12   *and feasibility of a trans-Atlantic submarine fiber optic*  
13   *cable connecting the contiguous United States, the United*  
14   *States Virgin Islands, Ghana, and Nigeria, to enhance the*  
15   *national security of the United States.*

16       *(b) ELEMENTS.—The report required by subsection (a)*  
17   *shall include an assessment of—*

18           *(1) the digital security, national security, and*  
19   *economic opportunities associated with a trans-Atlan-*  
20   *tic submarine fiber optic cable described in subsection*  
21   *(a);*

22           *(2) the lifespan of submarine fiber optic cables*  
23   *currently connecting the United States Virgin Islands*  
24   *to the contiguous United States;*

1                   (3) the current security of telecommunications  
2 between the contiguous United States and the United  
3 States Virgin Islands;

4                   (4) the readiness of telecommunications infra-  
5 structure in the United States Virgin Islands to sup-  
6 port a trans-Atlantic submarine fiber optic cable de-  
7 scribed in subsection (a);

8                   (5) the potential for engagement with trusted en-  
9 tities in the deployment of a trans-Atlantic submarine  
10 fiber optic cable described in subsection (a), and the  
11 associated geopolitical and economic advantages;

12                  (6) the potential connectivity opportunities to  
13 maximize investments in the United States economy  
14 through the use of a trans-Atlantic submarine fiber  
15 optic cable described in subsection (a);

17 a data center and high-security cloud services facility,  
18 with independent power generation, in the United  
19 States Virgin Islands for communications of the  
20 United States Africa Command, communications of  
21 the United States Special Operations Command, and  
22 national security communications;

23                  (8) the state of submarine fiber optic cables con-  
24 nected to United States telecommunications infra-  
25 structure; and

1                   (9) any other related matters the Secretary deter-  
2                   mines are appropriate.

3                   (c) No MANDATORY DATA COLLECTION.—The Sec-  
4                   retary may not require any entity to provide data for pur-  
5                   poses of preparing the report required by subsection (a).

6                   (d) FORM.—The report required by subsection (a) shall  
7                   be submitted in unclassified form without any designation  
8                   relating to dissemination control, but may include a classi-  
9                   fied annex.

10                  (e) DEFINITIONS.—In this section:

11                  (1) NOT TRUSTED.—The term “not trusted”  
12                  means, with respect to an entity, that the entity is de-  
13                  termined by the Secretary to pose an unacceptable  
14                  risk to the national security of the United States, or  
15                  the security and safety of United States persons,  
16                  based solely on one or more determination described  
17                  under paragraphs (1) through (4) of section 2(c) of  
18                  the Secure and Trusted Communications Networks  
19                  Act of 2019 (47 U.S.C. 1601(c)).

20                  (2) SECRETARY.—The term “Secretary” means  
21                  the Secretary of Commerce, acting through the Assis-  
22                  tant Secretary of Commerce for Communications and  
23                  Information.

1                   (3) *TRUSTED.*—The term “trusted” means, with  
2 respect to an entity, that the Secretary has not deter-  
3 mined that the entity is not trusted.

Amend the title so as to read: “A bill to direct the Secretary of Commerce to submit to Congress a report containing an assessment of the value, cost, and feasibility of a trans-Atlantic submarine fiber optic cable connecting the contiguous United States, the United States Virgin Islands, Ghana, and Nigeria.”.
