**3 SEC. 3. FINDINGS.**

4 Congress finds the following:

5 (1) The Black Lung Benefits Act (30 U.S.C.  
6 901 et seq.) was enacted to provide health care and  
7 modest benefits to coal miners who develop pneumo-  
8 coniosis (referred to in this section as "black lung

1 disease") resulting from exposure to coal dust during  
2 their employment. Yet, the determination of a  
3 claimant's eligibility for these benefits often requires  
4 complex, adversarial litigation. Resource disparities  
5 between coal companies and such claimants are  
6 widespread within the statutory and regulatory  
7 framework. Comprehensive reforms are necessary to  
8 ensure that coal miners and their survivors can get  
9 access to the workers compensation benefits they are  
10 entitled to receive and are not at a disadvantage  
11 when filing claims for benefits.

12 (2) The Government Accountability Office has  
13 found that many claimants under the Black Lung  
14 Benefits Act are not equipped with the medical and  
15 legal resources necessary to develop evidence to meet  
16 the requirements for benefits. Without better options  
17 for legal representation, significant numbers of such  
18 claimants proceed with their claims through a com-  
19 plex and potentially long administrative process  
20 without resources that Department of Labor officials  
21 and black lung disease experts note are important  
22 for developing evidence and supporting their claims.  
23 Only 42 percent of claimants are represented by an  
24 attorney during the initial claims determination. Ab-  
25 sent efforts to remedy administrative problems and

1 address structural weaknesses in the process for ob-  
2 taining benefits, claimants with meritorious claims  
3 will not receive benefits. Reforms are necessary to  
4 help miners and their survivors access legal rep-  
5 resentation.

6 (3) Contrary to the intent of Congress, benefits  
7 payments under the Black Lung Benefits Act do not  
8 automatically increase with the rising cost of living.  
9 Benefit payments are tied to the monthly pay rate  
10 for Federal employees in grade GS-2, step 1. In  
11 multiple fiscal years between 2010 and the enact-  
12 ment of this Act, there was a pay freeze for Federal  
13 employees, which had the effect of eliminating cost-  
14 of-living adjustments for miners, surviving spouses,  
15 and dependents under the Black Lung Benefits Act  
16 during such years. Reforms are needed to ensure  
17 that benefits are not eroded due to inflation and are  
18 brought up to date to keep up with the cost of liv-  
19 ing.

20 (4) Congress intended for coal companies to  
21 have primary responsibility for benefits due to black  
22 lung disease acquired by their workers. However, be-  
23 cause many companies have self-insured their obliga-  
24 tions without proper collateral available and subse-  
25 quently defaulted on those obligations, too many

1 former workers have had to rely on the public Black  
2 Lung Disability Trust Fund as a backstop. Reforms  
3 are needed to ensure that companies are prepared to  
4 meet their primary responsibilities and that their  
5 plans for self-insurance are fiscally sound.

6 (5) Black lung disease has been the underlying  
7 or contributing cause of death of more than 78,000  
8 miners since 1968. After decades of decline, the inci-  
9 dence of coal miners with black lung disease is on  
10 the rise, recently reaching levels not seen in 25  
11 years. According to the National Institute for Occu-  
12 pational Safety and Health, miners are developing  
13 advanced cases of the disease at younger ages. In re-  
14 sponse, the Department of Labor took important  
15 steps to combat the disease, including promulgating  
16 a rule in 2014 that reduced the allowed concentra-  
17 tion of coal dust and addressed weaknesses in the  
18 dust sampling system. Retrospective studies should  
19 be continued to determine whether revisions to the  
20 standards are necessary to eliminate the disease.  
21 The Mine Safety and Health Administration of the  
22 Department of Labor has made clear its intent to  
23 issue rules around respirable crystalline silica. In the  
24 interim, the Mine Safety and Health Administration  
25 launched an enforcement initiative to protect miners

1 from the health hazards of respirable crystalline sili-  
2 ca. Under this initiative, the Mine Safety and Health  
3 Administration will conduct inspections on silica  
4 hazards and expand silica sampling at mines. The  
5 Mine Safety and Health Administration will also  
6 provide mine operators with compliance assistance  
7 and best practices to limit miners' exposure to harm-  
8 ful silica dust.

