

Fish and Game Council from 1963 to 1971, including a three-year stint as Chairman from 1969 to 1971.

Fred's remarkable legacy will live on in the business he helped grow, and which bears his family name. For three generations now, Space Farms Zoo and Museum has been a wonderful attraction here in our community. Fred loved working with the animals at the zoo, from the famous Kodiak bear named Goliath, with whom he shared a particular bond; or the 16-foot-long, 250-pound python, with whom he had an infamous run-in. There was nothing that could dissuade Fred from his hands-on work at the zoo.

Fred was a loving husband to Mira for 46 years, and proud father of Parker, Eric, Lori, and Renee. Fred's devotion to community engagement and love for the outdoors will continue on through his beloved nine grandchildren and twenty-one grandchildren.

Madam Speaker, I ask my colleagues to join me in recognizing Fred Space's extraordinary life, his service to our community, and the legacy he leaves behind.

CONCURRENT RESOLUTION ON THE BUDGET FOR FISCAL YEAR 2021

SPEECH OF

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 3, 2021

Ms. ESHOO. Mr. Speaker, the Budget Resolution before the House is the first step toward providing urgently needed relief for the American people, as our Nation struggles to address the COVID-19 pandemic and its impact on our economy.

The need for Congress to act is both great and urgent. We're in a race against death, with over 450,000 fellow Americans lost to COVID-19. Our failure to defeat the virus has dragged our economy down, with more than 18 million Americans currently unemployed and scheduled to lose their unemployment insurance in six weeks if Congress does not act.

House Concurrent Resolution 11 allows Congress to quickly pass a bold \$1.9 trillion relief bill to defeat the virus, support workers and small businesses, and help families until the economy can reopen. President Biden's American Rescue Plan includes \$20 billion for a national vaccination strategy to increase supply and vaccination sites; \$50 billion to scale up testing through the purchasing of rapid tests and expanded lab capacity; and \$3 billion in innovative COVID-19 treatments. While we have effective vaccines to prevent people from getting COVID-19, we do not yet have accessible medicines to treat people who are sick with the disease. This plan funds research and large-scale clinical trials needed to develop therapeutics such as antivirals and antibodies to help people recover from COVID-19. The American Rescue Plan will also extend increased unemployment insurance for laid-off workers and provide resources for state and local governments to preserve the jobs of essential public workers fighting on the frontlines against this pandemic. These are the right policies at the right time.

House Concurrent Resolution 11, the Budget Resolution for Fiscal Year 2021, allows

Congress to provide pandemic relief through reconciliation, a procedure that allows the Senate to bypass the filibuster and pass this legislation with a simple majority vote. The American people simply want Congress to help them survive this pandemic and defeat the virus. This resolution is a major step in making good on our promise to provide bold, urgent, and necessary support to those who have been hit the hardest by the pandemic and to address our cascading economy, and I urge my colleagues to support it.

HONORING MR. SAM SPRUELL OF MOUNT HOPE, ALABAMA

HON. ROBERT B. ADERHOLT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Mr. ADERHOLT. Madam Speaker, I would like to recognize Mr. Sam Spruell from Mount Hope, Alabama, who passed away on January 7, 2021 after a life of 63 years. He was an upstanding citizen of our State, a respected member of the Mount Hope community, and an outstanding businessman and farmer.

Sam Spruell was an Alabamian through and through, widely known for the kindness and friendship he displayed throughout his entire life. More importantly, Sam was a husband, father, and farmer who cared deeply about his work and the people around him. Never missing an opportunity to lend a helping hand, Sam was always available to those who needed him.

Sam was also a champion for Alabama cotton and the producers throughout the State. He served as President of the Southern Cotton Growers from 2004 to 2005, a testament to his dedication and passion to the industry. He was also a member of the Southeastern Boll Weevil Eradication Foundation, the Alabama Cotton Commission, and the National Cotton Council. There is no doubt that Sam's countless hours of hard work in these arenas made an indelible impact for the State of Alabama and the nation—one that will continue for years to come.

Sam Spruell was a sincere and true man of God. As a leader of the Community Clothes Closet and Ministry of Hope, Sam played a key role in serving those around him. He went on to donate an entire building to The Caring Place, a charity near and dear to his heart.

Sam Spruell is now survived by his wife, Lynn Spruell; and two children, Jonathon Spruell and Liz Rhodes. In addition, he is survived by his five grandchildren, Shelby, Madi, Max, Mia, and Cam.

Our thoughts and prayers go out to all of Sam's family and friends. The Fourth District, the State of Alabama, and the Nation have lost a friend and patriot. However, there is no question that his legacy and impact will live on well into the future.

