to-Officer Ratios” and “Vacancies,” and to update all associated reports consistent with those directives.

*Correctional Officer Pay.*—BOP, in consultation with the DOJ Justice Management Division, is directed to review current pay scales for its correctional officers in comparison to comparable employees in DOJ law enforcement components and State and local agencies, to include assessing the potential opportunity to raise the pay band and any associated resource requirements. The results of the review shall be shared with the Committees not later than 180 days after the date of enactment of this act.

*First Step Act Implementation and Additional Requirements of the FSA.*—BOP shall continue to follow directives under these headings in the joint explanatory statement accompanying Public Law 117–103.

In addition, with regard to FSA Evidence-Based Recidivism Reduction (EBRR) and Productive Activities (PA) requirements BOP shall report not later than 90 days after the date of enactment of this act on: (1) whether each approved EBRR and PA is internal, BOP-contracted, or an external third-party program; (2) any difference in the criteria and evaluation process for suitability of such programs; (3) the number of external faith-based programs that sought to qualify as an EBRR and PAs under FSA, including the number denied, number of requests pending, names of accepted applicants and faith affiliation, if any; (4) BOP actions to promote submissions of external programs for consideration as EBRRs and PAs; and (5) list of “faith-based recidivism-reduction partnerships” reported in the Bureau of Justice Statistics reporting on FSA implementation. The report shall describe efforts to fill vacant programming and other dedicated FSA positions, improve EBRR credit calculation transparency, EBRR programming available, the hours of EBRR credit participants earn for participation in such programs, and the need for and availability of medication-assisted treatment at each BOP facility.

*Reentry Guidance for Prison Education Programs.*—DOJ is encouraged to collaborate with the Department of Education in developing and providing technical assistance to the BOP, State departments of corrections, and other entities responsible for preparing individuals to leave prison, enter their communities, continue education, or seek employment. BOP shall provide guidance on best practices for integrating reentry planning for participants in prison education programs, which should address evidence-based strategies to ensure successful entry.

*BOP Facilities and Residential Reentry Centers (RRCs) Study.*—BOP is directed to conduct a study on the need for and feasibility of establishing a BOP facility in Alaska, to include potential cost, size, and location, as well as on the feasibility of expanding RRC capacity in Alaska and Hawaii to help those released from incarceration reenter their community per FSA requirements. BOP shall submit this study within 180 days of the date of the enactment of this act.

*Roadmap to Reentry.*—BOP is directed to reestablish and begin implementing the principles identified in the Justice Department’s “Roadmap to Reentry,” including: (1) individualized reentry plans for individuals; (2) access to education, employment training, life skills, substance abuse, mental health, and other programs; (3) resources and opportunities to build and maintain family relationships; (4) individualized continuity of care; and (5) comprehensive reentry-related information and access to resources.

*Extreme Weather Plans.*—BOP shall issue clear and consistent policies and guidance across all BOP facilities regarding preparations for and responses to extreme weather events, including by establishing temperature thresholds for health and safety at BOP facilities.

*Disaster Damage.*—BOP shall report not later than 180 days after the date of enactment of this act to the Committees on Appropriations, the Judiciary, and Homeland Security and Governmental Affairs of the House of Representatives and the Senate on the scope of physical damage during fiscal years 2015–2022 from storm damage at BOP-owned or managed facilities, and other impacts, to include: (1) injury and loss of life; (2) impact on provision of healthcare, dietary services, water, personal protective equipment, and personal hygiene products; (3) handling of early release or home confinement requests; (4) access to cost-free, uninterrupted access to legal counsel and visitors; (5) access to appropriate accommodations for inmates with disabilities; (6) access to educational and work programs; (7) assessment of the cost of facility damage and estimates for repairs; (8) the impact on staffing, equipment, and financial resources; and (9) other factors affecting health, safety, and civil rights of the correctional population. This report shall include any corrective actions BOP has undertaken or plans to undertake to improve and modernize emergency preparedness plans, as they relate to natural disasters, extreme weather, and public health emergencies and a timeline to implement any corrective action plans. This report shall also include agency corrective actions that BOP has undertaken or plans to undertake to improve and modernize emergency preparedness plans, as they relate to natural disasters, extreme weather, and public health emergencies and a timeline to implement any corrective action plans.

*Swift-Certain-Fair (SCF) Model in the Federal Prison System.*—The SCF model has proven to be an effective deterrent for incarcerated populations in State and local corrections settings. BOP is directed to study the feasibility of establishing SCF pilot programs in BOP housing units based upon best practices developed by other applicable corrections agencies.

## BUILDINGS AND FACILITIES

The agreement includes \$290,000,000 for the construction, acquisition, modernization, maintenance, and repair of prison and detention facilities housing Federal inmates, of which \$182,000,000 is included under this heading in division N. BOP shall proceed with ongoing planned and associated new construction efforts to meet projected capacity requirements, as identified in its monthly status of construction reports to the Committees. BOP is directed to continue to provide such reports monthly, along with notifications and explanations of any deviation from construction and activation schedules, and any planned adjustments or corrective actions.

*Modernization and Repair (M&R) of Existing Facilities.*—BOP is expected to apply the funding to reduce its longstanding M&R backlog and is directed to prioritize funding for repairs that protect life and safety. BOP shall continue to provide monthly status of construction reports and notify the Committees of any changes reflected in those reports. House language regarding facilities with geological or seismological deficiencies is not adopted.

## LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

The agreement includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

## STATE AND LOCAL LAW ENFORCEMENT ACTIVITIES

In total, the agreement includes \$4,424,485,000 for State and local law enforcement and crime prevention programs. This amount includes \$133,000,000 scored as mandatory for Public Safety Officer Benefits.

For fiscal year 2023, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Management and Administration Expenses,” “Grant Funding Set-Asides,” “DOJ Grant Oversight,” “Grant Funds for Rural Areas,” “Science Advisory Board,” “Post-Conviction Relief for Trafficking Victims,” and “Sexual Abuse Services in Detention Hotline.” The Department shall submit updated reports consistent with the directives. The Department is further directed to submit an annual report on grant programs that have not received a sufficient number of qualified applicants.

*Bipartisan Safer Communities Act.*—The agreement recognizes that Congress passed the Bipartisan Safer Communities Act, or “BSCA”, (Public Law 117–159) on June 25, 2022, which included \$1,600,000,000 in supplemental appropriations for the Department beginning in fiscal year 2022 and available through 2026. Of this amount \$1,500,000,000 was included for existing grant programs including STOP School Violence, the Community Violence Intervention and Prevention Initiative, and the National Criminal Records History Improvement Program (NCHIP), as well as a new Byrne State-Crisis Intervention program. For fiscal year 2023, in addition to the funds made available for these programs in this Act, the agreement expects that funding for these programs will be supplemented through the funds provided in the BSCA pursuant to the

spend plan submitted to the Committees on August 9, 2022. Further, the agreement directs the Department to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 under the heading “STOP School Violence Act.”

The agreement acknowledges that the Fix NICS Act (Public Law 115–141) allows the Attorney General to waive the National Criminal History Improvement Program (NCHIP) match for States that are in compliance with the implementation plan required under Section 107 of the NICS Improvement Amendments Act of 2007 (Public Law 110–180). The Department is directed to remind States of the possibility of this waiver in guidance or technical assistance regarding this grant program. Further, the Department is urged to ensure that grants made under the NCHIP can be made available for supporting States in the planning and the implementation of records systems that allow for the efficient expungement or sealing of qualifying criminal history records without requiring those eligible to apply.

*Tribal Grants and Victim Assistance.*—The agreement provides a total of \$129,000,000 in discretionary grant funding for Tribes as follows: \$60,000,000 within the Office of Justice (OJP) for Tribal assistance; \$17,000,000 for a Tribal youth program within the Office of Juvenile Justice and Delinquency Prevention (OJJDP); \$34,000,000 for Tribal resources and \$4,000,000 for a Tribal Access Program within the COPS Office; and \$11,000,000 for a special domestic violence criminal jurisdiction program and \$3,000,000 for a Special Assistant U.S. Attorney on Tribal land program within the OVW. In addition, a total of \$95,000,000 is provided to Tribal governments and Tribal coalitions in OVC funding as part of set-asides determined by program statute. For fiscal year 2023, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 for “Tribal Grants and Victim Assistance.”

## OFFICE ON VIOLENCE AGAINST WOMEN

### VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

To minimize fraud, waste, and abuse in these programs, OVW is encouraged to implement any open recommendations of the Department's OIG with respect to the recipients of grants under these programs.

**Statutory Set-Asides.**—The underlying statutes for several grant programs, including Services, Training, Officers, and Prosecutors (STOP) Grants and Sexual Assault Services Program grants, outline set-asides for Tribal governments and coalitions, culturally specific community-based organizations, and organizations providing services to underserved populations. These set-asides provide a total of \$90,098,535 for fiscal year 2023, with \$66,263,535 for Tribal governments and coalitions, \$17,425,000 for culturally specific organizations, and \$6,410,000 to meet the needs of underserved populations. OVW shall ensure that the full amounts provided for in the authorizing statutes are awarded expeditiously.

**Sexual Assault Survivor's Bill of Rights.**—The agreement provides \$10,000,000 as part of the STOP grants for a new program authorized by section 5903 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023, including the right to receive medical forensic examinations, the preservation of evidence collection kits, and access to information resulting from such kits, prior notification of any destruction or disposal of evidence collection kits, and the right to request further preservation of any such kit. The Department is further directed to submit its plan for administering this program, including the grant solicitation process, as part of the fiscal year 2023 spend plan. Within one year of the date of enactment of this act, DOJ shall provide a report to the Committees on the number of States that have applied for grants,

the number of awards made and the respective award amounts, and the level of unmet demand for this program.

*Victim Services on Campus.*—The agreement includes \$2,000,000 for a demonstration program to expand access to holistic assault services on college campuses with the intent to establish a best practices guide for other institutions to implement. The Department should partner with an accredited post-secondary institution in the greater Gulf Coast region that has expertise in this area, including both an established campus-based sexual assault nurse examiner program and an established campus-based multidisciplinary sexual assault response team, affiliation agreements with both an acute care hospital-based sexual assault program as well as a community-based sexual assault victim service provider, and an existing infrastructure to provide evidence and simulation-based training and education to multidisciplinary team members.

OFFICE OF JUSTICE PROGRAMS

RESEARCH, EVALUATIONS AND STATISTICS

The agreement provides \$77,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

RESEARCH, EVALUATION AND STATISTICS  
(In thousands of dollars)

Program	Amount
Bureau of Justice Statistics .....	\$42,000

School-Based Hate Crimes .....	(1,200)
Law Enforcement Response to Opioid Overdoses .....	(1,000)
Total, Research, Evaluation and Statistics .....	\$77,000

For fiscal year 2023, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding “Spending Plans” as well as the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 regarding “Correctional Education Evaluation.”

*Assessment of National Institute of Justice (NIJ) and Bureau of Justice Statistics (BJS).*—Directives under the Foundations for Evidence-Based Policymaking Act of 2018 (Public Law 115–435) (“Evidence Act”) and other congressionally-requested initiatives have given NIJ and BJS additional responsibilities and obligations. The agreement directs OJP to conduct a full assessment of the impact on NIJ and BJS regarding the Evidence Act and other congressionally-requested initiatives, including their ability to keep pace with cutting-edge scientific practices and emerging policy needs. OJP is further directed to develop a forward-looking vision for strengthening these agencies’ abilities to respond nimbly to and anticipate future needs and scientific developments over the next decade and

identify the resources needed to achieve this vision. These activities should, where possible, be integrated into OJP’s implementation of the Evidence Act. OJP shall provide an update to the Committees on its progress within 180 days of the date of enactment of this act.

*Research on Violence Against Women.*—In addition to \$3,500,000 transferred from the OVW for research and evaluation on violence against women and Indian women, the agreement provides \$1,000,000 for NIJ to research domestic violence radicalization and \$1,000,000 for research on violence against Native Americans, Alaska Natives and other Indigenous communities at extraction sites. NIJ is encouraged to undertake additional research regarding domestic violence homicide prevention.

*Study on School-Based Hate Crimes.*—The agreement provides \$1,200,000 for NIJ to administer a competitive grant to an accredited research university for a study covering the purposes of the solicitation for opportunity number O–NIJ–2022–171191 in the K–12 education system to understand the scope, characteristics, and outcomes of these incidents.

*Study on Law Enforcement Responses to Opioid Overdoses.*—The agreement provides \$1,000,000 for NIJ to administer a competitive grant to an accredited research university for a study regarding law enforcement’s responses to opioid overdoses. The study shall take into account law enforcement’s responses with linked community agencies and also include specific practices utilized to ensure the well-being, assessment, and protection of children in these situations.

In lieu of House report language regarding the “Community Oriented Policing Services (COPS) Hiring Program” the agreement directs the Department to report to the Committees, no later than 180 days after the enactment of this act, on the feasibility of assessing State and local law enforcement pay compared to the cost of living in the jurisdiction for which they serve. The agreement encourages the Department to include in its report any challenges or limitations in performing this type of survey as well as funding that would be required to perform this work.

For fiscal year 2023, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Project Safe Neighborhoods,” “Group Violence Intervention,” “Grants to Combat

Human Trafficking,” “Patrick Leahy Bulletproof Vest Partnership Grant Program,” “Sexual Assault Kit Initiative,” “Keep Young Athletes Safe Act,” “Paul Coverdell Forensic Science,” “Comprehensive Addiction and Recovery Act (CARA) Programs,” and “Body-Worn Camera Partnership Program.” In addition, the Department is directed to continue following the directives in House Report 117–97 adopted by reference in Public Law 116–260 on “Byrne Memorial Justice Assistance Grant (Byrne-JAG) Formula program” and the joint explanatory statement accompanying Public Law 117–103 on “Uses of Byrne-JAG Funds.” The agreement urges the Department to release Byrne-JAG funds as expeditiously as possible and clarifies that Byrne-JAG funding may not be made available for luxury items, real estate, or construction projects. Lastly, the agreement urges Byrne-JAG recipients to offer meaningful language access to applicable programs and services for individuals with limited English proficiency, where practicable. The Department shall submit updated reports consistent with the directives.

For fiscal year 2023, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 on the following topics: “Officer Training on Responding to People with Mental Illness or Disabilities,” “Capital Litigation Improvement and Wrongful Conviction Review,” “DNA Initiative,” “Second Chance Act,” “Community Based Violence Intervention and Prevention Initiative (CVIPI),” and “Forensic Ballistics and Higher Education.”

The agreement adopts and reinforces language in House Report 117–395 under the heading “Rapid DNA.”

*National Center on Restorative Justice.*—Of the \$3,000,000 provided in the agreement for this program, no less than \$2,500,000 shall be used to continue a partnership with an accredited university of higher education and/or law school for the purposes of supporting a National Center on Restorative Justice (the “Center”) to educate and train the next generation of justice leaders. The Center shall also continue to support research focusing on how best to provide direct services to address social inequities, such as simultaneous access to substance abuse treatment and higher education. Further, the Center will expand educational opportunities for those under sentence and in a court-supervised substance abuse program, and, through research and evaluation, the Center will disseminate reports on the impact of attitudes, recidivism, and costs of the educational initiatives. Up to \$500,000 may be used to support microgrants to innovative restorative justice projects in communities across the country.

*Drug Data Research Center to Combat Opioid Abuse.*—The agreement provides \$4,000,000 for the continuation of a national drug data research center to combat opioid abuse that is at an accredited institution of higher education that conducts research on opioids, has existing expertise in databases, statistics, and geographic information systems, and has an established network of subject and behavioral matter experts.

*Virtual Training.*—The agreement provides \$5,000,000 for OJP to partner with no fewer than two universities in a joint effort to develop a training regime with artificial intelligence and virtual reality.

*Internet of Things Capabilities Database.*—The agreement provides \$2,000,000 for a separate competitive grant program in order to provide four awards of not less than \$500,000 each for institutions of higher learning that provide training in computer forensics and digital investigation to develop a database on Internet of Things device capabilities and to build and execute training modules for law enforcement.

*Sexual Assault Nurse Examiner (SANE) Training Program Grants.*—The Department is encouraged to prioritize rural, Tribal, underserved communities, and urban areas without full-time coverage for this program. Within the amount provided for Sexual Assault Forensic Exam Program, \$2,000,000 shall be to establish regional SANE training programs, which are identified as establishing a level of excellence in forensic nursing and are qualified to prepare current and future sexual assault nurse examiners/forensic nurse examiners to be profession-ready and meet the applicable State certification and licensure requirements. These programs shall provide training and supervision to nurses with the purpose of increasing sexual assault forensic nurse capacity in rural areas, and in support of population-specific programs and hospitals including, but not limited to, underserved or historically underfunded communities. Entities receiving these funds shall promote best practices in forensic nursing throughout a region, while continuing to research and develop the highest standards of care.

*Sexual Assault Kit Initiative.*—The Department should maximize the results of investments in sexual assault kit (SAK) testing through continued research to identify best practices for State, local, and Tribal jurisdictions in handling the myriad issues that arise from perpetrator identification, such as victim notification, investigation, prosecution, documentation, forensic advancements, inter-jurisdiction sharing, and tracking. The Department should also fund efforts to support cross-jurisdiction and cross-site data sharing to identify and pursue repeat offenders operating in multiple jurisdictions. Finally, the Department should work further to validate the extensive cost savings that result from the prevention of future offenses as a result of SAK testing. The Department is directed to support efforts that advance these objectives and BJA is directed to issue a report within one year of the date of enactment of this act on the number of partially tested kits.

*Assessing Reentry Impacts on Local Communities.*—When awarding Second Chance Act grants, OJP shall consider the impact of reentry of prisoners on communities in which a disproportionate number of individuals reside upon release from incarceration. OJP shall assess the reentry burdens borne by local communities and local law enforcement agencies, review the resources available in such communities to support successful reentry and the extent to which those resources are used effectively, and make recommendations to strengthen the resources in such communities that are available to support successful reentry and to lessen the burden placed on such communities by the need to support reentry.

*Project HOPE Institute.*—The agreement provides \$5,000,000 for Project HOPE, of which not less than \$500,000 shall be to continue the Project HOPE Institute to provide training, technical assistance, and best practices for jurisdictions replicating the HOPE

model. BJA shall award grants to support both existing Project HOPE models and new jurisdictions.

*Veterans Treatment Courts.*—OJP is directed to keep the Committees apprised of the status of the evaluation to be completed under the NIJ solicitation “NIJ Multisite Impact and Cost-Efficiency Evaluation of Veterans Treatment Courts, Fiscal Year 2022.” BJA is urged to promote awareness of veterans treatment court funding opportunities within State court systems. OJP shall report, within 180 days of the enactment of this act, on these efforts, including efforts to administer the program through a dedicated solicitation.

*Keep Young Athletes Safe Act.*—The agreement provides \$2,500,000 for a competitive grant program to safeguard young athletes against abuse in sports, including emotional, physical, and sexual abuse. The Department is directed to ensure that survivors’ lived experiences are incorporated as part of new curriculum, training materials, and technical assistance, including a better understanding of how and when to report. Any recommendations regarding youth athletes stemming from the work and reporting by the Commission on the State of U.S. Olympics and Paralympics shall be incorporated into this program.

*Byrne Discretionary Community Project Grants/Byrne Discretionary Grants (“projects”).*—The agreement provides \$229,551,000 for projects to prevent crime, improve the criminal justice system, provide victim services, and for other related activities. The accompanying table details funding for project activities, which are incorporated by reference in this Act:

For fiscal year 2023, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding “Youth Mentoring Grants” and “Victims of Child Abuse Act.” Additionally, the Department is directed to follow the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 under the headings “Protecting Vulnerable and At-Risk Youth,” “Statutes of Limitations on Crimes Against Children,” “Missing and Exploited Children Programs,” “Advanced Skills Training for Internet Crimes Against Children (ICAC) Officers,” and “ICACCOPS Training.”

The agreement encourages OJJDP to review its suite of grant programs in order to offer services and programs for children and youth who have experienced complex trauma.

*Arts in Juvenile Justice.*—The Department shall continue to develop the Arts in the Juvenile Justice Demonstration Program as described in the joint explanatory statement accompanying Public Law 117–103. OJJDP is encouraged to prioritize applications within these competitive grants partners who have experience in serving youth who are engaged, or at risk of engaging, in the juvenile justice system as well as partnerships developed through authentic collaboration with young people who have lived expertise or experience. The OJJDP shall provide a report not later than 180 days after the date of enactment of this act on the use of funds, grant recipients, and project purposes for fiscal years 2022 and 2023 funding, including expansion of the program and creation of best practices to replicate these kinds of partnerships.

*Department of Defense Tracking and Response to Child Abuse.*—OJJDP is directed to coordinate with the Department of Defense on the implementation of recommendations made in GAO’s report “Increased Guidance and Collaboration Needed to Improve DOD’s

Tracking and Response to Child Abuse” (GAO–20–110), including national agreements between child advocacy centers and each military service.

PUBLIC SAFETY OFFICER BENEFITS

<b>Total, Community Oriented Policing Services .....</b>	<b>\$662,880</b>

For fiscal year 2023, the COPS Office is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding “Anti-Methamphetamine Task Forces,” “Anti-Heroin Task Forces,” and “School Resource Officers.” Further, the COPS Office is directed to follow the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103 regarding “COPS Hiring,” “Community Policing Development (CPD), Training and Technical Assistance,” and “Collaborative Reform Model.”

The agreement adopts and reinforces direction in House Report 117–395 under the heading “Active Shooter Training” and further encourages the continued development of e-learning resources to supplement in person training.

*Additional Technical Assistance.*—The Committee urges the COPS Office to provide increased technical assistance to applicants who have not previously received COPS grants or otherwise indicate that they are newly establishing community-oriented policing programs.

*Regional Information Sharing Systems (RISS) Program.*—The Department shall assess no more than four percent of the total appropriation for the RISS program for management and administration purposes, so as to ensure sufficient funding is available for law enforcement. The program shall continue to be administered as grants.

*Community Policing Development (CPD).*—The agreement provides \$45,000,000 for CPD, which is directed to be provided in competitive grants, including directly to law enforcement agencies, in the following manner: \$11,000,000 is to expand the use of crisis intervention teams in order to embed mental and behavioral health services with law enforcement, including funding for specialized training; \$16,000,000 is for officer training in de-escalation, including scenario-based training developed in collaboration with community-based organizations, implicit bias, and duty to intervene techniques, of which no less than \$3,000,000 is for grants to regional de-escalation training centers that are administered by accredited universities of higher education and offer de-escalation training certified by a national certification program; \$9,000,000 is for assisting agencies with gaining accreditation to ensure compliance with national and international standards covering all aspects of law enforcement policies, procedures, practices, and operations of which no less than \$2,500,000 is to be provided for small and rural law enforcement agencies for this purpose; \$6,000,000 is for the continuation of the CPD Microgrants program that provides funding for demonstration and pilot projects that offer creative ideas to advance crime fighting, community engagement, problem solving, or organizational changes to support community policing; and \$3,000,000 is for grants to support tolerance, diversity, and anti-bias training programs offered by organizations with well-established experience training law enforcement personnel and criminal justice professionals.

The agreement directs the Department to, within existing discretionary grants that provide training for law enforcement agencies, prioritize grants for nonprofits and other non-governmental entities that have undergone rigorous evaluation and have a successful track record of administering research-based trainings to law enforcement agencies on the importance of respecting civil and constitutional rights.

*Community Oriented Policing Services, Technology and Equipment Community Projects/COPS Law Enforcement Technology and Equipment ("projects").*—The agreement provides \$177,880,000 for grants to State, local, Tribal, territorial, and other entities to develop and acquire effective equipment, technologies, and interoperable communications that assist in responding to and preventing crime. The agreement notes that the projects included in this statement should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve. Equipment funded under this program should meet any applicable requirements of the National Institute of Standards and Technology's Office of Law Enforcement Standards. The accompanying table details funding for congressionally designated activities, which are incorporated by reference in this Act:

## GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

## (INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Justice:

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or incest, or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes that the Director of the Bureau of Prisons (BOP) is obliged to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

Section 207 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious, or educational purposes.

Section 208 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 209 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts specified in this title or the reuse of specified deobligated funds provided in previous years.

Section 210 prohibits the use of funds for A-76 competitions for work performed by employees of BOP or Federal Prison Industries, Inc.

Section 211 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 212 permits up to 2 percent of grant and reimbursement program funds made available to the OJP to be used for training and technical assistance and permits up to 2 percent of grant funds made available to that office to be used for criminal justice research, evaluation, and statistics by the NIJ and the Bureau of Justice Statistics.

Section 213 provides cost-share waivers for certain DOJ grant programs.

Section 214 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 215 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facili-

tate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 216 places limitations on the obligation of funds from certain Department of Justice accounts and funding sources.

Section 217 allows certain funding to be made available for use in Performance Partnership Pilots.

Section 218 establishes reporting requirements for certain Department of Justice funds.

Section 219 provides for humanitarian expenses incurred from illness, injury, or death while on duty for certain Department of Justice personnel.

Section 220 prohibits funds in this act from being used to conduct, contract for, or otherwise support, live tissue training, unless the Attorney General issues a written, non-delegable determination that such training is medically necessary and cannot be replicated by alternatives. Should additional funding be needed for humane medical simulation, the Department should request this as part of components' budget submissions.

Section 221 designates the facilities of the FBI at Redstone Arsenal, Alabama, as the "Richard Shelby Center for Innovation and Advanced Training."

### TITLE III

### SCIENCE

#### OFFICE OF SCIENCE AND TECHNOLOGY POLICY

The agreement includes \$7,965,000 for the Office of Science and Technology Policy (OSTP).

*Federal Climate Action Plans.*—The agreement adopts House language on "Climate Change Adaptation" and directs OSTP to undertake this work from within available funds.

#### NATIONAL SPACE COUNCIL

The agreement includes \$1,965,000 for the activities of the National Space Council.

*Quarterly Briefings.*—The National Space Council is directed to continue to provide quarterly briefings to the Committees on its activities.

#### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The agreement includes \$25,383,701,000 for the National Aeronautics and Space Administration (NASA), of which \$367,000,000 is included in division N. NASA shall continue to follow directives contained in the explanatory statement accompanying division B of Public Law 116–260 under the headings "Quarterly Launch Schedule" and "Oversight and Accountability." Additionally, as the relationship between NASA and its commercial partners deepens, NASA should seek to retain ownership of technologies, scientific data and discoveries made using public funds. Finally, as stated in the House report, GAO is directed to continue its review of NASA's

programs or projects that are expected to have an estimated life-cycle cost over \$250,000,000.

\* Includes \$367,000,000 in emergency funding provided in division N.

SCIENCE

The agreement includes \$7,795,000,000 for Science and directs NASA to provide funding as described in the table above and text below. NASA is expected to continue making progress on the recommendations of the National Academies’ decadal surveys now and in the future. NASA should also ensure that its merit review systems encourage principal investigators (PI) to use commercial orbital and sub-orbital platforms.

*Earth Science.*—In lieu of the funds designated in the House report for Earth Science, the agreement provides no less than the request level for the Plankton, Aerosol, Cloud, ocean Ecosystem (PACE) and NASA–ISRO Synthetic Aperture Radar missions. The agreement also provides up to the request level for Airborne Science, Earth System Explorers, and Computing and Management.

*Earth Systems Observatory Missions.*—NASA shall submit, concurrent with its fiscal year 2024 budget submission, the estimated costs, by fiscal year, and schedules for each of the first four des-

ignated observables missions. NASA should plan to competitively select future missions. An increase in competed, PI-led missions will encourage responsible cost and schedule constraints, develop novel remote sensing technologies, and leverage the talents and expertise of scientists at universities and research institutions.

*Venture Class Missions.*—In lieu of the House funding, the agreement provides up to \$194,500,000 for Venture Class missions and reminds NASA to ensure mission classification is appropriately distributed across all levels of risk. NASA is encouraged to set aside funding for educational payloads.

*GeoCarb.*—The agreement provides \$20,000,000 for the GeoCarb mission to support completion of the spectrograph and other close-out work. To the extent practicable, NASA should work with the mission PI to use remaining funds to secure delivery of all subsystems for the instrument with full documentation delivered in fiscal year 2023. Should the instrument be completed within remaining funds, NASA is encouraged to consider options to fly on a mission of opportunity in the future, should the opportunity arise. Further, within the funds provided, NASA is directed to mitigate the impact of mission cancellation on the PI team and to continue efforts to replace the loss of scientific data stemming from GeoCarb's cancellation.

*Geosynchronous Littoral Imaging and Monitoring Radiometer (GLIMR).*—The agreement includes up to the requested level for GLIMR to ensure a final confirmation review by January 31, 2023. NASA is directed to work with NOAA to ensure that GLIMR meets the requirements of the GeoXO program, as appropriate.

*Small Satellite Launch.*—NASA shall continue competitive processes to ensure small satellite launch opportunities, including by increasing the utilization of Venture-Class Acquisition Dedicated and Rideshare (VADR) contracting in fiscal year 2023 and beyond.

*University Small Satellite Missions.*—Of the funds provided for Science, NASA is directed to allocate not less than \$30,000,000 for university small satellite missions.

*Wildfire Detection Technologies.*—The House language providing \$8,000,000 to initiate concept studies to develop and demonstrate low-cost and scalable infrared sensing and other technologies for wildfire management is retained. The agreement reiterates that this funding is provided in addition to other wildfire research activity assumed in the budget request.

*Remote Sensing of Marginal Ice Zones.*—NASA shall report to the Committees on whether and how long-range, multi-day endurance polar monitoring Uncrewed Aircraft Systems could be utilized to address remote sensing of marginal ice zones, including recommended cost and development timetable, if appropriate.

*Harmful Algal Blooms (HABs).*—The agreement supports NASA's contribution, in coordination with NOAA and other Federal agencies, to monitoring and detection of freshwater HABs under section 9 of Public Law 115–423.

*Joint Agency Satellite Division (JASD).*—The agreement notes the important role that the JASD plays in partnering with NOAA to design, construct, and launch weather satellites that are instrumental to accurate forecasts. It is expected that as NOAA embarks on the next generation of geostationary, polar-orbiting, and space

weather satellites, NASA will ensure that these flagship constellations can be delivered within cost and schedule goals.

*Planetary Defense.*—In lieu of the House language on funding, the agreement provides \$137,800,000 for Planetary Defense, including not less than \$90,000,000 for the Near-Earth Object (NEO) Surveyor mission. The agreement notes concern about NEO Surveyor’s proposed launch slippage into 2028 and reminds NASA of its mandate to detect 90 percent of objects greater than 140 meters in size that threaten Earth.

*Lunar Discovery.*—NASA’s Lunar Discovery and Exploration program shall adhere to the lunar science priorities established by decadal surveys and the National Research Council’s report, “Scientific Context for the Exploration of the Moon.” Accordingly, the agreement includes up to \$486,300,000 for Lunar Discovery and Exploration, including up to the request level for Commercial Lunar Payload Services (CLPS), \$22,100,000 for the Lunar Reconnaissance Orbiter, and not less than \$97,200,000 for the Volatiles Investigating Polar Exploration Rover (VIPER) mission. Further, NASA is encouraged to leverage the resources and expertise of both private industry and universities in advancing its lunar science and exploration agenda.

*Mars Sample Return.*—The agreement provides no less than the request level for Mars Sample Return. In addition to the requirements of the briefing described in the House report, NASA shall brief the Committees on a year-by-year funding profile for a planned 2028 launch as well as any guardrails NASA has put in place to ensure that the Mars Sample Return mission does not continue to grow in cost while incurring launch delays. This consolidated briefing shall occur within 45 days of enactment of this act.

*Mars Exploration.*—The agreement provides up to \$233,900,000 to support the Mars Exploration initiative.

*New Frontiers.*—The agreement provides up to \$478,400,000 for New Frontiers, including up to the request level for Juno and not less than \$400,100,000 for Dragonfly. Additionally, NASA is directed to brief the Committees within 180 days of enactment of this act on how NASA’s planned investments in New Frontiers over the next five years will advance the recommendations of the 2022 Planetary Science Decadal Survey titled “Origins, Worlds, and Life.” Such briefing may be conducted concurrently with the briefing directed in the House language relating to the New Frontiers V development cost cap.

*Planetary Exploration.*—The agreement affirms the House language on “Small Innovative Missions for Planetary Exploration (SIMPLEx),” and encourages NASA, in its fiscal year 2024 budget submission, to continue the cadence of SIMPLEx, New Frontiers and Discovery class missions in spite of cost pressures from planetary flagship missions, including the Mars program.

*Astrophysics.*—The agreement provides up to the request level for Astrophysics Research, Astrophysics Future Missions, and the Hubble Space Telescope.

*Astrophysics Explorers.*—The agreement provides up to \$245,600,000 for Astrophysics Explorers. NASA’s commitment to accelerate the cadence of Astrophysics Explorers missions and to continue a new line of small Pioneer-class missions that leverage

advancements in low-cost platforms such as cubesats and balloons is appreciated.

*James Webb Space Telescope (JWST).*—The agreement provides the requested funding level for JWST. The agreement also notes the historic nature of the images being returned by JWST and congratulates NASA on the success of the mission thus far.

*Nancy Grace Roman Space Telescope.*—The agreement provides \$482,200,000 for the Roman Telescope. The agreement reiterates the expectation that NASA will use a \$3,500,000,000 development cost cap in execution of the mission.

*Science Mission Directorate (SMD) Education.*—The agreement provides no less than \$52,000,000 for education and outreach efforts. The agreement further supports the recommendation that the Astrophysics program continue to administer this SMD-wide education funding. The agreement encourages SMD-funded investigators to be directly involved in outreach and education efforts and support citizen science. NASA should continue to prioritize funding for ongoing education efforts linked directly to its science missions.

*Stratospheric Observatory for Infrared Astronomy (SOFIA).*—No less than \$30,000,000 is provided for SOFIA to ensure an orderly close-out of the mission and to assist NASA staff assigned to SOFIA in transitioning to other NASA missions. The House reporting requirement is affirmed.

*Astrophysics Decadal Survey.*—The Astrophysics decadal survey, “Pathways to Discovery in Astronomy and Astrophysics for the 2020s” (Astro2020) recommended the establishment of a technology development program to mature science and technologies needed for the recommended missions beginning with those needed for a large telescope to observe habitable exoplanets. As part of its preparations for implementing the Astro2020 recommendations, NASA is expected to include appropriate funding for technology maturation in its fiscal year 2024 budget request to ensure continued Astrophysics mission success.

*Heliophysics Research Range.*—The agreement provides the requested level for Research Range.

*Living With A Star.*—The agreement provides \$147,300,000 for Living With A Star, of which \$73,000,000 is for the Geospace Dynamics Constellation mission.

*Heliophysics Explorers.*—The agreement provides \$167,900,000 for Heliophysics Explorers.

*Heliophysics Technology.*—The agreement provides the request level for Heliophysics Technology.

*Space Weather.*—The agreement provides no less than \$25,000,000 for Space Weather, including \$2,000,000 for a center-based mechanism to support multidisciplinary space weather research, advance new capabilities, and foster collaboration among university, government, and industry participants aimed at improving research-to-operations and operations-to-research. NASA should continue to coordinate with NOAA, the National Science Foundation, and the Department of Defense to focus on research and technology that improves operational space weather forecasts and assets, including ground-based assets such as the Daniel K. Inouye Solar Telescope.

*Solar Terrestrial Probes.*—The agreement provides \$208,000,000 for Solar Terrestrial Probes, including \$26,000,000 from within current and prior year resources to continue Magnetospheric Multiscale (MMS) mission operations and \$5,000,000 to continue formulation for the DYNAMIC mission as a cost-capped PI-led mission. NASA is directed to maintain operations and scientific analysis for MMS at a level that will achieve the phase two objective of night side reconnection events and issue the instrument solicitation for DYNAMIC.

*Diversify, Realize, Integrate, Venture, Educate (DRIVE) Initiative.*—The agreement supports the ongoing execution of the DRIVE initiative, a top priority of the National Research Council Decadal Survey, and encourages NASA to implement the goal of increasing the competitive research program to 25 percent of the Heliophysics budget request to enable the development of new technologies, including advanced computational tools, establish competitively awarded DRIVE Science Centers, support multidisciplinary research collaboration using integrated observatory data, and support early career investigators.

*Heliophysics Budget Execution.*—The Heliophysics Division is directed to brief the Committees quarterly on its execution, including the status of all projects in development and any solicitations expected in the next quarter. The briefing should include any solicitations that will be delayed due to perceived lack of funding.

*Biological and Physical Science (BPS).*—Funds provided for BPS may be used for the development and demonstration of in-situ analysis, sample preparation and handling, and specialized equipment for the next generation of microgravity science. NASA should develop and operate space-based capabilities for transformational microgravity science that advances U.S. leadership in such areas as quantum physics, thriving in deep space, and soft matter.

#### AERONAUTICS

The agreement includes \$935,000,000 for Aeronautics. Within the Aeronautics Directorate, NASA is encouraged to accelerate research and development for next generation commercial engine technologies for electrified aircraft propulsion, including electric air flight. NASA is further encouraged to support research into additive manufacturing.

*Hypersonics Technology.*—The agreement includes not less than \$50,000,000 for Hypersonics Technology, of which \$15,000,000 shall be prioritized for opportunities for public-private partnerships, including \$10,000,000 for carbon/carbon material testing and \$5,000,000 to develop and mature automation of high-temperature ceramic matrix composites for material characterization, as well as other technologies that meet both NASA's strategic goals and industry needs.

*Optimization of Stitched Composites.*—The agreement provides \$10,000,000 to facilitate technology development in stitched composites and encourages NASA to partner with industry to further NASA's goals in developing large-scale components and high-rate manufacturing techniques for use in subsonic aircraft.

*Advanced Capabilities for Emergency Response Operations (ACERO).*—The agreement includes \$10,000,000 to begin the ACERO initiative, as proposed in the House report.

*Aircraft Fuel Efficiency.*—The agreement supports NASA's effort to support subsonic aircraft fuel efficiency improvements and efforts to reduce emissions as a bridge to the electrification of aircraft propulsion. The agreement encourages NASA to advance its research that will reduce fuel consumption and carbon emissions on legacy aircraft platforms, including a demonstration mission when appropriate. NASA is further encouraged to utilize cost share opportunities with industry in furthering these efforts.

*Advanced Materials Research.*—The agreement provides up to \$7,000,000 above the request to advance university-led aeronautics materials research, such as the development of composite thermoplastic fibers. NASA is encouraged to partner with academic institutions that have strong capabilities in aviation, aerospace structures, and materials testing and evaluation.

#### SPACE TECHNOLOGY

The agreement includes \$1,200,000,000 for Space Technology and reaffirms support for the independence of the mission directorate. The agreement also supports the Space Technology Mission Directorate's efforts to enable technologies related to in-space and additive manufacturing, thermal protection, Solar Electric Propulsion, Fission Surface Power, Archinaut-2, and artificial intelligence.

*Orbital Debris Remediation.*—The agreement includes up to \$5,000,000 to advance early-stage technology for active debris remediation as described in the House report.

*Regional Economic Development Initiative.*—The agreement provides up to \$10,000,000 for the Regional Economic Development Initiative.

*On-orbit Servicing, Assembly, and Manufacturing 1 (OSAM-1).*—The agreement provides \$227,000,000 for OSAM-1, formerly known as the Restore-L/Space Infrastructure Dexterous Robot. NASA should continue to work with private sector and university partners to facilitate commercialization of the technologies developed within the program.

*Nuclear Thermal Propulsion.*—The agreement provides not less than \$110,000,000 for the development of nuclear thermal propulsion, of which \$45,000,000 is for reactor development, \$45,000,000 is for fuel materials development, and \$20,000,000 is for non-nuclear systems development and acquisition planning. NASA is encouraged to develop innovative nuclear technologies that enable a regular cadence of extended duration robotic missions to the lunar surface and Mars.

*Flight Opportunities Program.*—The agreement includes up to \$27,000,000 for the Flight Opportunities Program, including up to \$5,000,000 to support payload development and flight of K-12 and collegiate educational payloads. NASA shall continue to follow directives contained in the explanatory statement accompanying division B of Public Law 116-260 under the heading "Flight Opportunities Program."

*Innovative Nanomaterials.*—The agreement provides up to \$5,000,000 to advance large scale production and use of innovative

nanomaterials, including carbon nanotubes and carbon/carbon composites.

*Nuclear Electric Propulsion (NEP).*—The House language on “Nuclear Electric Propulsion” is adopted, and the agreement provides up to \$15,000,000 to begin a systematic approach to NEP technology development.

*Lunar Surface Power.*—In addition to the reporting requirement in the House report, the agreement urges NASA to devote the resources required to ensure that lunar surface power systems, such as vertical solar arrays and fission surface power, are fully developed and prepared for deployment when the time for surface missions arrives in the mid-2020s. In lieu of the funding provided in the House report, the agreement provides up to \$40,000,000 for payload development and delivery to the lunar surface via the Commercial Lunar Payload Services (CLPS) program to execute a surface power demonstration by 2026. NASA is also encouraged to identify areas of alignment between nuclear propulsion and fission surface power research.

*Tipping Point and Announcement of Collaborative Opportunities (ACO).*—The House direction on Tipping Point and ACO solicitations is retained, and the agreement provides up to \$85,000,000 to implement these important opportunities.

*In Space Additive Manufacturing Capabilities.*—House language on “Additive Manufacturing” is adopted, and the agreement provides up to \$15,000,000 for the research, development, and enhancement of in-space additive manufacturing capabilities.

*Small Business Innovation Research (SBIR).*—NASA shall continue to fulfill statutory obligations for SBIR funding and place an increased focus on awarding SBIR awards to firms with fewer than 50 employees.

#### EXPLORATION

The agreement includes \$7,468,850,000 for Exploration.

*Orion Multi-Purpose Crew Vehicle.*—The agreement includes \$1,338,700,000 for the Orion Multi-Purpose Crew Vehicle and does not include transfer authority for a portion of Orion funds to the Space Operations Mission Directorate.

*Space Launch System (SLS).*—The agreement provides \$2,600,000,000 for SLS, of which not less than \$600,000,000 is for concurrent SLS Block 1B Development, including Exploration Upper Stage development and associated stage adapter work. The agreement is supportive of fully developing the capabilities of SLS, and directs NASA to continue the simultaneous development of activities as authorized under sections 302(c)(1)(a) and (b) of Public Law 111–267. Further, as NASA continues to refine its strategy for a sustainable presence and exploration of the lunar surface, the agreement encourages NASA to continue its exploration of a cargo variant of SLS for use in the Artemis program and for other purposes.

*Exploration Ground Systems (EGS).*—In lieu of the House funding for EGS, the agreement provides not less than \$799,150,000 for EGS, including up to \$281,350,000 for the Mobile Launch Platform-2 (ML-2), which includes half of the additional need NASA has identified since its fiscal year 2023 budget submission. NASA is ex-

pected to find the other half of the estimated need from within other resources provided without proposing reductions in Congressional priorities, both in fiscal year 2023 and beyond. The agreement also retains a provision limiting the use of funds for ML-2.

*Artemis Campaign Development.*—The agreement includes \$2,600,300,000 for Artemis Campaign Development. Within 90 days of enactment of this act, NASA shall provide the Committees with a workforce plan that identifies, by center, the anticipated impacts to its workforce as the Artemis program transitions from development to operations and the future program, mission, and technology development assignments necessary to maintain NASA's capabilities at its centers.

*Human Landing System (HLS).*—The agreement provides not less than \$1,485,600,000 for HLS, including the request level for Sustaining Lunar Development activities, and no less than the requested amount for the Lunar Lander office. NASA is expected to ensure redundancy and competition in the HLS program for research, development, testing and evaluation of multiple HLS systems.

*Spacesuits.*—The agreement provides the requested funding for Extravehicular Activity and Human Systems Mobility Program (EHP) and notes that in 2022 NASA began the process for developing the spacesuits that will be necessary for the crewed landing on the Moon and for future use in low-Earth orbit. Within the funds provided for EHP, NASA is encouraged to continue promoting redundancy and competition, including robust support for research, development, testing, and evaluation for multiple competitively awarded space suit capabilities.

*Priority of Use Missions.*—NASA is directed to follow the reporting requirements under the paragraph "Priority of Use Missions" in division B of the report accompanying Public Law 117-103.

*Habitat Systems Research and Development.*—As part of NASA's plan for a sustained lunar presence, NASA may need to establish a habitation systems program office as part of the Artemis program with expertise in systems engineering development and science and exploration systems integration. NASA is encouraged to continue its planning to support the launch readiness of a lunar surface habitat and establish a program office, should one become necessary.

#### SPACE OPERATIONS

The agreement provides \$4,250,000,000 for Space Operations, including not less than \$10,000,000 for technical activities leading to a competitively awarded U.S. International Space Station (ISS) deorbit vehicle in fiscal year 2024 to ensure the safe and controlled deorbit of the ISS at the end of its useful life.

*Commercial Crew.*—NASA is expected to certify a new commercial crew carrier in fiscal year 2023, bringing much-needed competition to the Commercial Crew program. NASA is encouraged to continue efforts to enhance competition to generate savings within the Commercial Crew program.

*21st Century Launch Complex Program.*—The agreement includes up to the fiscal year 2022 levels for the 21st Century Launch Complex Program. If NASA again does not propose funding

this initiative in its fiscal year 2024 budget submission, it is expected that the agency will request sufficient funding within Construction and Environmental Compliance and Restoration to realize the full potential of all NASA-owned launch complexes in awarding funds made available through this program.

*Rocket Propulsion Test Program.*—The agreement provides \$48,200,000 for the Rocket Propulsion Test Program and directs NASA to provide, not later than 90 days after enactment of this act, a forward-looking plan describing how NASA intends to maintain and modernize its propulsion testing facilities to address current and future testing needs. Such a plan should assess the commercial space and other benefits of test stand modifications at NASA's rocket engine test facility to enable next-generation, lox-kerosene Oxygen-Rich Staged Combustion engine test capabilities.

*Space Communications.*—The agreement provides up to the request level for the Communications Services Program. NASA is directed to provide a timeline for sustainment of the existing space communications network and infrastructure upgrades in its fiscal year 2024 budget request. NASA is also directed to identify adequate resources and provide a plan to address any upgrades identified in its Deep Space Network "Road to Green" study. NASA is directed to brief the Committees on these plans within 30 days after the enactment of this act.

*Commercial Low-Earth Orbit (LEO) Development.*—The agreement provides up to \$224,300,000 for LEO commercialization. NASA shall continue to follow directives contained in the explanatory statement accompanying division B of Public Law 116–260 under the heading "Commercial LEO Development."

*Human Research Program.*—Crew health and safety will be integral to future crewed Moon and Mars missions, and NASA is directed to continue its research into understanding the effects of living and working in space on astronauts.

#### SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS ENGAGEMENT

The agreement includes \$143,500,000 for Science, Technology, Engineering, and Mathematics Engagement.

*Space Grant Program.*—The agreement includes \$58,000,000 for the Space Grant Program; directs that these amounts be allocated to State consortia for competitively awarded grants in support of local, regional, and national STEM needs; and directs that all 52 participating jurisdictions be supported at no less than \$900,000 each.

*Established Program to Stimulate Competitive Research (EPSCoR).*—The agreement includes \$26,000,000 for EPSCoR.

*Minority University Research and Education Project (MUREP).*—The agreement includes \$45,500,000 for MUREP and continues direction contained in the explanatory statement accompanying division B of Public Law 116–260.

*STEM Education and Accountability Projects (SEAP).*—The agreement includes \$14,000,000 for SEAP. The agreement also reflects strong support for the Competitive Program for Science, Museums, Planetariums, and NASA Visitors Centers known as

“Teams Engaging Affiliate Museums and Informal Institutions” (TEAM II) program.

SAFETY, SECURITY AND MISSION SERVICES

The agreement includes \$3,129,451,000 for Safety, Security and Mission Services.

*Independent Verification & Validation (IV&V) Program.*—The agreement provides \$39,100,000 for IV&V. If necessary, NASA shall fund additional IV&V activities from within the mission directorates that make use of IV&V services.

*Aerosciences Evaluation and Test Capabilities (AETC).*—NASA is directed to report to the Committees within 30 days of enactment of this act on AETC’s process for portfolio maintenance and repair decisions, as well as near-term priority investments and maintenance that are needed to meet expected demand growth and reliable availability of these facilities. Such report should include a detailed explanation of how requested resources in each of the out-years, as shown in the fiscal year 2023 budget submission, will meet expected demand and reliable availability of these facilities.

*NASA Community Projects/NASA Special Projects.*—Within the appropriation for Safety, Security and Mission Services, the agreement provides funds for the following projects:

NASA COMMUNITY PROJECTS/  
NASA SPECIAL PROJECTS

Recipient	Project	Amount
Houston Independent School District	Houston-Rice Planetary Project	\$1,983,320
American Museum of Natural History	Planetarium Programming Development	1,500,000
Virginia Air and Space Center	STEMConnect: NASA STEM Literacy & Community Enrichment	687,680
Central Allegheny Challenger Learning Center	Central Allegheny Challenger Learning Center	1,495,000
Cuyahoga Community College District	Cleanroom Classroom Laboratory Equipment	195,000
Mingo County Redevelopment Authority	Mingo County Redevelopment Authority Advanced Air Mobility Education Program	2,900,000
University of Maryland, Baltimore County	Earth and Space Institute Research and Equipment	1,000,000
University of Delaware, Delaware State University	Space Education Excellence for Delaware (SEED)	900,000
Louisiana State University National Center for Advanced Manufacturing	Digital Manufacturing Technology Upgrades	2,500,000
University of New Mexico	Long Wavelength Array Technology Upgrades	983,000
Museum of Science	Building a Pathway to Belonging Pilot Project	500,000
Cosmosphere, Inc.	Support for STEM Education Programs and Galleries/Exhibits Revitalization	3,000,000
Wichita State University	Support for Advanced Materials Research and Research Equipment at the National Institute for Aviation Research	10,000,000
New Hampshire Aerospace Defense Export Consortium Inc	Next Generation Innovation for a Resilient Supply Chain	2,307,000
Frostburg State University	Frostburg State University Regional Science Education Center	750,000

## CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

The agreement includes \$414,300,000 for Construction and Environmental Compliance and Restoration (CECR), of which \$367,000,000 is provided in division N.

*Unmet Construction Needs.*—NASA is directed to include, in priority order, no fewer than the top 10 construction projects that are needed but unfunded in its fiscal year 2024 budget request, along with any unmet repairs that result from damage from wildfires, hurricanes, or other natural disasters.

## OFFICE OF INSPECTOR GENERAL

The agreement includes \$47,600,000 for the Office of Inspector General.

## ADMINISTRATIVE PROVISIONS

## (INCLUDING TRANSFERS OF FUNDS)

NASA is directed to provide any notification under section 20144(h)(4) of title 51, United States Code, to the Committees.

The agreement allows for certain transfers of funds, including special transfer authority for Exploration Ground Systems.

As in fiscal year 2022, the agreement also includes a provision providing NASA the authority to combine amounts from one or more of its Science, Aeronautics, Space Technology, Exploration, and Space Operations appropriations with amounts from the STEM Engagement appropriation to jointly fund discrete projects or activities, through contracts, grants, or cooperative agreements, that serve these purposes. NASA is directed to provide notification of the Agency's intent to award a contract, grant, or cooperative agreement that would be jointly funded under this authority, no less than 15 days prior to award.

The agreement expands the allowable uses of NASA's Working Capital Fund (WCF) and permits a transfer of funds into the WCF.

## NATIONAL SCIENCE FOUNDATION

The agreement includes \$9,539,011,000 for the National Science Foundation (NSF), of which \$700,162,000 is included in division N.

## RESEARCH AND RELATED ACTIVITIES

The agreement includes \$7,629,298,000 for Research and Related Activities (R&RA), of which \$608,162,000 is included under this heading in division N.

*Technology, Innovation, and Partnerships.*—The agreement recognizes NSF's critical role in driving U.S. scientific and technological innovation and supports the Directorate for Technology, Innovation, and Partnerships (TIP) authorized under the Research and Development, Competition, and Innovation Act (division B of Public Law 117–167).

*Regional Innovation Engines (NSF Engines).*—As part of the TIP Directorate, the agreement supports the Regional Innovation Engines, authorized under section 10388 of Public Law 117–167, to create regional-scale innovation ecosystems throughout the United States and help spur economic growth by bringing together the

science and technology research enterprise and regional-level resources to promote long-term national competitiveness. In implementing the NSF Engines, the Foundation is encouraged to coordinate with the EDA Regional Technology Hubs program.

*Climate Science and Sustainability Research.*—The agreement provides not less than \$970,000,000 for climate science and sustainability research through the U.S. Global Change Research Program and Clean Energy Technology.

*Artificial Intelligence (AI).*—The agreement provides up to \$686,000,000 to support AI-related grants and interdisciplinary research initiatives. House language on “Artificial Intelligence” is adopted, and the agreement reiterates the encouragement for NSF to invest in the ethical and safe development of AI and to continue the expansion of the National AI Research Institutes. Finding availability for computing time for AI research can be challenging and cost-prohibitive for principal investigators, therefore NSF is encouraged to find effective paths for academic researchers to purchase compute time on high-end cloud computing for machine learning in order to increase academic AI research capabilities and competitiveness. In addition, NSF is encouraged to continue its efforts in workforce development for AI and other emerging technologies, including education programs for non-computer science students, with focused outreach to community colleges, Historically Black Colleges and Universities, Hispanic Serving Institutions, Tribal Colleges and Universities, and Minority Serving Institutions, including by supporting partnerships and cooperative agreements.

NSF is encouraged to partner with non-governmental organizations, academic institutions (with special consideration given to Minority Serving Institutions), and other Federal agencies, including NIST, to fund research on algorithmic bias in AI, machine learning, and intelligent systems and its impacts on decisions related to employment, housing, and creditworthiness and to develop methods, tools, and programs for resolving bias within an algorithm.

*Quantum Information Science.*—The agreement provides \$235,000,000 for quantum information science research, including \$185,000,000 for activities authorized under section 301 of the National Quantum Initiative Act (Public Law 115–368) and \$50,000,000 for National Quantum Information Science Research Centers, as authorized in section 302 of that act.

*Historically Black Colleges and Universities Excellence in Research (HBCU–EiR).*—The agreement provides \$25,000,000 for the HBCU–EiR program.

*Established Program to Stimulate Competitive Research (EPSCoR).*—In recognition that the success of our Nation’s research enterprise relies on success in every State, the agreement reinforces the Research and Development, Competition, and Innovation Act (Public Law 117–167) requirements that, to the maximum extent practicable, 15.5 percent of NSF research funding and 16 percent of scholarship funding go to EPSCoR States in fiscal year 2023. To help achieve these targets, the agreement provides no less than \$245,000,000 for the EPSCoR program. Within the amount provided, no more than 5 percent shall be used for administration and other overhead costs. NSF is encouraged to support

projects in EPSCoR States across all funding initiatives and centers, including Regional Innovation Engines, Mid-Scale Research Infrastructure awards, and Science and Technology Centers.

*Growing Research Access for Nationally Transformative Equity and Diversity (GRANTED).*—The agreement supports NSF’s new GRANTED initiative that will provide assistance to mitigate the barriers to competitiveness at underserved institutions within the Nation’s research enterprise. NSF is encouraged to leverage its expertise to ensure institutions participating in GRANTED are able to implement best practices in order to increase the likelihood of award success through increased research capacity.

*Infrastructure Investments.*—Unless otherwise noted, within amounts provided, NSF is directed to allocate no less than the fiscal year 2022 enacted levels to maintain its core research levels, including support for existing scientific research laboratories, observational networks, and other research infrastructure assets, such as the astronomy assets, the current academic research fleet, federally-funded research and development centers, and the national high performance computing centers.

*Astronomy.*—NSF is encouraged to provide appropriate levels of support for operating its current facilities, developing instrumentation, and preparing for investments in future world-class scientific research facilities. As such, the agreement provides up to \$30,000,000 for NSF to support the design and development of next generation astronomy facilities recommended in the “Decadal Survey on Astronomy and Astrophysics 2020” (Astro2020). NSF is also expected to support a balanced portfolio of astronomy research grants by scientists and students engaged in ground-breaking research. As NSF develops plans for realizing Astro2020, the Foundation shall provide regular briefings to the Committees on its progress.

*Scientific Facilities and Instrumentation.*—The agreement supports the continuation of operations at the Daniel K. Inouye Solar Telescope (DKIST) and the Very Long Baseline Array (VLBA) receivers and provides no less than the fiscal year 2022 enacted funding levels for these facilities. In addition, the agreement fully funds the maximum operating capacity of the Center for High Energy X-Ray Science (CHEXS). NSF is also directed to continue working with the National Solar Observatory and the academic community to ensure the Richard B. Dunn Solar Telescope and its associated instrumentation remain available for continued research.

*Green Bank Observatory (GBO).*—The agreement supports NSF’s effort to develop multi-agency plans at GBO and provides no less than the requested level to support operations and maintenance at GBO through multi-agency plans, or directly through the Foundation.

*Mid-Scale Research Infrastructure.*—The agreement provides up to the request level for the Mid-scale Research Infrastructure program.

*Academic Research Infrastructure.*—The agreement recognizes there is considerable support for academic research infrastructure construction and modernization across all directorates. Therefore, NSF is encouraged to evaluate its requirements for facilities programs that provide the academic and research community support

for access to critical research facilities and platforms to ensure that the programs benefit broad and diverse segments of the science and technology community.

In particular, NSF is encouraged to support the construction or acquisition of local-class research vessels through the Major Research Infrastructure program or Mid-scale Research Infrastructure that will provide outstanding experiential, place-based education and to support innovative research and educational programs focused on understanding and sustaining the near-coastal marine and estuarine environments.

*Biological Infrastructure.*—NSF is directed to review its biological infrastructure investments and develop a plan for how to review their impact and to consider what other mechanistic approaches could give NSF more flexibility to evaluate and maintain critical infrastructure during its useful life.

*Understanding Rules of Life.*—The agreement supports NSF's focus on the Understanding Rules of Life research, including in plant genomics, and directs NSF to continue to advance the ongoing plant genomics research programs, to further its work in crop-based genomics research, and to maintain a focus on research related to crops of economic importance.

*Navigating the New Arctic.*—As NSF continues the Navigating the New Arctic program, the Foundation is encouraged to expand its support of research and infrastructure in the North Atlantic region of the Arctic, which is critical for understanding how Arctic warming will affect the environmental and socio-economic conditions of communities along the Atlantic Seaboard. In addition, to maximize investments, NSF is encouraged to develop new multinational partnerships to support research teams that address pan-Arctic and global concerns linked to Arctic change.

*International Ocean Discovery Program (IODP).*—The agreement supports up to the requested level for IODP and recognizes the strategic scientific value of leadership in this field.

*Sustainable Chemistry Research.*—NSF is directed to continue research and related activities associated with the Sustainable Chemistry Basic Research program authorized under section 509 of the America COMPETES Reauthorization Act of 2010 (Public Law 111–358). In addition, NSF is encouraged to coordinate with OSTP to implement the provisions in subtitle E of title II of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

*Verification of the Origins of Rotation in Tornadoes Experiment-Southeast (VORTEX-SE).*—It is expected that future budget requests for VORTEX-SE will include adequate budgetary resources for associated research and instrumentation that will maximize the scientific return of this ongoing research. NSF is encouraged to look beyond traditional research disciplines and programs and to utilize collaborative opportunities for co-funding grants that enhance understanding of the fundamental natural processes and hazards of tornadoes in the southeast and to improve models of these seasonal extreme events.

*Disaster Research.*—NSF is encouraged to fund grants for meritorious landslide research, data collection, and warning systems in fulfillment of the National Landslide Preparedness Act (Public Law

116–323) and the National Earthquake Hazards Reduction Program Reauthorization Act (Public Law 115–307). NSF is further encouraged to prioritize funding for the deployment of early warning systems in States with high levels of both landslides and seismic activities.

*Seismology and Geodesy Facilities.*—The agreement supports the recommendations of the NSF analysis titled “Portfolio Review of EAR Seismology and Geodesy Instrumentation,” particularly those recommendations related to broadening the funding mechanisms for long-term support for seismic and geodetic facilities. Federal departments and agencies that depend on these facilities and the operational data they produce, including NOAA, the U.S. Air Force, the National Nuclear Security Administration, the National Energy Technology Laboratory, and the U.S. Geological Survey, should contribute to the long-term support and recapitalization of facility instrumentation. NSF is directed to continue efforts to negotiate memoranda of understanding or other funding agreements with these agencies and to include an update on the status of these negotiations as part of the fiscal year 2024 budget justification.

*Fairness in Merit Review.*—NSF shall brief the Committees, no later than 180 days after the enactment of this act, on its actions and findings in understanding and addressing bias in the merit review process. As part of this briefing, NSF shall include a discussion of the option of adopting institution-blind, investigator-blind, and dual-anonymous processes for merit review of proposals, with a focus on the fairness of the process faced by all applicants.

*Research Security.*—The agreement notes the importance placed on research security in Public Law 117–167 and supports the implementation of the various provisions in fiscal year 2023. The agreement further supports NSF’s initiative to create clear guidelines that inform researchers and universities on disclosure requirements pertaining to research security. NSF is encouraged to continue to engage university and affinity groups to listen to any community concerns and share information about NSF’s policies and processes. NSF is further encouraged to explore ways to assist less-resourced institutions on disclosure requirements and international talent retention.

Not later than 90 days after enactment of this act, NSF shall brief the Committees on its plans for fulfilling the requirements of Public Law 117–167 with regard to research security, including its ongoing plans for community outreach and engagement.

*Power Dynamics in the Research Community.*—House language on “Power Dynamics in the Research Community” is adopted. NSF is encouraged to continue to develop approaches to analyze and study means to address potential bias and develop safe spaces to voice concerns without the fear of repercussion in the research community. NSF shall provide a report to the Committees on these activities no later than 180 days after enactment of this act.

#### MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

The agreement provides \$187,230,000 for Major Research Equipment and Facilities Construction (MREFC), including the requested levels for the continued construction of the Vera C. Rubin Observatory (previously known as the Large Synoptic Survey Tele-

scope), the Antarctic Infrastructure Recapitalization (previously known as the Antarctic Infrastructure Modernization for Science), Regional Class Research Vessels, and the High Luminosity-Large Hadron Collider Upgrade. The Government Accountability Office is directed to continue its annual reviews and semiannual updates of programs funded within MREFC and shall report to Congress on the status of large-scale NSF projects and activities based on its review of this information. NSF shall continue to provide quarterly briefings to the Committees on the activities funded in this account, no later than 60 days after the end of each quarter.

*Mid-scale Research Infrastructure.*—The agreement includes \$76,250,000 for Mid-scale Research Infrastructure. The Foundation is encouraged to award at least one Mid-scale Research Infrastructure project led by an institution in an EPSCoR State.

#### STEM EDUCATION

The agreement includes \$1,246,000,000 for EDU, of which \$92,000,000 is included in division N. The agreement accepts NSF's proposal to rename the Directorate for Education and Human Resources as the Directorate for STEM Education (EDU), as well as the identical change request with respect to that account.

*Graduate Research Fellowship Program (GRFP).*—The agreement accepts NSF's proposal to consolidate GRFP within EDU and provides up to \$325,000,000, an increase of \$29,000,000 above the fiscal year 2022 enacted level, to increase the fellowship stipend, as requested, as well as to increase the number of fellows.

*Broadening Participation.*—The agreement supports the requested increases related to Broadening Participation in STEM programs. NSF is encouraged to ensure the Foundation partners with communities with significant populations of underrepresented groups within STEM research and education as well as the STEM workforce. The agreement provides no less than \$55,500,000 for Louis Stokes Alliances for Minority Participation; \$43,000,000 for the Historically Black Colleges and Universities Undergraduate Program; \$20,000,000 for the Tribal Colleges and Universities Program; \$70,000,000 for Advancing Informal STEM Learning; \$9,500,000 for the Alliances for Graduate Education and the Professoriate; \$27,000,000 for Centers of Research Excellence in Science and Technology; \$68,000,000 for the Robert Noyce Teacher Scholarship Program; and \$19,000,000 for ADVANCE.

*Eddie Bernice Johnson Inclusion Across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science (INCLUDES) Initiative.*—The agreement supports the Big Idea to broaden participation in science and engineering by developing networks and partnerships that involve organizations and consortia from different sectors committed to the common agenda of STEM inclusion as authorized in section 10323 of Public Law 117–167. The agreement provides not less than \$24,000,000 for INCLUDES and encourages NSF to ensure the agency partners with communities with significant populations of underrepresented groups in the STEM workforce.

*Improving Undergraduate STEM Education: Hispanic-Serving Institutions (IUSE: HSI).*—The agreement provides \$53,500,000 for the IUSE: HSI program to build capacity at institutions of higher

education that typically do not receive high levels of NSF funding. NSF is directed to collaborate with stakeholders in preparing a report that investigates and makes recommendations about how to increase the rate of Hispanic Ph.D. graduates in STEM fields. This report shall be provided to the Committees no later than 270 days after enactment of this act.

*Advanced Technological Education.*—The agreement provides \$76,000,000 for Advanced Technological Education.

*CyberCorps: Scholarships for Service.*—The agreement provides no less than \$69,000,000 for the CyberCorps: Scholarship for Service program, an increase of \$6,000,000 above the fiscal year 2022 enacted level, and adopts House direction.

*Hands-on and Experiential Learning Opportunities.*—Developing a robust, talented, and diverse homegrown workforce, particularly in the fields of STEM, is critical to the success of the U.S. innovation economy. NSF is directed to provide grants to support the development of hands-on learning opportunities in STEM education as authorized under section 10311 of Public Law 117–167, including via afterschool activities and innovative learning opportunities such as robotics competitions.

CREATING HELPFUL INCENTIVES TO PRODUCE SEMICONDUCTORS  
(CHIPS) FOR AMERICA WORKFORCE AND EDUCATION FUND

Division A of Public Law 117–167 established the CHIPS for America Workforce and Education Fund. The agreement allocates the funds according to the amounts listed in the following table.

NATIONAL SCIENCE FOUNDATION ALLOCATION OF FUNDS: CHIPS ACT FISCAL YEAR 2023  
(in thousands of dollars)

Account—Project and Activity	Amount
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Workforce and Education Fund .....	\$25,000
Research & Related Activities .....	(18,000)
STEM Education Activities .....	(7,000)
Total .....	25,000

AGENCY OPERATIONS AND AWARD MANAGEMENT

The agreement includes \$448,000,000 for Agency Operations and Award Management.

OFFICE OF THE NATIONAL SCIENCE BOARD

The agreement includes \$5,090,000 for the National Science Board.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$23,393,000 for the Office of Inspector General.

## ADMINISTRATIVE PROVISIONS

## (INCLUDING TRANSFERS OF FUNDS)

The agreement includes three administrative provisions. The first establishes thresholds for the transfer of funds. The second provision is regarding notification prior to acquisition or disposal of certain assets. The third provision establishes the National Science Foundation Nonrecurring Expenses Fund to reinvest funds that would otherwise expire to support the national science and research enterprise, as requested.

## TITLE IV

## RELATED AGENCIES

## COMMISSION ON CIVIL RIGHTS

## SALARIES AND EXPENSES

The agreement includes \$14,350,000 for the Commission on Civil Rights (CCR), of which \$2,000,000 is to be used separately to fund the Commission on the Social Status of Black Men and Boys (CSSBMB). The agreement reiterates prior instruction to provide a detailed spending plan for the funding provided for the CSSBMB within 45 days of enactment of this act. In addition, the CCR shall continue to include the CSSBMB as a separate line item in future fiscal year budget requests.

## EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

## SALARIES AND EXPENSES

The agreement includes \$455,000,000 for the Equal Employment Opportunity Commission (EEOC). The EEOC shall continue to follow the directives contained in the joint explanatory statement accompanying division B of Public Law 117-103 under the headings "Charge Reporting," "Public Comment on EEOC Guidance," and "Inventory Backlog Reduction."

*Equal Pay and Report Data.*—In lieu of the House language on "Equal Pay and Report Data" the agreement notes the release of the report by the National Academies of Sciences, Engineering and Medicines and directs the Commission to brief the Committees on Appropriations within 30 days of enactment of this act on the actions the Commission intends to take in response to the data and recommendations contained in the report.

*Skills-based Hiring.*—The agreement affirms the House directive language on skills-based hiring.

*National Equal Pay Enforcement Task Force.*—EEOC is encouraged to explore whether reinstating the National Equal Pay Enforcement Task Force would further the agency's mission.

## INTERNATIONAL TRADE COMMISSION

## SALARIES AND EXPENSES

The agreement includes \$122,400,000 for the International Trade Commission (ITC).

## LEGAL SERVICES CORPORATION

## PAYMENT TO THE LEGAL SERVICES CORPORATION

The agreement includes \$560,000,000 for the Legal Services Corporation (LSC).

## MARINE MAMMAL COMMISSION

## SALARIES AND EXPENSES

The agreement includes \$4,500,000 for the Marine Mammal Commission.

## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

The agreement includes a total of \$76,000,000 for the Office of the U.S. Trade Representative (USTR).

For fiscal year 2023, USTR is directed to continue following the directives and reporting requirements included in Senate Report 116–127 and adopted in Public Law 116–93, on the following topics: “Trade and Agricultural Exports,” “Trade Enforcement,” and “Travel.” Additionally, USTR is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding “China Trade Deal Costs.” Finally, USTR is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 117–103, on the following topics: “United States-Canada Softwood Lumber Dispute,” “Quad Strategic Partnership,” and “Parity for American Exports.”

*The United States-Mexico-Canada Agreement (USMCA) Implementation Act.*—The agreement notes that Public Law 116–113 provided supplemental funds for USTR activities to implement the USMCA from fiscal years 2020 through 2023. Due to pandemic-related barriers beyond USTR’s control, such as travel restrictions and staffing relocation limitations to and within Mexico, USTR experienced delays in its ability to obligate these funds for their intended purpose. Section 540 of this act extends availability of those funds for an additional year. To the extent additional discretionary funds may be required to implement the agreement beyond fiscal year 2024, the agreement directs USTR to articulate those funding needs in its annual budget requests.

## SALARIES AND EXPENSES

The agreement includes \$61,000,000 for the salaries and expenses of USTR.

## TRADE ENFORCEMENT TRUST FUND

## (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities and transfers authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

## STATE JUSTICE INSTITUTE

## SALARIES AND EXPENSES

The agreement includes \$7,640,000 for the State Justice Institute (SJI).

*Fines, Fees, and Bail Practices.*—SJI is encouraged to continue prioritizing its investments in the areas of fines, fees, and bail practices so that State courts can continue taking a leadership role in reviewing these practices.

## TITLE V

## GENERAL PROVISIONS

## (INCLUDING RESCISSIONS)

## (INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in this act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects, or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a "Made in America" label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this act. The section further provides that to the extent practicable,

with respect to purchases of promotional items, funds made available under this act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this act resulting from, or to prevent, personnel actions taken in response to funding reductions in this act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 stipulates the obligations of certain receipts deposited into the Crime Victims Fund.

Section 511 prohibits the use of Department of Justice funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in this agreement to any department, agency, or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this agreement or any other appropriations act.

Section 513 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this act.

Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds to include certain language in trade agreements.

Section 517 prohibits the use of funds in this act to authorize or issue a National Security Letter (NSL) in contravention of certain

laws authorizing the Federal Bureau of Investigation to issue NSLs.

Section 518 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation, or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of 10 percent or more.

Section 519 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2023.

Section 520 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has no unpaid Federal tax assessment.

#### (RESCISSIONS)

Section 521 provides for rescissions of unobligated balances. Subsection (e) requires the Departments of Commerce and Justice to submit a report on the amount of each rescission. These reports shall include the distribution of such rescissions among decision units, or, in the case of rescissions from grant accounts, the distribution of such rescissions among specific grant programs, and whether such rescissions were taken from recoveries and deobligations, or from funds that were never obligated. Rescissions shall be applied to discretionary budget authority balances that were not appropriated with emergency or disaster relief designations. The Department of Justice shall ensure that amounts for Joint Law Enforcement Operations are preserved at no less than the fiscal year 2022 level and that those amounts and amounts for victim compensation are prioritized.

Section 522 prohibits the use of funds in this act for the purchase of first class or premium air travel in contravention of the Code of Federal Regulations.

Section 523 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees, who are stationed in the United States, at any single conference outside the United States, unless the conference is: (1) a law enforcement training or operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States; (2) a scientific conference for which the department or agency head has notified the House and Senate Committees on Appropriations that such attendance is in the national interest, along with the basis for such determination.

Section 524 requires any department, agency, or instrumentality of the United States Government receiving funds appropriated under this act to track and report on undisbursed balances in expired grant accounts.

Section 525 requires, when practicable, the use of funds in this act to purchase light bulbs that have the "Energy Star" or "Federal Energy Management Program" designation.

Section 526 prohibits the use of funds by NASA, OSTP, or the National Space Council (NSC) to engage in bilateral activities with China or a Chinese-owned company or effectuate the hosting of of-

ficial Chinese visitors at certain facilities unless the activities are authorized by subsequent legislation or NASA, OSTP, or NSC have made a certification pursuant to subsections (c) and (d) of this section.

Section 527 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement and victim assistance purposes.

Section 528 requires the departments and agencies funded in this act to submit spending plans.

Section 529 prohibits funds to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract. The heads of executive branch departments, agencies, boards, and commissions funded by this act are directed to require that all contracts within their purview that provide award fees link such fees to successful acquisition outcomes, specifying the terms of cost, schedule, and performance.

Section 530 prohibits the use of funds by the Department of Justice or the Drug Enforcement Administration in contravention of a certain section of the Agricultural Act of 2014.

Section 531 prohibits the Department of Justice from preventing certain States from implementing State laws regarding the use of medical marijuana.

Section 532 requires quarterly reports from the Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation of travel to China.

Section 533 requires 10 percent of the funds for certain programs be allocated for assistance in persistent poverty counties.

Section 534 prohibits the use of funds in this act to require certain export licenses.

Section 535 prohibits the use of funds in this act to deny certain import applications regarding “curios or relics” firearms, parts, or ammunition.

Section 536 prohibits funds from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 537 prohibits the use of funds to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

Section 538 includes language regarding detainees held at Guantanamo Bay.

Section 539 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Section 540 extends the availability of certain funds.

Section 541 provides that the Department of Commerce and Federal Bureau of Investigation may utilize funding to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020.

Section 542 withholds funding from NASA’s Mobile Launcher 2 project until detailed cost and schedule information are provided to the House and Senate Appropriations Committees, the Government

Accountability Office (GAO), and the NASA Office of Inspector General.

Section 543 sets certain requirements for the allocations of funds related to the CHIPS Act of 2022 (Public Law 117–167).

#### DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

## TITLE VIII

## GENERAL PROVISIONS

SEC. 8001. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 8002. During the current fiscal year, provisions of law prohibiting the payment of compensation to, or employment of, any person not a citizen of the United States shall not apply to personnel of the Department of Defense: *Provided*, That salary increases granted to direct and indirect hire foreign national employees of the Department of Defense funded by this Act shall not be at a rate in excess of the percentage increase authorized by law for civilian employees of the Department of Defense whose pay is computed under the provisions of section 5332 of title 5, United States

Code, or at a rate in excess of the percentage increase provided by the appropriate host nation to its own employees, whichever is higher: *Provided further*, That this section shall not apply to Department of Defense foreign service national employees serving at United States diplomatic missions whose pay is set by the Department of State under the Foreign Service Act of 1980: *Provided further*, That the limitations of this provision shall not apply to foreign national employees of the Department of Defense in the Republic of Turkey.

SEC. 8003. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year, unless expressly so provided herein.

SEC. 8004. No more than 20 percent of the appropriations in this Act which are limited for obligation during the current fiscal year shall be obligated during the last 2 months of the fiscal year: *Provided*, That this section shall not apply to obligations for support of active duty training of reserve components or summer camp training of the Reserve Officers' Training Corps.

(TRANSFER OF FUNDS)

SEC. 8005. Upon determination by the Secretary of Defense that such action is necessary in the national interest, the Secretary may, with the approval of the Office of Management and Budget, transfer not to exceed \$6,000,000,000 of working capital funds of the Department of Defense or funds made available in this Act to the Department of Defense for military functions (except military construction) between such appropriations or funds or any subdivision thereof, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: *Provided*, That such authority to transfer may not be used unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: *Provided further*, That the Secretary of Defense shall notify the Congress promptly of all transfers made pursuant to this authority or any other authority in this Act: *Provided further*, That no part of the funds in this Act shall be available to prepare or present a request to the Committees on Appropriations of the House of Representatives and the Senate for reprogramming of funds, unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which reprogramming is requested has been denied by the Congress: *Provided further*, That a request for multiple reprogrammings of funds using authority provided in this section shall be made prior to June 30, 2023: *Provided further*, That transfers among military personnel appropriations shall not be taken into account for purposes of the limitation on the amount of funds that may be transferred under this section.

SEC. 8006. (a) With regard to the list of specific programs, projects, and activities (and the dollar amounts and adjustments to budget activities corresponding to such programs, projects, and activities) contained in the tables titled Explanation of Project Level Adjustments in the explanatory statement regarding this Act and

the tables contained in the classified annex accompanying this Act, the obligation and expenditure of amounts appropriated or otherwise made available in this Act for those programs, projects, and activities for which the amounts appropriated exceed the amounts requested are hereby required by law to be carried out in the manner provided by such tables to the same extent as if the tables were included in the text of this Act.

(b) Amounts specified in the referenced tables described in subsection (a) shall not be treated as subdivisions of appropriations for purposes of section 8005 of this Act: *Provided*, That section 8005 shall apply when transfers of the amounts described in subsection (a) occur between appropriation accounts.

SEC. 8007. (a) Not later than 60 days after the date of the enactment of this Act, the Department of Defense shall submit a report to the congressional defense committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2023: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation both by budget activity and program, project, and activity as detailed in the Budget Appendix; and

(3) an identification of items of special congressional interest.

(b) Notwithstanding section 8005 of this Act, none of the funds provided in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional defense committees, unless the Secretary of Defense certifies in writing to the congressional defense committees that such reprogramming or transfer is necessary as an emergency requirement: *Provided*, That this subsection shall not apply to transfers from the following appropriations accounts:

(1) "Environmental Restoration, Army";

(2) "Environmental Restoration, Navy";

(3) "Environmental Restoration, Air Force";

(4) "Environmental Restoration, Defense-Wide";

(5) "Environmental Restoration, Formerly Used Defense Sites"; and

(6) "Drug Interdiction and Counter-drug Activities, Defense".

#### (TRANSFER OF FUNDS)

SEC. 8008. During the current fiscal year, cash balances in working capital funds of the Department of Defense established pursuant to section 2208 of title 10, United States Code, may be maintained in only such amounts as are necessary at any time for cash disbursements to be made from such funds: *Provided*, That transfers may be made between such funds: *Provided further*, That transfers may be made between working capital funds and the "Foreign Currency Fluctuations, Defense" appropriation and the "Operation and Maintenance" appropriation accounts in such amounts as may be determined by the Secretary of Defense, with the approval of the Office of Management and Budget, except that such transfers may not be made unless the Secretary of Defense

has notified the Congress of the proposed transfer: *Provided further*, That except in amounts equal to the amounts appropriated to working capital funds in this Act, no obligations may be made against a working capital fund to procure or increase the value of war reserve material inventory, unless the Secretary of Defense has notified the Congress prior to any such obligation.

SEC. 8009. Funds appropriated by this Act may not be used to initiate a special access program without prior notification 30 calendar days in advance to the congressional defense committees.

SEC. 8010. None of the funds provided in this Act shall be available to initiate: (1) a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of \$20,000,000; or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year, unless the congressional defense committees have been notified at least 30 days in advance of the proposed contract award: *Provided*, That no part of any appropriation contained in this Act shall be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: *Provided further*, That no part of any appropriation contained in this Act shall be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed \$500,000,000 unless specifically provided in this Act: *Provided further*, That no multiyear procurement contract can be terminated without 30-day prior notification to the congressional defense committees: *Provided further*, That the execution of multiyear authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement: *Provided further*, That none of the funds provided in this Act may be used for a multiyear contract executed after the date of the enactment of this Act unless in the case of any such contract—

(1) the Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract and, in the case of a contract for procurement of aircraft, that includes, for any aircraft unit to be procured through the contract for which procurement funds are requested in that budget request for production beyond advance procurement activities in the fiscal year covered by the budget, full funding of procurement of such unit in that fiscal year;

(2) cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract;

(3) the contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units; and

(4) the contract does not provide for a price adjustment based on a failure to award a follow-on contract.

Funds appropriated in title III of this Act may be used for multiyear procurement contracts for up to 15 DDG-51 Arleigh Burke Class Guided Missile Destroyers.

SEC. 8011. Within the funds appropriated for the operation and maintenance of the Armed Forces, funds are hereby appropriated pursuant to section 401 of title 10, United States Code, for humanitarian and civic assistance costs under chapter 20 of title 10, United States Code: *Provided*, That such funds may also be obligated for humanitarian and civic assistance costs incidental to authorized operations and pursuant to authority granted in section 401 of title 10, United States Code, and these obligations shall be reported as required by section 401(d) of title 10, United States Code: *Provided further*, That funds available for operation and maintenance shall be available for providing humanitarian and similar assistance by using Civic Action Teams in the Trust Territories of the Pacific Islands and freely associated states of Micronesia, pursuant to the Compact of Free Association as authorized by Public Law 99-239: *Provided further*, That upon a determination by the Secretary of the Army that such action is beneficial for graduate medical education programs conducted at Army medical facilities located in Hawaii, the Secretary of the Army may authorize the provision of medical services at such facilities and transportation to such facilities, on a nonreimbursable basis, for civilian patients from American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Federated States of Micronesia, Palau, and Guam.

SEC. 8012. (a) During the current fiscal year, the civilian personnel of the Department of Defense may not be managed on the basis of any constraint or limitation in terms of man years, end strength, full-time equivalent positions, or maximum number of employees, but are to be managed solely on the basis of, and in a manner consistent with—

(1) the total force management policies and procedures established under section 129a of title 10, United States Code;

(2) the workload required to carry out the functions and activities of the Department; and

(3) the funds made available to the Department for such fiscal year.

(b) None of the funds appropriated by this Act may be used to reduce the civilian workforce programmed full time equivalent levels absent the appropriate analysis of the impact of these reductions on workload, military force structure, lethality, readiness, operational effectiveness, stress on the military force, and fully burdened costs.

(c) A projection of the number of full-time equivalent positions shall not be considered a constraint or limitation for purposes of subsection (a) and reducing funding for under-execution of such a projection shall not be considered managing based on a constraint or limitation for purposes of such subsection.

(d) The fiscal year 2024 budget request for the Department of Defense, and any justification material and other documentation supporting such a request, shall be prepared and submitted to Congress as if subsections (a) and (b) were effective with respect to such fiscal year.

(e) Nothing in this section shall be construed to apply to military (civilian) technicians.

SEC. 8013. None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.

SEC. 8014. None of the funds available in this Act to the Department of Defense, other than appropriations made for necessary or routine refurbishments, upgrades, or maintenance activities, shall be used to reduce or to prepare to reduce the number of deployed and non-deployed strategic delivery vehicles and launchers below the levels set forth in the report submitted to Congress in accordance with section 1042 of the National Defense Authorization Act for Fiscal Year 2012.

(TRANSFER OF FUNDS)

SEC. 8015. (a) Funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protégé Program may be transferred to any other appropriation contained in this Act solely for the purpose of implementing a Mentor-Protégé Program developmental assistance agreement pursuant to section 831 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 10 U.S.C. 2302 note), as amended, under the authority of this provision or any other transfer authority contained in this Act.

(b) The Secretary of Defense shall include with the budget justification documents in support of the budget for fiscal year 2024 (as submitted to Congress pursuant to section 1105 of title 31, United States Code) a description of each transfer under this section that occurred during the last fiscal year before the fiscal year in which such budget is submitted.

SEC. 8016. None of the funds in this Act may be available for the purchase by the Department of Defense (and its departments and agencies) of welded shipboard anchor and mooring chain unless the anchor and mooring chain are manufactured in the United States from components which are substantially manufactured in the United States: *Provided*, That for the purpose of this section, the term "manufactured" shall include cutting, heat treating, quality control, testing of chain and welding (including the forging and shot blasting process): *Provided further*, That for the purpose of this section substantially all of the components of anchor and mooring chain shall be considered to be produced or manufactured in the United States if the aggregate cost of the components produced or manufactured in the United States exceeds the aggregate cost of the components produced or manufactured outside the United States: *Provided further*, That when adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis, the Secretary of the Service responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that such an acquisition must be made in order to acquire capability for national security purposes.

SEC. 8017. None of the funds appropriated by this Act shall be used for the support of any nonappropriated funds activity of the Department of Defense that procures malt beverages and wine with nonappropriated funds for resale (including such alcoholic

beverages sold by the drink) on a military installation located in the United States unless such malt beverages and wine are procured within that State, or in the case of the District of Columbia, within the District of Columbia, in which the military installation is located: *Provided*, That, in a case in which the military installation is located in more than one State, purchases may be made in any State in which the installation is located: *Provided further*, That such local procurement requirements for malt beverages and wine shall apply to all alcoholic beverages only for military installations in States which are not contiguous with another State: *Provided further*, That alcoholic beverages other than wine and malt beverages, in contiguous States and the District of Columbia shall be procured from the most competitive source, price and other factors considered.

SEC. 8018. None of the funds available to the Department of Defense may be used to demilitarize or dispose of M-1 Carbines, M-1 Garand rifles, M-14 rifles, .22 caliber rifles, .30 caliber rifles, or M-1911 pistols, or to demilitarize or destroy small arms ammunition or ammunition components that are not otherwise prohibited from commercial sale under Federal law, unless the small arms ammunition or ammunition components are certified by the Secretary of the Army or designee as unserviceable or unsafe for further use.

SEC. 8019. No more than \$500,000 of the funds appropriated or made available in this Act shall be used during a single fiscal year for any single relocation of an organization, unit, activity or function of the Department of Defense into or within the National Capital Region: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the congressional defense committees that such a relocation is required in the best interest of the Government.

SEC. 8020. In addition to the funds provided elsewhere in this Act, \$25,000,000 is appropriated only for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544): *Provided*, That a prime contractor or a subcontractor at any tier that makes a subcontract award to any subcontractor or supplier as defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code, shall be considered a contractor for the purposes of being allowed additional compensation under section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544) whenever the prime contract or subcontract amount is over \$500,000 and involves the expenditure of funds appropriated by an Act making appropriations for the Department of Defense with respect to any fiscal year: *Provided further*, That notwithstanding section 1906 of title 41, United States Code, this section shall be applicable to any Department of Defense acquisition of supplies or services, including any contract and any subcontract at any tier for acquisition of commercial items produced or manufactured, in whole or in part, by any subcontractor or supplier defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code.

SEC. 8021. (a) Notwithstanding any other provision of law, the Secretary of the Air Force may convey at no cost to the Air Force, without consideration, to Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, Minnesota, and Washington relocatable military housing units located at Grand Forks Air Force Base, Malmstrom Air Force Base, Mountain Home Air Force Base, Ellsworth Air Force Base, and Minot Air Force Base that are excess to the needs of the Air Force.

(b) The Secretary of the Air Force shall convey, at no cost to the Air Force, military housing units under subsection (a) in accordance with the request for such units that are submitted to the Secretary by the Operation Walking Shield Program on behalf of Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, Minnesota, and Washington. Any such conveyance shall be subject to the condition that the housing units shall be removed within a reasonable period of time, as determined by the Secretary.

(c) The Operation Walking Shield Program shall resolve any conflicts among requests of Indian tribes for housing units under subsection (a) before submitting requests to the Secretary of the Air Force under subsection (b).

(d) In this section, the term "Indian tribe" means any recognized Indian tribe included on the current list published by the Secretary of the Interior under section 104 of the Federally Recognized Indian Tribe Act of 1994 (Public Law 103-454; 108 Stat. 4792; 25 U.S.C. 5131).

SEC. 8022. Of the funds appropriated to the Department of Defense under the heading "Operation and Maintenance, Defense-Wide", not less than \$20,000,000 shall be made available only for the mitigation of environmental impacts, including training and technical assistance to tribes, related administrative support, the gathering of information, documenting of environmental damage, and developing a system for prioritization of mitigation and cost to complete estimates for mitigation, on Indian lands resulting from Department of Defense activities.

SEC. 8023. Funds appropriated by this Act for the Defense Media Activity shall not be used for any national or international political or psychological activities.

SEC. 8024. Of the amounts appropriated for "Working Capital Fund, Army", \$115,000,000 shall be available to maintain competitive rates at the arsenals.

SEC. 8025. (a) Of the funds made available in this Act, not less than \$64,800,000 shall be available for the Civil Air Patrol Corporation, of which—

(1) \$51,300,000 shall be available from "Operation and Maintenance, Air Force" to support Civil Air Patrol Corporation operation and maintenance, readiness, counter-drug activities, and drug demand reduction activities involving youth programs;

(2) \$11,600,000 shall be available from "Aircraft Procurement, Air Force"; and

(3) \$1,900,000 shall be available from "Other Procurement, Air Force" for vehicle procurement.

(b) The Secretary of the Air Force should waive reimbursement for any funds used by the Civil Air Patrol for counter-drug activities in support of Federal, State, and local government agencies.

SEC. 8026. (a) None of the funds appropriated in this Act are available to establish a new Department of Defense (department) federally funded research and development center (FFRDC), either as a new entity, or as a separate entity administrated by an organization managing another FFRDC, or as a nonprofit membership corporation consisting of a consortium of other FFRDCs and other nonprofit entities.

(b) No member of a Board of Directors, Trustees, Overseers, Advisory Group, Special Issues Panel, Visiting Committee, or any similar entity of a defense FFRDC, and no paid consultant to any defense FFRDC, except when acting in a technical advisory capacity, may be compensated for his or her services as a member of such entity, or as a paid consultant by more than one FFRDC in a fiscal year: *Provided*, That a member of any such entity referred to previously in this subsection shall be allowed travel expenses and per diem as authorized under the Federal Joint Travel Regulations, when engaged in the performance of membership duties.

(c) Notwithstanding any other provision of law, none of the funds available to the department from any source during the current fiscal year may be used by a defense FFRDC, through a fee or other payment mechanism, for construction of new buildings not located on a military installation, for payment of cost sharing for projects funded by Government grants, for absorption of contract overruns, or for certain charitable contributions, not to include employee participation in community service and/or development.

(d) Notwithstanding any other provision of law, of the funds available to the department during fiscal year 2023, not more than \$2,788,107,000 may be funded for professional technical staff-related costs of the defense FFRDCs: *Provided*, That within such funds, not more than \$446,097,000 shall be available for the defense studies and analysis FFRDCs: *Provided further*, That this subsection shall not apply to staff years funded in the National Intelligence Program and the Military Intelligence Program: *Provided further*, That the Secretary of Defense shall, with the submission of the department's fiscal year 2024 budget request, submit a report presenting the specific amounts of staff years of technical effort to be allocated for each defense FFRDC by program during that fiscal year and the associated budget estimates, by appropriation account and program.

(e) Notwithstanding any other provision of this Act, the total amount appropriated in this Act for FFRDCs is hereby reduced by \$129,893,000: *Provided*, That this subsection shall not apply to appropriations for the National Intelligence Program and Military Intelligence Program.

SEC. 8027. For the purposes of this Act, the term "congressional defense committees" means the Armed Services Committee of the House of Representatives, the Armed Services Committee of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the Senate, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.

SEC. 8028. For the purposes of this Act, the term "congressional intelligence committees" means the Permanent Select Committee on Intelligence of the House of Representatives, the Select Committee on Intelligence of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.

SEC. 8029. During the current fiscal year, the Department of Defense may acquire the modification, depot maintenance and repair of aircraft, vehicles and vessels as well as the production of components and other Defense-related articles, through competition between Department of Defense depot maintenance activities and private firms: *Provided*, That the Senior Acquisition Executive of the military department or Defense Agency concerned, with power of delegation, shall certify that successful bids include comparable estimates of all direct and indirect costs for both public and private bids: *Provided further*, That Office of Management and Budget Circular A-76 shall not apply to competitions conducted under this section.

SEC. 8030. (a) None of the funds appropriated in this Act may be expended by an entity of the Department of Defense unless the entity, in expending the funds, complies with the Buy American Act. For purposes of this subsection, the term "Buy American Act" means chapter 83 of title 41, United States Code.

(b) If the Secretary of Defense determines that a person has been convicted of intentionally affixing a label bearing a "Made in America" inscription to any product sold in or shipped to the United States that is not made in America, the Secretary shall determine, in accordance with section 4658 of title 10, United States Code, whether the person should be debarred from contracting with the Department of Defense.

(c) In the case of any equipment or products purchased with appropriations provided under this Act, it is the sense of the Congress that any entity of the Department of Defense, in expending the appropriation, purchase only American-made equipment and products, provided that American-made equipment and products are cost-competitive, quality competitive, and available in a timely fashion.

SEC. 8031. None of the funds appropriated or made available in this Act shall be used to procure carbon, alloy, or armor steel plate for use in any Government-owned facility or property under the control of the Department of Defense which were not melted and rolled in the United States or Canada: *Provided*, That these procurement restrictions shall apply to any and all Federal Supply Class 9515, American Society of Testing and Materials (ASTM) or American Iron and Steel Institute (AISI) specifications of carbon, alloy or armor steel plate: *Provided further*, That the Secretary of the military department responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: *Provided fur-*

*ther*, That these restrictions shall not apply to contracts which are in being as of the date of the enactment of this Act.

SEC. 8032. (a)(1) If the Secretary of Defense, after consultation with the United States Trade Representative, determines that a foreign country which is party to an agreement described in paragraph (2) has violated the terms of the agreement by discriminating against certain types of products produced in the United States that are covered by the agreement, the Secretary of Defense shall rescind the Secretary's blanket waiver of the Buy American Act with respect to such types of products produced in that foreign country.

(2) An agreement referred to in paragraph (1) is any reciprocal defense procurement memorandum of understanding, between the United States and a foreign country pursuant to which the Secretary of Defense has prospectively waived the Buy American Act for certain products in that country.

(b) The Secretary of Defense shall submit to the Congress a report on the amount of Department of Defense purchases from foreign entities in fiscal year 2023. Such report shall separately indicate the dollar value of items for which the Buy American Act was waived pursuant to any agreement described in subsection (a)(2), the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.), or any international agreement to which the United States is a party.

(c) For purposes of this section, the term "Buy American Act" means chapter 83 of title 41, United States Code.

SEC. 8033. None of the funds appropriated by this Act may be used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin: *Provided*, That the Secretary of the military department responsible for such procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate, that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: *Provided further*, That this restriction shall not apply to the purchase of "commercial products", as defined by section 103 of title 41, United States Code, except that the restriction shall apply to ball or roller bearings purchased as end items.

SEC. 8034. In addition to any other funds made available for such purposes, there is appropriated \$93,500,000, for an additional amount for the "National Defense Stockpile Transaction Fund", to remain available until September 30, 2025, for activities pursuant to the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.): *Provided*, That none of the funds provided under this section may be obligated or expended until 90 days after the Secretary of Defense provides the Committees on Appropriations of the House of Representatives and the Senate a detailed execution plan for such funds.

SEC. 8035. None of the funds in this Act may be used to purchase any supercomputer which is not manufactured in the United States, unless the Secretary of Defense certifies to the congressional defense committees that such an acquisition must be made

in order to acquire capability for national security purposes that is not available from United States manufacturers.

SEC. 8036. (a) The Secretary of Defense may, on a case-by-case basis, waive with respect to a foreign country each limitation on the procurement of defense items from foreign sources provided in law if the Secretary determines that the application of the limitation with respect to that country would invalidate cooperative programs entered into between the Department of Defense and the foreign country, or would invalidate reciprocal trade agreements for the procurement of defense items entered into under section 4851 of title 10, United States Code, and the country does not discriminate against the same or similar defense items produced in the United States for that country.

(b) Subsection (a) applies with respect to—

(1) contracts and subcontracts entered into on or after the date of the enactment of this Act; and

(2) options for the procurement of items that are exercised after such date under contracts that are entered into before such date if the option prices are adjusted for any reason other than the application of a waiver granted under subsection (a).

(c) Subsection (a) does not apply to a limitation regarding construction of public vessels, ball and roller bearings, food, and clothing or textile materials as defined by section XI (chapters 50–65) of the Harmonized Tariff Schedule of the United States and products classified under headings 4010, 4202, 4203, 6401 through 6406, 6505, 7019, 7218 through 7229, 7304.41 through 7304.49, 7306.40, 7502 through 7508, 8105, 8108, 8109, 8211, 8215, and 9404.

SEC. 8037. None of the funds made available in this Act, or any subsequent Act making appropriations for the Department of Defense, may be used for the purchase or manufacture of a flag of the United States unless such flags are treated as covered items under section 4862(b) of title 10, United States Code.

SEC. 8038. During the current fiscal year, amounts contained in the Department of Defense Overseas Military Facility Investment Recovery Account shall be available until expended for the payments specified by section 2687a(b)(2) of title 10, United States Code.

SEC. 8039. During the current fiscal year, appropriations which are available to the Department of Defense for operation and maintenance may be used to purchase items having an investment item unit cost of not more than \$350,000: *Provided*, That upon determination by the Secretary of Defense that such action is necessary to meet the operational requirements of a Commander of a Combatant Command engaged in a named contingency operation overseas, such funds may be used to purchase items having an investment item unit cost of not more than \$500,000.

SEC. 8040. Up to \$13,720,000 of the funds appropriated under the heading “Operation and Maintenance, Navy” may be made available for the Asia Pacific Regional Initiative Program for the purpose of enabling the United States Indo-Pacific Command to execute Theater Security Cooperation activities such as humanitarian assistance, and payment of incremental and personnel costs of training and exercising with foreign security forces: *Provided*,

That funds made available for this purpose may be used, notwithstanding any other funding authorities for humanitarian assistance, security assistance or combined exercise expenses: *Provided further*, That funds may not be obligated to provide assistance to any foreign country that is otherwise prohibited from receiving such type of assistance under any other provision of law.

SEC. 8041. The Secretary of Defense shall issue regulations to prohibit the sale of any tobacco or tobacco-related products in military resale outlets in the United States, its territories and possessions at a price below the most competitive price in the local community: *Provided*, That such regulations shall direct that the prices of tobacco or tobacco-related products in overseas military retail outlets shall be within the range of prices established for military retail system stores located in the United States.

SEC. 8042. (a) During the current fiscal year, none of the appropriations or funds available to the Department of Defense Working Capital Funds shall be used for the purchase of an investment item for the purpose of acquiring a new inventory item for sale or anticipated sale during the current fiscal year or a subsequent fiscal year to customers of the Department of Defense Working Capital Funds if such an item would not have been chargeable to the Department of Defense Business Operations Fund during fiscal year 1994 and if the purchase of such an investment item would be chargeable during the current fiscal year to appropriations made to the Department of Defense for procurement.

(b) The fiscal year 2024 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2024 Department of Defense budget shall be prepared and submitted to the Congress on the basis that any equipment which was classified as an end item and funded in a procurement appropriation contained in this Act shall be budgeted for in a proposed fiscal year 2024 procurement appropriation and not in the supply management business area or any other area or category of the Department of Defense Working Capital Funds.

SEC. 8043. None of the funds appropriated by this Act for programs of the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year, except for funds appropriated for the Reserve for Contingencies, which shall remain available until September 30, 2024: *Provided*, That funds appropriated, transferred, or otherwise credited to the Central Intelligence Agency Central Services Working Capital Fund during this or any prior or subsequent fiscal year shall remain available until expended: *Provided further*, That any funds appropriated or transferred to the Central Intelligence Agency for advanced research and development acquisition, for agent operations, and for covert action programs authorized by the President under section 503 of the National Security Act of 1947 (50 U.S.C. 3093) shall remain available until September 30, 2024: *Provided further*, That any funds appropriated or transferred to the Central Intelligence Agency for the construction, improvement, or alteration of facilities, including leased facilities, to be used primarily by personnel of the intelligence community, shall remain available until September 30, 2025.

## (INCLUDING TRANSFER OF FUNDS)

SEC. 8044. Of the funds appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", \$47,000,000 shall be for continued implementation and expansion of the Sexual Assault Special Victims' Counsel Program: *Provided*, That the funds are made available for transfer to the Department of the Army, the Department of the Navy, and the Department of the Air Force: *Provided further*, That funds transferred shall be merged with and available for the same purposes and for the same time period as the appropriations to which the funds are transferred: *Provided further*, That this transfer authority is in addition to any other transfer authority provided in this Act.

SEC. 8045. (a) Except as provided in subsections (b) and (c), none of the funds made available by this Act may be used—

(1) to establish a field operating agency; or

(2) to pay the basic pay of a member of the Armed Forces or civilian employee of the department who is transferred or reassigned from a headquarters activity if the member or employee's place of duty remains at the location of that headquarters.

(b) The Secretary of Defense or Secretary of a military department may waive the limitations in subsection (a), on a case-by-case basis, if the Secretary determines, and certifies to the Committees on Appropriations of the House of Representatives and the Senate that the granting of the waiver will reduce the personnel requirements or the financial requirements of the department.

(c) This section does not apply to—

(1) field operating agencies funded within the National Intelligence Program;

(2) an Army field operating agency established to eliminate, mitigate, or counter the effects of improvised explosive devices, and, as determined by the Secretary of the Army, other similar threats;

(3) an Army field operating agency established to improve the effectiveness and efficiencies of biometric activities and to integrate common biometric technologies throughout the Department of Defense; or

(4) an Air Force field operating agency established to administer the Air Force Mortuary Affairs Program and Mortuary Operations for the Department of Defense and authorized Federal entities.

SEC. 8046. (a) None of the funds appropriated by this Act shall be available to convert to contractor performance an activity or function of the Department of Defense that, on or after the date of the enactment of this Act, is performed by Department of Defense civilian employees unless—

(1) the conversion is based on the result of a public-private competition that includes a most efficient and cost effective organization plan developed by such activity or function;

(2) the Competitive Sourcing Official determines that, over all performance periods stated in the solicitation of offers for performance of the activity or function, the cost of performance of the activity or function by a contractor would be less costly

to the Department of Defense by an amount that equals or exceeds the lesser of—

(A) 10 percent of the most efficient organization's personnel-related costs for performance of that activity or function by Federal employees; or

(B) \$10,000,000; and

(3) the contractor does not receive an advantage for a proposal that would reduce costs for the Department of Defense by—

(A) not making an employer-sponsored health insurance plan available to the workers who are to be employed in the performance of that activity or function under the contract; or

(B) offering to such workers an employer-sponsored health benefits plan that requires the employer to contribute less towards the premium or subscription share than the amount that is paid by the Department of Defense for health benefits for civilian employees under chapter 89 of title 5, United States Code.

(b)(1) The Department of Defense, without regard to subsection (a) of this section or subsection (a), (b), or (c) of section 2461 of title 10, United States Code, and notwithstanding any administrative regulation, requirement, or policy to the contrary shall have full authority to enter into a contract for the performance of any commercial or industrial type function of the Department of Defense that—

(A) is included on the procurement list established pursuant to section 2 of the Javits-Wagner-O'Day Act (section 8503 of title 41, United States Code);

(B) is planned to be converted to performance by a qualified nonprofit agency for the blind or by a qualified nonprofit agency for other severely handicapped individuals in accordance with that Act; or

(C) is planned to be converted to performance by a qualified firm under at least 51 percent ownership by an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)), or a Native Hawaiian Organization, as defined in section 8(a)(15) of the Small Business Act (15 U.S.C. 637(a)(15)).

(2) This section shall not apply to depot contracts or contracts for depot maintenance as provided in sections 2469 and 2474 of title 10, United States Code.

(c) The conversion of any activity or function of the Department of Defense under the authority provided by this section shall be credited toward any competitive or outsourcing goal, target, or measurement that may be established by statute, regulation, or policy and is deemed to be awarded under the authority of, and in compliance with, subsection (h) of section 2304 of title 10, United States Code, for the competition or outsourcing of commercial activities.

#### (RESCISSIONS)

SEC. 8047. Of the funds appropriated in Department of Defense Appropriations Acts, the following funds are hereby rescinded from

SEC. 8048. None of the funds available in this Act may be used to reduce the authorized positions for military technicians (dual status) of the Army National Guard, Air National Guard, Army Reserve and Air Force Reserve for the purpose of applying any administratively imposed civilian personnel ceiling, freeze, or reduction on military technicians (dual status), unless such reductions are a direct result of a reduction in military force structure.

SEC. 8049. None of the funds appropriated or otherwise made available in this Act may be obligated or expended for assistance to the Democratic People’s Republic of Korea unless specifically appropriated for that purpose: *Provided*, That this restriction shall not apply to any activities incidental to the Defense POW/MIA Accounting Agency mission to recover and identify the remains of United States Armed Forces personnel from the Democratic People’s Republic of Korea.

SEC. 8050. Funds appropriated in this Act for operation and maintenance of the Military Departments, Combatant Commands and Defense Agencies shall be available for reimbursement of pay, allowances and other expenses which would otherwise be incurred against appropriations for the National Guard and Reserve when members of the National Guard and Reserve provide intelligence or counterintelligence support to Combatant Commands, Defense Agencies and Joint Intelligence Activities, including the activities and programs included within the National Intelligence Program and the Military Intelligence Program: *Provided*, That nothing in

this section authorizes deviation from established Reserve and National Guard personnel and training procedures.

SEC. 8051. (a) None of the funds available to the Department of Defense for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

(b) None of the funds available to the Central Intelligence Agency for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

SEC. 8052. In addition to the amounts appropriated or otherwise made available elsewhere in this Act, \$49,000,000 is hereby appropriated to the Department of Defense: *Provided*, That upon the determination of the Secretary of Defense that it shall serve the national interest, the Secretary shall make grants in the amounts specified as follows: \$24,000,000 to the United Service Organizations and \$25,000,000 to the Red Cross.

SEC. 8053. Notwithstanding any other provision in this Act, the Small Business Innovation Research program and the Small Business Technology Transfer program set-asides shall be taken proportionally from all programs, projects, or activities to the extent they contribute to the extramural budget. The Secretary of each military department, the Director of each Defense Agency, and the head of each other relevant component of the Department of Defense shall submit to the congressional defense committees, concurrent with submission of the budget justification documents to Congress pursuant to section 1105 of title 31, United States Code, a report with a detailed accounting of the Small Business Innovation Research program and the Small Business Technology Transfer program set-asides taken from programs, projects, or activities within such department, agency, or component during the most recently completed fiscal year.

