COMMITTEE EXPENDITURE AUTHORIZATIONS

Committees of the Senate must request their operating funds pursuant to the procedure set forth in paragraph 9 of rule XXVI of the Standing Rules of the Senate. Each committee must report one authorization resolution authorizing it to make expenditures out of the contingent fund of the Senate to defray its expenses, including the compensation of all members of its staff, the procurement of consultants, the training of professional staff, and all administrative expenses.

Authority

The portion of paragraph 9 that relates to authorizing resolutions is as follows:

PARAGRAPH 9 OF RULE XXVI OF THE STANDING RULES OF THE SENATE¹

9. (a) Except as provided in subparagraph (b), each committee shall report one authorization resolution each year authorizing the committee to make expenditures out of the contingent fund of the Senate to defray its expenses, including the compensation of members of its staff and agency contributions related to such compensation, during the period beginning on March 1 of such year and ending on the last day of February of the following year. Such annual authorization resolution shall be reported not later than January 31 of each year, except that, whenever the designation of members of standing committees of the Senate occurs during the first session of a Congress at a date later than January 20, such resolution may be reported at any time within thirty days after the date on which the designation of such members is completed.* * *

(b) In lieu of the procedure provided in subparagraph (a), the Committee on Rules and Administration may—

(1) direct each committee to report an authorization resolution for a two year budget period beginning on March 1 of the first session of a Congress; and

(2) report one authorization resolution containing more than one committee authorization resolution for a one year or two year budget period.

* * * * *

¹As amended, S. Res. 281, 96-2, Mar. 11, 1980, effective Jan. 1, 1981; S. Res. 479, 100-2, Sept. 30, 1988.

Fiscal Year for Expenditure Authorizations

The Omnibus Committee Funding Resolution authorizes committee funding for portions of three fiscal years. For the 119th Congress, the 2-year budget period will begin March 1, 2025, and span three fiscal years, ending February 28, 2027. A committee's funds not spent in one authorization period expire and the committee may not carry them over to a subsequent period.

Submission Date for Resolutions

Expenditure authorization resolutions must be offered by Senate committees not later than January 31. The only exception is when during the first session of a Congress the designation of the members of standing committees occurs later than January 20. In such case the resolution must be offered within 30 days of the date on which the members of a committee have been designated.

Format of Resolutions

Senate standing committees are required to follow, with any necessary modifications, the sample Biennial Resolution Form 1.

Select and special committees should submit resolutions which conform with the provisions of the resolutions by which they were created. Senate Legislative Counsel can provide assistance with such resolutions.

Consultants and Staff Training

Authorization for consultants or training for professional staff must be included in the funding resolution.

Committees must follow the regulations on procurement of consultants and on training of professional staff.

Division of Funding and Office Space for the Majority and Minority

The allocation of funds to the majority and minority has been addressed in recent Congresses in a Colloquy and Joint Leadership Letter. The Colloquy and Joint Leadership Letter from the 118th Congress are provided to reference. A similar Colloquy and Joint Leadership Letter are expected for the 119th Congress. Minority participation in the appointment of committee personnel is provided for in paragraphs 1, 2, and 3 of rule XXVII of the Standing Rules.

PARAGRAPHS 1, 2, AND 3 OF RULE XXVII OF THE STANDING RULES OF THE SENATE²

1. Staff members appointed to assist minority members of committees pursuant to authority of a resolution described in paragraph 9 of rule XXVI or other Senate resolution shall be accorded equitable treatment with respect to the fixing of salary rates, the assignment of facilities, and the accessibility of committee records.

² As amended, S. Res. 281, 96-2, Mar. 11, 1980, effective Feb. 28, 1981.

2. The minority shall receive fair consideration in the appointment of staff personnel pursuant to authority of a resolution described in paragraph 9 of rule XXVI.

