

118TH CONGRESS

H. R. 7495

To amend the Higher Education Act of 1965 to create a demonstration project for competency-based education and clarify eligible competency-based education programs.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 29, 2024

Mr. GROTHMAN (for himself, Ms. PETTERSEN, and Mr. OWENS) introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To amend the Higher Education Act of 1965 to create a demonstration project for competency-based education and clarify eligible competency-based education programs.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Empowering Learners
5 through Competency-Based Education Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Competency-based education, in which the
2 measurement of learning in place of the measure-
3 ment of time is a distinguishing feature, is an effi-
4 cient, effective, and rigorous form of postsecondary
5 education, the widespread adoption of which is nec-
6 essary and desirable as a means of improving learn-
7 ing outcomes, student success, and reducing the cost
8 of higher education in the United States, and it is
9 therefore necessary to clarify the definition of and
10 requirements for competency-based education so as
11 to facilitate its application and availability.

12 (2) Reputable and responsible institutions of
13 higher education have for many years developed, of-
14 fered, and demonstrated the academic rigor, effec-
15 tiveness, and outcomes of competency-based edu-
16 cation.

17 (3) An increasing number of institutions of
18 higher education now seek to develop and offer com-
19 petency-based education.

20 (4) The collection and dissemination of com-
21 plete and reliable information respecting the impact
22 of competency-based education on the quality of
23 learning, employability and employer acceptance, re-
24 tention, time to completion, graduation rates, and
25 cost will significantly enhance the adoption of com-

1 competency-based education as an essential component
2 of postsecondary education in the United States.

3 (5) It is in the public interest to improve the
4 efficiency and value of postsecondary education and
5 therefore support the offering of competency-based
6 education.

7 **SEC. 3. GENERAL DEFINITIONS.**

8 Section 103 of the Higher Education Act of 1965 (20
9 U.S.C. 1003) is amended by adding at the end the fol-

24 fering such program has approved the program
25 in accordance with such standards—

- 1 “(i) measures academic progress and
2 credential attainment by the assessment of
3 student learning in lieu of, or in addition
4 to, credit or clock hours;
- 5 “(ii) measures and assesses such aca-
6 demic progress and attainment in terms of
7 a student’s mastery of competencies by
8 identifying what students know through
9 criterion referenced or performance-based
10 assessment;
- 11 “(iii) provides the educational content,
12 activities, support, and resources necessary
13 to enable students to develop and attain
14 the competencies that are required to dem-
15 onstrate mastery of such competencies in
16 which instructors are responsible for pro-
17 viding academic assistance, when needed;
18 and
- 19 “(iv) upon a student’s demonstration
20 or mastery of a set of competencies identi-
21 fied and required by the institution, leads
22 to or results in the awarding of a creden-