SEC. 8054. None of the funds available to the Department of Defense under this Act shall be obligated or expended to pay a contractor under a contract with the Department of Defense for costs of any amount paid by the contractor to an employee when—

- (1) such costs are for a bonus or otherwise in excess of the normal salary paid by the contractor to the employee; and
- (2) such bonus is part of restructuring costs associated with a business combination.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8055. During the current fiscal year, no more than \$30,000,000 of appropriations made in this Act under the heading "Operation and Maintenance, Defense-Wide" may be transferred to appropriations available for the pay of military personnel, to be merged with, and to be available for the same time period as the appropriations to which transferred, to be used in support of such personnel in connection with support and services for eligible organizations and activities outside the Department of Defense pursuant to section 2012 of title 10, United States Code.

SEC. 8056. During the current fiscal year, in the case of an appropriation account of the Department of Defense for which the period of availability for obligation has expired or which has closed under the provisions of section 1552 of title 31, United States Code, and which has a negative unliquidated or unexpended balance, an obligation or an adjustment of an obligation may be charged to any current appropriation account for the same purpose as the expired or closed account if—

(1) the obligation would have been properly chargeable (except as to amount) to the expired or closed account before the end of the period of availability or closing of that account;

(2) the obligation is not otherwise properly chargeable to any current appropriation account of the Department of Defense; and

(3) in the case of an expired account, the obligation is not chargeable to a current appropriation of the Department of Defense under the provisions of section 1405(b)(8) of the National Defense Authorization Act for Fiscal Year 1991, Public Law 101–510, as amended (31 U.S.C. 1551 note): *Provided*, That in the case of an expired account, if subsequent review or investigation discloses that there was not in fact a negative unliquidated or unexpended balance in the account, any charge to a current account under the authority of this section shall be reversed and recorded against the expired account: *Provided further*, That the total amount charged to a current appropriation under this section may not exceed an amount equal to 1 percent of the total appropriation for that account:

*Provided*, That the Under Secretary of Defense (Comptroller) shall include with the budget of the President for fiscal year 2024 (as submitted to Congress pursuant to section 1105 of title 31, United States Code) a statement describing each instance if any, during each of the fiscal years 2016 through 2023 in which the authority in this section was exercised.

SEC. 8057. (a) Notwithstanding any other provision of law, the Chief of the National Guard Bureau may permit the use of equipment of the National Guard Distance Learning Project by any person or entity on a space-available, reimbursable basis. The Chief of the National Guard Bureau shall establish the amount of reimbursement for such use on a case-by-case basis.

(b) Amounts collected under subsection (a) shall be credited to funds available for the National Guard Distance Learning Project and be available to defray the costs associated with the use of equipment of the project under that subsection. Such funds shall be available for such purposes without fiscal year limitation.

SEC. 8058. (a) None of the funds appropriated or otherwise made available by this or prior Acts may be obligated or expended to retire, prepare to retire, or place in storage or on backup aircraft inventory status any C–40 aircraft.

(b) The limitation under subsection (a) shall not apply to an individual C–40 aircraft that the Secretary of the Air Force determines, on a case-by-case basis, to be no longer mission capable due to a Class A mishap.

(c) If the Secretary determines under subsection (b) that an aircraft is no longer mission capable, the Secretary shall submit to the

congressional defense committees a certification in writing that the status of such aircraft is due to a Class A mishap and not due to lack of maintenance, repairs, or other reasons.

(d) Not later than 90 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report on the necessary steps taken by the Department of Defense to meet the travel requirements for official or representational duties of members of Congress and the Cabinet in fiscal years 2023 and 2024.

SEC. 8059. (a) None of the funds appropriated in title IV of this Act may be used to procure end-items for delivery to military forces for operational training, operational use, or inventory requirements: *Provided*, That this restriction does not apply to end-items used in development, prototyping in accordance with an approved test strategy, and test activities preceding and leading to acceptance for operational use.

(b) If the number of end-items budgeted with funds appropriated in title IV of this Act exceeds the number required in an approved test strategy, the Under Secretary of Defense (Research and Engineering) and the Under Secretary of Defense (Acquisition and Sustainment), in coordination with the responsible Service Acquisition Executive, shall certify in writing to the congressional defense committees that there is a bonafide need for the additional end-items at the time of submittal to Congress of the budget of the President for fiscal year 2024 pursuant to section 1105 of title 31, United States Code: *Provided*, That this restriction does not apply to programs funded within the National Intelligence Program.

(c) The Secretary of Defense shall, at the time of the submittal to Congress of the budget of the President for fiscal year 2024 pursuant to section 1105 of title 31, United States Code, submit to the congressional defense committees a report detailing the use of funds requested in research, development, test and evaluation accounts for end-items used in development, prototyping and test activities preceding and leading to acceptance for operational use: *Provided*, That the report shall set forth, for each end item covered by the preceding proviso, a detailed list of the statutory authorities under which amounts in the accounts described in that proviso were used for such item: *Provided further*, That the Secretary of Defense shall, at the time of the submittal to Congress of the budget of the President for fiscal year 2024 pursuant to section 1105 of title 31, United States Code, submit to the congressional defense committees a certification that funds requested for fiscal year 2024 in research, development, test and evaluation accounts are in compliance with this section: *Provided further*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that it is in the national security interest to do so.

SEC. 8060. None of the funds appropriated or otherwise made available by this or other Department of Defense Appropriations Acts may be obligated or expended for the purpose of performing repairs or maintenance to military family housing units of the Department of Defense, including areas in such military family hous-

ing units that may be used for the purpose of conducting official Department of Defense business.

SEC. 8061. Notwithstanding any other provision of law, funds appropriated in this Act under the heading "Research, Development, Test and Evaluation, Defense-Wide" for any new start defense innovation acceleration or rapid prototyping program demonstration project with a value of more than \$5,000,000 may only be obligated 15 days after a report, including a description of the project, the planned acquisition and transition strategy and its estimated annual and total cost, has been provided in writing to the congressional defense committees: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying to the congressional defense committees that it is in the national interest to do so.

SEC. 8062. The Secretary of Defense shall continue to provide a classified quarterly report to the Committees on Appropriations of the House of Representatives and the Senate, Subcommittees on Defense on certain matters as directed in the classified annex accompanying this Act.

SEC. 8063. Notwithstanding section 12310(b) of title 10, United States Code, a Reserve who is a member of the National Guard serving on full-time National Guard duty under section 502(f) of title 32, United States Code, may perform duties in support of the ground-based elements of the National Ballistic Missile Defense System.

SEC. 8064. None of the funds provided in this Act may be used to transfer to any nongovernmental entity ammunition held by the Department of Defense that has a center-fire cartridge and a United States military nomenclature designation of "armor penetrator", "armor piercing (AP)", "armor piercing incendiary (API)", or "armor-piercing incendiary tracer (API-T)", except to an entity performing demilitarization services for the Department of Defense under a contract that requires the entity to demonstrate to the satisfaction of the Department of Defense that armor piercing projectiles are either: (1) rendered incapable of reuse by the demilitarization process; or (2) used to manufacture ammunition pursuant to a contract with the Department of Defense or the manufacture of ammunition for export pursuant to a License for Permanent Export of Unclassified Military Articles issued by the Department of State.

SEC. 8065. Notwithstanding any other provision of law, the Chief of the National Guard Bureau, or their designee, may waive payment of all or part of the consideration that otherwise would be required under section 2667 of title 10, United States Code, in the case of a lease of personal property for a period not in excess of 1 year to any organization specified in section 508(d) of title 32, United States Code, or any other youth, social, or fraternal non-profit organization as may be approved by the Chief of the National Guard Bureau, or their designee, on a case-by-case basis.

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 8066. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Army", \$158,967,374 shall remain available until expended: *Provided*, That, notwithstanding any other provision of law, the Secretary of Defense is authorized

to transfer such funds to other activities of the Federal Government: *Provided further*, That the Secretary of Defense is authorized to enter into and carry out contracts for the acquisition of real property, construction, personal services, and operations related to projects carrying out the purposes of this section: *Provided further*, That contracts entered into under the authority of this section may provide for such indemnification as the Secretary determines to be necessary: *Provided further*, That projects authorized by this section shall comply with applicable Federal, State, and local law to the maximum extent consistent with the national security, as determined by the Secretary of Defense.

SEC. 8067. (a) None of the funds appropriated in this or any other Act may be used to take any action to modify—

(1) the appropriations account structure for the National Intelligence Program budget, including through the creation of a new appropriation or new appropriation account;

(2) how the National Intelligence Program budget request is presented in the unclassified P-1, R-1, and O-1 documents supporting the Department of Defense budget request;

(3) the process by which the National Intelligence Program appropriations are apportioned to the executing agencies; or

(4) the process by which the National Intelligence Program appropriations are allotted, obligated and disbursed.

(b) Nothing in subsection (a) shall be construed to prohibit the merger of programs or changes to the National Intelligence Program budget at or below the Expenditure Center level, provided such change is otherwise in accordance with paragraphs (1)–(3) of subsection (a).

(c) The Director of National Intelligence and the Secretary of Defense may jointly, only for the purposes of achieving auditable financial statements and improving fiscal reporting, study and develop detailed proposals for alternative financial management processes. Such study shall include a comprehensive counterintelligence risk assessment to ensure that none of the alternative processes will adversely affect counterintelligence.

(d) Upon development of the detailed proposals defined under subsection (c), the Director of National Intelligence and the Secretary of Defense shall—

(1) provide the proposed alternatives to all affected agencies;

(2) receive certification from all affected agencies attesting that the proposed alternatives will help achieve auditability, improve fiscal reporting, and will not adversely affect counterintelligence; and

(3) not later than 30 days after receiving all necessary certifications under paragraph (2), present the proposed alternatives and certifications to the congressional defense and intelligence committees.

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 8068. In addition to amounts made available elsewhere in this Act, \$200,000,000 is hereby appropriated to the Department of Defense and made available for transfer to operation and maintenance accounts, procurement accounts, and research, development, test and evaluation accounts only for those efforts by the United

States Africa Command or United States Southern Command to expand cooperation or improve the capabilities of our allies and partners in their areas of operation: *Provided*, That none of the funds provided under this section may be obligated or expended until 60 days after the Secretary of Defense provides to the congressional defense committees an execution plan: *Provided further*, That not less than 30 days prior to any transfer of funds, the Secretary of Defense shall notify the congressional defense committees of the details of any such transfer: *Provided further*, That upon transfer, the funds shall be merged with and available for the same purposes, and for the same time period, as the appropriation to which transferred: *Provided further*, That the transfer authority provided under this section is in addition to any other transfer authority provided elsewhere in this Act.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8069. During the current fiscal year, not to exceed \$11,000,000 from each of the appropriations made in title II of this Act for “Operation and Maintenance, Army”, “Operation and Maintenance, Navy”, and “Operation and Maintenance, Air Force” may be transferred by the military department concerned to its central fund established for Fisher Houses and Suites pursuant to section 2493(d) of title 10, United States Code.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8070. Of the amounts appropriated for “Operation and Maintenance, Navy”, up to \$1,000,000 shall be available for transfer to the John C. Stennis Center for Public Service Development Trust Fund established under section 116 of the John C. Stennis Center for Public Service Training and Development Act (2 U.S.C. 1105).

SEC. 8071. None of the funds available to the Department of Defense may be obligated to modify command and control relationships to give Fleet Forces Command operational and administrative control of United States Navy forces assigned to the Pacific fleet: *Provided*, That the command and control relationships which existed on October 1, 2004, shall remain in force until a written modification has been proposed to the Committees on Appropriations of the House of Representatives and the Senate: *Provided further*, That the proposed modification may be implemented 30 days after the notification unless an objection is received from either the House or Senate Appropriations Committees: *Provided further*, That any proposed modification shall not preclude the ability of the commander of United States Indo-Pacific Command to meet operational requirements.

SEC. 8072. Any notice that is required to be submitted to the Committees on Appropriations of the House of Representatives and the Senate under section 3601 of title 10, United States Code, as added by section 804(a) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023, after the date of the enactment of this Act shall be submitted pursuant to that requirement concurrently to the Subcommittees on Defense of the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 8075. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence activities and intelligence-related activities not otherwise authorized in the Intelligence Authorization Act for Fiscal Year 2023 are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094).

SEC. 8076. None of the funds provided in this Act shall be available for obligation or expenditure through a reprogramming of funds that creates or initiates a new program, project, or activity unless such program, project, or activity must be undertaken immediately in the interest of national security and only after written prior notification to the congressional defense committees.

SEC. 8077. In addition to amounts provided elsewhere in this Act, \$5,000,000 is hereby appropriated to the Department of Defense, to remain available for obligation until expended: *Provided*, That notwithstanding any other provision of law, that upon the determination of the Secretary of Defense that it shall serve the national interest, these funds shall be available only for a grant to the Fisher House Foundation, Inc., only for the construction and furnishing of additional Fisher Houses to meet the needs of military family members when confronted with the illness or hospitalization of an eligible military beneficiary.

SEC. 8078. None of the funds in this Act may be used for research, development, test, evaluation, procurement or deployment of nuclear armed interceptors of a missile defense system.

SEC. 8079. None of the funds made available by this Act may be obligated or expended for the purpose of decommissioning the USS *Fort Worth*, the USS *Wichita*, the USS *Billings*, the USS *Indianapolis*, or the USS *St. Louis*.

SEC. 8080. None of the funds appropriated or made available in this Act shall be used to reduce or disestablish the operation of the 53rd Weather Reconnaissance Squadron of the Air Force Reserve, if such action would reduce the WC-130 Weather Reconnaissance mission below the levels funded in this Act: *Provided*, That the Air Force shall allow the 53rd Weather Reconnaissance Squadron to perform other missions in support of national defense requirements during the non-hurricane season.

SEC. 8081. None of the funds provided in this Act shall be available for integration of foreign intelligence information unless the information has been lawfully collected and processed during the conduct of authorized foreign intelligence activities: *Provided*, That information pertaining to United States persons shall only be handled in accordance with protections provided in the Fourth Amendment of the United States Constitution as implemented through Executive Order No. 12333.

SEC. 8082. (a) None of the funds appropriated by this Act may be used to transfer research and development, acquisition, or other program authority relating to current tactical unmanned aerial vehicles (TUAVs) from the Army.

(b) The Army shall retain responsibility for and operational control of the MQ-1C Gray Eagle Unmanned Aerial Vehicle (UAV) in order to support the Secretary of Defense in matters relating to the employment of unmanned aerial vehicles.

SEC. 8083. None of the funds appropriated by this Act for programs of the Office of the Director of National Intelligence shall remain available for obligation beyond the current fiscal year, except for funds appropriated for research and technology, which shall remain available until September 30, 2024, and except for funds appropriated for the purchase of real property, which shall remain available until September 30, 2025.

SEC. 8084. For purposes of section 1553(b) of title 31, United States Code, any subdivision of appropriations made in this Act under the heading "Shipbuilding and Conversion, Navy" shall be considered to be for the same purpose as any subdivision under the heading "Shipbuilding and Conversion, Navy" appropriations in any prior fiscal year, and the 1 percent limitation shall apply to the total amount of the appropriation.

SEC. 8085. (a) Not later than 60 days after the date of enactment of this Act, the Director of National Intelligence shall submit a report to the congressional intelligence committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2023: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation by Expenditure Center and project; and

(3) an identification of items of special congressional interest.

(b) None of the funds provided for the National Intelligence Program in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional intelligence committees, unless the Director of National Intelligence certifies in writing to the congressional intelligence committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8086. Any transfer of amounts appropriated to the Department of Defense Acquisition Workforce Development Account in or for fiscal year 2023 to a military department or Defense Agency pursuant to section 1705(e)(1) of title 10, United States Code, shall be covered by and subject to section 8005 of this Act.

SEC. 8087. (a) None of the funds provided for the National Intelligence Program in this or any prior appropriations Act shall be available for obligation or expenditure through a reprogramming or transfer of funds in accordance with section 102A(d) of the National Security Act of 1947 (50 U.S.C. 3024(d)) that—

(1) creates a new start effort;

(2) terminates a program with appropriated funding of \$10,000,000 or more;

(3) transfers funding into or out of the National Intelligence Program; or

(4) transfers funding between appropriations, unless the congressional intelligence committees are notified 30 days in advance of such reprogramming of funds; this notification period may be reduced for urgent national security requirements.

(b) None of the funds provided for the National Intelligence Program in this or any prior appropriations Act shall be available for obligation or expenditure through a reprogramming or transfer of funds in accordance with section 102A(d) of the National Security Act of 1947 (50 U.S.C. 3024(d)) that results in a cumulative increase or decrease of the levels specified in the classified annex accompanying the Act unless the congressional intelligence committees are notified 30 days in advance of such reprogramming of funds; this notification period may be reduced for urgent national security requirements.

SEC. 8088. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public Web site of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.

SEC. 8089. (a) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract for

an amount in excess of \$1,000,000, unless the contractor agrees not to—

(1) enter into any agreement with any of its employees or independent contractors that requires, as a condition of employment, that the employee or independent contractor agree to resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention; or

(2) take any action to enforce any provision of an existing agreement with an employee or independent contractor that mandates that the employee or independent contractor resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention.

(b) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract unless the contractor certifies that it requires each covered subcontractor to agree not to enter into, and not to take any action to enforce any provision of, any agreement as described in paragraphs (1) and (2) of subsection (a), with respect to any employee or independent contractor performing work related to such subcontract. For purposes of this subsection, a “covered subcontractor” is an entity that has a subcontract in excess of \$1,000,000 on a contract subject to subsection (a).

(c) The prohibitions in this section do not apply with respect to a contractor’s or subcontractor’s agreements with employees or independent contractors that may not be enforced in a court of the United States.

(d) The Secretary of Defense may waive the application of subsection (a) or (b) to a particular contractor or subcontractor for the purposes of a particular contract or subcontract if the Secretary or the Deputy Secretary personally determines that the waiver is necessary to avoid harm to national security interests of the United States, and that the term of the contract or subcontract is not longer than necessary to avoid such harm. The determination shall set forth with specificity the grounds for the waiver and for the contract or subcontract term selected, and shall state any alternatives considered in lieu of a waiver and the reasons each such alternative would not avoid harm to national security interests of the United States. The Secretary of Defense shall transmit to Congress, and simultaneously make public, any determination under this subsection not less than 15 business days before the contract or subcontract addressed in the determination may be awarded.

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 8090. From within the funds appropriated for operation and maintenance for the Defense Health Program in this Act, up to \$168,000,000, shall be available for transfer to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund in accordance with the provisions of section

1704 of the National Defense Authorization Act for Fiscal Year 2010, Public Law 111-84: *Provided*, That for purposes of section 1704(b), the facility operations funded are operations of the integrated Captain James A. Lovell Federal Health Care Center, consisting of the North Chicago Veterans Affairs Medical Center, the Navy Ambulatory Care Center, and supporting facilities designated as a combined Federal medical facility as described by section 706 of Public Law 110-417: *Provided further*, That additional funds may be transferred from funds appropriated for operation and maintenance for the Defense Health Program to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund upon written notification by the Secretary of Defense to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 8091. None of the funds appropriated or otherwise made available by this Act may be used by the Department of Defense or a component thereof in contravention of the provisions of section 130h of title 10, United States Code.

SEC. 8092. Appropriations available to the Department of Defense may be used for the purchase of heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$450,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8093. Upon a determination by the Director of National Intelligence that such action is necessary and in the national interest, the Director may, with the approval of the Office of Management and Budget, transfer not to exceed \$1,500,000,000 of the funds made available in this Act for the National Intelligence Program: *Provided*, That such authority to transfer may not be used unless for higher priority items, based on unforeseen intelligence requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: *Provided further*, That a request for multiple reprogrammings of funds using authority provided in this section shall be made prior to June 30, 2023.

SEC. 8094. Of the amounts appropriated in this Act for "Shipbuilding and Conversion, Navy", \$133,000,000, to remain available for obligation until September 30, 2027, may be used for the purchase of two used sealift vessels for the National Defense Reserve Fleet, established under section 11 of the Merchant Ship Sales Act of 1946 (46 U.S.C. 57100): *Provided*, That such amounts are available for reimbursements to the Ready Reserve Force, Maritime Administration account of the United States Department of Transportation for programs, projects, activities, and expenses related to the National Defense Reserve Fleet: *Provided further*, That notwithstanding section 2218 of title 10, United States Code, none of these funds shall be transferred to the National Defense Sealift Fund for execution.

SEC. 8095. The Secretary of Defense shall post grant awards on a public website in a searchable format.

SEC. 8096. None of the funds made available by this Act may be used by the National Security Agency to—

(1) conduct an acquisition pursuant to section 702 of the Foreign Intelligence Surveillance Act of 1978 for the purpose of targeting a United States person; or

(2) acquire, monitor, or store the contents (as such term is defined in section 2510(8) of title 18, United States Code) of any electronic communication of a United States person from a provider of electronic communication services to the public pursuant to section 501 of the Foreign Intelligence Surveillance Act of 1978.

SEC. 8097. None of the funds made available in this or any other Act may be used to pay the salary of any officer or employee of any agency funded by this Act who approves or implements the transfer of administrative responsibilities or budgetary resources of any program, project, or activity financed by this Act to the jurisdiction of another Federal agency not financed by this Act without the express authorization of Congress: *Provided*, That this limitation shall not apply to transfers of funds expressly provided for in Defense Appropriations Acts, or provisions of Acts providing supplemental appropriations for the Department of Defense.

SEC. 8098. Of the amounts appropriated in this Act for “Operation and Maintenance, Navy”, \$589,325,000, to remain available until expended, may be used for any purposes related to the National Defense Reserve Fleet established under section 11 of the Merchant Ship Sales Act of 1946 (46 U.S.C. 57100): *Provided*, That such amounts are available for reimbursements to the Ready Reserve Force, Maritime Administration account of the United States Department of Transportation for programs, projects, activities, and expenses related to the National Defense Reserve Fleet.

SEC. 8099. None of the funds made available by this Act may be used for Government Travel Charge Card expenses by military or civilian personnel of the Department of Defense for gaming, or for entertainment that includes topless or nude entertainers or participants, as prohibited by Department of Defense FMR, Volume 9, Chapter 3 and Department of Defense Instruction 1015.10 (enclosure 3, 14a and 14b).

SEC. 8100. (a) None of the funds provided in this Act for the TAO Fleet Oiler program shall be used to award a new contract that provides for the acquisition of the following components unless those components are manufactured in the United States: Auxiliary equipment (including pumps) for shipboard services; propulsion equipment (including engines, reduction gears, and propellers); shipboard cranes; spreaders for shipboard cranes; and anchor chains, specifically for the seventh and subsequent ships of the fleet.

(b) None of the funds provided in this Act for the FFG(X) Frigate program shall be used to award a new contract that provides for the acquisition of the following components unless those components are manufactured in the United States: Air circuit breakers; gyrocompasses; electronic navigation chart systems; steering controls; pumps; propulsion and machinery control systems; totally enclosed lifeboats; auxiliary equipment pumps; shipboard cranes; auxiliary chill water systems; and propulsion propellers: *Provided*,

That the Secretary of the Navy shall incorporate United States manufactured propulsion engines and propulsion reduction gears into the FFG(X) Frigate program beginning not later than with the eleventh ship of the program.

SEC. 8101. None of the funds provided in this Act for requirements development, performance specification development, concept design and development, ship configuration development, systems engineering, naval architecture, marine engineering, operations research analysis, industry studies, preliminary design, development of the Detailed Design and Construction Request for Proposals solicitation package, or related activities for the T-ARC(X) Cable Laying and Repair Ship or the T-AGOS(X) Oceanographic Surveillance Ship may be used to award a new contract for such activities unless these contracts include specifications that all auxiliary equipment, including pumps and propulsion shafts, are manufactured in the United States.

SEC. 8102. No amounts credited or otherwise made available in this or any other Act to the Department of Defense Acquisition Workforce Development Account may be transferred to:

(1) the Rapid Prototyping Fund established under section 804(d) of the National Defense Authorization Act for Fiscal Year 2016 (10 U.S.C. 2302 note); or

(2) credited to a military-department specific fund established under section 804(d)(2) of the National Defense Authorization Act for Fiscal Year 2016 (as amended by section 897 of the National Defense Authorization Act for Fiscal Year 2017).

SEC. 8103. From funds made available in title II of this Act, the Secretary of Defense may purchase for use by military and civilian employees of the Department of Defense in the United States Central Command area of responsibility: (1) passenger motor vehicles up to a limit of \$75,000 per vehicle; and (2) heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$450,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

SEC. 8104. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network is designed to block access to pornography websites.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities, or for any activity necessary for the national defense, including intelligence activities.

SEC. 8105. None of the funds provided for, or otherwise made available, in this or any other Act, may be obligated or expended by the Secretary of Defense to provide motorized vehicles, aviation platforms, munitions other than small arms and munitions appropriate for customary ceremonial honors, operational military units, or operational military platforms if the Secretary determines that providing such units, platforms, or equipment would undermine the readiness of such units, platforms, or equipment.

SEC. 8106. (a) None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or

provide a loan or loan guarantee to any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting such tax liability, provided that the applicable Federal agency is aware of the unpaid Federal tax liability.

(b) Subsection (a) shall not apply if the applicable Federal agency has considered suspension or debarment of the corporation described in such subsection and has made a determination that such suspension or debarment is not necessary to protect the interests of the Federal Government.

SEC. 8107. (a) Amounts appropriated under title IV of this Act, as detailed in budget activity eight of the “Explanation of Project Level Adjustments” tables in the explanatory statement regarding this Act, may be used for expenses for the agile research, development, test and evaluation, procurement, production, modification, and operation and maintenance, only for the following Software and Digital Technology Pilot programs—

- (1) Defensive CYBER (PE 0608041A);
- (2) Risk Management Information (PE 0608013N);
- (3) Maritime Tactical Command and Control (PE 0608231N);
- (4) Space Command & Control (PE 1208248SF);
- (5) National Background Investigation Services (PE 0608197V);
- (6) Global Command and Control System (PE 0303150K);
- and
- (7) Acquisition Visibility (PE 0608648D8Z).

(b) None of the funds appropriated by this or prior Department of Defense Appropriations Acts may be obligated or expended to initiate additional Software and Digital Technology Pilot Programs in fiscal year 2023.

SEC. 8108. In addition to amounts provided elsewhere in this Act, there is appropriated \$686,500,000, for an additional amount for “Operation and Maintenance, Defense-Wide”, to remain available until expended: *Provided*, That such funds shall only be available to the Secretary of Defense, acting through the Office of Local Defense Community Cooperation of the Department of Defense, or for transfer to the Secretary of Education, notwithstanding any other provision of law, to make grants, conclude cooperative agreements, or supplement other Federal funds to construct, renovate, repair, or expand elementary and secondary public schools on military installations in order to address capacity or facility condition deficiencies at such schools: *Provided further*, That in making such funds available, the Office of Local Defense Community Cooperation or the Secretary of Education shall give priority consideration to those military installations with schools having the most serious capacity or facility condition deficiencies as determined by the Secretary of Defense: *Provided further*, That as a condition of receiving funds under this section a local educational agency or State shall provide a matching share as described in the notice titled “Department of Defense Program for Construction, Renovation, Repair or Expansion of Public Schools Located on Military Installations” published by the Department of Defense in the Federal Register on Sep-

tember 9, 2011 (76 Fed. Reg. 55883 et seq.): *Provided further*, That these provisions apply to funds provided under this section, and to funds previously provided by Congress to construct, renovate, repair, or expand elementary and secondary public schools on military installations in order to address capacity or facility condition deficiencies at such schools to the extent such funds remain unobligated on the date of enactment of this section.

SEC. 8109. None of the funds made available in this Act may be used in contravention of the following laws enacted or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment (done at New York on December 10, 1984):

(1) Section 2340A of title 18, United States Code.

(2) Section 2242 of the Foreign Affairs Reform and Restructuring Act of 1998 (division G of Public Law 105-277; 112 Stat. 2681-822; 8 U.S.C. 1231 note) and regulations prescribed thereto, including regulations under part 208 of title 8, Code of Federal Regulations, and part 95 of title 22, Code of Federal Regulations.

(3) Sections 1002 and 1003 of the Department of Defense, Emergency Supplemental Appropriations to Address Hurricanes in the Gulf of Mexico, and Pandemic Influenza Act, 2006 (Public Law 109-148).

SEC. 8110. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", for the Defense Security Cooperation Agency, \$300,000,000, to remain available until September 30, 2024, shall be for the Ukraine Security Assistance Initiative: *Provided*, That such funds shall be available to the Secretary of Defense, with the concurrence of the Secretary of State, to provide assistance, including training; equipment; lethal assistance; logistics support, supplies and services; salaries and stipends; sustainment; and intelligence support to the military and national security forces of Ukraine, and to other forces or groups recognized by and under the authority of the Government of Ukraine, including governmental entities within Ukraine, engaged in resisting Russian aggression against Ukraine, for replacement of any weapons or articles provided to the Government of Ukraine from the inventory of the United States, and to recover or dispose of equipment procured using funds made available in this section in this or prior Acts: *Provided further*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section, notify the congressional defense committees in writing of the details of any such obligation: *Provided further*, That the Secretary of Defense shall, not more than 60 days after such notification is made, inform such committees if such funds have not been obligated and the reasons therefor: *Provided further*, That the Secretary of Defense shall consult with such committees in advance of the provision of support provided to other forces or groups recognized by and under the authority of the Government of Ukraine: *Provided further*, That the United States may accept equipment procured using funds made available in this section in this or prior Acts transferred to the security forces of Ukraine and returned by such forces to the United States: *Provided further*, That equipment procured using funds made available in

this section in this or prior Acts, and not yet transferred to the military or national security forces of Ukraine or to other assisted entities, or returned by such forces or other assisted entities to the United States, may be treated as stocks of the Department of Defense upon written notification to the congressional defense committees: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the congressional defense committees on the use and status of funds made available in this section.

SEC. 8111. During the current fiscal year, the Department of Defense is authorized to incur obligations of not to exceed \$350,000,000 for purposes specified in section 2350j(c) of title 10, United States Code, in anticipation of receipt of contributions, only from the Government of Kuwait, under that section: *Provided*, That, such contributions shall, upon receipt, be credited to the appropriations or fund which incurred such obligations.

SEC. 8112. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", for the Defense Security Cooperation Agency, \$1,510,260,000, to remain available until September 30, 2024, shall be available for International Security Cooperation Programs and other programs to provide support and assistance to foreign security forces or other groups or individuals to conduct, support or facilitate counterterrorism, crisis response, or building partner capacity programs: *Provided*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section, notify the congressional defense committees in writing of the details of any planned obligation: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8113. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", for the Defense Security Cooperation Agency, \$410,000,000, to remain available until September 30, 2024, shall be available to reimburse Jordan, Lebanon, Egypt, Tunisia, and Oman under section 1226 of the National Defense Authorization Act for Fiscal Year 2016 (22 U.S.C. 2151 note), for enhanced border security, of which not less than \$150,000,000 shall be for Jordan: *Provided*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section, notify the congressional defense committees in writing of the details of any planned obligation and the nature of the expenses incurred: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8114. None of the funds made available by this Act may be used in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.).

SEC. 8115. None of the funds made available by this Act for excess defense articles, assistance under section 333 of title 10, United States Code, or peacekeeping operations for the countries designated annually to be in violation of the standards of the Child Soldiers Prevention Act of 2008 (Public Law 110-457; 22 U.S.C. 2370c-1) may be used to support any military training or operation

that includes child soldiers, as defined by the Child Soldiers Prevention Act of 2008, unless such assistance is otherwise permitted under section 404 of the Child Soldiers Prevention Act of 2008.

SEC. 8116. None of the funds made available by this Act may be made available for any member of the Taliban.

SEC. 8117. Notwithstanding any other provision of law, any transfer of funds, appropriated or otherwise made available by this Act, for support to friendly foreign countries in connection with the conduct of operations in which the United States is not participating, pursuant to section 331(d) of title 10, United States Code, shall be made in accordance with section 8005 of this Act.

SEC. 8118. (a) None of the funds appropriated or otherwise made available by this or any other Act may be used by the Secretary of Defense, or any other official or officer of the Department of Defense, to enter into a contract, memorandum of understanding, or cooperative agreement with, or make a grant to, or provide a loan or loan guarantee to Rosoboronexport or any subsidiary of Rosoboronexport.

(b) The Secretary of Defense may waive the limitation in subsection (a) if the Secretary, in consultation with the Secretary of State and the Director of National Intelligence, determines that it is in the vital national security interest of the United States to do so, and certifies in writing to the congressional defense committees that—

(1) Rosoboronexport has ceased the transfer of lethal military equipment to, and the maintenance of existing lethal military equipment for, the Government of the Syrian Arab Republic;

(2) the armed forces of the Russian Federation have withdrawn from Ukraine; and

(3) agents of the Russian Federation have ceased taking active measures to destabilize the control of the Government of Ukraine over eastern Ukraine.

(c) The Inspector General of the Department of Defense shall conduct a review of any action involving Rosoboronexport with respect to a waiver issued by the Secretary of Defense pursuant to subsection (b), and not later than 90 days after the date on which such a waiver is issued by the Secretary of Defense, the Inspector General shall submit to the congressional defense committees a report containing the results of the review conducted with respect to such waiver.

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 8119. In addition to the amounts appropriated or otherwise made available elsewhere in this Act, \$1,000,000,000, to remain available until September 30, 2024, is hereby appropriated to the Department of Defense and made available for transfer only to other appropriations available to the Department of Defense in Department of Defense Appropriations Acts: *Provided*, That such funds shall be available to the Secretary of Defense for the purpose of conducting activities relating to improvements of infrastructure and defueling at the Red Hill Bulk Fuel Storage Facility: *Provided further*, That amounts transferred pursuant to this appropriation shall be merged with, and be available for the same purposes and time period as the appropriations to which transferred: *Provided*

*further*, That upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided in this section, such amounts may be transferred back to this section: *Provided further*, That the transfer authority provided pursuant to this section is in addition to any other transfer authority provided by law: *Provided further*, That not less than 30 days prior to any transfer of funds pursuant to this section, the Secretary of Defense shall notify the congressional defense committees of the details of any such transfer: *Provided further*, That not later than 60 days after the enactment of this Act and every 30 days thereafter through fiscal year 2024, the Secretary of Defense shall submit a report to the Committees on Appropriations of the House of Representatives and Senate, setting forth all categories and amounts of obligations and expenditures made under the authority provided in this section.

SEC. 8120. (a) Notwithstanding section 2215 of title 10, United States Code, the Secretary of Defense may transfer to the Secretary of State, for use by the United States Agency for International Development, amounts to be used for the Bien Hoa dioxin cleanup in Vietnam.

(b) Not more than \$15,000,000 may be transferred in each of fiscal years 2024 through 2030 under the transfer authority in subsection (a).

(c) The transfer authority in subsection (a) is in addition to any other transfer authority available to the Department of Defense.

(d) If the Secretary of Defense determines to use the transfer authority in subsection (a), the Secretary shall notify the congressional defense committees of that determination not later than 30 days before the Secretary uses the transfer authority.

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 8121. In addition to amounts appropriated in title III, title IV, or otherwise made available elsewhere in this Act, \$1,052,501,000 is hereby appropriated to the Department of Defense and made available for transfer to the procurement and research, development, test and evaluation accounts of the Army, Navy, Marine Corps, Air Force, and Space Force to reflect revised economic assumptions: *Provided*, That the transfer authority provided under this section is in addition to any other transfer authority provided elsewhere in this Act: *Provided further*, That none of the funds provided under this section may be obligated or expended until 30 days after the Secretary of Defense provides the Committees on Appropriations of the House of Representatives and the Senate a detailed execution plan for such funds.

SEC. 8122. Notwithstanding any other provision of this Act, to reflect savings due to favorable foreign exchange rates, the total amount appropriated in this Act is hereby reduced by \$956,400,000.

SEC. 8123. Equipment procured using funds provided in prior Acts under the heading "Counterterrorism Partnerships Fund" for the program authorized by section 1209 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291), or under the heading "Iraq Train and Equip Fund" for the program authorized by section 1236

of such Act, and not yet transferred to authorized recipients may be transferred to foreign security forces, irregular forces, groups, or individuals, authorized to receive assistance using amounts provided under the heading “Counter-ISIS Train and Equip Fund” in this Act: *Provided*, That such equipment may be transferred 15 days following written notification to the congressional defense committees.

SEC. 8124. Of the amounts appropriated in this Act under the heading “Operation and Maintenance, Defense-Wide”, for the Defense Security Cooperation Agency, \$25,000,000, to remain available until September 30, 2024, shall be for payments to reimburse key cooperating nations for logistical, military, and other support, including access, provided to United States military and stability operations to counter the Islamic State of Iraq and Syria: *Provided*, That such reimbursement payments may be made in such amounts as the Secretary of Defense, with the concurrence of the Secretary of State, and in consultation with the Director of the Office of Management and Budget, may determine, based on documentation determined by the Secretary of Defense to adequately account for the support provided, and such determination is final and conclusive upon the accounting officers of the United States, and 15 days following written notification to the appropriate congressional committees: *Provided further*, That these funds may be used for the purpose of providing specialized training and procuring supplies and specialized equipment and providing such supplies and loaning such equipment on a non-reimbursable basis to coalition forces supporting United States military and stability operations to counter the Islamic State of Iraq and Syria, and 15 days following written notification to the appropriate congressional committees: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8125. In carrying out the program described in the memorandum on the subject of “Policy for Assisted Reproductive Services for the Benefit of Seriously or Severely Ill/Injured (Category II or III) Active Duty Service Members” issued by the Assistant Secretary of Defense for Health Affairs on April 3, 2012, and the guidance issued to implement such memorandum, the Secretary of Defense shall apply such policy and guidance, except that—

(1) the limitation on periods regarding embryo cryopreservation and storage set forth in part III(G) and in part IV(H) of such memorandum shall not apply; and

(2) the term “assisted reproductive technology” shall include embryo cryopreservation and storage without limitation on the duration of such cryopreservation and storage.

SEC. 8126. None of the funds appropriated or otherwise made available by this Act may be used to transfer the National Reconnaissance Office to the Space Force: *Provided*, That nothing in this Act shall be construed to limit or prohibit cooperation, collaboration, and coordination between the National Reconnaissance Office and the Space Force or any other elements of the Department of Defense.

SEC. 8127. Funds awarded pursuant to the authority in section 8085 of the Department of Defense Appropriations Act, 2010 (Public Law 111-118) to the Edward M. Kennedy Institute for the Senate may be used for facility operations and maintenance, and program activities, without regard to any previous endowment disbursement limitations.

SEC. 8128. The Secretary of Defense shall notify the congressional defense committees in writing not more than 30 days after the receipt of any contribution of funds received from the government of a foreign country for any purpose relating to the stationing or operations of the United States Armed Forces: *Provided*, That such notification shall include the amount of the contribution; the purpose for which such contribution was made; and the authority under which such contribution was accepted by the Secretary of Defense: *Provided further*, That not fewer than 15 days prior to obligating such funds, the Secretary of Defense shall submit to the congressional defense committees in writing a notification of the planned use of such contributions, including whether such contributions would support existing or new stationing or operations of the United States Armed Forces.

SEC. 8129. (a) The Chairman of the Joint Chiefs, in coordination with the Secretaries of the military departments and the Chiefs of the Armed Forces, shall submit to the congressional defense committees, not later than 30 days after the last day of each quarter of the fiscal year, a report on the use of operation and maintenance funds for activities or exercises in excess of \$5,000,000 that have been designated by the Secretary of Defense as unplanned activities for fiscal year 2023.

(b) Each report required by subsection (a) shall also include—

(1) the title, date, and location, of each activity and exercise covered by the report;

(2) an identification of the military department and units that participated in each such activity or exercise (including an estimate of the number of participants);

(3) the total cost of the activity or exercise, by budget line item (with a breakdown by cost element such as transportation); and

(4) a short explanation of the objective of the activity or exercise.

(c) The report required by subsection (a) shall be submitted in unclassified form, but may include a classified annex.

SEC. 8130. Not later than 15 days after the date on which any foreign base that involves the stationing or operations of the United States Armed Forces, including a temporary base, permanent base, or base owned and operated by a foreign country, is opened or closed, the Secretary of Defense shall notify the congressional defense committees in writing of the opening or closing of such base: *Provided*, That such notification shall also include information on any personnel changes, costs, and savings associated with the opening or closing of such base.

SEC. 8131. None of the funds made available by this Act may be used with respect to Iraq in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.), including for the introduction of United States Armed Forces into hostilities in Iraq, into situations

in Iraq where imminent involvement in hostilities is clearly indicated by the circumstances, or into Iraqi territory, airspace, or waters while equipped for combat, in contravention of the congressional consultation and reporting requirements of sections 3 and 4 of such Resolution (50 U.S.C. 1542 and 1543).

SEC. 8132. None of the funds made available by this Act may be used with respect to Syria in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.), including for the introduction of United States armed or military forces into hostilities in Syria, into situations in Syria where imminent involvement in hostilities is clearly indicated by the circumstances, or into Syrian territory, airspace, or waters while equipped for combat, in contravention of the congressional consultation and reporting requirements of sections 3 and 4 of that law (50 U.S.C. 1542 and 1543).

SEC. 8133. Nothing in this Act may be construed as authorizing the use of force against Iran or the Democratic People's Republic of Korea.

SEC. 8134. None of the funds appropriated or otherwise made available by this or any other Act shall be obligated or expended by the United States Government for a purpose as follows:

(1) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Iraq.

(2) To exercise United States control over any oil resource of Iraq or Syria.

SEC. 8135. None of the funds made available by this Act under the heading "Counter-ISIS Train and Equip Fund", and under the heading "Operation and Maintenance, Defense-Wide" for Department of Defense security cooperation grant programs, may be used to procure or transfer man-portable air defense systems.

SEC. 8136. Up to \$500,000,000 of funds appropriated by this Act for the Defense Security Cooperation Agency in "Operation and Maintenance, Defense-Wide" may be used to provide assistance to the Government of Jordan to support the armed forces of Jordan and to enhance security along its borders.

SEC. 8137. None of the funds made available by this Act may be used to support any activity conducted by, or associated with, the Wuhan Institute of Virology.

SEC. 8138. None of the funds made available by this Act may be used to provide arms, training, or other assistance to the Azov Battalion.

SEC. 8139. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at United States Naval Station, Guantánamo Bay, Cuba, by the Department of Defense.

SEC. 8140. None of the funds appropriated or otherwise made available in this Act may be used to transfer any individual detained at United States Naval Station Guantánamo Bay, Cuba, to

the custody or control of the individual's country of origin, any other foreign country, or any other foreign entity except in accordance with section 1034 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114–92) and section 1035 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232).

SEC. 8141. (a) None of the funds appropriated or otherwise made available in this or any other Act may be used to construct, acquire, or modify any facility in the United States, its territories, or possessions to house any individual described in subsection (c) for the purposes of detention or imprisonment in the custody or under the effective control of the Department of Defense.

(b) The prohibition in subsection (a) shall not apply to any modification of facilities at United States Naval Station, Guantánamo Bay, Cuba.

(c) An individual described in this subsection is any individual who, as of June 24, 2009, is located at United States Naval Station, Guantánamo Bay, Cuba, and who—

(1) is not a citizen of the United States or a member of the Armed Forces of the United States; and

(2) is—

(A) in the custody or under the effective control of the Department of Defense; or

(B) otherwise under detention at United States Naval Station, Guantánamo Bay, Cuba.

SEC. 8142. None of the funds made available by this Act may be used to carry out the closure or realignment of the United States Naval Station, Guantánamo Bay, Cuba.

SEC. 8143. None of the funds made available by this Act may be used to fund any work to be performed by EcoHealth Alliance, Inc. in China on research supported by the government of China unless the Secretary of Defense determines that a waiver to such prohibition is in the national security interests of the United States and, not later than 14 days after granting such a waiver, submits to the congressional defense committees a detailed justification for the waiver, including—

(1) an identification of the Department of Defense entity obligating or expending the funds;

(2) an identification of the amount of such funds;

(3) an identification of the intended purpose of such funds;

(4) an identification of the recipient or prospective recipient of such funds (including any third-party entity recipient, as applicable);

(5) an explanation for how the waiver is in the national security interests of the United States; and

(6) any other information the Secretary determines appropriate.

SEC. 8144. (a) Within 45 days of enactment of this Act, the Secretary of Defense shall allocate amounts made available from the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Defense Fund for fiscal year 2023 pursuant to the transfer authority in section 102(b)(1) of the CHIPS Act of 2022 (division A of Public Law 117–167), to the account specified, in the amounts specified, and for the projects and activities specified, in the table

titled “Department of Defense Allocation of Funds: CHIPS and Science Act Fiscal Year 2023” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(b) Neither the President nor his designee may allocate any amounts that are made available for any fiscal year under section 102(b)(2) of the CHIPS Act of 2022 if there is in effect an Act making or continuing appropriations for part of a fiscal year for the Department of Defense: *Provided*, That in any fiscal year, the matter preceding this proviso shall not apply to the allocation, apportionment, or allotment of amounts for continuing administration of programs allocated using funds transferred from the CHIPS for America Defense Fund, which may be allocated pursuant to the transfer authority in section 102(b)(1) of the CHIPS Act of 2022 only in amounts that are no more than the allocation for such purposes in subsection (a) of this section.

(c) The Secretary of Defense may reallocate funds allocated by subsection (a) of this section, subject to the terms and conditions contained in the provisos in section 8005 of this Act: *Provided*, That amounts may be reallocated pursuant to this subsection only for those requirements necessary to carry out section 9903(b) of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

(d) Concurrent with the annual budget submission of the President for fiscal year 2024, the Secretary of Defense shall submit to the Committees on Appropriations of the House of Representatives and the Senate proposed allocations by account and by program, project, or activity, with detailed justifications, for amounts made available under section 102(b)(2) of the CHIPS Act of 2022 for fiscal year 2024.

(e) The Department of Defense shall provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of projects and activities funded by the CHIPS for America Defense Fund for amounts allocated pursuant to subsection (a) of this section, including all uncommitted, committed, and unobligated funds.

SEC. 8145. The Secretary of the Navy shall continue to provide pay and allowances to Lieutenant Ridge Alkonis, United States Navy, until such time as the Secretary of the Navy makes a determination with respect to the separation of Lieutenant Alkonis from the Navy.

This division may be cited as the “Department of Defense Appropriations Act, 2023”.

[CLERK'S NOTE.—Reproduced below is the material relating to division C contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION C—DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2023**

The following is an explanation of the effects of this Act, which makes appropriations for the Department of Defense for fiscal year 2023. The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–388 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

### **DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY**

For the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177), as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100–119), and by the Budget Enforcement Act of 1990 (Public Law 101–508), the terms “program, project, and activity” for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 2023, the related classified annexes and Committee reports, and the P–1 and R–1 budget justification documents as subsequently modified by congressional action.

The following exception to the above definition shall apply: the military personnel and the operation and maintenance accounts, for which the term “program, project, and activity” is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

At the time the President submits the Budget for fiscal year 2024, the Secretary of Defense is directed to transmit to the congressional defense committees budget justification documents to be known as the M–1 and O–1, which shall identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and operation and maintenance in any budget request, or amended budget request, for fiscal year 2024.

<sup>1</sup>This Explanatory Statement was submitted for printing in the Congressional Record on December 20, 2022 by Mr. Leahy of Vermont, Chairman of the Senate Committee on Appropriations. The statement appears on page S8029 of Book I.

## REPROGRAMMING GUIDANCE

The Secretary of Defense is directed to continue to follow the reprogramming guidance for acquisition accounts as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110–279). The dollar threshold for reprogramming funds shall be \$10,000,000 for military personnel; operation and maintenance; procurement; and research, development, test and evaluation.

Additionally, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees annual DD Form 1416 reports for titles I and II and quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a military personnel (M–1); an operation and maintenance (O–1); a procurement (P–1); or a research, development, test and evaluation (R–1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

## CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or items for which funding is specifically reduced as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” in this report are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the Committee report.

## REVISED ECONOMIC ASSUMPTIONS

The agreement provides additional funding to offset cost factors that have increased since the formulation of the fiscal year 2023 President’s budget request. This includes \$1,752,375,000 for higher than planned housing, subsistence and other expenses for military personnel; \$841,892,000 for higher costs for utilities and daycare; over \$1,000,000,000 for acquisition programs; \$209,615,000 to offset price increases for patrons at the commissaries; \$400,000,000 for higher costs for the Defense Health Program; as well as \$3,734,000,000 for higher fuel costs. It is directed that the additional funding shall be applied to incremental costs due to increased inflation or other pricing indexes and shall not be used to address program baseline shortfalls or to fund other unforeseen requirements. The Under Secretary of Defense (Comptroller) is di-

rected to continue working with the congressional defense committees to refine pricing shortfall estimates caused by revised economic assumptions through the second quarter of fiscal year 2023. Further, it is directed that none of these additional funds may be obligated or expended until 30 days after the Under Secretary of Defense (Comptroller) provides an execution plan to the congressional defense committees.

#### CLASSIFIED ANNEX

Adjustments to the classified programs are addressed in the classified annex accompanying this report.

#### FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables.

#### COMPETITION FOR CONGRESSIONAL INCREASES

Funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables titled Explanation of Project Level Adjustments. Except for projects contained in the table titled Community Project Funding, funding increases shall be competitively awarded, or provided to programs that have received competitive awards in the past.

#### COMMUNITY PROJECT FUNDING

The agreement directs the Secretary of Defense to ensure that all Community Project Funding is awarded to its intended recipients.

#### APPROPRIATIONS FOR DEPARTMENT OF DEFENSE-IDENTIFIED UNFUNDED REQUIREMENTS

In accordance with 10 U.S.C. 222(a), the military services and combatant commands submitted to the congressional defense committees unfunded mission requirements in excess of \$19,000,000,000 with submission of the fiscal year 2023 President's budget. The agreement includes additional appropriations in fiscal year 2023 to address these shortfalls, as identified in the tables of Explanation of Project Level Adjustments in this explanatory statement. As previously stated, there are concerns about instances where appropriations for unfunded requirements remained unobligated until proposed for realignment. While it is understandable that requirements evolve and associated funding requirements change during execution of the budget, such unexecuted appropriations suggest that additional details regarding the execution of appropriations provided specifically for unfunded requirements identified by the Department of Defense is warranted. Therefore, direction included in the Joint Explanatory Statement accompanying the Department of Defense Appropriations Act, 2022, is reiterated, and it is directed that any submission of unfunded requirements by the military services, defense agencies, and combatant commands with the fiscal year 2024 President's budget be accompanied by updated requirements and programmatic and execution plans for un-

funded requirements that received appropriations in fiscal year 2023. Further, the Assistant Secretaries (Financial Management and Comptroller) for the Air Force, Navy, and Army are directed to incorporate in the congressional budget brief templates distinct programmatic and execution data for appropriations provided in the previous three fiscal years for unfunded requirements pertaining to the program/effort.

#### CONTROLLED UNCLASSIFIED INFORMATION

In March 2020, the Undersecretary of Defense for Intelligence and Security issued Instruction 5200.48, which outlines the Department's policies on content that it deems controlled unclassified information (CUI). It is understood that these policies are intended to safeguard national security and ensure that sensitive but unclassified Department of Defense information is not revealed to adversaries. However, while common sense security practices are supported, there is concern that the extensive use of CUI will result in less transparency, accountability, and congressional oversight. Therefore, the Deputy Secretary of Defense is directed to review the current usage of CUI to ensure its appropriate application, and to brief the congressional defense committees not later than 30 days after the enactment of this Act on the findings of this review. As appropriate, the briefing may be provided in an unclassified format with a classified annex.

#### NAVY AND MARINE CORPS AVIATION MISHAPS

The number of Navy and Marine Corps aviation mishaps that have occurred in the current calendar year, some of which have resulted in the tragic loss of life of sailors and Marines, is concerning. The Chief of Naval Operations and the Commandant of the Marine Corps are directed to brief the findings of the accident review boards on the various mishaps to the House and Senate Appropriations Committees not later than 180 days after the enactment of this Act. The agreement encourages Service leadership to focus on finding common causes that apply to both the Navy and Marine Corps aviation units and their missions.

#### REFORMS, RE-PRIORITIZATIONS, AND RETIREMENTS EXHIBIT

The Under Secretary of Defense (Comptroller) is directed to continue to refine the "Reforms, Re-prioritizations, and Retirements" budget exhibit, to include budget line item details, and to submit the Defense Operation and Maintenance overview book at the same time as the detailed justification books.

#### HOMELAND DEFENSE RADAR—HAWAII

The agreement directs the Director of the Missile Defense Agency, in consultation with the Commander of United States Indo-Pacific Command, to provide quarterly updates to the congressional defense committees on the status of the Homeland Defense Radar—Hawaii production and location siting, as well as current and evolving threats in the region. These updates shall be provided at the unclassified and classified level as required.

## DEFENSE OF GUAM

The Director, Missile Defense Agency, in coordination with the Secretaries of the Army, Navy, and Air Force, is directed to provide a quarterly update to the congressional defense committees on the mission to support the Defense of Guam. The update shall include: the status of environmental impact statements and site surveys required to support placement of weapons systems supporting the Defense of Guam, the upgrades to Guam's infrastructure required to support the mission, acquisition schedules of anticipated weapons systems and corresponding deployment schedules of such systems, manning requirements for the Defense of Guam mission, and obligation and expenditure data on all funding related to the Defense of Guam. These updates shall be provided at an unclassified and classified level as required.

## COMPLETE AND TIMELY FINANCIAL REPORTING

The agreement directs the Undersecretary of Defense (Comptroller) to provide the congressional defense committees, not later than 60 days after the enactment of this Act, a plan for delivery of comprehensive obligation and execution data, including expenditure data for funds with a tenure longer than one year.

## JOINT STRIKE FIGHTER

In July 2022, the Department of Defense announced a contract for F-35 Joint Strike Fighters (JSF) covering production lots 15 through 17, corresponding to fiscal years 2021 through 2023. This contract encompasses 230 United States aircraft previously appropriated by Congress or requested in the fiscal year 2023 President's budget request. Due to multiple factors, the cost of this contract exceeds available and requested funds by \$1,825,600,000 once all relevant factors are considered, putting 19 aircraft at risk of being lost. Through a combination of congressional increases and excess funds transferred from elsewhere within the JSF program, the agreement provides resources to cover this shortfall, allowing for the restoration of all 19 at-risk aircraft, including 11 F-35A, one F-35B, and seven F-35C aircraft in fiscal year 2023 and prior years. The Program Executive Officer (PEO), F-35 Joint Program Office (JPO) is directed to report to the congressional defense committees, not later than 90 days after the enactment of this Act, on how these additional funds will be applied to the lot 15-17 contract.

In addition, it is noted that development and test activities on the critical path for the Block 4 and TR-3 capability upgrades continue to experience repeated delays and are jeopardizing the current timeline for planned integration into lot 15 aircraft. The agreement therefore directs the PEO, F-35 JPO to submit a report to the congressional defense committees providing an updated assessment of the Block 4 and TR-3 development programs, to include an assessment of the critical paths to lot 15 integration and retrofit installation, not later than 30 days after the enactment of this Act and written notification following each subsequent breach in timeline for those activities identified along the critical path.

BUDGET JUSTIFICATION DOCUMENTATION OF OVERSEAS OPERATIONS  
FUNDING

Section 8077 of H.R. 8236 directed specific details be included in separate budget justification documents for cost of the United States Armed Forces' participation in contingency operations for the Military Personnel accounts; the Operation and Maintenance accounts; the Procurement accounts; and the Research, Development, Test, and Evaluation accounts. The agreement does not include this provision. It is acknowledged that creating base budget justification books and a separate Overseas Operations Appendix is not only an administrative burden, but may confuse the process, with some stakeholders not being aware that the Appendix is a subset of the baseline submission.

In lieu of a general provision prescribing the formulation of the budget justification documents, the agreement directs the Under Secretary of Defense (Comptroller) and the Assistant Secretaries of the Army, Navy, and Air Force (Financial Management and Comptroller) to work together with the House and Senate Appropriations Committees to develop clear guidance on how to account for both baseline and contingency operations funding in the budget request exhibits for all appropriations. Comptrollers are further directed to begin discussions not later than 45 days after the enactment of this Act and for the updated exhibits to be included in the justification materials with the fiscal year 2025 President's budget request.

## TITLE I—MILITARY PERSONNEL

The agreement provides \$172,708,964,000 in Title I, Military Personnel.

## MILITARY PERSONNEL OVERVIEW

The agreement provides the resources required for 1,316,944 active forces and 770,400 selected reserve forces in order to meet operational needs for fiscal year 2023. The agreement also provides the funding necessary to support a 4.6 percent pay raise for all military personnel, effective January 1, 2023.

## REPROGRAMMING GUIDANCE FOR MILITARY PERSONNEL ACCOUNTS

The Secretary of Defense is directed to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2023 appropriations accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' military personnel accounts between budget activities in excess of \$10,000,000.

## MILITARY PERSONNEL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). This includes the program increases for basic allowance for subsistence, basic allowance for housing, dislocation allowance, basic needs allowance and temporary lodging expense. Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in the joint explanatory statement. Below threshold reprogrammings may not be used to either restore or reduce fund-

ing from congressional special interest items as identified on the DD Form 1414.

#### STRENGTH REPORTING

The Service Secretaries are directed to provide monthly strength reports for all components to the congressional defense committees beginning not later than 30 days after the enactment of this Act. The first report shall provide actual baseline end strength for officer, enlisted, and cadet personnel, and the total component. The second report shall provide the end of year projection for average strength for officer, enlisted, and cadet personnel using the formula in the Department of Defense Financial Management Regulation Volume 2A, Chapter Two. For the active components, this report shall break out average strength data by base and direct war and enduring costs; and differentiate between the active and reserve components. It shall also include the actuals and projections compared to the fiscal year 2023 President's budget request.

#### RESERVE COMPONENT BUDGET REPORTING

The Secretary of Defense is directed to provide a semi-annual detailed report to the congressional defense committees which shows transfers between sub-activities within the military personnel appropriation. Reports shall be submitted not later than 30 days after the end of the second quarter and not later than 30 days after the end of the fiscal year.

#### ADVANCED TRAUMA AND PUBLIC HEALTH DIRECT TRAINING SERVICES FOR THE NATIONAL GUARD

The Chiefs of the National Guard are directed to continue pursuing state-of-the-art trauma training, critical care, behavioral health, public health training and other ancillary, direct training with civilian and international partners. Further, the Chiefs of the National Guard are directed to develop enhanced medical and critical care preparedness programs in order to minimize civilian-military and international coalition medical operational gaps in the event of a catastrophic incident. These preparedness programs shall be delivered through direct training services, to include public health curriculums focusing on the epidemiology of public health diseases, mass casualty triage, advanced disaster and hazardous material life support, emergency dental, and psychological health.

#### EXTREMISM IN THE MILITARY

In lieu of House language on extremism in the military, the agreement directs the Secretary of Defense, not later than 120 days after the enactment of this Act, to provide the congressional defense committees with an update to the report on military personnel and extremist or criminal groups. The report shall describe new policy and personnel actions taken since the preceding report and provide additional information on the types of extremist or criminal groups involved in such personnel actions. Details may be provided by a classified appendix, if required.

## AIR NATIONAL GUARD UNITS WITH SPACE MISSIONS

The Secretary of the Air Force is directed to provide a report to the congressional defense committees detailing any plans to transfer space missions, personnel, or equipment of the Air National Guard to the Space Force. The report shall be submitted not later than 30 days after the transfer decision is made, shall include fiscal year 2024 cost estimates through the future years defense program, the rationale for the decision, an explanation of organizational benefits, and any follow-on missions identified for the Air National Guard units that are losing space elements following the transfer. Further, the Secretary of the Air Force is directed to certify in writing that such transfer is consistent with the mission of the Space Force and will not have an adverse impact on the Air National Guard.

REPROGRAMMING GUIDANCE FOR OPERATION AND MAINTENANCE  
ACCOUNTS

The Secretary of Defense is directed to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2023 appropriation accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' operation and maintenance accounts between O-1 budget activities, or between sub-activity groups in the case of Operation and Maintenance, Defense-Wide, in excess of \$10,000,000. In addition, the Secretary of Defense shall follow prior approval reprogramming procedures for transfers in excess of \$10,000,000 out of the following readiness sub-activity groups:

*Army:*

- Maneuver units
- Modular support brigades
- Land forces operations support
- Aviation assets
- Force readiness operations support
- Land forces depot maintenance
- Base operations support
- Facilities sustainment, restoration, and modernization
- Specialized skill training
- Flight training

*Navy:*

- Mission and other flight operations
- Fleet air training
- Aircraft depot maintenance
- Mission and other ship operations
- Ship depot maintenance
- Combat support forces
- Facilities sustainment, restoration, and modernization
- Base operating support

*Marine Corps:*

- Operational forces
- Field logistics
- Depot maintenance
- Facilities sustainment, restoration, and modernization

*Air Force:*

- Primary combat forces
- Combat enhancement forces
- Depot purchase equipment maintenance
- Facilities sustainment, restoration, and modernization
- Contractor logistics support and system support
- Flying hour program

*Space Force:*

- Space operations
- Contractor logistics support and system support

Administration

*Air Force Reserve:*

Primary combat forces

*Air National Guard:*

Aircraft operations

Additionally, the Secretary of Defense is directed to use normal prior approval reprogramming procedures when implementing transfers in excess of \$10,000,000 into the following budget sub-activities:

*Air Force:*

Base support

*Army National Guard:*

Base operations support

Facilities sustainment, restoration, and modernization

Management and operational headquarters

*Air National Guard:*

Contractor logistics support and systems support

#### OPERATION AND MAINTENANCE SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” in the explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in the explanatory statement. Below threshold reprogrammings may not be used to either restore or reduce funding from congressional special interest items as identified on the DD Form 1414.

#### OPERATION AND MAINTENANCE BUDGET EXECUTION DATA

The Secretary of Defense is directed to continue to provide the congressional defense committees with quarterly budget execution data. Such data should be provided not later than 45 days after the close of each quarter of the fiscal year and should be provided for each O-l budget activity, activity group, and sub-activity group for each of the active, defense-wide, reserve, and National Guard components. For each O-l budget activity, activity group, and sub-activity group, these reports should include the budget request and actual obligation amount, the distribution of unallocated congressional adjustments to the budget request, all adjustments made by the Department in establishing the Base for Reprogramming (DD Form 1414) report, all adjustments resulting from below threshold reprogrammings, and all adjustments resulting from prior approval reprogramming requests.

#### REPROGRAMMING GUIDANCE FOR SPECIAL OPERATIONS COMMAND

The agreement directs the Secretary of Defense to submit a baseline report that shows the Special Operations Command’s operation and maintenance funding by sub-activity group for the fiscal year 2023 appropriation not later than 60 days after the enactment of this Act. The Secretary of Defense is further directed to submit quarterly execution reports to the congressional defense committees

not later than 45 days after the end of each fiscal quarter that addresses the rationale for the realignment of any funds within and between budget sub-activities. Finally, the Secretary of Defense is directed to notify the congressional defense committees 30 days prior to the realignment of funds in excess of \$10,000,000 between sub-activity groups.

#### REPORTING REQUIREMENT FOR FUEL COST INCREASE

The agreement recommends a funding increase to reflect higher than anticipated fuel costs. The funding provided is a congressional special interest item. The Secretary of Defense and Service Secretaries are directed to submit a breakout of the recommended fuel increase by appropriation, budget line item, and OP-32 line item not later than 30 days after the enactment of this Act.

#### JOINT ALL DOMAIN TRAINING CENTER

The Secretary of Defense, in coordination with the Chiefs of the military services, is directed to provide a report to the congressional defense committees, not later than 90 days after the enactment of this Act, that details the feasibility, potential locations and projected costs of establishing a Joint All Domain Training Center in the eastern half of the United States.

#### ENVIRONMENTAL RESTORATION PROGRAM TRANSPARENCY

The agreement provides an additional \$520,730,000 for the environmental restoration accounts to accelerate the cleanup of hazardous substances, pollutants, and contaminants. The Secretary of Defense and the Service Secretaries are directed to provide a report on Environmental Restoration Program implementation to the congressional defense committees not later than 90 days after the enactment of this Act. The report shall include an explanation of the evaluation processes and criteria; and a spend plan for account activities along with project location, funding history, and total cost. Further, the Secretary of Defense and the Service Secretaries are directed to provide quarterly budget execution reports to the House and Senate Appropriations Committees not later than 45 days after the enactment of this Act.

#### DRINKING WATER CONTAMINATION

The agreement provides an additional \$224,900,000 for the Department of Defense and military services to remediate contaminated drinking water caused by per- and polyfluoroalkyl substances (PFAS). In communities where PFAS has leached into the groundwater used for drinking in communities surrounding active and former military installations, the Secretary of Defense and Service Secretaries are directed to continue to prioritize mitigation plans that remove these chemicals from the groundwater as quickly and efficiently as possible. The Secretary of Defense and the Service Secretaries are directed to provide a spend plan to the House and Senate Appropriations Committees for the additional funds not later than 90 days after the enactment of this Act. Further, the Secretary of Defense and the Service Secretaries are directed to include a separate budget justification report on PFAS remediation

and aqueous film forming foam removal and disposal activities in the operation and maintenance and environmental restoration accounts to the congressional defense committees no later than 30 days after the fiscal year 2024 President's budget request is delivered to Congress that includes an updated assessment of the entire funding requirement for those known costs.

PERFLUOROOCTANE SULFONATE AND PERFLUOROOCTANOIC ACID  
EXPOSURE ASSESSMENT

In lieu of related items directed under this heading in House Report 117-388, the agreement directs the Assistant Secretary of Defense for Energy, Installations, and Environment to submit a report to the House and Senate Appropriations Committees not later than 30 days after the enactment of this Act on the Department's strategy to execute the \$20,000,000 provided for a study and assessment of the health implications of perfluorooctane sulfonate (PFOS) and perfluorooctanoic acid (PFOA) contamination in drinking water. Further, as the Department conducts its exposure assessment on all installations known to have PFOS/PFOA drinking water contamination, the agreement directs the Assistant Secretary of Defense for Energy, Installations, and Environment to publicly release the measured levels of contamination found at each installation.

## NAVAL SHIPYARD APPRENTICE PROGRAM

The Secretary of the Navy is directed to induct classes of not fewer than 100 apprentices at each of the respective naval shipyards and to include the costs of the class of apprentices in the fiscal year 2024 President's budget request.

## UNITED STATES COAST GUARD

The agreement directs that funds appropriated under Operation and Maintenance, Navy may be used to pay overhead costs incurred by a naval shipyard when drydocking Coast Guard ships.

## SHIP MAINTENANCE

Despite the Navy's efforts to tackle barriers to on-time ship maintenance, concerns about costs and schedules remain. The agreement directs the following deliverables to keep the congressional defense committees informed about efforts to address maintenance challenges. The Secretary of the Navy shall continue to provide the quarterly reports regarding private contracted ship maintenance as directed in House Report 116-453; submit the annual report on ship maintenance required by section 1016 of Public Law 117-81 to the House and Senate Appropriations Committees in conjunction with its submission to the House and Senate Armed Services Committees; and not later than 30 days after the enactment of this Act, brief the House and Senate Appropriations Committees on the Navy's formulation of a new funding model that is projecting to cut submarine maintenance delays by 2026. This language replaces the language under the heading "Ship Maintenance" in House Report 117-388.

## LITTORAL COMBAT SHIP ALTERNATIVE USES

It is noted that despite repeated concerns from the congressional defense committees, the Navy continues to propose the decommissioning of many Littoral Combat Ships well before the end of their useful service lives. However, it is understood that the Navy is conducting studies on the alternative uses of these platforms, including the future integration of unmanned systems. It is noted and appreciated that the Navy is taking these positive steps in utilizing ships that were funded at great taxpayer expense. Therefore, the Secretary of the Navy, not later than 30 days after the enactment of this Act, is directed to submit a detailed development plan, including the associated resourcing requirements across the future year defense program, to the congressional defense committees on these proposed alternative uses. Further, the Secretary of the Navy is directed to include funding for the modifications of these ships in its fiscal year 2024 President's budget request.

#### QUARTERLY REPORTS ON GUANTANAMO BAY DETENTION FACILITY

The agreement directs the Secretary of Defense to submit a report to the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act, and quarterly thereafter, on the current number of detainees at the Guantanamo Bay detention facility; their legal status; a description of all Department of Defense costs associated with the facility during the last two fiscal years by program, account, and activity; and the status of funds for the current fiscal year. This language replaces the language under the heading “Guantanamo Bay Detention Facility” in House Report 117–388.

#### DEFENSE LANGUAGE AND NATIONAL SECURITY EDUCATION OFFICE

The agreement designates the funding included in the fiscal year 2023 President’s budget request for the Language Training Centers as a congressional special interest item and directs that the funding profiles for the Language Training Centers and the Language Flagship Program for the prior year, current year, and budget year be included in the Performance Criteria section of the Defense Human Resources Activity OP–5 budget exhibit in future budget submissions.

#### PER DIEM RATES OUTSIDE OF THE CONTINENTAL UNITED STATES

The agreement directs a designee of the Secretary of Defense to brief the House and Senate Appropriations Committees not later than 90 days after the enactment of this Act on how the Department will mitigate any impacts resulting from outside of the continental United States per diem rates that fall well below market rates in between normal rate review cycles.

#### ENHANCING THE CAPABILITY OF MILITARY CRIMINAL INVESTIGATIVE ORGANIZATIONS TO PREVENT AND COMBAT CHILD SEXUAL EXPLOITATION

The Secretary of Defense is directed to provide a report to the House and Senate Appropriations Committees, not later than 30 days after the enactment of this Act, regarding an update on the initiative established under section 550D of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92). The report shall also address opportunities within the following subject matters: establishing cooperative agreements and co-training with the relevant federal, state, local, and other law enforcement agencies; integrating child protective services and organizations into the initiative; and implementing recommendations made in the Government Accountability Office’s report titled “Increased Guidance and Collaboration Needed to Improve DoD’s Tracking and Response to Child Abuse” (GAO–20–110).

#### GREENHOUSE GAS EMISSIONS REPORT

In lieu of related items directed in House Report 117–388, the agreement directs the Secretary of Defense to provide the briefings requested under the heading “Climate Change Report and Adaptation Roadmap, Greenhouse Gas Emissions Report and Fossil Fuels”

in Division C of the explanatory statement accompanying the Consolidated Appropriations Act, 2022 (Public Law 117–103).

#### DEFENSE SECURITY COOPERATION AGENCY PROGRAMS

The agreement directs the Secretary of Defense to brief the House and Senate Appropriations Committees not later than 90 days after the enactment of this Act on updates to the Baltic Security Initiative's multi-year strategy and spend plan. The agreement also directs the Secretary of Defense to brief the House and Senate Appropriations Committees not later than 90 days after the enactment of this Act on the transition of the Office of Security Cooperation-Iraq to a security cooperation office by the end of fiscal year 2023.

The agreement directs the Secretary of Defense to brief the House and Senate Appropriations Committees not later than 90 days after the enactment of this Act on efforts to make security cooperation programs more integrated and strategic, including through the Significant Security Cooperation Initiative.

The agreement supports international security cooperation programs with partner countries and continues language requiring the Secretary of Defense to notify the congressional defense committees in writing not less than 15 days prior to the obligation of funds. The agreement notes with concern delays in the obligation, expenditure, and execution of International Security Cooperation Programs and directs the Director of the Defense Security Cooperation Agency to review the implementation timelines for such programs. The agreement further directs the Director to provide a briefing to the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act on this review and ways to effectively utilize the period of availability of funding for these programs consistent with congressional review and oversight requirements.

The agreement directs the Secretary of Defense to provide a report to the congressional defense committees not later than 90 days after the enactment of this Act on the Department's multi-year goals and objectives for the border security program. The agreement also directs the Secretary to consult with the House and Senate Appropriations Committees not later than 45 days after the enactment of this Act on options to increase the predictability of reimburse amounts for enhanced border security.

The agreement provides funding for international security cooperation programs with Central Asian countries to increase border security and counter terrorist threats emanating from Afghanistan by utilizing certain aircraft taken out of that country. The Secretary of Defense shall consult with the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act on the disposition of these aircraft and the costs of various courses of action associated with a phased introduction of some of them to partner countries. Furthermore, the Secretary of Defense shall submit a report to the congressional defense committees not later than 120 days after the enactment of this Act on the goals and milestones for each program, information on host nations capabilities and planned contributions, any agreements and commitments made by host governments, plans to ensure the gradua-

tion and sustainability of these programs, and information on how these programs will be integrated with related programs.

The agreement directs the Secretary of Defense to provide a briefing to the House and Senate Appropriations Committees not later than 30 days after the enactment of this Act on the execution plan for the establishment of a Department of Defense Irregular Warfare Functional Center.

CIVILIAN HARM MITIGATION AND RESPONSE

The agreement supports reforms to avoid, mitigate, and respond to civilian harm and provides \$41,750,000 to implement the Department of Defense’s Civilian Harm Mitigation and Response Action Plan. The Secretary of Defense shall submit a spend plan on the proposed use of funds to the House and Senate Appropriations Committees not later than 45 days after the enactment of this Act.

The agreement includes sufficient funding for the Office of the Secretary of Defense under Operation and Maintenance, Defense-Wide, for payments made to redress injury and loss pursuant to section 1213 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92).

COUNTER-ISIS TRAIN AND EQUIP FUND

The agreement provides \$475,000,000 for Counter-ISIS Train and Equip Fund, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Final Bill
Iraq Train and Equip .....	358,015	315,000
Historical unobligated balances .....		– 43,015
Syria Train and Equip .....	183,677	160,000
Historical unobligated balances .....		– 23,677
Total, Counter-ISIS Train and Equip Fund .....	541,692	475,000

The agreement continues support funds under this heading for the Iraqi Security Forces, Kurdish Peshmerga, and the Syrian Democratic Forces (SDF) to participate in activities to counter the Islamic State of Iraq and Syria (ISIS). The agreement also continues the requirement that the Secretary of Defense ensure elements are appropriately vetted and receiving commitments from them to promote respect for human rights and the rule of law.

The agreement directs that congressional notifications for funds provided under this heading include a description of the amount, type, and purpose of assistance to be funded, and the recipient of the assistance; the budget and implementation timeline, with anticipated delivery schedule for assistance; and a description of any material misuse of assistance since the last notification was submitted, along with a description of any remedies taken.

The agreement directs the Secretary of Defense to consult with the House and Senate Appropriations Committees prior to submitting any notification that includes fortification or construction for detention facilities or internally displaced persons camps and pro-

hibits the use of funds under this heading for any other construction activity. The agreement also directs that such notifications include detailed information on the scope of proposed projects and contributions from foreign governments. The liberation of ISIS controlled territory has left the SDF holding thousands of hardened foreign fighters and their families under challenging conditions. Accordingly, the agreement directs the Secretary of Defense to continue to engage with the SDF on these matters, including to ensure that detainees are afforded all protections due under the Geneva Conventions.

## REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110-279). Specifically, the dollar threshold for reprogramming funds shall be \$10,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

## FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this explanatory statement.

## PROCUREMENT SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase "only for" or "only to" in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in the joint explanatory statement.

## ARMY ORGANIC INDUSTRIAL BASE

The Secretary of the Army is directed to provide 45-day written notification to the congressional defense committees prior to approving civilian reductions in force that will result in an employment loss of 50 or more full-time employees at any Army organic industrial base facility. The notification shall include the impact that the proposed reduction in force will have on the ability to maintain the organic industrial base critical manufacturing capabilities as delineated in the Army Organic Industrial Base Strategy Report, a detailed accounting of the costs of implementing the re-

duction in force, and an assessment of the cost of, and time necessary, for restoration of any lost capability to meet future organic wartime manufacturing needs.

## ARMY AMMUNITION PLANT MODERNIZATION

The agreement recommends an additional \$200,000,000 to accelerate Army Ammunition Plant modernization programs in fiscal year 2023. The agreement further directs that none of these funds may be obligated or expended until 30 days after the Secretary of the Army provides a detailed spend plan to the congressional defense committees detailing planned obligations by project, to include any changes from prior year spend plans. Further, with submission of the fiscal year 2024 President's budget request, the Secretary of the Army is directed to submit an updated Army Ammunition Plant Modernization Plan that clearly identifies modernization requirements that are funded in the fiscal year 2024 budget request, requirements planned for inclusion in the future years defense program, and requirements that remain unfunded.

## SUBMARINE CONSTRUCTION PERFORMANCE

The agreement fully supports the fiscal year 2023 President's budget request for the Columbia class submarines (CLB) and the Virginia class submarines (VCS), but notes continued concern over both the VCS construction cost and schedule performance and CLB schedule variances. The agreement further notes that for the first time since fiscal year 2010, the budget request includes funds for cost overruns for VCS program construction-related performance overruns. Therefore, to ensure transparency of future cost and schedule estimates, the Secretary of the Navy is directed to submit to the congressional defense committees the most current cost and schedule estimates, by submarine, with the submission of future President's budget requests. The report shall also include detailed explanations for all submarines not fully resourced to the Navy's cost estimate and all projected cost-to-complete requirements for previously authorized and appropriated submarines.

## SUBMARINE INDUSTRIAL BASE

The agreement provides \$541,000,000 in Columbia class submarine and \$207,000,000 in the Industrial Base Analysis and Sustainment (IBAS) program to strengthen the submarine industrial base (SIB) to fund supplier development, shipyard infrastructure, strategic outsourcing, workforce development, and technology opportunities. The Secretary of the Navy is directed to submit a report to the congressional defense committees not later than 60 days after the enactment of this Act detailing how SIB and IBAS funding will be allocated to industry partners, state and local entities, and other partners, and clearly articulate how these investments will enable serial submarine production.

## DOMESTIC SOURCE CONTENT FOR NAVY SHIPBUILDING

The Secretary of the Navy is directed to submit to the congressional defense committees a report assessing the domestic source content of any procurements carried out as part of a Navy shipbuilding program, identifying critical components that are available from only one or a few suppliers in the United States, and providing recommendations to expand productive capacity in the United States with the submission of the fiscal year 2024 President's budget request. Additionally, the Secretary shall establish an information repository for the collection of supplier information that can be used for continuous data analysis and program management activities.

## OTHER PROCUREMENT, NAVY

The agreement provides \$12,138,590,000 for Other Procurement, Navy, as follows:

## F-15EX

The agreement includes \$2,317,368,000 for 24 F-15EX aircraft, a reduction of \$104,980,000 and the same number of aircraft included in the request. The agreement directs the Secretary of the Air Force to procure the full number of aircraft appropriated by the agreement and to apply the funding reduction to initial spares and other support costs as indicated by the table titled "Explanation of Project Level Adjustments" included under this account heading. The agreement is based on the understanding that the Air Force will not award the production of these aircraft through an undefinitized contractual action as has been the practice for prior lots of aircraft. This language replaces the language under this heading in House Report 117-388.

## POLAR TACTICAL AIRLIFT

The Air National Guard currently maintains and operates a fleet of LC-130H aircraft that provide assured access to the polar regions in support of Presidential Decision Memorandum 6646 and the United States Northern Command's (USNORTHCOM) mission requirements. The agreement notes that these aircraft possess approximately 15 years of service life and are being upgraded with advanced avionics and propulsion. Given the ever-increasing importance of the polar regions in our National Defense Strategy, and our adversaries' excursion into those regions, the Congress believes that this vital capability must be maintained, modernized, and eventually replaced in an appropriate and timely fashion.

The agreement therefore directs the Secretary of the Air Force to begin the requirements definition process for the follow-on aircraft to fulfill the polar tactical airlift mission set and provides an additional \$1,000,000 in Operation and Maintenance, Air Force to conduct the studies and analyses to inform those requirements. The agreement further directs the Secretary of the Air Force, in coordination with the Commander, USNORTHCOM and Director, Air National Guard, to submit to the congressional defense committees, not later than 120 days following the enactment of this Act, an initial cost estimate and capabilities review of C-130J aircraft and the associated modifications to fulfill the polar tactical airlift mission set.

## CLASSIC ASSOCIATIONS

The agreement notes that pending the resolution and passage of the National Defense Authorization Act for Fiscal Year 2023, the Secretary of the Air Force may develop a plan to transfer KC-135 aircraft to air refueling wings of the Air National Guard that are operating as classic associations with active duty units of the Air Force. The agreement therefore directs the Secretary of the Air Force to provide a copy of the plan and the associated implementation costs by appropriation and budget line item across the future years defense program to the House and Senate Appropriations Committees.

## TRUNCATION OF EXISTING PRODUCTION PROGRAMS

The fiscal year 2023 President's budget request includes ten Combat Rescue Helicopters (CRH), which is less than the 20 CRH previously planned. The agreement therefore recommends an additional \$570,000,000 for ten additional CRH and associated spares. It is concerning that in the fiscal year 2023 President's budget submission both the F-15EX and CRH programs have been truncated across the future years defense program (FYDP) well below their stated acquisition objectives. The revised strategy sees the F-15EX planned procurement objective reduced from 144 to 80 aircraft and the CRH procurement objective reduced from 113 to 75 aircraft. Both programs are in the relatively early stages of production and provide modern capabilities, but the new strategy ends CRH production after this fiscal year and F-15EX production after fiscal year 2024.

While trade-offs occur to support force readiness and modernization, truncating programs that only recently transitioned into production and were hailed as supporting critical Air Force missions, such as personnel recovery and future tactical air, calls into question the strategic underpinning of these and other acquisition decisions. The reduction in the F-15EX program, for example, leaves in doubt the status and future of F-15C/D units, several of which are housed in the Air National Guard. The agreement therefore directs the Secretary of the Air Force to submit a report to the congressional defense committees, concurrent with submission of the fiscal year 2024 President's budget request, that provides a list of all aircraft procurement programs that are being truncated across the FYDP, to include F-15EX and CRH. The report shall include an assessment of the operational impacts of the decision, strategic basing impacts, cost avoidance by fiscal year, quantity change, and the rationale for truncation.

## F-15EX CONFORMAL FUEL TANKS

Conformal fuel tanks (CFT) have the capacity to extend the range and increase the lethality of F-15EX aircraft. The Secretary of the Air Force is directed to submit a report to the congressional defense committees not later than 90 days after the enactment of this Act on the Air Force's plans to equip F-15EX aircraft with CFT, including the potential procurement of new CFT that are in production.

## NATIONAL SECURITY SPACE LAUNCH

The agreement directs the Secretary of Defense and the Director of National Intelligence to utilize the Space Force launch enterprise phase 2 contract for National Security Space Launch class missions unless they certify to the congressional defense and intelligence committees that commercial launch or delivery on orbit procurement for a designated mission is in the national security interest of the government and outline the rationale for such a determination.

## PROTECTED WIDEBAND SATELLITE

The agreement includes \$442,000,000 to procure a protected wideband satellite to provide resilient, jam resistant tactical communications to support warfighter needs. The agreement directs the Secretary of the Air Force to provide a funding plan for launch and operation and maintenance activities to the congressional defense committees not later than 90 days after the enactment of this Act.

### NATIONAL GUARD AND RESERVE EQUIPMENT

The agreement includes an appropriation of \$1,000,000,000. Of that amount, \$335,000,000 is for the Army National Guard; \$305,000,000 is for the Air National Guard; \$137,000,000 is for the Army Reserve; \$55,000,000 is for the Navy Reserve; \$18,000,000 is for the Marine Corps Reserve; and \$150,000,000 is for the Air Force Reserve to meet urgent equipment needs in the coming fiscal year. The agreement includes direction for the component commanders of the Army Reserve, Marine Forces Reserve, Air Force Reserve, Army National Guard, and Air National Guard to submit to the congressional defense committees a detailed assessment of their component's modernization priorities, not later than 30 days after the enactment of this Act.

The Secretary of Defense is directed to ensure that the National Guard and Reserve Equipment Account is executed by the Chiefs of the National Guard and reserve components with priority consideration given to the following items: acoustic hailing devices; air-field lighting system; aviation status dashboard; containerized ice

making systems; crash-worthy ballistically tolerant auxiliary fuel systems; degraded visual environment systems; gamma radiation protection; integration of aluminum mesh secondary combustion ignition prevention technology for combat and logistics vehicle fuel tanks; KC-135 Aircraft Emergency Response Refuel Equipment Kit to enable forward area refueling/defueling systems; land surveying systems; lightweight, rapidly deployable, computer-based artillery call for fire training and simulation; modular small arms ranges and small arms training simulators and tools; pilot physiological monitoring systems; radiological screening portals; small unmanned aerial systems and tethered drones; software defined radios; special tactics squadrons and joint terminal attack controllers tethered drone; tactical rinse systems; UH-72A/B security and support mission equipment modernization; upgraded commercial-off-the-shelf ground mapping for C-130 aircraft; and vehicle-mounted and man-portable radiological nuclear detection systems.

## REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110-279). Specifically, the dollar threshold for reprogramming funds shall be \$10,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the Base for Reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

## FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this explanatory statement.

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase “only for” or “only to” in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in the joint explanatory statement.

## OTHER TRANSACTION AGREEMENTS

Pursuant to section 873 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), as amended by section 819 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) and the Joint Explanatory Statement accompanying the Department of Defense and Labor, Health and Human Services, and Education Appropriations Act for 2019 (Public Law 115-245), the Department of Defense is required to meet annual and quarterly reporting requirements on

the use of Other Transaction Authority (OTA). The agreement notes the continued importance of this reporting requirement, particularly given the lack of fidelity within the Department on execution of OTAs and the wide discrepancy in utilization rates. This continues to raise concerns on the efficacy of existing guidance in normalizing the use of OTAs going forward.

Therefore, the agreement directs the Under Secretary of Defense for Acquisition and Sustainment to continue the previously established reporting requirements. Further, the agreement directs the Under Secretary of Defense for Acquisition and Sustainment, not later than 60 days following the enactment of this Act, to submit a report to the congressional defense committees on the Department's use of OTA agreements in fiscal year 2022, to include an analysis of the relative success rates of follow-on production contracts initiated after the conclusion of initial OTA agreements in comparison to lessons learned from conventional Federal Acquisition Regulation-based acquisitions.

#### REPORTING ON MID-TIER ACQUISITION AND RAPID PROTOTYPING PROGRAMS

The agreement notes support for efforts to deliver capability to the warfighter at an accelerated pace, such as through use of acquisition authorities and contracting strategies provided in National Defense Authorization Acts for the rapid development, rapid prototyping, rapid acquisition, accelerated acquisition, and middle-tier acquisition ("section 804") of warfighter capabilities. The agreement notes that the spectrum of programs using these types of acquisition authorities ranges from small programs that have already deployed prototypes, to programs that by virtue of their scope and cost would otherwise be subject to reporting requirements and acquisition regulations applicable to traditional major acquisition category I programs. The agreement notes the Department of Defense's continued use of such acquisition authorities, and concern remains over the lack of standard acquisition information provided for such programs with the budget request, to include independent cost estimates, technology and manufacturing readiness assessments, and test and evaluation master plans. This is of particular concern as programs increase the use of acquisition strategies that utilize both rapid prototyping and rapid fielding authorities sequentially, together resulting in a ten-year acquisition program, or by purchasing excessive numbers of end-items under the rapid prototyping authorities for eventual fielding, rather than only procuring the number of units required for testing. Further, there is remaining concern that the Services' growing trend toward procuring de facto operational assets via prototyping acquisitions may limit the Services' ability to successfully manage their acquisition programs in the long-term by eliminating the full understanding of full program costs up-front; unnecessarily narrowing the industrial base early in the acquisition process; and eliminating opportunities for future innovation by reducing competition over the life of the acquisition. Further, there is concern that budgeting for these de facto end-items incrementally with research and development appropriations instead of fully funding them with procurement appropriations obfuscates costs and limits transparency and visibility

into Services' procurement efforts. Therefore, the agreement modifies section 8059 of this Act, further defining instances in which end-item procurement can be conducted with research and development funding.

The Under Secretaries of Defense for Research and Engineering and Acquisition and Sustainment, in coordination with the Service acquisition executives for the Army, Navy, Air Force, and Space Force, are directed to provide to the congressional defense committees with submission of the fiscal year 2024 President's budget request a complete list of approved acquisition programs, and programs pending approval in fiscal year 2024, utilizing prototyping or accelerated acquisition authorities, along with the rationale for each selected acquisition strategy, as well as a cost estimate and contracting strategy for each such program. Further, the Under Secretary of Defense (Comptroller) and the Assistant Secretaries (Financial Management and Comptroller) for the Army, Navy, and Air Force, are directed to certify full funding of the acquisition strategies for each of these programs in the fiscal year 2024 President's budget request, including their test strategies; finally, the Director, Operational Test and Evaluation, is directed to certify to the congressional defense committees the appropriateness of the Services' planned test strategies for such programs, to include a risk assessment. To the extent that the respective Service acquisition executives, Services' financial manager and comptrollers, and Director, Operational Test and Evaluation, provided the information requested above with submission of the fiscal year 2023 President's budget, any variations therefrom should be included with the fiscal year 2024 submission. In addition, the Services' financial manager and comptrollers are directed to identify the full costs for prototyping units by individual item in the research, development, test and evaluation budget exhibits for the budget year as well as the future years defense program.

#### SOFTWARE AND DIGITAL TECHNOLOGY PILOT PROGRAMS

The fiscal year 2023 President's budget request includes ten new programs for inclusion in the Software and Digital Technology Pilot Programs funded in Budget Activity Eight (BA 08) within the research, development, test and evaluation accounts, established in fiscal year 2021. This is an increase over the five new programs requested, but not approved, in the fiscal year 2022 budget request.

The agreement again acknowledges the Department's rationale regarding the incremental technical challenges posed by modern software development practices, including implementing technical fixes to existing code, addressing cyber vulnerabilities, and integrating incrementally developed new capabilities. However, the Congress maintains its position that objective quantitative and qualitative evidence is required to evaluate the ongoing approved pilot programs prior to considering an expansion of programs funded under BA 08. Reporting requirements outlined in the Joint Explanatory Statement accompanying the Department of Defense Appropriations Act, 2021 (Public Law 116-260) have not been submitted to the congressional defense committees on a timely basis and have not yet provided a baseline for analyzing the effectiveness of the pilot programs compared to traditional appropriation prac-

tices. Reports received to date indicate that the Department is still implementing methods to capture the appropriate data that would allow an objective analysis for how a single budget activity improves the performance of software pilot programs. Therefore, the agreement recommends maintaining the Software and Digital Technology Pilot Programs in their current form, as detailed in title VIII of this Act. The recommendation transfers funds for programs requested as BA 08 new starts in fiscal year 2023 to their historical appropriation accounts for execution, as detailed in the appropriate Explanation of Project Level Adjustments tables. Further, the agreement encourages the Secretary of Defense to refrain from submitting additional BA 08 pilot programs in future budget submissions until the Department has demonstrated its ability to collect quantitative data on the performance improvements provided by the pilot program.

As detailed in the reporting requirements outlined in the Joint Explanatory Statement accompanying the Department of Defense Appropriations Act, 2021 (Public Law 116–260), and Department of Defense Appropriations Act, 2022 (Public Law 117–103), the Secretary of Defense shall submit quarterly reports to the congressional defense committees detailing the Department’s assessment for each of the programs included in title VIII. This report shall include, at a minimum, quantitative and qualitative metrics; an assessment of eight similar programs, with representations from each service, funded through traditional appropriation legislation for comparison; an assessment of each pilot program against their own historical performance when funded through traditional appropriation legislation; and an assessment of prior year BA 08 execution by activity compared to planned execution in the respective budget request.

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY

The agreement provides \$17,150,141,000 for Research, Development, Test and Evaluation, Army, as follows:

## SERIAL BUS CYBER VULNERABILITIES

Army weapons platforms require cyber resilience as a key performance parameter of system survivability especially in compromised or contested cyber environments. To meet this requirement, the agreement encourages the Secretary of the Army to implement technology solutions on existing platforms, such as Stryker vehicles, as well as new weapons systems, that will develop, integrate, and demonstrate secure communication technologies using secure digital bus subsystems while minimizing performance degradation. These technology solutions are especially critical to the resiliency and survivability of weapons platforms that implement common bus dependent architectures like Modular Open Systems Approach, while operating in cyber-contested environments. Army labs and centers within Army Futures Command, Combat Capabilities Development Command, along with affiliated industry partners, possess the competencies and infrastructure to enable maturation and transition of such technologies to weapon system program managers.

## ROBOTIC COMBAT VEHICLE-MEDIUM

The Department of Defense Appropriations Act, 2022 provided \$20,000,000 to procure additional Robotic Combat Vehicle—Medium (RCV-M) test assets for experimentation by U.S. Army Forces Command (FORSCOM) via soldier evaluations at the company level. The agreement recognizes the importance of such experimentation in shaping future doctrine, concepts of operation, tactics, techniques, and procedures, and requirements for follow-on robotic platforms and therefore directs the Secretary of the Army, through FORSCOM, to utilize all available RCV-M assets in the aforementioned experiments.

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY

The agreement provides \$26,017,309,000 for Research, Development, Test and Evaluation, Navy, as follows:

## ULTRA-LONG ENDURANCE UNMANNED AERIAL SYSTEMS

The agreement notes that the Geographic Combatant Commands have a requirement for persistent airborne intelligence, surveillance, and reconnaissance platforms that is not being fully met by existing unmanned aerial systems (UAS). Therefore, the Chief of Naval Research is directed to provide a report to the congressional defense committees, not later than 90 days following the enactment of this Act, that identifies research and development activities for ultra-long endurance attritable group III UAS, along with a resourcing profile associated with these efforts, and identification of any additional areas in need of investment.

## GUIDANCE AND NAVIGATION SYSTEMS FOR 81MM MORTAR ROUNDS

Recent battlefield lessons underscore the importance of mobile precision fires on modern battlefields. Over the past decade, Congress has appropriated significant funds for the development of guidance systems that can be utilized on existing munition rounds, to include 81mm mortars, 155mm howitzers, and Naval 5-inch guns. The agreement notes that recently, the 81mm mortar precision guidance kit was tested by the Marine Corps from an unmanned aerial system. Further, the agreement notes that maturation of the prototype guidance system to operate in a GPS-denied environment is technically achievable and feasible. Therefore, the Under Secretary of Defense (Comptroller) is directed to provide a plan, not later than 60 days after the enactment of this Act, for technology maturation and potential fielding of this capability by one or more of the services.

## LARGE DISPLACEMENT UNMANNED UNDERSEA VEHICLE PROGRAM

The agreement notes that the fiscal year 2023 President's budget request did not include funding for the Snakehead Large Displacement Unmanned Undersea Vehicle (LDUUV) program and proposes a divestment from the platform including all planned procurements in the future years defense program (FYDP) following the Department's decision to reprogram fiscal year 2022 programmatic funds. The agreement further notes that there have been significant advancements in commercially available unmanned undersea vehicle (UUV) technology since the inception of the Snakehead LDUUV program. The Secretary of the Navy is encouraged to prioritize advancements in autonomy, endurance, and multi-mission payload capability now available in the commercial LDUUV sector.

Consistent with the Navy's goal of delivering these significant advantages in the undersea domain to the fleet, the Secretary of the Navy, in consultation with the Chief of Naval Operations and the Assistant Secretary of the Navy (Research, Development, and Acquisition), is encouraged to integrate available commercial LDUUV platforms into the test and evaluation schedule for UUVs. The Secretary of the Navy is further encouraged to integrate commercially available UUV technology into Navy and Marine Corps concept of operations development and resourcing, procurement, and fielding plans over the FYDP.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR  
FORCE

The agreement provides \$44,946,927,000 for Research, Development, Test and Evaluation, Air Force, as follows:

## TRANSFORMATIONAL CAPABILITIES

The agreement transfers the Transformational Technology Development activities in the Advanced Technology Development budget activity to the Future AF Integrated Technology Demos line, program element 0603032F, to provide a more complete picture of the Vanguard program. The Secretary of the Air Force is directed to provide detailed justifications of critical tasks under the Vanguard program with the submission of the fiscal year 2024 President's budget request.

## PROVIDING BUDGETARY FIDELITY IN THE TECH TRANSITION PROGRAM

The Secretary of the Air Force is directed to retain the program element structure established in the table titled "explanation of project level adjustments" included under this account heading for Tech Transition Program; AFWERX Prime; Nuclear Command, Control and Communications (NC3); and Rapid Defense Experimentation Reserve in the fiscal year 2024 President's budget request.

## ADVANCED ENGINE DEVELOPMENT

The Secretary of the Air Force is directed to retain separate program elements for the Adaptive Engine Transition Program and Next Generation Adaptive Propulsion programs in the fiscal year 2024 President's budget request.

## AFWERX

The agreement supports AFWERX as a novel acquisition approach to accelerate development of emerging technology and encourages the Secretary of the Air Force to expand the program into new focus areas such as supersonic flight.

## DEPARTMENT OF DEFENSE PARTNERSHIP INTERMEDIARY

The agreement supports increased use of a Department of Defense Partnership Intermediary as defined in 15 U.S.C. 3715, to seek out, assess and engage non-traditional small business vendors into the Department's development and acquisition efforts. The effort should engage a Partnership Intermediary with a successful history of leveraging non-Department of Defense networks and using innovative means to seek out, identify, qualify, and help to interest new and non-traditional small business and manufacturers in sharing their innovations and doing business with the Department. Expanding the availability of highly qualified non-traditional manufacturers within the Department of Defense's support base will save money for the taxpayer and the Department of Defense, broaden the national industrial base, and bring improved solutions and equipment to the warfighter faster.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION,  
SPACE FORCE

The agreement provides \$16,631,377,000 for Research, Development, Test and Evaluation, Space Force, as follows:

## SPACE FORCE PROGRAM AFFORDABILITY AND EXECUTABILITY

The agreement notes that the budget projection provided with the fiscal year 2023 Space Force request is currently anticipated to remain flat and declining over the next five years, even though the Space Force is proposing ambitious plans for new architectures, programs, and mission areas. This apparent mismatch between program scope and overall budget resources raises concerns about the degree to which serious analysis or long-term planning has been done to assess the realism and affordability of its portfolio of programs. Therefore, the agreement directs the Secretary of the Air Force, through the Assistant Secretary of the Air Force for Space Acquisition and Integration, to provide the House and Senate Appropriations Committees with a briefing, including supporting analysis, an assessment of risks, and risk management plans, not later than February 1, 2023, on the projected cost, affordability, and executability of the full portfolio of classified and unclassified programs and activities funded in the Space Force accounts.

## MISSILE WARNING-MISSILE TRACKING LIFE-CYCLE COST

The fiscal year 2023 President's budget request includes more than \$4,500,000,000 for missile warning-related programs for both legacy missile warning programs and smaller, more proliferated architectures in medium and low-earth orbit as part of the Resilient Missile Warning/Missile Tracking program. While the agreement strongly supports the pivot to a more proliferated and diverse architecture of smaller satellites, the Space Force has not provided sufficient information on the expected life-cycle cost of the new architecture; the cost to recapitalize a proliferated architecture every three to five years; potential risks and challenges in the supply chain; the ability of the Space Force to scale up capabilities to command and control a much larger number of satellites; and the applicability and ability to meet stringent requirements for missile warning certification, cybersecurity, and resilience against reversible and irreversible kinetic and non-kinetic attacks. Therefore, the agreement directs the Director, Cost Assessment and Program Evaluation, to develop a life-cycle cost estimate for the proposed Resilient Missile Warning/Missile Tracking initiative and provide a report on the estimate to the House and Senate Appropriations Committees not later than 180 days after the enactment of this Act.

In addition, the agreement directs the Secretary of the Air Force, in consultation with the Chief of Space Operations, to provide a report to the congressional defense committees, not later than 60 days after the enactment of this Act, that provides an assessment of each of the missile warning and missile tracking programs to include a comparison of the cost, schedule, capabilities, system lifespan, and associated risk of each. The report shall include an integrated master schedule for all missile warning and missile tracking weapon systems currently in operation or development. This report shall be accompanied by a supplementary classified version that captures all relevant programs capable of providing missile warning across the Title 10 and Title 50 mission sets. Further, the agreement directs the Secretary of the Air Force to continue to pro-

vide quarterly briefings on the status of its missile warning-related program and expand the scope to include both the OPIR program and the Resilient Missile Warning-Missile Tracking program as an integrated set of programs.

#### SPACE FORCE UNIQUE SCIENCE AND TECHNOLOGY

The agreement continues to recognize that science and technology programs can have shared goals and leverage advancements in research areas that cut across both the air and space domains. While there are clear benefits to cross-domain multi-disciplinary investments, it can result in an increased level of complexity in allocating resources to the appropriate Service appropriations accounts for technology discovery and application efforts early in the research and development (R&D) phase. The agreement notes that space unique capabilities and those programs executed out of the Space Vehicles Directorate at the Air Force Research Lab are more appropriately budgeted in the Research, Development, Test and Evaluation, Space Force account. Further, the Department of Defense Appropriations Act, 2022 (Public Law 117–103) directed that the Secretary of the Air Force provide a comprehensive proposal to the congressional defense committees to establish an objective, transparent, and effective means to align the Department of the Air Force's science and technology resources across the R&D continuum; a requirement that has not yet been fulfilled. Therefore, the agreement directs the Secretary of the Air Force, with the submission of the fiscal year 2024 President's budget request, to include space unique science and technology programs and efforts within the Research, Development, Test and Evaluation, Space Force account and to provide the required proposal in a timely manner.

#### TACTICALLY RESPONSIVE SPACE

The agreement continues to support the maturation of a responsive launch program of record to rapidly place and reconstitute space assets in support of combatant command requirements and space enterprise resilience. Therefore, the agreement recommends an additional \$50,000,000 for a tactically responsive launch capability.

The agreement notes that the Department of Defense Appropriations Act, 2022 (Public Law 117–103) provided \$50,000,000 for tactically responsive space launch capabilities and directed that the Secretary of the Air Force to provide the congressional defense committees with an acquisition strategy for this capability. Further, section 1609 of the National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283) directed the Secretary of the Air Force to establish a tactically responsive space launch program within the future years defense program. However, the fiscal year 2023 President's budget request does not include any resources to establish the program despite a need to counter adversarial launches of disruptive technologies in a tactically relevant timeline. Therefore, the agreement directs the Secretary of the Air Force to submit, with the President's fiscal year 2024 budget request, the resourcing profile across the future years defense pro-

gram by program, project, and activity for tactically responsive space capabilities, to include launch.

#### CISLUNAR SPACE

The agreement notes that the Department of Defense Appropriations Act, 2022 (Public Law 117–103) appropriated \$61,000,000 for a cislunar flight experiment and \$70,000,000 for nuclear propulsion technologies for cislunar flight. Developing capabilities and operating within cislunar space is imperative for the Nation to obtain national security, science and technology, and economic advantages. Therefore, the agreement recommends an additional \$20,000,000 for cislunar activities. Further, the agreement strongly supports operationally relevant capabilities in cislunar space and encourages the Secretary of the Air Force to increase investments in this area. Further, the agreement directs the Secretary of the Air Force, in coordination with the Chief of Space Operations, to submit a report to the congressional defense committees, not later than 90 days following the enactment of this Act, that details the acquisition programs and systems that are in development for operational use within the cislunar or lunar space, and any capabilities in development for the cislunar space domain awareness mission. The report shall include a list of acquisition milestones and dates (or program schedule for each of the efforts) as well as the costs of the effort by appropriation, line item, and program element across the future years defense program. In addition, the report shall include a list of unfunded programs and opportunities for investment.

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE

The agreement provides \$34,565,478,000 for Research, Development, Test and Evaluation, Defense-Wide, as follows:

## RAPID DEFENSE EXPERIMENTATION RESERVE

The fiscal year 2023 President's budget request includes \$358,000,000 for the Rapid Defense Experimentation Reserve Fund (RDER), an increase of \$323,981,000 over fiscal year 2022 enacted funding levels. The request included RDER funding within Service program elements, aligning resources with the Service responsible for conducting the experimentation.

The agreement makes modest adjustments to funding levels in Service RDER program elements and ensures that RDER funding is delineated in a standalone program element. Moreover, it provides the Office of the Secretary of Defense with an appropriate level of funding within Research, Development, Test and Evaluation, Defense-Wide, to conduct only core program management and integration activities, and reduces the scope of RDER efforts within the Office of the Joint Staff funding element.

Concerns remain with RDER's ability to synchronize experimentation occurring at Service and Combatant Command-level events with programmatic acquisition milestones. Therefore, the agreement directs the Undersecretary of Defense for Research and Engineering, in coordination with the Service Secretaries, to provide a schedule and spend plan of RDER activities to the congressional defense committees not later than 60 days after the enactment of this Act.

## STREAMLINING AND BOLSTERING INNOVATION PROGRAM ELEMENTS

The agreement consolidates existing prototyping program elements within Research, Development, Test and Evaluation, Defense-Wide, into one dedicated program element per budget activity. In Budget Activity 03, the Defense Modernization and Prototyping Program, the Joint Capability Technology Demonstration, and certain prototyping activities previously conducted in the Technology Innovation program element are combined to create the Defense Innovation Acceleration program element. In Budget Activity 04, the agreement supports the continuation of the Rapid Prototyping Program and separates the Rapid Defense Experimentation Reserve Fund program management activities into a dedicated program element. Furthermore, the agreement modifies section 8061 of the bill to normalize standards across program elements. Not later than 60 days after the enactment of this Act, the Undersecretary of Defense for Research and Engineering shall brief the congressional defense committees on its implementation of these adjustments to the budget structure.

## RADAR TRANSMISSION CAPABILITIES

The agreement directs the Secretary of Defense to provide a report to the congressional defense committees not later than 180 days after the enactment of this Act on current and potential contributions to national security capabilities for navigation and space situational awareness (SSA) of the ongoing efforts by the National Science Foundation, its National Radio Astronomy Observatory, and industry partners to develop the Next Generation Very Large Array and a new high-power radar transmitter for the Green Bank Telescope. The report shall include a review of current SSA capa-

bilities and shortfalls; an assessment of potential development activities and their ability to support requirements; and plans, funding, and timelines for future SSA radar observation capabilities.

#### OFFICE OF THE INSPECTOR GENERAL AUDITS AND REPORTS

The agreement directs the Office of the Inspector General to submit a report on covered contractors' compliance with the prohibition on advertising contained in 10 U.S.C. 3744(a)(8) and provides no further direction under this heading.

