Congressional Record

PROCEEDINGS AND DEBATES OF THE 118th CONGRESS, FIRST SESSION

Vol. 169 WASHINGTON, WEDNESDAY, JULY 19, 2023 *No. 124*

House of Representatives

The House met at 9 a.m. and was called to order by the Speaker.

PRAYER

The Chaplain, the Reverend Margaret Grun Kibben, offered the following prayer:

God and ruler of all the Earth, from Your holy throne You reign over all the nations. Show Your greatness and Your holiness to the peoples. Make Yourself known in the sight of all the nations.

In the confusion of conflict and the ravages of war, make Yourself known in the sight of Ukraine, to her leaders, and to all her people.

In the prosperity of 75 years of trade and commerce and amid the polarization of its politics, make Yourself known in the sight of Israel, to her leaders, and to all her people.

In the hubris of aggression and the arrogance of imperialism, make Yourself known in the sight of belligerent nations, to their leaders, and to all their people.

In the certainty of our convictions, as well as in the discord of our discourse, make Yourself known in the sight of these United States, to our leaders, and to our compatriots.

For Your hand, O Lord, is not too short that it cannot save those who seek You, nor Your ear so dull that it cannot hear the prayers of those who call on You. Do not let the noises of this world so confuse us that we cannot hear You speak.

In Your sovereign name we pray. Lord, hear our prayers.

Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House the approval thereof.

Pursuant to clause 1 of rule I, the Journal of the last day's proceedings is approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. The Chair will lead the House in the Pledge of Allegiance.

The SPEAKER led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. After consultation among the Speaker and the majority and minority leaders, and with their consent, the Chair announces that, when the two Houses meet in joint meeting to hear an address by His Excellency Isaac Herzog, President of the State of Israel, only the doors immediately opposite the Speaker and those immediately to his left and right will be open.

No one will be allowed on the floor of the House who does not have the privilege of the floor of the House. Due to the large attendance that is anticipated, the rule regarding the privilege of the floor must be strictly enforced. Children of Members will not be permitted on the floor. The cooperation of all Members is requested.

The practice of reserving seats prior to the joint meeting by placard will not be allowed. Members may reserve their seats by physical presence only following the security sweep of the Chamber.

RECESS

The SPEAKER. Pursuant to the order of the House of Monday, July 17, 2023, the House stands in recess subject to the call of the Chair.

Accordingly (at 9 o'clock and 3 minutes a.m.), the House stood in recess.

□ 1037

JOINT MEETING TO HEAR AN ADDRESS BY HIS EXCELLENCY ISAAC HERZOG, PRESIDENT OF THE STATE OF ISRAEL

During the recess, the House was called to order by the Speaker at 10 o'clock and 37 minutes a.m.

The Assistant to the Sergeant at Arms, Ms. Kathleen Joyce, announced the Vice President and Members of the U.S. Senate, who entered the Hall of the House of Representatives, the Vice President taking the chair at the right of the Speaker, and the Members of the Senate the seats reserved for them.

The SPEAKER. The joint meeting will come to order.

The Chair appoints as members of the committee on the part of the House to escort His Excellency Isaac Herzog, President of the State of Israel, into the Chamber:

The gentleman from Louisiana (Mr. SCALISE);

The gentleman from Minnesota (Mr. EMMER);

The gentlewoman from New York (Ms. STEFANIK);

The gentleman from New Jersey (Mr. SMITH);

The gentleman from South Carolina (Mr. WILSON);

The gentleman from Colorado (Mr. LAMBORN);

The gentleman from Tennessee (Mr. KUSTOFF);

The gentlewoman from New York (Ms. TENNEY);

The gentleman from New York (Mr. GARBARINO);

The gentlewoman from New York (Ms. MALLIOTAKIS);

The gentleman from New York (Mr. D'ESPOSITO);

The gentleman from New York (Mr. LALOTA);

The gentleman from New York (Mr. LAWLER);

The gentleman from Ohio (Mr. MILLER);

The gentleman from New York (Mr. MOLINARO);

The gentleman from New York (Mr. JEFFRIES);

The gentlewoman from Massachusetts (Ms. CLARK);

The gentleman from California (Mr. AGUILAR);

The gentleman from California (Mr. LIEU);

The gentlewoman from Washington (Ms. DELBENE);

The gentleman from Minnesota (Mr. PHILLIPS);

The gentlewoman from Florida (Ms. WASSERMAN SCHULTZ);

The gentleman from New York (Mr. MEEKS);

The gentleman from California (Mr. SHERMAN);

The gentlewoman from Illinois (Ms. SCHAKOWSKY);

The gentlewoman from New York (Ms. MENG);

The gentleman from Illinois (Mr. SCHNEIDER);

The gentleman from New Jersey (Mr. GOTTHEIMER);

The gentlewoman from North Carolina (Ms. MANNING); and

The gentleman from Florida (Mr. MOSKOWITZ).

The VICE PRESIDENT. The President of the Senate, at the direction of that body, appoints the following Senators as members of the committee on the part of the Senate to escort His Excellency Isaac Herzog, President of the State of Israel, into the House Chamber:

The Senator from New York (Mr. SCHUMER);

The Senator from Illinois (Mr. DURBIN);

The Senator from Washington (Mrs. MURRAY);

The Senator from Michigan (Ms. STABENOW);

The Senator from Minnesota (Ms. KLOBUCHAR);

The Senator from Wisconsin (Ms. BALDWIN);

The Senator from New Jersey (Mr. MENENDEZ);

The Senator from Nevada (Ms. ROSEN);

The Senator from Kentucky (Mr. MCCONNELL);

The Senator from South Dakota (Mr. THUNE);

The Senator from Wyoming (Mr. BARRASSO);

The Senator from West Virginia (Mrs. CAPITO);

The Senator from Iowa (Ms. ERNST);

The Senator from Montana (Mr. DAINES);

The Senator from Iowa (Mr. GRASSLEY); and

The Senator from Idaho (Mr. RISCH).

The Assistant to the Sergeant at Arms announced the Acting Dean of the Diplomatic Corps, Her Excellency Mathilde Mukantabana, the Ambassador of the Republic of Rwanda.

The Acting Dean of the Diplomatic Corps entered the Hall of the House of Representatives and took the seat reserved for her.

At 11 o'clock and 4 minutes a.m., the Sergeant at Arms, the Honorable William P. McFarland, announced His Excellency Isaac Herzog.

The President of the State of Israel, escorted by the committee of Senators and Representatives, entered the Hall of the House of Representatives and stood at the Clerk's desk.

(Applause, the Members rising.)

The SPEAKER. Members of Congress, I have the high privilege and the distinct honor of presenting to you His Excellency Isaac Herzog, President of the State of Israel.

(Applause, the Members rising.)

President HERZOG. Madam Vice President, Mr. Speaker, on November 10, 1987, I was sitting at home with my wife, Michal, expecting our first child. We were watching the first Israeli President invited to address a joint session of Congress in honor of Israel's 40th independence day. That President was my father.

Standing here today representing the Jewish Democratic State of Israel in its 75th year at the very podium from which my late father, President Chaim Herzog, spoke is the honor of a lifetime, and I thank you wholeheartedly for it.

I was born and raised in Israel, but my father's diplomatic post at the United Nations brought my family to New York in the 1970s.

During high school, I volunteered with the Legal Aid Society for the Elderly in Brooklyn, New York. I volunteered with the impoverished and the underprivileged elderly, including war veterans and Holocaust survivors, who gave their best years to the country they loved.

My mentor at the organization was a subtle, reserved professional. She was strictly business. The moment she broke character has remained with me for almost 50 years. It was the day she told me the love of her life died fighting for Israel. Her fiance, a tall, bright-eyed American Jewish boy, was inspired by the Zionist dream and the Jewish people's desire for independence. He voluntarily boarded a ship to Haifa, fought in the Israeli military, and fell in the battle for Israel's independence, just weeks before their wedding. Although decades had gone by and she rebuilt her life, the cracks in her heart remained.

That moment, in which I learned of the life he gave for the State of Israel, spoke to the very core of the bond forged between the people of the United States and the people of Israel, how the nations we built overcame loss, how deeply our stories complement each other's, and how far we have all come together.

Speaker MCCARTHY, I thank you for hosting this festive joint session of Congress celebrating the first 75 years of Israel's independence. Just a few weeks ago, during your first trip abroad as Speaker, you honored the Israeli people by addressing the Knesset in Jerusalem, the capital of the State of Israel, and the Jewish people. Your sincere expression of friendship on behalf of the United States of America truly resonated with the Israelis. Thank you.

Vice President HARRIS, it is such a great pleasure to see you again. I vividly recall hosting you at the Knesset a few years back. Your stirring remarks at the Israeli Embassy's Independence Day reception a few weeks ago reflect both yours and President Biden's decades-long, ironclad friendship with Israel.

A special thanks goes to former Speaker NANCY PELOSI who first invited me less than a year ago, together with Senator CHUCK SCHUMER.

Special thanks to dear friends, Senate Minority Leader, Senator MITCH MCCONNELL, and House Minority Leader, Congressman HAKEEM JEFFRIES, for this bipartisan, bicameral invitation. My thanks also to the distinguished members of the escort committee for greeting me so beautifully.

Mr. Speaker, dear friends, in Jewish weddings, a glass is placed on the ground and intentionally stomped on. This ritual evokes the destruction of our temple in Jerusalem 2,000 years ago. Only after the glass is broken, the celebration can truly begin.

Amidst the most joyous occasions in the lives of two individuals who have come together to build something whole, we recall what was once broken in our Nation. Thus, the bitter blends with the sweet.

Today, the Hebrew calendar points to the first day of the month of Av. In Jewish tradition, this is a somber period in which we mourn the loss of our sovereignty. Jewish communities all over the world lament the beginning of our national exile where throughout two millennia we continuously expressed a spiritual connection to our ancestral homeland, a longing to return home and regain our independence.

Yet today, at this moment in my people's history, gathering on Capitol Hill to celebrate 75 years of Israeli independence with our greatest partner and friend, the United States of America, my soul is overflowing with pride and joy.

The people of Israel are grateful to no end for the ancient promise fulfilled and for the friendship we have forged.

In 1949, the President of the United States of America, Harry S. Truman, met with the Chief Rabbi of the newly established State of Israel, my grandfather, Rabbi Yitzhak Isaac Halevi Herzog, in the Oval Office.

This was just a few years after each of them pleaded and campaigned for the rescue of Europe's Jews being slaughtered in the Holocaust by the Nazis.

In speaking to President Truman, Rabbi Herzog thanked him for being the first world leader to officially recognize the State of Israel, 11 minutes after its foundation. He spoke, Rabbi Herzog, of the divine providence that

destined President Truman to help bring about the rebirth of Israel after 2,000 years of exile. Witnesses of the encounter recalled tears running down President Truman's cheeks.

We are honored to have President Truman's grandson, Clifton Truman Daniel, with us here today.

When the State of Israel was established in 1948, the land which the Almighty promised to Abraham, to which Moses led the Israelites, the land of the Bible, of milk and honey, evolved into an exquisite land of democracy.

Against all odds, the Jewish people returned home and built a national home, which became a beautiful Israeli democracy, a mosaic of Jews, Muslims, Christians, Druze, and Circassians, secular, traditional, and orthodox, of all denominations and all possible views and lifestyles; a land which welcomed the ingathering of exiles from over 100 nations; a land which became the start-up nation, a bustling hub of innovation and creativity, social action, and intellectual discovery, spiritual awakening, business ventures, scientific ingenuity, and lifesaving medical breakthroughs.

We built a nation-state which has faced relentless war, terror, and delegitimization since its birth, a country fighting to defend itself from enemy and foe yet whose citizens continue to greet each other with the word ''peace,'' ''shalom''; a country which takes pride in its vibrant democracy, its protection of minorities, human rights, and civil liberties as laid down by its parliament, the Knesset, and safeguarded by its strong Supreme Court and independent judiciary; a state founded on complete equality of social and political rights to all its inhabitants, irrespective of religion, race, or gender, as stipulated explicitly in Israel's Declaration of Independence; a country which is ever-evolving, a diverse amalgam of accents, beliefs, backgrounds, and customs. Truly, a modern-day miracle—this is the sweetness in which our country has been blessed.

However, dear friends, the bitter casts a dark shadow on our country, on our region, and on the world.

Mr. Speaker, perhaps the greatest challenge Israel and the United States face at this time together is the Iranian nuclear program.

Let there be no doubt: Iran does not strive to attain nuclear energy for peaceful purposes. Iran is building nuclear capabilities that pose a threat to the stability of the Middle East and beyond. Every country or region controlled or infiltrated by Iran has experienced utter havoc. We have seen this in Yemen, in Gaza, in Syria, in Lebanon, and in Iraq. In fact, we have seen this in Iran itself, where the regime has lost its people and is suppressing them brutally.

Iran has spread hatred, terror, and suffering throughout the Middle East and beyond, adding fuel to the disastrous fire and suffering in Ukraine. Iran is the only nation on the planet publicly calling, plotting, and developing means to annihilate another nation, a member of the family of nations, the State of Israel.

Israel has no border with Iran. Israel has no resources contested by Iran. Israel has no conflict with the Iranian people. Yet, the Iranian regime, together with its proxies throughout the Middle East, is aiming and working toward destroying the State of Israel, killing the Jews, and challenging the entire free world.

Allowing Iran to become a nuclear threshold state, whether by omission or by diplomatic commission, is unacceptable.

The world cannot remain indifferent to the Iranian regime's call to wipe Israel off the map. Tolerating this call, and Iran's measures to realize it, is an inexcusable moral collapse.

Backed by the free world, Israel and the United States must act forcefully together to prevent Iran's fundamental threat to international security.

I am here to reiterate what every Israeli leader has declared for decades: The State of Israel is determined to prevent Iran from acquiring nuclear weapon capabilities.

We are proud to be the United States' closest partner and friend. We are grateful to the United States for the necessary means you have provided us to keep our qualitative military edge and to allow us to defend ourselves by ourselves. This reflects your ongoing commitment to Israel's security.

We are also tremendously proud that ours is a two-way alliance in which Israel has been making critical contributions to the national security and interests of the United States of America in numerous ways.

Thank you, dear Members of Congress, for your support of Israel throughout history and at this critical moment in time.

Mr. Speaker, there is no question that the peace which the United States brokered between Israel and its neighbors has revolutionized the Middle East.

The historic peace treaties with the Arab Republic of Egypt and the Hashemite Kingdom of Jordan have demonstrated the many blessings of opting out of the cycle of war. Both Jordan and Egypt have contributed tremendously to solidifying the precious peace and enhancing our region's stability and well-being.

Three years ago, the Abraham Accords realigned our imaginations, our nation, and our region. Israel eagerly welcomed the United Arab Emirates, the Kingdom of Bahrain, and the Kingdom of Morocco into an exclusive, warm peace between our peoples.

Since signing the accords, over 1 million Israelis have visited the Abraham nations, a clear expression of our will to become integrated in the region. This is a peace anchored in trust, hope, and prosperity, a true game changer.

Each of these historic agreements, which have altered the trajectory of the Middle East, was facilitated by our greatest friend, the United States of America.

Israel's hand is extended and our heart is open to any partner in peace, near or far. Israel thanks the United States for working toward establishing peaceful relations between Israel and the Kingdom of Saudi Arabia, a leading nation in the region and in the Muslim world. We pray for this moment to come. This would be a huge sea change in the course of history in the Middle East and the world at large.

Mr. Speaker, my deep yearning is for Israel to one day make peace with our Palestinian neighbors.

Over the years, Israel has taken bold steps toward peace and made far-reaching proposals to our Palestinian neighbors. However, true peace cannot be anchored in violence. Notwithstanding the deep political differences and the numerous challenges that surround the Israeli-Palestinian conflict and relations—and I do not ignore them—but it should be clear that one cannot talk about peace while condoning or legitimizing terror, implicitly or explicitly. True peace cannot be anchored in violence.

Palestinian terror against Israel or Israelis undermines any possibility for a future of peace between our peoples.

Israelis are targeted while waiting for buses, while taking a stroll on the promenade, while spending time with their family. At the same time, successful terror attacks are celebrated, terrorists are glorified, and their families are financially rewarded for every Israeli they attack. This is inconceivable. It is a moral disgrace.

Terror is not a bump in the road. Terror is hatred and bloodshed. It contradicts humanity's most basic principles of peace. Israel cannot and will not tolerate terror, and we know that in this we are joined by the United States of America.

Two Israeli officers, Oron Shaul and Hadar Goldin, and two civilians, Hisham al-Sayed and Avera Mengistu, are being held hostage by Hamas for years for the sole purpose of torturing the families they left behind.

Lieutenant Hadar Goldin was abducted in violation of a U.N.-sponsored humanitarian cease-fire negotiated by the United States. His family has been fighting for 9 years to bring him home. I asked Hadar Goldin's mother, Leah, to be with us here today. We pray for her son's return, as well as the three other Israelis'.

We pray for the fulfillment of Isaiah's prophecy: ''Nation shall not take up sword against nation; neither shall they know war anymore.''

The younger generation of Israelis and Palestinians deserve better. They are all worthy of a future to look towards, a future of peace and prosperity, and a future of hope. I am wholeheartedly committed to this vision, a vision of hope and peace—true peace—without any terror.

Mr. Speaker, dear friends, the sacred bond we share is unique in scope and

quality because it is based on values that reach across generations, across administrations, and across governments and coalitions, carrying us through times of turmoil and elation.

One hundred sixty years ago, it was President Abraham Lincoln who spoke of the dream to restore the Jews to their national home as one shared by many Americans.

The inscription on Philadelphia's Liberty Bell articulates the Hebrew Bible's code of ethics: ''Proclaim liberty throughout all the land unto all the inhabitants thereof.''

This verse from Leviticus, shining through the crack of the Liberty Bell, underscores the principles that fuel the American Dream. These words have bound our nations through the ages. Coming together today in this Chamber of liberty and freedom, we are all realizing the hopes of our founding fathers and mothers.

We are very proud—so very proud—of the true friendship we have forged. It is a mutually beneficial partnership that has withstood challenges and weathered great disagreements because it is based not on uniformity of approach but on the ultimate currency of trust. It is not dependent upon operating in harmony, but on the history we share, on the truths we cherish, and on the values we embody.

This partnership is based also on similarities and the affinity between our peoples, the courageous immigrants and the trailblazing pioneers.

It is rooted deep in our respective Declarations of Independence. In the American Declaration of Independence, the Founders appealed to the Supreme Judge of the World. In the Israeli Declaration of Independence, influenced by America's, our founders placed their trust in the Rock of Israel, Tsur Yisrael.

The revered American Jewish spiritual leader, Rabbi Abraham Joshua Heschel, embodied the bridge between our peoples and the story of American Jewry. After escaping from the Holocaust, Rabbi Heschel publicly advocated interfaith dialogue. He fought for civil liberties in America and marched alongside Reverend Dr. Martin Luther King, Jr., in the historic march from Selma to Montgomery in March of 1965.

Rabbi Heschel wrote: ''To be is to stand for.''

''To be is to stand for.''

I am so pleased to have his daughter, Professor Susannah Heschel of Dartmouth, join us here today. Thank you, Susannah.

Susannah, your father reminds us that the principles we defend make us what we are.

Ultimately, Israel and the United States stand—and, indeed, have always stood—for the same values. Our two nations are both diverse, life-affirming societies that stand for liberty, equality, and freedom. At our core, both our peoples seek to repair the cracks in our world.

Having said this, I am well aware that our world is changing. A new generation of Israelis and Americans are assuming leadership roles. They are a generation that was not privy to the hardship of Israel's formative years, a generation that is less engaged in the roots that connect our peoples, and a generation that, perhaps, takes for granted the U.S.-Israel relationship.

Yet, at this moment I am optimistic because to me it is clear that the shift in generations does not reflect changing values, nor does it indicate changes in our interests. When the United States is strong, Israel is stronger, and when Israel is strong, the United States is more secure.

Today, my dear friends, we are provided the opportunity to reaffirm and redefine the future of our relationship. Each of us here has a decisive role in the future we are building.

Many of the challenges Israel and the United States face are similar. We are all experiencing a tumultuous shift in balance evident in countless areas: geopolitical unrest, big power competition, catastrophic war in Ukraine, pandemics, climate crisis, the unknown of artificial intelligence, energy shortages, food insecurity, scarcity of water and desertification, global terror, social polarization, and the attempts to destabilize democracy.

Each of these challenges presents an opportunity to seek out solutions together which will benefit the global community. Israel has the ability to contribute in a unique and significant fashion to addressing these challenges. Israel and the United States are world leaders in aiding countries whose peoples have suffered. Our collaborative capabilities, coupled with our mutually beneficial partnership, are the key to the future of our children.

To us, it is clear that America is irreplaceable to Israel, and Israel is irreplaceable to America. It is time to design the next stage of our evolving friendship and our growing partnership together.

So let's do it together, ladies and gentlemen. Let's elevate our partnership to new levels.

Mr. Speaker, I am not oblivious to criticism among friends, including some expressed by respected Members of this House. I respect criticism, especially from friends, although one does not always have to accept it.

However, criticism of Israel must not cross the line into negation of the State of Israel's right to exist. Questioning the Jewish people's right to self-determination is not legitimate democracy. It is anti-Semitism. Vilifying and attacking Jews, whether in Israel, in the United States, or anywhere else in the world, is anti-Semitism.

Anti-Semitism is a disgrace in every form, and I commend President Joe Biden for laying out the United States' first ever National Strategy to Combat Anti-Semitism.

Dear friends, it is no secret that over the past few months the Israeli people have engaged in a heated and painful debate. We have been immersed in voicing our differences and revisiting and renegotiating the balance of our institutional powers in the absence of a written constitution.

In practice, the intense debate going on back home, even as we speak, is the clearest tribute to the fortitude of Israel's democracy.

Israel's democracy has always been based on free and fair elections, on honoring the people's choice, on safeguarding minority rights, on protection of human and civil liberties, and on a strong and independent judiciary.

Our democracy is also 120 members of Knesset comprised of Jews, Muslims, Christians, or Druze representing every opinion under the Israeli Sun working and debating side by side.

Our democracy is also late Friday afternoon, when the sound of the Muezzin calling to prayer blends with the siren announcing the Sabbath in Jerusalem while one of the largest and most impressive LGBTQ Pride parades in the world is going on in Tel Aviv.

Our democracy is also reflected in protesters taking to the streets all across the country to emphatically raise their voices and fervently demonstrate their points of view. Our democracy is the blue and white Israeli flag waved and loved fervently taking part in the debate.

I am well aware of the imperfections of Israeli democracy, and I am conscious of the questions posed by our greatest of friends. The momentous debate in Israel is painful and deeply unnerving because it highlights the cracks within the whole.

As President of Israel, I am here to tell the American people and each of you that I have great confidence in Israeli democracy. Although we are working through sore issues, just like you, I know our democracy is strong and resilient. Israel has democracy in its DNA.

I am deeply mindful of the challenge which this moment presents to Israeli society, and I have made it the priority of my Presidency to play a leading role in this critical and emotional public discussion.

I will say to you, dear friends, in English what I have said to my people, my sisters and brothers, in Hebrew back home.

As a Nation, we must find a way to talk to each other, no matter how long it takes. As Head of State, I will continue doing everything to reach broad public consensus and to preserve, protect, and defend the State of Israel's democracy.

Dear friends, for so many Israelis, this very public debate is also very personal. It is now a little after 6 p.m. in Israel. They will soon sit down to dinner, together, beside family or friends, with whom they may severely disagree, but they are and they will always remain family.

Israel and the United States will inevitably disagree on many matters, but we will always remain family.

Our evolutionary societies have so much to give to the world and so much

to learn from each other. Our bond may be challenged at times, but it is absolutely unbreakable.

The Israeli national anthem, ''Hatikva,'' is a song of hope. The late Rabbi Lord Jonathan Sacks wrote that in Judaism, hope is an active virtue, which requires a great deal of courage.

Hope is the belief that together we can make the world better, that we can overcome any setbacks and heal the fractures in our world.

Israel's first 75 years were rooted in an ancient dream. Let us base our next 75 years on hope, our shared hope, that we can heal our fractured world as the closest of allies and friends.

Thank you, Members of both Houses, for celebrating Israel's independence. ''Am Yisrael Chai.'' ''The people of Israel Live.'' God bless the State of Israel, and God bless the United States of America.

(Applause, the Members rising.)

At 11 o'clock and 53 minutes a.m., His Excellency Isaac Herzog, President of the State of Israel, accompanied by the committee of escort, retired from the Hall of the House of Representatives.

The Assistant to the Sergeant at Arms escorted the invited guests from the Chamber.

JOINT MEETING DISSOLVED

The SPEAKER. The purpose of the joint meeting having been completed, the Chair declares the joint meeting of the two Houses now dissolved.

Accordingly (at 11 o'clock and 54 minutes a.m.), the joint meeting of the two Houses was dissolved.

The Members of the Senate retired to their Chamber.

The SPEAKER. The House will continue in recess subject to the call of the Chair.

□ 1236

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. D'ESPOSITO) at 12 o'clock and 36 minutes p.m.

PRINTING OF PROCEEDINGS HAD DURING RECESS

Mr. GRAVES of Missouri. Mr. Speaker, I ask unanimous consent that the proceedings had during the recess be printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Missouri?

There was no objection.

SECURING GROWTH AND ROBUST LEADERSHIP IN AMERICAN AVIATION ACT

GENERAL LEAVE

Mr. GRAVES of Missouri. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous materials on H.R. 3935.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Missouri?

There was no objection.

The SPEAKER pro tempore. Pursuant to House Resolution 597 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the consideration of the bill, H.R. 3935.

The Chair appoints the gentleman from New York (Mr. GARBARINO) to preside over the Committee of the Whole.

□ 1238

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 3935) to amend title 49, United States Code, to reauthorize and improve the Federal Aviation Administration and other civil aviation programs, and for other purposes, with Mr. GARBARINO in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

General debate shall be confined to the bill and shall not exceed 1 hour equally divided and controlled by the chair and ranking minority member on the Committee on Transportation and Infrastructure or their respective designees.

The gentleman from Missouri (Mr. GRAVES) and the gentleman from Washington (Mr. LARSEN) each will control 30 minutes.

The Chair recognizes the gentleman from Missouri (Mr. GRAVES).

Mr. GRAVES of Missouri. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, is a bipartisan bill to reauthorize the Federal Aviation Administration and the Nation's aviation safety and infrastructure program for the next 5 years.

I thank Transportation and Infrastructure Committee Ranking Member RICK LARSEN, Aviation Subcommittee Chairman GARRET GRAVES, and Aviation Subcommittee Ranking Member STEVE COHEN for working with me to develop and introduce this legislation.

For over a century, the United States has led the world in aviation safety and innovation. Unfortunately, our gold standard status is being threatened by increasing global competition, by rapid developments in technology, a shortage of aviation professionals, and the inefficiencies and lack of leadership in the FAA.

H.R. 3935 is critical to keeping America a global leader in aviation. It is vital to our economy, to millions of American jobs, and to the 850 million passengers that depend on our National Airspace System every single year.

If Congress fails to act on a new long-term aviation measure by September 30, when the current FAA law expires, key aviation programs will cease to function.

H.R. 3935 provides the necessary long-term certainty that is demanded by both the civil aviation system and the aviation community to guarantee its safety and prosperity for decades to come.

This bill not only improves FAA's efficiency through reasonable organizational changes but makes the agency more agile while simultaneously prioritizing safety each step of the way.

The FAA is simply too slow in everything it does, from rulemaking to aircraft registrations and from certifications to just simple paperwork.

This bill ensures robust investment in infrastructure for airports of all sizes, including the thousands of smaller and general aviation airports that make up the bulk of our aviation system.

I am proud to say our bill includes the first ever General Aviation title in the FAA reauthorization bill. GA is the foundation to our civil aviation system. It is where many of our pilots, mechanics, and other aviation professionals begin their careers, gaining valuable experience along their journey in the aviation industry.

This bill recognizes the importance of GA and protects the freedom to fly for every American.

As previously mentioned, growing shortages across the aerospace workforce are a true threat to the future of American aviation.

H.R. 3935 addresses workforce challenges head-on by removing barriers to entry for individuals and veterans interested in pursuing careers in aviation, such as through the CAREER Program.

Bottom line, our bill encourages growth in the aviation workforce through meaningful reforms, the most meaningful in decades.

What is more, H.R. 3935 maintains American leadership when it comes to the development and integration of new and emerging technologies into the airspace, such as drones and Advanced Air Mobility.

Specifically, this bill requires the FAA to stop endless testing and pilot programs that go nowhere to integrate innovation, such as drones and AAM into the National Airspace System.

As air travel recovers from the COVID pandemic, renewed growth in air travel has come with some difficulties, obviously, for the traveling public. Our bipartisan bill includes an entire title dedicated to improving the flying experience for the traveling public, an issue that each of our offices hear about from constituents probably on a daily basis.

Finally, and most importantly, the bill recognizes that while our aviation system is safe, we must continue to raise the bar for safety. As such, this

bill includes a number of safety-focused provisions to ensure that America continues to be the world's gold standard in aviation safety.

One of the most important safety features of this bill is a title for 5-year reauthorization of the National Transportation Safety Board, the NTSB. It is this independent Federal agency that investigates all civil aviation accidents and transportation accidents throughout this sector.

I believe the Securing Growth and Robust Leadership in American Aviation Act is one of the most important pieces of legislation this body is going to consider in the 118th Congress.

This bill is vital to America's airport infrastructure, to our economy, and to the future of American leadership in aviation.

Mr. Chair, I urge my colleagues to support this legislation, and I reserve the balance of my time.

HOUSE OF REPRESENTATIVES, COMMITTEE ON SCIENCE, SPACE, AND TECHNOLOGY,
Washington, DC, July 6, 2023.

Hon. SAM GRAVES,
Chairman, Committee on Transportation and Infrastructure, House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: I am writing concerning H.R. 3935, the ''Securing Growth and Robust Leadership in American Aviation Act,'' which was introduced on June 9, 2023.

H.R. 3935 contains provisions within the Committee on Science, Space, and Technology's Rule X jurisdiction. As a result of your having consulted with the Committee and to expedite this bill for floor consideration, the Committee on Science, Space, and Technology will forego action on the bill. This is done based on our mutual understanding that doing so will in no way diminish or alter the jurisdiction of the Committee on Science, Space, and Technology nor is it a waiver of any future jurisdictional claim over subject matter contained in this bill or in similar legislation.

I would appreciate your response to this letter confirming this understanding and would request that you include a copy of this letter and your response in the committee report and in the Congressional Record during the floor consideration of this bill. Finally, I ask that you support the appointment of Science Committee conferees during any House-Senate conference convened on this legislation. Thank you in advance for your cooperation.

Sincerely,

FRANK D. LUCAS,
Chairman.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,
Washington, DC, July 7, 2023.

Hon. FRANK D. LUCAS,
Chairman, Committee on Science, Space, and Technology, House of Representatives, Washington, DC.

DEAR CHAIRMAN LUCAS: I write to you concerning H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, which was introduced on June 9, 2023, and solely referred to the Committee on Transportation and Infrastructure.

I appreciate you agreeing to withdraw your request for a sequential referral of H.R. 3935, so that the bill may be considered expeditiously. I acknowledge that forgoing your referral claim now does not waive the right to jurisdictional claims in the future on subject matter contained in this bill or similar legislation. Further, I will appropriately consult and involve the Committee on Science, Space, and Technology as the bill moves forward on issues that fall within your Rule X jurisdiction. In addition, should a conference on the bill be necessary, I would support your request to have the Committee on Science, Space, and Technology represented on the conference committee.

Finally, I will include a copy of our letter exchange in the Committee Report and the Congressional Record when the bill is considered on the House floor.

Thank you again for your cooperation.

Sincerely,

SAM GRAVES,
Chairman, Committee on Transportation and Infrastructure.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,
Washington, DC, July 7, 2023.

Hon. FRANK D. LUCAS,
Chairman, Committee on Science, Space, and Technology, House of Representatives, Washington, DC.

DEAR CHAIRMAN LUCAS: I write to you concerning H.R. 3559, the FAA Research and Development Act of 2023. The bill was referred primarily to the Committee on Science, Space, and Technology, with an additional referral to the Committee on Transportation and Infrastructure. Specifically, provisions of H.R. 3559 fall within the Rule X jurisdiction of the Committee on Transportation and Infrastructure.

I recognize and appreciate your desire to bring this legislation before the House of Representatives in an expeditious manner, and accordingly, the Committee on Transportation and Infrastructure will forgo action on the bill. However, this is conditional on our mutual understanding that doing so will not prejudice the Committee on Transportation and Infrastructure with respect to the appointment of conferees or to any future jurisdictional claim over the subject matter contained within the bill or similar legislation that falls under the Committee on Transportation and Infrastructure's Rule X jurisdiction. Further, should a conference on the bill be necessary, I appreciate your agreement to support my request to have the Committee represented on the conference committee.

Finally, I would ask that a copy of this letter and your response acknowledging our jurisdictional interest in the bill be included in the Committee Report and Congressional Record during consideration of H.R. 3559 on the House floor.

Sincerely,

SAM GRAVES,
Chairman, Committee on Transportation and Infrastructure.

HOUSE OF REPRESENTATIVES, COMMITTEE ON SCIENCE, SPACE, AND TECHNOLOGY,
Washington, DC, July 10, 2023.

Hon. SAM GRAVES,
Chairman, Committee on Transportation and Infrastructure, House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: Thank you for your letter regarding H.R. 3559. the ''FAA Research and Development Act of 2023,'' which was referred initially to the Committee on Science, Space, and Technology and sequentially to the Committee on Transportation and Infrastructure.

I appreciate your willingness to work cooperatively on this bill. I recognize that the Committee on Transportation and Infrastructure has a valid jurisdictional interest in certain provisions of H.R. 3559, and that the Committee's jurisdiction should not be adversely affected by your decision to forego formal consideration of H.R. 3559. As you have requested, I will support your request for an appropriate appointment of outside conferees from your committee in the event of a House-Senate conference on this or similar legislation should such a conference be convened.

Finally, I will include a copy of your letter and this response in the Committee Report and in the Congressional Record during the floor consideration of this bill. Thank you again for your cooperation.

Sincerely,

FRANK D. LUCAS,
Chairman.

Mr. LARSEN of Washington. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, I rise in support of H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, introduced by T&I Committee Chair GRAVES, Aviation Subcommittee Chair GRAVES, Ranking Member COHEN, and myself.

I extend my thanks to the chairman of the full committee, SAM GRAVES of Missouri, and the Subcommittee Chair GARRET GRAVES of Louisiana, for their commitment to a bipartisan effort done in good faith to get this bill done that protects the flying public and secures the future of the U.S. aviation system.

In my home State of Washington, the aviation sector is a powerful economic engine that creates good-paying jobs and supports local communities in the Pacific Northwest.

This bill delivers for my constituents as well as for all Americans across the country. It advances American leadership in aviation safety and innovation, strengthens and diversifies our aviation workforce, expands consumer protections and accessibility, and fosters environmental sustainability in aviation.

□ 1245

Although the U.S. aviation system is the safest in the world, the last few years have shown there is still work to do. The rise in runway near misses at some U.S. airports expose a vulnerability for the flying public. This reauthorization will help prevent these events by expanding ground surveillance and detection capabilities to all large and medium hub U.S. airports.

Further, unruly passengers continue to pose a threat to flight crews and other frontline workers. This bill better protects workers by creating a task force on preventing assaults against airline personnel and enforcing a requirement that airlines establish employee assault and response plans.

Recent flight cancellations and delays have shaken the confidence of passengers in the U.S. aviation system. To get us back on the right course, this reauthorization requires airlines to create resiliency plans to address mass flight disruptions. It also takes steps to make passengers whole by requiring airlines to develop policies to cover food and hotel expenses due to flight disruptions.

The bill also supports the administration's push for family seating by requiring airlines to establish policies allowing passengers to sit next to their young children if adjacent seats are available.

For too long, passengers with disabilities have experienced inexcusable barriers in air travel from challenges with boarding the aircraft and inaccessible onboard lavatories, to damaged and mishandled wheelchairs and mobility aids.

This bill paves the way for safer and more dignified air travel for this particular community by directing the DOT to create a roadmap for airlines to reduce damage to mobility aids and to improve training for airline personnel and contractors on assisting passengers with disabilities.

Climate change is a growing threat to millions of Americans and the infrastructure we rely on. This bill makes groundbreaking investments in sustainability, increasing Federal funding for the Airport Improvement Program from $3.35 billion to $4 billion and dedicating a minimum of $150 million to airport environmental and noise programs.

It also allows U.S. airports to use these funds for alternative fuel infrastructure and environmental resiliency projects and works to mitigate the impacts of aviation noise on local communities.

It directs the FAA to review and revise Federal aviation noise standards and to seek feedback from neighboring communities as well. Furthermore, the bill requires the FAA to take certain actions to reduce undesirable aircraft noise when implementing or revising a flight procedure. These actions build the foundation for a cleaner future for our aviation ecosystem.

To secure American leadership in aerospace innovation, we must provide a clear and predictable framework for emerging industries to scale safely while ensuring the needs of communities are addressed.

From drones to electric or hydrogen-powered aircraft, advanced aviation technologies have clear economic and societal benefits.

In Washington State, drones will soon be used to deliver critical medical supplies in the Tacoma area, helping to reduce barriers to care for patients. This reauthorization also requires the FAA to issue proposed rules for drones to safely scale in this country, providing regulatory certainty to a growing sector, ensuring their safe integration into our skies, and creating U.S. jobs.

It will also help State, local, and Tribal governments acquire drones for infrastructure inspection and repair to help workers do their jobs more safely. It also extends a program that I championed to fund State and community efforts to plan for a future with advanced air mobility operations and infrastructure.

Our talented and dedicated U.S. workforce is the backbone of American aviation and makes the Nation's leadership in aviation safety and innovation possible.

This reauthorization is a jobs bill. It helps build the economy from the middle out and bottom up and diversifies the aviation workforce, recognizing how critical that effort is to our Nation's long-term economic success.

It makes robust investments in the FAA's aviation workforce development program to upskill the next generation of pilots, maintenance technicians, manufacturing workers, and other critical professions.

This will help local businesses, like Aviation Technical Services in Everett, Washington, to expand their apprenticeship and training programs and compete in the rapidly evolving global aviation sector.

The bill also creates the Willa Brown Aviation Education Program and establishes a National Center for the Advancement of Aerospace to support and promote aviation workforce development opportunities for everyone.

Crucially, it requires the FAA to hire the maximum number of air traffic controllers, as well as to adopt the most appropriate controller staffing model to meet growing airspace needs.

I will spend my final bit of comments on the Disadvantaged Business Enterprise program. This bill also reaffirms and strengthens the U.S. Department of Transportation's DBE program. As we increase investment under this bill and dedicate Federal dollars to airport projects, it is imperative that we ensure the process of awarding Federal transportation contract dollars allows for full participation on a level playing field by minority-owned and women-owned businesses.

The committee has accumulated evidence attesting to systemic discrimination that women and minorities face in attempts to establish, grow, and operate construction businesses, including those seeking contracts for airport construction projects and airport concessions across the country.

This evidence includes testimony at a hearing titled: ''Driving Equity: The U.S. Department of Transportation's Disadvantaged Business Enterprise Program'' held on September 23, 2020, since the passage of the last bill.

We have received and reviewed disparity studies, testimony, and other evidence, including statistical analyses containing numerous disparity studies conducted since 2018, the Department of Justice ''Report on Lawful Uses of Race or Sex in Federal Contracting Programs,'' and the DOT's own report on DBE goal attainment. These studies and reports continue to demonstrate that race- and gender-neutral efforts alone are insufficient to address the problem.

The evidence demonstrates that discrimination across the U.S. poses an injurious and enduring barrier to full and fair participation in airport-related businesses of women businessowners and minority businessowners and has negatively affected firm formation, development and success in many aspects of airport-related businesses in public and private markets.

The evidence provides a clear picture of the inequality caused by this discrimination that continues to plague our Nation and a strong basis that there is a compelling need for the continuation of the Disadvantaged Business Enterprise Program to address race and gender discrimination in airport-related businesses.

Mr. Chair, I include in the RECORD 65 studies and reports spanning communities in 25 States showing significant disparity between the use of DBE and non-DBE subcontractors. The full text of each report is held on file electronically with the Committee on Transportation and Infrastructure.

[July 19, 2023]

Mr. Speaker, I include in the Record evidence received by the Committee on Transportation and Infrastructure on the compelling need for the continuation of the Disadvantaged Business Enterprise (DBE) program.

This statistical evidence includes 64 disparity studies conducted in 25 states since 2018, showing significant disparities between the use of DBE and non-DBE subcontractors in publicly financed, airport-related construction and concession contracting and in publicly financed, non-airport construction contracting that involves many of the same types of subcontracting opportunities available on airport projects.

The submission also includes reports prepared for and by the U.S. Department of Justice (DOJ) and the U.S. Department of Commerce, including a report analyzing over 200 disparity studies produced by state and local government agencies between 2010 and 2021 and other evidence related to disparities faced by minority business enterprises in public and private contracting markets; and DOJ's 2022 survey of evidence documenting the compelling interest to remedy the effects of discrimination in government contracting.

This evidence demonstrates a strong basis that there is a compelling need for the continuation of the Disadvantaged Business Enterprise and Airport Concession Disadvantaged Business Enterprise programs to address race and gender discrimination in airport-related business.

The full text of each study and report is held on file electronically with the Committee on Transportation and Infrastructure.

The Compelling Interest to Remedy the Effects of Discrimination in Federal Contracting: A Survey of Recent Evidence, U.S. Department of Justice (2022). [See also FR Doc. 2022–01478]

Jon Wainwright, Report of Defendant's Expert, submitted in Ultima Services Corp. v. Dept. of Agriculture, Case No. 2:20–CV–00041.

Update to the Assessment of Contracting Outcomes for Small Disadvantaged Businesses, Prepared by the Minority Business Development Agency of the U.S. Department of Commerce (2022).

Mr. LARSEN of Washington. The Securing Growth and Robust Leadership in American Aviation Act is a long-term, comprehensive, and bipartisan reauthorization that cements a safer, cleaner, greener, more innovative and accessible future for the U.S. aviation system.

I will end my opening comments by again thanking Chair SAM GRAVES and Subcommittee Chair GARRET GRAVES for making sure that they are reaching out to the Democratic side of the aisle to ensure that we could have a bipartisan and collaborative bill put together. I thank Subcommittee Ranking Member COHEN for his leadership as ranking member of the Subcommittee on Aviation, and for all of the staff for their hard work, as well.

Particularly, I thank the minority staff of the Subcommittee on Aviation: staff director, Brian Bell; professional staff, Alex Menardy; counsel, Adam Weiss; and our FAA detailee, Liz Forro, for the hard work and the countless hours they have spent crafting this legislation with their majority counterparts.

Mr. Chair, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Chair, I yield 5 minutes to the gentleman

from Louisiana (Mr. GRAVES), the chair of the Subcommittee on Aviation.

Mr. GRAVES of Louisiana. Mr. Chairman, this legislation reflects the input of Members of Congress, of the flying public, and stakeholders to the tune of over 2,000 unique submissions that we processed, that we put together. Ultimately, it yields a bill that is in excess of 840 pages.

This legislation is the result of hundreds of meetings and dozens of hearings dating back years. Most importantly, Mr. Chairman, this legislation passed the House Transportation and Infrastructure Committee with unanimous bipartisan support.

This legislation takes important steps in ensuring that we have continuity and consistency within the FAA. It makes fundamental organizational changes, taking a 1970s organization and updating it for today. It establishes a deputy administrator for safety and operations, and an assistant administrator for rulemaking and regulatory improvement. It establishes an Office of Innovation, an FAA ombudsman, and many other important changes in the organizational structure of this antiquated and slow-moving agency.

Mr. Chairman, this legislation is focused on the passenger experience. You can imagine these families traveling and going to satellite parking lots, taking shuttles to airports, trying to check in bags, trying to go through security, dealing with concessionaires at the airport, getting on the airplane, and on the back side, effectively doing it all over again at your destination airport.

We have to have someone who looks at this entire process to ensure that it is consistent, that it is complementary, that it is streamlined. This bill does just that: improving upon that passenger experience; ensuring that we are deploying the best technology, the most updated technology, as quickly as possible; pulling back the veil on air traffic control and other operations that often result in a negative or adverse passenger experience.

Mr. Chairman, this legislation addresses many of the very concerns that we hear from the flying public. We have areas where we have shortages in personnel on the government side or on the private sector side, as the ranking member noted.

We ensure that we incentivize new entrants into this growing workforce, to make sure that we have the pilots, the air traffic controllers, the A&P mechanics, those that are operating new entrants into the market, to ensure that that customer experience is positive.

Mr. Chairman, this legislation also takes significant advances in an area I care a lot about—new entrants into the market. The FAA was really established or set up for a scenario when we had a few airplanes per week that were coming off assembly lines. Now, we are facing a scenario where you are going to have thousands and thousands of unmanned systems that are coming out on a weekly basis. We have to make sure that our regulatory and our statutory environment is one that actually facilitates these new entrants in the market.

Title 7 facilitates these new technologies, everything from allowing for drones to be used for delivery, making decisions on beyond visual line-of-sight, ensuring that we are operating a risk-based framework for safety.

It codifies the part 107 waiver process to ensure that we are standardizing the waiver process and provides transparency. It ensures the designation of critical infrastructure related to drones—something that should have been done, I want to remind my FAA friends, in 2016—and establishes a mandate for that action.

It helps to streamline the environmental process. It clarifies and eliminates burdensome rules regarding the delivery of certain products. It allows for unmanned systems to be used for wildfires, and it includes the DIIG Act for infrastructure inspections.

In the advanced air mobility space, it creates certainty for eVTOL, electric vertical takeoff and landing equipment. It ensures that the process, the notice of the proposed rulemaking that is going through, is completed and provides certainty moving forward.

Mr. Chairman, I am not going to go through everything in this 841-page bill, but I do want to make note that the leader of this bill, the leader of this committee, SAM GRAVES, is the most knowledgeable aviation expert that has ever led this committee. His hand was involved in every page of this legislation. We would not have this great bill without his leadership, without the leadership of our ranking member, RICK LARSEN, who represents a large manufacturing and innovation community, and our ranking member, STEVE COHEN, who represents one of the largest cargo logistics hubs in the world.

I have flown before, so I thank all of the leaders of the committee. I also want to give a shout-out to all the staff. I will go through and name them in a little while.

Mr. Chairman, I urge adoption of this bill.

Mr. LARSEN of Washington. Mr. Chair, I yield 3 minutes to the gentleman from Tennessee (Mr. COHEN).

Mr. COHEN. Mr. Chair, firstly, I would like to go ahead and extend to all the leadership that produced this bill my thanks: Chairman SAM GRAVES, Ranking Member LARSEN, and Subcommittee Chair GARRET GRAVES, our self-professed passenger.

This is an outstanding, bipartisan bill. It is what the American public wants, what it needs, and we need to pass this.

If the House Committee on Transportation was a microcosm of Congress, we would have the highest ratings Congress has ever seen. We worked together on this bill.

As the ranking member of the Subcommittee on Aviation, I appreciate the opportunity to work with this leadership team and the whole committee and the staff to produce this bipartisan bill, which we hope we can pass by the September deadline.

The legislation is vital in the continuity of the U.S. aviation industry. It helps ensure aviation safety, infrastructure, and workforce development programs remain top priorities at such a critical juncture.

Our Nation is bound together by aviation, business and passenger, as well. This legislation addresses several key priorities of mine: improving airport infrastructure investments; enhancing aviation safety; protecting consumers, especially those with disabilities; addressing environmental resiliency; ensuring the safe operation and integration of unmanned aircraft systems and advanced air mobility aircraft; and improving the development of the U.S. aviation workforce, especially in minority communities.

□ 1300

I am especially pleased to see several of my amendments included herein. There is language to assist airports that faced financial adversity due to reclassification from small to medium hubs, including the Memphis International Airport.

There are provisions from the Safe Aviation Flight Enhancement Act that was introduced with my friend from Tennessee (Mr. BURCHETT) to address flight data recovery for aircraft used in extended overwater operations and cockpit voice recorders.

There is language developed with Senator BLUMENTHAL directing the FAA to complete its rulemaking on a minimum seat size, as mandated by our SEAT Act from the 2018 FAA reauthorization law.

There is language developed with Senator LUJÁN regarding aircraft cabin temperature standards.

There are provisions from the Emergency Vacating of Aircraft Cabin Act that was introduced with Senator DUCKWORTH to improve Federal evacuation standards.

The Mobility Aids on Board Improve Lives and Empower All Act that I introduced with Representative STAUBER and Senators DUCKWORTH and THUNE would improve air travel for passengers with disabilities, notably passengers who use wheelchairs and other mobility aids.

The Prioritizing Accountability and Accessibility for Aviation Consumers Act that I introduced with Representative FITZPATRICK and Senators DUCKWORTH and FISCHER is on disabilities, as well.

As you can see, I work with folks from both sides of the aisle and both Houses. That is what we needed to do, and that is why this bill is good and why it is going to pass.

Mr. Chair, the bill also addresses consumer concerns relating to reimbursements when there are significant

delays or canceled flights, family seating, and airport infrastructure resiliency as well as airline operational resiliency plans.

All of the above are steps in the right direction to not only protect and accommodate passengers with equity in mind but also to ensure the longevity of the U.S. aviation industry.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 4 minutes to the gentleman from Oklahoma (Mr. LUCAS), the chairman of the Science, Space, and Technology Committee.

Mr. LUCAS. Mr. Chairman, I thank Mr. GRAVES and Ranking Member LARSEN for putting together a solid bipartisan bill to reauthorize the Federal Aviation Administration.

I am here to discuss how this legislation addresses FAA's research, development, and engineering activities that are within the jurisdiction of the Science, Space, and Technology Committee.

Our role in the FAA reauthorization is to inform the process by crafting legislation that supports R&D to advance American aviation. Our goal with the bill was to support smart, strategic work to promote innovation and keep America the global leader in aviation. That leadership is critical to our national security and our international competitiveness.

For our economy to thrive, we need the ability to transport people and goods quickly, safely, and efficiently. Staying competitive means staying at the leading edge of aviation innovation.

With that in mind, last month, the Science, Space, and Technology Committee unanimously passed H.R. 3559, the FAA Research and Development Act of 2023. That bill, which has been incorporated into the legislation before us today, is the product of months of work within regular order.

We gathered extensive feedback and held a legislative hearing to give our members a chance to directly question stakeholders, industry, and FAA representatives on how best to support innovation and modernization in American aviation.

The result is comprehensive legislation that quite literally supports aviation from the ground up, from the durability of our runways to how we monitor traffic over oceans and remote areas. It accelerates the development of advanced materials for aerospace vehicle construction and supports research into how more accurately to predict the weather to reduce delays and increase safety.

Importantly, it ensures that safety continues to be the primary focus of FAA research and development by requiring a report on whether at least 70 percent of FAA R&D funds are going toward improved safety.

In short, we have put together a solid framework to support FAA's research work, one that is appropriately tailored to FAA's jurisdiction and strengths.

With this legislation, we are ensuring that America remains the global leader in aviation for years to come.

Mr. Chair, I thank Ranking Member ZOE LOFGREN for working with me in good faith to develop the R&D portion of this legislation. I thank Chairman GRAVES and Ranking Member LARSEN for incorporating our work into this package.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentlewoman from Nevada (Ms. TITUS).

Ms. TITUS. Mr. Chairman, as a member of the Aviation Subcommittee and co-chair of the bipartisan Congressional Unmanned Systems Caucus, I support the FAA reauthorization bill that passed unanimously out of the Transportation and Infrastructure Committee just weeks ago. It includes provisions that will benefit all the airports in Nevada's First District, and it will remove regulatory hurdles for drones so they can be used commercially, for search and rescue, and for fire detection and suppression.

Furthermore, my district, which is one of the world's top travel destinations, welcomes visitors from all backgrounds and abilities. I am proud to say that this bill includes provisions from the Air Carrier Access Amendments Act. This was an act previously introduced by my good friend, former Representative Jim Langevin. It will protect the rights of disabled passengers by establishing aircraft accessibility standards and setting a timeline for DOT to investigate and respond to disability-related complaints.

Mr. Chair, I thank Chairman GRAVES, Ranking Member LARSEN, Aviation Subcommittee Ranking Member COHEN, and Chairman GRAVES for their hard work and cooperation on this bill, as well as Chairman VAN DREW, the Paralyzed Veterans of America, and the airlines for their collaboration on the disability provisions.

Mr. Chair, I urge passage of this bill.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 3 minutes to the gentleman from New York (Mr. D'ESPOSITO).

Mr. D'ESPOSITO. Mr. Chair, I rise today in strong support of the bipartisan Federal Aviation Administration reauthorization plan that is currently being advanced through this House.

This sweeping package, outlined in H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, will ensure the FAA has the tools necessary to safeguard air travel throughout the United States and support our Nation's extensive air-based logistics networks.

As a New Yorker, I understand the importance of the FAA to our State's vast network of airports and how intertwined our economic success is to the free flow of goods via air travel. That is why, as a member of the House Committee on Transportation and Infrastructure, I have been working tirelessly to ensure my Long Island neighbors saw palpable benefits in the FAA reauthorization package and that the plan protected local jobs on Long Island.

Chief among my priorities that is included in the present plan is preserving scores of air traffic controller jobs at the FAA's N90 TRACON facility located within my congressional district. I am proud that these good-paying, union jobs will be preserved on Long Island and will not be moved to other States, as was previously planned.

Not only are we preserving jobs, but this bipartisan plan includes provisions I have been advocating for that support the aviation workforce. This legislation includes important language from the Aviation Workforce Development Act, of which I am a cosponsor, as well as a provision for air traffic controller mandatory staffing targets. Providing the tools and manpower to our air traffic controllers to help them do their jobs will prevent flight delays and enhance the reliability of air travel within the United States.

This bill also includes noise abatement strategies for communities near airports, a request of mine and the constituents who I represent.

The team that has been working on this crucial legislation has made security of air travel a priority and included several provisions under that front. Two that I have personally been advocating for include ''Zero tolerance for near misses, runway incursions, and surface safety risks,'' as well as provisions that support the implementation of secondary cockpit barriers to protect pilots.

Mr. Chair, the list goes on. I am proud that included in this package is the language from a bill I introduced to promote domestic drone production here in the United States. This is a key legislative priority of mine that will create American manufacturing jobs and decouple the drone industry from our adversaries like China.

In addition to all of these great inclusions in the bill is a sweeping set of proposals intended to support the passenger experience, improve airport infrastructure across the country, and address environmental concerns, including implementing noise abatement strategies for communities near airports.

The FAA reauthorization plan is a win for the United States of America, a win for Americans, a win for New Yorkers, and a win for those who call Long Island home. It is also a win for those who rely on air travel throughout this country.

Mr. Chair, I am proud of this plan, and I urge all of my colleagues to unite behind it.

Mr. LARSEN of Washington. Mr. Chairman, I yield 1½ minutes to the gentleman from Arizona (Mr. STANTON).

Mr. STANTON. Mr. Chairman, Chairman GRAVES and Ranking Member LARSEN are a great model of bipartisanship that we can learn a lot from in this institution. I thank them for their

leadership in crafting a strong, bipartisan FAA bill.

Air travel can be stressful, but for those with disabilities, it can be a nightmare. It is the only mode of public transportation that requires one to surrender their mobility devices before boarding and to place their trust in others to get safely to their seats.

This bill takes meaningful steps—many I was proud to help lead on—to improve the flying experience for passengers with disabilities, including our disabled veterans.

It directs the Department of Transportation to gather data on disability-related complaints and make meaningful improvements based on that data.

It improves training for employees that assist passengers with boarding and deplaning, as well as those who handle mobility devices.

It requires airlines to issue refunds to those who are unable to travel when their wheelchair cannot be physically accommodated.

Finally, it includes my amendment to make sure passengers traveling with a personal care attendant are not charged extra for seating accommodations.

Mr. Chair, we still have a long way to go before air travel is fully accessible, but the steps we have taken in this bill are commonsense, necessary fixes that make significant progress.

Mr. Chair, I urge my colleagues to support this bill.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 2 minutes to the gentleman from New York (Mr. MOLINARO).

Mr. MOLINARO. Mr. Chairman, I extend my thanks and appreciation to Chairman SAM GRAVES, the Aviation Subcommittee Chairman GARRET GRAVES, and Ranking Member LARSEN for bringing together, through hearings, countless meetings, and 2 days of markup, a tremendous bipartisan piece of legislation meant to improve American aviation and grow American jobs.

I am grateful that there are nine of my legislative priorities found within the bill, and I will identify just a couple.

The Access and Dignity for All People Who Travel Act, which I was proud to lead, ensures those with disabilities who need special accommodations will receive them. Too often, those with disabilities and their special accommodations are ignored. This bill will ensure that right is protected.

Another bill that is included is the Future of Aviation Act, which allows public airports that receive AIP funds to use those moneys on infrastructure for the use of advanced air mobility, including eVTOLs, electric aircraft charging, and further building out airport infrastructure.

The future of aviation is upon us, and aviation, as we know, is quickly evolving. Having overseen one of New York's busiest general airports and now representing several regional airports within my district, advanced air mobility will help reconnect rural communities, reinvigorate tourism, improve ease of movement from rural to urban areas, and enhance quicker transportation of goods and people.

Lastly, I will mention the AIR Act. This bill raises the grant funding for workforce development programs for pilots, aircraft mechanics, and more. This reauthorization bill includes $45 million a year for these grants, a major increase to the current funding level, and will ensure the next generation of workers in the aviation industry are well prepared.

Mr. Chair, for this and many other reasons, I urge my colleagues to support this bill. It is a great example of the bipartisan work that can be achieved here, and I am grateful to Chairman GRAVES for his leadership.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentleman from New Jersey (Mr. MENENDEZ).

Mr. MENENDEZ. Mr. Chairman, I thank Ranking Member LARSEN and Chairman GRAVES for their leadership on this bill.

Mr. Chairman, I rise today to discuss the Securing Growth and Robust Leadership in American Aviation Act and the positive impact it will have on air transportation for both consumers and workers in the aviation industry.

Over the past few months, I have worked alongside my colleagues on the Transportation and Infrastructure Committee to develop a strong, bipartisan bill that delivers for all Americans. That is exactly what this legislation does.

Under this bill, airlines will be required to develop policies to reimburse consumers for hotel and meal costs when a flight is canceled or significantly delayed.

Passengers living with disabilities will be treated with the dignity they deserve, thanks to the Department of Transportation's creation of a roadmap to better accommodate wheelchairs onboard planes and to reduce damage to mobility aids.

Future airline pilots, technical workers, and airline manufacturing workers will come from communities that have been historically underrepresented in the aviation industry, with $9 million in funding for recruitment and retainment efforts for these good-paying, highly skilled jobs.

□ 1315

Families will have an easier flying experience with airlines being required to allow parents to sit next to their young children.

I am also pleased that important provisions of my bill, the Airline Employee Assault Prevention Act, were included in this FAA reauthorization, ensuring a continued focus on protecting airline workers from assault and harassment.

This legislation reflects the voices of our residents who have long been burdened with flight delays, with unjust treatment of passengers with disabilities, and with conditions that have made flying more challenging for families.

Mr. Chair, I proudly support this bill, I look forward to voting for it on the floor, and I urge all of my colleagues to join me in doing so.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 2 minutes to the gentleman from Michigan (Mr. BERGMAN).

Mr. BERGMAN. Mr. Chairman, I thank Chairman GRAVES for his leadership. This is not an easy bill that is done every day, and it is something that is essential to the safety and security of our country as well as the advancement of all the good economic policies that we have.

Mr. Chairman, as one of the only two commercial pilots in Congress with three-plus decades in the air, I understand very personally the importance of having a strong FAA reauthorization bill.

While this bill makes critical investments that benefit the flying public and aviators alike, I have significant concerns about several amendments made in order by the Rules Committee, especially one aimed squarely at Michigan's First District and other rural areas that eliminate the Essential Air Service, and I implore all Members to oppose McClintock amendment No. 62.

However, what was left out of the bill is far more concerning than what was put into it.

My amendment, which has broad bipartisan support, would simply allow for a debate and vote on a critically important topic regarding unproductive pilot retirement age changes in the underlying bill.

However, the powers that be pulled out all the stops to silence dissent and shield the American public from a debate they know they can't win.

For these reasons, Mr. Chairman, I will be voting ''no'' on H.R. 3935.

Mr. LARSEN of Washington. Mr. Chairman, I yield 1 minute to the gentleman from Massachusetts (Mr. AUCHINCLOSS).

Mr. AUCHINCLOSS. Mr. Chair, I extend my appreciation to Chairman GRAVES, Ranking Member LARSEN, Aviation Subcommittee Chairman GRAVES, and Aviation Subcommittee Ranking Member COHEN for their work in crafting a robust bipartisan bill in committee. I am pleased that my language supporting airports' efforts to better manage their curb spaces was included in the bill.

Curb management practices such as remote enforcement using sensors and cameras can reduce traffic at pickup and drop-off areas and improve travelers' airport experiences.

Currently, though, curb management is in a regulatory gray area leading to uncertainty for airports and vendors that are trying to reduce traffic, unsafe vehicular maneuvers as the flying public arrives at their terminals, and stress for all involved.

My provision would provide clarity and flexibility for airports' landside operations by making clear that there is no Federal regulation preventing airports from managing their curbs. This language would not impact any State or local restrictions, nor would it require airports to do anything at all. It simply creates legal clarity.

In addition to helping large and medium-size airports improve safety, passenger experience, and queuing times in increasingly crowded and multimodal drop-off and pickup areas, cutting-edge curbside management can serve as a demonstration project to adjacent cities and towns that are wrestling with how to unlock better curbside use for delivery, micromobility, rideshare, parking, and outdoor dining and recreation.

Again, I thank the chairman and ranking member for their work including this provision.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 2 minutes to the gentleman from Georgia (Mr. COLLINS).

Mr. COLLINS. Mr. Chair, I thank the chairman for yielding me some time to speak on this very good piece of legislation.

Mr. Chair, as a member of the Science Committee, the Transportation and Infrastructure Committee, and the Aviation Subcommittee since I got here in January, we have spent countless hours visiting with stakeholders, manufacturers, and visiting airports to get a good feel and learn more about this. I must say that I probably still don't know one-tenth of what the chairman, the ranking member, or Chairman LUCAS knows about this subject.

Mr. Chair, since the Wright brothers took their first flight, America has been the world's pioneer in the skies. That is why I rise in strong support of the FAA reauthorization bill that is before us today because it will build on that legacy.

Today, we will vote to provide much-needed long-term stability to our Nation's aviation system and ensure that our skies remain the safest in the world.

With this legislation, we will improve efficiency at the FAA and invest in our critical infrastructure, including regional and local airports. We will pave the way for new technologies and ensure that the FAA is ready to certify innovations like hypersonic aircraft. We will also strengthen our general aviation community, which is a key part of our Nation's economy and identity, and we will take steps to grow our aviation workforce and ensure our airlines can meet the needs of the traveling public and improve the passenger experience.

Mr. Chair, I thank Chairman SAM GRAVES and Ranking Member RICK LARSEN for their leadership. I also thank their incredible staffs, and I urge my colleagues to support this bill.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentlewoman from Oregon (Ms. HOYLE.)

Ms. HOYLE of Oregon. Mr. Chair, I rise today in support of the bipartisan FAA reauthorization bill.

This legislation includes the bipartisan AIR PUMP Act, which I introduced earlier this year alongside Oregon Senator JEFF MERKLEY.

Our legislation would require the FAA to issue guidance to air carriers on providing protections for flight crews to pump breast milk during non-critical phases of flights.

All workers deserve the right to pump breast milk in the workplace, including flight attendants and pilots. Currently, they are the only workers who do not have this protection.

Flight crew workers should be able to have reasonable break times to pump. They should also have a designated place that is shielded from view and free from interference. This bill also ensures that the FAA's pumping guidance will not incur significant costs for air carriers. It helps increase the diversity of the workforce and ensures working mothers have needed flexibility.

Mr. Chairman, I thank T&I Chairman SAM GRAVES and Ranking Member RICK LARSEN for their support of the AIR PUMP Act and their bipartisan approach to the FAA reauthorization bill.

Mr. GRAVES of Missouri. Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentlewoman from Ohio (Mrs. SYKES).

Mrs. SYKES. Mr. Chairman, I rise today in support of H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, more commonly known as the FAA authorization.

My home State of Ohio, the Birthplace of Aviation, and H.R. 3935 will ensure Ohio's 13th Congressional District continues to be a pioneer in the aviation and aerospace industry.

H.R. 3935 invests billions into airports large and small, including Akron-Canton Airport in my district and the Kent State University Airport in my district, to keep our skies safe and to make our aviation infrastructure cleaner and greener.

Notably, this bill includes important provisions that I supported for advancement of a remote tower program in Ohio. The remote tower program will improve traffic control for aircraft that utilize smaller airports, generating economic development and safer air spaces.

Not only that, but the Ohio remote tower program will also support the research and development of Advanced Air Mobility applications, cutting-edge technology which has the potential to change how people travel from small communities, how healthcare services can be delivered to critical areas of need, and to offer a more sustainable mode of transportation.

Finally, this legislation supports the hiring of 15 additional rail investigators. That is important to northeast Ohio. As we all know, the train derailment in East Palestine has devastated our community, but train derailments have devastated communities across the country. This amendment allows for more timely and more thoughtful accident reports being reported to Congress so that we can act accordingly.

H.R. 3935 improves the health, safety, and well-being standards of aviation, both on the ground and in the air. The bill also protects consumer rights and improves accessibility so all people in Ohio's 13th District can travel with safety and dignity.

Once again, Mr. Chair, I am proud to support this legislation.

Mr. GRAVES of Missouri. Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentlewoman from Michigan (Ms. SCHOLTEN).

Ms. SCHOLTEN. Mr. Chairman, it is exciting to play a role in crafting legislation as impactful as reauthorizing the FAA, especially as a freshman legislator. I came to Congress to deliver for the people of west Michigan, and this robust bipartisan bill will do just that.

Two specific provisions in this bill will be especially beneficial for my district. Michigan's Third District includes the Gerald R. Ford International Airport, the second busiest airport in the State and one of the busiest airports in the entire country.

The airport's aging air traffic control tower is preventing needed expansion. It is the oldest tower among any of the top 75 largest airports and does not meet the security requirements or operational necessities found in more modern towers.

This bill includes provisions which direct FAA to specifically consider old towers at airports like GRR when selecting projects for replacement and increasing transparency around the process the FAA uses when deciding which towers need to be upgraded. These policies will help GRR forge a path forward to ensure the airport can meet the needs of the region.

Mr. Chair, I thank the chairman and the ranking member for working with me to include these critical priorities for my district and other similarly situated airports around the country, and I urge the passage of this bill.

Mr. GRAVES of Missouri. I reserve the balance of my time, Mr. Chair.

Mr. LARSEN of Washington. Mr. Chair, I yield 2 minutes to the gentleman from Illinois (Mr. SORENSEN).

Mr. SORENSEN. Mr. Chair, our regional airports are vital for connecting Americans and strengthening local economies. I represent a district with four such airports, including the fastest growing air cargo airport in the Nation. I am thrilled that this year's FAA reauthorization provides resources for small and large airports alike.

Unfortunately, this bill is not perfect. It includes a shortsighted provision to raise the pilot retirement age. It also doesn't go far enough to support our aerospace workers.

This year, the Space and Aeronautics Subcommittee heard from Collins Aerospace located in my hometown of Rockford, Illinois. They emphasized the importance of R&D funding right at home, but because of R&D disinvestment, many companies are looking to European countries for R&D opportunities.

When American companies go overseas to do their research, it means jobs and talent go away. Our best and brightest in Illinois are ready to bring humans to new heights. We in Congress must provide them with the flexibility and resources to succeed.

□ 1330

Mr. GRAVES of Missouri. Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I yield 2 minutes to the gentleman from California (Mr. DESAULNIER).

Mr. DESAULNIER. Mr. Chair, I thank the gentleman for yielding.

I will also thank and say how grateful I am for the leadership of Chairman GRAVES and Ranking Member LARSEN on this comprehensive and thoughtful bipartisan reauthorization.

Many of the priorities that I have authored made it into the bill, including several provisions from my Safe Landings Act, like identifying the need for airport surface surveillance and safety systems and requiring data analysis of safety incidents.

I am also very appreciative that the amendment I spent a lot of time on will be considered. I worked with pilots and other safety experts, including a constituent and good friend, Captain ''Sully'' Sullenberger, the skilled pilot who safely navigated the landing on the Hudson River and a long-time advocate and expert for aviation safety who helped me with this amendment and strongly supports the proposal. This amendment creates a Task Force on Human Factors in Aviation Safety.

We know as technology changes—and the near miss that got me involved in more of the aviation issues at SFO some years ago where we came within 59 feet of having the largest aviation disaster in American history—we are making sure that we are training the pilots in a way that keeps them consistent with technology, and the great research on neuroscience and human factors that is getting better all the time, that we are using that to make sure that humans are integrated with the latest technology.

The NTSB identified that human factors, specifically pilot fatigue, have played roles in that 2017 incident and many near misses, so it is important that this work gets done.

The aviation safety system will continue to be safe and amongst the safest in the world if we continue to make sure that it is updated and doesn't rest on its well-deserved laurels in the past.

The Acting CHAIR (Mr. LALOTA). The time of the gentleman has expired.

Mr. LARSEN of Washington. Mr. Chairman, I yield an additional 30 seconds to the gentleman from California.

Mr. DESAULNIER. Mr. Chair, these decisions in this reauthorization will help provide that, and I thank the leadership for the extended time.

Mr. GRAVES of Missouri. Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I yield 2 minutes to the gentlewoman from Texas (Ms. JACKSON LEE).

Ms. JACKSON LEE. Mr. Chairman, I thank the gentleman very much for yielding time. Let me first say that the administration enthusiastically supports the work of Chairman GRAVES and Ranking Member LARSEN for the great work that they have done.

This is good for America. This is good for Houston, Texas, and it is good for Texas. I have two airports in the region, including Hobby International Airport and Bush Intercontinental Airport, and Ellington Field that see some commercial flights.

It is good that we will get between $3.35 billion and $4 billion to help in the airport funding program of which I saw about 40 to 80 million come to our Bush Intercontinental Airport in the last couple of weeks.

It is important to have the flexibility to deal with environmental issues, and, of course, it is extremely important to have a $45 million training program for a pipeline for pilots, aviation maintenance, and aviation manufacturing. Why? Because schools like Texas Southern University that uniquely has one of the only HBCUs training of pilots program will be able to do more and fill that pipeline with pilots.

In addition, we respond to the assaults that have been occurring against employees and crew, and respond by an employee assault prevention response plan, which is extremely important.

We did this during 9/11, but now we are looking at more secondary cockpit barriers that will be more important. As well, we want to make sure that we have a task force of air carriers.

This bill is for airlines and airports, but it is for the traveling public, as well. It deals with air law enforcement, aviation labor unions, and others to be able to work together.

I am excited about the Bessie Coleman Women in Aviation Advisory Committee to encourage more young women to become pilots, as we need more pilots every single day.

The matter that I worked on as a member of the Committee on Homeland Security, finally we set standards for foreign aircraft repair stations, so that when our American airlines are overseas, they are subject to the same standards of American repair stations. We were very concerned about that after 9/11.

The Acting CHAIR. The time of the gentlewoman has expired.

Mr. LARSEN of Washington. Mr. Chair, I yield an additional 30 seconds to the gentlewoman from Texas.

Ms. JACKSON LEE. Mr. Chairman, let me dwell on an amendment that I offered to get through the backlog of pilots that are now well after they have been off for some medical reason and the backlog of getting them back into the stream of flying is taking long. We need to look at that because these are perfectly able pilots, but they are still on medical leave.

I also want to ensure that we have mental health relief for our pilots, like 29-year-old Chris Daniel, who was doing well, but after the pandemic began experiencing depression. Chris' doctor suggested treatment for his depression, but as a pilot, he was too afraid to go.

Mr. Chair, I rise today to speak in support of H.R. 3935, the Securing Growth and Robust Leadership in America Aviation Act of 2023.

The Securing Growth and Robust Leadership in American Aviation Act helps maintain America's gold standard in safety, fosters innovation, strengthens and diversifies the U.S. aviation workforce, and invests in resilient and sustainable infrastructure.

This is an important bill that I offered an amendment to help improve through the Rules Committee, the Jackson Lee Amendment.

While the Rules Committee did not make my amendment in order, it is important to highlight what it would have done and what is still needed to assist and strengthen aviation in our country.

In particular, the Jackson Lee Amendment would do the following:

Implement the creation of the Aviation Medical Innovation and Modernization Working Group and a report on recommendations from the Working Group on the evaluation of the conditions an Aviation Medical Examiner can issue. Improve and reform to the Special Issuance process, including whether, after initial medical certification by the FAA, renewals can be based on a medical evaluation and treatment plan by a pilot's treating medical specialist with concurrence from the pilot's Aviation Medical Examiner, in addition to other measures that will help ease the process and remove the backlog for when pilots return from medical leave.

It would pilot a mental health task group to develop and provide recommendations related to supporting the mental health of aircraft pilots.

Finally, my amendment requests a report that would provide recommendations for best practices in detecting, assessing, and reporting mental health conditions and treatment options as part of pilot aeromedical assessments.

The Jackson Lee Amendment would have strengthened this legislation by keeping the health and safety of airline pilots at the forefront.

Ms. JACKSON LEE. Mr. Chair, let's help our pilots be strong medically and mentally, and let's make this the best aviation system in the world.

Mr. Chair, I include in the RECORD an article from Scientific American.

[From Scientific American, Nov. 22, 2022]

WE NEED TO CHANGE THE SYSTEM THAT KEEPS PILOTS FROM SEEKING MENTAL HEALTH CARE

(By William R. Hoffman)

By 29 years old, Chris Daniel felt he had it all: a wife, two beautiful children and fulfillment of his lifelong dream of becoming a U.S. airline captain. But in the spring of 2022, after years of flying, Chris knew something was not right. Shadows from his past

were reemerging, strained by post-COVID travel demand and long, taxing weeks on the road. Years earlier, Chris's physician had suggested that his low mood and trouble sleeping might be symptoms of mild depression. But like many pilots, he balked at the idea. If a doctor diagnosed depression or if he sought help, Chris assumed he would never be able to fly again. Seeking help seemed unthinkable because losing flying was akin to losing everything; being a pilot was who he was.

Chris's story is not unusual. While mental health symptoms are common in airline pilots, getting help can affect their ability to work in a big way. Airline pilots are required to meet certain medical standards in order to maintain an active flying status, and disclosing a new symptom or condition to the Federal Aviation Administration (FAA) puts them at risk of losing, usually temporarily, their ability to work and fly. This is particularly true for mental health symptoms. The FAA bars pilots from the cockpit if they report seeking regular talk therapy for even mild anxiety or depression; this may last for months and sometimes even years based on the assumption they pose an unacceptable risk to safety. In fact, pilots find themselves among only a handful of professions that require disclosure of any encounter with the health care system, including mental health visits.

While it makes sense to ground a pilot in distress, the current system often fails to recognize the dynamic and often situational nature of mental health symptoms and often drives pilots from seeking care. Time off the job can have negative repercussions such as loss of pay and need for recurrent training, and the expenses of additional medical evaluations required by the FAA often fall onto the pilot. All of these together result in a population of pilots working the fleet who are suffering in silence and fearful to get the help they need. We must rethink the system that drives pilots from attending to their mental health and change what seeking mental health care services means in aviation.

Data my group and others have gathered are beginning to reveal the scope of this problem. Our findings demand attention. In our recent study of more than 3,500 U.S. pilots, 56 percent reported behavior that we classify as avoiding health care (for example, getting health care outside the traditional system to avoid its documentation) specifically because they feared the loss of their clearance to fly. Interestingly, 26 percent of pilots reported that they had withheld information during their FAA health checkups for the same reason: the fear of losing their medical clearance. This is sometimes called ''losing their wings.''

In a sister study, more than half of pilots in our sample had something they felt needed to get checked out—maybe it was mental health related, perhaps a knee injury, or even just a rash—but waited or decided against it because they worried about their career. While our studies focused on overall health care, we suspect this finding also applies to mental health.

Many pilots have reasonably good access to health care. This includes health insurance, paid time off and sometimes other union protections. Instead, these data suggest a barrier exists because pilots are asked to weigh the benefits of seeking help against the professional costs that they alone bear. How bad does mild anxiety need to become to warrant a prolonged absence from work? For most pilots, very bad.

The growing demand for pilots in our travel-hungry, COVID-endemic world is likely to make this problem more complicated. The Bureau of Labor and Statistics projects 18,100 new pilot jobs each year for the next decade, precipitated by the continued growth of air travel. As compensation has soared in 2022, more is being asked of pilots, including longer and more frequent trips to keep pace with passenger demand, This is in the context of other airline professions—such as maintenance and administrative staff—facing major personnel shortages, placing further strain on a system already operating at its limits. Higher demand on pilots can lead to additional time away from family and friends, leading to an even greater need for mental health care services. Simply put, pilots' need for mental health care is likely to only grow in the coming years.

While on the surface it might seem that increasing the pool of pilots would ease the situation, more pilots won't fix the existing challenges in the system. Flight training programs are expanding, and some airlines are taking the unprecedented step of establishing their own training programs. But, while class sizes are growing, they are being filled by a younger and more diverse generation of student pilots who may not be as willing as their predecessors to quietly suffer. In fact, emerging data suggest the willingness of current pilots (who are still largely in the 40–to–60 age range) to avoid health care for job security may not be as true for the next generation.

''Younger pilots are different from past generations and are more willing to identify as needing help when it comes to their mental health,'' John Dulski, 21, an aviation student at the University of North Dakota and advocate for aviation mental health reform, told me during a recent phone call. ''Many are more willing to choose to get care at the risk of stepping away from flying.'' The answers to why such a phenomenon is occurring remains an open question that our research group is trying to understand. Could it be related to social media lowering the stigma of mental health or the influences of growing up through the pandemic? We hope future research will reveal the answer.

A new generation of Gen Z airline pilots more open to stepping away from flying to seek mental health care services may only further strain the shortage of pilots. But more importantly, it should call for industry to rethink what it means for an airline pilot to be mentally fit and what services they should be able to receive while still working the fleet. We can all agree that safety in aviation should be the foundation for meaningful change. Certainly, a pilot with a severe mental health condition shouldn't be flying. But the opportunity lies for pilots with mild symptoms. These are high performing professionals who are perhaps facing one of life's usual stressors—a divorce, a family death or even just the chronic stress of the job. How might we rethink a system that enables this group to seek mental health care services in hopes of sidestepping a diagnosis that could go on to fully pull them from flying?

One answer is clear. The FAA should change policy to permit pilots with mild symptoms to seek professional regular, and if needed prolonged, talk therapy without loss of their medical certification. Such a change would have major benefits for people on both sides of the flight deck door, including treatment to prevent symptom worsening, and regular pilot assessment by a professional mental health provider. Recognizing that mental health is on a dynamic spectrum and that many pilots could benefit from talking to a professional mental health provider at some point in their career has the potential to keep pilots flying healthy while also increasing safety in the system. Pilot unions and airlines should fuel this movement by raising awareness about the problem their pilots face and by lobbying for an alliance of stakeholder to determine how best to safely enact this change. While credit is due to the FAA for recently making several positive policy changes related to mental health, there is still work to do and time is of the essence.

Chris Daniel never did get help for his mental health symptoms, and despite an excellent flying record, he died of suicide in June 2022. While we believe suicide is relatively rare among pilots, this extreme outcome is in part why we must create positive change. With the use of appropriate supervision and reevaluation, aviation's safety culture should shift to thinking of mental health care services as a marker for wellness and prevention instead of risk and disease. This change would not only benefit pilots, but also the 2 million U.S. passengers who trust the aviation system every day.

IF YOU NEED HELP

If you or someone you know is struggling or having thoughts of suicide, help is available. Call or text the 988 Suicide & Crisis Lifeline at 988 or use the online Lifeline Chat.

The views expressed herein are those of the author(s) and do not reflect the official policy or position of Brooke Army Medical Center, the Department of Defense or any agencies under the U.S. government.

This is an opinion and analysis article, and the views expressed by the author or authors are not necessarily those of Scientific American.

Mr. GRAVES of Missouri. Mr. Chairman, I am prepared to close, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I yield myself the balance of my time for the purpose of closing.

Mr. Chair, I will conclude by saying that we encourage Members to support this. This is a bipartisan bill negotiated in good faith. It is a very substantial bill, and I think it is a product that we can certainly be proud of to move forward on.

Mr. Chair, I yield back the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself the balance of my time.

Mr. Chairman, it has been made clear through debate that H.R. 3935 is a must-pass bill that provides a path for America's future success, growth, and leadership in civil aviation.

This strong bipartisan, forward-looking legislation is going to improve efficiency and operations at the FAA. It is going to strengthen America's foundational general aviation sector, and it is going to grow the aviation workforce.

It is going to invest in airport infrastructure across the country. It is going to encourage domestic innovation in aviation, enhance the passenger experience, and uphold America's gold standard in aviation safety.

Before I yield back, Mr. Chair, I would like to recognize the work of staff on both sides of the aisle in the development of this legislation. I appreciate the many long days, weeks, and weekends, for that matter, that staff, including the folks in the legislative counsel's office, have put into this effort. I think it shows in the quality of the legislation that we have before us.

On the Republican Subcommittee on Aviation, I thank staff director Hunter Presti, Laney Copeland, Julie Devine, Andrew Giacini, Christopher Senn, and Will Moore.

On the Republican full committee staff, I thank staff director Jack Ruddy, Michael Falencki, Corey Cooke, Meghan Holland, Abby Wenk, Leslie Parker, Chris Divine, Tyler Micheletti, Wills MacKay, Payton Palazzolo, Justin Harclerode, Jake Murphy, and Kerry Goldberg.

I also thank Maggie Aryea of subcommittee chairman GARRET GRAVES' staff.

On the Democratic staff, I thank committee staff director Kathy Dedrick, Helena Zyblikewycz—I am sorry; I apologize—Stanton Johnson, aviation staff director Brian Bell, Alexandra Menardy, Adam Weiss, and again, all the staff who worked on this complex and critical legislation.

Mr. Chair, I urge support of the Securing Growth and Robust Leadership in the American Aviation Act, and I yield back the balance of my time.

Mr. CARSON. Mr. Chair, I commend Chairman GRAVES and Ranking Member LARSON for their hard work to bring this bipartisan FAA Reauthorization bill to the House floor.

I am very pleased that this bill includes some of my top priorities:

1. Implementation of my 2018 provisions requiring Secondary Cockpit Barriers in Section 522 of the bill. This language will be made even stronger with the passage of the Fitzpatrick/Carson amendment to speed up the process and finally get these safety devices on all passenger aircraft.

2. Including my bipartisan bill, the National Center for the Advancement of Aviation in Sections 303, 264 and 308.

3. Improving minority and disadvantage business participation in all FAA programs, in Sections 426 and 302.

I'm also appreciative of Chairman GRAVES' willingness to work with me to improve Section 813 of the bill which changes the current rules addressing Temporary Flight Restrictions. We had a lengthy colloquy during our markup about unintended consequences of Section 813. I remain concerned about the provisions in Section 813, which appear to change current law and weaken Temporary Flight Restrictions (TFRs). This is especially important to my district in Indianapolis, which has benefited from the safety of Temporary Flight Restrictions to protect NFL and NCAA Division 1 games, plus major Motor Speedway events like the Indy 500 over the last 20 years.

Since the 9/11 terrorists attacks, FAA imposed TFRs over stadiums and other locations. Subsequently, FAA began to issue some waivers, but Congress imposed a statutory restrictions to maintain the safety of major events, especially sporting events with high-capacity stadiums. In this year's bill, we must make sure the language in Section 813 does not have unintended consequences of undermining the safety at large public gatherings, like major sporting events. This includes strong collaboration with law enforcement and public safety officials to resolve any conflicts with competing events that may require Temporary Flight Restrictions.

I believe we can further improve the language and utilize a simpler collaboration model that will be effective and timely.

I would like to include in the RECORD the following letter from a coalition of sports organizations and the Statement of Administration Policy which details concerns with the underlying language. I look forward to continuing to work with Chairman GRAVES and Ranking Member LARSON to improve this language.

STATEMENT OF ADMINISTRATION POLICY

H.R. 3935—SECURING GROWTH AND ROBUST LEADERSHIP IN AMERICAN AVIATION ACT

The Administration supports enactment of a Federal Aviation Administration

(FAA) reauthorization bill and applauds the bipartisan work of the House Transportation and Infrastructure Committee. The Administration is focused on ensuring that the aviation sector works well for the American people, and reauthorizing the FAA in a timely manner will help achieve that goal. H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act, would enhance aviation safety; invest in, and improve on-the-job safety for, our aviation workforce; integrate into the national airspace system new entrants such as Advanced Air Mobility and Commercial Space operators; strengthen passenger rights; and improve our aviation infrastructure.

The Administration looks forward to working with the Congress to address the Administration's concerns with this legislation, a number of which are outlined below.

Protection of Aviation Consumer Rights and Promotion of Competition. The Administration is strongly committed to protecting the rights of aviation consumers and promoting competition in the aviation industry. The Administration opposes provisions in the bill that would reverse important gains made by this Administration to combat junk fees in the airline industry and would eliminate longstanding consumer protections. The Administration believes that the disclosure requirements currently in place for passenger tickets are necessary to help consumers comparison shop for a ticket. The Administration encourages the Congress to include the Administration's proposals to expand consumer protections by banning family seating junk fees, requiring up-front disclosure of add-on fees, and requiring automatic refunds and additional compensation for controllable flight cancellations and delays. The Administration further supports opening up airport gate access and preventing anticompetitive practices that block new entrants.

International Commitments. While the Administration appreciates the language aimed at ensuring continued U.S. implementation of Open Skies agreements while promoting labor standards for U.S.-based aviation sector workers, the Administration also urges the Congress to add provisions to implement U.S. international commitments and ensure our aviation partners follow suit. The bill should be amended to include provisions for U.S. implementation of global marketbased measures of the International Civil Aviation Organization, and to establish U.S. leadership relating to the understanding and mitigation of the non-Greenhouse Gas climate impacts of aviation.

Agency Restructuring. While the Administration supports the goal of improving the efficiency of the organizational structure of the FAA, it does not support the proposed changes in FAA rulemaking review and the weakening of the Administrator's ability and authority to determine the appropriate size and allocation of the air traffic controller workforce. The Administration also has concerns with provisions that would make fundamental changes to the agency's structure, eroding the discretion of the Administrator to manage the agency in the most efficient manner.

Implementation Timelines and Program Changes. The legislation includes multiple rulemakings, reviews, reports, and other requirements with aggressive timelines, along with the creation of numerous programs that are not conditioned on the availability of appropriations. The Administration is also concerned that proposed major structural changes to airport infrastructure programs are untested, and may be difficult to implement depending on the level of resources made available. The bill would also reduce the amount of competitive airport grant funding, which would reduce the F AA's ability to address important safety and capacity issues.

Standards for Airport Service Workers. The Administration urges the Congress to include provisions that will improve job quality for, and therefore aid in the recruitment and retention of, those who clean planes, handle baggage, assist passengers who use wheelchairs, and provide other services critical to safe, stable, and timely operations for aviation customers.

Age Standards for Pilots. The bill includes a provision that would raise the retirement age for pilots in commercial operations. Making this change without doing research and establishing any necessary policies would be outside the international standard.

Maintaining Safe and Secure Airspace During Major Sports Events. While the Administration supports the goal of providing accessibility to and public use of the national airspace, it is concerned that provisions proposed in the bill could introduce unnecessary risks to those attending major spotting events if the effectiveness of safety and security buffers currently provided by temporary flight restrictions were to be decreased. To the extent that the proposed provisions are intended to accommodate airshows, the Administration urges the Congress to consider alternative methods to deconflict airshows and major sports events rather than potentially put aviation operations in close proximity to events attended by millions of Americans each year.

JULY 18, 2023.

DEAR MEMBERS OF CONGRESS: We write to urge you to oppose the weakening of a law that protects the millions of sports fans and spectators who attend professional and collegiate sporting events each year. The current statutory ban on aircraft including unmanned aircraft systems (''UAS'') or drones—flying over large stadium sporting events throughout the country provides necessary safety and security protections against real and potential threats.

We are deeply concerned about section 813 of the House version of the Federal Aviation Administration (''FAA'') Reauthorization Act. If adopted, the language would establish a broad and complex waiver program that would permit countless aircraft to fly near and over stadiums during games, putting millions of fans at risk, and unnecessarily so. Congress wisely eliminated a similar waiver program back in 2003, after discovering troubling and persistent failures, gaps, and vulnerabilities in the process for conducting background checks and issuing waivers.

The FAA first established flight restrictions over large stadium sporting events immediately following the terrorist attacks of September 11, 2001, in response to concerns about terrorists using aircraft as weapons. Congress subsequently twice codified and strengthened these restrictions, providing specific criteria for aircraft operations permitted within the flight restricted area. Section 813 would effectively eliminate the specific criteria and replace it with an open-ended waiver program.

The long-standing, congressionally mandated flight restriction enhances the safety and security of large stadium events, while minimizing the disrnption to the National Airspace System (''NAS''). Specifically, airspace over large stadiums—with a seating capacity of 30,000 people or more and where a NFL, MLB, and NCAA Division 1 football games or major motor speedway events, such as NASCAR and INDYCAR races, are taking place—is closed to all aircraft from one hour before until one hour after a major sporting event. The flight restrictions extend to three nautical miles from the center of the stadium and from the surface to 3,000 feet above the stadium. The flight restrictions do not apply to authorized aircraft, such as Department of Defense, law enforcement or air ambulance flight operations, or those in contact with air traffic control for take offs and landings at nearby airports, among others.

Having devoted substantial resources to secure our stadiums on the ground, we regard the stadium flight restriction as essential to safeguarding the airspace overhead. Moreover, given the proliferation of UAS in our NAS, as well as the continuing need to remain vigilant to other current and emerging risks, the stadium flight restriction is as vital now as ever to our national security and public safety. We believe section 813 complicates the airspace over stadiums, compromises public safety and security, and courts potential disaster.

We, therefore, urge you to uphold current law and maintain existing flight restrictions that protect the safety and security of millions of fans who attend large stadium sporting events every year.

Sincerely,

CATHY LANIER,
Chief Security Officer, National Football League.
DAVID THOMAS,
Vice President, Security and Ballpark Operations Major League Baseball.
BILL RHODES,
Managing Director, Security, National Association for Stock Car Auto Racing.
DAN GAVITT,
Senior Vice President, National Collegiate Athletic Association.

The Acting CHAIR. All time for general debate has expired.

Pursuant to the rule, the bill shall be considered for amendment under the 5-minute rule.

In lieu of the amendment in the nature of a substitute recommended by the Committee on Transportation and Infrastructure, printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 118–11, shall be considered as adopted. The bill, as amended, shall be considered as an original bill for purpose of further amendment under the 5-minute rule and shall be considered as read.

The text of the bill is as follows:

H.R. 3935

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Securing Growth and Robust Leadership in American Aviation Act''.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

TITLE I—AUTHORIZATIONS AND FAA ORGANIZATIONAL REFORM

Subtitle A—Authorizations

SEC. 101. AIRPORT PLANNING AND DEVELOPMENT AND NOISE COMPATIBILITY PLANNING AND PROGRAMS.

(a) AUTHORIZATION.—Section 48103(a) of title 49, United States Code, is amended—

(1) in paragraph (5) by striking ''and'' at the end;

(2) in paragraph (6) by striking the period at the end and inserting a semicolon; and

(3) by adding at the end the following:

''(7) $4,000,000,000 for fiscal year 2024;

''(8) $4,000,000,000 for fiscal year 2025;

''(9) $4,000,000,000 for fiscal year 2026;

''(10) $4,000,000,000 for fiscal year 2027; and

''(11) $4,000,000,000 for fiscal year 2028.''.

(b) OBLIGATION AUTHORITY.—Section 47104(c) of title 49, United States Code, is amended in the matter preceding paragraph (1) by striking ''2023'' and inserting ''2028''.

SEC. 102. FACILITIES AND EQUIPMENT.

Section 48101(a) of title 49, United States Code, is amended—

(1) by striking paragraphs (1) through (5);

(2) by redesignating paragraph (6) as paragraph (1); and

(3) by adding at the end the following:

''(2) $3,375,000,000 for fiscal year 2024.

''(3) $3,425,000,000 for fiscal year 2025.

''(4) $3,475,000,000 for fiscal year 2026.

''(5) $3,475,000,000 for fiscal year 2027.

''(6) $3,475,000,000 for fiscal year 2028.''.

SEC. 103. OPERATIONS.

(a) IN GENERAL.—Section 106(k)(1) of title 49, United States Code, is amended—

(1) by striking subparagraphs (A) through (E);

(2) in subparagraph (F) by striking the period at the end and inserting a semicolon;

(3) by redesignating subparagraph (F) as subparagraph (A); and

(4) by adding at the end the following:

''(B) $12,730,000,000 for fiscal year 2024;

''(C) $13,035,000,000 for fiscal year 2025;

''(D) $13,334,000,000 for fiscal year 2026;

''(E) $13,640,000,000 for fiscal year 2027; and

''(F) $13,954,000,000 for fiscal year 2028.''.

(b) AUTHORIZED EXPENDITURES.—Section 106(k)(2)(D) of title 49, United States Code, is amended—

(1) by striking clauses (i) through (v);

(2) by redesignating clause (vi) as clause (i); and

(3) by adding at the end the following:

''(ii) $46,815,000 for fiscal year 2024.

''(iii) $52,985,000 for fiscal year 2025.

''(iv) $59,044,000 for fiscal year 2026.

''(v) $65,225,000 for fiscal year 2027.

''(vi) $71,529,000 for fiscal year 2028.''.

(c) AUTHORITY TO TRANSFER FUNDS.—Section 106(k)(3) of title 49, United States Code, is amended—

(1) by striking ''Notwithstanding'' and inserting the following:

''(A) IN GENERAL.—Notwithstanding'';

(2) by striking ''in each of fiscal years 2018 through 2023,''; and

(3) by adding at the end the following:

''(B) PRIORITIZATION.—In reducing non-safety-related activities of the Administration under subparagraph (A), the Secretary shall prioritize such reductions from amounts other than amounts authorized under this subsection, section 48101, or section 48103.

''(C) SUNSET.—This paragraph shall cease to be effective after September 30, 2028.''.

SEC. 104. EXTENSION OF MISCELLANEOUS EXPIRING AUTHORITIES.

(a) MARSHALL ISLANDS, MICRONESIA, AND PALAU.—Section 47115(i) of title 49, United States Code, is amended by striking ''fiscal years 2018 through 2023'' and inserting ''fiscal years 2023 through 2028''.

(b) WEATHER REPORTING PROGRAMS.—Section 48105 of title 49, United States Code, is amended by adding at the end the following:

''(5) $45,000,000 for each of fiscal years 2024 through 2026.

''(6) $50,000,000 for each of fiscal years 2027 and 2028.''.

(c) MIDWAY ISLAND AIRPORT.—Section 186(d) of the Vision 100—Century of Aviation Reauthorization Act (Public Law 108–176) is amended by striking ''for fiscal years 2018 through 2023'' and inserting ''for fiscal years 2023 through 2028''.

(d) EXTENSION OF THE SAFETY OVERSIGHT AND CERTIFICATION ADVISORY COMMITTEE.—Section 202(h) of the FAA Reauthorization Act of 2018 (Public Law 115–254) is amended by striking ''shall terminate'' and all that follows through the period at the end and inserting ''shall terminate on October 1, 2028.''.

Subtitle B—FAA Organizational Reform

SEC. 121. FAA LEADERSHIP.

Section 106 of title 49, United States Code, is amended—

(1) in subsection (a) by striking ''The Federal'' and inserting ''IN GENERAL.—The Federal''; and

(2) by striking subsection (b) and inserting the following:

''(b) ADMINISTRATION LEADERSHIP.—

''(1) ADMINISTRATOR.—

''(A) IN GENERAL.—The head of the Administration is the Administrator, who shall be appointed by the President, by and with the advice and consent of the Senate.

''(B) QUALIFICATIONS.—The Administrator shall—

''(i) be a citizen of the United States;

''(ii) not be an active duty or retired member of an Armed Force; and

''(iii) have experience in organizational management and a field directly related to aviation.

''(C) FITNESS.—In appointing an individual as Administrator, the President shall consider the fitness of such individual to carry out efficiently the duties and powers of the office.

''(D) TERM OF OFFICE.—The Term of office for any individual appointed as Administrator shall be 5 years.

''(E) REPORTING CHAIN.—Except as provided in subsection (f) or in other provisions of law, the Administrator reports directly to the Secretary of Transportation.

''(2) DEPUTY ADMINISTRATOR FOR PROGRAMS AND MANAGEMENT.—

''(A) IN GENERAL.—The Administration has a Deputy Administrator for Programs and Management, who shall be a political appointee of the President.

''(B) QUALIFICATIONS.—The Deputy Administrator for Programs and Management shall—

''(i) be a citizen of the United States; and

''(ii) have experience in management and a field directly related to aviation.

''(C) FITNESS.—In appointing an individual as Deputy Administrator for Programs and Management, the President shall consider the fitness of the individual to carry out efficiently the duties and powers of the office, including the duty to act for the Administrator under the circumstances described in subparagraph (F).

''(D) REPORTING CHAIN.—The Deputy Administrator for Programs and Management reports directly to the Administrator.

''(E) DUTIES.—The Deputy Administrator for Programs and Management shall—

''(i) manage the Assistant Administrators and Chief Counsel established under subsection (d), except the Assistant Administrator for Rulemaking and Regulatory Improvement; and

''(ii) carry out duties and powers prescribed by the Administrator.

''(F) SUCCESSION PLAN.—The Deputy Administrator for Programs and Management acts for the Administrator when the Administrator is absent or unable to serve, or when the office of the Administrator is vacant.

''(G) COMPENSATION.—

''(i) ANNUAL RATE OF BASIC PAY.—The annual rate of basic pay of the Deputy Administrator for Programs and Management shall be set by the Secretary but shall not exceed the annual rate of basic pay payable to the Administrator.

''(ii) EXCEPTION.—A retired regular officer of an Armed Force serving as the Deputy Administrator for Programs and Management is entitled to hold a rank and grade not lower than that held when appointed as the Deputy Administrator for Programs and Management and may elect to receive—

''(I) the pay provided for the Deputy Administrator for Programs and Management under clause (i); or

''(II) the pay and allowances or the retired pay of the military grade held.

''(iii) REIMBURSEMENT OF EXPENSES.—If the Deputy Administrator for Programs and Management elects to receive compensation described in clause (ii)(II), the Administration shall reimburse the appropriate military department from funds available for the expenses of the Administration.

''(3) DEPUTY ADMINISTRATOR FOR SAFETY AND OPERATIONS.—

''(A) IN GENERAL.—The Administration has a Deputy Administrator for Safety and Operations, who—

''(i) shall be appointed by the Administrator; and

''(ii) shall not be a political appointee.

''(B) QUALIFICATIONS.—The Deputy Administrator for Safety and Operations shall—

''(i) be a citizen of the United States; and

''(ii) have experience in organizational management and a field directly related to aviation.

''(C) FITNESS.—In appointing an individual as Deputy Administrator for Safety and Operations, the Administrator shall consider the fitness of the individual to carry out efficiently the duties and powers of the office, including the duty to act for the Administrator under the circumstances described in subparagraph (F).

''(D) REPORTING CHAIN.—The Deputy Administrator for Safety and Operations reports to the Administrator.

''(E) DUTIES.—The Deputy Administrator for Safety and Operations shall—

''(i) manage the Associate Administrators and Chief Operating Officer established under subsection (c) and the Assistant Administrator for Rulemaking and Regulatory Improvement established under subsection (d);

''(ii) develop and maintain a long-term strategic plan of the Administration; and

''(iii) carry out other duties and powers prescribed by the Administrator.

''(F) SUCCESSION PLAN.—The Deputy Administrator for Safety and Operations acts

for the Administrator when the Administrator and the Deputy Administrator for Programs and Management are absent or unable to serve, or when the office of the Administrator and the Office of the Deputy Administrator for Programs and Management are vacant.

''(G) COMPENSATION.—The annual rate of basic pay of the Deputy Administrator for Safety and Operations shall be set by the Administrator but shall not exceed the annual rate of basic pay payable to the Administrator.

''(4) LEADERSHIP OF THE ADMINISTRATION DEFINED.—In this section, the term 'leadership of the Administration' means—

''(A) the Administrator under paragraph (1);

''(B) the Deputy Administrator for Programs and Management under paragraph (2); and

''(C) the Deputy Administrator for Safety and Operations under paragraph (3).''.

SEC. 122. FAA MANAGEMENT BOARD.

(a) FAA MANAGEMENT BOARD.—Section 106 of title 49, United States Code, is amended by striking subsections (c) and (d) and inserting the following:

''(c) ASSOCIATE ADMINISTRATORS.—

''(1) IN GENERAL.—The Administration has Associate Administrators, as determined necessary by the Administrator, including—

''(A) appointed by the Administrator, an Associate Administrator for Aviation Safety, an Associate Administrator for Security and Hazardous Materials Safety, a Chief Operating Officer of the Air Traffic Control System;

''(B) appointed by the President, an Associate Administrator for Airports; and

''(C) when authority under chapter 509 of title 51 is explicitly delegated by the Secretary of Transportation to the Administrator, an Associate Administrator for Commercial Space Transportation who shall be appointed by the Administrator.

''(2) QUALIFICATIONS.—Associate Administrators shall be citizens of the United States.

''(3) DUTIES.—The Associate Administrators shall carry out duties and powers of their office described in this section and those prescribed by the Administrator.

''(d) CHIEF COUNSEL; ASSISTANT ADMINISTRATORS.—

''(1) IN GENERAL.—The Administration has Assistant Administrators and a Chief Counsel.

''(A) CHIEF COUNSEL.—The Chief Counsel shall be appointed by the President and shall—

''(i) advise the Administrator on legal matters relating to the responsibilities, functions, and management of the Administration;

''(ii) at the request of the Administrator, provide guidance, counsel, and advice regarding, but shall not have final decision-making authority with regards to, the activities of the Administrator, including—

''(I) rulemaking activities;

''(II) policy and guidance document production;

''(III) exemption and waiver decisions; and

''(IV) certification and approval determinations;

''(iii) represent the Administration before the National Transportation Safety Board, Department of Transportation law judges, the Equal Employment Opportunity Commission, Federal courts of the United States, and other bodies and courts, as appropriate;

''(iv) pursue enforcement actions on behalf of the Administrator; and

''(v) perform other functions as determined by the Administrator.

''(B) ASSISTANT ADMINISTRATOR FOR RULEMAKING AND REGULATORY IMPROVEMENT.—The Assistant Administrator for Rulemaking and Regulatory Improvement shall be appointed by the Administrator and shall—

''(i) be responsible for developing and managing the execution of a regulatory agenda for the Administration that meets statutory and Administration deadlines, including by—

''(I) prioritizing rulemaking projects that are necessary to improve safety;

''(II) establishing the regulatory agenda of the Administration; and

''(III) coordinating with offices of the Administration, the Department, and other Federal entities as appropriate to improve timely feedback generation and approvals when required by law;

''(ii) not delegate overall responsibility for meeting internal timelines and final completion of the regulatory activities of the Administration outside the Office of the Assistant Administrator for Rulemaking and Regulatory Improvement;

''(iii) on an ongoing basis—

''(I) review the Administration's regulations in effect to improve safety;

''(II) reduce undue regulatory burden;

''(III) replace prescriptive regulations with performance-based regulations, as appropriate;

''(IV) prevent duplicative regulations; and

''(V) increase regulatory clarity and transparency whenever possible;

''(iv) make recommendations for the Administrator's review under subsection (f)(3)(C)(ii);

''(v) receive, coordinate, and respond to petitions for rulemaking and for exemption as provided for in subpart A of part 11 of title 14, Code of Federal Regulations, and provide an initial response to a petitioner not later than 30 days after the receipt of such a petition—

''(I) acknowledging receipt of such petition;

''(II) confirming completeness of such petition;

''(III) providing an initial indication of the complexity of the request and how such complexity may impact the timeline for adjudication; and

''(IV) requesting any additional information, as appropriate, that would assist in the consideration of the petition;

''(vi) track the issuance of exemptions and waivers by the Administration to sections of title 14, Code of Federal Regulations, and establish a methodology by which to determine if it would be more efficient and in the public's interest to amend a rule to reduce the future need of waivers and exemptions; and

''(vii) promulgate regulatory updates as determined more efficient or in the public's best interest under clause (vi).

''(C) APPOINTMENT.—Additional Assistant Administrators, as determined necessary by the Administrator, may be appointed by the Administrator.

''(2) QUALIFICATIONS.—The Assistant Administrators shall be a citizen of the United States.

''(3) DUTIES.—The Assistant Administrators shall carry out duties and powers of their office described in this section and those prescribed by the Administrator.

''(4) MANAGEMENT BOARD OF THE ADMINISTRATION.—In this section, the term 'Management Board of the Administration' means—

''(A) the Associate Administrators and Chief Operating Officer established under subsection (c); and

''(B) the Assistant Administrators and Chief Counsel established under subsection (d).''.

(b) SYSTEMICALLY ADDRESSING NEED FOR EXEMPTIONS AND WAIVERS.—Not later than 30 months after the date of enactment of this Act, the Assistant Administrator for Rulemaking and Regulatory Improvement shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the methodology developed pursuant to section 106(d)(B)(vi) of title 49, United States Code (as added by this section).

SEC. 123. PROHIBITION ON CONFLICTING PECUNIARY INTERESTS.

Section 106(e) of title 49, United States Code, is amended to read as follows:

''(e) PROHIBITION ON CONFLICTING PECUNIARY INTERESTS.—

''(1) IN GENERAL.—The leadership of the Administration and the Management Board of the Administration may not have a pecuniary interest in, or hold a financial interest in, an aeronautical enterprise, or engage in another business, vocation, or employment.

''(2) TEACHING.—Notwithstanding paragraph (1), the Deputy Administrators and the Management Board of the Administration may not receive compensation for teaching without prior approval of the Administrator.

''(3) FINANCIAL INTEREST DEFINED.—In this subsection, the term 'financial interest'—

''(A) means—

''(i) any current or contingent ownership, equity, or security interest;

''(ii) any indebtedness or compensated employment relationship; or

''(iii) any right to purchase or acquire any such interest, including a stock option; and

''(B) does not include securities held in an index fund.''.

SEC. 124. AUTHORITY OF SECRETARY AND ADMINISTRATOR.

(a) IN GENERAL.—Section 106(f) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) by striking ''paragraph (2)'' and inserting ''paragraphs (2) and (3)'';

(B) by striking ''Neither'' and inserting ''In exercising duties, powers, and authorities that are assigned to the Secretary or the Administrator under this title, neither''; and

(C) by striking ''a committee, board, or organization established by executive order.'' and inserting the following: ''a committee, board, council, or organization that is—

''(A) established by executive order; or

''(B) not explicitly directed by legislation to review the exercise of such duties, powers, and authorities by the Secretary or the Administrator.'';

(2) in paragraph (2)—

(A) in subparagraph (A)(ii) by striking ''the acquisition'' and all that follows through the semicolon and inserting ''the acquisition, establishment, improvement, operation, maintenance, security (including cybersecurity), and disposal of property, facilities, services, and equipment of the Administration, including all elements of the air traffic control system owned by the Administration;'';

(B) in subparagraph (A)(iii) by striking ''paragraph (3)'' and inserting ''paragraph (4)'';

(C) in subparagraph (B) by inserting ''civil aviation, any matter for which the Administrator is the final authority under subparagraph (A), any duty carried out by the Administrator pursuant to paragraph (3), or the provisions of this title, or'' after ''with respect to''; and

(D) in subparagraph (D)—

(i) by inserting ''(formally or informally)'' after ''required''; and

(ii) by inserting ''or any other Federal agency'' after ''Department of Transportation'';

(3) in paragraph (3)—

(A) in subparagraph (A)—

(i) by striking ''In the performance'' and inserting ''(i) ISSUANCE OF REGULATIONS.—In the performance'';

(ii) by striking ''The Administrator shall act'' and inserting ''(ii) PETITIONS FOR RULEMAKING.—The Administrator shall act'';

(iii) by striking ''The Administrator shall issue'' and inserting ''(iii) RULEMAKING TIMELINE.—The Administrator shall issue''; and

(iv) by striking ''On February 1'' and inserting ''(iv) REPORTING REQUIREMENT.—On February 1''; and

(B) by striking subparagraphs (B) and (C) and inserting the following:

''(B) APPROVAL OF SECRETARY OF TRANSPORTATION.—

''(i) IN GENERAL.—The Administrator may not issue, unless the Secretary of Transportation approves the issuance of the regulation in advance, a proposed regulation or final regulation that—

''(I) is likely to result in the expenditure by State, local, and Tribal governments in the aggregate, or by the private sector, of $250,000,000 or more (adjusted annually for inflation beginning with the year following the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act) in any year; or

''(II) is significant.

''(ii) SIGNIFICANT DEFINED.—For purposes of this paragraph, a regulation is significant if the Administrator, in consultation with the Secretary (as appropriate), determines that the regulation—

''(I) will have an annual effect on the economy of $250,000,000 or more (adjusted annually for inflation beginning with the year following the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act);

''(II) raises novel or serious legal or policy issues that will substantially and materially affect other transportation modes; or

''(III) adversely affect, in a substantial and material way, the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or a State, local, or Tribal government or communities.

''(iii) EMERGENCY REGULATION.—In an emergency, the Administrator may issue a final regulation described in clause (i) without prior approval of the Secretary. If the Secretary objects to such regulation in writing within 5 days (excluding Saturday, Sundays, and legal public holidays) of the issuance, the Administrator shall immediately rescind such regulation.

''(iv) OTHER REGULATIONS.—The Secretary may not require that the Administrator submit a proposed or final regulation to the Secretary for approval, nor may the Administrator submit a proposed or final regulation to the Secretary for approval, if the regulation—

''(I) does not require the Secretary's approval under clause (i) (excluding a regulation issued pursuant to clause (iii)); or

''(II) is a routine or frequent action or a procedural action.

''(v) TIMELINE.—The Administrator shall submit a copy of any proposed or final regulation requiring approval by the Secretary under clause (i) to the Secretary, who shall either approve the regulation or return the regulation to the Administrator with comments within 30 days after receiving the regulation. If the Secretary fails to approve or return the regulation with comments to the Administrator within 30 days, the regulation shall be deemed to have been approved by the Secretary.

''(C) PERIODIC REVIEW.—

''(i) IN GENERAL.—In addition to the review requirements established under section 5.13(d) of title 49, Code of Federal Regulations, the Administrator shall review any significant regulation issued 3 years after the effective date of the regulation.

''(ii) DISCRETIONAL REVIEW.—The Administrator may review any regulation that has been in effect for more than 3 years.

''(iii) SUBSTANCE OF REVIEW.—In performing a review under clause (i) or (ii), the Administrator shall determine if—

''(I) the cost assumptions were accurate;

''(II) the intended benefit of the regulation is being realized;

''(III) the need remains to continue such regulation as in effect; and

''(IV) the Administrator recommends updates to such regulation based on the review criteria specified in section 5.13(d) of title 49, Code of Federal Regulations.

''(iv) REVIEW MANAGEMENT.—Any periodic review of a regulation under this subparagraph shall be managed by the Assistant Administrator for Rulemaking and Regulatory Improvement, who may task an advisory committee or the Management Advisory Council established under subsection (p) to assist in performing the review.'';

(4) by redesignating paragraphs (3) and (4) as paragraphs (4) and (5), respectively; and

(5) by inserting after paragraph (2) the following:

''(3) DUTIES AND POWERS OF THE ADMINISTRATOR.—

''(A) IN GENERAL.—The Administrator shall carry out—

''(i) the duties and powers of the Secretary under this subsection related to aviation safety (except those related to transportation, packaging, marking, or description of hazardous material) and stated in—

''(I) subsections (c) and (d) of section 1132;

''(II) sections 40101(c), 40103(b), 40106(a), 40108, 40109(b), 40113(a), 40113(c), 40113(d), 40113(e), 40114(a), and 40117;

''(III) chapter 443;

''(IV) chapter 445, except sections 44502(a)(3), 44503, and 44509;

''(V) chapter 447, except sections 44721(b), and 44723;

''(VI) chapter 448;

''(VII) chapter 451;

''(VIII) chapter 453;

''(IX) section 46104;

''(X) subsections (d) and (h)(2) of section 46301, section 46303(c), sections 46304 through 46308, section 46310, section 46311, and sections 46313 through 46320;

''(XI) chapter 465;

''(XII) chapter 471;

''(XIII) chapter 475; and

''(XIV) chapter 509 of title 51; and

''(ii) such additional duties and powers as may be prescribed by the Secretary.

''(B) APPLICABILITY.—Section 40101(d) applies to the duties and powers specified in subparagraph (A).

''(C) TRANSFER.—Any of the duties and powers specified in subparagraph (A) may only be transferred to another part of the Department if specifically provided by law or in a reorganization plan submitted under chapter 9 of title 5.

''(D) ADMINISTRATIVE FINALITY.—A decision of the Administrator in carrying out the duties or powers specified in subparagraph (A) is administratively final.''.

(b) CONFORMING AMENDMENT.—Subsection (h) of section 106 of title 49, United States Code, is repealed.

(c) PRESERVATION OF EXISTING AUTHORITY.—Nothing in this section or the amendments made by this section shall be construed to restrict any authority vested in the Administrator of the Federal Aviation Administration by statute or by delegation that was in effect on the day before the date of the enactment of this Act.

SEC. 125. REVIEW OF FAA RULEMAKING PROCESSES.

(a) IN GENERAL.—Not later than 30 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall enter into appropriate arrangements with the National Academy of Public Administration to evaluate and make recommendations to improve the Administration's rulemaking processes.

(b) CONTENT OF REVIEW.—In completing the evaluation under subsection (a), the National Academy of Public Administration shall—

(1) review Administration and Department of Transportation policies and procedures for drafting, coordinating, reviewing, editing, and approving rulemaking documents;

(2) review part 11 of title 14, Code of Federal Regulations, and section 106 of title 49, United States Code—

(A) as such section was in effect the day before the date of enactment of this Act; and

(B) as amended by this Act; and

(3) include in the review—

(A) advanced notices of proposed rulemakings;

(B) notices of proposed rulemakings;

(C) supplemental proposed rulemakings;

(D) interim final rules; and

(E) final rules, including direct final rules.

(c) METHOD OF REVIEW.—As part of the evaluation under this section, the National Academy of Public Administration shall analyze the scoping, drafting, analysis, and approval processes, including examining incidents in which a rule was referred back to a program office for revision, and the timeline associated with each review and step for—

(1) at least 7 rules completed by the Administration since 2012, including—

(A) at least 2 rules that leveraged the work of an aviation rulemaking committee;

(B) at least 2 rules considered significant as defined in section 106(f)(3)(B)(ii) (as amended by this Act); and

(C) at least 1 rule promulgated through rules considered routine and frequent in the Department's Regulatory Agenda; and

(2) at least 2 rulemaking processes where a notice of proposed rulemaking has not been followed by a final rule for more than 3 years.

(d) REPORT.—The National Academy of Public Administration shall provide to the Administrator, Secretary of Transportation, the Committee on Transportation and Infrastructure and the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the evaluation required under subsection (a). The contents of the report shall—

(1) identify procedural or resource constraints;

(2) identify inefficiencies in the process, including any causes of delays;

(3) provide recommendations for expediting rulemakings, including—

(A) ways to improve the efficiency of the scoping process for rulemaking;

(B) the use of new routine and frequent rulemakings to allow for the expediting of activities that may be routinely needed or updated;

(C) the use of rules of applicability to provide for the expediting of activities that may be routinely needed or updated;

(D) the use of frameworks or shell rules to improve the efficiency of drafting;

(E) the use of aviation rulemaking committees; and

(F) internal process improvements; and

(4) not review the policy merits of the reviewed rulemakings, except to the extent that there are conclusions that can be drawn from the processes used to develop such rules.

(e) ACCESS TO DOCUMENTS.—The Administration and Department shall provide the National Academy of Public Administration access, as appropriate, to—

(1) the electronic management software the Administration uses to track internal processing of draft documents;

(2) appropriately redacted communications between offices and personnel that were used to coordinate work outside of the electronic software; and

(3) such other documents and records, including predecisional documents and records, that will assist the National Academy of Public Administration in completing the evaluation required under subsection (a).

SEC. 126. OFFICE OF INNOVATION.

Section 106 of title 49, United States Code, is further amended by striking subsection (g) and inserting the following:

''(g) OFFICE OF INNOVATION.—

''(1) IN GENERAL.—There is established within the Federal Aviation Administration an Office of Innovation (in this subsection referred to as the 'Office') comprised of employees of the Administration who shall—

''(A) have a diverse set of expertise;

''(B) assist the leadership of the Administration and the Management Board of the Administration with—

''(i) scoping complex regulatory issues and drafting documents on topics that span multiple offices or lines of business of the Administration;

''(ii) evaluating internal processes; and

''(iii) positioning the Administration to support aerospace innovation; and

''(C) receive taskings from the leadership of the Administration and the Management Board of the Administration, as determined necessary by such individuals, and work collaboratively with relevant program offices of the Administration, as necessary, to respond to such taskings.

''(2) APPOINTMENT OF MEMBERS.—

''(A) APPOINTMENTS.—The Administrator shall appoint a maximum of 15 employees to serve a 2-year term as a member of the Office of Innovation with at least 1 employee appointed from each of the following:

''(i) Office of Aviation Safety.

''(ii) The Air Traffic Organization.

''(iii) Office of Airports.

''(iv) Office of Security and Hazardous Materials Safety.

''(v) When authority under chapter 509 of title 51 is explicitly delegated by the Secretary of Transportation to the Administrator, the Office of Commercial Space Transportation.

''(vi) Office of the Chief Counsel.

''(vii) Office of Policy, International Affairs, and Environment.

''(B) CONSULTATION.—The Office may consult, as necessary, with other personnel of the Administration.

''(3) SELECTION OF MEMBERS.—An employee appointed under paragraph (2)—

''(A) may be appointed from nominations made by Associate Administrators, Assistant Administrators, and the Chief Counsel of the Administration;

''(B) shall not be a senior executive of the Administration;

''(C) shall have been an employee of the Administration for at least 2 years; and

''(D) shall have expertise in the authorities and duties of the respective office of the employee.

''(4) INNOVATION OFFICE LEAD.—The Administrator shall appoint a lead of the Office who shall report to the leadership of the Administration and who—

''(A) may have a set term, as determined by the Administrator;

''(B) shall manage the personnel and activities of such Office; and

''(C) may be a detailed employee of any office of the Administration, notwithstanding the numerical limits placed on appointments in paragraph (2)(A).

''(5) STATUS.—An appointment of an employee to the Office established under this subsection shall not impact the status or position of such employee in the respective office of such employee and such employee shall be considered a detailed employee to the Office of Innovation.

''(6) RESOURCES.—The Administrator shall provide resources and staff, as necessary, to the Office to support the activities of the Office described in paragraph (1), not to exceed more than 6 full-time equivalent positions, including any necessary project managers.''.

SEC. 127. FRANK A. LOBIONDO NATIONAL AEROSPACE SAFETY AND SECURITY CAMPUS.

(a) IN GENERAL.—The campus and grounds of the Federal Aviation Administration Technical Center located at the Atlantic City International Airport in Egg Harbor Township, New Jersey, shall be known and designated as the ''Frank A. LoBiondo National Aerospace Safety and Security Campus''.

(b) REFERENCE.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the campus and grounds at the Federal Aviation Administration Technical Center referred to in subsection (a) shall be deemed to be a reference to the ''Frank A. LoBiondo National Aerospace Safety and Security Campus''.

SEC. 128. TECHNICAL CENTER FOR ADVANCED AEROSPACE.

(a) IN GENERAL.—Section 106 of title 49, United States Code, is further amended by inserting after subsection (g) (as added by section 126) the following:

''(h) TECHNICAL CENTER FOR ADVANCED AEROSPACE.—

''(1) IN GENERAL.—There is established within the Administration a technology center located at the Frank A. LoBiondo National Aerospace Safety and Security Campus to support the advancement of aerospace safety and innovation which shall be known as the 'William J. Hughes Technical Center for Advanced Aerospace' (in this subsection referred to as the 'Technical Center') that shall be used by the Administrator and, as permitted by the Administrator, other governmental entities, academia, and the aerospace industry.

''(2) MANAGEMENT.—The activities of the Technical Center shall be managed by a Director.

''(3) ACTIVITIES.—The activities of the Technical Center shall include—

''(A) developing and stimulating technology partnerships with and between industry, academia, and other government agencies and supporting such partnerships by—

''(i) liaising between external persons and offices of the Administration interested in such work;

''(ii) providing technical expertise and input, as appropriate; and

''(iii) providing access to the properties, facilities, and systems of the Technical Center through appropriate agreements;

''(B) managing technology demonstration grants awarded by the Administrator;

''(C) identifying software, systems, services, and technologies that could improve aviation safety and the operations and management of the air traffic control system and working with relevant offices of the Administration to consider the use and integration of such software, systems, services, and technologies, as appropriate;

''(D) supporting the work of any collocated facilities and tenants of such facilities, and to the extent feasible, enter into agreements as necessary to utilize the facilities, systems, and technologies of such collocated facilities and tenants;

''(E) managing the facilities of the Technical Center and the Frank A. LoBiondo National Aerospace Safety and Security Campus; and

''(F) carrying out any other duties as determined appropriate by the Administrator.''.

(b) CONFORMING AMENDMENT.—Section 44507 of title 49, United States Code, is amended—

(1) by striking ''(a) CIVIL AEROMEDICAL INSTITUTE'' and all that follows through ''The Civil Aeromedical Institute established'' and inserting ''The Civil Aeromedical Institute established''; and

(2) by striking subsection (b).

SEC. 129. OFFICE OF NEXTGEN SUNSET.

(a) IN GENERAL.—Not later than 30 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall terminate the Office of NextGen.

(b) CLOSURE PROCESS.—In carrying out subsection (a), the Administrator shall transfer duties, authorities, activities, personnel, and assets managed by the Office of NextGen to other officials of the Administration, as appropriate, including—

(1) transferring such duties, authorities, activities, personnel, and assets to—

(A) the Director of the William J. Hughes Technical Center for Advanced Aerospace established under subsection 106(h) of title 49, United States Code;

(B) the Assistant Administrator for Finance and Management;

(C) the Chief Operating Officer of the Air Traffic Control System; and

(D) other officials of the Administration, as determined by the Administrator; and

(2) transferring management of the NextGen Advisory Committee to the Chief Operating Officer of the Air Traffic Control System.

SEC. 130. FAA OMBUDSMAN.

Section 106 of title 49, United States Code, is further amended by striking subsection (i) and inserting the following:

''(i) FAA OMBUDSMAN.—

''(1) ESTABLISHMENT.—There is established within the Federal Aviation Administration an Ombudsman who shall coordinate or facilitate the adjudication of covered submissions.

''(2) OMBUDSMAN.—

''(A) IN GENERAL.—The Ombudsman shall be appointed by the Administrator and report to the Assistant Administrator for Government and Industry Affairs.

''(B) TERM.—The Ombudsman shall be appointed for a term of 5 years.

''(3) DUTIES.—The duties of the Ombudsman shall be as follows:

''(A) Work with the relevant offices within the Administration to—

''(i) with respect to a covered submission, resolve, provide a status update, or provide clarity on the status of such submissions;

''(ii) bring to the attention of the relevant office of the Administration concerns, as necessary, regarding Administration processes or considerations discovered while coordinating an activity related to a covered submission under this subsection; and

''(iii) address any gaps and communication lapses in Administration coordination processes.

''(B) Determine if, based on a coordinated activity carried out under this subsection, reconsideration with respect to covered submissions or administrative actions are necessary and report to the Administrator or the relevant office within the Administration with recommendations relating to such reconsideration.

''(C) Determine if trends materialize that could warrant process, procedural, or resource changes and report recommendations regarding such changes to the Administrator

and relevant offices within the Administration.

''(D) Ensure that reporting, processing, or dispute resolution mechanisms within the Administration are transparent and accessible to the public, and facilitate the use of such reporting, processing, or dispute resolution mechanisms, when appropriate.

''(E) Perform other duties as prescribed by the Assistant Administrator.

''(4) DISCRETION ON COORDINATION AND REVIEW.—

''(A) IN GENERAL.—The Ombudsman shall determine whether to coordinate a review of a covered submission in order to provide a response, coordinate the reconsideration of an administrative action, or take no additional action. In making a determination under this subparagraph, the Ombudsman shall consider—

''(i) whether there are reporting, processing, or dispute resolution mechanisms that have not been exhausted or that may be more appropriate for dealing with, investigating, and responding to such covered submission;

''(ii) whether the subject or outcome of a covered submission is alleged to be—

''(I) contrary to law or regulation;

''(II) arbitrary and capricious; or

''(III) performed in an unreasonably inefficient or untimely manner; and

''(iii) such other factors as the Ombudsman considers appropriate.

''(B) EXCEPTION.—With regard to a covered submission concerning an activity relating to an alleged violation of an order, a regulation, or any other provision of Federal law by the Administration or whistleblower retaliation, the Ombudsman shall refer such covered submission to the appropriate Federal entity to adjudicate or investigate the subject of such submission.

''(C) COOPERATION.—The Administrator shall ensure that the officers and employees of the Administration fully cooperate with the activities of the Ombudsman and provide such information, documents, or materials as may be requested by the Ombudsman.

''(5) RESPONSE REQUIREMENT.—The Ombudsman shall ensure that the Administration provides an initial response to or status update on covered submissions within 10 business days of the Ombudsman receiving such submission.

''(6) DEFINITIONS.—In this subsection:

''(A) ADMINISTRATIVE ACTION.—The term 'administrative action' means—

''(i) an action taken by the Administrator of the Federal Aviation Administration to issue, deny, modify, or revoke a certificate, registration, approval, waiver, license, exemption, determination, interpretation, or any other authorizing action; or

''(ii) the lack of any action (or activity related to an action) described in clause (i) necessary to be taken by the Administrator.

''(B) COVERED SUBMISSION.—The term 'covered submission' means an inquiry or objection relating to—

''(i) an aircraft, aircraft engine, propeller, or appliance certification;

''(ii) an airman or pilot certificate, including scheduling an associated appointment with Administration personnel or designees;

''(iii) a medical certificate;

''(iv) an operator certificate;

''(v) when authority under chapter 509 of title 51 is explicitly delegated by the Secretary of Transportation to the Administrator, a license or permit issued under chapter 509 of title 51;

''(vi) an aircraft registration;

''(vii) an operational approval, waiver, or exemption;

''(viii) a legal interpretation;

''(ix) an outstanding determination;

''(x) an application of agency guidance; and

''(xi) any certificate not otherwise described in this subparagraph that is issued pursuant to chapter 447.''.

SEC. 131. PROJECT DASHBOARDS AND FEEDBACK PORTAL.

(a) IN GENERAL.—The Ombudsman of the Federal Aviation Administration shall, in reviewing Administration processes, receiving, reviewing, and responding to covered submissions, and through general due diligence, determine whether a publicly facing dashboard that provides applicants with the status of an application before the agency would be—

(1) beneficial to applicants;

(2) an efficient use of resources to build, maintain, and update; or

(3) duplicative with other efforts within the Administration to streamline and digitize paperwork and certification processes to provide an applicant with a greater awareness of the status of an application before the Administration.

(b) RECOMMENDATION.—Not later than 30 months after the date of enactment of this Act, the Ombudsman shall provide a recommendation to the Administrator of the Federal Aviation Administration regarding the need or benefits of a dashboard or other means by which to track an application status.

(c) BRIEFING.—Not later than 45 days after receiving recommendations under subsection (b), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on—

(1) any recommendation received from the Ombudsman; and

(2) any activities the Administrator is taking in response to such recommendation.

(d) FAA FEEDBACK PORTAL.—

(1) IN GENERAL.—The Ombudsman shall, through interacting with the public and general due diligence, determine whether a publicly facing portal on the website through which the public may provide feedback to the Administrator about experiences they have working with personnel of the Administration would be beneficial.

(2) REQUIREMENTS.—The Ombudsman shall ensure any portal established under this subsection asks questions that seek to gauge any shortcomings the Administration has in fulfilling its mission or areas where the Administration is succeeding in meetings its mission.

(e) COVERED SUBMISSION.—In this section, the term ''covered submission'' has the meaning given the term in subsection 106(i) of title 49, United States Code.

SEC. 132. SENSE OF CONGRESS ON FAA ENGAGEMENT DURING RULEMAKING ACTIVITIES.

It is the sense of Congress that—

(1) the Administrator of the Federal Aviation Administration should engage with aviation stakeholder groups and the public during predrafting stages of rulemaking activities and use, to the greatest extent practicable, properly docketed ex-parte discussions during rulemaking activities in order to—

(A) inform the work of the Administrator;

(B) assist the Administrator in developing the scope of a rule; and

(C) reduce the timeline for issuance of proposed and final rules; and

(2) when it would reduce the time required for the Administrator to adjudicate public comments, the Administrator should publicly provide information describing the rationale behind a regulatory decision included in proposed regulations in order to better allow for the public to provide clear and informed comments on such regulations.

SEC. 133. CIVIL AEROMEDICAL INSTITUTE.

Section 106(j) of title 49, United States Code, is amended by striking ''There is'' and inserting ''CIVIL AEROMEDICAL INSTITUTE.—There is''.

SEC. 134. MANAGEMENT ADVISORY COUNCIL.

Section 106 of title 49, United States Code, is further amended—

(1) by transferring paragraph (8) of subsection (p) as paragraph (7) of subsection (r); and

(2) by striking subsection (p) and inserting the following:

''(p) MANAGEMENT ADVISORY COUNCIL.—

''(1) ESTABLISHMENT.—The Administrator shall establish an advisory council which shall be known as the Federal Aerospace Management Advisory Council (in this subsection referred to as the 'Council').

''(2) MEMBERSHIP.—The Council shall consist of 13 members, who shall consist of—

''(A) a designee of the Secretary of Transportation;

''(B) a designee of the Secretary of Defense;

''(C) 5 members representing aerospace and technology interests, appointed by the Administrator;

''(D) 5 members representing aerospace and technology interests, appointed by the Secretary of Transportation; and

''(E) 1 member, appointed by the Secretary of Transportation, who is the head of a union representing air traffic control system employees.

''(3) QUALIFICATIONS.—No officer or employee of the United States Government may be appointed to the Council under subparagraph (C) or (D) of paragraph (2).

''(4) FUNCTIONS.—

''(A) IN GENERAL.—

''(i) ADVISE; COUNSEL.—The Council shall provide advice and counsel to the Administrator on issues which affect or are affected by the activities of the Administrator.

''(ii) RESOURCE.—The Council shall function as an oversight resource for management, policy, spending, and regulatory matters under the jurisdiction of the Administrator.

''(iii) SUBMISSIONS TO ADMINISTRATION.—With respect to Administration management, policy, spending, funding, data management and analysis, safety initiatives, international agreements, activities of the International Civil Aviation Organization, and regulatory matters affecting the aerospace industry and the national airspace system, the Council may—

''(I) regardless of whether solicited by the Administrator, submit comments, recommended modifications, proposals, and supporting or dissenting views to the Administrator; and

''(II) request the Administrator include in any submission to Congress, the Secretary, or the general public, and in any submission for publication in the Federal Register, a description of the comments, recommended modifications, and dissenting or supporting views received from the Council under subclause (I).

''(iv) REASONING.—Together with a Council submission that is published or described under clause (iii)(II), the Administrator shall provide the reasons for any differences between the views of the Council and the views or actions of the Administrator.

''(v) COST-BENEFIT ANALYSIS.—The Council shall review the rulemaking cost-benefit analysis process and develop recommendations to improve the analysis and ensure that the public interest is fully protected.

''(vi) PROCESS REVIEW.—The Council shall review the process through which the Administration determines to use advisory circulars, service bulletins, and other externally facing guidance and regulatory material.

''(B) MEETINGS.—The Council shall meet on a regular and periodic basis or at the call of the chair or of the Administrator.

''(C) ACCESS TO DOCUMENTS AND STAFF.—The Administration may give the Council appropriate access to relevant documents and personnel of the Administration, and the Administrator shall make available, consistent with the authority to withhold commercial and other proprietary information under section 552 of title 5 (commonly known as the 'Freedom of Information Act'), cost data associated with the acquisition and operation of air traffic service systems.

''(D) DISCLOSURE OF COMMERCIAL OR PROPRIETARY DATA.—Any member of the Council who receives commercial or other proprietary data as provided for in this paragraph from the Administrator shall be subject to the provisions of section 1905 of title 18, pertaining to unauthorized disclosure of such information.

''(5) APPLICATION OF CHAPTER 10 OF TITLE 5.—Chapter 10 of title 5 does not apply to—

''(A) the Council;

''(B) such aviation rulemaking committees as the Administrator shall designate; or

''(C) such aerospace rulemaking committees as the Secretary shall designate.

''(6) ADMINISTRATIVE MATTERS.—

''(A) TERMS.—Members of the Council appointed under paragraph (2)(C) shall be appointed for a term of 3 years.

''(B) TERM FOR AIR TRAFFIC CONTROL REPRESENTATIVE.—The member appointed under paragraph (2)(D) shall be appointed for a term of 3 years, except that the term of such individual shall end whenever the individual no longer meets the requirements of paragraph (2)(D).

''(C) VACANCY.—Any vacancy on the Council shall be filled in the same manner as the original appointment, except that any member appointed to fill a vacancy occurring before the expiration of the term for which the member's predecessor was appointed shall be appointed for the remainder of that term.

''(D) CONTINUATION IN OFFICE.—A member of the Council whose term expires shall continue to serve until the date on which the member's successor takes office.

''(E) REMOVAL.—Any member of the Council appointed under paragraph (2) may be removed for cause by whomever makes the appointment.

''(F) CHAIR; VICE CHAIR.—The Council shall elect a chair and a vice chair from among the members appointed under subparagraphs (C) and (D) of paragraph (2), each of whom shall serve for a term of 1 year. The vice chair shall perform the duties of the chair in the absence of the chair.

''(G) TRAVEL AND PER DIEM.—Each member of the Council shall be paid actual travel expenses, and per diem in lieu of subsistence expenses when away from the usual place of residence of the member, in accordance with section 5703 of title 5.

''(H) DETAIL OF PERSONNEL FROM THE ADMINISTRATION.—The Administrator shall make available to the Council such staff, information, and administrative services and assistance as may reasonably be required to enable the Council to carry out its responsibilities under this subsection.''.

SEC. 135. AVIATION NOISE OFFICER.

(a) IN GENERAL.—Section 106 of title 49, United States Code, is further amended by striking subsection (q) and inserting the following:

''(q) AVIATION NOISE OFFICER.—

''(1) IN GENERAL.—The Administration has an Aviation Noise Officer, who shall be appointed by the Administrator.

''(2) REGIONAL OFFICERS.—The Aviation Noise Officer shall designate, within each region of the Administration, a Regional Aviation Noise Officer.

''(3) DUTIES.—The Aviation Noise Officer, in coordination with the Regional Aviation Noise Officers, shall—

''(A) serve as a liaison with the public, including community groups, on issues regarding aircraft noise;

''(B) make recommendations to the Administrator to address concerns raised by the public in decision making processes; and

''(C) be consulted when the Administration proposes changes in aircraft routes so as to minimize any increases in aircraft noise over populated areas.

''(4) NUMBER OF FULL-TIME EQUIVALENT EMPLOYEES.—The appointment of an Aviation Noise Officer under this subsection shall not result in an increase in the number of full-time equivalent employees in the Administration.''.

(b) CONFORMING AMENDMENTS.—Section 180 of the FAA Reauthorization Act of 2018 (49 U.S.C. 106 note) and the items relating to such section in the table of contents contained in section 1(b) of that Act, are repealed.

SEC. 136. CHIEF OPERATING OFFICER.

Section 106(r) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) by striking subparagraph (A) and inserting the following:

''(A) APPOINTMENT.—There shall be a Chief Operating Officer for the air traffic control system that is appointed by the Administrator and subject to the authority of the Administrator.''; and

(B) in subparagraph (E) by striking ''shall be appointed for the remainder of that term'' and inserting ''may be appointed for either the remainder of the term or for a full term'';

(2) in paragraph (2) by striking '', with the approval of the Air Traffic Services Committee'';

(3) in paragraph (3)—

(A) by striking '', in consultation with the Air Traffic Services Committee,''; and

(B) by striking ''annual basis.'' and inserting— ''annual basis and shall include responsibility for—

''(A) the state of good repair of the air traffic control system;

''(B) the continuous improvement of the safety and efficiency of the air traffic control system; and

''(C) identifying services and solutions to increase the safety and efficiency of airspace use and to support the safe integration of all airspace users.'';

(4) in paragraph (4) by striking ''such information as may be prescribed by the Secretary'' and inserting ''the annual performance agreement required under paragraph (3), an assessment of the performance of the Chief Operating Officer in relation to the performance goals in the previous year's performance agreement, and such other information as may be prescribed by the Administrator''; and

(5) in paragraph (5)—

(A) by striking ''Chief Operating Officer, or any other authority within the Administration responsibilities, including'' and inserting ''Chief Operating Officer any authority of the Administrator and shall delegate, at a minimum'';

(B) in subparagraph (A)—

(i) in clause (iii) by striking ''and'' at the end;

(ii) in clause (iv) by striking the period at the end and inserting ''; and''; and

(iii) by adding at the end the following:

''(v) plans to integrate new entrant operations into the national airspace system and associated action items.''; and

(C) in subparagraph (C)(ii) by striking ''and the Committee''.

SEC. 137. REPORT ON UNFUNDED CAPITAL INVESTMENT NEEDS OF AIR TRAFFIC CONTROL SYSTEM.

Section 106(r) of title 49, United States Code, is further amended by adding at the end the following:

''(6) UNFUNDED CAPITAL INVESTMENT NEEDS REPORT.—

''(A) IN GENERAL.—Not later than 10 days after the date on which the budget of the President for a fiscal year is submitted to Congress pursuant to section 1150 of title 31, the Chief Operating Officer shall submit directly to the Administrator, the Secretary, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report on any unfunded capital investment needs of the air traffic control system.

''(B) CONTENTS OF REPORT.—The report required under subparagraph (A) shall include, for each unfunded capital investment need, the following:

''(i) A summary description of such unfunded capital investment need.

''(ii) Objective to be achieved if such unfunded capital investment need is funded in whole or in part.

''(iii) The additional amount of funds recommended in connection with such objective.

''(iv) The Budget Line Item Program and Budget Line Item number associated with such unfunded capital investment need, as applicable.

''(v) Any statutory requirement associated with such unfunded capital investment need, as applicable.

''(C) PRIORITIZATION OF REQUIREMENTS.—The report required under subparagraph (A) shall present unfunded capital investment needs in overall urgency of priority.

''(D) DEFINITION OF UNFUNDED CAPITAL INVESTMENT NEED.—In this paragraph the term 'unfunded capital investment need' means a program that—

''(i) is not funded in the budget of the President for the fiscal year as submitted to Congress pursuant to section 1105 of title 31;

''(ii) is for infrastructure or a system related to necessary modernization or sustainment of the air traffic control system;

''(iii) is listed for any year in the most recent National Airspace System Capital Investment Plan of the Administration; and

''(iv) would have been recommended for funding through the budget referred to in subparagraph (A) by the Chief Operating Officer if—

''(I) additional resources had been available for the budget to fund the program, activity, or mission requirement; or

''(II) the program, activity, or mission requirement has emerged since the budget was formulated.''.

SEC. 138. CHIEF TECHNOLOGY OFFICER.

Section 106(s) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) in subparagraph (A) by striking ''There shall be'' and all that follows through the period at the end and inserting ''The Chief Technology Officer shall be appointed by the Chief Operating Officer of the air traffic control system with the consent of the Administrator.'';

(B) in subparagraph (B) by striking ''management'' and inserting ''management, systems management,'';

(C) by striking subparagraph (D);

(D) by redesignating subparagraphs (A) through (C) as subparagraphs (B) through (D), respectively; and

(E) by inserting before subparagraph (B), as so redesignated, the following:

''(A) ESTABLISHMENT.—There shall be a Chief Technology Officer for the air traffic control system that shall report directly to the Chief Operating Officer of the air traffic control system.'';

(2) in paragraph (2)—

(A) in subparagraph (A) by striking ''program''; and

(B) in subparagraph (F) by striking ''aircraft operators'' and inserting ''the Administration, aircraft operators, or other private providers of information and services related to air traffic management''; and

(3) in paragraph (3)—

(A) in subparagraph (A) by striking ''The Chief Technology Officer shall be subject to the postemployment provisions of section 207 of title 18 as if the position of Chief Technology Officer were described in section 207(c)(2)(A)(i) of that title.'';

(B) by redesignating subparagraph (B) as subparagraph (C); and

(C) by inserting after subparagraph (A) the following:

''(B) POST-EMPLOYMENT.—The Chief Technology Officer shall be subject to the postemployment provisions of section 207 of title 18 as if the position of Chief Technology Officer were described in section 207(c)(2)(A)(i) of such title.''.

SEC. 139. DEFINITION OF AIR TRAFFIC CONTROL SYSTEM.

Section 40102(a)(47) of title 49, United States Code, is amended—

(1) in subparagraph (C) by striking ''and'' at the end;

(2) in subparagraph (D) by striking the period at the end and inserting ''; and''; and

(3) by adding at the end the following:

''(E) systems, software, and hardware operated, owned, and maintained by third parties that support or directly provide air navigation information and air traffic management services with Administration approval.''.

SEC. 140. PEER REVIEW OF OFFICE OF WHISTLEBLOWER PROTECTION AND AVIATION SAFETY INVESTIGATIONS.

Section 106(t) of title 49, United States Code, is amended—

(1) by striking paragraph (7);

(2) by inserting after paragraph (6) the following:

''(7) DEPARTMENT OF TRANSPORTATION OFFICE OF THE INSPECTOR GENERAL PEER REVIEW.—

''(A) IN GENERAL.—Not later than 2 years after the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act, and every 5 years thereafter, the inspector general of the Department of Transportation shall perform a peer review of the Office of Whistleblower Protection and Aviation Safety Investigations.

''(B) PEER REVIEW SCOPE.—In completing the peer reviews required under this paragraph, the inspector general shall use the most recent peer review guides published by the Council of the Inspectors General on Integrity and Efficiency Audit Committee and Investigations Committee.

''(C) REPORTS TO CONGRESS.—Not later than 90 days after the completion of a peer review required under this paragraph, the inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a description of any actions taken or to be taken to address the results of the peer review.''; and

(3) in paragraph (8)(B) by striking the comma.

SEC. 141. CYBERSECURITY LEAD.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall designate an executive of the Administration to serve as the lead for the cybersecurity of Administration systems and hardware (hereinafter referred to as the ''Cybersecurity Lead'').

(b) DUTIES.—The Cybersecurity Lead shall carry out duties and powers prescribed by the Administrator, including the management of activities required under subtitle B of title VI of the Securing Growth and Robust Leadership in American Aviation Act.

(c) BRIEFING.—Not later than 1 and 3 years after the date of enactment of this Act, the Cybersecurity Lead shall provide a briefing to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the implementation of subtitle B of title VI of the Securing Growth and Robust Leadership in American Aviation Act.

SEC. 142. REDUCING FAA WASTE, INEFFICIENCY, AND UNNECESSARY RESPONSIBILITIES.

(a) ANNUAL REPORT ON AVIATION ACTIVITIES.—Section 308 of title 49, United States Code, is amended—

(1) by striking subsection (b);

(2) by redesignating subsection (c) as subsection (b); and

(3) by redesignating subsection (e) as subsection (c).

(b) ANNUAL REPORT ON THE PURCHASE OF FOREIGN MANUFACTURED ARTICLES.—Section 40110(d) of title 49, United States Code, is amended by striking paragraph (5).

(c) ANNUAL REPORT ON ASSISTANCE TO FOREIGN AVIATION AUTHORITIES.—Section 40113(e) of title 49, United States Code, is amended—

(1) by striking paragraph (4); and

(2) by redesignating paragraph (5) as paragraph (4).

(d) AIP ANNUAL REPORT.—Section 47131 of title 49, United States Code, and the item relating to such section in the analysis for chapter 471 of such title, are repealed.

(e) TRANSFER OF AIRPORT LAND USE COMPLIANCE REPORT TO NPIAS.—Section 47103 of title 49, United States Code, is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (c) the following:

''(d) NON-COMPLIANT AIRPORTS.—

''(1) IN GENERAL.—The Secretary shall include in the plan a detailed statement listing airports the Secretary has reason to believe are not in compliance with grant assurances or other requirements with respect to airport lands and shall include—

''(A) the circumstances of noncompliance;

''(B) the timeline for corrective action with respect to such noncompliance; and

''(C) any corrective action the Secretary intends to require to bring the airport sponsor into compliance.

''(2) LISTING.—The Secretary is not required to conduct an audit or make a final determination before including an airport on the list referred to in paragraph (1).''.

(f) NOTICE TO AIRPORT SPONSORS REGARDING PURCHASE OF AMERICAN MADE EQUIPMENT AND PRODUCTS.—Section 306 of the Federal Aviation Administration Authorization Act of 1994 (49 U.S.C. 50101 note) is amended—

(1) in subsection (a) by striking ''(a)'' and all that follows through ''It is the sense'' and inserting ''It is the sense''; and

(2) by striking subsection (b).

(g) OBSOLETE AVIATION SECURITY REQUIREMENTS.—Sections 302, 307, 309, and 310 of the Federal Aviation Reauthorization Act of 1996 (Public Law 104–264), and the items relating to such sections in the table of contents in section 1(b) of such Act, are repealed.

(h) REGULATION OF ALASKA GUIDE PILOTS.—Section 732 of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (49 U.S.C. 44701 note) is amended—

(1) by striking subsection (b);

(2) by redesignating subsection (c) as subsection (b); and

(3) in subsection (b), as so redesignated—

(A) in the heading by striking ''DEFINITIONS'' and inserting ''DEFINITION OF ALASKA GUIDE PILOT''; and

(B) by striking '', the following definitions apply'' and all that follows through ''The term 'Alaska guide pilot'.'' and inserting ''the term 'Alaska guide pilot'.''.

(i) NEXT GENERATION AIR TRANSPORTATION SENIOR POLICY COMMITTEE.—Section 710 of the Vision 100–Century of Aviation Reauthorization Act (49 U.S.C. 40101 note), and the item relating to such section in the table of contents in section 1(b) of such Act, are repealed.

(j) IMPROVED PILOT LICENSES AND PILOT LICENSE RULEMAKING.—

(1) INTELLIGENCE REFORM AND TERRORISM PREVENTION ACT.—Section 4022 of the Intelligence Reform and Terrorism Prevention Act of 2004 (49 U.S.C. 44703 note), and the item relating to such section in the table of contents in section 1(b) of such Act, are repealed.

(2) FAA MODERNIZATION AND REFORM ACT OF 2012.—Section 321 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44703 note), and the item relating to such section in the table of contents in section 1(b) of such Act, are repealed.

(k) TECHNICAL TRAINING AND STAFFING STUDY.—Section 605 of the FAA Modernization and Reform Act of 2012 (Public Law 112–95) is amended—

(1) by striking subsection (a);

(2) in subsection (b)—

(A) by striking ''(b) Workload of Systems Specialists.—''; and

(B) by redesignating paragraphs (1) through (3) as subsections (a) through (c) (and adjust the margins appropriately); and

(3) in subsection (c) (as so redesignated) by striking ''paragraph (1)'' and inserting ''subsection (a)''.

(l) FERRY FLIGHT DUTY PERIOD AND FLIGHT TIME RULEMAKINGS.—Section 345 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44701 note), and the item relating to such section in the table of contents in section 1(b) of such Act, are repealed.

(m) LASER POINTER INCIDENT REPORTS.—Section 2104 of FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 46301 note) is amended—

(1) in subsection (a) by striking ''quarterly'' and inserting ''annually''; and

(2) by adding at the end the following:

''(c) REPORT SUNSET.—Subsection (a) shall cease to be effective after September 30, 2028.''.

(n) COLD WEATHER PROJECTS BRIEFING.—Section 156 of the FAA Reauthorization Act of 2018 (49 U.S.C. 47112 note) is amended—

(1) by striking subsection (b); and

(2) by redesignating subsection (c) as subsection (b).

TITLE II—GENERAL AVIATION

Subtitle A—Expanding Pilot Privileges and Protections

SEC. 201. REEXAMINATION OF PILOTS OR CERTIFICATE HOLDERS.

The Pilot's Bill of Rights (49 U.S.C. 44703 note) is amended by adding at the end the following:

''SEC. 5. REEXAMINATION OF AN AIRMAN CERTIFICATE.

''(a) IN GENERAL.—The Administrator shall provide timely, written notification to an individual subject to a reexamination of an airman certificate issued under chapter 447 of title 49, United States Code.

''(b) INFORMATION REQUIRED.—In providing notification under subsection (a), the Administrator shall inform the individual—

''(1) of the nature of the reexamination and the specific activity on which the reexamination is necessitated;

''(2) that the reexamination shall occur within 1 year from the date of the notice provided by the Administrator, after which, if the reexamination is not conducted, the airman certificate may be suspended or revoked; and

''(3) when, as determined by the Administrator, an oral or written response to the notification from the Administrator is not required.

''(c) EXCEPTION.—Nothing in this section prohibits the Administrator from reexamining a certificate holder if the Administrator has reasonable grounds—

''(1) to establish that an airman may not be qualified to exercise the privileges of a certificate or rating based upon an act or omission committed by the airman while exercising such privileges or performing ancillary duties associated with the exercise of such privileges; or

''(2) to demonstrate that the airman obtained such a certificate or rating through fraudulent means or through an examination that was substantially and inadequate to establish the qualifications of an airman.

''(d) STANDARD OF REVIEW.—An order issued by the Administrator to amend, modify, suspend, or revoke an airman certificate after reexamination of the airman is subject to the standard of review provided for under section 2 of this Act.''.

SEC. 202. GAO REVIEW OF PILOT'S BILL OF RIGHTS.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Comptroller General of the United States shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a study of the implementation of the Pilot's Bill of Rights (49 U.S.C. 44703 note).

(b) CONTENTS.—In conducting the study under subsection (a), the Comptroller General shall review—

(1) the implementation and application of the Pilot's Bill of Rights (49 U.S.C. 44703 note);

(2) the application of the Federal Rules of Civil Procedure and the Federal Rules of Evidence to covered proceedings by the National Transportation Safety Board, as required by section 2 of the Pilot's Bill of Rights (49 U.S.C. 44703 note);

(3) the appeal process and the typical length of time associated with a final determination in a covered proceeding; and

(4) any impacts of the implementation of the Pilot's Bill of Rights (49 U.S.C. 44703 note).

(c) COVERED PROCEEDINGS.—In this section, the term ''covered proceeding'' means a proceeding conducted under subpart C, D, or F of part 821 of title 49, Code of Federal Regulations, relating to denial, amendment, modification, suspension, or revocation of an airman certificate.

SEC. 203. EXPANSION OF BASICMED.

(a) IN GENERAL.—Section 2307 of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44703 note) is amended—

(1) in subsection (a)—

(A) by striking paragraph (2) and inserting the following:

''(2) the individual holds a medical certificate issued by the Federal Aviation Administration or has held such a certificate at any time after July 14, 2006;'';

(B) in paragraph (7) by inserting ''calendar'' before ''months''; and

(C) in paragraph (8)(A) by striking ''5'' and inserting ''6'';

(2) in subsection (b)(2)(A)(i) by inserting ''(or any successor form)'' after ''(3–99)'';

(3) by striking subsection (h) and inserting the following:

''(h) REPORT REQUIRED.—Not later than 4 years after the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act, the Administrator, in coordination with the National Transportation Safety Board, shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report that describes the effect of the regulations issued or revised under subsection (a) and includes statistics with respect to changes in small aircraft activity and safety incidents.''; and

(4) in subsection (j)—

(A) in paragraph (1) by striking ''6'' and inserting ''7''; and

(B) in paragraph (2) by striking ''6,000'' and inserting ''12,500''.

(b) RULEMAKING.—The Administrator of the Federal Aviation Administration shall update regulations in parts 61 and 68 of title 14, Code of Federal Regulations, as necessary, to implement the amendments made by this section.

(c) APPLICABILITY.—Beginning on the date that is 120 days after the date of enactment of this Act, the Administrator shall apply part 68, Code of Federal Regulations, in a manner reflecting the amendments made by this section.

SEC. 204. DATA PRIVACY.

(a) IN GENERAL.—Chapter 441 of title 49, United States Code, is amended by adding at the end the following:

''§ 44114. Privacy

''(a) IN GENERAL.—Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration shall establish and continuously improve a process by which, upon request of a private aircraft owner or operator, the Administrator blocks the registration number and other similar identifiable data or information, except for physical markings required by law, of the aircraft of the owner or operator from any public dissemination or display (except in furnished data or information made available to or from a Government agency pursuant to a government contract, subcontract, or agreement) for the noncommercial flights of the owner or operator.

''(b) WITHHOLDING PERSONALLY IDENTIFIABLE INFORMATION ON AIRCRAFT REGISTRY.—Not later than 1 year after the date of enactment of this section and notwithstanding any other provision of law, the Administrator shall establish a procedure by which, upon request of a private aircraft owner or operator, the Administrator shall withhold from public disclosure (except in furnished data or information made available to or from a Government agency pursuant to a government contract, subcontract, or agreement) the personally identifiable information of such individual on the Civil Aviation Registry website.

''(c) ICAO AIRCRAFT IDENTIFICATION CODE.—

''(1) IN GENERAL.—The Administrator shall establish a program for aircraft owners and operators to apply for a new ICAO aircraft identification code.

''(2) LIMITATIONS.—In carrying out the program described in paragraph (1), the Administrator shall require—

''(A) each applicant to substantiate the safety or security need in applying for a new ICAO aircraft identification code; and

''(B) each approved applicant who obtains a new ICAO aircraft identification code to comply with all applicable aspects of, or related to, part 45 of title 14, Code of Federal Regulations, including updating an aircraft's registration number and N–Number to reflect such aircraft's new ICAO aircraft identification code.

''(d) DECOUPLING MODE S CODES.—The Administrator shall develop a plan for which the Administrator could allow for a process to disassociate an assigned Mode S code with the number assigned to an aircraft that is registered pursuant to section 44103.

''(e) DEFINITIONS.—In this section:

''(1) ADS–B.—The term 'ADS–B' means automatic dependent surveillance-broadcast.

''(2) ICAO.—The term 'ICAO' means the International Civil Aviation Organization.

''(3) PERSONALLY IDENTIFIABLE INFORMATION.—The term 'personally identifiable information' means—

''(A) the mailing address or registration address of an individual;

''(B) an electronic address (including an e-mail address) of an individual; or

''(C) the telephone number of an individual.''.

(b) STUDY ON ENCRYPTING ADS–B.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to enter into an agreement with a qualified organization to conduct a study assessing the technical challenges, impact to international aviation operations, benefits, and costs of encrypting ADS–B signals to provide for a safer and more secure environment for national airspace system users.

(2) CONSULTATION.—In carrying out the study under paragraph (1), a qualified organization shall consult with representatives of—

(A) air carriers;

(B) collective bargaining representatives of the Federal Aviation Administration aeronautical information specialists;

(C) original equipment manufacturers of ADS–B equipment;

(D) general aviation;

(E) business aviation; and

(F) aviation safety experts with specific knowledge of aircraft cybersecurity.

(3) CONSIDERATIONS.—In carrying out the study under paragraph (1), a qualified organization shall consider—

(A) the technical requirements for encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies;

(B) the advantages of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including those related to cybersecurity protections, safety, and privacy of national airspace system users;

(C) the disadvantages of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including those related to cybersecurity protections, safety, and privacy of national airspace system users;

(D) the challenges of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including coordination considerations with the International Civil Aviation Organization and foreign civil aviation authorities;

(E) potential new aircraft equipage requirements and estimated costs;

(F) the impact to nongovernmental third-party users of ADS–B data;

(G) the estimated costs to—

(i) the Federal Aviation Administration;

(ii) aircraft owners required to equip with ADS–B equipment for aviation operations; and

(iii) other relevant persons the Administrator determines necessary; and

(H) the impact to national airspace system operations during implementation and post-implementation.

(4) REPORT.—In any agreement entered into under paragraph (1), the Administrator shall ensure that, not later than 1 year after the completion of the study required under paragraph (1), the qualified organization that has entered into such agreement shall submit to the Administrator, the Committee on

Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study described in paragraph (1), including the findings and recommendations related to each item specified under paragraph (3).

(5) DEFINITION OF QUALIFIED ORGANIZATION.—In this subsection, the term ''qualified organization'' means an independent nonprofit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of such Code.

(c) CLERICAL AMENDMENT.—The analysis for chapter 441 of title 49, United States Code, is amended by adding at the end the following:

''44114. Privacy.''.

(d) CONFORMING AMENDMENT.—Section 566 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44103 note) and the item relating to such section in the table of contents under section 1(b) of that Act are repealed.

SEC. 205. PROHIBITION ON USING ADS–B DATA TO INITIATE AN INVESTIGATION.

Section 46101 of title 49, United States Code, is amended by adding at the end the following:

''(c) PROHIBITION ON USING ADS–B DATA TO INITIATE AN INVESTIGATION.—

''(1) IN GENERAL.—Notwithstanding any provision of this section, the Administrator of the Federal Aviation Administration may not initiate an investigation (excluding a criminal investigation) of a person based exclusively on automatic dependent surveillance-broadcast data.

''(2) RULE OF CONSTRUCTION.—Nothing in this subsection shall prohibit the use of automatic dependent surveillance-broadcast data in an investigation that was initiated for any reason other than the review of automatic dependent surveillance-broadcast data, including if such investigation was initiated as a result of a report or complaint submitted to the Administrator.''.

SEC. 206. PROHIBITION ON N–NUMBER PROFITEERING.

Section 44103 of title 49, United States Code, is amended by adding at the end the following:

''(e) PROHIBITION ON N–NUMBER PROFITEERING.—

''(1) IN GENERAL.—No person may reserve an aircraft registration number without certifying that such person intends to use such registration number—

''(A) immediately on a specific aircraft; or

''(B) for future use on an aircraft owned or controlled, or intended to be owned or controlled, by such person.

''(2) TRANSFERS.—A person may transfer a reserved aircraft registration number to another person if—

''(A) the transferor certifies that the aircraft registration number is relinquished willingly and at a cost to the transferee that does not otherwise exceed the amount paid by the transferor to reserve such number; and

''(B) the transferee—

''(i) certifies that the transferor did not impose a dollar cost on the transfer that exceeds the amount provided for in subparagraph (A); and

''(ii) complies with the certification requirement under paragraph (1).''.

SEC. 207. ACCOUNTABILITY FOR AIRCRAFT REGISTRATION NUMBERS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a review of the process for reserving aircraft registration numbers to ensure that such process offers an equal opportunity for members of the general public to obtain specific aircraft registration numbers.

(b) ASSESSMENT.—In conducting the review under subsection (a), the Administrator shall assess the following:

(1) Whether the use of readily available software to prevent computer or web-based auto-fill systems from reserving aircraft registration numbers in bulk would improve participation in the reservation process by the general public.

(2) Whether a limit should be imposed on the number of consecutive years a person may reserve an aircraft registration number.

(3) The impact of the prohibition imposed by section 44103(e) of title 49, United States Code.

(c) BRIEFING.—Not later than 18 months after the date of enactment of this Act, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the review conducted under subsection (a), including any recommendations of the Administrator to improve equal participation in the process for reserving aircraft registration numbers by the general public.

SEC. 208. TIMELY RESOLUTION OF INVESTIGATIONS.

(a) IN GENERAL.—Not later than 2 years after the date of issuance of a letter of investigation to any person, the Administrator of the Federal Aviation Administration shall—

(1) make a determination regarding such investigation and pursue subsequent action; or

(2) close such investigation.

(b) EXTENSION.—

(1) IN GENERAL.—If, upon review of the facts and status of an investigation described in subsection (a), the Administrator determines that the time provided to make a final determination or close such investigation is insufficient, the Administrator may approve an extension of such investigation for 2 years.

(2) ADDITIONAL EXTENSIONS.—The Administrator may approve consecutive extensions under paragraph (1).

(c) DELEGATION.—The Administrator may not delegate the authority to approve an extension described in subsection (b) to anyone other than the leadership of the Administration as described in section 106(b) of title 49, United States Code.

SEC. 209. EXPANSION OF VOLUNTEER PILOT ORGANIZATION DEFINITION.

Section 821 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended—

(1) in subsection (a)—

(A) by striking ''for the fuel costs associated with'' and inserting ''for the fuel costs and airport fees attributed to''; and

(B) by striking ''for an individual or organ for medical purposes (and for other associated individuals)'' and inserting ''for the purposes described in subsection (c)(2)''; and

(2) in subsection (c)(2) by striking ''charitable medical transportation.'' and inserting the following: ''charitable transportation for the following purposes:

''(A) Assisting individuals in accessing medical care or treatment (and for other associated individuals).

''(B) Delivering human blood, tissues, or organs.

''(C) Aiding disaster relief efforts pursuant to a—

''(i) presidential declaration of a major disaster or an emergency under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); or

''(ii) declaration of a major disaster or an emergency by a Governor of a State.''.

SEC. 210. CHARITABLE FLIGHT FUEL REIMBURSEMENT EXEMPTIONS.

(a) IN GENERAL.—

(1) VALIDITY OF EXEMPTION.—Except as otherwise provided in this subsection, an exemption from section 61.113(c) of title 14, Code of Federal Regulations, that is granted by the Administrator of the Federal Aviation Administration for the purpose of allowing a volunteer pilot to accept reimbursement from a volunteer pilot organization for the fuel costs and airport fees attributed to a flight operation to provide charitable transportation pursuant to section 821 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) shall be valid for 5 years.

(2) FAILING TO ADHERE.—If the Administrator finds an exemption holder under paragraph (1) or a volunteer pilot fails to adhere to the conditions and limitations of the exemption described under such paragraph, the Administrator may rescind or suspend the exemption.

(3) NO LONGER QUALIFYING.—If the Administrator finds that such exemption holder no longer qualifies as a volunteer pilot organization, the Administrator shall rescind such exemption.

(4) FORGOING EXEMPTION.—If such exemption holder informs the Administrator that such holder no longer plans to exercise the authority granted by such exemption, the Administrator may rescind such exemption.

(b) ADDITIONAL REQUIREMENTS.—

(1) IN GENERAL.—A volunteer pilot organization may impose additional safety requirements on a volunteer pilot without—

(A) being considered—

(i) an air carrier (as such term is defined in section 40102 of title 49, United States Code); or

(ii) a commercial operator (as such term is defined in section 1.1 of title 14, Code of Federal Regulations); or

(B) constituting common carriage.

(2) SAVINGS CLAUSE.—Nothing in this subsection may be construed to limit or otherwise affect the authority of the Administrator to regulate, as appropriate, a flight operation associated with a volunteer pilot organization that constitutes a commercial operation or common carriage.

(c) REISSUANCE OF EXISTING EXEMPTIONS.—In reissuing an expiring exemption described in subsection (a) that was originally issued prior to the date of enactment of this Act, the Administrator shall ensure that the reissued exemption—

(1) accounts for the provisions of this section and section 821 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as amended by this Act; and

(2) is otherwise substantially similar to the previously issued exemption.

(d) STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to—

(1) affect the authority of the Administrator to exempt a pilot (exercising the private pilot privileges) from any restriction on receiving reimbursement for the fuel costs and airport fees attributed to a flight operation to provide charitable transportation; or

(2) impose or authorize the imposition of any additional requirements by the Administrator on a flight that is arranged by a volunteer pilot organization in which the volunteer pilot—

(A) is not reimbursed the fuel costs and airport fees attributed to a flight operation to provide charitable flights; or

(B) pays a pro rata share of expenses as described in section 61.113(c) of title 14, Code of Federal Regulations.

(e) DEFINITIONS.—In this section:

(1) VOLUNTEER PILOT.—The term ''volunteer pilot'' means a person who—

(A) acts as a pilot in command of a flight operation to provide charitable transportation pursuant to section 821 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note); and

(B) holds a private pilot certificate, commercial pilot certificate, or an airline transportation pilot certificate issued under part 61 of title 14, Code of Federal Regulations.

(2) VOLUNTEER PILOT ORGANIZATION.—The term ''volunteer pilot organization'' has the meaning given such term in section 821(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

SEC. 211. GAO REPORT ON CHARITABLE FLIGHTS.

(a) REPORT.—Not later than 4 years after the date of enactment of this Act, the Comptroller

General of the United States shall initiate a review of the following:

(1) Applicable laws, regulations, policies, legal opinions, and guidance pertaining to charitable flights and the operations of such flights, including reimbursement of fuel costs.

(2) Petitions for exemption from the requirements of section 61.113(c) of title 14, Code of Federal Regulations, for the purpose of allowing a pilot to accept reimbursement for the fuel costs associated with a flight operation to provide charitable transportation pursuant to section 821 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as amended by this Act, including assessment of—

(A) the conditions and limitations a petitioner must comply with if the exemption is granted and whether such conditions and limitations are—

(i) applied to petitioners in a consistent manner; and

(ii) commensurate with the types of flight operations exemption holders propose to conduct under any such exemptions;

(B) denied petitions for such an exemption and the reasons for the denial of such petitions; and

(C) the processing time of a petition for such an exemption.

(3) Charitable flights conducted without an exemption from section 61.113(c) of title 14, Code of Federal Regulations, including an analysis of the certificates, qualifications, and aeronautical experience of the operators of such flights.

(b) CONSULTATION.—In carrying out the review initiated under subsection (a), the Comptroller General shall consult with charitable organizations, including volunteer pilot organizations, aircraft owners, and pilots who volunteer to provide transportation for or on behalf of a charitable organization, flight safety experts, and employees of the Federal Aviation Administration.

(c) RECOMMENDATIONS.—As part of the review initiated under subsection (a), the Comptroller General shall make recommendations, as determined appropriate, to the Administrator of the Federal Aviation Administration to improve the rules, policies, and guidance pertaining to charitable flight operations.

(d) REPORT.—Upon completion of the review initiated under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the findings of such review and recommendations developed under subsection (c).

SEC. 212. ALL MAKES AND MODELS AUTHORIZATION.

(a) IN GENERAL.—

(1) UNLIMITED LETTER OF AUTHORIZATION.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall take such action as may be necessary to allow for the issuance of letters of authorizations to airmen with the authorization for—

(A) all types and makes of experimental high–performance single engine piston powered aircraft; and

(B) all types and makes of experimental high–performance multiengine piston powered aircraft.

(2) REQUIREMENTS.—An individual who holds a letter of authorization and applies for an authorization described in paragraph (1)(A) or (1)(B)—

(A) shall be given an all-makes and models authorization of—

(i) experimental single–engine piston powered authorized aircraft; or

(ii) experimental multiengine piston powered authorized aircraft;

(B) shall hold the appropriate category and class rating for the authorized aircraft;

(C) shall hold 3 experimental aircraft authorizations in aircraft of the same category and class rating for the authorization sought; and

(D) may become qualified in additional experimental aircraft by completing aircraft specific training.

(b) RULE OF CONSTRUCTION.—Nothing in this section may be construed to disallow an individual from being given both an authorization described in paragraph (1)(A) and an authorization described in paragraph (1)(B).

(c) FAILURE TO COMPLY.—

(1) IN GENERAL.—If the Administrator fails to implement subsection (a) within the time period prescribed in such subsection, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the implementation of such subsection on a monthly basis until the implementation is complete.

(2) NO DELEGATION.—The Administrator may not delegate the briefing described in paragraph (1).

SEC. 213. RESPONSE TO LETTER OF INVESTIGATION.

Section 2(b) of the Pilot's Bill of Rights (49 U.S.C. 44703 note) is amended by adding at the end the following:

''(6) RESPONSE TO LETTER OF INVESTIGATION.—If an individual decides to respond to a Letter of Investigation described in paragraph (2)(B) such individual may respond not later than 30 days after receipt of such Letter, including providing written comments on the incident to the investigating office.''.

Subtitle B—General Aviation Safety

SEC. 221. ADS–B SAFETY ENHANCEMENT INCENTIVE PROGRAM.

(a) ESTABLISHMENT.—Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a program to provide rebates to owners of covered general aviation aircraft for the purchase of covered ADS–B equipment.

(b) APPLICATION.—To be eligible to receive a rebate under this section, an owner of a covered general aviation aircraft shall submit to the Administrator an application in such form, at such time, and containing such information as the Administrator may require, including proof of successful installation of covered ADS–B equipment.

(c) AUTHORIZED REBATE.—

(1) AMOUNT.—A rebate approved by the Administrator to be issued to an owner of a covered general aviation aircraft shall be equal to the lesser of—

(A) the cost of purchasing the covered ADS–B equipment; or

(B) $2,000.

(2) TIME.—A rebate issued under the program under this section shall be redeemed or presented for payment not later than 180 days after issuance, after which time the rebate shall be deemed void.

(d) SUNSET.—The program established under subsection (a) shall terminate on October 1, 2027.

(e) RESTRICTION.—The Administrator may not offer rebates for—

(1) a software upgrade for covered ADS–B equipment;

(2) covered ADS–B equipment installed prior to the date of enactment of this Act;

(3) covered general aviation aircraft manufactured after January 1, 2020; or

(4) covered general aviation aircraft for which the Administrator has previously issued a rebate related to the purchase and installation of covered ADS–B equipment.

(f) DEFINITIONS.—In this section:

(1) ADS–B.—The term ''ADS–B'' means automatic dependent surveillance–broadcast.

(2) COVERED ADS–B EQUIPMENT.—The term ''covered ADS–B equipment'' means ADS–B equipment that—

(A) meets the performance requirements described in section 91.227 of title 14, Code of Federal Regulations (or any successor regulation); and

(B) is capable of receiving and displaying ADS–B information from other aircraft.

(3) COVERED GENERAL AVIATION AIRCRAFT.—The term ''covered general aviation aircraft'' means a single-engine piston aircraft registered in the United States that is not equipped with covered ADS–B equipment.

(g) AUTHORIZATION OF APPROPRIATIONS.—Out of amounts made available under section 106(k) of title 49, United States Code, there is authorized to be expended to carry out this section and pay administrative costs $25,000,000 for fiscal year 2024 to remain available until expended.

SEC. 222. GAO REPORT ON ADS–B TECHNOLOGY.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study on automatic dependent surveillance-broadcast equipage and usage rates across the active general aviation fleet in the United States.

(b) CONTENTS.—In conducting the study described in subsection (a), the Comptroller General shall, at a minimum—

(1) analyze the reasons why aircraft owners choose not to equip or use an aircraft with automatic dependent surveillance-broadcast technology;

(2) examine and substantiate any benefits and drawbacks of using automatic dependent surveillance-broadcast technology, including safety and operational benefits and drawbacks;

(3) survey ways to further incentivize aircraft owners to equip and use aircraft with automatic dependent surveillance-broadcast technology; and

(4) examine the benefits, costs, and feasibility of requiring equipage of automatic dependent surveillance-broadcast technology on all newly manufactured aircraft other than aircraft issued a special airworthiness certificate.

(c) REPORT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on automatic dependent surveillance-broadcast described in subsection (b) and make recommendations to incentivize equipage and usage rates across the active general aviation fleet in the United States.

SEC. 223. PROTECTING GENERAL AVIATION AIRPORTS FROM FAA CLOSURE.

(a) NON-SURPLUS PROPERTY.—Section 47125 of title 49, United States Code, is amended by adding at the end the following:

''(c) WAIVING RESTRICTIONS.—

''(1) IN GENERAL.—Subject to paragraph (2), the Secretary may grant to an airport, city, or county a waiver of any of the terms, conditions, reservations, or restrictions contained in a deed under which the United States conveyed to the airport, city, or county an interest in real property for airport purposes pursuant to section 16 of the Federal Airport Act (60 Stat. 179), section 23 of the Airport and Airway Development Act of 1970 (84 Stat. 232), or this section.

''(2) CONDITIONS.—Any waiver granted by the Secretary pursuant to paragraph (1) shall be subject to the following conditions:

''(A) The applicable airport, city, county, or other political subdivision shall agree that in conveying any interest in the real property which the United States conveyed to the airport, city, or county, the airport, city, or county will receive consideration for such interest that is equal to its current fair market value.

''(B) Any consideration received by the airport, city, or county under subparagraph (A) shall be used exclusively for the development, improvement, operation, or maintenance of a public airport by the airport, city, or county.

''(C) Such waiver—

''(i) will not significantly impair the aeronautical purpose of an airport;

''(ii) will not result in the permanent closure of an airport (unless the Secretary determines

that the waiver will directly facilitate the construction of a replacement airport); or

''(iii) is necessary to protect or advance the civil aviation interests of the United States.

''(D) Any other conditions required by the Secretary.

''(3) ANNUAL REPORTING.—The Secretary shall include a list and description of each waiver granted pursuant to paragraph (1) in the report required under section 47131.''.

(b) SURPLUS PROPERTY.—

(1) IN GENERAL.—Section 47151 of title 49, United States Code, is amended—

(A) by striking subsection (d) and inserting the following:

''(d) WAIVER OF CONDITION.—The Secretary may not waive any condition imposed on an interest in surplus property conveyed under subsection (a) that such interest be used for an aeronautical purpose unless the Secretary provides public notice not less than 30 days before the issuance of such waiver and determines that such waiver—

''(1) will not significantly impair the aeronautical purpose of an airport;

''(2) will not result in the permanent closure of an airport (unless the Secretary determines that the waiver will directly facilitate the construction of a replacement airport); or

''(3) is necessary to protect or advance the civil aviation interests of the United States.''; and

(B) by adding at the end the following:

''(f) REVERSIONS OF PROPERTY.—The Secretary shall take all necessary action to revert surplus property conveyed under this subchapter back to the United States if—

''(1) the Secretary determines that an instrument conveying an interest in surplus property under this subchapter incorporates a provision providing for the reversion of such property in the event the property is not used for aeronautical purposes;

''(2) other efforts by the Secretary to ensure that the property is used by the relevant airport sponsor is used for aeronautical purposes are unsuccessful; and

''(3) the Secretary determines that a reversion—

''(A) will result in the property being used for aeronautical purposes; or

''(B) will not transfer liabilities, including environmental liabilities, greater than the fair market value of the property to the Government.''; and

(2) WAIVING AND ADDING TERMS.—Section 47153(c) of title 49, United States Code, is amended to read as follows:

''(c) RESTRICTIONS ON WAIVER.—Notwithstanding subsections (a) and (b), the Secretary may not waive any term under this section that an interest in land be used for an aeronautical purpose unless—

''(1) the Secretary provides public notice not less than 30 days before the issuance of a waiver; and

''(2) the Secretary determines that such waiver—

''(A) will not significantly impair the aeronautical purpose of an airport;

''(B) will not result in the permanent closure of an airport (unless the Secretary determines that the waiver will directly facilitate the construction of a replacement airport); or

''(C) is necessary to protect or advance the civil aviation interests of the United States.''.

(c) REPEALS.—

(1) AIRPORTS NEAR CLOSED OR REALIGNED BASES.—Section 1203 of the Federal Aviation Reauthorization Act of 1996 (49 U.S.C. 47101 note), and the item relating to such section in the table of contents under section 1(b) of such Act, are repealed.

(2) RELEASE FROM RESTRICTIONS.—Section 817 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 47125 note), and the item relating to such section in the table of contents under section 1(b) of such Act, are repealed.

SEC. 224. ENSURING SAFE LANDINGS DURING OFF-AIRPORT OPERATIONS.

The Administrator of the Federal Aviation Administration shall not apply section 91.119 of title 14, Code of Federal Regulations, in any manner that requires a pilot to continue a landing that is unsafe.

SEC. 225. AIRPORT DIAGRAM TERMINOLOGY.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall update Airport Diagram Order JO 7910.4 and any related advisory circulars, policy, and guidance to ensure the clear and consistent use of terms to delineate the types of parking available to general aviation pilots.

(b) COLLABORATION.—In carrying out subsection (a), the Administrator shall collaborate with industry stakeholders, commercial service airports, and general aviation airports in—

(1) facilitating basic standardization of general aviation parking terms;

(2) accounting for the majority of uses of general aviation parking terms; and

(3) providing clarity for chart users.

(c) IAC SPECIFICATIONS.—The Administrator shall encourage the Interagency Air Committee to incorporate the terms developed under subsection (a) in publications produced by the Committee.

SEC. 226. ALTERNATIVE ADS–B TECHNOLOGIES FOR USE IN CERTAIN SMALL AIRCRAFT.

(a) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish an approved list of effective alternatives to automatic dependent surveillance–broadcast equipment (in this section referred to as ''alternative ADS–B equipment'') for covered aircraft operating outside of Mode C veil airspace so that such aircraft may voluntarily broadcast positioning to other aircraft.

(b) REVIEW; APPROVAL.—

(1) REVIEW.—In carrying out subsection (a), the Administrator shall, to the maximum extent practicable, review available commercial–off–the–shelf alternative ADS–B equipment that are used outside of the United States for purposes of allowing a pilot to voluntarily utilize such equipment while operating outside of Mode C veil airspace and within the national airspace system.

(2) APPROVAL.—The Administrator shall work with manufacturers of such equipment to expedite technical standard order authorization, or other approvals, required by the Administrator for such equipment for use in covered aircraft.

(c) DEFINITIONS.—In this section:

(1) ALTERNATIVE ADS–B EQUIPMENT.—The term ''alternative ADS–B equipment'' means a positioning technology that—

(A) does not otherwise meet the performance requirements prescribed in section 91.227 of title 14, Code of Federal Regulations;

(B) may be affixed to, or portable within, a covered aircraft; and

(C) can broadcast positioning of a covered aircraft to other aircraft operating outside of Mode C veil airspace.

(2) COVERED AIRCRAFT.—The term ''covered aircraft'' means—

(A) a single-engine piston aircraft;

(B) an ultralight aircraft; or

(C) an aircraft not equipped with an electrical system.

(d) RULE OF CONSTRUCTION.—Nothing in this section may be construed by the Administrator to require covered aircraft to install—

(1) alternative ADS–B equipment; or

(2) automatic dependent surveillance-broadcast equipment.

SEC. 227. AIRSHOW SAFETY TEAM.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall coordinate with the General Aviation Joint Safety Committee to establish an Airshow Safety Team focused on airshow and aerial event safety.

(b) OBJECTIVE.—The objective of the Airshow Safety Team described in subsection (a) shall be to—

(1) serve as a mechanism for Federal Government and industry cooperation, communication, and coordination on airshow and aerial event safety; and

(2) reduce airshow and aerial event accidents and incidents through non-regulatory, proactive safety strategies.

(c) ACTIVITIES.—In carrying out the objectives pursuant to subsection (b), the Airshow Safety Team shall, at a minimum—

(1) perform an analysis of airshow and aerial event accidents and incidents in conjunction with the Safety Analysis Team;

(2) publish and update every 2 years after initial publication an Airshow Safety Plan that incorporates consensus based and data driven mitigation measures and non-regulatory safety strategies to improve and promote safety of the public, performers, and airport personnel; and

(3) engage the airshow and aerial event community to—

(A) communicate non-regulatory, proactive safety strategies identified by the Airshow Safety Plan to mitigate incidents; and

(B) discuss best practices to uphold and maintain safety at events.

(d) MEMBERSHIP.—The Administrator may request the Airshow Safety Team be comprised of at least 10 individuals, each of whom shall have knowledge or a background in the planning, execution, operation, or management of an airshow or aerial event.

(e) MEETINGS.—The Airshow Safety Team shall meet at least twice a year at the direction of the co-chairs of the General Aviation Joint Safety Committee.

(f) CONSTRUCTION.—The Administrator shall not initiate a regulatory action based on any—

(1) discussion or sharing of information and data that occurs as part of an official meeting of the Airshow Safety Team; or

(2) safety strategies or best practices identified by the Airshow Safety Plan that are not intended to be used by the Administrator for regulatory purposes.

SEC. 228. TOWER MARKING NOTICE OF PROPOSED RULEMAKING.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a notice of proposed rulemaking to implement section 2110 of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44718 note).

(b) REPORT.—If the Administrator fails to issue the notice of proposed rulemaking pursuant to subsection (a), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate an annual report on the status of such rulemaking, including—

(1) the reasons that the Administrator has failed to issue the rulemaking; and

(2) a list of fatal aircraft accidents associated with unmarked towers that have occurred over the 5 years previous to the date of submission of the report.

Subtitle C—Improving FAA Services

SEC. 241. AIRCRAFT REGISTRATION VALIDITY DURING RENEWAL.

(a) IN GENERAL.—Section 44103 of title 49, United States Code, is further amended by adding at the end the following:

''(f) VALIDITY OF AIRCRAFT REGISTRATION DURING RENEWAL.—

''(1) IN GENERAL.—An aircraft may be operated on or after the expiration date found on the certificate of registration issued for such aircraft under this section as if it were not expired if the operator of such aircraft has aboard the aircraft—

''(A) documentation validating that—

''(i) an aircraft registration renewal application form (AC Form 8050–1B, or a succeeding form) has been submitted to the Administrator for such aircraft but not yet approved or denied; and

''(ii) such aircraft is compliant with maintenance, inspections, and any other requirements for the aircraft's airworthiness certificate issued under section 44704(d); and

''(B) the most recent aircraft registration.