## 9 **TITLE I—BLACK LUNG BENEFITS**

### 10 **PART A—IMPROVING THE PROCESS FOR FILING**

#### 11 **AND ADJUDICATING CLAIMS FOR BENEFITS**

#### 12 **SEC. 101. PROVIDING ASSISTANCE WITH CLAIMS FOR MIN-**

#### 13 **ERS AND THEIR DEPENDENT FAMILY MEM- 14 BERS.**

15 Section 427(a) of the Black Lung Benefits Act (30  
16 U.S.C. 937(a)) is amended by striking “the analysis, ex-  
17 amination, and treatment” and all that follows through  
18 “coal miners.” and inserting “the analysis, examination,  
19 and treatment of respiratory and pulmonary impairments  
20 in active and inactive coal miners and for assistance on  
21 behalf of miners, spouses, dependents, and other family  
22 members with claims arising under this title.”.

1 **SEC. 102. CLARIFYING ELIGIBILITY FOR BLACK LUNG BEN-**2 **EFITS.**3 Section 411(c) of the Black Lung Benefits Act (30  
4 U.S.C. 921(c)) is amended by striking paragraph (3) and  
5 inserting the following:6 “(3)(A) If x-ray, CT scan, biopsy, autopsy, or  
7 other medically accepted and relevant test or proce-  
8 dure establishes that a miner is suffering or has suf-  
9 fered from a chronic dust disease of the lung, diag-  
10 nosed as complicated pneumoconiosis or progressive  
11 massive fibrosis (as determined in accordance with  
12 subparagraph (B)), then there shall be an  
13 irrebuttable presumption that such miner is totally  
14 disabled due to pneumoconiosis, that the miner’s  
15 death was due to pneumoconiosis, or that at the  
16 time of death the miner was totally disabled by  
17 pneumoconiosis, as the case may be.18 “(B) For purposes of subparagraph (A), com-  
19 plicated pneumoconiosis or progressive massive fi-  
20 brosis can be established by any of the following:21 “(i) A chest radiograph, which yields one  
22 or more large opacities whose greatest diameter  
23 exceeds 1 centimeter and would be classified in  
24 Category A, B, or C in the International Classi-  
25 fication of Radiographs of Pneumoconioses by  
26 the International Labour Organization, in the

1                   absence of more probative evidence sufficient to  
2                   establish that the etiology of the large opacity  
3                   is not pneumoconiosis.

4                   “(ii) A chest CT scan, which yields one or  
5                   more large opacities whose greatest diameter  
6                   exceeds 1 centimeter, in the absence of more  
7                   probative evidence sufficient to establish that  
8                   the etiology of the large opacity is not pneumo-  
9                   coniosis.

10                  “(iii) A lung biopsy or autopsy, which  
11                  would yield a lesion at least 1 centimeter in its  
12                  long axis diameter if measured at the time of  
13                  gross dissection.

14                  “(iv) A diagnosis by other means that  
15                  would reasonably be expected to yield results  
16                  described in clause (i), (ii), or (iii).”.

17 **SEC. 103. DEVELOPMENT OF MEDICAL EVIDENCE BY THE**  
18                   **SECRETARY.**

19                  Part C of the Black Lung Benefits Act (30 U.S.C.  
20 931 et seq.) is amended by adding at the end the fol-  
21 lowing:

22 **“SEC. 435. DEVELOPMENT OF MEDICAL EVIDENCE BY THE**  
23                   **SECRETARY.**

24                  “(a) COMPLETE PULMONARY EVALUATION.—Upon  
25 request by a claimant for benefits under this title, the Sec-

1     retary shall provide the claimant an opportunity to sub-  
2     stantiate the claim through a complete pulmonary evalua-  
3     tion of the miner that shall include—

4                 “(1) an initial report, conducted by a qualified  
5     physician on the list provided under subsection (e),  
6     and in accordance with subsection (e)(5) and sec-  
7     tions 402(f)(1)(D) and 413(b); and

9     met, any supplemental medical evidence described in  
10    subsection (d).