#### OPERATIONAL TEST AND EVALUATION, DEFENSE

The agreement provides \$449,294,000 for Operational Test and Evaluation, Defense, as follows:

#### CERTIFICATION OF FUNDING FOR TEST INFRASTRUCTURE AND TEST EVENT RESOURCES

The Department of Defense component and Service acquisition executives are directed to certify to the Director, Operational Test and Evaluation (DOT&E), that the Department of Defense and Services' test infrastructure, assets, and personnel are fully funded in the budget year and the future years defense program to support agreed-upon Test and Evaluation Master Plans, Test and Evaluation Strategies or equivalent documents for programs on the DOT&E Oversight List, and provide this certification in the format, defined by the Director, not later than 60 days prior to the submis-

sion of the fiscal year 2024 President’s budget request. The Director, DOT&E is directed to provide an assessment to the congressional defense committees with submission of the fiscal year 2024 President’s budget request on whether or not the test infrastructure, assets, and personnel funding in the budget year and the future years defense program can adequately support agreed-upon test and evaluation programs and identify, where applicable, shortfalls by service and program.

## REPROGRAMMING GUIDANCE FOR THE DEFENSE HEALTH PROGRAM

The agreement directs that the In-House Care and Private Sector Care budget sub-activities remain designated as congressional special interest items. Any transfer of funds into or out of these sub-activities requires the Secretary of Defense to follow prior approval reprogramming procedures. The Secretary of Defense is further directed to provide a report to the congressional defense committees not later than 30 days after the enactment of this Act that delineates transfers of funds and the dates they occurred from the Private Sector Care budget sub-activity to any other budget sub-activity in fiscal year 2022.

The Assistant Secretary of Defense for Health Affairs is directed to provide quarterly reports and briefings to the congressional defense committees on budget execution data for all of the Defense Health Program budget activities not later than 30 days after the end of each fiscal quarter and to adequately reflect changes to the budget activities requested by the Services in future budget submissions. These reports shall also be made available to the Government Accountability Office.

## CARRYOVER

The agreement provides one percent carryover authority for the Operation and Maintenance account of the Defense Health Program. The Assistant Secretary of Defense for Health Affairs is directed to submit a detailed spend plan for any fiscal year 2022 designated carryover funds to the congressional defense committees not less than 30 days prior to executing the carryover funds.

## PEER-REVIEWED CANCER RESEARCH PROGRAM

The agreement provides \$130,000,000 for the peer-reviewed cancer research program to research cancers not addressed in the breast, pancreatic, prostate, ovarian, kidney, lung, melanoma, and rare cancer research programs.

The funds provided in the peer-reviewed cancer research program are directed to be used to conduct research in the following areas: bladder cancer; blood cancers; brain cancer; colorectal cancer; endometrial cancer; esophageal cancer; germ cell cancers; head and neck cancer; liver cancer; lymphoma; mesothelioma; metastatic cancers; myeloma; neuroblastoma; pediatric brain tumors; pediatric, adolescent, and young adult cancers; sarcoma; stomach cancer; thyroid cancer; and Von Hippel-Lindau syndrome malignancies (excluding cancers of the kidney and pancreas).

The peer-reviewed cancer research program shall be used only for the purposes listed above. The inclusion of the individual rare cancer research program shall not prohibit the peer-reviewed cancer research program from funding the above-mentioned cancers or cancer subtypes that may be rare by definition. The report directed under this heading in House Report 117-88 is still required to be provided not later than 12 months after the enactment of this Act.

## PEER-REVIEWED MEDICAL RESEARCH PROGRAM

The agreement provides \$370,000,000 for a peer-reviewed medical research program. The Secretary of Defense, in conjunction

with the Service Surgeons General, is directed to select medical research projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are restricted to: arthritis, celiac disease, dystonia, eating disorders, eczema, Ehlers-Danlos syndrome, neuroinflammatory response to emerging viral diseases, endometriosis, epidermolysis bullosa, familial hypercholesterolemia, fibrous dysplasia/McCune-Albright syndrome, focal segmental glomerulosclerosis, food allergies, Fragile X, frontotemporal degeneration, Guillain-Barre syndrome, hemorrhage control, hepatitis B, hereditary ataxia, hydrocephalus, hypercholesterolemia, inflammatory bowel diseases, interstitial cystitis, lymphatic disease, lymphedema, malaria, maternal mental health, mitochondrial disease, myalgic encephalomyelitis/chronic fatigue syndrome, myotonic dystrophy, nephrotic syndrome, neuroactive steroids, non-opioid therapy for pain management, orthopedics, pancreatitis, peripheral neuropathy, polycystic kidney disease, pressure ulcers, proteomics, pulmonary fibrosis, respiratory health, rheumatoid arthritis, scleroderma, sickle-cell disease, sleep disorders and restriction, suicide prevention, trauma, tuberculosis, vascular malformations, and Von Hippel-Lindau syndrome benign manifestations. The additional funding provided under the peer-reviewed medical research program shall be devoted only to the purposes listed above.

#### JOINT WARFIGHTER MEDICAL RESEARCH PROGRAM

The Assistant Secretary of Defense for Health Affairs is directed to submit a report, not later than 12 months after the enactment of this Act, to the congressional defense committees that lists the projects that receive funding under the Joint Warfighter Medical Research Program. The report shall include the funding amount awarded to each project, a thorough description of each project's research, and the benefit the research will provide to the Department of Defense.

#### ELECTRONIC HEALTH RECORDS

The agreement directs the Secretary of Defense to provide a report to the congressional defense committees not later than 90 days after the enactment of this Act on the status of the installation of all remaining information technology and related infrastructure required to complete the deployment of the electronic health record system, including the timeline to complete installation and costs associated, if the Department accelerated the deployment timeline. The agreement directs the Comptroller General to continue quarterly performance reviews of the deployment of MHS GENESIS with a focus on whether the program is meeting expected cost, schedule, scope, quality, and risk mitigation expectations. It is expected that the Program Executive Officer of Defense Healthcare Management Systems (PEO DHMS) will facilitate quarterly performance reviews by providing the Comptroller General with regular and in-depth access to the program.

The agreement directs the PEO DHMS to provide monthly reports not later than 15 days after the end of each month to the congressional defense committees on the status of all open incident reports, as well as the 46 high priority incident reports, in order to

better track the progress of resolving the issues identified in the initial deployment of MHS GENESIS. The PEO DHMS, in conjunction with the Director of the Interagency Program Office and the Director of the Defense Health Agency, is directed to provide quarterly reports not later than 30 days after the end of each fiscal quarter to the congressional defense committees and the Government Accountability Office on the cost of the program, including indirect costs being funded outside of the DHMS Modernization Electronic Health Record program and schedule of the program, to include milestones, knowledge points, and acquisition timelines, as well as quarterly obligation reports.

#### PEER-REVIEWED TOXIC EXPOSURES RESEARCH PROGRAM

The agreement provides \$30,000,000 for the peer-reviewed toxic exposures research program. The funds provided in this program are directed to be used to conduct research of clear scientific merit and direct relevance to neurotoxin exposure; Gulf War illness and its treatment; airborne hazards and burn pits; as well as toxic military exposures in general, including prophylactic medications, pesticides, organophosphates, toxic industrial chemicals, materials, metals, and minerals. The agreement directs the Director of Congressionally Directed Medical Research Programs, to ensure that the program is conducted using competitive selection and peer-review for the identification of research with the highest technical merit and military benefit. Further, the agreement directs that this program be coordinated with similar activities in the Department of Veterans Affairs. Collaborations between researchers at military or veteran institutions and non-military research institutions are encouraged to leverage the knowledge, infrastructure, and access to military and veteran populations. The inclusion of the toxic exposures research program shall not prohibit research in any other congressionally directed research program that may be associated with conditions or health abnormalities which may have been the result of toxic exposures.

#### MILITARY TREATMENT FACILITY TRANSITION

The Comptroller General is directed to provide the congressional defense committees a report not later than 180 days after the enactment of this Act on the status of the transition of military treatment facilities to the Defense Health Agency (DHA). The report shall include a review of functions at facilities that have already transitioned, including DHA's role or management and the administration support that the military Services are providing, and a timeline for that support to cease; cost implications of the transition, including the Department's plan for maximizing efficiencies and reducing duplication; the current and planned DHA staffing model; and how the DHA will ensure that the Services' Medical requirements are considered and met.

Additionally, the Assistant Secretary of Defense for Health Affairs, along with the Director of the DHA and Service Secretaries, is directed to provide a briefing to the congressional defense committees not later than 60 days after the enactment of this Act, detailing the method and metrics used to evaluate medical and health contracts that had been funded within the Services for fiscal year

2021 and/or fiscal year 2022 to determine whether such contracts should be retained.

#### CHRONIC PAIN MANAGEMENT RESEARCH

The funds provided in the chronic pain management research program shall be used to conduct research on the effects of using prescription opioids to manage chronic pain and for researching alternatives, namely non-opioid or non-addictive methods to treat and manage chronic pain, with a focus on issues related to military populations.

#### NEGATIVE AIR PRESSURE CONTAINMENT SYSTEMS

The Assistant Secretary of Defense for Health Affairs is directed to explore commercial-off-the-shelf portable and modular negative air room containment systems to increase readiness and capacity to respond to pandemics and biological events at Military Treatment Facilities (MTFs) worldwide, and is further directed to provide a report to the congressional defense committees, not later than 180 days after the enactment of this Act, on the Department's assessment of modular negative air room containment system requirements in MTFs as well as a detailed recommendations for the resources and acquisition of necessary systems.

## CLASSIFIED ANNEX

Adjustments to classified programs are addressed in a separate, detailed, and comprehensive classified annex. The Intelligence Community, the Department of Defense, and other organizations are expected to fully comply with the recommendations and directions in the classified annex accompanying the Department of Defense Appropriations Act, 2023.

### CENTRAL INTELLIGENCE AGENCY RETIREMENT AND DISABILITY SYSTEM FUND

The agreement provides \$514,000,000 for the Central Intelligence Agency Retirement and Disability Fund.

### INTELLIGENCE COMMUNITY MANAGEMENT ACCOUNT

The agreement provides \$562,265,000, a decrease of \$72,735,000 below the fiscal year 2023 President's budget request, for the Intelligence Community Management Account.

### TITLE VIII—GENERAL PROVISIONS

Title VIII of the accompanying bill includes 144 general provisions. A brief description of each provision follows.

Section 8001 provides that no funds made available in this Act may be used for publicity or propaganda purposes not authorized by Congress.

Section 8002 provides for conditions and limitations on the payment of compensation to, or employment of, foreign nationals.

Section 8003 provides that no funds made available in this Act may be obligated beyond the end of the fiscal year unless expressly provided for a greater period of availability elsewhere in the Act.

Section 8004 limits the obligation of certain funds provided in this Act during the last two months of the fiscal year.

Section 8005 provides for the general transfer authority of funds to other military functions.

Section 8006 provides that the tables titled "Explanation of Project Level Adjustments" in the Committee report and classified annex shall be carried out in the manner provided by the tables to the same extent as if the tables were included in the text of this Act.

Section 8007 provides for the establishment of a baseline for application of reprogramming and transfer authorities for the current fiscal year.

Section 8008 provides for limitations on the use of transfer authority of working capital fund cash balances.

Section 8009 provides that none of the funds appropriated in this Act may be used to initiate a special access program without prior notification to the congressional defense committees.

Section 8010 provides limitations and conditions on the use of funds made available in this Act to initiate multiyear procurement contracts.

Section 8011 provides for the use and obligation of funds for humanitarian and civic assistance costs.

Section 8012 stipulates that civilian personnel of the Department of Defense may not be managed on the basis of end strength or be subject to end strength limitations.

Section 8013 prohibits funding from being used to influence congressional action on any matters pending before the Congress.

Section 8014 restricts the use of funds to reduce or prepare to reduce the number of deployed and non-deployed strategic delivery vehicles and launchers.

Section 8015 provides for the transfer of funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protégé Program.

Section 8016 provides for the Department of Defense to purchase anchor and mooring chains manufactured only in the United States.

Section 8017 prohibits funds made available in this Act for the support of any non-appropriated activity of the Department of Defense that procures malt beverages and wine except under certain conditions.

Section 8018 prohibits funds made available to the Department of Defense from being used to demilitarize or dispose of certain surplus firearms and small arms ammunition or ammunition components.

Section 8019 provides a limitation on funds being used for the relocation of any Department of Defense entity into or within the National Capital Region.

Section 8020 provides for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544).

Section 8021 provides for the conveyance, without consideration, of relocatable housing units that are excess to the needs of the Air Force.

Section 8022 provides for the availability of funds for the mitigation of environmental impacts on Indian lands resulting from Department of Defense activities.

Section 8023 provides that no funding for the Defense Media Activity may be used for national or international political or psychological activities.

Section 8024 provides funding in the Army's Working Capital Fund to maintain competitive rates at the arsenals.

Section 8025 provides funding for the Civil Air Patrol Corporation.

Section 8026 prohibits funding from being used to establish new Department of Defense Federally Funded Research and Development Centers (FFRDCs), with certain limitations, and increases funding provided for FFRDCs. The agreement includes \$2.788 billion for the funding of FFRDCs. This funding level is based on the Administration's revised request of \$2.918 billion.

Section 8027 defines the congressional defense committees as the Armed Services Committees of the House and Senate and the Subcommittees on Defense of the House and Senate Appropriations Committees.

Section 8028 defines the congressional intelligence committees as being the Permanent Select Committee on Intelligence of the House, the Select Committee on Intelligence of the Senate, and the

Subcommittees on Defense of the House and Senate Appropriations Committees.

Section 8029 provides for competitions between private firms and Department of Defense depot maintenance activities.

Section 8030 requires the Department of Defense to comply with the Buy American Act, chapter 83 of title 41, United States Code.

Section 8031 provides for the Department of Defense to procure carbon, alloy, or armor steel plate melted and rolled only in the United States and Canada.

Section 8032 provides for the revocation of blanket waivers of the Buy American Act.

Section 8033 prohibits funding from being used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin.

Section 8034 appropriates funding for the National Defense Stockpile Transaction Fund.

Section 8035 prohibits funding from being used to purchase supercomputers which are not manufactured in the United States.

Section 8036 provides for a waiver of "Buy American" provisions for certain cooperative programs.

Section 8037 prohibits the use of funds for the purchase or manufacture of a United States flag unless such flags are treated as covered items under section 4862(b) of title 10, United States Code.

Section 8038 provides for the availability of funds contained in the Department of Defense Overseas Military Facility Investment Recovery Account.

Section 8039 provides authority to use operation and maintenance appropriations to purchase items having an investment item unit cost of not more than \$350,000.

Section 8040 provides authority to use operation and maintenance appropriations for the Asia Pacific Regional Initiative Program.

Section 8041 prohibits the sale of tobacco products in military resale outlets below the most competitive price in the local community.

Section 8042 prohibits the use of Working Capital Funds to purchase specified investment items.

Section 8043 provides that none of the funds appropriated for the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year except for funds appropriated for the Reserve for Contingencies, the Working Capital Fund, or other programs as specified.

Section 8044 provides funding for Sexual Assault Prevention and Response Programs.

Section 8045 places certain limitations on the use of funds made available in this Act to establish field operating agencies.

Section 8046 places restrictions on converting to contractor performance an activity or function of the Department of Defense unless it meets certain guidelines provided.

RELATED AGENCIES APPROPRIATIONS ACT, 2023**

**TITLE I**

**CORPS OF ENGINEERS—CIVIL**

**DEPARTMENT OF THE ARMY**

**CORPS OF ENGINEERS—CIVIL**

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related efforts.

**INVESTIGATIONS**

For expenses necessary where authorized by law for the collection and study of basic information pertaining to river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related needs; for surveys and detailed studies, and plans and specifications of proposed river and harbor, flood and storm damage reduction, shore protection, and aquatic ecosystem restoration projects, and related efforts prior to construction; for restudy of authorized projects; and for miscellaneous investigations, and, when authorized by law, surveys and detailed studies, and plans and specifications of projects prior to construction, \$172,500,000, to remain available until expended: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

**CONSTRUCTION**

For expenses necessary for the construction of river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related projects authorized by law; for conducting detailed studies, and plans and specifications, of such projects (including those involving participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such detailed studies, and plans and specifications, shall not constitute a commitment of the Government to construction); \$1,808,800,000, to remain available until expended; of which \$75,518,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of construction costs for facilities under the Dredged Material Disposal Facilities program; and of which such sums as are necessary to cover 35 per-

cent of the costs of construction, replacement, rehabilitation, and expansion of inland waterways projects shall be derived from the Inland Waterways Trust Fund, except as otherwise specifically provided for in law: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

#### MISSISSIPPI RIVER AND TRIBUTARIES

For expenses necessary for flood damage reduction projects and related efforts in the Mississippi River alluvial valley below Cape Girardeau, Missouri, as authorized by law, \$370,000,000, to remain available until expended, of which \$15,390,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operation and maintenance costs for inland harbors: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

#### OPERATION AND MAINTENANCE

For expenses necessary for the operation, maintenance, and care of existing river and harbor, flood and storm damage reduction, aquatic ecosystem restoration, and related projects authorized by law; providing security for infrastructure owned or operated by the Corps, including administrative buildings and laboratories; maintaining harbor channels provided by a State, municipality, or other public agency that serve essential navigation needs of general commerce, where authorized by law; surveying and charting northern and northwestern lakes and connecting waters; clearing and straightening channels; and removing obstructions to navigation, \$5,078,500,000, to remain available until expended, of which \$2,227,092,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operations and maintenance costs for coastal harbors and channels, and for inland harbors; of which such sums as become available from the special account for the Corps of Engineers established by the Land and Water Conservation Fund Act of 1965 shall be derived from that account for resource protection, research, interpretation, and maintenance activities related to resource protection in the areas at which outdoor recreation is available; of which such sums as become available from fees collected under section 217 of Public Law 104-303 shall be used to cover the cost of operation and maintenance of the dredged material disposal facilities for which such fees have been collected; and of which \$56,000,000, to be derived from the general fund of the Treasury, shall be to carry out subsection (c) of section 2106 of the Water Resources Reform and Development Act of 2014 (33 U.S.C. 2238c) and shall be designated as being for such purpose pursuant to paragraph (2)(B) of section 14003 of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136): *Provided*, That 1 percent of the total amount of funds provided for each of the programs, projects, or activities funded under this heading shall not be allocated to a field operating activity prior to the beginning of the fourth quarter of the fiscal year and shall be available for use by the Chief of Engineers

to fund such emergency activities as the Chief of Engineers determines to be necessary and appropriate, and that the Chief of Engineers shall allocate during the fourth quarter any remaining funds which have not been used for emergency activities proportionally in accordance with the amounts provided for the programs, projects, or activities: *Provided further*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

#### REGULATORY PROGRAM

For expenses necessary for administration of laws pertaining to regulation of navigable waters and wetlands, \$218,000,000, to remain available until September 30, 2024.

#### FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM

For expenses necessary to clean up contamination from sites in the United States resulting from work performed as part of the Nation's early atomic energy program, \$400,000,000, to remain available until expended.

#### FLOOD CONTROL AND COASTAL EMERGENCIES

For expenses necessary to prepare for flood, hurricane, and other natural disasters and support emergency operations, repairs, and other activities in response to such disasters as authorized by law, \$35,000,000, to remain available until expended.

#### EXPENSES

For expenses necessary for the supervision and general administration of the civil works program in the headquarters of the Corps of Engineers and the offices of the Division Engineers; and for costs of management and operation of the Humphreys Engineer Center Support Activity, the Institute for Water Resources, the United States Army Engineer Research and Development Center, and the United States Army Corps of Engineers Finance Center allocable to the civil works program, \$215,000,000, to remain available until September 30, 2024, of which not to exceed \$5,000 may be used for official reception and representation purposes and only during the current fiscal year: *Provided*, That no part of any other appropriation provided in this title shall be available to fund the civil works activities of the Office of the Chief of Engineers or the civil works executive direction and management activities of the division offices: *Provided further*, That any Flood Control and Coastal Emergencies appropriation may be used to fund the supervision and general administration of emergency operations, repairs, and other activities in response to any flood, hurricane, or other natural disaster.

#### OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

For the Office of the Assistant Secretary of the Army for Civil Works as authorized by 10 U.S.C. 3016(b)(3), \$5,000,000, to remain available until September 30, 2024: *Provided*, That not more than 75 percent of such amount may be obligated or expended until the

Assistant Secretary submits to the Committees on Appropriations of both Houses of Congress the report required under section 101(d) of this Act and a work plan that allocates at least 95 percent of the additional funding provided under each heading in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), to specific programs, projects, or activities.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM  
ACCOUNT

For administrative expenses to carry out the direct and guaranteed loan programs authorized by the Water Infrastructure Finance and Innovation Act of 2014, \$7,200,000, to remain available until September 30, 2024.

GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL

(INCLUDING TRANSFER OF FUNDS)

SEC. 101. (a) None of the funds provided in title I of this Act, or provided by previous appropriations Acts to the agencies or entities funded in title I of this Act that remain available for obligation or expenditure in fiscal year 2023, shall be available for obligation or expenditure through a reprogramming of funds that:

- (1) creates or initiates a new program, project, or activity;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel for any program, project, or activity for which funds have been denied or restricted by this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (4) proposes to use funds directed for a specific activity for a different purpose, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (5) augments or reduces existing programs, projects, or activities in excess of the amounts contained in paragraphs (6) through (10), unless prior approval is received from the Committees on Appropriations of both Houses of Congress;

(6) INVESTIGATIONS.—For a base level over \$100,000, reprogramming of 25 percent of the base amount up to a limit of \$150,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$100,000, the reprogramming limit is \$25,000: *Provided further*, That up to \$25,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;

(7) CONSTRUCTION.—For a base level over \$2,000,000, reprogramming of 15 percent of the base amount up to a limit of \$3,000,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$2,000,000, the reprogramming limit is \$300,000: *Provided further*, That up to \$3,000,000 may be reprogrammed for settled contractor claims, changed conditions, or real estate deficiency judgments: *Provided further*, That up to \$300,000 may be reprogrammed into any continuing

study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;

(8) OPERATION AND MAINTENANCE.—Unlimited reprogramming authority is granted for the Corps to be able to respond to emergencies: *Provided*, That the Chief of Engineers shall notify the Committees on Appropriations of both Houses of Congress of these emergency actions as soon thereafter as practicable: *Provided further*, That for a base level over \$1,000,000, reprogramming of 15 percent of the base amount up to a limit of \$5,000,000 per project, study, or activity is allowed: *Provided further*, That for a base level less than \$1,000,000, the reprogramming limit is \$150,000: *Provided further*, That \$150,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation;

(9) MISSISSIPPI RIVER AND TRIBUTARIES.—The reprogramming guidelines in paragraphs (6), (7), and (8) shall apply to the Investigations, Construction, and Operation and Maintenance portions of the Mississippi River and Tributaries Account, respectively; and

(10) FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM.—Reprogramming of up to 15 percent of the base of the receiving project is permitted.

(b) DE MINIMUS REPROGRAMMINGS.—In no case should a reprogramming for less than \$50,000 be submitted to the Committees on Appropriations of both Houses of Congress.

(c) CONTINUING AUTHORITIES PROGRAM.—Subsection (a)(1) shall not apply to any project or activity funded under the continuing authorities program.

(d) Not later than 60 days after the date of enactment of this Act, the Secretary shall submit a report to the Committees on Appropriations of both Houses of Congress to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year which shall include:

(1) A table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if applicable, and the fiscal year enacted level;

(2) A delineation in the table for each appropriation both by object class and program, project and activity as detailed in the budget appendix for the respective appropriations; and

(3) An identification of items of special congressional interest.

SEC. 102. The Secretary shall allocate funds made available in this Act solely in accordance with the provisions of this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

SEC. 103. None of the funds made available in this title may be used to award or modify any contract that commits funds beyond the amounts appropriated for that program, project, or activity that remain unobligated, except that such amounts may include any funds that have been made available through reprogramming pursuant to section 101.

SEC. 104. The Secretary of the Army may transfer to the Fish and Wildlife Service, and the Fish and Wildlife Service may accept

and expend, up to \$5,400,000 of funds provided in this title under the heading "Operation and Maintenance" to mitigate for fisheries lost due to Corps of Engineers projects.

SEC. 105. None of the funds in this Act shall be used for an open lake placement alternative for dredged material, after evaluating the least costly, environmentally acceptable manner for the disposal or management of dredged material originating from Lake Erie or tributaries thereto, unless it is approved under a State water quality certification pursuant to section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1341): *Provided*, That until an open lake placement alternative for dredged material is approved under a State water quality certification, the Corps of Engineers shall continue upland placement of such dredged material consistent with the requirements of section 101 of the Water Resources Development Act of 1986 (33 U.S.C. 2211).

SEC. 106. None of the funds made available by this Act may be used to carry out any water supply reallocation study under the Wolf Creek Dam, Lake Cumberland, Kentucky, project authorized under the Act of July 24, 1946 (60 Stat. 636, ch. 595).

SEC. 107. None of the funds made available by this Act or any other Act may be used to reorganize or to transfer the Civil Works functions or authority of the Corps of Engineers or the Secretary of the Army to another department or agency.

SEC. 108. Additional funding provided in this Act shall be allocated only to projects determined to be eligible by the Chief of Engineers.

## TITLE II

### DEPARTMENT OF THE INTERIOR

#### CENTRAL UTAH PROJECT

##### CENTRAL UTAH PROJECT COMPLETION ACCOUNT

For carrying out activities authorized by the Central Utah Project Completion Act, \$23,000,000, to remain available until expended, of which \$5,000,000 shall be deposited into the Utah Reclamation Mitigation and Conservation Account for use by the Utah Reclamation Mitigation and Conservation Commission: *Provided*, That of the amount provided under this heading, \$1,600,000 shall be available until September 30, 2024, for expenses necessary in carrying out related responsibilities of the Secretary of the Interior: *Provided further*, That for fiscal year 2023, of the amount made available to the Commission under this Act or any other Act, the Commission may use an amount not to exceed \$1,880,000 for administrative expenses.

#### BUREAU OF RECLAMATION

The following appropriations shall be expended to execute authorized functions of the Bureau of Reclamation:

## WATER AND RELATED RESOURCES

## (INCLUDING TRANSFERS OF FUNDS)

For management, development, and restoration of water and related natural resources and for related activities, including the operation, maintenance, and rehabilitation of reclamation and other facilities, participation in fulfilling related Federal responsibilities to Native Americans, and related grants to, and cooperative and other agreements with, State and local governments, federally recognized Indian Tribes, and others, \$1,787,151,000, to remain available until expended, of which \$22,165,000 shall be available for transfer to the Upper Colorado River Basin Fund and \$7,584,000 shall be available for transfer to the Lower Colorado River Basin Development Fund; of which such amounts as may be necessary may be advanced to the Colorado River Dam Fund: *Provided*, That \$500,000 shall be available for transfer into the Aging Infrastructure Account established by section 9603(d)(1) of the Omnibus Public Land Management Act of 2009, as amended (43 U.S.C. 510b(d)(1)): *Provided further*, That such transfers, except for the transfer authorized by the preceding proviso, may be increased or decreased within the overall appropriation under this heading: *Provided further*, That of the total appropriated, the amount for program activities that can be financed by the Reclamation Fund, the Water Storage Enhancement Receipts account established by section 4011(e) of Public Law 114–322, or the Bureau of Reclamation special fee account established by 16 U.S.C. 6806 shall be derived from that Fund or account: *Provided further*, That funds contributed under 43 U.S.C. 395 are available until expended for the purposes for which the funds were contributed: *Provided further*, That funds advanced under 43 U.S.C. 397a shall be credited to this account and are available until expended for the same purposes as the sums appropriated under this heading: *Provided further*, That of the amounts made available under this heading, \$10,000,000 shall be deposited in the San Gabriel Basin Restoration Fund established by section 110 of title I of division B of appendix D of Public Law 106–554: *Provided further*, That of the amounts provided herein, funds may be used for high-priority projects which shall be carried out by the Youth Conservation Corps, as authorized by 16 U.S.C. 1706: *Provided further*, That within available funds, \$250,000 shall be for grants and financial assistance for educational activities: *Provided further*, That in accordance with section 4007 of Public Law 114–322 and as recommended by the Secretary in a letter dated November 30, 2022, funding provided for such purpose in fiscal years 2021 and 2022 shall be made available to the Los Vaqueros Reservoir Expansion Project Phase 2, and the North-of-the-Delta Off Stream Storage (Sites Reservoir Project): *Provided further*, That in accordance with section 4009(a) of Public Law 114–322 and as recommended by the Secretary in a letter dated November 30, 2022, funding provided for such purpose in fiscal year 2022 shall be made available to the El Paso Water Utilities Public Service Board: *Provided further*, That in accordance with section 4009(c) of Public Law 114–322 and as recommended by the Secretary in a letter dated November 30, 2022, funding pro-

vided for such purpose in fiscal year 2022 shall be made available to the Eastern Municipal Water District.

#### CENTRAL VALLEY PROJECT RESTORATION FUND

For carrying out the programs, projects, plans, habitat restoration, improvement, and acquisition provisions of the Central Valley Project Improvement Act, such sums as may be collected in fiscal year 2023 in the Central Valley Project Restoration Fund pursuant to sections 3407(d), 3404(c)(3), and 3405(f) of Public Law 102–575, to remain available until expended: *Provided*, That the Bureau of Reclamation is directed to assess and collect the full amount of the additional mitigation and restoration payments authorized by section 3407(d) of Public Law 102–575: *Provided further*, That none of the funds made available under this heading may be used for the acquisition or leasing of water for in-stream purposes if the water is already committed to in-stream purposes by a court adopted decree or order.

#### CALIFORNIA BAY-DELTA RESTORATION

##### (INCLUDING TRANSFERS OF FUNDS)

For carrying out activities authorized by the Water Supply, Reliability, and Environmental Improvement Act, consistent with plans to be approved by the Secretary of the Interior, \$33,000,000, to remain available until expended, of which such amounts as may be necessary to carry out such activities may be transferred to appropriate accounts of other participating Federal agencies to carry out authorized purposes: *Provided*, That funds appropriated herein may be used for the Federal share of the costs of Calfed Program management: *Provided further*, That Calfed implementation shall be carried out in a balanced manner with clear performance measures demonstrating concurrent progress in achieving the goals and objectives of the Program.

#### POLICY AND ADMINISTRATION

For expenses necessary for policy, administration, and related functions in the Office of the Commissioner, the Denver office, and offices in the six regions of the Bureau of Reclamation, to remain available until September 30, 2024, \$65,079,000, to be derived from the Reclamation Fund and be nonreimbursable as provided in 43 U.S.C. 377: *Provided*, That no part of any other appropriation in this Act shall be available for activities or functions budgeted as policy and administration expenses.

#### ADMINISTRATIVE PROVISION

Appropriations for the Bureau of Reclamation shall be available for purchase and replacement of not to exceed 30 motor vehicles, which are for replacement only.

#### GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

SEC. 201. (a) None of the funds provided in title II of this Act for Water and Related Resources, or provided by previous or subse-

quent appropriations Acts to the agencies or entities funded in title II of this Act for Water and Related Resources that remain available for obligation or expenditure in fiscal year 2023, shall be available for obligation or expenditure through a reprogramming of funds that—

- (1) initiates or creates a new program, project, or activity;
- (2) eliminates a program, project, or activity;
- (3) increases funds for any program, project, or activity for which funds have been denied or restricted by this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (4) restarts or resumes any program, project or activity for which funds are not provided in this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (5) transfers funds in excess of the following limits, unless prior approval is received from the Committees on Appropriations of both Houses of Congress:
  - (A) 15 percent for any program, project or activity for which \$2,000,000 or more is available at the beginning of the fiscal year; or
  - (B) \$400,000 for any program, project or activity for which less than \$2,000,000 is available at the beginning of the fiscal year;
- (6) transfers more than \$500,000 from either the Facilities Operation, Maintenance, and Rehabilitation category or the Resources Management and Development category to any program, project, or activity in the other category, unless prior approval is received from the Committees on Appropriations of both Houses of Congress; or
- (7) transfers, where necessary to discharge legal obligations of the Bureau of Reclamation, more than \$5,000,000 to provide adequate funds for settled contractor claims, increased contractor earnings due to accelerated rates of operations, and real estate deficiency judgments, unless prior approval is received from the Committees on Appropriations of both Houses of Congress.

(b) Subsection (a)(5) shall not apply to any transfer of funds within the Facilities Operation, Maintenance, and Rehabilitation category.

(c) For purposes of this section, the term “transfer” means any movement of funds into or out of a program, project, or activity.

(d) Except as provided in subsections (a) and (b), the amounts made available in this title under the heading “Bureau of Reclamation—Water and Related Resources” shall be expended for the programs, projects, and activities specified in the “Final Bill” columns in the “Water and Related Resources” table included under the heading “Title II—Department of the Interior” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The Bureau of Reclamation shall submit reports on a quarterly basis to the Committees on Appropriations of both Houses of Congress detailing all the funds reprogrammed between programs, projects, activities, or categories of funding. The first quarterly re-

port shall be submitted not later than 60 days after the date of enactment of this Act.

SEC. 202. (a) None of the funds appropriated or otherwise made available by this Act may be used to determine the final point of discharge for the interceptor drain for the San Luis Unit until development by the Secretary of the Interior and the State of California of a plan, which shall conform to the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters.

(b) The costs of the Kesterson Reservoir Cleanup Program and the costs of the San Joaquin Valley Drainage Program shall be classified by the Secretary of the Interior as reimbursable or nonreimbursable and collected until fully repaid pursuant to the "Cleanup Program—Alternative Repayment Plan" and the "SJVDP—Alternative Repayment Plan" described in the report entitled "Repayment Report, Kesterson Reservoir Cleanup Program and San Joaquin Valley Drainage Program, February 1995", prepared by the Department of the Interior, Bureau of Reclamation. Any future obligations of funds by the United States relating to, or providing for, drainage service or drainage studies for the San Luis Unit shall be fully reimbursable by San Luis Unit beneficiaries of such service or studies pursuant to Federal reclamation law.

SEC. 203. Section 9504(e) of the Omnibus Public Land Management Act of 2009 (42 U.S.C. 10364(e)) is amended by striking "\$750,000,000" and inserting "\$820,000,000".

SEC. 204. (a) Title I of Public Law 108–361 (the Calfed Bay-Delta Authorization Act) (118 Stat. 1681), as amended by section 204 of division D of Public Law 117–103, shall be applied by substituting "2023" for "2022" each place it appears.

(b) Section 103(f)(4)(A) of Public Law 108–361 (the Calfed Bay-Delta Authorization Act) is amended by striking "\$25,000,000" and inserting "\$30,000,000".

SEC. 205. Section 9106(g)(2) of Public Law 111–11 (Omnibus Public Land Management Act of 2009) shall be applied by substituting "2023" for "2022".

SEC. 206. (a) Section 104(c) of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2214(c)) shall be applied by substituting "2023" for "2022".

(b) Section 301 of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2241) shall be applied by substituting "2023" for "2022" and by substituting "\$130,000,000" for "\$120,000,000".

SEC. 207. Section 529(b)(3) of the Water Resources Development Act of 2000 (Public Law 106–541) as amended, is amended by striking "\$30,000,000" and inserting "\$40,000,000".

SEC. 208. None of the funds made available by this Act may be used for pre-construction or construction activities for any project recommended after enactment of the Energy and Water Development and Related Agencies Appropriations Act, 2020 and prior to enactment of this Act by the Secretary of the Interior and transmitted to the appropriate committees of Congress pursuant to section 4007 of the Water Infrastructure Improvements for the Nation

Act (Public Law 114–322) if such project is not named in this Act, Public Law 116–260, or Public Law 117–43.

### TITLE III

## DEPARTMENT OF ENERGY

### ENERGY PROGRAMS

#### ENERGY EFFICIENCY AND RENEWABLE ENERGY

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for energy efficiency and renewable energy activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$3,460,000,000, to remain available until expended: *Provided*, That of such amount, \$223,000,000 shall be available until September 30, 2024, for program direction.

#### CYBERSECURITY, ENERGY SECURITY, AND EMERGENCY RESPONSE

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for energy sector cybersecurity, energy security, and emergency response activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$200,000,000, to remain available until expended: *Provided*, That of such amount, \$25,143,000 shall be available until September 30, 2024, for program direction.

## TITLE 17 INNOVATIVE TECHNOLOGY LOAN GUARANTEE PROGRAM

## (INCLUDING RESCISSION OF FUNDS)

Such sums as are derived from amounts received from borrowers pursuant to section 1702(b) of the Energy Policy Act of 2005 under this heading in prior Acts, shall be collected in accordance with section 502(7) of the Congressional Budget Act of 1974: *Provided*, That for necessary administrative expenses of the Title 17 Innovative Technology Loan Guarantee Program, as authorized, \$66,206,000 is appropriated, to remain available until September 30, 2024: *Provided further*, That up to \$66,206,000 of fees collected in fiscal year 2023 pursuant to section 1702(h) of the Energy Policy Act of 2005 shall be credited as offsetting collections under this heading and used for necessary administrative expenses in this appropriation and shall remain available until September 30, 2024: *Provided further*, That to the extent that fees collected in fiscal year 2023 exceed \$66,206,000, those excess amounts shall be credited as offsetting collections under this heading and available in future fiscal years only to the extent provided in advance in appropriations Acts: *Provided further*, That the sum herein appropriated from the general fund shall be reduced (1) as such fees are received during fiscal year 2023 (estimated at \$35,000,000) and (2) to the extent that any remaining general fund appropriations can be derived from fees collected in previous fiscal years that are not otherwise appropriated, so as to result in a final fiscal year 2023 appropriation from the general fund estimated at \$0: *Provided further*, That the Department of Energy shall not subordinate any loan obligation to other financing in violation of section 1702 of the Energy Policy Act of 2005 or subordinate any Guaranteed Obligation to any loan or other debt obligations in violation of section 609.10 of title 10, Code of Federal Regulations.

Of the unobligated balances from amounts made available in the first proviso of section 1425 of the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (Public Law 112–10) for the cost of loan guarantees under section 1703 of the Energy Policy Act of 2005, \$150,000,000 are hereby permanently rescinded: *Provided*, That, subject to section 502 of the Congressional Budget Act of 1974, commitments to guarantee loans for eligible projects under title XVII of the Energy Policy Act of 2005, shall not exceed a total principal amount of \$15,000,000,000, to remain available until committed: *Provided further*, That the amounts provided under this paragraph are in addition to those provided in any other Act: *Provided further*, That for amounts collected pursuant to section 1702(b)(2) of the Energy Policy Act of 2005, the source of such payment received from borrowers may not be a loan or other debt obligation that is guaranteed by the Federal Government: *Provided further*, That none of such loan guarantee authority made available under this paragraph shall be available for commitments to guarantee loans for any projects where funds, personnel, or property (tangible or intangible) of any Federal agency, instrumentality, personnel, or affiliated entity are expected be used (directly or indirectly) through acquisitions, contracts, demonstrations, exchanges, grants, incentives, leases, procurements, sales, other transaction authority, or other arrangements, to support the project or to ob-

tain goods or services from the project: *Provided further*, That the preceding proviso shall not be interpreted as precluding the use of the loan guarantee authority provided under this paragraph for commitments to guarantee loans for: (1) projects as a result of such projects benefitting from otherwise allowable Federal income tax benefits; (2) projects as a result of such projects benefitting from being located on Federal land pursuant to a lease or right-of-way agreement for which all consideration for all uses is: (A) paid exclusively in cash; (B) deposited in the Treasury as offsetting receipts; and (C) equal to the fair market value as determined by the head of the relevant Federal agency; (3) projects as a result of such projects benefitting from Federal insurance programs, including under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210; commonly known as the "Price-Anderson Act"); or (4) electric generation projects using transmission facilities owned or operated by a Federal Power Marketing Administration or the Tennessee Valley Authority that have been authorized, approved, and financed independent of the project receiving the guarantee: *Provided further*, That none of the loan guarantee authority made available under this paragraph shall be available for any project unless the Director of the Office of Management and Budget has certified in advance in writing that the loan guarantee and the project comply with the provisions under this paragraph.

#### ADVANCED TECHNOLOGY VEHICLES MANUFACTURING LOAN PROGRAM

For Department of Energy administrative expenses necessary in carrying out the Advanced Technology Vehicles Manufacturing Loan Program, \$9,800,000, to remain available until September 30, 2024.

#### TRIBAL ENERGY LOAN GUARANTEE PROGRAM

For Department of Energy administrative expenses necessary in carrying out the Tribal Energy Loan Guarantee Program, \$2,000,000, to remain available until September 30, 2024: *Provided*, That in this fiscal year and subsequent fiscal years, under section 2602(c) of the Energy Policy Act of 1992 (25 U.S.C. 3502(c)), the Secretary of Energy may also provide direct loans, as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a): *Provided further*, That such direct loans shall be made through the Federal Financing Bank, with the full faith and credit of the United States Government on the principal and interest: *Provided further*, That any funds previously appropriated for the cost of loan guarantees under section 2602(c) of the Energy Policy Act of 1992 (25 U.S.C. 3502(c)) may also be used, in this fiscal year and subsequent fiscal years, for the cost of direct loans provided under such section of such Act: *Provided further*, That for the cost of direct loans for the Tribal Energy Loan Guarantee Program as provided for in the preceding three provisos and for the cost of guaranteed loans for such program under section 2602(c) of the Energy Policy Act of 1992 (25 U.S.C. 3502(c)), \$2,000,000, to remain available until expended: *Provided further*, That such costs, includ-

ing the cost of modifying such loans, shall be as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a).

#### INDIAN ENERGY POLICY AND PROGRAMS

For necessary expenses for Indian Energy activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), \$75,000,000, to remain available until expended: *Provided*, That of the amount appropriated under this heading, \$14,000,000 shall be available until September 30, 2024, for program direction.

#### DEPARTMENTAL ADMINISTRATION

For salaries and expenses of the Department of Energy necessary for departmental administration in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), \$383,578,000, to remain available until September 30, 2024, including the hire of passenger motor vehicles and official reception and representation expenses not to exceed \$30,000, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): *Provided*, That such increases in cost of work are offset by revenue increases of the same or greater amount: *Provided further*, That moneys received by the Department for miscellaneous revenues estimated to total \$100,578,000 in fiscal year 2023 may be retained and used for operating expenses within this account, as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of 31 U.S.C. 3302: *Provided further*, That the sum herein appropriated shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2023 appropriation from the general fund estimated at not more than \$283,000,000.

#### OFFICE OF THE INSPECTOR GENERAL

For expenses necessary for the Office of the Inspector General in carrying out the provisions of the Inspector General Act of 1978, \$86,000,000, to remain available until September 30, 2024.

#### ATOMIC ENERGY DEFENSE ACTIVITIES

##### NATIONAL NUCLEAR SECURITY ADMINISTRATION

##### WEAPONS ACTIVITIES

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense weapons activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$17,116,119,000, to remain available until expended: *Provided*, That of such amount, \$130,070,000 shall be available until September 30, 2024, for program direction.

## DEFENSE NUCLEAR NONPROLIFERATION

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for defense nuclear nonproliferation activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$2,490,000,000, to remain available until expended.

## NAVAL REACTORS

## (INCLUDING TRANSFER OF FUNDS)

For Department of Energy expenses necessary for naval reactors activities to carry out the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition (by purchase, condemnation, construction, or otherwise) of real property, plant, and capital equipment, facilities, and facility expansion, \$2,081,445,000, to remain available until expended, of which, \$99,747,000 shall be transferred to “Department of Energy—Energy Programs—Nuclear Energy”, for the Advanced Test Reactor: *Provided*, That of such amount, \$58,525,000 shall be available until September 30, 2024, for program direction.

## FEDERAL SALARIES AND EXPENSES

For expenses necessary for Federal Salaries and Expenses in the National Nuclear Security Administration, \$475,000,000, to remain available until September 30, 2024, including official reception and representation expenses not to exceed \$17,000.

## ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

## DEFENSE ENVIRONMENTAL CLEANUP

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses necessary for atomic energy defense environmental cleanup activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$7,025,000,000, to remain available until expended: *Provided*, That of such amount, \$317,002,000 shall be available until September 30, 2024, for program direction.

DEFENSE URANIUM ENRICHMENT DECONTAMINATION AND  
DECOMMISSIONING

## (INCLUDING TRANSFER OF FUNDS)

For an additional amount for atomic energy defense environmental cleanup activities for Department of Energy contributions for uranium enrichment decontamination and decommissioning activities, \$586,035,000, to be deposited into the Defense Environ-

mental Cleanup account, which shall be transferred to the "Uranium Enrichment Decontamination and Decommissioning Fund".

#### OTHER DEFENSE ACTIVITIES

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses, necessary for atomic energy defense, other defense activities, and classified activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$1,035,000,000, to remain available until expended: *Provided*, That of such amount, \$364,734,000 shall be available until September 30, 2024, for program direction.

#### POWER MARKETING ADMINISTRATIONS

##### BONNEVILLE POWER ADMINISTRATION FUND

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93-454, are approved for the Colville Tribes Residents Fish Hatchery Expansion, Chief Joseph Hatchery Water Quality Project, and Umatilla Hatchery Facility Project and, in addition, for official reception and representation expenses in an amount not to exceed \$5,000: *Provided*, That during fiscal year 2023, no new direct loan obligations may be made.

##### OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

For expenses necessary for operation and maintenance of power transmission facilities and for marketing electric power and energy, including transmission wheeling and ancillary services, pursuant to section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southeastern power area, \$8,173,000, including official reception and representation expenses in an amount not to exceed \$1,500, to remain available until expended: *Provided*, That notwithstanding 31 U.S.C. 3302 and section 5 of the Flood Control Act of 1944, up to \$8,173,000 collected by the Southeastern Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended for the sole purpose of funding the annual expenses of the Southeastern Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2023 appropriation estimated at not more than \$0: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$78,696,000 collected by the Southeastern Power Administration pursuant to the Flood Control Act of 1944 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally

recovered in the same year that they are incurred (excluding purchase power and wheeling expenses).

#### OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

For expenses necessary for operation and maintenance of power transmission facilities and for marketing electric power and energy, for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses, including official reception and representation expenses in an amount not to exceed \$1,500 in carrying out section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the Southwestern Power Administration, \$53,488,000, to remain available until expended: *Provided*, That notwithstanding 31 U.S.C. 3302 and section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), up to \$42,880,000 collected by the Southwestern Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended, for the sole purpose of funding the annual expenses of the Southwestern Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2023 appropriation estimated at not more than \$10,608,000: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$70,000,000 collected by the Southwestern Power Administration pursuant to the Flood Control Act of 1944 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred (excluding purchase power and wheeling expenses).

#### CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE, WESTERN AREA POWER ADMINISTRATION

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (42 U.S.C. 7152), and other related activities including conservation and renewable resources programs as authorized, \$299,573,000, including official reception and representation expenses in an amount not to exceed \$1,500, to remain available until expended, of which \$299,573,000 shall be derived from the Department of the Interior Reclamation Fund: *Provided*, That notwithstanding 31 U.S.C. 3302, section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), and section 1 of the Interior Department Appropriation Act, 1939 (43 U.S.C. 392a), up to \$200,841,000 collected by the Western Area Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended, for the sole purpose of funding the annual expenses of the Western Area Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as

to result in a final fiscal year 2023 appropriation estimated at not more than \$98,732,000, of which \$98,732,000 is derived from the Reclamation Fund: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$475,000,000 collected by the Western Area Power Administration pursuant to the Flood Control Act of 1944 and the Reclamation Project Act of 1939 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred (excluding purchase power and wheeling expenses).

#### FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

For operation, maintenance, and emergency costs for the hydroelectric facilities at the Falcon and Amistad Dams, \$6,330,000, to remain available until expended, and to be derived from the Falcon and Amistad Operating and Maintenance Fund of the Western Area Power Administration, as provided in section 2 of the Act of June 18, 1954 (68 Stat. 255): *Provided*, That notwithstanding the provisions of that Act and of 31 U.S.C. 3302, up to \$6,102,000 collected by the Western Area Power Administration from the sale of power and related services from the Falcon and Amistad Dams shall be credited to this account as discretionary offsetting collections, to remain available until expended for the sole purpose of funding the annual expenses of the hydroelectric facilities of these Dams and associated Western Area Power Administration activities: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2023 appropriation estimated at not more than \$228,000: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred: *Provided further*, That for fiscal year 2023, the Administrator of the Western Area Power Administration may accept up to \$1,598,000 in funds contributed by United States power customers of the Falcon and Amistad Dams for deposit into the Falcon and Amistad Operating and Maintenance Fund, and such funds shall be available for the purpose for which contributed in like manner as if said sums had been specifically appropriated for such purpose: *Provided further*, That any such funds shall be available without further appropriation and without fiscal year limitation for use by the Commissioner of the United States Section of the International Boundary and Water Commission for the sole purpose of operating, maintaining, repairing, rehabilitating, replacing, or upgrading the hydroelectric facilities at these Dams in accordance with agreements reached between the Administrator, Commissioner, and the power customers.

## FEDERAL ENERGY REGULATORY COMMISSION

## SALARIES AND EXPENSES

For expenses necessary for the Federal Energy Regulatory Commission to carry out the provisions of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including services as authorized by 5 U.S.C. 3109, official reception and representation expenses not to exceed \$3,000, and the hire of passenger motor vehicles, \$508,400,000, to remain available until expended: *Provided*, That notwithstanding any other provision of law, not to exceed \$508,400,000 of revenues from fees and annual charges, and other services and collections in fiscal year 2023 shall be retained and used for expenses necessary in this account, and shall remain available until expended: *Provided further*, That the sum herein appropriated from the general fund shall be reduced as revenues are received during fiscal year 2023 so as to result in a final fiscal year 2023 appropriation from the general fund estimated at not more than \$0.

## GENERAL PROVISIONS—DEPARTMENT OF ENERGY

SEC. 301. (a) No appropriation, funds, or authority made available by this title for the Department of Energy shall be used to initiate or resume any program, project, or activity or to prepare or initiate Requests For Proposals or similar arrangements (including Requests for Quotations, Requests for Information, and Funding Opportunity Announcements) for a program, project, or activity if the program, project, or activity has not been funded by Congress.

(b)(1) Unless the Secretary of Energy notifies the Committees on Appropriations of both Houses of Congress at least 3 full business days in advance, none of the funds made available in this title may be used to—

(A) make a grant allocation or discretionary grant award totaling \$1,000,000 or more;

(B) make a discretionary contract award or Other Transaction Agreement totaling \$1,000,000 or more, including a contract covered by the Federal Acquisition Regulation;

(C) issue a letter of intent to make an allocation, award, or Agreement in excess of the limits in subparagraph (A) or (B); or

(D) announce publicly the intention to make an allocation, award, or Agreement in excess of the limits in subparagraph (A) or (B).

(2) The Secretary of Energy shall submit to the Committees on Appropriations of both Houses of Congress within 15 days of the conclusion of each quarter a report detailing each grant allocation or discretionary grant award totaling less than \$1,000,000 provided during the previous quarter.

(3) The notification required by paragraph (1) and the report required by paragraph (2) shall include the recipient of the award, the amount of the award, the fiscal year for which the funds for the award were appropriated, the account and program, project, or activity from which the funds are being drawn, the title of the

award, and a brief description of the activity for which the award is made.

(c) The Department of Energy may not, with respect to any program, project, or activity that uses budget authority made available in this title under the heading "Department of Energy—Energy Programs", enter into a multiyear contract, award a multiyear grant, or enter into a multiyear cooperative agreement unless—

(1) the contract, grant, or cooperative agreement is funded for the full period of performance as anticipated at the time of award; or

(2) the contract, grant, or cooperative agreement includes a clause conditioning the Federal Government's obligation on the availability of future year budget authority and the Secretary notifies the Committees on Appropriations of both Houses of Congress at least 3 days in advance.

(d) Except as provided in subsections (e), (f), and (g), the amounts made available by this title shall be expended as authorized by law for the programs, projects, and activities specified in the "Final Bill" column in the "Department of Energy" table included under the heading "Title III—Department of Energy" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The amounts made available by this title may be reprogrammed for any program, project, or activity, and the Department shall notify, and obtain the prior approval of, the Committees on Appropriations of both Houses of Congress at least 30 days prior to the use of any proposed reprogramming that would cause any program, project, or activity funding level to increase or decrease by more than \$5,000,000 or 10 percent, whichever is less, during the time period covered by this Act.

(f) None of the funds provided in this title shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates, initiates, or eliminates a program, project, or activity;

(2) increases funds or personnel for any program, project, or activity for which funds are denied or restricted by this Act; or

(3) reduces funds that are directed to be used for a specific program, project, or activity by this Act.

(g)(1) The Secretary of Energy may waive any requirement or restriction in this section that applies to the use of funds made available for the Department of Energy if compliance with such requirement or restriction would pose a substantial risk to human health, the environment, welfare, or national security.

(2) The Secretary of Energy shall notify the Committees on Appropriations of both Houses of Congress of any waiver under paragraph (1) as soon as practicable, but not later than 3 days after the date of the activity to which a requirement or restriction would otherwise have applied. Such notice shall include an explanation of the substantial risk under paragraph (1) that permitted such waiver.

(h) The unexpended balances of prior appropriations provided for activities in this Act may be available to the same appropriation accounts for such activities established pursuant to this title. Available balances may be merged with funds in the applicable estab-

lished accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 302. Funds appropriated by this or any other Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094) during fiscal year 2023 until the enactment of the Intelligence Authorization Act for fiscal year 2023.

SEC. 303. None of the funds made available in this title shall be used for the construction of facilities classified as high-hazard nuclear facilities under 10 CFR Part 830 unless independent oversight is conducted by the Office of Enterprise Assessments to ensure the project is in compliance with nuclear safety requirements.

SEC. 304. None of the funds made available in this title may be used to approve critical decision-2 or critical decision-3 under Department of Energy Order 413.3B, or any successive departmental guidance, for construction projects where the total project cost exceeds \$100,000,000, until a separate independent cost estimate has been developed for the project for that critical decision.

SEC. 305. Notwithstanding section 161 of the Energy Policy and Conservation Act (42 U.S.C. 6241), upon a determination by the President in this fiscal year that a regional supply shortage of refined petroleum product of significant scope and duration exists, that a severe increase in the price of refined petroleum product will likely result from such shortage, and that a draw down and sale of refined petroleum product would assist directly and significantly in reducing the adverse impact of such shortage, the Secretary of Energy may draw down and sell refined petroleum product from the Strategic Petroleum Reserve. Proceeds from a sale under this section shall be deposited into the SPR Petroleum Account established in section 167 of the Energy Policy and Conservation Act (42 U.S.C. 6247), and such amounts shall be available for obligation, without fiscal year limitation, consistent with that section.

SEC. 306. No funds shall be transferred directly from “Department of Energy—Power Marketing Administration—Colorado River Basins Power Marketing Fund, Western Area Power Administration” to the general fund of the Treasury in the current fiscal year.

SEC. 307. All unavailable collections currently in the United States Enrichment Corporation Fund shall be transferred to and merged with the Uranium Enrichment Decontamination and Decommissioning Fund and shall be available only to the extent provided in advance in appropriations Acts.

SEC. 308. Subparagraphs (B) and (C) of section 40401(a)(2) of Public Law 117–58, paragraph (3) of section 1702(r) of the Energy Policy Act of 2005 (42 U.S.C. 16512(r)(3)) as added by section 40401(c)(2)(C) of Public Law 117–58, and subsection (l) of section 136 of the Energy Independence and Security Act of 2007 (42 U.S.C. 17013(l)), are hereby repealed.

SEC. 309. (a) Hereafter, for energy development, demonstration, and deployment programs funded under Department of Energy appropriations (other than those for the National Nuclear Security Administration and Office of Environmental Management) provided for fiscal year 2022, the current fiscal year, or any fiscal year thereafter (including by Acts other than appropriations Acts), the Sec-

retary may vest unconditional title or other property interests acquired under projects in an award recipient, subrecipient, or successor in interest, including the United States, at the conclusion of the award period for projects receiving an initial award in fiscal year 2022 or later.

(b) Upon vesting unconditional title pursuant to subsection (a) in an award recipient, subrecipient, or successor in interest other than the United States, the United States shall have no liabilities or obligations to the property.

(c) For purposes of this section, the term “property interest” does not include any interest in intellectual property developed using funding provided under a project.

SEC. 310. None of the funds made available in this title may be used to support a grant allocation award, discretionary grant award, or cooperative agreement that exceeds \$100,000,000 in Federal funding unless the project is carried out through internal independent project management procedures.

## TITLE IV

### INDEPENDENT AGENCIES

#### APPALACHIAN REGIONAL COMMISSION

For expenses necessary to carry out the programs authorized by the Appalachian Regional Development Act of 1965, as amended, and for expenses necessary for the Federal Co-Chairman and the Alternate on the Appalachian Regional Commission, for payment of the Federal share of the administrative expenses of the Commission, including services as authorized by 5 U.S.C. 3109, and hire of passenger motor vehicles, \$200,000,000, to remain available until expended.

#### DEFENSE NUCLEAR FACILITIES SAFETY BOARD

##### SALARIES AND EXPENSES

For expenses necessary for the Defense Nuclear Facilities Safety Board in carrying out activities authorized by the Atomic Energy Act of 1954, as amended by Public Law 100-456, section 1441, \$41,401,000, to remain available until September 30, 2024, of which not to exceed \$1,000 shall be available for official reception and representation expenses.

#### DELTA REGIONAL AUTHORITY

##### SALARIES AND EXPENSES

For expenses necessary for the Delta Regional Authority and to carry out its activities, as authorized by the Delta Regional Authority Act of 2000, notwithstanding sections 382F(d), 382M, and 382N of said Act, \$30,100,000, to remain available until expended.

#### DENALI COMMISSION

For expenses necessary for the Denali Commission including the purchase, construction, and acquisition of plant and capital equip-

ment as necessary and other expenses, \$17,000,000, to remain available until expended, notwithstanding the limitations contained in section 306(g) of the Denali Commission Act of 1998: *Provided*, That funds shall be available for construction projects for which the Denali Commission is the sole or primary funding source in an amount not to exceed 80 percent of total project cost for distressed communities, as defined by section 307 of the Denali Commission Act of 1998 (division C, title III, Public Law 105–277), as amended by section 701 of appendix D, title VII, Public Law 106–113 (113 Stat. 1501A–280), and an amount not to exceed 50 percent for non-distressed communities: *Provided further*, That notwithstanding any other provision of law regarding payment of a non-Federal share in connection with a grant-in-aid program, amounts under this heading shall be available for the payment of such a non-Federal share for any project for which the Denali Commission is not the sole or primary funding source, provided that such project is consistent with the purposes of the Commission.

#### NORTHERN BORDER REGIONAL COMMISSION

For expenses necessary for the Northern Border Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$40,000,000, to remain available until expended: *Provided*, That such amounts shall be available for administrative expenses, notwithstanding section 15751(b) of title 40, United States Code.

#### SOUTHEAST CRESCENT REGIONAL COMMISSION

For expenses necessary for the Southeast Crescent Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$20,000,000, to remain available until expended.

#### SOUTHWEST BORDER REGIONAL COMMISSION

For expenses necessary for the Southwest Border Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$5,000,000, to remain available until expended.

#### NUCLEAR REGULATORY COMMISSION

##### SALARIES AND EXPENSES

For expenses necessary for the Commission in carrying out the purposes of the Energy Reorganization Act of 1974 and the Atomic Energy Act of 1954, \$911,384,000, including official representation expenses not to exceed \$25,000, to remain available until expended: *Provided*, That of the amount appropriated herein, not more than \$9,500,000 may be made available for salaries, travel, and other support costs for the Office of the Commission, to remain available until September 30, 2024: *Provided further*, That revenues from licensing fees, inspection services, and other services and collections estimated at \$777,498,000 in fiscal year 2023 shall be retained and used for necessary salaries and expenses in this account, notwithstanding 31 U.S.C. 3302, and shall remain available until ex-

pended: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2023 so as to result in a final fiscal year 2023 appropriation estimated at not more than \$133,886,000.

#### OFFICE OF INSPECTOR GENERAL

For expenses necessary for the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, \$15,769,000, to remain available until September 30, 2024: *Provided*, That revenues from licensing fees, inspection services, and other services and collections estimated at \$12,655,000 in fiscal year 2023 shall be retained and be available until September 30, 2024, for necessary salaries and expenses in this account, notwithstanding section 3302 of title 31, United States Code: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2023 so as to result in a final fiscal year 2023 appropriation estimated at not more than \$3,114,000: *Provided further*, That of the amounts appropriated under this heading, \$1,520,000 shall be for Inspector General services for the Defense Nuclear Facilities Safety Board.

#### NUCLEAR WASTE TECHNICAL REVIEW BOARD

##### SALARIES AND EXPENSES

For expenses necessary for the Nuclear Waste Technical Review Board, as authorized by Public Law 100–203, section 5051, \$3,945,000, to be derived from the Nuclear Waste Fund, to remain available until September 30, 2024.

#### GENERAL PROVISIONS—INDEPENDENT AGENCIES

SEC. 401. The Nuclear Regulatory Commission shall comply with the July 5, 2011, version of Chapter VI of its Internal Commission Procedures when responding to Congressional requests for information, consistent with Department of Justice guidance for all Federal agencies.

SEC. 402. (a) The amounts made available by this title for the Nuclear Regulatory Commission may be reprogrammed for any program, project, or activity, and the Commission shall notify the Committees on Appropriations of both Houses of Congress at least 30 days prior to the use of any proposed reprogramming that would cause any program funding level to increase or decrease by more than \$500,000 or 10 percent, whichever is less, during the time period covered by this Act.

(b)(1) The Nuclear Regulatory Commission may waive the notification requirement in subsection (a) if compliance with such requirement would pose a substantial risk to human health, the environment, welfare, or national security.

(2) The Nuclear Regulatory Commission shall notify the Committees on Appropriations of both Houses of Congress of any waiver under paragraph (1) as soon as practicable, but not later than 3 days after the date of the activity to which a requirement or restriction would otherwise have applied. Such notice shall include an explanation of the substantial risk under paragraph (1) that

permitted such waiver and shall provide a detailed report to the Committees of such waiver and changes to funding levels to programs, projects, or activities.

(c) Except as provided in subsections (a), (b), and (d), the amounts made available by this title for "Nuclear Regulatory Commission—Salaries and Expenses" shall be expended as directed in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(d) None of the funds provided for the Nuclear Regulatory Commission shall be available for obligation or expenditure through a reprogramming of funds that increases funds or personnel for any program, project, or activity for which funds are denied or restricted by this Act.

(e) The Commission shall provide a monthly report to the Committees on Appropriations of both Houses of Congress, which includes the following for each program, project, or activity, including any prior year appropriations—

- (1) total budget authority;
- (2) total unobligated balances; and
- (3) total unliquidated obligations.

## TITLE V

### GENERAL PROVISIONS

#### (INCLUDING TRANSFER OF FUNDS)

SEC. 501. None of the funds appropriated by this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

SEC. 502. (a) None of the funds made available in title III of this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by or transfer authority provided in this Act or any other appropriations Act for any fiscal year, transfer authority referenced in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), or any authority whereby a department, agency, or instrumentality of the United States Government may provide goods or services to another department, agency, or instrumentality.

(b) None of the funds made available for any department, agency, or instrumentality of the United States Government may be transferred to accounts funded in title III of this Act, except pursuant to a transfer made by or transfer authority provided in this Act or any other appropriations Act for any fiscal year, transfer authority referenced in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), or any authority whereby a department, agency, or instrumentality of the United States Government may provide goods or services to another department, agency, or instrumentality.

(c) The head of any relevant department or agency funded in this Act utilizing any transfer authority shall submit to the Committees on Appropriations of both Houses of Congress a semiannual report

detailing the transfer authorities, except for any authority whereby a department, agency, or instrumentality of the United States Government may provide goods or services to another department, agency, or instrumentality, used in the previous 6 months and in the year-to-date. This report shall include the amounts transferred and the purposes for which they were transferred, and shall not replace or modify existing notification requirements for each authority.

SEC. 503. None of the funds made available by this Act may be used in contravention of Executive Order No. 12898 of February 11, 1994 (Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations).

SEC. 504. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, Tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

This division may be cited as the “Energy and Water Development and Related Agencies Appropriations Act, 2023”.

[CLERK’S NOTE.—Reproduced below is the material relating to division D contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION D—ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2023**

The following statement to the House of Representatives and the Senate is submitted in explanation of the agreed upon Act making appropriations for energy and water development for the fiscal year ending September 30, 2023, and for other purposes.

The explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–394 carries the same weight as the language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. Additionally, where this explanatory statement states that the “agreement only includes” or “the following is the only” direction, any direction included in the House on that matter shall be considered as replaced with the direction provided within this explanatory statement. In cases where the House report or this explanatory statement has directed a briefing or the submission of a report, such briefing or report is to be submitted to the Committees on Appropriations of both Houses of Congress, hereinafter referred to as the Committees. House reporting requirements with deadlines prior to or within 15 days of enactment of this Act shall be submitted not later than 60 days after enactment of this Act. All other reporting deadlines not changed by this explanatory statement are to be met.

Funds for the individual programs and activities within the accounts in this Act are displayed in the detailed table at the end of the explanatory statement for this Act. Funding levels that are not displayed in the detailed table are identified in this explanatory statement.

In fiscal year 2023, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177), the following information provides the definition of the term “program, project, or activity” for departments and agencies under the jurisdiction of the Energy and Water Development and Related Agencies Appropriations Act. The term “program, project, or activity” shall include the most specific level of budget items identified in the Energy and Water Development and Related Agencies Appro-

priations Act, 2023 and the explanatory statement accompanying this Act.

The Comptroller General of the United States is directed to review the management and operations of the Offices of Inspector General (OIG) for the Nuclear Regulatory Commission and the Department of Energy (DOE) to assess their strategic planning, quality assurance processes, and overall effectiveness in carrying out their statutory responsibilities. For the DOE OIG, GAO is directed to review their strategic planning, especially with respect to carrying out audits that would previously have been conducted under the cooperative audit strategy. The GAO is directed to brief the Committees on its preliminary findings not later than 180 days after enactment of this Act.

## TITLE I—CORPS OF ENGINEERS—CIVIL DEPARTMENT OF THE ARMY

### CORPS OF ENGINEERS—CIVIL

The summary tables included in this title set forth the dispositions with respect to the individual appropriations, projects, and activities of the Corps of Engineers (Corps). Additional items of this Act are discussed below.

*Advanced Funds Agreements.*—In light of a non-federal sponsor's commitment to provide all funding required for construction of the project, or separable element thereof, federal funds shall not be provided for such construction. Instead, for such projects, any federal funding may be provided only after completion of construction, as repayment of the federal share of such construction, from funding provided in this or subsequent acts for reimbursements or repayments, and would be subject to a new start designation. This direction is not intended to apply to any project with an advanced funds project partnership agreement that was in place prior to December 20, 2019.

*Apportionment Under a Continuing Resolution.*—The change in apportionment policy is rejected, and the Administration is directed to follow the previous policy during any continuing resolutions that may occur in this or any future fiscal years.

*Budget Structure Changes.*—The fiscal year 2023 budget request for the Corps proposed numerous structural changes, including the creation of two new accounts, Harbor Maintenance Trust Fund (HMTF) and Inland Waterways Trust Fund (IWTF); the shifting of various studies and projects among accounts and business lines; and the consolidation of certain remaining items. The agreement rejects all such proposed changes and instead funds all activities in the accounts in which funding has traditionally been provided. Unless expressly noted, all projects and studies remain at the levels proposed in the budget request but may be funded in different accounts. In particular:

- Projects proposed for funding in the HMTF account in the budget request are funded in the Construction, Mississippi River and Tributaries, and Operation and Maintenance accounts, as appropriate;
- Projects requested in the IWTF account are shown in the Construction account;

- Dredged Material Management Plans, requested in the Investigations account, are funded in the Operation and Maintenance account;

- Disposition studies will continue to be funded under the Disposition of Completed Projects remaining item in the Investigations account;

- Tribal Partnership projects will continue to be funded under the Tribal Partnership Program remaining item in the Investigations account as well as in the remaining item in the Construction account, and these amounts may be used to cover necessary administrative expenses prior to agreement execution;

- Project Condition Surveys, Scheduling of Reservoir Operations and Surveillance of Northern Boundary Waters will continue to be funded under states instead of consolidated into national programs as requested in the Operation and Maintenance account and the HMTF account;

- Inspection of Completed Works will continue to be funded under the individual states instead of consolidated into a national program as requested in the Operation and Maintenance account and the Mississippi River and Tributaries account; and

- Dam Safety Modification Studies, requested in the Investigations account, will be funded under the Dam Safety and Seepage/Stability Correction Program remaining item in the Construction account.

For any fiscal year, if the Corps proposes budget structure changes, the budget request shall be accompanied by a display of the funding request in the traditional budget structure.

*Continuing Contracts.*—The Corps is authorized by section 621 of title 33, United States Code, to execute its Civil Works projects through the use of a Special Continuing Contract Clause as described in Engineer Circulars 11–2–221 and 11–2–222, and an Incremental Funding Clause (DFARS 252.2327–7007). The Administration is directed to continue using its existing continuing contract authorities in accordance with the general provisions in this Act as an efficient approach to managing large, multi-year projects.

*Deep Draft Navigation.*—The agreement provides an estimated \$2,318,000,000 for HMTF eligible activities in accordance with the changes in the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) and the Water Resources Development Act (WRDA) of 2020 (Public Law 116–260). The agreement provides \$56,000,000 for the program authorized by section 2106 (c) of the Water Resources and Reform Development Act (WRRDA) of 2014 (Public Law 113–121).

*Invasive Carp.*—The Corps is undertaking multiple efforts to stop invasive carp from reaching the Great Lakes. There is appreciation that the Corps' spend plan for fiscal year 2022 funding provided under the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117–58) included \$225,838,000 to initiate construction of the Brandon Road Lock and Dam, Aquatic Nuisance Species Barrier project. Further, the fiscal year 2023 budget request includes \$47,880,500 for the project to continue this important effort. As the Corps prioritizes projects, it shall consider critical projects to prevent the spread of invasive species. The Corps is directed to provide to the Committees quarterly updates on the progress and sta-

tus of efforts to prevent the further spread of invasive carp, including the Brandon Road Recommended Plan and the second array at the Chicago Sanitary and Ship Canal; the location and density of carp populations; the use of emergency procedures previously authorized by Congress; the development, consideration, and implementation of new technological and structural countermeasures; and progress on preconstruction engineering and design (PED) and construction work.

The Corps shall continue to collaborate at levels commensurate with previous years with the U.S. Coast Guard, the U.S. Fish and Wildlife Service, the State of Illinois, and members of the Invasive Carp Regional Coordinating Committee, including identifying navigation protocols that would be beneficial or effective in reducing the risk of vessels inadvertently carrying aquatic invasive species, including invasive carp, through the Brandon Road Lock and Dam in Joliet, Illinois. Any findings of such an evaluation shall be included in the quarterly briefings to the Committees. The Corps is further directed to implement navigation protocols shown to be effective at reducing the risk of entrainment without jeopardizing the safety of vessels and crews. The Corps and other federal and state agencies are conducting ongoing research on additional potential invasive carp solutions. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on such navigation protocols and potential solutions.

*Reporting Requirement.*—The Corps is directed to provide to the Committees a quarterly report that shall include the total budget authority and unobligated balances by year for each program, project, or activity, including any prior year appropriations. The Assistant Secretary of the Army for Civil Works is directed to provide to the Committees a quarterly report that includes the total budget authority and unobligated balances by year for each activity funded in the Office of the Assistant Secretary of the Army for Civil Works account, including any prior year appropriations.

*Reprogramming.*—The reprogramming legislation provided in the Energy and Water Development and Related Agencies Appropriations Act, 2020 (Public Law 116–94) is retained.

#### ADDITIONAL FUNDING

The agreement includes funding above the budget request to ensure continued improvements to our national economy, public safety, and environmental health that result from water resources projects. This funding is for additional work that either was not included in the budget request or was inadequately budgeted. The bill contains a provision requiring the Corps to allocate funds in accordance with only the direction in this agreement. In lieu of all House direction—under any heading—regarding additional funding, new starts, and the fiscal year 2023 work plan, the Corps shall follow the direction included in this explanatory statement.

The executive branch retains complete discretion over project-specific allocation decisions within the additional funds provided, subject to only the direction here and under the heading “Additional Funding” or “Additional Funding for Ongoing Work” within each of the Investigations, Construction, Mississippi River and Tributaries, and Operation and Maintenance accounts. A study or

project may not be excluded from evaluation for being “inconsistent with Administration policy.” Voluntary funding in excess of legally-required cost shares for studies and projects is acceptable, but shall not be used as a criterion for allocating the additional funding provided or for the selection of new starts.

The Administration is reminded that these funds are in addition to the budget request, and Administration budget metrics shall not be a reason to disqualify a study or project from being funded. It is expected that all of the additional funding provided will be allocated to specific programs, projects, or activities. The focus of the allocation process shall favor the obligation, rather than expenditure, of funds. Additionally, the Administration shall consider the extent to which the Corps is able to obligate funds as it allocates the additional funding. The Corps shall evaluate all studies and projects only within accounts and categories consistent with previous congressional funding.

A project or study shall be eligible for additional funding within the Investigations, Construction, and Mississippi River and Tributaries accounts if: (1) it has received funding, other than through a reprogramming, in at least one of the previous three fiscal years; or (2) it was previously funded and could reach a significant milestone, complete a discrete element of work, or produce significant outputs in fiscal year 2023. None of the additional funding in any account may be used for any item where funding was specifically denied or for projects in the Continuing Authorities Program (CAP). Funds shall be allocated consistent with statutory cost share requirements. Also, funding associated with each category of Additional Funding may be allocated as appropriate to any eligible study or project within that category; funding associated with each subcategory may be allocated only to eligible studies or projects, within that subcategory.

The Corps is reminded that the flood and storm damage reduction mission area can include instances where non-federal sponsors are seeking assistance with flood control and unauthorized discharges from permitted wastewater treatment facilities and that the navigation mission area includes work in remote and subsistence harbor areas. In addition to the priority factors used to allocate all additional funding provided in the Construction account, the Corps also shall consider the non-federal sponsor's ability and willingness to promptly provide the required cash contribution, if any, as well as required lands, easements, rights-of-way, relocations, and disposal areas.

*Work Plan.*—The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a work plan including the following information: (1) a detailed description of the process and criteria used to evaluate studies and projects; (2) delineation of how these funds are to be allocated; (3) a summary of the work to be accomplished with each allocation, including phase of work and the study or project's remaining cost to complete (excluding Operation and Maintenance); and (4) a list of all studies and projects that were considered eligible for funding but did not receive funding, including an explanation of whether the study or project could have used funds in fiscal year 2023 and the specific

reasons each study or project was considered as being less competitive for an allocation of funds.

The Administration shall not delay apportioning the funding for Community Project Funding and Congressionally Directed Spending while developing the work plan for additional funding.

*New Starts.*—The agreement includes funding for a limited number of new projects, including those proposed in the budget request. No further new starts are provided for in this Act.

While there remains significant need for new investments in water resources projects, decisions regarding the processes by which projects may be made eligible for funding or the manner in which projects are funded can only be made by the Committees.

There continues to be confusion regarding the executive branch's policies and guidelines regarding which studies and projects require new start designations. Therefore, the Corps is directed to notify the Committees at least seven days prior to execution of an agreement for construction of any project except environmental infrastructure projects and projects under the CAP. Additionally, the agreement reiterates and clarifies previous congressional direction as follows. Neither study nor construction activities related to individual projects authorized under section 1037 of WRRDA of 2014 shall require a new start or new investment decision; these activities shall be considered ongoing work. No new start or new investment decision shall be required when moving from feasibility to PED. The initiation of construction of an individually authorized project funded within a programmatic line item may not require a new start designation provided that some amount of construction funding under such programmatic line item was appropriated and expended during the previous fiscal year. No new start or new investment decision shall be required to initiate work on a separable element of a project when construction of one or more separable elements of that project was initiated previously; it shall be considered ongoing work. A new construction start shall not be required for work undertaken to correct a design deficiency on an existing federal project; it shall be considered ongoing work. The Corps is reminded that resumptions are just that—resumption of previously-initiated studies or projects and, as such, do not require new start designations.

#### INVESTIGATIONS

The agreement includes \$172,500,000 for Investigations.

^Funded in another account.

~Funded in remaining items.

\*Includes funds requested in Projects Listed Under States within this account.

*Updated Capabilities.*—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

*Additional Funding.*—The Corps is expected to allocate the additional funding provided in this account primarily to specific feasibility and PED phases, rather than to remaining items as has been the case in previous work plans. The Corps shall include appropriate requests for funding in future budget submissions for PED and new feasibility studies initiated in fiscal year 2023. The Administration is reminded that a project study is not complete until the PED phase is complete and that no new start or new investment decision shall be required when moving from feasibility to PED.

Of the additional funding provided, \$4,000,000 shall be for Flood Risk Management PED activities.

When allocating the additional funding provided in this account, the Corps shall consider prioritizing: completing or accelerating ongoing studies that will enhance the nation's economic development, job growth, and international competitiveness; projects located in areas that have suffered recent natural disasters; projects that protect life and property; or projects addressing legal requirements. The Corps is urged to consider any national security benefits a project may have when allocating this funding. The Corps is encouraged to prioritize completing or accelerating ongoing studies for flood risk management projects in areas experiencing dramatic or rapid increases in urban development in and around project sites.

*Baltimore Harbor and Channels, Maryland—Seagirt Loop Deepening.*—The importance of the Port of Baltimore and the need to adequately support the significant growth in vessel size and cargo capacities of ships is noted. If funds remain when the study completes, the Corps is encouraged to use such funds for PED.

*Beattyville, Kentucky.*—The Corps is encouraged to continue to work expeditiously with the nonfederal sponsor on plans to reduce flooding near Beattyville.

*Bubbly Creek.*—The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on proposed solutions on a path forward for this restoration project.

*Chacon Creek, Texas.*—The Corps is encouraged to include appropriate funding for this project in future budget submissions.

*Chicago River.*—The Corps is urged to work with the City of Chicago River Ecology and Governance Task Force toward a comprehensive ecosystem restoration project for the restoration of the Chicago River. The Corps is encouraged to consider including funding for this study in future budget submissions.

*Coastal Field Data Collection.*—The agreement provides an additional \$2,000,000 to continue data collection and research on the impact of extreme storms in coastal regions. Additionally, with the funds provided, the Corps is encouraged to evaluate the readiness of the unique facilities and equipment necessary to support this effort and to include increased funding in future budget submissions in order to revitalize and modernize facilities and equipment in support of this program.

*Coordination with Other Water Resource Agencies.*—The agreement includes \$200,000 for continued collaboration with other federal agencies and stakeholders on invasive species challenges.

*Disposition of Completed Projects.*—The Corps is directed to provide to the Committees copies of disposition studies upon completion. The agreement rejects the budget request proposal to fund a disposition study of the Arkansas Red River Chloride Control project. The Corps is directed to brief the Committees not later than 60 days after enactment of this Act on the status of the project.

*Flood Policy in Urban Areas.*—The Corps is reminded that the Flood Policy in Urban Areas report as detailed in section 1211 of America's Water Infrastructure Act of 2018 (AWIA) (Public Law 115–270) can be completed using existing funds, if needed. The Corps is directed to provide to the Committees not later than 45 days after enactment of this Act a briefing on the findings of this report.

*Indian Wells Valley Groundwater Basin.*—The Corps is directed to coordinate with the Indian Wells Valley Groundwater Authority and the base and within its existing authorities, to consider and, if appropriate, assist with reducing or eliminating overdraft and increasing water supply resiliency, including through importation of water into the basin, infrastructure planning, and permitting assistance.

*Louisiana Coastal Area Task Force.*—The Corps is encouraged, as appropriate, to establish the Task Force authorized by section 7004 of WRDA of 2007 (Public Law 110–114) to improve coordination of ecosystem restoration in the Louisiana Coastal Area and is reminded of the reporting requirement in section 212 of WRDA of 2020.

*Murrieta Creek, California.*—The Corps is urged to move forward with the General Reevaluation Report and construction of Phase 2B expeditiously. The Corps is also expected to minimize contingencies included in the cost estimate to the maximum degree practicable.

*Non-Contiguous Regional Sediment Study.*—The agreement reiterates House direction.

*North Atlantic Division Report on Hurricane Barriers and Harbors of Refuge.*—The importance of the North Atlantic Division report on hurricane barriers and harbors of refuge mandated under section 1218 of AWIA is recognized. While the Corps has completed an initial report focused on the New England area, the report is not complete. The Corps is encouraged to complete the report and is reminded to include reporting requirements in future budget requests, if needed.

*Planning Assistance to States.*—The Corps is encouraged to continue building capacity to provide this assistance to vulnerable coastal communities, including tribal, Alaskan Native, and Native Hawaiian communities. Within the funds provided, the Corps is directed to prioritize providing planning-level technical assistance to coastal federally recognized tribal communities that are actively working to relocate homes and other critical infrastructure to higher ground to mitigate the impacts of climate change, which include but are not limited to studies, surveys, and rates of erosion of land

being evaluated for relocation. The Corps is also reminded that this program encompasses many types of studies and technical assistance dealing with a number of water resource issues, including but not limited to sediment management, coastal resilience, state water planning, water distribution, and water supply evaluations.

*Remote Sensing/Geographic Information System Support.*—The agreement includes \$2,100,000 to implement the results of a pilot effort funded in fiscal year 2020 to identify modernization initiatives and recommendations for the procurement of advanced integrated Global Positioning System and optical surveying and mapping equipment. The Corps is directed to provide to the Committees, prior to the obligation of any funds, a briefing on this effort, to include proposed avenues to modernize this type of equipment at Districts nationwide.

*Research and Development.*—The Corps is encouraged to engage in monitored field trials of coastal restoration optimized for blue carbon CO<sub>2</sub> sequestration. The Corps is directed to investigate partnering with one or more Historically Black Colleges and Universities (HBCUs) to offer internship opportunities.

*Research and Development. Biopolymers.*—The agreement provides \$6,000,000 to continue research activities. It is understood that this effort will be completed in 2024.

*Research and Development, Earthen Dams and Levees.*—The value of work on earthen dams and levees, specifically with a focus on comprehensive modeling and the impacts of seepage, slope stability, and multiple modes of failure, is recognized. The Corps is encouraged to include funding for these activities in future budget requests.

*Research and Development, Flood and Coastal Systems.*—The importance of ensuring the integrity of the nation's flood control systems and employing the most effective technologies to identify potential deficiencies in these systems is recognized. The agreement provides \$5,000,000 to utilize partnerships to research and develop advanced technology to automate assessment and inspection of flood control systems for the purpose of identifying levee deficiencies such as slope instability, settlement and seepage, and ensuring the safety of the surrounding areas and communities. This work is expected to contribute to existing operations and maintenance activities. It is understood that this effort will be completed in 2024.

*Research and Development, Future Work.*—The value of research topics addressed by the Army Engineer Research and Development Center (ERDC) that advance the Civil Works missions of the Corps is valued and recognized. It is understood that responding to critical research needs benefit the Corps by leveraging the expertise of universities through partnerships. The Committees encourage the ERDC to thoughtfully prioritize work that will support the underlying mission areas of the Corps. The ERDC is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on future research needs (including multi-year funding requirements) and potential university partnerships related to its strategic goals.

*Research and Development, Innovative Materials.*—The agreement provides \$1,500,000 to fully fund a study on innovative mate-

rials as detailed in section 1173 of the Water Infrastructure Improvements for the Nation (WIIN) Act (Public Law 114-322). It is understood that the report will be completed in one year.

*Research and Development, Modeling.*—The agreement provides \$4,000,000 to support ongoing research into geochemical, geophysical, and sedimentological analysis and modeling. It is understood that this effort will be completed in 2024.

*Research and Development, Modernize Existing Coastal and Hydraulic Models.*—The recommendation provides \$5,000,000 to continue the effort of modernizing existing Corps coastal and hydraulics models and integrate them to make them accessible for use by other agencies, universities, and the public. The Corps is encouraged to collaborate with HBCUs as part of this effort. It is understood that this effort will complete in 2026. The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on the status of this effort.

*Research and Development, Oyster Reef Restoration.*—The agreement provides \$1,500,000 to fully fund follow-on activities related to the identification of effective oyster restoration strategies. The Corps is encouraged to continue ongoing partnerships with research universities to leverage their expertise to enhance these activities. The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on the status of this effort.

*Research and Development, Polymer Composites.*—The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on the progress of the report funded by Public Law 117-58 and future work to be undertaken on this effort.

*Research and Development, Subsurface Drains.*—The Corps is encouraged to fund research and development opportunities of subsurface drain systems as potential flood risk or coastal storm risk reduction measures in project development.

*Research and Development, Urban Flood Damage Reduction.*—The agreement includes \$3,000,000 for the Corps to continue its focus on the management of water resources infrastructure and projects that promote public safety, reduce risk, improve operational efficiencies, reduce flood damage, and sustain the environment. The Corps shall continue its focus on addressing needs for resilient water resources infrastructure. Work should focus on unique western U.S. issues like wildfire; rain-on-snow; atmospheric rivers effects on flood risk management; and bridging the connection between climate change science and engineering application for flood risk management, emergency management, and ecosystem management. The tools and technologies developed under this program should also be applicable to other parts of the country. It is understood that with continued funding this effort will be completed in 2025.

*River Basin Commissions.*—The agreement provides funds under the River Basin Commission line item to meet the federal government's equitable funding requirements pursuant to the Delaware River Basin Compact. The Congress has made clear its intent that the Susquehanna, Delaware, and Potomac River Basin Commissions be supported, and the Corps is encouraged to budget accord-

ingly in future budget submissions. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing describing the reasons why funds have not been provided to these commissions since 2015.

*Shore Protection Easements.*—Periodic restoration of shore protection projects are important for the protection of public safety, public infrastructure, native vegetation and wildlife, as well as economy stability in oceanfront communities. Local governments are facing challenges in obtaining necessary approvals for easements when no work will be performed on the property for which the easement is being required. The Corps is encouraged to work with local governments to incorporate flexibility in project agreement language that allows for incremental acquisition of easements necessary for scheduled nourishments.

*Six-State High Plains Ogallala Aquifer Area Study.*—The agreement reiterates House direction.

*Tittabawassee River Watershed.*—The Corps is encouraged to participate and coordinate as a federal stakeholder with the Department of Agriculture, Environmental Protection Agency, the Federal Emergency Management Agency, and the National Oceanic and Atmospheric Administration (NOAA), as well as state, local, and tribal governments, and business and non-profit stakeholders, on developing and supporting conservation and environment-based flood mitigation measures to reduce the impact of floods on communities, lives, and livelihoods within the Tittabawassee River Watershed in the Great Lakes Bay Region.

*Upper Mississippi River Basin and Northeast Iowa Flooding.*—Within its existing authorities, the Corps is encouraged to continue coordinating closely with affected communities in this region and to help these communities mitigate future flood disasters in this area.

*Upper Rio Grande Basin.*—A comprehensive approach with the National Academies of Sciences and the Bureau of Reclamation on water and reservoir management, operation issues, and climate resiliency within the Upper Rio Grande Basin (including the Heron, El Vado, Abiquiu, Cochiti, Jemez Canyon, Elephant Butte, and Caballo Dams and Reservoirs) is encouraged. Accordingly, the Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on the work that has been done to date and any additional work that can be done.

#### CONSTRUCTION

The agreement includes \$1,808,800,000 for Construction.

\*Funded in a remaining item in another account.

\*Includes funds requested in other accounts.

~Includes funds requested in remaining items.

*Updated Capabilities.*—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

*Additional Funding.*—The agreement includes additional funds for projects and activities to enhance the nation's economic development, job growth, and international competitiveness.

Public Law 117-43 and Public Law 117-58 included funding within the Flood Control and Coastal Emergencies account to restore authorized shore protection projects to full project profile. That funding is expected to address some of the current year capability. The Corps is reminded that if additional work can be done, these projects are also eligible to compete for additional funding for flood and storm damage reduction.

The Corps is reminded that projects in the non-contiguous states and U.S. territories such as Hawaii are eligible for funding in this account.

When allocating the additional funding provided in this account, the Corps is encouraged to evaluate authorized reimbursements in the same manner as if the projects were being evaluated for new or ongoing construction. The Corps shall not condition these funds, or any funds appropriated in this Act, on a non-federal interest paying more than its required share in any phase of a project. When allocating the additional funding provided in this account, the Corps shall consider giving priority to the following:

- benefits of the funded work to the national economy;
- extent to which the work will enhance national, regional, or local economic development;
- number of jobs created directly and supported in the supply chain by the funded activity;
- significance to national security, including the strategic significance of commodities;
- ability to obligate the funds allocated within the calendar year, including consideration of the ability of the non-federal sponsor to provide any required cost share;
- ability to complete the project, separable element, or project phase with the funds allocated;
- legal requirements, including responsibilities to tribes;
- effect on alleviating water supply issues in areas that have been afflicted by severe droughts in the past four fiscal years, including projects focused on the treatment of brackish water;
- for flood and storm damage reduction projects (including authorized nonstructural measures and periodic beach renourishments):
  - population, safety of life, economic activity, or public infrastructure at risk, as appropriate;
  - the severity of risk of flooding or the frequency with which an area has experienced flooding; and
  - preservation of historically significant communities, culture, and heritage;
- for shore protection projects, projects in areas that have suffered severe beach erosion requiring additional sand placement outside of the normal beach renourishment cycle or in which the normal beach renourishment cycle has been delayed, and projects in

areas where there is risk to life and public health and safety and risk of environmental contamination;

- for mitigation projects, projects with the purpose to address the safety concerns of coastal communities impacted by federal flood control, navigation, and defense projects;

- for navigation projects, the number of jobs or level of economic activity to be supported by completion of the project, separable element, or project phase;

- for projects cost shared with the IWTF, the economic impact on the local, regional, and national economy if the project is not funded, as well as discrete segments of work that can be completed within the funding provided in this line item;

- for other authorized project purposes and environmental restoration or compliance projects, to include the beneficial use of dredged material; and

- for environmental infrastructure, projects with the greater economic impact, projects in rural communities, projects in communities with significant shoreline and instances of runoff, projects in or that benefit counties or parishes with high poverty rates, projects owed past reimbursements, projects in financially-distressed municipalities, projects that improve stormwater capture capabilities, projects that provide backup raw water supply in the event of an emergency, and projects that will provide substantial benefits to water quality improvements.

*Alternative Delivery.*—The agreement supports alternative delivery approaches such as P3s and split delivery methods that leverage public and private resources to reduce cost and risk to populations by delivering infrastructure sooner. The use of P3s and split delivery methods can be a viable strategy to help address the Corps' backlog of projects while reducing scheduling and funding risk to the federal government. The Corps is reminded that projects which use these methods are eligible to compete for additional funding recommended in this account.

*Aquatic Plant Control Program.*—Of the additional funding provided for the Aquatic Plant Control Program, \$16,000,000 shall be for watercraft inspection stations and rapid response, as authorized in section 104 of the River and Harbor Act of 1958 (Public Law 85-500), distributed to carry out subsections (d)(1)(A)(i), (d)(1)(A)(ii), (d)(1)(A)(iii), and (d)(1)(A)(iv), and \$3,000,000 shall be for related monitoring as authorized by section 1170 of AWIA. The agreement provides \$2,000,000 for activities for monitoring, surveys, and control of flowering rush and hydrilla. Additionally, \$7,000,000 shall be for nationwide research and development to address invasive aquatic plants, and the Corps is encouraged to consider work to address invasive aquatic plants in the Northern Everglades region. The Corps is encouraged to consider work to address and prevent the threat of hydrilla infestation within the states of Florida and Georgia. The agreement also provides \$500,000 to continue activities authorized under section 509 of WRDA of 2020, and the Corps is directed to provide to the Committees prior to the obligation of any funds for this purpose a briefing on how it will implement this program.

*Aquatic Plant Control Program, Connecticut River Basin.*—Additional funding of \$6,000,000 is provided for hydrilla control, re-

search, and demonstration work in the Connecticut River basin. The Corps is encouraged to consider the benefits of establishing a rapid response task force to cover the multistate watershed.

*Aquatic Plant Control Program, Mississippi River Basin.*—The Corps is engaged in a multipronged effort to combat invasive species in the country's waterways and protect the Mississippi River Basin, which is one of the most valued ecosystems in the world. The agreement provides \$500,000 for the Corps, in partnership with other federal partners, to continue planning, designing, initial engineering and project management activities for construction of carp barriers in the Mississippi River Basin and the Tennessee-Tombigbee waterway.

*Beneficial Use of Dredged Material Pilot Program.*—The agreement provides \$4,173,000 to continue the pilot projects to demonstrate the economic benefits and impacts of environmentally sustainable maintenance dredging methods that provide for ecosystem restoration and resilient protective measures. Cost sharing for these projects shall be in accordance with subsection (e) of section 1122 of the WIIN Act. The Corps is further directed to brief the Committees prior to any effort to solicit or select any additional pilot projects as authorized by AWIA.

*Bird Drive Basin Conveyance, Seepage Collection, and Recharge.*—The Corps is encouraged to work with the Department of the Interior and the South Florida Water Management District to quickly identify a consensus project footprint between SW 8th Street and the C-1W Canal to the south, immediately east of Krome Avenue. This work is intended to enable Miami-Dade County and the Miami-Dade Expressway Authority to begin necessary land acquisitions in support of the creation of a West Kendall Everglades Buffer and progress toward completing this important element of the Comprehensive Everglades Restoration Plan (CERP).

*Biscayne Bay Coastal Wetlands Project.*—The Corps is encouraged to consider the incorporation of highly treated, reclaimed wastewater as an additional source of freshwater into further study, design, and construction of the project and to evaluate the potential to use additional volumes of reclaimed wastewater to restore freshwater artesian springs within the Bay through underground injection to the shallow, underlying aquifer.

*Central Everglades Planning Project.*—The Corps is strongly encouraged to expedite the required validation reports for PPA North. The Corps is also encouraged to design and construct the recently-authorized Everglades Agricultural Area Storage Reservoir as quickly as possible to utilize the expanded water delivery capabilities of completed PPA South elements.

*Central and South Florida Project.*—The Corps is urged to maintain continued attention to the need of the South Florida economy and environment for a functioning flood control system.

*CERP—Indian River Lagoon-South.*—The Corps is urged to expedite design work on the C-23 and C-24 Reservoirs that will serve as crucial elements of the Indian River Lagoon-South CERP project.

*Charleston Harbor.*—The funding provided is for reimbursement of the advanced funds provided by the non-federal sponsor to cover the federal share of the cost of the National Economic Development

plan. The non-federal sponsor may be eligible for additional reimbursement in the future.

*Chesapeake Bay Comprehensive Water Resources and Restoration Plan.*—The Corps is reminded that the Chesapeake Bay Environmental Restoration and Protection Program and the Chesapeake Bay Oyster Recovery Program are eligible to compete for the additional funding provided in this account, and the Corps is encouraged to provide appropriate funding in future budget requests.

*Chicago Sanitary and Ship Canal Dispersal Barrier, Illinois.*—No funds recommended in this Act may be used for construction of hydrologic separation measures.

*Columbia River Treaty.*—The Corps is directed to brief, in a classified setting and in coordination with the Department of State, not later than 60 days after enactment of this Act on post-fiscal year 2023 flood control operations as dictated by the Columbia River Treaty. Further, not later than 90 days after enactment of this Act the Corps shall provide a classified detailed assessment, in coordination with Department of State, of its funding requirements and plan for post-fiscal year 2023 flood control operations as dictated by the Columbia River Treaty.

*Construction Funding Schedules.*—A complete and reliable cost estimate with an out-year funding schedule is essential to understanding current funding and future funding requirements within the Corps' construction portfolio. A comprehensive outlook of these dynamic requirements is necessary for Congress to consider and balance funding allocations annually, and to assess the long-term effects of new investment decisions. Therefore, not later than 90 days after enactment of this Act and annually thereafter, the Chief of Engineers shall submit directly to the Committees, a breakdown, by fiscal year, of the full and efficient federal funding needs for each ongoing construction project in the Corps' Civil Works program. For each project identified, the Corps shall also provide the total project cost with a breakdown between the federal and non-federal costs, and any applicable authorization ceiling. For the purposes of this report, an active project shall mean any project which has received construction account appropriations, including those funded in a supplemental, and has remaining costs to be funded from the Construction account. These funding requirements shall be based on technical construction sequencing, and realistic workflow and shall not be altered to reflect administrative policies and priorities or any assumed limitation on funding available.

*Continuing Authorities Program (CAP).*—Funding is provided for nine CAP sections at a total of \$72,285,000. The management of CAP should continue consistent with direction provided in previous fiscal years. The Corps shall allow for the advancement of flood control projects in combination with ecological benefits using natural and nature-based solutions alone, or in combination with, built infrastructure where appropriate for reliable risk reduction during the development of projects under section 205 of CAP. Within the section 1135 CAP authority, and to the extent already authorized by law, the Corps is reminded that projects that restore degraded wetland habitat and stream habitat impacted by construction of Corps levees or channels, including those with executed Feasibility Cost Share Agreements, and projects that will divert significant

pollutant nutrient runoff from entering wetland habitats, are eligible to compete for funding.

*Environmental Infrastructure.*—The Corps is reminded that environmental infrastructure authorities include caps on federal participation, but do not provide a guarantee that the project authorization level will be met.

*Everglades Agricultural Area.*—The agreement reiterates House direction.

*Friendswood, TX.*—The agreement reiterates House direction.

*Implementation of Projects Receiving Supplemental Funds.*—The Committees continue to have significant concerns with the Administration's implementation of funding provided via supplemental appropriations Acts. As stated in the fiscal year 2022 Act, the Committees are troubled by the continued challenges with execution, cost overruns, and significant delays in completing projects funded under the Bipartisan Budget Act of 2018 (Public Law 115–123). As the BBA 2018 program progresses, it is possible that projects will not be completed within previously available supplemental funds. The Committees do not intend for those projects to be delayed. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act an out-year plan for completion of all BBA 2018 projects by identifying funding shortfalls by project and fiscal year.

In addition, the Administration, without notice or explanation to Congress, changed its interpretation of bill language that had not changed from previous supplemental appropriations Acts when allocating funding under the Disaster Relief Supplemental Appropriations Act of 2022 (DRSAA) (Public Law 117–43). Specifically, it has ignored congressional intent and its own previous interpretation that construction projects be funded to completion using supplemental funds and that ongoing construction projects be completed at full federal expense. By allocating only incremental funding for some ongoing construction projects, the Administration's decision means that the non-federal sponsors remain responsible for significant costs. The lack of forethought and consideration for the impact to non-federal sponsors that likely do not have funding available to cost-share these lifesaving projects according to the normal rules is unreasonable and contrary to congressional intent apparent in the expressed provisions of DRSAA.

Not later than 30 days after enactment of this Act, the Administration shall provide to the Committees a briefing on the legal and policy justification for the changed interpretation of law, plans for completing all construction projects funded under DRSAA, and options for addressing cost share issues that have arisen as a result of the Administration's decision. Further, the Corps shall brief the Committees quarterly on the status of all supplemental programs and the plan for completion of related projects.

*Kentucky Lock and Dam, Kentucky.*—There is concern about major delays on construction projects, particularly the Kentucky Lock and Dam, which was provided funding by Public Law 117–58 that the Administration states will physically complete and fiscally close out the project. The Corps is strongly urged to expedite construction.

*Lake Isabella, California.*—The Corps is directed to work with the U.S. Forest Service (USFS) to expeditiously finalize the site location for the USFS visitor center and to undertake all requirements to evaluate, update, and finalize any necessary statutorily-required review and compliance activities with the goal of commencing construction by December 31, 2023, or at the earliest possible date.

*McClellan-Kerr Arkansas River Navigation System (MKARNS).*—MKARNS is recognized as an established Marine Highway for waterborne commerce to include agriculture and aggregate commodities (sand, gravel, and rock) from the Gulf Coast to the Mid-West. Deepening the MKARNS to a consistent 12-foot navigation channel will provide tow drafts that are more compatible with navigation on the Mississippi River, which will reduce inefficient barge operations and transportation costs. The Corps is urged to prioritize this project in fiscal year 2023 to accelerate construction. The Corps is also encouraged to provide funds for nonstructural activities, such as channel deepening, with low annual funding needs in years where appropriated funds for IWTF cost shared projects are sufficient to accommodate such projects without impacting ongoing construction projects. Lastly, the Corps is encouraged to prioritize inland waterways projects consistent with the update to the Capital Investment Strategy, pursuant to section 2002(d) of WRRDA of 2014.

*New Savannah Bluff Lock and Dam, Georgia and South Carolina.*—The Corps is encouraged to work with all stakeholders toward a mutually beneficial resolution that will ensure waters levels for existing activities and functions are maintained, as detailed in section 1319 of the WIIN Act.

*Non-Federal Implementation Pilot Program.*—Due to ongoing concerns initially expressed in the fiscal year 2020 Senate Report, the Corps shall notify the Committees upon receiving any proposal from a non-federal interest requesting to utilize the section 1043 (b) of WRRDA of 2014 authority. The Corps shall not negotiate or enter into a project partnership agreement to transfer funds to a non-federal interest utilizing this authority unless approval is received from the Committees. None of the funds recommended in this Act shall be used under this authority for a project where construction has been started but not completed.

*Port of Brownsville Deepening Project, Texas.*—The Corps is encouraged to include appropriate funding for this project in future budget submissions.

*Raritan River Basin, Green Brook Sub-Basin, New Jersey.*—The Corps is encouraged to expeditiously move forward with construction of the Lower Basin and Stony Brook portions of the project.

*Restoration of Abandoned Mine Sites, Tribal Partnerships.*—Additional funding is recommended to provide technical, planning, and design assistance to federal and non-federal interests carrying out projects to address water quality problems caused by drainage and related activities from abandoned and inactive noncoal mines under section 560 of WRDA of 1999 (Public Law 106–53). Additionally, the Corps is directed to develop an action plan to proactively engage with tribal communities in the western United States and

brief the Committees no later than 90 days after enactment of this Act on such plan.

*Riverbank Erosion.*—The Corps is encouraged to prioritize projects to stabilize the Indiana shoreline of the Ohio River damaged by the operation of federally-owned dams on the Ohio River as authorized in section 9 of the Flood Control Act of 1946 (33 USC 701q).

*Soo Locks, Sault Ste. Marie, Michigan.*—The Corps is strongly encouraged to move forward expeditiously to complete this critical project and to include appropriate funding for these activities in future budget submissions.

*South Florida Ecosystem Restoration (SFER), Florida.*—As in previous years, the agreement provides funding for all study and construction authorities related to Everglades restoration under the line item titled “South Florida Ecosystem Restoration, Florida.” This single line item allows the Corps flexibility in implementing the numerous activities underway in any given fiscal year. For fiscal year 2023, the Corps is directed to make publicly available a comprehensive snapshot of all SFER cost share accounting down to the project level and to ensure the accuracy of all budget justification sheets that inform SFER Integrated Financial Plan documents by October 31, 2023.

*Tulsa and West-Tulsa Levee System (TWTLS).*—The Corps is encouraged to expeditiously complete construction since the TWTLS protected area is home to a substantial population of elderly and low income residents, and was classified by the Corps as a high risk of failure and life loss in 2019.

*Unified Facilities Guide Specifications.*—The Corps is encouraged to continue to work with the Air Force and Navy to update the criteria included in the Unified Facilities Guide Specifications as appropriate. The Corps is encouraged to consider using lower carbon building materials, including cements such as portland-limestone cement, in order to reduce the environmental footprint of infrastructure projects.

*Upper Mississippi River Restoration Program (UMRR), Quincy Bay.*—The Corps is encouraged to prioritize the environmental restoration project in Quincy Bay near Quincy, Illinois as a Tier 1 project for immediate commencement through the UMRR Program.

#### MISSISSIPPI RIVER AND TRIBUTARIES

The agreement includes \$370,000,000 for Mississippi River and Tributaries.

~Includes funds requested in remaining items.

*Updated Capabilities.*—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

*Additional Funding.*—When allocating the additional funding provided in this account, the Corps shall consider giving priority to completing or accelerating ongoing work that will enhance the nation's economic development, job growth, and international competitiveness or for studies or projects located in areas that have suffered recent natural disasters. While this funding is shown under remaining items, the Corps shall use these funds in Investigations, Construction, and Operation and Maintenance, as applicable. This may include work on remaining unconstructed features of projects permitted and authorized by law, in response to recent flood disasters.

When allocating additional funds provided in this account, the Corps is directed to give adequate consideration to cooperative projects addressing watershed erosion, sedimentation, flooding, and environmental degradation. Also, the importance of erosion control in headwater streams and tributaries, and the environmental, water quality, and sediment reduction benefits it provides downstream is recognized.

*Comprehensive Management Studies.*—Comprehensive management studies that are fully within the boundaries of this account are authorized under the requirements, including cost share, of the Mississippi River and Tributaries project.

*Lower Mississippi River Main Stem.*—The budget request proposes to consolidate several activities across multiple states into one line item. The agreement does not support this change and instead continues to fund these activities as separate line items.

*Mississippi River Commission.*—No funding is provided for this new line item. The Corps is directed to continue funding the costs of the commission from within the funds provided for activities within the Mississippi River and Tributaries project.

*Yazoo Basin, Yazoo Backwater Area, Mississippi.*—Funding is provided for mitigation of previously constructed features.

\*Includes funds requested in other accounts.

^Funded under projects listed under states.

~Requested in remaining items.

*Updated Capabilities.*—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

*Additional Funding for Ongoing Work.*—Of the additional funding provided in this account for other authorized project purposes, the Corps shall allocate not less than \$300,000 for efforts to address terrestrial noxious weed control and sediment removal activities pursuant to section 503 of WRDA of 2020.

Of the additional funding provided in this account for other authorized project purposes, the Corps shall allocate not less than \$2,000,000 for efforts to combat invasive mussels at Corps-owned reservoirs.

Of the additional funding provided in this account, the Corps shall also allocate funds according to the direction under the headings “Water Control Manuals”.

There is not support for a level of funding that does not fund operation and maintenance of our nation’s aging infrastructure sufficiently to ensure continued competitiveness in a global marketplace. Federal navigation channels maintained at only a fraction of authorized dimensions and navigation locks and hydropower facilities being used well beyond their design life results in economic inefficiencies and risks infrastructure failure, which can cause substantial economic losses.