''(2) PROOF OF PENDING RENEWAL APPLICATION.—The Administrator shall provide an applicant for renewal of registration under this section with documentation described in paragraph (1)(A). Such documentation shall—

''(A) be made electronically available to the applicant immediately upon submitting an aircraft registration renewal application to the Civil Aviation Registry for an aircraft;

''(B) notify the applicant of the operational allowance described in paragraph (1);

''(C) deem an aircraft's airworthiness certificate issued under section 44704(d) as valid provided that the applicant confirms acknowledgment of the requirements of paragraph (1)(A)(ii);

''(D) confirm the applicant acknowledged the limitations described in paragraph (3)(A) and (3)(B); and

''(E) include identifying information pertaining to such aircraft and to the registered owner.

''(3) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to permit any person to operate an aircraft—

''(A) with an expired registration, except as specifically provided for under this subsection; or

''(B) if the Administrator has denied an application to renew the registration of such aircraft.''.

(b) RULEMAKING; GUIDANCE.—Not later than 18 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule, if necessary, and update all applicable guidance and policies to implement the amendment made by this section.

SEC. 242. TEMPORARY AIRMAN CERTIFICATES.

Section 44703 of title 49, United States Code, is amended by adding at the end the following:

''(l) TEMPORARY AIRMAN CERTIFICATE.—An individual may obtain a temporary airman certificate from the Administrator after requesting a permanent replacement airman certificate issued under this section. A temporary airman certificate shall be—

''(1) made available—

''(A) electronically to the individual immediately upon submitting an online application for a replacement certificate to the Administrator; or

''(B) physically to the individual at a flight standards district office—

''(i) if the individual submits an online application for a replacement certificate; or

''(ii) if the individual applies for a permanent replacement certificate other than by online application and such application has been received by the Federal Aviation Administration; and

''(2) destroyed upon receipt of the permanent replacement airman certificate from the Administrator.''.

SEC. 243. FLIGHT INSTRUCTION OR TESTING.

(a) IN GENERAL.—An authorized flight instructor providing student instruction, flight instruction, or flight training shall not be deemed to be operating an aircraft carrying persons or property for compensation or hire.

(b) AUTHORIZED ADDITIONAL PILOTS.—An individual acting as an authorized additional pilot during Phase I flight testing of aircraft holding an experimental airworthiness certificate, in accordance with section 21.191 of title 14, Code of Federal Regulations, and meeting the requirements set forth in Federal Aviation Administration regulations and policy in effect as of the date of enactment of this section, shall not be deemed to be operating an aircraft carrying persons or property for compensation or hire.

(c) USE OF AIRCRAFT.—An individual who uses, causes to use, or authorizes to use aircraft for flights conducted under subsection (a) or (b) shall not be deemed to be operating an aircraft carrying persons or property for compensation or hire.

(d) REVISION OF RULES.—

(1) IN GENERAL.—The requirements of this section shall become effective upon the date of enactment of this Act.

(2) REVISION.—The Administrator of the Federal Aviation Administration shall issue, revise, or repeal the rules, regulations, guidance, or procedures of the Federal Aviation Administration to conform to the requirements of this section.

SEC. 244. LETTER OF DEVIATION AUTHORITY.

(a) IN GENERAL.—A flight instructor, registered owner, lessor, or lessee of a covered aircraft shall not be required to obtain a letter of deviation authority from the Administrator of the Federal Aviation Administration to allow, conduct, or receive flight training, checking, and testing in such aircraft if—

(1) the flight instructor is not providing both the training and the aircraft;

(2) no person advertises or broadly offers the aircraft as available for flight training, checking, or testing; and

(3) no person receives compensation for use of the aircraft for a specific flight during which flight training, checking, or testing was received, other than expenses for owning, operating, and maintaining the aircraft.

(b) COVERED AIRCRAFT DEFINED.—In this section, the term ''covered aircraft'' means—

(1) an experimental category aircraft;

(2) a limited category aircraft; and

(3) a primary category aircraft.

SEC. 245. NATIONAL COORDINATION AND OVERSIGHT OF DESIGNATED PILOT EXAMINERS.

(a) IN GENERAL.—Not later than 16 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a program or office to provide national coordination and oversight of designated pilot examiners appointed under section 183.23 of title 14, Code of Federal Regulations.

(b) RESPONSIBILITIES.—The program or office established under subsection (a) shall be responsible for the following:

(1) Oversight of designated pilot examiners appointed under section 183.23 of title 14, Code of Federal Regulations, including the selection, training, duties, and deployment of such examiners.

(2) Supporting the standardization of policy, guidance, and regulations across the Administration pertaining to the selection, training, duties, and deployment of designated pilot examiners appointed under section 183.23 of title 14, Code of Federal Regulations, including evaluating the consistency by which such examiners apply Administration policies, orders, and guidance.

(3) Coordinating placement and deployment of such examiners across regions based on demand for examinations from the pilot community.

(4) Developing a code of conduct for such examiners.

(5) Deploying a survey system to track the performance and merit of such examiners.

(6) Facilitating an industry partnership to create a formal mentorship program for such examiners.

(c) COORDINATION.—In carrying out the responsibilities listed in subsection (b), the Administrator shall ensure the program—

(1) coordinates on an ongoing basis with flight standards district offices, designated pilot examiner managing specialists, and aviation industry stakeholders, including representatives of the general aviation community; and

(2) considers (or reconsiders) implementing the final recommendations report issued by the Designated Pilot Examiner Reforms Working Group and accepted by the Aviation Rulemaking Advisory Committee on June 17, 2021.

(d) BRIEFING.—The Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate in each fiscal year beginning after the date of enactment of this Act through fiscal year 2028 detailing—

(1) the methodology by which designated pilot examiners appointed under section 183.23 of title 14, Code of Federal Regulations, are deployed and any subsequent changes to the methodology to fulfill the demand for examinations;

(2) a review of the previous fiscal year detailing the average time an individual in each region must wait to schedule an appointment with such an examiner; and

(3) the turnover rates and resource costs associated with such examiners.

SEC. 246. BASICMED FOR EXAMINERS ADMINISTERING TESTS OR PROFICIENCY CHECKS.

(a) EQUIVALENT PILOT-IN-COMMAND MEDICAL REQUIREMENTS.—Notwithstanding section 61.23(a)(3)(iv) of title 14, Code of Federal Regulations, an examiner may administer a practical test or proficiency check if such examiner meets the medical qualification requirements under part 68 of title 14, Code of Federal Regulations, if the operation being conducted is in a covered aircraft, as such term is defined in section 2307(j) of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44703 note).

(b) RULEMAKING.—Not later than 18 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule to update part 61 of title 14, Code of Federal Regulations, to implement the requirements under subsection (a), in addition to any related requirements the Administrator finds are in the interest of aviation safety.

SEC. 247. DESIGNEE LOCATOR TOOL IMPROVEMENTS.

Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall ensure that the designee locator search function of the public website of the Designee Management System of the Administration has the functionality to—

(1) filter a search for an Aviation Medical Examiner (as described in section 183.21 of title 14, Code of Federal Regulations) by sex, if such information is available;

(2) display credentials and aircraft qualifications of a designated pilot examiner (as described in section 183.23 of such title); and

(3) display the scheduling availability of a designated pilot examiner (as described in section 183.23 of such title) to administer a test or proficiency check to an airman.

SEC. 248. DEADLINE TO ELIMINATE AIRCRAFT REGISTRATION BACKLOG.

Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall take such actions as may be necessary to reduce and maintain the aircraft registration and recordation backlog at the Civil Aviation Registry so that, on average, applications are processed not later than 10 business days after receipt.

SEC. 249. PART 135 AIR CARRIER CERTIFICATE BACKLOG.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall take such actions as may be necessary to achieve the goal of reducing the backlog of air carrier certificate applications under part 135 of title 14, Code of Federal Regulations, to—

(1) not later than 1 year after the date of enactment of this Act, maintain an average certificate decision time of less than 60 days; and

(2) not later than 2 years after the date of enactment of this Act, maintain an average certificate decision time of less than 30 days.

(b) MEASURES.—In meeting the goal under subsection (a), the Administrator may—

(1) assign, as appropriate, additional personnel or support staff, including on a temporary basis, to review, adjudicate, and approve applications;

(2) improve and expand promotion of existing applicant resources which could improve the quality of applications submitted to decrease the need for Administration applicant coordination and communications; and

(3) take into consideration any third-party entity that assisted in the preparation of an application for an air carrier certificate under part 135 of title 14, Code of Federal Regulations.

(c) WORKING GROUP.—The Administrator shall convene a working group comprised of industry stakeholders and aviation experts to—

(1) not later than 1 year after the date of enactment of this Act, study methods and make recommendations to clarify requirements and standardize the process for conducting and completing aircraft conformity processes for existing air carriers and operators under part 135 of title 14, Code of Federal Regulations, in a timely manner, which shall include—

(A) developing a plan to honor or expedite the consideration of previously accepted aircraft configuration evaluations when an aircraft moves from one certificate under part 135 of title 14, Code of Federal Regulations, to another such certificate;

(B) streamlining protocols for operators under such part 135 to add an aircraft that was listed on another certificate under such part 135 immediately prior to moving to the new carrier; and

(C) evaluating non-safety related Federal Aviation Administration policies, guidance, and documentation and identify needed changes to such policies, guidance, and documentation to accomplish subparagraph (B); and

(2) not later than 2 years after of the date of enactment of this Act—

(A) study and review methods to modernize and improve the air carrier certification process under part 135 of title 14, Code of Federal Regulations; and

(B) recommend long-term solutions for effective management of Administration resources dedicated to approving air carrier certificate applications under such part 135.

(d) CONGRESSIONAL BRIEFING.—Beginning 6 months after the date of enactment of this Act, and not less than every 6 months thereafter until the Administrator complies with the requirements under subsection (a)(2), the Administrator shall provide a briefing to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the backlog of air carrier certificate applications under part 135 of title 14, Code of Federal Regulations, any measures the Administrator has put in place under subsection (b), and any recommendations received from the review under subsection (c).

SEC. 250. LOGGING FLIGHT TIME ACCRUED IN CERTAIN PUBLIC AIRCRAFT.

(a) COMPLETION OF RULEMAKING.—Not later than 18 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule modifying section 61.51(j)(4) of title 14, Code of Federal Regulations, to include aircraft under the direct operational control of forestry and fire protection agencies, as required by section 517 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44703 note).

(b) FAILURE TO COMPLETE RULEMAKING.—If the Administrator fails to issue a final rule pursuant to subsection (a) by the deadline described in such subsection, beginning on the date that is 18 months after the date of enactment of this Act—

(1) notwithstanding section 61.51(j)(4) of title 14, Code of Federal Regulations, a pilot, while engaged on an official flight for a Federal, State, county, or municipal forestry or fire protection agency, may log flight time so long as the time acquired is in an aircraft that—

(A) is identified as an aircraft under section 61.5(b) of such title; and

(B) is a public aircraft under the direct operational control of a forestry or fire protection agency; and

(2) the Administrator may not take an enforcement action against the pilot for logging such flight time as described in paragraph (1).

(c) SUNSET.—Subsection (b) shall cease to be effective on the date on which the final rule required under subsection (a) is effective.

SEC. 251. FLIGHT INSTRUCTOR CERTIFICATES.

(a) COMPLETION OF RULEMAKING.—Not later than 36 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule for the rulemaking activity titled ''Removal of the Expiration Date on a Flight Instructor Certificate'', published in Fall 2022 in the Unified Agenda of Federal Regulatory and Deregulatory Actions (RIN 2120–AL25) to, at a minimum, update part 61 of title 14, Code of Federal Regulations, to—

(1) remove the expiration date on a flight instructor certificate; and

(2) replace the requirement that a flight instructor renews their flight instructor certificate with appropriate recent experience requirements for the holder of a flight instructor certificate to exercise the privileges of such certificate.

(b) FAILURE TO COMPLETE RULEMAKING.—If the Administrator fails to issue a final rule pursuant to subsection (a) before the deadline prescribed in that subsection, beginning on the date that is 36 months after the date of enactment of this Act—

(1) notwithstanding sections 61.19(d) and 61.197 of title 14, Code of Federal Regulations, an individual holding a flight instructor certificate that is not expired as of the date that is 36 months after the date of enactment of this Act may exercise the privileges of the certificate regardless of whether the certificate subsequently expires, provided that the individual meets eligibility requirements in accordance with section 61.183 of title 14, Code of Federal Regulations; and

(2) the Administrator—

(A) shall consider a flight instructor certificate described in paragraph (1) as having no expiration date; and

(B) may not enforce any regulation attributed to the renewal of a flight instructor certificate of an individual.

(c) SUNSET.—Subsection (b) shall cease to be effective on the effective date of a final rule issued pursuant to subsection (a).

SEC. 252. CONSISTENCY OF POLICY APPLICATION IN FLIGHT STANDARDS AND AIRCRAFT CERTIFICATION.

(a) IN GENERAL.—The inspector general of the Department of Transportation shall initiate audits, as described in subsection (d), of the Flight Standards and Aircraft Certification Services of the Federal Aviation Administration, and the personnel of such offices, on the consistency of—

(1) the interpretation of policies, orders, guidance, and regulations; and

(2) the application of policies, orders, guidance, and regulations.

(b) COMPONENTS.—In completing the audits required under this section, the inspector general shall interview stakeholders, including at a minimum, individuals or entities that—

(1) hold a certificate or authorization related to the issue being audited under subsection (d);

(2) are from different regions of the country with matters before different flight standards district offices or aircraft certification offices of the Administration;

(3) work with multiple flight standards district offices or aircraft certification offices of the Administration; or

(4) hold a single or multiple relevant certificates or authorizations.

(c) REPORTS.—The inspector general of the Department of Transportation shall submit to the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, the Secretary of Transportation, and the Administrator of the Federal Aviation Administration a report for each audit required in this section, containing the results of the audit, including findings and recommendations to the Administrator to improve the consistency of decision-making by Flight Standards and Aircraft Certification Services offices of the Administration.

(d) AUDITS.—The inspector general shall complete an audit and issue the associated report required under subsection (c) not later than—

(1) 18 months after the date of enactment of this Act, with regard to supplemental type certificates;

(2) 34 months after the date of enactment of this Act, with regard to repair stations certificated under part 145 of title 14, Code of Federal Regulations; and

(3) 50 months after the date of enactment of this Act, with regard to technical standards orders.

(e) IMPLEMENTATION.—In addressing any recommendations from the inspector general contained in the reports required under subsection (c), the Administrator shall—

(1) maintain an implementation plan; and

(2) broadly adopt any best practices to improve the consistency of interpretation and application of policies, orders, guidance, and regulations by other offices of the Administration and with regard to other activities of the Administration.

(f) BRIEFING.—Not later than 6 months after receiving a report required under subsection (c), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the implementation plan required under subsection (d), the status of any recommendation received pursuant to this section, and any best practices that are being implemented more broadly.

SEC. 253. APPLICATION OF POLICIES, ORDERS, AND GUIDANCE.

Section 44701 of title 49, United States Code, is amended by adding at the end the following:

''(g) POLICIES, ORDERS, AND GUIDANCE.—

''(1) CONSISTENCY OF APPLICATION.—The Administrator shall ensure consistency in the application of policies, orders, and guidance of the Administration by—

''(A) regular audits of the application and interpretation of such material by Administration personnel from person to person and office to office;

''(B) updating policies, orders, and guidance to resolve inconsistencies and clarify demonstrated ambiguities, such as through repeated inconsistent interpretation; and

''(C) ensuring officials are properly documenting findings and decisions throughout a project to decrease the occurrence of duplicative work and inconsistent findings by subsequent officials assigned to the same project.

''(2) ALTERATIONS.—The Administrator shall consult as appropriate with regulated entities who will be impacted by proposed changes to the content or application of policies, orders, and guidance before making such changes.

''(3) AUTHORITIES AND REGULATIONS.—The Administrator shall issue policies, orders, and guidance documents that are related to a law or regulation or clarify the intent of or compliance with specific laws and regulations.''.

SEC. 254. EXPANSION OF THE REGULATORY CONSISTENCY COMMUNICATIONS BOARD.

Section 224 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44701 note) is amended—

(1) in subsection (c)—

(A) in paragraph (2) by striking ''; and'' and inserting a semicolon;

(B) in paragraph (3) by striking the period and inserting a semicolon; and

(C) by adding at the end the following:

''(4) the Office of Airports;

''(5) the Office of Security and Hazardous Materials Safety;

''(6) the Office of Rulemaking and Regulatory Improvement; and

''(7) such other offices as the Administrator determines appropriate.''; and

(2) in subsection (d)(1)—

(A) in subparagraph (A) by striking ''anonymous regulatory interpretation questions'' and inserting ''regulatory interpretation questions, including anonymously,'';

(B) in subparagraph (C) by striking ''anonymous regulatory interpretation questions'' and inserting ''regulatory interpretation questions, including anonymously''; and

(C) by adding at the end the following:

''(6) Submit recommendations, as needed, to the Assistant Administrator for Rulemaking and Regulatory Improvement for consideration.''.

SEC. 255. EXEMPTION OF FEES FOR AIR TRAFFIC SERVICES.

(a) IN GENERAL.—Chapter 453 of title 49, United States Code, is amended by adding at the end the following:

''§ 45307. Exemption of fees for air traffic services

''(a) REQUIREMENT TO PROVIDE SERVICES AND RELATED SUPPORT.—The Administrator shall provide or ensure the provisioning of air traffic services and aviation safety support for large, multiday aviation events, including airshows and fly-ins, where the average daily number of manned operations were 1,000 or greater in at least 1 of the preceding 3 years, without the imposition or collection of any fee, tax, or other charge for that purpose. Amounts for the provision of such services and support shall be derived from amounts appropriated or otherwise available for the Administration.

''(b) DETERMINATION OF SERVICES AND SUPPORT TO BE PROVIDED.—In determining the services and support to be provided for an aviation event for purposes of subsection (a), the Administrator shall take into account the following:

''(1) The services and support required to meet levels of activity at prior events, if any, similar to the event.

''(2) The anticipated need for services and support at the event.''.

(b) CLERICAL AMENDMENT.—The analysis of chapter 453 of title 49, United States Code, is amended by adding at the end the following:

''Sec. 45307. Exemption of fees for air traffic services.''.

(c) CONFORMING REPEAL.—Section 530 of the FAA Reauthorization of 2018 (49 U.S.C. 40103 note), and the item relating to that section in the table of contents in section 1(b) of such Act, are repealed.

SEC. 256. MODERNIZATION OF SPECIAL AIRWORTHINESS CERTIFICATION RULEMAKING DEADLINE.

Not later than 24 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule for the rulemaking activity titled ''Modernization of Special Airworthiness Certification'', published in Fall 2022 in the long-term actions of the Unified Agenda of Federal Regulatory and Deregulatory Actions (RIN 2120–AL50).

SEC. 257. TERMINATION OF DESIGNEES.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall update the Administration's Designee Management Policy (FAA Order 8000.95B), or any successor order, to ensure due process and increase transparency in Federal Aviation Administration-initiated terminations of designees.

(b) UPDATES TO THE DESIGNEE MANAGEMENT POLICY.—In updating the Administration's Designee Management Policy under subsection (a), the Administrator shall, at a minimum, provide for the following:

(1) A process by which a designee—

(A) is notified of the root causes and reasons for a termination initiated by the Administrator;

(B) is notified of the change in a delegated authority to ''suspended'' or ''terminated'' during a Federal Aviation Administration-initiated termination;

(C) is provided a point of contact, who is independent of any investigation or termination action involving the designee, within the Administration, to correspond with for purposes of discussing the termination process and the designee's status, including the handling of correspondence during the investigation process described in paragraph (2), if applicable, and the review panel described in paragraph (3);

(D) is notified of the results of the investigation described in paragraph (2) in a reasonable and timely manner, which shall include notice of additional action by the Administrator, if required; and

(E) may respond within 30 calendar days to the Administrator if the Administrator determines that a termination for cause is the appropriate course of action and initiates such action.

(2) An investigation process to determine the appropriate outcome in situations in which termination is being considered by the Administrator, which shall include the following elements:

(A) The root causes and reasons for the investigation, including any complaints or allegations.

(B) Collection of evidence related to the investigation.

(C) A review of the facts and circumstances surrounding the case.

(D) A review of the designee's record in the designee management system and any relevant background information in the appropriate Federal Aviation Administration databases to determine if there is a pattern of inappropriate behavior or misconduct.

(E) A review of the designee's response to the investigation, if provided, to include any documentation provided by the designee.

(F) A decision on the appropriate course of action based on the results of the investigation.

(G) Recording the results of the investigation in the Federal Aviation Administration's designee management system.

(H) A notification to the designee that an investigation has been initiated, but only after it is determined through an established process that such notification would not adversely impact the investigation or safety.

(3) A review panel to determine whether a termination is appropriate when termination for cause is a possible outcome upon the completion of the investigation described in paragraph (2), of which such review panel shall—

(A) consider the elements of the investigation process provided for under paragraph (2), including the designee's response to the investigation and any associated documents, if provided; and

(B) complete the review process within 45 calendar days of the Administrator initiating a for cause termination decision of a designee.

(c) SUBSEQUENT REVIEW FOR DESIGNATED PILOT EXAMINERS.—

(1) IN GENERAL.—The Administrator shall set up a process through which a Designated Pilot Examiner terminated for cause may request a subsequent review by the Executive Director of the Flight Standards Service.

(2) REQUEST.—A Designated Pilot Examiner terminated for cause may request a subsequent review described in paragraph (1) not later than 15 calendar days after termination,

(3) REVIEW.—The Executive Director shall review all relevant information and facts by which the decision was made to terminate the designee, including the information considered by the review panel, and issue a final determination.

(4) TIMING.—Such final determination shall be issued by the Director not later than 45 calendar days upon receiving the request.

(d) LIMITATION ON INVESTIGATION AND REVIEW PANEL PARTICIPANTS.—An Administration employee involved in the selection, appointment, or management of a designee the Administrator is investigating or terminating for cause may not be party—

(1) to an investigation described in subsection (b)(2) of such designee; or

(2) participating on a review panel described in subsection (b)(3) pertaining to such designee.

SEC. 258. PART 135 CHECK AIRMEN REFORMS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall assign to the Aviation Rulemaking Advisory Committee (in this section referred to as the ''Committee'') the task of reviewing all regulations and policies related to check airmen for air carrier operations conducted under part 135 of title 14, Code of Federal Regulations.

(b) DUTIES.—The Committee shall—

(1) review the processes and requirements by which authorized check airmen are selected, trained, and approved by the Administrator, and provide recommendations with respect to the regulatory and policy changes necessary to ensure efficient training and utilization of such check airmen;

(2) review differences in qualification standards between an inspector of the Federal Aviation Administration and an authorized check airmen in evaluating and certifying the knowledge and skills of pilots; and

(3) make recommendations with respect to the regulatory and policy changes necessary to allow authorized check airmen to perform duties beyond the duties permitted on the date of enactment of this Act.

(c) ACTION BASED ON RECOMMENDATIONS.—Not later than 1 year after receiving recommendations under subsection (a), the Administrator shall take such action as the Administrator considers appropriate with respect to such recommendations.

(d) DEFINITION OF AUTHORIZED CHECK AIRMAN.—In this section, the term ''authorized check airman'' means an individual employed by an air carrier that meets the qualifications and training requirements of sections 135.337 and 135.339 of title 14, Code of Federal Regulations, and is approved to evaluate and certify the knowledge and skills of pilots employed by such air carrier.

Subtitle D—Other Provisions

SEC. 261. REQUIRED CONSULTATION WITH NATIONAL PARKS OVERFLIGHTS ADVISORY GROUP.

Section 40128(b)(4) of title 49, United States Code, is amended—

(1) in subparagraph (C) by striking ''and'' at the end;

(2) in subparagraph (D) by striking the period at the end and inserting ''; and''; and

(3) by adding at the end the following:

''(E) consult with the advisory group established under section 805 of the National Parks Air Tour Management Act of 2000 (49 U.S.C. 40128 note) and consider all advice, information, and recommendations provided by the advisory group to the Administrator and the Director.''.

SEC. 262. SUPPLEMENTAL OXYGEN REGULATORY REFORM.

(a) IN GENERAL.—Beginning on the date that is 30 days after the date of enactment of this Act, the following regulations shall cease to apply to any aircraft operating below 41,000 feet above mean sea level:

(1) Paragraphs (3) and (4) of section 135.89(b) of title 14, Code of Federal Regulations (or any successor regulations).

(2) Paragraphs (1)(ii) and (2) of section 91.211(b) of title 14, Code of Federal Regulations (or any successor regulations).

(b) CONFORMING AMENDMENT.—Not later than 1 year after the date of enactment of this Act,

the Administrator of the Federal Aviation Administration shall issue a final regulation revising the provisions of title 14, Code of Federal Regulations, described in paragraphs (1) and (2) of subsection (a) to conform to the limitation in applicability pursuant to subsection (a).

SEC. 263. EXCLUSION OF GYROPLANES FROM FUEL SYSTEM REQUIREMENTS.

Section 44737 of title 49, United States Code, is amended—

(1) by striking ''rotorcraft'' and inserting ''helicopter'' each place it appears; and

(2) by adding at the end the following:

''(d) EXEMPTION.—A helicopter issued an experimental certificate under section 21.191 of title 14, Code of Federal Regulations (or any successor regulations), or operating under a Special Flight Permit issued under section 21.197 of title 14, Code of Federal Regulations (or any successor regulations), is exempt from the requirements of this section.''.

SEC. 264. AIRSHOW VENUE INFORMATION, AWARENESS, TRAINING, AND EDUCATION PROGRAM.

(a) IN GENERAL.—Not later than 4 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a program, in cooperation with the National Center for the Advancement of Aerospace, to be known as the ''Airshow Venue Information, Awareness, Training, and Education Program'' (in this section referred to as the ''AVIATE Program'').

(b) OBJECTIVE.—The objectives of the AVIATE Program shall be—

(1) to make information available to general aviation airport managers, local government officials, and other relevant stakeholders about how to host an airshow;

(2) to provide guidance and resources to help organizers plan and execute airshows and aerial events, including—

(A) compliance with all applicable regulations;

(B) providing technical assistance in establishing—

(i) emergency response plans; and

(ii) communication plans between relevant event stakeholders, including local enforcement and emergency first responders; and

(C) ensuring protection of the public, performers, and airport personnel;

(3) to promote public awareness and engagement with airshows and aerial events, including opportunities for community education, outreach, and involvement; and

(4) to provide access to tools and resources that enable general aviation airport managers, local government officials, and other relevant stakeholders to understand the impact of airshows and aerial events on local economies and communities.

(c) ADMINISTRATION.—In carrying out the AVIATE Program, the Administrator shall consult and coordinate, as appropriate, with relevant stakeholders, including—

(1) airshow safety experts;

(2) general aviation aircraft owners and operators, including experimental aircraft owners and operators;

(3) general aviation airports, including airport officials;

(4) air traffic control specialists with knowledge of coordinating airshows and aerial events, including experts from the exclusive bargaining representative of air traffic controllers certified under section 7111 of title 5, United States Code; and

(5) experts from the exclusive bargaining representative of air traffic controllers certified under section 7111 of title 5, United States Code.

SEC. 265. LOW ALTITUDE ROTORCRAFT AND POWERED-LIFT OPERATIONS.

(a) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall, as appropriate, establish or update low altitude routes and flight procedures to ensure safe rotorcraft and powered-lift aircraft operations within Class B airspace of the national airspace system.

(b) FLIGHT PROCEDURES.—In carrying out subsection (a), the Administrator shall, as appropriate, establish or update approach and departure procedures at public-use airports and heliports within Class B airspace for rotorcraft and powered-lift aircraft operations.

(c) FLIGHT ROUTES.—

(1) IN GENERAL.—In carrying out this section, the Administrator shall revise part 71 of title 14, Code of Federal Regulations, as necessary, to establish or update low altitude routes related to Class B airspace operations for rotorcraft and powered-lift aircraft.

(2) CONSIDERATIONS.—In carrying out this section, the Administrator shall consider the impact of such low altitude flight routes described in paragraph (1) on other airspace users and impacted communities to ensure that such routes are designed to minimize—

(A) the potential for conflict with existing national airspace system operations;

(B) the workload of air traffic controllers; and

(C) negative effects to impacted communities.

(d) CONSULTATION.—In carrying out this section, the Administrator shall develop the procedures and routes required under subsection (b) and (c) in consultation with—

(1) rotorcraft operators, including air ambulance operators;

(2) powered-lift operators;

(3) exclusive bargaining representatives of air traffic controllers certified under section 7111 of title 5, United States Code; and

(4) any other relevant stakeholders as determined by the Administrator.

SEC. 266. BASICMED IN NORTH AMERICA.

The Administrator of the Federal Aviation Administration shall seek to facilitate the recognition of medical qualifications under part 68 of title 14, Code of Federal Regulations, with civil aviation authorities in Canada and such other foreign countries that the Administrator determines are appropriate.

SEC. 267. ELIMINATE AVIATION GASOLINE LEAD EMISSIONS.

(a) EAGLE INITIATIVE.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall continue to partner with industry and other Federal Government stakeholders in carrying out the Eliminate Aviation Gasoline Lead Emissions Initiative (in this section referred to as the ''EAGLE Initiative'').

(2) FAA RESPONSIBILITIES.—In collaborating with industry and other Government stakeholders to carry out the EAGLE Initiative, the Administrator shall take such actions as may be necessary under the Administrator's authority to facilitate—

(A) the safe elimination of the use of leaded aviation gasoline by piston-engine aircraft by the end of 2030 without adversely affecting the piston-engine aircraft fleet;

(B) the approval of unleaded alternatives to leaded aviation gasoline for use in all piston-engine aircraft types and piston-engine types;

(C) the implementation of the requirements of section 431 as they relate to the continued availability of aviation gasoline;

(D) efforts to make approved unleaded aviation gasoline widely available at airports; and

(E) the development and implementation of a transition plan to safely expedite the transition of the piston-engine general aviation aircraft fleet to unleaded fuels by 2030.

(3) ACTIVITIES.—In carrying out the Administration's responsibilities pursuant to paragraph (2), the Administrator, at a minimum, shall—

(A) develop and publish, as soon as practicable, a fleet authorization process for the efficient approval or authorization of unleaded aviation gasolines;

(B) review, update, and prioritize, as soon as practicable, certification processes and projects for aircraft engines and modifications to such engines to operate with unleaded aviation gasoline;

(C) evaluate and support programs that accelerate the creation, evaluation, qualification, deployment, and use of unleaded aviation gasolines;

(D) carry out, in partnership with the general aviation community, an ongoing campaign for training and educating aircraft owners and operators on how to safely transition to unleaded aviation gasoline;

(E) evaluate aircraft and aircraft engines to ensure that such aircraft and aircraft engines can operate with unleaded aviation gasoline candidates during cold weather conditions; and

(F) facilitate Government policy, regulatory proposals, and voluntary consensus standards with the objective of achieving the following:

(i) Establishing a commercially viable supply chain for unleaded aviation gasolines.

(ii) Facilitating market-based production and distribution of unleaded aviation gasolines.

(iii) Encouraging procurement of equipment required for the deployment, storage, and dispensing of unleaded aviation gasolines.

(4) CONSULTATION AND COORDINATION WITH RELEVANT STAKEHOLDERS.—In carrying out the EAGLE Initiative, the Administrator shall continue to consult and coordinate, as appropriate, with relevant stakeholders, including—

(A) general aviation aircraft engine, aircraft propulsion, and aircraft airframe manufacturers;

(B) general aviation aircraft users, aircraft owners, aircraft pilots, and aircraft operators;

(C) airports, heliports, and fixed-base operators;

(D) State, local, and Tribal airport officials or public agencies, with representation from both urban and rural areas;

(E) representatives of the petroleum industry, including developers, refiners, producers, and distributors of unleaded aviation gasolines; and

(F) air carriers and commercial operators operating under part 135 of title 14, Code of Federal Regulations.

(5) REPORTS TO CONGRESS.—

(A) INITIAL REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report that—

(i) contains an updated strategic plan for developing a fleet authorization process for efficient approval and use of unleaded aviation gasolines;

(ii) describes the structure and involvement of all Federal Aviation Administration offices that have responsibilities described in paragraph (2); and

(iii) identifies cost-effective policy initiatives, regulatory initiatives, or legislative initiatives needed to improve and enhance the timely transition to unleaded aviation gasoline for the piston-engine aircraft fleet.

(B) ANNUAL REPORTING.—Not later than 1 year after the date on which the Administrator submits the initial report under subparagraph (A), and annually thereafter, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate an annual report on activities and progress of the EAGLE Initiative.

(C) SUNSET.—Subparagraph (B) shall cease to be effective after December 31, 2030.

(b) TRANSITION PLAN TO UNLEADED FUELS.—

(1) IN GENERAL.—In developing the transition plan under subsection (a)(2)(E), the Administrator shall, at a minimum, assess the following:

(A) Efforts undertaken by the EAGLE Initiative, including progress towards—

(i) safely eliminating the use of leaded aviation gasoline by piston-engine aircraft by the

end of 2030 without adversely affecting the piston-engine aircraft fleet;

(ii) approving unleaded alternatives to leaded aviation gasoline for use in all piston-engine aircraft types and piston-engine types; and

(iii) facilitating efforts to make approved unleaded aviation gasoline widely available at airports.

(B) The evaluation and development of necessary airport infrastructure, including fuel storage and dispensing facilities, to support the distribution and storage of unleaded aviation gasoline.

(C) The establishment of best practices for piston-engine aircraft owners and operators, airport managers and personnel, aircraft maintenance technicians, and other appropriate personnel for protecting against exposure to lead containment when—

(i) conducting fueling operations;

(ii) disposing of inspected gasoline samples;

(iii) performing aircraft maintenance; and

(iii) conducting engine run-ups.

(D) Efforts to address supply chain and other logistical barriers inhibiting the timely distribution of unleaded aviation gasoline to airports.

(E) Outreach efforts to educate and update piston-engine aircraft owners and operators, airport operators, and other members of the general aviation community on the potential benefits, availability, and safety of unleaded aviation gasoline.

(2) CONSULTATION.—In developing such transition plan, the Administrator shall consult, at a minimum, with representatives of entities described in subsection (a)(4).

(3) PUBLICATION; GUIDANCE.—Upon completion of developing such transition plan, the Administrator shall—

(A) make the plan available to the public on an appropriate webpage of the Administration; and

(B) provide guidance supporting the implementation of the transition plan.

(4) COORDINATION WITH EAGLE INITIATIVE.—In developing such transition plan and associated guidance pertaining to the implementation of such transition plan, the Administrator shall consult and coordinate with individuals carrying out the EAGLE Initiative.

(5) MAPPING UNLEADED AVIATION GASOLINE.—The Administrator shall develop and continuously update websites, brochures, and other communication materials associated with such transition plan to clearly convey the availability of unleaded aviation gasoline at airports.

(6) BRIEFING TO CONGRESS.—Not later than 60 days after the publication of such transition plan, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Technology of the Senate on such transition plan and any efforts or actions pertaining to the implementation of such transition plan.

TITLE III—AEROSPACE WORKFORCE

Subtitle A—Growing the Talent Pool

SEC. 301. EXTENSION OF AVIATION WORKFORCE DEVELOPMENT PROGRAMS.

Section 625(b)(1) of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended by striking ''section 48105'' and all that follows through the period at the end and inserting the following: ''section 48105 of title 49, United States Code, not more than—

''(A) $15,000,000 for each of fiscal years 2024 through 2026 is authorized to be expended to provide grants under the program established under subsection (a)(1); and

''(B) $15,000,000 for each of fiscal years 2024 through 2026 is authorized to provide grants under the program established under subsection (a)(2).

''(C) $15,000,000 for each of fiscal years 2024 through 2026 is authorized to be expended to provide grants under the program established under subsection (a)(3).''.

SEC. 302. IMPROVING AVIATION WORKFORCE DEVELOPMENT PROGRAMS.

(a) MANUFACTURING PROGRAM.—Section 625(a) of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended—

(1) in paragraph (1) by striking ''and'' at the end;

(2) in paragraph (2) by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(3) a program to provide grants for eligible projects to support the education and recruitment of aviation manufacturing workers and the development of the aviation manufacturing workforce.''.

(b) PROJECT GRANTS.—Section 625(b) of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended—

(1) in paragraph (2) by striking ''$500,000'' and inserting ''$750,000''; and

(2) by adding at the end the following:

''(3) EDUCATION PROJECTS.—The Secretary shall ensure that not less than 20 percent of the amounts authorized to be expended under this subsection shall be used to carry out a grant program which shall be referred to as the 'Willa Brown Aviation Education Program' (in this paragraph referred to as the 'Program') under which the Secretary shall provide grants for eligible projects described in subsection (d) that are carried out in communities in counties containing at least 1 qualified opportunity zone (as such term is defined in section 1400Z–1(a) of the Internal Revenue Code of 1986).''.

(c) ELIGIBLE APPLICATIONS.—Section 625(c) of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended by striking paragraphs (1) and (2) and inserting the following:

''(1) APPLICATION FOR AIRCRAFT PILOT PROGRAM.—An application for a grant under the program established under subsection (a)(1) may be submitted, in such form as the Secretary may specify, by—

''(A) an air carrier, as defined in section 40102 of title 49, United States Code;

''(B) an entity that holds management specifications under subpart K of title 91 of title 14, Code of Federal Regulations;

''(C) an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801));

''(D) a flight school that provides flight training, as defined in part 61 of title 14, Code of Federal Regulations, or that holds a pilot school certificate under part 141 of title 14, Code of Federal Regulations;

''(E) a labor organization representing professional pilots;

''(F) an aviation-related nonprofit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 that is exempt from taxation under section 501(a) of such Code; or

''(G) a State, local, territorial, or Tribal governmental entity.

''(2) APPLICATION FOR AVIATION MAINTENANCE PROGRAM.—An application for a grant under the program established under subsection (a)(2) may be submitted, in such form as the Secretary may specify, by—

''(A) a holder of a certificate issued under part 21, 121, 135, 145, or 147 of title 14, Code of Federal Regulations;

''(B) a labor organization representing aviation maintenance workers;

''(C) an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801));

''(D) an aviation-related nonprofit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 that is exempt from taxation under section 501(a) of such Code; or

''(E) a State, local, territorial, or Tribal governmental entity.

''(3) APPLICATION FOR AVIATION MANUFACTURING PROGRAM.—An application for a grant under the program established under subsection (a)(3) may be submitted, in such form as the Secretary may specify, by—

''(A) an entity that—

''(i) actively designs or manufactures any aircraft, aircraft engine, propeller, or appliance, or a component, part, or system thereof, covered under a type or production certificate issued under section 44704; and

''(ii) has significant operations in the United States and a majority of the employees of such entity that are engaged in aviation manufacturing or development activities and services are based in the United States;

''(B) an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801));

''(C) an aviation-related nonprofit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 that is exempt from taxation under section 501(a) of such Code; or

''(D) a State, local, territorial, or Tribal governmental entity.''.

(d) ELIGIBLE PROJECTS.—Section 625(d) of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended by striking paragraphs (1) and (2) and inserting the following:

''(1) AIRCRAFT PILOT PROGRAM.—For purposes of the program established under subsection (a)(1), an eligible project is a project—

''(A) to create and deliver curriculum that provides high school or secondary school students with meaningful aviation education to become aircraft pilots, aerospace engineers, or unmanned aircraft systems operators, including purchasing and operating a computer-based simulator associated with such curriculum;

''(B) to support the professional development of teachers using the curriculum described in subparagraph (A);

''(C) to create and deliver curriculum that provides certified flight instructors with the necessary instructional, leadership, and communication skills to better educate student pilots;

''(D) to support transition to professional pilot careers, including for members of the Armed Forces; or

''(E) to support robust outreach about careers in the commercial aviation as a professional pilot, including outreach to primary, secondary, and post-secondary school students.

''(2) AVIATION MAINTENANCE PROGRAM.—For purposes of the program established under subsection (a)(2), an eligible project is a project—

''(A) to create and deliver curriculum that provides high school and secondary school students with meaningful aviation maintenance education to become an aviation mechanic or aviation maintenance technician, including purchasing and operating equipment associated with such curriculum;

''(B) to support the professional development of teachers using the curriculum described in subparagraph (A);

''(C) to establish or improve apprenticeship, internship, or scholarship programs for individuals pursuing employment in the aviation maintenance industry;

''(D) to support transition to aviation maintenance careers, including for members of the Armed Forces; or

''(E) to support robust outreach about careers in the aviation maintenance industry, including outreach to primary, secondary, and post-secondary school students.

''(3) AVIATION MANUFACTURING PROGRAM.—For purposes of the program established under subsection (a)(3), and eligible project is a project—

''(A) to create and deliver curriculum that provides high school and secondary school students with meaningful aviation manufacturing education, including teaching the technical skills used in the production of components, parts, or systems thereof for inclusion in an aircraft, aircraft engine, propeller, or appliance;

''(B) to support the professional development of teachers using the curriculum described in subparagraph (A);

''(C) to establish apprenticeship, internship, or scholarship programs for individuals pursuing employment in the aviation manufacturing industry;

''(D) to support transition to aviation manufacturing careers, including for members of the Armed Forces; or

''(E) to support robust outreach about careers in the aviation manufacturing industry, including outreach to primary, secondary, and postsecondary school students.''.

(e) REPORTING AND MONITORING REQUIREMENTS.—Section 625 of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) is amended by adding at the end the following:

''(f) REPORTING AND MONITORING REQUIREMENTS.—The Secretary shall establish reasonable reporting and monitoring requirements for grant recipients under this section to measure relevant outcomes for the grant programs established under paragraphs (1), (2), and (3) of subsection (a).

''(g) NOTICE OF GRANTS.—

''(1) TIMELY PUBLIC NOTICE.—The Secretary shall provide public notice of any grant awarded under this section in a timely fashion after the Secretary awards such grant.

''(2) NOTICE TO CONGRESS.—The Secretary shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate advance notice of a grant to be made under this section.

''(h) TERMINATION.—The authority of the Secretary to issue grants under this section shall terminate on September 30, 2026.''.

SEC. 303. NATIONAL CENTER FOR THE ADVANCEMENT OF AEROSPACE.

(a) IN GENERAL.—Chapter 1 of title 49, United States Code, is amended by adding at the end the following:

''§ 120. National Center for the Advancement of Aerospace

''(a) FEDERAL CHARTER AND STATUS.—

''(1) IN GENERAL.—The National Center for the Advancement of Aerospace (in this section referred to as the 'Center') is a federally chartered entity which shall be incorporated in the District of Columbia. The Center is a private independent entity, not a department, agency, or instrumentality of the United States Government or a component thereof. Except as provided in subsection (f)(1), an officer or employee of the Center is not an officer or employee of the Federal Government.

''(2) PERPETUAL EXISTENCE.—Except as otherwise provided, the Center shall have perpetual existence.

''(b) GOVERNING BODY.—

''(1) IN GENERAL.—The Board of Directors (in this section referred to as the 'Board') is the governing body of the Center.

''(2) AUTHORITY.—

''(A) IN GENERAL.—The Board shall adopt bylaws, policies, and procedures to carry out the purpose of the Center and may take any other action that it considers necessary (in accordance with the duties and powers of the Center) for the management and operation of the Center. The Board is responsible for the general policies and management of the Center and for the control of all funds of the Center.

''(B) POWERS OF BOARD.—The Board shall have the power to do the following:

''(i) Adopt and alter a corporate seal.

''(ii) Establish and maintain offices to conduct its activities.

''(iii) Enter into contracts or agreements as a private entity not subject to the requirements of title 41.

''(iv) Acquire, own, lease, encumber, transfer, and dispose of property as necessary and appropriate to carry out the purposes of the Center.

''(v) Publish documents and other publications in a publicly accessible manner.

''(vi) Incur and pay obligations as a private entity not subject to the requirements of title 31.

''(vii) Perform any other act necessary and proper to carry out the purposes of the Center as described in its bylaws or duties outlined in this section.

''(3) MEMBERSHIP OF THE BOARD.—

''(A) IN GENERAL.—The Board shall have 10 Directors as follows:

''(i) EX-OFFICIO MEMBERSHIP.—The following individuals, or their designees, shall be considered ex-officio members of the Board:

''(I) The Administrator of the Federal Aviation Administration.

''(II) The Executive Director, pursuant to paragraph (5)(D).

''(ii) APPOINTMENTS.—

''(I) IN GENERAL.—From among those members of the public who are highly respected and have exert knowledge and experience in the fields of aviation, finance, or academia—

''(aa) the Secretary of Transportation shall appoint 5 members to the Board;

''(bb) the Secretary of Defense shall appoint 1 member to the Board;

''(cc) the Secretary of Veterans Affairs shall appoint 1 member to the Board; and

''(dd) the Secretary of Education shall appoint 1 member to the Board.

''(II) TERMS.—

''(aa) IN GENERAL.—The members appointed under subclause (I) shall serve for a term of 3 years and may be reappointed.

''(bb) STAGGERING TERMS.—The Board shall stagger the duration of the terms of the initial members appointed to promote the stability of the Board.

''(B) VACANCIES.—A vacancy on the Board shall be filled in the same manner as the initial appointment.

''(C) STATUS.—All Members of the Board shall have equal voting powers, regardless if they are ex-officio members or appointed.

''(4) CHAIR OF THE BOARD.—The Board shall choose a Chair of the Board from among the members of the Board that are not ex-officio members under paragraph (3)(A)(i).

''(5) ADMINISTRATIVE MATTERS.—

''(A) MEETINGS.—

''(i) IN GENERAL.—The Board shall meet at the call of the Chair but not less than 2 times each year and may, as appropriate, conduct business by telephone or other electronic means.

''(ii) OPEN.—

''(I) IN GENERAL.—Except as provided in subclause (II), a meeting of the Board shall be open to the public.

''(II) EXCEPTION.—A meeting, or any portion of a meeting, may be closed if the Board, in public session, votes to close the meeting because the matters to be discussed—

''(aa) relate solely to the internal personnel rules, practices, and matters of the Center;

''(bb) may result in disclosure of commercial or financial information obtained from a person that is privileged or confidential;

''(cc) may disclose information of a personal nature where disclosure would constitute an unwarranted invasion of personal privacy; or

''(dd) are matters that are specifically exempted from disclosure by Federal or District of Columbia law.

''(iii) PUBLIC ANNOUNCEMENT.—At least 1 week before a meeting of the Board, and as soon as practicable thereafter if there are any changes to the information described in subclauses (I) through (III), the Board shall make a public announcement of the meeting that describes—

''(I) the time, place, and subject matter of the meeting;

''(II) whether the meeting is to be open or closed to the public; and

''(III) the name and appropriate contact information of a person who can respond to requests for information about the meeting.

''(iv) RECORD.—The Board shall keep minutes from each Board meeting. Such minutes shall be made available to the public in an accessible format, except for portions of the meeting that are closed pursuant to subparagraph (A)(ii)(II).

''(B) QUORUM.—A majority of members of the Board shall constitute a quorum.

''(C) CODE OF ETHICS.—The Board shall adopt a code of ethics for Directors, officers, agents, and employees of the Center to—

''(i) prevent inappropriate conflicts of interest and promote good employee conduct; and

''(ii) at a minimum, prohibit any member of the Board from participating in any proceeding, application, ruling, or other determination, contract claim, award, controversy, or other matter in which the member, the member's employer or prospective employer, or the member's immediate family member has a direct financial interest.

''(D) EXECUTIVE DIRECTOR.—The Board shall appoint and fix the pay of an Executive Director of the Center (in this section referred to as the 'Executive Director') who shall—

''(i) serve as an ex officio Member of the Board;

''(ii) serve at the pleasure of the Board, under such terms and conditions as the Board shall establish;

''(iii) is subject to removal by the Board at the discretion of the Board; and

''(iv) be responsible for the daily management and operation of the Center and for carrying out the purposes and duties of the Center.

''(E) APPOINTMENT OF PERSONNEL.—The Board shall delegate to the Executive Director the authority to appoint additional personnel as the Board considers appropriate and necessary to carry out the purposes and duties of the Center.

''(6) RECORDS.—The Board shall keep correct and complete records of accounts.

''(7) PUBLIC INFORMATION.—With the exception of the matters described in subsection (b)(5)(A)(ii)(II), nothing in this section may be construed to withhold disclosure of information or records that are subject to disclosure under section 552 of title 5.

''(c) PURPOSE.—The purpose of the Center is to—

''(1) develop a skilled and robust aerospace workforce in the United States;

''(2) provide a forum to support collaboration and cooperation between governmental, nongovernmental, and private aerospace sector stakeholders regarding the advancement of the aerospace workforce, including general, business, and commercial aviation, education, labor, manufacturing, international organizations, and commercial space transportation organizations;

''(3) serve as a repository for research conducted by institutions of higher education, research institutions, or other stakeholders regarding the aerospace workforce and related technical and skill development.

''(4) serve as a centralized resource that provides comprehensive and relevant information sources on the following:

''(A) Aviation pathway programs and professional development opportunities.

''(B) Aviation apprenticeship, scholarship, and internship programs.

''(C) Aviation-related curricula and resources about aviation occupations and career pathways developed for students, teachers, and guidance counselors at all levels of education.

''(D) Aviation industry organizations.

''(d) DUTIES.—In order to accomplish the purpose described in subsection (c), the Center shall perform the following duties:

''(1) Improve access to aerospace education and related skills training to help grow the U.S. aerospace workforce, including by—

''(A) assessing the state of the aerospace workforce, including challenges and identifying actions to address such challenges;

''(B) developing a comprehensive workforce strategy to help coordinate workforce development initiatives;

''(C) establishing or supporting apprenticeship, scholarship, internship, and mentorship programs that assist individuals who wish to pursue a career in an aerospace-related field;

''(D) supporting the development of aerospace education curricula, including syllabi, training materials, and lesson plans, for use by an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801)); and

''(E) building awareness of youth-oriented aerospace programs and other robust outreach programs, including for primary, secondary, and post-secondary school students.

''(F) supporting the professional development of teachers using the curricula, syllabi, training materials, and lesson plans described in subparagraph (D); and

''(G) developing an array of educational and informative aviation-related educational activities and materials for students of varying ages and levels of education to use in the classroom and at home.

''(2) Support personnel or veterans of the Armed Forces seeking to transition to a career in aerospace through outreach, training, scholarships, apprenticeships, or other means.

''(3) Amplify and support the work carried out at the Centers of Excellence and Technical Centers of the Federal Aviation Administration regarding the aerospace workforce, or related technical and skills advancement, including organizing and hosting symposiums, conferences, and other forums as appropriate.

''(4) Administer on behalf of the Secretary of the Department of Transportation the Cooperative Aviation Recruitment, Enrichment, and Employment Readiness Program established by subsection (a) of 40131.

''(e) DUTY TO MAINTAIN TAX-EXEMPT STATUS.—The Center shall be operated in a manner and for purposes that qualify the Center for exemption from taxation under the Internal Revenue Code as an organization described in section 501(c)(3) of such Code.

''(f) ADMINISTRATIVE MATTERS OF CENTER.—

''(1) DETAILEES.—

''(A) IN GENERAL.—At the request of the Center, the head of any Federal agency or department may, at the discretion of such agency or department, detail to the Center, on a reimbursable basis, an employee of the agency or department.

''(B) CIVIL SERVANT STATUS.—The detail of an employee under subparagraph (A) shall be without interruption or loss of civil service status or privilege.

''(2) NAMES AND SYMBOLS.—The Center may accept, retain, and use proceeds derived from the Center's use of the exclusive right to use its name and seal, emblems, and badges incorporating such name as lawfully adopted by the Board in furtherance of the purpose and duties of the Center.

''(3) GIFTS, GRANTS, BEQUESTS, AND DEVISES.—The Center may accept, retain, use, and dispose of gifts, grants, bequests, or devises of money, services, or property from any public or private source for the purpose of covering the costs incurred by the Center in furtherance of the purpose and duties of the Center.

''(4) VOLUNTARY SERVICES.—The Center may accept voluntary services from any person that are provided in furtherance of the purpose and duties of the Center.

''(g) RESTRICTIONS.—

''(1) PROFIT.—The Center may not engage in business activity for profit.

''(2) STOCKS AND DIVIDENDS.—The Center may not issue any shares of stock or declare or pay any dividends.

''(3) POLITICAL ACTIVITIES.—The Center shall be nonpolitical and may not provide financial aid or assistance to, or otherwise contribute to or promote the candidacy of, any individual seeking elective public office or political party. The Center may not engage in activities that are, directly, or indirectly, intended to be or likely to be perceived as advocating or influencing the legislative process.

''(4) DISTRIBUTION OF INCOME OR ASSETS.—The assets of the Center may not inure to the benefit of any member of the Board, or any officer or employee of the Center or be distributed to any person. This paragraph does not prevent the payment of reasonable compensation to any officer, employee, or other person or reimbursement for actual and necessary expenses in amounts approved by the Board.

''(5) LOANS.—The Center may not make a loan to any member of the Board or any officer or employee of the Center.

''(6) NO CLAIM OF GOVERNMENTAL APPROVAL OR AUTHORITY.—Except as otherwise provided by section 40131, the Center may not claim approval of Congress or of the authority of the United States for any of its activities.

''(h) ADVISORY COMMITTEE.—

''(1) IN GENERAL.—The Executive Director shall appoint members to an advisory committee subject to approval by the Board. Members of the Board may not sit on the advisory committee.

''(2) MEMBERSHIP.—The advisory committee shall consist of not more than 15 members who represent various aviation industry and labor stakeholders, stakeholder associations, and others as determined appropriate by the Board. The advisory committee shall select a Chair and Vice Chair from among its members by majority vote.

''(3) DUTIES.—The advisory committee shall—

''(A) provide recommendations to the Board on an annual basis regarding the priorities for the activities of the Center;

''(B) consult with the Board on an ongoing basis regarding the appropriate powers of the Board to accomplish the purposes and duties of the Center; and

''(C) provide relevant data and information to the Center in order to carry out the duties set forth in subsection (d).

''(4) MEETINGS.—The provisions for meetings of the Board under subsection (b)(5) shall apply as similarly as is practicable to meetings of the advisory committee.

''(i) WORKING GROUPS.—

''(1) IN GENERAL.—The Board may establish working groups as determined necessary and appropriate to achieve the purpose of the Center under subsection (c).

''(2) MEMBERSHIP.—Any working group established by the Board shall be composed of private sector representatives, stakeholder associations, members of the public, labor representatives, and other relevant parties, as determined appropriate by the Board. Once established, the membership of such working group shall choose a Chair from among the members of the working group by majority vote.

''(j) CAREER COUNCIL.—

''(1) ESTABLISHMENT.—Not later than September 30, 2026, the Executive Director, in coordination with the Secretary, shall establish a council (in this section referred to as the 'CAREER Council') for the CAREER Program established under section 40131.

''(2) DUTIES.—The CAREER Council shall aid the Secretary and the Center in carrying out the CAREER Program by reviewing grant applications and recommending grant recipients.

''(3) APPOINTMENT.—The CAREER Council shall be appointed from candidates nominated by national associations representing various sectors of the aviation industry, including—

''(A) general aviation;

''(B) commercial aviation;

''(C) aviation labor, including collective bargaining representatives of Federal Aviation Administration aviation safety inspectors, aviation safety engineers, and air traffic controllers;

''(D) aviation maintenance, repair, and overhaul; and

''(E) unmanned aviation.

''(4) TERM.—Each council member appointed under paragraph (3) shall serve a term of 4 years.

''(k) ANNUAL REPORT.—The Board shall submit an annual report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate that, at minimum, includes a review and examination of—

''(1) the activities performed as set forth in subsection (d) during the prior fiscal year;

''(2) the advisory committee described in subsection (h);

''(3) the working groups described in subsection (i); and

''(4) the Cooperative Aviation Recruitment, Enrichment, and Employment Readiness Program and related activities established under section 40131, including activities of the CAREER Council established under subsection (j).

''(l) AUDIT BY DEPARTMENT OF TRANSPORTATION INSPECTOR GENERAL.—

''(1) IN GENERAL.—Not later than 2 years after the date on which the Center is established under subsection (a), the inspector general of the Department of Transportation shall conduct a review of the Center.

''(2) CONTENTS.—The review shall—

''(A) include, at a minimum, an evaluation of the efforts taken at the Center to achieve the purpose set forth in subsection (c); and

''(B) provide any other information that the inspector general determines is appropriate.

''(3) REPORT ON AUDIT.—

''(A) REPORT TO SECRETARY.—Not later than 30 days after the date of completion of the audit, the inspector general shall submit to the Secretary a report on the results of the audit.

''(B) REPORT TO CONGRESS.—Not later than 60 days after the date of receipt of the report under subparagraph (A), the Secretary shall submit to the appropriate committees of Congress a copy of the report, together with, if appropriate, a description of any actions taken or to be taken to address the results of the audit.

''(m) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the National Center for the Advancement of Aerospace out of the Airport and Airway Trust Fund to carry out this section—

''(1) $10,000,000 for fiscal year 2024;

''(2) $10,000,000 for fiscal year 2025;

''(3) $10,000,000 for fiscal year 2026;

''(4) $11,000,000 for fiscal year 2027; and

''(5) $11,000,000 for fiscal year 2028.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 1 of title 49, United States Code, is amended by inserting after the item relating to section 119 the following:

''120. National Center for the Advancement of Aerospace.''.

SEC. 304. COOPERATIVE AVIATION RECRUITMENT, ENRICHMENT, AND EMPLOYMENT READINESS PROGRAM.

(a) IN GENERAL.—Chapter 401 of title 49, United States Code, is amended by adding at the end the following:

''§ 40131. Cooperative Aviation Recruitment, Enrichment, and Employment Readiness Program

''(a) ESTABLISHMENT.—Not later than September 30, 2026, the Secretary of Transportation, through the National Center for the Advancement of Aerospace (in this section referred to as the 'Center'), shall establish an aviation workforce cooperative development program to be

known as the Cooperative Aviation Recruitment, Enrichment, and Employment Readiness Program (in this section referred to as the 'CAREER Program') to support the education, recruitment, training, and retention of future aviation professionals and the development of a robust United States aviation workforce by—

''(1) using relevant workforce forecasts to predict and identify aviation-related workforce challenges; and

''(2) funding projects that address such challenges and help to sustain the long-term growth of civil aviation.

''(b) IMPLEMENTATION.—

''(1) PARTNERSHIP WITH NCAA.—In implementing the CAREER Program established under subsection (a), the Secretary shall partner with the CAREER Council established in subsection (j) of section 120.

''(2) NONDELEGATION.—Except as provided in paragraph (3), the Secretary may not delegate any of the authorities or responsibilities under this section to the Administrator of the Federal Aviation Administration.

''(3) SUPPORT.—To support the administration of the CAREER Program, the Secretary may assign employees of the Department of Transportation, including employees of the Federal Aviation Administration, on detail to the Center.

''(c) SOLICITATION, REVIEW, AND EVALUATION PROCESS.—In carrying out the CAREER Program, the Secretary shall establish a solicitation, review, and evaluation process that ensures funds made available to carry out this section are awarded to eligible entities with proposals that have adequate merit and relevancy to the mission of the program.

''(d) ELIGIBLE ENTITIES.—An eligible entity under this section is—

''(1) an air carrier;

''(2) an entity that holds management specifications under subpart K of title 91 of title 14, Code of Federal Regulations;

''(3) a holder of a certificate issued under parts 139, 145, or 147 of title 14, Code of Federal Regulations;

''(4) an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801));

''(5) a flight school that provides flight training, as defined in part 61 of title 14, Code of Federal Regulations, or that holds a pilot school certificate under part 141 of title 14, Code of Federal Regulations;

''(6) an aviation labor organization;

''(7) a State, local, territorial, or Tribal government, including a political subdivision thereof;

''(8) an aviation-related nonprofit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 that is exempt from taxation under section 501(a) of such Code; or

''(9) an entity that—

''(A) actively designs or manufactures any aircraft, aircraft engine, propeller, or appliance, or a component, part, or system thereof, covered under a type or production certificate issued under section 44704; and

''(B) has significant operations in the United States and a majority of the employees of such entity that are engaged in aviation manufacturing or development activities and services are based in the United States.

''(e) REPORTING AND MONITORING REQUIREMENTS.—The Secretary shall establish reasonable reporting and monitoring requirements for grant recipients under this section to measure relevant outcomes of the program maintained pursuant to subsection (a).

''(f) REPORT.—Not later than September 30, 2027, and annually through fiscal year 2028, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the program that includes—

''(1) a summary of projects awarded grants under this section and the progress of each recipient towards fulfilling program expectations;

''(2) an evaluation of how such projects cumulatively impact the future supply of individuals in the U.S. aviation workforce, including best practices or programs to incentivize, recruit, and retain individuals in aviation professions; and

''(3) recommendations for better coordinating actions by governmental entities, educational institutions, and businesses, aviation labor organizations, or other stakeholders to support aviation workforce growth.

''(g) NOTICE OF GRANTS.—

''(1) TIMELY PUBLIC NOTICE.—The Secretary shall provide public notice of any grant awarded under the CAREER Program in a timely fashion after the Secretary awards such grant.

''(2) NOTICE TO CONGRESS.—The Secretary shall provide advance notice of a grant to be made under the CAREER Program to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

''(h) AUTHORIZATION OF APPROPRIATIONS.—Of the amounts made available under section 48105, $50,000,000 for each of fiscal years 2027 and 2028 is authorized to be expended to provide grants under the program established under subsection (a).''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 401 of title 49, United States Code, is amended by adding at the end the following:

''40131. Cooperative Aviation Recruitment, Enrichment, and Employment Readiness Program.''.

SEC. 305. REPEAL OF DUPLICATIVE OR OBSOLETE WORKFORCE PROGRAMS.

(a) REPEAL.—Sections 44510 and 44515 of title 49, United States Code, are repealed.

(b) CLERICAL AMENDMENTS.—The analysis for chapter 445 of title 49, United States Code, is amended by striking the items relating to sections 44510 and 44515.

SEC. 306. CIVIL AIRMEN STATISTICS.

(a) PUBLICATION FREQUENCY.—The Administrator of the Federal Aviation Administration shall publish the study commonly referred to as the ''U.S. Civil Airmen Statistics'' on a monthly basis.

(b) PRESENTATION OF DATA.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a web-based dashboard for purposes of presenting the findings of the study described in subsection (a).

(2) DOWNLOADABLE FORMAT.—The Administrator shall make the data publicly available on the website of the Administration in a downloadable format.

(c) EXPANDED DATA CRITERIA.—Not later than 1 year after the date of enactment of this Act, the Administrator shall ensure that data sets and tables published as part of the study described in subsection (a) display information relating to the sex of certificate holders in more instances.

(d) HISTORICAL DATA.—Not later than 1 year after the date of enactment of this Act, the Administrator shall make all previously published annual data from the study described in subsection (a) available on the website of the Administration.

SEC. 307. BESSIE COLEMAN WOMEN IN AVIATION ADVISORY COMMITTEE.

(a) ESTABLISHMENT.—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall establish a Bessie Coleman Women in Aviation Advisory Committee (hereinafter referred to as the ''Committee'').

(b) PURPOSE.—The Committee shall advise the Secretary and the Administrator of the Federal Aviation Administration on matters and policies related to the recruitment, retention, employment, education, training, well-being, and treatment of women in the aviation industry and aviation-focused Federal civil service positions.

(c) FORM OF DIRECTIVES.—All activities carried out by the Committee, including special committees, shall be in response to written terms of reference or taskings from the Secretary and may not duplicate the objectives of the Air Carrier Training Aviation Rulemaking Committee.

(d) FUNCTIONS.—In carrying out the directives described in subsection (c), the functions of the Committee are as follows:

(1) Foster industry collaboration in an open and transparent manner by engaging, as prescribed by this section, representatives of the private sector associated with an entity described in subsection (e)(1)(B).

(2) Make recommendations for strategic objectives, priorities, and policies that would improve the recruitment, retention, and training of women in aviation professions.

(3) Evaluate opportunities for the Administration to improve the recruitment and retention of women in the Administration.

(e) MEMBERSHIP.—

(1) VOTING MEMBERS.—The Advisory Committee shall be composed of the following members:

(A) The Administrator, or the designee of the Administrator.

(B) At least 25 individuals, appointed by the Secretary, representing the following:

(i) Transport aircraft and engine manufacturers.

(ii) General aviation aircraft and engine manufacturers.

(iii) Avionics and equipment manufacturers.

(iv) Public and private aviation labor organizations, including collective bargaining representatives of—

(I) aviation safety inspectors and safety engineers of the Federal Aviation Administration;

(II) air traffic controllers;

(III) certified aircraft maintenance technicians; and

(IV) commercial airline pilots.

(v) General aviation operators.

(vi) Air carriers.

(vii) Business aviation operators.

(viii) Unmanned aircraft systems manufacturers and operators.

(ix) Aviation safety management experts.

(x) Aviation maintenance, repair, and overhaul entities.

(xi) Airport owners and operators.

(xii) Advanced air mobility manufacturers and operators.

(xiii) Institutions of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)), a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002)), or a high school or secondary school (as such terms are defined in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801)).

(xiv) A flight school that provides flight training, as defined in part 61 of title 14, Code of Federal Regulations, or that holds a pilot school certificate under part 141 of title 14, Code of Federal Regulations.

(xv) Aviation maintenance technician schools governed under part 147 of title 14, Code of Federal Regulations.

(2) NONVOTING MEMBERS.—

(A) IN GENERAL.—In addition to the members appointed under paragraph (1), the Committee shall be composed of not more than 5 nonvoting members appointed by the Secretary from among officers or employees of the FAA.

(B) DUTIES.—The nonvoting members may—

(i) take part in deliberations of the Committee; and

(ii) provide subject matter expertise with respect to reports and recommendations of the Committee.

(C) LIMITATION.—The nonvoting members may not represent any stakeholder interest other than that of the FAA.

(3) TERMS.—Each voting member and nonvoting member of the Committee appointed by the Secretary shall be appointed for a term of 4 years.

(4) COMMITTEE CHARACTERISTICS.—The Committee shall have the following characteristics:

(A) The ability to obtain necessary information from additional experts in the aviation and aerospace communities.

(B) A membership size that enables the Committee to have substantive discussions and reach consensus on issues in a timely manner.

(C) Appropriate expertise, including expertise in human resources, human capital management, policy, labor relations, employment training, workforce development, and youth outreach.

(f) CHAIRPERSON.—

(1) IN GENERAL.—The Chairperson of the Committee shall be appointed by the Secretary from among the voting members of the Committee under subsection (e)(1)(B).

(2) TERM.—The Chairperson shall serve a 2-year term.

(g) MEETINGS.—

(1) FREQUENCY.—The Committee shall meet at least twice each year at the call of the Chairperson or the Secretary.

(2) PUBLIC ATTENDANCE.—The meetings of the Committee shall be open and accessible to the public.

(h) SPECIAL COMMITTEES.—

(1) ESTABLISHMENT.—The Committee may establish special committees composed of private sector representatives, members of the public, labor representatives, and other relevant parties in complying with the consultation and participation requirements under subsection (d).

(2) AUTHORITIES.—A special committee established by the Committee may provide rulemaking advice, recommendations, and additional opportunities to obtain firsthand information to the Committee with respect to issues regarding the advancement of women in aviation.

(3) APPLICABLE LAW.—Public Law 92–463 shall not apply to a special committee established by the Committee.

(i) PERSONNEL MATTERS.—

(1) NO COMPENSATION OF MEMBERS.—

(A) NON-FEDERAL EMPLOYEES.—A member of the Committee who is not an officer or employee of the Federal Government shall serve without compensation.

(B) FEDERAL EMPLOYEES.—A member of the Committee who is an officer or employee of the Federal Government shall serve without compensation in addition to the compensation received for the services of the member as an officer or employee of the Federal Government.

(2) TRAVEL EXPENSES.—The members of the Committee shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Committee.

(j) REPORTS.—The Committee shall submit to the Secretary, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report upon completion of each tasking summarizing the Committee's—

(1) findings and associated recommendations to improve the advancement of women in aviation; and

(2) planned activities of the Committee, as tasked by the Secretary, and proposed terms of work to fulfill each activity.

(k) SUNSET.—The Committee shall terminate on the last day of the 8-year period beginning on the date of the initial appointment of the members of the Committee.

(l) FAA DEFINED.—In this section, the term ''FAA'' means the Federal Aviation Administration.

SEC. 308. ESTABLISHING A COMPREHENSIVE WEB-BASED AVIATION RESOURCE CENTER.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall partner with the National Center for the Advancement of Aerospace (in this section referred to as the ''Center'') to establish a high-quality, web-based resource center that provides stream-lined public access to information sources on the following:

(1) Aviation pathway programs and professional development opportunities.

(2) Aviation apprenticeship, scholarship, and internship programs.

(3) Aviation-related curricula and resources about aviation occupations and career pathways developed for students, teachers, and guidance counselors at all levels of education.

(4) Aviation industry organizations.

(b) LEVERAGING FAA EDUCATION, RESEARCH, AND PARTNERSHIP PROGRAMS.—In carrying out subsection (a)(3), the Administrator and the Executive Director of the Center, in partnership with museums, nonprofit organizations, and commercial entities, shall, to the maximum extent practicable, leverage field and regional offices of the Federal Aviation Administration, the Mike Monroney Aeronautical Center, the William J. Hughes Technical Center for Advanced Aerospace, Air Transportation Centers of Excellence, and the Aviation and Space Education program of the Federal Aviation Administration to develop an array of educational and informative aviation-related educational activities and materials for students of varying ages and levels of education to use in the classroom, for after-school programs and at home.

(c) BRIEFING.—Not later than 2 year after the date of the enactment of this Act, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Technology of the Senate on—

(1) the web-based aviation resource center established under subsection (a); and

(2) the manner in which the education development and engagement activities of the Federal Aviation Administration are organized and funded.

SEC. 309. DIRECT HIRE AUTHORITY FROM UAS COLLEGIATE TRAINING INITIATIVE.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration may hire individuals from eligible institutions of higher education under the Unmanned Aircraft System Collegiate Training Initiative (in this section referred to as ''UAS CTI''), as established in section 632 of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note), without regard to—

(1) sections 3309 through 3318 of title 5, United States Code;

(2) part 211 of title 5, Code of Federal Regulations; or

(3) subpart A of part 337 of title 5, Code of Federal Regulations.

(b) ELIGIBILITY.—Individuals eligible for employment by the Administrator under subsection (a) shall—

(1) be in good standing or have graduated in good standing from an institution of higher education with a signed memorandum of understanding under the UAS CTI;

(2) hold or have completed the majority of a related Bachelors or Associates degree, as described by the eligibility requirements of the UAS CTI;

(3) have completed all requirements for a related minor, concentration, or certificate, as described by the eligibility requirements of the UAS CTI; or

(4) meet any other criteria as considered appropriate by the Administrator.

(c) DEFINITIONS.—In this section:

(1) INSTITUTION OF HIGHER EDUCATION.—The term ''institution of higher education'' has the meaning given such term in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001).

(2) GOOD STANDING.—The term ''good standing'' means in good standing, as determined by the applicable institution of higher education.

(d) SUNSET.—The authority of the Administrator under this section shall terminate on September 30, 2028.

Subtitle B—Improving Training and Rebuilding Talent Pipelines

SEC. 311. JOINT AVIATION EMPLOYMENT TRAINING WORKING GROUP.

(a) ESTABLISHMENT.—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall establish an interagency working group (in this section referred to as the ''working group'') to advise the Secretary of Transportation and the Secretary of Defense on matters and policies related to the training and certification of a covered aviation professional to improve career transition between the military and civilian workforces.

(b) MEMBERSHIP.—

(1) IN GENERAL.—The working group shall consist of—

(A) 2 co-chairs described in paragraph (2);

(B) not less than 6 representatives of the Federal Aviation Administration, to be appointed by the co-chair described in paragraph (2)(A); and

(C) not less than 1 representative of each component of the armed forces (as such term is defined in section 101 of title 10, United States Code), to be appointed by the co-chair described in paragraph (2)(B).

(2) CO-CHAIRS.—The working group shall be co-chaired by—

(A) a representative of the Department of Transportation, to be appointed by the Secretary of Transportation; and

(B) a representative of the Department of Defense, to be appointed by the Secretary of Defense.

(c) ACTIVITIES.—The working group shall—

(1) evaluate and compare all regulatory requirements, guidance, and orders affecting covered aviation professionals and identify challenges that inhibit recruitment, training, and retention within the respective workforces of such professionals; and

(2) assess appropriate areas for increased interagency information sharing and harmonization across workforces on matters related to certification pathways and certification requirements, including knowledge testing, affecting covered aviation professionals.

(d) INITIAL REPORT TO CONGRESS.—

(1) IN GENERAL.—Not later than 1 year after the date on which the Secretary of Transportation establishes the working group, the working group shall submit to the appropriate committees of Congress an initial report on the activities of the working group.

(2) CONTENTS.—The report required under paragraph (1) shall include—

(A) a detailed description of the findings of the working group pursuant to the activities required under subsection (c); and

(B) recommendations for regulatory, policy, or legislative action to improve the training and certification of covered aviation professionals across the civilian and military workforces.

(e) ANNUAL REPORTING.—Not later than 1 year after the date on which the working group submits the initial report under subsection (d), and annually thereafter, the working group shall submit to the appropriate committees of Congress a report—

(1) describing the continued activities of the working group;

(2) describing any progress made by the Secretary of Transportation or Secretary of Defense in implementing the recommendations described in subsection (d)(2)(B); and

(3) containing any other recommendations the working group may have with respect to efforts to improve the employment and training of covered aviation professionals in the civilian and military workforces.

(f) SUNSET.—The working group shall terminate on the date that is 4 years after the date

on which the working group submits the initial report to Congress pursuant to subsection (d).

(g) DEFINITIONS.—In this section:

(1) APPROPRIATE COMMITTEES OF CONGRESS.—The term ''appropriate committees of Congress'' means—

(A) the Committee on Armed Services of the House of Representatives;

(B) the Committee on Armed Services of the Senate;

(C) the Committee on Transportation and Infrastructure of the House of Representatives; and

(D) the Committee on Commerce, Science, and Transportation of the Senate.

(2) COVERED AVIATION PROFESSION.—The term ''covered aviation professional'' means—

(A) an airman;

(B) an aircraft maintenance and repair technician;

(C) an air traffic controller; and

(D) any other aviation-related professional that has comparable tasks and duties across the civilian and military workforces, as determined jointly by the co-chairs of the working group.

SEC. 312. AIRMAN KNOWLEDGE TESTING WORKING GROUP.

(a) WORKING GROUP.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall task the Aviation Rulemaking Advisory Committee to establish a working group to review knowledge testing processes and procedures to improve the facilitation, administration, and accessibility of knowledge tests.

(b) ACTIVITIES.—The working group established pursuant to subsection (a) shall—

(1) assess methods to increase knowledge testing capacity, including through—

(A) the adoption of alternative proctoring methods; and

(B) increased utilization of pilot schools that hold a pilot school certificate under part 141 of title 14, Code of Federal Regulations, and aviation maintenance technician schools governed under part 147 of title 14, Code of Federal Regulations; and

(2) evaluate the following:

(A) The management and provision of knowledge tests by testing centers.

(B) The testing registration process for students.

(C) Student access to knowledge tests.

(D) Fees associated with knowledge tests.

(E) The accuracy of public sample knowledge tests available to students.

(F) Development and maintenance of knowledge tests and forms.

(c) MECHANIC GENERAL KNOWLEDGE TEST.—In addition to the activities under subsection (b), the Aviation Rulemaking Advisory Committee shall task the working group established pursuant to subsection (a) with assessing opportunities to allow a high school student upon successful completion of an aviation maintenance curriculum to take the general written knowledge portion of the mechanic exam described in section 65.75 of title 14, Code of Federal Regulations, at an Administration-approved testing center.

(d) REPORT.—Not later than 18 months after the Aviation Rulemaking Advisory Committee tasks the working group under subsection (a), the working group shall submit to the Administrator a final report making recommendations to improve the facilitation, administration, and accessibility of knowledge tests.

(e) DEFINITIONS.—In this section:

(1) HIGH SCHOOL.—The term ''high school'' has the meaning given such term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

(2) KNOWLEDGE TEST.—The term ''knowledge test'' means a test prescribed under parts 61 and 65 of title 14, Code of Federal Regulations.

(3) SECONDARY SCHOOL.—The term ''secondary school'' has the meaning given such term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

SEC. 313. AIRMAN CERTIFICATION SYSTEM WORKING GROUP AND TIMELY PUBLICATION OF STANDARDS.

(a) WORKING GROUP.—The Administrator of the Federal Aviation Administration shall task the Airman Certification System Working Group established under the Aviation Rulemaking Advisory Committee of the Administration to review Airman Certification Standards to ensure that airman proficiency and knowledge correlates and corresponds to regulations, procedures, equipment, aviation infrastructure, and safety trends at the time of such review.

(b) ACS PUBLICATION.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish on the website of the Administration—

(1) the process by which the Airman Certification Standards are to be established, updated, and maintained;

(2) the process by which relevant guidance documents, handbooks, and test materials associated with such standards are to be established, updated, and maintained; and

(3) any anticipated or required updates to such standards, including providing a date by which such modifications can be expected to be completed and made available to the public.

SEC. 314. AIR TRAFFIC CONTROL WORKFORCE STAFFING.

(a) RESPONSIBILITY FOR CONTROLLER WORKFORCE PLAN.—

(1) AIR TRAFFIC CONTROLLER STAFFING INITIATIVES AND ANALYSIS.—Section 221 of the Vision 100–Century of Aviation Reauthorization Act (49 U.S.C. 44506 note) is amended by striking ''Administrator of the Federal Aviation Administration'' and inserting ''Chief Operating Officer of the Air Traffic Organization of the Federal Aviation Administration''.

(2) STAFFING REPORT.—Section 44506(e) of title 49, United States Code, is amended in the matter before paragraph (1) by striking ''Administrator of the Federal Aviation Administration'' and inserting ''Chief Operating Officer of the Air Traffic Organization of the Federal Aviation Administration''.

(b) MAXIMUM HIRING.—Subject to the availability of appropriations, for each of fiscal years 2024 through 2027, the Administrator of the Federal Aviation Administration shall set as the hiring target for new air traffic controllers (excluding individuals described in section 44506(f)(1)(A) of title 49, United States Code) the maximum number of individuals able to be trained at the Federal Aviation Administration Academy.

(c) HIRING AND STAFFING.—The Chief Operating Officer of the Federal Aviation Administration shall revise the air traffic control hiring plans and staffing standards of the Administration to—

(1) provide that the controller and management workforce is adequately staffed to safely and efficiently manage and oversee the air traffic control system to the satisfaction of the Chief Operating Officer;

(2) account for the target number of certified professional controllers able to control traffic at each independent facility; and

(3) avoid any required or requested reduction of national airspace system capacity or aircraft operations as a result of inadequate air traffic control system staffing.

(d) INTERIM ADOPTION OF COLLABORATIVE RESOURCE WORKGROUP MODELS.—

(1) IN GENERAL.—In carrying out subsection (c) and in submitting a Controller Workforce Plan of the Administration published after the date of enactment of this Act, the Chief Operating Officer shall adopt and utilize the staffing models and methodologies developed by the Collaborative Resource Workgroup that were recommended in a report submitted to the Administrator and referenced in the Controller Workforce Plan submitted to Congress on May 5, 2023.

(2) SUNSET.—The requirement under paragraph (1) shall cease to be effective upon the adoption of a staffing model required under subsection (f).

(e) ASSESSMENT.—

(1) REVIEW.—Not later than 180 days after the date of enactment of this Act, the Administrator shall enter into an agreement with the Transportation Research Board to—

(A) compare the Administration's staffing models and methodologies in determining staffing standards targets with those developed by the Collaborative Resource Workgroup, including—

(ii) the availability factor multiplier and other formula components; and

(iii) the independent facility staffing targets of certified professional controllers able to control traffic; and

(B) assess future needs of the air traffic control system and potential impacts on staffing standards.

(2) REPORT.—

(A) FINDINGS.—In carrying out this subsection, the Transportation Research Board shall—

(i) report to the Administrator and Congress on the findings of the review under this subsection; and

(ii) determine which staffing models and methodologies best accounts for the operational staffing needs of the air traffic control system and provide a justification for such determination.

(B) MODIFICATIONS TO IDENTIFIED MODEL.—The Transportation Research Board may make recommendations to improve the staffing model described in (2)(A)(ii).

(3) CONSULTATION.—In conducting the assessment under this subsection, the Transportation Research Board shall consult with—

(A) exclusive bargaining representatives of air traffic controllers certified under section 7111 of title 5, United States Code;

(B) Administration officials and executives;

(C) front line managers of the air traffic control system;

(D) managers and employees responsible for training air traffic controllers;

(E) the MITRE Corporation;

(F) the Chief Operating Officer of the Air Traffic Organization of the Federal Aviation Administration; and

(G) users of the air traffic control system.

(f) REQUIRED IMPLEMENTATION OF IDENTIFIED STAFFING MODEL.—The Administrator shall take such action that may be necessary to adopt and utilize the staffing model identified by the Transportation Research Board pursuant to subsection (e)(2)(A)(ii), including any recommendations for improving such model.

(g) CONTROLLER TRAINING.—In any Controller Workforce Plan of the Administration published after the date of enactment of this Act, the Chief Operating Officer shall—

(1) identify all limiting factors on the Administration's ability to hire and train controllers in line with the staffing standards target set out in such Plan; and

(2) describe what actions the Administration will take to rectify any impediments to meeting staffing standards targets and identify contributing factors that are outside the control of the Administration.

SEC. 315. AVIATION SAFETY WORKFORCE ASSESSMENT.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall assess, on a recurring basis, staffing levels, critical competencies, and skills gaps of safety critical positions in the Flight Standards Service and Aircraft Certification Service and within other offices of the Administration that support such services.

(b) CONSIDERATIONS.—In completing the assessment described in subsection (a), the Administrator shall—

(1) evaluate the workload at the time of the assessment, historic workload, and estimated future workload of such personnel;

(2) conduct a critical competency and skills gap analysis to determine the knowledge and skill sets needed for work at the time of the assessment and anticipated work, with an emphasis on work pertaining to—

(A) new and novel aircraft propulsion and power methods;

(B) simplified vehicle operations and human factors; and

(C) autonomy, machine learning, and artificial intelligence;

(3) compare the outcome of such analysis described in paragraph (2) to the competency and skills of the workforce at the time of the assessment; and

(4) review opportunities for employees of the Administration to gain or enhance expertise, knowledge, skills, and abilities through cooperative training with appropriate companies and organizations; and

(5) develop hiring and recruitment plans to—

(A) address hard to fill positions; and

(B) address competency and skill gaps at various levels of experience and management within Flight Standards Service and Aircraft Certification Service.

(c) REPORT.—Upon completion of an assessment described in subsection (a), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing the following:

(1) The methodology and findings of the assessment described in subsection (a), including an analysis of hiring authorities of the Administration at the time of the assessment, including direct hiring authorities, by occupation series for inspector, engineer, and other safety critical positions within Flight Standards Service and Aircraft Certification Service.

(2) Action based recommendations the Administration can take to improve—

(A) the Aviation Safety Workforce Plan;

(B) the skill sets and competencies of inspectors, engineers, and other safety critical positions at the time of the assessment;

(C) competition with industry and other nonaviation sectors for candidates with identified competencies and technical skill sets; and

(D) overall hiring and retention of inspectors, engineers, and other critical positions.

(3) Actions Congress can take to improve the recruitment, hiring, upskilling, and retention of inspectors, engineers, and other safety critical positions in Flight Standards Service and Aircraft Certification Service and within other offices of the Administration that support such services.

(d) SAFETY CRITICAL POSITION DEFINED.—In this section, the term ''safety critical position'' means—

(1) an aviation safety inspector, an aviation safety specialist (denoted by the Administration as 1801 series), an aviation safety technician, and an operations support position in the Flight Standards Service; and

(2) a manufacturing safety inspector, a pilots, an engineer, a Chief Scientist Technical Advisor, an aviation safety specialist (denoted by the Administration as 1801 series), a safety technical specialist, and an operational support position in the Aircraft Certification Service.

SEC. 316. MILITARY AVIATION MAINTENANCE.

(a) STREAMLINED CERTIFICATION FOR ELIGIBLE MILITARY MAINTENANCE TECHNICIANS.—Not later than 1 year after the interagency working group in section 311 of this Act is convened, the Administrator of the Federal Aviation Administration shall task such working group with evaluating the appropriateness of revising part 65 of title 14, Code of Federal Regulations, to—

(1) create a mechanic written competency test for eligible military maintenance technicians;

(2) develop, as necessary, a relevant Airman Certification Standard to qualify eligible military maintenance technicians for a mechanic certificate issued by the Federal Aviation Administration with an airframe rating or a powerplant rating, or both; and

(3) allow a certificate of eligibility from the Joint Services Aviation Maintenance Technician Certification Council (in this section referred to as the ''JSAMTCC'') evidencing completion of a training curriculum for any rating sought to serve as a substitute to fulfill the requirement under such part 65 for oral and practical tests administered by a designated mechanic examiner for eligible military maintenance technicians.

(b) FINAL RULE.—If the working group finds that revising part 65 of title 14, Code of Federal Regulations, as described in section (a) is appropriate, not later than 1 year after the finding, the Administrator shall issue a final rule that revises part 65 of title 14, Code of Federal Regulations, as described in subsection (a).

(c) AERONAUTICAL KNOWLEDGE SUBJECT AREAS.—

(1) IN GENERAL.—The military mechanic written competency test and Airman Certification Standard described in subsection (a)(1) and subsection (a)(2), respectively, shall focus on the aeronautical knowledge subject areas contained in the Aviation Mechanic General, Airframe, and Powerplant Airman Certificate Standards, as appropriate to the rating sought.

(2) IDENTIFICATION OF SUBJECT AREAS.—The aeronautical knowledge subject areas described in paragraph (1) shall be identified in consultation with industry stakeholders and the Airman Certification System Working Group.

(d) EXPANSION OF TESTING LOCATIONS.—The interagency working group described in subsection (a) shall determine whether an expansion of the number of active testing locations operated within military installation testing centers would increase access to testing, as well as how to implement such expansion.

(e) OUTREACH AND AWARENESS.—The interagency working group described in subsection (a) shall develop a plan to increase outreach and awareness regarding—

(1) the services made available by the JSAMTCC; and

(2) the military mechanic written competency test described in subsection (a), if appropriate.

(f) ELIGIBLE MILITARY MAINTENANCE TECHNICIAN DEFINED.—In this section, the term ''eligible military maintenance technician'' means an individual who is a current or former military aviation maintenance technician who was honorably discharged or has retired from the armed forces (as such term is defined in section 101 of title 10, United States Code).

Subtitle C—Engaging and Retaining the Workforce

SEC. 321. AIRMAN'S MEDICAL BILL OF RIGHTS.

(a) IN GENERAL.—

(1) DEVELOPMENT.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall develop a document (in this section referred to as the ''Airman's Medical Bill of Rights'') detailing the right of an individual before, during, and after a medical exam conducted by an Aviation Medical Examiner.

(2) CONTENTS.—The Airman's Medical Bill of Rights required under paragraph (1) shall, at a minimum, contain information about the right of an individual to—

(A) bring a trusted companion or request to have a chaperone present for a medical exam;

(B) terminate an exam at any time and for any reason;

(C) receive care with respect and recognition of the dignity of the individual;

(D) be assured of privacy and confidentiality;

(E) select an Aviation Medical Examiner without interference;

(F) privacy when changing, undressing, and using the restroom;

(G) ask questions about the health status of the individual or any suggested treatments or evaluations, and to have such questions fully answered;

(H) report an incident of misconduct by an Aviation Medical Examiner to the appropriate authorities, including to the State licensing board of the Aviation Medical Examiner or the Federal Aviation Administration;

(I) report to the Administrator an allegation regarding alleged Aviation Medical Examiner misconduct without fear of retaliation or negative action relating to an airman certificate of the individual; and

(J) be advised of any known conflicts of interest an Aviation Medical Examiner may have with respect to the care of the individual.

(3) PUBLIC AVAILABILITY.—The Airman's Medical Bill of Rights required under paragraph (1) shall be—

(A) made available to, and acknowledged by, an individual in the MedXpress system;

(B) made available in a hard-copy format by an Aviation Medical Examiner at the time of exam upon request by an individual; and

(C) displayed in a common space in the office of the Aviation Medical Examiner.

(b) EXPECTATIONS FOR MEDICAL EXAMINATIONS.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall develop a simplified document explaining the standard procedures performed during a medical examination conducted by an Aviation Medical Examiner.

(2) PUBLIC AVAILABILITY.—The document required under paragraph (1) shall be—

(A) made available to, and acknowledged by, an individual in the MedXpress system;

(B) made available in a hard-copy format by an Aviation Medical Examiner at the time of exam upon request by an individual; and

(C) displayed in a common space in the office of the Aviation Medical Examiner.

SEC. 322. IMPROVED DESIGNEE MISCONDUCT REPORTING PROCESS.

(a) IMPROVED DESIGNEE MISCONDUCT REPORTING PROCESS.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a streamlined process for individuals involved in incidents of alleged misconduct by a designee to report such incidents in a manner that protects the privacy and confidentiality of such individuals.

(2) PUBLIC ACCESS TO REPORTING PROCESS.—The process for reporting alleged misconduct by a designee shall be made available to the public on the website of the Administration, including—

(A) the designee locator search webpage; and

(B) the webpage of the Office of Audit and Evaluation of the Federal Aviation Administration.

(3) OBLIGATION TO REPORT CRIMINAL CHARGES.—Not later than 90 days after the date of enactment of this Act, the Administrator shall revise the orders and policies governing the Designee Management System to clarify that designees are obligated to report any arrest, indictment, or conviction for violation of a local, State, or Federal law within a period of time specified by the Administrator.

(4) AUDIT OF REPORTING PROCESS BY INSPECTOR GENERAL.—

(A) IN GENERAL.—Not later than 3 years after the date on which the Administrator finalizes the update of the reporting process under paragraph (1), the inspector general of the Department of Transportation shall conduct an audit of such reporting process.

(B) CONTENTS.—In conducting the audit of the reporting process described in subparagraph (A), the inspector general shall, at a minimum—

(i) review the efforts of the Administration to improve the reporting process and solutions developed to respond to and investigate allegations of misconduct;

(ii) analyze reports of misconduct brought to the Administrator prior to any changes made to

the reporting process as a result of the enactment of this Act, including the ultimate outcomes of those reports and whether any reports resulted in the Administrator taking action against the accused designee;

(iii) determine whether the reporting process results in appropriate action, including reviewing, investigating, and closing out reports; and

(iv) if applicable, make recommendations to improve the reporting process.

(C) REPORT.—Not later than 1 year after the date of initiation of the audit described in subparagraph (A), the inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of such audit, including findings and recommendations.

(b) DESIGNEE DEFINED.—In this section, the term ''designee'' means an individual who has been designated to act as a representative of the Administrator as—

(1) an Aviation Medical Examiner (as described in section 183.21 of title 14, Code of Federal Regulations);

(2) a pilot examiner (as described in section 183.23 of such title); or

(3) a technical personnel examiner (as described in section 183.25 of such title).

SEC. 323. REPORT ON SAFE UNIFORM OPTIONS FOR CERTAIN AVIATION EMPLOYEES.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a review to determine whether air carriers operating under part 121 of title 14, Code of Federal Regulations, and repair stations certificated under part 145 of such title have in place uniform policies and uniform offerings that ensure pregnant employees can perform required duties safely.

(b) CONSULTATION.—In conducting the review required under subsection (a), the Administrator shall consult with air carriers and repair stations described in subsection (a) and employees of such air carriers and such stations who are required to adhere to a uniform policy.

(c) BRIEFING.—Not later than 2 years after the date of enactment of this Act, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the results of the review required under subsection (a).

SEC. 324. EXTENSION OF SAMYA ROSE STUMO NATIONAL AIR GRANT FELLOWSHIP PROGRAM.

Section 131(d) of the Aircraft Certification, Safety, and Accountability Act (49 U.S.C. 40101 note) is amended by striking ''fiscal years 2021 through 2025'' and inserting ''fiscal years 2023 through 2028''.

SEC. 325. PROMOTION OF CIVIL AERONAUTICS AND SAFETY OF AIR COMMERCE.

Section 40104 of title 49, United States Code, is amended—

(1) in subsection (a) by striking ''In carrying out'' and all that follows through ''other interested organizations.'';

(2) by redesignating subsection (d) as subsection (e);

(3) by redesignating subsection (b) as subsection (d); and

(4) by redesignating subsection (c) as subsection (b) and reordering the subsections accordingly.

SEC. 326. EDUCATIONAL AND PROFESSIONAL DEVELOPMENT.

Section 40104 of title 49, United States Code, is further amended by inserting after subsection (b) (as redesignated by section 325) the following:

''(c) EDUCATIONAL AND PROFESSIONAL DEVELOPMENT.—

''(1) IN GENERAL.—In carrying out subsection (a), the Administrator shall support and undertake efforts, including through the National Center for the Advancement of Aerospace, to promote and support the education of current and future aerospace professionals.

''(2) EDUCATION MATERIALS.—Based on the availability of resources, the Administrator shall distribute civil aviation information, and educational materials, and provide expertise to State and local school administrators, college and university officials, and officers of other interested organizations and entities.

''(3) SUPPORT FOR PROFESSIONAL DEVELOPMENT AND CONTINUING EDUCATION.—To the extent a nonprofit organization, association, industry group, educational institution, collective bargaining unit, governmental organization, or other entity that organizes or hosts a lecture, conference, convention, meeting, round table, or any other type of program with the purpose of sharing educational information related to aerospace with a broad audience, the Administrator shall—

''(A) strongly consider accepting an invitation to attend, present, and contribute to content generation; and

''(B) make efforts to share information each year, putting a particular emphasis on reaching audiences consisting of representatives of the Administrator and entities regulated entities by the Administrator.

''(4) CONTENT.—In planning for the opportunities under paragraph (3), the Administrator shall maintain presentations and content covering topics of broad relevance, including—

''(A) ethical decision-making and the responsibilities of aerospace professionals;

''(B) managing a workforce, encouraging proper reporting of prospective safety issues, and educating employees on safety management systems; and

''(C) responsibilities as a designee or representative of the Administrator.''.

SEC. 327. HUMAN FACTORS PROFESSIONALS.

The Administrator of the Federal Aviation Administration shall establish a new work code for human factors professionals who—

(1) perform work involving the design and testing of technologies, processes, and systems which require effective and safe human performance;

(2) generate and apply theories, principles, practical concepts, systems, and processes related to the design and testing of technologies, systems, and training programs to support and evaluate human performance in work contexts; and

(3) meet education or experience requirements as determined by the Administrator.

SEC. 328. AEROMEDICAL INNOVATION AND MODERNIZATION WORKING GROUP.

(a) ESTABLISHMENT.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a working group (in this section referred to as the ''working group'') to review the medical processes, policies, and procedures of the Administration and to make recommendations to the Administrator on modernizing such processes, policies, and procedures to ensure timely and efficient certification of airmen.

(b) MEMBERSHIP.—

(1) IN GENERAL.—The working group shall consist of—

(A) 2 co-chairs described in paragraph (2); and

(B) not less than 15 individuals appointed by the Administrator, each of whom shall have knowledge or a background in aerospace medicine, psychology, neurology, cardiology, or internal medicine.

(2) CO-CHAIRS.—The working group shall be co-chaired by—

(A) the Federal Air Surgeon of the Federal Aviation Administration; and

(B) a member described under paragraph (1)(A) to be selected by members of the working group.

(3) PREFERENCE.—The Administrator, in appointing members pursuant to paragraph (1)(B), shall give preference to—

(A) Aviation Medical Examiners (as described in section 183.21 of title 14, Code of Federal Regulations);

(B) licensed medical physicians;

(C) practitioners holding a pilot certificate;

(D) individuals having demonstrated research and expertise in aeromedical research or sciences; and

(E) representatives of organizations with memberships affected by the medical processes, policies, and procedures of the Administration.

(c) ACTIVITIES.—In reviewing the aeromedical decision-making processes, policies, and procedures of the Administration in accordance with subsection (a), the working group, at a minimum, shall—

(1) assess the medical conditions an Aviation Medical Examiner may issue a medical certificate directly to an individual;

(2) determine the appropriateness of expanding the list of such medical conditions;

(3) assess the special issuance process;

(4) determine whether the renewal of a special issuance can be based on a medical evaluation and treatment plan by the treating medical specialist of the individual with concurrence from an Aviation Medical Examiner;

(5) evaluate advancements in technologies to address forms of red-green color blindness;

(6) determine whether such technologies may be approved for use by airmen;

(7) review policies and guidance relating to Attention-Deficit Hyperactivity Disorder and Attention Deficit Disorder;

(8) evaluate whether medications used to treat such disorders may be safely prescribed to an airman;

(9) review protocols pertaining to the Human Intervention Motivation Study of the Federal Aviation Administration;

(10) review protocols and policies relating to—

(A) neurological disorders; and

(B) cardiovascular conditions to ensure alignment with medical best practices, latest research;

(11) review mental health protocols, including mental health conditions such as depression and anxiety;

(12) evaluate medications approved for treating such mental health conditions;

(13) assess processes and protocols pertaining to recertification of an airman receiving disability insurance post-recovery from the medical condition, injury, or disability that precludes an airman from exercising the privileges of an airman certificate; and

(14) assess processes and protocols pertaining to the certification of veterans reporting a disability rating from the Department of Veterans Affairs.

(d) PILOT MENTAL HEALTH TASK GROUP.—

(1) ESTABLISHMENT.—Not later than 120 days after the working group pursuant to subsection (a) is established, the co-chairs of such working groups shall establish a pilot mental health task group (referred to in this subsection as the ''task group'') to develop and provide recommendations related to supporting the mental health of aircraft pilots.

(2) COMPOSITION.—The co-chairs of such working group shall appoint—

(A) a Chair of the task group; and

(B) members of the task group from among the members of the working group appointed by the Administrator under subsection (b)(1).

(3) DUTIES.—The duties of the task group shall include—

(A) carrying out the activities described in subsection (c)(11) and subsection (c)(12);

(B) reviewing and evaluating guidance issued by the International Civil Aviation Organization on pilot mental health; and

(C) providing recommendations for—

(i) best practices for detecting, assessing, and reporting mental health conditions and treatment options as part of pilot aeromedical assessments;

(ii) improving the training of aviation medical examiners to identify mental health conditions among pilots, including guidance on referrals to a mental health provider or other aeromedical resource;

(iii) expanding and improving mental health outreach, education, and assistance programs for pilots; and

(iv) reducing the stigma of assistance for mental health in the aviation industry.

(4) REPORT.—Not later than 2 years after the date of the establishment of the task group, the task group shall submit to the Secretary, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report detailing—

(A) the results of the review and evaluation under paragraph (3)(A); and

(B) recommendations developed pursuant to paragraph (3)(C).

(d) SUPPORT.—The Administrator shall seek to enter into one or more agreements with the National Academies to support the activities of the working group described in subsection (c).

(e) FINDINGS; RECOMMENDATIONS.—

(1) FINDINGS.—The working group shall report annually to the Administrator, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate on findings resulting from the activities carried out pursuant to subsection (c).

(2) RECOMMENDATIONS.—Findings reported pursuant to paragraph (1) shall be accompanied by recommendations for regulatory, policy, or legislative action to improve or modernize the medical certification and aeromedical processes, procedures, and policies of the Administration.

(f) IMPLEMENTATION.—The Administrator shall implement, as appropriate, the recommendations of the working group.

(g) SUNSET.—The working group shall terminate on September 30, 2028.

SEC. 329. FRONTLINE MANAGER WORKLOAD STUDY.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Chief Operating Officer of the Air Traffic Organization of the Federal Aviation Administration shall conduct a study on frontline manager workload challenges in air traffic control facilities.

(b) CONSIDERATIONS.—In conducting the study required under subsection (a), the Chief Operating Officer may—

(1) consider—

(A) workload challenges including—

(i) the managerial tasks expected to be performed by frontline managers, including employee development, management, and counseling;

(ii) the number of supervisory positions of operations requiring watch coverage in each air traffic control facility;

(iii) the complexity of traffic and managerial responsibilities; and

(iv) proficiency and training requirements;

(B) facility type;

(C) facility staffing levels; and

(D) any other factors as the Chief Operating Officer considers appropriate; and

(2) describe recommendations for updates to the Frontline Manager's Quick Reference Guide that reflect current operational standards.

(c) BRIEFING.—Not later than 3 years after the date of enactment of this Act, the Chief Operating Officer shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the results of the study conducted under subsection (a).

SEC. 330. AGE STANDARDS FOR PILOTS.

Section 44729 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) by striking ''Subject to the limitation in subsection (c), a'' and inserting ''A''; and

(B) by striking ''65'' and inserting ''67'';

(2) in subsection (b)(1) by striking ''; or'' and inserting '', unless the operation takes place in airspace where such operations are not permitted; or'';

(3) by striking subsection (c) and redesignating subsections (d) through (h) as subsections (c) through (g), respectively;

(4) in subsection (c), as so redesignated—

(A) in the heading by striking ''60'' and inserting ''65'';

(B) by striking ''the date of enactment of this section,'' and inserting ''the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act,'';

(C) by striking ''section 121.383(c)'' and inserting ''subsections (d) and (e) of section 121.383''; and

(D) by inserting ''(or any successor regulations)'' after ''Regulations'';

(5) in subsection (d), as so redesignated—

(A) by striking paragraph (1) and inserting the following:

''(1) RETROACTIVITY.—A person who has attained 65 years of age on or before the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act may return to service as a pilot for an air carrier engaged in covered operations.''; and

(B) in paragraph (2) by striking ''section, taken in conformance with a regulation issued to carry out this section, or taken prior to the date of enactment of this section in conformance with section 121.383(c) of title 14, Code of Federal Regulations (as in effect before such date of enactment), may'' and inserting ''section or taken in conformance with a regulation issued to carry out this section, may''; and

(6) by adding at the end the following:

''(h) SAVINGS CLAUSE.—An air carrier engaged in covered operations described in subsection (b)(1) on or after the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act may not require employed pilots to serve in such covered operations after attaining 65 years of age.''.

TITLE IV—AIRPORT INFRASTRUCTURE

Subtitle A—Airport Improvement Program Modifications

SEC. 401. AIP DEFINITIONS.

(a) IN GENERAL.—Section 47102 of title 49, United States Code, is amended—

(1) by striking paragraph (1) and inserting the following:

''(1) 'air carrier' has the meaning given the term in section 40102.'';

(2) in paragraph (3)—

(A) in subparagraph (A)—

(i) in clause (i) by striking ''and'' at the end;

(ii) in clause (ii) by striking the period at the end and inserting ''; and''; and

(iii) by adding at the end the following:

''(iii) a secondary runway at a nonhub airport that is equivalent in size and type to the primary runway of such airport.'';

(B) in subparagraph (B)(iii) by inserting ''and fuel infrastructure'' after ''surveillance equipment'';

(C) in subparagraph (E) by striking ''after December 31, 1991,'';

(D) in subparagraph (K) by striking ''if the airport is located in an air quality nonattainment or maintenance area (as defined in sections 171(2) and 175A of the Clean Air Act (42 U.S.C. 7501(2); 7505a)) and if the airport would be able to receive emission credits, as described in section 47139'';

(E) in subparagraph (L) by striking ''the airport is located in an air quality nonattainment or maintenance area (as defined in sections 171(2) and 175A of the Clean Air Act (42 U.S.C. 7501(2); 7505a)), if the airport would be able to receive appropriate emission credits (as described in section 47139), and'';

(F) in subparagraph (P) by striking ''improve the reliability and efficiency of the airport's power supply'' and inserting ''improve reliability and efficiency of the airport's power supply or meet current and future electrical power demand''; and

(G) by adding at the end the following:

''(S) construction or renovation of childcare facilities for the exclusive use of airport employees or other individuals who work on airport property, including for air carriers and airport concessionaires.

''(T) advanced digital construction management systems and related technology used in the planning, design and engineering, construction, operations, and maintenance of airport facilities.

''(U) an improvement of any runway, taxiway, or apron that would be necessary to sustain commercial service flight operations or permit the resumption of flight operations under visual flight rules following a natural disaster at—

''(i) a primary airport; or

''(ii) a general aviation airport that is designated as a Federal staging area by the Administrator of the Federal Emergency Management Agency.

''(V) any other activity that the Secretary concludes will reasonably improve or contribute to the maintenance of the safety, efficiency, or capacity of the airport.'';

(3) in paragraph (5) by inserting after subparagraph (C) the following:

''(D) assessing current and future electrical power demand.'';

(4) by redesignating paragraphs (9), (10), (11), (12), (13), (14), (15), (16), (17), (18), (19), (20), (21), (22), (23), (24), (25), (26), (27), and (28) as paragraphs (10), (11), (12), (13), (14), (15), (16), (17), (18), (19), (20), (21), (22), (23), (24), (25), (26), (27), (28), and (29), respectively;

(5) by inserting after paragraph (8) the following:

''(9) 'heliport'—

''(A) means an area of land, water, or structure used or intended to be used for the landing or takeoff of aircraft capable of vertical takeoff and landing profiles; and

''(B) includes a vertiport.'';

(6) in paragraph (28) (as so redesignated) by striking ''the Trust Territory of the Pacific Islands,'';

(7) in paragraph (29)(B) (as so redesignated) by striking ''described in section 47119(a)(1)(B)'' and inserting ''for moving passengers and baggage between terminal facilities and between terminal facilities and aircraft''; and

(8) by adding at the end the following:

''(30) 'vertiport' means an area of land, water, or structure used or intended to be used for the landing or takeoff of powered-lift aircraft capable of vertical takeoff and landing profiles.''.

(b) CONFORMING AMENDMENT.—Section 47127(a) of title 49, United States Code, is amended by striking ''air carrier airport'' and inserting ''commercial service airport''.

SEC. 402. REVENUE DIVERSION PENALTY ENHANCEMENT.

(a) IN GENERAL.—Section 47107 of title 49, United States Code, is amended—

(1) in subsection (m)(4) by striking ''an amount equal to'' and inserting ''an amount equal to double''; and

(2) in subsection (n)(1) by striking ''an amount equal to'' and inserting ''an amount equal to double''.

(b) APPLICABILITY.—The amendments made by subsection (a) shall not apply to any illegal diversion of airport revenues (as described in section 47107(m) of title 49, United States Code) that occurred prior to the date of enactment of this Act.

SEC. 403. EXTENSION OF COMPETITIVE ACCESS REPORT REQUIREMENT.

Section 47107(r)(3) of title 49, United States Code, is amended by striking ''2023'' and inserting ''2028''.

SEC. 404. RENEWAL OF CERTAIN LEASES.

Section 47107(t)(2) of title 49, United States Code, is amended—

(1) in subparagraph (A) by striking ''the date of enactment of this subsection'' and inserting ''October 7, 2016''; and

(2) by striking subparagraph (D) and inserting the following:

''(D) that—

''(i) supports the operation of military aircraft by the Air Force or Air National Guard—

''(I) at the airport; or

''(II) remotely from the airport; or

''(ii) is for the use of nonaeronautical land or facilities of the airport by the National Guard.''.

SEC. 405. COMMUNITY USE OF AIRPORT LAND.

Section 47107(v) of title 49, United States Code, is amended to read as follows:

''(v) COMMUNITY USE OF AIRPORT LAND.—

''(1) IN GENERAL.—Notwithstanding subsections (a)(13), (b), and (c), and subject to paragraph (2), the sponsor of a public-use airport shall not be considered to be in violation of this subtitle, or to be found in violation of a grant assurance made under this section, or under any other provision of law, as a condition for the receipt of Federal financial assistance for airport development, solely because the sponsor has—

''(A) entered into an agreement, including a revised agreement, with a local government providing for the use of airport property for an interim compatible recreational purpose at below fair market value; or

''(B) permanently restricted the use of airport property to compatible recreational and public park use without paying or otherwise obtaining payment of fair market value for the property.

''(2) RESTRICTIONS.—

''(A) INTERIM COMPATIBLE RECREATIONAL PURPOSE.—Paragraph (1) shall apply, with respect to a sponsor that has taken the action described in subparagraph (A) of such paragraph, only—

''(i) to an agreement regarding airport property that was initially entered into before the publication of the Federal Aviation Administration's Policy and Procedures Concerning the Use of Airport Revenue, dated February 16, 1999;

''(ii) if the agreement between the sponsor and the local government is subordinate to any existing or future agreements between the sponsor and the Secretary, including agreements related to a grant assurance under this section;

''(iii) to airport property that was acquired under a Federal airport development grant program;

''(iv) if the airport sponsor has provided a written statement to the Administrator that the property made available for a recreational purpose will not be needed for any aeronautical purpose during the next 10 years;

''(v) if the agreement includes a term of not more than 2 years to prepare the airport property for the interim compatible recreational purpose and not more than 10 years of use for that purpose;

''(vi) if the recreational purpose will not impact the aeronautical use of the airport;

''(vii) if the airport sponsor provides a certification that the sponsor is not responsible for preparation, startup, operations, maintenance, or any other costs associated with the recreational purpose; and

''(viii) if the recreational purpose is consistent with Federal land use compatibility criteria under section 47502.

''(B) PERMANENT RECREATIONAL USE.—Paragraph (1) shall apply, with respect to a sponsor that has taken the action described in subparagraph (B) of such paragraph, only—

''(i) to airport property that was purchased using funds from a Federal grant for acquiring land issued prior to December 30, 1987;

''(ii) to airport property that has been continuously used as a recreational and public park since January 1, 1995;

''(iii) if the airport sponsor has provided a written statement to the Administrator that the property to be permanently restricted for recreational and public park use is not needed for any aeronautical use at the time the written statement is provided and is not expected to be needed for any aeronautical use at any time after such statement is provided;

''(iv) if the recreational and public park use does not impact the aeronautical use of the airport;

''(v) if the airport sponsor provides a certification that the sponsor is not responsible for operations, maintenance, or any other costs associated with the recreational and public park use;

''(vi) if the recreational purpose is consistent with Federal land use compatibility criteria under section 47502;

''(vii) if, in the event the airport sponsor leases the property, the lease will be to a local government entity or nonprofit entity to operate and maintain the property at no cost the airport sponsor; and

''(viii) if, in the event the airport sponsor sells the property, the sale will be to a local government entity and subject to a permanent deed restriction ensuring compatible airport use under regulations issued pursuant to section 47502.

''(3) REVENUE FROM CERTAIN SALES OF AIRPORT PROPERTY.—Notwithstanding any other provision of law, an airport sponsor selling a portion of airport property as described in paragraph (2)(B)(viii)(II) may—

''(A) sell such portion of airport property for less than fair market value; and

''(B) subject to the requirements of subsection (b), retain the revenue from the sale of such portion of airport property.

''(4) STATUTORY CONSTRUCTION.—Nothing in this subsection may be construed as permitting a diversion of airport revenue for the capital or operating costs associated with the community use of airport land.''.

SEC. 406. PRICE ADJUSTMENT PROVISIONS.

Section 47108 of title 49, United States Code, is amended—

(1) in subsection (a) by striking ''47114(d)(3)(A) of this title'' and inserting ''47114(d)(2)(A)'';

(2) by striking subsection (b) and inserting the following:

''(b) INCREASING GOVERNMENT SHARE.—

''(1) IN GENERAL.—Except as provided in paragraph (2) or (3), the amount stated in an offer as the maximum amount the Government will pay may not be increased when the offer has been accepted in writing.

''(2) EXCEPTION.—For a project receiving assistance under a grant approved under this chapter or chapter 475, the amount may be increased—

''(A) for an airport development project, by not more than 15 percent; and

''(B) to acquire an interest in land for an airport (except a primary airport), by not more than the greater of the following, based on current creditable appraisals or a court award in a condemnation proceeding:

''(i) 15 percent; or

''(ii) 25 percent of the total increase in allowable project costs attributable to acquiring an interest in land.

''(3) PRICE ADJUSTMENT PROVISIONS.—

''(A) IN GENERAL.—The Secretary may incorporate a provision in a project grant agreement under which the Secretary agrees to pay more than the maximum amount otherwise specified in the agreement if the Secretary finds that commodity or labor prices have increased since the agreement was made.

''(B) DECREASE IN COSTS.—A provision incorporated in a project grant agreement under this paragraph shall ensure that the Secretary realizes any financial benefit associated with a decrease in material or labor costs for the project.'';

(3) by striking subsection (c); and

(4) by redesignating subsections (d) and (e) as subsections (c) and (d), respectively.

SEC. 407. ALLOWABLE PROJECT COSTS AND LETTERS OF INTENT.

Section 47110 of title 49, United States Code, is amended—

(1) in subsection (c)—

(A) in the matter preceding paragraph (1) by striking ''after May 13, 1946, and''; and

(B) in paragraph (1)—

(i) by inserting ''or preparing for'' after ''formulating''; and

(ii) by inserting ''utility relocation, work site preparation,'' before ''and administration'';

(2) in subsection (d)(1) by striking ''section 47114(c)(1) or 47114(d)'' and inserting ''section 47114 or distributed from the small airport fund under section 47116'';

(3) in subsection (e)(2)(C) by striking ''commercial service airport having at least 0.25 percent of the boardings each year at all such airports'' and inserting ''medium hub airport or large hub airport'';

(4) in subsection (h) by striking ''section 47114(d)(3)(A)'' and inserting ''section 47114(c)(1)(D) or section 47114(d)(2)(A)''; and

(5) by striking subsection (i).

SEC. 408. SMALL AIRPORT LETTERS OF INTENT.

(a) IN GENERAL.—Section 47110 of title 49, United States Code, is further amended by adding at the end the following:

''(i) SMALL AIRPORT LETTERS OF INTENT.—

''(1) IN GENERAL.—The Secretary may issue a letter of intent to a sponsor stating an intention to obligate an amount from future budget authority for an airport development project (including costs of formulating the project) at a nonhub airport or an airport that is not a primary airport. The letter shall establish a schedule under which the Secretary will reimburse the sponsor for the Government's share of allowable project costs, as amounts become available, if the sponsor, after the Secretary issues the letter, carries out the project without receiving amounts under this subchapter.

''(2) LIMITATIONS.—The amount the Secretary intends to obligate in a letter of intent issued under this subsection shall not exceed the larger of—

''(A) the Government's share of allowable project costs; or

''(B) $10,000,000.

''(3) FINANCING.—Allowable project costs under paragraph (1) may include costs associated with making payments for debt service on indebtedness incurred to carry out the project.

''(4) REQUIREMENTS.—The Secretary shall only issue a letter of intent under paragraph (1) if—

''(A) the sponsor notifies the Secretary, before the project begins, of the sponsor's intent to carry out the project and requests a letter of intent; and

''(B) the sponsor agrees to comply with all statutory and administrative requirements that would apply to the project if it were carried out with amounts made available under this subchapter.

''(5) ASSESSMENT.—In reviewing a request for a letter of intent under this subsection, the Secretary shall consider the grant history of an airport, the airport's enplanements or operations, and such other factors as the Secretary determines appropriate.

''(6) PRIORITIZATION.—In issuing letters of intent under this subsection, the Secretary shall—

''(A) prioritize projects that—

''(i) cannot reasonably be funded by an airport sponsor using funds apportioned under section 47114(c), 47114(d)(2)(A)(i), or 47114(d)(6), including funds apportioned under those sections in multiple fiscal years pursuant to section 47117(b)(1); and

''(ii) are necessary to an airport's continued safe operation or development; and

''(B) structure the reimbursement schedules under such letters in a manner that minimizes unnecessary or undesirable project segmentation.

''(7) REQUIRED USE.—

''(A) IN GENERAL.—Beginning in fiscal year 2028, and in each fiscal year thereafter, the Secretary shall ensure that not less than $100,000,000 is committed to be reimbursed in such fiscal year pursuant to letters of intent issued under this subsection.

''(B) WAIVER.—The Secretary may waive the requirement under subparagraph (A) for a fiscal year if the Secretary determines there are insufficient letter of intent requests that meet the requirements of paragraph (4). Upon such waiver, the Secretary shall provide a briefing to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the reasons contributing to the need for such waiver and the actions the Secretary intends to take to ensure that there are sufficient letter of intent requests that meet the requirements of paragraph (4) in the fiscal year succeeding the fiscal year for which the Secretary issued such waiver.

''(C) RESTRICTION.—The total estimated amount of future Government obligations covered by all outstanding letters of intent under paragraph (1) may not be more than the amount authorized to carry out section 48103 of this title, less an amount reasonably estimated by the Secretary to be needed for grants under section 48103 that are not covered by a letter.

''(8) NO OBLIGATION OR COMMITMENT.—A letter of intent issued under this subsection is not an obligation of the Government under section 1501 of title 31, and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorization and appropriation laws.

''(9) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this subsection in the same fiscal year as the letter of intent is issued.''.

(b) CONFORMING AMENDMENTS.—

(1) LETTERS OF INTENT.—Section 47110(e)(7) of title 49, United States Code, is amended by striking ''under this section'' and inserting ''under this subsection''.

(2) PRIORITY FOR LETTERS OF INTENT.—Section 47115(h) of title 49, United States Code, is amended by inserting ''prior to fulfilling intentions to obligate under section 47110(i)'' after ''section 47110(e)''.

SEC. 409. PROHIBITION ON USE OF AIP FUNDS TO PROCURE CERTAIN PASSENGER BOARDING BRIDGES.

Section 47110 of title 49, United States Code, is further amended by adding at the end the following:

''(j) ADDITIONAL NONALLOWABLE COSTS.—

''(1) IN GENERAL.—A cost is not an allowable airport development project cost under this chapter if the cost relates to a contract for procurement or installation of a passenger boarding bridge if the contract is with an entity on the list required under paragraph (2).

''(2) REQUIRED LIST.—Not later than 30 days after the date of enactment of this subsection, the Secretary shall, based on information provided by the United States Trade Representative and the Attorney General, publish and annually update a list of entities manufacturing airport passenger boarding bridges—

''(A) that are owned, directed, or subsidized by the People's Republic of China; and

''(B) that—

''(i) have been determined by a Federal court to have misappropriated intellectual property or trade secrets from an entity organized under the laws of the United States or any jurisdiction within the United States; or

''(ii) own or control, are owned or controlled by, are under common ownership or control with, or are successors to, an entity described in clause (i).''.

SEC. 410. FUEL INFRASTRUCTURE.

Section 47110 of title 49, United States Code, is further amended by adding at the end the following:

''(k) FUEL INFRASTRUCTURE.—

''(1) IN GENERAL.—Notwithstanding any other provision of law, the Secretary may decide that covered costs are allowable for an airport development project at a primary or nonprimary airport where such costs are paid for with funds apportioned to the sponsor of such airport under section 47114 or provided pursuant to section 47115.

''(2) PRIORITIZATION.—If the Secretary makes grants from the discretionary fund under section 47115 for covered costs, the Secretary shall prioritize providing such grants to general aviation airports.

''(3) COVERED COSTS DEFINED.—In this subsection, the term 'covered costs'—

''(A) means construction costs related to an airport-owned—

''(i) aeronautical fueling system for unleaded fuel; and

''(ii) fueling systems for type certificated hydrogen-powered aircraft; and

''(B) may include capital costs for fuel farms and other equipment and infrastructure used for the delivery and storage of fuel.''.

SEC. 411. APPORTIONMENTS.

(a) PRIMARY, COMMERCIAL SERVICE, AND CARGO AIRPORTS.—

(1) PRIMARY AND COMMERCIAL SERVICE AIRPORTS.—Section 47114(c)(1) of title 49, United States Code, is amended to read as follows:

''(1) PRIMARY AND COMMERCIAL SERVICE AIRPORTS.—

''(A) PRIMARY AIRPORT APPORTIONMENT.—The Secretary shall apportion to the sponsor of each primary airport for each fiscal year an amount equal to—

''(i) $15.60 for each of the first 50,000 passenger boardings at the airport during the prior calendar year;

''(ii) $10.40 for each of the next 50,000 passenger boardings at the airport during the prior calendar year;

''(iii) $5.20 for each of the next 400,000 passenger boardings at the airport during the prior calendar year;

''(iv) $1.30 for each of the next 500,000 passenger boardings at the airport during the prior calendar year; and

''(v) $1.00 for each additional passenger boarding at the airport during the prior calendar year.

''(B) MINIMUM AND MAXIMUM APPORTIONMENTS.—Not less than $1,300,000 nor more than $22,000,000 may be apportioned under subparagraph (A) to an airport sponsor for a primary airport for each fiscal year.

''(C) NEW AIRPORT.—Notwithstanding subparagraph (A), the Secretary shall apportion in the first fiscal year following the official opening of a new airport with scheduled passenger air transportation an amount equal to $1,300,000 to the sponsor of such airport.

''(D) NONPRIMARY COMMERCIAL SERVICE AIRPORT APPORTIONMENT.—

''(i) IN GENERAL.—The Secretary shall apportion to each commercial service airport that is not a primary airport an amount equal to—

''(I) $60 for each of the first 2,500 passenger boardings at the airport during the prior calendar year; and

''(II) $153.33 for each of the next 7,499 passenger boardings at the airport during the prior calendar year.

''(ii) APPLICABILITY.—Paragraphs (4) and (5) of subsection (d) shall apply to funds apportioned under this subparagraph.

''(E) SPECIAL RULE FOR AIR RESERVE STATIONS.—Notwithstanding section 47102, the Secretary shall consider a public-use airport that is co-located with an air reserve station to be a primary airport for purposes of this chapter.

''(F) SPECIAL RULE FOR FISCAL YEARS 2024 AND 2025.—Notwithstanding any other provision of this paragraph or the absence of scheduled passenger service at an airport, the Secretary shall apportion in fiscal years 2024 and 2025 to the sponsor of an airport an amount based on the number of passenger boardings at the airport during whichever of the following years that would result in the highest apportioned amount under this paragraph:

''(i) Calendar year 2018.

''(ii) Calendar year 2019.

''(iii) The prior full calendar year prior to the current fiscal year.''.

(2) CARGO AIRPORTS.—Section 47114(c)(2) of title 49, United States Code, is amended—

(A) in subparagraph (A)—

(i) by striking ''3.5'' and inserting ''4''; and

(ii) by striking ''100,000,000 pounds'' and inserting ''25,000,000 pounds'';

(B) by striking subparagraph (C); and

(C) by redesignating subparagraphs (D) and (E) as subparagraphs (C) and (D), respectively.

(b) GENERAL AVIATION AIRPORTS.—Section 47114(d) of title 49, United States Code, is amended—

(1) in paragraph (3)—

(A) in the heading by striking ''SPECIAL RULE'' and inserting ''APPORTIONMENT'';

(B) by striking ''excluding primary airports but including reliever and nonprimary commercial service airports'' each place it appears and inserting ''excluding commercial service airports but including reliever airports'';

(C) in the matter preceding subparagraph (A) by striking ''20 percent'' and inserting ''25 percent''; and

(D) by striking subparagraphs (C) and (D) and inserting the following:

''(C) An airport that has previously been listed as unclassified under the national plan of integrated airport systems that has reestablished the classified status of such airport as of the date of apportionment shall be eligible to accrue apportionment funds pursuant to subparagraph (A) so long as such airport retains such classified status.'';

(2) in paragraph (4)—

(A) in the heading by striking ''AIRPORTS IN ALASKA, PUERTO RICO, AND HAWAII'' and inserting ''AIRPORTS IN NONCONTIGUOUS STATES AND TERRITORIES'';

(B) by striking ''An amount apportioned under paragraph (2) or (3)'' and inserting the following:

''(A) ALASKA, PUERTO RICO, AND HAWAII.—An amount apportioned under this subsection''; and

(C) by adding at the end the following:

''(B) OTHER TERRITORIES.—An amount apportioned under paragraph (2)(B)(i) may be made available by the Secretary for any public-use airport in Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the United States Virgin Islands if the Secretary determines that there are insufficient qualified grant applications for projects at airports that are otherwise eligible for funding under that paragraph. The Secretary shall prioritize the use of such amounts in the territory the amount was originally apportioned in.'';

(3) in paragraph (5) by inserting ''or subsection (c)(1)(D)'' after ''under this subsection'';

(4) in paragraph (6)—

(A) by striking ''provision of this subsection'' and inserting ''provision of this section''; and

(B) by inserting ''or subsection (c)(1)(D)'' after ''under this subsection'';

(5) by striking paragraph (2); and

(6) by redesignating paragraphs (3) through (7) as paragraphs (2) through (6), respectively.

(c) CONFORMING AMENDMENT.—Section 47106(a)(7) of title 49, United States Code, is amended by striking ''section 47114(d)(3)(B)'' and inserting ''section 47114(d)(2)(B)''

SEC. 412. PFC TURNBACK REDUCTION.

(a) IN GENERAL.—Section 47114(f) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) by striking ''sponsor of an airport having at least .25 percent of the total number of boardings each year in the United States and'' and inserting ''sponsor of a medium or large hub airport''; and

(B) in subparagraph (B) by striking ''75 percent'' and inserting ''60 percent'' each place it appears; and

(2) by striking paragraphs (2) and (3) and inserting the following:

''(2) EFFECTIVE DATE OF REDUCTION.—

''(A) NEW CHARGE COLLECTION.—A reduction in an apportionment under paragraph (1) shall not take effect until the first fiscal year following the year in which the collection of the charge imposed under section 40117 has begun.

''(B) NEW CATEGORIZATION.—A reduction in an apportionment under paragraph (1) shall only be applied to an airport if such airport has been designated as a medium or large hub airport for 3 consecutive years.''.

(b) APPLICABILITY.—For an airport that increased in categorization from a small hub to a medium hub in any fiscal year beginning after the date of enactment of the FAA Reauthorization Act of 2018 (Public Law 115–254) and prior to the date of enactment of this Act, the amendment to section 47114(f)(2) of title 49, United States Code, under subsection (a) shall be applied as though the airport increased in categorization from a small hub to a medium hub in the calendar year prior to the first fiscal year in which such amendment is applicable.

SEC. 413. TRANSFER OF AIP SUPPLEMENTAL FUNDS TO FORMULA PROGRAM.

Section 47115(j) of title 49, United States Code, is amended—

(1) in paragraph (3) by striking subparagraph (B) and inserting the following:

''(B) MINIMUM ALLOCATION.—Not more than 25 percent of the amounts available under this subsection shall be used to provide grants at nonhub and small hub airports.

''(C) PRIORITIZATION.—In making grants under this subsection, the Secretary shall prioritize projects that reduce runway incursions or increase runway or taxiway safety.'';

(2) in paragraph (4)(A) by striking clause (v) and inserting the following:

''(v) $1,110,000,000 for fiscal year 2023.

''(vi) $100,000,000 for fiscal year 2024.

''(vii) $100,000,000 for fiscal year 2025.

''(viii) $100,000,000 for fiscal year 2026.

''(ix) $100,000,000 for fiscal year 2027.

''(x) $100,000,000 for fiscal year 2028.''; and

(3) in paragraph (4)(B) by striking ''2 fiscal years'' and inserting ''3 fiscal years''.

SEC. 414. SMALL AIRPORT FUND.

Section 47116 of title 49, United States Code, is amended—

(1) in subsection (b) by striking paragraphs (1) and (2) and inserting the following:

''(1) Not more than 25 percent for grants for projects at small hub airports.

''(2) Not less than 25 percent for grants to sponsors of public-use airports (except commercial service airports).

''(3) Not less than 50 percent for grants to sponsors of commercial service airports that are not larger than a nonhub airport.'';

(2) in subsection (d)—

(A) by striking paragraph (2); and

(B) by redesignating paragraph (3) as paragraph (2); and

(3) by striking subsections (e) and (f) and inserting the following:

''(e) GENERAL AVIATION HANGARS AND TRANSIENT APRONS.—In distributing amounts from the fund described in subsection (a) to sponsors described in subsection (b)(2) and (b)(3)—

''(1) 5 percent of each amount shall be used for projects to construct aircraft hangars that are not larger than 5,000 square feet; and

''(2) 5 percent of each amount shall be used for projects to construct or rehabilitate aprons intended to be used for itinerant general aviation aircraft parking.''.

SEC. 415. REVISION OF DISCRETIONARY CATEGORIES.

Section 47117 of title 49, United States Code, is amended—

(1) in subsection (b)(2)—

(A) in subparagraph (A)(i) by striking ''or (3)(A), whichever is applicable''; and

(B) in subparagraph (B)—

(i) by striking ''section 47114(d)(3)(A)'' and inserting ''section 47114(d)(2)(A)''; and

(ii) by striking ''section 47114(d)(3)(B)'' and inserting ''section 47114(d)(2)(B)'';

(2) in subsection (c)(2) by striking ''47114(d)(3)(A)'' and inserting ''47114(d)(2)(A)'';

(3) in subsection (d)—

(A) in paragraph (1) by striking ''section 47114(d)(2)(A) of this title'' and inserting ''section 47114(d)(2)(B)(i)''; and

(B) in paragraph (2)—

(i) by striking ''section 47114(d)(2)(B) or (C)'' and inserting ''section 47114(d)(2)(B)(ii) or (iii)'' in each place it appears; and

(ii) by striking ''of this title'';

(4) in subsection (e)—

(A) in paragraph (1)—

(i) in subparagraph (A)—

(I) by striking ''$300,000,000'' and inserting ''$200,000,000'';

(II) by striking ''for compatible land use planning and projects carried out by State and local governments under section 47141,'';

(III) by striking ''section 47102(3)(Q)'' and inserting ''subparagraphs (O) through (Q) of section 47102(3)'';

(IV) by striking ''to comply with the Clean Air Act (42 U.S.C. 7401 et seq.)''; and

(V) by adding at the end the following: ''The Secretary shall provide not less than two-thirds of amounts under this subparagraph and paragraph (3) for grants to sponsors of small hub, medium hub, and large hub airports.''; and

(ii) by striking subparagraph (C); and

(B) by striking paragraph (3) and inserting the following:

''(3) SPECIAL RULE.—Beginning in fiscal year 2025, if the amount made available under paragraph (1)(A) was not equal to or greater than $150,000,000 in the preceding fiscal year, the Secretary shall issue grants for projects eligible under paragraph (1)(A) from apportionments made under section 47114 that are not required during the fiscal year to fund a grant for which such apportionments may be used in an amount that is not less than—

''(A) $150,000,000; minus

''(B) the amount made available under paragraph (1)(A) in the preceding fiscal year.''; and

(5) in subsection (f)(1) by striking ''Subject to paragraph (2)'' and inserting ''Subject to paragraph (2) and except as provided in section 47116(a)(2)''.

SEC. 416. TERMINAL DEVELOPMENT.

Section 47119 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) in paragraph (1) by striking ''in a nonrevenue-producing public-use area of a commercial service airport'' and all that follows through ''of the Government'' and inserting the following: ''at an airport if the sponsor certifies that the airport, on the date the grant application is submitted to the Secretary, has—

''(A) that any necessary airport development project affecting airport safety, security, or capacity will not be deferred if the Secretary approves a terminal development project under this section; and

''(B) provided for access by passengers to the area of the airport for boarding or exiting aircraft that are not air carrier aircraft.''; and

(B) in paragraph (2) by striking ''parking lot if'' and all that follows through ''Secretary's approval'' and inserting ''parking lot'';

(2) by striking subsections (b), (e) and (f);

(3) by redesignating subsection (c) and (d) as subsections (b) and (c), respectively; and

(4) in subsection (b) (as so redesignated) by striking paragraphs (1) through (5) and inserting the following:

''(1) any part of amounts apportioned to an airport sponsor under subsection (c) or (d) of section 47114 to pay project costs allowable under subsection (a);

''(2) on the approval of the Secretary, any part of amounts that may be distributed for the fiscal year from the discretionary fund established under section 47115 to the sponsor of an airport to pay project costs allowable under subsection (a);

''(3) on the approval of the Secretary, any part of amounts that may be distributed for the fiscal year from the small airport fund established under section 47116 to the sponsor of an airport eligible to receive funds under section 47116 to pay project costs allowable under subsection (a);''.

SEC. 417. STATE BLOCK GRANT PROGRAM.

(a) OFFSETTING ADMINISTRATIVE EXPENSES BURDEN ON STATES.—Section 47109(a)(2) of title 49, United States Code, is amended by striking ''90 percent'' and inserting ''91 percent''.

(b) TRAINING.—Section 47128 of title 49, United States Code, is amended by adding at the end the following:

''(e) TRAINING FOR PARTICIPATING STATES.—

''(1) IN GENERAL.—The Secretary shall provide to each State participating in the block grant program under this section training or updated training materials for the administrative responsibilities assumed by the State under such program at no cost to the State.

''(2) TIMING.—The training or updated training materials provided under paragraph (1) shall be provided at least once during each 2-year period and at any time there is a material change in the program.''.

(c) ADMINISTRATION.—Section 47128 of title 49, United States Code, is further amended by adding at the end the following:

''(f) ROLES AND RESPONSIBILITIES OF PARTICIPATING STATES.—

''(1) AIRPORTS.—Unless a State participating in the block grant program under this section expressly agrees in a memorandum of agreement, the Secretary shall not require the State to manage functions and responsibilities for airport actions or projects that do not relate to such program.

''(2) PROGRAM DOCUMENTATION.—Any grant agreement providing funds to be administered under such program shall be consistent with the most recently executed memorandum of agreement between the State and the Federal Aviation Administration. The Administrator of the Federal Aviation Administration shall provide parity to participating States and shall only require the same type of information and level of detail for any program agreements and documentation that the Administrator would perform with respect to such action if the State did not participate in the program.

''(3) RESPONSIBILITIES.—The Administrator shall retain responsibility for the following, unless expressly agreed to by the State:

''(A) Grant compliance investigations, determinations, and enforcement.

''(B) Obstruction evaluation and airport airspace analysis, determinations, and enforcement off airport property.

''(C) Non-rulemaking analysis, determinations, and enforcement for proposed improvements on airport properties not associated with this subchapter, or off airport property.

''(D) Land use determinations under section 163 of the FAA Reauthorization Act of 2018 (49 U.S.C. 47107 note), compatibility planning, and airport layout plan review and approval for projects not funded by amounts available under this subchapter.

''(E) Nonaeronautical and special event recommendations and approvals.

''(F) Instrument approach procedure evaluations and determinations.

''(G) Environmental review for projects not funded by amounts available under this subchapter.

''(H) Review and approval of land leases, land releases, changes in on-airport land-use designation, and through-the-fence agreements.''.

(d) REPORT.—The Comptroller General of the United States shall issue a report on the Office of Airports of the Federal Aviation Administration and the airport improvement program under subchapter I of chapter 471 and chapter 475 of title 49, United States Code, and include in such report a description of—

(1) the responsibilities of States participating in the block grant program under section 47128 of title 49, United States Code; and

(2) the impact of title VIII of division J of the Infrastructure Investment and Jobs Act (Public Law 117–58) and other Federal administrative funding sources on the ability of such States to disburse and administer airport improvement program funds.

(e) SENSE OF CONGRESS.—It is the sense of Congress that Congress supports the disbursement of a percentage of administrative funds made available under the heading ''Federal Aviation Administration—Airport Infrastructure Grants'' in title VIII of division J of the Infrastructure Investment and Jobs Act (Public Law 117–58) to non-primary airports participating in the State's block grant program each fiscal year of the Airport Infrastructure Grants program.

SEC. 418. INNOVATIVE FINANCING TECHNIQUES.

Section 47135 of title 49, United States Code, is amended—

(1) by striking subsections (a) and (b) and inserting the following:

''(a) AUTHORITY.—

''(1) IN GENERAL.—The Secretary of Transportation may approve an application by an airport sponsor to use grants received under this subchapter for innovative financing techniques related to an airport development project that is located at an airport that is not a large hub airport.

''(2) APPROVAL.—The Secretary may approve not more than 30 applications described under paragraph (1) in a fiscal year.

''(b) PURPOSES.—The purpose of grants made under this section shall be to—

''(1) provide information on the benefits and difficulties of using innovative financing techniques for airport development projects;

''(2) lower the total cost of an airport development project; or

''(3) expedite the delivery or completion of an airport development project without reducing safety or causing environmental harm.''; and

(2) in subsection (c)(2)—

(A) in subparagraph (C) by striking ''and'' at the end;

(B) in subparagraph (D) by striking the period at the end and inserting ''; and''; and

(C) by adding at the end the following:

''(E) any other techniques that the Secretary determines are consistent with the purposes of this section.''.

SEC. 419. LONG-TERM MANAGEMENT PLANS.

Section 47136(c) of title 49, United States Code is amended—

(1) by striking ''applicants that will'' and inserting the following: ''applicants that—

''(1) will'';

(2) by striking the period at the end and inserting ''; and''; and

(3) by adding at the end the following:

''(2) provide a long-term management plan for eligible vehicles and equipment that includes the existing and future infrastructure requirements of the airport related to such vehicles and equipment.''.

SEC. 420. ALTERNATIVE PROJECT DELIVERY.

(a) IN GENERAL.—Section 47142 of title 49, United States Code, is amended—

(1) in the section heading by striking ''***Design-build contracting***'' and inserting ''***Alternative project delivery***'';

(2) in subsection (a)—

(A) in the matter preceding paragraph (1)—

(i) by striking ''Administrator of the Federal Aviation Administration'' and inserting ''Secretary of Transportation''; and

(ii) by striking ''award a design-build'' and inserting ''award a covered project delivery'';

(B) in paragraph (2) by striking ''design-build'' and inserting ''covered project delivery''; and

(C) in paragraph (4) by striking ''design-build contract will'' and inserting ''covered project delivery contract is projected to''; and

(3) by striking subsection (c) and inserting the following:

''(c) COVERED PROJECT DELIVERY CONTRACT DEFINED.—In this section, the term 'covered project delivery contract' means—

''(1) an agreement that provides for both design and construction of a project by a contractor; or

''(2) a single contract for the delivery of a whole project that—

''(A) includes, at a minimum, the sponsor, builder, and architect-engineer as parties that are subject to the terms of the contract;

''(B) aligns the interests of all the parties to the contract with respect to the project costs and project outcomes; and

''(C) includes processes to ensure transparency and collaboration among all parties to the contract relating to project costs and project outcomes.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 471 of title 49, United States Code, is amended by striking the item relating to section 47142 and inserting the following:

''47142. Alternative project delivery.''.

SEC. 421. NONMOVEMENT AREA SURVEILLANCE SURFACE DISPLAY SYSTEMS PILOT PROGRAM.

Section 47143(c) of title 49, United States Code, is amended by striking ''2023'' and inserting ''2028''.

SEC. 422. REPEAL OF OBSOLETE CRIMINAL PROVISIONS.

Section 47306 of title 49, United States Code, and the item relating to such section in the analysis for chapter 473 of such title, are repealed.

SEC. 423. LIMITATION ON CERTAIN ROLLING STOCK PROCUREMENTS.

(a) IN GENERAL.—Section 50101 of title 49, United States Code, is amended—

(1) by striking ''(except section 47127)'' each place it appears; and

(2) by adding at the end the following:

''(d) LIMITATION ON CERTAIN ROLLING STOCK PROCUREMENTS.—

''(1) IN GENERAL.—Financial assistance made available under the provisions described in subsection (a) shall not be used in awarding a contract or subcontract to an entity on or after the date of enactment of this subsection for the procurement of rolling stock for use in an airport-related project if the manufacturer of the rolling stock—

''(A) is incorporated in or has manufacturing facilities in the United States; and

''(B) is owned or controlled by, is a subsidiary of, or is otherwise related legally or financially to a corporation based in a country that—

''(i) is identified as a nonmarket economy country (as defined in section 771(18) of the Tariff Act of 1930 (19 U.S.C. 1677(18))) as of the date of enactment of this subsection;

''(ii) was identified by the United States Trade Representative in the most recent report required by section 182 of the Trade Act of 1974 (19 U.S.C. 2242) as a foreign country included on the priority watch list defined in subsection (g)(3) of that section; and

''(iii) is subject to monitoring by the Trade Representative under section 306 of the Trade Act of 1974 (19 U.S.C. 2416).

''(2) EXCEPTION.—

''(A) IN GENERAL.—For purposes of paragraph (1), the term 'otherwise related legally or financially' does not include—

''(i) a minority relationship or investment; or

''(ii) relationship with or investment in a subsidiary, joint venture, or other entity based in a country described in paragraph (1)(B) that does not export rolling stock or components of rolling stock for use in the United States.

''(B) CORPORATION BASED IN PEOPLE'S REPUBLIC OF CHINA.—Notwithstanding subparagraph (A)(i), for purposes of paragraph (1), the term 'otherwise related legally or financially' includes a minority relationship or investment if the relationship or investment involves a corporation based in the People's Republic of China.

''(3) INTERNATIONAL AGREEMENTS.—This subsection shall be applied in a manner consistent with the obligations of the United States under international agreements.''.

(b) CONFORMING AMENDMENTS.—

(1) RESTRICTING CONTRACT AWARDS BECAUSE OF DISCRIMINATION AGAINST UNITED STATES GOODS OR SERVICES.—Section 50102 of title 49, United States Code, is amended by striking ''(except section 47127)''.

(2) RESTRICTION ON AIRPORT PROJECTS USING PRODUCTS OR SERVICES OF FOREIGN COUNTRIES DENYING FAIR MARKET OPPORTUNITIES.—Section 50104(b) of title 49, United States Code, is amended by striking ''(except section 47127)''.

(3) FRAUDULENT USE OF MADE IN AMERICA LABEL.—Section 50105 of title 49, United States Code, is amended by striking ''(except section 47127)''.

SEC. 424. REGULATORY APPLICATION.

Section 40113(f) of title 49, United States Code, is amended—

(1) by inserting ''or in administering the Airport Improvement Program under chapter 471'' after ''Code of Federal Regulations,''; and

(2) by inserting ''or administrative'' after ''regulatory''.

SEC. 425. NATIONAL PRIORITY SYSTEM FORMULAS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall review and update the National Priority System prioritization formulas contained in Federal Aviation Administration Order 5090.5 to account for the amendments to chapter 471 of title 49, United States Code, made by this Act.

(b) REQUIRED CONSULTATION.—In revising the formulas under subsection (a), the Secretary shall consult with representatives of the following:

(1) Primary airports, including large, medium, small, and nonhub airports.

(2) Non-primary airports, including general aviation airports.

(3) Airport trade associations, including trade associations representing airport executives.

(4) State aviation officials, including associations representing such officials.

(5) Air carriers, including mainline, regional, and low cost air carriers.

(6) Associations representing air carriers.

(c) PRIORITY PROJECTS.—In revising the formulas under subsection (a), the Secretary shall assign the highest priority to projects that increase or maintain the safety, efficiency, and capacity of the aviation system.

SEC. 426. MINORITY AND DISADVANTAGED BUSINESS PARTICIPATION.

(a) FINDINGS.—Congress finds the following:

(1) While significant progress has occurred due to the establishment of the airport disadvantaged business enterprise program and the airport concessions disadvantaged business enterprise program under sections 47113 and 47107(e) of title 49, United States Code, respectively, discrimination and related barriers continue to pose significant obstacles for minority- and women-owned businesses seeking to do business in airport-related markets across the Nation.

(2) Congress has received and reviewed testimony and documentation of race and gender discrimination from numerous sources, including congressional hearings and roundtables, scientific reports, reports issued by public and private agencies, news stories, reports of discrimination by organizations and individuals, and

discrimination lawsuits. Such testimony and documentation show that race- and gender-neutral efforts alone are insufficient to address the problem.

(3) The testimony and documentation described in paragraph (2) demonstrate that race and gender discrimination poses a barrier to full and fair participation in airport-related businesses of women business owners and minority business owners in the racial groups detailed in parts 23 and 26 of title 49, Code of Federal Regulations, and has impacted firm development and other aspects of airport-related business in the public and private markets.

(4) The testimony and documentation described in paragraph (2) provide a strong basis that there is a compelling need for the continuation of the airport disadvantaged business enterprise program and the airport concessions disadvantaged business enterprise program to address race and gender discrimination in airport-related business.

(b) SUPPORTIVE SERVICES.—Section 47113 of title 49, United States Code, is amended by adding at the end the following:

''(f) SUPPORTIVE SERVICES.—

''(1) IN GENERAL.—The Secretary of Transportation, in coordination with the Administrator of the Federal Aviation Administration, may, at the request of an airport sponsor, provide assistance under a grant issued under this subchapter to develop, conduct, and administer training programs and assistance programs in connection with any airport improvement project subject to part 26 of title 49, Code of Federal Regulations, for small business concerns referred to in subsection (b) to achieve proficiency to compete, on an equal basis for contracts and subcontracts related to such projects.

''(2) ELIGIBLE ENTITIES.—An entity eligible to receive assistance under this section is—

''(A) a State;

''(B) a political subdivision of a State or local government;

''(C) a Tribal government;

''(D) an airport sponsor;

''(E) a metropolitan planning organization;

''(F) a group of entities described in subparagraphs (A) through (E); or

''(G) any other organization considered appropriate by the Secretary.''.

SEC. 427. AIRPORT ACCESS ROADS IN REMOTE LOCATIONS.

Section 162 of the FAA Reauthorization Act of 2018 (49 U.S.C. 47102 note) is amended in the matter preceding paragraph (1) by striking ''2023'' and inserting ''2028''.

SEC. 428. LIMITED REGULATION OF NONFEDERALLY SPONSORED PROPERTY.

Section 163 of the FAA Reauthorization Act of 2018 (49 U.S.C. 47107 note) is amended—

(1) by striking subsection (a) and inserting the following:

''(a) IN GENERAL.—

''(1) LIMITED REGULATION.—Except as provided in subsection (b), the Secretary of Transportation may not require an airport to seek approval for (including in the submission of an airport layout plan), or directly or indirectly regulate (including through any grant assurance)—

''(A) the acquisition, use, lease, encumbrance, transfer, or disposal of land (including any portion of such land) by an airport sponsor; or

''(B) the construction, development, improvement, use, or removal of any facility (including any portion of such facility) upon such land.

''(2) BURDEN OF DEMONSTRATING APPLICABILITY.—The burden of demonstrating the nonapplicability of paragraph (1), or the applicability of an exception under subsection (b), shall be on the Secretary.'';

(2) in subsection (b)—

(A) in paragraph (1)—

(i) in the matter preceding subparagraph (A) by striking ''regulation'' and inserting ''law, regulation, or grant assurance''; and

(ii) in subparagraph (A) by striking ''aircraft operations'' and inserting ''aircraft operations that occur or are projected to occur at an airport as described in an airport's master plan'';

(B) in paragraph (2) by striking ''facility'' and inserting ''facility that the Secretary demonstrates was''; and

(C) in paragraph (3) by striking ''contained'' and inserting ''that the Secretary demonstrates is contained''; and

(3) by striking subsection (c) and inserting the following:

''(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

''(1) to affect the applicability of sections 47107(b) or 47133 of title 49, United States Code, to revenues generated by the use, lease, encumbrance, transfer, or disposal of land under subsection (a), facilities upon such land, or any portion of such land or facilities; or

''(2) to limit the Secretary's authority to approve or regulate airport projects (or portions of airport projects) that are not subject to the provisions of subsection (a).''.

SEC. 429. MOTORCOACH ENPLANEMENT PILOT PROGRAM.

With respect to fiscal years 2024 through 2028, passengers who board a motorcoach at an airport that is chartered or provided by an air carrier to transport such passengers to another airport at which the passengers board an aircraft in service in air commerce, that entered the sterile area of the airport at which such passengers initially boarded the motorcoach, shall be deemed to be included under the term ''passenger boardings'' in section 47102 of title 49, United States Code.

SEC. 430. POPULOUS COUNTIES WITHOUT AIRPORTS.

Notwithstanding any other provision of law, the Secretary of Transportation may not deny inclusion in the national plan of integrated airport systems maintained under section 47103 of title 49, United States Code, to an airport or proposed airport if the airport or proposed airport—

(1) is located in the most populous county (as such term is defined in section 2 of title 1, United States Code) of a State that does not have an airport listed in the national plan;

(2) has an airport sponsor that was established before January 1, 2017;

(3) is located more than 15 miles away from another airport listed in the national plan;

(4) demonstrates how the airport will meet the operational activity required, through a forecast validated by the Secretary, within the first 10 years of operation;

(5) meets Federal Aviation Administration airport design standards;

(6) submits a benefit-cost analysis;

(7) presents a detailed financial plan to accomplish construction and ongoing maintenance; and

(8) has the documented support of the State government for the entry of the airport or proposed airport into the national plan.

SEC. 431. CONTINUED AVAILABILITY OF AVIATION GASOLINE.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall ensure that any of such varieties of aviation gasoline as may be necessary to fuel any model of piston-engine aircraft remain available for purchase at each airport listed on the national plan of integrated airport systems (as described in section 47103 of title 49, United States Code) at which aviation gasoline was available for purchase as of October 5, 2018.

(b) REMOVAL OF AVAILABILITY.—The Administrator shall consider a prohibition or restriction on the sale of such varieties of aviation gasoline to violate assurance 22 (or any successor assurance related to economic nondiscrimination) of grant assurances associated with the airport improvement program under subchapter I of chapter 471 and chapter 475 of title 49, United States Code.

(c) AVIATION GASOLINE DEFINED.—In this section, the term ''aviation gasoline'' means a gasoline on which a tax is imposed under section 4081(a)(2)(A)(ii) of the Internal Revenue Code of 1986.

(d) RULE OF CONSTRUCTION.—Nothing in this section may be construed to—

(1) affect any airport sponsor found to be out of compliance with the grant assurance described in subsection (b) before the date of enactment of this Act;

(2) affect any investigation of an airport sponsor initiated by the Administrator under parts 13 or 16 of title 14, Code of Federal Regulations, relating to the availability of aviation gasoline; or

(3) require any particular action by the Administrator if the Administrator determines through such investigation that such airport sponsor has violated a grant assurance.

SEC. 432. AIP HANDBOOK UPDATE.

(a) IN GENERAL.—Not later than 4 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall revise the Airport Improvement Program Handbook (Order 5100.38D) (in this section referred to as the ''Handbook'') to account for legislative changes to the airport improvement program under subchapter I of chapter 471 and chapter 475 of title 49, United States Code, and to make such other changes as the Administrator determines necessary.

(b) REQUIREMENTS.—In updating the Handbook, the Administrator may not impose any additional requirements or restrictions on the use of Airport Improvement Program funds except as specifically directed by legislation.

(c) CONSULTATION AND PUBLIC COMMENT.—

(1) CONSULTATION.—In developing the revised Handbook under this section, the Administrator shall consult with aviation stakeholders, including airports and air carriers.

(2) PUBLIC COMMENT.—

(A) IN GENERAL.—Not later than 30 months after the date of enactment of this Act, the Administrator shall publish a draft revision of the Handbook and make such draft available for public comment for a period of not less than 90 days.

(B) REVIEW.—The Administrator shall review all comments submitted during the public comment period described under subparagraph (A) and, as the Administrator considers appropriate, incorporate changes based on such comments into the final revision of the Handbook.

(d) INTERIM IMPLEMENTATION OF CHANGES.—Not later than 1 year after the date of enactment of this Act, the Administrator shall issue program guidance letters to provide for the interim implementation of amendments to the Airport Improvement Program made by this Act.

SEC. 433. GAO AUDIT OF AIRPORT FINANCIAL REPORTING PROGRAM.

(a) AUDIT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General of the United States shall complete an audit of the airport financial reporting program of the Federal Aviation Administration and provide recommendations to the Administrator of the Federal Aviation Administration on improvements to such program.

(b) REQUIREMENTS.—In conducting the audit required under subsection (a), the Comptroller General shall, at a minimum—

(1) review relevant Administration guidance to airports, including the version of Advisory Circular 150/5100–19, titled ''Operating and Financial Summary'', that is in effect on the date of enactment of this Act;

(2) evaluate the information requested or required by the Administrator from airports for completeness and usefulness by the Administration and the public;

(3) assess the costs associated with collecting, reporting, and maintaining such information for airports and the Administration;

(4) determine if such information provided is—

(A) updated on a regular basis to make such information useful; and

(B) audited and verified in an appropriate manner;

(5) assess if the Administration has addressed the issues the Administration discovered during the apportionment and disbursement of relief funds to airports under the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) using inaccurate and aged airport financial data; and

(6) determine whether the airport financial reporting program as structured as of the date of enactment provides value to the Administration, the aviation industry, or the public.

(c) REPORT TO CONGRESS.—Not later than 3 months after the completion of the audit required under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the findings of such audit and any recommendations provided to the Administrator to improve or alter the airport financial reporting program.

SEC. 434. GAO REVIEW OF NONAERONAUTICAL REVENUE STREAMS AT AIRPORTS.

(a) REVIEW.—Not later than 2 years after the date of enactment of this Act, the Comptroller General of the United States shall initiate a review of non-aeronautical revenue streams currently used by hub airports of varying size, assess the impact of nonaeronautical revenue on airports, and evaluate opportunities for revenue that are unutilized or are underutilized by such airports.

(b) SCOPE.—In conducting the review required under subsection (a), the Comptroller General shall, at a minimum—

(1) examine the nonaeronautical revenue streams at a variety of public-use airports in the United States;

(2) examine nonaeronautical revenue streams used by foreign airports;

(3) examine revenue streams used by similar types of infrastructure operators like train stations, bus depots, and shopping malls;

(4) determine the revenue effects of entering into, or choosing not to enter into, concessionaire agreements with companies operating at airports that are not a party to such agreements; and

(5) examine users and beneficiaries of airport services, facilities, property, and passengers, and determine if any such users or beneficiaries could or should be considered as a source of nonaeronautical revenue for an airport.

(c) CONSULTATION.—As part of the review required under subsection (a), the Comptroller General shall consult with representatives of airport concessionaires, airport sponsors, airport governance entities, airport financial planning consultants, and any other relevant stakeholders the Comptroller General determines appropriate.

(d) FINDINGS, BEST PRACTICES, AND RECOMMENDATIONS.—As part of the review required under subsection (a), the Comptroller General shall produce best practices and recommendations that can be adopted by public-use airports to increase non-aeronautical revenue.

(e) REPORT TO CONGRESS.—Not later than 3 months after the completion of the review required under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the findings, best practices, and recommendations of such review.

SEC. 435. MAINTAINING SAFE FIRE AND RESCUE STAFFING LEVELS.

(a) UPDATE TO REGULATION.—The Administrator of the Federal Aviation Administration shall update the regulations contained in section 139.319 of title 14, Code of Federal Regulations, to ensure that paragraph (4) of such section provides that at least 1 individual maintains certification at the emergency medical technician basic level, or higher.

(b) STAFFING REVIEW.—Not later than 2 years after the date of enactment of this Act, the Administrator shall conduct a review of airport environments and related regulations to evaluate sufficient staffing levels necessary for firefighting and rescue services and response at airports certified under part 139 of title 14, Code of Federal Regulations.

(c) REPORT.—Not later than 1 year after completing the review under subsection (b), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the review.

SEC. 436. GAO STUDY OF ONSITE AIRPORT GENERATION.

(a) STUDY.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study on the feasibility of installation and adoption of certain power generation property at airports which receive funding from the Federal Government.

(b) CONTENT.—In carrying out the study required under subsection (a), the Comptroller General shall examine—

(1) any safety impacts of the installation and operation of such power generation property, either in aggregate or around certain locations or structures at the airport;

(2) regulatory barriers to adoption;

(3) benefits to adoption;

(4) previous examples of adoptions;

(5) impacts on other entities; and

(6) previous examples of adoption and factors pertaining to previous examples of adoption, including—

(A) novel uses beyond supplemental power generation, such as expanding nonresidential property around airports to minimize noise, power generation resilience, and market forces;

(B) challenges identified in the installation process;

(C) upfront and long-term costs, both foreseen and unforeseen;

(D) funding sources used to pay for upfront costs; and

(E) long-term savings.

(c) REPORT.—Not later than 2 years after the initiation of the study under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report and recommendations on the results of the study.

(d) POWER GENERATION PROPERTY DEFINED.—In this section, the term ''power generation property'' means equipment defined in section 48(a)(3)(A) of the Internal Revenue Code of 1986.

SEC. 437. TRANSPORTATION DEMAND MANAGEMENT AT AIRPORTS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall conduct a study to examine the efficacy of transportation demand management strategies at United States airports.

(b) CONSIDERATIONS.—In conducting the study under subsection (a), the Comptroller General shall examine, at minimum—

(1) whether transportation demand management strategies should be considered by airports when making infrastructure planning and construction decisions;

(2) the impact of transportation demand management strategies on existing multimodal options to and from airports in the United States; and

(3) best practices for developing transportation demand management strategies that can be used to improve access to airports for passengers and airport and airline personnel.

(c) REPORT.—Upon completion of the study conducted under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on such study.

(d) DEFINITION.—In this section, the term ''transportation demand management strategy'' means the use of planning, programs, policy, marketing, communications, incentives, pricing, data, and technology to optimize travel modes, routes used, departure times, and number of trips.

SEC. 438. COASTAL AIRPORTS ASSESSMENT.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall, in coordination with the Chief of Engineers and Commanding General of the United States Army Corps of Engineers, initiate an assessment on the resiliency of coastal airports in the United States.

(b) CONTENTS.—The assessment required under subsection (a) shall—

(1) examine the impact of sea-level rise and other environmental factors that pose risks to coastal airports; and

(2) identify and evaluate current initiatives to prevent and mitigate the impacts of factors described in paragraph (1) on coastal airports.

(c) REPORT.—Upon completion of the assessment, the Administrator of the Federal Aviation Administration shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on—

(1) the results of the assessment required under subsection (a); and

(2) recommendations to improve the resiliency of coastal airports in the United States.

SEC. 439. AIRPORT INVESTMENT PARTNERSHIP PROGRAM.

Section 47134(b) of title 49, United States Code, is amended by adding at the end the following:

''(4) BENEFIT-COST ANALYSIS.—Prior to approving an application submitted under subsection (a), the Secretary may require a benefit-cost analysis. If a benefit-cost analysis is required, the Secretary shall issue a preliminary and conditional finding, which shall—

''(A) be issued not later than 60 days after the date on which the sponsor submits all information required by the Secretary;

''(B) be based upon a collaborative review process that includes the sponsor or sponsor's representative;

''(C) not constitute the issuance of a Federal grant or obligation to issue a grant under this chapter or other provision of law; and

''(D) not constitute any other obligation on the part of the Federal Government until the conditions specified in the final benefit-cost analysis are met.''.

SEC. 440. GAO STUDY ON PER-TRIP AIRPORT FEES FOR TNC CONSUMERS.

(a) STUDY.—Not later than 90 days after the date of enactment of this Act, the Comptroller General of the United States shall conduct a study of fees that airports assess against customers of transportation network companies.

(b) CONTENTS.—In carrying out the study required under subsection (a), the Comptroller General shall address—

(1) the methodology used by airports to set a fee for customers of TNCs;

(2) expenditures by airports of fees assessed against customers of TNCs; and

(3) a comparison of the fees imposed by airports on customers of TNCs and other comparable modes of for-hire transportation, such as taxi.

(c) REPORT.—Not later than 12 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on

Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study.

(d) TRANSPORTATION NETWORK COMPANY DEFINED; TNC DEFINED.—In this section, the term ''transportation network company'' or ''TNC''—

(1) means a corporation, partnership, sole proprietorship, or other entity that uses a digital network to connect riders to drivers affiliated with the entity in order for the driver to transport the rider using a vehicle owned, leased, or otherwise authorized for use by the driver to a point chosen by the rider; and

(2) does not include a shared-expense carpool or vanpool arrangement that is not intended to generate profit for the driver.

SEC. 441. SPECIAL RULE FOR RECLASSIFICATION OF CERTAIN UNCLASSIFIED AIRPORTS.

(a) REQUEST FOR RECLASSIFICATION.—

(1) IN GENERAL.—Not later than September 30, 2024, a privately owned reliever airport (as such term is defined in section 47102 of title 49, United States Code) that is identified as unclassified in the National Plan of Integrated Airport Systems, 2021–2025 (as published under section 47103 of title 49, United States Code) may submit to the Secretary of Transportation a request to reclassify the airport according to the criteria used to classify a publicly owned airport.

(2) REQUIRED INFORMATION.—In submitting a request under paragraph (1), a privately owned reliever airport shall include the following information:

(A) A sworn statement and accompanying documentation that demonstrates how the airport would satisfy the requirements of Federal Aviation Administration Order 5090.5, titled ''Formulation of the NPIAS and ACIP'' (or any successor guidance), to be classified as ''Local'' or ''Basic'' if the airport was publicly owned.

(B) A report that—

(i) identifies the role of the airport to the aviation system; and

(ii) describes the long-term fiscal viability of the airport based on demonstrated aeronautical activity and associated revenues relative to ongoing operating and maintenance costs.

(b) ELIGIBILITY REVIEW.—

(1) IN GENERAL.—Not later than 60 days after receiving a request from a privately owned reliever airport under subsection (a), the Secretary shall perform an eligibility review with respect to the airport, including an assessment of the airport's safety, security, capacity, access, compliance with Federal grant assurances, and protection of natural resources and the quality of the environment, as prescribed by the Secretary.

(2) PUBLIC SPONSOR.—In performing the eligibility review under paragraph (1), the Secretary—

(A) may require the airport requesting reclassification to provide information regarding the outlook (whether positive or negative) for obtaining a public sponsor; and

(B) may not require the airport to obtain a public sponsor.

(c) RECLASSIFICATION BY THE SECRETARY.—

(1) IN GENERAL.—Not later than 60 days after receiving a request from a privately owned reliever airport under subsection (a)(1), the Secretary shall grant such request if the following criteria are met:

(A) The request includes the required information under subsection (a)(2).

(B) The privately owned reliever airport, to the satisfaction of the Secretary—

(i) passes the eligibility review performed under subsection (b); or

(ii) submits a corrective action plan in accordance with paragraph (2).

(2) CORRECTIVE ACTION PLAN.—With respect to a privately owned reliever airport that does not, to the satisfaction of the Secretary, pass the eligibility review performed under subsection (b), such airport may resubmit to the Secretary a reclassification request along with a corrective action plan that—

(A) resolves any shortcomings identified in such eligibility review; and

(B) proves that any necessary corrective action has been completed by the airport.

(d) EFFECTIVE DATE.—The reclassification of any privately owned reliever airport under this section shall take effect not later than—

(1) September 30, 2026, for any request granted under subsection (c)(1); and

(2) September 30, 2027, for any request granted after the submission of a corrective action plan under subsection (c)(2).

SEC. 442. PERMANENT SOLAR POWERED TAXIWAY EDGE LIGHTING SYSTEMS.

Not later than 18 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall produce an engineering brief that describes the acceptable use of permanent solar powered taxiway edge lighting systems at regional, local, and basic nonprimary airports (as categorized in the most recent National Plan of Integrated Airport Systems).

SEC. 443. SECONDARY RUNWAYS.

In approving grants for projects with funds made available pursuant to title VIII of division J of the Infrastructure Investment and Jobs Act (Public Law 117–58) under the heading ''Federal Aviation Administration—Airport Infrastructure Grants'', the Administrator of the Federal Aviation Administration shall consider permitting a nonhub or small hub airport to use such funds to extend secondary runways, notwithstanding the level of operational activity as such airport.

SEC. 444. INCREASING THE ENERGY EFFICIENCY OF AIRPORTS AND MEETING CURRENT AND FUTURE ELECTRICAL POWER DEMANDS.

(a) IN GENERAL.—Section 47140 of title 49, United States Code, is amended to read as follows:

''§ 47140. Meeting current and future electrical power demand

''(a) IN GENERAL.—The Secretary of Transportation shall establish a program under which the Secretary shall—

''(1) encourage the sponsor of each public-use airport to—

''(A) conduct airport planning that assesses the airport's—

''(i) current and future electrical power requirements, including—

''(I) heating and cooling;

''(II) on-road airport vehicles, including ground support equipment;

''(III) gate electrification; and

''(IV) electric aircraft charging; and

''(ii) existing electrical infrastructure condition, location and capacity, including base load and backup power, to meet the current and future electrical power demand as identified in this subparagraph; and

''(B) conduct airport development to increase energy efficiency or meet future electrical power demands as identified in subparagraph (A); and

''(2) reimburse the airport sponsor for the costs incurred in conducting the assessment under paragraph (1).

''(b) GRANTS.—The Secretary may make grants from amounts made available under section 48103 to assist airport sponsors that have completed the assessment described in subsection (a)(1)—

''(1) to acquire or construct equipment that will increase energy efficiency at the airport; and

''(2) to pursue an airport development project described in subsection (a)(1)(B).''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 471 of title 49, United States Code, is amended by striking the item relating to section 47140 and inserting the following:

''47140. Meeting current and future electrical power demand.''.

SEC. 445. ELECTRIC AIRCRAFT INFRASTRUCTURE PILOT PROGRAM.

(a) IN GENERAL.—The Secretary of Transportation may establish a pilot program under which the sponsors of public-use airports may use funds made available under chapter 471 or section 48103 of title 49, United States Code, for use at up to 10 airports to carry out—

(1) activities associated with the acquisition, by purchase or lease, operation, and installation of equipment to support the operations of electric aircraft, including interoperable electric vehicle charging equipment; and

(2) the construction or modification of infrastructure to facilitate the delivery of power or services necessary for the use of electric aircraft, including—

(A) on airport utility upgrades; and

(B) associated design costs.

(b) ELIGIBILITY.—A public-use airport is eligible for participation in the pilot program under this section if the Secretary finds that funds made available under subsection (a) would support—

(1) electric aircraft operators at such airport, or using such airport; or

(2) electric aircraft operators planning to operate at such airport with an associated agreement in place.

(c) SUNSET.—The pilot program established under subsection (a) shall sunset 5 years after the date of enactment of this Act.

SEC. 446. CURB MANAGEMENT PRACTICES.

Nothing in this Act shall be construed to—

(1) prevent airports from engaging in curb management practices, including determining and assigning curb designations, regulations, and to install and maintain upon any of the roadways or parts of roadways as many curb zones as necessary to aid in the regulation, control, and inspection of passenger loading and unloading; or

(2) prevent airports from enforcing curb zones using sensor, camera, automated license plate recognition, and software technologies and issuing citations by mail to the registered owner of the vehicle.

Subtitle B—Passenger Facility Charges

SEC. 461. PFC APPLICATION APPROVALS.

Section 40117(d) of title 49, United States Code, is amended by striking paragraph (2) and inserting the following:

''(2) each project is an eligible airport-related project;''.

SEC. 462. PFC AUTHORIZATION PILOT PROGRAM IMPLEMENTATION.

Section 40117(l) of title 49, United States Code, is amended—

(1) in the subsection heading by striking ''PILOT PROGRAM'' and inserting ''ALTERNATIVE PROCEDURES''; and

(2) by striking paragraph (1) and inserting the following:

''(1) IN GENERAL.—In lieu of submitting an application under subsection (c), an eligible agency may impose a passenger facility charge in accordance with the procedures under this subsection subject to the limitations of this section.''.

Subtitle C—Noise and Environmental Programs and Streamlining

SEC. 471. STREAMLINING CONSULTATION PROCESS.

Section 47101(h) of title 49, United States Code, is amended by striking ''shall'' and inserting ''may''.

SEC. 472. REPEAL OF BURDENSOME EMISSIONS CREDIT REQUIREMENTS.

Section 47139 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1)—

(i) by striking ''airport sponsors receive'' and inserting ''airport sponsors may receive'';

(ii) by striking ''carrying out projects'' and inserting ''carrying out projects, including projects''; and

(iii) by striking ''conditions'' and inserting ''considerations''; and

(B) in paragraph (2)—

(i) by striking ''airport sponsor'' and inserting ''airport sponsor, including for an airport outside of a nonattainment area,'';

(ii) by striking ''only'';

(iii) by striking ''or as offsets'' and inserting '', as offsets''; and

(iv) by striking the period at the end and inserting '', or as part of a State implementation plan.'';

(2) by striking subsection (b); and

(3) by redesignating subsection (c) as subsection (b).

SEC. 473. EXPEDITED ENVIRONMENTAL REVIEW AND ONE FEDERAL DECISION.

Section 47171 of title 49, United States Code, is amended—

(1) in subsection (a) by striking ''Secretary of Transportation'' and inserting ''Administrator of the Federal Aviation Administration'';

(2) by striking ''Secretary'' in each place it appears and inserting ''Administrator'';

(3) in subsection (a)—

(A) in the matter preceding paragraph (1)—

(i) by striking ''develop and''; and

(ii) by striking ''projects at congested airports'' and all that follows through ''aviation security projects'' and inserting ''projects, terminal development projects, general aviation airport construction or improvement projects, and aviation safety projects''; and

(B) in paragraph (1) by striking ''better'' and inserting ''streamlined''.

(4) by striking subsection (b) and inserting the following:

''(b) AVIATION PROJECTS SUBJECT TO A STREAMLINED ENVIRONMENTAL REVIEW PROCESS.—

''(1) IN GENERAL.—Any airport capacity enhancement project, terminal development project, or general aviation airport construction or improvement project shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

''(2) PROJECT DESIGNATION CRITERIA.—

''(A) IN GENERAL.—The Administrator may designate an aviation safety project for priority environmental review. A designated project shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

''(B) PROJECT DESIGNATION CRITERIA.—The Administrator shall establish guidelines for the designation of an aviation safety project or aviation security project for priority environmental review. Such guidelines shall provide for consideration of—

''(i) the importance or urgency of the project;

''(ii) the potential for undertaking the environmental review under existing emergency procedures under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.);

''(iii) the need for cooperation and concurrent reviews by other Federal or State agencies; and

''(iv) the prospect for undue delay if the project is not designated for priority review.'';

(5) in subsection (c) by striking ''an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(3)'' and inserting ''a project described or designated under subsection (b)'';

(6) in subsection (d) by striking ''each airport capacity enhancement project at a congested airport or a project designated under subsection (b)(3)'' and inserting ''a project described or designated under subsection (b)'';

(7) in subsection (h) by striking ''designated under subsection (b)(3)'' and all that follows through ''congested airports'' and inserting ''described in subsection (b)(1)'';

(8) in subsection (j)—

(A) by striking ''For any'' and inserting the following:

''(1) IN GENERAL.—For any''; and

(B) by adding at the end the following:

''(2) DEADLINE.—The Administrator shall define the purpose and need of a project not later than 45 days after receipt of a draft purpose and need statement (or revision thereof that materially affects a statement previously prepared or accepted by the Administrator) from an airport sponsor. The Administrator shall provide airport sponsors with appropriate guidance to implement any applicable requirements.'';

(9) in subsection (k)—

(A) by striking ''an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(3)'' and inserting ''a project described or designated under subsection (b)'';

(B) by striking ''project shall consider'' and inserting the following:

''project shall—

''(1) consider'';

(C) by striking the period at the end and inserting ''; and''; and

(D) by adding at the end the following:

''(2) limit the comments of the agency to—

''(A) subject matter areas within the special expertise of the agency; and

''(B) changes necessary to ensure the agency is carrying out the obligations of that agency under the National Environmental Policy Act of 1969 and other applicable law.'';

(10) in subsection (l) by striking the period at the end and inserting ''and section 1503 of title 40, Code of Federal Regulations.''; and

(11) by striking subsection (m) and inserting the following:

''(m) COORDINATION AND SCHEDULE.—

''(1) COORDINATION PLAN.—

''(A) IN GENERAL.—Not later than 90 days after the date of publication of a notice of intent to prepare an environmental impact statement or the initiation of an environmental assessment, the Administrator of the Federal Aviation Administration shall establish a plan for coordinating public and agency participation in and comment on the environmental review process for a project described or designated under subsection (b). The coordination plan may be incorporated into a memorandum of understanding.

''(B) SCHEDULE.—

''(i) IN GENERAL.—The Administration shall establish as part of such coordination plan, after consultation with and the concurrence of each participating agency for the project and with the State in which the project is located (and, if the State is not the project sponsor, with the project sponsor), a schedule for—

''(I) interim milestones and deadlines for agency activities necessary to complete the environmental review; and

''(II) completion of the environmental review process for the project.

''(ii) FACTORS FOR CONSIDERATION.—In establishing the schedule under clause (i), the Administration shall consider factors such as—

''(I) the responsibilities of participating agencies under applicable laws;

''(II) resources available to the cooperating agencies;

''(III) overall size and complexity of the project;

''(IV) the overall time required by an agency to conduct an environmental review and make decisions under applicable Federal law relating to a project (including the issuance or denial of a permit or license) and the cost of the project; and

''(V) the sensitivity of the natural and historic resources that could be affected by the project.

''(iii) MAXIMUM PROJECT SCHEDULE.—To the maximum extent practicable and consistent with applicable Federal law, the Administrator shall develop, in concurrence with the project sponsor, a maximum schedule for the project described or designated under subsection (b) that is not more than 2 years for the completion of the environmental review process for such projects, as measured from, as applicable the date of publication of a notice of intent to prepare an environmental impact statement to the record of decision.

''(iv) DISPUTE RESOLUTION.—

''(I) IN GENERAL.—Any issue or dispute that arises between the Administrator and participating agencies (or amongst participating agencies) during the environmental review process will be addressed expeditiously to avoid delay.

''(II) RESPONSIBILITIES.—The Administrator and participating agencies shall—

''(aa) implement the requirements of this section consistent with any dispute resolution process established in an applicable law, regulation, or legally binding agreement to the maximum extent permitted by law; and

''(bb) seek to resolve issues or disputes at the earliest possible time at the project level through agency employees who have day-to-day involvement in the project.

''(III) ELEVATION FOR MISSED MILESTONE.—If a dispute between the Administrator and participating agencies (or amongst participating agencies) causes a milestone to be missed or extended, or the Administrator anticipates that a permitting timetable milestone will be missed or will need to be extended, then the dispute shall be elevated to an official designated by the relevant agency for resolution. Such elevation should take place as soon as practicable after the Administrator becomes aware of the dispute or potential missed milestone.

''(IV) EXCEPTION.—Disputes that do not impact the ability of an agency to meet a milestone may be elevated as appropriate.

''(V) FURTHER EVALUATION.—Once a dispute has been elevated to the designated official, if no resolution has been reached at the end of 30 days after the relevant milestone date or extension date, then the relevant agencies shall elevate the dispute to senior agency leadership for resolution.

''(C) CONSISTENCY WITH OTHER TIME PERIODS.—A schedule under subparagraph (B) shall be consistent with any other relevant time periods established under Federal law.

''(D) MODIFICATION.—

''(i) IN GENERAL.—Except as provided in clause (ii), the Administrator may lengthen or shorten a schedule established under subparagraph (B) for good cause. A decision by a project sponsor to change, modify, expand, or reduce the scope of a project may be considered as good cause for lengthening or shortening of such schedule as appropriate and based on the nature and extent of the proposed project adjustment.

''(ii) LIMITATIONS.—

''(I) LENGTHENED SCHEDULE.—The Administrator may lengthen a schedule under clause (i) for a cooperating Federal agency by not more than 1 year after the latest deadline established for the project described or designated under subsection (b) by the Administration.

''(II) SHORTENED SCHEDULE.—The Administrator may not shorten a schedule under clause (i) if doing so would impair the ability of a cooperating Federal agency to conduct necessary analyses or otherwise carry out relevant obligations of the Federal agency for the project.

''(E) FAILURE TO MEET DEADLINE.—If a cooperating Federal agency fails to meet a deadline established under subparagraph (D)(ii)(I)—

''(i) the cooperating Federal agency shall, not later than 10 days after meeting the deadline, submit to the Administrator a report that describes the reasons why the deadline was not met; and

''(ii) the Secretary shall—

''(I) submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a copy of the report under clause (i); and

''(II) make the report under clause (i) publicly available on the website of the agency.

''(F) DISSEMINATION.—A copy of a schedule under subparagraph (B), and of any modifications to the schedule, shall be—

''(i) provided to all participating agencies and to the State transportation department of the State in which the project is located (and, if the State is not the project sponsor, to the project sponsor); and

''(ii) made available to the public.

''(2) COMMENT DEADLINES.—The Administrator shall establish the following deadlines for comment during the environmental review process for a project:

''(A) For comments by agencies and the public on a draft environmental impact statement, a period of not more than 60 days after publication in the Federal Register of notice of the date of public availability of such statement, unless—

''(i) a different deadline is established by agreement of the lead agency, the project sponsor, and all participating agencies; or

''(ii) the deadline is extended by the lead agency for good cause.

''(B) For all other comment periods established by the lead agency for agency or public comments in the environmental review process, a period of no more than 30 days from availability of the materials on which comment is requested, unless—

''(i) a different deadline is established by agreement of the Administrator, the project sponsor, and all participating agencies; or

''(ii) the deadline is extended by the lead agency for good cause.

''(3) DEADLINES FOR DECISIONS UNDER OTHER LAWS.—In any case in which a decision under any Federal law relating to a project described or designated under subsection (b) (including the issuance or denial of a permit or license) is required to be made by the later of the date that is 180 days after the date on which the Administrator made all final decisions of the lead agency with respect to the project, or 180 days after the date on which an application was submitted for the permit or license, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and publish on the website of the Administration—

''(A) as soon as practicable after the 180-day period, an initial notice of the failure of the Federal agency to make the decision; and

''(B) every 60 days thereafter until such date as all decisions of the Federal agency relating to the project have been made by the Federal agency, an additional notice that describes the number of decisions of the Federal agency that remain outstanding as of the date of the additional notice.

''(4) INVOLVEMENT OF THE PUBLIC.—Nothing in this subsection shall reduce any time period provided for public comment in the environmental review process under existing Federal law, including a regulation.

''(n) CONCURRENT REVIEWS AND SINGLE NEPA DOCUMENT.—

''(1) CONCURRENT REVIEWS.—Each participating agency and cooperating agency under the expedited and coordinated environmental review process established under this section shall—

''(A) carry out the obligations of that agency under other applicable law concurrently, and in conjunction, with the review required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), unless doing so would impair the ability of the Federal agency to conduct needed analysis or otherwise carry out such obligations; and

''(B) formulate and implement administrative, policy, and procedural mechanisms to enable the agency to ensure completion of the environmental review process in a timely, coordinated, and environmentally responsible manner.

''(2) SINGLE NEPA DOCUMENT.—

''(A) IN GENERAL.—Except as inconsistent with subsection (a), to the maximum extent practicable and consistent with Federal law, all Federal permits and reviews for a project shall rely on a single environment document prepared under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) under the leadership of the Administrator of the Federal Aviation Administration.

''(B) USE OF DOCUMENT.—

''(i) IN GENERAL.—To the maximum extent practicable, the Administrator shall develop an environmental document sufficient to satisfy the requirements for any Federal approval or other Federal action required for the project, including permits issued by other Federal agencies.

''(ii) COOPERATION OF PARTICIPATING AGENCIES.—Other participating agencies shall cooperate with the lead agency and provide timely information to help the lead agency carry out this subparagraph.

''(C) TREATMENT AS PARTICIPATING AND COOPERATING AGENCIES.—A Federal agency required to make an approval or take an action for a project, as described in this paragraph, shall work with the Administration for the project to ensure that the agency making the approval or taking the action is treated as being both a participating and cooperating agency for the project.

''(3) PARTICIPATING AGENCY RESPONSIBILITIES.—An agency participating in the expedited and coordinated environmental review process under this section shall—

''(A) provide comments, responses, studies, or methodologies on those areas within the special expertise or jurisdiction of the agency; and

''(B) use the process to address any environmental issues of concern to the agency.

''(o) ENVIRONMENTAL IMPACT STATEMENT.—

''(1) IN GENERAL.—In preparing a final environmental impact statement under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) for a project described or designated under subsection (b), if the Administrator modifies the statement in response to comments that are minor and are confined to factual corrections or explanations of why the comments do not warrant additional agency response, the Administrator may write on errata sheets attached to the statement instead of rewriting the draft statement, subject to the condition that the errata sheets—

''(A) cite the sources, authorities, and reasons that support the position of the agency; and

''(B) if appropriate, indicate the circumstances that would trigger agency reappraisal or further response.

''(2) SINGLE DOCUMENT.—To the maximum extent practicable, for a project subject to a coordinated review process under this section, the Administrator shall expeditiously develop a single document that consists of a final environmental impact statement and a record of decision, unless—

''(A) the final environmental impact statement or record of decision makes substantial changes to the project that are relevant to environmental or safety concerns; or

''(B) there is a significant new circumstance or information relevant to environmental concerns that bears on the proposed action or the environmental impacts of the proposed action.

''(3) LENGTH OF ENVIRONMENTAL DOCUMENT.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), an environmental impact statement shall not exceed 150 pages, not including any citations or appendices.

''(B) EXTRAORDINARY COMPLEXITY.—An environmental impact statement for a proposed agency action of extraordinary complexity shall not exceed 300 pages, not including any citations or appendices.

''(p) INTEGRATION OF PLANNING AND ENVIRONMENTAL REVIEW.—

''(1) IN GENERAL.—Subject to paragraph (5) and to the maximum extent practicable and appropriate, the following agencies may adopt or incorporate by reference, and use a planning product in proceedings relating to, any class of action in the environmental review process of a project described or designated under subsection (b):

''(A) The lead agency for a project, with respect to an environmental impact statement, environmental assessment, categorical exclusion, or other document prepared under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

''(B) A cooperating agency with responsibility under Federal law with respect to the process for and completion of any environmental permit, approval, review, or study required for a project under any Federal law other than the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), if consistent with that law.

''(2) IDENTIFICATION.—If the relevant agency makes a determination to adopt or incorporate by reference and use a planning product under paragraph (1), such agency shall identify the agencies that participated in the development of the planning products.

''(3) ADOPTION OR INCORPORATION BY REFERENCE OF PLANNING PRODUCTS.—The relevant agency may—

''(A) adopt or incorporate by reference an entire planning product under paragraph (1); or

''(B) select portions of a planning project under paragraph (1) for adoption or incorporation by reference.

