

119TH CONGRESS
1ST SESSION

H. RES. 871

Recognizing the service of all District of Columbia veterans, condemning the denial of voting representation in Congress and full local self-government for veterans and their families who are District of Columbia residents, and calling for statehood for the District of Columbia through the enactment of the Washington, D.C. Admission Act (H.R. 51 and S. 51), particularly in light of the service of District of Columbia veterans in every American war.

IN THE HOUSE OF REPRESENTATIVES

NOVEMBER 10, 2025

Ms. NORTON submitted the following resolution; which was referred to the Committee on Oversight and Government Reform, and in addition to the Committees on Rules, Armed Services, the Judiciary, Energy and Commerce, and Veterans' Affairs, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

RESOLUTION

Recognizing the service of all District of Columbia veterans, condemning the denial of voting representation in Congress and full local self-government for veterans and their families who are District of Columbia residents, and calling for statehood for the District of Columbia through the enactment of the Washington, D.C. Admission Act (H.R. 51 and S. 51), particularly in light of the service of District of Columbia veterans in every American war.

Whereas, on November 11, our Nation observes Veterans Day, a Federal holiday commemorating the men and women who served in the military;

Whereas the service and sacrifice of all American veterans must be recognized;

Whereas the service of the approximately 30,000 veterans who are District of Columbia residents is unparalleled because they served without voting representation in Congress and full local self-government;

Whereas residents of the District of Columbia fought to create the United States, fighting for the Revolutionary War slogan of “no taxation without representation”, and have served in every war fought by the United States since;

Whereas 635 District of Columbia residents were casualties of World War I, a casualty figure greater than that of 3 different States during that war;

Whereas 3,575 District of Columbia residents were casualties of World War II, a casualty figure greater than that of 4 different States during that war;

Whereas 547 District of Columbia residents were casualties of the Korean war, a casualty figure greater than that of 8 different States during that war;

Whereas 243 District of Columbia residents were casualties of the Vietnam war, a casualty figure greater than that of 10 different States during that war;

Whereas almost 200,000 District of Columbia residents have served in the military since World War I;

Whereas residents of the District of Columbia, including active duty servicemembers, National Guard members, reservists, and veterans continue to be denied voting rep-

resentation in the House of Representatives and the Senate, as well as full local self-government;

Whereas the Washington, D.C. Admission Act (H.R. 51 and S. 51) would grant full and equal voting rights in Congress as well as unimpeded democratic control over local affairs to the District of Columbia by making it the 51st State; and

Whereas, on June 26, 2020, and April 22, 2021, the House of Representatives passed the Washington, D.C. Admission Act, the only two times in history the D.C. statehood bill has been passed by either chamber of Congress: Now, therefore, be it

1 *Resolved*, That the House of Representatives recog-
 2 nizes the service of all District of Columbia veterans, con-
 3 demns the denial of voting representation in Congress and
 4 full local self-government for veterans and their families
 5 who are District of Columbia residents, and calls for state-
 6 hood for the District of Columbia through the enactment
 7 of the Washington, D.C. Admission Act (H.R. 51 and S.
 8 51), particularly in light of the service of District of Co-
 9 lumbia veterans in every American war.
