

119TH CONGRESS  
1ST SESSION

# S. 1584

To prohibit Federal agencies from considering, in taking any action, the social cost of carbon, the social cost of methane, the social cost of nitrous oxide, or the social cost of any other greenhouse gas, and for other purposes.

---

IN THE SENATE OF THE UNITED STATES

MAY 1, 2025

Mr. LANKFORD introduced the following bill; which was read twice and referred to the Committee on Homeland Security and Governmental Affairs

---

## A BILL

To prohibit Federal agencies from considering, in taking any action, the social cost of carbon, the social cost of methane, the social cost of nitrous oxide, or the social cost of any other greenhouse gas, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-  
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Transparency and  
5 Honesty in Energy Regulations Act of 2025”.

6 **SEC. 2. DEFINITIONS.**

7       In this Act:

1                     (1) FEDERAL AGENCY.—The term “Federal  
2 agency” has the meaning given the term “agency”  
3 in section 551 of title 5, United States Code.

4                     (2) SOCIAL COST OF CARBON.—The term “so-  
5 cial cost of carbon” means—

6                         (A) the estimate of the social cost of car-  
7 bon described in—

8                             (i) the document of the Interagency  
9 Working Group on Social Cost of Carbon,  
10 United States Government, entitled “Tech-  
11 nical Support Document: Social Cost of  
12 Carbon for Regulatory Impact Analysis  
13 Under Executive Order 12866” and dated  
14 February 2010;

15                             (ii) the document of the Interagency  
16 Working Group on Social Cost of Green-  
17 house Gases, United States Government,  
18 entitled “Technical Support Document: So-  
19 cial Cost of Carbon, Methane, and Nitrous  
20 Oxide Interim Estimates under Executive  
21 Order 13990” and dated February 2021;

22                             (iii) the document of the Interagency  
23 Working Group on Social Cost of Green-  
24 house Gases, United States Government,  
25 entitled “Technical Support Document:

1           Technical Update of the Social Cost of  
2           Carbon for Regulatory Impact Analysis  
3           Under Executive Order 12866”, dated  
4           May 2013, revised in November 2013 and  
5           July 2015, and published and revised in  
6           August 2016;

7           (iv) the document of the Environmental  
8           Protection Agency entitled “Regulatory Impact Analysis for the New Source  
9           Performance Standards for Greenhouse Gas Emissions from New, Modified, and  
10          Reconstructed Fossil Fuel-Fired Electric Generating Units; Emission Guidelines for  
11          Greenhouse Gas Emissions from Existing Fossil Fuel-Fired Electric Generating  
12          Units; and Repeal of the Affordable Clean Energy Rule” and dated April 2024;

13          (v) the document of the Environmental  
14          Protection Agency entitled “Regulatory Impact Analysis for the Final Federal Good Neighbor Plan Addressing Regional Ozone Transport for the 2015 Ozone National Ambient Air Quality Standard” and dated March 2023;

(vi) the document of the Environmental Protection Agency entitled “Regulatory Impact Analysis for the Final National Emission Standards for Hazardous Air Pollutants: Coal- and Oil-Fired Electric Utility Steam Generating Units Review of the Residual Risk and Technology Review” and dated April 2024;

(vii) the document of the Environmental Protection Agency entitled “Benefit and Cost Analysis for Supplemental Effluent Limitations Guidelines and Standards for the Steam Electric Power Generating Point Source Category” and dated April 18, 2024; or

(viii) any successor or substantially related document; and

(B) any other estimate of the monetized damages associated with an incremental increase in carbon dioxide emissions in a given year.

