PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-92. A joint resolution adopted by the Legislature of the State of California applying to the United States Congress to call a constitutional convention under Article V of the Constitution of the United States for the purpose of proposing a constitutional amendment relating to firearms; to the Committee on the Judiciary.

SENATE JOINT RESOLUTION NO. 7

Whereas, Approximately 49,000 Americans died in 2021 as a result of gun violence, and firearms are the leading cause of death for children under 18 years of age in the United

States and the most common method of both homicide and suicide, and

Whereas, it is estimated that there are approximately 393,000,000 firearms in civilian hands in the United States as of 2023, meaning that firearms now outnumber people in our country; and

Whereas, Gun safety laws are proven to lessen the scourge of gun violence, as evidenced by the fact that since some of California's most significant gun safety laws took effect in the early 1990s, California has cut its rate of gun death in half, and the state's gun death rate is 39 percent lower than the national average as of 2023; and

Whereas, Precedents of the Supreme Court of the United States, including its decision in *New York State Rifle & Pistol Association, Inc. v. Bruen* (2022) 142 S.Ct. 2111, have limited the ability of the states to enact and enforce reasonable restrictions on the public carry of firearms, and prompted challenges to many other common sense regulations, such as those allowing law enforcement officials to assess the potential dangerousness of individuals seeking to obtain firearms and prohibit possession of firearms by those deemed dangerous, and those restricting possession of certain particularly dangerous weapons, including weapons of war; and

Whereas, Modern technology and capabilities, including semiautomatic firing mechanisms, capacity, range, accuracy, and use of specialized ammunition, of the firearms commercially available today make them far more lethal than anything the founders could have imagined in the 18th century, when most weapons needed to be reloaded after every shot; and

Whereas, Common sense public safety regulations limiting aspects of firearms acquisition, possession, public carry, and use by individuals, including, but not limited to, the types of firearms and ammunition that private individuals may possess, categories of private individuals who may not acquire or possess firearms, and locations where private individuals may carry firearms, as well as procedures to ensure that individuals possessing or seeking to acquire or publicly carry firearms will not pose a threat to the safety of themselves or others or use a firearm in furtherance of otherwise unlawful conduct, are proven to save lives; and

Whereas, Since state leaders first announced their intention to introduce this joint resolution in June 2023, the Supreme Court of the United States has granted review in *United States v. Rahimi*, yet another case in which a court struck down a commonsense gun safety regulation, and the scourge of gun violence has continued unabated, with recent mass shootings bringing tragedy to communities across the country, further underscoring the need for urgent action; and

Whereas, Amending the United States Constitution as described herein will ensure that federal, state, and local government can effectively pursue common sense solutions to this deadly nationwide problem, consistent with the understanding that throughout American history private, individuals have possessed firearms for home defense, hunting, and recreational purposes; and

Whereas, Article V of the Constitution of the United States requires the United States Congress to call a constitutional convention upon application of two-thirds of the legislatures of the several states for the purpose of proposing amendments to the United States Constitution; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California, speaking on behalf of the people of the State of California, hereby applies to the United States Congress to call a constitutional convention

under Article V of the Constitution of the United States for the purpose of proposing a constitutional amendment that would do either, or both, of the following:

(a) Affirm that federal, state, and local governments may adopt public safety regulations limiting aspects of firearms acquisition, possession, public carry, and use by individuals, and that such regulations are consistent with the Second Amendment to the United States Constitution and the understanding that throughout American history private individuals have possessed firearms for home defense, hunting, and recreational purposes;

(b) Impose, as a matter of national policy, the following firearms regulations and prohibitions: (1) universal background checks as a prerequisite to purchase or acquisition of a firearm, (2) a prohibition on sales, loans, or other transfers of firearms to those under 21 years of age, subject to limited exceptions, (3) a minimum waiting period after the purchase or acquisition of a firearm before that firearm may be delivered to the buyer or acquirer, and (4) a prohibition on the sale, loan, or transfer of assault weapons and other weapons of war to private civilians; and be it further

