

119TH CONGRESS
1ST SESSION

H. R. 5511

To direct the Federal Trade Commission to require impact assessments of certain algorithms, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 19, 2025

Ms. CLARKE of New York (for herself, Ms. BALINT, Ms. BARRAGÁN, Mr. BELL, Ms. BROWN, Mr. DAVIS of Illinois, Mr. DELUZIO, Mr. EVANS of Pennsylvania, Mr. FIGURES, Mrs. FOUSHÉE, Mr. GARCÍA of Illinois, Ms. NORTON, Mr. HUFFMAN, Mr. JACKSON of Illinois, Ms. JACOBS, Ms. JAYAPAL, Ms. KELLY of Illinois, Ms. LEE of Pennsylvania, Mrs. RAMIREZ, Ms. TLAIB, Mr. VEASEY, and Ms. WILSON of Florida) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To direct the Federal Trade Commission to require impact assessments of certain algorithms, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “Algorithmic Account-
5 ability Act of 2025”.

6 SEC. 2. DEFINITIONS.

7 In this Act:

1 (1) BIOMETRICS.—The term “biometrics”
2 means any information that represents a biological,
3 physiological, or behavioral attribute or feature of a
4 consumer.

5 (2) CHAIR.—The term “Chair” means the
6 Chair of the Commission.

7 (3) COMMISSION.—The term “Commission”
8 means the Federal Trade Commission.

9 (4) CONSUMER.—The term “consumer” means
10 an individual.

11 (5) COVERED ALGORITHM.—The term “covered
12 algorithm” means a computational process derived
13 from machine learning, natural language processing,
14 artificial intelligence techniques, or other computa-
15 tional processing techniques of similar or greater
16 complexity, that, with respect to a consequential ac-
17 tion—

18 (A) creates or facilitates the creation of a
19 product or information;

20 (B) promotes, recommends, ranks, or oth-
21 erwise affects the display or delivery of informa-
22 tion that is material to the consequential action;

23 (C) makes a decision; or

24 (D) facilitates human decision making.

25 (6) COVERED ENTITY.—

(A) IN GENERAL.—The term “covered entity” means any person, partnership, or corporation over which the Commission has jurisdiction under section 5(a)(2) of the Federal Trade Commission Act (15 U.S.C. 45(a)(2))—

6 (i) that deploys any covered algo-
7 rithm;

(I) had greater than \$50,000,000 in average annual gross receipts or is deemed to have greater than \$250,000,000 in equity value for the 3-taxable-year period (or for the period during which the person, partnership, or corporation has been in existence, if such period is less than 3 years) preceding the most recent fiscal year, as determined in accordance with paragraphs (2) and (3) of section 448(c) of the Internal Revenue Code of 1986;

(II) possesses, manages, modifies, handles, analyzes, controls, or otherwise uses identifying information about more than 1,000,000 consumers, households, or consumer de-

vices for the purpose of developing or
deploying any covered algorithm; or

3 (III) is substantially owned, oper-
4 ated, or controlled by a person, part-
5 nership, or corporation that meets the
6 requirements under subclause (I) or
7 (II);

8 (ii) that—

(I) had greater than \$5,000,000 in average annual gross receipts or is deemed to have greater than \$25,000,000 in equity value for the 3-taxable-year period (or for the period during which the person, partnership, or corporation has been in existence, if such period is less than 3 years) preceding the most recent fiscal year, as determined in accordance with paragraphs (2) and (3) of section 448(c) of the Internal Revenue Code of 1986; and

22 (II) deploys any covered algo-
23 rithm that is developed for implemen-
24 tation or use, or that the person, part-
25 nership, or corporation reasonably ex-

1 pects to be implemented or used by
2 any person, partnership, or corpora-
3 tion if such person, partnership, or
4 corporation meets the requirements
5 described in clause (i); or
6 (iii) that met the criteria described in
7 clause (i) or (ii) within the previous 3
8 years.

9 (B) INFLATION ADJUSTMENT.—For pur-
10 poses of applying this paragraph in any fiscal
11 year after the first fiscal year that begins on or
12 after the date of enactment of this Act, each of
13 the dollar amounts specified in subparagraph
14 (A) shall be increased by the percentage in-
15 crease (if any) in the consumer price index for
16 all urban consumers (U.S. city average) from
17 such first fiscal year that begins after such date
18 of enactment to the fiscal year involved.

