

119TH CONGRESS  
1ST SESSION

# S. 258

To improve forecasting and understanding of tornadoes and other hazardous weather, and for other purposes.

---

## IN THE SENATE OF THE UNITED STATES

JANUARY 27, 2025

Mr. WICKER (for himself, Mrs. HYDE-SMITH, Mr. GRASSLEY, Mr. MORAN, Mr. SHEEHY, Mr. YOUNG, Mr. CRUZ, Mr. PETERS, and Mr. WARNOCK) introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

---

# A BILL

To improve forecasting and understanding of tornadoes and other hazardous weather, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Tornado Observations  
5       Research and Notification Assessment for Development of  
6       Operations Act” or the “TORNADO Act”.

7       **SEC. 2. DEFINITIONS.**

8       In this Act:

- 1                             (1) HAZARDOUS WEATHER AND WATER  
2 EVENTS.—The term “hazardous weather and water  
3 events” means weather and water events that have  
4 a high risk of loss of life or property, including—  
5                             (A) severe storms, such as hurricanes and  
6 short-fused, small-scale hazardous weather or  
7 hydrologic events produced by thunderstorms,  
8 including large hail, damaging winds, torna-  
9 does, and flash floods;  
10                            (B) winter storms, such as freezing or fro-  
11 zen precipitation (including freezing rain, sleet,  
12 and snow), or combined effects of freezing or  
13 frozen precipitation and strong winds; and  
14                            (C) other weather hazards, such as ex-  
15 treme heat or cold, wildfire, drought, dense fog,  
16 high winds, river flooding, and lakeshore flood-  
17 ing.
- 18                            (2) HISTORICALLY BLACK COLLEGE OR UNI-  
19 VERSITY.—The term “historically Black college or  
20 university” has the meaning given the term “part B  
21 institution” in section 322 of the Higher Education  
22 Act of 1965 (20 U.S.C. 1061).  
23                            (3) INDIAN TRIBE.—The term “Indian Tribe”  
24 has the meaning given the term in section 4 of the

1 Indian Self-Determination and Education Assistance  
2 Act (25 U.S.C. 5304).

3 (4) INSTITUTION OF HIGHER EDUCATION.—The  
4 term “institution of higher education” has the  
5 meaning given the term in section 101(a) of the  
6 Higher Education Act of 1965 (20 U.S.C. 1001(a)).

7 (5) NATIONAL LABORATORY.—The term “Na-  
8 tional Laboratory” has the meaning given the term  
9 in section 2 of the Energy Policy Act of 2005 (42  
10 U.S.C. 15801).

11 (6) UNDER SECRETARY.—The term “Under  
12 Secretary” means the Under Secretary of Commerce  
13 for Oceans and Atmosphere.

14 **SEC. 3. HAZARDOUS WEATHER AND WATER EVENT RISK  
15 COMMUNICATION.**

16 (a) IN GENERAL.—The Under Secretary shall main-  
17 tain and improve the system of the National Oceanic and  
18 Atmospheric Administration by which the risks of haz-  
19 ardous weather and water events are communicated to the  
20 general public, with the goal of informing action and en-  
21 couraging response to prevent loss of life and property.

22 (b) HAZARD RISK COMMUNICATION IMPROVEMENT  
23 AND SIMPLIFICATION.—

24 (1) IN GENERAL.—The Under Secretary shall  
25 maintain a hazard risk communication office (in this

1 subsection referred to as the “Office”), for the pur-  
2 poses of simplifying and improving the communica-  
3 tion of hazardous weather and water event risks.

4 (2) TERMINOLOGY.—The Office shall identify,  
5 eliminate, or modify unnecessary, redundant, or con-  
6 fusing terms for hazardous weather and water event  
7 communications and add new terminology, as appro-  
8 priate.

9 (3) COMMUNICATIONS IMPROVEMENT.—The Of-  
10 fice shall improve the form, content, and methods of  
11 hazardous weather and water event communications  
12 to more clearly inform action and increase the likeli-  
13 hood that the public takes such action to prevent the  
14 loss of life or property.