3. The staffs of committees (including personnel appointed pursuant to authority of a resolution described in paragraph 9 of rule XXVI or other Senate resolution) should reflect the relative number of majority and minority members of committees. A majority of the minority members of any committee may, by resolution, request that at least one-third of all funds of the committee for personnel (other than those funds determined by the chairman and ranking minority member to be allocated for the administrative and clerical functions of the committee as a whole) be allocated to the minority members of such committee for compensation of minority staff as the minority members may decide. The committee shall thereafter adjust its budget to comply with such resolution. Such adjustment shall be equitably made over a four-year period, commencing July 1, 1977, with not less than one-half being made in two years. Upon request by a majority of the minority members of any committee by resolution, proportionate space, equipment, and facilities shall be provided for such minority staff.

COLLOQUY

Mr. SCHUMER. Mr. President, in the 112th Congress, the Senate adopted a new funding allocation for Senate committees. This approach has served the Senate well for the five of the past six Congresses, excluding last Congress when the evenly divided Senate adopted a power-sharing agreement by resolution. I believe this approach will continue to serve the interests of the Senate and the public, regardless of which party is in the majority, by helping to retain core committee staff with institutional knowledge. This funding allocation is based on the party division of the Senate, with 10 percent of the total majority and minority salary baseline going to the majority for administrative expenses. However, regardless of the party division of the Senate, the minority share of the majority and minority salary baseline will never be less than 40 percent, and the majority share will not exceed 60 percent. It is my intent that this approach will continue to serve the Senate for this Congress and future Congresses.

Mr. MCCONNELL. Mr. President, this approach has met our needs for five of the past six Congresses, and I, too, would like to see it continue. In addition, special reserves have been restored to its historic purpose. We should continue to fund special reserves to the extent possible in order to be able to assist committees that face urgent, unanticipated, nonrecurring needs. Recognizing the tight budgets we will face for the foreseeable future, it is necessary to continue to bring funding authorizations more in line with our actual resources while ensuring that committees are able to fulfill their responsibilities. I look forward to continuing to work with the majority leader to accomplish this.

Ms. CANTWELL. I further ask that the resolution be agreed to and that the motion to reconsider be considered made and laid upon the table with no intervening action or debate.

JOINT LEADERSHIP LETTER

We mutually commit to the following for the 118th Congress:

The Committee on Rules and Administration is to determine the budgets of the committees of the Senate. The budgets of the committees, including joint and special committees, and all other subgroups, shall be apportioned to reflect the ratio of the Senate as of this date, including an additional ten percent (10%) from the majority and minority salary baseline to be allocated to the chair for administrative expenses.

Special Reserves has been restored to its historic purpose. Requests for funding will only be considered when submitted by a committee chairman and ranking member for unanticipated, non-recurring needs. Such requests shall be granted only upon the approval of the chair and ranking member of the Committee on Rules and Administration. Funds for committee expenses shall be available to each chairman consistent with the Senate rules and practices.

The division of committee office space shall be commensurate with this funding agreement. The chairman and ranking member of any committee may, by mutual agreement, modify the apportionment of committee funding and office space.

Budgets and Supporting Materials

Senate committees offering expenditure resolutions are required to submit to the Rules Committee accompanying budgets, together with supporting materials, in the form of letters or memoranda. All submissions should be made electronically and in the form of a signed original and two printed copies.

Budgets.—The budgets should be prepared on budget forms obtainable from the Rules Committee.

Supporting materials.—Supporting letters or memoranda should be signed jointly by the chair and ranking minority member of requesting committees.

Questionnaires.—The completed questionnaires should be signed jointly by the chair and ranking minority member or by the staff director and minority staff director of the committee, unless the minority does not concur with the information supplied therein.

[Sample resolution and budget forms are provided in the Appendix]

SUPPLEMENTAL EXPENDITURE AUTHORIZATIONS

Any committees of the Senate requiring funds in addition to those authorized in their expenditure authorization resolutions may request such additional funds pursuant to the procedure set forth in paragraph 9 of rule XXVI of the Standing Rules. A supplemental expenditure authorization must be in the form of a resolution amending an existing expenditure authorization resolution, and must be accompanied by a report specifying with particularity the purpose for the authorization and stating why the funds now sought were not included in the committee's original request. Note: This procedure has rarely been used in recent years.