19 (7) CRITICAL DECISION.—The term “critical
20 decision” means a decision or judgment that has any
21 legal, material, or similarly significant effect on a
22 consumer’s life relating to access to or the cost,
23 terms, or availability of—

- (A) education and vocational training, including assessment, accreditation, or certification;
 - (B) employment, workers management, or self-employment;
 - (C) essential utilities, such as electricity, heat, water, internet or telecommunications access, or transportation;
 - (D) family planning, including adoption services or reproductive services;
 - (E) financial services, including any financial service provided by a mortgage company, mortgage broker, or creditor;
 - (F) healthcare, including mental healthcare, dental, or vision;
 - (G) housing or lodging, including any rental or short-term housing or lodging;
 - (H) legal services, including private arbitration or mediation; or
 - (I) any other service, program, or opportunity decisions about which have a comparably legal, material, or similarly significant effect on a consumer's life as determined by the Commission through rulemaking.

1 (8) DEPLOY.—The term “deploy” means to im-
2 plement, use, or make available for sale, license, or
3 other commercial relationship.

4 (9) DEVELOP.—The term “develop” means to
5 design, code, produce, customize, or otherwise create
6 or modify.

7 (10) IDENTIFYING INFORMATION.—The term
8 “identifying information” means any information,
9 regardless of how the information is collected, in-
10 ferred, predicted, or obtained that identifies or rep-
11 resents a consumer, household, or consumer device
12 through data elements or attributes, such as name,
13 postal address, telephone number, biometrics, email
14 address, internet protocol address, social security
15 number, or any other identifying number, identifier,
16 or code.

17 (11) IMPACT ASSESSMENT.—The term “impact
18 assessment” means the ongoing study and evalua-
19 tion of a covered algorithm and its impact on con-
20 sumers.

21 (12) STATE.—The term “State” means each of
22 the 50 States, the District of Columbia, and any ter-
23 ritory or possession of the United States.

24 (13) SUMMARY REPORT.—The term “summary
25 report” means documentation of a subset of infor-

1 mation required to be addressed by the impact as-
2 sessment as described in this Act or determined ap-
3 propriate by the Commission.

4 (14) THIRD-PARTY DECISION RECIPIENT.—The
5 term “third-party decision recipient” means any per-
6 son, partnership, or corporation (beyond the con-
7 sumer and the covered entity) that receives a copy
8 of or has access to the results of any decision or
9 judgment that results from a covered entity’s deploy-
10 ment of a covered algorithm.

11 **SEC. 3. ASSESSING THE IMPACT OF COVERED ALGO-**
12 **RITHMS.**

13 (a) ACTS PROHIBITED.—

14 (1) IN GENERAL.—It is unlawful for—
15 (A) any covered entity to violate a regula-
16 tion promulgated under subsection (b); or
17 (B) any person to knowingly provide sub-
18 stantial assistance to any covered entity in vio-
19 lating subsection (b).

20 (2) PREEMPTION OF PRIVATE CONTRACTS.—It
21 shall be unlawful for any covered entity to commit
22 the acts prohibited in paragraph (1), regardless of
23 specific agreements between entities or consumers.

24 (b) REGULATIONS.—

14 (A) require each covered entity to perform
15 impact assessment of any covered algorithm—

22 (ii) both prior to and after deployment
23 by the covered entity;

(B) require each covered entity to maintain documentation of any impact assessment per-

1 formed under subparagraph (A), including the
2 applicable information described in section 4(a)
3 for 3 years longer than the duration of time for
4 which the covered algorithm is deployed;

5 (C) require each person, partnership, or
6 corporation that meets the requirements de-
7 scribed in section 2(6)(A)(i) to disclose their
8 status as a covered entity to any person, part-
9 nership, or corporation that sells, licenses, or
10 otherwise provides through a commercial rela-
11 tionship any covered algorithm deployed by the
12 covered entity;

13 (D) require each covered entity to submit
14 to the Commission, on an annual basis, a sum-
15 mary report for ongoing impact assessment of
16 any deployed covered algorithm;

17 (E) require each covered entity to submit
18 an initial summary report to the Commission
19 for any new covered algorithm prior to its de-
20 ployment by the covered entity;

21 (F) allow any person, partnership, or cor-
22 poration over which the Commission has juris-
23 diction under section 5(a)(2) of the Federal
24 Trade Commission Act (15 U.S.C. 45(a)(2))
25 that deploys any covered algorithm, but is not

1 a covered entity, to submit to the Commission
2 a summary report for any impact assessment
3 performed with respect to such algorithm;

4 (G) require each covered entity, in per-
5 forming the impact assessment described in
6 subparagraph (A), to the extent possible, to
7 meaningfully consult (including through
8 participatory design, independent auditing, or
9 soliciting or incorporating feedback) with rel-
10 evant internal stakeholders (such as employees,
11 ethics teams, and responsible technology teams)
12 and independent external stakeholders (such as
13 representatives of and advocates for impacted
14 groups, civil society and advocates, and tech-
15 nology experts) as frequently as necessary;