Resolved, That this application is for a limited constitutional convention and does not grant Congress the authority to call a constitutional convention for any purpose other than those set forth herein and that this application shall be void if ever used at any stage to consider any constitutional amendments on subjects other than those specified herein; and be it further

Resolved, That this application shall be considered as covering the same subject matter as applications from other states to the United States Congress to call a convention to propose a constitutional amendment for each respective purpose set forth herein and that this application—shall be aggregated with such applications for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on each respective subject, but shall not be aggregated with any other applications on any other subject; and be it further

Resolved, That the State of California intends that this application shall constitute a continuing application, considered together with any applications on the respective subject that other states have adopted or may in the future adopt, until such time as two-thirds of the several states have applied for a convention and said convention is convened by Congress; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate, and to each Senator and Representative from California in the Congress of the United States.

POM-93. A concurrent resolution adopted by the Legislature of the State of Michigan urging the United States Congress, Department of Defense, and Department of Veterans Affairs to prioritize research and investment in non-technology treatment options for servicemembers and veterans who have psychological trauma as a result of military service; to the Committee on Veterans' Affairs.

HOUSE CONCURRENT RESOLUTION NO. 5

Whereas, The men and women who voluntarily sign-up to serve our nation in the United States Armed Forces, and the additional uniformed services, generally do so

with an understanding that such service may ultimately impact their physical and mental well-being. Even with this knowledge, they still answer the call to serve; and

Whereas Members of the active-duty Air Force, Coast Guard, Marine Corps, Navy, and Space Force, and their reserve components the Army and Air National Guard, may have experiences that increase the risk for developing behavioral health problems, including traumatic brain injury, post-traumatic stress disorder, and depression. Effective treatment options for these conditions vary from servicemember to servicemember, and

Whereas, Upon return from a deployment, members of the reserve components and the National Guard are demobilized and must reintegrate back into civilian life, while simultaneously losing access to the full range of services offered by the military health system and having to emotionally deal with the same experiences as their active-duty counterparts; and

Whereas, Non-technology treatment options, such as buddy-to-buddy programs, controlled use of psychedelics in clinical settings, outdoor therapy, and easier access to service animals, among others, have shown promise to help veterans improve their mental health and find a new normal while dealing with the invisible wounds of war and service; and

Whereas, The families of servicemembers must also not be forgotten, and resources should be made available to help them understand and assist their loved ones who may be suffering from psychological trauma. Family members of servicemembers or veterans with behavioral health problems may experience family violence and aggression, lower parenting satisfaction, and child behavior problems. Resources should include services that will help family members deal with the impacts of their family members' service; and

Whereas, The need to address veteran mental health is of key importance in Michigan. In 2021, it was reported that there were 554,281 veterans living in Michigan, making Michigan rank eleventh out of fifty-three states and territories in veteran population. However, between 2016 and 2020, it was reported that there were 882 Michigan veterans who died by suicide; now, therefore, be it

Resolved by the House of Representatives (The Senate Concurring). That we urge the United States Congress Department of Defense, and Department of Veterans Affairs to prioritize research and investment in non-technology treatment options for servicemembers and veterans who have psychological trauma as a result of military service; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, the Chair and Ranking Members of the Committees on Veterans Affairs and Armed Services, and the members of the Michigan congressional delegation.

POM-94. A petition from citizens of the State of Massachusetts relative to urging the United States Congress to act expeditiously to enact legislation relative to comprehensive immigration reform and, in doing so, help resolve the dual crises of a dysfunctional immigration system and a rapidly-developing domestic workforce shortage; to the Committee on the Judiciary.

POM-95. A resolution adopted by the City Council of the City of Elizabeth, New Jersey, opposing the use of public and private property in the City of Elizabeth for the purposes of the federal government detaining immigrants awaiting due process; to the Committee on the Judiciary.