[Sample resolution forms are provided in the Appendix]

Authority

The portion of paragraph 9 that relates to supplemental expenditure authorizations is as follows:

PARAGRAPH 9 OF RULE XXVI OF THE STANDING RULES OF THE SENATE³

9. * * * After the annual authorization resolution of a committee for a year has been agreed to, such committee may procure authorization to make additional expenditures out of the contingent fund of the Senate during that year only by reporting a supplemental authorization resolution. Each supplemental authorization resolution reported by a committee shall amend the annual authorization resolution of such committee for that year and shall be accompanied by a report specifying with particularity the purpose for which such authorization is sought and the reason why such authorization could not have been sought at the time of the submission by such committee of its annual authorization resolution for that year.

³As amended, S. Res. 281, 96-2, Mar. 11, 1980, effective Jan. 1, 1981; S. Res. 479, 100-2, Sept. 30, 1988.

PROCUREMENT OF CONSULTANTS BY SENATE COMMITTEES

Statutory Authority

The procedures and conditions under which standing committees of the Senate may procure the services of individual consultants or organizations are set forth in section 202(i) of the Legislative Reorganization Act of 1946. The text of Section 202(i) is as follows:

SECTION 202(i) OF THE LEGISLATIVE REORGANIZATION ACT OF 1946

2 U.S.C. 4301 ⁴

(i)(1) Each standing committee of the Senate or House of Representatives is authorized, with the approval of the Committee on Rules and Administration in the case of standing committees of the Senate, or the Committee on House Oversight in the case of standing committees of the House of Representatives, within the limits of funds made available from the contingent fund of the Senate or the applicable accounts of the House of Representatives pursuant to resolutions which, in the case of the Senate, shall specify the maximum amounts which may be used for such purpose, approved by the appropriate House, to procure the temporary services (not in excess of one year) or intermittent services of individual consultants, or organizations thereof, to make studies or advise the committee with respect to any matter within its jurisdiction, or with respect to the administration of the affairs of the committee.⁵

(2) Such services in the case of individuals or organizations may be procured by contract as independent contractors, or in the case of individuals by employment at daily rates of compensation not in excess of the per diem equivalent to the highest gross rate of compensation which may be paid to a regular employee of the committee. Such contracts shall not be subject to the provisions of section 6101 of title 41 or any other provision of law requiring advertising.⁶

(3) With respect to the standing committees of the Senate, any such consultant or organization shall be selected by the chairman and ranking minority member of the committee, acting jointly. With respect to the standing committees of the House of Representatives, the standing committee concerned shall select any such consultant or organization. The committee shall submit to the Committee on Rules and Administration in the case of standing committees of the Senate, and the Committee on House Oversight in the case of standing committees of the House of Representatives, information bearing on the qualifications of each consultant whose services are procured pursuant to

⁴ As amended, Pub. Law 105-55, Oct. 7, 1997.

⁵ As amended, Pub. Law 104-186, Aug. 20, 1996.

⁶ As amended, Pub. Law 111-350, Jan. 4, 2011.

this subsection, including organizations, and such information shall be retained by that committee and shall be made available for public inspection upon request.⁷

Definitions and Policy Determinations

DEFINITION OF “CONSULTANT”

For the purposes of section 202(i), the term “consultant” shall be deemed to be a person (or an organization of persons) possessing the necessary professional qualifications and experience to assist a Senate committee in specialized areas of its legislative responsibility, or in the administration of the affairs of the committee.

PREREQUISITE FOR PROCUREMENT

Any Senate committee desiring to procure the services of individual consultants or organizations must first seek and obtain the required authority by including within its biennial or supplemental expenditure authorization resolution an express limitation on the amount of the committee’s total funding in such resolution which may be used for that purpose. A committee may not exceed that limitation for the procurement of consultants, but it may utilize unexpended funds within that limitation for other authorized purposes.

SELECTION OF CONSULTANTS

Paragraph (3) of section 202(i) contains the stipulation that “any such consultant or organization shall be selected by the chairman and ranking minority member of the committee, acting jointly.” Senate committees are requested to indicate their compliance with the above provision of law by providing that any required correspondence with the Rules Committee be in the form of letters signed jointly by the chair and ranking minority member of the full committee.