16 (H) require each covered entity to attempt
17 to eliminate or mitigate, in a timely manner,
18 any impact made by a covered algorithm that
19 demonstrates a likely material negative impact
20 that has legal or similarly significant effects on
21 a consumer's life;

22 (I) establish definitions for—
23 (i) what constitutes “access to or the
24 cost, terms, or availability of” with respect
25 to a critical decision;

5 (iii) the different categories of third-
6 party decision recipients that a covered en-
7 tity must document under section 5(1)(H);
8 and

15 (J) establish guidelines for any person,
16 partnership, or corporation to calculate the
17 number of consumers, households, or consumer
18 devices for which the person, partnership, or
19 corporation possesses, manages, modifies, or
20 controls identifying information for the purpose
21 of determining covered entity status;

22 (K) establish guidelines for a covered enti-
23 ty to prioritize different covered algorithms de-
24 ployed by the covered entity for performing im-
25 pact assessment; and

(L) establish a required format for any summary report, as described in subparagraphs (D), (E), and (F), to ensure that such reports are submitted in an accessible and machine-readable format.

(2) CONSIDERATIONS.—In promulgating the regulations under paragraph (1), the Commission—

8 (A) shall take into consideration—

23 (iv) the benefits of standardizing and
24 structuring summary reports for compara-
25 tive analysis compared with the benefits of

1 less-structured narrative reports to provide
2 detail and flexibility in reporting;

3 (v) that summary reports submitted
4 by different covered entities may contain
5 different fields according to the require-
6 ments established by the Commission, and
7 the Commission may allow or require sub-
8 mission of incomplete reports;

9 (vi) that existing data privacy and
10 other regulations may inhibit a covered en-
11 tity from storing or sharing certain infor-
12 mation; and

13 (vii) that a covered entity may require
14 information from other persons, partner-
15 ships, or corporations that develop any cov-
16 ered algorithm by the covered entity for
17 the purpose of performing impact assess-
18 ment; and

19 (B) may develop specific requirements for
20 impact assessments and summary reports for
21 particular—

22 (i) categories of critical decisions, as
23 described in subparagraphs (A) through (I)
24 of section 2(7) or any subcategory devel-
25 oped by the Commission; and

(ii) stages of development and deployment of a covered algorithm.

7 SEC. 4. REQUIREMENTS FOR COVERED ENTITY IMPACT AS-

8 SESSMENT.

(a) REQUIREMENTS FOR IMPACT ASSESSMENT.—In performing any impact assessment required under section 3(b)(1) for a covered algorithm, a covered entity shall do the following, to the extent possible, as applicable to such covered entity as determined by the Commission:

(A) a description of the baseline process being enhanced or replaced by the covered algorithm;

(B) any known harm, shortcoming, failure
case, or material negative impact on consumers

1 of the previously existing process used to make
2 the critical decision;

3 (C) the intended benefits of and need for
4 the covered algorithm; and
5 (D) the intended purpose of the covered al-
6 gorithm.

7 (2) Identify and describe any consultation with
8 relevant stakeholders as required by section
9 3(b)(1)(G), including by documenting—

10 (A) the points of contact for the stake-
11 holders who were consulted;

12 (B) the date of any such consultation; and

13 (C) information about the terms and proc-
14 ess of the consultation, such as—

15 (i) the existence and nature of any
16 legal or financial agreement between the
17 stakeholders and the covered entity;

18 (ii) any data, system, design, scenario,
19 or other document or material the stake-
20 holder interacted with; and

21 (iii) any recommendations made by
22 the stakeholders that were used to modify
23 the development or deployment of the cov-
24 ered algorithm, as well as any rec-

1 ommendations not used and the rationale
2 for such nonuse.

3 (3) In accordance with any relevant National
4 Institute of Standards and Technology or other Fed-
5 eral Government best practices and standards, per-
6 form ongoing testing and evaluation of the privacy
7 risks and privacy-enhancing measures of the covered
8 algorithm, such as—

9 (A) assessing and documenting the data
10 minimization practices of such algorithm and
11 the duration for which the relevant identifying
12 information and any resulting critical decision
13 is stored;

14 (B) assessing the information security
15 measures in place with respect to such algo-
16 rithm, including any use of privacy-enhancing
17 technology such as federated learning, differen-
18 tial privacy, secure multi-party computation, de-
19 identification, or secure data enclaves based on
20 the level of risk; and

21 (C) assessing and documenting the current
22 and potential future or downstream positive and
23 negative impacts of such algorithm on the pri-
24 vacy, safety, or security of consumers and their
25 identifying information.