''(4) TIMING.—The adoption or incorporation by reference of a planning product under paragraph (1) may—

''(A) be made at the time the relevant agencies decide the appropriate scope of environmental review for the project; or

''(B) occur later in the environmental review process, as appropriate.

''(5) CONDITIONS.—The relevant agency in the environmental review process may adopt or incorporate by reference a planning product under this section if the relevant agency determines, with the concurrence of the lead agency and, if the planning product is necessary for a cooperating agency to issue a permit, review, or approval for the project, with the concurrence of the cooperating agency, that the following conditions have been met:

''(A) The planning product was developed through a planning process conducted pursuant to applicable Federal law.

''(B) The planning product was developed in consultation with appropriate Federal and State resource agencies and Indian Tribes.

''(C) The planning process included broad multidisciplinary consideration of systems-level or corridor-wide transportation needs and potential effects, including effects on the human and natural environment.

''(D) The planning process included public notice that the planning products produced in the planning process may be adopted during any subsequent environmental review process in accordance with this section.

''(E) During the environmental review process, the relevant agency has—

''(i) made the planning documents available for public review and comment by members of the general public and Federal, State, local, and Tribal governments that may have an interest in the proposed project;

''(ii) provided notice of the intention of the relevant agency to adopt or incorporate by reference the planning product; and

''(iii) considered any resulting comments.

''(F) There is no significant new information or new circumstance that has a reasonable likelihood of affecting the continued validity or appropriateness of the planning product or portions thereof.

''(G) The planning product has a rational basis and is based on reliable and reasonably current data and reasonable and scientifically acceptable methodologies.

''(H) The planning product is documented in sufficient detail to support the decision or the results of the analysis and to meet requirements for use of the information in the environmental review process.

''(I) The planning product is appropriate for adoption or incorporation by reference and use in the environmental review process for the project and is incorporated in accordance with, and is sufficient to meet the requirements of, the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and section 1502.21 of title 40, Code of Federal Regulations.

''(6) EFFECT OF ADOPTION OR INCORPORATION BY REFERENCE.—Any planning product or portions thereof adopted or incorporated by reference by the relevant agency in accordance with this subsection may be—

''(A) incorporated directly into an environmental review process document or other environmental document; and

''(B) relied on and used by other Federal agencies in carrying out reviews of the project.

''(q) REPORT ON NEPA DATA.—

''(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall carry out a process to track, and annually submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on projects described in subsection (b)(1) that contains the information described in paragraph (3).

''(2) TIME TO COMPLETE.—For purposes of paragraph (3), the NEPA process—

''(A) for an environmental impact statement—

''(i) begins on the date on which a notice of intent is published in the Federal Register; and

''(ii) ends on the date on which the Administrator issues a record of decision, including, if necessary, a revised record of decision; and

''(B) for an environmental assessment—

''(i) begins on the date on which the Administrator makes a determination to prepare an environmental assessment; and

''(ii) ends on the date on which the Administrator issues a finding of no significant impact or determines that preparation of an environmental impact statement is necessary.

''(3) INFORMATION DESCRIBED.—The information referred to in paragraph (1) is, with respect to the Federal Aviation Administration—

''(A) the number of proposed actions for which a categorical exclusion was applied by the Administration during the reporting period;

''(B) the number of proposed actions for which a documented categorical exclusion was applied by the Administration during the reporting period;

''(C) the number of proposed actions pending on the date on which the report is submitted for which the issuance of a documented categorical exclusion by the Administration is pending;

''(D) the number of proposed actions for which an environmental assessment was issued by the Administration during the reporting period;

''(E) the length of time the Administration took to complete each environmental assessment described in subparagraph (D);

''(F) the number of proposed actions pending on the date on which the report is submitted for which an environmental assessment is being drafted by the Administration;

''(G) the number of proposed actions for which a final environmental impact statement was completed by the Administration during the reporting period;

''(H) the length of time that the Administration took to complete each environmental impact statement described in subparagraph (G);

''(I) the number of proposed actions pending on the date on which the report is submitted for which an environmental impact statement is being drafted; and

''(J) for the proposed actions reported under subparagraphs (F) and (I), the percentage of those proposed actions for which—

''(i) project funding has been identified; and

''(ii) all other Federal, State, and local activities that are required to allow the proposed action to proceed are completed.

''(4) DEFINITIONS.—In this section:

''(A) ENVIRONMENTAL ASSESSMENT.—The term 'environmental assessment' has the meaning given the term in section 1508.1 of title 40, Code of Federal Regulations (or a successor regulation).

''(B) ENVIRONMENTAL IMPACT STATEMENT.—The term 'environmental impact statement' means a detailed statement required under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

''(C) NEPA PROCESS.—The term 'NEPA process' means the entirety of the development and documentation of the analysis required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), including the assessment and analysis of any impacts, alternatives, and mitigation of a proposed action, and any interagency participation and public involvement required to be carried out before the Administrator undertakes a proposed action.

''(D) PROPOSED ACTION.—The term 'proposed action' means an action (within the meaning of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.)) under this title that the Administrator proposes to carry out.

''(E) REPORTING PERIOD.—The term 'reporting period' means the fiscal year prior to the fiscal year in which a report is issued under subsection (a).''.

SEC. 474. SUBCHAPTER III DEFINITIONS.

Section 47175 of title 49, United States Code, is amended—

(1) in paragraph (3)(A) by striking ''and'' at the end and inserting ''or'';

(2) in paragraph (4)—

(A) in subparagraph (A) by striking ''and'' at the end; and

(B) in subparagraph (B)—

(i) by striking ''(B)''; and

(ii) by redesignating clauses (i) and (ii) as subparagraphs (B) and (C), respectively;

(3) by striking paragraph (5);

(4) by redesignating paragraphs (3), (1), (4), (2), (6), and (8) as paragraphs (1), (2), (3), (4), (5), and (6), respectively; and

(5) by adding at the end the following:

''(8) TERMINAL DEVELOPMENT.—The term 'terminal development' has the same meaning given such term in section 47102.''.

SEC. 475. PILOT PROGRAM EXTENSION.

Section 190(i) of the FAA Reauthorization Act of 2018 (49 U.S.C. 47104 note) is amended by striking ''5 years'' and all that follows through the period at the end and inserting ''on October 1, 2028.''.

SEC. 476. PART 150 NOISE STANDARDS UPDATE.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall review and revise part 150 of title 14, Code of Federal Regulations, to reflect all relevant laws and regulations, including part 161 of title 14, Code of Federal Regulations.

(b) OUTREACH.—As part of the review conducted under subsection (a), the Administrator shall clarify existing and future noise policies and standards and seek feedback from airports, airport users, and individuals living in the vicinity of airports before implementing any changes to any noise policies or standards.

(c) BRIEFING.—Not later than 90 days after the date of enactment of this Act, and every 6 months thereafter, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate regarding the review conducted under subsection (a).

(d) SUNSET.—The requirement under subsection (c) shall terminate on September 30, 2028.

SEC. 477. REDUCING COMMUNITY AIRCRAFT NOISE EXPOSURE.

In implementing or revising a flight procedure, the Administrator of the Federal Aviation Administration shall seek to take the following actions (to the extent that such actions do not negatively affect aviation safety or efficiency) to reduce undesirable aircraft noise:

(1) Implement flight procedures that can mitigate the impact of aircraft noise.

(2) Work with airport sponsors and potentially impacted neighboring communities in establishing or modifying aircraft arrival and departure routes.

(3) Discourage local encroachment of residential or other buildings near airports that could create future aircraft noise complaints or impact airport operations or aviation safety.

SEC. 478. CATEGORICAL EXCLUSIONS.

(a) CATEGORICAL EXCLUSION FOR PROJECTS OF LIMITED FEDERAL ASSISTANCE.—An action by the Administrator of the Federal Aviation Administration to approve, permit, finance, or otherwise authorize any airport project that is undertaken by the sponsor, owner, or operator of a public-use airport shall be presumed to be covered by a categorical exclusion under Federal Aviation Administration Order 1050.1F, or any successor document, if such project—

(1) receives less than $6,000,000 (as adjusted annually by the Administrator to reflect any increases in the Consumer Price Index prepared by the Department of Labor) of Federal funds or funds from charges collected under section 40117 of title 49, United States Code; or

(2) with a total estimated cost of not more than $35,000,000 (as adjusted annually by the Administrator to reflect any increases in the Consumer Price Index prepared by the Department of Labor) and Federal funds comprising less than 15 percent of the total estimated project cost.

(b) CATEGORICAL EXCLUSION IN EMERGENCIES.—An action by the Administrator to approve, permit, finance, or otherwise authorize an airport project that is undertaken by the sponsor, owner, or operator of a public-use airport shall be presumed to be covered by a categorical exclusion under Federal Aviation Administration Order 1050.1F, or any successor document, if such project is—

(1) for the repair or reconstruction of any airport facility, runway, taxiway, or similar structure that is in operation or under construction when damaged by an emergency declared by the Governor of the State and concurred in by the Administrator, or for a disaster or emergency declared by the President pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.);

(2) in the same location with the same capacity, dimensions, and design as the original airport facility, runway, taxiway, or similar structure as before the declaration described in this section; and

(3) commenced within a 2-year period beginning on the date of a declaration described in this section.

(c) EXTRAORDINARY CIRCUMSTANCES.—The presumption that an action is covered by a categorical exclusion under subsections (a) and (b) shall not apply if the Administrator determines that extraordinary circumstances exist with respect to such action.

(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to impact any aviation safety authority of the Administrator.

(e) DEFINITIONS.—In this section:

(1) CATEGORICAL EXCLUSION.—The term ''categorical exclusion'' has the meaning given the term in section 1508.1(d) of title 40, Code of Federal Regulations.

(2) PUBLIC-USE AIRPORT; SPONSOR.—The terms ''public-use airport'' and ''sponsor'' have the meaning given such terms in section 47102 of title 49, United States Code.

SEC. 479. CRITICAL HABITAT ON OR NEAR AIRPORT PROPERTY.

(a) FEDERAL AGENCY REQUIREMENTS.—The Administrator of the Federal Aviation Administration, to the maximum extent practicable, shall collaborate with the heads of appropriate Federal agencies to ensure that designations of critical habitat, as such term is defined in section 3 of the Endangered Species Act of 1973 (16 U.S.C. 1532), on or near airport property do not—

(1) result in conflicting statutory, regulatory, or Federal grant assurance requirements for airports or aircraft operators;

(2) interfere with the safe operation of aircraft; or

(3) occur on airport-owned lands that have become attractive habitat for a threatened or endangered species because such lands—

(A) have been prepared for future development;

(B) have been designated as noise buffer land; or

(C) are held by the airport to prevent encroachment of uses that are incompatible with airport operations.

(b) STATE REQUIREMENTS.—In a State in which a State agency is authorized to designate land on or near airport property for the conservation of a threatened or endangered species in the State, the Administrator, to the maximum extent practicable, shall collaborate with the State in the same manner as the Administrator collaborates with the heads of Federal agencies under subsection (a).

SEC. 480. UPDATING PRESUMED TO CONFORM LIMITS.

Not later than 24 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall take such actions as are necessary to update the Administration's list of actions that are presumed to conform to a State implementation plan pursuant to section 93.153(f) of title 40, Code of Federal Regulations, to include projects relating to the construction of aircraft hangars.

SEC. 481. RECOMMENDATIONS ON REDUCING ROTORCRAFT NOISE IN DISTRICT OF COLUMBIA.

(a) STUDY.—The Comptroller General of the United States shall conduct a study on reducing rotorcraft noise in the District of Columbia.

(b) CONTENTS.—The study conducted under subsection (a) shall consider—

(1) the extent to which military operators consider operating over unpopulated areas outside of the District of Columbia for training missions;

(2) the extent to which vehicles or aircraft other than conventional rotorcraft (such as unmanned aircraft) could be used for emergency and law enforcement response; and

(3) the extent to which relevant operators and entities have assessed and addressed, as appropriate, the noise impacts of various factors of operating rotorcraft, including, at a minimum—

(A) altitude;

(B) the number of flights;

(C) flight paths;

(D) time of day of flights;

(E) types of aircraft;

(F) operating procedures; and

(G) pilot training.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on preliminary observations with a report to follow at a date agreed upon at the time of the briefing containing—

(1) the contents of the study conducted under subsection (a); and

(2) any recommendations for the reduction of rotorcraft noise in the District of Columbia.

(d) RELEVANT OPERATORS AND ENTITIES DEFINED.—In this section, the term ''relevant operators and entities'' means—

(1) the Chief of Police of the Metropolitan Police Department of the District of Columbia;

(2) any medical rotorcraft operator that routinely flies a rotorcraft over the District of Columbia; and

(3) any other operator that routinely flies a rotorcraft over the District of Columbia.

SEC. 482. UFP STUDY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall enter into an agreement with the National Academies under which the National Research Council shall carry out a study examining airborne ultrafine particles and the effect of such particles on human health.

(b) SCOPE OF STUDY.—The study conducted under subsection (a) shall—

(1) summarize the relevant literature and studies done on airborne UPFs worldwide;

(2) focus on large hub airports;

(3) examine airborne UFPs and their potential effect on human health, including—

(A) characteristics of UFPs present in the air;

(B) spatial and temporal distributions of UFP concentrations;

(C) primary sources of UFPs;

(D) the contribution of aircraft and airport operations to the distribution of UFP concentrations compared to other sources;

(E) potential health effects associated with elevated UFP exposures, including outcomes related to cardiovascular disease, respiratory infection and disease, degradation of neurocognitive functions, and other health effects; and

(F) potential UFP exposures, especially to susceptible groups;

(4) identify measures intended to reduce the release of UFPs; and

(5) identify information gaps related to understanding potential relationships between UFP exposures and health effects, contributions of aviation-related emissions to UFP exposures, and the effectiveness of mitigation measures.

(c) COORDINATION.— The Administrator may coordinate with the heads of such other agencies that the Administrator considers appropriate to provide data and other assistance necessary for the study.

(d) REPORT.—Not later than 180 days after the National Research Council submits of the results of the study to the Administrator, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the study carried out under subsection (a), including any recommendations based on such study.

(e) DEFINITION OF ULTRAFINE PARTICLE.—In this section, the terms ''ultrafine particle'' and ''UFP'' mean particles with diameters less than or equal to 100 nanometers.

SEC. 483. AVIATION AND AIRPORT COMMUNITY ENGAGEMENT.

(a) ESTABLISHMENT OF TASK FORCE.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish an airport community of interest task force (in this section referred to as the ''Task Force'') to evaluate and improve existing processes and mechanisms for engaging communities impacted by airport development and aviation operations.

(2) ACTIVITIES.—The Task Force shall—

(A) review research on aircraft noise impacts to identify potential actions the Administrator could take;

(B) review processes and practices of the Administration for engaging communities prior to or after air traffic pattern changes that impact such communities, including with how such processes and practices compare to best practices from organizations with expertise in grassroots community organizing and collaboration;

(C) assess Federal efforts to mitigate noise impacts on communities, including costs and benefits of such efforts;

(D) assess the various actions that State and local government officials and community planners could take when considering changes to airport infrastructure, including planned airport projects or surrounding airport community developments;

(E) identify potential improvements to Federal, State, and local airport development policy and planning processes to better balance which communities experience negative externalities as a result of airport operations;

(F) consider guidance to airports and airport communities to improve engagement with the Administration, as recommended by the document titled ''Aircraft Noise: FAA Could Improve Outreach Through Enhanced Noise Metrics, Communication, and Support to Communities'', issued in September 2021 (GAO–21–103933);

(G) consider mechanisms and opportunities for the Administration to facilitate better exchange of helicopter noise information with operators in communities adversely impacted by helicopter noise, as recommended by the Comptroller General in the document titled ''Aircraft Noise: Better Information Sharing Could Improve Responses to Washington, D.C. Area Helicopter Noise Concerns'' (GAO–21–200); and

(H) review air traffic controller guidance on use and development of noise abatement procedures of the Administration to identify areas for improvement or efficiency that do not adversely impact aviation safety.

(3) COMPOSITION.—

(A) APPOINTMENT.—The Administrator shall appoint the members of the Task Force.

(B) CHAIRPERSON.—The Task Force shall be chaired by the Administrator's executive level designee.

(C) REPRESENTATION.—The Task Force shall be comprised of representatives from—

(i) airport communities or a representative organization of an airport community;

(ii) airport operators;

(iii) airlines;

(iv) experts with specific knowledge of air traffic planning;

(v) aircraft manufacturers;

(vi) local government officials; and

(vii) such other representatives as the Administrator considers appropriate.

(4) COMPENSATION.—Members of the Task Force shall serve without compensation.

(5) NONAPPLICABILITY OF FACA.—Chapter 10 of title 5, United States Code, shall not apply to the Task Force established under this section.

(6) CONSULTATION.—The Task Force shall, as appropriate, consult with relevant experts and stakeholders not listed in paragraph (3)(C) in conducting the activities described in paragraph (2).

(7) REPORTS.—

(A) RECOMMENDATIONS.—Not later than 1 year after the date of the establishment of the Task Force and every year thereafter through fiscal year 2028, the Task Force shall provide to the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Administrator recommendations to improve the processes and mechanisms for engaging communities impacted by airport development and aviation operations.

(B) BRIEFING.—Not later than 60 days after the submission of the annual recommendations under subparagraph (A), the Administrator shall brief the committees described in such subparagraph on any plans of the Administration to implement the recommendations of the Task Force, including explanations for each of the recommendations the Administrator does not intend to adopt.

(b) ENGAGEMENT EVENTS.—

(1) ANNUAL EVENT.—The Administrator shall seek to convene at least 1 annual event in each geographic region of the Administration to engage with aviation communities on issues of regional import.

(2) PURPOSE.—The purpose of the engagement events described under paragraph (1) shall be to foster open and transparent communication between the Federal Government and aviation-impacted communities prior to, during, and after decision making at the Federal level.

(3) TOPICS OF CONSIDERATION.—The topics of consideration of such engagement events shall be approved by the Regional Administrator or the Regional Community Engagement Officer of the applicable region, in consultation with regional interest groups. Topic areas shall be driven by local and regional feedback and may focus on—

(A) noise concerns from low-flying commercial aircraft;

(B) purchase and installation of aircraft noise reduction measures;

(C) new development projects in close proximity to airports and realistic noise expectations for such projects;

(D) proposed airport expansion projects and the potential noise implications of such projects;

(E) the establishment of new, or changes to existing, approach and departure routes and the community impacts of such changes;

(F) upcoming events with an aviation component; or

(G) any other topic or issue considered relevant by an aviation-impacted community.

(4) PARTICIPATION.—

(A) COORDINATION.—All events described in paragraph (3) shall be convened by or in coordination with the regional offices of the Administration.

(B) ATTENDANCE BY REPRESENTATIVES.—The Administrator shall ensure representatives from relevant program offices of the Administration are in attendance at such events.

(C) APPROPRIATE PARTICIPATION.—The Administrator shall collaborate with community groups at the State, municipal, city, or local government level to ensure appropriate participation by as many relevant parties on a given issue as practicable. Such relevant parties may include—

(i) State or local government officials;

(ii) local or municipal planning and zoning officials;

(iii) neighborhood representatives;

(iv) aircraft operators, flight school representatives, or other local aviation entities;

(v) airport operators; and

(vi) any other parties as appropriate.

(D) COORDINATION.—The Administrator shall coordinate Federal participation that is not under the Administration through the Federal Interagency Committee on Aviation Noise to encourage appropriate Federal representation at all such events, based on the topic areas of consideration.

SEC. 484. COMMUNITY COLLABORATION PROGRAM.

(a) ESTABLISHMENT.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a Community Collaboration Program (in this section referred to as the ''Program'') within the Office for Policy, International Affairs, and Environment of the Administration.

(b) STAFF.—The Program shall be comprised of representatives from—

(1) the Office for Policy, International Affairs, and Environment of the Administration;

(2) the Office of Airports of the Administration;

(3) the Air Traffic Organization of the Administration; and

(4) other entities as considered appropriate by the Administrator.

(c) RESPONSIBILITIES.—

(1) IN GENERAL.—The Program shall facilitate and harmonize, as appropriate, policies and procedures carried out by the entities listed in subsection (b) pertaining to community engagement relating to—

(A) airport planning and development;

(B) noise and environmental policy;

(C) NextGen implementation;

(D) air traffic route changes;

(E) integration of new and emerging entrants; and

(F) other topics with respect to which community engagement is critical to program success.

(2) SPECIFIED RESPONSIBILITIES.—The responsibilities of the Program lead shall include—

(A) the establishment of, and membership selection for, the Airport Community of Interest Task Force, established under section 483;

(B) joint execution with Federal Aviation Administration Regional Administrators of regional community engagement events, as described in section 483;

(C) updating the internal guidance of the Administration for community engagement based on recommendations from such Task Force and best practices of other Federal agencies and external organizations with expertise in community engagement;

(D) coordinating with the Air Traffic Organization on community engagement efforts related to air traffic procedure changes to ensure that impacted communities are consulted in a meaningful way;

(E) oversight of Regional Ombudsmen of the Administration;

(F) oversight, streamlining, and increasing the responsiveness of the noise complaint process of the Administration by—

(i) centralizing noise complaint data and improving data collection methodologies;

(ii) increasing public accessibility to such Regional Ombudsmen;

(iii) ensuring such Regional Ombudsmen are consulted in local air traffic procedure development decisions;

(iv) collecting feedback from such Regional Ombudsmen to inform national policymaking efforts; and

(v) other recommendations made by the Airport Community of Interest Task Force;

(G) timely implementation of the recommendations, as appropriate, made by the Comptroller General of the United States to the Secretary of Transportation contained in the report titled ''Aircraft Noise: FAA Could Improve Outreach Through Enhanced Noise Metrics, Communication, and Support to Communities'', issued in September 2021 (GAO–21–103933) to improve the outreach of the FAA to local communities impacted by aircraft noise, including—

(i) any recommendations to—

(I) identify appropriate supplemental metrics for assessing noise impacts and circumstances for their use to aid in the internal assessment of the Administration of noise impacts related to proposed flight path changes;

(II) update guidance to incorporate additional tools to more clearly convey expected impacts, such as other noise metrics and visualization tools; and

(III) improve guidance to airports and communities on effectively engaging with the Administration; and

(ii) any other recommendations included in the report that would assist the agency in improving outreach to communities affected by aircraft noise; and

(H) other responsibilities as considered appropriate by the Administrator.

(d) REPORT.—Not later than 2 years after the Administrator implements the recommendations described in subsection (c)(2)(H), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate describing—

(1) the implementation of each such recommendation;

(2) how any recommended actions are assisting the Administrator in improving outreach to communities affected by aircraft noise and other community engagement concerns; and

(3) any challenges or barriers that limit or prevent the ability of the Administrator to take such actions.

SEC. 485. THIRD PARTY STUDY ON AVIATION NOISE METRICS.

(a) STUDY.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall enter into an agreement with the National Academies to conduct a study on aviation noise metrics.

(b) CONTENTS.—The study required under subsection (a) shall include an assessment of—

(1) the efficacy of the day-night average sound level (in this section referred to as ''DNL'') noise metric compared to other alternative models;

(2) the disadvantages of the DNL noise metric in effect as of the date of enactment of this Act compared to other alternative models;

(3) any potential changes that should be made to the DNL noise metric in effect as of the date of enactment of this Act; and

(4) the data collected by the Neighborhood Environmental Survey of the Administration using alternative noise metrics.

(c) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this Act, the National Academies shall submit to the Administrator, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report—

(1) on the results of the study described in subsection (a); and

(2) containing recommendations regarding the most appropriate metric to adequately assess the public health impacts of aircraft noise.

SEC. 486. INFORMATION SHARING REQUIREMENT.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, shall establish a mechanism to make helicopter noise complaint data accessible to the Federal Aviation Administration, to helicopter operators operating in the Washington, D.C. area, and to the public on a website of the Administration, based on the recommendation of the Government Accountability Office in the report published on January 7, 2021, titled ''Aircraft Noise: Better Information Sharing Could Improve Responses to Washington, D.C. Area Helicopter Noise Concerns''.

(b) COOPERATION.—Any helicopter operator operating in the Washington, D.C. area shall provide helicopter noise complaint data to the Federal Aviation Administration through the mechanism established under subsection (a).

(c) DEFINITIONS.—In this section:

(1) HELICOPTER NOISE COMPLAINT DATA.—The term ''helicopter noise complaint data''—

(A) means general data relating to a complaint made by an individual about helicopter noise in the Washington, D.C. area and may include—

(i) the location and description of the event that is the subject of the complaint;

(ii) the start and end time of such event;

(iii) a description of the aircraft that is the subject of the complaint; and

(iv) the airport name associated with such event; and

(B) does not include the personally identifiable information of the individual who submitted the complaint.

(2) WASHINGTON, D.C. AREA.—The term ''Washington, D.C. area'' means the area inside of a 30-mile radius surrounding Ronald Reagan Washington National Airport.

TITLE V—AVIATION SAFETY

Subtitle A—General Provisions

SEC. 501. ZERO TOLERANCE FOR NEAR MISSES, RUNWAY INCURSIONS, AND SURFACE SAFETY RISKS.

(a) POLICY.—

(1) IN GENERAL.—Section 47101(a) of title 49, United States Code, is amended—

(A) by redesignating paragraphs (2) through (13) as paragraphs (3) through (14), respectively; and

(B) by inserting after paragraph (1) the following:

''(2) that projects, activities, and actions that prevent runway incursions serve to—

''(A) improve airport surface surveillance; and

''(B) mitigate surface safety risks that are essential to ensuring the safe operation of the airport and airway system;''.

(2) CONFORMING AMENDMENTS.—Section 47101 of title 49, United States Code, is amended—

(A) in subsection (g) by striking ''subsection (a)(5)'' and inserting ''subsection (a)(6)''; and

(B) in subsection (h) by striking ''subsection (a)(6)'' and inserting ''subsection (a)(7)''.

(3) CONTINUOUS EVALUATION.—In carrying out section 47101(a) of title 49, United States Code,

as amended by this subsection, the Administrator of the Federal Aviation Administration shall establish a process to continuously track and evaluate ground traffic and air traffic activity and related incidents at airports.

(b) RUNWAY SAFETY COUNCIL.—

(1) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a council, to be known as the ''Runway Safety Council'' (in this section referred to as the ''Council''), to develop a systematic proactive management strategy to address surface safety risks.

(2) DUTIES.—The duties of the Council shall include, at a minimum, advancing the development of risk-based, data driven, integrated systems solutions and strategies to enhance surface safety risk mitigation.

(3) MEMBERSHIP.—

(A) IN GENERAL.—In establishing the Council, the Administrator shall appoint at least 1 member from each of the following:

(i) Airport operators.

(ii) Air carriers.

(iii) Aircraft operators.

(iv) Avionics manufacturers.

(v) Flight schools.

(vi) The certified bargaining representative of aviation safety inspectors for the Administration.

(vii) The exclusive bargaining representative of the air traffic controllers certified under section 7111 of title 5, United States Code.

(viii) Other safety experts the Administrator determines appropriate.

(B) ADDITIONAL MEMBERS.—The Administrator may appoint members representing any other stakeholder organization that the Administrator determines appropriate to the Runway Safety Council.

(c) AIRPORT SURFACE SURVEILLANCE.—

(1) IDENTIFICATION.—Not later than 180 days after the date of enactment of this Act, the Administrator shall, in coordination with the Council, consult with relevant stakeholders to identify technologies, equipment, and systems that—

(A) may provide airport surface surveillance capabilities at airports lacking such capabilities;

(B) may augment existing airport surface surveillance systems; or

(C) may provide onboard situational awareness to pilots.

(2) CRITERIA.—Not later than 1 year after the date of enactment of this Act, the Administrator shall—

(A) based on the information obtained pursuant to paragraph (1), identify airport surface surveillance systems that meet the standards of the Administration and may be able to—

(i) provide airport surface surveillance capabilities at airports lacking such capabilities; or

(ii) augment existing airport surface surveillance systems; and

(B) establish clear and quantifiable criteria relating to operational factors, including ground traffic and air traffic activity and the rate of runway and terminal airspace safety events (including runway incursions), that determine when the installation and deployment of an airport surface surveillance system, or other runway safety system (including runway status lights), at an airport is required.

(3) DEPLOYMENT.—Not later than 5 years after the date of enactment of this Act, the Administrator shall ensure that airport surface surveillance systems are deployed and operational at—

(A) all airports described in paragraph (2)(A); and

(B) all medium and large hub airports.

(4) REPORT.—Not later than 4 years after the date of enactment of this Act, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the progress of the deployment described in paragraph (3).

(d) FOREIGN OBJECT DEBRIS DETECTION.—

(1) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator shall assess, in coordination with the Council, automated foreign object debris monitoring and detection systems at not less than 3 airports that are using such systems.

(2) CONSIDERATIONS.—In conducting the assessment under paragraph (1), the Administrator shall consider the following:

(A) The categorization of an airport.

(B) The potential frequency of foreign object debris incidents on airport runways or adjacent ramp areas.

(C) The availability of funding for the installation and maintenance of foreign object debris monitoring and detection systems.

(D) The impact of such systems on the airfield operations of an airport.

(E) The effectiveness of available foreign object debris monitoring and detection systems.

(F) Any other factors relevant to assessing the return on investment of foreign object debris monitoring and detection systems.

(3) CONSULTATION.—In carrying out this subsection, the Administrator and the Council shall consult with manufacturers and suppliers of foreign object debris detection technology and any other relevant stakeholders.

(e) RUNWAY SAFETY STUDY.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator shall seek to enter into an agreement with a federally funded research and development center to conduct a study of runway incursions, surface incidents, operational errors, or losses of standard separation of aircraft in the approach or departure phase of flight to determine how advanced technologies and future airport development projects may be able to reduce the frequency of such events and enhance aviation safety.

(2) CONSIDERATIONS.—In conducting the study under paragraph (1), the federally funded research and development center shall—

(A) examine data relating to recurring runway incursions, surface incidents, operational errors, or losses of standard separation of aircraft in the approach or departure phase of flight at airports to identify the underlying factors that caused such events;

(B) assess metrics used to identify when such events are increasing at an airport;

(C) assess available and developmental technologies, including and beyond such technologies considered in subsection (c), that may augment existing air traffic management capabilities of surface surveillance and terminal airspace equipment;

(D) consider growth trends in airport size, staffing and communication complexities to identify—

(i) future gaps in information exchange between aerospace stakeholders; and

(ii) methods for meeting future near real-time information sharing needs; and

(E) examine airfield safety training programs used by airport tenants and other stakeholders operating on airfields of airports, including airfield familiarization training programs for employees, to assess scalability to handle future growth in airfield capacity and traffic.

(3) RECOMMENDATIONS.—In conducting the study required by paragraph (1), the federally funded research and development center shall develop recommendations for the strategic planning efforts of the Administration to appropriately maintain surface safety considering future increases in air traffic and based on the considerations described in paragraph (2).

(4) REPORT TO CONGRESS.—Not later than 90 days after the completion of the study required by paragraph (1), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of such study and any recommendations developed under paragraph (3).

(f) AIRPORT SURFACE DETECTION AND SURVEILLANCE SYSTEM DEFINED.—In this section, the term ''airport surface detection and surveillance system'' means an airport surveillance system that is—

(1) designed to track surface movement of aircraft and vehicles; and

(2) capable of alerting air traffic controllers or flight crew members of a possible runway incursion, misaligned approach, or other safety event.

SEC. 502. GLOBAL AVIATION SAFETY.

(a) IN GENERAL.—Section 40104(d) of title 49, United States Code, (as redesignated by section 325) is amended—

(1) in the subsection heading by inserting ''AND ASSISTANCE'' after ''INTERNATIONAL ROLE'';

(2) in paragraph (1) by striking ''The Administrator'' and inserting ''In carrying out subsection (a), the Administrator'';

(3) by redesignating paragraph (2) as paragraph (4); and

(4) by inserting after paragraph (1) the following:

''(2) INTERNATIONAL PRESENCE.—The Administrator shall maintain an international presence to—

''(A) assist foreign civil aviation authorities in—

''(i) establishing robust aviation oversight practices and policies;

''(ii) training staff, to include inspectors and accident investigators;

''(iii) harmonizing international aviation standards for air traffic management, operator certification, aircraft certification, airports, and certificated or credentialed individuals;

''(iv) validating and accepting foreign aircraft design and production approvals;

''(v) maintaining appropriate levels of air navigation services;

''(vi) preparing for new aviation technologies; and

''(vii) appropriately adopting continuing airworthiness information, such as airworthiness directives;

''(B) encourage the adoption of United States standards, regulations, and policies;

''(C) establish, maintain, and update bilateral or multilateral aviation safety agreements and the aviation safety information contained within such agreements;

''(D) engage in bilateral and multilateral discussions and provide technical assistance as described in paragraph (5);

''(E) validate foreign aviation products and ensure reciprocal validation of products for which the United States is the state of design or production;

''(F) support accident and incident investigations, particularly such investigations that involve United States persons and certified products and such investigations where the National Transportation Safety Board is supporting an investigation pursuant to annex 13 of the International Civil Aviation Organization;

''(G) support the international activities of the United States aviation sector;

''(H) maintain valuable relationships with entities with aviation equities, including civil aviation authorities, other governmental bodies, non-governmental organizations, and foreign manufacturers; and

''(I) perform other activities as determined necessary by the Administrator.''.

(b) REVIEW OF INTERNATIONAL FIELD OFFICES.—Section 40104(d) of title 49, United States Code, (as redesignated by section 325) is further amended by inserting after paragraph (2) the following:

''(3) INTERNATIONAL OFFICES.—In carrying out the responsibilities described in subsection (a), the Administrator shall—

''(A) maintain international offices of the Administration;

''(B) every 3 years, review existing international offices to determine—

''(i) the effectiveness of such offices in fulfilling the mission described in paragraph (2); and

''(ii) the adequacy of resources and staffing to achieve the mission described in paragraph (2);

''(C) establish offices to address gaps identified by the review under subparagraph (B) and in furtherance of the mission described in paragraph (2), putting an emphasis on establishing such offices—

''(i) where international civil aviation authorities are located;

''(ii) where regional intergovernmental organizations are located;

''(iii) in countries that have difficulty maintaining a category 1 classification through the International Aviation Safety Assessment program; and

''(iv) in regions that have experienced substantial growth in aviation operations or manufacturing.''.

(c) BILATERAL AVIATION SAFETY AGREEMENTS.—

(1) ESTABLISHMENT.—Section 40104(d) of title 49, United States Code, (as redesignated by section 325) is further amended by inserting after paragraph (4) the following:

''(5) BILATERAL AVIATION SAFETY AGREEMENTS.—

''(A) IN GENERAL.—The Administrator shall negotiate, enter into, promote, enforce, evaluate the effectiveness of, and seek to update bilateral or multilateral aviation safety agreements, and the parts of such agreements, with international aviation authorities.

''(B) PURPOSE.—The Administrator shall seek to enter into bilateral aviation safety agreements under this section to, at a minimum—

''(i) improve global aviation safety;

''(ii) increase harmonization of, and reduce duplicative, requirements, processes, and approvals to advance the aviation interests of the United States;

''(iii) ensure access to international markets for operators, service providers, and manufacturers from the United States; and

''(iv) put in place procedures for recourse when a party to such agreements fails to meet the obligations of such party under such agreements.

''(C) SCOPE.—The scope of a bilateral aviation safety agreement entered into under this section shall, as appropriate, cover existing aviation users and concepts and establish a process by which bilateral aviation safety agreements can be updated to include new and novel concepts on an ongoing basis.

''(D) CONTENTS.—Bilateral aviation safety agreements entered into under this section shall, as appropriate and consistent with United States law and regulation, include topics such as—

''(i) airworthiness, certification, and validation;

''(ii) maintenance;

''(iii) operations and pilot training;

''(iv) airspace access, efficiencies, and navigation services;

''(v) transport category aircraft;

''(vi) fixed-wing aircraft, rotorcraft, and powered-lift aircraft;

''(vii) aerodrome certification;

''(viii) unmanned aircraft and associated elements of such aircraft;

''(ix) flight simulation training devices;

''(x) new or emerging technologies and technology trends; and

''(xi) other topics as determined appropriate by the Administrator.

''(E) RULE OF CONSTRUCTION.—Bilateral or multilateral aviation safety agreements entered into under this subsection shall not be construed to diminish or alter any authority of the Administrator under any other provision of law.''.

(2) AUDIT OF VALIDATION ACTIVITIES UNDER BILATERAL AVIATION SAFETY AGREEMENTS.—

(A) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the inspector general of the Department of Transportation shall initiate an audit of bilateral compliance with respect to the validation of aircraft and aircraft parts as set forth in bilateral or multilateral aviation safety agreements between the Federal Aviation Administration and the civil aviation authorities of—

(i) the European Union;

(ii) Canada;

(iii) Brazil;

(iv) China;

(v) the United Kingdom; and

(vi) any other country as determined by the inspector general.

(B) REVIEW CONTENTS.—As part of the review required under this subsection, the inspector general shall evaluate the performance of validation programs by assessing—

(i) validation timelines and milestones for individual projects;

(ii) trends relating to the repeated use of nonbasic criteria to review systems and methods of compliance that have been validated previously in similar contexts;

(iii) the extent to which implementation tools such as validation workplans and safety emphasis items have addressed validation issues;

(iv) the perspective of Administration employees;

(v) the perspective of employees of other civil aviation authorities, who wish to provide such perspective, on the validation of products certified in the United States and the validation of products by the United States of products certified abroad; and

(vi) the perspective of domestic and foreign industry applicants seeking validation of aircraft and aircraft parts.

(C) REPORT AND RECOMMENDATIONS.—Not later than 14 months after beginning the audit under paragraph (1), the Comptroller General shall provide to the Administrator of the Federal Aviation Administration, the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report summarizing the findings of the audit and any recommendations to increase compliance and improve the validation timeframes of aircraft and aircraft parts.

(d) INTERNATIONAL ENGAGEMENT STRATEGY.—Section 40104(d) of title 49, United States Code, (as redesignated by section 325) is further amended by inserting after paragraph (5) the following:

''(6) STRATEGIC PLAN.—The Administrator shall maintain a strategic plan for the international engagement of the Administration that includes—

''(A) all elements of the report required in section 243(b)(1) of the FAA Reauthorization Act of 2018 (49 U.S.C. 44701 note);

''(B) measures to fulfill the mission described in paragraph (2);

''(C) initiatives to attain greater expertise among employees of the Federal Aviation Administration in issues related to dispute resolution, intellectual property, and expert control laws;

''(D) policy regarding the future direction and strategy of the United States engagement with the International Civil Aviation Organization;

''(E) procedures for acceptance of mandatory airworthiness information, such as airworthiness directives, and other safety-related regulatory documents, including procedures to implement the requirements of section 44701(e)(5);

''(F) all factors, including funding and resourcing, necessary for the Administration to maintain leadership in the global activities related to aviation safety and air transportation; and

''(G) establishment of, and a process to regularly track and update, metrics to measure the effectiveness of, and foreign civil aviation authority compliance with, bilateral aviation safety agreements.''.

SEC. 503. AVAILABILITY OF PERSONNEL FOR INSPECTIONS, SITE VISITS, AND TRAINING.

Section 40104 of title 49, United States Code, is further amended by adding at the end the following:

''(f) TRAVEL.—The Administrator and the Secretary of Transportation shall, in carrying out the responsibilities described in subsection (a), delegate to the appropriate supervisors of offices of the Administration the ability to authorize the domestic and international travel of relevant personnel who are not in the Federal Aviation Administration Executive System, without any additional approvals required, for the purposes of—

''(1) promoting aviation safety, aircraft operations, air traffic, airport, unmanned aircraft systems, and other aviation standards and regulations adopted by the United States;

''(2) facilitating the adoption of United States approaches on standards and recommended practices at the International Civil Aviation Organization;

''(3) promoting environmental standards adopted by the United States and standards promulgated under section 44714;

''(4) supporting the acceptance of Administration design and production approvals by other civil aviation authorities;

''(5) training Administration personnel and training provided to other persons;

''(6) engaging with regulated entities, including performing site visits;

''(7) activities associated with subsections (c) through (f) of this section; and

''(8) other activities as determined by the Administrator.''.

SEC. 504. HELICOPTER AIR AMBULANCE OPERATIONS.

(a) OUTDATED AIR AMBULANCE RULEMAKING REQUIREMENT.—Section 44730 of title 49, United States Code, is amended—

(1) in subsection (a)(1) by striking ''not later than 180 days after the date of enactment of this section,'';

(2) in subsection (c) by striking ''address the following'' and inserting ''consider, or address through other means, the following'';

(3) in subsection (d) by striking ''provide for the following'' and inserting ''consider, or address through other means, the following''; and

(4) in subsection (e)—

(A) in the heading by striking ''SUBSEQUENT RULEMAKING'' and inserting ''SUBSEQUENT ACTIONS'';

(B) in paragraph (1) by striking ''shall conduct a follow-on rulemaking to address the following:'' and inserting ''shall address through a follow-on rulemaking, or through such other means that the Administrator considers appropriate, the following:'';

(C) by striking paragraph (2); and

(D) by redesignating paragraph (3) as paragraph (2).

(b) SAFETY MANAGEMENT SYSTEMS BRIEFING.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on how the proposed rule published on January 11, 2023, titled ''Safety Management System'' (88 Fed. Reg. 1932) will—

(1) improve helicopter air ambulance operations and piloting; and

(2) consider the use of safety equipment by flight crew and medical personnel on a helicopter conducting an air ambulance operation.

(c) IMPROVEMENT OF PUBLICATION OF HELICOPTER AIR AMBULANCE OPERATIONS DATA.—Section 44731 of title 49, United States Code, is amended—

(1) by striking subsection (d);

(2) in subsection (e)—

(A) in paragraph (1) by striking ''and'' at the end; and

(B) by striking paragraph (2) and inserting the following:

''(2) make publicly available, in part or in whole, on the website of the Federal Aviation Administration website, the database developed pursuant to subsection (c); and

''(3) analyze the data submitted under subsection (a) periodically and use such data to inform efforts to improve the safety of helicopter air ambulance operations.''; and

(3) by redesignating subsections (e) and (f) as subsections (d) and (e), respectively.

SEC. 505. GLOBAL AIRCRAFT MAINTENANCE SAFETY IMPROVEMENTS.

(a) FAA OVERSIGHT OF REPAIR STATIONS LOCATED OUTSIDE THE UNITED STATES.—

(1) IN GENERAL.—Section 44733 of title 49, United States Code, is amended—

(A) in the heading by striking ''**Inspection**'' and inserting ''**Oversight**'';

(B) in subsection (a) by striking ''Not later than 1 year after the date of enactment of this section, the'' and inserting ''The'';

(C) in subsection (e)—

(i) by inserting '', without prior notice to such repair stations,'' after ''annually'';

(ii) by inserting ''and the applicable laws of the country in which the repair station is located'' after ''international agreements''; and

(iii) by striking the last sentence and inserting ''The Administrator may carry out announced or unannounced inspections in addition to the annual unannounced inspection required under this subsection based on identified risks and in a manner consistent with United States obligations under international agreements and the applicable laws of the country in which the part 145 repair station is located.'';

(D) by redesignating subsection (g) as subsection (j); and

(E) by inserting after subsection (f) the following:

''(g) DATA ANALYSIS.—

''(1) IN GENERAL.—Each fiscal year in which a part 121 air carrier has had heavy maintenance work performed on an aircraft owned or operated by such carrier, such carrier shall provide to the Administrator, not later than the end of the following fiscal year, a report containing the information described in paragraph (2).

''(2) INFORMATION REQUIRED.—A report under paragraph (1) shall contain the following:

''(A) The location where any heavy maintenance work on aircraft was performed outside the United States.

''(B) A description of the work performed at each such location.

''(C) The date of completion of the work performed at each such location.

''(D) A list of all failures, malfunctions, or defects affecting the safe operation of such aircraft identified by the air carrier not later than 30 days after the date on which an aircraft is returned to service, organized by reference to aircraft registration number, that—

''(i) requires corrective action after the aircraft is approved for return to service; and

''(ii) results from such work performed on such aircraft.

''(E) The certificate number of the person approving such aircraft or on-wing aircraft engine, for return to service following completion of the work performed at each such location.

''(3) ANALYSIS.—The Administrator shall—

''(A) analyze information provided under this subsection and sections 121.703, 121.705, 121.707, and 145.221 of title 14, Code of Federal Regulations, or any successor provisions of such title, to detect safety issues associated with heavy maintenance work on aircraft performed outside the United States; and

''(B) require appropriate actions by an air carrier or repair station in response to any safety issue identified by the analysis conducted under subparagraph (A).

''(4) CONFIDENTIALITY.—Information provided under this subsection shall be subject to the same protections given to voluntarily provided safety or security related information under section 40123.

''(h) APPLICATIONS AND PROHIBITION.—

''(1) IN GENERAL.—The Administrator may not approve any new application under part 145 of title 14, Code of Federal Regulations, from a person located or headquartered in a country that the Administration, through the International Aviation Safety Assessment program, has classified as Category 2.

''(2) EXCEPTION.—Paragraph (1) shall not apply to an application for the renewal of a certificate issued under part 145 of title 14, Code of Federal Regulations.

''(3) MAINTENANCE IMPLEMENTATION PROCEDURES AGREEMENT.—The Administrator may elect not to enter into a new maintenance implementation procedures agreement with a country classified as Category 2, for as long as the country remains classified as Category 2.

''(3) PROHIBITION ON CONTINUED HEAVY MAINTENANCE WORK.—No part 121 air carrier may enter into a new contract for heavy maintenance work with a person located or headquartered in a country that the Administrator, through the International Aviation Safety Assessment program, has classified as Category 2, for as long as such country remains classified as Category 2.

''(i) MINIMUM QUALIFICATIONS FOR MECHANICS AND OTHERS WORKING ON U.S. REGISTERED AIRCRAFT.—

''(1) IN GENERAL.—Not later than 2 years after the date of enactment of this subsection, the Administrator shall require that, at each covered repair station—

''(A) all supervisory personnel of such station are appropriately certificated as a mechanic or repairman under part 65 of title 14, Code of Federal Regulations, or under an equivalent certification or licensing regime, as determined by the Administrator; and

''(B) all personnel of such station authorized to approve an article for return to service are appropriately certificated as a mechanic or repairman under part 65 of such title, or under an equivalent certification or licensing regime, as determined by the Administrator.

''(2) AVAILABLE FOR CONSULTATION.—Not later than 2 years after the date of enactment of this subsection, the Administrator shall require any individual who is responsible for approving an article for return to service or who is directly in charge of heavy maintenance work performed on aircraft operated by a part 121 air carrier be available for consultation while work is being performed at a covered repair station.''.

(2) DEFINITIONS.—

(A) IN GENERAL.—Section 44733(j) of title 49, United States Code (as redesignated by this section), is amended—

(i) in paragraph (1) by striking ''aircraft'' and inserting ''aircraft (including on-wing aircraft engines)'';

(ii) by redesignating paragraphs (1) through (3) as paragraphs (2) through (4), respectively; and

(iii) by inserting before paragraph (2), as so redesignated, the following:

''(1) COVERED REPAIR STATION.—The term 'covered repair station' means a facility that—

''(A) is located outside the United States;

''(B) is a part 145 repair station; and

''(C) performs heavy maintenance work on aircraft operated by a part 121 air carrier.''.

(B) TECHNICAL AMENDMENT.—Section 44733(a)(3) of title 49, United States Code, is amended by striking ''covered part 145 repair stations'' and inserting ''part 145 repair stations''.

(3) CONFORMING AMENDMENTS.—The analysis for chapter 447 of title 49, United States Code, is amended by striking the item relating to section 44733 and inserting the following:

''44733. Oversight of repair stations located outside the United States.''.

(b) INTERNATIONAL STANDARDS FOR SAFETY OVERSIGHT OF EXTRATERRITORIAL REPAIR STATIONS.—

(1) ESTABLISHMENT.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall invite other civil aviation authorities to convene with the Administration an extraterritorial repair station working group (hereinafter referred to as the ''Working Group'') to conduct a review of the certification and oversight of extraterritorial repair stations and to identify any future enhancements or harmonization that might be appropriate to strengthen oversight of such repair stations and improve global aviation safety.

(2) COMPOSITION OF WORKING GROUP.—The Working Group shall consist of—

(A) technical representatives from the FAA; and

(B) such other civil aviation authorities or international intergovernmental aviation safety organizations as the Administrator determines appropriate and are willing to participate, including—

(i) civil aviation authorities responsible for certificating extraterritorial repair stations; and

(ii) civil aviation authorities of countries in which extraterritorial repair stations are located.

(3) CONSULTATION.—In conducting the review under this section, the Working Group shall, as appropriate, consult with relevant experts and stakeholders.

(4) RECOMMENDATIONS.—The Working Group shall make recommendations with respect to any future enhancements that might be appropriate to—

(A) strengthen oversight of extraterritorial repair stations; and

(B) better leverage the resources of other civil aviation authorities to conduct such oversight.

(5) REPORTS.—

(A) REPAIR STATION WORKING GROUP REPORT.—In establishing the Working Group, the Administrator shall task the Working Group with submitting to the participating civil aviation authorities a report containing the findings of the recommendations made under paragraph (4).

(B) FAA REPORT.—

(i) TRANSMISSION OF REPAIR STATION WORKING GROUP REPORT.—The Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a copy of the report required under subparagraph (A) as soon as is practicable after the receipt of such report.

(ii) FAA BRIEFING TO CONGRESS.—Not later than 45 days after receipt of the report under paragraph (1), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on—

(I) whether the Administrator concurs or does not concur with each recommendation contained in the report required under subparagraph (A);

(II) any recommendation with which the Administrator does not concur, a detailed explanation as to why the Administrator does not concur;

(III) a plan to implement each recommendation with which the Administrator concurs; and

(IV) a plan to work with the international community to implement the recommendations applicable to both the FAA as well as other civil aviation authorities.

(6) TERMINATION.—The Working Group shall terminate 90 days after the date of submission of the report under paragraph (5)(A), unless the Administrator or another participant of the Working Group requests for an extension of the Working Group in order to inform the implementation and harmonization of any recommendation applicable to multiple civil aviation authorities.

(7) DEFINITION OF EXTRATERRITORIAL REPAIR STATION.—In this subsection, the term

''extraterritorial repair station'' means a repair station that performs heavy maintenance work on an aircraft (including on-wing engines) and that is located outside of the territory of the country of the civil aviation authority which certificated the repair station.

(c) ALCOHOL AND DRUG TESTING AND BACKGROUND CHECKS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, and annually thereafter, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report updating Congress on the progress and challenges involved with carrying out the requirements of subsection (b) of section 2112 of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44733).

(2) SUNSET.—The reporting requirement under paragraph (1) shall cease to be effective after a final rule carrying out the requirements of such subsection (b) has been published in the Federal Register.

(3) RULEMAKING ON ASSESSMENT REQUIREMENT.—With respect to any employee not covered under the requirements of section 1554.101 of title 49, Code of Federal Regulations, the Administrator shall initiate a rulemaking or request the head of another Federal agency to initiate a rulemaking that requires a covered repair station to confirm that any such employee has successfully completed an assessment commensurate with a security threat assessment described in subpart C of part 1540 of such title.

(d) DEFINITIONS.—In this section:

(1) FAA.—The term ''FAA'' means the Federal Aviation Administration.

(2) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the FAA.

(3) COVERED REPAIR STATION; HEAVY MAINTENANCE WORK.—The terms ''covered repair station'' and ''heavy maintenance work'' have the meaning given those terms in section 44733(j) of title 49, United States Code.

SEC. 506. ODA BEST PRACTICE SHARING.

Section 44736(b) of title 49, United States Code, is amended—

(1) in paragraph (1) by striking ''Not later than 120 days after the date of enactment of this section, the'' and insert ''The''; and

(2) in paragraph (3)—

(A) in subparagraph (E) by striking ''and'' at the end;

(B) in subparagraph (F) by striking the period and inserting ''; and''; and

(C) by adding at the end the following:

''(G) convene a forum not less than every 2 years between ODA holders, unit members, and other organizational representatives and relevant experts, in order to—

''(i) share best practices;

''(ii) instill professionalism, ethics, and personal responsibilities in unit members; and

''(iii) foster open and transparent communication between Administration safety specialists, ODA holders, and unit members.''.

SEC. 507. TRAINING OF ORGANIZATION DELEGATION AUTHORITY UNIT MEMBERS.

(a) UNIT MEMBER ANNUAL ETHICS TRAINING.—Section 44736 of title 49, United States Code, is further amended by adding at the end the following:

''(g) ETHICS TRAINING REQUIREMENT FOR ODA HOLDERS.—

''(1) IN GENERAL.—Not later than 1 year after the date of enactment of this subsection, the Administrator of the Federal Aviation Administration shall review and ensure each ODA holder approved under section 44741 has in effect a recurrent training program for all ODA unit members that covers—

''(A) unit member professional obligations and responsibilities;

''(B) the ODA holder's code of ethics as required to be established under section 102(f) of the Aircraft Certification, Safety, and Accountability Act (49 U.S.C. 44701 note);

''(C) procedures for reporting safety concerns, as described in the respective approved procedures manual for the delegation;

''(D) the prohibition against and reporting procedures for interference from a supervisor or other ODA member described in section 44742; and

''(E) any additional information the Administrator considers relevant to maintaining ethical and professional standards across all ODA holders and unit members.

''(2) FAA REVIEW.—

''(A) REVIEW OF TRAINING PROGRAM.—The Organization Designation Authorization Office of the Administration shall review each ODA holders' recurrent training program to ensure such program includes all elements described in paragraph (1).

''(B) CHANGES TO PROGRAM.—Such Office may require changes to the training program considered necessary to maintain ethical and professional standards across all ODA holders and unit members.

''(3) TRAINING.—As part of the recurrent training required under paragraph (1), not later than 60 business days after being designated as an ODA unit member, and annually thereafter, each ODA unit member shall complete the ethics training required by the ODA holder of the respective ODA unit member in order to exercise the functions delegated under the ODA.

''(4) ACCOUNTABILITY.—The Administrator shall establish such processes or requirements as are necessary to ensure compliance with paragraph (3).''.

(b) DEADLINE.—An ODA unit member authorized to perform delegated functions under an ODA prior to the date of completion of an ethics training required under section 44736(g) of title 49, United States Code, shall complete such training not later than 30 days after the training program is approved by the Administrator of the Federal Aviation Administration pursuant to such section.

SEC. 508. CLARIFICATION ON SAFETY MANAGEMENT SYSTEM INFORMATION DISCLOSURE.

Section 44735 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) in paragraph (1) by striking ''; or'' and inserting a semicolon;

(B) in paragraph (2) by striking the period at the end and inserting ''; or''; and

(C) by adding at the end the following:

''(3) if the report, data, or other information is submitted for any purpose relating to the development, implementation, and use of a safety management system, including a system required by regulation, that is acceptable to the Administrator.''; and

(2) by adding at the end the following:

''(d) OTHER AGENCIES.—

''(1) IN GENERAL.—The limitation established under subsection (a) shall apply to the head of any other Federal agency who receives reports, data, or other information described in such subsection from the Administrator.

''(2) RULE OF CONSTRUCTION.—This section shall not be construed to limit the accident or incident investigation authority of the National Transportation Safety Board under chapter 11, including the requirement to not disclose voluntarily provided safety-related information under section 1114.''.

SEC. 509. EXTENSION OF AIRCRAFT CERTIFICATION, SAFETY, AND ACCOUNTABILITY ACT REPORTING REQUIREMENTS.

(a) APPEALS OF CERTIFICATION DECISIONS.—Section 44704(g)(1)(C)(ii) of title 49, United States Code, is amended by striking ''2025'' and inserting ''2028''.

(b) OVERSIGHT OF ORGANIZATION DESIGNATION AUTHORIZATION UNIT MEMBERS.—Section 44741(f)(2) of title 49, United States Code, is amended by striking ''Not later than 90 days'' and all that follows through ''the Administrator shall provide a briefing'' and inserting ''The Administrator shall provide an annual briefing each fiscal year through fiscal year 2028''.

(c) INTEGRATED PROJECT TEAMS.—Section 108(f) of the Aircraft Certification, Safety, and Accountability Act (49 U.S.C. 44704 note) is amended by striking ''2023'' and inserting ''2028''.

(d) VOLUNTARY SAFETY REPORTING PROGRAM.—Section 113(f) of the Aircraft Certification, Safety, and Accountability Act (49 U.S.C. 44701 note) is amended by striking ''2023'' and inserting ''2028''.

(e) CHANGED PRODUCT RULE.—Section 117(b)(1) of the Aircraft Certification, Safety, and Accountability Act (49 U.S.C. 44704 note) is amended by striking ''2023'' and inserting ''2028''.

SEC. 510. DON YOUNG ALASKA AVIATION SAFETY INITIATIVE.

(a) IN GENERAL.—Chapter 447 of title 49, United States Code, is amended by adding at the end the following:

''§ 44745. Don Young Alaska Aviation Safety Initiative.

''(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall redesignate the FAA Alaska Aviation Safety Initiative of the Administration as the Don Young Alaska Aviation Safety Initiative (in this section referred to as the 'Initiative'), under which the Administrator shall carry out the provisions of this section and take such other actions as the Administrator determines appropriate to improve aviation safety in covered locations.

''(b) OBJECTIVE.—The objective of the Initiative shall be to work cooperatively with aviation stakeholders and other stakeholders towards the goal of—

''(1) reducing the rate of fatal aircraft accidents in covered locations by 90 percent from 2019 to 2033; and

''(2) by January 1, 2033, eliminating fatal accidents of aircraft operated by an air carrier that operates under part 135 of title 14, Code of Federal Regulations.

''(c) LEADERSHIP.—

''(1) IN GENERAL.—The Administrator shall designate the Regional Administrator for the Alaskan Region of the Administration to serve as the Director of the Initiative.

''(2) REPORTING CHAIN.—In all matters relating to the Initiative, the Director of the Initiative shall report directly to the Administrator.

''(3) COORDINATION.—The Director of the Initiative shall coordinate with the heads of other offices and lines of business of the Administration, including the other regional administrators, to carry out the Initiative.

''(d) AUTOMATED WEATHER SYSTEMS.—

''(1) REQUIREMENT.—The Administrator shall ensure, to the greatest extent practicable, that a covered automated weather system is installed and operated at each covered airport not later than December 31, 2030.

''(2) WAIVER.—In complying with the requirement under paragraph (1), the Administrator may waive any positive benefit-cost ratio requirement for the installation and operation of a covered automated weather system.

''(3) PRIORITIZATION.—In developing the installation timeline of a covered automated weather system at a covered airport pursuant to this subsection, the Administrator shall—

''(A) coordinate and consult with the governments with jurisdiction over covered locations, covered airports, air carriers operating in covered locations, private pilots based in covered locations, and such other members of the aviation community in covered locations; and

''(B) prioritize early installation at covered airports that would enable the greatest number of instrument flight rule operations by air carriers operating under part 121 or 135 of title 14, Code of Federal Regulations.

''(4) RELIABILITY.—

''(A) IN GENERAL.—Pertaining to both Federal and non-Federal systems, the Administrator shall be responsible for ensuring—

''(i) the reliability of covered automated weather systems; and

''(ii) the availability of weather information from such systems.

''(B) SPECIFICATIONS.—The Administrator shall establish data availability and equipment reliability specifications for covered automated weather systems.

''(C) SYSTEM RELIABILITY AND RESTORATION PLAN.—Not later than 2 years after the date of enactment of this section, the Administrator shall establish an automated weather system reliability and restoration plan. Such plan shall document the Administrator's strategy for ensuring covered automated weather system reliability, including the availability of weather information from such system, and for restoring service in as little time as possible.

''(D) TELECOMMUNICATIONS OR OTHER FAILURES.—If a covered automated weather system is unable to broadly disseminate weather information due to a telecommunications failure or a failure other than an equipment failure, the Administrator shall take such actions as may be necessary to restore the full functionality and connectivity of the covered automated weather system. The Administrator shall take actions under this subparagraph with the same urgency as the Administrator would take an action to repair a covered automated weather system equipment failure or data fidelity issue.

''(E) RELIABILITY DATA.—In tabulating data relating to the operational status of covered automated weather systems (including individually or collectively), the Administrator may not consider a covered automated weather system that is functioning nominally but is unable to broadly disseminate weather information telecommunications failure or a failure other than an equipment failure as functioning reliably.

''(5) INVENTORY.—The Administrator shall consider storing excess inventory necessary for air traffic control equipment, including commonly required replacement parts, in covered locations to reduce the amount of time necessary to acquire such equipment or such parts necessary to replace or repair air traffic control system components.

''(6) VISUAL WEATHER OBSERVATION SYSTEM.—Not later than 1 year after the date of enactment of this section, the Administrator shall take such actions as may be necessary to—

''(A) deploy visual weather observation systems; and

''(B) ensure that such systems are capable of meeting the definition of covered automated weather systems.

''(e) WEATHER CAMERAS.—

''(1) IN GENERAL.—The Director shall continuously assess the state of the weather camera systems in covered locations to ensure the operational sufficiency and reliability of such systems.

''(2) APPLICATIONS.—The Director shall—

''(A) accept applications from persons to install weather cameras; and

''(B) consult with the governments with jurisdiction over covered locations, covered airports, air carriers operating in covered locations, private pilots based in covered locations, and such other members of the aviation community in covered locations as the Administrator determines appropriate to solicit additional locations at which to install and operate weather cameras.

''(3) PRESUMPTION.—Unless the Director has clear and compelling evidence to the contrary, the Director shall presume that the installation of a weather camera at a covered airport, or that is recommended by a government with jurisdiction over a covered location, is cost beneficial and will improve aviation safety.

''(f) COOPERATION WITH OTHER AGENCIES.—In carrying out this section, the Administrator shall cooperate with the heads of other Federal or State agencies with responsibilities affecting aviation safety in covered locations, including the collection and dissemination of weather data.

''(g) SURVEILLANCE AND COMMUNICATION.—

''(1) IN GENERAL.—The Director shall take such actions as may be necessary to—

''(A) encourage and incentivize the equipage of aircrafts that operate under part 135 of title 14, Code of Federal Regulations, with automatic dependent surveillance and broadcast out equipment; and

''(B) improve aviation surveillance and communications in covered locations.

''(2) REQUIREMENT.—Not later than December 31, 2030, the Administrator shall ensure that automatic dependent surveillance and broadcast coverage is available at 5,000 feet above ground level throughout each covered location.

''(3) WAIVER.—In complying with the requirement under paragraph (2), the Administrator shall waive any positive benefit-cost ratio requirement for the installation and operation of equipment and facilities necessary to implement such requirement.

''(4) SERVICE AREAS.—The Director shall continuously identify additional automatic dependent surveillance–broadcast service areas in which the deployment of automatic dependent surveillance–broadcast receivers and equipment would improve aviation safety.

''(h) OTHER PROJECTS.—The Director shall continue to build upon other initiatives recommended in the reports of the FAA Alaska Aviation Safety Initiative of the Administration published before the date of enactment of this section.

''(i) ANNUAL REPORT.—

''(1) IN GENERAL.—The Director shall submit an annual report on the status and progress of the Initiative to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

''(2) OBJECTIVES AND REQUIREMENTS.—The report under paragraph (1) shall include a detailed description of the Director's progress in and plans for meeting the objectives of the Initiative under subsection (b) and the other requirements of this section.

''(3) STAKEHOLDER COMMENTS.—The Director shall append stakeholder comments, organized by topic, to each report submitted under paragraph (1) in the same manner as appendix 3 of the report titled 'FAA Alaska Aviation Safety Initiative FY21 Final Report', dated September 30, 2021.

''(j) FUNDING.—

''(1) IN GENERAL.—Notwithstanding any other provision of law, in fiscal years 2024 through 2028—

''(A) the Administrator may, upon application from the government with jurisdiction over a covered location, use amounts apportioned to a covered location under subsection (d)(2)(B) or subsection (e)(5) of section 47114 to carry out the Initiative; or

''(B) the sponsor of an airport in a covered location that receives an apportionment under subsection (d)(2)(B) or subsection (e) of section 47114 may use such apportionment for any purpose contained in this section.

''(2) SUPPLEMENTAL FUNDING.—Out of amounts made available under section 106(k) and section 48101, not more than a total of $25,000,000 for each of fiscal year 2024 through 2028 is authorized to be expended to carry out the Initiative.

''(k) DEFINITIONS.—In this section:

''(1) COVERED AIRPORT.—The term 'covered airport' means an airport in a covered location that is included in the national plan of integrated airport systems required under section 47103 and that has a status other than unclassified in such plan.

''(2) COVERED AUTOMATED WEATHER SYSTEM.—The term 'covered automated weather system' means an automated or visual weather reporting facility that enables a pilot to begin an instrument procedure approach to an airport under section 91.1039 or 135.225 of title 14, Code of Federal Regulations.

''(3) COVERED LOCATION.—The term 'covered location' means Alaska, Hawaii, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the United States Virgin Islands.

''(l) CONFORMITY.—The Administrator shall conduct all activities required under this section in conformity with section 44720.''.

(b) REMOTE POSITIONS.—Section 40122(g) of title 49, United States Code, is amended by adding at the end the following:

''(7) REMOTE POSITIONS.—

''(A) IN GENERAL.—If the Administrator determines that a covered position has not been filled after multiple vacancy announcements and that there are unique circumstances affecting the ability of the Administrator to fill such position, the Administrator may consider, in consultation with the appropriate labor union, applicants for the covered position who apply under a vacancy announcement recruiting from the State or territory in which the position is based.

''(B) COVERED POSITION DEFINED.—In this paragraph, the term 'covered position' means a safety-critical position based in Alaska, Hawaii, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands.''.

(c) RUNWAY LENGTH.—Notwithstanding any other provision of law, the Secretary of Transportation may not require an airport to shorten a runway or prevent airport improvement grants made by the Secretary to be used for reconstructing and rehabilitating a primary runway on the basis that the airport does not have a sufficient number of aircraft operations requiring a certain runway length if—

(1) the airport is located in a covered location;

(2) the airport is not connected to the road transportation network; and

(3) the runway length is utilized by aircraft to deliver necessary cargo, including heating fuel and gasoline, for the community served by the airport.

(d) ALASKAN REGIONAL ADMINISTRATOR.—

(1) SENSE OF CONGRESS.—It is the sense of Congress that—

(A) the Regional Administrator for the Alaskan Region is a uniquely important position that contributes to aviation safety in the State of Alaska;

(B) vacancies in any Federal Aviation Administration office have a deleterious effect on the efficacy of the Alaskan Region office;

(C) a prolonged vacancy in the position of Regional Administrator for the Alaskan Region may be detrimental to the effective administration of such region and the Don Young Alaska Aviation Safety Initiative; and

(D) the Administrator of the Federal Aviation Administration should ensure that any vacancy in the position of Regional Administrator for the Alaskan Region is filled will a highly qualified candidate as expeditiously as possible.

(2) VACANCY NOTIFICATION REQUIREMENTS.—

(A) INITIAL VACANCY.—The Administrator of the Federal Aviation Administration shall notify the appropriate committees of Congress when there is a vacancy for the position of Regional Administrator for the Alaskan Region.

(B) STATUS UPDATES.—Not later than 90 days after the notification under subparagraph (A) (and every 30 days thereafter until the vacancy described under subparagraph (A) is filled), the Administrator shall notify the appropriate committees of Congress of any vacancy of such position, if so, provide an estimated timeline for filling such vacancy.

(C) APPROPRIATE COMMITTEES OF CONGRESS DEFINED.—In this paragraph, the term ''appropriate committees of Congress'' means the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

(D) SUNSET.—This paragraph shall cease to be effective after September 30, 2028.

(e) IMPLEMENTATION OF NTSB RECOMMENDATIONS.—

(1) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator shall take such actions as may be necessary to implement National Transportation Safety Board recommendations A–22–25 and A–22–26 (as contained in Aviation Investigation Report AIR–22–09, adopted November 16, 2022).

(2) COORDINATION.—In taking actions under paragraph (1), the Administrator shall coordinate with the State of Alaska, airports in Alaska, air carriers operating in Alaska, private pilots (including tour operators) based in Alaska, and such other members of the Alaska aviation community or other stakeholders as the Administrator determines appropriate.

(f) CLERICAL AMENDMENT.—The analysis for chapter 447 of title 49, United States Code, is amended by adding at the end the following:

''44745. Don Young Alaska Aviation Safety Initiative.''.

SEC. 511. CONTINUED OVERSIGHT OF FAA COMPLIANCE PROGRAM.

Section 122 of the Aircraft Certification, Safety, and Accountability Act (Public Law 116–260; 134 Stat. 2344) is amended—

(1) in subsection (b) by striking paragraph (2) and inserting the following:

''(2) conduct an annual agency-wide evaluation of the Compliance Program through fiscal year 2028 to assess the functioning and effectiveness of such program and to determine—

''(A) the need for long-term metrics that, to the maximum extent practicable, apply to all program offices to assess the effectiveness of the program;

''(B) if the program ensures the highest level of compliance with safety standards; and

''(C) if the program has met its stated safety goals and purpose;'';

(2) in subsection (c)(4) by striking ''2023'' and inserting ''2028''; and

(3) in subsection (d) by striking ''2023'' and inserting ''2028''.

SEC. 512. SCALABILITY OF SAFETY MANAGEMENT SYSTEMS.

In conducting any rulemaking to require, or implementing a regulation requiring, a safety management system, the Administrator of the Federal Aviation Administration shall consider the scalability of such safety management system requirements to the full range of entities in terms of size or complexity that may be affected by such rulemaking or regulation, including—

(1) how an entity can demonstrate compliance using various documentation, tools, and methods, including, as appropriate, systems with multiple small operators collectively monitoring for and addressing risks;

(2) a review of traditional safety management techniques and the suitability of such techniques for small entities;

(3) the applicability of existing safety management system programs implemented by an entity;

(4) the suitability of existing requirements under part 5 of title 14, Code of Federal Regulations, for small entities; and

(5) other unique challenges relating to small entities the Administrator determines appropriate to consider.

SEC. 513. FINALIZE SAFETY MANAGEMENT SYSTEM RULEMAKING.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule relating to the Notice of Proposed Rulemaking of the Federal Aviation Administration titled ''Safety Management Systems'', issued on January 11, 2023.

(b) APPLICABILITY.—In issuing a final rule under subsection (a), the Administrator shall ensure that the safety management system requirement under the Notice of Proposed Rulemaking described in subsection (a) is applied to all certificate holders operating under the rules for commuter and on-demand operations under part 135 of title 14, Code of Federal Regulations, commercial air tour operators operating under section 91.147 of such title, production certificate holders that are holders or licensees of a type certificate for the same product, and holders of a type certificate who license out such certificate for production under part 21 of such title.

SEC. 514. IMPROVEMENTS TO AVIATION SAFETY INFORMATION ANALYSIS AND SHARING.

(a) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall implement improvements to the Aviation Safety Information Analysis and Sharing Program with respect to safety data sharing and risk mitigation.

(b) REQUIREMENTS.—In carrying out subsection (a), the Administrator shall—

(1) identify methods to increase the rate at which data is collected, processed, and analyzed to expeditiously share safety intelligence;

(2) develop predictive capabilities to anticipate emerging safety risks;

(3) identify methods to improve shared data environments with external stakeholders;

(4) establish a robust process for prioritizing requests for safety information;

(5) establish guidance to encourage regular safety inspector review of non-confidential aviation safety and performance data;

(6) identify industry segments not yet included and conduct outreach to such industry segments to increase the rate of participation, including—

(A) general aviation;

(B) rotorcraft;

(C) air ambulance; and

(C) maintenance facilities; and

(7) establish processes for obtaining and analyzing comprehensive and aggregate data for new and future industry segments.

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

(1) to require the Administrator to share confidential or proprietary information and data to safety inspectors for purposes of enforcement; or

(2) to limit the applicability of section 44735 of title 49, United States Code, to the Aviation Safety Information Analysis and Sharing Program.

(d) BRIEFING.—Not later than 180 days after the date of enactment of this Act, and every 6 months thereafter until the improvements under subsection (a) are made, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the progress of implementation of the Aviation Safety Information Analysis and Sharing Program and steps taken to make improvements under subsection (a).

SEC. 515. IMPROVEMENT OF CERTIFICATION PROCESSES.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall continually look for opportunities and methods to improve the processing of applications, consideration of applications, communication with applicants, and quality of feedback provided to applicants, for aircraft certification projects.

(b) CERTIFICATION IMPROVEMENTS.—Not later than 270 days after the date of enactment of this Act, the Administrator shall enter into an appropriate arrangement with a qualified third-party organization or consortium to identify and assess digital tools and software systems to allow for efficient and virtual evaluation of an applicant design, associated documentation, and software or systems engineering product, including in digital 3 dimensional formats or using model-based systems engineering design techniques for aircraft certification projects.

(c) PARTIES TO REVIEW.—In identifying digital tools and software systems as described in subsection (b), the Administrator shall ensure that the qualified third-party organization or consortium entering into an arrangement under this section shall, throughout the review, consult with—

(1) the aircraft certification and flight standards offices or services of the Administration; and

(2) at least 3 industry members representing aircraft and aircraft part manufacturing interests.

(d) DIGITAL TOOL AND SOFTWARE SYSTEM REQUIREMENTS.—In identifying digital tools and software systems under subsection (b), the qualified third-party organization or consortium shall—

(1) consider the interoperability of such systems to the extent practicable;

(2) consider the scalability and usability of such systems for differing use-cases by aircraft manufacturers, aircraft operators, and the Administration, including cross-office use-cases within the Administration;

(3) consider such systems currently in use by United States manufacturers or other civil aviation authorities for certification and engineering purposes;

(4) consider the—

(A) available technology support for such systems; and

(B) ability for such systems to be updated and adapted over time to improve user interfaces, including providing additional functionalities and addressing gaps;

(5) consider the ability of digital tools and software systems to aid in the electronic review of software components of aircraft and aircraft systems;

(6) consider the ability of the Administration and aircraft designers to use digital tools and software systems for corrective actions and modifications in a more rapid fashion;

(7) determine if each system provides adequate protections for the exchange of information between governmental and nongovernmental entities, including—

(A) intellectual property protections;

(B) cyber and network security protections; and

(C) the ability for governmental and nongovernmental entities to control what is acceptable and what is restricted for other parties;

(8) evaluate the estimated ease of adoption and any impediments to adoption for personnel of the Federal Aviation Administration; and

(9) evaluate the ability for nongovernmental organizations of various sizes to adopt and utilize the digital and software systems identified under subsection (b) to improve the aircraft certification application and coordination processes with the Administration.

(e) ASSESSMENT.—After reviewing digital and software systems under subsection (b), the qualified third-party organization or consortium shall provide an assessment to the Administrator as to—

(1) whether or not digital and software systems and tools would improve the coordination of the Administration with industry;

(2) whether or not such systems and tools would improve the ability of the Administration to validate and verify aircraft and software designs in non-paper formats; and

(3) the potential safety benefits or safety risks of using such systems and tools.

(f) CONTENT OF ASSESSMENT.—In the event the qualified third-party organization or consortium finds that digital and software systems and tools would assist the work of the Administration and improve certification projects processing, the assessment described under subsection (e) shall also include—

(1) a prioritization, expected costs, and timeline of acquisitions and training based on immediate and future needs and benefits; and

(2) suggest actions the Administration could take in order to institutionalize the use of such technologies at the headquarters and field offices of the Administration, and to protect information shared through such technologies, including recommended updates to orders issued by the Administration.

(g) IMPLEMENTATION.—Based on the assessment required in subsections (e) and (f), if the qualified third-party organization finds that the use of digital software systems and tools would assist the work of the agency, the Administrator shall—

(1) provide the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate with a briefing on the intended actions of the Administrator;

(2) not later than 60 days after receiving such assessment develop a plan to—

(A) work towards the acquisition of the systems and tools recommended, subject to the availability of appropriations;

(B) update any applicable orders and guidance to allow for the use of these new systems and tools by personnel of the Administration and nongovernmental entities applying to or coordinating with the Administration on certification related activities, at the discretion of the applicant or nongovernmental entity;

(C) on an ongoing basis review and modify orders and guidance to improve the use of these systems and tools as well as addressing any intellectual property vulnerabilities; and

(h) BRIEFING.—Not later than 30 months after receiving such assessment, the Administrator shall provide the committees described in paragraph (1) with a briefing on the use, benefits, and any drawbacks of the systems and tools, including comparisons between certification programs using and not using digital and software systems and tools.

SEC. 516. INSTRUCTIONS FOR CONTINUED AIRWORTHINESS AVIATION RULEMAKING COMMITTEE.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall convene an aviation rulemaking committee to review, and develop findings and recommendations regarding, instructions for continued airworthiness (as described in section 21.50 of title 14, Code of Federal Regulations), and provide to the Administrator a report on such findings and recommendations and for other related purposes as determined by the Administrator.

(b) COMPOSITION.—The aviation rulemaking committee established pursuant to subsection (a) shall consist of members appointed by the Administrator, including representatives of—

(1) holders of type certificates (as described in subpart B of part 21, title 14, Code of Federal Regulations);

(2) holders of production certificates (as described in subpart G of part 21, title 14, Code of Federal Regulations);

(3) holders of parts manufacturer approvals (as described in subpart K of part 21, title 14, Code of Federal Regulations);

(4) holders of technical standard order authorizations (as described in subpart O of part 21, title 14, Code of Federal Regulations);

(5) operators under parts 121, 125, or 135 of title 14, Code of Federal Regulations;

(6) holders of repair station certificates (as described in section 145 of title 14, Code of Federal Regulations);

(7) the certified bargaining representative of aviation safety inspectors for the Administration;

(8) general aviation operators;

(9) mechanics certificated under part 65 of title 14, Code of Federal Regulations;

(10) holders of supplemental type certificates (as described in subpart E of part 21 of title 14, Code of Federal Regulations);

(11) designated engineering representatives employed by repair stations; and

(12) aviation safety experts with specific knowledge of instructions for continued airworthiness policies and regulations.

(c) CONSIDERATIONS.—The aviation rulemaking committee established pursuant to subsection (a) shall consider—

(1) existing standards, regulations, certifications, assessments, and guidance related to instructions for continued airworthiness and the clarity of such standards, regulations, certifications, assessments, and guidance to all parties;

(2) the sufficiency of safety data used in preparing instructions for continued airworthiness;

(3) the sufficiency of maintenance data used in preparing instructions for continued airworthiness;

(4) the protection of proprietary information and intellectual property in instructions for continued airworthiness;

(5) the availability of instructions for continued airworthiness, as needed, for maintenance activities;

(6) the need to harmonize or deconflict proposed and existing regulations with other Federal regulations, guidance, and policies;

(7) international collaboration, where appropriate and consistent with the interests of safety in air commerce and national security, with other civil aviation authorities, international aviation and standards organizations, and any other appropriate entities; and

(8) any other matter the Administrator determines appropriate.

(d) DUTIES.—The Administrator shall—

(1) not later than 1 year after the date of enactment of this Act, submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a copy of the aviation rulemaking committee report under subsection (a); and

(2) not later than 180 days after the date of submission of the report under paragraph (1), initiate a rulemaking activity or make such policy and guidance updates necessary to address any consensus recommendations reached by the aviation rulemaking committee established pursuant to subsection (a), as determined appropriate by the Administrator.

SEC. 517. CLARITY FOR SUPPLEMENTAL TYPE CERTIFICATE REQUIREMENTS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall issue or update guidance, policy documents, orders, job aids, or regulations to clarify the conditions under which a major alteration will require a supplemental type certificate under part 21 of title 14, Code of Federal Regulations.

(b) CONTENTS.—Issuances or updates under subsection (a) shall include providing clarity around—

(1) the terms ''might appreciatively effect'' and ''no appreciable effect pursuant to sections 1.1 and 21.93 of title 14, Code of Federal Regulations, respectively''; and

(2) whether the term ''other approved design'', as such term appears in part 21.1 of title 14, Code of Federal Regulations, includes engineering data approved by the Administrator by means other than through a supplemental type certificate.

(c) CONSIDERATIONS.—In satisfying subsection (a), the Administrator shall make such updates as necessary to provide consideration for the level of effort required by an applicant to make a major alteration and the associated level of risk to the national airspace system for a single aircraft or multiple aircraft using such alteration.

SEC. 518. USE OF ADVANCED TOOLS IN CERTIFYING AEROSPACE PRODUCTS.

(a) IN GENERAL.—Not later than 30 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall complete an assessment of the use of advanced tools during the testing, analysis, and verification stages of aerospace certification projects to reduce the risks associated with high-risk flight profiles and performing limit testing.

(b) CONSIDERATIONS.—In carrying out the assessment under subsection (a), the Administrator shall consider—

(1) instances where high risk flight profiles and limit testing have already occurred in the certification process and the applicability of such test data for use in other aspects of flight testing;

(2) the safety of pilots during such testing;

(3) the value and accuracy of data collected using such advanced tools;

(4) the ability to produce more extensive data sets using such advanced tools;

(5) any aspects of testing for which the use of such tools would not be valuable or applicable;

(6) the cost of using such advanced tools; and

(7) the best practices of other civil aviation authorities that permit the use of advanced tools during aerospace certification projects.

(c) CONSULTATION.—In carrying out the assessment under subsection (a), the Administrator shall consult with—

(1) aircraft manufacturers, including manufacturers that have designed and certified aircraft under—

(A) part 23 of title 14, Code of Federal Regulations;

(B) part 25 of such title; or

(C) part 27 of such title;

(2) aircraft manufacturers that have designed and certified, or are in the process of certifying, aircraft with a novel design under part 21.17(b) of such title;

(3) associations representing aircraft manufacturers;

(4) researchers and academics in related fields; and

(5) pilots who are experts in flight testing.

(d) CONGRESSIONAL REPORT.—Not later than 60 days after the completion of the assessment under subsection (a), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on—

(1) the results of the assessment conducted under subsection (a); and

(2) how the Administrator plans to implement the findings of the assessment and any changes needed to Administration policy, guidance, and regulations to allow for and optimize the use of advanced tools during the certification of aerospace products in order to reduce risk and improve safety outcomes.

SEC. 519. TRANSPORT AIRPLANE AND PROPULSION CERTIFICATION MODERNIZATION.

Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish a notice of proposed rulemaking for the rulemaking activity titled ''Transport Airplane and Propulsion Certification Modernization'', published in Fall 2022 in the Unified Agenda of Federal Regulatory and Deregulatory Actions (RIN 2120–AL42).

SEC. 520. ENGINE FIRE PROTECTION STANDARDS.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish an internal regulatory review team to review and compare domestic and international airworthiness standards and guidance for aircraft engine firewalls.

(b) REVIEW.—In completing the review under subsection (a), the regulatory review team shall—

(1) identify any significant differences in standards or guidance with respect to test article selection, fire test boundaries, and pass-fail criteria;

(2) consider if alternative international standards used by peer civil aviation authorities reflect best practices that should be adopted by the Administration;

(3) recommend updates, if appropriate, to the Significant Standards List of the Administration based on any findings;

(4) assess whether a selection of aircraft engine firewalls certified by other civil aviation

authorities, which were validated by the Administration, comply with the requirements of the Administration;

(5) recommend actions the Administration should take during future validation activities or with other civil aviation authorities to address any gaps in requirements; and

(6) consult with industry stakeholders during such review.

(c) BRIEFING.—Not later than 120 days after the completion of the review under subsection (a), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the findings and recommendations stemming from such review.

SEC. 521. RISK MODEL FOR PRODUCTION FACILITY INSPECTIONS.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act and periodically thereafter, the Administrator of the Federal Aviation Administration shall—

(1) conduct a review of the risk-based model used by Federal Aviation Administration certification management offices to inform the frequency of aircraft manufacturing or production facility inspections; and

(2) update the model to ensure such model adequately accounts for risk at facilities during periods of increased production.

(b) BRIEFINGS.—Not later than 60 days after the date on which the review is conducted under subsection (a), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on—

(1) the results of the review;

(2) any changes made to the risk-based model described in subsection (a); and

(3) how such changes would help improve the in-plant inspection process.

SEC. 522. SECONDARY COCKPIT BARRIERS.

(a) IN GENERAL.—Not later than 6 months after the issuance of a final rule on the proposed rule of the Federal Aviation Administration titled ''Installation and Operation of Flightdeck Installed Physical Secondary Barriers on Transport Category Airlines in Part 121 Service'', and issued on August 1, 2022 (87 Fed. Reg. 46892), the Administrator of the Federal Aviation Administration shall convene an aviation rulemaking committee to review and develop findings and recommendations to require installation of a secondary cockpit barrier on aircraft operated under the provisions of part 121 of title 14, Code of Federal Regulations, that are not captured under another regulation or proposed regulation.

(b) MEMBERSHIP.—The Administrator shall appoint the members of the rulemaking committee convened under subsection (a), which shall be comprised of at least 1 representative each of—

(1) mainline air carriers;

(2) regional air carriers;

(3) cargo air carriers;

(4) aircraft manufacturers;

(5) a labor group representing pilots;

(6) a labor group representing flight attendants; and

(7) other stakeholders the Administrator determines appropriate.

(c) CONSIDERATIONS.—The aviation rulemaking committee convened under subsection (a) shall consider—

(1) minimum dimension requirements for secondary barriers on all aircraft types operated under part 121 of title 14, Code of Federal Regulations;

(2) secondary barrier performance standards manufacturers and air carriers must meet for such aircraft types;

(3) the availability of certified secondary barriers suitable for use on such aircraft types;

(4) the development, certification, testing, manufacturing, installation, and training for secondary barriers for such aircraft types;

(5) flight duration and stage length;

(6) the location of lavatory on such aircraft as related to operational complexities;

(7) operational complexities;

(8) any risks to safely evacuate passengers of such aircraft; and

(9) other considerations the Administrator determines appropriate.

(d) REPORT TO CONGRESS.—Not later than 18 months after the convening of the aviation rulemaking committee described in subsection (a), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, a report based on the findings and recommendations of the aviation rulemaking committee convened under subsection (a), to include—

(1) if applicable, any dissenting positions on the findings and the rationale for each position; and

(2) any disagreements, including the rationale for each position and the reasons for the disagreement.

SEC. 523. REVIEW OF FAA USE OF AVIATION SAFETY DATA.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall enter into an appropriate arrangement with a qualified third-party organization or consortium to evaluate the Administration's collection, collation, analysis, and use of aviation data across the Administration.

(b) CONSULTATION.—In completing the evaluation under subsection (a), the qualified third-party organization or consortium shall—

(1) seek the input of experts in data analytics, including at least 1 expert in the commercial data services or analytics solutions sector;

(2) consult with the National Transportation Safety Board and the Transportation Research Board; and

(3) consult with appropriate federally funded research and development centers, to the extent that such centers are not already involved in the evaluation.

(c) SUBSTANCE OF EVALUATION.—In completing the evaluation under subsection (a), the qualified third-party organization or consortium shall—

(1) compile a list of internal and external sources, databases, and streams of information the Administration receives or has access to that provide the Administration with operational or safety information and data about the national airspace system, its users, and other regulated entities of the Administration;

(2) review data sets to determine completeness and accuracy of relevant information;

(3) identify gaps in information that the Administration could fill through sharing agreements, partnerships, or other means that would add value during safety trend analysis;

(4) assess the Administration's capabilities, including analysis systems and workforce skillsets, to analyze relevant data and information to make informed decisions;

(5) review data and information for proper storage, identification controls, and data privacy—

(A) as required by law; and

(B) consistent with best practices for data collection, storage, and use;

(6) review the format of such data and identify methods to improve the usefulness of such data;

(7) assess internal and external access to data for—

(A) appropriateness based on data type and level of detail;

(B) proper data access protocols and precautions; and

(C) maximizing availability of safety-related data that could support the improvement of safety management systems of and trend identification by regulated entities and the Administration;

(8) examine the collation and dissemination of data within offices and between offices of the Administration;

(9) review and recommend improvements to the data analysis techniques of the Administration; and

(10) recommend investments the Administration should consider to better collect, manage, and analyze data sets, including within and between offices of the Administration.

(d) ACCESS TO INFORMATION.—The Administration shall provide the qualified third-party organization or consortium and the experts described in subsection (b) with adequate access to safety and operational data collected by and held by the agency across all offices of the Administration, except if specific access is otherwise prohibited by law.

(e) NONDISCLOSURE.—Prior to participating in the review, the Administrator shall ensure that each person participating in the evaluation under this section enters into an agreement with the Administrator in which the person shall be prohibited from disclosing at any time, except as required by law, to any person, foreign or domestic, any non-public information made accessible to the federally funded research and development center under this section.

(f) REPORT.—The qualified third-party organization or consortium carrying out the evaluation under this section shall provide a report of the findings of the center to the Administrator and include recommendations to improve the Administration's collection, collation, analysis, and use of aviation data, including recommendations to—

(1) improve data access across offices within the Administration, as necessary, to support efficient execution of safety analysis and programs across such offices;

(2) improve data storage best practices;

(3) develop or refine methods for collating data from multiple administration and industry sources; and

(4) procure or use available analytics tools to draw conclusions and identify previously unrecognized trends or miscategorized risks in the aviation system, particularly when identification of such information requires the analysis of multiple sets of data from multiple sources.

(g) IMPLEMENTATION OF RECOMMENDATIONS.—Not later than 6 months after the receipt of the report under subsection (f), the Administrator shall review, develop an implementation plan, and begin the implementation of the recommendations received in such report.

(h) REVIEW OF IMPLEMENTATION.—The qualified third-party organization or consortium that conducted the initial evaluation, and any experts who contributed to such evaluation pursuant to subsection (b)(1), shall provide regular feedback and advice to the Administrator on the implementation plan developed under subsection (g) and any implementation activities for at least 2 years beginning on the date of the receipt of the report under subsection (f).

(i) REPORT TO CONGRESS.—The Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the report described in subsection (f) and the implementation plan described in subsection (g).

(j) EXISTING REPORTING SYSTEMS.—Consistent with section 132 of the Aircraft Certification, Safety, and Accountability Act (Public Law 116–260), the Executive Director of the Transportation Research Board, in consultation with the Secretary of Transportation and the Administrator, may further harmonize data and sources following the implementation of recommendations contained in the report required under subsection (g).

SEC. 524. PART 135 DUTY AND REST.

(a) PART 91 TAIL–END FERRY RULEMAKING.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall require that

any operation conducted by a flightcrew member during an assigned duty period under the operational control of an operator holding a certificate under part 135 of title 14, Code of Federal Regulations, before, during, or after the duty period (including any operations under part 91 of title 14, Code of Federal Regulations), without an intervening rest period, shall count towards the flight time and duty period limitations of such flightcrew member under part 135 of title 14, Code of Federal Regulations.

(b) RECORD KEEPING.—Not later than 1 year after the date of enactment of this Act, the Administrator shall update any Administration policy and guidance regarding complete and accurate record keeping practices for operators holding a certificate under part 135 of title 14, Code of Federal Regulations, in order to properly document, at a minimum—

(1) flightcrew assignments;

(2) flightcrew rest notifications;

(3) compliance with flight and duty times limitations and post-duty rest requirements; and

(4) duty period start and end times.

(c) SAFETY MANAGEMENT SYSTEM OVERSIGHT.—The Administrator, in performing oversight of the safety management system of an operator holding a certificate under part 135 of title 14, Code of Federal Regulations, following the implementation of the final rule issued based on the rulemaking titled ''Safety Management Systems'', and published on January 11, 2023 (88 Fed. Reg 1932), shall ensure such operator is evaluating and appropriately mitigating aviation safety risks, including, at minimum, risks associated with—

(1) inadequate flightcrew member duty and rest periods; and

(2) incomplete records pertaining to flightcrew rest, duty, and flight times.

SEC. 525. COCKPIT VOICE AND VIDEO RECORDERS.

(a) IN GENERAL.—Chapter 447 of title 49, United States Code, is further amended by adding at the end the following:

''§ 44746. Cockpit recording device

''(a) IN GENERAL.—Not later than 18 months after the date of enactment of this section, the Administrator of the Federal Aviation Administration shall complete a rulemaking proceeding to—

''(1) require that, not later than 4 years after the date of enactment of this section, all applicable aircraft are fitted with a cockpit voice recorder and a flight data recorder that are each capable of recording the most recent 25 hours of data;

''(2) prohibit any person from deliberately erasing or tampering with any recording on such a cockpit voice recorder or flight data recorder following a National Transportation Safety Board reportable event under part 830 of title 49, Code of Federal Regulations, and provide for civil and criminal penalties for such deliberate erasing or tampering, which may be assessed in accordance with section 1155 and section 32 of title 18;

''(3) require that such a cockpit voice recorder has the capability for an operator to use an erasure feature, such as an installed bulk erase function, consistent with applicable law and regulations;

''(4) require that, in the case of such a cockpit voice recorder or flight data recorder that uses a solid state recording medium in which activation of a bulk erase function assigns a random discrete code to the deleted recording, only the manufacturer of the recorder and National Transportation Safety Board have access to the software necessary to determine the code in order to extract the deleted recorded data; and

''(5) ensure that data on such a cockpit voice recorder or a flight data recorder, through technical means other than encryption (such as overwriting or the substitution of a blank recording medium before the recorder is returned to the owner) is not disclosed for use other than for accident or incident investigation purposes.

''(b) PROHIBITED USE.—A cockpit voice recorder recording shall not be used by the Administrator or any employer for any certificate action, civil penalty, or disciplinary proceedings against flight crewmembers.

''(c) APPLICABLE AIRCRAFT DEFINED.—In this section, the term 'applicable aircraft' means an aircraft that is—

''(1) operated under part 121 of title 14, Code of Federal Regulations; and

''(2) required by regulation to have a cockpit voice recorder or a flight data recorder.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 447 of title 49, United States Code, is further amended by adding at the end the following:

''44746. Cockpit recording device.''.

SEC. 526. FLIGHT DATA RECOVERY FROM OVERWATER OPERATIONS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall direct the Aviation Rulemaking Advisory Committee (hereinafter referred to as the ''Committee'' in this section) to review regulations regarding flight data recovery for aircraft—

(1) operated under part 121 of title 14, Code of Federal Regulations; and

(2) used in extended overwater operations.

(b) CONSIDERATIONS.—In carrying out the review pursuant to subsection (a), the Committee shall provide to the Administrator any consensus recommendations for the equipage of aircraft described in subsection (a) with a cockpit voice recorder and a flight data recorder that—

(1) provide a means, in the event of an accident, to recover mandatory flight data parameters in a manner that does not require the underwater retrieval of the cockpit voice recorder or flight data recorder;

(2) is equipped with a tamper-resistant method to broadcast sufficient information to a ground station to establish the location where an aircraft terminates flight as the result of an accident within 6 nautical miles of the point of impact of the aircraft; and

(3) is equipped with an airframe low-frequency underwater locating device that functions for at least 90 days and that can be detected by appropriate equipment.

(c) RECOMMENDATIONS.—Not later than 18 months after tasking the aviation rulemaking advisory committee under subsection (a), the committee shall submit to the Administrator any consensus recommendations developed under subsection (b).

(d) RULEMAKING.—Not later than 1 year after receiving any recommendations pursuant to subsection (c), the Administrator shall initiate a rulemaking activity based on such consensus recommendations, if determined appropriate.

(e) BRIEFING.—If the Administrator decides not to issue a final rule with respect to the rulemaking initiated under subsection (d), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the justification for such decision.

SEC. 527. EMERGENCY MEDICAL EQUIPMENT ON PASSENGER AIRCRAFT.

(a) IN GENERAL.—Not later than 12 months after date of enactment of this Act, the Administrator of the Federal Aviation Administration shall review and update, as appropriate, part 121 of title 14, Code of Federal Regulations, regarding emergency medical equipment, including the contents of emergency medical kits, and training required for flight crew.

(b) CONSIDERATION.—In carrying out subsection (a), the Administrator shall consider—

(1) the benefits and costs (including the costs of flight diversions and emergency landings) of requiring any new medications or equipment necessary to be included in approved emergency medical kits under part 121 of title 14, Code of Federal Regulations; and

(2) whether the contents of the emergency medical kits include the appropriate medications and equipment that can practicably be administered to address—

(A) the emergency medical needs of children and pregnant women;

(B) opioid overdose;

(C) anaphylaxis; and

(D) cardiac arrest.

(c) CONSULTATION.—In conducting the review required under subsection (a), the Administrator shall consult with associations representing aerospace medical professionals.

SEC. 528. NAVIGATION AIDS STUDY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the inspector general of the Department of Transportation shall initiate a study examining the effects of reclassifying navigation aids to Design Assurance Level–A from Design Assurance Level–B, including the following navigation aids:

(1) Distance measuring equipment.

(2) Very high frequency omni-directional range.

(3) Tactical air navigation.

(4) Wide area augmentation system.

(b) CONTENTS.—In conducting the study required under subsection (a), the inspector general shall address—

(1) the cost-benefit analyses associated with the reclassification described in such subsection;

(2) the findings from the operational safety assessments and preliminary hazard analyses of the navigation aids listed in such subsection;

(3) the risks of such reclassification on navigation aid equipment currently in use;

(4) the potential impacts on global interoperability of navigational aids; and

(5) what additional actions should be taken based on the findings of this subsection.

(c) REPORT.—Not later than 24 months after the date of enactment of this Act, the inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the results of the study conducted under subsection (a).

SEC. 529. REMOTE TOWERS.

(a) STUDY.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to enter into an agreement with a qualified organization to conduct a study examining the viability and feasibility of remote tower technology available on the date of enactment of this Act to accommodate existing air traffic activity at non-towered, public-use airports and airports with a visual flight rule air traffic control tower.

(2) CONSIDERATIONS.—In the study conducted under subsection (a), the qualified organization selected under such subsection shall consider and include in such study—

(A) the effectiveness and adequacy of the pilot program established under section 161 of the FAA Reauthorization Act of 2018 (49 U.S.C. 47104 note) in—

(i) assessing the installation, maintenance, and operational costs and benefits of remote tower technology; and

(ii) establishing a clear process for the safety and operational certification of such technology;

(B) a description of actions that the Administration has undertaken to carry out such pilot program;

(C) any barriers related to the safety and operational certification of such technology;

(D) the number and type of non-towered airports in the national airspace system;

(E) the availability and development of remote tower technology;

(F) the potential to use remote tower systems to control air traffic at multiple airports and from a single physical location, similar to a terminal radar approach control facility;

(G) staffing flexibility to support seasonal staffing of remote towers;

(H) safety factors related to the potential need for such remote tower technology;

(I) the potential to use remote tower systems to surveil for unmanned aircraft, in conjunction with unmanned aircraft system traffic management systems, to enhance air traffic management of manned air traffic;

(J) factors related to the demand for remote tower technology;

(K) an examination of remote tower use in other countries;

(L) projected costs associated with installing and maintain remote tower technology at a single airport; and

(M) recommendations regarding the most cost-effective approach to provide air traffic control services at non-towered airports in the national airspace system.

(3) INPUT.—In carrying out the study under subsection (a), the qualified organization selected under such subsection shall—

(A) seek coordination with the Air Traffic Organization and other offices of the Administration; and

(B) seek the participation of representatives of—

(i) the exclusive bargaining representatives of air traffic controllers certified under section 7111 of title 5, United States Code;

(ii) manufacturers of remote towers;

(iii) airport operators; and

(iv) other stakeholders that the Administrator determines appropriate.

(4) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing the results of the study under subsection (a).

(b) CERTIFICATION PROCESS.—

(1) IN GENERAL.—Not later than 1 year after the completion of the study required under subsection (a), the Administrator shall establish a process for the certification of system design and operational approval of remote towers for use at public-use airports.

(2) CONSULTATION.—In carrying out subsection (b), the Administrator shall consult with the following:

(A) The exclusive bargaining representative of the air traffic controllers certified under section 7111 of title 5, United States Code.

(B) Manufacturers of remote towers.

(C) Non-towered airport operators.

(3) REQUIREMENTS.—In developing the certification process required under subsection (b), the Administrator shall—

(A) establish requirements for the system design and operational approval of remote towers, including—

(i) sensor and camera visual requirements;

(ii) datalink latency requirements; and

(iii) visual presentation design requirements for monitors used to display sensor and camera feeds;

(B) establish tower-closure standards for contingency operations and procedures for remote tower failures and malfunctions; and

(C) consider the use of—

(i) ground– and space–based telecommunications infrastructure; and

(ii) any other wireless telecommunications infrastructure that may enable the operation of a remote tower.

(4) OPERATIONAL APPROVAL ASSESSMENTS.—In developing the operational approval process required under this subsection, the Administrator shall—

(A) determine the appropriate number of air traffic controllers necessary to staff a remote tower for safe air traffic control operations at the respective airport based on the existing or projected air traffic activity at the airport;

(B) use a safety risk management panel process to address any safety issues with respect to the remote tower;

(C) if the remote tower is intended to be installed at a non-towered airport, assess the safety benefits of the remote tower against the lack of an existing tower; and

(D) establish, to the satisfaction of the Administrator and using performance-based criteria, to the extent appropriate, published in advance, the level of safety necessary for the operation of the remote tower at the airport.

(5) AIRPORT OPERATORS.—An airport operator seeking to install or construct a certified remote tower shall submit to the Administrator an application in such form and containing such information as the Administrator may require.

(6) IMPLEMENTATION.—In carrying out this section, the Administrator shall—

(A) identify air traffic control information and data that assists the Administrator in categorically certifying remote towers at different types of airports;

(B) implement processes necessary to collect the information and data identified in subparagraph (A); and

(C) develop criteria from the information and data identified in subparagraph (A) to assess remote towers for widespread use at categories of public-use airports.

(7) PRIORITIZATION OF REMOTE TOWER CERTIFICATION APPLICANTS.—With respect to applications submitted as required by paragraph (4), the Administrator shall prioritize—

(A) airports that do not have a permanent air traffic control tower at the time of application;

(B) airports that would provide small and rural community air service; or

(C) airports that have been newly accepted as of the date of enactment of this Act into the Contract Tower Program.

(8) BRIEFING.—Not later than 180 days after receiving the report required under subsection (a), and annually thereafter through fiscal year 2028, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the activities required under this section.

(c) DEFINITIONS.—In this section:

(1) AIR TRAFFIC ACTIVITY.—The term ''air traffic activity'' means the number of takeoffs, landings, and simulated approaches of an airport and the time of which such takeoffs, landings, and simulated approaches occur.

(2) CONTRACT TOWER PROGRAM.—The term ''Contract Tower Program'' has the meaning given such term in section 47124(e) of title 49, United States Code.

(3) QUALIFIED ORGANIZATION.—The term ''qualified organization'' means an independent non-profit organization that recommends solutions to public policy challenges through objective analysis.

(4) REMOTE TOWER.—The term ''remote tower'' has the meaning given such term in section 161(a)(9) of the FAA Reauthorization Act of 2018 (49 U.S.C. 47104 note).

SEC. 530. WEATHER REPORTING SYSTEMS STUDY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study to examine how to improve the procurement, functionality, and sustainability of weather reporting systems, including—

(1) automated weather observing systems;

(2) automated surface observing systems;

(3) visual weather observing systems; and

(4) non-Federal weather reporting systems.

(b) CONTENTS.—In conducting the study required under section (a), the Comptroller General shall address—

(1) the current state of the supply chain related to weather reporting systems and the components of such systems, including—

(A) the adequacy of suppliers of such systems and components;

(B) the affordability of such systems and components; and

(C) the availability and affordability of replacement parts;

(2) the average age of weather reporting systems infrastructure installed in the national airspace system;

(3) challenges to maintaining and replacing weather reporting systems, including—

(A) root causes of weather reporting system outages, including failures of such systems, and supporting systems such as telecommunications infrastructure; and

(B) the degree to which such outages affect weather reporting in the national airspace system;

(4) mitigation measures to maintain aviation safety during such an outage; and

(5) alternative means of obtaining weather elements at airports, including wind direction, wind speed, barometric pressure setting, and cloud coverage, including visibility.

(c) CONSULTATION.—In conducting the study required under subsection (a), the Comptroller General shall consult with the appropriate stakeholders and Federal agencies involved in installing, managing, and supporting weather reporting systems in the national airspace system.

(d) REPORT.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the results of the study conducted under subsection (a).

(2) RECOMMENDATIONS.—The Comptroller General shall include in the report submitted under paragraph (1) recommendations for—

(A) ways to improve the resiliency and redundancy of weather reporting systems;

(B) alternative means of compliance for obtaining weather elements at airports; and

(C) if necessary, changes to Orders of the Administration, including the following:

(i) Surface Weather Observing, Joint Order 7900.5.

(ii) Notices to Air Missions, Joint Order 7930.2.

SEC. 531. GAO STUDY ON EXPANSION OF THE FAA WEATHER CAMERA PROGRAM.

(a) STUDY.—The Comptroller General of the United States shall conduct a study on the feasibility and benefits and costs of expanding the Weather Camera Program of the Federal Aviation Administration to locations in the United States that lack weather camera services.

(b) CONSIDERATIONS.—In conducting the study required under subsection (a), the Comptroller General shall review—

(1) the potential effects of the existing Weather Camera Program on weather-related aviation accidents and flight interruptions;

(2) the potential benefits and costs associated with expanding the Weather Camera Program;

(3) limitations on the real-time access of weather camera information by pilots and aircraft operators;

(4) non-safety related regulatory structures or barriers to the allowable use of weather camera information for the purposes of aircraft operations;

(5) limitations of existing weather camera systems at the time of the study;

(6) alternative sources of viable weather data;

(7) funding mechanisms for weather camera installation and operations; and

(8) other considerations the Comptroller General determines appropriate.

(c) REPORT TO CONGRESS.—Not later than 28 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study required under subsection (a).

SEC. 532. AUDIT ON AVIATION SAFETY IN ERA OF WIRELESS CONNECTIVITY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the inspector general of the Department of Transportation shall initiate an audit of the Federal Aviation Administration's internal processes and procedures to communicate the position of civil aviation operators and the safety of the national airspace system to the National Telecommunications and Information Administration regarding proposed spectrum reallocations or auction decisions.

(b) ASSESSMENT.—In conducting the audit described in subsection (a), the inspector general shall assess best practices and policy recommendations for the Federal Aviation Administration to—

(1) improve internal processes by which proposed spectrum reallocations or auctions are thoroughly reviewed in advance to ensure that any comments or technical concerns regarding aviation safety from civil aviation stakeholders are communicated to the National Telecommunications and Information Administration that are to be submitted to the Federal Communications Commission;

(2) develop internal processes and procedures to assess the effects a proposed spectrum reallocation or auction may have on the [National Airspace System/national airspace system] in a timely manner to ensure safety of the national airspace system;

(3) improve external communication processes to better inform civil aviation stakeholders, including owners and operators of civil aircraft, on any comments or technical concerns of the Federal Aviation Administration relating to a proposed spectrum reallocation or auction that may impact the national airspace system; and

(4) better communicate to the National Telecommunications and Information Administration when a proposed spectrum reallocation or auction may pose a potential risk to aviation safety.

(c) STAKEHOLDER VIEWS.—In conducting the audit pursuant to subsection (a), the inspector general shall consult with relevant stakeholders, including—

(1) air carriers operating under part 121 of title 14, Code of Federal Regulations;

(2) manufacturers of aircraft and aircraft components;

(3) wireless communication carriers;

(4) labor unions representing pilots;

(5) air traffic system safety specialists;

(6) other representatives of the communications industry;

(7) aviation safety experts;

(8) the National Telecommunications and Information Administration; and

(9) the Federal Communications Commission.

(d) REPORT.—Not later than 2 years after the date on which the audit is conducted pursuant to subsection (a), the inspector general shall complete and submit a report on findings and recommendations to—

(1) the Administrator of the Federal Aviation Administration;

(2) the Committee on Transportation and Infrastructure of the House of Representatives;

(3) the Committee on Energy and Commerce of the House of Representatives; and

(4) the Committee on Commerce, Science, and Technology of the Senate.

SEC. 533. RAMP WORKER SAFETY CALL TO ACTION.

(a) CALL TO ACTION RAMP WORKER SAFETY REVIEW.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a Call to Action safety review of airport ramp worker safety in order to bring stakeholders together to share best practices and implement actions to address airport ramp worker safety.

(b) CONTENTS.—The Call to Action safety review required pursuant to subsection (a) shall include—

(1) a review of Administration regulations, guidance, and directives related to airport ramp worker procedures and oversight of such processes;

(2) a review of reportable accidents and incidents involving airport ramp workers, including any identified contributing factors to the reportable accident or incident;

(3) a review of training and related educational materials for airport ramp workers, including supervisory employees;

(4) a review of devices and methods for communication on the ramp;

(5) a review of markings on the ramp that define restriction, staging, safety, or hazard zones;

(6) a review of aircraft jet blast and engine intake safety markings; and

(7) a process for stakeholders, including airlines, aircraft manufacturers, airports, labor, and aviation safety experts, to provide feedback and share best practices.

(c) REPORT AND ACTIONS.—Not later than 180 days after the conclusion of the Call to Action safety review pursuant to subsection (a), the Administrator shall—

(1) submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the review and any recommendations for actions or best practices to improve airport ramp worker safety, including the identification of risks and possible mitigations to be considered in any applicable safety management system of air carriers and airports; and

(2) initiate such actions as are necessary to act upon the findings of the review under subsection (b).

SEC. 534. SAFETY DATA ANALYSIS FOR AIRCRAFT WITHOUT TRANSPONDERS.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with the Chairman of the National Transportation Safety Board, shall collect and analyze data relating to accidents and incidents involving covered exempt aircraft that occurred within 30 nautical miles of an airport.

(b) REQUIREMENTS.—The analysis required under subsection (a) shall include with respect to covered exempt aircraft a review of—

(1) incident and accident data since 2006;

(2) incidents and accidents involving midair events, including collisions;

(3) incidents and accidents involving ground proximity warning system alerts;

(4) incidents and accidents involving traffic collision avoidance system alerts;

(5) incidents and accidents involving a loss of separation or near miss; and

(6) the causes of the accidents and incidents described in paragraphs (1) through (5).

(c) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the analysis required under subsection (a) and, if appropriate, recommendations on how to reduce the number of incidents and accidents associated with such covered exempt aircraft.

(d) COVERED EXEMPT AIRCRAFT DEFINED.—In this section, the term ''covered exempt aircraft'' means aircraft, balloons, and gliders exempt from air traffic control transponder and altitude reporting equipment and use requirements under part 91.215(b)(3) of title 14, Code of Federal Regulations.

SEC. 535. CRASH-RESISTANT FUEL SYSTEMS IN ROTORCRAFT.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall task the Aviation Rulemaking Advisory Committee to—

(1) review the data analysis conducted and the recommendations developed by the Aviation Rulemaking Advisory Committee Rotorcraft Occupant Protection Working Group of the Administration;

(2) update the 2018 report of such working group on rotorcraft occupant protection by—

(A) reviewing National Transportation Safety Board data from 2016 through 2023 on post-crash fires in helicopter accidents; and

(B) determining whether and to what extent crash-resistant fuel systems could have prevented fatalities; and

(3) develop recommendations for either the Administrator or the helicopter industry to encourage helicopter owners and operators to expedite the installation of crash-resistant fuel systems in the aircraft of such owners and operators regardless of original certification and manufacture date.

(b) SCHEDULE.—

(1) DEADLINE.—Not later than 18 months after the Administrator tasks the Aviation Rulemaking Advisory Committee under subsection (a), the Committee shall submit the recommendations developed under subsection (a)(2) to the Administrator.

(2) IMPLEMENTATION.—If applicable, and not later than 180 days after receiving the recommendations under paragraph (1), the Administrator shall—

(A) begin implementing, as appropriate, any consensus safety recommendations the Administrator receives from the Aviation Rulemaking Advisory Committee, and brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on any recommendations the Administrator does not implement; and

(B) partner with the United States Helicopter Safety Team, as appropriate, to facilitate implementation of any recommendations for the helicopter industry pursuant to subsection (a)(2)

SEC. 536. REDUCING TURBULENCE ON PART 121 AIRCRAFT OPERATIONS.

(a) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall review and implement, as appropriate, the recommendations made by the Chair of the National Transportation Safety Board to the Administrator contained in the safety research report titled ''Preventing Turbulence-Related Injuries in Air Carrier Operations Conducted Under Title 14 Code of Federal Regulations Part 121'', issued on August 10, 2021 (NTSB/SS–21/01).

(b) REPORT.—

(1) IN GENERAL.—Not later than 1 year after completing the review under subsection (a), and every 2 years thereafter, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the status of the recommendations in the safety research report described in subsection (a) until the earlier of—

(A) the date on which such recommendations have been adopted; or

(B) the date that is 10 years after the date of enactment of this Act.

(2) CONTENTS.—If the Administrator decides not to implement a recommendation in the safety research report described in subsection (a), the Administrator shall provide, as a part of the report required under paragraph (1), a description of why the Administrator did not implement such recommendation.

SEC. 537. STUDY ON RADIATION EXPOSURE.

(a) STUDY.—Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine under which the National Research Council of the National Academies shall conduct a study on radiation exposure onboard various aircraft types operated under part 121 of title 14, Code of Federal Regulations.

(b) SCOPE OF STUDY.—In conducting the study under subsection (a), the National Research Council shall assess—

(1) radiation concentrations in such aircraft at takeoff, in-flight at high altitudes, and upon landing;

(2) the health risks and impact of radiation exposure to flight attendants and passengers onboard aircraft operating at high altitudes; and

(3) mitigation measures to prevent and reduce the health and safety impacts of radiation exposure to flight attendants and passengers.

(c) REPORT TO CONGRESS.—Not later than 16 months after the initiation of the study required under subsection (a), the Secretary shall submit to the appropriate committees of Congress the study conducted by the National Research Council pursuant to this section.

(d) APPROPRIATE COMMITTEES OF CONGRESS DEFINED.—In this section, the term ''appropriate committees of Congress'' means the Committee on Transportation and Infrastructure and the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

SEC. 538. DETERRING CREWMEMBER INTERFERENCE.

(a) TASK FORCE.—

(1) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall convene a task force to develop voluntary standards and best practices relating to suspected violations of sections 46318, 46503, and 46504 of title 49, United States Code, including—

(A) proper and consistent incident documentation and reporting techniques;

(B) best practices for flight crew and cabin crew response, including de-escalation;

(C) improved coordination between stakeholders, including flight crew and cabin crew, airport staff, other Federal agencies as appropriate, and law enforcement; and

(D) appropriate enforcement actions.

(2) MEMBERSHIP.—The task force convened under paragraph (1) shall be comprised representatives of—

(A) air carriers;

(B) airport sponsors and airport law enforcement agencies;

(C) other Federal agencies determined necessary by the Administrator; and

(D) labor organizations representing air carrier pilots;

(E) labor organizations representing flight attendants; and

(F) labor organizations representing ticketing, check-in, or other customer service representatives employed by air carriers.

(b) ANNOUNCEMENTS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall initiate such actions as may be necessary to include in the briefing of passengers before takeoff required under section 121.571 of title 14, Code of Federal Regulations, a statement informing passengers that it is against Federal law to assault or threaten to assault any individual on an aircraft or interfere with the duties of a crewmember.

(c) DEFINITIONS.—For purposes of this section, the definitions in section 40102(a) of title 49, United States Code, shall apply to terms in this section.

SEC. 539. CABIN TEMPERATURE STANDARDS.

(a) IN GENERAL.—Not later than 24 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall review existing standards produced by recognized industry standards organizations on safe air temperatures and humidity levels in enclosed environments, including onboard aircraft, and determine the validity of such standards, including the American Society of Heating, Refrigerating and Air-Conditioning Engineers (in this section referred to as ''ASHRAE'') standards titled ''Air Quality within Commercial Aircraft'' (ASHRAE Guideline 28–2021) and ''Thermal Environmental Conditions for Human Occupancy'' (ASHRAE Standard 55–2020).

(b) CONSULTATION.—In conducting the review under subsection (a), the Administrator shall consult with—

(1) certificate holders under part 121 of title 14, Code of Federal Regulations;

(2) certified labor representatives of flight attendants, pilots, and other crewmembers;

(3) relevant Federal agencies; and

(4) other relevant stakeholders, as appropriate.

(c) ACADEMIC STUDY.—In the event that the Administrator determines, through the review carried out under subsection (a), that there is not an appropriate standard to determine unsafe temperatures onboard aircraft operated under part 121 of title 14, Code of Federal Regulations, the Administrator shall enter into an appropriate agreement with the National Academies to—

(1) conduct a study of unsafe aircraft cabin temperatures and aircraft conditions that contribute to such temperatures; and

(2) provide recommendations for air carriers and aircraft manufacturers to improve the management of temperature and related factors onboard aircraft.

(d) REPORTS.—

(1) FAA.—Not later than 3 months after completing the review required under subsection (a), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings and determination of the review.

(2) NATIONAL ACADEMIES.—If a report is produced under subsection (c), not later than 1 month after receiving such report the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate such report.

SEC. 540. CABIN AIR QUALITY.

(a) REPORTING OF SMOKE OR FUME EVENTS ONBOARD COMMERCIAL AIRCRAFT.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Administrator of the Federal Aviation Administration shall develop a standardized system for a flight attendants, pilots, and aircraft maintenance technicians of air carriers to voluntarily report fume events onboard passenger-carrying aircraft operating under part 121 of title 14, Code of Federal Regulations.

(2) INFORMATION SUBMISSION.—The system developed under paragraph (1) shall include a method of submission, which shall request at least the following information:

(A) Identification of the flight number, type, and registration of the aircraft.

(B) The date of the reported fume event onboard the aircraft.

(C) Description of smoke or fume in the aircraft, including the nature, intensity, and visual consistency or smell (if any).

(D) The location of the smoke or fumes in the aircraft.

(E) The source (if discernible) of the smoke or fumes in the aircraft.

(F) The phase of flight during which smoke or fumes first became present.

(G) The duration of the fume event.

(H) Any required onboard medical attention for passengers or crew members.

(I) Any additional factors as determined appropriate by the Administrator or crew member submitting a report.

(3) GUIDELINES FOR SUBMISSION.—The Administrator shall issue guidelines on how to submit the information described in paragraph (2).

(4) CONFIRMATION OF SUBMISSION.—Upon submitting the information described in paragraph (2), the submitting party shall receive a duplicate record of the submission and confirmation of receipt.

(5) USE OF INFORMATION.—The Administrator—

(A) may not publish any information submitted under this section;

(B) shall maintain a database of such information;

(C) at the request of an air carrier, shall provide to such air carrier any information submitted under this section that is relevant to such air carrier, except any information that may be used to identify the party submitting such information;

(D) may not, without validation, assume that information submitted under this section is accurate for the purposes of initiating rulemaking or taking an enforcement action;

(E) may use information submitted under this section to inform the oversight of the safety management system of an air carrier; and

(F) may use information submitted under this section for the purpose of performing a study or supporting a study sponsored by the Administrator.

(b) STUDY.—

(1) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to enter into the appropriate arrangements with the National Academies to conduct a study and issue recommendations to be made publicly available pertaining to cabin air quality and any risk of, and potential for, persistent and accidental fume events onboard a passenger-carrying aircraft operating under part 121 of title 14, Code of Federal Regulations.

(2) SCOPE.—In carrying out a study pursuant to paragraph (1), the National Academies shall examine—

(A) the information collected pursuant to subsection (a);

(B) the report issued pursuant to section 326 of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note) and any identified assumptions or gaps described in such report;

(C) any health risks or impacts of fume events on flight crews, including flight attendants and pilots, and passengers onboard aircraft operating under part 121 of title 14, Code of Federal Regulations;

(D) instances of persistent or regularly occurring (as determined by the National Academies) fume events in such aircraft;

(E) instances of accidental, unexpected, or irregularly occurring (as determined by the National Academies) fume events on such aircraft, including whether such accidental events are more frequent during various phases of operations, including ground operations, taxiing, take off, cruise, and landing;

(F) the likely originating material of, and the air contaminants present during, the situations described in subparagraphs (D) and (E);

(G) the frequencies, durations, and likely causes of the situations described in subparagraphs (D) and (E); and

(H) any additional data on fume events as determined appropriate by the National Academies.

(3) RECOMMENDATIONS.—The National Academies shall provide recommendations based on the study conducted under paragraph (1)—

(A) that shall, at minimum, address how to—

(i) improve overall cabin air quality of passenger-carrying aircraft;

(ii) improve the detection, accuracy, and reporting of fume events; and

(iii) reduce the frequency and impact of fume events; and

(B) for any updates to standards, guidelines, or regulations that could help achieve the recommendations described in subparagraph (A).

(4) REPORT TO CONGRESS.—Not later than 1 month after the completion of the study conducted under paragraph (1), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science,

and Transportation of the Senate a copy of such study.

(c) FUME EVENT DEFINED.—In this section, the term ''fume event'' means the presence of fumes in the cabin, including smoke.

SEC. 541. EVACUATION STANDARDS FOR TRANSPORT CATEGORY AIRPLANES.

(a) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall task the Aviation Rulemaking Advisory Committee with reviewing and proposing updates to the evacuation requirements under section 25.803 of title 14, Code of Federal Regulations, and appendix J to part 25 of such title.

(b) CONSIDERATIONS.—In tasking the Aviation Rulemaking Advisory Committee under subsection (a), the Administrator shall, at a minimum, task the Committee to—

(1) evaluate whether the representative passenger loads, prescribed in regulation on the date of enactment of this Act, represent a realistic composition of passengers on an aircraft operated under part 121 of title 14, Code of Federal Regulations, including accounting for—

(A) children, including infants;

(B) passengers who do not speak English;

(C) passengers with disabilities; and

(D) service animals (as such term is defined in section 35.104 and 36.104 of title 28, Code of Federal Regulations, or successor regulations); and

(2) determine if there are technologies or techniques that can be used to more accurately represent categories of passengers who are unable to provide consent during evacuation testing, but should be simulated in such testing;

(3) evaluate whether the requirements prescribed in regulation on the date of enactment of this Act adequately consider the varying sizes, weight, and matter or baggage present in an aircraft cabin; and

(4) determine whether the evacuation testing performed, associated with section 25.803 of title 14, Code of Federal Regulations, considers the seat size, seat pitch, seating layout, aisle width, and aisle layout of the aircraft type being tested.

(c) CONSULTATION.—In tasking the Aviation Rulemaking Advisory Committee under subsection (a), the Administrator shall allow such Committee to consult with the National Transportation Safety Board, transport category aircraft manufacturers, air carriers certificated under part 121 of title 14, Code of Federal Regulations, crew members of such air carriers, emergency responders, groups representing passengers and passengers with disabilities, and other relevant experts.

(d) RULEMAKING.—Not later than 18 months after receiving such recommendations to update section 25.803 of title 14, Code of Federal Regulations, and appendix J to part 25 of such title, the Administrator shall issue a final rulemaking based on the recommendations provided by the aviation rulemaking advisory committee tasked under this section, as necessary.

(e) PASSENGER WITH DISABILITIES.—In this section, the term ''passenger with disabilities'' means any qualified individual with a disability, as such term is defined in section 382.3 of title 14, Code of Federal Regulations, or successor regulations.

SEC. 542. LITHIUM–ION POWERED WHEELCHAIRS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall task the Air Carrier Access Act Advisory Committee (in this section referred to as the ''Committee'') to conduct a review of regulations regarding lithium–ion battery powered wheelchairs and mobility aids and provide recommendations to the Secretary to ensure safe transport of such wheelchairs and mobility aids in air transportation.

(b) CONSIDERATIONS.—In conducting the review required under subsection (a), the Committee shall consider the following:

(1) Any existing or necessary standards for lithium–ion batteries, including casings or other similar components, in such wheelchairs and mobility aids.

(2) The availability of necessary containment or storage devices, including fire containment covers or fire-resistant storage containers, for such wheelchairs and mobility aids.

(3) The policies of each air carrier (as such term is defined in part 121 of title 14, Code of Federal Regulations) pertaining to lithium–ion battery powered wheelchairs and mobility aids (as in effect on the date of enactment of this Act).

(4) Any other considerations the Secretary determines appropriate.

(c) CONSULTATION REQUIREMENT.—In conducting the review required under subsection (a), the Committee shall consult with the Administrator of the Pipeline and Hazardous Materials Safety Administration.

(d) NOTIFICATION.—

(1) IN GENERAL.—Upon completion of the review conducted under subsection (a), the Committee shall notify the Secretary if an air carrier does not have a policy pertaining to lithium–ion battery powered wheelchairs and mobility aids in effect.

(2) NOTIFICATION.—The Secretary shall notify an air carrier described in paragraph (1) of the status of such air carrier.

(e) REPORT TO CONGRESS.—Not later than 90 days after submission of the recommendations to the Secretary, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate any recommendations under subsection (a), in the form of a report.

(f) PUBLICATION.—The Secretary shall publish the report required under subsection (e) on the public website of the Department of Transportation.

SEC. 543. NATIONAL SIMULATOR PROGRAM POLICIES AND GUIDANCE.

(a) REVIEW.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall review relevant policies and guidance, including all advisory circulars, information bulletins, and directives, pertaining to part 60 of title 14, Code of Federal Regulations.

(b) UPDATES.—Upon completion of the review required under subsection (a), the Administrator shall, at a minimum, update the following:

(1) Advisory Circular 120–40B, issued July 29, 1991.

(2) Advisory Circular 120–45A, issued February 5, 1992.

(3) Advisory Circular 120–50A, issued February 9, 1996.

(4) Advisory Circular 120–63, issued October 11, 1994.

(c) CONSULTATION.—In carrying out the review required under subsection (a), the Administrator shall convene and consult with entities required to comply with part 60 of title 14, Code of Federal Regulations, including representatives of—

(1) air carriers;

(2) flight schools certificated under part 141 of title 14, Code of Federal Regulations;

(3) training centers certificated under part 142 of title 14, Code of Federal Regulations; and

(4) manufacturers and suppliers of flight simulation training devices (as defined in part 1 of title 14, Code of Federal Regulations, and Appendix F to part 60 of such title).

SEC. 544. GAO STUDY ON FAA NATIONAL SIMULATOR PROGRAM.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Comptroller General of the United States shall conduct a study into the National Simulator Program of the Federal Aviation Administration that is part of the Air Transportation Division's Training and Simulation Group.

(b) CONSIDERATIONS.—In conducting the study required under subsection (a), the Comptroller General shall, at a minimum, assesses—

(1) how the program described under subsection (a), is maintained to reflect and account for advancement in technologies pertaining to flight simulation training devices (as defined in part 1 of title 14, Code of Federal Regulations, and appendix F to part 60 of such title);

(2) the staffing levels, critical competencies, and skills gaps of Administration personnel responsible for carrying out and supporting the program described in subsection (a); and

(3) how the program described in subsection (a) engages air carriers and relevant industry stakeholders, including flight schools, to ensure efficient compliance with part 60 of such title.

(c) REPORT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of the study conducted under subsection (a).

SEC. 545. GAO STUDY ON FAA ALIGNMENT WITH BEST AVAILABLE TECHNOLOGIES AND STANDARDS.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study on the incorporation of best available technologies by the Federal Aviation Administration to increase aviation safety and improve the health and safety of aviation workers.

(b) SCOPE.—In conducting the study under subsection (a), the Comptroller General shall—

(1) analyze the degree to which the Administrator of the Federal Aviation Administration is enabling the use or adoption of technologies used by other air navigation service providers to meet ICAO standards; and

(2) identify any barriers to adoption of such technologies.

(c) REPORT.—Not later than 4 years after the date of enactment of this Act, the Comptroller General shall report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the findings of the study.

(d) ICAO DEFINED.—In this section, the term ''ICAO'' means the International Civil Aviation Organization.

SEC. 546. ADVANCED SIMULATION TRAINING.

(a) IN GENERAL.—Notwithstanding section 61.159(a)(6) of title 14, Code of Federal Regulations (or any successor regulations), a person who is applying for an airline transport certificate with an airplane category and class rating may obtain up to 150 additional hours of the total aeronautical experience requirement in a full flight simulator representing an airplane that provides six-degrees of freedom motion, provided the aeronautical experience—

(1) was accomplished as part of a Federal Aviation Administration approved training course in parts 121, 135, 141, or 142 of such title; and

(2) does not qualify for flight credit hours for an individual applying for an airline transport pilot certificate with restricted privileges under paragraphs (a), (b), (c), and (d) of section 61.160 of such title (or any successor regulation).

(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to affect the ability of a person to also obtain 100 hours of aeronautical experience in a flight training device or full flight simulator under section 61.159(a)(6) of title 14, Code of Federal Regulations (or any successor regulations).

(c) RULEMAKING.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final rule to update part 61 of title 14, Code of Federal Regulations, to reflect changes made by this section.

(2) CONSULTATION.—The Administrator shall consult with the Air Carrier Training Aviation Rulemaking Committee—

(A) in developing the rule under paragraph (1), and

(B) in evaluating, notwithstanding subsection (a), whether the additional 150 hours allowed under subsection (a) may be accrued in a full flight simulator representing an airplane that provides three-degrees of freedom motion.

(3) APPLICABILITY.—Nothing in this subsection, nor any potential failure of the Administrator to issue a final rule under paragraph (1), shall be construed to prohibit the immediate applicability of subsection (a).

(d) DEFINITIONS.—In this section, the terms ''flight training device'' and ''full flight simulator'' have the meanings given such terms in section 1.1 of title 14, Code of Federal Regulations.

SEC. 547. INCREMENTAL SAFETY IMPROVEMENT.

Section 44704 of title 49, United States Code, is amended by adding at the end the following:

''(h) INCREMENTAL SAFETY IMPROVEMENT.—

''(1) IN GENERAL.—The Administrator may consider and approve a proposed incremental design change request from a type certificate holder, if such holder is required by the Administrator to make a safety-related design change to bring a product into compliance, even if the proposed incremental design change does not eliminate all noncompliant conditions.

''(2) PROPOSED INCREMENTAL DESIGN CHANGE.—A proposed incremental design change under paragraph (1) shall—

''(A) be related to the required safety-related change described in this subsection; and

''(B) improve safety.

''(3) FULL COMPLIANCE.—An approval issued under this subsection shall not be construed to relieve a type certificate holder from addressing all noncompliant conditions under paragraph (1).''.

Subtitle B—Aviation Cybersecurity

SEC. 571. FINDINGS.

Congress finds the following:

(1) Congress has repeatedly tasked the Federal Aviation Administration with responsibility for securing the national airspace system, including the air traffic control system and other air navigation services, civil aircraft, and aeronautical products and articles through safety regulation and oversight. These mandates have routinely included protecting against associated cyber threats affecting aviation safety or the Administration's provision of safe, secure, and efficient air navigation services and airspace management.

(2) In 2016, Congress passed the FAA Extension, Safety, and Security Act of 2016, which established requirements for the Federal Aviation Administration to enhance the national airspace system's cybersecurity and included mandates for the Administration to—

(A) develop a cybersecurity strategic plan;

(B) coordinate with other Federal agencies to identify cyber vulnerabilities;

(C) develop a cyber threat model; and

(D) complete a comprehensive, strategic policy framework to identify and mitigate cybersecurity risks to the air traffic control system.

(3) In 2018, Congress passed the FAA Reauthorization Act of 2018 which—

(A) authorized funding for the construction of Federal Aviation Administration facilities dedicated to improving the cybersecurity of the national airspace system;

(B) required the Federal Aviation Administration to review and update its comprehensive, strategic policy framework for cybersecurity to assess the degree to which the framework identifies and addresses known cybersecurity risks associated with the aviation system, and evaluate existing short- and long-term objectives for addressing cybersecurity risks to the national airspace system;

(C) created a Chief Technology Officer position within the Federal Aviation Administration to be responsible for, among other things, coordinating the implementation, operation, maintenance, and cybersecurity of technology programs relating to the air traffic control system with the aviation industry and other Federal agencies; and

(D) directed the National Academy of Sciences to study the cybersecurity workforce of the Federal Aviation Administration in order to develop recommendations to increase the size, quality, and diversity of such workforce.

(4) Congress has tasked the Federal Aviation Administration with being the primary Federal agency to assess and address the threats posed from cyber incidents relating to Federal Aviation Administration-provided air traffic control and air navigation services and the threats posed from cyber incidents relating to civil aircraft, aeronautical products and articles, aviation networks, aviation systems, services, and operations, and the aerospace industry affecting aviation safety or the provision of safe, secure, and efficient air navigation services and airspace management by the Administration.

(5) Since 2005, the Federal Aviation Administration has been addressing cyber vulnerabilities in civil aircraft and aeronautical products and articles during the safety certification process.

SEC. 572. AEROSPACE PRODUCT SAFETY.

(a) CYBERSECURITY STANDARDS.—Section 44701(a) of title 49, United States Code, is amended—

(1) in paragraph (1) by inserting ''cybersecurity,'' after ''quality of work,''; and

(2) in paragraph (5)—

(A) by inserting ''cybersecurity and'' after ''standards for''; and

(B) by striking ''procedure'' and inserting ''procedures''.

(b) EXCLUSIVE RULEMAKING AUTHORITY.—Section 44701 of title 49, United States Code, is amended by adding at the end the following:

''(h) EXCLUSIVE RULEMAKING AUTHORITY.—Notwithstanding any other provision of law and except as provided in section 40132, the Administrator, in consultation with the heads of such other agencies as the Administrator determines necessary, shall have exclusive authority to prescribe regulations for purposes of assuring civil aircraft, including unmanned aircraft systems, aircraft engine, propeller, and appliance cybersecurity.''.

SEC. 573. FEDERAL AVIATION ADMINISTRATION REGULATIONS, POLICY, AND GUIDANCE.

(a) IN GENERAL.—Chapter 401 of title 49, United States Code, is further amended by adding at the end the following:

''§ 40132. National airspace system cyber threat management process

''(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration, in consultation with other agencies as the Administrator determines necessary, shall establish a national airspace system cyber threat management process to protect the national airspace system cyber environment, including the safety, security, and efficiency of the air navigation services provided by the Administration.

''(b) ISSUES TO BE ADDRESSED.—In establishing the national airspace system cyber threat management process under subsection (a), the Administrator shall, at a minimum—

''(1) monitor the national airspace system for cybersecurity incidents;

''(2) in consultation with appropriate Federal agencies, evaluate the cyber threat landscape for the national airspace system, including updating such evaluation on both annual and threat-based timelines;

''(3) conduct national airspace system cyber incident analyses;

''(4) create a cyber common operating picture for the national airspace system cyber environment;

''(5) coordinate national airspace system cyber incident responses with other appropriate Federal agencies;

''(6) track cyber incident detection, response, mitigation implementation, recovery, and closure;

''(7) establish a process, or utilize existing processes, to collect relevant interagency and stakeholder national airspace system cyber incident data, including data from other Federal agencies and private persons; and

''(8) consider any other matter the Administrator determines appropriate.

''(c) DEFINITIONS.—In this section:

''(1) CYBER COMMON OPERATING PICTURE.—The term 'cyber common operating picture' means the correlation of a detected cyber incident or cyber threat in the national airspace system and other operational anomalies to provide a holistic view of potential cause and impact.

''(2) CYBER ENVIRONMENT.—The term 'cyber environment' means the information environment consisting of the interdependent networks of information technology infrastructures and resident data, including the internet, telecommunications networks, computer systems, and embedded processors and controllers.

''(3) CYBER INCIDENT.—The term 'cyber incident' means an action that creates noticeable degradation, disruption, or destruction to the cyber environment and causes a safety or other negative impact on operations of—

''(A) the national airspace system;

''(B) civil aircraft; or

''(C) aeronautical products and articles.

''(4) CYBER THREAT.—The term 'cyber threat' means the threat of an action that, if carried out, would constitute a cyber incident or an electronic attack.

''(5) ELECTRONIC ATTACK.—The term 'electronic attack' means the use of electromagnetic spectrum energy to impede operations in the cyber environment, including through techniques such as jamming or spoofing.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 401 of title 49, United States Code, is further amended by adding at the end the following:

''40132. National airspace system cyber threat management process.''.

SEC. 574. CIVIL AVIATION CYBERSECURITY RULEMAKING COMMITTEE.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall convene an aviation rulemaking committee on civil aircraft cybersecurity to conduct a review and develop findings and recommendations on cybersecurity standards for civil aircraft, aircraft ground support information systems, airports, air traffic control mission systems, and aeronautical products and articles.

(b) DUTIES.—The Administrator shall—

(1) not later than 2 years after the date of enactment of this Act, submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report based on the findings of the aviation rulemaking committee convened under subsection (a); and

(2) not later than 180 days after the date of submission of the report under paragraph (1) and, in consultation with other agencies as the Administrator determines necessary, for consensus recommendations reached by such aviation rulemaking committee—

(A) undertake a rulemaking, if appropriate, based on such recommendations; and

(B) submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a supplemental report with explanations for each consensus recommendation not addressed, if applicable, by a rulemaking under subparagraph (A).

(c) COMPOSITION.—The aviation rulemaking committee convened under subsection (a) shall consist of members appointed by the Administrator, including representatives of—

(1) aircraft manufacturers, to include at least 1 manufacturer of transport category aircraft;

(2) air carriers;
(3) unmanned aircraft system stakeholders, including operators, service suppliers, and manufacturers of hardware components and software applications;
(4) manufacturers of powered-lift aircraft;
(5) airports;
(6) original equipment manufacturers of ground and space based aviation infrastructure;
(7) aviation safety experts with specific knowledge of aircraft cybersecurity; and
(8) a non-profit which operates 1 or more federally funded research and development centers with specific knowledge of aviation and cybersecurity.

(d) MEMBER ELIGIBILITY.—Prior to a member's appointment under subsection (c), the Administrator shall determine if there is cause for such member to be restricted from possessing sensitive security information. Upon a determination of no cause being found regarding the member, and upon the member voluntarily signing a nondisclosure agreement, the member may be granted access to sensitive security information that is relevant to the member's duties on the aviation rulemaking committee. The member shall protect the sensitive security information in accordance with part 1520 of title 49, Code of Federal Regulations.

(e) PROHIBITION ON COMPENSATION.—The members of the aviation rulemaking committee convened under subsection (a) shall not receive pay, allowances, or benefits from the Government by reason of their service on such committee.

(f) CONSIDERATIONS.—The Administrator shall direct such committee to consider—
(1) existing cybersecurity standards, regulations, policies, and guidance, including those from other Federal agencies;
(2) threat- and risk-based security approaches used by the aviation industry, including the assessment of the potential costs and benefits of cybersecurity actions;
(3) data gathered from cybersecurity reporting;
(4) data gathered from safety reporting;
(5) the diversity of operations and systems on aircraft and amongst air carriers;
(6) security of design data;
(7) the need to harmonize or deconflict proposed and existing standards, regulations, policies, and guidance with other Federal standards, regulations, policies, and guidance;
(8) design approval holder aircraft network security guidance for operators;
(9) the need for such standards, regulations, policies, and guidance as applied to civil aircraft information, data, networks, systems, services, operations, and technology;
(10) Federal Aviation Administration services, aviation industry services, and aircraft use of positioning, navigation, and timing data in the context of Executive Order 13905, as in effect on the date of enactment of this Act;
(11) updates needed to airworthiness regulations and systems safety assessment methods used to show compliance with airworthiness requirements for design, function, installation, and certification of civil aircraft, aeronautical products and articles, and aircraft networks;
(12) updates needed to air carrier operating and maintenance regulations to ensure continued adherence with processes and procedures established in airworthiness regulations to provide cybersecurity protections for aircraft systems, including for continued airworthiness;
(13) policies and procedures to coordinate with other Federal agencies, including intelligence agencies, and the aviation industry in sharing information and analyses related to cyber threats to civil aircraft information, data, networks, systems, services, operations, and technology and aeronautical products and articles;
(14) the response of the Administrator and aviation industry to, and recovery from, cyber incidents, including by coordinating with other Federal agencies, including intelligence agencies;
(15) processes for members of the aviation industry to voluntarily report to the Federal Aviation Administration cyber incidents that may affect aviation safety in a manner that protects trade secrets and confidential business information;
(16) the unique nature of the aviation industry, including aircraft networks, aircraft systems, and aeronautical products, and the interconnectedness of cybersecurity and aviation safety;
(17) appropriate cybersecurity controls for aircraft networks, aircraft systems, and aeronautical products and articles to protect aviation safety, including airworthiness;
(18) appropriate cybersecurity controls for airports relative to the size and nature of airside operations of such airports to ensure aviation safety;
(19) minimum standards for protecting civil aircraft, aeronautical products and articles, aviation networks, aviation systems, services, and operations from cyber threats and cyber incidents;
(20) international collaboration, where appropriate and consistent with the interests of aviation safety in air commerce and national security, with other civil aviation authorities, international aviation and standards organizations, and any other appropriate entities to protect civil aviation from cyber incidents and cyber threats;
(21) the recommendations and implementation of the Aircraft System Information Security/Protection report of the aviation rulemaking advisory committee submitted on August 22, 2016; and
(22) any other matter the Administrator determines appropriate.

(g) DEFINITIONS.—The definitions set forth in section 40132 of title 49, United States Code (as added by this subtitle), shall apply to this section.

TITLE VI—AEROSPACE INNOVATION

Subtitle A—Unmanned Aircraft Systems

SEC. 601. DEFINITIONS.

(a) DEFINITION.—Section 44801(1) of title 49, United States Code, is amended—
(1) in subparagraph (B) by striking ''and'' at the end;
(2) in subparagraph (C) by striking the period at the end and inserting a semicolon; and
(3) by adding at the end the following:
''(D) is able to maintain safe flight control in the event of a power or flight control failure during flight; and
''(E) is programmed to initiate a controlled landing in the event of a tether separation.''.

SEC. 602. UNMANNED AIRCRAFT SYSTEM TEST RANGES.

(a) IN GENERAL.—Section 44803 of title 49, United States Code, is amended to read as follows:

''§ 44803. Unmanned aircraft system test ranges

''(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall carry out and update, as appropriate, a program to enable a broad variety of testing and evaluation activities at unmanned aircraft system test ranges, as in effect on the day before the date of enactment of the Securing Growth and Robust Leadership in American Aviation Act, to the extent consistent with aviation safety and efficiency, and for purposes of the safe integration of unmanned aircraft systems into the national airspace system.

''(b) AIRSPACE REQUIREMENTS.—In carrying out the program under subsection (a)—
''(1) the Administrator may establish nonregulatory special use airspace areas upon the request of a test range sponsor selected by the Administrator under subsection (a), for purposes of accommodating hazardous testing and evaluation activities to inform the safe integration of unmanned aircraft systems into the national airspace system, or for purposes of other activities authorized by the Administrator under subsection (g);
''(2) each selected test range sponsor for a designated test range shall be considered the using agency for purposes of the respective nonregulatory special use airspace areas established by the Administrator under this section; and
''(3) the Administrator may require that each selected test range sponsor for a designated test range provide a draft environmental review consistent with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), subject to the supervision and adoption of the Administrator, with respect to any request for the establishment of a nonregulatory special use airspace area under this section.

''(c) PROGRAM REQUIREMENT.—In carrying out the program under subsection (a), the Administrator—
''(1) may develop operational standards and air traffic requirements for flight operations at test ranges;
''(2) shall coordinate with, and leverage the resources of, other Federal agencies, as the Administrator considers appropriate;
''(3) shall address both civil and public aircraft operations;
''(4) shall provide for verification of the safety of flight systems and related navigation procedures as it relates to continued development of standards for integration into the national airspace system;
''(5) shall engage test range sponsors, as necessary and within available resources, in projects for testing and evaluation of flight systems to facilitate the validation of standards by the Administration for the safe integration of unmanned aircraft systems into the national airspace system, which may include solutions for—
''(A) developing and enforcing geographic and altitude limitations;
''(B) providing for alerts regarding any hazards or limitations on flight, including prohibitions on flight;
''(C) sense and avoid capabilities;
''(D) technology to support communications, navigation, and surveillance;
''(E) unmanned aircraft system operations beyond visual line of sight, at nighttime, or over people;
''(F) operation of multiple unmanned aircraft systems by a single remote pilot;
''(G) unmanned aircraft systems traffic management capabilities or services;
''(H) counter unmanned aircraft system capabilities;
''(I) improving privacy protections through the use of advances in unmanned aircraft systems; and
''(J) other critical priority areas for which testing and evaluation is needed.
''(6) shall coordinate periodically with all test range sponsors to ensure test range sponsors know which data should be collected, how data can be de-identified to flow more readily to the Administration, what procedures should be followed, and what testing and evaluations would advance efforts to safely integrate unmanned aircraft systems into the national airspace system; and
''(7) shall allow test range sponsors to receive Federal funding, other than from the Federal Aviation Administration, including in-kind contributions, from test range participants in the furtherance of testing and evaluation objectives.

''(d) EXEMPTION.—Except as provided in subsection (g), the requirements of section 44711, including related implementing regulations, shall not apply to persons approved by the test range sponsor for operation at a designated test range under this section.

''(e) RESPONSIBILITIES OF TEST RANGE SPONSOR.—The sponsor of each test range under subsection (a) shall—
''(1) provide access to all interested private and public entities seeking to carry out testing

and evaluation activities at the test range designated pursuant to this section, to the greatest extent practicable, consistent with safety and any operating procedures established by the test range sponsor, including access by small business concerns (as that term is described in section 3(a) of the Small Business Act (15 U.S.C. 632(a));

''(2) ensure all activities remain within the geographical boundaries and altitude limitations established for the nonregulatory special use airspace area covering the test range;

''(3) ensure no activity is conducted at the designated test range in a careless or reckless manner;

''(4) establish safe operating procedures for all operators approved for activities at the test range, including provisions for maintaining operational control and ensuring protection of persons and property on the ground, subject to approval by the Administrator;

''(5) exercise direct oversight of all operations conducted at the test range;

''(6) consult with the Administrator on the nature of planned activities at the test range and whether temporary segregation through the use of a nonregulatory special use airspace area is required to contain such activities is consistent with aviation safety;

''(7) protect proprietary technology, sensitive data, or sensitive research of any civil or private entity when using the test range;

''(8) maintain detailed records of all ongoing and completed testing and evaluation activities conducted at the test range and all operators conducting such activities, for inspection by, and reporting to, the Administrator, as required by agreement between the Administrator and the test range sponsor;

''(9) make all original records available for inspection upon request by the Administrator; and

''(10) provide recommendations to the Administrator to further enable public and private testing and evaluation activities at the test ranges that contribute to the safe integration of unmanned aircraft systems by the Administration into the national airspace system, on a quarterly basis until the program terminates.

''(f) TESTING.—

''(1) IN GENERAL.—The Administrator may authorize a sponsor of a test range designated under subsection (a) to host testing and evaluation activities other than those directly related to the integration of unmanned aircraft systems into the national airspace system, provided that the activity is necessary to inform the development of standards or policy for integrating new types of flight systems into the national airspace system.

''(2) WAIVER.—In carrying out this subsection, the Administrator may waive the requirements of section 44711, including related regulations, to the extent consistent with aviation safety.

''(g) AGREEMENTS.—The Administrator may use the transaction authority under section 106(l)(6) to enter into appropriate agreements to direct testing and evaluation activities related to unmanned aircraft systems at any test range designated under subsection (a).

''(h) TERMINATION.—The program under this section shall terminate on September 30, 2028.''.

(b) CONFORMING AMENDMENT.—Section 44801(10) of title 49, United States Code, is amended by striking ''any of the 6 test ranges'' and all that follows through ''January 1, 2009'' and inserting ''the test ranges established by the Administrator under section 44803''.

SEC. 603. UNMANNED AIRCRAFT IN THE ARCTIC.

(a) IN GENERAL.—Section 44804 of title 49, United States Code, is amended—

*(1) in section heading by striking ''**Small unmanned**'' and inserting ''**Unmanned**''; and*

(2) by striking ''small'' each place it appears.

(b) CLERICAL AMENDMENT.—The analysis for chapter 448 of title 49, United States Code, is amended by striking the item relating to section 44804 and insert the following:

''44804. Unmanned aircraft in the Arctic.''.

SEC. 604. PUBLIC SAFETY USE OF TETHERED UAS.

(a) IN GENERAL.—Section 44806 of title 49, United States Code, is amended—

*(1) in the section heading by inserting ''**and public safety use of unmanned aircraft systems**'' after ''**systems**'';*

(2) in subsection (c)—

(A) in the subsection heading by inserting ''SAFETY USE OF'' after ''PUBLIC''; and

(B) in paragraph (1)—

(i) in the matter preceding subparagraph (A)—

(I) by striking ''Not later than 180 days after the date of enactment of this Act, the'' and inserting ''The'';

(II) by striking ''permit the use of'' and inserting ''permit'';

(III) by striking ''public''; and

(IV) by inserting ''by a public safety organization for such systems'' after ''systems'';

(ii) by striking subparagraph (A) and inserting the following:

''(A) operated—

''(i) at or below an altitude of 150 feet above ground level within class B, C, D, E, or G airspace, but not at a greater altitude than the ceiling depicted on the UAS facility maps published by the Federal Aviation Administration, where applicable;

''(ii) within zero-grid airspaces as depicted on such UAS facility maps, only if operated in lifesaving or emergency situations and with prior notification to the Administration in a manner determined by the Administrator; or

''(iii) above 150 feet above ground level within class B, C, D, E, or G airspace only with prior authorization from the Administrator;'';

(iii) by striking subparagraph (B); and

(iv) by redesignating subparagraphs (C), (D), and (E) as subparagraphs (B), (C), and (D), respectively; and

(C) in paragraph (3) by striking ''Public actively'' and inserting ''Actively''; and

(3) by adding at the end, the following:

''(e) DEFINITION.—In this section, the term 'public safety organization' means an entity that primarily engages in activities related to the safety and well-being of the general public, including law enforcement, fire departments, emergency medical services, and other organizations that protect and serve the public in matters of safety and security.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 448 of title 49, United States Code, is amended by striking the item relating to section 44806 and inserting the following:

''44806. Public unmanned aircraft systems and public safety use of unmanned aircraft systems.''.

SEC. 605. SPECIAL AUTHORITY FOR UNMANNED AIRCRAFT SYSTEMS.

Section 44807 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) by inserting ''or chapter 447'' after ''this chapter'';

(B) by striking ''the Secretary of Transportation'' and inserting ''the Administrator of the Federal Aviation Administration''; and

(C) by striking ''if certain'' and inserting ''how'';

(2) in subsection (b)—

(A) by striking ''the Secretary'' and inserting ''the Administrator''; and

(B) in paragraph (1)—

(i) by striking ''which types of unmanned aircraft systems, if any, as a result of their size'' and inserting ''how the unmanned aircraft, as a result of such aircraft's size''; and

(ii) by striking ''do not create'' and inserting ''does not create'';

(3) in subsection (c) to read as follows:

''(c) REQUIREMENTS FOR SAFE OPERATION.—

''(1) IN GENERAL.—For unmanned aircraft systems that the Administrator determines under this section may operate safely in the national airspace system, the Administrator shall establish risk-based requirements, or a process to accept risk-based proposed requirements, for the safe operation of such aircraft systems in the national airspace system, including operation related to testing and evaluation of proprietary systems.

''(2) TREATMENT OF MITIGATION MEASURES.—To the extent that a proposed operation will be conducted exclusively within the airspace of a Mode C Veil during the entirety of the operation, such operation shall be treated as satisfying the requirements of section 91.113(b) of title 14, Code of Federal Regulations, so long as the operation employs—

''(A) ADS–B In-based detect and avoid capabilities;

''(B) air traffic control communication and coordination; and

''(C) aeronautical information management systems to notify other aircraft operators of such operations.

''(3) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to give an unmanned aircraft operating pursuant to this section the right of way over a manned aircraft.'';

(4) in subsection (d) by striking ''2023'' and inserting ''2033''; and

(5) by adding at the end the following:

''(e) LIMITATION.—In making determinations under this section, the Administrator may not consider unmanned aircraft systems to the extent that such systems may meet the requirements of established regulations applicable to the proposed operation of a system.

''(f) EXEMPTION.—The Administrator may exercise the authorities described in this section without requiring a rulemaking or imposing the requirements of part 11 of title 14, Code of Federal Regulations, to the extent consistent with aviation safety.''.

SEC. 606. RECREATIONAL OPERATIONS OF DRONE SYSTEMS.

(a) SPECIFIED EXCEPTION FOR LIMITED RECREATIONAL OPERATIONS OF UNMANNED AIRCRAFT.—Section 44809 of title 49, United States Code, is amended—

(1) in subsection (a) by striking paragraph (6) and inserting the following:

''(6) Except for circumstances when the Administrator establishes alternative altitude ceilings or as otherwise authorized in section (c), in Class G airspace, the aircraft is flown from the surface to not more than 400 feet above ground level and complies with all airspace and flight restrictions and prohibitions established under this subtitle, such as special use airspace designations and temporary flight restrictions.'';

(2) by striking subsection (c) and inserting the following:

''(c) OPERATIONS AT FIXED SITES.—

''(1) IN GENERAL.—The Administrator shall establish a process to approve, and publicly disseminate the location of, fixed sites at which a person may carry out recreational unmanned aircraft system operations.

''(2) OPERATING PROCEDURES.—

''(A) CONTROLLED AIRSPACE.—Persons operating unmanned aircraft under paragraph (1) from a fixed site within Class B, Class C, or Class D airspace or within the lateral boundaries of the surface area of Class E airspace designated for an airport, or a community-based organization sponsoring operations within such airspace, shall make the location of the fixed site known to the Administrator and shall establish a mutually agreed upon operating procedure with the air traffic control facility.

''(B) ALTITUDE.—The Administrator, in coordination with community-based organizations sponsoring operations at fixed sites, shall develop a process to approve requests for recreational unmanned aircraft systems operations at fixed sites that exceed the maximum altitude contained in a UAS Facility Map.

''(C) CLASS G AIRSPACE.—Subject to compliance with all airspace and flight restrictions and prohibitions established under this subtitle, such as special use airspace designations and

temporary flight restrictions, persons operating drones under paragraph (1) from a fixed site at which the operations are sponsored by a community-based organization may operate within Class G airspace—

''(i) up to 400 feet above ground level, without prior authorization from the Administrator; and

''(ii) above 400 feet above ground level, with prior authorization from the Administrator.

''(3) UNMANNED AIRCRAFT WEIGHING 55 POUNDS OR GREATER.—A person may operate an unmanned aircraft weighing 55 pounds or greater, including the weight of anything attached to or carried by the aircraft, under paragraph (1) if—

''(A) the unmanned aircraft complies with standards and limitations developed by a community-based organization and approved by the Administrator; and

''(B) the aircraft is operated from a fixed site as described in paragraph (1).

''(4) FAA-RECOGNIZED IDENTIFICATION AREAS.—In implementing subpart C of part 89 of title 14, Code of Federal Regulations, the Administrator shall prioritize the review and adjudication of requests to establish FAA Recognized Identification Areas at fixed sites established under this section.'';

(3) in subsection (d) by striking the subsection heading and all that follows through ''(3) SAVINGS CLAUSE.—'' and inserting ''(d) SAVINGS CLAUSE.—'';

(4) in subsection (d) by striking ''subsection (a) of'';

(5) in subsection (f)(1) by striking ''updates to'';

(6) by striking subsection (g)(1) and inserting the following:

''(1) IN GENERAL.—The Administrator, in consultation with manufacturers of unmanned aircraft systems, community-based organizations, and other industry stakeholders, shall develop, maintain, and update, as necessary, an aeronautical knowledge and safety test. Such test shall be administered electronically by the Administrator or a person designated by the Administrator.''; and

(7) in subsection (h)—

(A) by redesignating paragraphs (1) through (6) as paragraphs (2) through (7), respectively; and

(B) by inserting before paragraph (2) (as so redesignated) the following:

''(1) is recognized by the Administrator of the Federal Aviation Administration;''.

(b) USE OF UNMANNED AIRCRAFT SYSTEMS FOR EDUCATIONAL PURPOSES.—Section 350 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44809 note) is amended—

(1) in subsection (a)—

(A) by redesignating paragraphs (2) and (3) as paragraphs (3) and (4), respectively; and

(B) by inserting before paragraph (3) (as so redesignated) the following:

''(2) operated by an elementary school or secondary school for educational or research purposes;''; and

(2) in subsection (d)—

(A) in paragraph (2) by inserting ''an elementary school, or a secondary school,'' after ''with respect to the operation of an unmanned aircraft system by an institution of higher education,''; and

(B) by inserting after paragraph (2) the following:

''(3) ELEMENTARY SCHOOL.—The term 'elementary school' has the meaning given to that term by section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801(19)).

''(4) SECONDARY SCHOOL.—The term 'secondary school' has the meaning given to that term by section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801(45)).''.

SEC. 607. AIRPORT SAFETY AND AIRSPACE HAZARD MITIGATION AND ENFORCEMENT.

Section 44810(h) of title 49, United States Code, is amended by striking ''2023'' and inserting ''2028''.

SEC. 608. APPLICATIONS FOR DESIGNATION.

Section 2209 of the FAA Extension, Safety, and Security Act of 2016 (Public Law 114–190) is further amended—

(1) in subsection (a)—

(A) by inserting '', including temporarily,'' after ''restrict''; and

(B) by inserting ''or eligible outdoor gathering'' after ''fixed site facility'';

(2) in subsection (b)(1)(C)—

(A) in clause (iv), by striking ''Other locations that warrant such restrictions'' and inserting ''State correctional facilities''; and

(B) by adding at the end the following:

''(v) Eligible outdoor gatherings.''; and

(3) by adding at the end the following:

''(f) ELIGIBLE OUTDOOR GATHERING DEFINED.—In this section, the term 'eligible outdoor gathering' means an event that—

''(1) is primarily outdoors;

''(2) has an estimated daily attendance of 20,000 or greater in at least 1 of the preceding 3 years;

''(3) has defined and static geographical boundaries; and

''(4) is advertised in the public domain.

''(f) DEADLINES.—

''(1) Not later than March 1, 2024, the Administrator shall publish a notice of proposed rulemaking to carry out the requirements of this section.

''(2) Not later than 16 months after publishing the notice of proposed rulemaking under paragraph (1), the Administrator shall issue a final rule.''.

SEC. 609. BEYOND VISUAL LINE OF SIGHT RULEMAKING.

(a) IN GENERAL.—Not later than 4 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a notice of proposed rulemaking establishing performance-based airworthiness criteria and risk-based operational regulations for unmanned aircraft systems operated beyond visual line of sight that are intended to operate primarily at or below 400 feet above ground level.

(b) CONTENTS.—In carrying out subsection (a), the Administrator shall—

(1) establish a means to accept proposed—

(A) airworthiness standards for unmanned aircraft;

(B) standards for associated elements of unmanned aircraft; and

(C) qualification standards for remote pilots operating unmanned aircraft beyond visual line of sight;

(2) enable the ability for unmanned aircraft to be operated for agricultural purposes;

(3) establish a process by which the Administrator may approve or accept third party compliance services in support of the safe integration of unmanned aircraft systems into the national airspace system; and

(4) establish protocols, as appropriate, for networked information exchange, including network-based remote identification in support of beyond visual line of sight operations.

(c) CONSIDERATIONS.—In carrying out subsection (a), the Administrator may leverage previously gathered data, information, and efforts of the Administration to finalize rulemaking as required under this section.

(d) UNMANNED AIRCRAFT AIRWORTHINESS STANDARDS.—In carrying out subsection (b)(1)(A), the Administrator shall—

(1) define the operational environments for which airworthiness is needed to ensure aviation safety;

(2) establish an airworthiness category or categories for unmanned aircraft to be eligible for a special airworthiness certificate; and

(3) establish a process to approve standards, means of compliance, and declarations of compliance.

(e) UNMANNED AIRCRAFT ASSOCIATED ELEMENTS STANDARDS.—

(1) IN GENERAL.—In carrying out subsection (b)(1)(B), the Administrator shall establish a process to accept or approve the associated elements of an unmanned aircraft that, when considered collectively with other associated elements and an unmanned aircraft, meet an acceptable performance-based safety standard.

(2) CONSIDERATIONS.—In establishing the process under paragraph (1), the Administrator shall consider the ways associated elements of an unmanned aircraft system interact with other associated elements and unmanned aircraft.

(f) REMOTE PILOT QUALIFICATIONS.—

(1) IN GENERAL.—In carrying out subsection (b)(1)(C), the Administrator shall establish qualifications and standards, or a means to accept proposed qualifications and standards, for remote pilots operating unmanned aircraft systems.

(2) CONSIDERATIONS.—In carrying out paragraph (1), the Administrator shall account for the varying levels of automation of unmanned aircraft systems.

(3) RULE OF CONSTRUCTION.—Nothing in this subsection may be construed to allow for the establishment of type-ratings that apply specifically and exclusively to an aircraft manufactured by 1 manufacturer.

(g) INTERIM APPROVALS.—Before the date on which the Administrator issues a final rule under this section, the Administrator shall use the process described in section 44807 of title 49, United States Code, to authorize unmanned aircraft system operations conducted beyond visual line of sight.

(h) FINAL RULE.—Not later than 16 months after the date of enactment of this Act, the Administrator shall issue a final rule establishing the regulations required under this section.

(i) DEFINITIONS.—In this section:

(1) ASSOCIATED ELEMENTS.—The term ''associated elements'' means any component of an unmanned aircraft system, not permanently affixed to the unmanned aircraft, required for the remote pilot to operate such aircraft safely and efficiently in the national airspace system.

(2) BEYOND VISUAL LINE OF SIGHT.—The term ''beyond visual line of sight'' means a distance at which the remote pilot in command of an unmanned aircraft system cannot see the unmanned aircraft with vision unaided by any device other than corrective lenses.

(3) UNMANNED AIRCRAFT; UNMANNED AIRCRAFT SYSTEM.—The terms ''unmanned aircraft'' and ''unmanned aircraft system'' have the meaning given such terms in section 44801 of title 49, United States Code.

SEC. 610. UAS TRAFFIC MANAGEMENT.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration may enter into agreements for purposes of—

(1) testing and refining UTM capabilities and services to inform the development of UTM standards in subsection (b);

(2) authorizing UTM service providers that meet the requirements described in subsection (b) to provide UTM services to better enable advanced unmanned aircraft systems operations, including—

(A) beyond visual line of sight operations;

(B) aircraft-to-aircraft communications; and

(C) operations in which an individual acts as remote pilot in command of more than 1 unmanned aircraft at the same time; and

(3) fostering the safe integration of unmanned aircraft systems using UTM capabilities and services within the national airspace system.

(b) STANDARDIZATION.—

(1) IN GENERAL.—In carrying out subsection (a), the Administrator shall publish requirements or guidance associated with UTM, including—

(A) the types of operations requiring, or benefitting from, the use of UTM capabilities and services described in subsection (a), including beyond visual line of sight operations;

(B) areas of operation or categories of airspace requiring, or benefitting from, the use of UTM capabilities and services;

(C) performance-based technical standards for UAS operations using UTM capabilities and services; and

(D) application program interfaces that enable UTM service suppliers to integrate UTM capabilities and services into other systems for use by users of the national airspace system, including unmanned aircraft system operators.

(2) INTERNATIONAL HARMONIZATION.—In carrying out paragraph (1), the Administrator shall seek to harmonize, to the extent practicable and advisable, UTM standards with standards produced by recognized industry standards organizations or other peer civil aviation authorities.

(3) FEEDBACK OF CONCEPT OF OPERATIONS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall solicit feedback from stakeholders on the most recently published UTM concept of operations of the Administration.

(4) FINALIZATION OF CONCEPT OF OPERATIONS.—Not later than 1 year after the date of enactment of this Act, the Administrator shall publish a final version of the UTM concept of operations of the Administration.

(c) STAKEHOLDER PARTNERSHIPS.—In carrying out subsection (a), the Administrator shall establish a means by which the Administrator can enter into cooperative agreements, contracts, other transaction agreements, and other appropriate mechanisms with appropriate persons, partnerships, and consortia to enable qualified third-parties to design, build, develop, fund, and manage UTM.

(d) RULES OF CONSTRUCTION.—

(1) BEYOND VISUAL LINE OF SIGHT OPERATIONS.—Nothing in this section shall be construed to prevent or prohibit beyond visual line of sight operations through the use of technologies other than UTM capabilities and services.

(2) AIRSPACE.—Nothing in this section shall be construed to alter the authority under section 40103 of title 49, United States Code.

(e) BRIEFING.—Not later than 90 days after the date of enactment of this Act, and annually thereafter, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on progress made by the Administration detailing the implementation and requirements of this section and any applicable timelines to completion.

(f) DEFINITIONS.—In this section:

(1) APPROPRIATE PERSONS.—The term ''appropriate persons'' means a Federal, State, local, Tribal, or territorial governmental entity, or a person.

(2) UTM.—The term ''UTM'' means the manner in which the Administration will support operations for unmanned aircraft systems operating in low-altitude airspace.

SEC. 611. RADAR DATA PILOT PROGRAM.

(a) SENSITIVE RADAR DATA FEED PILOT PROGRAM.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with the Secretary of Defense, and other heads of relevant Federal agencies, shall establish a pilot program to make airspace data feeds containing classified or controlled unclassified information available to qualified users, in conjunction with subsection (b).

(b) AUTHORIZATION.—In carrying out subsection (a), the Administrator and the heads of other relevant Federal agencies and in coordination with the Secretary of Defense, shall establish a process to authorize qualified entities to receive airspace data feeds containing classified information related to air traffic within the national airspace system and use such information in an agreed upon manner to—

(1) provide—

(A) air traffic management services; and

(B) unmanned aircraft system traffic management services; or

(2) to test technologies that may enable or enhance the provision of the services described in paragraph (1).

(c) BRIEFING.—Not later than 90 days after establishing the pilot program under subsection (a), and annually thereafter, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the findings of the Administrator related to the pilot program established under this section.

(d) SUNSET.—This section shall cease to be effective on October 1, 2028.

(e) DEFINITION OF QUALIFIED USER.—In this section, the term ''qualified user'' means an entity authorized to receive airspace data feeds containing classified or controlled unclassified information pursuant to subsection (b).

SEC. 612. ELECTRONIC CONSPICUITY STUDY.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study of technologies and methods that may be used by operators of unmanned aircraft systems to detect and avoid manned aircraft that may lawfully operate below 500 feet above ground level and that are—

(1) not equipped with a transponder or automatic dependent surveillance-broadcast out equipment; or

(2) otherwise not electronically conspicuous.

(b) CONSULTATION.—In conducting the study required under subsection (a), the Comptroller General shall consult with—

(1) representatives from—

(A) unmanned aircraft systems manufacturers and operators;

(B) general aviation operators;

(C) aerial applicators; and

(D) helicopter operators, including State and local governments; and

(2) any other person the Comptroller General determines appropriate.

(c) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the results of such study.

SEC. 613. REMOTE IDENTIFICATION ALTERNATIVE MEANS OF COMPLIANCE.

(a) STUDY.—The Administrator of the Federal Aviation Administration shall review and evaluate the final rule titled ''Remote Identification of Unmanned Aircraft'', issued on January 15, 2021, to determine the feasibility and advisability of whether unmanned aircraft manufacturers and operators can meet the intent of such final rule through alternative means of compliance, including through network–based remote identification.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study under subsection (a).

SEC. 614. PART 107 WAIVER IMPROVEMENTS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall adopt a performance– and risk–based approach in reviewing requests for certificates of waiver under section 107.200 of title 14, Code of Federal Regulations.

(b) STANDARDIZATION OF WAIVER APPLICATION.—

(1) IN GENERAL.—In carrying out subsection (a), the Administrator shall improve the process established to submit requests for certificates of waiver described in subsection (a).

(2) FORMAT.—In carrying out paragraph (1), the Administrator may not require the use of open-ended descriptive prompts that are required to be filled out by an applicant, except to provide applicants the ability to provide the Administration with information for an unusual or irregular operation.

(3) DATA.—

(A) IN GENERAL.—In carrying out paragraph (1), the Administrator shall leverage data gathered from previous requests for certificates of waivers.

(B) CONSIDERATIONS.—In carrying out subparagraph (A), the Administrator shall safely use—

(i) big data analytics; and

(ii) machine learning.

(c) CONSIDERATION OF PROPERTY OWNERSHIP INTEREST.—

(1) IN GENERAL.—In determining whether to issue a certificate of waiver under section 107.200 of title 14, Code of Federal Regulations, the Administrator shall—

(A) consider whether the waiver applicant has control over access to all real property on the ground within the area of operation; and

(B) recognize and account for the safety enhancements of such controlled access.

(2) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to direct the Administrator to consider the lack of control over access to all real property on the ground within an area of operation, or a lack of property interest in such area of operation, as negatively affecting the safety of the operation intended to be conducted under such certificate of waiver.

(d) PUBLIC AVAILABILITY OF WAIVERS.—

(1) IN GENERAL.—The Administrator shall publish all certificates of waiver issued under section 107.200 of title 14, Code of Federal Regulations, on the website of the Administration, including, with respect to each issued certificate of waiver—

(A) the terms, conditions, and limitations; and

(B) the class of airspace and any restrictions related to operating near airports or heliports.

(2) PUBLICATION.—In carrying out paragraph (1), the Administrator shall ensure that published information is made available in a manner that prevents inappropriate disclosure of proprietary information.

(e) PRECEDENTIAL USE OF PREVIOUSLY APPROVED WAIVERS.—

(1) WAIVER APPROVAL PRECEDENT.—Except as provided in paragraph (3), if the Administrator determines, using criteria for a particular waiver, that an application for a certificate of waiver issued under section 107.200 of title 14, Code of Federal Regulations, is substantially similar (or is comprised of elements that are substantially similar) to an application for a certificate of waiver that the Administrator has previously approved, the Administrator may streamline, as appropriate, the approval of applications with substantially similar conditions and limitations as a previously approved application.

(2) RULE OF CONSTRUCTION.—Nothing in paragraph (1) shall be construed to preclude an applicant for a certificate of waiver from applying to modify a condition, or remove a limitation of, such certificate.

(f) MODIFICATION OF WAIVERS.—

(1) IN GENERAL.—The Administrator shall establish an expedited review process for a request to modify or renew certificates of waiver previously issued under section 107.200 of title 14, Code of Federal Regulations, as appropriate.

(2) USE OF REVIEW PROCESS.—The review process established under paragraph (1) shall be used to review certificates of waiver that cover operations that are substantially similar in all material facts to operations covered under a subsequently issued certificate of waiver.

SEC. 615. ACCEPTABLE LEVELS OF RISK AND RISK ASSESSMENT METHODOLOGY.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish acceptable levels of risk, and develop a risk assessment methodology associated with such levels of risk, to enable unmanned aircraft system operations conducted—

(1) under waivers issued to part 107 of title 14, Code of Federal Regulations;

(2) pursuant to section 44807 of title 49, United States Code; or

(3) pursuant to future regulations promulgated by the Administrator, as appropriate.

(b) ACCEPTABLE LEVELS OF RISK.—In carrying out subsection (a), the Administrator shall establish acceptable levels of risk for unmanned aircraft system operations in the national airspace system and a method for assessing the operational risk of a proposed operation in accordance with such acceptable level.

(c) RISK ASSESSMENT METHODOLOGY.—In carrying out subsections (a) and (b), the Administrator shall develop a risk assessment methodology to allow remote pilots in command operating unmanned aircraft systems pursuant to subsection (a) to determine the risk associated with a specific operation, and mitigate such a risk, as necessary.

(d) RISK ASSESSMENT METHODOLOGY CONSIDERATIONS.—In establishing the risk assessment methodology described under this section, the Administrator shall consider—

(1) the time of day of the operation;

(2) the population density of the area of operation;

(3) the class of airspace and such requirements necessary for airspace users to legally operate in each class of airspace;

(4) the proximity to infrastructure, to the extent that proximity mitigates risk to other operators of the national airspace system;

(5) the nature of the detect and avoid mitigation measures of an unmanned aircraft system; and

(6) the attributes and characteristics of the unmanned aircraft of the unmanned aircraft system, including the—

(A) size;

(B) visibility;

(C) maximum takeoff weight;

(D) maximum indicated airspeed; and

(E) payload.

(e) PUBLICATION.—The Administrator shall make the risk assessment methodology established under this section available to the public on an appropriate website of the Administration.

(f) DEFINITIONS OF UNMANNED AIRCRAFT AND UNMANNED AIRCRAFT SYSTEM.—In this section, the terms ''unmanned aircraft'' and ''unmanned aircraft system'' have the meanings given such terms in section 44801 of title 49, United States Code.

SEC. 616. ENVIRONMENTAL REVIEW.

(a) GUIDANCE UPDATES.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish unmanned aircraft system-specific guidance and implementation procedures. Such guidance and implementation procedures shall—

(1) provide guidance to streamline environmental assessments at a programmatic level, as the Administrator considers appropriate, for an unmanned aircraft system operator's network of operations within a defined geographical region, including within and over approved commercial or industrial sites closed or restricted to the public;

(2) provide guidance for nationwide programmatic approaches for large scale distributed unmanned aircraft system operations whereby a Programmatic Environmental Assessment or Environmental Impact Statement can be leveraged for subsequent related actions to ensure efficient environmental review;

(3) consider additional Categorical Exclusions based on previously prepared and finalized Environmental Assessments or in consultation with the Council on Environmental Quality;

(4) prioritize proposed projects or activities that may—

(A) offset or limit the impacts of non-zero emission activities;

(B) offset or limit the release of environmental pollutants to soil or water; or

(C) demonstrate other factors to the benefit of the environment as determined by the Administrator;

(5) contain intra-agency process improvements to avoid providing conflicting safety and environmental feedback to operators;

(6) contain standards and criteria for engaging specialized third parties to support the Administration's preparation and review of documentation relating to the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) to ensure streamlined timelines for complex reviews; and

(7) any other modifications the Administrator considers necessary within the stated environmental objectives of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and the Federal priority to maintain global leadership in aviation innovation.

(b) BRIEFING.—No later than 90 days after the date of enactment of this Act, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the plan of the Administration to implement subsection (b), including each of the considerations specified in the subsection, and an explanation for any consideration the Administrator does not intend to implement.

(c) CONCURRENT REVIEWS.—If the Administrator determines that the review of an unmanned aircraft system's design, construction, maintenance and operational sustainability, airworthiness approval, or operational approval requires environmental assessment, including requirements under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), the Administrator shall, to the maximum extent practicable, conduct such reviews and analyses concurrent with one another.

(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as prohibiting, restricting or otherwise limiting the authority of the Secretary of Transportation or the Administrator from implementing or complying with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and any related requirements to ensure the protection of the environment and aviation safety.

(e) ASSOCIATED UAS CERTIFICATION STANDARDS.—

(1) OPTION TO SUSPEND NOISE CERTIFICATION REQUIREMENT PENDING STANDARDS DEVELOPMENT.—Notwithstanding the requirements of section 44715 of title 49, United States Code, the Administrator may waive the determination of compliance with part 36 of title 14, Code of Federal Regulations, for an applicant seeking an unmanned aircraft system type and airworthiness certification, provided the Administrator has developed appropriate noise measurement procedures for such systems and the Administrator has received the noise measurements results based on such procedures from the applicant.

(2) DEVELOPMENT OF CRITERIA.—Not later than 90 days after the date of enactment of this Act, the Administrator shall develop and establish substantive criteria and standards metrics used by the Administrator to determine whether to approve or disapprove the airworthiness of an unmanned aircraft pursuant to part 36 of title 14, Code of Federal Regulations.

(3) SUBSTANTIVE CRITERIA AND STANDARDS METRICS.—In establishing the substantive criteria and standards metrics as required under paragraph (2), the Administrator shall include such criteria and metrics related to the airworthiness of unmanned aircraft for the following:

(A) Noise impacts.

(B) Visual impacts.

(4) PUBLICATION.—The Administrator shall publish in the Federal Register and post on a website of the Federal Aviation Administration the criteria and metrics established pursuant to paragraph (2).

(f) DEFINITION OF UNMANNED AIRCRAFT SYSTEM.—In this section, the term ''unmanned aircraft system'' has the meaning given such term in section 44801 of title 49, United States Code.

SEC. 617. CARRIAGE OF HAZARDOUS MATERIALS.

(a) NEAR-TERM APPROVALS.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall coordinate with the Administrator of the Pipeline and Hazardous Materials Safety Administration to revise processes in effect on the date of enactment of this Act for the carriage of hazardous materials by unmanned aircraft systems to provide that—

(1) special conditions, waivers, or other requirements necessary to enable the carriage of hazardous materials shall be incorporated into the existing regulatory and operator certification processes of the Federal Aviation Administration for unmanned aircraft operations in which the aircraft—

(A) weighs less than 100 pounds; and

(B) is capable of carrying less than 10 pounds gross weight of limited quantity cargo; and

(2) the existing special permitting process or other existing processes carried out by the Administrator of the Pipeline and Hazardous Materials Safety Administration shall be initiated as early as practicable, and in conjunction with the existing regulatory and operator certification processes of the Federal Aviation Administration, for unmanned aircraft operations in which the unmanned aircraft—

(A) weighs 100 pounds or more; or

(B) is capable of carrying 10 pounds or more gross weight of limited quantity cargo.

(b) RULEMAKING.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall revise requirements, guidance, standards, or other policy materials governing the carriage of hazardous materials to allow for the carriage of a de minimis amount of hazardous materials by an unmanned aircraft.

(2) CONSIDERATIONS.—In carrying out paragraph (1), the Administrator shall consider—

(A) whether a hazardous material is a consumer commodity;

(B) requirements for common carriage and private carriage;

(C) whether the transportation of a de minimis volume, weight, or amount of a hazardous material would pose an unreasonable risk to health and safety or property;

(D) whether the volume, weight, or amount of a hazardous material is large enough to permit the transportation of a commercially meaningful volume, weight, or amount; and

(E) the altitude at which unmanned aircraft operations are conducted.

(3) IMPLEMENTATION.—

(A) PETITION.—The Secretary shall establish a process for a person to petition to establish or revise a de minimis amount or a hazardous material.

(B) PERIODIC UPDATES.—The Secretary shall—

(i) periodically review, as necessary, de minimis amounts of hazardous materials established under paragraph (1);

(ii) determine whether such amounts of Hazardous materials should be revised, based on operational and safety data or other factors; and

(iii) assess whether to establish a de minimis amount for a hazardous material for which a de minimis volume, weight, or amount has previously not been established.

(c) SAVING CLAUSE.—Nothing in this section shall be construed to—

(1) limit the authority of the Secretary, the Administrator of the Federal Aviation Administration, or the Administrator of the Pipeline and Hazardous Materials Safety Administration from implementing requirements under existing authorities to ensure the safe carriage of hazardous materials by aircraft; and

(2) confer upon the Administrator of the Federal Aviation Administration the authorities of

the Administrator of the Pipeline and Hazardous Materials Safety Administration, as described in part 175 of title 49, Code of Federal Regulations, and chapter 51 of title 49, United States Code.

(d) EXEMPTION.—The authorities of the Administrator related to the transportation, packaging, marking, or description of hazardous materials in section 106(g)(1) of title 49, United States Code, shall not apply to the extent necessary to enact the requirements of this section.

(e) DEFINITIONS.—In the section:

(1) UNMANNED AIRCRAFT SYSTEM.—The term ''unmanned aircraft system'' has the meaning given the term in section 44801 of title 49, United States Code.

(2) CONSUMER COMMODITY.—The term ''consumer commodity'' has the meaning given such term in section 171.8 of title 49, Code of Federal Regulations.

SEC. 618. UNMANNED AIRCRAFT SYSTEM USE IN WILDFIRE RESPONSE.

(a) UNMANNED AIRCRAFT SYSTEMS IN WILDFIRE RESPONSE.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with the United States Forest Service and any other Federal entity or contracted operator the Administrator considers appropriate, shall develop a plan on the use of unmanned aircraft systems by public entities in wildfire response efforts, including wildfire detection, mitigation, and suppression.

(2) PLAN CONTENTS.—The plan under subsection (a) shall provide recommendations to—

(A) identify and designate areas of public land with high potential for wildfires in which public entities may conduct unmanned aircraft system beyond visual line of sight operations as part of wildfire response efforts, including wildfire detection, mitigation, and suppression;

(B) develop a process to facilitate the safe and efficient operation of unmanned aircraft systems beyond the visual line of sight in wildfire response efforts in areas designated under paragraph (A), including the waiver process under section 91.113 or section 107.31 of title 14, Code of Federal Regulations, for public entities that use unmanned aircraft systems for aerial wildfire detection, mitigation, and suppression; and

(C) improve coordination between the relevant Federal agencies and public entities on the use of unmanned aircraft systems in wildfire response efforts.

(3) PLAN SUBMISSION.—Upon completion of the plan under subsection (a), the Administrator of the Federal Aviation Administration shall submit such plan to, and provide a briefing for, the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senates.

(4) PUBLICATION.—Upon submission of the plan under subsection (a), the Administrator of the Federal Aviation Administration shall publish such plan on a publicly available website of the Administration.

(b) APPLICABILITY.—This section shall only apply to unmanned aircraft systems that are—

(1) operated by, or on behalf of, a public entity;

(2) operated in airspace covered by a wildfire-related temporary flight restriction under section 91.137 of title 14, Code of Federal Regulations; and

(3) under the operational control of, or otherwise are being operationally coordinated by, an authorized aviation coordinator responsible for coordinating disaster relief aircraft within the airspace covered by such temporary flight restriction.

(c) INTERAGENCY COORDINATION.—Not later than 180 days after the date of enactment of this Act, the Administrator shall seek to enter into the necessary agreements to provide a liaison of the Administration to the National Interagency Fire Center to facilitate the use of manned and unmanned aircraft in wildfire response efforts, including wildfire detection, mitigation, and suppression.

(d) SAVINGS CLAUSE.—Nothing in this Act shall be construed to confer upon the Administrator of the Federal Aviation Administration the authorities of the Administration of the Federal Emergency Management Agency on wildfire response under section 611 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5196).

(e) DEFINITIONS.—In this section:

(1) PUBLIC ENTITY.—The term ''public entity'' means—

(A) a Federal agency;

(B) a State government;

(C) a local government;

(D) a Tribal government; and

(E) a territorial government.