RULES COMMITTEE RESPONSIBILITY

Section 202(i) also requires (1) that Senate committees desiring to appoint individual consultants to committee payrolls or to procure the services of individuals or organizations by contract as independent contractors must provide the Rules Committee information bearing on the qualifications of each consultant or contractor; and (2) that such information be retained by the Rules Committee and made available for public inspection upon request.

To assist the Rules Committee in considering requests for consultants, letters from committees should contain:

- (1) the proposed consultant’s particular qualifications with the specialized area the committees plan to explore;
- (2) the probable time period the consultant’s services will be required;
- (3) the correlation between the proposed consultant’s qualifications and the specific committee activity;
- (4) the per day consultant fee proposed to be paid; and
- (5) the method selected to secure the consultant’s services, and its appropriateness.

⁷ As amended, Pub. Law 104–186, Aug. 20, 1996.

METHODS OF PROCUREMENT

Any Senate committee possessing the required authority thereof may procure the services of consultants—

- (1) by appointing individual consultants as temporary committee employees (at daily rates of compensation not exceeding the highest such rate which may be paid to a regular committee employee); or
- (2) by entering into contracts—
 - (a) between the full committee and individual consultants as individual contractors, or
 - (b) between the full committee and organizations of consultants.

Selection of the appropriate method depends on the nature of the services to be performed—

(a) If the consultant's responsibilities include services that would normally be the regular or normal duties of staff members or if the performance of the consultant's responsibilities otherwise result in an employer-employee relationship, the consultant should be appointed as a temporary staff employee. Generally, an employer-employee relationship may be presumed where the following factors are present to a significant degree:

- (i) performance of a full-time, continuous job;
- (ii) supervision of or by Senate committee staff;
- (iii) services are performed using facilities provided by the Senate; and
- (iv) work is performed on dates or at hours established for Senate staff.

(b) If the consultant acts as an independent contractor "to make studies or advise the committee with respect to any matter within its jurisdiction, or with respect to the administration of the affairs of the committee," services may be procured through contract.

The committee's notification of intent to appoint as a consultant or request for approval of a contract shall state that the committee has reviewed the services to be provided by the consultant and shall certify to the Rules Committee that the committee had determined the selected method (contract or appointment) to be appropriate.

APPOINTMENT OF INDIVIDUAL CONSULTANTS

The notification of the committee's intention to appoint an individual consultant to its staff and the information concerning the qualifications of the proposed consultant must be received by the Rules Committee at least five business days in advance of the appointment date. If during that period the requesting committee receives no notice of disapproval from the Rules Committee, the appointment shall be deemed approved.

A copy of the letter should be sent to the Financial Clerk of the Senate at the same time the letter is submitted to the Rules Committee.

PROCUREMENT OF CONSULTANTS BY CONTRACT

Contracts for individual consultants or organizations must be submitted to the Rules Committee for approval. Information concerning qualifications should be submitted at the same time the contract is sent for approval. Only full committees, not subcommittees, may contract for consultants.

Letters from committees should—

- (1) be signed jointly by the chair and ranking minority member;
- (2) outline the purpose of the contract, the dollar amount, the term of the contract, and the name of the contracting party;
- (3) indicate that the committee has reviewed the services to be provided by the consultant, and certify that the committee has determined that securing such services by contract is the appropriate method;
- (4) be accompanied by the original, one electronic copy and two printed copies. The original must be signed jointly by the chair and ranking minority member;
- (5) include the background data supporting the contractor's qualifications; and
- (6) in the case of a fixed-fee product contract, be accompanied by certification from the Congressional Research Service for non-duplication of proposed study.

The contract itself should set forth in full the obligations of the contractor and, where appropriate, incorporate by reference the contractor's detailed proposal. All contracts must, at a minimum, describe in reasonable detail the services to be provided or the product to be acquired, state a delivery date or period of performance, and establish a clear limit on the Senate's financial obligations under the contract by inclusion of either a fixed price or a "not to exceed \$ _____" provision in contracts for which payments are incremental.

Contracts and consultants' qualifications should be received sufficiently in advance of the Period of Performance to permit appropriate consideration at a regular meeting of the full Rules Committee. When contracts are approved, notice will be given in writing. Approval of a contract will be deemed to include approval of a consultant's qualifications.