1 (4) Perform ongoing testing and evaluation of
2 the current and historical performance of the cov-
3 ered algorithm using measures such as
4 benchmarking datasets, representative examples
5 from the covered entity's historical data, and other
6 standards, including by documenting—

7 (A) a description of what is deemed suc-
8 cessful performance and the methods and tech-
9 nical and business metrics used by the covered
10 entity to assess performance;

11 (B) a review of the performance of such al-
12 gorithm under test conditions or an explanation
13 of why such performance testing was not con-
14 ducted;

15 (C) a review of the performance of such al-
16 gorithm under deployed conditions or an expla-
17 nation of why performance was not reviewed
18 under deployed conditions;

19 (D) a comparison of the performance of
20 such algorithm under deployed conditions to
21 test conditions or an explanation of why such a
22 comparison was not possible;

23 (E) an evaluation of any differential per-
24 formance associated with consumers' race,
25 color, sex, gender, age, disability, religion, fam-

1 ily status, socioeconomic status, or veteran sta-
2 tus, and any other characteristics the Commis-
3 sion deems appropriate (including any combina-
4 tion of such characteristics) for which the cov-
5 ered entity has information, including a descrip-
6 tion of the methodology for such evaluation and
7 information about and documentation of the
8 methods used to identify such characteristics in
9 the data (such as through the use of proxy
10 data, including ZIP Codes); and

11 (F) if any subpopulations were used for
12 testing and evaluation, a description of which
13 subpopulations were used and how and why
14 such subpopulations were determined to be of
15 relevance for the testing and evaluation.

16 (5) Support and perform ongoing training and
17 education for all relevant employees, contractors, or
18 other agents regarding any documented material
19 negative impacts on consumers from similar covered
20 algorithms and any improved methods of developing
21 or performing an impact assessment for such algo-
22 rithm based on industry best practices and relevant
23 proposals and publications from experts, such as ad-
24 vocates, journalists, and academics.

1 (6) Assess the need for and possible develop-
2 ment of any guard rail for or limitation on certain
3 uses or applications of the covered algorithm, includ-
4 ing whether such uses or applications ought to be
5 prohibited or otherwise limited through any terms of
6 use, licensing agreement, or other legal agreement
7 between entities.

8 (7) Maintain and keep updated documentation
9 of any data or other input information used to de-
10 velop, test, maintain, or update the covered algo-
11 rithm, including—

12 (A) how and when such data or other
13 input information was sourced and, if applica-
14 ble, licensed, including information such as—

15 (i) metadata and information about
16 the structure and type of data or other
17 input information, such as the file type,
18 the date of the file creation or modifica-
19 tion, and a description of data fields;

20 (ii) an explanation of the methodology
21 by which the covered entity collected, in-
22 ferred, or obtained the data or other input
23 information and, if applicable, labeled, cat-
24 egorized, sorted, or clustered such data or
25 other input information, including whether

1 such data or other input information was
2 labeled, categorized, sorted, or clustered
3 prior to being collected, inferred, or ob-
4 tained by the covered entity; and

5 (iii) whether and how consumers pro-
6 vided informed consent for the inclusion
7 and further use of data or other input in-
8 formation about themselves and any limita-
9 tions stipulated on such inclusion or fur-
10 ther use;

11 (B) why such data or other input informa-
12 tion was used and what alternatives were ex-
13 plored; and

14 (C) other information about the data or
15 other input information, such as—

16 (i) the representativeness of the
17 dataset and how this factor was measured,
18 including any assumption about the dis-
19 tribution of the population on which the
20 covered algorithm is deployed; and

21 (ii) the quality of the data, how the
22 quality was evaluated, and any measure
23 taken to normalize, correct, or clean the
24 data.

25 (8) Evaluate the rights of consumers, such as—

(A) by assessing the extent to which the covered entity provides consumers with—

(ii) a mechanism for opting out of such use;

(B) by assessing the transparency and explainability of such algorithm and the degree to which a consumer may contest, correct, or appeal a decision or opt out of such algorithm, including—

1 consumer with respect to such algorithm;

2 and

3 (iii) the process and outcome of any
4 remediation measure taken by the covered
5 entity to address the concerns of or harms
6 to consumers; and

7 (C) by describing the extent to which any
8 third-party decision recipient receives a copy of
9 or has access to the results of such algorithm
10 and the category of such third-party decision
11 recipient, as defined by the Commission in sec-
12 tion 3(b)(1)(I)(iii).