15 (4) EVALUATIONS.—The Office shall, in coordi-  
16 nation with the performance branch of the National  
17 Weather Service, develop metrics for that branch to  
18 track and evaluate the degree to which hazardous  
19 weather and water event communications inform ac-  
20 tion and encourage response.

21 (5) SUPPORT PLAN.—

22 (A) IN GENERAL.—The Office shall de-  
23 velop a plan for the purpose of supporting the  
24 activities described in paragraph (3).

## 1                             (B) PERIODIC UPDATE AND ELEMENTS.—

2         The plan developed under subparagraph (A)  
3         shall be periodically updated and informed by  
4         internal and extramural research and the re-  
5         sults of the evaluation of hazardous weather  
6         and water event communications conducted  
7         under paragraph (4).

8                             (6) METHODS.—In carrying out this subsection,  
9         the Office shall develop and implement recomme-  
10        dations that—

11                            (A) are based on the best and most recent  
12         understanding from social, behavioral, risk, and  
13         communication science research;

14                            (B) are validated by social, behavioral,  
15         risk, and communication science, taking into ac-  
16         count the importance of methods that support  
17         reproduction and replication of scientific stud-  
18         ies, use of rigorous statistical analyses, and, as  
19         applicable, data analysis supported by artificial  
20         intelligence and machine learning technologies;

21                            (C) account for the needs of various demo-  
22         graphics, vulnerable populations, and geo-  
23         graphic regions;

24                            (D) account for the differences between  
25         various types of weather and water hazards;

1                         (E) respond to the needs of Federal, State,  
2                         and local government partners and media part-  
3                         ners; and

4                         (F) account for necessary changes in the  
5                         infrastructure, technology, and protocols for  
6                         creating and disseminating federally operated  
7                         watches and warnings.

8                         (7) COORDINATION.—In implementing this sub-  
9                         section, the Office shall coordinate with—

10                         (A) Federal partners, including National  
11                         Laboratories, Cooperative Institutes, and re-  
12                         gional integrated sciences and assessments pro-  
13                         grams;

14                         (B) State and local government partners;

15                         (C) Indian Tribes;

16                         (D) institutions of higher education; and

17                         (E) media partners.

18                         (8) TIMELINESS AND CONSISTENCY.—The Of-  
19                         fice shall develop best practices and guidance for en-  
20                         suring timely and consistent communication across  
21                         public facing platforms that disseminate hazardous  
22                         weather and water event information.

23                         (c) HAZARD COMMUNICATION RESEARCH AND EN-  
24                         GAGEMENT.—

1                     (1) IN GENERAL.—The Under Secretary shall  
2 establish or maintain a research program—

3                         (A) to modernize the creation and commu-  
4 nication of risk-based, statistically reliable,  
5 probabilistic hazard information, with the goal  
6 of informing effective actions and encouraging  
7 responses to hazardous weather and water  
8 events; and

9                         (B) to improve the fundamental social, be-  
10 havioral, risk, and communication science re-  
11 garding hazardous weather and water event  
12 communication.

13                     (2) COORDINATION.—In carrying out the re-  
14 search program required by paragraph (1), the  
15 Under Secretary shall coordinate and communicate  
16 with States, Indian Tribes, localities, and emergency  
17 managers on research priorities and results.

18                     (3) PILOT PROGRAM FOR TORNADO HAZARD  
19 COMMUNICATION REQUIRED.—

20                         (A) IN GENERAL.—To further research  
21 into hazard communication, the Under Sec-  
22 retary, in collaboration with one or more eligible  
23 institutions, shall establish a pilot program for  
24 tornado hazard communication to test the effec-

1 tiveness of implementing the research conducted  
2 under this subsection with respect to tornadoes.

3 (B) ELIGIBLE INSTITUTION DEFINED.—In  
4 this paragraph, the term “eligible institution”  
5 means any of the following:

6 (i) A historically Black college or uni-  
7 versity located in an area of persistent pov-  
8 erty that is subjected to frequent severe  
9 weather, such as tornadoes, hurricanes,  
10 and floods.