11                 “(b) AUTHORIZING CHEST SCANS.—In diagnosing  
12    whether there is complicated pneumoconiosis as a part of  
13    the complete pulmonary evaluation conducted under sub-  
14    section (a), the Secretary shall authorize a high-quality,  
15    low-dose or standard computerized tomography scan  
16    where any or a combination of the following is found:

17                 “(1) Any certified B reader of a chest  
18    radiograph associated with an exam conducted under  
19    section 413(b) finds pneumoconiosis (IL0 category  
20    2/1 or greater).

21                 “(2) Any certified B reader of a chest  
22    radiograph associated with an exam conducted under  
23    section 413(b) finds a coalescence of small opacities.

1       “(c) CONDITIONS FOR SUPPLEMENTAL MEDICAL  
2 EVIDENCE.—The Secretary shall develop supplemental  
3 medical evidence, in accordance with subsection (d)—

4           “(1) for any claim in which the Secretary rec-  
5 ommends an award of benefits based on the results  
6 of the initial report under subsection (a)(1) and a  
7 party opposing such award submits evidence that  
8 could be considered contrary to the findings of the  
9 Secretary; and

10          “(2) for any compensation case under this title  
11 heard by an administrative law judge, in which—

12           “(A) the Secretary has awarded benefits to

14           “(B) the party opposing such award has  
15 submitted evidence not previously reviewed that  
16 could be considered contrary to the award  
17 under subparagraph (A); and

18           “(C) the claimant or, if the claimant is  
19 represented by an attorney, the claimant’s at-  
20 torney consents to the Secretary developing  
21 supplemental medical evidence.

22          “(d) PROCESS FOR SUPPLEMENTAL MEDICAL EVI-  
23 DENCE.—

24           “(1) IN GENERAL.—Except as provided under  
25 paragraph (2), to develop supplemental medical evi-

1       dence under conditions described in subsection (c),  
2       the Secretary shall request the physician who con-  
3       ducted the initial report under subsection (a)(1)  
4       to—

5               “(A) review any medical evidence sub-  
6       mitted after such report or the most recent sup-  
7       plemental report, as appropriate; and

8               “(B) update his or her opinion in a supple-  
9       mental report.

10       “(2) ALTERNATIVE PHYSICIAN.—If such physi-  
11       cian is no longer available or is unwilling to provide  
12       supplemental medical evidence under paragraph (1),  
13       the Secretary shall select another qualified physician  
14       from the list provided pursuant to subsection (e) to  
15       provide such evidence.

16       “(e) QUALIFIED PHYSICIANS FOR COMPLETE PUL-  
17       MONARY EVALUATION AND PROTECTIONS FOR SUIT-

19       “(1) QUALIFIED PHYSICIANS LIST.—The Sec-  
20       retary shall create and maintain a list of qualified  
21       physicians to be selected by a claimant to perform  
22       the complete pulmonary evaluation described in sub-  
23       section (a).

1           “(2) PUBLIC AVAILABILITY.—The Secretary  
2 shall make the list under this subsection available to  
3 the public.

4           “(3) ANNUAL EVALUATION.—Each year, the  
5 Secretary shall update such list by reviewing the  
6 suitability of the listed qualified physicians and as-  
7 sessing any potential conflicts of interest.

8           “(4) CRITERIA FOR SUITABILITY.—The Sec-  
9 retary shall include on the list under this subsection  
10 only those physicians whom the Secretary deter-  
11 mines are qualified, capable, and willing to provide  
12 credible opinions consistent with the premises under-  
13 lying this Act. In determining whether a physician  
14 is suitable to be on such list, the Secretary shall con-  
15 sult the National Practitioner Data Bank of the De-  
16 partment of Health and Human Services and assess  
17 reports of adverse licensure, certifications, hospital  
18 privilege, and professional society actions involving  
19 the physician. In no case shall such list include any  
20 physician—

7               “(5) CONFLICTS OF INTEREST.—The Secretary  
8               shall develop and implement policies and procedures  
9               to ensure that any actual or potential conflict of in-  
10               terest of qualified physicians on the list under this  
11               subsection, including both individual and organiza-  
12               tional conflicts of interest, are disclosed to the De-  
13               partment, and to provide such disclosure to claim-  
14               ants. Such policies and procedures shall provide that  
15               a physician shall not be used to perform a complete  
16               pulmonary medical evaluation under subsection (a)  
17               that is reimbursed pursuant to subsection (g), if—

