For purposes of this subsection, expenditures for the coverage of populations and services that the State could have otherwise provided through its Medicaid State plan or other authority under title XIX, including expenditures that could be made under such authority but for the provision of such services at a different site of service than authorized under such State plan or other authority, shall be considered expenditures in the absence of such a project.

''(2) TREATMENT OF SAVINGS.—In the event that expenditures with respect to a State under a Medicaid demonstration project are, during an approval period for such project, less than the amount of such expenditures that would have otherwise been made in the absence of such project, the Secretary shall specify the methodology to be used with respect to the subsequent approval period for such project for purposes of taking the difference between such expenditures into account.''.

''(4) OPTION TO CONDUCT MORE FREQUENT COMPLIANCE VERIFICATIONS.—With respect to an applicable individual enrolled and receiving medical assistance under a State plan (or a waiver of such plan) under this title, the State shall verify (in accordance with procedures specified by the Secretary) that each such individual has met the requirement to demonstrate community engagement under paragraph (1) during each such individual's regularly scheduled redetermination of eligibility, except that a State may provide for such verifications more frequently.

''(5) EX PARTE VERIFICATIONS.—For purposes of verifying that an applicable individual has met the requirement to demonstrate community engagement under paragraph (1), or determining such individual to be deemed to have demonstrated community engagement under paragraph (3), or that an individual is a specified excluded individual under paragraph (9)(A)(ii), the State shall, in accordance with standards established by the Secretary, establish processes and use reliable information available to the State (such as payroll data or payments or encounter data under this title for individuals and data on payments to such individuals for the provision of services covered under this title) without requiring, where possible, the applicable individual to submit additional information.

''(6) PROCEDURE IN THE CASE OF NONCOMPLIANCE.—

''(A) IN GENERAL.—If a State is unable to verify that an applicable individual has met the requirement to demonstrate community engagement under paragraph (1) (including, if applicable, by verifying that such individual was deemed to have demonstrated community engagement under paragraph (3)) the State shall (in accordance with standards specified by the Secretary)—

''(i) provide such individual with the notice of noncompliance described in subparagraph (B);

''(ii)(I) provide such individual with a period of 30 calendar days, beginning on the date on which such notice of noncompliance is received by the individual, to—

''(aa) make a satisfactory showing to the State of compliance with such requirement (including, if applicable, by showing that such individual was or should be deemed to have demonstrated community engagement under paragraph (3)); or

''(bb) make a satisfactory showing to the State that such requirement does not apply to such individual on the basis that such individual does not meet the definition of applicable individual under paragraph (9)(A); and

''(II) if such individual is enrolled under the State plan (or a waiver of such plan)

under this title, continue to provide such individual with medical assistance during such 30-calendar-day period; and

''(iii) if no such satisfactory showing is made and the individual is not a specified excluded individual described in paragraph (9)(A)(ii), deny such individual's application for medical assistance under the State plan (or waiver of such plan) or, as applicable, disenroll such individual from the plan (or waiver of such plan) not later than the end of the month following the month in which such 30-calendar-day period ends, provided that—

''(B) NOTICE.—The notice of noncompliance provided to an applicable individual under subparagraph (A)(i) shall include information (in accordance with standards specified by the Secretary) on—

''(i) how such individual may make a satisfactory showing of compliance with such requirement (as described in subparagraph (A)(ii)) or make a satisfactory showing that such requirement does not apply to such individual on the basis that such individual does not meet the definition of applicable individual under paragraph (9)(A); and

''(ii) how such individual may reapply for medical assistance under the State plan (or a waiver of such plan) under this title in the case that such individuals' application is denied or, as applicable, in the case that such individual is disenrolled from the plan (or waiver).