REMEMBERING AND HONORING ELEANOR "SANDY" TORREY WEST

HON. EARL L. "BUDDY" CARTER

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Mr. CARTER of Georgia. Madam Speaker, I rise today with a heavy heart to remember

and honor Mrs. Eleanor, or "Sandy," Torrey West, who passed away on January 17th at the age of one hundred and eight.

Mrs. West was known as a woman who embodied the spirit of Ossabaw Island, which is the third-largest of Georgia's barrier islands, just south of Savannah.

She established the Ossabaw Island Project in the 1960s and the Genesis Project in the 1970s as ways to allow students, artists, writers, scientists, ecologists, philosophers, and other intellectuals and creative thinkers to reconnect with the natural world, and with each other.

In the late 1970s, Mrs. West spearheaded her family's effort to assure that Ossabaw Island would remain preserved and protected.

She was the champion of Ossabaw, and her enthusiastic, joyful spirit shined in everything she did. Throughout Mrs. West's long, prosperous life, she inspired countless individuals. I am so thankful for her many contributions to Georgia's First District, and I know her legacy will continue for years to come.

My thoughts and prayers are with her family, friends, and all who knew her during this most difficult time.

HONORING HANNAH YOTHERS

HON. JOHN JOYCE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Mr. JOYCE of Pennsylvania. Madam Speaker, I rise to congratulate Hannah Yothers on becoming one of the first young women in the Westmoreland-Fayette Council Boy Scouts of America to achieve the position of Eagle Scout.

Hannah joined the Boy Scouts in 2019, when girls were first able to join. She was one of the founding members of Troop 1372, which is partnered with the all-male Troop 372. Hannah first began her goal of becoming an Eagle Scout while in her senior year at Greater Latrobe High School and finished while attending Penn State Behrend in Erie.

In her journey to become an Eagle Scout, Hannah earned 31 merit badges, 10 more than the 21 required. For her Eagle Scout project, Hannah worked on landscaping, built two benches that can be converted into picnic tables, and other tasks at the Westmoreland Cleanways Recycling Center in Unity.

Hannah already is giving back to the Boy Scouts of America and her community by serving as an assistant Scoutmaster. On behalf of Pennsylvania's 13th Congressional District, I congratulate Hannah Yothers on her trailblazing achievement and wish her all the best in the chapters to come.

INTRODUCTION OF THE NO FENCING AT THE UNITED STATES CAPITOL COMPLEX ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Ms. NORTON. Madam Speaker, today, I introduce the No Fencing at the United States Capitol Complex Act, which would prohibit the

construction of new permanent fencing on the grounds of the United States Capitol complex. Since the insurrectionist attack on the Capitol on January 6, 2021, the Capitol complex has become an untraversable fortress surrounded by frightening fences capped with barbed wire, typical of authoritarian regimes. In recent days, some officials, including the Acting Capitol Police Chief, have suggested that fencing become a permanent security feature of the Capitol complex. Although I agree that more needs to be done to protect the Capitol complex, the failure of Capitol security leaders to plan for the predictable and openly announced attack on the Capitol does not justify closing the complex from the public, to whom it belongs. We can and must maintain our commitment to security without sacrificing public access by using the least restrictive means necessary to address security.

The attack on the Capitol, which had little to do with the lack of permanent fencing, was the greatest intelligence and security failure in the history of our Nation's capital. There were countless security failures on January 6 that we can and must address, including: Taking threats of extremist violence seriously at an earlier stage; blocking off the Capitol during high-profile and high-threat events, as is typically done, but was not done on January 6; manpower; and training. Permanent fencing, which is incredibly imprecise, would not address these very real security lapses. It is more likely to keep out children, joggers and tourists than a coordinated attack on the Capitol. In fact, it is another form of security theater—it would make the Capitol “look” safe but mask the lack of state-of-the-art security measures that could actually prevent attacks in the future. Just in the past few days, security experts have already begun putting forward innovative ways to protect the Capitol while also protecting the values of openness and transparency, which are central to our democracy. We must foster that dialogue and welcome fresh ideas, not default to an archaic security strategy that humans invented over 10,000 years ago.

Permanent fencing would send an un-American message to the Nation and the world, by transforming our democracy from one that is accessible and of the people to one that is exclusive and fearful of its own citizens. It would tell the world that the most powerful nation must rely on crude barriers for safety instead of state-of-the-art intelligence and security protocols. The Capitol has welcomed First Amendment protests and demonstrations for centuries without becoming a fortress. The openness of the Capitol and our democracy is our strength, not a security weakness that needs to be rooted out. Any further consideration of permanent fencing is desperate, distasteful and disrespectful of our history and institutions.

Furthermore, we cannot forget that the Capitol complex does not exist in a vacuum. It is immediately surrounded by residential neighborhoods and local businesses, which form the heart of the District of Columbia. Permanent fencing would cause serious damage to the fabric of these communities. These residents and businesses have been more than understanding as their neighborhoods have turned into militarized zones. They have waited patiently as officers check their identification on their walk home and taken alternative routes when they have found blocked streets.

