Congressional Record

PROCEEDINGS AND DEBATES OF THE 119th CONGRESS, SECOND SESSION

Vol. 172 WASHINGTON, THURSDAY, JANUARY 22, 2026 *No. 15—Book II*

House of Representatives

EXPLANATORY STATEMENT SUBMITTED BY MR. COLE, CHAIR OF THE HOUSE OF REPRESENTATIVES COMMITTEE ON APPROPRIATIONS, REGARDING H.R. 7148, CONSOLIDATED APPROPRIATIONS ACT, 2026; AND H.R. 7147, DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2026

The following is an explanation of the Consolidated Appropriations Act, 2026.

This Act includes 4 regular appropriations bills for fiscal year 2026. The divisions contained in the Act are as follows:

- Division A—Department of Defense Appropriations Act, 2026
- Division B—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2026
- Division C—Department of Homeland Security Appropriations Act, 2026
- Division D—Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2026
- Division E—Authorizing Extenders and Technical Corrections
- Division F—Health Care Extenders

Section 1 of the Act is the short title of the bill.

Section 2 of the Act displays a table of contents.

Section 3 of the Act states that, unless expressly provided otherwise, any reference to ''this Act'' contained in any division shall be treated as referring only to the provisions of that division.

Section 4 of the Act states that this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this legislation as if it were a joint explanatory statement of a committee of conference.

Section 5 of the Act provides a statement of appropriations.

DIVISION A—DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2026

The following is an explanation of the effects of this Act, which makes appropriations for the Department of Defense for fiscal year 2026. The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 119–162 and Senate Report 119–52 carry the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY

For the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177), as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100–119), and by the Budget Enforcement Act of 1990 (Public Law 101–508), the terms ''program, project, and activity'' for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 2026, the related classified annexes and Committee reports, and the P–1 and R–1 budget justification documents as subsequently modified by congressional action.

The following exception to the above definition shall apply: the military personnel and the operation and maintenance accounts, for which the term ''program, project, and activity'' is defined as the appropriations accounts contained in the Department of Defense Appropriations Act, 2026.

The agreement notes the transmission of the budget justification known as the M–1 and O–1 to the congressional defense committees, which identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and operation and maintenance in any budget request, or amended budget request, for fiscal year 2026. The Secretary of Defense is directed to provide such budget justification for any subsequent budget request or amended request.

REPROGRAMMING GUIDANCE

The Secretary of Defense is directed to continue to follow the reprogramming guidance for acquisition accounts as specified in the report accompanying the House version of the Department of Defense Appropriations Act, 2008 (House Report 110–279). The dollar threshold for reprogramming funds shall be $15,000,000 for military personnel; operation and maintenance; procurement; and research, development, test and evaluation.

Additionally, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees annual DD Form 1416 reports for titles I and II and quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogramming actions are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a military personnel (M–1); an operation and maintenance (O–1); a procurement (P–1); or a research, development, test and evaluation (R–1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement. Section 8005 of this Act directs the Secretary of Defense to submit multiple reprograming requests no later than June 30, 2026, to ensure timely congressional review and execution.

FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables. It is directed that funding increases shall be competitively awarded or provided to programs that have received competitive awards in the past.

CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or items for which funding is specifically reduced as shown in the project level tables or in paragraphs using the phrase ''only for'' or ''only to'' in this report are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in this

Printed on recycled paper.

statement. In addition, section 8006 of this Act provides direction on the treatment of increases which appear in the tables of the Project Level Tables, including certain limitations on the use of reprogramming authority in relation to these items.

CLASSIFIED ANNEX

Adjustments to the classified programs are addressed in the classified annex accompanying this joint explanatory statement.

MANDATORY FUNDING COLUMN

Public Law 119–21 provided a total of $156,216,000,000 in mandatory funds for the Department of Defense. The Project Level Tables (PLT) in this joint explanatory statement, include a column entitled ''Mandatory'' that reflects the amounts apportioned to the Department for fiscal year 2026 and subsequently allocated at the P–1/R–1 level to an executing department, agency, or activity in the first tranche of the Department's reconciliation spend plan. The PLTs reflect amounts in brackets for anticipated funds not yet notified to Congress in a P–1/R–1 spend plan.

FUNDING SHORTFALLS

The Department of Defense identified $26,582,254,000 in total funding shortfalls due to disjunctions between the fiscal year 2026 President's budget request and Public Law 119–21. The Department then submitted a request for $2,377,682,000 in additional emergent requirements, along with the fiscal year 2026 President's budget request, and the Unfunded Priorities Lists of the Department of Defense, Service Chiefs, and Combatant Commanders. Additionally, the Department requested authorization and funding of up to $28,800,000,000 in multi-year munitions procurement contracts.

By comparison the overall allocation for the Department of Defense Appropriations Act, 2026 is $8,429,202,000 above the President's budget request, and thus the agreement was unable to fully fund most of these unfunded requirements and priorities.

The agreement welcomes the Department's focus on strengthening our military, modernizing its capabilities, expanding industrial capacity, and replenishing munitions stockpiles. However, the agreement observes that solving these real challenges will be difficult without sustained funding through a predictable, annual appropriations process.

The House and Senate Defense Appropriations Subcommittees are encouraged by the Department's forecasting for fiscal year 2027 and the future years defense program, as well as current efforts to make investments in critical warfighting areas such as shipbuilding, munitions, sixth generation fighter aircraft, and missile defense. The funding in this agreement underscores the necessity of a partnership between the Department of Defense and the Congress in order to deliver the capabilities our warfighters need. The House and Senate Defense Appropriations Subcommittees are supportive of a continued dialogue with the Department of Defense throughout fiscal year 2026 as we continue to work to address the noted critical funding shortfalls that are not resolved in this Act.

MUNITIONS PRODUCTION CAPACITY

The agreement notes the funding shortfalls in the fiscal year 2026 President's budget request, which did not request maximum executable quantities for certain critical munitions.

Therefore, the Secretary of Defense and Chairman of the Joint Chiefs of Staff are directed to jointly submit a report of all expended munitions to the congressional defense committees, concurrent with the submission of the fiscal year 2027 President's budget request, and not later than 15 days after the end of each quarter thereafter. The reports required shall be submitted in a classified format and include the type of munition, quantity expended, the named operation or area of responsibility, the updated current inventory, and the total munition requirement.

Further, the Secretary of Defense is directed to submit a report to the congressional defense committees, concurrent with the submission of the fiscal year 2027 President's budget request, which compares requested unit quantities for each critical munitions program and maximum annual production rate achievable by the industrial base. In any case where the requested quantity falls below the maximum rate of production, and the current inventory remains below the validated total munitions requirement, the Secretary of Defense shall provide limiting factors, such as budget prioritization, production constraints, and risk assessments related to inventory shortfalls. This report shall be submitted in an unclassified format with a classified appendix.

The agreement underscores the Department's obligation to clearly define munitions requirements, both for baseline stockpiles and surge capacity, and to budget accordingly. Absent this, the industrial base cannot make informed investment decisions regarding its production capacity, workforce, and supply chain.

This section replaces the directives under the heading ''Munitions Stock'' in House Report 119–162 and under the heading ''Munitions Production Capacity'' in Senate Report 119–52.

MULTI-YEAR PROCUREMENT CONTRACTS FOR CRITICAL MUNITIONS

The Deputy Secretary of Defense's establishment of the Munitions Acceleration Council (MAC) offers an opportunity for the Department of Defense to prioritize long-overdue investments in critical munitions. The agreement finds merit in this effort, particularly the objectives of addressing key production challenges, reducing unit costs through economies of scale, enhancing the industrial base's ability to surge production, and ensuring more timely delivery of munitions to the warfighter.

Over fiscal year 2026, the Department requested multi-year procurement (MYP) authority for 13 critical munitions but has not demonstrated with necessary documentation that each munition meets the requirements for MYP authority as outlined in section 8010 of this Act. The proposal was presented absent an official budget request, and without adequate funding offsets or additional topline. Concurrently, the House and Senate Defense Appropriations Subcommittees had to address substantial reconciliation funding incongruencies and other Department priorities with limited discretionary resources. This resource limitation constrained Congress' ability to provide the necessary funding to fully support the MYP initiatives as presented.

Therefore, contingent upon the submission of a fiscal year 2027 President's budget request that complies with section 8010, the agreement provides MYP authority for eight out of the 13 munitions programs in fiscal year 2026: PATRIOT Advanced Capability–3 Missile Segment Enhancement; Standard Missile–6; Terminal High Altitude Area Defense; Advanced Medium Range Air to Air Missiles; Tomahawk Cruise Missiles Systems; Long Range Anti-Ship Missile; Joint Air-to-Surface Standoff Missile Extended Range; and Standard Missile–3 Block 1B.

In total, the agreement includes more than $6,300,000,000 for the 13 critical MAC munitions, including an increase of $1,875,955,000 above the fiscal year 2026 President's budget request for those munitions receiving MYP authority. The agreement includes funding for the full fiscal year 2026 unfunded requirement for Long Range Anti-Ship Missile; Joint Air-to-Surface Standoff Missile Extended Range; and Standard Missile–3 Block 1B to meet the objectives of the MAC. Funding included in this Act is in addition to nearly $2,100,000,000 of mandatory funds currently apportioned from Public Law 119–21. The agreement also makes significant investments toward solid rocket motor production, a key component of critical munitions.

The MYP authority granted, and associated funding, will provide the Department with the ability to procure more munitions at a lower cost through fiscal year 2032 as compared to single year procurements. The Secretary of Defense is directed to negotiate MYP contracts which yield unit cost savings, shortened production timelines, production capacity expansion, or industry commitments in facilitization with a focus on second and third-tier suppliers. Further, the Secretary of Defense is directed to provide a semi-annual report to the congressional defense committees on the status of each munition MYP award granted in fiscal year 2024 and fiscal year 2026 until all munitions covered under such award have been delivered, to include projected and realized cost savings, the amount and impact of government and industry investment on capacity and associated supply chains, and an assessment of the extent to which such award has generated greater stability in the associated supply chain.

NEW ENTRANTS FOR CRITICAL MUNITIONS PRODUCTION

The agreement supports investments in low-cost munitions by new entrants, including the Family of Affordable Mass Munitions (FAMM), Extended-Range Attack Munitions (ERAM), Enterprise Test Vehicle (ETV), and ground-launched low-cost cruise missile systems, and includes additional funds to accelerate the development and procurement of these systems. The agreement encourages the Secretary of Defense to make continued investments in these programs in the fiscal year 2027 President's budget request.

The Secretary of Defense and the Chairman of the Joint Chiefs of Staff are directed to jointly submit a report to the congressional defense committees, not later than 60 days after the enactment of this Act, on low-cost munitions. The report shall include: (1) all munitions that are currently being produced by new entrants; (2) potential sources of low-cost components manufactured by new entrants and non-traditional suppliers; (3) viable paths for system integration for new entrants; (4) a strategy for accelerating qualification and certification of new entrants; (5) an analysis of the viability of multi-year contracts for such low-cost munitions; and (6) an assessment of the extent to which the fiscal year 2027 President's budget request will leverage low-cost munitions to meet munitions requirements, with estimated procurement costs, quantities, and projected inventory for such munitions identified for each fiscal year of the future years defense program. The report shall be submitted in an unclassified form and may include a classified annex.

SOLID ROCKET MOTORS

Insufficient resiliency in the solid rocket motor (SRM) industrial base represents a significant chokepoint in the Department of Defense's effort to expand munitions production capacity to meet the growing requirements for munitions. In addition to investments recently made into the traditional SRM supply base, the Department must continue to promote alternative sources of SRM production. Competition and innovation are

key to addressing weakness in the SRM industrial base, and increasing manufacturability and affordability will prove critical as the Department seeks to aggressively ramp production.

Therefore, the agreement provides $500,000,000 only for the investment in modernization, expansion, or facilitization of the solid rocket motor industrial base, of which $150,000,000 shall be available only for the qualification and testing of second source providers. The purposes of the funds include capital equipment, tooling, and facility upgrades; workforce development, training, and retention; supplier base expansion and qualification, including second- and third-tier vendors; process improvements, automation, and digital manufacturing; and risk reduction and surge capacity initiatives necessary to ensure reliable, affordable, and timely production of solid rocket motors and related energetics. The Secretary of Defense is directed to seek and consider input from industry stakeholders, including prime contractors, new entrants, subcontractors, and critical lower-tier suppliers, to inform decision-making regarding the use of funds within the solid rocket motor industrial base. The Secretary of Defense is directed to prioritize actions that enhance competition within the solid rocket motor industrial base, including the introduction of new entrants, expansion of qualified suppliers, reduction of barriers to entry, and mitigation of single-point-of-failure risks.

Further, the agreement directs the Deputy Secretary of Defense, in coordination with the Service Secretaries, to submit a report to the congressional defense committees, not later than 90 days after the enactment of this Act, providing the following for each of the Munitions Acceleration Council-identified critical munitions: (1) existing SRM suppliers of critical munitions; (2) potential second sources or plans to onramp a second source; (3) available SRM production capacity; (4) the quantity and percentage of motors delivered on time; (5) the quantity and percentage of motors rejected or returned for failures for the primary source and any secondary sources over the previous five years of delivery; and (6) a detailed timeline and associated funding investment required to increase capacity aligned with the increased production rates.

GOLDEN DOME FOR AMERICA

On January 27, 2025, the President directed the development of a next-generation missile defense shield, Golden Dome for America. While the House and Senate Defense Appropriations Subcommittees support the operational objectives of Golden Dome for national security, the agreement notes the Department of Defense's decision to date not to provide complete budgetary details and justification of the $23,000,000,000 in mandatory funding as provided by Public Law 119–21, to include: a comprehensive master deployment schedule; cost, schedule, and performance metrics; and a finalized system architecture and its components. Due to insufficient budgetary information, the House and Senate Defense Appropriations Subcommittees were unable to effectively assess resources available to specific program elements and to conduct oversight of planned programs and projects for fiscal year 2026 Golden Dome efforts in consideration of the final agreement.

To that end, the Secretary of Defense is directed, in conjunction with the Director of Golden Dome, to provide a comprehensive spend plan for Golden Dome resourcing to the congressional defense committees, not later than 60 days after enactment of this Act. The spend plan shall detail planned obligations and expenditures by program, descriptions, justification, and the corresponding system architecture mission areas at the budget line item level for fiscal years 2025, 2026, and 2027 to include a detailed breakout of discretionary and mandatory funds. The spend plan shall be predicated on the Golden Dome architecture.

The agreement further directs the Under Secretary of Defense (Comptroller) to submit a separate budget justification volume beginning in fiscal year 2028, and annually thereafter, detailing program descriptions, justifications, and requested funding associated with Golden Dome activities and requirements, including a crosswalk of funds requested from Golden Dome-related programs executed across the Department. The budget justification volume shall also include an integrated master test plan documenting the Golden Dome program office's test program, including all test resourcing and events for flight, ground, and cyber testing capabilities.

The agreement directs the Director of Golden Dome to provide quarterly updates to the congressional defense committees, not later than 30 days after the close of each quarter, detailing budget execution and the status of ongoing Golden Dome activities to achieve initial operational capability by 2028.

The reports required herein shall be submitted in unclassified form and may include a classified annex.

This language replaces the language under the heading ''Golden Dome'' in House Report 119–162. The agreement retains the language under the heading ''Air and Missile Defense'' in Senate Report 119–52.

DEFENSE ACQUISITION REFORM

The agreement strongly supports the Department of Defense's intent to prioritize timely and urgent delivery of capabilities to the warfighter. The House and Senate Defense Appropriations Subcommittees have long worked in concert with the Department in pursuit of this goal. The agreement sees the Department's plan for acquisition reform as an opportunity to address internal processes that have historically inhibited the timely and on-cost acquisition of effective weapon systems.

The rapid adaptation and fielding of new technologies and concepts occurring on the modern battlefield, most visibly demonstrated by rapid innovation by both combatants in Russia's ongoing war against Ukraine, should be an urgent warning that the Department, Military Services, and America's defense industry must more quickly innovate and adapt or risk losing our military advantage. While speed of delivery is critical, the agreement cautions that speed must be factored alongside cost, performance, lethality, and scalability. Rapid delivery of ineffective weapon systems at exorbitant cost will not serve the warfighter well. The agreement also notes the importance of a capable acquisition workforce and ensuring stable, annual funding for programs are integral components of successful acquisition reform.

ACQUISITION WORKFORCE

The agreement stresses that the success of defense acquisition reform will be dependent on the experience and talent management of the acquisition corps, including contracting officers, financial managers, and engineers. While the intent to institute policies that better manage the tenure of program managers and program acquisition executives is laudable, program managers encompass a small segment of the personnel necessary for effective defense acquisition. In particular, experienced and competent financial management and contracting workforces are essential to successfully increasing use of non-Federal Acquisition Regulation procurement methods. The agreement is concerned that recent reductions to the acquisition workforce, the effects of which have yet to be realized, will negatively affect the Department of Defense's ability to achieve the initial speed and agility sought by this reform effort.

Therefore, the agreement directs the Secretary of Defense in consultation with the Service Secretaries to submit an acquisition workforce strategy to the House and Senate Defense Appropriations Subcommittees not later than 180 days after the enactment of this Act. The strategy shall include a comprehensive assessment of the workforce necessary to execute a reformed defense acquisition system; the current and future billets required by each Service and Defense Agency, functional specialty, and grade across the future years defense program; current and future education and training requirements, to include associated funding requirements across the future years defense program; and all changes in policy and management of the acquisition corps.

BUDGET STRUCTURE

The agreement notes the Department of Defense's plan to seek budget flexibility as outlined in the Secretary of Defense's memorandum entitled ''Transforming the Defense Acquisition System into the Warfighting Acquisition System to Accelerate Fielding of Urgently Needed Capabilities to Our Warriors'' dated November 7, 2025.

The agreement assesses that the acquisition reforms directed in the memorandum are internal in nature. The agreement encourages the Department to demonstrate progress on these internal procedures and administrative measures before seeking additional authorities or changes to its budget and appropriations framework. For instance, while the House and Senate Defense Appropriations Subcommittees work diligently to quickly adjudicate above-threshold transfer and reprogramming requests, a significant amount of the subcommittees' time is consumed by waiting for the Department to provide requested additional details and justification for these requests. Providing this information alongside the submission of the request would accelerate consideration and create a nimbler process without altering existing authority or reprogramming thresholds. Therefore, the Under Secretary of Defense (Comptroller) and Assistant Secretaries (Financial Management and Comptroller) for the Air Force, Navy, and Army are encouraged to consult with the House and Senate Defense Appropriations Subcommittees, within 60 days of enactment of this Act, to improve the amount of detail and justification materials provided with above-threshold transfer and reprogramming requests in order to further speed congressional consideration.

Further, the agreement emphasizes the direction provided in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2024 (Public Law 118–47), which reaffirmed the Department's ability to effectively manage its funding under existing appropriations structures through the use of internal policies, regulations, and timely communication with Congress.

To date, the agreement observes no new or compelling justification or quantitative analysis to support proposals that would alter the current appropriations framework, including with respect to reprogramming thresholds, notification requirements, new start guidelines, or consolidation into a single color of money. Consideration of legislative changes to the appropriations structure

is premature until the Department has demonstrated full and effective use of its existing flexibilities and addressed persistent internal delays. As such, the agreement strongly discourages changes to the current appropriations structure in the fiscal year 2027 President's budget request and retains the directives under the heading ''Planning, Programming, Budgeting and Execution Reform'' in Senate Report 119–52.

JOINT REQUIREMENTS PROCESS REFORM

The Department of Defense is significantly reforming the process used to define joint requirements and set acquisition objectives for those capabilities across the joint force. The agreement supports these reforms. Nevertheless, the agreement directs the Deputy Secretary of Defense, Vice Chairman of the Joint Chiefs of Staff, and Service Secretaries to provide a briefing to the House and Senate Defense Appropriations Subcommittees, not later than 60 days after the enactment of this Act, on how such reforms will address several potential risks, including that the Military Services may de-prioritize joint solutions in favor of Service-specific approaches; that top-down solutions to problems identified by the highest echelons of the process may stifle bottom-up innovation; and whether and how these reforms influenced the fiscal year 2027 President's budget request. Further, the Comptroller General is directed to submit a report to the House and Senate Defense Appropriations Subcommittees, not later than 360 days after the enactment of this Act, with interim update briefings that assesses the efficacy of the joint requirements process reforms implemented by the Department of Defense. The report shall compare at least three examples of joint requirements approved through the Joint Capabilities Integration and Development System to three examples of joint requirements approved through the reformed process. This comparison will include an assessment of the process steps, decision points, responsible organizations, timelines within each step, and effectiveness of the legacy and reformed processes.

INTERNATIONAL INITIATIVES

The agreement recognizes the importance of international initiatives and the Australia, United Kingdom, and United States (AUKUS) security partnership. The AUKUS security partnership creates a more lethal force that further integrates the trilateral forces, as well as strengthens the domestic defense industrial base under the regulatory framework authorized under the National Defense Authorization Act for Fiscal Year 2024 (Public Law 118–31).