11 (ii) An institution of higher education  
12 in close proximity to a Weather Forecast  
13 Office of the National Weather Service.

14 (d) DATA MANAGEMENT.—The Under Secretary  
15 shall establish, maintain, and improve a central repository  
16 system for the National Oceanic and Atmospheric Admin-  
17 istration for social, behavioral, risk, and economic data re-  
18 lated to the communication of hazardous weather and  
19 water events, including data developed or received pursu-  
20 ant to paragraphs (3), (4), and (5) of subsection (b).

21 (e) DIGITAL WATERMARKING.—The Under Secretary  
22 shall develop methods to reduce the likelihood of unauthor-  
23 ized tampering with online hazardous weather and water  
24 event risk communication, such as developing digital wa-  
25 termarks.

1   **SEC. 4. WARN-ON-FORECAST STRATEGIC PLAN.**

2       (a) IN GENERAL.—Not later than one year after the  
3   date of the enactment of this Act, the Under Secretary  
4   shall prepare and submit to Congress a strategic plan for  
5   developing and prioritizing the implementation of high-  
6   resolution probabilistic forecast guidance for hazardous  
7   weather and water events using a next-generation weather  
8   forecast and warning framework.

9       (b) PLAN ELEMENTS.—The strategic plan required  
10 by subsection (a) shall include the following:

11           (1) A discussion of—

12              (A) the priorities and needs of vulnerable  
13              populations and National Weather Service part-  
14              ners; and

15              (B) high-performance computing, visualiza-  
16              tion, and dissemination needs.

17           (2) A timeline and guidance for implementation  
18              of—

19              (A) high-resolution numerical weather pre-  
20              diction models;

21              (B) methods for meeting the high-perform-  
22              ance computing, visualization, and dissemina-  
23              tion needs discussed under paragraph (1)(B);

24              (C) real-time high-resolution probabilistic  
25              forecasts;

- 1                             (D) improved observations, including  
2                             through radars, satellites, and uncrewed aerial  
3                             systems;
- 4                             (E) a flexible framework to communicate  
5                             clear and simple hazardous weather and water  
6                             event information to the public; and
- 7                             (F) social, behavioral, risk, and commu-  
8                             nication research to improve the forecaster  
9                             operational environment and societal informa-  
10                             tion reception and response.

11 **SEC. 5. TORNADO RATING SYSTEM.**

- 12                             (a) IN GENERAL.—The Under Secretary shall, in col-  
13                             laboration with such stakeholders as the Under Secretary  
14                             considers appropriate—
- 15                                 (1) evaluate the system used as of the date of  
16                             the enactment of this Act to rate the severity of tor-  
17                             nadoes; and
- 18                                 (2) determine whether updates to that system  
19                             are required to ensure that the ratings accurately re-  
20                             flect the severity of tornadoes.
- 21                             (b) UPDATE REQUIRED.—If the Under Secretary de-  
22                             termines under subsection (a) that updates to the tornado  
23                             rating system are necessary, the Under Secretary shall up-  
24                             date the system.

1   **SEC. 6. POST-STORM SURVEYS AND ASSESSMENTS.**

2       (a) IN GENERAL.—The Under Secretary shall per-  
3 form one or more post-storm surveys and assessments fol-  
4 lowing each hazardous weather or water event determined  
5 by the Under Secretary to be of sufficient societal impor-  
6 tance to warrant a post-event survey and assessment.

7       (b) COORDINATION.—The Under Secretary shall co-  
8 ordinate with Federal, State, and local governments, In-  
9 dian Tribes, private entities, and relevant institutions of  
10 higher education when conducting post-storm surveys and  
11 assessments under subsection (a) in order to optimize data  
12 collection, sharing, and integration.

13       (c) DATA AVAILABILITY.—The Under Secretary shall  
14 make the data obtained from each post-storm survey and  
15 assessment conducted under subsection (a) available to the  
16 public as soon as practicable after conducting the survey  
17 and assessment.

