

119TH CONGRESS
1ST SESSION

S. 1739

To provide for advocation of support for nuclear energy, and establish a nuclear energy assistance trust fund, at the World Bank, the European Bank for Reconstruction and Development, and other international financial institutions, as appropriate, and for other purposes.

IN THE SENATE OF THE UNITED STATES

MAY 13, 2025

Mr. MCCORMICK (for himself and Mr. COONS) introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To provide for advocation of support for nuclear energy, and establish a nuclear energy assistance trust fund, at the World Bank, the European Bank for Reconstruction and Development, and other international financial institutions, as appropriate, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “International Nuclear
5 Energy Financing Act of 2025”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Nuclear power is an emissions-free energy
2 source that produces approximately 30 percent of
3 the world's low-carbon electricity. In 2021, 33 coun-
4 tries operated nuclear power plants.

5 (2) The People's Republic of China and the
6 Russian Federation have sought to export nuclear
7 reactors to Europe, Eurasia, Latin America, Africa,
8 and South Asia. According to a 2017 study by Co-
9 lumbia University's Center on Global Energy Policy,
10 Chinese and Russian nuclear reactors are associated
11 with higher safety risk than Western nuclear reac-
12 tors. In addition, financial and operational support
13 for nuclear power can extend over decades, allowing
14 Beijing and Moscow to secure long-term influence in
15 both advanced and developing economies.

16 (3) As of the date of the enactment of this Act,
17 the Russian Federation is building 21 reactors out-
18 side its borders, while the People's Republic of
19 China is assembling more than one-third of reactors
20 under construction globally. According to research
21 published in Nature Energy in February 2023, when
22 the Russian Federation launched its invasion of
23 Ukraine in 2022, Russian state-owned nuclear oper-
24 ator Rosatom "boasted as many as 73 different
25 projects in 29 countries. The projects were at very

1 different stages of development from power plants in
2 operation; through construction of reactors ongoing,
3 contracted, ordered or planned; to involvement in
4 tenders, invitations to partnerships or officially pub-
5 lished proposals. On top of that, Russian companies
6 have bilateral agreements or memoranda of under-
7 standing (MoUs) with 13 countries for services or
8 general joint development of nuclear energy.”.

9 (4) In its report titled, “International Status
10 and Prospects for Nuclear Power 2021”, the Inter-
11 national Atomic Energy Agency wrote, “A total of
12 28 countries have expressed interest in nuclear
13 power and are considering, planning or actively
14 working to include it into their energy mix. Another
15 24 Member States participate in the Agency’s nu-
16 clear infrastructure related activities or are involved
17 in energy planning projects through the technical co-
18 operation programme. Ten to twelve embarking
19 Member States plan to operate NPPs [nuclear power
20 plants] by 2030–2035, representing a potential in-
21 crease of nearly 30 percent in the number of oper-
22 ating countries. Several embarking countries have
23 also expressed interest in SMRs [small modular re-
24 actors] technology, in particular Estonia, Ghana,

1 Jordan, Kenya, Poland, Saudi Arabia and Sudan, as
2 well as expanding countries such as South Africa.”.

3 (5) On December 2, 2023, the United States,
4 alongside more than 20 other countries, pledged to
5 triple nuclear energy capacity by 2050 and support
6 the financing of nuclear energy through the World
7 Bank and regional development banks, so as to “en-
8 courage the inclusion of nuclear energy in their or-
9 ganizations’ energy lending policies as needed, and
10 to actively support nuclear power when they have
11 such a mandate”.

12 **SEC. 3. MULTILATERAL DEVELOPMENT BANK SUPPORT
13 FOR NUCLEAR ENERGY.**

14 Title XV of the International Financial Institutions
15 Act (22 U.S.C. 262o et seq.) is amended by adding at
16 the end the following:

17 **“SEC. 1506. MULTILATERAL DEVELOPMENT BANK SUPPORT
18 FOR NUCLEAR ENERGY.**

19 “(a) IN GENERAL.—The Secretary of the Treasury
20 shall instruct the United States Executive Director at the
21 International Bank for Reconstruction and Development,
22 the European Bank for Reconstruction and Development,
23 and, as the Secretary determines appropriate, any other
24 multilateral development bank (as defined in section

1 1307(g)) to use the voice, vote, and influence of the United
2 States to advocate for—

3 “(1) the removal of prohibitions at the respec-
4 tive bank against financial and technical assistance
5 for the generation and distribution of nuclear en-
6 ergy, to the extent that the prohibitions apply to nu-
7 clear technologies that meet or exceed the quality
8 standards prevalent in the United States or a coun-
9 try allied with the United States; and

10 “(2) increased internal capacity-building at the
11 respective bank for the purpose of assessing—

12 “(A) the potential role of nuclear energy in
13 the energy systems of client countries; and

14 “(B) the delivery of financial and technical
15 assistance described in paragraph (1) to those
16 countries.