13 (9) Identify any likely material negative impact
14 of the covered algorithm on consumers and assess
15 any applicable mitigation strategy, such as by—

16 (A) identifying and measuring any likely
17 material negative impact of the algorithm on
18 consumers, including documentation of the
19 steps taken to identify and measure such im-
20 pact;

21 (B) documenting any steps taken to elimi-
22 nate or reasonably mitigate any likely material
23 negative impact identified, including steps such
24 as removing the algorithm from the market or
25 terminating its development;

(C) with respect to the likely material negative impacts identified, documenting which such impacts were left unmitigated and the rationale for the inaction, including details about the justifying non-discriminatory, compelling interest and why such interest cannot be satisfied by other means (such as where there is an equal, zero-sum trade-off between impacts on 2 or more consumers or where the required mitigating action would violate civil rights or other laws); and

12 (D) documenting standard protocols or
13 practices used to identify, measure, mitigate, or
14 eliminate any likely material negative impact on
15 consumers and how relevant teams or staff are
16 informed of and trained about such protocols or
17 practices.

(A) the date of any testing, deployment, licensure, or other significant milestones; and

(B) points of contact for any team, business unit, or similar internal stakeholder that was involved.

(A) performance, including accuracy, robustness, and reliability;

12 (B) fairness, including bias and non-
13 discrimination;

14 (C) transparency, explainability,
15 contestability, and opportunity for recourse;

16 (D) privacy and security;

17 (E) personal and public safety;

18 (F) efficiency and timeliness;

19 (G) cost; or

(H) any other area determined appropriate by the Commission.

22 (12) Document any of the impact assessment
23 requirements described in paragraphs (1) through
24 (11) that were attempted but were not possible to
25 comply with because they were infeasible, as well as

1 the corresponding rationale for not being able to
2 comply with such requirements, which may in-
3 clude—

4 (A) the absence of certain information
5 about a covered algorithm developed by other
6 persons, partnerships, and corporations;

7 (B) the absence of certain information
8 about how clients, customers, licensees, part-
9 ners, and other persons, partnerships, or cor-
10 porations are deploying a covered algorithm;

11 (C) a lack of demographic or other data
12 required to assess differential performance be-
13 cause such data is too sensitive to collect, infer,
14 or store; or

15 (D) a lack of certain capabilities, including
16 technological innovations, that would be nec-
17 essary to conduct such requirements.

18 (13) Perform and document any other ongoing
19 study or evaluation determined appropriate by the
20 Commission.

21 (b) RULE OF CONSTRUCTION.—Nothing in this Act
22 should be construed to limit any covered entity from add-
23 ing other criteria, procedures, or technologies to improve
24 the performance of an impact assessment of their covered
25 algorithm.

1 (c) NONDISCLOSURE OF IMPACT ASSESSMENT.—
2 Nothing in this Act should be construed to require a cov-
3 ered entity to share with or otherwise disclose to the Com-
4 mission or the public any information contained in an im-
5 pact assessment performed in accordance with this Act,
6 except for any information contained in the summary re-
7 port required under subparagraph (D) or (E) of section
8 3(b)(1).

9 SEC. 5. REQUIREMENTS FOR SUMMARY REPORTS TO THE
10 COMMISSION.

11 The summary report that a covered entity is required
12 to submit under subparagraph (D) or (E) of section
13 3(b)(1) for any covered algorithm shall, to the extent pos-
14 sible—

15 (1) contain information from the impact assess-
16 ment of such algorithm, as applicable, including—

17 (A) the name, website, and point of con-
18 tact for the covered entity:

(A) through (I) of section 2(7);

(C) the covered entity's intended purpose for the covered algorithm;

(D) an identification of any stakeholders consulted by the covered entity as required by section 3(b)(1)(G) and documentation of the existence and nature of any legal agreements between the stakeholders and the covered entity;

(E) documentation of the testing and evaluation of the covered algorithm, including—

(i) the methods and technical and business metrics used to assess the performance of such algorithm and a description of what metrics are deemed successful performance;

(ii) the results of any assessment of the performance of such algorithm and a comparison of the results of any assessment under test and deployed conditions; and

(iii) an evaluation of any differential performance of such algorithm assessed during the impact assessment;

(F) any publicly stated guard rail for or limitation on certain uses or applications of the covered algorithm, including whether such uses or applications ought to be prohibited or otherwise limited through any terms of use, licensing

1 agreement, or other legal agreement between
2 entities;

3 (G) documentation about the data or other
4 input information used to develop, test, main-
5 tain, or update the covered algorithm includ-
6 ing—

7 (i) how and when the covered entity
8 sourced such data or other input informa-
9 tion; and

10 (ii) why such data or other input in-
11 formation was used and what alternatives
12 were explored;

13 (H) documentation of whether and how the
14 covered entity implements any transparency or
15 explainability measures, including—