18       (d) IMPROVEMENT.—The Under Secretary shall—

19           (1) investigate the role of uncrewed aerial sys-  
20 tems in data collection during post-storm surveys  
21 and assessments conducted under subsection (a);

22           (2) identify gaps in and update tactics and pro-  
23 cedures to enhance the efficiency and reliability of  
24 data obtained from post-storm surveys and assess-  
25 ments; and

1                             (3) increase the number of post-storm commu-  
2                             nity impact studies, including by—  
3                                 (A) surveying individual responses;  
4                                 (B) conducting review of the accuracy of  
5                             prior risk evaluations;  
6                                 (C) evaluating the efficacy of prior mitiga-  
7                             tion activity; and  
8                                 (D) gathering survivability statistics.

9                             (e) SUPPORT FOR EMPLOYEES.—The Under Sec-  
10                             retary shall provide training, resources, and access to pro-  
11                             fessional counseling to support the emotional and mental  
12                             health and well-being of employees conducting post-storm  
13                             surveys and assessments under subsection (a).

#### 14 **SEC. 7. VORTEX-USA PROGRAM.**

15                             (a) IN GENERAL.—Section 103 of the Weather Re-  
16                             search and Forecasting Innovation Act of 2017 (15 U.S.C.  
17                             8513) is amended—

18                                 (1) in the section heading, by striking “**TOR-**  
19                                 **NADO WARNING IMPROVEMENT AND EXTEN-**  
20                                 **SION**” and inserting “**VORTEX-USA**”;

21                                 (2) in subsection (a), by striking “establish a  
22                             tornado warning improvement and extension pro-  
23                             gram” and inserting “maintain a program for rap-  
24                             idly improving tornado forecast and warnings”;

1                             (3) by redesignating subsections (d) and (e) as  
2                             subsections (f) and (g), respectively;

3                             (4) by inserting after subsection (c) the fol-  
4                             lowing:

5                         “(d) WARNINGS.—The program required by sub-  
6                             section (a) shall—

7                         “(1) continue the research necessary to develop  
8                             and deploy probabilistic weather forecast guidance  
9                             technology for tornadoes; and

10                         “(2) incorporate, as appropriate, hazard com-  
11                             munication research.

12                         “(e) RESEARCH.—

13                         “(1) IN GENERAL.—The Under Secretary shall,  
14                             through the program required by subsection (a),  
15                             award grants for research that focuses on improv-  
16                             ing—

17                         “(A) the social, behavioral, risk, commu-  
18                             nication, and economic sciences related to  
19                             vulnerabilities, risk communication, and delivery  
20                             of information critical for saving lives and prop-  
21                             erty related to tornadoes; and

22                         “(B) the physical sciences, engineering,  
23                             and technology related to tornado formation,  
24                             the interactions of tornadoes with the built and

1           natural environment, and the interaction of tor-  
2           nadoes and hurricanes.

3           **“(2) PRIORITY INSTITUTIONS.—**

4           “**(A) IN GENERAL.**—In awarding grants  
5           under paragraph (1), the Under Secretary may  
6           prioritize awarding grants to minority-serving  
7           institutions.

8           “**(B) DEFINITION OF MINORITY-SERVING**  
9           **INSTITUTION.**—In this paragraph, the term ‘mi-  
10          nority-serving institution’ means—

11           “(i) a part B institution (as defined in  
12           section 322 of the Higher Education Act  
13           of 1965 (20 U.S.C. 1061));

14           “(ii) a Hispanic-serving institution (as  
15           defined in section 502(a) of that Act (20  
16           U.S.C. 1101a(a)));

17           “(iii) a Tribal College or University  
18           (as defined in section 316(b) of that Act  
19           (20 U.S.C. 1059c(b)));

20           “(iv) an Alaska Native-serving institu-  
21           tion (as defined in section 317(b) of that  
22           Act (20 U.S.C. 1059d(b)));

23           “(v) a Native Hawaiian-serving insti-  
24           tution (as defined in section 317(b) of that  
25           Act (20 U.S.C. 1059d(b)));