''(A) IN GENERAL.—Beginning July 1, 2028, notwithstanding paragraph (1), the Secretary may approve a waiver that is standalone from any other waiver approved under this subsection to include as medical assistance under the State plan of such State payment for part or all of the cost of home or community-based services (other than room and board (as described in paragraph (1))) approved by the Secretary which are provided pursuant to a written plan of care to individuals described in subparagraph (B)(iii). A waiver approved under this paragraph shall be for an initial term of 3 years and, upon the request of the State, shall be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the requirements specified under this subsection (excluding those excepted under subparagraph (B)) have not been met.

''(iii) The State establishes needs-based criteria, subject to the approval of the Secretary, regarding who will be eligible for home or community-based services under a waiver approved under this paragraph without requiring such individual to have a determination described in paragraph (1), and specifies the home or community-based services such individuals so eligible will receive.

''(iv) The State establishes needs-based criteria for determining whether an individual described in clause (iii) requires the level of care provided in a hospital, nursing facility, or an intermediate care facility for individuals with developmental disabilities under the State plan or under any waiver of such plan that are more stringent than the needs-based criteria established under clause (iii) for determining eligibility for home or community-based services.

''(v) The State attests that the State's average per capita expenditure for medical assistance under the State plan (or waiver of such plan) provided with respect to such individuals enrolled in a waiver under this paragraph will not exceed the State's average per capita expenditure for medical assistance for individuals receiving institutional care under the State plan (or waiver of such plan) for the duration that the waiver under this paragraph is in effect.

''(vi) The State provides to the Secretary data (in such form and manner as the Secretary may specify) regarding the number of individuals described in clause (iii) with respect to a State seeking approval of a waiver under this subsection, to whom the State will make such services available under such waiver.

''(vii) The State agrees to provide to the Secretary, not less frequently than annually, data for purposes of paragraph (2)(E) (in such form and manner as the Secretary may specify) regarding, with respect to each preceding year in which a waiver under this subsection to provide home or community-based services to individuals described in clause (iii) was in effect—

''(I) the cost (as such term is defined by the Secretary) of such services furnished to individuals described in clause (iii), broken down by type of service;

''(II) with respect to each type of home or community-based service provided under the waiver, the length of time that such individuals have received such service;

''(III) a comparison between the data described in subclause (I) and any comparable data available with respect to individuals with respect to whom a determination described in paragraph (1) has been made and with respect to individuals receiving institutional care under this title; and

''(IV) the number of individuals who have received home or community-based services under the waiver during the preceding year.

''(C) LIMITATION ON PAYMENTS.—No payments made to carry out this paragraph shall be used to make payments to a third party on behalf of an individual practitioner for benefits such as health insurance, skills training, and other benefits customary for employees, in the case of a class of practitioners for which the program established under this title is the primary source of revenue.''.

For purposes of this subsection, expenditures for the coverage of populations and services that the State could have otherwise provided through its Medicaid State plan or other authority under title XIX, including expenditures that could be made under such authority but for the provision of such services at a different site of service than authorized under such State plan or other authority, shall be considered expenditures in the absence of such a project.

''(6) PROCEDURE IN THE CASE OF NONCOMPLIANCE.—

''(A) IN GENERAL.—If a State is unable to verify that an applicable individual has met the requirement to demonstrate community engagement under paragraph (1) (including, if applicable, by verifying that such individual was deemed to have demonstrated community engagement under paragraph (3)) the State shall (in accordance with standards specified by the Secretary)—

''(iii) The State establishes needs-based criteria, subject to the approval of the Secretary, regarding who will be eligible for home or community-based services under a waiver approved under this paragraph without requiring such individual to have a determination described in paragraph (1), and specifies the home or community-based services such individuals so eligible will receive.

''(v) The State attests that the State's average per capita expenditure for medical assistance under the State plan (or waiver of such plan) provided with respect to such individuals enrolled in a waiver under this paragraph will not exceed the State's average per capita expenditure for medical assistance for individuals receiving institutional care under the State plan (or waiver of such plan) for the duration that the waiver under this paragraph is in effect.

