SEC. 102. (a) No appropriation or funds made available or authority granted pursuant to section 101 for the Department of Defense shall be used for:

- (1) the new production of items not funded for production in fiscal year 2025 or prior years;
- (2) the increase in production rates above those sustained with fiscal year 2025 funds; or
- (3) the initiation, resumption, or continuation of any project, activity, operation, or organization (defined as any project, subproject, activity, budget activity, program element, and subprogram within a program element, and for any investment items defined as a P–1 line item in a budget activity

within an appropriation account and an R-1 line item that includes a program element and subprogram element within an appropriation account) for which appropriations, funds, or other authority were not available during fiscal year 2025.

(b) No appropriation or funds made available or authority granted pursuant to section 101 for the Department of Defense shall be used to initiate multi-year procurements utilizing advance procurement funding for economic order quantity procurement unless specifically appropriated later.