(2) PUBLIC LAND.—The term ''public land'' has the meaning given such term in section 205 of the Sikes Act (16 U.S.C. 670k).

(3) UNMANNED AIRCRAFT SYSTEM.—The term ''unmanned aircraft system'' has the meaning given such term in section 44801 of title 49, United States Code.

(4) WILDFIRE.—The term ''wildfire'' has the meaning given that term in section 2 of the Emergency Wildfire Suppression Act (42 U.S.C. 1856m).

SEC. 619. PILOT PROGRAM FOR UAS INSPECTIONS OF FAA INFRASTRUCTURE.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish and initiate a pilot program to supplement appropriate inspection and oversight activities of the department with unmanned aircraft systems for the purposes of increasing employee safety, enhancing data collection, increasing the accuracy of inspections, reducing costs, and other purposes the Secretary considers to be in the broader interests of good government.

(b) GROUND-BASED AVIATION INFRASTRUCTURE.—Under the program required in subsection (a), the Administrator of the Federal Aviation Administration shall evaluate the use of unmanned aircraft systems to inspect ground-based aviation infrastructure that may require visual inspection in hard-to-reach areas, including—

(1) navigational aids;

(2) air traffic control towers;

(3) radar facilities;

(4) communication facilities; and

(5) other air traffic control facilities.

(c) COORDINATION.—In carrying out the pilot program established under subsection (a), the Secretary shall consult with the labor union certified under section 7111 of title 5, United States Code, to represent personnel responsible for the inspection of the ground-based aviation infrastructure described in subsection (b).

(d) COVERED FOREIGN UNMANNED AIRCRAFT SYSTEM.—The Secretary may not carry out an inspection under this section using an unmanned aircraft system manufactured by—

(1) an entity included on the Consolidated Screening list or Entity List as designated by the Secretary of Commerce;

(2) an entity domiciled in the People's Republic of China or the Russian Federation; or

(3) an entity, or a subsidiary or affiliate of an entity, that is subject to influence or control by—

(A) the Government of the People's Republic of China;

(B) the Chinese Communist Party; or

(C) the Russian Federation.

(e) BRIEFING.—Not later than 2 years after the date of enactment of this Act, and annually thereafter until the termination of the pilot program under this section, the Secretary shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a briefing on the status and results of the pilot program established under subsection (a), including—

(1) cost saving;

(2) a description of how unmanned aircraft systems were used to supplement existing inspection, data collection, or oversight activities of Department employees, including the number of operations and types of activities performed;

(3) efficiency or safety improvements, if any, associated with the use of unmanned aircraft systems to supplement conventional inspection, data collection, or oversight activities;

(4) the fleet of unmanned aircraft systems maintained by the Department of Transportation for the program, or an overview of the services used as part of the pilot program; and

(5) recommendations for improving the use or efficacy of unmanned aircraft systems to supplement the Department's conventional inspection, data collection, or oversight activities.

(f) SUNSET AND INCORPORATION INTO STANDARD PRACTICE.—

(1) SUNSET.—The pilot program established under subsection (a) and the reporting requirement under subsection (f) shall terminate on the date that is 50 months after the date of enactment of this Act.

(2) INCORPORATION INTO STANDARD PRACTICE.—Upon termination of the pilot program, the Secretary shall assess the results of the pilot program under this section and determine whether to permanently incorporate the use of unmanned aircraft systems into the regular inspection, data collection, and oversight activities of the Department.

(3) REPORT TO CONGRESS.—Not later than 3 months after the termination of the pilot program under paragraph (1), the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the final results of the pilot program and the actions taken by the Administrator pursuant to paragraph (2).

SEC. 620. DRONE INFRASTRUCTURE INSPECTION GRANT PROGRAM.

(a) AUTHORITY.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish a drone infrastructure inspection grant program to make grants to governmental entities to facilitate the use of eligible small unmanned aircraft systems to support more efficient inspection, operation, construction, maintenance, modernization, and repair of an element of critical infrastructure to improve worker safety related to critical infrastructure projects.

(b) USE OF GRANT AMOUNTS.—A governmental entity may use a grant provided under this section to—

(1) purchase or lease eligible small unmanned aircraft systems;

(2) support operational capabilities of eligible small unmanned aircraft systems by the governmental entity;

(3) contract for services performed using an eligible small unmanned aircraft system in circumstances in which the governmental entity does not have the resources or expertise to safely carry out or assist in carrying out the activities described under subsection (a); and

(4) support the program management capability of the governmental entity to use an eligible small unmanned aircraft system.

(c) ELIGIBILITY.—To be eligible to receive a grant under this section, a governmental entity shall submit an application to the Secretary at such time, in such form, and containing such information as the Secretary may require, including an assurance that the governmental entity or any contractor of the governmental entity, will comply with relevant Federal regulations.

(d) SELECTION OF APPLICANTS.—In awarding a grant under this section, the Secretary shall prioritize applications that propose to—

(1) carry out a critical infrastructure project in a variety of communities, including urban, suburban, rural, tribal, or any other type of community; and

(2) address a safety risk in the inspection, operation, construction, maintenance, or repair of an element of critical infrastructure.

(e) LIMITATION.—Nothing in this section shall be construed as to interfere with an agreement between a governmental entity and a labor union, including requirements under section 5333(b) of title 49, United States Code.

(f) REPORT TO CONGRESS.—Not later than 1 year after the first grant is provided under this section, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report that evaluates the program carried out under this section, including—

(1) a description of the number of grants awarded;

(2) the amount of each grant;

(3) the activities funded under this section; and

(4) the effectiveness of such funded activities in meeting the objectives described in subsection (a).

(g) FUNDING.—

(1) FEDERAL SHARE.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Federal share of the cost of a project carried out using a grant under this section shall not exceed 50 percent of the total project cost.

(B) WAIVER.—The Secretary may increase the Federal share requirement under subparagraph (A) to up to 75 percent for a project carried out using a grant under this section by a governmental entity if such entity—

(i) submits a written application to the Secretary requesting an increase in the Federal share; and

(ii) demonstrates that the additional assistance is necessary to facilitate the acceptance and full use of a grant under this section, such as alleviating economic hardship, meeting additional workforce needs, or such other uses that the Secretary determines to be appropriate.

(2) AUTHORIZATION OF APPROPRIATIONS.—Out of amounts authorized to be appropriated under section 106(k) of title 49, United States Code, the Secretary shall make available to carry out this section—

(A) $2,000,000 for fiscal year 2024;

(B) $12,000,000 for fiscal year 2025;

(C) $12,000,000 for fiscal year 2026;

(D) $12,000,000 for fiscal year 2027; and

(E) $12,000,000 for fiscal year 2028.

(h) DEFINITIONS.—In this section:

(1) COVERED FOREIGN ENTITY.—The term ''covered foreign entity'' means an entity—

(A) included on the Consolidated Screening List or Entity List as designated by the Secretary of Commerce;

(B) domiciled in the People's Republic of China or the Russian Federation;

(C) subject to influence or control by the government of the People's Republic of China or by the Russian Federation; or

(D) is a subsidiary or affiliate of an entity described in subparagraphs (A) through (C).

(2) CRITICAL INFRASTRUCTURE.—The term ''critical infrastructure'' has the meaning given such term in subsection (e) of the Critical Infrastructures Protection Act of 2001 (42 U.S.C. 5195c(e)).

(3) ELEMENT OF CRITICAL INFRASTRUCTURE.—The term ''element of critical infrastructure'' means a critical infrastructure facility or asset, including public bridges, tunnels, roads, highways, dams, electric grid, water infrastructure, communication systems, pipelines, or other related facilities or assets, as determined by the Secretary.

(4) ELIGIBLE SMALL UNMANNED AIRCRAFT SYSTEM.—The term ''eligible small unmanned aircraft system'' means a small unmanned aircraft system manufactured or assembled by a company that is domiciled in the United States and is not a covered foreign entity.

(5) ELIGIBLE SMALL UNMANNED AIRCRAFT SYSTEM TECHNOLOGY.—The term ''eligible small unmanned aircraft system technology'' means—

(A) an eligible small unmanned aircraft system; or

(B) a major component of such a system that is not manufactured by or procured from a covered foreign entity.

(6) GOVERNMENTAL ENTITY.—The term ''governmental entity'' means—

(A) a State, the District of Columbia, the Commonwealth of Puerto Rico, a territory of the United States, or a political subdivision thereof;

(B) a unit of local government;

(C) a Tribal Government;

(D) a metropolitan planning organization; or

(E) a consortia of more than 1 of the entities described in subparagraphs (A) through (D).

(7) PROJECT.—The term ''project'' means a project for the inspection, operation, maintenance, repair, modernization, or construction of an element of critical infrastructure, including mitigating environmental hazards to such infrastructure.

(8) SMALL UNMANNED AIRCRAFT; UNMANNED AIRCRAFT SYSTEM.—The terms ''small unmanned aircraft'' and ''unmanned aircraft system'' have the meanings given such terms in section 44801 of title 49, United States Code.

SEC. 621. DRONE EDUCATION AND WORKFORCE TRAINING GRANT PROGRAM.

(a) AUTHORITY.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish a drone education and training grant program to make grants to educational institutions for workforce training for eligible small unmanned aircraft system technology.

(b) USE OF GRANT AMOUNTS.—Amounts from a grant under this section shall be used in furtherance of activities authorized under sections 631 and 632 of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note).

(c) ELIGIBILITY.—To be eligible to receive a grant under this section, an educational institution shall submit an application to the Secretary at such time, in such form, and containing such information as the Secretary may require.

(d) AUTHORIZATION OF APPROPRIATIONS.—Out of amounts authorized to be appropriated under section 106(k) of title 49, United States Code, the Secretary shall make available to carry out this section—

(1) $2,000,000 for fiscal year 2024;

(2) $12,000,000 for fiscal year 2025;

(3) $12,000,000 for fiscal year 2026;

(4) $12,000,000 for fiscal year 2027; and

(5) $12,000,000 for fiscal year 2028.

(e) DEFINITIONS.—In this section:

(1) COVERED FOREIGN ENTITY.—The term ''covered foreign entity'' means an entity—

(A) included on the Consolidated Screening List or Entity List as designated by the Secretary of Commerce;

(B) domiciled in the People's Republic of China or the Russian Federation;

(C) subject to influence or control by the government of the People's Republic of China or by the Russian Federation; or

(D) is a subsidiary or affiliate of an entity described in subparagraphs (A) through (C).

(2) EDUCATIONAL INSTITUTION.—The term ''educational institution'' means an institution of higher education (as defined in section 101 of the High Education Act of 1965 (20 U.S.C. 1001)) that participates in a program authorized under sections 631 and 632 of the FAA Reauthorization Act of 2018 (49 U.S.C. 40101 note).

(3) ELIGIBLE SMALL UNMANNED AIRCRAFT SYSTEM.—The term ''eligible small unmanned aircraft system'' means a small unmanned aircraft system manufactured or assembled by a company that is domiciled in the United States and is not a covered foreign entity.

(4) SMALL UNMANNED AIRCRAFT; UNMANNED AIRCRAFT SYSTEM.—The terms ''small unmanned aircraft'' and ''unmanned aircraft system'' have the meanings given such terms in section 44801 of title 49, United States Code.

SEC. 622. DRONE WORKFORCE TRAINING PROGRAM STUDY.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study of the effectiveness of the Collegiate Training Initiative Program for Unmanned Aircraft Systems, established pursuant to section 632 of the FAA Reauthorization Act 2018 (49 U.S.C. 40101 note).

(b) REPORT.—Upon completion of the study under subsection (a), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing—

(1) the findings of the study; and

(2) any recommendations to improve and expand the Collegiate Training Initiative Program for Unmanned Aircraft Systems.

SEC. 623. UAS INTEGRATION OFFICE.

The Executive Director of the UAS Integration Office of the Federal Aviation Administration shall—

(1) support, and provide substantive recommendations for, rulemaking proceedings, in coordination with other relevant services and offices and the Assistant Administrator of Rulemaking and Regulatory Improvement, regarding the integration of unmanned aircraft systems into the national airspace system;

(2) support, and make substantive recommendations to inform, the review and adjudication of submissions under the processes established under section 44807 of title 49, United States Code, as amended by section 605;

(3) support, and make substantive recommendations to inform, the development, modification, and acceptance or approval of relevant consensus standards, means of compliance, and declarations of compliance related to unmanned aircraft systems;

(4) ensure the timely consideration of airworthiness and operational determinations related to unmanned aircraft systems by relevant offices of the Administration;

(5) consult, advise, coordinate with, and make substantive recommendations to relevant lines of business and staff offices of the Administration to support the activities of the Administration and efficiently carry out the duties described in this section;

(6) hire full-time equivalent employees, as necessary, to build expertise within the UAS Integration Office to assess unmanned aviation technologies and related operational risk mitigation; and

(7) engage in any other activities determined necessary by the Executive Director or the Administrator of the Federal Aviation Administration, to fulfill the duties described in this section.

SEC. 624. TERMINATION OF ADVANCED AVIATION ADVISORY COMMITTEE.

The Secretary of Transportation may not renew the charter of the Advanced Aviation Advisory Committee (chartered by the Secretary on June 10, 2022).

SEC. 625. UNMANNED AND AUTONOMOUS FLIGHT ADVISORY COMMITTEE.

(a) IN GENERAL.—Not later than 1 year after the termination of the Advanced Aviation Advisory Committee pursuant to section 624, the Administrator of the Federal Aviation Administration shall establish an Unmanned and Autonomous Flight Advisory Committee (in this section referred to as the ''Advisory Committee'').

(b) DUTIES.—The Advisory Committee shall provide the Administrator advice on policy- and technical-level issues related to unmanned and autonomous aviation operations and activities, including, at a minimum, the following:

(1) The safe integration of unmanned aircraft systems and autonomous flight operations into the national airspace system, including feedback on—

(A) the certification and operational standards of highly automated aircraft, unmanned aircraft, and associated elements of such aircraft;

(B) coordination of procedures for operations in controlled airspace; and

(C) communication protocols.

(2) The use cases of unmanned aircraft systems, including evaluating and assessing the potential benefits of using unmanned aircraft systems.

(3) The development of processes and methodologies to address safety concerns related to the operation of unmanned aircraft systems, including risk assessments and mitigation strategies.

(4) Unmanned aircraft system training, education, and workforce development programs, including evaluating aeronautical knowledge gaps in the unmanned aircraft system workforce, assessing the workforce needs of unmanned aircraft system operations, and establishing a strong pipeline to ensure a robust unmanned aircraft system workforce.

(5) The analysis of unmanned aircraft system data and trends.

(6) Unmanned aircraft system infrastructure, including the use of existing aviation infrastructure and the development of necessary infrastructure.

(c) MEMBERSHIP.—

(1) IN GENERAL.—The Advisory Committee shall be composed of not more than 12 members.

(2) REPRESENTATIVES.—The Advisory Committee shall include at least 1 representative of each of the following:

(A) Small unmanned aircraft system commercial operators.

(B) Small unmanned aircraft system manufacturers.

(C) Manufacturers of unmanned aircraft weighing 55 pounds or more pursuing or holding a certificate for design or production of such unmanned aircraft.

(D) Counter-unmanned aircraft system manufacturers.

(E) Federal Aviation Administration approved unmanned aircraft system service suppliers.

(F) Unmanned aircraft system test sites under section 44803 of title 49, United States Code.

(G) An unmanned aircraft system physical infrastructure network provider.

(H) Community advocates.

(I) Certified labor organizations representing commercial airline pilots, air traffic control specialists employed by the Administration, certified aircraft maintenance technicians, certified aircraft dispatchers, and aviation safety inspectors.

(d) REPORTING.—

(1) IN GENERAL.—The Advisory Committee shall submit to the Secretary an annual report of the activities, findings, and recommendations of the Committee.

(2) CONGRESSIONAL REPORTING.—The Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the reports required under paragraph (1).

(e) DEFINITION OF UNMANNED AIRCRAFT.—In this section, the term ''unmanned aircraft'' has the meaning given such term in section 44801 of title 49, United States Code.

SEC. 626. NEXTGEN ADVISORY COMMITTEE MEMBERSHIP EXPANSION.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Secretary of Transportation shall take such actions as may be necessary to expand the membership of the NextGen Advisory Committee chartered by the Secretary on June 15, 2022, and any subsequent chartered committees, to include a representative from the unmanned aircraft system industry and a representative from the powered-lift industry.

(b) QUALIFICATIONS.—The representatives required under subsection (a) shall have the following qualifications, as applicable:

(1) Demonstrated expertise in the design, manufacture, and operation of unmanned aircraft systems.

(2) Demonstrated experience in the development or implementation of unmanned aircraft systems policies and procedures.

(3) Demonstrated commitment to advancing the safe integration of unmanned aircraft systems into the national airspace system.

SEC. 627. TEMPORARY FLIGHT RESTRICTION INTEGRITY.

(a) IN GENERAL.—Section 40103(b) of title 49, United States Code, is amended by adding at the end the following:

''(5)(A) In issuing a temporary flight restriction, the Administrator shall—

''(i) ensure there is a specific and articulable safety or security basis for the size, scope, and duration of such restriction;

''(ii) immediately distribute a notice of the temporary flight restriction via the Notice to Air Missions system; and

''(iii) detail in the notice required under clause (ii)—

''(I) the safety basis for the restriction; and

''(II) how a covered person may lawfully and expeditiously operate an aircraft within the restriction.

''(B) In this paragraph, the term 'covered person' means—

''(i) a public safety agency;

''(ii) a first responder;

''(iii) an accredited news representative; or

''(iv) any other person as determined appropriate by the Administrator.''.

SEC. 628. INTERAGENCY COORDINATION.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the purpose of the joint Department of Defense-Federal Aviation Administration executive committee (referred to in this subsection as ''Executive Committee'') on conflict and dispute resolution as described in Section 1036(b) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110–417) is to resolve disputes on the matters of policy and procedures between the Department of Defense and the Federal Aviation Administration relating to airspace, aircraft certifications, aircrew training, and other issues, including the access of unmanned aerial systems of the Department of Defense to the national airspace system;

(2) by mutual agreement of Executive Committee leadership, operating with the best of intentions, the current scope of activities and membership of the Executive Committee has exceeded the original intent of, and tasking to, the Executive Committee; and

(3) the expansion described in paragraph (2) has resulted in an imbalance in the oversight of certain Federal entities in matters concerning civil aviation safety and security.

(b) IN GENERAL.—

(1) CHARTER REVISION.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to revise the charter of the Executive Committee to reflect the scope, objectives, membership, and activities described in such section 1036(b) in order to achieve the increasing, and ultimately routine, access of unmanned aircraft systems (as defined in section 44801 of title 49, United States Code) into the national airspace system.

(2) SUNSET.—Not earlier than 2 years after the date of enactment of this Act, the Administrator shall seek to sunset Executive Committee activities by joint agreement of the Administrator and the Secretary of Defense.

SEC. 629. REVIEW OF REGULATIONS TO ENABLE UNESCORTED UAS OPERATIONS.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall, in coordination with the Secretary of Defense, conduct a review of requirements necessary to permit an unmanned aircraft systems (excluding small unmanned aircraft systems) operated by a Federal agency or an armed service to be operated in the national airspace system, including outside of restricted airspace, without being escorted by a manned aircraft.

(b) REPORT.—Not later than 2 years after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the review, including findings and recommendations on regulatory and statutory changes that can be made to enable the operations described under subsection (a).

(c) DEFINITIONS.—The definitions under section 44801 of title 49, United States Code, shall apply to this section.

SEC. 630. UAS OPERATIONS OVER HIGH SEAS.

(a) IN GENERAL.—An unmanned aircraft system operation that begins and ends within the United States or the territorial waters of the United States, shall not be considered international flight regardless of whether the unmanned aircraft system enters international airspace.

(b) DEFINITION OF UNMANNED AIRCRAFT SYSTEM.—In this section, the term ''unmanned aircraft system'' has the meaning given such term in section 44801 of title 49, United States Code.

SEC. 631. BEYOND BEYOND.

(a) FAA BEYOND PROGRAM EXTENSION.—The Administrator of the Federal Aviation Administration shall extend the BEYOND program of the Administration as in effect on the day before the date of enactment of this Act (referred to in this section as the ''Program'') and the existing agreements with State, local, and Tribal governments entered into under the Program until such date, as specified in subsection (b).

(b) FAA BEYOND PROGRAM EXPANSION.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator shall expand the Program to additional locations and test the use of new and emerging aviation concepts and technologies, including concepts and technologies unrelated to unmanned aircraft systems, to evaluate and inform Administration policies, rulemaking, and guidance related to the safe integration of such concepts and technologies into the national airspace system.

(2) SCOPE.—In expanding the Program under this subsection, the Administrator shall address additional factors, including—

(A) increasing automation in civil aircraft, including unmanned aircraft systems and new or emerging aviation technologies;

(B) operations of such systems and technologies, including beyond visual line of sight; and

(C) the social and economic impacts of such operations.

(3) CONTINUATION.—The Administrator shall carry out the expanded Program required under this subsection until such time that the Administrator determines the Program is no longer necessary or useful.

SEC. 632. UAS INTEGRATION STRATEGY.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall implement the recommendations made by—

(1) the Comptroller General of the United States to the Secretary of Transportation contained in the report titled ''Drones: FAA Should Improve Its Approach to Integrating Drones into the National Airspace System'' issued in January 2023 (GAO–23–105189); and

(2) the inspector general of the Department of Transportation to the Administrator contained in the audit report titled ''FAA Made Progress Through Its UAS Integration Pilot Program, but FAA and Industry Challenges Remain To Achieve Full UAS Integration'' issued in April 2022 (Project ID: AV2022027).

(b) BRIEFING.—Not later than 12 months after the date of enactment of this Act, the Administrator shall provide a briefing to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on

Commerce, Science, and Transportation of the Senate annually on the status of the activities described in subsection (a).

SEC. 633. AUTHORIZATION OF APPROPRIATIONS FOR KNOW BEFORE YOU FLY CAMPAIGN.

There is authorized to be appropriated to the Administrator $1,000,000 for each of fiscal years 2024 through 2028, out of funds made available under section 106(k) of title 49, United States Code, for the Know Before You Fly educational campaign or similar public informational efforts intended to broaden unmanned aircraft systems safety awareness.

SEC. 634. PUBLIC AIRCRAFT DEFINITION.

Section 40125(a)(2) of title 49, United States Code, is amended—

(1) by striking the first instance of ''or''; and

(2) by inserting ''(including data collection on civil aviation systems undergoing research, development, test, or evaluation at a test range (as such term is defined in section 44801)), infrastructure inspections, or any other activity undertaken by a governmental entity that the Administrator determines is inherently governmental'' after ''biological or geological resource management''.

Subtitle B—Advanced Air Mobility

SEC. 651. DEFINITION.

In this subtitle, the term ''powered-lift aircraft'' has the meaning given the term ''powered-lift'' in section 1.1 of title 14, Code of Federal Regulations.

SEC. 652. POWERED-LIFT AIRCRAFT RULEMAKINGS.

(a) FINAL RULEMAKING.—Not later than 13 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish a final rule for a special Federal aviation regulation establishing procedures for certifying powered-lift pilots and providing operational rules for powered-lift aircraft.

(b) FUTURE RULEMAKING.—Not later than 5 years after the date of enactment of this Act, the Administrator shall initiate a rulemaking activity providing for a permanent pathway for the—

(1) performance-based certification of powered-lift aircraft;

(2) certification of powered-lift airmen; and

(3) operation of powered-lift aircraft in commercial service and air transportation.

(c) RULEMAKING CONSIDERATIONS.—

(1) CONTENTS OF RULEMAKINGS.—In the development of the rulemakings required under subsections (a) and (b), the Administrator shall—

(A) provide for any aircraft type certificated by the Administrator—

(i) a practical pathway for pilot qualification and operations; and

(ii) performance-based requirements for energy reserves and other range- and endurance-related requirements that reflect the capabilities and intended operations of the aircraft;

(B) provide for a combination of pilot training requirements, including simulators, to ensure the safe operation of powered-lift aircraft;

(C) grant an individual with an existing commercial airplane (single- or multi-engine) or helicopter pilot certificate the authority to serve as pilot-in-command of a powered-lift aircraft in commercial operation following the completion of a Federal Aviation Administration-approved pilot type rating for such type of aircraft;

(D) to the maximum extent practicable, align powered-lift pilot qualifications with section 2.1.1.4 of the International Civil Aviation Organization's Annex 1; and

(E) consider the adoption of the recommendations contained in document 10103 of the International Civil Aviation Organization for powered-lift operations, as appropriate.

(2) CONSIDERATIONS FOR FUTURE RULEMAKINGS.—In the development of the rulemakings required under subsection (b), the Administrator shall—

(A) consider and plan for unmanned and remotely piloted powered-lift aircraft systems, and the associated elements of such aircraft, through the promulgation of performance-based regulations;

(B) consider and plan for alternative fuel types and propulsion methods, including reviewing the performance-based nature of parts 33 and 35 of title 14, Code of Federal Regulations; and

(C) work to harmonize the certification and operational requirements of the Federal Aviation Administration with the certification and operational requirements of civil aviation authorities with bilateral safety agreements in place with the United States, to the extent harmonization does not negatively impact domestic manufacturers and operators.

(d) INTERIM APPLICATION OF RULES AND PRIVILEGES IN LIEU OF RULEMAKING.—Beginning 21 months after the date of enactment of this Act, if a final rule has not been published pursuant to subsection (a)—

(1) rules in effect on such date that apply to the operation and the operator of rotorcraft or fixed-wing aircraft under subchapters F, G, H, and I of chapter 1 of title 14, Code of Federal Regulations, shall be—

(A) deemed to apply to—

(i) the operation of a powered-lift aircraft in the national airspace system; and

(ii) the operator of such a powered-lift aircraft; and

(B) applicable as determined by the operator of an airworthy powered-lift aircraft in consultation with the Administrator and consistent with sections 91.3 and 91.13 of title 14, Code of Federal Regulations; and

(2) upon the completion of a type rating for a specific powered-lift aircraft, airmen that hold a pilot or instructor certification with airplane category ratings in any class or rotorcraft category ratings in the helicopter class shall be deemed to have privileges of a powered-lift rating for that aircraft.

(e) TERMINATION OF INTERIM RULES AND PRIVILEGES.—Subsection (d) shall cease to have effect 1 month after the effective date of a final rule issued pursuant to subsection (a).

SEC. 653. POWERED-LIFT AIRCRAFT ENTRY INTO SERVICE.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall, in consultation with exclusive bargaining representatives of air traffic controllers certified under section 7111 of title 5, United States Code, take such actions as may be necessary to safely integrate powered-lift aircraft into the national airspace system, including in controlled airspace, and learn from any efforts to adopt and update related policy and guidance.

(b) AIR TRAFFIC POLICIES FOR ENTRY INTO SERVICE.—Not later than 24 months after the date of enactment of this Act, the Administrator shall update air traffic orders and policies, to the extent necessary, and address air traffic control system challenges in order to allow for—

(1) the use of existing air traffic procedures, where safe, by powered-lift aircraft; and

(2) the approval of letters of agreement between air traffic control system facilities and powered-lift operators and infrastructure operators to minimize the amount of active coordination required for safe recurring powered-lift aircraft operations.

(c) LONG-TERM AIR TRAFFIC POLICIES.—Based on the implementation of subsection (b), the Administrator shall—

(1) continue to update air traffic orders and policies;

(2) to the extent necessary, develop powered-lift specific procedures for airports, heliports, and vertiports;

(3) evaluate the human factors impacts on controllers associated with managing powered-lift aircraft operations, consider the impact of additional operations on air traffic controller staffing, and make necessary changes to staffing, procedures, regulations, and orders; and

(4) consider the use of third-party service providers to manage increased operations in controlled airspace to support and supplement the work of air traffic controllers.

SEC. 654. SENSE OF CONGRESS ON PREPARATION FOR ENTRY INTO SERVICE OF POWERED-LIFT AIRCRAFT.

It is the sense of Congress that the Administrator of the Federal Aviation Administration should work with manufacturers, prospective operators of powered-lift aircraft, and other stakeholders, to enable the safe entry of such aircraft into commercial service following the publication of the final special Federal Aviation Administration rulemaking titled ''Integration of Powered-Lift: Pilot Certification and Operations; Miscellaneous Amendments Related to Rotorcraft and Airplanes'', including by reviewing and providing feedback to such manufacturers and operators on draft pilot training, operations, and maintenance manuals after the publication of the draft special Federal Aviation Administration rulemaking and prior to the publication of a final rule, as appropriate.

SEC. 655. INFRASTRUCTURE SUPPORTING VERTICAL FLIGHT.

(a) UPDATES TO REGULATIONS FOR CONSISTENCY.—The Administrator of the Federal Aviation Administration shall update part 1 and part 157 of title 14, Code of Federal Regulations, and other regulations as necessary to implement the amendments made by section 401.

(b) UPDATE TO HELIPORT DESIGN STANDARDS.—The Administrator shall update the version of Advisory Circular 150/5390–2, titled ''Heliport Design'' in effect on the date of enactment of this Act, to—

(1) increase the inclusion of performance-based guidance, including around aircraft fuel type and propulsion method;

(2) update guidance to consider risk mitigations and hazards associated with different aircraft fuel types and propulsion methods;

(3) affirm the general permissibility of any vertical takeoff and landing capable aircraft to use heliports that can safely accommodate the physical and operating characteristics of such aircraft; and

(4) include vertiport as a subclass of heliport.

(c) ENGINEERING BRIEF ON VERTIPORT DESIGN.—The Administrator may update the version of Engineering Brief 105, titled ''Vertiport Design'' in effect on the date of enactment of this Act, prior to issuing an update to Advisory Circular 150/5390–2, as required under subsection (b).

(d) ENGINEERING BRIEF SUNSET.—The Administrator shall revoke Engineering Brief 105, titled ''Vertiport Design'', on the earlier of—

(1) the date on which Advisory Circular 150/5390–2 is updated under subsection (b); or

(2) 5 years after the date of enactment of this Act.

(e) GUIDANCE, FORMS, AND PLANNING.—The Administrator shall—

(1) ensure airport district offices of the Administration have sufficient guidance and policy direction regarding the Administration's heliport and vertiport design guidance not later than 18 months after the date of enactment of this Act and update such guidance routinely;

(2) determine if updates to Administration Form 7460 and Form 7480 are necessary and take such actions, as appropriate; and

(3) ensure that the methodology and underlying data sources of the Administration's Terminal Area Forecast include commercial operations conducted by aircraft regardless of propulsion type or fuel type.

SEC. 656. CHARTING OF AVIATION INFRASTRUCTURE.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall increase efforts to update and keep current the Airport Master Record of the Administration, including by establishing a streamlined process by which the owners and operators of public and private

aviation facilities with nontemporary, nonintermittent operations are encouraged to keep the information on such facilities current.

(b) BRIEFING.—The Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the plans of the Administrator to update and keep current the Airport Master Record for private and public airports, heliports, and vertiports.

SEC. 657. ADVANCED AIR MOBILITY WORKING GROUP.

Section 2 of the Advanced Air Mobility Coordination and Leadership Act (49 U.S.C. 40101 note) is amended—

(1) in subsection (b) by striking '', particularly passenger-carrying aircraft,'';

(2) in subsection (d)(1) by striking subparagraph (D) and inserting the following:

''(D) operators of airports, heliports, and vertiports, and fixed-base operators;'';

(3) in subsection (e)—

(A) in the matter preceding paragraph (1) by striking ''1 year'' and inserting ''18 months'';

(B) in paragraph (3) by inserting ''or that may impede maturation'' after ''AAM industry'';

(C) in paragraph (7) by striking ''and'' at the end;

(D) in paragraph (8) by striking the period at the end and inserting ''; and''; and

(E) by adding at the end the following:

''(9) processes and programs that can be leveraged to improve the efficiency of Federal reviews required for infrastructure development, including for electrical capacity projects.'';

(4) in subsection (f)(1) by striking ''necessary to support the evolution of early'' and inserting the following: ''that would allow for—

''(A) the timely entry into service of AAM after aircraft and operator certification; and

''(B) the evolution of early'';

(5) in subsection (g)—

(A) in the matter preceding paragraph (1) by striking ''working group'' and inserting ''Secretary of Transportation'';

(B) in paragraph (1) by striking ''and'' at the end;

(C) by redesignating paragraph (2) as paragraph (3); and

(D) by inserting after paragraph (1) the following:

''(2) summarizing any dissenting views and opinions of a participant of the working group described in subsection (c)(3); and'';

(6) in subsection (i)—

(A) in paragraph (1) by striking ''that transports people and property by air between two points in the United States using aircraft with advanced technologies, including electric aircraft or electric vertical take-off and landing aircraft,'' and inserting ''comprised of urban air mobility and regional air mobility using manned or unmanned aircraft'';

(B) by redesignating paragraph (5) as paragraph (7);

(C) by redesignating paragraph (6) as paragraph (9);

(D) by inserting after paragraph (4) the following:

''(5) POWERED-LIFT AIRCRAFT.—The term 'powered-lift aircraft' has the meaning given the term 'powered-lift' in section 1.1 of title 14, Code of Federal Regulations.

''(6) REGIONAL AIR MOBILITY.—The term 'regional air mobility' means the movement of people or property by air between 2 points using an airworthy aircraft that—

''(A) has advanced technologies, such as distributed propulsion, vertical take-off and landing, powered-lift, non-traditional power systems, or autonomous technologies;

''(B) has a maximum takeoff weight of greater than 1,320 pounds; and

''(C) is not urban air mobility.'';

(E) by inserting after paragraph (7), as so redesignated, the following:

''(8) URBAN AIR MOBILITY.—The term 'urban air mobility' means the movement of people or property by air between 2 intracity or intercity points using an airworthy aircraft that—

''(A) advanced technologies, such as distributed propulsion, vertical take-off and landing, powered-lift, nontraditional power systems, or autonomous technologies; and

''(B) a maximum takeoff weight of greater than 1,320 pounds.''; and

(F) by adding at the end the following:

''(10) VERTIPORT.—The term 'vertiport' has the meaning given such term in section 47102 of title 49, United States Code.'';

(7) by redesignating subsection (i) as subsection (j); and

(8) by inserting after subsection (h) the following:

''(i) CONSIDERATIONS FOR TERMINATION OF WORKING GROUP.—In deciding whether to terminate the working group under subsection (h), the Secretary and the Administrator of the Federal Aviation Administration shall consider other interagency coordination activities associated with AAM, or other new or novel users of the national airspace system, that could benefit from continued wider interagency coordination.''.

SEC. 658. ADVANCED AIR MOBILITY INFRASTRUCTURE PILOT PROGRAM EXTENSION.

Section 101 of division Q of the Consolidated Appropriations Act, 2023 (49 U.S.C. 40101 note) is amended—

(1) in subsection (b)—

(A) in paragraph (2)—

(i) in subparagraph (A) by inserting '', as well as the use of existing airport and heliport infrastructure that may require modifications to safely accommodate AAM operations,'' after ''vertiport infrastructure''; and

(ii) in subparagraph (B)—

(I) in clause (iii) by striking ''vertiport'' and inserting ''locations for'';

(II) in clause (iv) by inserting ''and guidance'' after ''any standards'';

(III) in clause (v) by striking ''vertiport infrastructure'' and inserting ''urban air mobility and regional air mobility operations''; and

(IV) in clause (x) by inserting ''or the modification of existing aviation infrastructure'' after ''operation of a vertiport''; and

(B) in paragraph (6)(B)—

(i) in clause (i) by striking ''and'' at the end;

(ii) in clause (ii) by striking the period at the end and inserting ''; and''; and

(iii) by adding at the end the following:

''(iii) a description of—

''(I) initial community engagement efforts and responses from the public on the planning and development efforts of eligible entities related to urban air mobility and regional air mobility operations;

''(II) how eligible entities are planning for and encouraging early adoption of urban air mobility and regional air mobility operations;

''(III) what role each level of government plays in the process; and

''(IV) whether such entities recommend specific regulatory or guidance actions be taken by the Secretary of Transportation or other Federal agencies in order to support such early adoption.'';

(2) in subsection (c)(1)—

(A) by striking ''years 2023 and 2024'' and inserting ''years 2023 through 2026''; and

(B) by inserting before the period ''out of funds made available under section 106(k) of title 49, United States Code'';

(3) in subsection (d) by striking ''2024'' and inserting ''2026'' each place it appears; and

(4) in subsection (e)—

(A) by striking paragraph (1) and inserting the following:

''(1) ADVANCED AIR MOBILITY; AAM; REGIONAL AIR MOBILITY; URBAN AIR MOBILITY; VERTIPORT.—The terms 'advanced air mobility', 'AAM', 'regional air mobility', 'urban air mobility', and 'vertiport' have the meaning given such terms in section 2(j) of the Advanced Air Mobility Coordination and Leadership Act (49 U.S.C. 40101 note).''; and

(B) by striking paragraphs (9) and (10).

Subtitle C—Other Provisions

SEC. 681. REPORT ON NATIONAL SPACEPORTS POLICY.

Section 580(c)(3) of the FAA Reauthorization Act of 2018 (Public Law 115–254) is amended by striking ''2024'' and inserting ''2028''.

SEC. 682. INTERMODAL TRANSPORTATION INFRASTRUCTURE IMPROVEMENT PILOT PROGRAM.

(a) IN GENERAL.—The Secretary may establish a pilot program to issue grants to operators of launch and reentry sites for projects to construct, repair, maintain, or improve transportation infrastructure and facilities at such sites.

(b) PILOT PROGRAM QUALIFICATIONS.—The Secretary may enter into agreements under this section to issue a grant to an operator only if the operator—

(1) has submitted an application to the Secretary in such form, at such time, and containing such information as prescribed by the Secretary;

(2) demonstrates to the Secretary's satisfaction that the project for which the application has been submitted is for an eligible purpose under subsection (c); and

(3) agrees to maintain such records relating to the grant as the Secretary may require and to make such records available to the Secretary or the Comptroller General of the United States upon request.

(c) PERMITTED USE OF PILOT PROGRAM GRANTS.—An operator may use a grant provided under this subsection for a project to construct, repair, maintain, or improve infrastructure and facilities that—

(1) are located at, or adjacent to, a launch or reentry site; and

(2) directly enable or support transportation safety or covered transportation activities.

(d) PILOT PROGRAM GRANTS.—

(1) GRANT FORMULA.—At the beginning of each fiscal year after fiscal year 2024, the Secretary shall issue a grant to an operator that qualifies for the pilot program under subsection (b) an amount equal to the sum of—

(A) $250,000 for each licensed launch or reentry operation conducted from the applicable launch or reentry site or at any adjacent Federal launch range in the previous fiscal year; and

(B) $100,000 for each launch or reentry operation conducted under a permit from the applicable launch or reentry site or at any adjacent Federal launch range in the previous fiscal year.

(2) MAXIMUM GRANT.—Except as provided in subsection (e)(5), a grant issued to an operator under this subsection shall not exceed $2,500,000 for a fiscal year.

(3) ADJACENCY.—

(A) IN GENERAL.—In issuing a grant to an operator under paragraph (1), the Secretary shall determine whether a launch or reentry site is adjacent to a Federal launch range.

(B) LIMITATION.—Only 1 operator may receive an amount under paragraph (1) for each licensed or permitted launch or reentry operation described in such subparagraph.

(C) MULTIPLE LAUNCH OR REENTRY SITES OPERATED BY 1 OPERATOR.—If an operator holds a license to operate more than 1 launch site or more than 1 reentry site that are adjacent to a Federal launch range, the Secretary shall consider such launch or reentry sites as 1 launch or reentry site for purposes of subparagraph (A).

(e) SUPPLEMENTAL GRANTS IN SUPPORT OF STATE, LOCAL, OR PRIVATE MATCHING.—

(1) IN GENERAL.—The Secretary may issue a supplemental grant to an operator, subject to the requirements of this paragraph.

(2) DOLLAR-FOR-DOLLAR MATCHING.—If a qualified entity provides an operator an amount

equal to or greater than the amount of a grant provided in a fiscal year under subsection (d) (for the explicit purpose of matching such grant), the Secretary may issue a supplemental grant to the operator that is equal to 25 percent of such grant in the following fiscal year.

(3) ADDITIONAL NON-FEDERAL MATCHING.—If a qualified entity provides an operator an amount equal to or greater than two times the amount of a grant provided in a fiscal year to the operator under subsection (d) (for the explicit purpose of matching such grant), the Secretary may issue a supplemental grant to the operator that is equal to 50 percent of such grant in the following fiscal year.

(4) SUPPLEMENTAL GRANT LIMITATIONS.—

(A) MATCH TIMING.—The Secretary may issue a supplemental grant under paragraph (2) or (3) only if an amount provided by a qualified entity is provided to the operator in the same fiscal year as the grant issued under subsection (d).

(B) NON-DUPLICATION OF MATCHING GRANTS.—If the Secretary issues a supplemental grant to the operator of a launch site under paragraph (3), the Secretary may not issue a supplemental grant under paragraph (2) to the same operator in the same fiscal year.

(5) NON-APPLICATION OF GRANT CEILING.—The limitation on a grant amount under subsection (d)(2) shall not apply to supplemental grants issued under this subsection.

(f) FUNDING.—

(1) PILOT PROGRAM GRANT FUNDS.—The grants issued under this section shall be issued from funds made available out of amounts available under section 106(k) of title 49, United States Code.

(2) MAXIMUM ANNUAL LIMIT ON PILOT PROGRAM.—

(A) IN GENERAL.—The total amount of all grants issued under this section shall not exceed $20,000,000 in any fiscal year.

(B) GRANT REDUCTION.—In complying with subparagraph (A), the Secretary—

(i) may proportionally reduce the amount of, or decline to issue, a supplemental grant under subsection (e); and

(ii) if the reduction under clause (i) is insufficient, shall proportionally reduce grants issued under subsection (d).

(g) DEFINITIONS.—In this section:

(1) COVERED TRANSPORTATION ACTIVITY.—The term ''covered transportation activity'' means the movement of people or property to, from, or within a launch site and the necessary or incidental activities associated with such movement through the use of—

(A) a vehicle (as defined in section 4 of title 1, United States Code);

(B) a vessel (as defined in section 3 of title 1, United States Code);

(C) a railroad (as defined in section 20102 of title 49, United States Code);

(D) an aircraft (as defined in section 40102 of title 49, United States Code); or

(E) a pipeline facility (as defined in section 60101 of title 49, United States Code).

(2) LAUNCH; LAUNCH SITE; LAUNCH VEHICLE; REENTRY SITE; REENTRY VEHICLE.—The terms ''launch'', ''launch site'', ''launch vehicle'', ''reentry site'', and ''reentry vehicle'' have the meanings given those terms in section 50902 of title 51, United States Code.

(3) OPERATOR.—The term ''operator'' means a person licensed by the Secretary to operate a launch or reentry site.

(4) QUALIFIED ENTITY.—The term ''qualified entity'' means a State, local, territorial, or Tribal government or private sector entity, or any combination thereof.

(h) PILOT PROGRAM SUNSET.—This section shall cease to be effective on October 1, 2028.

SEC. 683. AIRSPACE ACCESS FOR HIGH-SPEED AIRCRAFT.

(a) HIGH-SPEED AIRCRAFT TESTING.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with any other Federal agency the Administrator determines appropriate, shall ensure that there is a process in which manufacturers and operators of high-speed aircraft can engage in flight testing of such high-speed aircraft, which may include the establishment of high speed testing corridors in the national airspace system.

(b) STUDY ON HIGH-SPEED AIRCRAFT OPERATIONS.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall, after consultation with aircraft manufacturers, institutions of higher learning, the Administrator of the National Aeronautics and Space Administration, the Secretary of Defense, and any other agencies the Administrator determines appropriate, conduct a study to assess actions necessary to facilitate the safe operation and integration of high-speed aircraft into the national airspace system.

(2) CONTENTS.—In carrying out the study under paragraph (1), the Administrator shall—

(A) assess various altitudes and operating conditions of high-speed aircraft in Class E airspace above the upper boundary of Class A airspace and the resulting aircraft noise levels at the surface;

(B) include the development of a framework and timeline to establish the appropriate regulatory requirements to conducting high-speed aircraft flights;

(C) identify the data required to develop certification, flight standards, and air traffic requirements for the deployment and integration of high-speed aircraft;

(D) assess cross-agency equities related to high-speed aircraft technologies and flight; and

(E) survey global high-speed aircraft-related regulatory and testing developments or activities.

(3) RECOMMENDATIONS.—As part of the study under paragraph (1), the Administrator shall issue recommendations to update, if feasible, regulations for certification, flight standards and air traffic management.

(c) REPORT.—Not later than 2 years after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study conducted under subsection (a), including the recommendations under subsection (b)(3), to facilitate the safe operation and integration of high-speed aircraft in the national airspace system.

(d) STUDY AND RULEMAKING ON HIGH ALTITUDE CLASS E AIRSPACE FLIGHT OPERATIONS.—

(1) CONSULTATION.—Not later than 12 months after the date of enactment of this Act, the Administrator, in consultation with the Administrator of the National Aeronautics and Space Administration and relevant stakeholders, including industry and academia, shall identify the minimum altitude above the upper boundary of Class A airspace at or above which flights operating with speeds above Mach 1 generate sonic booms that are inaudible at the surface under prevailing atmospheric conditions.

(2) RULEMAKING.—Not later than 2 years after the date on which the Administrator identifies the minimum altitude described in paragraph (1), the Administrator shall publish in the Federal Register a notice of proposed rulemaking to amend sections 91.817 and 91.818 of title 14, Code of Federal Regulations, and such other regulations as appropriate, to permit flight operations with speeds above Mach 1 at or above the minimum altitude identified under paragraph (1) without specific authorizations, provided that such flight operations—

(A) show compliance with airworthiness requirements;

(B) do not cause a measurable sonic boom over pressure to reach the surface; and

(C) have ordinary instrument flight rules clearances necessary to operate in controlled airspace.

(e) DEFINITION.—In this section, the term ''high-speed aircraft'' means an aircraft operating at speeds in excess of Mach 1, which shall include supersonic and hypersonic aircraft.

SEC. 684. ICAO ACTIVITIES ON NEW TECHNOLOGIES.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall prioritize engagement with the International Civil Aviation Organization and contribute to or lead the development of international standards and recommended practices to improve aviation safety and support the entry-into-service of new forms of aviation.

(b) PARTICULAR ACTIVITIES.—In carrying out subsection (a), the Administrator shall contribute to or lead International Civil Aviation Organization efforts with respect to the development of landing and take-off noise standards for supersonic aircraft.

SEC. 685. AIP ELIGIBILITY FOR CERTAIN SPACEPORT INFRASTRUCTURE.

(a) IN GENERAL.—Notwithstanding any other provision of law, the Secretary of Transportation may make a grant under subchapter I of chapter 471 of title 49, United States Code, to an airport sponsor to reconstruct, repave, or rehabilitate the full length and width of a runway existing on the date of enactment of this Act if—

(1) the runway is at an airport that is also a launch site or reentry site operated by a person certified under section 50905 of title 51, United States Code;

(2) the runway is greater than 12,000 feet long and not less than 200 feet wide; and

(3) the airport sponsor certifies to the Secretary that the full length and width of the runway is required to support activities at the launch site.

(b) SUNSET.—This section shall cease to be effective on September 30, 2028.

SEC. 686. COMMERCIAL SPACE LAUNCH AND REENTRY STATISTICS.

Section 329(b) of title 49, United States Code, is amended—

(1) in paragraph (2) by striking ''aeronautical'' and inserting ''aerospace'';

(2) in paragraph (3) by striking ''civil aeronautics'' and inserting ''civil aerospace'';

(3) by redesignating paragraphs (2) and (3) as paragraphs (3) and (4), respectively; and

(4) by inserting after paragraph (1) the following:

''(2) collect and disseminate information on commercial space launch and reentry operations (other than that collected and disseminated by the National Transportation Safety Board under chapter 11) including, at a minimum, information on the number of launches or reentries licensed by the Secretary, the number of space flight participants, the number of payloads, and the mass of payloads, organized by class of orbit;''.

SEC. 687. REPORT ON CERTAIN INFRASTRUCTURE NEEDS.

Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall submit to the Committee on Transportation and Infrastructure and the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the infrastructure needs at Federal Aviation Administration-licensed horizontal and vertical launch sites located in rural communities.

SEC. 688. AIRSPACE INTEGRATION FOR SPACE LAUNCH AND REENTRY.

(a) SENSE OF CONGRESS.—It is the Sense of Congress that—

(1) a safe and efficient national airspace system that successfully supports existing users and integrates new entrants is of the utmost importance;

(2) both commercial aviation and space launch and reentry operations are vital to United States global leadership, national security, and economic opportunity;

(3) aircraft hazard areas are necessary during space launch and reentry operations to ensure public safety; and

(4) the Administrator of Federal Aviation Administration should prioritize the development and deployment of technologies to improve visibility of space launch and reentry operations within Administration computer systems and minimize operational workload to air traffic controllers associated with routing traffic during spaceflight launch and reentry operations.

(b) SPACE LAUNCH AND REENTRY AIRSPACE INTEGRATION TECHNOLOGY.—There is authorized to be appropriated $10,000,000 for each of the fiscal years 2024 through 2028, or until such time as the Administrator determines that the project has reached an operational status, for the Administrator to expedite the development, acquisition, and deployment of technologies or capabilities to aid in space launch and reentry integration, which may include technologies recommended by the Airspace Access Priorities Aviation Rulemaking Committee in 2019, systems to enable the integration of launch and reentry data directly onto air traffic controller displays, and automated systems to enable near real-time planning and dynamic rerouting of commercial aircraft during and following commercial space launch and reentry operations, with the objective of operational readiness not later than December 31, 2026.

TITLE VII—PASSENGER EXPERIENCE IMPROVEMENTS

Subtitle A—General Provisions

SEC. 701. ADVERTISEMENTS AND SOLICITATIONS FOR PASSENGER AIR TRANSPORTATION.

(a) FULL FARE ADVERTISING.—Section 41712 of title 49, United States Code, is further amended by adding at the end the following:

''(e) FULL FARE ADVERTISING.—

''(1) IN GENERAL.—It shall not be an unfair or deceptive practice under subsection (a) for a covered entity to state in an advertisement or solicitation for passenger air transportation the base airfare for such air transportation if the covered entity clearly and separately discloses—

''(A) the government-imposed taxes and fees associated with the air transportation; and

''(B) the total cost of the air transportation.

''(2) FORM OF DISCLOSURE.—

''(A) IN GENERAL.—For purposes of paragraph (1), the information described in paragraphs (1)(A) and (1)(B) shall be disclosed in the advertisement or solicitation in a manner that clearly presents the information to the consumer.

''(B) INTERNET ADVERTISEMENTS AND SOLICITATIONS.—For purposes of paragraph (1), with respect to an advertisement or solicitation for passenger air transportation that appears on a website, the information described in paragraphs (1)(A) and (1)(B) may be disclosed through a link or pop-up, as such terms may be defined by the Secretary, in a manner that is easily accessible and viewable by the consumer.

''(3) DEFINITIONS.—In this subsection:

''(A) BASE AIRFARE.—The term 'base airfare' means the cost of passenger air transportation, excluding government-imposed taxes and fees.

''(B) COVERED ENTITY.—The term 'covered entity' means an air carrier, including an indirect air carrier, foreign carrier, ticket agent, or other person offering to sell tickets for passenger air transportation or a tour, or tour component, that must be purchased with air transportation.''.

(b) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in the amendment made by subsection (b) may be construed to affect any obligation of a person that sells passenger air transportation to disclose the total cost of such air transportation, including government-imposed taxes and fees, prior to purchase of such air transportation.

(c) REGULATIONS.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue final regulations to carry out the amendment made by subsection (a).

(d) STATUTORY CONSTRUCTION.—Nothing in this section may be construed to limit or otherwise affect the authority of the Secretary to regulate the disclosure of air carrier-imposed fees, or alter the requirements under part 399 of title 14, Code of Federal Regulations, as such part relates to air carrier-imposed fees.

(e) EFFECTIVE DATE.—This section, and the amendment made by this section, shall take effect on the date that is 180 days after the date of enactment of this Act.

SEC. 702. MODERNIZATION OF CONSUMER COMPLAINT SUBMISSIONS.

Section 42302 of title 49, United States Code, is amended to read as follows:

''§ 42302. Consumer complaints

''(a) IN GENERAL.—The Secretary of Transportation shall—

''(1) maintain an accessible website through the Office of Aviation Consumer Protection to accept the submission of complaints from airline passengers regarding air travel service problems; and

''(2) take appropriate actions to notify the public of such accessible website.

''(b) NOTICE TO PASSENGERS ON THE INTERNET.—An air carrier or foreign air carrier providing scheduled air transportation using any aircraft that as originally designed has a passenger capacity of 30 or more passenger seats shall include on the accessible website of the carrier—

''(1) the accessible website, e-mail address, or telephone number of the air carrier for the submission of complaints by passengers about air travel service problems; and

''(2) the accessible website maintained pursuant to subsection (a).

''(c) USE OF ADDITIONAL OR ALTERNATIVE TECHNOLOGIES.—The Secretary shall periodically evaluate the benefits of using mobile phone applications or other widely used technologies to—

''(1) provide additional or alternative means for air passengers to submit complaints; and

''(2) provide such additional or alternative means as the Secretary determines appropriate.

''(d) AIR AMBULANCE PROVIDERS.—Each air ambulance provider shall include the accessible website, or a link to such accessible website, maintained pursuant to subsection (a) and the contact information for the Aviation Consumer Advocate established by section 424 of the FAA Reauthorization Act of 2018 (49 U.S.C. 42302 note) on—

''(1) any invoice, bill, or other communication provided to a passenger or customer of such provider; and

''(2) the accessible website and any related mobile device application of such provider.''.

SEC. 703. CODIFICATION OF CONSUMER PROTECTION PROVISIONS.

(a) PASSENGER RIGHTS.—Subchapter I of chapter 417 of title 49, United States Code, is amended by adding at the end the following:

''§ 41727. Passenger rights

''(a) GUIDELINES.—The Secretary of Transportation shall require each air carrier and foreign air carrier to submit a summarized 1-page document that describes the rights of passengers in air transportation, including guidelines for the following:

''(1) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight delays of various lengths.

''(2) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight diversions.

''(3) Compensation (regarding rebooking options, refunds, meals, and lodging) for flight cancellations.

''(4) Compensation for mishandled baggage, wheelchairs, mobility aids and other assistive devices, including delayed, damaged, pilfered, or lost baggage, wheelchairs, mobility aids and other assistive devices.

''(5) Voluntary relinquishment of a ticketed seat due to overbooking or priority of other passengers.

''(6) Involuntary denial of boarding and forced removal for whatever reason, including for safety and security reasons.

''(b) FILING OF SUMMARIZED GUIDELINES.—Not later than 90 days after each air carrier and foreign air carrier submits the 1-page document to the Secretary under subsection (a), each such air carrier and foreign air carrier shall make available such 1-page document in a prominent location on its website.''.

(b) AIRLINE PASSENGERS WITH DISABILITIES BILL OF RIGHTS.—Subchapter I of chapter 417 of title 49, United States Code, is further amended by adding at the end the following:

''§ 41728. Airline passengers with disabilities bill of rights

''(a) AIRLINE PASSENGERS WITH DISABILITIES BILL OF RIGHTS.—The Secretary of Transportation shall develop a document, to be known as the 'Airline Passengers with Disabilities Bill of Rights', using plain language to describe the basic protections and responsibilities of air carriers and foreign air carriers, their employees and contractors, and people with disabilities under section 41705.

''(b) CONTENT.—In developing the Airline Passengers with Disabilities Bill of Rights under subsection (a), the Secretary shall include, at a minimum, plain language descriptions of protections and responsibilities provided in law related to the following:

''(1) The right of passengers with disabilities to be treated with dignity and respect.

''(2) The right of passengers with disabilities to receive timely assistance, if requested, from properly trained air carrier, foreign air carrier, and contractor personnel.

''(3) The right of passengers with disabilities to travel with wheelchairs, mobility aids, and other assistive devices, including necessary medications and medical supplies, including stowage of such wheelchairs, aids, and devices.

''(4) The right of passengers with disabilities to receive seating accommodations, if requested, to accommodate a disability

''(5) The right of passengers with disabilities to receive announcements in an accessible format.

''(6) The right of passengers with disabilities to speak with a complaint resolution officer or to file a complaint with an air carrier, a foreign air carrier, or the Department of Transportation.

''(c) RULE OF CONSTRUCTION.—The development of the Airline Passengers with Disabilities Bill of Rights under subsections (a) and (b) shall not be construed as expanding or restricting the rights available to passengers with disabilities on the day before the date of the enactment of the FAA Reauthorization Act of 2018 (Public Law 115–254) pursuant to any statute or regulation.

''(d) CONSULTATIONS.—In developing the Airline Passengers with Disabilities Bill of Rights under subsection (a), the Secretary shall consult with stakeholders, including disability organizations and air carriers, foreign air carriers, and their contractors.

''(e) DISPLAY.—Each air carrier and foreign air carrier shall include the Airline Passengers with Disabilities Bill of Rights—

''(1) on a publicly available internet website of the carrier; and

''(2) in any pre-flight notifications or communications provided to passengers who alert the carrier in advance of the need for accommodations relating to a disability.

''(f) TRAINING.—

''(1) IN GENERAL.—Air carriers, foreign air carriers, and contractors of such carriers shall submit to the Secretary plans that ensure that employees of such carriers and their contractors

receive training on the protections and responsibilities described in the Airline Passengers with Disabilities Bill of Rights.

''(2) REVIEW.—The Secretary shall review such plans to ensure the plans address the matters described in subsection (b).''.

(c) CONFORMING AMENDMENTS.—The analysis for chapter 417 of title 49, United States Code, is amended by inserting after the item relating to section 41726 the following:

''41727. Passenger rights.
''41728. Airline passengers with disabilities bill of rights.''.

(d) CONFORMING REPEALS.—Sections 429 and 434 of the FAA Reauthorization Act of 2018 (49 U.S.C. 42301 note; 41705 note) and the item relating to such sections in the table of contents in section 1(b) of such Act are repealed.

SEC. 704. EXTENSION OF AVIATION CONSUMER PROTECTION ADVISORY COMMITTEE.

Section 411 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 42301 note) is amended—

(1) in subsection (b)—

(A) by redesignating paragraphs (3) and (4) as paragraphs (4) and (5), respectively; and

(B) by inserting after paragraph (2) the following:

''(3) ticket agents and travel management companies;''; and

(2) in subsection (h) by striking ''2023'' and inserting ''2028''; and

SEC. 705. REMOVAL OF OUTDATED REFERENCES TO PASSENGERS WITH DISABILITIES.

(a) SOVEREIGNTY AND USE OF AIRSPACE.—Section 40103(a)(2) of title 49, United States Code, is amended by striking ''handicapped individuals'' and inserting ''individuals with disabilities''.

(b) SPECIAL PRICES FOR FOREIGN AIR TRANSPORTATION.—Section 41511(b)(4) of title 49, United States Code, is amended by striking ''handicap'' and inserting ''disability''.

(c) DISCRIMINATION AGAINST INDIVIDUALS WITH DISABILITIES.—Section 41705 of title 49, United States Code, is amended in the heading by striking ''***handicapped individuals***'' and inserting ''***individuals with disabilities***''.

(d) CLERICAL AMENDMENT.—The analysis for chapter 417 of title 49, United States Code, is amended by striking the item relating to section 41705 and inserting the following:

''41705. Discrimination against individuals with disabilities.''.

SEC. 706. EXTENSION OF AVIATION CONSUMER ADVOCATE REPORTING REQUIREMENT.

Section 424(e) of the FAA Reauthorization Act of 2018 (49 U.S.C. 42302 note) is amended by striking ''2023'' and inserting ''2028''.

SEC. 707. AIR CARRIER ACCESS ACT ADVISORY COMMITTEE.

(a) IN GENERAL.—Section 439 of the FAA Reauthorization Act of 2018 (49 U.S.C. 41705 note) is amended—

(1) in the section heading by striking ''**ADVISORY COMMITTEE ON THE AIR TRAVEL NEEDS OF PASSENGERS WITH DISABILITIES**'' and inserting ''**AIR CARRIER ACCESS ACT ADVISORY COMMITTEE**'';

(2) in subsection (c)(1) by striking subparagraph (G) and inserting the following:

''(G) Manufacturers of wheelchairs, including powered wheelchairs, and other mobility aids.''; and

(3) in subsection (g) by striking ''2023'' and inserting ''2028''.

(b) CONFORMING AMENDMENT.—Section 1(b) of the FAA Reauthorization Act of 2018 (Public Law 115–254) is amended by striking the item relating to section 439 and inserting the following:

''Sec. 439. Air Carrier Access Act advisory committee.''.

SEC. 708. PASSENGER EXPERIENCE ADVISORY COMMITTEE.

(a) IN GENERAL.—The Secretary of Transportation shall establish an advisory committee to advise the Secretary and the Administrator of the Federal Aviation Administration in carrying out activities relating to the improvement of the passenger experience in air transportation customer service.

(b) MEMBERSHIP.—The Secretary shall appoint the members of the advisory committee, which shall be comprised of at least 1 representative of each of—

(1) mainline air carriers;

(2) air carriers with a low-cost or ultra-low-cost business model;

(3) regional air carriers;

(4) large hub airport sponsors and operators;

(5) medium hub airport sponsors and operators;

(6) small hub airport sponsors and operators;

(7) nonhub airport sponsors and operators;

(8) ticket agents;

(9) representatives of intermodal transportation companies that operate at airports;

(10) airport concessionaires;

(11) nonprofit public interest groups with expertise in consumer protection matters;

(12) senior managers of the Administration's Air Traffic Organization;

(13) aircraft manufacturers;

(14) entities representing individuals with disabilities;

(15) certified labor organizations representing aviation workers, including—

(A) Federal Aviation Administration employees;

(B) airline pilots working for air carriers operating under part 121 of title 14, Code of Federal Regulations;

(C) flight attendants working for air carriers operating under part 121 of title 14, Code of Federal Regulations; and

(D) other customer facing airline and airport workers;

(16) other organizations or industry segments as determined by the Secretary; and

(17) other Federal agencies that directly interface with passengers at airports.

(c) VACANCIES.—A vacancy in the advisory committee under this section shall be filled in a manner consistent with subsection (b).

(d) TRAVEL EXPENSES.—Members of the advisory committee under this section shall serve without pay but shall receive travel expenses, including per diem in lieu of subsistence, in accordance with subchapter I of chapter 57 of title 5, United States Code.

(e) CHAIR.—The Secretary shall designate an individual among the individuals appointed under subsection (b) to serve as Chair of the advisory committee.

(f) DUTIES.—The duties of the advisory committee shall include—

(1) evaluating ways to improve the comprehensive passenger experience, including—

(A) transportation between airport terminals and facilities;

(B) baggage handling;

(C) wayfinding;

(D) the security screening process; and

(E) the communication of flight delays and cancellations;

(2) evaluating ways to improve efficiency in the national airspace system affecting passengers;

(3) evaluating ways to improve the cooperation and coordination between the Department of Transportation and other Federal agencies that directly interface with aviation passengers at airports;

(4) responding to other taskings determined by the Secretary; and

(5) providing recommendations to the Secretary and the Administrator, if determined necessary during the evaluations considered in paragraphs (1) through (4).

(g) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act, and every 2 years thereafter, the Secretary shall submit to Congress a report containing—

(1) consensus recommendations made by the advisory committee since such date of enactment or the previous report, as appropriate; and

(2) an explanation of how the Secretary has implemented such recommendations and, for such recommendations not implemented, the Secretary's reason for not implementing such recommendation.

(h) DEFINITION.—The definitions in section 40102 of title 49, United States Code, shall apply to this section.

(i) SUNSET.—This section shall cease to be effective on October 1, 2028.

(j) TERMINATION OF DOT ACCESS ADVISORY COMMITTEE.—The ACCESS Advisory Committee of the Department of Transportation shall terminate on the date of enactment of this Act.

SEC. 709. STREAMLINING OF OFFLINE TICKET DISCLOSURES.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall take such action as may be necessary to update the process by which an air carrier or ticket agent is required to fulfill disclosure obligations in ticketing transactions for air transportation not completed through a website.

(b) REQUIREMENTS.—The process updated under subsection (a) shall—

(1) include means of referral to the applicable air carrier website with respect to disclosures related to air carrier optional fees and policies;

(2) include a means of referral to the website of the Department of Transportation with respect to any other required disclosures to air transportation passengers;

(3) make no changes to air carrier or ticket agent obligations with respect to—

(A) section 41712(c) of title 49, United States Code; or

(B) subsections (a) and (b) of section 399.84 of title 14, Code of Federal Regulations (or any successor regulations); and

(4) require disclosures referred to in paragraphs (1) and (2) to be made in the manner existing prior to the date of enactment of this Act upon passenger request.

(c) AIR CARRIER DEFINED.—In this section, the term ''air carrier'' has the meaning given such term in section 40102(a) of title 49, United States Code.

SEC. 710. TICKET AGENT REFUND OBLIGATIONS.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall issue a final rule to revise section 399.80 of title 14, Code of Federal Regulations, to clarify the refund obligations of ticket agents.

(b) CONDITIONS.—In issuing the final rule under subsection (a), the Secretary shall clarify that a ticket agent shall provide a refund only when such ticket agent possesses, or has access to, the funds of a passenger.

(c) DEFINITIONS.—In this section, the term ''ticket agent'' has the meaning given such term in section 40102(a) of title 49, United States Code.

SEC. 711. UPDATING PASSENGER INFORMATION REQUIREMENT REGULATIONS.

(a) ARAC TASKING.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall task the Aviation Rulemaking Advisory Committee with—

(1) reviewing passenger information requirement regulations under section 121.317 of title 14, Code of Federal Regulation, and such other related regulations as the Administrator determines appropriate; and

(2) making recommendations to update and improve such regulations.

(b) FINAL REGULATION.—Not later than 6 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a final regulation revising section 121.317 of title 14, Code of Federal Regulations, and such other related regulations as the Administrator determines appropriate, to—

(1) update such section and regulations to incorporate exemptions commonly issued by the Administrator;

(2) reflect civil penalty inflation adjustments; and

(3) incorporate such updates and improvements recommended by the Aviation Rulemaking Advisory Committee that the Administrator determines appropriate.

SEC. 712. MOBILITY AIDS ON BOARD IMPROVE LIVES AND EMPOWER ALL.

(a) PUBLICATION OF CARGO HOLD DIMENSIONS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Secretary of Transportation shall require air carriers to publish on a prominent and easily accessible place on the public website of the air carrier, information describing the relevant dimensions and other characteristics of the cargo holds of all aircraft types operated by the air carrier, including the dimensions of the cargo hold entry, that would limit the size, weight, and allowable type of cargo available.

(2) PROPRIETARY INFORMATION.—The Secretary shall allow an air carrier to protect the confidentiality of any trade secret or proprietary information submitted in accordance with paragraph (1), as appropriate.

(b) REFUND REQUIRED FOR INDIVIDUAL TRAVELING WITH WHEELCHAIR.—In the case of a qualified individual with a disability traveling with a wheelchair who has purchased a ticket for a flight from an air carrier, but who cannot travel on the aircraft for such flight because the wheelchair of such qualified individual cannot be physically accommodated in the cargo hold of the aircraft, the Secretary shall require such air carrier to offer a refund to such qualified individual of any previously paid fares, fees, and taxes applicable to such flight.

(c) EVALUATION OF DATA REGARDING DAMAGED WHEELCHAIRS.—Not later than 12 months after the date of enactment of this Act, and annually thereafter, the Secretary shall—

(1) evaluate data regarding the type and frequency of incidents of the mishandling of wheelchairs on aircraft and delineate such data by—

(A) types of wheelchairs involved in such incidents; and

(B) the ways in which wheelchairs are mishandled, including the type of damage to wheelchairs (such as broken drive wheels or casters, bent or broken frames, damage to electrical connectors or wires, control input devices, joysticks, upholstery or other components, loss, or delay of return);

(2) determine whether there are trends with respect to the data evaluated under paragraph (1); and

(3) make available on the public website of the Department of Transportation, in an accessible manner, a report containing the results of the evaluation of data and determination made under paragraphs (1) and (2) and a description of how the Secretary plans to address such results.

(d) FEASIBILITY OF IN-CABIN WHEELCHAIR RESTRAINT SYSTEMS.—

(1) ROADMAP.—Not later than 1 year after the date of enactment of this Act, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a publicly available strategic roadmap that describes how the Department of Transportation and the United States Access Board, respectively, shall, in accordance with the recommendations from the National Academies of Science, Engineering, and Mathematics Transportation Research Board Special Report 341—

(A) establish a program of research, in collaboration with the Rehabilitation Engineering and Assistive Technology Society of North America, the assistive technology industry, air carriers, original equipment manufacturers, national disability and disabled veterans organizations, and any other relevant stakeholders, to test and evaluate an appropriate selection of WC19-compliant wheelchairs and accessories in accordance with applicable Federal Aviation Administration crashworthiness and safety performance criteria, including the issues and considerations set forth in such Special Report 341; and

(B) sponsor studies that assess issues and considerations, including those set forth in such Special Report 341, such as—

(i) the likely demand for air travel by individuals who are nonambulatory if such individuals could remain seated in their personal wheelchairs in flight; and

(ii) the feasibility of implementing seating arrangements that would accommodate passengers in wheelchairs in the main cabin in flight.

(2) STUDY.—If determined to be technically feasible by the Secretary, not later than 2 years after making such determination, the Secretary shall commence a study to assess the economic and financial feasibility of air carriers and foreign air carriers implementing seating arrangements that accommodate passengers with wheelchairs (including power wheelchairs, manual wheelchairs, and scooters) in the main cabin during flight. Such study shall include an assessment of—

(A) the cost of such seating arrangements, equipment, and installation;

(B) the demand for such seating arrangements;

(C) the impact of such seating arrangements on passenger seating and safety on aircraft;

(D) the impact of such seating arrangements on the cost of operations and airfare; and

(E) any other information determined appropriate by the Secretary.

(3) REPORT.—Not later than 1 year after the date on which the study under paragraph (2) is completed, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a publicly available report describing the results of the study conducted under paragraph (2), together with any recommendations the Secretary determines appropriate.

(e) DEFINITIONS.—In this section:

(1) AIR CARRIER.—The term ''air carrier'' has the meaning given such term in section 40102 of title 49, United States Code.

(2) DISABILITY; QUALIFIED INDIVIDUAL WITH A DISABILITY.—The terms ''disability'' and ''qualified individual with a disability'' have the meanings given such terms in section 382.3 of title 14, Code of Federal Regulations (as in effect on date of enactment of this Act).

(3) WHEELCHAIR.—The term ''wheelchair'' has the meaning given such term in section 37.3 of title 49, Code of Federal Regulations (as in effect on date of enactment of this Act), including power wheelchairs, manual wheelchairs, and scooters.

SEC. 713. PRIORITIZING ACCOUNTABILITY AND ACCESSIBILITY FOR AVIATION CONSUMERS.

(a) ANNUAL REPORT.—Not later than 1 year after the date of enactment of this Act, and annually thereafter, the Secretary of Transportation shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on disability-related aviation consumer complaints filed with the Department of Transportation, and shall make each annual report publicly available.

(b) SCOPE OF REPORT.—In each report required under subsection (a), the Secretary shall include, at minimum, a description of the following:

(1) The number of disability-related aviation consumer complaints filed with the Department of Transportation during the calendar year preceding the year in which such report is submitted.

(2) The nature of such complaints, such as reported issues with—

(A) an air carrier;

(B) mishandling of passengers with a disability, including mishandling of a wheelchair, mobility aid, or other accessibility equipment of a passenger by an air carrier;

(C) the condition or availability of accessibility equipment or materials operated by an air carrier;

(D) the accessibility of in-flight services, including accessing and utilizing onboard lavatories, for passengers with a disability;

(E) difficulties experienced by passengers with a disability in communicating with an air carrier employee;

(F) difficulties experienced by passengers with a disability in being moved, handled, or otherwise assisted;

(G) an air carrier changing the flight itinerary of a passenger with a disability without the consent of such passenger;

(H) difficulties experienced by passengers with a disability traveling with a service animal; and

(I) any other issues the Secretary of Transportation determines appropriate.

(3) The review process for such complaints.

(4) The average amount of days before the Department initiated a formal review of such complaints.

(5) The average amount of days until such complaints were resolved by the Department.

(6) The number of such complaints that resulted in dismissal, a civil monetary penalty, or other injunctive relief.

(7) Of the complaints that were found to violate section 41705 of title 49, United States Code—

(A) the number of such complaints for which a formal enforcement order was issued; and

(B) the number of such complaints for which a formal enforcement order was not issued.

(8) The number of disability-related aviation consumer complaints filed with the Department of Transportation involving airport staff or other matters under the jurisdiction of the Federal Aviation Administration that were referred to the Federal Aviation Administration.

(9) The number of disability-related aviation consumer complaints filed with the Department of Transportation involving Transportation Security Administration staff that were referred to the Transportation Security Administration or the Department of Homeland Security.

(c) REPORT TO CONGRESS.—The Secretary shall submit annually to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the report required under subsection (a).

(d) DEFINITIONS.—In this section:

(1) IN GENERAL.—Except as otherwise provided, the terms used in this section have the meanings given such terms in section 40102 of title 49, United States Code, or section 382.3 of title 14, Code of Federal Regulations, as applicable.

(2) AIR CARRIER.—The term ''air carrier'' means an air carrier conducting passenger operations under part 121 of title 14, Code of Federal Regulations.

(3) PASSENGER WITH A DISABILITY.—The term ''passenger with a disability'' has the meaning given the term ''qualified individual with a disability'' in section 382.3 of title 14, Code of Federal Regulations.

SEC. 714. AIRCRAFT ACCESSIBILITY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall initiate a program to study and evaluate improvements to transport category aircraft accessibility, including—

(1) determining whether and, if so, how personal wheelchairs, including manual and powered wheelchairs, can be safely secured in the passenger seating areas of an aircraft certificated under part 25 of title 14, Code of Federal Regulations;

(2) considering the safe evacuation processes for such aircraft, including individuals who use manual and powered wheelchairs; and

(3) determining how various types or aircraft described in paragraph (1) can safely and efficiently be retrofit for accessible lavatories.

(b) REPORT AND RECOMMENDATIONS.—Not later than 2 years after the date of enactment of this Act, the Secretary shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of the study and evaluation described in subsection (a) and recommendations to address the findings of such study and evaluation.

SEC. 715. ACCESSIBILITY OF WEBSITES, SOFTWARE APPLICATIONS, AND KIOSKS FOR INDIVIDUALS WITH DISABILITIES.

Not later than 2 years after the date of enactment of this Act, the Secretary of Transportation shall, in direct consultation with the United States Architectural and Transportation Barriers Compliance Board, prescribe regulations setting forth minimum standards to ensure that individuals with disabilities are able to access kiosks, software applications, and websites in a manner that is equally as effective as individuals without disabilities, with a substantially equivalent ease of use. Such standards shall be consistent with the standards set forth in the Web Content Accessibility Guidelines 2.1 Level AA of the Web Accessibility Initiative of the World Wide Web Consortium or any subsequent version.

SEC. 716. REVIEW OF METHODS TO REPORT FLIGHT DELAY AND CANCELLATION STATISTICS.

(a) IN GENERAL.—No later than 1 year after the date of enactment of this Act, the Secretary of Transportation, in consultation with the Administrator of the Federal Aviation Administration, shall conduct a review of the means of reporting flight delay and cancellation statistics to the Secretary and the accuracy of such data.

(b) COORDINATION REQUIREMENT.—In conducting the review required in paragraph (1), the Secretary shall coordinate and collaborate with air carriers (as such term is defined in section 40102 of title 49, United States Code) to assist in conducting the review and providing recommendations on improving the means of reporting flight delay and cancellation statistics to the Secretary and the accuracy of such data.

SEC. 717. REIMBURSEMENT FOR INCURRED COSTS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall direct all air carriers providing scheduled passenger interstate or intrastate air transportation to establish policies regarding reimbursement for lodging, transportation between such lodging and the airport, and meal costs incurred due to a flight cancellation or significant delay directly attributable to the air carrier.

(b) DEFINITION OF SIGNIFICANTLY DELAYED.—In this section, the term ''significantly delayed'' means, with respect to air transportation, the departure or arrival at the originally ticketed destination associated with such transportation has changed—

(1) in the case of air transportation within the United States, by 3 or more hours; or

(2) in the case of air transportation to or from a location outside the United States, by 6 or more hours.

SEC. 718. AIRLINE OPERATIONAL RESILIENCY PLANS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall require a covered carrier to develop and regularly update an operational resiliency strategy to prevent or limit the impact of future flight disruptions on passengers.

(b) OPERATIONAL RESILIENCY STRATEGY.—In each operational resiliency strategy developed under subsection (a), a covered carrier shall include a description of—

(1) the potential impact of severe weather and other reasonably anticipated disruptive events on the operations of the carrier and how the carrier seeks to prevent or limit the impact of such events on passengers;

(2) the potential impact of severe weather events and other reasonably anticipated disruptive events on—

(A) staffing models and the preparedness of the current workforce of the carrier to address such conditions; and

(B) the current information and technology systems of the carrier, including crew scheduling systems, and the preparedness of such systems to continue operations after such an event or disruption;

(3) the preparedness of the carrier to maintain operations and limit or prevent the impact of other potential disruptive events identified by the carrier;

(4) the extent to which the carrier addresses known cybersecurity risks to prevent potential flight disruptions; and

(5) any other issues the Secretary determines appropriate to protect consumers and maintain the operational stability of the airline industry.

(c) PROPRIETARY INFORMATION.—The Secretary shall develop a method to protect the confidentiality of any trade secret or proprietary information submitted in an operational resiliency strategy under subsection (b).

(d) EVALUATION.—

(1) AUDIT.—Not later than 3 years after the date of enactment of this Act, the Comptroller General of the United States shall initiate an audit to evaluate the effectiveness of the operational resiliency strategies developed under this section by covered air carriers.

(2) REPORT.—Not later than 1 year after completion of the audit conducted under paragraph (1), the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of the audit.

(e) COVERED CARRIER.—In this section, the term ''covered carrier'' has the meaning given such term in section 259.3 of title 14, Code of Federal Regulations (or successor regulations).

SEC. 719. FAMILY SEATING.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall issue a notice of proposed rulemaking to establish a policy directing air carriers that assign seats, or allow individuals to select seats in advance of the date of departure of a flight, to sit each young child adjacent to an accompanying adult, to the greatest extent practicable, if adjacent seat assignments are available at any time after the ticket is issued for each young child and before the first passenger boards the flight.

(b) PROHIBITION ON FEES.—The notice of proposed rulemaking described in subsection (a) shall include a provision that prohibits an air carrier from charging a fee, or imposing an additional cost beyond the ticket price of the additional seat, to seat each young child adjacent to an accompanying adult within the same class of service.

(c) RULE OF CONSTRUCTION.—Notwithstanding the requirement in subsection (a), nothing in this section may be construed to allow the Secretary to impose a change in the overall seating or boarding policy of an air carrier that has an open or flexible seating policy in place that generally allows adjacent family seating as described under this section.

(d) YOUNG CHILD.—In this section, the term ''young child'' means an individual who has not attained 14 years of age.

SEC. 720. SEAT DIMENSIONS.

Not later than 60 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall—

(1) initiate a rulemaking activity based on the regulation described in section 577 of the FAA Reauthorization Act of 2018 (49 U.S.C. 42301 note); and

(2) if the Administrator decides not to pursue the rulemaking described in paragraph (1), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the justification of such decision.

SEC. 721. IMPROVED TRAINING STANDARDS FOR ASSISTING PASSENGERS WHO USE WHEELCHAIRS.

(a) RULEMAKING.—Not later than 6 months after the date of enactment of this Act, the Secretary of Transportation shall issue a notice of proposed rulemaking to develop requirements for minimum training standards for airline personnel or contractors who assist wheelchair users who must board or deplane using an aisle chair or other boarding device.

(b) REQUIREMENTS.—The training standards developed under subsection (a) shall require, at a minimum, that airline personnel or contractors who assist passengers who use wheelchairs who must board or deplane using an aisle chair or other boarding device—

(1) complete refresher training within 18 months and be recertified on the job within 18 months by a superior in order to remain qualified for providing aisle chair assistance; and

(2) be able to successfully demonstrate each of following skills in hands-on training sessions before being allowed to board or deplane a passenger using an aisle chair or other boarding device:

(A) How to safely use the aisle chair, or other boarding device, including the use of all straps, brakes, and other safety features.

(B) How to assist in the transfer of passengers to and from their wheelchair, the aisle chair, and the aircraft's passenger seat, either by physically lifting the passenger or deploying a mechanical device for the lift or transfer.

(C) How to effectively communicate with, and take instruction from, the passenger.

(c) CONSIDERATIONS.—In conducting the rulemaking under subsection (a), the Secretary shall consider, at a minimum—

(1) whether to require air carriers and foreign air carriers to partner with national disability organizations and disabled veterans organizations representing individuals with disabilities who use wheelchairs and scooters in developing and reviewing training; and

(2) whether individuals able to provide boarding and deplaning assistance for passengers with limited or no mobility should receive training incorporating procedures from medical professionals on how to properly lift these passengers.

(d) FINAL RULE.—Not later than 12 months after the date of enactment of this Act, the Secretary shall issue a final rule pursuant to the rulemaking conducted under this section.

(e) PENALTIES.—The Secretary may assess a civil penalty in accordance with section 46301 of title 49, United States Code, to any air carrier or foreign air carrier who fails to meet the requirements established under the final rule under subsection (d).

SEC. 722. TRAINING STANDARDS FOR STOWAGE OF WHEELCHAIRS AND SCOOTERS.

(a) RULEMAKING.—Not later than 6 months after the date of enactment of this Act, the Secretary of Transportation shall issue a notice of proposed rulemaking to develop minimum training standards related to stowage of wheelchairs and scooters used by passengers with disabilities on aircraft.

(b) REQUIREMENTS.—The training standards developed under subsection (a) shall require, at a minimum, that personnel and contractors of air carriers and foreign air carriers who stow wheelchairs and scooters on aircraft—

(1) complete refresher training within 18 months and be recertified on the job within 18

months by a superior in order to remain qualified for handling and stowing wheelchairs and scooters; and

(2) be able to successfully demonstrate the each of following skills in hands-on training sessions before being allowed to handle or stow a wheelchair or scooter:

(A) How to properly handle and configure, at a minimum on a common design for power and manual wheelchairs and scooters for stowage on each aircraft type operated by the air carrier or foreign air carrier.

(B) How to properly review any wheelchair or scooter information provided by the passenger or the wheelchair or scooter manufacturer.

(C) How to properly load, secure, and unload wheelchairs and scooters, including how to use any specialized equipment for loading or unloading, on each aircraft type operated by the air carrier or foreign air carrier.

(c) CONSIDERATIONS.—In conducting the rulemaking under subsection (a), the Secretary shall consider, at a minimum whether to require air carriers and foreign air carriers to partner with wheelchair or scooter manufacturers, national disability and disabled veterans organizations representing individuals who use wheelchairs and scooters, and aircraft manufacturers, in developing training.

(d) FINAL RULE.—Not later than 12 months after the date of enactment of this Act, the Secretary shall issue a final rule pursuant to the rulemaking conducted under this section.

(e) PENALTIES.—The Secretary may assess a civil penalty in accordance with section 46301 of title 49, United States Code, to any air carrier or foreign air carrier who fails to meet the requirements established under the final rule under subsection (d).

SEC. 723. INVESTIGATION OF COMPLAINTS.

Section 41705(c) of title 49, United States Code, is amended by striking paragraph (1), and inserting the following:

''(1) IN GENERAL.—The Secretary shall—

''(A) not later than 120 days after the receipt of any complaint of a violation of this section or a regulation prescribed under this section, investigate such complaint; and

''(B) provide, in writing, to the individual that filed the complaint and the air carrier or foreign air carrier alleged to have violated this section or a regulation prescribed under this section, the determination of the Secretary with respect to—

''(i) whether the air carrier or foreign air carrier violated this section or a regulation prescribed under this section;

''(ii) the facts underlying the complaint; and

''(iii) any action the Secretary is taking in response to the complaint.''.

SEC. 724. STANDARDS.

(a) AIRCRAFT ACCESS STANDARDS.—

(1) STANDARDS.—

(A) ADVANCE NOTICE OF PROPOSED RULEMAKING.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue an advanced notice of proposed rulemaking regarding standards to ensure that the aircraft boarding and deplaning process is accessible, in terms of design for, transportation of, and communication with, individuals with disabilities, including individuals who use wheelchairs.

(B) NOTICE OF PROPOSED RULEMAKING.—Not later than 1 year after the date on which the advanced notice of proposed rulemaking under subparagraph (A) is completed, the Secretary shall issue a notice of proposed rulemaking regarding standards addressed in subparagraph (A).

(C) FINAL RULE.—Not later than 1 year after the date on which the notice of proposed rulemaking under subparagraph (B) is completed, the Secretary shall issue a final rule.

(2) COVERED AIRPORT, EQUIPMENT, AND FEATURES.—The standards prescribed under paragraph (1)(A) shall address, at a minimum—

(A) boarding and deplaning equipment;

(B) improved procedures to ensure the priority cabin stowage for manual assistive devices pursuant to section 382.67 of title 14, Code of Federal Regulations; and

(C) improved cargo hold storage to prevent damage to assistive devices.

(3) CONSULTATION.—For purposes of the rulemaking under this subsection, the Secretary shall consult with the Access Board and any other relevant department or agency to determine appropriate accessibility standards.

(b) IN-FLIGHT ENTERTAINMENT RULEMAKING.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall issue a notice of proposed rulemaking in accordance with the November 22, 2016, resolution of the Department of Transportation ACCESS Committee and the consensus recommendation set forth in the Term Sheet Reflecting Agreement of the Access Committee Regarding In-Flight Entertainment.

(c) NEGOTIATED RULEMAKING ON IN-CABIN WHEELCHAIR RESTRAINT SYSTEMS AND ENPLANING AND DEPLANING STANDARDS.—

(1) TIMING.—

(A) IN GENERAL.—Not later than 1 year after completion of the report required by section 712(d)(3), and if such report finds economic and financial feasibility of air carriers and foreign air carriers implementing seating arrangements that accommodate individuals with disabilities using wheelchairs (including power wheelchairs, manual wheelchairs, and scooters) in the main cabin during flight, the Secretary shall conduct a negotiated rulemaking on new type certificated aircraft standards for seating arrangements that accommodate such individuals in the main cabin during flight or an accessible route to a minimum of 2 aircraft passenger seats for passengers to access from personal assistive devices of such individuals.

(B) REQUIREMENT.—The negotiated rulemaking under subparagraph (A) shall include participation of representatives of—

(i) air carriers;

(ii) aircraft manufacturers;

(iii) national disability organizations;

(iv) aviation safety experts; and

(v) mobility aid manufacturers.

(2) NOTICE OF PROPOSED RULEMAKING.—Not later than 1 year after the completion of the negotiated rulemaking required under paragraph (1), the Secretary shall issue a notice of proposed rulemaking regarding the standards described in paragraph (1).

(3) FINAL RULE.—Not later than 1 year after the date on which the notice of proposed rulemaking under paragraph (2) is completed, the Secretary shall issue a final rule regarding the standards described in paragraph (1).

(4) CONSIDERATIONS.—In the negotiated rulemaking and rulemaking required under this subsection, the Secretary shall consider—

(A) a reasonable period for the design, certification, and construction of aircraft that meet the requirements;

(B) the safety of all persons on-board the aircraft, including necessary wheelchair standards and wheelchair compliance with Federal Aviation Administration crashworthiness and safety performance criteria; and

(C) the costs of design, installation, equipage, and aircraft capacity impacts, including partial fleet equipage and fare impacts.

(d) VISUAL AND TACTILELY ACCESSIBLE ANNOUNCEMENTS.—The Advisory Committee established under section 439(g) of the FAA Reauthorization Act of 2018 (49 U.S.C. 41705 note) shall examine technical solutions and the feasibility of visually and tactilely accessible announcements on-board aircraft.

(e) AIRPORT FACILITIES.—Not later than 2 years after the date of enactment of this Act, the Secretary shall, in direct consultation with the Access Board, prescribe regulations setting forth minimum standards under section 41705 of title 49, United States Code, that ensure all gates (including counters), ticketing areas, and customer service desks covered under such section at airports are accessible to and usable by all individuals with disabilities, including through the provision of visually and tactilely accessible announcements and full and equal access to aural communications.

(f) DEFINITIONS.—In this section:

(1) ACCESS BOARD.—The term ''Access board'' means the Architectural and Transportation Barriers Compliance Board.

(2) AIR CARRIER.—The term ''air carrier'' has the meaning given such term in section 40102 of title 49, United States Code.

(3) INDIVIDUAL WITH A DISABILITY.—The term ''individual with a disability'' has the meaning given such term in section 382.3 of title 14, Code of Federal Regulations.

(4) FOREIGN AIR CARRIER.—The term ''foreign air carrier'' has the meaning given such term in section 40102 of title 49, United States Code.

Subtitle B—Air Traffic

SEC. 741. TRANSFERS OF AIR TRAFFIC SYSTEMS ACQUIRED WITH AIP.

Section 44502(e) of title 49, United States Code, is amended—

(1) in paragraph (1) by inserting ''in a noncontiguous State'' after ''An airport'';

(2) in paragraph (3)—

(A) in subparagraph (B) by striking ''or'' at the end;

(B) in subparagraph (C) by striking the period at the end and inserting ''; or''; and

(C) by adding at the end the following:

''(D) a Medium Intensity Approach Lighting System with Runway Alignment Indicator Lights.''; and

(3) by adding at the end the following:

''(4) EXCEPTION.—The requirement under paragraph (1) that an eligible air traffic system or equipment be purchased in part using a Government airport aid program, airport development aid program, or airport improvement project grant shall not apply if the system or equipment is installed at an airport that is categorized as a basic or local general aviation airport under the most recently published national plan of integrated airport systems under section 47103.''.

SEC. 742. NEXTGEN PROGRAMS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, and periodically thereafter as the Administrator of the Federal Aviation Administration determines appropriate, the Administrator shall convene Administration officials to evaluate and expedite the implementation of NextGen programs and capabilities.

(b) NEXTGEN PROGRAM PRIORITIZATION.—In allocating amounts appropriated pursuant to section 48101(a) of title 49, United States Code, the Secretary of Transportation shall give priority to the following activities:

(1) Performance-based navigation.

(2) Data communications.

(3) Terminal flight data manager.

(4) Aeronautical information management.

(c) PERFORMANCE-BASED NAVIGATION.—

(1) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator shall fully implement performance-based navigation procedures for all terminal and enroute routes, including approach and departure procedures for covered airports.

(2) SPECIFIC PROCEDURES.—Pursuant to paragraph (1), the Administrator shall prioritize the following performance-based navigation procedures:

(A) Trajectory-based operations.

(B) Optimized profile descents.

(C) Multiple airport route separation.

(D) Established on required navigation performance.

(E) Converging runway display aids.

(3) PERFORMANCE-BASED NAVIGATION BASELINE EQUIPAGE REQUIREMENTS.—In carrying out paragraph (1), the Administrator shall issue such regulations as may be required, and publish applicable advisory circulars, to establish

the equipage baseline appropriate for aircraft to safely use performance-based navigation procedures.

(d) DATA COMMUNICATIONS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator shall fully implement the use of data communications.

(2) SPECIFIC CAPABILITIES.—In carrying out subsection (a) and this subsection, the Administrator shall prioritize the following data communications capabilities:

(A) Ground-to-ground message exchange for surface aircraft operations and runway safety at airports.

(B) Automated message generation and receipt.

(C) Message routing and transmission.

(D) Direct communications with aircraft avionics.

(E) Implementation of data communications at all Air Route Traffic Control Centers.

(F) The Future Air Navigation System.

(e) TERMINAL FLIGHT DATA MANAGER.—

(1) IN GENERAL.—Not later than 4 years after the date of enactment of this Act, the Administrator shall replace the traffic flow management system with the flow data management system at covered airports.

(2) ELECTRONIC FLIGHT STRIPS.—In carrying out paragraph (1), the Administrator shall implement electronic flight strips, at a minimum, at the air traffic control towers of covered airports and all terminal radar approach control and air route traffic control centers.

(f) AERONAUTICAL INFORMATION MANAGEMENT SYSTEMS.—

(1) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, the Administrator shall fully modernize the aeronautical information management systems of the Federal Aviation Administration to improve the functionality, useability, durability, and reliability of such systems used in the national airspace system.

(2) REQUIREMENTS.—In carrying out paragraph (1), the Administrator shall—

(A) improve the distribution of critical safety information to pilots, air traffic control, and other relevant aviation stakeholders;

(B) fully develop and implement the Enterprise Information Display System; and

(C) notwithstanding a centralized aeronautical information management system, restructure the back-up systems of aeronautical information management systems to be independent and self-sufficient from one another.

(g) EFFECT OF FAILURE TO MEET DEADLINE.—

(1) NOTIFICATION OF CONGRESS.—If the Administrator determines that the Administration has not or will not meet a deadline established under subsection (a), (c), (d), or (e), the Administrator shall, not later than 30 days after such determination, notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate about the failure to meet the target deadlines.

(2) CONTENTS OF NOTIFICATION.—A notification under paragraph (1) shall be accompanied by the following:

(A) An explanation as to why the agency will not or did not meet the target deadlines described in such paragraph.

(B) A description of the actions the Administration plans to take to meet the target deadlines described in such paragraph.

(3) BRIEFING.—If the Administrator is required to provide notice under paragraph (1), the Administrator shall provide the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate bimonthly, in-person briefings as to the progress made by the Administration regarding implementation under the respective subsection for which the target deadline will not or was not met until such time as the Administrator has completed the required work under such subsection.

(h) NEXTGEN ADVISORY COMMITTEE CONSULTATION.—

(1) IN GENERAL.—The Administrator shall consult and task the NextGen Advisory Committee with providing recommendations on ways to expedite, prioritize, and fully implement NextGen programs to realize the operational benefits of such programs.

(2) CONSIDERATIONS.—In providing recommendations under paragraph (1), the NextGen Advisory Committee shall consider—

(A) air traffic throughput of the national airspace system;

(B) daily operational performance, including delays and cancellations; and

(C) the potential need for performance-based operational metrics related to NextGen programs.

(i) SUNSET OF NEXTGEN BRAND.—

(1) IN GENERAL.— Not later than 3 years after the date of enactment of this Act, the Administrator shall terminate the use of the term ''Next Generation Air Transportation System'' or ''NextGen'' to describe any air traffic control modernization program of the Administration.

(2) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to—

(A) terminate any program of the Administration, including a program that has previously been represented as being a component of the Next Generation Air Transportation System or NextGen in budgetary submission or document of the Administration; or

(B) prohibit the Administrator from maintaining materials that relate to or reference programs that have previously been represented as being a component of the Next Generation Air Transportation System or NextGen.

(j) COVERED AIRPORTS DEFINED.—In this section, the term ''covered airports'' means the 40 airports in the United States with the highest number of annual aircraft operations, as of the date of enactment of this Act.

SEC. 743. AIRSPACE ACCESS.

(a) COALESCING AIRSPACE.—

(1) REVIEW OF NATIONAL AIRSPACE SYSTEM.—Not later than 3 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with the Secretary of Defense, shall conduct a comprehensive review of the airspace of the national airspace system, including special use airspace.

(2) STREAMLINING AND EXPEDITING ACCESS.—In carrying out paragraph (1), the Administrator shall identify methods to streamline, expedite, and provide greater flexibility of access to certain categories of airspace for users of the national airspace system who may not regularly have access to such airspace.

(b) REPORT.—

(1) IN GENERAL.—Not later than 3 months after the completion of review the under subsection (a), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the findings of such review and any recommendations and proposed actions to improve access to airspace of the national airspace system for the users of such system.

(2) CONTENTS.—In the report submitted under paragraph (1), the Administrator shall include, at a minimum, the following:

(A) An identification of current challenges and barriers faced by airspace users in accessing certain categories of airspace, including special use airspace.

(B) An evaluation of existing procedures, regulations, and requirements that may impede or delay access to certain categories of airspace for certain users of the national airspace system.

(C) Recommendations for streamlining and expediting the airspace access process, including potential regulatory changes, technological advancements, and enhanced coordination among relevant stakeholders and Federal agencies.

(D) A proposal for implementing a flexible framework that allows for temporary access to certain categories of airspace, including special use airspace, by users of the national airspace system who do not have regular access to such airspace.

(E) An assessment of the impact airspace access improvements may have on safety, efficiency, and economic opportunities for airspace users, including—

(i) military operators;

(ii) commercial operators; and

(iii) general aviation operators.

(3) IMPLEMENTATION AND FOLLOW-UP.—

(A) ACTION PLAN.—Based on the findings, recommendations, and proposals submitted in the report under this subsection, the Administrator shall develop an action plan for implementing any recommendations and proposals necessary to improve airspace access.

(B) COORDINATION AND COLLABORATION.—In developing the action plan under subparagraph (A), the Administrator shall coordinate with relevant stakeholders, including airspace users and the Secretary of Defense, to ensure—

(i) effective implementation of the action plan; and

(ii) ongoing collaboration in addressing airspace access challenges.

(C) PROGRESS REPORTS.—The Administrator shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate periodic progress reports in the form of briefings on the implementation of the action plan developed under this paragraph, including updates on the adoption of streamlined procedures, technological enhancements, and any regulatory changes necessary to improve airspace access and flexibility.

SEC. 744. AIRSPACE TRANSITION COMPLETION.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall ensure that responsibility for the Newark, New Jersey radar sector is moved to the Philadelphia terminal radar approach control facility.

(b) STAFFING.—In carrying out subsection (a), the Administrator may not—

(1) require the temporary or permanent movement of any personnel from the New York terminal radar approach control facility to the Philadelphia terminal radar approach control facility, but may solicit such personnel to volunteer to temporarily or permanently facilitate the move required under subsection (a); or

(2) reduce the target staffing level of the New York terminal radar approach control facility.

(c) CONGRESSIONAL BRIEFINGS.—Not later than 180 days after the date of enactment of this Act and every 60 days thereafter, the Administrator and the head of the collective bargaining unit representing air traffic controllers shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the move required under subsection (a) until such time as the Newark, New Jersey radar sector is under the full responsibility of the Philadelphia terminal radar approach control facility.

SEC. 745. FAA CONTRACT TOWERS.

(a) OPERATIONAL READINESS INSPECTIONS.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall update applicable regulations, standards, and guidance on operational readiness inspections related to the Federal Aviation Administration Contract Tower program to provide airport sponsors acting in good faith with 7 years to complete such

inspections after receiving a benefit-to-cost ratio of air traffic control services for an airport.

(b) FCT CONTROLLER AIRSPACE AWARENESS.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall authorize the use of advanced technology at Federal Aviation Administration contract towers to enhance air traffic controller situational awareness.

(2) EQUIPMENT STANDARDS.—In carrying out paragraph (1), the Administrator shall establish standards and criteria identical to such standards and criteria applicable to Federal Aviation Administration air traffic controllers for the use of advanced technology in air traffic control towers.

(3) RECURRENCY TRAINING.—In carrying out this subsection, the Administrator, in coordination with Federal Aviation Administration contract tower contractors, shall establish an appropriate training program to periodically train air traffic controllers employed by such contractors to ensure proper integration and use of advanced technologies at Federal Aviation Administration contract towers.

(c) LIABILITY INSURANCE.—Not later than 2 years after the date of enactment of this Act, the Secretary of Transportation, in consultation with industry experts including Federal Aviation Administration contract tower contractors and aviation insurance providers, shall—

(1) assess existing liability limits for contract tower contractors established by the Secretary; and

(2) determine whether such limits should be updated.

SEC. 746. FAA CONTRACT TOWER WORKFORCE AUDIT.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the inspector general of the Department of Transportation shall initiate an audit of the workforce needs of the Federal Aviation Administration Contract Tower Program.

(b) CONTENTS.—In conducting the audit required under subsection (a), the inspector general shall, at a minimum—

(1) review the assumptions and methodologies used in assessing the source of Federal Aviation Administration contract towers staffing to determine the adequacy of staffing levels at such towers;

(2) determine whether there is a need to establish an air traffic controller training program to allow Federal Aviation Administration contract tower contractors to conduct—

(A) initial training of air traffic controllers employed by such contractors; or

(B) on-the-job training of such controllers; and

(3) assess whether establishing pathways to allow Federal Aviation Administration contract tower contractors to use the air traffic technical training academy of the Federal Aviation Administration, or other means such as higher educational institutions, to provide initial technical training for air traffic controllers employed by such contractors could help address the workforce needs of the FAA contract tower program.

(c) REPORT.—Not later than 90 days after the completion of the audit under subsection (a), the inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of such audit and any recommendations as a result of such audit.

SEC. 747. AVIATION INFRASTRUCTURE SUSTAINMENT.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall develop performance metrics with which the Administrator can assess the operation of safety-critical communication, navigation, and surveillance aviation infrastructure within the national airspace system.

(b) PERFORMANCE METRICS NECESSARY TO REMAIN IN SERVICE.—

(1) IN GENERAL.—After developing the performance metrics under subsection (a), the Administrator shall carry out an assessment to determine which applicable aviation infrastructure are to remain in operational service.

(2) CONSIDERATIONS.—In making an assessment under paragraph (1), the Administrator shall take into consideration the following:

(A) The expected lifespan of such aviation infrastructure.

(B) The number and type of mechanical failures of such aviation infrastructure.

(C) The average annual costs of maintaining such aviation infrastructure over a 5-year timespan and whether such costs exceed the amount to replace such aviation infrastructure.

(D) The availability of replacement parts or labor capable of maintaining such aviation infrastructure.

(E) Any other factors the Administrator determines are necessary.

(c) PUBLICATION.—The Administrator shall make the performance metrics established under subsection (b) available to the public through the website of the Administration, or other appropriate methods of publication, and shall ensure that any information made available to the public under this subsection is made available in a manner that—

(1) does not provide identifying information regarding an individual or entity;

(2) prevents inappropriate disclosure of proprietary information; and

(3) does not disclose information that may pose a cybersecurity risk.

SEC. 748. AIR TRAFFIC CONTROL TOWER SAFETY.

In designing, adopting a design, or constructing an air traffic control tower based on a previously adopted design, the Administrator of the Federal Aviation Administration shall ensure that the safety of the national airspace system, the safety of employees of the Administration, the operational reliability of air traffic control towers, and the costs of such towers are the primary consideration in such design, adoption, or construction.

SEC. 749. AIR TRAFFIC SERVICES DATA REPORTS.

Section 45303(g)(2)(A) of title 49, United States Code, is amended by striking ''8 years'' and inserting ''14 years''.

SEC. 750. CONSIDERATION OF SMALL HUB CONTROL TOWERS.

In selecting projects for the replacement of federally owned air traffic control towers from funds made available pursuant to title VIII of division J of the Infrastructure Investment and Jobs Act (Public Law 117–58) under the heading ''Federal Aviation Administration—Facilities and Equipment'', the Administrator of the Federal Aviation Administration shall consider selecting projects at small hub commercial service airports with control towers that are at least 50 years old.

SEC. 751. AIR TRAFFIC CONTROL TOWER REPLACEMENT PROCESS REPORT.

(a) REPORT REQUIRED.—Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to Congress a report on the process by which air traffic control tower facilities are chosen for replacement.

(b) CONTENTS.—The report required under subsection (a) shall contain—

(1) the process by which air traffic control tower facilities are chosen for replacement, including which divisions of the Administration control or are involved in the replacement decision making process;

(2) the criteria the Administrator uses to determine which air traffic control tower facilities to replace, including—

(A) the relative importance of each such criteria;

(B) why the Administrator uses each such criteria; and

(C) the reasons for the relative importance of each such criteria;

(3) what types of investigation the Administrator carries out to determine if an air traffic control tower facility should be replaced;

(4) a timeline of the replacement process for an individual air traffic control tower facility replacement;

(5) the list of facilities established under subsection (c), including the reason for selecting each such facility; and

(6) any other information the Administrator considers relevant.

(c) LIST OF REPLACED AIR TRAFFIC CONTROL TOWER FACILITIES.—The Administrator shall establish, maintain, and publish on the website of the Federal Aviation Administration a list of the following:

(1) All air traffic control tower facilities replaced within the previous 10-year period.

(2) Any such facilities in the process of being replaced.

SEC. 752. FAA CONTRACT TOWER PILOT PROGRAM.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a pilot program to convert up to 3 high-activity contract towers under the Federal Aviation Administration Contract Tower Program under section 47124 of title 49, United States Code, to visual flight rule towers staffed by the Administration.

(b) PRIORITY.—In selecting facilities to participate in the pilot program under subsection (a), the Administrator shall give priority to towers that—

(1) had over 200,000 in annual tower operations in calendar year 2022 or a small hub airport with more than 900,000 passenger enplanements in calendar year 2021;

(2) have controls towers that are either owned by the Administration or are constructed to Administration standards; and

(3) operate within a complex air space, including space used by air carriers, for general aviation, and by military aircraft.

(c) CONTROLLER RETENTION.—The Administrator shall appoint to the position of air traffic controller all air traffic controllers employed as a Federal contract tower operator and assigned to the air traffic control tower pilot program as of the date of enactment of this Act so long as such operator—

(1) meets the qualifications contained in section 44506(f)(1)(A) of title 49, United States Code; and

(2) has all other pre-employment qualifications required by law.

Subtitle C—Small Community Air Service

SEC. 771. ESSENTIAL AIR SERVICE REFORMS.

(a) REDUCTION IN SUBSIDY CAP.—Section 41731(a)(1)(C) of title 49, United States Code, is amended to read as follows:

''(C) had an average subsidy per passenger—

''(i) of less than $1,000 during the most recent fiscal year beginning before October 1, 2026, as determined in subparagraph (D) by the Secretary; or

''(ii) of $500 or less during the most recent fiscal year beginning on or after October 1, 2026; and''.

(b) RESTRICTION ON LENGTH OF ROUTES.—

(1) IN GENERAL.—Section 41732(a)(1) of title 49, United States Code, is amended by inserting ''less than 650 miles from an eligible place (unless such airport or eligible place are located in a non-contiguous State)'' after ''hub airport''.

(2) EXCEPTION.—The amendment made by paragraph (1) shall not apply to any contract or renewal of such contract with an air carrier for essential air service compensation under subchapter II of chapter 417 of title 49, that was—

(A) entered into before the date of enactment of this Act; and

(B) still in effect on the date of enactment of this Act.

(3) SUNSET.—Paragraph (2) shall cease to have effect after September 30, 2028.

(c) APPLICANT SELECTION CONSIDERATIONS.—Section 41733(c)(1) of title 49, United States Code, is amended—

(1) by striking ''giving substantial weight to'' and inserting ''including'';

(2) in subparagraph (E) by striking ''and'' at the end;

(3) in subparagraph (F) by striking the period at the end and inserting ''; and''; and

(4) by adding at the end the following:

''(G) the total compensation proposed by the air carrier for providing scheduled air service under this section.''.

(d) COST SHARE.—

(1) SECTION 41737.—Section 41737(a)(1) of title 49, United States Code, is amended—

(A) in subparagraph (D) by striking ''and'' at the end;

(B) in subparagraph (E) by striking the period at the end and inserting ''; and''; and

(C) by adding at the end the following:

''(F) require that, for a contract to provide air service that is entered into or renewed under this subchapter after September 30, 2026, the Government's share of the compensation is 95 percent.''.

(2) SECTION 41731.—Section 41731 of title 49, United States Code, is amended—

(A) in subsection (c) by inserting ''and section 41737(a)(1)(F)'' after ''subsection (a)(1)''; and

(B) in subsection (d) by inserting ''and section 41737(a)(1)(F)'' after ''Subsection (a)(1)(B)''.

SEC. 772. ESSENTIAL AIR SERVICE AUTHORIZATION.

Section 41742(a)(2) of title 49, United States Code, is amended by striking ''$155,000,000 for fiscal year 2018'' an all that follows through ''$172,000,000 for fiscal year 2023'' and inserting ''$332,000,000 for fiscal year 2024, $312,000,000 for fiscal year 2025, $300,000,000 for fiscal year 2026, $265,000,000 for fiscal year 2027, and $252,000,000 for fiscal year 2028''.

SEC. 773. SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM REFORM AND AUTHORIZATION.

(a) SAME PROJECTS LIMIT.—Section 41743(c)(4)(B) of title 49, United States Code, is amended by striking ''10-year'' and inserting ''6-year''.

(b) PRIORITIES.—Section 41743(c)(5) of title 49, United States Code, is amended—

(1) by redesignating subparagraphs (B) through (G) as subparagraphs (C) through (H), respectively; and

(2) by adding after subparagraph (A) the following—

''(B) the community has demonstrated support from at least 1 air carrier to provide service;''.

(c) AUTHORIZATION.—Section 41743(e)(2) of title 49, United States Code, is amended by striking ''2023'' and inserting ''2028''.

SEC. 774. GAO STUDY ON INCREASED COSTS OF ESSENTIAL AIR SERVICE.

(a) STUDY.—The Comptroller General of the United States shall conduct a study of the change in costs of the essential air service program under sections 41731 through 41742 of title 49, United States Code.

(b) CONTENTS.—In conducting the study required under subsection (a), the Comptroller General shall—

(1) assess trends in costs of the essential air service program under sections 41731 through 41742 of title 49, United States Code, over the 10-year period ending on the date of enactment of this Act;

(2) review potential causes for the increased cost of the essential air service program, including—

(A) labor costs;

(B) fuel costs;

(C) aging aircraft costs;

(D) air carrier opportunity costs; and

(E) airport costs; and

(3) assess the effects of the COVID–19 pandemic on the costs of the essential air service program under sections 41731 through 41742 of title 49, United States Code.

(c) REPORT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and to the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study conducted under subsection (a).

TITLE VIII—MISCELLANEOUS

SEC. 801. DIGITALIZATION OF FAA PROCESSES.

(a) IDENTIFICATION.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall identify and catalog programs, activities, or processes that require paper-based information exchange between—

(1) external entities and the Administration; or

(2) offices within the Administration.

(b) DIGITALIZATION.—On an ongoing basis, and as appropriate, the Administrator shall transition the paper-based processes identified under subsection (a) to processes that support secure digital information submission, exchange, collaboration, and approval.

(c) BRIEFING.—Not later than 60 days after completing the required identification and catalog in subsection (a), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the programs, activities, and processes identified under subsection (a) and such programs, activities, and processes that have been identified for transition under subsection (b).

SEC. 802. FAA TELEWORK.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration—

(1) may establish telework policies for employees that allow for the Administration to reduce the office footprint and associated expenses of the Administration, increase workforce retention, and provide flexibilities that the Administrator believes increases efficiency and effectiveness of the Administration, while requiring that any such policy—

(A) does not adversely impact the mission of the Administration;

(B) does not reduce the safety and efficiency of the national airspace system;

(C) for any employee that is designated as an officer or executive in the Federal Aviation Administration Executive System or a political appointee (as such term is defined in section 106 of title 49, United States Code)—

(i) maximizes time at a duty station for such employee, excluding official travel; and

(ii) may include telework provisions as determined appropriate by the Administrator, commensurate with official duties for such employee;

(D) provides for on-the-job training opportunities for Administration personnel that are not less than such opportunities available in 2019;

(E) reflects the appropriate work status of employees based on the job functions of such employee;

(F) optimizes the work status of inspectors, investigators, and other personnel performing safety-related functions to ensure timely completion of safety oversight activities;

(G) provides for personnel, including such personnel performing work related to aircraft certification and flight standards, who are responsible for actively working with regulated entities, external stakeholders, or other members of the public to be—

(i) routinely available on a predictable basis for in-person and virtual communications with external persons; and

(ii) not hindered from meeting with, visiting, auditing, or inspecting facilities or projects of regulated persons due to any telework policy; and

(H) provides offices of the Administration opportunities for in-person dialogue, collaboration, and ideation for all employees;

(2) ensures that locality pay for an employee of the Administrator accurately reflects the telework status and duty station of such employee;

(3) may not establish a telework policy for an employee of the Administration unless such employee will be provided with secure network capacity, communications tools, necessary and secure access to appropriate agency data assets and Federal records, and equipment sufficient to enable such employee to be fully productive; and

(4) not later than 2 years after the date of enactment of this Act, shall evaluate and address any telework policies in effect on the day before such date of enactment to ensure that such policies meet the requirements of paragraph (1).

(b) CONGRESSIONAL UPDATE.—Not later than 1 year after the date of enactment of this Act, and 1 year thereafter, the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on any telework policies currently in place, the implementation of such policies, and the benefits of such policies.

(c) CONSULTATION.—If the Administrator determines that telework agreements must be updated to implement the requirements of subsection (a), the Administrator shall, prior to updating such agreements, consult with—

(1) exclusive bargaining representatives of air traffic controllers certified under section 7111 of title 5, United States Code; and

(2) labor organizations certified under such section as the exclusive bargaining representative of airway transportation systems specialists and aviation safety inspectors of the Federal Aviation Administration.

SEC. 803. REVIEW OF OFFICE SPACE.

(a) FAA REVIEW.—

(1) INITIATION OF REVIEW.—Not later than 30 months after the date of enactment of this Act, the Secretary of Transportation shall initiate an inventory review of the domestic office footprint of the Department of Transportation.

(2) COMPLETION OF REVIEW.—Not later than 40 months after the date of enactment of this Act, the Secretary shall complete the inventory review required under paragraph (1).

(b) CONTENTS OF REVIEW.—In completing the review under subsection (a), the Secretary shall—

(1) delineate the domestic office footprint into units of property, as determined appropriate by the Secretary;

(2) determine unit adequacy related to—

(A) the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.) and the corresponding accessibility guidelines established under part 1191 of title 36, Code of Federal Regulations; and

(B) the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.);

(3) determine the feasible occupancy of each such unit, and provide the methodology used to make the determination;

(4) determine the number of individuals who are full-time equivalent employees, other employees, or contractors that have each such unit as a duty station and determine how telework policies will impact the usage of each such unit;

(5) calculate the amount of available, unused, or underutilized space in each such unit;

(6) consider any lease terms for leased units contained in the domestic office footprint, including cost and effective dates for each such leased unit; and

(7) based on the findings in paragraphs (2) through (6), and any other metrics the Secretary determines relevant, provide recommendations for optimizing the use of units of property across

the Department in consultation with appropriate employee labor representatives.

(c) REPORT.—Not later than 2 months after completing the review under subsection (a), the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a final report that proposes opportunities to optimize the domestic office footprint of the Administration (and associated costs). In compiling such final report, the Secretary shall describe opportunities for—

(1) consolidation of offices within a reasonable distance from one another;

(2) the collocation of regional or satellite offices of separate modes of the Department, including the cost benefits of shared amenities; and

(3) the use of coworking spaces instead of permanent offices.

(d) DEFINITION OF DOMESTIC OFFICE FOOTPRINT.—In this section, the term ''domestic office footprint'' means buildings, offices, facilities, and other real property rented, owned, or occupied by the Administration or Department—

(1) in which employees report for permanent or temporary duty that are not being used for active operations of the air traffic control system; and

(2) which are located within the United States.

SEC. 804. AIRCRAFT WEIGHT REDUCTION TASK FORCE.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a task force to identify ways to safely reduce covered aircraft weight for purposes of reducing fuel burn.

(b) COMPOSITION.—The task force established under subsection (a) shall consist of not more than 20 individuals and shall include representatives of—

(1) the Federal Aviation Administration;

(2) other Federal agencies as the Administrator determines appropriate;

(3) air carriers;

(4) certified labor organizations representing flight attendants at air carriers operating under part 121 of title 14, Code of Federal Regulations;

(5) certified labor organizations representing aircraft maintenance technicians;

(6) certified labor organizations representing other aviation workers, as appropriate; and

(7) aerospace manufacturers.

(c) REVIEW.—The task force established under subsection (a) shall review and evaluate—

(1) regulations, requirements, advisory circulars, orders, or other such directives of the Administration related to covered aircraft or covered aircraft operations that may inhibit certification of new materials, manufacturing processes, components, or technologies that could reduce aircraft weight or increase fuel efficiency without decreasing safety;

(2) aspects of covered aircraft design that are outdated or underutilized on the date of enactment of this Act that may unnecessarily increase covered aircraft weight or reduce aircraft fuel efficiency that are not necessary for the safe operation of such aircraft;

(3) novel technologies and manufacturing processes, including the use of advanced materials, that can safely be used in the construction or modification of covered aircraft, including a component or the interior of such aircraft, to reduce weight or improve fuel efficiency; and

(4) nonproprietary methods that air carriers have used to safely decrease covered aircraft weight or improve fuel efficiency.

(d) REPORT.—

(1) TASK FORCE REPORT.—

(A) IN GENERAL.—Not later than 3 years after the establishment of the task force under subsection (a), the task force shall submit a report on the findings and results of the review and evaluation conducted under subsection (c) to the Administrator.

(B) RECOMMENDATIONS.—In submitting the report required under subparagraph (A), the task force shall include recommendations—

(i) on actions the Administrator may take to updated regulations, processes, advisory circulars, orders, or other such directions of the Administration to enable the certification of new materials, components, manufacturing processes, or technologies that may allow for the safe reduction of covered aircraft weight or the improvement of fuel efficiency; and

(ii) on best practices for air carriers and aerospace manufacturers to certify such materials, components, manufacturing processes, or technologies.

(C) APPROXIMATION OF BENEFITS.—For each recommendation made under subparagraph (B), the task force shall approximate the fuel savings that could be expected if such recommendation was adopted.

(D) SUBMISSION TO CONGRESS.—Not later than 3 days after receipt of the report required under subparagraph (A), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the report and recommendations.

(2) FAA REPORT.—Not later than 120 days after submission of the report under paragraph (1), the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report—

(A) describing the recommendations of the task force with which the Administrator fully concurs, partially concurs, or does not concur;

(B) detailing, for the recommendations with which the Administrator fully or partially concurs—

(i) a timeline for implementing such recommendations; and

(ii) possible benefits of using new materials, manufacturing processes, components, or technologies, including fuel savings, increased capacity, or other benefits as determined reasonable by the task force; and

(C) explaining, for the recommendations with which the Administrator does not concur, the reason for which the Administrator will not implement such recommendations.

(e) SUNSET.—

(1) IN GENERAL.—The task force established under subsection (a) shall terminate upon submission of the report required under subsection (d)(1)(A).

(2) EXCEPTION.—The Administrator may choose to extend such task force after the submission of the report required under subsection (d)(1)(A), if the Administrator determines that such an extension would be in the public interest.

(f) DEFINITION.—In this section:

(1) AIR CARRIER.—The term ''air carrier'' means an air carrier (as such term is defined in section 40102 of title 49, United States Code) that holds a certificate issued under part 121 of title 14, Code of Federal Regulations.

(2) AIRCRAFT WEIGHT.—The term ''aircraft weight'' means the gross weight of a covered aircraft in operation.

(3) COVERED AIRCRAFT.—The term ''covered aircraft'' means an aircraft that is operated by an air carrier that is operating pursuant to a certificate issued under part 121 of title 14, Code of Federal Regulations.

SEC. 805. AUDIT OF TECHNICAL WRITING RESOURCES AND CAPABILITIES.

(a) AUDIT BY INSPECTOR GENERAL.—Not later than 90 days after the date of enactment of this Act, the inspector general of the Department of Transportation shall initiate an audit of the technical writing resources and capabilities of the Federal Aviation Administration as such resources and capabilities relate to producing rulemaking, policy, and guidance, to—

(1) determine if such resources and capabilities are adequate; and

(2) make recommendations for improvement of such resources and capabilities.

(b) REVIEW.—In conducting the review required under subsection (a), the inspector general shall evaluate the technical writing resources and capabilities of the Administration in each line of business of the Administration, the Office of Policy, International Affairs, and Environment, and the Office of the Chief Counsel, including by reviewing—

(1) the process and resources required to produce initial drafts of rulemaking, policy, and guidance documents;

(2) the quality of such initial drafts;

(3) the amount of edits that are required throughout the production of rulemaking, policy, and guidance documents;

(4) writing support and education tools provided to engineers, managers, and other technical staff of the Administration involved in writing or editing such documents; and

(5) whether—

(A) the Administration has and adheres to best practices for the drafting of rulemaking, policy, and guidance documents; and

(B) such best practices are—

(i) easily accessible and understandable by employees of the Administration; and

(ii) reflect modern writing conventions.

(c) RECOMMENDATIONS.—In making the recommendations required under subsection (a)(2), the inspector general shall make recommendations to the Administrator of the Federal Aviation Administration on how to improve the quality of written rulemaking, policy, and guidance documents and the speed at which such documents can be produced, internally reviewed, and approved.

(d) DECONFLICTING SCOPE.—The inspector general shall ensure that the audit required under subsection (a) does not duplicate the evaluation required under section 125, except to the extent that duplication is necessary to fully evaluate the technical writing resources and capabilities of the Administration.

(e) REPORT.—Not later than 1 year after the inspector general initiates the audit under subsection (a), the inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the audit, including findings and recommendations.

SEC. 806. FAA PARTICIPATION IN INDUSTRY STANDARDS ORGANIZATIONS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall ensure the participation of employees of the Administration in the activities of recognized industry standards organizations to advance the adoption, reference, and acceptance rate of standards and means of compliance developed by such organizations by the Administrator.

(b) PARTICIPATION.—An employee directed by the Administrator to participate in a working group, task group, committee, or similar body of a recognized industry standards organization shall—

(1) actively participate in the discussions and work of such organization;

(2) accurately represent the position of the Administration on the subject matter of such discussions and work;

(3) contribute to the development of work products of such organization, unless determined to be inappropriate by such organization;

(4) make reasonable efforts to identify and make any concerns of the Administration relating to such work products known to such organization, including through providing formal comments, as may be allowed for under the procedures of such organization;

(5) provide regular updates to other Administration employees and management on the progress of such work products; and

(6) seek advice and input from other Administration employees and management, as needed.

(c) INVITATIONS.—

(1) IN GENERAL.—The Administrator may accept an invitation to participate in and contribute to the work of a recognized industry standards organization as described in subsection (b).

(2) DECLINATION OF INVITATION.—If the Administrator declines an invitation described in paragraph (1), the Administrator shall provide—

(A) the recognized industry standards organization a written response to the invitation that articulates the reasons for declining the invitation; and

(B) a copy of such written response to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate not later than 5 days after providing the response to such organization under subparagraph (A).

(d) RECOGNIZED INDUSTRY STANDARDS ORGANIZATION DEFINED.—In this section, the term ''recognized industry standards organization'' means a domestic or international organization that—

(1) uses agreed upon procedures to develop aviation-related industry standards or means of compliance, particularly standards or means of compliance that satisfy Administration requirements or guidance;

(2) is comprised of members of the public, including subject matter experts, industry representatives, academics and researchers, and government employees; and

(3) has had at least one standard or means of compliance accepted by the Administrator or referenced in guidance material or a regulation issued by the Federal Aviation Administration after the date of enactment of the Vision 100—Century of Aviation Reauthorization Act (Public Law 108–176).

SEC. 807. SENSE OF CONGRESS ON USE OF VOLUNTARY CONSENSUS STANDARDS.

It is the sense of Congress that the Administrator of the Federal Aviation Administration should make every effort to abide by the policies set forth in the Office of Management and Budget Circular A–119, titled ''Federal Participation in the Development and Use of Voluntary Consensus Standards and Conformity Assessment Activities''.

SEC. 808. REQUIRED DESIGNATION.

The Administrator of the Federal Aviation Administration shall designate any aviation rulemaking committee convened under this Act pursuant to section 106(p)(5) of title 49, United States Code.

SEC. 809. SENSITIVE SECURITY INFORMATION.

(a) IN GENERAL.—Chapter 401 of title 49, United States Code, is amended by inserting after section 40118 the following:

''§ 40119. Sensitive security information

''(a) IN GENERAL.—Notwithstanding section 552 of title 5, the Secretary of Transportation shall issue regulations prohibiting the disclosure of information obtained or developed in the process of ensuring security under this title if the Secretary determines that disclosing the information would—

''(1) be an unwarranted invasion of personal privacy;

''(2) reveal a trade secret or privileged or confidential commercial or financial information; or

''(3) be detrimental to transportation safety.

''(b) WITHHELD INFORMATION.—In carrying out subsection (a), the Secretary shall ensure that the prohibitions described in such subsection do not apply to any information provided to a committee of Congress authorized to have such information, including the Committee on Transportation and Infrastructure and the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

''(c) RULE OF CONSTRUCTION.—Nothing in subsection (a) shall be construed to authorize the designation of information as sensitive security information (as defined in section 15.5 of title 49, Code of Federal Regulations) to—

''(1) conceal—

''(A) a violation of law;

''(B) inefficiency; or

''(C) an administrative error;

''(2) prevent embarrassment to a person, organization, or governmental agency;

''(3) restrain competition; or

''(4) prevent or delay the release of information that does not require protection in the interest of transportation security, including basic scientific research information not clearly related to transportation security.

''(d) NONDISCLOSURE.—Section 552a of title 5 shall not apply to disclosures that the Administrator of the Federal Aviation Administration may make from the systems of records of the Administration to any Federal law enforcement, intelligence, protective service, immigration, or national security official in order to assist the official receiving the information in the performance of official duties.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 401 of title 49, United States Code, is amended by striking the item related to section 40119 and inserting the following:

''40119. Sensitive security information.''.

SEC. 810. PRESERVING OPEN SKIES WHILE ENSURING FAIR SKIES.

(a) ADDITION OF LABOR STANDARDS.—Section 40101 of title 49, United States Code, is amended—

(1) in subsection (a) by adding at the end the following:

''(17) preventing the undermining of labor standards.''; and

(2) in subsection (e) by adding at the end the following:

''(11) preventing the undermining of labor standards.''.

(b) UPDATE TO FOREIGN AIR CARRIER PERMITS.—Section 41302(2)(B) of title 49, United States Code, is amended by striking ''the foreign air transportation'' and inserting ''after considering the totality of the circumstances, including the matters described in section 40101(a), the foreign air transportation''.

(c) SAVINGS CLAUSE.—Nothing in this section, or the amendments made by this section, shall be construed to affect the validity of a foreign air carrier permit held, or air transport agreement in place, on the date of enactment of this Act.

SEC. 811. COMMERCIAL PREFERENCE.

Section 40110(d) of title 49, United States Code, is further amended—

(1) in paragraph (1) by striking ''and implement'' and inserting '', implement, and periodically update'';

(2) in paragraph (2) by striking ''the new acquisition management system developed and implemented'' and inserting ''the acquisition management system developed, implemented, and periodically updated'' each place it appears;

(3) in paragraph (3)—

(A) in the matter preceding subparagraph (A)—

(i) by striking ''new''; and

(ii) by striking ''and implemented'' and inserting '', implemented, and periodically updated''; and

(B) in subparagraph (B) by striking ''Within'' and all that follows through ''the Administrator'' and inserting ''The Administrator'';

(4) by redesignating paragraph (4) as paragraph (5); and

(5) by inserting after paragraph (3) the following:

''(4) COMMERCIAL PRODUCTS AND SERVICES.—In implementing and updating the acquisition management system pursuant to paragraph (1), the Administrator shall, whenever possible—

''(A) describe the requirements with respect to a solicitation for the procurement of supplies or services in terms of—

''(i) functions to be performed;

''(ii) performance required; or

''(iii) essential physical and system characteristics;

''(B) ensure that commercial services or commercial products may be procured to fulfill such solicitation, or to the extent that commercial products suitable to meet the needs of the Administration are not available, ensure that nondevelopmental items other than commercial products may be procured to fulfill such solicitation;

''(C) provide offerors of commercial services, commercial products, and nondevelopmental items other than commercial products an opportunity to compete in any solicitation for the procurement of supplies or services;

''(D) revise the procurement policies, practices, and procedures of the Administration to reduce any impediments to the acquisition of commercial products and commercial services; and

''(E) ensure that procurement officials—

''(i) acquire commercial services, commercial products, or nondevelopmental items other than commercial products to meet the needs of the Administration;

''(ii) in a solicitation for the procurement of supplies or services, state the specifications for such supplies or services in terms that enable and encourage bidders and offerors to supply commercial services or commercial products, or to the extent that commercial products suitable to meet the needs of the Administration are not available, to supply nondevelopmental items other than commercial products;

''(iii) require that prime contractors and subcontractors at all levels under contracts with the Administration incorporate commercial services, commercial products, or nondevelopmental items other than commercial products as components of items supplied to the Administration;

''(iv) modify procurement requirements in appropriate circumstances to ensure that such requirements can be met by commercial services or commercial products, or to the extent that commercial products suitable to meet the needs of the Administration are not available, nondevelopmental items other than commercial products; and

''(v) require training of appropriate personnel in the acquisition of commercial products and commercial services.''.

SEC. 812. CONSIDERATION OF THIRD-PARTY SERVICES.

(a) PLANS AND POLICY.—Section 44501 of title 49, United States Code, is amended—

(1) in subsection (a) by striking ''development and location of air navigation facilities'' and inserting ''development of air navigation facilities and services''; and

(2) in subsection (b)—

(A) by striking ''and development'' and inserting ''procurement, and development'' each place it appears;

(B) by striking ''facilities and equipment'' and inserting ''facilities, services, and equipment'';

(C) by striking ''first and 2d years'' and inserting ''first and second years'';

(D) by striking ''subclauses (A) and (B) of this clause'' and inserting ''subparagraphs (A) and (B)'';

(E) by striking ''the 3d, 4th, and 5th'' and inserting ''the third, fourth, and fifth'';

(F) by striking ''systems and facilities'' and inserting ''systems, services, and facilities''; and

(G) by striking ''growth of aviation'' and inserting ''growth of the aerospace industry''.

(b) SYSTEMS, PROCEDURES, FACILITIES, AND DEVICES.—Section 44505 of title 49, United States Code, is amended—

(1) in subsection (a)—

(A) by striking ''develop, alter'' and inserting ''develop when necessary, alter''; and

(B) by striking ''and devices'' and inserting ''services, and devices'' each place it appears; and

(2) in subsection (b) by striking ''develop dynamic simulation models'' and inserting ''develop or procure dynamic simulation models and tools'' each place it appears.

SEC. 813. CERTIFICATES OF AUTHORIZATION OR WAIVER.

(a) IN GENERAL.—Notwithstanding any other provision of law, the Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, may issue a certificate of authorization or waiver to a person to operate an aircraft within an area covered by a temporary flight restriction under such conditions as the Administrator may prescribe, except for airspace that is subject to a permanent, continuous flight restriction, unless the authorization or waiver is issued to, or with the concurrence of, the entity for which the flight restriction was created.

(b) SPECIAL CONSIDERATIONS.—If a temporary flight restriction is related to a sporting event and issued pursuant to section 352 of the Consolidated Appropriations Resolution, 2003 (Public Law 108–7), the conditions prescribed by the Administrator under subsection (a) shall include the following:

(1) A minimum distance from the center of the temporary flight restriction, which shall not be greater than 0.75 nautical miles, unless the Administrator determines, on a case by case basis, that such mileage is insufficient to maintain public safety.

(2) The person may not operate an aircraft (except for a purpose described under section 352(a)(3) of the Consolidated Appropriations Resolution, 2003 (Public Law 108–7)) for a purpose that the Secretary determines is directly related to the event for which the temporary flight restriction is active.

(c) EXCEPTION.—Subsection (b)(1) shall not apply to aircraft operations associated with an aviation event or airshow for which the Administrator has granted a certificate of authorization or waiver.

(d) BRIEFING.—Not later than 18 months after the date of enactment of this Act, the Secretary shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the implementation of this section, including the number and nature of certificates of authorization or waiver that have been issued under subsection (a) subject to restrictions under subsection (b).

(e) OPERATIONAL PURPOSES.—Section 352(a)(3)(B) of Consolidated Appropriations Resolution, 2003 (Public Law 108–7) is amended by inserting ''(or attendees approved by)'' after ''guests''.

(f) SUNSET.—Subsection (b) shall cease to have effect on October 1, 2028.

SEC. 814. WING-IN-GROUND-EFFECT CRAFT.

(a) MEMORANDUM OF UNDERSTANDING.—

(1) IN GENERAL.—Not later than 24 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration and the Commandant of the Coast Guard shall execute a memorandum of understanding governing the specific roles, delineations of responsibilities, resources, and commitments of the Federal Aviation Administration and the Coast Guard, respectively, pertaining to wing-in-ground-effect craft that are—

(A) only capable of operating either in water or in ground effect over water; and

(B) operated exclusively over waters subject to the jurisdiction of the United States.

(2) CONTENTS.—The memorandum of understanding described in paragraph (1) shall—

(A) cover the processes the Federal Aviation Administration and the United States Coast Guard will follow to promote communications, efficiency, and nonduplication of effort in carrying out such memorandum of understanding;

(B) account for the special rule in accordance with subsection (b); and

(C) provide procedures for, at a minimum, the following:

(i) Approval of wing-in-ground-effect craft designs.

(ii) Operations of wing-in-ground-effect craft.

(iii) Pilotage of wing-in-ground-effect craft.

(iv) Inspections of wing-in-ground-effect craft.

(v) Maintenance of wing-in-ground-effect craft.

(b) SPECIAL RULE PROHIBITING SECRETARY FROM REGULATING CERTAIN WIG CRAFT OPERATORS AS AIR CARRIERS.—Notwithstanding any other provision of law or regulation, the Secretary of Transportation may not regulate an operator of a wing-in-ground-effect craft as an air carrier (as such term is defined in section 40102(a) of title 49, United States Code).

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to—

(1) limit the authority of the Secretary or the Administrator to regulate aircraft that are not wing-in-ground-effect craft, including aircraft that are—

(A) capable of the operations described in subsection (d); and

(B) capable of sustained flight out of ground effect;

(2) confer upon the Commandant the authority to determine the impact of any civil aircraft operation on the safety or efficiency of the National Airspace System; or

(3) confer upon the Administrator the authority to issue a certificate of documentation, with or without a registry, fishery or coastwise endorsement, for, or inspect any vessel as that term is defined in section 115 of title 46, United States Code.

(d) WING-IN-GROUND-EFFECT CRAFT DEFINED.—In this section, the term ''wing-in-ground-effect craft'' means a craft that is capable of operating completely above the surface of the water on a dynamic air cushion created by aerodynamic lift due to the ground effect between the craft and the surface of the water.

SEC. 815. QUASQUICENTENNIAL OF AVIATION.

(a) FINDINGS.—Congress finds the following:

(1) December 17, 2028, is the 125th anniversary of the first successful manned, free, controlled, and sustained flight by an aircraft.

(2) The first flight by Orville and Wilbur Wright in Kitty Hawk, North Carolina, is a defining moment in the history of the United States and the world.

(3) The Wright brothers' achievement is a testament to their ingenuity, perseverance, and commitment to innovation, which has inspired generations of aviators and scientists alike.

(4) The advent of aviation and the air transportation industry has fundamentally transformed the United States and the world for the better.

(5) The 125th anniversary of the Wright brothers' first flight is worthy of recognition and celebration to honor their legacy and to inspire a new generation of Americans as aviation reaches an inflection point of innovation and change.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of Transportation, the Administrator of the Federal Aviation Administration, and the heads of other appropriate Federal agencies should facilitate and participate in local, national, and international observances and activities that commemorate and celebrate the 125th anniversary of powered flight.

SEC. 816. FEDERAL CONTRACT TOWER WAGE DETERMINATIONS AND POSITIONS.

The Secretary of Transportation shall request that the Secretary of Labor—

(1) review and update, as necessary, including to account for cost-of-living adjustments, the basis for the wage determination for air traffic controllers who are employed at air traffic control towers operated under the Contract Tower Program established under section 47124 of title 49, United States Code;

(2) create a new wage determination category or occupation code for managers of air traffic controllers who are employed at air traffic control towers in the Contract Tower Program; and

(3) consult with the Administrator of the Federal Aviation Administration in carrying out the requirements of paragraphs (1) and (2).

SEC. 817. INTERNAL PROCESS IMPROVEMENTS REVIEW.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the inspector general of the Department of Transportation shall review the coordination and approval processes of non-regulatory materials produced by the Federal Aviation Administration to improve the timeliness, transparency, development, and issuance of such materials.

(b) CONTENTS OF REVIEW.—In conducting the review under subsection (a), the inspector general shall—

(1) provide recommendations for improving processes and eliminating nonvalue-added reviews of non-regulatory materials within the Federal Aviation Administration and Department of Transportation, in consideration of the authority of the Administrator under section 106 of title 49, United States Code, and other applicable laws;

(2) consider, with respect to each office within the Federal Aviation Administration and the Department of Transportation that reviews non-regulatory materials—

(A) the timeline assigned to each such office to complete the review of such materials;

(B) the actual time spent for such review; and

(C) opportunities to reduce the actual time spent for such review;

(3) describe any organizational changes and additional resources that the Administration needs, if necessary, to reduce delays in the development and publication of proposed non-regulatory materials;

(4) consider to what extent reporting mechanisms and templates could be used to provide the public with more consistent information on the development status of non-regulatory materials;

(5) consider changes to the application of rules governing ex parte communications by the Administrator to provide flexibility for employees of the Administration to discuss non-regulatory materials with aviation stakeholders and foreign aviation authorities to promote United States aviation leadership;

(6) recommend methods by which the Administration can incorporate standards set by recognized industry standards organizations, as such term is defined in section 806, into non-regulatory materials to keep pace with rapid changes in aerospace technology and processes; and

(7) evaluate the processes and best practices other civil aviation authorities and other Federal departments and agencies use to produce non-regulatory materials, particularly the processes of entities that produce such materials in an expedited fashion to respond to safety risks, incidents, or new technology adoption.

(c) CONSULTATION.—In conducting the review under subsection (a), the inspector general may, as appropriate, consult with industry stakeholders, academia, and other individuals with relevant background or expertise in improving the efficiency of Federal non-regulatory material production.

(d) REPORT.—Not later than 1 year after the inspector general initiates the review under subsection (a), the inspector general shall submit to the Administrator a report on such review.

(e) ACTION PLAN.—

(1) IN GENERAL.—The Administrator shall develop an action plan to implement the recommendations contained in the report submitted under subsection (d).

(2) BRIEFING.—Not later than 90 days after receiving the report under subsection (d), the Administrator shall brief the Committee on Transportation and Infrastructure and the Committee on Science, Space, and Technology of the House

of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on such plan.

(f) NON-REGULATORY MATERIALS DEFINED.—In this section, the term ''non-regulatory materials'' means orders, advisory circulars, statements of policy, guidance, technical standards, and other materials related to aviation safety, training, and operation of aeronautical products.

SEC. 818. ACCEPTANCE OF DIGITAL DRIVER'S LICENSE AND IDENTIFICATION CARDS.

The Administrator of the Federal Aviation Administration shall take such actions as may be necessary to accept, in any instance where an individual is required to submit government-issued identification to the Administrator, a digital or mobile driver's license or identification card issued to such individual by a State.

SEC. 819. BUCKEYE 940 RELEASE OF DEED RESTRICTIONS.

(a) PURPOSE.—The purpose of this section is to authorize the Secretary to issue a Deed of Release from all terms, conditions, reservations, restrictions, and obligations contained in the Quitclaim Deed and permit the State of Arizona to deposit all proceeds of the disposition of Buckeye 940 in the appropriate fund for the benefit of the beneficiaries of the Arizona State Land Trust.

(b) DEFINITIONS.—In this section:

(1) BUCKEYE 940.—The term ''Buckeye 940'' means all of section 12, T.1 N., R.3 W. and all of adjoining fractional section 7, T.1 N., R.2 W., Gila and Salt River Meridian, Arizona, which property was the subject of the Quitclaim Deed between the United States and the State of Arizona, dated July 11, 1949, and which is currently owned by the State of Arizona and held in trust for the beneficiaries of the Arizona State Land Trust.

(2) QUITCLAIM DEED.—The term ''Quitclaim Deed'' means the Quitclaim Deed between the United States and the State of Arizona, dated July 11, 1949.

(3) SECRETARY.—The term ''Secretary'' means the Secretary of Transportation.

(c) RELEASE OF ANY AND ALL INTEREST IN BUCKEYE 940.—

(1) IN GENERAL.—Notwithstanding any other provision of law, the United States, acting through the Secretary, shall issue to the State of Arizona a Deed of Release to release all terms, conditions, reservations, restrictions, and obligations contained in the Quitclaim Deed, including any and all reversionary interest of the United States in Buckeye 940.

(2) TERMS AND CONDITIONS.—The Deed of Release described in paragraph (1) shall be subject to such additional terms and conditions, consistent with such paragraph, as the Secretary considers appropriate to protect the interests of the United States.

(3) NO RESTRICTION ON USE OF PROCEEDS.—Notwithstanding any other provision of law, the State of Arizona may dispose of Buckeye 940 and any proceeds thereof, including proceeds already collected by the State and held in a suspense account, without regard to any restriction imposed by the Quitclaim Deed or by section 155.7 of title 14, Code of Federal Regulations.

(4) MINERAL RESERVATION.—The Deed of Release described in paragraph (1) shall include the release of all interests of the United States to the mineral rights on Buckeye 940 included in the Quitclaim Deed.

SEC. 820. FEDERAL AVIATION ADMINISTRATION INFORMATION TECHNOLOGY SYSTEM INTEGRITY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a review to identify and address aging information technology systems within the Administration.

(b) CONTENTS.—The review required under subsection (a) shall—

(1) identify and inventory critical software and hardware systems of the Administration;

(2) assess the vulnerabilities of such systems to degradation, errors (including human errors), and malicious attacks (including cyber attacks); and

(3) identify upgrades to, or replacements for, such systems that are necessary to mitigate such vulnerabilities.

(c) MITIGATION.—The Administrator shall take such action as may be necessary to mitigate the vulnerabilities identified under the review conducted under subsection (a).

(d) LEVERAGING EXTERNAL EXPERTISE.—To the maximum extent practicable, the actions carried out pursuant to this section shall—

(1) be consistent with the acquisition management system established and updated pursuant to section 40110(d) of title 49, United States Code;

(2) incorporate input from industry, academia, or other external experts on information technology; and

(3) identify technologies in existence or in development that, with or without adaptation, are expected to be suitable to meet the technical information technology needs of the Administration.

(e) REPORT.—Not later than 2 years after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing the results of the review required under subsection (a).

(f) INSPECTOR GENERAL REVIEW.—

(1) IN GENERAL.—After the Administrator completes the review under subsection (a), the inspector general of the Department of Transportation shall conduct an audit of the integrity of the information technology systems of the Administration and assess the efforts of the Administration to address the Administration's aging information technology systems.

(2) REPORT.—The inspector general shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the audit carried out under this subsection.

SEC. 821. BRIEFING ON RADIO COMMUNICATIONS COVERAGE AROUND MOUNTAINOUS TERRAIN.

(a) BRIEFING REQUIREMENT.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a briefing on the radio communications coverage within the airspace surrounding the Mena Intermountain Municipal Airport in Mena, Arkansas.

(b) BRIEFING CONTENTS.—The briefing required under subsection (a) shall include the following:

(1) The radio communications coverage within the airspace surrounding the Mena Intermountain Municipal Airport with the applicable Air Route Traffic Control Center.

(2) The altitudes at which radio communications capabilities are lost within such airspace.

(3) Recommendations on changes that may increase radio communications coverage below 4,000 feet above ground level within such airspace.

SEC. 822. STUDY ON CONGESTED AIRSPACE.

(a) STUDY.—Not later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study on the efficiency and efficacy of scheduled commercial air service transiting congested airspace.

(b) CONTENTS.—In carrying out the study required under subsection (a), the Comptroller General shall examine—

(1) various regions of congested airspace and the differing factors of such regions;

(2) commercial air service;

(3) military flight activity;

(4) emergency response activity;

(5) commercial space launch and reentry activities;

(6) weather; and

(7) air traffic controller staffing.

(c) REPORT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study and recommendations to reduce the impacts to scheduled air service transiting congested airspace.

SEC. 823. ADMINISTRATIVE SERVICES FRANCHISE FUND.

Title I of the Department of Transportation and Related Agencies Appropriations Act, 1997 (49 U.S.C. 40113 note) is amended under the heading ''Administrative Services Franchise Fund'' by striking ''shall be paid in advance'' and inserting ''may be reimbursed after performance or paid in advance''.

SEC. 824. USE OF BIOGRAPHICAL ASSESSMENTS.

Section 44506(f)(2)(A) of title 49, United States Code, is amended by striking ''paragraph (1)(B)(ii)'' and inserting ''paragraph (1)(B)''.

SEC. 825. WHISTLEBLOWER PROTECTION ENFORCEMENT.

Section 42121(b)(5) of title 49, United States Code, is amended to read as follows:

''(5) ENFORCEMENT OF ORDER.—Whenever any person has failed to comply with an order issued under paragraph (3), the Secretary of Labor and the Administrator of the Federal Aviation Administration shall consult with each other to determine the most appropriate action to be taken, in which—

''(A) the Secretary of Labor may file a civil action in the United States district court for the district in which the violation was found to occur to enforce such order, for which, in actions brought under this paragraph, the district courts shall have jurisdiction to grant all appropriate relief including, injunctive relief and compensatory damages; and

''(B) the Administrator of the Federal Aviation Administration may assess a civil penalty pursuant to section 46301.''.

SEC. 826. FINAL RULEMAKING ON CERTAIN MANUFACTURING STANDARDS.

Not later than December 16, 2023, the Administrator of the Federal Aviation Administration shall issue a final rule for the notice of proposed rulemaking titled ''Airplane Fuel Efficiency Certification'' and published June 15, 2022 (RIN 2120–AL54).

SEC. 827. REMOTE DISPATCH.

(a) IN GENERAL.—Section 44711(a) of title 49, United States Code, is amended—

(1) in paragraph (9) by striking ''or'' at the end;

(2) in paragraph (10) by striking the period and inserting ''; or''; and

(3) by adding at the end the following:

''(11) work as an aircraft dispatcher outside of a physical location designated as a dispatching center or flight following center of an air carrier, except as provided under section 44747.''.

(b) AIRCRAFT DISPATCHING.—Chapter 447 of title 49, United States Code, is further amended by adding at the end the following:

''§ 44747. Aircraft dispatching

''(a) AIRCRAFT DISPATCHING CERTIFICATE.—No person may serve as an aircraft dispatcher for an air carrier unless that person holds the appropriate aircraft dispatcher certificate issued by the Administrator of the Federal Aviation Administration.

''(b) PROOF OF CERTIFICATE.—Upon the request of the Administrator or an authorized representative of the National Transportation Safety Board, or other appropriate Federal agency,

a person who holds such a certificate, and is performing dispatching shall present the certificate for inspection.

''(c) DISPATCH CENTERS AND FLIGHT FOLLOWING CENTERS.—

''(1) ESTABLISHMENT.—Air carriers shall establish and maintain sufficient dispatch centers and flight following centers necessary to maintain operational control of each flight at all times.

''(2) REQUIREMENTS.—Air carrier dispatch centers and flight following centers shall—

''(A) have a sufficient number of aircraft dispatchers at dispatch centers and flight following centers to ensure proper operational control of each flight at all times;

''(B) have the equipment necessary and in good repair to maintain proper operational control of each flight at all times; and

''(C) include appropriate physical and cybersecurity protections, as determined by the Administrator.

''(3) LOCATION LIMITATION.—No air carrier may dispatch aircraft from any location other than the designated dispatch centers or flight following centers of such air carrier.

''(d) EMERGENCY AUTHORITY FOR REMOTE DISPATCHING.—Notwithstanding subsection (c), an air carrier may dispatch aircraft from locations other than from designated dispatch centers or flight following centers for a limited period of time in the event of an emergency or other event that renders a center inoperable. An air carrier may not dispatch aircraft under the emergency authority under this subsection for longer than 30 consecutive days without the approval of the Administrator.''.

(c) CLERICAL AMENDMENT.—The analysis for chapter 447 of title 49, United States Code, is further amended by adding at the end the following:

''44747. Aircraft dispatching.''.

SEC. 828. EMPLOYEE ASSAULT PREVENTION AND RESPONSE PLANS AMENDMENT.

Section 551 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44903 note) is amended—

(1) in subsection (a)—

(A) by striking ''Not later than 90 days after the date of enactment of this Act,'' and inserting ''The Administrator shall require''; and

(B) by striking ''shall submit to the Administrator'' and inserting ''to submit''; and

(2) in subsection (c) by striking ''A part 121 air carrier shall'' and inserting ''The Administrator shall require a part 121 air carrier to''.

SEC. 829. CREW MEMBER SELF-DEFENSE TRAINING.

Section 44918(b) of title 49, United States Code, is amended—

(1) in paragraph (4) by striking ''Neither'' and inserting ''Except as provided in paragraph (8), neither''; and

(2) by adding at the end the following:

''(8) AIR CARRIER ACCOMMODATION.—An air carrier with a crew member participating in the training program under this subsection shall provide a process through which each such crew member may obtain reasonable accommodations.''.

SEC. 830. FORMAL SEXUAL ASSAULT AND HARASSMENT POLICIES ON AIR CARRIERS AND FOREIGN AIR CARRIERS.

(a) IN GENERAL.—Chapter 417 of title 49, United States Code, is further amended by adding at the end the following:

''§ 41729. Formal sexual assault and harassment policies

''(a) REQUIREMENT.—Not later than 180 days after the date of enactment of this section, each air carrier and foreign air carrier transporting passengers for compensation shall issue, in consultation with labor unions representing personnel of the air carrier or foreign air carrier, a formal policy with respect to transportation sexual assault or harassment incidents.

''(b) CONTENTS.—The policy required under subsection (a) shall include—

''(1) a statement indicating that no transportation sexual assault or harassment incident is acceptable under any circumstance;

''(2) procedures that facilitate the reporting of a transportation sexual assault or harassment incident, including—

''(A) appropriate public outreach activities; and

''(B) confidential phone and internet-based opportunities for reporting;

''(3) procedures that personnel should follow upon the reporting of a transportation sexual assault or harassment incident, including actions to protect affected individuals from continued sexual assault or harassment and to notify law enforcement when appropriate;

''(4) procedures that may limit or prohibit, to the extent practicable, future travel with the air carrier or foreign air carrier by any passenger who causes a transportation sexual assault or harassment incident; and

''(5) training that is required for all appropriate personnel with respect to the policy required under subsection (a), including—

''(A) specific training for personnel who may receive reports of transportation sexual assault or harassment incidents; and

''(B) recognizing and responding to potential human trafficking victims, in the same manner as required under section 44734(a)(4).

''(c) PASSENGER INFORMATION.—An air carrier or foreign air carrier described in subsection (a) shall prominently display, on the internet website of the air carrier or foreign air carrier and through the use of appropriate signage, a written statement that informs passengers and personnel of the procedure for reporting a transportation sexual assault or harassment incident.

''(d) STANDARD OF CARE.—Compliance with the requirements of this section, and any policy issued thereunder, shall not determine whether the air carrier or foreign air carrier described in subsection (a) has acted with any requisite standard of care.

''(e) DEFINITIONS.—In this section:

''(1) PERSONNEL.—The term 'personnel' means an employee or contractor of an air carrier or foreign air carrier.

''(2) SEXUAL ASSAULT.—The term 'sexual assault' means the occurrence of an act that constitutes any nonconsensual sexual act proscribed by Federal, tribal, or State law, including when the victim lacks capacity to consent.

''(3) TRANSPORTATION SEXUAL ASSAULT OR HARASSMENT INCIDENT.—The term 'transportation sexual assault or harassment incident' means the occurrence, or reasonably suspected occurrence, of an act that—

''(A) constitutes sexual assault or sexual harassment; and

''(B) is committed—

''(i) by a passenger or member of personnel of an air carrier or foreign air carrier against another passenger or member of personnel of an air carrier or foreign air carrier; and

''(ii) within an aircraft or in an area in which passengers are entering or exiting an aircraft.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 417 of title 49, United States Code, is further amended by adding at the end the following:

''41729. Formal sexual assault and harassment policies.''.

SEC. 831. INTERFERENCE WITH SECURITY SCREENING PERSONNEL.

Section 46503 of title 49, United States Code, is amended—

(1) by striking ''An individual'' and inserting the following:

''(a) IN GENERAL.—An individual''; and

(2) by adding at the end the following:

''(b) AIRPORT AND AIR CARRIER EMPLOYEES.—For purposes of this section, an airport or air carrier employee who has security duties within the airport includes an airport or air carrier employee performing ticketing, check-in, baggage claim, or boarding functions.''.

SEC. 832. MECHANISMS TO REDUCE HELICOPTER NOISE.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study to examine ways in which a State, territorial, or local government may mitigate the negative impacts of commercial helicopter noise.

(b) CONSIDERATIONS.—In conducting the study under subsection (a), the Comptroller General shall consider—

(1) the varying degree of commercial helicopter operations in different communities; and

(2) actions that State, and local governments have taken, and authorities such governments have used, to reduce the impact of commercial helicopter noise and the success of such actions.

(c) REPORT.—Not later than 2 years after the date of enactment of this Act, the Comptroller General shall provide to the Administrator of the Federal Aviation Administration, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report on the findings of the study conducted under subsection (a).

SEC. 833. TECHNICAL CORRECTIONS.

(a) TITLE 49 ANALYSIS.—The analysis for title 49, United States Code, is amended by striking the item relating to subtitle IX and inserting the following:

''IX. MULTIMODAL FREIGHT TRANSPORTATION..... 70101''.

(b) SUBTITLE I ANALYSIS.—The analysis for subtitle I of title 49, United States Code, is amended by striking the item relating to chapter 7.

(c) SUBTITLE VII ANALYSIS.—The analysis for subtitle VII of title 49, United States Code, is amended by striking the item relating to chapter 448 and inserting the following:

''448. Unmanned Aircraft Systems..... 44801''.

(d) AUTHORITY TO EXEMPT.—Section 40109(b) of title 49, United States Code, is amended by striking ''sections 40103(b)(1) and (2) of this title'' and inserting ''paragraphs (1) and (2) of section 40103(b)''.

(e) GENERAL PROCUREMENT AUTHORITY.—Section 40110(d)(3) of title 49, United States Code, is further amended—

(1) in subparagraph (B) by inserting '', as in effect on October 9, 1996'' after ''Policy Act'';

(2) in subparagraph (C) by striking ''the Office of Federal Procurement Policy Act'' and inserting ''division B of subtitle I of title 41''; and

(3) in subparagraph (D) by striking ''section 27(e)(3)(A)(iv) of the Office of Federal Procurement Policy Act'' and inserting ''section 2105(c)(1)(D) of title 41''.

(f) GOVERNMENT-FINANCED AIR TRANSPORTATION.—Section 40118(g)(1) of title 49, United States Code, is amended by striking ''detection and reporting of potential human trafficking (as described in paragraphs (9) and (10)'' and inserting ''detection and reporting of potential severe forms of trafficking in persons and sex trafficking (as such terms are defined in paragraphs (11) and (12)''.

(g) FAA AUTHORITY TO CONDUCT CRIMINAL HISTORY RECORD CHECKS.—Section 40130(a)(1)(A) of title 49, United States Code, is amended by striking ''(42 U.S.C. 14616)'' and inserting ''(34 U.S.C. 40316)''.

(h) SUBMISSIONS OF PLANS.—Section 41313(c)(16) of title 49, United States Code, is amended by striking ''will consult'' and inserting ''the foreign air carrier shall consult''.

(i) PLANS AND POLICY.—Section 44501(c) of title 49, United States Code, is amended—

(1) in paragraph (2)(B)(i), by striking ''40119,''; and

(2) in paragraph (3) by striking ''Subject to section 40119(b) of this title and regulations prescribed under section 40119(b),'' and inserting

''Subject to section 44912(d)(2) and regulations prescribed under such section,''.

(j) USE AND LIMITATION OF AMOUNTS.—Section 44508 of title 49, United States Code, is amended by striking ''40119,'' each place it appears.

(k) STRUCTURES INTERFERING WITH AIR COMMERCE OR NATIONAL SECURITY.—Section 44718(h) of title 49, United States Code, is amended to read as follows:

''(h) DEFINITIONS.—In this section, the terms 'adverse impact on military operations and readiness' and 'unacceptable risk to the national security of the United States' have the meaning given those terms in section 183a(h) of title 10.''.

(l) METEOROLOGICAL SERVICES.—Section 44720(b)(2) of title 49, United States Code, is amended—

(1) by striking ''the Administrator to persons'' and inserting ''the Administrator, to persons''; and

(2) by striking ''the Administrator and to'' and inserting ''the Administrator, and to''.

(m) AERONAUTICAL CHARTS.—Section 44721(c)(1) of title 49, United States Code, is amended by striking ''1947,'' and inserting ''1947''.

(n) FLIGHT ATTENDANT CERTIFICATION.—Section 44728(c) of title 49, United States Code, is amended by striking ''Regulation,'' and inserting ''Regulations,''.

(o) MANUAL SURCHARGE.—The analysis for chapter 453 of title 49, United States Code, is amended by adding at the end the following:

''45306. Manual surcharge.''.

(p) SCHEDULE OF FEES.—Section 45301(a) of title 49, United States Code, is amended by striking ''The Administrator shall establish'' and inserting ''The Administrator of the Federal Aviation Administration shall establish''.

(q) JUDICIAL REVIEW.—Section 46110(a) of title 49, United States Code, is amended by striking ''subsection (l) or (s) of section 114'' and inserting ''subsection (l) or (r) of section 114''.

(r) CIVIL PENALTIES.—Section 46301(a) of title 49, United States Code, is amended—

(1) in the heading for paragraph (6), by striking ''FAILURE TO COLLECT AIRPORT SECURITY BADGES'' and inserting ''FAILURE TO COLLECT AIRPORT SECURITY BADGES''; and

(2) in paragraph (7), by striking ''PENALTIES RELATING TO HARM TO PASSENGERS WITH DISABILITIES'' in the paragraph heading and inserting ''PENALTIES RELATING TO HARM TO PASSENGERS WITH DISABILITIES''.

(s) PAYMENTS UNDER PROJECT GRANT AGREEMENTS.—Section 47111(e) of title 49, United States Code, is amended by striking ''fee'' and inserting ''charge''.

(t) AGREEMENTS FOR STATE AND LOCAL OPERATION OF AIRPORT FACILITIES.—Section 47124(b)(1)(B)(ii) of title 49, United States Code, is amended by striking the second period at the end.

(u) USE OF FUNDS FOR REPAIRS FOR RUNWAY SAFETY REPAIRS.—Section 47144(b)(4) of title 49, United States Code, is amended by striking ''(42 U.S.C. 4121 et seq.)'' and inserting ''(42 U.S.C. 5121 et seq.)''.

(v) METROPOLITAN WASHINGTON AIRPORTS AUTHORITY.—Section 49106 of title 49, United States Code, is amended—

(1) in subsection (a)(1)(B) by striking ''and section 49108 of this title''; and

(2) in subsection (c)(6)(C) by inserting ''the'' before ''jurisdiction''.

(w) SEPARABILITY AND EFFECT OF JUDICIAL ORDER.—Section 49112(b) of title 49, United States Code, is amended—

(1) by striking paragraph (1); and

(2) by striking ''(2) Any action'' and inserting ''Any action''.

SEC. 834. TRANSPORTATION OF ORGANS.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Secretary of Transportation, in consultation with the Administrator of the Federal Aviation Administration, shall convene a working group (in this section referred to as the ''working group'') to assist in developing best practices for transportation of an organ in the cabin of an aircraft operating under part 121 of title 14, Code of Federal Regulations, and to identify regulations that hinder such transportation, if applicable.

(b) COMPOSITION.—The working group shall be comprised of representatives from the following:

(1) Air carriers operating under part 121 of title 14, Code of Federal Regulations.

(2) Organ procurement organizations.

(3) Organ transplant hospitals.

(4) Flight attendants.

(5) Other relevant Federal agencies involved in organ transportation or air travel.

(c) CONSIDERATIONS.—In establishing the best practices described in subsection (a), the working group shall consider—

(1) a safe, standardized process for acceptance, handling, management, and transportation of an organ in the cabin of such aircraft; and

(2) protocols to ensure the safe and timely transport of an organ in the cabin of such aircraft, including through connecting flights.

(d) RECOMMENDATIONS.—Not later than 1 year after the convening of the working group, such working group shall submit to the Secretary a report containing recommendations for the best practices described in subsection (a).

(e) DEFINITION OF ORGAN.—In this section, the term ''organ''—

(1) has the meaning given such term in section 121.2 of title 42, Code of Federal Regulations; and

(2) includes organ-related tissue.

SEC. 835. REPORT ON APPLICATION APPROVAL TIMING.

Not later than 120 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing the amount of time the application approval process takes for agricultural aircraft operations under part 137 of title 14, Code of Federal Regulations.

SEC. 836. STUDY ON AIR CARGO OPERATIONS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall initiate a study on the sustainability of air cargo operations.

(b) CONTENTS.—In conducting the study required under subsection (a), the Comptroller General shall address the following:

(1) Airport and cargo development strategies, including the pursuit of new air carriers and plans for physical expansion.

(2) Key historical statistics for passenger, cargo volumes, including freight, express, and mail cargo, and operations, including statistics distinguishing between passenger and freight operations.

(3) A description of air cargo facilities, including the age and condition of such facilities and the square footage and configuration of the landside and airside infrastructure of such facilities, and cargo buildings.

(4) The projected square footage deficit of the cargo facilities and infrastructure described in paragraph (3).

(5) The projected requirements and square footage deficit for air cargo support facilities.

(6) The general physical and operating issues and constraints associated with air cargo operations.

(7) A description of delays in truck bays associated with the infrastructure and critical landside issues, including truck maneuvering and queuing and parking for employees and customers.

(8) The estimated cost of developing new cargo facilities and infrastructure, including the identification of percentages for development with a return on investment and without a return on investment.

(9) The projected leasing costs to tenants per square foot with and without Federal funding of the non-return on investment allocation.

(10) A description of customs and general staffing issues associated with air cargo operations and the impacts of such issues on service.

(11) An assessment of the impact, cost, and estimated cost savings of using modern comprehensive communications and technology systems in air cargo operations.

(12) A description of the impact of Federal regulations and local enforcement of interdiction and facilitation policies on throughput.

(c) REPORT.—The Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the results of the study carried out under this section.

SEC. 837. NEXT GENERATION RADIO ALTIMETERS.

(a) IN GENERAL.—Not later than 60 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with industry and other relevant government stakeholders, shall carry out an accelerated program to assist with the development, testing, and certification of the standards and technology necessary to ensure industry and the Administration can certify, produce and meet the installation requirements for next generation radio altimeters across all necessary aircraft by January 1, 2028.

(b) GRANT PROGRAM.—The Administrator may award grants for the purposes of research and development, testing, and other activities necessary to ensure that next generation radio altimeter technology is developed, tested, certified, and installed on necessary aircraft by 2028, including through public-private partnership grants (which shall include protections for necessary intellectual property with respect to any private sector entity testing, certifying, or producing next generation radio altimeters under the program carried out under this section) with industry to ensure the accelerated production and installation by January 1, 2028.

(c) REVIEW AND REPORT.—Not later than 180 days after the enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the steps the Administrator has taken as of the date on which such report is submitted and any actions the Administrator plans to take, including as part of the program carried out under this section, to ensure that next generation radio altimeter technology is developed, tested, certified, and installed by 2028.

SEC. 838. SENSE OF CONGRESS REGARDING SAFETY AND SECURITY OF AVIATION INFRASTRUCTURE.

It is the sense of Congress that aviation provides essential services critical to the United States economy and that it is important to ensure the safety and security of aviation infrastructure and protect such infrastructure from unlawful breaches with appropriate legal safeguards.

SEC. 839. RESTRICTED CATEGORY AIRCRAFT MAINTENANCE AND OPERATIONS.

Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration shall have sole jurisdiction over the maintenance and operations of aircraft owned by civilian operators and type-certificated in the restricted category under section 21.25 of title 14, Code of Federal Regulations.

SEC. 840. REPORT ON TELEWORK.

Not later than 120 days after the date of the enactment of this Act, the Secretary of Transportation shall submit to the Committee on

Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committees on Appropriations of the Senate and the House of Representatives a detailed report on any direct and indirect costs and inefficiencies associated with COVID-era telework policies at the Federal Aviation Administration.

SEC. 841. CREWMEMBER PUMPING GUIDANCE.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue guidance to part 121 air carriers relating to the expression of milk by crewmembers on an aircraft during noncritical phases of flight, consistent with the performance of the crewmember's duties aboard the aircraft. The guidance shall be equally applicable to any lactating crewmember. In developing the guidance, the Administrator shall—

(1) consider multiple methods of expressing breast milk that could be used by crewmembers, including the use of wearable lactation technology; and

(2) ensure the guidance will not require an air carrier or foreign air carrier to incur significant expense, such as through—

(A) the addition of an extra crewmember in response to providing a break;

(B) removal or retrofitting of seats on the aircraft; or

(C) modification or retrofitting of an aircraft.

(b) DEFINITIONS.—In this section:

(1) CREWMEMBER.—The term ''crewmember'' has the meaning given such term in section 1.1 of title 14, Code of Federal Regulations.

(2) CRITICAL PHASES OF FLIGHT.—The term ''critical phases of flight'' has the meaning given such term in section 121.542 of title 14, Code of Federal Regulations.

(3) PART 121.—The term ''part 121'' means part 121 of title 14, Code of Federal Regulations.

(c) AVIATION SAFETY.—Nothing in this section shall limit the authority of the Administrator relating to aviation safety under subtitle VII of title 49, United States Code.

SEC. 842. AIRCRAFT INTERCHANGE AGREEMENT LIMITATIONS.

(a) STUDY.—Not later than 90 days after the date of enactment of this Act, the Administrator of Federal Aviation Administration shall conduct a study of foreign interchange agreements.

(b) CONTENTS.—In carrying out the study required under subsection (a), the Administrator shall address the following:

(1) Methods for updating regulations under part 121.569 of title 14, Code of Federal Regulations, for foreign interchange agreements.

(2) Time limits for foreign aircraft interchange agreements.

(3) Minimum breaks between foreign aircraft interchange agreements.

(4) Limits for no more than 1 foreign aircraft interchange agreement between 2 airlines.

(5) Limits for no more than 2 foreign aircraft on the interchange agreement.

SEC. 843. FEDERAL AVIATION ADMINISTRATION ACADEMY AND FACILITY EXPANSION PLAN.

(a) PLAN.—

(1) IN GENERAL.—No later than 90 days after the date of enactment of this section, the Administrator of the Federal Aviation Administration shall initiate the development of a plan to—

(A) expand overall Federal Aviation Administration capacity relating to facilities, instruction, equipment, and training resources to grow the number of developmental air traffic controllers enrolled per fiscal year and support increases in FAA air controller staffing to advance the safety of the national airspace system; and

(B) establish a second FAA Academy.

(2) CONSIDERATIONS.—In developing the plan under paragraph (1), the Administrator shall consider—

(A) the resources needed to support an increase in the total number of developmental air traffic controllers enrolled at the FAA Academies;

(B) the resources needed to lessen FAA Academy attrition per fiscal year;

(C) how to modernize the education and training of developmental air traffic controllers, including through the use of new techniques and technologies to support instruction, and whether field training can be administered more flexibly, such as at other Federal Aviation Administration locations across the country;

(D) the equipment needed to support expanded instruction, including air traffic control simulation systems, virtual reality, and other virtual training platforms;

(E) projected staffing needs associated with FAA Academy expansion and the operation of virtual education platforms, including the number of on-the-job instructors needed to educate and train additional developmental air traffic controllers;

(F) the use of existing Federal Aviation Administration-owned facilities and classroom space and identifying potential opportunities for new construction;

(G) the costs of—

(i) expanding Federal Aviation Administration capacity (as described in paragraph (1)(A)); and

(ii) establishing a second FAA Academy (as described in paragraph (1)(B));

(H) soliciting input from, and coordinating with, relevant stakeholders as appropriate, including the exclusive bargaining representative of air traffic control specialists of the Federal Aviation Administration certified under section 7111 of title 5, United States Code; and

(I) other logistical and financial considerations as determined by appropriate the Administrator.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate the plan developed under subsection (a).

(c) BRIEFING.—Not later than 180 days after the submission of the plan under subsection (b), the Administrator shall brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the plan, including the implementation of the plan.

TITLE IX—NATIONAL TRANSPORTATION SAFETY BOARD AMENDMENTS ACT OF 2023

SEC. 901. SHORT TITLE.

This title may be cited as the ''National Transportation Safety Board Amendments Act of 2023''.

SEC. 902. AUTHORIZATION OF APPROPRIATIONS.

Section 1118(a) of title 49, United States Code, is amended to read as follows:

''(a) IN GENERAL.—There are authorized to be appropriated for the purposes of this chapter $142,000,000 for fiscal year 2024, $145,000,000 for fiscal year 2025, $150,000,000 for fiscal year 2026, $155,000,000 for fiscal year 2027, and $161,000,000 for fiscal year 2028. Such sums shall remain available until expended.''.

SEC. 903. CLARIFICATION OF TREATMENT OF TERRITORIES.

Section 1101 of title 49, United States Code, is amended to read as follows:

''§ 1101. Definitions

''(a) IN GENERAL.—In this chapter:

''(1) ACCIDENT.—The term 'accident' includes damage to or destruction of vehicles in surface or air transportation or pipelines, regardless of whether the initiating event is accidental or otherwise.

''(2) STATE.—The term 'State' means a State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, the Northern Mariana Islands, and Guam.

''(b) APPLICABILITY OF OTHER DEFINITIONS.—Section 2101(23) of title 46 and section 40102(a) shall apply to this chapter.''.

SEC. 904. ADDITIONAL WORKFORCE TRAINING.

(a) TRAINING ON EMERGING TRANSPORTATION TECHNOLOGIES.—Section 1113(b)(1) of title 49, United States Code, is amended—

(1) in subparagraph (I) by striking ''; and'' and inserting a semicolon;

(2) in subparagraph (J) by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(K) notwithstanding section 3301 of title 41, acquire training on emerging transportation technologies.''.

(b) ADDITIONAL TRAINING NEEDS.—Section 1115(d) of title 49, United States Code, is amended by inserting ''and in those subjects furthering the personnel and workforce development needs set forth in the strategic workforce plan of the Board as required under section 1113(h)'' after ''of accident investigation''.

SEC. 905. ACQUIRING MISSION-ESSENTIAL KNOWLEDGE AND SKILLS.

Section 1113(b) of title 49, United States Code, is amended by adding at the end the following:

''(3) DIRECT HIRE AUTHORITY.—

''(A) IN GENERAL.—Notwithstanding section 3304 and sections 3309 through 3318 of title 5, the Chairman may, on a determination that there is a severe shortage of candidates or a critical hiring need for particular positions, recruit and directly appoint into the competitive service highly qualified personnel with specialized knowledge important to the function of the Board.

''(B) LIMITATION.—The authority granted under subparagraph (A) shall terminate on the date that is 5 years after the date of the enactment of this paragraph.

''(C) EXCEPTION.—The authority granted under subparagraph (A) shall not apply to positions in the excepted service or the Senior Executive Service.

''(D) REQUIREMENTS.—In exercising the authority granted under subparagraph (A), the Board shall ensure that any action taken by the Board—

''(i) is consistent with the merit principles of section 2301 of title 5; and

''(ii) complies with the public notice requirements of section 3327 of title 5.''.

SEC. 906. OVERTIME ANNUAL REPORT TERMINATION.

Section 1113(g)(5) of title 49, United States Code, is repealed.

SEC. 907. STRATEGIC WORKFORCE PLAN.

Section 1113 of title 49, United States Code, is amended by adding at the end the following:

''(h) STRATEGIC WORKFORCE PLAN.—

''(1) IN GENERAL.—The Board shall develop a strategic workforce plan that addresses the immediate and long-term workforce needs of the Board with respect to carrying out the authorities and duties of the Board under this chapter.

''(2) ALIGNING THE WORKFORCE TO STRATEGIC GOALS.—In developing the strategic workforce plan under paragraph (1), the Board shall take into consideration—

''(A) the current state and capabilities of the Board, including a high-level review of mission requirements, structure, workforce, and performance of the Board;

''(B) the significant workforce trends, needs, issues, and challenges with respect to the Board and the transportation industry;

''(C) the workforce policies, strategies, performance measures, and interventions to mitigate succession risks that guide the workforce investment decisions of the Board;

''(D) a workforce planning strategy that identifies workforce needs, including the knowledge, skills, and abilities needed to recruit and retain skilled employees at the Board;

''(E) a workforce management strategy that is aligned with the mission, goals, and organizational objectives of the Board;

''(F) an implementation system for workforce goals focused on addressing continuity of leadership and knowledge sharing across the Board;

''(G) an implementation system that addresses workforce competency gaps, particularly in mission-critical occupations; and

''(H) a system for analyzing and evaluating the performance of the Board's workforce management policies, programs, and activities.

''(3) PLANNING PERIOD.—The strategic workforce plan developed under paragraph (1) shall address a 5-year forecast period, but may include planning for longer periods based on information about trends in the transportation sector.

''(4) PLAN UPDATES.—The Board shall update the strategic workforce plan developed under paragraph (1) not less than once every 5 years.

''(5) RELATIONSHIP TO STRATEGIC PLAN.—The strategic workforce plan developed under paragraph (1) may be developed separately from, or incorporated into, the strategic plan required under section 306 of title 5.

''(6) AVAILABILITY.—The strategic workforce plan under paragraph (1) and the strategic plan required under section 306 of title 5 shall be—

''(A) submitted to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate; and

''(B) made available to the public on a website of the Board.''.

SEC. 908. TRAVEL BUDGETS.

(a) IN GENERAL.—Section 1113 of title 49, United States Code, is further amended by adding at the end the following:

''(i) NONACCIDENT RELATED TRAVEL BUDGET.—

''(1) IN GENERAL.—The Board shall establish annual fiscal year budgets for non accident-related travel expenditures for each Board member which shall be incorporated into the annual budget request of the Board.

''(2) NOTIFICATION.—The Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of any non accident-related travel budget overrun for any Board member not later than 30 days of such overrun becoming known to the Board.''.

(b) CONFORMING AMENDMENT.—Section 9 of the National Transportation Safety Board Amendments Act of 2000 (49 U.S.C. 1113 note) is repealed.

SEC. 909. RETENTION OF RECORDS.

Section 1113 of title 49, United States Code, is further amended by adding at the end the following:

''(j) RETENTION OF RECORDS.—Notwithstanding chapters 21, 29, 31, and 33 of title 44, the Board may retain investigative records for such periods as determined by the Board.''.

SEC. 910. NONDISCLOSURE OF INTERVIEW RECORDINGS.

(a) IN GENERAL.—Section 1114 of title 49, United States Code, is amended—

(1) in subsection (b)—

(A) in the subsection heading by striking ''TRADE SECRETS'' and inserting ''CERTAIN CONFIDENTIAL INFORMATION''; and

(B) in paragraph (1)—

(i) by striking ''The Board'' and inserting ''IN GENERAL.—The Board''; and

(ii) by striking ''information related to a trade secret referred to in section 1905 of title 18'' and inserting ''confidential information described in section 1905 of title 18, including trade secrets,''; and

(2) by adding at the end the following:

''(h) INTERVIEW RECORDINGS.—

''(1) IN GENERAL.—The Board may not publicly disclose any part of any audio or video recording of an interview of participants in, or witnesses to, an accident or incident investigated by the Board.

''(2) SAVINGS PROVISION.—Paragraph (1) shall not be construed to apply to transcripts or summaries of such interviews.''.

(b) AVIATION ENFORCEMENT.—Section 1151 of title 49, United States Code, is amended by adding at the end the following:

''(d) NOTIFICATION TO CONGRESS.—If the Board or Attorney General carry out such civil actions described in subsection (a) or (b) of this section against an airman employed at the time of the accident or incident by an air carrier operating under part 121 of title 14, Code of Federal Regulations, the Board shall immediately notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of such civil actions, including—

''(1) the labor union representing the airman involved, if applicable;

''(2) the air carrier at which the airman is employed;

''(3) the docket information of the incident or accident in which the airman was involved;

''(4) the date of such civil actions taken by the Board or Attorney General; and

''(5) a description of why such civil actions were taken by the Board or Attorney General.

''(e) SUBSEQUENT NOTIFICATION TO CONGRESS.—Not later than 15 days after the notification described in subsection (d), the Board shall submit a report to or brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate describing the status of compliance with the civil actions taken.''.

SEC. 911. CLOSED UNACCEPTABLE RECOMMENDATIONS.

Section 1116(c) of title 49, United States Code, is amended—

(1) by redesignating paragraphs (3) through (6) as paragraphs (4) through (7), respectively; and

(2) by inserting after paragraph (2) the following:

''(3) a list of each recommendation made by the Board to the Secretary of Transportation or the Commandant of the Coast Guard that was closed in an unacceptable status in the preceding 12 months;''.

SEC. 912. ESTABLISHMENT OF OFFICE OF OVERSIGHT, ACCOUNTABILITY, AND QUALITY ASSURANCE.

(a) IN GENERAL.—Subchapter II of chapter 11 of title 49, United States Code, is amended by adding at the end the following:

''§ 1120. Office of Oversight, Accountability, and Quality Assurance

''(a) ESTABLISHMENT.—Not later than 1 year after the date of enactment of this section, the Board shall establish in the National Transportation Safety Board an Office of Oversight, Accountability, and Quality Assurance to provide oversight of the duties and responsibilities of the Board.

''(b) DIRECTOR.—

''(1) APPOINTMENT.—The head of the Office of Oversight, Accountability, and Quality Assurance shall be the Director, who shall be appointed by the Chairman of the Board and shall be approved by the Board.

''(2) QUALIFICATIONS.—The Director shall have demonstrated ability in investigations.

''(3) TERM.—The Director shall be appointed for a term of 5 years.

''(4) VACANCIES.—Any individual approved to fill a vacancy in the position of the Director occurring before the expiration of the term for which the predecessor of the individual was approved shall be approved for the remainder of the term or for a new term.

''(c) DUTIES.—The Director shall—

''(1) establish and ensure policies that promote integrity, efficiency, and effectiveness;

''(2) prevent and detect waste, fraud, and abuse in programs and operations;

''(3) provide policy direction related to the conduct, supervision, and coordination of audits and investigations relating to the activities of the Board;

''(4) identify trends and systemic issues within the agency and create strategies and recommendations to address such issues;

''(5) conduct impartial information gathering about complaints or concerns, and ensure the Board is meeting any quality and timeliness standards; and

''(6) not conduct any of the duties under this subsection in a manner that interferes with an ongoing safety investigation of the Board.

''(d) REPORTING CRIMINAL VIOLATIONS TO DEPARTMENT OF JUSTICE.—If the Director has reasonable grounds to believe that there has been a violation of Federal criminal law, the Director shall refer the matter to the Department of Justice.

''(e) SAVINGS CLAUSE.—Nothing in this section shall be construed to interfere or give the Office jurisdiction over any active investigation by the Board or the content of products approved by a vote of the Board.

''(f) ANNUAL REPORT.—

''(1) IN GENERAL.—The Director shall submit to the Board, the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate an annual report on the activities, investigations, findings, and recommendations of the Director.

''(2) SUNSET.—This subsection shall cease to have effect on October 1, 2028.''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 11 of title 49, United States Code, is amended by adding after the item relating to section 1119 the following:

''1120. Office of Oversight, Accountability, and Quality Assurance.''.

(c) PEER REVIEW.—Not earlier than 3 years after the date of enactment of this Act and not later than 5 years after the date of enactment of this Act, the Director of the Office of Oversight, Accountability, and Quality Assurance of the National Transportation Safety Board shall enter into the necessary arrangements with an inspector general, or similar Federal entity, to perform a peer review of the Office.

SEC. 913. MISCELLANEOUS INVESTIGATIVE AUTHORITIES.

(a) HIGHWAY INVESTIGATIONS.—Section 1131(a)(1)(B) of title 49, United States Code, is amended by striking ''selects in cooperation with a State'' and inserting ''selects, concurrent with any State investigation''.

(b) RAIL INVESTIGATIONS.—Section 1131(a)(1)(C) of title 49, United States Code, is amended by striking ''accident in which there is a fatality or substantial property damage, or that involves a passenger train'' and inserting ''accident, including a railroad grade crossing or trespasser accident that the Board selects, or in which there is otherwise a fatality or substantial property damage, or that involves a passenger train''.

SEC. 914. PUBLIC AVAILABILITY OF ACCIDENT REPORTS.

Section 1131(e) of title 49, United States Code, is amended by striking ''public at reasonable cost.'' and inserting the following: ''public

''(1) in printed form at reasonable cost; and

''(2) in electronic form at no cost in a publicly accessible database on a website of the Board.''.

SEC. 915. ENSURING ACCOUNTABILITY FOR TIMELINESS OF REPORTS.

Section 1131 of title 49, United States Code, is amended by adding at the end the following:

''(f) TIMELINESS OF REPORTS.—If any accident report under subsection (e) is not completed within 2 years from the date of the accident, the Board shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report identifying such accident report and the reasons for which such report has not been completed. The Board shall report progress toward completion of the accident report to each such Committees every 90 days thereafter, until such time as the accident report is completed.''.

SEC. 916. ENSURING ACCESS TO DATA.

Section 1134 of title 49, United States Code, is amended by adding at the end the following:

''(g) RECORDERS AND DATA.—In investigating an accident under this chapter, the Board may—

''(1) obtain any recorder or recorded information pertinent to the accident;

''(2) require a manufacturer or the vendors, suppliers, or affiliates of such manufacturer, to provide to the Board, without delay, information the Board determines necessary to enable the Board to read and interpret any recording device or recorded information pertinent to the accident; and

''(3) require a manufacturer or the vendors, suppliers, or affiliates of such manufacturer, to provide to the Board, without delay, data and other intellectual property the Board determines necessary to enable the Board to perform independent physics-based simulations and analyses of the accident situation.''.

