

118TH CONGRESS  
1ST SESSION

# S. RES. 152

Designating April 2023 as “National Native Plant Month”.

---

IN THE SENATE OF THE UNITED STATES

MARCH 30, 2023

Ms. HIRONO (for herself and Mr. BRAUN) submitted the following resolution;  
which was referred to the Committee on the Judiciary

MAY 3, 2023

Committee discharged; considered and agreed to

---

## RESOLUTION

Designating April 2023 as “National Native Plant Month”.

Whereas native plants are indigenous species that have evolved and occur naturally in a particular region, ecosystem, and habitat;

Whereas there are more than 17,000 native plant species in the United States, which include trees, shrubs, vines, grasses, and wildflowers;

Whereas native plants help prevent flooding, drought, and erosion and can help restore damaged ecosystems;

Whereas native plants provide shelter as well as nectar, pollen, and seeds that serve as food for native butterflies, insects, birds, and other wildlife in ways that non-native plants cannot;

Whereas more than 200 of the native plant species in the United States are estimated to have been lost since the early 19th century;

Whereas habitat loss and degradation, extreme weather events, and invasive species have contributed to the decline of native plants in the United States; and

Whereas native plants are essential components of resilient ecosystems and the natural heritage of the United States:  
Now, therefore, be it

1       *Resolved*, That the Senate—

2               (1) designates April 2023 as “National Native  
3       Plant Month”; and

4               (2) recognizes the benefits of native plants to  
5       the environment and economy of the United States.
