

119TH CONGRESS
1ST SESSION

H. R. 3684

To amend titles XVIII and XIX of the Social Security Act to provide for enhanced payments to rural health care providers under the Medicare and Medicaid programs, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JUNE 3, 2025

Mr. GRAVES (for himself and Ms. BUDZINSKI) introduced the following bill; which was referred to the Committee on Ways and Means, and in addition to the Committees on Energy and Commerce, and the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend titles XVIII and XIX of the Social Security Act to provide for enhanced payments to rural health care providers under the Medicare and Medicaid programs, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Save America’s Rural Hospitals Act”.

6 (b) FINDINGS.—Congress finds the following:

1 (1) More than 60,000,000 individuals in rural
2 areas of the United States rely on rural hospitals
3 and other providers as critical access points to
4 health care.

5 (2) Access to health care is essential to commu-
6 nities that Americans living in rural areas call home.

7 (3) Americans living in rural areas are older,
8 poorer, and sicker than Americans living in urban
9 areas.

10 (4) As of May 1, 2025, 151 rural hospitals have
11 closed in the United States, according to the Univer-
12 sity of North Carolina's Cecil G. Sheps Center for
13 Health Services Research, and the rate of these clo-
14 sures is increasing.

15 (5) Four hundred and thirty-two hospitals are
16 operating at margins similar to those that have
17 closed over the past decade. Of those, 216 are con-
18 sidered most vulnerable to closure.

19 (6) Rural Medicare beneficiaries already face a
20 number of challenges when trying to access health
21 care services close to home, including the weather,
22 geography, and cultural, social, and language bar-
23 riers.

1 (7) Approximately sixty percent of all primary
2 care health professional shortage areas are located
3 in rural areas.

4 (8) Seniors living in rural areas are forced to
5 travel significant distances for care.

6 (9) On average, trauma victims in rural areas
7 must travel twice as far as victims in urban areas
8 to the closest hospital, and, as a result, 60 percent
9 of trauma deaths occur in rural areas, even though
10 only 20 percent of Americans live in rural areas.

11 (10) With the 432 hospitals on the brink of clo-
12 sure, millions of Americans living in rural areas are
13 on the brink of losing access to the closest emer-
14 gency room.