When allocating the additional funding provided in this account, the Corps shall consider giving priority to the following:

- ability to complete ongoing work maintaining authorized depths and widths of harbors and shipping channels (including small, remote, or subsistence harbors), including where contaminated sediments are present;
- ability to address critical maintenance backlog;
- presence of the U.S. Coast Guard;
- extent to which the work will enhance national, regional, or local economic development, including domestic manufacturing capacity;
- extent to which the work will promote job growth or international competitiveness;
- number of jobs created directly by the funded activity;
- ability to obligate the funds allocated within the fiscal year;
- ability to complete the project, separable element, project phase, or useful increment of work within the funds allocated;
- ability to address hazardous barriers to navigation due to shallow channels;
- dredging projects that would provide supplementary benefits to tributaries and waterways in close proximity to ongoing island replenishment projects;
- risk of imminent failure or closure of the facility;
- extent to which the work will promote recreation-based benefits, including those created by recreational boating;
- improvements to federal breakwaters and jetties where additional work will improve the safety of navigation and stabilize infrastructure to prevent continued deterioration; and
- for harbor maintenance activities:
  - total tonnage handled;
  - total exports;

- total imports;
- dollar value of cargo handled;
- energy infrastructure and national security needs served;
- designation as strategic seaports;
- maintenance of dredge disposal activities;
- lack of alternative means of freight movement;
- savings over alternative means of freight movement; and
- improvements to dredged disposal facilities that will result in long-term savings, including a reduction in regular maintenance costs.

*Aquatic Nuisance Control Research Program.*—The agreement provides \$8,000,000 to supplement activities related to harmful algal bloom research and control and directs the Corps to target freshwater ecosystems. There is awareness of the need to develop next generation ecological models to maintain inland and intra-coastal waterways and the agreement provides \$5,000,000 for this purpose. The agreement provides \$5,000,000 to continue work on the Harmful Algal Bloom Demonstration Program, as authorized by WRDA of 2020, and the Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on the status of this effort.

Additional funding recommended in this remaining item is to supplement and advance Corps activities to address harmful algal blooms including: early detection, prevention, and management techniques and procedures to reduce the occurrence and impacts of harmful algal blooms in our nation's water resources; work collaboratively with university partners to develop prediction, avoidance, and remediation measures focused on environmental triggers in riverine ecosystems; and to advance state-of-the-art Unmanned Aerial Systems-based detection, monitoring, and mapping of invasive aquatic plant species in conjunction with university partners.

*Arkansas Red River Chloride Control.*—The Corps is reminded of their existing obligations to continue operations and maintenance activities for the Red River Chloride Control project, Oklahoma and Texas, at federal expense and is also reminded that this project is eligible to compete for additional funding in this account.

*Asset Management/Facilities and Equipment Maintenance (FEM).*—The agreement provides \$2,000,000 to continue research on novel approaches to repair and maintenance practices that will increase civil infrastructure intelligence and resilience. The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a report on the status of this effort. The Corps was previously provided \$1,000,000 under the Asset Management/FEM remaining item to complete a study of their inventory in accordance with section 6002 of WRRDA of 2014. There is frustration regarding how long it has taken the Corps to make progress on this effort. Nonetheless, the second phase of inventory and assessment are currently ongoing, and the Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing that includes details on the percentage of the work that has already been done and a timeline for completion of the inventory.

*Chicago Sanitary and Ship Canal Dispersal Barrier.*—The Chicago Sanitary and Ship Canal (CSSC) dispersal barrier at Des Plaines River is a key control mechanism for protecting the Great Lakes from invasive carp. Over the last decade, the Corps has invested significant resources in building a permanent electric barrier on the Chicago Area Waterways System. Maximizing effectiveness of the CSSC can have significant immediate benefits for preventing spread of aquatic invasive species into the productive and ecologically diverse Great Lakes system.

*Coastal Inlets Research Program.*—Communities, infrastructure, and resources tied to coastal regions are vulnerable to damage from extreme coastal events and long-term coastal change. The agreement includes additional funding for the Corps-led, multi-university effort to identify engineering frameworks to address coastal resilience needs; to develop adaptive pathways that lead to coastal resilience; for efforts that measure the coastal forces that lead to infrastructure damage and erosion during extreme storm events; and to improve coupling of terrestrial and coastal models. Additional funding is also provided for the Corps to continue work with NOAA's National Water Center on protecting the nation's water resources.

*Civil Works Water Management System.*—Additional funding is included for incorporation of ensemble forecasts within the suite of numerical modeling tools in support of water management operations to advance the Forecast-Informed Reservoir Operations (FIRO) effort.

*Dredging Operations and Environmental Research, Contaminated Sediment Management.*—The assessment and management of contaminated sediments represents a significant cost to the federal government and impacts the nation's inland and coastal navigation system affecting the free flow of commerce. There is a critical need for investment in technology and approaches to enable more cost effective and sustainable practices for the assessment and management of contaminated sediments. The Corps is directed to develop a public-private partnership focused on research, development, and implementation of solutions for the assessment and management of contaminated sediments through the Dredging Operations and Environmental Research program.

*Dredging Operations Technical Support Program.*—The agreement provides \$2,200,000 for the further development of the Integrated Navigation Analysis and Visualization platform related to the operation and maintenance of the U.S. Marine Transportation System. The agreement also includes additional funds to support the research and application of artificial intelligence, machine learning, and advanced modeling capabilities to improve streamflow forecasting for channel shoaling and dredging to help reduce interruptions in waterborne inland commerce as a result of flooding and other silting activities. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on the potential need for evaluation of whether deeper and wider channels would improve supply chain performance throughout the southeast region of the country.

*Emerging Harbor Projects.*—The agreement includes funding for individual projects defined as emerging harbor projects in section

210(f)(2) of WRDA of 1986 (Public Law 99-662) that exceeds the funding levels envisioned in sections 210(c)(3) and 210(d)(1)(B)(ii) of WRDA of 1986.

*Engineering With Nature.*—The agreement provides \$20,000,000 for the Engineering with Nature (EWN) initiative. Funding under this line item is intended for EWN activities having a national or regional scope or that benefit the Corps' broader execution of its mission areas. It is not intended to replace or preclude the appropriate use of EWN practices at districts using project-specific funding or work performed across other Corps programs that might involve EWN. Of the funding provided in this remaining item, \$10,000,000 is provided to support research and development of natural infrastructure solutions for the nation's bays and estuaries to reduce costs, environmental and aesthetic impacts, and improve access and health outcomes for the communities, economies, ecosystems, and defense installations that concentrate in the nation's bays and estuaries, and to design innovative nature-based infrastructure with landscape architecture, coastal modeling, and engineering. Of the funding provided in this remaining item, \$5,000,000 is to support ongoing research and advance work with university partners to develop standards, design guidance, and testing protocols to improve and standardize nature-based and hybrid infrastructure solutions, including those in drought and fire-prone lands and post-fire recovery areas.

*Enhanced Options for Sand Acquisition for Beach Renourishment Projects.*—The Corps is urged to provide states with guidance and recommendations to implement cost effective measures and planning for sand management.

*Flood and Earthquake Modeling.*—Last fiscal year additional funds were provided in the Earthquake Hazards Reduction Program to facilitate coordination with the National Levee Safety program to develop a plan for leveraging existing knowledge related to potential seismic concerns related to levees. The Corps is evaluating whether earthquake models would aid in assessment and if collaboration with universities would be beneficial. The Corps is directed to provide to the Committees not later than 90 days of enactment of this Act a briefing on the progress to date and any recommended future work.

*Harmful Algal Bloom and Hypoxia Research and Control Act.*—The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on the effort to coordinate the federal response to harmful algal bloom activities.

*Hiram M. Chittenden Locks, Washington.*—The agreement reiterates House direction.

*Inland Water Navigation Charts.*—The agreement provides \$2,000,000 for the eHydro program to modernize and enhance the distribution of the navigation charts and an additional \$2,000,000 to support the transition of the National Dredging Quality Management Program's automated dredging monitoring data to a cloud environment.

*Jim Woodruff Lock and Dam.*—The agreement reiterates House direction.

*Kennebec River Long-Term Maintenance Dredging.*—There is continued support for the Memorandum of Agreement signed in Janu-

ary 2019 denoting responsibilities between the Department of the Army and the Department of the Navy for the regular maintenance of the Kennebec River Federal Navigation Channel. Maintenance dredging of the Kennebec is essential to the safe passage of newly constructed Navy guided missile destroyers to the Atlantic Ocean. The Secretary is directed to continue collaborating with the Department of the Navy to ensure regular maintenance dredging of the Kennebec.

*Lake Okeechobee, Florida.*—The Corps is encouraged to use the best available science and appropriately weigh the concerns of all water users to ensure the ecosystem is preserved, water supply for the eight million residents in South Florida is maintained, and the safety of all residents of the region is upheld.

*Lake Providence Harbor, Louisiana.*—The agreement reiterates House direction.

*Lake Sakakawea & Lake Oahe Recreation Facilities.*—There is support for the coordinated efforts by the Corps with state and local stakeholders to maintain recreational areas and related infrastructure at mainstem Missouri River reservoirs during drought conditions. However, there is disappointment in the fact that the Corps has not provided a long-term plan to restore and maintain recreational facilities near Lake Sakakawea and Lake Oahe as recommended in fiscal year 2020. The Corps is directed to report not later than 60 days after enactment of this Act with a plan that identifies funding sources to address the deferred maintenance backlog in these areas and repair boat ramps and access roads to these facilities.

*Levee Safety.*—The agreement provides additional funding for the National (Levee) Flood Inventory, including \$3,150,000 to expedite work on non-federal levees in meeting the requirements of section 131 of WRDA of 2020. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on this effort. In fiscal year 2020, Congress provided \$15,000,000 to implement levee safety initiatives to meet the requirements under section 3016 of WRRDA of 2014. These funds are sufficient to complete Phase II activities. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on the status of these activities and activities associated with section 3016 of WRRDA of 2014, including any additional funding needs identified to complete and a timeline for implementation of the next phase.

*Missouri River Operations.*—The Corps intends to conduct a test flow regarding releases of water from the Missouri River mainstem dams in the future. The Corps is directed to provide to the Committees not later than 30 days prior to such a release a report that includes 1) the rationale for conducting such a test flow; 2) the expected implications for water access along the Missouri River; and 3) steps the Corps has taken to reduce or mitigate the effects of a test flow on water access.

*Mobile Bay Beneficial Use of Dredged Material.*—The Corps is encouraged to examine beneficial uses of dredged material in Mobile Bay, Alabama.

*Monitoring of Completed Navigation Projects, Fisheries.*—There is concern that a reduction in or elimination of navigational lock

operations on the nation's inland waterways is having a negative impact on river ecosystems, particularly the ability of endangered, threatened, and game fish species to migrate through waterways, particularly during critical spawning periods. Preliminary research successfully indicates that reduced lock operations on certain Corps-designated low-use waterways are directly impacting migration and that there are effective means to mitigate the impacts. Maximizing the ability of fish to use these locks to move past the dams has the potential to restore natural and historic long-distance river migrations that may be critical to species survival.

Within available funds for ongoing work, the Corps is directed to continue this research at not less than the fiscal year 2022 level. The agreement provides \$4,000,000 to expand the research to assist the Corps across all waterways, lock structures, lock operation methods, and fish species that will more fully inform the Corps' operations. Additionally, the agreement provides \$2,000,000 for the NICE effort by the Corps to expand, on a national basis, the ongoing research on the impact of reduced lock operations on riverine fish.

*Monitoring of Completed Navigation Projects, Structural Health Monitoring.*—The agreement provides \$4,000,000 to support the structural health monitoring program to facilitate research to maximize operations, enhance efficiency, and protect asset life through catastrophic failure mitigation.

*Mount St. Helens Sediment Monitoring.*—The Corps is encouraged to include appropriate funding for sediment monitoring activities in future budget submissions.

*National Coastal Mapping Program.*—The agreement provides \$5,000,000 for Arctic coastal mapping needs. The Corps has responsibility for some mapping but, in general, does not include shoreline. Before the Corps obligates funds to map shoreline in Alaska, the Assistant Secretary of the Army for Civil Works shall provide notice to the Committees. The notice shall include certification that the effort is coordinated with NOAA and complements those efforts.

*Okatibbee Lake, Mississippi.*—The agreement reiterates House direction.

*Ohio Harbors.*—The Corps is reminded that the Toledo, Huron, Port Clinton, Lorain, and Sandusky Harbors are eligible to compete for additional funding in this account.

*Performance Based Budgeting Support Program.*—Of the funding provided for this remaining item, \$3,500,000 shall be used to support performance-based methods that enable robust budgeting of the hydropower program through better understanding of operation and maintenance impacts leveraging data analytics.

*Recreational Facilities.*—The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a report including an analysis of current lease terms and the effects these terms have on concessionaire financing.

*Regional Dredge Contracting.*—In accordance with section 1111 of AWIA and the Gulf Coast Regional Dredge Demonstration Program established by Public Law 116-94, the Corps is encouraged to enter into regional contracts to support increased efficiencies in the deployment of dredges for all civil works mission sets, prioritizing deep draft navigational projects.

*Regional Sediment Management.*—The agreement provides \$4,000,000 to develop integrated tools that build coastal resilience across navigation, flood risk management, and ecosystem projects within the program, integrate existing and emerging physical coastal processing tools that focus on sediment management, and apply optimization principles to placement in order to gain greater value and benefit from dredged sediments, particularly for Civil Works business lines and missions. The Corps is directed to conduct a study and provide a report to the Committees not later than one year after enactment of this Act on how the Corps could apply dredged sediments to better increase coastal resilience and what resources are needed to implement these practices. Additionally, the agreement provides \$600,000 for cooperation and coordination with the Great Lakes states to develop sediment transport models for Great Lakes tributaries that discharge to federal navigation channels.

*Response to Climate Change at Corps Projects.*—The agreement provides \$2,000,000 to update policies to enhance the consideration of benefit categories equally and improve efforts to identify and consider impacts to disadvantaged, rural/urban, tribal, and other minority communities throughout the Corps planning and decision-making processes.

*Small, Remote, or Subsistence Harbors.*—The agreement emphasizes the importance of ensuring that our country's small and low-use ports remain functional. The Corps is urged to consider expediting scheduled maintenance at small and low-use ports that have experienced unexpected levels of deterioration since their last dredging. There is concern that the Administration's criteria for navigation maintenance disadvantage small, remote, or subsistence harbors and waterways from competing for scarce navigation maintenance funds. The Corps is directed to revise the criteria used for determining which navigation maintenance projects are funded and to develop a reasonable and equitable allocation under the Operation and Maintenance account. There is support for including criteria to evaluate economic impact that these projects provide to local and regional economies.

*Stakeholder Engagement.*—The agreement reiterates House direction.

*Tampa Harbor, Florida.*—The agreement reiterates House direction.

*Tangier Island, Beneficial Use.*—Additional funding recommended for Baltimore Harbor and Channels (50 foot) project is for environmental coordination as well as plans and specifications to add Tangier Island as a beneficial use placement site for dredged material.

*Tenkiller Ferry Lake.*—The Corps' effort to use flows out of the surge tank to feed the fishery downstream of the Tenkiller Ferry Lake is encouraging, and the Corps is strongly encouraged to complete the assessment as soon as possible.

*Tuttle Creek Lake, KS.*—The additional funding provided is for Water Injection Dredging efforts.

*Upper St. Anthony Falls, Minnesota.*—The Corps is reminded that the Upper St. Anthony Falls project remains an authorized federal project and is encouraged to continue to operate and main-

tain the lock and keep it in a state of good repair. There is concern that the Corps is attempting to divest the entire federal project at once without a willing non-federal partner for the disposition study. The Corps is directed to continue the disposition study at full federal expense.

*Walter F. George, George W. Andrews, and Jim Woodruff Locks and Dams.*—The Corps is reminded that repair and maintenance needs for the Walter F. George Lock and Dam, the George W. Andrews Lock and Dam, and the Jim Woodruff Lock and Dam are eligible to compete for additional funding provided in this account and is encouraged to include appropriate funding for these activities in future budget submissions. The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on these projects and the status of dredging in the lower Apalachicola River.

*Water Control Manuals.*—The Corps is encouraged to continue to update water control manuals across its projects. The agreement provides additional funding of \$5,700,000 in this account for other authorized project purposes, for water control manual updates at projects located in states where a Reclamation facility is also located, in regions where FIRO projects exist, and where atmospheric rivers cause flood damages. The agreement also provides \$1,000,000 of additional funding provided in this account for other authorized project purposes to expand the scope of the water control manual update prioritization report funded in fiscal year 2020 to other projects within the Corps portfolio to ensure that actions being conducted for water control manual updates and incorporation of FIRO-based principles are properly aligned with one another.

*Water Control Manuals, Section 7 Dams.*—The agreement provides \$2,200,000 of additional funding provided in this account for other authorized project purposes to update water control manuals for non-Corps owned high hazard dams where: (1) the Corps has a responsibility for flood control operations under section 7 of the Flood Control Act of 1944; (2) the dam requires coordination of water releases with one or more other high-hazard dams for flood control purposes; and (3) the dam owner is actively investigating the feasibility of applying FIRO technology.

*Water Operations Technical Support (WOTS).*—The agreement provides \$5,000,000 in addition to the budget request to continue developing and incorporating improved weather forecasting for Corps reservoirs and waterway projects through the multiagency, multidisciplinary FIRO research effort by completing Phase 2 and starting Phase 3. The Corps is encouraged to consider applying FIRO to additional section 7 dams, including the Seven Oaks Dam in California.

#### REGULATORY PROGRAM

The agreement includes \$218,000,000 for the Regulatory Program. Funds above the budget request are included to address capacity needs across the Corps related to staffing shortages in Corps districts. The Corps is encouraged to budget appropriately in order to process permits in a timely fashion.

*Chehalis Basin.*—The agreement reiterates House direction.

*Mitigation Banking.*—The Corps is encouraged to ensure sufficient staffing levels to efficiently and expeditiously process mitigation bank applications.

*Permit Application Backlogs.*—The agreement reiterates House direction. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a report on staffing levels and permit backlogs in each of the last five years, as well as a plan for rectifying the staffing shortages. The Corps is directed to brief the Committees on the results of the report upon completion.

*Shellfish Permitting.*—The Corps is encouraged to work with Clean Water Act enforcing agencies to uphold a fair permitting system that protects the nation's waters and balances the needs of the economy and communities.

#### FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM

The agreement includes \$400,000,000 for the Formerly Utilized Sites Remedial Action Program.

#### FLOOD CONTROL AND COASTAL EMERGENCIES

The agreement includes \$35,000,000 for Flood Control and Coastal Emergencies. As the nation experiences severe weather events more frequently, the agreement notes appreciation for the work the Corps undertakes with this funding. The Administration is reminded that traditionally, funding for disaster response has been provided in supplemental appropriations legislation, including recently in 2021 (Public Law 117–43), and that amounts necessary to address damages at Corps projects in response to natural disasters can be significant. The Administration is again reminded that it has been deficient in providing to the Committees detailed estimates of damages to Corps projects as required by Public Law 115–123 and shall submit such report not later than 15 days after enactment of this Act and monthly thereafter.

#### EXPENSES

The agreement includes \$215,000,000 for Expenses.

Additional funds recommended in this account shall be used to support implementation of the Corps' Civil Works program, including hiring additional full-time equivalents. This includes developing and issuing policy guidance; managing Civil Works program; and providing national coordination of and participation in forums and events within headquarters, the division offices, and meeting other enterprise requirements and operating expenses. The Corps is encouraged to pursue updating the 2011 U.S. Army Manpower Analysis Agency staffing analysis based on current Civil Works needs.

#### OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

The agreement includes \$5,000,000 for the Office of the Assistant Secretary of the Army for Civil Works. The agreement includes legislative language that restricts the availability of 25 percent of the funding provided in this account until such time as at least 95 percent of the additional funding provided in each account has been allocated to specific programs, projects, or activities. This restric-

tion shall not affect the roles and responsibilities established in previous fiscal years of the Office of the Assistant Secretary of the Army for Civil Works, the Corps headquarters, the Corps field operating agencies, or any other executive branch agency.

A timely and accessible executive branch in the course of fulfilling its constitutional role in the appropriations process is essential. The requesting and receiving of basic, factual information, such as budget justification materials, is vital in order to maintain a transparent and open governing process. The agreement recognizes that some discussions internal to the executive branch are pre-decisional in nature and, therefore, not subject to disclosure. However, the access to facts, figures, and statistics that inform these decisions are not subject to this same sensitivity and are critical to the budget process. The Administration shall ensure timely and complete responses to these inquiries.

*Administrative Costs.*—To support additional transparency in project costs, the Secretary is directed to ensure that future budget requests specify the amount of anticipated administrative costs for individual projects.

#### WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

The agreement provides \$7,200,000 for the Water Infrastructure Finance and Innovation Program Account. Funds are provided for program development, administration, and oversight, including but not limited to finalizing the proposed rule, and publishing the Notice of Funding Availability. The Administration is strongly encouraged to expeditiously finalize efforts to stand up the program to provide the financial assistance envisioned in the legislation. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on the status of this effort and opportunities to expand this program in the future, to include levees.

#### GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL (INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision relating to reprogramming.

The agreement includes a provision regarding the allocation of funds.

The agreement includes a provision prohibiting the use of funds to carry out any contract that commits funds beyond the amounts appropriated for that program, project, or activity.

The agreement includes a provision funding transfers to the Fish and Wildlife Service.

The agreement includes a provision regarding certain dredged material disposal activities. The Corps is directed to brief the Committees not later than 90 days after enactment of this Act on dredged material disposal issues.

The agreement includes a provision regarding reallocations at a project.

The agreement includes a provision prohibiting the use of funds in this Act for reorganization of the Civil Works program. Nothing in this Act prohibits the Corps from contracting with the National

Academy of Sciences to carry out the study authorized by section 1102 of AWIA.

The agreement includes a provision regarding eligibility for additional funding. Whether a project is eligible for funding under a particular provision of additional funding is a function of the technical details of the project; it is not a policy decision. The Chief of Engineers is the federal government's technical expert responsible for execution of the Civil Works program and for offering professional advice on its development. Therefore, the provision in this agreement clarifies that a project's eligibility for additional funding shall be solely the professional determination of the Chief of Engineers.

## TITLE II—DEPARTMENT OF THE INTERIOR

### CENTRAL UTAH PROJECT

#### CENTRAL UTAH PROJECT COMPLETION ACCOUNT

The agreement includes a total of \$23,000,000 for the Central Utah Project Completion Account, which includes \$16,400,000 for Central Utah Project construction, \$5,000,000 for transfer to the Utah Reclamation Mitigation and Conservation Account for use by the Utah Reclamation Mitigation and Conservation Commission, and \$1,600,000 for necessary expenses of the Secretary of the Interior. The agreement allows up to \$1,880,000 for the Commission's administrative expenses. This allows the Department of the Interior to develop water supply facilities that will continue to sustain economic growth and an enhanced quality of life in the western states, the fastest growing region in the United States. The agreement notes commitment to complete the Central Utah Project, which would enable the project to initiate repayment to the federal government.

### BUREAU OF RECLAMATION

In lieu of all House direction regarding additional funding and the fiscal year 2023 work plan, the agreement includes direction under the heading "Additional Funding for Ongoing Work" in the Water and Related Resources account. Reclamation shall provide not later than 120 days after enactment of this Act a quarterly report to the Committees, which includes the total budget authority and unobligated balances by year for each program, project, or activity, including any prior year appropriations.

#### WATER AND RELATED RESOURCES

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,787,151,000 for Water and Related Resources.

*Additional Funding for Ongoing Work.*—The agreement includes funds above the budget request for Water and Related Resources studies, projects, and activities. This funding is for additional work that either was not included in the budget request or was inadequately budgeted. Priority in allocating these funds should be given to advancing and completing ongoing work, including preconstruction activities and where environmental compliance has been completed; improving water supply reliability; improving water deliveries; enhancing national, regional, or local economic development; promoting job growth; advancing tribal and non-tribal water settlement studies and activities; or addressing critical backlog maintenance and rehabilitation activities.

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$134,000,000 shall be for water storage projects as authorized in section 4007 of the Water Infrastructure Improvements for the Nation (WIIN) Act (Public Law 114–322).

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$50,000,000 shall be for implementing the Drought Contingency Plan in the Lower Colorado River Basin to create or conserve recurring Colorado River water that contributes to supplies in Lake Mead and other Colorado River water reservoirs in the Lower Colorado River Basin or projects to improve the long-term efficiency of operations in the Lower Colorado River Basin, consistent with the Secretary’s obligations under the Colorado River Drought Contingency Plan Authorization Act (Public Law 116–14) and related agreements. None of these funds shall be used for the operation of the Yuma Desalting Plant and nothing in this section shall be construed as limiting existing or future opportunities to augment the water supplies of the Colorado River.

Of the additional funding provided under the heading “Water Conservation and Delivery”, not less than \$17,500,000 shall be for the planning, pre-construction, or construction activities related to projects found to be feasible by the Secretary and that are ready to be initiated for the repair of critical Reclamation canals where operational conveyance capacity has been seriously impaired by factors such as age or land subsidence, especially those that would imminently jeopardize Reclamation’s ability to meet water delivery obligations.

Of the additional funding provided under the heading “Fish Passage and Fish Screens”, \$6,000,000 shall be for the Anadromous Fish Screen Program.

Of the additional funding provided under the heading “Environmental Restoration or Compliance”, not less than \$20,000,000 shall be for activities authorized under sections 4001 and 4010 of the WIIN Act or as set forth in federal-state plans for restoring threatened and endangered fish species affected by the operation of Reclamation’s water projects.

Reclamation is directed to provide to the Committees not later than 45 days after enactment of this Act a report delineating how these funds are to be distributed, in which phase the work is to be accomplished, and an explanation of the criteria and rankings used to justify each allocation.

Reclamation is reminded that the following activities are eligible to compete for funding under the appropriate heading: activities authorized under Indian Water Rights Settlements; aquifer recharging efforts to address the ongoing backlog of related projects; all authorized rural water projects, including those with tribal components, those with non-tribal components, and those with both; conjunctive use projects and other projects to maximize groundwater storage and beneficial use; ongoing work, including preconstruction activities, on projects that provide new or existing water supplies through additional infrastructure; the last two remaining priority unscreened diversions on the Sacramento River and high priority diversions in the San Joaquin River Basin; and activities authorized under section 206 of Public Law 113-235.

*Aging Infrastructure Account.*—The agreement does not support allowing increases or decreases in transfer amounts at this time. Reclamation is directed to provide to the Committees a report detailing implementation plans for this program.

*Aquatic Ecosystem Restoration Program.*—Reclamation is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on the plan to implement this program.

*Aquifer Recharge.*—Reclamation is directed to work closely with project beneficiaries to identify and resolve any barriers to aquifer recharge projects when appropriate while utilizing full authority to prioritize funds for ongoing projects through completion. Of the additional funds provided in this account, \$20,000,000 shall be for Aquifer Storage and Recovery projects focused on ensuring sustainable water supply and protecting water quality of aquifers in the Great Plains Region with shared or multi-use aquifers, for municipal, agricultural irrigation, industrial, recreation, and domestic users.

*Calfed Water Storage Feasibility Studies.*—Reclamation is strongly encouraged to expeditiously complete financial assistance projects requested by non-federal sponsors of the Calfed water storage projects that have been under study for over a decade.

*Columbia Basin Project.*—Reclamation is urged to move forward to implement the Odessa Groundwater Replacement Program to provide farmlands in Central and Eastern Washington with surface water supply through operational changes in the storage and delivery system.

*Drought Contingency Plans.*—Reclamation is encouraged to provide sufficient funding for activities that support drought contingency plans to conserve water and reduce risks from ongoing drought for the Upper and Lower Colorado River basins.

*Friant-Kern Canal.*—The Secretary is encouraged to include funding in future budget submissions for construction activities related to projects found to be feasible by the Secretary and which are ready to initiate repairs. Reclamation canals where operational conveyance capacity has been seriously impaired by factors such as age or land subsidence, especially those that would imminently jeopardize water delivery obligations, should be prioritized.

*Klamath Basin Project.*—Reclamation is encouraged to continue to collaborate on agreements with state agencies to support groundwater monitoring efforts in the Klamath Basin.

*Lake Powell.*—Reclamation is encouraged to work closely with relevant stakeholders as the current severe drought situation develops.

*Municipal Water Districts.*—Reclamation is encouraged to fully consider water districts that supply water to municipalities when developing work plans.

*Research and Development: Desalination and Water Purification Program.*—Of the funding provided for this program, \$12,000,000 shall be for desalination projects as authorized in section 4009(a) of the WIIN Act.

*Research and Development: Science and Technology Program: Airborne Snow Observatory Program.*—The agreement provides an additional \$4,000,000 for this program, which advances snow and water supply forecasting, of which at least \$1,500,000 shall be to implement this research at projects.

*Research and Development: Science and Technology Program: Snow Modeling Data Processing.*—The agreement provides an additional \$1,500,000 to support Reclamation's efforts to support the U.S. Department of Agriculture and NOAA's efforts to improve real-time and derived snow water equivalent information such that it can be immediately used for water resources decision-making.

*Rural Water Projects.*—Reclamation is reminded that voluntary funding in excess of legally required cost shares for rural water projects is acceptable, but shall not be used by Reclamation as a criterion for allocating additional funding provided in this agreement or for budgeting in future years.

*Rural Water Project—Dry-Redwater, Montana.*—Reclamation is strongly encouraged to engage with the Dry-Redwater Regional Water Authority to complete the feasibility study for the project authorized in PL 116–260.

*Salton Sea.*—The agreement reiterates House direction.

*Salton Sea Restoration.*—Reclamation is encouraged to partner with federal, state, and local agencies and coordinate use of all existing authorities and funding sources to support the State of California's Salton Sea Management Program and reduce the likelihood of severe health and environmental impacts and to include appropriate funding for these efforts in future budget submissions.

*San Joaquin River Restoration.*—Permanent appropriations should not supplant continued annual appropriations. Reclamation is encouraged to include adequate funding in future budget requests.

*St. Mary's Diversion Dam and Conveyance Works.*—Reclamation is urged to continue working with local stakeholders to complete its ability to pay study for the rehabilitation of the St. Mary's Diversion Dam. Further, Reclamation is encouraged to complete its work to develop a Milk River Project model as expeditiously as possible.

*Tualatin Project, Scoggins Dam, Oregon.*—Reclamation is urged to expediently complete the dam safety modification report.

*Water Treatment Pilots.*—Reclamation is encouraged to look for innovative and cost-effective ways to evaluate treatment solutions in advance of significant infrastructure investments, including pilots for water treatment projects.

*WaterSMART Program: Drought Responses & Comprehensive Drought Plans.*—The agreement provides an additional \$10,000,000

for this program for authorized drought response activities in the California and Oregon Klamath Basin.

*WaterSMART Program: Open Evapotranspiration System.*—The fiscal year 2022 Act directed Reclamation to provide a briefing on the potential application of the Open Evapotranspiration system to Reclamation missions. Reclamation is directed to provide it not later than 15 days after enactment of this Act.

*WaterSMART Program: Title XVI Water Reclamation & Reuse Program.*—Of the additional funding provided for this program, not less than \$20,000,000 shall be for water recycling and reuse projects as authorized in section 4009(c) of the WIIN Act.

*Yakima River Basin Water Enhancement Project, Washington.*—Reclamation is encouraged to budget appropriately for this work in order to move forward on implementing authorized components of the plan and is reminded that activities within this program are eligible to compete for additional funds provided in this account.

#### CENTRAL VALLEY PROJECT RESTORATION FUND

The agreement provides an indefinite appropriation, which allows Reclamation to expend funds collected in fiscal year 2023. The estimate of collections in fiscal year 2023 is \$45,770,000.

#### CALIFORNIA BAY-DELTA RESTORATION

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$33,000,000 for the California Bay-Delta Restoration Program.

#### POLICY AND ADMINISTRATION

The agreement provides \$65,079,000 for Policy and Administration.

#### ADMINISTRATIVE PROVISION

The agreement includes a provision limiting Reclamation to purchase not more than thirty passenger vehicles for replacement only.

#### GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

The agreement includes a provision outlining the circumstances under which the Bureau of Reclamation may reprogram funds.

The agreement includes a provision regarding the San Luis Unit and Kesterson Reservoir in California.

The agreement includes a provision regarding section 9504(e) of the Omnibus Public Land Management Act of 2009 (Public Law 111–11).

The agreement includes a provision regarding the Calfed Bay-Delta Authorization Act.

The agreement includes a provision regarding section 9106(g)(2) of the Omnibus Public Land Management Act of 2009.

The agreement includes a provision regarding the Reclamation States Emergency Drought Relief Act of 1991.

The agreement includes a provision regarding WRDA of 2000 (Public Law 106–541).

The agreement includes a provision prohibiting the use of funds in this Act for certain activities.

### TITLE III—DEPARTMENT OF ENERGY

The agreement provides \$46,243,359,000 for the Department of Energy to fund programs in its primary mission areas of science, energy, environment, and national security.

#### REPROGRAMMING REQUIREMENTS

The agreement carries the Department's reprogramming authority in statute to ensure that the Department carries out its programs consistent with congressional direction. The Department shall, when possible, submit consolidated, cumulative notifications to the Committees.

*Definition.*—A reprogramming includes the reallocation of funds from one program, project, or activity to another within an appropriation. For construction projects, a reprogramming constitutes the reallocation of funds from one construction project to another project or a change of \$2,000,000 or 10 percent, whichever is less, in the scope of an approved project.

#### FINANCIAL REPORTING AND MANAGEMENT

The Department is still not in compliance with its statutory requirement to submit to Congress, at the time that the President's budget request is submitted, a future-years energy program that covers the fiscal year of the budget submission and the four succeeding years, as directed in the fiscal year 2012 Act. While the Committees appreciate the small progress of including some information in the budget request, the information provided was inadequate because it clearly was not a "meaningful and comprehensive multi-year budget" as required. In addition, the Department has an outstanding requirement to submit a plan to become fully compliant with this requirement. The Department is directed to provide these requirements not later than 30 days after enactment of this Act. The Department may not obligate more than 75 percent of amounts provided to the Office of the Secretary until the Department briefs the Committees on options for ways to provide future-years energy program information.

*Commonly Recycled Paper.*—The agreement reiterates House direction on this topic.

*Congressional Reporting Requirements.*—The Department is directed to provide quarterly updates to the Committees on congressional reporting requirements. Further, the Department is directed to provide all congressionally required reports digitally in addition to traditional correspondence.

*SBIR and STTR Programs.*—The agreement reiterates House direction on this topic.

*Mortgaging Future-Year Awards.*—The agreement reiterates House direction on this topic.

*General Plant Projects.*—The agreement reiterates House direction on this topic.

*Competitive Procedures.*—The agreement reiterates House direction on this topic.

*Cost Share Waivers.*—The agreement reiterates House direction on this topic.

*Notification of Funding Availability.*—The agreement includes no direction on this topic.

## WORKFORCE DEVELOPMENT AND DIVERSITY

*Workforce Development.*—The agreement reiterates House direction on this topic.

The Department is encouraged to prioritize training and workforce development programs that assist and support workers in trades and activities required for the continued growth of the U.S. energy efficiency and renewable energy sectors, including training programs focused on building retrofit, the construction industry, and the electric vehicle industry. The Department is encouraged to continue to work with 2-year, community and technical colleges, labor, and nongovernmental and industry consortia to pursue job training programs, including programs focused on displaced fossil fuel workers, that lead to an industry-recognized credential in the renewable energy and energy efficiency workforce. The agreement recognizes the Department's collaborations with the Department of Defense to address national security priorities including climate change and electric infrastructure. The agreement recognizes the Department's individual education and workforce development programs relating to the intersection of national security and energy but encourages interdepartmental coordination on the creation or modification of these programs.

## CROSSCUTTING INITIATIVES

*Carbon Dioxide Removal.*—The agreement provides not less than \$140,000,000 for research, development, and demonstration of carbon dioxide removal technologies, including not less than \$20,000,000 from the Office of Energy Efficiency and Renewable Energy (EERE), not less than \$70,000,000 from Office of Fossil Energy and Carbon Management (FECM), and not less than \$50,000,000 from the Office of Science.

The Department is encouraged to carry out activities under the Carbon Dioxide Removal Research, Development, and Demonstration Program authorized in section 5001 of the Energy Act of 2020. The Department is directed to coordinate these activities among FECM, EERE, the Office of Science, and any other relevant program offices or agencies, including the Environmental Protection Agency and Department of Agriculture.

The agreement reiterates House direction on the development of diverse carbon management technologies and methods.

The agreement reiterates House direction on the development and commercialization of carbon dioxide removal technologies at significant scale.

The agreement reiterates House direction on the carbon removal implementation plan and the roles and responsibilities of each program participating in the implementation plan.

The Department is directed to establish a competitive purchasing pilot program for the purchase of carbon dioxide removed from the atmosphere or upper hydrosphere, in support of carbon dioxide re-

moval projects authorized in section 969D of the Energy Policy Act of 2005.

*Critical Minerals and Materials.*—The agreement provides not less than \$248,500,000 for research, development, demonstration, and commercialization activities on the development of alternatives to, recycling of, and efficient production and use of critical minerals and materials, including not less than \$112,000,000 from EERE, not less than \$50,000,000 from FECM, not less than \$25,000,000 from the Office of Science, and not less than \$61,500,000 from the Office of Nuclear Energy (NE).

The agreement reiterates House direction on university initiatives for critical mineral extraction; the Critical Materials Institute and the Critical Materials Consortium; the Critical Materials Supply Chain Research Facility; and workforce needs in critical minerals and materials industries.

The Department is encouraged to carry out these activities pursuant to sections 7001 and 7002 of the Energy Act of 2020.

*Energy Storage.*—The agreement provides not less than \$540,000,000 for research, development, demonstration, commercialization, and deployment of energy storage, including not less than \$347,000,000 from EERE, not less than \$95,000,000 from the Office of Electricity (OE), not less than \$5,000,000 from FECM, not less than \$10,000,000 from NE, and not less than \$83,000,000 from the Office of Science.

The Department is directed to carry out these activities in accordance with sections 3201 and 3202 of the Energy Act of 2020.

The agreement notes support for the Department's Energy Storage Grand Challenge (ESGC) and Long-Duration Storage Shot Initiatives, which includes cost-shared demonstrations of energy storage technologies.

*Energy-Water Nexus.*—The agreement reiterates House direction on this topic.

*Industrial Decarbonization.*—The agreement provides not less than \$685,000,000 for industrial decarbonization activities, including not less than \$420,000,000 from EERE, not less than \$200,000,000 from FECM, and not less than \$65,000,000 from the Office of Science. The Department is directed to establish the Industrial Emissions Reduction Technology Development Program authorized in section 6003 of Public Law 116—206 for clean industrial research, development, and demonstrations that are both sector-specific and technology-inclusive. The program shall coordinate with EERE, FECM, the Office of Science, Office of Clean Energy Demonstrations, and other relevant program offices. Not later than 60 days after enactment of this Act, the Department is directed to detail on how it will improve coordination and align different program offices to implement the recently released Industrial Decarbonization Roadmap strategy, including who within the Department will lead this work. The funds provided are for the development of a suite of technologies to strengthen the competitiveness of America's industrial sector, with an emphasis on heavy industrial sectors, including iron, steel, steel mill products, aluminum, cement, concrete, glass, pulp, paper, industrial ceramics, and chemicals. Within available funds, the agreement provides not less

than \$25,000,000 for clean heat alternatives for industrial processes.

Further, the agreement notes a lack of coordination across the Department regarding Industrial Decarbonization activities. Not later than 60 days after enactment of this Act, the Department is directed to detail on how it will improve coordination and align different program offices to implement the recently released Industrial Decarbonization Roadmap strategy, including who within the Department will lead this work. The Department is encouraged to specify the value-added roles that distinct federal funding streams will play in achieving the emissions reduction goals of the Industrial Decarbonization Roadmap, including across the Department's program offices.

*Alternative Modes of Transportation.*—The agreement notes the Department's ongoing efforts to develop technologies and low carbon fuels that will reduce emission in shipping, aviation, agricultural, and long-distance transportation.

The agreement provides not less than \$380,000,000 to further the research, development, testing, and demonstration of innovative technologies and solutions for low- or no-emission alternative fuels for ongoing efforts to develop technologies and low carbon fuels that will reduce emission in shipping, aviation, agricultural, and long-distance transportation. This funding level includes not less than \$300,000,000 from EERE, not less than \$35,000,000 from FECM, not less than \$35,000,000 from OE, and not less than \$10,000,000 from the Office of Science.

Further, there are technologies that will reduce emissions in existing locomotive fleets, such as different blends of renewable diesel and biodiesel, as well as to accelerate the commercial viability of innovative technologies and alternatives to traditional diesel fuel, including batteries and hydrogen fuel cells. The agreement notes that hastening the availability of low- and no-carbon alternatives to diesel fuel for locomotives will be essential to addressing climate change while also meeting our nation's projected 50 percent growth in freight transportation demand by 2050. Further, the agreement notes that the decarbonization of the rail industry will be essential to achieving a net-zero emissions economy as rail will continue to play a vital role in such a broad cross-section of industrial economic sectors well into the future. Further, the Department is encouraged to accelerate its work on sustainable aviation fuels, with a focus getting feedstocks and biorefining processes for net-zero emission fuels into demonstration as it works to meet the goals of the Sustainable Aviation Fuel Grand Challenge. The Department is encouraged to develop a clear framework for evaluating the emissions reduction potential of different sustainable aviation fuel pathways and to prioritize research and development of fuels with the greatest potential to reduce GHG emissions while avoiding unintended consequences on forests and food supply chains. The Department is encouraged to work with other federal agencies and the national labs to coordinate efforts to advance sustainable aviation fuels.

*DOE and USDA Interagency Working Group.*—The agreement reiterates House direction on this topic.

*Fluoropolymers.*—The agreement reiterates House direction on this topic.

*Grid Modernization.*—The agreement reiterates House direction on this topic.

The Department is directed to develop a plan for a pipeline of students, graduates, and professors to sustain a robust grid modernization research, design, and operations capability over the long-term.

Further, the agreement notes the value of a diverse range of clean distributed energy resources, and the Department is encouraged to evaluate opportunities to deploy multi-resource microgrids that incorporate dispatchable, fuel-flexible, renewable fuel-compatible, distributed generation technologies, including but not limited to linear generator technology, paired with variable output renewable resources and battery storage technology, in order to simultaneously achieve substantial carbon and criteria emissions reductions, ensure multi-day resilience, and improve energy security and independence.

*Harmful Algal Blooms.*—The agreement reiterates House direction on this topic.

*Hydrogen.*—The Department is directed to coordinate its efforts in hydrogen energy and fuel cell technologies across EERE, FECM, NE, OE, the Office of Science, the Office of Clean Energy Demonstrations, the Advanced Research Projects Agency—Energy, and any other relevant program offices to maximize the effectiveness of investments in hydrogen-related activities.

The agreement provides not less than \$316,000,000 for the Hydrogen crosscut, including not less than \$163,000,000 from EERE, not less than \$113,000,000 from FECM, not less than \$23,000,000 from NE, and not less than \$17,000,000 from the Office of Science.

The agreement provides not less than \$15,000,000 for technologies to advance hydrogen use for heavy-duty transportation, industrial, and hard-to-electrify transportation applications including trains, maritime shipping, and aviation.

*Integrated Energy Systems.*—The agreement reiterates House direction on this topic.

*Landfill Emissions.*—The agreement reiterates House direction on this topic.

## ENERGY PROGRAMS

### ENERGY EFFICIENCY AND RENEWABLE ENERGY

The agreement provides \$3,460,000,000 for Energy Efficiency and Renewable Energy.

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in the front matter of Department of Energy.

The agreement supports the budget request for the Communities to Clean Energy Program.

*Aquatic Decarbonization.*—The agreement provides not less than \$40,000,000 for crosscutting efforts that will contribute to multiple areas of ocean- and water-based energy technologies and include support for research, development, and infrastructure that leverages the Department's existing ocean-based assets and infrastructure. The Department is directed to provide to the Committees prior to the obligation of these funds a detailed spending plan high-

lighting which offices are contributing to this effort and the planned investments in research, development, and deployment, including infrastructure needs.

*Database of State Incentives for Renewables and Efficiency.*—The Department is directed to support needed security and software upgrades for the Database of State Incentives for Renewables and Efficiency (DSIRE), a program that provides U.S. homeowners, businesses, policymakers, and others with vital information relating to clean energy incentives and policies across the country.

*Energy Transitions Initiative.*—The agreement provides not less than \$15,000,000 for the Energy Transitions Initiative (ETI), including the Technology-to-Market and Communities subprogram, to support initiatives to address high energy costs, reliability and inadequate infrastructure challenges faced by island and remote communities. The Department is directed to support stakeholder engagement and capacity building and reiterates House direction on community-based initiatives. Additionally, the agreement notes that without a plan to support communities that have or are receiving technical assistance through cohorts 1 and 2, the federal investment risks being stranded. The Department should provide some level of support and program continuity for these communities from locally relevant technical assistance providers. To facilitate improvement of this initiative, the Department is directed to provide to the Committees not later than 90 days after enactment of this Act a report detailing: 1) current status of projects supported through this program; 2) plans to ensure ETIPP program continuity and follow-up support through regional project partners; 3) offboarding processes for cohorts 1 and 2 as well as how the offboarding processes build a pipeline of projects for other programs in the Department; 4) plans for recruiting and supporting a third cohort of communities; and 5) recommendations on the inclusion of additional geographies supported with additional regional partners.

*Workforce Development.*—The agreement provides \$5,000,000 to support expanding efforts to include students from underserved institutions in the technology development programs within the Department's portfolio of manufacturing, solar, transportation and grid/energy storage through a university which has existing partnerships with several Historically Black Colleges and Universities and Minority Serving Institutions, and participants in several Departmental applied energy research programs.

The Department is encouraged to continue to work with two-year, community and technical colleges; labor; and nongovernmental and industry consortia to pursue job training programs, including programs focused on displaced fossil fuel workers, that lead to an industry-recognized credential in the energy workforce. The Department is encouraged to update and publish on its website the list of credentials that are recognized by the Department through its Better Buildings Workforce Guidelines and additional credentials that are relevant to designing, building, and operating building energy systems.

*University Research Consortium on Resilience.*—In fiscal year 2021 and fiscal year 2022, the agreement directed \$20,000,000 in total for a competitive solicitation which the Department was ex-

pected to release in Fall 2022. The Department is directed to release the funding opportunity and award funds expeditiously.

#### SUSTAINABLE TRANSPORTATION

The agreement provides not less than \$35,000,000 to continue the SuperTruck III vehicle demonstration program and further address the energy efficiency, carbon dioxide emissions reduction potential, and freight efficiency of heavy and medium duty long- and regional-haul vehicles.

*Vehicle Technologies.*—The Department is encouraged to prioritize projects in states where the transportation sector is responsible for a higher percentage of the state's total energy consumption and is the largest source of greenhouse gases.

Within available funds, the agreement supports a solicitation to further develop and demonstrate advanced wireless charging technologies, including charging coils, that reduce cost and improve performance of wireless power transfer and to demonstrate opportunity wireless vehicle charging in northern climates, in areas with high ratio of renewable energy deployment.

The agreement provides up to \$250,000,000 for Battery and Electrification Technologies.

The Vehicle Technologies Office is encouraged to prioritize recycling funding awards for projects that demonstrate recycling of all battery components, including casings and enclosures made from plastics and polymer composites.

The agreement provides \$10,000,000 for research and development of engine architectures that integrate low-carbon fuels like ethanol and biodiesel, including the performance of these engines on higher blends of renewable fuels.

The agreement provides up to \$25,000,000 to advance energy efficiency and low-emission technologies for off-road application vehicles, including up to \$5,000,000 for fluid power systems. The Department is directed to prioritize applications in ports, warehouses, and railyards. These funds shall be awarded through a competitive solicitation in which university and industry teams are eligible to apply.

The agreement provides not less than \$100,000,000 for Technology Integration and Deployment.

Within available funds for Technology Integration and Deployment, the agreement provides not less than \$10,000,000 be made available to advance the development and demonstration of technologies for electric aircraft for the cargo and logistics industry with the dual purpose of supporting electric delivery trucks.

The Department is directed to continue to support the Clean Cities alternative fuels deployment program focused on vehicles that can deliver lower greenhouse gas emissions and meet customer needs, which can include vehicles powered by biofuels, electricity, hydrogen, natural gas, renewable natural gas, propane, and renewable propane. Within available funds, the agreement provides not less than \$65,000,000 for deployment through the Clean Cities program, including not less than \$20,000,000 in direct cooperative agreements with the Clean Cities Coalitions and not less than \$40,000,000 for competitive grants to support alternative fuel, infrastructure, new mobility, and vehicle deployment activities. When

issuing competitive grants in support of these activities, the Department is encouraged to include some awards that range from \$500,000 to \$1,000,000 each and encourage at least one Clean Cities coalition partner. The Department is encouraged to ensure balance in the award of funds to achieve varied aims in fostering broader adoption of clean vehicles and installation of supporting infrastructure. The Department is encouraged to prioritize projects that can contribute the greatest reductions in lifecycle greenhouse gases and other harmful air pollutants. The Department is encouraged to work with the Department of Transportation and industry on coordinating efforts to deploy electric vehicle (EV) charging infrastructure. The Department is encouraged to explore ways in which the Clean Cities Program can leverage funding to provide greater support, including through grants, technical assistance, and community engagement, for clean fuels and vehicles in underserved or disadvantaged communities so they can benefit from the emissions reductions and public health benefits delivered by electrification.

The agreement provides not less than \$5,000,000 for electric vehicle workforce development activities. The Department is encouraged to build upon its existing partnerships with the GridEd workforce training program to advance a national electric vehicle workforce. The Department is encouraged to include engagement with the electric industry; auto industry; labor unions; university and community colleges, including Historically Black Colleges and University and other Minority Serving Institutions; and training institutes.

The agreement reiterates House direction on the report directed by the fiscal year 2022 Act on challenges in cost-effective and safe operation of vehicles. The Department is directed to coordinate with the Department of Transportation and the Joint Office of Energy and Transportation to develop a roadmap for electric vehicle transition and workforce training. The Department is also directed to coordinate with the Clean Cities Program, the Department of Transportation, and the Joint Office of Energy and Transportation to ensure all activities are aligned to meet the goals of widespread adoption of electric vehicles.

The agreement provides not less than \$54,000,000 for Energy Efficient Mobility Systems, including not less than \$34,000,000 to conduct early-stage research and development at the vehicle, traveler, and system levels and not less than \$20,000,000 for pilot and demonstration projects pairing self-driving technology with zero-emission vehicles to help ensure mobility does not come at the cost of increased tailpipe pollution.

The agreement provides up to \$10,000,000 to improve 12-volt lead batteries for safety-critical electric vehicle applications.

The agreement provides \$10,000,000 for novel engine designs that can achieve significant efficiency improvements in hydrogen combustion. The Department is encouraged to support research and development for hydrogen combustion by two-stroke opposed piston engines.

The Department is encouraged to work with the Department of Transportation and industry on coordinating efforts to deploy hydrogen fueling infrastructure.

The Department, in coordination with the Joint Office of Energy and Transportation, is encouraged to assess if the capacity of electricity distribution can meet anticipated electricity demand at proposed charging locations. The Department is encouraged to consult with stakeholders and entities tasked with overseeing the U.S. electric grid in this assessment.

The Department, in coordination with the Environmental Protection Agency, is encouraged to consider the benefits of a competitive voucher program to continue improving the energy efficiency of commercial long-haul vehicles with active emission-reducing technology.

The agreement provides up to \$5,000,000 for research on direct injection, engine technology, and the use of dimethyl ether as fuel.

The agreement provides up to \$10,000,000 to address technical barriers to the increased use of natural gas vehicles, with a focus on those utilizing non-fossil based, renewable natural gas. Technical barriers include demonstrations of advanced natural gas vehicles and fueling infrastructure, medium and heavy duty on-road natural gas engine research and development, energy efficiency improvements, emission reduction technologies, fueling infrastructure optimization, and renewable gas production research and development.

The Department is directed to prioritize recycling funding awards for projects that demonstrate recycling of all battery components, including casings and enclosures made from plastics and polymer composites.

The Department is directed to prioritize funding and technical assistance through its grant programs for electric vehicle car share programs at public housing facilities.

The Department is directed, in coordination with the Department of Transportation and the Joint Office of Energy and Transportation, to focus on increasing availability of and access to publicly accessible charging infrastructure that can support both personal vehicle uses and ride-share services, particularly in underserved or disadvantaged communities that lack convenient access to such infrastructure.

The Department is encouraged in its position in the Joint Office of Energy and Transportation to increase deployment and accessibility of electric vehicle charging infrastructure in underserved or disadvantaged communities through grants, technical assistance, and community engagement and to address "soft costs" of installing EV charging infrastructure, such as permitting and interconnection challenges, to accelerate deployment. The Department is encouraged to develop and submit a roadmap to the Committees to provide voluntary technical assistance to municipalities aimed at reducing the time and costs for permitting, inspecting, and interconnecting publicly available EV supply equipment through standardized requirements, online application systems, recognition programs, and technical assistance.

*Bioenergy Technologies.*—The agreement supports research to develop the foundation for scalable techniques to use carbon dioxide produced in various plants, such as in biorefineries, to produce higher value fuels, chemicals, or materials.

The agreement provides up to \$5,000,000 for continued support of the development and testing of new domestic manufactured low-emission, high-efficiency, residential wood heaters that supply easily accessed and affordable renewable energy and have the potential to reduce the national costs associated with thermal energy.

The agreement provides not less than \$44,000,000 for feedstock technologies research and the Biomass Feedstock National User Facility and \$40,000,000 for algae-related activities.

The agreement provides not less than \$23,000,000 for the Agile BioFoundry to accelerate the Design-Build-Test-Learn cycle for biofuels and bioproducts with a focus on sustainable aviation fuels.

The agreement provides not less than \$100,000,000 for Conversion Technologies. Within available funds for Conversion Technologies, the agreement provides \$5,000,000 to demonstrate the use of and improve the efficiency of community-scale digesters with priority given for projects in states and tribal areas that have adopted statutory requirements for the diversion of a high percentage of food material from municipal waste streams.

The agreement provides up to \$6,000,000 to support research, at commercially relevant processing scales, into affordable preprocessing of forest residue technologies, forest residue fractionation technologies, and other processing improvements relevant to thermal deoxygenation biorefineries in order to enable economic production of sustainable aviation fuels and economic upgrading of hemicelluloses and lignin.

The agreement provides not less than \$70,000,000 for System Development and Integration, including for demonstration activities. The agreement reiterates House direction on feedstocks and biorefining processes for sustainable aviation fuels.

The Department is directed to address research challenges to maximize use of atmospheric carbon dioxide, including in highly alkaline conditions to maximize carbon capture. This research shall aim to eliminate the requirement for co-location of algal production facilities with power plants or costly, low-volume pipelines; increase algal productivity levels; and lower the cost of biofuel production.

*Hydrogen and Fuel Cell Technologies.*—The Department is directed to maintain a diverse program that focuses on early-, mid-, and late-stage research and development and technology acceleration, including market transformation.

The agreement provides not less than \$100,000,000 for H2@Scale.

The agreement provides not less than \$60,000,000 for technologies to advance hydrogen use for hard-to-electrify transportation applications, including trains, maritime shipping, and aviation.

The agreement provides up to \$30,000,000 for Fuel Cell Technologies.

The agreement provides \$10,000,000 for perovskites and other catalysts and catalyst supports for hydrogen carriers. The Department should prioritize efforts that couple computational modeling, experimental characterization, and controlled synthesis, along with durability and degradation science. The Department is encouraged

to prioritize efforts that include partnerships between at least one academic partner and one national laboratory.

The agreement provides not less than \$10,000,000 for solar fuels research and development for hydrogen generation. The Department is encouraged to leverage research and technology advances from the Fuels from Sunlight Hub.

The agreement supports the Department's continued activities for high temperature electrolyzer development and integrated pilot level technology testing and validation, including at national laboratories.

The agreement reiterates House direction on alkaline and proton exchange membrane (PEM) electrolyzers.

The Department is directed to continue to consider the economic and environmental impacts of various modes used to transport hydrogen in its decision-making process.

The Department is directed to prioritize opportunities to advance a network of pipelines to reliably deliver adequate supplies of hydrogen for end users.

The Department is directed to continue efforts aimed at reducing the cost of hydrogen production, storage, and distribution including novel onboard hydrogen tank systems, trailer delivery systems, and development of systems and equipment for hydrogen pipelines.

The agreement provides not less than \$15,000,000 for Safety, Codes, and Standards to maintain a robust program and engage with state and local agencies to support their technical needs relative to hydrogen infrastructure and safety.

#### RENEWABLE ENERGY

The agreement provides up to \$5,000,000 for the Wind Energy Technologies Office and the Water Power Technologies Office to support university-led research projects related to resource characterization, site planning, aquaculture assessments, community outreach, and planning for long term environmental monitoring for applications of marine energy and floating offshore wind technologies to support sustainable, scalable aquaculture production.

*Solar Energy Technologies.*—The agreement provides not less than \$60,000,000 for Concentrating Solar Power Technologies and not less than \$77,000,000 for Photovoltaic Technologies.

The agreement provides not less than \$45,000,000 for Balance of System Soft Costs efforts focused on reducing the time and costs for permitting, inspecting, and interconnecting distributed solar and storage projects installed behind the customer's meter through standardized requirements, online application systems, and grant awards to localities which voluntarily adopt the Solar Automated Permit Processing platform.

The agreement provides up to \$40,000,000 to continue and expand work to lower barriers to solar adoption for low-income households, renters, multifamily homes, and minority communities. The Department is encouraged to explore and provide resources on financing and business models that are well-suited to these households and communities.

The agreement provides not less than \$5,000,000 for the National Community Solar Partnership program.

The agreement provides up to \$10,000,000 for technology development, testing and verification of technologies that help solar energy projects avoid, minimize, and mitigate impacts on wildlife and ecosystems, including through improved scientific research into avian-solar interactions.

The agreement provides not less than \$55,000,000 for Systems Integration and not less than \$70,000,000 for Manufacturing and Competitiveness.

The agreement provides not less than \$25,000,000 for research, development, demonstration, and commercial activities related to cadmium telluride (CdTe). This work shall align with the goals of the technology roadmap for research: reducing CdTe module manufacturing costs, addressing supply chain challenges, achieving greater cell and module efficiency, cutting CdTe solar costs while extending solar panel life, and increasing the global market share of domestically produced photovoltaics.

The agreement provides not less than \$25,000,000 for perovskites.

The Department is directed to support the development of small-scale pilot manufacturing plants for perovskite photovoltaics. The Department is encouraged to issue awards to commercial-ready solar perovskite entities that are prepared to scale up solar technologies.

The agreement notes support for the recently established Perovskite Accelerator for Commercializing Technologies (PACT) Center, which has been established for testing the durability of perovskite photovoltaics. The Department is encouraged to consider establishment of a companion research accelerator to advance the underpinnings of the technology, following the model established for the CdTe Consortium that was announced by the Department in 2020. A perovskite R&D accelerator could be focused on nucleation and degradation, the science of inherent material stability, new substrates, energy loss mechanisms, ultra-high efficiency bifacial and tandem devices, and inherently scalable production methods such as solution processing and roll-to-roll manufacturing.

The Department is directed to continue supporting the regional demonstration sites under the Solar Energy Technologies Office.

*Wind Energy Technologies.*—The agreement provides not less than \$13,000,000 for distributed wind technologies.

The Department is directed to give priority to stewarding the assets and optimizing the operations of the Department-owned wind energy research and development facilities. The Department should continue to prioritize mission readiness and optimization of the operations of the National Wind Technology Center. The agreement provides not less than \$5,000,000 for research and operations of the Integrated Energy System at Scale, a large-scale research platform using high-performance computing, modeling and simulation, including improved models that can be used to understand atmospheric and wind power plant flow physics, and reliability and grid integration efforts.

The agreement provides up to \$30,000,000 to initiate the establishment of a university-based development and testing facility capable of supporting industrial prototyping and manufacturing of turbine systems capable of producing upwards of 30 megawatts of

power per unit. The Department is further directed to support the accompanying electric grid integration of these offshore wind turbine capabilities.

The agreement provides not less than \$65,000,000 for offshore wind. The Department is directed to support innovative offshore wind demonstration projects to optimize their development, design, construction methods, testing plans, and economic value proposition. Within available funds for offshore wind, the agreement provides not less than \$6,000,000 for advanced technology demonstration of floating offshore wind projects.

Within available funds for offshore wind, the agreement provides up to \$6,000,000 for Centers of Excellence focused on the offshore wind energy engineering, infrastructure, supply chain, transmission, and other pertinent issues required to support offshore wind in the United States.

Within available funds for offshore wind, the agreement provides not less than \$30,000,000 for floating offshore research, development, and demonstration, including activities to facilitate interconnection between offshore generation facilities and the grid.

The Department is encouraged to continue to support research and development related to siting and environmental permitting issues, which if not properly addressed may lead to unnecessary delays in achieving the national goal to deploy 30 gigawatts of offshore wind generation by 2030. In considering research and development funding related to siting and environmental permitting issues, the Department shall prioritize the development of technologies and capabilities related to minimizing impacts to coastal communities, federal radar missions, and living marine resources.

The Department is encouraged to continue focusing efforts with non-profit and academic partners to conduct coastal atmospheric boundary layer characterization that will help optimize and inform efforts of the Department of Interior's Bureau of Ocean Energy Management and assist the growing domestic coast wind energy industry.

*Water Power Technologies.*—The agreement provides not less than \$59,000,000 for Hydropower Technologies and not less than \$120,000,000 for Marine Energy. The Department is encouraged to utilize existing authorities to waive cost share for water power technologies research, development, demonstration, and deployment activities.

The agreement provides up to \$10,000,000 for demonstration of a modular pumped storage project. The agreement provides up to \$35,000,000 to expand the HydroWIRES program to enhance the flexibility of America's hydropower and pumped storage hydropower resources, including support for research, development, and demonstration to advance pumped storage hydropower projects. The Department is encouraged to continue efforts that support and demonstrate increased grid reliability and integration of other renewable energy resources, including applications to optimally integrate small hydropower with advancements in battery storage and other grid services.

The agreement provides up to \$10,000,000 to continue industry-led research, development, demonstration, and deployment efforts of innovative technologies for fish passage and invasive fish species

removal at hydropower facilities, as well as analysis of hydrologic climate science and water basin data to understand the impact of climate change on hydropower. The agreement provides up to \$5,000,000 for innovative analytics to optimize hydropower applications such as machine learning-based hydrologic forecasts and operations optimization technology advancement.

The agreement provides up to \$15,000,000 for small hydropower innovation, testing, and initiatives, including industry-led competitive solicitations for advanced turbine demonstrations; improved environmental performance; standardized or modular project deployment applications; and advanced manufacturing and supply chain innovations. The Department is encouraged to support innovative analytics to optimize hydropower applications such as machine learning-based hydrologic forecasts and operations optimization technology advancement.

The agreement provides up to \$10,000,000 for design and engineering based on the outcome of the Department's ongoing scoping activities toward a network of hydropower testing facilities. The fiscal year 2022 Act directed the Department to provide a briefing on its strategy for establishing these facilities. The Department is directed to provide it not later than 30 days after enactment of this Act.

The agreement provides up to \$5,000,000 for irrigation modernization demonstration and deployment activities including physical sites and digital tools that advance energy, water, environmental, community, and agricultural benefits.

The agreement provides up to \$10,000,000 for the purposes of sections 242 and 243 of the Energy Policy Act of 2005 as being carried out by the Grid Deployment Office.

Within available funds for Marine Energy, the agreement provides not less than \$50,000,000 for industry-led competitive solicitations to increase energy capture, improve reliability, and to assess and monitor environmental effects of marine energy systems and components at a variety of scales, including full-scale prototypes. Within available funds for Marine Energy, the agreement provides up to \$20,000,000 for continuation of foundational research activities led by universities and research institutions affiliated with the National Marine Energy Centers. Within available funds for Marine Energy, the agreement provides up to \$10,000,000 for operations at the National Marine Energy Centers in order to accelerate the transition of marine energy technologies to market.

Within available funds for Marine Energy, the agreement provides not less than \$27,000,000 address infrastructure needs at marine energy technology testing sites, including general plant projects and planning activities for the staged development of an ocean current test facility and upgrades to facilities that provide cost effective open water access for prototype testing. Within available funds for infrastructure needs at marine energy technology testing sites, the agreement provides up to \$5,000,000 for the development and construction of an open water, fully energetic, grid connected ocean current energy test facility, not less than \$5,000,000 for general purpose plant projects, and not less than \$22,000,000 to complete construction of the grid connected wave energy test facility.

The agreement provides not less than \$5,000,000 for the Department's Marine and Coastal Research Laboratory. The agreement provides up to \$8,000,000 for continuation of the Testing Expertise and Access for Marine Energy Research initiative. The agreement supports the Atlantic Marine Energy Center. The Department is directed to continue to coordinate with the U.S. Navy and other federal agencies on marine energy technology development for national security and other applications.

The agreement provides \$24,000,000 for the Powering the Blue Economy initiative. The Department is directed to continue leveraging existing core capabilities at national laboratories to execute this work, in partnership with universities and industry.

The Department is encouraged to use its cost share waiver authority under section 988 of the Energy Policy Act of 2005, when applicable and as appropriate, for water power technology research, development, demonstration, and deployment activities.

The agreement recognizes the challenges of decarbonizing remote communities and the maritime sector. The Department is encouraged to continue to focus on activities addressing the integration of clean energy systems for remote communities and port electrification, including the demonstration of marine, distributed wind, solar, energy storage, improved microgrids, and local production of zero-carbon fuels.

*Geothermal Technologies.*—The agreement supports research, development, and demonstration, including implementation of the recommendations outlined in the GeoVision study and authorized in the Energy Act of 2020.

The agreement provides up to \$100,000,000 for enhanced geothermal system demonstrations (EGS) and next-generation geothermal demonstration projects in diverse geographic areas. The Department is directed to include demonstration projects in an area with no obvious surface expression or to develop deep, direct use geothermal technologies to distribute geothermal heat through an integrated energy system or district heating system. The Department is directed to consider Superhot Rock geothermal demonstrations in which water, at that depth, would reach supercritical conditions and demonstrate incremental improvements toward producing supercritical water at the surface.

*Renewable Energy Grid Integration.*—The agreement provides \$45,000,000 for activities to facilitate the integration of grid activities among renewable energy technologies and to include integrated system analysis, technical assistance, and innovative municipal or community-driven initiatives to increase the use and integration of renewable energy in the United States. Within available funds, the agreement provides \$10,000,000 for development and demonstration of an “energyshed” management system that addresses a discrete geographic area in which renewable sources currently provide a large portion of electric energy needs, where grid capacity constraints result in curtailment of renewable generation, and with interactive smart meters. The “energyshed” design should achieve a high level of integration, resilience, and reliability among all energy uses, including both on-demand and long-time energy scales, transmission, and distribution of electricity.

## ENERGY EFFICIENCY

*Advanced Manufacturing.*—The agreement provides not less than \$185,000,000 for Industrial Efficiency and Decarbonization.

The agreement reiterates House direction related to the conversion and retooling of industrial facilities.

Within available funds for Industrial Efficiency and Decarbonization, the agreement provides \$20,000,000 for continued research for energy efficiency improvement and emissions reduction in the chemical industry including dynamic catalyst science coupled with data analytics.

Within available funds for Industrial Efficiency and Decarbonization, the agreement provides up to \$10,000,000 for the issuance of a competitive solicitation for university and industry-led teams to improve the efficiency of industrial drying processes.

The agreement provides not less than \$105,000,000 for Clean Energy Manufacturing.

Within available funds for Clean Energy Manufacturing, the agreement provides \$25,000,000 for the Manufacturing Demonstration Facility (MDF) and the Carbon Fiber Technology Facility. Within available funds for the MDF, the agreement includes \$5,000,000 for the development of processes for materials solutions.

Within available funds for Clean Energy Manufacturing, the agreement provides \$10,000,000 for the development of advanced tooling for lightweight automotive components to lead the transition to electric vehicle and mobility solutions to meet the national urgency for market adoption. The Department is directed to further foster the partnership between the MDF, universities, and industry in the Great Lakes region for economic growth and technology innovation and manufacturing scale up related to mobility and advanced electric vehicles, thereby accelerating technology deployment and increasing the competitiveness of U.S. manufacturing industries.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$15,000,000 to provide ongoing support for the Combined Heat and Power (CHP) Technical Assistance Partnerships and related CHP activities. The Department is directed to collaborate with industry on the potential energy efficiency and energy security gains to be realized with district energy systems.

Within available funds for Clean Energy Manufacturing, the agreement provides \$5,000,000 for advanced manufacturing of large wind blades.

Within available funds for Clean Energy Manufacturing, the agreement provides \$3,000,000 for advanced manufacturing of large iron and steel castings and forgings for offshore wind turbines.

The agreement supports additive manufacturing technologies for wind energy applications.

The agreement notes the important role large-area additive manufacturing can play in helping to advance the deployment of building, transportation, and clean energy technologies. The Department is directed to further foster the partnership between the national laboratories, universities, and industry to use bio-based thermo-

plastics composites, such as micro- and nanocellulosic materials, and large-area 3-D printing to overcome challenges to the cost and deployment of building, transportation, and energy technologies.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$5,000,000 for university-led research and development of catalytic processes to transform low value feedstocks into carbon-neutral liquid fuels and chemical products.

Within available funds for Clean Energy Manufacturing, the agreement provides \$10,000,000 to support sustainable chemistry research and development. The fiscal year 2021 Act directed the Department to provide a report exploring how incorporating sustainable chemistry in consumer and commercial manufacturing processes fits within its research and development portfolio and can benefit these processes. The Department is directed to provide the report immediately.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$5,000,000 for university-led research in order to increase recycling rates for polyethylene plastics and develop conversion of waste polyethylene to more recyclable and biodegradable plastics.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$20,000,000 to continue development of additive manufacturing involving nanocellulose feedstock materials made from forest products. This work shall be conducted in partnership with the MDF to leverage expertise and capabilities for large scale additive manufacturing.

Within available funds for Clean Energy Manufacturing, the agreement provides \$2,000,000 to fund lithium-ion battery rejuvenation, recycling, and reuse programs that will focus on research, education, and workforce development to help the economy and national energy security. The agreement reiterates House direction on these efforts.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$12,000,000 for research in silicon carbide and gallium nitride power electronics.

Within available funds for Clean Energy Manufacturing, the agreement provides up to \$5,000,000 to continue development of low-cost polymer infiltration processes for the fabrication of ceramic matrix composites and other advanced material processes for high-temperature components, including silicon carbide components.

The Department is directed to support the expeditious development and production of lithium battery technology to scale up the domestic battery supply chain. Within available funds for Clean Energy Manufacturing, the agreement provides up to \$10,000,000 for solid state lithium metal battery storage demonstration projects that are U.S.-controlled, U.S.-made, and North American sourced and supplied. The Department is directed to prioritize battery technology that is compatible with existing and next generation cathodes, including nickel and cobalt free cathodes, will further enhance energy density, and is intrinsically nonflammable.

The agreement notes the Department's efforts to expand the capabilities of the United States in advanced battery manufacturing for long-duration grid-scale energy storage. As the Department continues its efforts to scale up a domestic advanced battery supply

chain, including battery manufacturing demonstration projects, the Department is encouraged to seek a broad spectrum of battery chemistries not wholly exclusive to lithium-ion based battery technology and encourages the Department to craft grant solicitations widely enough to include all compelling emerging technologies such as multi-day storage (MDS) chemistries such as iron-air batteries or other new configurations.

The agreement provides not less than \$80,000,000 for Material Supply Chains.

Within available funds for Material Supply Chains, the agreement provides up to \$5,000,000 to increase participation in databases used in generating environmental product declarations (EPDs), the disclosure tool measuring the embodied carbon of a product or service, in coordination with the Environmental Protection Agency.

Within available funds for Material Supply Chains, the agreement provides up to \$15,000,000 for a competitive grant program to improve the sustainability and competitiveness of U.S. mining operations, including the beneficial use of byproducts such as capturing excess nitrogen oxide and utilizing it to produce ammonium sulfate fertilizer suitable for agricultural use.

Within available funds for Material Supply Chains, the agreement provides not less than \$5,000,000 to apply the Office of Science's leadership computing facility expertise in machine learning to increase efficiencies in large-scale, high rate manufacturing processes for aerostructures and other large composite structures.

The agreement provides not less than \$45,000,000 for Technical Assistance and Workforce Development.

Within available funds for Technical Assistance and Workforce Development, the agreement provides \$5,000,000 to expand the technical assistance provided for water and wastewater treatment. Within available funds for Technical Assistance and Workforce Development, the agreement provides \$20,000,000 for research and development on technologies to achieve energy efficiency of water and wastewater treatment plants, including the deployment of advanced technology, as appropriate.

The Department is encouraged to support innovation in water technologies that will incentivize technology developments for the blue economy, including consideration of establishing a Center of Excellence, with a focus on the Great Lakes region.

Within available funds for Technical Assistance and Workforce Development, the agreement provides not less than \$10,000,000 for the Lab-Embedded Entrepreneurship Program (LEEP) and reiterates House direction on this topic.

*Building Technologies.*—Within available funds for Emerging Technologies, the Department is encouraged to make funding available for heating, ventilation, and air conditioning (HVAC) and refrigeration research, development and deployment, including heat pumps, heat pump water heaters and boilers. The Department shall focus its efforts to address whole building energy performance and cost issues to inform efforts to advance beneficial electrification and greenhouse gas mitigation without compromising building energy performance.

The agreement provides not less than \$70,000,000 for Commercial Building Integration for core research and development of more cost-effective integration techniques and technologies that could help the transition toward deep retrofits, not less than \$60,000,000 for Residential Buildings Integration, and not less than \$75,000,000 for Equipment and Building Standards.

The Department is directed to advance building upgrades and weatherization of homes, as well as to advance work in grid-integrated efficient buildings and inclusion of smart grid systems, demand flexibility and new initiatives in workforce training to ensure the technology and research findings reach practitioners. The Department is encouraged to concentrate funding on industry teams to facilitate research, demonstrate and test new systems, and facilitate widespread deployment and dissemination of information and best practices through direct engagement with builders, the construction trades, equipment manufacturers, smart grid technology and systems suppliers, integrators, and state and local governments and other market transformation activities.

The agreement provides up to \$30,000,000 for the Building Energy Codes Program to increase training, including certifications, and provide technical assistance to states, local governments, regional collaboratives, workforce development providers, home-builders, office builders, architects and engineers, and other organizations that develop, adopt, or assist with the adoption or compliance with model building energy codes and standards to improve energy efficiency and resilience.

The agreement provides not less than \$30,000,000 to continue to invest in transactive energy and control research and development efforts to support demonstrations in which renewable energy and energy efficiency elements connected to the electric grid, such as buildings; wind and solar; energy storage; including batteries; hydrogen technologies; and electric vehicle charging stations, work together seamlessly to enhance reliability, security, and efficiency of the nation's electric grid. The Department is directed to prioritize market-based transactive energy principles, from the individual energy generation/consumption nodes to the wholesale and energy distribution markets. The Department is directed to establish efforts in various parts of the country where prevailing weather and market constructions differ. The Department is further directed to prioritize projects that connect multiple physically separated sites with multiple topologies.

The Department is directed to carry out the Grid-interactive Efficient Buildings (GEB) program to ensure that a high level of energy efficiency is a core element of the program and a baseline characteristic for GEBs, which are also connected, smart, and flexible. EERE shall engage with the public and private sectors, including the building and manufacturing industries and state and local governments, to share information on GEB technologies, costs, and benefits, and to provide information to position American companies to lead in this area.

The agreement provides up to \$50,000,000 for solid-state lighting.

The agreement provides up to \$40,000,000 to facilitate deep whole-house energy efficiency retrofits, particularly those using in-

novations from the Advanced Building Construction Initiative, such as demonstrations, outreach, engagement, and training to private sector contractors, including continuing efforts to advance smart home technology.

The Department is directed to develop programs to support a skilled, robust, diverse, and nationally representative building energy efficiency and building energy retrofit workforce. The agreement provides up to \$40,000,000 for these activities.

The agreement provides up to \$30,000,000 for energy-related research and development in buildings.

The Department is encouraged to expand efforts within the Advanced Building Construction initiative to scale development and adoption of innovative technologies to produce affordable, energy efficient buildings and retrofits with low lifecycle carbon impacts. The Department is directed to support technical assistance to state, local, and tribal governments to reduce emissions from buildings through efficient electrification strategies.

The Department is encouraged to concentrate funding on industry teams to facilitate research, demonstrate and test new systems, and facilitate widespread deployment and dissemination of information and best practices through direct engagement with builders, the construction trades, equipment manufacturers, smart grid technology and systems suppliers, integrators, and state and local governments and other market transformation activities. Further, the Department is encouraged to support deep whole-house energy efficiency retrofits, particularly those using innovations from the Advanced Building Construction Initiative, such as demonstrations, outreach, engagement, and training to private sector contractors, including continuing efforts to advance smart home technology. The agreement notes support for continued efforts to address property rating and valuation in commercial and residential buildings as a way to improve transparency of energy utilization in buildings for persons and companies buying or leasing property.

The Department is encouraged to support university research, in partnership with national labs, for developing, building, and evaluating cross-laminated timber wall systems for embodied energy content, operating energy efficiency, wall moisture profiles, structural connector durability, and health monitoring sensors.

The agreement notes support for continued research to quantify the resilience impacts of energy codes for buildings, occupants, and communities. Recognizing that the pandemic has presented challenges to permit processing for building departments reliant on paper-based systems, the Department is encouraged to develop cloud-based software that can facilitate permit processing for projects that conserve energy or promote resilience as well as efforts to help departments modernize systems.

The Department is directed to prioritize energy efficiency measures that reduce energy consumption, especially among high energy-burden households within communities of color. The Department is directed further to focus on increasing availability of and access to publicly, individually, and community-owned heat pumps.

The Department is directed to support collaborative projects with the Department of Agriculture's Agricultural Research Service to

improve the energy efficiency in controlled environmental agriculture (CEA).

The Department is encouraged to work with two-year community and technical colleges, labor, and nongovernmental and industry consortia to advance job training programs and to collaborate with the Department of Education, the Department of Labor, and the residential and commercial efficiency building industry to ensure support is reaching small energy efficiency businesses that have had difficulty accessing federal workforce support.

The agreement provides up to \$5,000,000 for novel earlier-stage research, development, and demonstration of technologies to advance energy efficient, high-rise Cross-Laminated Timber (CLT) building systems.

#### STATE AND COMMUNITY ENERGY PROGRAMS

The Department is directed to coordinate and expand activities to convene municipal governments, provide robust and tailored technical assistance to municipal governments, and provide funding and support to municipal governments or national and local partner organizations to implement best practices to advance energy efficiency adoption, building and vehicle electrification, grid modernization, distributed electricity generation, and workforce development at the local level. The Department is directed to include work with organizations that convene and support municipal governments.

The Department is directed to obligate funds for State and Community Energy Programs expeditiously to grantees.

The Department is directed to achieve staffing levels that will allow it to provide robust training, technical assistance, and oversight for the Weatherization Assistance Program (WAP) and the State Energy Program (SEP).

*Weatherization.*—The Department is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing regarding ongoing efforts at the Department to collaborate with the Department of Health and Human Services' Low Income Home Energy Assistance Program (LIHEAP) program and the Department of Housing and Urban Development's HOME Investment Partnerships Program (HOME). The Department is encouraged to work collaboratively with other federal agencies and to outline ways the various weatherization and home assistance programs can better integrate assistance for structurally deficient but weatherable residences.

Within available funds, the agreement provides \$1,000,000 for WAP grant recipients that have previously worked with the Department via the Weatherization Innovation Pilot Program, for the purpose of developing and implementing state and regional programs to treat harmful substances, including vermiculite.

The agreement supports WAP's continued participation in the interagency working group on Healthy Homes and Energy with the Department of Housing and Urban Development. The Department is encouraged to further coordinate with the Office of Lead Hazard Control and Healthy Homes on energy-related housing projects occurrence of window replacements, which supports the reduction of lead-based paint hazards in homes.

The agreement notes that the Department is working to update the Weatherization Assistance Program and encourages the Department to update the calculation of the Savings-to-Investment Ratio (SIR) to reflect total whole home savings and to account for the total value measures that keep homes prepared for future climate conditions. The Department is encouraged to continue its work enabling states to create priority lists of measures to reduce energy audit time and increase the rate of production.

The Department is encouraged to work with all relevant stakeholders to identify efficiencies for delivering weatherization services and examine options to streamline policies and procedures when other funding sources are utilized in conjunction with funds from the Department. The Department is encouraged to prioritize initiatives that promote green, healthy, and climate resilient schools, libraries, and other public buildings.

*State Energy Program.*—The Department is directed to support technical assistance on energy and related air quality in schools.

The Department is encouraged to prioritize initiatives that promote green, healthy, and climate resilient schools, libraries, and other public buildings.

#### MANUFACTURING AND ENERGY SUPPLY CHAINS

The agreement provides up to \$15,000,000 to support the Industrial Assessment Center (IAC) program. The Department is directed to apply the additional funding to support regions that are currently designated as underserved through the IAC program.

#### FEDERAL ENERGY MANAGEMENT PROGRAM

The agreement provides up to \$2,000,000 for workforce development and the Performance Based Contract National Resource Initiative.

The Department is directed to continue the consideration of all AFFECT grant funding to be leveraged through private sector investment in federal infrastructure to ensure maximum overall investment in resiliency, efficiency, emissions reductions, and security. The Department is encouraged to prioritize funding to projects that attract at least ten dollars for each federal dollar invested and that utilize public-private partnerships like energy savings performance contracts (ESPCs) and utility energy service contracts (UESCs).

The agreement supports the Net-Zero Laboratory Initiative to achieve ambitious, real-world pathways to net-zero emissions with enhanced resilience. The Department is directed to continue this effort. The Department is encouraged to prioritize funding projects from the national laboratory pilot's established roadmaps to catalyze adoption not only for other national laboratories but also to the entire federal agencies' operational footprints.

#### CORPORATE SUPPORT

*Program Direction.*—The agreement provides not less than \$22,000,000 for the Office of State and Community Energy Programs, not less than \$1,000,000 for the Office of Manufacturing and Energy Supply Chains, not less than \$14,000,000 for the Fed-

eral Energy Management Program, and not less than \$180,000,000 for the Office of Energy Efficiency and Renewable Energy.

#### CYBERSECURITY, ENERGY SECURITY, AND EMERGENCY RESPONSE

The agreement provides \$200,000,000 for Cybersecurity, Energy Security, and Emergency Response (CESER).

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in the front matter of Department of Energy.

The Department is directed to include an itemization of funding levels below the control point in future budget submissions.

Given concerns about the longstanding lack of clarity on the Department's cyber research and development responsibilities, CESER is directed to coordinate with the Office of Electricity and relevant applied energy offices in clearly defining these program activities. The Department is directed to provide the Committees quarterly updates on these topics.

In light of documented cyber targeting of utilities, including by state actors, the agreement encourages the Department to incorporate pilot programs with private sector participants to demonstrate active defense cybersecurity protection.

The Department is encouraged to develop cybersecurity consortiums of public-private-partnerships between public universities, local and state government, and private industry to develop a community of relevance in cybersecurity workforce development for the energy sector.

The Department is encouraged to expand student research participant opportunities within its cyber workforce development programs and projects by expanding its utilization of the DOE Scholars Program.

*Risk Management Technology and Tools.*—The agreement provides \$20,000,000 for the Cyber Testing for Resilient Industrial Control System (CyTRICS) program.

The agreement provides \$5,000,000 for consequence-driven cyber-informed engineering, and \$5,000,000 to support efforts to enable security by design through execution of the national cyber-informed engineering strategy.

The agreement provides not less than \$6,800,000 to expedite development and testing of secure inputs, processing, and outputs of systems utilizing novel cybersecurity technology.

The agreement provides up to \$5,000,000 for university-based research and development of scalable cyber-physical platforms for resilient and secure electric power systems that are flexible, modular, self-healing, and autonomous. This activity should be conducted in coordination with the Office of Electricity.

The agreement provides not less than \$5,000,000 to conduct a demonstration program of innovative technologies, such as technologies for monitoring vegetation management, to improve grid resiliency from wildfires.

The Department is encouraged to establish partnerships among universities and national laboratories to advance research on cyber-immune critical infrastructure.

The agreement provides up to \$2,500,000 for regional-scale high-performance computer simulations of earthquake analysis of the energy system.

*Preparedness, Policy, and Risk Analysis.*—The Department is encouraged to continue trusted partnerships with information sharing platform providers which reduce security risks by not collecting and centralizing sensitive data such as IP addresses, logs, packet captures and file names and keep participants' data on premises. The recommendation provides up to \$10,000,000 to expand collective defense and community-wide visibility programs designed for operational technology and industrial control system networks.

The agreement supports Departmental initiatives focused on cybersecurity risk information-sharing and secure data anonymization and analysis for both operational and information technology components of equipment commonly utilized in both the bulk power system and distribution systems. The Department is encouraged to prioritize enrolling under-resourced electric utilities in such programs, particularly rural electric cooperatives and municipally-owned entities.

#### ELECTRICITY

The agreement provides \$350,000,000 for Electricity. Given concerns about the longstanding lack of clarity on the Department's cyber research and development responsibilities, the Office of Electricity (OE) is directed to coordinate with the Office of Cybersecurity, Energy Security, and Emergency Response (CESER) and other relevant offices in clearly defining these program activities. The Department is expected to integrate cybersecurity, where relevant, throughout all of OE's research, development, demonstration, and deployment activities. The Department is directed to provide the Committees quarterly updates on these topics.

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in the front matter of Department of Energy.

The Department is directed to include an itemization of funding levels below the control point in future budget submissions.

The agreement provides up to \$15,000,000 for energy storage technology and microgrid assistance to assist electric cooperatives and municipal power utilities in deploying energy storage and microgrid technologies.

The Department is directed to provide to the Committees not later than 180 days after enactment of this Act a report related to the ability of the electric system to meet the demand of new electric vehicle charging infrastructure. The report should anticipate the growth in the use of light duty, medium duty, and heavy duty electric vehicles and assess how much additional electric generation, transmission, and distribution capacity will need to be added to the electric system to meet demand. Further, the Department is encouraged to develop a plan on how the Department can assist the electric system in meeting the anticipated increase in demand, and then provide Congress with recommendations on how the study can be supported legislatively. The Department is directed to provide to the Committees not later than 90 days after submission of the report a plan, including recommendations, on how the Department

can assist the electric system in meeting the anticipated increase in demand. For the report and plan, OE is directed to coordinate with the Grid Deployment Office, the Vehicle Technologies Office, and the Joint Office of Energy and Transportation.

#### GRID CONTROLS AND COMMUNICATIONS

*Resilient Distribution Systems.*—The Department is directed to continue efforts to support the integration of sensors into the nation's electric distribution systems, fundamental research and field validation of microgrid controllers and systems, and transactive energy concepts, including studies and evaluations of energy usage behavior in response to price signals. The agreement places a high priority on addressing the challenges facing the electric power grid by advancing the deployment of innovative technologies, tools, and techniques to modernize and increase the resiliency of the distribution portion of the electricity delivery system. The Department is encouraged to work with national laboratories and industry to advance best practices to technology deployment and adoption across the country.

The Department is encouraged to pursue strategic investments to improve reliability, resilience, outage recovery, and operational efficiency, building upon previous and ongoing grid modernization efforts.

In addition to emerging fuel technologies for distributed grids, the Department is directed to evaluate currently available distributed fuels, such as propane-fueled microgrids and their ability to be paired with renewable technology.

The Department is directed to focus on identifying and addressing technical and regulatory barriers impeding grid integration of distributed energy systems to reduce energy costs and improve the resiliency and reliability of the electric grid and funds provided for the Advanced Grid Research and Development Division for these activities. The agreement supports advanced control concepts and open test beds for new distribution control tools for enhanced distribution system resilience.

The agreement provides up to \$5,000,000 to evaluate and identify a standard approach to modeling distributed energy resources.

OE is encouraged to focus on identifying and addressing technical and regulatory barriers impeding grid integration of distributed energy systems to reduce energy costs and improve the resiliency and reliability of the electric grid.

The Department is directed to support the COMMANDER (Coordinated Management of Microgrids and Networked Distributed Energy Resources) National Test Bed to establish a data link for a back-up operations center that can benefit utility companies across the country and support the North American Energy Resilience Model.

The agreement provides not less than \$15,000,000 for a demonstration project with the Department's Grid Sensors and Sensor Analytics program. The demonstration activities may focus on utilizing data from distribution utilities that have deployed advanced metering infrastructure.

The agreement provides \$10,000,000 for coordinated research, development, deployment, and training related to advanced

microgrid-enabling technologies, with a focus on underserved and Indigenous communities in remote and islanded areas. The Department is directed to partner with organizations with specialized experience addressing local energy challenges, including community-based organizations and institutions of higher education, with a priority for minority-serving institutions.

*Cyber Resilient and Secure Utility Communications Networks.*—The agreement provides \$10,000,000 for the DarkNet project to explore opportunities for getting the nation's critical infrastructure off the Internet and shielding the nation's electricity infrastructure from disruptive cyber penetration, including expansion of the communications network architecture and development of cutting-edge networking technologies.

OE is directed to coordinate with CESER on university-based research and development of scalable cyber-physical platforms for resilient and secure electric power systems that are flexible, modular, self-healing, and autonomous.

The agreement provides up to \$5,000,000 for OE to partner with utility-led facilities to evaluate and commission new distribution communications and control technologies for a secure smart grid.

#### GRID HARDWARE, COMPONENTS, AND SYSTEMS

*Energy Storage.*—The agreement provides not less than \$20,000,000 for a competitive pilot demonstration grant program, as authorized in section 3201 of the Energy Act of 2020, for energy storage projects that are U.S.-controlled, U.S.-made, and North American sourced and supplied. The Department is directed to include in this program large scale commercial development and deployment of long cycle life, lithium-grid scale batteries and their components.

*Transformer Resilience and Advanced Components.*—The agreement provides up to \$5,000,000 for the Grid Research Integration and Demonstration Center.

The Department is directed to develop a high voltage direct current (HVDC) moonshot initiative to support research and development to reduce the costs of HVDC technology and long-distance transmission, including for nascent superconducting technology.

The Department is encouraged to conduct research to reduce costs associated with high voltage direct current converter stations. The agreement recognizes the Department's role in the development of a standardized power electronic converter applied across a range of grid applications, coupled with the need to reduce transmission costs and improve reliability through advanced technological research. The agreement emphasizes the security and economic imperative of fostering and maintaining a robust domestic supply chain of transformers and components, including the largest capacity transformers.

The agreement reiterates concerns about the escalating cost of rebuilding utility infrastructure in regions subject to the effects of extreme weather and climate change and considers the most appropriate strategy to rebuild federally funded utility infrastructure only to specifications that can withstand foreseeable environmental outcomes.

The Department is directed to continue to support research and development for advanced components and grid materials for low-cost power flow control devices, including both solid-state and hybrid concepts that use power electronics to control electromagnetic devices and enable improved controllability, flexibility, and resiliency. Because there are limited viable alternatives to Sulfur Hexafluoride (SF6) in power generation and transmission equipment above 72kV, the Department is encouraged to support research and development to advance safe and effective capture and reuse technologies for the use of SF6 in components like circuit breakers. Below 72kV power generation and distribution equipment is fully capable of being designed and manufactured without SF6; therefore, the Department is directed to support research and development to advance safe and effective alternatives to SF6, including in circuit breakers, reclosers, sectionalizers, load break switches, switchgear and gas insulated lines.

#### GRID DEPLOYMENT

The Department is encouraged to provide public utility commissions and state energy offices with technical assistance for understanding distribution planning, interconnection, and modeling of distributed energy sources.

The Department is encouraged to deploy transmission facilities and related technologies by enhancing the reliability and resilience of the bulk power system, including HVDC transmission networks and interregional connections, and integrating power-generating resources into the electric grid. Further, the Department is encouraged to develop opportunities for connecting areas of high energy resources to areas of high energy demand, including offshore transmission, and for linking together transmission planning regions and other activities that would ensure deployment of bulk power across a national electric grid.

*Wholesale Electricity Market Technical Assistance and Grants.*—The Department is directed to provide technical and financial assistance to states and regions to develop market governance, planning and policy, and regulatory development assistance related to the formation, expansion, or improvement of grid regions to ensure a clean, reliable, resilient, and equitable grid.

#### NUCLEAR ENERGY

##### (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$1,473,000,000 for Nuclear Energy.

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in the front matter of Department of Energy.

The Department is reminded that it does not have authority to redirect any appropriations between control points. Transfer or reprogramming of funds requires congressional approval. The Department may not repurpose or re-scope projects identified in control points without prior congressional notification.

The Department has not provided the report directed by the fiscal year 2022 Act related to thorium molten-salt reactors. The De-

partment is directed to provide the report not later than 15 days after enactment of this Act.

The fiscal year 2020 Act required the Department to contract with the National Academy of Sciences on a report to study the non-proliferation and security risks and international safeguards challenges associated with advanced nuclear reactors and related fuel cycle technologies, including the fuel cycle for small modular reactors. The Department is directed to provide to the Committees not later than 90 days after enactment of this Act a report and briefing describing how it plans to implement recommendations from the report, including how it would propose to fund advanced reactors that produce lower waste yields, compared to traditional reactors.

*Nuclear Energy University Program (NEUP).*—The Department is directed to provide to the Committees prior to the obligation of these funds a detailed spending and execution plan for NEUP activities. The Department is directed to provide to the Committees not later than 90 days after enactment of this Act and quarterly thereafter briefings on the implementation of NEUP. Within available funds for NEUP, SBIR/STTR, and TCF, the agreement provides \$6,500,000 for the University Nuclear Leadership Program, previously funded as the Integrated University Program. The agreement supports the diversification of financial assistance it provides through the program to include supporting nontechnical nuclear research that serves to increase community participation and confidence in nuclear energy systems. Within available funds for NEUP, SBIR/STTR, and TCF, the agreement provides \$17,500,000 for University Fuel Services, previously funded as Research Reactor Infrastructure. The Department is directed to provide to the Committees not later than 180 days after enactment of this Act a report detailing the needs of university reactor refurbishments and the potential need to upgrade or build additional university reactors. The report shall include a detailed plan including total lifecycle costs and associated funding profiles for potential new university reactors. The agreement does not provide any funds for the planning and construction of new university nuclear reactors. Within available funds for NEUP, SBIR/STTR, and TCF, the agreement provides up to \$12,000,000 to revitalize existing university nuclear research infrastructure, especially in support of nuclear cyber-physical protection, new digital technologies in advanced nuclear reactors, and the development and safety assessments of small modular reactors.

*Advanced Reactor Licensing.*—The agreement provides up to \$5,000,000 for the Advanced Nuclear Licensing Energy Cost-Share Grant Program as authorized under 42 U.S.C. 16280.

The agreement recognizes the importance of creating a domestic graphite supply for the nuclear energy industry. The Department is encouraged to explore activities to secure a domestic supply of nuclear grade graphite at synthetic graphite facilities that are U.S.-based and U.S.-owned.

#### NUCLEAR ENERGY ENABLING TECHNOLOGIES

The agreement provides \$12,000,000 for integrated energy systems.

*Nuclear Science User Facilities.*—The agreement provides not less than \$12,000,000 for computational support.

*Joint Modeling and Simulation Program.*—The agreement continues the requirement that use and application of the codes and tools shall be funded by the end user, not the Joint Modeling and Simulation Program.

#### FUEL CYCLE RESEARCH, DEVELOPMENT, AND DEMONSTRATION

The agreement supports availability of high-assay low-enriched uranium (HALEU) and other advanced nuclear fuels, consistent with section 2001 of the Energy Act of 2020.

*Advanced Nuclear Fuel Availability.*—The Department is directed to conduct these activities in a manner that will encourage, rather than discourage, the private sector commercialization of HALEU production. The Department is directed to disburse these funds on a competitive basis.

The Department is encouraged to utilize a competitive solicitation process to send a signal to potential domestic and international customers that the United States strongly supports the deployment of advanced reactors on the earliest possible schedule. Upon approval from the Committee, the Department may proceed with issuing a solicitation, awarding selections, and expeditiously executing the contracts without any further delays.

The Department is directed to provide to the Committees not later than 30 days after enactment of this Act and not less than 60 days prior to the obligation of Advanced Nuclear Fuel Availability funds the report required by section 2001(b)(2) of the Energy Act of 2020. This report shall include, at a minimum, a plan for the program that includes specific milestones and timelines for completion of the program, as well as expected out-year costs.

The Department is directed to provide to the Committees not later than 30 days after enactment of this Act a report explaining how the Department plans to support the first core loads needed by the Advanced Reactor Demonstration Program (ARDP) award-ees to maintain and not delay the scheduled timelines of the demonstration projects.

The Department is encouraged to ensure that all federally-funded transfers and shipments of uranium hexafluoride and depleted uranium hexafluoride shall, to the extent practicable, use American manufactured shipping cylinders and transportation casks.

*Material Recovery and Waste Form Development.*—The agreement provides not less than \$27,000,000 for EBR-II Processing for HALEU. The Department is encouraged to continue activities related to the ZIRCEX process.

*Accident Tolerant Fuels.*—The agreement provides \$114,000,000 for development of nuclear fuels with enhanced accident-tolerant characteristics to significantly mitigate the potential consequences of a nuclear accident. The agreement provides not less than \$15,000,000 for further development of silicon carbide ceramic matrix composite fuel cladding for light water reactors. The agreement notes a concern that funding for the industry-led portions of the Accident Tolerant Fuels program is not being obligated by the Department in a timely manner. The Department is reminded re-allocation or reprogramming of funds require the Committees' ap-

proval. The Department is directed to align its contracts with the three industry-lead teams with the provided funding. The Department is directed to provide to the Committees not later than 15 days after enactment of this Act a table summarizing the allocation of fiscal year 2023 funds.

*TRISO Fuel and Graphite Qualification.*—The agreement provides \$10,000,000 to continue the transition of TRISO fuel to a multiple-producer market, ensuring that more than one industry source would be available to the commercial and government markets.

*Fuel Cycle Laboratory R&D.*—The agreement provides not less than \$10,000,000 for an advanced metallic fuels program.

*Used Nuclear Fuel Disposition R&D.*—The agreement provides \$5,000,000 for advanced reactor used fuel disposition.

The Department is directed to develop an integrated strategy between the Office of Nuclear Energy and the Office of Environmental Management to establish a road-ready, dry storage packaging configuration capability for Department-owned spent fuel. The Department is directed to provide to the Committees not later than 180 days after enactment of this Act a briefing, including participation from the Office of Nuclear Energy and the Office of Environmental Management, on an implementation strategy for these activities.

*Integrated Waste Management System.*—The Department is directed to move forward under existing authority to identify a site for a federal interim storage facility. The Department is further directed to use a consent-based approach when undertaking these activities.

The Department is directed to continue site preparation activities at stranded sites, to evaluate the re-initiation of regional transport, and to undertake transportation coordination efforts.

#### REACTOR CONCEPTS RESEARCH, DEVELOPMENT, AND DEMONSTRATION

*Advanced Small Modular Reactor RD&D.*—The agreement provides \$165,000,000 for ongoing demonstration activities. Within these funds, consistent with the budget request not more than \$30,000,000 is provided consistent with the existing cooperative agreement DENE0008928. Prior to the obligation of more than 95 percent of fiscal year 2023 funding, the Department is directed to conduct independent cost and project management analyses of ongoing demonstration activities through the Office of Clean Energy Demonstrations, similar to the demonstrations of the Advanced Reactor Demonstration Program.

*Advanced Reactor Technologies.*—The agreement provides not less than \$8,500,000 for Advanced Reactor Concepts and up to \$20,000,000 for MARVEL. The agreement provides not less than \$5,000,000 for continued work on the Supercritical Transformational Electric Power Research and Development. The agreement supports the collaboration between the national laboratories and industry partners to develop and validate sCO<sub>2</sub> power conversion specifically for modular micronuclear reactors by spring of 2023. This work should continue to be coordinated with the Office of Fossil Energy and Carbon Management.

## ADVANCED REACTOR DEMONSTRATION PROGRAM

The Department is directed to continue to ensure the ARDP moves forward expeditiously and to clearly articulate future funding needs for the programs within the ARDP in future budget requests. The Department is directed to continue to focus resources on partners capable of project delivery in the next four to six years.

*National Reactor Innovation Center.*—The agreement supports capital design and construction activities for demonstration reactor test bed preparation at Idaho National Laboratory supporting advanced reactor demonstration activities.

*Construction.*—Funds above the request are provided to complete preliminary design and initiate construction for the Safeguards Category 1 advanced reactor testbed at the Idaho National Laboratory.

## INFRASTRUCTURE

*ORNL Nuclear Facilities Operations and Maintenance.*—The agreement provides \$20,000,000 to be transferred to the Office of Science for the continued safe operations and maintenance of the Oak Ridge National Laboratory hot cells.

*INL Facilities Operations and Maintenance.*—The agreement provides \$318,924,000 for INL Facilities Operations and Maintenance.

## FOSSIL ENERGY AND CARBON MANAGEMENT

The agreement provides \$890,000,000 for Fossil Energy and Carbon Management.

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in the front matter of Department of Energy.

The agreement does not support the closure of any National Energy Technology Laboratory (NETL) site and provides no funds to plan, develop, implement, or pursue the consolidation or closure of any of the NETL sites.

The agreement includes not less than \$5,000,000 for integrated energy systems.

The Department is directed to continue efforts to support natural gas demand response pilot programs.

The Department is directed to support research, development, and demonstration activities to show the increased viability of renewable LPG and to pursue new production pathways from sustainable aviation fuel production, landfill waste, and animal waste.

The Department is directed to support pilot and demonstration activities for chemical looping hydrogen production and carbon capture. The Department is encouraged to support a chemical looping hydrogen production and carbon capture commercial demonstration project using natural gas, biomass, or coal to demonstrate the technical, operational, and economic advantages of chemical looping for clean hydrogen production and carbon capture.

The agreement supports the Department's efforts to offer undergraduate, graduate, and post-graduate students majoring in scientific, technology, engineering, and mathematics (STEM) disciplines the opportunity to learn about programs, policies, and re-

search, development, demonstration, and deployment initiatives within the Office of Fossil Energy and Carbon Management.

The Department is encouraged to prioritize Carbon Capture Utilization and Storage (CCUS) funding on projects and research that look to reduce the cost of these technologies for commercial deployment.

*Solid Oxide Fuel Cell Systems & Hydrogen.*—The agreement provides not less than \$121,000,000 for the research, development, and demonstration of solid oxide fuel cell systems and hydrogen production, transport, storage, and use systems.

The agreement provides up to \$50,000,000 to assess solutions to decrease potential emissions of nitrogen oxides from the direct combustion of hydrogen in natural gas fired power plants.

The agreement supports the continuation of the Energy Department's Cooperative Agreements to develop cost sharing partnerships to conduct basic, fundamental, and applied research that assist industry in developing, deploying, and commercializing efficient, low-carbon, nonpolluting energy technologies that could compete effectively in meeting requirements for clean fuels, chemical feedstocks, electricity, and water resources.

*National Carbon Capture Center.*—The agreement provides funding for the Department's National Carbon Capture Center consistent with the cooperative agreement. The Department is directed to use funds within CCUS and Power Systems for research and development across a broad range of technology and fuel applications as it determines to be merited.

The agreement provides \$10,000,000 for a laboratory demonstration project for carbon-neutral methanol synthesis from direct air capture and carbon-free hydrogen production.

*Interagency Working Group on Coal and Power Plant Communities.*—The agreement supports the Administration's efforts to assist coal communities through their Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization which is led by the Department. The agreement provides \$3,000,000 for these efforts.

#### CARBON MANAGEMENT TECHNOLOGIES

The Department is directed to conduct CCUS activities, including front-end engineering and design studies, large pilot projects, and demonstration projects that capture and securely store volumes of carbon dioxide from fossil energy power plants, industrial facilities, or directly from the air consistent with the objectives of title IV of the Energy Act of 2020.

The Department is encouraged to assess environmental issues that are common to carbon management infrastructure projects and, where appropriate, consider proposing criteria for required environmental reviews, in consultation with the Council on Environmental Quality, as they relate to carbon management technologies.

The Department is directed to conduct research, development, and demonstration activities, including studies and pilots, to identify categories of possible mineral and waste feedstocks across the United States suitable for use in CCUS technologies; assess the feasibility for technology deployment using such feedstocks to enable the production of low carbon cement/concretes, building mate-

rials, consumer items and other manufactured products; and identify applications and validate and quantify the low carbon attributes of these products. The Department is encouraged to carry out these activities in consultation with leading industry specialists and in collaboration with national laboratories. The Department is encouraged to continue supporting activities to assist communities in the design and construction of pilot-scale equipment and systems necessary to demonstrate CCUS at waste to energy plants.

The Department is directed to establish a program to support research and development of novel, proof-of-principle carbon containment projects with the goal of finding and de-risking methods and locations to remove atmospheric carbon dioxide that are effective, safe, low cost, and scalable. The agreement provides up to \$50,000,000 to support work at multiple sites to pursue research, development, and deployment of carbon containment technologies and proximate carbon dioxide capturing systems that also meet regional economic and ecological restoration policy goals such as catastrophic wildfire mitigation and job creation.

*Carbon Capture.*—The agreement provides not less than \$15,000,000 for research and optimization of carbon capture technologies at industrial facilities and not less than \$20,000,000 for research and optimization of carbon capture technologies for natural gas power systems.

The agreement provides up to \$75,000,000 to support front-end engineering and design studies, including for the development of a first-of-its-kind carbon capture project at an existing natural gas combined cycle plant, large pilot projects, and demonstration projects. The Department is encouraged to prioritize entities that are primarily engaged in the generation of electricity from natural gas in competitive power markets.

*Carbon Dioxide Removal.*—The agreement provides up to \$15,000,000 for research, development and demonstration activities related to the indirect sequestration of carbon dioxide in ocean waters.

*Carbon Utilization.*—The agreement supports carbon utilization research, development, and demonstration activities to advance valuable and innovative uses of captured carbon, including conversion to products such as chemicals, plastics, building materials, and fuels. The Department is directed to support the evaluation of carbon utilization pathways for consideration under section 45Q of Title 26 CFR.

