IN THE SENATE OF THE UNITED STATES

FEBRUARY 27, 2025

Mr. CORNYN (for himself and Mr. KAINES) introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To establish and implement a multi-year Legal Gold and Mining Partnership Strategy to reduce the negative environmental and social impacts of illicit gold mining in the Western Hemisphere, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*

2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “United States Legal

5 Gold and Mining Partnership Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1 (1) The illicit mining, trafficking, and commercialization of gold in the Western Hemisphere—

2 (A) negatively affects the region's economic and social dynamics;

3 (B) strengthens transnational criminal organizations and other international illicit actors;

4 and

5 (C) has a deleterious impact on the environment, indigenous peoples, and food security.

6 (2) A lack of economic opportunities and the weak rule of law promote illicit activities, such as illicit gold mining, which increases the vulnerability of individuals in mining areas, including indigenous communities, who have been subjected to trafficking in persons, other human rights abuses, and population displacement in relation to mining activity, particularly in the artisanal and small-scale mining sector.

7 (3) Illicit gold mining in Latin America often involves and benefits transnational criminal organizations, drug trafficking organizations, terrorist groups, and other illegal armed groups that extort miners and enter into illicit partnerships with them in order to gain revenue from the illicit activity.

1 (4) Illicit gold supply chains are international in
2 nature and frequently involve—

3 (A) the smuggling of gold and supplies,
4 such as mercury;

5 (B) trade-based money laundering; and

6 (C) other cross-border flows of illicit as-
7 sets.

8 (5) In Latin America, mineral traders and ex-
9 porters, local processors, and shell companies linked
10 to transnational criminal networks and illegally
11 armed groups all play a key role in the trafficking,
12 laundering, and commercialization of illicit gold from
13 the region.

14 (6) According to a report on illegally mined
15 Gold in Latin America by the Global Initiative
16 Against Transnational Organized Crime—

17 (A) more than 70 percent of the gold
18 mined in several Latin American countries,
19 such as Colombia, Ecuador, and Peru, is mined
20 through illicit means; and

21 (B) about 80 percent of the gold mined in
22 Venezuela is mined through illicit means and a
23 large percentage of such gold is sold—

24 (i) to Mibiturven, a joint venture op-
25 erated by the Maduro regime composed of

1 Minerven, a gold processor that has been
2 designated by the Office of Foreign Assets
3 Control of the Department of the Treas-
4 ury, pursuant to Executive Order 13850
5 (relating to blocking property of additional
6 persons contributing to the situation in
7 Venezuela), and Marilyns Proje Yatirim,
8 S.A., a Turkish company; or

9 (ii) through other trafficking and
10 commercialization networks from which the
11 Maduro regime benefits financially.

12 (7) Illegal armed groups and foreign terrorist
13 organizations, such as the Ejército de Liberación
14 Nacional (National Liberation Army—ELN), work
15 with transnational criminal organizations in Ven-
16 ezuela that participate in the illicit mining, traf-
17 ficking, and commercialization of gold.

18 (8) Transnational criminal organizations based
19 in Venezuela, such as El Tren de Aragua, have ex-
20 panded their role in the illicit mining, trafficking,
21 and commercialization of gold to increase their
22 criminal profits.

23 (9) Nicaragua's gold exports during 2021 were
24 valued at an estimated \$989,000,000 in value, of
25 which—

- 1 (A) gold valued at an estimated
2 \$898,000,000 was shipped to the United
3 States;
- 4 (B) gold valued at an estimated
5 \$48,700,000 was shipped to Switzerland;
- 6 (C) gold valued at an estimated
7 \$39,000,000 was shipped to the United Arab
8 Emirates; and
- 9 (D) gold valued at an estimated
10 \$3,620,000 was shipped to Austria.