Examples of a *firm fixed price contract*⁸ and a *service contract*⁹ are included.

⁸All funds shall be chargeable to the authorizing resolution in effect on the date the contract was approved.

⁹All cost for services shall be charged to funds available on the date services are rendered.

TRAINING OF PROFESSIONAL STAFF

Statutory Authority

Authority for the training of professional staff of standing committees of the Senate is contained in Section 202(j) of the Legislative Reorganization Act of 1946. The text of Section 202(j) is as follows:

SECTION 202(j) OF THE LEGISLATIVE REORGANIZATION ACT OF 1946

2 U.S.C. 4301

(j)(1) Each standing committee of the Senate or House of Representatives is authorized, with the approval of the Committee on Rules and Administration in the case of standing committees of the Senate, and the committee involved in the case of standing committees of the House of Representatives, and within the limits of funds made available from the contingent fund of the Senate or the applicable accounts of the House of Representatives pursuant to resolutions, which, in the case of the Senate, shall specify the maximum amounts which may be used for such purpose, approved by the appropriate House, to provide assistance for members of its professional staff in obtaining specialized training, whenever that committee determines that such training will aid the committee in the discharge of its responsibilities. Any joint committee of the Congress whose expenses are paid out of funds disbursed by the Secretary of the Senate or by the Chief Administrative Officer of the House of Representatives, the Committee on Appropriations of the Senate, and the Majority Policy Committee and Minority Policy Committee of the Senate are each authorized to expend, for the purpose of providing assistance in accordance with paragraphs (2), (3), and (4) of this subsection for members of its staff in obtaining such training, any part of amounts appropriated to that committee.¹⁰

(2) Such assistance may be in the form of continuance of pay during periods of training or grants of funds to pay tuition, fees, or such other expenses of training, or both, as may be approved by the Committee on Rules and Administration or the Committee on House Administration, as the case may be.

(3) A committee providing assistance under this subsection shall obtain from any employee receiving such assistance such agreement with respect to continued employment with the committee as the committee may deem necessary to assure that it will receive the benefits of such employee's services upon completion of his training.

¹⁰ As amended, Pub. Law 92-136, Oct. 11, 1971; Pub. Law 104-186, Aug. 20, 1996; Pub. Law 105-55, Oct. 7, 1997.

(4) During any period for which an employee is separated from employment with a committee for the purpose of undergoing training under this subsection, such employee shall be considered to have performed service (in nonpay status) as an employee of the committee at the rate of compensation received immediately prior to commencing such training (including any increases in compensation provided by law during the period of training) for the purposes of—

(A) subchapter III (relating to civil service retirement) of chapter 83 of title 5,

(B) chapter 87 (relating to Federal employees group life insurance) of title 5, and

(C) chapter 89 (relating to Federal employees group health insurance) of title 5.

Regulations Governing Training of Professional Staff of Senate Committees

(Adopted by the Committee on Rules and Administration on October 20, 1971; amended July 26, 1979, and September 22, 1982)

Section 202(j) of the Legislative Reorganization Act of 1946, as amended by section 304 of Public Law 91-510, approved October 26, 1970, provides for the expenditure of funds available to standing committees of the Senate for the specialized training of professional staff under certain conditions enumerated therein, including the approval of the Committee on Rules and Administration.

The Committee on Rules and Administration has determined that attendance at conferences, seminars, or briefings by authorized professional staff will not be considered as training under the statutory provisions of section 202(j) when the following conditions apply:

1. The sponsoring organization has been requested to waive or reduce the attendance or registration fee for Government participation;

2. The fee involved (actual or reduced) is not in excess of \$500; and

3. The duration of the meeting does not exceed 5 days.

When all three of the above limitations are met, fees and traveling expenses involved may be incurred by authorized standing committees without specific advance approval of the Committee on Rules and Administration. A fee or time duration for meetings in excess of the aforementioned must be approved in advance by the Committee on Rules and Administration at which time that Committee will determine the classification of the proposed charges as either “training” which requires compliance with all of the provisions of section 202(j), or “non-training”.

