

119TH CONGRESS  
1ST SESSION

# H. R. 5630

To amend the Public Health Service Act to require additional information in State plans for Substance Use Prevention, Treatment, and Recovery Services block grants.

---

## IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 30, 2025

Mrs. HOUCHIN introduced the following bill; which was referred to the  
Committee on Energy and Commerce

---

## A BILL

To amend the Public Health Service Act to require additional information in State plans for Substance Use Prevention, Treatment, and Recovery Services block grants.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. STATE PLAN REQUIREMENTS FOR SUBSTANCE**  
4                       **USE PREVENTION, TREATMENT, AND RECOV-**  
5                       **ERY SERVICES BLOCK GRANTS.**

6       Section 1932(b)(1)(A) of the Public Health Service  
7       Act (42 U.S.C. 300x–32(b)(1)(A)) is amended—

8               (1) in clause (ix), by striking “and” at the end;

1           (2) in clause (x), by striking the period at the  
2           end and inserting “; and”; and

3           (3) by adding at the end the following:

4                   “(xi) describes—

5                           “(I) the types of drugs available  
6                           for the purpose of medication-assisted  
7                           treatment within the State’s system of  
8                           care;

9                           “(II) the State’s medication-as-  
10                          sisted treatment programs or proto-  
11                          cols used for diversion and misuse  
12                          prevention and enforcement;

13                          “(III) the State’s data on any  
14                          misuse of drugs used for medication-  
15                          assisted treatment, including in-  
16                          stances of medication-assisted treat-  
17                          ment being mixed with other prescrip-  
18                          tion drugs; and

19                          “(IV) the State’s data on any  
20                          drug screening protocols within the  
21                          State’s system of care, including any  
22                          specific protocols for drug screening  
23                          patients who receive medication-as-  
24                          sisted treatment.”.