Given the importance of this partnership, the agreement includes an additional $40,000,000 in Research, Development, Test and Evaluation, Defense-Wide within the International Innovation Initiatives and Defense Innovation Unit (DIU) Fielding budget lines to support the further growth of trilateral cooperation. Therefore, the agreement directs the Secretary of Defense to provide the congressional defense committees a report, not later than 90 days after the enactment of this Act, and quarterly updates including execution data thereafter, until September 30, 2027, on the progress of Pillar 2 technology efforts related to undersea capabilities, quantum technologies, artificial intelligence and autonomy, advanced cyber, hypersonic and counter-hypersonic capabilities, electronic warfare, innovation, and any other associated initiatives identified within the 2025 AUKUS Pillar 2 review. The report shall include budget profiles, including execution data, schedules, a full list of industry performers contributing to ongoing efforts, and a description of any challenges slowing the delivery of capabilities.

This language replaces the language under the heading ''International Initiatives'' in House Report 119–162 as well as the language under the heading ''International Innovation Initiatives'' in Senate Report 119–52.

STRENGTHENING COOPERATION WITH ALLIES AND PARTNERS

The agreement includes continued investments to secure cooperation with the partners and allies of the United States as a critical deterrence to the growing threats of the People's Republic of China, Russia, North Korea, and Iran. The agreement includes $1,000,000,000 for the Taiwan Security Cooperation Initiative and $40,000,000 for the International Security Cooperation Programs, Philippines, to help our partners improve military capacity to deter and resist aggression in the Indo-Pacific region. The agreement also includes an additional $200,000,000 for the Baltic Security Initiative to bolster the readiness and capacity of Baltic allies Estonia, Latvia, and Lithuania. In addition, in support of United States European Command's (USEUCOM) efforts to expand cooperation with allies and partners, the agreement includes an additional $48,471,000 as requested by USEUCOM to enhance collective defense.

Finally, the agreement includes an additional $25,000,000, only for the United States Africa Command (USAFRICOM) area of operations, as determined by the Commander, USAFRICOM. The agreement directs that none of these funds may be obligated or expended until the Under Secretary of Defense (Comptroller), in coordination with the Commander, USAFRICOM, presents an execution plan to the congressional defense committees. Further, the agreement notes that while some of these activities may be undertaken through title 10 U.S.C. section 333, the Commander, USAFRICOM, may propose projects utilizing any existing authorities.

This language replaces the language under the heading ''Strengthening Cooperation with Allies and Partners'' in Senate Report 119–52.

AGILE FUNDING

The agreement includes all 13 line item consolidations requested by the Army in the fiscal year 2026 President's budget request, providing the funding flexibility necessary for effective execution while maintaining appropriate congressional oversight. These consolidations enable the Army to manage resources more efficiently within appropriated accounts without increasing reprogramming or transfer authorities.

The House and Senate Defense Appropriations Subcommittees also note that section 8007 of this Act establishes the Department of Defense reprogramming thresholds for fiscal year 2026. The agreement does not support the Secretary of the Army's request, referred to as Agile Funding, to increase the congressional notification threshold for reprogramming or transfers from $15,000,000 to $50,000,000 for a procurement program, project, or activity, and to $25,000,000 for a research, development, test and evaluation program, project, or activity. The agreement notes that the Department already has sufficient authorities to restructure its internal programming and budgeting processes, and many current challenges with execution can be solved by actions within the Department and do not require statutory change or congressional intervention. The agreement further notes that increasing reprogramming thresholds alone is unlikely to improve program execution. Decisions to unilaterally move funding in the year of execution without sufficient oversight introduce uncertainty to both the programs impacted and the industrial base, increasing the risk of development and procurement delays.

The House and Senate Defense Appropriations Subcommittees discourage the Secretary of Defense and the Service Secretaries from submitting future requests of this nature.

The agreement demonstrates the House and Senate Defense Appropriations Subcommittees' support for budget line item consolidation when the Department of Defense provides adequate justification in a timely manner. Therefore, the agreement directs the Secretary of Defense and Assistant Secretaries for Financial Management and Comptroller of the Army, Navy, and Air Force to brief the House and Senate Defense Appropriations Subcommittees on any proposals to further consolidate budget line items in the upcoming President's budget request, with sufficient time to impact the fiscal year 2027 President's budget request, and not later than 90 days prior to future President's budget requests.

JOINT INTERAGENCY TASK FORCE—401

The agreement supports the establishment of the Joint Interagency Task Force–401 (JIATF–401) to enhance joint and interagency coordination in support of Department of Defense operational requirements to counter-small unmanned aerial systems (C–sUAS). The agreement notes that JIATF–401 is a joint activity requiring enhanced oversight and accountability measures for funds made available for such purpose. Therefore, the agreement directs that not later than 30 days after enactment of this Act, the Secretary of the Army shall provide to the congressional defense committees copies of all directives, memoranda, execution guidance, or other implementing materials issued pursuant to the August 27, 2025 establishment memorandum, including any subsequent modifications. Further, the agreement directs that not later than 60 days after the enactment of this Act, the Secretary of the Army shall submit a comprehensive spend plan for amounts made available for JIATF–401. The spend plan shall reflect amounts made available in fiscal years 2025 and 2026, to include Public Law 119–21, and shall include all funding sources proposed to support JIATF–401, planned obligations and expenditures by appropriation and line item, and detailed personnel requirements and sourcing assumptions. A similar document with requested amounts shall be provided to the House and Senate Defense Appropriations Subcommittees concurrent with the submission of the fiscal year 2027 President's budget request. The Secretary of the Army shall also provide consolidation plans and spend plans for all departmental C-sUAS related efforts.

F/A–XX

The agreement supports the Navy's efforts to develop the F/A–XX sixth generation fighter and understands the program's unique capability in delivering air superiority to the fleet, including greater operational range, speed, stealth, and enhanced survivability.

The agreement notes the Full-Year Continuing Appropriations and Extensions Act, 2025 provided $453,828,000 to align to the program's acquisition schedule which assumed a March 2025 award for engineering and manufacturing development (EMD). However, rather than proceeding with a Milestone B award, the Department expended nearly all fiscal year 2025 funding on contract extensions with minimal demonstrated value to the program.

The agreement provides $897,260,000 above the fiscal year 2026 President's budget request to continue F/A–XX development and directs the Secretary of Defense to obligate these and any prior funds for the purposes of awarding the EMD contract limited to one

performer in accordance with the acquisition strategy to achieve an accelerated Initial Operational Capability (IOC).

Further, the Secretary of the Navy is directed, not later than 45 days after the enactment of this Act, to submit a report to the congressional defense committees that details: (1) the current acquisition strategy and updated schedule for awarding the EMD contract; (2) a revised development and fielding timeline for the F/A–XX program to meet IOC; (3) any programmatic, budgetary, or policy barriers that have delayed execution of prior-year funds; and (4) a spend plan for the active year additional funds that have been appropriated to the Department of Defense for this program.

This language replaces the language under the heading ''F/A–XX'' in House Report 119–162.

BUDGET OR APPROPRIATIONS LIAISON SUPPORT TO THE APPROPRIATIONS COMMITTEES

Title II of this Act includes a provision that prohibits the use of funds in this Act to plan or implement the elimination or consolidation of a budget or appropriations liaison office of the Office of the Secretary of Defense, the office of the Secretary of a military department, or the Service headquarters of one of the Armed Forces into a legislative affairs or legislative liaison office. The House and Senate Defense Appropriations Subcommittees rely heavily on these offices to conduct their oversight responsibilities and make funding recommendations for the Department of Defense.

The separate offices of legislative affairs within the Office of the Secretary of Defense and the military departments offer assistance to the authorizing committees and individual members of Congress, and such assistance is provided on a parallel and separate track from the assistance provided to the Committees on Appropriations by the budget or appropriations liaison office of the Office of the Secretary of Defense, the office of the Secretary of a military department, or the Service headquarters of one of the Armed Forces. As the offices of legislative affairs do not possess the expertise and direct relationship to the Financial Management and Comptroller organizations, which are essential to the effective communication between the Department and the Committees on Appropriations, it is critical that the budget or appropriations liaison offices remain independent from the legislative liaison offices, have organizational parity, and retain the authority to respond directly and promptly with the information required by the Committees on Appropriations.

Events throughout fiscal year 2025 have reinforced concerns with the ability of budget and appropriations liaison offices to exercise their responsibility towards the Committees on Appropriations. Therefore, the Secretary of Defense and the Service Secretaries are directed to provide appropriations liaison offices with organizational parity and proper resourcing, ensure that these offices have tasking authority, provide information on a timely basis to the Committees on Appropriations, and serve as the primary advisors to senior leaders in the Department of Defense on appropriations and budget related matters.

CIVIL RESERVE MANUFACTURING NETWORK

The agreement includes $177,400,000 in fiscal year 2026 to establish a Civil Reserve Manufacturing Network (CRMN) as authorized in the National Defense Authorization Act for Fiscal Year 2026 (Public Law 119–60). Given the potential level of transformation relating to readiness and sustainment, and ensuing expansion of the defense industrial base, the agreement provides funding for CRMN-related activities under the Research, Development, Test and Evaluation accounts for the Army, Air Force, and Defense-Wide. Funding under the Research, Development, Test and Evaluation, Defense-Wide account is in Industrial Base Analysis and Sustainment, under the purview of the Assistant Secretary of Defense (Industrial Base Policy). This funding is intended to establish a CRMN and assist CRMN participants with the costs of expedited qualification and testing, engineering modifications of product and process specification, and other activities to enable participants to rapidly convert production facilities to Department-directed manufacturing upon the activation of the CRMN.

The agreement directs the Assistant Secretary of Defense (Industrial Base and Policy) to provide quarterly briefings, until September 30, 2027, to the congressional defense committees on the progress of establishing a CRMN starting not later than the congressional reporting requirement in section 1841(b)(1) of Public Law 119–60.

This language replaces the language under the heading ''Civil Reserve Manufacturing Network'' in House Report 119–162.

JOINT STRIKE FIGHTER

The agreement fully funds the quantity of aircraft requested in the President's budget request for fiscal year 2026. To account for economic factors within the program, the agreement provides an increase of $401,611,000 in Aircraft Procurement, Air Force. The agreement prioritizes the sustainment of aircraft in the fleet and includes an additional $280,000,000 for F135 spare parts and $160,000,000 for F–35 spare parts in the Aircraft Procurement, Navy and Aircraft Procurement, Air Force appropriation accounts.

To ensure visibility into the cost and performance of propulsion efforts, and to maintain traceability of both appropriated and requested funding to fielded capabilities, the agreement directs administrative changes outlined in both the Research, Development, Test and Evaluation, Navy and Research, Development, Test and Evaluation, Air Force sections of this report.

Lastly, the agreement notes that the requirement for the Joint Strike Fighter's power and thermal management system (PTMS) has been revised without adequate funding required to advance the development capability. The agreement encourages the Secretaries of the Navy and the Air Force to fully fund the continued development of PTMS to keep the program on schedule.

This language replaces the language under the heading ''Joint Strike Fighter'' in Senate Report 119–52.

COST ASSESSMENT AND PROGRAM EVALUATION

The agreement expresses concern about cost and personnel growth in the Cost Assessment and Program Evaluation (CAPE) office, as well as concern about the expansion of its remit. The Secretary of Defense is accordingly directed to, not later than 30 days after the fiscal year 2027 President's budget request, submit a detailed progress report and provide a briefing to the congressional defense committees on how the Department plans to optimize the CAPE office, while reducing contracted personnel within the office. Furthermore, such optimization may not include reduction in personnel performing cost assessment functions or capability enabling functions, including defense industrial base, economic, and manpower analyses.

TECHNICAL COMPETENCY IN THE DEPARTMENT OF DEFENSE—SPACE FORCE PILOT PROGRAM

The agreement remains concerned that the Department of Defense continues to struggle with delivering critical capabilities on-time and on-budget. Last year, the President signed an executive order directing the Secretary of Defense to review the antiquated defense acquisition process, address burdensome regulations, and make recommendations to incentivize the acquisition workforce to utilize innovative acquisition authorities and take measured risks. The agreement supports this review and looks forward to receiving its recommendations. However, a major contributor and perhaps the root cause of the Department's failed acquisition system is the military rotation system where program managers are replaced every two to three years and are rarely in the job long enough to develop the necessary expertise and competencies. This dynamic is exacerbated as defense systems and weapons platforms, especially space systems, have become more technologically complex.

Therefore, the agreement directs the Secretary of Defense to propose to the House and Senate Defense Appropriations Subcommittees, not later than 180 days after the enactment of this Act, a plan for a pilot program in the Space Force to organize its programs and people by mission area. The agreement encourages the Department to require those assigned to each mission area to serve for substantially longer tours of service so that they may more fully develop the requisite technical skills and expertise. The intent of the pilot program is to implement mission area program offices with responsibility, authority, and accountability for the entire life-cycle of a mission, from system concept, through acquisition, development, fielding, and operational life. Furthermore, the Space Force pilot program should examine elimination of the current occupational specialty categories, such as acquisition or operations, in favor of specializations focused on mission areas, such as missile warning or satellite communications, with assignments focused on developing expertise in all aspects of a mission area.

FULL FUNDING OF SATELLITES

The Office of Management and Budget Circular A–11 directs that executive departments must propose full funding to cover the full costs of the project or a useful segment.'' The Department of Defense Financial Management Regulation directs that under the full funding policy, the entire procurement cost of a weapon or piece of military equipment is to be funded in the year in which the item is budgeted.'' The adherence of the full funding'' principle is inconsistent for satellite programs within the fiscal year 2026 President's budget request.

The advent of proliferated satellite constellations requires an evolution in the approach to budgeting for satellites. Therefore, the agreement directs the Under Secretary of Defense (Comptroller) in coordination with the Under Secretary of Defense (Intelligence and Security) and the Assistant Secretary of the Air Force (Financial Management and Comptroller) to provide a briefing not later than 90 days after enactment of this Act to the House and Senate Defense Appropriations Subcommittees on proposed changes to the budget process for satellite programs.

Further, the agreement directs a restructuring of the Auxiliary Payload and Ground Moving Target Indicator programs as specified in the project level tables of this joint explanatory statement within the Procurement, Space Force and Research, Development, Test and Evaluation, Space Force appropriations. Additionally, the agreement authorizes advance procurement for the Ground Moving Target Indicator program within the Procurement, Space Force appropriation. Finally, the agreement directs the Assistant Secretary of the Air Force (Financial Management and Comptroller) to follow

this budget structure in the fiscal year 2027 President's budget request.

AIR FORCE CIVILIAN PERSONNEL

The agreement directs the Assistant Secretary of the Air Force (Financial Management and Comptroller) to ensure that the United States Air Force acquisition workforce civilian full-time equivalent calculations for each future years defense program submission are accurate and fully funded. Any adjustments in the year of execution in the Research, Development, Test and Evaluation, Air Force appropriation are directed to be provided through monthly updates to the House and Senate Defense Appropriations Subcommittees, with the first brief occurring 30 days after the enactment of this Act.

This language replaces the language under the heading ''Air Force Civilian Personnel'' in Senate Report 119–52.

POLAR AIRLIFT AIRCRAFT

The agreement notes the importance of polar tactical airlift capabilities for Arctic and Antarctic operations. In previous fiscal years, additional funds were appropriated for polar airlift aircraft, which enabled the Assistant Secretary of the Air Force (Acquisition, Technology and Logistics) to initiate a program to address future polar airlift requirements. Ensuring that this effort progresses as scheduled remains a priority.

The agreement provides corresponding increases of an additional $29,000,000 for the non-recurring engineering effort as well as $165,000,000 for the procurement of an initial LC–130J aircraft and its components. Additionally, the Assistant Secretary of the Air Force (Acquisition, Technology and Logistics), not later than 90 days after the enactment of this Act, is directed to provide the congressional defense committees a report that contains a detailed set of requirements for this capability, projected costs for the program over the future years defense program, and a program schedule that delineates key engineering and production milestones.

AUDIT TO IDENTIFY PROHIBITED SEAFOOD IMPORTS

The agreement directs the Under Secretary of Defense (Acquisition and Sustainment) and the Assistant Secretary of the Navy (Research, Development and Acquisition) to submit a report to the congressional defense committees, not later than 180 days after the enactment of this Act, that provides an update on the Department's implementation of the recommendations in the Department of Defense Office of Inspector General report, ''Audit of the DoD's Policies and Procedures to Prevent the Procurement of Prohibited Seafood Products,'' from September 2025.

This language replaces the language under the heading ''Audit to Identify Prohibited Seafood Imports'' in Senate Report 119–52.

COMPLETE AND TIMELY FINANCIAL REPORTING

The Under Secretary of Defense (Comptroller) is directed to provide the congressional defense committees, not later than 60 days after the enactment of this Act, comprehensive obligation and execution data, including expenditure data for funds with a tenure longer than one year.

INDIRECT COSTS

The agreement acknowledges that there is room for improvement in the system used to identify and recover indirect cost rates under the Uniform Grant Guidance, particularly with respect to the need for greater transparency into these costs.

Various models have been suggested to achieve these improvements, including the Financial Accountability in Research (FAIR) model advanced by the Joint Associations Group on Indirect Costs (JAG), which the Committees believe merit further consideration.

NORTH ATLANTIC TREATY ORGANIZATION (NATO)

Since its establishment on April 4, 1949, NATO has brought peace and stability to its thirty-two member states by safeguarding territorial integrity and advancing the national security interests of its members. The agreement supports NATO's renewed focus to increase the levels of military investment by each member state, most recently the June 2025 summit at The Hague, where all pledged to invest five percent of gross domestic product annually on core defense requirements as well as defense- and security-related spending by 2035. These achievements will continue to ensure that it remains the most important and effective military alliance in history. As such, the agreement underscores Congress' ironclad support for NATO and all its thirty-two member states.

TITLE I—MILITARY PERSONNEL

The agreement provides $193,280,322,000 in Title I, Military Personnel.

MILITARY PERSONNEL OVERVIEW

The agreement provides the resources required for 1,302,800 active forces and 764,900 selected reserve forces in order to meet operational needs for fiscal year 2026. The agreement also provides the funding necessary to support a 3.8 percent pay raise for all military personnel effective January 1, 2026, as requested in the President's budget request.

REPROGRAMMING GUIDANCE FOR MILITARY PERSONNEL ACCOUNTS

The Secretary of Defense is directed to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2026 appropriations accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' military personnel accounts between budget activities, or between sub-activities in the case of the reserve components, in excess of $15,000,000.

MILITARY PERSONNEL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase ''only for'' or ''only to'' in this joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in this joint explanatory statement. Below threshold reprogrammings may not be used to either restore or reduce funding from congressional special interest items as identified on the DD Form 1414.

PERMANENT CHANGE OF STATION

The agreement notes the Department of Defense has established a Permanent Change of Station Joint Task Force to ensure that the Department provides the highest quality moving services for servicemembers, civilian employees, and their families. The agreement directs the Secretary of Defense to provide an updated briefing to the congressional defense committees, not later than 90 days after the enactment of this Act, on the Department's projected cost savings and implementation plans for fiscal years 2027 through 2030.

MILITARY PERSONNEL, ARMY

The agreement provides $54,538,366,000 for Military Personnel, Army, as follows:

REPROGRAMMING GUIDANCE FOR OPERATION AND MAINTENANCE ACCOUNTS

The agreement directs the Secretary of Defense to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2026 appropriation accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The agreement directs the Secretary of Defense to use the normal prior approval reprogramming procedures to transfer funds in the Services' operation and maintenance accounts between O–1 budget activities, or between sub-activity groups in the case of Operation and Maintenance, Defense-Wide, in excess of $15,000,000. In addition, the Secretary of Defense shall follow prior approval reprogramming procedures for transfers in excess of $15,000,000 out of the following readiness activity groups or sub-activity groups listed below:

Army:

Activity Group 11 Land Forces

Activity Group 12 Land Forces Readiness

Activity Group 13 Land Forces Readiness Support

Activity Group 32 Basic Skill and Advanced Training

Navy:

Activity Group 1A Air Operations

Activity Group 1B Ship Operations

Activity Group 1C Combat Operations/Support

Activity Group BS Base Support

Marine Corps:

Activity Group 1A Expeditionary Forces

Activity Group BS Base Support

Air Force:

Activity Group ''Air Operations'', which includes sub-activity groups 11A Primary Combat Force and 11C Combat Enhancement Forces

Activity Group ''Weapons Systems Sustainment'', which includes sub-activity groups 11M Depot Purchase Equipment Maintenance, 11V Cyberspace Sustainment, and 11W Contractor Logistics Support and System Support

Activity Group ''Installations'', which includes sub-activity groups 11R Facilities Sustainment, Restoration, and Modernization, and 11Z Base Support

Activity Group ''Flying Hours'', which includes sub-activity group 11Y Flying Hour Program

Space Force:

Sub-activity Group 12A Global C3I & Early Warning

Sub-activity Group 13C Space Operations

Sub-activity Group 13W Contractor Logistics Support and System Support

Sub-activity Group 42A Administration

Air Force Reserve:

Sub-activity Group 11A Primary Combat Forces

Air National Guard:

Sub-activity Group 11F Aircraft Operations

Additionally, the agreement directs the Secretary of Defense to use normal prior approval reprogramming procedures when implementing transfers in excess of $15,000,000 into the following budget sub-activities listed below:

Army National Guard:

Sub-activity Group 131 Base Operations Support

Sub-activity Group 132 Facilities Sustainment, Restoration, and Modernization

Sub-activity Group 133 Management and Operational Headquarters

Air National Guard:

Sub-activity Group 11W Contractor Logistics Support and System Support

REPROGRAMMING GUIDANCE FOR SPECIAL OPERATIONS COMMAND

The agreement directs the Secretary of Defense to submit a baseline report that shows the Special Operations Command's operation and maintenance funding by sub-activity group for the fiscal year 2026 appropriation not later than 60 days after the enactment of this Act. The Secretary of Defense is further directed to submit quarterly execution reports to the congressional defense committees not later than 45 days after the end of each fiscal quarter that addresses the rationale for the realignment of any funds within and between budget sub-activities and the movement of any base funds used to support overseas contingency operations. Finally, the Secretary of Defense is directed to notify the congressional defense committees 30 days prior to the realignment of funds in excess of $15,000,000 between sub-activity groups.

