RECOGNIZING VETERANS DAY

Mr. SCHMITT. Mr. President, this November marks two very special dates for our great country. Our Nation comes together every November 11th to celebrate Veterans Day, in recognition of the exemplary and selfless work put forth by those who have served in our great Republic's Armed Forces. Since our Nation's founding, our brave troops have valiantly defended American freedom and values. Time and again, our veterans' unwavering courage and dedication have shielded our homeland from foreign aggression and helped secure the blessings of liberty for our neighbors overseas.

November 10th also marks an important landmark in our Republic's history. On this day in 1775, the Continental Congress formed what would become the U.S. Marine Corps under the command of Major Samuel Nicholas. Since its founding 250 years ago, the Marine Corps has stood as a symbol of excellence and steadfast commitment to defending our homeland. From the Revolutionary War to the present, our marines have demonstrated outstanding courage wherever and whenever they are called to serve.

I encourage my colleagues to join me as we honor those currently serving in or retired from our uniformed services and commemorate those who gave the last measure of devotion to protecting their fellow Americans. These heroes' adaptability and bravery have safeguarded our Nation for two and a half centuries, and we all owe them our most sincere gratitude.

TRIBUTE TO MAJOR MELISSA A. BATEMAN

Ms. BALDWIN. Mr. President, I rise today to recognize MAJ Melissa Bateman for her outstanding work on behalf of the people in Wisconsin and our Nation. A native of Darnestown, MD, Major Bateman served as a 2023 Department of Defense legislative fellow in my Washington, DC, office and later as a U.S. Army Reserve congressional liaison from 2024-2025.

Melissa demonstrates a level of professionalism and hard work I have come to expect—but not take for granted—from the Department of Defense and U.S. Army soldiers. Indeed, she follows a long line of accomplished Department of Defense legislative fellows who have made impactful contributions to my office and U.S. national security policy. She distinguished herself as an Army officer, setting a high bar and providing invaluable advice and insights as she advised me on wide-ranging and complex matters under consideration before the Senate Appropriations Department of Defense Subcommittee. Melissa's servant leadership showed in her work as a congressional liaison for the U.S. Army Reserve. Her attention to detail and ability to effectively communicate with Congress became apparent as she successfully advanced key Army Reserve legislative initiatives and priorities.

Melissa will soon transition to her new duty assignment at the Military Intelligence Readiness Command. On behalf of my colleagues and the U.S. Congress, I thank Melissa for her dedicated service to my staff, the U.S. Army, and our Nation. Part of what makes the U.S. military the greatest in the history of the world is that servicemembers like Melissa dedicate their lives to service and sacrifice for this country. Major Bateman does not do it alone, so I also acknowledge the support of her family to include her cherished dogs. I wish Melissa all the best in what I know is a bright future.

ADDITIONAL STATEMENTS

TRIBUTE TO BUTCH INKS

● Ms. KLOBUCHAR. Mr. President, I rise today to honor Saint Paul Fire Chief Barton "Butch" Inks of Saint Paul, MN, who is retiring after 31 years of service to the City of Saint Paul Fire Department.

Every single day, firefighters are called to put their lives on the line to save others. It takes an uncommon selflessness, courage, and patriotism to do what they do, and Chief Butch Inks was always willing to make that sacrifice.

Born and raised in the North End neighborhood of Saint Paul, MN, Chief Inks started his career in the city's parks and recreation department in 1985. In 1994, Chief Inks graduated from