The Department is encouraged to support technologies that significantly improve the efficiency, effectiveness, costs, emissions reductions, and environmental performance of carbon dioxide captured from coal, natural gas, industrial facilities, and other sources to produce fuels and other valuable products.

The agreement provides not less than \$10,000,000 for research and development of carbon utilization using algal systems.

The Department is encouraged to support research and development activities in the Carbon Utilization Program to support valuable and innovative uses of captured carbon, including biological utilization by the conversion of carbon dioxide to high value products such as chemicals, plastics, building materials, curing for ce-

ment, and the integration of carbon utilization technologies with fossil fuel power plants, such as biological conversion systems.

*Carbon Transport and Storage.*—The agreement provides not less than \$40,000,000 for CarbonSAFE and not less than \$20,000,000 for the Regional Carbon Sequestration Partnerships (the Regional Initiatives). The Department is directed to expeditiously award the fiscal year 2022 funds and to provide the Committees regular updates on these activities.

The agreement supports the Department's efforts to support front-end engineering and design for carbon dioxide transport infrastructure necessary to deploy CCUS technologies.

Within the amounts provided for Carbon Storage, the Department is encouraged to support surveys and site characterization of promising ocean-based geologic formations, and to partner with non-federal entities with the technological capabilities to accelerate and improve this process.

*Hydrogen with Carbon Management.*—The Department is encouraged to support hydrogen research, development, and demonstration activities that support fossil fuel-derived hydrogen production equipped with CCUS technologies that results in significantly reduced carbon dioxide intensity. The agreement supports continued collaboration with the Office of Energy Efficiency and Renewable Energy, the Office of Electricity, and the Office of Nuclear Energy.

The agreement provides not less than \$30,000,000 for Advanced Turbines to carry out research, development, and demonstration to develop near-zero-emission advanced turbine technologies.

The agreement provides up to \$50,000,000 for materials research and development. The Department is directed to support the development of ceramic matrix composite (CMC) materials in accordance with the CMC Manufacturing Roadmap and section 4005 of the Energy Act of 2020.

The Department is encouraged to continue work on coal and coal biomass to both liquids and solids activities and encourages the Department to focus on research and development to improve cost and efficiency of coal-to-fuels technology implementation and polygeneration.

The agreement provides \$1,500,000 to accelerate development and deployment of wireless sensor systems for coal-fired power generation in order to improve generative efficiency, reduce emissions, and lower maintenance costs.

The agreement supports competitively awarded research and development activities, coordinated with the Offices of Nuclear Energy and Energy Efficiency and Renewable Energy, to advance the use of supercritical power cycles.

#### RESOURCE TECHNOLOGIES AND SUSTAINABILITY

The agreement provides up to \$30,000,000 for the Department to assist in the discovery, identification, and characterization of undocumented orphan oil and gas wells.

*Advanced Remediation Technologies.*—The agreement provides up to \$20,000,000 for university research and field investigations in the Gulf of Mexico to confirm the nature, regional context, and hydrocarbon system behavior of gas hydrate deposits. The agree-

ment provides not less than \$19,000,000 for Unconventional Field Test Sites. The Department is directed to maintain robust efforts in enhanced recovery technologies.

The agreement provides \$10,000,000 for further research on multipronged approaches for characterizing the constituents of and managing the cleaning of water produced during the extraction of oil and natural gas, of which \$8,000,000 is available to partner with research universities engaged in the study of characterizing, cleaning, treating, and managing produced water and who are willing to engage through public private partnerships with the energy industry to develop and assess commercially viable technology to achieve the same.

The agreement provides up to \$7,000,000 for the Risk Based Data Management System. The agreement supports the continued funding of the Risk Based Data Management System, and in particular, its functions under FracFocus. FracFocus should maintain its autonomy and not be incorporated into any federal agency.

*Methane Mitigation Technologies.*—The agreement provides \$60,000,000 for Methane Mitigation Technologies, which includes activities previously funded through Emissions Mitigation from Midstream Infrastructure and Emissions Quantification from Natural Gas Infrastructure.

The Department is encouraged to support activities to develop and demonstrate an easily implementable, maintainable, and low-cost integrated methane monitoring platform. The Department is encouraged to accelerate development and deployment of high-temperature harsh-environment sensors, sensor packaging, and wireless sensor hardware for power generation.

The Department is encouraged to collaborate with external stakeholders in making use of commercial assets to monitor methane emissions from satellites and other methane emissions detection technologies to isolate the source of emissions at the individual facility level and to explore technologies, including in coordination with public-private partnerships, that promote innovative approaches, such as detection technologies in support of reducing methane gas emissions. The agreement provides up to \$5,000,000 for advanced observational technologies, as validated in peer-reviewed publications, to globally identify and mitigate methane and volatile organic compound emissions from existing operations assisting worldwide partners and governments deploy targeted reduction measures.

*Natural Gas Decarbonization and Hydrogen Technologies.*—The agreement provides up to \$10,000,000 for a demonstration project focused on producing hydrogen from the processing of produced water and mineral substances and transporting hydrogen using existing energy infrastructure.

The agreement provides up to \$10,000,000 for research to develop hydrogen transportation and storage infrastructure, including the safety, mechanical integrity and regulatory impacts of blending hydrogen into existing natural gas pipelines. Comprehensive planning approaches for transitioning segments of natural gas users to increased hydrogen use should be part of the program, including analysis of the infrastructure required to transport hydrogen.

The agreement supports the Department's efforts to utilize natural gas and related infrastructure more effectively for decarbonization solutions, including research to convert natural gas, natural gas liquids and other gas streams to low-carbon, sustainable products, including chemicals and fuels, such as ammonia and hydrogen. Further, the agreement supports comprehensive planning approaches for transitioning segments of the economy using hydrogen and other low-carbon fuels. This planning should include both production, storage, and transportation of these fuels. The Department is encouraged to establish the Center for Sustainable Fuels and Chemicals at the National Energy Technology Lab.

*Mineral Sustainability.*—The Department is directed to submit to the Committees not later than 180 days after enactment of this Act an assessment of the vulnerabilities to the U.S. energy system from foreign reliance for critical and strategic minerals and the actions the Department is taking to bolster domestic mineral production.

The Department is directed to conduct research and development to develop and assess advanced separation technologies for the extraction and recovery of rare earth elements and other critical materials from coal and coal byproducts. Further, the Department is directed to determine and mitigate any potential environmental or public health impacts that could arise from the recovery of rare earth elements from coal-based resources. The agreement provides up to \$6,000,000 for the Department, in collaboration with the Department of Commerce and U.S. Geological Survey, to pilot a research and development project to enhance the security and stability of the rare earth element supply chain. Research should include approaches to mining of domestic rare earth elements that are critical to U.S. technology development and manufacturing, as well as emphasize environmentally responsible mining practices. The Department is encouraged to partner with universities in these efforts.

The agreement provides up to \$5,000,000 for university-led consortium for research and development of biofilm-based barrier technologies to reduce methane emissions from orphan wells.

The Department is directed to continue its external agency activities to develop and test advanced separation technologies and accelerate the advancement of commercially viable technologies for the recovery of rare earth elements and minerals from byproduct sources. Research should support pilot-scale and experimental activities for near-term applications, which encompass the extraction and recovery of rare earth elements and minerals.

The Department is directed to continue the Carbon Ore, Rare Earths, and Critical Minerals (CORE-CM) Program.

The agreement provides up to \$10,000,000 for utilizing coal as a precursor for high-value added products at the Carbon Fiber Technology Facility.

#### NETL INFRASTRUCTURE

Within available funds for NETL Infrastructure, the Department is directed to prioritize funds for Joule, site-wide upgrades for safety, and addressing and avoiding deferred maintenance.

The agreement supports the Human Resources Shared Service Center.

## ENERGY PROJECTS

The agreement provides \$221,968,652 for the Energy Projects account for Community Project Funding and Congressionally Directed Spending at the Department for the following list of projects.

The Committees remind recipients that statutory cost sharing requirements may apply to these projects.

The Department may use program direction funds from the appropriate program offices to implement these projects.

Community Project Funding and Congressionally Directed Spending of Energy Projects		
Project Name	Recipient	Amount
1.2 MW Floating Solar at the Southern Regional Water Supply Facility	Orange County, FL	\$500,000
115 kW Floating Solar Project at Utilities and Customer Administration Building	Orange County, FL	\$400,000
Accelerating Hydrogen Research in NY to Support Deployment of Clean Energy and Clean Industry	University at Buffalo	\$250,000
Acidic Water Pollution Cleanup and Community Economic Development through Domestic Production of Critical Minerals for National Security	The Pennsylvania State University	\$2,100,000
Advanced Energy Research Equipment	Emery County, UT, San Rafael Energy Research Center	\$1,492,000
Advanced Separation Technologies Research	Virginia Polytechnic Institute and State University	\$1,000,000

## NAVAL PETROLEUM AND OIL SHALE RESERVES

The agreement provides \$13,004,000 for the operation of the Naval Petroleum and Oil Shale Reserves.

## STRATEGIC PETROLEUM RESERVE

The agreement includes \$207,175,000 for the Strategic Petroleum Reserve.

No funding is requested for the establishment of a new regional petroleum product reserve, and no funding is provided for this purpose. Further, the Department may not establish any new regional petroleum product reserves unless funding for such a proposed regional petroleum product reserve is explicitly requested in advance in an annual budget request and approved by Congress in an appropriations Act.

## SPR PETROLEUM ACCOUNT

The agreement provides \$100,000 for the SPR Petroleum Account.

## NORTHEAST HOME HEATING OIL RESERVE

The agreement provides \$7,000,000 for the Northeast Home Heating Oil Reserve.

## ENERGY INFORMATION ADMINISTRATION

The agreement provides \$135,000,000 for the Energy Information Administration.

The agreement provides up to \$3,000,000 to conduct a monthly survey of electric and heating service providers of final termination notices sent due to bill non-payment, service disconnections due to bill non-payment, and Service reconnections of customers disconnected for bill non-payment, in a form and manner determined by the agency.

## NON-DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$358,583,000 for Non-Defense Environmental Cleanup.

*Gaseous Diffusion Plants.*—The agreement provides \$130,938,000 for cleanup activities at the Gaseous Diffusion Plants, including an additional \$7,500,000 above the budget request for infrastructure improvements required for the shipping and disposal of oxide cylinders, as well as to advance the near-term shipment of cylinders and may be used to demonstrate multicar oxide rail shipment at Paducah.

*Small Sites.*—The agreement provides \$132,463,000 for Small Sites cleanup. Within this amount, \$26,409,000 is for the Energy Technology Engineering Center, \$13,500,000 is for Idaho National Laboratory, \$15,000,000 is for work on the B71 complex at Lawrence Berkeley National Laboratory, \$67,000,000 is for Moab, and \$10,554,000 is for excess Office of Science facilities.

The agreement reiterates House direction regarding a briefing on historic preservation efforts associated with the deactivation and decommissioning of the S1W prototype reactor.

#### URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

The agreement provides \$879,052,000 for activities funded from the Uranium Enrichment Decontamination and Decommissioning Fund.

*Portsmouth Site.*—Within funds available for Pensions and Community and Regulatory Support, the agreement includes \$500,000 above the budget request to maintain community liaison activities and to provide technical and regulatory assistance to the local community and surrounding counties. Further, the agreement includes \$20,000,000 above the budget request to provide support for community-focused education and training opportunities and economic development initiatives in the local community and surrounding counties. The agreement reiterates House direction on air and ground water monitoring and reporting and land use planning.

*Paducah Site.*—Within available funding, \$2,000,000 is directed for a reindustrialization study to assess how the Department's efforts complement the community's long-term plans for reindustrialization and workforce development. The Department is encouraged to utilize the additional funds to advance deactivation work on the C-333 Process Building, one of the four large process buildings at the site. The agreement notes the progress of the workforce development partnership with labor unions to train workers in the fields of radiation protection and the Resource Conservation and Recovery Act to build up the next generation of field workers. The Department is encouraged to continue prioritizing partnerships by utilizing local community colleges and universities to train local citizens to advance the deactivation of C-333.

#### SCIENCE

The agreement provides \$8,100,000,000 for Science.

Additional direction related to Department-wide crosscutting initiatives is provided under the heading Crosscutting Initiatives in front matter for the Department of Energy.

*Artificial Intelligence and Machine Learning.*—The agreement includes not less than \$135,000,000 for Artificial Intelligence and Machine Learning across the Office of Science Programs.

*Biomedical Sciences.*—The Department is encouraged to expand its relationships with NIH, including NIMH, to work together more strategically to leverage the Department's research capabilities, including instrumentation, materials, modeling and simulation, and data science. The facilities and equipment funded in this Act support applications in many areas of biomedical research. Better coordination between the Department and NIH could be instrumental in assisting to develop the nation's health, security, and technologies with novel biomedical application. The agreement includes not less than \$2,000,000 for collaboration with NIH within the Department's data and computational mission space.

*Established Program to Stimulate Competitive Research.*—The agreement provides not less than \$35,000,000 for EPSCoR. The Department is directed to continue annual or at minimum, biennial implementation grant solicitations. Further, EPSCoR shall be implemented and funded across all the Department of Science Programs.

*Facility Operations.*—The agreement notes disappointment with the Department's lack of support for robust user facility operations in the budget request. Supporting these vital user facilities should be a top priority for the Department to advance scientific discovery. The Department is directed to prioritize the stewardship of the user facilities in fiscal year 2023 and in future budget requests.

*HBCU/MSI Engagement.*—The agreement provides not less than \$60,000,000, including through the Reaching a New Energy Sciences Workforce (RENEW) and Funding for Accelerated, Inclusive Research (FAIR) programs, in support of the Office of Science's engagement with Historically Black Colleges and Universities (HBCUs) and other Minority Serving Institutions (MSIs) to build research capacity and workforce development.

*Quantum Information Sciences.*—The agreement provides not less than \$245,000,000 for quantum information science, including not less than \$120,000,000 for research and \$125,000,000 for the five National Quantum Information Science Research Centers. The Department shall continue its coordination efforts with the National Science Foundation, other federal agencies, private sector stakeholders, and the user community to promote researcher access to quantum systems, enhance the U.S. quantum research enterprise, develop the U.S. quantum computing industry, and educate the future quantum computing workforce. Further, the Department is directed to provide to the Committees not later than 90 days after enactment of this Act a report of near-term application developments and of the research funding breakdown across the five National Quantum Information Science Research Centers.

#### ADVANCED SCIENTIFIC COMPUTING RESEARCH

*High Performance Computing and Network Facilities.*—The agreement provides not less than \$175,000,000 for the Argonne Leadership Computing Facility, not less than \$255,000,000 for the Oak Ridge Leadership Computing Facility, and not less than \$130,000,000 for the National Energy Research Scientific Computing Center at Lawrence Berkeley National Laboratory. The agreement includes not less than \$90,000,000 to support necessary infrastructure upgrades and operations for ESnet.

The Department is directed to support continued planning and design for the High Performance Data Facility.

*Mathematical, Computational, and Computer Sciences Research.*—The agreement provides not less than \$300,000,000 for Mathematical, Computational, and Computer Sciences Research.

The agreement includes not less than \$15,000,000 and up to \$45,000,000 for the development of advanced memory technologies to advance artificial intelligence and analytics for science applications by a U.S.-based manufacturer of memory systems and memory semantic storage.

The agreement supports the Center for Advanced Mathematics for Energy Research Applications (CAMERA) and encourages the Department to support the creation of a crosscutting research program that leverages applied math, computer science and computational science to deliver artificial intelligence research, development, and deployment to increase the scientific productivity of the user facilities.

The agreement provides not less than \$20,000,000 for computational sciences workforce programs.

#### BASIC ENERGY SCIENCES

The agreement provides not less than \$130,000,000 for Energy Frontier Research Centers, \$25,000,000 for the Batteries and Energy Storage Hub, and not less than \$20,000,000 for the Fuels from Sunlight Hub.

The agreement provides \$1,000,000 to establish a center, with coordination between the national laboratories and universities, focused on computational research for precision design of materials. This research should be focused on developing computational research relevant to the Materials Genome Initiative, the National Quantum Initiative and Computational Materials Science in order to discover and understand advanced materials with unique properties that are able to develop new quantum device capabilities, such as enhanced resolution in imaging, sensors, and detectors, as well as significantly larger computational capabilities.

The agreement provides not less than \$566,000,000 for facilities operations of the nation's light sources, not less than \$311,000,000 for facilities operations of the high-flux neutron sources, and not less than \$149,000,000 for facilities operations of the Nanoscale Science Research Centers (NSRC).

The agreement provides not less than \$17,500,000 for other project costs, including \$5,000,000 for Advanced Photon Source Upgrade, \$4,000,000 for Linac Coherent Light Source-II-HE, \$5,000,000 for the Second Target Station, not less than \$2,000,000 for HFIR Pressure Vessel Replacement, and \$1,500,000 NSLS-II Experimental Tools III.

The agreement includes \$25,000,000 for NSRC Recapitalization and not less than \$25,000,000 for NSLS-II Experimental Tools-II.

#### BIOLOGICAL AND ENVIRONMENTAL RESEARCH

The agreement includes not less than \$405,000,000 for Biological Systems Science and not less than \$425,000,000 for Earth and Environmental Systems Sciences.

The agreement provides up to \$20,000,000 to support low-dose radiation research. The Department is directed to coordinate this work with the Office of Environment, Health, Safety, and Security.

The agreement provides not less than \$110,000,000 for the Bioenergy Research Centers to accelerate research and development needed for advanced fuels and products.

The Department is directed to maintain Genomic Science as a top priority, and the agreement provides not less than \$109,000,000 for Foundational Genomics Research. Further, the agreement includes not less than \$45,000,000 for Biomolecular

Characterization and Imaging Science. The agreement provides not less than \$90,000,000 for the Joint Genome Institute.

The Department is directed to support activities to advance Artificial Intelligence for Earth System Processes (AI4ESP) for integrating diverse observations and models, with a focus on water cycles, extreme hydrology in vulnerable watersheds critical for U.S. water resilience in a changing climate, and atmospheric cloud aerosols.

The Department is directed to support activities to develop integrated mountainous hydroclimate modeling and observational capabilities. The Department is directed to leverage activities supported by other federal agencies who are also active in investigating how the snow dominated Upper Colorado mountainous systems are responding to extreme events and gradual warming and the implications for water resilience in the western United States.

The Department is encouraged to support activities for academia to perform independent evaluations of climate models using existing data sets and peer-reviewed publications of climate-scale processes in order to determine various models' ability to reproduce the actual climate.

The agreement provides \$30,000,000 to continue the development of observational assets and support associated research on the nation's major land-water interfaces, including the Great Lakes and the Puget Sound, by leveraging national laboratories' assets as well as local infrastructure and expertise at universities and other research institutions. The Department is directed to provide the ten-year research plan to the Committees not later than 30 days after enactment of this Act.

The agreement provides not less than \$36,000,000 to improve the understanding of key cloud, aerosol, precipitation, and radiation processes. The Department is encouraged to coordinate with the Department of Homeland Security to improve modernization and adaptation of capabilities from the National Infrastructure Simulation and Analysis Center to support climate impacts on infrastructure and communities. The Department is encouraged, in cooperation with other agencies as relevant, to implement a pilot program providing instrumentation for observing marine aerosols, greenhouse gases, and other environmental factors as relevant, deployed on commercial or other non-dedicated ocean vessels, and to evaluate a sustained observing network using such platforms. The agreement notes support for the Department's activities to support the previously-directed five-year plan and accompanying scientific assessment led by the Office of Science and Technology Policy on solar and other climate interventions.

The agreement supports the development and prototyping of fabricated ecosystem testbeds, sensing systems and data capabilities to enable interrogation of biological-environmental interactions across molecular to ecosystem-relevant scales-under controlled laboratory conditions and through remote connections to field observatories.

The agreement provides \$2,000,000 for academia to perform independent evaluations of climate models using existing data sets and peer-reviewed publications of climate-scale processes to determine various models' ability to reproduce the actual climate.

The agreement provides not less than \$120,000,000 for Environmental System Science.

The Department is directed to continue to support the Environmental System Science Focus Areas and enabling infrastructure, such as the SPRUCE manipulation site and management of the AmeriFLUX project.

The Department is directed to give priority to optimizing the operation of Biological and Environmental Research User Facilities. The agreement provides not less than \$65,000,000 for operation of the Environmental and Molecular Sciences Laboratory and supports investment in the microbial molecular phenotyping capability project. The agreement supports activities for the Atmospheric Radiation Measurement (ARM) User Facility.

#### FUSION ENERGY SCIENCES

The Department is directed to follow and embrace the recommendations of the Fusion Energy Sciences Advisory Committee's "Powering the Future: Fusion and Plasmas" report, and the Committees' endeavor to provide funding that reflects the prioritization developed through the community's consensus process. The Department is directed to include an explanation in future budget requests how the Department is aligning its Fusion Energy Sciences program with the recommendations of the "Powering the Future: Fusion and Plasmas" report.

The agreement provides not less than \$45,000,000 for Theory & Simulation and not less than \$81,000,000 for Burning Plasma Science Long Pulse.

The agreement provides not less than \$104,000,000 for NSTX-U, including NSTX-U Operations and NSTX-U Research.

The agreement provides not less than \$130,000,000 for DIII-D, including DIII-D Operations and DIII-D Research. The Department is encouraged to support activities to enable completion of planned facility enhancements, revitalization of critical equipment, and critical new tools to address critical research needs and secure U.S. leadership in support of ITER and a potential future fusion pilot plant. The Department is encouraged to provide increased research operations and enable broader participation in the DIII-D program by university researchers and graduate students, to fully exploit the world leading capabilities developed at the facility. Further, the Department is encouraged to support training activities at DIII-D for the next generation of fusion scientists.

The agreement includes not less than \$25,000,000 for the Milestone-Based Development Program.

The Department is encouraged to prioritize high-performance computation activities for fusion energy research.

The agreement provides up to \$32,000,000 for the High-Energy-Density Laboratory Plasmas to advance cutting-edge research in extreme states of matter, support and expand the capabilities of the LaserNetUS facilities, and continue investments in new intense, ultrafast laser technologies and facilities needed to implement the recommendations of the Brightest Light Initiative Workshop Report in order to retain U.S. leadership in these fields.

The agreement provides not less than \$14,000,000 for the Materials Plasma Exposure Experiment.

The agreement provides \$5,000,000 to support research for facility enhancements and new development and test facilities for university-based fusion experiments.

The agreement provides \$242,000,000 for the ITER project. Within available funds for ITER, the agreement provides not less than \$70,000,000 for cash contributions.

The Department is encouraged to develop and support a national team for ITER research, operations, and commissioning, which is required to take full advantage of ITER when it is completed.

The agreement includes no direction regarding the FY22 required ITER information.

#### HIGH ENERGY PHYSICS

The agreement provides not less than \$35,000,000 for the Sanford Underground Research Facility. The agreement includes up to \$10,000,000 for the Cosmic Microwave Background-Stage 4.

The Department is encouraged to fund facility operations at levels for optimal operations. The Department is encouraged to fund facility operations and MIEs at optimal levels.

#### NUCLEAR PHYSICS

The Department is directed to give priority to optimizing operations for all Nuclear Physics user facilities.

The agreement provides not less than \$20,000,000 for other project costs for the Electron Ion Collider.

#### ISOTOPE R&D AND PRODUCTION

The agreement provides up to \$4,000,000 to increase their inventory of Sr-90 in light of the nation's growing demand for Sr-90 for multiple applications.

#### WORKFORCE DEVELOPMENT FOR TEACHERS AND SCIENTISTS

The Department is encouraged to continue to work with 2-year, community and technical colleges, labor, and nongovernmental and industry consortia to pursue job training programs, including programs focused on displaced fossil fuel workers, that lead to an industry-recognized credential in the energy workforce.

#### NUCLEAR WASTE DISPOSAL

The agreement provides \$10,205,000 for Nuclear Waste Disposal for Nuclear Waste Fund (NWF) oversight activities, which is derived from the NWF.

The Department is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on anticipated future-year requirements for NWF oversight activities.

#### TECHNOLOGY TRANSITIONS

The agreement provides \$22,098,000 for Technology Transitions.

The agreement provides not less than \$5,000,000 to support the Energy Program for Innovation Clusters Program.

The Department is directed to provide the Committees not later than 180 days after enactment of this Act a report outlining the of-

office's five-year roadmap to achieving its goal of commercializing the Department's technology.

#### CLEAN ENERGY DEMONSTRATIONS

The agreement provides \$89,000,000 for Clean Energy Demonstrations.

The agreement notes support for the Department's activities to build capacity to implement large-scale funding opportunities as well as prepare for long-term operation of the office. The Office of Clean Energy Demonstrations (OCED) represents an opportunity for the Department to provide dedicated expertise and focus to successfully implement large-scale, pre-commercial clean energy technology demonstrations. The Department is encouraged to prioritize technology demonstrations for the highest emitting sectors.

The agreement notes support for the Department's efforts to demonstrate the technical and economic viability of carrying out alternative energy projects on current and former mine land compatible in a manner with existing operations.

The Department is directed to continue to provide the Committees quarterly briefings on efforts to conduct administrative and project management activities for technology demonstrations.

The Department is directed to conduct OCED activities on a competitive basis and include cost-share requirements pursuant to section 988 of the Energy Policy Act of 2005. The Department is encouraged to conduct these activities through technology neutral solicitations focused on crosscutting energy challenges. It is expected that the Department avoid the practice of making awards dependent on funding from future years' appropriations.

#### ADVANCED RESEARCH PROJECTS AGENCY—ENERGY

The agreement provides \$470,000,000 for the Advanced Research Projects Agency—Energy.

The budget request proposes to expand ARPA-E's scope to focus on climate innovations, adaptation, and resilience. The agreement notes that ARPA-E already has the ability to fund this work through section 5012 of the America COMPETES Act. This includes climate-related innovations, and further, the agreement notes that ARPA-E already funds such activities.

#### TITLE 17 INNOVATIVE TECHNOLOGY LOAN GUARANTEE PROGRAM

The agreement provides a net appropriation of \$31,206,000 in administrative expenses for the Title 17 Innovative Technology Loan Guarantee Program.

As provided in 42 U.S.C. 16511, the Secretary may make guarantees under this section only for projects that avoid, reduce, or sequester air pollutants or anthropogenic emissions of greenhouse gases and employ new or significantly improved technologies as compared to commercial technologies in service in the United States upon issuance of the loan guarantee.

### ADVANCED TECHNOLOGY VEHICLES MANUFACTURING LOAN PROGRAM

The agreement provides \$9,800,000 for the Advanced Technology Vehicles Manufacturing Loan Program.

### TRIBAL ENERGY LOAN GUARANTEE PROGRAM

The agreement provides \$4,000,000 for the Tribal Energy Loan Guarantee Program.

### INDIAN ENERGY POLICY AND PROGRAMS

The agreement provides \$75,000,000 for Indian Energy Policy and Programs.

The agreement provides up to \$45,000,000 to advance technical assistance, demonstration, and deployment of clean energy for households and communities in tribal nations to improve reliability, resilience, and alleviate energy poverty.

The agreement provides up to \$8,000,000 for coordinated research, development, deployment, and training related to advanced microgrid-enabling technologies, with a focus on underserved and Indigenous communities in remote and islanded areas.

The Department is encouraged to use its cost share waiver authority under section 2602 of the Energy Policy Act of 1992, as modified by section 8013 of the Energy Act of 2020, when appropriate.

The Department is encouraged to partner with organizations with specialized experience addressing local energy challenges, including community-based organizations and institutions of higher education, with a priority for minority-serving institutions.

The agreement notes support for the Office of Indian Energy's efforts to utilize local Subject Matter Experts to assist Indian Tribes and Alaska Native Villages in development energy projects and providing support for energy planning.

The Department is encouraged to design funding opportunity announcements that do not exclude tribes based on local land ownership structures, consistent with expanded authority under section 2602 of the Energy Policy Act of 1992, as modified by section 8013 of the Energy Act of 2020.

### DEPARTMENTAL ADMINISTRATION

The agreement provides \$283,000,000 for Departmental Administration.

*Control Points.*—The agreement includes eight reprogramming control points in this account to provide flexibility in the management of support functions. The Other Departmental Administration activities include Management, Project Management Oversight and Assessments, Chief Human Capital Officer, Office of Small and Disadvantaged Business Utilization, General Counsel, Office of Policy, and Public Affairs. The Department is directed to continue to submit a budget request that proposes a separate funding level for each of these activities.

*Chief Information Officer.*—The agreement provides not less than \$125,000,000 for cybersecurity and cyber modernization across the

Department. The agreement provides up to \$10,000,000 for the IM Office of Architecture, Engineering, Technology, and Innovation to expand low-code application development across the Department and establish a Low-Code Platform Factory that improves the efficiency of custom application development, improves cybersecurity posture, reduces operation and maintenance costs associated with legacy applications, and empowers Department personnel who are closest to problems to create solutions, selecting low-code application development options that are most appropriate for each mission need pursuant to IM's market research.

*International Affairs.*—The agreement provides \$2,000,000 for the Israel Binational Industrial Research and Development (BIRD) Foundation and \$4,000,000 to continue the U.S. Israel Center of Excellence in Energy Engineering and Water Technology.

*Other Departmental Administration.*—The agreement provides not less than \$35,000,000 for the Chief Human Capital Officer, not less than \$13,500,000 for Project Management Oversight and Assessments, and not less than \$20,000,000 for the Office of Policy.

*U.S. Energy and Employment Report.*—The Department is directed to continue to complete an annual U.S. energy employment report that includes a comprehensive statistical survey to collect data, publish the data, and provide a summary report. The information collected shall include data relating to employment figures and demographics in the U.S. energy sector using methodology approved by the Office of Management and Budget in 2016. The Department is directed to produce and release this report annually.

The agreement is supportive of the work on the CIO Business Operations Support Services (CBOSS) program, and the Department is directed to provide regular updates on any developments regarding this effort.

The Arctic Energy Office is encouraged to explore the feasibility, scalability, and potential commercialization of utilizing data server waste heat from immersion cooling technologies as a heat source for integration with other renewable energy resources for heat pump district heating purposes.

#### OFFICE OF THE INSPECTOR GENERAL

The agreement provides \$86,000,000 for the Office of the Inspector General.

The Inspector General is directed to continue providing quarterly briefings to the Committees on implementation of the independent audit strategy.

#### ATOMIC ENERGY DEFENSE ACTIVITIES

##### NATIONAL NUCLEAR SECURITY ADMINISTRATION

The agreement provides \$22,162,564,000 for the National Nuclear Security Administration (NNSA). The agreement continues funding for recapitalization of our nuclear weapons infrastructure, while modernizing and maintaining a safe, secure, and credible nuclear deterrent without the need for underground testing. The agreement supports continuing important efforts to secure and permanently eliminate remaining stockpiles of nuclear and radio-

logical materials both here and abroad to reduce the global danger from the proliferation of weapons of mass destruction. The agreement also supports Naval Reactors and the important role they play in enabling the Navy's nuclear fleet.

A highly skilled and diverse workforce is required to maintain and modernize the nuclear weapons stockpile and execute the global nonproliferation initiatives of the NNSA. The agreement commends the NNSA for considerable progress made to recruit and retain this unique workforce but reminds NNSA to remain within authorized staffing levels in the coming fiscal year.

The agreement notes concern with NNSA's lack of transparency and inability to proactively communicate with the Committees. NNSA is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on its plan for improved communication and outreach with the Committees.

*NNSA Reorganization.*—The agreement notes concern that NNSA has not clearly defined a compelling rationale that justifies its May 2022 announced reorganization. Reorganizations are often disruptive to work and difficult on the workforce, which in turn can decrease overall performance and productivity. Further, NNSA's high-level goals for the reorganization are unspecific, and NNSA may find it difficult to determine whether the reorganization is successful. NNSA should take additional action while it continues to implement its July 2022 reorganization.

Therefore, NNSA is directed to establish not later than 90 days after enactment of this Act specific goals and performance measures for its July 2022 reorganization. NNSA is further directed to report to the Committees not later than one year after enactment of this Act and annually thereafter for five years on its progress to meeting the specific goals for the July 2022 reorganization using the established performance measures.

*Enhanced Mission Delivery Initiative.*—The agreement recognizes the unique challenges associated with the operations of the nuclear security enterprise. Given its current workload, recruiting and retention concerns, and the importance of the relationship between the federal personnel and the M&O contractors, NNSA action on recommendations in its recent Enhanced Mission Delivery Initiative (EMDI) may be prudent. Prior to NNSA's implementation of any EMDI recommendations, the Comptroller General of the United States is directed to evaluate the proposed implementation and brief the Committees on its findings at a schedule to be determined in consultation with the Committees.

*Project Management.*—The agreement notes NNSA's inability to properly estimate costs and timelines for large projects. The NNSA is encouraged to assess and reassess as needed current performance on projects costing more than \$750,000,000 and make appropriate project management changes. When reassessing, the NNSA is encouraged to identify problems in cost and schedule estimates early, and provide updated information to the Committees immediately.

#### WEAPONS ACTIVITIES

The agreement provides \$17,116,119,000 for Weapons Activities.

The agreement urges the Administration to ensure that military requirements align to what the NNSA can realistically achieve.

*University Collaboration.*—The agreement notes progress in establishing the Center of Excellence regarding lifetime extension and materials degradation issues, including its expansion to the entire nuclear security enterprise. NNSA is encouraged to continue these efforts, including developing a recruiting pipeline capability across the enterprise, in consultation with institutions that have an existing track record with institutions traditionally underrepresented in the nuclear security industry, including Minority Serving Institutions and Historically Black Colleges and Universities.

*Cattle.*—The agreement notes the presence of unauthorized and unbranded cattle on Department land near Los Alamos National Laboratory. The cattle pose health, safety, and environmental risks. NNSA is encouraged to remove all unauthorized and unbranded cattle between Water Canyon and Frijoles Canyon not later than 12 months after enactment of this Act. NNSA is directed to provide to the Committees not later than 12 months after enactment of this Act a plan for removal of all unauthorized and unbranded cattle from Department property near Los Alamos National Laboratory, including statutory impediments to that plan.

*Plutonium Pit Production.*—NNSA is directed to provide to the Committees not later than 180 days after enactment of this Act a plan to establish a two-site Integrated Master Schedule covering the entirety of the work required to produce 80 pits per year and a timeline that NNSA has high confidence will achieve this critical requirement.

NNSA is further directed to provide to the Committees not later than 180 days after enactment of this Act a contingency plan coordinated with the Department of Defense for meeting strategic deterrent requirements based on current pit production timelines.

*Plutonium Modernization.*—The agreement provides not less than \$10,000,000 for workforce development and training partnerships with Historically Black Colleges and Universities (HBCUs), Hispanic-Serving Institutions, and Tribal Colleges and Universities in South Carolina and New Mexico to support plutonium pit production.

*Academic Programs.*—The agreement provides \$45,000,000 for the Minority Serving Institution Partnership Program and \$10,000,000 for the Tribal Education Partnership Program.

*Inertial Confinement Fusion (ICF) and High Yield.*—The agreement provides \$630,000,000 for ICF. Within available funds, the agreement provides not less than \$380,000,000 for the National Ignition Facility (NIF), not less than \$86,100,000 for OMEGA, and not less than \$82,600,000 for the Z Facility. Within funds provided for Facility Operations, the agreement provides not less than \$35,000,000 for NNSA to manage target development and acquisition. The fiscal year 2022 Act directed NNSA to provide to the Committees a strategic plan for recapitalizing, upgrading, and maintaining ICF facilities. NNSA is directed to provide the report to the Committees not later than 30 days after enactment of this Act.

*Advanced Simulation and Computing.*—The agreement provides \$35,000,000 for research in advanced memory technology and near-

memory computing architectures by a U.S.-based manufacturer of very large-scale memory systems and memory semantic storage from 100s of terabytes to petabytes that will inspire advancements in data marshaling technologies that will dramatically improve effective performance for NNSA mission applications.

*Contractor Pensions.*—The agreement provides \$114,632,000 for payments into the legacy University of California contractor employee defined benefit pension plans, the Requa settlement reached in 2019, and the pension plan at the Savannah River Site.

#### DEFENSE NUCLEAR NONPROLIFERATION

The agreement provides \$2,490,000,000 for Defense Nuclear Nonproliferation.

NNSA is encouraged to continue to cooperate and support the Office of Nuclear Energy in developing safeguards concepts, policies, and technologies to address the proliferation challenges unique to advanced nuclear reactors. NNSA is further encouraged to cooperate with the national laboratories and industry to support the implementation of “safeguards-by-design” features in advanced nuclear reactors.

The agreement provides \$51,200,000 to pack and ship material from Y-12 to a domestic commercial processor to begin production of limited quantities of HALEU.

The agreement provides \$30,000,000 to remove HALEU from a partner country.

The agreement provides not less than \$25,000,000 for the Green Border Security Initiative within the Nuclear Smuggling Detection and Deterrence program.

The agreement provides \$20,000,000 for the University Consortia for Nonproliferation Research.

*NNSA Bioassurance Program.*—The agreement reiterates House direction regarding initial and quarterly reporting on Bioassurance activities.

*Contractor Pensions.*—The agreement provides \$55,708,000 for payments into the legacy UC defined benefit pension plans, the Requa settlement reached in 2019, and the pension plan at the SRS.

#### NAVAL REACTORS

##### (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$2,081,445,000 for Naval Reactors.

*Naval Reactors Development.*—Naval Reactors is directed to provide quarterly briefings to the Committees outlining its research and development program’s direction and plan for the future.

#### FEDERAL SALARIES AND EXPENSES

The agreement provides \$475,000,000 for Federal Salaries and Expenses.

The agreement recognizes the importance of recruiting and retaining the highly skilled personnel needed to meet NNSA’s important mission. NNSA is directed to only hire within authorized personnel numbers provided for a given fiscal year, and if NNSA ex-

ceeds this authorized amount, then the Administrator must submit to the Committees not later than 30 days a report justifying the excess.

## ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

### DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$7,025,000,000 for Defense Environmental Cleanup.

*Future Budget Requests.*—The Department is directed to include out-year funding projections in the annual budget request by control point for Environmental Management, and an estimate of the total cost and time to complete each site.

*Richland.*—The agreement provides \$1,006,519,000 for Richland Operations in order to fund the Department's compliance with its legal obligations under the Tri-Party Agreement. As a signatory to the Tri-Party Agreement, the Department is required to meet specific compliance milestones toward the cleanup of the Hanford site. Among other things, the Department committed to provide the funding necessary to enable full compliance with its cleanup milestones. The agreement recognizes that significant progress has been made at the Hanford site, but greater funding will be necessary to meet compliance milestones.

In addition to annual operations funding to support the national historical park mission, the agreement funds B Reactor roof replacement and other preservation efforts as well as all other operations and maintenance requirements for the B Reactor facility.

The Department is directed to support the Hanford Workforce Engagement Center to provide education and advocacy to current and former Hanford employees on all available federal and state compensation programs as well as the Hazardous Materials and Emergency Response facilities, which provide valuable training to Hanford employees.

None of the Richland Operations funds shall be used to carry out activities with the Office of River Protection's tank farms.

*Office of River Protection.*—The agreement provides \$1,730,408,000 for the Office of River Protection. The Department is reminded that meeting the Consent Decree milestone for operations of Direct Feed Low Activity Waste must remain the Department's top focus within the Office of River Protection. The agreement reiterates House direction regarding low level waste offsite disposal.

The agreement provides funds for full engineering, procurement, and construction work on the High-Level Waste Treatment Facility, for design and engineering of the Pre-Treatment Facility, to ensure compliance with the 2016 Consent Decree and Tri-Party Agreement milestones, and to continue tank waste retrievals.

*Idaho National Laboratory.*—The agreement notes efforts underway at the Idaho National Laboratory Site to collaborate across all programs and contractors to address respective missions. The agreement encourages the Office of Nuclear Energy, the Office of Environmental Management, and Naval Reactors to continue this integration to ensure existing facilities, capabilities, and workforce are being utilized efficiently and effectively. As part of this integra-

tion effort, the Department is directed to develop an Idaho Sitewide Spent Nuclear Fuel Management Plan and shall analyze the use of the Naval Reactors spent fuel packaging facility to support EM's packaging needs in lieu of new construction.

The agreement notes that funding was provided in the fiscal year 2022 Act to pilot a road-ready, dry storage packaging capability and the Department is encouraged to move forward expeditiously with these activities in coordination with the Office of Nuclear Energy. Further, the Department is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing, coordinated between the Offices of Environmental Management and Nuclear Energy, to address elimination of mixed waste streams identified in the Idaho National Laboratory Site Treatment Plan.

*Program Direction.*—The agreement recognizes the need to prepare the next generation of environmental management workforce and encourages the Department to continue mentoring, training, and recruiting the next generation of environmental management workforce. As part of its workforce strategies, the Department is encouraged to leverage the DOE Scholars Program to enable the training of technicians to support cleanup and remediation activities across the program.

*Technology Development.*—The agreement provides \$5,000,000 for the National Spent Nuclear Fuel Program to address issues related to storing, transporting, processing, and disposing of Department-owned and managed spent nuclear fuel. The agreement provides up to \$7,000,000 for work on qualification, testing and research to advance the state-of-the-art containment ventilation systems.

## DEFENSE URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$586,035,000 for Defense Uranium Enrichment Decontamination and Decommissioning.

### OTHER DEFENSE ACTIVITIES

The agreement provides \$1,035,000,000 for Other Defense Activities.

The agreement notes the importance of the Environment, Health, Safety, and Security mission to inform worker health and safety decisions. The Department is encouraged to support efforts to further engage subject matter experts, knowledge sharing tools, and health database innovations allowing for continuous improvement in this important area.

## POWER MARKETING ADMINISTRATIONS

### BONNEVILLE POWER ADMINISTRATION FUND

The agreement provides no appropriation for the Bonneville Power Administration, which derives its funding from revenues deposited into the Bonneville Power Administration Fund.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER  
ADMINISTRATION

The agreement provides a net appropriation of \$0 for the Southeastern Power Administration.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER  
ADMINISTRATION

The agreement provides a net appropriation of \$10,608,000 for the Southwestern Power Administration.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE,  
WESTERN AREA POWER ADMINISTRATION

The agreement provides a net appropriation of \$98,732,000 for the Western Area Power Administration.

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

The agreement provides a net appropriation of \$228,000 for the Falcon and Amistad Operating and Maintenance Fund.

FEDERAL ENERGY REGULATORY COMMISSION  
SALARIES AND EXPENSES

The agreement provides \$508,400,000 for the Federal Energy Regulatory Commission (FERC). Revenues for FERC are set to an amount equal to the budget authority, resulting in a net appropriation of \$0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

(INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision prohibiting the use of funds provided in this title to initiate requests for proposals, other solicitations, or arrangements for new programs or activities that have not yet been approved and funded by Congress; requires notification or a report for certain funding actions; prohibits funds to be used for certain multi-year "Energy Programs" activities without notification; and prohibits the obligation or expenditure of funds provided in this title through a reprogramming of funds except in certain circumstances. The notification requirements in the provision also apply to the modification of any grant, contract, or Other Transaction Agreement where funds are allocated for new programs, projects, or activities not covered by a previous notification.

The agreement includes a provision authorizing intelligence activities of the Department of Energy for purposes of section 504 of the National Security Act of 1947.

The agreement includes a provision prohibiting the use of funds in this title for capital construction of high hazard nuclear facilities, unless certain independent oversight is conducted.

The agreement includes a provision prohibiting the use of funds in this title to approve critical decision-2 or critical decision-3 for certain construction projects, unless a separate independent cost estimate has been developed for that critical decision.

The agreement includes a provision regarding authority to release refined petroleum product from the Strategic Petroleum Reserve.

The agreement includes a provision to prohibit certain payments.

The agreement includes a provision transferring certain funds that may only be used for cleanup related activities at the Paducah, KY and Portsmouth, OH gaseous diffusion plants.

The agreement includes a provision related to the loan programs.

The agreement includes a provision regarding property disposition.

The agreement includes a provision that prohibits the use of certain funds in this title unless project management is conducted.

## TITLE IV—INDEPENDENT AGENCIES

## APPALACHIAN REGIONAL COMMISSION

The agreement provides \$200,000,000 for the Appalachian Regional Commission (ARC).

The agreement provides \$8,000,000 for Local Development Districts.

The agreement provides \$10,000,000 to continue the program of high-speed broadband deployment in distressed counties within the Central Appalachian region that have been most negatively impacted by the downturn in the coal industry.

The agreement provides not less than \$15,000,000 for counties within the Northern Appalachian region to support economic development, manufacturing, and entrepreneurship.

The agreement provides \$16,000,000 for a program of basic infrastructure improvements in distressed counties in Central Appalachia. Funds shall be distributed according to ARC's distressed counties formula and shall be in addition to the regular allocation to distressed counties.

The agreement provides \$65,000,000 is for the POWER Plan.

The agreement includes \$13,000,000 to address the substance abuse crisis that disproportionately affects Appalachia.

The agreement provides not less than \$16,000,000 for a program of industrial site and workforce development in Southern and South Central Appalachia, focused primarily on the automotive supplier sector and the aviation sector. Up to \$13,500,000 of that amount is for activities in Southern Appalachia. The funds shall be distributed to states that have distressed counties in Southern and South Central Appalachia using the ARC Area Development Formula.

The agreement provides \$15,000,000 to continue a program of high-speed broadband deployment in economically distressed counties within the North Central and Northern Appalachian regions.

The agreement reiterates House direction regarding high-poverty areas.

## DEFENSE NUCLEAR FACILITIES SAFETY BOARD

## SALARIES AND EXPENSES

The agreement provides \$41,401,000 for the Defense Nuclear Facilities Safety Board (DNFSB).

Congress permanently authorized the Inspector General for the Nuclear Regulatory Commission to serve as the Inspector General for the DNFSB. The agreement includes \$1,520,000 within the Office of Inspector General of the Nuclear Regulatory Commission to perform these services.

## DELTA REGIONAL AUTHORITY

## SALARIES AND EXPENSES

The agreement provides \$30,100,000 for the Delta Regional Authority.

The agreement includes not less than \$15,000,000 for flood control, basic public infrastructure development, and transportation

improvements, which shall be allocated separate from the state formula funding method.

The agreement reiterates House direction regarding high-poverty areas.

#### DENALI COMMISSION

The agreement provides \$17,000,000 for the Denali Commission.

The agreement reiterates House direction regarding high-poverty areas.

#### NORTHERN BORDER REGIONAL COMMISSION

The agreement provides \$40,000,000 for the Northern Border Regional Commission (NBRC).

The agreement provides not less than \$4,000,000 for initiatives that seek to address the decline in forest-based economies throughout the region and \$1,250,000 for the State Capacity Building Grant Program authorized in the 2018 Farm Bill, provided that the funds support dedicated in-state resources focused on NBRC programs.

The agreement reiterates House direction regarding high-poverty areas.

#### SOUTHEAST CRESCENT REGIONAL COMMISSION

The agreement provides \$20,000,000 for the Southeast Crescent Regional Commission.

The agreement reiterates House direction regarding high-poverty areas.

#### SOUTHWEST BORDER REGIONAL COMMISSION

The agreement provides \$5,000,000 for the Southwest Border Regional Commission.

The agreement supports targeted investment in impoverished areas to promote economic development in communities where it has been scarce, both in persistent poverty counties and in other high-poverty areas.

#### NUCLEAR REGULATORY COMMISSION

##### SALARIES AND EXPENSES

The agreement provides \$911,384,000 for the Nuclear Regulatory Commission. This amount is offset by estimated revenues of \$777,498,000, resulting in a net appropriation of \$133,886,000.

*Budget Execution Plan.*—The Commission is directed to provide to the Committees not later than 30 days after enactment of this Act a specific budget execution plan. The plan shall include details at the product line level within each of the control points.

*Integrated University Program.*—The Commission is directed to use \$16,000,000 of prior year, unobligated balances for the Integrated University Program, including for grants to support research projects that do not align with programmatic missions but are critical to maintaining the discipline of nuclear science and engineering. Because the Commission has already collected fees cor-

responding to these activities in prior years, the agreement does not include these funds within the fee base calculation for determining authorized revenues and does not provide authority to collect additional offsetting receipts for their use.

*Advanced Nuclear Reactor Regulatory Infrastructure.*—The agreement includes \$23,800,000 for the development of regulatory infrastructure for advanced nuclear technologies, which is not subject to the Commission’s general fee recovery collection requirements. The Commission is encouraged to incorporate nuclear safeguards and security requirements into its development of the advanced reactor regulatory infrastructure and to work with the Department of Energy, the International Atomic Energy Agency, and other groups in the formulation of its licensing requirements.

*Accident Tolerant Fuels Program.*—The Commission is directed to submit a report to the Committees on the preparedness for accident tolerant fuel licensing with a focus on what steps are being taken to ensure that licensing activities (including higher burnup and enrichment) support projected deployment schedules.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$15,769,000 for the Office of Inspector General in the Nuclear Regulatory Commission. This amount is offset by revenues of \$12,655,000, resulting in a net appropriation of \$3,114,000.

The agreement provides \$1,520,000 to provide inspector general services for the Defense Nuclear Facilities Safety Board.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

SALARIES AND EXPENSES

The agreement provides \$3,945,000 for the Nuclear Waste Technical Review Board.

GENERAL PROVISIONS—INDEPENDENT AGENCIES

The agreement includes a provision instructing the Nuclear Regulatory Commission on responding to congressional requests for information.

The agreement includes a provision relating to reprogramming.

## TITLE V—GENERAL PROVISIONS

## (INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision relating to lobbying restrictions.

The agreement includes a provision relating to transfer authority. No additional transfer authority is implied or conveyed by this provision. For the purposes of this provision, the term “transfer” shall mean the shifting of all or part of the budget authority in one account to another.

The agreement includes a provision prohibiting funds to be used in contravention of the executive order entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations.”

The agreement includes a provision prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

## DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

## ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

## (INCLUDING TRANSFER OF FUNDS)

SEC. 101. Not to exceed 5 percent of the appropriation made available in this Act to the Internal Revenue Service under the “Enforcement” heading, and not to exceed 5 percent of any other appropriation made available in this Act to the Internal Revenue Service, may be transferred to any other Internal Revenue Service appropriation upon the advance approval of the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 102. The Internal Revenue Service shall maintain an employee training program, which shall include the following topics: taxpayers’ rights, dealing courteously with taxpayers, cross-cultural relations, ethics, and the impartial application of tax law.

SEC. 103. The Internal Revenue Service shall institute and enforce policies and procedures that will safeguard the confidentiality of taxpayer information and protect taxpayers against identity theft.

SEC. 104. Funds made available by this or any other Act to the Internal Revenue Service shall be available for improved facilities and increased staffing to provide sufficient and effective 1-800 help line service for taxpayers. The Commissioner shall continue to make improvements to the Internal Revenue Service 1-800 help line service a priority and allocate resources necessary to enhance the response time to taxpayer communications, particularly with regard to victims of tax-related crimes.

SEC. 105. The Internal Revenue Service shall issue a notice of confirmation of any address change relating to an employer making employment tax payments, and such notice shall be sent to both the employer's former and new address and an officer or employee of the Internal Revenue Service shall give special consideration to an offer-in-compromise from a taxpayer who has been the victim of fraud by a third party payroll tax preparer.

SEC. 106. None of the funds made available under this Act may be used by the Internal Revenue Service to target citizens of the United States for exercising any right guaranteed under the First Amendment to the Constitution of the United States.

SEC. 107. None of the funds made available in this Act may be used by the Internal Revenue Service to target groups for regulatory scrutiny based on their ideological beliefs.

SEC. 108. None of funds made available by this Act to the Internal Revenue Service shall be obligated or expended on conferences that do not adhere to the procedures, verification processes, documentation requirements, and policies issued by the Chief Financial Officer, Human Capital Office, and Agency-Wide Shared Services as a result of the recommendations in the report published on May 31, 2013, by the Treasury Inspector General for Tax Administration entitled "Review of the August 2010 Small Business/Self-Employed Division's Conference in Anaheim, California" (Reference Number 2013-10-037).

SEC. 109. None of the funds made available in this Act to the Internal Revenue Service may be obligated or expended—

(1) to make a payment to any employee under a bonus, award, or recognition program; or

(2) under any hiring or personnel selection process with respect to re-hiring a former employee; unless such program or process takes into account the conduct and Federal tax compliance of such employee or former employee.

SEC. 110. None of the funds made available by this Act may be used in contravention of section 6103 of the Internal Revenue Code of 1986 (relating to confidentiality and disclosure of returns and return information).

SEC. 111. The Secretary of the Treasury (or the Secretary's delegate) may use the funds made available in this Act, subject to such policies as the Secretary (or the Secretary's delegate) may establish, to utilize direct hire authority to recruit and appoint qualified applicants, without regard to any notice or preference requirements, directly to positions in the competitive service to process backlogged tax returns and return information.

SEC. 112. Notwithstanding section 1344 of title 31, United States Code, funds appropriated to the Internal Revenue Service in this Act may be used to provide passenger carrier transportation and

protection between the Commissioner of Internal Revenue's residence and place of employment.

# ADMINISTRATIVE PROVISIONS—DEPARTMENT OF THE TREASURY

## (INCLUDING TRANSFERS OF FUNDS)

SEC. 114. Not to exceed 2 percent of any appropriations in this title made available under the headings "Departmental Offices—Salaries and Expenses", "Office of Inspector General", "Special Inspector General for the Troubled Asset Relief Program", "Financial Crimes Enforcement Network", "Bureau of the Fiscal Service", and "Alcohol and Tobacco Tax and Trade Bureau" may be transferred between such appropriations upon the advance approval of the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That no transfer under this section may increase or decrease any such appropriation by more than 2 percent.

SEC. 115. Not to exceed 2 percent of any appropriation made available in this Act to the Internal Revenue Service may be transferred to the Treasury Inspector General for Tax Administration's appropriation upon the advance approval of the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That no transfer may increase or decrease any such appropriation by more than 2 percent.

SEC. 116. None of the funds appropriated in this Act or otherwise available to the Department of the Treasury or the Bureau of Engraving and Printing may be used to redesign the \$1 Federal Reserve note.

SEC. 117. The Secretary of the Treasury may transfer funds from the "Bureau of the Fiscal Service—Salaries and Expenses" to the Debt Collection Fund as necessary to cover the costs of debt collection: *Provided*, That such amounts shall be reimbursed to such salaries and expenses account from debt collections received in the Debt Collection Fund.

SEC. 118. None of the funds appropriated or otherwise made available by this or any other Act may be used by the United States Mint to construct or operate any museum without the explicit approval of the Committees on Appropriations of the House of Representatives and the Senate, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs.

SEC. 119. None of the funds appropriated or otherwise made available by this or any other Act or source to the Department of the Treasury, the Bureau of Engraving and Printing, and the United States Mint, individually or collectively, may be used to

consolidate any or all functions of the Bureau of Engraving and Printing and the United States Mint without the explicit approval of the House Committee on Financial Services; the Senate Committee on Banking, Housing, and Urban Affairs; and the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 120. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for the Department of the Treasury's intelligence or intelligence related activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2023 until the enactment of the Intelligence Authorization Act for Fiscal Year 2023.

SEC. 121. Not to exceed \$5,000 shall be made available from the Bureau of Engraving and Printing's Industrial Revolving Fund for necessary official reception and representation expenses.

SEC. 122. The Secretary of the Treasury shall submit a Capital Investment Plan to the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days following the submission of the annual budget submitted by the President: *Provided*, That such Capital Investment Plan shall include capital investment spending from all accounts within the Department of the Treasury, including but not limited to the Department-wide Systems and Capital Investment Programs account, Treasury Franchise Fund account, and the Treasury Forfeiture Fund account: *Provided further*, That such Capital Investment Plan shall include expenditures occurring in previous fiscal years for each capital investment project that has not been fully completed.

SEC. 123. During fiscal year 2023—

(1) none of the funds made available in this or any other Act may be used by the Department of the Treasury, including the Internal Revenue Service, to issue, revise, or finalize any regulation, revenue ruling, or other guidance not limited to a particular taxpayer relating to the standard which is used to determine whether an organization is operated exclusively for the promotion of social welfare for purposes of section 501(c)(4) of the Internal Revenue Code of 1986 (including the proposed regulations published at 78 Fed. Reg. 71535 (November 29, 2013)); and

(2) the standard and definitions as in effect on January 1, 2010, which are used to make such determinations shall apply after the date of the enactment of this Act for purposes of determining status under section 501(c)(4) of such Code of organizations created on, before, or after such date.

SEC. 124. Within 45 days after the date of enactment of this Act, the Secretary of the Treasury shall submit an itemized report to the Committees on Appropriations of the House of Representatives and the Senate on the amount of total funds charged to each office by the Franchise Fund including the amount charged for each service provided by the Franchise Fund to each office, a detailed description of the services, a detailed explanation of how each charge for each service is calculated, and a description of the role customers have in governing in the Franchise Fund.

SEC. 125. (a) Not later than 60 days after the end of each quarter, the Office of Financial Stability and the Office of Financial Research shall submit reports on their activities to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Financial Services of the House of Representatives, and the Senate Committee on Banking, Housing, and Urban Affairs.

(b) The reports required under subsection (a) shall include—

(1) the obligations made during the previous quarter by object class, office, and activity;

(2) the estimated obligations for the remainder of the fiscal year by object class, office, and activity;

(3) the number of full-time equivalents within each office during the previous quarter;

(4) the estimated number of full-time equivalents within each office for the remainder of the fiscal year; and

(5) actions taken to achieve the goals, objectives, and performance measures of each office.

(c) At the request of any such Committees specified in subsection (a), the Office of Financial Stability and the Office of Financial Research shall make officials available to testify on the contents of the reports required under subsection (a).

SEC. 126. In addition to amounts otherwise available, there is appropriated to the Special Inspector General for Pandemic Recovery, \$12,000,000, to remain available until expended, for necessary expenses in carrying out section 4018 of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136).

SEC. 127. Section 127 of the Department of the Treasury Appropriations Act, 2019 (title I of division D of Public Law 116–6) is amended by inserting before the period at the end the following: “, including public improvements in the area around such facility to mitigate traffic impacts caused by the construction and occupancy of the facility”.

## ADMINISTRATIVE PROVISIONS—THE JUDICIARY

## (INCLUDING TRANSFER OF FUNDS)

SEC. 301. Appropriations and authorizations made in this title which are available for salaries and expenses shall be available for services as authorized by 5 U.S.C. 3109.

SEC. 302. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Judiciary in this Act may be transferred between such appropriations, but no such appropriation, except “Courts of Appeals, District Courts, and Other Judicial Services, Defender Services” and “Courts of Appeals, District Courts, and Other Judicial Services, Fees of Jurors and Commissioners”, shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under sections 604 and 608 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in section 608.

SEC. 303. Notwithstanding any other provision of law, the salaries and expenses appropriation for “Courts of Appeals, District Courts, and Other Judicial Services” shall be available for official reception and representation expenses of the Judicial Conference of the United States: *Provided*, That such available funds shall not exceed \$11,000 and shall be administered by the Director of the Administrative Office of the United States Courts in the capacity as Secretary of the Judicial Conference.

SEC. 304. Section 3315(a) of title 40, United States Code, shall be applied by substituting “Federal” for “executive” each place it appears.

SEC. 305. In accordance with 28 U.S.C. 561–569, and notwithstanding any other provision of law, the United States Marshals Service shall provide, for such courthouses as its Director may designate in consultation with the Director of the Administrative Office of the United States Courts, for purposes of a pilot program, the security services that 40 U.S.C. 1315 authorizes the Department of Homeland Security to provide, except for the services specified in 40 U.S.C. 1315(b)(2)(E). For building-specific security services at these courthouses, the Director of the Administrative Office of the United States Courts shall reimburse the United States Marshals Service rather than the Department of Homeland Security.

SEC. 306. (a) Section 203(c) of the Judicial Improvements Act of 1990 (Public Law 101–650; 28 U.S.C. 133 note), is amended in the matter following paragraph 12—

(1) in the second sentence (relating to the District of Kansas), by striking “31 years and 6 months” and inserting “32 years and 6 months”; and

(2) in the sixth sentence (relating to the District of Hawaii), by striking “28 years and 6 months” and inserting “29 years and 6 months”.

(b) Section 406 of the Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and Independent Agencies Appropriations Act, 2006 (Public Law 109–115; 119 Stat. 2470; 28 U.S.C. 133 note) is amended in the second

sentence (relating to the eastern District of Missouri) by striking “29 years and 6 months” and inserting “30 years and 6 months”.

(c) Section 312(c)(2) of the 21st Century Department of Justice Appropriations Authorization Act (Public Law 107-273; 28 U.S.C. 133 note), is amended—

(1) in the first sentence by striking “20 years” and inserting “21 years”;

(2) in the second sentence (relating to the central District of California), by striking “19 years and 6 months” and inserting “20 years and 6 months”; and

(3) in the third sentence (relating to the western district of North Carolina), by striking “18 years” and inserting “19 years”.

SEC. 307. Section 677 of title 28, United States Code, is amended by adding at the end the following:

“(d) The Counselor, with the approval of the Chief Justice, shall establish a retention and recruitment program that is consistent with section 908 of the Emergency Supplemental Act, 2002 (2 U.S.C. 1926) for Supreme Court Police officers and other critical employees who agree in writing to remain employed with the Supreme Court for a period of service of not less than two years.”.

SEC. 308. Section 996(b) of title 28, United States Code, is amended by inserting “84 (Federal Employees’ Retirement System),” after “83 (Retirement),”.

This title may be cited as the “Judiciary Appropriations Act, 2023”.

## TITLE IV

## ADMINISTRATIVE PROVISIONS—GENERAL SERVICES ADMINISTRATION

## (INCLUDING TRANSFER OF FUNDS)

SEC. 520. Funds available to the General Services Administration shall be available for the hire of passenger motor vehicles.

SEC. 521. Funds in the Federal Buildings Fund made available for fiscal year 2023 for Federal Buildings Fund activities may be

transferred between such activities only to the extent necessary to meet program requirements: *Provided*, That any proposed transfers shall be approved in advance by the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 522. Except as otherwise provided in this title, funds made available by this Act shall be used to transmit a fiscal year 2024 request for United States Courthouse construction only if the request: (1) meets the design guide standards for construction as established and approved by the General Services Administration, the Judicial Conference of the United States, and the Office of Management and Budget; (2) reflects the priorities of the Judicial Conference of the United States as set out in its approved Court-house Project Priorities plan; and (3) includes a standardized courtroom utilization study of each facility to be constructed, replaced, or expanded.

SEC. 523. None of the funds provided in this Act may be used to increase the amount of occupiable square feet, provide cleaning services, security enhancements, or any other service usually provided through the Federal Buildings Fund, to any agency that does not pay the rate per square foot assessment for space and services as determined by the General Services Administration in consideration of the Public Buildings Amendments Act of 1972 (Public Law 92-313).

SEC. 524. From funds made available under the heading "Federal Buildings Fund, Limitations on Availability of Revenue", claims against the Government of less than \$250,000 arising from direct construction projects and acquisition of buildings may be liquidated from savings effected in other construction projects with prior notification to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 525. In any case in which the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate adopt a resolution granting lease authority pursuant to a prospectus transmitted to Congress by the Administrator of the General Services Administration under 40 U.S.C. 3307, the Administrator shall ensure that the delineated area of procurement is identical to the delineated area included in the prospectus for all lease agreements, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to each of such committees and the Committees on Appropriations of the House of Representatives and the Senate prior to exercising any lease authority provided in the resolution.

SEC. 526. With respect to projects funded under the heading "Federal Citizen Services Fund", the Administrator of General Services shall submit a spending plan and explanation for each project to be undertaken to the Committees on Appropriations of the House of Representatives and the Senate not later than 60 days after the date of enactment of this Act.

SEC. 527. The Administrator of the General Services Administration shall select a site from one of the three listed in the General Services Administration (GSA) Fiscal Year 2017 PNCR-FBI-

NCR17 prospectus for a new fully consolidated Federal Bureau of Investigation (FBI) headquarters.

In considering the September 2022 and amended November 2022 GSA Site Selection Plan for the FBI Suburban Headquarters, not later than 90 days after enactment of this Act, prior to any action by the GSA site selection panel for the new Federal FBI headquarters, the GSA Administrator shall conduct separate and detailed consultations with individuals representing the sites from the State of Maryland and Commonwealth of Virginia to further consider perspectives related to mission requirements, sustainable siting and equity, and evaluate the viability of the GSA's Site Selection Criteria for the FBI Headquarters to ensure it is consistent with Congressional intent as expressed in the resolution of the Committee on Environment and Public Works of the Senate (112th Congress), adopted December 8, 2011 and further described in the General Services Administration Fiscal Year 2017 PNCR-FBI-NCR17 prospectus. Following those consultations, the Administrator shall proceed with the site selection process.

## TITLE VI

### GENERAL PROVISIONS—THIS ACT

#### (INCLUDING RESCISSION OF FUNDS)

SEC. 601. None of the funds in this Act shall be used for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

SEC. 602. None of the funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, except for transfers made pursuant to the authority in section 3173(d) of title 40, United States Code, unless expressly so provided herein.

SEC. 603. The expenditure of any appropriation under this Act for any consulting service through procurement contract pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 604. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriations Act.

SEC. 605. None of the funds made available by this Act shall be available for any activity or for paying the salary of any Government employee where funding an activity or paying a salary to a Government employee would result in a decision, determination, rule, regulation, or policy that would prohibit the enforcement of section 307 of the Tariff Act of 1930 (19 U.S.C. 1307).

SEC. 606. No funds appropriated pursuant to this Act may be expended by an entity unless the entity agrees that in expending the assistance the entity will comply with chapter 83 of title 41, United States Code.

SEC. 607. No funds appropriated or otherwise made available under this Act shall be made available to any person or entity that has been convicted of violating chapter 83 of title 41, United States Code.

SEC. 608. Except as otherwise provided in this Act, none of the funds provided in this Act, provided by previous appropriations Acts to the agencies or entities funded in this Act that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury derived by the collection of fees and available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that: (1) creates a new program; (2) eliminates a program, project, or activity; (3) increases funds or personnel for any program, project, or activity for which funds have been denied or re-

stricted by the Congress; (4) proposes to use funds directed for a specific activity by the Committee on Appropriations of either the House of Representatives or the Senate for a different purpose; (5) augments existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less; (6) reduces existing programs, projects, or activities by \$5,000,000 or 10 percent, whichever is less; or (7) creates or reorganizes offices, programs, or activities unless prior approval is received from the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That prior to any significant reorganization, restructuring, relocation, or closing of offices, programs, or activities, each agency or entity funded in this Act shall consult with the Committees on Appropriations of the House of Representatives and the Senate: *Provided further*, That not later than 60 days after the date of enactment of this Act, each agency funded by this Act shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year: *Provided further*, That at a minimum the report shall include: (1) a table for each appropriation, detailing both full-time employee equivalents and budget authority, with separate columns to display the prior year enacted level, the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level; (2) a delineation in the table for each appropriation and its respective prior year enacted level by object class and program, project, and activity as detailed in this Act, in the accompanying report, or in the budget appendix for the respective appropriation, whichever is more detailed, and which shall apply to all items for which a dollar amount is specified and to all programs for which new budget authority is provided, as well as to discretionary grants and discretionary grant allocations; and (3) an identification of items of special congressional interest: *Provided further*, That the amount appropriated or limited for salaries and expenses for an agency shall be reduced by \$100,000 per day for each day after the required date that the report has not been submitted to the Congress.

SEC. 609. Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2023 from appropriations made available for salaries and expenses for fiscal year 2023 in this Act, shall remain available through September 30, 2024, for each such account for the purposes authorized: *Provided*, That a request shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate for approval prior to the expenditure of such funds: *Provided further*, That these requests shall be made in compliance with reprogramming guidelines.

SEC. 610. (a) None of the funds made available in this Act may be used by the Executive Office of the President to request—

(1) any official background investigation report on any individual from the Federal Bureau of Investigation; or

(2) a determination with respect to the treatment of an organization as described in section 501(c) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of

such Code from the Department of the Treasury or the Internal Revenue Service.

(b) Subsection (a) shall not apply—

(1) in the case of an official background investigation report, if such individual has given express written consent for such request not more than 6 months prior to the date of such request and during the same presidential administration; or

(2) if such request is required due to extraordinary circumstances involving national security.

SEC. 611. The cost accounting standards promulgated under chapter 15 of title 41, United States Code shall not apply with respect to a contract under the Federal Employees Health Benefits Program established under chapter 89 of title 5, United States Code.

SEC. 612. For the purpose of resolving litigation and implementing any settlement agreements regarding the nonforeign area cost-of-living allowance program, the Office of Personnel Management may accept and utilize (without regard to any restriction on unanticipated travel expenses imposed in an appropriations Act) funds made available to the Office of Personnel Management pursuant to court approval.

SEC. 613. No funds appropriated by this Act shall be available to pay for an abortion, or the administrative expenses in connection with any health plan under the Federal employees health benefits program which provides any benefits or coverage for abortions.

SEC. 614. The provision of section 613 shall not apply where the life of the mother would be endangered if the fetus were carried to term, or the pregnancy is the result of an act of rape or incest.

SEC. 615. In order to promote Government access to commercial information technology, the restriction on purchasing nondomestic articles, materials, and supplies set forth in chapter 83 of title 41, United States Code (popularly known as the Buy American Act), shall not apply to the acquisition by the Federal Government of information technology (as defined in section 11101 of title 40, United States Code), that is a commercial item (as defined in section 103 of title 41, United States Code).

SEC. 616. Notwithstanding section 1353 of title 31, United States Code, no officer or employee of any regulatory agency or commission funded by this Act may accept on behalf of that agency, nor may such agency or commission accept, payment or reimbursement from a non-Federal entity for travel, subsistence, or related expenses for the purpose of enabling an officer or employee to attend and participate in any meeting or similar function relating to the official duties of the officer or employee when the entity offering payment or reimbursement is a person or entity subject to regulation by such agency or commission, or represents a person or entity subject to regulation by such agency or commission, unless the person or entity is an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code.

SEC. 617. (a)(1) Notwithstanding any other provision of law, an Executive agency covered by this Act otherwise authorized to enter into contracts for either leases or the construction or alteration of real property for office, meeting, storage, or other space must con-

sult with the General Services Administration before issuing a solicitation for offers of new leases or construction contracts, and in the case of succeeding leases, before entering into negotiations with the current lessor.

(2) Any such agency with authority to enter into an emergency lease may do so during any period declared by the President to require emergency leasing authority with respect to such agency.

(b) For purposes of this section, the term "Executive agency covered by this Act" means any Executive agency provided funds by this Act, but does not include the General Services Administration or the United States Postal Service.

SEC. 618. (a) There are appropriated for the following activities the amounts required under current law:

(1) Compensation of the President (3 U.S.C. 102).

(2) Payments to—

(A) the Judicial Officers' Retirement Fund (28 U.S.C. 377(o));

(B) the Judicial Survivors' Annuities Fund (28 U.S.C. 376(c)); and

(C) the United States Court of Federal Claims Judges' Retirement Fund (28 U.S.C. 178(l)).

(3) Payment of Government contributions—

(A) with respect to the health benefits of retired employees, as authorized by chapter 89 of title 5, United States Code, and the Retired Federal Employees Health Benefits Act (74 Stat. 849); and

(B) with respect to the life insurance benefits for employees retiring after December 31, 1989 (5 U.S.C. ch. 87).

(4) Payment to finance the unfunded liability of new and increased annuity benefits under the Civil Service Retirement and Disability Fund (5 U.S.C. 8348).

(5) Payment of annuities authorized to be paid from the Civil Service Retirement and Disability Fund by statutory provisions other than subchapter III of chapter 83 or chapter 84 of title 5, United States Code.

(b) Nothing in this section may be construed to exempt any amount appropriated by this section from any otherwise applicable limitation on the use of funds contained in this Act.

SEC. 619. None of the funds made available in this Act may be used by the Federal Trade Commission to complete the draft report entitled *"Interagency Working Group on Food Marketed to Children: Preliminary Proposed Nutrition Principles to Guide Industry Self-Regulatory Efforts"* unless the Interagency Working Group on Food Marketed to Children complies with Executive Order No. 13563.

SEC. 620. (a) The head of each executive branch agency funded by this Act shall ensure that the Chief Information Officer of the agency has the authority to participate in decisions regarding the budget planning process related to information technology.

(b) Amounts appropriated for any executive branch agency funded by this Act that are available for information technology shall be allocated within the agency, consistent with the provisions of appropriations Acts and budget guidelines and recommendations from the Director of the Office of Management and Budget, in such man-

ner as specified by, or approved by, the Chief Information Officer of the agency in consultation with the Chief Financial Officer of the agency and budget officials.

SEC. 621. None of the funds made available in this Act may be used in contravention of chapter 29, 31, or 33 of title 44, United States Code.

SEC. 622. None of the funds made available in this Act may be used by a governmental entity to require the disclosure by a provider of electronic communication service to the public or remote computing service of the contents of a wire or electronic communication that is in electronic storage with the provider (as such terms are defined in sections 2510 and 2711 of title 18, United States Code) in a manner that violates the Fourth Amendment to the Constitution of the United States.

SEC. 623. No funds provided in this Act shall be used to deny an Inspector General funded under this Act timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities under the Inspector General Act of 1978, or to prevent or impede that Inspector General's access to such records, documents, or other materials, under any provision of law, except a provision of law that expressly refers to the Inspector General and expressly limits the Inspector General's right of access. A department or agency covered by this section shall provide its Inspector General with access to all such records, documents, and other materials in a timely manner. Each Inspector General shall ensure compliance with statutory limitations on disclosure relevant to the information provided by the establishment over which that Inspector General has responsibilities under the Inspector General Act of 1978. Each Inspector General covered by this section shall report to the Committees on Appropriations of the House of Representatives and the Senate within 5 calendar days any failures to comply with this requirement.

SEC. 624. None of the funds appropriated by this Act may be used by the Federal Communications Commission to modify, amend, or change the rules or regulations of the Commission for universal service high-cost support for competitive eligible telecommunications carriers in a way that is inconsistent with paragraph (e)(5) or (e)(6) of section 54.307 of title 47, Code of Federal Regulations, as in effect on July 15, 2015: *Provided*, That this section shall not prohibit the Commission from considering, developing, or adopting other support mechanisms as an alternative to Mobility Fund Phase II: *Provided further*, That any such alternative mechanism shall maintain existing high-cost support to competitive eligible telecommunications carriers until support under such mechanism commences.

SEC. 625. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, Tribal, or local law enforcement agency or any other entity carrying out criminal investigations,

prosecution, adjudication activities, or other law enforcement- or victim assistance-related activity.

SEC. 626. None of the funds appropriated or other-wise made available by this Act may be used to pay award or incentive fees for contractors whose performance has been judged to be below satisfactory, behind schedule, over budget, or has failed to meet the basic requirements of a contract, unless the Agency determines that any such deviations are due to unforeseeable events, government-driven scope changes, or are not significant within the overall scope of the project and/or program and unless such awards or incentive fees are consistent with section 16.401(e)(2) of the Federal Acquisition Regulation.

SEC. 627. (a) None of the funds made available under this Act may be used to pay for travel and conference activities that result in a total cost to an Executive branch department, agency, board or commission funded by this Act of more than \$500,000 at any single conference unless the agency or entity determines that such attendance is in the national interest and advance notice is transmitted to the Committees on Appropriations of the House of Representatives and the Senate that includes the basis of that determination.

(b) None of the funds made available under this Act may be used to pay for the travel to or attendance of more than 50 employees, who are stationed in the United States, at any single conference occurring outside the United States unless the agency or entity determines that such attendance is in the national interest and advance notice is transmitted to the Committees on Appropriations of the House of Representatives and the Senate that includes the basis of that determination.

SEC. 628. None of the funds made available by this Act may be used for first-class or business-class travel by the employees of executive branch agencies funded by this Act in contravention of sections 301–10.122 through 301–10.125 of title 41, Code of Federal Regulations.

SEC. 629. In addition to any amounts appropriated or otherwise made available for expenses related to enhancements to [www.oversight.gov](http://www.oversight.gov), \$850,000, to remain available until expended, shall be provided for an additional amount for such purpose to the Inspectors General Council Fund established pursuant to section 11(c)(3)(B) of the Inspector General Act of 1978 (5 U.S.C. App.): *Provided*, That these amounts shall be in addition to any amounts or any authority available to the Council of the Inspectors General on Integrity and Efficiency under section 11 of the Inspector General Act of 1978 (5 U.S.C. App.).

SEC. 630. None of the funds made available by this Act may be obligated on contracts in excess of \$5,000 for public relations, as that term is defined in Office and Management and Budget Circular A–87 (revised May 10, 2004), unless advance notice of such an obligation is transmitted to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 631. Federal agencies funded under this Act shall clearly state within the text, audio, or video used for advertising or educational purposes, including emails or Internet postings, that the communication is printed, published, or produced and disseminated

at U.S. taxpayer expense. The funds used by a Federal agency to carry out this requirement shall be derived from amounts made available to the agency for advertising or other communications regarding the programs and activities of the agency.

SEC. 632. When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all grantees receiving Federal funds included in this Act, shall clearly state—

- (1) the percentage of the total costs of the program or project which will be financed with Federal money;
- (2) the dollar amount of Federal funds for the project or program; and
- (3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

SEC. 633. None of the funds made available by this Act shall be used by the Securities and Exchange Commission to finalize, issue, or implement any rule, regulation, or order regarding the disclosure of political contributions, contributions to tax exempt organizations, or dues paid to trade associations.

SEC. 634. Not later than 45 days after the last day of each quarter, each agency funded in this Act shall submit to the Committees on Appropriations of the House of Representatives and the Senate a quarterly budget report that includes total obligations of the Agency for that quarter for each appropriation, by the source year of the appropriation.

SEC. 635. (a) Section 41002(c)(1) of Public Law 114–94 (42 U.S.C. 4370m–1(c)(1)) is amended by adding at the end the following new subparagraph:

“(E) PERSONNEL.—The Executive Director of the Council may appoint and fix the compensation of such employees as the Executive Director considers necessary to carry out the roles and responsibilities of the Executive Director.”.

(b) Section 41009(d)(2) of Public Law 114–94 (42 U.S.C. 4370m–8(d)(2)) is amended by striking “staffing of the Office of the Executive Director” and inserting “appointing and fixing the compensation of such employees as the Executive Director considers necessary to carry out the roles and responsibilities of the Executive Director”.

SEC. 636. (a) DESIGNATION.—The Federal building located at 90 7th Street in San Francisco, California, shall be known and designated as the “Speaker Nancy Pelosi Federal Building”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the Federal building referred to in subsection (a) shall be deemed to be a reference to the “Speaker Nancy Pelosi Federal Building”.

SEC. 637. Of the unobligated balances available in the Department of the Treasury, Treasury Forfeiture Fund, established by section 9703 of title 31, United States Code, \$150,000,000 shall be permanently rescinded not later than September 30, 2023.

## TITLE VII

## GENERAL PROVISIONS—GOVERNMENT-WIDE

## DEPARTMENTS, AGENCIES, AND CORPORATIONS

## (INCLUDING TRANSFERS OF FUNDS)

SEC. 701. No department, agency, or instrumentality of the United States receiving appropriated funds under this or any other Act for fiscal year 2023 shall obligate or expend any such funds, unless such department, agency, or instrumentality has in place, and will continue to administer in good faith, a written policy designed to ensure that all of its workplaces are free from the illegal use, possession, or distribution of controlled substances (as defined in the Controlled Substances Act (21 U.S.C. 802)) by the officers and employees of such department, agency, or instrumentality.

SEC. 702. Unless otherwise specifically provided, the maximum amount allowable during the current fiscal year in accordance with section 1343(c) of title 31, United States Code, for the purchase of any passenger motor vehicle (exclusive of buses, ambulances, law enforcement vehicles, protective vehicles, and undercover surveillance vehicles), is hereby fixed at \$26,733 except station wagons for which the maximum shall be \$27,873: *Provided*, That these limits may be exceeded by not to exceed \$7,775 for police-type vehicles: *Provided further*, That the limits set forth in this section may not be exceeded by more than 5 percent for electric or hybrid vehicles purchased for demonstration under the provisions of the Electric and Hybrid Vehicle Research, Development, and Demonstration Act of 1976: *Provided further*, That the limits set forth in this section may be exceeded by the incremental cost of clean alternative fuels vehicles acquired pursuant to Public Law 101-549 over the cost of comparable conventionally fueled vehicles: *Provided further*, That the limits set forth in this section shall not apply to any vehicle that is a commercial item and which operates on alternative fuel, including but not limited to electric, plug-in hybrid electric, and hydrogen fuel cell vehicles.

SEC. 703. Appropriations of the executive departments and independent establishments for the current fiscal year available for expenses of travel, or for the expenses of the activity concerned, are hereby made available for quarters allowances and cost-of-living allowances, in accordance with 5 U.S.C. 5922-5924.

SEC. 704. Unless otherwise specified in law during the current fiscal year, no part of any appropriation contained in this or any other Act shall be used to pay the compensation of any officer or employee of the Government of the United States (including any agency the majority of the stock of which is owned by the Government of the United States) whose post of duty is in the continental United States unless such person: (1) is a citizen of the United States; (2) is a person who is lawfully admitted for permanent residence and is seeking citizenship as outlined in 8 U.S.C. 1324b(a)(3)(B); (3) is a person who is admitted as a refugee under 8 U.S.C. 1157 or is granted asylum under 8 U.S.C. 1158 and has filed a declaration of intention to become a lawful permanent resident and then a citizen when eligible; or (4) is a person who owes

allegiance to the United States: *Provided*, That for purposes of this section, affidavits signed by any such person shall be considered prima facie evidence that the requirements of this section with respect to his or her status are being complied with: *Provided further*, That for purposes of paragraphs (2) and (3) such affidavits shall be submitted prior to employment and updated thereafter as necessary: *Provided further*, That any person making a false affidavit shall be guilty of a felony, and upon conviction, shall be fined no more than \$4,000 or imprisoned for not more than 1 year, or both: *Provided further*, That the above penal clause shall be in addition to, and not in substitution for, any other provisions of existing law: *Provided further*, That any payment made to any officer or employee contrary to the provisions of this section shall be recoverable in action by the Federal Government: *Provided further*, That this section shall not apply to any person who is an officer or employee of the Government of the United States on the date of enactment of this Act, or to international broadcasters employed by the Broadcasting Board of Governors, or to temporary employment of translators, or to temporary employment in the field service (not to exceed 60 days) as a result of emergencies: *Provided further*, That this section does not apply to the employment as Wildland firefighters for not more than 120 days of nonresident aliens employed by the Department of the Interior or the USDA Forest Service pursuant to an agreement with another country.

SEC. 705. Appropriations available to any department or agency during the current fiscal year for necessary expenses, including maintenance or operating expenses, shall also be available for payment to the General Services Administration for charges for space and services and those expenses of renovation and alteration of buildings and facilities which constitute public improvements performed in accordance with the Public Buildings Act of 1959 (73 Stat. 479), the Public Buildings Amendments of 1972 (86 Stat. 216), or other applicable law.

SEC. 706. In addition to funds provided in this or any other Act, all Federal agencies are authorized to receive and use funds resulting from the sale of materials, including Federal records disposed of pursuant to a records schedule recovered through recycling or waste prevention programs. Such funds shall be available until expended for the following purposes:

(1) Acquisition, waste reduction and prevention, and recycling programs as described in Executive Order No. 14057 (December 8, 2021), including any such programs adopted prior to the effective date of the Executive order.

(2) Other Federal agency environmental management programs, including, but not limited to, the development and implementation of hazardous waste management and pollution prevention programs.

(3) Other employee programs as authorized by law or as deemed appropriate by the head of the Federal agency.

SEC. 707. Funds made available by this or any other Act for administrative expenses in the current fiscal year of the corporations and agencies subject to chapter 91 of title 31, United States Code, shall be available, in addition to objects for which such funds are otherwise available, for rent in the District of Columbia; services

in accordance with 5 U.S.C. 3109; and the objects specified under this head, all the provisions of which shall be applicable to the expenditure of such funds unless otherwise specified in the Act by which they are made available: *Provided*, That in the event any functions budgeted as administrative expenses are subsequently transferred to or paid from other funds, the limitations on administrative expenses shall be correspondingly reduced.

SEC. 708. No part of any appropriation contained in this or any other Act shall be available for interagency financing of boards (except Federal Executive Boards), commissions, councils, committees, or similar groups (whether or not they are interagency entities) which do not have a prior and specific statutory approval to receive financial support from more than one agency or instrumentality.

SEC. 709. None of the funds made available pursuant to the provisions of this or any other Act shall be used to implement, administer, or enforce any regulation which has been disapproved pursuant to a joint resolution duly adopted in accordance with the applicable law of the United States.

SEC. 710. During the period in which the head of any department or agency, or any other officer or civilian employee of the Federal Government appointed by the President of the United States, holds office, no funds may be obligated or expended in excess of \$5,000 to furnish or redecorate the office of such department head, agency head, officer, or employee, or to purchase furniture or make improvements for any such office, unless advance notice of such furnishing or redecoration is transmitted to the Committees on Appropriations of the House of Representatives and the Senate. For the purposes of this section, the term "office" shall include the entire suite of offices assigned to the individual, as well as any other space used primarily by the individual or the use of which is directly controlled by the individual.

SEC. 711. Notwithstanding 31 U.S.C. 1346, or section 708 of this Act, funds made available for the current fiscal year by this or any other Act shall be available for the interagency funding of national security and emergency preparedness telecommunications initiatives which benefit multiple Federal departments, agencies, or entities, as provided by Executive Order No. 13618 (July 6, 2012).

SEC. 712. (a) None of the funds made available by this or any other Act may be obligated or expended by any department, agency, or other instrumentality of the Federal Government to pay the salaries or expenses of any individual appointed to a position of a confidential or policy-determining character that is excepted from the competitive service under section 3302 of title 5, United States Code, (pursuant to schedule C of subpart C of part 213 of title 5 of the Code of Federal Regulations) unless the head of the applicable department, agency, or other instrumentality employing such schedule C individual certifies to the Director of the Office of Personnel Management that the schedule C position occupied by the individual was not created solely or primarily in order to detail the individual to the White House.

(b) The provisions of this section shall not apply to Federal employees or members of the armed forces detailed to or from an element of the intelligence community (as that term is defined under

section 3(4) of the National Security Act of 1947 (50 U.S.C. 3003(4))).

SEC. 713. No part of any appropriation contained in this or any other Act shall be available for the payment of the salary of any officer or employee of the Federal Government, who—

(1) prohibits or prevents, or attempts or threatens to prohibit or prevent, any other officer or employee of the Federal Government from having any direct oral or written communication or contact with any Member, committee, or subcommittee of the Congress in connection with any matter pertaining to the employment of such other officer or employee or pertaining to the department or agency of such other officer or employee in any way, irrespective of whether such communication or contact is at the initiative of such other officer or employee or in response to the request or inquiry of such Member, committee, or subcommittee; or

(2) removes, suspends from duty without pay, demotes, reduces in rank, seniority, status, pay, or performance or efficiency rating, denies promotion to, relocates, reassigns, transfers, disciplines, or discriminates in regard to any employment right, entitlement, or benefit, or any term or condition of employment of, any other officer or employee of the Federal Government, or attempts or threatens to commit any of the foregoing actions with respect to such other officer or employee, by reason of any communication or contact of such other officer or employee with any Member, committee, or subcommittee of the Congress as described in paragraph (1).

SEC. 714. (a) None of the funds made available in this or any other Act may be obligated or expended for any employee training that—

(1) does not meet identified needs for knowledge, skills, and abilities bearing directly upon the performance of official duties;

(2) contains elements likely to induce high levels of emotional response or psychological stress in some participants;

(3) does not require prior employee notification of the content and methods to be used in the training and written end of course evaluation;

(4) contains any methods or content associated with religious or quasi-religious belief systems or “new age” belief systems as defined in Equal Employment Opportunity Commission Notice N-915.022, dated September 2, 1988; or

(5) is offensive to, or designed to change, participants’ personal values or lifestyle outside the workplace.

(b) Nothing in this section shall prohibit, restrict, or otherwise preclude an agency from conducting training bearing directly upon the performance of official duties.

SEC. 715. No part of any funds appropriated in this or any other Act shall be used by an agency of the executive branch, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, and for the preparation, distribution or use of any kit, pamphlet, booklet, publication, radio, television, or film presentation designed to support or defeat legislation

pending before the Congress, except in presentation to the Congress itself.

SEC. 716. None of the funds appropriated by this or any other Act may be used by an agency to provide a Federal employee's home address to any labor organization except when the employee has authorized such disclosure or when such disclosure has been ordered by a court of competent jurisdiction.

SEC. 717. None of the funds made available in this or any other Act may be used to provide any non-public information such as mailing, telephone, or electronic mailing lists to any person or any organization outside of the Federal Government without the approval of the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 718. No part of any appropriation contained in this or any other Act shall be used directly or indirectly, including by private contractor, for publicity or propaganda purposes within the United States not heretofore authorized by Congress.

SEC. 719. (a) In this section, the term "agency"—

(1) means an Executive agency, as defined under 5 U.S.C. 105; and

(2) includes a military department, as defined under section 102 of such title and the United States Postal Service.

(b) Unless authorized in accordance with law or regulations to use such time for other purposes, an employee of an agency shall use official time in an honest effort to perform official duties. An employee not under a leave system, including a Presidential appointee exempted under 5 U.S.C. 6301(2), has an obligation to expend an honest effort and a reasonable proportion of such employee's time in the performance of official duties.

SEC. 720. Notwithstanding 31 U.S.C. 1346 and section 708 of this Act, funds made available for the current fiscal year by this or any other Act to any department or agency, which is a member of the Federal Accounting Standards Advisory Board (FASAB), shall be available to finance an appropriate share of FASAB administrative costs.

SEC. 721. Notwithstanding 31 U.S.C. 1346 and section 708 of this Act, the head of each Executive department and agency is hereby authorized to transfer to or reimburse "General Services Administration, Government-wide Policy" with the approval of the Director of the Office of Management and Budget, funds made available for the current fiscal year by this or any other Act, including rebates from charge card and other contracts: *Provided*, That these funds shall be administered by the Administrator of General Services to support Government-wide and other multi-agency financial, information technology, procurement, and other management innovations, initiatives, and activities, including improving coordination and reducing duplication, as approved by the Director of the Office of Management and Budget, in consultation with the appropriate interagency and multi-agency groups designated by the Director (including the President's Management Council for overall management improvement initiatives, the Chief Financial Officers Council for financial management initiatives, the Chief Information Officers Council for information technology initiatives, the Chief Human Capital Officers Council for human capital initiatives, the

Chief Acquisition Officers Council for procurement initiatives, and the Performance Improvement Council for performance improvement initiatives): *Provided further*, That the total funds transferred or reimbursed shall not exceed \$15,000,000 to improve coordination, reduce duplication, and for other activities related to Federal Government Priority Goals established by 31 U.S.C. 1120, and not to exceed \$17,000,000 for Government-wide innovations, initiatives, and activities: *Provided further*, That the funds transferred to or for reimbursement of “General Services Administration, Government-Wide Policy” during fiscal year 2023 shall remain available for obligation through September 30, 2024: *Provided further*, That not later than 90 days after enactment of this Act, the Director of the Office of Management and Budget, in consultation with the Administrator of General Services, shall submit to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Homeland Security and Governmental Affairs of the Senate, and the Committee on Oversight and Reform of the House of Representatives a detailed spend plan for the funds to be transferred or reimbursed: *Provided further*, That the spend plan shall, at a minimum, include: (i) the amounts currently in the funds authorized under this section and the estimate of amounts to be transferred or reimbursed in fiscal year 2023; (ii) a detailed breakdown of the purposes for all funds estimated to be transferred or reimbursed pursuant to this section (including total number of personnel and costs for all staff whose salaries are provided for by this section); (iii) where applicable, a description of the funds intended for use by or for the benefit of each executive council; and (iv) where applicable, a description of the funds intended for use by or for the implementation of specific laws passed by Congress: *Provided further*, That no transfers or reimbursements may be made pursuant to this section until 15 days following notification of the Committees on Appropriations of the House of Representatives and the Senate by the Director of the Office of Management and Budget.

SEC. 722. Notwithstanding any other provision of law, a woman may breastfeed her child at any location in a Federal building or on Federal property, if the woman and her child are otherwise authorized to be present at the location.

SEC. 723. Notwithstanding 31 U.S.C. 1346, or section 708 of this Act, funds made available for the current fiscal year by this or any other Act shall be available for the interagency funding of specific projects, workshops, studies, and similar efforts to carry out the purposes of the National Science and Technology Council (authorized by Executive Order No. 12881), which benefit multiple Federal departments, agencies, or entities: *Provided*, That the Office of Management and Budget shall provide a report describing the budget of and resources connected with the National Science and Technology Council to the Committees on Appropriations, the House Committee on Science, Space, and Technology, and the Senate Committee on Commerce, Science, and Transportation 90 days after enactment of this Act.

SEC. 724. Any request for proposals, solicitation, grant application, form, notification, press release, or other publications involving the distribution of Federal funds shall comply with any rel-

evant requirements in part 200 of title 2, Code of Federal Regulations: *Provided*, That this section shall apply to direct payments, formula funds, and grants received by a State receiving Federal funds.

SEC. 725. (a) PROHIBITION OF FEDERAL AGENCY MONITORING OF INDIVIDUALS' INTERNET USE.—None of the funds made available in this or any other Act may be used by any Federal agency—

(1) to collect, review, or create any aggregation of data, derived from any means, that includes any personally identifiable information relating to an individual's access to or use of any Federal Government Internet site of the agency; or

(2) to enter into any agreement with a third party (including another government agency) to collect, review, or obtain any aggregation of data, derived from any means, that includes any personally identifiable information relating to an individual's access to or use of any nongovernmental Internet site.

(b) EXCEPTIONS.—The limitations established in subsection (a) shall not apply to—

(1) any record of aggregate data that does not identify particular persons;

(2) any voluntary submission of personally identifiable information;

(3) any action taken for law enforcement, regulatory, or supervisory purposes, in accordance with applicable law; or

(4) any action described in subsection (a)(1) that is a system security action taken by the operator of an Internet site and is necessarily incident to providing the Internet site services or to protecting the rights or property of the provider of the Internet site.

(c) DEFINITIONS.—For the purposes of this section:

(1) The term “regulatory” means agency actions to implement, interpret or enforce authorities provided in law.

(2) The term “supervisory” means examinations of the agency's supervised institutions, including assessing safety and soundness, overall financial condition, management practices and policies and compliance with applicable standards as provided in law.

SEC. 726. (a) None of the funds appropriated by this Act may be used to enter into or renew a contract which includes a provision providing prescription drug coverage, except where the contract also includes a provision for contraceptive coverage.

(b) Nothing in this section shall apply to a contract with—

(1) any of the following religious plans:

(A) Personal Care's HMO; and

(B) OSF HealthPlans, Inc.; and

(2) any existing or future plan, if the carrier for the plan objects to such coverage on the basis of religious beliefs.

(c) In implementing this section, any plan that enters into or renews a contract under this section may not subject any individual to discrimination on the basis that the individual refuses to prescribe or otherwise provide for contraceptives because such activities would be contrary to the individual's religious beliefs or moral convictions.

(d) Nothing in this section shall be construed to require coverage of abortion or abortion-related services.

SEC. 727. The United States is committed to ensuring the health of its Olympic, Pan American, and Paralympic athletes, and supports the strict adherence to anti-doping in sport through testing, adjudication, education, and research as performed by nationally recognized oversight authorities.

SEC. 728. Notwithstanding any other provision of law, funds appropriated for official travel to Federal departments and agencies may be used by such departments and agencies, if consistent with Office of Management and Budget Circular A-126 regarding official travel for Government personnel, to participate in the fractional aircraft ownership pilot program.

SEC. 729. Notwithstanding any other provision of law, none of the funds appropriated or made available under this or any other appropriations Act may be used to implement or enforce restrictions or limitations on the Coast Guard Congressional Fellowship Program, or to implement the proposed regulations of the Office of Personnel Management to add sections 300.311 through 300.316 to part 300 of title 5 of the Code of Federal Regulations, published in the Federal Register, volume 68, number 174, on September 9, 2003 (relating to the detail of executive branch employees to the legislative branch).

SEC. 730. Notwithstanding any other provision of law, no executive branch agency shall purchase, construct, or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without the advance approval of the Committees on Appropriations of the House of Representatives and the Senate, except that the Federal Law Enforcement Training Centers is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training which cannot be accommodated in existing Centers facilities.

SEC. 731. Unless otherwise authorized by existing law, none of the funds provided in this or any other Act may be used by an executive branch agency to produce any prepackaged news story intended for broadcast or distribution in the United States, unless the story includes a clear notification within the text or audio of the prepackaged news story that the prepackaged news story was prepared or funded by that executive branch agency.

SEC. 732. None of the funds made available in this Act may be used in contravention of section 552a of title 5, United States Code (popularly known as the Privacy Act), and regulations implementing that section.

SEC. 733. (a) IN GENERAL.—None of the funds appropriated or otherwise made available by this or any other Act may be used for any Federal Government contract with any foreign incorporated entity which is treated as an inverted domestic corporation under section 835(b) of the Homeland Security Act of 2002 (6 U.S.C. 395(b)) or any subsidiary of such an entity.

(b) WAIVERS.—

(1) IN GENERAL.—Any Secretary shall waive subsection (a) with respect to any Federal Government contract under the au-

thority of such Secretary if the Secretary determines that the waiver is required in the interest of national security.

(2) REPORT TO CONGRESS.—Any Secretary issuing a waiver under paragraph (1) shall report such issuance to Congress.

(c) EXCEPTION.—This section shall not apply to any Federal Government contract entered into before the date of the enactment of this Act, or to any task order issued pursuant to such contract.

SEC. 734. During fiscal year 2023, for each employee who—

(1) retires under section 8336(d)(2) or 8414(b)(1)(B) of title 5, United States Code; or

(2) retires under any other provision of subchapter III of chapter 83 or chapter 84 of such title 5 and receives a payment as an incentive to separate, the separating agency shall remit to the Civil Service Retirement and Disability Fund an amount equal to the Office of Personnel Management's average unit cost of processing a retirement claim for the preceding fiscal year. Such amounts shall be available until expended to the Office of Personnel Management and shall be deemed to be an administrative expense under section 8348(a)(1)(B) of title 5, United States Code.

SEC. 735. (a) None of the funds made available in this or any other Act may be used to recommend or require any entity submitting an offer for a Federal contract to disclose any of the following information as a condition of submitting the offer:

(1) Any payment consisting of a contribution, expenditure, independent expenditure, or disbursement for an electioneering communication that is made by the entity, its officers or directors, or any of its affiliates or subsidiaries to a candidate for election for Federal office or to a political committee, or that is otherwise made with respect to any election for Federal office.

(2) Any disbursement of funds (other than a payment described in paragraph (1)) made by the entity, its officers or directors, or any of its affiliates or subsidiaries to any person with the intent or the reasonable expectation that the person will use the funds to make a payment described in paragraph (1).

(b) In this section, each of the terms “contribution”, “expenditure”, “independent expenditure”, “electioneering communication”, “candidate”, “election”, and “Federal office” has the meaning given such term in the Federal Election Campaign Act of 1971 (52 U.S.C. 30101 et seq.).

SEC. 736. None of the funds made available in this or any other Act may be used to pay for the painting of a portrait of an officer or employee of the Federal Government, including the President, the Vice President, a Member of Congress (including a Delegate or a Resident Commissioner to Congress), the head of an executive branch agency (as defined in section 133 of title 41, United States Code), or the head of an office of the legislative branch.

SEC. 737. (a)(1) Notwithstanding any other provision of law, and except as otherwise provided in this section, no part of any of the funds appropriated for fiscal year 2023, by this or any other Act, may be used to pay any prevailing rate employee described in section 5342(a)(2)(A) of title 5, United States Code—

(A) during the period from the date of expiration of the limitation imposed by the comparable section for the previous fiscal years until the normal effective date of the applicable wage survey adjustment that is to take effect in fiscal year 2023, in an amount that exceeds the rate payable for the applicable grade and step of the applicable wage schedule in accordance with such section; and

(B) during the period consisting of the remainder of fiscal year 2023, in an amount that exceeds, as a result of a wage survey adjustment, the rate payable under subparagraph (A) by more than the sum of—

(i) the percentage adjustment taking effect in fiscal year 2023 under section 5303 of title 5, United States Code, in the rates of pay under the General Schedule; and

(ii) the difference between the overall average percentage of the locality-based comparability payments taking effect in fiscal year 2023 under section 5304 of such title (whether by adjustment or otherwise), and the overall average percentage of such payments which was effective in the previous fiscal year under such section.

(2) Notwithstanding any other provision of law, no prevailing rate employee described in subparagraph (B) or (C) of section 5342(a)(2) of title 5, United States Code, and no employee covered by section 5348 of such title, may be paid during the periods for which paragraph (1) is in effect at a rate that exceeds the rates that would be payable under paragraph (1) were paragraph (1) applicable to such employee.

(3) For the purposes of this subsection, the rates payable to an employee who is covered by this subsection and who is paid from a schedule not in existence on September 30, 2022, shall be determined under regulations prescribed by the Office of Personnel Management.

(4) Notwithstanding any other provision of law, rates of premium pay for employees subject to this subsection may not be changed from the rates in effect on September 30, 2022, except to the extent determined by the Office of Personnel Management to be consistent with the purpose of this subsection.

(5) This subsection shall apply with respect to pay for service performed after September 30, 2022.

(6) For the purpose of administering any provision of law (including any rule or regulation that provides premium pay, retirement, life insurance, or any other employee benefit) that requires any deduction or contribution, or that imposes any requirement or limitation on the basis of a rate of salary or basic pay, the rate of salary or basic pay payable after the application of this subsection shall be treated as the rate of salary or basic pay.

(7) Nothing in this subsection shall be considered to permit or require the payment to any employee covered by this subsection at a rate in excess of the rate that would be payable were this subsection not in effect.

(8) The Office of Personnel Management may provide for exceptions to the limitations imposed by this subsection if the Office determines that such exceptions are necessary to ensure the recruitment or retention of qualified employees.

(b) Notwithstanding subsection (a), the adjustment in rates of basic pay for the statutory pay systems that take place in fiscal year 2023 under sections 5344 and 5348 of title 5, United States Code, shall be—

(1) not less than the percentage received by employees in the same location whose rates of basic pay are adjusted pursuant to the statutory pay systems under sections 5303 and 5304 of title 5, United States Code: *Provided*, That prevailing rate employees at locations where there are no employees whose pay is increased pursuant to sections 5303 and 5304 of title 5, United States Code, and prevailing rate employees described in section 5343(a)(5) of title 5, United States Code, shall be considered to be located in the pay locality designated as “Rest of United States” pursuant to section 5304 of title 5, United States Code, for purposes of this subsection; and

(2) effective as of the first day of the first applicable pay period beginning after September 30, 2022.

SEC. 738. (a) The head of any Executive branch department, agency, board, commission, or office funded by this or any other appropriations Act shall submit annual reports to the Inspector General or senior ethics official for any entity without an Inspector General, regarding the costs and contracting procedures related to each conference held by any such department, agency, board, commission, or office during fiscal year 2023 for which the cost to the United States Government was more than \$100,000.

(b) Each report submitted shall include, for each conference described in subsection (a) held during the applicable period—

(1) a description of its purpose;

(2) the number of participants attending;

(3) a detailed statement of the costs to the United States Government, including—

(A) the cost of any food or beverages;

(B) the cost of any audio-visual services;

(C) the cost of employee or contractor travel to and from the conference; and

(D) a discussion of the methodology used to determine which costs relate to the conference; and

(4) a description of the contracting procedures used including—

(A) whether contracts were awarded on a competitive basis; and

(B) a discussion of any cost comparison conducted by the departmental component or office in evaluating potential contractors for the conference.

(c) Within 15 days after the end of a quarter, the head of any such department, agency, board, commission, or office shall notify the Inspector General or senior ethics official for any entity without an Inspector General, of the date, location, and number of employees attending a conference held by any Executive branch department, agency, board, commission, or office funded by this or any other appropriations Act during fiscal year 2023 for which the cost to the United States Government was more than \$20,000.

(d) A grant or contract funded by amounts appropriated by this or any other appropriations Act may not be used for the purpose

of defraying the costs of a conference described in subsection (c) that is not directly and programmatically related to the purpose for which the grant or contract was awarded, such as a conference held in connection with planning, training, assessment, review, or other routine purposes related to a project funded by the grant or contract.

(e) None of the funds made available in this or any other appropriations Act may be used for travel and conference activities that are not in compliance with Office of Management and Budget Memorandum M-12-12 dated May 11, 2012 or any subsequent revisions to that memorandum.

SEC. 739. None of the funds made available in this or any other appropriations Act may be used to increase, eliminate, or reduce funding for a program, project, or activity as proposed in the President's budget request for a fiscal year until such proposed change is subsequently enacted in an appropriation Act, or unless such change is made pursuant to the reprogramming or transfer provisions of this or any other appropriations Act.

SEC. 740. None of the funds made available by this or any other Act may be used to implement, administer, enforce, or apply the rule entitled "Competitive Area" published by the Office of Personnel Management in the Federal Register on April 15, 2008 (73 Fed. Reg. 20180 et seq.).

SEC. 741. None of the funds appropriated or otherwise made available by this or any other Act may be used to begin or announce a study or public-private competition regarding the conversion to contractor performance of any function performed by Federal employees pursuant to Office of Management and Budget Circular A-76 or any other administrative regulation, directive, or policy.

SEC. 742. (a) None of the funds appropriated or otherwise made available by this or any other Act may be available for a contract, grant, or cooperative agreement with an entity that requires employees or contractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The limitation in subsection (a) shall not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the non-disclosure of classified information.

SEC. 743. (a) No funds appropriated in this or any other Act may be used to implement or enforce the agreements in Standard Forms 312 and 4414 of the Government or any other nondisclosure policy, form, or agreement if such policy, form, or agreement does not contain the following provisions: "These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General or the Office of Special Counsel of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of au-

thority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling.”: *Provided*, That notwithstanding the preceding provision of this section, a nondisclosure policy form or agreement that is to be executed by a person connected with the conduct of an intelligence or intelligence-related activity, other than an employee or officer of the United States Government, may contain provisions appropriate to the particular activity for which such document is to be used. Such form or agreement shall, at a minimum, require that the person will not disclose any classified information received in the course of such activity unless specifically authorized to do so by the United States Government. Such nondisclosure forms shall also make it clear that they do not bar disclosures to Congress, or to an authorized official of an executive agency or the Department of Justice, that are essential to reporting a substantial violation of law.