OPERATION AND MAINTENANCE SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase ''only for'' or ''only to'' in this report are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in this report. Below threshold reprogrammings may not be used to either restore or reduce funding from congressional special interest items as identified on the DD Form 1414.

QUARTERLY OPERATION AND MAINTENANCE UPDATES

The agreement notes the successful quarterly meetings with each of the Services as regular interaction with each of the Services' financial management offices enhances the ability of the House and Senate Defense Appropriations Subcommittees to perform its essential oversight responsibilities. The agreement directs the Director of each of the Service's Operations Divisions (Financial Management and Budget) to continue to provide quarterly briefings to the House and Senate Defense Appropriations Subcommittees on their respective operation and maintenance execution rates in fiscal year 2026.

OPERATION AND MAINTENANCE BUDGET EXECUTION DATA

The agreement directs the Secretary of Defense and Service Secretaries to provide the congressional defense committees with quarterly budget execution data. Such data should be provided not later than 45 days after the close of each quarter of the fiscal year and should be provided for each O–1 budget activity, activity group, and sub-activity group for each of the active, defense-wide, reserve, and National Guard components. For each O–1 budget activity, activity group, and sub-activity group, these reports should include the budget request and actual obligations amount, the distribution of unallocated congressional adjustments to the budget request, all adjustments made by the Department in establishing the Base for Reprogramming (DD Form 1414) report, all adjustments resulting from below threshold reprogrammings, and all adjustments resulting from prior approval reprogramming requests.

CIVILIAN PAY RAISE

The agreement notes that the one percent civilian pay raise was not included in the President's budget request. The agreement also notes that the President informed Congress of a one percent civilian pay raise on August 28, 2025. Therefore, the agreement directs a minimum reduction for underexecution of civilian compensation while providing the funding necessary to support the one percent pay raise for all civilian personnel, effective January 1, 2026, and expects that any future civilian compensation adjustments will be reflected in the President's budget request.

DEFENSE SECURITY COOPERATION AGENCY PROGRAM

The agreement directs the Secretary of Defense, not later than 60 days after the enactment of this Act, to submit to the congressional defense committees a detailed spend plan for amounts made available for the Defense Security Cooperation Agency (DSCA). The spend plan shall include amounts for each program listed in the budget justification documents and, for International Security Cooperation Programs, amounts provided in the prior two fiscal years and planned for fiscal year 2026 by combatant command, country, and authority, to include Public Law 119–21. The spend plan shall only reflect the amounts requested in the fiscal year 2026 budget justification materials as modified by fiscal year 2026 appropriations. A similar document with requested amounts shall be provided to such committees concurrent with the submission of the fiscal year 2027 President's budget request.

Of the amount provided for the DSCA, the agreement includes $1,499,808,000 for International Security Cooperation Programs. The agreement directs that congressional notifications for these funds specify the fiscal year, whether funds support ongoing or new programs, and the duration and expected cost over the life of each program.

The Secretary of Defense is encouraged to, in consultation with DSCA, have greater coordination with combatant commanders and foreign allied governments to improve the efficacy and enduring impact of our security assistance programs. The agreement emphasizes the need for timely and thorough communication from the Director of DSCA to the congressional defense committees on resourcing decisions and requirements. Delays in communications during the fiscal year 2026 process must be an exception to the rule for providing briefs and budget justifications. Congressional oversight of vital security cooperation programs should not require repeated requests for basic information.

In addition, the Secretary of Defense is directed, not later than 60 days after the enactment of this Act, to submit to the House and Senate Defense Appropriations Subcommittees a report on the status of DSCA programs, including, but not limited to: fiscal year 2025 unobligated balances, a list of programs that have or will end earlier than originally notified, and a detailed justification for eliminating programs in the fiscal year 2026 request. Such information shall be provided to the House and Senate Defense Appropriations Subcommittees concurrent with the submission of the fiscal year 2027 President's budget request.

This language replaces the language under the heading ''Defense Security Cooperation Agency Programs'' in House Report 119–162 as well as the language under the heading ''Defense Security Cooperation Agency Oversight'' in Senate Report 119–52.

INDO-PACIFIC SECURITY COOPERATION

The agreement supports the President's budget request of $1,000,000,000 for the Taiwan Security Cooperation Initiative, in addition to the $1,000,000,000 provided through this Act and Public Law 119–21 for the replacement of defense articles provided to Taiwan. The agreement also provides an increase of $40,000,000 for the Philippines within the Defense Security Cooperation Agency's International Security Cooperation Programs account in recognition of growing threats by the People's Republic of China to Taiwan and the Philippines, a treaty ally of the United States.

The agreement directs the Secretary of Defense, in consultation with the Commander, United States Indo-Pacific Command, to provide the House and Senate Defense Appropriations Subcommittees, not later than 60 days after the enactment of this Act, with a spend plan and briefing on the Taiwan Security Cooperation Initiative and the additional funding provided for International Security Cooperation Programs—Philippines. The agreement further directs the Secretary of Defense, in consultation with the Commander, United States Indo-Pacific Command, to provide a report to the congressional defense committees, not later than 90 days after the enactment of this Act, detailing the threats to the security of the Philippines by the People's Republic of China, changing military requirements of the Armed Forces and Coast Guard of the Philippines to deter and defend against such threats, and a plan for enhanced security cooperation with the Philippines.

SEXUAL ASSAULT PREVENTION

The agreement directs the Secretary of Defense to provide a report to the House and Senate Defense Appropriations Subcommittees not later than 90 days after enactment of this Act on the Department of Defense and Military Services' implementation of recommendations from the Independent Review Commission on Sexual Assault in the Military, the Special Victims Counsel program, and other sexual assault prevention initiatives undertaken in calendar year 2025. The report shall also include the total number of billets designated to Integrated Primary Prevention (IPP) workforce, Sexual Assault Prevention and Response (SAPR), and related roles at the start of the calendar year 2025; the number of vacant positions that have been open over one year; details on any exemptions designated to hiring IPP, SAPR, and related roles; and the number of staff who have opted to accept the deferred resignation program, disaggregated by month of acceptance.

UNITED STATES SOUTHERN COMMAND HEADQUARTERS

United States Southern Command (USSOUTHCOM) plays a critical role in addressing transnational threats, strengthening partnerships, and responding to humanitarian crises, and its current headquarters location is critical to fulfilling these missions. Transferring the headquarters of USSOUTHCOM would undermine United States national security interests, weaken regional stability efforts, and reduce the effectiveness of military and interagency coordination. The agreement directs the Secretary of Defense to maintain the current USSOUTHCOM headquarters and functions given their importance for effective command and control of United States military forces in the region, protecting United States interests, and supporting stability throughout Latin American and the Caribbean.

OPERATION AND MAINTENANCE, ARMY

The agreement provides $58,249,178,000 for Operation and Maintenance, Army, as follows:

UNITED STATES COURT OF APPEALS FOR THE ARMED FORCES

The agreement provides $21,243,000 for the United States Court of Appeals for the Armed Forces.

ENVIRONMENTAL RESTORATION, ARMY

The agreement provides $190,870,000 for Environmental Restoration, Army.

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
ENVIRONMENTAL RESTORATION, ARMY		148,070	190,870
Program increase—PFAS remediation and cleanup			42,800
TOTAL, ENVIRONMENTAL RESTORATION, ARMY		148,070	190,870

ENVIRONMENTAL RESTORATION, NAVY

The agreement provides $368,949,000 for Environmental Restoration, Navy.

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
ENVIRONMENTAL RESTORATION, NAVY		357,949	368,949
Program increase—PFAS remediation and cleanup			11,000
TOTAL, ENVIRONMENTAL RESTORATION, NAVY		357,949	368,949

ENVIRONMENTAL RESTORATION, AIR FORCE

The agreement provides $396,149,000 for Environmental Restoration, Air Force.

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
ENVIRONMENTAL RESTORATION, AIR FORCE		342,149	396,149
Program increase—PFAS remediation and cleanup			46,000
Program increase—PFAS remediation and cleanup for Air National Guard			8,000
TOTAL, ENVIRONMENTAL RESTORATION, AIR FORCE		342,149	396,149

ENVIRONMENTAL RESTORATION, DEFENSE-WIDE

The agreement provides $8,885,000 for Environmental Restoration, Defense-Wide.

ENVIRONMENTAL RESTORATION, FORMERLY USED DEFENSE SITES

The agreement provides $235,156,000 for Environmental Restoration, Formerly Used Defense Sites.

OVERSEAS HUMANITARIAN, DISASTER, AND CIVIC AID

The agreement provides $100,793,000 for Overseas Humanitarian, Disaster, and Civic Aid, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
FOREIGN DISASTER RELIEF		9,994	9,994
HUMANITARIAN ASSISTANCE		79,599	79,599
HUMANITARIAN MINE ACTION PROGRAM		11,200	11,200
TOTAL, OVERSEAS HUMANITARIAN, DISASTER, AND CIVIC AID		100,793	100,793

COOPERATIVE THREAT REDUCTION ACCOUNT

The agreement provides $282,830,000 for the Cooperative Threat Reduction Account, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
BIOLOGICAL THREAT REDUCTION PROGRAM		138,565	138,565
CHEMICAL SECURITY & ELIMINATION		25,292	25,292
DELIVERY SYSTEM THREAT REDUCTION		6,249	6,249
PROLIFERATION PREVENTION PROGRAM		47,146	47,146
GLOBAL NUCLEAR SECURITY		38,134	38,134
OTHER ASSESSMENTS/ADMINISTRATIVE COSTS		27,444	27,444
TOTAL, COOPERATIVE THREAT REDUCTION ACCOUNT		282,830	282,830

DEPARTMENT OF DEFENSE ACQUISITION WORKFORCE DEVELOPMENT ACCOUNT

The agreement provides $50,846,000 for the Department of Defense Acquisition Workforce Development Account, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
RECRUITING AND HIRING		2,770	2,770
TRAINING AND DEVELOPMENT		42,176	47,676
Program increase—classified ready employee workforce			5,000
Program increase—Fulbright icebreaker talent exchange			500
RECOGNITION AND RETENTION		400	400
TOTAL, DOD ACQUISITION WORKFORCE DEVELOPMENT ACCOUNT		45,346	50,846

TITLE III—PROCUREMENT

The agreement provides $167,068,712,000 in Title III, Procurement, as follows:

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations Act, 2008 (House Report 110–279). Specifically, the dollar threshold for reprogramming funds shall be $15,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P–1) or research, development, test and evaluation (R–1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this joint explanatory statement.

PROCUREMENT SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase ''only for'' or ''only to'' in this joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in this joint explanatory statement.

JOINT LIGHT TACTICAL VEHICLE

In May 2025, the Secretary of the Army announced the Army's cancellation of future procurement of the Joint Light Tactical Vehicle (JLTV). The agreement notes that the Secretary of the Army is the joint program acquisition lead for JLTV and that per the requirements of section 3067 of title 10, U.S.C., the House and Senate Defense Appropriations Subcommittees expect that the Secretary of Defense coordinates with the Under Secretary of Defense (Comptroller) and relevant Service Secretaries on programmatic decisions for joint programs that impact planned budget activities and requirements across the military departments. The agreement also notes the Army's inadequate supporting analysis provided to the House and Senate Defense Appropriations Subcommittees.

Therefore, with the submission of the fiscal year 2027 Presidents budget request, the Under Secretary of Defense (Acquisition and Sustainment) shall, in coordination with the Service Secretaries, provide a report to the congressional defense committees detailing each Service's acquisition strategy for JLTV. The report shall include by Service: (1) the current acquisition procurement objective, projected order and delivery schedule across the future years defense program, sustainment strategy, and funding shortfalls associated with previously awarded vehicle contracts; (2) identification of any impacts associated with the dissolution of the joint program office, including unit cost increases, schedule delays, production gaps, and termination fees to be assessed as part of future budget requests; (3) an analysis of potential risks to supply chain, and related programs and projects for integration with JLTV Family of Vehicles; (4) an analysis of alternatives to JLTV for related programs and projects to include comparative costs and integration efforts; and (5) a holistic evaluation of vehicle requirements and how the JLTV will be implemented in all areas of operation.

AIRCRAFT PROCUREMENT, ARMY

The agreement provides $3,625,324,000 for Aircraft Procurement, Army, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

P-1		Mandatory	Budget Request	Final Bill
2	**MQ-1 UAV**		**0**	**240,000**

47	**PRODUCTION BASE SUPPORT (WOCV-WTCV)**		**104,993**	**94,913**
	AMPV production line automation funding aligned with ATI			-10,080
	TOTAL, WEAPONS AND TRACKED COMBAT VEHICLES, ARMY		**2,886,534**	**3,005,021**

PROCUREMENT OF AMMUNITION, ARMY

The agreement provides $4,576,705,000 for Procurement of Ammunition, Army, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

P-1		Mandatory	Budget Request	Final Bill
1	CTG, 5.56MM, ALL TYPES		128,283	128,283
2	CTG, 7.62MM, ALL TYPES		62,157	62,157
3	NEXT GENERATION SQUAD WEAPON AMMUNITION		426,177	426,177
4	CTG, HANDGUN, ALL TYPES		7,750	7,750
5	CTG, .50 CAL, ALL TYPES		78,199	57,049
	Excess to need - RRA			-21,150
6	CTG, 20MM, ALL TYPES		25,773	25,773
7	CTG, 25MM, ALL TYPES		22,324	22,324
8	CTG, 30MM, ALL TYPES		100,392	88,232
	Excess to need - HEAB-T, TP			-12,160
9	CTG, 40MM, ALL TYPES		131,432	131,432
11	CTG, 50MM, ALL TYPES		42,131	42,131
12	60MM MORTAR, ALL TYPES		38,114	38,114
13	81MM MORTAR, ALL TYPES		41,786	41,786
14	120MM MORTAR, ALL TYPES		123,144	127,144
	Program increase - M929 120mm mortar			2,000
	Program increase - M930 120mm mortar			2,000
15	CARTRIDGES, TANK, 105MM AND 120MM, ALL TYPES		440,152	400,265
	Funding aligned with ATI - Booker 105mm			-17,078
	Unit cost increase - HEMP-T 120mm			-22,809
16	ARTILLERY CARTRIDGES, 75MM & 105MM, ALL TYPES		80,780	80,780
17	ARTILLERY PROJECTILE, 155MM, ALL TYPES		218,877	228,877
	Program increase - C-DAEM DPICM replacement			10,000
19	PRECISION ARTILLERY MUNITIONS		28,995	28,995
20	ARTILLERY PROPELLANTS, FUZES AND PRIMERS, ALL		168,737	168,737
21	MINES & CLEARING CHARGES, ALL TYPES		42,748	42,748
22	CLOSE TERRAIN SHAPING OBSTACLE		7,860	7,860
24	SHOULDER LAUNCHED MUNITIONS, ALL TYPES		46,089	43,196
	Unit cost increase - IAM			-2,893
25	ROCKET, HYDRA 70, ALL TYPES		34,836	34,836

P-1		Mandatory	Budget Request	Final Bill
26	CAD/PAD, ALL TYPES		12,543	12,543
27	DEMOLITION MUNITIONS, ALL TYPES		21,409	21,409
28	GRENADES, ALL TYPES		56,530	58,530
	Program increase - M18 grenades			2,000
29	SIGNALS, ALL TYPES		36,846	36,846
30	SIMULATORS, ALL TYPES		10,821	10,821
32	AMMO COMPONENTS, ALL TYPES		4,084	4,084
34	ITEMS LESS THAN $5 MILLION (AMMO)		16,799	16,799
35	AMMUNITION PECULIAR EQUIPMENT		16,219	16,219
36	FIRST DESTINATION TRANSPORTATION (AMMO)		18,600	18,600
37	CLOSEOUT LIABILITIES		102	102
40	INDUSTRIAL FACILITIES	75,000	1,084,611	2,047,571
	Program increase - energetics center of excellence			903,000
	Program increase - resilient energetics manufacuring capability			59,960
41	CONVENTIONAL MUNITIONS DEMILITARIZATION		155,050	155,050
42	ARMS INITIATIVE		3,885	3,885
	UNDISTRIBUTED ADJUSTMENT - INSUFFICIENT INFORMATION		0	-60,400
	TOTAL, PROCUREMENT OF AMMUNITION, ARMY		3,734,235	4,576,705

OTHER PROCUREMENT, ARMY

The agreement provides $9,412,655,000 for Other Procurement, Army, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

P-1		Mandatory	Budget Request	Final Bill
2	**FAMILY OF SEMITRAILERS**		**132,793**	**101,623**
	M870A1 early to need			-10,108
	Tactical Fuel Distribution System early to need			-21,062
6	**GROUND MOBILITY VEHICLES (GMV)**		**308,620**	**246,162**
	Infantry Squad Vehicle-Utility funding ahead of need			-62,458
7	**ARNG HMMWV MODERNIZATION PROGRAM**		**0**	**100,000**
	Program increase			100,000
9	**JOINT LIGHT TACTICAL VEHICLE FAMILY OF VEHICLES**		**45,840**	**345,000**
	Program increase			299,160
10	**TRUCK, DUMP, 20T (CCE)**		**17,000**	**47,000**
	Program increase			30,000
11	**FAMILY OF MEDIUM TACTICAL VEH (FMTV)**		**85,490**	**77,439**
	Light Medium Tactical Vehicle Cargo unjustified unit cost growth			-3,219
	Medium Tactical Vehicle Cargo unjustified unit cost growth			-4,832
12	**FAMILY OF COLD WEATHER ALL-TERRAIN VEHICLE (CATV)**		**38,001**	**38,001**
13	**FIRETRUCKS & ASSOCIATED FIREFIGHTING EQUIP**		**39,761**	**39,761**
14	**FAMILY OF HEAVY TACTICAL VEHICLES (FHTV)**		**202,009**	**202,009**
19	**TACTICAL WHEELED VEHICLE PROTECTION KITS**		**2,660**	**2,660**
20	**MODIFICATION OF IN SVC EQUIP**		**98,728**	**148,728**
	Program increase - HMMWV ABS/ESC retrofit kits			50,000
23	**NONTACTICAL VEHICLES, OTHER**		**8,462**	**8,462**
29	**TACTICAL NETWORK COMMUNICATION**		**866,347**	**665,309**
	Early to need			-201,038
31	**JCSE EQUIPMENT (USRDECOM)**		**5,389**	**5,389**
32	**SATELLITE COMMUNICATIONS**		**114,770**	**114,770**

E–2D ADVANCED HAWKEYE

The agreement recognizes the importance of the Navy's E–2D Advanced Hawkeye program and its central mission of providing airborne early warning and control to the fleet. Therefore, the agreement includes $1,100,800,000 in funding for up to three aircraft, including up to $330,000,000 to fund the production gap.

WEAPONS PROCUREMENT, NAVY

The agreement provides $6,086,954,000 for Weapons Procurement, Navy, as follows:

CONSTELLATION CLASS FRIGATE COMPREHENSIVE FRAMEWORK

On November 25, 2025, the Navy announced the cancellation of the Constellation class Frigate program, ending its second attempt at fielding a new small surface combatant. The agreement reflects the Navy's decision and rescinds $2,565,062,000. In alignment with the Navy's November 23, 2025, Comprehensive Framework, the agreement provides $800,000,000 for the Medium Landing Ship program to stabilize the industrial base affected by the cancellation with transitional workload. Further, the agreement notes the Navy's plan under the Comprehensive Framework to continue FFG–62 and FFG–63 workload during this transition at the shipyard. Under the Framework the Navy will identify and prioritize additional, more suitable workload to protect the stability and capacity of the shipyard.

FF(X) FRIGATE

On December 19, 2025, the Navy announced the selection of the Coast Guard's Legend class National Security Cutter (NSC) as the baseline for a new FF(X) Frigate design. The agreement notes the Navy's Battle Force Ship Assessment and Requirement includes 73 small surface combatants and appreciates the urgency with which the Navy has sought an alternative path forward in the wake of the cancellation of the Constellation-class Frigate program. However, the agreement notes the Navy has identified five areas requiring significant design study to incorporate key capabilities, including those related to lethality, into the NSC design. The agreement notes the Navy's previous small surface combatant programs, to include the Littoral Combat Ship (LCS), were challenged from the outset due to unrealistic program objectives, rushed design, numerous design changes, underestimation of cost and schedule, and a fundamental mismatch with actual combat needs. The agreement notes the Navy's aggressive timeline for the lead FF(X) ship and expects that the Navy will apply lessons learned from both the challenges of the Constellation-class Frigate and the LCS when proceeding with FF(X) Frigate acquisition. In support of the Navy's objective to quickly deliver a small surface combatant to the Fleet, the agreement provides $242,000,000 for procurement of long lead materials for FF(X) Frigate.