### (3) SOCIAL COST OF GREENHOUSE GASES.—

The term “social cost of greenhouse gases” means—

(A) the estimate of the social cost of any greenhouse gas that is described in—

(i) the document of the Interagency Working Group on Social Cost of Carbon, United States Government, entitled “Technical Support Document: Social Cost of Carbon for Regulatory Impact Analysis Under Executive Order 12866” and dated February 2010;

(ii) the document of the Interagency Working Group on Social Cost of Greenhouse Gases, United States Government, entitled “Technical Support Document: Technical Update of the Social Cost of Carbon for Regulatory Impact Analysis Under Executive Order 12866”, dated May 2013, revised in November 2013 and July 2015, and published and revised in August 2016;

(iii) the document of the Interagency Working Group on Social Cost of Greenhouse Gases, United States Government, entitled “Addendum to Technical Support Document on Social Cost of Carbon for Regulatory Impact Analysis under Executive Order 12866: Application of the Methodology to Estimate the Social Cost of

1                   Methane and the Social Cost of Nitrous  
2                   Oxide” and dated August 2016;

3                   (iv) the document of the Interagency  
4                   Working Group on Social Cost of Green-  
5                   house Gases, United States Government,  
6                   entitled “Technical Support Document: So-  
7                   cial Cost of Carbon, Methane, and Nitrous  
8                   Oxide Interim Estimates under Executive  
9                   Order 13990” and dated February 2021;

10                  or

11                  (v) any successor or substantially re-  
12                  lated document; and

13                  (B) any other estimate of the monetized  
14                  damages associated with an incremental in-  
15                  crease in greenhouse gas emissions in a given  
16                  year.

17                  (4) SOCIAL COST OF METHANE.—The term “so-  
18                  cial cost of methane” means—

19                  (A) the estimate of the social cost of meth-  
20                  ane described in—

21                  (i) the document of the Interagency  
22                  Working Group on Social Cost of Green-  
23                  house Gases, United States Government,  
24                  entitled “Addendum to Technical Support  
25                  Document on Social Cost of Carbon for

1                   Regulatory Impact Analysis under Execu-  
2                   tive Order 12866: Application of the Meth-  
3                   odology to Estimate the Social Cost of  
4                   Methane and the Social Cost of Nitrous  
5                   Oxide” and dated August 2016;

6                         (ii) the document of the Interagency  
7                   Working Group on Social Cost of Green-  
8                   house Gases, United States Government,  
9                   entitled “Technical Support Document: So-  
10                  cial Cost of Carbon, Methane, and Nitrous  
11                  Oxide Interim Estimates under Executive  
12                  Order 13990” and dated February 2021;

13                         (iii) the document of the Environ-  
14                  mental Protection Agency entitled “Benefit  
15                  and Cost Analysis for Supplemental Efflu-  
16                  ent Limitations Guidelines and Standards  
17                  for the Steam Electric Power Generating  
18                  Point Source Category” and dated April  
19                  18, 2024; or

20                         (iv) any successor or substantially re-  
21                  lated document; and

22                         (B) any other estimate of the monetized  
23                  damages associated with an incremental in-  
24                  crease in methane emissions in a given year.

## (5) SOCIAL COST OF NITROUS OXIDE.—The

term “social cost of nitrous oxide” means—

(A) the estimate of the social cost of ni-

trous oxide described in—

(i) the document of the Interagency

## Working Group on Social Cost of Carbon,

United States Government, entitled "Ad-

## **dendum to Technical Support Document**

## on Social Cost of Carbon for Regulatory

## Impact Analysis under Executive Order

## 12866: Application of the Methodology to

## Estimate the Social Cost of Methane and

the Social Cost of Nitrous Oxide" and

dated August 2016;

(ii) the document of the Interagency

# Working Group on Social Cost of Carbon,

United States Government, entitled "Tech-

## Technical Support Document: Social Cost of

Carbon, Methane, and Nitrous Oxide In-

## terim Estimates under Executive Order

13990" and dated February 2021; or

(iii) any other successor or substanc-

tially related document; and

(B) any other estimate of the monetized

damages associated with an incremental in-

1           crease in nitrous oxide emissions in a given  
2           year.