(b) A nondisclosure agreement may continue to be implemented and enforced notwithstanding subsection (a) if it complies with the requirements for such agreement that were in effect when the agreement was entered into.

(c) No funds appropriated in this or any other Act may be used to implement or enforce any agreement entered into during fiscal year 2014 which does not contain substantially similar language to that required in subsection (a).

SEC. 744. None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

SEC. 745. None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

SEC. 746. (a) During fiscal year 2023, on the date on which a request is made for a transfer of funds in accordance with section 1017 of Public Law 111–203, the Bureau of Consumer Financial Protection shall notify the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Finan-

cial Services of the House of Representatives, and the Committee on Banking, Housing, and Urban Affairs of the Senate of such request.

(b) Any notification required by this section shall be made available on the Bureau's public website.

SEC. 747. (a) Notwithstanding any official rate adjusted under section 104 of title 3, United States Code, the rate payable to the Vice President during calendar year 2023 shall be the rate payable to the Vice President on December 31, 2022, by operation of section 747 of division E of Public Law 117–103.

(b) Notwithstanding any official rate adjusted under section 5318 of title 5, United States Code, or any other provision of law, the payable rate during calendar year 2023 for an employee serving in an Executive Schedule position, or in a position for which the rate of pay is fixed by statute at an Executive Schedule rate, shall be the rate payable for the applicable Executive Schedule level on December 31, 2022, by operation of section 747 of division E of Public Law 117–103. Such an employee may not receive a rate increase during calendar year 2023, except as provided in subsection (i).

(c) Notwithstanding section 401 of the Foreign Service Act of 1980 (Public Law 96–465) or any other provision of law, a chief of mission or ambassador at large is subject to subsection (b) in the same manner as other employees who are paid at an Executive Schedule rate.

(d)(1) This subsection applies to—

(A) a noncareer appointee in the Senior Executive Service paid a rate of basic pay at or above the official rate for level IV of the Executive Schedule; or

(B) a limited term appointee or limited emergency appointee in the Senior Executive Service serving under a political appointment and paid a rate of basic pay at or above the official rate for level IV of the Executive Schedule.

(2) Notwithstanding sections 5382 and 5383 of title 5, United States Code, an employee described in paragraph (1) may not receive a pay rate increase during calendar year 2023, except as provided in subsection (i).

(e) Notwithstanding any other provision of law, any employee paid a rate of basic pay (including any locality based payments under section 5304 of title 5, United States Code, or similar authority) at or above the official rate for level IV of the Executive Schedule who serves under a political appointment may not receive a pay rate increase during calendar year 2023, except as provided in subsection (i). This subsection does not apply to employees in the General Schedule pay system or the Foreign Service pay system, to employees appointed under section 3161 of title 5, United States Code, or to employees in another pay system whose position would be classified at GS–15 or below if chapter 51 of title 5, United States Code, applied to them.

(f) Nothing in subsections (b) through (e) shall prevent employees who do not serve under a political appointment from receiving pay increases as otherwise provided under applicable law.

(g) This section does not apply to an individual who makes an election to retain Senior Executive Service basic pay under section

3392(c) of title 5, United States Code, for such time as that election is in effect.

(h) This section does not apply to an individual who makes an election to retain Senior Foreign Service pay entitlements under section 302(b) of the Foreign Service Act of 1980 (Public Law 96-465) for such time as that election is in effect.

(i) Notwithstanding subsections (b) through (e), an employee in a covered position may receive a pay rate increase upon an authorized movement to a different covered position only if that new position has higher-level duties and a pre-established level or range of pay higher than the level or range for the position held immediately before the movement. Any such increase must be based on the rates of pay and applicable limitations on payable rates of pay in effect on December 31, 2022, by operation of section 747 of division E of Public Law 117-103.

(j) Notwithstanding any other provision of law, for an individual who is newly appointed to a covered position during the period of time subject to this section, the initial pay rate shall be based on the rates of pay and applicable limitations on payable rates of pay in effect on December 31, 2022, by operation of section 747 of division E of Public Law 117-103.

(k) If an employee affected by this section is subject to a biweekly pay period that begins in calendar year 2023 but ends in calendar year 2024, the bar on the employee's receipt of pay rate increases shall apply through the end of that pay period.

(l) For the purpose of this section, the term "covered position" means a position occupied by an employee whose pay is restricted under this section.

(m) This section takes effect on the first day of the first applicable pay period beginning on or after January 1, 2023.

SEC. 748. In the event of a violation of the Impoundment Control Act of 1974, the President or the head of the relevant department or agency, as the case may be, shall report immediately to the Congress all relevant facts and a statement of actions taken: *Provided*, That a copy of each report shall also be transmitted to the Committees on Appropriations of the House of Representatives and the Senate and the Comptroller General on the same date the report is transmitted to the Congress.

SEC. 749. (a) Each department or agency of the executive branch of the United States Government shall notify the Committees on Appropriations and the Budget of the House of Representatives and the Senate and any other appropriate congressional committees if—

(1) an apportionment is not made in the required time period provided in section 1513(b) of title 31, United States Code;

(2) an approved apportionment received by the department or agency conditions the availability of an appropriation on further action; or

(3) an approved apportionment received by the department or agency may hinder the prudent obligation of such appropriation or the execution of a program, project, or activity by such department or agency.

(b) Any notification submitted to a congressional committee pursuant to this section shall contain information identifying the bu-

reau, account name, appropriation name, and Treasury Appropriation Fund Symbol or fund account.

SEC. 750. (a) Any non-Federal entity receiving funds provided in this or any other appropriations Act for fiscal year 2023 that are specified in the disclosure table submitted in compliance with clause 9 of rule XXI of the Rules of the House of Representatives or Rule XLIV of the Standing Rules of the Senate that is included in the report or explanatory statement accompanying any such Act shall be deemed to be a recipient of a Federal award with respect to such funds for purposes of the requirements of 2 CFR 200.334, regarding records retention, and 2 CFR 200.337, regarding access by the Comptroller General of the United States.

(b) Nothing in this section shall be construed to limit, amend, supersede, or restrict in any manner any requirements otherwise applicable to non-Federal entities described in paragraph (1) or any existing authority of the Comptroller General.

SEC. 751. Notwithstanding section 1346 of title 31, United States Code, or section 708 of this Act, funds made available by this or any other Act to any Federal agency may be used by that Federal agency for interagency funding for coordination with, participation in, or recommendations involving, activities of the U.S. Army Medical Research and Development Command, the Congressionally Directed Medical Research Programs and the National Institutes of Health research programs.

SEC. 752. (a)(1) Not later than 100 days after the date of enactment of this Act, the Director of the Office of Management and Budget (in this section referred to as the “Director”), in coordination with the Architectural and Transportation Barriers Compliance Board and the Administrator of General Services (in this section referred to as the “Administrator”), shall disseminate amended or updated criteria and instructions to any Federal department or agency (in this section referred to as an “agency”) covered by section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d) for the evaluation required pursuant to paragraph (3)(B).

(2) Such criteria and instructions shall—

(A) include, at minimum, requirements that information technologies and digital services must—

(i) conform to the technical standards referenced in subsection (a)(2)(A) of such section 508, as determined by appropriate conformance testing; and

(ii) be accessible to and usable by individuals with disabilities as determined from consultation with individuals with disabilities, including those with visual, auditory, tactile, and cognitive disabilities, or members of any disability organization; and

(B) provide guidance to agencies regarding the types and format of data and information to be submitted to the Director and the Administrator pursuant to paragraph (3), including how to submit such data and information, the metrics by which compliance will be assessed in the reports required in subsection (b), and any other directions necessary for agencies to demonstrate compliance with accessibility standards for electronic and information technology procured and in use within an agency, as required by such section 508.

(3) Not later than 225 days after the date of enactment of this Act, the head of each agency shall—

(A) evaluate the extent to which the electronic and information technology of the agency are accessible to and usable by individuals with disabilities described in subsection (a)(1) of such section 508 compared to the access to and use of the technology and services by individuals described in such section who are not individuals with disabilities;

(B) evaluate the electronic and information technology of the agency in accordance with the criteria and instructions provided in paragraph (1); and

(C) submit a report containing the evaluations jointly to the Director and the Administrator.

(b)(1) Not later than 1 year after the date of enactment of this Act, and annually thereafter, the Administrator, in consultation with the Director, shall prepare and submit to the Committees on Appropriations and Homeland Security and Governmental Affairs of the Senate and the Committees on Appropriations and Oversight and Reform of the House of Representatives a report that shall include—

(A) a comprehensive assessment (including information identifying the metrics and data used) of compliance by each agency, and by the Federal Government generally, with the criteria and instructions disseminated under subsection (a)(1);

(B) a detailed description of the actions, activities, and other efforts made by the Administrator over the year preceding submission to support such compliance at agencies and any planned efforts in the coming year to improve compliance at agencies; and

(C) a list of recommendations that agencies or Congress may take to help support that compliance.

(2) The Administrator shall ensure that the reports required under this subsection are made available on a public website and are maintained as an open Government data asset (as that term is defined in section 3502 of title 44, United States Code).

SEC. 753. Notwithstanding 31 U.S.C. 1346 and section 708 of this Act, the head of each Executive department and agency is hereby authorized to transfer to or reimburse “General Services Administration, Federal Citizen Services Fund” with the approval of the Director of the Office of Management and Budget, funds made available for the current fiscal year by this or any other Act, including rebates from charge card and other contracts: *Provided*, That these funds, in addition to amounts otherwise available, shall be administered by the Administrator of General Services to carry out the purposes of the Federal Citizen Services Fund and to support Government-wide and other multi-agency financial, information technology, procurement, and other activities, including services authorized by 44 U.S.C. 3604 and enabling Federal agencies to take advantage of information technology in sharing information: *Provided further*, That the total funds transferred or reimbursed shall not exceed \$15,000,000 for such purposes: *Provided further*, That the funds transferred to or for reimbursement of “General Services Administration, Federal Citizen Services Fund” during fiscal year 2023 shall remain available for obligation through September 30,

2024: *Provided further*, That not later than 90 days after enactment of this Act, the Administrator of General Services, in consultation with the Director of the Office of Management and Budget, shall submit to the Committees on Appropriations of the House of Representatives and the Senate a detailed spend plan for the funds to be transferred or reimbursed: *Provided further*, That the spend plan shall, at a minimum, include: (i) the amounts currently in the funds authorized under this section and the estimate of amounts to be transferred or reimbursed in fiscal year 2023; (ii) a detailed breakdown of the purposes for all funds estimated to be transferred or reimbursed pursuant to this section (including total number of personnel and costs for all staff whose salaries are provided for by this section); and (iii) where applicable, a description of the funds intended for use by or for the implementation of specific laws passed by Congress: *Provided further*, That no transfers or reimbursements may be made pursuant to this section until 15 days following notification of the Committees on Appropriations of the House of Representatives and the Senate by the Director of the Office of Management and Budget.

SEC. 754. Except as expressly provided otherwise, any reference to “this Act” contained in any title other than title IV or VIII shall not apply to such title IV or VIII.

## TITLE VIII

### GENERAL PROVISIONS—DISTRICT OF COLUMBIA

#### (INCLUDING TRANSFERS OF FUNDS)

SEC. 801. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government.

SEC. 802. None of the Federal funds provided in this Act shall be used for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

SEC. 803. (a) None of the Federal funds provided under this Act to the agencies funded by this Act, both Federal and District government agencies, that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditures for an agency through a reprogramming of funds which—

- (1) creates new programs;
- (2) eliminates a program, project, or responsibility center;
- (3) establishes or changes allocations specifically denied, limited or increased under this Act;
- (4) increases funds or personnel by any means for any program, project, or responsibility center for which funds have been denied or restricted;
- (5) re-establishes any program or project previously deferred through reprogramming;

(6) augments any existing program, project, or responsibility center through a reprogramming of funds in excess of \$3,000,000 or 10 percent, whichever is less; or

(7) increases by 20 percent or more personnel assigned to a specific program, project or responsibility center, unless prior approval is received from the Committees on Appropriations of the House of Representatives and the Senate.

(b) The District of Columbia government is authorized to approve and execute reprogramming and transfer requests of local funds under this title through November 7, 2023.

SEC. 804. None of the Federal funds provided in this Act may be used by the District of Columbia to provide for salaries, expenses, or other costs associated with the offices of United States Senator or United States Representative under section 4(d) of the District of Columbia Statehood Constitutional Convention Initiatives of 1979 (D.C. Law 3-171; D.C. Official Code, sec. 1-123).

SEC. 805. Except as otherwise provided in this section, none of the funds made available by this Act or by any other Act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer's or employee's official duties. For purposes of this section, the term "official duties" does not include travel between the officer's or employee's residence and workplace, except in the case of—

(1) an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or is otherwise designated by the Chief of the Department;

(2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day;

(3) at the discretion of the Director of the Department of Corrections, an officer or employee of the District of Columbia Department of Corrections who resides in the District of Columbia and is on call 24 hours a day;

(4) at the discretion of the Chief Medical Examiner, an officer or employee of the Office of the Chief Medical Examiner who resides in the District of Columbia and is on call 24 hours a day;

(5) at the discretion of the Director of the Homeland Security and Emergency Management Agency, an officer or employee of the Homeland Security and Emergency Management Agency who resides in the District of Columbia and is on call 24 hours a day;

(6) the Mayor of the District of Columbia; and

(7) the Chairman of the Council of the District of Columbia.

SEC. 806. (a) None of the Federal funds contained in this Act may be used by the District of Columbia Attorney General or any other officer or entity of the District government to provide assistance for any petition drive or civil action which seeks to require Congress to provide for voting representation in Congress for the District of Columbia.

(b) Nothing in this section bars the District of Columbia Attorney General from reviewing or commenting on briefs in private law-

suits, or from consulting with officials of the District government regarding such lawsuits.

SEC. 807. None of the Federal funds contained in this Act may be used to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that has been determined by the local public health or local law enforcement authorities to be inappropriate for such distribution.

SEC. 808. Nothing in this Act may be construed to prevent the Council or Mayor of the District of Columbia from addressing the issue of the provision of contraceptive coverage by health insurance plans, but it is the intent of Congress that any legislation enacted on such issue should include a "conscience clause" which provides exceptions for religious beliefs and moral convictions.

SEC. 809. (a) None of the Federal funds contained in this Act may be used to enact or carry out any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative.

(b) No funds available for obligation or expenditure by the District of Columbia government under any authority may be used to enact any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative for recreational purposes.

SEC. 810. No funds available for obligation or expenditure by the District of Columbia government under any authority shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

SEC. 811. (a) No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council of the District of Columbia, a revised appropriated funds operating budget in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1-204.42), for all agencies of the District of Columbia government for fiscal year 2023 that is in the total amount of the approved appropriation and that realigns all budgeted data for personal services and other-than-personal services, respectively, with anticipated actual expenditures.

(b) This section shall apply only to an agency for which the Chief Financial Officer for the District of Columbia certifies that a reallocation is required to address unanticipated changes in program requirements.

SEC. 812. No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council for the District of Columbia, a revised appropriated funds operating budget for the District of Columbia Public Schools that aligns schools budgets to actual enrollment. The revised appropriated funds budget shall be in the format

of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1–204.42).

SEC. 813. (a) Amounts appropriated in this Act as operating funds may be transferred to the District of Columbia's enterprise and capital funds and such amounts, once transferred, shall retain appropriation authority consistent with the provisions of this Act.

(b) The District of Columbia government is authorized to reprogram or transfer for operating expenses any local funds transferred or reprogrammed in this or the four prior fiscal years from operating funds to capital funds, and such amounts, once transferred or reprogrammed, shall retain appropriation authority consistent with the provisions of this Act.

(c) The District of Columbia government may not transfer or reprogram for operating expenses any funds derived from bonds, notes, or other obligations issued for capital projects.

SEC. 814. None of the Federal funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, unless expressly so provided herein.

SEC. 815. Except as otherwise specifically provided by law or under this Act, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2023 from appropriations of Federal funds made available for salaries and expenses for fiscal year 2023 in this Act, shall remain available through September 30, 2024, for each such account for the purposes authorized: *Provided*, That a request shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate for approval prior to the expenditure of such funds: *Provided further*, That these requests shall be made in compliance with reprogramming guidelines outlined in section 803 of this Act.

SEC. 816. (a)(1) During fiscal year 2024, during a period in which neither a District of Columbia continuing resolution or a regular District of Columbia appropriation bill is in effect, local funds are appropriated in the amount provided for any project or activity for which local funds are provided in the Act referred to in paragraph (2) (subject to any modifications enacted by the District of Columbia as of the beginning of the period during which this subsection is in effect) at the rate set forth by such Act.

(2) The Act referred to in this paragraph is the Act of the Council of the District of Columbia pursuant to which a proposed budget is approved for fiscal year 2024 which (subject to the requirements of the District of Columbia Home Rule Act) will constitute the local portion of the annual budget for the District of Columbia government for fiscal year 2024 for purposes of section 446 of the District of Columbia Home Rule Act (sec. 1–204.46, D.C. Official Code).

(b) Appropriations made by subsection (a) shall cease to be available—

(1) during any period in which a District of Columbia continuing resolution for fiscal year 2024 is in effect; or

(2) upon the enactment into law of the regular District of Columbia appropriation bill for fiscal year 2024.

(c) An appropriation made by subsection (a) is provided under the authority and conditions as provided under this Act and shall

be available to the extent and in the manner that would be provided by this Act.

(d) An appropriation made by subsection (a) shall cover all obligations or expenditures incurred for such project or activity during the portion of fiscal year 2024 for which this section applies to such project or activity.

(e) This section shall not apply to a project or activity during any period of fiscal year 2024 if any other provision of law (other than an authorization of appropriations)—

(1) makes an appropriation, makes funds available, or grants authority for such project or activity to continue for such period; or

(2) specifically provides that no appropriation shall be made, no funds shall be made available, or no authority shall be granted for such project or activity to continue for such period.

(f) Nothing in this section shall be construed to affect obligations of the government of the District of Columbia mandated by other law.

SEC. 817. (a) Section 244 of the Revised Statutes of the United States relating to the District of Columbia (sec. 9–1201.03, D.C. Official Code) does not apply with respect to any railroads installed pursuant to the Long Bridge Project.

(b) In this section, the term “Long Bridge Project” means the project carried out by the District of Columbia and the Commonwealth of Virginia to construct a new Long Bridge adjacent to the existing Long Bridge over the Potomac River, including related infrastructure and other related projects, to expand commuter and regional passenger rail service and to provide bike and pedestrian access crossings over the Potomac River.

SEC. 818. Not later than 45 days after the last day of each quarter, each Federal and District government agency appropriated Federal funds in this Act shall submit to the Committees on Appropriations of the House of Representatives and the Senate a quarterly budget report that includes total obligations of the Agency for that quarter for each Federal funds appropriation provided in this Act, by the source year of the appropriation.

SEC. 819. (a)(1) Section 11–2604(a), District of Columbia Official Code, is amended by striking “at a fixed rate of \$90 per hour” and inserting “an hourly rate not to exceed the rate payable under section 3006A(d)(1) of title 18, United States Code”.

(2) The amendments made by this section shall apply with respect to cases and proceedings initiated on or after the date of the enactment of this Act.

(b)(1) Section 11–2605, District of Columbia Official Code, is amended in subsections (b) and (c) by striking “(or, in the case of investigative services, a fixed rate of \$25 per hour)” each place it appears.

(2) The amendments made by this section shall apply with respect to investigative services provided in connection with cases and proceedings initiated on or after the date of the enactment of this Act.

SEC. 820. Except as expressly provided otherwise, any reference to “this Act” contained in this title or in title IV shall be treated as referring only to the provisions of this title or of title IV.

This division may be cited as the “Financial Services and General Government Appropriations Act, 2023”.

[CLERK'S NOTE.—Reproduced below is the material relating to division E contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION E—FINANCIAL SERVICES AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2023**

The joint explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 117–393 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

References in the joint explanatory statement to “the Committees” refer to the Committees on Appropriations of the House and Senate.

*Reports.*—Agencies funded by this Act that currently provide separate copies of periodic reports and correspondence to the chairs and ranking members of the House and Senate Appropriations Committees and Subcommittees on Financial Services and General Government are directed to use a single cover letter jointly addressed to the chairs and ranking members of the Committees and Subcommittees of both the House and the Senate. To the greatest extent feasible, agencies should include in the cover letter a reference or hyperlink to facilitate electronic access to the report and provide the documents by electronic mail delivery. These measures will help reduce costs, conserve paper, expedite agency processing, and ensure that consistent information is conveyed concurrently to the majority and minority committee offices of both chambers of Congress.

Agencies funded by this Act are directed to provide the Committees with direct, unobstructed, and timely access to the budget offices and to provide the Committees with prompt and complete responses to requests for information, in particular to requests for technical information.

Agencies funded by this Act should review the reprogramming guidelines included in section 608 of this agreement and are reminded that baseline reports are due to the Committees no later than sixty days after enactment of this Act.

The agreement directs all agencies to plan accordingly to satisfy Congressional reporting deadlines.

*Antideficiency Act Violations.*—The agreement directs any agency funded by this Act to concurrently transmit to the Committees a

## TITLE I

### DEPARTMENT OF THE TREASURY

#### DEPARTMENTAL OFFICES

#### SALARIES AND EXPENSES

The bill provides \$273,882,000 for departmental offices salaries and expenses.

*Federal Contractor Tax Check System.*—Since 2019, Congress has provided \$30 million to the Internal Revenue Service (IRS) to develop a Federal Contractor Tax Check System that provides tax certificates to Federal contractors, which are then used to certify that they are not delinquent in payment of Federal taxes. However, funds appropriated for this system have not been fully obligated, and development of the system has been delayed. Treasury and the IRS are directed to provide a briefing within 60 days of enactment of this Act on the status of the Federal Contractor Tax Check System including the causes of any delays that prevent the IRS from providing these certificates to vendors in fiscal year 2023.

*Financial Inclusion.*—Treasury, in conjunction with its Federal partners, is directed to develop a strategy to improve financial inclusion. The strategy should aim to broaden access to financial services among underserved communities and improve the ability of such communities to use and benefit from financial tools and services. The strategy should establish national objectives for financial inclusion; set benchmarks for measuring progress; and offer recommendations for advancing financial inclusion through public policy, government programs, financial products and services, technology, and other tools and infrastructure. The Department is directed to brief the Committees on its plans to implement this language within 90 days of enactment of this Act.

*Wildlife Trafficking.*—The Department is directed to use available resources to identify money laundering related to wildlife trafficking and the illegal ivory trade.

*U.S. Currency Redesign.*—The Department is directed to provide a briefing to the Committees within 180 days of enactment of this Act on any redesign plans for U.S. currency.

*Coordination with the Federal Communications Commission.*—Not later than 60 days after enactment of this Act, Treasury shall submit a report to the Committees detailing the steps it has taken to coordinate with the Federal Communications Commission and carry out its responsibilities to implement the Deployment Locations Map pursuant to section 60105 of the Infrastructure Investment and Jobs Act.

*E-mail Compromise Fraud.*—The Department is directed to submit a report not later than 90 days after enactment of this Act, describing its ongoing activities to both combat and raise awareness of wire fraud in real estate transactions and email compromise scams. Additionally, the report should detail any joint activities to counter such fraud that the Department conducts with relevant

Federal agencies, such as the Federal Bureau of Investigation and the Department of Justice.

*Impact of Telework.*—Treasury and the IRS are directed to evaluate how increased telework impacts recruitment, retention, and organizational performance and report back to the Committees within 180 days of enactment of this Act.

*Outbound Investment.*—The Department of the Treasury, in coordination with the Department of Commerce and other Federal partners, is encouraged to consider establishing a program to address the national security threats emanating from outbound investments from the United States in certain sectors that are critical for U.S. national security. Not later than 60 days after enactment of this Act, Treasury shall submit a report describing such a program including the resources required over the next three years to establish and implement it.

#### COMMITTEE ON FOREIGN INVESTMENT IN THE UNITED STATES FUND

##### (INCLUDING TRANSFER OF FUNDS)

The bill provides \$21,000,000 for the Committee on Foreign Investment in the United States Fund (CFIUS).

*Genomic Data.*—CFIUS is encouraged to continue to consult the Department of Health and Human Services on any review of a covered transaction involving a United States business that maintains or collects information about genetic tests of United States citizens, including any such information related to genomic sequencing.

#### OFFICE OF TERRORISM AND FINANCIAL INTELLIGENCE

##### SALARIES AND EXPENSES

The bill provides \$216,059,000 for salaries and expenses of the Office of Terrorism and Financial Intelligence (TFI).

TFI is directed to fully implement all sanctions and divestment measures and to promptly notify the Committees of any resource constraints that adversely impact the implementation of any sanctions program.

*Blockchain Analysis Tools.*—Blockchain analysis tools allow government agencies to gain important intelligence and insight into the illicit networks essential to identifying the individuals and entities behind attacks. In support of efforts to counter criminal and terrorist groups, TFI is expected to acquire improved blockchain analysis tools, training on cryptocurrency and cryptocurrency-related investigations, and investigative support to reduce crimes involving ransomware attacks or exploiting the use of cryptocurrency.

#### CYBERSECURITY ENHANCEMENT ACCOUNT

The bill provides \$100,000,000 for the Cybersecurity Enhancement Account.

The importance, complexity, and broad impacts of the Bureau of the Fiscal Service's systems to its Federal customers and American taxpayers is seen in everything from timely monthly payments to veterans and Social Security recipients to the collection of tax revenue and the sale of marketable securities that finance the government. Given this critical role, the Department is expected to

prioritize investments that strengthen cyber resiliency and support the implementation of Zero Trust Architecture and acceleration of cloud adoption within the Fiscal Service.

DEPARTMENT-WIDE SYSTEMS AND CAPITAL INVESTMENTS PROGRAMS  
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$11,118,000 for the Department-Wide Systems and Capital Investments Programs.

OFFICE OF INSPECTOR GENERAL  
SALARIES AND EXPENSES

The bill provides \$48,878,000 for salaries and expenses of the Office of Inspector General.

Treasury's information systems are critical to the core functions of government and the nation's financial infrastructure. The Inspector General is encouraged to conduct oversight work on cyber-based threats and the potential vulnerability of Treasury's networks and systems including its physical security, continuous monitoring, and strong authentication.

TREASURY INSPECTOR GENERAL FOR TAX ADMINISTRATION  
SALARIES AND EXPENSES

The bill provides \$174,250,000 for salaries and expenses of the Treasury Inspector General for Tax Administration (TIGTA).

*Combatting Internal Revenue Service (IRS) Impersonation Scams.*—The agreement commends the work that TIGTA has done thus far to combat IRS impersonation scams, encourages TIGTA to continue to prioritize working with the IRS to increase awareness of this scam, and urges TIGTA to pursue the criminals perpetrating this fraud.

SPECIAL INSPECTOR GENERAL FOR THE TROUBLED ASSET RELIEF  
PROGRAM

SALARIES AND EXPENSES

The bill provides \$9,000,000 for salaries and expenses of the Office of the Special Inspector General for the Troubled Asset Relief Program.

FINANCIAL CRIMES ENFORCEMENT NETWORK

SALARIES AND EXPENSES

The bill provides \$190,193,000 for salaries and expenses for the Financial Crimes Enforcement Network (FinCEN).

*Investment Adviser Reporting Requirements.*—Illicit actors, including drug traffickers, have used investment advisers such as hedge fund managers to clean their ill-gotten gains. In 2015, FinCEN proposed regulations to subject investment advisers to Federal Bank Secrecy Act rules but did not finalize these regulations. FinCEN is encouraged to update and finalize its 2015 investment adviser rule as soon as possible and to brief the Committees on its progress no later than 90 days after enactment of this Act.

*Geographic Targeting Orders (GTOs).*—GTOs are an important tool that enable the collection of shell corporations’ beneficial ownership information to prevent illegal money from terrorism, sex trafficking, money laundering, and other illegal activities from being hidden in real estate transactions. FinCEN is directed to keep the Committees updated on efforts to expand the use and scope of GTOs.

#### BUREAU OF THE FISCAL SERVICE

##### SALARIES AND EXPENSES

The bill provides \$372,485,000 for salaries and expenses of the Bureau of the Fiscal Service.

*Federal Facilities.*—Federal agencies, including the Bureau of the Fiscal Service, face challenges in returning to pre-pandemic levels of operations at Federal facilities as a result of the coronavirus. At the same time, the Bureau has a responsibility to maintain continuity of operations and minimize uncertainty among its employees and the communities in which it operates, including the Bureau’s facilities in Parkersburg, West Virginia. Fiscal Service is encouraged to consult with state and local leaders and their employees on their long-term plans for operating and maintaining their current facilities.

#### ALCOHOL AND TOBACCO TAX AND TRADE BUREAU

##### SALARIES AND EXPENSES

The bill provides \$148,863,000 for salaries and expenses of the Alcohol and Tobacco Tax and Trade Bureau (TTB).

*Serving Facts for Alcoholic Beverages.*—The agreement notes that TTB recently confirmed it will initiate new rulemaking on the issues of nutrient and content labeling, expanded alcohol content labeling, major food allergen labeling, and ingredient labeling. TTB is encouraged to proceed with rulemaking to require a uniform “Alcohol Facts Label” on alcohol beverage containers and provide the Committees with a report on the status of its efforts not later than 120 days after enactment of this Act.

#### UNITED STATES MINT

##### UNITED STATES MINT PUBLIC ENTERPRISE FUND

The bill specifies that not more than \$50,000,000 in new liabilities and obligations may be incurred during fiscal year 2023 for circulating coinage and protective service capital investments of the U.S. Mint.

#### COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND PROGRAM ACCOUNT

The bill provides \$324,000,000 for the Community Development Financial Institutions (CDFI) Fund program. The bill limits the total loan principal for the Bond Guarantee program to \$500,000,000.

Program	(\$000)
Financial/Technical Assistance Grants .....	\$196,000
<i>Disability Fund</i> .....	\$ (10,000)
<i>Mobility Corps</i> .....	\$ (2,000)

Healthy Food Financing Initiative .....	\$ 24,000
Small Dollar Loan Program .....	\$ 9,000
Administrative Expenses .....	\$ 35,000
Total, CDFI Fund Program Account .....	\$ 324,000

*Impact of CDFI Awardees.*—The agreement directs the Secretary to report to the Committees within 90 days of enactment of this Act on the impact the most recent CDFI Fund awardees are having in the communities they serve, the overall risk the Fund’s portfolio is exposed to, and a description of awardees that are at risk of non-compliance.

*CDFI Capacity Building.*—Up to \$1 million is provided for technical assistance to CDFIs to support economic recovery efforts in communities affected by natural disasters or sudden economic crises.

*Non-Metropolitan and Rural Areas.*—The agreement directs the Treasury to take into consideration non-metropolitan and rural areas in the development and award decisions to ensure funding is used in each program for projects that serve populations living in persistent poverty counties in accordance with this Act. Further, Treasury is directed to report to the Committees within 90 days of enactment of this Act detailing how the fiscal year 2022 CDFI Program recipients intend to serve non-metropolitan and rural areas.

*CDFI Certifications.*—As the CDFI Fund implements changes to the certification application and recertification process, the CDFI Fund is directed to consider and address concerns raised by CDFIs and stakeholders.

INTERNAL REVENUE SERVICE

*Foreign Account Tax Compliance Act (FATCA).*—Internal Revenue Service (IRS) is directed to analyze FATCA compliance, including revenue generated and any potential lost revenue due to non-compliance, outline efforts to improve compliance, and brief the Committees no later than 180 days after enactment of this Act.

*Security of Taxpayer Information.*—The IRS is directed to provide a written report no later than 120 days after enactment of this Act, to the Committees, detailing what steps the IRS has taken to address outstanding Government Accountability Office and TIGTA recommendations regarding security flaws, steps taken to comply with the Federal Information Security Management Act and other security requirements. Additionally, the report shall include future steps to further protect taxpayer data and a timeline of implementation of such steps.

TAXPAYER SERVICES

The bill provides \$2,780,606,000 for Taxpayer Services. Within the overall amount, not less than \$11,000,000 is for the Tax Counseling for the Elderly Program; not less than \$26,000,000 is for

Low-Income Taxpayer Clinic Grants; and not less than \$236,000,000 is for operating expenses of the IRS Taxpayer Advocate Service, of which not less than \$7,000,000 is for identity theft casework.

In addition, within the overall amount provided, not less than \$40,000,000 is available until September 30, 2024, for the Community Volunteer Income Tax Assistance Matching Grants Program.

*Rural Service Delivery Issues.*—The IRS must do more to address the needs of rural taxpayers by ensuring that they have the ability to reach local taxpayer assistance centers.

*Inentity Protection Personal Identification Number (IP PIN) Expansion.*—The agreement continues the directive adopted in the explanatory statement accompanying division E of the Consolidated Appropriations Act, 2021 (Public Law 116—456) relating to the IP PIN pilot program.

*Taxpayer Services in Alaska and Hawaii.*—The agreement continues the directive adopted in the explanatory statement accompanying division E of the Consolidated Appropriations Act, 2021 (Public Law 116—456) relating to taxpayer advocate centers in Alaska and Hawaii.

#### ENFORCEMENT

The bill provides \$5,437,622,000 for Enforcement, of which up to \$25,000,000 is for investigative technology for the Criminal Investigation Division, to support their critical law enforcement mission, and not less than \$60,257,000 is for the Interagency Crime and Drug Enforcement program.

*Preventing Misclassification of Contractors.*—The IRS SS—8 Program, the Questionable Employment Tax Practices Program, criminal investigations, and examinations initiated based on tax filings that are indicative of potential misclassification are all critical to ensuring that workers are classified correctly. The IRS is directed to notify the Committees prior to making any staffing reductions or reallocations within the SS—8 processing program.

*Criminal Investigators.*—In lieu of the House report language on the Criminal Investigation Division, the IRS is urged to provide adequate resources for personnel to help combat money laundering and reduce the tax gap.

#### OPERATIONS SUPPORT

The bill provides \$4,100,826,000 for Operations Support.

#### BUSINESS SYSTEMS MODERNIZATION

The agreement notes the IRS received \$1,464,500,000 in the American Rescue Plan Act (P.L. 117—2) which included, among other objectives, the furtherance of integrated, modernized, and secure IRS systems. Additionally, the Inflation Reduction Act (P.L. 117—169) provided an additional \$4,750,700,000 for business systems modernization. The IRS is urged to use unobligated funds from the American Rescue Plan for Customer Account Data Engine 2, Enterprise Case Management System, Web Applications, taxpayer assistance systems, cybersecurity, and data protection.

The agreement directs the Department to conduct a semi-annual review of the IRS' major IT investments. The agreement further directs GAO to review and provide an annual report to the Committees evaluating the cost, functionality, and schedule of major IRS IT investments.

#### ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

##### (INCLUDING TRANSFER OF FUNDS)

The bill includes the following provisions:

Section 101 provides transfer authority.

Section 102 requires the IRS to maintain an employee training program on topics such as taxpayers' rights.

Section 103 requires the IRS to safeguard taxpayer information and to protect taxpayers against identity theft.

Section 104 permits funding for 1-800 help line services for taxpayers and directs the Commissioner to make improving phone service a priority and to enhance response times.

Section 105 requires the IRS to issue notices to employers of any address change request and to give special consideration to offers in compromise for taxpayers who have been victims of payroll tax preparer fraud.

Section 106 prohibits the use of funds by the IRS to target United States citizens for exercising any right guaranteed under the First Amendment to the Constitution.

Section 107 prohibits the use of funds by the IRS to target groups for regulatory scrutiny based on their ideological beliefs.

## TITLE II

### EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

#### THE WHITE HOUSE

##### SALARIES AND EXPENSES

The bill provides \$77,681,000 for the salaries and expenses of the White House.

*American Grown Flowers.*—The White House is encouraged to adopt an American-grown policy for cut flowers and greens displayed at the White House to support American farmers, retailers, wholesalers, florists, and their employees who rely on the American-grown cut flower industry.

#### EXECUTIVE RESIDENCE AT THE WHITE HOUSE

##### OPERATING EXPENSES

The bill provides \$15,609,000 for the Executive Residence at the White House.

## WHITE HOUSE REPAIR AND RESTORATION

The bill provides \$2,500,000 for repair, alteration, and improvement of the Executive Residence at the White House.

## COUNCIL OF ECONOMIC ADVISERS

## SALARIES AND EXPENSES

The bill provides \$4,903,000 for salaries and expenses of the Council of Economic Advisers.

## NATIONAL SECURITY COUNCIL AND HOMELAND SECURITY COUNCIL

## SALARIES AND EXPENSES

The bill provides \$17,901,000 for salaries and expenses of the National Security Council and Homeland Security Council, of which not to exceed \$10,000 is available for official reception and representation expenses.

## OFFICE OF ADMINISTRATION

## SALARIES AND EXPENSES

The bill provides \$115,463,000 for salaries and expenses of the Office of Administration, of which not more than \$12,800,000 is for information technology modernization. Of the amount provided under this heading, up to \$7,000,000 shall be available to provide payments (such as stipends, subsistence allowances, cost reimbursements, or awards) to students, recent graduates, and veterans recently discharged from active duty.

## OFFICE OF MANAGEMENT AND BUDGET

## SALARIES AND EXPENSES

The bill provides \$128,035,000 for salaries and expenses of the Office of Management and Budget (OMB).

*Biodefense Activities.*—OMB is again directed to conduct a detailed analysis of the Administration's budget for biodefense activities as part of the annual budget process. The Committees requested such a report since fiscal year 2019. Such analysis should display all funds requested for biodefense activities, both mandatory and discretionary, by agency and categorized by biodefense enterprise element.

*Federal Government Hiring Process.*—There is concern about the length of time it takes the Federal Government to hire qualified employees and the difficulty talented individuals have in applying for and securing Federal employment. OMB and OPM are expected to take the lead in ensuring that the Federal Government can recruit and hire the best and the brightest. OMB and OPM are also expected to actively assist agencies in developing highly qualified talent teams to ensure each agency has dedicated resources and support for improving their hiring system and to work proactively with agencies seeking specific hiring authorities to address pressing government priorities. OMB and OPM are directed to brief the

Committees no later than 120 days after enactment of this Act on their plans to address this issue.

*Information Technology Strategic Plan.*—Congress has made significant investments in the Technology Modernization Fund and the Federal Citizens Services Fund at the General Services Administration (GSA), in the Information Technology Oversight and Reform Fund at OMB, and in the U.S. Digital Service. The Federal Government must maximize the impact of these funds by developing a strategic spend plan that prevents duplication efforts, prioritizes spending, and guarantees coordination among agencies. OMB is directed to provide the Committees with a detailed strategic plan for use of the funds no later than 60 days after enactment of this Act.

*Office of Information and Regulatory Affairs (OIRA).*—The agreement directs OMB to provide a report no later than 60 days after enactment of this Act that details the current full time equivalent staff of OIRA, including the cumulative cost of all personnel within the Office, the current organizational chart of OIRA and recommendations for improving the OIRA's oversight of the Paperwork Reduction Act.

#### INTELLECTUAL PROPERTY ENFORCEMENT COORDINATOR

The bill provides \$1,902,000 for the Intellectual Property Enforcement Coordinator.

#### OFFICE OF THE NATIONAL CYBER DIRECTOR

##### SALARIES AND EXPENSES

The bill provides \$21,926,000 for the Office of the National Cyber Director.

*Memory Safety.*—A significant portion of cybersecurity vulnerabilities today, including those exploited to gain unauthorized access to systems, relate to memory safety. The Office of the National Cyber Director is encouraged to investigate memory safety within the Federal Government and to brief the Committees no later than 180 days after enactment of this Act on its findings.

#### OFFICE OF NATIONAL DRUG CONTROL POLICY

##### SALARIES AND EXPENSES

The bill provides \$21,500,000 for salaries and expenses of the Office of National Drug Control Policy (ONDCP).

*Fentanyl-Related Substances.*—Given the urgency of the drug overdose epidemic, ONDCP shall report to the Committees no later than 180 days after enactment of this Act, on ways to improve the timeliness, accuracy, and accessibility of fatal and non-fatal overdose data from law enforcement, emergency medical services, and public health sources.

FEDERAL DRUG CONTROL PROGRAMS

HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$302,000,000 for the High Intensity Drug Trafficking Areas Program (HIDTA).

ONDCP is directed to consult with the HIDTAs in advance of deciding programmatic spending allocations for discretionary (supplemental) funding, taking particular note of areas with the highest rates of overdose deaths.

*Opioid Crisis.*—To ensure that communities are equipped with the necessary resources to coordinate law enforcement strategies adequately, ONDCP is directed to prioritize eligible applicants whose communities are experiencing the highest overdose death rates per capita when deciding new designations. Further, ONDCP is directed to provide enhanced technical assistance to any applicants that have applied at any time during the past three award cycles that did not receive a designation.

OTHER FEDERAL DRUG CONTROL PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$137,120,000 for Other Federal Drug Control Programs. The agreement allocates funds among specific programs as follows:

Drug-Free Communities Program .....	\$109,000,000
(Training) .....	(2,500,000)
Drug court training and technical assistance .....	3,000,000
Anti-Doping activities .....	15,250,000
World Anti-Doping Agency (U.S. membership dues) .....	3,420,000
Model Acts Program .....	1,250,000
Community-based coalition enhancement grants (CARA Grants) .....	5,200,000

*Fentanyl-Related Substances.*—ONDCP is directed to report to the Committees no later than 120 days after enactment of this Act on any targeted prevention efforts and on efforts to encourage community-led coalitions to raise awareness on the rise of fentanyl contamination of illegal drugs.

*World Anti-Doping Agency (WADA) Governance.*—ONDCP should work diligently to ensure that the Assembly of the American Sports Council, which determines representatives from western hemisphere governments on WADA Boards, provides a permanent solution to ensure fair representation to the largest donors to WADA in the region, such as the U.S. Government. It is important that the United States has fair and regular access to WADA’s key decision-making bodies by having a regular seat on the Executive Committee. ONDCP is directed to submit a report and to brief the Committees no later than 180 days after enactment of this Act on the status of implementation of governance reforms and other related WADA matters which impact the United States Government’s capacity to promote clean sport proactively.

## UNANTICIPATED NEEDS

The bill provides \$1,000,000 for unanticipated needs of the President.

## INFORMATION TECHNOLOGY OVERSIGHT AND REFORM

## (INCLUDING TRANSFER OF FUNDS)

The bill provides \$13,700,000 for information technology oversight and reform activities.

## SPECIAL ASSISTANCE TO THE PRESIDENT

## SALARIES AND EXPENSES

The bill provides \$6,076,000 for salaries and expenses to enable the Vice President to provide special assistance to the President.

## OFFICIAL RESIDENCE OF THE VICE PRESIDENT

## OPERATING EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

The bill provides \$321,000 for operating expenses for the official residence of the Vice President.

## ADMINISTRATIVE PROVISIONS—EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

## (INCLUDING TRANSFER OF FUNDS)

The bill includes the following administrative provisions:

Section 201 provides transfer authority among various Executive Office of the President accounts.

Section 202 requires the Director of the OMB, during fiscal year 2023, to include a statement of budgetary impact with any Executive order issued or revoked and for Presidential memoranda estimated to have a regulatory cost in excess of \$100,000,000.

Section 203 requires the Director of the OMB to issue a memorandum to all Federal departments, agencies, and corporations directing compliance with title VII of this Act.

Section 204 requires OMB to implement a system to make publicly available, in an automated fashion, all documents apportioning an appropriation and all relevant delegations of apportionment authority, and to provide an explanation of any footnotes for apportioned amounts.

Section 205 provides funds for initiatives related to drug prevention, to be awarded as follows:

Recipient	Project	Amount
Lily's Place Substance Prevention	Lily's Place, Huntington, WV	\$1,660,000
Taos Alive Youth Events	Taos Alive, Taos, NM	86,000
Mississippi Drug-Use Reduction Program	University of Mississippi, Oxford, MS	5,000,000
Youth Drug Prevention Program	Catholic Charities, Inc., Jackson, MS	500,000

## CARE OF THE BUILDING AND GROUNDS

The bill provides \$29,246,000 for the care of the Supreme Court building and grounds.

## UNITED STATES COURT OF APPEALS FOR THE FEDERAL CIRCUIT

## SALARIES AND EXPENSES

The bill provides \$36,735,000 for salaries and expenses of the United States Court of Appeals for the Federal Circuit. In addition, the bill provides mandatory costs as authorized by current law for the salaries of the chief judge and judges of the court.

## UNITED STATES COURT OF INTERNATIONAL TRADE

## SALARIES AND EXPENSES

The bill provides \$21,260,000 for salaries and expenses of the United States Court of International Trade. In addition, the bill provides mandatory costs as authorized by current law for the salaries of the chief judge and judges of the court.

## COURTS OF APPEALS, DISTRICT COURTS, AND OTHER JUDICIAL SERVICES

## SALARIES AND EXPENSES

The bill provides \$5,905,055,000 for salaries and expenses of the Courts of Appeals, District Courts, and Other Judicial Services, of which \$106,079,000 is for cybersecurity and IT modernization priorities. In addition, the bill provides mandatory costs as authorized by current law for the salaries of circuit and district judges (including judges of the territorial courts of the United States), bankruptcy judges, and justices and judges retired from office or from regular active service. The bill also provides \$9,975,000 from the Vaccine Injury Compensation Trust Fund.

*McGirt v. Oklahoma.*—The Administrative Office (AO) of the U.S. Courts is directed to report to the Committees no later than 120 days after enactment of this Act on the change in Criminal Justice Act representations for Federal defender offices and panel attorneys in the three Oklahoma Federal judicial districts pre- and post-McGirt, estimated Federal defender and panel attorney case-loads in Oklahoma judicial districts for the next fiscal year, and total McGirt cases taken by Federal defenders and panel attorneys outside of Oklahoma.

*Federal Courthouses.*—Construction projects should be identified through the assessment process that will improve the overall functionality and security of Federal courthouses.

*Courthouse Fencing.*—The Judiciary should address courthouse perimeter fencing needs such as those identified by the District of Maryland within the funding provided in the bill.

#### DEFENDER SERVICES

The bill provides \$1,382,680,000 for Defender Services, of which \$8,042,000 is for cybersecurity and IT modernization.

*Report regarding Effective Assistance of Counsel in Federal Judicial Districts Lacking A Federal Public or Community Defender.*—The AO is directed to collect data and report to the House and Senate Committees on the Judiciary and Committees, no later than 180 days after enactment of this Act, on specific criteria about each district that currently lacks a Federal Public or Community Defender. The Judiciary shall consult with the Committees regarding the specific criteria required in the report.

*Effective Assistance of Counsel for Indigent Defendants in Districts Lacking a Federal Public or Community Defender.*—The AO is strongly encouraged to work with judicial districts lacking a federal defender office to establish one.

#### FEES OF JURORS AND COMMISSIONERS

The bill provides \$58,239,000 for Fees of Jurors and Commissioners.

#### COURT SECURITY

##### (INCLUDING TRANSFER OF FUNDS)

The bill provides \$750,163,000 for Court Security. Additional funding was provided in P.L. 117–103 and in P.L. 117–180 for courthouse hardening.

#### ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

##### SALARIES AND EXPENSES

The bill provides \$102,673,000 for salaries and expenses of the Administrative Office (AO) of the United States Courts.

*Court Interpreter Program Data.*—The AO is strongly encouraged to develop and submit to the Committees a plan for how it would collect court interpreter data and evaluate and monitor the accessibility of court interpreter services for affected individuals in Federal court no later than 150 days after enactment of this Act. The plan should address data collection processes, costs, and timeframe for developing and implementing new data collection processes and system modifications as well as specific data. The Judiciary shall consult with the Committees regarding the specific criteria required in the plan.

Additionally, the AO is strongly encouraged to evaluate the skills of interpreters in languages for which formal certification is not available and should consider certifying interpreters in those languages.

*Public Access to Court Electronic Records (PACER).*—Regular updates are expected on the Judiciary’s plans to modernize the PACER system and the underlying case management and electronic case files system to improve their security, efficiency functionality, and user experience.

#### FEDERAL JUDICIAL CENTER

##### SALARIES AND EXPENSES

The bill provides \$34,261,000 for salaries and expenses of the Federal Judicial Center (FJC), of which \$1,000,000 is for the FJC to contract with the National Academy of Public Administration on the workplace misconduct report.

#### UNITED STATES SENTENCING COMMISSION

##### SALARIES AND EXPENSES

The bill provides \$21,641,000 for salaries and expenses of the United States Sentencing Commission.

#### ADMINISTRATIVE PROVISIONS—THE JUDICIARY

##### (INCLUDING TRANSFER OF FUNDS)

The bill includes the following administrative provisions:

Section 301 makes funds appropriated for salaries and expenses available for services authorized by 5 U.S.C. 3109.

Section 302 provides transfer authority among Judiciary appropriations.

Section 303 permits not more than \$11,000 to be used for official reception and representation expenses of the Judicial Conference.

Section 304 extends through fiscal year 2023 the delegation of authority to the Judiciary for contracts for repairs of less than \$100,000.

Section 305 continues a pilot program where the United States Marshals Service provides perimeter security services at selected courthouses.

Section 306 extends temporary judgeships in the eastern district of Missouri, Kansas, Arizona, the central district of California, the northern district of Alabama, the southern district of Florida, New Mexico, the western district of North Carolina, the eastern district of Texas, and Hawaii.

Section 307 provides the authority for the Supreme Court to establish a retention and recruitment program for Supreme Court Police officers and other critical employees.

Section 308 codifies the United States Sentencing Commission’s participation in the Federal Employees’ Retirement System.

#### TITLE IV

#### DISTRICT OF COLUMBIA

##### FEDERAL FUNDS

*Death with Dignity.*—Congress has expressly forbidden the use of Federal funding for purposes related to assisted suicide under the

Assisted Suicide Funding Restriction Act of 1997 (Public Law 105–12). There are concerns that the Death with Dignity Act of 2016 (D.C. Law 21–182) puts our Nation’s most vulnerable people who are elderly, disabled, or fighting mental illness at risk. As such, the Chief Financial Officer for the District of Columbia shall submit a report to the Committees to certify that no Federal funds are used to implement D.C. Law 21–182 in the District of Columbia in contravention of existing law. The District shall also report to the Committees on the number of lethal prescriptions prescribed during the fiscal year, the number of patients that actually consumed the medication and the cause of death that was listed on the death certificate.

#### FEDERAL PAYMENT FOR RESIDENT TUITION SUPPORT

The bill provides \$40,000,000 for District of Columbia resident tuition support.

#### FEDERAL PAYMENT FOR EMERGENCY PLANNING AND SECURITY COSTS IN THE DISTRICT OF COLUMBIA

The bill provides \$30,000,000 for emergency planning and security costs in the District of Columbia to remain available until expended.

#### FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA COURTS

The bill provides \$291,068,000 for the District of Columbia courts, of which \$15,055,000 is for the D.C. Court of Appeals, \$140,973,000 is for the Superior Court, \$88,290,000 is for the D.C. Court System, and \$46,750,000 is for capital improvements to courthouse facilities.

#### FEDERAL PAYMENT FOR DEFENDER SERVICES IN DISTRICT OF COLUMBIA COURTS

##### (INCLUDING RESCISSION OF FUNDS)

The bill provides \$46,005,000 for defender services in the District of Columbia.

#### FEDERAL PAYMENT TO THE COURT SERVICES AND OFFENDER SUPERVISION AGENCY FOR THE DISTRICT OF COLUMBIA

The bill provides \$285,016,000 for court services and offender supervision in the District of Columbia.

#### FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA PUBLIC DEFENDER SERVICE

The bill provides \$53,269,000 for public defender services in the District of Columbia.

#### FEDERAL PAYMENT TO THE CRIMINAL JUSTICE COORDINATING COUNCIL

The bill provides \$2,450,000 for the Criminal Justice Coordinating Council.

## FEDERAL PAYMENT FOR JUDICIAL COMMISSIONS

The bill provides \$630,000 for Judicial Commissions. Within the amount provided, \$330,000 is for the Commission on Judicial Disabilities and Tenure and \$300,000 is for the Judicial Nomination Commission.

## FEDERAL PAYMENT FOR SCHOOL IMPROVEMENT

The bill provides \$52,500,000 for school improvement in the District of Columbia to be distributed in accordance with the provisions of the Scholarships for Opportunity and Results Act (SOAR Act). The funds are to be allocated evenly between District of Columbia public schools, charter schools, and opportunity scholarships as authorized by law.

The agreement does not adopt the House report directives in Federal Payments For School Improvement.

## FEDERAL PAYMENT FOR THE DISTRICT OF COLUMBIA NATIONAL GUARD

The bill provides \$600,000 for the Major General David F. Wherley, Jr. District of Columbia National Guard Retention and College Access Program.

## FEDERAL PAYMENT FOR TESTING AND TREATMENT OF HIV/AIDS

The bill provides \$4,000,000 for HIV/AIDS testing and treatment.

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA WATER AND  
SEWER AUTHORITY

The bill provides \$8,000,000 for the District of Columbia Water and Sewer Authority.

## DISTRICT OF COLUMBIA FUNDS

The bill provides authority for the District of Columbia to spend its local funds in accordance with the Fiscal Year 2023 Budget Request Act of 2022.

## TITLE V

## INDEPENDENT AGENCIES

## ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

## SALARIES AND EXPENSES

The bill provides \$3,465,000 for the Administrative Conference of the United States.

BARRY GOLDWATER SCHOLARSHIP AND EXCELLENCE IN EDUCATION  
FOUNDATION

## SALARIES AND EXPENSES

The bill provides \$2,000,000 for the Barry Goldwater Scholarship and Excellence in Education Foundation.

## COMMODITY FUTURES TRADING COMMISSION

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$365,000,000 for the Commodity Futures Trading Commission.

## CONSUMER PRODUCT SAFETY COMMISSION

SALARIES AND EXPENSES

The bill provides \$152,500,000 for the Consumer Product Safety Commission (CPSC). Within the amount provided, \$2,000,000 is available until expended for the pool and spa safety grants program established by the Virginia Graeme Baker Pool and Spa Safety Act and \$2,000,000 is available until expended to carry out the program, including administrative costs, required by section 204 of the Nicholas and Zachary Burt Memorial Carbon Monoxide Poisoning Prevention Act of 2022.

## ADMINISTRATIVE PROVISION—CONSUMER PRODUCT SAFETY COMMISSION

Section 501 prohibits the use of Federal funds in fiscal year 2023 for the adoption or implementation of the proposed rule on ROVs until a study by the National Academy of Sciences is completed.

## ELECTION ASSISTANCE COMMISSION

SALARIES AND EXPENSES

The bill provides \$28,000,000 for the salaries and expenses of the Election Assistance Commission (EAC), of which \$1,500,000 shall be made available to the National Institute of Standards and Technology (NIST) for election reform activities, and of which \$1,000,000 shall be for the Help America Vote College Program.

Within 45 days of enactment of this Act, EAC and NIST shall submit to the Committees an expenditure plan for the funds that includes: (1) the number and position title and office of each staff person doing work and amount of time each staff person spends on that work; (2) the specific tasks accomplished including length of time needed to accomplish the task; and (3) an explanation of expenditures, including contracts and grants, and use of the EAC funding provided to NIST (including enumeration of funds).

## ELECTION SECURITY GRANTS

The bill provides \$75,000,000 to the Election Assistance Commission to make payments to states for activities to improve the administration of elections for Federal office, including to enhance election technology and make election security improvements, as authorized under sections 101, 103, and 104 of the Help America Vote Act of 2002 (P.L. 107-252).

## FEDERAL COMMUNICATIONS COMMISSION

## SALARIES AND EXPENSES

The bill provides \$390,192,000 for salaries and expenses of the Federal Communications Commission (FCC). The bill provides that \$390,192,000 be derived from offsetting collections, resulting in no net appropriation.

*9-1-1.*—The FCC is commended for requiring the deployment of vertical location technology to ensure that the location of 9-1-1 calls is transmitted at the time of the call delivery and is directed to brief the Committees on what other actions can be taken to improve 9-1-1 reliability.

*Agency Coordination.*—In recognition of their vital role in advancing and preserving universal communication services, the FCC is encouraged to coordinate efforts with the Rural Utility Service to optimize the use of limited resources and promote broadband deployment in rural America.

*Contraband Cell Phones.*—The agreement notes continued concerns regarding the exploitation of contraband cell phones in prisons and jails nationwide. The FCC is encouraged to continue to explore all available options to address this issue, including the use of geofencing, quiet zones, network-based solutions, and beacon technology. The FCC is directed to brief the Committees no later than 90 days after enactment of this Act on its findings and timeline for acting on the second Notice of Proposed Rulemaking in FCC 21—82.

*Enhanced Mapping.*—The FCC is encouraged to partner with other Federal entities to gain access to multiple data sources and technologies such as aerial imagery, light detection and ranging (LIDAR), and multi-spectral data to create more accurate national broadband coverage maps.

*Promoting Digital Expansion.*—Far too many individuals residing in low-income areas and communities of color lack access to high-speed Internet service. The FCC is commended for its commitment to implement the Congressional mandate in the Infrastructure Investment and Jobs Act and is urged to act expeditiously on this issue. Further, the FCC is directed to brief the Committees no later than 120 days after enactment of this Act on the status of its efforts to promote universal access and further shrink the digital divide.

*Universal Service Reform.*—Far too many Americans living in rural areas lack access to broadband at speeds necessary to fully participate in the Internet age. The FCC is urged to prioritize unserved and underserved areas in all Universal Service Fund (USF) programs.

*Wireless Resiliency During Disasters.*—The FCC is commended for its action on this issue in June 2022 to strengthen the resiliency of wireless phone service during natural disasters, including wildfires. Not later than 180 days after enactment of this Act, the FCC is directed to brief the Committees on the effectiveness of the recently updated regulations.

ADMINISTRATIVE PROVISIONS—FEDERAL COMMUNICATIONS  
COMMISSION

Section 510 extends an exemption from the Antideficiency Act for the Universal Service Fund.

Section 511 prohibits the FCC from changing rules governing the USF regarding single connection or primary line restrictions.

FEDERAL DEPOSIT INSURANCE CORPORATION

OFFICE OF THE INSPECTOR GENERAL

The bill provides a transfer of \$47,500,000 to fund the Office of Inspector General (OIG) for the Federal Deposit Insurance Corporation. The OIG's appropriations are derived from the Deposit Insurance Fund and the Federal Savings and Loan Insurance Corporation Resolution Fund.

FEDERAL ELECTION COMMISSION

SALARIES AND EXPENSES

The bill provides \$81,674,000 for salaries and expenses of the Federal Election Commission.

FEDERAL LABOR RELATIONS AUTHORITY

SALARIES AND EXPENSES

The bill provides \$29,400,000 for the Federal Labor Relations Authority.

FEDERAL PERMITTING IMPROVEMENT STEERING COUNCIL

ENVIRONMENTAL REVIEW IMPROVEMENT FUND

The bill provides no funding for the Federal Permitting Improvement Steering Council's (FPISC) Environmental Review Improvement Fund. The agreement notes that P.L. 117-169 provided the Federal Permitting Improvement Steering Council Environmental Review Improvement Fund with \$350,000,000 to remain available through September 30, 2031, of which \$70,000,000 is for fiscal year 2023. In addition, P.L. 117-58 provided \$650,000 for fiscal year 2023.

No later than 180 days of enactment of this Act, the FPISC shall provide a spending plan to the Committees for all funds received in P.L. 117-169 and P.L. 117-58.

A provision is included in Title VI clarifying the hiring authorities of the Executive Director.

FEDERAL TRADE COMMISSION

SALARIES AND EXPENSES

The bill provides \$430,000,000 for salaries and expenses of the Federal Trade Commission (FTC). This appropriation is partially offset by premerger filing and Telemarketing Sales Rule fees estimated at \$190,000,000 and \$20,000,000, respectively.

With the concurrence of the Committees, the FTC may choose to provide a briefing to the Committees in lieu of providing a required report.

*Consumer Right to Repair.*—In lieu of House report language, the agreement notes the FTC's ongoing work examining how manufacturers, particularly mobile phone and car manufacturers, may limit repairs by consumers and repair shops, and how those limitations may increase costs, limit choice, and impact consumers' rights under the Magnuson-Moss Warranty Act. The FTC's "Nixing the Fix" report includes assertions that manufacturers are exploiting their access to consumers' telematics data while limiting those same consumers from accessing their own data or from sharing such access with independent repair shops. Following up on the report, the agreement directs the FTC to prioritize investigations and enforcement efforts that protect consumers from unfair acts limiting competition, specifically stemming from manufacturers' control over telematics systems.

*Food Marketed to Children.*—The agreement notes that no funding for the Federal Trade Commission may be used to complete the draft report on food marketed to children as described in the House report.

*Horseracing Integrity and Safety Act.*—The agreement supports continued implementation of the Horseracing Integrity and Safety Act (P.L. 116–260) to promote fairness and increase safety in the horseracing industry.

*Imported Shrimp.*—The FTC is strongly encouraged to continue to enforce its Section 5 reviews of deceptive practices tied to country-of-origin labeling for imported shrimp. Imported shrimp account for more than 90 percent of the shrimp consumed in the United States, yet there is widespread use of illegal veterinary drugs and overuse of antibiotics by foreign bad actors. The FTC is urged to coordinate its enforcement and proper origin requirements for the benefit of U.S. consumers with Customs and Border Protection, the Department of Agriculture, and the Food and Drug Administration to close any country-of-origin labeling gaps and prevent deceptive practices for imported shrimp.

*Made in U.S.A.*—There are continuing concerns that, for companies that brazenly violate the FTC Act's prohibition on deception by falsely labeling wholly imported products as "Made in U.S.A.," the FTC has often settled charges without requiring the company to disgorge its ill-gotten gains or admit liability. The agreement recommends that the FTC seek aggressive remedies for "Made in U.S.A." violators, including through tougher settlements and the use of its powers under both section 5(m) of the FTC Act and the FTC's recently finalized Made in U.S.A. Labeling Rule.

*Pharmacy Benefit Manager (PBM) Study.*—The FTC is urged to expeditiously execute its 6(b) study of pharmacy benefits managers' business practices. The study should identify acts and practices that may be either unlawful today or contrary to the public interest in obtaining safe and affordable medicines, and provide recommendations to Congress and the Administration.

*Section 13(b).*—The Supreme Court recently ruled that Section 13(b) of the FTC Act permits the FTC to obtain only injunctions and not monetary redress for victims of violations of laws enforced

by the FTC. Therefore, victimized consumers will have less of an opportunity via Section 13(b) to get their money back. The FTC is encouraged to work with Congress to address this issue.

#### GENERAL SERVICES ADMINISTRATION

In lieu of the House report directive on Diversity in Federal Public Building Names, GSA is directed to submit to the Committees no later than 180 days after enactment of this Act a list of all unnamed GSA-owned buildings with more than 10,000 gross square feet.

*Hartford, Connecticut Courthouse.*—The agreement directs GSA to review a range of potential sites for the new Hartford courthouse consistent with Executive Order 12072, as amended by Executive Order 13946, the National Environmental Policy Act, and GSA's Good Neighbor Program, among other site considerations.

*Springfield, Missouri Courthouse.*—No later than 180 days after enactment of this Act, GSA, in consultation with the Federal Judiciary and other federal tenants, is directed to submit to the Committees an updated housing plan and cost estimate for a new Federal courthouse in Springfield, Missouri, that fully meets the operational needs of the Federal Courts and other Federal tenants. As a part of this plan, GSA is directed to include a separate housing plan and cost estimate that combines both a new Federal courthouse and space for operations for any other agency within 50 miles of Springfield, Missouri, that is on the GSA Inventory of Owned and Leased Properties.

*Extreme Weather Risks.*—The agreement directs GSA to continue to promulgate criteria to manage extreme weather risks for public buildings and issue any additional guidance necessary for every public building constructed, acquired, or altered by GSA to conform to such criteria.

*Acquisition Authorities.*—The agreement directs GSA to provide a report to the Committees on all its existing acquisition authorities, no later than 180 days after enactment of this Act.

*System for Award Management (SAM).*—As GSA continues SAM modernization efforts, GSA is expected to make anti-fraud measures a priority. No later than 180 days after enactment of this Act, GSA is directed, in consultation with the Award Committee for e-Government, to submit a report documenting its progress to modernize SAM, including any anti-fraud measures and screening processes, tools, and any additional enhancements being considered to verify the identity of federal government contractors and grant recipients.

*Future of Federal Office Space.*—GSA is directed to provide periodic briefings on how the Federal Government can reduce its office space requirements based on the lessons learned from the use of telework during the pandemic.

*Dirksen Courthouse.*—GSA is commended for efforts to involve stakeholders in discussions to address the State Street properties in Chicago. GSA is expected to continue to provide advance notice to and consult with the Committees before taking any actions with respect to these properties.

*Santa Teresa Port of Entry.*—GSA is requested to keep the Committees updated on progress in modernizing the Santa Teresa Port of Entry.

*Executive Order 14057.*—GSA is encouraged to meet carbon reductions in accordance with Executive Order (E.O.) 14057. GSA is further encouraged to incorporate considerations of energy security, cybersecurity, reliability, and resiliency, in its decision-making processes related to E.O. 14057.

REAL PROPERTY ACTIVITIES

FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

(INCLUDING TRANSFERS OF FUNDS)

The bill provides resources from the GSA Federal Buildings Fund totaling \$10,013,150,000.

*Social Cost of Carbon.*—The agreement does not adopt the House directive on the social cost of carbon.

CONSTRUCTION AND ACQUISITION

The bill provides \$807,809,000 for construction and acquisition:

State	Description	Amount

TN .....	Chattanooga, United States Courthouse .....	\$38,400,000

*Land Ports-of-Entry Study.*—The agreement does not adopt the House report directive in Construction and Acquisition on Land Ports-of-Entry Study.

*Innovative Wood Products.*—The agreement directs GSA to evaluate the use of innovative wood products as a green building material and potential aid in carbon storage, which can deliver a cost-effective and sustainable path to reduce excessive hazardous fuels loads and foster long-term forest resilience by expanding markets for low-grade and low-value wood, providing economic diversity for forest communities and reducing wildfire risk in the process. GSA is encouraged to continue to partner with industry to identify opportunities to expand utilization of these materials in Federal construction projects in the future.

REPAIRS AND ALTERATIONS

The bill provides \$662,280,000 for repairs and alterations:

Major Repairs and Alterations .....	\$244,783,000
-------------------------------------	---------------

Basic Repairs and Alterations .....	\$398,797,000
-------------------------------------	---------------

Within the total for Basic Repairs and Alterations, \$3,000,000 is for repairs to the water feature at the Wilkie D. Ferguson Jr. U.S. Courthouse in Miami, FL.

Special Emphasis Programs .....	\$18,700,000
Judicial Capital Security .....	\$18,700,000

RENTAL OF SPACE

The bill provides \$5,561,680,000 for rental of space.

*Leased Buildings Pilot.*—The agreement encourages GSA to: (1) evaluate the benefits of developing a pilot program entering into mutual aid agreements with private sector lessors of buildings where GSA has a leasehold interest; and (2) make available technical assistance to support lessors in making the building more energy efficient, support the installation of electric vehicle charging infrastructure, and conduct related work.

BUILDING OPERATIONS

The bill provides \$2,981,381,000 for building operations.

*Plum Island.*—The agreement expresses support for the Department of Homeland Security (DHS) and the General Services Administration’s efforts to remediate and transfer ownership of Plum Island. DHS and GSA are encouraged to work expeditiously on the Plum Island Closure and Sale project and to consider a Federal conservation outcome for the island, should the Department of Interior or another Federal agency express an interest in acquiring the property through a Federal transfer for conservation and related activities.

*Automated External Defibrillators (AEDs) in Public Buildings.*—In addition to the House report directive on Automated External Defibrillators (AEDs) in public buildings, the agreement directs GSA to work with the Department of Health and Human Services to examine whether AEDs should be required in federally owned buildings under the custody and control of GSA. GSA and HHS

shall issue an updated FMR bulletin no later than 1 year after enactment of this Act.

#### GENERAL ACTIVITIES

##### GOVERNMENT-WIDE POLICY

The bill provides \$71,186,000 for GSA government-wide policy activities.

*Library of Buildings.*—In lieu of House report language, the agreement directs GSA to create a “library of buildings” comprised of a representative group of “typical” as-built projects to establish baseline embodied carbon through whole building life cycle assessments for government construction projects. Using standard based metrics from Life Cycle Inventory and a set of standard-based Whole Building Life Cycle Assessment practices, GSA is directed to analyze and evaluate existing buildings to assess their embodied carbon levels. The data would be made accessible to the public and inform future policy direction on reductions below the baselines to maximize carbon reduction in federal buildings.

*Brooks Act.*—The agreement directs GSA to not award or facilitate the award of any contract for the provision of architectural, engineering, and related services in a manner inconsistent with the procedures in the Brooks Act (40 U.S.C. 1101 et seq.) and part 36.6 of the Federal Acquisition Regulation.

##### OPERATING EXPENSES

The bill provides \$54,478,000 for operating expenses. Within the amount provided, \$29,092,000 is for Real and Personal Property Management and Disposal and \$25,386,000 is for the Office of the Administrator.

##### CIVILIAN BOARD OF CONTRACT APPEALS

The bill provides \$10,352,000 for the Civilian Board of Contract Appeals.

##### OFFICE OF INSPECTOR GENERAL

The bill provides \$74,583,000 for the Office of Inspector General.

##### ALLOWANCES AND OFFICE STAFF FOR FORMER PRESIDENTS

The bill provides \$5,200,000 for allowances and office staff for former Presidents.

##### FEDERAL CITIZEN SERVICES FUND

##### (INCLUDING TRANSFER OF FUNDS)

The bill provides \$90,000,000 for deposit into the Federal Citizen Services Fund and authorizes use of appropriations, revenues, and collections in the Fund in an aggregate amount not to exceed \$200,000,000.

*Foundations for Evidence-Based Policymaking Act.*—The agreement includes up to \$5,000,000 for implementation of the Foundations for Evidence-Based Policymaking Act (Public Law 115–435). GSA is urged to develop guidance to ensure all relevant external stakeholders are provided the opportunity to comment. GSA is en-

couraged to work towards consolidating existing and leveraging new commercial technologies to implement Federal data initiatives and carry out pilot projects related to the implementation of the OPEN Government Data Act and to expand the data.gov platform further to implement these initiatives.

*Credential Service Providers.*—In lieu of House report language, the agreement directs GSA to promote government-wide policy that leverages portable identity and multiple credential service providers (CSPs) independently certified against the requisite National Institute of Standards and Technology guidelines for the highest possible pass rates, fraud prevention, and cost reduction.

*Federal Government IT Investments.*—The current funding for Federal Government information technology (IT), especially the siloed nature in which agencies acquire, deploy, and oversee their IT investments, impedes the development, maintenance and ongoing improvement of shared technology platforms and services that address common needs across agencies. The inability of government systems to interface and interact with each other makes it exceptionally harder for Americans to easily and securely access benefits and makes it easier for people to defraud the government. Some fraud uncovered in pandemic relief programs could have been avoided if federal agencies were able to make data available to other agencies in ways that improved program administration, reduced administrative burden to citizens, and limited the ability of bad actors to exploit common weaknesses across programs.

Section 753 of this Act authorizes the transfer of funds to GSA to finance an appropriate share of various IT projects that support modernization, customer experience, and cybersecurity efforts across the federal enterprise. The GSA Administrator, in consultation with the Office of Management and Budget and, as appropriate, other federal agencies, is directed to identify, define, and produce a prioritized list of the common challenges or needs across agencies that would benefit from shared technical solutions or ways to make data more accessible and interoperable across one or more agency IT systems, including specific examples and recommendations and report to the Committees no later than 180 days after enactment of this Act.

The Government Accountability Office is directed to identify statutes or agency policies that currently inhibit the adoption of shared technology platforms and services, and make recommendations on changes—either within agency procedures or statute—that would remove these obstacles.

#### TECHNOLOGY MODERNIZATION FUND

The bill provides \$50,000,000 for the Technology Modernization Fund for technology-related modernization activities.

#### WORKING CAPITAL FUND

The bill provides \$5,900,000 for the Working Capital Fund for necessary costs to modernize e-rulemaking systems.

## ADMINISTRATIVE PROVISIONS—GENERAL SERVICES ADMINISTRATION

## (INCLUDING TRANSFER OF FUNDS)

Section 520 specifies that funds are available for hire of motor vehicles.

Section 521 authorizes transfers within the Federal Buildings Fund, with advance approval of the Committees.

Section 522 requires transmittal of a fiscal year 2024 request for courthouse construction that meets design guide standards, reflects the priorities in the Judicial Conference's 5-year construction plan, and includes a standardized courtroom utilization study.

Section 523 specifies that funds in this Act may not be used to increase the amount of occupiable space or provide services such as cleaning or security for any agency that does not pay the rental charges assessed by GSA.

Section 524 permits GSA to pay certain construction-related claims against the Federal Government from savings achieved in other projects.

Section 525 requires that the delineated area of procurement for leased space match the approved prospectus, unless the Administrator provides an explanatory statement to the appropriate Congressional committees.

Section 526 requires a spending plan for the Federal Citizen Services Fund.

Section 527 addresses the selection of a site for a new Federal Bureau of Investigation headquarters from one of the three identified sites in GSA fiscal year 2017 prospectus PNCR–FBI–NCR 17.

## HARRY S TRUMAN SCHOLARSHIP FOUNDATION

## SALARIES AND EXPENSES

The bill provides \$3,000,000 for payment to the Harry S Truman Scholarship Foundation Trust Fund.

## MERIT SYSTEMS PROTECTION BOARD

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

The bill provides \$52,000,000 for the salaries and expenses of the Merit Systems Protection Board. Within the amount provided, \$49,655,000 is a direct appropriation and \$2,345,000 is a transfer from the Civil Service Retirement and Disability Fund to adjudicate retirement appeals.

## MORRIS K. UDALL AND STEWART L. UDALL FOUNDATION

## MORRIS K. UDALL AND STEWART L. UDALL TRUST FUND

## (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,800,000 for payment to the Morris K. Udall and Stewart L. Udall Trust Fund.

## ENVIRONMENTAL DISPUTE RESOLUTION FUND

The bill provides \$3,943,000 for payment to the Environmental Dispute Resolution Fund.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

## OPERATING EXPENSES

The bill provides \$427,520,000 for the operating expenses of the National Archives and Records Administration (NARA), of which up to \$2,000,000 shall be available until September 30, 2024, to preserve and make publicly available the congressional papers of former Members of the House and Senate.

*Alaskan Records.*—NARA is commended for keeping its commitments to digitize the Territorial and Federal records generated in Alaska that are currently stored at the Sand Point facility in Washington; to post such records online on an easy-to-find, navigable, and searchable platform; and to consult with Alaska Native Tribes and Tribal organizations concerning the most effective methods of maintaining meaningful access to those records. No later than 180 days after enactment of this Act, NARA is directed to submit a report to the Committees that summarizes the consultations that have occurred, the result of those consultations, and a timeline for completing the digitization within two years.

*National Personnel Records Center.*—Congress has already provided NARA with \$50,000,000 for the Federal Record Centers Program to aid in the effort to address the backlog of military personnel records requests such as hiring additional staff and investing in technology to support remote work. NARA is expected to prioritize efforts necessary to better serve American veterans. NARA is directed to provide quarterly reports on the status of the backlog, estimates of when it will be cleared, and planned and year-to-date expenditures to address the backlog.

## OFFICE OF INSPECTOR GENERAL

The bill provides \$5,980,000 for the Office of Inspector General.

## REPAIRS AND RESTORATION

The bill provides \$22,224,000 for the repair, alteration, and improvement of archives facilities and museum exhibits, related equipment for public spaces, and to provide adequate storage for holdings, to remain available until expended.

Funds are included for the Carter Presidential Library in Atlanta, Georgia, and the Ulysses S. Grant Presidential Library in Starkville, Mississippi.

## NATIONAL HISTORICAL PUBLICATIONS AND RECORDS COMMISSION

## GRANTS PROGRAM

The bill provides \$12,000,000 for the National Historical Publications and Records Commission grants program. The agreement includes \$2,000,000 for a competitive grant program to support preserving the congressional papers of former Members of the Senate

and House and for making these papers available for public research.

ADMINISTRATIVE PROVISION—NATIONAL ARCHIVES AND RECORDS  
ADMINISTRATION

## NATIONAL CREDIT UNION ADMINISTRATION

## COMMUNITY DEVELOPMENT REVOLVING LOAN FUND

The bill provides \$3,500,000 for the Community Development Revolving Loan Fund.

## OFFICE OF GOVERNMENT ETHICS

## SALARIES AND EXPENSES

The bill provides \$24,500,000 for salaries and expenses of the Office of Government Ethics.

## OFFICE OF PERSONNEL MANAGEMENT

## SALARIES AND EXPENSES

## (INCLUDING TRANSFERS OF TRUST FUNDS)

The bill provides \$385,708,000 for salaries and expenses of Office of Personnel Management (OPM). Within the amount provided, \$190,784,000 is a direct appropriation and \$194,924,000 is a transfer from OPM trust funds. These amounts support 34 new full-time equivalents for Retirement Services and \$19,373,000 for information technology modernization.

*Transparency in Political Appointments.*—In lieu of House report language on transparency in political appointments, the agreement recommends that OPM include political appointee data in Fedscope.

*Wildland Firefighter Classification and Pay.*—OPM is directed to analyze how pay for wildland and other firefighters employed by the Federal Government might be modified or reformed to address concerns about pay-related matters, such as classification and work hours, and report to the Committees on its findings no later than 90 days after enactment of this Act. OPM should use this information to assess the need for special rates of pay under section 5305 of title 5, United States Code, for Federal wildland firefighters, including estimates of the cost of providing any proposed special rates and include that information in its reporting.

*Exploring Tools for Prescription Drug Price Transparency in the Federal Employee Health Benefits (FEHB) Program.*—OPM is directed to explore and evaluate the benefits and potential overall cost savings resulting from FEHB Carriers' implementation of Internet-based self-service tools that deliver transparency and clinical decision support on prescription drug costs to its members. OPM is directed to report to the Committees one year after enactment of this Act, contingent on the availability of funding for this study.

*Federal Bureau of Investigation (FBI) Police.*—The agreement recognizes the difficulty of designating the members of the FBI police and other General Schedule police officers as law enforcement officers for retirement purposes and the need to review pay levels for police officers in the General Schedule. GAO shall conduct a study of the FBI and other agencies that employ General Schedule police officers and report to the Committees regarding the issues that would need to be addressed by Congress if it decided to cover

police officers under the law enforcement officer retirement provisions and the need for higher pay levels for General Schedule police officers.

*IT Modernization.*—OPM is expected to continue to make IT modernization a high priority and to make continual progress.

*Federal Government Hiring Process.*—OMB and OPM are expected to take the lead in ensuring that the Federal Government can recruit and hire the best and the brightest. OMB and OPM are also encouraged to actively assist agencies in implementing robust and highly qualified talent teams to ensure each agency has dedicated resources and support for improving their hiring system and to work proactively with agencies seeking specific hiring authorities to address pressing government priorities.

*Retirement Processing.*—OPM is expected to continue to submit monthly reports on the pace of retirement processing.

#### OFFICE OF INSPECTOR GENERAL

##### SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

The bill provides \$36,395,000 for salaries and expenses of the Office of Inspector General. Within the amount provided, \$6,908,000 is a direct appropriation and \$29,487,000 is a transfer from OPM trust funds.

#### OFFICE OF SPECIAL COUNSEL

##### SALARIES AND EXPENSES

The bill includes \$31,904,000 for salaries and expenses of the Office of Special Counsel.

#### PRIVACY AND CIVIL LIBERTIES OVERSIGHT BOARD

##### SALARIES AND EXPENSES

The bill provides \$10,600,000 for salaries and expenses of the Privacy and Civil Liberties Oversight Board.

#### PUBLIC BUILDINGS REFORM BOARD

##### SALARIES AND EXPENSES

The bill provides \$4,000,000 for salaries and expenses of the Public Buildings Reform Board (PBRB).

*Sand Point.*—The PBRB is directed to refrain from moving forward with a sale of the Sand Point facility until all of its records are digitized and available online or relocated to another facility in the Seattle area.

#### SECURITIES AND EXCHANGE COMMISSION

##### SALARIES AND EXPENSES

The bill provides \$2,149,000,000 for the Securities and Exchange Commission (SEC). In addition, another \$57,405,000 and \$3,365,000 is provided for move, replication, and related costs associated with replacement leases for the Commission's District of Co-

lumbia facilities and the Commission's San Francisco Regional Office facilities, respectively. All funds are derived from offsetting collections, resulting in no net appropriation.

*Climate Change Risks to Municipal Bond Markets.*—The agreement does not adopt the House report directive on State and local municipal bond markets.

*Data Security and the Consolidated Audit Trail.*—The SEC continues to collect an increasing amount of market-sensitive data and customer information-including through the Consolidated Audit Trail (CAT). As a repository for sensitive market data, the security of the CAT system and the data included within it is paramount. The Commission is strongly urged, in their oversight of FINRA, to ensure the CAT has adequate breach notification policies in place so affected participants are promptly notified of critical security events.

*International Financial Reporting.*—The agreement notes that investors have expressed the need for more material information about the international financial operations of public companies in order to assess risk and inform investment decisions, and encourages the SEC to consider promulgating requirements for public companies to disclose basic financial information on a country-by-country basis.

*Reserve Fund Notifications.*—The SEC's adherence to its obligation to notify Congress of the date, amount, and purpose of any obligation from the Reserve Fund within 10 days of such obligation is appreciated. The SEC is directed, in its written notifications to Congress required by 15 U.S.C. 78d(i)(3), to specify: (1) the balance in the fund remaining available after the obligation is deducted; (2) the estimated total cost of the project for which amounts are being deducted; (3) the total amount for all projects that have withdrawn funding from the fund since fiscal year 2012; and (4) the estimated amount, per project, that will be required to complete all ongoing projects which use funding derived from the fund. The SEC is also directed to submit, no later than 30 days after enactment of this Act, a detailed spending plan for the allocation of expenditures from the fund.

*Small Business Outreach.*—SEC is directed to submit a report no later than 120 days after enactment of this Act detailing outreach to small businesses and investors, particularly women and minority-owned small businesses, and how the SEC can incorporate this outreach into each rulemaking.

*Special Purpose Acquisition Companies.*—Special Purpose Acquisition Companies (SPACs) raise investor funds through an initial public offering with the goal of acquiring and merging with a private company within a two-year window. SPACs are becoming more popular but the risks that come with these companies are not always clear to everyday investors. The SEC is encouraged to use their authority to provide retail-friendly disclosures for SPACs.

## SELECTIVE SERVICE SYSTEM

### SALARIES AND EXPENSES

The bill provides \$31,700,000 for the salaries and expenses of the Selective Service System.

## SMALL BUSINESS ADMINISTRATION

## SALARIES AND EXPENSES

The bill provides \$326,000,000 for salaries and expenses of the Small Business Administration (SBA). The agreement includes at least \$12,000,000 for SBA's Office of Credit Risk Management (OCRM) for lender oversight and risk-based reviews. Funding for the Office of General Counsel is provided separately from this amount. OCRM must play a key role in eliminating waste, fraud, and abuse in SBA lending programs and protecting taxpayer losses on loans by ensuring lenders comply with procedures that mitigate the risk of loss under SBA's loan programs.

*District Office Staffing Levels.*—Adequate staffing at district offices is essential to SBA's mission. District offices offer a critical line of communication and source of advice for small businesses, especially during the pandemic, when so many businesses and entrepreneurs relied on SBA services. SBA is directed to provide a report to the Committees no later than 90 days after enactment of this Act on the staffing and budget level for each district office for the past five fiscal years.

*Small Business Investment Company (SBIC) Collaboration.*—SBA is directed to continue its collaborative effort with the SEC to ensure effective oversight of SBICs and the protection of SBIC investors.

*Small Business Investment Company Concentration.*—Due to concerns about the geographic concentration of SBICs, the agreement supports the inclusion of additional reporting requirements on small business investment activities and encourages SBA to conduct Investment Committee interviews on-site or as close to the applicant's physical location as possible.

*2017 Hurricane Recommendations.*—The agreement notes that SBA has implemented two recommendations for Executive Action made by the Government Accountability Office in the report "Disaster Loan Processing Was Timelier, but Planning Improvements and Pilot Program Evaluation Needed," and expects SBA to implement the remaining recommendations.

*Disaster Loan Assistance Portal.*—SBA is encouraged to migrate the Disaster Loan Assistance Portal to the cloud to improve the user experience by making it more user-friendly, accessible, and intuitive.

*Information Technology Modernization.*—The agreement recognizes the importance of IT systems modernization and performance to fulfilling SBA's mission. The agreement notes SBA's authority to utilize a working capital fund to help SBA implement IT modernization projects that comply with the intent of Congress in the Federal Information Technology Acquisition Act to eliminate waste, fraud, and abuse in Federal IT enterprise programs.

*Native Hawaiian Organizations.*—There is concern that Native Hawaiian Organizations (NHOs) are not treated as 8(a) eligible entities by all Federal agencies, and expects SBA to work closely with Congress to provide equal opportunities to NHOs.

ENTREPRENEURIAL DEVELOPMENT PROGRAMS

The bill provides \$320,000,000 for SBA Entrepreneurial Development Programs.

Program	(\$000)

*Grants Management System.*—SBA is directed to provide a report no later than 30 days after enactment of this Act on the implementation of a new grants management system and the timeline for completion.

*Cybersecurity for Small Businesses.*—The agreement recommends \$3,000,000 for a Cybersecurity Assistance Pilot Program that will competitively award up to three grants to States to provide new small businesses with access to cybersecurity tools during their formative and most vulnerable years.

*Federal and State Technology Partnership (FAST) Program.*—The agreement notes the FAST program's efforts to reach innovative, technology-driven small businesses and to leverage the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs to stimulate economic development. The FAST program is particularly important in States that are seeking to build high technology industries but are underrepresented in the SBIR/STTR programs. SBA is directed to consider prioritizing awards to States that receive below the national median average of SBIRs/STTRs. Small Business and Technology Development Centers (SBTDCs) serve small businesses in these fields and are accredited to provide intellectual property and technology commercialization assistance to businesses in high technology industries. Of the amount provided for FAST, \$1,500,000 shall be for FAST awards to SBTDCs fully accredited for technology designation as of December 31, 2022.

*Growth Accelerators.*—The agreement recognizes the success of Growth Accelerators in spreading the growth of start-ups in areas of the country where funding from private capital is scarce. Within amounts provided for growth accelerators, SBA shall prioritize funding to applications from rural areas that have not previously received an award.

*HUBZone.*—SBA is encouraged to update and implement HUBZone guidance, as well as implement a plan to mitigate infor-

mation technology issues affecting the HUBZone certification process.

*Regional Innovation Clusters Eligibility.*—The agreement strongly encourages SBA to reevaluate the eligibility criteria established in the fiscal year 2019 request for proposal (RFP) for Regional Innovation Clusters and directs SBA to brief the Committees on the eligibility criteria for the fiscal year 2022 RFP no less than 30 days prior to its publication.

*SCORE.*—The SCORE program has made several improvements to address issues identified in SBA Office of Inspector General’s audit of SCORE’s fiscal year 2017 award. The agreement supports efforts by SCORE to continue to improve program operations and strengthen financial monitoring and accountability.

*Small Business Development Centers (SBDCs).*—Subject to the availability of funds, the Administrator shall, to the extent practicable, ensure that a small business development center is appropriately reimbursed within the same fiscal year in which the expenses are submitted for reimbursement for any and all legitimate expenses incurred in carrying out activities under section 21(a)(1) et seq. of the Small Business Act (15 U.S.C. 648(a)(1) et seq.).

*SBDC Minimum Funding Awards.*—SBA should assess the minimum funding levels awarded to States and U.S. territories through the SBDC Program to ensure adequate resources are provided to meet the demand of each State.

*Women’s Business Centers.*—SBA is encouraged to refine and share its quarterly dashboard of performance goals with all WBCs for transparency and coordinate services with other business assistance programs to avoid duplication.

#### OFFICE OF INSPECTOR GENERAL

The bill provides \$32,020,000 for the Office of Inspector General (OIG).

The OIG is encouraged to continue routine analysis and reporting on SBA’s oversight of the 7(a) loan program, effective management of counseling and training services offered by partner organizations, and SBA’s management of the Disaster Assistance Program.

#### OFFICE OF ADVOCACY

The bill provides \$10,211,000 for the Office of Advocacy.

#### BUSINESS LOANS PROGRAM ACCOUNT

##### (INCLUDING TRANSFER OF FUNDS)

The bill provides \$171,300,000 for the Business Loans Program Account, of which \$6,000,000 is for loans subsidy for the Microloan Program and \$165,300,000 is for the authorized expenses of administering the business loans programs.

#### DISASTER LOANS PROGRAM ACCOUNT

##### (INCLUDING TRANSFERS OF FUNDS)

The bill provides \$179,000,000 for the administrative costs of the Disaster Loans Program, of which \$143,000,000 is designated as

being for disaster relief for major disasters and \$36,000,000 is provided for the authorized expenses of administering SBA-declared disasters.

*Examining Disparities in Disaster Assistance.*—SBA is directed to conduct an internal review of its disaster recovery program implementation practices to identify if any current practices leave out or provide unequal outcomes for communities of color and economically-disadvantaged communities; and, if so, develop recommendations on executive and legislative actions that could improve outcomes. Further, GAO is directed to provide a report to the Committees no later than 270 days after enactment of this Act, on recovery outcomes in communities that received SBA disaster recovery support and identify how SBA programs address the needs of economically-disadvantaged communities or communities of color.

*SBA Disaster Loan Duplication of Assistance.*—There is concern that some disaster victims are penalized with disaster benefit reductions if they apply for SBA disaster loans, but wind up not taking the loan when other Federal assistance is awarded. SBA is urged to issue guidance relating to the consideration of whether an applicant was approved for but declined assistance from SBA under section 7(b) of the Small Business Act.

*Business Recovery Centers.*—SBA is encouraged to continue its close collaboration with the Federal Emergency Management Agency (FEMA) during disaster recovery and consider additional co-location of Business Recovery Centers and Disaster Recovery Centers where economically practicable.

#### ADMINISTRATIVE PROVISIONS—SMALL BUSINESS ADMINISTRATION

##### (INCLUDING TRANSFERS OF FUNDS)

Section 540 provides transfer authority and availability of funds.

Section 541 authorizes the transfer of funding available under the SBA “Salaries and Expenses” and “Business Loans Program Account” appropriations into the SBA Information Technology System Modernization and Working Capital Fund.

## UNITED STATES POSTAL SERVICE

## PAYMENT TO THE POSTAL SERVICE FUND

The bill provides \$50,253,000 for a payment to the Postal Service Fund.

*House Report Directives.*—The agreement does not adopt the House report directives on a postal non-banking financial services modernization pilot program or next generation delivery vehicle.

*Small Post Offices.*—The agreement includes provisions ensuring that mail for overseas voting and mail for the blind shall continue to be free and that none of the funds provided be used to consolidate or close small rural and other small post offices in fiscal year 2023. Maintenance of six-day delivery is mandated by the Postal Services Reform Act.

*Zip Code Overlap.*—The USPS is reminded of the report required by House Report 117–79 on zip code overlap in multiple municipal jurisdictions.

## OFFICE OF INSPECTOR GENERAL

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

The bill provides \$271,000,000 for the Office of Inspector General.

*Access to the Postal Service Asset Forfeiture Fund.*—Since 2005, the USPS OIG has been a valuable law enforcement partner and active participant in the Postal Service's asset forfeiture program, which is managed by the U.S. Postal Inspection Service. Notably, over the past 10 years, the OIG has contributed over \$33 million in forfeited funds to the Postal Service Fund, either from cases where it was the lead investigating agency or as a participant in joint law enforcement investigations. However, there is concern that the OIG no longer has access to proceeds in the Fund, as it has had for the past 17 years.

## UNITED STATES TAX COURT

## SALARIES AND EXPENSES

The bill provides \$57,300,000 for salaries and expenses of the United States Tax Court, of which not to exceed \$3,000 is available for official reception and representation expenses.

## TITLE VI

## GENERAL PROVISIONS—THIS ACT

## (INCLUDING RESCISSION OF FUNDS)

Section 601 prohibits pay and other expenses of non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

Section 602 prohibits obligations beyond the current fiscal year and prohibits transfers of funds unless expressly provided except for transfers made pursuant to the authority in section 3173(d) of title 40, United States Code.

Section 603 limits expenditures for any consulting service through procurement contracts to those contracts where such expenditures are a matter of public record and available for public inspection.

Section 604 prohibits funds in this Act from being transferred without express authority.

Section 605 prohibits the use of funds to engage in activities that would prohibit the enforcement of section 307 of the Tariff Act of 1930 (46 Stat. 590).

Section 606 prohibits the use of funds unless the recipient agrees to comply with the Buy American Act.

Section 607 prohibits funding for any person or entity convicted of violating the Buy American Act.

Section 608 authorizes the reprogramming of funds, specifies the reprogramming procedures for agencies funded by this Act, and penalizes late reporting.

Section 609 ensures that 50 percent of unobligated balances may remain available for certain purposes.

Section 610 restricts the use of funds for the Executive Office of the President to request official background reports from the Federal Bureau of Investigation without the written consent of the individual who is the subject of the report.

Section 611 ensures that the cost accounting standards shall not apply with respect to a contract under the Federal Employees Health Benefits Program.

Section 612 allows the use of certain funds relating to nonforeign area cost-of-living allowances.

Section 613 prohibits the expenditure of funds for abortions under the Federal Employees Health Benefits Program.

Section 614 provides an exemption from section 613 if the life of the mother is in danger or the pregnancy is a result of an act of rape or incest.

Section 615 waives restrictions on the purchase of nondomestic articles, materials, and supplies in the case of acquisition by the Federal Government of information technology.

Section 616 prohibits the acceptance by agencies or commissions funded by this Act, or by their officers or employees, of payment or reimbursement for travel, subsistence, or related expenses from any person or entity (or their representative) that engages in activities regulated by such agencies or commissions.

Section 617 requires agencies covered by this Act with independent leasing authority to consult with the General Services Administration before seeking new office space or making alterations to existing office space.

Section 618 provides for several appropriated mandatory accounts, where authorizing language requires the payment of funds for Compensation of the President, the Judicial Retirement Funds (Judicial Officers' Retirement Fund, Judicial Survivors' Annuities Fund, and the United States Court of Federal Claims Judges' Retirement Fund), the Government Payment for Annuitants for Employee Health Benefits and Employee Life Insurance, and the Payment to the Civil Service Retirement and Disability Fund. In addition, language is included for certain retirement, healthcare, and survivor benefits required by 3 U.S.C. 102 note.

## TITLE VII

### GENERAL PROVISIONS—GOVERNMENT-WIDE

#### DEPARTMENTS, AGENCIES, AND CORPORATIONS

##### (INCLUDING TRANSFERS OF FUNDS)

Section 701 requires agencies to administer a policy designed to ensure that its workplaces are free from the illegal use of controlled substances.

Section 702 sets specific limits on the cost of passenger vehicles purchased by the Federal Government with exceptions for police, heavy duty, electric hybrid, and clean fuels vehicles and with an exception for commercial vehicles that operate on emerging motor vehicle technology.

Section 703 allows funds made available to agencies for travel to also be used for quarters allowances and cost-of-living allowances.

Section 704 prohibits the Government from employing non-U.S. citizens whose posts of duty would be in the continental United States.

Section 705 ensures that agencies will have authority to pay GSA for space renovation and other services.

Section 706 allows agencies to use receipts from the sale of materials for acquisition, waste reduction and prevention, environmental management programs, and other Federal employee programs.

Section 707 provides that funds for administrative expenses may be used to pay rent and other service costs in the District of Columbia.

Section 708 precludes interagency financing of groups absent prior statutory approval.

Section 709 prohibits the use of appropriated funds for enforcing regulations disapproved in accordance with the applicable law of the United States.

Section 710 limits the amount that can be used for redecoration of offices under certain circumstances.

Section 711 permits interagency funding of national security and emergency preparedness telecommunications initiatives that benefit multiple Federal departments, agencies, and entities.

Section 712 requires agencies to certify that a schedule C appointment was not created solely or primarily to detail the employee to the White House.

Section 713 prohibits the use of funds to prevent Federal employees from communicating with Congress or to take disciplinary or personnel actions against employees for such communication.

Section 714 prohibits Federal training not directly related to the performance of official duties.

Section 715 prohibits the use of appropriated funds for publicity or propaganda designed to support or defeat legislation pending before Congress.

Section 716 prohibits the use of appropriated funds by an agency to provide home addresses of Federal employees to labor organizations, absent employee authorization or court order.

Section 717 prohibits the use of appropriated funds to provide nonpublic information such as mailing or telephone lists to any person or organization outside of the Government without approval of the Committees.

Section 718 prohibits the use of appropriated funds for publicity or propaganda purposes within the United States not authorized by Congress.

Section 719 directs agencies' employees to use official time in an honest effort to perform official duties.

Section 720 authorizes the use of current fiscal year funds to finance an appropriate share of the Federal Accounting Standards Advisory Board administrative costs.

Section 721 authorizes the transfer of funds to GSA to finance an appropriate share of various Government-wide boards and councils under certain conditions.

Section 722 authorizes breastfeeding at any location in a Federal building or on Federal property.

Section 723 permits interagency funding of the National Science and Technology Council and requires OMB to report on the budget and resources of the Council.

Section 724 requires identification of the Federal agencies providing Federal funds and the amount provided for all proposals, solicitations, grant applications, forms, notifications, press releases, or other publications related to the distribution of funding to a State.

Section 725 prohibits the use of funds to monitor personal information relating to the use of Federal Internet sites.

Section 726 regards contraceptive coverage under the Federal Employees Health Benefits Plan.

Section 727 recognizes that the United States is committed to ensuring the health of Olympic, Pan American, and Paralympic athletes, and supports strict adherence to anti-doping in sport activities.

Section 728 allows departments and agencies to use official travel funds to participate in the fractional aircraft ownership pilot programs.

Section 729 prohibits funds for implementation of OPM regulations limiting detailees to the legislative branch and placing certain limitations on the Coast Guard Congressional Fellowship program.

Section 730 restricts the use of funds for Federal law enforcement training facilities with an exception for the Federal Law Enforcement Training Centers.

Section 731 prohibits executive branch agencies from creating or funding prepackaged news stories that are broadcast or distributed in the United States unless specific notification conditions are met.

Section 732 prohibits funds used in contravention of the Privacy Act, section 552a of title 5, United States Code, or section 522.224 of title 48 of the Code of Federal Regulations.

Section 733 prohibits funds in this or any other Act from being used for Federal contracts with inverted domestic corporations or other corporations using similar inverted structures, unless the contract preceded this Act or the Secretary grants a waiver in the interest of national security.

Section 734 requires agencies to remit to the Civil Service Retirement and Disability Fund an amount equal to the OPM average unit cost of processing a retirement claim for the preceding fiscal year, to be available to OPM for the cost of processing retirements of employees who separate under Voluntary Early Retirement Authority or who receive Voluntary Separation Incentive Payments.

Section 735 prohibits funds to require any entity submitting an offer for a Federal contract to disclose political contributions.

Section 736 prohibits funds for the painting of a portrait of an employee of the Federal Government, including the President, the Vice President, a Member of Congress, the head of an executive branch agency, or the head of an office of the legislative branch.

Section 737 limits the pay increases of certain prevailing rate employees.

Section 738 requires reports to Inspectors General concerning expenditures for agency conferences.

Section 739 prohibits the use of funds to increase, eliminate, or reduce a program or project unless such change is made pursuant to reprogramming or transfer provisions.

Section 740 prohibits OPM or any other agency from using funds to implement regulations changing the competitive areas under reductions-in-force for Federal employees.

Section 741 prohibits the use of funds to begin or announce a study or a public-private competition regarding the conversion to contractor performance of any function performed by civilian Federal employees pursuant to OMB Circular A-76 or any other administrative regulation, directive, or policy.

Section 742 ensures that contractors are not prevented from reporting waste, fraud, or abuse by signing confidentiality agreements that would prohibit such disclosure.

Section 743 prohibits the expenditure of funds for the implementation of agreements in certain nondisclosure policies unless certain provisions are included in the policies.

Section 744 prohibits funds to any corporation with certain unpaid Federal tax liabilities unless an agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government.

Section 745 prohibits funds to any corporation that was convicted of a felony criminal violation within the preceding 24 months unless an agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Section 746 relates to the Consumer Financial Protection Bureau (CFPB). Given the need for transparency and accountability in the Federal budgeting process, the CFPB is directed to provide an informal, nonpublic full briefing at least annually before the relevant Appropriations subcommittee on the CFPB's finances and expenditures.

Section 747 eliminates automatic statutory pay increases for the Vice President, political appointees paid under the executive schedule, ambassadors who are not career members of the Foreign Service, political appointed (noncareer) Senior Executive Service employees, and any other senior political appointee paid at or above level IV of the executive schedule.

Section 748 requires reporting Impoundment Control Act violations to Congress.

Section 749 requires that any executive branch agency notify the Committees if an apportionment of an appropriation for such agency is not approved in a timely and appropriate manner.

Section 750 requires the retention of certain records pertaining to certain GAO audits.

Section 751 addresses interagency funding for the United States Army Medical Research and Development Command, the Congressionally Directed Medical Research Programs and the National Institutes of Health research programs.

Section 752 addresses accessibility to government electronic and information technology for individuals with disabilities.

Section 753 authorizes the transfer of funds to GSA to finance an appropriate share of various information technology projects

among Government-wide boards and councils under certain conditions.

Section 754 declares the inapplicability of these general provisions to title IV and title VIII.

## TITLE VIII

### GENERAL PROVISIONS—DISTRICT OF COLUMBIA

#### (INCLUDING TRANSFERS OF FUNDS)

Section 801 allows the use of local funds for making refunds or paying judgments against the District of Columbia government.

Section 802 prohibits the use of Federal funds for publicity or propaganda designed to support or defeat legislation before Congress or any State legislature.

Section 803 establishes reprogramming procedures for Federal funds.

Section 804 prohibits the use of Federal funds for the salaries and expenses of a shadow U.S. Senator or U.S. Representative.

Section 805 places restrictions on the use of District of Columbia government vehicles.

Section 806 prohibits the use of Federal funds for a petition or civil action that seeks to require voting rights for the District of Columbia in Congress.

Section 807 prohibits the use of Federal funds in this Act to distribute, for the purpose of preventing the spread of bloodborne pathogens, sterile needles or syringes in any location that has been determined by local public health officials or local law enforcement authorities to be inappropriate for such distribution.

Section 808 concerns a “conscience clause” on legislation that pertains to contraceptive coverage by health insurance plans.

Section 809 prohibits Federal funds to enact or carry out any law, rule, or regulation to legalize or reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act or any tetrahydrocannabinols derivative. In addition, section 809 prohibits Federal and local funds to enact any law, rule, or regulation to legalize or reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act or any tetrahydrocannabinols derivative for recreational purposes.

Section 810 prohibits the use of funds for abortion except in the cases of rape or incest or if necessary, to save the life of the mother.

Section 811 requires the CFO to submit a revised operating budget no later than 30 calendar days after the enactment of this Act for agencies the CFO certifies as requiring a reallocation to address unanticipated program needs.

Section 812 requires the CFO to submit a revised operating budget for the District of Columbia Public Schools, no later than 30 calendar days after the enactment of this Act, which aligns schools’ budgets to actual enrollment.

Section 813 allows for transfers of local funds between operating funds and capital and enterprise funds.

Section 814 prohibits the obligation of Federal funds beyond the current fiscal year and transfers of funds unless expressly provided herein.

Section 815 provides that not to exceed 50 percent of unobligated balances from Federal appropriations for salaries and expenses may remain available for certain purposes. This provision applies to the District of Columbia Courts, the Court Services and Offender Supervision Agency, and the District of Columbia Public Defender Service.

Section 816 appropriates local funds during fiscal year 2024 if there is an absence of a continuing resolution or regular appropriation for the District of Columbia. Funds are provided under the same authorities and conditions and in the same manner and extent as provided for in fiscal year 2023.

Section 817 provides the District of Columbia authority to transfer, receive, and acquire lands and funding it deems necessary for the construction and operation of interstate bridges over navigable waters, including related infrastructure, for a project to expand commuter and regional passenger rail service and provide bike and pedestrian access crossings.

Section 818 requires each Federal and District government agency appropriated Federal funding in this Act to submit to the Committees quarterly budget reports on obligations.

Section 819 is a new provision that raises the rate for attorneys and investigators representing indigent defendants.

Section 820 specifies that references to “this Act” in this title or title IV are treated as referring only to the provisions of this title and title IV.

This division may be cited as “Financial Services and General Government Appropriations Act, 2023.”

## DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

## ADMINISTRATIVE PROVISIONS

## (INCLUDING TRANSFER OF FUNDS)

SEC. 101. (a) The Secretary of Homeland Security shall submit a report not later than October 15, 2023, to the Inspector General of the Department of Homeland Security listing all grants and contracts awarded by any means other than full and open competition during fiscal years 2022 or 2023.

(b) The Inspector General shall review the report required by subsection (a) to assess departmental compliance with applicable laws and regulations and report the results of that review to the Committees on Appropriations of the Senate and the House of Representatives not later than February 15, 2024.

SEC. 102. Not later than 30 days after the last day of each month, the Chief Financial Officer of the Department of Homeland Security shall submit to the Committees on Appropriations of the Senate and the House of Representatives a monthly budget and staffing report that includes total obligations of the Department for

that month and for the fiscal year at the appropriation and program, project, and activity levels, by the source year of the appropriation.

SEC. 103. The Secretary of Homeland Security shall require that all contracts of the Department of Homeland Security that provide award fees link such fees to successful acquisition outcomes, which shall be specified in terms of cost, schedule, and performance.

SEC. 104. (a) The Secretary of Homeland Security, in consultation with the Secretary of the Treasury, shall notify the Committees on Appropriations of the Senate and the House of Representatives of any proposed transfers of funds available under section 9705(g)(4)(B) of title 31, United States Code, from the Department of the Treasury Forfeiture Fund to any agency within the Department of Homeland Security.

