“(e) **DELAY OF PROMOTIONS TO GENERAL OFFICER GRADES TO COMPLY WITH STRENGTH LIMITATIONS.**—Under regulations prescribed by the Secretary of Defense, the promotion of an officer on the Space Force officer list to the grade of brigadier general or major general shall be delayed if that promotion would cause any strength limitation of section 526 of this title to be exceeded. The delay shall expire when the Secretary of the Air Force determines that the delay is no longer required to ensure compliance with the strength limitation.

“(f) **AUTHORITY TO DELAY APPOINTMENTS FOR SPECIFIED REASONS.**—The provisions of section 14311 of this title shall apply to the appointment of an officer under this section in the same manner as they apply to an appointment of an officer under that section, and any reference in that section to an reserve active-status list shall be treated for purposes of applicability to an officer of the Space Force as referring to the Space Force officer list.

“(a) REMOVAL BY PRESIDENT.—The President may remove the name of any officer from a promotion list at any time before the date on which the officer is promoted.

“(b) REMOVAL FOR WITHHOLDING OF SENATE ADVICE AND CONSENT.—If the Senate does not give its advice and consent to the appointment to the next higher grade of an officer whose name is on a list of officers approved by the President for promotion (except in the case of promotions to a grade to which appointments may be made by the President alone), the name of that officer shall be removed from the list.

“(c) REMOVAL AFTER 18 MONTHS.—(1) If an officer whose name is on a list of officers approved for promotion under section 20238(a) of this title to a grade for which appointment is required by section 20201(a) of this title to be made by and with the advice and consent of the Senate is not appointed to that grade under such section during the officer's promotion eligibility period, the officer's name shall be removed from the list unless as of the end of such period the Senate has given its advice and consent to the appointment.

“(2) Before the end of the promotion eligibility period with respect to an officer under paragraph (1), the President may extend that period for purposes of paragraph (1) by an additional 12 months.

“(e) CONTINUED ELIGIBILITY FOR PROMOTION.—(1) An officer whose name is removed from a list under subsection (a), (b), or (c) continues to be eligible for consideration for promotion. If that officer is recommended for promotion by the next selection board convened for that officer's grade and competitive category and the officer is promoted, the Secretary of the Air Force may, upon the promotion, grant the officer the same date of rank, the same effective date for the pay and allowances of the grade to which promoted, and the same position on the Space Force officer list, as the officer would have had if the officer's name had not been removed from the list.

“(2) If such an officer who is in a grade below the grade of colonel is not recommended for promotion by the next selection board convened for the officer's grade and competitive category, or if the officer's name is again removed from the list of officers recommended for promotion, or if the Senate again does not give its advice and consent to his promotion, the officer shall be considered for all purposes to have failed of selection for promotion to the next higher grade.

(4) the public disclosure of the unidentified anomalous phenomena record would compromise the existence of an understanding of confidentiality currently requiring protection between a Federal Government agent and a cooperating individual or a foreign government, and public disclosure would be so harmful that it outweighs the public interest.

(b) WITHDRAWAL OF RECORDS.—Senior Agency Officials designated in accordance with Executive Order 13526 or any successor Orders may withdraw records in the Collection that are determined to be both not related to unidentified anomalous phenomena and properly classified.
