A BILL

To prevent the distribution of intimate visual depictions without consent.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Preventing Rampant Online Technological Exploitation
6 and Criminal Trafficking Act of 2024” or the “PRO-
7 TECT Act”.

8 (b) TABLE OF CONTENTS.—The table of contents for
9 this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. Findings.
Sec. 3. Definitions.
Sec. 4. Severability clause.

TITLE I—REGULATING THE UPLOADING OF PORNOGRAPHIC IMAGES TO ONLINE PLATFORMS

Sec. 101. Verification obligations of covered platform operators.
Sec. 102. Removal of images distributed without consent.
Sec. 103. Obligations of users.

TITLE II—ENFORCEMENT

Sec. 201. Civil enforcement.
Sec. 202. Criminal prohibition on nonconsensual distribution of intimate visual depictions.

1 SEC. 2. FINDINGS.

2 Congress finds the following:

3 (1) In the United States, reports of child sexual
4 abuse material (referred to in this section as
5 “CSAM”) have grown exponentially in recent years,
6 from 3,000 reports in 1998 to more than 1,000,000
7 in 2014 and 18,400,000 in 2018. The New York
8 Times called it an “almost unfathomable” increase
9 in criminal behavior.

10 (2) The National Center for Missing and Ex-
11 ploited Children (referred to in this section as
12 “NCMEC”), which is based in the United States, re-
13 corded more than 29,300,000 reports of suspected
14 CSAM to its CyberTipline in 2021, the highest num-
15 ber of reports ever received in a single year and a
16 35 percent increase from 2020. Those reports in-
17 cluded 85,000,000 images, videos, and other files of
18 suspected CSAM and incident-related content.

1 (3) Recent trends reported by NCMEC include
2 increasingly graphic and violent sexual abuse im-
3 ages, and videos of infants and young children.

4 (4) The Daily, a podcast hosted by the New
5 York Times, reported in 2019 that CSAM had so
6 overwhelmed law enforcement agencies in the United
7 States that the Federal Bureau of Investigation, for
8 example, had prioritized investigating material de-
9 picting infants and toddlers, not older children.

10 (5) The COVID–19 pandemic has resulted in a
11 surge in the online distribution of CSAM, which was
12 remarkably high even before the pandemic. During
13 the pandemic, NCMEC reported a 106-percent in-
14 crease in the sharing of CSAM globally. The in-
15 creased number of offenders exchanging CSAM dur-
16 ing lockdowns has continued to stimulate demand
17 for CSAM beyond the lockdowns.

18 (6) Project Arachnid is a web platform adminis-
19 tered by the Canadian Centre for Child Protection
20 (referred to in this section as “C3P”) that is de-
21 signed to detect known images of CSAM and issue
22 removal notices to electronic service providers when
23 possible. C3P has reported, “It is a common mis-
24 conception that CSAM and harmful-abusive content
25 are relegated solely to the dark web.”. In fact, 97

1 percent of the illegal media detected by Project
2 Arachnid hides in plain sight on the clear web on
3 image or file hosting services, forums, content deliv-
4 ery networks, and both mainstream adult pornog-
5 raphy sites, such as Pornhub, XVideos, OnlyFans,
6 and YouPorn, and fringe adult pornography sites.

7 (7) In 2021, NCMEC reported that a majority
8 of CSAM reports, more than 29,157,083 out of
9 29,397,681, came from electronic service providers.

10 (8) An alarming and increasing number of
11 adults are being depicted in online pornography
12 without their knowledge or consent. These individ-
13 uals are often victims of sexual abuse, sex traf-
14 ficking, rape, sexual exploitation, sextortion, and
15 forms of image-based sexual abuse such as non-
16 consensual distribution of sexually explicit material.

17 (9) Most pornography websites do not effec-
18 tively verify the age of the users who upload content
19 to their platforms. Nor do these websites make an
20 effort to effectively verify the age, consent, or iden-
21 tity of all individuals who are depicted in the porno-
22 graphic content.

23 (10) Pornography websites attract hundreds of
24 millions of visitors daily. The 2 most-visited pornog-
25 raphy websites in 2023, for example, reported at-

1 tracting more than 693,500,000 and 629,500,000
2 monthly users, respectively, each exceeding the traf-
3 fic of Netflix, Twitter, Instagram, Pinterest, or
4 LinkedIn.

5 (11) Pornography websites profit from the con-
6 tent uploaded to their platforms, including content
7 that depicts or involves rape, child exploitation and
8 abuse, and sex trafficking. In 2019, 6 high-level in-
9 dividuals employed by an online pornographic dis-
10 tributor were convicted of sex trafficking. Over an
11 11-year period, that platform generated more than
12 \$17,000,000 in revenue.