18               “(A) such physician is employed by, under  
19               contract to, or otherwise providing services to a  
20               private party opposing the claim, a law firm or  
21               lawyer representing such opposing party, or an  
22               interested insurer or other interested third  
23               party; or

24               “(B) such physician has been retained by  
25               a private party opposing the claim, a law firm

1           or lawyer representing such opposing party, or  
2           an interested insurer or other interested third

8           “(g) EXPENSES.—All expenses related to obtaining  
9           the medical evidence under this section shall be paid for  
10          by the fund. If a claimant receives a final award of bene-  
11          fits, the operator liable for payment of benefits, if any,  
12          shall reimburse the fund for such expenses, which shall  
13          include interest.”.

14       5 years, or both.

15              “(c) PROMPT INVESTIGATION.—The United States  
16       Attorney for the district in which the conduct described

2       ing in any proceeding, under this title.

3           “(2) ATTORNEY DISQUALIFICATION.—In addi-  
4       tion to the disqualification described in paragraph  
5       (1), the Secretary may disqualify an attorney from  
6       representing any party in any administrative pro-  
7       ceeding under this title for either a limited term or  
8       permanently, if the attorney—

9           “(A) engages in any action or behavior  
10       that is prejudicial to the fair and orderly con-  
11       duct of such proceeding; or

12           “(B) is suspended or disbarred by any  
13       court of the United States, any State, or any  
14       territory, commonwealth, or possession of the  
15       United States with jurisdiction over the pro-  
16       ceeding.

17           “(e) DISCOVERY SANCTIONS.—An administrative law  
18       judge may sanction a party who fails to comply with an  
19       order to compel discovery or disclosure, or to supplement  
20       earlier responses, in a proceeding under this title. These  
21       sanctions may include, as appropriate—

22           “(1) drawing an adverse inference against the  
23       noncomplying party on the facts relevant to the dis-  
24       covery or disclosure order;

1           “(2) limiting the noncomplying party’s claims,  
2        defenses, or right to introduce evidence; and

3           “(3) rendering a default decision against the  
4        noncomplying party.

5           “(f) REGULATIONS.—The Secretary shall promulgate  
6        a proposed rule not later than 180 days after the date  
7        of enactment of this Act and a final rule not later than  
8        18 months after such date of enactment, that—

9           “(1) provides procedures for the disqualifica-  
10        tions and sanctions under this section and is appro-  
11        priate for all parties; and

12           “(2) distinguishes between parties that are rep-  
13        resented by an attorney and parties that are not  
14        represented by an attorney.”.

15 **SEC. 105. READJUDICATING CASES INVOLVING CERTAIN**  
16           **CHEST RADIOGRAPHS.**

17        Part C of the Black Lung Benefits Act (30 U.S.C.  
18 931 et seq.), as amended by section 103, is further amend-  
19 ed by adding at the end the following:

23           “(1) COVERED CHEST RADIOGRAPH.—The term  
24        ‘covered chest radiograph’ means a chest radiograph  
25        that was interpreted as negative for simple pneumo-

1       coniosis, complicated pneumoconiosis, or progressive  
2       massive fibrosis by a physician with respect to whom  
3       the Secretary has directed, in writing and after an  
4       evaluation by the Secretary, that such physician's  
5       negative interpretations of chest radiographs not be  
6       credited, except where subsequently determined to be  
7       credible by the Secretary in evaluating a claim for  
8       benefits under this title.

9               “(2) COVERED INDIVIDUAL.—The term ‘cov-  
10       ered individual’ means an individual whose record  
11       for a claim for benefits under this title includes a

14       survivor’ means an individual who—

15                       “(A) is a survivor of a covered individual  
16       whose claim under this Act was still pending at  
17       the time of the covered individual’s death; and

18                       “(B) continued to seek an award with re-  
19       spect to the covered individual’s claim after the  
20       covered individual’s death.

11           “(1) MINER’S CLAIM.—If a claim, filed under  
12 subsection (b) and adjudicated under subsection (c)  
13 as a miner’s claim, results in an award of benefits,  
14 benefits shall be payable beginning with the month  
15 of the filing of the denied claim that had included  
16 in its record a covered chest radiograph.

17           “(2) SURVIVOR’S CLAIM.—If a claim, filed