Additional Information

While the provisions of section 202(j) and the regulations issued by the Rules Committee are specific, Senate committees desiring specialized training for any of their professional staff members should note:

(1) As for consultants, committees desiring authority and funds for the training of their professional staffs must include a specific allotment for the same in their annual or supplemental expenditure authorization resolutions.

(2) That portion of the committee's total funds which is allotted for training may not be exceeded for that purpose. A committee is not precluded, however, from expending funds from that allotment for other authorized purposes.

(3) Approval by the Senate of a resolution containing such a training allotment, however, does not complete the requirements. Specific requests, on an individual basis and in conformity with the regulations which follow below, must be submitted to the Rules Committee for final approval.

(4) The Rules Committee will only consider requests for training of professional staff that do not exceed a period of 30 days.

(5) While the Legislative Reorganization Act of 1970 limited the training privilege to standing committees (except Appropriations), Public Law 92-136 (85 Stat. 378, Oct. 11, 1971) has extended the same privilege to joint committees, to the Senate Appropriations Committee, and to the Senate Majority and Minority Policy Committees. S. Res. 425, agreed to Aug. 12, 1982, extended this privilege to the Select Committee on Ethics.

Under the authority granted to it to supervise staff training, the Committee on Rules and Administration has adopted the following definitions:

1. Training

Training means the process of providing for and making available to an employee, and placing or enrolling the employee in, a planned, prepared, and coordinated program, course, curriculum, subject, system, or routine of instruction or education, in scientific, professional or technical fields which are or will be directly related to the performance by the employee of official duties for the Senate, in order to increase the knowledge, proficiency, ability, skill and qualifications of the employee in the performance of official duties.

2. Training Expenses

The following will be considered as "Training Expenses":

(a) Compensation paid an employee during training periods in excess of 15 days. (Excludes the compensation cost involved in seminar attendance within the 2-week range. In these cases, the training expense would be the fees involved and travel expenses incurred, which would be processed on one voucher.)

(b) Travel expenses incurred in direct connection with training.

(c) Tuition, matriculation and other required fees incident thereto.

(d) Such other direct expenses as may be necessary and as approved by the Rules Committee.

(e) Fund grants, in lieu of actual expenses, as approved by the Rules Committee.

The following requirements shall be contained in the agreements on continued employment (section 202(j)(3)):

1. Each request for approval of a training authorization of more than 15 days duration shall be accompanied by a copy of the agreement specifying a continued employment after training period, as required by section 202(j)(3), signed by the employee; and

2. Each such agreement shall contain a warranty by said employee that a repayment of the training expenditure (excluding compensation) on a pro rata basis commensurate with the unexpired portion of the specified continuous employment period may be required by said employee should he or she leave the Government service prior to the full discharge of the employee's obligation under said agreement. The Rules Committee shall be notified immediately of any instance of default.

The separation of an employee from a committee for a limited and specified period for the purpose of training, but continuing that employee's benefits as specified by section 202(j)(4), shall also require advanced approval of the Rules Committee.

A committee desiring to provide assistance for the specialized training of one or more of its professional staff shall submit its request, in writing, to the Rules Committee sufficiently in advance of the proposed training date to allow ample time for decision and reply. The requests shall contain complete explanatory details and comply strictly with the requirements of section 202(j) and these regulations.

The Rules Committee will consider only those requests for the training of professional staff which do not exceed a period of 30 days.

[A sample continued employment form is included in the Appendix]

USE OF AGENCY PERSONNEL BY COMMITTEES OF THE SENATE—REIMBURSABLE AND NON-REIMBURSABLE SERVICES

Authority

The specific authority and conditions for the use of the services of employees of other Government agencies by committees of the Senate are contained in—

- (1) Paragraph 4 of Rule XXVII of the Standing Rules of the Senate;

- (3) Individual Senate resolutions authorizing funds for committees.¹²

- (7) Enclosure for each employee of a completed form, "Agreement To Comply With the Senate Code of Official Conduct", which is available from the Select Committee on Ethics.

¹¹S. Jour. 288, 79-1, June 28, 1945.

¹²Each portion of the omnibus resolution specifying a committee's authority permits the detail or assignment of personnel from other departments or agencies of the government to the staff of a committee, on either a "reimbursable" or "non-reimbursable" basis.