1                         “(vi) a Predominantly Black Institu-  
2                         tion (as defined in section 318(b) of that  
3                         Act (20 U.S.C. 1059e(b)));

4                         “(vii) an Asian American and Native  
5                         American Pacific Islander-serving institu-  
6                         tion (as defined in section 320(b) of that  
7                         Act (20 U.S.C. 1059g(b))); or

8                         “(viii) a Native American-serving,  
9                         nontribal institution (as defined in section  
10                         319(b) of that Act (20 U.S.C.  
11                         1059f(b))不舍; and

12                         (5) by adding at the end the following:

13                         “(h) AUTHORIZATION OF APPROPRIATIONS.—There  
14                         is authorized to be appropriated to the Under Secretary  
15                         to carry out this section \$11,000,000 for each of fiscal  
16                         years 2025 through 2032, of which not less than  
17                         \$2,000,000 each fiscal year shall be used for grants  
18                         awarded under subsection (e).”.

19                         (b) CLERICAL AMENDMENT.—The table of contents  
20                         in section 1(b) of the Weather Research and Forecasting  
21                         Innovation Act of 2017 (Public Law 115–25; 131 Stat.  
22                         91) is amended by striking the item relating to section  
23                         103 and inserting the following:

“Sec. 103. VORTEX-USA program.”.

## 1 SEC. 8. GOVERNMENT ACCOUNTABILITY OFFICE REPORT

## 2 ON HAZARDOUS WEATHER AND WATER

## 3 ALERT DISSEMINATION.

4 (a) IN GENERAL.—Not later than 540 days after the  
5 date of the enactment of this Act, the Comptroller General  
6 of the United States shall submit to the Committee on  
7 Commerce, Science, and Transportation of the Senate and  
8 the Committee on Science, Space, and Technology of the  
9 House of Representatives a report that examines the infor-  
10 mation technology infrastructure of the National Weather  
11 Service of the National Oceanic and Atmospheric Adminis-  
12 tration, specifically regarding the system for timely public  
13 notification of hazardous weather and water event alerts  
14 and updates.

15 (b) ELEMENTS.—The report required by subsection  
16 (a) shall include the following:

17 (1) An analysis of the information technology  
18 infrastructure of the National Weather Service, in-  
19 cluding software and hardware capabilities and limi-  
20 tations, including an examination of server and data  
21 storage methods, broadband, data management, and  
22 data sharing.

23 (2) An identification of secondary and tertiary  
24 fail-safes for the timely distribution of hazardous  
25 weather and water event alerts to the public.

1                             (3) A determination of the extent to which pub-  
2       lic notifications are delayed and an identification of  
3       corrective measures that do not add additional noti-  
4       fication time.

5                             (4) An assessment of whether collaboration with  
6       other Federal Government offices, States, or private  
7       entities could reduce delays in notifications to the  
8       public.

9                             (5) A description of actions being undertaken to  
10      better identify critical steps in the hazards notifica-  
11      tion process that may be vulnerable to disruption or  
12      failure in the event of communication, technologic,  
13      or computational failure.

14      **SEC. 9. ELIMINATION OF CERTAIN REPORT REQUIRE-  
15                             MENTS.**

16      (a) WEATHER RESEARCH AND FORECASTING INNO-  
17      VATION ACT OF 2017.—

18                             (1) IN GENERAL.—Section 403 of the Weather  
19      Research and Forecasting Innovation Act of 2017  
20      (15 U.S.C. 8543) is amended by striking subsection  
21      (d).

22                             (2) TECHNICAL AMENDMENT.—Section 403(a)  
23      of such Act (15 U.S.C. 8543(a)) is amended by in-  
24      serting “the” after “Director of”.

1       (b) NATIONAL OCEANIC AND ATMOSPHERIC ADMIN-  
2 ISTRATION AUTHORIZATION ACT OF 1992.—Section 106  
3 of the National Oceanic and Atmospheric Administration  
4 Authorization Act of 1992 (Public Law 102–567; 106  
5 Stat. 4274) is amended by striking subsection (c) (15  
6 U.S.C. 1537).

○