MEDIUM LANDING SHIP

The agreement reflects the Navy's plan to begin procurement of the Medium Landing Ship (LSM), including use of a vessel construction manager (VCM). However, significant concerns remain regarding the LSM program, beginning with the cost. In materials presented to the House and Senate Defense Appropriations Subcommittees in February 2025, the cost per ship was estimated at $228,800,000. As of December 17, 2025, the estimated price for the lead ship is $316,000,000, (an increase of more than 38 percent) resulting from a change in the design. The Navy estimates that price will increase an additional ten to twenty percent for the fee to use a VCM. It is imperative that the Secretary of the Navy mitigates cost growth in order to keep the program affordable for the Marine Corps' program objective range of between 18–35 LSMs.

The agreement provides $800,000,000 for additional LSMs to expedite fielding and deliver this capability to the Marine Corps. In keeping with the Navy's Comprehensive Framework, the funding is intended to provide a strong demand signal to rapidly construct new classes of ships, ensure sufficient workload to reduce the risk of workforce shortage, prevent supply chain vulnerabilities, preserve the multi-tiered shipbuilding supplier base, and protect national security shipbuilding capabilities following the termination of the last four ships of the Constellation-class Frigate program. A total of $1,963,941,000 was provided for LSMs in Public Law 119–21. The agreement directs the Secretary of the Navy to prioritize assigning ships for construction to shipyards negatively impacted by the cancellation of the Constellation-class Frigate program and to ensure those shipyards have sufficient workload to remain fully staffed before other allocations.

COLUMBIA CLASS SUBMARINE PROGRAM

The agreement provides the Columbia class submarine program with funding commensurate to the level of the fiscal year 2026 President's budget request. Regrettably, there is insufficient funding available to the House and Senate Defense Appropriations Subcommittees in fiscal year 2026 to fully fund this and other Department priorities. The agreement intends the incremental funding to be a one-time occurrence. The Navy did not demonstrate that incremental funding results in meaningful improvements to affordability or program stability to justify an extraordinary exception to key budget principles. The agreement directs the Secretary of Defense, in consultation with the Secretary of the Navy, to provide concurrently with submission of the President's budget request for fiscal year 2027, a list of proposed offsets to achieve full funding of future Columbia class submarines if the fiscal year 2027 President's budget request again assumes incremental funding for Columbia class submarines.

VIRGINIA CLASS SUBMARINE PROGRAM

The agreement provides an increase of $1,918,600,000 for a second Virginia class submarine to address the funding shortfall created by misalignment of the President's budget request and Public Law 119–21.

Further, the agreement notes the Department's decision to realign funding from Public Law 119–21 to address funding shortfalls in the Columbia class submarine advance procurement and the Virginia class submarine advance procurement budget line items. The shortfall created by the incongruence between the budget request and available mandatory resources is being funded from multiple provisions in Public Law 119–21 and is intended to support infrastructure and wage enhancements at the prime shipyards.

OTHER PROCUREMENT, NAVY

The agreement provides $14,693,978,000 for Other Procurement, Navy, as follows:

SPACE FORCE PROCUREMENT QUANTITIES

The agreement provides $1,329,263,000 to procure four space launch services under the National Security Space Launch program line; $648,446,000 to procure seven space launch services under the Space Development Agency Launch program line; and $637,944,000 to procure two Global Positioning System IIIF spacecraft.

LAUNCH INFRASTRUCTURE

Access to space remains a critical national security priority, and the agreement commends the Assured Access to Space program office for its administration and growth of the National Security Space Launch program. As demand for launch and the number of launch providers continues to grow, space launch infrastructure must be used efficiently and effectively to advance United States national security priorities. This requires launch pad allocation to be competitive, transparent, and forward-looking, especially for heavy lift launch sites. To ensure the best use of limited space launch infrastructure, the agreement directs the Secretary of the Air Force, in consultation with the Chief of Space Operations, to submit a report to the congressional defense committees not later than 120 days after enactment of this Act detailing a strategy for launch site allocations, including a plan for investments to modernize United States space launch range capabilities to support planned launch rates. The strategy shall: include an open and competitive process for launch site allocation decisions; prioritize diversity of launch providers; consider providers' access to commercial, private, or other government launch facilities; consider each provider's readiness to launch, including realistic assessments of the launch vehicle's development status and path toward certification; ensure coordination with the National Aeronautics and Space Administration; and provide for appropriate durations of launch site allocations to allow reasonable periods of recompetition. The strategy shall detail a five-year investment plan by fiscal year to fully implement the strategy. The investment plan shall include the use of any funds provided in Public Law 119–21 for space launch infrastructure.

GPS IIIF PROCUREMENT

In 2018, the Space Force entered into a contract to develop and procure 22 GPS IIIF satellites. GPS IIIF provides important new capabilities, including Regional Military Protection for a boosted M–Code signal for increased anti-jam capabilities, improved search and rescue capabilities, as well as improvements to the nuclear detection payload and various other technical upgrades. The contract includes pre-priced production options to leverage economies of scale, significantly reducing unit costs when buying more than one spacecraft in a year. The acquisition strategy to procure at least one and up to four spacecraft each year would appear to be exactly the kind of long-term commitment, with incentives to leverage economies of scale, that improves efficiency and stability to field new systems. However, the Space Force's fiscal year 2026 GPS IIIF budget request did not include funding to procure any spacecraft, thus creating a ''gap year'' and triggering a costly penalty payment under the terms of the contract. The consequence is the taxpayer pays more and receives less. The House and Senate Defense Appropriations Subcommittees do not seek to encourage such fiscally imprudent decisions in the future; therefore, the agreement provides funding for two GPS IIIF spacecraft. The agreement urges the Secretary of the Air Force to prioritize this program in the fiscal year 2027 President's budget request and not use it to pay for other projects as the GPS mission is a core responsibility of the Space Force and essential to military operations as well as civil and commercial activity.

PROCUREMENT, DEFENSE–WIDE

The agreement provides $7,142,723,000 for Procurement, Defense-Wide, as follows:

NATIONAL GUARD AND RESERVE EQUIPMENT ACCOUNT

The agreement includes an appropriation of $800,000,000 for the National Guard and Reserve Equipment Account. Of that amount, $250,000,000 is for the Army National Guard; $235,000,000 is for the Air National Guard; $115,000,000 is for the Army Reserve; $46,000,000 is for the Navy Reserve; $22,000,000 is for the Marine Corps Reserve; and $132,000,000 is for the Air Force Reserve to meet urgent equipment needs in the coming fiscal year. The agreement includes direction for the component commanders of the Army Reserve, Navy Reserve, Marine Forces Reserve, Air Force Reserve, Army National Guard, and Air National Guard to submit to the congressional defense committees a detailed assessment of their component's modernization priorities, not later than 30 days after the enactment of this Act.

The Secretary of Defense is directed to ensure that the National Guard and Reserve Equipment Account is executed by the Chiefs of the National Guard and Reserve components with priority consideration given to the following items: acoustic hailing devices; aircraft survivability equipment and weapons training aids; aviation status dashboards; ballistic and multiband laser eye protection; cloud defense solutions; construction equipment systems; controlled humidity preservation; crash-survivable UH–60 helicopter gunner seats; degraded visual environment systems; emergency response refuel equipment kits for C–130/135 aircraft; heavy dump trucks; high mobility multi-purpose wheeled vehicle modernization; human performance wearable technology; improved thermal acoustic blankets; internal auxiliary, ballistically tolerant auxiliary fuel systems for UH–60 helicopters; KC–135 aircrew ground cooling units; land surveying systems; lightweight, rapidly deployable, computerbased artillery call for fire training and simulation; litter stabilization systems; modular small arms ranges and small arms training simulators and tools; National Security Agency compliant, multiple network configurable, secure tactical voice bridge; secure enterprise, emergency, and social communication; software defined radios; UH–72 Lakota mission equipment modernization; upgraded commercial off the shelf ground mapping for C–130 aircraft; and vehicle–mounted, man–portable radiological nuclear detection systems.

TITLE IV—RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The agreement provides $145,922,309,000 in Title IV, Research, Development, Test and Evaluation, as follows:

(DOLLARS IN THOUSANDS)

	BUDGET REQUEST	FINAL BILL
RECAPITULATION		
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY.....	14,549,223	16,705,760
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY.....	25,708,049	28,099,776
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR FORCE.	52,017,288	50,614,595

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE.....	33,921,939	35,248,875
OPERATIONAL TEST AND EVALUATION, DEFENSE.....	318,143	336,143
GRAND TOTAL, RESEARCH, DEVELOPMENT, TEST AND EVALUATION.....	142,001,108	145,922,309

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations Act, 2008 (House Report 110–279). Specifically, the dollar threshold for reprogramming funds shall be $15,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P–1) or research, development, test and evaluation (R–1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this joint explanatory statement.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase ''only for'' or ''only to'' in this joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in this joint explanatory statement.

DISCLOSURE REQUIREMENTS

The agreement urges the full disclosure of federal support and transparency by recipients of Department of Defense research and development funds, as codified by title 10, U.S.C. section 4027. The agreement notes the Department's ''Fundamental Research Security Initiative and Implementation'' memorandum and acknowledges that the initiative represents a step toward further safeguarding the Department's fundamental research from adverse exploitation.

The agreement directs the Secretary of Defense, not later than 90 days after the date of enactment of this Act, to provide a progress report to the congressional defense committees detailing plans for ensuring compliance with title 10, U.S.C. section 4027, including enforcement actions related to disclosure of federal funds.

This language replaces the language under the heading ''Disclosure Requirements for Recipients of Research and Development Funds'' in Senate Report 119–52.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY

The agreement provides $16,705,760,000 for Research, Development, Test and Evaluation, Army, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

R-1		Mandatory	Budget Request	Final Bill
1	**DEFENSE RESEARCH SCIENCES**		**237,678**	**258,178**
	Program increase - electrically responsive surface textures for autonomous platforms			2,500
	Program increase - joint research lab			18,000
2	**UNIVERSITY RESEARCH INITIATIVES**		**78,947**	**78,947**
3	**UNIVERSITY AND INDUSTRY RESEARCH CENTERS**		**69,391**	**72,391**
	Program increase - vertical lift research center of excellence			3,000
4	**CYBER COLLABORATIVE RESEARCH ALLIANCE**		**5,463**	**5,463**
5	**ELECTRONIC WARFARE BASIC RESEARCH**		**88,053**	**96,053**
	Program increase - Army AI integration center			3,000
	Program increase - assessments and monitoring systems for historic structures			5,000
6	**ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING BASIC RESEARCH**		**7,012**	**17,012**
	Program increase - center for extreme events in structurally evolving materials			10,000
7	**ARMY AGILE INNOVATION AND DEVELOPMENT-APPLIED RESEARCH**		**9,455**	**9,455**
8	**COUNTER IMPROVISED-THREAT ADVANCED STUDIES**		**6,174**	**6,174**
9	**COUNTER SMALL UNMANNED AERIAL SYSTEMS (C-SUAS) APPLIED RESEARCH**		**12,618**	**12,618**
10	**LETHALITY TECHNOLOGY**		**97,157**	**176,157**
	Program increase - advanced materials and manufacturing for hypersonics			9,000
	Program increase - advanced materials and manufacturing for modernization			20,000
	Program increase - carbon composites for hypersonic weapons			7,500
	Program increase - ceramic protection materials			2,500
	Program increase - expand industrial base for energetic material chemistries and synthesis technologies			7,000
	Program increase - materials for advanced propulsion			3,500
	Program increase - powder metallurgical processing			1,000
	Program increase - precision artillery launched inertial navigation system			5,000
	Program increase - university cyber security and critical infrastructure			20,000
	Program increase - upgrade helicopter identify friend or foe			3,500

R-1	Mandatory	Budget Request	Final Bill
12	**SOLDIER LETHALITY TECHNOLOGY**	**72,670**	**223,990**
	Program increase - advanced armor press applications		10,000
	Program increase - advanced textiles and shelters		5,000
	Program increase - AI research center of excellence for education and training		5,000
	Program increase - CAV-X and XMP projectiles		4,000
	Program increase - digital night vision technology		6,000
	Program increase - domestic silicone anode development		1,000
	Program increase - food safety		2,000
	Program increase - future operational requirements, capabilities, and experimentation		8,000
	Program increase - geospatial battlespace content creation modernization		6,000
	Program increase - HEROES		5,000
	Program increase - high-capacity lithium ion cell batteries		8,500
	Program increase - liquified gas electrolyte batteries for cold weather applications		5,000
	Program increase - nanolayered polymer optics		5,000
	Program increase - new materials and manufacturing technologies for vehicle armor		7,000
	Program increase - non PFAS fire-resistant treatments		5,000
	Program increase - optimized portable thermophotovoltaic squad power system		2,500
	Program increase - Pathfinder air assault		8,000
	Program increase - Pathfinder airborne		4,000
	Program increase - Pathfinder emergency readiness		11,250
	Program increase - Pathfinder expansion		3,000
	Program increase - Pathfinder force protection		4,100
	Program increase - Pathfinder human-machine teaming		3,720
	Program increase - Pathfinder ISR		4,000
	Program increase - Pathfinder multidomain operations		4,750
	Program increase - Pathfinder Pacific		5,000
	Program increase - polymer electrolytes for soldier worn batteries		2,000
	Program increase - SiC device modeling for HPM		2,500
	Program increase - silicon carbide for pulsed power		1,000
	Program increase - virtual AI Network for ground units, automation, rules, and decision-making		10,000
	Program increase - wide field of view waveguide for helmet-mounted displays		3,000
13	**GROUND TECHNOLOGY**	**56,342**	**130,842**
	Program increase - 2D polymer scalable manufacturing		4,000
	Program increase - accelerated carbonization soil stabilization		2,500
	Program increase - AI approach for additive manufacturing of ground vehicles		3,000
	Program increase - Arctic geotechnical intelligence and analytics network		2,000
	Program increase - biomaterials for ground infrastructure reinforcement		5,000
	Program increase - carbon nanomaterials as functional additives		3,250
	Program increase - critical hybrid advanced manufacturing processing		8,000
	Program increase - development of roadway repair materials		3,000
	Program increase - electrolyzer technology		2,000
	Program increase - high-throughput composites manufacturing		5,000
	Program increase - integrated modeling and simulation system		1,750
	Program increase - microbial biomanufacturing		3,000
	Program increase - novel metal additive manufacturing system		2,000
	Program increase - polar proving ground		5,000
	Program increase - protective coatings		6,000
	Program increase - rapid advanced deposition research		10,000
	Program increase - resilient energy system solutions for extremely cold regions		3,000
	Program increase - respiratory models for aerosol threat assessment		1,000
	Program increase - weather forecasting for real time decisions		5,000

R-1		Mandatory	Budget Request	Final Bill
14	**NEXT GENERATION COMBAT VEHICLE TECHNOLOGY**		**71,547**	**169,297**
	Program increase - analytics and visualization for autonomous vehicle systems			12,000
	Program increase - composite vehicle structures			5,000
	Program increase - digital manufacturing modeling and simulation			2,000
	Program increase - digital manufacturing research for advanced power devices			5,250
	Program increase - drop-stitch/structural system research			10,000
	Program increase - fast-refueling fuel cell engines			7,000
	Program increase - large metal additive manufacturing for ground vehicles			10,000
	Program increase - lightweight prototype			5,000
	Program increase - machine learning optimized power electronics			5,000
	Program increase - multimodal human machine teaming			2,500
	Program increase - non-traditional effects on cUAS			2,000
	Program increase - novel reactive armor			2,000
	Program increase - secure & resilient fuel			10,000
	Program increase - standardized battery			15,000
	Program increase - systems engineering for autonomous ground vehicles			5,000

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY

The agreement provides $28,099,776,000 for Research, Development, Test and Evaluation, Navy, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

R-1		Mandatory	Budget Request	Final Bill
1	**UNIVERSITY RESEARCH INITIATIVES**		**67,306**	**69,006**
	Program increase - multibeam sonar system			1,700
2	**DEFENSE RESEARCH SCIENCES**	**8,000**	**511,163**	**528,163**
	Program increase - high temperature semiconductor focal-plane electro-optical network sensors			5,000
	Program increase - carbon nanotube technology			6,000
	Program increase - remote sensing to monitor Arctic sea ice			6,000
3	**POWER PROJECTION APPLIED RESEARCH**		**30,635**	**39,635**
	Program increase - hypersonic test ventilation			4,000
	Program increase - operational aviation fuel synthesis demonstration			5,000
4	**FORCE PROTECTION APPLIED RESEARCH**		**125,699**	**247,299**
	Program increase - precision AI enabled Naval supply chain logistics			6,000
	Program increase - underwater electromagnetic theory and ocean hydrodynamics research			9,600
	Program increase - talent and technology for Navy power and energy systems			8,000
	Program increase - intelligent data management for distributed platforms			12,500
	Program increase - additive manufacturing for bonded metal matrix composites			8,000
	Program increase - advanced manufacturing of unmanned maritime systems			5,000
	Program increase - advanced power distribution systems for future naval platforms			5,000
	Program increase - alternative energy research			30,000
	Program increase - characterization of high-performance carbon fiber for rocket motors			3,500
	Program increase - high-performance coatings and materials			3,000
	Program increase - launch and refueling for small USV			3,000
	Program increase - microgrid demonstration for coastal facilities			2,000
	Program increase - multifunctional composite structures for naval ships and systems			5,000
	Program increase - multi-material flexible automated manufacturing			4,000
	Program increase - stealth engineering automation			9,000
	Program increase - UAS degraded environment facility			8,000
5	**MARINE CORPS LANDING FORCE TECHNOLOGY**		**45,697**	**62,697**
	Program increase - silicon anode-based Lithium-ion batteries research			5,000
	Program increase - unmanned logistics solutions			12,000
6	**COMMON PICTURE APPLIED RESEARCH**		**55,246**	**70,746**
	Program increase - embedded cyber systems for naval infrastructure			11,500
	Program increase - analyzing and securing software supply chains			4,000
7	**WARFIGHTER SUSTAINMENT APPLIED RESEARCH**		**74,264**	**119,764**
	Program increase - rapid applied materials processing lab			10,000
	Program increase - traumatic brain injury research			15,000
	Program increase - anti-corrosion nanotechnology			4,000
	Program increase - innovative coatings research			6,000
	Program increase - physics based neutralization of threats to human tissues and organs			5,000
	Program increase - prediction and assessment of traumatic brain injury by elastography			1,500
	Program increase - tele-robotic surgery for combat casualty care			4,000

R-1		Mandatory	Budget Request	Final Bill
8	**ELECTROMAGNETIC SYSTEMS APPLIED RESEARCH**		**79,929**	**150,929**
	Program increase - advanced antenna technology for E-2D			12,000
	Program increase - future radio frequency digital array technology development and demonstration			50,000
	Program increase - dark swarm in denied environments			4,000
	Program increase - PFAS free composite radomes			5,000
9	**OCEAN WARFIGHTING ENVIRONMENT APPLIED RESEARCH**		**81,270**	**118,770**
	Program increase - atmospheric river reconnaissance and research			5,000
	Program increase - NSW superiority			5,000
	Program increase - onboard weather forecasting for afloat naval forces			2,000
	Program increase - undersea sensor orchestration for seafloor mapping			5,000
	Program increase - intelligent autonomous systems for seabed warfare			12,500
	Program increase - modeling water-ice interactions			4,000
	Program increase - undersea battlefield sensing			4,000
10	**JOINT NON-LETHAL WEAPONS APPLIED RESEARCH**		**7,300**	**7,300**
11	**UNDERSEA WARFARE APPLIED RESEARCH**		**64,335**	**122,835**
	Program increase - acoustic sources, sensors, and systems			10,000
	Program increase - SAPF/SCIF university facility upgrades			10,000
	Program increase - partnerships for submarine and undersea vehicle programs			20,000
	Program increase - resident autonomous undersea robotics			10,000
	Program increase - strategic soundscapes for ocean awareness			8,500

FF(X) FRIGATE

The agreement supports the Navy's effort to quickly deliver a small surface combatant to the fleet. Therefore, the agreement provides $84,199,000 for the design and development for the FF(X) Frigate program. Further, the Secretary of the Navy is directed, not later than 90 days after the enactment of this Act, to submit a report to the congressional defense committees that details the current acquisition strategy, accompanied by a spend plan for funds that have been made available to the Department of Defense for this program.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR FORCE

The agreement provides $50,614,595,000 for Research, Development, Test and Evaluation, Air Force, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS
[In thousands of dollars]

R-1		Mandatory	Budget Request	Final Bill
1	**DEFENSE RESEARCH SCIENCES**		**302,716**	**310,716**
	Program increase - developmental research of advanced electronic and optical probes			5,000
	Program increase - discovery and adaptation of biosensors for detection of diverse biological and chemical agents			3,000
2	**UNIVERSITY RESEARCH INITIATIVES**		**94,121**	**101,121**
	Program increase - human-autonomy teaming for defense missions			2,000
	Program increase - intelligent 2D sensors			5,000
3	**FUTURE AF CAPABILITIES APPLIED RESEARCH**		**78,214**	**78,214**
4	**UNIVERSITY AFFILIATED RESEARCH CENTER (UARC) - TACTICAL AUTONOMY**		**6,294**	**6,294**
5	**MATERIALS**		**147,422**	**233,022**
	Program increase - alternate fuel sources in contested environments			18,000
	Program increase - AI-driven performance prediction for aerospace composite materials			1,500
	Program increase - analytical simulation of composites for hypersonics			6,000
	Program increase - critical materials for AI, communications, and harsh environments			2,000
	Program increase - development and scaling of laser metal deposition additive manufacturing			5,000
	Program increase - disruptive alloy metals development			10,000
	Program increase - high energy synchrotron x-ray research			10,000
	Program increase - manufacturing development of non-electronic radio frequency devices and systems for distributed operations			24,500
	Program increase - mxenes materials			5,000
	Program increase - performance drivers for composite applications			3,600
6	**AEROSPACE VEHICLE TECHNOLOGIES**		**0**	**12,500**
	Program increase - computational methods and validation of UAVs			10,000
	Program increase - hypersonic high-speed aerodynamics research			2,500
7	**HUMAN EFFECTIVENESS APPLIED RESEARCH**		**133,928**	**145,928**
	Program increase - fully integrated AI environments			12,000
8	**AEROSPACE SYSTEMS TECHNOLOGIES**		**321,059**	**371,059**
	Program increase - aerospace propulsion research			10,000
	Program increase - advanced fuel development for hypersonic propulsion			10,000
	Program increase - high mach turbine engine (HMTE) development			10,000
	Program increase - integrated hypersonic propulsion technology maturation			20,000