SEC. 917. PUBLIC AVAILABILITY OF SAFETY RECOMMENDATIONS.

Section 1135(c) of title 49, United States Code, is amended by striking ''public at reasonable cost.'' and inserting the following: ''public—

''(1) in printed form at reasonable cost; and

''(2) in electronic form in a publicly accessible database on a website of the Board at no cost.''.

SEC. 918. IMPROVING DELIVERY OF FAMILY ASSISTANCE.

(a) AIRCRAFT ACCIDENTS.—Section 1136 of title 49, United States Code, is amended—

(1) in the heading by striking ''***to families of passengers involved in aircraft accidents***'' and inserting ''***to passengers involved in aircraft accidents and families of such passengers***'';

(2) in subsection (a)—

(A) by inserting ''within United States airspace or airspace delegated to the United States'' after ''aircraft accident'';

(B) by striking ''National Transportation Safety Board shall'' and inserting ''Board shall''; and

(C) in paragraph (2)—

(i) by striking ''emotional care and support'' and inserting ''emotional, psychological, and spiritual care and support services''; and

(ii) by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(3) in subsection (c)—

(A) in the matter preceding paragraph (1), by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(B) in paragraph (1) by striking ''mental health and counseling services'' and inserting ''emotional, psychological, and spiritual care and support services'';

(C) in paragraph (3)—

(i) by striking ''the families who have traveled to the location of the accident'' and inserting ''passengers involved in the accident and the families of such passengers who have traveled to the location of the accident''; and

(ii) by inserting ''passengers and'' before ''affected families''; and

(D) in paragraph (4), by inserting ''passengers and'' before ''families'';

(4) by amending subsection (d) to read as follows:

''(d) PASSENGER LISTS.—

''(1) REQUESTS FOR PASSENGER LISTS BY THE DIRECTOR OF FAMILY SERVICES.—

''(A) REQUESTS BY DIRECTOR OF FAMILY SUPPORT SERVICES.—It shall be the responsibility of the director of family support services designated for an accident under subsection (a)(1) to request, as soon as practicable, from the air carrier or foreign air carrier involved in the accident a passenger list, which is based on the best available information at the time of the request.

''(B) USE OF INFORMATION.—The director of family support services may not release to any person information on a list obtained under subparagraph (A), except that the director may, to the extent the director considers appropriate, provide information on the list about a passenger to—

''(i) the family of the passenger; or

''(ii) a local, State, or Federal agency responsible for determining the whereabouts or welfare of a passenger.

''(2) REQUESTS FOR PASSENGER LISTS BY DESIGNATED ORGANIZATION.—

''(A) REQUESTS BY DESIGNATED ORGANIZATION.—The organization designated for an accident under subsection (a)(2) may request from the air carrier or foreign air carrier involved in the accident a passenger list.

''(B) USE OF INFORMATION.—The designated organization may not release to any person information on a passenger list but may provide information on the list about a passenger to the family of the passenger to the extent the organization considers appropriate.'';

(5) in subsection (g)(1) by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(6) in subsection (g)(3)—

(A) in the paragraph heading by striking ''PREVENT MENTAL HEALTH AND COUNSELING'' and inserting ''PREVENT CERTAIN CARE AND SUPPORT'';

(B) by striking ''providing mental health and counseling services'' and inserting ''providing emotional, psychological, and spiritual care and support''; and

(C) by inserting ''passengers and'' before ''families'';

(7) in subsection (h)—

(A) by striking ''National Transportation Safety''; and

(B) by adding at the end the following:

''(3) PASSENGER LIST.—The term 'passenger list' means a list based on the best available information at the time of a request, of the name of each passenger aboard the aircraft involved in the accident.''; and

(8) in subsection (i) by striking ''the families of passengers involved in an aircraft accident'' and inserting ''passengers involved in the aircraft accident and the families of such passengers''.

(b) CLERICAL AMENDMENT.—The analysis for chapter 11 of title 49, United States Code, is further amended by striking the item relating to section 1136 and inserting the following:

''1136. Assistance to passengers involved in aircraft accidents and families of such passengers.''.

(c) RAIL ACCIDENTS.—Section 1139 of title 49, United States Code, is amended—

(1) in the heading by striking ''***to families of passengers involved in rail passenger accidents***'' and inserting ''***to passengers involved in rail passenger accidents and families of such passengers***'';

(2) in subsection (a) by striking ''National Transportation Safety Board shall'' and inserting ''Board shall'';

(3) in subsection (a)(2)—

(A) by striking ''emotional care and support'' and inserting ''emotional, psychological and spiritual care and support services''; and

(B) by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(4) in subsection (c)—

(A) in the matter preceding paragraph (1) by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(B) in paragraph (1) by striking ''mental health and counseling services'' and inserting ''emotional, psychological, and spiritual care and support services'';

(C) in paragraph (3)—

(i) by striking ''the families who have traveled to the location of the accident'' and inserting ''passengers involved in the accident and the families of such passengers who have traveled to the location of the accident''; and

(ii) by inserting ''passengers and'' before ''affected families''; and

(D) in paragraph (4), by inserting ''passengers and'' before ''families'';

(5) by amending subsection (d) to read as follows:

''(d) PASSENGER LISTS.—

''(1) REQUESTS FOR PASSENGER LISTS BY THE DIRECTOR OF FAMILY SERVICES.—

''(A) REQUESTS BY DIRECTOR OF FAMILY SUPPORT SERVICES.—It shall be the responsibility of the director of family support services designated for an accident under subsection (a)(1) to request, as soon as practicable, from the rail passenger carrier involved in the accident a passenger list, which is based on the best available information at the time of the request.

''(B) USE OF INFORMATION.—The director of family support services may not release to any person information on a list obtained under subparagraph (A), except that the director may, to the extent the director considers appropriate, provide information on the list about a passenger to—

''(i) the family of the passenger; or

''(ii) a local, State, or Federal agency responsible for determining the whereabouts or welfare of a passenger.

''(2) REQUESTS FOR PASSENGER LISTS BY DESIGNATED ORGANIZATION.—

''(A) REQUESTS BY DESIGNATED ORGANIZATION.—The organization designated for an accident under subsection (a)(2) may request from the rail passenger carrier involved in the accident a passenger list.

''(B) USE OF INFORMATION.—The designated organization may not release to any person information on a passenger list but may provide information on the list about a passenger to the family of the passenger to the extent the organization considers appropriate.'';

(6) in subsection (g)(1), by striking ''the families of passengers involved in the accident'' and inserting ''passengers involved in the accident and the families of such passengers'';

(7) in subsection (g)(3)—

(A) in the paragraph heading, by striking ''PREVENT MENTAL HEALTH AND COUNSELING'' and inserting ''PREVENT CERTAIN CARE AND SUPPORT'';

(B) by striking ''providing mental health and counseling services'' and inserting ''providing emotional, psychological, and spiritual care and support''; and

(C) by inserting ''passengers and'' before ''families''; and

(8) in subsection (h)—

(A) by striking ''National Transportation Safety''; and

(B) by adding at the end the following:

''(4) PASSENGER LIST.—The term 'passenger list' means a list based on the best available information at the time of the request, of the name of each passenger aboard the rail passenger carrier's train involved in the accident. A rail passenger carrier shall use reasonable efforts, with respect to its unreserved trains, and passengers not holding reservations on its other trains, to ascertain the names of passengers aboard a train involved in an accident.''.

(d) PLANS TO ADDRESS NEEDS OF FAMILIES OF PASSENGERS INVOLVED IN RAIL PASSENGER ACCIDENTS.—Section 24316(a) of title 49, United States Code, is amended by striking ''a major'' and inserting ''any''.

(e) CLERICAL AMENDMENT.—The analysis for chapter 11 of title 49, United States Code, is further amended by striking the item relating to section 1139 and inserting the following:

''1139. Assistance to passengers involved in rail passenger accidents and families of such passengers.''.

SEC. 919. UPDATING CIVIL PENALTY AUTHORITY.

Section 1155 of title 49, United States Code, is amended—

*(1) in the heading, by striking ''**Aviation penalties**'' and inserting ''**Penalties**''; and*

(2) in subsection (a), by striking ''or section 1136(g) (related to an aircraft accident)'' and inserting ''section 1136(g), or 1139(g)''.

SEC. 920. ELECTRONIC AVAILABILITY OF PUBLIC DOCKET RECORDS.

(a) IN GENERAL.—Not later than 24 months after the date of enactment of this Act, the National Transportation Safety Board shall make all records included in the public docket of an accident or incident investigation conducted by the Board (or the public docket of a study, report, or other product issued by the Board) electronically available in a publicly accessible database on a website of the Board, regardless of the date on which such public docket or record was created.

(b) DATABASE.—In carrying out subsection (a), the Board may utilize the multimodal accident database management system established pursuant to section 1108 of the FAA Reauthorization Act of 2018 (49 U.S.C. 1119 note) or such other publicly available database as the Board determines appropriate.

(c) BRIEFINGS.—The Board shall provide the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate an annual briefing on the implementation of this section until requirements of subsection (a) are fulfilled. Such briefings shall include—

(1) the number of public dockets that have been made electronically available pursuant to this section; and

(2) the number of public dockets that were unable to be made electronically available, including all reasons for such inability.

(d) DEFINITIONS.—In this section, the terms ''public docket'' and ''record'' have the same meanings given such terms in section 801.3 of title 49, Code of Federal Regulations, as in effect on the date of enactment of this Act.

SEC. 921. DRUG-FREE WORKPLACE.

Not later than 12 months after the date of enactment of this Act, the National Transportation Safety Board shall implement a drug testing program applicable to Board employees, including employees in safety or security sensitive positions, in accordance with Executive Order 12564 (51 Fed. Reg. 32889).

SEC. 922. ACCESSIBILITY IN WORKPLACE.

(a) IN GENERAL.—Not later than 12 months after the date of enactment of this Act, the National Transportation Safety Board shall conduct an assessment of the headquarters and regional offices of the Board to determine barriers to accessibility to facilities.

(b) CONTENTS.—In conducting the assessment under subsection (a), the Board shall consider—

(1) compliance with—

(A) the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.) and the corresponding accessibility guidelines established under part 1191 of title 36, Code of Federal Regulations; and

(B) the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.); and

(2) the best accessibility practices that exceed the requirements and recommendations of the Acts and guidelines described in paragraph (1).

SEC. 923. MOST WANTED LIST.

(a) TERMINATION OF PUBLICATION.—Not later than 90 days after the date of enactment of this Act, the Chairman of the National Transportation Safety Board shall terminate publication of the Most Wanted List and any activities associated with production of any future Most Wanted List.

(b) RULES OF CONSTRUCTION.—Nothing in this section shall be construed to prohibit the Board from—

(1) conducting advocacy activities unrelated to the Most Wanted List that the Board had the authority to conduct prior to the date of enactment of this Act; and

(2) maintaining materials related to previously issued Most Wanted Lists.

(c) MOST WANTED LIST DEFINED.—In this section, the term ''Most Wanted List'' has the meaning given such term in section 1102 of the FAA Reauthorization Act of 2018 (49 U.S.C. 1101 note).

SEC. 924. TECHNICAL CORRECTIONS.

(a) EVALUATION AND AUDIT OF NATIONAL TRANSPORTATION SAFETY BOARD.—Section 1138(a) of title 49, United States Code, is amended by striking ''expenditures of the National Transportation Safety'' and inserting ''expenditures of the''.

(b) ORGANIZATION AND ADMINISTRATIVE.—The analysis for chapter 11 of title 49, United States Code, is further amended—

(1) by striking the items relating to sections 117 and 1117; and

(2) by inserting after the item relating to section 1116 the following:

''1117. Methodology.''.

(c) SURFACE TRANSPORTATION BOARD.—The analysis for subtitle II of title 49, United States Code, is amended by inserting after the item relating to chapter 11 the following:

''13. Surface Transportation Board.''.

TITLE X—FREEDOM TO FLY ACT OF 2023

SECTION 1001. SHORT TITLE.

This title may be cited as the ''Freedom to Fly Act of 2023''.

SEC. 1002. PROHIBITION ON IMPLEMENTATION OF VACCINATION MANDATE.

The Administrator may not implement or enforce any requirement that employees of air carriers be vaccinated against COVID–19.

SEC. 1003. PROHIBITION ON VACCINATION REQUIREMENTS FOR FAA CONTRACTORS.

The Administrator may not require any contractor to mandate that employees of such contractor obtain a COVID–19 vaccine or enforce any condition regarding COVID–19 vaccination status of employees of a contractor.

SEC. 1004. PROHIBITION ON VACCINE MANDATE FOR FAA EMPLOYEES.

The Administrator may not implement or enforce any requirement that employees of the Administration be vaccinated against COVID–19.

SEC. 1005. PROHIBITION ON VACCINE MANDATE FOR PASSENGERS OF AIR CARRIERS.

The Administrator may not implement or enforce any requirement that passengers of air carriers be vaccinated against COVID–19.

SEC. 1006. PROHIBITION ON IMPLEMENTATION OF A MASK MANDATE.

The Administrator may not implement or enforce any requirement that employee of air carriers wear a mask.

SEC. 1007. PROHIBITION ON MASK MANDATES FOR FAA CONTRACTORS.

The Administrator may not require any contractor to mandate that employees of such contractor wear a mask.

SEC. 1008. PROHIBITION ON MASK MANDATE FOR FAA EMPLOYEES.

The Administrator may not implement or enforce any requirement that employees of the Administration wear a mask.

SEC. 1009. PROHIBITION ON MASK MANDATE FOR PASSENGERS OF AIR CARRIERS.

The Administrator may not implement or enforce any requirement that passengers of air carriers wear a mask.

SEC. 1010. DEFINITIONS.

In this title:

(1) ADMINISTRATOR.—The term ''Administration'' means the Administrator of the Federal Aviation Administration.

(2) AIR CARRIER.—The term ''air carrier'' has the meaning given such term in section 40102 of title 49, United States Code.

TITLE XI—FAA RESEARCH AND DEVELOPMENT

SEC. 1101. SHORT TITLE.

This title may be cited as the ''FAA Research and Development Act of 2023''.

SEC. 1102. DEFINITIONS.

In this title:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Federal Aviation Administration.

(2) APPROPRIATE COMMITTEES OF CONGRESS.—The term ''appropriate committees of Congress'' means the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

(3) FAA.—The term ''FAA'' means the Federal Aviation Administration.

(4) NASA.—The term ''NASA'' means the National Aeronautics and Space Administration.

(5) SECRETARY.—The term ''Secretary'' means the Secretary of Transportation.

Subtitle A—Authorization of Appropriations

SEC. 1111. AUTHORIZATION OF APPROPRIATIONS.

Subsection (a) of section 48102 of title 49, United States Code, is amended—

(1) in paragraph (14), by striking ''and'';

(2) in paragraph (15) by striking the period at the end and inserting a semicolon; and

(3) by adding at the end the following new paragraphs:

''(16) $255,130,000; for fiscal year 2024;

''(17) $261,000,000 for fiscal year 2025;

''(18) $267,000,000 for fiscal year 2026;

''(19) $273,000,000 for fiscal year 2027; and

''(20) $279,000,000 for fiscal year 2028.''.

Subtitle B—FAA Research and Development Organization

SEC. 1121. REPORT ON IMPLEMENTATION; FUNDING FOR SAFETY RESEARCH AND DEVELOPMENT.

Not later than one year after the date of the enactment of this title, the Comptroller General of the United States shall submit to the appropriate committees of Congress a report on the allocation of funding pursuant to section 48102 of title 49, United States Code, to the Secretary of Transportation to conduct civil aviation research and development and to assess the implementation of section 48102(b)(2) of such title.

Subtitle C—FAA Research and Development Activities

SEC. 1131. AVIATION FUEL RESEARCH, DEVELOPMENT, AND USAGE.

(a) ROADMAP.—Not later than nine months after the date of the enactment of this title, the Secretary of Transportation shall coordinate with the Administrator of NASA, the Secretary of Energy, and the Administrator of the Environmental Protection Agency, and consult relevant stakeholders, including those in industry and academia, to prepare and submit to the appropriate committees of Congress a coordinated research and development roadmap to safely eliminate the use of leaded aviation fuel in existing and future certified piston-engine aircraft. Such roadmap shall—

(1) identify activities to accelerate the development, testing, and certification of safe and lead-free fuel for use in general aviation aircraft, including requisite airport refueling infrastructure; and

(2) consider the feasibility of widespread use of such safe and lead-free aviation fuel by not later than 2028.

(b) PARTNERSHIP WITH PRIVATE INDUSTRY.—The Administrator shall coordinate with industry and pilot operators regarding research programs for mass production and distribution of unleaded aviation gasoline for market viability engine safety, and define criteria to explore incentive programs to reduce lead emissions for communities in need.

SEC. 1132. CONTINUOUS LOWER ENERGY, EMISSION, AND NOISE (CLEEN).

The Administrator shall consider expanding the CLEEN program under section 47511 of title

49, United States Code, and broadening eligibility for the CLEEN program to new entrants to the aviation system.

SEC. 1133. STRATEGY ON HYDROGEN AVIATION RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—The Administrator, in consultation with the Administrator of NASA and the heads of other relevant Federal agencies, shall lead the development of a research and development strategy on the safe use of hydrogen as part of a sustainable future for aviation. Such strategy shall consider the following:

(1) The feasibility, opportunities, challenges, and pathways toward the potential and safe uses of hydrogen in aviation.

(2) The use of hydrogen in addition to research and development efforts, including electrification, operational efficiencies and other alternatives to traditional aviation fuel.

(b) TRANSMITTAL.—Not later than one year after the date of the enactment of the Act, the Administrator shall transmit to the appropriate committees of Congress the research and development strategy required under subsection (a).

(c) RESEARCH AND DEVELOPMENT.—Based on the results of the research and development strategy under subsection (a), the Administrator, in coordination with the Administrator of NASA, may conduct research and development activities into the following:

(1) The qualification of hydrogen aviation fuel.

(2) The safe transition to such fuel for aircraft.

(3) The advancement of certification efforts for such fuel.

(4) Risk mitigation measures for the use of such fuel in aircraft systems, including propulsion and storage systems.

SEC. 1134. REPORT ON FUTURE ELECTRIC GRID RESILIENCY.

Not later than two years after the date of the enactment of this title, the Administrator, in coordination with the Secretary of Energy, shall submit to the appropriate committees of Congress a report on the model use of the electrical grid to support future electric advanced air mobility, including cost, challenges, and opportunities for clean generation of electricity relating to such support.

SEC. 1135. AIR TRAFFIC SURVEILLANCE OVER OCEANS AND OTHER REMOTE LOCATIONS.

(a) AIR TRAFFIC SURVEILLANCE OVER OCEANS.—Subject to the availability of appropriations for such purpose, the Administrator, in consultation with the Administrator of NASA and the heads of other relevant Federal agencies, shall carry out research, development, demonstration, and testing on civilian air traffic surveillance over oceans and other remote locations.

(b) REQUIREMENTS.—In carrying out the research, development, demonstration, and testing under subsection (a), the Administrator shall—

(1) consider the need for international interoperability of technologies, data, operations, and air traffic control systems;

(2) examine the status of using air traffic surveillance technologies, including space-based Automatic Dependent Surveillance-Broadcast, to facilitate the implementation of minimal separation standards over United States-controlled oceanic airspace;

(3) identify mitigating approaches to reducing any operational challenges, associated costs, or workload impacts; and

(4) use testing, data collection, evaluation, and analysis on the use of air traffic surveillance technologies, including space-based Automatic Dependent Surveillance-Broadcast, to support the activities described in paragraphs (1) through (3).

(c) PILOT PROGRAM.—The Administrator may carry out a pilot program to test and evaluate air traffic surveillance equipment over United States-controlled oceanic airspace and other remote locations.

(d) REPORT.—Not later than one year after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report on the activities carried out under this section.

SEC. 1136. UTILIZATION OF SPACE-BASED ASSETS TO IMPROVE AIR TRAFFIC CONTROL AND AVIATION SAFETY.

(a) IN GENERAL.—Subject to the availability of appropriations for such purpose, the Administrator, in coordination with the Administrator of NASA, and in consultation with industry stakeholders, shall carry out research, development, and testing of the use of air traffic Space-Based Automatic Dependent Surveillance-Broadcast (ADS-B) data.

(b) RESEARCH ACTIVITIES.—In carrying out the research, development, and testing under subsection (a) the Administrator shall focus on the following:

(1) Monitoring and automatically reporting air turbulence events.

(2) Providing space-based multilateration surveillance.

(3) Identifying global positioning system (GPS) and global navigation satellite system (GNSS) disruptions affecting air traffic services and assessing the impact of such events on the safety of air traffic and the National Airspace System.

(4) Evaluating the feasibility of implementing and using aviation safety technologies and systems using space-based Automatic Dependent Surveillance-Broadcast data.

(c) REPORT.—Not later than 180 days after the date of the enactment of this title, the Administrator shall provide to the appropriate committees of Congress a report on the research and development under subsection (a) and the activities researched pursuant to subsection (b).

SEC. 1137. AVIATION WEATHER TECHNOLOGY REVIEW.

(a) REVIEW.—The Administrator, in consultation with the Administrator of the National Oceanic and Atmospheric Administration, shall conduct a review of current and planned research, modeling, and technology capabilities that have the potential to more accurately detect and predict weather impacts to aviation, including for unmanned aircraft systems and advanced air mobility operations, inform how advanced predictive models can enhance aviation operations, and increase national airspace system safety and efficiency.

(b) REPORT.—Not later than one year after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report containing the results of the review conducted under subsection (a).

SEC. 1138. AIR TRAFFIC SURFACE OPERATIONS SAFETY.

(a) RESEARCH.—Subject to the availability of appropriations for such purpose, the Administrator, in consultation with the Administrator of NASA and the heads of other appropriate Federal agencies, shall continue to carry out research on technologies and operations to enhance air traffic surface operations safety.

(b) REQUIREMENTS.—The research program under subsection (a) shall examine the following:

(1) The safety of current air traffic control operations related to air traffic surface operations.

(2) Emerging in-cockpit technologies to enhance ground situational awareness.

(3) Emerging technologies to enhance air traffic control situational awareness.

(4) Air traffic surface operations safety for diverse advanced air mobility operations.

(5) Safety and operational data needed to inform current and future safety programs on advanced air mobility vehicles.

(6) Economic benefits of utilizing existing airport infrastructure for use in advanced air mobility operations.

(c) REPORT.—Not later than 18 months after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report on the research carried out under this section, including regarding the transition into operational use of such research.

SEC. 1139. AIRPORT AND AIRFIELD PAVEMENT TECHNOLOGY RESEARCH PROGRAM.

Section 744 of the FAA Reauthorization Act of 2018 (Public Law 115–254; 49 U.S.C. 44505 note) is amended—

(1) in paragraph (3), by striking ''and'';

(2) in paragraph (4), by striking ''durable airfield pavements.'' and inserting ''resilient and sustainable airfield and vertiport pavements; and''; and

(3) by adding at the end the following new paragraph:

''(5) develop sustainability and resiliency guidelines to improve long-term pavement performance and reduce carbon emissions.''.

SEC. 1140. TECHNOLOGY REVIEW OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING TECHNOLOGIES.

(a) REVIEW.—The Administrator shall conduct a review of current and planned artificial intelligence and machine learning technologies to improve airport efficiency and safety.

(b) SUMMARIES.—The review conducted under subsection (a) shall include examination of the application of artificial intelligence and machine learning technologies to the following:

(1) Jet bridges.

(2) Airport service vehicles on airport movement areas.

(3) Aircraft taxi.

(4) Any other areas the Administrator determines necessary to help improve airport efficiency and safety.

(c) REPORT.—Not later than one year after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report containing the results of the review conducted under subsection (a). The report shall also include an examination of China's domestic application of artificial intelligence and machine learning technologies identified under subsection (b).

SEC. 1141. RESEARCH PLAN FOR COMMERCIAL SUPERSONIC RESEARCH.

Not later than one year after the date of the enactment of this title, the Administrator, in consultation with the Administrator of NASA and industry, shall submit to the appropriate committees of Congress a comprehensive research plan to build on existing research and development activities and identify any further research and development needed to inform the development of Federal and international policies, regulations, standards, and recommended practices relating to the certification and safe and efficient operation of civil supersonic aircraft and supersonic overland flight.

SEC. 1142. ELECTROMAGNETIC SPECTRUM RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—The Administrator shall conduct research, engineering, and development related to the effective and efficient use and management of radio frequency spectrum in the civil aviation domain, including for aircraft, unmanned aircraft systems, and advanced air mobility. Such research, engineering, and development shall, at a minimum, address the following:

(1) How reallocation or repurposing of radio frequency spectrum adjacent to spectrum allocated for communication, navigation, and surveillance may impact the safety of civil aviation.

(2) The effectiveness of measures to identify risks, protect, and mitigate against spectrum interference in frequency bands used in civil and commercial aviation operations to ensure public safety.

(b) REPORT.—Not later than one year after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report containing the results of the research, engineering, and development conducted under subsection (a).

SEC. 1143. AVIATION STRUCTURES, MATERIALS, AND ADVANCED MANUFACTURING RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—Using the amounts available under section 48102(a) of title 49, United States Code, the Administrator, in coordination with the Director of the National Institute of Standards and Technology, shall carry out a research and development program for advancing aviation structures, materials, and manufacturing for the safe use in and on aircraft.

(b) INCLUSION.—The program under subsection (a) shall, to the extent practicable, include research and development relating to the following:

(1) Metallic and non-metallic based additive materials and processes, composites, and other advanced materials.

(2) Process development for the development of design and manufacturing standards for aviation structures, materials, and additive manufacturing.

(3) Improving certification efficiency of aviation structures, materials, and additively manufactured aviation products and components.

(4) Evaluating long-term material and structural behavior and associated maintenance, including support for fatigue life determination, structural changes related to fatigue, thermal, corrosive environments, and expected maintenance of such materials, including recommended repair techniques.

(5) Partnering with commercial entities to mature and certify, as appropriate, the following capabilities for use in aircraft manufacturing:

(A) Additive manufacturing, including large-scale additive manufacturing.

(B) Aviation structures.

(C) Advanced materials capabilities, including the development and qualification of new material chemistries.

(6) Inspection and quality assurance technologies for use with complex geometries enabled by advanced manufacturing methods.

(c) REPORT.—Not later than 180 days after the date of the enactment of this title, the Administrator shall provide to the appropriate committees of Congress a report on the findings of the research under subsection (a).

SEC. 1144. RESEARCH PLAN ON THE REMOTE TOWER PROGRAM.

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a comprehensive plan for research, development, testing, and evaluation needed to mature remote tower technology and provide a strategic roadmap to support standards development, validation, and operational certification of such technology.

(b) CONSIDERATIONS.—As part of the plan required under subsection (a), the Administrator should consider the use of remote tower technologies for advanced air mobility operations.

SEC. 1145. AIR TRAFFIC CONTROL TRAINING.

(a) RESEARCH.—Subject to the availability of appropriations for such purpose, the Administrator shall carry out a research program to evaluate opportunities to modernize, enhance, and streamline training time to become a Certified Professional Controller.

(b) REQUIREMENTS.—The research under subsection (a) shall—

(1) assess the use of advanced technologies, such as artificial intelligence, machine learning, adaptive computer-based simulation, virtual reality, or augmented reality, to enhance controller knowledge retention, improve performance, and improve the effectiveness of training time;

(2) develop a timeline to deploy proven advanced technologies and associated processes for accreditation in training programs and training facilities within the national airspace system; and

(3) include collaboration with labor organizations and other stakeholders.

(c) REPORT.—Not later than one year after the date of the enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report on the findings of the research under subsection (a).

SEC. 1146. REPORT ON AVIATION CYBERSECURITY DIRECTIVES.

Not later than 180 days after the date of enactment of this title, the Administrator shall submit to the appropriate committees of Congress a report on the status of the FAA's implementation of section 2111 of the FAA Extension, Safety, and Security Act of 2016 (Public Law 114–190; 49 U.S.C. 44903 note; relating to the development of a comprehensive and strategic aviation cybersecurity framework and establishment of a research and development plan to mitigate cybersecurity risks in the National Airspace System). The report, at minimum, shall include the following:

(1) A description of the FAA's progress in developing, implementing, and updating such framework.

(2) A description of prioritized research and development activities for the most needed improvements, with target dates, to safeguard the National Airspace System.

(3) An explanation for any delays or challenges in so implementing such section.

SEC. 1147. RULE OF CONSTRUCTION REGARDING COLLABORATIONS.

Nothing in this title may be construed as modifying or limiting existing collaborations, or limiting potential engagement on future collaborations, between the Administrator, stakeholders, and labor organizations, including the exclusive bargaining representative of air traffic controllers certified under section 7111 of title 5, United States Code, pertaining to Federal Aviation Administration research, development, demonstration, and testing activities.

SEC. 1148. TURBULENCE RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—Subject to the availability of appropriations for such purpose, the Administrator, in collaboration with the Administrator of the National Oceanic and Atmospheric Administration, and in consultation with the Administrator of NASA, shall carry out applied research and development to—

(1) enhance the monitoring and understanding of severe turbulence, including clear-air turbulence; and

(2) inform the development of measures to mitigate safety impacts on crew and the flying public that may result from severe turbulence.

(b) RESEARCH AND DEVELOPMENT ACTIVITIES.—In conducting the research and development on severe turbulence in accordance with subsection (a), the Administrator shall—

(1) establish processes and procedures for comprehensive and systematic data collection through both instrumentation and pilot reporting, of severe turbulence, including clear-air turbulence;

(2) establish measures for storing and managing such data collection;

(3) support measures for monitoring and characterizing incidents of severe turbulence;

(4) consider relevant existing research and development from other entities, including Federal departments and agencies, academia, and the private sector; and

(5) carry out research and development—

(A) to understand the impacts of climate change and other factors on the nature of turbulence, including severe turbulence and clear-air turbulence;

(B) to enhance turbulence forecasts for flight planning and execution, seasonal predictions for schedule and route-planning, and long-term projections of severe turbulence, including clear-air turbulence; and

(C) on other subject matters areas related to severe turbulence, as determined by the Administrator; and

(6) support the effective transition of the results of research and development to operations, where appropriate.

(c) NO DUPLICATION.—The Administrator shall ensure that research and development activities under this section do not duplicate other Federal programs relating to turbulence.

(d) TURBULENCE DATA.—

(1) COMMERCIAL PROVIDERS.—In conducting research and development activities under subsection (b), the Administrator may enter into agreements with commercial providers for the following:

(A) The purchase of turbulence data.

(B) The placement on aircraft of instruments relevant to understanding and monitoring turbulence.

(2) DATA ACCESS.—The Administrator shall make the data collected pursuant to subsection (b) widely available and accessible to the scientific research, user, and stakeholder communities, including the Administrator of the National Oceanic and Atmospheric Administration, to the greatest extent practicable and in accordance with Federal Aviation Administration data management policies.

(e) REPORT ON TURBULENCE RESEARCH.—Not later than 15 months after the date of the enactment of this title, the Administrator, in collaboration with the Administrator of the National Oceanic and Atmospheric Administration, shall submit to the appropriate committees of Congress a report that—

(1) details the activities conducted under this section, including how the research and development activities under subsection (b) have contributed to the goals specified in subsection (a);

(2) assesses the current state of scientific understanding of the causes, occurrence rates, and past and projected future trends in occurrence rates of severe turbulence, including clear-air turbulence;

(3) describes the processes and procedures for collecting, storing, and managing, data in pursuant to subsection (b);

(4) assesses—

(A) the use of commercial providers pursuant to subsection (d)(1); and

(B) the need for any future Federal Government collection or procurement of data and instruments related to turbulence, including an assessment of costs;

(5) describes how such data will be made available to the scientific research, user, and stakeholder communities; and

(6) identifies future research and development needed to inform the development of measures to predict and mitigate the safety impacts that may result from severe turbulence, including clear-air turbulence.

SEC. 1149. RESEARCH, DEVELOPMENT, AND DEMONSTRATION PROGRAMS.

(a) IN GENERAL.—The Administrator shall carry out research, development, testing, evaluation, and demonstration programs for low-carbon alternative aviation fuels, which may include next-generation feedstocks, biofuels, and bioderived chemicals.

(b) COLLABORATION.—The Administrator shall collaborate with Federal agencies, industry stakeholders, research institutions, and other relevant stakeholders, to accelerate the research, development, testing, evaluation, and demonstrations programs described in subsection (a) and facilitate United States sustainability and competitiveness in aviation.

SEC. 1150. LIMITATION.

None of the funds authorized in this title may be used to conduct research, develop, design, plan, promulgate, implement, or execute a policy, program, order, or contract of any kind with the Chinese Communist Party or any Chinese-owned entity unless such activities are specifically authorized by a law enacted after the date of enactment of this title.

TITLE XII—AVIATION REVENUE PROVISIONS

SEC. 1201. AIRPORT AND AIRWAY TRUST FUND EXPENDITURE AUTHORITY.

(a) IN GENERAL.—Section 9502(d)(1) of the Internal Revenue Code of 1986 is amended—

(1) in the matter preceding subparagraph (A) by striking ''October 1, 2023'' and inserting ''October 1, 2028''; and

(2) in subparagraph (A) by striking the semicolon at the end and inserting ''or the Securing Growth and Robust Leadership in American Aviation Act;''.

(b) CONFORMING AMENDMENT.—Section 9502(e)(2) of such Code is amended by striking ''October 1, 2023'' and inserting ''October 1, 2028''.

SEC. 1202. EXTENSION OF TAXES FUNDING AIRPORT AND AIRWAY TRUST FUND.

(a) FUEL TAXES.—Section 4081(d)(2)(B) of the Internal Revenue Code of 1986 is amended by striking ''September 30, 2023'' and inserting ''September 30, 2028''.

(b) TICKET TAXES.—

(1) PERSONS.—Section 4261(k)(1)(A)(ii) of such Code is amended by striking ''September 30, 2023'' and inserting ''September 30, 2028''.

(2) PROPERTY.—Section 4271(d)(1)(A)(ii) of such Code is amended by striking ''September 30, 2023'' and inserting ''September 30, 2028''.

(c) FRACTIONAL OWNERSHIP PROGRAMS.—

(1) FUEL TAX.—Section 4043(d) of such Code is amended by striking ''September 30, 2023'' and inserting ''September 30, 2028''.

(2) TREATMENT AS NONCOMMERCIAL AVIATION.—Section 4083(b) of such Code is amended by striking ''October 1, 2023'' and inserting ''October 1, 2028''.

(3) EXEMPTION FROM TICKET TAX.—Section 4261(j) of such Code is amended by striking ''September 30, 2023'' and inserting ''September 30, 2028''.

SEC. 1203. DESIGNATION OF CERTAIN AIRPORTS AS PORTS OF ENTRY.

(a) IN GENERAL.—The President shall—

(1) pursuant to the Act of August 1, 1914 (38 Stat. 623, chapter 223; 19 U.S.C. 2), designate each airport described in subsection (b) as a port of entry; and

(2) terminate the application of the user fee requirement under section 236 of the Trade and Tariff Act of 1984 (19 U.S.C. 58b) with respect to the airport.

(b) AIRPORTS DESCRIBED.—An airport described in this subsection is an airport that—

(1) is a primary airport (as defined in section 47102 of title 49, United States Code);

(2) is located not more than 30 miles from the northern or southern international land border of the United States;

(3) is associated, through a formal, legal instrument, including a valid contract or governmental ordinance, with a land border crossing or a seaport not more than 30 miles from the airport; and

(4) through such association, meets the numerical criteria considered by U.S. Customs and Border Protection for establishing a port of entry, as set forth in—

(A) Treasury Decision 82–37 (47 Fed. Reg. 10137; relating to revision of customs criteria for establishing ports of entry and stations), as revised by Treasury Decisions 86–14 (51 Fed. Reg. 4559) and 87–65 (52 Fed. Reg. 16328); or

(B) any successor guidance or regulation.

The Acting CHAIR. No further amendment to the bill, as amended, shall be in order except those printed in part A of House Report 118–147 and amendments en bloc described in section 3 of House Resolution 597.

Each such further amendment may be offered only in the order printed in the report, by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for the division of the question.

It shall be in order at any time for the chair of the Committee on Transportation and Infrastructure or his designee to offer amendments en bloc consisting of amendments printed in part A of the report not earlier disposed of. Amendments en bloc shall be considered as read, shall be debatable for 30 minutes equally divided and controlled by the chair and ranking minority member of the committee or their respective designees, shall not be subject to amendment, and shall not be subject to a demand for division of the question.

AMENDMENT NO. 1 OFFERED BY MR. GRAVES OF MISSOURI

The Acting CHAIR. It is now in order to consider amendment No. 1 printed in part A of House Report 118–147.

Mr. GRAVES of Missouri. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 21, line 2, strike ''and''.

Page 21, after line 2, insert the following (and redesignate the subsequent clause accordingly):

(iii) coordinate the safe integration of new entrants and technologies into the national airspace system; and

Page 31, strike lines 22 through page 32, line 11 and insert the following:

(i) by striking ''In the performance'' and inserting the following:

''(i) ISSUANCE OF REGULATIONS.—In the performance'';

(ii) by striking ''The Administrator shall act'' and inserting the following:

''(ii) PETITIONS FOR RULEMAKING.—The Administrator shall act'';

(iii) by striking ''The Administrator shall issue'' and inserting the following:

''(iii) RULEMAKING TIMELINE.—The Administrator shall issue''; and

(iv) by striking ''On February 1'' and inserting the following:

''(iv) REPORTING REQUIREMENT.—On February 1''; and

Page 59, strike lines 24 through 25 and insert the following:

(1) by transferring paragraph (8) of subsection (p) to subsection (r) and redesignating such paragraph as paragraph (7); and

Page 80, line 13, strike ''and''.

Page 80, line 17, strike the period and insert ''; and''.

Page 80, after line 17, insert the following:

(C) by redesignating subparagraphs (A) through (C) as paragraphs (1) through (3) (and adjusting the margins accordingly).

Page 81, strike lines 17 and 18 and insert the following:

(A) by striking ''(B) WORKLOAD OF SYSTEMS SPECIALISTS.—''; and

Page 81, line 21, insert ''and header casing'' after ''margins''.

Page 153, line 24, insert ''(including in any headings)'' before the semicolon.

Page 173, after line 24, insert the following (and redesignate the subsequent subparagraphs accordingly):

''(C) to establish or improve apprenticeship, internship, or scholarship programs for individuals pursuing employment as an aviation pilot;''.

Page 197, line 19, insert '', including veterans of the Armed Forces,'' after ''professionals''.

Page 200, line 2, strike ''or''.

Page 200, line 13, strike the period and insert ''; or''.

Page 200, after line 13, insert the following:

''(10) a non-profit organization described in section 501(c)(3) of the Internal Revenue Code of 1986 that is exempt from taxation under 501(a) of such Code that assists veterans of the Armed Forces seeking to transition to careers in civil aviation.

Page 201, line 8, strike ''and''.

Page 201, line 13, strike the period and insert ''; and''.

Page 201, after line 13, insert the following:

''(4) a review of how many recipients engaged veteran populations and how many veterans were recruited and retrained as part of the aviation workforce.

Page 247, line 13, strike ''and''.

Page 247, line 16, strike the period and insert ''; and''.

Page 247, after line 16, insert the following:

(15) assess and evaluate the user interface and information-sharing capabilities of any online medical portal administered by the Federal Aviation Administration.

Page 257, line 2, insert ''for airport airside and landside activities'' after ''demand''.

Page 260, line 2, insert ''and section 47133,'' after ''(c),''.

Page 262, beginning on line 20, strike ''December 30, 1987'' and insert ''January 1, 1989''.

Page 262, beginning on line 23, strike ''used as a recreational and public park since January 1, 1995'' and insert ''leased or licensed through a written agreement with a governmental entity or non-profit entity for recreational or public park uses since July 1, 2003''.

Page 263, line 3, insert ''recreational and public use does not impact the aeronautical use of the airport and that the'' before ''property''.

Page 263, strike lines 10 through 12 (and redesignate the subsequent clauses accordingly).

Page 263, line 14, insert ''to the Administrator'' after ''certification''.

Page 263, line 20, insert ''and'' after the semicolon.

Page 263, strike line 21 and all that follows through page 264, line 6 and insert the following:

''(vi) if the airport sponsor will—

''(I) lease the property to a local government entity or non-profit entity to operate and maintain the property at no cost to the airport sponsor; or

''(II) sell the property to a local government entity or non-profit entity subject to a permanent deed restriction ensuring compatible airport use under regulations issued pursuant to section 47502.

Page 264, line 9, insert ''leasing or'' before ''selling''.

Page 264, line 11, strike ''(2)(B)(viii)(II)'' and insert ''(2)(B)(vi)''.

Page 264, line 12, insert ''lease or'' before ''sell''.

Page 264, line 15, insert ''lease or'' before ''sale''.

Page 264, line 21, strike the closing quotation marks and the second period.

Page 264, after line 21, insert the following:

''(5) AERONAUTICAL USE; AERONAUTICAL PURPOSE DEFINED.—In this subsection, the terms 'aeronautical use' and 'aeronautical purpose'—

''(A) mean all activities that involve or are directly related to the operation of aircraft, including activities that make the operation of aircraft possible and safe;

''(B) include services located on an airport that are directly and substantially related to the movement of passengers, baggage, mail, and cargo; and

''(C) do not include any uses of an airport that are not described in subparagraph (A) or (B), including any aviation-related uses that do not need to be located on an airport, such

as flight kitchens and airline reservation centers.

''(6) ADMINISTRATOR REVIEW AND APPROVAL.—

''(A) IN GENERAL.—Notwithstanding any other provision of law and subject to the sponsor providing any written statements or certifications to the Administrator required under this subsection, no actions of or requirements on the sponsor under this subsection shall require the review or approval of the Secretary of Transportation or Administrator.

''(B) BURDEN OF DEMONSTRATION.—The Secretary shall have the burden of demonstrating that a sponsor does not meet the requirements or restrictions of this subsection.''.

Page 281, line 5, strike ''and''.

Page 281, after line 5, insert the following (and redesignate the subsequent subparagraph accordingly):

(B) in subparagraph (A) by striking ''50 percent'' and inserting ''40 percent'' each place it appears; and

Page 287, strike lines 4 through 7 and insert ''paragraph (1)(A) from apportionment funds made available under section 47114 that are not required during the fiscal year pursuant to subsection (b)(1) in an amount that is not less than—''.

Page 287, line 14, strike ''section 47116(a)(2)'' and insert ''section 47116(b)(2)''.

Page 296, line 5, insert ''through alternative project delivery methods, including construction manager-at-risk and progressive design build'' after ''by a contractor''.

Page 309, line 4, insert ''(including a leaded or unleaded gasoline)'' after ''1986''.

Page 309, line 7, insert ''under an investigation initiated by the Administrator under part 13 or 16 of title 14, Code of Federal Regulations, relating to the availability of aviation gasoline'' after ''airport sponsor''.

Page 309, line 10, insert ''or'' after the semicolon.

Page 309, strike lines 11 through 14 (and redesignate the subsequent paragraph accordingly).

Page 327, line 3, strike ''**ELECTRICAL**'' and insert ''**ENERGY**'' (and adjust the table of contents for the bill accordingly).

Page 327, line 6, strike ''**electrical**'' and insert ''**energy**''.

Page 327, line 15, strike ''electrical'' and insert ''energy''.

Page 327, beginning on line 18, strike '', including'' and insert ''and''.

Page 327, line 20, strike ''and''.

Page 327, after line 22, insert the following:

''(V) vehicles and equipment used to transport passengers and employees between the airport and—

''(aa) nearby facilities owned or controlled by the airport or which otherwise directly support the functions or services provided by the airport; or

''(bb) an intermodal surface transportation facility adjacent to the airport; and

Page 327, line 23, strike ''electrical'' and insert ''energy''.

Page 328, line 17, strike the closing quotation marks and the period.

Page 328, after line 17, insert the following:

''(c) APPLICATION.—To be eligible for a grant under paragraph (1), the sponsor of a public-use airport shall submit an application, including a certification that no safety projects are being deferred by requesting a grant under this section, to the Secretary at such time, in such manner, and containing such information as the Secretary may require.''.

Page 328, line 21 in the quoted material, strike ''electrical'' and insert ''energy''.

Page 328, strike line 10 and insert the following (and adjust the margin of the subsequent text accordingly):

''(b) GRANTS.—

''(1) IN GENERAL.—The Secretary shall make grants from

Page 328, line 14, redesignate paragraph (1) as subparagraph (A) (and adjust the margins of the text accordingly).

Page 328, line 16, redesignate paragraph (2) as subparagraph (B) (and adjust the margins of the text accordingly).

Page 330, after line 16, insert the following:

SEC. 447. NOTICE OF FUNDING OPPORTUNITY.

Notwithstanding part 200 of title 2, Code of Federal Regulations, or any other provision of law, funds made available as part of the airport improvement program under subchapter I of chapter 471 or chapter 475 of title 49, United States Code, shall not be subject to any public notice of funding opportunity requirement.

SEC. 448. SPECIAL CARRYOVER ASSUMPTION RULE.

Section 47115 of title 49, United States Code, is amended by adding at the end the following:

''(l) SPECIAL CARRYOVER ASSUMPTION RULE.—In addition to amounts made available under paragraphs (1) and (2) of subsection (a), the Secretary may add to the discretionary fund an amount equal to one-third of the apportionment funds made available under section 47114 that were not required during the previous fiscal year pursuant to section 47117(b)(1) out of the anticipated amount of apportionment funds made available under section 47114 that will not be required during the current fiscal year pursuant to section 47117(b)(1).''.

Page 403, line 19, strike ''paragraph (1)'' and insert ''paragraph (2)''.

Page 403, beginning on line 19, strike ''Comptroller General'' and insert ''inspector general''.

Page 413, line 9, strike ''(3)'' and insert ''(4)''.

Page 422, beginning on line 16, strike ''**AUTHORITY**'' and inserting ''**AUTHORIZATION**'' (and adjust the table of contents for the bill accordingly).

Page 427, line 13, strike the period.

Page 453, line 3, insert ''that are not also type certificate holders as included under paragraph (1), production certificate holders as included under paragraph (2), or aircraft operators as included under paragraph (5) (or associated with any such entities)'' before the semicolon.

Page 453, line 5, insert ''and engineers'' after ''inspectors''.

Page 453, line 13, insert ''described in paragraph (6)'' before the semicolon.

Page 469, after line 16, insert the following:

(k) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to permit the public disclosure of information submitted under a voluntary safety reporting program or that is otherwise protected under section 44735 of title 49, United States Code.

Page 470, line 14, insert ''prospective'' after ''flightcrew''.

Page 471, after line 6, insert the following:

(d) ORGAN TRANSPORTATION FLIGHTS.—In updating guidance and policy pursuant to subsection (b), the Administrator shall consider and allow for appropriate accommodations, including accommodations related to subsections (b)(2) and (b)(4) for operators—

(1) performing organ transportation operations; and

(2) who have in place a means by which to identify and mitigate risks associated with flightcrew duty and rest.

Page 471, line 7, strike ''**AND VIDEO**'' (and adjust the table of contents for the bill accordingly).

Page 490, beginning on line 26, strike ''have on the'' and all that follows through ''in a timely manner'' and insert ''have on the national airspace system in a timely manner''.

Page 521, line 2, insert ''design'' before ''change''.

Page 521, line 2, strike ''and'' at the end.

Page 521, strike line 3 and insert the following:

''(B) improve the overall safety of the aircraft;

''(C) not decrease the level of safety of other components or systems on the aircraft;

''(D) be in the public interest;

''(E) not include any substantial changes;

''(F) be recorded on a type certificate data sheet or other public instrument that notifies the public of such design changes; and

''(G) be considered through a process that applies appropriate requirements as determined by the Administrator.

Page 521, line 7, strike the closing quotation marks and the second period.

Page 521, after line 7, insert the following:

''(4) DEADLINE.—In issuing an approval under this subsection, the Administrator shall impose a deadline by which all noncompliant conditions related to the design change shall be addressed.

''(5) SAFETY-RELATED DESIGN CHANGE DEFINED.—In this subsection, the term 'safety-related design change' means a design change that has any effect on the safety of the aircraft.''.

SEC. 548. VOLUNTARY REPORTING PROTECTIONS.

(a) IN GENERAL.—Section 40123(a) of title 49, United States Code, is amended in the matter preceding paragraph (1) by inserting ''or third party'' after ''nor any agency''.

(b) PROTECTED INFORMATION.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall promulgate regulations to amend part 193 of title 14, Code of Federal Regulations, to designate and protect from disclosure information or data submitted, collected, or contained by the Administrator under voluntary safety programs, including the following:

(1) Aviation Safety Action Program.

(2) Flight Operational Quality Assurance.

(3) Line Operations Safety Assessments.

(4) Air Traffic Safety Action Program.

(5) Technical Operations Safety Action Program.

(6) Such other voluntarily submitted information or programs as the Administrator determines appropriate.

Page 551, line 2, insert ''designation and'' before ''heading''.

Page 553, strike lines 12 through 14 and insert the following:

(a) IN GENERAL.—Section 44810(c) of title 49, United States Code, is amended by inserting '',and any other location the Administrator determines appropriate'' after ''Data''.

(b) APPLICATIONS FOR DESIGNATION.—Section 2209 of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44802 note) is further amended—

Page 553, line 13, strike ''(Public Law 114–190)'' and insert ''(49 U.S.C. 44802 note)''.

Page 553, line 13, strike ''further''.

Page 553, strike lines 15 through 19 and insert the following:

(1) in subsection (a) by inserting '', including temporarily,'' after ''restrict'';

Page 553, strike line 20 and all that follows through page 554, line 13 and insert the following:

(2) in subsection (b)(1)(C)(iv) by striking ''Other locations that warrant such restrictions'' and inserting ''State correctional facilities''; and

(3) by adding at the end the following:

Page 578, line 15, strike ''Administrator'' and insert ''Secretary''.

Page 593, strike lines 14 through 21 (and redesignate the subsequent paragraphs accordingly).

Page 595, line 2, strike ''system technology'' and insert ''systems''.

Page 611, after line 16, insert the following:

SEC. 635. PROTECTION OF PUBLIC GATHERINGS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a process to allow applicants to request temporary prohibitions of unmanned aircraft operations in close proximity to an eligible large public gathering for a specified period of time.

(b) APPLICATION PROCEDURES.—

(1) IN GENERAL.—In making a determination whether to grant or deny an application for a designation, the Administrator shall consider—

(A) aviation safety;

(B) protection of persons and property on the ground;

(C) national security; or

(D) homeland security.

(2) REQUIREMENTS.—The application procedures under this section shall allow eligible petitions to apply for a prohibition individually or collectively.

(3) ELIGIBLE LARGE GATHERINGS.—Large public gatherings eligible for application under this section shall—

(A) have an estimated attendance of greater than 20,000 people;

(B) be primarily outdoors;

(C) have defined and static geographical boundaries; and

(D) be advertised in the public domain.

(4) ELIGIBLE PETITIONERS.—Applicants eligible to submit petitions for consideration in subsection (a) shall be a credentialed law enforcement organization or public safety organization otherwise recognized by a Federal, State, local, Tribal, or territorial governmental entity.

(c) REVIEW PROCESS.—

(1) IN GENERAL.—The Administrator shall provide for a timely determination on an application submitted under subsection (a) to allow for the public to be notified of a prohibition in advance of the public gathering.

(2) ADDITIONAL REQUIREMENT.—The Administrator shall make every practicable effort to make a determination on an application submitted under subsection (a) not later than 7 days before the expected start date of the large public gathering.

(d) PUBLIC INFORMATION.—Temporary prohibition designated under subsection (a) shall be published by the Federal Aviation Administration in a publicly accessible manner, in English and other non-English languages, at least 2 days before the large public gathering.

(e) SAVINGS CLAUSE.—Nothing in this section may be construed as prohibiting the Administrator from authorizing operation of an aircraft, including an unmanned aircraft system, over, under, or within a specified distance from that large public gathering designated under subsection (b).

(f) DEFINITIONS.—In this section, the terms ''unmanned aircraft'' and ''unmanned aircraft system'' have the meanings given such terms in section 44801 of title 49, United States Code.

Page 614, line 8, strike ''and''.

Page 616, line 16, insert '', as appropriate'' after ''operations''.

Page 614, line 16, strike the period and insert ''; and''.

Page 614, after line 16, insert the following:

(D) inform such rulemakings based on operations and efforts that occur as a result of the special Federal aviation regulation pursuant to subsection (b).

Page 618, line 12, strike ''version of''.

Page 618, beginning on line 13, strike ''in effect on the date of enactment of this Act,''.

Page 618, strike lines 21 through 24 and insert the following:

(3) affirm the general permissibility of vertical takeoff and landing capable aircraft to use a heliport when such heliport can safely accommodate the physical and operating characteristics of such aircraft; and

Page 621, strike line 21 through page 622, line 1 (and redesignate the subsequent paragraphs accordingly).

Page 629, line 12, strike ''At'' and insert ''Subject to the availability of appropriations, at''.

Page 688, after line 10, insert the following:

SEC. 725. SEATING ACCOMMODATIONS FOR QUALIFIED INDIVIDUALS WITH DISABILITIES.

(a) IN GENERAL.—

(1) ADVANCED NOTICE OF PROPOSED RULEMAKING.—Not later than 180 days after the date of enactment of this section, the Secretary of Transportation shall issue an advanced notice of proposed rulemaking regarding seating accommodations for any qualified individual with a disability.

(2) NOTICE OF PROPOSED RULEMAKING.—Not later than 2 years after the date on which the advanced notice of proposed rulemaking under paragraph (1) is completed, the Secretary shall issue a notice of proposed rulemaking regarding seating accommodations for any qualified individual with a disability.

(b) CONSIDERATIONS.—In carrying out the advanced notice of proposed rulemaking required in subsection (a)(1), the Secretary shall consider the following:

(1) The scope and anticipated number of qualified individuals with a disability who—

(A) may need to be seated with a companion to receive assistance during a flight; or

(B) should be afforded bulkhead seats or other seating considerations.

(2) The types of disabilities that may need seating accommodations.

(3) Whether such qualified individuals with a disability are unable to obtain, or have difficulty obtaining, such a seat.

(4) The scope and anticipated number of individuals assisting a qualified individual with a disability who should be afforded an adjoining seat pursuant to section 382.81 of title 14, Code of Federal Regulations.

(5) Any notification given to qualified individuals with a disability regarding available seating accommodations.

(6) Any method that is adequate to identify fraudulent claims for seating accommodations.

(7) Any other information determined appropriate by the Secretary.

(c) ACCREDITED SERVICE ANIMAL TRAINING PROGRAMS AND AUTHORIZED REGISTRARS.—Not later than 6 months after the date of enactment of this section, the Secretary shall publish on the website of the Department of Transportation and maintain a list of—

(1) accredited programs that train service animals; and

(2) authorized registrars that evaluate service animals.

(d) REPORT TO CONGRESS ON SERVICE ANIMAL REQUESTS.—Not later than 1 year after the date of enactment of this section, and annually thereafter, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on requests for air travel with service animals, including—

(1) during the reporting period, how many requests to board an aircraft with a service animal were made; and

(2) the number and percentage of such requests, categorized by type of request, that were reported by air carriers or foreign air carriers as—

(A) granted;

(B) denied; or

(C) fraudulent.

(e) TRAINING.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of this section, the Secretary shall, in consultation with the Air Carrier Access Act Advisory Committee, issue guidance regarding improvements to training for airline personnel (including contractors) in recognizing when a qualified individual with a disability is traveling with a service animal.

(2) REQUIREMENTS.—The guidance issued under paragraph (1) shall—

(A) take into account respectful engagement with and assistance for individuals with a wide range of visible and non-visible disabilities;

(B) provide information on—

(i) service animal behavior and whether the service animal is appropriately harnessed, leashed, or otherwise tethered; and

(ii) the various types of service animals, such as guide dogs, hearing or signal dogs, psychiatric service dogs, sensory or social signal dogs, and seizure response dogs; and

(C) outline the rights and responsibilities of the handler of the service animal.

(f) DEFINITIONS.—In this section, the following definitions apply:

(1) AIR CARRIER.—The term ''air carrier'' has the meaning given that term in section 40102 of title 49, United States Code.

(2) FOREIGN AIR CARRIER.—The term ''foreign air carrier'' has the meaning given that term in section 40102 of title 49, United States Code.

(3) QUALIFIED INDIVIDUAL WITH A DISABILITY.—The term ''qualified individual with a disability'' has the meaning given that term in section 382.3 of title 14, Code of Federal Regulations.

(4) SERVICE ANIMAL.—The term ''service animal'' has the meaning given that term in section 382.3 of title 14, Code of Federal Regulations.

Page 742, strike line 24 and all that follows through page 743, line 2 and insert the following:

(c) REQUIRED COORDINATION.—

(1) IN GENERAL.—On an annual basis, the Administrator shall convene a meeting with representatives of Administration-approved air shows, the general aviation community,

stadiums and other large outdoor events and venues or organizations that run such events, the Department of Homeland Security, and the Department of Justice—

(A) to identify scheduling conflicts between Administration-approved air shows and large outdoor events and venues where—

(i) flight restrictions will be imposed pursuant to section 521 of division F of the Consolidated Appropriations Act, 2004 (49 U.S.C. 40103 note); or

(ii) any other restriction will be imposed pursuant to Federal Aviation Administration Flight Data Center Notice to Airmen 4/3621 (or any successor notice to airmen); and

(B) in instances where a scheduling conflict between events is identified or is found to be likely to occur, develop appropriate operational and communication procedures to ensure for the safety and security of both events, pursuant to the authority prescribed in subsection (a).

(2) SCHEDULING CONFLICT.—If the Administrator or any other stakeholder party to the required annual coordination required in paragraph (1) identifies a scheduling conflict outside of the annual meeting at any point prior to the scheduling conflict, the Administrator shall work with impacted stakeholders to develop appropriate operational and communication procedures to ensure for the safety and security of both events, pursuant to the authority prescribed in subsection (a).

(3) NOTICE.—Prior to issuing a certificate of authorization or waiver pursuant to subsection (a), the Administrator shall give appropriate due notice to impacted stakeholders and develop appropriate operational and communication procedures to ensure for the safety and security of all impacted events, pursuant to the authority prescribed in subsection (a).

Page 743, beginning on line 12, strike ''Section 352(a)(3)(B) of the Consolidated Appropriations Resolution, 2003 (Public Law 109–7)'' and insert ''Section 521(a)(2)(B)(ii) of division F of the Consolidated Appropriations Act, 2004 (49 U.S.C. 40103 note)''.

SEC. 844. LIMITATIONS FOR CERTAIN CARGO AIRCRAFT.

(a) IN GENERAL.—The standards adopted by the Administrator of the Environmental Protection Agency in part 1030 of title 40, Code of Federal Regulations, and the requirements finalized by the Administrator of the Federal Aviation Administration from the notice of proposed rulemaking titled ''Airplane Fuel Efficiency Certification'', and published on June 15, 2022 (RIN2120-AL54) in part 38 of title 14, Code of Federal Regulations, shall not apply to any covered airplane before the date that is 5 years after January 1, 2028.

(b) OPERATIONAL LIMITATION.—The Administrator of the Federal Aviation Administration shall limit the operation of any covered airplane to domestic use or international operations, consistent with relevant international agreements and standards, that—

(1) does not meet the standards and requirements described in subsection (a); and

(2) received an original certificate of airworthiness issued by the Administrator of the Federal Aviation Administration on or after January 1, 2028.

(c) DEFINITIONS.—In this section:

(1) COVERED AIRPLANE.—The term ''covered airplane'' means an airplane that—

(A) is a subsonic jet that is a purpose-built freighter;

(B) has a maximum takeoff mass greater than 180,000 kilograms but not greater than 240,000 kilograms; and

(C) has a type design certificated prior to January 1, 2023.

(2) PURPOSE-BUILT FREIGHTER.—The term ''purpose-built freighter'' means any airplane that—

(A) was configured to carry cargo rather than passengers prior to receiving an original certificate of airworthiness; and

(B) is configured to carry cargo rather than passengers.

SEC. 845. COPYRIGHT PROTECTION FOR ORIGINAL DESIGNS OF AIRCRAFT FLOATS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall, as appropriate, coordinate with the Register of Copyrights to help, to the extent feasible, aircraft float manufacturers receive design protections provided under section 1301 of title 17, United States Code.

(b) AIRCRAFT FLOAT DEFINED.—In this section, the term ''aircraft float'' means a device suitable for use on an airplane that meets the standards set forth in the technical standard order related to Twin Seaplane Floats issued by the Federal Aviation Administration on July 31, 2018 (TSO-C27a), or any successor standard.

Page 791, beginning on line 18, strike ''which shall be incorporated into the annual budget request of the Board''.

Page 814, after line 14, insert the following:

SEC. 925. AIR SAFETY INVESTIGATORS.

(a) REMOVAL OF FAA MEDICAL CERTIFICATE REQUIREMENT.—Not later than 60 days after the date of enactment of this Act, the Director of the Office of Personnel Management, in consultation with the Administrator of the Federal Aviation Administration and the Chairman of the National Transportation Safety Board, shall take such actions as may be necessary to revise the eligibility requirements for the Air Safety Investigating Series 1815 occupational series (and any similar occupational series relating to transportation accident investigating) to remove any requirement that an individual hold a current medical certificate issued by Administrator.

(b) UPDATES TO OTHER REQUIREMENTS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Director, in coordination with the with the Administrator and Chairman, shall take such actions as may be necessary to update and revise experiential, educational, and other eligibility requirements for the Air Safety Investigating Series 1815 occupational series (and any similar occupational series relating to transportation accident investigating).

(2) CONSIDERATIONS.—In updating the requirements under paragraph (1), the Director shall consider—

(A) the direct relationship between any requirement and the duties expected to be performed by the position;

(B) changes in the skills and tools necessary to perform transportation accident investigations; and

(C) such other considerations as the Director, Administrator, or Chairman determines appropriate.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Missouri (Mr. GRAVES) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Missouri.

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself such time as I may consume.

I rise in support of the Graves-Larsen amendment. This amendment makes several technical conforming and clarifying changes throughout the underlying bill.

Furthermore, the amendment includes provisions that were the result of bipartisan negotiations on several policy issues.

These provisions include additional requirements for FAA to further coordinate the safe integration of new entrants into the National Airspace System, adding pilot apprenticeship, internship, or scholarship programs or veteran career transition nonprofits as an eligible grant recipient under the aviation workforce development program, protections on voluntary safety information disclosures, and several other provisions that reflect the bipartisan work with our colleagues across the aisle.

Mr. Chair, I urge my colleagues to support this amendment, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim the time in opposition to the amendment, although I am not opposed.

The Acting CHAIR. Without objection, the gentleman is recognized for 5 minutes.

There was no objection.

Mr. LARSEN of Washington. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, this amendment reflects bipartisan agreement on a variety of technical fixes and good policy worthy of inclusion in this bill.

It includes language from Representative SCHRIER of Washington State to focus FAA's aviation workforce development efforts on transitioning veterans to the civilian workforce, an amendment that the committee worked together on with Representative GOODEN to make happen.

It requires the FAA to develop a process to restrict drones from flying over large outdoor gatherings. It clears unnecessary red tape for the FAA to issue airport improvement grants and ensures our air traffic controllers are consulted on major policy changes, protects information or data reported by pilots or engineers through voluntary safety reporting requirements, and includes language from Representative STANTON of Arizona to require the Secretary of Transportation to propose a rulemaking to improve seating accommodations for individuals with disabilities.

Finally, it expands FAA's counter-UAS testing authorities to consider the impacts to the safety of the National Airspace System beyond the airport environment.

Mr. Chair, I urge all Members to vote in favor of this amendment, and I yield back the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I would urge my colleagues to support this important amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Missouri (Mr. GRAVES).

The amendment was agreed to.

AMENDMENTS EN BLOC NO. 1 OFFERED BY MR. GRAVES OF MISSOURI

Mr. GRAVES of Missouri. Mr. Chair, pursuant to House Resolution 597, I offer amendments en bloc.

The Acting CHAIR. The Clerk will designate the amendments en bloc.

Amendments en bloc No. 1 consisting of amendment Nos. 2, 5, 8, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, and 25 printed in part A of House Report 118–147, offered by Mr. GRAVES of Missouri.

AMENDMENT NO. 2 OFFERED BY MR. BEAN OF FLORIDA

Page 639, line 3, insert ", including connecting taxiways, if the runway is" before "existing".

Page 639, line 11, strike "runway is" and insert "runways and taxiways are".

AMENDMENT NO. 5 OFFERED BY MS. BROWN OF OHIO

At the end of subtitle A of title VII, add the following:

SEC. ___. PROVISION OF DRINKING WATER TO PASSENGERS.

The Administrator of the Federal Aviation Administration shall issue such regulations as are necessary to require air carriers and foreign air carriers to provide complementary drinking water to passengers on all domestic and international flights with a scheduled duration of 1 hour or more.

AMENDMENT NO. 8 OFFERED BY MRS. CAMMACK OF FLORIDA

Page 256, strike lines 24 through 25 and insert the following:

(3) in paragraph (5)—

(A) in subparagraph (A) by inserting "and catchment area analyses" after "planning";

(B) in subparagraph (B) by striking "and" at the end;

(C) in subsection (C) by striking the period at the end and inserting "; and"; and

(D) by adding at the end the following:

AMENDMENT NO. 9 OFFERED BY MR. CARBAJAL OF CALIFORNIA

At the end of title VIII, add the following:

SEC. ___. DELIVERY OF CLEARANCE TO PILOTS VIA INTERNET PROTOCOL.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall conduct testing and an evaluation to determine the feasibility of the use, in air traffic control towers, technology for delivering clearances via internet protocol to enable mobile device access for general aviation and on-demand Part 135 air carriers at airports that do not have Towered Data Link Services.

(b) AIRPORT SELECTION.—The Administrator shall designate five airports for participation in the initial airport pilot program after consultation with the exclusive representatives of air traffic controllers certified under section 7111 of title 5, United States Code, airport sponsors, aircraft and avionics manufacturers, MITRE, and aircraft operators and the designation should include airports of different size and complexity.

(c) PROGRAM OBJECTIVE.—The program shall address and include safety, security, and operational requirements for mobile clearance delivery at airports and heliports across the United States.

(d) DEFINITIONS.—In this section:

(1) MOBILE CLEARANCE DELIVERY.—The term "mobile clearance delivery" means providing access to departure clearance and clearance cancellation via Internet Protocol via applications to pilots while aircraft are on the ground where traditional data link installations are not feasible or possible.

(2) PART 135.—The term "Part 135" means part 135 of title 14, Code of Federal Regulations.

(3) TOWER DATA LINK SERVICES.—The term "tower data link services" means communications between controllers and pilots using controller-pilot data link communications.

(4) SUITABLE AIRPORT.—The term "suitable airport" shall include towered airports, nontowered airports, and heliports.

(e) REPORT.—Not later than 1 year after the date on which the mobile clearance delivery program becoming operational, the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the safety, security, and operational performance of the mobile clearance services at airports pursuant to this section and recommendations on how best to improve the program.

AMENDMENT NO. 11 OFFERED BY MR. CASE OF HAWAII

At the end of title VIII, add the following:

SEC. ___. REPORT ON INDO-PACIFIC AIRPORTS.

The Administrator of the Federal Aviation Administration, in consultation with the Secretary of State, shall submit to Congress a report on airports of strategic importance in the Indo-Pacific region that includes each of the following:

(1) An identification of airports and air routes critical to national security, defense operations, emergency response, and continuity of government activities.

(2) An assessment of the economic impact and contribution of airports and air routes to national and regional economies.

(3) An evaluation of the connectivity and accessibility of airports and air routes, including their importance in supporting domestic and international travel, trade, and tourism.

(4) An analysis of infrastructure and technological requirements necessary to maintain and enhance the strategic importance of identified airports and air routes.

(5) An identification of potential vulnerabilities, risks, and challenges faced by airports and air routes of strategic importance, including cybersecurity threats and physical infrastructure vulnerabilities.

(6) Any recommendations for improving the security, resilience, and efficiency of the identified airports and air routes, including potential infrastructure investments and policy changes.

AMENDMENT NO. 12 OFFERED BY MR. CASE OF HAWAII

At the end of title VIII, add the following:

SEC. ___. GAO STUDY ON THE IMPLEMENTATION OF GRANTS AT AIRPORTS.

The Comptroller General of the United States shall conduct a study on the implementation of grants provided to airports located in the Freely Associated States under section 47115(i) of title 49, United States Code.

AMENDMENT NO. 13 OFFERED BY MR. CASTRO OF TEXAS

At the end of title VIII, add the following:

SECTION ____. MINORITY AND DISADVANTAGED BUSINESS PARTICIPATION.

Section 157(b)(2) of the FAA Reauthorization Act of 2018 (49 U.S.C. 47113 note) is amended by adding at the end the following:

"(D) PUBLISHING DATA.—The Secretary of Transportation shall report on a publicly accessible website the uniform report of DBE awards—commitments and payments specified in part 26 of title 49, Code of Federal Regulations, and the uniform report of ACDBE Participation for non-car rental and car rental concessions, for each airport sponsor beginning with fiscal year 2024.".

AMENDMENT NO. 14 OFFERED BY MR. CISCOMANI OF ARIZONA

At the end of subtitle A of title IV, add the following:

SEC. ____. RUNWAY SAFETY PROJECTS.

In awarding grants under section 47115 of title 49, United States Code, for runway safety projects, the Administrator of the Federal Aviation Administration shall, to the maximum extent practicable—

(1) reduce unnecessary or undesirable project segmentation; and

(2) complete the entire project in an expeditious manner.

AMENDMENT NO. 15 OFFERED BY MR. CISCOMANI OF ARIZONA

At the end of subtitle B of title VII, add the following:

SEC. ____. AGREEMENTS FOR STATE AND LOCAL OPERATION OF AIRPORT FACILITIES.

Section 47124(b)(3)(C) of title 49, United States Code, is amended by adding at the end the following:

"(viii) Air traffic control towers at airports with safety or operational problems related to the lack of an existing tower.

"(ix) Air traffic control towers at airports with projected commercial and military increases in aircraft or flight operations.

"(x) Air traffic control towers at airports with a variety of aircraft operations, including a variety of commercial and military flight operations".

AMENDMENT NO. 16 OFFERED BY MR. CLOUD OF TEXAS

At the end of title VIII, add the following:

SEC. ____. STRUCTURES INTERFERING WITH AIR COMMERCE OR NATIONAL SECURITY.

Section 44718 of title 49, United States Code, is amended—

(1) in subsection (a) by inserting "on a publicly available website" after "public notice";

(2) by redesignating subsection (h) as subsection (i);

(3) in subsection (i) (as so redesignated) by adding at the end the following:

"(3) ENERGY PROJECT.—The term 'energy project' has the meaning given such term in section 183a(h) of title 10.

"(4) FOREIGN PRINCIPAL; AGENT OF A FOREIGN PRINCIPAL.—The terms 'foreign principal' and 'agent of a foreign principal' have the meaning given such terms in section 1 of the Foreign Agents Registration Act of 1938 (22 U.S.C. 611).''; and

(4) by inserting after subsection (g) the following:

"(h) SPECIAL RULE FOR ENERGY PROJECTS.—

"(1) IN GENERAL.—Any person who is required to submit an application for an energy project under this section shall include in such application a disclosure of any relationship such person has with a foreign principal or with an agent of a foreign principal.

"(2) INACCURATE DISCLOSURE OF RELATIONSHIP WITH FOREIGN PRINCIPAL.—

"(A) IN GENERAL.—The Secretary of Transportation, in consultation with the Attorney General of the United States and the head of any other relevant Federal agency, shall establish a process to evaluate the accuracy of a disclosure made under paragraph (1) and determine whether a person has violated such paragraph.

"(B) INITIAL PENALTY FOR INACCURATE DISCLOSURE.—If the Secretary determines that a person has knowingly violated paragraph (1), such person shall be prohibited from submitting an application for an energy project under this section during the period beginning on the date on which the Secretary made the determination under subparagraph

(A) and ending on the date that is 2 years after such determination.

''(C) PENALTIES FOR SUBSEQUENT INACCURATE DISCLOSURES.—If the Secretary determines that a person knowingly violates paragraph (1) after an initial violation under subparagraph (B), such person shall be permanently prohibited from submitting an application for an energy project under this section.''.

AMENDMENT NO. 17 OFFERED BY MS. DAVIDS OF KANSAS

Page 424, line 24, strike ''30'' and insert ''60''.

AMENDMENT NO. 18 OFFERED BY MS. DELBENE OF WASHINGTON

At the end of subtitle C of title XI, add the following:

SEC. ___. CENTER OF EXCELLENCE FOR ALTERNATIVE JET FUELS AND ENVIRONMENT (ASCENT).

The Center of Excellence for Alternative Jet Fuels and Environment (ASCENT) shall subject to the availability of appropriations for such purpose and consistent with the research and development strategy in section 1133, conduct research on hydrogen to increase aviation decarbonization. Such research shall be in addition to any other research authorized to be carried out by the Center, including other research relating to hydrogen.

AMENDMENT NO. 19 OFFERED BY DELUZIO OF PENNSYLVANIA

At the end of title VIII, add the following:

SEC. ___. EFFECT OF AIRLINE MERGERS FOR CONSUMERS.

(a) IN GENERAL.—The Comptroller General of the United States shall submit a report to Congress on the effect of airline mergers for consumers, including passenger fares (including add-on fees), the number of routes, the number of nonstop routes eliminated, and the number of flight delays and cancellations.

(b) REPORT.—Not later than 180 days after the date of the enactment of this Act, the Comptroller General shall submit a report on the results of the study conducted under subsection (a) to the following congressional committees:

(1) the Committee on Transportation and Infrastructure and the Committee on the Judiciary of the House of Representatives; and

(2) the Committee on Commerce, Science, and Transportation and the Committee on the Judiciary of the Senate.

AMENDMENT NO. 20 OFFERED BY DESAULNIER OF CALIFORNIA

At the end of title VIII, add the following:

SEC. ___. TASK FORCE ON HUMAN FACTORS IN AVIATION SAFETY.

(a) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall convene a task force on human factors in aviation safety (in this section referred to as the ''Task Force'').

(b) COMPOSITION.—The Task Force shall consist of members appointed by the Administrator and having expertise in an operational or academic discipline that is relevant to the analysis of human errors in aviation. The number of members shall be determined by the Administrator to ensure sufficient representation of relevant operational and academic disciplines.

(c) DURATION.—

(1) IN GENERAL.—Members of the Task Force shall be appointed for the length of the existence of the Task Force.

(2) LENGTH OF EXISTENCE.—

(A) IN GENERAL.—The Task Force shall have an initial length of existence of 2 years.

(B) OPTION.—The Administrator may exercise an option to lengthen the duration of the existence of the Task Force for a period of 2 years.

(d) DISCIPLINES.—For purposes of subsection (b), disciplines may include air carrier operations, line pilot expertise, air traffic control, technical operations, aeronautical information, aircraft maintenance and mechanics psychology, linguistics, human-machine integration, general aviation operations, and organizational behavior and culture.

(e) EXPERTISE.—

(1) IN GENERAL.—No less than half of the members shall have expertise in aviation.

(2) ADDITIONAL EXPERTISE.—The Task Force shall include members with expertise on human factors but whose experience and training are not in aviation specifically and who have not previously been engaged in work related to the Federal Aviation Administration or the aviation industry. The Task Force shall also include pilot labor organization, certificated mechanic labor organizations, and at least one member from an air traffic controller labor organization.

(f) FEDERAL AVIATION ADMINISTRATION MEMBERS.—

(1) IN GENERAL.—Not more than 4 members may be employees of the Federal Aviation Administration and National Transportation Safety Board, excluding representatives of the labor representatives of employees of the air traffic control system. Not more than 2 members may be employees of the National Transportation Safety Board. The Federal Aviation Administration and the National Transportation Safety Board members shall be non-voting.

(2) FEDERAL AVIATION ADMINISTRATION EMPLOYEES.—Any member who is an Federal Aviation Administration employee shall have expertise in safety.

(g) DUTIES.—In coordination with the Research, Engineering, and Development Advisory Committee established under section 44508 of title 49, United States Code, the Task Force shall—

(1) not later than the date on which the Task Force is no longer in existence, produce a written report that—

(A) to the greatest extent possible, identifies the most significant human factors and the relative contribution of such factors to aviation safety risk;

(B) identifies new research priorities for research in human factors in aviation safety;

(C) reviews existing products by other working groups related to human factors in aviation safety including the Commercial Aviation Safety Team (CAST)'s work pertaining to flight crew responses to abnormal events;

(D) provides recommendations on potential revisions to any Federal Aviation Administration regulations and guidance pertaining to the certification of aircraft under part 25 of title 14, Code of Federal Regulations, including sections related to presumed pilot response times and assumptions about the reliability of pilot performance during unexpected, stressful events;

(E) reviews rules, regulations, or standards regarding flight crew rest and fatigue, as well as maintenance personnel rest and fatigue, that are used by a sample of international air carriers, including those deemed to be more stringent and less stringent than the current standards pertaining to United States air carriers, and identify risks to the National Airspace System from any such variation in standards across countries;

(F) reviews pilot training requirements and recommend any revisions necessary to ensure adequate understanding of automated systems on aircraft;

(G) reviews approach and landing misalignment and make any recommendations for improving these events;

(H) identifies ways to enhance instrument landing system maintenance schedules; determines how a real-time smart system should be developed that informs the Air Traffic Control System, Airlines, and Airports about any changes in the state of runway and taxiway lights; and identifies how this system could be connected to the Federal Aviation Administration's maintenance system;

(I) analyzes, with respect to human errors related to aviation safety of part 121 air carriers—

(i) fatigue and distraction during critical phases of work among pilots or other aviation personnel;

(ii) tasks and workload;

(iii) organizational culture;

(iv) communication among personnel;

(v) adherence to safety procedures;

(vi) mental state of personnel; and

(vii) any other relevant factors that are the cause or potential cause of human error related to aviation safety;

(J) includes a tabulation of the number of accidents, incidents, or aviation safety database entries received in which an item identified under subparagraph (I) was a cause or potential cause of human error related to aviation safety; and

(K) includes a list of causes or potential causes of human error related to aviation safety about which the Administrator believes additional information is needed; and

(2) if the Secretary exercises the option described in subsection (c)(2)(B), not later than the date that is 2 years after the date of establishment of the Task Force, produce an interim report containing the information described in paragraph (1).

(h) METHODOLOGY.—To complete the report under subparagraphs (I) through (K) of subsection (g)(1), the Task Force shall consult with the National Transportation Safety Board and use all available data compiled and analysis conducted on safety incidents and irregularities collected during the relevant fiscal year from the following:

(1) Flight Operations Quality Assurance.

(2) Aviation Safety Action Program.

(3) Aviation Safety Information Analysis and Sharing.

(4) The Aviation Safety Reporting System.

(5) Aviation safety recommendations and investigation findings of the National Transportation Safety Board.

(6) Other relevant programs or sources.

(i) APPLICABLE LAW.—Section 1013 of title 5, United States Code, shall not apply to the Task Force.

AMENDMENT NO. 21 OFFERED BY MR. DONALDS OF FLORIDA

At the end of title VIII, add the following:

SEC. ___. SENSE OF CONGRESS ENCOURAGING THE FAA TO WELCOME THE USE OF UNMANNED AERIAL VEHICLES.

It is the sense of Congress that Congress encourages the Federal Aviation Administration to welcome the use of unmanned aerial vehicles, such as drones, to bolster and augment traditional manual inspection, survey, and maintenance operations, including operations that relate to electric transmission infrastructure, water quality and the presence of harmful algal blooms, transportation infrastructure, national parks, and telecommunications infrastructure.

AMENDMENT NO. 22 OFFERED BY MR. DONALDS OF FLORIDA

At the end of title VIII, add the following:

SEC. ___. EVALUATION OF EMERGENCY RESPONSE PLANS.

(a) IN GENERAL.—The Comptroller General of the United States shall, in consultation with industry stakeholders and the owners

or operators of airports certified by the Administrator of the Federal Aviation Administration, conduct an evaluation of a representative sample of the emergency plans in place at such airports.

(b) CONTENTS.—In conducting the evaluation under subsection (a), the Comptroller General shall assess, with respect to such airports, the following:

(1) Electricity supply on normal operating procedures.

(2) Resiliency plans for maintaining appropriate electricity supply to continue airport operations in the case a natural disaster disrupts the airport's primary power source.

(3) Backup electricity plans in the event a natural disaster disrupts, partially or completely, the airport's primary power source.

(4) A comparison of previous versions of the airport's emergency response plans and how current and future airport emergency response plans may be similar or different than the emergency response plans of the past.

(5) The overall impact of an airport losing its primary power source on communities surrounding the airport and any public health and safety risks that may result.

(c) SUBMISSION.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing the results of the evaluation conducted under subsection (a).

AMENDMENT NO. 24 OFFERED BY MS. ESHOO OF CALIFORNIA

Page 380, line 11, strike ''and'' and insert a comma.

Page 380, line 13, insert '', and recommendations solicited from individuals and local government officials in communities adversely impacted by aircraft noise'' after ''community engagement''.

AMENDMENT NO. 25 OFFERED BY MR. ESPAILLAT OF NEW YORK

Page 526, line 14, strike ''and''.

Page 526, after line 14, insert the following (and redesignate accordingly):

(8) conduct a review of potential vulnerabilities in inflight Wi-Fi service that may put the data of passengers at risk; and

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Missouri (Mr. GRAVES) and the gentleman from Washington (Mr. LARSEN) each will control 10 minutes.

The Chair recognizes the gentleman from Missouri.

□ 1345

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise in support of en bloc No. 1, containing 18 amendments from my colleagues on both sides of the aisle. This en bloc contains a number of important amendments that address issues of national importance as well as issues that are impacting individual districts.

This package allows airports to use their Federal dollars to better understand the communities which they serve and the length people travel in order to take a flight.

It will instruct the FAA to test and evaluate means by which general and business aviation can utilize technology to receive flight clearances as opposed to using antiquated systems.

It also instructs the FAA to stand up a multidisciplinary task force to review the impact that human factors have on aviation safety and to make related recommendations.

In addition, this package instructs the Government Accountability Office to consult with airports to review emergency response plans and assess electrical resiliency for the safe operations of an airport during emergency scenarios.

This en bloc includes a number of provisions from members of the T&I Committee that were raised at markup but that we didn't have time to resolve. I am very glad that we were able to work together to resolve the few issues and support changes on a bipartisan basis.

Mr. Chair, I urge support of this bipartisan en bloc package and reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I rise in support of this en bloc.

It includes a number of provisions that will improve the bill overall, including:

A proposal from Representative BROWN of Ohio to ensure passengers on air carriers and foreign air carriers have the right to free drinking water on any flight longer than an hour;

A proposal from Representatives CARBAJAL, YAKYM, and DAVIDS directing the FAA to test the use of mobile technologies to deliver air traffic control clearances to general aviation pilots and part 135 operators;

A proposal from Representatives CISCOMANI and STANTON to prioritize air traffic control staffing at towers with strategic traffic and safety considerations;

A proposal from Representative DELBENE to expand the FAA's Center of Excellence for Alternative Jet Fuels and Environment to conduct research on hydrogen, supporting increasing efforts to decarbonize the aviation sector;

A proposal from Representative DESAULNIER to create a task force on human factors safety to harmonize disparate human factors work being done currently across the aviation community;

A proposal from Representative DONALDS encouraging the FAA to embrace the use of drones for helping workers to conduct safer, more efficient infrastructure inspections; and

A proposal from Representative ESHOO to ensure community voices are heard on aircraft noise issues.

Mr. Chair, I support this en bloc, and I encourage my colleagues to do the same.

Mr. Chair, I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I yield 2 minutes to the gentleman from Indiana (Mr. YAKYM).

Mr. YAKYM. Mr. Chairman, let me begin by thanking Chairman GRAVES as well as Ranking Member LARSEN for the great work that they both did on this FAA reauthorization.

I rise in support of this en bloc, which includes Carbajal amendment No. 9, of which I am a cosponsor. I thank both the chairman and the ranking member for including this amendment in the en bloc.

This amendment creates a pilot program at five airports to deliver mobile clearances for general aviation and part 135 air carriers. Early FAA trials of this technology have shown promise, and thus it seems worthwhile to continue development and testing in hopes of being able to deploy it more widely.

As a pilot myself, I am excited about something like this down the road. Voice-based clearances can be difficult to understand, which leads to delays and misunderstandings. For airports without Towered Data Link Services, voice-based clearances can take 30 to 40 minutes. Trials of mobile deliveries have reduced that to 2 minutes.

I thank Mr. CARBAJAL and Ms. DAVIDS for their partnership on this amendment, and I thank the chairman and ranking member for their support.

Mr. LARSEN of Washington. Mr. Chair, I have no other speakers on the en bloc, so I will close by asking Members to please support the amendment. I yield back the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I urge my colleagues to support this en bloc amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendments en bloc No. 1 offered by the gentleman from Missouri (Mr. GRAVES).

The en bloc amendments were agreed to.

The Acting CHAIR. It is now in order to consider amendment No. 3 printed in part A of House Report 118–147.

It is now in order to consider amendment No. 4 printed in part A of House Report 118–147.

The Chair understands that amendment No. 6 will not be offered.

AMENDMENTS EN BLOC NO. 2 OFFERED BY MR. GRAVES OF MISSOURI

Mr. GRAVES of Missouri. Mr. Chair, pursuant to House Resolution 597, I offer amendments en bloc.

The Acting CHAIR. The Clerk will designate the amendments en bloc.

Amendments en bloc No. 2, consisting of amendment Nos. 26, 28, 30, 31, 32, 34, 37, 38, 39, 40, 41, 42, 43, 45, 49, 51, 52, 55, 57, and 58 printed in part A of House Report 118–147, offered by Mr. GRAVES of Missouri:

AMENDMENT NO. 26 OFFERED BY MR. FEENSTRA OF IOWA

At the end of subtitle C of title VII, add the following:

SEC. ___. RESPONSE TIME FOR APPLICATIONS TO PROVIDE ESSENTIAL AIR SERVICE.

The Secretary of Transportation shall take such actions as are necessary to respond with an approval or denial of any application filed by an applicant to provide essential air service under subchapter II of chapter 417 of title 49, United States Code, to the greatest extent practicable no later than 6 months after receiving such application.

AMENDMENT NO. 28 OFFERED BY MR. FITZPATRICK OF PENNSYLVANIA

Page 462, line 3, insert ''commercial passenger'' after ''barrier on''.

Page 462, line 7, insert ''chair and'' after ''shall''.

Page 462, line 10, strike ''each of'' and insert ''from the constituencies of''.

Page 462, strike line 13.

Page 462, line 14, strike ''(4)'' and insert ''(3)''.

Page 462, strike lines 15 through 17 and insert the following:

(4) passenger aircraft pilots represented by a labor group;

(5) flight attendants represented by a labor group;

(6) airline passengers; and

Page 463, beginning on line 17, strike ''18 months'' and insert ''12 months''.

AMENDMENT NO. 30 OFFERED BY MR. ROBERT GARCIA OF CALIFORNIA

Page 472, line 1, insert ''or where crew would reasonably believe an aircraft lined up on an incorrect runway or incorrect taxiway, the aircraft landing at the wrong airport, the aircraft significantly overpassed the destination airport, or the crew have been alerted of a possible pilot deviation'' after ''Regulations,''.

Page 473, line 11, strike the closing quotation mark and final period.

Page 473, after line 11, insert the following:

''(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to affect—

''(1) the confidentiality of recordings and transcripts under section 1114(c);

''(2) the ban on recordings for civil penalty or certificate action under section 121.359(h) of title 14, Code of Federal Regulations; or

''(3) the prohibition against use of data from flight operational quality assurance programs for enforcement purposes under section 13.401 of 14, Code of Federal Regulations.''.

AMENDMENT NO. 31 OFFERED BY MRS. GONZÁLEZ-COLÓN OF PUERTO RICO

At the end of title VIII, add the following:

SEC. ___. STUDY ON AIR CARGO OPERATIONS IN PUERTO RICO.

(a) IN GENERAL.—No later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall conduct a study on air cargo operations in Puerto Rico.

(b) CONTENTS.—In conducting the study required under subsection (a), the Comptroller General shall address the following:

(1) The economic impact of waivers authorized by the Secretary of the Department of Transportation related to air cargo operations in Puerto Rico.

(2) Recommendations for security measures that may be necessary to support increased air cargo operations in Puerto Rico.

(3) Potential need for additional staff to safely accommodate additional air cargo operations.

(4) Airport infrastructure improvements that may be needed in the 3 international airports located in Puerto Rico to support increased air cargo operations.

(5) Alternatives to increase private stakeholder engagement and use of the 3 international airports in Puerto Rico to attract increased air cargo operations.

(6) Possible national benefits of increasing air cargo operations in Puerto Rico.

(c) REPORT.—Not later than 12 months after the date of enactment of this Act, the Comptroller General shall submit to the appropriate Committees of Congress a report on the results of the study described in subsection (a).

AMENDMENT NO. 32 OFFERED BY MR. GOODEN OF TEXAS

At the end of title VIII, insert the following:

SEC. 8___. PROHIBITION ON OPERATION OF AIRCRAFT OVER RUSSIAN AIRSPACE.

(a) IN GENERAL.—Not later than 60 days after the date of the enactment of this Act, the Secretary of Transportation, in consultation with the Secretary of State and other relevant Federal officials, shall—

(1) amend NOTAM KICZ NOTAM A0005/22-Security, titled ''United States of America Prohibition Against Certain Flights in specified areas of the Moscow (UUWV), Samara (UWWW) and Rostov-Na Donu (URRV) Flight Information Regions (FIR))'' to apply the prohibitions equally to air carriers and foreign air carriers landing in or taking off from an airport in the United States;

(2) take other actions within the authorities of the Secretary to apply to foreign air carriers landing in, or taking off from, an airport in the United States prohibitions consistent with the prohibitions in the NOTAM referred to in paragraph (1); or

(3) provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, a briefing, in a classified or unclassified setting, if the Secretary finds that the implementation of paragraph (1) or (2) is—

(A) unnecessary;

(B) not in the public interest; or

(C) not consistent with the foreign policy priorities of the United States.

(b) SUNSET.—Any prohibition implemented pursuant to subsection (a) shall terminate on the date on which the NOTAM referred to in subsection (a) is rescinded.

(c) SAVINGS CLAUSE.—Nothing in this section shall be construed as putting any limitation on the authority of the Secretary of Transportation to implement any prohibition in addition or subsequent to a prohibition implemented under subsection (a).

(d) DEFINITIONS.—Each of the terms used in this section shall have the meanings given such terms in section 40102(a) of title 49, United States Code.

AMENDMENT NO. 34 OFFERED BY MR. GOTTHEIMER OF NEW JERSEY

At the end of title VII, add the following:

SEC. _____. GAO STUDY ON CERTAIN AIRPORT DELAYS.

The Comptroller General of the United States shall conduct a study on flight delays in the States of New York, New Jersey, and Connecticut and the possible causes of such delays.

AMENDMENT NO. 37 OFFERED BY MS. HAGEMAN OF WYOMING

Page 738, after line 17, insert the following (and redesignate the subsequent subparagraph accordingly):

''(E) ensure that any procurement of new equipment takes into account the life cycle, reliability, performance, service support, and costs to guarantee the acquisition of equipment that is of high quality and reliability resulting in greater performance and cost-related benefits for airports;

AMENDMENT NO. 38 OFFERED BY MS. HAGEMAN OF WYOMING

At the end of subtitle A of title V, add the following:

SEC. _____. PROVIDING NON-FEDERAL WEATHER OBSERVER TRAINING TO AIRPORT PERSONNEL.

The Administrator of the Federal Aviation Administration shall take such actions as are necessary to provide training that is easily accessible and streamlined for airport personnel to become certified as non-Federal weather observers so that such personnel can manually provide weather observations when automated surface observing systems and automated weather observing systems experience outages and errors in order to ensure operational safety at airports.

AMENDMENT NO. 39 OFFERED BY MS. HAGEMAN OF WYOMING

At the end of title VIII, add the following:

SEC. _____. GAO STUDY ON AVIATION WORKFORCE.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study on methods related to the recruitment, retention, employment, education, training, and well-being of the aviation workforce specifically within rural communities.

(b) COLLABORATION.—In conducting the study under subsection (a), the Comptroller General shall collaborate with industry stakeholders and rural aviation facilities to ascertain the best policies for increasing participating in the aviation workforce community from individuals from rural communities.

(c) REPORT TO CONGRESS.—Not later than 120 days after the date of enactment of this Act, the Comptroller General shall submit the results of the study under subsection (a) to the appropriate congressional committees.

(d) ADMINISTRATIVE ACTIONS.—The Administrator of the Federal Aviation Administration shall take such actions as are reasonable to implement the recommendations made by the Comptroller General from the study conducted under subsection (a).

AMENDMENT NO. 40 OFFERED BY MR. HIGGINS OF LOUISIANA

Add at the end of title VIII the following:

SEC. 844. ASSESSMENT BY INSPECTOR GENERAL OF THE DEPARTMENT OF TRANSPORTATION OF COUNTER-UAS SYSTEM OPERATIONS.

(a) ASSESSMENT.—Not later than 180 days after the date of the enactment of this Act, the Inspector General of the Department of Transportation shall assess all actions taken by the Federal Aviation Administration affecting the ability of U.S. Customs and Border Protection to conduct counter-UAS system operations at the southern border of the United States from January 1, 2021, to such date of enactment.

(b) CONSIDERATIONS.—The assessment under subsection (a) shall consider the following impacts:

(1) Operational capabilities of U.S. Customs and Border Protection in detecting and mitigating unauthorized unmanned aircraft systems.

(2) Coordination efforts and information sharing between the Federal Aviation Administration and U.S. Customs and Border Protection regarding counter-UAS system operations.

(3) Any other impacts or considerations the Inspector General of the Department of Transportation determines relevant.

(c) REPORT.—Not later than 90 days after the completion of the assessment under subsection (a), the Inspector General of the Department of Transportation shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing the findings of such assessment.

(d) DEFINITIONS.—In this section:

(1) COUNTER-UAS SYSTEM.—The term ''counter-UAS system'' has the meaning given such term in section 44801 of title 49, United States Code.

(2) UNMANNED AIRCRAFT SYSTEM.—The term ''unmanned aircraft system'' has the meaning given such term in section 44801 of title 49, United States Code.

AMENDMENT NO. 41 OFFERED BY MR. HILL OF ARKANSAS

At the end of title VIII, add the following:

SEC. ___. BRIEFING ON LIT VORTAC PROJECT.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the

Administrator of the Federal Aviation Administration shall provide a briefing on the Little Rock Port Authority Very High Frequency Omni-Directional Radio Range Tactical Air Navigation Aid Project (LIT VORTAC) to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

(b) BRIEFING CONTENTS.—The briefing required under subsection (a) shall include the following:

(1) (1) The status of the efforts by the Federal Aviation Administration to relocate the LIT VORTAC.

(2) The status of new flight planning of the relocated VORTAC.

(3) A description of and timeline for each remaining phase of the relocation project.

AMENDMENT NO. 42 OFFERED BY MR. HOULAHAN OF PENNSYLVANIA

At the end of title VIII, add the following:

SEC. ___. REIMBURSEMENT FOR FINANCIAL LOSSES DUE TO CERTAIN AIRPORT CLOSURES.

(a) NOTIFICATION REQUIRED.—Not later than 30 days after the date on which a President takes office, the Administrator of the Federal Aviation Administration shall provide notification to specified aviation entities located at any airports that may be expected to close at any point during the term of such President due to temporary flight restrictions related to any residence of the President that is designated or identified to be secured by the United States Secret Service.

(b) REIMBURSEMENT REQUIRED.—Subject to the availability of appropriations, the Administrator shall provide financial reimbursement to specified aviation entities in an amount equal to the direct and incremental financial losses incurred while an airport, or portion thereof, is closed solely due to the actions of the Federal Government as described in subsection (a). The Administrator shall provide reimbursement for such losses.

(c) AUDIT REQUIRED.—The Administrator may not obligate or distribute reimbursement funding described in subsection (b) until an audit of the financial losses incurred by a specified aviation entity is completed by the Administrator. The Administrator may request that specified aviation entities provide documentation which the Administrator determines is necessary to complete such audit.

(d) INELIGIBLE COSTS.—In carrying out this section, the Administrator shall ensure that any loss incurred as a result of a violation of law, or through fault or negligence, of a specified aviation entity are not eligible for reimbursements

(e) GOVERNMENT RELEASE FROM LIABILITY.—The United States Government shall not be liable for claims for financial losses resulting from airport closures described in subsection (a).

(f) SPECIFIED AVIATION ENTITY DEFINED.—In this section, the term ''specified aviation entity'' means—

(1) an airport sponsor that does not provide gateway operations;

(2) a provider of general aviation ground support services; or

(3) an impacted aviation tenant.

AMENDMENT NO. 43 OFFERED BY MR. HOYLE OF OREGON

Page 494, after line 12, insert the following:

(d) TRAINING MATERIALS.—Not later than 6 months after the completion of the safety review required under subsection (a), the Administrator shall develop and publish training and related educational materials about aircraft engine ingestion and jet blast hazards for ground crews (including supervisory employees) that includes information on—

(1) the specific dangers and consequences of entering engine ingestion or jet blast zones;

(2) proper protocols to avoid entering an engine ingestion or jet blast zone; and

(3) on-the-job, instructor-led training to physically demonstrate the engine ingestion zone boundaries and jet blast zones for each kind of aircraft the ground crew may encounter.

AMENDMENT NO. 45 OFFERED BY MR. HUIZENGA OF MICHIGAN

At the end of title VIII, add the following:

SEC. ___. PROHIBITION ON CERTAIN RUNWAY LENGTH REQUIREMENTS.

Notwithstanding any other provision of law, the Secretary of Transportation may not require an airport to shorten the length or width of the airport's runway, apron, or taxiway as a condition for the receipt of federal financial assistance if the airport directly supports a base of the United States Air Force or the Air National Guard at the airport, regardless of the stationing of military aircraft.

AMENDMENT NO. 49 OFFERED BY MR. JOHNSON OF SOUTH DAKOTA

Page 337, after line 25, insert the following:

''(B) CLOUD-BASED, INTERACTIVE DIGITAL PLATFORMS.—The Administrator is encouraged to utilize cloud-based, interactive digital platforms to meet community engagement and agency coordination requirements under subparagraph (A).''.

AMENDMENT NO. 51 OFFERED BY MR. KEAN OF NEW JERSEY

Page 613, line 15, strike ''and''.

Page 613, line 19, strike the period and insert ''; and''.

Page 613, after line 19, insert the following:

(F) consult with the Secretary of Defense with regard to—

(i) the U.S. Air Force Agility Prime Program and powered-lift aircraft evaluated and deployed for military purposes, including the F35B program;

(ii) the commonalities and differences between powered-lift aircraft types and the handling qualities of such aircraft; and

(iii) the pathways for pilots to gain proficiency and earn the necessary ratings required to act as a pilot in command of powered-lift aircraft.

AMENDMENT NO. 52 OFFERED BY MR. KILMER OF WASHINGTON

Page 256, beginning on line 9, strike ''an improvement of any runway, taxiway, or apron'' and insert ''improvements, or planning for improvements,''.

Page 256, beginning on line 12, strike ''under visual flight rules''.

Page 256, line 13, insert ''(defined as an earthquake, flooding, high water, wildfires, hurricane, storm surge, tidal wave, tornado, tsunami, wind driven water, sea level rise, tropical storm, cyclone, land instability, or winter storm)'' after ''natural disaster''.

Page 256, line 17, insert ''or Incident support base'' after ''staging area''.

AMENDMENT NO. 55 OFFERED BY MS. LEE OF NEVADA

Page 555, line 16, insert ''including research'' after ''agricultural purposes''.

Page 581, line 15, insert ''research,'' before ''wildfire detection, mitigation, and suppression''.

AMENDMENT NO. 57 OFFERED BY MR. LYNCH OF MASSACHUSETTS

Page 374, strike lines 6 through 8 and insert the following:

(i) multiple airport communities and communities in the vicinity of airports;

AMENDMENT NO. 58 OFFERED BY MR. LYNCH OF MASSACHUSETTS

Page 382, line 20, strike ''and''.

Page 382, after line 20, insert the following:

(H) ensuring engagement with local community groups as appropriate in conducting the other responsibilities described in this section; and

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Missouri (Mr. GRAVES) and the gentleman from Washington (Mr. LARSEN) each will control 15 minutes.

The Chair recognizes the gentleman from Missouri.

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself such time as I may consume.

I rise in support of en bloc No. 2, containing 20 amendments from my colleagues on both sides of the aisle. This en bloc reflects the bipartisan work of our committee, which has done what we have done to address Members' priorities.

This includes bipartisan agreements on several amendments that we considered during our markup, including requiring the FAA to develop training materials to improve safety for airport ramp workers, and it requires the GAO to conduct a study on air cargo operations in Puerto Rico.

Furthermore, the en bloc package includes amendments to ensure the Secretary responds to essential air service contracts in a timely manner, allowing the FAA to provide weather observer training to airport personnel and ensures that United States passengers on foreign air carriers are protected in the same manner as they would be on United States air carriers by avoiding Russian airspace.

Mr. Chair, I urge my colleagues to support this bipartisan en bloc package, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I rise in support of this en bloc. It includes several provisions that will improve the bill overall, including amendments from Representatives LEE, HOYLE, GOTTHEIMER, LYNCH, and others.

I support this en bloc and encourage my colleagues to do the same. I have no other speakers on amendments en bloc No. 2, so I yield back the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I don't have any speakers, so I am prepared to close. I urge my colleagues to support these amendments en bloc, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendments en bloc No. 2, offered by the gentleman from Missouri (Mr. GRAVES).

The en bloc amendments were agreed to.

AMENDMENTS EN BLOC NO. 3 OFFERED BY MR. GRAVES OF MISSOURI

Mr. GRAVES of Missouri. Mr. Chair, pursuant to House Resolution 597, I offer amendments en bloc.

The Acting CHAIR. The Clerk will designate the amendments en bloc.

Amendments en bloc No. 3 consisting of amendment Nos. 54, 56, 59, 63, 66, 72, 78, 79, 80, 81, 82, 83, 84, 86, 95, 96, and 97 printed in part A of House Report number 118–147 offered by Mr. GRAVES of Missouri.

AMENDMENT NO. 54 OFFERED BY MR. LAWLER OF NEW YORK

At the end of title VIII, add the following:

SEC. __. STUDY ON PILOT SUPPLY ISSUES.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study on the shortage of pilots faced by air carriers.

(b) CONTENTS.—In conducting the study under subsection (a), the Comptroller General shall address ways to overcome challenges to the pilot workforce.

AMENDMENT NO. 56 OFFERED BY MR. LUCAS OF OKLAHOMA

Page 782, beginning on line 18, strike ''a plan to'' and all that follows through ''expand overall'' and insert ''a plan to expand overall''.

Page 783, line 2, strike ''; and'' and insert a period.

Page 783, strike line 3.

Page 783, beginning on line 9, strike ''Academies'' and insert ''Academy''.

Page 783, beginning on line 16, strike '', and whether field training can be administered more flexibly, such as at other Federal Aviation Administration locations across the country''.

Page 784, line 1, strike ''virtual''.

Page 784, strike lines 5 through 8.

Page 784, beginning on line 9, strike ''costs of'' and all that follows through ''expanding Federal'' and insert ''costs of expanding Federal''.

Page 784, line 11 insert ''at the existing air traffic control academy'' after ''capacity''.

Page 784, line 12, strike ''; and'' and insert a period.

Page 784, strike lines 13 through 14.

AMENDMENT NO. 59 OFFERED BY MR. MAGAZINER OF RHODE ISLAND

Page 256, after line 19, insert the following (and redesignate the subsequent subparagraph accordingly):

(V) a project to comply with rulemakings and recommendations on cybersecurity standards from the rulemaking committee convened under section 574 of the Securing Growth and Robust Leadership in American Aviation Act.

AMENDMENT NO. 63 OFFERED BY MS. MENG OF NEW YORK

Page 362, line 1, insert ''and in overflight communities'' after ''in the vicinity of airports''.

Page 362, after line 11, insert the following:

(e) OVERFLIGHT COMMUNITY DEFINED.—In this section, the term ''overflight community'' means an area—

(1) located under the flight paths of aircraft;

(2) that experiences noise annoyance from such aircraft or airports; and

(3) that is located in an area that experiences a day-night average sound level lower than the threshold of significant noise exposure established by the Administrator of the Federal Aviation Administration.

AMENDMENT NO. 66 OFFERED BY MR. NEGUSE OF COLORADO

Page 380, beginning on line 11, insert ''interviews with impacted residents,'' after ''other Federal agencies,''.

AMENDMENT NO. 72 OFFERED BY MRS. PELTOLA OF ALASKA

Page 438, line 11, strike ''reconstructing and rehabilitating'' and insert ''rehabilitating, reconstructing, or extending''.

AMENDMENT NO. 78 OFFERED BY MS. PETTERSEN OF COLORADO

Page 67, line 6, strike ''in decision making processes''.

AMENDMENT NO. 79 OFFERED BY MS. PETTERSEN OF COLORADO

Page 476, line 4, strike ''and''.

Page 476, line 13, strike the period and insert ''; and''.

Page 476, after line 13, insert the following:

(3) what contents of the emergency medical kits should be readily available, to the extent practicable, for use by flight crews without prior approval by a medical professional.

AMENDMENT NO. 80 OFFERED BY MS. PETTERSEN OF COLORADO

Page 247, line 8, insert '', including antidepressants'' before the semicolon.

AMENDMENT NO. 81 OFFERED BY MS. PETTERSEN OF COLORADO

Page 248, line 14, strike ''and'' at the end.

Page 248, after line 14, insert the following (and redesignate accordingly):

(C) consider implementing the final recommendations report issue by the Office of the inspector general of the Department of Transportation titled, ''FAA Conduct Comprehensive Evaluations of Pilots With Mental Health Challenges, but Opportunities Exist to Further Mitigate Safety Risks'' and published on July 12, 2023; and

AMENDMENT NO. 82 OFFERED BY MR. PFLUGER OF TEXAS

Page 712, after line 10, insert the following:

(e) SENSE OF CONGRESS.—It is the sense of Congress that route structures to rural airports serve a critical function to our Nation by connecting many of our military installations to major regional airline hubs.

AMENDMENT NO. 83 OFFERED BY MR. PORTER OF CALIFORNIA

At the end of title VIII, add the following:

SEC. ___. GAO STUDY ON FAA RESPONSIVENESS TO CONGRESS.

(a) GAO STUDY.—The Comptroller General of the United States shall conduct a study on—

(1) the level of responsiveness of the Administrator of the Federal Aviation Administration to a request for information from a Member of Congress, including a written congressional inquiry and staffing a meeting at the request of such a Member; and

(2) the average timeframe responses are provided to the requests described in paragraph (1).

(b) ANNUAL BRIEFING TO CONGRESS.—Section 106 of title 49, United States Code, is amended by adding at the end the following:

''(u) ANNUAL BRIEFING TO CONGRESS.—The Administrator shall annually brief the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on—

''(1) the efforts, activities, objectives, and plans of the Administration; and

''(2) the efforts of the Administration to engage with Congress and the public.''.

AMENDMENT NO. 84 OFFERED BY MR. PRESSLEY OF MASSACHUSETTS

At the end of title VIII, add the following:

SEC. _____. GAO STUDY ON TRANSIT ACCESS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Comptroller General of the United States shall conduct a study, and make the results of such study publicly accessible, on transit access to airports.

(b) CONTENTS.—In carrying out the study under subsection (a), the Comptroller General shall review public transportation access to commercial service airports throughout the United States, including cost, disability accessibility, and other potential barriers for individuals.

AMENDMENT NO. 86 OFFERED BY MR. ROSE OF TENNESSEE

At the end of subtitle A of title VII, add the following:

SEC. _____. GAO REPORT ON MASS FLIGHT CANCELLATION EVENT.

(a) REPORT REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the actions of the Department of Transportation during the period beginning 2 weeks before July 4th, 2023, and ending two weeks after July 4th, 2023, that resulted in substantial flight calculations during such period.

(b) EXAMINATION.—In developing the report under subsection (a), the Comptroller general shall examine—

(1) all actions the Secretary of Transportation and the Administrator of the Federal Aviation Administration took to mitigate flight disruptions and flight cancellations during such period; and

(2) any actions not taken by the Secretary or the Administrator that may have mitigated flight disruptions and cancellations during such period.

AMENDMENT NO. 95 OFFERED BY MR. VAN DREW OF NEW JERSEY

Page 602, after line 15, insert the following:

(J) Operators pursuing or holding a certificate for the operation of an unmanned aircraft weighing 55 pounds or more.

AMENDMENT NO. 96 OFFERED BY MR. WESTERMAN OF ARKANSAS

Strike section 204 of the bill and insert the following:

SEC. 204. DATA PRIVACY.

(a) IN GENERAL.—Chapter 441 of title 49, United States Code, is amended by adding at the end the following:

''§ 44114. Privacy

''(a) IN GENERAL.—Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration shall establish and continuously improve a process by which, upon request of a private aircraft owner or operator, the Administrator blocks the registration number and other similar identifiable data or information, except for physical markings required by law, of the aircraft of the owner or operator from any public dissemination or display (except in furnished data or information made available to or from a Government agency pursuant to a government contract, subcontract, or agreement) for the noncommercial flights of the owner or operator.

''(b) WITHHOLDING PERSONALLY IDENTIFIABLE INFORMATION ON THE AIRCRAFT REGISTRY.—Not later than 1 year after the enactment of this Act and notwithstanding any other provision of law, the Administrator shall establish a procedure by which, upon request of a private aircraft owner or operator, the Administrator shall withhold from public disclosure (except in furnished data or information made available to or from a Government agency pursuant to a government contract, subcontract, or agreement, including that for traffic management purposes) the personally identifiable information of such individual, including on FAA websites.

''(c) ICAO AIRCRAFT IDENTIFICATION CODE.—

''(1) IN GENERAL.—The Administrator shall establish a program for aircraft owners and operators to apply for a new ICAO aircraft identification code.

''(2) LIMITATIONS.—In carrying out the program described in paragraph (1), the Administrator shall require—

''(A) each applicant to attest to a safety or security need in applying for a new ICAO aircraft identification code; and

''(B) each approved applicant who obtains a new ICAO aircraft identification code to comply with all applicable aspects of, or related to, part 45 of title 14, Code of Federal Regulations, including updating an aircraft's registration number and N–Number to reflect such aircraft's new ICAO aircraft identification code.

''(d) DECOUPLING MODE S CODES.—The Administrator shall develop a plan for which the Administrator could allow for a process to disassociate an assigned Mode S code with the number assigned to an aircraft that is registered pursuant to section 44103.

''(e) DEFINITIONS.—In this section:

''(1) ADS–B.—The term 'ADS–B' means automatic dependent surveillance-broadcast.

''(2) ICAO.—The term 'ICAO' means the International Civil Aviation Organization.

''(3) PERSONALLY IDENTIFIABLE INFORMATION.—The term 'personally identifiable information' means—

''(A) the mailing address or registration address of an individual;

''(B) an electronic address (including an email address) of an individual; or

''(C) the telephone number of an individual.

''(D) the names of the aircraft owner or operator.''.

(b) STUDY ON ENCRYPTING ADS–B.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall seek to enter into an agreement with a qualified organization to conduct a study assessing the technical challenges, impact to international aviation operations, benefits, and costs of encrypting ADS–B signals to provide for a safer and more secure environment for national airspace system users.

(2) CONSULTATION.—In carrying out the study under paragraph (1), a qualified organization shall consult with representatives of—

(A) air carriers;

(B) collective bargaining representatives of the Federal Aviation Administration aero3 nautical information specialists;

(C) original equipment manufacturers of ADS–B equipment;

(D) general aviation;

(E) business aviation; and

(F) aviation safety experts with specific knowledge of aircraft cybersecurity.

(3) CONSIDERATIONS.—In carrying out the study under paragraph (1), a qualified organization shall consider—

(A) the technical requirements for encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies;

(B) the advantages of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including those related to cybersecurity protections, safety, and privacy of national airspace system users;

(C) the disadvantages of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including those related to cybersecurity protections, safety, and privacy of national airspace system users;

(D) the challenges of encrypting ADS–B signals for both the 978 Mhz and 1090 Mhz frequencies, including coordination considerations with the International Civil Aviation Organization and foreign civil aviation authorities;

(E) potential new aircraft equipage requirements and estimated costs;

(F) the impact to nongovernmental third party users of ADS–B data;

(G) the estimated costs to—

(i) the Federal Aviation Administration;

(ii) aircraft owners required to equip with ADS–B equipment for aviation operations; and

(iii) other relevant persons the Administrator determines necessary; and

(H) the impact to national airspace system operations during implementation and post-implementation.

(4) REPORT.—In any agreement entered into under paragraph (1), the Administrator shall ensure that, not later than 1 year after the completion of the study required under paragraph (1), the qualified organization that has entered into such agreement shall submit to the Administrator, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study described in paragraph (1), including the findings and recommendations related to each item specified under paragraph (3).

(5) DEFINITION OF QUALIFIED ORGANIZATION.—In this subsection, the term ''qualified organization'' means an independent nonprofit organization, described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of such Code.

(c) CLERICAL AMENDMENT.—The analysis for chapter 441 of title 49, United States Code, is amended by adding at the end the following:

''44114. Privacy.''.

(d) CONFORMING AMENDMENT.—Section 566 of the FAA Reauthorization Act of 2018 (49 U.S.C. 44103 note) and the item relating to such section in the table of contents under section 1(b) of that Act are repealed.

AMENDMENT NO. 97 OFFERED BY MR. WESTERMAN OF ARKANSAS

In section 609(b)(3), strike ''and'' after the semicolon.

In section 609(b)(4), strike the period and insert ''; and''.

In section 609(b), add at the end the following:

(5) ensure the safety of manned aircraft operating in the national airspace system.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Missouri (Mr. GRAVES) and the gentleman from Washington (Mr. LARSEN) each will control 15 minutes.

The Chair recognizes the gentleman from Missouri.

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise in support of this en bloc, which contains 17 amendments to H.R. 3935 offered by my colleagues on both sides of the aisle.

This en bloc package includes amendments that seek to require the Government Accountability Office to study the pilot shortage, require community feedback regarding aircraft noise matters, improve emergency medical kits on board aircraft, require an audit of recent flight cancellations that continue to plague passengers and travelers, as well as many more things in this en bloc.

I urge support of this en bloc package and encourage a ''yes'' vote by all Members.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I rise in support of this en bloc. It includes several amendments that strengthen the bill, including:

A proposal from Representative MAGAZINER to ensure AIP funding can be used for cybersecurity projects;

An amendment from Representatives MENG, NORTON, JOHNSON, NADLER, and RASKIN to ensure overflight community feedback is considered as the FAA updates its aircraft noise policies;

A proposal from Representative NEGUSE of Colorado to ensure the FAA directly interviews residents from communities impacted by aircraft noise as part of its community engagement efforts;

Several proposals from Representative PETTERSEN of Colorado to address community noise concerns, in-flight emergency medical kits, and pilot mental health;

A bipartisan proposal from Representatives PORTER and WESTERMAN to audit and improve the FAA's responsiveness to congressional requests—I just can't imagine who couldn't support that; and

A proposal from Representative PRESSLEY to study transit access to airports.

Mr. Chair, I urge all Members to support en bloc No. 3, and I yield back the balance of my time.

□ 1400

Mr. GRAVES of Missouri. Mr. Chairman, I yield 3 minutes to the gentleman from Tennessee (Mr. ROSE).

Mr. ROSE. Mr. Chair, I rise in support of my amendment, which requires a GAO report on the recent mass flight cancellations and delays that crippled our Nation surrounding the Fourth of July holiday.

Mr. Chair, listen to these headlines:

From Newsweek: ''July 4th Travel Chaos as Thousands of Airline Passengers Face Cancellations.''

From the Associated Press: ''Travelers endure another day of airport agony.''

From the Insider news site: ''Get ready for a flightmare: What to expect if you are one of the 4 million Americans flying this Independence Day weekend.''

Mr. Chair, I include in the RECORD each of these articles.

[From Newsweek.com, June 29, 2023]

JULY 4TH TRAVEL CHAOS AS THOUSANDS OF AIRLINE PASSENGERS FACE CANCELLATIONS

(By Khaleda Rahman)

Hundreds of flights in the U.S. have been canceled Thursday, a worrying indication of the chaos summer travelers could endure as they prepare to fly during the busy July 4 weekend.

Airline passengers suffered through yet another day of delayed and canceled flights on Wednesday, with the East Coast continuing to be the hardest hit as storms pummel the region.

Around 1,200 U.S. flights were canceled on Wednesday, while nearly 7,000 were delayed, according to flight-tracking website FlightAware.

By early Thursday, 344 flights within, into and out of the U.S. had been canceled and at least 500 more were delayed. Of the cancelled flights, 78 had been scheduled to fly in or out

of New Jersey's Newark Liberty Airport, 74 were at Denver airport, and 62 at Houston's George Bush Intercontinental Airport.

The Federal Aviation Administration expects Thursday to be the busiest travel day of the long weekend, with more than 52,500 total flights.

United Airlines, which uses Newark airport as its New York area hub, canceled 263 flights on Thursday, the most among U.S. airlines for a sixth straight day.

''We're beginning to see improvement across our operation. We expect to cancel far fewer seats today compared to yesterday and our baggage backlog at Newark has dropped more than 30 percent since Tuesday, and off-duty flight attendants are calling in from across the country to staff open trips,'' United said in a statement to Newsweek on Wednesday night.

''It's all-hands-on-deck as our pilots get aircraft moving, contact center teams work overtime to take care of our customers, and our airport customer service staff works tirelessly to deliver bags and board flights. As our operation improves in the days ahead, we will be on track to restore our operation for the holiday weekend.''

Many passengers who were left stranded have taken to social media to express their anger, with some saying they were forced to sleep in airport terminals.

''My wife & 2 toddlers are sleeping in an airport terminal tonight because @united bumped the flight three times, put on standby for a midnight flight, then bumped again until tomorrow morning,'' a Twitter user named John wrote.

''On hold w a rep since 3 pm today. Nobody at counters. They don't care.''

Some, including Margo Osborne, said they would never fly with certain airlines again.

''Will never fly @united again!'' Osborne tweeted. ''1000s stranded at Newark, after countless flights canceled. No one allowed to retrieve checked bag, even if u have medical equip packed inside. Customer service was worst I've seen.''

United Airlines CEO Scott Kirby has blamed a shortage of federal air traffic controllers for massive disruptions at its Newark hub last weekend.

Over 150,000 customers in the New York City area were impacted because of Federal Aviation Administration (FAA) ''staffing issues and their ability to manage traffic,'' Kirby wrote in a memo to employees on Monday night, according to Fox Business. ''The FAA frankly failed us this weekend.''

''We will always collaborate with anyone seriously willing to join us to solve a problem,'' an FAA spokesperson told Newsweek.

The spokesperson said the FAA is ''working closely with airlines to keep aircraft moving safely and efficiently over the Fourth of July travel period.''

They also pointed to weekly updates on the FAA's website with preliminary data on the causes of delays.

''Current delay data shows the vast majority are due to weather and volume,'' the spokesperson said.

Transportation Secretary Pete Buttigieg, whose department includes the FAA, took to social media on Wednesday to reassure travelers that the FAA is working to ''find solutions.''

''We are closely watching air travel this week. Weather has been rough, especially in the last four or five days, it's caused a lot of cancellations and delays for many passengers around the country,'' he said in a video posted on Twitter.

''We've known that summer is going to be a stress test on the system. The good news is we've seen a lot of progress this year through Memorial Day and also a major improvement to passenger rights compared to a year ago . . . FAA is continuing to work around the clock with airlines and within FAA's own operations to find solutions, get creative, make sure the system is as resilient as possible.''

Last week, Buttigieg issued a new warning to airlines, telling them that flights could be disrupted because some planes lack updated equipment to prevent interference from new 5G wireless service. He said only planes retrofitted with the right equipment will be allowed to land when visibility is poor, such as during bad weather.

TRAVELERS ENDURE ANOTHER DAY OF AIRPORT AGONY. ONE AIRLINE HAS BY FAR THE MOST CANCELLATIONS

(By David Koenig)

DALLAS (AP).—Air travelers endured another wave of flight disruptions Thursday despite better weather along much of the East Coast, while United Airlines continued to account for the majority of canceled flights nationwide.

United vowed to get back on track over the July 4 holiday weekend, when the number of air travelers could set a pandemic-era record.

Hundreds of thousands of people have had travel plans thrown in the air after a wave of storms raked the Northeast over the past few days and frustrations are running high.

Airports in Chicago, Denver and Newark, New Jersey—all hubs for United—were seeing the most delays on Thursday, according to FlightAware.

By early evening on the East Coast, United had canceled more than 400 flights, the bulk of the 600-plus cancellations toted up by FlightAware. The Chicago carrier was poised to lead all U.S. airlines in cancellations for a sixth straight day.

United CEO Scott Kirby has blamed the airline's struggles in Newark on a shortage of air traffic controllers in the New York City area. Transportation Secretary Pete Buttigieg pushed back against the criticism while conceding that a key Federal Aviation Administration facility in New York is severely understaffed.

''United Airlines has some internal issues they need to work through. They have really been struggling this week, even relative to other U.S. airlines,'' Buttigieg told CNN. ''But where we do agree is that there need to be more resources for air traffic control.''

The FAA plans to hire 3,300 controllers over two years, but they won't be ready to help this summer, much less this weekend.

The leader of United's union pilots—who are locked in difficult contract negotiations—blamed management for the disruptions, saying the company failed to upgrade a crewscheduling system.

''While Scott Kirby attempts to deflect blame on the FAA, weather and everything in between, further flight delays are a direct result of poor planning by United Airlines executives,'' Garth Thompson said.

United is offering triple pay to flight attendants who are scheduled off this weekend but agree to pick up extra flights, according to their union. The Association of Flight Attendants also said crews calling in for assignments have been put on hold for three hours or longer.

''The airline actually 'lost' crews in the system for days on end because there was such a significant breakdown in running the operation,'' said Ken Diaz, president of the flight attendants' group at United. He said the company scheduled summer flights ''to the max'' even knowing about air traffic control limits in the Northeast.

United said it was getting a handle on its problems.

''We're seeing continued meaningful improvement today after an overnight effort to further repair schedules and match separated crews with aircraft,'' the airline said in a midday statement. ''As the recovery progresses, delays and cancellations will continue to decline as we head into what we expect to be a very busy holiday weekend.''

Because planes are packed for the summer, it is hard for airlines to rebook customers when flights are canceled—there aren't many empty seats.

Ariana Duran of Orlando, Florida, said JetBlue rebooked her for seven days later when her flight home from Newark was canceled this week. So she got creative.

Her boyfriend spotted a $1,200 seat on another airline, but it was gone before they could buy it. She looked into Amtrak. Duran, who does marketing for an insurance company, wound up paying about $640 for a one-way ticket to Orlando—with a stop in the Florida Keys—on United Express and Silver Airways.

Duran didn't care when they told her it would be a very small plane. ''Just put me on a boat at this point,'' she said.

Sonia Hendrix, who runs a public-relations firm in New York, took four days to get home from a business trip to Colorado. She was stranded one night in Atlanta and two in Orlando, when connecting flights were canceled. She woke up some mornings not knowing where she was.

Hendrix said a Delta agent threatened to cancel her reservation when she complained about being offered only a $50 voucher for her trip troubles. On the other hand, her pilot, ''Captain Dan,'' waited in the airport and helped passengers after the flight was canceled.

''This is not all Delta's fault. Their pilots and flight crews were working very hard,'' she said. ''I blame the FAA. I blame Buttigieg for sitting on his hands'' and not staffing up air traffic control centers sooner.

Hendrix said she lost working time and spent $700 out of pocket. She is so worried it could happen again that she is reconsidering a business trip next month to Los Angeles.

The FAA said Thursday would be the busiest day of the holiday stretch by number of flights. The Transportation Security Administration said it expected to screen the most travelers on Friday—a predicted 2.82 million people.

Scattered showers and thunderstorms may arrive later Thursday in the Northeast, and storms were also forecast farther south along the East Coast through Saturday. The West is under threat of unstable weather for the next several days.

Along with big crowds and storms, a technology issue could add to travelers' difficulties. Federal officials say some airline planes may be unable to fly in bad weather starting Saturday because of possible interference from new 5G wireless service.

American, United, Southwest, Alaska and Frontier say all their planes have been retrofitted with new radio altimeters—those are devices that measure the plane's height above the ground—and they do not expect disruptions due to 5G service.

However, Delta Air Lines has about 190 planes in its fleet of more than 900 that have not been updated because it can't get enough altimeters from its supplier. Delta says it will schedule those planes to avoid landing in poor visibility while it works to upgrade them through the summer.

The issue affects several types of single-aisle planes that Delta uses on routes within the United States, including all its Airbus A220s and most of its Airbus A319 and A320 jets.

Smaller airlines that operate regional flights could also be affected by the radio interference issue, as could flights operated to the United States by foreign carriers.

By early evening in the East, about 5,300 flights had been delayed, down from an average of 8,000 a day over the first three days of the week.

[From insider.com]

GET READY FOR A 'FLIGHTMARE' IF YOU'RE FLYING THIS JULY 4 HOLIDAY

(By Hannah Towey and Pete Syme)

Imagine the entire population of Los Angeles heading to an airport—and then throw in Cincinnati, just for fun.

That's how many Americans are expected to fly over this Independence Day weekend, which travel organization AAA predicts will break records for car and air travel.

And the Transportation Security Administration says 17.7 million people will travel across the country from Thursday through July 5.

It expects Friday to be the busiest day, projecting 2.82 million people will pass through TSA checkpoints—which would beat its all-time single-day record of 2.8 million on June 16.

It's a huge test for the country's strained aviation system, and the results aren't inspiring much confidence so far.

Hundreds of thousands of people have had travel plans thrown into chaos after a wave of storms raked the Northeast in the last week of June and frustrations are running high, with some stranded passengers resorting to sleeping on tables and luggage carts.

One United passenger told Insider they were stuck in Newark Liberty International Airport for two-and-a-half days waiting for their flight to South Africa, ultimately causing them to cancel their trip. Another United passenger said she had to drive hundreds of miles and take another flight to meet up with her bags—and she still couldn't get a hold of her luggage.

On Thursday—which the Federal Aviation Administration predicted to be the busiest day—7,845 flights within, into, or out of the US were delayed or canceled, according to flight tracker FlightAware.

Scattered showers and thunderstorms may arrive in the Northeast, and storms were also forecast farther south along the East Coast through Saturday. The West is also under threat of unstable weather for the next several days.

''Storms are hitting the East Coast at the worst time: right as the July 4th travel weekend begins to takeoff,'' Scott Keyes, the founder and chief flight expert of Going.com, told Travel + Leisure magazine.

''Expect long lines, few empty seats, and lengthy hold times to get ahold of customer service phone agents,'' he added.

Chris Citrola, an FAA spokesman, said storms on the East Coast had ''positioned themselves in the perfect spot.''

''What happens is a domino effect of issues,'' he added. ''We have crews that can't get to where they need to, we can't get crews out of where they need to go to, and that starts turning into a lot of issues at the airport itself.''

Along with big crowds and storms, a technology issue could add to travelers' difficulties.

Federal officials say some airline planes may be unable to fly in bad weather starting Saturday because of possible interference from new 5G wireless service.

There's concern that boosted 5G signals could interfere with radar altimeters—sensors which measures how high an aircraft is above the ground, and are essential for flying in low-visibility conditions.

Buttigieg warned of ''a real risk of delays or cancellations,'' because hundreds of planes have yet to be retrofitted with updated sensors.

American, United, Southwest, Alaska and Frontier say all their planes have been updated, and they do not expect disruptions due to 5G service.

However, Delta Air Lines has about 190 planes in its fleet of more than 900 that have not been updated because it can't get enough altimeters from its supplier. Delta says it will schedule those planes to avoid landing in poor visibility while it works to upgrade them through the summer.

The issue affects several types of single-aisle planes that Delta uses on routes within the United States, including all its Airbus A220s and most of its A319 and A320 jets.

And JetBlue said it expects its 17 A220 planes won't be upgraded until October, The Wall Street Journal reported.

Smaller airlines that operate regional flights could also be affected by the radio interference issue, as could flights operated to the United States by foreign carriers.

Buttigieg said that around 20 percent of domestic planes and 35% of international ones which fly to the US aren't yet fitted with the updated equipment, per the Journal.

Backups are easing thanks to a break in the weather, but United Airlines continues to bear the brunt of the disruptions. The airline accounted for approximately 69% of canceled flights in the US on Thursday, per FlightAware. The Chicago-based carrier is poised to lead all airlines in cancellations for a sixth straight day.

Airports in Chicago, Denver, and Newark, New Jersey—all hubs for United—were seeing the most delays on Thursday, according to FlightAware.

United CEO Scott Kirby blamed the airline's struggles in Newark on a shortage of air traffic controllers in the New York City area. Transportation Secretary Pete Buttigieg pushed back against the criticism while conceding that a key FM facility in New York is severely understaffed.

''United Airlines has some internal issues they need to work through. They have really been struggling this week, even relative to other U.S. airlines,'' Buttigieg told CNN. ''But where we do agree is that there need to be more resources for air traffic control.''

The FAA plans to hire 3,300 controllers over two years, but they won't be ready to help this summer, much less this weekend.

United is offering triple pay to flight attendants who are scheduled off this weekend but agree to pick up extra flights, according to their union. The Association of Flight Attendants also says crews calling in for assignments have been put on hold for three hours or longer.

A spokesperson for United Airlines told Insider that the carrier has seen ''meaningful improvement today after an overnight effort to further repair schedules and match separated crews with aircraft.''

''As the recovery progresses, delays and cancellations will continue to decline as we head into what we expect to be a very busy holiday weekend,'' the spokesperson added. ''We're closely watching the weather, especially in Denver and Chicago today, and are hopeful our customers will still see fewer last-minute cancellations—which will reduce lines at the airport.''

Mr. ROSE. Mr. Chair, with thousands of Fourth of July vacations lying in ruins, it is vitally important for accountability as to what went so catastrophically wrong with our Nation's aviation transportation system.

That is why I was proud to author my amendment to require the GAO to report to Congress on the actions of the Secretary of Transportation and the Administrator of the Federal Aviation Administration related to this travel nightmare.

Mr. GRAVES of Missouri. Mr. Chair, I have no further speakers at this time.

Mr. Chair, I urge my colleagues to support this en bloc amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendments en bloc offered by the gentleman from Missouri (Mr. GRAVES).

The en bloc amendments were agreed to.

The Acting CHAIR (Mr. ROSE). It is now in order to consider amendment No. 7 printed in part A of House Report 118–147.

AMENDMENT NO. 10 OFFERED BY MR. LANGWORTHY

The Acting CHAIR. It is now in order to consider amendment No. 10 printed in part A of House Report 118–147.

Mr. LANGWORTHY. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Strike section 546 (and redesignate the subsequent section accordingly).

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from New York (Mr. LANGWORTHY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from New York.

Mr. LANGWORTHY. Mr. Chairman, I yield myself such time as I may consume.

In 2009, Colgan Air Flight 3407 crashed in Clarence, New York, a community in my district in western New York, killing 49 passengers and 1 person on the ground.

As a congressional staffer at the time, I was there on the ground at the crash site. I saw firsthand the sights and the sounds and the grief of the victims' families as they grappled with the reality that their loved ones were gone. The crash was ruled a result of pilot error.

A year later, those families successfully fought to implement a set of enhanced safety standards, including requiring pilots to obtain 1,500 hours of training. The results are indisputable. Since its enactment, domestic airline fatalities have dropped 99.8 percent. Simply put, they are working, and our skies are the safest they have ever been.

My amendment protects the integrity of the 1,500-hour flight training requirement in the face of efforts to lower pilot training standards and jeopardize the safety of passengers and crew alike.

As Captain Sully Sullenberger, the miracle on the Hudson pilot, has said, while simulators have their place for experienced pilots, they are not a replacement for in-the-sky training, and this requirement must be protected.

Our job as elected leaders is to protect public safety and to help ensure

that no other family suffers the heartbreak of losing a loved one to an avoidable air tragedy.

Mr. Chair, I urge my colleagues to support my amendment here today to maintain high-quality training standards for our commercial pilots, and I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Chairman, I rise in opposition to amendment No. 10 offered by Mr. LANGWORTHY.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. GRAVES of Missouri. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, it is hard to even know where to begin. The sad thing about it is that very few people have actually read the report on what happened to Flight 3407.

Starting out, I have to say that I don't question anybody's motives on whether they oppose or support, or whatever the case may be. The sad thing about it is the wrong questions are being asked.

Now, what we are trying to do does not in any way change or weaken the 1,500-hour rule. What we are trying to say is that simulator time—which you can simulate anything—should be used in training pilots.

I am an ATP, and I will kind of explain how that process works. You get your private pilot certificate, and then you move on to your commercial certificate. After an instrument rating, you get the single-engine commercial rating, the multiengine commercial rating, and then you move on to the ATP. It stands for airline transport pilot, and I have that rating. I have flown all the profiles that anybody would have to go through to achieve an ATP.

What is interesting in this whole process is that if you take a look at the recommendations that came out of the investigation when it comes to Flight 3407, the Buffalo accident, you have to wonder—again, this is where the wrong questions are being asked.

The pilot had 3,379 total hours before the accident. This pilot failed six checkrides, and not just checkrides that were recurrent. He failed his initial instrument checkride. He failed his commercial single-engine checkride. He failed his commercial multiengine checkride. He failed at the Gulfstream Academy when he was checking out in Gulfstreams. He failed his checkride in the Gulfstream. He failed his ATP checkride and had to do remedial training. Then, ultimately, when he was upgraded to the plane that was in the accident, he failed his sixth checkride.

He didn't fail some of his checkrides when he advanced from one rating to the next. He failed all of them and had to go to remedial training.

I ask whether you would get on an airline or a flight or put your family on a flight if you knew that the captain had failed all six checkrides as he advanced through his process. No, you wouldn't, not in a minute. Would you get on a flight if it was recommended that the pilot have remedial training?

Here we are with a simulator. You can simulate anything. I remember one of my simulator profiles, one of my simulator flights. We were coming in. I was doing an approach and lost my autopilot as a result, so I had to hand-fly the approach—zero visibility, 200-foot ceiling, which is at the minimum.

As I am on approach, I lose sight of the runway because the ceiling comes down. I have to execute a go-around to reestablish my approach. This is all being done in the simulator.

As I am executing my go-around, I lose an engine. I have to execute a go-around with one engine to minimums, and I have to get it on the ground in zero-zero visibility.

You can't simulate that in a real airplane. You can't simulate any of this, any emergency, in a real airplane.

First of all, in an airliner, that means the airplane is going to have to be taken down because it is going to have to be checked. If you do stalls in a full-blown airliner, you are going to have to take that aircraft down to have the airframe inspected because of the stress that is put on it.

Now, what I do want to point out is ALPA, the airline association that represented the pilots, I got on their website and found it fascinating. One of the things that they like to point out—I am glad they were part of the board that was the ARAC. That is the Aviation Rulemaking Advisory Committee, which is who we established to make recommendations on exactly how much simulator time we should add. They co-chaired the ARAC when it came to investigating this accident.

Do you know one of the things that they tout, one of the things that they are very proud of on their website that they push? When it comes to one of the recommendations made by the NTSB, additional training on upset prevention and recovery, a new certification training program course requirement. These new simulator-based training requirements also include performing manual controlled maneuvers, procedures, slow flight—all these things. They actually endorsed more simulator training because you can simulate anything.

Today's simulators, by the way, are far and above what they were just 10 years ago.

I also have the testimony that the NTSB gave in the Senate hearing. It is unfortunate, Mr. Chairman, because the testimony in the Senate hearing says it all.

Mr. Chairman, may I inquire how much time I have remaining.

The Acting CHAIR. The time of the gentleman has expired.

Mr. GRAVES of Missouri. Mr. Chairman, I urge my colleagues not to support this amendment.

Mr. LANGWORTHY. Mr. Chairman, I yield 1 minute to the gentleman from Michigan (Mr. BERGMAN), one of only two commercial airline pilots in Congress with more than 20,000 flight hours.

Mr. BERGMAN. Mr. Chairman, as a former commercial airline pilot with more flight hours than pretty much almost anyone in Congress, so I have been told, I value safety first, safety second, and safety third. I am proud to stand with Representative LANGWORTHY in support of his amendment.

The substitution of simulator time—while you could argue that simulators are better today, yes, they are—for a reduction in actual flight time provides no substantive benefit to a prospective pilot.

While some may say that pilots only build hours by spinning around in circles in the sky, I say that is patently false and portrays a pilot workforce that Congress relies on each and every day of the week in a very negative way.

Pilots have a variety of options when it comes to building hours, and we should not assume every pilot will always do the bare minimum. In fact, I have seen pilots always do the extra just to make sure they got it right.

Congress should not be reducing safety and statutory flight hour requirements under the assumption that somehow this will make pilots gravitate toward regional airlines for employment. It won't.

Mr. Chairman, I thank the gentleman, and I offer great support for his amendment.

Mr. LANGWORTHY. Mr. Chairman, I yield 1 minute to the gentleman from New York (Mr. HIGGINS), my friend and colleague.

Mr. HIGGINS of New York. Mr. Chairman, as the Congressman has said, prior to the crash in February 2009, we were of the belief that if the plane said Continental, it was operated by the national carrier. It wasn't true. It was operated by a regional carrier, and there were two levels of safety, the larger carrier's 1,500 hours for pilots, and the regional carrier's, in the case of this flight, 750 hours.

The National Transportation Safety Board did a thorough investigation of the crash site and the circumstances surrounding it and made an unequivocal conclusion that it was pilot error. The plane went into an aerodynamic stall. The pilot did exactly the opposite of what they should have done.

The plane pitched. It descended. As Mr. LANGWORTHY has said, 49 people died, including 1 individual on the ground.

Since that change was made, commercial aviation fatalities decreased by nearly 100 percent. We ask that the 1,500-hour pilot training rule be sustained in the FAA reauthorization.

□ 1415

Mr. LANGWORTHY. Mr. Chair, I yield 1 minute to the gentlewoman from New York (Ms. TENNEY).

Ms. TENNEY. Mr. Chair, Americans do not expect to take their life into their own hands when they board a regional flight. They expect to be safe no matter where they travel in the air.

Since the 1,500-hour flight requirement was passed in response to the tragic 2009 Colgan Air Flight 3407 crash in Clarence, New York, the success of the policy speaks for itself.

American airspace is among the safest in the world, with a 99.8 percent reduction in passenger airline accident fatalities since 2010. This is why most pilot groups oppose any dilution of the flight-hour requirement.

It is vital that our pilots have full competence in the high-stakes environment of a cockpit in flight. I urge my colleagues to vote ''yes'' on Langworthy amendment No. 5 and stand with the flying public and the Colgan Air Flight families.

Mr. LANGWORTHY. Mr. Chair, we put our lives in the hands of our airline pilots, and we should apply the same standard of safety and training that Americans have come to trust and to expect.

I strongly urge my colleagues to support this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from New York (Mr. LANGWORTHY).

The question was taken; and the Acting Chair announced that the noes appeared to have it.

RECORDED VOTE

Mr. HIGGINS of New York. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from New York will be postponed.

AMENDMENT NO. 23 OFFERED BY MR. DONALDS

The Acting CHAIR. It is now in order to consider amendment No. 23 printed in part A of House Report 118–147.

Mr. DONALDS. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. ___. APPRENTICESHIP PROGRAM FOR PILOTS.

(a) DEFINITIONS.—In this section:

(1) APPRENTICE.—The term ''apprentice'' means a student enrolled at a flight school.

(2) FLIGHT SCHOOL.—The term ''flight school'' means a flight academy certified under part 141 of title 14, Code of Federal Regulations.

(3) SECRETARY.—The term ''Secretary'' means the Secretary of Transportation.

(b) ESTABLISHMENT.—The Secretary, in consultation with flight schools and other industry stakeholders, shall establish an apprenticeship program with flight schools to establish a pipeline of qualified and interested individuals to become commercial pilots.

(c) SELECTION.—Under the apprenticeship program established under subsection (b), each flight school participating in the apprenticeship program established under subsection (b) may select up to 8 applicants to flight school to serve as apprentices each academic year.

(d) CURRICULUM AND REQUIREMENTS.—

(1) IN GENERAL.—To graduate from an apprenticeship program established under subsection (b), an apprentice shall satisfy any relevant requirements and minimum curriculum under part 141 of title 14, Code of Federal Regulations (or successor regulations), including all curriculum under subpart C of such part.

(2) MINIMUM REQUIREMENTS.—Nothing in this Act prevents a flight school from imposing additional requirements, such as modifying the terms of service of the apprenticeship program, on an apprentice taking part in an apprenticeship program established pursuant to this section.

(e) OPTIONAL PROGRAM.—A flight school may choose not to participate in an apprenticeship program established under this section.

(f) REGULATIONS.—Not later than 1 year after the date of enactment of this Act, the Secretary shall issue such regulations as are necessary to implement this Act.

(g) INCENTIVIZING RETIRED PILOTS.—The Secretary shall take such actions as may be appropriate to develop methods to incentivize pilots, including retired military pilots, retiring airline pilots, and graduates of the apprenticeship program established under this section, to become instructors at flight schools, including through the development of pathway programs for such pilots to gain initial qualification or concurrent qualification as certified flight instructors under part 61 of title 14, Code of Federal Regulations.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Florida (Mr. DONALDS) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Florida.

Mr. DONALDS. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, I rise today in support of my amendment, which establishes a voluntary pilot apprenticeship program for students at Part 141 flight schools.

Up front, I will stress that this amendment has wide bipartisan support, and providing yet another option to bolster the pilot pipeline shouldn't be a partisan issue. Specifically, for the proposed apprenticeship program, up to eight students enrolled at Part 141 flight schools would be eligible for a new apprenticeship program each academic year.

To emphasize, this is a voluntary program, meaning flight schools can choose to participate. Members might ask: Why establish an apprenticeship program at flight schools?

There are several reasons:

First, apprentices will receive an airline standard of training and will also be provided flexibility in pursuing career aviation opportunities.

Second, the bill will incentivize individuals that have an interest in aviation to attend their local flight schools, which in turn will provide a greater opportunity to bolster the pilot pipeline and a certified flight instructor pipeline simultaneously.

Third, this isn't a one-size-fits-all approach. The amendment provides flexibility to establish an apprenticeship program that fits the needs/curricula of the individual flight schools themselves. After all, a flight school in southwest Florida may have completely different operations compared to a flight school in Alaska.

Moreover, there are approximately 600 Part 141 flight schools in the United States today; however, only approximately 250 of these flight schools are active in a large way.

This amendment includes provisions to incentivize retired airline pilots and retired military pilots to give back, specifically by directing the Secretary of Transportation to develop methods to establish an expedited path that will allow retired pilots to become certified flight instructors. After all, the value of their decades' worth of experience speaks for itself.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I rise in opposition to the amendment.

The CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, this amendment would create an apprenticeship program for individuals seeking to become commercial pilots.

I do want to say I am very pleased to be able to support many of Representative DONALDS' amendments to the bill, working in a bipartisan manner.

This one I just couldn't come to a place where I am comfortable, but certainly as a long-time supporter of aviation and STEM-related apprenticeships, I do appreciate the intent of Representative DONALDS' amendment. However, it is duplicative of several provisions in the underlying bill that already bolster the pilot pipeline.

This authorization already triples the funding for FAA's Aviation Workforce Development Grant programs, which funds aviation apprenticeship programs. It creates the Willa Brown Aviation Education Program, which could fund apprenticeship programs focused on underrepresented communities and creates a National Center for the Advancement of Aerospace, an independently, federally chartered nonprofit entity to administer grants to establish apprenticeships for aviation careers and serve as a centralized resource to provide comprehensive information on aviation apprenticeship opportunities.

I earlier adopted an amendment in the en bloc amendment that was sponsored by Representatives SCHRIER and GOODEN to help veterans transition into the commercial pilot world. Apprenticeships are already well covered in this underlying bill.

Mr. Chair, I oppose the gentleman's amendment, and I reserve the balance of my time.

Mr. DONALDS. Mr. Chair, I yield 2 minutes to the gentleman from Texas (Mr. NEHLS).

Mr. NEHLS. Mr. Chair, let me start by saying, I commend Chairman GRAVES, Ranking Member LARSEN, and Ranking Member COHEN on a very successful bipartisan FAA reauthorization bill.

One of the issues that I feel very adamant about is addressing the pilot shortage, which is crippling the air industry. According to the Bureau of

Labor Statistics, it is projected that 14,500 pilots will be needed every year through the year 2030. Some other outlets have estimated the number to be even higher.

For this reason, I am proud to cosponsor the Pre-Pilot Pathway Act by my friend BYRON DONALDS. This commonsense amendment requires the Secretary of Transportation to establish a voluntary apprenticeship program at Part 141 flight schools around the country.

More importantly, this program incentivizes retired pilots, those who are often the most experienced—the guys with the gray hair around the temple—to remain involved in the industry and train the next generation of pilots.

Mr. Chair, I support the amendment, and I urge adoption as one of the critical ways to support our pilots and alleviate the pilot shortage.

Mr. LARSEN of Washington. Mr. Chair, I am prepared to close, and I reserve the balance of my time.

Mr. DONALDS. Mr. Chair, I am prepared to close.

Mr. Chair, this is a great amendment with strong bipartisan support. I ask Members to support this amendment, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I ask my colleagues to oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Florida (Mr. DONALDS).

The amendment was agreed to.

AMENDMENT NO. 27 OFFERED BY MR. FEENSTRA

The Acting CHAIR. It is now in order to consider amendment No. 27 printed in part A of House Report 118–147.

Mr. FEENSTRA. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 316, after line 3, insert the following:

(d) EXCEPTIONS.—The Administrator shall ensure that the requirements described in subsection (a) do not apply to nonhub airports, as such term is defined in section 40102 of title 49, United States Code.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Iowa (Mr. FEENSTRA) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Iowa.

Mr. FEENSTRA. Mr. Chair, I rise today in strong support of my amendment No. 27, which gives rural airports in my district the flexibility they need to serve their passengers, maintain their workforce, and remain solvent.

Our local airports in Sioux City, Iowa, Fort Dodge, Iowa, and many other locations connect Iowans to the rest of the country and to the world. We cannot allow government mandates to suffocate our rural communities and threaten the existence of our small airports.

Under current law, rural airports provide the staff they need to keep our passengers safe. Injecting the Federal Government into hiring decisions would only make rural communities harder to reach.

By giving our local airports breathing room to manage their budgets and their operations, they can better hire new employees and keep costs low for passengers.

Born and raised in rural Iowa, I know that our rural airports are important to our economic development across the Midwest.

Mr. Chair, I urge my colleagues to support this amendment, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I rise in opposition to this amendment.

The CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, I oppose this amendment because it would create an exemption for nonhub airports from the requirement to have at least one individual who maintains certification as an emergency medical technician, or EMT, during carrier operations.

This amendment poses a safety risk that would be detrimental to passengers. Unlike what the proponent said about the Federal Government imposing an employment requirement on an airport, this is actually a single safety standard that applies to all airports, that there be a certified emergency technician to respond to emergencies at all airports.

It is, indeed, a national standard, but one done for safety, especially in support of passenger carrying air carrier operations.

In the event of a medical emergency that occurs at the airport or on a flight, passengers and airport workers should receive care as quickly as possible regardless of where they are flying to. Having an EMT available at the airport could mean the difference between life and death in the event of an emergency.

All passengers should be reassured that even if they are traveling out of or through a nonhub airport, they have the same safety precautions at that airport as they do at all airports in the United States.

Mr. Chair, I urge my colleagues to oppose this amendment, and I reserve the balance of my time.

Mr. FEENSTRA. Mr. Chair, I am prepared to close. I urge my colleagues to think through this great amendment. Think about these small airports and the burden that this would project on each of these airports to have a special person that handles just the concerns of things that might happen once every 10 years or whatever it might be.

There are people that are already hired that can handle these situations. Again, these small rural airports cannot be like the large urban airports. It just doesn't work that way.

Mr. Chair, I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, as a Member of Congress who represents several small rural airports, including ones that are isolated on islands, I appreciate the argument that the gentleman from Iowa has been making. Yet, given the fact that I have a district with some of the same circumstances, even airports that are isolated on islands, I still believe that there needs to be EMTs available in the event of emergencies at these nonhub airports. I want one safety standard for the country, and I urge my colleagues to oppose this amendment.

Mr. Chair, I yield back the balance of my time.

□ 1430

The Acting CHAIR. The question is on the amendment offered by the gentleman from Iowa (Mr. FEENSTRA).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Iowa will be postponed.

AMENDMENT NO. 29 OFFERED BY MR. FITZPATRICK

The Acting CHAIR. It is now in order to consider amendment No. 29 printed in part A of House Report 118–147.

Mr. FITZPATRICK. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 464, after line 5, insert the following:

(e) INSTALLATION OF SECONDARY COCKPIT BARRIERS OF EXISTING AIRCRAFT.—Not later than 36 months after the date of the submission of the report of subsection (d), the Administrator of the Federal Aviation Administration shall, taking into consideration the final reported findings and recommendations of the aviation rulemaking committee, issue a final rule requiring installation of a secondary cockpit barrier on each commercial passenger aircraft operated under the provisions of part 121 of title 14, Code of Federal Regulations.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Pennsylvania (Mr. FITZPATRICK) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Pennsylvania.

Mr. FITZPATRICK. Mr. Speaker, I yield myself such time as I may consume.

Mr. Chair, I rise today in favor of my amendment to H.R. 3935, the Securing Growth and Robust Leadership in American Aviation Act.

Mr. Chair, 22 years ago this fall, our Nation watched in horror as senseless acts of terror were committed on American soil. That tragic day, our vulnerabilities were exposed when terrorists forcefully took control of passenger airplanes and fatally turned them into guided missiles.

We lost 2,977 mothers and fathers, brothers and sisters, husbands and wives, on that day. Mr. Chair, we also lost one of my constituents, Captain Victor J. Saracini, who was the pilot of United Flight 175, which was hijacked. The entire world watched in horror as that plane flew into the South Tower.

We also lost our misguided sense of protection in an increasingly dangerous world, as well.

Our Nation and this Congress resolved that after September 11 that we would take every action necessary to remember those we lost and to fulfill our promise and our solemn pledge of ''never again.''

Since coming to Congress, I have fought nonstop for the installation of secondary cockpit barriers on all commercial passenger aircraft. Alongside my constituent and friend, Ellen Saracini, and countless Members of Congress from both Chambers and both sides of the aisle, we have raised awareness and advocated for this measure to make our skies and our passengers and flight crews much more safe.

In 2018, Congress took one step in the right direction and included a rulemaking requirement for secondary barriers on newly manufactured aircraft.

Mr. Chair, my amendment today builds on that effort by directing the FAA to issue a final rule extending the requirement for secondary cockpit barriers to all commercial passenger aircraft. This commonsense, low-cost safety measure will protect the integrity of the flight deck and prevent dangerous and hostile individuals from accessing the cockpit.

Mr. Chair, Congress has a solemn obligation not just to the victims and survivors of 9/11 but to our pilots, to our flight crews, and to our passengers and their families to implement this safety measure on all commercial passenger aircraft as soon as possible.

I am grateful to my bipartisan colleagues, as well as Chairman GRAVES, the committee, and the amazing staff that serve on it for their support of this critical national security issue.

Mr. Chair, I urge all my House colleagues to adopt my amendment, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim the time in opposition to the amendment, though I am not opposed to the amendment.

The Acting CHAIR. Without objection, the gentleman is recognized for 5 minutes.

There was no objection.

Mr. LARSEN of Washington. Mr. Chair, the FAA recently issued a final rule on requiring secondary barriers to protect the flight deck in newly manufactured aircraft. The underlying text of this bill creates a rulemaking committee to consider how to apply this requirement to existing aircraft, and this amendment adds a rulemaking requirement to that text.

Secondary barriers are a critical tool to keeping our pilots and flight decks safe and secure in the event of a horrible, horrible intrusion.

Mr. Chair, therefore, I rise to support this amendment, and I reserve the balance of my time.

Mr. FITZPATRICK. Mr. Chair, I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Pennsylvania (Mr. FITZPATRICK).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. FITZPATRICK. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Pennsylvania will be postponed.

AMENDMENT NO. 33 OFFERED BY MR. GOSAR

The Acting CHAIR. It is now in order to consider amendment No. 33 printed in part A of House Report 118–147.

Mr. GOSAR. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Strike section 261 and insert the following:

SEC. 261. AIR TOUR MANAGEMENT PLANS.

Section 40128(b) of title 49, United States Code, is amended—

(1) in paragraph (3)—

(A) in subparagraph (A) by striking ''in whole or'';

(B) in subparagraph (E) by striking ''and'' at the end;

(C) in subparagraph (F) by striking ''through (E)'' and inserting ''through (F)'';

(D) by redesignating subparagraph (F) as subparagraph (G);

(E) by inserting after subparagraph (E) the following:

''(F) shall consider the economic viability of commercial air tour operations that would result from an air tour management plan; and'';

(2) in paragraph (4)—

(A) in subparagraph (C) by striking ''and'' at the end;

(B) in subparagraph (D) by striking the period and inserting ''; and''; and

(C) by adding at the end the following:

''(E) consult with the National Parks Overflights Advisory Group established pursuant to section 805 of the National Parks Air Tour Management Act of 2000 (49 U.S.C. 40128 note).''; and

(3) by adding at the end the following:

''(8) EXISTING AIR TOUR OPERATORS.—Beginning on the effective date of a new air tour management plan, a commercial tour operator carrying out operations within the boundaries of a national park or tribal area as of such date may not be prohibited from operating pursuant to such plan.''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Arizona (Mr. GOSAR) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Arizona.

Mr. GOSAR. Mr. Chair, I rise in support of my amendment No. 33, prohibiting changes to existing air tour management plans, or ATMPs.

This amendment would prohibit air tour management plans for national parks from completely banning air tour operations over the parks. Additionally, this amendment requires an air tour management plan to take into consideration the economic viability of commercial air tour operators.

While the ATMPs do real economic harm to the operators, it is also discriminatory against visitors who choose to experience the national parks by aerial sightseeing.

As we move past the pandemic years, many national parks saw their resources strained by the large number of visitors as the public began to travel again. Air tours are an important option for many visitors conducting a once-in-a-lifetime trip to see such famous landmarks.

Visitors taking advantage of air tours benefit by avoiding traffic, wait times, and walking trails that are inaccessible for the disabled or elderly, while reducing congestion and demand on park infrastructure.

The national parks should be available for all visitors to see. Limiting flights over the park unfairly limits the elderly, very young, disabled, and others to experience the park. Limiting flights over the parks is discriminating to those who might not have the resources, time, and physical ability to see them any other way.

Like ground-based tours, air tours are a valid part of our visitor experience, providing a unique window from which we can share our cultural, historical, and environmental sites with the world.

Air tours require no ground-based infrastructure at the park, which allows visitors accessibility without the need for roads, trails, signs, bathrooms, garbage cans, or other services.

By further restricting an already limited number of allowable air tours, we are reducing opportunities to access our parks in a way that leaves little to no environmental footprint or disturbance. Through carbon offset efforts and strict altitude requirements to control noise, just to name a few, air tour operators are working to ensure they have responsible stewardship of the Nation's parks.

Typically, operators pay a fee each time an air tour flies within the park boundary. The National Park Service collects hundreds of thousands of dollars in revenue each year from these air tour flights. Air tours require no infrastructure, leaving the bulk of overflight fees to go toward those supporting services that benefit the public.

If overflight access is removed completely, it removes the ability to use new technologies like electric aircraft.

Mr. Chair, I urge my colleagues to support amendment No. 33, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim the time in opposition to this amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, this amendment requires the FAA to consider the economic viability of commercial air tours over national parks.

In 2022, the National Park Service recorded 312 million recreational visits to our national parks. This number reflects the overwhelming significance our parks have to the American public. They serve as a place of recreation, a place used to teach new generations about conservation and wildlife, and a place to admire the beauty of our great outdoors in the U.S.

National park air tour management plans are in place to help protect the sanctity of our parks from incessant helicopter overflights, which can disrupt both the wildlife and the natural beauty of the parks visitors enjoy.

Mr. Chair, I urge everyone to protect our parks from the noise and disturbance of increased helicopter tours by voting ''no'' on this amendment.

This amendment would require air tour management plans to consider profits in the development of those plans, which would undoubtedly increase the number of helicopters flying above our parks. This runs contrary to the original purpose of these management plans, which is to protect the integrity of the parks.

Helicopter tours are an incredible way to see national parks for the privileged few, but they simultaneously degrade the park experience for the vast majority of other park visitors.

Our national parks were created as a public good, to preserve our natural wonders for all Americans to enjoy. We must not erode that in favor of tour profits and those who can afford to pay.

Mr. Chair, I reserve the balance of my time.

Mr. GOSAR. Mr. Chair, I yield such time as he may consume to the gentleman from Texas (Mr. NEHLS).

Mr. NEHLS. Mr. Chair, every person should have an opportunity to view and experience our amazing national parks, whether it is Mount Rushmore, whether it is select areas in Hawaii, or whether it is the Grand Canyon.

I can't remember the last time somebody in this room or anybody has ever tried to walk it, if you have ever tried to walk it. I bet you there are people up in this gallery who have been to Las Vegas before, and they see these beautiful helicopters that give you an opportunity to view the beautiful Grand Canyon, that big hole in the ground. You can do it, and you can do it safely and effectively through a helicopter.

The ranking member just mentioned that it supports the privileged few. I would argue that for the disabled and elderly, how else are they going to get there? That is not the privileged few. It is right for grandma and grandpa that may want to go and view the Grand Canyon or Mount Rushmore. It makes no sense what we are trying to do here.

Air tours are often the only way that disabled and elderly are allowed to see our national parks. It is regulated by the FAA, and these operators have a great safety record.

Unfortunately, the Biden administration is attempting to limit the number of air tours at a number of our national parks, all at the request—go figure, no surprise—all at the request of certain environmental stakeholders. This is irresponsible. It is un-American.

Also, air tour operators oftentimes, in the off-season—don't forget what they do in the off-season—partner with Federal, State, and local governments to help fight wildfires.

They are great Americans. We need to continue to support them. I ask my colleagues to support Representative GOSAR's amendment.

Mr. LARSEN of Washington. Mr. Chair, before I yield to my good friend, Representative CASE from Hawaii, I would note that he is a great American, and I do think that the debates here on the floor of the House are a reflection of being great Americans as opposed to being un-American.

Mr. Chair, I yield 3 minutes to the gentleman from Hawaii (Mr. CASE).

Mr. CASE. Mr. Chair, our national parks are among our most universally supported and treasured institutions, and they cannot survive in an atmosphere of incredible popularity. We simply must find accommodations to protect the basic principles and qualities of those parks for which we treasure them so much.

One of the areas where we have significant problems is in overuse of our parks by commercial air tour operations, which severely degrade some of our parks and have the risk of degrading all of our parks for a number of different reasons, whether they be environmental, whether they be protection of our natural resources, or whether they be visitor enjoyment. Fundamentally, commercial air tours overflying a national park with noise and other disruption on the ground does degrade the park experience for the many who enjoy them in that way.

There is no right to overfly our parks. Now, I concede and agree that there is some reasonable area and use for commercial air tours. I certainly want those that cannot experience our parks to experience them in this way, and I certainly believe that they have a place in our parks, but not where they are today and not where they are going.

We recognized this challenge 23 years ago in this Congress by passing a law which essentially required air tour management plans, which accommodated all interests, and those plans are now coming to fruition. This amendment is on the floor because the sponsor and others do not like the results, which accommodate air tour operations in the vast majority of our parks.

□ 1445

This process has been a good one, a difficult one, one in which the operators have participated. They will continue to have a place under these plans, a reasoned place. The fact that some of them don't like the outcome does not mean that the process is not a valid process.

This process should be continued to its conclusion. It should be accommodated. It should be implemented in a way that is reasonable to all.

This amendment destroys that process and would degrade our parks to the detriment of the vast majority of the people who enjoy our parks.

Mr. Chair, I urge opposition to the amendment, and I yield back the balance of my time.

Mr. GOSAR. Mr. Chair, having had these tour operators in Arizona, they have moved technology to quiet air, and you can barely hear these planes. You can be right next to them, these quiet air turbines, and you don't even hear them.

To say that they are disrupting to the environment, that just does not happen. From that standpoint, I urge everybody to vote for this amendment. It is a smart idea, and this is the way to go.

Mr. Chair, I urge everybody to vote for my amendment, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, there has been a good debate on this bill. Clearly, there is a difference of opinion, and clearly, there are experiences where helicopters and helicopter tours do disrupt the wildlife, other visitors, and the people around national parks.

Mr. Chair, I ask all the Americans in this body to vote ''no'' on this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Arizona (Mr. GOSAR).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. CASE. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Arizona will be postponed.

AMENDMENT NO. 35 OFFERED BY MRS. MILLER OF ILLINOIS

The Acting CHAIR. It is now in order to consider amendment No. 35 printed in part A of House Report 118–147.

Mrs. MILLER of Illinois. Mr. Chair, I rise as the designee for amendment No. 35.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, insert the following:

SEC. 8___. INSPECTOR GENERAL INVESTIGATION OF DECISION TO INCREASE THE PERMISSIBLE ELECTROCARDIOGRAM RANGE FOR AIRMEN TO FLY.

Not later than 90 days after the date of the enactment of this Act, the Inspector General of the Department of Transportation shall

conduct an investigation into the decision of the Federal Aviation Administration to increase the permissible electrocardiogram (ECG/EKG) range for airmen to fly.

The Acting CHAIR. Pursuant to House Resolution 597, the gentlewoman from Illinois (Mrs. MILLER) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Illinois.

Mrs. MILLER of Illinois. Mr. Chair, this amendment requires the inspector general to investigate the FAA's decision to broaden the acceptable EKG range for pilots to fly.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, this amendment would require the DOT inspector general to investigate the FAA's decision to increase the electrocardiogram, or EKG, range that is permissible for pilots.

This amendment follows a change made by the agency last October to increase the allowable range of an EKG result from 200 to 300 milliseconds without requiring further documentation from the pilot.

The FAA's change in the allowable EKG result range was based on scientific data from cardiovascular experts documented in the public domain. Such data shows that an EKG result under 300 milliseconds indicates that the pilot has no real risk of sudden heart failure if there are no other medical issues.

Medical standards and recommendations have always evolved over time as medicine becomes more advanced and health professionals learn new information. The FAA should take advantage of the latest guidance from medical experts to ensure these guidelines for pilots are as safe as possible.

Mr. Chair, I urge my colleagues to oppose this amendment, and I reserve the balance of my time.

Mrs. MILLER of Illinois. Mr. Chair, I urge support of amendment No. 35, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, in closing, I will say that the FAA's action, despite some claims, was not taken in response to any change in pilot medical conditions or heart health due to having received the COVID vaccine. That has been a claim in less scientific circles. This decision was made based on science, using the experts, using science, and using data.

Mr. Chair, I ask my colleagues to oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentlewoman from Illinois (Mrs. MILLER).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Illinois will be postponed.

AMENDMENT NO. 36 OFFERED BY MRS. MILLER OF ILLINOIS

The Acting CHAIR. It is now in order to consider amendment No. 36 printed in part A of House Report 118–147.

Mrs. MILLER of Illinois. Mr. Chair, I rise as the designee for amendment No. 36.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title X, add at the end:

SEC. _____. REINSTATING PILOTS.

The Administrator of the Federal Aviation Administration shall take such actions as are necessary to require air carriers to reinstate any pilot who was fired or forced to resign because of a COVID–19 vaccine mandate.

The Acting CHAIR. Pursuant to House Resolution 597, the gentlewoman from Illinois (Mrs. MILLER) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Illinois.

Mrs. MILLER of Illinois. Mr. Chair, this amendment requires airlines to reinstate pilots who were fired or forced to resign because of vaccine mandates.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim time in opposition to the amendment.

The Acting Chair. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, this amendment would direct the FAA Administrator to require air carriers, airlines and others, to reinstate pilots that may have lost their jobs because of noncompliance with a COVID–19 vaccine mandate.

The FAA cannot direct air carriers on hiring decisions like this. It cannot require air carriers to hire specific individuals. This amendment simply is not implementable.

Is that where we are going with this bill, to let the FAA make hiring and firing decisions for these private aviation companies?

Furthermore, this amendment revives an unnecessary debate on COVID–19 vaccine mandates, one that we had 3 years ago. This is an unwelcome distraction from this very substantive reauthorization discussion on this bill that will enhance safety and the aviation workforce.

Mr. Chair, I urge my colleagues to oppose this amendment, and I reserve the balance of my time.

Mrs. MILLER of Illinois. Mr. Chair, I urge the adoption of this amendment, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, the FAA does not really have a role to play in telling air carriers to hire the folks back. It is not an amendment that is implementable. I am a little flummoxed by it myself. However, I encourage my colleagues to vote against this amendment.

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentlewoman from Illinois (Mrs. MILLER).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Illinois will be postponed.

AMENDMENT NO. 44 OFFERED BY MR. HUIZENGA

The Acting CHAIR. It is now in order to consider amendment No. 44 printed in part A of House Report 118–147.

Mr. HUIZENGA. Mr. Chairman, I have an amendment made in order by the rule.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 626, line 2, strike ''and''.

Page 626, after line 2, insert the following (and redesignate accordingly):

(B) in paragraph (4)(B) by inserting ''the Department of Defense, the National Guard,'' before ''or''; and

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Michigan (Mr. HUIZENGA) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Michigan.

Mr. HUIZENGA. Mr. Chairman, I rise in support of my amendment to better secure our advanced air mobility future.

The Advanced Air Mobility Infrastructure Pilot Program that is currently in law provides grants to airport sponsors, transit agencies, or other government subdivisions to develop comprehensive plans to advanced air mobility infrastructure.

Under current law, the Secretary of Transportation is required to prioritize awarding grants to eligible recipients that collaborate, with a few criteria. Here are those criteria: that they are a commercial advanced air mobility entity, that they are an institution of higher education, that they are a research institute, or that they are some other relevant stakeholder in this process.

Mr. Chair, my amendment is very simple. It adds the Department of Defense and the National Guard to this list of eligible recipients. There are many qualified airports throughout the Nation that already have a DOD or National Guard presence that are ready to innovate and help develop drone and related infrastructure.

This amendment is a small way to help ensure DOD and the National Guard have a voice in this important future-looking endeavor, especially given that our men and women in uniform likely have expertise in this area.

Not only will they help develop this technology with their expertise, but they will literally be on the front lines of utilizing this technology.

Mr. Chair, I am glad that the underlying legislation takes steps to extend this pilot program, and I urge my colleagues to support my amendment to add the Department of Defense and the National Guard to those lists of entities that are eligible.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I rise to claim time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, I am happy this amendment is coming up because I hope the gentleman from Michigan will vote against a further amendment that may come up later tonight that will get rid of this program altogether, this vertiport infrastructure grant program.

Mr. Chair, I am glad he likes it enough to add to it, and I hope others feel that way, too, so we can protect the basis of this program. I know all about it because I wrote the bill to actually create this program in the first place. It was done with a very specific purpose in mind, and the gentleman noted the criteria involved—to help State, local, and Tribal governments be part of the advanced air mobility future. We were very clear about that.

Another thing we were very clear about when we wrote that bill and got it into law was to ensure that it was as neutral as possible when it came to any number of the advanced air mobility companies that were seeking to develop and get certified by the FAA and operate within the United States.

Prioritizing the grants awarded under the AAM infrastructure program to entities that collaborate with the Department of Defense or the National Guard would actually put a thumb on the scale for the three companies that are actually involved with this effort with the DOD.

There are many other AAM companies that are not involved with the DOD, and this would put these companies sort of at a head start over these others.

Since its inception in 2019, as a for instance, the U.S. Air Force's Agility Prime program has focused on the potential defense applications of eVTOL aircraft, or electric vertical takeoff and landing aircraft, and what we call on the commercial side of things, AAM.

Through Agility Prime, the DOD partners with these industry leaders and key stakeholders to examine the airworthiness and military uses for AAM aircraft and necessary infrastructure to support strategic cargo and personnel transport. In fact, that program within the DOD has awarded over 20 contracts, totaling more than $100 million, to very innovative aviation companies to further develop their advanced aircraft as they work toward civil certifications and commercial operations, but doing that with the help of the Department of Defense.

Mr. Chair, I support fostering this U.S. innovation, but this amendment would prioritize the funding through the AAM Infrastructure Pilot program, which funds State and local government planning efforts for future civil AAM infrastructure and operations, to efforts that are being addressed under Agility Prime.

There is a place to do this. It is called DOD's military construction budget. We just passed an authorization of nearly $886 billion last week out of the House of Representatives. Surely, there are a few dollars in that budget for the DOD to use to improve the taxiways and the aprons at these joint sites that the National Guard and the Air Force use with civilian airports rather than go after the really fairly small amounts that are available in these transportation planning grants that we were able to get through the AAM infrastructure planning grant.

□ 1500

I would just tell folks there is a place for these companies to go. It should not be these planning grants. It should be the DOD construction budget.

Besides, if we do that, it will give these particular companies a head start over many other companies, and, frankly, in fact, the cities and counties [that are trying to access these grants already.

Mr. Chair, I reserve the balance of my time.

Mr. HUIZENGA. Will the gentleman yield for a question?

Mr. Chairman, I was trying to get the gentleman's attention to see if he would yield for a question about his opposition.

So would the gentleman care to answer a question?

Mr. LARSEN of Washington. Mr. Chairman, is it my time or his time he is going to use?

Mr. HUIZENGA. It is currently my time. I guess my question to the gentleman is—this is very short—it says—literally it is a sentence—''in paragraph 4(b) by inserting 'the Department of Defense and the National Guard' before 'or'''—I don't see anything in there in my amendment that will bias the Secretary of Transportation to only utilize fields that have a DOD or National Guard presence. In fact, the opposite could be argued, that those fields, because they have a DOD or a National Guard presence, would somehow be excluded from the gentleman's pilot program.

So, Mr. Chairman, I am happy to yield to him very briefly if he cares to answer what his opposition is.

He doesn't care to address that, which indicates to me that he is either unsure or doesn't know or that I might be right in that.

Anyway, I still do believe that if we are having a pilot program then it ought to be open to more of our fields and not fewer of those fields.

Mr. Chair, I am prepared to close, and I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I understand I have the right to close on this argument, and I reserve the balance of my time.

Mr. HUIZENGA. Mr. Chairman, may I inquire as to the time remaining.

The Acting CHAIR. The gentleman from Michigan has 2 minutes remaining.

Mr. HUIZENGA. Mr. Chairman, I yield 1 minute to the gentlewoman from Puerto Rico (Mrs. GONZÁLEZ-COLÓN).

Mrs. GONZÁLEZ-COLÓN. Mr. Chairman, I rise in support of Mr. HUIZENGA's amendment. I think it is logical what he is saying.

I rise, again, in strong support of my amendment to this bill, as well, No. 31, to seek to identify ways in which Puerto Rico can further increase air cargo operations in our three international airports, and thus, better serve domestic and international stakeholders and consumers.

Specifically, this amendment authorizes a GAO report that will look at recommendations for security measures that may be necessary to support increased air cargo operations in Puerto Rico, airport infrastructure improvements that may be needed, alternatives to increase private stakeholder engagement, and the potential need for additional staff.

Airports are drivers of economic activity across our country. My amendment will support Puerto Rico and the Nation as we continue to find ways to generate greater opportunities for financial and infrastructure investments.

This section requires an assessment from the FAA on the resiliency of coastal airports, including those on our island.

The Acting CHAIR. The time of the gentlewoman has expired.

Mr. HUIZENGA. Mr. Chairman, I yield an additional 30 seconds to the gentlewoman from Puerto Rico.

Mrs. GONZÁLEZ-COLÓN. Mr. Chairman, I thank my colleagues for supporting en bloc No. 2, and I urge support for the underlying bill.

Mr. LARSEN of Washington. Mr. Chairman, I reserve the balance of my time.

Mr. HUIZENGA. Mr. Chairman, in closing, I, again, appeal to my colleagues. I believe this is a commonsense amendment to a pilot program.

I can assure the gentleman that, yes, if my amendment is adopted on this then I will also be voting against an amendment that would end the underlying pilot program. I think he will have many others of us doing the exact same thing. So the gentleman can help himself, Mr. Chair, if he would be willing to accept my amendment, but that is up to those in opposition.

Mr. Chair, I appeal for approval of my amendment, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, to close, I assure the gentleman that, first, I am 100 percent sure that his amendment will dilute the original grant program. I am 100 percent sure there are other ways to finance this, especially through a very large MilCon budget that passed as part of the defense bill. And I am 100 percent sure that I am correct in opposing this amendment having been the author of the original bill to establish the AAM Infrastructure Act.

Mr. Chair, I ask Members to oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Michigan (Mr. HUIZENGA).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Michigan will be postponed.

The Acting CHAIR. The Chair understands that amendment No. 46 will not be offered.

AMENDMENT NO. 47 OFFERED BY MR. ISSA

The Acting CHAIR. It is now in order to consider amendment No. 47 printed in part A of House Report 118–147.

Mr. ISSA. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. _____. INDEPENDENT REVIEW OF NOTAM REQUESTS BY FAA.

The Administrator of the Federal Aviation Administration shall make an objective, independent assessment for the necessity of each Notice to Air Missions request from an agency outside of the Administration.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from California (Mr. ISSA) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. ISSA. Mr. Chairman, I yield myself such time as I may consume. I have but 5 minutes to ensure that this goes by voice, so I will do my best.

Mr. Chairman, no one here doubts 100 percent of the time the responsible party from just above the ground to over 60,000 feet belongs to the FAA. Any decision about whether an aircraft can operate or cannot operate belongs exclusively to the FAA. For that reason, the FAA is an independent body that has a responsibility to take seriously the implementation of NOTAMs. These NOTAMs either caution pilots or prevent pilots from flying.

Recently, there have been a number of requests where the FAA has acted not on behalf of its own judgment but on behalf of a request by another agency. These agencies include CBP, the Department of Justice, FBI, FTC, and many others.

These come in regularly, and I have no objection. There are plenty of good reasons that an entity—we were just talking about a little while ago the Park Service might even have a request. Because the FAA has an obligation to make airspace available wherever possible and at the lowest level of regulation and the greatest freedom and safety for the pilots, and it does have the obligation—when, for safety and other reasons, there needs to be temporary or permanent prohibitions on flying—to implement them.

My amendment simply puts a requirement that when the FAA does so that they do so based on the FAA making an independent and objective judgment when it receives NOTAM requests from other agencies.

Mr. Chairman, I hope my 5 minutes has been well spent, and I reserve the balance of my time.

Mr. COHEN. Mr. Chair, I rise in opposition to the amendment filed by Mr. ISSA.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chair, I oppose this amendment which would require the FAA to make an independent assessment of each notice to air mission, or NOTAM, request from a non-Federal entity.

Many NOTAMs are simply for general awareness, a temporary crane has been erected in controlled airspace, or a runway at an airport with no traffic control tower being repaved.

Some NOTAMs increase airspace awareness for pilots in the area alerting them about drone operations or balloon flights—some of them from China.

Some of them result in actual flight restrictions, like over sports stadiums during NFL and MLB games or when a concert is going on.

Sometimes FAA requires an operator or an airport to file a NOTAM prior operation in order to provide safety information for other airspace users. These are submitted through a special controlled access system.

NOTAMs are issued for all kinds of reasons. As we all know from the NOTAM system outage earlier this year, there are many of them, which can be a blessing, and it can be a curse.

For example, French Valley Airport, which is a small county-owned public use general aviation airport in Riverside County, California, currently has 80 active NOTAMs within a 10-mile radius. There are tens of thousands of big, medium, and small airports and heliports all over the country—consider the magnitude of bureaucracy this amendment creates.

Requiring the FAA to independently verify every single NOTAM would bring an already cumbersome system to a complete standstill.

NOTAMs keep pilots safe. This amendment would create an enormously burdensome process to get NOTAMs issued.

Finally, this amendment will very likely conflict with recommendations from the NOTAM working group created by the NOTAM Improvement Act that this Congress passed 2 months ago.

Mr. Chair, I urge all Members to vote ''no,'' and I reserve the balance of my time.

Mr. ISSA. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I appreciate the gentleman's comments, and he is absolutely right. There are a great many NOTAMs. I remind everyone that the requirement in this amendment that it requires the FAA to make an independent and objective judgment does not mean that it must do independent research as to the validity of the request as far as background.

It can, in fact, take the word of an agency's statement of its reason, but it has to make an independent judgment as to the NOTAM.

Now, I am both a pilot of more than 40 years, and I am also a former Army officer, and I can tell you, Mr. Chairman, at the company, the battalion, and the brigade level every unit in the military has a staff duty officer who for the entire evening until morning and over weekends makes judgment on behalf of the commanding officer at that level.

Why do they have that?

It is because a level of review should always be available. It doesn't have to be extensive, but it does have to be sufficient that if it came through the FAA it would independently be looked at by the duty officer before it was put up as a NOTAM. The same is asked.

Nowhere in my amendment does it prohibit delegation all the way down to the lowest level. As a matter of fact, nowhere in this does it prohibit the use of AI and other tools to help them do it.

So I think this is not burdensome, and it is easily compliable. It does say that the FAA makes the decision, not an agency that plugs into a system who may not have the mandate, responsibility, or even the expertise to do so.

Periodic NOTAMs that have had to be pulled back when they have been submitted by other agencies are the reason for this amendment. We have actual examples where the FAA would not have done it had they made an independent decision.

Mr. Chairman, I reserve the balance of my time.

Mr. COHEN. Mr. Chair, may I inquire as to the time remaining.

The Acting CHAIR. The gentleman from Tennessee has 3½ minutes remaining. The gentleman from California has 1 minute remaining.

Mr. COHEN. Mr. Chair, I would just reiterate the fact that this will add additional burdens to the FAA. They would have to independently verify every single NOTAM. The FAA is already overburdened with work, and

they need more and more folks there to make our civil aeronautics system work properly.

The amendment would conflict with recommendations just passed a few months ago by the NOTAM working group for improvement of that act, and that was passed just 2 months ago. So I have to cite those same reasons for opposing the amendment.

Mr. Chair, I continue to oppose the amendment, and I reserve the balance of my time.

Mr. ISSA. Mr. Chair, briefly, in response to my colleague from Tennessee, the majority of FAA NOTAMs do not originate from outside agencies. This is a fraction of a fraction of all NOTAMs, and it is only those that will be affected by this amendment.

In closing, Mr. Chairman, this is not what some who oppose it would say. This is, in fact, a very minor one, but it comes with specific requirements that exist for a reason. Agencies have chosen and actually embarrass the FAA by asking for a closing of airspace only to find out in the light of day, in a matter of days that, in fact, it was a huge mistake—sometimes politically driven. It doesn't matter why. The FAA has the right and the responsibility, and all we ask for is when it comes from an outside agency that it, in fact, have a once-over before being codified.

Mr. Chairman, I yield back the balance of my time.

Mr. COHEN. Mr. Chairman, Mr. ISSA is a worthy adversary, but it is still 40-love.

Mr. Chair, I ask everybody to vote ''no,'' and I yield back the balance of my time.

□ 1515

The Acting CHAIR. The question is on the amendment offered by the gentleman from California (Mr. ISSA).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. COHEN. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from California will be postponed.

The Acting CHAIR. The Committee will rise informally.

The Speaker pro tempore (Mr. OBERNOLTE) assumed the chair.

MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the House by Ms. Deirdre Kelly, one of his secretaries.

The SPEAKER pro tempore. The Committee will resume its sitting.

SECURING GROWTH AND ROBUST LEADERSHIP IN AMERICAN AVIATION ACT

The Committee resumed its sitting.

AMENDMENT NO. 48 OFFERED BY MR. JACKSON OF TEXAS

The Acting CHAIR (Mr. ROSE). It is now in order to consider amendment No. 48 printed in part A of House Report 118–147.

Mr. JACKSON of Texas. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. _____. DESIGNATIONS FOR MEAT AND FOOD PROCESSING FACILITIES.

Section 2209 of the FAA Extension, Safety, and Security Act of 2016 (49 U.S.C. 44802 note) is further amended—

(1) in subsection (b)(1)(C), by adding at the end the following:

''(v) A concentrated animal feeding operation.

''(vi) An eligible meat and food processing facility.''; and

(2) by adding at the end the following:

''(g) ELIGIBLE MEAT AND FOOD PROCESSING FACILITY DEFINED.—In this section, the term 'eligible meat and food processing facility' means a facility that—

''(1) is an establishment operated under Federal meat inspection pursuant to the Meat Inspection Act (21 U.S.C. 71 et seq.), and—

''(A) with respect to cattle, has a slaughter capacity of greater than 500 animals per day; or

''(B) with respect to pork and sheep, has a slaughter capacity of greater than 1,000 animals per day;

''(2) is an official establishment operated under Federal poultry inspection pursuant to the Poultry Products Inspection Act (21 U.S.C. 453) and, with respect to poultry, has a slaughter capacity of greater than 10,000 animals per day;

''(3) is an official plant operated under Federal egg inspection pursuant to the Egg Products Inspection Act (21 U.S.C. 1033) with at least 500,000 laying hens;

''(4) is a facility that processes (e.g., washes, grades, packs) shell eggs for the table egg market with at least 500,000 laying hens; or

''(5) is a facility that manufactures or processes food located in any of the State or Territories and operated under section 415(c) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 350d(c)).''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Texas (Mr. JACKSON) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Texas.