16 (i) which categories of third-party de-
17 cision recipients receive a copy of or have
18 access to the results of any decision or
19 judgment that results from such algorithm;
20 and

21 (ii) any mechanism by which a con-
22 sumer may contest, correct, or appeal a de-
23 cision or opt out of such algorithm, includ-
24 ing the corresponding website for such
25 mechanism, where applicable;

(I) any likely material negative impact on consumers identified by the covered entity and a description of the steps taken to remediate or mitigate such impact;

(J) a list of any impact assessment requirements that were attempted but were not possible to comply with because they were infeasible, as well as the corresponding rationale for not being able to comply with such requirements; and

(K) any additional capabilities, tools, standards, datasets, security protocols, improvements to stakeholder engagement, or other resources identified by an impact assessment as necessary or beneficial to improve the performance of impact assessment or the development and deployment of any covered algorithm that the covered entity determines appropriate to share with the Commission;

(2) include, in addition to the information required under paragraph (1), any relevant additional information from section 4(a) the covered entity chooses to share with the Commission;

24 (3) follow any format or structure requirements
25 specified by the Commission; and

1 (4) include additional criteria that are essential
2 for the purpose of consumer protection, as deter-
3 mined by the Commission.

4 **SEC. 6. REPORTING; PUBLICLY ACCESSIBLE REPOSITORY.**

5 (a) ANNUAL REPORT.—Not later than 1 year after
6 the effective date described in section 3(b)(3), and annu-
7 ally thereafter, the Commission shall publish publicly on
8 the website of the Commission a report describing and
9 summarizing the information from the summary reports
10 submitted under subparagraph (D), (E), or (F) of section
11 3(b)(1) that—

12 (1) is accessible and machine readable in ac-
13 cordance with the 21st Century Integrated Digital
14 Experience Act (44 U.S.C. 3501 note); and

15 (2) describes broad trends, aggregated statis-
16 tics, and anonymized lessons learned about per-
17 forming impact assessments of covered algorithms,
18 for the purposes of updating guidance related to im-
19 pact assessments and summary reporting, oversight,
20 and making recommendations to other regulatory
21 agencies.

22 (b) PUBLICLY ACCESSIBLE REPOSITORY.—

23 (1) IN GENERAL.—

24 (A) ESTABLISHMENT.—

(i) DEVELOPMENT.—Not later than 180 days after the Commission promulgates the regulations required under section 3(b)(1), the Commission shall develop a publicly accessible repository designed to publish a limited subset of the information about each covered algorithm for which the Commission received a summary report under subparagraph (D), (E), or (F) of section 3(b)(1) in order to facilitate consumer protection.

(ii) PUBLICATION.—Not later than 180 days after the effective date described in section 3(b)(3), the Commission shall make the repository publicly accessible.

(B) PURPOSE.—The purposes of the repository established under subparagraph (A) are—

21 (i) to inform consumers about the use
22 of covered algorithms;
23 (ii) to allow researchers and advocates
24 to study the use of covered algorithms; and

(iii) to ensure compliance with the requirements of this Act.

6 (i) how to provide consumers with
7 pertinent information regarding covered al-
8 gorithms while minimizing any potential
9 commercial risk to any covered entity of
10 providing such information;

11 (ii) what information, if any, to in-
12 clude regarding the specific covered algo-
13 rithms deployed;

19 (iv) how to streamline the submission
20 of summary reports under subparagraph
21 (D), (E), or (F) of section 3(b)(1) to allow
22 the Commission to efficiently populate in-
23 formation into the repository to minimize
24 or eliminate any burden on the Commis-
25 sion.

4 (i) be publicly available and easily dis-
5 coverable on the website of the Commis-
6 sion;

21 (iv) be in accordance with user experi-
22 ence and accessibility best practices such
23 as those described in the 21st Century In-
24 tegrated Digital Experience Act (44 U.S.C.
25 3501 note);

(v) include a limited subset of infor-

mation from the summary reports, as ap-

3 plicable, under subparagraph (D), (E), or

(F) of section 3(b)(1) that includes—

(I) the identity of the covered en-

ty that submitted such summary re-

port, including any link to the website

of the covered entity;

(II) the specific critical decision

that the covered algorithm makes,

along with the category of the critical

decision;

(III) any publicly stated prohib-

ited applications of the covered algo-

rithm, including whether such prohibi-

tion is enforced through any terms of

use, licensing agreement, or other

legal agreement between entities;

(IV) to the extent possible, the

sources of any data used to develop,

test, maintain, or update the covered

algorithm;