''(vi) The State provides to the Secretary data (in such form and manner as the Secretary may specify) regarding the number of individuals described in clause (iii) with respect to a State seeking approval of a waiver under this subsection, to whom the State will make such services available under such waiver.

''(I) the cost (as such term is defined by the Secretary) of such services furnished to individuals described in clause (iii), broken down by type of service;

''(II) with respect to each type of home or community-based service provided under the waiver, the length of time that such individuals have received such service;

''(III) a comparison between the data described in subclause (I) and any comparable data available with respect to individuals with respect to whom a determination described in paragraph (1) has been made and with respect to individuals receiving institutional care under this title; and

''(IV) the number of individuals who have received home or community-based services under the waiver during the preceding year.

''(C) LIMITATION ON PAYMENTS.—No payments made to carry out this paragraph shall be used to make payments to a third party on behalf of an individual practitioner for benefits such as health insurance, skills training, and other benefits customary for employees, in the case of a class of practitioners for which the program established under this title is the primary source of revenue.''.

''(B) The Secretary shall apply the borrower's applicable monthly payment under this paragraph first toward interest due on each such loan, next toward any fees due on each loan, and then toward the principal of each loan.

''(C) Any principal due and not paid under subparagraph (B) or paragraph (2)(B) shall be deferred.

''(D) A borrower who is not in a period of deferment or forbearance shall make an applicable monthly payment for each month until the earlier of—

For purposes of applying subsection (a)(2), any gain treated as ordinary income under this subparagraph shall be treated as an amount treated as ordinary income under subsection (a)(1)(A).

''(II) section 267(b)(4), but solely in the case of a trust with respect to which each current beneficiary is the grantor or a person whose relationship to the grantor is described in paragraph (1) or (9) of section 267(b).

''(D) ANTIABUSE RULES.—The Secretary may issue regulations or other guidance which prevent the avoidance of the purposes of subparagraph (A), including regulations or other guidance which treat convertible and contingent debt (and other debt having the attributes of equity) as a capital interest in the partnership.

''(E) CONTROLLED GROUPS OF ENTITIES.—

''(i) IN GENERAL.—In the case of a controlled group of entities, if an interest in the partnership received in exchange for a contribution to the capital of the partnership by any member of such controlled group would (in the hands of such member) constitute property held in connection with a trade or business, then any interest in such partnership held by any member of such group shall be treated for purposes of subparagraph (A) as constituting (in the hands of such member) property held in connection with a trade or business.

''(ii) CONTROLLED GROUP OF ENTITIES.—For purposes of clause (i), the term 'controlled group of entities' means a controlled group of corporations as defined in section 1563(a)(1), applied without regard to subsections (a)(4) and (b)(2) of section 1563. ''(A) allocations of items are made by the partnership to such qualified capital interest in the same manner as such allocations are made to other qualified capital interests held by partners who do not provide any services described in subsection (c)(2) and who are not related to the partner holding the qualified capital interest, and

''(B) the allocations made to such other interests are significant compared to the allocations made to such qualified capital interest.

''(2) AUTHORITY TO PROVIDE EXCEPTIONS TO ALLOCATION REQUIREMENTS.—To the extent provided by the Secretary in regulations or other guidance—

''(A) ALLOCATIONS TO PORTION OF QUALIFIED CAPITAL INTEREST.—Paragraph (1) may be applied separately with respect to a portion of a qualified capital interest.

''(B) NO OR INSIGNIFICANT ALLOCATIONS TO NONSERVICE PROVIDERS.—In any case in which the requirements of paragraph (1)(B) are not satisfied, items of gain and loss (and any dividends) shall not be taken into account under subsection (a) to the extent that such items are properly allocable under such regulations or other guidance to qualified capital interests.