3   **SEC. 3. PROHIBITION ON CONSIDERING THE SOCIAL COST**  
4           **OF GREENHOUSE GASES, INCLUDING THE SO-**  
5           **CIAL COST OF CARBON, THE SOCIAL COST OF**  
6           **METHANE, AND THE SOCIAL COST OF NI-**  
7           **TROUS OXIDE.**

8       The head of a Federal agency may not consider the  
9   social cost of carbon, the social cost of methane, the social  
10   cost of nitrous oxide, or the social cost of greenhouse  
11   gases—

12           (1) as part of any cost-benefit or cost-effective-  
13   ness analysis required under—

14           (A) any law;  
15           (B) Executive Order 12866 (5 U.S.C. 601  
16   note; relating to regulatory planning and re-  
17   view); or

18           (C) Executive Order 13563 (5 U.S.C. 601  
19   note; relating to improving regulation and regu-  
20   latory review);

21           (2) in any rulemaking;

22           (3) in the issuance of any guidance;

23           (4) in taking any other agency action; or

24           (5) as a justification for any rulemaking, guid-  
25   ance document, or agency action.

**1 SEC. 4. REPORT TO CONGRESS.**

2 Not later than 120 days after the date of enactment  
3 of this Act, the head of each Federal agency shall submit  
4 to the Committees on Environment and Public Works and  
5 Energy and Natural Resources of the Senate and the  
6 Committees on Energy and Commerce and Natural Re-  
7 sources of the House of Representatives a report describ-  
8 ing the number of proposed and final rulemakings, guid-  
9 ance documents, and agency actions that, since January  
10 2009, have used the social cost of carbon, the social cost  
11 of greenhouse gases, the social cost of methane, or the  
12 social cost of nitrous oxide, including the use of the social  
13 cost of carbon, the social cost of greenhouse gases, the  
14 social cost of methane, or the social cost of nitrous oxide  
15 as part of any cost-benefit analysis required under Execu-  
16 tive Order 12866 (5 U.S.C. 601 note; relating to regu-  
17 latory planning and review) or other relevant authority.

**18 SEC. 5. PRIORITIZING ACCURACY IN ENVIRONMENTAL  
19 ANALYSES.**

20 (a) LIMITATION ON PERMITTING AND REGULA-  
21 TION.—

22 (1) IN GENERAL.—In carrying out any permit-  
23 ting adjudication or regulatory process—

24 (A) the head of each Federal agency shall,  
25 in taking into account any environmental con-  
26 siderations, only use such environmental consid-

1           erations as are explicitly required under an Act  
2           of Congress; and

3           (B) the use of any environmental consider-  
4           ation not described in subparagraph (A) is pro-  
5           hibited.

6           (2) USE OF ROBUST METHODOLOGIES.—In car-  
7           rying out paragraph (1), the head of a Federal agen-  
8           cy, in the determination of the head of that Federal  
9           agency—

10           (A) shall strictly use the most robust  
11           methodology of assessment available; and

12           (B) shall not use any methodology that is  
13           arbitrary or ideologically motivated.

14           (b) REGULATORY ANALYSIS.—The head of each Fed-  
15           eral agency shall—

16           (1) ensure that any estimates to assess the  
17           value of changes in greenhouse gas emissions result-  
18           ing from the actions of that Federal agency, includ-  
19           ing with respect to the consideration of domestic  
20           versus international effects and evaluating appro-  
21           priate discount rates, are, to the extent permitted by  
22           law, consistent with the guidance contained in Office  
23           of Management and Budget Circular A-4, dated  
24           September 17, 2003; and

1                             (2) as appropriate and consistent with applica-  
2                             ble law, initiate a process to make such changes to  
3                             any rule, regulation, policy, or action of the Federal  
4                             agency as may be necessary to ensure consistency  
5                             with Office of Management and Budget Circular A-  
6                             4, dated September 17, 2003.