(V) to the extent possible, the

type of technical and business metrics

1 used to assess the performance of the
2 covered algorithm when deployed; and

3 (VI) the link to any web page
4 with instructions or other information
5 related to a mechanism by which a
6 consumer may contest, correct, or ap-
7 peal a decision or opt out of the cov-
8 ered algorithm; and

9 (vi) include information about design,
10 use, and maintenance of the repository, in-
11 cluding—

12 (I) how frequently the repository
13 is updated;

14 (II) the date of the most recent
15 such update;

16 (III) the types of information
17 from the summary reports submitted
18 under subparagraph (D), (E), or (F)
19 of section 3(b)(1) that are and are not
20 included in the repository; and

21 (IV) any other information about
22 the design, use, and maintenance the
23 Commission determines is—

24 (aa) relevant to consumers
25 and researchers; or

(bb) essential for consumer
education and recourse.

4 There are authorized to be appropriated to the Com-
5 mission such sums as are necessary to carry out this
6 subsection.

**7 SEC. 7. GUIDANCE AND TECHNICAL ASSISTANCE; OTHER
8 REQUIREMENTS.**

9 (a) GUIDANCE AND TECHNICAL ASSISTANCE FROM
10 THE COMMISSION.—

(1) IN GENERAL.—The Commission shall publish guidance on how to meet the requirements of sections 4 and 5, including resources such as documentation templates and guides for meaningful consultation, that is developed by the Commission after consultation with the Director of the National Institute of Standards and Technology, the Director of the National Artificial Intelligence Initiative, the Director of the Office of Science and Technology Policy, and other relevant stakeholders, including standards bodies, private industry, academia, technology experts, and advocates for civil rights, consumers, and impacted communities.

(2) ASSISTANCE IN DETERMINING COVERED ENTITY STATUS.—In addition to the guidance required under paragraph (1), the Commission shall—

12 (b) OTHER REQUIREMENTS.—

(3) REVIEW BY NIST AND OSTP.—The Commission shall make available, in a private and secure manner, to the Director of the National Institute of Standards and Technology, the Director of the Office of Science and Technology Policy, and the head of any Federal agency with relevant regulatory jurisdiction over a covered algorithm any summary report submitted under subparagraph (D), (E), or (F) of section 3(b)(1) for review in order to develop future standards or regulations.

11 SEC. 8. RESOURCES AND AUTHORITIES.

12 (a) BUREAU OF TECHNOLOGY.—

13 (1) ESTABLISHMENT.—

(B) DUTIES.—The Bureau shall engage in activities that include:

24 (I) preparing, conducting, facilit-
25 ating, managing, or otherwise ena-

bling studies, workshops, audits, community participation opportunities, or other similar activities; and

(II) any other assistance deemed appropriate by the Commission or Chair.

(ii) Aiding or advising the Commission with respect to the enforcement of this Act.

(iii) Providing technical assistance to any enforcement bureau within the Commission with respect to the investigation and trial of cases.

16 (3) STAFF.—

(A) APPOINTMENTS.—

1 and social sciences, product management,
2 software engineering, machine learning,
3 statistics, or other related fields to enable
4 the Bureau to perform its duties.

5 (ii) MINIMUM APPOINTMENTS.—Not
6 later than 2 years after the date of enact-
7 ment of this Act, the Chair shall appoint
8 not less than 50 personnel.

9 (B) EXCEPTED SERVICE.—The personnel
10 appointed in accordance with subparagraph (A)
11 may be appointed to positions described in sec-
12 tion 213.3102(r) of title 5, Code of Federal
13 Regulations.

14 (4) AUTHORIZATION OF APPROPRIATIONS.—
15 There are authorized to be appropriated to the Com-
16 mission such sums as are necessary to carry out this
17 subsection.

18 (b) ADDITIONAL PERSONNEL IN THE BUREAU OF
19 CONSUMER PROTECTION.—

20 (1) ADDITIONAL PERSONNEL.—Notwith-
21 standing any other provision of law, the Chair may,
22 without regard to the civil service laws (including
23 regulations), appoint 25 additional personnel to the
24 Division of Enforcement of the Bureau of Consumer
25 Protection.

1 (2) AUTHORIZATION OF APPROPRIATIONS.—

2 There are authorized to be appropriated to the Com-
3 mission such sums as are necessary to carry out this
4 subsection.

5 (c) ESTABLISHMENT OF AGREEMENTS OF COOPERA-

6 TION.—The Commission shall negotiate agreements of co-
7 operation, as needed, with any relevant Federal agency
8 with respect to information sharing and enforcement ac-
9 tions taken regarding the development or deployment of
10 a covered algorithm to make a critical decision. Such
11 agreements shall include procedures for determining which
12 agency shall file an action and providing notice to the non-
13 filing agency, where feasible, prior to initiating a civil ac-
14 tion to enforce any Federal law within such agencies' ju-
15 risdictions regarding the development or deployment of a
16 covered algorithm to make a critical decision by a covered
17 entity.