13 (12) Not only are high-ranking officers of por-
14 nography websites aware of the proliferation of
15 CSAM material on their platforms, but they appear
16 to knowingly decline to investigate reports of non-
17 consensual or underage sexually explicit materials on
18 the platforms. A 2021 lawsuit revealed that
19 Pornhub's parent company Aylo, at the time known
20 as MindGeed USA Incorporated, had a policy to only
21 review videos flagged for rape or sexual abuse if the
22 video received at least 16 unique reports. If a video
23 had 15 or fewer reports, Pornhub refused to inves-
24 tigate. Internal emails stated that as of May 27,
25 2020, Pornhub had a backlog of 706,425 videos of

1 possible rape or child sexual abuse with 15 or fewer
2 reports. At the time of the lawsuit, only 1 out of
3 Pornhub's 1,400 total employees was tasked with re-
4 viewing videos reported for violence or CSAM full-
5 time. Pornhub's chief executive officer called these
6 policies "good and reasonable".

7 (13) The ongoing exploitation of underage or
8 nonconsenting individuals by highly-visited pornog-
9 raphy websites is evidenced by a recent series of suc-
10 cessful lawsuits. One case, involving 22 victims of
11 sex trafficking and fraud, concluded in a nearly
12 \$13,000,000 verdict against a pornography content
13 producer who coerced women and children into pro-
14 ducing sexual content. Another 34 women, some of
15 whom are victims of child sex trafficking, filed a
16 lawsuit against a pornographic website for failing to
17 take proper precautions to verify the content
18 uploaded to its platform and monetizing the illegal
19 content.

20 (14) The internet has revolutionized the por-
21 nography industry, making pornographic content in-
22 comparably more available, accessible, affordable,
23 and anonymous than at any previous time in the his-
24 tory of the United States. Today, substantial majori-
25 ties of teenagers have viewed pornography. A United

1 States population-based probability study found that
2 84 percent of males and 57 percent of females be-
3 tween the ages of 14 and 18 have viewed pornog-
4 raphy, belying the industry's faux status as so-called
5 "adult entertainment". Moreover, pornography has
6 contributed to the normalization of sexual violence
7 among the youth of the United States. Numerous
8 studies have demonstrated that viewing pornography
9 harms youth, as it contributes to sexually violent at-
10 titudes and conduct towards children and adults and
11 creates unrealistic expectations for intimate relation-
12 ships. Additionally, research has demonstrated that
13 the demand for online pornography has fueled an in-
14 crease in purchasing sex from prostituted or sex
15 trafficked individuals.

16 (15) The online pornography industry has re-
17 mained unchecked and generally immune from regu-
18 lations. Online creators and distributors of porno-
19 graphic content should be held to standards that re-
20 quire informed and thorough consent as well as age-
21 verification. Currently, no substantive laws govern
22 consent in pornography, which has permitted ramp-
23 ant abuses to occur.

24 (16) Companies should not profit from the sex-
25 ual exploitation of children and adults. Requiring

1 pornographic websites to verify the age, consent, and
2 identity of individuals appearing in pornographic
3 content on their platforms would substantially curb
4 the rampant exploitation of all children and adults
5 online.

6 (17) The harm to victims of CSAM and image-
7 based sexual abuse is deep and enduring. Every time
8 an image or video of their exploitation is shared,
9 their abuse is repeated and amplified.

13 GRAPHIC IMAGES TO ONLINE
14 PLATFORMS**

15 **SEC. 101. VERIFICATION OBLIGATIONS OF COVERED PLAT-
16 FORM OPERATORS.**

17 (a) **VERIFICATION OF USERS.—**

18 (1) **IN GENERAL.**—A covered platform operator

12 (3) INSUFFICIENT USER CONFIRMATION.—

8 written and electronic format.

9 (B) APPROVAL OF ALTERNATIVE CONSENT
10 FORMS.—For purposes of paragraph (3)(A), a

23 ered platform without the consent of an individual
24 who appears in the pornographic image, not later
25 than 72 hours after receiving the request—

7 (B) if the operator determines under sub-
8 paragraph (A) that the pornographic image was

22 graph (A) for a violation of section 102(d)
23 if, in allowing the upload of a pornographic
24 image to the covered platform, the oper-
25 ator reasonably relied on verification mate-

1 rials, in accordance with section 101(b)(3),
2 that were later found to be fraudulent,
3 provided that the operator removes the
4 pornographic image not later than 24
5 hours after discovering that the verification
6 materials are fraudulent.

7 (ii) FAILURE TO REMOVE.—If a cov-
8 ered platform operator fails to remove a
9 pornographic image within 24 hours of dis-
10 covering that the verification materials are

13 calculated with respect to each day on or