R-1		Mandatory	Budget Request	Final Bill
9	**AEROSPACE SENSORS**		**199,120**	**220,120**
	Program increase - demonstrating flexible manufacturing capabilities for defense maintenance			8,000
	Program increase - electronic support measures capabilities			1,000
	Program increase - resilient microelectronics for extreme environments			8,000
	Program increase - smart photonic sensor calibration systems			4,000
11	**SCIENCE AND TECHNOLOGY MANAGEMENT - MAJOR HEADQUARTERS ACTIVITIES**		**10,813**	**13,763**
	Program increase - employing AI to recruit, develop, and retain			2,950
12	**NUCLEAR DELIVERY SYSTEMS TECH EXPLORATION**		**4,969**	**4,969**
13	**CONVENTIONAL MUNITIONS**		**125,102**	**125,102**
14	**DIRECTED ENERGY TECHNOLOGY**		**92,331**	**96,331**
	Program increase - synchronization and control architecture for long-range distributed effectors			4,000
15	**DOMINANT INFORMATION SCIENCES AND METHODS**		**187,036**	**297,036**
	Program increase - advanced LiDAR for CUAS			16,000
	Program increase - agile, assured, and autonomous battle management network			9,000
	Program increase - air domain awareness for airspace safety, management and counter UAS effectiveness			5,000
	Program increase - dependable AI for national security			15,000
	Program increase - heterogeneously integrated photonics and electronic technologies			25,000
	Program increase - medium range advanced detection system			12,000
	Program increase - neutral-atom quantum networking and computing			5,500
	Program increase - photonic quantum computing			5,000
	Program increase - quantum entanglement distribution			12,500
	Program increase - quantum networking testbed and cloud computing environment			5,000
16	**FUTURE AF INTEGRATED TECHNOLOGY DEMOS**		**268,754**	**258,454**
	Excess growth			-15,300
	Program increase - adversarial systems exploitation lab			5,000
17	**ADVANCED MATERIALS FOR WEAPON SYSTEMS**		**31,021**	**45,521**
	Program increase - advanced composite materials for engineering			12,000
	Program increase - metals affordability initiative			2,500
18	**SUSTAINMENT SCIENCE AND TECHNOLOGY (S&T)**		**12,915**	**27,915**
	Program increase - modernization of materiel management			15,000
19	**ADVANCED AEROSPACE SENSORS**		**69,652**	**69,652**

R-1		Mandatory	Budget Request	Final Bill
20	**AEROSPACE TECHNOLOGY DEV/DEMO**		**102,125**	**265,725**
	Program carryover			-3,400
	Program increase - advanced solid rocket motor propulsion propellant mixer technology demonstration			10,000
	Program increase - advanced thermal management for next-generation manned and unmanned aircraft			5,000
	Program increase - hybrid-electric propulsion combat ready airman flight simulator			98,000
	Program increase - HITECH beam director development			2,500
	Program increase - hypersonic vehicles compact power generation			12,000
	Program increase - integrated hypersonic propulsion technology maturation			20,000
	Program increase - layered tanks			7,000
	Program increase - modular cooling capacity demonstration			5,000
	Program increase - next general hybrid rocket engines and printable thermoplastics			7,500
23	**SCIENCE & TECHNOLOGY FOR NUCLEAR RE-ENTRY SYSTEMS**		**128,407**	**142,907**
	Program increase - reentry systems test bed			14,500
25	**HUMAN EFFECTIVENESS ADVANCED TECHNOLOGY DEVELOPMENT**		**19,790**	**19,790**
26	**CONVENTIONAL WEAPONS TECHNOLOGY**		**99,263**	**99,263**
27	**ADVANCED WEAPONS TECHNOLOGY**		**4,434**	**16,834**
	Program increase - special purpose power generation for novel effectors			12,400

R-1		Mandatory	Budget Request	Final Bill
28	**MANUFACTURING TECHNOLOGY PROGRAM**		**38,891**	**342,891**
	Program increase - additive manufactured CCA wings			1,000
	Program increase - additive manufacturing rapid maintenance facilities			3,000
	Program increase - additive manufacturing and robotic assembly for sustainment and affordable mass			53,700
	Program increase - aerospace film technology manufacturing			5,000
	Program increase - AFSC depot maintenance data science			6,400
	Program increase - agile composite aerostructures manufacturing			20,000
	Program increase - agile and flexible manufacturing technology solutions for low-cost and attritable weapons systems			10,000
	Program increase - classified additive manufacturing			20,000
	Program increase - classified agile aircraft manufacturing			25,000
	Program increase - convergent manufacturing for radar components			50,000
	Program increase - corrosion repair for hybrid airframes			5,000
	Program increase - domestic natural rubber production			9,000
	Program increase - full scale determinant assembly			4,000
	Program increase - gallium oxide for high power electronics			5,000
	Program increase - integration of additive manufacturing technologies			14,900
	Program increase - large-format metal additive manufacturing for hypersonics			5,000
	Program increase - low-cost attritable drones			3,000
	Program increase - predictive modeling to accelerate low-cost aerospace			5,000
	Program increase - prosecuting of advance adversary commercial communications - mobile			12,500
	Program increase - thermoplastic composite parts			15,000
	Program increase - trusted metal additive manufacturing			10,000
	Program increase - ultra-high temperature ceramics for thermal protection system			5,000
	Program increase - ultra-high temperature composite manufacturing automation and scale up for hypersonics			7,500
	Program increase - vertical integration of scramjet supply chain			9,000
29	**BATTLESPACE KNOWLEDGE DEVELOPMENT AND DEMONSTRATION**		**30,812**	**32,812**
	Program increase - programmable computing fabric networks			2,000
30	**DEPLOYMENT & DISTRIBUTION ENTERPRISE R&D**		**28,316**	**30,316**
	Program increase - modular self propelled wheel technology			2,000
32	**INTELLIGENCE ADVANCED DEVELOPMENT**		**3,901**	**3,901**

AIR FORCE RESOURCE ALLOCATION

As the Integrated Capabilities Command (Provisional) is expected to be fully integrated into the Headquarters of the Air Force A5/7 directorate by April 2026, the agreement directs the Secretary of the Air Force to brief the congressional defense committees on the status of this integration, and any other restructuring of the A5/7 directorate, not more than 90 days after enactment of this Act.

The agreement further directs the Director of the Integrated Development Office and the Commander of Integrated Capabilities Command (Provisional), or equivalent, to jointly provide semi-annual briefings to the House and Senate Defense Appropriations Subcommittees on how their work is informing modernization plans, developing programming inputs to align with force design, and providing a cost-effective and realistic pipeline to deliver warfighting capabilities.

Finally, the agreement directs the Secretary of the Air Force, through the Assistant Secretary of the Air Force (Financial Management and Comptroller), to ensure that the fiscal year 2027 President's budget request reflects Integrated Development Office capability development activities in the appropriate budget line items.

This language replaces the language under the heading ''Air Force Resource Allocation'' in House Report 119–162.

AIR FORCE REQUIREMENTS OPTIMIZATION

The agreement emphasizes the importance of the Air Force's ongoing planning to optimize investments based on fleet size, capability type and necessary quantities of fighter planes, bombers, tankers, and mobility assets. In particular, the ongoing work to assess the requirements for new aircraft versus sustainment of existing aircraft has generated valuable, data-driven analysis that has provided a greater level of insight to inform the appropriations process. Therefore, the Chief of Staff of the Air Force is directed to brief the congressional defense committees annually, in coordination with the President's budget request, on how the current and budget year investments are strategically aligned with future year goals and provide retention-copy charts that depict a multi-year overview of each platform.

This language replaces the language under the heading ''Future of the Tanker Refueling Fleet'' in Senate Report 119–52.

SENTINEL

The agreement maintains the direction House Report 119–162, under this heading, for the Secretary of the Air Force to provide quarterly briefings on the Sentinel program to the congressional defense committees. The agreement also modifies direction provided in Senate Report 119–52, under this heading, for the Secretary of the Air Force to include during the quarterly briefings a detailed breakout of efforts utilizing discretionary and mandatory funding in fiscal year 2026, and an updated spend plan that includes the entire requirement (discretionary and mandatory) for the Sentinel program in fiscal year 2026.

E–7

The agreement bolsters the E–7 Wedgetail aircraft program and includes a new general provision that prohibits the use of funds to pause, cancel, or terminate the E–7. The agreement emphasizes the importance of the E–7 Wedgetail platform and the airborne early warning and battle management mission for the Department of the Air Force. Therefore, $1,100,000,000 is included in Research, Development, Test and Evaluation, Air Force for fiscal year 2026 to continue E–7 rapid prototyping activities and transition to engineering and manufacturing development aircraft. The Secretary of the Air Force is directed to present a plan to the congressional defense committees, not later than 90 days after the enactment of this Act, on ongoing actions to streamline requirements and control costs on future production of the E7 aircraft.

This language replaces the language under the heading ''E–7'' in Senate Report 119–52.

B–52 HIGH FIDELITY SIMULATOR MODERNIZATION

The agreement directs the Assistant Secretary of the Air Force (Acquisition, Technology and Logistics) to submit to the congressional defense committees, not later than 90 days after the enactment of this Act, a report that provides an acquisition strategy and cost estimate by appropriation, budget-line item, and fiscal year for the development, test, and procurement of modernized B–52H high fidelity flight simulators.

This language replaces the language under the heading ''B–52 High Fidelity Simulator Modernization'' in House Report 119–162 and Senate Report 119–52.

NEXT GENERATION ADAPTIVE PROPULSION

Maintaining competition in the Next Generation Adaptive Propulsion (NGAP) program remains a priority to spur innovation and sustain a healthy industrial base. The agreement encourages the Secretary of the Air Force to maintain the NGAP competition until two fully developed and tested prototypes are presented to the Air Force for evaluation.

EDUCATION PARTNERSHIP AGREEMENTS

Education Partnership Agreements (EPAs) offer an opportunity to help meet Defense Industrial Base workforce development requirements in technology areas critical to national security, such as artificial intelligence, autonomous systems, hypersonics, space systems, and advanced manufacturing. The Air Force Research Laboratory and other defense laboratories are encouraged to make use of new EPA financial assistance mechanisms enabled through section 213 of the National Defense Authorization Act for Fiscal Year 2025 (Public Law 118–159) and brief the congressional defense committees on their application and use with respect to fiscal year 2025 and 2026 funds.

QUANTUM INFORMATION SCIENCE

The agreement finds that accelerated investment in quantum information science, encompassing both computing and networking, is critical for maintaining technological superiority and ensuring mission resilience across the Department of the Air Force (DAF). Quantum capabilities are essential for achieving the DAF's core operational goals. Sustained funding should prioritize the Air Force Research Laboratory's strategic goal of realizing secure, distributed quantum networks and highly accurate computing systems. The agreement encourages the Secretary of the Air Force to prioritize research and development focused on trapped ion systems to meet unique DAF needs for powerful computing and resilient quantum networking.

EXTREME ENVIRONMENTS SILICONE MATERIALS

The agreement recognizes the importance of advancing research on silicone materials in extreme environments. The agreement encourages the Secretary of the Air Force to prioritize research and development efforts in this area to improve warfighting readiness.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, SPACE FORCE

The agreement provides $14,917,160,000 for Research, Development, Test and Evaluation, Space Force, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

COMMERCIAL SERVICES

Space-based commercial service offerings are increasingly broad and comprised of high-quality commercial data available to support Space Force missions, especially space domain awareness. Therefore, the agreement provides an additional $49,500,000 to explore the use of commercial positioning, navigation, and timing services to ensure resilient navigation in GPS-denied environments; space-based environmental monitoring to strengthen mission planning in areas where information is insufficient; and space domain awareness mission needs to mitigate growing threats. The Secretary of the Air Force shall submit a report to the congressional defense committees, not later than 180 days following enactment of this Act, on the efficacy of these commercial space-based capabilities.

TACTICAL SURVEILLANCE, RECONNAISSANCE, AND TRACKING

The Tactical Surveillance, Reconnaissance, and Tracking Services (TacSRT) program, while only in its pilot phase, has instituted a novel marketplace for commercial remote sensing tasking, which allows for vendor competition, and allows for execution of the requirement in tactically relevant timelines. The marketplace for commercial service offerings for electro-optical/infrared, synthetic aperture radar, hyperspectral imaging capabilities, radio frequency, and other phenomenologies continue to expand. However, despite directed appropriations of $40,000,000 in both fiscal year 2024 and fiscal year 2025 as provided in the Department of Defense Appropriations Act, 2024 (Public Law 118–47) and the funding tables accompanying the Full-Year Continuing Appropriations and Extensions Act, 2025 (Public Law 119–4), the fiscal year 2026 President's budget request fails to request adequate resources to continue the TacSRT effort. Therefore, the agreement provides an additional $30,000,000 for continued execution of the TacSRT program through combatant command directed requirements.

Additionally, it is noted that section 1607 of the National Defense Authorization Act for Fiscal Year 2026 (Public Law 119–60)

states ''the Secretary of the Air Force, in coordination with the Under Secretary of Defense (Intelligence and Security), shall conduct a study on the feasibility and advisability of establishing a program of record for tactical surveillance, reconnaissance, and tracking capabilities within the Department of Defense.'' Therefore, the agreement provides $50,000,000 for sustained new or existing agreements with commercial providers to augment the TacSRT marketplace through data and analytics commercial remote sensing procurement to allow the Space Force to prioritize and fulfill combatant commander operational requirements. Further, the agreement directs the Secretary of the Air Force to institute a new sustained commercial services electro-optical program in the Research, Development, Test and Evaluation, Space Force account and to properly resource this program across the fiscal year 2027 future years defense program. This program shall provide long-term stability that will maintain a consistent level of support that combatant commanders can plan for, while also allowing industry to reinvest in their own capabilities in order to maintain their competitive advantage across the global marketplace.

Finally, the agreement directs the Director of Cost Assessment and Program Evaluation (CAPE) to review the program, its mission use cases and objectives, and its contracting mechanisms; identify and make recommendations for the program's organization, its operations, and its use of contracts with commercial vendors. The Director of CAPE shall provide a briefing with the findings and recommendations of this review to the congressional defense and congressional intelligence committees not later than 180 days after the enactment of this Act.

This language replaces the language under the heading ''Tactical Surveillance, Reconnaissance, and Tracking'' in House Report 119–162, the language under the heading ''Commercial Surveillance, Reconnaissance, and Tracking Services'' in Senate Report 119–52, and the language under the heading ''Commercial Electro-Optical Program Restructure'' in Senate Report 119–52.

RESILIENT POSITION, NAVIGATION, AND TIMING

The agreement recognizes the vital importance of enhancing the resilience of position, navigation, and timing (PNT) services provided by the Global Positioning System (GPS) to ensure its availability for military operations, particularly in highly contested environments against sophisticated adversaries. The loss of GPS, even temporarily, would cause catastrophic damage to the nation while also severely impacting military effectiveness. The agreement provides $15,000,000 to continue the development of resilient GPS space systems.

Unfortunately, the Department of Defense has not taken any significant actions to address the findings and recommendations of the Defense Science Board's (DSB) May 2024 classified final report on Position, Navigation and Timing, which highlights many, but not all, the issues that must be addressed to make PNT services more resilient, such as accelerating the delivery of jam resistant user equipment and increasing resilience of the ground control segment. Therefore, the agreement provides $30,000,000 to develop an integrated PNT architecture that maximizes enduring competition while using a Modular Open Mission Systems approach to maintain the Nation's commitment to a resilient PNT capability for military and civilian users. Furthermore, the agreement directs the Secretary of Defense to provide the congressional defense committees, not later than 90 days after enactment of this Act, with a comprehensive written plan of action and milestones for investments in more resilient capabilities across space, ground, and user equipment segments. This plan shall specifically address each of the findings and recommendations of the DSB report, as well as provide investments by Service and Agency and by fiscal year.

NEXT GENERATION OVERHEAD PERSISTENT INFRARED

The agreement continues to strongly support the pivot to proliferated missile warning/missile tracking systems in low-Earth orbit and medium-Earth orbit, as these systems will provide greater resilience and coverage for tactical use. However, these systems, and their associated ground processing systems are not designed to meet the strategic indications and warning requirements of the Nuclear Command, Control, and Communications (NC3) enterprise. The Department of Defense lacks a clear plan to meet strategic NC3 requirements after the current legacy Space-Based Infrared systems age out. Therefore, section 8149 of the Department of Defense Appropriations Act, 2026 prohibits termination of the Next Generation Overhead Persistent Infrared systems for geosynchronous and polar orbits. The Secretary of the Air Force, in collaboration with the Under Secretary of Defense (Acquisition and Sustainment) and the Commander, United States Strategic Command, shall provide a report to the House and Senate Defense Appropriations Subcommittees, not later than 180 days after the enactment of this Act, with findings and recommendations on the future of strategic missile warning systems to meet NC3 requirements.

COMPETITIVE SPACE TRANSPORT CAPABILITIES

Open competition and competitive design, development, and production of systems are essential to ensure that the Department is getting the right system at the right price. Several recent acquisitions by the National Reconnaissance Office within the Geospatial Intelligence portfolio utilize non-competitive sole-source procurements on contracts that are non-severable and hamper the oversight of appropriated funds by the congressional defense committees. In contrast, the Space Development Agency (SDA) utilizes an approach where iterative tranches are awarded to multiple vendors to spur competition and maintain a robust industrial base.

Further, the Proliferated Warfighter Space Architecture (PWSA) was designed and purpose-built to deliver mission critical data directly to operational users. This capability, inherent in SDA's Transport Layer, is critical and must be maintained as the PWSA architecture evolves and space-based data transport capabilities increase. Therefore, the agreement provides $50,000,000 to maintain warfighter centric capabilities within the PWSA architecture.

GLOBAL POSITIONING SYSTEM III—OPERATIONAL CONTROL SEGMENT

The agreement includes a Space Force requested transfer of $72,500,000 to the Global Positioning System III—Operational Control Segment program to develop Global Positioning System ground architecture enhancements.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE–WIDE

The agreement provides $35,248,875,000 for Research, Development, Test and Evaluation, Defense-Wide, as follows:

ADVANCED AEROSPACE COMPOSITES

The agreement notes that advanced aerospace composite manufacturing is constrained by domestic industrial production capacity limitations. Therefore, the agreement directs the Under Secretary of Defense (Research and Engineering), in partnership with a designated technology hub, to develop domestic capabilities for advanced large-scale composite manufacturing for aerospace components, and includes $55,000,000 within the Research, Development, Test and Evaluation, Defense-Wide appropriation account to initiate this effort.

This language replaces the language under the heading ''Advanced Composites'' in Senate Report 119–52.

BIOMANUFACTURING

The agreement supports the Department of Defense's decision to designate biomanufacturing as one of its six Critical Technology Areas and encourages the Department to quickly identify and empower strong leadership to properly oversee and manage its biomanufacturing programs, establish a rapid tempo of execution commensurate with the urgency of scaling up domestic biomanufacturing capabilities, and fully invest resources in the success of these efforts. Bioindustrial manufacturing has immense potential to enable new military capabilities, mitigate supply chain vulnerabilities, expand markets for domestic agricultural producers, and strengthen American industrial competitiveness. It encourages the Secretary of Defense to increase collaborations with North Atlantic Treaty Organization allies and partners to enhance national security, pool resources, and counter adversarial advances in biotechnology and bioindustrial manufacturing.

The agreement recognizes the strategic importance of achieving sufficient biomanufacturing and bioindustrial capacity, as the United States faces many challenges across supply chains, and notes concerns that the Department has not focused enough, despite congressional special interest provided in prior years, on bioindustrial investments that will facilitate the private sector crossing the valley of death to full-scale, domestic commercialization and manufacturing. The agreement encourages the Department to rapidly scale investments in pilot plants, facilities, and downstream processing infrastructure. Therefore, the agreement directs the Secretary of Defense to prioritize fiscal year 2026 investments in biomanufacturing and bioindustrial manufacturing facilities and to provide to the congressional defense committees, not later than 60 days after the enactment of this Act, a comprehensive spend plan for the Department's biomanufacturing and bioindustrial activities and quarterly reports, until September 30, 2027, on progress thereafter. The spend plan shall include details below the project level and describe how the Department will use fiscal year 2026 funds to rapidly accelerate development, piloting, facility development, and scale-up of domestic biomanufacturing and bioindustrial capabilities with national security applications.

