Whereas the National Family Partnership started the Red
Ribbon Campaign in 1988—

(1) to educate the people of the United States and
encourage participation in drug prevention activities;

(2) to preserve the memory of Enrique “Kiki”
Camarena (referred to in this preamble as “Special
Agent Camarena”), a special agent of the Drug Enforce-
ment Administration who—

tion for 11 years; and

while engaged in the battle against illicit drugs;

- (7) hundreds of other organizations throughout the United States;

Whereas the objective of Red Ribbon Week is to promote the creation of drug-free communities through drug use prevention efforts, education programs, parental involvement, and community-wide support through specific actions such as lighting up buildings and landmarks, and activities that engage the public;

Whereas, according to the Centers for Disease Control and Prevention, drug overdoses are the leading cause of death in people in the United States between the ages of 18 to 45, outnumbering deaths by firearms, motor vehicle crashes, suicide, or homicide;

Whereas over 80,000 people died from drug overdoses in the United States in 2024;

Whereas reducing the demand for illicit controlled substances would—

- (1) curtail lethal addictions and overdoses; and
- (2) reduce the violence associated with drug trafficking;

Whereas, although public awareness of illicit drug use is increasing, emerging drug threats and growing epidemics continue to demand attention;

Whereas the Drug Enforcement Administration hosts an initiative called “Every Day is Take Back Day” where locations of year-round drop boxes are identified for the public to safely dispose of unused or expired prescription drugs that can lead to accidental poisoning, overdose, or misuse;

Whereas the National Family Partnership hosts “Lock Your Meds”, a multi-media campaign and program to encourage individuals, businesses, and communities to dispose of drugs appropriately and to reduce the demand for drugs;

Whereas “Lock Your Meds” is statewide in Idaho, North Carolina, and throughout the southeastern United States;

Whereas synthetic opioids such as fentanyl and the analogues of fentanyl devastated communities and families at an unprecedented rate, claiming more than 48,000 lives in 2024;

Whereas the presence of fentanyl and the analogues of fentanyl pose hazards to police officers and law enforcement agents;

Whereas 5 out of 10 fake pills tested at Drug Enforcement Administration laboratories contain a potentially deadly dose of fentanyl;

Whereas the Drug Enforcement Administration has created a special exhibit entitled “The Faces of Fentanyl” to commemorate the lives lost from fentanyl poisoning, and has received over 6,400 photos as of the date of enactment of this resolution;

Whereas, as of the date of enactment of this resolution, the Drug Enforcement Administration has seized more than 34,000,000 fentanyl-laced, fake prescription pills and more than 7,000 pounds of fentanyl powder in 2025;

Whereas, according to the Substance Abuse and Mental Health Services Administration, 2,400,000 people in the United States aged 12 or older reported having used methamphetamine in 2024;

Whereas, in 2024, more than 20,000 individuals in the United States died from an overdose involving cocaine; and