Mr. JACKSON of Texas. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, my amendment will help to safeguard the privacy of America's farmers and ranchers that work day and night to produce the food the world relies on.

This amendment would give our agricultural producers and food processors the opportunity to impose unmanned aircraft restrictions around their operations upon a formal request to prevent drones unauthorized access to their land.

In 2016, Congress created a process by which critical infrastructure facilities can impose restrictions on drone flights around their operations.

The Cybersecurity and Infrastructure Security Agency designates the food and agriculture sector as a critical infrastructure sector, which is so vital to the United States that its success is imperative to our national security and our economic security.

In the event of an emergency situation or disaster, protection of our agricultural land across the country is going to be vital.

Intelligence officials have even gone so far to warn that America's agriculture industry has been targeted by suspicious drone activity, potentially by domestic terrorists or other bad actors.

Food security is national security, plain and simple.

This amendment would ensure that we give our farmers, ranchers, and food producers the same ability to restrict the use of drones around these facilities that we give to amusement parks, outdoor facilities, and a variety of other interests that do not have similar national security implications.

Mr. Chair, I urge every Member in this body to support my amendment, and I reserve the balance of my time.

Mr. COHEN. Mr. Chair, I claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chair, this amendment would add animal feeding operations and meat and food processing facilities to a growing list of sites over which the FAA will restrict drone flights.

These restrictions that currently exist are intended to be used for facilities where overhead drone activity would present a potential public safety and security concern—critical infrastructures like energy and oil facilities and State prisons.

There is no practical reason why animal agriculture facilities should qualify for this kind of restriction, particularly when having that restriction might endanger energy and oil facilities. These facilities do not involve sensitive or potentially hazardous operations as energy and oil facilities and State prisons do.

These restrictions already exist to ensure the safety of such facilities, facility workers, and the public.

The designation is not intended to be used to inhibit First Amendment rights, protect intellectual property, or help facilities avoid accountability.

Allowing such exceptions is a slippery slope in restricting First Amendment rights as the national airspace is public space.

This would delay FAA rulemaking to create these public safety restrictions by several months or years, sacrificing public safety to shield meat processing facilities and possibly endangering time that could better be spent with energy and oil facilities and State prisons.

I urge Members to side with public safety, energy and oil facilities, and

State prisons and vote ''no'' on this amendment.

Mr. Chair, I reserve the balance of my time.

Mr. JACKSON of Texas. Mr. Chair, I will point out that this amendment is structured and written in such a way that this does not apply to all agricultural and food production facilities. It only applies to the very few largest operations in the United States, the ones that, in fact, supply 80 percent of the food production in this country.

There is a national security risk here. We talk at length in this Chamber all the time about how agriculture is becoming a national security issue.

Mr. Chair, I encourage all of the Members in the House to vote for this amendment, and I yield back the balance of my time.

Mr. COHEN. Mr. Chair, I will close in reciting the previous argument that this is not about protecting public safety and that First Amendment rights would be violated.

I looked back to see my crowd here, to see how we would win this voice vote, and it looks very daunting. I feel a little bit like Davy Crockett at the Alamo. Nevertheless, I continue to voice my opposition, and I ask my colleagues who are here to vote ''no.''

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Texas (Mr. JACKSON).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. COHEN. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Texas will be postponed.

AMENDMENT NO. 50 OFFERED BY MR. KEAN OF NEW JERSEY

The Acting CHAIR. It is now in order to consider amendment No. 50 printed in part A of House Report 118–147.

Mr. KEAN of New Jersey. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. _____. AIR STATISTIC REPORTS.

Not later than 60 days after the date of the enactment of this Act, the Secretary of Transportation shall ensure that the Bureau of Transportation Statistics revises and maintains Technical Reporting Directive No. 31 (14 C.F.R. Part 234) to provide that the following events are not included within the air carrier codes specified in such Directive:

(1) Aircraft cleaning necessitated by such incidents as the death of a passenger, excessive bleeding, service animal (SVAN) soiling, and extensive debris left by customers.

(2) Aircraft damage caused by extreme weather, bird strike, foreign object debris (FOD), sabotage, and other similar causes.

(3) Awaiting the arrival of connecting passengers or crew due to weather or local or National Airspace System logistics.

(4) Awaiting the results of an unexpected alcohol test of a crewmember caused by the suspicion or accusation of a customer.

(5) Awaiting gate space due to congestion not within the carrier's control, including the utilization of common gates or uncontrollable gate returns resulting from constraints of the National Airspace System.

(6) A baggage or cargo loading delay caused by an outage of a bag system not controlled by a carrier, including wind affecting ramp conditions, late connecting bags resulting from an air traffic controller delay, airport infrastructure failure, and similar causes.

(7) Cabin servicing or catering delays due to weather or wind.

(8) Vendor computer outages, cybersecurity attacks (provided that the carrier is in compliance with applicable cybersecurity regulations), or issues related to the use of airport-supplied communications equipment (such as common-use gates and terminals, power outage, and lighting).

(9) Availability of crew related to hours flown, rest periods, and on-duty times not caused by a carrier, including a delay of a crew replacement or reserve necessitated by a non-controllable event, and pilot or flight attendant rest related to weather, air traffic controller, or local logistics.

(10) An unscheduled engineering or safety inspection.

(11) Public health issues.

(12) Fueling delays related to weather or airport fueling infrastructure issues, including the inoperability of a fuel farm or unusable fuel which does not meet specified requirements at delivery to an airport due to contamination in the supply chain.

(13) Government systems that are inoperable or otherwise unable to receive forms which have been properly completed by an air carrier.

(14) Overheated brakes resulting from a safety incident, including those resulting from emergency procedures.

(15) Mail from the U.S. Postal Service that was delayed in arrival.

(16) Unscheduled maintenance, including airworthiness issues manifesting outside a scheduled maintenance program and that cannot be deferred or must be addressed before flight.

(17) A medical emergency.

(18) Positive passenger bag match flags that require removal of a bag in order to ensure security.

(19) The removal of an unruly passenger.

(20) Ramp service from a third-party contractor, including servicing of potable water, lavatory servicing, and shortage of third-party ramp equipment.

(21) Snow removal or aircraft de-icing due to the occurrence of extreme weather despite adequate carrier resources, or the removal of snow on ramps.

(22) An airport closure due to such factors as the presence of volcanic ash, wind or wind shear.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from New Jersey (Mr. KEAN) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. KEAN of New Jersey. Mr. Chair, today, pursuant to the authority from Congress, the Department of Transportation requires airlines to report delayed or canceled flights. The rules also require a cause to be listed for the cancellation and delay. Every cancellation or delay must fall into a category of causes, one of which is air carrier.

In practice, many causes of cancellations and delays outside an air carrier's control end up in this category. In effect, it has become a catchall category. This is a problem because without good data reflecting the causes of cancellations and delays, it is impossible to identify the root causes. If you can't identify the real problems, you can't, as a Member of Congress or a policymaker, craft a good policy solution.

This amendment would require the Secretary to refine the reporting directives to provide more detailed information about the cause of a cancellation or delay, rather than simply dumping them all into a catchall category.

It builds upon the committee's acknowledgment of this obvious problem in section 716 of the bill and is simply a more robust effort to address it.

Any event listed in this amendment such as weather damage, unscheduled safety inspections, volcanic ash, or public health issues would no longer be categorized as carrier-caused.

The mischaracterization of causes endemic to the current system is fixable, and we should take this opportunity to fix it.

If adopted, this amendment will result in greater transparency to the traveling public regarding the cause of a canceled or delayed flight. Better data will allow the Secretary and airlines to develop strategies to mitigate their true causes.

This amendment simply attempts to make sure the Department of Transportation and the FAA are gathering more accurate descriptions of the causes of a canceled or delayed flight, and in turn, will allow the FAA and the airlines to better inform their decisions moving forward.

Just today, the FAA's effort to explain the cause of major day-to-day issues in real time were reported in various news sources.

My amendment will support this goal by improving the data that goes into the system for explaining the causes of delays and cancellations.

I share the FAA's goal of providing better data and more transparency, and this amendment will help provide them with the data they need to identify and to fix the problems that we have all been experiencing through air travel.

Finally, I thank Representative CHAVEZ-DEREMER of Oregon and Representative LARSON of Connecticut for their bipartisan support and for joining me in offering this amendment.

Mr. Chair, I reserve the balance of my time.

Mr. COHEN. Mr. Chair, I claim the time in opposition to this amendment offered by Representative KEAN, not as an individual from District 9 but as the ranking member of the Aviation Subcommittee being given certain responsibilities for that position.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chair, I yield myself such time as I may consume.

Since the beginning of the pandemic, we have seen a spike in the number of

mass flight cancellations and significant delay events. Some of these events were not completely attributable to the airlines.

The acceleration of the number of worker retirements during the height of the pandemic affected every industry's workforce, and many of the airlines were understandably not prepared for the massive increase in air travel demand as the effects of the pandemic started to dissipate.

This led to the rise in significant delays and cancellations that have affected passengers over the last several years.

This also underscores the importance of the Department of Transportation accurately reporting the on-time performance of flight delays and cancellations so consumers will have a full and accurate picture of what to expect when traveling.

Unfortunately, this amendment would restrict airline service quality performance reporting by removing a host of critical reporting elements.

For example, the amendment would remove airlines' requirements to report delays due to vendor computer outages, including cybersecurity attacks. I know I would like that to continue to be reported, and I assume most of my colleagues would, as well.

This amendment would also remove airlines' requirements to report delays due to crew availability related to hours flown, rest periods, and on-duty times not caused by a carrier. This is something Federal regulators need to understand in order to make effective policy.

Further, this amendment will move airlines' requirements to report delays due to an unscheduled engineering or safety inspection. Again, I want to know when this happens because this is potentially critical information to inform an airline safety management system and can help the FAA understand whether the safety management system is working effectively.

The amendment would also remove the reporting of public health issues so airlines wouldn't need to report delays due to the COVID–19 pandemic or other pandemics in the future.

That kind of data helps both Congress and the public health officials take measured and appropriate action to potentially help airlines in times of financial need.

Accurate and comprehensive data is critical to helping this Congress and the Department of Transportation make good policy and take appropriate action.

It helps us to take informed steps to improve the passenger experience, identify root causes for trends and delays, hold airlines accountable for what is in their control, and target fixes elsewhere for things outside of the airlines' control. This amendment would significantly reduce the granularity of data collected.

While I am happy to work with Representative KEAN to determine a fair and reasonable way to report airline statistics regarding significant delays and cancellations, I have to oppose this amendment.

Mr. Chair, I reserve the balance of my time.

Mr. KEAN of New Jersey. Mr. Chair, as I said earlier, this amendment, which is bipartisan in nature, actually increases the scope of transparency and ensures that the traveling public, that the policymakers, and we as Members of Congress have a better knowledge and understanding of what is happening and what is causing delays on a real-time basis, and I urge its passage.

Mr. Chair, I reserve the balance of my time.

Mr. COHEN. Mr. Chair, I reiterate my opposition. I urge a ''no'' vote, and I yield back the balance of my time.

Mr. KEAN of New Jersey. Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from New Jersey (Mr. KEAN).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. COHEN. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from New Jersey will be postponed.

□ 1530

AMENDMENT NO. 53 OFFERED BY MR. LAMALFA

The Acting CHAIR. It is now in order to consider amendment No. 53 printed in part A of House Report 118–147.

Mr. LAMALFA. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. ___. WILDFIRE SUPPRESSION.

(a) IN GENERAL.—To ensure that sufficient firefighting resources are available to suppress wildfires and protect public safety and property, and notwithstanding any other provision of law or agency regulation, not later than 18 months after the date of enactment of this section, the Administrator of the Federal Aviation Administration shall promulgate an interim final rule under which—

(1) an operation described in section 21.25(b)(7) of title 14, Code of Federal Regulations, shall allow for the transport of firefighters to and from the site of a wildfire to perform ground wildfire suppression and designate the firefighters conducting such an operation as essential crewmembers on board a covered aircraft operated on a mission to suppress wildfire;

(2) the aircraft maintenance, inspections, and pilot training requirements under part 135 of such title 14 may apply to such an operation, if determined by the Administrator to be necessary to maintain the safety of firefighters carrying out wildfire suppression missions; and

(3) the noise standards described in part 36 of such title 14 shall not apply to such an operation.

(b) SURPLUS MILITARY AIRCRAFT.—In promulgating any rule under subsection (a), the Administrator shall not enable any aircraft of a type that has been manufactured in accordance with the requirements of and accepted for use by any branch of the United States Military and has been later modified to be used for wildfire suppression operations, unless such aircraft is later typerated by the Administrator.

(c) CONFORMING AMENDMENTS TO FAA DOCUMENTS.—In promulgating an interim final rule under subsection (a), the Administrator shall amend FAA Order 8110.56, Restricted Category Type Certification (dated February 27, 2006), as well as any corresponding policy or guidance material, to reflect the requirements of subsection (a).

(d) SAVINGS PROVISION.—Nothing in this section shall be construed to limit the Administrator's authority to take action otherwise authorized by law to protect aviation safety or passenger safety.

(e) DEFINITIONS.—In this section:

(1) COVERED AIRCRAFT.—The term ''covered aircraft'' means an aircraft type-certificated in the restricted category under section 21.25 of title 14, Code of Federal Regulations, used for transporting firefighters to and from the site of a wildfire in order to perform ground wildfire suppression for the purpose of extinguishing a wildfire on behalf of, or pursuant to a contract with, a Federal, State, or local government agency.

(2) FIREFIGHTERS.—The term ''firefighters'' means a trained fire suppression professional the transport of whom is necessary to accomplish a wildfire suppression operation.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from California (Mr. LAMALFA) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. LAMALFA. Mr. Chairman, I have an amendment that I think is going to be loved by both sides of the room here today since it makes so much sense.

The situation we have is, it will fix an issue under the FAA regulations that currently prevents a privately owned, restricted category aircraft that is already performing a wildfire suppression operation from transporting firefighters to a scene.

Now, if this exact same aircraft were owned by a public entity such as the Forest Service, BLM, et cetera, that aircraft would be allowed to transport firefighters while performing a wildfire suppression operation. Even more egregious is the fact that if this government agency were to decide to lease this private aircraft for 90 days or more, that would magically transform it into the type of aircraft that would be allowed to transport firefighters on the way to a suppression action.

Under the current guidelines, however, they are not allowed to do so. This would either force contractors to have to get 90 days or longer leases with entities that may not want the aircraft for 90 days or be able to afford that. This may be a small local entity, local government.

What we are doing is allowing some flexibility here to not be locked into 90-day aircraft contracts that aren't needed and, at the same time, prevent unneeded ferrying back and forth, one for fire suppression activities and then another one to transport the personnel

when it would be perfectly logical to transport them on the same trip, saving fuel, saving wear and tear on the aircraft and the people, and even a little extra unneeded pollution in the air from running the aircraft, right?

My amendment requires the FAA to move forward with allowing private aircraft to also transport firefighters when they are fighting wildfires. The current policy is an unnecessary barrier to being able to deploy and fully utilize the capabilities of existing wildfire contractors for wildfire suppression.

Mr. Chairman, I reserve the balance of my time.

Mr. COHEN. Mr. Chairman, I claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chairman, I oppose the amendment, which directs the FAA to issue an interim final rule to allow restricted category aircraft to be used to transport firefighters to and from wildfire sites and other conforming changes.

While I support the intent of helping firefighters, this amendment is not the way to do it. In fact, if we are talking about firefighters, a firefighter lost his life in Memphis today fighting a fire. Several were injured, and we hope they will recover quickly. It is a difficult profession.

Restricted category aircraft are certified by the FAA for only very specific types of missions. Many of them are aircraft specifically built for military operations.

This amendment would create a shortcut for manufacturers interested in selling aircraft. However, the aircraft are not certified to the safety standards needed to carry passengers. This is an attempt by one manufacturer to create a domestic market for its aircraft without going through the FAA safety certification process. That is just not cricket.

Furthermore, interim final rules are only issued in situations where a regulatory process or requirement is clearly and directly creating a safety or security hazard.

There are multiple paths for this aircraft to be put to good use in helping firefighters, and manufacturers should follow those processes.

Congress should not be writing safety loopholes for companies to sell aircraft that potentially put our Nation's firefighters at risk. I stand with our firefighters.

Mr. Chairman, I oppose the amendment and reserve the balance of my time.

Mr. LAMALFA. Mr. Chairman, I am really wounded by that because the logic just isn't there. What we are talking about is an aircraft that is fully certified. If it was under a 90-day or longer contract, everybody would be hunky-dory with it. It would be perfectly kosher.

However, in this situation here, since it doesn't have that long of a contract, it is not now considered a public aircraft. It meets all the standards for safety, for transporting personnel as well as transporting the products with which they will be putting out the fire.

I am just mystified as to the logic of why we can't do this. It will save sorties. It will save a lot of unneeded pain. It will also allow local entities to be able to afford to keep these aircraft around because they are not going to be locked into 90-day contracts. I am just at a loss as to why this couldn't be agreed to by my colleagues on the other side of the aisle.

Mr. Chair, I reserve the balance of my time.

Mr. COHEN. Mr. Chair, let me put my colleague's mind at rest. I don't intend to call for a roll call. I will oppose the amendment, but I do not intend to call for a roll call.

Mr. Chair, I yield back the balance of my time.

Mr. LAMALFA. Mr. Chairman, I appreciate the comment of my colleague from Tennessee. He mentioned a while ago with Mr. ISSA ''40-love,'' so I will pick up on the ''love'' part of that and say that this is a friendlier discussion.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from California (Mr. LAMALFA).

The amendment was agreed to.

The Acting CHAIR. The Chair understands that amendment No. 60 will not be offered.

The Chair understands that amendment No. 61 will not be offered.

AMENDMENT NO. 62 OFFERED BY MR. MCCLINTOCK

The Acting CHAIR. It is now in order to consider amendment No. 62 printed in part A of House Report 118–147.

Mr. MCCLINTOCK. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Strike section 772 of the bill.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from California (Mr. MCCLINTOCK) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. MCCLINTOCK. Mr. Chairman, I have offered this amendment many times over the last 15 years because until we can cut this poster child for government waste, I despair of us ever being able to bring Federal spending under control.

They call it Essential Air Service, but it is the least essential program in the entire U.S. Government. This is a direct subsidy paid to airline companies to fly empty and near-empty planes from small airports to regional hubs.

This was supposed to be a temporary program to allow local communities and airports to adjust to airline deregulation in 1978, 45 years ago. Instead, it has grown to include 111 airports in a program that has doubled in cost in the last decade.

I emphasize that this program has nothing to do with emergency medical evacuations. It solely subsidizes regular, scheduled, commercial service that is so seldom used that it cannot support itself. Why can't it? Because in many cases, the small airports in the program are less than an hour's drive from regional airports.

Essential Air Service flights are flown out of Merced Airport near my district in the Sierra Nevada of California, yet Merced is less than an hour's drive from Fresno Airport, offering scheduled flights throughout the West.

Subsidized service is available from Lancaster, Pennsylvania, just 31 miles from Harrisburg International Airport. Subsidized flights from Pueblo, Colorado, are just a 45-minute drive from Colorado Springs Airport, and on and on.

There is supposed to be a $200 cap on the subsidy and a minimum of 10 passengers per day, yet 55 airports are able to waive these requirements, and they have all been granted. Per-passenger subsidies on some flights are now nearly $1,000 per passenger. By comparison, you can charter a small plane for around $150 to $200 an hour. Currently, 42 of the 111 flights subsidized are for flights of 9 people or less. These flights of 9 or less are still costing the taxpayers over $120 million in fiscal year 2023.

Over the next few years, this program will cost taxpayers over a billion dollars in direct appropriations, which this amendment would cease. The program is receiving $390 million in subsidies this year.

If a route cannot generate enough passengers to support its costs, the passengers themselves are telling us it is not worth the money to them. Maybe we should listen to them.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of South Dakota. Mr. Chair, I claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of South Dakota. Mr. Chair, I yield 1 minute to the gentleman from Missouri (Mr. GRAVES), chair of the full committee.

Mr. GRAVES of Missouri. Mr. Chairman, I rise today in strong opposition to this amendment and urge Members to vote ''no.''

The Essential Air Service program has proven to be a vital tool for rural connectivity, and for decades, it has been providing commercial air service to rural America.

It ensures our constituents in rural communities are connected to the national air transportation system and provides businesses across the country with the opportunity to grow their

businesses and families easier access to loved ones across the Nation. It drives economic development in many of our districts.

This amendment most certainly eliminates air service to our smallest, most rural communities. I have been a longtime, strong supporter of the EAS program.

In order to ensure the program's long-term viability, smart and targeted reforms are needed to ensure the program can continue to serve our communities.

Those reforms are in this underlying bill. It phases in cost-saving reforms to secure the program's long-term stability and ensures that it will continue to meet the needs of communities served while reining in the ballooning costs.

I, myself, have an EAS airport in my district that will be subject to the cost-share provision beginning in fiscal year 2027. I fear that without reducing costs, the entire program will cease to exist in due time, thanks to the program's cost.

Let's do anything we can to attempt to save this program. I think anything that we do if we are not attempting to save this program is literally a disservice to our constituents. Please vote ''no'' on the amendment.

Mr. JOHNSON of South Dakota. Mr. Chair, I yield 1 minute to the gentleman from Tennessee (Mr. COHEN).

Mr. COHEN. Mr. Chair, reform, not repeal is what we should be looking for. Essential Air Service is a critical transportation lifeline for many rural communities. It was put in place to guarantee small communities maintain a minimum level of air service.

The most important State is Alaska, where the majority of surface transportation is not passable year-round. Alaskans rely heavily on air travel to stay connected. This would be an economic disaster for the State. There are currently approximately 60 communities in Alaska alone, and another 110 in the lower 48, that depend on service through EAS.

As a friend of DON YOUNG, MARY PELTOLA, and the Alaskan people, I ask Members to vote ''no'' and to continue EAS service to the people of Alaska and others in rural areas that need it. I oppose the amendment.

Mr. JOHNSON of South Dakota. Mr. Chair, I reserve the balance of my time.

Mr. MCCLINTOCK. Mr. Chair, I yield 1 minute to the gentleman from Pennsylvania (Mr. PERRY).

Mr. PERRY. Mr. Chairman, this is a nearly 50-year-old temporary program. It is indicative of everything in Washington: Nothing ever dies here. We just spend more and more money.

The DOT literally picks winners and losers, where neighboring airports have to compete against the Federal Government, which subsidizes routes for the very same market. Approved subsidies include funding leisure routes. That is not essential. That is leisure.

Flights on EAS routes are relatively empty compared to nonsubsidized flights, and the obvious outcome of subsidizing these routes is that they are not economically viable. That is why they are subsidized. It is because nobody really needs them. There are other options that are reasonable.

The industry continues to suffer from a pilot shortage, a mechanic shortage, labor all across the board, ATC, et cetera. All we are doing is making it worse by misallocating these resources.

Pilots are flying planes to places where there aren't any customers, and they are canceling routes where people need to fly.

The bill does make significant improvements. However, the program remains inherently unfair and represents a significant misallocation of resources at a time when we can ill afford to do so.

Mr. Chairman, I urge adoption.

Mr. MCCLINTOCK. Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of South Dakota. Mr. Chair, I yield 1 minute to the gentleman from Pennsylvania (Mr. SMUCKER).

Mr. SMUCKER. Mr. Chair, I rise in opposition to this amendment.

I respect the intent of the author of this amendment, Mr. MCCLINTOCK, who I respect very much. I agree with his desire to cut wasteful government programs, but we have a fundamental disagreement on the value of this program.

Speaking for my community, and I do represent Lancaster Airport, this service allows my constituents to connect with Pittsburgh and other major airports where they can link with routes to take them across the country.

Every dollar invested into the program yields a great return. Lancaster Airport is the third busiest airport in Pennsylvania, behind Philadelphia and Pittsburgh. This is an important link to keep it a strong commercial hub and to service our community.

EAS also serves 172 airports across the country. If this amendment gets adopted, many of those communities would lose their airports. Losing EAS eligibility would not only disconnect communities in rural areas from the national air service, but it would also have a ripple economic effect.

Again, I commend the author of this, and I commend the chairman for the changes that have been made to this program. It is important that we keep it.

□ 1545

Mr. JOHNSON of South Dakota. Mr. Chairman, I yield 1 minute to the gentleman from Minnesota (Mr. STAUBER).

Mr. STAUBER. Mr. Chair, I rise in opposition to this amendment from the distinguished gentleman from California.

Rural districts like the one I represent often get written off as ''flyover country.'' Essential Air Service, or EAS, ensures that ''flyover country'' is just a saying and is not a reality.

As I have mentioned before, Minnesota's Eighth District is the most beautiful place in the world. Just take a flight to International Falls, Minnesota, and check out Voyageurs National Park, or fly to Brainerd and recreate in one of the many beautiful family-owned resorts. Fly to Bemidji and see beautiful Lake Bemidji, or take a flight to Hibbing, Minnesota, and fly over the biggest mining country that we have. None of this would be possible without EAS.

For most in Minnesota's Eighth District, getting down to Minneapolis Airport can be a real challenge. The EAS airports in my district provide an opportunity for my rural constituents to quickly, conveniently, and safely connect with the rest of this Nation and the world.

I want the constituents that I represent to have access to air travel just like everyone else, not be punished because we live in rural America.

My constituents matter. Our local economies and our local airports matter, and rural America matters.

Mr. MCCLINTOCK. Mr. Chairman, Mr. GRAVES promised us reforms. Well, we have been hearing those promises for the last 15 years that I have been bringing these amendments up, and they never happen.

My Republican colleagues love to campaign for economies in government. Yet, when the easiest possible economy in government is presented to them, they can't bear it.

I would pose this question: Why should the taxpayers of every community in America pay for the tickets for their subsidized air service when those airports are often less than an hour's drive from a regional airport?

If their customers aren't willing to pay for those tickets, why should the people of our districts be required to pay for them through their taxes?

It is time that Republicans kept their promises and started making the fundamental reforms that are necessary to bring spending under control before we bankrupt this government.

Mr. Chairman, I yield back the balance of my time.

Mr. JOHNSON of South Dakota. Mr. Chair, I would inquire how much time remains in opposition.

The Acting CHAIR. The gentleman has 1 minute remaining.

Mr. JOHNSON of South Dakota. Mr. Chair, our Nation has always had a national commitment to infrastructure. Mr. Chairman, that has been true whether it has been the interstate highway system, universal telephone service, or rural electrification.

We don't ask each rural county to pay exclusively for their portion of the interstate or high voltage transmission line that resides within their county borders. That, sir, would be absurd. These are assets with national benefit.

Now, that is the same wisdom, thankfully, that we apply to our national aviation infrastructure. That

does not mean an airport everywhere, of course; not any more than it means an interstate everywhere. It does mean a national commitment to having the essential infrastructure necessary to bind together 50 States into one unified America.

This amendment destroys that national commitment to infrastructure and to essential air service. It is misguided, and I urge a ''no'' vote.

I will close, Mr. Chair, by noting this: There may be some airports within an hour, but there are many, including in South Dakota, that are 2 hours or 3 hours away from these hubs.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from California (Mr. MCCLINTOCK).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of South Dakota. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from California will be postponed.

AMENDMENT NO. 64 OFFERED BY MRS. MILLER OF ILLINOIS

The Acting CHAIR. It is now in order to consider amendment No. 64 printed in part A of House Report 118–147.

Mrs. MILLER of Illinois. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. _____. REPORT ON SECRETARY OF TRANSPORTATION FLIGHT RECORDS.

The Administrator of the Federal Aviation Administration shall submit to Congress a report containing the flight records of the Secretary of Transportation for any flight on an aircraft owned by the Federal Aviation Administration for the 3 years preceding the date of enactment of this Act.

The Acting CHAIR. Pursuant to House Resolution 597, the gentlewoman from Illinois (Mrs. MILLER) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Illinois.

Mrs. MILLER of Illinois. Mr. Chairman, I rise in support of my amendment.

Secretary Buttigieg and President Biden's policies have created chaos within the FAA. Under the Biden administration, we saw the first full ground stoppage of all flights since September 11.

Taxpayers deserve to know where Secretary Pete was jetting off to on a private jet while our constituents were dealing with canceled and delayed flights. My amendment will force the FAA to hand over the flight logs for the Transportation Secretary's private FAA jet from the last 3 years.

The Washington Post reported that Secretary Buttigieg took 18 secret taxpayer-funded private flights. Taxpayers deserve transparency and oversight.

I urge my colleagues to support transparency for the Secretary's private flights and adopt my amendment.

Mr. Chairman, I reserve the balance of my time.

Mr. COHEN. Mr. Chair, I respectfully claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chairman, this would require the FAA to submit a report on flight records for the Secretary of Transportation for the previous years. Obviously, as the gentlewoman indicated, it is about Secretary Buttigieg who, I think, has done an outstanding job as our Secretary.

This amendment provides no benefit to the FAA. They already know where he has been going, and it would be a waste of the administration's limited time and resources.

In fact, there is no reason to think that his flights haven't been for reasons that benefit the United States and the Department of Transportation.

Now, if the amendment was something about Senators leaving their States during emergency climate events and going to Acapulco, or to wherever it was in Mexico, I could agree to it, maybe. But that is not what it is about.

There is no basis as to why this report should be needed. There are many pressing issues the FAA should dedicate its attention toward in this reauthorization, and the gentlewoman's amendment would detract from those efforts.

To that end, I urge my colleagues to oppose this amendment which has no basis in fact concerning anything Secretary Buttigieg may have done in any way improper.

Mr. Chairman, I reserve the balance of my time.

Mrs. MILLER of Illinois. Mr. Chairman, I urge the adoption of this amendment, and I yield back the balance of my time.

Mr. COHEN. Mr. Chairman, it was Cancun I was trying to think of. So if the amendment dealt with Cancun when Texas was having a climate emergency, that is a different situation, and people might need to know about that.

But Secretary Buttigieg, there is no reason to think he has done anything wrong whatsoever, so there is no basis behind this amendment, no fact basis. It is just conjuring up something, and that is why I continue to oppose the amendment.

I urge my colleagues to oppose the amendment because it would be a waste of FAA time, and it is certainly something that is intended to sully the name of our distinguished Secretary of Transportation who has done an outstanding job.

I think the time that the airlines were closed down was because of the modems. It didn't have anything to do with the Secretary of Transportation, or even the FAA.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentlewoman from Illinois (Mrs. MILLER).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. COHEN. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Illinois will be postponed.

AMENDMENT NO. 65 OFFERED BY MRS. MILLER OF ILLINOIS

The Acting CHAIR. It is now in order to consider amendment No. 65 printed in part A of House Report 118–147.

Mrs. MILLER of Illinois. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of subtitle C of title IV, add the following:

SEC. _____. RESTRICTION ON DEI OFFICIALS.

None of the funds made available under this Act may be used to hire any diversity, equity, and inclusion officials or conduct training on diversity, equity, and inclusion.

The Acting CHAIR. Pursuant to House Resolution 597, the gentlewoman from Illinois (Mrs. MILLER) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Illinois.

Mrs. MILLER of Illinois. Mr. Chairman, I rise in support of my amendment. Secretary Buttigieg and President Biden's DEI initiatives which hire and promote people based on their physical characteristics over their merits and qualifications violate Title VII and the Constitution.

In critical public safety roles such as air traffic control, it is essential to have the best possible candidate based strictly on professional qualifications and merit. Efforts by the Biden administration to factor race, gender, and sexual orientation into hiring and promotion decisions puts the traveling public at risk and deepens the staffing shortages we have seen throughout the FAA.

Under this administration, we saw the first national ground stoppage since September 11. My constituents regularly face delays caused by shortages in air traffic control staffing, delays that I am sure many of my colleagues have also experienced.

We must roll back the Biden administration's woke DEI policies and put the needs of our public aviation system before the far left's political agenda.

I urge the adoption of my amendment, and I reserve the balance of my time.

Mr. COHEN. Mr. Chairman, I claim time in opposition.

The Acting CHAIR. The gentleman from Tennessee is recognized for 5 minutes.

Mr. COHEN. Mr. Chairman, I would say that this amendment which prohibits funds from this Act being used to hire any diversity, equity, and inclusion officials or conduct DEI training is unnecessary, inappropriate, and failing our system.

It is interesting that it follows the amendment that would look into and suggest that Secretary Buttigieg has done something wrong.

As our Nation works toward long-term economic recovery, it is critical the educational and career opportunities in the aerospace industry be available and accessible to all Americans. It doesn't say that people who aren't the most qualified would get hired. DEI just says people would get opportunities which they may not have had in the past, and there might be systems in place that do not allow people who are diverse, who need to be included, inclusive, and gives them an opportunity and equitably get the job just because of their appearance. It means that they don't get discriminated against.

The U.S. aerospace industry is taking initial steps to diversify its workforce through the creation of flight training academies, apprenticeships, and other career pathway programs, but more can be done.

The underlying bill robustly invests in the FAA's aviation workforce development programs to support the education and recruitment of aviation jobs, including for communities underrepresented in the aviation industry.

I represent the Ninth Congressional District in Tennessee, which is a minority-majority district. A lot of minorities are not in aviation jobs. They can perform those jobs and do great jobs, they just haven't been given the opportunity over the years, and they need to have opportunities to see that this is a place that they can look to to be a pilot and to earn a good living and to have a good job. DEI programs would help.

This amendment ties the hands of the FAA and its outgoing educational, recruiting, and retention plans by prohibiting the hiring of a DEI officer or conducting DEI training, regardless of whether the FAA believes that this will result in the best possible results for the aviation workforce.

Again, I oppose this amendment. I urge a ''no'' vote, and hope that all Americans can have an opportunity to get good-paying jobs.

Mr. Chairman, I reserve the balance of my time.

Mrs. MILLER of Illinois. Mr. Chairman, I urge the adoption of my amendment, and I yield back the balance of my time.

Mr. COHEN. Mr. Chair, I would just continue to urge a ''no'' vote. You don't have to be woke. You just don't have to be asleep.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentlewoman from Illinois (Mrs. MILLER).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. COHEN. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Illinois will be postponed.

□ 1600

AMENDMENT NO. 67 OFFERED BY MR. OBERNOLTE

The Acting CHAIR. It is now in order to consider amendment No. 67 printed in part A of House Report 118–147.

Mr. OBERNOLTE. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 129, after line 25, insert the following:

(7) Put in place a system that ensures available resources so that applicants can schedule airman practical tests not more than 14 calendar days after requested.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from California (Mr. OBERNOLTE) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. OBERNOLTE. Mr. Chair, the FAA is responsible for administrating and certifying pilots in the United States. The certification of these pilots takes place in the form of written tests administered at a test center, but also in the form of practical tests that are usually administered in an aircraft or in a simulator.

These practical tests are conducted by either FAA examiners or, more usually, designated pilot examiners. This is a system that has worked well for decades, but a recent problem has arisen where pilots who are applying for certification, who need practical tests are encountering large and unacceptable delays in the scheduling of those tests.

In fact, some of the pilots that I have spoken to in the preparation of this amendment had to wait over 12 months for the scheduling of a practical test. I think we can all agree that that is unacceptable.

It is not fair to the airmen, it is not fair to the FAA, it is not fair to the pilot community, and it is detrimental to the advancement of the aviation industry.

This amendment is a very simple fix to that problem: It would direct the FAA to implement an accountability program to ensure that no applicant has to wait more than 2 weeks for the administration of a practical test.

I think this is a commonsense solution. It works for the FAA and for the applicants, and I would urge its adoption.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I claim the time in opposition to this amendment.

The Acting CHAIR (Mr. MOYLAN). The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. I rise in opposition to this amendment, which requires the FAA to ensure that pilots can schedule a practical test within 14 calendar days of requesting a test.

What this amendment fails to consider is that the FAA does not schedule these tests. These are independent individuals who have decided to take on this responsibility as a personal choice. They work around their own schedules—birthday parties, weddings, and doctors' appointments.

This amendment would actually add additional bureaucracy and would, therefore, be counterproductive and an administrative nightmare.

Moreover, the underlying bill contains several provisions to assist with expediting pilot certification. For instance, the base language already increases accountability and transparency for scheduling these tests and even includes a web-based scheduling tool to assist pilots.

The committee developed a solution on a bipartisan basis to help with this specific problem of delays in pilot testing. Therefore, I oppose this counterproductive and burdensome amendment.

Mr. Chair, I reserve the balance of my time.

Mr. OBERNOLTE. Mr. Chair, I would strongly object to the characterization of this amendment as burdensome. If you want an example of burdensome, think about a student pilot who has applied to get their pilot's license.

Mr. Chair, I have been a certified flight instructor for almost 30 years. This is a situation that I have experienced. When you are a student pilot, you don't know exactly when you are going to reach the level of proficiency required by the Federal aviation regulations, so you train and you train and you train and you sweat and you work, and finally your instructor says you are ready to take the test.

Now, imagine a student in that position applying for a test and being told it is going to be months before they can be examined.

Mr. Chair, I can tell you from personal experience that flight proficiency is a perishable commodity. You cannot go several months without flying, hop into a cockpit, and expect to be at the same level of proficiency that you were.

We are adding burdensome regulation on our student pilots when we expect them to maintain their proficiency for however long it takes the FAA to schedule that exam.

To be clear, this amendment does not direct the FAA to make its inspectors available; it directs the FAA to make the resources available to implement an accountability program to make sure we have a sufficient number of pilot examiners to make this situation better.

Two weeks is an industry standard consensus. The FAA has agreed that

that is a reasonable period of time. This just makes sense.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, for the party that eschews regulations, we now have more regulations being proposed, and these regulations are unnecessary in this case.

Again, it is up to the particular applicant to schedule the test for themselves. If they delay in doing so, then, of course, why would we want to punish the Federal Government by forcing the Federal Government to offer them a test in 14 days that they could have scheduled themselves had they been more efficient with their scheduling?

Let's continue to rely on personal responsibility in this regard, and let's make sure that the onus remains on the applicant to schedule the testing.

Mr. Chair, I reserve the balance of my time.

Mr. OBERNOLTE. Mr. Chair, I yield myself the balance of my time.

Mr. Chair, to be clear: This is not a scheduling problem on the part of the applicant. The applicant doesn't know exactly when they are going to be ready. The applicant doesn't know when the weather is going to cooperate. Particularly for the base level of pilots' licenses, you need good weather to be able to take the test.

This is just talking about the amount of time after an applicant says I am ready before which a designated pilot examiner can administer that exam. I think we can all agree that that should not be a year.

This is a commonsense amendment that would solve that problem, and I urge its adoption.

Mr. Chair, I yield back the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I have an app on my phone and I can look out for at least 10 days and determine what the weather will be projected to be in a particular location. That technology is available to all. All should use it, particularly those who are looking to fly the public or fly themselves or their families. They are charged with personal responsibility to make sure that they schedule a test in accordance with their own particular schedule. Their schedule is up to them.

We need to allow the FAA to work within its means to schedule testing on a first-come-first-served basis, and it is up to the applicant to make sure they get in where they fit in.

Mr. Chair, I oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from California (Mr. OBERNOLTE).

The amendment was agreed to.

AMENDMENT NO. 68 OFFERED BY MR. OBERNOLTE

The Acting CHAIR. It is now in order to consider amendment No. 68 printed in part A of House Report 118–147.

Mr. OBERNOLTE. Mr. Chair, I have a further amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 309, line 14, strike ''or''.

Page 309, line 18, strike the period at the end and insert ''; or''.

Page 309, after line 18, insert the following:

(4) prevent an airport or any retail fuel seller at such airport from making available for purchase and resale an unleaded aviation gasoline that has been approved by the Federal Aviation Administration and has an industry consensus standard for use in lieu of leaded aviation gasoline if such unleaded aviation gasoline is certified for use in all aircraft spark ignition piston engine models.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from California (Mr. OBERNOLTE) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. OBERNOLTE. Mr. Chair, aviation fuel is one of the few fuels remaining that still contains lead. It has been universally acknowledged that lead is not good for our environment. It is not good for our children. It is not good for human ingestion. It causes serious health problems.

The industry has conducted a decades-long study and process to try to develop an alternative fuel that takes the lead out of aviation fuel. However, this has become a very, very troublesome and difficult task because the only suitable solutions would have to be suitable for all types of aviation engines and some aircraft feature engines that are higher horsepower and higher compression that depend on the presence of lead to be able to operate safely.

Finally, we are approaching a consensus standard on an unleaded replacement for aviation gas; however, there is a problem that has arisen. Airports accept grant funds from the Airport Improvement Program, and in return, they give the FAA grant assurances that they will keep their airports open.

In 2018, when FAA was reauthorized, it was agreed by this body that an airport should not be able to withdraw the sale of fuel completely and that that would be a violation of its FAA AIP grant assurances.

I think that that is still true, and I hope we all still feel that way. However, most airports only have a single infrastructure for the delivery of avgas. If an airport seeks to switch from this current standard, which is 100 low lead to an unleaded replacement, a question has arisen as to whether or not that would be a violation of its grant assurances.

This amendment clarifies that situation and states that when an industry standard consensus fuel emerges that it is not a violation of grant assurance for an airport to switch from leaded aviation fuel to unleaded aviation fuel.

I think that this protects the interests of our airports, of our pilot community, and also protects our environment at the same time.

Mr. Chair, I urge its adoption, and I reserve the balance of my time.

Mr. JOHNSON of Georgia. I claim time in opposition to this amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. Mr. Chair, aviation is the only segment of transportation still using leaded fuels. The health impacts of leaded fuels are well-documented up to this point and the aviation industry writ large has been making a good-faith effort to transition to unleaded fuels.

The FAA closely regulates the availability of fuels at public airports because it is a critical element to flight safety.

The underlying bill text, as well as the manager's amendment offered by Chairman GRAVES and the ranking member, clarifies the fuel availability requirements at airports in line with the aviation industry timeline for transitioning away from leaded fuels.

This amendment is confusingly written, and it is unnecessary. Unlike what the summary claims, it would reduce airports' flexibility to meet the FAA's requirements for fuel availability. Specifically, it would narrow the types of unleaded fuels that airports are required to provide under the bill.

Mr. Chair, I oppose this amendment and urge all Members to do the same. Mr. Chair, I reserve the balance of my time.

Mr. OBERNOLTE. Mr. Chair, I hope there has been no confusion here. We are all on the same team. We want to get the lead out of aviation fuel. This amendment allows us to do that. The current situation is that when an industry standard consensus fuel emerges that airports will not be able to switch over to it because if you only have a single infrastructure, a single fuel truck, or a single fuel tank, the current grant assurances require you to continue offering the leaded fuel.

Airports will be faced with an impossible choice: The choice between maintaining a leaded fuel, even though an unleaded replacement is available, or buying an entirely different infrastructure for the delivery of the unleaded fuel.

I think we can all agree that makes no sense. This is just a commonsense solution to that problem. We have worked with committee staff on this. We have worked with industry on this. I think this is something that everyone should be able to get behind.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I believe that we are trying to achieve the same goals here and I appreciate the gentleman's approach, but I do believe that it is restrictive; maybe not intentionally so, but as a matter of consequence. That is why I am going to continue to oppose this amendment.

Not every airport has the flexibility to do what Representative OBERNOLTE suggests that is available to them. I urge my colleagues to oppose this amendment.

Mr. Chair, I reserve the balance of my time.

□ 1615

Mr. OBERNOLTE. Mr. Chair, to be clear, we are trying to give airports the option of a transition to an unleaded aviation fuel when that option becomes available to them. Some language is needed to do this because airports are confused about whether or not doing this is a violation of their FAA grant assurances. This amendment clarifies that it is not. An amendment, to be clear, is needed to clarify this situation.

Mr. Chair, I respectfully urge adoption of my amendment, and I yield back the balance of my time.

Mr. JOHNSON of Georgia. Mr. Speaker, again, not all companies have unleaded fuel that meets the standards that the gentleman suggests.

I wish I could read this writing here. I would present a more eloquent rebuttal. Unfortunately, I can't read the scribble.

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from California (Mr. OBERNOLTE).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of Georgia. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from California will be postponed.

AMENDMENT NO. 69 OFFERED BY MR. OGLES

The Acting CHAIR. It is now in order to consider amendment No. 69 printed in part A of House Report 118–147.

Mr. OGLES. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 609, line 14, strike ''social and''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Tennessee (Mr. OGLES) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Tennessee.

Mr. OGLES. Mr. Chair, I appreciate the opportunity to speak on my amendment, which strikes ''social'' from the scope of factors examined under the FAA's BEYOND program expansion.

Mr. Chair, this is a commonsense amendment that simply seeks to allow the FAA to focus on its core mission. The FAA's BEYOND program was crafted to yield the best outcomes for unmanned aircraft systems, not to promote garbage and irrelevant woke ideology.

The FAA BEYOND program is innovative, because it was designed to understand the potential benefits of drone use and the processes for drone integration. There is no room for any sort of liberal agenda in this program nor in this legislation.

My amendment removes the reference to social impacts examined under the BEYOND program expansion, which goes undefined in the bill, and could, therefore, be used to advance woke considerations. Expanding the scope of the BEYOND program to include social factors distracts from BEYOND's mission of making beyond visual line of sight operations repeatable, scaleable, and viable.

Mr. Chair, I urge adoption, and I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I claim the time in opposition to this amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. Mr. Chair, I oppose this amendment that would remove the requirement for the FAA to study the social impacts of unmanned aircraft systems, or UAS, in the expansion of FAA's BEYOND program.

The BEYOND program is vital for evaluating the safe integration of beyond visual line of sight and other advanced UAS operations.

There are many potential societal benefits of UAS that are already being tested by the BEYOND program. UAS technology can be used for remote sensing to make our power systems more resilient to deliver medical supplies to underserved communities or to assist first responders in disaster response and relief efforts.

For example, Dominion Energy used drones to inspect more than 40 power generation facilities, allowing them to conduct more frequent and efficient inspections.

The expansion of the BEYOND program in the underlying bill will allow for testing of other new and emerging aviation concepts and technologies, such as more autonomous aircraft.

As part of this testing, the program should consider societal impacts such as potential emissions, noise, and other community priorities.

Mr. Chair, for these reasons, I oppose this amendment, and I reserve the balance of my time.

Mr. OGLES. Mr. Chair, I would agree with my colleague that this program is vital. It is vital for the future of aviation and for medicine and for all sorts of applications. What it shouldn't be used for is a woke agenda.

The BEYOND program expansion is supposed to enable testing of new emerging aviation concepts and technologies to inform policies, rulemaking, and guidance needed to enable these new concepts and technologies, again, not to be leveraged for wokeness.

The government should not stick their nose into Americans' lifestyle, well-being, and societal preferences by use or leveraging the BEYOND program, and that is exactly what my colleague is encouraging.

Mr. Chair, let us not allow the Biden administration to shift attention away from the real problems that Americans face every day to his administration's radical leftist agenda, which they try to creep into every aspect of our lives.

I urge adoption of this very commonsense amendment, which focuses on the underlying bill, the true mission of the FAA, which is aviation and safety in our skies, not wokeness.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I yield such time as he may consume to the gentleman from Washington (Mr. LARSEN), the ranking member on the full committee.

Mr. LARSEN of Washington. Mr. Chair, on the committee, the Transportation and Infrastructure Committee, we like to pride ourselves on being boring. We like to let folks know if they want excitement in Congress, there are other committees to attend or go to. The T&I Committee is not one of those. We like to think that we are focused on the transportation and infrastructure of the United States and on the things that we need to do to ensure its safety and building it out.

I am confused by this amendment, that it exists at all, because what the amendment is doing is taking out a word, ''social,'' that the proponent is defining as something that is not in any way defined by the committee in the way he is defining it.

Think about what we are talking about when we talk about the BEYOND program and what we would like to do beyond just looking at economic factors of drones. We want to look at how medical supplies can be delivered to rural areas. That is not an economic factor to look at. That is a social factor to look at, the ability to get healthcare to rural areas. The ability to assist law enforcement with things like search and rescue, that is not an economic factor. It is a social factor to ensure safer communities.

Assisting wildfire responders as they fight wildfires, that is not an economic factor. That is a social issue to protect wildfire responders as well as the communities that are impacted by wildfires.

I am just really confused. If this amendment had been in our committee and had been discussed, we would have never brought this up because it just doesn't live between our ears on the committee—this debate about the problem that people have with social factors. We would have realized these social factors are really about the things that I am talking about here, like how do we use the BEYOND program to ensure that we can use drones or uncrewed aerial systems, unmanned aerial systems, in order to provide factors that are beyond just the economic factors, how do they help the economy grow? They have uses beyond just helping the economy grow. The BEYOND program should be used to help us look at those issues.

I would just ask folks to please let us do a bill that is actually trying to move aviation forward instead of bogging us down in some of these debates that frankly are better left, perhaps, in other committees but not in the T&I Committee.

Mr. OGLES. Mr. Chair, I do appreciate the intent of my colleague, but I think it should be noted that this serves as a back door for a woke agency if it chooses to be so. When we leave these back doors open, what we have seen is a weaponized FBI against American citizens. We have seen a weaponized IRS against American citizens. We have seen a weaponized Justice Department against American citizens.

This does nothing more than open the door for the FAA to become weaponized on the social, woke agenda. Enough is enough. Yes, it is just a word, and that word should be stricken.

Mr. Chair, I urge adoption of my amendment. It is commonsense, it is conservative, it is the right thing to do, and it says no more wokeness in our country when it comes to the government and how it rules.

Mr. Chair, I yield back the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, it is ironic that today we talk about wokeness, and we talk about including a word, ''social,'' in the impacts that would be studied by the BEYOND program.

The truth of the matter is that the BEYOND program is a Trump administration program, and the language that the gentleman seeks to eliminate from this authorization bill is the same language that was proposed, introduced, and passed under the Trump administration. There was no harm then, but now we have got a problem, because everybody is anti-woke.

The Acting CHAIR. The time of the gentleman has expired.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Tennessee (Mr. OGLES).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of Georgia. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Tennessee will be postponed.

AMENDMENT NO. 70 OFFERED BY MR. OGLES

The Acting CHAIR. It is now in order to consider amendment No. 70 printed in part A of House Report 118–147.

Mr. OGLES. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

In section 1148(b)(5)(A), strike ''climate change'' and insert ''weather''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Tennessee (Mr. OGLES) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Tennessee.

Mr. OGLES. Mr. Chair, the FAA reauthorization bill has a section requiring the FAA to conduct research and development to mitigate the impact of turbulence.

As part of this, it requires the agency to conduct R&D to understand the impacts of climate change and other factors on the nature of turbulence.

My amendment changes this requirement to focus on the impacts of weather rather than climate change. Weather patterns are a common cause of turbulence. Jet streams, storms, and the movement of warm fronts and cold fronts can all cause it.

Mr. Chair, this is, again, a commonsense amendment. I urge adoption, and I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I claim the time in opposition to this amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. Mr. Chair, this amendment would direct the National Oceanic and Atmospheric Administration to ignore climate change as it studies the impacts of weather on the nature of turbulence.

To deny the existence of climate change is to deny reality. There are copious amounts of data to show that climate change has been happening for decades.

Recently, we have all experienced consecutive days of 90-plus-degree heat here in Washington, D.C., as well as we have seen sustained increases in temperatures across the country. In fact, June 2023 was the hottest June ever recorded on the planet, according to NASA.

The scientific definition of weather refers to short-term atmospheric conditions, while climate change refers to long-term patterns and shifts in our climate.

□ 1630

The dramatic shifts caused by climate change are not merely weather, and to limit NOAA's ability to study climate change would neglect our responsibility for ensuring safe air travel.

Studying these long-term patterns and understanding how they impact turbulence is critical for putting the best safety practices in place, as well as understanding how to mitigate the impacts of turbulence.

NOAA must have the authority to gather the data we need to help keep Americans safe in the air, reduce flight delays, and improve our understanding of changing atmospheric conditions. Let us not force NOAA to put its head in the ground while climate change is happening all around us.

Mr. Chair, if my colleagues are with me, they will oppose this amendment, and I encourage more of my colleagues to do so.

Mr. Chair, I reserve the balance of my time.

Mr. OGLES. Mr. Chairman, as indicated by my colleague, the definition of climate change is a long-term event. A flight and turbulence would be a short-term occurrence.

What we are talking about is weather in a moment on a duration of a flight and how it impacts said flight. It is changing weather, not climate change, that is to blame on your flight to and from D.C.

We don't measure climate change over a duration of a flight, but this is what we are talking about—the duration of a flight—and turbulence that impacts flights while they are in the air.

As we develop a better understanding of how the weather impacts turbulence, people may better understand how instances of turbulence might differ under different times.

Mr. Chairman, what I am trying to say is let us not allow agendas to slip into the mission.

Mr. Chairman, I urge adoption of my amendment. This is common sense, and I thank my colleague for his comments.

Mr. Chairman, I reserve the balance of my time.

The Acting CHAIR (Mr. FLOOD). The Chair reminds Members and staff not to traffic the well.

Mr. JOHNSON of Georgia. Mr. Chairman, long-term weather patterns affect turbulence, and that is what we need to study. We should not deny that there will be long-term effects of climate change. We should not ignore the fact that climate change is real and is happening today.

To force our government to not look at these weather patterns in the long term is very shortsighted. Let's plan for this turbulence as we come to grips with climate change.

Mr. Chair, I reserve the balance of my time, and I am ready to close.

Mr. OGLES. Mr. Chairman, I thank my colleague for his comments. I emphasize that if we allow or encourage the FAA to study climate change, if it were, it is going to lead to a boondoggle. The FAA is busy enough. They have enough on their hands. It makes sense to study weather patterns and turbulence. It does not make sense to allow woke ideologies to slip into the mission statement of an agency whose primary charter is to keep those in the air safe.

Mr. Chairman, I yield back the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chairman, safe travel in the future depends on the FAA's ability to predict long-term weather patterns, and that requires us to study the effects of climate change. That is what we need to do now. We need to do it to protect ourselves, our wives, our husbands, our children, our grandparents. We don't want any of our loved ones to die.

Let's do the studying that we need in order to mitigate the effects of our previous ignoring of climate change as a

phenomenon. Let's study it and come to grips with it and make things safer for the traveling public as we proceed forward. That is what we are doing under this FAA reauthorization bill.

Mr. Chair, this amendment hurts that process. For that reason, I oppose it and ask my colleagues to do the same.

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Tennessee (Mr. OGLES).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of Georgia. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Tennessee will be postponed.

AMENDMENT NO. 71 OFFERED BY MR. OWENS

The Acting CHAIR. It is now in order to consider amendment No. 71 printed in part A of House Report 118–147.

Mr. OWENS. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title VIII, add the following:

SEC. ___. SLOT EXEMPTIONS FOR RONALD REAGAN WASHINGTON NATIONAL AIRPORT.

(a) IN GENERAL.—Section 41718 of title 49, United States Code, is amended by adding at the end the following new subsection:

''(i) ADDITIONAL SLOT EXEMPTIONS.—

''(1) GENERAL SLOT EXEMPTIONS.—Not later than 90 days after the date of enactment of this subsection, the Secretary shall grant, by order, 14 exemptions from—

''(A) the application of sections 49104(a)(5), 49109, and 41714 of this title; and

''(B) the requirements of subparts K and S of part 93, Code of Federal Regulations.

''(2) EXEMPTION CONDITIONS.—The Secretary shall grant such exemptions to nonlimited incumbent and limited incumbent air carriers serving Ronald Reagan Washington National Airport as of the date of enactment of this subsection to operate limited frequencies of aircraft on routes between Ronald Reagan Washington National Airport and other airports.

''(3) CONSIDERATIONS.—In granting exemptions under this subsection, the Secretary shall consider the extent to which the exemptions will—

''(A) have a positive impact on the overall level of competition in the markets that will be served as a result of such exemptions;

''(B) produce competitive benefits, including the likelihood that the service to airports will result in lower fares or improved service options for aviation consumers;

''(C) not result in a significant increase in delays at Ronald Reagan Washington National Airport;

''(D) ensure that travel options between Ronald Reagan Washington National Airport and airports located within the perimeter described in section 49104 will not be reduced;

''(E) benefit underserved markets; and

''(F) not reduce runway safety at Ronald Reagan Washington National Airport.

''(4) SCHEDULING OF SLOT EXEMPTIONS.—In granting exemptions under this subsection, the Secretary shall, in coordination with the Administrator of the Federal Aviation Administration and to the greatest extent practicable, seek to work with air carriers to schedule such exemptions—

''(A) at times during which operations are typically lower than the peak hourly capacity of Ronald Reagan Washington National Airport; and

''(B) at times and in a manner that will minimize the potential for additional delays.

''(5) RESTRICTION.—An exemption may not be granted under this subsection with respect to any aircraft—

''(A) that is not a Stage 4 aircraft (as defined by the Secretary) if the exemption is for an arrival or departure between the hours of 7:00 a.m. and 10:00 p.m.; or

''(B) that is not a Stage 5 aircraft (as defined by the Secretary) if the exemption is for an arrival or departure between the hours of—

''(i) 6:00 a.m. and 6:59 a.m.; or

''(ii) 10:01 p.m. and 11:00 p.m.

''(6) AIR CARRIER LIMITATIONS.—

''(A) EXEMPTIONS PER AIR CARRIER.—Of the exemptions described in paragraph (1), no air carrier may operate more than 2 of such exemptions.

''(B) LIMITATION ON AIRCRAFT SIZE.—An air carrier may not operate a multi-aisle or widebody aircraft under an exemption issued under this subsection.

''(C) PROHIBITION ON TRANSFER OF RIGHTS.—An air carrier granted an exemption under this subsection is prohibited from transferring the rights to its slot exemptions pursuant to section 41714(j).

''(7) SAVINGS CLAUSE.—Nothing in this subsection shall be construed to—

''(A) allow for conversion of existing slots allocated to air carriers to serve communities located inside the perimeter described in section 49109 to fulfill the exemptions granted in paragraph (1); and

''(B) enable the reduction of nonstop travel to communities located within the perimeter described in section 49109.''.

(b) INFRASTRUCTURE NEEDS.—Section 44501(b) of title 49, United States Code, is further amended by adding at the end the following:

''(6) a list of projects or programs necessary to improve capacity, reliability, and efficiency for Level 2 schedule facilitated and Level 3 slot-controlled airports.''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Utah (Mr. OWENS) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Utah.

Mr. OWENS. Mr. Chair, I rise in support of my amendment No. 71.

Mr. Chair, for 60 years, the federally imposed perimeter rule has limited access and increased costs for Americans flying into Washington's Reagan Airport.

My amendment is simple. It adds seven new routes, one for each airline currently operating out of DCA, while preserving all existing flight routes.

Congress is long overdue to modernize this arbitrary, protectionist Federal policy put in place for the economic protection of one airport and one airline.

Deliberate misinformation has been circulating wildly among my colleagues, and I want to be clear: Our effort is not about benefiting one airport, one airline, or any one Member of Congress. It is about empowering American consumers by providing more options and greater convenience for people traveling to and from Washington, D.C.

For those who have benefited from the monopoly created by the perimeter rule 60 years ago, the message is clear: America, your choices will remain limited and your ticket prices will remain high.

Mr. Chair, I urge my colleagues to support this bipartisan amendment to help DCA fly into the 21st century.

Mr. Chair, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, I claim the time in opposition.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, I yield 1 minute to the gentleman from Virginia (Mr. BEYER).

Mr. BEYER. Mr. Chairman, I rise in strong opposition to this amendment falsely advertised as a compromise.

Nobody asked our regional delegation about this, and we are united against adding more air traffic in DCA. DCA is way over capacity. It is the busiest runway in America and one of the shortest. There were 25 million people served last year in an airport designed for 14 million.

Mr. Chair, 20 percent of the flights are already more than an hour late, and this will only make it worse. This is a congested, complex airspace—think Capitol, White House, and Pentagon. It is the third highest in aborted takeoffs and landings. These safety concerns will only be magnified.

It is not true that this amendment will lower ticket prices. The last time that the perimeter-plus slots were added, prices went up at both Dulles and DCA. If you use Reagan National now, count on spending many more hours lost on the tarmac or at the gate.

Mr. Chair, why would you ever vote to make your commute worse? I urge my friends to vote ''no'' on the amendment.

Mr. OWENS. Mr. Chairman, I yield 1 minute to the gentleman from Georgia (Mr. JOHNSON).

Mr. JOHNSON of Georgia. Mr. Chairman, I rise in agreement with this amendment. It is a commonsense compromise. I rise in support of it, and I thank the gentleman for his hard work on this amendment.

This amendment would simply increase the average number of flight departures from Reagan National Airport from 400 average per day to 407 flights departing per day, not anything more than that.

For those who oppose this, the only reasons why airlines are opposing this is that they want to limit competition, and they want ticket prices to remain the highest in the Nation for flying in and out of Washington, D.C.

When we allow more flights into Washington, D.C., and out of Washington, D.C., we allow more families to come in from west of the Mississippi to visit the Nation's Capital. We enable

more people to come in and work and be more efficient.

Mr. Chair, I ask my colleagues to support this amendment.

Mr. LARSEN of Washington. Mr. Chairman, I yield 1 minute to the gentlewoman from the District of Columbia (Ms. NORTON).

Ms. NORTON. Mr. Chairman, I rise in strong opposition to this amendment that would increase safety risks, delays, cancelations, diversions, and noise at National Airport, all for the personal convenience of some Members of Congress.

The Federal Aviation Administration and the Metropolitan Washington Airports Authority that manages Reagan National and Dulles Airports have both concluded that increasing the slot and perimeter rules would be harmful to the flying public.

The slot and perimeter rules at National Airport exist to ensure operational viability for both National and Dulles International Airports. National and Dulles work as an integrated airport system to meet the needs of the traveling public.

Dulles has the operational capacity, space, and infrastructure to handle larger, long-distance flights and more flights per day than National Airport. National Airport already has the busiest runway in the Nation, was built as a small regional airport, and was never meant to manage flights from across the country.

Mr. Chair, I urge the Members to oppose this amendment.

Mr. OWENS. Mr. Chairman, I yield 1 minute to the gentleman from Texas (Mr. CUELLAR).

Mr. CUELLAR. Mr. Chairman, I thank the Texas delegation from San Antonio—Mr. JOAQUIN CASTRO, Mr. CHIP ROY, Mr. GREG CASAR, and Mr. TONY GONZALES—for all working together, along with the Senators.

Mr. Chair, I rise in support of this amendment to add seven slots to the Ronald Reagan National Airport.

Right now, cities like San Antonio cannot get direct flights. The slots added in this amendment will allow more cities like San Antonio to have a direct flight.

With a population of 1.4 million, San Antonio is the seventh largest city in the U.S. San Antonio is known as Military Town USA and has over 80,000 Active-Duty members and 159,000 veterans. Joint Base San Antonio trains more soldiers than any other place in the country, and it is home to the Department of Defense's largest military hospital.

We have to do this for the veterans. We have to do this for the soldiers.

Mr. Chair, for Military Town USA, along with the San Antonio delegation, I ask that we pass this amendment.

Mr. LARSEN of Washington. Mr. Chairman, I yield 1 minute to the gentleman from Illinois (Mr. BOST).

Mr. BOST. Mr. Chairman, I rise in strong opposition to the amendment.

I have serious concerns about the existing congestion and limited resources at DCA at this time.

An additional 14 flights—7 slots, but 14 flights—certainly stretch resources even further. Over the last 16 months, DCA has had the fifth most ground delay and stop counts in the country. The runway at DCA is also the busiest runway in the entire country.

I understand wanting additional flights to DCA, but I am concerned that the amount of space and time in the day is limited. I have serious concerns about how it will negatively affect my constituents.

Finally, I also am disappointed that there is no requirement that, before any additional flights, the Secretary must certify that they wouldn't reduce services to small and medium hub airports, strain the current landside and airside capacity at Reagan National Airport, and, as a result, increase travel time.

Mr. Chair, I stand in opposition.

Mr. OWENS. Mr. Chairman, I yield 1 minute to the gentleman from Texas (Mr. ROY).

Mr. ROY. Mr. Chairman, I thank my friend from Utah for leading this amendment, and I thank my friends in the San Antonio delegation for standing up for the people of San Antonio, who are on the outside looking in.

San Antonio is a city of 1.5 million people. It is the seventh largest city, Joint Base San Antonio. My colleagues on both sides of the aisle just smirk it off and say: Oh, no, don't disrupt my flights. Don't disrupt my ability to get to my local airports.

Do you know what? The next time you come to San Antonio, explain that to the men and women in uniform serving their country who can't take a flight to Reagan because you guys got something in 1966, and now it is a protectionist racket to hold onto something for yourselves.

I won't take this flight, for the most part, unless I am going back to San Antonio. I have a direct flight because Austin was exempted, like 10 other cities were exempted. This is seven slots. It is less than 2 percent of the total. Stop the protectionist racket. Open it up to competition, seven airlines, seven slots.

The Acting CHAIR. Members are reminded to direct remarks to the Chair.

Mr. LARSEN of Washington. Mr. Chairman, I yield 1 minute to the gentleman from Virginia (Mr. WITTMAN).

□ 1645

Mr. WITTMAN. Mr. Chair, I rise in opposition to this amendment. It is not a racket.

This amendment would add 14 flights per day at the already heavily congested Ronald Reagan National Airport.

It already has 820 flight operations per day. It is not a racket. The addition of 14 flights per day would further exacerbate an already stressed airport operation.

It is not a racket. With limited gates and physical capacity, DCA doesn't have the space to safely process additional flight operations, often resulting in planes sitting on the tarmac waiting.

It is not a racket.

Not only does Ronald Reagan National Airport not have the capacity to support this extension, there are no protections against negative impacts on other complementary flights or other airports in the region: Dulles International Airport, Richmond, Roanoke, and Norfolk.

Historically, slot expansions and perimeter exemptions at Ronald Reagan National Airport have come at the expense of fewer flights from other Virginia airports. It is not a racket. It is not a racket.

Without protections ensuring the safety and sustainability at Ronald Reagan National Airport and the stability of other regional airports, this amendment will only hinder the current system.

It is not a racket.

Mr. Chairman, I urge my colleagues to oppose this amendment.

Mr. LARSEN of Washington. Mr. Chair, I reserve the balance of my time.

Mr. OWENS. Mr. Chairman, I yield 30 seconds to the gentleman from Texas (Mr. CASTRO).

Mr. CASTRO of Texas. Mr. Chairman, I urge this Congress to support amendment No. 71 to H.R. 3935.

My city of San Antonio is known as Military City USA. It is home to tens of thousands of soldiers, airmen, intelligence professionals, and cybersecurity experts who need direct access to Washington, D.C.

I hope that Members will support this amendment and support our airmen and our soldiers and support national security.

Mr. LARSEN of Washington. Mr. Chair, may I inquire how much time I have remaining.

The Acting CHAIR. The gentleman from Washington has 1 minute remaining. The gentleman from Utah has 30 seconds remaining.

Mr. LARSEN of Washington. Mr. Chair, I reserve the balance of my time.

Mr. OWENS. Mr. Chairman, I yield 30 seconds to the gentleman from Utah (Mr. MOORE).

Mr. MOORE of Utah. Mr. Chairman, I thank the gentleman for yielding.

Mr. Chairman, all this amendment is doing is adding seven flights, because in 1966, we went with an overregulated approach, and the citizens of the Western United States need to be able to come to the Nation's Capitol. It is the most expensive place to travel to.

All we are trying to do is lower prices and increase competition. Traditionally, these are very conservative principles that we all should be able to support.

We all support the free market. We have to be able to look and say: Things were different in 1966 than they are now. Planes are more quiet.

The Acting CHAIR. The time of the gentleman has expired.

Mr. MOORE of Utah. This is not a safety issue.

The Acting CHAIR. The time of the gentleman has expired.

Mr. MOORE of Utah. This is simply special interests playing over here. Let the free market decide.

The Acting CHAIR. The gentleman is no longer recognized.

Mr. OWENS. Mr. Chairman, I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I yield myself the balance of my time to close.

Mr. Chair, this is not only an issue that evokes passion among Members, it is also very bipartisan. It is going to be bipartisan in opposition and bipartisan in support.

We expected that on the committee, which is why we had asked for the Rules Committee to put something in order on the floor so we could have this debate and let the will of the House take its course.

I would just note, though, in my informal survey of Members on my side of the aisle, the seven slot pairs have been committed only 36 times already.

The point is: There is a lot of overpromising taking place about which cities are going to be served by this deal.

The problem with that is that one is too many and 100 is not enough, but the supply of runway at DCA is so small that it can't handle what it is taking now much less what increased demand will bring to it.

Mr. Chair, it is a difficult issue. Members are going to be voting for and against on both sides, and I look forward to that vote.

Mr. Chair, I yield back the balance of my time.

Mr. CONNOLLY. Mr. Chair, I rise to oppose this amendment, which would risk flight safety and increase delays at National Airport, in the strongest terms possible. I will not, cannot support this bill if this amendment is adopted.

This amendment violates every Congressional courtesy we try to extend to one another as colleagues who know our districts best. One of my first local government appointments was to the Fairfax County Airports Advisory Committee. I subsequently spent 14 years in local government helping maintain the delicate regional balance between the 2 major airports in Northern Virginia, National Airport and Dulles International Airport. I also led the effort to connect our nation's capital to Dulles via rail with the recently completed Silver Line extension of the DC Metro.

So let me introduce my colleagues to National Airport. It has the busiest runway in America. The busiest in America. The airport is designed to serve 15 million passengers annually. Last year, it served 24 million. That is 9 million passengers or 60 percent over capacity. The airport has the 3rd highest flight cancellation rate in the country, and 1 in every 5 flights is delayed by more than an hour.

The FAA has certified that more flights would make those delays worse. This amendment, which would force even more flights out of National Airport, is reckless.

The amendment, if adopted, would increase delays, exacerbate pilot and flight crew exhaustion, and risk the safety of flights in and out of National Airport.

I urge my colleagues to reject this amendment.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Utah (Mr. OWENS).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Utah will be postponed.

AMENDMENT NO. 73 OFFERED BY MR. PERRY

The Acting CHAIR. It is now in order to consider amendment No. 73 printed in part A of House Report 118–147.

Mr. PERRY. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Strike section 1132 of the bill.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Pennsylvania (Mr. PERRY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Pennsylvania.

Mr. PERRY. Mr. Chairman, this amendment strikes the section that allows the administration to consider expanding the CLEEN Program.

Now, as a reminder, in the CLEEN Program, the FAA provides awards to industry to develop and integrate technology that will reduce noise, emissions, and fuel burn.

Now, looking over some of the projects, some of them aren't completely useless: improvements to wing performance and thermal efficiency for turbines may well contribute to cost savings. But that actually begs the question: Why can't these projects be funded by private industry alone?

Surely, if they improve fuel efficiency, that is a clear profit-driven motive to invest in new technologies.

The program also funds the development of ''alternative'' jet fuels which is just another facet of the left's crusade to reduce greenhouse gas emissions to meet completely arbitrary and unscientific targets.

The administration aims to achieve ''net zero'' greenhouse gas emissions from the aviation sector by 2050.

Mr. Chairman, I want you to think about that because you won't be flying when that happens.

The so-called sustainable aviation fuel is critical to achieving this foolhardy goal.

However, this fuel doesn't change the physics of an engine. The engine still emits carbon dioxide. Instead, emissions are actually produced out of waste products cooking oil and agricultural waste instead of fossil fuels, and then the engine burns that. That is what you are paying for, Mr. Chairman. The program makes taxpayers pay for that fuel.

These fuels are extremely expensive and not widely adopted, as low as 0.1 percent at last counting. The CLEEN Program acknowledges these shortcomings.

Phase II simply furthered the understanding of key biofuel properties in demonstrating the viability of them. So it acknowledges it is actually not really changing anything, but we are just spending a lot of money burning cooking oil in an aviation engine.

There is absolutely no reason we should actually be expanding this program that is pouring taxpayer dollars into technologies into which the public sector is unwilling to invest.

They are unwilling to invest because there is no money in this. The only way it works is if the taxpayers pour all their money into it.

Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, I claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. LARSEN of Washington. Mr. Chair, this amendment would strike the requirement that the FAA administrator consider expanding the CLEEN Program, which stands for continuous lower energy, emission, and noise program, to new entrants.

Now, I want to be clear. It doesn't necessarily mean new technologies or different kinds of technologies as much as it can also mean new companies that are looking to do the same thing but do it better. To ensure that the FAA administrator is not continually approving grants to existing companies that are already in the program who may not be succeeding, we want to be sure the FAA administrator is looking beyond the current slate of companies that are applying.

In addition to that, of course, there are new entrants in the airspace. There is more projected use of even electronic aircraft. In the future, hydrogen is being looked at as a fuel for aviation—not tomorrow and maybe not in 5 years, but certainly within the next 10 to 15 years.

Doing some of the early work in this field is very important, so the FAA administrator needs the authority and the freedom to do just that.

This amendment is pulling back on some of the innovation that we, frankly, can only look to the government to do, so that it builds a foundation for the private sector to build upon and sometimes in this industry to take off as well.

Mr. Chair, so I would ask Members to oppose this amendment. Let the administrator continue to administer the CLEEN Program but send a clear message that they need to be looking beyond the regular sort of entrants that they are getting into this program and look to the future of aviation when they look at the CLEEN Program.

Mr. Chair, I reserve the balance of my time.

Mr. PERRY. Mr. Chairman, my friend on the other side of the aisle is a good man. He is just, I think, misdirected on this occasion.

I will be clear. I don't want the administrator to be spending time approving this contract or that contract. I don't want him doing any of it.

As far as hydrogen, I marvel at this premise that somehow the government is the only one that can figure this out. Somehow this country figured out and invented the internal combustion engine, the lightbulb, the airplane, and went to space.

But heaven forbid we figure this out without the government and without these taxpayers being forced to pay for it.

The third phase of the CLEEN Program is awarding more than $100 million for aircraft and engine companies to develop and demonstrate aircraft technologies that reduce fuel use, emissions, and noise. Relating to sustainable aviation gas, CLEEN funds are trying to research higher blends of biofuels to petroleum-based fuels which can affect seal performance.

On average, this fuel costs three to five times more than conventional jet fuel. We already have the jet fuel. It is already efficient. It is already clean. We have already reduced emissions more than all the other countries combined. We already met the Paris climate accords requirements without being in the accord.

Now, other barriers to adoption include risks related to adoption, including safety.

Mr. Chairman, as a person who has sat behind the stick and who has been up in the air, I can tell you the pucker factor is pretty high when the engine quits. I don't know about you, but I don't want to be experimenting with fuel while I am up in the air, and I don't want the pilots up front to be forced to experiment with it because the government says so.

We have something that works. The private sector can figure this out. They can invest in it, they can pay for it, and they can perfect it.

Mr. Chairman, I reserve the balance of my time.

Mr. LARSEN of Washington. Mr. Chair, there is a race on. There is a race on aviation, a race to implement and use new fuels that are more efficient and that are also cleaner. There is a race on, and other countries and regions of the world are investing in that race, putting their companies at a competitive advantage over the U.S.-based companies. The CLEEN Program is one of our tools to participate in that race.

The CLEEN Program also helps us invest in fuel efficiency. The fuel efficiency of aviation has helped reduce aviation fuel burn in this country.

There is a direct relationship between the goodness of the taxpayer investment in the CLEEN Program to the new fuel-efficient airplanes that we see being used today and the fuel-efficient engines that we see being used today.

The next version of that, the next step of that race is sustainable aviation fuel. It is in electric propulsion, and in the future it is hydrogen propulsion. There is quite a bit of private-sector investment going on in the use of hydrogen as a fuel to move things, including airplanes.

Now, we are not quite there yet in this country in the private sector, but no one else is either. I want to win that race, and part of winning that race is ensuring that the Federal Government is a partner in winning that race. Winning that race in aviation is ensuring that FAA has tools like CLEEN to be sure that it is a partner with airlines, with entrepreneurs, and with innovators who want us to participate in this race.

Mr. Chair, I ask Members to oppose this amendment, and I reserve the balance of my time.

□ 1700

Mr. PERRY. Mr. Chair, may I inquire as to how much time is remaining.

The Acting CHAIR. The gentleman from Pennsylvania has 30 seconds remaining.

Mr. PERRY. Mr. Chair, we don't need to provide more subsidies to support this climate smart agriculture practice and production of aviation biofuel feedstocks.

It actually makes your food more expensive because we are burning your fuel in an aircraft instead of pumping it out of the ground where the fuel has come from and has worked very, very well.

There are up to $3 billion in DOE loan guarantees. I want to win the race, too, but the Federal Government picking winners and losers ensures that we probably will lose the race because we are going to pick the wrong one, as the Federal Government normally does.

Once again, this is an absurd policy. If it were viable at all, the private sector would invest in it.

Mr. Chairman, I urge adoption of my amendment, and I yield back the balance of my time.

Mr. LARSEN of Washington. Mr. Chairman, if going to the Moon in 1969 was viable at all, the private sector would have done it. It didn't. We did it. America did it, and America did it with investment.

I am not making a wild claim like going to the Moon is exactly this kind of race that we are faced with, but there is a clear role for the Federal Government to play in a partnership with innovators and entrepreneurs to ensure that the next generation of innovation and aviation happens in the United States and not elsewhere.

I ask folks to support the CLEEN program, to not limit its use, and to oppose this amendment.

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Pennsylvania (Mr. PERRY).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. LARSEN of Washington. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Pennsylvania will be postponed.

AMENDMENT NO. 74 OFFERED BY MR. PERRY

The Acting CHAIR. It is now in order to consider amendment No. 74 printed in part A of House Report 118–147.

Mr. PERRY. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 11, line 14, strike ''4,000,000,000'' and insert ''3,800,000,000''.

Page 11, line 15, strike ''4,000,000,000'' and insert ''3,800,000,000''.

Page 11, line 16, strike ''4,000,000,000'' and insert ''3,800,000,000''.

Page 11, line 17, strike ''4,000,000,000'' and insert ''3,800,000,000''.

Page 11, line 18, strike ''4,000,000,000'' and insert ''3,800,000,000''.

Page 12, line 24, strike ''12,730,000,000''and insert ''12,037,000,000''.

Page 12, line 25, strike ''13,035,000,000'' and insert ''12,337,000,000''.

Page 13, line 1, strike ''13,334,000,000'' and insert ''12,637,000,000''.

Page 13, line 3, strike ''13,640,000,000'' and insert ''12,937,000,000''.

Page 13, line 5, strike ''13,954,000,000'' and insert ''13,237,000,000''.

Page 818, line 1, strike ''255,130,000'' and insert ''220,000,000''.

Page 818, line 3, strike ''267,000,000'' and insert ''226,000,000''.

Page 818, line 4, strike ''273,000,000'' and insert ''229,000,000''.

Page 818, line 5, strike ''279,000,000'' and insert ''232,000,000''.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Pennsylvania (Mr. PERRY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Pennsylvania.

Mr. PERRY. Mr. Chairman, I yield myself such time as I may consume.

Just like the last amendment, this amendment recognizes the fact that our country is out of money. We are borrowing money to pay our bills, and we are paying for things that we can't afford. We are paying for things that these folks can't afford.

Mr. Chair, this amendment reduces the authorization levels in section 101, which is airport planning; section 103, which is operations; and section 1111, which is research and development.

The authorization levels in the underlying bill represent a significant increase from the levels set by Congress in the 2018 reauthorization bill.

For example, the underlying bill raises the authorizations by significant

amounts from FY 2023 to FY 2024: 101 by $650 million, 103 by $1.2 billion, and 1111 by $41 million.

This amendment reduces the growth of these authorization levels while still increasing the funds authorized for FAA, resulting in a net savings of nearly $5 billion.

If we are going to raise the level, understanding and recognizing inflation caused by out-of-control spending in this place, we are going to recognize and understand that the FAA still has to continue to operate, but we are not going to raise it so much.

Our national debt is out of control, and it is this mindless, rapid growth of spending in Washington that has put our Nation on the brink of catastrophe.

Moreover, this massive increase in funding is not resulting in a safer or more efficient FAA mission. That is their mission: safety, more efficiency. It instead represents a significant misallocation of resources to woke and green missions at the expense of safety and financial sanity.

We must reorient the FAA back to its original mission and ensure the funding we provide to them is appropriate to meet the moment while not wasting taxpayer resources.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chairman, I claim the time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. Mr. Chair, I rise in opposition to this amendment which would slash funding authorization levels for the Airport Improvement Program, the AIP, FAA operations and maintenance, and research and development efforts.

The Transportation and Infrastructure Committee overwhelmingly agreed that AIP funding must be increased to $4 billion annually in order to fund critical programs across the FAA and invest in our aviation industry.

This amendment would slash that funding level and impede the full funding of grants and projects to address the pressing infrastructure needs of airports across the country.

It would also significantly decrease FAA operations and maintenance funding, which jeopardizes the effectiveness of the agency amidst growing demands placed upon the aviation industry.

Finally, this amendment cuts agreed-upon funding for the FAA's research and development activities on aircraft safety, on environmental impact mitigation, on airport infrastructure, and on human factors and new airspace entrants, among other important issues.

Cutting this critical funding would undermine U.S. aerospace innovation and our relationship in the global sector. Moreover, it would put public safety at risk.

For those reasons, I oppose the amendment, and I urge my colleagues to do the same.

Mr. Chair, I reserve the balance of my time.

Mr. PERRY. Mr. Chair, I thank the gentleman from the other side of the aisle, but I want to clarify. It is not a cut. We are actually increasing the spend; just not as much.

Now, I know in Washington, oh, my goodness, who knew the request was up to $4 billion? I imagine they would take more than $4 billion if we gave it to them.

We are broke. Hello, America. Wake up, everybody. I have a news flash for you. We don't have anymore money. We are borrowing money to pay the bills. We are borrowing money to pay for things that we can't afford. That is what we are trying to fix here.

If you want to save some money somewhere else and spend it here, I am all ears. Let's talk about it. Something has to give. These people can't afford any more. They are not getting more out of this.

I have been in the room. I used to sit on appropriations in the State House. I know how it goes. Well, we spent this much this year or last year. We are just going to add some more this year.

Nobody goes through line by line and says, oh, well, this costs this much more because concrete costs X and labor costs Y. Nobody does that. They just add money to it.

It is all arbitrary, and we know it. Everybody in this place knows it. That is why we should spend less because we don't have the money to spend.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, if we have the money to shore up our nuclear defense capability, more and more nuclear weapons, we certainly have the ability to keep these people up here safe as they fly in and out of Washington, D.C.

Our families, businesspeople, the flying public deserves Congress to fully fund what the consensus has arrived at.

This is what Americans want us to do. They want us to arrive at a consensus. This FAA reauthorization bill is a bipartisan effort, and all of the figures were arrived at in a bipartisan way, and we present this to the American people for their protection and for their safety.

I agree that there may be cuts that may be necessary, but not to this particular program. I respectfully disagree with my friend on the other side of the aisle, and I will ask my colleagues to join me in being opposed to this amendment.

Mr. Chair, I reserve the balance of my time.

Mr. PERRY. Mr. Chair, may I inquire as to how much time is remaining.

The Acting CHAIR. The gentleman from Pennsylvania has 1¾ minutes remaining.

Mr. PERRY. Mr. Chairman, since my good friend brought it up, it was a bipartisan agreement. So the world knows that it was a bipartisan agreement here, known in Congress as what is called a four-corners deal: two on their side, two on our side.

There are 435 Members of Congress. I wasn't involved. I wasn't one of the four. You weren't one of the four. Nobody else here was one of the four.

They decided to spend all these billions of dollars. They didn't come to me and say, well, we need this much for concrete and this much for research, because they decided, and this is what is in the bill. Heaven forbid anybody challenge it.

Mr. Chair, we do not have the money. We should reduce the authorization. It is still an increase, just not as much, and it recognizes the fact that our country is broke.

Mr. Chair, I yield back the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I thank you for the indulgence here. The fact is, we have the money, and we need to spend this money to promote the public welfare and the public safety. That is what we are doing with this expenditure, with this authorization for that expenditure, and I ask my colleagues to join me in supporting public safety and the safety of the flying public.

We have the best aviation system in the world. We need to keep it that way. We have to invest in it. That is what this is all about. We don't need to divest and put our public at risk.

Mr. Chair, I ask that my colleagues vote to oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Pennsylvania (Mr. PERRY).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of Georgia. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Pennsylvania will be postponed.

AMENDMENT NO. 75 OFFERED BY MR. PERRY

The Acting CHAIR. It is now in order to consider amendment No. 75 printed in part A of House Report 118–147.

Mr. PERRY. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 257, strike lines 11 and 12 and insert the following (and adjust the margin of the subsequent text accordingly):

''(9) 'heliport' means an area of land, water, or

Page 257, line 15, strike ''and'' and insert closing quotation marks and a semicolon.

Page 257, strike line 16.

The Acting CHAIR. Pursuant to House Resolution 597, the gentleman from Pennsylvania (Mr. PERRY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Pennsylvania.

Mr. PERRY. Mr. Chairman, this amendment strikes the word ''vertiport'' from the definition of ''heliport'' for the purposes of AIP funding, the same funding that the gentleman on the other side of the aisle just mentioned that we need so much of.

As a helicopter pilot, I am very interested in the funding for heliports, but vertiports are going to use some of that funding; meanwhile, not paying anything in.

Let me tell you, Mr. Chair. Vertiports exist for the purpose of advanced air mobility and electric vertical takeoff and landing or eVTOL vehicles, which only exist in prototype and other nascent stages.

Mr. Chair, eVTOL is so immature in its development that there is a reality index that actually exists—an Advanced Air Mobility Reality Index.

The reality index ranks companies and essentially determines whether there is a reality that these things are ever going to even come to the market, be produced, and be viable. Is that something we should be investing in?

These are ranked and combined to describe the likelihood of the aircraft certification and production on scale. Again, this is a ranking of the likelihood that these things even get produced, much less used.

Furthermore, if these vehicles become the norm, Jetson style like their proponents envision, allowing AAM vehicles to receive the benefits of the Airport and Airway Trust Fund without paying into it, evokes the same debate we are currently having about the government-mandated transition to electric automobiles which don't pay into the highway fund. They don't pay in, but they use it.

The same thing here. These vehicles want to use it, but they don't want to pay into it. They are robbing from everybody else that has to use it that actually currently exists and are used.

I haven't even gotten into the drawbacks of the potential vehicles, but how about being concerned about adequate storage for hazardous materials to respond to lithium and other critical mineral-related fires?

The fires are challenging enough for firefighters to address on the ground or at sea, let alone having them occur between skyscrapers.

If you wonder, do these fires actually exist, you can just search the internet. It is widely known. You can see the electric vehicles burning at the charger, burning people's garages, burning and burning and burning. There is a problem because they are unstable.

If you want to get in the air and fly in one of these things, God bless you, but your money is going to be transferred to deal with these things that don't pay into the fund. They don't pay anything in, yet they are going to draw money out.

This system works when the users pay into it. That is how it works. Otherwise, these folks up here are going to have to pay extra because there is not going to be enough money in the fund to pay for all of it.

Mr. Chair, I reserve the balance of my time.

Mr. JOHNSON of Georgia. Mr. Chair, I claim time in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOHNSON of Georgia. Mr. Chair, I speak in opposition to the amendment. My friend on the other side is well intentioned on this. However, we may be putting the cart before the horse.

This bill would strike the requirement in the underlying bill for the FAA to update the definitions in regulation to classify vertiports as a subset of heliports.

The term ''vertiport'' is already being used in the advanced air mobility, AAM, industry to describe points at which these advanced aircraft can safely take off and land.

□ 1715

The updated definition in the underlying bill will help to create a unified system for vertical aviation infrastructure, including for electric aircraft, and provides necessary regulatory certainty for this emerging sector to grow in the United States and also sets the stage for the assessment of revenue by which we can continue to keep the system upgraded and available for all, including these aircraft that will use the vertiport.

This is about planning for the future, laying in the regulatory groundwork for the future. For the reason that we need to do this, I oppose this amendment, and I encourage my colleagues to do the same.

Mr. Chair, I reserve the balance of my time.

Mr. PERRY. Mr. Chairman, I thank the gentleman for the clarification, and I marvel at the fact that we can include the definition and the term in preparation for something that right now doesn't really exist practically. It is in people's minds, and it is on a computer. There are prototypes out there.

We can do that, but we can't find any way to charge and make sure they are paying their fair share into the fund that they are going to use the infrastructure of, right? The infrastructure is created by the fund, and they are going to use it, but they ain't going to pay. We can't figure that out, but we sure can make sure that they have access to everything else that everyone is paying for.

Ladies and gentlemen, in Washington, D.C., this is how things go awry. This is how you go broke. This is how you can't afford things that you need to do, like pay for your highways, filled now with electric vehicles that are not paying into the system, paying nothing for the roads that they are on, weighing thousands of pounds in excess of most of the regular cars that are using the road now and are paying the fee.

Do you know what we are going to do because we are so brilliant and because that is working so well? We are going to double down and do it in the air, as well. That is awesome.

It is not awesome, ladies and gentlemen. Do you know what else is not awesome? Most of the materials sourced in this stuff come from the Communist Chinese, made by slave labor, whether it is the actual slave labor in concentration camps in east Turkistan or whether it is the child slave labor in the Congo feeding the Chinese machine, feeding the machine here so we can virtue signal that we are doing everything clean, that we are electrified and are not going to charge anybody for it. Somebody is going to pay.

Mr. Chairman, I urge adoption of the amendment, and I yield back the balance of my time.

The Acting CHAIR. Members are reminded to direct their remarks to the Chair.

Mr. JOHNSON of Georgia. Mr. Chairman, sometimes we do need to raise revenue, and I look forward to supporting any proposals that my friend on the other side would propose, out of fairness, I think. I mean, no one segment should be able to get a free ride, so I would appreciate that.

The fact of the matter is that most of my friends on the other side of the aisle have already signed on to the Grover Norquist no new tax pledge, so for years, they have neglected to raise revenues where appropriate, and they will continue to abide by the pledge that they have given.

So far, I don't see any yield in that trajectory, but the fact is we are going to have to raise some revenue as we move forward, and I look forward to working with the gentleman in that endeavor.

Mr. Chair, I ask my colleagues to oppose this amendment, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Pennsylvania (Mr. PERRY).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. JOHNSON of Georgia. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Pennsylvania will be postponed.

Mr. PERRY. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. GRAVES of Missouri) having assumed the chair, Mr. FLOOD, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3935) to amend title 49, United States Code, to reauthorize and improve the Federal Aviation Administration and other civil

aviation programs, and for other purposes, had come to no resolution thereon.

CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO TRANSNATIONAL CRIMINAL ORGANIZATIONS—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 118–56)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant transnational criminal organizations that was declared in Executive Order 13581 of July 24, 2011, under which additional steps were taken in Executive Order 13863 of March 15, 2019, is to continue in effect beyond July 24, 2023.

The activities of significant transnational criminal organizations have reached such scope and gravity that they threaten the stability of international political and economic systems. Such organizations are becoming increasingly sophisticated and dangerous to the United States; they are increasingly entrenched in the operations of foreign governments and the international financial system, thereby weakening democratic institutions, degrading the rule of law, and undermining economic markets. These organizations facilitate and aggravate violent civil conflicts and increasingly facilitate the activities of other dangerous persons.

Significant transnational criminal organizations continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to significant transnational criminal organizations declared in Executive Order 13581.

JOSEPH R. BIDEN, Jr.,
THE WHITE HOUSE, *July 19, 2023.*

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess subject to the call of the Chair.

Accordingly (at 5 o'clock and 23 minutes p.m.), the House stood in recess.

□ 2100

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. SESSIONS) at 9 p.m.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Proceedings will resume on questions previously postponed.

Votes will be taken in the following order:

The motion to recommit on H.R. 3941; and

Passage of H.R. 3941, if ordered.

The first electronic vote will be conducted as a 15-minute vote. Pursuant to clause 9 of rule XX, the remaining electronic vote will be conducted as a 5-minute vote.

SCHOOLS NOT SHELTERS ACT

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the unfinished business is the vote on the motion to recommit on the bill (H.R. 3941) to prohibit the use of the facilities of a public elementary school, a public secondary school, or an institution of higher education to provide shelter for aliens who have not been admitted into the United States, and for other purposes, offered by the gentleman from New Mexico (Mr. VASQUEZ), on which the yeas and nays were ordered.

The Clerk will redesignate the motion.

The Clerk redesignated the motion.

The SPEAKER pro tempore. The question is on the motion to recommit.

The vote was taken by electronic device, and there were—yeas 200, nays 212, not voting 22, as follows:

[Roll No. 339]

YEAS—200

□ 2120

Messrs. GOSAR, McHENRY, and SMUCKER changed their vote from ''yea'' to ''nay.''

Mr. CUELLAR, Mrs. DINGELL, Ms. WEXTON, Messrs. CARSON, CASAR, MFUME, and DOGGETT changed their vote from ''nay'' to ''yea.''

So the motion to recommit was rejected.

The result of the vote was announced as above recorded.

Stated for:

Ms. DELAURO. Mr. Speaker, had I been present, I would have voted "yea" on rollcall No. 339.

The SPEAKER pro tempore. The question is on the passage of the bill.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Ms. FOXX. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 222, nays 201, not voting 11, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. D'ESPOSITO) (during the vote). There are 2 minutes remaining.

□ 2126

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. CAREY. Mr. Speaker, had I been present, I would have voted "yea" on rollcall No. 340.

Stated against:

Ms. MANNING. Mr. Speaker, I was not recorded on rollcall No. 340. Had I been recorded, I would have voted "nay" on rollcall No. 340.

SECURING GROWTH AND ROBUST LEADERSHIP IN AMERICAN AVIATION ACT

The SPEAKER pro tempore. Pursuant to House Resolution 597 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 3935.

Will the gentleman from Texas (Mr. SESSIONS) kindly take the chair.

□ 2131

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 3935) to amend title 49, United States Code, to reauthorize and improve the Federal Aviation Administration and other civil aviation programs, and for other purposes, with Mr. SESSIONS (Acting Chair) in the chair.

The Clerk read the title of the bill.

The Acting CHAIR. When the Committee of the Whole rose earlier today, a request for a recorded vote on amendment No. 75 printed in part A of House Report 118–147 offered by the gentleman from Pennsylvania (Mr. PERRY) had been postponed.

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, proceedings will now resume on those amendments printed in part A of House Report 118–147 on which further proceedings were postponed, in the following order:

Amendment No. 10 by Mr. LANGWORTHY of New York;

Amendment No. 27 by Mr. FEENSTRA of Iowa;

Amendment No. 29 by Mr. FITZPATRICK of Pennsylvania;

Amendment No. 33 by Mr. GOSAR of Arizona;

Amendment No. 35 by Mrs. MILLER of Illinois;

Amendment No. 36 by Mrs. MILLER of Illinois;

Amendment No. 44 by Mr. HUIZENGA of Michigan;

Amendment No. 47 by Mr. ISSA of California;

Amendment No. 48 by Mr. JACKSON of Texas;

Amendment No. 50 by Mr. KEAN of New Jersey;

Amendment No. 62 by Mr. MCCLINTOCK of California;

Amendment No. 64 by Mrs. MILLER of Illinois;

Amendment No. 65 by Mrs. MILLER of Illinois;

Amendment No. 68 by Mr. OBERNOLTE of California;

Amendment No. 69 by Mr. OGLES of Tennessee;

Amendment No. 70 by Mr. OGLES of Tennessee;

Amendment No. 71 by Mr. OWENS of Utah;

Amendment No. 73 by Mr. PERRY of Pennsylvania;

Amendment No. 74 by Mr. PERRY of Pennsylvania; and

Amendment No. 75 by Mr. PERRY of Pennsylvania.

The Chair will reduce to 2 minutes the minimum time for any electronic vote after the first vote in this series.

AMENDMENT NO. 10 OFFERED BY MR. LANGWORTHY

The Acting CHAIR. The unfinished business is the demand for a recorded vote on amendment No. 10, printed in part A of House Report 118–147 offered by the gentleman from New York (Mr. LANGWORTHY), on which further proceedings were postponed and on which the noes prevailed by voice vote.

The Clerk will redesignate the amendment.

The Clerk redesignated the amendment.

RECORDED VOTE

The Acting CHAIR. A recorded vote has been demanded.

A recorded vote was ordered.

The Acting CHAIR. This is a 2-minute vote.

The vote was taken by electronic device, and there were—ayes 243, noes 191, not voting 6, as follows:

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (during the vote). There is 1 minute remaining.

□ 2232

So the amendment was rejected.

The result of the vote was announced as above recorded.

Stated for:

Mr. BAIRD. Madam Chair, had I been present, I would have voted "aye" on rollcall No. 357.

Mrs. McBATH. Madam Chair, during rollcall Vote number 357 on H.R. 3935, I mistakenly recorded my vote as "no" when I should have voted "aye."

AMENDMENT NO. 73 OFFERED BY MR. PERRY

The Acting CHAIR. The unfinished business is the demand for a recorded vote on amendment No. 73, printed in part A of House Report 118–147 offered by the gentleman from Pennsylvania (Mr. PERRY), on which further proceedings were postponed and on which the ayes prevailed by voice vote.

The Clerk will redesignate the amendment.

The Clerk redesignated the amendment.

RECORDED VOTE

The Acting CHAIR. A recorded vote has been demanded.

A recorded vote was ordered.

The Acting CHAIR. This is a 2-minute vote.

The vote was taken by electronic device, and there were—ayes 127, noes 308, not voting 5, as follows:

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (during the vote). There is 1 minute remaining.

□ 2242

So the amendment was rejected.

The result of the vote was announced as above recorded.

Mr. GRAVES of Missouri. Madam Chair, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. CARTER of Georgia) having assumed the chair, Mrs. CAMMACK, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3935) to amend title 49, United States Code, to reauthorize and improve the Federal Aviation Administration and other civil aviation programs, and for other purposes, had come to no resolution thereon.

HOUR OF MEETING ON TOMORROW

Mr. ROSE. Madam Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 9 a.m. tomorrow.

The SPEAKER pro tempore (Mrs. CAMMACK). Is there objection to the request of the gentleman from Tennessee?

There was no objection.

□ 2250

NATIONAL ICE CREAM MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to recognize the month of July as National Ice Cream Month and celebrate America's favorite frozen dairy treat.

As the weather gets hotter and the days get longer, there truly is nothing like a bowl of sweet, smooth ice cream to help turn down the heat. Dedicated in the United States by the late President Ronald Reagan, National Ice Cream Month serves to boost spirits and cool temperatures, especially on a day as warm as this one.

Not just a staple of the American diet, American ice cream also boosts local communities. Keep an eye out for the more than half of ice cream shops in the United States that are family owned and have been in operation for more than 50 years.

Madam Speaker, you can support local scoop shops the entire month throughout the summer. Enjoy the sweetest month of the year by supporting local businesses and industry.

SANCTUARY CITY POLICIES

(Mr. LANGWORTHY asked and was given permission to address the House for 1 minute.)

Mr. LANGWORTHY. Madam Speaker, tonight we passed H.R. 3941, the Schools Not Shelters Act, sponsored by my friend and colleague from New York, Representative MARC MOLINARO.

Unfortunately, this legislation is a necessary response to President Biden's border crisis, which has been made worse by the sanctuary city policies of New York Democrats.

We are seeing illegal immigration spill into communities across the State, including in my district in western New York.

When Mayor Eric Adams and Governor Kathy Hochul announced their plan to take over campuses across the State and turn them into migrant housing, it struck many parents, including me, as an insult. Our investment of billions of taxpayer dollars for award-winning schools like our SUNY campuses is thrown away to become migrant camps.

The Schools Not Shelters Act sends a clear message that our Nation values the education and well-being of our children above all else.

Madam Speaker, I urge my colleagues in the Senate to support this measure to put our children first.

FAA REAUTHORIZATION

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Madam Speaker, the Securing Growth and Robust Leadership in American Aviation Act will impact anyone boarding a plane in the United States.

The bill improves runway safety, enhances cybersecurity, and upgrades the all-important air traffic control system. It also works to address staffing

shortages facing the airlines, the FAA, and the NTSB.

House Republicans have crafted an FAA authorization bill of substance, one that makes critical improvements in aviation and promotes oversight over the agencies regulating the industry, and we will see even more oversight if my amendment is passed. It requires the Government Accountability Office to issue a report explaining what caused the thousands of flight cancellations around the July Fourth holiday.

Madam Speaker, you won't find many existing diversity and inclusion programs in this legislation, but you will find policies that make the skies safer for all passengers no matter their race or their background.

IMMIGRATION

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOYCE of Pennsylvania. Madam Speaker, today President Biden's Department of Homeland Security announced that they did not know the location of nearly 40 percent of illegal immigrants who have entered our Nation.

The failed catch-and-release policies that have been championed for the past 2 years have led to the chaos and the confusion that has made each and every State a border State.

Since Joe Biden took office, there have been more than 5.5 million illegal crossings at our southern border, and now liberal-run cities are attempting to use our schools as shelters for illegal immigrants.

These policies have only worsened the situation, and it is time for his administration to return to solutions that will address this crisis.

It is time to reinstate title 42, it is time to stop using our schools to house illegal immigrants, and it is time to fully secure our border.

REMEMBERING BOBBY ''BLUE'' SMITH

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today in remembrance of Bobby ''Blue'' Smith.

On Thursday, June 22, 2023, Ware County lost not only a beloved member of their community but also a brave hero.

Bobby ''Blue'' Smith was born on July 12, 1998, in Waycross, Georgia, to Bobby Green Smith and Crystal Blue Freeman. After he graduated from Pierce County High School in 2017, he began working for the Ware County Fire Department as well as Hodges Plumbing and Walker's Lawn Care.

Blue was a light in his community. He was a follower of Christ who took every opportunity to love and uplift his family and friends as well as strangers.

He enjoyed fishing, hunting, and spending quality time with his family, and he never missed an opportunity to ride buggies at Fat Daddy's ATV Park.

Blue bravely served his community for years, and he will be deeply missed by everyone who was blessed enough to know and love him.

He is survived by his parents and siblings along with many other relatives and friends who loved him dearly.

ILLEGAL ALIENS HOUSED IN SCHOOLS

(Mr. CLINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLINE. Madam Speaker, the Biden administration's radical open border policies have turned every community into a border community.

Since President Biden took office, CBP officials have encountered a record high of 5.5 million illegal immigrants at the southern border, and nearly 2 million of those have been released into our Nation.

Unfortunately, to deal with this crisis, liberal cities such as New York City are planning to house migrants in public schools—setting a dangerous precedent. This brings an unnecessary problem that administrators are simply not equipped to handle, nor should they have to.

That is unacceptable, which is why I am proud to join my colleagues in passing the Schools Not Shelters Act. This legislation would ban the use of taxpayer-funded schools as shelters for illegal migrants.

America's schools should be focused on providing the best opportunities for students, not be forced to deal with the repercussions of President Biden's failure to secure the border.

IRS WHISTLEBLOWERS

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Madam Speaker, today the House Committee on Oversight and Accountability heard the testimony of two IRS whistleblowers who revealed how the Department of Justice interfered in the investigation of the foreign business dealings of the Biden family. During this oversight hearing, we learned that Hunter Biden received money from China and other countries.

Today's hearing made it apparent that there are two sets of rules in this country, one for the Biden family and another for the rest of us. If people in my district did even a small amount of what Hunter Biden did, they would have to serve time in jail. Instead of receiving full accountability from our Justice Department, the two IRS whistleblowers confirmed that the Attorney General was not impartial in its investigation.

Further, they revealed that President Biden not only knew about Hunter Biden's corrupt foreign business deals, but he was in the room for the deals.

Hunter Biden, with the full knowledge and participation of then-Vice President Biden, leveraged his family name during these shady business deals, which is absolutely an abuse of power and not an appropriate use of the Office of the Vice President.

If the Department of Justice will not do its job and complete a thorough investigation, then it is up to Congress to employ the accountability needed. Iowans want to have full faith in our criminal justice system, and that starts with an equal application of the law.

Madam Speaker, I wish a happy birthday to my brother-in-law, Ralph Martino.

Happy birthday, Ralph.

AMERICAN SCHOOLS ARE FOR AMERICAN STUDENTS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, it ought to be obvious that American schools are for American students. This should not be a controversial statement, yet in the last few months, cities such as New York and Chicago, for example, and across the U.S. are using schools as shelters for illegal immigrants.

All of this is the result of the Biden administration's failed border policies that have turned every State into a border State, regardless if they are actually near the border.

The policies have only further encouraged more illegal immigration because of the promise of illegal immigrants being allowed to remain in our country with proper process and cushy food and housing. The tab of all of this is being picked up by the American taxpayer.

The recent expansion of these programs into schools is an insult to the reason public schools even exist, to provide a free education that teaches kids the necessary skills to lead a successful life, all of which stand to be disrupted by illegal immigrants being housed in their school gyms and classrooms taking up the resources that rightly belong to American students.

This is why we need the Schools Not Shelters Act introduced by Mr. MOLINARO from New York.

We can't guarantee who are even coming into these shelters or if the information we have on them is at all accurate, and we certainly can't promise parents that there will be no harm to their kids.

A controlled border solves these issues, and the Schools Not Shelters Act is a very important key to starting on that.

SENATE ENROLLED BILL SIGNED

The Speaker announced his signature to an enrolled bill of the Senate of the following title:

S. 111.—An Act to require each agency, in providing notice of a rulemaking, to include a link to a 100-word plain language summary of the proposed rule.

ADJOURNMENT

Mr. LAMALFA. Madam Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 11 p.m.), under its previous order, the House adjourned until tomorrow, Thursday, July 20, 2023, at 9 a.m.

EXECUTIVE COMMUNICATIONS, ETC.

Under clause 2 of rule XIV, executive communications were taken from the Speaker's table and referred as follows:

EC–1413. A letter from the Under Secretary, Acquisition and Sustainment, Department of Defense, transmitting a Determination and Explanation Concerning the Cost of Complying with the Requirements of 10 U.S.C. Sec. 4377(a)(2), (3) and (5), pursuant to 10 U.S.C. 4376(b)(1); Added by Public Law 116-283, div. A, title XVIII, Sec. 1850(a); (134 Stat. 4265); to the Committee on Armed Services.

EC–1414. A letter from the Director, Office of Worker's Compensation Programs, Department of Labor, transmitting the Department's Annual Report to Congress on the FY 2021 operations of the Office of Workers' Compensation Program, pursuant to 30 U.S.C. 936(b); Public Law 91-173, Sec. 426(b) (as amended by Public Law 107-275, Sec. 2(b)(4)); (116 Stat. 1926) and 33 U.S.C. 942; Mar. 4, 1927, ch. 509, Sec. 42 (as amended by Public Law 104-66, Sec. 1102(b)(1)); (109 Stat. 722); to the Committee on Education and the Workforce.

EC–1415. A letter from the Assistant Secretary, Bureau of Legislative Affairs, Department of State, transmitting a Determination Under Section 506(a)(1) of the Foreign Assistance Act of 1961 to Provide Military Assistance to Ukraine; to the Committee on Foreign Affairs.

EC–1416. A letter from the Assistant Secretary, Bureau of Legislative Affairs, Department of State, transmitting a Memorandum of Justification for the drawdown of defense articles and services and military education and training under section 506(a)(1) of the Foreign Assistance Act of 1961 to provide immediate military assistance to Ukraine; to the Committee on Foreign Affairs.

EC–1417. A letter from the Deputy Inspector General for Adult Services, Office of Inspector General, Department of Health and Human Services, transmitting the final report, ''Department of Health and Human Services Met Many Requirements, but It Did Not Fully Comply With the Payment Integrity Information Act of 2019 and Applicable Improper Payment Guidance for Fiscal Year 2022''; to the Committee on Oversight and Accountability.

EC–1418. A letter from the Senior Attorney Advisor, Regulations Officer, Federal Highway Administration, Department of Transportation, transmitting the Department's notice — Waiver of Buy America Requirements for Electric Vehicle Chargers [Docket No.: 2022-0023] received July 3, 2023, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

EC–1419. A letter from the Assistant Secretary for Legislation, Department of Health and Human Service, transmitting a report on the drug-free workplace plans of the Defense Commissary Agency, pursuant to 5 U.S.C. 7301 note; Public Law 100-71, Sec. 503(a)(1)(B) (as amended by Public Law 102-54, Sec. 13(b)(6)); (105 Stat. 274); jointly to the Committees on Appropriations and Oversight and Accountability.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. GREEN of Tennessee: Committee on Homeland Security. H.R. 1501. A bill to prohibit the Secretary of Homeland Security from operating or procuring certain foreign-made unmanned aircraft systems, and for other purposes, with an amendment (Rept. 118–151). Referred to the Committee of the Whole House on the state of the Union.

Mr. GREEN of Tennessee: Committee on Homeland Security. H.R. 3254. A bill to amend the Homeland Security Act of 2002 to establish a process to review applications for certain grants to purchase equipment or systems that do not meet or exceed any applicable national voluntary consensus standards, and for other purposes (Rept. 118–152). Referred to the Committee of the Whole House on the state of the Union.

Mr. GREEN of Tennessee: Committee on Homeland Security. H.R. 4470. A bill to extend the authorization of the Chemical Facility Anti-Terrorism Standards Program of the Department of Homeland Security; with an amendment (Rept. 118–153 Pt. 1). Referred to the Committee of the Whole House on the state of the Union.

DISCHARGE OF COMMITTEE

Pursuant to clause 2 of rule XIII, the Committee on Energy and Commerce discharged from further consideration H.R. 4470, referred to the Committee of the Whole House on the state of the Union.

PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions of the following titles were introduced and severally referred, as follows:

By Mr. MCCAUL (for himself, Mrs. KIM of California, Mr. KEAN of New Jersey, and Mr. HUIZENGA):

H.R. 4725. A bill to conduct oversight and accountability of the State Department's implementation of AUKUS, and for other purposes; to the Committee on Foreign Affairs.

By Mr. MASSIE (for himself, Mr. BIGGS, Mrs. BOEBERT, Mr. BRECHEEN, Mr. BURLISON, Mr. CLOUD, Mr. DAVIDSON, Mr. DONALDS, Mr. GAETZ, Mr. GOOD of Virginia, Ms. GREENE of Georgia, Mrs. HARSHBARGER, Mrs. LUNA, Mrs. MILLER of Illinois, Mr. MOORE of Alabama, Mr. POSEY, Mr. ROY, Ms. SALAZAR, Mrs. SPARTZ, Mr. MCCORMICK, and Mr. GOSAR):

H.R. 4726. A bill to terminate the COVID-19 vaccination requirement for aliens, and for other purposes; to the Committee on the Judiciary, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. BRECHEEN (for himself, Mr. ROSENDALE, Mr. HERN, Mr. MCCLINTOCK, Mr. WEBER of Texas, Mr. DUNCAN, Mr. GROTHMAN, Mr. BURLISON, Mrs. HARSHBARGER, Mr. SESSIONS, Mr. BIGGS, Mr. NORMAN, and Mr. GOSAR):

H.R. 4727. A bill to exclude certain individuals subject to certain deferred action from eligibility for health plans offered on the Exchanges, advance payments of the premium tax credit, cost-sharing reductions, a Basic Health Program, and for Medicaid and the Children's Health Insurance Programs, and for other purposes; to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CLEAVER (for himself, Mr. JOHNSON of Georgia, Mr. CARTER of Louisiana, Mr. CÁRDENAS, Ms. LEE of California, Ms. WILSON of Florida, Ms. CROCKETT, Mr. CARSON, Ms. KAMLAGER-DOVE, Mr. FROST, Mr. IVEY, and Mrs. FOUSHEE):

H.R. 4728. A bill to amend title 49, United States Code, to provide for free public transportation for individuals who are recently released from incarceration; to the Committee on Transportation and Infrastructure.

By Mr. CONNOLLY (for himself, Mr. MCCAUL, Mr. MEEKS, Mr. BARR, Mr. BERA, Mr. RESCHENTHALER, Mr. GALLEGO, Mrs. WAGNER, Mr. STANTON, Mr. CURTIS, Mrs. KIM of California, and Mr. FALLON):

H.R. 4729. A bill to authorize negotiation and conclusion and to provide for congressional consideration of a tax agreement between the American Institute in Taiwan (AIT) and the Taipei Economic and Cultural Representative Office (TECRO); to the Committee on Ways and Means, and in addition to the Committee on Rules, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. DAVIS of Illinois:

H.R. 4730. A bill to provide grants for the conduct of demonstration projects designed to provide education and training for eligible individuals with an arrest or conviction record to enter and follow a career pathway in the health professions through occupations that are expected to experience a labor shortage or be in high demand, under the health profession opportunity grant program under section 2008 of the Social Security Act; to the Committee on Ways and Means.

By Ms. DELAURO (for herself, Mr. CLEAVER, Ms. JACOBS, Ms. CHU, Ms. MENG, Mr. CONNOLLY, Mr. POCAN, Ms. PINGREE, Ms. ROSS, and Mr. NADLER):

H.R. 4731. A bill to require health insurance coverage for the treatment of infertility; to the Committee on Energy and Commerce, and in addition to the Committees on Education and the Workforce, Ways and Means, Oversight and Accountability, Veterans' Affairs, and Armed Services, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. DOGGETT:

H.R. 4732. A bill to ensure that health professions opportunity demonstration projects train project participants to earn a recognized postsecondary credential, and to clarify that community colleges are eligible for

grants to conduct such a demonstration project; to the Committee on Ways and Means.

By Ms. ESHOO (for herself, Mr. THOMPSON of California, Mr. KHANNA, Mr. MORELLE, Mrs. NAPOLITANO, Mr. DESAULNIER, Ms. MATSUI, Ms. TITUS, and Mr. ROBERT GARCIA of California):

H.R. 4733. A bill to amend the Clean Air Act to establish a grant program for supporting local communities in detecting, preparing for, communicating about, or mitigating the environmental and public health impacts of wildfire smoke and extreme heat, and for other purposes; to the Committee on Energy and Commerce, and in addition to the Committee on Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. EVANS:

H.R. 4734. A bill to require preference to be given to applicants for health profession opportunity grants under section 2008 of the Social Security Act who have certain kinds of business and community partners; to the Committee on Ways and Means.

By Mr. EVANS:

H.R. 4735. A bill to provide for the use of peer support, peer mentoring, and career coaching in demonstration projects conducted under the health profession opportunity grant program under section 2008 of the Social Security Act; to the Committee on Ways and Means.

By Mrs. FISCHBACH (for herself, Mr. DAVIS of North Carolina, Mr. FINSTAD, and Ms. CARAVEO):

H.R. 4736. A bill to amend the Consolidated Farm and Rural Development Act to provide support for facilities providing healthcare, education, child care, public safety, and other vital services in rural areas; to the Committee on Agriculture.

By Mr. FLOOD:

H.R. 4737. A bill to require Federal banking regulators to report on the implementation of recommendations from the FSOC Chairperson and Executive Orders, and for other purposes; to the Committee on Financial Services.

By Mr. GOOD of Virginia (for himself, Mr. ROSENDALE, Mr. PERRY, Mr. DONALDS, Mrs. MILLER of Illinois, Mr. WEBER of Texas, Mr. JACKSON of Texas, Mr. CLOUD, Mr. OGLES, Mr. BURLISON, Mr. MOORE of Alabama, and Mr. LAMALFA):

H.R. 4738. A bill to repeal the Federal Motor Carrier Safety Administration's rule titled ''Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators''; to the Committee on Transportation and Infrastructure.

By Mr. HUIZENGA (for himself and Mr. PANETTA):

H.R. 4739. A bill to amend the Agricultural Act of 2014 with respect to the tree assistance program, and for other purposes; to the Committee on Agriculture.

By Ms. JAYAPAL (for herself, Mr. MCCLINTOCK, Mr. GARAMENDI, Mr. DAVIDSON, and Mr. MOULTON):

H.R. 4740. A bill to streamline the budget process at the Department of Defense, and for other purposes; to the Committee on Armed Services.

By Ms. MANNING (for herself and Mrs. KIM of California):

H.R. 4741. A bill to require the development of a strategy to promote the use of secure telecommunications infrastructure worldwide, and for other purposes; to the Committee on Foreign Affairs.

By Mrs. MCCLAIN (for herself and Mr. ISSA):

H.R. 4742. A bill to prohibit the Secretary of Education, the Secretary of the Treasury, and the Attorney General from cancelling student loans, or changing any other terms or conditions on such loans, except as expressly authorized by an Act of Congress enacted after the date of enactment of this Act; to the Committee on Education and the Workforce, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. MFUME (for himself, Mr. GOTTHEIMER, Mr. FITZPATRICK, Mr. TRONE, Ms. SALAZAR, Mr. KIM of New Jersey, Mr. BUCHANAN, and Ms. PORTER):

H.R. 4743. A bill to require creditors to establish a phone line to assist obligors who are 50 years of age and older to resolve billing errors, and for other purposes; to the Committee on Financial Services.

By Mrs. MILLER-MEEKS:

H.R. 4744. A bill to establish a minimum temperature for thermostats at the headquarters of the Department of Energy and the Environmental Protection Agency, and for other purposes; to the Committee on Energy and Commerce.

By Mr. MOLINARO (for himself, Ms. CROCKETT, Ms. SALINAS, Ms. CARAVEO, Mr. SORENSEN, Ms. BUDZINSKI, Mr. COSTA, Ms. CRAIG, Mr. DAVIS of North Carolina, Mr. DUARTE, Mr. NUNN of Iowa, Mr. BACON, Mr. LAWLER, Mr. VAN ORDEN, and Mrs. HAYES):

H.R. 4745. A bill to amend the Agriculture and Consumer Protection Act of 1973 to establish a pilot grant program to award grants to facilitate home delivery of commodities under the commodity supplemental food program, and for other purposes; to the Committee on Agriculture.

By Mr. NEGUSE (for himself, Ms. MOORE of Wisconsin, Ms. STANSBURY, Ms. NORTON, and Mr. THOMPSON of California):

H.R. 4746. A bill to provide access to reliable, clean, and drinkable water on Tribal lands, and for other purposes; to the Committee on Natural Resources, and in addition to the Committees on Energy and Commerce, and Agriculture, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. PASCRELL:

H.R. 4747. A bill to guarantee that grants are made under the health profession opportunity grant program under section 2008 of the Social Security Act to grantees in each State that is not a territory, and for other purposes; to the Committee on Ways and Means.

By Mrs. PELTOLA (for herself and Mr. STAUBER):

H.R. 4748. A bill to provide for the recognition of certain Alaska Native communities and the settlement of certain claims under the Alaska Native Claims Settlement Act, and for other purposes; to the Committee on Natural Resources.

By Mr. POCAN (for himself, Mr. GARBARINO, Mr. COLE, and Ms. DAVIDS of Kansas):

H.R. 4749. A bill to reauthorize the Helen Keller National Center Act; to the Committee on Education and the Workforce.

By Mr. RASKIN (for himself, Mrs. KIM of California, Mrs. MCBATH, Mr. JOYCE of Ohio, Ms. MACE, Mr. FITZPATRICK, Ms. ESCOBAR, Mr. HUFFMAN, Mr. POCAN, Ms. DAVIDS of Kansas, Mr. CARSON, Mr. COHEN, Ms. SÁNCHEZ, Ms. MALLIOTAKIS, Mrs. DINGELL, Mr. ALLRED, Mr. SCHIFF, Ms. TITUS, and Mr. MOSKOWITZ):

H.R. 4750. A bill to amend the Bill Emerson Good Samaritan Food Donation Act to provide protection for the good faith donation of pet products, and for other purposes; to the Committee on Education and the Workforce.

By Mr. ROY (for himself, Mrs. MILLER of Illinois, Mr. GOSAR, Ms. MACE, Mr. DONALDS, Mr. PERRY, Mr. WEBER of Texas, Mr. MORAN, Mr. ROSENDALE, Mr. BIGGS, Mr. DUNCAN, Mr. GOOD of Virginia, Mr. WEBSTER of Florida, Mr. TIFFANY, Mrs. BOEBERT, Ms. HAGEMAN, Mr. OGLES, Mr. LANGWORTHY, Mr. MASSIE, Mr. CRENSHAW, Mrs. LUNA, Mr. BEAN of Florida, Mr. POSEY, Mr. TIMMONS, Mr. MOONEY, Mr. BISHOP of North Carolina, and Mr. NORMAN):

H.R. 4751. A bill to prohibit Federal funding for the Special Presidential Envoy for Climate; to the Committee on Foreign Affairs.

By Ms. SÁNCHEZ (for herself, Mr. LAHOOD, Ms. MATSUI, Mr. BILIRAKIS, Ms. BARRAGÁN, Mrs. BEATTY, Mr. FITZPATRICK, Mr. GRIJALVA, Ms. NORTON, Mrs. NAPOLITANO, Mr. POCAN, Ms. SHERRILL, Mr. STANTON, Ms. TITUS, Ms. TLAIB, Mr. VARGAS, and Ms. WATERS):

H.R. 4752. A bill to amend title XVIII of the Social Security Act to provide for certain cognitive impairment detection in the Medicare annual wellness visit and initial preventive physical examination; to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SCHNEIDER:

H.R. 4753. A bill to ensure an evidence-based funding approach to study the effects of health profession opportunity grant demonstration projects, and to evaluate the demonstration projects; to the Committee on Ways and Means.

By Mr. STANTON:

H.R. 4754. A bill to amend the Radiation Exposure Compensation Act to include certain communities, and for other purposes; to the Committee on the Judiciary.

By Ms. STEVENS (for herself and Mr. KEAN of New Jersey):

H.R. 4755. A bill to support research on privacy enhancing technologies and promote responsible data use, and for other purposes; to the Committee on Science, Space, and Technology.

By Ms. TENNEY (for herself and Ms. DELBENE):

H.R. 4756. A bill to provide tax incentives that support local media; to the Committee on Ways and Means.

By Ms. TITUS (for herself and Mr. NEHLS):

H.R. 4757. A bill to amend the Public Health Service Act to prohibit the National Institutes of Health from awarding any support for an activity or program that uses live animals in research unless the research occurs in the United States, and for other purposes; to the Committee on Energy and Commerce.

By Mrs. TRAHAN (for herself and Mrs. MILLER-MEEKS):

H.R. 4758. A bill to amend title XIX of the Social Security Act to streamline enrollment under the Medicaid program of certain providers across State lines, and for other purposes; to the Committee on Energy and Commerce.

By Mr. VARGAS (for himself and Mr. CASTEN):

H.R. 4759. A bill to provide for disclosure of additional material information about public companies, and for other purposes; to the Committee on Financial Services.

By Ms. VELÁZQUEZ (for herself and Mr. TAKANO):

H.R. 4760. A bill to amend the Internal Revenue Code of 1986 to increase excise taxes on fuel used by private jets, and for other purposes; to the Committee on Ways and Means, and in addition to the Committees on Transportation and Infrastructure, and Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. WALBERG:

H.R. 4761. A bill to amend title 49, United States Code, to provide additional safety measures for motor vehicles, and for other purposes; to the Committee on Energy and Commerce.

By Ms. BARRAGÁN (for herself, Mr. ESPAILLAT, Mr. CÁRDENAS, Mr. SOTO, Ms. SALINAS, Mr. CORREA, Mr. COSTA, Ms. ESCOBAR, Mr. FROST, Mr. GALLEGO, Mr. GOMEZ, Mr. GRIJALVA, Mr. LEVIN, Mrs. NAPOLITANO, Ms. OCASIO-CORTEZ, Mr. VARGAS, Ms. VELÁZQUEZ, and Mr. GARCÍA of Illinois):

H. Res. 601. A resolution recognizing the importance of engagement with the Latino community to get into the outdoors and participate in activities to protect United States natural resources, and expressing support for the designation of the third week of July as ''Latino Conservation Week''; to the Committee on Natural Resources.

By Mr. BOWMAN (for himself, Ms. WATERS, and Ms. KAMLAGER-DOVE):

H. Res. 602. A resolution commemorating the 50th anniversary of hip hop and designating August 11, 2023, as ''Hip Hop Celebration Day'', designating August 2023 as ''Hip Hop Recognition Month'', and designating November 2023 as ''Hip Hop History Month''; to the Committee on Education and the Workforce.

By Ms. HOULAHAN (for herself, Mrs. KIM of California, and Ms. KELLY of Illinois):

H. Res. 603. A resolution supporting the ideals of Bump Day, a global day of maternal health awareness, action and advocacy, and reaffirming United States leadership to end preventable maternal deaths in the United States and globally; to the Committee on Energy and Commerce.

CONSTITUTIONAL AUTHORITY AND SINGLE SUBJECT STATEMENTS

Pursuant to clause 7(c)(1) of rule XII and Section 3(c) of H. Res. 5 the following statements are submitted regarding (1) the specific powers granted to Congress in the Constitution to enact the accompanying bill or joint resolution and (2) the single subject of the bill or joint resolution.

By Mr. MCCAUL:

H.R. 4725.

Congress has the power to enact this legislation pursuant to the following:

Article 1, section 8 of the U.S. Constitution

The single subject of this legislation is:

To conduct oversight and accountability of the State Department's implementation of AUKUS.

By Mr. MASSIE:

H.R. 4726.

Congress has the power to enact this legislation pursuant to the following:

Article I Section 8

The single subject of this legislation is:

Immigration

By Mr. BRECHEEN:

H.R. 4727.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8

The single subject of this legislation is:

Prohibiting DACA recipients from obtaining access to Qualified Health Plans under the Affordable Care Act, as well as Medicaid and CHIP services.

By Mr. CLEAVER:

H.R. 4728.

Congress has the power to enact this legislation pursuant to the following:

Article I of the U.S Constitution

The single subject of this legislation is:

Transportation for Reentry

By Mr. CONNOLLY:

H.R. 4729.

Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8

The single subject of this legislation is:

This bill will authorize the the executive to negotiate and conclude a tax agreement with Taiwan.

By Mr. DAVIS of Illinois:

H.R. 4730.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8, Clause 18 of the Constitution: To make all laws which shall be necessary and proper for carrying into Execution the powers enumerated under section 8 and all other Powers vested by the Constitution in the Government of the United States, or in any Department or Officer thereof.

The single subject of this legislation is:

Workforce

By Ms. DELAURO:

H.R. 4731.

Congress has the power to enact this legislation pursuant to the following:

Article I of the U.S. Constitution

The single subject of this legislation is:

to require all health insurance coverage for the treatment of infertility.

By Mr. DOGGETT:

H.R. 4732.

Congress has the power to enact this legislation pursuant to the following:

Clause 1 of Section 8 of Article I of the United States Constitution

The single subject of this legislation is:

To ensure that community colleges and other higher educational institutions are eligible health professional opportunity grantees (HPOG) for the establishment of tuition-free workforce training programs.

By Ms. ESHOO:

H.R. 4733.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8, clause 1 of the Constitution

The single subject of this legislation is:

Mitigating the public health impacts of wildfire smoke and extreme heat.

By Mr. EVANS:

H.R. 4734.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8, Clause 18 of the Constitution: To make all laws which shall be necessary and proper for carrying into Execution the powers enumerated under section 8 and all other Powers vested by the Constitution in the Government of the United States, or in any Department or Officer thereof.

The single subject of this legislation is:

Workforce

By Mr. EVANS:

H.R. 4735.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8, Clause 18 of the Constitution: To make all laws which shall be necessary and proper for carrying into Execution the powers enumerated under section 8 and all other Powers vested by the Constitution in the Government of the United States, or in any Department or Officer thereof.

The single subject of this legislation is:

Workforce

By Mrs. FISCHBACH:

H.R. 4736.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8

The single subject of this legislation is:

Amends USDA Rural Development authorities and requires reporting of activities authorized therein.

By Mr. FLOOD:

H.R. 4737.

Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8, Clause 18:

To make all Laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States,

The single subject of this legislation is:

This bill would ensure that banking regulators provide public notice on any non-binding recommendations from FSOC they implement.

By Mr. GOOD of Virginia:

H.R. 4738.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8

The single subject of this legislation is:

To reduce barriers to entry for the trucking industry.

By Mr. HUIZENGA:

H.R. 4739.

Congress has the power to enact this legislation pursuant to the following:

Article I, Section 8 of the Constitution of the United States

The single subject of this legislation is:

To amend the Agricultural Act of 2014 with respect to the tree assistance program.

By Ms. JAYAPAL:

H.R. 4740.

Congress has the power to enact this legislation pursuant to the following:

This bill is enacted pursuant to the power granted to Congress under Article I of the United States Constitution and its subsequent amendments, and further clarified and interpreted by the Supreme Court of the United States.

The single subject of this legislation is:

Defense

By Ms. MANNING:

H.R. 4741.

Congress has the power to enact this legislation pursuant to the following:

clause 3 of section 8 of article I of the Constitution.

The single subject of this legislation is:

National Security.

By Mrs. MCCLAIN:

H.R. 4742.

Congress has the power to enact this legislation pursuant to the following:

Section 8 of Article I of the Constitution of the United States.

The single subject of this legislation is:

This bill would prohibit the Secretary of Education, the Secretary of the Treasury, and Attorney General from cancelling student loans or making changes to the terms of student loans, without the explicit permission from Congress, from the date of enactment of this bill.

By Mr. MFUME:

H.R. 4743.

Congress has the power to enact this legislation pursuant to the following:

Congressional Record

PROCEEDINGS AND DEBATES OF THE 118th CONGRESS, FIRST SESSION

Vol. 169 WASHINGTON, WEDNESDAY, JULY 19, 2023 *No. 124*

Senate

The Senate met at 9:45 a.m. and was called to order by the Honorable ELIZABETH WARREN, a Senator from the Commonwealth of Massachusetts.

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray. Lord of life, we magnify Your Name, for Your mercies are new every morning. Take our Senators by the hand and lead them on the road You desire them to travel. Remind them that You are the one who can keep them from stumbling or slipping. Motivate them to never deviate from the path of integrity but seek to glorify You in all they think, say, and do. May they remember Your promise in Hebrews 13:5, that You will never leave or forsake them.

We pray in Your sovereign Name. Amen.

PLEDGE OF ALLEGIANCE

The Presiding Officer led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The PRESIDING OFFICER. The clerk will please read a communication to the Senate from the President pro tempore (Mrs. MURRAY).

The legislative clerk read the following letter:

U.S. SENATE,
PRESIDENT PRO TEMPORE,
Washington, DC, July 19, 2023.

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable ELIZABETH WARREN, a Senator from the Commonwealth of Massachusetts, to perform the duties of the Chair.

PATTY MURRAY,
President pro tempore.

Ms. WARREN thereupon assumed the Chair as Acting President pro tempore.

RESERVATION OF LEADER TIME

The ACTING PRESIDENT pro tempore. Under the previous order, the leadership time is reserved.

CONCLUSION OF MORNING BUSINESS

The ACTING PRESIDENT pro tempore. Morning business is closed.

LEGISLATIVE SESSION

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2024—MOTION TO PROCEED

The ACTING PRESIDENT pro tempore. Under the previous order, the Senate will resume consideration of the motion to proceed to S. 2226, which the clerk will report.

The legislative clerk read as follows:

Motion to proceed to Calendar No. 119, S. 2226, a bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

RECOGNITION OF THE MAJORITY LEADER

The ACTING PRESIDENT pro tempore. The majority leader is recognized.

Mr. SCHUMER. Madam President, I ask unanimous consent that all postcloture time on the motion to proceed to Calendar No. 119, S. 2226, be considered expired, and the motion to proceed be agreed to.

The PRESIDING OFFICER. Without objection, it is so ordered.

The motion was agreed to.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2024

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 2226) to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 935

(Purpose: in the nature of a substitute)

Mr. SCHUMER. Madam President, I call up substitute amendment No. 935.

The ACTING PRESIDENT pro tempore. The clerk will report.

The legislative clerk read as follows:

The Senator from New York [Mr. SCHUMER], for Mr. REED, proposes an amendment numbered 935.

Mr. SCHUMER. I ask unanimous consent that further reading of the amendment be dispensed with, and I ask for the yeas and nays.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

(The amendment is printed in today's RECORD under ''Text of Amendments.'')

AMENDMENT NO. 936

Mr. SCHUMER. I call up amendment No. 936 and ask that it be reported by number.

The ACTING PRESIDENT pro tempore. The clerk will report.

The legislative clerk read as follows:

The Senator from New York [Mr. SCHUMER] proposes an amendment numbered 936 to amendment No. 935.

The amendment is as follows:

(Purpose: To add an effective date)

At the end add the following:

SEC. EFFECTIVE DATE.

This Act shall take effect on the date that is 1 day after the date of enactment of this Act.

ORDER OF BUSINESS

Mr. SCHUMER. Finally, I ask unanimous consent that it be in order to call

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

up the following amendments: Murray, No. 300; Kaine, No. 429; Paul, No. 222; Hawley-Vance, No. 838; Cruz-Manchin, No. 926; further, that with respect to the amendments listed above, at 3 p.m., the Senate vote on the amendments in the order listed, with no further amendments or motions in order, and with 60 affirmative votes required for adoption and that there be 2 minutes equally divided prior to each vote.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

ISRAEL

Mr. SCHUMER. Madam President, later this morning, it will be my honor to join congressional leaders in welcoming President Isaac Herzog of Israel to the Capitol for a joint address to Congress.

Since the founding of the Nation of Israel 75 years ago, he has been one of America's most important allies and fiercest friends. The United States was the first country to recognize Israel as an independent state; and to this day, our bond remains strong, our partnership essential.

While we have our differences, the United States and Israel are united in the most profound ways that two nations could be. America's support for Israel must never waver because Israel will be an essential partner for the United States in the 21st century.

I look forward to meeting with President Herzog this morning, and I join congressional leaders in welcoming him to Congress.

S. 2226

Madam President, now on the NDAA, last night, the Senate began the process for floor consideration of the annual Defense bill on a bipartisan vote, 72 to 25. This morning, we locked in an agreement to begin consideration of amendments on the floor. We will begin voting this afternoon, and we want this process to be open and fair, without being dilatory.

We want both sides to have input, but neither side should derail the bill. We should avoid the chaos we saw last week in the House that greatly hindered their NDAA process.

So far, we have avoided that. The process in the Senate has been constructive and moved along at a good pace. I am pleased to say the managers' package has 51 amendments—21 from Republicans, 21 from Democrats, and 9 bipartisan. I hope there will be a second managers' package with even more priorities for both sides.

The Senate's NDAA process is an example of how, even with all our disagreements, this Chamber is able to come together to provide for our Nation's defense, take care of our servicemembers, take care of our civilian DOD workforce, and invest in modernizing our defense and intelligence capabilities. If both sides keep working together, I hope we can finish passing the Defense authorization bill before August. I think most of us would like to see that happen. There is no justification for letting it spill into the fall. We have a lot of work to do before we get there, but we are on track to get it done.

We have every reason in the world to finish the NDAA bill quickly because there is a lot both sides can celebrate in this year's bill. Many of the NDAA's provisions might typically fly under the radar because they seem incremental, but in their totality, they make a huge difference in our country.

We will make much needed progress on additional new areas, like outcompeting the Chinese Government. We will take our first steps on AI legislation. We will boost resources in a major way to tackle the fentanyl crisis. We will strengthen the bonds with our allies around the world, especially the UK and Australia.

I hope we will have a vote on the full AUKUS package soon.

On competing with the Chinese Government, I am pleased this year's NDAA will have over a dozen amendments in the managers' package.

On the fentanyl crisis, the amendment by TIM SCOTT and SHERROD BROWN will enhance the Federal Government's ability to disrupt illicit opioid supply chains and punish those who facilitate fentanyl tracking. This is a major piece of legislation that is going to give the President more powers to stop any country—China, Mexico—from sending the precursor materials that are made into fentanyl and kill our children.

Here is what it does: It declares international trafficking of fentanyl a national emergency—a national emergency. It requires the President to sanction criminal organizations and cartel members who traffic this drug. It will enhance the administration's ability to enforce sanctions violations. It will allow the Treasury to take special measures to combat money laundering connected to fentanyl, and much, much more.

Approving our FEND Off Fentanyl Act will be a huge win in the battle against opioids—one of the worst public health crises in the country. I thank Chairman BROWN and Ranking Member SCOTT for championing this measure.

Finally, this year's NDAA will take important steps on artificial intelligence. My amendment, which I worked on with Senators ROUNDS, YOUNG, and HEINRICH, will increase data sharing within DOD, increase reporting on AI's use in the financial services industry, create a ''bug bounty program'' where ethical hackers help us find vulnerabilities in our defenses, and much, much more.

The Senate process on the NDAA stands in sharp contrast with what we saw in the House. In the Senate, Democrats and Republicans worked together, mindful of the importance to preserve our national security, while the process in the House, unfortunately, was sadly delayed and at times derailed by wildly partisan and irrelevant hard-right amendments that have nothing to do with defense. We have not seen that so far in the Senate. We should keep it that way.

For all these great reasons for getting the NDAA done, we hope we can get it done as soon as possible. We will begin voting today on amendments, and I hope we can keep this process moving along.

UNANIMOUS CONSENT AGREEMENT—S. 2226

Mr. SCHUMER. Mr. President, I ask unanimous consent that it be in order to ask for the yeas and nays on the substitute amendment No. 935.

The PRESIDING OFFICER (Mr. WELCH). Without objection, it is so ordered.

Mr. SCHUMER. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays were ordered.

RECESS SUBJECT TO THE CALL OF THE CHAIR

Mr. SCHUMER. Mr. President, I ask unanimous consent that the Senate recess subject to the call of the Chair.

There being no objection, the Senate, at 10:04 a.m., recessed subject to the call of the Chair and reassembled at 12 noon when called to order by the Presiding Officer (Mr. HICKENLOOPER).

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2024—Continued

RECOGNITION OF THE MINORITY LEADER

The PRESIDING OFFICER. The Republican leader is recognized.

ISRAEL

Mr. MCCONNELL. Mr. President, yesterday, President Biden welcomed the President of Israel, Isaac Herzog, to Washington.

Unfortunately, some of the loudest anti-Israel voices in the President's own party took President Herzog's visit as an opportunity to call the world's only Jewish state racist, and House Democrats' leftwing boycotted President Herzog's joint address to Congress this morning.

These activist theatrics are unbecoming of elected American officials, and they are a distraction from the real threats that America, Israel, and our Arab friends face in the Middle East. I hope these threats were the focus of the conversation between the two Presidents.

Of course, threats to our shared interests have grown, in large part due to the Biden administration's naive approach to the world's largest state sponsor of terror, Iran.

Over the last 2½ years, Iran has dramatically increased its nuclear activities and even rebuffed the administration's repeated begging for a return to President Obama's flawed deal.

It has consolidated influence in Iraq, Syria, and Lebanon. It funds and

equips terrorist groups dedicated to Israel's destruction, and the deadly arm of its IRGC extends right up to Israel's borders.

In the Arabian Gulf, Iranian military vessels have targeted or seized commercial vessels offshore nearly 20 times since 2021. On the Arabian Peninsula, Iranian weapons have rained down on America's Saudi and Emirati partners.

In Iraq, Tehran works directly with Shia paramilitaries that threaten Iraq's sovereignty as well as Iraq's neighbors and U.S. forces and Hezbollah, Hamas, and other terrorist groups channel massive flows of Iranian support into increasing attacks on Israeli and American lives.

Violent flareups along the border with Lebanon earlier this month have Israel's forces on particularly high alert, but as our friends face growing threats, they need more bipartisan solidarity from Washington, not performative BDS or lectures from politicians in glass houses.

Earlier this year, the President warned ominously that Israel ''cannot continue down this road'' in its efforts to pass domestic judicial reforms. According to reports, it is a message he intends to continue delivering to the Israeli Prime Minister in the weeks to come.

Well, Mr. President, nobody here in Congress seems to like it when foreign politicians weigh in on American domestic politics and tell us how to do our job, so I try to stay out of the domestic politics of fellow democracies.

I have confidence in the Israeli people and their democratically elected leaders, including President Herzog, whom we welcomed to the Capitol today, and Prime Minister Netanyahu, who will travel soon to Washington.

Ironically, the radical House Democrats who crowed about boycotting the President's historic address are the ones who could benefit the most from his perspective on guiding a coalition government and a diverse nation toward greater security, prosperity, and peace.

President Herzog's remarks were a reminder to anyone willing to listen that, even in the face of growing threats, Israel and its Arab neighbors continue to offer tremendous opportunities to actually promote peace.

I was in the region earlier this year, and I can assure any skeptics that the promise of the Abraham Accords is real. It is changing the geopolitical and economic climate of a region that remains extremely important to the United States.

I hope President Biden will seize on this progress and help Israel and Saudi Arabia improve their relationship—an achievable and transformational goal. Here in Congress, we have a tremendous opportunity before us to demonstrate our commitment to Israel by prioritizing American strength with the NDAA.

I hope our colleagues will continue to work swiftly to finish this essential business.

U.S. SUPREME COURT

Mr. President, now, on another matter, while Democrats like President Biden may not like the Israeli Government's attempts at judicial reform, they are obsessed with doing it themselves here in the United States.

For the past several months, when they are not rubberstamping radical nominees for the Federal bench, Senate Democrats have been laser-focused on pushing a coequal branch of government and bending it to their political will. To do so, our colleagues plan to steer the Judiciary Committee onto the thinnest constitutional ice.

This week, the committee will mark up what Democrats are calling the Supreme Court Ethics, Recusal, and Transparency Act. But in the interests of actual transparency, let's discuss what our colleagues' intentions here actually are.

For months now, the Justices of the Court have been the subject of an uptick in pearl-clutching and hysterics from the political left and their media allies. We have been told we should be outraged that the Justices dare to buy and sell property and take vacations, that they speak at universities and write children's books, and that their spouses dare to pursue careers of their own.

As I have said before, I believe in the integrity and honesty of each member of the Court, and the Justices and their families should continue to ignore desperate attacks peddled by Democrats and organs of yellow journalism.

But no matter which headline is chosen as a pretext on any given day, it is the same old intimidation campaign by the left to undermine the Court.

By their own example, Senate Democrats have repeatedly told the American people that the entire Federal judiciary exists for no other reason than to fulfill their changing political whims. They have threatened Justices by name from the steps of the Court and threatened the institution itself in unfriendly amicus briefs. In each instance, Democrats have signaled their open disdain for a body that refuses to interpret the Constitution through the lens of their party's platform.

They have shown how afraid they are of a Court that upholds our laws as they were actually written, and they have expressed their profound misunderstanding of the Supreme Court's purpose in our Republic.

But this week, the same Senate Democrats who recently threatened to strip the Court's security budget would like us to believe that they are driven by nothing more than the pursuit of ethics and transparency. The same Democrats who warn solemnly about defending democracy would like to shatter the independence of a coequal pillar of our government.

The partisan bill before the Judiciary Committee this week deserves neither the Court's cooperation nor any Senator's support. I would urge each of our colleagues to reject it.

The PRESIDING OFFICER. The majority whip.

U.S. SUPREME COURT

Mr. DURBIN. Mr. President, just about every week now, we learn something new and deeply troubling about the Justices serving on the Supreme Court, the highest Court in the land in the United States, and their conduct outside the courtroom. From unreported luxury getaways with billionaire benefactors who have business before the Court to donor-funded teaching positions that double as all-expense-paid vacations, to a political megadonor buying a home that belongs to a Justice's relative and then allowing that relative to continue living there rent-free—we have learned all of this in just a few months.

And, last week, another troubling report: According to the Associated Press, Justice Sotomayor used her taxpayer-funded Court staff to help sell copies of her book, in particular by pressing libraries, community colleges, and other public institutions to buy additional copies of her memoir and children's book in conjunction with her speaking engagements.

Let me tell you, if I or any Member of the Senate failed to report an all-expense-paid luxury getaway or if we used our government staff to help sell books we wrote, we would be in big trouble. The same would be true for Members of the House or Cabinet officials in any Presidential administration. That is because all of us are subject to enforceable codes of conduct that prohibit us from using taxpayer funds for personal gain.

But the same, sadly, is not true for the nine Justices across the street. Unlike every other Federal official, Supreme Court Justices are not bound by a code of ethical conduct.

Let me repeat that. Unlike every other Federal official, the nine Supreme Court Justices are not bound by a code of ethical conduct.

They are the most powerful judges in the entire Nation, and yet they are not required to follow even the most basic ethical standards. It is time for that to change. The highest Court in the land should not have the lowest ethical standards.

Tomorrow, the Senate Judiciary Committee, which I chair, will consider legislation I have joined Senator WHITEHOUSE in introducing known as the Supreme Court Ethics, Recusal, and Transparency Act, or SCERT Act. Our legislation would require the Supreme Court to adopt an enforceable code of conduct. It would also add new recusal and transparency requirements to Federal law. And these requirements would apply to every Justice, no matter which President of which political party appointed them, or their ideological views notwithstanding.

I wish this legislation were unnecessary. The fact is, the Chief Justice of the U.S. Supreme Court, John Roberts, could clean up the Supreme Court's ethical challenges on his own, and for

years I have encouraged him to do just that. It was more than 11 years ago—more than 11 years ago—when I first urged the Chief Justice in writing to adopt a binding code of conduct, but he didn't accept my suggestion.

And what has happened in the years since? I will tell you: Sadly, the American people's confidence in the Supreme Court has cratered. Public support for the Court is at an alltime low.

So if we are set to restore the public trust in our Nation's high Court, we must begin by enacting the legislation that I have introduced with Senator WHITEHOUSE. I thank him for his leadership on this issue for many years. I hope every member of the Judiciary Committee, on both sides of the aisle, votes tomorrow in support of the Supreme Court Ethics, Recusal, and Transparency Act.

Mr. President, I would like to address statements made earlier today on the floor by the Republican leader. It was his analysis and his comments on the bill which I have just described, which he said takes us out to the ''thinnest constitutional ice.''

The relationship of the legislative branch—Congress—and the Supreme Court is unusual. The Supreme Court is expressly created by the Constitution. Other courts are created by statute, and they become important to us in so many different ways. And the relationship between Congress and the Supreme Court is somewhat unique.

We have nine members of the Supreme Court. That is not required by the Constitution. The number of Supreme Court Justices is established by Congress, and it was established in the middle of the 19th century. It is nine today. It was other numbers before that. Congress has the power to choose the actual numbers of the Court.

And when it came to issues like televised court proceedings for the Supreme Court, there is a bipartisan bill, which I am authoring now—cosponsoring with Senator GRASSLEY, a Republican from Iowa—to deal with the actual conduct of the proceedings before the Supreme Court.

We also handle the annual budget. Congress passes the annual budget for the Supreme Court as well.

As you can tell, it is a relationship which is intertwined. We do not have the authority nor are we trying to exercise the authority to change or influence a judgment. That is up to the Court itself. But when it comes to the administration of the Court and the rules of administration, the Congress has played an important role.

Senator MCCONNELL described our concern about the ethical situation in the Court as an ''uptick in pearl-clutching and hysterics.'' That colorful term belies the fact that the things that I have described here are very basic and concern Americans of all political faiths.

Senator MCCONNELL said: ''We have been told we should be outraged that the Justices dare to buy and sell property and take vacations.'' Of course, he misses the point. If they want to buy and sell property, that is their business. But when someone else is buying and selling the property of a Justice or his relative, that is relevant for the public to know if the person buying the property has any business before the Court or any impact on the judgment of that Justice.

''It is the same old intimidation campaign by the left,'' according to Senator MCCONNELL, to hold this hearing and consider a bill dealing with the ethics of the Supreme Court. What he conveniently ignores is the fact that the first letter I sent to the Court on this subject was 11 years ago.

The Court has changed dramatically in that period of time, but my message has remained the same, whether the Court is dominated by liberals or conservatives or something in between. That makes quite a difference in this argument.

He calls our effort ''open disdain for a body that refuses to interpret the Constitution through the lens of their party's platform.'' It is not open disdain. It is a recognition that what is going on in the Court is unsustainable.

What they have done and the conduct that has been disclosed already has raised serious questions about the ethical standards of the Court. We want to make sure that changes for the better to maintain the independence of the Court.

And still I struggle to understand the logic of those on the Republican side of the aisle when it comes to ethics in the Supreme Court. They seem to think it is partisan if we raise this issue.

It wasn't that long ago—just last year, 2022—that we considered the issue of disclosure of stock transactions. A bill was passed, a bipartisan bill cosponsored by Senators CORNYN and COONS, and it went to the Supreme Court, and they adopted it as their standard of conduct. Apparently, when it comes to those ethical considerations, cooperation between the two branches is acceptable. Why isn't it acceptable today, as we set out to do?

The first thing I did, when we initiated this subject, was to contact the Supreme Court and let them know that we were sending a letter to the Chief Justice inviting him to come testify and appear and describe the situation at the Court and how it was being handled.

He respectfully declined that invitation and responded with his own defense of the current situation. But we tried from the beginning not to make this partisan. We tried to make it respectful under the Constitution. I am sorry the Chief Justice did not accept our invitation. But we tried several different ways to engage him and the Court and found that the best way to move forward is to consider this legislation tomorrow before the Senate Judiciary Committee.

I think it is a step in the right direction to say that our nine Supreme Court Justices will at least be held to the same standards of ethical conduct as every other judge in the Federal system. That is not an unreasonable requirement, and it is one that I think would start to repair the image of the Court, which is badly in need of repair.

I yield the floor.

RECESS

Mr. DURBIN. Mr. President, I ask unanimous consent that the Senate stand in recess until 2:15.

There being no objection, the Senate, at 12:46 p.m., recessed until 2:15 p.m. and reassembled when called to order by the Presiding Officer (Ms. ROSEN).

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2024—Continued

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. WICKER. What is the pending business?

The PRESIDING OFFICER. S. 2226.

S. 2226

Mr. WICKER. Madam President, let me say that in just a few moments, we will begin voting on amendments that are subject to unanimous consent requests, and we hope to do five votes today and additional votes tomorrow and following so that we can get this National Defense Authorization Bill enacted and get to conference.

Let me say that this year's National Defense Authorization Act would help meet the dangerous national security moment we face and would equip our military with the tools necessary to implement the national defense strategy.

Chairman REED will speak later about the ways this bill will help us deter adversaries and reinforce our defenses. It has been a pleasure to work with him and to advance our constitutional duty to provide for the common defense. We do this every year. This will be the 63rd time that Congress—the House and Senate—have sent a national defense authorization bill to the President for his signature, and I know we will do it today. This is a testament to our commitment to our country and also to our servicemembers.

Our threats are much greater than they were 63 years ago in 1961 when the first NDAA was passed. Today, the United States faces the most complex and dangerous global security situation since World War II.

China is swelling its military might. Xi Jinping has directed his forces to be ready to invade Taiwan by 2027. He has actually said this is his goal. He proclaimed it openly. A successful invasion of Taiwan would spell the end of the global security architecture that has helped ensure American peace and prosperity since 1945. Meanwhile, Russia is executing the largest European land war in over half a century. But Vladimir Putin's eyes are not only on

Ukraine and Europe. He seeks influence across the global south and the Middle East.

Amid this resurgence of great power conflict, Iran and North Korea are increasingly bellicose. Their weapons programs and missile tests raise the specter of nuclear conflict to a higher level. The President of Israel mentioned this very effectively in a joint speech to Congress earlier today.

Indeed, our own homeland is no longer a sanctuary. Criminal Mexican cartels have exploited our porous southwest border. This has created a drug and human-trafficking crisis that is killing thousands of Americans each year.

Moreover, two decades after 9/11, our sovereign airspace is vulnerable. We witnessed that earlier this year when China flew a surveillance balloon over our country without any encumbrance. Managing such a complex threat environment requires more resources and smarter approaches.

Senior national security officials have repeatedly told the Senate Armed Services Committee a simple message: American defense capabilities are spread dangerously thin. In fact, our military has not been spread this thin in 70 years. Our industrial base began to hum on the eve of war with the Axis powers. And since then, our worldwide military presence has underwritten our domestic tranquility.

We have succeeded because we followed the doctrine of peace through strength. We believe the best way to encounter today's threats is to deter our adversaries from attacking at all. However, as today's threats increase, our deterrence capabilities have decreased, and they must begin to increase and do so immediately.

For the past few years, our defense industrial base has languished. Anemic budgets created a brittle industry that cannot ramp production to meet the needs of today. This year's NDAA is an important step forward in our quest to rebuild our arsenal. Ideally, we would have an annual 3- to 5-percent boost to our topline above inflation—3- to 5-percent boost above inflation to our topline. Yet even without that budget increase, our committee has managed to advance a strong bipartisan product that contains important provisions.

Let me summarize a few.

Our secret weapon, first of all, has always been our people. So supporting our military personnel is key to any successful NDAA. This bill authorizes a 5.2-percent pay raise for our servicemembers, and it includes a host of other quality-of-life improvements for our troops and for our families.

The bill also contains provisions that will help the military solve its recruiting crisis. I am glad to note we include a massive expansion of Junior ROTC—the JROTC program—an initiative that instills values like citizenship and public service in our young people and, no doubt, increases interest in military service.

A 19th century American Navy captain said:

> Whoever rules the waves, rules the world.

Our committee agrees. This year's NDAA supports our shipbuilding programs by fully authorizing LPD–33, the Marine Corps' top priority. The bill decisively rejects the Biden administration's misguided proposal to retire several ships too early. We also included support for our submarine programs. The legislation addresses ongoing maintenance delays. We are sending more funds to our shipyards. It expands our deterrent capabilities with the sea-launched cruise missile, and it allows us to make good on our commitments to the United Kingdom and to Australia, commonly known as the AUKUS agreement.

The NDAA also delivers a host of powerful munitions. The bill makes six more munitions eligible for multiyear procurement contracts, including the highly regarded Tomahawk missile. This missile is one of INDOPACOM's commander's top priorities for deterring Chinese aggression in the western Pacific. The commander said he needed this additional procurement, and this committee bill gives it to him.

These multiyear commitments send a clear demand signal to our industrial base. We have to manufacture this ammunition. We have to manufacture these weapons. They also allow us to replenish our stocks while securing victory for Ukraine against our strategic adversary Russia. And we will produce these arms at home, equipping American troops with weapons made by American workers.

Our committee realizes military competition in the 21st century will be decided also by our willingness to harness emerging technology. So this NDAA accelerates the development of artificial intelligence—offensive cyber, hypersonics, and unmanned platforms. We intend to lap Beijing in the 100-year innovation marathon. We need to lap communist China. So we are authorizing a new Pentagon authority within the Office of Strategic Capital.

This bill also establishes investments in space launch infrastructure to secure the high ground in the Sino-American space race.

As always, partnerships with our allies act as a force multiplier on all the tools we are providing American soldiers, sailors, airmen, and marines.

I am glad this bill enhances security cooperation with allies in every part of the free world, from the Baltics to the Pacific.

The bill also addresses the crisis at the southwest border. And it is a crisis. We do this by requiring the Department of Defense to develop a strategy for countering fentanyl—a DOD strategy for countering the deadly drug of fentanyl. It also authorizes the Department to act against criminal Mexican cartels in cyber space.

Today, the Department unbelievably pays rent to store previously purchased border wall materials. We don't put them up to protect our border, but we pay rent to landowners to store these border wall materials. This legislation, on a bipartisan basis, compels them to use or transfer those materials so that wall construction can continue. This bill focuses the Pentagon on deterring real wars, not fighting culture wars.

Our NDAA sends a signal to the Department of Defense bureaucrats that Congress intends to rein in divisive social policies. This year's bill limits the amount we spend on salaries of DEI staff. It restores a culture of meritocracy and calls our service academies to focus on forming effective officers and not on hosting Berkeley-style seminars.

Time forbids me from listing all the provisions we have included in the NDAA. But before I finish, I should note that we have an all-too-rare chance to return the Senate to regular order today, and it gives us a chance to avoid a costly, wasteful continuing resolution for our military. For the first time in years, the Senate majority leader has put the Defense bill up for consideration with months left in the calendar. Still, we must be mindful of the fleeting time. But we must take this chance to avoid another self-inflicted real cut to defense. And that is what a continuing resolution always does when we have to retreat to that. Let's avoid that and we are doing that today.

We are going to take up five amendments that we have agreed by unanimous consent to bring to the floor. The managers' package contains 50 amendments that have been agreed to by the committees and the leadership—25 amendments sponsored by Democrats, 25 amendments sponsored by my party, the Republican Party. And we have a chance to continue this with votes tomorrow.

I think we should proceed with dispatch, working into the night, if necessary, next week, to get this bill done after having a full debate on ideas submitted from both sides of the aisle.

Let's work thoughtfully to deliver a bill to the President's desk that commits this Congress to a national policy of preparedness.

Let me quote President Theodore Roosevelt who endorsed such a policy of preparedness. Theodore Roosevelt said this:

> Never in our entire history has a Nation suffered . . . because too much care has been given to the Army, too much prominence given it, too much money spent upon it, or because it has been too large. But again and again, we have suffered because enough care has not been given to it; because it had been too small; because there has not been a sufficient preparation in advance for a possible war.

We need to heed those words today. And what President Roosevelt was saying is it will cost a lot to deter our enemies, but it would cost a lot more if we do not. We cannot wait a moment longer to consider this year's NDAA.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call roll.

Mr. REED. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Rhode Island.

Mr. REED. I rise to discuss the National Defense Authorization Act for Fiscal Year 2024.

The Armed Services Committee approved this bill by a broad bipartisan vote of 24 to 1 last month—the largest margin in years. I appreciated the opportunity to work with Senator WICKER and our colleagues to produce this bill. Senator WICKER has been supportive, cooperative, creative, and has done so with great credit to the committee's traditions, and I thank him for that. I am also obviously tremendously appreciative of the work of the staff, Liz King on the majority and John Keast on the minority.

This is a strong defense bill. It is laser-focused on the threats we face. It addresses a broad range of pressing issues, from strategic competition with China and Russia to countering threats from Iran, North Korea, violent extremists, and even climate change. The bill authorizes a record level of investment in key technologies like hypersonics and artificial intelligence and makes real progress toward modernizing our ships, our aircraft, and our combat vehicles. Most importantly, this NDAA provides a historic level of support for our troops and their families, including the largest pay raise in decades. The bill makes meaningful steps forward at a critical time for our national security.

In addition to authorizing $845 billion for the Department of Defense and $32 billion for the Department of Energy's national security programs, there are a number of important policy provisions that I would like to briefly highlight.

To begin, we have to ensure the United States can outcompete, deter, and prevail against our near-peer rivals. China has emerged as our primary competitor, as the only nation with the intent and the capability to mount a sustained challenge to the United States' security and economic interests.

This NDAA confronts China by fully investing in the Pacific Deterrence Initiative, or PDI, to improve our force posture and build the capabilities of our partners and allies in the Indo-Pacific. The bill also establishes the Indo-Pacific Campaigning Initiative to facilitate increased U.S. military exercises, freedom of navigation operations, and partner engagements in the region. And, to help Taiwan improve its overall readiness and defense capabilities, the bill establishes a comprehensive training, advising, and capacity-building program for Taiwan's military forces.

I want to emphasize, however, that our Nation's ability to deter China cannot be based on military might alone. We must strengthen our network of allies and partners, which will be central to any strategy for the Indo-Pacific region. To that end, the bill makes progress toward advancing the security partnership among Australia, the United Kingdom, and the United States, known as AUKUS. This partnership provides a valuable blueprint that can help pave the way for other regional networks.

Now, even as we shift increased attention to the Indo-Pacific, we cannot lose sight of our priorities in other theaters, like Europe. This year's NDAA fully funds the European Deterrence Initiative and the Ukraine Security Assistance Initiative to support our European allies and partners. Ukraine has fought with incredible skill and bravery to defend its sovereign territory from Russia, but there is much more to be done. The United States must continue to provide training, humanitarian and economic assistance, weapons, and military equipment to Ukraine to help the nation protect itself and rebuild itself.

As part of this effort, the NDAA includes significant support for America's industrial base to backfill our own munitions. This bill facilitates the acquisition of defense stocks related to Ukraine and authorizes the use of multiyear contracting authorities to help improve industrial base stability.

Specifically, the bill helps improve defense acquisition processes by enabling the Department to invest in and rapidly field cutting-edge commercial technologies. By improving defense small business programs and partnerships with high-tech companies, this legislation will help meet the defense, industrial, and civilian needs of the United States.

Indeed, America's capacity for technological innovation has long given us the strongest economy and military in the world. This advantage is not a given, however; it must be nurtured and maintained. To that end, the Defense bill authorizes significant funding for game-changing technologies like microelectronics, hypersonic weapons, and unmanned aircraft systems. It also provides resources to accelerate the development of the Joint All-Domain Command and Control, or the JADC2, program. This suite of technologies will help the Joint Force detect, analyze, and act on information across the battlespace, quickly using automation, artificial intelligence, and predictive analytics. When fully developed, this concept will help our forces acquire targets as early as possible and rapidly deliver information to the best operator on air, land, or sea.

To accomplish the objectives of national security and the national defense strategy, our military services and combatant commanders must have the resources they need. In recognizing this, the NDAA broadly supports the procurement of naval vessels, combat aircraft, armored vehicles, weapons systems, and munitions requested in the President's defense budget for fiscal year 2024.

The bill provides additional funding for the Navy and the Marine Corps to accelerate the procurement of surface vessels and submarines, which are critical to power projection and deterrence around the world. The bill also provides greater predictability and stability in our naval acquisition programs and improves the United States' shipbuilding infrastructure modernization efforts.

The bill authorizes the Air Force to divest of certain aircraft and to restructure parts of its fleet as it evolves to a rapidly changing global security environment, and it invests in the Army's priority modernization efforts, to include long-range fires, future vertical lift, next-generation combat vehicles, and air and missile defense.

Developing these air, land, and sea warfare capabilities will be vital to our success in long-term strategic competition with China. Simultaneously, we must enable the Department to operate successfully in evolving domains like space and cyber space. With this in mind, this bill helps strengthen the cyber security posture of the Department and the defense industrial base by providing increased funding to adopt innovative and modern cyber security strategies, tools, and technologies.

Ultimately, the key factor that makes the U.S. military the greatest in the world is our people. We need to ensure that our uniformed personnel know every day how much we appreciate what they do and that we have their backs.

Importantly, this NDAA provides a 5.2-percent pay raise to both military servicemembers and the Defense civilian workforce. As I indicated, this is one of the largest increases in pay in many, many years.

Finally, as we navigate the threats of nuclear escalation from Russia and increasing capabilities from China, the Defense bill strengthens our deterrence strategy by helping to modernize the U.S. nuclear triad. And there are many, many other provisions in this bill that will help equip the Department and our warfighters with the tools they need to succeed.

This morning, Leader SCHUMER introduced a substitute amendment to S. 2226, the committee-passed NDAA. This substitute includes 51 amendments that have been cleared on both sides, including 21 Democratic amendments, 21 Republicans amendments, and 9 bipartisan amendments. Again, I am pleased that we have brought this bill to the floor so the entire Senate has an opportunity to participate in the process.

We have worked tirelessly, and we will continue to do so. I know that Chair MURRAY is here because she has the first amendment and would like to speak to that.

I yield the floor.

The PRESIDING OFFICER. The Senator from Washington.

AMENDMENT NO. 300

Mrs. MURRAY. Madam President, I call up my amendment No. 300, and I ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The senior assistant legislative clerk read as follows:

The Senator from Washington [Mrs. MURRAY] proposes an amendment numbered 300.

The amendment is as follows:

(Purpose: To amend the Energy Employees Occupational Illness Compensation Program Act of 2000 to expand the ways beryllium sensitivity can be established for purposes of compensation under that Act and to extend the authorization of the Advisory Board on Toxic Substances and Worker Health of the Department of Labor)

At the appropriate place in title XXXI, insert the following:

SEC. _____. AMENDMENTS TO THE ENERGY EMPLOYEES OCCUPATIONAL ILLNESS COMPENSATION PROGRAM ACT OF 2000.

(a) SHORT TITLE.—This section may be cited as the ''Beryllium Testing Fairness Act''.

(b) MODIFICATION OF DEMONSTRATION OF BERYLLIUM SENSITIVITY.—Section 3621(8)(A) of the Energy Employees Occupational Illness Compensation Program Act of 2000 (42 U.S.C. 7384l(8)(A)) is amended—

(1) by striking ''established by an abnormal'' and inserting the following: ''established by—

''(i) an abnormal'';

(2) by striking the period at the end and inserting ''; or''; and

(3) by adding at the end the following:

''(ii) three borderline beryllium lymphocyte proliferation tests performed on blood cells over a period of 3 years.''.

(c) EXTENSION OF ADVISORY BOARD ON TOXIC SUBSTANCES AND WORKER HEALTH.—Section 3687(j) of the Energy Employees Occupational Illness Compensation Program Act of 2000 (42 U.S.C. 7385s–16(j)) is amended by striking ''10 years'' and inserting ''15 years''.

Mrs. MURRAY. Madam President, for my colleagues who don't know, during World War II, the Federal Government established the Hanford site in Central Washington State to produce the plutonium that our Nation needed for nuclear weapons.

To this day, workers are on the job in cleaning up that site. It is important but dangerous work. One of those dangers is beryllium exposure that causes serious respiratory diseases.

Now, Congress passed legislation providing care to those working on our nuclear arsenal, but here is the thing: Not everyone who needs these critical medical benefits for beryllium exposure can get them today. Right now, people have to jump through very costly, unnecessary hoops, and, even then, they could be denied—all because the statute is outdated.

Right now, a beryllium blood test that is ''borderline'' does not count toward a diagnosis even when you are experiencing the effects of beryllium exposure or when it is your third such borderline result. That is just not right. By the way, it is not consistent with the current science either.

My amendment simply updates the statute and brings it in line with an OSHA rule that was finalized under the last administration so that more workers can easily get the care that they need.

And it is a fiscally responsible measure. The CBO estimates it will cost less than $500,000 over 10 years, if anything at all, but it will make a real difference for these workers who have sacrificed so much for our country.

So I urge my colleagues to vote yes on the amendment.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. KAINE. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 429

Mr. KAINE. Madam President, I rise to discuss an amendment we will vote on later. When we vote on it, it is 1 minute a side, and I think it might take a couple of more minutes to explain a vote on NATO that is very powerful.

A few years ago, people were questioning the viability of NATO. Was it still worth it? Well, what President Biden and what this body have shown is that, with American leadership, NATO is stronger today than it has ever been. NATO's capacity and NATO's willingness to link arms and provide defense to Ukraine in the midst of an illegal invasion by a human-rights-abusing Vladimir Putin has been extremely powerful, and the value of NATO has been demonstrated to such a degree that even nations that never would have contemplated entering NATO in the past—Finland and Sweden—have fought for accession and have been green-lit by this body and now the international community to join.

There is a question, though, that was coming up as people were talking about should we withdraw from NATO: How do you withdraw from a treaty? The Constitution is plain that, to enter into a treaty, you need a ratification vote by the Senate, but the Constitution is silent about withdrawal. So, in the last administration, a question came up about whether a President could withdraw from NATO unilaterally.

I have a bill that is bipartisan, together with Senator RUBIO, and we will vote on it later this afternoon. It will specify that no President can unilaterally withdraw from NATO, and any effort to withdraw from NATO would have to be either approved by Senate ratification—a two-thirds vote—or by an act of Congress. This sends a powerful message that Congress, after these decades, still believes in the power of NATO.

Our allies who worry about different Presidents—should the policy change depending upon every 4 years who is President—would take this statement of congressional support in a very, very powerful way.

I am happy to say it is an overwhelmingly bipartisan bill that came through the Foreign Regulations Committee in the 117th Congress by an overwhelmingly bipartisan vote, and the administration supports it.

Finally, the question did come up once in a Supreme Court case from 1979, Goldwater v. Carter: How do you withdraw from a treaty? What the Supreme Court said is that it was a political question for the executive and legislature to work out.

We will take a legislative step, in my hopes today, as part of this NDAA, that when it is on the President's desk, by his ratification, we will demonstrate that in America both the executive and legislative branches appreciate NATO and are committed to its success.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. REED. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REED. Madam President, I ask unanimous consent that the 3 o'clock vote commence.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REED. Madam President, I yield back all time.

The PRESIDING OFFICER. Without objection, all time is yielded back.

VOTE ON AMENDMENT NO. 300

The question is on agreeing to amendment No. 300.

Mr. REED. Madam President, I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The clerk will call the roll.

The legislative clerk called the roll.

Mr. DURBIN. I announce that the Senator from Delaware (Mr. COONS), is necessarily absent.

Mr. THUNE. The following Senator is necessarily absent: the Senator from Wyoming, (Mr. BARRASSO).

The PRESIDING OFFICER (Ms. BALDWIN). Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 96, nays 2, as follows:

[Rollcall Vote No. 189 Leg.]

YEAS—96

Baldwin	Capito	Cruz
Bennet	Cardin	Daines
Blackburn	Carper	Duckworth
Blumenthal	Casey	Durbin
Booker	Cassidy	Feinstein
Boozman	Collins	Fetterman

NAYS—2

Ernst	Tuberville

NOT VOTING—2

Barrasso	Coons

The PRESIDING OFFICER. On this vote, the yeas are 96, the nays are 2.

Under the previous order requiring 60 votes for the adoption of this amendment, the amendment is agreed to.

The amendment (No. 300) was agreed to.

The PRESIDING OFFICER. The majority leader.

Mr. SCHUMER. Madam President, just for the information of Members, we are speeding up the vote process. There is the White House picnic tonight, and we have to get things done by then. So there are going to be 10-minute votes, and we are going to call questions quite strictly. Thank you.

The PRESIDING OFFICER. The junior Senator from Virginia.

AMENDMENT NO. 429

Mr. KAINE. Madam President, I call up amendment No. 429 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report the amendment by number.

The bill clerk read as follows:

The Senator from Virginia [Mr. KAINE] proposes an amendment numbered 429.

The amendment is as follows:

(Purpose: To require the advice and consent of the Senate or an Act of Congress to suspend, terminate, or withdraw the United States from the North Atlantic Treaty and authorizing related litigation, and for other purposes)

At the end of title XII, add the following:

Subtitle H—Limitation on Withdrawal From NATO

SEC. 1299O. OPPOSITION OF CONGRESS TO SUSPENSION, TERMINATION, DENUNCIATION, OR WITHDRAWAL FROM NORTH ATLANTIC TREATY.

The President shall not suspend, terminate, denounce, or withdraw the United States from the North Atlantic Treaty, done at Washington, DC, April 4, 1949, except by and with the advice and consent of the Senate, provided that two-thirds of the Senators present concur, or pursuant to an Act of Congress.

SEC. 1299P. LIMITATION ON THE USE OF FUNDS.

No funds authorized or appropriated by any Act may be used to support, directly or indirectly, any decision on the part of any United States Government official to suspend, terminate, denounce, or withdraw the United States from the North Atlantic Treaty, done at Washington, DC, April 4, 1949, until such time as both the Senate and the House of Representatives pass, by an affirmative vote of two-thirds of Members, a joint resolution approving the withdrawal of the United States from the treaty, or pursuant to an Act of Congress.

SEC. 1299Q. NOTIFICATION OF TREATY ACTION.

(a) CONSULTATION.—Prior to the notification described in subsection (b), the President shall consult with the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives in relation to any initiative to suspend, terminate, denounce, or withdraw the United States from the North Atlantic Treaty.

(b) NOTIFICATION.—The President shall notify the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives in writing of any deliberation or decision to suspend, terminate, denounce, or withdraw the United States from the North Atlantic Treaty, as soon as possible but in no event later than 180 days prior to taking such action.

SEC. 1299R. AUTHORIZATION OF LEGAL COUNSEL TO REPRESENT CONGRESS.

(a) IN GENERAL.—By adoption of a resolution of the Senate or the House of Representatives, respectively, the Senate Legal Counsel or the General Counsel to the House of Representatives may be authorized to initiate, or intervene in, in the name of the Senate or the House of Representatives, as the case may be, independently, or jointly, any judicial proceedings in any Federal court of competent jurisdiction in order to oppose any action to suspend, terminate, denounce, or withdraw the United States from the North Atlantic Treaty in a manner inconsistent with this subtitle.

(b) CONSIDERATION.—Any resolution or joint resolution introduced relating to any action to suspend, terminate, denounce or withdraw the United States from the North Atlantic Treaty and introduced pursuant to section 4(a) of this title shall be considered in accordance with the procedures of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 765).

SEC. 1299S. REPORTING REQUIREMENT.

Any legal counsel operating pursuant to section 1299R shall report as soon as practicable to the Committee on Foreign Relations of the Senate or the Committee on Foreign Affairs of the House of Representatives with respect to any judicial proceedings which the Senate Legal Counsel or the General Counsel to the House of Representatives, as the case may be, initiates or in which it intervenes pursuant to section 1299R.

SEC. 1299T. RULE OF CONSTRUCTION.

Nothing in this subtitle shall be construed to authorize, imply, or otherwise indicate that the President may suspend, terminate, denounce, or withdraw from any treaty to which the Senate has provided its advice and consent without the advice and consent of the Senate to such act or pursuant to an Act of Congress.

SEC. 1299U. SEVERABILITY.

If any provision of this subtitle or the application of such provision is held by a Federal court to be unconstitutional, the remainder of this subtitle and the application of such provisions to any other person or circumstance shall not be affected thereby.

SEC. 1299V. DEFINITIONS.

In this subtitle, the terms ''withdrawal'', ''denunciation'', ''suspension'', and ''termination'' have the meaning given the terms in the Vienna Convention on the Law of Treaties, concluded at Vienna May 23, 1969.

Mr. KAINE. I ask unanimous consent that there be 6 minutes equally divided prior to a vote on the amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. KAINE. Madam President, this is an amendment dealing with the power of the NATO alliance. We have seen since the February 2022 invasion of Ukraine that NATO allows the democracies to link arms and stand courageously against an illegal invasion of Ukraine by the dictator Vladimir Putin.

Some had questioned the value of NATO, but NATO has demonstrated its power to protect democracy against this invasion since February of 2022.

There had been an issue raised in the last few years about whether any President could unilaterally withdraw from NATO, which was approved by the Senate in a treaty. The Constitution of the United States indicates that the Senate must ratify treaties but is silent about how to exit treaties. The U.S. Supreme Court, in 1979, said that is a political question for the legislature, the executive, to resolve.

What this amendment would do would make plain that no one can withdraw from NATO—the United States from NATO—without either a two-thirds vote in the Senate or an act of Congress.

We received a green light for this in the Goldwater v. Carter decision in 1979, and I think, of all the treaties the United States has entered into, right now at this moment, in the aftermath of the summit in Lithuania and during this war in Europe, this Congress should send a powerful message to our allies in NATO that we stand with this historic alliance.

The administration supports this amendment.

I would reserve the remainder of my time.

The PRESIDING OFFICER. The senior Senator from Mississippi.

Mr. WICKER. Madam President, to speak for a few seconds in opposition to this amendment, it is absolutely unnecessary. I cannot think of any currently serving elected official of significance who is calling for suspending or withdrawing from NATO.

If I didn't know better, I would think that this amendment might be aimed as a slap at former President Trump, but surely that is not the case.

If it is, however, we should be reminded that the former President was concerned about some of NATO's members not meeting their obligations to spend 2 percent of GDP but that he was fully committed to article 5 of NATO.

You will be pleased to know that this bill, NDAA, addresses the concern of the 2 percent. We adopted an amendment at markup, sponsored by Senator SULLIVAN, that would require the Secretary of Defense to prioritize NATO members who are meeting or exceeding the 2 percent GDP defense spending target when the DOD is making decisions on basing, training, and exercises.

I yield the balance of my time.

Mr. PAUL. How much time do I have remaining?

The PRESIDING OFFICER (Mr. MURPHY). Is the Senator opposed to the amendment?

Mr. PAUL. Yes.

The PRESIDING OFFICER. One minute and 40 seconds remaining.

Mr. PAUL. Could I ask unanimous consent to have one additional minute?

The PRESIDING OFFICER. Is there an objection?

Without objection, the Senator from Kentucky is recognized.

Mr. PAUL. It is unconstitutional for the legislature to change the Congress. While the Constitution provides a role for both the President and the Senate when entering a treaty, it is silent regarding how to exit a treaty.

When the question of treaty determination first arose in 1793, President Washington and his cabinet endorsed the view that the President's Executive power included the ability to unilaterally terminate a treaty, withdraw from the treaty obligations, permitted the U.S. to maintain neutrality in a war between France and Great Britain, and it was done unilaterally by President Washington.

The power to enter treaties is found in article 2, which vests the President with the Executive power. Unlike a legislative body, the President can act with unity and dispatch, precisely the qualities needed to negotiate a treaty. And so the Founders grounded this authority in article 2.

Passing this amendment is tantamount to altering the Constitution, because the amendment would authorize the Senate to infringe upon the Executive powers of the President. The Senate has no voice when exiting a treaty. This would amend the Constitution and is unconstitutional, and that is a good thing.

The Founders wanted it to be difficult to commit the United States to international obligations and easy to get out. We should follow the Constitution and vote ''no'' on this amendment.

Mr. KAINE. Mr. President, might I ask how much time I have remaining?

The PRESIDING OFFICER. One minute and 17 seconds.

Mr. KAINE. On the constitutional argument, my colleagues, this very question came before the Supreme Court of the United States in 1979. President Carter terminated a Taiwan-related treaty and was sued by Senator Goldwater and others. The case went to the United States Supreme Court. The Court said because the Constitution on exiting a treaty is silent, it is a political question that the legislature and Executive can resolve for themselves.

The Supreme Court refused to overturn Carter's action. That is a clear green light that if Congress, the legislative, and Executive branch agree that on this particular treaty the silence does not dictate but can be the source of legislation, we would be able to undertake this action.

Finally, I note this is widely bipartisan, and I thank Senator RUBIO and many other Democratic and Republican colleagues who have cosponsored this amendment to stand strong at this moment with me.

With that, I yield.

Mr. WICKER. Mr. President, how much time is left on this unnecessary and extraneous amendment?

The PRESIDING OFFICER. One minute and 11 seconds.

Mr. WICKER. I urge a ''no'' vote for those reasons.

VOTE ON AMENDMENT NO. 429

The PRESIDING OFFICER. The question now occurs on agreeing to amendment No. 429.

Mr. KAINE. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

Mr. WICKER. A parliamentary inquiry.

The PRESIDING OFFICER. The yeas and nays are ordered, but the Senator will state his inquiry.

Mr. WICKER. Do I understand this will be a 10-minute vote and those Senators who arrive after 10 minutes and a brief grace period will not be allowed to vote? Is that the position of the chair?

The PRESIDING OFFICER. Ten-minute votes have been ordered.

Mr. WICKER. I appreciate the clarity.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk called the roll.

Mr. DURBIN. I announce that the Senator from Pennsylvania (Mr. FETTERMAN), the Senator from Colorado (Mr. HICKENLOOPER), the Senator from Minnesota (Ms. KLOBUCHAR), and the Senator from Vermont (Mr. WELCH) are necessarily absent.

Mr. THUNE. The following Senators are necessarily absent: the Senator from Wyoming (Mr. BARRASSO), the Senator from South Carolina (Mr. SCOTT), and the Senator from Alabama (Mr. TUBERVILLE).

Further, if present and voting: the Senator from Alabama (Mr. TUBERVILLE) would have voted ''nay.''

The result was announced—yeas 65, nays 28, as follows:

[Rollcall Vote No. 190 Leg.]

NOT VOTING—7

Barrasso	Klobuchar	Welch
Fetterman	Scott (SC)	
Hickenlooper	Tuberville	

The PRESIDING OFFICER. On this vote, the yeas are 65, the nays are 28.

Under the previous order requiring 60 votes for the adoption of this amendment, the amendment is agreed to.

The amendment (No. 429) was agreed to.

The PRESIDING OFFICER. The majority leader.

Mr. SCHUMER. Mr. President, again, I remind Members that we now closed the vote before everybody came, and we are going to keep doing that. So please stay here, and let's try to get as much done as we can this afternoon.

Thank you.

The PRESIDING OFFICER. The Senator from Kentucky.

AMENDMENT NO. 222

Mr. PAUL. Mr. President, I call up my amendment No. 222, and I ask unanimous consent that the debate of 4 minutes be equally divided.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the amendment by number.

The bill clerk read as follows:

The Senator from Kentucky [Mr. PAUL] proposes an amendment numbered 222.

The amendment is as follows:

(Purpose: To express the sense of Congress that Article 5 of the North Atlantic Treaty does not supersede the constitutional requirement that Congress declare war before the United States engages in war)

At the appropriate place in title XII, insert the following:

SEC. ___. SENSE OF CONGRESS ON CONSTITUTIONAL REQUIREMENT THAT CONGRESS DECLARE WAR BEFORE THE UNITED STATES ENGAGES IN WAR.

It is the sense of Congress that Article 5 of the North Atlantic Treaty does not supersede the constitutional requirement that Congress declare war before the United States engages in war.

Mr. PAUL. Mr. President, my amendment reasserts that article 5 of the NATO treaty does not supersede Congress's power under article I, section 8, clause 11 of our Constitution to declare war.

According to our Constitution, we resort to war only after the people's elected representatives deliberate and determine that it is in our best interest.

My amendment is also consistent with the NATO treaty. Article 5 of the treaty commits allies to respond to an attack, but it allows each ally to determine whether to engage in military hostilities.

Article 11 of the NATO treaty states that its provisions are to be carried out by each country's constitutional process. We cannot delegate our responsibility to NATO, nor are we expected to.

Let's reaffirm that article 5 does not supersede Congress's responsibility to declare war.

The PRESIDING OFFICER. The Senator from New Jersey.

Mr. MENENDEZ. Mr. President, I rise in opposition.

Senator PAUL's amendment is entirely unnecessary, but worse than that, it is dangerous.

There is no question that, like any other treaty, the NATO treaty does not supersede the Constitution. However, specifically calling out article 5 of the North Atlantic treaty here erroneously implies that there is a tension between it and the Constitution. This sends a damaging message about the U.S. commitment to the alliance at a time when support for NATO is as critical as ever given Russia's invasion of Ukraine.

Further, by only referencing the NATO treaty, Senator PAUL's amendment erroneously implies that other treaties may supersede the Constitution—a proposition that no Senator would accept.