DEFENSE MICROELECTRONICS ACTIVITY

The agreement notes the Department intends to apportion funding from section 20005(a)(27) of Public Law 119–21 to the Defense Microelectronics Activity (DMEA) for the purposes of carrying out current process improvements and throughput capacity expansion. The agreement supports these activities and has included an additional $62,000,000 for DMEA. Given these funds, the agreement encourages the Secretary of Defense to maximize existing cost-effective options to reduce obsolescence in current and future munitions inventories. The agreement also directs the Secretary of Defense to provide certification in writing to the congressional defense committees, not later than 60 days after the enactment of this Act, that not less than a total of $152,000,000 of funds appropriated for fiscal year 2026, comprising $62,000,000 from this Act and the remainder from Public Law 119–21, are available to the Defense Microelectronics Activity for the purposes of carrying out current process improvements and throughput capacity expansion.

TEST RESOURCE MANAGEMENT CENTER BUDGET JUSTIFICATION MATERIALS

The agreement expresses concern about the Test Resource Management Center's unjustified fiscal year 2026 budget request and failure to provide clear and consistent information on the amounts, purposes, and plans for requested discretionary funding, requested mandatory funding, and later, amounts made available by Public Law 119–21 for multiple efforts. Additionally, the Department of Defense did not provide a test roadmap, a viable project plan, or a path forward for the billions of increased spending for such efforts. Therefore, the incorporated tables recommend an undistributed reduction of $400,000,000 to be applied against increases to the program's funding.

The agreement also highlights concerns with respect to limited and dilapidated range and test infrastructure across the Department. Multiple recent studies have concluded that limited test capacity, old and aging facilities, and inadequate modernization are a strategic risk to the Department's ability to field advanced capabilities at the pace required.

OPERATIONAL TEST AND EVALUATION, DEFENSE

The agreement provides $336,143,000 for Operational Test and Evaluation, Defense, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
OPERATIONAL TEST AND EVALUATION		133,542	151,542
Program increase—cyber assessments			15,000

Program increase—Operational Test Activities and Analysis			76,492
Program decrease			−76,492
TOTAL, OPERATIONAL TEST & EVALUATION, DEFENSE		318,143	336,143

TEST AND EVALUATION ACTIVITIES

The agreement recognizes digital engineering as a core enabler for improving the pace of weapon systems testing, test design, and test infrastructure development. Its application will enhance physical test range enterprises and interconnectivity, provide live data-driven validation, improve test confidence and assurance, provide earlier identification of safety issues and design flaws, accelerate problem discovery, and curtail expensive and dangerous live events. Digital engineering makes attainable, tests that were nonviable or impossible to previously achieve.

Furthermore, the agreement recognizes that digital engineering will not replace the need for live testing. Live test events are important for reliability and insight into human and system performance and integration where digital engineering is insufficient or inadequate. Additionally, it is widely understood that there is increasing need for operational test and evaluation of emerging space, cyber, undersea, and electromagnetic spectrum capabilities.

The agreement highlights concerns that the Department reorganized the Office of the Director, Operational Test and Evaluation (DOT&E), including a reduction-in-force of 75 percent, at a time when the test and evaluation community is transforming to support unprecedented production and fielding requirements including, but not limited to, ''Golden Dome.'' The need to prevent catastrophic failure and ensure systems and weapons are safe, effective, secure, and reliable remains paramount.

Therefore, the Secretary of Defense is directed to, not later than 60 days after the enactment of this Act, submit a detailed report and provide a briefing, to the congressional defense committees, detailing the impacts of the reorganization on operational test activities underway, the list of discontinued activities, and the list of activities that will continue. The report shall include a detailed program plan for how the Department intends to meet demands for independent operational test and evaluation and validate the capabilities expected to come online in the future years defense program.

The agreement stipulates that all requested spending in the Operational, Test and Evaluation appropriation account is designated as a congressional special interest item and carries this same designation for any funding requested in support of the DOT&E within the Operation and Maintenance, Defense-Wide appropriation account.

This language replaces the language under the heading ''The Office of the Director, Operational Test and Evaluation'' in Senate Report 119–52 as well as the language under the heading ''Test and Evaluation Activities'' in House Report 119–162.

TITLE V—REVOLVING AND MANAGEMENT FUNDS

The agreement provides $2,132,240,000 in Title V, Revolving and Management Funds.

DEFENSE WORKING CAPITAL FUNDS

The agreement provides $2,132,240,000 for Defense Working Capital Funds, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

REPROGRAMMING GUIDANCE FOR THE DEFENSE HEALTH PROGRAM

The agreement directs the Assistant Secretary of Defense (Health Affairs) to provide quarterly briefings to the congressional defense committees, not later than 30 days after the end of each fiscal quarter, on budget execution data for all Defense Health Program budget activities and to adequately reflect changes to the budget activities requested by the Services in future budget submissions. These reports shall also be provided to the Government Accountability Office.

The agreement directs that the In-House Care and Private Sector Care budget sub-activities remain designated as congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Any transfer of funds in excess of $15,000,000 into or out of these sub-activities requires the Secretary of Defense to follow prior approval reprogramming procedures for operation and maintenance funds. The agreement further directs the Secretary of Defense to submit a report to the congressional defense committees, not later than 30 days after the enactment of this Act, that delineates transfers of funds, and the dates any transfers occurred, from the Private Sector Care budget sub-activity to any other budget sub-activity in fiscal year 2025.

The agreement notes with concern by the repurposing of Facilities Sustainment, Restoration and Modernization (FSRM) funding throughout the fiscal year. Deferring FSRM projects in favor of more immediate needs of the Defense Health Program may seem prudent at the time but comes with costly, severe, and enduring ramifications for servicemembers and beneficiaries. The Secretary of Defense is directed to provide written notification to the congressional defense committees of cumulative transfers in excess of $15,000,000 out of the Base Operations and Communications budget sub-activity not later than 15 days after such a transfer.

CARRYOVER

The agreement provides one percent carryover authority for the Operation and Maintenance account of the Defense Health Program. The Assistant Secretary of Defense

(Health Affairs) is directed to submit a detailed spend plan for any fiscal year 2025 and 2026 designated carryover funds to the congressional defense committees not less than 30 days prior to executing the carryover funds.

ELECTRONIC HEALTH RECORDS

The agreement directs the Program Executive Officer of Defense Healthcare Management Systems (PEO DHMS), in conjunction with the Director of the Federal Electronic Health Record Modernization (FEHRM) and the Director of the Defense Health Agency, to submit quarterly reports to the congressional defense committees and the Government Accountability Office not later than 30 days after the end of each fiscal quarter on the cost of the program, including any indirect costs funded outside of the DHMS Modernization Electronic Health Record program; the schedule of the program, to include milestones, knowledge points, and acquisition timelines; system performance; patient safety incidents and mitigations; metrics to include clinician and patient satisfaction, milestones, knowledge points, and acquisition timelines; and quarterly obligation reports. In addition, the agreement directs the PEO DHMS to continue to brief the House and Senate Defense Appropriations Subcommittees on a quarterly basis, coinciding with the report submission.

The Director of the FEHRM program office is directed to continue to submit quarterly reports on the progress of interoperability between the Department of Defense and the Department of Veterans Affairs to the House and Senate Defense Appropriations Subcommittees and the House and Senate Military Construction, Veterans Affairs, and Related Agencies Appropriations Subcommittees. In addition, the agreement directs the PEO DHMS to continue to brief the House and Senate Defense Appropriations Subcommittees on a quarterly basis, coinciding with the report submission.

The agreement directs the Comptroller General to continue quarterly performance reviews of MHS GENESIS with a focus on whether the program is meeting expected cost, schedule, scope, quality and safety standards, performance, clinician and patient satisfaction, and risk mitigation expectations, to include system enhancements, and expects the PEO DHMS will provide the Comptroller General with regular and in-depth access to the program to facilitate these reviews.

PEER-REVIEWED CANCER RESEARCH PROGRAM

The agreement provides $165,000,000 for the peer-review cancer research program that would research cancers not addressed in the breast, prostate, kidney, ovarian, lung, rare cancer, melanoma, glioblastoma, and pancreatic research programs. The funds provided in the peer-reviewed cancer research program are directed to be used to conduct research in the following areas: bladder cancer; blood cancers; brain cancer; colorectal cancer; endometrial cancer; esophageal cancer; germ cell cancers; glioblastoma; liver cancer; lymphoma; mesothelioma; metastatic cancer; myeloma; neuroblastoma; neuroendocrine tumors; pediatric brain tumors; pediatric, adolescent, and young adult cancers; sarcoma; stomach cancer; and thyroid cancer. The inclusion of the individual rare cancer research program shall not prohibit the peer-reviewed cancer research program from funding the previously mentioned cancers or cancer subtypes that may be rare by definition.

The funds provided under the peer-reviewed cancer research program shall be used only for the purposes listed above. The agreement directs the Assistant Secretary of Defense (Health Affairs) to provide a report not later than 18 months after the enactment of this Act to the congressional defense committees on the status of the peer-reviewed cancer research program. For each research area, the report shall include the funding amount awarded, the progress of the research, and the relevance of the research to servicemembers.

PEER-REVIEWED MEDICAL RESEARCH PROGRAM

The agreement provides $370,000,000 for the Peer-Reviewed Medical Research Program. The agreement directs the Secretary of Defense, in conjunction with the Service Surgeons General, to select medical research projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are restricted to: accelerated aging processes associated with military service; Angelman syndrome; burn pit exposure; brain injury impact on cardiac health; celiac disease; congenital cytomegalovirus; dystonia; eating disorders; eczema; Ehlers-Danlos syndrome; endometriosis; Facioscapulohumeral Muscular Dystrophy; fibrous dysplasia/McCune-Albright syndrome; food allergies; Fragile X; frontotemporal degeneration; gambling addiction; hepatitis B; hereditary and acquired ataxias; Hereditary Hemorrhagic Telangiectasia (HHT); Hermansky-Pudlack syndrome; hydrocephalus; Hypertrophic Dyschromia; Hypoxia; infertility associated with military aviators and aviation support personnel; inflammatory bowel disease; interstitial cystitis; intranasal ketamine anesthetics; maternal mental health; mitochondrial disease; myalgic encephalomyelitis/chronic fatigue syndrome; myotonic dystrophy; musculoskeletal health; orthotics and prosthetics outcomes; pancreatitis; Pediatric Acute-Onset Neuropsychiatric Syndrome (PANS) and Pediatric Autoimmune Neuropsychiatric Disorder Associated with Streptococcus (PANDAS); peripheral neuropathy; polycystic kidney disease; post-traumatic stress disorder; PraderWilli Syndrome; proteomics; pulmonary fibrosis; respiratory health; Rett syndrome; Sarcoidosis; scleroderma; sickle cell disease; sleep disorders and restriction; spinal muscular atrophy; suicide prevention; tuberculosis; and von Hippel-Lindau disease. The additional funding provided under the Peer-Reviewed Medical Research Program shall be devoted only to the purposes listed above.

CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE

The agreement provides $213,282,000 for Chemical Agents and Munitions Destruction, Defense, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
OPERATION AND MAINTENANCE		3,243	3,243
RESEARCH, DEVELOPMENT, TEST AND EVALUATION		210,039	210,039
TOTAL, CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE		213,282	213,282

DRUG INTERDICTION AND COUNTER–DRUG ACTIVITIES, DEFENSE

The agreement provides $1,148,675,000 for Drug Interdiction and Counter-Drug Activities, Defense, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
COUNTER-NARCOTICS SUPPORT		652,884	678,737
Program increase			15,853
Program increase—commercial ISR support for SOUTHCOM			5,000
Program increase—COMSAT Imagery AI/ML for drug interdiction			5,000
DRUG DEMAND REDUCTION PROGRAM		134,938	134,938
NATIONAL GUARD COUNTER-DRUG PROGRAM		110,125	305,000
Program increase			189,875
Program increase—illicit drug deactivation at U.S. borders			5,000
NATIONAL GUARD COUNTER-DRUG SCHOOLS		6,354	30,000
Program increase			23,646
TOTAL, DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES, DEFENSE		904,301	1,148,675

REQUESTS FOR ASSISTANCE

In the case of a Department of Defense approval of requests for assistance from other agencies, the agreement directs the Secretary of Defense to transmit to the House and Senate Defense Appropriations Subcommittees, not later than seven days after approval, a copy of any request for assistance to the Department that the Secretary has approved as well as the official response transmitted to the applicable requesting department. Concurrently, the Secretary of Defense shall provide justification for approval, a spend plan including the funding source, and a justification for providing assistance on a reimbursable or non-reimbursable basis, as applicable, to the House and Senate Defense Appropriations Subcommittees.

OFFICE OF THE INSPECTOR GENERAL

The agreement provides $517,599,000 for the Office of the Inspector General, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Mandatory	Budget Request	Final Bill
OPERATION AND MAINTENANCE	10,000	494,865	509,865
Program increase—civilian compensation			15,000
OPERATION & MAINTENANCE, CYBER		2,030	2,030
PROCUREMENT		1,079	1,079
RESEARCH, DEVELOPMENT, TEST AND EVALUATION		4,625	4,625
TOTAL, OFFICE OF THE INSPECTOR GENERAL		502,599	517,599

TITLE VII—RELATED AGENCIES

The agreement provides $1,143,128,000 in Title VII, Related Agencies, as follows:

(DOLLARS IN THOUSANDS)

	BUDGET REQUEST	FINAL BILL
TITLE VII		
RELATED AGENCIES		
Central Intelligence Agency Retirement and Disability System Fund	514,000	514,000
Intelligence Community Management Account (ICMA)	642,000	629,128
Total, title VII, Related agencies	1,156,000	1,143,128

CENTRAL INTELLIGENCE AGENCY RETIREMENT AND DISABILITY SYSTEM FUND

The agreement provides $514,000,000 for the Central Intelligence Agency Retirement and Disability Fund.

INTELLIGENCE COMMUNITY MANAGEMENT ACCOUNT

The agreement provides $629,128,000 for the Intelligence Community Management Account.

TITLE VIII—GENERAL PROVISIONS

Title VIII of the accompanying bill includes 153 general provisions. A brief description of each provision follows.

Section 8001 provides that no funds made available in this Act may be used for publicity or propaganda purposes not authorized by Congress.

Section 8002 provides for conditions and limitations on the payment of compensation to, or employment of, foreign nationals.

Section 8003 provides that no funds made available in this Act may be obligated beyond the end of the fiscal year unless expressly provided for a greater period of availability elsewhere in the Act.

Section 8004 limits the obligation of certain funds provided in this Act during the last two months of the fiscal year.

Section 8005 provides for the general transfer authority of funds to other military functions.

Section 8006 provides that the tables titled Explanation of Project Level Adjustments in this joint explanatory statement and classified annex shall be carried out in the manner provided by the tables to the same extent as if the tables were included in the text of this Act.

Section 8007 provides for the establishment of a baseline for application of reprogramming and transfer authorities for the current fiscal year.

Section 8008 provides for limitations on the use of transfer authority of working capital fund cash balances.

Section 8009 provides that none of the funds appropriated in this Act may be used to initiate a special access program without prior notification to the congressional defense committees.

Section 8010 provides limitations and conditions on the use of funds made available in this Act to initiate multi-year procurement contracts.

Section 8011 provides for the use and obligation of funds for humanitarian and civic assistance costs.

Section 8012 provides for limitations on the use of the Defense Modernization Account.

Section 8013 prohibits funding from being used to influence congressional action on any matters pending before Congress.

Section 8014 restricts the use of funds to reduce, or prepare to reduce, the number of deployed and non-deployed strategic delivery vehicles and launchers.

Section 8015 provides for the transfer of funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protégé Program.

Section 8016 provides for the Department of Defense to purchase anchor and mooring chains manufactured only in the United States.

Section 8017 prohibits funds made available in this Act for the support of any non-appropriated activity of the Department of Defense that procures malt beverages and wine except under certain conditions.

Section 8018 prohibits funds made available to the Department of Defense from being used to demilitarize or dispose of certain surplus firearms and small arms ammunition or ammunition components.

Section 8019 provides a limitation on funds being used for the relocation of any Department of Defense entity into or within the National Capital Region.

Section 8020 provides for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544).

Section 8021 provides for the conveyance, without consideration, of relocatable housing units that are excess to the needs of the Air Force.

Section 8022 provides for the availability of funds for the mitigation of environmental impacts on Indian lands resulting from Department of Defense activities.

Section 8023 prohibits funds for the Defense Media Activity from being used for national, or international, political or psychological activities.

Section 8024 provides funding in the Army's Working Capital Fund to maintain competitive rates at arsenals.

Section 8025 provides funding for the Civil Air Patrol Corporation.

Section 8026 prohibits funding from being used to establish new Department of Defense federally funded research and development centers (FFRDCs), with certain limitations.

Section 8027 defines the congressional defense committees as the Armed Services Committees of the House and Senate and the Subcommittees on Defense of the House and Senate Appropriations Committees.

Section 8028 defines the congressional intelligence committees as being the Permanent Select Committee on Intelligence of the House, the Select Committee on Intelligence of the Senate, and the Subcommittees on Defense of the House and Senate Appropriations Committees.

Section 8029 provides for competition between private firms and Department of Defense depot maintenance activities.

Section 8030 requires the Department of Defense to comply with the Buy American Act, chapter 83 of title 41, U.S.C.

Section 8031 provides for the Department of Defense to procure carbon, alloy, or armor steel plates melted and rolled only in the United States and Canada.

Section 8032 provides for the revocation of blanket waivers of the Buy American Act.

Section 8033 prohibits funding from being used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin.

Section 8034 provides funding for assistance to the Lebanese Armed Forces.

Section 8035 prohibits funding from being used to purchase supercomputers which are not manufactured in the United States.

Section 8036 provides for a waiver of ''Buy American'' provisions for certain cooperative programs.

Section 8037 prohibits the use of funds for the purchase or manufacture of a United States flag unless such flags are treated as covered items under section 4862(b) of title 10, U.S.C.

Section 8038 provides for the availability of funds contained in the Department of Defense Overseas Military Facility Investment Recovery Account.

Section 8039 provides authority to use operation and maintenance appropriations to purchase items having an investment item unit cost of not more than $350,000.

Section 8040 provides authority to use operation and maintenance appropriations for the Asia Pacific Regional Initiative Program.

Section 8041 prohibits the sale of tobacco products in military resale outlets below the most competitive price in the local community.

Section 8042 prohibits the use of Working Capital Funds to purchase specified investment items.

Section 8043 provides that none of the funds appropriated for the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year except for funds appropriated for the Reserve for Contingencies, the Working Capital Fund, or other programs as specified.

Section 8044 places certain limitations on the use of funds made available in this Act to establish field operating agencies.

Section 8045 places restrictions on converting to contractor performance an activity or function of the Department of Defense unless it meets certain guidelines provided.

(RESCISSIONS)

Section 8046 provides for the rescission of $5,708,887,000 from the following programs:

2020 Appropriations:	
Shipbuilding and Conversion, Navy:	
FFG–Frigate	$240,245,000
2022 Appropriations:	
Shipbuilding and Conversion, Navy:	
FFG–Frigate	$418,624,000
2023 Appropriations:	
Shipbuilding and Conversion, Navy:	
FFG–Frigate	$483,391,000
2024 Appropriations:	
Cooperative Threat Reduction Account:	
Cooperative Threat Reduction Account	$33,936,000
Other Procurement, Army:	
Handheld Manpack Small Form Fit	$15,000,000
Weapons Procurement, Navy:	
MK–48 Torpedo	$2,943,000
Shipbuilding and Conversion, Navy:	
FFG–Frigate	$1,271,572,000
Aircraft Procurement, Air Force:	
B–21 Raider	$15,000,000
Other Production Charges	$10,397,000

Missile Procurement, Air Force:	
Stand-In Attack Weapon (SiAW)	$41,189,000
Procurement, Space Force:	
National Security Space Launch	$107,100,000
Defense Health Program:	
PROC Replacement and Modernization	$10,473,000
2025 Appropriations:	
Counter-ISIS Train and Equip Fund:	
Counter-ISIS Train and Equip Fund	$50,000,000
Procurement of Weapons and Tracked Combat Vehicles, Army:	
M10 Booker	$400,176,000
Stryker (Mod)	$52,471,000
Other Procurement, Army:	
Night Vision Devices	$119,887,000
Aircraft Procurement, Navy:	
Joint Strike Fighter CV (AP–CY)	$25,086,000
Joint Strike Fighter STOVL (AP–CY)	$23,625,000
E–2D Advanced Hawkeye	$62,000,000
H–53 Series	$45,000,000
Weapons Procurement, Navy:	
AARGM–ER	$165,668,000
AARGM–ER (AP–CY)	$34,604,000
Shipbuilding and Conversion, Navy:	
FFG–Frigate	$151,230,000
Aircraft Procurement, Air Force:	
B–21 Raider	$35,000,000
C–40 Fleet Expansion	$10,000,000
E–11 BACN/HAG	$68,640,000
F–22A	$16,000,000
C–130	$20,000,000
C–135	$1,134,000
HC/MC–130 Modifications	$18,978,000
Initial Spares/Repair Parts	$2,600,000
Other Production Charges	$1,203,000
Classified adjustment	$20,000,000
Missile Procurement, Air Force:	
Stand-In Attack Weapon (SiAW)	$152,646,000
Ballistic Missiles Replacement Equipment	$4,338,000
Replenishment Spares and Repair Parts Missile	$13,643,000
MM III Modifications	$12,818,000
Classified adjustment	$25,600,000

Long Range Kill Chains	$82,000,000
Classified adjustment	$24,449,000
Defense Modernization Account, Defense-Wide:	
Defense Modernization Account, Defense-Wide	$28,249,000

Section 8047 prohibits funds made available in this Act from being used to reduce authorized positions for military technicians (dual status) of the Army National Guard, Air National Guard, Army Reserve, and Air Force Reserve unless such reductions are a direct result of a reduction in military force structure.

