

support of H.R. 1065, the Pregnant Workers Fairness Act that just passed this House of Representatives.

Pregnancy discrimination holds working parents back and threatens financial stability, with women of color being disproportionately harmed by the lack of workplace protections.

It is long past time we ensure that every worker is entitled to reasonable accommodations to support a healthy pregnancy.

We just celebrated Mother's Day. What if, in addition to flowers one day a year, we make sure that during pregnancy, workers have fair working conditions and are never in the position of risking their safety to continue providing for themselves and their families?

This bipartisan bill simply requires reasonable accommodations for pregnant workers, like adequate breaks, and protects them from discrimination that can drive them from the workplace. No pregnant worker should have to choose between their and their baby's health or their job.

FOLLOW THE SCIENCE

(Mr. MURPHY of North Carolina asked and was given permission to address the House for 1 minute.)

Mr. MURPHY of North Carolina. Madam Speaker, as we all know, the CDC finally altered the mask mandates to reflect the science that we have known for months. People who are vaccinated do not need to wear masks indoors, outdoors in most settings. Follow the science.

As a physician of 30 years, I believe that people should get vaccinated, but at the end of the day it is a personal choice and a decision that should be made between patient and doctor, not person and Speaker.

At this point practically everyone has had the opportunity to get vaccinated if they want it. The infinite majority of the at-risk population in the United States has been vaccinated. I have been vaccinated for months now, but when I get done with this speech, I have to put my mask back on despite what the science says because the Speaker mandates it. That is not the doctor-patient relationship.

Back in North Carolina, my constituents will still be required to wear a mask in grocery stores because Governor Cooper mandates it. Again, not the doctor-patient relationship.

So much for following the science.

THE CLIMATE CRISIS ISN'T JUST ABOUT WEATHER

(Mr. CASTEN asked and was given permission to address the House for 1 minute.)

Mr. CASTEN. Madam Speaker, wildfires, flooding, and superstorms are the most tangible signs of a warming planet, but the climate crisis is not just about weather. It is about wealth.

A recent study by Swiss Re found that if we remain on our current tra-

jectory, global GDP will fall by 18 percent by 2050. Investors understand this. They care about climate change because it is in their economic self-interest.

As BlackRock CEO Larry Fink said, "Climate risk is investment risk." Main Street investors have put \$37 trillion, roughly one-third of all assets under management, into climate-focused ESG investments.

Unfortunately, our regulation has not kept up with that demand. There is no consistent definition of how to quantify a firm's contribution to, or protection from, a warming globe. Left to choose from a menu of methodologies, companies often just pick what is most favorable to them.

We don't allow companies to pick their own financial accounting standards. Investors are asking us to provide the same consistency for their climate accounting. That is why I introduced the Climate Risk Disclosure Act, which directs the SEC to create consistent mandatory climate reporting standards for all public companies.

This will allow companies to compete for capital on a level playing field, providing investors with the certainty they need to hedge their financial risk. Yesterday my bill passed committee and will now come to the floor.

The right time to safeguard our financial system against climate change was decades ago, but our last chance is now.

CHRIST LUTHERAN CHURCH CELEBRATES 150 YEARS

(Mr. FORTENBERRY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FORTENBERRY. Madam Speaker, I wish to congratulate Pastor Mike Moreno and the entire congregation of Christ Lutheran Church in Norfolk, Nebraska, on their 150th anniversary.

With a shared mission to share God's word, share God's love, and as they say, "Do it now," the community of Christ Lutheran Church is a family. As one member of the congregation said, "When one is hurting, all are hurting. When one is joyful, we celebrate together." How beautiful.

The church also oversees Christ Lutheran School, educating 225 students in grades K-8, in an environment that develops a child spiritually, emotionally, physically, socially to know the personal story and potentiality of each student.

Though we have many hardships and challenges in the world today, Madam Speaker, I am quite certain that Christ Lutheran Church and their community will remain a place of solace and hope for those seeking to hear good news.

MOURNING THE LOSS OF MARY BISHOP

(Ms. CLARKE of New York asked and was given permission to address the House for 1 minute.)

Ms. CLARKE of New York. Madam Speaker, I rise today with profound sadness to mourn the loss and celebrate the life of Ms. Mary Bishop, director of constituent services for the Ninth District of New York and my dear friend.

Mary has been with our office and me for more than 15 years. She was extraordinary and compassionate, with a heart of gold. She embodied what it meant to be an advocate for the people, and her passing has been felt across our district.

On a personal note, I will dearly miss Mary. We celebrated together, laughed together, and shared a passion for the people of the Ninth District together. Mary Bishop worked hard, played hard, and was a God-fearing Caribbean American woman who loved her family immensely.

On behalf of the people of the Ninth District and the Clarke family, I want to extend my thoughts and prayers to the family, loved ones, friends who were touched by the life and legacy of the incomparable Mary Bishop.

In closing, when I think of Mary, I am reminded of Mahalia Jackson's "If I Can Help Somebody."

If I can help somebody as I travel along,
If I can help someone with a word or a song,
If I can help somebody from doing wrong,
Then my living shall not be in vain.

My dear friend Mary, your living was not in vain. You will be dearly missed.

WE MUST STAND WITH ISRAEL

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Madam Speaker, I rise today to express my strong support for our vital ally, Israel. The recent rocket attacks launched by Hamas terrorists against innocent Israelis must be unequivocally condemned, and our support for Israel's right to defend herself must be crystal clear.

Between President Biden's weak leadership and anti-Semitic comments made by Members of this very body, terrorist organizations like Hamas feel that they can get away with attacking our ally. They have emboldened them.

The world is watching, and there is no room for silence or appeasement of terrorists. Congress and the Biden administration must immediately reaffirm America's longstanding commitment to Israel and offer any and all support.

Mr. President, wake up. There is only one democracy in the Middle East, and we must stand with Israel.

NOT A TYPICAL TOURIST DAY

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. I remind the House that we were under attack on January 6.

Earlier this week a freshman Republican said that January 6 could have