Because Senator PAUL's amendment is both unnecessary and harmful at a critical time of our engagement in Ukraine, I urge all Senators to vote against it.

I reserve the balance of the time.

The PRESIDING OFFICER. The Senator from Kentucky.

Mr. PAUL. How much time do I have remaining?

The PRESIDING OFFICER. You have 1 minute remaining.

Mr. PAUL. I think it should be an easy vote to affirm the Constitution. To vote against affirming the Constitution actually places doubt in the Constitution.

The power to declare war is the most important power and the most important vote that any legislator will ever entertain. Why is this important? Because in 2001, people voted to go to war, and this body still thinks that vote binds us to war with no further vote.

We do need to reaffirm the power and the necessity of declaring war because we are ignoring it by continuing to be involved in military activity and war around the globe without ever having voted on it as we are mandated by the Constitution.

Mr. REED. Mr. President, is there any time remaining on our side?

The PRESIDING OFFICER. There is 63 seconds remaining.

The Senator from Rhode Island.

Mr. REED. I will be very brief. My understanding of the War Powers Act—the President of the United States may initiate hostilities for a limited period of time until Congress can act. This proposal, a sense of Congress, would call into question what the War Powers Act authorizes, and that is a constitutional provision. It has been held constitutional.

VOTE ON AMENDMENT NO. 222

The PRESIDING OFFICER. The question is on agreeing to the amendment.

Mr. WICKER. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The clerk will call the roll.

The senior assistant legislative clerk called the roll.

Mr. THUNE. The following Senator is necessarily absent: the Senator from Wyoming (Mr. BARRASSO).

The result was announced—yeas 16, nays 83, as follows:

[Rollcall Vote No. 191 Leg.]

YEAS—16

Braun	Kennedy	Rubio
Cruz	Lankford	Schmitt
Daines	Lee	Tuberville
Hagerty	Lummis	Vance
Hawley	Marshall	
Johnson	Paul	

NAYS—83

NOT VOTING—1

Barrasso

The PRESIDING OFFICER. On this vote, the yeas are 16, the nays are 83.

Under the previous order requiring 60 votes for passage, the amendment is not agreed to.

The amendment (No. 222) was rejected.

The PRESIDING OFFICER. The majority leader.

ORDER OF BUSINESS

Mr. SCHUMER. Mr. President, we made some good progress this afternoon. We are going to have our fourth vote now. It will be the last vote today. The Cruz-Manchin amendment, No. 926, will be the first vote tomorrow morning. We are going to continue to work on setting up additional rollcall votes on amendments for tomorrow. Members should be aware that we will probably have a nice chunk of votes tomorrow if we can work everything out. We want to move as quickly as we can.

The PRESIDING OFFICER. The Senator from Ohio.

Mr. VANCE. Mr. President, I ask unanimous consent for 4 minutes equally divided prior to the next rollcall vote.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 838

Mr. VANCE. Mr. President, I call up amendment No. 838 and ask that it be reported by number.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Ohio [Mr. VANCE], for Mr. HAWLEY and himself, proposes an amendment numbered 838.

The amendment is as follows:

(Purpose: To amend the Foreign Assistance Act of 1961 to clarify the meaning of the term ''aggregate value'' for purposes of the Presidential drawdown authority)

At the end of subtitle G of title XII, add the following:

SEC. 1299L. CLARIFICATION OF THE TERM "AGGREGATE VALUE" FOR PURPOSES OF PRESIDENTIAL DRAWDOWN AUTHORITY.

The Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended—

(1) in section 506(a)(1) (22 U.S.C. 2318(a)(1)), in the undesignated matter following subparagraph (B), by inserting after ''fiscal year.'' the following: ''For purposes of this paragraph, the term 'aggregate value' means—

''(A) in the case of defense articles, the greater of—

''(i) the original acquisition cost to the United States Government, plus the cost of improvements or other modifications made by or on behalf of the Government; or

''(ii) the replacement cost; and

''(B) in the case of defense services, the full cost to the Government of providing the services.''; and

(2) in section 644(m)(2) (22 U.S.C. 2403(m)(2)), by inserting ''except as provided in section 506(a)(1),'' before ''with respect to''.

Mr. VANCE. Mr. President, I propose amendment No. 838 for the very simple reason that, as we spend resources to support the Ukrainian war effort against the Russians, we need to be honest with ourselves and honest with the American people about exactly what we are spending and how much we are spending.

We saw recently, in a $6 billion Department of Defense accounting error, which fails to give the American people and fails—and what our amendment does is simple. It forces the Department of Defense to use an accurate accounting method. If we ask ourselves, when the President uses his drawdown authority to send weapons systems to Ukraine, how do we account for it? Do we account for it based on an old cost with depreciation or do we account for it on its cost to the American taxpayer?

I think it is very clear that the cost to the American taxpayer is the one that we should use, and I also think this allows us to more adequately count and account for the resources we are giving to Ukraine and other nations as well.

Mr. President, I ask to reserve the remainder of my time.

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, I rise in opposition to the Senator's amendment. This amendment actually changes a longstanding definition related to the President's use of drawdown authority to provide critical military support to our partners in times of need.

It would artificially inflate the value placed on the defense articles—things like weapons or military items or technical data that we provide to our partners and allies, resulting in the administration hitting the cap on its authority much more quickly. That means less aid to Ukraine, less aid to Taiwan, less aid to any ally that needs assistance in the future.

This would undercut our current efforts to support the Ukrainians, limiting our ability to provide them with critical defense articles they need to defend themselves. If this amendment passes, it will be a loss for our ability to support our allies. I urge a ''no'' vote.

Mr. VANCE. Mr. President, I ask to be recognized.

The PRESIDING OFFICER. The Senator from Ohio has 47 seconds remaining.

Mr. VANCE. Mr. President, I will be brief here. First of all, the Department of Defense clarified that it has not used the proper accounting methods in Ukraine. So I don't think this is a change to a longstanding policy. I think that it reinforces proper accounting methods within the Department of Defense.

The more important point here is that a $6 billion accounting error is approximately the amount of aid that the United Kingdom has provided to Ukraine. If we are not using an accounting method that allows us to properly account for this stuff, we are missing gaping numbers. We can't possibly have a reasonable cost-benefit debate if we don't know the cost of the resources and the weapons we are sending to Ukraine.

We just need to be honest with ourselves and with the American people. That is all this amendment does. And I ask that it be called up for a vote.

I ask for the yeas and nays.

The PRESIDING OFFICER. Is there further debate?

Mr. REED. Mr. President, is there time remaining?

The PRESIDING OFFICER. The Senator from Rhode Island is recognized and has a minute and 3 seconds.

Mr. REED. Mr. President, the Army recognizes its mistake. They revised their policies. They now use something known as net book value, which is consistent with the Foreign Assistance Act, which the State Department uses.

And reinforcing Senator MURRAY's point, the bottom line here is, if we adopt this amendment, we will lower the amount of equipment we can provide to Ukraine, which is critically in need of such equipment.

I would urge a ''no'' vote.

VOTE ON AMENDMENT NO. 838

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The yeas and nays have been requested.

Is there a sufficient second?

There appears to be a sufficient second.

The clerk will call the roll.

The legislative clerk called the roll.

Mr. THUNE. The following Senator is necessarily absent: the Senator from Wyoming (Mr. BARRASSO).

The yeas and nays resulted—yeas 39, nays 60, as follows:

[Rollcall Vote No. 192 Leg.]

YEAS—39

Blackburn	Hawley	Ricketts
Braun	Hoeven	Rounds
Britt	Hyde-Smith	Rubio

NOT VOTING—1

Barrasso

The PRESIDING OFFICER (Ms. CORTEZ MASTO). On this vote, the yeas are 39, the nays are 60.

Under the previous order requiring 60 votes for the adoption of the amendment, the amendment was not agreed to.

The amendment (No. 838) was rejected.

The PRESIDING OFFICER. The Senator from Colorado.

Mr. BENNET. Madam President, I ask unanimous consent that the vote on the Cruz-Manchin amendment No. 926 be at a time to be determined by the majority leader, following consultation with the Republican leader, on Thursday, July 20, with all provisions in the previous order remaining in effect.

The PRESIDING OFFICER. Is there an objection?

Without objection, it is so ordered.

UNANIMOUS CONSENT REQUEST—EXECUTIVE CALENDAR

Mr. BENNET. Madam President, I ask unanimous consent that the Senate proceed to executive session to consider the following nominations en bloc: Calendar Nos. 46 through No. 52, No. 82 through 107, No. 110 through No. 113, No. 130 through 139, No. 180 through No. 205, No. 224 through No. 226, No. 228 through No. 234, No. 236 through No. 246, No. 248 through No. 249; that the nominations be confirmed en bloc; the motion to reconsider be considered made and laid upon the table with no intervening action or debate; that no further motions be in order to any of the nominations; that the President be immediately notified of the Senate's action; and the Senate then resume legislative session.

The PRESIDING OFFICER. Is there an objection?

Mr. MARSHALL. Reserving the right to object.

The PRESIDING OFFICER. The Senator from Kansas.

Mr. MARSHALL. Madam President, I am certainly honored to be here and stand beside my colleague and friend, Coach TOMMY TUBERVILLE, as we work through a very, very challenging situation regarding our military nominations.

I have tried to listen to the arguments from my colleagues across the aisle, and one thing I want to just point out, a very simple solution, is to bring these to the floor and give us a vote on them.

I am happy to stay here tonight and vote. Happy to come in early tomorrow and vote as well. It is certainly something within the power of this body to do that. So that is one simple solution.

Next, I want to point out that the Pentagon is the one that picked this fight. They are the one that changed the policy. And in my opinion, this is an unlawful policy that they are ignoring the Hyde amendment, that they are using Federal funds to aid and abet in abortions.

As I dug a little deeper into this, I was shocked to find out that the Pentagon's policy allows more time off for an abortion than for a person who needs to go attend to a family funeral or to a marriage.

And I might add, of course, the military, I assume, is not paying for the travel of that soldier going back home to get married or to attend a family funeral.

There is lots of arguments why we think this is right, but I think the ultimate argument is why Coach TUBERVILLE and I are here is that we believe in the sanctity of life, that we believe that life begins at conception.

I think if my colleagues across the aisle would sit and listen for a second, if you truly believe that life begins at conception, I don't see how you could support abortions, let alone using Federal dollars to pay for these abortions.

I remember my second year of medical school, and I was assuming I was going to be a family practice doctor. We had been married for about a year and a half, had our first baby. And the second that little girl made her first cries and I saw that bond between my daughter and my wife and every time I

delivered a baby since then, I have always just been amazed at that bond between a baby and a mom, that agape love that a mom shows a baby. It was at that moment that my daughter was delivered that I decided that that was what I wanted to do for a living.

As an obstetrician, a person who believes that life begins at conception, that is why this issue is so important to us. That is why this is such an important issue that we are willing to hold up these nominations.

I think what we are asking is a simple solution: Let's take these flag officers and these generals, and let's vote on them. We can take these on. I think there are only 250 of them or so. I think we can take those on, and then let's do them.

If not, we are asking the Pentagon to go back to the previous policy and stop their unlawful use of American taxpayer dollars violating the Hyde amendment for these abortions.

The PRESIDING OFFICER. Is there an objection?

The Senator from Alabama.

Mr. TUBERVILLE. Madam President, reserving the right to object.

Last night, I spoke on the phone with Secretary of Defense Lloyd Austin. I also spoke with him last Thursday. Both conversations were very cordial. We had good conversations, respectful; but they were very brief. There was absolutely no offer—there was no offer—of a compromise. It is their way or the highway. Thus far, the Pentagon has done nothing but attack me, and I keep repeating the same claims over and over.

Since I spoke with Secretary Austin on Thursday, a few things have changed. One is that the House of Representatives has now passed their annual Defense bill. The bill contains an amendment that would explicitly repeal the memos which implemented the Pentagon's new abortion policy. It wasn't in the base text of the bill. It was added on the floor by the majority of the House Members. The majority of the House of Representatives has spoken out in opposition to this policy. It was a bipartisan vote.

Senator BENNET, Secretary Austin, and President Biden need to realize this. I am not alone. Our team is building and growing, and 60 percent of the country is opposed to taxpayer funding for abortion. That includes Democrats, Republicans, and Independents—60 percent.

The Pentagon's new abortion policy is even worse than that. It is a taxpayer-funded abortion that nobody—and I mean nobody—in the House or here voted for.

It gets worse. This morning, the Pentagon's staff who is in charge of putting this together, gave a briefing to the members of the Senate Armed Services Committee. To be honest with you, it was a complete debacle. I thought they would be prepared. The briefing confirmed a few things we know about this policy.

First of all, there are virtually no restrictions at all on the use of this policy. None. The briefers confirmed that the policy could be used to facilitate a late-term abortion for enlisted members and their dependents. Pentagon officials confirmed that this policy would facilitate abortion up to the moment of birth, depending on the State—at the moment of birth. Late-term abortion is opposed—late-term abortion is opposed—by about three-quarters of the American people.

To be clear, the DOD has the authority to perform abortions in cases of rape, incest, and the life of the mother. That was passed on this floor in 1984. Now, what we are talking about with this new policy that no one in this building voted on is taxpayer funding for elective late-term abortion. This is radical. It is extreme. It is downright wrong.

Third, the briefers essentially confirmed that the policy was not—was not—based on facts. It was based on an extreme political ideology. I asked the briefers for evidence that abortion improves readiness. They should have seen this coming before they walked in the building this morning at 9 o'clock. They knew they were going to be asked this. I have been asking this question for a year; and Pentagon officials still have absolutely no evidence whatsoever that it impedes readiness. When the administration was touting this policy, they said it could lead up to 4,000 taxpayer-funded abortions a year.

Let me explain this.

When I got a briefing last year from the Pentagon, we asked them: How many abortions is this going to consist of? Well, now we are doing two dozen a year. When this policy is put into place, RAND—their polling group out of the Pentagon—said it will affect probably around 4,000. Now, this came from the Pentagon. This wasn't made up by my team or anybody else in my party. This came directly from the Pentagon. Now, I want to say this—4,000—and that is not including dependents. It is not including dependents. So you are looking at a lot more.

Now they are backtracking and accusing me of inflating that number. Well, that is fine. They have a short memory. That argument cuts both ways. The Democrats need to explain why 2,000 abortions—if that is all it is going to be—are necessary for a military of 2 million people. They can't explain it because it has nothing to do with readiness. We are talking about elective abortion.

We already have an abortion policy for rape, incest, and the health of the mom. This policy was, in no way, affected by the Alabama law or any other State law. It has nothing to do with the Dobbs decision. This is a taxpayer-funded abortion that nobody—and I mean nobody—voted for in this building or at the other end of the building.

The Democrats say my hold is unprecedented. Well, I will say this: Their abortion policy is unprecedented. We are here to make the law, not the Pentagon.

Anyone who calls himself pro-life needs to stand up and be counted right now. That means my party included. The Democrats' media machine is throwing the kitchen sink at this hold. It doesn't bother me. I have been called everything anyway. It just makes me that much stronger to hear people complain about this, knowing that deep down, somewhere, there is a soft part in their hearts for 4,000 to 5,000 unborn babies who will never breathe life on this Earth. So the more Joe Biden attacks me, the more I am convinced I am doing the right thing.

It seems like my colleagues on the left will do anything to change the subject and distract from this issue at hand. Recently, even the White House attacked my football record. My wife did the same thing at times. It is absolutely ridiculous, though, how this thing has gotten out of hand. There has been very little conversation, very little dialogue, and that is what this place is supposed to be about. The only dialogue we have had is with Senator BENNET and several other Senators coming in and discussing this in a UC, but the people who can change this and have an opportunity to make a difference in this could sit down and talk.

I hate that we have to do this, but we are going to stick with it. So let's stick with the facts. And, after today's briefing, it is clear to me that the Pentagon doesn't have any facts.

For that reason, I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Colorado.

Mr. BENNET. Madam President, I am sorry that the Senator from Alabama has objected tonight again. I think this is the seventh time that we have been out here having this conversation, when I have been trying to move ahead the promotions of our Defense Department and he has, in an unprecedented manner, opposed it.

For 230 years, nobody in this Chamber has done what the Senator from Alabama is doing—putting a hold on the military promotions of people in uniform, of the flag officers of our Department of Defense, who ordinarily come through here in a customary way to get approved by the Senate, for obvious reasons—because we need them. They are for our national security. They have sacrificed their entire adult lives. They have sacrificed time with their families. They have sacrificed everything for this country. Now they have been put on a list to be promoted, and the Senator from Alabama has put a hold on them, which has never happened before in the history of the United States

For somebody who has put this Senate to a grinding halt month after month after month, he has picked an odd argument with which to defend his position. He has said, time and time again, that what he is doing actually doesn't matter, that what he is doing

in the face of Democratic and Republican—not that it matters, because the Secretary of Defense, you know, shouldn't think of himself as a Democrat or a Republican. But the people who have served in Democratic and Republican administrations have said over and over again that he is compromising our national security, which is, of course, exactly the conclusion that anyone who is looking at this with common sense would believe, which is that our generals and our admirals actually make a difference and that the head of the Joint Chiefs of Staff actually makes a difference.

If that is not the case, we are in worse trouble than I thought. If it is the case, if what he is saying is right and that it doesn't matter, that it doesn't make any difference, then how can he claim to be acting on this incredibly important principle since it doesn't matter?

As he says, these military positions are being fulfilled by acting officials—by acting officials. He says the generals, as I say, aren't important, that the admirals aren't important, and that they can be filled by acting officials because we don't need a Marine Corps Commandant. In his mind, it doesn't matter. We don't need an Army Chief of Staff. We don't need a Chief of Naval Operations. We don't need a nominee for the Joint Chiefs of Staff. All of those positions are up for promotion right now, and every single one is being blocked by the Senator from Alabama and by the people in this Chamber who are supporting him on this unprecedented hold.

By the way, I haven't talked about this in the seven times I have been out here, but I have heard from people about this since, so let me just mention the incredible unfairness of this hold to the families who are supporting and serving with them, who are living with these members of the Armed Forces, many of whom have spent their entire careers working to get to the point that they are in right now—to be promoted to positions with the most significant responsibilities they have ever held.

As for the decisions that have been made on the way here—to miss the soccer games of their kids; to make a decision to accept a promotion that takes you to a foreign land that is distant from your family, that is distant from your community—there is a disruption in people's lives who now don't know where to put their kids in school because the Senator from Alabama has put on his blanket hold, which he says doesn't matter. These are people who wear the uniform of the United States. They are not politicians, not that that matters either, but they are people who wear the uniform of this country, who have given their lives and their careers to this country, and he says that holding up these promotions doesn't matter.

By the way, I am not going to get distracted by this, and I am not going to criticize his coaching career tonight or his football record, as he said. The Senator from Kansas, I know, won't let me get away with that, so I am not going to do it. I would even say the Senator from Kansas would have to admit, I hope, that this is an odd position for a coach to take—that the coaches don't matter in our military and that our admirals and our generals and the people who rally the troops don't matter.

You know, this is a little bit like saying the Denver Broncos didn't need Mike Shanahan to win two consecutive Super Bowls in 1997 and 1998 or that the Denver Nuggets, this year, didn't need Michael Malone to win their first NBA championship or—not to criticize his record—that the University of Alabama didn't need Nick Saban to win eight SEC championships.

Of course, it matters. Leadership matters. Leadership matters probably more in the Armed Forces than it matters anywhere else, and that is the reason that we are here. He knows exactly what he is doing, and he understands the damage that he has inflicted, and there is a reason he is the only Senator in 230 years who has done this.

What is it? What is it that he wants to bring the country's attention to? What is he asking the country to pay attention to? He is saying that he is standing up for the sanctity of life. He said that tonight. He is claiming that it is easy to describe these policies as the woke Biden administration distorting the Defense Department to serve their woke policy goals.

What he wants the American people to believe is that he is stopping the government from paying for abortions, and that is simply not what he is doing because that is not what is happening. That is not what is at issue here.

He says that the Dobbs decision doesn't have anything to do with what he is doing or with this case, and that is totally wrong.

Last year, as everybody in America knows, the Supreme Court of the United States, for the first time since Reconstruction, stripped the American people of a fundamental freedom, a fundamental constitutional right. That has not happened in this country since Reconstruction, but it happened this year.

It happened this year in the Dobbs case. It happened when Justice Alito, writing for the majority, said that if it wasn't a freedom in 1868, it is not a freedom today. And that was the most glorious—I would say inglorious, but he would say glorious—expression of his judicial ideology of originalism that we have ever seen on the Court. It came after 50 years—it is worth going through this history because he blew it off so quickly—after 50 years of a concerted political effort to overturn a woman's right to choose in this country; to run elections based on taking that freedom away, that right away; to pack the courts with judges who would take that freedom away; to create a judicial ideology that barely existed.

The ink was barely dry on the law review articles that Justice Scalia—then-Attorney Scalia—was writing when I was in law school that were claiming that these originalists had a fundamental understanding of what the Founders' perspective was and understanding was when they founded this country, when they wrote the Constitution. Now we have seen it manifested in this opinion by Justice Alito, where he says that if it wasn't a freedom in 1868, it is not a freedom today.

I don't want the pages or anybody else who is here tonight to be fooled just because they used the word ''originalism.'' That is the most brilliant political name, the most brilliant political label that has ever been attached to any ideology probably in the history of humankind—certainly in the history of our country—because it claims that they know what the Founders' actually wanted when they founded this country, which, of course, is ridiculous on its face for a variety of reasons, not the least of which is that the Founders had fundamental disagreements with each other about all kinds of things. Anybody who has studied our constitutional history to any degree knows that and knows the Constitution was a product of compromise and consensus and agreement and disagreement.

Some of the Founders, I am sad to say, owned slaves and fought very hard for the protection of human slavery in the United States of America, and their legacy will be with us to the end of our days because of what they did at the founding. There are other Founders who fought, who were abolitionists, who said: This is wrong. We should get rid of slavery.

The Constitution, just like our pieces of legislation around here, is littered with—is littered with—those kinds of compromises. Some of them are ones that are glorious, and some of them are ones that are inglorious.

(Mr. OSSOFF assumed the Chair.)

I dwell on this, Mr. President, because it is important for people to understand that this didn't come from nowhere. It is important to understand that we are at a moment when they have achieved their 50-year ambition, which is to create an originalist majority on the Supreme Court of the United States to reverse Roe v. Wade, among other things, but that is clearly the most important thing to them.

In a moment of maybe political distress, realizing that they had actually succeeded in their wildest dreams to achieve something that, I can tell you, speaking for myself in my advanced age, when I was in law school, would have been unimaginable, which is that in the United States, we would reverse Roe v. Wade in the year 2023—that I would travel the streets of Colorado with my daughters, and we would look up at the billboards advertising certain stuff in Colorado and realize that we live in a country that was legalizing marijuana on the one hand and making

abortion illegal at the same time. That is something we couldn't have imagined. That is something we would not have foreseen.

But nobody, when I was in law school, would have believed that you could have gotten five Justices of the Supreme Court to agree with the logic that if it was not a freedom in 1868, when women didn't even have the right to vote in this country, it is not a freedom today, and it is as simple as that. It is as straightforward as that.

When that opinion was reached in Dobbs, then you started to hear people say: Well, don't worry about it. That is just a State's rights issue. You don't need to worry about that. Laboratory of democracy—we are just going to see what the States decide to do.

The first problem with that, of course, is that we are talking about a fundamental freedom. We are talking about a fundamental right. We are talking about, in my judgment, a civil right. That is the first issue. That is something that shouldn't be decided State by State by State. But it turned out that they actually meant what they said. This wasn't just an experiment in democracy; this was an attempt to ban abortion in the United States of America.

Since Dobbs was decided, 21 States have banned abortion or restricted access.

Last week, Iowa passed a 6-week abortion ban. Most women don't even know they are pregnant at 6 weeks.

The leading candidate for President on their side of the aisle, who is not named Donald Trump, signed an abortion ban in his State, the State of Florida, that 65 percent of Floridians oppose, that bans abortion at 6 weeks, and he did it at 11 o'clock at night. Why do you think he did that at 11 o'clock at night? Maybe because he knew that what seemed like the thing to do on rightwing radio was going to be a lot less popular with the voters in Florida and, I would say, the voters across the United States of America who are deeply concerned about protecting this civil right, who are deeply concerned about protecting freedom and a woman's right to choose and all the implications for equality that come to the fore when you are facing questions like this.

Those are the questions we are facing right now in the wake of the Defense Department in good faith trying to grapple with the change in the law brought about by the majority of the Supreme Court stripping away this fundamental freedom and stripping away this fundamental right.

There was a time when women serving in our military would have some assurance that they were going to have minimal access to reproductive healthcare no matter where they served. That was the law of the land before Dobbs. That is what Roe v. Wade said. But now they don't have that minimal access.

The Department of Defense, in the wake of the decision in Dobbs—not a decision, I assume, they would have wanted—is trying to grapple with that in ways that make sense for the men and women who serve in our military. They are basically trying to say: Let us treat women the same as everybody else who is serving in the military.

In response to Dobbs, the Pentagon released three policies.

Let me tell you something. Let me tell you something. We are going to have a debate in this country about what Dobbs means when it comes to access to a woman's right to choose, and the consensus that has existed around here for a long time has been upset by that. We are going to have a debate about that. I am sure about that. But I just want to say that it is absolutely false that the Defense Department has created a situation where—they are suggesting that they are funding—taxpayers—abortions. That is what the Senator from Alabama says. I hope that people who are supporting him on this floor know that is false. They know that is not true. That is not what the Defense Department is doing. The Defense Department has not violated the Hyde amendment.

The Defense Department, faced with this decision in Dobbs, did three things. They said: If you need reproductive healthcare or if you need an abortion, we will pay for your travel to go from a State like Alabama, where you can get jailed, I guess, for up to 99 years if you are a doctor who performs abortion, to a State like Colorado that has enshrined Roe v. Wade, that we will pay your way.

That is not special treatment; that is the treatment everybody gets for a medical service that is not provided near their base.

The second thing they said was that they were going to allow paid leave while you are getting your reproductive healthcare, just like everybody else who is going to get a medical procedure gets. And we are going to give you a little bit of additional time on this—what can be a very difficult subject for the reasons everybody here knows—to talk to your commanding officer and inform them that you are pregnant.

That is it. That is it. That is it. It is not more than that.

So what I would ask everybody in this Chamber, whether you are pro-life or whether you are pro-choice or something else, where everybody across America who is suffering now because we are not able to promote the flag officers in the U.S. military—what I would ask you to consider, please, is what Senator TUBERVILLE will win if he wins. What will Senator TUBERVILLE win if he wins? He will ensure that women are going to be treated worse than men in the Department of Defense.

He will ensure that women will be treated differently, unequally, and unfairly because, unlike anyone else who needs a medical procedure, they will have to pay for their own travel out of, let's just say, Alabama or other States that have banned abortion, to be able to access an abortion. Unlike everybody else—unlike everybody else—they will have to take unpaid leave while they are trying to undergo that medical procedure or a medical procedure that could lead to an abortion.

I don't think most people in this country who are pro-life would think that women should be treated differently in that respect, discriminated against. I think they would take the view that, if you are serving in the U.S. Armed Forces and you are serving in a State that has banned abortion and you are pregnant, and you have decided—you have made a judgment on your own or with your family or with your doctor—that the right answer for you and for your family is to go to another State and have an abortion—I think most people would say that you ought to have the right to do that, that you shouldn't be discriminated against if that is your judgment. That doesn't mean you are pro-choice or pro-life. It means that people can make that determination and that people shouldn't be discriminated against.

I have to say, Mr. President, it is almost as if he is punishing them for the rule that the Department of Defense has promulgated and that he wants to try to make this a case of the Biden administration overreaching, distorting the Department of Defense, bending DOD to its will, infusing the Department of Defense with some sort of woke strategy.

I think it is really important for the American people to understand what is at stake here. This is not a game. This is not a game when you are holding up every promotion of every single flag officer at DOD. This is not a game when all you are talking about is whether we are going to have a country that discriminates against people or whether people are going to be treated equally. This isn't a game when the question is, Are you going to have the ability to have your leave paid for, your travel paid for, to have a little extra time to talk to your commanding officer about the decision that you are going to have to face?

Why in the world would we want to make life more difficult for people who are in that condition or circumstance? Why are we blaming them for a rule that they had nothing to do with writing and that the DOD had the ability to promulgate? The Department of Justice has made that clear. It defies common sense. It defies common sense.

And tonight we heard him say that he is here because he is trying to defend the sanctity of life. That is what he said. And I have said out here and I will say again that I believe that people in this country have strong differences of opinion when it comes to a woman's right to choose and when it comes to abortion and that I think it is really important that people respect that. The Presiding Officer and I actually have had this conversation over

the years about that, and I believe it. I think that people can have very different moral points of view here. I think that people can have very different religious points of view about this.

I have concluded, for myself, that I think this is a decision that is much better left—partly because it is such a difficult decision, it is a much better decision to be left to a woman herself, consulting with whomever she wants to consult with—her doctor, her family—than it is for MICHAEL BENNET to impose myself on that decision or for Senator TUBERVILLE to impose himself on that decision.

Tonight, we heard him say that he thinks that DOD—that somehow this money could be used to pay for late abortions in this country and who wouldn't be for stopping late abortions in America; everybody would want to stop late abortions.

I would think, if you studied the matter, if you asked the question, ''What is a late abortion in America? What does happen?'' that what you discover is, not surprisingly, that 1 percent of abortions in America, or less than 1 percent, are late abortions in America, and they are situations where women—moms, mostly moms—have made the decision I say it—because it is going to be moms and dads—but, often, mostly moms—who have made the decision to have a child, to pick a name, to pick out the furniture for a bedroom, and then something has gone terribly wrong, something nobody in this Chamber would ever wish on anybody they knew. And sometimes those are circumstances where—against all expectations, against all promise, against all hope, against all joy—somebody has to make a decision to have a late-term abortion.

Is that really the moment that we want Senator TUBERVILLE helping to make that decision? Is that really when we want the Federal Government helping to make that decision? I don't think so. But I think we shouldn't be surprised that we are here with this extreme measure that he has taken in the Senate, a reflection of what is an extreme ideology.

He has called abortion ''infanticide.'' He has called abortion ''this generation's Holocaust.'' He won't be satisfied until he subjects women in his State to the draconian measures that Alabama has legislated. There are no exceptions for rape or incest in Alabama. If you are a doctor and you perform an abortion, you can go to jail for up to 99 years in Alabama.

Just today, Mr. President, we found out that the Alabama attorney general—like the attorney general from Mississippi, I think it was—wants to record information and is demanding that information be supplied to the government on women who have traveled out of State to seek abortion services. That is a pretty dystopian view of where we are as a country. I don't understand how you could say you are on the side of freedom and be trying to hunt the information down for American citizens who are making a decision that is in their interest or the interest of their family, to collect information on a lawful medical procedure, to try to prevent women from traveling across State lines in this country—in this country—in this democracy, this Republic.

How do you say that you are on the side of freedom when you refuse to allow women to have the same opportunity to travel for medical procedures as men, unless you think that somehow women aren't entitled to the same freedoms as men? How do you make the case—I don't know—that you stand for freedom? You might stand for something else than to stand for freedom when you say that you are in a better position, as an elected politician from a State, to make judgments about a woman's pregnancy than she is.

This is a freedom to discriminate. This is a freedom to oppress people. We are in a tough place tonight because of what the Senator from Alabama has done.

I acknowledge that his State is really different from mine. Colorado really values freedom, and Colorado really values privacy. By the way, I am sure the people of Alabama do too. I can't prove it here tonight, but I will bet you there are a lot of people in Alabama who think it is wrong to be holding up these flag officers and who, if they knew that this really was about paying, for example, for paid leave—not taxpayer-funded abortions, which is what we heard again tonight, which isn't true—that they would say: Man, this doesn't sound like the right battle that we are taking.

It is like the 65 percent of people in Florida who are saying: What? Our Governor signed a bill at 11 p.m. at night to create a 6-week abortion ban in our State when there are women in Florida all the time who don't even know that they are pregnant at that time?

Colorado has taken a different view. We are a libertarian State in some respects—a libertarian State, a Western State. We believe a decision about a woman's health belongs between a woman and her doctor and her family, if she chooses to involve them. We were the first State in America to decriminalize abortion before Roe v. Wade was even decided. We were the first State—Colorado—to codify the right to choose after Dobbs. And that is a totally different view of the world than Alabama has, and I accept that.

But the reason why we are here is we have got to figure out what to do in a post-Dobbs world, where that minimum threshold, that constitutional freedom on which so many generations of Americans—especially American women, but Americans—have relied has been stripped away. And in my opinion, in the meantime, we ought to be willing to say that this is a decision that should be left to women, to make this decision in their interest and for themselves.

It is not my job or the Senator from Alabama's job to substitute his position, his decision, to effectively say that we are going to reward your service, your willingness to serve in the Department of Defense, when you have been sent, through no fault of your own or decision of your own, to a place like Alabama that has banned abortion in this country—we are not only going to allow you to make that decision, but we are going to say that you have got to pay your own way out of here; that, unlike any other person, you can't take paid leave.

I think that is an extreme position, Mr. President, and I think it is an absurd position to believe that we are not hurting our national defense by not confirming these generals and these admirals and these other people who are up for promotion and that it doesn't somehow degrade our military readiness, when it obviously does. And every single person in this Chamber knows that it does.

At a time when Putin is in Ukraine and China is saber-rattling in the Pacific, this is the last thing we need to do. There is a reason why our friends in Ukraine are working so hard to try to take out the leadership in Putin's army, for God's sake—because it matters who is in command, as a matter of your national defense, as a matter of your national security, as a matter of your willingness or your ability to be able to effectively fight.

So I am at the end tonight, Mr. President. I apologize to the floor staff, once again, for keeping us here as late as I have. I apologize to the young pages who are here, in particular, not just for that fact but because they are coming of age at a moment in American history when we are coughing up fundamental rights, instead of extending those rights to people.

But that is what this battle has to be about. That is what this battle is about. That is why it is so important that when something like this happens, that we call it out and that even people who are natural allies or otherwise would be natural allies of a particular political position might in this instance say ''Man, that tactic is really self-defeating'' or might in this instance say ''Please at least tell the American people candidly what it is you are doing.'' I think the American people, if they understood that, would say we should do our job and approve these nominations.

I think the American people, in the years ahead and the decades ahead, are going to fix the decision that the Dobbs Court just did. There is no doubt in my mind that the American people are not going to stand for Justice Alito's America where if it wasn't a freedom in 1868, it is not a freedom today. We have come too far for that to be our point of view. We owe too much to this next generation of Americans and even the generation that is coming after them,

believe it or not, for that to be our point of view.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. MORAN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

IRAN

Mr. MORAN. Mr. President, America's attention is rightfully drawn to supporting Ukraine's defense against Russia's illegal and unjustified war. At the same time, we are contending with China, which is undergoing the largest peacetime expansion of military power in history.

This morning, Congress and the American people heard from Israeli President Isaac Herzog, and I rise today to remind my colleagues of the ongoing threat posed by Iran to peace in the Middle East and beyond.

Iran is exporting more oil today than it has since 2019 despite the sanctions that were overwhelmingly passed by this Congress and that remain as current law.

Recently, the Navy's Fifth Fleet intervened to prevent two commercial oil tankers from being seized by Iran in the Gulf of Oman. Iran was recently granted membership in the Shanghai Cooperation Organisation, which fosters deeper political and economic cooperation with Russia, China, India, and other members.

All of this has taken place while Iran continues to enhance its nuclear program, provides Russia with weaponry to use in Ukraine, funds proxy fighters throughout the Middle East, holds U.S. citizens hostage, and vows to kill former American officials in revenge for the death of Soleimani.

Despite Tehran's reestablishment of diplomatic ties with Saudi Arabia and holding indirect talks with the United States, it appears that we are far from the ''deescalation'' that the Biden administration says it seeks. Instead, all evidence points to an Iranian regime intent on aggressively pursuing its aggressive objectives.

I agree that we should avoid a crisis that would be triggered by Iran enriching uranium weapons beyond a 90-percent grade or by Iran-backed militias killing U.S. servicemembers in an attack, but my concern is what behavior the President is willing to accept short of these redlines.

While I can only speculate on the content of the Biden administration's reported talks with Iran, press reports suggest a possible agreement would permit Iran to maintain nuclear enrichment at 60 percent. This level cannot be justified for peaceable purposes, and agreeing to it can have serious consequences.

In addition, the Biden administration's persistent outreach to Iran undermines its stated goal to degrade the Russian military.

Henry Rome and Eric Brewer, two scholars who follow Iran's nuclear program closely, recently wrote:

> Instead of laying the groundwork for a deal that reverses Tehran's nuclear program, this strategy risks cementing Iran's status as a nuclear threshold state [all] while shaking off its economic and political isolation.

In other words, it gets a lot of what it wants without any price to pay.

Normalizing the 60 percent enrichment level may threaten more nuclear proliferation, particularly in the Middle East. Other countries contemplating nuclear programs will take note and demand the same treatment.

Another element of a reported deal is Iran's pledging not to harm American servicemembers in the region. Ensuring the protection of Americans abroad is the President's first responsibility, and it is to be commended; however, turning a blind eye to havoc wrought against our partners in the region only sows greater instability.

At the same time Iran's oil exports were revealed earlier this month, Israel was waging a military operation against Iranian-backed Palestinian militia groups—Hamas and the Palestinian Islamic Jihad.

In Iraq, in addition to Tehran-backed militias that remain beyond government control, Iran is gaining ground in the Iraqi Government.

Scholar Michael Knights observed last month:

> Iran's allies have achieved unprecedented control of Iraq's parliament, judiciary, and executive branch. . . . Washington's complacent attitude toward these events is only setting it up for costly involvement later.

The regime's ability, through the IRGC, to fund such efforts comes directly from the failure to enforce sanctions. The Wall Street Journal reports that oil exports are double what they were a year ago—the highest, as I said, since 2018. Oil revenue is the regime's lifeblood, and reducing its cash stream is a critical component to getting Iran to negotiate.

I call on this administration to strictly enforce sanctions on Iran's oil exports and pressure countries that help to facilitate the sale of Iranian oil.

In a bipartisan letter I joined with 25 of my colleagues just recently, we wrote the President last month:

> It is crucial for your administration to remain aligned with Congressional efforts related to Iran's nuclear program and not agree to a pact that fails to achieve our nation's critical interests.

In the face of a regime in which hardliners have solidified power, President Biden's narrowly focused approach merely kicks the can down the road. But this may be to Iran's advantage. In fact, it most likely is. Current trends indicate that Iran will use the time to refill its coffers and deepen its diplomatic ties, better positioning itself to withstand pressure to make any significant concessions.

The administration must pursue more than the bare minimum in its diplomacy. Keeping a problem from developing into a crisis is good, but solving the problem is much better. I recognize the obstacles that must be overcome and that we will have to provide some concessions. To believe otherwise would ignore the history of diplomacy. But in accord with the will of Congress, an acceptable agreement can be reached. President Biden has the tools we have provided through that legislation, and he must use them.

I yield the floor.

The PRESIDING OFFICER (Ms. HASSAN). The Senator from Colorado.

MORNING BUSINESS

Mr. HICKENLOOPER. Madam President, I ask unanimous consent that the Senate be in a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

TRIBUTE TO GRACE STEENBERGEN

Mr. BARRASSO. Madam President, I would like to take the opportunity to express my appreciation to Grace Steenbergen for her hard work as an intern in my office in Cheyenne, WY. I recognize her efforts and contributions to my office as well as to the State of Wyoming.

Grace is a native of Pine Bluffs. She is a sophomore at Baylor University, where she studies political science with a minor in legal reasoning and analysis. She has demonstrated a strong work ethic, which has made her an invaluable asset to our office. The quality of her work is reflected in her great efforts over the last several months.

I want to thank Grace for the dedication she has shown while working for me and my staff. It is a pleasure to have her as part of our team. I know she will have continued success with all of her future endeavors. I wish her all my best on her journey.

ADDITIONAL STATEMENTS

REMEMBERING JAMES A. WADE

• Mr. BLUMENTHAL. Madam President, I rise today to recognize Mr. James ''Jim'' Wade, an expert trial attorney, towering figure in Connecticut politics, and dear friend to so many, including myself.

Born in Staten Island, NY, and raised in Simsbury, CT, Mr. Wade received his undergraduate degree from Yale University in 1959 and his J.D. from the University of Virginia School of Law in 1962. Upon graduating from law school, Jim served honorably as a lawyer for the Navy's Judge Advocate General's Corps, a testament to his dedication to public service.

Following his service with the Navy, Jim returned to Connecticut and began a distinguished career as an attorney at Robinson+Cole. He became known for his willingness to take on diverse legal cases, including unpopular clients, but Jim's strong legal principles ensured they all received zealous representation. Jim was well-known for his mentorship of countless young attorneys. Throughout his long career, he was honored with numerous awards, including induction to the American College of Trial Lawyers in 1980 and the Hennessey award, given by the Connecticut Bar Association to an attorney whose career has manifested a dedication to the highest ideals and standard of the legal profession.

In addition to his love for the law, Jim had a passion for politics and was very actively involved for decades. A lifelong Democrat, he started his political career as a selectman in the town of Simsbury. Jim later became a trusted counselor to the Democratic Party in Connecticut, representing it before the U.S. Supreme Court in a reapportionment case. He was also a longtime trusted advisor to Governors, legislators, and others in public service. Jim's commitment left an indelible mark on Connecticut politics, and our State and Nation are better because of Jim's many contributions and dedication to the law.

Jim was truly a remarkable person, who upheld the rule of law with energy and intellect and epitomized a dedication to public service. I deeply valued my friendship with Jim and always appreciated his insight and perspective. My wife Cynthia and I extend our deepest sympathies to his family during this difficult time, particularly to his wife Helene, his two children, and his grandchildren. I hope my colleagues will join me in honoring Jim's life and legacy, both large and lasting.●

REMEMBERING ROBERT LEVI JONES

● Mr. CRAPO. Madam President, with my fellow Members of Idaho's congressional delegation Senator JIM RISCH and Representatives MIKE SIMPSON and RUSS FULCHER, we pay tribute to veteran and tireless veterans' advocate, Robert ''Bob'' Jones. Bob passed away on July 8, 2023, after a long battle with cancer and heart disease. Bob's service in the U.S. Air Force, as a leader of the Veterans of Foreign Wars, VFW, and as a member of the Church of Jesus Christ of Latter-day Saints has left an indelible mark.

Bob dedicated his life to God, country, and community. He served in the U.S. Air Force for 20 years, retiring as a lieutenant colonel; his service included commanding logistics squadrons supporting combat units in the Vietnam war, serving as chief of supply for the Presidential Wing at Andrews Air Force Base, and serving at the Pentagon as a senior staff officer with the U.S. Air Force. Bob earned 24 medals for his distinguished service that include the Vietnam Service Medal with three oakleaf clusters, the Republic of Vietnam Campaign Medal, the Vietnam Gallantry Cross with Palm, the Korean Defense Service Medal, and the Bronze Star.

After his military service, Bob's civilian career included working as vice president of a defense firm in Saudi Arabia, where he met the love of his life, his wife of 40 years, Carmelita. They made their home in Riyadh, Saudi Arabia, for 13 years before moving to Rexburg in 1995. Bob and Carmelita owned the Arctic Circle Franchise in Rexburg and an independent family restaurant called Timber's Edge in Island Park for several years.

Bob translated his immense experience to support and advocate for his fellow veterans. He served in many VFW leadership positions that included his service as a VFW All-American past state commander and national legislative committee member for Idaho. He and Carmelita have been so dedicated to helping improve the lives of servicemembers, veterans, and their families that they traveled to Capitol Hill twice per year to advocate on their behalf, and Bob stayed involved despite his battle with cancer. We have always valued the time spent with Bob and Carmelita as they thoughtfully explained the need for Federal policy changes to better support military families. The Major Richard Star Act, to provide combat-injured veterans with less than 20 years of military service their full benefits, is just one example of the legislation they worked to advance as they helped make clear the personal costs of war. Bob said, ''It is our duty and obligation to see that they are cared for and not forgotten.''

Bob was also a precinct committeeman and a member of the Madison County Republican Central Committee and military liaison board member of the Rexburg Area Chamber of Commerce among his many efforts to serve the community. He understandably received numerous honors for this local and statewide service. Governor Brad Little presented Bob with the 2019 Idaho's Brightest Star Award for exemplary volunteer service to the State of Idaho and fostering an ethic of service in others. He was also a recipient of the 2020 Spirit of Freedom award for his extensive, extraordinary career of service to our country and his fellow veterans. He was recognized with the 2022–2023 VFW National Legislative Service Award at the VFW Legislative Conference on March 14, 2023, for his tireless efforts on behalf of our Nation's veterans, and he was honored with the 2022 Presidential Award by the Chamber of Commerce at the 84th Annual Farmer Merchant Banquet on April 17, 2023, for his outstanding achievements and contributions to the success of Rexburg, to name just a few of his many honors.

Bob's obituary aptly describes his service-focused mindset: ''He wanted to leave this world a better place than he had found it and pay forward for all the many blessings and opportunities with which he was blessed with.'' We offer our sincerest condolences to Carmelita and his many friends and loved ones, including their children, grandchildren, and great-grandchild. Bob is deeply missed and leaves a lasting legacy of admirable service to our country, State, community, fellow veterans, and so many others. We are fortunate to have known him and benefited from his vision, dedication and advocacy.●

100TH ANNIVERSARY OF THE LOS ANGELES MEMORIAL COLISEUM

● Mr. PADILLA. Mr. President, I rise as a proud Angeleno to celebrate the 100th anniversary of the Los Angeles Memorial Coliseum.

Few stadiums in the world have such a storied history and such a lasting cultural impact, as the LA Coliseum. Since opening in 1923, it has served as a living memorial to those who bravely fought in World War I, and it has endured as a landmark for generations of Angelenos.

The Coliseum remains the only stadium in the world to have hosted two Summer Olympics. The first games, held in 1932, helped revolutionize the format for the modern Olympic Games and displayed America's resolve through the Great Depression. The second, held in 1984, was highly regarded as a financial success and a masterclass in hosting and showcasing the Olympic Games. As a boy, I remember watching in awe as Olympic legend and California icon, Rafer Johnson, ran up the steps of the Coliseum and lit the Olympic cauldron. With plans to once again welcome athletes from around the world and showcase Los Angeles as a world-class city in 2028, the Coliseum will soon break its own record as a third-time host for the Olympic Games. The Coliseum also hosted the 2015 Special Olympics World Summer Games to showcase the skills and accomplishments of athletes with intellectual disabilities.

Many iconic sports teams have called the Coliseum home over the years. The USC Trojans' and the UCLA Bruins' athletic programs shared the stadium for over 50 years. Today, the Coliseum's timeless white arches provide the backdrop for thousands of loyal USC fans waiting to erupt each time their team plays a home game. In the National Football League, the Rams, the Raiders, and the Chargers have all called the Coliseum home at one point, and the stadium hosted three NFL championship games in 1949, 1951, and 1955, as well as the very first Super Bowl in 1967 and Super Bowl VII in 1973.

As a point of personal privilege, my Los Angeles Dodgers called the Coliseum home for several years when they first moved out west, and they would host the first World Series played on

the west coast at the Coliseum on their way to winning the 1959 World Series.

For decades, the Coliseum was where leaders would go to speak to large masses of Southern Californians. The stadium has hosted Presidents Roosevelt, Eisenhower, Kennedy, Johnson, Nixon, and Reagan, as well as notable dignitaries and civil rights leaders, such as Martin Luther King, Jr., Nelson Mandela, Cesar Chavez, and the Dalai Lama. It has also hosted decades of legendary concerts from greats like the Rolling Stones, Pink Floyd, Bruce Springsteen, Van Halen, and more. Since 2022, NASCAR has hosted the Busch Light Clash at the Coliseum, which is the first exhibition race of the NASCAR Cup Series season each year.

As we recognize 100 years of memorable events and historic firsts, I join all of Los Angeles in celebrating a century of competition, camaraderie, civic engagement, and culture, and I know the next 100 years have even more in store.●

TRIBUTE TO LINDSEY BIGELOW

● Mr. RUBIO. Madam President, I recognize Lindsey Bigelow, the Marion County Teacher of the Year from Ocala Springs Elementary School in Ocala, FL.

Lindsey brightens her students' lives and begins each school day with a warm greeting. Her colleagues describe her as a triple threat style teacher. She brings creativity, student engagement, and classroom management, which shows how committed she is to the success of her students. She views her job as not being their teacher for 1 school year but for their education careers, and they are her inspiration to continue teaching.

Lindsey teaches first grade English language arts at Ocala Springs Elementary School with 10 years of teaching experience in Marion County Public Schools. She attended Maplewood Elementary School, Osceola Middle School, and graduated from Forest High School. Lindsey earned her bachelor's and master's degrees at the University of Florida.

I extend my deepest gratitude and best wishes to Lindsey for her commitment to her students. I look forward to hearing about her continued good work in the years to come.●

TRIBUTE TO PAMELA BROCKMEYER

● Mr. RUBIO. Madam President, I recognize Pamela Brockmeyer, the Brevard County Teacher of the Year from Cocoa High School in Melbourne, FL.

Pamela begins her classes by showing students that a positive attitude and competitive spirit are keys to success not only in the classroom, but also elsewhere in their lives. Her commitment to student achievement and contributions to her community show she is dedicating her talents to making a difference in the lives of her students. She believes teaching allows her to impact students significantly, and it is her purpose to help them succeed.

Pamela teaches math and Advanced Placement calculus at Cocoa High School, where she has taught for 24 of her 27 years of teaching. She is the coach of the school's girls' golf team, winning three straight Coach of the Year honors from the Cape Coast Conference and led the team to the State tournament. She is a Brevard Federation of Teachers building representative and Advanced Placement Board exam reader.

I extend my deepest gratitude and best wishes to Pamela for her commitment to her students in the classroom and sports. I look forward to hearing about her continued good work in the years to come.●

TRIBUTE TO JESSICA NOBLIN

● Mr. RUBIO. Madam President, I recognize Jessica Noblin, the Lake County Teacher of the Year from Leesburg Elementary School in Fruitland Park, FL.

Jessica's students with special needs inspire her each day. She sees how they overcome obstacles to achieve their goals. She is a compassionate and motivated educator with a natural gift for instructing students and inspiring them to reach their full potential.

Jessica views Leesburg Elementary School as more than just a building; it is her safe place. She started her teaching career at the school, where her mom retired, her children attend, and where her grandson will do so in 2 years. This makes her uniquely invested in the success of students, teachers, and the school.

Jessica is a fifth grade teacher at Leesburg Elementary School, where she has taught for 10 of her 15-year teaching career. She also has worked as a curriculum resource teacher, math instructional coach, and DonorsChoose teacher ambassador.

I extend my deepest gratitude and best wishes to Jessica for her commitment to her students. I look forward to hearing about her continued good work in the years to come.●

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Ms. Stringer, one of his secretaries.

PRESIDENTIAL MESSAGE

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 13581 OF JULY 24, 2011, WITH RESPECT TO SIGNIFICANT TRANSNATIONAL CRIMINAL ORGANIZATIONS—PM 21

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant transnational criminal organizations that was declared in Executive Order 13581 of July 24, 2011, under which additional steps were taken in Executive Order 13863 of March 15, 2019, is to continue in effect beyond July 24, 2023.

The activities of significant transnational criminal organizations have reached such scope and gravity that they threaten the stability of international political and economic systems. Such organizations are becoming increasingly sophisticated and dangerous to the United States; they are increasingly entrenched in the operations of foreign governments and the international financial system, thereby weakening democratic institutions, degrading the rule of law, and undermining economic markets. These organizations facilitate and aggravate violent civil conflicts and increasingly facilitate the activities of other dangerous persons.

Significant transnational criminal organizations continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to significant transnational criminal organizations declared in Executive Order 13581.

JOSEPH R. BIDEN, Jr.
THE WHITE HOUSE, *July 19, 2023.*

MESSAGES FROM THE HOUSE

At 2:15 p.m., a message from the House of Representatives, delivered by Mrs. Cole, one of its reading clerks, announced that the House has agreed to the following concurrent resolution, in which it requests the concurrence of the Senate:

H. Con. Res. 57. Concurrent resolution expressing the sense of Congress supporting the State of Israel.

ENROLLED BILL SIGNED

At 5:35 p.m., a message from the House of Representatives, delivered by Mrs. Alli, one of its reading clerks, announced that the Speaker has signed the following enrolled bill:

S. 111. An act to require each agency, in providing notice of a rulemaking, to include

a link to a 100-word plain language summary of the proposed rule.

MEASURES REFERRED

The following concurrent resolution was read, and referred as indicated:

H. Con. Res. 57. Concurrent resolution expressing the sense of Congress supporting the State of Israel; to the Committee on Foreign Relations.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. MANCHIN, from the Committee on Energy and Natural Resources, without amendment:

S. 534. A bill to withdraw certain Bureau of Land Management land from mineral development (Rept. No. 118–63).

S. 683. A bill to modify the boundary of the Berryessa Snow Mountain National Monument to include certain Federal land in Lake County, California, and for other purposes (Rept. No. 118–64).

S. 706. A bill to withdraw the National Forest System land in the Ruby Mountains subdistrict of the Humboldt-Toiyabe National Forest and the National Wildlife Refuge System land in Ruby Lake National Wildlife Refuge, Elko and White Pine Counties, Nevada, from operation under the mineral leasing laws (Rept. No. 118–65).

S. 736. A bill to establish the Chiricahua National Park in the State of Arizona as a unit of the National Park System, and for other purposes (Rept. No. 118–66).

S. 776. A bill to amend the Wild and Scenic Rivers Act to designate certain segments of the Gila River system in the State of New Mexico as components of the National Wild and Scenic Rivers System, to provide for the transfer of administrative jurisdiction over certain Federal land in the State of New Mexico, and for other purposes (Rept. No. 118–67).

S. 843. A bill to amend the Infrastructure Investment and Jobs Act to authorize the use of funds for certain additional Carey Act projects, and for other purposes (Rept. No. 118–68).

By Mrs. MURRAY, from the Committee on Appropriations:

Special Report entitled ''Further Revised Allocation to Subcommittees of Budget Totals for Fiscal Year 2024'' (Rept. No. 118–69).

EXECUTIVE REPORT OF COMMITTEE

The following executive report of a nomination was submitted:

By Mr. PETERS for the Committee on Homeland Security and Governmental Affairs.

*Fara Damelin, of Virginia, to be Inspector General, Federal Communications Commission.

*Nomination was reported with recommendation that it be confirmed subject to the nominee's commitment to respond to requests to appear and testify before any duly constituted committee of the Senate.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. ROMNEY (for himself and Mr. HICKENLOOPER):

S. 2366. A bill to codify certain rules regarding competency-based education programs; to the Committee on Health, Education, Labor, and Pensions.

By Mr. SCOTT of Florida (for himself and Ms. SINEMA):

S. 2367. A bill to improve border security through regular assessments and evaluations of the Checkpoint Program Management Office and effective training of U.S. Border Patrol agents regarding drug seizures; to the Committee on Homeland Security and Governmental Affairs.

By Mr. YOUNG (for himself and Mr. PETERS):

S. 2368. A bill to direct the Secretary of Commerce, in coordination with the heads of other relevant Federal departments and agencies, to conduct an interagency review of and report to Congress on ways to increase the global competitiveness of the United States in attracting foreign direct investment; to the Committee on Commerce, Science, and Transportation.

By Mr. KAINE (for himself and Ms. COLLINS):

S. 2369. A bill to amend the Higher Education Act of 1965 to provide for teacher and school leader quality enhancement and to enhance institutional aid; to the Committee on Health, Education, Labor, and Pensions.

By Mr. WARNOCK (for himself and Mr. TILLIS):

S. 2370. A bill to amend the Bill Emerson Good Samaritan Food Donation Act to provide protection for the good faith donation of pet products, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

By Mr. MORAN (for himself and Mr. KING):

S. 2371. A bill to amend the Internal Revenue Code of 1986 to exclude from gross income interest received on certain loans secured by rural or agricultural real property; to the Committee on Finance.

By Mr. GRASSLEY (for himself, Mr. BENNET, Mrs. BLACKBURN, Ms. CORTEZ MASTO, Mr. BOOZMAN, Mr. BROWN, Mr. VANCE, Ms. STABENOW, Mr. HAWLEY, Mr. KELLY, Mrs. CAPITO, Ms. SINEMA, Mr. WICKER, Mr. MARKEY, Mr. VAN HOLLEN, Mr. WARNOCK, Mr. CASEY, and Ms. BALDWIN):

S. 2372. A bill to amend title XIX of the Social Security Act to streamline enrollment under the Medicaid program of certain providers across State lines, and for other purposes; to the Committee on Finance.

By Ms. ERNST:

S. 2373. A bill to establish a minimum temperature for thermostats at the headquarters of the Department of Energy and the Environmental Protection Agency; to the Committee on Environment and Public Works.

By Mr. VANCE:

S. 2374. A bill to exclude certain individuals subject to certain deferred action from eligibility for health plans offered on the Exchanges, advance payments of the premium tax credit, cost-sharing reductions, a Basic Health Program, and for Medicaid and the Children's Health Insurance Programs, and for other purposes; to the Committee on Finance.

By Mr. CORNYN (for himself and Mr. CRUZ):

S. 2375. A bill to designate the facility of the United States Postal Service located at 620 East Pecan Boulevard in McAllen, Texas, as the ''Agent Raul H. Gonzalez Jr. Memorial Post Office''; to the Committee on Homeland Security and Governmental Affairs.

By Mrs. GILLIBRAND (for herself and Mr. MARSHALL):

S. 2376. A bill to reauthorize the Helen Keller National Center Act; to the Committee on Health, Education, Labor, and Pensions.

By Ms. WARREN (for herself, Mr. PAUL, Mr. GRASSLEY, Mrs. SHAHEEN, Ms. SINEMA, Mr. WICKER, Mr. BROWN, Mr. WELCH, and Mr. KING):

S. 2377. A bill to amend title XVIII of the Social Security Act to improve coverage of audiology services under the Medicare program, and for other purposes; to the Committee on Finance.

By Mr. MARKEY (for himself, Ms. WARREN, and Mr. WHITEHOUSE):

S. 2378. A bill to amend the Internal Revenue Code of 1986 to increase excise taxes on fuel used by private jets, and for other purposes; to the Committee on Finance.

By Mrs. CAPITO (for herself, Ms. STABENOW, Mr. MENENDEZ, and Mr. WICKER):

S. 2379. A bill to amend title XVIII of the Social Security Act to provide for certain cognitive impairment detection in the Medicare annual wellness visit and initial preventive physical examination; to the Committee on Finance.

By Ms. SMITH:

S. 2380. A bill to amend the Food, Agriculture, Conservation, and Trade Act of 1990 to improve assistance for socially disadvantaged farmers and ranchers and veteran farmers and ranchers, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

By Mrs. FEINSTEIN (for herself, Mr. BLUMENTHAL, Mr. BOOKER, Mr. MENENDEZ, Mr. MURPHY, Mr. PADILLA, and Mr. WHITEHOUSE):

S. 2381. A bill to require the search and retention of certain records with respect to conducting criminal background checks, and for other purposes; to the Committee on the Judiciary.

By Ms. BALDWIN (for herself and Mr. GRASSLEY):

S. 2382. A bill to amend the Agricultural Foreign Investment Disclosure Act of 1978 to remove the limitation on the amount of a civil penalty, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

By Mr. MERKLEY (for himself, Mr. BENNET, Mrs. FEINSTEIN, Mr. BLUMENTHAL, Mr. PADILLA, Mr. FETTERMAN, Mr. WYDEN, and Mr. SANDERS):

S. 2383. A bill to amend the Clean Air Act to establish a grant program for supporting local communities in detecting, preparing for, communicating about, or mitigating the environmental and public health impacts of wildlife smoke and extreme heat, and for other purposes; to the Committee on Environment and Public Works.

By Mr. DURBIN (for himself and Mr. ROUNDS):

S. 2384. A bill to provide lawful permanent resident status for certain advanced STEM degree holders, and for other purposes; to the Committee on the Judiciary.

By Mr. BENNET (for himself, Mr. HEINRICH, Mr. HICKENLOOPER, Ms. WARREN, Mr. WYDEN, Mr. KING, Mr. PADILLA, and Mr. SANDERS):

S. 2385. A bill to provide access to reliable, clean, and drinkable water on Tribal lands, and for other purposes; to the Committee on Indian Affairs.

By Mr. BOOKER (for himself, Mr. MENENDEZ, Ms. DUCKWORTH, and Mrs. GILLIBRAND):

S. 2386. A bill to require health insurance coverage for the treatment of infertility; to the Committee on Health, Education, Labor, and Pensions.

By Mr. MERKLEY (for himself, Mr. PADILLA, Mrs. FEINSTEIN, and Mr. WYDEN):

S. 2387. A bill to authorize the President to declare a smoke emergency, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

By Ms. CORTEZ MASTO (for herself and Mr. ROUNDS):

S. 2388. A bill to amend the Consolidated Farm and Rural Development Act to establish a cybersecurity circuit rider program to provide cybersecurity-related technical assistance to certain entities that operate rural water or wastewater systems; to the Committee on Agriculture, Nutrition, and Forestry.

By Mr. CASSIDY (for himself and Mr. CRUZ):

S. 2389. A bill to require the Secretary of the Interior to conduct certain offshore lease sales under the Outer Continental Shelf Lands Act; to the Committee on Energy and Natural Resources.

By Ms. LUMMIS:

S. 2390. A bill to amend the Clean Air Act to create additional opportunities for small refineries to generate credits under the Renewable Fuel Program, and for other purposes; to the Committee on Environment and Public Works.

By Mr. KENNEDY:

S. 2391. A bill to reauthorize the National Flood Insurance Program; to the Committee on Banking, Housing, and Urban Affairs.

By Ms. SINEMA (for herself, Mr. GRASSLEY, Mr. WYDEN, and Mr. CRAPO):

S. 2392. A bill to amend title VII of the Social Security Act to provide for a single point of contact at the Social Security Administration for individuals who are victims of identity theft; to the Committee on Finance.

By Mr. ROUNDS (for himself and Ms. CORTEZ MASTO):

S. 2393. A bill to establish a food and agriculture cybersecurity clearinghouse in the National Telecommunications and Information Administration, and for other purposes; to the Committee on Commerce, Science, and Transportation.

By Mr. COTTON (for himself, Mr. VANCE, Mr. HAWLEY, and Mr. RUBIO):

S. 2394. A bill to amend the Child Abuse Prevention and Treatment Act to disqualify any State that discriminates against parents or guardians who oppose medical, surgical, pharmacological, psychological treatment, or clothing and social changes related to affirming the subjective claims of gender identity expressed by any minor if such claimed identity is inconsistent with such minor's biological sex from receiving funding under such Act; to the Committee on Health, Education, Labor, and Pensions.

By Mr. CARPER (for himself and Mrs. CAPITO):

S. 2395. A bill to reauthorize wildlife habitat and conservation programs, and for other purposes; to the Committee on Environment and Public Works.

By Mr. WARNOCK (for himself, Mr. BROWN, Mr. BUDD, and Mr. CORNYN):

S. 2396. A bill to provide enhanced protection against debt collector harassment of members of the Armed Forces; to the Committee on Banking, Housing, and Urban Affairs.

By Mr. SCHMITT (for himself and Mr. MERKLEY):

S. 2397. A bill to amend section 495 of the Public Health Service Act to require inspections of foreign laboratories conducting biomedical and behavioral research to ensure compliance with applicable animal welfare requirements, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. MARKEY:

S. 2398. A bill to require research into the health consequences of the environmental impacts of nuclear war, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. MARKEY (for himself and Mr. BUDD):

S. 2399. A bill to require the Assistant Secretary for Preparedness and Response to conduct risk assessments and implement strategic initiatives or activities to address threats to public health and national security due to technical advancements in artificial intelligence or other emerging technology fields; to the Committee on Health, Education, Labor, and Pensions.

By Mr. MARKEY:

S. 2400. A bill to require the Secretary of Health and Human Services to prescribe a regulation reducing the risks in gene synthesis products, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Ms. DUCKWORTH:

S. 2401. A bill to amend section 504 of title 10, United States Code, to allow certain aliens to enlist in the Armed Forces and to clarify the naturalization process for such alien enlistees, and for other purposes; to the Committee on the Judiciary.

By Ms. HASSAN (for herself, Mr. YOUNG, Mr. KAINE, and Ms. COLLINS):

S. 2402. A bill to amend the Workforce Innovation and Opportunity Act to establish a career pathways grant program; to the Committee on Health, Education, Labor, and Pensions.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. GRAHAM (for himself and Mr. BLUMENTHAL):

S. Res. 302. A resolution expressing the sense of the Senate to support Ukraine's accession into the North Atlantic Treaty Organization (NATO); to the Committee on Foreign Relations.

By Ms. MURKOWSKI (for herself and Mr. SULLIVAN):

S. Res. 303. A resolution congratulating the University of Alaska Fairbanks rifle team for winning the 2023 National Collegiate Athletic Association championship, the program's 11th title overall; considered and agreed to.

By Mr. LANKFORD (for himself and Mr. MULLIN):

S. Res. 304. A resolution congratulating the University of Oklahoma softball team for winning the 2023 Women's College World Series, the seventh national title in program history; considered and agreed to.

ADDITIONAL COSPONSORS

S. 106

At the request of Ms. BALDWIN, the name of the Senator from Nevada (Ms. ROSEN) was added as a cosponsor of S. 106, a bill to amend title 38, United States Code, to authorize the Secretary of Veterans Affairs to award grants to States to improve outreach to veterans, and for other purposes.

S. 127

At the request of Ms. CANTWELL, the name of the Senator from South Dakota (Mr. ROUNDS) was added as a cosponsor of S. 127, a bill to prevent unfair and deceptive acts or practices and the dissemination of false information related to pharmacy benefit management services for prescription drugs, and for other purposes.

S. 222

At the request of Mr. CRUZ, the name of the Senator from Texas (Mr. CORNYN) was added as a cosponsor of S. 222, a bill to require the designation of certain airports as ports of entry.

S. 359

At the request of Mr. WHITEHOUSE, the name of the Senator from Delaware (Mr. CARPER) was added as a cosponsor of S. 359, a bill to amend title 28, United States Code, to provide for a code of conduct for justices of the Supreme Court of the United States, and for other purposes.

S. 448

At the request of Mr. PADILLA, the name of the Senator from Pennsylvania (Mr. FETTERMAN) was added as a cosponsor of S. 448, a bill to codify the existing Outdoor Recreation Legacy Partnership Program of the National Park Service, and for other purposes.

S. 668

At the request of Mr. BOOZMAN, the names of the Senator from Indiana (Mr. YOUNG) and the Senator from North Carolina (Mr. BUDD) were added as cosponsors of S. 668, a bill to require the Secretary of the Treasury to mint coins to honor and memorialize the tragedy of the Sultana steamboat explosion of 1865.

S. 788

At the request of Mr. BOOZMAN, the names of the Senator from West Virginia (Mrs. CAPITO), the Senator from Delaware (Mr. CARPER) and the Senator from Louisiana (Mr. CASSIDY) were added as cosponsors of S. 788, a bill to amend the Permanent Electronic Duck Stamp Act of 2013 to allow States to issue fully electronic stamps under that Act, and for other purposes.

S. 789

At the request of Mr. VANCE, the name of the Senator from Alabama

(Mr. TUBERVILLE) was added as a cosponsor of S. 2357, a bill to amend chapter 110 of title 18, United States Code, to prohibit gender-affirming care on minors, and for other purposes.

S.J. RES. 32

At the request of Mr. KENNEDY, the name of the Senator from Missouri (Mr. HAWLEY) was added as a cosponsor of S.J. Res. 32, a joint resolution providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Bureau of Consumer Financial Protection relating to ''Small Business Lending Under the Equal Credit Opportunity Act (Regulation B)''.

AMENDMENT NO. 142

At the request of Mr. TESTER, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 142 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 180

At the request of Ms. HIRONO, the names of the Senator from Florida (Mr. RUBIO) and the Senator from California (Mr. PADILLA) were added as cosponsors of amendment No. 180 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 203

At the request of Mr. WARNOCK, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 203 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 302

At the request of Ms. KLOBUCHAR, the names of the Senator from Minnesota (Ms. SMITH) and the Senator from Wyoming (Ms. LUMMIS) were added as cosponsors of amendment No. 302 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 320

At the request of Mr. OSSOFF, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 320 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 371

At the request of Mr. MENENDEZ, the names of the Senator from Michigan (Ms. STABENOW) and the Senator from California (Mr. PADILLA) were added as cosponsors of amendment No. 371 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 411

At the request of Ms. MURKOWSKI, the name of the Senator from Alaska (Mr. SULLIVAN) was added as a cosponsor of amendment No. 411 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 421

At the request of Mr. CRUZ, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 421 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 429

At the request of Mr. KAINE, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 429 proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 430

At the request of Mr. KAINE, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 430 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 470

At the request of Mr. RISCH, the names of the Senator from North Dakota (Mr. HOEVEN) and the Senator from Florida (Mr. RUBIO) were added as cosponsors of amendment No. 470 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 475

At the request of Mr. COONS, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 475 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 484

At the request of Mr. GRASSLEY, the name of the Senator from New Hampshire (Ms. HASSAN) was added as a cosponsor of amendment No. 484 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 494

At the request of Mr. SCOTT of Florida, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 494 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 501

At the request of Ms. ERNST, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 501 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 509

At the request of Mr. CRAPO, the names of the Senator from Indiana (Mr. YOUNG) and the Senator from Michigan (Ms. STABENOW) were added as cosponsors of amendment No. 509 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and

for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 510

At the request of Mr. SCOTT of Florida, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 510 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 521

At the request of Mr. THUNE, the name of the Senator from South Dakota (Mr. ROUNDS) was added as a cosponsor of amendment No. 521 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 523

At the request of Mr. RUBIO, the names of the Senator from Iowa (Ms. ERNST) and the Senator from New Hampshire (Mrs. SHAHEEN) were added as cosponsors of amendment No. 523 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 536

At the request of Mrs. SHAHEEN, the names of the Senator from Hawaii (Ms. HIRONO), the Senator from Michigan (Ms. STABENOW), the Senator from New York (Mrs. GILLIBRAND), the Senator from Arizona (Mr. KELLY), the Senator from Ohio (Mr. BROWN), the Senator from Colorado (Mr. BENNET), the Senator from Washington (Mrs. MURRAY), the Senator from Nevada (Ms. ROSEN), the Senator from Wisconsin (Ms. BALDWIN), the Senator from Pennsylvania (Mr. FETTERMAN), the Senator from New Hampshire (Ms. HASSAN), the Senator from Illinois (Mr. DURBIN), the Senator from Maine (Mr. KING), the Senator from New Jersey (Mr. MENENDEZ), the Senator from Maryland (Mr. CARDIN), the Senator from California (Mrs. FEINSTEIN), the Senator from Connecticut (Mr. BLUMENTHAL), the Senator from Massachusetts (Ms. WARREN), the Senator from Vermont (Mr. WELCH), the Senator from Vermont (Mr. SANDERS), the Senator from Colorado (Mr. HICKENLOOPER), the Senator from Nevada (Ms. CORTEZ MASTO), the Senator from New Mexico (Mr. LUJÁN), the Senator from Minnesota (Ms. KLOBUCHAR) and the Senator from California (Mr. PADILLA) were added as cosponsors of amendment No. 536 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 537

At the request of Mrs. SHAHEEN, the names of the Senator from Vermont (Mr. WELCH), the Senator from Hawaii (Ms. HIRONO), the Senator from Maine (Mr. KING), the Senator from Massachusetts (Ms. WARREN), the Senator from New York (Mrs. GILLIBRAND), the Senator from Minnesota (Ms. SMITH), the Senator from Wisconsin (Ms. BALDWIN), the Senator from Nevada (Ms. CORTEZ MASTO), the Senator from Nevada (Ms. ROSEN), the Senator from Ohio (Mr. BROWN), the Senator from Colorado (Mr. BENNET), the Senator from Washington (Mrs. MURRAY), the Senator from New Hampshire (Ms. HASSAN), the Senator from Illinois (Mr. DURBIN), the Senator from Maryland (Mr. CARDIN), the Senator from Connecticut (Mr. BLUMENTHAL), the Senator from Illinois (Ms. DUCKWORTH), the Senator from Washington (Ms. CANTWELL), the Senator from Vermont (Mr. SANDERS), the Senator from New Mexico (Mr. LUJÁN) and the Senator from California (Mr. PADILLA) were added as cosponsors of amendment No. 537 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 563

At the request of Mr. ROUNDS, his name was added as a cosponsor of amendment No. 563 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 616

At the request of Mr. WARNER, the name of the Senator from Nebraska (Mr. RICKETTS) was added as a cosponsor of amendment No. 616 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 628

At the request of Mr. KENNEDY, the names of the Senator from Arizona (Ms. SINEMA) and the Senator from Mississippi (Mrs. HYDE-SMITH) were added as cosponsors of amendment No. 628 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 638

At the request of Mr. MENENDEZ, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 638 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 672

At the request of Ms. KLOBUCHAR, the name of the Senator from Texas (Mr. CORNYN) was added as a cosponsor of amendment No. 672 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 675

At the request of Ms. KLOBUCHAR, the name of the Senator from Oklahoma (Mr. MULLIN) was added as a cosponsor of amendment No. 675 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 789

At the request of Ms. KLOBUCHAR, the name of the Senator from New Jersey (Mr. MENENDEZ) was added as a cosponsor of amendment No. 789 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 794

At the request of Ms. ROSEN, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 794 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 819

At the request of Mr. RISCH, the name of the Senator from South Carolina (Mr. SCOTT) was added as a cosponsor of amendment No. 819 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 820

At the request of Mr. RISCH, the name of the Senator from South Carolina (Mr. SCOTT) was added as a cosponsor of amendment No. 820 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 826

At the request of Mr. MANCHIN, the name of the Senator from South Dakota (Mr. ROUNDS) was added as a cosponsor of amendment No. 826 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 828

At the request of Mr. BROWN, the name of the Senator from New York (Mrs. GILLIBRAND) was added as a cosponsor of amendment No. 828 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 931

At the request of Mr. CORNYN, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of amendment No. 931 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

AMENDMENT NO. 933

At the request of Mr. MENENDEZ, the name of the Senator from New Hampshire (Mrs. SHAHEEN) was added as a cosponsor of amendment No. 933 intended to be proposed to S. 2226, an original bill to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mrs. FEINSTEIN (for herself, Mr. BLUMENTHAL, Mr. BOOKER, Mr. MENENDEZ, Mr. MURPHY, Mr. PADILLA, and Mr. WHITEHOUSE):

S. 2381. A bill to require the search and retention of certain records with respect to conducting criminal background checks, and for other purposes; to the Committee on the Judiciary.

Mrs. FEINSTEIN. Madam President, today I am reintroducing legislation that would help bolster the Nation's background check system for firearms.

Under current law, incomplete background checks must be removed from the FBI's systems if they remain unresolved beyond the 88-day mark. As a result, countless firearms have been sold without completed background checks. This poses a grave danger because it allows individuals who we know are dangerous to purchase firearms.

In recent years, gun sales across America have dramatically increased. In 2022, about 17.4 million guns were sold in the United States. Unfortunately, this surge in purchases has overwhelmed our already-strained background check system.

While the vast majority of background checks are promptly completed within 3 days, the sheer volume of checks means that some checks will necessarily be delayed—and sometimes significantly delayed.

According to data compiled by NBC News, between January 2020 and November 2021, the FBI was unable to resolve 734,604 background checks within the current 88-day window. As a result of these delays, the FBI was required to wipe the incomplete checks from their systems. Since these background checks were never completed, it is impossible to know how many of these firearms were transferred to purchasers who were prohibited by law from owning a gun.

Congress must act to protect public safety by ensuring that all background checks are completed.

This bill would do exactly that. It would grant the FBI the authority to retain gun purchase records until a background check is fully completed. Put simply, this bill will let the FBI do its job.

I thank Senators BLUMENTHAL, BOOKER, MENENDEZ, MURPHY, PADILLA, and WHITEHOUSE for their support, and I urge the rest of my colleagues to support the bill as well.

By Mr. DURBIN (for himself and Mr. ROUNDS):

S. 2384. A bill to provide lawful permanent resident status for certain advanced STEM degree holders, and for other purposes; to the Committee on the Judiciary.

Mr. DURBIN. Madam President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 2384

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Keep STEM Talent Act of 2023''.

SEC. 2. VISA REQUIREMENTS.

(a) GRADUATE DEGREE VISA REQUIREMENTS.—To be approved for or maintain nonimmigrant status under section 101(a)(15)(F) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(F)), a student seeking to pursue an advanced degree in a STEM field (as defined in section 201(b)(1)(F)(ii) of the Immigration and Nationality Act (8 U.S.C. 1151(b)(1)(F)(ii))) (as amended by section 3(a)) for a degree at the master's level or higher at a United States institution of higher education (as defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)) must apply for admission prior to beginning such advanced degree program.

(b) STRENGTHENED VETTING PROCESS.—The Secretary of Homeland Security and the Secretary of State shall establish procedures to ensure that aliens described in subsection (a) are admissible pursuant to section 212(a)(3)(A) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(3)(A)). Such procedures shall ensure that such aliens seeking admission from within the United States undergo verification of academic credentials, comprehensive background checks, and interviews in a manner equivalent to that of an alien seeking admission from outside of the United States. To the greatest extent practicable, the Secretary of Homeland Security and the Secretary of State shall also take steps to ensure that such applications for admission are processed in a timely manner to allow the pursuit of graduate education.

(c) REPORTING REQUIREMENT.—The Secretary of Homeland Security and the Secretary of State shall submit an annual report to the Committee on the Judiciary of the Senate and the Committee on the Judiciary of the House of Representatives detailing the implementation and effectiveness of the requirement for foreign graduate students pursuing advanced degrees in STEM fields to seek admission prior to pursuing a graduate degree program. The report shall include data on visa application volumes, processing times, security outcomes, and economic impacts.

SEC. 3. LAWFUL PERMANENT RESIDENT STATUS FOR CERTAIN ADVANCED STEM DEGREE HOLDERS.

(a) ALIENS NOT SUBJECT TO DIRECT NUMERICAL LIMITATIONS.—Section 201(b)(1) of the Immigration and Nationality Act (8 U.S.C. 1151(b)(1)) is amended by adding at the end the following:

''(F)(i) Aliens who—

''(I) have earned a degree in a STEM field at the master's level or higher while physically present in the United States from a United States institution of higher education (as defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a))) accredited by an accrediting entity recognized by the Department of Education;

''(II) have an offer of employment from, or are employed by, a United States employer to perform work that is directly related to

such degree at a rate of pay that is higher than the median wage level for the occupational classification in the area of employment, as determined by the Secretary of Labor; and

''(III) have an approved labor certification under section 212(a)(5)(A)(i); or

''(IV) are the spouses and children of aliens described in subclauses (I) through (III) who are accompanying or following to join such aliens.

''(ii) In this subparagraph, the term 'STEM field' means a field of science, technology, engineering, or mathematics described in the most recent version of the Classification of Instructional Programs of the Department of Education taxonomy under the summary group of—

''(I) computer and information sciences and support services;

''(II) engineering;

''(III) mathematics and statistics;

''(IV) biological and biomedical sciences;

''(V) physical sciences;

''(VI) agriculture sciences; or

''(VII) natural resources and conservation sciences.''.

(b) PROCEDURE FOR GRANTING IMMIGRATION STATUS.—Section 204(a)(1)(F) of the Immigration and Nationality Act (8 U.S.C. 1154(a)(1)(F)) is amended—

(1) by striking ''203(b)(2)'' and all that follows through ''Attorney General''; and

(2) by inserting ''203(b)(2), 203(b)(3), or 201(b)(1)(F) may file a petition with the Secretary of Homeland Security''.

(c) LABOR CERTIFICATION.—Section 212(a)(5)(D) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(5)(D)) is amended by inserting ''section 201(b)(1)(F) or under'' after ''adjustment of status under''.

(d) DUAL INTENT FOR F NONIMMIGRANTS SEEKING ADVANCED STEM DEGREES AT UNITED STATES INSTITUTIONS OF HIGHER EDUCATION.—Notwithstanding sections 101(a)(15)(F)(i) and 214(b) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(F)(i) and1184(b)), an alien who is a bona fide student admitted to a program in a STEM field (as defined in subparagraph (F)(ii) of section 201(b)(1) of the Immigration and Nationality Act (8 U.S.C. 1151(b)(1))) for a degree at the master's level or higher at a United States institution of higher education (as defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a))) accredited by an accrediting entity recognized by the Department of Education may obtain a student visa, be admitted to the United States as a nonimmigrant student, or extend or change nonimmigrant status to pursue such degree even if such alien seeks lawful permanent resident status in the United States. Nothing in this subsection may be construed to modify or amend section 101(a)(15)(F)(i) or 214(b) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(F)(i) or 1184(b)), or any regulation interpreting these authorities for an alien who is not described in this subsection.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 302—EXPRESSING THE SENSE OF THE SENATE TO SUPPORT UKRAINE'S ACCESSION INTO THE NORTH ATLANTIC TREATY ORGANIZATION (NATO)

Mr. GRAHAM (for himself and Mr. BLUMENTHAL) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 302

Whereas the North Atlantic Treaty Organization (NATO) was established to provide ''for [the] collective defence and for the preservation of peace and security'' of its members through promoting cooperation and committing them to democracy, individual liberty, the rule of law, and the peaceful resolution of disputes;

Whereas, on August 24, 1991, Ukraine became a sovereign, independent nation and started a long process of reforms with the goal of achieving democracy, transparency, and rule of law;

Whereas, on December 5, 1994, Ukraine signed the Budapest Memorandum and surrendered its nuclear weapons, the third largest stockpile in the world at the time, in exchange for nonbinding security guarantees from the United States, the United Kingdom, and the Russian Federation;

Whereas, on April 3, 2008, heads of state and government of the member countries of NATO signed the Bucharest Summit Declaration, which stated, ''NATO welcomes Ukraine's and Georgia's Euro-Atlantic aspirations for membership in NATO. We agreed today that these countries will become members of NATO. Both nations have made valuable contributions to Alliance operations'';

Whereas, on February 20, 2014, the Russian Federation and its proxies launched an unprovoked invasion of Crimea and annexed the peninsula, and has illegally occupied the peninsula since;

Whereas, on April 6, 2014, the Russian Federation and its proxies launched an operation in the Donetsk and Luhansk provinces of Ukraine and have illegally occupied portions of the Donbas region since;

Whereas, on February 24, 2022, the Russian Federation launched a full-scale, unprovoked invasion of Ukraine, a sovereign nation that borders Poland, Slovakia, Hungary, and Romania, all of whom are members of NATO;

Whereas, on September 30, 2022, Ukraine formally applied to join NATO, and President Volodymyr Zelensky stated, ''We are taking our decisive step by signing Ukraine's application for accelerated accession to NATO.'';

Whereas, on June 17, 2023, President Vladimir Putin confirmed that the Russian Federation had begun to deploy tactical nuclear weapons within the Republic of Belarus, further increasing the threat posed by the Russian Federation to Ukraine, surrounding NATO countries, allies, partners, and United States troops stationed in the region;

Whereas, on July 7, 2023, NATO Secretary-General Jens Stoltenberg stated that, at the NATO Summit 2023, NATO leaders ''will agree a multi-year program of assistance to ensure full interoperability between the Ukrainian armed forces and NATO'' and ''will reaffirm that Ukraine will become a member of NATO and unite on how to bring Ukraine closer to its goal'';

Whereas, on August 24, Ukraine celebrates their independence day and commemorates the date on which they left the Soviet Union to become a sovereign and democratic state;

Whereas NATO members ''are determined to safeguard the freedom, common heritage and civilisation of their peoples'', which Ukraine has done since the first day of the Russian Federation's unprovoked full-scale invasion more than 500 days ago; and

Whereas, with support from NATO members and partner nations around the world, Ukraine continues to counter the Russian Federation's aggression: Now, therefore be it

Resolved,

SECTION 1. SENSE OF THE SENATE.

The Senate—

(1) stands with the people of Ukraine and supports the accession of Ukraine into NATO as soon as possible;

(2) urges the President to engage with NATO leaders to develop a clear, comprehensive pathway for Ukraine's accession into NATO;

(3) views the accession of Ukraine into NATO as critical to preventing future wars, promoting peace, and ensuring the future security of Europe and the world; and

(4) supports the Government and people of Ukraine in this unprovoked war that has stretched over 500 days, as they continue to defend their sovereignty and fight to remain an independent, free, and democratic nation.

SEC. 2. RULE OF CONSTRUCTION.

Nothing in this resolution may be construed as authorizing the use of military force or the introduction of United States forces into hostilities.

SENATE RESOLUTION 303—CONGRATULATING THE UNIVERSITY OF ALASKA FAIRBANKS RIFLE TEAM FOR WINNING THE 2023 NATIONAL COLLEGIATE ATHLETIC ASSOCIATION CHAMPIONSHIP, THE PROGRAM'S 11TH TITLE OVERALL

Ms. MURKOWSKI (for herself and Mr. SULLIVAN) submitted the following resolution; which was considered and agreed to:

S. RES. 303

Whereas the University of Alaska Fairbanks rifle team (referred to in this preamble as the ''Nanooks'') won the 2023 National Collegiate Athletic Association (referred to in this preamble as the ''NCAA'') championship where the team was awarded 12 individual and 1 team Collegiate Rifle Coaches Association (referred to in this preamble as the ''CRCA'') All–American Honors;

Whereas, the Nanooks have won—

(1) eleven NCAA championships;

(2) three consecutive NCAA championships; and

(3) the second-most national championships in NCAA rifle competition history;

Whereas, at the 2023 NCAA championship, the Nanooks placed first with a score of 4729;

Whereas the Nanooks placed first in the individual smallbore category with a score of 2349;

Whereas the Nanooks placed first in the individual air rifle category with a score of 2380;

Whereas Rylan Kissell was awarded the First Team CRCA All–American Aggregate, First Team CRCA All–American Air Rifle, First Team CRCA All–American Smallbore, and CRCA Most Valuable Shooter;

Whereas Sára Karasová was awarded the Second Team CRCA All–American Aggregate, First Team CRCA All–American Smallbore, and Second Team CRCA All–American Air Rifle;

Whereas Gavin Barnick was awarded the Second Team CRCA All–American Aggregate, First Team CRCA All–American Smallbore, and Honorable Mention CRCA All–American Air Rifle;

Whereas Rachael Charles was awarded the Honorable Mention CRCA All–American Aggregate and Second Team CRCA All–American Smallbore;

Whereas the full roster, consisting of Gavin Barnick, Tobias Bernhoft-Osa, Rachael Charles, Peter Fiori, Marina Gonzalez Mazo, Sára Karasová, Rylan Kissell, and Kellen McAferty, received the CRCA Scholastic Academic All–American honors this season; and

Whereas the Nanooks Head Coach, Will Anti, led the team to 11 wins and 0 losses during the 2022 to 2023 season, which included winning the 2023 National Collegiate Athletic Association championship: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates the University of Alaska Fairbanks rifle team for winning the 2023 National Collegiate Athletic Association championship;

(2) recognizes the exceptional standard set by—

(A) head coach Will Anti; and

(B) the athletes on the University of Alaska Fairbanks rifle team; and

(3) respectfully requests that the Secretary of the Senate transmit an enrolled copy of this resolution to—

(A) the president of the University of Alaska, Pat Pitney;

(B) the chancellor of the University of Alaska Fairbanks, Dan White; and

(C) the athletics director of the University of Alaska Fairbanks, Brock Anundson, and the head coach of the University of Alaska Fairbanks rifle team, Will Anti.

SENATE RESOLUTION 304—CONGRATULATING THE UNIVERSITY OF OKLAHOMA SOFTBALL TEAM FOR WINNING THE 2023 WOMEN'S COLLEGE WORLD SERIES, THE SEVENTH NATIONAL TITLE IN PROGRAM HISTORY

Mr. LANKFORD (for himself and Mr. MULLIN) submitted the following resolution; which was considered and agreed to:

S. RES. 304

Whereas the University of Oklahoma Sooners softball team (referred to in this preamble as the ''Sooners'') swept Florida State University on June 8, 2023, to win the 2023 Women's College World Series hosted in Oklahoma City, Oklahoma;

Whereas the victory is the third straight national title and the seventh overall national championship for the program;

Whereas the Sooners defeated ninth seed Stanford and third seed Florida State to win a fifth championship in 7 seasons;

Whereas the 2023 national championship is the third consecutive for the Sooners, making Oklahoma one of just 2 schools to have accomplished this feat;

Whereas the Sooners—

(1) finished the regular season with 61 wins and just 1 loss, resulting in a winning percentage of .984, the best winning percentage of any team in NCAA Division I softball history; and

(2) extended the NCAA Division 1 record winning streak to 53 games;

Whereas, over the past 3 years, the Sooners have a record of 176 wins and 8 losses;

Whereas the Sooners became the first team in history to lead the Nation in batting average, earned run average, and fielding percentage in the same season;

Whereas, under the leadership of Coach Patty Gasso, the Sooners have won the Big 12 Conference regular season title 15 times, been to the NCAA Tournament 28 times, been to the NCAA Women's College World Series 16 times, and won 7 championships;

Whereas Jayda Coleman was named Big 12 Player of the Year, which marks the fourth consecutive season a Sooner has won the award;

Whereas 7 Sooners were awarded National Fastpitch Coaches Association All-American Honors, including 5 on the first team; and

Whereas the University of Oklahoma finished number 1 in the NCAA women's softball final ranking: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates the University of Oklahoma women's softball team for winning the 2023 Women's College World Series;

(2) recognizes the exemplary standard set by Coach Patty Gasso, staff, and the student athletes;

(3) celebrates alongside the students, faculty, and staff at the University of Oklahoma and all fans of the University of Oklahoma Sooners softball team; and

(4) respectfully requests that the Secretary of the Senate send a copy of this resolution to—

(A) the president of the University of Oklahoma, Joseph Harroz, Jr.;

(B) the athletic director of the University of Oklahoma, Joe Castiglione; and

(C) the head coach of the women's softball team, Patty Gasso.

AMENDMENTS SUBMITTED AND PROPOSED

SA 935. Mr. SCHUMER (for Mr. REED (for himself and Mr. WICKER)) proposed an amendment to the bill S. 2226, to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

SA 936. Mr. SCHUMER proposed an amendment to amendment SA 935 proposed by Mr. SCHUMER (for Mr. REED (for himself and Mr. WICKER)) to the bill S. 2226, supra.

SA 937. Mr. LANKFORD submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 938. Mr. LANKFORD submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 939. Mr. LANKFORD submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 940. Mr. LANKFORD submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 941. Mr. DAINES submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 942. Mr. WICKER (for himself and Mr. RISCH) submitted an amendment intended to be proposed to amendment SA 935 proposed by Mr . SCHUMER (for Mr. REED (for himself and Mr. WICKER)) to the bill S. 2226, supra; which was ordered to lie on the table.

SA 943. Mr. LANKFORD submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 944. Mr. SCOTT of South Carolina submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 945. Mrs. SHAHEEN (for herself and Mr. ROMNEY) submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 946. Mr. MURPHY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 947. Mr. WARNER submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 948. Ms. ROSEN (for herself, Ms. ERNST, Ms. DUCKWORTH, and Mr. SULLIVAN) submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 949. Mr. MORAN (for himself and Mr. WARNOCK) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 950. Ms. ERNST (for herself and Ms. WARREN) submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 951. Mr. MANCHIN (for himself and Mr. RISCH) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 952. Mr. MANCHIN (for himself and Mr. RISCH) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 953. Mr. OSSOFF (for himself and Mr. ROUNDS) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 954. Mr. LANKFORD (for himself and Ms. SINEMA) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 955. Mr. GRASSLEY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 956. Mr. HAGERTY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 957. Mr. SCOTT of South Carolina submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 958. Mr. SULLIVAN (for himself and Mr. YOUNG) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 959. Mr. ROUNDS submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 960. Mrs. FEINSTEIN (for herself, Mr. RUBIO, Mr. PADILLA, Mr. BRAUN, Mr. SCOTT of Florida, and Mr. HICKENLOOPER) submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 961. Mr. ROUNDS (for himself and Mr. MANCHIN) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 962. Mr. MENENDEZ (for himself, Mr. SCHUMER, Mr. KAINE, Mr. SCHATZ, and Mrs. SHAHEEN) submitted an amendment intended to be proposed to amendment SA 935 proposed by Mr. SCHUMER (for Mr. REED (for himself and Mr. WICKER)) to the bill S. 2226, supra; which was ordered to lie on the table.

SA 963. Mr. SCHMITT submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 964. Ms. LUMMIS submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 965. Mr. MENENDEZ submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 966. Mr. MENENDEZ submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 967. Mr. MENENDEZ submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 968. Mrs. GILLIBRAND submitted an amendment intended to be proposed by her to the bill S. 2226, supra; which was ordered to lie on the table.

SA 969. Mr. FETTERMAN submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 970. Mr. RISCH (for himself and Mr. WICKER) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 971. Mr. SULLIVAN (for himself and Ms. MURKOWSKI) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 972. Mr. WHITEHOUSE (for himself and Mr. CORNYN) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 973. Mr. VANCE submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 974. Mr. VANCE submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 975. Mr. VANCE submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 976. Mr. VANCE submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 977. Mr. WARNOCK submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 978. Mr. MORAN submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 979. Mr. CASEY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 980. Mr. CASEY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 981. Mr. DURBIN (for himself, Mrs. SHAHEEN, Mr. BOOZMAN, Mr. COONS, and Mr. CASSIDY) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 982. Mr. TESTER (for himself and Mr. DAINES) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 983. Mr. MURPHY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 984. Mr. MURPHY submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 985. Mr. KELLY (for himself, Mr. CRUZ, Mr. YOUNG, Mr. HAGERTY, Mr. BROWN, Mr. BUDD, Ms. SINEMA, and Mr. HEINRICH) submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 986. Mr. PADILLA submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

SA 987. Mr. PADILLA submitted an amendment intended to be proposed by him to the bill S. 2226, supra; which was ordered to lie on the table.

TEXT OF AMENDMENTS

SA 935. Mr. SCHUMER (for Mr. REED (for himself and Mr. WICKER)) proposed an amendment to the bill S. 2226, to authorize appropriations for fiscal year 2024 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''National Defense Authorization Act for Fiscal Year 2024''.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

SEC. 2. ORGANIZATION OF ACT INTO DIVISIONS; TABLE OF CONTENTS.

(a) DIVISIONS.—This Act is organized into four divisions as follows:

(1) Division A—Department of Defense Authorizations.

(2) Division B—Military Construction Authorizations.

(3) Division C—Department of Energy National Security Authorizations and Other Authorizations.

(4) Division D—Funding Tables.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

SEC. 3. CONGRESSIONAL DEFENSE COMMITTEES.

In this Act, the term ''congressional defense committees'' has the meaning given that term in section 101(a)(16) of title 10, United States Code.

SEC. 4. BUDGETARY EFFECTS OF THIS ACT.

The budgetary effects of this Act, for the purposes of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined by reference to the latest statement titled ''Budgetary Effects of PAYGO Legislation'' for this Act, jointly submitted for printing in the Congressional Record by the Chairmen of the House and Senate Budget Committees, provided that such statement has been submitted prior to the vote on passage in the House acting first on the conference report or amendment between the Houses.

DIVISION A—DEPARTMENT OF DEFENSE AUTHORIZATIONS

TITLE I—PROCUREMENT

Subtitle A—Authorization of Appropriations

SEC. 101. AUTHORIZATION OF APPROPRIATIONS.

Funds are hereby authorized to be appropriated for fiscal year 2024 for procurement for the Army, the Navy and the Marine Corps, the Air Force and the Space Force, and Defense-wide activities, as specified in the funding table in section 4101.

Subtitle B—Army Programs

SEC. 111. REPORT ON ARMY REQUIREMENTS AND ACQUISITION STRATEGY FOR NIGHT VISION DEVICES.

(a) REPORT REQUIRED.—Not later than February 29, 2024, the Secretary of the Army shall submit to the congressional defense committees a report on night vision devices.

(b) ELEMENTS.—The report required by subsection (a) shall include the following elements:

(1) An identification of the specific capabilities the Army is seeking to achieve in night vision.

(2) An identification of the capabilities in night vision required by unit, including the number and type of units for each capability.

(3) An identification of the total requirement for night vision devices in the Army, disaggregated by number and type of unit.

(4) A description of the acquisition strategy of the Army for achieving the capabilities described in paragraph (1), including a description of each of the following:

(A) The acquisition objective for each type of night vision device.

(B) The programmed purchase quantities for night vision devices required each year.

(C) The contract type of each procurement of night vision devices.

(D) The expected date for achieving the capabilities.

(E) The industrial base constraints on each type of night vision device.

(F) The modernization plan for each type of night vision device.

SEC. 112. ARMY PLAN FOR ENSURING SOURCES OF CANNON TUBES.

(a) UPDATED ASSESSMENT.—The Secretary of the Army shall update the assessment of the Secretary on the sufficiency of the development, production, procurement, and modernization of the defense industrial base for cannon and large caliber weapons tubes.

(b) SUBMITTAL TO CONGRESS.—Not later than February 29, 2024, the Secretary shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives an update to the report submitted to Congress in March 2022 entitled ''Army Plan for Ensuring Sources of Cannon Tubes''.

SEC. 113. STRATEGY FOR ARMY TACTICAL WHEELED VEHICLE PROGRAM.

(a) STRATEGY REQUIRED.—In the budget justification materials submitted in support of the budget of the Department of Defense (as submitted with the budget of the President under section 1105(a) of title 31, United States Code) for fiscal year 2025 and every five years thereafter, the Secretary of the Army shall include a report on the strategy of the Army for tactical wheeled vehicles.

(b) REQUIREMENTS FOR STRATEGY.—Each strategy required by subsection (a) shall—

(1) align with the applicable national defense strategy under section 113(g) of title 10, United States Code, and applicable policies;

(2) be designed so that the force of tactical wheeled vehicles provided under the strategy supports the national security strategy of the United States as set forth in the most recent national security strategy report of the President under section 108 of the National Security Act of 1947 (50 U.S.C. 3043); and

(3) define capabilities and capacity requirements across the entire fleet of tactical wheeled vehicles, including—

(A) light, medium, and heavy tactical wheeled vehicles; and

(B) associated trailer and support equipment.

(c) STRATEGY ELEMENTS.—Each strategy required by subsection (a) shall include the following:

(1) A detailed program for the construction of light, medium, and heavy tactical wheeled vehicles for the Army over the next five fiscal years.

(2) A description of the necessary force structure and capabilities of tactical wheeled vehicles to meet the requirements of the national security strategy described in subsection (b)(2).

(3) The estimated levels of annual funding, by vehicle class, in both graphical and tabular form, necessary to carry out the program described in paragraph (1), together with a discussion of the procurement strategies on which such estimated levels of annual funding are based.

(4) The estimated total cost of construction for each vehicle class used to determine the estimated levels of annual funding described in paragraph (3).

(d) CONSIDERATIONS.—In developing each strategy required by subsection (a), the Secretary of the Army shall consider the following objectives and factors:

(1) Objectives relating to protection, fleet operations, mission command, mobility, and the industrial base.

(2) Technological advances that will increase efficiency of and reduce demand for tactical wheeled vehicles.

(3) Technological advances that allow for the operation of tactical wheeled vehicles in a variety of climate and geographic conditions.

(4) Existing commercial technologies such as vehicle electrification, autonomous capabilities, and predictive maintenance, among others.

(5) The capabilities of autonomous equivalents to tactical wheeled vehicles.

(e) BRIEFING REQUIREMENTS.—Not later than 15 days after each budget submission described in subsection (a), in conjunction with the submission of each strategy required by such subsection, the Secretary of the Army shall provide a briefing to the congressional defense committees that addresses the investment needed for each platform of tactical wheeled vehicle across the future-years defense program.

SEC. 114. EXTENSION AND MODIFICATION OF ANNUAL UPDATES TO MASTER PLANS AND INVESTMENT STRATEGIES FOR ARMY AMMUNITION PLANTS.

Section 2834(d) of the Military Construction Authorization Act for Fiscal Year 2022 (division B of Public Law 117–81; 135 Stat. 2201) is amended—

(1) in the matter preceding paragraph (1), by striking ''March 31, 2026'' and inserting ''March 31, 2030''; and

(2) by adding at the end the following new paragraph:

''(5) A description of any changes made to the master plan based upon current global events, including pandemics and armed conflicts.''.

SEC. 115. REPORT ON ACQUISITION STRATEGIES OF THE LOGISTICS AUGMENTATION PROGRAM OF THE ARMY.

(a) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Secretary of the Army, in conjunction with the Office of the Secretary of Defense and in coordination with the geographic combatant commanders, shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the

House of Representatives a report reviewing the proposed recompete of the operational task orders of the geographic combatant commands under the contract for the logistics augmentation program of the Army that will expire in 2028 (commonly referred to as ''LOGCAP V'').

(b) ELEMENTS.—The report required by subsection (a) shall include the following:

(1) A business case analysis of the cost and operational benefit of recompeting the task orders described in subsection (a).

(2) Input from stakeholders, including Army Sustainment Command, the geographic combatant commanders, and Army service component commanders, on the desirability and operational impacts of the proposed recompete described in subsection (a).

(3) Detailed cost estimates and timelines, including projected transition costs and timelines for the task orders described in subsection (a).

(4) An assessment of the potential impacts related to quality and timing of transitioning to the new logistics augmentation program (commonly referred to as ''LOGCAP VI'').

(5) An analysis of recompeting the task orders described in subsection (a) compared to transitioning to LOGCAP VI.

(6) An overview of potential innovations and efficiencies derived from a competition for LOGCAP VI.

(7) An explanation of the benefit of recompeting the task orders described in subsection (a) compared to an open competition for LOGCAP VI.

(8) A breakdown of additional authorities needed to move directly to LOGCAP VI.

Subtitle C—Navy Programs

SEC. 121. REDUCTION IN THE MINIMUM NUMBER OF NAVY CARRIER AIR WINGS AND CARRIER AIR WING HEADQUARTERS REQUIRED TO BE MAINTAINED.

Section 8062(e) of title 10, United States Code, is amended—

(1) in paragraph (1), by striking ''until the earlier of'' and all that follows and inserting ''until the date on which additional operationally deployable aircraft carriers can fully support a 10th carrier air wing;''; and

(2) in paragraph (2), by striking ''the earlier of'' and all that follows through ''and (B) of'' and inserting ''the date referred to in''.

SEC. 122. EXTENSION OF PROHIBITION ON AVAILABILITY OF FUNDS FOR NAVY PORT WATERBORNE SECURITY BARRIERS.

Section 130(a) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232; 132 Stat. 1665), as most recently amended by section 123(a) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263), is further amended by striking ''through 2023'' and inserting ''through 2024''.

SEC. 123. MULTIYEAR PROCUREMENT AUTHORITY FOR VIRGINIA CLASS SUBMARINE PROGRAM.

(a) AUTHORITY FOR MULTIYEAR PROCUREMENT.—Subject to section 3501 of title 10, United States Code, the Secretary of the Navy may enter into one or more multiyear contracts for the procurement of 10 Virginia class submarines.

(b) AUTHORITY FOR ADVANCE PROCUREMENT AND ECONOMIC ORDER QUANTITY.—The Secretary of the Navy may enter into one or more contracts, beginning in fiscal year 2024, for advance procurement associated with the Virginia class submarines for which authorization to enter into a multiyear procurement contract is provided under subsection (a) and for equipment or subsystems associated with the Virginia class submarine program, including procurement of—

(1) long lead time material; or

(2) material or equipment in economic order quantities when cost savings are achievable.

(c) CONDITION FOR OUT-YEAR CONTRACT PAYMENTS.—A contract entered into under subsection (a) shall provide that any obligation of the United States to make a payment under the contract for a fiscal year after fiscal year 2025 is subject to the availability of appropriations or funds for that purpose for such later fiscal year.

(d) LIMITATION ON TERMINATION LIABILITY.—A contract for the construction of Virginia class submarines entered into under subsection (a) shall include a clause that limits the liability of the United States to the contractor for any termination of the contract. The maximum liability of the United States under the clause shall be the amount appropriated for the submarines covered by the contract regardless of the amount obligated under the contract.

Subtitle D—Air Force Programs

SEC. 131. LIMITATIONS AND MINIMUM INVENTORY REQUIREMENT RELATING TO RQ–4 AIRCRAFT.

Section 9062 of title 10, United States Code, is amended by adding at the end the following new subsection:

''(l)(1) During the period beginning on the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024 and ending on September 30, 2028, the Secretary of the Air Force may not—

''(A) retire an RQ–4 aircraft;

''(B) reduce funding for unit personnel or weapon system sustainment activities for RQ–4 aircraft in a manner that presumes future congressional authority to divest such aircraft;

''(C) keep an RQ–4 aircraft in a status considered excess to the requirements of the possessing command and awaiting disposition instructions (commonly referred to as 'XJ' status); or

''(D) decrease the total aircraft inventory of RQ–4 aircraft below 10 aircraft.

''(2) The prohibition under paragraph (1) shall not apply to individual RQ–4 aircraft that the Secretary of the Air Force determines, on a case-by-case basis, to be no longer mission capable and uneconomical to repair because of aircraft accidents, mishaps, or excessive material degradation and non-airworthiness status of certain aircraft.''.

SEC. 132. LIMITATION ON DIVESTITURE OF T–1A TRAINING AIRCRAFT.

No divestiture of any T–1A training aircraft may occur until the Chief of Staff of the Air Force submits to the congressional defense committees a certification of—

(1) the fleet-wide implementation of the Undergraduate Pilot Training 2.5 curriculum and the effect of such implementation on the undergraduate pilot training pipeline; and

(2) how the divestiture would affect existing programs of the Air Force that accelerate pilot training.

SEC. 133. MODIFICATION TO MINIMUM INVENTORY REQUIREMENT FOR A–10 AIRCRAFT.

(a) FISCAL YEAR 2017 NDAA.—Section 134(d) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114–328; 130 Stat. 2038), as amended by section 141(b)(1) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263), is further amended by striking ''153 A–10 aircraft'' and inserting ''135 A–10 aircraft''.

(b) FISCAL YEAR 2016 NDAA.—Section 142(b)(2) of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114–92; 129 Stat. 755), as amended by section 141(b)(2) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263), is further amended by striking ''153 A–10 aircraft'' and inserting ''135 A–10 aircraft''.

SEC. 134. MODIFICATION TO MINIMUM REQUIREMENT FOR TOTAL PRIMARY MISSION AIRCRAFT INVENTORY OF AIR FORCE FIGHTER AIRCRAFT.

Section 9062(i)(1) of title 10, United States Code, is amended by striking ''1,145 fighter aircraft'' and inserting ''1,112 fighter aircraft''.

SEC. 135. MODIFICATION OF LIMITATION ON DIVESTMENT OF F–15 AIRCRAFT.

Section 150 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263; 136 Stat. 2456) is amended—

(1) in subsection (b)(1)—

(A) in subparagraph (C)(ii), by striking ''; and'' and inserting a semicolon;

(B) in subparagraph (D), by striking the period at the end and inserting ''; and''; and

(C) by adding at the end the following new subparagraph:

''(E) for each covered F–15 aircraft that the Secretary plans to divest, a description of—

''(i) the upgrades and modifications done to the aircraft, including the date of each modification and the value amount of each modification in current year dollars; and

''(ii) the estimated remaining service life of—

''(I) the aircraft; and

''(II) the onboard systems of the aircraft.''; and

(2) by redesignating subsection (c) as subsection (d); and

(3) by inserting after subsection (b) the following new subsection (c):

''(c) UPDATES.—Not later than October 1 of each year through October 1, 2028, the Secretary of the Air Force shall—

''(1) update the report required under subsection (b); and

''(2) submit such update to the congressional defense committees.''.

SEC. 136. REPORT ON AIR FORCE EXECUTIVE AIRCRAFT.

(a) IN GENERAL.—Not later than January 1, 2025, the Secretary of the Air Force shall submit to the congressional defense committees a report that includes the following:

(1) An overview of the total missions flown by executive aircraft of the Air Force during the five fiscal years preceding the fiscal year in which the report is submitted, disaggregated by fiscal year, including the mission types and Government agencies supported.

(2) An identification of each mission flown by executive aircraft of the Air Force during the five fiscal years preceding the fiscal year in which the report is submitted, disaggregated by fiscal year, including the mission type, overall cost, average flight hour cost, and Government agency supported, disaggregated by wing and by type of aircraft.

(3) The projected mission capacity for executive aircraft of the Air Force for the five fiscal years following the fiscal year in which the report is submitted, disaggregated by fiscal year, factoring in any planned changes to aircraft inventory.

(4) A description of any anomalous conditions that may have impacted the availability, with respect to executive aircraft of the Air Force, of a specific aircraft type or wing during the five fiscal years preceding the fiscal year in which the report is submitted, such as unavailability of a specific aircraft type due to block upgrades or fleetwide maintenance issues.

(5) A description of the impact of the capacity of executive aircraft of the Air Force on the overall capacity of the Department of Defense to meet demand for executive aircraft.

(6) The total outlays of the Department of the Air Force for missions flown by executive aircraft of the Air Force, after factoring

in reimbursements received from Government agencies supported, during the five fiscal years preceding the fiscal year in which the report is submitted, disaggregated by fiscal year and by account.

(7) The projected budgets for the executive aircraft of the Air Force through the future years defense program.

(8) A narrative description of how the Air Force plans and budgets for missions flown by executive aircraft.

(9) Any other information the Secretary considers to be important.

(b) FORM.—The report required by subsection (a) shall be submitted in unclassified form, but may include a classified annex for the purposes of describing classified missions supported by the executive aircraft of the Air Force.

Subtitle E—Defense-wide, Joint, and Multiservice Matters

SEC. 141. PILOT PROGRAM TO ACCELERATE THE PROCUREMENT AND FIELDING OF INNOVATIVE TECHNOLOGIES.

Section 834(b) of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 4061 note) is amended by adding at the end the following new paragraph:

''(3) The Secretary of Defense may waive the priority established pursuant to paragraph (1) for up to two solicitations for proposals per fiscal year.''.

SEC. 142. REQUIREMENT TO DEVELOP AND IMPLEMENT POLICIES TO ESTABLISH THE DATALINK STRATEGY OF THE DEPARTMENT OF DEFENSE.

(a) POLICIES REQUIRED.—

(1) IN GENERAL.—The Secretary of Defense shall develop and implement policies to establish the unified datalink strategy of the Department of Defense (in this section referred to as the ''strategy'').

(2) ELEMENTS.—The policies required by paragraph (1) shall include the following:

(A) The designation of an organization that will act as the lead coordinator of datalink activities across the entire Department of Defense.

(B) Prioritization and coordination across services of the strategy within the requirements generation process of the Department.

(C) The use of a common standardized datalink network or transport protocol that ensures interoperability between independently developed datalinks, regardless of physical medium used, and ensures mesh routing. The Secretary of Defense shall consider the use of a subset of Internet Protocol.

(D) A programmatic decoupling of the physical method used to transmit data, the network or transport protocols used in the transmission and reception of data, and the applications used to process and use data.

(E) The coordination of weapon systems executing the same mission types across services of the strategy, including through the use of a common set of datalink waveforms. The Secretary shall evaluate the use of redundant datalinks for line-of-sight and beyond-line-of-sight information exchange for each weapon systems platform.

(F) Coordination between the Department and the intelligence community (as defined in section 3 of the National Security Act of 1947 (50 U.S.C. 3003)) to leverage any efficiencies and overlap with existing datalink waveforms of the intelligence community.

(G) Methods to support the rapid integration of common datalinks across the force.

(H) Support for modularity of specific datalink waveforms to enable rapid integration of future datalinks, including the use of software defined radios compliant with modular open system architecture and sensor open system architecture.

(b) INFORMATION TO CONGRESS.—Not later than June 1, 2024, the Secretary of Defense shall provide to the congressional defense committees the following:

(1) A briefing on the proposed policies required by subsection (a)(1), with timelines for implementation.

(2) An estimated timeline of implementations of datalinks.

(3) A list of any additional resources and authorities required to execute the strategy.

(4) A determination of whether a common set of datalinks can and should be implemented across all major weapon systems within the Department of Defense.

SEC. 143. REPORT ON CONTRACT FOR CYBERSECURITY CAPABILITIES AND BRIEFING.

(a) REPORT.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Chief Information Officer of the Department of Defense shall submit to the congressional defense committees a report on the decision to exercise options on an existing contract to use cybersecurity capabilities to protect assets and networks across the Department of Defense.

(2) ELEMENTS.—The report required by paragraph (1) shall include the following:

(A) A description of the potential effects on innovation and competition among cybersecurity vendors of the decision to exercise the cybersecurity options on the contract described in paragraph (1).

(B) A description of the risks and benefits associated with an integrated enterprise-wide cybersecurity solution from a single vendor.

(C) A description of future plans of the Department of Defense to recompete the acquisition of integrated and interoperable cybersecurity tools and applications that would allow multiple vendors to compete separately and as teams.

(D) A copy of the analysis conducted by the Director of Cost Assessment and Program Evaluation of the Department of the costs and effectiveness of the cybersecurity capabilities covered by the contract described in paragraph (1).

(E) A copy of the analysis conducted by the Director of Operational Test and Evaluation of the Department of the effectiveness of the cybersecurity capabilities covered by the contract described in paragraph (1) compared to other commercially available products and vendors.

(b) BRIEFING.—Not later than 60 days after the date of the enactment of this Act, the Chief Information Officer of the Department of Defense shall brief the congressional defense committees on the plans of the Department to ensure competition and interoperability in the security and identity and access management product market segments.

TITLE II—RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

Subtitle A—Authorization of Appropriations

SEC. 201. AUTHORIZATION OF APPROPRIATIONS.

Funds are hereby authorized to be appropriated for fiscal year 2024 for the use of the Department of Defense for research, development, test, and evaluation, as specified in the funding table in section 4201.

Subtitle B—Program Requirements, Restrictions, and Limitations

SEC. 211. UPDATED GUIDANCE ON PLANNING FOR EXPORTABILITY FEATURES FOR FUTURE PROGRAMS.

(a) PROGRAM GUIDANCE ON PLANNING FOR EXPORTABILITY FEATURES.—The Under Secretary of Defense for Acquisition and Sustainment shall ensure that program guidance is updated to integrate planning for exportability features called for by section 4067 of title 10, United States Code, for the following activities:

(1) Major defense acquisition programs (MDAPs) (as defined in section 4201 of title 10, United States Code), which shall include in the initial cost estimates for the programs a requirement to capture potential exportability needs.

(2) Middle tier acquisition (MTA) programs described in section 804(a) of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114–92; 10 U.S.C. 3201 note prec.), which shall include an assessment of potential exportability needs prior to transition from rapid fielding or prototyping.

(b) REVISION OF GUIDANCE FOR PROGRAM PROTECTION PLANS.—The Under Secretary shall revise guidance for program protection plans to integrate a requirement to determine exportability for the programs covered by such plans.

SEC. 212. SUPPORT TO THE DEFENCE INNOVATION ACCELERATOR FOR THE NORTH ATLANTIC.

(a) AUTHORITY.—To the extent and in such amounts as provided in appropriations Acts for the purposes set forth in this section, the Secretary of Defense may, acting through the Under Secretary of Defense for Research and Engineering, provide funds of not more than $15,000,000 per year to sustain the participation of the United States in the North Atlantic Treaty Organization (NATO) Defence Innovation Accelerator for the North Atlantic (DIANA) Initiative (in this section the ''Initiative'').

(b) NOTIFICATION.—

(1) IN GENERAL.—Not later than 15 days after the date on which the Secretary makes a decision to provide funds pursuant to subsection (a), the Under Secretary shall submit to the congressional defense committees a written notification of such decision.

(2) CONTENTS.—Notification submitted pursuant to paragraph (1) shall include the following:

(A) A detailed breakout of the funding provided.

(B) The intended purposes of such funds.

(C) The timeframe covered by such funds.

(c) STRATEGY.—

(1) IN GENERAL.—Not later than July 1, 2024, the Under Secretary shall submit to the congressional defense committees a strategy for participation by the United States in the Initiative.

(2) CONTENTS.—The strategy submitted pursuant to paragraph (1) shall include the following:

(A) A description for how the Initiative fits into the innovation ecosystem for the North Atlantic Treaty Organization, as well as how it is synchronized with and will interact with other science, technology, and innovation activities within the Department of Defense.

(B) Anticipated funding profile across the future years defense program (FYDP).

(C) Identification of key technology focus areas to be addressed each year across the future years defense program.

(D) Anticipated areas for expansion for key nodes or locations for the Initiative, including how the Initiative will contribute to fostering the spread of innovation throughout the United States.

(d) ANNUAL REPORT.—Not later than February 1, 2024, and February 1 of each year thereafter through 2026, the Secretary shall submit to the congressional defense committees an annual report for Department supported activities of the Initiative, including the breakdown of funding provided for the previous fiscal year, and key milestones or achievements during that timeframe.

(e) SUNSET.—The authority provided by subsection (a) shall terminate on September 30, 2026.

SEC. 213. MODIFICATION TO PERSONNEL MANAGEMENT AUTHORITY TO ATTRACT EXPERTS IN SCIENCE AND ENGINEERING.

Section 4092(b) of title 10, United States code is amended—

(1) in paragraph (1)(B), by striking ''of which not more than 5 such positions may be positions of administration or management of the Agency''; and

(2) in paragraph (4), by inserting '', including, upon separation, pay the travel, transportation, and relocation expenses to return to the location of origin, at the time of the initial appointment, within the United States'' before the period at the end.

SEC. 214. ADMINISTRATION OF THE ADVANCED SENSORS APPLICATION PROGRAM.

Section 218 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263) is amended—

(1) in subsection (a)—

(A) in paragraph (1), by striking ''The Commander of Naval Air Systems Command and the Director of Air Warfare shall jointly serve'' and inserting ''The Under Secretary of Defense for Intelligence and Security, acting through the Director of the Air Force Office of Concepts, Development, and Management Office, shall serve''; and

(B) in paragraph (2), by striking ''The resource sponsors of the Program shall be responsible'' and inserting ''The resource sponsor, in consultation with the Commander of Naval Air Systems Command, shall be responsible'';

(2) in subsection (b), by striking ''Only the Secretary of the Navy, the Under Secretary of the Navy, and the Commander of Naval Air Systems Command may'' and inserting ''Only the Under Secretary of Defense for Intelligence and Security and the Director of the Air Force Concepts, Development, and Management Office, in consultation with the Commander of Naval Air Systems Command, may''; and

(3) in subsection (d)(3), by striking ''exercised by the Commander of Naval Air Systems Command, the Secretary of the Navy, or the Under Secretary of the Navy'' and inserting ''exercised by the Under Secretary of Defense for Intelligence and Security and the Director of the Air Force Concepts, Development, and Management Office''.

SEC. 215. DELEGATION OF RESPONSIBILITY FOR CERTAIN RESEARCH PROGRAMS.

Section 980(b) of title 10, United Stated Code, is amended—

(1) by inserting ''(1)'' before ''The Secretary''; and

(2) by adding to the end the following new paragraph:

''(2) The Secretary may delegate the authority provided by paragraph (1) to the Under Secretary of Defense for Research and Engineering.''.

SEC. 216. PROGRAM OF STANDARDS AND REQUIREMENTS FOR MICROELECTRONICS.

(a) PROGRAM REQUIRED.—The Secretary of Defense shall establish, not later than 180 days after the date of the enactment of this Act, a program within the National Security Agency to develop and continuously update, as the Secretary determines necessary, standards, commercial best practices, and requirements for the design, manufacture, packaging, test, and distribution of microelectronics acquired by the Department of Defense to provide acceptable levels of confidentiality, integrity, and availability for Department commercial-off-the-shelf (COTS) microelectronics, field programmable gate arrays (FPGAs), and custom integrated circuits (CICs).

(b) ADVICE AND ASSESSMENT.—The Secretary shall ensure that the program established pursuant to subsection (a) is advised and assessed by the Government-Industry-Academia Working Group on Microelectronics established under section 220 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263).

(c) REQUIREMENTS.—The program established by subsection (a) shall develop—

(1) evidence-based assurance processes and techniques that sustain, build on, automate, and scale up the results and accomplishments of the Rapid Assured Microelectronics Prototypes (RAMP), RAMP-Commercial (RAMP-C), and State-of-the-Art Heterogeneous Integrated Packaging (SHIP) programs to enhance the confidentiality, integrity, and availability of microelectronics while minimizing costs and impacts to commercial manufacturing practices;

(2) validation methods for such processes and techniques, in coordination with the developmental and operational test and evaluation community, as the Secretary determines necessary;

(3) threat models that comprehensively characterize the threat to microelectronics confidentiality, integrity, and availability across the entire supply chain, and the design, production, packaging, and deployment cycle to support risk management and risk mitigation, based on the principle of reducing risk to as low a level as reasonably practicable, including—

(A) comparative risk assessments; and

(B) balanced and practical investments in assurance based on risks and returns;

(4) levels of assurance and associated requirements for the production and acquisition of commercial-off-the-shelf integrated circuits, integrated circuits subject to International Traffic in Arms Regulations (ITAR) under subchapter M of chapter I of title 22, Code of Federal Regulations, or successor regulations, and classified integrated circuits using commercial foundry manufacturing process flows;

(5) guides for Federal Government program evaluators, program offices, and industry to meet microelectronics assurance requirements; and

(6) guidance for the creation of a government organizational structure and plan to support the acquisition of fit-for-purpose microelectronics, including the role of the Defense Microelectronics Activity, the Crane Division of the Naval Surface Warfare Center, and the Joint Federated Assurance Center.

(d) MICROELECTRONICS ASSURANCE STANDARD.—The program established pursuant to subsection (a) shall establish a Department microelectronics assurance standard that includes an overarching assurance framework as well as the guides developed under subsection (c)(5), for commercial-off-the-shelf integrated circuits, integrated circuits subject to the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations, or successor regulations, and classified microelectronics developed under subsection (c)(4).

(e) MICROELECTRONICS ASSURANCE EXECUTIVE AGENT.—The Secretary shall designate one individual from a military department as the Microelectronics Assurance Executive Agent to assist Federal Government program offices in acquiring fit-for-purpose microelectronics.

(f) MANAGEMENT OF RAMP AND SHIP PROGRAMS.—Effective on the date of the establishment of the program required by subsection (a), such program shall assume management of the Rapid Assured Microelectronics Prototypes, Rapid Assured Microelectronics Prototypes-Commercial (RAMP-C), and State-of-the-Art Heterogeneous Integrated Packaging programs that were in effect on the day before the date of the enactment of this Act and executed by the Under Secretary of Defense for Research and Engineering.

(g) OVERSIGHT.—The Under Secretary of Defense for Research and Engineering shall provide oversight of the planning and execution of the program required by subsection (a).

(h) REQUIREMENTS FOR CONTRACTING FOR APPLICATION-SPECIFIC INTEGRATED CIRCUITS.—The Secretary shall ensure that, for contracts for application-specific integrated circuits designed by defense industrial base contractors—

(1) the use of evidence-based assurance processes and techniques are included in the contract data requirements list;

(2) commercial best industry practices for confidentiality, integrity, and availability are used;

(3) a library of certified third-party intellectual property is established for reuse, including reuse of transistor layouts, cells, and macrocells;

(4) legal mechanisms are in place for data collection and sharing; and

(5) automation technology is adopted to achieve efficiency.

SEC. 217. CLARIFYING ROLE OF PARTNERSHIP INTERMEDIARIES TO PROMOTE DEFENSE RESEARCH AND EDUCATION.

Section 4124(f)(2) of title 10, United States Code, is amended—

(1) by striking ''that assists'' and inserting the following: ''that—

''(A) assists'';

(2) in subparagraph (A), as designated by paragraph (1), by striking the period at the end and inserting a semicolon; and

(3) by adding at the end the following new subparagraphs:

''(B) facilitates technology transfer from industry or academic institutions to the Center; or

''(C) assists and facilitates workforce development in critical technology areas and technology transition to fulfill unmet needs of a Center.''.

SEC. 218. COMPETITION FOR TECHNOLOGY THAT DETECTS AND WATERMARKS THE USE OF GENERATIVE ARTIFICIAL INTELLIGENCE.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—The Secretary of Defense shall establish and carry out a prize competition under section 4025 of title 10, United States Code, to evaluate technology, including applications, tools, and models, for the detection and watermarking of generative artificial intelligence (AI)—

(A) to facilitate the research, development, testing, evaluation, and competition of secure generative artificial intelligence detection and watermark technologies that can support each Secretary of a military department and the commanders of combatant commands to support warfighting requirements; and

(B) to transition such technologies, including technologies developed from pilot programs, prototype projects, or other research and development programs, from the prototyping phase to production.

(2) PARTICIPATION.—The participants in the competition carried out pursuant to paragraph (1) may include Federally-funded research and development centers (FFRDCs), the private sector, the defense industrial base, academia, government agencies, and such other participants as the Secretary considers appropriate.

(3) COMMENCEMENT.—The competition will begin within 270 days of passage of this Act.

(4) DESIGNATION.—The competition established and carried out pursuant to paragraph (1) shall be known as the ''Generative AI Detection and Watermark Competition''.

(b) ADMINISTRATION.—The Under Secretary of Defense for Research and Engineering

shall administer the competition required by subsection (a).

(c) FRAMEWORK.—Not later than 120 days after the date of the enactment of this Act, the Secretary shall provide the congressional defense committees a briefing on the framework the Secretary will use to carry out the competition required by subsection (a).

(d) ANNUAL REPORTS.—Not later than October 1 of each year until the termination of the competition established and carried out under subsection (a), the Secretary shall submit to the congressional defense committees a report on the results of the competition.

(e) DEFINITIONS.—In this section:

(1) The term ''detection'' means a technology that can positively identify the presence of generative artificial intelligence in digital content.

(2) The term ''watermarking'' means embedding a piece of data onto detected artificial intelligence generated digital content, conveying attribution to the source generation.

(f) TERMINATION.—The competition established and carried out pursuant to subsection (a) shall terminate on December 31, 2025.

Subtitle C—Plans, Reports, and Other Matters

SEC. 221. DEPARTMENT OF DEFENSE PRIZE COMPETITIONS FOR BUSINESS SYSTEMS MODERNIZATION.

(a) IN GENERAL.—Not later than September 30, 2028, the Secretary of Defense and the Secretaries of the military departments shall complete one or more prize competitions under section 4025 of title 10, United States Code, in order to support the business systems modernization goals of the Department of Defense.

(b) SCOPE.—

(1) IN GENERAL.—Each prize competition carried out under subsection (a) shall be structured to complement, and to the degree practicable, accelerate delivery or expand functionality of business systems capabilities being pursued by the affected Secretary, either currently in operation, in development, or for broad classes of systems covered by the business enterprise architecture required by section 2222(e) of title 10, United States Code.

(2) AREAS FOR CONSIDERATION.—In carrying out subsection (a), the Secretary of Defense and the Secretaries of the military departments shall each consider the following:

(A) Integration of artificial intelligence or machine learning capabilities.

(B) Data analytics or business intelligence, or related visualization capability.

(C) Automated updating of business architectures, business systems integration, or documentation related to existing systems or manuals.

(D) Improvements to interfaces or processes for interacting with other non-Department of Defense business systems.

(E) Updates or replacements for legacy business systems to improve operational effectiveness and efficiency, such as the Mechanization of Contract Administration Services (MOCAS).

(F) Contract writing systems or expanded capability that could be integrated into existing systems.

(G) Pay and personnel systems, or expanded capability, that could be integrated into existing systems.

(H) Other finance and accounting systems, or expanded capability, that could be integrated into existing systems.

(I) Systems supporting industrial base and supply chain visibility, analytics, and management.

SEC. 222. UPDATE TO PLANS AND STRATEGIES FOR ARTIFICIAL INTELLIGENCE.

(a) IN GENERAL.—The Secretary of Defense shall, in consultation with the Deputy Secretary of Defense—

(1) establish and document procedures, including timelines, for the periodic review of the 2018 Department of Defense Artificial Intelligence Strategy, or any successor strategy, and associated annexes of the military departments to assess the implementation of the strategy and whether any revision is necessary;

(2) issue Department of Defense-wide guidance that defines outcomes of near-term and long-term strategies and plans relating to—

(A) the adoption of artificial intelligence;

(B) adoption and enforcement of policies on the ethical use of artificial intelligence systems; and

(C) the identification and mitigation of bias in artificial intelligence algorithms;

(3) issue Department-wide guidance regarding—

(A) methods to monitor accountability for artificial intelligence-related activity, including artificial intelligence performance indicators and metrics;

(B) means to enforce and update ethics policy and guidelines across all adopted artificial intelligence systems; and

(C) means to identify, monitor, and mitigate bias in artificial intelligence algorithms;

(4) develop a strategic plan for the development, use, and cybersecurity of generative artificial intelligence, including a policy for use of, and defense against adversarial use of, generative artificial intelligence;

(5) assess technical workforce needs across the future years defense plan to support the continued development of artificial intelligence capabilities, including recruitment and retention policies and programs;

(6) assess the availability and adequacy of the basic artificial intelligence training and education curricula available to the broader Department civilian workforce and military personnel to promote artificial intelligence literacy to the nontechnical workforce and senior leadership with responsibilities adjacent to artificial intelligence technical development;

(7) develop and issue a timeline and guidance for the Chief Digital and Artificial Intelligence Officer of the Department and the Secretaries of the military departments to establish a common terminology for artificial intelligence-related activities;

(8) develop and implement a plan to protect and secure the integrity, availability, and privacy of artificial intelligence systems and models, including large language models, data libraries, data repositories, and algorithms, in training, development, and production environments;

(9) develop and implement a plan—

(A) to identify commercially available and relevant large language models; and

(B) to make those available, as appropriate, on classified networks;

(10) develop a plan to defend the people, organizations, and systems of the Department against adversarial artificial intelligence, including identification of organizations within the Department that could provide red teams capabilities for operational and developmental needs;

(11) develop and implement a policy for use by contracting officials to protect the intellectual property of commercial entities that provide their artificial intelligence algorithms to a Department repository established pursuant to section 232 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 4001 note), including policy for how to address data rights in situations in which government and commercial intellectual property may be mixed when such artificial intelligence algorithms are deployed in an operational environment;

(12) issue guidance and directives for how the Chief Digital and Artificial Intelligence Officer of the Department will exercise authority to access, control, and maintain, on behalf of the Secretary, data collected, acquired, accessed, or utilized by Department components consistent with section 1513 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263; 10 U.S.C. 4001 note); and

(13) clarify guidance on the instances for and role of human intervention and oversight in the exercise of artificial intelligence algorithms for use in the generation of offensive or lethal courses of action for tactical operations.

(b) DUE DATE FOR PROCEDURES, GUIDANCE, PLANS, ASSESSMENT, AND TIMELINES.—

(1) DUE DATE.—The Secretary shall develop the procedures, guidance, plans, assessment, and timelines required under subsection (a) not later than 120 days after the date of enactment of this Act.

(2) BRIEFING.—Not later than 150 days after the date of the enactment of this Act, the Secretary shall provide to the congressional defense committees a briefing on the procedures, guidance, plans, assessment, and timelines established, issued, carried out, or developed under subsection (a).

SEC. 223. WESTERN REGIONAL RANGE COMPLEX DEMONSTRATION.

(a) DEMONSTRATION REQUIRED.—The Secretary shall carry out a demonstration of a joint multi-domain nonkinetic testing and training environment across military departments by interconnecting existing ranges and training sites in the western States to improve joint multi-domain nonkinetic training and further testing, research, and development.

(b) USE OF EXISTING RANGES AND CAPABILITIES.—The demonstration carried out pursuant to subsection (a) shall use existing ranges and range capability, unless capability gaps are identified in the process of planning specific demonstration activities.

(c) ACTIVITIES.—The demonstration carried out pursuant to subsection (a) shall include the following:

(1) Electromagnetic spectrum operations.

(2) Electromagnetic warfare.

(3) Operations in the information environment.

(4) Joint All Domain Command and Control (JADC2).

(5) Information warfare, including the following:

(A) Intelligence, surveillance, and reconnaissance.

(B) Offensive and defense cyber operations.

(C) Electromagnetic warfare.

(D) Space operations.

(E) Psychological operations.

(F) Public affairs.

(G) Weather operations.

(d) TIMELINE FOR COMPLETION OF INITIAL DEMONSTRATION.—In carrying out subsection (a), the Secretary shall seek to complete an initial demonstration, interconnecting two or more ranges or testing sites of two or more military departments in the western States, subject to availability of appropriations, not later than one year after the date of the enactment of this Act.

(e) BRIEFING.—Not later than 180 days after the date of the enactment of this Act, the Secretary shall provide the congressional defense committees a briefing on—

(1) a phased implementation plan and design to connect ranges and testing sites in the western States, including the initial demonstration required by subsection (d);

(2) how the design architecture of the plan is in alignment with recommendations of the 2020 Department of Defense Electromagnetic Spectrum Superiority Strategy; and

(3) how the design architecture will support high-periodicity training, testing, research, and development.

(f) DEFINITION.—In this section:

(1) INFORMATION ENVIRONMENT.—The term ''information environment'' means the aggregate of individuals, organizations, and systems that collect, process, and disseminate, or act on information.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Defense.

(g) TERMINATION.—This section shall terminate on September 30, 2028.

SEC. 224. REPORT ON FEASIBILITY AND ADVISABILITY OF ESTABLISHING A QUANTUM COMPUTING INNOVATION CENTER.

(a) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Defense shall, in coordination with the Under Secretary of Defense for Research and Engineering and the Chief Digital and Artificial Intelligence Officer, submit to the congressional defense committees a report on the feasibility and advisability of establishing a quantum computing innovation center within the Department of Defense—

(1) to identify and pursue the development of quantum computing applications to enhance military operations;

(2) to harness the talent and skills of physicists and scientists within the Department to develop quantum computing applications; and

(3) to coordinate and synchronize quantum computing research across the Department.

(b) ELEMENTS.—The report required under subsection (a) shall include the following:

(1) An assessment of the ongoing activities of the Department that are part of the National Quantum Initiative.

(2) An evaluation of the plans of the Department to develop quantum computing, sensing, and networking applications.

(3) The level of funding and resources invested by the Department to enable quantum military applications.

(4) Any established metrics or performance indicators to track the progress of quantum technology developments.

(5) The extent to which the Department is partnering with commercial entities engaging in quantum research and development.

(6) An evaluation of any plans establishing how commercial advances in quantum technology can be leveraged for military operations.

(7) An assessment of the maturity of United States competitor efforts to develop quantum applications for adversarial use.

(8) An assessment of any processes to harmonize or coordinate activities across the Department to develop quantum computing applications.

(9) An evaluation of any Department-issued policy guidance regarding quantum computing applications.

(10) An evaluation of any Department plans to defend against adversarial use of quantum computing applications.

SEC. 225. BRIEFING ON THE IMPEDIMENTS TO THE TRANSITION OF THE SEMANTIC FORENSICS PROGRAM TO OPERATIONAL USE.

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Under Secretary of Defense for Research and Engineering shall, in consultation with the Office of General Counsel of the Department of Defense and the Director of the Defense Advanced Research Projects Agency, provide to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a briefing on the impediments to the transition of the Semantic Forensics program to operational use.

(b) ELEMENTS.—The briefing provided pursuant to subsection (a) shall include the following:

(1) Identification of policy and legal challenges associated with the transition described in subsection (a) and implementation of the Semantic Forensics program, including with respect to the use and operational testing of publicly available information.

(2) Identification of other Federal agencies with legal authorities that may be able to resolve the challenges identified pursuant to paragraph (1).

(3) Recommendations for legislative or administrative action to mitigate the challenges identified pursuant to paragraph (1).

SEC. 226. ANNUAL REPORT ON DEPARTMENT OF DEFENSE HYPERSONIC CAPABILITY FUNDING AND INVESTMENT.

(a) IN GENERAL.—Not later than March 1 of fiscal year 2024 and March 1 of each of fiscal year thereafter through 2030, the Secretary of Defense shall submit to the congressional defense committees an annual report on funding and investments of the Department of Defense relating to hypersonic capabilities, including with respect to procurement, research, development, operations, and maintenance of offensive and defensive hypersonic weapons.

(b) REQUIREMENTS.—Each report submitted pursuant to subsection (a) shall—

(1) include cost data on the vehicles, testing, hypersonic sensors, command and control architectures, infrastructure, testing infrastructure, software, workforce, training, ranges, integration costs, and such other items as the Secretary considers appropriate;

(2) disaggregate information reported by offensive and defensive hypersonic capabilities;

(3) for research relating to hypersonic capabilities, include the program element and the name of the entity that is conducting the research, a description of the purpose of the research, and any Uniform Resource Locators to weapon programs associated with the research; and

(4) to the degree applicable, include all associated hypersonic program elements and line items.

(c) FORM.—Each report submitted pursuant to subsection (a) shall be submitted in unclassified form, but may include a classified annex.

SEC. 227. LIMITATION ON AVAILABILITY OF FUNDS FOR TRAVEL FOR OFFICE OF UNDER SECRETARY OF DEFENSE FOR PERSONNEL AND READINESS PENDING A PLAN FOR MODERNIZING DEFENSE TRAVEL SYSTEM.

(a) LIMITATION.—Of the funds authorized to be appropriated by this Act for fiscal year 2024 for travel for the office of the Under Secretary of Defense for Personnel and Readiness, not more than 85 percent may be obligated or expended until the Secretary of Defense submits to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives supporting justification material underpinning the decision to cease current modernization efforts for the Defense Travel System (DTS), and a plan going forward for modernizing or replacing such system

(b) CONTENTS.—The justification material and plan described in subsection (a) shall include the following:

(1) The documentation from the Milestone Decision Authority (MDA) justifying cancellation of the current modernization contract, including—

(A) specific metrics used to make that determination;

(B) a timeline for decisions leading to the final cancellation;

(C) notification from the military departments when they were unable to make the desired usage rates using the current modernization prototype;

(D) identification of system requirements for audit readiness, as well as interface needs for other enterprise resource planning systems, in the current modernization contract; and

(E) alternatives considered prior to cancellation.

(2) An assessment by the Cost Assessment of Program Evaluation office comparing—

(A) costs of continuing with the current modernization prototype across the future years defense plan (FYDP); and

(B) costs of sustainment of the Defense Travel System across the future years defense plan, factoring potential costs of restarting modernization efforts.

(3) A description from the Milestone Decision Authority on what the current plan is for modernizing the Defense Travel System, including timelines and potential costs.

SEC. 228. ANNUAL REPORT ON UNFUNDED PRIORITIES FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION ACTIVITIES.

(a) IN GENERAL.—Chapter 9 of title 10, United States Code, is amended by inserting after section 222d the following new section:

''§ 222e. Unfunded priorities for research, development, test, and evaluation activities

''(a) ANNUAL REPORT.—Not later than 10 days after the date on which the budget of the President for a fiscal year is submitted to Congress pursuant to section 1105 of title 31, the Secretary of Defense shall submit to the congressional defense committees a report on the unfunded priorities of the Department of Defense-wide research, development, test, and evaluation activities.

''(b) CONTENTS.—

''(1) IN GENERAL.—Except as provided in subsection (c), each report submitted under subsection (a) shall specify, for each unfunded priority covered by such report, the following:

''(A) A summary description of such priority, including the objectives to be achieved if such priority is funded (whether in whole or in part).

''(B) The additional amount of funds recommended in connection with the objectives under subparagraph (A).

''(C) Account information with respect to such priority, including the following (as applicable):

''(i) Line Item Number (LIN) for applicable procurement accounts.

''(ii) Program Element (PE) number for applicable research, development, test, and evaluation accounts.

''(2) PRIORITIZATION OF PRIORITIES.—The report under subsection (a) shall present the unfunded priorities covered by such report in order of urgency of priority.

''(c) EXCLUSION OF PRIORITIES COVERED IN OTHER REPORTS.—The report submitted under subsection (a) shall not include unfunded priorities or requirements covered in reports submitted under—

''(1) section 222a or 222b; or

''(2) section 2806 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91; 10 U.S.C. 222a note).

''(d) FORM.—Each report submitted pursuant to subsection (a) shall be submitted in classified format, but the Secretary may also submit an unclassified version as the Secretary considers appropriate.

''(e) UNFUNDED PRIORITY DEFINED.—In this section, the term 'unfunded priority', in the case of a fiscal year, means a program, activity, or mission requirement, that—

''(1) is not funded in the budget of the President for the fiscal year as submitted to Congress pursuant to section 1105 of title 31; and

''(2) would have been recommended for funding through that budget if—

''(A) additional resources had been available for the budget to fund the program, activity, or mission requirement; or

''(B) the program, activity, or mission requirement has emerged since the budget was formulated.''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 9 of such title is amended by inserting after the item relating to section 222d the following new item:

''222e. Annual report on unfunded priorities for research, development, test, and evaluation activities.''.

TITLE III—OPERATION AND MAINTENANCE

Subtitle A—Authorization of Appropriations

SEC. 301. AUTHORIZATION OF APPROPRIATIONS.

Funds are hereby authorized to be appropriated for fiscal year 2024 for the use of the Armed Forces and other activities and agencies of the Department of Defense for expenses, not otherwise provided for, for operation and maintenance, as specified in the funding table in section 4301.

Subtitle B—Energy and Environment

SEC. 311. REQUIREMENT FOR APPROVAL BY UNDER SECRETARY OF DEFENSE FOR ACQUISITION AND SUSTAINMENT OF ANY WAIVER FOR A SYSTEM THAT DOES NOT MEET FUEL EFFICIENCY KEY PERFORMANCE PARAMETER.

Section 332(b) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110–417; 10 U.S.C. 2911 note) is amended—

(1) by striking ''The Secretary of Defense'' and inserting the following:

''(1) IN GENERAL.—The Secretary of Defense''; and

(2) by adding at the end the following new paragraph:

''(2) WAIVER OF FUEL EFFICIENCY KEY PERFORMANCE PARAMETER.—

''(A) IN GENERAL.—The fuel efficiency key performance parameter implemented under paragraph (1) may be waived for a system only if such waiver is approved by the Under Secretary of Defense for Acquisition and Sustainment.

''(B) NONDELEGATION.—The waiver authority under subparagraph (A) may not be delegated.''.

SEC. 312. IMPROVEMENT AND CODIFICATION OF SENTINEL LANDSCAPES PARTNERSHIP PROGRAM AUTHORITY.

(a) CODIFICATION OF EXISTING STATUTE.—Section 317 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91; 10 U.S.C. 2684a note) is amended—

(1) by transferring such section to appear after section 2692 of title 10, United States Code;

(2) by redesignating such section as section 2693; and

(3) by amending the section heading to read as follows:

''§ 2693. Sentinel Landscapes Partnership''.

(b) IMPROVEMENTS TO SENTINEL LANDSCAPES PARTNERSHIP PROGRAM.—Section 2693 of title 10, United States Code, as transferred and redesignated by subsection (a), is further amended—

(1) in subsection (a), by striking ''and the Secretary of the Interior'' and inserting '', the Secretary of the Interior, and the heads of other Federal departments and agencies that elect to become full partners'';

(2) in subsection (b), by striking ''and the Secretary of the Interior, may, as the Secretaries'' and inserting ''the Secretary of the Interior, and the heads of other Federal departments and agencies that elect to become full partners may, as they'';

(3) by amending subsection (c) to read as follows:

''(c) COORDINATION OF ACTIVITIES.—The Secretaries and the heads of Federal departments and agencies, in carrying out this section, may coordinate actions between their departments and agencies and with other Federal, State, interstate, and local agencies, Indian Tribes, and private entities to more efficiently work together for the mutual benefit of conservation, resilience, working lands, and national defense, and to encourage owners and managers of land to engage in voluntary land management, resilience, and conservation activities that contribute to the sustainment of military installations, State-owned National Guard installations, and associated airspace.'';

(4) in subsection (d)—

(A) by striking the first sentence and inserting ''The Secretaries and the heads of Federal departments and agencies, in carrying out this section, may give to any eligible owner or manager of land within a designated sentinel landscape priority consideration for participation in any easement, grant, or assistance programs administered by that Secretary or head.''; and

(B) in the second sentence, by striking ''eligible landowner or agricultural producer'' and inserting ''eligible owner or manager of land''; and

(5) by redesignating subsection (f) as subsection (g);

(6) by inserting after subsection (e) the following new subsection (f):

''(f) RULE OF CONSTRUCTION.—Nothing in this section may be construed to require an owner or manager of land, including a private landowner or agricultural producer, to participate in any land management, resilience, or conservation activity under this section.'';

(7) in subsection (g), as redesigned by paragraph (5)—

(A) in paragraph (1), by striking '' section 670(1) of title 16, United States Code'' and inserting '' section 100(1) of the Sikes Act (16 U.S.C. 670(1))'';

(B) in paragraph (2), by striking ''section 670(3) of title 16, United States Code'' and inserting ''section 100(3) of the Sikes Act (16 U.S.C. 670(3))''; and

(C) in paragraph (3), by amending subparagraph (B) to read as follows:

''(B) the publicly and privately owned lands that serve to protect and support the rural economy, the natural environment, outdoor recreation, and the national defense missions of a military installation or State-owned National Guard installation.''.

(c) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 159 of title 10, United States Code, is amended by inserting after the item relating to section 2692 the following new item:

''2693. Sentinel Landscapes Partnership.''.

SEC. 313. MODIFICATION OF DEFINITION OF SUSTAINABLE AVIATION FUEL FOR PURPOSE OF PILOT PROGRAM ON USE OF SUCH FUEL.

Section 324(g) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263) is amended—

(1) by striking paragraph (2);

(2) by redesignating paragraph (1) as paragraph (2);

(3) by inserting before paragraph (2), as redesignated by paragraph (2) of this section, the following new paragraph:

''(1) The term 'applicable material' means—

''(A) monoglycerides, diglycerides, and triglycerides;

''(B) free fatty acids; or

''(C) fatty acid esters.''; and

(4) by adding at the end the following new paragraphs:

''(3) The term 'biomass' has the meaning given that term in section 45K(c)(3) of the Internal Revenue Code of 1986.

''(4) The term 'lifecycle greenhouse gas emissions reduction percentage' means, with respect to any sustainable aviation fuel, the percentage reduction in lifecycle greenhouse gas emissions achieved by such fuel as compared with petroleum-based aviation fuel, as determined in accordance with—

''(A) the most recent Carbon Offsetting and Reduction Scheme for International Aviation that has been adopted, as of the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024, by the International Civil Aviation Organization with the agreement of the United States; or

''(B) the most recent determinations, as of the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024, under the Greenhouse gases, Regulated Emissions, and Energy use in Transportation (GREET) model developed by Argonne National Laboratory.

''(5) The term 'sustainable aviation fuel' means liquid fuel, the portion of which is not kerosene, that—

''(A) meets the requirements of—

''(i) ASTM International Standard D7566; or

''(ii) the Fischer Tropsch provisions of ASTM International Standard D1655, Annex A1;

''(B) is not derived from coprocessing an applicable material (or materials derived from an applicable material) with a feedstock that is not biomass;

''(C) is not derived from palm fatty acid distillates or petroleum; and

''(D) has been certified pursuant to a scheme or model under paragraph (4) as having a lifecycle greenhouse gas emissions reduction percentage of not less than 50 percent.''.

SEC. 314. PAYMENT TO ENVIRONMENTAL PROTECTION AGENCY OF STIPULATED PENALTIES IN CONNECTION WITH NAVAL AIR STATION MOFFETT FIELD, CALIFORNIA.

(a) AUTHORITY TO TRANSFER FUNDS.—

(1) TRANSFER AMOUNT.—

(A) IN GENERAL.—The Secretary of the Navy may transfer an amount not to exceed $438,250 to the Hazardous Substance Superfund established under section 9507 of the Internal Revenue Code of 1986, in accordance with section 2703(f) of title 10, United States Code.

(B) INAPPLICABILITY OF LIMITATION.—Any transfer under subparagraph (A) shall be made without regard to section 2215 of title 10, United States Code.

(2) SOURCE OF FUNDS.—Any transfer under paragraph (1)(A) shall be made using funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2024 for the Department of Defense Base Closure Account established under section 2906(a) of the Defense Base Closure and Realignment Act of 1990 (Public Law 101–510; 10 U.S.C. 2687 note).

(b) PURPOSE OF TRANSFER.—Any transfer under subsection (a)(1)(A) shall be for the purpose of satisfying a stipulated penalty assessed by the Environmental Protection Agency on May 4, 2018, regarding former Naval Air Station, Moffett Field, California, under the Federal Facility Agreement for Naval Air Station, Moffett Field, which was entered into between the Navy and the Environmental Protection Agency in 1990 pursuant to section 120 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620).

(c) ACCEPTANCE OF PAYMENT.—If the Secretary of the Navy makes a transfer under subsection (a)(1)(A), the Administrator of the Environmental Protection Agency shall accept the amount transferred as payment in

full of the penalty described in subsection (b).

SEC. 315. TECHNICAL ASSISTANCE FOR COMMUNITIES AND INDIVIDUALS POTENTIALLY AFFECTED BY RELEASES AT CURRENT AND FORMER DEPARTMENT OF DEFENSE FACILITIES.

(a) TECHNICAL ASSISTANCE FOR NAVIGATION OF RESPONSE ACTIONS.—

(1) IN GENERAL.—Beginning not later than 180 days after the date of the enactment of this Act, and subject to such amounts as are provided in appropriations Acts, the Secretary of Defense, acting through the Director of the Office of Local Defense Community Cooperation, shall furnish technical assistance services described in paragraph (3) through the Technical Assistance for Public Participation (TAPP) Program of the Department of Defense to communities, or individuals who are members thereof, that have been affected by a release of a pollutant affirmatively determined to have originated from a facility under the jurisdiction of, or formerly used by or under the jurisdiction of, the Department.

(2) IMPLEMENTATION.—The Secretary, acting through the Director of the Office of Local Defense Community Cooperation, may furnish technical assistance services pursuant to paragraph (1) through a Federal interagency agreement, a private service provider, or a cooperative agreement entered into with a nonprofit organization.

(3) SERVICES PROVIDED.—The technical assistance services described in this paragraph are services to improve public participation in, or assist in the navigation of, environmental response efforts, including—

(A) the provision of advice and guidance to a community or individual specified in paragraph (1) regarding additional technical assistance with respect to which such community or individual may be eligible (including pursuant to subsection (b));

(B) the interpretation of site-related documents;

(C) the interpretation of health-related information;

(D) assistance with the preparation of public comments; and

(E) the development of outreach materials to improve public participation.

(b) GRANTS FOR TECHNICAL ASSISTANCE.—

(1) AUTHORITY.—Beginning not later than 180 days after the date of the enactment of this Act, and subject to such amounts as are provided in appropriations Acts, the Secretary of Defense, acting through the Director of the Office of Local Defense Community Cooperation, shall administer a grant program under which the Director may award a grant to a community, or individuals who are members thereof, that have been affected by a release of a pollutant affirmatively determined to have originated from a facility under the jurisdiction of, or formerly used by or under the jurisdiction of, the Department of Defense.

(2) USE OF AMOUNTS.—Funds provided under a grant awarded pursuant to paragraph (1) in connection with a release of a pollutant at a facility may be used by the grant recipient only to obtain technical assistance and services for public participation in various stages of the processes of response, remediation, and removal actions at the facility, including—

(A) interpreting the nature of the release, including monitoring and testing plans and reports associated with site assessment and characterization at the facility;

(B) interpreting documents, plans, proposed actions, and final decisions related to—

(i) an interim remedial action;

(ii) a remedial investigation or feasibility study;

(iii) a record of decision;

(iv) a remedial design;

(v) the selection and construction of remedial action;

(vi) operation and maintenance; and

(vii) a five-year review at the facility.

(C) a removal action at such facility; and

(D) services specified under subsection (a)(3).

(c) PROHIBITION ON USE OF AMOUNTS.—None of the amounts made available under this section may be used for the purpose of conducting—

(1) lobbying activities; or

(2) legal challenges of final decisions of the Department of Defense.

Subtitle C—Treatment of Perfluoroalkyl Substances and Polyfluoroalkyl Substances

SEC. 321. TREATMENT OF CERTAIN MATERIALS CONTAMINATED WITH PERFLUOROALKYL SUBSTANCES OR POLYFLUOROALKYL SUBSTANCES.

(a) IN GENERAL.—The Secretary of Defense may treat covered materials, including soils that have been contaminated with PFAS, until the date on which the Secretary adopts the final rule required under section 343(b) of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 2701 note) if the treatment of such materials occurs through the use of remediation or disposal technology approved by the relevant Federal regulatory agency.

(b) DEFINITIONS.—In this section, the terms ''covered material'' and ''PFAS'' have the meanings given those terms in section 343(e) of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 2701 note).

SEC. 322. INCREASE OF TRANSFER AUTHORITY FOR FUNDING OF STUDY AND ASSESSMENT ON HEALTH IMPLICATIONS OF PER- AND POLYFLUOROALKYL SUBSTANCES CONTAMINATION IN DRINKING WATER BY AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY.

Section 316(a)(2)(B) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91; 131 Stat. 1350), as amended by section 315(a) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232; 132 Stat. 1713), section 321 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 133 Stat. 1307), section 337 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283; 134 Stat. 3533), section 342 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 135 Stat. 1643), and section 342 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263), is further amended by adding at the end the following new clause:

''(iv) Without regard to section 2215 of title 10, United States Code, the Secretary of Defense may transfer not more than $5,000,000 during fiscal year 2024 to the Secretary of Health and Human Services to pay for the study and assessment required by this section.''.

SEC. 323. MODIFICATION OF AUTHORITY FOR ENVIRONMENTAL RESTORATION PROJECTS AT NATIONAL GUARD FACILITIES.

(a) CLARIFICATION OF DEFINITION OF NATIONAL GUARD FACILITIES.—Paragraph (4) of section 2700 of title 10, United States Code, is amended—

(1) by striking ''State-owned'';

(2) by striking ''owned and operated by a State when such land is''; and

(3) by striking ''even though such land is not under the jurisdiction of the Department of Defense.'' and inserting ''without regard to—''

''(A) the owner or operator of the facility; or

''(B) whether the facility is under the jurisdiction of the Department of Defense or a military department.''.

(b) INCLUSION UNDER DEFENSE ENVIRONMENTAL RESTORATION PROGRAM.—Section 2701(a)(1) of such title is amended by striking ''State-owned''.

(c) RESPONSE ACTIONS AT NATIONAL GUARD FACILITIES.—Section 2701(c)(1)(D) of such title is amended by striking ''State-owned''.

(d) SERVICES OF OTHER ENTITIES.—Section 2701(d)(1) of such title is amended, in the second sentence, by inserting ''or at a National Guard facility'' before the period at the end.

(e) ENVIRONMENTAL RESTORATION ACCOUNTS.—Section 2703(g)(1) of such title is amended by inserting '', a National Guard facility,'' after ''Department of Defense''.

(f) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) REPEAL.—Section 2707 of such title is amended by striking subsection (e).

(2) REFERENCE UPDATE.—Section 345(f)(1) of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 2715 note) is amended by striking ''facility where military activities are conducted by the National Guard of a State pursuant to section 2707(e) of title 10, United States Code'' and inserting ''National Guard facility, as such term is defined in section 2700 of title 10, United States Code''.

SEC. 324. LIMITATION ON AVAILABILITY OF TRAVEL FUNDS UNTIL SUBMITTAL OF PLAN FOR RESTORING DATA SHARING ON TESTING OF WATER FOR PERFLUOROALKYL OR POLYFLUOROALKYL SUBSTANCES.

(a) IN GENERAL.—Of the funds authorized to be appropriated by this Act for operation and maintenance, defense-wide, for travel for the Office of the Under Secretary of Defense for Acquisition and Sustainment, not more than 85 percent may be obligated or expended until the Under Secretary of Defense for Acquisition and Sustainment submits to the congressional defense committees a plan to restore data sharing pertaining to the testing of water for perfluoroalkyl or polyfluoroalkyl substances, as required under section 345 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 10 U.S.C. 2715 note), which shall include the following:

(1) A plan to restore data sharing with each relevant State agency tasked with regulation of environmental contamination by perfluoroalkyl or polyfluoroalkyl substances in each State or territory of the United States.

(2) A plan to restore data sharing with restoration advisory boards established under section 2705(d) of title 10, United States Code.

(3) Information on the geographic specificity of the data to be provided under paragraphs (1) and (2) and a timeline for the implementation of the plans under such paragraphs.

(b) INABILITY TO MEET TRANSPARENCY REQUIREMENTS.—If the Under Secretary of Defense for Acquisition and Sustainment determines that they are unable to meet the requirements under subsection (a), the Under Secretary shall brief the congressional defense committees on the rationale for why the restoration of data sharing required under such subsection is not possible, including a description of any legislative action required to restore such data sharing.

SEC. 325. DASHBOARD OF FUNDING RELATING TO PERFLUOROALKYL SUBSTANCES AND POLYFLUOROALKYL SUBSTANCES.

The Secretary of Defense shall include with the submission to Congress by the

President of the annual budget of the Department of Defense for a fiscal year under section 1105(a) of title 31, United States Code, a separate budget justification document that consolidates all information pertaining to activities of the Department of Defense relating to perfluoroalkyl substances and polyfluoroalkyl substances, including funding for and descriptions of—

(1) research and development efforts;

(2) testing;

(3) remediation;

(4) contaminant disposal; and

(5) community outreach.

SEC. 326. REPORT ON SCHEDULE AND COST ESTIMATES FOR COMPLETION OF TESTING AND REMEDIATION OF CONTAMINATED SITES AND PUBLICATION OF CLEANUP INFORMATION.

(a) REPORT.—

(1) IN GENERAL.—Not later than 270 days after the date of the enactment of this Act, and once every two years thereafter through December 31, 2029, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report detailing—

(A) a proposed schedule for the completion of testing and remediation activities, including remediation of perfluoroalkyl substances and polyfluoroalkyl substances, at military installations, facilities of the National Guard, and formerly used defense sites in the United States where the Secretary obligated funding for environmental restoration activities in fiscal year 2022;

(B) detailed cost estimates to complete such activities, if such estimates are available; and

(C) if such estimates are not available, estimated costs to complete such activities based on historical costs of remediation for—

(i) sites remediated under the Defense Environmental Restoration Program under section 2701 of title 10, United States Code;

(ii) other Federally-funded sites; or

(iii) privately-funded sites.

(2) INCLUSION OF REMEDIAL INVESTIGATIONS AND FEASIBILITY STUDIES.—The schedule and cost estimates required under paragraph (1) shall include a schedule and estimated costs for the completion of remedial investigations and feasibility studies at all sites covered under such paragraph for which such investigations and studies are anticipated or planned.

(3) MILITARY INSTALLATION DEFINED.—In this subsection, the term ''military installation'' has the meaning given such term in section 2801(c)(4) of title 10, United States Code.

(b) PUBLICATION OF INFORMATION.—Beginning not later than one year after the date of the enactment of this Act, the Secretary of Defense shall publish on the publicly available website established under section 331(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 10 U.S.C. 2701 note) timely and regularly updated information on the status of cleanup at sites for which the Secretary has obligated amounts for environmental restoration activities.

SEC. 327. MODIFICATION OF TIMING OF REPORT ON ACTIVITIES OF PFAS TASK FORCE.

Section 2714(f) of title 10, United States Code, is amended by striking ''and quarterly thereafter,'' and inserting ''and annually thereafter through 2029,''.

SEC. 328. GOVERNMENT ACCOUNTABILITY OFFICE REPORT ON TESTING AND REMEDIATION OF PERFLUOROALKYL SUBSTANCES AND POLYFLUOROALKYL SUBSTANCES.

Not later than one year after the date of the enactment of this Act, and not later than five years thereafter, the Comptroller General of the United States shall submit to the congressional defense committees a report assessing the state of ongoing testing and remediation by the Department of Defense of current or former military installations contaminated with perfluoroalkyl substances or polyfluoroalkyl substances, including—

(1) assessments of the thoroughness, pace, and cost-effectiveness of efforts of the Department to conduct testing and remediation relating to those substances;

(2) recommendations to improve those efforts; and

(3) such other matters as the Comptroller General determines appropriate.

Subtitle D—Logistics and Sustainment

SEC. 331. ASSURING CRITICAL INFRASTRUCTURE SUPPORT FOR MILITARY CONTINGENCIES PILOT PROGRAM.

(a) ESTABLISHMENT OF PILOT PROGRAM.—Not later than 60 days after the date of the enactment of this Act, the Secretary of Defense shall establish a pilot program to be known as the ''Assuring Critical Infrastructure Support for Military Contingencies Pilot Program''.

(b) SELECTION OF INSTALLATIONS.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Defense, acting through the Assistant Secretary of Defense for Homeland Defense and Hemispheric Affairs, shall select not fewer than four geographically diverse military installations at which to carry out the pilot program under subsection (a).

(2) PRIORITIZATION.—

(A) IN GENERAL.—In selecting military installations under paragraph (1), the Secretary of Defense shall give priority to any military installation that is a key component of not fewer than two Contingency Plans (CONPLANs) or Operational Plans (OPLANs), with priority given to such plans in the area of responsibility of the United States Indo-Pacific Command or the United States European Command.

(B) ADDITIONAL PRIORITY.—If two or more military installations are given equal priority under subparagraph (A), priority for selection under paragraph (1) shall be given to the military installations that are—

(i) connected to national-level infrastructure;

(ii) located near a commercial port; or

(iii) located near a national financial hub.

(c) ACTIVITIES.—In carrying out the pilot program under subsection (a), the Secretary of Defense, acting through the Assistant Secretary of Defense for Homeland Defense and Hemispheric Affairs, shall—

(1) without duplicating or disrupting existing cyber exercise activities under the National Cyber Exercise Program under section 2220B of the Homeland Security Act of 2002 (6 U.S.C. 665h), conduct cyber resiliency and reconstitution stress test scenarios through tabletop exercises and, if possible, live exercises—

(A) to assess how to prioritize restoration of power, water, and telecommunications for a military installation in the event of a significant cyberattack on regional critical infrastructure that has similar impacts on State and local infrastructure; and

(B) to determine the recovery process needed to ensure the military installation can function and support an overseas contingency operation or a homeland defense mission, as appropriate;

(2) map dependencies of power, water, and telecommunications at the military installation and the connections to distribution and generation outside the military installation;

(3) recommend priorities for the order of recovery for the military installation in the event of a significant cyberattack, considering both the requirements needed for operations of the military installation and the potential participation of personnel at the military installation in an overseas contingency operation or a homeland defense mission; and

(4) create a lessons-learned database from the exercises conducted under paragraph (1) across all installations participating in the pilot program to share with the appropriate committees of Congress.

(d) COORDINATION WITH RELATED PROGRAMS.—The Secretary of Defense, acting through the Assistant Secretary of Defense for Homeland Defense and Hemispheric Affairs, shall ensure that activities under subsection (c) are coordinated with—

(1) private entities that operate power, water, and telecommunications for a military installation participating in the pilot program under subsection (a);

(2) relevant military and civilian personnel; and

(3) any other entity that the Assistant Secretary of Defense for Homeland Defense and Hemispheric Affairs determines is relevant to the execution of activities under subsection (c).

(e) REPORT.—Not later than one year after the date of the enactment of this Act, the Secretary of Defense shall submit to the Assistant to the President for Homeland Security, the National Cyber Director, the head of any other relevant Sector Risk Management Agency, the Committees on Armed Services of the Senate and the House of Representatives, and, if appropriate, relevant private sector owners and operators of critical infrastructure a report on the activities carried out under pilot program under subsection (a), including a description of any operational challenges identified.

(f) DEFINITIONS.—In this section:

(1) CRITICAL INFRASTRUCTURE.—The term ''critical infrastructure'' has the meaning given that term in the Critical Infrastructures Protection Act of 2001 (42 U.S.C. 5195c).

(2) SECTOR RISK MANAGEMENT AGENCY.—The term ''Sector Risk Management Agency'' has the meaning given that term in section 2200 of the Homeland Security Act of 2002 (6 U.S.C. 650).

SEC. 332. STRATEGY AND ASSESSMENT ON USE OF AUTOMATION AND ARTIFICIAL INTELLIGENCE FOR SHIPYARD OPTIMIZATION.

(a) STRATEGY.—The Secretary of Navy, in coordination with the Shipyard Infrastructure Optimization Program, shall develop and implement a strategy to leverage commercial best practices used in shipyards to make operations more efficient and demonstrate a digital maintenance artificial intelligence platform that analyzes data on the maintenance and health of shipboard assets of the Navy at shipyards, which shall improve readiness of the Armed Forces, predict and diagnose issues before they occur, and lower maintenance costs.

(b) ASSESSMENT.—The Secretary of Navy shall assess the costs of maintenance delays on shipboard assets of the Navy and assess the potential cost savings of adopting artificial intelligence predictive maintenance technology techniques that help determine the condition of in-service equipment to estimate when maintenance should be performed rather than waiting until failure or end of life, including—

(1) an analysis of maintenance delays and costs due to unplanned and unpredicted maintenance issues;

(2) an evaluation of opportunities to demonstrate commercial best practices at shipyards, including artificial intelligence technologies to ensure timely predictions for maintainers and planners at shipyards by connecting datasets, executing models, and providing outputs in near real-time;

(3) an identification of shipyard assets of the Navy with sufficient data available to enable near-term demonstrations of artificial intelligence predictive maintenance and an estimate of resources needed within the Navy to accelerate the demonstration of predictive artificial intelligence capabilities with respect to those assets; and

(4) an identification of any policy or technical challenges to implementing artificial intelligence or machine learning for purposes of carrying out the Shipyard Infrastructure Optimization Program.

(c) BRIEFING TO COMMITTEE.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Navy shall provide to the congressional defense committees a briefing on—

(1) the strategy developed by the Secretary under subsection (a);

(2) the results of the assessment under subsection (b); and

(3) a plan to execute any measures pursuant to such assessment.

Subtitle E—Briefings and Reports

SEC. 341. CRITICAL INFRASTRUCTURE CONDITIONS AT MILITARY INSTALLATIONS.

(a) PLAN.—Not later than one year after the date of the enactment of this Act, the Secretary of Defense, in coordination with the head of each military department, shall submit to the Committees on Armed Services of the Senate and the House of Representatives a plan to implement a standardized system to measure and report on the condition and performance of, level of investment in, and any applicable risks to critical infrastructure systems owned by the Federal Government that—

(1) have not been privatized pursuant to a conveyance under section 2688 of title 10, United States Code; and

(2) are located on a military installation.

(b) REPORT.—

(1) IN GENERAL.—Beginning on February 1 of the year immediately following the date on which the plan under subsection (a) is submitted, and annually thereafter, the Secretary of Defense, in coordination with the head of each military department, shall submit to the Committees on Armed Services of the Senate and the House of Representatives a consolidated report on the condition of critical infrastructure systems owned by the Federal Government at military installations.

(2) ELEMENTS.—Each report required by paragraph (1) shall include the following:

(A) Installation-level critical infrastructure system data for each critical infrastructure system owned by the Federal Government located at a military installation that includes the following for each such system:

(i) All instances of noncompliance with any applicable Federal or State law (including regulations) with which the system has been required to comply during the preceding five-year period, including information on any prior or current consent order or equivalent compliance agreement with any regulatory agency.

(ii) The year of original installation of major critical infrastructure system components, including treatment facilities, pump stations, and storage tanks.

(iii) The average age of distribution system piping and wiring.

(iv) The rate of system recapitalization, represented as an annual percentage replacement rate of all critical infrastructure system assets.

(v) The percentage of key system operational components inspected, and determined through actual testing to be fully operational, during the preceding one-year period, including fire hydrants, valves, and backflow preventors.

(vi) The absolute number, and a normalized measure for comparative purposes, of all unplanned system outages during the preceding one-year period.

(vii) The absolute duration, and a normalized measure for comparative purposes, of all unplanned system outages during the preceding one-year period.

(viii) The absolute number, and a normalized measure for comparative purposes, of all critical infrastructure system main breaks and leaks during the preceding one-year period.

(B) A standardized risk assessment for each military installation, identifying the current and projected level of risk related to the following:

(i) The ability to maintain compliance with all current and known future regulatory agency regulations and standards and all applicable regulations and policies of the Department of Defense and the military departments related to critical infrastructure, and the ability to operate systems in accordance with accepted industry standards.

(ii) The ability to maintain a consistent and compliant supply of water for current and projected future installation needs based on current and projected source water availability and quality, including an assessment of source water contamination risks.

(iii) The ability to withstand severe weather events, including drought, flooding, and temperature fluctuations.

(iv) The ability for utility industrial controls systems to maintain compliance with current and future cybersecurity standards and regulations.

SEC. 342. REPORT ON ESTABLISHING SUFFICIENT STABLING, PASTURE, AND TRAINING AREA FOR THE OLD GUARD CAISSON PLATOON EQUINES.

(a) IN GENERAL.—Not later than March 1, 2024, the Secretary of the Army shall submit to the congressional defense committees a report containing the results of a study to address the feasibility and advisability of establishing sufficient stabling, pasture, and training area for the equines in the Caisson Platoon of the 3rd United States Infantry (commonly known as the ''Old Guard'').

(b) INCLUSION OF RECOMMENDATIONS.—The report required under subsection (a) shall include—

(1) any recommendations determined necessary and appropriate by the Secretary—

(A) to implement the plan required under section 391(b) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263; 136 Stat. 2549); and

(B) to ensure proper animal facility sanitation for the equines in the Caisson Platoon of the 3rd United States Infantry; and

(2) plans for the housing and care of such equines.

(c) LOCATIONS.—

(1) REVIEW OF MILITARY CONSTRUCTION AUTHORIZATION.—The report required under subsection (a) shall include a review of all physical locations under consideration as stabling, pasture, or training area described in such subsection for any withdrawals or projects that would require individual military construction authorization.

(2) CONSIDERATION.—In considering locations for stabling, pasture, or training area under subsection (a), the Secretary of the Army shall consider all viable options within a reasonable distance to Arlington National Cemetery.

(d) ELEMENTS.—The report required under subsection (a) shall include, for each location under consideration as stabling, pasture, or training area described in such subsection—

(1) a brief environmental assessment of the location;

(2) estimated costs for preparing the location for construction;

(3) a narrative of how the location will be beneficial and conducive the health of the equines in the Caisson Platoon of the 3rd United States Infantry;

(4) a narrative of how, if necessary, the location can be expanded; and

(5) a narrative of how the location will affect community access to outdoor recreation.

SEC. 343. QUARTERLY BRIEFINGS ON OPERATIONAL STATUS OF AMPHIBIOUS WARSHIP FLEET OF DEPARTMENT OF THE NAVY.

(a) IN GENERAL.—Not later than October 1, 2023, and quarterly thereafter until September 30, 2024, the Secretary of the Navy shall provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the operational status of the amphibious warship fleet of the Department of the Navy.

(b) ELEMENTS.—Each briefing under subsection (a) shall include, with respect to each amphibious warship, the following:

(1) Average quarterly Operational Availability (AO).

(2) Number of days underway as follows:

(A) Training for the purpose of supporting Mission Essential Tasks (in this section referred to as ''MET'') of the Marine Corps, including unit level well-deck or flight-deck operations training and Amphibious Ready Group and Marine Expeditionary Unit integrated training.

(B) Deployed, which shall not include scheduled or unscheduled in port maintenance.

(3) Expected completion date for in-work and scheduled and unscheduled maintenance.

(4) An update on any delays in completion of scheduled and unscheduled maintenance and casualty reports impacting the following:

(A) Scheduled unit level well-deck and flight-deck operations training of the Marine Corps.

(B) MET certifications of the Marine Corps, including mobility, communications, amphibious well-deck operations, aviation operations, and warfare training.

(C) Composition and deployment dates of scheduled and deployed Amphibious Ready Groups and Marine Expeditionary Units.

(c) DEFINITIONS.—In this section:

(1) AMPHIBIOUS WARSHIP.—The term ''amphibious warship'' means a ship that is classified as an amphibious assault ship (general purpose) (LHA), an amphibious assault ship (multi-purpose) (LHD), an amphibious transport dock (LPD), or a dock landing ship (LSD) that is included in the Battle Force Inventory in accordance with instruction 5030.8D of the Secretary of the Navy, or successor instruction.

(2) AMPHIBIOUS READY GROUP; MARINE EXPEDITIONARY UNIT.—The terms ''Amphibious Ready Group'' and ''Marine Expeditionary Unit'' means a group or unit, as the case may be, that consists of a minimum of—

(A) three amphibious assault ships (general purpose) (LHA) or amphibious assault ships (multi-purpose) (LHD); and

(B) one amphibious transport dock (LPD) Flight I.

SEC. 344. BRIEFING ON PLAN FOR MAINTAINING PROFICIENCY IN EMERGENCY MOVEMENT OF MUNITIONS IN JOINT REGION MARIANAS, GUAM.

Not later than 90 days after the date of the enactment of this Act, the Secretary of the Navy and the Secretary of the Air Force shall brief the congressional defense committees on a plan for maintaining the proficiency of the Navy and the Air Force, respectively, in executing the emergency movement of munitions stored in weapons

storage areas in Joint Region Marianas, Guam, onto aircraft and naval vessels, including plans to regularly exercise such capabilities.

Subtitle F—Other Matters

SEC. 351. CONTINUED DESIGNATION OF SECRETARY OF THE NAVY AS EXECUTIVE AGENT FOR NAVAL SMALL CRAFT INSTRUCTION AND TECHNICAL TRAINING SCHOOL.

The Secretary of the Navy shall continue, through fiscal year 2024—

(1) to perform the responsibilities of the Department of Defense executive agent for the Naval Small Craft Instruction and Technical Training School pursuant to section 352(b) of title 10, United States Code; and

(2) in coordination with the Commander of the United States Special Operations Command, to provide such support, as necessary, for the continued operation of such school.

SEC. 352. RESTRICTION ON RETIREMENT OF U–28 AIRCRAFT.

None of the funds authorized to be appropriated by this Act may be used to retire U–28 aircraft until the Secretary of Defense certifies to the congressional defense committees that the future-years defense program submitted to Congress under section 221 of title 10, United States Code, with respect to the United States Special Operations Command provides for intelligence, surveillance, and reconnaissance capacity and capability that is equal to or greater than such capacity and capability provided by the current fleet of U–28 aircraft for such Command.

SEC. 353. TRIBAL LIAISONS.

(a) IN GENERAL.—The Secretary of Defense shall ensure that each installation of the Department of Defense that has an Indian Tribe, Native Hawaiian organization, or Tribal interests in the area surrounding the installation, including if an Indian Tribe or Native Hawaiian organization is historically or culturally affiliated with the land or water managed or directly impacted by the installation, has a dedicated Tribal liaison located at the installation.

(b) DEFINITIONS.—In this section:

(1) INDIAN TRIBE.—The term ''Indian Tribe'' has the meaning given that term in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(e)).

(2) NATIVE HAWAIIAN ORGANIZATION.—The term ''Native Hawaiian organization'' has the meaning given that term in section 6207 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7517).

SEC. 354. LIMITATION ON USE OF FUNDS TO EXPAND LEASED FACILITIES FOR THE JOINT MILITARY INFORMATION SUPPORT OPERATIONS WEB OPERATIONS CENTER.

None of the amounts authorized by this Act for operation and maintenance, Defense-wide to expand leased facilities for the Joint Military Information Support Operations Web Operations Center may be obligated or expended until the Secretary of Defense, acting through the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict and the Commander of the United States Special Operations Command, submits to the congressional defense committees a validated manpower study for such center that includes the following:

(1) Validated estimates of the number of personnel from the United States Special Operations Command and the other combatant commands that will be housed in leased facilities of such center.

(2) An explanation of how such estimates are aligned with and support the priorities established by the national defense strategy under 113(g) of title 10, United States Code.

SEC. 355. MODIFICATIONS TO THE CONTESTED LOGISTICS WORKING GROUP OF THE DEPARTMENT OF DEFENSE.

(a) EXPANSION OF WORKING GROUP.—

(1) IN GENERAL.—Paragraph (3) of section 2926(d) of title 10, United States Code, is amended by adding at the end the following new subparagraph:

''(D) A representative appointed by the Secretary of Defense from each of the following:

''(i) The Defense Logistics Agency.

''(ii) The Strategic Capabilities Office.

''(iii) The Defense Advanced Research Projects Agency.

''(iv) The Office of the Under Secretary of Defense for Research and Engineering.''.

(2) TIMING.—Not later than 60 days after the date of the enactment of this Act, the Secretary of Defense shall appoint the additional members of the working group required under paragraph (3)(D) of such section, as added by paragraph (1) of this subsection.

(b) MEETINGS.—Such section is further amended by adding at the end the following new paragraph:

''(6) The working group under paragraph (1) shall meet not less frequently than quarterly.''.

(c) REPORTS.—Such section is further amended by adding at the end the following new paragraph:

''(7) Not later than February 1 of each year, the working group under paragraph (1) shall submit to the congressional defense committees a report that contains a description of any shortfalls in personnel, equipment, infrastructure, energy and storage, or capabilities required to support the operational plans of the Department of Defense.''.

SEC. 356. ESTABLISHMENT OF CAISSON PLATOON TO SUPPORT MILITARY AND STATE FUNERAL SERVICES.

(a) IN GENERAL.—There is established in the Department of the Army an equine unit, to be known as the Caisson Platoon, assigned to the 3rd Infantry Regiment of the Army, for the purposes of conducting military and State funerals and for other purposes.

(b) PROHIBITION ON ELIMINATION.—The Secretary of the Army may not eliminate the Caisson Platoon of the 3rd Infantry Regiment of the Army established under subsection (a).

(c) BRIEFING.—

(1) IN GENERAL.—Not later than 60 days after the date of the enactment of this Act, and not less frequently than every 180 days thereafter until March 31, 2027, the Secretary of the Army shall provide to the congressional defense committees a briefing on the health, welfare, and sustainment of military working equids.

(2) ELEMENTS.—The briefing required by paragraph (1) shall include the following:

(A) An assessment of the ability of the Caisson Platoon of the 3rd Infantry Regiment of the Army to support military funeral operations within Arlington National Cemetery, including milestones associated with achieving full operational capability for the Caisson Platoon.

(B) An update on the plan of the task force of the Army on military working equids to promote, support, and sustain animal health and welfare.

(C) An update on the plan of such task force to ensure that support by the Caisson Platoon of Arlington National Cemetery and State funerals is never suspended again.

SEC. 357. LIMITATION ON AVAILABILITY OF FUNDS PENDING 30-YEAR SHIPBUILDING PLAN THAT MAINTAINS 31 AMPHIBIOUS WARSHIPS FOR THE DEPARTMENT OF THE NAVY.

(a) LIMITATION.—Of the funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2024 for Administration and Servicewide Activities, Operation and Maintenance, Navy, not more than 50 percent may be obligated or expended until the date on which the Secretary of the Navy submits to the congressional defense committees a 30-year shipbuilding plan that meets the statutory requirement in section 8062(b) of title 10, United States Code, to maintain 31 amphibious warships.

(b) AMPHIBIOUS WARSHIP DEFINED.—In this section, the term ''amphibious warship'' means a ship that is classified as an amphibious assault ship (general purpose) (LHA), an amphibious assault ship (multi-purpose) (LHD), an amphibious transport dock (LPD), or a dock landing ship (LSD) that is included in the Battle Force Inventory in accordance with instruction 5030.8D of the Secretary of the Navy, or successor instruction.

SEC. 358. MODIFICATION OF RULE OF CONSTRUCTION REGARDING PROVISION OF SUPPORT AND SERVICES TO NON-DEPARTMENT OF DEFENSE ORGANIZATIONS AND ACTIVITIES.

Section 2012(i) of title 10, United States Code, is amended—

(1) by redesignating paragraphs (1) and (2) as subparagraphs (A) and (B), respectively;

(2) in the matter preceding subparagraph (A), as redesignated by paragraph (1), by striking ''Nothing in this section'' and inserting ''(1) Nothing in this section'';

(3) in subparagraph (A), as so redesignated, by inserting '', except as provided in paragraph (2),'' before ''for response''; and

(4) by adding at the end the following new paragraph:

''(2) Funds available to the Secretary of a military department for operation and maintenance for the Innovative Readiness Training program may be expended under this section, upon approval by the Secretary concerned, to assist in demolition, clearing of roads, infrastructure improvements, and construction to restore an area after a natural disaster.''.

TITLE IV—MILITARY PERSONNEL AUTHORIZATIONS

Subtitle A—Active Forces

SEC. 401. END STRENGTHS FOR ACTIVE FORCES.

The Armed Forces are authorized strengths for active duty personnel as of September 30, 2024, as follows:

(1) The Army, 452,000.

(2) The Navy, 342,000.

(3) The Marine Corps, 172,300.

(4) The Air Force, 320,000.

(5) The Space Force, 9,400.

SEC. 402. END STRENGTH LEVEL MATTERS.

Section 115 of title 10, United States Code, is amended—

(1) in subsection (f)(2), by striking ''not more than 2 percent'' and inserting ''not more than 3 percent''; and

(2) in subsection (g)(1), by striking subparagraphs (A) and (B) and inserting the following new subparagraphs:

''(A) vary the end strength pursuant to subsection (a)(1)(A) for a fiscal year for the armed force or forces under the jurisdiction of that Secretary by a number not equal to more than 2 percent of such authorized end strength;

''(B) vary the end strength pursuant to subsection (a)(1)(B) for a fiscal year for the armed force or forces under the jurisdiction of that Secretary by a number not equal to more than 2 percent of such authorized end strength; and

''(C) vary the end strength pursuant to subsection (a)(2) for a fiscal year for the Selected Reserve of the reserve component of the armed force or forces under the jurisdiction of that Secretary by a number equal to not more than 2 percent of such authorized end strength.''.