18 **SEC. 9. ENFORCEMENT.**

19 (a) ENFORCEMENT BY THE COMMISSION.—

20 (1) UNFAIR OR DECEPTIVE ACTS OR PRAC-
21 TICES.—A violation of this Act or a regulation pro-
22 mulgated thereunder shall be treated as a violation
23 of a rule defining an unfair or deceptive act or prac-
24 tice under section 18(a)(1)(B) of the Federal Trade
25 Commission Act (15 U.S.C. 57a(a)(1)(B)).

1 (2) POWERS OF THE COMMISSION.—

2 (A) IN GENERAL.—The Commission shall
3 enforce this Act and the regulations promul-
4 gated under this Act in the same manner, by
5 the same means, and with the same jurisdic-
6 tion, powers, and duties as though all applicable
7 terms and provisions of the Federal Trade
8 Commission Act (15 U.S.C. 41 et seq.) were in-
9 corporated into and made a part of this Act.

10 (B) PRIVILEGES AND IMMUNITIES.—Any
11 person who violates this Act or a regulation
12 promulgated thereunder shall be subject to the
13 penalties and entitled to the privileges and im-
14 munities provided in the Federal Trade Com-
15 mission Act (15 U.S.C. 41 et seq.).

16 (C) AUTHORITY PRESERVED.—Nothing in
17 this Act shall be construed to limit the author-
18 ty of the Commission under any other provi-
19 sion of law.

20 (D) RULEMAKING.—The Commission shall
21 promulgate in accordance with section 553 of
22 title 5, United States Code, such additional
23 rules as may be necessary to carry out this Act.

24 (b) ENFORCEMENT BY STATES.—

1 (1) IN GENERAL.—If the attorney general of a
2 State has reason to believe that an interest of the
3 residents of the State has been or is being threat-
4 ened or adversely affected by a practice that violates
5 this Act or a regulation promulgated thereunder, the
6 attorney general of the State may, as parens patriae,
7 bring a civil action on behalf of the residents of the
8 State in an appropriate district court of the United
9 States to obtain appropriate relief.

10 (2) RIGHTS OF COMMISSION.—

11 (A) NOTICE TO COMMISSION.—

12 (i) IN GENERAL.—Except as provided
13 in clause (iii), the attorney general of a
14 State, before initiating a civil action under
15 paragraph (1), shall provide written notifi-
16 cation to the Commission that the attorney
17 general intends to bring such civil action.

18 (ii) CONTENTS.—The notification re-
19 quired under clause (i) shall include a copy
20 of the complaint to be filed to initiate the
21 civil action.

22 (iii) EXCEPTION.—If it is not feasible
23 for the attorney general of a State to pro-
24 vide the notification required under clause
25 (i) before initiating a civil action under

1 paragraph (1), the attorney general shall
2 notify the Commission immediately upon
3 instituting the civil action.

4 (B) INTERVENTION BY COMMISSION.—The
5 Commission may—

6 (i) intervene in any civil action
7 brought by the attorney general of a State
8 under paragraph (1); and

9 (ii) upon intervening—

10 (I) be heard on all matters arising
11 in the civil action; and

12 (II) file petitions for appeal of a
13 decision in the civil action.

14 (3) INVESTIGATORY POWERS.—Nothing in this
15 subsection may be construed to prevent the attorney
16 general of a State from exercising the powers con-
17 ferred on the attorney general by the laws of the
18 State to conduct investigations, to administer oaths
19 or affirmations, or to compel the attendance of wit-
20 nesses or the production of documentary or other
21 evidence.

22 (4) VENUE; SERVICE OF PROCESS.—

23 (A) VENUE.—Any action brought under
24 paragraph (1) may be brought in—

(B) SERVICE OF PROCESS.—In an action brought under paragraph (1), process may be served in any district in which—

(5) ACTIONS BY OTHER STATE OFFICIALS.—

(B) SAVINGS PROVISION.—Nothing in this subsection may be construed to prohibit an authorized official of a State from initiating or

1 continuing any proceeding in a court of the
2 State for a violation of any civil or criminal law
3 of the State.

4 **SEC. 10. COORDINATION.**

5 In carrying out this Act, the Commission shall coordi-
6 nate with any appropriate Federal agency or State regu-
7 lator to promote consistent regulatory treatment of cov-
8 ered algorithms.

9 **SEC. 11. NO PREEMPTION.**

10 Nothing in this Act may be construed to preempt any
11 State, tribal, city, or local law, regulation, or ordinance.