Section 8048 prohibits funding from being obligated or expended for assistance to the Democratic People's Republic of Korea unless specifically appropriated for that purpose.

Section 8049 prohibits the transfer of Department of Defense and Central Intelligence Agency drug interdiction and counter-drug activities funds to other agencies.

Section 8050 provides funding for Red Cross and United Service Organizations grants.

Section 8051 provides funds for the Small Business Innovation Research program and the Small Business Technology Transfer program.

Section 8052 prohibits funding from being used for contractor bonuses being paid due to business restructuring.

Section 8053 provides transfer authority for the pay of military personnel in connection with support and services for eligible organizations and activities outside the Department of Defense.

Section 8054 provides conditions for the use of equipment of the National Guard Distance Learning Project on a space-available, reimbursable basis.

Section 8055 limits funds for the retirement of C–40 aircraft.

Section 8056 provides for the limitation on the use of funds appropriated in title IV to procure end-items for delivery to military forces for operational training, operational use, or inventory requirements.

Section 8057 prohibits funding in this Act from being used for repairs or maintenance to military family housing units.

Section 8058 provides obligation authority for new starts for advanced concept technology demonstration projects only after notification to the congressional defense committees.

Section 8059 provides that the Secretary of Defense shall provide a classified quarterly report on certain matters as directed in the classified annex accompanying this Act.

Section 8060 provides for the use of National Guard personnel to support ground-based elements of the National Ballistic Missile Defense System.

Section 8061 prohibits the use of funds made available in this Act to transfer to any nongovernmental entity ammunition held by the Department of Defense that has a center-fire cartridge and is designated as ''armor piercing'' except for demilitarization purposes.

Section 8062 provides for a waiver by the Chief of the National Guard Bureau or his designee for all or part of consideration in cases of personal property leases of less than one year.

Section 8063 provides for the transfer of funds made available in this Act under Operation and Maintenance, Army to other activities of the federal government for classified purposes.

Section 8064 prohibits funding to separate, or to consolidate from within, the National Intelligence Program budget from the Department of Defense budget.

Section 8065 provides funding to expand cooperation or improve the capabilities of allies and partners in United States Africa Command.

Section 8066 provides the authority to transfer funding from operation and maintenance accounts for the Army, Navy, and Air Force for Fisher Houses and Suites.

Section 8067 provides grant authority for the construction and furnishing of additional Fisher Houses to meet the needs of military family members when confronted with the illness or hospitalization of an eligible military beneficiary.

Section 8068 provides for the transfer of funds made available in this Act under Operation and Maintenance, Navy to the John C. Stennis Center for Public Service Development Trust Fund.

Section 8069 prohibits the modification of command and control relationships to give Fleet Forces Command operational and administrative control of United States Navy forces assigned to the Pacific Fleet.

Section 8070 requires notification for the rapid acquisition and deployment of supplies and associated support services.

Section 8071 provides funding for Israeli Cooperative Programs.

Section 8072 provides funding for prior year shipbuilding cost increases.

Section 8073 provides that funds made available in this Act for intelligence and intelligence-related activities not otherwise authorized in the Intelligence Authorization Act for the current fiscal year are deemed to be specifically authorized by Congress for purposes of section 504 of the National Security Act of 1947.

Section 8074 prohibits funding from being used to initiate a new start program without prior written notification.

Section 8075 prohibits funding from being used for the research, development, test, evaluation, procurement, or deployment of nuclear armed interceptors of a missile defense system.

Section 8076 limits funds for the decommissioning of the Littoral Combat Ship.

Section 8077 provides for special transfer authority for ship construction programs.

Section 8078 prohibits funding from being used to reduce or disestablish the operation of the 53rd Weather Reconnaissance Squadron of the Air Force Reserve.

Section 8079 prohibits funding from being used for the integration of foreign intelligence information unless the information has been lawfully collected and processed during conduct of authorized foreign intelligence activities.

Section 8080 limits the availability of funding provided for the Office of the Director of National Intelligence beyond the current fiscal year, except for funds appropriated for research and technology, which shall remain available for the current and the following fiscal years.

Section 8081 provides limitations on the Shipbuilding and Conversion, Navy appropriation.

Section 8082 provides for the establishment of a baseline for application of reprogramming and transfer authorities for the Office of the Director of National Intelligence for the current fiscal year.

Section 8083 places limitations on the reprogramming of funds from the Department of Defense Acquisition Workforce Development Account.

Section 8084 provides for limitations on funding provided for the National Intelligence Program to be available for obligation or expenditure through a reprogramming or transfer of funds in accordance with section 102A(d) of the National Security Act of 1947 (50 U.S.C. 3024(d)).

Section 8085 provides that any agency receiving funds made available in this Act shall post on a public website any report required to be submitted to Congress with certain exceptions.

Section 8086 prohibits funds for federal contracts in excess of $1,000,000 unless the contractor meets certain conditions.

Section 8087 provides funds for transfer to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund.

Section 8088 provides for the purchase of heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of $450,000 per vehicle, and for the purchase of passenger motor vehicles for use by military and civilian employees of the Department of Defense in the United States Central Command area of responsibility up to a limit of $75,000 per vehicle.

Section 8089 provides the Director of National Intelligence with general transfer authority with certain limitations.

Section 8090 authorizes the use of funds in the Shipbuilding and Conversion, Navy account to purchase two used auxiliary vessels for the National Defense Reserve Fleet.

Section 8091 directs the Secretary of Defense to post grant awards on a public website in a searchable format.

Section 8092 prohibits the use of funds by the National Security Agency targeting United States persons under authorities granted in the Foreign Intelligence Surveillance Act.

Section 8093 places restrictions on transfer amounts available to pay salaries for non-Department of Defense personnel.

Section 8094 provides that operation and maintenance funds may be used for any purposes related to the National Defense Reserve Fleet.

Section 8095 prohibits the use of funds to award a new TAO Fleet Oiler or any Frigate program contract for the acquisition of certain components unless those components are manufactured in the United States with some exceptions.

Section 8096 prohibits funds for the development and design of certain future naval ships unless any contract specifies that all hull, mechanical, and electrical components are manufactured in the United States.

Section 8097 prohibits certain transfers from the Department of Defense Acquisition Workforce Development Account.

Section 8098 prohibits the use of funds for gaming or entertainment that involves nude entertainers.

Section 8099 prohibits funding for information technology systems that do not have pornographic content filters.

Section 8100 prohibits the use of funds for ceremonial honors when doing so would undermine military readiness.

Section 8101 prohibits funds in the Act from being used to enter into a contract or provide a loan to any corporation that has any unpaid federal tax liability.

Section 8102 provides funds for agile development, test and evaluation, procurement, production and modification, and the operation and maintenance for certain software pilot programs.

Section 8103 prohibits funds from being used to transfer the National Reconnaissance Office to the Space Force.

Section 8104 prohibits the use of funding in contravention of the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment.

Section 8105 prohibits the use of funds to provide arms, training, or other assistance to the Azov Battalion.

Section 8106 provides the authority to accept and retain contributions from foreign governments to carry out security assistance authorized by section 1250 of Public Law 114–92.

Section 8107 provides for the obligation of funds in anticipation of receipt of contributions from the Government of Kuwait.

Section 8108 provides funding for International Security Cooperation Programs.

Section 8109 provides funding to reimburse certain countries in accordance with section 1226 of Public Law 114–92.

Section 8110 prohibits funding from being used in contravention of the War Powers Resolution.

Section 8111 prohibits funding from being used in violation of the Child Soldiers Prevention Act of 2008.

Section 8112 prohibits funds for any member of the Taliban.

Section 8113 provides that certain support to friendly foreign countries be made in accordance with section 8005 of this Act.

Section 8114 prohibits funds from being used to enter into a contract with Rosoboronexport.

Section 8115 requires notification of the receipt of contributions from foreign governments.

Section 8116 requires the Chairman of the Joint Chiefs of Staff to report on any unplanned activity or exercise.

Section 8117 directs the Secretary of Defense to allocate amounts made available from the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Defense Fund:

DEPARTMENT OF DEFENSE ALLOCATION OF FUNDS: CHIPS AND SCIENCE ACT FISCAL YEAR 2026

Research, Development, Test and Evaluation, Defense-Wide	
Budget Activity 02, Applied Research:	
Microelectronics Commons	79,709,000
Budget Activity 03, Advanced Technology Development:	
Microelectronics Commons	260,731,000
Budget Activity 04, Advanced Component Development and Prototypes:	
Microelectronics Commons	59,560,000

Section 8118 requires notification if a foreign base is opened or closed.

Section 8119 prohibits funds to establish permanent bases in Iraq or exercise United States control over Iraq or Syria oil resources.

Section 8120 provides security assistance to the Government of Jordan.

Section 8121 reduces amounts appropriated in title II of this Act to reflect excess cash balances in Department of Defense Working Capital Funds.

Section 8122 provides funding for the Sexual Assault Special Victims' Counsel Program.

Section 8123 provides guidance regarding implementation of ''Policy for Assisted Reproductive Services for Benefit of Seriously or Severely Ill/Injured (Category II or III) Active Duty Service Member.''

Section 8124 provides the authority for the Secretary of Defense to obligate funds to modify up to nine F–35 aircraft to a test configuration.

Section 8125 prohibits the use of funds to integrate an alternative engine on any F–35 aircraft.

Section 8126 provides for the use of funds for the rapid acquisition and deployment of supplies and associated support services.

Section 8127 provides the authority for Defense Innovation Unit Fielding funds for expenses related to agile research, development, test and evaluation, procurement, production, modification, and operation and maintenance requirements, including initial acquisition of end-items for operational use.

Section 8128 prohibits the use of funds to be used to support any activity associated with the Wuhan Institute of Virology.

Section 8129 prohibits funds for any work to be performed by EcoHealth Alliance, Inc. in China on research supported by the Government of the People's Republic of China.

Section 8130 prohibits the use of funds to transfer, release, or assist in the transfer to the United States of detainees from United States Naval Station Guantanamo Bay, Cuba.

Section 8131 prohibits the use of funds to transfer any individual detained at United States Naval Station Guantanamo Bay, Cuba, to the custody or control of the individual's country of origin or any other foreign country.

Section 8132 prohibits the use of funds to construct, acquire, or modify any facility in the United States to house any individual detained at United States Naval Station Guantanamo Bay, Cuba.

Section 8133 prohibits the use of funds to carry out the closure of the United States Naval Station Guantanamo Bay, Cuba.

Section 8134 provides funds for the ''Department of Defense Credit Program Account'' for the cost of loans and loan guarantees to support critical defense industrial base investment.

Section 8135 limits funds to divest, or prepare to divest, U–2 aircraft.

Section 8136 reduces funds appropriated in title II of this Act to reflect savings from management improvements and efficiencies in the Department of Defense.

Section 8137 requires the Secretary of Defense to provide quarterly reports to House and Senate Defense Appropriations Subcommittees on execution of funds provided from Public Law 119–21.

Section 8138 requires the Secretary of Defense to obligate funds for the Next Generation Fighter program.

Section 8139 provides funds for the establishment of a Platform Supply Vessel Pilot Program.

Section 8140 prohibits funds for the cancellation of the UH–60 Blackhawk aircraft program.

Section 8141 prohibits funds for the cancellation of the E–7 Wedgetail aircraft program.

Section 8142 prohibits funds to close the Rock Island Arsenal Museum, Fort Sill National Historic Landmark and Museum, United States Army Transportation Museum, and the General George Patton Museum of Leadership.

Section 8143 provides funds for the Taiwan Security Cooperation Initiative.

Section 8144 provides authority for the Secretary of Defense to reimburse the Federated States of Micronesia.

Section 8145 reduces the amount appropriated in title II of this Act to reflect savings due to favorable bulk fuel rates.

Section 8146 requires the continuation of fiscal year 2024 negotiated indirect cost rates for institutions of higher education.

Section 8147 provides funds for the replacement of defense articles and reimbursement of defense services provided to Taiwan.

Section 8148 limits funds to award a sole-source or non-competitive contract for space-based airborne moving target indication systems.

Section 8149 prohibits funds to pause, cancel, or terminate Next-Generation Overhead Persistent Infrared Geosynchronous Earth Orbit and Next-Generation Overhead Persistent Infrared Polar programs.

Section 8150 provides limitations on military construction transaction authorities.

Section 8151 reduces amounts appropriated under title IV due to expiration of authorizations contained in 15 U.S.C. 638.

Section 8152 provides funding for the Baltic Security Initiative.

Section 8153 provides funding to support the solid rocket motor industrial base.

DIVISION B—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2026

The explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 119–271 and Senate Report 119–55 carry the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In providing the operating plan required by section 516 of this Act, the Departments and agencies funded in this Act are directed to include all programs, projects, and activities, including those in House Report 119–271, Senate Report 119–55, and this explanatory statement accompanying this Act. All such programs, projects, and activities are subject to the provisions of this Act.

In cases where the House Report 119–271, Senate Report 119–55, or this explanatory statement direct the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Labor, Health and Human Services, Education, and Related Agencies and the Senate Subcommittee on Labor, Health and Human Services, Education, and Related Agencies.

Each Department and agency funded in this Act shall follow the directives set forth in this Act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Funds for individual programs and activities are displayed in the detailed table at the end of the explanatory statement accompanying this Act. Funding levels that are not displayed in the detailed table are identified within this explanatory statement. Any action to eliminate or consolidate programs, projects, and activities should be pursued through a proposal in the President's Budget so it can be considered by the Committees.

Budget Submission.—As part of the President's Budget Request, each Department is directed to provide the Committees in an electronic format, a table that corresponds with every program line found in the detailed table at the end of this explanatory statement. Such a table shall include a column for the most recently enacted appropriation, the current year, and the budget year, assuming current law.

Congressional Reports.—Each Department or agency is directed to provide the Committees, within 30 days from the date of enactment of this Act and quarterly thereafter, a summary describing each requested report to the Committees along with related actions completed in the current and prior quarters and planned actions to be completed in future quarters. Such a summary shall be cumulative for all fiscal years for which any report remains outstanding.

Competitive Grant Programs.— In addition to the directives included under ''Bill-Wide Directives'' in Senate Report 119–55 the agreement directs the agencies funded in this Act to expeditiously publish funding opportunity announcements, no later than 4 months prior to the expiration of the period of availability of funds, where applicable, to ensure sufficient time for the development of high quality applications and timely and effective implementation of programs. The agreement further directs agencies funded in this Act to brief the Committees on any competitive grant programs for which funds have not been awarded within 30 days of the expiration of their period of availability with a plan for awarding funds prior to their expiration.

Questions for the Record.—The agreement notes the inclusion of section 526 of this Act, which requires each Department and agency to provide answers to questions submitted for the record within 45 business days after receipt. The agreement expects each Department and agency to notify the Committees at least 7 days in advance if they do not anticipate meeting this statutory requirement.

Operating Plan.—In addition to the operating plan requirement in section 516 of this Act, the agreement notes that section 416 of the Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2026 requires each Department or agency funded in this Act in fiscal year 2026 to provide a monthly report on funds that are allotted and available for obligation and on obligations as of the end of the month, by program, project, and activity.

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

Within the total provided for the Dislocated Worker National Reserve Demonstration Authority, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Workforce Opportunity for Rural Communities Grants	$55,000,000
Strengthening Community Colleges Training Grants	65,000,000
Cybersecurity Grants	15,000,000
Employee Ownership Initiative	2,000,000

Cybersecurity Grants.—The agreement provides $15,000,000 for grants as described in the explanatory statement accompanying division D of P.L. 118–47.

Dislocated Worker National Reserve (DWNR).—The agreement does not direct the Department of Labor (DOL) to fund any specific DWNR grants beyond what is included in the table included under this header.

Employee Ownership Initiative.—The agreement provides $2,000,000 for grants as described in Senate Report 119–55.

Workforce Opportunity for Rural Communities.—Within the total provided, the agreement provides $23,250,000 for grants in areas served by the Appalachian Regional Commission, $23,750,000 for areas served by the Delta Regional Commission, and $8,000,000 for areas served by the Northern Border Regional Commission, and encourages awards that support multigenerational workforce training pipelines.

Apprenticeship Grant Program

Apprenticeship Programs.—The agreement directs DOL to make available to States grant funding at no less than the fiscal year 2025 level.

Water and Wastewater System Operators.—The agreement continues to urge the Secretary to make funding available through workforce development and registered apprenticeship activities funded under this agreement for registered apprenticeship programs consistent with National Guideline Standards of Apprenticeship for Water and Wastewater System Operations Specialists and the Workforce Innovation and Opportunity Act. The Department is directed to highlight the availability of funding opportunities that may support such activities, and to provide technical assistance and outreach to potential grantees with an emphasis on sectors underrepresented in the apprenticeship program with demonstrated shortages.

Community Project Funding/Congressionally Directed Spending

The agreement includes $95,501,000 for the projects, and in the amounts, specified in the table titled ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

JOB CORPS

Job Corps Competitiveness.—The agreement directs DOL to include consideration of prior graduation rates for purposes of awarding center operation contracts.

Job Corps Programming.—The agreement directs DOL to include the consideration of aggregated performance of program participants within a particular concentration when soliciting and awarding National Training Contractor agreements.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

Adverse Effect Wage Rate Regulations.—The agreement directs the Department to provide a briefing, within 270 days of enactment of this Act, regarding changes to the Adverse Effect Wage calculation.

Automation Activities.—The agreement modifies a provision related to unemployment insurance automation activities.

BUREAU OF LABOR STATISTICS

Artificial Intelligence.—The agreement recognizes the value of understanding how artificial intelligence affects our workforce and encourages BLS to evaluate the impact of artificial intelligence on the economy, including job loss, creation, and displacement.

DEPARTMENTAL MANAGEMENT

Front Matter.—The agreement notes all items in the front matter that precedes the Department of Labor, including language set forth in the front matter of House Report 119–271 and Senate Report 119–55 unless specifically addressed to the contrary in this explanatory statement, apply to every agency and subcomponent funded by this Act.

GENERAL PROVISIONS

The agreement updates a provision related to transfer authority for program integrity activities.

The agreement updates a provision related to transfer authority for program evaluation.

The agreement modifies a provision related to excess personal property.

The agreement modifies a provision related to the Department's security detail.

The agreement modifies a provision related to Job Corps.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES (HHS)

HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA)

PRIMARY HEALTH CARE

Health Centers

Within the total provided for the Health Centers program, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Addressing Intimate Partner Violence and Project Catalyst	$2,000,000
Alcee L. Hastings Program for Advanced Cancer Screening	10,000,000
Early Childhood Development	30,000,000
Ending the HIV Epidemic	157,250,000
Native Hawaiian Health Care	27,000,000
Papa Ola Lokahi (non-add)	*10,000,000*
School Based Health Centers	55,000,000

Technical Assistance.—The agreement continues to support the use of funds, within the amount provided for this account, for training and technical assistance activities available to health centers, as described in House Report 119–271 and Senate Report 119–55.

HEALTH WORKFORCE

Primary Care Training and Enhancement

Eating Disorders Screening and Referrals.—The agreement includes an increase of $2,000,000 under the Substance Abuse and Mental Health Services Administration to expand the availability of health care providers to respond to the needs of individuals with eating disorders.

Oral Health Training

The agreement includes no less than $13,500,000 for General Dentistry Programs, no less than $13,500,000 for Pediatric Dentistry Programs, and no less than $15,000,000 for State Oral Health Workforce grants, and includes the directives described in House Report 119–271 and Senate Report 119–55.

Behavioral Health Workforce Education and Training

Peer Support Specialists.—The agreement includes no less than $15,000,000 for this activity.

Public Health and Preventive Medicine Programs

The agreement includes $18,000,000 for Public Health Workforce Development and continues funding for the Public Health Training Centers Program and Preventive Medicine Residency Program.

MATERNAL AND CHILD HEALTH

Maternal and Child Health Services Block Grant—Special Projects of Regional and National Significance (SPRANS)

Within the total provided for SPRANS, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Early Childhood Development Grants	$10,000,000
Epilepsy	3,642,000
Fetal Alcohol Syndrome	1,000,000
Fetal Infant and Child Death Review	5,000,000
Hereditary Hemorrhagic Telangiectasia	3,000,000
Infant-Toddler Court Teams	20,000,000
Maternal Produce Prescriptions	15,000,000
Minority-Serving Institutions	10,000,000
Newborn Essentials Support Toolkits	5,000,000
Oral Health	5,250,000
Regional Pediatric Prevention Network	25,000,000
Sickle Cell Disease	7,000,000
State Maternal Health Innovation Grants	55,000,000

Maternal Produce Prescriptions.—The agreement includes $15,000,000 for grants to community-based organizations to develop produce prescription interventions for maternal populations at risk of poor health outcomes due to nutrition insecurity and other health-related factors. These produce prescription interventions should serve maternal populations in low-income and underserved urban and rural areas and demonstrate improvements in fruit and vegetable intake; household food security; and health outcomes, such as gestational weight gain, overall physical and mental health, and well-being for a cohort of pregnant women, as well as positive birth outcomes.