¹³Section 235(a) of the Legislative Reorganization Act of 1970 prohibits the assignment or detail of any employee of the Government Accountability Office to full-time duty on a continuing basis with any Senate or House committee or joint committee for a period in excess of one year. 4. All outstanding vouchers on the office ledgers must be supported by either the original voucher or copies of the original vouchers which have been signed by the chairman or Senate official. Every effort should be made to determine the status of any unpaid voucher which is more than 90 days old prior to the semi-annual reconciliation.

5. Any ledgers which are submitted for reconciliation which have not been maintained in accordance with the procedures which have been established will not be considered for reconciliation and will be reported to the Committee on Rules and Administration as not having been reconciled.

7. Internal procedures should be established by each committee or office to insure the accuracy, integrity and neatness of their ledgers.

8. Posting errors for ledgers maintained by hand must be corrected through the use of adjusting entries only. At no time will white-out, tape or erasures be used to make corrections.

The Disbursing Office may request canceled checks and reconciled bank statements from prior months if necessary.

12. Running balances are to be maintained on available balance column of both the manual or electronic spread sheet ledgers.

13. Ledger headings, authorizations and page numbers are to be completed for all manually maintained ledgers. The same information should be incorporated into an electronic spread sheet ledger.

The designation of such staff members for certification shall be done by means of a letter to the Chairman of the Committee on Rules and Administration. "Official expenses", for the purposes of these regulations, means ordinary and necessary business expenses in support of a committee's or administrative office's official duties.

Section 2. Such documentation should consist of invoices, bills, statements, receipts, or other evidence of expenses incurred, and should include ALL of the following information:

Expenses being claimed should reflect only current charges. Original copies of documentation should be submitted. However, legible facsimiles will be accepted.

Section 3. Official expenses of \$50 or less must either be documented or must be itemized in sufficient detail so as to leave no doubt of the identity of, and the amount spent for, each item. However, hotel bills or other evidence of lodging costs will be considered necessary in support of per diem expenses and cannot be itemized.

Section 4. Documentation for services rendered on a contract fee basis shall consist of a contract status report form available from the Disbursing Office. However, other expenses authorized expressly in the contract will be subject to the documentation requirements set forth in these regulations.

Section 5. No documentation will be required for the following expenses:

- (a) Salary reimbursement for compensation on a "When Actually Employed" basis;

Section 7. Cash advances from the Disbursing Office are to be used for travel and petty cash expenses only. No more than \$5,000 may be outstanding at one time for Senate committees or administrative offices, unless otherwise authorized by law or resolution, and no more than \$300 of that amount may be used for a petty cash fund. The individual receiving the cash advance will be personally liable. The Committee on Rules and Administration may, in special instances, increase these nonstatutory limits upon written request by the Chairman of that committee and proper justification.

Section 8. Documentation of petty cash expenses shall be listed on an official petty cash itemization sheet available from the Disbursing Office and should include ALL of the following information:

- (a) date expense was incurred;
- (b) amount of expense;
- (c) product or service provided; and
- (d) the person incurring the expense (payee).

Each sheet must be signed by the Senate employee receiving cash and an authorizing official (i.e., someone other than the employee(s) authorized to certify vouchers). Original receipts or facsimiles must accompany the itemization sheet for petty cash expenses over \$50.

Section 9. Petty cash funds should be used for the following incidental expenses:

- (a) postage;
- (b) delivery expenses;
- (c) interdepartmental transportation (reimbursements for parking, taxi, subway, bus, poa, etc.)
- (d) single copies of publications (not subscriptions);
- (e) office supplies not available in the Senate Stationery Room; and
- (f) official telephone calls made from a staff member's residence or toll charges incurred within a staff member's duty station.

Petty cash funds should not be used for the procurement of equipment.

Section 10. Committees are encouraged to maintain a separate checking account only for the purpose of a petty cash fund and with a balance not in excess of \$300.

Section 11. Vouchers for the reimbursement of official travel expenses to a committee chairman or member, officer, employee, contractor, detailee, or witness shall be accompanied by an "Expense
