Agenda47: President Trump's Plan to Dismantle the Deep State and Return Power to the American People

March 21, 2023

President Donald J. Trump announced a bold plan to return power back to the American people by cleaning out the Deep State, firing rogue bureaucrats and career

its political enemies simply because of their political or religious beliefs.

PRESIDENT TRUMP'S PLAN TO SHATTER THE DEEP STATE AND RETURN POWER TO THE AMERICAN PEOPLE

"I will shatter the Deep State, and restore government that is controlled by the People." - President Donald J. Trump

CLEAN OUT THE DEEP STATE: President Trump has announced a ten-point plan to dismantle the deep state and reclaim our democracy from Washington corruption:

- 1.** On Day One, re-issue 2020 executive order restoring the president's authority to fire rogue bureaucrats.
- 2.** Overhaul federal departments and agencies, firing all of the corrupt actors in our National Security and Intelligence apparatus.
- 3.** Fundamentally reform the FISA courts, ensuring that corruption is rooted out.
- 4.** Establish a Truth and Reconciliation Commission to declassify and publish all documents on Deep State spying, censorship, and abuses of power.
- 5.** Launch a major crackdown on government leakers who collude with the media to create false narratives, pressing criminal charges when appropriate.
- 6.** Make every Inspector General's Office independent from the departments they oversee, so that they do not become protectors of the deep state.
- 7.** Establish an independent auditing system to continually monitor our intelligence agencies to ensure that they are not spying on our citizens or running disinformation campaigns against the American people.
- 8.** Continue Trump administration effort to move parts of the federal bureaucracy outside of the Washington Swamp, just like President Trump moved the Bureau of

9. Ban federal bureaucrats from taking jobs at the regulate, such as Big Pharma.

10. Push for a constitutional amendment to impose term limits on members of Congress.

FIRE ROGUE BUREAUCRATS AND CAREER POLITICIANS: President Trump’s plan will ensure that federal bureaucrats and politicians are held accountable to the American people.

Currently, removing corrupt or poor-performing federal workers is time consuming and cumbersome. Firing underperforming employees **takes** a year or longer, and is often completely impossible.

One study **found** that over a ten-year period, federal employees were fired at a rate of less than one in one thousand per year.

Additionally, Congressional term limits are necessary to curb the **rise** of career politicians—the reelection **rate** for House members is 94% and over the past half century has not fallen below 80%. The re-election rate for the Senate in 2022 was 100% and has not fallen below 75% since 1982.

TARGET GOVERNMENT CORRUPTION: President Trump’s plan targets the corruption that has plagued our federal government and harmed Americans.

The Biden administration has weaponized the FBI and DOJ to target conservatives, Christians, and their political enemies.

A leaked and since-withdrawn FBI memo recently **revealed** that FBI agents were likening traditional Catholics to “domestic terrorists.”

Bureaucrats from the **FBI** and **DHS** directly colluded with social media companies during the 2020 election to censor Americans’ speech.

The FISA Court process was corrupted by the Obama-Biden administration. In the leadup to the 2016 election, the FISA court issued r [CONTRIBUTE](#) sp [SHOP](#) members of the Trump campaign that were later declared invalid by the Justice Department Inspector General because the FBI **made** “material misstatements” in obtaining them.

The Justice Department’s Inspector General **found** that in their applications for FISA warrants, the FBI made 17 significant “errors” and “omissions.”

The Justice Department’s Inspector General found that the “central” piece of evidence the FISA warrants relied on was opposition research from the Clinton campaign.

An FBI lawyer admitted that he **forged** an email in an attempt to ensure that the Obama-Biden administration’s spying on the Trump campaign through FISA warrants could continue.

TRANSCRIPT

Here's my plan to dismantle the deep state and reclaim our democracy from Washington corruption once and for all, and corruption it is.

First, I will immediately re-issue my 2020 Executive Order restoring the President's authority to remove rogue bureaucrats. And I will wield that power very aggressively.

Second, we will clean out all of the corrupt actors in our National Security and Intelligence apparatus, and there are plenty of them. The departments and agencies that have been weaponized will be completely overhauled so that faceless bureaucrats will never again be able to target and persecute conservatives, Christians, or the left's political enemies, which they're doing now at a level that nobody can believe even possible.

Third, we will totally reform FISA courts which are so corrupt that the judges seemingly do not care when they are lied to in warrant applications. So many judges

Fourth, to expose the hoaxes and abuses of power that have been tearing our country apart, we will establish a Truth and Reconciliation Commission and publish all documents on Deep State spying, censorship, and corruption, and there are plenty of them.

Fifth, we will launch a major crackdown on government leakers who collude with the fake news to deliberately weave false narratives and to subvert our government and our democracy. When possible, we will press criminal charges.

Sixth, we will make every Inspector General's Office independent and physically separated from the departments they oversee so they do not become the protectors of the Deep State.

Seventh, I will ask Congress to establish an independent auditing system to continually monitor our intelligence agencies to ensure they are not spying on our citizens or running disinformation campaigns against the American people, or that they are not spying on someone's campaign like they spied on my campaign.

Eighth, we will continue the effort launched by the Trump administration to move parts of the sprawling federal bureaucracy to new locations outside the Washington Swamp. Just as I moved the Bureau of Land Management to Colorado, as many as 100,000 government positions can be moved out. And I mean immediately out of Washington to places filled with patriots who love America, and they really do love America.

Ninth, I will work to ban federal bureaucrats from taking jobs at the companies they deal with and that they regulate. So they deal with these companies and they regulate these companies and then they want to take jobs from these companies. Doesn't work that way—such a public display cannot go on and it's taking place all the time, like with Big Pharma.

Finally, I will push a constitutional amendment to impose term limits on members of Congress.

Thank you very much.