''(C) ALLOCATIONS TO SERVICE PROVIDERS' QUALIFIED CAPITAL INTERESTS WHICH ARE LESS THAN OTHER ALLOCATIONS.—Allocations shall not be treated as failing to meet the requirement of paragraph (1)(A) merely because the allocations to the qualified capital interest represent a lower return than the allocations made to the other qualified capital interests referred to in such paragraph.

''(3) SPECIAL RULE FOR CHANGES IN SERVICES AND CAPITAL CONTRIBUTIONS.—In the case of an interest in a partnership which was not an investment services partnership interest and which, by reason of a change in the services with respect to assets held (directly or indirectly) by the partnership or by reason of a change in the capital contributions to such partnership, becomes an investment services partnership interest, the qualified capital interest of the holder of such partnership interest immediately after such change shall not, for purposes of this subsection, be less than the fair market value of such interest (determined immediately before such change).

''(4) SPECIAL RULE FOR TIERED PARTNERSHIPS.—Except as otherwise provided by the Secretary, in the case of tiered partnerships, all items which are allocated in a manner which meets the requirements of paragraph (1) to qualified capital interests in a lower-tier partnership shall retain such character to the extent allocated on the basis of qualified capital interests in any upper-tier partnership.

''(5) EXCEPTION FOR NO-SELF-CHARGED CARRY AND MANAGEMENT FEE PROVISIONS.—Except as otherwise provided by the Secretary, an interest shall not fail to be treated as satisfying the requirement of paragraph (1)(A) merely because the allocations made by the partnership to such interest do not reflect the cost of services described in subsection (c)(2) which are provided (directly or indirectly) to the partnership by the holder of such interest (or a related person).

''(6) SPECIAL RULE FOR DISPOSITIONS.—In the case of any investment services partnership interest any portion of which is a qualified capital interest, subsection (b) shall not apply to so much of any gain or loss as bears the same proportion to the entire amount of such gain or loss as—

''(A) the distributive share of gain or loss that would have been allocated to the qualified capital interest (consistent with the requirements of paragraph (1)) if the partnership had sold all of its assets at fair market value immediately before the disposition, bears to

''(II) any items of deduction and loss so taken into account.

''(B) ADJUSTMENT TO QUALIFIED CAPITAL INTEREST.—

''(ii) SPECIAL RULE FOR CONTRIBUTIONS OF PROPERTY.—In the case of any contribution of property described in subparagraph (A)(i) with respect to which the fair market value of such property is not equal to the adjusted basis of such property immediately before such contribution, proper adjustments shall be made to the qualified capital interest to take into account such difference consistent with such regulations or other guidance as the Secretary may provide.

''(C) MERGERS, CONSOLIDATIONS, ETC., DISREGARDED.—No increase or decrease in the qualified capital interest of any partner shall result from a merger, consolidation, or division described in section 708, or any similar transaction.

''(8) TREATMENT OF CERTAIN LOANS.—

''(A) PROCEEDS OF PARTNERSHIP LOANS NOT TREATED AS QUALIFIED CAPITAL INTEREST OF SERVICE PROVIDING PARTNERS.—For purposes of this subsection, an investment services partnership interest shall not be treated as a qualified capital interest to the extent that such interest is acquired in connection with the proceeds of any loan or other advance made or guaranteed, directly or indirectly, by any other partner or the partnership (or any person related to any such other partner or the partnership). The preceding sentence shall not apply to the extent the loan or other advance is repaid before the date of the enactment of this section unless such repayment is made with the proceeds of a loan or other advance described in the preceding sentence.

''(B) REDUCTION IN ALLOCATIONS TO QUALIFIED CAPITAL INTERESTS FOR LOANS FROM NONSERVICE-PROVIDING PARTNERS TO THE PARTNERSHIP.—For purposes of this subsection, any loan or other advance to the partnership

made or guaranteed, directly or indirectly, by a partner not providing services described in subsection (c)(2) to the partnership (or any person related to such partner) shall be taken into account in determining the qualified capital interests of the partners in the partnership.