(b) None of the funds identified for such a transfer may be obligated until the Committees on Appropriations of the Senate and the House of Representatives are notified of the proposed transfer.

SEC. 105. All official costs associated with the use of Government aircraft by Department of Homeland Security personnel to support official travel of the Secretary and the Deputy Secretary shall be paid from amounts made available for the Office of the Secretary.

SEC. 106. (a) The Under Secretary for Management shall brief the Committees on Appropriations of the Senate and the House of Representatives not later than 45 days after the end of each fiscal quarter on all Level 1 and Level 2 acquisition programs on the Master Acquisition Oversight list between Acquisition Decision Event and Full Operational Capability, including programs that have been removed from such list during the preceding quarter.

(b) For each such program, the briefing described in subsection (a) shall include—

(1) a description of the purpose of the program, including the capabilities being acquired and the component(s) sponsoring the acquisition;

(2) the total number of units, as appropriate, to be acquired annually until procurement is complete under the current acquisition program baseline;

(3) the Acquisition Review Board status, including—

(A) the current acquisition phase by increment, as applicable;

(B) the date of the most recent review; and

(C) whether the program has been paused or is in breach status;

(4) a comparison between the initial Department-approved acquisition program baseline cost, schedule, and performance thresholds and objectives and the program's current such thresholds and objectives, if applicable;

(5) the lifecycle cost estimate, adjusted for comparison to the Future Years Homeland Security Program, including—

(A) the confidence level for the estimate;

(B) the fiscal years included in the estimate;

(C) a breakout of the estimate for the prior five years, the current year, and the budget year;

(D) a breakout of the estimate by appropriation account or other funding source; and

- (E) a description of and rationale for any changes to the estimate as compared to the previously approved baseline, as applicable, and during the prior fiscal year;
- (6) a summary of the findings of any independent verification and validation of the items to be acquired or an explanation for why no such verification and validation has been performed;
- (7) a table displaying the obligation of all program funds by prior fiscal year, the estimated obligation of funds for the current fiscal year, and an estimate for the planned carryover of funds into the subsequent fiscal year;
- (8) a listing of prime contractors and major subcontractors; and
- (9) narrative descriptions of risks to cost, schedule, or performance that could result in a program breach if not successfully mitigated.

(c) The Under Secretary for Management shall submit each approved Acquisition Decision Memorandum for programs described in this section to the Committees on Appropriations of the Senate and the House of Representatives not later than five business days after the date of approval of such memorandum by the Under Secretary for Management or the designee of the Under Secretary.

SEC. 107. (a) None of the funds made available to the Department of Homeland Security in this Act or prior appropriations Acts may be obligated for any new pilot or demonstration unless the component or office carrying out such pilot or demonstration has documented the information described in subsection (c).

(b) Prior to the obligation of any such funds made available for "Operations and Support" for a new pilot or demonstration, the Under Secretary for Management shall provide a report to the Committees on Appropriations of the Senate and the House of Representatives on the information described in subsection (c).

(c) The information required under subsections (a) and (b) for a pilot or demonstration shall include the following—

- (1) documented objectives that are well-defined and measurable;
- (2) an assessment methodology that details—
  - (A) the type and source of assessment data;
  - (B) the methods for, and frequency of, collecting such data; and
  - (C) how such data will be analyzed; and
- (3) an implementation plan, including milestones, cost estimates, and implementation schedules, including a projected end date.

(d) Not later than 90 days after the date of completion of a pilot or demonstration described in subsection (e) the Under Secretary for Management shall provide a report to the Committees on Appropriations of the Senate and the House of Representatives detailing lessons learned, actual costs, any planned expansion or continuation of the pilot or demonstration, and any planned transition of such pilot or demonstration into an enduring program or operation.

(e) For the purposes of this section, a pilot or demonstration program is a study, demonstration, experimental program, or trial that—

(1) is a small-scale, short-term experiment conducted in order to evaluate feasibility, duration, costs, or adverse events, and improve upon the design of an effort prior to implementation of a larger scale effort; and

(2) uses more than 10 full-time equivalents or obligates, or proposes to obligate, \$5,000,000 or more, but does not include congressionally directed programs or enhancements and does not include programs that were in operation as of March 15, 2022.

(f) For the purposes of this section, a pilot or demonstration does not include any testing, evaluation, or initial deployment phase executed under a procurement contract for the acquisition of information technology services or systems, or any pilot or demonstration carried out by a non-federal recipient under any financial assistance agreement funded by the Department.

SEC. 108. Of the amount made available by section 4005 of the American Rescue Plan Act of 2021 (Public Law 117–2), \$14,000,000 shall be transferred to “Office of Inspector General—Operations and Support” for oversight of the use of funds made available under such section 4005.

### ADMINISTRATIVE PROVISIONS

SEC. 201. Section 201 of the Department of Homeland Security Appropriations Act, 2018 (division F of Public Law 115–141), related to overtime compensation limitations, shall apply with re-

spect to funds made available in this Act in the same manner as such section applied to funds made available in that Act, except that “fiscal year 2023” shall be substituted for “fiscal year 2018”.

SEC. 202. Funding made available under the headings “U.S. Customs and Border Protection—Operations and Support” and “U.S. Customs and Border Protection—Procurement, Construction, and Improvements” shall be available for customs expenses when necessary to maintain operations and prevent adverse personnel actions in Puerto Rico and the U.S. Virgin Islands, in addition to funding provided by sections 740 and 1406i of title 48, United States Code.

SEC. 203. As authorized by section 601(b) of the United States-Colombia Trade Promotion Agreement Implementation Act (Public Law 112–42), fees collected from passengers arriving from Canada, Mexico, or an adjacent island pursuant to section 13031(a)(5) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(a)(5)) shall be available until expended.

SEC. 204. (a) For an additional amount for “U.S. Customs and Border Protection—Operations and Support”, \$31,000,000, to remain available until expended, to be reduced by amounts collected and credited to this appropriation in fiscal year 2023 from amounts authorized to be collected by section 286(i) of the Immigration and Nationality Act (8 U.S.C. 1356(i)), section 10412 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8311), and section 817 of the Trade Facilitation and Trade Enforcement Act of 2015 (Public Law 114–125), or other such authorizing language.

(b) To the extent that amounts realized from such collections exceed \$31,000,000, those amounts in excess of \$31,000,000 shall be credited to this appropriation, to remain available until expended.

SEC. 205. None of the funds made available in this Act for U.S. Customs and Border Protection may be used to prevent an individual not in the business of importing a prescription drug (within the meaning of section 801(g) of the Federal Food, Drug, and Cosmetic Act) from importing a prescription drug from Canada that complies with the Federal Food, Drug, and Cosmetic Act: *Provided*, That this section shall apply only to individuals transporting on their person a personal-use quantity of the prescription drug, not to exceed a 90-day supply: *Provided further*, That the prescription drug may not be—

(1) a controlled substance, as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802); or

(2) a biological product, as defined in section 351 of the Public Health Service Act (42 U.S.C. 262).

SEC. 206. (a) Notwithstanding any other provision of law, none of the funds provided in this or any other Act shall be used to approve a waiver of the navigation and vessel-inspection laws pursuant to section 501(b) of title 46, United States Code, for the transportation of crude oil distributed from and to the Strategic Petroleum Reserve until the Secretary of Homeland Security, after consultation with the Secretaries of the Departments of Energy and Transportation and representatives from the United States flag maritime industry, takes adequate measures to ensure the use of United States flag vessels.

(b) The Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives within 2 business days of any request for waivers of navigation and vessel-inspection laws pursuant to section 501(b) of title 46, United States Code, with respect to such transportation, and the disposition of such requests.

SEC. 207. (a) Beginning on the date of enactment of this Act, the Secretary of Homeland Security shall not—

(1) establish, collect, or otherwise impose any new border crossing fee on individuals crossing the Southern border or the Northern border at a land port of entry; or

(2) conduct any study relating to the imposition of a border crossing fee.

(b) In this section, the term “border crossing fee” means a fee that every pedestrian, cyclist, and driver and passenger of a private motor vehicle is required to pay for the privilege of crossing the Southern border or the Northern border at a land port of entry.

SEC. 208. (a) Not later than 90 days after the date of enactment of this Act, the Commissioner of U.S. Customs and Border Protection shall submit an expenditure plan for any amounts made available for “U.S. Customs and Border Protection—Procurement, Construction, and Improvements” in this Act and prior Acts to the Committees on Appropriations of the Senate and the House of Representatives.

(b) No such amounts provided in this Act may be obligated prior to the submission of such plan.

SEC. 209. Section 211 of the Department of Homeland Security Appropriations Act, 2021 (division F of Public Law 116–260), prohibiting the use of funds for the construction of fencing in certain areas, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

SEC. 210. (a) Funds made available in this Act may be used to alter operations within the National Targeting Center of U.S. Customs and Border Protection.

(b) None of the funds provided by this Act, provided by previous appropriations Acts that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, may be used to reduce anticipated or planned vetting operations at existing locations unless specifically authorized by a statute enacted after the date of enactment of this Act.

SEC. 211. (a) Of the amounts transferred from “U.S. Customs and Border Protection—Operations and Support” to “Federal Emergency Management Agency—Federal Assistance” in this Act, up to \$785,000,000 may be made available for the emergency food and shelter program under title II of the McKinney Vento Homeless Assistance Act (42 U.S.C. 11331) for the purposes of providing shelter and other services to families and individuals encountered by the Department of Homeland Security.

(b) Notwithstanding sections 313(a) and 316 of such Act, up to \$50,000,000 of any amounts made available to the emergency food and shelter program under subsection (a) may be used for the construction and expansion of shelter facilities.

(c) Notwithstanding section 311 of such Act, funds made available for the purposes described in subsection (b) may be awarded to the Emergency Food and Shelter Program National Board up to 6 months after the date of enactment of this Act.

(d) Notwithstanding sections 315 and 316(b) of such Act, funds made available under subsection (b) may be disbursed by the Emergency Food and Shelter Program National Board up to 24 months after the date on which such funds become available.

(e) Amounts made available under subsection (a) may be available for the reimbursement of costs incurred after June 30, 2022.

(f) The real property disposition requirements at 2 CFR 200.311(c) shall not apply to grants funded by the amounts transferred from “U.S. Customs and Border Protection—Operations and Support” to “Federal Emergency Management Agency—Federal Assistance” in this Act.

SEC. 212. Of the total amount made available under “U.S. Customs and Border Protection—Procurement, Construction, and Improvements”, \$581,558,000 shall be available only as follows:

- (1) \$230,277,000 for the acquisition and deployment of border security technologies;
- (2) \$126,047,000 for trade and travel assets and infrastructure;
- (3) \$99,900,000 for facility construction and improvements;
- (4) \$92,661,000 for integrated operations assets and infrastructure; and
- (5) \$32,673,000 for mission support and infrastructure.

SEC. 213. None of the funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” may be used to continue a delegation of law enforcement authority authorized under section 287(g) of the Immigration and Nationality Act (8 U.S.C. 1357(g)) if the Department of Homeland Security Inspector General determines that the terms of the agreement governing the delegation of authority have been materially violated.

SEC. 214. (a) None of the funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” may be used to continue any contract for the provision of detention services if the two most recent overall performance evaluations received by the contracted facility are less than “adequate” or the equivalent median score in any subsequent performance evaluation system.

(b) The performance evaluations referenced in subsection (a) shall be conducted by the U.S. Immigration and Customs Enforcement Office of Professional Responsibility.

SEC. 215. Without regard to the limitation as to time and condition of section 503(d) of this Act, the Secretary may reprogram within and transfer funds to “U.S. Immigration and Customs Enforcement—Operations and Support” as necessary to ensure the detention of aliens prioritized for removal.

SEC. 216. The reports required to be submitted under section 216 of the Department of Homeland Security Appropriations Act, 2021

(division F of Public Law 116–260) shall continue to be submitted semimonthly and each matter required to be included in such reports by such section 216 shall apply in the same manner and to the same extent during the period described in such section 216.

SEC. 217. The terms and conditions of sections 216 and 217 of the Department of Homeland Security Appropriations Act, 2020 (division D of Public Law 116–93) shall apply to this Act.

SEC. 218. Members of the United States House of Representatives and the United States Senate, including the leadership; the heads of Federal agencies and commissions, including the Secretary, Deputy Secretary, Under Secretaries, and Assistant Secretaries of the Department of Homeland Security; the United States Attorney General, Deputy Attorney General, Assistant Attorneys General, and the United States Attorneys; and senior members of the Executive Office of the President, including the Director of the Office of Management and Budget, shall not be exempt from Federal passenger and baggage screening.

SEC. 219. Any award by the Transportation Security Administration to deploy explosives detection systems shall be based on risk, the airport's current reliance on other screening solutions, lobby congestion resulting in increased security concerns, high injury rates, airport readiness, and increased cost effectiveness.

SEC. 220. Notwithstanding section 44923 of title 49, United States Code, for fiscal year 2023, any funds in the Aviation Security Capital Fund established by section 44923(h) of title 49, United States Code, may be used for the procurement and installation of explosives detection systems or for the issuance of other transaction agreements for the purpose of funding projects described in section 44923(a) of such title.

SEC. 221. Not later than 45 days after the submission of the President's budget proposal, the Administrator of the Transportation Security Administration shall submit to the Committees on Appropriations and Commerce, Science, and Transportation of the Senate and the Committees on Appropriations and Homeland Security in the House of Representatives a single report that fulfills the following requirements:

(1) a Capital Investment Plan, both constrained and unconstrained, that includes a plan for continuous and sustained capital investment in new, and the replacement of aged, transportation security equipment;

(2) the 5-year technology investment plan as required by section 1611 of title XVI of the Homeland Security Act of 2002, as amended by section 3 of the Transportation Security Acquisition Reform Act (Public Law 113–245); and

(3) the Advanced Integrated Passenger Screening Technologies report as required by the Senate Report accompanying the Department of Homeland Security Appropriations Act, 2019 (Senate Report 115–283).

SEC. 222. Section 225 of division A of Public Law 116–6 (49 U.S.C. 44901 note), relating to a pilot program for screening outside of an existing primary passenger terminal screening area, is amended in subsection (e) by striking “2023” and inserting “2025”.

SEC. 223. (a) None of the funds made available by this Act under the heading “Coast Guard—Operations and Support” shall be for

expenses incurred for recreational vessels under section 12114 of title 46, United States Code, except to the extent fees are collected from owners of yachts and credited to the appropriation made available by this Act under the heading “Coast Guard—Operations and Support”.

(b) To the extent such fees are insufficient to pay expenses of recreational vessel documentation under such section 12114, and there is a backlog of recreational vessel applications, personnel performing non-recreational vessel documentation functions under subchapter II of chapter 121 of title 46, United States Code, may perform documentation under section 12114.

SEC. 224. Without regard to the limitation as to time and condition of section 503(d) of this Act, after June 30, in accordance with the notification requirement described in subsection (b) of such section, up to the following amounts may be reprogrammed within “Coast Guard—Operations and Support”—

(1) \$10,000,000 to or from the “Military Personnel” funding category; and

(2) \$10,000,000 between the “Field Operations” funding subcategories.

SEC. 225. Notwithstanding any other provision of law, the Commandant of the Coast Guard shall submit to the Committees on Appropriations of the Senate and the House of Representatives a future-years capital investment plan as described in the second proviso under the heading “Coast Guard—Acquisition, Construction, and Improvements” in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114–4), which shall be subject to the requirements in the third and fourth provisos under such heading.

SEC. 226. Of the funds made available for defense-related activities under the heading “Coast Guard—Operations and Support”, up to \$190,000,000 that are used for enduring overseas missions in support of the global fight against terrorism may be reallocated by program, project, and activity, notwithstanding section 503 of this Act.

SEC. 227. None of the funds in this Act shall be used to reduce the Coast Guard’s legacy Operations Systems Center mission or its government-employed or contract staff levels.

SEC. 228. None of the funds appropriated by this Act may be used to conduct, or to implement the results of, a competition under Office of Management and Budget Circular A–76 for activities performed with respect to the Coast Guard National Vessel Documentation Center.

SEC. 229. Funds made available in this Act may be used to alter operations within the Civil Engineering Program of the Coast Guard nationwide, including civil engineering units, facilities design and construction centers, maintenance and logistics commands, and the Coast Guard Academy, except that none of the funds provided in this Act may be used to reduce operations within any civil engineering unit unless specifically authorized by a statute enacted after the date of enactment of this Act.

SEC. 230. Amounts deposited into the Coast Guard Housing Fund in fiscal year 2023 shall be available until expended to carry out

the purposes of section 2946 of title 14, United States Code, and shall be in addition to funds otherwise available for such purposes.

SEC. 231. (a) Notwithstanding section 2110 of title 46, United States Code, none of the funds made available in this Act shall be used to charge a fee for an inspection of a towing vessel, as defined in 46 CFR 136.110, that utilizes the Towing Safety Management System option for a Certificate of Inspection issued under subchapter M of title 46, Code of Federal Regulations.

(b) Subsection (a) shall not apply after the date the Commandant of the Coast Guard makes a determination under section 815(a) of the Frank LoBiondo Coast Guard Authorization Act of 2018 (Public Law 115–282) and, as necessary based on such determination, carries out the requirements of section 815(b) of such Act.

SEC. 232. The United States Secret Service is authorized to obligate funds in anticipation of reimbursements from executive agencies, as defined in section 105 of title 5, United States Code, for personnel receiving training sponsored by the James J. Rowley Training Center, except that total obligations at the end of the fiscal year shall not exceed total budgetary resources available under the heading “United States Secret Service—Operations and Support” at the end of the fiscal year.

SEC. 233. (a) None of the funds made available to the United States Secret Service by this Act or by previous appropriations Acts may be made available for the protection of the head of a Federal agency other than the Secretary of Homeland Security.

(b) The Director of the United States Secret Service may enter into agreements to provide such protection on a fully reimbursable basis.

SEC. 234. For purposes of section 503(a)(3) of this Act, up to \$15,000,000 may be reprogrammed within “United States Secret Service—Operations and Support”.

SEC. 235. Funding made available in this Act for “United States Secret Service—Operations and Support” is available for travel of United States Secret Service employees on protective missions without regard to the limitations on such expenditures in this or any other Act if the Director of the United States Secret Service or a designee notifies the Committees on Appropriations of the Senate and the House of Representatives 10 or more days in advance, or as early as practicable, prior to such expenditures.

SEC. 236. Of the amounts made available by this Act under the heading “United States Secret Service—Operations and Support”, \$23,000,000, to remain available until expended, shall be distributed as a grant or cooperative agreement for existing National Computer Forensics Institute facilities currently used by the United States Secret Service to carry out activities under section 383 of title 6, United States Code, of which not to exceed 5 percent, or the applicable negotiated rate, shall be for the administrative costs of the Department of Homeland Security in carrying out this section.

#### DISASTER RELIEF FUND

For necessary expenses in carrying out the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), \$19,945,000,000, to remain available until expended, shall be for major disasters declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) and is designated by the Congress as being for disaster relief pursuant to a concurrent resolution on the budget in the Senate and section 1(f) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022.

#### NATIONAL FLOOD INSURANCE FUND

For activities under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.), the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001 et seq.), the Biggert-Waters Flood Insurance Reform Act of 2012 (Public Law 112–141, 126 Stat. 916), and the Homeowner Flood Insurance Affordability Act of 2014 (Public Law 113–89; 128 Stat. 1020), \$225,000,000, to remain available until September 30, 2024, which shall be derived from offsetting amounts collected under section 1308(d) of the National Flood Insurance Act of 1968 (42 U.S.C. 4015(d)); of which \$18,500,000 shall be available for mission support associated with flood management; and of which \$206,500,000 shall be available for flood plain management and flood mapping: *Provided*, That any additional fees collected pursuant to section 1308(d) of the National Flood Insurance Act of 1968 (42 U.S.C. 4015(d)) shall be credited as offsetting collections

to this account, to be available for flood plain management and flood mapping: *Provided further*, That in fiscal year 2023, no funds shall be available from the National Flood Insurance Fund under section 1310 of the National Flood Insurance Act of 1968 (42 U.S.C. 4017) in excess of—

(1) \$223,770,000 for operating expenses and salaries and expenses associated with flood insurance operations;

(2) \$960,647,000 for commissions and taxes of agents;

(3) such sums as are necessary for interest on Treasury borrowings; and

(4) \$175,000,000, which shall remain available until expended, for flood mitigation actions and for flood mitigation assistance under section 1366 of the National Flood Insurance Act of 1968 (42 U.S.C. 4104c), notwithstanding sections 1366(e) and 1310(a)(7) of such Act (42 U.S.C. 4104c(e), 4017):

*Provided further*, That the amounts collected under section 102 of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4012a) and section 1366(e) of the National Flood Insurance Act of 1968 (42 U.S.C. 4104c(e)), shall be deposited in the National Flood Insurance Fund to supplement other amounts specified as available for section 1366 of the National Flood Insurance Act of 1968, notwithstanding section 102(f)(8), section 1366(e) of the National Flood Insurance Act of 1968, and paragraphs (1) through (3) of section 1367(b) of such Act (42 U.S.C. 4012a(f)(8), 4104c(e), 4104d(b)(1)–(3)): *Provided further*, That total administrative costs shall not exceed 4 percent of the total appropriation: *Provided further*, That up to \$5,000,000 is available to carry out section 24 of the Homeowner Flood Insurance Affordability Act of 2014 (42 U.S.C. 4033).

## ADMINISTRATIVE PROVISIONS

### (INCLUDING TRANSFER OF FUNDS)

SEC. 301. Funds made available under the heading “Cybersecurity and Infrastructure Security Agency—Operations and Support” may be made available for the necessary expenses of procuring or providing access to cybersecurity threat feeds for branches, agencies, independent agencies, corporations, establishments, and instrumentalities of the Federal Government of the United States, state, local, tribal, and territorial entities, fusion centers as described in section 210A of the Homeland Security Act (6 U.S.C. 124h), and Information and Analysis Organizations.

SEC. 302. (a) The Director of the Cybersecurity and Infrastructure Security Agency (or the Director’s designee) shall provide the briefings to the Committees on Appropriations of the Senate and the House of Representatives described under the heading “Quarterly Budget and Staffing Briefings” in the explanatory statement for division F of Public Law 117–103 described in section 4 in the matter preceding division A of such Public Law—

(1) with respect to the first quarter of fiscal year 2023, not later than the later of 30 days after the date of enactment of this Act or January 30, 2023; and

(2) with respect to each subsequent fiscal quarter in fiscal year 2023, not later than 21 days after the end of each such quarter.

(b) In the event that any such briefing required during this fiscal year under subsection (a) is not provided, the amount made available in title III to the Cybersecurity and Infrastructure Security Agency under the heading “Operations and Support” shall be reduced by \$50,000 for each day of noncompliance with subsection (a), and the amount made available under such heading and specified in the detailed funding table in the explanatory statement for this division described in section 4 (in the matter preceding division A of this consolidated Act) for Management and Business Activities shall be correspondingly reduced by an equivalent amount.

SEC. 303. (a) Notwithstanding section 2008(a)(12) of the Homeland Security Act of 2002 (6 U.S.C. 609(a)(12)) or any other provision of law, not more than 5 percent of the amount of a grant made available in paragraphs (1) through (5) under “Federal Emergency Management Agency—Federal Assistance”, may be used by the recipient for expenses directly related to administration of the grant.

(b) The authority provided in subsection (a) shall also apply to a state recipient for the administration of a grant under such paragraph (3).

SEC. 304. Notwithstanding section 2004(e)(1) of the Homeland Security Act of 2002 (6 U.S.C. 605(e)(1)), the meaning of “total funds appropriated for grants under this section and section 2003” in each place that it appears shall not include any funds provided for the Nonprofit Security Grant Program in paragraph (3) under the heading “Federal Emergency Management Agency—Federal Assistance” in this Act.

SEC. 305. Applications for grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for paragraphs (1) through (5), shall be made available to eligible applicants not later than 60 days after the date of enactment of this Act, eligible applicants shall submit applications not later than 80 days after the grant announcement, and the Administrator of the Federal Emergency Management Agency shall act within 65 days after the receipt of an application.

SEC. 306. (a) Under the heading “Federal Emergency Management Agency—Federal Assistance”, for grants under paragraphs (1) through (5) and (9), the Administrator of the Federal Emergency Management Agency shall brief the Committees on Appropriations of the Senate and the House of Representatives 5 full business days in advance of announcing publicly the intention of making an award.

(b) If any such public announcement is made before 5 full business days have elapsed following such briefing, \$1,000,000 of amounts appropriated by this Act for “Federal Emergency Management Agency—Operations and Support” shall be rescinded.

SEC. 307. Under the heading “Federal Emergency Management Agency—Federal Assistance”, for grants under paragraphs (1) and (2), the installation of communications towers is not considered construction of a building or other physical facility.

SEC. 308. The reporting requirements in paragraphs (1) and (2) under the heading “Federal Emergency Management Agency—Disaster Relief Fund” in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114–4), related to reporting on the Disaster Relief Fund, shall be applied in fiscal year 2023 with re-

spect to budget year 2024 and current fiscal year 2023, respectively—

(1) in paragraph (1) by substituting “fiscal year 2024” for “fiscal year 2016”; and

(2) in paragraph (2) by inserting “business” after “fifth”.

SEC. 309. In making grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for Staffing for Adequate Fire and Emergency Response grants, the Administrator of the Federal Emergency Management Agency may grant waivers from the requirements in subsections (a)(1)(A), (a)(1)(B), (a)(1)(E), (c)(1), (c)(2), and (c)(4) of section 34 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229a).

SEC. 310. (a) The aggregate charges assessed during fiscal year 2023, as authorized in title III of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (42 U.S.C. 5196e), shall not be less than 100 percent of the amounts anticipated by the Department of Homeland Security to be necessary for its Radiological Emergency Preparedness Program for the next fiscal year.

(b) The methodology for assessment and collection of fees shall be fair and equitable and shall reflect costs of providing such services, including administrative costs of collecting such fees.

(c) Such fees shall be deposited in a Radiological Emergency Preparedness Program account as offsetting collections and will become available for authorized purposes on October 1, 2023, and remain available until expended.

SEC. 311. In making grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for Assistance to Firefighter Grants, the Administrator of the Federal Emergency Management Agency may waive subsection (k) of section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229).

## TITLE V

### GENERAL PROVISIONS

#### (INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. Subject to the requirements of section 503 of this Act, the unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this Act, may be merged with funds in the applicable established accounts, and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 503. (a) None of the funds provided by this Act, provided by previous appropriations Acts to the components in or transferred to the Department of Homeland Security that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates or eliminates a program, project, or activity, or increases funds for any program, project, or activity for which funds have been denied or restricted by the Congress;

(2) contracts out any function or activity presently performed by Federal employees or any new function or activity proposed to be performed by Federal employees in the President’s budget proposal for fiscal year 2023 for the Department of Homeland Security;

(3) augments funding for existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less;

(4) reduces funding for any program, project, or activity, or numbers of personnel, by 10 percent or more; or

(5) results from any general savings from a reduction in personnel that would result in a change in funding levels for programs, projects, or activities as approved by the Congress.

(b) Subsection (a) shall not apply if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 15 days in advance of such reprogramming.

(c) Up to 5 percent of any appropriation made available for the current fiscal year for the Department of Homeland Security by this Act or provided by previous appropriations Acts may be transferred between such appropriations if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 30 days in advance of such transfer, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by such transfer.

(d) Notwithstanding subsections (a), (b), and (c), no funds shall be reprogrammed within or transferred between appropriations based upon an initial notification provided after June 30, except in extraordinary circumstances that imminently threaten the safety of human life or the protection of property.

(e) The notification thresholds and procedures set forth in subsections (a), (b), (c), and (d) shall apply to any use of deobligated balances of funds provided in previous Department of Homeland Security Appropriations Acts that remain available for obligation in the current year.

(f) Notwithstanding subsection (c), the Secretary of Homeland Security may transfer to the fund established by 8 U.S.C. 1101 note, up to \$20,000,000 from appropriations available to the Department of Homeland Security: Provided, That the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 5 days in advance of such transfer.

SEC. 504. (a) Section 504 of the Department of Homeland Security Appropriations Act, 2017 (division F of Public Law 115–31), related to the operations of a working capital fund, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

(b) Funds from such working capital fund may be obligated and expended in anticipation of reimbursements from components of the Department of Homeland Security.

SEC. 505. (a) Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2023, as recorded in the financial records at the time of a reprogramming notification, but not later than June 30, 2024, from appropriations for “Operations and Support” for fiscal year 2023 in this Act shall remain available through September 30, 2024, in the account and for the purposes for which the appropriations were provided.

(b) Prior to the obligation of such funds, a notification shall be submitted to the Committees on Appropriations of the Senate and the House of Representatives in accordance with section 503 of this Act.

SEC. 506. (a) Funds made available by this Act for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2023 until the enactment of an Act authorizing intelligence activities for fiscal year 2023.

(b) Amounts described in subsection (a) made available for “Intelligence, Analysis, and Situational Awareness—Operations and Support” that exceed the amounts in such authorization for such account shall be transferred to and merged with amounts made avail-

able under the heading "Management Directorate—Operations and Support".

(c) Prior to the obligation of any funds transferred under subsection (b), the Management Directorate shall brief the Committees on Appropriations of the Senate and the House of Representatives on a plan for the use of such funds.

SEC. 507. (a) The Secretary of Homeland Security, or the designee of the Secretary, shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 3 full business days in advance of—

(1) making or awarding a grant allocation or grant in excess of \$1,000,000;

(2) making or awarding a contract, other transaction agreement, or task or delivery order on a Department of Homeland Security multiple award contract, or to issue a letter of intent totaling in excess of \$4,000,000;

(3) awarding a task or delivery order requiring an obligation of funds in an amount greater than \$10,000,000 from multi-year Department of Homeland Security funds;

(4) making a sole-source grant award; or

(5) announcing publicly the intention to make or award items under paragraph (1), (2), (3), or (4), including a contract covered by the Federal Acquisition Regulation.

(b) If the Secretary of Homeland Security determines that compliance with this section would pose a substantial risk to human life, health, or safety, an award may be made without notification, and the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives not later than 5 full business days after such an award is made or letter issued.

(c) A notification under this section—

(1) may not involve funds that are not available for obligation; and

(2) shall include the amount of the award; the fiscal year for which the funds for the award were appropriated; the type of contract; and the account from which the funds are being drawn.

SEC. 508. Notwithstanding any other provision of law, no agency shall purchase, construct, or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without advance notification to the Committees on Appropriations of the Senate and the House of Representatives, except that the Federal Law Enforcement Training Centers is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training that cannot be accommodated in existing Centers' facilities.

SEC. 509. None of the funds appropriated or otherwise made available by this Act may be used for expenses for any construction, repair, alteration, or acquisition project for which a prospectus otherwise required under chapter 33 of title 40, United States Code, has not been approved, except that necessary funds may be expended for each project for required expenses for the development of a proposed prospectus.

SEC. 510. No Federal funds may be available to pay the salary of any employee serving as a contracting officer's representative, or anyone acting in a similar capacity, who has not received contracting officer's representative training.

SEC. 511. Sections 522 and 530 of the Department of Homeland Security Appropriations Act, 2008 (division E of Public Law 110–161; 121 Stat. 2073 and 2074) shall apply with respect to funds made available in this Act in the same manner as such sections applied to funds made available in that Act.

SEC. 512. (a) None of the funds made available in this Act may be used in contravention of the applicable provisions of the Buy American Act.

(b) For purposes of subsection (a), the term “Buy American Act” means chapter 83 of title 41, United States Code.

SEC. 513. None of the funds made available in this Act may be used to amend the oath of allegiance required by section 337 of the Immigration and Nationality Act (8 U.S.C. 1448).

SEC. 514. None of the funds provided or otherwise made available in this Act shall be available to carry out section 872 of the Homeland Security Act of 2002 (6 U.S.C. 452) unless explicitly authorized by the Congress.

SEC. 515. None of the funds made available in this Act may be used for planning, testing, piloting, or developing a national identification card.

SEC. 516. Any official that is required by this Act to report or to certify to the Committees on Appropriations of the Senate and the House of Representatives may not delegate such authority to perform that act unless specifically authorized herein.

SEC. 517. None of the funds made available in this Act may be used for first-class travel by the employees of agencies funded by this Act in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 518. None of the funds made available in this Act may be used to employ workers described in section 274A(h)(3) of the Immigration and Nationality Act (8 U.S.C. 1324a(h)(3)).

SEC. 519. Notwithstanding any other provision of this Act, none of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or performance that does not meet the basic requirements of a contract.

SEC. 520. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, territorial, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 521. None of the funds appropriated or otherwise made available by this Act may be used by the Department of Homeland Security to enter into any Federal contract unless such contract is entered into in accordance with the requirements of subtitle I of title 41, United States Code, or chapter 137 of title 10, United

States Code, and the Federal Acquisition Regulation, unless such contract is otherwise authorized by statute to be entered into without regard to the above referenced statutes.

SEC. 522. None of the funds made available in this Act may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 523. (a) None of the funds made available in this Act may be used to pay for the travel to or attendance of more than 50 employees of a single component of the Department of Homeland Security, who are stationed in the United States, at a single international conference unless the Secretary of Homeland Security, or a designee, determines that such attendance is in the national interest and notifies the Committees on Appropriations of the Senate and the House of Representatives within at least 10 days of that determination and the basis for that determination.

(b) For purposes of this section the term "international conference" shall mean a conference occurring outside of the United States attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations.

(c) The total cost to the Department of Homeland Security of any such conference shall not exceed \$500,000.

(d) Employees who attend a conference virtually without travel away from their permanent duty station within the United States shall not be counted for purposes of this section, and the prohibition contained in this section shall not apply to payments for the costs of attendance for such employees.

SEC. 524. None of the funds made available in this Act may be used to reimburse any Federal department or agency for its participation in a National Special Security Event.

SEC. 525. (a) None of the funds made available to the Department of Homeland Security by this or any other Act may be obligated for the implementation of any structural pay reform or the introduction of any new position classification that will affect more than 100 full-time positions or costs more than \$5,000,000 in a single year before the end of the 30-day period beginning on the date on which the Secretary of Homeland Security submits to Congress a notification that includes—

- (1) the number of full-time positions affected by such change;
- (2) funding required for such change for the current fiscal year and through the Future Years Homeland Security Program;
- (3) justification for such change; and
- (4) for a structural pay reform, an analysis of compensation alternatives to such change that were considered by the Department.

(b) Subsection (a) shall not apply to such change if—

- (1) it was proposed in the President's budget proposal for the fiscal year funded by this Act; and
- (2) funds for such change have not been explicitly denied or restricted in this Act.

SEC. 526. (a) Any agency receiving funds made available in this Act shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Committees on Appropriations of the Senate and the House of Representatives in this Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises homeland or national security; or

(2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the Committees on Appropriations of the Senate and the House of Representatives for not less than 45 days except as otherwise specified in law.

SEC. 527. (a) Funding provided in this Act for “Operations and Support” may be used for minor procurement, construction, and improvements.

(b) For purposes of subsection (a), “minor” refers to end items with a unit cost of \$250,000 or less for personal property, and \$2,000,000 or less for real property.

SEC. 528. The authority provided by section 532 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115–141) regarding primary and secondary schooling of dependents shall continue in effect during fiscal year 2023.

SEC. 529. (a) None of the funds appropriated or otherwise made available to the Department of Homeland Security by this Act may be used to prevent any of the following persons from entering, for the purpose of conducting oversight, any facility operated by or for the Department of Homeland Security used to detain or otherwise house aliens, or to make any temporary modification at any such facility that in any way alters what is observed by a visiting Member of Congress or such designated employee, compared to what would be observed in the absence of such modification:

(1) A Member of Congress.

(2) An employee of the United States House of Representatives or the United States Senate designated by such a Member for the purposes of this section.

(b) Nothing in this section may be construed to require a Member of Congress to provide prior notice of the intent to enter a facility described in subsection (a) for the purpose of conducting oversight.

(c) With respect to individuals described in subsection (a)(2), the Department of Homeland Security may require that a request be made at least 24 hours in advance of an intent to enter a facility described in subsection (a).

SEC. 530. (a) For an additional amount for “Federal Emergency Management Agency—Federal Assistance”, \$3,000,000, to remain available until September 30, 2024, exclusively for providing reimbursement of extraordinary law enforcement or other emergency personnel costs for protection activities directly and demonstrably associated with any residence of the President that is designated or identified to be secured by the United States Secret Service.

(b) Subsections (b) through (f) of section 534 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115–141), shall be applied with respect to amounts made available by

subsection (a) of this section by substituting “October 1, 2023” for “October 1, 2018” and “October 1, 2022” for “October 1, 2017”.

SEC. 531. (a) Except as provided in subsection (b), none of the funds made available in this Act may be used to place restraints on a woman in the custody of the Department of Homeland Security (including during transport, in a detention facility, or at an outside medical facility) who is pregnant or in post-delivery recuperation.

(b) Subsection (a) shall not apply with respect to a pregnant woman if—

(1) an appropriate official of the Department of Homeland Security makes an individualized determination that the woman—

(A) is a serious flight risk, and such risk cannot be prevented by other means; or

(B) poses an immediate and serious threat to harm herself or others that cannot be prevented by other means; or

(2) a medical professional responsible for the care of the pregnant woman determines that the use of therapeutic restraints is appropriate for the medical safety of the woman.

(c) If a pregnant woman is restrained pursuant to subsection (b), only the safest and least restrictive restraints, as determined by the appropriate medical professional treating the woman, may be used. In no case may restraints be used on a woman who is in active labor or delivery, and in no case may a pregnant woman be restrained in a face-down position with four-point restraints, on her back, or in a restraint belt that constricts the area of the pregnancy. A pregnant woman who is immobilized by restraints shall be positioned, to the maximum extent feasible, on her left side.

SEC. 532. (a) None of the funds made available by this Act may be used to destroy any document, recording, or other record pertaining to any—

(1) death of,

(2) potential sexual assault or abuse perpetrated against, or

(3) allegation of abuse, criminal activity, or disruption committed by

an individual held in the custody of the Department of Homeland Security.

(b) The records referred to in subsection (a) shall be made available, in accordance with applicable laws and regulations, and Federal rules governing disclosure in litigation, to an individual who has been charged with a crime, been placed into segregation, or otherwise punished as a result of an allegation described in paragraph (3), upon the request of such individual.

SEC. 533. Section 519 of division F of Public Law 114–113, regarding a prohibition on funding for any position designated as a Principal Federal Official, shall apply with respect to any Federal funds in the same manner as such section applied to funds made available in that Act.

SEC. 534. (a) Not later than 10 days after the date on which the budget of the President for a fiscal year is submitted to Congress pursuant to section 1105(a) of title 31, United States Code, the Under Secretary for Management of Homeland Security shall submit to the Committees on Appropriations of the Senate and the

House of Representatives a report on the unfunded priorities, for the Department of Homeland Security and separately for each departmental component, for which discretionary funding would be classified as budget function 050.

(b) Each report under this section shall specify, for each such unfunded priority—

(1) a summary description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(2) the description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(3) account information, including the following (as applicable):

(A) appropriation account; and

(B) program, project, or activity name; and

(4) the additional number of full-time or part-time positions to be funded as part of such priority.

(c) In this section, the term “unfunded priority”, in the case of a fiscal year, means a requirement that—

(1) is not funded in the budget referred to in subsection (a);

(2) is necessary to fulfill a requirement associated with an operational or contingency plan for the Department; and

(3) would have been recommended for funding through the budget referred to in subsection (a) if—

(A) additional resources had been available for the budget to fund the requirement;

(B) the requirement has emerged since the budget was formulated; or

(C) the requirement is necessary to sustain prior-year investments.

SEC. 535. (a) Not later than 10 days after a determination is made by the President to evaluate and initiate protection under any authority for a former or retired Government official or employee, or for an individual who, during the duration of the directed protection, will become a former or retired Government official or employee (referred to in this section as a “covered individual”), the Secretary of Homeland Security shall submit a notification to congressional leadership and the Committees on Appropriations of the Senate and the House of Representatives, the Committees on the Judiciary of the Senate and the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Homeland Security of the House of Representatives, and the Committee on Oversight and Reform of the House of Representatives (referred to in this section as the “appropriate congressional committees”).

(b) Such notification may be submitted in classified form, if necessary, and in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, as appropriate, and shall include the threat assessment, scope of the protection, and the anticipated cost and duration of such protection.

(c) Not later than 15 days before extending, or 30 days before terminating, protection for a covered individual, the Secretary of Homeland Security shall submit a notification regarding the exten-

sion or termination and any change to the threat assessment to the congressional leadership and the appropriate congressional committees.

(d) Not later than 45 days after the date of enactment of this Act, and quarterly thereafter, the Secretary shall submit a report to the congressional leadership and the appropriate congressional committees, which may be submitted in classified form, if necessary, detailing each covered individual, and the scope and associated cost of protection.

SEC. 536. (a) None of the funds provided to the Department of Homeland Security in this or any prior Act may be used by an agency to submit an initial project proposal to the Technology Modernization Fund (as authorized by section 1078 of subtitle G of title X of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91)) unless, concurrent with the submission of an initial project proposal to the Technology Modernization Board, the head of the agency—

(1) notifies the Committees on Appropriations of the Senate and the House of Representatives of the proposed submission of the project proposal;

(2) submits to the Committees on Appropriations a copy of the project proposal; and

(3) provides a detailed analysis of how the proposed project funding would supplement or supplant funding requested as part of the Department's most recent budget submission.

(b) None of the funds provided to the Department of Homeland Security by the Technology Modernization Fund shall be available for obligation until 15 days after a report on such funds has been transmitted to the Committees on Appropriations of the Senate and the House of Representatives.

(c) The report described in subsection (b) shall include—

(1) the full project proposal submitted to and approved by the Fund's Technology Modernization Board;

(2) the finalized interagency agreement between the Department and the Fund including the project's deliverables and repayment terms, as applicable;

(3) a detailed analysis of how the project will supplement or supplant existing funding available to the Department for similar activities;

(4) a plan for how the Department will repay the Fund, including specific planned funding sources, as applicable; and

(5) other information as determined by the Secretary.

SEC. 537. Within 60 days of any budget submission for the Department of Homeland Security for fiscal year 2024 that assumes revenues or proposes a reduction from the previous year based on user fees proposals that have not been enacted into law prior to the submission of the budget, the Secretary of Homeland Security shall provide the Committees on Appropriations of the Senate and the House of Representatives specific reductions in proposed discretionary budget authority commensurate with the revenues assumed in such proposals in the event that they are not enacted prior to October 1, 2023.

SEC. 538. None of the funds made available by this Act may be obligated or expended to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

SEC. 539. No Federal funds made available to the Department of Homeland Security may be used to enter into a procurement contract, memorandum of understanding, or cooperative agreement with, or make a grant to, or provide a loan or guarantee to, any entity identified under section 1260H of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283) or any subsidiary of such entity.

SEC. 540. Section 205 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5135) is amended—

(1) in subsection (d)—

(A) in paragraph (2)—

(i) by striking subparagraph (C);

(ii) at the end of subparagraph (A), by adding “and”; and

(iii) at the end of subparagraph (B), by striking “; and” and inserting a period;

(B) in paragraph (3)(D), by striking “local governments, insular areas, and Indian tribal governments” and inserting “local governments and Tribal governments”; and

(C) by striking paragraph (4); and

(2) in subsection (m)—

(A) by striking paragraph (3) and inserting the following:

“(3) ELIGIBLE ENTITY.—The term ‘eligible entity’ means a State or an Indian tribal government that has received a major disaster declaration pursuant to section 401.”;

(B) by striking paragraphs (5) and (10);

(C) by redesignating paragraphs (6) through (9) as paragraphs (5) through (8), respectively; and

(D) by redesignating paragraph (11) as paragraph (9).

SEC. 541. For an additional amount for “Federal Emergency Management Agency—Federal Assistance”, \$3,000,000, to remain available until September 30, 2024, for an Emergency Operations Center grant under section 614 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5196c), in addition to amounts otherwise available, for the project identified as the “Vermilion Safe Room” in the table entitled “Homeland Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” under the heading “Federal Emergency Management Agency—Federal Assistance” in the explanatory statement described in section 4 in the matter preceding division A of Public Law 117–103.

SEC. 542. The contents in the “Senate” sub column of the “Requestor(s)” column for the project identified as the “Emergency Operations Center” for the recipient “Baker County Sheriff’s Office” in the table entitled “Community Project Funding/Congressionally Directed Spending” under the heading “Disclosure of Earmarks and Congressionally Directed Spending Items” in the explanatory statement described in section 4 in the matter preceding division A of Public Law 117–103 are deemed to be amended by striking “Wyden” and inserting “Merkley, Wyden”.

SEC. 543. Subsection (c) of section 16005 of title VI of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) shall be applied as if the language read as follows: “Subsection (a) shall apply until September 30, 2023.”.

SEC. 544. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at the United States Naval Station, Guantanamo Bay, Cuba, by the Department of Defense.

SEC. 545. (a) The Secretary of Homeland Security (in this section referred to as the “Secretary”) shall, on a bimonthly basis beginning immediately after the date of enactment of this Act, develop estimates of the number of noncitizens anticipated to arrive at the southwest border of the United States.

(b) The Secretary shall ensure that, at a minimum, the estimates developed pursuant to subsection (a)—

(1) cover the current fiscal year and the following fiscal year;

(2) include a breakout by demographics, to include single adults, family units, and unaccompanied children;

(3) undergo an independent validation and verification review;

(4) are used to inform policy planning and budgeting processes within the Department of Homeland Security; and

(5) are included in the budget materials submitted to Congress in support of the President’s annual budget request pursuant to section 1105 of title 31, United States Code, for each fiscal year beginning after the date of enactment of this Act and, for such budget materials shall include—

(A) the most recent bimonthly estimates developed pursuant to subsection (a);

(B) a description and quantification of the estimates used to justify funding requests for Department programs related to border security, immigration enforcement, and immigration services;

(C) a description and quantification of the anticipated workload and requirements resulting from such estimates; and

(D) a confirmation as to whether the budget requests for impacted agencies were developed using the same estimates.

(c) The Secretary shall share the bimonthly estimates developed pursuant to subsection (a) with the Secretary of Health and Human Services, the Attorney General, the Secretary of State, and the Committees on Appropriations of the Senate and the House of Representatives.

SEC. 546. (a) For an additional amount for the accounts, in the amounts, and for the purposes specified, in addition to amounts otherwise made available for such purposes—

(1) “U.S. Customs and Border Protection—Operations and Support”, \$1,563,143,000 for border management requirements of the U.S. Customs and Border Protection; and

(2) “U.S. Immigration and Customs Enforcement—Operations and Support”, \$339,658,000 for non-detention border management requirements.

(b) None of the funds provided in subsection (a)(1) shall be used—

(1) to hire permanent Federal employees;

(2) for any flight hours other than those flown by U.S. Customs and Border Protection, Air and Marine Operations, except for internal transportation of noncitizens; or

(3) to acquire, maintain, or extend border security technology and capabilities, except for technology and capabilities to improve Border Patrol processing.

(c) Not later than 45 days after the date of enactment of this Act, the Under Secretary for Management shall provide an expenditure plan for the use of the funds made available in subsection (a).

(d) The plan required in subsection (c) shall be updated to reflect changes and expenditures and submitted to the Committees on Appropriations of the Senate and the House of Representatives every 60 days until all funds are expended or expired.

SEC. 547. Section 210G(i) of the Homeland Security Act of 2002 (6 U.S.C. 124n(i)) shall be applied by substituting “September 30, 2023” for “the date that is 4 years after the date of enactment of this section”.

#### (RESCISSIONS OF FUNDS)

SEC. 548. Of the funds appropriated to the Department of Homeland Security, the following funds are hereby rescinded from the following accounts and programs in the specified amounts: *Provided*, That no amounts may be rescinded from amounts that were designated by the Congress as an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985:

[CLERK'S NOTE.—Reproduced below is the material relating to division F contained in the Explanatory Statement regarding H.R. 2617, the Consolidated Appropriations Act, 2023.<sup>1</sup>]

## **DIVISION F—DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2023**

The following is an explanation of Division F, which makes appropriations for the Department of Homeland Security (DHS) for fiscal year 2023. Funding provided in this agreement sustains existing programs that protect the nation from all manner of threats and ensures DHS's ability to improve preparedness at the federal, state, local, tribal, and territorial levels; prevent and respond to terrorist attacks; and hire, train, and equip DHS frontline personnel protecting the country.

The joint explanatory statement (JES) accompanying this division indicates congressional intent. Unless otherwise specifically noted in this JES, directives set forth in House Report 117–396 carry the same weight as those included in the JES. While some directives from the House report may be repeated in the JES for emphasis, this should not be interpreted as establishing other directives from the House report as lesser priorities.

References in the JES to “the Committees” or “the Committees on Appropriations” should be interpreted as both the House Appropriations Subcommittee on Homeland Security and the Senate Appropriations Subcommittee on Homeland Security.

This JES refers to certain entities, persons, funds, and documents as follows: the Department of Homeland Security is referenced as DHS or the Department; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as OIG. In addition, “full-time equivalents” are referred to as FTE; “full-time positions” are referenced as FTP; “Information Technology” is referred to as IT; “program, project, and activity” is referred to as PPA; any reference to “the Secretary” should be interpreted to mean the Secretary of Homeland Security; “component” should be interpreted to mean an agency, administration, or directorate within DHS; any reference to SLTT should be interpreted to mean state, local, tribal, and territorial governments; and “budget request” or “the request” should be interpreted to mean the budget of the U.S. Government for fiscal year 2023 that was submitted to Congress on March 28, 2022.

<sup>1</sup>This Explanatory Statement was submitted for printing in the Congressional Record on December 20, 2022 by Mr. Leahy of Vermont, Chairman of the Senate Committee on Appropriations. The statement appears on page S8553 of Book II.

# TITLE I—DEPARTMENTAL MANAGEMENT, INTELLIGENCE, SITUATIONAL AWARENESS, AND OVERSIGHT

## OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

### OPERATIONS AND SUPPORT

The agreement includes an increase of \$45,566,000 above the budget request, including program increases above the request of \$365,000 for the Office of Legislative Affairs (OLA); \$10,414,000 for the Office of Strategy, Policy, and Plans; \$22,266,000 for the Office of Health Security; \$7,157,000 for the Office for Civil Rights and Civil Liberties (CRCL); \$7,311,000 for the Office of the Immigration Detention Ombudsman (OIDO); and \$2,256,000 for the Office of Partnership and Engagement (OPE). Within the total amount provided, \$18,862,000 is made available for two fiscal years, including \$14,862,000 for the Office of Health Security and \$4,000,000 for OIDO. The bill does not provide the requested transfer of the Office for Faith-Based and Neighborhood Partnerships into OPE from the Federal Emergency Management Agency and does not include the requested transfer of the Blue Campaign out of OPE to U.S. Immigration and Customs Enforcement (ICE).

### Management and Oversight

*Caseloads and Staffing.*—Within 90 days of the date of enactment of this Act, the Office of General Counsel (OGC) shall brief the Committees on the current average caseload per attorney, along with staffing levels, goals, and requirements by division.

*Joint Requirements Council (JRC).*—The Office of the Secretary is directed to continue to provide quarterly briefings on the JRC, which shall include—at a minimum—the identification of specific accomplishments for the preceding quarter, particularly those that have resulted in resource realignment.

*Management Directive 0810.1.*—Division F of the explanatory statement accompanying Public Law 117–103 directed the Secretary to review Management Directive 0810.1 to ensure the Department has clearly delineated roles and responsibilities for each of its oversight bodies, while also preserving the independence and authorities of the DHS Office of the Inspector General (OIG); to brief the Committees not later than 90 days after the date of enactment of that Act on the interim findings of the review; and to issue a revised directive, as warranted by the review, not later than 180 days after the date of enactment of this Act. The Department is directed to immediately comply with the overdue requirements of this directive.

### Office of Strategy, Policy, and Plans

*Advance Requests for Protection.*—Within 180 days of the date of enactment of this Act, the Office of Strategy, Policy, and Plans (OSPP), in consultation with the State Department, shall submit to the Committees an assessment of the United for Ukraine program and the factors to be considered in any effort to apply related methods more broadly.

*Biometric Exit.*—Not later than 30 days after the date of enactment of this Act, the OSPP is directed to provide an expenditure plan for H-1B and L-1 fee revenue and any other resources to be applied to biometric exit implementation. Not later than 180 days after the date of enactment of this Act, OSPP shall brief the Committees on its ongoing efforts to address entry and exit data collection and exchange in the air, land, and sea border environments.

*Border-Related Data and Transparency.*—Within 30 days of the date of enactment of this Act and quarterly thereafter, the Department, in consultation with other appropriate federal officials, shall submit to the Committees sector level, monthly apprehension data and estimates of the numbers of “turn backs” and “got aways,” as defined by section 223 of title 6, United States Code. In addition, CBP is directed to ensure a review by third party statistical experts on the current process, assumptions, and formulas used to derive “got away” estimates and any proposed changes to improve them, including any proposed changes to statutory definitions. CBP shall provide the Committees with the findings and recommendations from the review, including a description of any steps the agency plans to take based on them.

*Charging Document Backlog.*—Within 30 days of the date of enactment of this Act, OSPP shall provide to the Committees a plan to avoid the release of noncitizens into the interior of the United States without valid charging documents, as well as a plan to decrease the ICE backlog for issuing charging documents, which shall include any necessary resource requirements.

*Detention Report.*—The Department is reminded of the reporting requirement pursuant to section 1386(b) of title 8, United States Code, which should be submitted to the Committees on the Judiciary and Appropriations of the Senate and House of Representatives not later than 180 days after the date of enactment of this Act.

*Family Separation-Extended Families.*—The Department shall continue to follow the directives under this subject heading in the explanatory statement accompanying the fiscal year 2022 Act (Public Law 117–103) according to the previously directed timeframes, reporting requirements and other required actions.

*Family Separation and Reunification.*—The Department shall continue to follow the directives under this subject heading in the explanatory statement accompanying the fiscal year 2022 Act (Public Law 117–103) according to the previously directed timeframes, reporting requirements and other required actions.

*Human Trafficking and Child Exploitation.*—OSPP is directed to brief the Committees semiannually on department-wide efforts to combat human trafficking and child exploitation and to continue to provide the study required in the Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110–457).

*Informational Report on Departmental Inspections.*—Within 180 days of the date of enactment of this Act, OSPP is directed to produce a report that examines and summarizes the roles, responsibilities, and scope of work of all departmental entities that engage in detention oversight, including within components. The report shall include all Memoranda of Understanding currently in place concerning the scope, roles, and responsibilities related to de-

tention oversight for all departmental entities, including all relevant citations to each entity's authority.

*Law Enforcement Support.*—Not later than 45 days after the date of enactment of this Act, and quarterly thereafter, the Secretary shall make available a report on a publicly accessible website that includes data on requests to any law enforcement component of the Department of Homeland Security for law enforcement support in the form of personnel, aircraft, or other assets. The Department is directed to continue to work with the Committees on the format and content of the report as described in the explanatory statement accompanying division F of Public Law 117–103.

*Messaging Impacts on Irregular Migration.*—Within 60 days of the date of enactment of this Act, OSPP shall brief the Committees on its messaging efforts to discourage irregular migration to the United States, including an assessment on the efficacy of various messaging strategies and media.

*Migration Analysis Center (MAC).*—The agreement includes an increase of \$6,514,000 above the request for MAC, of which \$5,499,000 is to restore and annualize the cost of funding provided in fiscal year 2022 to establish the MAC and \$1,015,000 is for an additional enhancement, including for additional FTE. OSPP is directed to ensure that funding and personnel resources for the MAC are clearly described in future budget requests.

*Office of Immigration Statistics (OIS).*—The agreement includes \$3,900,000 above the request for OIS to address an increasing workload and to establish a new Office of Homeland Security Statistics (OHSS) that will operate as an independent statistical unit. Not later than 120 days after the date of enactment of this Act, the Department shall provide a briefing to the Committees on an obligation plan for the OHSS and anticipated milestones for independent reporting on the Department's immigration activities and for its planned expansion to other homeland security data domains. The briefing shall also address the role of the DHS Statistical Official in overseeing the Department's statistical reporting standards and ensuring consistency in the Department's public reporting.

*Parole Requests.*—Division F of the explanatory statement accompanying Public Law 117–103 directed the Department to provide quarterly reports on the number of parole requests received and granted, and for those granted, the rationale for each grant and its duration. The reports shall delineate requests received and granted by entity, including ICE, CBP, and USCIS. The Department shall continue to work with the Committees to begin providing all the required data in a satisfactory and timely manner.

*Records Management.*—The Department is expected to maintain records and respond to records requests according to the requirements of section 552 of title 5, United States Code, for information related to all detainees in the custody of the Department, regardless of whether such detainees are housed in a federal or non-federal detention facility. Records should only be withheld from disclosure if the Department can reasonably foresee that disclosure would harm an interest protected by an exemption described in section 552(b) of title 5, United States Code, or is otherwise prohibited by law.

*Small Unmanned Aerial Vehicles (sUAS).*—Until national security requirements for procuring sUAS are in place, no funds in this Act shall be used to procure sUAS without a certification of review of the industry alert and any subsequent UAS guidance and the completion of a risk assessment that considers the proposed use of foreign-made UAS. OSPP is directed to continue to review domestically produced sUAS alternatives and update guidance as appropriate.

*Southwest Border Security and Preparedness.*—On April 26, 2022, the Secretary issued a Department-wide plan to manage an unprecedented number of noncitizens crossing the southwest border while continuing to secure the border, including through interdicting narcotics and other illicit goods. Within 120 days of the date of enactment of this Act, OSPP is directed to report on the status of implementing the plan, including changes in processing, transportation, holding, and medical services capacities. The report shall include a detailed accounting of the funding supporting implementation of the plan and a description of related partnerships with other federal agencies, state and local governments, foreign governments, and nongovernmental organizations providing services in support of the plan.

*Tribal Consultation.*—Within 180 days of the date of enactment of this Act, the Department shall consult and work with Tribes to improve the mandatory base level training course for Department personnel, including contractors, who regularly interact with tribal members or are likely to encounter tribal members at their duty station.

*Women in Law Enforcement.*—Within 90 days of the date of enactment of this Act, OSPP shall brief the Committees on efforts to recruit and retain women in law enforcement across the Department. At a minimum, the briefing shall include an overview of current efforts, by component, along with base funding for such efforts; an assessment of the success of current efforts, including the metrics used by fiscal year; and the current percentage of women in law enforcement positions, by component, including the percentage in executive and supervisory positions. In addition, the briefing shall identify planned recruitment and retention efforts by component for fiscal years 2023 and 2024; any unmet funding requirements for improving those efforts, by component and with comparisons to similar efforts by other federal law enforcement agencies, including the Department of Justice; and recommendations, by component, for new or expanded programs or efforts.

*Visa Overstays.*—Consistent with section 1376 of title 8, United States Code, the Department is directed to submit an updated report outlining its comprehensive strategy for overstay enforcement and deterrence not later than 180 days after the date of enactment of this Act. The report shall detail ongoing actions to identify aliens who have overstayed their visas, including efforts to improve overstay reporting capabilities; notify aliens in advance of their required departure dates; track overstays for enforcement action; refuse or revoke current and future visas and travel authorization; and otherwise deter violations or take enforcement action.

## Operations and Engagement

*Blue Campaign.*—The Department is directed to account for and propose full direct funding for program operations in the justification materials that accompany future budget submissions. Any transfer of funds to the Center for Combatting Human Trafficking from OSEM or any other account requires a notification under section 503(c) of this Act.

*External Communication.*—Within 90 days of the date of enactment of this Act, the Department shall brief the Committees on options for strengthening external communications and engagement within OSEM, including communications and information sharing with the Committees. The briefing shall include an analysis of whether the current alignment of external facing offices in OSEM creates stovepipes and hurdles to clear communication related to the Department's operations. The briefing shall include recommended options to consolidate and realign external facing offices and assess how that will support more comprehensive and accurate engagement and communications.

*Office of Civil Rights and Civil Liberties (CRCL).*—The agreement includes an increase of \$7,157,000 above the request, including an increase of \$250,000 for management and administration of the Alternatives to Detention (ATD) Case Management Pilot Program (CMPP); \$4,901,000 to restore and annualize enhancements in the fiscal year 2022 funding Act for ATD–CMPP administration (\$750,000), Women, Peace, and Security Act implementation (\$580,000), and CRCL staffing (\$3,571,000); and \$2,006,000 to restore proposed cuts related to contract support that were not justified.

*OIDO.*—The agreement includes \$7,311,000 above the request, including \$3,310,000 to restore an enhancement provided in fiscal year 2022 and an additional enhancement of \$4,000,000 to help OIDO to continue expanding toward full operational capacity. The additional funds are intended to support the hiring of permanent OIDO staff, in addition to support contracts.

*Outreach to Tribes and Rural Areas.*—The Office of Partnership and Engagement is directed to brief the Committees not later than 90 days after the date of enactment of this Act on its outreach efforts to rural communities and tribes in support of the homeland security mission.

## PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$8,048,000 for the Office of Health Security for the Medical Information Exchange. No funding was proposed for this account.

## FEDERAL ASSISTANCE

The agreement provides an increase of \$15,000,000 above the request for ATD–CMPP.

## MANAGEMENT DIRECTORATE

## OPERATIONS AND SUPPORT

The agreement includes an overall decrease of \$10,265,000 below the request. It includes increases of \$36,092,000 for Automated Biometric Identification System (IDENT) sustainment costs; \$2,500,000 for the Program Analysis and Evaluation Division to review models developed by DHS components and \$3,000,000 for the Cybersecurity and Diversity Fellowship Program. It includes decreases of \$44,000,000 for vehicles and \$2,788,000 for the Acquisition Data Analytics Platform Tool. The agreement also provides technical adjustments requested by the Department including moving \$1,334,000 from the Management Directorate to OSEM for updated working capital fund estimates; \$700,000 to OSEM for a suicide prevention initiative; and \$3,010,000 to FEMA for the DHS Volunteer Force. The agreement does not include any resources related to third party medical expenses in this account.

*Budget Justifications.*—The Department is expected to provide complete justification materials for the fiscal year 2024 budget request, providing details for each office and program, and clearly describing and accounting for current services, transfers, adjustments to base, and program changes. In addition to the detail described in Senate Report 116–125, the justifications shall incorporate output from predictive models used by DHS component agencies to identify likely impacts to future requirements. For each relevant program area, justifications shall clearly describe and quantify the projections used to inform resource requests, indicate the agencies impacted by the projections, and confirm whether the budget requests for those agencies were developed using the same assumptions. In addition, the Chief Financial Officer (CFO) is directed to ensure that fiscal year 2024 budget justification materials for classified and unclassified budgets of all components are submitted concurrent with the President’s budget submission to the Congress.

*Component Expenditure and Staffing Plans.*—The Department is directed to notify the Committees when significant, policy related changes are made to expenditure plans. Any significant new activity that has not been explicitly justified to the Committees or for which funds have not been provided in appropriations Acts requires the submission of a reprogramming or transfer notification. The Department shall submit staffing plans to the Committees on a quarterly basis and shall ensure such plans are connected to activity-level details in the budget justification materials.

*Counter-Unmanned Aerial Systems (CUAS).*—Within 60 days of the date of enactment of this Act, the Department shall brief the Committees on its estimated funding needs, including those not addressed within the fiscal year 2023 budget request, for fiscal years 2023 through 2024 to research, test, acquire, and deploy CUAS capabilities.

*Cybersecurity Professionals.*—Not later than 60 days after the date of enactment of this Act, the Office of the Chief Human Capital Officer, in coordination with OCIO and the Cybersecurity and Infrastructure Security Agency (CISA), shall brief the Committees on the status of meeting the Department’s cybersecurity hiring goals and plans for developing standardized metrics to ensure con-

sistency in identifying personnel skills and talents across the Department.

*Domestic Supply Chain.*—Not later than 180 days after the date of enactment of this Act, the Secretary of Homeland Security shall provide a report to the Committees with recommendations on how the Department may procure additional items from domestic sources and bolster the domestic supply chain for items related to national security. The report shall include a status of the compliance of the Department with the requirements under section 604 of title VI of division A of the American Recovery and Reinvestment Act of 2009 (6 U.S.C. 453b). Additionally, the report shall include an assessment of the capacity of the Department to procure the following items from domestic sources: personal protective equipment and other items necessary to respond to a pandemic such as that caused by COVID-19; body armor components intended to provide ballistic protection for an individual; helmets that provide ballistic protection and other head protection and components; and rain gear, cold weather gear, and other environmental and flame resistant clothing.

*Financial Systems Modernization Transitions.*—Within 30 days of the date of enactment of this Act, OCFO and OCIO, together with the Coast Guard, are directed to brief the Committees on the full extent of the delays in the Coast Guard transition to a new financial management system and the extent to which the causes of the delays have been remedied. In addition, OFCO and OCIO are directed to brief the Committees on lessons learned from all completed component transitions and measures that are being taken to ensure that further transitions are successful and cost effective, including related costs. The CFO shall notify the Committees when significant delays are projected to occur.

*IDENT Sustainment Operations.*—The agreement includes an increase of \$36,092,000 for the continued operation of IDENT during fiscal year 2023 due to the mismanagement of the program and the program's failure to achieve initial operating capacity of the Homeland Advanced Recognition Technology System (HART) on schedule.

*Independent Evaluation of HART.*—The Department is directed to initiate an independent evaluation of HART in fiscal year 2023 by an entity outside of DHS that follows the National Institute of Standards and Technology requirements for independent verification and validation. Additionally, the Department shall report to the Committees on the technology, data collection mechanisms, and sharing agreements among DHS immigration enforcement agencies, other federal, state, local, and foreign law enforcement agencies, and fusion centers as relates to the development of HART. The report shall provide details on HART data compiling and a list of data sharing agreements related to the source or recipient of data.

*Office of Biometric Identity Management (OBIM) Semi-Annual Briefings.*—OBIM is directed to continue briefing the Committees on a semiannual basis on its workload, service levels, staffing, modernization efforts, and other operations.

*Zero Trust Security Model.*—The agreement directs the Department to continue aggressively pursuing a zero-trust security model,

including through adopting capabilities that allow mobile devices, remote workspaces, and other endpoints to operate in a secure and protected manner.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$247,133,000 below the request. Reductions to the request include \$140,000,000 for a third Joint Processing Center (JPC); \$50,000,000 for climate change projects; \$28,000,000 for financial systems modernization; \$17,133,000 proposed for HART development and deployment; and \$12,000,000 for the Office of Intelligence and Analysis building on the St. Elizabeths campus.

*DHS Headquarters Consolidation.*—Within 60 days of the date of enactment of this Act, the Department shall brief the Committees on an updated master plan for St. Elizabeths, to include an updated Estimated Implementation Costs and Date of Occupancy list and a detailed plan for the average number of federal employees, by component, who are slated to work on-site at the St. Elizabeths campus and the average number who will telework. The plan should provide comparisons for each category with the original master plan for St. Elizabeths and the current numbers for each category.

*HART Development and Deployment.*—The agreement includes a decrease of \$17,133,000 from the request due to ongoing cost, schedule, and performance challenges.

*JPC.*—Not later than 60 days after the date of enactment of this Act, the Department shall brief the Committees on its plans for JPCs.

#### FEDERAL PROTECTIVE SERVICE

*Security Camera and Alarm Systems.*—The agreement directs FPS to work with the General Service Administration (GSA) to implement the recommendations in the GSA Inspector General's report on security camera and alarm systems at GSA-owned buildings and to brief the Committees on an implementation plan and schedule within 180 days of the date of enactment of this Act.

#### INTELLIGENCE, ANALYSIS, AND SITUATIONAL AWARENESS

##### OPERATIONS AND SUPPORT

The agreement provides \$316,640,000, a reduction of \$24,519,000 below the request, of which \$95,273,000 is available until September 30, 2024.

*Intelligence Data Environment for Analytics (IDEA).*—The agreement does not include the requested \$24,519,000 for the IDEA.

*Annual Budget Justification Materials.*—The fiscal year 2024 budget justification materials for the classified budget shall include the same level of detail required for other appropriations and PPAs.

*Intelligence Expenditure Plan.*—The Department's Chief Intelligence Officer is directed to brief the Committees on the fiscal year 2023 expenditure plan for the Office of Intelligence and Analysis within 30 days of the date of enactment of this Act. The plan shall include the following:

(1) fiscal year 2023 expenditures and staffing allotted for each program as compared to fiscal years 2019 through 2022;

(2) all funded versus on-board positions, including FTE, contractors, and reimbursable and non-reimbursable detailees;

(3) a plan for all programs and investments, including dates or timeframes for achieving key milestones;

(4) allocations of funding within each PPA for individual programs and a description of the desired outcomes for fiscal year 2023; and

(5) items outlined in the classified annex accompanying the fiscal year 2022 explanatory statement, updated for fiscal year 2023.

*Continuation of Fiscal Year 2022 Requirements.*—The Department is directed to continue providing in fiscal year 2023 any briefing and report as outlined in the classified annex accompanying the fiscal year 2022 explanatory statement.

## OFFICE OF INSPECTOR GENERAL

### OPERATIONS AND SUPPORT

The agreement provides \$214,879,000 for the Office of Inspector General (OIG), as requested. The agreement also includes a provision that transfers \$14,000,000 of the \$50,000,000,000 made available to the FEMA Disaster Relief Fund in the American Rescue Plan Act of 2021 (Public Law 117—2) to the OIG for oversight of the use of those funds.

*Obligation Plan.*—Information accompanying OIG’s fiscal year 2024 budget request shall include an obligation plan with details on projected obligations by oversight area and activity type, such as by audits, inspections, and investigations.

*Monthly Budget and Staffing Briefings.*—The OIG shall continue to provide the Committees monthly budget and staffing briefings, as described in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117—103). The briefings shall include all available funding sources, contracts, and contract FTE. Further, the briefings shall be modified in fiscal year 2023 to begin to shift away from program office profiles and instead reflect budget and staffing profiles by oversight area. They shall include a plan of action and milestones update regarding the development of a robust reporting capability that will provide more transparency and insight into OIG’s budget planning and execution by such oversight areas.

*Required Notification of Failure to Provide Requested Information by Secret Service.*—In addition to the requirements of the Inspector General Act, the Inspector General shall notify the Committees in writing within 30 days of requesting and not receiving information from the Secret Service. Within 30 days after receipt of any such action by the Secret Service, the Inspector General shall transmit to the Committees a copy of the request for information; the response from the Secret Service, if any; and a statement regarding whether the Inspector General agrees or disagrees with such response.

## TITLE I—ADMINISTRATIVE PROVISIONS

Section 101. The agreement continues a provision requiring the Inspector General to review grants and contracts awarded by means other than full and open competition and report the results to the Committees.

Section 102. The agreement continues a provision requiring the CFO to submit monthly budget execution and staffing reports within 30 days after the close of each month.

Section 103. The agreement continues a provision directing the Secretary to require that contracts providing award fees link such fees to successful acquisition outcomes.

Section 104. The agreement continues a provision requiring the Secretary, in conjunction with the Secretary of the Treasury, to notify the Committees of any proposed transfers from the Department of Treasury Forfeiture Fund to any agency at DHS. No funds may be obligated prior to such notification.

Section 105. The agreement continues a provision related to official travel costs of the Secretary and Deputy Secretary.

Section 106. The agreement continues and modifies a provision requiring the Under Secretary for Management to provide quarterly briefings on acquisition information to the Committees.

Section 107. The agreement continues and modifies a provision restricting the use of funding for certain pilot programs unless the Secretary submits specified information to the Committees related to the program's goals, metrics, and implementation plan.

Section 108. The agreement includes a new provision transferring \$14,000,000 to the OIG from amounts provided to FEMA for the Disaster Relief Fund in the American Rescue Plan Act of 2021 (Public Law 117-2).

## TITLE II—SECURITY, ENFORCEMENT, AND INVESTIGATIONS

### U.S. CUSTOMS AND BORDER PROTECTION

#### OPERATIONS AND SUPPORT

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement includes \$1,131,069,000 above the request, including the following: \$1,600,000 for suicide prevention and wellness activities, to include employee child and backup care, for a total of \$24,600,000; \$3,000,000 for the unified immigration portal, for a total of \$20,000,000; \$2,000,000 for Procurement Directorate within the Office of Acquisition; \$2,500,000 for the Survivor Advocacy Program; \$3,000,000 for the Office of Finance staffing; \$5,000,000 for technology capabilities for the Office of Chief Counsel; \$800,000,000 for a shelter and services grant program; \$60,085,000 for an additional 125 CBP Officers, 250 technicians, and 250 mission support staff; \$51,536,000 over the enacted level for forced labor to include \$17,112,000 for an advanced trade analytics platform for a total of \$99,428,000 over fiscal year 2022; \$10,000,000 for innovative technology, for a total of \$35,000,000; \$6,000,000 for an increase in the uniform allowance; \$5,000,000 for tribal roads; \$6,900,000 for linear ground detection system

sustainment; \$5,200,000 for cross border tunnel threats; \$5,300,000 for counter unmanned aerial systems; \$7,702,000 for team awareness kits, for a total of \$19,417,000; \$10,000,000 for tactical communications; \$94,655,000 to reject Trade and Travel Operations PPA base pay reductions; \$51,116,000 to reject reductions to rent related expenses; \$3,000,000 for counter network capability; \$8,000,000 for increased intelligence capabilities; and \$600,000 for medical utilization.

Reductions to the request include: \$140,231,000 for changes to the adjustments to base for current services due to updated base pay and annualizations; \$3,000,000 for zero trust architecture; \$2,500,000 for the Office of Finance Resource Planning Technology & Analytic; \$10,000,000 for contracting costs; \$31,500,000 for medical referral costs; and \$2,000,000 for medical contract costs. The account is reduced \$3,000,000 for a transfer to PC&I.

Within the total amount provided, the recommendation includes: \$5,000,000 for tuition assistance; \$10,000,000 for processing improvements; \$6,000,000 for caregivers and childcare services; \$3,500,000 for rescue beacons and the Missing Migrant Program; \$6,000,000 for Carrizo cane control; \$21,055,000 for the Incident Driven Video Recording System, including body worn cameras and related requirements for Freedom of Information Act (FOIA) compliance and data storage; \$21,000,000 for autonomous surveillance towers; \$10,000,000 for video monitoring capabilities; and \$7,000,000 for Port of Entry (POE) technology, of which \$5,000,000 is for outbound operations.

Within the total amount provided, the bill makes \$500,000,000 available until September 30, 2024, to provide limited flexibility for certain activities.

*Border Management Requirements.*—Funds provided in title V of this Act are for border management requirements. Eligible uses of these funds include soft-sided facilities with appropriate wrap-around services; medical capabilities; child caregivers; overtime and temporary duty (TDY) costs; DHS volunteer force costs; CBP-related transportation costs; operational costs; flight hours; law enforcement personnel; and general contract support for processing. Not later than 45 days after the date of enactment of this Act, the Undersecretary for Management shall provide an expenditure plan to the Committees for the use of these funds and the Commissioner shall provide a bimonthly update thereafter.

None of the funds provided for border management requirements shall be used:

- (1) to hire FTE;
- (2) for flight hours other than those flown by CBP Air and Marine Operations; or
- (3) to acquire, maintain, or extend border security technologies and capabilities except to improve processing.

CBP should consider a full suite of options to attain additional processing support in a cost-effective manner, including through DHS volunteers, contract staff, temporary duty assignments, re-employed annuitants, and remote processing.

*Chief Operating Officer (COO) Re-designation.*—CBP is encouraged to re-designate the current COO position from “general” to “career reserved.” The expanding CBP workload requires stability

from career leadership in overseeing the day-to-day operations of the organization.

*Childcare for Employees.*—Not later than 90 days after the date of enactment of this Act, CBP shall provide a briefing to the Committees on options for meeting the childcare needs of its workforce in underserved areas. The briefing should include an assessment of the limits of existing legal authorities and cost estimates for various options.

*Contracted Capabilities.*—CBP is directed to brief the Committees not later than 60 days after the date of enactment of this Act on the feasibility and legal limitations of using contracted personnel for the monitoring of Border Patrol surveillance video; expanding the role of contracted personnel in processing noncitizens; and supplementing Air and Marine Operations (AMO) flying hours with contracted flying hours.

*Developing and Using Predictive Analytics.*—The agreement directs CBP to provide, within 45 days of the date of enactment of this Act, a description of its analytic and modeling capabilities; data provided by those capabilities; how CBP currently uses that data; and any plans to expand such use. Further, CBP shall provide a briefing to the Committees within 45 days of the date of enactment of this Act on a plan to better incorporate data output from current analytic and modeling capabilities into reporting requirements in fiscal year 2023, and options for investments in expanded capabilities in fiscal year 2024.

*Human Capital Strategic Plan.*—Not later than 120 days after the date of enactment of this Act, the Commissioner shall submit to the Committees a human capital strategy plan addressing future staffing challenges as a growing percentage of CBP law enforcement personnel become eligible for retirement between fiscal year 2023 and the end of fiscal year 2028. The plan shall include an assessment of potential operational impacts; hiring and recruitment strategies that incorporate lessons learned from previous hiring efforts; resource requirements for CBP offices that provide critical support for hiring, including for Human Resource Management, the Office of Training and Development, and the Office of Professional Responsibility; and funding requirements to maintain operational effectiveness, including for both hiring and overtime costs.

*Integrating Budget Requests.*—In order to minimize funding imbalances across CBP and DHS programs, CBP is directed to include with any requests for new funds a description of the impact of the investment on other programs. CBP, in coordination with the Department, is directed to provide a briefing to the Committees within 60 days of the date of enactment of this Act on a plan for complying with this requirement, including a description of how necessary data will be incorporated into internal planning and budgeting processes.

*Intelligence Human Capital Strategic Plan.*—Not later than 120 days after the date of enactment of this Act, CBP shall brief the Committees on an intelligence human capital plan for the next five fiscal years addressing the expanded need for intelligence professionals, including:

- (1) a description of CBP intelligence functions;

(2) the role(s) that new, non-law enforcement analysts would perform;

(3) the benefits of additional analysts;

(4) the number of law enforcement personnel currently performing intelligence function roles;

(5) the methodology used to determine the number of law enforcement personnel who would be returned to front-line duties;

(6) the timeline for, and the projected number of, such law enforcement personnel and the associated resource requirements for each of the next five fiscal years;

(7) a cost-benefit analysis for the options of hiring intelligence professionals versus additional law enforcement personnel;

(8) examples of how current operations are shaped by intelligence data analysis; and

(9) how additional analysts would enhance strategic and tactical understanding of the border environment to improve operational decision making.

*Law Enforcement Suitability Analysis.*—CBP is directed to submit a report on the effectiveness of polygraph tests within 120 days of the date of enactment of this Act. The report shall include data comparing CBP's failure rates to those of other federal law enforcement agencies; a list of admissions elicited during polygraph tests since CBP implemented a mandatory polygraph test requirement; and details regarding the total and annualized number of such admissions and types of admissions.

*Northern Border Strategy Implementation Plan.*—Within 90 days of the date of enactment of this Act and quarterly thereafter, CBP shall brief the Committees on the status of the Northern Border Strategy Implementation Plan, including whether the fiscal year 2022 milestones have been achieved; the status of the fiscal year 2023 milestones; and, in each case where a milestone has not been achieved, detailed explanations for the failure to achieve the milestone. The fiscal year 2024 budget request shall detail specific northern border staffing and technology requirements and request specific funding for implementation of planned northern border enforcement initiatives enumerated in the analysis. The Department shall work with the Committees prior to providing this briefing to ensure alignment with expectations.

*Overtime Usage.*—CBP is directed to provide a briefing to the Committees that compares onboard positions, salary and overtime costs, and the monthly volume of vehicles, pedestrians, and cargo containers by POE for fiscal years 2017 through 2022.

*Prioritizing the Acquisition of Innovative and Emerging Technologies and Capabilities.*—The Commissioner shall ensure that all funding provided in this Act for the acquisition of operational or administrative technology, equipment, and services focuses on innovative and emerging capabilities. Agency policies should prioritize the testing and, when testing results support a sound business case, their acquisition and operationalization. New technologies, including artificial intelligence (AI)/machine learning (ML) tools and autonomous capabilities, are critical for improving mission performance and personnel effectiveness. Within 60 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on a plan to better prioritize innovative and

emerging technologies and capabilities into the agency's internal planning, budgeting, and programming processes.

*Quarterly Budget and Staffing Briefings.*—In addition to the requirement set forth in section 102 of this Act, CBP shall provide the Committees quarterly budget and staffing briefings beginning not later than 45 days after the date of enactment of this Act and not later than 30 days after the close of each quarter thereafter. The briefings shall include any source of funding available to CBP for obligation; align projected and executed budgetary obligations and on-board staffing data to program areas within each PPA; and delineate pay from non-pay obligations. CBP is directed to provide the data and other information supporting each briefing to the Committees in a downloadable, searchable, and sortable spreadsheet format. The first briefing shall include:

(1) planned monthly obligations and onboard staffing projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;

(2) a consultation with the Committees on a plan and format for future quarterly briefings;

(3) a description of any limitations that CBP's financial and staffing systems of record present towards complying with requirements under this heading, such as the monitoring of obligations and on-board staff at the program level; and

(4) plans to address such limitations.

Prior to the first briefing, CBP shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall include at a minimum any program enhancements in this Act for congressional priorities described in this statement or enhancements that were in the President's budget request.

*Recruitment, Hiring, and Retention.*—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve hiring and retention by all of its law enforcement components. CBP shall prioritize and continue efforts to use available incentives to recruit and retain personnel in rural and remote areas, including the exploration of new strategies; ensure that its efforts include the recruitment and retention of women and other traditionally under-represented population groups; and ensure that appropriate anti-harassment protocols are in place for all personnel. CBP shall also ensure that staff are trained to recognize signs of trauma exposure, understand common behaviors of people exposed to trauma, and on trauma-informed practices.

*Resource Prioritization.*—CBP is directed to provide a bimonthly briefing to the Committees on its efforts to evaluate CBP-wide workload, capabilities, assets, and human resource gaps; describe how those gaps impact mission performance; and use the results of the ongoing analyses to support the development of the fiscal year 2024 budget request.

#### BORDER SECURITY OPERATIONS

*Assessing Commercial Satellite Radio Frequency (RF).*—CBP is directed to continue pilot programs and other efforts to evaluate the use of commercial satellite radio frequency (RF) collections to improve situational awareness near the land borders of the United

States, including how RF collection can be integrated into existing surveillance and reconnaissance architectures.

*Border Barriers.*—Within 90 days of the date of enactment of this Act, the Commissioner shall provide an update on the work of the multi-agency working group established to identify the impacts of complete and incomplete border security infrastructure on border security, communities, tribes, wildlife, and local environments, including the impacts of erosion and improper drainage associated with partially complete infrastructure projects, as well as its plan for addressing such impacts.

*Border Patrol Hiring.*—The agreement provides funding for 19,855 Border Patrol agents, an increase of 300 above the level funded in fiscal year 2022. In light of the Border Patrol's ongoing recruitment and attrition challenges, funding that is unable to be executed for new hiring in fiscal year 2023 is available for additional targeted Border Patrol Agent hiring and retention efforts; hiring processing coordinators and professional staff that relieve agents of administrative duties; and for morale efforts, to include increasing the uniform allowance.

Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on a plan and schedule for hiring the funded level of agents. The briefing shall also address how CBP is ensuring appropriate oversight of the hiring process and its efforts to implement recommendations from misconduct investigations. Given the number of agents from the northern border who have been re-deployed to the southwest border in recent years, the briefing shall also detail the number of planned new agents who will be assigned to the northern border.

*Border Security Technology Gaps.*—Within 180 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve border security technology development and acquisition.

*Body Worn Cameras.*—Within 90 days of the date of enactment of this Act, CBP shall provide the Committees an execution plan and deployment schedule for body worn cameras.

*Operational Impact of Processing Coordinators.*—Within 60 days of the date of enactment of this Act and quarterly thereafter, CBP shall provide a briefing to the Committees on the status of hiring processing coordinators funded by this and previous appropriations Acts, including the number of law enforcement personnel returned to the field as a result of the onboarding of new coordinators; the measures the agency is using to assess the costs and benefits of coordinator positions; and a description of all training and certifications required for such positions. Future funding requests for coordinators shall be accompanied by measures clearly detailing projected operational impacts.

*Prison Rape Elimination Act (PREA).*—The agreement directs CBP to post on its website, within 60 days of the date of enactment of this Act, a schedule for achieving full compliance with PREA requirements.

*Reporting Requirements for Deaths in Custody.*—CBP shall continue to provide the data required in House Report 116–80 regarding deaths of noncitizens.

*Shelter and Services Program.*—The agreement provides \$800,000,000 for a Shelter and Services Program (SSP) to support CBP in effectively managing noncitizen processing and preventing the overcrowding of short-term CBP holding facilities. Within the total amount provided, up to \$50,000,000 is available for the construction or expansion of shelter facilities. The funds are transferred to the Federal Emergency Management Agency (FEMA) for administration as grants or cooperative agreements with state and local governments and non-governmental organizations (NGOs).

During fiscal year 2023, a portion of this funding may be used for the existing Emergency Food and Shelter Program-Humanitarian (EFSP-H) in order to provide time for CBP and FEMA to establish a funding allocation process for the SSP. While the Emergency Food and Shelter National Board has performed admirably in administering EFSP-H since it was first funded in fiscal year 2019, funding the SSP through CBP will facilitate more effective support of CBP efforts to efficiently process and humanely treat noncitizens. It also acknowledges the existing vital partnership between CBP and NGOs.

Prior to EFSP-H, many NGOs and local communities already provided shelter and other services to individuals released directly from CBP custody, helping to facilitate the humane and respectful treatment of noncitizens undergoing processing at CBP facilities, including families, while minimizing impacts on local border communities. Overcrowding at CBP short-term holding facilities has negative impacts on noncitizens and makes it more difficult for CBP personnel to carry out their duties. This partnership also serves American taxpayers by minimizing the need to expand the capacity of existing CBP facilities.

Not less than quarterly, CBP shall provide data to FEMA to help inform decisions on where funding should be provided to shelters along the southwest border and in the interior of the United States to support CBP's border security mission. At a minimum, this data shall include historical data and future projections of encounters of families and single adults, by POE and Border Patrol sector.

*Short Term Detention.*—In addition to direction in House Report 117–396, the Commissioner shall provide a report to the Committees, within 90 days of the date of enactment of this Act, on infrastructure changes, training protocols, and other investments made or planned to ensure the safe, humane, and orderly processing of single adults, families, and unaccompanied children in CBP custody, in compliance with the CBP National Standards on Transport, Escort, Detention, and Search as well as the Flores Settlement. The report shall also describe CBP efforts to improve stakeholder monitoring and access policies at CBP facilities. These directives should not be construed to interfere with the rights obtained, or obligations owed, under any federal consent decree.

*Transportation Checks and Roving Enforcement.*—In addition to direction in House Report 117–396, the required reporting shall include the total amount of drugs, currency, and firearms seized as a result of transportation checks.

*Workload Staffing Model for Between the Ports.*—Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on how data from the Border Patrol's Mission

Advantage Program demonstrates its impact on personnel needs and projections of the impacts of future investments in the program. Within 60 days of the date of enactment of this Act, CBP shall provide a report to the Committees detailing the staffing model and the process that CBP used to create and validate it.

TRADE AND TRAVEL OPERATIONS—OFFICE OF FIELD OPERATIONS

*Advanced Electronic Data (AED).*—Within 180 days of the date of enactment of this Act, CBP shall provide a report to the Committees on the implementation of the AED initiative, including the:

- (1) total volume received by the United States Postal Service (USPS) and volume containing AED;
- (2) volume received by country containing AED;
- (3) number of packages CBP requests to screen and the number tendered by the USPS;
- (4) number of goods seized in Mail Facilities; and
- (5) volume received from countries exempted from AED by CBP.

The report shall also include a detailed plan, to be developed in coordination with the USPS, for the Postal Service to scan every package or letter entering the United States that could contain an illegal opioid.

*Border Searches and Electronics.*—In addition to direction in House Report 117–396, the required reporting shall include the number of times CBP searched an electronic device at the request of a federal, state, local, or foreign governmental entity, including another component of the Department, or disclosed to such entity information from any searched device.

*Border Security Deployment Program (BSDP).*—CBP shall provide the Committees a briefing within 120 days of the date of enactment of this Act on the agency's plan to expand BSDP at land POEs.

*Combating Transportation of Firearms and Illicit Funds.*—The agreement encourages CBP to continue to collaborate with domestic and international partners to disrupt the flow of funding that supports illicit monetary instruments and firearm smuggling activities. CBP shall inform the Committees any additional legal authorities or resources needed for these efforts.

*Data on Asylum Seekers.*—The agreement directs the Office of Field Operations (OFO) to continue to produce a monthly report detailing for each preceding month: the POEs along the southwest border at which queue management or metering practices have been employed; a detailed flow-chart for how a noncitizen's case is managed in these processes; and the number of asylum seekers processed at each such POE.

*The report shall also address:* CBP's rationale for queue management or metering practices at POEs; capacity and resource constraints leading to or requiring the implementation of such practices; recommendations for alleviating such capacity and resource constraints; and any agreements or arrangements between CBP, or the Federal Government more broadly, and Government of Mexico authorities involving efforts to restrict the number of potential asylum seekers that can access a POE prior to entering the United States.

*Environmental Crimes Enforcement.*—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the activities and resources applied to the enforcement of the Lacey Act amendments of 2008, which help address international deforestation and combat trade in illegal wildlife and timber products. The briefing shall also address CBP efforts to assist the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture with the electronic collection of data, as well as its continued consultation with trading partners, importers, exporters, and other interested groups as the provisions of the Act are fully implemented.

*Enhancement of Supply Chain Security.*—Within 180 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees with recommendations on how innovative capabilities, including blockchain-based platforms, may improve trade operations between the United States and Central and South American countries, including potential opportunities for partnership with non-profit and private partners and with Central and South American Customs Agencies.

*Expanding Outbound Operations at Land Ports of Entry (LPOE).*—The agreement provides \$30,000,000 for building outbound operations capacity, including \$2,250,000 for Domestic Operations to hire 18 CBP officers; \$5,000,000 for RFID/QR code readers for all outbound truck lanes to capture trucks at exit, increase CBP's ability to pursue subjects attempting to abscond from CBP inspection areas and other security capabilities and upgrades; and \$22,750,000 through the Procurement, Construction, and Improvements account for non-intrusive inspection equipment, development and deployment of ACE electronic export manifest capability, and infrastructure investments, including vehicle inspection stations. Within 90 days of the date of enactment of this Act, CBP is directed to provide an expenditure plan for the use of these funds and to brief the Committees on the metrics it will use to capture the impact of this investment.

*Fee Shortfalls and Reinstating Base Funding for OFO Personnel.*—The agreement restores \$94,655,000 in proposed reductions to pay for existing OFO personnel. The CBP CFO shall continue to manage and oversee CBP fee funding to ensure current year operational requirements are balanced against the continuing requirement to build and maximize a carryover balance. If fee collections during fiscal year 2023 exceed current projections and carryover requirements, CBP shall refrain from obligating those available funds until it briefs the Committees on options for the use of those funds to include for hiring additional CBP officers and mission support staff.

*Identifying Fentanyl Analogues and Related Substances at the Southwest Border.*—Within 60 days of the date of enactment of this Act, CBP shall provide the Committees a briefing on options to publicly report seizures of fentanyl-related substances and fentanyl analogues in the same manner it reports monthly seizures of marijuana, cocaine, heroin, and fentanyl.

*International Mail and Express Consignment Facilities.*—Previously provided funds, and funds provided in this Act shall be made available for facility improvements; detection and testing

equipment upgrades; increased capacity for testing and storing illegal and regulated substances; interoperability improvements with Food and Drug Administration detection equipment; and innovative technologies that apply advanced analytics and machine learning capabilities.

*LPOE Hours of Operation.*—CBP is directed to consult with elected officials at all levels, community members, and industry stakeholders prior to making changes to LPOE hours of operations. Prior to any actual reduction in operating hours, CBP shall demonstrate that the change will not impede local or regional commerce or unduly impede local resident traffic.

Not later than 90 days after the date of enactment of this Act, CBP shall provide a report to the Committees detailing operating hours at all northern border POEs and describing how CBP plans to improve the recruitment and retention of CBP personnel at remote northern border ports of entry to sustain those operating hours. Additionally, the agreement directs CBP to establish a pilot program for the co-location of CBP and Canada Border Services Agency border agents at remote LPOEs to maintain border security and reduce costs.

*Locality Pay Scale Flexibility.*—Within 120 days of the date of enactment of this Act, CBP is directed to provide a report, in coordination with the Office of Personnel Management, on:

- (1) an analysis of local pay scales and how those pay brackets impact recruitment and retention;
- (2) an overview of agency authorities for adjusting pay; and
- (3) recommendations to better align local pay with costs of living to improve recruitment and retention.

*Northern Border LPOEs and CBPOs.*—CBP shall prioritize staffing shortages at northern border LPOEs to help expedite cross-border tourist and commercial traffic while providing significant consideration to the health, safety, and welfare needs of CBP officers; explore options for 24-hour use of NEXUS at LPOEs; and expand public awareness about and enrollment in the NEXUS program, including through the deployment of signage in collaboration with state transportation agencies.

Additionally, CBP is directed to notify the Committees within 15 days of redeploying more than 10 percent of staff in any sector along the northern border to the southwest border or other ports of entry, including the number and location of the personnel diverted, the duration of the temporary deployment, and when the personnel will return to their posts.

*Prevent Abduction Program.*—Within 180 days of the date of enactment of this Act, CBP is directed to report to the Committees on the status of the Prevent Abduction Program, including:

- (1) the total hours of training CBP officers receive on the issue of international parental child abduction;
- (2) the total number of children enrolled in the program and the number enrolled in the preceding fiscal year;
- (3) the number of children enrolled in the program who were taken out of the United States through an air POE by an abductor, if any; and

(4) the identification of resources CBP might need to ensure children are not removed from the United States in violation of a valid state court order.

*Reimbursable Services Program.*—CBP is directed to provide each air, land, and sea port operator, including cruise terminals, with information on baseline service levels and report to the Committees quarterly on its adherence to these baseline levels. The report shall also address staffing shortages, requirements for facility and security upgrades, and plans for technology recapitalization; the process used to decide how initiatives are funded; a justification for the scope of the requests; and how CBP will negotiate with port operators and incorporate their feedback into the development of plans to address future facility and security needs.

CBP is encouraged to defer all current and future seaport facility agreements until it has provided details on baseline service levels to each port operator and provided the Committees with estimates for future facility and security requirement improvements and associated federally mandated technology. CBP is expected to work in partnership with seaports and refrain from imposing requirements on seaports in a unilateral fashion.

*Workforce Staffing Model.*—Not later than 90 days after the date of enactment of this Act, CBP shall provide a report to the Committees on the results of the most current Trade and Travel Workload Staffing Model, to include results; descriptions of any other models related to workload at ports of entry; and a comparison of model results. The agreement withholds funds from the Executive Leadership and Oversight PPA pending delivery of the report.

#### TRADE AND TRAVEL OPERATIONS—OFFICE OF TRADE

*Combating Transshipment.*—CBP is directed to modify targeting criteria and make additional changes necessary to provide CBP with the administrative flexibility required to identify transshipped products.

*Trade Enforcement.*—Within 90 days of the date of enactment of this Act, CBP shall provide a report to the Committees detailing its implementation of trade priorities.

*Uyghur Forced Labor Prevention Act (UFLPA).*—The agreement fully funds implementation of the UFLPA, adjusted for funding provided above the request in fiscal year 2022. Within 60 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on implementation of the law.

#### INTEGRATED OPERATIONS

*Honey Import Testing.*—CBP is directed to provide a report to the Committees, within 180 days of the date of enactment of this Act and in consultation with the FDA, on:

- (1) the number of imported honey shipments tested for country of origin (COO) fraud and adulteration;
- (2) the number of shipments that testing suggested involved COO fraud or adulteration;
- (3) the technologies employed in carrying out those tests; and
- (4) an ongoing strategy for CBP to detect and combat COO fraud.

*Office of International Affairs.*—CBP is directed to provide a briefing, within 60 days of the date of enactment of this Act and

in coordination with the Department of State, on opportunities to expand information campaigns in targeted Central and South American countries through social and behavior change communication advertising the dangers of irregular migration to the United States and educating residents of those countries about legal immigration pathways.

*Persistent Maritime Domain Awareness (MDA) Demonstration.*—The agreement directs AMO to work with CBP's innovation technology program to examine opportunities to work with industry partners to conduct a persistent, long duration MDA demonstration in an area where illicit maritime activity is known to be concentrated. Additionally, AMO is encouraged to place staff within the innovation technology program to assist in the development of AMO-specific capabilities.

#### MISSION SUPPORT

*Medical Care.*—Within 60 days of the date of enactment of this Act, CBP shall provide to the Committees a briefing on the medical care capacity supported by the enacted funding level, along with a detailed breakout of the types of care it supports.

#### ENTERPRISE SERVICES

*CBP One™ Mobile Application.*—Within 90 days of the date of enactment of this Act, CBP shall provide to the Committees a report on CBP One™, including a description of current uses; the frequency of use for each service available on the mobile application; a description of additional services and features that will be implemented by the end of fiscal year 2023; and data specific to the use of the mobile application by International Organizations and/or asylum seekers for the purpose of coordinating entry into the United States through a POE, along with any expansion plans for this service.

*Office of Professional Responsibility (OPR).*—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on efforts to hire additional OPR agents and a description of targeted areas of investigative enhancements or expansions, and its efforts to ensure CBP meets hiring targets for agents and officers.

*Remote Applications for Protection.*—Within 120 days of the date of enactment of this Act, CBP is directed to provide a briefing to the Committees on any ongoing efforts to work with USCIS and the State Department that allow noncitizens from certain countries to apply to seek protection in the United States, prior to their arrival, using CBP One™.

*Personnel Pay Resources Reporting.*—The CBP CFO is directed to provide a full-year pay execution plan to the Committees within 30 days of the date of enactment of this Act, along with monthly updates thereafter, for the Border Security Operations PPA and the Trade & Travel sub-PPAs for Domestic Operations, Targeting, and International Operations. The report shall compare planned execution to actual obligations for FTE and overtime. In addition, it shall differentiate needs that are tied to inspection and non-inspection operations.

*Survivor Advocacy Program.*—The agreement provides an additional \$2,500,000 to increase the number of full-time personnel

working as survivor advocates to help CBP personnel and their families after the death of a CBP employee.

*Video Monitoring.*—Any non-working closed caption television and associated recording or storage equipment in a facility that detains migrants must be repaired or replaced within 24 hours. Instances of equipment that remain non-working after 120 hours must be reported to the Office of Professional Responsibility. Outage and repair status reporting shall be updated weekly.

*Workforce Wellness and Suicide Prevention.*—The agreement provides not less than \$24,600,000 for workforce wellness and suicide prevention. In addition to direction in the House Report, the agreement includes not less than \$1,600,000 to work with non-profits to provide workforce wellness and suicide prevention services at CBP locations on the southern border. Further, CBP shall explore opportunities to establish partnerships with other federal agencies and SLTT entities, especially within the law enforcement and first responder communities, to improve and expand service offerings, with a focus on underserved areas.

*Withholds.*—Of the \$249,915,000 made available through the bill for the Executive Leadership and Oversight PPA, the agreement withholds \$5,000,000 until reports concerning human capital strategic plans and the Office of Field Operations workload staffing model are submitted to the Committees.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The bill includes the following increases above the request: \$150,000,000 for border security technology, to include funding for a common operating picture; \$69,947,000 for non-intrusive inspection (NII) systems; \$3,000,000 for a distributed ledger; \$7,500,000 for an electronic export manifest capability associated with out-bound enforcement; and \$26,650,000 for the Advanced Training Center (ATC).

The bill reduces the request by the following amounts: \$5,000,000 from ACE enhancements; \$31,245,000 from Multi Role Enforcement Aircraft; \$10,000,000 from the light enforcement platform; and \$45,459,000 from CBP facilities. The agreement also includes realignments based on technical assistance provided by the Department.

*Border Patrol Technology.*—In addition to direction in the House Report, this funding is available for autonomous surveillance, search and rescue capabilities, mobile surveillance capabilities, cross-border tunnel detection capabilities, geospatial capabilities, small unmanned aeri systems, counter small unmanned aerial system capabilities, and common operating picture capabilities. The Commissioner is directed to prioritize procurement of the most cost-effective technologies based on lifecycle costs, system availability, reduced requirements for personnel, and input from sector leadership.

*Construction and Facility Improvements.*—The agreement provides \$99,900,000 for CBP facilities, a reduction of \$45,459,000 from the request. In technical assistance provided to the Committees, CBP proposed a restructuring of the budget request to offset unforeseen costs of previously funded facilities projects. Additionally, the agreement rescinds \$43,500,000 from prior years.

Within the funds provided, \$26,650,000 is for additional expansion and renovation activities at the ATC. These funds shall be used to complete construction of the Institute Building and an Instructional Design/Distance Learning Center.

Additionally, not later than 90 days after the date of enactment of this Act, CBP shall submit a report to the Committees that includes:

(1) the details of the design and construction process for new or renovated Border Patrol facilities, including stations, processing centers, and checkpoints;

(2) detailed requirements for each facility currently funded or proposed for funding, including buildings, parking facilities, sally ports, vehicle maintenance facilities, fueling stations, temporary detainee holding facilities, and kennels;

(3) for each currently funded facility:

(a) the total amount funded, obligated, and expended, by fiscal year; and

(b) if funds were obligated to an outside agency (e.g., General Services Administration and U.S. Army Corps of Engineers), the obligation and expenditure status of those funds;

(4) for each currently funded facility and for proposed facilities, a construction schedule and associated expenditure plan broken out by quarter (to include funds appropriated through other agencies);

(5) For each requirement described in (2):

(a) the severability of each requirement that is specific to the location;

(b) confirmation that each requirement is an independently awardable option for all contracts currently funded;

(c) the requirements for facilities that are unfunded; and

(d) the requirements for facilities described in (2) that are unfunded; and

(6) the number of personnel to be assigned at each location, with confirmation the design is scoped to address current and anticipated future staffing needs.

The report shall also include a detailed plan to improve CBP's cost estimating capability for these facilities.

*Detering Illicit Substances.*—CBP shall ensure the necessary resources for procuring NII, passive radiation, and X-ray/Gamma-ray imaging of cargo and conveyances to detect, interdict, and deter the flow of illicit drugs, including fentanyl, carfentanil, and heroin.

*Distributed Ledger Technology.*—The agreement provides \$2,500,000 above the request for CBP to test implementation of blockchain and distributed ledger technologies to improve trade operations, including enhancement of supply chain security, single window, and sharing of Customs Trade Partnership Against Terrorism data, in cooperation with foreign Customs Agencies and leveraging existing platforms as appropriate. Furthermore, the agreement provides \$500,000 to explore opportunities for additional investment in distributed ledger platforms for coordination of customs data between the United States and international partners, including potential opportunities for partnership with non-profit and private entities. CBP shall provide a report to the Committees within 180 days of the date of enactment of this Act with such recommendations.

*Innovative Technology.*—The bill provides \$20,000,000 for innovative technology, of which not more than \$5,000,000 shall be available for each specific technology project. CBP is encouraged to review the following technologies: geospatial search and rescue; unmanned maritime vessels; remote sensing; mesh networking; satellite communications; vehicle communications in LTE denied areas; DNA traceability tools to assist in identifying goods made with forced labor and aerostats. CBP shall provide a briefing to the Committees within 90 days of the date of enactment of this Act and quarterly thereafter on pilot or demonstration projects that have transitioned to normal operations over the last three fiscal years; the impact of such transitions on performance; an assessment of common indicators for successful and unsuccessful pilots; and recommendations to incentivize CBP programs to participate in testing and adopting promising new capabilities.

*LPOE.*—CBP shall provide a detailed report and timeline within 90 days of the date of enactment of this Act outlining completion of the Blue Water Bridge Plaza expansion project. The report shall align with the annual LPOE priority list; outline projected CBP costs; explain how CBP will engage with state and local entities; and detail specific milestones and a timeline for the project's completion.

CBP is directed to provide an update on the agency's implementation of recommendations from GAO's July 2019 report, "Border Infrastructure: Actions Needed to Improve Information on Facilities and Capital Planning at Land Border Crossings," along with a description of any changes CBP is making to the existing planning process. Additionally, CBP shall, in consultation with GSA, consider growth in trade value, the expansion of in-bound commercial traffic, and CBP operational needs when developing the capital investment plan. CBP is directed to provide an update within 60 days of the completion of the ongoing assessment of capacity requirements at the Santa Teresa POE.

Within 120 days of the date of enactment of this Act, CBP, in consultation with GSA, shall provide the Committees a briefing on plans to execute the funds provided in the Infrastructure Investment and Jobs Act of 2021. As part of this briefing, CBP shall provide the Committees an update on steps to "rebuild" the annual 5-year LPOE plan.

*Multi-Role Enforcement Aircraft (MEA).*—The agreement provides \$29,000,000 to fund the second land variant MEA to expand CBP's ability to conduct maritime, air, and land surveillance at our Nation's borders. Additionally, the agreement rescinds \$23,182,000 from prior year funding for this program due to contract cost savings.

*NII.*—The agreement provides \$69,947,000 for the NII program. CBP shall execute these funds only as follows: \$15,250,000 for outbound inspection equipment; \$10,000,000 for artificial intelligence and machine learning capabilities, to include independent verification and validation during the initial stages of development; \$44,947,000 for the deployment of previously funded equipment, civil works infrastructure, site prep, and installation of equipment associated with achieving 100 percent scanning of vehicles crossing the U.S. border. The agreement rescinds all remaining unobligated

fiscal year 2022 funding provided for NII, totaling \$73,246,000, due to continued concerns with the management of the NII program, as discussed in House Report 117–396.

To date, CBP has failed to request any funding to address unfunded requirements for civil works, installation, and site prep for previously funded NII equipment to be deployed in pre-primary lanes at LPOEs, which could require more than an additional \$200,000,000. While the agreement provides additional funding for the NII program, CBP and DHS are encouraged to request funds in future budgets to address this shortfall.

