The 6 justices who overturned Roe should never know peace again. It is our civic duty to accost them every time they are in public. They are pariahs. Since women don't have their rights, these justices should never have a peaceful moment in public again.

It's so clear that Justice Alito is corrupt and SCOTUS as an institution is compromised. This is not a legitimate court issuing decisions. It's an organ of the far right that solely follows outcome determinative logic rather than any reasoned jurisprudence.
