IN THE HOUSE OF REPRESENTATIVES

APRIL 7, 2025

Mr. KRISHNAMOORTHI (for himself, Mr. KHANNA, Ms. NORTON, Mr. TONKO, Mr. SOTO, and Ms. SHERRILL) introduced the following bill; which was referred to the Committee on Education and Workforce

A BILL

To amend the Elementary and Secondary Education Act of 1965 to establish a grant program that will support efforts at the State level to establish anti-bullying task forces to study, address, and reduce bullying in elementary and secondary schools, and for other purposes.

1 *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “STOP Bullying Act”.

5 SEC. 2. FINDINGS.

6 The Congress finds the following:

1 (1) Nearly 1-in-5 K–12 students have reported
2 being bullied at school, accounting for more than
3 10,000,000 students across the country.

4 (2) Since most instances of bullying take place
5 on school grounds, school staff and teachers play an
6 instrumental role in bullying prevention.

7 (3) According to the NCES, 68 percent of
8 grade 6–12 students who are bullied face repeated
9 incidents over multiple days, and many have re-
10 ported negative impacts on their physical health as
11 a result of being bullied at school.

12 (4) Research shows that engaged educators who
13 are supportive of all students help to reduce the
14 overall presence of bullying and harassment on
15 school grounds.

16 (5) Marginalized students face high rates of
17 bullying, with studies showing that 71 percent of
18 Jewish families have experienced antisemitism at
19 school, 78 percent of Sikh students have been bullied
20 at school, 83 percent of LGBTQ+ students have
21 been harassed or assaulted at school, and 44 percent
22 of teenagers with developmental disabilities have
23 been bullied at school.

1 (6) Hostile school environments have a detri-
2 mental effect on the academic success and health of
3 students.

4 (7) 56 percent of bullying incidents are never
5 reported to an adult, inhibiting school systems in ad-
6 dressing hostile environments and supporting the
7 well-being of all students.

8 (8) Governments and educators in every State
9 have a responsibility to ensure State and local edu-
10 cation systems have processes in place for students
11 to be able to learn in a safe environment, regardless
12 of their actual or perceived race, color, national ori-
13 gin, sex, disability, sexual orientation, gender iden-
14 tity, or religion.