Permanent fencing would infringe on their ability, as well as the general public's ability, to enjoy the public spaces that define our nation's capital.

Already, the distance between government and the people has grown, with trust in government at historic lows. We should not entrench that distance further by placing intimidating barriers between ourselves as public servants and the people we serve, especially when such barriers are neither effective nor necessary.

I urge my colleagues to support this bill.

INTRODUCTION OF THE ROBUST INTERNATIONAL RESPONSE TO PANDEMIC ACT

HON. JESÚS G. “CHUY” GARCÍA

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Mr. GARCÍA of Illinois. Madam Speaker, I rise today to introduce the Robust International Response to Pandemic Act, along with my colleagues JAN SCHAKOWSKY of Illinois and MARK TAKANO of California.

The COVID-19 pandemic and the economic crisis it has generated are global problems and both require global solutions. The United States must show leadership by supporting each country's ability to fight the virus, and the Robust International Response to Pandemic Act will do that by supporting an issuance of Special Drawing Rights from the IMF that will boost the global economy and aid our response to the virus.

“Special Drawing Rights” will help countries avoid depleting their reserves during the turbulent economic times ahead; 2 trillion SDRs will help all of us—and especially emerging markets and developing economies—avoid financial catastrophe.

I urge this body to advance this important legislation.

RECOGNIZING JOHN BONANNI AND ANTHONY J. DENOVA FOR RECEIVING THE FIRST-EVER COUNTY ADMINISTRATOR LIFETIME ACHIEVEMENT AWARD

HON. MIKIE SHERRILL

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Ms. SHERRILL. Madam Speaker, I would like to recognize Morris County Administrator John Bonanni and Passaic County Administrator Anthony J. DeNova for receiving the first-ever County Administrator Lifetime Achievement Award from the New Jersey Association of Counties (NJAC). This award was created to highlight and honor the lifetime of dedication and hard work public officials like Bonanni and DeNova have brought to our communities in North Jersey.

John Bonanni is known for his deep commitment to Morris County, as a lifelong resident from Boonton and over 30 years of service in county administration. John does not like to be in the spotlight, but this award reflects how we all depend on his quiet, behind the scenes leadership. Early on in the coronavirus pan-

demic, he acted fast to protect those at high risk: long-term care residents, seniors, and people with disabilities. He was instrumental in securing funding for Morris County and other counties from the state's allocation of the Corona virus Relief Fund to cover critical expenditures on testing, PPE procurement, and crisis pay for first responders.

Anthony J. DeNova has deep roots in Passaic County and his dedication to and love for the community he has lived in his whole life shines through in the work he does each day. You would be hard-pressed to find anyone who does not consider Tony their friend. Under his leadership, strong county budgeting has barred any tax increases for his constituents, while still funding the county's most important programs. When the pandemic hit, he worked swiftly to set up testing sites and at-home testing for all Passaic residents. With the COVID-19 vaccine distribution underway, he has worked diligently to get vaccination sites up and running and get shots into arms.

County Administrators play a vital role in our counties and communities. John Bonanni and Anthony DeNova dedicated themselves to public service and improving the everyday lives of the residents of Morris and Passaic counties. Their leadership was critical in guiding NJ-11 through the darkest day of the pandemic. It has been a pleasure working with both of them over the past two years and I look forward to the years ahead. This lifetime achievement award is well-deserved.

CONGRATULATING BRITNEE KINARD

HON. EARL L. “BUDDY” CARTER

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 11, 2021

Mr. CARTER of Georgia. Madam Speaker, I rise today to congratulate SD Gunner Fund's Britnee Kinard for receiving the President's Lifetime Achievement Award because of her outstanding service to fellow Americans. The AmeriCorp's President's Lifetime Achievement Award is the highest honor of the President's Volunteer Service Award, and it recognizes individuals, families, and groups who achieve a remarkable number of service hours.

In receiving the Lifetime Achievement Award, Britnee is being recognized for her over 4,000 hours of service to ensure the continuation of America's unrivaled commitment to improving countless lives. Britnee is the founder and President of SD Gunner Fund, which is an incredible organization that assists veterans, exceptional children, and first responders in receiving vital resources such as service dogs, therapy dogs, emergency assistance, community advocacy and education, and much more.

She was inspired to start the successful SD Gunner Fund when she left her high profile career in business to become a full-time caregiver to her husband after he suffered life-altering injuries while serving our country in Operation Iraqi Freedom.

I want to thank Britnee for her selfless commitment to service through SD Gunner Fund, and I wish her the best. I'm extremely proud to have Britnee here in the First Congressional District of Georgia.