SEC. 403. EXTENSION OF ADDITIONAL AUTHORITY TO VARY SPACE FORCE END STRENGTH.

Section 403(b) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263) is amended by striking ''December 31, 2023'' and inserting ''October 1, 2025''.

Subtitle B—Reserve Forces

SEC. 411. END STRENGTHS FOR SELECTED RESERVE.

(a) IN GENERAL.—The Armed Forces are authorized strengths for Selected Reserve personnel of the reserve components as of September 30, 2024, as follows:

(1) The Army National Guard of the United States, 325,000.

(2) The Army Reserve, 174,800.

(3) The Navy Reserve, 57,200.

(4) The Marine Corps Reserve, 33,600.

(5) The Air National Guard of the United States, 105,000.

(6) The Air Force Reserve, 69,600.

(7) The Coast Guard Reserve, 7,000.

(b) END STRENGTH REDUCTIONS.—The end strengths prescribed by subsection (a) for the Selected Reserve of any reserve component shall be proportionately reduced by—

(1) the total authorized strength of units organized to serve as units of the Selected Reserve of such component which are on active duty (other than for training) at the end of the fiscal year; and

(2) the total number of individual members not in units organized to serve as units of the Selected Reserve of such component who are on active duty (other than for training or for unsatisfactory participation in training) without their consent at the end of the fiscal year.

(c) END STRENGTH INCREASES.—Whenever units or individual members of the Selected Reserve for any reserve component are released from active duty during any fiscal year, the end strength prescribed for such fiscal year for the Selected Reserve of such reserve component shall be increased proportionately by the total authorized strengths of such units and by the total number of such individual members.

SEC. 412. END STRENGTHS FOR RESERVES ON ACTIVE DUTY IN SUPPORT OF THE RESERVES.

Within the end strengths prescribed in section 411(a), the reserve components of the Armed Forces are authorized, as of September 30, 2024, the following number of Reserves to be serving on full-time active duty or full-time duty, in the case of members of the National Guard, for the purpose of organizing, administering, recruiting, instructing, or training the reserve components:

(1) The Army National Guard of the United States, 30,845.

(2) The Army Reserve, 16,511.

(3) The Navy Reserve, 10,327.

(4) The Marine Corps Reserve, 2,355.

(5) The Air National Guard of the United States, 25,333.

(6) The Air Force Reserve, 6,003.

SEC. 413. END STRENGTHS FOR MILITARY TECHNICIANS (DUAL STATUS).

(a) IN GENERAL.—The minimum number of military technicians (dual status) as of the last day of fiscal year 2024 for the reserve components of the Army and the Air Force (notwithstanding section 129 of title 10, United States Code) shall be the following:

(1) For the Army National Guard of the United States, 22,294.

(2) For the Army Reserve, 7,990.

(3) For the Air National Guard of the United States, 10,994.

(4) For the Air Force Reserve, 7,111.

(b) LIMITATION ON NUMBER OF TEMPORARY MILITARY TECHNICIANS (DUAL STATUS).—The number of temporary military technicians (dual status) employed under the authority of subsection (a) may not exceed 25 percent of the total authorized number specified in such subsection.

(c) LIMITATION.—Under no circumstances may a military technician (dual status) employed under the authority of this section be coerced by a State into accepting an offer of realignment or conversion to any other military status, including as a member of the Active, Guard, and Reserve program of a reserve component. If a military technician (dual status) declines to participate in such realignment or conversion, no further action will be taken against the individual or the individual's position.

SEC. 414. MAXIMUM NUMBER OF RESERVE PERSONNEL AUTHORIZED TO BE ON ACTIVE DUTY FOR OPERATIONAL SUPPORT.

During fiscal year 2024, the maximum number of members of the reserve components of the Armed Forces who may be serving at any time on full-time operational support duty under section 115(b) of title 10, United States Code, is the following:

(1) The Army National Guard of the United States, 17,000.

(2) The Army Reserve, 13,000.

(3) The Navy Reserve, 6,200.

(4) The Marine Corps Reserve, 3,000.

(5) The Air National Guard of the United States, 16,000.

(6) The Air Force Reserve, 14,000.

Subtitle C—Authorization of Appropriations

SEC. 421. MILITARY PERSONNEL.

(a) AUTHORIZATION OF APPROPRIATIONS.—Funds are hereby authorized to be appropriated for fiscal year 2024 for the use of the Armed Forces and other activities and agencies of the Department of Defense for expenses, not otherwise provided for, for military personnel, as specified in the funding table in section 4401.

(b) CONSTRUCTION OF AUTHORIZATION.—The authorization of appropriations in subsection (a) supersedes any other authorization of appropriations (definite or indefinite) for such purpose for fiscal year 2024.

TITLE V—MILITARY PERSONNEL POLICY

Subtitle A—Officer Personnel Policy

SEC. 501. AUTHORIZED STRENGTH: GENERAL AND FLAG OFFICERS ON ACTIVE DUTY.

(a) REPEAL OF OBSOLETE AUTHORITY; REDESIGNATION.—Chapter 32 of title 10, United States Code, is amended—

(1) by repealing section 526;

(2) by redesignating section 526a as section 526;

(3) in the table of sections for such chapter, by striking the item relating to section 526a; and

(4) in the section heading for section 526, as redesignated by paragraph (2), by striking ''**after December 31, 2022**''.

(b) INCREASED AUTHORIZED STRENGTH.—Section 526 of title 10, United States Code, as redesignated and amended by subsection (a), is further amended—

(1) in subsection (a)—

(A) by striking ''after December 31, 2022,'';

(B) in paragraph (1), by striking ''218'' and inserting ''219'';

(C) in paragraph (2), by striking ''149'' and inserting ''150'';

(D) in paragraph (3), by striking ''170'' and inserting ''171''; and

(E) in paragraph (4), by striking ''62'' and inserting ''64''; and

(2) by redesignating the second subsection designated as subsection (i) as subsection (j).

(c) REPEAL OF EXCLUSION OF OFFICERS SERVING AS LEAD SPECIAL TRIAL COUNSEL FROM LIMITATIONS ON AUTHORIZED STRENGTHS.—Section 506 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 is hereby repealed.

SEC. 502. PROHIBITION ON APPOINTMENT OR NOMINATION OF CERTAIN OFFICERS WHO ARE SUBJECT TO SPECIAL SELECTION REVIEW BOARDS.

(a) OFFICERS ON ACTIVE-DUTY LIST.—

Section 628a(a)(2)(B) of title 10, United States Code, is amended to read as follows:

''(B) shall not be forwarded for appointment or nomination to the Secretary of Defense, the President, or the Senate, as applicable.''.

(b) OFFICERS ON RESERVE ACTIVE-STATUS LIST.—

Section 14502a(a)(2)(B) of title 10, United States Code, is amended to read as follows:

''(B) shall not be forwarded for appointment or nomination to the Secretary of Defense, the President, or the Senate, as applicable.''.

SEC. 503. EXCLUSION OF OFFICERS WHO ARE LICENSED BEHAVIORAL HEALTH PROVIDERS FROM LIMITATIONS ON ACTIVE DUTY COMMISSIONED OFFICER END STRENGTHS.

Section 523(b) of title 10, United States Code, is amended by adding at the end the following new paragraph:

''(10) Officers who are licensed behavioral health providers, including clinical psychologists, social workers, and mental health nurse practitioners.''.

SEC. 504. UPDATING AUTHORITY TO AUTHORIZE PROMOTION TRANSFERS BETWEEN COMPONENTS OF THE SAME SERVICE OR A DIFFERENT SERVICE.

(a) WARRANT OFFICERS TRANSFERRED BETWEEN COMPONENTS WITHIN THE SAME OR A DIFFERENT UNIFORMED SERVICE.—Section 578 of title 10, United States Code, is amended by adding at the end the following new subsection:

''(g) Notwithstanding subsection (d), and subject to regulations prescribed by the Secretary of Defense, in the case of a warrant officer who is selected for promotion by a selection board convened under this chapter, and prior to the placement of the warrant officer's name on the applicable promotion list is approved for transfer to a new component within the same or a different uniformed service, the Secretary concerned may place the warrant officer's name on a corresponding promotion list of the new component without regard to the warrant officer's competitive category. A warrant officer's promotion under this subsection shall be made pursuant to section 12242 of this title.''.

(b) OFFICERS TRANSFERRED TO RESERVE ACTIVE STATUS LIST.—

(1) IN GENERAL.—Section 624 of such title is amended by adding at the end the following new subsections:

''(e) Notwithstanding subsection (a)(2), in the case of an officer who is selected for promotion by a selection board convened under this chapter, and prior to the placement of the officer's name on the applicable promotion list is approved for transfer to the reserve active status list of the same or a different uniformed service, the Secretary concerned may place the officer's name on a corresponding promotion list on the reserve active-status list without regard to the officer's competitive category. An officer's promotion under this subsection shall be made pursuant to section 14308 of this title.

''(f) Notwithstanding subsection (a)(3), in the case of an officer who is placed on an all-fully-qualified-officers list, and is subsequently approved for transfer to the reserve active status list, the Secretary concerned may place the officer's name on an appropriate all-fully-qualified-officers list on the reserve active status list. An officer's promotion under this subsection shall be made pursuant to section 14308 of this title.''.

(2) DATE OF RANK.—Section 14308(c) of such title is amended—

(A) by redesignating paragraph (3) as paragraph (4); and

(B) by inserting after paragraph (2) the following new paragraph:

''(3) The Secretary concerned may adjust the date of rank of an officer whose name is placed on a reserve active status promotion list pursuant to subsection (e) or (f) of section 624 of this title.''.

SEC. 505. EFFECT OF FAILURE OF SELECTION FOR PROMOTION.

(a) EFFECT OF FAILURE OF SELECTION FOR PROMOTION: CAPTAINS AND MAJORS OF THE ARMY, AIR FORCE, MARINE CORPS, AND SPACE FORCE AND LIEUTENANTS AND LIEUTENANT COMMANDERS OF THE NAVY.—

(1) IN GENERAL.—Section 632 of title 10, United States Code, is amended—

(A) in the section heading, by striking ''**and Marine Corps**'' and inserting ''**Marine Corps, and Space Force**'';

(B) in subsection (a)(1), by striking ''President approves the report of the board which considered him for the second time'' and inserting ''Secretary concerned releases the promotion results of the board which considered the officer for the second time to the public''.

(2) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 36 of title 10, United States Code, is amended by striking the item relating to section 632 and inserting the following new item:

''632. Effect of failure of selection for promotion: captains and majors of the Army, Air Force, Marine Corps, and Space Force and lieutenants and lieutenant commanders of the Navy.''.

(b) RETIREMENT OF REGULAR OFFICERS OF THE NAVY FOR LENGTH OF SERVICE OR FAILURE OF SELECTION FOR PROMOTION.—Section 8372(a)(2)(A) of title 10, United States Code, is amended by striking ''President approves the report of the board which considered him for the second time'' and inserting ''Secretary concerned releases the promotion results of the board which considered the officer for the second time to the public''.

SEC. 506. PERMANENT AUTHORITY TO ORDER RETIRED MEMBERS TO ACTIVE DUTY IN HIGH-DEMAND, LOW-DENSITY APPOINTMENTS.

(a) IN GENERAL.—Section 688a of title 10, United States Code, is amended—

(1) in the section heading, by striking ''**Retired aviators: temporary authority**'' and inserting ''**Authority**'';

(2) by striking subsection (f);

(3) by redesignating subsections (g) and (h) as subsections (f) and (g), respectively; and

(4) in subsection (f), as redesignated by paragraph (3), by striking ''limitations in subsections (c) and (f)'' and inserting ''limitation in subsection (c)''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 39 of title 10, United States Code, is amended by striking the item relating to section 688a and inserting the following new item:

''688a. Authority to order to active duty in high-demand, low-density assignments.''.

SEC. 507. WAIVER AUTHORITY EXPANSION FOR THE EXTENSION OF SERVICE OBLIGATION FOR MARINE CORPS CYBERSPACE OPERATIONS OFFICERS.

(a) REQUIRED SERVICE.—Section 651(c) of title 10, United States Code, is amended—

(1) in paragraph (1), by inserting ''or in the case of an unrestricted officer designated within a cyberspace occupational specialty'' before the period at the end; and

(2) in paragraph (2)—

(A) in subparagraph (A), by striking ''; or'' and inserting a semicolon;

(B) in subparagraph (B), by striking the period and inserting ''; or''; and

(C) by adding at the end the following new subparagraph:

''(C) in the case of an unrestricted officer who has been designated with a cyberspace occupational specialty, the period of obligated service specified in such contract or agreement.''.

(b) MINIMUM SERVICE REQUIREMENT FOR CERTAIN CYBERSPACE OCCUPATIONAL SPECIALTIES.—

(1) IN GENERAL.—Chapter 37 of title 10, United States Code, is amended by inserting after section 653 the new following section:

''§ 654. Minimum service requirement for certain cyberspace occupational specialties

''(a) CYBERSPACE OPERATIONS OFFICER.—The minimum service obligation for any member who successfully completes training in the armed forces in direct accession to the cyberspace operations officer occupational specialty of the Marine Corps shall be 8 years.

''(b) SERVICE OBLIGATION DEFINED.—In this section, the term 'service obligation' means the period of active duty or, in the case of a member of a reserve component who completed cyberspace operations training in an active duty for training status as a member of a reserve component, the period of service in an active status in the Selected Reserve, required to be served after completion of cyberspace operations training.''.

(2) TABLE OF SECTIONS AMENDMENT.—The table of sections at the beginning of such chapter 37 is amended by inserting after the item relating to section 653 the following new item:

''654. Minimum service requirement for certain cyberspace occupational specialties.''.

SEC. 508. REMOVAL OF ACTIVE DUTY PROHIBITION FOR MEMBERS OF THE AIR FORCE RESERVE POLICY COMMITTEE.

Section 10305 of title 10, United States Code, is amended_

(1) in subsection (b), by striking ''not on active duty'' both places it appears; and

(2) in subsection (c)—

(A) by inserting ''of the reserve components'' after ''among the members''; and

(B) by striking ''not on active duty''.

SEC. 509. EXTENSION OF AUTHORITY TO VARY NUMBER OF SPACE FORCE OFFICERS CONSIDERED FOR PROMOTION TO MAJOR GENERAL.

Subsection (b) of section 503 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 135 Stat. 1680) is amended by striking ''shall terminate on December 31, 2022'' and inserting ''shall terminate on December 31, 2024''.

SEC. 510. REALIGNMENT OF NAVY SPOT-PROMOTION QUOTAS.

Section 605(g)(4)(B) of title 10, United States Code, is amended by striking ''325'' and inserting ''425''.

SEC. 511. MODIFICATION OF LIMITATION ON PROMOTION SELECTION BOARD RATES.

Section 616 of title 10, United States Code, is amended—

(1) in subsection (d)—

(A) by striking ''The number'' and inserting ''(1) Except as provided in paragraph (2), the number''; and

(B) by adding at the end the following new paragraph:

''(2) If a promotion zone established under section 623 of this title includes less than 50 officers and is established with respect to promotions to a grade below the grade of colonel or Navy captain, the Secretary concerned may authorize selection boards convened under section 611(a) of this title to recommend for promotion a number equal to not more than 100 percent of the number of officers included in such promotion zone.''; and

(2) in subsection (e), by striking ''unless he'' and inserting ''unless the officer''.

SEC. 512. TIME IN GRADE REQUIREMENTS.

Section 1305 of title 10, United States Code, is amended—

(1) in subsection (a)(3), by inserting ''or a Marine Corps Marine Gunner warrant officer in such grade,'' after ''chief warrant officer, W–5,'';

(2) in subsection (b), by striking ''when he'' and inserting ''when the warrant officer''; and

(3) in subsection (c)—

(A) by striking ''as he'' and inserting ''as the Secretary concerned''; and

(B) by striking ''after he'' and inserting ''after the warrant officer''.

SEC. 513. FLEXIBILITY IN DETERMINING TERMS OF APPOINTMENT FOR CERTAIN SENIOR OFFICER POSITIONS.

(a) IN GENERAL.—Chapter 35 of title 10, United States Code, is amended by inserting after section 601 the following new section:

''§ 602. Flexibility in determining terms of appointment for certain senior officer positions

''The Secretary of Defense may extend or reduce the duration of an appointment made under section 152, 154, 7033, 8033, 8043, 9033, and 9082 of this title by up to six months if the Secretary determines that such an extension or reduction is necessary either in the interests of national defense, or to ensure an appropriate staggering of terms of senior military leadership.''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 35 of title 10, United States Code, is amended by inserting after the item relating to section 601 the following new item:

''602. Flexibility in determining terms of appointment for certain senior officer positions.''.

Subtitle B—Reserve Component Management

SEC. 521. ALTERNATIVE PROMOTION AUTHORITY FOR RESERVE OFFICERS IN DESIGNATED COMPETITIVE CATEGORIES.

(a) IN GENERAL.—Part III of subtitle E of title 10, United States Code, is amended by adding at the end the following new chapter:

''CHAPTER 1413—ALTERNATIVE PROMOTION AUTHORITY FOR OFFICERS IN DESIGNATED COMPETITIVE CATEGORIES

''Sec.
''15101. Officers in designated competitive categories.
''15102. Selection for promotion.
''15103. Eligibility for consideration for promotion.
''15104. Opportunities for consideration for promotion.
''15105. Promotions.
''15106. Failure of selection for promotion.
''15107. Retirement: retirement for years of service; selective early retirement.
''15108. Continuation on the Reserve Active-Status List.
''15109. Other administrative authorities.
''15110. Regulations.

''§ 15101. Officers in designated competitive categories

''(a) AUTHORITY TO DESIGNATE COMPETITIVE CATEGORIES OF OFFICERS.—Each Secretary of a military department may designate one or more competitive categories for promotion of officers under section 14005 of this title that are under the jurisdiction of such Secretary as a competitive category of officers whose promotion, retirement, and continuation on the reserve active-status list shall be subject to the provisions of this chapter.

''(b) LIMITATION ON EXERCISE OF AUTHORITY.—The Secretary of a military department may not designate a competitive category of officers for purposes of this chapter

until 60 days after the date on which the Secretary submits to the Committees on Armed Services of the Senate and the House of Representatives a report on the designation of the competitive category. The report on the designation of a competitive category shall set forth the following:

''(1) A detailed description of officer requirements for officers within the competitive category.

''(2) An explanation of the number of opportunities for consideration for promotion to each particular grade, and an estimate of promotion timing, within the competitive category.

''(3) An estimate of the size of the promotion zone for each grade within the competitive category.

''(4) A description of any other matters the Secretary considered in determining to designate the competitive category for purposes of this chapter.

''§ 15102. Selection for promotion

''(a) IN GENERAL.—Except as provided in this section, the selection for promotion of officers in any competitive category of officers designated for purposes of this chapter shall be governed by the provisions under chapter 1403 of this title.

''(b) NO RECOMMENDATION FOR PROMOTION OF OFFICERS BELOW PROMOTION ZONE.—Section 14301(d) of this title shall not apply to the selection for promotion of officers described in subsection (a).

''(c) RECOMMENDATION FOR OFFICERS TO BE EXCLUDED FROM FUTURE CONSIDERATION FOR PROMOTION.—In making recommendations pursuant to chapter 1403 of this title for purposes of the administration of this chapter, a selection board convened under section 14101(a) of this title may recommend that an officer considered by the board be excluded from future consideration for promotion under this chapter.

''§ 15103. Eligibility for consideration for promotion

''(a) IN GENERAL.—Except as provided by this section, eligibility for promotion of officers in any competitive category of officers designated for purposes of this chapter shall be governed by the provisions of sections 14301, 14303, and 14304 of this title.

''(b) INAPPLICABILITY OF CERTAIN TIME-IN-GRADE REQUIREMENTS.—Sections 14303 and 14304 of this title shall not apply to the promotion of officers described in subsection (a).

''(c) INAPPLICABILITY TO OFFICERS ABOVE AND BELOW PROMOTION ZONE.—The following provisions of this title shall not apply to the promotion of officers described in subsection (a):

''(1) The reference in section 14301(b) to an officer above the promotion zone.

''(2) Section 14301(d).

''(d) INELIGIBILITY OF CERTAIN OFFICERS.—The following officers are not eligible for promotion under this chapter:

''(1) An officer described in section 14301(c) of this title.

''(2) An officer not included within the promotion zone.

''(3) An officer who has failed of promotion to a higher grade the maximum number of times specified for opportunities for promotion for such grade within the competitive category concerned pursuant to section 15104 of this title.

''(4) An officer recommended by a selection board to be removed from consideration for promotion in accordance with section 15102(c) of this title.

''§ 15104. Opportunities for consideration for promotion

''(a) SPECIFICATION OF NUMBER OF OPPORTUNITIES FOR CONSIDERATION FOR PROMOTION.—In designating a competitive category of officers pursuant to section 15101 of this title, the Secretary of a military department shall specify the number of opportunities for consideration for promotion to be afforded officers of the armed force concerned within the category for promotion to each grade above the grade of first lieutenant or lieutenant (junior grade), as applicable.

''(b) LIMITED AUTHORITY OF SECRETARY OF MILITARY DEPARTMENT TO MODIFY NUMBER OF OPPORTUNITIES.—The Secretary of a military department may modify the number of opportunities for consideration for promotion to be afforded officers of an armed force within a competitive category for promotion to a particular grade, as previously specified by the Secretary pursuant subsection (a) of this subsection, not more frequently than once every five years.

''(c) DISCRETIONARY AUTHORITY OF SECRETARY OF DEFENSE TO MODIFY NUMBER OF OPPORTUNITIES.—The Secretary of Defense may modify the number of opportunities for consideration for promotion to be afforded officers of an armed force within a competitive category for promotion to a particular grade, as previously specified or modified pursuant to any provision of this section, at the discretion of the Secretary.

''(d) LIMITATION ON NUMBER OF OPPORTUNITIES SPECIFIED.—The number of opportunities for consideration for promotion to be afforded officers of an armed force within a competitive category for promotion to a particular grade, as specified or modified pursuant to any provision of this section, may not exceed five opportunities.

''(e) EFFECT OF CERTAIN REDUCTION IN NUMBER OF OPPORTUNITIES SPECIFIED.—If, by reason of a reduction in the number of opportunities for consideration for promotion under this section, an officer would no longer have one or more opportunities for consideration for promotion that were available to the officer before the reduction, the officer shall be afforded one additional opportunity for consideration for promotion after the reduction.

''§ 15105. Promotions

''Sections 14307 through 14317 of this title shall apply in promotions of officers in competitive categories of officers designated for purposes of this chapter.

''§ 15106. Failure of selection for promotion

''(a) IN GENERAL.—Except as provided in this section, sections 14501 through 14513 of this title shall apply to promotions of officers in competitive categories of officers designated for purposes of this chapter.

''(b) INAPPLICABILITY OF FAILURE OF SELECTION FOR PROMOTION TO OFFICERS ABOVE PROMOTION ZONE.—The reference in section 14501 of this title to an officer above the promotion zone shall not apply in the promotion of officers described in subsection (a).

''(c) SPECIAL SELECTION BOARD MATTERS.—The reference in section 14502(a)(1) of this title to a person above the promotion zone shall not apply in the promotion of officers described in subsection (a).

''(d) EFFECT OF FAILURE OF SELECTION.—In the administration of this chapter pursuant to subsection (a)—

''(1) an officer described in subsection (a) shall not be deemed to have failed twice of selection for promotion for purposes of section 14502(b) of this title until the officer has failed selection of promotion to the next higher grade the maximum number of times specified for opportunities for promotion to such grade within the competitive category concerned pursuant to section 15104 of this title; and

''(2) any reference in sections 14504 through 14506 of this title to an officer who has failed of selection for promotion to the next higher grade for the second time shall be deemed to refer instead to an officer described in subsection (a) who has failed of selection for promotion to the next higher grade for the maximum number of times specified for opportunities for promotion to such grade within the competitive category concerned pursuant to such section 15104.

''§ 15107. Retirement: retirement for years of service; selective early retirement

''(a) RETIREMENT FOR YEARS OF SERVICE.—Sections 14507 through 14515 of this title shall apply to the retirement of officers in competitive categories of officers designated for purposes of this chapter.

''(b) SELECTIVE EARLY RETIREMENT.—Section 14101(b) of this title shall apply to the retirement of officers described in subsection (a).

''§ 15108. Continuation on the Reserve Active-Status List

''Sections 14701 through 14703 of this title shall apply in continuation or retention on a reserve active-status list of officers designated for purposes of this chapter.

''§ 15109. Other administrative authorities

''(a) IN GENERAL.—The following provisions of this title shall apply to officers in competitive categories of officers designated for purposes of this chapter:

''(1) Section 14518, relating to continuation of officers to complete disciplinary action.

''(2) Section 14519, relating to deferment of retirement or separation for medical reasons.

''(3) Section 14704, relating to the selective early removal from the reserve active-status list.

''(4) Section 14705, relating to the selective early retirement of reserve general and flag officers of the Navy and Marine Corps.

''§ 15110. Regulations

''The Secretary of Defense shall prescribe regulations regarding the administration of this chapter. The elements of such regulations shall include mechanisms to clarify the manner in which provisions of other chapters of this part of the title shall be used in the administration of this chapter in accordance with the provisions of this chapter.''.

(b) TABLE OF CHAPTERS AMENDMENT.—The table of chapters at the beginning of part III of subtitle E of title 10, United States Code, is amended by adding at the end the following new item:

''1413. Alternative promotion authority for officers in designated competitive categories ..... 15101''.

SEC. 522. SELECTED RESERVE AND READY RESERVE ORDER TO ACTIVE DUTY TO RESPOND TO A SIGNIFICANT CYBER INCIDENT.

Section 12304 of title 10, United States Code, is amended—

(1) in subsection (a), by striking ''for any named operational mission'';

(2) by redesignating subsections (c) through (j) as subsections (d) through (k), respectively;

(3) by inserting after subsection (b) the following new subsection:

''(c) SIGNIFICANT CYBER INCIDENTS.—The Secretary of Defense and the Secretary of the Department in which the Coast Guard is operating may, without the consent of the member affected, order any unit, and any member not assigned to a unit organized to serve as a unit, of the Selected Reserve or Individual Ready Reserve to active duty for a continuous period of not more than 365 days when the Secretary of Defense or, with respect to the Coast Guard, the Secretary of the Department in which the Coast Guard is operating determines it is necessary to augment the active forces for the respective responses from the Department of Defense or

the Department of Homeland Security to a covered incident.'';

(4) in paragraph (1) of subsection (d), as redesignated by paragraph (2) of this section, by inserting ''or subsection (c)'' after ''subsection (b)'';

(5) in subsection (h) (as so redesignated)—

(A) by redesignating paragraphs (1) and (2) as subparagraphs (A) and (B), respectively;

(B) by striking ''Whenever any'' and inserting ''(1) Whenever any''; and

(C) by adding at the end the following new paragraph:

''(2) Whenever any unit of the Selected Reserve or any member of the Selected Reserve not assigned to a unit organized to serve as a unit, or any member of the Individual Ready Reserve, is ordered to active duty under authority of subsection (c), the service of all units or members so ordered to active duty may be terminated by—

''(A) order of the Secretary of Defense or the Secretary of the Department in which the Coast Guard is operating; or

''(B) law.''; and

(6) in subsection (k) (as so redesignated)—

(A) by redesignating paragraph (2) as paragraph (3); and

(B) by inserting after paragraph (1) the following new paragraph:

''(2) The term 'covered incident' means—

''(A) a cyber incident involving a Department of Defense information system, or a breach of a Department of Defense system that involves personally identifiable information, that the Secretary of Defense determines is likely to result in demonstrable harm to the national security interests, foreign relations, or the economy of the United States, or to the public confidence, civil liberties, or public health and safety of the people of the United States;

''(B) a cyber incident involving a Department of Homeland Security information system or a breach of a Department of Homeland Security system that involves personally identifiable information that the Secretary of Homeland Security determines is likely to result in demonstrable harm to the national security interests, foreign relations, or the economy of the United States or to the public confidence, civil liberties, or public health and safety of the people of the United States;

''(C) a cyber incident or collection of related cyber incidents that the President determines is likely to result in demonstrable harm to the national security interests, foreign relations, or economy of the United States or to the public confidence, civil liberties, or public health and safety of the people of the United States; or

''(D) a significant incident declared pursuant to section 2233 of the Homeland Security Act of 2002 (6 U.S.C. 677b).''.

SEC. 523. MOBILIZATION OF SELECTED RESERVE FOR PREPLANNED MISSIONS IN SUPPORT OF THE COMBATANT COMMANDS.

Section 12304b(b)(1) of title 10, United States Code, is amended—

(1) by redesignating subparagraphs (A) and (B) as clauses (i) and (ii), respectively;

(2) by striking ''Units'' and inserting ''(A) Except as provided under subparagraph (B), units''; and

(3) by adding at the end the following new subparagraph:

''(B) In the event the President's budget is delivered later than April 1st in the year prior to the year of the mobilization of one or more units under this section, the Secretary concerned may submit to Congress the information required under subparagraph (A) in a separate notice.''.

SEC. 524. ALTERNATING SELECTION OF OFFICERS OF THE NATIONAL GUARD AND THE RESERVES AS DEPUTY COMMANDERS OF CERTAIN COMBATANT COMMANDS.

Section 164(e)(4) of title 10, United States Code, is amended—

(1) by inserting ''(A)'' before ''At least one deputy commander''; and

(2) by adding at the end the following new subparagraphs:

''(B) In carrying out the requirement in subparagraph (A) pertaining to the selection of an officer of the reserve component, the Secretary of Defense shall alternate between selecting an officer of the National Guard and an officer of the Reserves no less frequently than every two terms.

''(C) The Secretary of Defense may waive the requirement under subparagraph (B) regarding the alternating selection of reserve component officers if the Secretary of Defense determines that such action is in the national interest.''.

SEC. 525. GRADE OF VICE CHIEF OF THE NATIONAL GUARD BUREAU.

Section 10505 of title 10, United States Code, is amended by adding at the end the following new subsection:

''(c) GRADE AND EXCLUSION FROM GENERAL AND FLAG OFFICER AUTHORIZED STRENGTH.—(1) The Vice Chief of the National Guard Bureau shall be appointed to serve in the grade of general.

''(2) The Secretary of Defense shall designate, pursuant to subsection (b) of section 526a of this title, the position of Vice Chief of the National Guard Bureau as one of the general officer and flag officer positions to be excluded from the limitations in subsection (a) of such section.''.

Subtitle C—General Service Authorities and Military Records

SEC. 531. MODIFICATION OF LIMITATION ON ENLISTMENT AND INDUCTION OF PERSONS WHOSE SCORE ON THE ARMED FORCES QUALIFICATION TEST IS BELOW A PRESCRIBED LEVEL.

Section 520(a) of title 10, United States Code, is amended—

(1) by striking ''The number of persons'' and inserting ''(1) The number of persons'';

(2) by striking ''may not exceed 20 percent'' and inserting ''may not exceed 4 percent''; and

(3) by adding at the end the following new paragraph:

''(2) Upon the request of the Secretary concerned, the Secretary of Defense may authorize an armed force to increase the limitation specified in paragraph (1) to not exceed 20 percent of the total number of persons originally enlisted or inducted to serve on active duty (other than active duty for training) in such armed forced during such fiscal year. The Secretary of Defense shall notify the Committees on Armed Services of the Senate and the House of Representatives not later than 30 days after using such authority.''.

SEC. 532. NON-MEDICAL COUNSELING SERVICES FOR MILITARY FAMILIES.

Section 1781 of title 10, United States Code, is amended by adding at the end the following new subsection:

''(d) NON-MEDICAL COUNSELING SERVICES.—(1) In carrying out its duties under subsection (b), the Office may coordinate programs and activities to provide non-medical counseling services to military families through the Department of Defense Military and Family Life Counseling Program.

''(2) A mental health care professional described in paragraph (3) may provide non-medical counseling services at any location in a State, the District of Columbia, or a territory or possession of the United States, without regard to where the professional or recipient of such services is located or delivery of such services is provided (including face-to-face and telehealth), if the provision of such services is within the scope of the authorized Federal duties of the professional.

''(3) A non-medical mental health professional described in this subsection is a person who is—

''(A) a currently licensed mental health care provider who holds a license that is—

''(i) issued by a State, the District of Columbia, or a territory or possession of the United States; and

''(ii) recognized by the Secretary of Defense as an appropriate license for the provision of non-medical counseling services;

''(B) a member of the armed forces, a civilian employee of the Department of Defense, or a contractor designated by the Secretary; and

''(C) performing authorized duties for the Department of Defense under a program or activity referred to in paragraph (1).

''(4) The authority under this subsection shall terminate three years after the date of the enactment of this subsection.

''(5) In this subsection, the term 'non-medical counseling services' means mental health care services that are non-clinical, short-term and solution focused, and address topics related to personal growth, development, and positive functioning.''.

SEC. 533. PRIMACY OF NEEDS OF THE SERVICE IN DETERMINING INDIVIDUAL DUTY ASSIGNMENTS.

(a) IN GENERAL.—Chapter 39 of title 10, United States Code, is amended by inserting after section 674 the following new section:

''§ 675. Primacy of needs of the service in determining individual duty assignments

''(a) IN GENERAL.—The Secretaries of the military departments shall make duty assignments of individual members based on the needs of the military services.

''(b) ASSIGNMENTS BASED ON SERVICE NEEDS.—A servicemember's opinion on State laws shall not take precedence over the needs of the military services in determining individual duty assignments.

''(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as prohibiting the Secretaries of the military departments from considering the general preferences of members of the armed forces in making determinations about individual duty assignments.''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of such chapter is amended by inserting after the item relating to section 674 the following new item:

''675. Primacy of needs of the service in determining individual duty assignments.''.

SEC. 534. REQUIREMENT TO USE QUALIFICATIONS, PERFORMANCE, AND MERIT AS BASIS FOR PROMOTIONS, ASSIGNMENTS, AND OTHER PERSONNEL ACTIONS.

The Secretary of Defense shall ensure that all promotions, assignments, and other personnel actions of the Armed Forces are based primarily on qualifications, performance, and merit.

SEC. 535. REQUIREMENT TO BASE TREATMENT IN THE MILITARY ON MERIT AND PERFORMANCE.

(a) FINDINGS.—Congress makes the following findings:

(1) The United States Armed Forces is the greatest civil rights program in the history of the world.

(2) Former Chairman of the Joint Chiefs General Colin Powell wrote that ''the military [has] given African-Americans more equal opportunity than any other institution in American society''.

(3) Today's Armed Forces is the most diverse large public institution in the country,

and brings together Americans from every background in the service of defending the country.

(4) Military readiness depends on the guarantee of equal opportunity, without the promise of an equal outcome, because warfare is a competitive endeavor and the nation's enemies must know that the United States Armed Forces is led by the best, brightest, and bravest Americans.

(5) The tenets of critical race theory are antithetical to the merit-based, all-volunteer, military that has served the country with great distinction for the last 50 years.

(b) DEFINITION OF EQUITY.—For the purposes of any Department of Defense Diversity, Equity, and Inclusion directive, program, policy, or instruction, the term ''equity'' is defined as ''the right of all persons to have the opportunity to participate in, and benefit from, programs, and activities for which they are qualified''.

(c) PROHIBITIONS.—

(1) DIRECTIVES.—The Department of Defense shall not direct or otherwise compel any member of the Armed Forces, military dependent, or civilian employee of the Department of Defense to personally affirm, adopt, or adhere to the tenet that any sex, race, ethnicity, religion or national origin is inherently superior or inferior.

(2) TRAINING AND INSTRUCTION.—No organization or institution under the authority of the Secretary of Defense may provide courses, training, or any other type of instruction that directs, compels, or otherwise suggests that members of the Armed Forces, military dependents, or civilian employees of the Department of Defense should affirm, adopt, or adhere to the tenet described in paragraph (1).

(3) DISTINCTIONS AND CLASSIFICATIONS.—

(A) IN GENERAL.—No organization or institution under the authority of the Secretary of Defense shall make a distinction or classification of members of the Armed Forces, military dependents, or civilian employees of the Department of Defense based on account of race, ethnicity, or national origin.

(B) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed to prohibit the required collection or reporting of demographic information by the Department of Defense.

(d) MERIT REQUIREMENT.—All Department of Defense personnel actions, including accessions, promotions, assignments and training, shall be based exclusively on individual merit and demonstrated performance.

SEC. 536. TIGER TEAM FOR OUTREACH TO FORMER MEMBERS.

(a) ESTABLISHMENT OF TIGER TEAM.—

(1) IN GENERAL.—Not later than 60 days after the date of the enactment of this Act, the Secretary of Defense shall establish a team (commonly known as a ''tiger team'' and referred to in this section as the ''Tiger Team'') responsible for conducting outreach to build awareness among former members of the Armed Forces of the process established pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 10 U.S.C. 1552 note) for the review of discharge characterizations by appropriate discharge boards. The Tiger Team shall consist of appropriate personnel of the Department of Defense assigned to the Tiger Team by the Secretary for purposes of this section.

(2) TIGER TEAM LEADER.—One of the persons assigned to the Tiger Team under paragraph (1) shall be a senior-level officer or employee of the Department who shall serve as the lead official of the Tiger Team (in this section referred to as the ''Tiger Team Leader'') and who shall be accountable for the activities of the Tiger Team under this section.

(3) REPORT ON COMPOSITION.—Not later than 90 days after the date of the enactment of this Act, the Secretary shall submit to Congress a report setting forth the names of the personnel of the Department assigned to the Tiger Team pursuant to this subsection, including the positions to which assigned. The report shall specify the name of the individual assigned as Tiger Team Leader.

(b) DUTIES.—

(1) IN GENERAL.—The Tiger Team shall conduct outreach to build awareness among veterans of the process established pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020 for the review of discharge characterizations by appropriate discharge boards.

(2) COLLABORATION.—In conducting activities under this subsection, the Tiger Team Leader shall identify appropriate external stakeholders with whom the Tiger Team shall work to carry out such activities. Such stakeholders shall include representatives of veterans service organizations and such other stakeholders as the Tiger Team Leader considers appropriate.

(3) INITIAL REPORT.—Not later than 210 days after the date of the enactment of this Act, the Secretary of Defense shall submit to Congress the following:

(A) A plan setting forth the following:

(i) A description of the manner in which the Secretary, working through the Tiger Team and in collaboration with external stakeholders described in paragraph (2), shall identify individuals who meet the criteria in section 527(b) of the National Defense Authorization Act for Fiscal Year 2020 for review of discharge characterization.

(ii) A description of the manner in which the Secretary, working through the Tiger Team and in collaboration with the external stakeholders, shall improve outreach to individuals who meet the criteria in section 527(b) of the National Defense Authorization Act for Fiscal Year 2020 for review of discharge characterization, including through—

(I) obtaining contact information on such individuals; and

(II) contacting such individuals on the process established pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020 for the review of discharge characterizations.

(B) A description of the manner in which the work described in clauses (i) and (ii) of subparagraph (A) will be carried out, including an allocation of the work among the Tiger Team and the external stakeholders.

(C) A schedule for the implementation, carrying out, and completion of the plan required under subparagraph (A).

(D) A description of the additional funding, personnel, or other resources of the Department required to carry out the plan required under subparagraph (A), including any modification of applicable statutory or administrative authorities.

(4) IMPLEMENTATION OF PLAN.—

(A) IN GENERAL.—The Secretary shall implement and carry out the plan submitted under subparagraph (A) of paragraph (3) in accordance with the schedule submitted under subparagraph (C) of that paragraph.

(B) UPDATES.—Not less frequently than once every 90 days after the submittal of the report under paragraph (3), the Tiger Team shall submit to Congress an update on the carrying out of the plan submitted under subparagraph (A) of that paragraph.

(5) FINAL REPORT.—Not later than 3 years after the date of the enactment of this Act, the Tiger Team shall submit to the Committees on Armed Services of the Senate and the House of Representatives a final report on the activities of the Tiger Team under this subsection. The report shall set forth the following:

(A) The number of individuals discharged under Don't Ask, Don't Tell or a similar policy prior to the enactment of Don't Ask, Don't Tell.

(B) The number of individuals described in subparagraph (A) who availed themselves of a review of discharge characterization (whether through discharge review or correction of military records) through a process established prior to the enactment of this Act.

(C) The number of individuals contacted through outreach conducted pursuant to this section.

(D) The number of individuals described in subparagraph (A) who availed themselves of a review of discharge characterization through the process established pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020.

(E) The number of individuals described in subparagraph (D) whose review of discharge characterization resulted in a change of characterization to honorable discharge.

(F) The total number of individuals described in subparagraph (A), including individuals also covered by subparagraph (E), whose review of discharge characterization since September 20, 2011 (the date of repeal of Don't Ask, Don't Tell), resulted in a change of characterization to honorable discharge.

(6) TERMINATION.—On the date that is 60 days after the date on which the final report required by paragraph (5) is submitted, the Secretary shall terminate the Tiger Team.

(c) ADDITIONAL REPORTS.—

(1) REVIEW.—The Secretary of Defense shall conduct a review of the consistency and uniformity of the reviews conducted pursuant to section 527 of the National Defense Authorization Act for Fiscal Year 2020.

(2) REPORTS.—Not later than 270 days after the date of the enactment of this Act, and each year thereafter for a four-year period, the Secretary shall submit to Congress a report on the reviews under paragraph (1). Such reports shall include any comments or recommendations for continued actions.

(d) DON'T ASK, DON'T TELL DEFINED.—In this section, the term ''Don't Ask, Don't Tell'' means section 654 of title 10, United States Code, as in effect before such section was repealed pursuant to the Don't Ask, Don't Tell Repeal Act of 2010 (Public Law 111–321).

SEC. 537. DIVERSITY, EQUITY, AND INCLUSION PERSONNEL GRADE CAP.

(a) IN GENERAL.—The Secretary concerned may not appoint to, or otherwise employ in, any position with sole duties as described in subsection (b) a military or civilian employee paid annual pay at a rate that exceeds the equivalent of the rate payable for GS–10, not adjusted for locality.

(b) COVERED DUTIES.—The duties referred to in subsection (a) are as follows:

(1) Developing, refining, and implementing diversity, equity, and inclusion policy.

(2) Leading working groups and councils to developing diversity, equity, and inclusion goals and objectives to measure performance and outcomes.

(3) Creating and implementing diversity, equity, and inclusion education, training courses, and workshops for military and civilian personnel.

(c) APPLICABILITY TO CURRENT EMPLOYEES.—Any military or civilian employee appointed to a position with duties described in subsection (b) who is paid annual pay at a rate that exceeds the amount allowed under subsection (a) shall be reassigned to another position not later than 180 days after the date of the enactment of this Act.

Subtitle D—Military Justice and Other Legal Matters

SEC. 541. ESTABLISHMENT OF STAGGERED TERMS FOR MEMBERS OF THE MILITARY JUSTICE REVIEW PANEL.

(a) APPOINTMENT TO STAGGERED TERMS.—Subsection (b) of section 946 of title 10, United States Code (article 146 of the Uniform Code of Military Justice), is amended by adding at the end the following new paragraph:

''(4) ESTABLISHMENT OF STAGGERED TERMS.—Notwithstanding subsection (e), members of the Panel appointed to serve on the Panel to fill vacancies that exist due to terms of appointment expiring during the period beginning on August 1, 2030, and ending on August 31, 2030, shall be appointed to terms as follows:

''(A) Three members designated by the Secretary of Defense shall serve a term of two years.

''(B) Three members designated by the Secretary of Defense shall serve a term of four years.

''(C) Three members designated by the Secretary of Defense shall serve a term of six years.

''(D) Four members designated by the Secretary of Defense shall serve a term of eight years.''.

(b) TERM; VACANCIES.—Subsection (e) of such section is amended to read as follows:

''(e) TERM; VACANCIES.—

''(1) TERM.—Subject to subsection (b)(4) and paragraphs (2) and (3) of this subsection, each member shall be appointed for a term of eight years, and no member may serve more than one term.

''(2) VACANCY.—Any vacancy in the Panel shall be filled in the same manner as the original appointment. A member appointed to fill a vacancy in the Panel that occurs before the expiration of the term of appointment of the predecessor of such member shall be appointed for the remainder of the term of such predecessor.

''(3) AVAILABILITY OF REAPPOINTMENT FOR CERTAIN MEMBERS.—Notwithstanding paragraph (1), a member of the Panel may be appointed to a single additional term if—

''(A) the appointment of the member is to fill a vacancy described in subsection (b)(4); or

''(B) the member was initially appointed to—

''(i) a term of four years or less in accordance with subsection (b)(4); or

''(ii) fill a vacancy that occurs before the expiration of the term of the predecessor of such member and for which the remainder of the term of such predecessor is four years or less.''.

SEC. 542. TECHNICAL AND CONFORMING AMENDMENTS TO THE UNIFORM CODE OF MILITARY JUSTICE.

(a) TECHNICAL AMENDMENT RELATING TO GUILTY PLEAS FOR MURDER.—Section 918 of title 10, United States Code (article 118 of the Uniform Code of Military Justice), is amended—

(1) by striking ''he'' both places it appears and inserting ''such person''; and

(2) in the matter following paragraph (4), by striking the period and inserting '', unless such person is otherwise sentenced in accordance with a plea agreement entered into between the parties under section 853a (article 53a).''.

(b) TECHNICAL AMENDMENTS RELATING TO THE MILITARY JUSTICE REFORMS IN THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2022.—

(1) ARTICLE 16.—Subsection (c)(2)(A) of section 816 of title 10, United States Code (article 16 of the Uniform Code of Military Justice), is amended by striking ''by the convening authority''.

(2) ARTICLE 25.—Section 825 of title 10, United States Code (article 25 of the Uniform Code of Military Justice), is amended—

(A) in subsection (d)—

(i) in paragraph (1), by striking ''may, after the findings are announced and before any matter is presented in the sentencing phase, request, orally on the record or in writing, sentencing by the members'' and inserting ''shall be sentenced by the military judge''; and

(ii) by amending paragraph (2) to read as follows:

''(2) In a capital case, if the accused is convicted of an offense for which the court-martial may sentence the accused to death, the accused shall be sentenced in accordance with section 853(c) of this title (article 53(c)).'';

(B) in subsection (e)—

(i) in paragraph (1), by striking ''him'' and inserting ''the member being tried''; and

(ii) in paragraph (2)—

(I) in the first sentence, by striking ''his opinion'' and inserting ''the opinion of the convening authority''; and

(II) in the second sentence, by striking ''he'' and inserting ''the member''; and

(C) in subsection (f)—

(i) by striking ''his authority'' and inserting ''the authority of the convening authority''; and

(ii) by striking ''his staff judge advocate or legal officer'' and inserting ''the staff judge advocate or legal officer of the convening authority''.

(c) AUTHORITY OF SPECIAL TRIAL COUNSEL WITH RESPECT TO CERTAIN OFFENSES OCCURRING BEFORE EFFECTIVE DATE OF MILITARY JUSTICE REFORMS ENACTED IN THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2022.—

(1) AUTHORITY.—Section 824a of title 10, United States Code, as added by section 531 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81), is amended by adding at the end the following new subsection:

''(d) SPECIAL TRIAL COUNSEL AUTHORITY OVER CERTAIN OTHER OFFENSES.—

''(1) OFFENSES OCCURRING BEFORE EFFECTIVE DATE.—A special trial counsel may, at the sole and exclusive discretion of the special trial counsel, exercise authority over the following offenses:

''(A) An offense under section 917a (article 117a), 918 (article 118), section 919 (article 119), section 920 (article 120), section 920b (article 120b), section 920c (article 120c), section 928b (article 128b), or the standalone offense of child pornography punishable under section 934 (article 134) of this title that occurred on or before December 27, 2023.

''(B) An offense under section 925 (article 125), section 930 (article 130), or section 932 (article 132) of this title that occurred on or after January 1, 2019, and before December 28, 2023.

''(C) An offense under section 920a (article 120a) of this title, an offense under section 925 (article 125) of this title alleging an act of nonconsensual sodomy, or the standalone offense of kidnapping punishable under section 934 (article 134) of this title that occurred before January 1, 2019.

''(D) A conspiracy to commit an offense specified in subparagraph (A), (B), or (C) as punishable under section 881 of this title (article 81).

''(E) A solicitation to commit an offense specified in subparagraph (A), (B), or (C) as punishable under section 882 of this title (article 82).

''(F) An attempt to commit an offense specified in subparagraph (A), (B), (C), (D), or (E) as punishable under section 880 of this title (article 80).

''(2) EFFECT OF EXERCISE OF AUTHORITY.—

''(A) TREATMENT AS COVERED OFFENSE.—If a special trial counsel exercises authority over an offense pursuant to paragraph (1), the offense over which the special trial counsel exercises authority shall be considered a covered offense for purposes of this chapter.

''(B) KNOWN OR RELATED OFFENSES.—If a special trial counsel exercises authority over an offense pursuant to paragraph (1), the special trial counsel may exercise the authority of the special trial counsel under subparagraph (B) of subsection (c)(2) with respect to other offenses described in that subparagraph without regard to the date on which the other offenses occur.''.

(2) CONFORMING AMENDMENT TO EFFECTIVE DATE.—Section 539C(a) of the National Defense Authorization Act for Fiscal Year 2022 (10 U.S.C. 801 note; Public Law 117–81) is amended by striking ''and shall'' and inserting ''and, except as provided in section 824a(d) of title 10, United States Code (article 24a of the Uniform Code of Military Justice), shall''.

(d) CLARIFICATION OF APPLICABILITY OF DOMESTIC VIOLENCE AND STALKING TO DATING PARTNERS.—

(1) ARTICLE 128B; DOMESTIC VIOLENCE.—Section 928b of title 10, United States Code (article 128b of the Uniform Code of Military Justice), is amended—

(A) in the matter preceding paragraph (1), by striking ''Any person'' and inserting ''(a) IN GENERAL.—Any person'';

(B) in subsection (a), as designated by paragraph (1) of this section, by inserting ''a dating partner,'' after ''an intimate partner,'' each place it appears; and

(C) by adding at the end the following new subsection:

''(b) DEFINITIONS.—In this section (article), the terms 'dating partner', 'immediate family', and 'intimate partner' have the meaning given such terms in section 930 of this title (article 130 of the Uniform Code of Military Justice).''.

(2) ARTICLE 130; STALKING.—Section 930 of such title (article 130 of the Uniform Code of Military Justice) is amended—

(A) in subsection (a), by striking ''or to his or her intimate partner'' each place it appears and inserting ''to his or her intimate partner, or to his or her dating partner''; and

(B) in subsection (b)—

(i) by redesignating paragraphs (3) through (5) as paragraphs (4) through (6), respectively; and

(ii) by inserting after paragraph (2) the following new paragraph:

''(3) The term 'dating partner', in the case of a specific person, means a person who is or has been in a social relationship of a romantic or intimate nature with such specific person based on a consideration of—

''(A) the length of the relationship;

''(B) the type of relationship;

''(C) the frequency of interaction between the persons involved in the relationship; and

''(D) the extent of physical intimacy or sexual contact between the persons involved in the relationship.''.

(e) EFFECTIVE DATE.—The amendments made by subsection (b) and subsection (c)(1) shall take effect immediately after the coming into effect of the amendments made by part 1 of subtitle D of title V of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81) as provided in section 539C of that Act (10 U.S.C. 801 note).

Subtitle E—Member Education, Training, Transition

SEC. 551. FUTURE SERVICEMEMBER PREPARATORY COURSE.

(a) REQUIREMENT.—If the number of nonprior service enlisted personnel covered under section 520 of title 10, United States Code, exceeds 10 percent of the total number

of persons originally enlisted in an Armed Force during a fiscal year, the Secretary concerned shall establish a future servicemember preparatory course within the Armed Force concerned.

(b) PURPOSE.—The course established under subsection (a) shall be designed to improve the physical and aptitude qualifications of military recruits.

(c) CRITERIA.—Each course established under this section shall comply with the following requirements:

(1) ENROLLMENT.—All nonprior service enlisted persons whose score on the Armed Forces Qualification Test is at or above the twentieth percentile and below the thirty-first percentile must be enrolled in the course prior to attending initial basic training.

(2) GRADUATION REQUIREMENT.—Prior to attending initial basic training, all enlisted persons attending the course established under this section must achieve a score that exceeds the thirty-first percentile of the Armed Forces Qualification Test.

(3) EFFECT OF COURSE FAILURE.—Any enlisted person who fails to achieve course graduation requirements within 180 days of enlistment shall be separated under regulations prescribed by the Secretary concerned.

SEC. 552. DETERMINATION OF ACTIVE DUTY SERVICE COMMITMENT FOR RECIPIENTS OF FELLOWSHIPS, GRANTS, AND SCHOLARSHIPS.

Section 2603(b) of title 10, United States Code, is amended by striking ''at least three times the length of the period of the education or training.'' and inserting ''determined by the Secretary concerned. Notwithstanding sections 2004(c), 2004a(f), and 2004b(e) of this title, the service obligation required under this subsection may run concurrently with any service obligations incurred under chapter 101 of this title in accordance with regulations established by the Secretary concerned.''.

SEC. 553. MILITARY SERVICE ACADEMY PROFESSIONAL SPORTS PATHWAY REPORT AND LEGISLATIVE PROPOSAL REQUIRED.

(a) LEGISLATIVE PROPOSAL.—Not later than March 1, 2024, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report including the following elements:

(1) A legislative proposal that would—

(A) update and clarify the legislative framework related to the ability of military service academy graduates to pursue employment as a professional athlete prior to serving at least 5 years on active duty; and

(B) retain the existing requirement that all military service academy graduates must serve for 2 years on active duty before affiliating with the reserves to pursue employment as a professional athlete.

(2) A description of amendments to current law that would be necessary to implement the legislative proposal described under paragraph (1).

(b) REPORT REQUIRED.—Not later than March 1, 2024, and annually thereafter, the Secretary of Defense shall provide to the Committees on Armed Services of the Senate and the House of Representatives a report that includes the following information:

(1) The name, military service, and sport of each military service graduate released or deferred from active service in order to participate in professional sports.

(2) A description of the sports career progress of each participant, such as drafted, signed, released, or returned to military service.

(3) A summary by participant of marketing strategy and recruiting related activities conducted.

(4) A description by participant of the assessments conducted by the military services to determine the recruiting value associated with approved releases from active duty.

(5) The current status of each participant, including, as appropriate, affiliated franchise.

SEC. 554. COMMUNITY COLLEGE ENLISTED TRAINING CORPS DEMONSTRATION PROGRAM.

(a) DEMONSTRATION PROGRAM.—

(1) IN GENERAL.—Not later than August 1, 2025, the Secretary concerned shall establish within each military department an Enlisted Training Corps demonstration program for the purpose of introducing students to the military, and preparing selected students for enlisted service in the Army, Navy, Air Force, Marine Corps, or Space Force.

(2) LOCATION.—Demonstration programs established under this section shall be located at a community or junior college. No program may be established at a military college or military junior college as defined for purposes of section 2107a of title 10, United States Code.

(b) ELIGIBILITY FOR MEMBERSHIP.—To be eligible for membership in a program under this section, a person must be a student at an institution where a unit of the Enlisted Training Corps is located.

(c) INSTRUCTORS.—The Secretary concerned may assign as an instructor for a unit established under this section an individual eligible to serve as an instructor under section 2111 or section 2031 of title 10, United States Code. Instructors who are not currently members on active duty shall be paid in a manner consistent with section 2031 of title 10, United States Code.

(d) FINANCIAL ASSISTANCE.—The Secretary of the military department concerned may provide financial assistance to persons enrolled in a unit of the Enlisted Training Corps in exchange for an agreement in writing that the person enlist in the active component of the military department concerned upon graduation or disenrollment from the community college. Financial assistance provided under this subsection may include tuition, living expenses, stipend, or other payment.

(e) CURRICULUM.—The Secretary concerned shall ensure that any programs created under this section include as part of the curriculum the following:

(1) An introduction to the benefits of military service.

(2) Military history.

(3) Military customs and courtesies.

(4) Physical fitness requirements.

(5) Instruction on ethical behavior and decisionmaking.

(f) REPORTING REQUIREMENT.—Not later than one year after the date of the enactment of this Act, and annually thereafter until the date specified by subsection (g), the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the status of the demonstration program required by this section.

(g) SUNSET.—The requirements of this provision shall sunset on September 30, 2030.

SEC. 555. LANGUAGE TRAINING CENTERS FOR MEMBERS OF THE ARMED FORCES AND CIVILIAN EMPLOYEES OF THE DEPARTMENT OF DEFENSE.

Section 529 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111–84; 10 U.S.C. 2001 note prec.) is amended—

(1) in subsection (a), by striking ''may carry out a program'' and inserting ''shall carry out a program'';

(2) by redesignating subsection (e) as subsection (f);

(3) by inserting after subsection (d) the following new subsection:

''(e) CONTRACT AUTHORITY.—The Secretary of Defense may enter into one or more contracts, cooperative agreements, or grants with private national organizations having an expertise in foreign languages, area studies, and other international fields, for the awarding of grants to accredited universities, senior military colleges, or other similar institutions of higher education to establish and maintain language training centers authorized by subsection (a).''; and

(4) in subsection (f), as redesignated by paragraph (2)—

(A) by striking ''one year after the date of the establishment of the program authorized by subsection (a)'' and inserting ''180 days after the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024'';

(B) by striking ''report on the program'' and inserting ''report on the Language Training Center program'';

(C) by redesignating paragraph (4) as paragraph (5);

(D) by inserting after paragraph (3) the following new paragraph:

''(4) An assessment of the resources required to carry out the Language Training Center program by year through fiscal year 2027.''; and

(E) in paragraph (5), as redesignated by subparagraph (C), by striking ''A recommendation whether the program should be continued and, if so, recommendations as to any modifications of the program'' and inserting ''Recommendations as to any modifications to the Language Training Center program''.

SEC. 556. LIMITATION ON AVAILABILITY OF FUNDS FOR RELOCATION OF ARMY CID SPECIAL AGENT TRAINING COURSE.

(a) LIMITATION.—None of the funds authorized to be appropriated by this Act for fiscal year 2024 for the Army to relocate an Army CID special agent training course may be obligated or expended until—

(1) the Secretary of the Army submits to the Committees on Armed Services of the Senate and the House of Representatives a separate report on any plans of the Secretary to relocate an Army CID special agent training course, including an explanation of the business case for any transfer of training personnel proposed as part of such plan; and

(2) the Secretary provides to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the contents of the report specified in paragraph (1).

(b) DEFINITIONS.—In this section:

(1) The term ''relocate'', when used with respect to an Army CID special agent training course, means the transfer of such course to a location different than the location used for such course as of the date of the enactment of this Act.

(2) The term ''Army CID special agent training course'' means a training course provided to members of the Army to prepare such members for service as special agents in the Army Criminal Investigation Division.

SEC. 557. ARMY PHYSICAL FITNESS TEST.

(a) IN GENERAL.—The physical fitness test of record for the United States Army in compliance with Department of Defense Instruction 1308.03, or any successor regulation, is the Army Physical Fitness Test according to the grading and evaluation scale as it existed on January 1, 2020. This test shall be the baseline test of physical fitness for members of the Army and administered at least annually, except when operational requirements or contingency operations would make such test administration impracticable.

(b) UPDATES AND MODIFICATIONS.—Notwithstanding subsection (a), the Army may update, replace, or modify the events and scoring standards in the Army Physical Fitness

Test as the needs of the Army require after a robust pilot and testing period of at least 24 months. Such modifications shall not take effect until the date that is one year after the Secretary of the Army has provided a briefing on the planned changes to the Committees on Armed Services of the Senate and the House of Representatives.

(c) RULE OF CONSTRUCTION.—Nothing in this section prohibits the Army from using the Army Combat Fitness Test, or any other physical assessment the Army may develop, as a supplemental tool to assess physical fitness for all or parts of the force. Army Commanders may also require higher standards than the Army-wide grading scale for promotions, awards, schools and similar actions. Such supplemental assessment shall not constitute the baseline physical fitness assessment of record for the Army unless it is incorporated into the Army Physical Fitness Test using the procedure described in subsection (b).

SEC. 558. OPT-OUT SHARING OF INFORMATION ON MEMBERS RETIRING OR SEPARATING FROM THE ARMED FORCES WITH COMMUNITY-BASED ORGANIZATIONS AND RELATED ENTITIES.

Section 570F of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 10 U.S.C. 1142 note) is amended—

(1) in subsection (c)—

(A) by striking ''out the form to indicate an email address'' and inserting the following: ''out the form to indicate—

''(1) an email address; and''; and

(B) by adding at the end the following new paragraph:

''(2) if the individual would like to opt-out of the transmittal of the individual's information to and through a State veterans agency as described in subsection (a).''; and

(2) by amending subsection (d) to read as follows:

''(d) OPT-OUT OF INFORMATION SHARING.—Information on an individual shall be transmitted to and through a State veterans agency as described in subsection (a) unless the individual indicates pursuant to subsection (c)(2) that the individual would like to opt out of such transmittal.''.

SEC. 559. ESTABLISHMENT OF PROGRAM TO PROMOTE PARTICIPATION OF FOREIGN STUDENTS IN THE SENIOR RESERVE OFFICERS' TRAINING CORPS.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—Not later than January 1, 2025, the Secretary of Defense shall establish a program using the authority provided under section 2103(b) of title 10, United States Code, to promote the participation of foreign students in the Senior Reserve Officers' Training Corps (in this section referred to as the ''Program'').

(2) ORGANIZATION.—The Secretary of Defense, in consultation with the Director of the Defense Security Cooperation Agency, the Secretaries of the military departments, the commanders of the combatant commands, the participant institutions in the Senior Reserve Officers' Training Corps program, and any other individual the Secretary of Defense considers appropriate, shall be responsible for, and shall oversee, the Program.

(b) OBJECTIVE.—The objective of the Program is to promote the readiness and interoperability of the United States Armed Forces and the military forces of partner countries by providing a high-quality, cost effective military-based educational experience for foreign students in furtherance of the military-to-military program objectives of the Department of Defense and to enhance the educational experience and preparation of future United States military leaders through increased, extended interaction with highly qualified potential foreign military leaders.

(c) ACTIVITIES.—

(1) IN GENERAL.—Under the Program, the Secretary of Defense shall—

(A) identify to the military services' Senior Reserve Officers' Training Corps program the foreign students who, based on criteria established by the Secretary, the Secretary recommends be considered for admission under the Program;

(B) coordinate with partner countries to evaluate interest in and promote awareness of the Program;

(C) establish a mechanism for tracking an alumni network of foreign students who participate in the Program; and

(D) to the extent practicable, work with the participant institutions in the Senior Reserve Officers' Training Corps program and partner countries to identify academic institutions and programs that—

(i) have specialized academic programs in areas of study of interest to participating countries; or

(ii) have high participation from or significant diaspora populations from participating countries.

(d) STRATEGY.—

(1) IN GENERAL.—Not later than September 30, 2024, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a strategy for the implementation of the Program.

(2) ELEMENTS.—The strategy required by paragraph (1) shall include the following elements:

(A) A governance structure for the Program, including—

(i) the officials tasked to oversee the Program;

(ii) the format of the governing body of the Program;

(iii) the functions and duties of such governing body with respect to establishing and maintaining the Program; and

(iv) mechanisms for coordinating with partner countries whose students are selected to participate in the Program.

(B) A list of additional authorities, appropriations, or other congressional support necessary to ensure the success of the Program.

(C) A description of targeted partner countries and participant institutions in the Senior Reserve Officers' Training Corps for the first three fiscal years of the Program, including a rationale for selecting such initial partners.

(D) A description of opportunities and potential timelines for future Program expansion, as appropriate.

(E) A description of the mechanism for tracking the alumni network of participants of the Program.

(F) Any other information the Secretary of Defense considers appropriate.

(e) REPORT.—

(1) IN GENERAL.—Not later than September 20, 2025, and annually thereafter, the Secretary of Defense shall submit to the congressional defense committees (as defined in section 101 of title 10, United States Code) a report on the Program.

(2) ELEMENTS.—Each report required by paragraph (1) shall include the following elements:

(A) A narrative summary of activities conducted as part of the Program during the preceding fiscal year.

(B) An overview of participant Senior Reserve Officers' Training Corps programs, individuals, and countries, to include a description of the areas of study entered into by the students participating in the Program.

(C) A description of opportunities and potential timelines for future Program expansion, as appropriate.

(D) Any other information the Secretary of Defense considers appropriate.

(f) LIMITATION ON AUTHORITY.—The Secretary of Defense may not use the authority provided under this section to pay for tuition or room and board for foreign students who participate in the Program.

(g) TERMINATION.—The Program shall terminate on December 31, 2029.

SEC. 560. CONSIDERATION OF STANDARDIZED TEST SCORES IN MILITARY SERVICE ACADEMY APPLICATION PROCESS.

The Secretary of Defense shall ensure that the United States Military Academy, the United States Naval Academy, and the United States Air Force Academy require the submission and consideration of standardized test scores as part of the their application processes.

Subtitle F—Military Family Readiness and Dependents' Education

SEC. 561. PILOT PROGRAM ON RECRUITMENT AND RETENTION OF EMPLOYEES FOR CHILD DEVELOPMENT PROGRAMS.

(a) IN GENERAL.—The Secretary of Defense may develop and implement a pilot program to assess the effectiveness of increasing compensation for employees of child development programs on military installations in improving the ability of such programs to recruit and retain such employees.

(b) COMPENSATION.—If the Secretary implements the pilot program authorized by subsection (a), the Secretary shall provide for the payment of compensation to employees of child development programs under the pilot program at a fair and competitive wage in keeping with market conditions.

(c) SELECTION OF LOCATIONS.—

(1) IN GENERAL.—If the Secretary implements the pilot program authorized by subsection (a), the Secretary shall select not fewer than five military installations for purposes of carrying out the pilot program.

(2) CONSIDERATIONS.—In selecting military installations under paragraph (1), the Secretary shall consider military installations with child development programs—

(A) with a shortage of qualified employees; or

(B) subject to other conditions identified by the Secretary that affect the ability of the programs to operate at full capacity.

(d) REGULATIONS.—The Secretary may prescribe such regulations as are necessary to carry out this section.

(e) DURATION OF PILOT PROGRAM.—If the Secretary implements the pilot program authorized by subsection (a), the pilot program shall—

(1) commence on the date on which the Secretary prescribes regulations under subsection (d); and

(2) terminate on the date that is 3 years after the date described in paragraph (1).

(f) BRIEFINGS REQUIRED.—

(1) INITIAL BRIEFING.—If the Secretary implements the pilot program authorized by subsection (a), the Secretary shall, when the pilot program commences in accordance with subsection (e)(1), brief the Committees on Armed Services of the Senate and the House of Representatives on—

(A) the military installations selected under subsection (c) for purposes of carrying out the pilot program; and

(B) the data that informed those selections.

(2) FINAL BRIEFING.—If the Secretary implements the pilot program authorized by subsection (a), the Secretary shall, not later than 180 days before the pilot program terminates in accordance with subsection (e)(2),

brief the Committees on Armed Services of the Senate and the House of Representatives on the outcomes and findings of the pilot program, including—

(A) data collected and analyses conducted under the pilot program with respect to the relationship between increased compensation for employees of child development programs and improved recruitment or retention of those employees; and

(B) any recommendations with respect to increases in compensation for employees of child development programs across the Department of Defense as a result of the pilot program.

(g) CHILD DEVELOPMENT PROGRAM DEFINED.—In this section, the term ''child development program'' means a program to provide child care services for children, between birth through 12 years of age, of members of the Armed Forces and civilian employees of the Department of Defense.

SEC. 562. CERTAIN ASSISTANCE TO LOCAL EDUCATIONAL AGENCIES THAT BENEFIT DEPENDENTS OF MILITARY AND CIVILIAN PERSONNEL.

(a) CONTINUATION OF AUTHORITY TO ASSIST LOCAL EDUCATIONAL AGENCIES THAT BENEFIT DEPENDENTS OF MEMBERS OF THE ARMED FORCES AND DEPARTMENT OF DEFENSE CIVILIAN EMPLOYEES.—

(1) ASSISTANCE TO SCHOOLS WITH SIGNIFICANT NUMBERS OF MILITARY DEPENDENT STUDENTS.—Of the amount authorized to be appropriated for fiscal year 2024 by section 301 and available for operation and maintenance for Defense-wide activities as specified in the funding table in section 4301, $50,000,000 shall be available only for the purpose of providing assistance to local educational agencies under subsection (a) of section 572 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109–163; 20 U.S.C. 7703b).

(2) LOCAL EDUCATIONAL AGENCY DEFINED.—In this subsection, the term ''local educational agency'' has the meaning given that term in section 7013(9) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7713(9)).

(b) IMPACT AID FOR CHILDREN WITH SEVERE DISABILITIES.—

(1) IN GENERAL.—Of the amount authorized to be appropriated for fiscal year 2024 pursuant to section 301 and available for operation and maintenance for Defense-wide activities as specified in the funding table in section 4301, $10,000,000 shall be available for payments under section 363 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (as enacted into law by Public Law 106–398; 114 Stat. 1654A–77; 20 U.S.C. 7703a).

(2) ADDITIONAL AMOUNT.—Of the amount authorized to be appropriated for fiscal year 2024 pursuant to section 301 and available for operation and maintenance for Defense-wide activities as specified in the funding table in section 4301, $20,000,000 shall be available for use by the Secretary of Defense to make payments to local educational agencies determined by the Secretary to have higher concentrations of military children with severe disabilities.

(3) REPORT.—Not later than March 31, 2024, the Secretary shall brief the Committees on Armed Services of the Senate and the House of Representatives on the Department's evaluation of each local educational agency with higher concentrations of military children with severe disabilities and subsequent determination of the amounts of impact aid each such agency shall receive.

SEC. 563. MODIFICATIONS TO ASSISTANCE TO LOCAL EDUCATIONAL AGENCIES THAT BENEFIT DEPENDENTS OF MEMBERS OF THE ARMED FORCES WITH ENROLLMENT CHANGES DUE TO BASE CLOSURES, FORCE STRUCTURE CHANGES, OR FORCE RELOCATIONS.

(a) IN GENERAL.—Section 575 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (20 U.S.C. 7703d) is amended—

(1) in subsection (a)—

(A) by striking ''year, the local educational agency'' and all that follows through ''(as determined'' and inserting ''year, the local educational agency had (as determined'';

(B) by striking paragraph (2);

(C) by redesignating subparagraphs (A) and (B) as paragraphs (1) and (2), respectively, and by moving such paragraphs, as so redesignated, two ems to the left; and

(D) in paragraph (2), as redesignated by subparagraph (C), by striking ''; or'' and inserting a period;

(2) in subsection (f)—

(A) by striking ''The Secretary of Defense'' and inserting the following:

''(1) IN GENERAL.—The Secretary of Defense, acting through the Director of the Office of Local Defense Community Cooperation,''; and

(B) by adding at the end the following:

''(2) METHOD OF DISBURSEMENT.—The Director shall make disbursements under paragraph (1) using existing authorities of the Office.'';

(3) by striking subsection (h); and

(4) by redesignating subsections (i) and (j) as subsections (h) and (i), respectively.

(b) BRIEFING REQUIRED.—Not later than March 1, 2024, the Director of the Office of Local Defense Community Cooperation shall brief the Committees of the Armed Services of the Senate and the House of Representatives on—

(1) any additional authorities that would be helpful to the Office in its efforts to better support local educational agencies; and

(2) any actions taken to implement the recommendations outlined in the March 2008 report entitled ''Update to the Report on Assistance to Local Educational Agencies for Defense Dependents Education'' and required by section 574(c) of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109–364; 120 Stat. 2227) (as in effect on the date of the enactment of that Act).

SEC. 564. ASSISTANCE FOR MILITARY SPOUSES TO OBTAIN DOULA CERTIFICATIONS.

Section 1784a of title 10, United States Code, is amended by adding at the end the following new subsection:

''(f) DOULA CERTIFICATIONS.—In carrying out the programs authorized by subsection (a), the Secretary shall provide assistance to the spouse of a member of the armed forces described in subsection (b) in obtaining a doula certification provided by an organization that receives reimbursement under the extramedical maternal health providers demonstration project required by section 746 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283; 10 U.S.C. 1073 note).''.

Subtitle G—Junior Reserve Officers' Training Corps

SEC. 571. EXPANSION OF JUNIOR RESERVE OFFICERS' TRAINING CORPS.

Section 2031 of title 10, United States Code, is amended—

(1) in subsection (a)(1)—

(A) by striking ''The President shall promulgate'' and inserting ''The Secretary of Defense shall promulgate''; and

(B) by striking ''maintained, and shall provide'' and all that follows through the period at the end and inserting ''maintained.''; and

(2) by adding at the end the following new subsection:

''(g)(1) The Secretary of Defense shall establish and support not less than 3,400, and not more than 4,000, units of the Junior Reserve Officers' Training Corps.

''(2) The requirement under paragraph (1) shall not apply—

''(A) if the Secretary fails to receive an adequate number of requests for Junior Reserve Officer's Training Corps units by public and private secondary educational institutions; and

''(B) during a time of national emergency when the Secretaries of the military departments determine that funding must be allocated elsewhere.''.

SEC. 572. JROTC PROGRAM CERTIFICATION.

Section 2031 of title 10, United States Code, is amended by adding at the end the following new subsection:

''(i)(1) The Secretary of Defense may suspend or place on probation a Junior Reserve Officers' Training Corps unit that fails to comply with provisions of the standardized memorandum of understanding required pursuant to subsection (b).

''(2) Not later than one year after the date of the enactment of this subsection, and annually thereafter for four years, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a report including information on units suspended or placed on probation pursuant to this subsection and a justification for the reinstatement of any such unit.

''(3) A unit may be placed on probation for a period of up to three years for failing to comply with the provisions of the standardized memorandum of understanding or any other requirement in this section. A unit may be suspended if, after the three-year probationary period, such unit remains out of compliance with the requirements of this section, and the Secretary of the military department concerned determines that such suspension is necessary to mitigate program deficiencies or to protect the safety of program participants.''.

SEC. 573. MEMORANDUM OF UNDERSTANDING REQUIRED.

Section 2031(b) of title 10, United States Code, is amended—

(1) by redesignating paragraphs (1) through (5) as subparagraphs (A) through (E);

(2) by inserting ''(1)'' after ''(b)'';

(3) in subparagraph (A), as redesignated by paragraph (1)—

(A) by striking ''(A)'' and inserting ''(i)''; and

(B) by striking ''(B)'' and inserting ''(ii)'';

(4) by amending subparagraph (E), as so redesignated, to read as follows: ''the unit meets such other requirements as the Secretary of the military department concerned proscribes in the memorandum of understanding required under this subsection.''; and

(5) by adding at the end the following new paragraph:

''(2) The Secretary of Defense shall issue regulations establishing a standardized memorandum of understanding to be signed by the Secretary of the military department concerned and each institution operating a unit under this section. The memorandum shall address the following matters:

''(A) A requirement for institutions to notify the appropriate armed force of allegations of misconduct against an instructor receiving retired or other pay from such armed force, including procedures that would require such institutions to report allegations

of sexual misconduct, including harassment, against an instructor, within 48 hours of learning of such allegations;

''(B) Processes by which the military departments certify instructors, including the conduct of appropriate background checks by the military service and the institution concerned.

''(C) Processes by which the military service will conduct oversight of their certified instructors, including the requirement to recertify instructors not less often than once every five years.

''(D) Processes by which such institution's program will be inspected by the military department concerned prior to establishment of a new unit, or not less often than once every four years in the case of units existing as of January 1, 2024, staggered as the Secretary determines appropriate.

''(E) A requirement that each institution certifies it—

''(i) has created a process for students to report violations of their rights under title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.), as applicable, and title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), including the rights of students to not be subject to discrimination or subject to retaliation for reporting a violation of those laws, if such laws apply to the institution;

''(ii) has implemented policies ensuring students and instructors are notified of those rights, as well as the process for reporting violations of those rights, including information on available mandatory reporters, if such laws apply to the institution;

''(iii) has implemented annual training to inform students of methods to prevent, respond to, and report sexual assault and harassment;

''(iv) agrees to report all allegations of violations described under this subparagraph to the military department concerned and, if subject to the jurisdiction of the Department of Education, the Department of Education's Office of Civil Rights not less often than annually;

''(v) has developed processes to ensure that each student enrolled in a unit under this section has done so voluntarily; and

''(vi) agrees to provide the data necessary to compile the report required under subsection (j).''.

SEC. 574. JUNIOR RESERVE OFFICERS' TRAINING CORPS INSTRUCTOR COMPENSATION.

Section 2031 of title 10, United States Code, is amended—

(1) by amending subsection (d) to read as follows:

''(d)(1) Instead of, or in addition to, detailing officers and noncommissioned officers on active duty under subsection (c)(1), the Secretary of the military department concerned may authorize qualified institutions to employ, as administrators and instructors in the program—

''(A) retired officers and noncommissioned officers whose qualifications are approved by the Secretary and the institution concerned and who request such employment;

''(B) officers and noncommissioned officers who are separated with an honorable discharge within the past 5 years with at least 8 years of service and are approved by the Secretary and the institution concerned and who request such employment; or

''(C) officers and noncommissioned officers who are active participating members of the selected reserve at the time of application, for purposes of section 101(d) of this title, and have not yet reached retirement eligibility and are approved by the Secretary and the institution concerned and who request such employment.

''(2) Employment under this subsection shall be subject to the following conditions:

''(A) The Secretary concerned shall pay to the institution an amount equal to one-half of the Department's prescribed JROTC Standardized Instructor Pay Scale (JSIPS) amount paid to the member by the institution for any period.

''(B) The Secretary concerned may pay to the institution more than one-half of the amount paid to the member by the institution if (as determined by the Secretary)—

''(i) the institution is in an educationally and economically deprived area; and

''(ii) the Secretary determines that such action is in the national interest.

''(C) Payments by the Secretary concerned under this subsection shall be made from funds appropriated for that purpose.

''(D) The Secretary concerned may require successful applicants to transfer to the Individual Ready Reserve (IRR).'';

(2) by striking subsections (e) and (f); and

(3) by redesignating subsections (g) and (h) as subsections (e) and (f), respectively.

SEC. 575. ANNUAL REPORT ON ALLEGATIONS OF SEXUAL MISCONDUCT IN JROTC PROGRAMS.

Section 2031 of title 10, United States Code, as amended by section 572 of this Act, is further amended by adding at the end the following new subsection:

''(j)(1) Not later than March 31, 2024, and annually thereafter through March 31, 2029, the Secretary of Defense shall submit to Committees on Armed Services of the Senate and the House of Representatives a report on allegations of sexual misconduct, sexual harassment, and sex discrimination in JROTC programs during the preceding year.

''(2) Each report required under paragraph (1) shall set forth the following:

''(A) The number of reported allegations of violations under title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) in school-affiliated JROTC programs, including—

''(i) the number of such reported allegations that were investigated;

''(ii) the outcome of those investigations; and

''(iii) the number of such reported allegations by State, the District of Columbia, or overseas location where these reports occurred.

''(B) The number of reports that the Department of Defense or military services have received during the reporting period involving allegations of acts of violence, including sexual abuse or harassment, by instructors against students in the JROTC program, including—

''(i) the offense involved;

''(ii) the military service involved;

''(iii) the number of instructors and number of allegations they each received;

''(iv) the number of reports of sexual misconduct and harassment that have been investigated;

''(v) the number of reports or investigations that have led to the removal of instructors from JROTC programs; and

''(vi) the number of such reported allegations by State, the District of Columbia, or overseas location where these reports occurred.

''(C) Any steps the Department of Defense has taken to mitigate sexual misconduct and harassment in JROTC programs during the preceding year.

''(3) Each report required under paragraph (1) shall be submitted in unclassified form and may not be marked as controlled unclassified information.

''(4) The Secretary shall annually report to the Committees on Armed Services of the Senate and the House of Representatives regarding compliance with this subsection by the JROTC program, including an up-to-date report on the Secretary's monitoring of such compliance.

''(5) The Secretary may seek the advice and counsel of the Attorney General and the Secretary of Health and Human Services concerning the development and dissemination to the JROTC program of best practices information about preventing and responding to incidents of domestic violence, dating violence, sexual assault, and stalking, including elements of institutional policies that have proven successful based on evidence-based outcome measurements.

''(6) No officer, employee, or agent of an institution participating in any program under this chapter shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of this subsection.''.

SEC. 576. COMPTROLLER GENERAL REPORT ON EFFORTS TO INCREASE TRANSPARENCY AND REPORTING ON SEXUAL VIOLENCE IN THE JUNIOR RESERVE OFFICERS' TRAINING CORPS PROGRAM.

(a) IN GENERAL.—Not later than one year after the date of the enactment of this Act, the Comptroller General of the United States shall submit to the appropriate congressional committees a report on efforts to increase transparency and reporting on sexual violence in the Junior Reserve Officers' Training Corps Program.

(b) ELEMENTS.—The report required under subsection (a) shall include a description of the following:

(1) The implementation of section 2031 of title 10, United States Code, as amended by sections 572, 573, and 575 of this Act.

(2) The adequacy of the Department of Defense's vetting process for Junior Reserve Officers' Training Corps instructors.

(3) The Department of Defense and the Department of Education's oversight of compliance of units with respect to title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) and title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.).

(4) Any changes in the numbers of sexual harassment, assault, or stalking incidents reported to institutions or law enforcement agencies.

(5) The sufficiency of military department unit inspections.

(c) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—In this section, the term ''appropriate congressional committees''means the Committee on Armed Services of the Senate and the House of Representatives.

Subtitle H—Decorations and Other Awards, Miscellaneous Reports and Other Matters

SEC. 581. EXTENSION OF DEADLINE FOR REVIEW OF WORLD WAR I VALOR MEDALS.

Section 584(f) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 10 U.S.C. 7271 note) is amended by striking ''six years after the date of the enactment of this Act'' and inserting ''December 31, 2028''.

SEC. 582. PROHIBITION ON FORMER MEMBERS OF THE ARMED FORCES ACCEPTING POST-SERVICE EMPLOYMENT WITH CERTAIN FOREIGN GOVERNMENTS.

(a) IN GENERAL.—Chapter 49 of title 10, United States Code, is amended by adding at the end the following new section:

''§ 989. Prohibition on former members of the armed forces accepting post-service employment with certain foreign governments

''(a) IN GENERAL.—Except as provided by subsection (b), a covered individual may not occupy a covered post-service position.

''(b) TEMPORARY WAIVER.—

''(1) IN GENERAL.—The Secretary of Defense shall establish a process under which a covered individual may be granted a temporary

waiver of the prohibition under subsection (a) if—

''(A) the individual, or a Federal agency on behalf of, and with the consent of, the individual, submits to the Secretary a written application for a waiver in such form and manner as the Secretary determines appropriate; and

''(B) the Secretary determines that the waiver is necessary to advance the national security interests of the United States.

''(2) PERIOD OF WAIVER.—A waiver issued under paragraph (1) shall apply for a period not exceeding 5 years. The Secretary may renew such a waiver.

''(3) REVOCATION.—The Secretary may revoke a waiver issued under paragraph (1) to a covered individual with respect to a covered-post service position if the Secretary determines that the employment of the individual in the covered-post service position poses a threat to national security.

''(4) NOTIFICATION.—

''(A) IN GENERAL.—Not later than 30 days after the date on which the Secretary issues a waiver under paragraph (1) or revokes a waiver under paragraph (3), the Secretary shall submit to the Committees on Armed Services of the Senate and the House of Representatives written notification of the waiver or revocation, as the case may be.

''(B) ELEMENTS.—A notification required by subparagraph (A) shall include the following:

''(i) With respect to a waiver issued to a covered individual—

''(I) the details of the application, including the position held by the individual in the armed forces;

''(II) the nature of the post-service position of the individual;

''(III) a description of the national security interests that will be advanced by reason of issuing such a waiver; and

''(IV) the specific reasons why the Secretary determines that issuing the waiver will advance such interests.

''(ii) With respect to a revocation of a waiver issued to a covered individual—

''(I) the details of the waiver, including any renewals of the waiver, and the dates of such waiver and renewals; and

''(II) the specific reasons why the Secretary determined that the revocation is warranted.

''(c) CERTIFICATION OF PROHIBITION.—In implementing the prohibition under subsection (a), the Secretary shall establish a process under which each member of the armed forces is, before the member retires or is otherwise separated from the armed forces—

''(1) informed in writing of the prohibition, and the penalties for violations of the prohibition; and

''(2) is required to certify that the member understands the prohibition and those penalties.

''(d) PENALTIES.—In the case of a covered individual who knowingly and willfully fails to comply with the prohibition under subsection (a), the Secretary shall, as applicable—

''(1) withhold any pay, allowances, or benefits that would otherwise be provided to the individual by the Department of Defense; and

''(2) revoke any security clearance of the individual.

''(e) ANNUAL REPORTS.—

''(1) REQUIREMENT.—Not later than March 31, 2024, and annually thereafter, the Secretary shall submit to the congressional defense committees a report on covered post-service employment occurring during the year covered by the report.

''(2) ELEMENTS.—Each report required by paragraph (1) shall include the following:

''(A) The number of former covered individuals who occupy a covered post-service position, broken down by—

''(i) the name of the employer;

''(ii) the foreign government, including by the specific foreign individual, agency, or entity, for whom the covered post-service employment is being performed; and

''(iii) the nature of the services provided as part of the covered post-service employment.

''(B) An assessment by the Secretary of whether—

''(i) the Department of Defense maintains adequate systems and processes for ensuring that former members of the armed forces are submitting required reports relating to their employment by foreign governments;

''(ii) all covered individuals who occupy a covered post-service position are in compliance with this section;

''(iii) the services provided by the covered individuals who occupy a covered post-service position pose a current or future threat to the national security of the United States; and

''(iv) there is any credible information or reporting that any covered individual who occupies a covered post-service position has engaged in activities that violate Federal law.

''(3) FORM OF REPORT.—Each report required by paragraph (1) shall be submitted in unclassified form, but may include a classified annex.

''(f) NOTIFICATIONS OF DETERMINATIONS OF CERTAIN THREATS.—

''(1) REQUIREMENT.—In addition to the annual reports under subsection (d), if the Secretary determines that the services provided by a covered individual who occupies a covered post-service position pose a threat described in clause (iii) of paragraph (2)(B) of that subsection, or include activities described in clause (iv) of such paragraph, the Secretary shall notify the congressional defense committees of that determination by not later than 30 days after making the determination.

''(2) ELEMENTS.—A notification required by paragraph (1) shall include the following:

''(A) The name of the covered individual.

''(B) The name of the employer.

''(C) The foreign government, including the specific foreign individual, agency, or entity, for whom the covered post-service employment is being performed.

''(D) As applicable, a description of the risk to national security and the activities that may violate Federal law.

''(g) RULE OF CONSTRUCTION.—Nothing in this section may be construed to indemnify or shield covered individuals from prosecution under any relevant provision of title 18.

''(h) DEFINITIONS.—In this section:

''(1) COVERED INDIVIDUAL.—The term 'covered individual' means an individual who has retired or otherwise separated from an active or reserve component of the Armed Forces.

''(2) COVERED POST-SERVICE EMPLOYMENT.—The term 'covered post-service employment' means direct or indirect employment by, representation of, or any provision of advice or services relating to national security, intelligence, the military, or internal security to—

''(A) the government of—

''(i) a country of concern (as defined in section 1(m) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2651a(m))); or

''(ii) a country the Secretary of Defense determines acts as a proxy or passthrough for services for a country of concern; or

''(B) any company, entity, or other person the activities of which are directly or indirectly supervised, directed, controlled, financed, or subsidized, in whole or in major part, by a government described in subparagraph (A).

''(3) COVERED POST-SERVICE POSITION.—The term 'covered post-service position' means a position of employment described in paragraph (2).''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 49 of such title is amended by adding at the end the following new item:

''989. Prohibition on former members of the armed forces accepting post-service employment with certain foreign governments.''.

(c) CONFORMING AMENDMENT.—Section 908 of title 37, United States Code, is amended by adding at the end the following new subsection:

''(f) PROHIBITION ON FORMER MEMBERS OF ARMED FORCES ACCEPTING EMPLOYMENT WITH CERTAIN FOREIGN GOVERNMENTS.—For a provision of law prohibiting former members of the armed forces from accepting post-service employment with certain foreign governments, see section 989 of title 10.''.

SEC. 583. PROHIBITION ON REQUIRING LISTING OF GENDER OR PRONOUNS IN OFFICIAL CORRESPONDENCE.

The Department of Defense is prohibited from requiring members of the Armed Forces or civilian employees of the Department of Defense to list their gender or pronouns in official correspondence, whether such correspondence is written or electronic.

Subtitle I—Enhanced Recruiting Efforts

SEC. 591. SHORT TITLE.

This subtitle may be cited as the ''Military Service Promotion Act of 2023''.

SEC. 592. INCREASED ACCESS TO POTENTIAL RECRUITS AT SECONDARY SCHOOLS.

Section 503(c) of title 10, United States Code, is amended—

(1) in paragraph (1)—

(A) in subparagraph (A)—

(i) in clause (i), by striking ''; and'' and inserting a semicolon;

(ii) by redesignating clause (ii) as clause (iii);

(iii) by inserting after clause (i) the following new clause:

''(ii) shall provide to military recruiters access to career fairs or similar events upon a request made by military recruiters for military recruiting purposes; and''; and

(iv) in clause (iii), as redesignated by subparagraph (B), by inserting '', not later than 60 days after receiving such request,'' after ''provide''; and

(B) in subparagraph (B), by striking ''subparagraph (A)(ii)'' and inserting ''subparagraph (A)(iii)'';

(2) by redesignating paragraph (6) as paragraph (7); and

(3) by inserting after paragraph (5) the following new paragraph:

''(6) The Secretary of Defense shall submit an annual report to Congress not later than February 1 each calendar year, detailing each notification of denial of recruiting access issued under paragraph (3).''.

SEC. 593. INCREASED ACCESS TO POTENTIAL RECRUITS AT INSTITUTIONS OF HIGHER EDUCATION.

Section 983(b) of title 10, United States Code, is amended—

(1) in paragraph (1), by striking ''; or'' and inserting a semicolon;

(2) in paragraph (2)—

(A) by striking ''to the following information pertaining'' and inserting '', with respect'';

(B) by striking ''institution):'' and inserting ''institution)—'';

(C) in subparagraph (A)—

(i) by striking ''Names'' and inserting ''names''; and

(ii) by striking ''telephone listings.'' and inserting ''telephone listings, which information shall be made available not later than

the 60th day following the date of a request; and''; and

(D) in subparagraph (B), by striking ''Date'' and inserting ''date''.

TITLE VI—COMPENSATION AND OTHER PERSONNEL BENEFITS

Subtitle A—Pay and Allowances

SEC. 601. PAY OF MEMBERS OF RESERVE COMPONENTS FOR INACTIVE-DUTY TRAINING TO OBTAIN OR MAINTAIN AN AERONAUTICAL RATING OR DESIGNATION.

(a) IN GENERAL.—Chapter 3 of title 37, United States Code, is amended by inserting after section 206 the following new section:

''§ 206a. Pay of members of reserve components for inactive-duty training to obtain or maintain an aeronautical rating or designation

''Under regulations prescribed by the Secretary concerned, a member of the National Guard or a member of a reserve component of a uniformed service who is receiving aviation incentive pay under section 334(a) of this title and is entitled to compensation under section 206 of this title is entitled to such compensation for a number of periods of inactive-duty training each month sufficient for the member to obtain or maintain an aeronautical rating or designation.''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 3 of such title is amended by inserting after the item relating to section 206 the following new item:

''206a. Pay of members of reserve components for inactive-duty training to obtain or maintain an aeronautical rating or designation.''.

SEC. 602. MODIFICATION OF CALCULATION METHOD FOR BASIC ALLOWANCE FOR HOUSING TO MORE ACCURATELY ASSESS HOUSING COSTS OF JUNIOR MEMBERS OF UNIFORMED SERVICES.

Section 403(b)(5) of title 37, United States Code, is amended, in the second sentence, by striking ''and shall be based on the following:'' and all that follows through ''determined in subparagraph (A)''.

SEC. 603. BASIC ALLOWANCE FOR HOUSING FOR MEMBERS ASSIGNED TO VESSELS UNDERGOING MAINTENANCE.

Section 403(f)(2) of title 37, United States Code, is amended—

(1) in subparagraph (A), by striking ''subparagraphs (B) and (C)'' and inserting ''subparagraphs (B), (C), and (D)''; and

(2) by adding at the end the following new subparagraph:

''(D)(i) Under regulations prescribed by the Secretary concerned, the Secretary may authorize the payment of a basic allowance for housing to a member of a uniformed service without dependents who is serving in a pay grade below E–6 and has orders to a naval vessel during a shipyard availability or maintenance period.

''(ii) In prescribing regulations under clause (i), the Secretary concerned shall consider the availability of quarters for members serving in pay grades below E–6 before authorizing the payment of a basic allowance for housing for such members.''.

SEC. 604. DUAL BASIC ALLOWANCE FOR HOUSING FOR TRAINING FOR CERTAIN MEMBERS OF RESERVE COMPONENTS.

Section 403(g)(3) of title 37, United States Code, is amended—

(1) by striking ''Paragraphs'' and inserting ''(A) Except as provided by subparagraph (B), paragraphs''; and

(2) by adding at the end the following new subparagraph:

''(B) Paragraphs (1) and (2) shall apply with respect to a member of a reserve component without dependents who is called or ordered to active duty to attend training for a period of 140 days or more but fewer than 365 days and for whom transportation of household goods is authorized under section 453(c) of this title as part of the call or order to active duty.''.

SEC. 605. MODIFICATION OF CALCULATION OF GROSS HOUSEHOLD INCOME FOR BASIC NEEDS ALLOWANCE TO ADDRESS AREAS OF DEMONSTRATED NEED.

(a) IN GENERAL.—Section 402b(k)(1)(B) of title 37, United States Code, is amended by inserting ''or that otherwise has a demonstrated need'' after ''high cost of living''.

(b) IMPLEMENTATION GUIDANCE.—The Secretary of Defense shall revise the guidance issued with respect to implementation of the basic needs allowance under section 402b of title 37, United States Code, to reflect the amendment made by subsection (a).

SEC. 606. EXPANSION OF ELIGIBILITY FOR REIMBURSEMENT OF QUALIFIED LICENSURE, CERTIFICATION, AND BUSINESS RELOCATION COSTS INCURRED BY MILITARY SPOUSES.

Section 453(g)(1) of title 37, United States Code, is amended—

(1) in subparagraph (A)—

(A) by striking ''member is reassigned'' and inserting the following: ''member is—

''(i) reassigned'';

(B) by striking ''; and'' and inserting ''; or''; and

(C) by adding at the end the following new clause:

''(ii) transferred from a regular component of a uniformed service into the Selected Reserve of the Ready Reserve of a uniformed service, if the member is authorized a final move from the last duty station to the new jurisdiction or geographic area; and''; and

(2) in subparagraph (B), by inserting ''or transfer'' after ''reassignment''.

SEC. 607. COST-OF-LIVING ALLOWANCE IN THE CONTINENTAL UNITED STATES: HIGH COST AREAS.

Section 403b(c) of title 37, United States Code, is amended—

(1) in the second sentence, by striking ''8 percent'' and inserting ''5 percent''; and

(2) in the third sentence, by striking ''shall prescribe'' and inserting ''may prescribe''.

SEC. 608. OCONUS COST-OF-LIVING ALLOWANCE: ADJUSTMENTS.

Section 617 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263) is amended—

(1) in the section heading, by striking ''**; NOTICE TO CERTAIN CONGRESSIONAL COMMITTEES**''; and

(2) by striking subsections (a), (b), and (c) and inserting the following:

''(a) IN GENERAL.—Subject to subsections (b) and (c), the Secretary of Defense may announce reductions in the cost-of-living allowance for a member of the uniformed services assigned to a duty station located outside the continental United States—

''(1) not more than two times per year; or

''(2) in connection with a permanent change of station for such member.

''(b) LIMITATION ON SIZE OF REDUCTIONS.—The Secretary may not make a reduction under subsection (a) in the allowance described in that subsection by an amount that exceeds 10 percent of the amount of the allowance before the reduction.

''(c) TREATMENT OF REDUCTIONS RELATING TO FOREIGN CURRENCY EXCHANGE RATES.—The limitations under subsections (a) and (b) shall not apply to reductions in the allowance described in subsection (a) relating to changes in foreign currency exchange rates.

''(d) IMPLEMENTATION OF REDUCTIONS.—The Secretary may phase in the reductions described in subsection (a).

''(e) INCREASES.—The Secretary may increase the allowance described in subsection (a) for a member of the uniformed services at any time.''.

SEC. 609. EXTENSION OF ONE-TIME UNIFORM ALLOWANCE FOR OFFICERS WHO TRANSFER TO THE SPACE FORCE.

Section 606(d)(1) of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283; 37 U.S.C. 416 note) is amended by striking ''September 30, 2023'' and inserting ''September 30, 2025''.

SEC. 610. REVIEW OF RATES OF MILITARY BASIC PAY.

(a) IN GENERAL.—The Secretary of Defense shall conduct a review of the rates of monthly basic pay authorized for members of the uniformed services to determine if the current basic pay table adequately compensates junior enlisted personnel in pay grades E–1 through E–4.

(b) FACTORS FOR REVIEW.—In conducting the review required by subsection (a), the Secretary shall conduct the following:

(1) An assessment of the adequacy of the rates of monthly basic pay for members of the uniformed services in light of current and predicted recruiting difficulties.

(2) An analysis of how such basic pay, when combined with other elements of regular compensation for members of the uniformed services, compares with private sector wages for potential recruits to the uniformed services.

(3) An assessment of how sustained periods of cost inflation affect pay for the uniformed services and comparable private sector wages.

(4) An historical analysis of how percentage differences between junior enlisted basic pay, senior enlisted basic pay, junior officer basic pay, and senior officer basic pay, have changed since the rates of basic pay for members of the uniformed services were authorized by section 601 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109–364; 37 U.S.C. 1009 note).

(c) REPORT AND LEGISLATIVE PROPOSAL REQUIRED.—Not later than March 1, 2024, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives—

(1) a report on the results of the review required by subsection (a); and

(2) a comprehensive legislative proposal for the rates of basic pay for members of the uniformed services.

SEC. 611. GOVERNMENT ACCOUNTABILITY OFFICE STUDY ON PROCESS FOR DETERMINING COST-OF-LIVING ALLOWANCES FOR MEMBERS OF THE UNIFORMED SERVICES ASSIGNED TO THE CONTINENTAL UNITED STATES, HAWAII, ALASKA, AND OVERSEAS LOCATIONS.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study on the process for determining cost-of-living allowances for members of the uniformed services stationed in the continental United States, Hawaii, Alaska, and at overseas locations.

(b) ELEMENTS.—In conducting the study required by subsection (a), the Comptroller General shall assess—

(1) the fairness and equity of the process for determining cost-of-living allowances described in subsection (a) and methods for improving that process;

(2) the advantages and disadvantages of averaging the results of continental United States Living Pattern Surveys and Retail Price Schedules without regard to the geographic concentration of members of the uniformed services within the continental United States when determining the baseline

cost of living for the continental United States;

(3) if additional out-of-pocket expenses, including the costs for a member of the uniformed services to travel to and from the home of record of the member from the assigned duty station of the member, should be included in the calculations of the Department of Defense for determining overseas cost-of-living allowances to better equalize the true costs of living for members stationed outside the continental United States with such costs for members stationed inside the continental United States; and

(4) the process by which the Department of Defense conducts Living Pattern Surveys and develops Retail Price Schedules.

(c) REPORT REQUIRED.—Not later than one year after the date of the enactment of this Act, the Comptroller General shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report—

(1) setting forth the results of the study required by subsection (a); and

(2) making any recommendations the Comptroller General considers appropriate based on those results, including any recommendations for changes to section 403b or 405 of title 37, United States Code.

Subtitle B—Bonus and Incentive Pays

SEC. 621. MODIFICATION OF SPECIAL AND INCENTIVE PAY AUTHORITIES FOR MEMBERS OF RESERVE COMPONENTS.

(a) IN GENERAL.—Section 357 of title 37, United States Code, is amended—

(1) by striking ''incentive pay'' and inserting ''special or incentive pay''; and

(2) by striking the period at the end and inserting the following: ''if the Secretary concerned is paying the member of the reserve component the special or incentive pay for the purpose of—

''(1) maintaining a skill certification or proficiency identical to a skill certification or proficiency required of the member in the regular component; or

''(2) compensating the member of the reserve component for exposure to hazards or risks identical to hazards or risks to which the member in the regular component was exposed.''.

(b) CONFORMING AND CLERICAL AMENDMENTS.—

(1) CONFORMING AMENDMENT.—The section heading for section 357 of title 37, United States Code, is amended by striking ''**Incentive**'' and inserting ''**Special and incentive**''.

(2) CLERICAL AMENDMENT.—The table of sections for chapter 5 of such title is amended by striking the item relating to section 357 and inserting the following new item:

''357. Special and incentive pay authorities for members of the reserve components of the armed forces.''.

(c) MODIFICATION OF IMPLEMENTATION DETERMINATION.—Section 602(d) of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 37 U.S.C. 357 note) is amended—

(1) by redesignating paragraphs (1) and (2) as subparagraphs (A) and (B), respectively, and by moving such subparagraphs, as so redesignated, two ems to the right;

(2) by striking ''The Secretary may'' and inserting the following:

''(1) IN GENERAL.—The Secretary shall'';

(3) in subparagraph (A), as redesignated by paragraph (1), by striking ''subsection (b)'' and inserting ''subsection (c)''; and

(4) by adding at the end the following new paragraph:

''(2) EVALUATION OF TYPES OF SPECIAL AND INCENTIVE PAY.—In making the determination and certification described in paragraph (1)(B), the Secretary shall evaluate each type or category of special and incentive pay separately and may make the determination and certification based on the effect on an Armed Force concerned of a particular type or category of special or incentive pay.''.

SEC. 622. EXPANSION OF CONTINUATION PAY ELIGIBILITY.

(a) CONTINUATION PAY: FULL TSP MEMBERS WITH 8 TO 12 YEARS OF SERVICE.—Section 356 of title 37, United States Code, is amended—

(1) in the section heading, by striking ''**8**'' and inserting ''**7**''; and

(2) in subsections (a)(1) and (d), by striking ''8'' and inserting ''7''.

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 5 of such title is amended by striking the item relating to section 356 and inserting the following new item:

''356. Continuation pay: full TSP members with 7 to 12 years of service.''.

SEC. 623. ONE-YEAR EXTENSION OF CERTAIN EXPIRING BONUS AND SPECIAL PAY AUTHORITIES.

(a) AUTHORITIES RELATING TO RESERVE FORCES.—Section 910(g) of title 37, United States Code, relating to income replacement payments for reserve component members experiencing extended and frequent mobilization for active duty service, is amended by striking ''December 31, 2023'' and inserting ''December 31, 2024''.

(b) TITLE 10 AUTHORITIES RELATING TO HEALTH CARE PROFESSIONALS.—The following sections of title 10, United States Code, are amended by striking ''December 31, 2023'' and inserting ''December 31, 2024'':

(1) Section 2130a(a)(1), relating to nurse officer candidate accession program.

(2) Section 16302(d), relating to repayment of education loans for certain health professionals who serve in the Selected Reserve.

(c) AUTHORITIES RELATING TO NUCLEAR OFFICERS.—Section 333(i) of title 37, United States Code, is amended by striking ''December 31, 2023'' and inserting ''December 31, 2024''.

(d) AUTHORITIES RELATING TO TITLE 37 CONSOLIDATED SPECIAL PAY, INCENTIVE PAY, AND BONUS AUTHORITIES.—The following sections of title 37, United States Code, are amended by striking ''December 31, 2023'' and inserting ''December 31, 2024'':

(1) Section 331(h), relating to general bonus authority for enlisted members.

(2) Section 332(g), relating to general bonus authority for officers.

(3) Section 334(i), relating to special aviation incentive pay and bonus authorities for officers.

(4) Section 335(k), relating to special bonus and incentive pay authorities for officers in health professions.

(5) Section 336(g), relating to contracting bonus for cadets and midshipmen enrolled in the Senior Reserve Officers' Training Corps.

(6) Section 351(h), relating to hazardous duty pay.

(7) Section 352(g), relating to assignment pay or special duty pay.

(8) Section 353(i), relating to skill incentive pay or proficiency bonus.

(9) Section 355(h), relating to retention incentives for members qualified in critical military skills or assigned to high priority units.

(e) AUTHORITIES TO PROVIDE TEMPORARY INCREASE IN RATES OF BASIC ALLOWANCE FOR HOUSING.—Section 403(b) of title 37, United States Code, is amended—

(1) in paragraph (7)(E), relating to temporary increases in rates of basic allowance for areas covered by a major disaster declaration or containing an installation experiencing a sudden influx of military personnel, by striking ''December 31, 2023'' and inserting ''December 31, 2024''; and

(2) in paragraph (8)(C), relating to temporary adjustments in rates of basic allowance for housing for localities where actual housing costs differ from current rates of basic allowance for housing by more than 20 percent, by striking ''September 30, 2023'' and inserting ''December 31, 2024''.

SEC. 624. REQUIREMENT TO ESTABLISH REMOTE AND AUSTERE CONDITION ASSIGNMENT INCENTIVE PAY PROGRAM FOR AIR FORCE.

The Secretary of the Air Force shall—

(1) evaluate the Remote and Austere Condition Assignment Incentive Pay program of the Army; and

(2) not later than October 1, 2025, establish a similar program for the Air Force, unless the Secretary can certify to Congress that there are no critically manned units at any Air Force installation in Alaska.

Subtitle C—Other Matters

SEC. 631. MODIFICATION OF REQUIREMENTS FOR APPROVAL OF FOREIGN EMPLOYMENT BY RETIRED AND RESERVE MEMBERS OF UNIFORMED SERVICES.

Section 908 of title 37, United States Code, is amended—

(1) in subsection (b)—

(A) by striking ''A person'' and inserting ''(1) A person'';

(B) by inserting ''after determining that such approval is not contrary to the national interests of the United States'' after ''approve the employment''; and

(C) by adding at the end the following new paragraph:

''(2) The Secretary of a military department may delegate the determination of the Secretary required by paragraph (1) only to an official of the military department at or above the level of an Assistant Secretary or, in the event of a vacancy in the position of such an official, a civilian official performing the duties of that position.''; and

(2) in subsection (d)—

(A) in paragraph (2)—

(i) in the matter preceding subparagraph (A), by striking ''an officer'' and inserting ''a person''; and

(ii) by striking subparagraphs (B) and (C) and inserting the following new subparagraphs:

''(B) A description of the duties, if any, the person is to perform and the compensation the person is to receive for such duties, as reflected in the person's application for approval of the employment or compensation or payment or award.

''(C) The position the person held or holds in the armed forces, including the rank of the person and the armed force in which the person served.

''(D) Any other information the Secretaries of the military departments consider relevant, except that such information may not include the person's date of birth, Social Security number, home address, phone number, or any other personal identifier other than the name and rank of the person and the armed force in which the person served.''; and

(B) by adding at the end the following new paragraph:

''(3) Not later than 60 days after the date on which a report required by paragraph (1) is submitted, the Secretaries of the military departments shall make the report, and all contents of the report, available on a publicly accessible internet website.''.

SEC. 632. RESTRICTIONS ON RETIRED AND RESERVE MEMBERS OF THE ARMED FORCES RECEIVING EMPLOYMENT AND COMPENSATION INDIRECTLY FROM FOREIGN GOVERNMENTS THROUGH PRIVATE ENTITIES.

Section 908(a) of title 37, United States Code, is amended—

(1) by redesignating paragraphs (1), (2), and (3) as subparagraphs (A), (B), and (C), respectively, and by moving such subparagraphs, as so redesignated, 2 ems to the right;

(2) by striking ''Subject to'' and inserting the following:

''(1) IN GENERAL.—Subject to'';

(3) in subparagraph (C), as redesignated, by striking ''Commissioned Reserve Corps'' and inserting ''Ready Reserve Corps''; and

(4) by adding at the end the following new paragraph:

''(2) APPLICATION TO PRIVATE ENTITIES.—

''(A) IN GENERAL.—The acceptance by a person described in subparagraph (B) of employment (and compensation related to that employment) or payments or awards for work performed for a foreign government through a private entity shall be subject to the provisions of this section to the same extent and in the same manner as such provisions apply to employment (and compensation related to that employment) and payments and awards described in paragraph (1).

''(B) PERSONS DESCRIBED.—A person described in this subparagraph is—

''(i) a retired member of the Army, Navy, Air Force, Marine Corps, or Space Force; or

''(ii) a member of a reserve component of an armed force specified in clause (i), except a member serving on active duty under a call or order to active duty for a period in excess of 30 days.''.

TITLE VII—HEALTH CARE PROVISIONS

Subtitle A—TRICARE and Other Health Care Benefits

SEC. 701. EXTENSION OF PERIOD OF ELIGIBILITY FOR HEALTH BENEFITS UNDER TRICARE RESERVE SELECT FOR SURVIVORS OF A MEMBER OF THE SELECTED RESERVE.

(a) IN GENERAL.— Section 1076d(c) of title 10, United States Code, is amended by striking ''six months'' and inserting ''three years''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect on October 1, 2025.

SEC. 702. AUTHORITY TO PROVIDE DENTAL CARE FOR DEPENDENTS LOCATED AT CERTAIN REMOTE OR ISOLATED LOCATIONS.

Section 1077(c) of title 10, United States Code, is amended—

(1) in paragraph (1), by striking ''paragraph (2)'' and inserting ''paragraphs (2) and (3)''; and

(2) by adding at the end the following new paragraph:

''(3)(A) Dependents who reside within a specified geographic area and are covered by a dental plan established under section 1076a may receive dental care in a dental treatment facility of the uniformed services on a space available basis if the Secretary of Defense determines that—

''(i) civilian dental care within the specified geographic area is inadequate or is not sufficiently available; and

''(ii) adequate resources exist to provide space available dental care to the dependents at the facility.

''(B) Care under subparagraph (A) shall be provided on a reimbursable basis.''.

SEC. 703. INCLUSION OF ASSISTED REPRODUCTIVE TECHNOLOGY AND ARTIFICIAL INSEMINATION AS REQUIRED PRIMARY AND PREVENTIVE HEALTH CARE SERVICES FOR MEMBERS OF THE UNIFORMED SERVICES AND DEPENDENTS.

(a) MEMBERS OF THE UNIFORMED SERVICES.—Section 1074d of title 10, United States Code, is amended—

(1) in subsection (a)(2)—

(A) by striking ''entitled to preventive'' and inserting ''entitled to—

''(A) preventive'';

(B) in subparagraph (A), as designated by subparagraph (A) of this paragraph, by striking the period at the end and inserting ''; and''; and

(C) by adding at the end the following new subparagraph:

''(B) for male members of the uniformed services (excluding former members of the uniformed services), services relating to infertility described in subsection (b)(4).''; and

(2) by adding at the end the following new subsection:

''(c) INFERTILITY SERVICES INCLUDED FOR MEMBERS OF THE UNIFORMED SERVICES.—Services relating to infertility required to be provided under subsections (a)(2)(B) and (b)(4) for members of the uniformed services (excluding former members of the uniformed services) shall include the following:

''(1) Treatments or procedures using assisted reproductive technology (as defined in section 8 of the Fertility Clinic Success Rate and Certification Act of 1992 (42 U.S.C. 263a–7(1)), excluding in vitro fertilization).

''(2) The provision of artificial insemination, including intrauterine insemination, without regard to coital conception.''.

(b) DEPENDENTS.—Section 1077(a) of such title is amended by adding at the end the following new paragraph:

''(19) Services relating to infertility, including the services specified in section 1074d(c) of this title, except that the services specified in such section may be provided only to a dependent of a member of the uniformed services (excluding any dependent of a former member of the uniformed services).''.

(c) EXCLUSION FROM CONTRACTS FOR FORMER MEMBERS AND THEIR DEPENDENTS.—Section 1086 of such title is amended—

(1) in subsection (c), in the matter preceding paragraph (1), by striking ''subsection (d)'' and inserting ''subsections (d) and (j)''; and

(2) by adding at the end the following new subsection:

''(j) A plan contracted for under subsection (a) may not include coverage for services under section 1077(a)(19) of this title for former members of the uniformed services or dependents of former members of the uniformed services.''.

(d) APPLICATION.—The amendments made by this section shall apply to services provided on or after January 1, 2025.

(e) RULE OF CONSTRUCTION.—Nothing in this section or the amendments made by this section shall be construed provide new benefits to or alter existing benefits for former members of the uniformed services or the dependents of former members of the uniformed services.

SEC. 704. PROGRAM ON TREATMENT OF MEMBERS OF THE ARMED FORCES FOR POST-TRAUMATIC STRESS DISORDER, TRAUMATIC BRAIN INJURIES, AND CO-OCCURRING DISORDERS RELATED TO MILITARY SEXUAL TRAUMA.

(a) ESTABLISHMENT OF PROGRAM.—

(1) IN GENERAL.—Chapter 55 of title 10, United States Code, is amended by inserting after section 1074o the following new section:

''§ 1074p. Program on treatment of members of the armed forces for post-traumatic stress disorder, traumatic brain injuries, and co-occurring disorders related to military sexual trauma

''(a) IN GENERAL.—The Secretary of Defense shall carry out a program to provide intensive outpatient programs to treat members of the Armed Forces suffering from post-traumatic stress disorder, traumatic brain injuries, and co-occurring disorders related to military sexual trauma, including treatment for substance abuse, depression, and other issues related to such conditions.

''(b) DISCHARGE THROUGH PARTNERSHIPS.—The Secretary shall carry out the program under subsection (a) through partnerships with public, private, and non-profit health care organizations, universities, and institutions that—

''(1) provide health care to members of the armed forces;

''(2) provide evidence-based treatment for psychological and neurological conditions that are common among members of the armed forces, including post-traumatic stress disorder, traumatic brain injury, substance abuse, and depression;

''(3) provide health care, support, and other benefits to family members of members of the armed forces; and

''(4) provide health care under the TRICARE program.

''(c) PROGRAM ACTIVITIES.—Each organization, university, or institution that participates in a partnership under the program under subsection (a) shall—

''(1) carry out intensive outpatient programs of short duration to treat members of the armed forces suffering from post-traumatic stress disorder, traumatic brain injuries, and co-occurring disorders related to military sexual trauma, including treatment for substance abuse, depression, and other issues related to such conditions;

''(2) use evidence-based and evidence-informed treatment strategies in carrying out such programs;

''(3) share clinical and outreach best practices with other organizations, universities, and institutions participating in the program under subsection (a); and

''(4) annually assess outcomes for members of the armed forces individually and among the organizations, universities, and institutions participating in the program under subsection (a) with respect to the treatment of conditions described in paragraph (1).''.

(2) CLERICAL AMENDMENT.—The table of sections at the beginning of such chapter is amended by inserting after the item relating to section 1074o the following new item:

''1074p. Program on treatment of members of the armed forces for post-traumatic stress disorder, traumatic brain injuries, and co-occurring disorders related to military sexual trauma.''.

(b) REPORTS.—

(1) INITIAL REPORT.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the program under section 1074p of title 10, United States Code, as added by subsection (a), which shall include a description of the program and such other matters on the program as the Secretary considers appropriate.

(2) ADDITIONAL REPORT.—Not later than two years after commencement of implementation of the program under section 1074p of title 10, United States Code, as added by subsection (a), the Secretary shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the program, which shall include the following:

(A) A description of the program, including the partnerships under the program as described in subsection (b) of such section, as so added.

(B) An assessment of the effectiveness of the program and the activities under the program.

(C) Such recommendations for legislative or administrative action as the Secretary considers appropriate in light of the program.

(c) CONFORMING REPEAL.—

(1) IN GENERAL.—Section 702 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232; 10 U.S.C. 1092 note) is repealed.

(2) CLERICAL AMENDMENT.—The table of contents at the beginning of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232) is amended by striking the item relating to section 702.

SEC. 705. WAIVER OF COST-SHARING FOR THREE MENTAL HEALTH OUTPATIENT VISITS FOR CERTAIN BENEFICIARIES UNDER THE TRICARE PROGRAM.

(a) TRICARE SELECT.—Section 1075(c) of title 10, United States Code, is amended by adding at the end the following new paragraph:

''(4)(A) Consistent with other provisions of this chapter and subject to requirements to be prescribed by the Secretary, the Secretary may waive cost-sharing requirements for the first three outpatient mental health visits each year of any of the following beneficiaries:

''(i) Beneficiaries in the active-duty family member category.

''(ii) Beneficiaries covered by section 1110b of this title.

''(B) This paragraph shall terminate on the date that is five years after the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024.''.

(b) TRICARE PRIME.—Section 1075a(a) of such title is amended by adding at the end the following new paragraph:

''(4)(A) Consistent with other provisions of this chapter and subject to requirements to be prescribed by the Secretary, the Secretary may waive cost-sharing requirements for the first three outpatient mental health visits each year of a beneficiary in the active-duty family member category (as described in section 1075(b)(1)(A) of this title).

''(B) This paragraph shall terminate on the date that is five years after the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024.''.

SEC. 706. EXPANSION OF DOULA CARE FURNISHED BY DEPARTMENT OF DEFENSE.

(a) EXPANSION OF EXTRAMEDICAL MATERNAL HEALTH PROVIDERS DEMONSTRATION PROJECT.—Section 746 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283; 10 U.S.C. 1073 note) is amended—

(1) by redesignating subsections (e) through (h) as subsections (f) through (i), respectively; and

(2) by inserting after subsection (d) the following new subsection (e):

''(e) COVERAGE OF DOULA CARE.—Not later than 90 days after the date of the enactment of the National Defense Authorization Act for Fiscal Year 2024, the Secretary shall ensure that the demonstration project includes coverage of labor doula care, or reimbursement for such care, for all beneficiaries under the TRICARE program, including access—

''(1) by members of the Armed Forces on active duty;

''(2) by beneficiaries outside the continental United States; and

''(3) at military medical treatment facilities.''.

(b) HIRING OF DOULAS.—The hiring authority for each military medical treatment facility may hire a team of doulas to work in coordination with lactation support personnel or labor and delivery units at such facility.

Subtitle B—Health Care Administration

SEC. 711. INCREASE IN STIPEND FOR PARTICIPANTS IN HEALTH PROFESSIONS SCHOLARSHIP AND FINANCIAL ASSISTANCE PROGRAMS.

Section 2121(d) of title 10, United States Code, is amended, in the matter preceding paragraph (1), by striking ''$30,000'' and inserting ''$50,000''.

SEC. 712. FINANCIAL RELIEF FOR CIVILIANS TREATED IN MILITARY MEDICAL TREATMENT FACILITIES.

(a) INTERIM FINAL RULE REQUIRED.—The Secretary of Defense shall issue an interim final rule to implement as soon as possible after the date of the enactment of this Act section 1079b of title 10, United States Code.

(b) TREATMENT OF CLAIMS.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall hold in abeyance any claims under section 1079b of title 10, United States Code, until the interim final rule required under subsection (a) is in effect.

(2) EXCEPTION.—Paragraph (1) does not apply to—

(A) claims to third-party payers; or

(B) administrative support provided to the Secretary by another Federal agency to assist the Secretary in the administration of section 1079b of title 10, United States Code.

SEC. 713. DEPARTMENT OF DEFENSE OVERDOSE DATA ACT OF 2023.

(a) SHORT TITLE.—This section may be cited as the ''Department of Defense Overdose Data Act of 2023''.

(b) ANNUAL REPORT ON MILITARY OVERDOSES.—

(1) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act, and annually thereafter, the Secretary of Defense shall submit to the appropriate congressional committees a report on the number of annual overdoses among servicemembers.

(2) CONTENTS.—The report required by paragraph (1) shall include the following:

(A) The total number of servicemembers who suffered a fatal or nonfatal overdose during the previous calendar year, including—

(i) demographic information, including gender, race, age, military department, military rank, pay grade, and station;

(ii) the location of the fatal overdose, including whether the overdose was on a military base; and

(iii) a list of the substances involved in the fatal overdose.

(B) Of the servicemembers identified in subparagraph (A)—

(i) the number of servicemembers who received mental health or substance use disorder services prior to a fatal or nonfatal overdose, including a description of whether such services were received from a private sector provider;

(ii) the number of servicemembers with comorbid mental health diagnoses;

(iii) the number of servicemembers who had been prescribed opioids, benzodiazepines, or stimulants;

(iv) the number of servicemembers who had been categorized as high-risk and prescribed or provided naloxone prior to a fatal or nonfatal overdose;

(v) the number of servicemembers who had a positive drug test prior to the fatal overdose, including any substance identified in such test;

(vi) the number of servicemembers referred to, including by self-referral, or engaged in medical treatment, including medication treatment for opioid use disorder;

(vii) with respect to each servicemember identified in clause (vi), whether the servicemember was referred after a positive drug test and the source of such referral; and

(viii) the number of fatal overdoses and intentional overdoses.

(C) An analysis of discernable patterns in fatal and nonfatal overdoses of servicemembers.

(D) A description of existing or anticipated response efforts to fatal and nonfatal overdoses at military bases that have rates of fatal overdoses that exceed the average rate of fatal overdoses in the United States.

(E) An assessment of the availability of substance use disorder treatment for servicemembers.

(F) The number of medical facilities of, or affiliated with, the Department of Defense that have opioid treatment programs.

(G) A description of punitive measures taken by the Secretary of Defense in response to substance misuse, substance use disorder, or overdose by servicemembers.

(3) PRIVACY.—

(A) IN GENERAL.—Nothing in this subsection shall be construed to authorize the disclosure by the Secretary of Defense of personally identifiable information of servicemembers or military family members, including anonymized personal information that could be used to re-identify servicemembers or military family members.

(B) APPLICATION OF HIPAA.—In carrying out this subsection, the Secretary of Defense shall take steps to protect the privacy of servicemembers and military family members pursuant to regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note; Public Law 104–191).

(c) STANDARDS FOR THE USE OF MATERIALS TO PREVENT OVERDOSE AND SUBSTANCE USE DISORDER.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Defense shall establish standards for the distribution of, and training for the use of, naloxone or other medication for overdose reversal, opioid disposal materials, fentanyl test strips, and other materials to prevent or reverse overdoses, substance use disorder, or impacts related to substance misuse.

(d) SUNSET.—This section shall terminate on the date that is 5 years after the date of the enactment of this Act.

(e) DEFINITIONS.—In this section:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term ''appropriate congressional committees'' means—

(A) the Committee on Armed Services of the Senate; and

(B) the Committee on Armed Services of the House of Representatives.

(2) MILITARY FAMILY MEMBER.—The term ''military family member'' means a family member of a servicemember, including the spouse, parent, dependent, or child of a servicemember, or anyone who has legal responsibility for the child of a servicemember.

(3) SERVICEMEMBER.—The term ''servicemember'' means—

(A) a member of the Armed Forces; or

(B) a member of the National Guard.

SEC. 714. MODIFICATION OF ADMINISTRATION OF MEDICAL MALPRACTICE CLAIMS BY MEMBERS OF THE UNIFORMED SERVICES.

(a) IN GENERAL.—Section 2733a of title 10, United States Code, is amended—

(1) in subsection (a), by striking ''subsection (f)'' and inserting ''subsection (j)'';

(2) in subsection (b)(6), by striking ''subsection (f)'' and inserting ''subsection (j)'';

(3) in subsection (d)(1), by striking ''subsection (f)'' and inserting ''subsection (j)'';

(4) by redesignating subsections (f) through (i) as subsections (j) through (m), respectively; and

(5) by inserting after subsection (e) the following new subsections:

''(f) EXPERT MEDICAL OPINIONS.—(1) The Secretary of Defense may not use an expert

medical opinion from an individual in determining whether to allow, settle, and pay a claim under this section unless the individual is a board-certified physician.

''(2) No claim under this section may be denied on medical grounds until the Secretary obtains an expert medical opinion on the medical malpractice alleged under such claim from an individual who—

''(A) is not a member of the uniformed services or a civilian employee of the Department of Defense; and

''(B) does not have a business, medical, or personal relationship with the claimant.

''(3) If a claim under this section is denied, the Secretary shall provide to the claimant information regarding the identity and qualifications of any individual who provided an expert medical opinion upon which such denial is based.

''(g) JUSTIFICATION OF DENIAL.—If a claim under this section is denied, the Secretary of Defense shall provide the claimant with detailed reasoning justifying the denial of the claim, including—

''(1) copies of any written reports prepared by any expert upon which the denial is based; and

''(2) all records and documents relied upon in preparing such written reports.

''(h) APPEALS.—(1) Any appeal from the denial of a claim under this section shall be considered by a third-party review board jointly established by the Chief Judge of the United States Court of Appeals for the Armed Forces and the Secretary of Defense.

''(2) The third-party review board established under paragraph (1) shall consist of not more than five members, all of whom who possess sufficient legal or medical background, or both.

''(3) A claimant under this section that seeks an appeal under paragraph (1) may submit the appeal directly to the third-party review board established under such paragraph.

''(4) In considering an appeal from the denial of a claim under this section, the third-party review board established under paragraph (1) shall, at the request of the claimant, allow for a hearing on the merits of the appeal in an adversarial nature.

''(5) The Secretary of Defense shall provide to a claimant seeking an appeal under paragraph (1) a copy of any response to the appeal that is submitted on behalf of the Department of Defense.

''(6) The third-party review board established under paragraph (1) shall not consist of any member of the uniformed services or civilian employee of the Department of Defense.

''(i) TREATMENT OF NON-ECONOMIC DAMAGES.—(1) Any non-economic damages provided to a member of the uniformed services under this section may not be offset by compensation provided or expected to be provided by the Department of Defense or the Department of Veterans Affairs.

''(2)(A) The Secretary of Defense shall establish a cap on non-economic damages to be provided with respect to a claim under this section.

''(B)(i) The cap established under subparagraph (A) shall be determined by calculating the average of non-economic damage caps for medical malpractice claims applicable in California, Texas, North Carolina, and Virginia.

''(ii) If a State specified in clause (i) provides a different cap for cases involving death and cases not involving death, the cap for cases not involving death shall be used.

''(C) The cap established under paragraph (1) shall be recalculated not less frequently than once every three years.''.

(b) APPOINTMENT OF MEMBERS.—Not later than 180 days after the date of the enactment of this Act, the Chief Judge of the United States Court of Appeals for the Armed Forces and the Secretary of Defense shall jointly appoint members to the board established under subsection (h)(1) of section 2733a of title 10, United States Code, as added by subsection (a)(5).

(c) REPORT.—Not later than 180 days after the establishment of the board required under subsection (h)(1) of section 2733a of title 10, United States Code, as added by subsection (a)(5), the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report indicating—

(1) the membership of the board;

(2) the qualifying background of each member of the board; and

(3) a statement indicating the independence of each member of the board from the Department of Defense.

Subtitle C—Reports and Other Matters

SEC. 721. MODIFICATION OF PARTNERSHIP PROGRAM BETWEEN UNITED STATES AND UKRAINE FOR MILITARY TRAUMA CARE AND RESEARCH.

Section 736 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263) is amended—

(1) by redesignating paragraphs (7) through (9) as paragraphs (8) through (10), respectively; and

(2) by inserting after paragraph (6) the following new paragraph (7):

''(7) The provision of training and support to Ukraine for the treatment of individuals with extremity trauma, amputations, post-traumatic stress disorder, traumatic brain injuries, and any other mental health conditions associated with post-traumatic stress disorder or traumatic brain injuries, including—

''(A) the exchange of subject matter expertise;

''(B) training and support relating to advanced clinical skills development; and

''(C) training and support relating to clinical case management support.''.

SEC. 722. REQUIREMENT THAT DEPARTMENT OF DEFENSE DISCLOSE EXPERT REPORTS WITH RESPECT TO MEDICAL MALPRACTICE CLAIMS BY MEMBERS OF THE UNIFORMED SERVICES.

Section 2733a of title 10, United States Code, as amended by section 714, is further amended—

(1) by redesignating subsections (l) and (m) as subsections (m) and (n), respectively; and

(2) by inserting after subsection (k) the following new subsection (l):

''(l) DISCLOSURE BY DEPARTMENT OF DEFENSE.—(1) The Secretary of Defense shall disclose to a claimant under this section a copy of all written reports, other than medical quality assurance records (as defined in section 1102(j) of this title), prepared by a medical expert of the Department of Defense or any medical expert consulted by the Department with respect to the claim.

''(2) Any disclosure under paragraph (1) with respect to an expert described in such paragraph shall include the following:

''(A) The records and documents considered by the expert.

''(B) A description of the bases and reasons for the opinion of the expert.

''(C) The opinion or opinions of the expert regarding standard of care.

''(D) The opinion or opinions of the expert regarding causation.

''(E) A description of any disagreement by the expert with any opinion or opinions of the expert of the claimant.

''(3) Any disclosure under paragraph (1) with respect to an expert described in such paragraph shall not include an identification of the expert.

''(4) If an expert described in paragraph (1) does not prepare a written report, the Secretary shall disclose the information required under this section to the claimant in writing.''.

SEC. 723. COMPTROLLER GENERAL STUDY ON IMPACT OF PERINATAL MENTAL HEALTH CONDITIONS OF MEMBERS OF THE ARMED FORCES AND THEIR DEPENDENTS ON MILITARY READINESS AND RETENTION.

(a) STUDY.—

(1) IN GENERAL.—The Comptroller General of the United States shall conduct a study on perinatal mental health conditions among members of the Armed Forces and dependents of such members during the five-year period preceding the date of the enactment of this Act.

(2) ELEMENTS.—The study required under paragraph (1) shall include the following:

(A) An assessment of beneficiaries under the TRICARE program, including members of the Armed Forces and dependents of such members, who attempted suicide or died by suicide or substance use overdose during the perinatal period.

(B) An assessment of members of the Armed Forces discharged from active duty due to a mental health condition within two years after the perinatal period.

(C) An assessment of beneficiaries under the TRICARE program, including members of the Armed Forces and dependents of such members, diagnosed with a perinatal mental health condition who were relocated during the perinatal period.

(D) An assessment of the effects of retention and promotion policies of the Department of Defense relating to perinatal mental health conditions on members of the Armed Forces seeking and accessing screening, referral, and treatment.

(E) The number of members of the Armed Forces who were separated from the Armed Forces or did not receive a promotion due to a diagnosed perinatal mental health condition.

(F) An assessment of whether policies of the Department can be modified to provide clear standards for retention and pathways for promotion of members of the Armed Forces diagnosed with a perinatal mental health condition.

(G) An assessment of resources needed to integrate behavioral health specialists into all obstetric care practices, pediatric practices, and women's clinics.

(H) A disaggregated demographic assessment of the population included in the study with respect to race, ethnicity, sex, age, family status (including dual service and single parent families), military occupation, military service, and rank, as applicable.

(b) REPORT.—Not later than one year after the date of the enactment of this Act, the Comptroller General shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the findings of the study conducted under subsection (a), including—

(1) recommendations for actions to be taken by the Secretary of Defense to improve mental health among members of the Armed Forces and dependents of such members during the perinatal period;

(2) recommendations for legislative or administrative action to mitigate the effects of retention and promotion policies of the Department of Defense on members of the Armed Forces seeking and accessing mental health care during the perinatal period; and

(3) such other recommendations as the Comptroller General determines appropriate.

(c) DEFINITIONS.—In this section:

(1) DEPENDENT; TRICARE PROGRAM.—The terms ''dependent'' and ''TRICARE program'' have the meanings given those terms in section 1072 of title 10, United States Code.

(2) PERINATAL MENTAL HEALTH CONDITION.—The term ''perinatal mental health condition'' means a mental health disorder that onsets during the perinatal period.

(3) PERINATAL PERIOD.—The term ''perinatal period'' means the period during pregnancy and the one-year period following childbirth, still birth, or miscarriage.

SEC. 724. REPORT ON MENTAL AND BEHAVIORAL HEALTH SERVICES PROVIDED BY DEPARTMENT OF DEFENSE.

Not later than 90 days after the date of the enactment of this Act, the Director of the Defense Health Agency shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report that contains the following:

(1) The current wait times for members of the Armed Forces, including members of the Selected Reserve of the Ready Reserve of a reserve component of the Armed Forces who are enrolled in TRICARE Reserve Select under section 1076d of title 10, United States Code, to receive mental and behavioral health services, disaggregated by State.

(2) An assessment of the number of additional mental and behavioral health care providers needed for the Department of Defense to meet established metrics associated with access to mental and behavioral health services.

(3) An explanation of the credentialing standards for mental and behavioral health care providers of the Department, including a comparison of those standards to the standards for other Federal and private sector health care providers.

SEC. 725. REPORT ON ACTIVITIES OF DEPARTMENT OF DEFENSE TO PREVENT, INTERVENE, AND TREAT PERINATAL MENTAL HEALTH CONDITIONS OF MEMBERS OF THE ARMED FORCES AND THEIR DEPENDENTS.

(a) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the activities of the Department of Defense to address the mental health of pregnant and postpartum members of the Armed Forces and dependents of such members.

(b) ELEMENTS.—The report required by subsection (a) shall include the following

(1) An identification of the military medical treatment facilities at which the Secretary offers members of the Armed Forces and their dependents evidence-based programs during the perinatal period that are proven to prevent perinatal mental health conditions.

(2) An assessment of such programs offered at such facilities, including an assessment of—

(A) the types of programs;

(B) the number and location of programs;

(C) the number of members of the Armed Forces and their dependents who have participated in such programs, disaggregated by Armed Force, military occupation, sex, age, race, and ethnicity, when applicable; and

(D) whether such programs are delivered in-person or virtually and the frequency of the availability of such programs;

(3) The number of behavioral health specialists for pregnant and postpartum members of the Armed Forces and dependents integrated into obstetric care practices, pediatrics, and women's clinics at military medical treatment facilities.

(4) An assessment of the implementation of, or plans to implement, a pilot program to provide a reproductive behavioral health consultation service by the Secretary as outlined in the White House Blueprint for Addressing the Maternal Health Crisis, dated June 2022, including—

(A) the number of providers the pilot program has served or plans to serve, disaggregated by provider type, specialty, and location;

(B) the number and type of trainings providers received or will receive through the consultation line on evidence-based practices to prevent, screen, refer, and treat perinatal mental health conditions;

(C) the locations that have had or will have access to the pilot program;

(D) the types of expertise services that the consultation line provides or will provide; and

(E) methods currently used or that will be used to promote the availability of the consultation line to providers.

(5) Any recommendations for legislative or administrative action to improve prevention, intervention, and treatment of perinatal mental health conditions for members of the Armed Forces and their dependents.

(c) DEFINITIONS.—In this section:

(1) DEPENDENT.—The term ''dependent'' has the meaning given that term in section 1072(2) of title 10, United States Code.

(2) PERINATAL MENTAL HEALTH CONDITION.—The term ''perinatal mental health condition'' means a mental health disorder that occurs during pregnancy or within one year following childbirth, stillbirth, or miscarriage.

SEC. 726. STUDY ON FAMILY PLANNING AND CRYOPRESERVATION OF GAMETES TO IMPROVE RETENTION OF MEMBERS OF THE ARMED FORCES.

(a) IN GENERAL.—The Secretary of Defense shall conduct a study on—

(1) the number of members of the Armed Forces who elect to leave the Armed Forces for family planning reasons, disaggregated by gender, age, and military occupational specialty;

(2) whether the option of cryopreservation of gametes would lead to greater retention of members of the Armed Forces;

(3) methods for the Department of Defense to offer cryopreservation of gametes for the purposes of retention of members of the Armed Forces;

(4) the cost to the Department of offering cryopreservation of gametes to active duty members of the Armed Forces; and

(5) such other matters relating to family planning and cryopreservation of gametes for members of the Armed Forces as the Secretary considers relevant.

(b) BRIEFING.—Not later than April 1, 2024, the Secretary shall brief the Committees on Armed Services of the Senate and the House of Representatives on the results of the study conducted under subsection (a).

TITLE VIII—ACQUISITION POLICY, ACQUISITION MANAGEMENT, AND RELATED MATTERS

Subtitle A—Acquisition Policy and Management

SEC. 801. AMENDMENTS TO MULTIYEAR PROCUREMENT AUTHORITY.

Section 3501 of title 10, United States Code, is amended—

(1) in subsection (a)(1)—

(A) by striking ''will result in significant savings'' and inserting the following: ''will result in—

''(A) significant savings''; and

(B) by striking ''annual contracts.'' and inserting the following: ''annual contracts; or

''(B) necessary industrial base stability not otherwise achievable through annual contracts.''; and

(2) by striking ''$500,000,000'' each place it appears and inserting ''$1,000,000,000''.

SEC. 802. MODERNIZING THE DEPARTMENT OF DEFENSE REQUIREMENTS PROCESS.

(a) MODERNIZING THE DEPARTMENT OF DEFENSE REQUIREMENTS PROCESS.—Not later than October 1, 2025, the Secretary of Defense, acting through the Vice Chairman of the Joint Chiefs of Staff, in cooperation with the Secretaries of the military departments and the commanders of the combatant commands, and in coordination with the Under Secretary of Defense for Acquisition and Sustainment, shall develop and implement a streamlined Department of Defense requirements process, to include modernizing the Joint Capabilities Integration and Development System, in order to improve alignment between modern warfare concepts, technologies, and system development and reduce the time to delivery of needed capabilities to Department users.

(b) REFORM ELEMENTS.—The modernization activities conducted under subsection (a) shall include the following elements:

(1) Streamlining requirements documents, reviews, and approval processes, especially for programs below the major defense acquisition program threshold described in section 4201 of title 10, United Stated Code.

(2) Revisiting requirements management practices from a first principles perspective based on mission outcomes and assessed threats, enabling a more iterative and collaborative approach with the services to shape requirements and technology driven opportunities.

(3) Developing a capability needs and requirements framework and pathways that are aligned to the Department's Adaptive Acquisition Framework pathways, and better aligned and integrated with the Department's science and technology processes.

(4) Enabling the military departments to develop an enduring set of requirements according to a set of capability portfolios to provide a structure across acquisition programs and research, which shall be articulated in a concise model and document with a set of mission impact measures that capability deliveries will seek to continuously improve.

(5) Establishing a process to rapidly validate the military utility of commercial solutions to meet capability needs or opportunities in lieu of the traditional program-centric requirements definition.

(6) Retiring and replacing the Department of Defense Architecture Framework with a new structure focused on enabling interoperability through application program interfaces, enterprise architectures and platforms, and government and commercial standards.

(7) Ensuring that requirements processes for software, artificial intelligence, data, and related capability areas enable a rapid, dynamic, and iterative approach than traditional hardware systems.

(c) ELEMENTS.—The implementation of streamlined requirements shall include the following elements:

(1) Collaboration with industry, traditional and non-traditional defense companies, and the science and technology community to capture their inputs and feedback on shaping the Department's requirements processes to ensure it effectively harnesses the innovation ecosystem.

(2) Development of a formal career path, training, and structure for requirements management professionals and chief architects.

(3) Publication of new policies, guidance, and templates for the operational, requirements, and acquisition workforce in online digital formats instead of large policy documents.

(d) INTERIM REPORT.—Not later than October 1, 2024, the Secretary of Defense shall submit to the congressional defense committees an interim report on the modernization conducted by the Secretary under subsection (a), including—

(1) a description of the modernization efforts;

(2) the Department of Defense's plans to implement, communicate, and continuously improve the modernization of the Department's requirements processes and structure; and

(3) any additional recommendations for legislation that the Secretary determines appropriate.

(e) FINAL REPORT.—Not later than October 1, 2025, the Secretary of Defense shall submit to the Secretary of Defense and the congressional defense committees a final report describing activities carried out pursuant to subsections (b) and (c).

SEC. 803. HEAD OF CONTRACTING AUTHORITY FOR STRATEGIC CAPABILITIES OFFICE.

(a) AUTHORITY.—The Director of the Strategic Capabilities Office shall have the authority to conduct acquisition activities within the Strategic Capabilities Office.

(b) ACQUISITION EXECUTIVE.—

(1) IN GENERAL.—The staff of the Director shall include an acquisition executive, who shall be responsible for the overall supervision of acquisition matters for the Strategic Capabilities Office. The acquisition executive shall have the authority—

(A) to negotiate memoranda of agreement with the military departments and Department of Defense components to carry out the acquisition of equipment, capabilities, and services on behalf of the Office;

(B) to supervise the acquisition of equipment, capabilities, and services on behalf of the Office;

(C) to represent the Office in discussions with the military departments regarding acquisition programs for which the Office is a customer; and

(D) to work with the military departments to ensure that the Office is appropriately represented in any joint working group or integrated product team regarding acquisition programs for which the Office is a customer.

(2) DELIVERY OF ACQUISITION SOLUTIONS.—The acquisition executive of the Strategic Capabilities Office shall be—

(A) responsible to the Director for rapidly delivering acquisition solutions to meet validated cyber operations-peculiar requirements;

(B) subordinate to the defense acquisition executive in matters of acquisition;

(C) subject to the same oversight as the service acquisition executives; and

(D) included on the distribution list for acquisition directives and instructions of the Department of Defense.

(c) IMPLEMENTATION PLAN REQUIRED.—The authority granted in subsection (a) shall become effective 30 days after the date on which the Secretary of Defense provides to the congressional defense committees a plan for implementation of those authorities under subsection (a). The plan shall include the following:

(1) Summaries of the components to be negotiated in the memoranda of agreement with the military departments and other Department of Defense components to carry out the development, acquisition, and sustainment of equipment, capabilities, and services described in subsection (b)(1).

(2) Negotiation and approval timelines for memorandum of agreement.

(3) A plan for oversight of the acquisition executive established under subsection (b).

(4) An assessment of the acquisition workforce needs of the Strategic Capabilities Office to support the authority provided under subsection (a) until 2028.

(5) Other matters as appropriate.

(d) ANNUAL END-OF-YEAR ASSESSMENT.—Each year, the Under Secretary of Defense for Acquisition and Sustainment shall review and assess the acquisition activities of the Strategic Capabilities Office, including contracting and acquisition documentation, for the previous fiscal year and provide any recommendations or feedback to the acquisition executive of the Strategic Capabilities Office.

(e) SUNSET.—

(1) IN GENERAL.—The authority provided under this section shall terminate on September 30, 2028.

(2) LIMITATION ON DURATION OF ACQUISITIONS.—The authority under this section does not include major defense acquisition programs, major automated information system programs, or acquisitions of foundational infrastructure or software architectures the duration of which is expected to last more than five years.

SEC. 804. PILOT PROGRAM FOR THE USE OF INNOVATIVE INTELLECTUAL PROPERTY STRATEGIES.

(a) IN GENERAL.—As soon as practicable, the Secretary of each military department shall designate one acquisition program within their service and the Under Secretary of Defense for Acquisition and Sustainment shall designate one acquisition program within the Department of Defense Agencies and Field Activities for the use of innovative intellectual property strategies in order to acquire the necessary technical data rights required for the operations and maintenance of that system.

(b) BRIEFING REQUIREMENT.—Not later than 180 days after the date of the enactment of this Act, the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Secretaries of the military departments, shall provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives with a detailed plan to implement the requirements of this section.

(c) ANNUAL REPORT.—Upon selection of the programs to be covered by this section and until the termination of this authority, the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Secretaries of the military departments, shall provide an annual report to the Committees on Armed Services of the Senate and the House of Representatives on the effectiveness of the pilot program in acquiring the data necessary to support timely, cost-effective maintenance and sustainment of the system and any recommendations for the applicability of lessons learned from this pilot program to future acquisition programs.

(d) DEFINITIONS.—In this section:

(1) DEPARTMENT OF DEFENSE AGENCIES AND FIELD ACTIVITIES.—The terms ''Department of Defense Agency'' and ''Department of Defense Field Activity'' have the meanings given those terms in section 101 of title 10, United States Code.

(2) INNOVATIVE INTELLECTUAL PROPERTY STRATEGIES.—The term ''innovative intellectual property strategies'' includes the following:

(A) The use of an escrow account to verify and hold intellectual property data.

(B) The use of royalties or licenses.

(C) Other innovative strategies to acquire the necessary level of intellectual property and data rights to support the operations, maintenance, installation, and training (OMIT) of the selected program.

(e) SUNSET.—The authority to initiate a program under this section shall terminate on December 31, 2028.

SEC. 805. FOCUSED COMMERCIAL SOLUTIONS OPENINGS OPPORTUNITIES.

(a) REQUIREMENT.—The Secretary of Defense, in coordination with the service acquisition executives of each military department, shall create not less than three new commercial solutions opening (CSO) opportunities pursuant to section 3458 of title 10, United States Code, each fiscal year. Each such CSO opportunities shall be dedicated to addressing the mission needs and integrated priority lists of a single geographic combatant command.

(b) EXECUTION.—In creating the CSO opportunities required under subsection (a), the Secretary of Defense shall—

(1) assign the responsibility for issuing a CSO to a single military department, with a program executive officer from that military department assigned as lead; and

(2) ensure that any program executive office (PEO) assignment should be made to align the needs of the CSO with a PEO that has similar existing requirements and funding for transitioning technologies within the focus area.

(c) SUNSET.—The requirement in subsection (a) shall expire on September 30, 2027.

SEC. 806. STUDY ON REDUCING BARRIERS TO ACQUISITION OF COMMERCIAL PRODUCTS AND SERVICES.

(a) IN GENERAL.—The Secretary of Defense, acting through the Under Secretary of Defense for Acquisition and Sustainment, shall conduct a study on the feasibility and advisability of—

(1) establishing a default determination that products and services acquired by the Department of Defense are commercial and do not require commercial determination as provided under section 3456 of title 10, United States Code;

(2) establishing a requirement for non-commercial determinations to be made for acquisitions to use procedures other than part 12 of the Federal Acquisition Regulation; and

(3) mandating use of commercial procedures under part 12 of the Federal Acquisition Regulation unless a justification of non-commerciality is determined.

(b) REPORT.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report on the findings of the study conducted under subsection (a). The report shall include specific findings with relevant data and proposed recommendations, including for any necessary and desirable modifications to applicable statute for any changes the Department seeks to make regarding paragraphs (1) through (3) of subsection (a).

SEC. 807. SENSE OF THE SENATE ON INDEPENDENT COST ASSESSMENT.

It is the sense of the Senate that—

(1) to implement the National Defense Strategy, the Department of Defense requires thoughtful and thorough analysis to ensure efficient and effective use of each taxpayer dollar to inform tradeoff analysis that delivers the optimum portfolio of military capabilities;

(2) the Secretary of Defense requires timely, insightful, and unbiased analysis on cost estimation for major defense acquisition programs; and

(3) the Office of the Director of Cost Assessment and Program Evaluation supports implementation of the National Defense Strategy by—

(A) providing insight into the costs of major defense acquisition programs and other technology development initiatives that enables responsible budgeting and proactive management decisions so that the Department can control cost, drive efficiency, and achieve savings;

(B) ensuring that the cost estimation workforce of the Department of Defense is using the most modern and realistic cost estimation methodologies, tools, and tradecraft, including the collection and distribution of data through the Cost Assessment Data Enterprise; and

(C) providing timely review and oversight of cost estimates performed by the defense agencies and military departments.

SEC. 808. EMERGENCY ACQUISITION AUTHORITY FOR PURPOSES OF REPLENISHING UNITED STATES STOCKPILES.

Section 3601(a)(1) of title 10, United States Code, is amended—

(1) in subparagraph (A)(iv), by striking ''; or'' and inserting a semicolon;

(2) in subparagraph (B), by striking the period at the end and inserting ''; or''; and

(3) by adding at the end the following new subparagraph:

''(C) for purposes of—

''(i) replenishing United States stockpiles with like defense articles when those stockpiles are diminished as a result of the United States providing defense articles in response to an armed attack by a country of concern (as that term is defined in section 1(m) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2651a(m)) against—

''(I) a United States ally (as that term is defined in section 201(d) of the Act of December 2, 1942, entitled, 'To provide benefits for the injury, disability, death, or enemy detention of employees of contractors with the United States, and for other purposes' (56 Stat. 1028, chapter 668; 42 U.S.C. 1711(d))); or

''(II) a United States partner; or

''(ii) contracting for the movement or delivery of defense articles transferred to such ally or partner through the President's drawdown authorities in connection with such response,

provided that the United States is not a party to the hostilities.''.

Subtitle B—Amendments to General Contracting Authorities, Procedures, and Limitations

SEC. 811. COMMANDER INITIATED RAPID CONTRACTING ACTIONS.

(a) IN GENERAL.—The commander of a combatant command, upon providing a written determination to a supporting head (or heads) of contracting activity (HCA), may request emergency, rapid contracting response using special authorities described in subsection (b)—

(1) in support of a contingency operation (as defined in section 101(a) of title 10, United States Code);

(2) to facilitate the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack against the United States;

(3) in support of a humanitarian or peacekeeping operation (as the term is defined in section 3015(2) of title 10, United States Code); and

(4) for purposes of protecting the national security interests of the United States during directed operations that fall below the level of armed conflict.

(b) APPLICABILITY.—In carrying out subsection (a), the HCA may utilize the following authorities to rapidly respond to time-sensitive or unplanned emergency situations:

(1) For actions taken under subsection (a) in the case of a contract to be awarded and performed, or purchase to be made, in the United States, simplified procedures for a single contracting action may be used up to $15,000.

(2) For actions taken under subsection (a) in the case of a contract to be awarded and performed, or purchase to be made, outside the United States, simplified procedures for a single contracting action may be used up to $25,000.

(3) For purposes of section 3205(a)(2) of title 10, United States Code, the applicable threshold is deemed to be $10,000,000.

(4) The property or service being procured may be treated as a commercial product or a commercial service for the purpose of carrying out the procurement.

(c) DETERMINATION.—A written determination required under subsection (a) may be used to cover more than one requested action, and may be directed to more than one HCA, and shall include:

(1) The rationale for initiating the request in accordance with paragraphs (1) though (4) of such subsection.

(2) A description of the actions being requested of the HCA.

(3) A declaration that funds are available for such requested contracting support.

(d) SUNSET.—The authority under subsection (a) shall terminate on September 30, 2028.

(e) ANNUAL REPORT.—Not later than January 15, 2025, and annually thereafter for four years, the Chairman of the Joint Chiefs of Staff, in coordination with the Under Secretary of Defense for Acquisition and Sustainment, shall provide a report to the congressional defense committees on the use of the authority under this section for the previous fiscal year. The report shall include a summary of each instance of the authority being used, including—

(1) the combatant command initiating the action or actions;

(2) the supporting HCA or HCAs; and

(3) the specific actions requested, including the contract performer and value of contracting action.

SEC. 812. EXTENSION AND REVISIONS TO NEVER CONTRACT WITH THE ENEMY.

(a) IN GENERAL.—Section 841 of the Carl Levin and Howard P. ''Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113–291; 10 U.S.C. 4871 note prec.) is amended—

(1) by striking the section heading and inserting ''**THREAT MITIGATION IN COMMERCIAL SUPPORT TO OPERATIONS**'';

(2) in subsection (a)—

(A) by striking the subsection heading and inserting ''PROGRAM ESTABLISHED'';

(B) by striking ''and in consultation with the Secretary of State'' and all that follows through the period at the end and inserting ''and the Secretary of State, establish a program to enable combatant commanders to identify and manage risks introduced by covered persons and entities providing commercial support to military operations. The Secretary of Defense shall publish policy establishing this program with responsibilities for program execution and oversight and procedures for use of available intelligence, security, and law enforcement information to identify threats and employment of a range of strategies, including the covered procurement actions described in this section, to manage risks posed by covered persons and entities that are engaged in covered activities.'';

(3) by amending subsection (b) to read as follows:

''(b) AUTHORITY.—

''(1) IDENTIFICATION.—The combatant commander shall identify covered persons or entities engaged in covered activities through the program established under subsection (a). Upon identification of a covered person or entity, combatant commanders, or their designated deputies, shall notify and provide rationale for such an identification to the Under Secretary of Defense for Acquisition and Sustainment, the Under Secretary of Defense for Intelligence and Security, and the Under Secretary of Defense for Policy.

''(2) COVERED PROCUREMENT ACTIONS.—

''(A) IN GENERAL.—The head of a contracting activity may exercise a covered procurement action on a covered persons or entity.

''(B) LIMITATION ON COVERED PROCUREMENT ACTIONS.—The head of a contracting activity may exercise a covered procurement action only after receiving a notification and recommendation from the Under Secretary of Defense for Acquisition and Sustainment, based on a risk assessment by the identifying combatant commander, that states that—

''(i) the person or entity identified by the combatant commander meets the criteria for a covered person or entity and was or is actively engaged in one or more covered activities; and

''(ii) less intrusive measures are not reasonably available to manage the risk.'';

(4) by amending subsection (c) to read as follows:

''(c) NOTIFICATION TO COVERED PERSON OR ENTITY.—

''(1) ADVANCE NOTICE.—Contracting activities shall notify covered persons and entities through covered solicitations and contracts, grants, or cooperative agreements of the following matters:

''(A) The program established under subsection (a).

''(B) The authorities established under subsection (b).

''(C) The responsibilities of covered persons or entities to exercise due diligence to mitigate their engagement in covered activities.

''(2) NOTICE OF COVERED PROCUREMENT ACTIONS.—

''(A) IN GENERAL.—Upon exercising a covered procurement action, the head of a contracting activity shall notify the covered person or entity of the action. The covered person or entity shall be permitted the opportunity to challenge the covered procurement action by requesting an administrative review of the action under the procedures of the Department of Defense not later than 30 days after receipt of notice of the action.

''(B) LIMITATION ON DISCLOSURE OF INFORMATION.—Full disclosure of information to a covered person or entity justifying an identification made under subsection (b)(1) or a covered procurement action need not be provided when such a disclosure would compromise national security or would pose an unacceptable threat to personnel of the United States or partners and allies.

''(C) PROTECTION OF CLASSIFIED INFORMATION.—Classified information relied upon to exercise a covered procurement action may not be disclosed to a covered person or entity, or to their representatives, unless a protective order issued by a court of competent jurisdiction established under article I or article III of the Constitution of the United States specifically addresses the conditions under which such classified information may be disclosed.'';

(5) by amending subsection (d) to read as follows:

''(d) COVERED PROCUREMENT ACTION REPORTING.—All covered procurement actions shall be reported to the Under Secretary of Defense for Acquisition and Sustainment and reported in the Federal Awardee Performance and Integrity Information System (FAPIIS) or other formal systems or record. Exclusions shall also be reported in the System for Award Management (SAM).'';

(6) by amending subsection (e) to read as follows:

''(e) ANNUAL REVIEW.—The Secretary of Defense, in coordination with the Director of National Intelligence and the Secretary of State, shall, on an annual basis, review the lists of persons and entities having been subject to a covered procurement action under subsection (b)(2) to determine whether or not such persons and entities continue to warrant use of the covered procurement action.'';

(7) by amending subsection (f) to read as follows:

''(f) WAIVER.—The Secretary of Defense, in conjunction with the Secretary of State, may grant a waiver for actions taken under subsection (b) if it is in the best interest of national security.'';

(8) by amending subsection (g) to read as follows:

''(g) DELEGATION OF AUTHORITY.—The authority provided by subsection (b) to make a determination to use a covered procurement action, in whole or in part, may not be delegated below the level of head of contracting activity, or equivalent official for purposes of grants or cooperative agreements.'';

(9) by amending subsection (h) to read as follows:

''(h) UPDATING REGULATIONS.—The Federal Acquisition Regulation and the Defense Federal Acquisition Regulation Supplement shall be revised to implement the provisions of this subtitle.'';

(10) in subsection (i)—

(A) in paragraph (1)—

(i) by striking ''Director of the Office of Management and Budget'' and inserting ''Secretary of Defense'';

(ii) by striking ''appropriate committees of Congress'' and inserting ''congressional defense committees'';

(iii) in subparagraph (A)—

(I) by striking ''an executive agency exercised the authority to terminate, void, or restrict a contract, grant, and cooperative agreement pursuant to subsection (c), based on a notification under subsection (b)'' and inserting ''a head of contracting activity exercised a covered procurement action'';

(II) in clause (i) by striking ''executive agency'' and inserting ''head of contracting activity'';

(III) in clause (ii), by striking ''the action taken'' and inserting ''exercising the covered procurement action'';

(IV) in clause (iii), by striking ''voided or terminated'' and inserting ''subject to the covered procurement action''; and

(V) in clause (iv)—

(aa) by striking ''executive agency in force'' and inserting ''Department of Defense has'' and

(bb) by striking ''concerned at the time the contract, grant, or cooperative agreement was terminated or voided'' and replacing with ''at the time of exercise of the covered procurement action''; and

(iv) in subparagraph (B)—

(I) by striking ''an executive agency did not exercise the authority to terminate, void, or restrict a contract, grant, and cooperative agreement pursuant to subsection (c), based on a notification under subsection (b)'' and inserting ''a head of contracting activity did not exercise a covered procurement action following an identification from a combatant commander'';

(II) in clause (i), by striking ''executive agency'' and inserting ''head of contracting activity''; and

(III) in clause (ii), by inserting ''covered procurement'' before ''action''; and

(B) in paragraph (2), by striking ''Director'' and inserting ''Secretary of Defense'';

(11) by striking subsection (j) and (m) and redesignating subsections (k), (l), and (n) as subsections (j), (k), and (l), respectively;

(12) in subsection (k), as redesignated by paragraph (11), by striking ''Except as provided in subsection (l), the'' and inserting ''The''; and

(13) in subsection (l), as so redesignated, by striking ''December 31, 2025'' and inserting ''December 31, 2033''.

(b) ACCESS TO RECORDS.—Section 842 of the Carl Levin and Howard P. ''Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015 is amended by striking subsections (a) through (c) and inserting the following:

''(a) ADDITIONAL ACCESS TO RECORDS.—The Secretary of Defense may examine any records of persons or entities that have existing contracts with, or are active recipients of a grant or cooperative agreement from, the Department of Defense, including any subcontractors or subgrantees, to the extent necessary to support the program established under section 841 of this Act.

''(b) LIMITATION.—The examination authorized under subsection (a) may only take place after a written determination is made by the contracting officer, informed by a finding from the combatant commander, stating that this examination will support the program established under such section 841, and less intrusive measures are not reasonably available to manage the risk.''.

(c) DEFINITIONS.—Section 843 of the Carl Levin and Howard P. ''Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015 is amended—

(1) by striking paragraphs (1), (2), (3), (4), (7), and (9) and redesignating paragraphs (5), (6), and (8) as paragraphs (2), (3), and (6);

(2) by inserting before paragraph (2), as redesignated by paragraph (1) of this section, the following new paragraph:

''(1) COVERED ACTIVITIES.—The term 'covered activities' means activities where a covered person or entity is—

''(A) engaging in acts of violence against personnel of the United States or partners and allies;

''(B) providing financing, logistics, training, or intelligence to a person described in subparagraph (A);

''(C) engaging in foreign intelligence activities against the United States or partners and allies;

''(D) engaging in transnational organized crime or criminal activities; or

''(E) engaging in other activities that present a direct or indirect risk to United States or partner and allied missions and forces.'';

(3) in paragraph (2), as so redesignated, by striking ''with an estimated value in excess of $50,000 that is performed outside the United States, including its territories and possessions, in support'' and all that follows through the period at the end and inserting ''that is performed outside the United States, including its territories and possessions.'';

(4) by amending paragraph (3), as so redesignated, to read as follows:

''(3) COVERED PERSON OR ENTITY.—The term 'covered person or entity' means any person, corporation, company, limited liability company, limited partnership, business trust, business association, or other similar entity outside of the United States or any foreign reporting company in accordance with section 5336(a)(11)(A)(ii) of title 31, United States Code, that is responding to a covered solicitation or performing work on a covered contract, grant, or cooperative agreement.''; and

(5) by inserting after paragraph (3), as so redesignated, the following new paragraphs:

''(4) COVERED PROCUREMENT ACTION.—The term 'covered procurement action'means an action taken by a head of contracting activity to—

''(A) exclude a person or commercial entity from award with or without an existing contract, grant, or cooperative agreement;

''(B) terminate an existing contract, grant, or cooperative agreement for default; or

''(C) void in whole or in part an existing contract, grant, or cooperative agreement.

''(5) COVERED SOLICITATION.—The term 'covered solicitation' means any Department of Defense solicitation for work for which the place of performance is outside of the United States.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall take effect not later than 180 days after the enactment of this Act, and shall apply to covered solicitations issued and covered contracts, grants, or cooperative agreements (as that term is defined in section 843 of the Carl Levin and Howard P. ''Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015, as amended by subsection (c)) awarded on or after such date, and to task and delivery orders that have been issued on or after such date pursuant to covered contracts, grants, or cooperative agreements that are awarded before, on, or after such date.

SEC. 813. ENHANCEMENT OF DEPARTMENT OF DEFENSE CAPABILITIES TO PREVENT CONTRACTOR FRAUD.

(a) WITHHOLDING OF CONTRACTUAL PAYMENTS.—Subsection (a) of section 4651 of title 10, United States Code, is amended—

(1) in paragraph (1), by striking ''; and'' and inserting a semicolon;

(2) in paragraph (2)—

(A) by striking ''clause (1)'' and inserting ''paragraph (1)''; and

(B) by striking ''at least three, but not more than 10, as determined by the Secretary or his designee, times the cost incurred by the contractor in giving gratuities to the officer, official, or employee concerned.'' and inserting ''of up to 10 percent of the total contract award amount;'';

(3) by inserting after paragraph (2) the following new paragraphs:

''(3) with respect to a contract that could have been terminated under paragraph (1) but for the completion of performance of the contract, the United States is entitled to exemplary damages as set forth in paragraph (2); and

''(4) the Secretary of Defense or the Secretary of a military department may, after providing notice to the contractor and pending the determination concerning exemplary damages referred to in paragraph (2), withhold from payments otherwise due to the contractor under any contract between the contractor and the United States an amount not to exceed 10 percent of the total contract award amount.''; and

(4) in the matter following paragraph (4), as added by paragraph (3) of this subsection, by striking ''clause (1)'' and inserting ''paragraph (1)''.

(b) BURDEN OF PROOF.—Paragraph (1) of section 4651(a) of title 10, United States Code, as amended by subsection (a) of this section, is further amended by inserting ''and by a preponderance of the evidence'' after ''after notice and hearing''.

SEC. 814. MODIFICATION OF APPROVAL AUTHORITY FOR HIGH DOLLAR OTHER TRANSACTION AGREEMENTS FOR PROTOTYPES.

(a) AMENDMENTS RELATING TO AUTHORITY.—Section 4022(a)(2)(C)(i)(I) of title 10, United States Code, is amended by inserting after ''subsection (d)'' the following: ''were met for the prior transaction for the prototype project that provided for the award of the follow-on production contract or transaction, and the requirements of subsection (f)''.

(b) AMENDMENT RELATING TO APPROPRIATE USE OF AUTHORITY.—Section 4022(d) of such title is amended by adding at the end the following new paragraph:

''(3) The requirements of this subsection do not apply to follow-on production contracts or transactions under subsection (f).''.

SEC. 815. MODIFICATIONS TO EARNED VALUE MANAGEMENT SYSTEM REQUIREMENTS.

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Under Secretary for Acquisition and

Sustainment shall update appropriate policies related to Earned Value Management (EVM) as follows:

(1) Update subpart 234.2 of the Defense Federal Acquisition Regulation Supplement (DFARS) to exempt all software contracts and subcontracts from EVM requirements.

(2) Update sections 234.201, 234.203, 252.234–7001, and 252.242–7002 of the DFARS—

(A) to increase contract value thresholds associated with requiring EVM on cost or incentive contracts from $20,000,000 to $50,000,000; and

(B) to increase the contract value threshold for the contractor to use an EVM System from $50,000,000 to $100,000,000.

(b) IMPLEMENTATION.—If the Under Secretary of Defense for Acquisition and Sustainment is unable to update the regulations specified in subsection (a) before the deadline specified in such subsection, the Under Secretary of Defense for Acquisition and Sustainment shall providing to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a briefing explaining the timeline for implementation.

SEC. 816. INVENTORY OF INFLATION AND ESCALATION INDICES.

(a) INVENTORY REQUIRED.—

(1) IN GENERAL.—Not later than September 30, 2024, the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Service Acquisition Executives, shall conduct an inventory of inflation and escalation indices currently used for contracting and pricing purposes across the Department and make the inventory available as a resource for all government and industry contracting and pricing professionals.

(2) ELEMENTS.—The inventory required under paragraph (1)—

(A) shall include indices used for products and indices used for services, including accessibility instructions;

(B) may include relevant indices derived from or leveraged by commercial, academic, or nongovernmental sources; and

(C) shall separately identify indices for which the Department of Defense purchases access.

(b) ASSESSMENT.—As part of the inventory required under subsection (a), the Under Secretary of Defense for Acquisition and Sustainment shall also conduct an assessment of the available inflation and escalation indices in order to determine—

(1) gaps in any available indices where identification or development of new indices may be necessary; and

(2) in instances where there are multiple indices being used—

(A) whether consolidation on a single index or smaller subset of indices is possible or advisable; and

(B) whether commercial, academic, or nongovernmental indices have any comparative benefit or advantage over governmental sources.

(c) PERIODIC UPDATES.—The Under Secretary of Defense for Acquisition and Sustainment shall periodically, and not less than once every 5 years, review and update the inventory required under subsection (a).

(d) GUIDANCE.—Not later than March 30, 2025, the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Service Acquisition Executives, shall issue guidance providing for the consistent application and maintenance of data included in the inventory required under subsection (a) for use by government contracting and pricing personnel.

SEC. 817. PILOT PROGRAM TO INCENTIVIZE PROGRESS PAYMENTS.

(a) PILOT PROGRAM.—The Under Secretary of Defense for Acquisition and Sustainment shall establish and implement a pilot program to incentivize large business concerns awarded Department of Defense contracts to qualify for progress payments up to 10 percentage points higher than the standard progress payment rate.

(b) INCENTIVES.—The Under Secretary for Acquisition and Sustainment shall establish clear and measurable criteria to provide for the payment to contractors of higher progress payments as described in subsection (a), including meeting one or more of the following criteria:

(1) Adherence to delivery dates for contract end items and contract data requirement lists or compliance with the performance milestone schedule during the preceding fiscal year.

(2) The lack of any open level III or IV corrective action requests.

(3) Acceptability of the contractor's business systems without significant deficiencies.

(4) Meeting small business subcontracting goals during the preceding fiscal year.

(c) REPORT.—The Under Secretary for Acquisition and Sustainment shall submit to the Committees on Armed Services of the Senate and House of Representatives an annual report on the implementation of the pilot program established under subsection (a), including a comprehensive list of contractors and the contracts that received the increased progress payments.

(d) DEFINITIONS.—In this section:

(1) STANDARD PROGRESS PAYMENT RATE.—The term ''standard progress payment rate'' refers to the rate of progress payments provided for under section 3804 of title 10, United States Code, and payable in accordance with the applicable provisions of the Federal Acquisition Regulation and the Defense Federal Acquisition Regulation Supplement.

(2) LARGE BUSINESS CONCERNS.—The term ''large business concerns'' means a business concern that exceeds the small business size code standards established by the Small Business Administration as set forth in part 121 of title 13, Code of Federal Regulations.

(e) SUNSET.—The authority to carry out the pilot program established under subsection (a) shall terminate on January 1, 2026.

SEC. 818. EXTENSION OF PILOT PROGRAM TO ACCELERATE CONTRACTING AND PRICING PROCESSES.

Section 890 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232), as most recently amended by section 818 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023, is further amended in subsection (c) by striking ''January 2, 2024'' and inserting ''January 2, 2028''.

SEC. 819. PREVENTING CONFLICTS OF INTEREST FOR DEPARTMENT OF DEFENSE CONSULTANTS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Secretary of Defense shall amend the Defense Federal Acquisition Regulation—

(1) to require any entity that provides the services described in North American Industry Classification System (NAICS) code 5416, prior to entering into the Department of Defense contract, to certify that—

(A) neither the entity nor any of its subsidiaries or affiliates hold a contract with one or more covered foreign entities; or

(B) the entity maintains a Conflict of Interest Mitigation Surveillance Plan described under subsection (b) that is auditable by contract oversight entities; and

(2) to restrict Department of Defense contracts from being awarded to an entity that provides the services described under the NAICS code 5416, if the entity or any of its subsidiaries or affiliates are determined, based on the self-certification required under paragraph (1) or other information, to be a contractor of, or otherwise providing services to, a covered foreign entity unless such contractor maintains an enforceable Conflict of Interest Mitigation Surveillance Plan.

(b) CONFLICT OF INTEREST MITIGATION SURVEILLANCE PLAN.—Contractors that are unable to certify under subsection (a)(1)(A) that neither they nor any of their subsidiaries or affiliates hold a contract with one or more covered foreign entities shall maintain a Conflict of Interest Mitigation Surveillance Plan that is updated annually and shall be provided to applicable contract oversight entities upon request. The plan shall include—

(1) identification of the contracts with the covered foreign entity (or entities) including the specific entity, the dollar value of the contract, and the specific personnel working on the contract;

(2) mitigation measures being taken to prevent conflicts of interest (corporately as well as for individuals working on the contract) that might arise by also supporting Department of Defense contracts; and

(3) notification procedures to the contract oversight entities within 15 days of determining an unmitigated conflict of interest has arisen.

(c) WAIVER.—The Secretary of Defense, or designee, shall have the authority to waive conflicts of interest restrictions under subsection (a) on a case-by-case basis as may be necessary to continue contracting for certain national security requirements. The Secretary of Defense may not delegate such authority to an official below the level of a Presidentially appointed, Senate-confirmed official.

(d) WAIVER NOTIFICATION.—Not later than 30 days after issuing a waiver under subsection (c) of this section, the Secretary of Defense shall provide a written notification to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives regarding the use of such waiver authority. The notification shall include—

(1) the specific justification for providing the waiver;

(2) the covered foreign entity with which the waiver recipient is working which gives rise to the conflict of interest;

(3) the number of bidders on a contract on which the waiver was required;

(4) the number of bidders on a contract for which a waiver would not have been required to have been issued; and

(5) the total dollar value of the contract.

(e) DEFINITIONS.—In this section:

(1) COVERED FOREIGN ENTITY.—The term ''covered foreign entity'' means any of the following:

(A) The Government of the People's Republic of China, any Chinese state-owned entity, or other entity under the ownership, or control, directly or indirectly, of the Government of the People's Republic of China or the Chinese Communist Party that is engaged in one or more national security industries.

(B) The Government of the Russian Federation, any Russian state-owned entity, or any entity sanctioned by the Secretary of the Treasury under Executive Order 13662 titled ''Blocking Property of Additional Persons Contributing to the Situation in Ukraine''(79 Fed. Reg. 16169).

(C) The government or any state-owned entity of any country if the Secretary of State determines that such government has repeatedly provided support for acts of international terrorism pursuant to—

(i) section 1754(c)(1)(A) of the Export Control Reform Act of 2018 (50 U.S.C. 4318(c)(1)(A));

(ii) section 620A of the Foreign Assistance Act of 1961 (22 U.S.C. 2371);

(iii) section 40 of the Arms Export Control Act (22 U.S.C. 2780); or

(iv) any other provision of law.

(D) Any entity included on any of the following lists maintained by the Department of Commerce:

(i) The Entity List set forth in Supplement No. 4 to part 744 of the Export Administration Regulations.

(ii) The Denied Persons List as described in section 764.3(a)(2) of the Export Administration Regulations.

(iii) The Unverified List set forth in Supplement No. 6 to part 744 of the Export Administration Regulations.

(iv) The Military End User List set forth in Supplement No. 7 to part 744 of the Export Administration Regulations.

(2) CONTRACT OVERSIGHT ENTITIES.—The term ''contract oversight entities'' means any of the following:

(A) The contracting officer.

(B) The contracting officer representative.

(C) The Defense Contract Management Agency.

(D) The Defense Contract Audit Agency.

(E) The Office of Inspector General (OIG) of the Department of Defense or any subcomponent of OIG.

(F) The Government Accountability Office.

SEC. 820. PROHIBITION ON REQUIRING DEFENSE CONTRACTORS TO PROVIDE INFORMATION RELATING TO GREENHOUSE GAS EMISSIONS.

(a) DEFINITIONS.—In this section:

(1) GREENHOUSE GAS.—The term ''greenhouse gas'' means—

(A) carbon dioxide;

(B) methane;

(C) nitrous oxide;

(D) nitrogen trifluoride;

(E) hydrofluorocarbons;

(F) perfluorcarbons; or

(G) sulfur hexafluoride.

(2) GREENHOUSE GAS INVENTORY.—The term ''greenhouse gas inventory'' means a quantified list of an entity's annual greenhouse gas emissions.

(3) NONTRADITIONAL DEFENSE CONTRACTOR.—The term ''nontraditional defense contractor'' has the meaning given the term in section 3014 of title 10, United States Code.

(b) PROHIBITION ON DISCLOSURE REQUIREMENTS.—

(1) NONTRADITIONAL DEFENSE CONTRACTORS.—The Secretary of Defense may not require any nontraditional defense contractor recipient of a defense contract to provide a greenhouse gas inventory or to provide any other report on greenhouse gas emissions.

(2) OTHER THAN NONTRADITIONAL DEFENSE CONTRACTORS.—During the two-year period beginning on the date of the enactment of this Act, the Secretary of Defense may not require any other than nontraditional defense contractor recipient of a defense contract to provide a greenhouse gas inventory or to provide any other report on greenhouse gas emissions.

SEC. 821. PROHIBITION ON CONTRACTS FOR THE PROVISION OF ONLINE TUTORING SERVICES BY ENTITIES OWNED BY THE PEOPLE'S REPUBLIC OF CHINA.

(a) IN GENERAL.—The Secretary of Defense may not, on or after the date of the enactment of this Act, enter into or renew a contract for the provision of online tutoring services by an entity owned or controlled by the Government of the People's Republic of China.

(b) WAIVER.—

(1) IN GENERAL.—The Secretary may waive the prohibition under subsection (a).

(2) NONDELEGATION.—The Secretary may not delegate the authority to issue a waiver under paragraph (1).

SEC. 822. MODIFICATION OF TRUTHFUL COST OR PRICING DATA SUBMISSIONS AND REPORT.

Section 3705(b)(2)(B) of title 10, United States Code, is amended by striking ''should-cost analysis.'' and all that follows through ''past performance.'' and inserting ''should-cost analysis and shall identify such offerors that incur a delay greater than 200 days in submitting such cost or pricing data. The Secretary of Defense shall include a public notation on such offerors.''.

Subtitle C—Industrial Base Matters

SEC. 831. DEFENSE INDUSTRIAL BASE ADVANCED CAPABILITIES PILOT PROGRAM.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—The Under Secretary of Defense for Acquisition and Sustainment shall carry out a pilot program through a public-private partnership to accelerate the scaling, production, and acquisition of advanced defense capabilities determined by the Under Secretary to be critical to the national security by creating incentives for investment in domestic small businesses or nontraditional businesses to create a robust and resilient defense industrial base.

(2) GOALS.—The goals of the public-private partnership pilot program are as follows:

(A) To bolster the defense industrial base through acquisition and deployment of advanced capabilities necessary to field Department of Defense modernization programs and priorities.

(B) To strengthen domestic defense supply chain resilience and capacity by investing in innovative defense companies.

(C) To leverage private equity capital to accelerate domestic defense scaling, production, and manufacturing.

(b) PUBLIC-PRIVATE PARTNERSHIPS.—

(1) IN GENERAL.—In carrying out subsection (a), the Under Secretary shall enter into one or more public-private partnerships, consistent with the phased implementation provided for in subsection (e), with for-profit persons using the criteria set forth in paragraph (2).

(2) CRITERIA.—The Under Secretary shall establish criteria for entering into one or more public-private partnerships and shall submit to the congressional defense committees such criteria, which shall not take effect for the purposes of entering into any agreement until 30 days after submission.

(3) OPERATING AGREEMENT.—The Under Secretary and a person or persons with whom the Under Secretary enters a partnership under paragraph (1) shall enter into an operating agreement that sets forth the roles, responsibilities, authorities, reporting requirements, term, and governance framework for the partnership and its operations. Such operating agreements may not take effect until 30 days after they have been submitted to the congressional defense committees.

(c) INVESTMENT OF EQUITY.—

(1) IN GENERAL.—Pursuant to public-private partnerships entered into under subsection (b), a person or persons with whom the Under Secretary has entered into a partnership may invest equity in domestic small businesses or nontraditional businesses consistent with subsection (a), with investments selected based on technical merit, economic value, and the Department's modernization priorities. The partnership shall require investment in not less than 10 businesses, with no business representing greater than 20 percent of total investment and no capability area exceeding 40 percent of total investment

(2) AUTHORITIES.—A person or persons described in paragraph (1) shall have sole authority to operate, manage, and invest.

(d) LOAN GUARANTEE.—

(1) IN GENERAL.—Pursuant to the authority established under [section ____] the Under Secretary shall provide an up to 80 percent loan guarantee, pursuant to the public-private partnerships entered into under subsection (b), with investment of equity that qualifies under subsection (c) and consistent with the goals set forth under subsection (a)(2).

(2) PILOT PROGRAM AUTHORITY.—The temporary loan guarantee authority described under paragraph (1) is exclusively for the public-private partnerships authorized under this section and may not be utilized for other programs or purposes.

(3) SUBJECT TO OPERATING AGREEMENT.—The loan guarantee under paragraph (1) shall be subject to the operating agreement entered into under subsection (b)(3).

(4) USE OF FUNDS.—Obligations incurred by the Under Secretary under this paragraph shall be subject to the availability of funds provided in advance specifically for the purpose of such loan guarantees.

(e) PHASED IMPLEMENTATION SCHEDULE AND REQUIRED REPORTS AND BRIEFINGS.—The program established under subsection (a) shall be carried out in two phases as follows:

(1) PHASE 1.—

(A) IN GENERAL.—Phase 1 shall consist of an initial pilot program with one public-private partnership, consistent with subsection (b), to assess the feasibility and advisability of expanding the scope of the program. The Under Secretary shall begin implementation of phase 1 not later than 180 days after the date of the enactment of this Act.

(B) IMPLEMENTATION SCHEDULE AND FRAMEWORK.—Not later than 90 days after the date of the enactment of this Act, the Secretary shall submit an implementation plan to the congressional defense committees on the design of phase 1. The plan shall include—

(i) an overview of, and the activities undertaken, to execute the public-private partnership;

(ii) a description of the advanced capabilities and defense industrial base areas under consideration for investment;

(iii) an overview of the operating agreement described in subsection (b)(3); and

(iv) implementation milestones and metrics.

(C) REPORT AND BRIEFING REQUIRED.—Not later than 27 months after the date of the enactment of this Act, the Secretary shall provide to the congressional defense committees a report and briefing on the implementation of this section and the feasibility and advisability of expanding the scope of the pilot program. The report and briefing shall include, at minimum—

(i) an overview of program performance, and implementation and execution milestones and outcomes;

(ii) an overview of progress in—

(I) achieving new products in production aligned with Department of Defense needs;

(II) scaling businesses aligned to targeted industrial base and capability areas;

(III) generating defense industrial base job growth;

(IV) increasing supply chain resilience and capacity; and

(V) enhancing competition on advanced capability programs;

(iii) an accounting of activities undertaken and outline of the opportunities and benefits of expanding the scope of the pilot program; and

(iv) a recommendation by the Secretary regarding the feasibility and desirability of expanding the pilot program.

(2) PHASE 2.—

(A) IN GENERAL.—Not later than 30 months after the date of the enactment of this Act, the Secretary may expand the scope of the

phase 1 pilot program with the ability to increase to not more than three public-private partnerships, consistent with subsection (b).

(B) REPORT AND BRIEFING REQUIRED.—Not later than five years after the date of the enactment of this Act, the Secretary shall provide to the congressional defense committees a report and briefing on the outcomes of the pilot program under subsection (a), including the elements described in paragraph (1)(C), and the feasibility and advisability of making the program permanent.

(f) TERMINATION.—The authority to enter into an agreement to carry out the pilot program under subsection (a) shall terminate on the date that is five years after the date of the enactment of this Act.

(g) DEFINITIONS.—In this section:

(1) DOMESTIC BUSINESS.—The term ''domestic business'' has the meaning given the term ''U.S. business'' in section 800.252 of title 31, Code of Federal Regulations, or successor regulation.

(2) DOMESTIC SMALL BUSINESSES OR NONTRADITIONAL BUSINESSES.—The term ''domestic small businesses or nontraditional businesses'' means—

(A) a small business that is a domestic business; or

(B) a nontraditional business that is a domestic business.

(3) NONTRADITIONAL BUSINESS.—The term ''nontraditional business'' has the meaning given the term ''nontraditional defense contractor'' in section 3014 of title 10, United States Code.

(4) SMALL BUSINESS.—The term ''small business'' has the meaning given the term ''small business concern'' in section 3 of the Small Business Act (15 U.S.C. 632).

SEC. 832. DEPARTMENT OF DEFENSE NOTIFICATION OF CERTAIN TRANSACTIONS.

(a) IN GENERAL.—The parties to a covered transaction required to file the notification and provide supplementary information to the Department of Justice or the Federal Trade Commission under section 7A of the Clayton Act (15 U.S.C. 18a) shall concurrently provide such information to the Department of Defense during the waiting period under section 7A of the Clayton Act (15 U.S.C. 18a).

(b) DEFINITIONS.—In this section:

(1) COVERED TRANSACTION.—The term ''covered transaction'' means an actual or proposed merger, acquisition, joint venture, strategic alliance, or investment—

(A) for which the parties are required to file a notification under section 7A of the Clayton Act (15 U.S.C. 18a); and

(B) any party to which is, owns, or controls a major defense supplier.

(2) MAJOR DEFENSE SUPPLIER.—The term ''major defense supplier'' means—