To ensure proper oversight of NII funds, CBP shall also continue to provide monthly updates to the Committees on the obligation of funds for NII equipment, along with actual and projected performance gains as a result of NII deployments funded in this or prior appropriations. Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the status of NII coverage in pre-primary lanes along the southwest border. The briefing should address how an increase in pre-primary screening will impact current secondary inspection capacity and the workflow of other federal agencies that may not have sufficient time to plan for additional resource needs.

Not later than 180 days after the date of enactment of this Act, CBP shall provide a report on the current status of mobile NII technology and proposals for enhancing it.

CBP is reminded of the reporting requirement on 100 percent scanning in the joint explanatory statement accompanying the fiscal year 2022 funding Act, which was due to Congress on September 12, 2022.

*Period of Availability.*—The PPA funding table in the explanatory statement accompanying division F of the Consolidated Appropriations Act, 2022 (Public Law 117–103) included an inadvertent transposition of the funding amounts available for three years and five years in CBP’s Procurement, Construction, and Improvements (PC&I) account. Notwithstanding that transposition, the three- and five-year funds are not purpose restricted and may be obligated for any project funded under the fiscal year 2022 PC&I appropriation. CBP shall allocate these funds as necessary to execute fully all of the funded projects within the periods of availability set forth in that Act. CBP is directed to provide revised spending allocations for the three- and five-year funds when it submits the expenditure plan required under Section 208 of this Act.

*Revenue Modernization.*—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees describing the percent transition from manual field collections to automated electronic systems, along with the cost, by POE.

## U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT OPERATIONS AND SUPPORT

The agreement provides \$394,177,000 above the request, including increases of \$5,960,000 for Homeland Security Investigations (HSI); \$379,560,000 for Enforcement and Removal Operations (ERO); and \$8,657,000 for Mission Support and Office of the Principal Legal Advisor (OPLA) activities. The agreement also provides

net-zero technical adjustments requested by ICE after submission of the budget request.

Within the total amount provided, the agreement makes \$46,696,000 available until September 30, 2024, including \$32,996,000 for authorized Title III activities and \$13,700,000 for the Visa Security Program. The agreement also continues a provision that withholds \$5,000,000 from obligation until the reports directed in the explanatory statements accompanying Public Laws 116–6, 116–93, and 117–103 have been submitted to the Committees.

*Annual ERO and HSI Reports.*—ICE is directed to continue issuing annual Fiscal Year ERO and HSI reports by not later than 90 days after end of each fiscal year. The reports should compare data for the reporting fiscal year to the prior five fiscal years in a sortable, downloadable, and printable format, with a description of any significant deviations in data representation when compared to prior years.

*Continuation of Prior-Year Requirements.*—ICE shall continue to follow the directives under the following headings in the explanatory statements accompanying the fiscal year 2022 funding Act (Public Law 117–103), according to the previously directed timeframes, reporting requirements, required sustainment, and guidance:

- (1) Detention Standards;
- (2) Reporting Requirements;
- (3) Healthcare Costs for Immigrants in Detention;
- (4) Law Enforcement Support Center (LESC);
- (5) Sex Offender Release Notifications;
- (6) Kiosks for Non-Detained Appearances;
- (7) Detention Facility Inspections;
- (8) HERO Child-Rescue Corp Program;
- (9) Child Exploitation Investigations Unit;
- (10) Counter-Proliferation Investigations Center;
- (11) International Megan’s Law;
- (12) Opioid Investigations;
- (13) Access to Due Process;
- (14) Immigration Enforcement at Sensitive Locations;
- (15) Forced Child Labor;
- (16) Intellectual Property Rights Enforcement;
- (17) Electronic Nationality Verification Program;
- (18) ICE Removal and Detention of U.S. Citizens;
- (19) Immigration Data; and
- (20) Wrongful Removals.

*Danger Pay.*—Within 60 days of the date of enactment of this Act, ICE shall provide a report to the Committees that details the location of all ICE federal employees serving abroad who currently do not receive danger pay in locations where other federal employees receive such pay. The report shall also include a projected estimate of the cost to provide danger pay to such employees.

*Facilities Backlog and Use.*—Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE is directed to brief the Committees on any changes to facility condition assessments. ICE is also directed to incorporate those assessments into its out-year budget requests—including its annual budget justifications—

for facility maintenance funding, as well as in its monthly execution briefings.

*Financial and Reporting System.*—ICE shall develop a plan to configure its financial and reporting systems by June 2023 to better budget for and monitor the costs of programs and initiatives and to track obligations and expenditures by program and initiative. Not later than 60 days after the date of enactment of this Act, ICE shall brief the Committees on the status of this effort, including a description of anticipated risks and a mitigation plan to address such risks.

*Forward Funding of Contracts.*—ICE is directed to identify in its monthly budget briefings any funding used for contracts for which the period of performance extends beyond the fiscal year, or begins after the end of the fiscal year, and to include an exhibit in future budget requests showing any such forward funded contracts.

*Monthly Budget and Staffing Briefings.*—In addition to the requirement set forth in section 102 of this Act, ICE shall provide the Committees monthly budget and staffing briefings beginning not later than 30 days after the date of enactment of this Act. The briefings shall include any source of funding available to ICE for obligation; align projected and executed budgetary obligations and on-board staffing data to program areas within each PPA; and delineate pay and non-pay obligations. Prior to the first briefing, ICE shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall at a minimum include all congressional priorities referenced in this Act, along with those of the last three fiscal years, including the accompanying explanatory statements for each Act. The first briefing shall include:

(1) planned monthly obligations and onboard staffing projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;

(2) a consultation with the Committees on a plan and format for future monthly briefings;

(3) a description of any limitations presented by ICE's existing financial and staffing systems of record in complying with requirements under this heading, such as the monitoring of obligations and onboard staff at the program level; and

(4) ICE's plan to address the limitations described in (3), including resource requirements.

*Title V Requirements.*—The agreement provides \$339,658,000 in Title V for ICE's non-detention border management requirements, including \$74,980,000 in third party medical costs related to non-citizens in CBP custody.

## HOMELAND SECURITY INVESTIGATIONS

*Enhancing and Modernizing HSI's Capabilities.*—The agreement provides a total increase of \$5,960,000 above the request, including:

(1) \$31,808,000 to restore proposed reductions for the Domestic Investigations PPA based on efficiencies that were not clearly defined;

(2) \$10,017,000 to increase investigative capacity to respond to projected increases in workload associated with the planned expansion of CBP's NII technology along the southwest border;

(3) \$2,200,000 to expand and enhance undercover activities;

(4) \$8,600,000 to accelerate development of capabilities for the Repository for Analytics in a Virtualized Environment (RAVEN);

(5) \$6,860,000 to fund the training, equipment, travel, software, and analysts necessary to address the increase in child exploitation leads and investigations and increased victim assistance requirements;

(6) \$4,500,000 for the training, equipping, and hiring of Human Exploitation Rescue Operative (HERO) Child-Rescue Corps program graduates;

(7) \$220,000 for the Victim Assistance Program;

(8) \$14,500,000 for the National Intellectual Property Rights (IPR) Center, of which, not less than \$7,500,000 shall be for the creation of the Wildlife Trafficking Unit;

(9) \$1,607,000 to restore proposed reductions to the International Investigations PPA; and

(10) \$1,820,000 to restore proposed reductions to the Intelligence PPA.

ICE is directed to update the Committees with details about the use of these additional funds as part of its monthly operational and expenditure plans. Further, ICE shall provide detailed staffing and budget assumptions about these efforts in future budget requests. The agreement also includes a reduction of \$73,672,000 from the request based on updated information from ICE about personnel cost requirements. The agreement also rejects the proposed realignment of \$2,500,000 from OSEM for the Blue Campaign.

*International Operations Strategic Plan.*—Within 90 days of the date of enactment of this Act, HSI is directed to brief the Committees on its strategic plan for international operations. At a minimum, the plan should include a justification for an expanded international presence; the proposed locations for expansion; the operational and administrative resources required to implement the plan; a description of any plan implementation challenges or impediments, including any related to the State Department; and a description of any planned expansion of the Visa Security Program.

*Wildlife Trafficking Unit.*—\$7,500,000 is provided above the request for the establishment of a new unit dedicated to the prevention of Wildlife Trafficking within HSI's IPR Center, Global Trade Division. HSI shall continue to work in partnership with the U.S. Fish and Wildlife Service and CBP to improve efforts to address wildlife trafficking. Within 90 days of enactment of this Act, HSI shall brief the Committees on the execution of these funds and the status of the new Wildlife Trafficking Unit, including efforts to hire and train future staff. HSI is also directed to continue to produce the report identified in Public Law 116–125.

#### ENFORCEMENT AND REMOVAL OPERATIONS

The agreement sustains the fiscal year 2022 detention capacity levels. Reductions below the request include \$46,150,000 based on updated information from ICE and technical assistance from the Department; \$15,000,000 from amounts proposed for an information technology initiative; \$21,000,000 related to facility standards; \$3,313,000 associated with Fugitive Operations technical assistance and efficiencies; \$6,258,000 for Criminal Apprehension Program

technical assistance and efficiencies; \$820,000 for Transportation and Removal Program (TRP) efficiencies; and \$84,871,000 for the ATD program. The agreement does not include the requested realignment of \$8,000,000 in third party medical costs to CBP.

**287(g) Program.**—ICE is directed to publish applications for new or renewed 287(g) agreements on its website at least eight weeks prior to entering into any such agreement. In addition, ICE shall ensure thorough vetting of 287(g) applicants to minimize detention conditions that do not fully comply with Performance-Based National Detention Standards and PREA standards.

ICE, OIG, and CRCL are directed to provide rigorous oversight of the 287(g) program, and ICE is directed to notify the Committees 15 days prior to implementing any changes to the program, including any changes to training requirements, data collection, selection criteria, or the jurisdictions with which ICE has agreements, including both entering into new contracts or the termination of existing contracts. ICE is also directed to report to the Committees on the effectiveness and accuracy of prior efforts to publicly disclose personally identifiable information about noncitizens encountered through the 287(g) program within 60 days of the date of enactment of this Act.

If CRCL or ICE's Office of Professional Responsibility (OPR) determines that a participating 287(g) jurisdiction has a pattern or practice of civil rights or liberties violations of individuals who were subsequently the subject of immigration enforcement activity delegated under the 287(g) authority, the Secretary shall require CRCL to conduct a review of the use of this program in that jurisdiction which shall include recommendations regarding ICE's furtherance of any such agreement with that jurisdiction. Not later than 120 days after the date of enactment of this Act, and quarterly thereafter, CRCL and OPR shall brief the Committees on any such determinations, reviews, and recommendations, as well as the status of any previous activity.

**ATD.**—The funding level for ATD is based on fiscal year 2022 data on the actual program costs and provides sufficient funding for the proposed enrollment levels. ICE shall continue to brief the Committees on any ATD contracts it awards under this program. Within 60 days of the date of enactment of this Act, ICE shall begin providing a monthly briefing on the number of noncitizens participating in the ATD program by technology type, cost by technology type, and the number of participants who attend a portion of or all of their immigration court hearings. ICE shall also continue to publish annually the following policies and data relating to ATD:

- (1) guidance for referral, placement, escalation, and de-escalation decisions;
- (2) enrollment and disenrollment by Field Office;
- (3) information on the length of enrollment broken down by type of ATD;
- (4) a breakdown of enrollment by type and point of apprehension; and
- (5) a breakdown of disenrollment by type and reason.

**ATD Program Violations.**—ICE shall submit data to the Committees within 30 days of the date of the enactment of this Act and

monthly thereafter, on the number of ATD program violations in the prior month, broken out by area of responsibility, type of violation, repeat violations, and any enforcement consequences for violations.

*ATD Referrals.*—ICE shall consider enrollment referrals from NGOs and community partners that are actively implementing ICE's ATD programs that utilize case management. ICE shall establish, with the consultation of relevant NGO and local community partners, at ICE's discretion, criteria for such referrals, guidelines for submission, and criteria for how ICE will consider any such referrals for enrollment in ATD programs. ICE shall submit a report to the Committees on progress regarding these guidelines within 60 days of the date of enactment of this Act and quarterly thereafter until the guidelines are finalized. ICE shall submit an annual report on the number of NGO referrals that are submitted and the number of such referrals accepted into ATD programs that utilize case management programs.

*Custody Operations.*—The agreement sustains the fiscal year 2022 detention capacity levels. Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on a projected cost to secure an Independent Verification and Validation (IV&V) of a detention capacity funding requirements model to be used for resource planning for the current year, budget year, and out-years. The review should address the accuracy of projections of average daily population levels and utilization rates for funded detention capacity; whether the model clearly accounts for policy and external factors; and whether the model is informed by projected border encounters. ICE shall brief the Committees within 30 days of the date of enactment of this Act and monthly thereafter on the detention capacity, cost, and actual use associated with detention contracts that do not have guaranteed minimum costs.

*Detention and Solitary Confinement of Vulnerable/Special Populations.*—Within 15 days of the date of enactment of this Act and quarterly thereafter, ICE shall report on a publicly available website the number of individuals in vulnerable or special populations in its physical custody for the preceding quarter. At a minimum, the report shall include:

- (1) a definition for vulnerable and special populations;
- (2) the number of consecutive and cumulative days such individuals were in detention or involuntary segregation through isolation, solitary confinement, or protective custody;
- (3) the basis for any use of involuntary segregation; and
- (4) the process for and frequency of re-evaluating custody decisions.

Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on the state of compliance with the principles and standards of all ICE guidance related to vulnerable populations, along with any necessary actions needed to remediate deficiencies. The briefing should address the number of facilities that are in compliance with such guidance; their location; the number of available beds for vulnerable or special populations; whether those beds are in a form of involuntary segregation; and whether such facilities need additional resources to ensure the health and safety of such persons in their care and custody.

*Juvenile Coordinators.*—Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE shall brief the Committees on the status of regional juvenile coordinators and young adults in the ICE system, and provide updates on the IV&V, as previously directed.

*Personal devices.*—ICE shall brief the Committees, within 180 days of the date of enactment of this Act, on the potential implications, pros/cons, and costs/savings associated with allowing noncitizens in custody to retain or have access to their personal cell phones while in custody.

*Pregnant, Postpartum, and Lactating Women.*—ICE is directed to provide semiannual reports on the total number of pregnant, postpartum, and lactating women in ICE custody, including detailed justification of the circumstances warranting each such detainee's continued detention and the length of detention. These anonymized reports shall be made publicly available on the ICE website.

*Transportation and Removal Program (TRP).*—TRP provides the safe and secure transportation of noncitizens who are subject to final orders of removal or require transfer within the United States, which may ultimately include transportation to the noncitizen's final destination if ICE determines in its discretion that such transportation is necessary.

Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE shall brief the Committees on its existing contracts for all air, ground, and sea transportation of noncitizens, including children and families. The briefing shall include a description of the current total contracted capacity, delineated by transportation type; average cost per person for each type; contract options, where applicable; contract costs, including actual daily, weekly, and monthly costs; and comparisons of actual costs to initial projections for the preceding quarter.

*Unaccompanied Children (UC) Transferred from ORR.*—Not later than 30 days after the date of enactment of this Act and quarterly thereafter, ICE shall brief the Committees on its compliance with *Garcia Ramirez, Et Al. v. ICE, Et Al.* (No. CV 18-508 (RC)).

### Mission Support

The agreement provides \$8,657,000 above the request for Mission Support and includes realignments among the three Mission Support sub-PPAs based on technical assistance from the Department. The total includes increases above the request of \$4,000,000 for a workforce staffing model IV&V; \$2,500,000 for the Office of Detention Oversight; \$12,000,000 for body worn cameras; \$10,000,000 for increased legal access for non-citizens in detention; and \$583,000 for restoring a 2022 enhancement for the Office of Professional Responsibility. It includes decreases from the request of: \$7,917,000 for OPLA augmentation efforts; \$1,999,000 for event security logging; \$1,486,000 for ATD IT services; and \$9,024,000 for mission and administration support infrastructure.

*Body Worn Cameras.*—ICE shall use the results from its Body Worn Camera pilot to develop guidance and policies for full implementation across the agency. Within 90 days of the date of enact-

ment of this Act, ICE shall brief the Committees on the draft guidance and policies for the pilot.

*Fleet.*—The agreement provides the requested amount for vehicles, of which \$1,000,000 is for the replacement and maintenance of vehicles deployed overseas.

*Improved Legal Resources.*—The agreement provides \$10,000,000 above the request to the Civil Liberties Division of the Office of Diversity and Civil Rights to improve law libraries, update legal materials, provide online legal access, expand video attorney visitation, and facilitate the secure exchange of legal documents between noncitizens and their counsel. ICE is directed to brief the Committees on an expenditure plan for increased legal access within 60 days of the date of enactment of this Act.

*Office of Detention Oversight (ODO).*—The agreement provides \$2,500,000 above the request to support additional, unannounced inspections; to review compliance with each detention standard not less than once every three years at each facility; to expand ODO's oversight to facilities that detain individuals for 72-hours or less; and to conduct reviews and inspections of any special or short-term or emergency facilities and programs.

*Workload Staffing Model (WSM).*—The agreement includes \$4,000,000 above the request to conduct an IV&V of the WSM, which shall be performed by an organization that is technically, managerially, and financially independent from ICE and DHS. Not later than 90 days after the date of enactment of this Act, ICE shall brief the Committees on the status of the IV&V and the WSM, including how the WSM supports the formulation of budget requests and is used in the development and implementation of ICE's operational plan.

#### Office of the Principal Legal Advisor

The agreement provides the requested level of \$402,314,000 for OPLA.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$22,997,000, \$74,765,000 below the request. ICE shall provide a detailed expenditure plan to the Committees for each project, including the planned use of any carryover balances of prior-year funding, within 30 days of the date of enactment of this Act and provide plan updates as part of its monthly operational and expenditure briefings. These plans shall also include information on the operational efficiencies and expanded capabilities that will result from these investments.

#### TRANSPORTATION SECURITY ADMINISTRATION

##### OPERATIONS AND SUPPORT

The agreement reduces the request by a total of \$744,362,000. Increases above the request include \$94,147,000 for exit lane staffing; \$13,382,000 for the Personnel Futures Program; \$5,000,000 for acquisition support staffing; and \$4,000,000 for pipeline cybersecurity. Decreases below the request are attributed to the implementation of personnel system changes later in the fiscal year than pro-

posed and staffing increases that better reflect fiscal year 2023 requirements, as described below. The agreement includes \$22,300,000 for Credential Authentication Technology in the PC&I account instead of in the O&S account, where the funding had been proposed. The agreement also provides net zero budgetary adjustments requested by TSA in technical assistance.

*Exit Lane Staffing.*—The agreement rejects the \$94,147,000 decrease proposed in the President's fiscal year 2023 budget to eliminate statutorily-required exit lane staffing. Within 120 days of the date of enactment of this Act, TSA shall provide a report to the Committees on technological solutions to secure exit lanes and the feasibility of implementing such solutions.

*Federal Air Marshal Service (FAMS).*—TSA shall continue to submit semiannual reports at the appropriate level of classification on FAMS mission coverage, staffing levels, and hiring rates.

*Hiring in Rural Communities.*—Not later than 90 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on the challenges of recruiting and retaining federal employees in non-contiguous and rural states, including how TSA is addressing these challenges and the resources identified for this purpose.

*International Parental Child Abduction.*—Within 120 days of the date of enactment of this Act, TSA shall provide a report to the Committees summarizing current frontline workforce training requirements on recognizing and preventing international parental child abduction.

*On-Person Screening Algorithm Development.*—The agreement provides \$18,700,000, as requested in the President's fiscal year 2023 budget, to continue the development of an upgraded algorithm to achieve lower alarm rates for the current Advanced Imaging Technology fleet.

*Passenger Screening Canine Teams.*—Within 120 days of the date of enactment of this Act, TSA shall brief the Committees on its ongoing efforts to improve the effectiveness of passenger screening canine teams.

*Personnel System Changes.*—The agreement provides \$397,619,000 to implement TSA personnel system initiatives in fiscal year 2023, compared to \$992,020,000 in the President's budget request. Not later than 180 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on a detailed plan to effectively measure the impact of these personnel system changes on TSO recruitment, hiring, and retention.

*Pipeline Cybersecurity.*—The agreement provides \$4,000,000 above the President's budget request for pipeline cybersecurity, sufficient to meet the estimated fiscal year 2023 requirements for this activity when combined with carryover funding from prior years. Not later than 90 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on an obligation plan for fiscal year 2023 and actions taken to better plan for required funding in future years.

*Remote Screening Infrastructure (RSI).*—Within 90 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees detailing its partnership with the Science and Technology Directorate on the RSI initiative. The briefing shall include

information on all remote screening evaluation efforts, the feasibility of incorporating remote screening infrastructure into screening environments, and an analysis of any potential impacts on TSA staffing, security operations, and the passenger experience.

*Transportation Security Officer (TSO) Staffing.*—The agreement provides \$60,638,000 for new TSO hiring. Within 90 days of the date of enactment of this Act, and monthly thereafter, TSA shall provide a briefing on TSO staffing levels using the most current payroll data available, combined with commensurate passenger volume and wait-time data. TSA shall ensure that future budget requests and briefings include a detailed forecast of passenger volume in relation to requested TSO staffing levels and specify projected operational efficiencies and passenger experience improvements resulting from the continued investment and deployment of new screening technologies.

*Visible Intermodal Prevention and Response (VIPR) Teams.*—The agreement partially rejects the \$6,854,000 decrease for VIPR as proposed in the President's fiscal year 2023 budget. Within the funds provided for Surface Programs, the agreement includes \$800,000 for body worn cameras to ensure compliance with Executive Order 14074, and \$151,000 for increased VIPR law enforcement training.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$22,300,000 above the request, which reflects the realignment of Credential Authentication Technology funding from the O&S account.

*Computed Tomography (CT).*—The agreement includes \$105,405,000, as proposed in the President's fiscal year 2023 budget, for the purchase and installation of approximately 108 CT machines for passenger checkpoints at the highest-risk airports in the United States. TSA is directed to continue to leverage innovative capabilities to improve threat detection.

*Credential Authentication Technology (CAT).*—Within 90 days of the date of enactment of this Act, TSA shall provide a report to the Committees detailing airports at which CAT is currently deployed, airports at which CAT is not currently deployed, and a plan for the full procurement and deployment of CAT systems at all domestic airports.

*Explosive Detection Systems (EDS).*—TSA is directed to provide quarterly briefings on its investment plans for checkpoint security and EDS refurbishment, procurement, and installation by airport location. These briefings shall include information on specific technologies for purchase; program schedules; major milestones; obligation schedules; recapitalization priorities; status of operational testing for each passenger screening technology under development; and a table detailing actual unobligated balances versus those anticipated at the close of the fiscal year.

These briefings shall also include details on checkpoint screening pilot programs and public-private partnerships that are in progress or being considered for implementation. For each pilot program or public-private partnership, these briefings shall also include a summary; a description of its goals; potential capabilities and benefits

of the program; the airports where the pilots or partnerships will take place; funding commitments; and plans for future expansion.

In addition, the briefing shall include detailed program schedules for passenger screening technologies, including all milestones from the issuance of a request for proposal to deployment.

#### RESEARCH AND DEVELOPMENT

The agreement provides \$33,532,000 as requested.

*Innovation Task Force (ITF).*—Within 120 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees on how the funds provided for ITF will inform future TSA budget requests.

*Open Architecture.*—Within 120 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees on current developments of an established open architecture framework for transportation security equipment. The briefing shall include well-defined requirements and standards, and detail existing workflows and interfaces across the aviation security domain.

#### COAST GUARD

##### OPERATIONS AND SUPPORT

The agreement provides an increase of \$80,449,000 above the request, including increases of \$110,939,000 to maintain 2022 enhancements; \$82,598,000 for increased fuel and energy costs; \$20,000,000 for the National Coast Guard Museum exhibits; \$5,000,000 to meet increased demand for the child care subsidy; \$5,000,000 for housing program investments; \$2,500,000 for military recruiting; \$4,004,000 for other recruiting and retention efforts; \$3,600,000 to accelerate efforts to modify the nine 140-foot Bay Class Icebreaking Tug berthings to accommodate mixed gender crews; \$1,900,000 for the operation, maintenance, and transport of new hyperbaric chambers funded in PC&I; and \$275,000 for station redundancy adjustments.

The agreement includes reductions from the request, including: \$39,509,000 for the Atlantic Partnership; \$25,000,000 for the crewing of a commercially available icebreaker; \$21,611,000 to reflect updated pay assumptions; \$20,429,000 in NSC follow-on costs to reflect changes in the NSC schedule; \$6,756,000 for software follow-on costs; \$5,781,000 in Offshore Patrol Cutter (OPC) follow-on costs to reflect changes in the OPC schedule; \$3,807,000 for the Operations and Strategy Development—Oceania program; and \$2,474,000 for innovation and commercial technology initiatives.

In lieu of the requested contingency funding, the agreement provides increased funding in the two Field Operations PPAs. For the fiscal year 2024 budget justification, the Department is expected to propose funding in the same sub-PPA structure.

*Department of Defense (DOD) Cybersecurity Requirements.*—The Coast Guard shall brief the Committees within 120 days of the date of enactment of this Act, on its compliance with DOD information network requirements.

*Interoperable Gateway System (IGS) Modernization.*—The Coast Guard is directed to explore the feasibility and value of incorporating IGS technology into its operations and to brief the Com-

mittees on the results of its assessment within 120 days of the date of enactment of this Act.

*Migrant Interdiction Effectiveness.*—Within 90 days of the date of enactment of this Act, the Coast Guard is directed to brief the Committees on the key drivers of the drop in the migrant interdiction effectiveness rate in the maritime environment and any actions the Coast Guard is taking to improve its effectiveness rate.

*NSC Follow-On.*—The agreement reduces the budget request for NSC follow-on costs by \$20,429,000 but fully funds the requested military personnel follow-on costs.

*OPC Follow-On.*—The agreement reduces the budget request for operations and maintenance costs of the second OPC by \$5,781,000 but fully funds the requested military personnel follow-on costs.

*Offshore Wind.*—The Coast Guard and Department are encouraged to collaborate with other public and private stakeholders, including industry and labor groups, to support offshore wind and supporting maritime infrastructure and to work together to support the domestic workforce and vessel inventory required to advance offshore wind technology.

*Regional Programs.*—The Coast Guard shall provide quarterly briefings on the execution of funding provided for its operations in various regions (including the Arctic Strategy and Operations and the Oceania Operations and Strategy Development initiatives funded in the agreement) beginning within 180 days of the date of enactment of this Act.

*Towing Vessel Inspection Fee.*—The Coast Guard is directed to brief the Committees on the status of the rulemaking and implementation of new user fees within 60 days of the date of enactment of this Act.

*Unfunded Priorities List (UPL).*—The Coast Guard is directed to provide a list of approved but unfunded Coast Guard priorities and the associated funding needs for each priority to the Committees at the time of the fiscal year 2024 budget request submission.

*Unmanned Surface Vehicles (USV).*—The agreement directs the Coast Guard to provide a report on its research and development activities related to USVs, including an evaluation of wind and solar powered vessels with surface and subsurface capabilities, within 90 days of the date of enactment of this Act. The Coast Guard shall update the Committees on the findings of its research as they become available.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides an increase of \$14,800,000 above the request, including \$46,000,000 for the economic price adjustment costs of Fast Response Cutters (FRCs) funded in prior years; \$56,000,000 for eight new MH-60T helicopter hulls; \$12,000,000 for heavy weather boats; \$10,000,000 for the Vessel Traffic System modernization and Command and Control Modernization efforts; \$7,800,000 for hyperbaric recompression chambers; \$75,000,000 for the Polar Security Cutter

(PSC) homeport in Seattle; \$10,000,000 for phase 3 of the family housing project at Fort Wadsworth-Sector New York; \$10,000,000 for Air Station Barbers Point hangar project; \$105,000,000 for the Kodiak pier project for OPCs and FRCs; and \$35,000,000 for con-

struction and expansion of Coast Guard child development centers. Reductions from the request include: \$125,000,000 for a commercially available ice breaker; \$120,000,000 from the PSC program and \$107,000,000 from the OPC program.

*Coast Guard Yard Resilient Infrastructure and Construction Improvement.*—The Coast Guard should dedicate funding to facility upgrades needed to improve the resilience of the Coast Guard Yard and associated infrastructure, as well as any other shore infrastructure maintenance and capital improvement projects.

*Commercially Available Icebreaker.*—The agreement does not include the requested funding for the acquisition of a commercially available polar icebreaker.

*Domestic Content.*—To the maximum extent practicable, the Coast Guard is directed to utilize components that are manufactured in the United States when contracting for new vessels, including auxiliary equipment, such as pumps for shipboard services; propulsion equipment, including engines, reduction gears, and propellers; shipboard cranes; and spreaders for shipboard cranes.

*Fleet Mix Analysis.*—The Coast Guard is directed to provide an update to the Committees on the analysis required in division F of the Joint Explanatory Statement accompanying Public Law 117–103 within 60 days of the date of enactment of this Act. The analysis should include all classes of vessels, including those with missions that might not have a direct bearing on the workload of other vessel classes.

*Full-Funding Policy.*—Consistent with congressional direction in prior years, the Coast Guard shall be exempt from any acquisition policy that requires an appropriation for the total acquisition cost for a vessel, including long lead time materials (LLTM), production costs, and postproduction costs, before a production contract can be awarded.

*Funded Projects.*—The Coast Guard is directed to expeditiously notify the Committees regarding cost increases, executability concerns, and any other issues that may increase the risk profile of planned and funded acquisitions.

*Heavy Weather Boats.*—The agreement includes \$12,000,000 above the request to replace heavy weather boats that have been taken out of service.

*NSC Program.*—The agreement provides the requested \$60,000,000 for the NSC program to support post-delivery activities to missionize and operationalize NSCs 10 and 11.

*OPC.*—The agreement includes \$543,000,000, which is \$107,000,000 below the request, for the construction of the fifth OPC and LLTM for the sixth OPC. No funding is provided for hull form licenses or training aids.

*PSC.*—The agreement includes \$42,000,000 for the program management costs of a third PSC.

*Quarterly Acquisition Briefing.*—The Coast Guard shall continue to brief the Committees quarterly on all major acquisitions, with a particular focus on the costs and schedules of the NSC, OPC, and PSC programs. In addition, the Coast Guard shall brief the Committees at least one week prior to taking procurement actions that will significantly impact the costs of these acquisition programs.

*Waterways Commerce Cutter (WCC).*—The agreement includes \$77,000,000, as requested, for the recapitalization of the nation's inland tenders and barges. The Coast Guard shall maintain consistent oversight of the procurement process including adherence to the small business set aside arrangement throughout the duration of the program.

#### Aircraft

*MH—60T Fleet.*—The agreement includes \$56,000,000 above the request for eight new MH—60T helicopter hulls to accelerate the rotary wing fleet transition.

#### Other Acquisition Programs

The agreement includes \$17,800,000 above the request, including \$7,800,000 for hyperbaric recompression chambers and \$10,000,000 for the Vessel Traffic System modernization and Command and Control Modernization efforts.

#### Shore Facilities and Aids to Navigation

The agreement includes \$235,000,000 above the request for several projects from the Coast Guard's UPL including \$75,000,000 for the PSC homeport in Seattle; \$10,000,000 for phase 3 of the family housing project at Fort Wadsworth-Sector New York; \$10,000,000 for Air Station Barbers Point hangar project; \$105,000,000 for the Kodiak pier project for OPCs and FRCs; and \$35,000,000 for construction and expansion of Coast Guard Child Development Centers.

### UNITED STATES SECRET SERVICE

#### OPERATIONS AND SUPPORT

The agreement provides \$100,671,000 above the request, including \$11,000,000 for increased travel expenses; \$32,800,000 for protection of protectees; \$11,700,000 for increased National Special Security Event (NSSE) support; \$2,500,000 for the National Threat Assessment Center (NTAC); \$2,600,000 for increased campaign support; \$38,270,000 to continue and expand training in computer forensics by the National Computer Forensics Institute (NCFI); \$5,000,000 for Cyber Fraud Task Force (CFTF); and \$8,801,000 for permanent change of station requirements. Additionally, the agreement includes a net realignment of \$18,000,000 from O&S to PC&I compared to the request, based on technical assistance from the Secret Service.

Within the total amount provided, the bill makes \$52,296,000 available until September 30, 2024, including \$1,675,000 for international operations; \$12,880,000 for the James J. Rowley Training Center; \$15,241,000 for Operational Mission Support; \$18,000,000 for protective travel; and \$4,500,000 for NSSEs.

*CFTF.*—The agreement includes \$5,000,000 above the request to help provide the modern investigative capabilities necessary for combating the rise in transnational crimes under the jurisdiction of USSS. The USSS shall ensure funds are evenly distributed among the Secret Service's Field Divisions for necessary mobile forensic

technology upgrades. Not later than 120 days after the date of enactment of this Act, USSS is directed to provide a briefing on the efforts of the CFTF, including the current state of the program and any future needs to ensure the task forces remain prepared for evolving cyber threats.

*Presidential Limousine.*—USSS is directed to provide annual updates on acquisition contract progress, including contract performance in meeting delivery deadlines.

*Secret Service Overtime.*—Not later than 30 days after the date of enactment of this Act, USSS is directed to provide data to the Committees for the previous calendar year on personnel who received supermax pay, disaggregated by position, title and pay grade, years of federal service at USSS, total years of service with the Federal Government, and total salary, delineated by base, overtime, and supermax pay. USSS shall ensure that all privacy-related laws are followed as a part of this data reporting requirement. Beginning with the fiscal year 2025 budget request, this information should be included in the justification materials that accompany budget submissions.

*Support for NCFI.*—The agreement includes \$45,526,000 to continue training in computer forensics and academic certification at NCFI and \$23,000,000 to repurpose and renovate existing NCFI facilities to accommodate the ongoing growth of the program. These resources are critical to bolstering state and local cyber capabilities and supporting USSS CFTF. NCFI shall continue to prioritize the training needs of SLTT law enforcement personnel and legal and judicial professionals in computer forensics and cyber investigations.

*Strategic Human Capital Plan.*—The agreement directs the USSS, in coordination with the Department's Chief Human Capital Officer (CHCO), to annually evaluate the 5-year strategic human capital plan to assess progress in meeting identified benchmarks and goals. The USSS and the CHCO shall also brief the Committees not less than bi-annually on progress in achieving plan benchmarks and goals.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$18,000,000 above the request for a net realignment from O&S based on technical assistance provided by the Secret Service.

#### TITLE II—ADMINISTRATIVE PROVISIONS

Section 201. The agreement continues a provision regarding overtime compensation.

Section 202. The agreement continues a provision allowing CBP to sustain or increase operations in Puerto Rico and the U.S. Virgin Islands with appropriated funds.

Section 203. The agreement continues a provision regarding the availability of passenger fees collected from certain countries.

Section 204. The agreement continues a provision allowing CBP access to certain reimbursements for preclearance activities.

Section 205. The agreement continues a provision regarding the importation of prescription drugs from Canada.

Section 206. The agreement continues a provision regarding the waiver of certain navigation and vessel-inspection laws.

Section 207. The agreement continues a provision preventing the establishment of new border crossing fees at LPOEs.

Section 208. The agreement continues and modifies a provision requiring the Commissioner of CBP to submit an expenditure plan for funds made available under the heading, "U.S. Customs and Border Protection—Procurement, Construction, and Improvements".

Section 209. The agreement continues a provision prohibiting the construction of border security barriers in specified areas.

Section 210. The agreement continues a provision on vetting operations at existing locations.

Section 211. The agreement includes a new provision that provides for a grant for the purposes of providing shelter and other services.

Section 212. The agreement continues a provision that describes the use of funds provided under the heading, "U.S. Customs and Border Protection—Procurement, Construction, and Improvements".

Section 213. The agreement continues a provision prohibiting the use of funds provided under the heading, "U.S. Immigration and Customs Enforcement—Operations and Support" to continue a delegation of authority under the 287(g) program if the terms of an agreement governing such delegation have been materially violated.

Section 214. The agreement continues a provision prohibiting the use of funds provided under the heading "U.S. Immigration and Customs Enforcement—Operations and Support" to contract with a facility for detention services if the facility receives less than "adequate" ratings in two consecutive performance evaluations and requires that such evaluations be conducted by the ICE OPR.

Section 215. The agreement continues a provision allowing the Secretary to reprogram funds within and transfer funds to "U.S. Immigration and Customs Enforcement—Operations and Support" to ensure the detention of noncitizens prioritized for removal.

Section 216. The agreement continues a provision that requires ICE to provide statistics about its detention population.

Section 217. By reference, the agreement continues provisions related to information sharing and on reporting under the 287(g) program.

Section 218. The agreement continues a provision clarifying that certain elected and appointed officials are not exempt from federal passenger and baggage screening.

Section 219. The agreement continues a provision directing TSA to deploy explosives detection systems based on risk and other factors.

Section 220. The agreement continues a provision authorizing TSA to use funds from the Aviation Security Capital Fund for the procurement and installation of explosives detection systems or for other purposes authorized by law.

Section 221. The agreement continues and modifies a provision requiring TSA to provide a report that includes the Capital Invest-

ment Plan, the five-year technology investment plan, and information on Advanced Integrated Passenger Screening Technologies.

Section 222. The agreement continues and modifies a provision relating to a pilot program for screening outside an existing primary passenger terminal screening area.

Section 223. The agreement continues a provision prohibiting funds made available by this Act under the heading, "Coast Guard—Operations and Support" for recreational vessel expenses, except to the extent fees are collected from owners of yachts and credited to this appropriation.

Section 224. The agreement continues a provision under the heading, "Coast Guard—Operations and Support" allowing up to \$10,000,000 to be reprogrammed to or from Military Personnel and between the Field Operations funding subcategories.

Section 225. The agreement continues a provision requiring the Commandant of the Coast Guard to submit a future-years capital investment plan.

Section 226. The agreement continues a provision related to the reallocation of funds for certain overseas activities.

Section 227. The agreement continues a provision prohibiting funds to reduce the staff or mission at the Coast Guard's legacy Operations Systems Center.

Section 228. The agreement continues a provision prohibiting the use of funds to conduct a competition for activities related to the Coast Guard National Vessel Documentation Center.

Section 229. The agreement continues a provision allowing the use of funds to alter, but not reduce, operations within the Civil Engineering program of the Coast Guard.

Section 230. The agreement continues a provision allowing for use of the Coast Guard Housing Fund.

Section 231. The agreement continues a provision related to towing vessel fees.

Section 232. The agreement continues a provision allowing the Secret Service to obligate funds in anticipation of reimbursement for personnel receiving training.

Section 233. The agreement continues a provision prohibiting the use of funds by the Secret Service to protect the head of a federal agency other than the Secretary of Homeland Security, except when the Director has entered into a reimbursable agreement for such protection services.

Section 234. The agreement continues a provision allowing the reprogramming of funds provided under the heading, "United States Secret Service—Operations and Support".

Section 235. The agreement continues a provision allowing funds provided under the heading, "United States Secret Service—Operations and Support" to be available for travel of employees on protective missions without regard to the limitations on such expenditures.

Section 236. The agreement includes a new provision providing for a grant or cooperative agreement for certain existing facilities used by the USSS.

## TITLE III—PROTECTION, PREPAREDNESS, RESPONSE, AND RECOVERY

### CYBERSECURITY AND INFRASTRUCTURE SECURITY AGENCY

#### OPERATIONS AND SUPPORT

The agreement includes a net increase of \$388,946,000 above the budget request, as described in further detail below. The agreement also includes one-time reductions to account for projected under-execution of payroll-related funding; such reductions are not intended to impact CISA's table of organization but rather, to reflect that hiring all congressionally funded positions will require additional time.

Of the total amount provided for this account, \$36,293,000 is available until September 30, 2024, for the National Infrastructure Simulation Analysis Center (NISAC).

*Industry Outreach.*—To allow CISA and industry to have meaningful discussions about cybersecurity capabilities, challenges, and technologies, as well as future business opportunities, CISA is directed to hold quarterly outreach sessions with a broad array of small, mid-size, and large cyber security businesses. In addition, CISA shall regularly provide additional engagement opportunities for both small group and one-on-one industry sessions. CISA shall provide a briefing to the Committees within 90 days of the date of enactment of this Act that details the level of participation, materials shared with industry, and a timeline for future engagements.

*Quarterly Budget and Staffing Briefings.*—The agreement includes a provision to require that the Director of CISA (or the Director's designee) provide the Committees quarterly expenditure plan, budget execution, and staffing briefings, consistent with the requirement in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117–103). The provision reduces the amounts for CISA Operations and Support by \$50,000 for each day after the respective due dates that the briefings for the first three quarters have not been provided to the Committees; and directs that any such reductions come from the Management and Business Activities PPA.

#### Cybersecurity

The agreement includes a net increase of \$210,241,000 above the budget request, including \$164,819,000 to sustain fiscal year 2022 enhancements; \$23,476,000 to implement requirements of the Cyber Incident Reporting for Critical Infrastructure Act of 2022 (CIRCIA) (Public Law 117–103); and \$51,400,000 in enhancements that are described in more detail below. The agreement realigns \$650,000 and 3 FTE from CISA's Joint Cyber Defense Collaborative (JCDC) to CISA's Office of Strategy, Policy, and Plans (SPP) to host the Program Management Office (PMO) for Sensitive Source Reporting Programs. The agreement includes a one-time reduction of \$21,877,000 below the request for projected under-execution of funding for staffing and \$6,927,000 below the request for requested enhancements already funded in the sustainment of fiscal year 2022 enhancements.

*Accreditation of Third-Party Cybersecurity Service Providers.*—CISA shall examine the feasibility of developing standardized requirements for and accreditation of third-party cybersecurity service providers for federal agencies, SLTT governments, and critical infrastructure organizations, including vulnerability assessment and incident response providers. Not later than 120 days after the date of enactment of this Act, CISA shall brief the Committees on the results of this analysis, which shall include any necessary additional legal authorities required to execute such functions.

*Critical Infrastructure Cybersecurity Shared Services Pilot Program.*—The agreement provides \$15,000,000 above the request for the development of a pilot program to make available scalable, commercial cybersecurity shared services that critical infrastructure entities can utilize to detect and prevent cybersecurity threats and more effectively mitigate vulnerabilities, as described in House Report 117–396.

*Cyber Defense Education and Training (CDET).*—The agreement provides \$17,300,000 above the request to support CDET, including \$5,000,000 for continuing the Federal Cyber Reskilling Academy; \$2,500,000 for continuing the National Initiative for Cybersecurity Education (NICE); \$3,000,000 for the development of non-traditional training providers (NTTP) in cyber workforce development; and \$6,800,000 for continuing investments in cybersecurity education programs targeting kindergarten through the 12th grade (K–12), including the Cybersecurity Education and Training Assistance Program (CETAP). CETAP and NTTP funding may be executed as grants or cooperative agreements, as needed.

CISA shall provide a briefing to the Committees not later than 90 days after the date of enactment of this Act regarding efforts to implement the interagency cybersecurity training and education strategy developed in fiscal year 2022, to include an update on CISA's cybersecurity education and training programs. CISA is also directed to continue its commitment to the NICE Challenge Project and shall brief the Committees not later than 90 days after the date of enactment of this Act on its planned activities regarding this project.

*Cyber Threat Indicators.*—The agreement provides \$7,100,000 above the budget request level for a collaborative analysis of cyber threat indicators, including \$6,740,000 within the Threat Hunting PPA and \$360,000 within the Operations, Planning, and Coordination PPA, to expand CISA's capacity and capabilities related to data collection and statistical analyses.

*Cyber Threat Intelligence Shared Service Offering.*—The agreement provides \$2,500,000 above the request to enable CISA to continue efforts funded in fiscal year 2022 to enhance its cyber threat intelligence “as-a service” capabilities through CISA's Cybersecurity Shared Services Office (CSSO).

*Data Security Vulnerability Improvements.*—Not later than 180 days after the date of enactment of this Act, the Secretary shall submit a report that examines existing security vulnerabilities of Federal Civilian Executive Branch (FCEB) government IT systems. The report shall include an examination of emerging technologies that could improve the government's data security and protection, such as data shielding and immutable logging of suspect activity;

instant threat and anomaly detection mechanisms; and user behavior analytics. This report may be submitted in a classified format, if necessary, along with an unclassified summary of findings.

*Evaluating Expansion of CSSO Support.*—The recommendation required under this heading in House Report 117–396 shall be due to the Committees not later than 240 days after the date of enactment of this Act.

*Evaluating Federal Cybersecurity Planning and Strategy.*—CISA is reminded of the requirement under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act that is due annually within 60 days of the submission of the President’s annual budget request.

*Federal Network Resilience, Hardening Critical Infrastructure and SLTT Attack Surfaces.*—CISA is directed to expand its attack surface visibility and national vulnerability incident response to improve situational awareness of internet-accessible attack surfaces related to non-federal, critical infrastructure, and SLTT networks. Accordingly, the agreement provides \$67,714,000 above the request to restore proposed cuts to and sustain efforts funded in fiscal year 2022 for attack surface management and federal vulnerability response, and provides an additional \$6,000,000 to add non-federal, critical infrastructure, and SLTT networks to the portfolio.

*Joint Cyber Defense Collaborative (JCDC).*—In addition to providing \$16,995,000 above the request in the Operational Planning and Coordination PPA to sustain fiscal year 2022 enhancements for the JCDC, the agreement provides \$14,728,000, as requested, to further expand the JCDC’s capabilities, of which \$2,604,000 is to support the Joint Cyber Coordination Group.

Further, the agreement provides \$300,000 above the budget request to mature and expand CISA’s existing relationship with the Health Information Sharing and Analysis Center and related entities that help mitigate risk to our healthcare infrastructure, along with all other sectors and ISACs.

*Multi-State Information Sharing and Analysis Center (MS-ISAC).*—The agreement provides not less than \$43,000,000 to be awarded to the MS-ISAC to sustain and continue to expand and invest in the program’s capabilities and expertise, to include:

(1) SLTT election security support via the Election Infrastructure Information Sharing and Analysis Center;

(2) mis- and disinformation mitigation capabilities;

(3) enhanced support and additional licenses for Endpoint Detection and Response;

(4) expanded malicious domain activity blocking and reporting services;

(5) expansion of the MS-ISAC cyber incident response team and its capabilities;

(6) additional Albert sensors;

(7) additional services, including Managed Email Security, Security Orchestration Automation and Response, Web Application Firewall, and the SLTT Critical Infrastructure Baseline Security program;

(8) continuing a National Prevention Pilot to provide an unclassified Unified Threat Management service for election and SLTT partners;

(9) improving threat intelligence and data retention and storage capabilities; and

(10) allowing additional SLTT members to receive MS-ISAC services.

*Private Sector Engagement on Cyber Training.*—The briefing required under this heading in House Report 117–396 shall be due to the Committees not later than 60 days after the completion of the National Cyber Workforce Strategy report.

*Protective Domain Name Service (DNS).*—The agreement provides \$15,000,000 above the request to continue support for the operation of a centralized federal DNS egress service.

*Ransomware.*—Within 180 days of the date of enactment of this Act, CISA shall provide a briefing to the Committees on the factors that left the United States vulnerable to any ransomware attack on critical infrastructure over the last year and CISA’s efforts to raise awareness of the threat of ransomware and activities to reduce the impact of ransomware attacks.

*State Courts Electronic Data.*—CISA is directed to continue its ongoing partnership with MS-ISAC to expand outreach to the state courts through national level associations to drive participation and understanding of services available to prevent, protect against, and respond to cyber-attacks on state court electronic data systems.

*Threat Hunting.*—Not later than 60 days after the date of enactment of this Act, CISA shall provide a report to the Committees on the total capacity of threat hunting and incident response capability it has developed, using a metric by which its ability to respond to the severity and quantity of incidents can be measured.

### Infrastructure Security

The agreement includes a net increase of \$26,890,000 above the budget request, including \$28,219,000 to sustain fiscal year 2022 enhancements; \$2,520,000 to restore the proposed cut to the Infrastructure Assessments and Analysis Program; and \$12,064,000 in enhancements that are described in more detail below. The agreement includes a one-time reduction of \$12,000,000 below the request for projected under-execution of funding for staffing and \$3,913,000 below the request for a requested increase to implement exercise-related provisions of the Fiscal Year 2021 National Defense Authorization Act that are already funded in the sustainment of fiscal year 2022 enhancements.

*Bomb Disposal Technician Training and Technology Training Events (TTEs).*—The agreement provides \$2,000,000 above the request for the Office for Bombing Prevention, as described in House Report 117–396. Not later than 120 days after the date of enactment of this Act, CISA and the Federal Bureau of Investigation (FBI) Hazardous Devices School (HDS) shall provide a briefing to the Committees that outlines a strategy for ensuring that guidance, intelligence products, training curricula, and capability assessments provided to the Public Safety Bomb Technician community follow standardized terminology, as well as tactics, techniques, and procedures. The briefing shall include a description of authorities, roles, and responsibilities of all relevant federal government stakeholders, including any impacts of resources at CISA and the FBI.

*National Cyber Exercise Program (NCEP).*—In furtherance of section 1547 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81), the agreement provides \$6,500,000 above the request for CISA to execute its role as the NCEP administrator.

*School Safety.*—The agreement provides \$3,564,000 above the request to allow CISA to expand its school safety services and product offerings. Not later than 180 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on its strategy and plans to address the wide range of complex and evolving threats to the nation’s schools, both cyber and physical. The briefing shall reflect the consultation requirements set forth in 2220D of the Homeland Security Act of 2002 (6 U.S.C. 665K), including the Departments of Education, Justice, and Health and Human Services, and education, disability, and civil rights stakeholders. Further, the briefing shall include a breakout of the funding and staffing resources dedicated to these efforts and information on how CISA plans to prioritize evidence-based resources and strategies that help foster safe, inclusive, and positive school climates that support the social, emotional, and mental well-being of students alongside their physical safety.

#### Emergency Communications

The agreement includes an increase of \$28,336,000 above the budget request, including \$22,482,000 to sustain fiscal year 2022 enhancements; \$3,854,000 to restore the proposed cut to the Interoperable Communications Technical Assistance Program; and \$2,000,000 in enhancements that are described in more detail below.

*Cyber Resilient 911 (CR911) Ecosystem.*—In lieu of the requirement under the heading, “Resilient Next Generation 911 (NG911) Ecosystem” in House Report 117–396, CISA shall include the CR911 program in its quarterly expenditure plan and budget briefings described above.

*First Responder Emergency Medical Communications.*—The agreement provides \$6,000,000 above the request—\$2,000,000 above the fiscal year 2022 level—for CISA to administer and expand competitive grants for SLTT merit-based demonstration projects and technical assistance offerings that aid in the implementation of the National Emergency Communications Plan through innovative approaches to interoperable emergency medical communications in rural areas to enhance public safety communications.

#### Integrated Operations

The agreement includes a net increase of \$38,517,000 above the budget request, including \$34,032,000 to sustain fiscal year 2022 enhancements; \$5,869,000 to implement requirements of CIRCIA; and \$7,216,000 to restore the proposed cut to chemical security inspections based on unexplained efficiencies that would result in fewer inspections of regulated chemical facilities throughout the fiscal year. The agreement includes a one-time reduction of

\$8,600,000 below the request for projected under-execution of funding for staffing.

*State Cybersecurity Coordinators.*—Not later than 60 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees detailing its plan and schedule to hire all vacant state cybersecurity coordinator positions. CISA shall also include recommendations to the Committees on additional resources state cybersecurity coordinators need to assist state, local, and tribal governments enhance their cyber defenses.

### Risk Management Operations

The agreement includes a net increase of \$44,107,000 above the budget request, including \$43,338,000 to sustain fiscal year 2022 enhancements; \$700,000 to implement requirements of CIRCIA; and \$6,869,000 to restore the proposed cut to the NISAC. The agreement includes a one-time reduction of \$6,800,000 below the request for projected under-execution of funding for staffing.

*Continuity of the Economy Plan.*—The agreement provides \$349,000 above the request for the continued development of a Continuity of the Economy Plan, as required by section 9603 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

*National Risk Management Center (NRMC).*—Not later than 60 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on the strategic direction of the NRMC. The briefing shall also include an update on CISA’s national critical functions analytic capabilities, along with any applications of these capabilities in fiscal year 2022 and the status and prioritization of ongoing analyses and modeling.

### Stakeholder Engagement and Requirements

The agreement includes a net increase of \$14,388,000 above the budget request, including \$16,198,000 to sustain fiscal year 2022 enhancements; \$700,000 to implement requirements of CIRCIA; and \$1,890,000 in enhancements that are described in more detail below. The agreement includes a one-time reduction of \$4,400,000 below the request for projected under-execution of funding for staffing.

*Systemically Important Entities (SIE) Outreach and Engagement Support.*—The agreement provides \$1,890,000 above the request to support agency-wide efforts to engage with and support SIEs, as described in House Report 117–396.

### Mission Support

The agreement includes a net increase of \$26,467,000 above the budget request, including \$16,618,000 to sustain fiscal year 2022 enhancements; \$3,755,000 to implement requirements of CIRCIA; and \$11,620,000 in enhancements that are described in more detail below. The agreement realigns \$650,000 and 3 FTE from the JCDC to SPP, as described above. The agreement includes \$6,176,000 below the request for requested enhancements for procurement operations already funded in the sustainment of fiscal year 2022 enhancements.

*Cybersecurity Insurance and Data Analysis Working Group.*—In lieu of direction provided under these headings in House Report 117–396, CISA shall provide a briefing to the Committees, not later than 90 days after the date of enactment of this Act, on the status of establishing a public-private cybersecurity insurance and data analysis working group, as described in House Report 117–87.

*Mission Support Requirements.*—The agreement provides \$10,500,000 above the request, of which \$8,000,000 is for Management and Business Activities for resource planning and to improve internal controls, with a focus on hiring and budget planning, execution, and reporting; and of which \$2,500,000 is for Strategy, Policy, and Plans to increase its capacity to address CISA’s expanding and evolving mission.

*Talent Management Mission Support.*—The agreement provides \$1,120,000 above the request for additional personnel to support hiring and talent management programs, including through the accelerated implementation of the Cyber Talent Management System.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

##### Cybersecurity

*Continuous Diagnostics and Mitigation (CDM).*—The agreement provides \$331,896,000 for CDM, as requested. CISA is directed to continue evaluating the use of automation to replace manual software patch remediation methods, as described in House Report 117–396. CISA shall provide a briefing to the Committees on the findings of the evaluation within 30 days of the completion of the evaluation.

*National Cybersecurity Protection System (NCPS).*—The agreement provides \$91,193,000 for NCPS, including \$1,000,000 above the request to enhance the protection of federal networks and expand CISA’s ability to coordinate and execute defenses against nation-state threats and mitigate critical vulnerabilities.

*Threat Hunting.*—The agreement provides \$31,000,000 for threat hunting, of which \$28,000,000 is for CyberSentry, \$3,000,000 above the request. Not later than 30 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on the additional capacity it will achieve in fiscal year 2023.

#### RESEARCH AND DEVELOPMENT

##### Risk Management

*Technology Development and Deployment Program (TDDP).*—The agreement provides \$3,500,000 above the request for the TDDP.

#### FEDERAL EMERGENCY MANAGEMENT AGENCY

##### OPERATIONS AND SUPPORT

The agreement provides \$1,448,000 above the request, including \$1,000,000 for administration of the Next Generation Warning System; \$9,193,000 for Integrated Public Alert and Warning System; \$2,000,000 for National Continuity Readiness Implementation; \$2,426,000 for the FEMA Strategic Program; \$305,000 for the Emergency Management Accreditation Program; \$370,000 for the

Certified Emergency Manager Program; \$3,000,000 for the FEMA Operations Center; \$3,200,000 for the Administration of Community Project Funding/Congressionally Directed Spending grants; \$350,000 to reject the proposed cut to administration of Alternatives to Detention Case Management; \$3,010,000 for the transfer of Volunteer Force into FEMA; \$632,000 to reject the proposed transfer of the Office of Faith and Neighborhood Partnerships; \$6,697,000 to reject the proposed realignment of Defense Production Act activities; \$1,600,000 for Continuity Communications Equipment; \$1,000,000 for the Deployable Cellular Communications System; \$7,500,000 for post disaster technical assistance to insular areas; and \$32,000 above the request to sustain fiscal year 2022 enhancements.

Funding below the request includes reductions of \$400,000 for Human Capital Systems; \$4,500,000 for Regional Response Coordination Center Modernization; \$1,622,000 for Mobile Emergency Office Vehicles (MEOVs); and \$900,000 for the privacy organization program. The agreement also includes a reduction of \$32,464,000 for one-time reductions to account for projected under-execution of payroll-related funding and net zero technical adjustments among PPAs requested by FEMA, including the realignment of the Enterprise Cybersecurity activity and an associated \$982,000 out of O&S to the Disaster Relief Fund base.

*Advanced Modeling and 3D Technology.*—Within 180 days of the date of enactment of this Act, the Office of Response and Recovery (OR&R) is directed to brief the Committees on the benefits and feasibility of integrating hi-resolution imagery and three-dimensional simulation capabilities into its emergency response tools, the steps OR&R is taking to execute such integration (including partnerships with industry), and how these steps could expedite Federal disaster declarations by the President.

*Building Resilient Infrastructure and Communities (BRIC).*—Within 60 days of the date of enactment of this Act and quarterly thereafter, FEMA shall brief the Committees on the status of BRIC implementation, including projected funding levels; a description of how stakeholder views, including those of local governments, are incorporated into program operation; and details about how FEMA is addressing stakeholder concerns regarding limited feedback from FEMA to unsuccessful applicants and regarding the geographic distribution of grants.

Within 180 days of the date of enactment of this Act, FEMA is directed to brief the Committees on plans for addressing how the BRIC technical scoring process takes into consideration the unique circumstances of many local municipalities, such as the level of government with responsibility for building code adoption and enforcement.

*Dam Removal Coordination.*—Within 60 days of the date of enactment of this Act, FEMA, in consultation with the U.S. Fish and Wildlife Service, shall submit a plan to increase inter-agency coordination on dam removal and related flood map updates, including a timeline for plans to update flood maps of states where dam removals have taken place within the past 10 years.

*Emergency Management Assistance Compact.*—The agreement provides \$2,000,000 in the Response and Recovery PPA for the Emergency Management Assistance Compact.

*Interagency Coordination.*—Within 90 days of the date of enactment of this Act, FEMA and the U.S. Department of Housing and Urban Development (HUD) are directed to brief the Committees on:

- (1) efforts to improve data sharing and integration;
- (2) how such efforts are staffed, coordinated, and monitored to ensure continual progress;
- (3) how such efforts can reduce redundant and burdensome data collection from survivors;
- (4) known challenges and barriers to advancing FEMA–HUD data sharing;
- (5) safeguards in place to protect survivor privacy; and
- (6) key lessons learned from prior efforts.

*National Dam Safety Program.*—The agreement provides not less than \$9,657,000 in the Mitigation PPA for the National Dam Safety Program.

*National Earthquake Hazards Reduction Program.*—The agreement provides not less than \$8,517,000 in the Mitigation PPA for the National Earthquake Hazards Reduction Program.

*National Inventory of Dams.*—FEMA is directed to ensure the maintenance and reliable operation of national decision support tools that generate flood inundation maps and other products to support the goals of dam safety.

*New Programs and Initiatives.*—FEMA is directed to brief the Committees prior to implementing significant new programs or initiatives, with sufficient time allowed for appropriate feedback and oversight.

*Small and Rural Water and Waste Water Systems.*—FEMA is directed to provide a briefing, within 60 days of the date of enactment of this Act, outlining a plan and the resources necessary (by state) to assist water and wastewater utilities that lack financial resources and capacity to address emergency preparedness and response activities in the Gulf of Mexico coastal states.

*Technical Assistance for Insular Areas.*—The agreement provides \$7,500,000 for post-disaster technical assistance for insular areas, as authorized by 42 U.S.C. 5204b. FEMA is directed to brief the Committees prior to implementing this program.

*Technical Hazards Preparedness and Training.*—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on a plan to implement technical hazards preparedness and training, to include an estimate of the resources required to offer this nationwide.

*Underserved Communities.*—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on its efforts to implement the requirements of Executive Order 13985 and the measurable outcomes related to such implementation.

*Urban Search and Rescue (US&R).*—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on the US&R program to understand how previously provided funds have been utilized.

## PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement includes an increase of \$17,411,000 above the request, including \$3,000,000 for the National Warning System; \$8,400,000 for the Integrated Public Alert and Warning System; and \$10,411,000 for construction, facilities, and asset improvement projects at the Mount Weather Emergency Operations Center. No funding is provided for Mobile Emergency Office Vehicles.

## FEDERAL ASSISTANCE

## (INCLUDING TRANSFERS OF FUNDS)

The agreement includes an increase of \$351,525,000 above the budget request, not including funding transferred from the Office of the Secretary and Executive Management for targeted violence and terrorism prevention grants and an Alternatives to Detention case management pilot program, or funds transferred from U.S. Customs and Border Protection for a Shelter and Services Program. The amount provided for this appropriation by PPA is as follows:

*Combating Domestic Violent Extremism.*—The agreement directs FEMA to post a public report detailing the use of fiscal year 2021 and 2022 State Homeland Security Grant Program and Urban Area Security Initiative grants related to combating domestic violent extremism within 90 days of the date of enactment of this Act.

*Community Project Funding and Congressionally Directed Spending.*—The agreement provides \$335,145,000 for Community Project Funding (CPF) and Congressionally Directed Spending (CDS) Grants. Although CPF/CDS project award amounts are not available for the management and administration (M&A) costs of states, the total includes \$15,960,933 for the reimbursement of state M&A costs, which may not exceed an amount equal to 5 percent of the total award amount for each project. However, state recipients may use other eligible funds, including their own funds, in addition to the amount provided in this bill for CPF and CDS M&A. In addition to their own funds, subrecipients may use CPF/CDS project award funds for M&A to the extent it is permitted by the relevant FEMA guidance.

*Continuing Training Grants.*—The agreement includes \$16,000,000 for Continuing Training Grants, including not less than \$3,000,000 to be competitively awarded for FEMA-certified rural and tribal training; \$2,000,000 for FEMA to partner with the Federal Aviation Administration (FAA) Unmanned Aircraft Center of Excellence to conduct a regional training program for SLTT responders in using UAS for disaster preparedness and response; and \$8,000,000 for activities of the National Cybersecurity Preparedness Consortium (NCPC).

NCPC is directed to provide to the Committees, by not later than the end of fiscal year 2023, a comprehensive report detailing recommendations for establishing multi-year curricula to improve cybersecurity preparedness among SLTT governments that utilize the Consortium's services.

*Flood Mapping.*—FEMA is directed to brief the Committees within 60 days of the date of enactment of this Act on its flood mapping plan for fiscal year 2023.

*Grant Considerations.*—When awarding grants, the Administrator shall consider the needs of cybersecurity preparedness and planning, state court cybersecurity, 911 call capability, alert and warning capabilities, implementation of the REAL ID Act (Public Law 109–13), and countering targeted violence and terrorism prevention programs.

*Light Detection and Ranging.*—FEMA is directed to obligate not less than the fiscal year 2022 funding level for Light Detection and Ranging surveys based on flood risk.

*Local Control Pilot Study and Assessment.*—Within 180 days of the date of enactment of this Act, FEMA shall brief the Committees on its plan to conduct a pilot study and assessment on a local control option for offsetting the impacts of a physical revision of flood insurance rate maps for eligible communities. Prior to the briefing, FEMA shall confer with the Committees to ensure its technical aspects will align with the Committees' intent.

*Regional Catastrophic Preparedness Grant Program.*—FEMA is directed to prioritize the use of funding to formalize new or sustain existing working groups for continued effective coordination; ensure

synchronization of plans and shared best practices; implement citizen and community preparedness campaigns; and pre-position needed commodities and equipment. FEMA is further directed to consider the needs of both areas at risk of natural and man-made catastrophes, and other directly or indirectly affected communities.

*RiskMAP Urban Flood Mapping Program.*—FEMA is reminded of the requirement to brief the Committees within 30 days of the completion of Fiscal Year 2020 Urban Area Flooding Pilot activities and to make related recommendations, including whether a permanent program should be established.

*Staffing for Adequate Fire and Emergency Response (SAFER).*—FEMA is directed to provide a briefing to the Committees, within 90 days of the date of enactment of this Act, detailing SAFER grant awards by state for fiscal years 2019 through 2022, delineated by funding provided to career and volunteer fire departments.

*United States Fire Administration (USFA).*—FEMA is directed to continue to provide funding for the congressionally-mandated National Fallen Firefighters Memorial. Within 180 days of the date of enactment of this Act, USFA is directed to provide a briefing to the Committees on any plans to revise Emergency Support Function (ESF)—4, Firefighting, to clarify or change USFA's role in responding to structural fires and wildland fires that expand into the Wildland Urban Interface. The briefing shall also address plans for improving data collection efforts, including efforts to upgrade or replace the National Fire Incident Reporting System.

*CBP Shelter and Services Program (SSP).*—The bill transfers \$800,000,000 for CBP's Shelter and Services Program from CBP's Operations and Support account to FEMA for administration.

FEMA and CBP shall brief the Committees within 180 days of the date of enactment of this Act on the process and timeline for establishing the program, including any potential change—statutory or otherwise—that would help maximize the program's efficiency and effectiveness. In order to avoid any interruption in support for CBP short-term holding facility decompression, up to \$785,000,000 of the amount provided for SSP in fiscal year 2023 is available for allocation through the Emergency Food and Shelter Program-Humanitarian (EFSP-H), including up to \$50,000,000 that may be used for the construction and expansion of shelter facilities (see further description, below). FEMA and CBP should continue to work cooperatively with non-governmental organizations (NGO) and state and local governments to fund eligible costs of providing temporary shelter and related services to individuals released from DHS custody.

Within 90 days of the date of enactment of this Act and quarterly thereafter, FEMA shall brief the Committees on funding awarded since fiscal year 2019 through EFSP-H, to include details on the amounts awarded to each recipient and the lowest level of data available from recipients (to include invoices, as necessary), along with administrative costs incurred by FEMA or the Emergency Food and Shelter National Board.

In addition, within 180 days of the date of enactment of this Act, CBP and FEMA shall provide a report to the Committees on the planned or actual date(s) of the notice(s) of funding opportunity

(NOFO) for the SSP; planned and actual obligations and outlays; funding awarded to each governmental and non-governmental recipient; reimbursements to-date for fiscal year 2023 for both governmental and non-governmental organizations; a description of SSP program goals, policies, and program structure; an SSP award allocation methodology that depends to the greatest extent possible on available border data; and outcome performance measures and results related to achieving program goals. The initial briefing shall include an analysis of challenges and impediments CBP and FEMA may have in providing data to the Committees related to sheltering requirements and a description of the strategies in place to overcome these issues.

Under the new SSP, the permissible use of funding includes the construction and expansion of shelter facilities to help address shelter capacity constraints, particularly in border areas with consistently high numbers of individuals crossing the border between the ports of entry. During the fiscal year 2023 transition to SSP, a limited amount of EFSP–H funding is made available, at the discretion of the Board and in consultation with CBP and FEMA, for the construction and expansion of state, local, or NGO shelter facilities. This authority provides flexibility in meeting shelter capacity requirements as part of an overall strategy to maximize the use of shelter capacity in support of decompressing CBP short-term holding facilities. FEMA and the Board shall notify the Committees at least 15 days in advance of awarding any EFSP–H funds for shelter construction or expansion.

## DISASTER RELIEF FUND

The agreement provides \$19,945,000,000, an increase of \$205,000,000 above the request. The total amount is appropriated under the budget cap adjustment for major disaster response and recovery activities. No funds are provided for base DRF activities due to a significant carryover balance in the base account.

*Building Resilient Infrastructure and Communities (BRIC).*—The Capability and Capacity Building activity shall be funded at no less than \$1,500,000 per state as defined by section 102(4) of the Stafford Act in fiscal year 2023.

*Disaster Declaration Process.*—FEMA is directed to consult with states, including those with large populations, on the policy of considering population size when determining the assistance criteria for Public Assistance. Within 270 days of the date of enactment of this Act, FEMA shall provide a briefing to the Committees on the results of the consultation.

*GAO Review of FEMA COVID-19 Funding.*—GAO is directed to conduct a comprehensive audit and review of FEMA's role in the response to the COVID-19 pandemic, including types of projects submitted, approved, and not approved for award; FEMA use of financial controls to ensure project award eligibility and the prevention of awards that duplicate other federal funding awards; FEMA's forecasting methodologies for future COVID-19-related obligations and FEMA's incorporation of lessons learned into such methodologies; and recipients' processes to ensure FEMA funding is used for only eligible costs.

The Agreement directs the Comptroller General to brief the Committees on its preliminary findings not later than one year after the date of enactment of this Act, and to provide a full report on the findings of the review to the same Committees at a date agreed upon at a preliminary briefing.

*Improving access to BRIC.*—Within 90 days of the date of enactment of this Act, FEMA shall brief the Committees on challenges states face in accessing BRIC grants.

*Natural Infrastructure Activities.*—Within 180 days of the date of enactment of this Act, FEMA shall provide the Committees a report on the number, total requested funding, and percentage of fiscal year 2021 BRIC applications for natural infrastructure projects, and a comparison of these numbers to the fiscal year 2020 grant cycle. The report shall be disaggregated by successful and unsuccessful applications and describe the types of natural infrastructure activities funded.

FEMA may utilize public/private partnerships, pursuant to 16 U.S.C. 3701 and 16 U.S.C. 3709, to enhance and leverage nature-based infrastructure within the BRIC and pre-disaster mitigation programs through one or more pilot projects. Such projects should provide additional expedited and streamlined opportunities for communities, including disadvantaged communities, to utilize funding for enhancing nature-based strategies that provide resilience and protection against natural threats, including but not limited to coastal and inland flooding, wildland fires, and drought.

*Public Assistance Briefings.*—FEMA is reminded of the overdue Public Assistance briefings described in House Report 117–396 and is directed to provide these briefings as soon as possible.

#### NATIONAL FLOOD INSURANCE FUND

The agreement includes \$225,000,000 for the National Flood Insurance Fund, consistent with the budget request.

### TITLE III—ADMINISTRATIVE PROVISIONS

Section 301. The agreement includes a provision making “Cybersecurity and Infrastructure Security Agency—Operations and Support” funding available for procuring and providing cybersecurity threat feeds to CISA stakeholders and partners.

Section 302. The agreement includes a provision regarding quarterly budget and staffing briefings for CISA.

Section 303. The agreement modifies a provision limiting expenses for administration of grants.

Section 304. The agreement includes a provision clarifying the allocation of funds for the State Homeland Security Grant Program.

Section 305. The agreement continues a provision specifying timeframes for information on certain grant awards.

Section 306. The agreement continues and modifies a provision requiring a five-day advance notification for certain grant awards under “Federal Emergency Management Agency—Federal Assistance.”

Section 307. The agreement continues a provision that addresses the availability of certain grant funds for the installation of communications towers.

Section 308. The agreement continues a provision requiring a report on the expenditures of the DRF.

Section 309. The agreement continues a provision permitting waivers to certain SAFER grant program requirements.

Section 310. The agreement continues a provision providing for the receipt and expenditure of fees collected for the Radiological Emergency Preparedness Program, as authorized by Public Law 105–276.

Section 311. The agreement continues a provision permitting waivers to certain Assistance to Firefighter Grants program requirements.

### TITLE IV—RESEARCH, DEVELOPMENT, TRAINING, AND SERVICES

#### UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES

##### OPERATIONS AND SUPPORT

The agreement provides \$242,981,000 for operations and support, of which \$109,611,000 is for the E-Verify program and \$133,370,000 is for refugee processing, as requested. Given projected carryover balances for fiscal year 2024, the agreement does not provide funding for backlog reduction for fiscal year 2023.

*Asylum Processing.*—Not later than 90 days after the date of enactment of this Act, USCIS shall provide a report to the Committees that details its efforts to reduce the backlog of asylum applica-

tions, while ensuring that asylum applicants are properly reviewed for security purposes. USCIS shall coordinate with relevant federal agencies that provide services to individuals who have been granted asylum to ensure that such persons are appropriately referred and informed of available services. Not later than 90 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees on efforts to refer asylees for services.

*Backlog Reporting.*—USCIS shall provide the Committees a plan, within 60 days of the date of enactment of this Act, to establish a quarterly, public report on all backlogs, frontlogs, and pending forms for all form types. The report shall include the number of applicants or petitioners in each USCIS backlog, frontlog, or pending status, including beneficiaries where applicable, by form type; and shall include the length of the status associated with the relevant form type. Additionally, within 180 days of the date of enactment of this Act, USCIS shall provide a briefing to the Committees on a plan for addressing ongoing backlogs and frontlogs.

*Budget and Productivity Reporting.*—USCIS shall provide semi-annual briefings to the Committees on budget operations, including revenue projections, actual spending, and other financial forecasts. At a minimum, the briefing shall detail spending by directorate and office, with comparisons to initial projections; revenue and expenses delineated by form type; other agency expenses, including payments or transfers to other federal agencies; and carryover or reserve fund projections and spending. USCIS shall ensure the agency maintains a sufficient carryover balance to provide stability amid fluctuating receipts. Additionally, USCIS shall establish a baseline for current application and petition processing capacity, along with metrics for measuring the impact of investments in personnel, technology, and changes to processes and policies on productivity. Updates on USCIS performance against these metrics shall be included with the briefings.

*Budget Justification Materials.*—USCIS shall provide additional detailed information and accounting level data in its future budget justification materials to ensure transparency and executability. Such details shall include additional information regarding each adjustment to base and program change from the prior year for each PPA, including the PPAs within the Immigration Examinations Fee Account (IEFA) and at the office-level for the Administration PPA. Within 30 days of the date of enactment of this Act, USCIS shall confer with the Committees on the PPA structure to be used for future budget requests.

*Data on Asylum Operations.*—USCIS is directed to continue to make available, on a publicly accessible website in a downloadable, searchable, and sortable format, a report containing not less than the previous 12 months of semimonthly data on:

(1) the number of noncitizens determined to have a credible or reasonable fear of—

(a) persecution, as defined in section 235(b)(1)(B)(v) of the Immigration and Nationality Act; or

(b) torture, as defined in section 208.30 of title 8, Code of Federal Regulations (as in effect on January 1, 2018);

(2) the total number of cases received by U.S. Citizenship and Immigration Services to adjudicate credible or reasonable fear

claims, as described in paragraph (1), and the total number of cases closed; and

(3) the total pending asylum operations workload.

Such report shall also disaggregate the data described above with respect to the following subsets:

(1) claims submitted by aliens detained at a U.S. Immigration and Customs Enforcement family residential center or an emergency family shelter;

(2) claims submitted by aliens, organized by each subdivision of legal or administrative authority under which claims are reviewed; and

(3) the job series of the personnel reviewing the claims.

Not later than 60 days after the date of enactment of this Act, and quarterly thereafter, USCIS shall provide a briefing to the Committees on the implementation of the Credible Fear and Asylum Processing Interim Final Rule. The briefing shall include data on the number of credible fear interviews and Asylum Merits Interviews conducted; outcomes of such interviews, including, but not limited to, the number approved, denied, administratively closed, and pending cases; the Field Office location of such interviews; and whether the individual was represented. USCIS shall report publicly the number of individuals referred to immigration or criminal proceedings, or otherwise referred for an enforcement action.

*Electronic Processing.*—USCIS shall provide a semi-annual briefing to the Committees on its electronic processing efforts, as described in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117–103), including its efforts to establish a centralized mechanism for asylum seekers to apply for employment authorization online. Further, USCIS shall explore options, including through technology, to increase access to interviews and other processes for individuals who may not be geographically located near a USCIS Field Office.

*E-Verify.*—Within 90 days of the date of enactment of this Act, USCIS shall provide a briefing on the status of its plans to modernize and improve the quality and accuracy of information submitted into the E-Verify system, including the status of its efforts to implement an appeal process for a non-confirmation within the E-Verify system.

*Employment Authorizations.*—USCIS shall ensure all regulatory, statutory, and court-ordered or stipulated agreement timelines are met for all applications for employment authorization. Not later than 90 days after the date of enactment of this Act, and quarterly thereafter, USCIS is directed to make available on a publicly accessible website:

(1) the total number of pending employment authorization applications filed; and

(2) the total number of such applications that have been pending for 60 or fewer days, 61–90 days, 91–120 days, 121–179 days, and 180 or more days.

The website shall also summarize, on an annual basis, all existing processing time goals, the source of the time goal, and whether the agency met the time goal for the prior fiscal year.

*Fee Waivers and Exemptions.*—Within 60 days of the date of enactment of this Act and quarterly thereafter, the Department shall

provide the Committees with updated reports on all applications and petitions for which fees are waived and any budgetary impacts resulting from the issuances of such waivers.

*H-2A and H-2B Visas.*—USCIS shall, in coordination with the Department of Labor’s Office of Foreign Labor Certification, timely post public information provided by employers on Form I-129 and associated filings regarding recruiters, recruiting agents, or agencies they plan to use. USCIS shall also establish a process whereby workers may confirm that they are the beneficiaries of H-2A or H-2B petitions and can receive information about their own immigration status, including their authorized period of stay and the status of any requested visa extensions.

*Military Naturalization Applications.*—The briefing required under this heading in House Report 117–396 shall be due not later than 90 days after the date of enactment of this Act.

*Refugee Admissions.*—The agreement provides sufficient resources for USCIS to meet the Presidential Determination on refugee admissions for the fiscal year. Within 90 days of the date of enactment of this Act, USCIS shall provide a briefing to the Committees on its detailed plan to achieve the Presidential Determination on refugee admissions for Fiscal Year 2023. The briefing shall include, for fiscal year 2022, the information identified under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117–103) related to staffing, interviews, approvals, and denials. USCIS shall examine whether any burdensome administrative or inefficiencies currently exist in the refugee admissions process including whether any duplicative fingerprint requirements exist that slow refugee admissions and shall include such information in the briefing to the Committees.

*Special Immigrant Juvenile (SIJ) Applications.*—Not later than 90 days after the date of enactment of this Act and quarterly thereafter, USCIS shall make the following information available on a publicly accessible website:

(1) the total number of SIJ petitions pending before USCIS and the length of time each case has been pending;

(2) the total number of SIJ adjudications, broken down by grant or denial and the average length of time SIJ petitions were pending prior to adjudication, decision, or issuance of a Request for Evidence (RFE) or Notice of Intent to Deny (NOID);

(3) the total number of RFEs and NOIDs issued; and

(4) the total numbers of SIJ petitions that have been pending for 60 or fewer days, 61–90 days, 91–120 days, 121–179 days, and 180 or more days.

*Voter Registration for New Citizens.*—Not later than 120 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees regarding the status of its efforts in each field office to facilitate the registration of U.S. Citizens upon completion of their oath ceremonies. At a minimum, the briefing shall include details on agreements and partnerships with the appropriate state or local officials or agencies, or non-profits, as appropriate, and how USCIS works with the appropriate entities to electronically transfer voter information, or to pursue other avenues to reduce paperwork and facilitate voter registration for these individuals upon successfully obtaining U.S. Citizenship.

*Workload Staffing Modeling.*—Not later than 120 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees that updates the information required under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117–103). The briefing shall include data outputs from the Staffing Allocation Model and the Model of Operational Planning in order to provide the Committees a better understanding of what the budget request and anticipated fee funded resources will support and the associated projections for improvements in performance.

#### FEDERAL ASSISTANCE

The agreement provides \$25,000,000 to support the Citizenship and Integration Grant Program. Additionally, USCIS continues to have the authority to accept private donations to support this program.

#### FEDERAL LAW ENFORCEMENT TRAINING CENTERS

##### OPERATIONS AND SUPPORT

The agreement provides \$695,000 below the request for a transfer to PC&I for the purchase of Vogel Road.

*Interagency Training Centers.*—The Department shall continue working with the Department of the Army and with the National Guard, as well as state and local leaders, to identify opportunities to expand domestic training locations on federal or state property, particularly in regions like the Northeast that lack facilities for training related to active shooters, dense urban terrain, and cyber and electromagnetic response.

#### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$10,695,000 above the request, including \$10,000,000 for the Charleston Construction Project and a transfer of \$695,000 from O&S for the purchase of Vogel Road.

#### SCIENCE AND TECHNOLOGY DIRECTORATE

##### OPERATIONS AND SUPPORT

The agreement provides \$31,000,000 above the budget request for operations and support, which is described in further detail below. Of the total amount provided for this account, \$219,897,000 is available until September 30, 2024, for Laboratory Facilities and Acquisition and Operations Analysis.

##### Laboratory Facilities

*Work for Others (WFO).*—S&T shall provide a briefing to the Committees not later than 120 days after the date of enactment of this Act on the implementation and execution of the WFO program, including actions it is taking to ensure the program is supported, without disruption, into the future. The briefing shall include a review of the current execution of the program and identify whether there is full cost recovery for WFO projects and activities.

## Acquisition and Operations Analysis

*Border Security Capabilities and Performance Measurement.*—S&T shall provide to the Committees, within 90 days of the date of enactment of this Act, an initial report that includes a preliminary assessment of the efficacy and impact of technological solutions acquired and deployed within the past 5 years, personnel levels, and other related investments to address current border security needs. Within one year of enactment of this Act, S&T shall provide a final report to the Committees that includes:

(1) a final assessment of the efficacy and impact of border investments deployed within the past 5 years to address border protection needs;

(2) recommendations for a decision support tool architecture that supports deployment of future technology solutions; and

(3) an action plan based on the analyses and assessments.

*Measuring Impact of Efforts to Combat Forced Labor.*—To accelerate capabilities to prevent the entry of goods subject to Section 307 of the Tariff Act of 1930 (19 U.S.C. 1307), the agreement provides \$2,500,000 above the request to develop, in partnership with CBP's Office of Trade, analytic capabilities to assess the impact of Department and CBP actions and investments on world-wide forced labor levels and how those investments impact U.S. businesses.

*Projecting and Planning for Future Flow to U.S. Southwest Border.*—The agreement provides \$8,000,000 above the request to expand and evolve the interagency models used to project impacts to federal agencies from the changing flow of migrants crossing the border, as well as the effect of changes in policies and agency resources. A primary objective is to model the different processing pathways for noncitizens encountered at the border based on their demographics (e.g., single adults, family units, and unaccompanied children) and then apply predictive tools to help establish a shared baseline across all agencies and community partners that play a role in managing that processing.

Working with the Department's Office of the Chief Financial Officer (OCFO), Office of Policy (including the Office of Immigration Statistics (OIS)), and operational components, S&T shall collaborate with the Departments of Justice and Health and Human Services to share model outputs that can inform the development of agency budget requests. Not later than 60 days after the date of enactment of this Act, S&T, the Office of Policy, OCFO, and the relevant DHS operational partners shall provide a briefing to the Committees on the planned execution of these funds and a time-frame for delivery of model outputs to all impacted agencies.

*Support Anti-Terrorism by Fostering Effective Technologies (SAFETY) Act.*—The agreement provides \$4,000,000 above the request for the Office of SAFETY Act Implementation (OSAI). Not later than nine months after the date of enactment of this Act, OSAI shall deploy a public-facing dashboard to document the progress in achieving the objectives established under the SAFETY Act implementation regulations, including monthly performance metric updates. Such metrics shall include, but not be limited to:

(1) applications submitted for developmental test and evaluation designation, full designation, and certification, including renewals, modifications, transfers, and pre-applications;

(2) the number of applications in evaluation beyond both 120 and 165 days, by application type; and

(3) processing timelines associated with issuing completeness determinations and rendering final decisions, by application type.

*System of Systems Operational Analytics (SoSOA).*—To expand upon the services the SoSOA team can provide, the agreement provides \$5,500,000 above the request, of which \$4,000,000 is in the Acquisition and Operations Analysis PPA and \$1,500,000 is in the Mission Support PPA for additional staffing. Not later than 90 days after the date of enactment of this Act and quarterly thereafter, S&T shall brief the Committees on the execution of these funds and the projects the SoSOA team is supporting.

### Mission Support

The agreement provides \$12,500,000 above the request for the Mission Support PPA, including \$5,500,000 for the Chief Information Office to sustain core operational requirements and for a systems refresh; \$4,500,000 for contract acquisition program support; \$500,000 for counsel detailees supporting OSAI; \$1,500,000 for SoSOA, as described above; and \$500,000 for the Artificial Intelligence (AI) Technology Center, as described in House Report 117—396.

### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$35,750,000, as requested, for critical improvements to S&T's laboratory facilities; \$13,466,000, as requested, for the Plum Island Closure and Support (PICS) Program; and \$6,000,000 for the design and environmental planning of the Detection Sciences Testing and Applied Research (DSTAR) Center, a reduction of \$34,250,000 below the request.

*National Biodefense Analysis and Countermeasures Center (NBACC).*—S&T shall ensure that the NBACC facility expansion scoping study described in the request is completed and is directed to provide a briefing to the Committees on the results not later than 150 days after the date of enactment of this Act.

*Plum Island Closure and Support (PICS) Program.*—The agreement provides \$13,466,000 to continue the transition, closure, and conveyance of all Plum Island real property and all related personal property prior to the transfer of the Plum Island Animal Disease Center's (PIADC) operational and programmatic missions to the National Bio and Agro-Defense Facility (NBAF). S&T is encouraged to establish a cooperative agreement to administer funding for a facilitated process that can enable stakeholders to conduct an ecosystem study of Plum Island's native wildlife and natural habitat in the conservation area.

With the transition of the PIADC science mission activities to the NBAF, currently scheduled for completion in fiscal year 2024, S&T shall continue to provide semi-annual briefings on the progress of these activities, as specified in the explanatory report accompanying Public Law 116–260. S&T shall also notify the Committees

in these briefings of any foreseeable issues with the continuation at NBAF of any DHS essential mission activities that were performed by the Department at PIADC, along with steps that the Department is considering to avoid interruption. Further, not later than 120 days after the date of enactment of this Act, S&T, in consultation with the Department of Agriculture, shall provide a briefing to the Committees on the full transition schedule and projected milestones, including any risk factors that may impact timelines and corresponding budget estimates. The briefing shall also include details regarding:

(1) the activities each department intends to conduct and the anticipated personnel and resources to be assigned to NBAF, particularly those outlined in Section 5(J) of the National Security Memorandum on “Strengthening the Security and Resilience of United States Food and Agriculture” (NSM–16) (November 10, 2022); and

(2) the continuity plans for legacy Agricultural Research Service, Animal and Plant Health Inspection Service, and DHS collaborative efforts that were conducted at PIADC that should be transitioned to NBAF, including but not limited to:

(a) the Targeted Advanced Development (TAD) Group;

(b) PANTHR/TIGER studies for threat and risk assessments;

(c) agent characterization of cross-over threats for the Intelligence Community; and

(d) initiatives that fall under Other Transaction Authority (OTA).

*Transportation Security Laboratory (TSL) DSTAR Center.*—The agreement provides partial funding of \$6,000,000 for planning and design activities for DSTAR, pending receipt of an up-to-date detailed project cost estimate and schedule. Concurrent with the President’s fiscal year 2024 budget request, S&T shall provide a detailed project schedule and milestones assessment for construction of the DSTAR Center, including a revised cost estimate that reflects the TSL’s up-to-date requirements for the center and current market conditions.

#### RESEARCH AND DEVELOPMENT

The agreement provides \$2,500,000 above the request for University Programs.

Despite the direction below to consider funding above the request within S&T’s various thrust areas, overall funding for Research, Development, and Innovation is provided at the request level. Accordingly, S&T shall notify the Committees not fewer than 30 days in advance of any reduction, discontinuation, or transfer of custody from the Undersecretary for Science and Technology of any R&D activity described in the request, including reductions taken to redirect funding for any effort described below.

#### Research, Development, and Innovation

*Increased Early Collaboration with Stakeholders.*—Within 90 days of the date of enactment of this Act, S&T shall provide a briefing to the Committees on its early-outreach efforts, including the pros and cons of creating a formal forum or portal for interested stakeholders and partners to share perspectives on future research.

*Transitioning New Capabilities to Operational Components.*—To better account for both the impact of R&D funding and how those resources improve the Department’s operational capabilities, S&T shall provide a briefing to the Committees within 45 days of the date of enactment of this Act on a plan to partner with DHS components to develop key measures to capture that impact and quantify a return on investment. Within 60 days of the date of enactment of this Act, S&T shall provide the Committees examples of the impact of not fewer than three R&D projects.

### Border Security

Within the Border Security thrust area, S&T shall consider funding for the following: up to \$4,000,000 above the request for work related to enabling unmanned aerial systems (UAS) to support DHS operational entities and for work related to addressing threats posed by UAS, including small UAS, in the border, maritime, and urban environments; up to \$2,000,000 above the request for expansion of Low-Cost Team Awareness Kits (TAK); up to \$4,736,000 above the request for port of entry (POE) data analytic capabilities for the detection and disruption of illegal activity while expediting processing; up to \$5,000,000 above the request for development and deployment of active neutron interrogation for cargo screening; and up to \$3,000,000 above the request to address threats facing port and maritime critical infrastructure.

### Chemical, Biological, and Explosive (CBE) Defense

Within the CBE Defense thrust area, S&T shall consider funding for the following: up to \$6,000,000 above the request for next generation biosurveillance systems; and up to \$8,300,000 for the detection canine program.

*Opioid and Fentanyl Detection.*—S&T shall provide a report to the Committees within 180 days of the date of enactment of this Act on any research or development activity that incorporates rapid scanning into screening methods for drug interdiction.

### Cybersecurity/Information Analysis

Within the Cybersecurity/Information Analysis thrust area, S&T shall consider funding for the following: up to \$5,000,000 above the request for voting technologies and election data security procedures; up to \$4,000,000 above the request for cyber defense/incident response capabilities for chemical sector critical infrastructure; and up to \$6,000,000 for the U.S.-Israel Cybersecurity Cooperation grant program, as authorized by section 1551 of the National Defense Authorization Act for Fiscal Year 2022; and up to \$2,000,000 above the request to continue efforts to ensure the effectiveness of cyber training for law enforcement and vulnerable populations.

### First Responder/Disaster Resilience

Within the First Responder/Disaster Resilience thrust area, S&T shall consider funding for the following: up to \$4,000,000 above the request to develop and deploy software quality assurance tools for monitoring and timely cyber-attack mitigation for critical infra-

structure and to complete the requirements for federal contracts specified in Executive Order 13905—Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services (February 18, 2020); up to \$9,000,000 above the request for exploitation of mesonets for emergency preparedness and response to provide advance warning of severe weather conditions, for developing capabilities for maintaining and improving the integrity of the nation's levee and dams systems, and for research into viable alternatives of concrete dam design and performance; up to \$1,500,000 above the request for research on advanced modeling and three-dimensional (3D) simulation technologies that support FEMA disaster resilience, mitigation, and recovery operations; \$5,000,000 above the request for the Research and Prototyping for Improvised Explosive Device Defeat (RAPID) program; and up to \$9,000,000 to further expand the Distributed Environment for Critical Infrastructure Decision-making Exercises program, focusing on industrial control systems for multi-sector cyber event exercises.

*Advanced Modeling and 3D Simulation Technologies.*—In lieu of the direction provided in House Report 117–396, S&T shall assist, as needed, FEMA OR&R in the analysis described under the FEMA O&S heading, “Advanced Modeling and 3D Technology” above.

*RAPID.*—Not later than 120 days after the date of enactment of this Act, S&T shall provide a briefing to the Committees on the planned obligation of funds for RAPID; developing technologies; and transition/training efforts to support public safety across the nation.

#### Innovative Research and Foundational Tools

Within the Innovative Research and Foundational Tools thrust area, S&T shall consider funding for the following: up to \$2,000,000 above the request for the Binational Industrial Research and Development Homeland Security (BIRD HLS) program; up to \$10,000,000 above the request to support any required additional funding for container demonstrations to expedite transition to more secure composite shipping containers; up to \$2,000,000 above the request for any necessary efforts to continue to develop thermoplastic composite materials that reduce costs and improve intrusion sensor integration; up to \$5,000,000 above the request for work to be performed at the Artificial Intelligence (AI) Technology Center; and up to \$5,000,000 above the request for enhancing the resiliency and reliability of domestically manufactured, multi-modal wildfire fire detection systems.

*BIRD HLS.*—Not later than 180 days after the date of enactment of this Act, S&T shall provide a briefing to the Committees on the outcome of each grant awarded through the program and on any commercialization or transition to practice that has resulted from the program's initiatives. Further, S&T, in collaboration with the BIRD Foundation, shall provide a report to the Committees on the status of funds for the BIRD HLS and Cybersecurity programs, to include a history of contributions, interest, and repayments to the program, along with grant payments and any other costs charged to these programs.

## Physical Security and Critical Infrastructure Resilience

Within the Physical Security and Critical Infrastructure Resilience thrust area, S&T shall consider targeting up to \$2,500,000 to detect hazardous materials more effectively in cargo loads at POEs and improve the efficiency of screening operations.

### University Programs

The agreement provides \$2,500,000 above the request for the Minority-Serving Institutions Program (MSIP).

*Centers of Excellence.*—In lieu of the requirement under this heading in House Report 117–396, S&T shall provide a briefing to the Committees not later than 60 days after the date of enactment of this Act on how DHS is leveraging Emeritus COEs to address homeland security challenges.

*MSIP.*—The Department shall ensure that the MSIP is open to the minority-serving institutions defined in section 371(a) of the Higher Education Act of 1965 (20 U.S.C. 1067q(a)).

## COUNTERING WEAPONS OF MASS DESTRUCTION OFFICE

### OPERATIONS AND SUPPORT

The Agreement includes the proposed funding level.

*Radiation Portal Technology Enhancement and Replacement.*—CWMD, in collaboration with CBP, is directed to provide a briefing to the Committees within 90 days of the date of enactment of this Act and quarterly thereafter regarding the requirements for the RAPTER program and any related progress updates. CWMD shall also promptly communicate with industry stakeholders a revised development strategy and timelines, and when completed, the updated requirements for RAPTER or any follow-on program.

### PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement includes a realignment of \$19,900,000 from the proposed amount for Research and Development for the Radiation Portal Monitor (RPM) Replacement Program.

*Strategic Commercial Seaports (SCS).*—CWMD is directed to provide the Committees a briefing, within 90 days of the date of enactment of this Act, on plans to procure and install RPMs at SCS locations designated by the U.S. Department of Transportation Maritime Administration and the U.S. Department of Defense Military Surface Deployment and Distribution Command. The briefing shall include the Department's recommendation on the appropriate number of functioning and staffed RPMs for each dedicated ingress/egress gate at each SCS, along with the estimated costs, including total acquisition, operations, and maintenance costs and associated costs for any necessary infrastructure enhancements or configuration changes at each POE; and a proposed timeline for procurement, deployment, and installation of the RPM technology.

### RESEARCH AND DEVELOPMENT

The Agreement includes an increase of \$2,000,000 for Technical Forensics and realigns \$19,900,000 to the Procurement Construction and Improvements account for the RPM Replacement Pro-

gram, consistent with technical assistance received from the Agency.

*National Technical Nuclear Forensics Center (NTNFC).*—The Agreement includes \$2,000,000 above the request for the NTNFC. CWMD is directed to provide the Committees a briefing on NTNFC activities and capabilities within 120 days of the date of enactment of this Act.

#### FEDERAL ASSISTANCE

*Biosurveillance Capabilities.*—CWMD is directed to provide an update on the status of the Biological Detection for the Twenty-First Century (BD21) program and plans to replace BioWatch capabilities within 120 days of the date of enactment of this Act. The update shall address the status of CWMD implementation of recommendations in GAO–21–292, “DHS Exploring New Methods to Replace BioWatch and Could Benefit from Additional Guidance.”

*Securing the Cities Implementation Plan.*—The Countering Weapons of Mass Destruction Act of 2018 requires CWMD to develop an implementation plan for the Securing the Cities program that, among other things, identifies program goals and a strategy for achieving them. CWMD is directed to provide the Committees, within 120 days of the date of enactment of this Act, an updated implementation plan for the Securing the Cities program, including a detailed assessment of program expenditures and their impact on achieving key program milestones.

#### TITLE IV—ADMINISTRATIVE PROVISIONS

Section 401. The agreement continues a provision allowing USCIS to acquire, operate, equip, and dispose of up to five vehicles under certain scenarios.

Section 402. The agreement continues a provision limiting the use of A–76 competitions by USCIS.

Section 403. The agreement continues a provision related to the collection and use of biometrics.

Section 404. The agreement continues a provision authorizing the Director of FLETC to distribute funds for expenses incurred in training accreditation.

Section 405. The agreement continues a provision directing the FLETC Accreditation Board to lead the federal law enforcement training accreditation process to measure and assess federal law enforcement training programs, facilities, and instructors.

Section 406. The agreement continues a provision allowing the acceptance of transfers from government agencies into “Federal Law Enforcement Training Centers—Procurement, Construction, and Improvements”.

Section 407. The agreement continues a provision classifying FLETC instructor staff as inherently governmental for certain considerations.

## TITLE V—GENERAL PROVISIONS

## (INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

Section 501. The agreement continues a provision directing that no part of any appropriation shall remain available for obligation beyond the current year unless expressly provided.

Section 502. The agreement continues a provision providing authority to merge unexpended balances of prior appropriations with new appropriation accounts, to be used for the same purpose, subject to reprogramming guidelines.

Section 503. The agreement continues a provision related to reprogramming limitations and transfer authority.

The Department must notify the Committees on Appropriations at least 15 days in advance of each reprogramming of funds that would: (1) reduce programs, projects, and activities, or personnel, by ten percent or more; or (2) increase a program, project, or activity by more than \$5,000,000 or ten percent, whichever is less.

The term “program, project, and activity” (PPA) is defined as each functional category listed under an account heading in the funding table at the back of this explanatory statement, along with each funding amount designated for a particular purpose within the statement narrative, exclusive of simple references to increases or reductions below the budget request. Funding for each PPA should not be used for the purposes of any other PPA. Within 30 days of the date of enactment of this Act, the Department shall submit to the Committees a table delineating PPAs subject to section 503 notification requirements.

For purposes of reprogramming notifications, the creation of a new program, project, or activity is defined as any significant new activity that has not been explicitly justified to the Congress in budget justification material and for which funds have not been appropriated by the Congress.

Limited transfer authority is provided to give the Department flexibility in responding to emerging requirements and significant changes in circumstances, but is not intended to facilitate the implementation of new programs, projects, or activities that were not proposed in a formal budget submission. Transfers may not reduce accounts by more than five percent or augment appropriations by more than ten percent. The Department must notify the Committees on Appropriations not fewer than 30 days in advance of any transfer.

To avoid violations of the Anti-Deficiency Act, the Secretary shall ensure that any transfer of funds is carried out in compliance with the limitations and requirements of section 503(c). In particular, the Secretary should ensure that any such transfers adhere to the opinion of the Comptroller General’s decision in the *Matter of: John D. Webster, Director, Financial Services, Library of Congress, dated November 7, 1997*, with regard to the definition of an appropriation subject to transfer limitations.

Notifications should provide complete explanations of proposed funding reallocations, including detailed justifications for increases and offsets; any specific impact the proposed changes are expected to have on future-year appropriations requirements; a table showing the proposed revisions to funding and full-time equivalents

(FTE)—at the account and PPA levels—for the current fiscal year; and any expected funding and FTE impacts during the budget year.

The Department shall manage its PPAs within the levels appropriated and should only submit reprogramming or transfer notifications in cases of unforeseeable and compelling circumstances that could not have been predicted when formulating the budget request for the current fiscal year. When the Department becomes aware of an emerging requirement after the President's budget has been submitted to Congress but prior to the enactment of a full-year funding Act for the budget year, it is incumbent on the Office of the Chief Financial Officer to timely notify the Committees. When the Department submits a reprogramming or transfer notification and does not receive identical responses from the House and Senate Committees, it is expected to work with the Committees to reconcile the differences before proceeding.

Section 504. The agreement continues a provision, by reference, prohibiting funds appropriated or otherwise made available to the Department to make payment to the Working Capital Fund (WCF), except for activities and amounts allowed in the President's fiscal year 2023 budget request.

Section 505. The agreement continues a provision providing that not to exceed 50 percent of unobligated balances from prior-year appropriations for each Operations and Support appropriation shall remain available through fiscal year 2024, subject to section 503 reprogramming requirements.

Section 506. The agreement continues a provision that deems intelligence activities to be specifically authorized during fiscal year 2023 until the enactment of an Act authorizing intelligence activities for fiscal year 2023. When such an authorization is enacted after the enactment of this Act, amounts appropriated for "Intelligence, Analysis, and Situational Awareness—Operations and Support" in excess of the authorized amounts shall be transferred to "Management Directorate—Operations and Support".

Section 507. The agreement continues a provision requiring notification to the Committees at least three days before DHS executes or announces grant allocations or grant awards totaling \$1,000,000 or more; an award or contract, other transaction agreement, or task order on a multiple award agreement, or to issue a letter of intent of greater than \$4,000,000; task or delivery orders greater than \$10,000,000 from multi-year funds; or sole-source grant awards. Notifications shall include a description of the projects or activities to be funded and the location, including city, county, and state.

Section 508. The agreement continues a provision prohibiting all agencies from purchasing, constructing, or leasing additional facilities for federal law enforcement training without advance notification to the Committees.

Section 509. The agreement continues a provision prohibiting the use of funds for any construction, repair, alteration, or acquisition project for which a prospectus, if required under chapter 33 of title 40, United States Code, has not been approved.

Section 510. The agreement continues and modifies a provision that includes and consolidates by reference prior-year statutory provisions related to sensitive security information and the use of

funds in conformance with section 303 of the Energy Policy Act of 1992.

Section 511. The agreement continues a provision related to contracting officer representatives.

Section 512. The agreement continues a provision prohibiting the use of funds in contravention of the Buy American Act.

Section 513. The agreement continues a provision regarding the oath of allegiance required by section 337 of the Immigration and Nationality Act.

Section 514. The agreement continues and modifies a provision that precludes DHS from using funds in this Act to use reorganization authority. This prohibition is not intended to prevent the Department from carrying out routine or small reallocations of personnel or functions within components, subject to section 503 of this Act. This section prevents large-scale reorganization of the Department, which should be acted on legislatively by the relevant congressional committees of jurisdiction. Any DHS proposal to reorganize components that is included as part of a budget request will be considered by the Committees.

Section 515. The agreement continues a provision prohibiting funds for planning, testing, piloting, or developing a national identification card.

Section 516. The agreement continues a provision directing that any official required by this Act to report or certify to the Committees on Appropriations may not delegate such authority unless expressly authorized to do so in this Act.

Section 517. The agreement continues a provision prohibiting funds in this Act to be used for first-class travel.

Section 518. The agreement continues a provision prohibiting the use of funds to employ illegal workers as described in Section 274A(h)(3) of the Immigration and Nationality Act.

Section 519. The agreement continues a provision prohibiting funds appropriated or otherwise made available by this Act to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 520. The agreement continues a provision requiring DHS computer systems to block electronic access to pornography, except for law enforcement purposes.

Section 521. The agreement continues a provision prohibiting the use of funds to enter into a federal contract unless the contract meets requirements of the Federal Property and Administrative Services Act of 1949 or chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless the contract is otherwise authorized by statute.

Section 522. The agreement continues a provision regarding the transfer of firearms by federal law enforcement personnel.

Section 523. The agreement continues a provision regarding funding restrictions and reporting requirements related to conferences occurring outside of the United States.

Section 524. The agreement continues a provision prohibiting the use of funds to reimburse any federal department or agency for its participation in a National Special Security Event.

Section 525. The agreement continues a provision requiring a notification, including justification materials, prior to implementing any structural pay reform that affects more than 100 full time positions or costs more than \$5,000,000, including the introduction of new position classifications.

Section 526. The agreement continues a provision directing the Department to post on a public website reports required by the Committees on Appropriations unless public posting compromises homeland or national security or contains proprietary information.

Section 527. The agreement continues a provision authorizing minor procurement, construction, and improvements activities using Operations and Support funding.

Section 528. The agreement continues a provision to authorize discretionary funding for the cost of primary and secondary schooling of dependents in territories that meet certain criteria.

Section 529. The agreement continues a provision regarding congressional visits to detention facilities.

Section 530. The agreement continues a provision providing funding for “Federal Emergency Management Agency—Federal Assistance” to reimburse extraordinary law enforcement personnel overtime costs for protection activities directly and demonstrably associated with a residence of the President that is designated for protection.

Section 531. The agreement continues a provision prohibiting the use of funds to use restraints on pregnant detainees in DHS custody except in certain circumstances.

Section 532. The agreement continues a provision prohibiting the use of funds for the destruction of records related to the death, sexual abuse, or assault of detainees in custody.

Section 533. The agreement continues a provision prohibiting the use of federal funds for a Principal Federal Official during a Stafford Act declared disaster or emergency, with certain exceptions.

Section 534. The agreement continues a provision requiring the submission of a report on unfunded priorities for which appropriations would be classified as the 050 Budget function category.

Section 535. The agreement continues a provision requiring notifications and reporting related to the protection of certain individuals.

Section 536. The agreement continues a provision requiring notifications and the submission of information to the Committees related to DHS requests for resources from the Technology Modernization Fund.

Section 537. The agreement continues a provision requiring the identification of discretionary offsets when fee increase proposals to support current activities assume the enactment of such proposals prior to the beginning of the budget year.

Section 538. The agreement continues a provision related to the Arms Trade Treaty.

Section 539. The agreement includes a provision prohibiting the use of funds related to certain entities identified under section 1260H of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021.

Section 540. The agreement includes a provision making technical corrections to section 205 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

Section 541. The agreement includes a provision making a technical correction to a Community Funding Project funded in the fiscal year 2022 DHS funding Act.

Section 542. The agreement includes a provision making a technical correction to a Congressionally Directed Spending grant funded in the fiscal year 2022 DHS funding Act.

Section 543. The agreement continues a provision extending an authority provided in title VI of division B of Public Law 116–136.

Section 544. The agreement continues a provision prohibiting the use of funds for the transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba into or within the United States.

Section 545. The agreement includes a provision directing the Secretary of Homeland Security to develop, use, and share estimates of arrivals of noncitizens at the southwest border.

Section 546. The agreement continues and modifies a provision appropriating additional amounts for CBP and ICE to address Border Management requirements.

Section 547. The agreement includes an extension of an authorization related to the protection of certain facilities and assets from unmanned aircraft.

Section 548. The agreement includes a provision rescinding unobligated balances from specified sources.

Section 549. The agreement includes a provision rescinding lapsed balances pursuant to Section 505 of division F of Public Law 117–103.

#### DISCLOSURE OF EARMARKS

##### AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