17 “(b) SUNSET.—This section shall have no force or ef-
18 fect beginning on the date that is 10 years after the date
19 of the enactment of the International Nuclear Energy Fi-
20 nancing Act of 2025.”.

21 **SEC. 4. ESTABLISHMENT OF NUCLEAR ENERGY ASSIST-
22 ANCE TRUST FUNDS.**

23 Title XV of the International Financial Institutions
24 Act (22 U.S.C. 262o et seq.), as amended by section 3,
25 is further amended by adding at the end the following:

1 **“SEC. 1507. ESTABLISHMENT OF NUCLEAR ENERGY ASSIST-**
2 **ANCE TRUST FUNDS.**

3 “(a) IN GENERAL.—The Secretary of the Treasury
4 shall instruct the United States Governors of the Inter-
5 national Bank for Reconstruction and Development, the
6 European Bank for Reconstruction and Development,
7 and, as the Secretary determines appropriate, other inter-
8 national financial institutions to use the voice, vote, and
9 influence of the United States to establish at each such
10 institution a trust fund to be known as the ‘Nuclear En-
11 ergy Assistance Trust Fund’ that meets the requirements
12 of subsections (b) and (c).

13 “(b) PURPOSES.—The purposes of a trust fund es-
14 tablished under subsection (a) at an international financial
15 institution shall be the following:

16 “(1) To provide financial and technical assist-
17 ance to support the generation and distribution of
18 nuclear energy in borrowing countries.

19 “(2) To ensure that the international financial
20 institution makes financing available on competitive
21 terms, including for the purpose of countering credit
22 extended by the government of a country that is not
23 a member of the Arrangement on Officially Sup-
24 ported Export Credits of the Organisation for Eco-
25 nomic Cooperation and Development.

1 “(3) To exclusively support the adoption of nu-
2 clear energy technologies that meet or exceed the
3 quality standards prevalent in the United States or
4 a country allied with the United States.

5 “(4) To strengthen the capacity of the inter-
6 national financial institution to assess, implement,
7 and evaluate nuclear energy projects.

8 “(c) USE OF TRUST FUND REVENUES.—The reve-
9 nues of a trust fund established under subsection (a) shall
10 be made available for activities for the purposes described
11 in subsection (b), or the United States share of those reve-
12 nues shall be remitted to the general fund of the Treasury,
13 as the Secretary determines appropriate.

14 “(d) RULE OF INTERPRETATION.—This section shall
15 not be interpreted to affect the ability of the United States
16 Governor of, or the United States Executive Director at,
17 an international financial institution to encourage the pro-
18 vision of financial or technical assistance from resources
19 of the institution other than a trust fund established under
20 subsection (a) to support the generation or distribution
21 of nuclear energy.

22 “(e) INTERNATIONAL FINANCIAL INSTITUTION DE-
23 FINED.—The term ‘international financial institution’
24 means an institution specified in section 1701(c)(2).

1 “(f) SUNSET.—This section shall have no force or ef-
2 fect beginning on the date that is 10 years after the date
3 of the enactment of the International Nuclear Energy Fi-
4 nancing Act of 2025.”.

5 **SEC. 5. INCLUSION IN ANNUAL REPORT.**

6 During the 7-year period beginning on the date of
7 the enactment of this Act, the Chairman of the National
8 Advisory Council on International Monetary and Financial
9 Policies shall include in the annual report required by sec-
10 tion 1701 of the International Financial Institutions Act
11 (22 U.S.C. 262r) a description of any progress made—

12 (1) to promote assistance by multilateral devel-
13 opment banks (as defined in such section) for nu-
14 clear energy; and

15 (2) to establish a trust fund pursuant to section
16 1507 of such Act (as added by section 4) or, as the
17 case may be, a summary of the activities of any such
18 trust fund.