Newborn Essentials Support Toolkits.—The agreement includes $5,000,000 to continue the work of the Newborn Supply Kit program and directs HRSA to make contracts, grants, or enter into cooperative agreements with eligible entities to procure supply kits for new mothers through partnerships with local entities such as hospitals, health centers, community-based organizations, or other organizations serving mothers and infants as further directed in House Report 119–271.

Regional Pediatric Prevention Network.—The agreement includes $25,000,000 for this program and reiterates the directives in House Report 119–271. Further, within 30 days of enactment of this Act, the agreement directs HRSA to provide the Committees with a briefing regarding the status of the program and implementation of the agreement's directives.

Heritable Disorders

Severe Combined Immune Deficiency (SCID).—The agreement continues $4,000,000 to support newborn screening and follow-up for SCID and other newborn screening disorders.

Healthy Start

Self-Measured Blood Pressure Monitoring Initiative.—The agreement includes no less than $250,000 for the Healthy Start blood pressure monitoring pilot project, as described in Senate Report 119–55.

Poison Control Centers

The agreement includes $27,846,000 for Poison Control Centers, an increase of $1,000,000 from fiscal year 2024. The agreement encourages HRSA to address geo-routing challenges and support the activities described in Senate Report 119–55.

HEALTH SYSTEMS

Organ Transplantation

Living Organ Donation Reimbursement Program.—The agreement includes a $1,000,000 increase for the living organ donation reimbursement program, as described in House Report 119–271.

RURAL HEALTH

Rural Health Outreach Grants

Within the total provided for Rural Health Outreach Grants, the agreement includes no less than the following amounts:

Budget Activity	FY 2026 Agreement
Appalachian Region Healthcare Support Program	$2,500,000
Delta States	31,000,000
Delta States Rural Development Network Grants (non-add)	*12,000,000*
Delta Region Maternal Care Coordination Program (non-add)	*2,250,000*
Delta Region Community Health Systems Development Program (non-add)	*15,000,000*
Rural Northern Border Region Healthcare Support Program	5,000,000
Rural Maternity and Obstetrics Management Strategies (RMOMS)	15,000,000

Rural Health Policy Development

The agreement continues $11,076,000 to fund publicly available and policy relevant research on rural health to assist providers and Federal, State, and local governments in addressing challenges faced by rural communities.

Rural Communities Opioid Response Program

The agreement continues $145,000,000 for this program. Within the funding provided, the agreement includes $10,000,000 to continue the three Rural Centers of Excellence and $4,000,000 to support career and workforce training services for the Northern Border Regional Commission.

Rural Hospital Stabilization Program

The agreement includes $14,000,000 for this program, which provides support to at-risk rural hospitals to retain health care services locally and increase service volume and revenue to enhance hospitals' financial viability.

Rural Hospital Provider Assistance Program

The agreement includes $25,000,000 for a Rural Hospital Provider Assistance Program to administer a formula grant program to support hospitals at the low end of the wage index.

HRSA–WIDE ACTIVITIES AND PROGRAM SUPPORT

Oral Health Literacy.—The agreement includes $300,000 to continue this activity as described in House Report 119–271 and Senate Report 119–55.

Community Project Funding/Congressionally Directed Spending

The agreement includes $857,793,000 for the projects, and in the amounts, specified in the table titled Community Project Funding/Congressionally Directed Spending included in this explanatory statement accompanying this division.

Office of Pharmacy Affairs

The agreement is concerned that HRSA's proposed 340B Rebate Model Pilot Program could increase costs for patients or limit access to their prescriptions. The agreement directs HRSA to provide a briefing to the Committees within 30 days of enactment of this Act about the impact of this pilot program on patients.

Office for the Advancement of Telehealth/Telehealth

The agreement includes an increase of $3,500,000 for the Office for the Advancement of Telehealth, which includes a $1,000,000 increase for the Telehealth Network Grant program and a $500,000 increase for the Telehealth Resource Centers program, in addition to amounts and directives otherwise included under this heading in either House Report 119–271 or Senate Report 119–55.

COVERED COUNTERMEASURES PROCESS FUND

The agreement does not include additional administrative funding for this account due to the availability of sufficient carryover funds to support this activity.

CENTERS FOR DISEASE CONTROL AND PREVENTION

The agreement provides $9,202,991,000 in total program level funding for the Centers for Disease Control and Prevention (CDC), which includes $7,706,314,000 in discretionary budget authority and $1,398,375,000 in transfers from the Prevention and Public Health Fund.

IMMUNIZATION AND RESPIRATORY DISEASES

Within the total provided for the National Center for Immunization and Respiratory Diseases, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Section 317 Immunization Program	$681,933,000
Section 317 Immunization Program appropriations (non-add)	*85,543,000*
Section 317 Immunization Program Transfer from the Prevention and Public Health Fund (non-add)	*596,390,000*
Influenza Planning and Response appropriations	231,358,000

HIV/AIDS, VIRAL HEPATITIS, SEXUALLY TRANSMITTED DISEASES, AND TUBERCULOSIS PREVENTION

Within the total provided for the National Center for HIV, Viral Hepatitis, STD, and Tuberculosis Prevention, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Domestic HIV/AIDS Prevention and Research	$1,013,712,000
HIV Initiative (non-add)	*220,000,000*
School Health-HIV (non-add)	*38,081,000*
Viral Hepatitis	46,000,000
Sexually Transmitted Infections	164,310,000
Tuberculosis	137,034,000
Infectious Diseases and the Opioid Epidemic	23,000,000

EMERGING AND ZOONOTIC INFECTIOUS DISEASES

Within the total provided for the National Center for Emerging and Zoonotic Infectious Diseases, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Antibiotic Resistance Initiative appropriations	$197,000,000
Vector-Borne Diseases appropriations	64,603,000
Lyme Disease appropriations	27,000,000
Prion Disease appropriations	9,000,000
Chronic Fatigue Syndrome appropriations	5,400,000
Emerging Infectious Diseases appropriations	223,997,000
Mycotic Disease appropriations (non-add)	*24,000,000*
Sepsis appropriations (non-add)	*5,000,000*
Harmful Algal Blooms appropriations	3,500,000
Food Safety appropriations	74,000,000
National Healthcare Safety Network appropriations	24,000,000
Quarantine appropriations	57,772,000

Budget Activity	FY 2026 Agreement
Advanced Molecular Detection appropriations	43,000,000
Epidemiology and Lab Capacity Transfer from the Prevention and Public Health Fund	40,000,000
Healthcare-Associated Infections Transfer from the Prevention and Public Health Fund	12,000,000

CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION

Within the total provided for the National Center for Chronic Disease Prevention and Health Promotion, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Tobacco	$246,500,000
Tobacco Appropriations (non-add)	*46,500,000*
Tobacco Transfer from the Prevention and Public Health Fund (non-add)	*200,000,000*
Nutrition, Physical Activity, and Obesity appropriations	54,320,000
High Obesity Rate Counties appropriations (non-add)	*16,500,000*
School Health appropriations	19,400,000
Vision and Eye Health appropriations	4,500,000
Alzheimer's Disease appropriations	41,500,000
Inflammatory Bowel Disease appropriations	3,000,000
Interstitial Cystitis appropriations	2,100,000
Excessive Alcohol Use appropriations	3,000,000
Chronic Kidney Disease appropriations	4,500,000
Chronic Disease Education and Awareness appropriations	4,500,000
Prevention Research Centers appropriations	28,961,000
Heart Disease and Stroke	156,105,000
Heart Disease and Stroke appropriations (non-add)	*45,000,000*
Heart Disease and Stroke Transfer from the Prevention and Public Health Fund (non-add)	*111,105,000*
Diabetes	163,130,000
Diabetes appropriations (non-add)	*45,000,000*
Diabetes Transfer from the Prevention and Public Health Fund (non-add)	*118,130,000*
National Diabetes Prevention Program appropriations	37,300,000
Breast and Cervical Cancer appropriations	236,500,000
WISEWOMAN appropriations (non-add)	*34,620,000*
Breast Cancer Awareness for Young Women appropriations	6,960,000
Cancer Registries appropriations	53,440,000
Colorectal Cancer appropriations	44,294,000
Comprehensive Cancer appropriations	22,425,000
Johanna's Law appropriations	12,000,000
Ovarian Cancer appropriations	15,500,000
Prostate Cancer appropriations	16,205,000
Skin Cancer appropriations	5,000,000
Cancer Survivorship Resource Center appropriations	725,000
Oral Health appropriations	21,250,000
Safe Motherhood/Infant Health appropriations	113,500,000
Arthritis appropriations	2,000,000
Epilepsy appropriations	11,500,000
National Lupus Registry appropriations	14,000,000
Racial and Ethnic Approaches to Community Health (REACH) appropriations	68,950,000
Good Health and Wellness in Indian Country (non-add)	*27,000,000*
Million Hearts Transfer from the Prevention and Public Health Fund	5,000,000
National Early Child Care Collaboratives Transfer from the Prevention and Public Health Fund	5,000,000
Hospitals Promoting Breastfeeding Transfer from the Prevention and Public Health Fund	9,750,000

Cancer Prevention and Control.—The agreement provides funding to support cancer prevention and control in the amounts provided for in the table above.

Diabetes.—The agreement notes the prevalence of Type 2 Diabetes among Native Americans and Alaska Native adults and encourages CDC to support activities aligned with the National Diabetes Prevention Program within these populations.

Heart Disease and Stroke.—The agreement continues funding to support implementation of the Cardiovascular Advances in Research and Opportunities Legacy Act (P.L. 117–244).

National Breast and Cervical Cancer Early Detection Program.—The agreement encourages CDC to review breast cancer risk assessment tools and publicly release a report within 180 days of enactment of this Act on the planning needed to create a comprehensive, publicly accessible risk assessment tool and strategies to increase public awareness of said tool.

Rural Prevention Health Research.—The agreement continues funding for Prevention Research Centers and recognizes the importance of research to improve health outcomes among rural populations.

BIRTH DEFECTS, DEVELOPMENTAL DISABILITIES, DISABILITIES AND HEALTH

Within the total provided for the National Center on Birth Defects and Developmental Disabilities, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Birth Defects	$19,000,000
Fetal Death	900,000
Fetal Alcohol Syndrome	11,500,000
Folic Acid	3,150,000
Infant Health	8,650,000
Autism	28,100,000
Disability & Health	46,500,000
Tourette Syndrome	2,500,000
Early Hearing Detection and Intervention	6,760,000
Muscular Dystrophy	9,000,000
Attention Deficit Hyperactivity Disorder	1,900,000
Fragile X	2,000,000
Spina Bifida	7,500,000
Congenital Heart Disease	9,250,000
Public Health Approach to Blood Disorders	10,400,000
Hemophilia Activities	3,500,000
Hemophilia Treatment Centers	5,100,000
Thalassemia	2,100,000
Neonatal Abstinence Syndrome	4,250,000
Surveillance for Emerging Threats to Mothers and Babies	23,000,000

Muscular Dystrophy.—The agreement directs CDC to provide a briefing on these activities within 180 days of enactment of this Act.

Physical Activity for People with Disabilities.—The agreement provides $20,500,000, an increase of $1,000,000, for existing programs that address healthy athletes.

Sickle Cell Disease.—The agreement includes $6,000,000 for the Sickle Cell Disease Data Collection program.

PUBLIC HEALTH SCIENTIFIC SERVICES

Within the total provided for Public Health Scientific Services, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Health Statistics	$187,397,000
Health Statistics appropriations (non-add)	*144,453,000*
Health Statistics section 241 of the PHS Act (non-add)	*42,944,000*
Surveillance, Epidemiology, and Informatics appropriations	298,100,000
Advancing Laboratory Science appropriations	26,000,000
Public Health Data Modernization appropriations	185,000,000
Public Health Workforce appropriations	71,000,000

Fertility Data and Assisted Reproductive Technology (ART).—The agreement recognizes the Fertility Clinic Success Rate and Certification Act of 1992 and instructs CDC to follow the directives included in Senate Report 119–55.

Public Health Data Modernization.—The agreement includes funding to advance progress on the initial five key pillars of public health data modernization and the implementation of enterprise-level public health data systems at CDC and State, territorial, local, and Tribal health departments. Within 90 days of enactment of this Act, the agreement directs CDC to provide a briefing on the program's progress and plans.

ENVIRONMENTAL HEALTH

Within the total provided for the National Center for Environmental Health, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Environmental Health Laboratory appropriations	$70,750,000
Newborn Screening Quality Assurance Program appropriations (non-add)	*21,000,000*
Newborn Screening/Severe Combined Immunodeficiency Diseases appropriations (non-add)	*1,250,000*
Safe Water appropriations	8,600,000
Amyotrophic Lateral Sclerosis Registry appropriations	10,000,000
Trevor's Law appropriations	3,000,000
Climate and Health appropriations	10,000,000
Environmental Health Activities appropriations	17,000,000
Environmental and Health Outcome Tracking Network appropriations	34,000,000
Asthma appropriations	33,500,000
Childhood Lead Poisoning Transfer from the Prevention and Public Health Fund	51,000,000
Lead Exposure Registry appropriations	5,000,000

INJURY PREVENTION AND CONTROL

Within the total provided for the National Center for Injury Prevention and Control, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Domestic Violence and Sexual Violence	$38,200,000
Child Maltreatment (non-add)	*7,250,000*
Child Sexual Abuse Prevention (non-add)	*3,000,000*
Youth Violence Prevention	18,100,000
Domestic Violence Community Projects	7,500,000
Rape Prevention	61,750,000
Suicide Prevention	30,000,000
Adverse Childhood Experiences	9,000,000
National Violent Death Reporting System	24,500,000
Traumatic Brain Injury	8,250,000
Elderly Falls	3,050,000
Drowning	2,000,000
Injury Prevention Activities	29,950,000
Opioid Overdose Prevention and Surveillance	505,579,000
Injury Control Research Centers	11,000,000
Firearm Injury and Mortality Prevention Research	12,500,000

Cannabinoid Hyperemesis Syndrome in Youth.—The agreement directs CDC to publicly release a report regarding Cannabinoid Hyperemesis Syndrome in Youth within 180 days of the enactment of this Act.

Domestic Violence and Sexual Violence.—The agreement includes funding for activities, including to collect data on the connection between brain injuries and domestic and sexual violence, and to implement a data collection project through the National Intimate Partner and Sexual Violence Survey that includes questions about the prevalence and circumstances surrounding brain injuries.

Opioid or Other Drug Use and Overdose Prevention.—The agreement includes funding for overdose prevention activities including to support case-level syndromic surveillance data, improvements of interventions that monitor prescribing and dispensing practices, better timeliness and quality of morbidity and mortality data, and efforts with medical examiners and coroner offices.

Opioid Overdose Prevention.—The agreement directs CDC to fund awards to State, local, and Tribal health departments at no less than the percentage of overall funding provided for this program in fiscal year 2024.

Rape Prevention.—The agreement includes funding to support rape prevention and education programs as authorized by P.L. 117–103.

Suicide.—The agreement encourages CDC to prioritize funding to public health departments for comprehensive suicide prevention programs.

Traumatic Brain Injury.—The agreement provides funding for the traumatic brain injury program, including concussion surveillance.

NATIONAL INSTITUTE FOR OCCUPATIONAL SAFETY AND HEALTH

Within the total provided for the National Institute for Occupational Safety and Health, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
National Occupational Research Agenda	$120,500,000
Agriculture, Forestry, and Fishing (non-add)	*30,000,000*
Education and Research Centers	32,000,000
Personal Protective Technology	23,000,000
Mining Research	68,500,000
National Mesothelioma Registry and Tissue Bank	1,200,000
Firefighter Cancer Registry	6,500,000
Other Occupational Safety and Health Research	115,100,000
Total Worker Health (non-add)	*11,800,000*

GLOBAL HEALTH

Within the total provided for Global Health, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Global HIV/AIDS Program	$128,921,000
Global Tuberculosis	11,722,000
Polio Eradication	180,000,000
Measles and Other Vaccine Preventable Diseases	50,000,000
Parasitic Diseases and Malaria	29,000,000
Global Public Health Protection	293,200,000

PUBLIC HEALTH PREPAREDNESS AND RESPONSE

Within the total provided for public health preparedness and response, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Public Health Emergency Preparedness Cooperative Agreement	$735,000,000
Academic Centers for Public Health Preparedness	9,200,000
Ready Response Enterprise Data Integration Platform/Forecasting and Outbreak Analytics	30,000,000
CDC Preparedness and Response	139,000,000

BUILDINGS AND FACILITIES

Buildings and Facilities.—The agreement includes $40,000,000 in funding to make progress on CDC's backlog of maintenance and repairs, including at its Atlanta campuses.

CDC-WIDE ACTIVITIES AND PROGRAM SUPPORT

Within the total provided for CDC-wide activities, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Preventive Health and Health Services Block Grant Transfer from the Prevention and Public Health Fund	$160,000,000
Public Health Leadership and Support & Office of the Director appropriations	101,570,000
Office of Rural Health appropriations (non-add)	*6,000,000*
John R. Lewis Undergraduate Public Health Scholars Program appropriations (non-add)	*6,500,000*
NASEM Study appropriations (non-add)	*1,000,000*
Infectious Diseases Rapid Response Reserve Fund appropriations	25,000,000
Public Health Infrastructure and Capacity	360,000,000
Public Health Infrastructure and Capacity appropriations (non-add)	*270,000,000*
Public Health Infrastructure and Capacity Transfer from the Prevention and Public Health Fund (non-add)	*90,000,000*

Infectious Diseases Rapid Response Reserve Fund (Reserve Fund).—The agreement recognizes the importance of the Reserve Fund and the requirements of section 231 of division B of P.L. 115–245.

Public Health Infrastructure (PHI).—The agreement includes a new requirement that three percent of total PHI funding be designated specifically for Tribes and Tribal organizations. The agreement further directs that no less than 70 percent of total PHI funding be awarded to State, local, and Territorial public health departments.

Report.—The agreement provides specific funding for the report, including the associated directives, included under the CDC-wide Activities and Program Support header of Senate Report 119–55.

Reporting.—The agreement requests a briefing within 180 days of enactment of this Act detailing the inconsistencies in surveillance data collection as described House Report 119–271.

Unfunded Mandates.—In instances where the agreement does not include specified funding, the agreement does not direct the CDC to complete any studies included under the CDC-wide Activities and Program Support header of House Report 119–271 or Senate Report 119–55.

NATIONAL INSTITUTES OF HEALTH (NIH)

The agreement provides $48,716,000,000 for NIH, which includes $1,500,000,000 for the Advanced Research Projects Agency for Health (ARPA–H). The agreement includes $226,000,000 from the 21st Century Cures Act (P.L. 114–255, Cures Act). Excluding ARPA–H, the agreement provides $47,216,000,000 for the Institutes and Centers of NIH, which includes an increase of $301,000,000 in budget authority. The agreement also includes an increase of $99,000,000 in Cures Act programs and an increase of $15,000,000 in funding under section 241 of the Public Health Service Act, for a total increase of $415,000,000. Pursuant to the Cures Act, the bill includes $195,000,000 for the BRAIN Initiative and $31,000,000 for the *All of Us* precision medicine initiative.

NATIONAL CANCER INSTITUTE (NCI)

Cancer Clinical Trials.—The agreement includes $3,000,000 for the activities described under this heading in House Report 119–271.

Childhood Cancer Data Initiative (CCDI).—The agreement includes no less than $50,000,000 for the CCDI, including no less than $750,000 to continue to support enhancement of the CCDI Molecular Characterization Initiative.

Childhood Cancer STAR Act.—The agreement includes no less than $30,000,000 from amounts made available under this heading for continued implementation of sections of the Childhood Cancer Survivorship, Treatment, Access, and Research (STAR) Act (P.L. 115–180). The agreement also notes the CDC's $2,000,000 in funding for ongoing efforts to enhance cancer registry case capture efforts for childhood and adolescent cancers.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE (NHLBI)

Valvular Heart Disease Research.—The agreement includes $23,000,000, an increase of $3,000,000, for research into the causation of and risk factors for valvular heart disease, as described in House Report 119–271.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES (NIDDK)

Diabetes.—The agreement includes an increase of $10,000,000 for diabetes research.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE (NINDS)

Accelerating Access to Critical Therapies for ALS Act (P.L. 117–79).—The agreement includes $90,000,000 for this activity, an increase of $15,000,000, and reiterates the requirements and directives under the heading ALS Research, Treatments, and Expanded Access in Senate Report 119–55. Within the increase, $5,000,000 is provided for research on ALS; such additional funding could focus on new drugs for ALS, diagnosis protocols, enhance the quality of care, or study new ALS biomarkers.

Alzheimer's Disease and Alzheimer's Disease-Related Dementias (AD/ADRD).—The agreement includes an increase of $100,000,000 across NIH for AD/ADRD research, including an increase of $90,000,000 in NINDS and an increase of $10,000,000 in the National Institute on Aging.

Brain Research through Advancing Innovative Neurotechnologies (BRAIN).—The agreement includes an increase of $4,000,000 across NIH for the BRAIN Initiative, including an increase of $2,000,000 in NINDS and an increase of $2,000,000 in the National Institute of Mental Health (NIMH). Pursuant to the Cures Act (P.L. 114–255), the agreement also includes $195,000,000 across NIH for the BRAIN Initiative, including $97,500,000 to NINDS and $97,500,000 to NIMH.

National Parkinson's Project.—The agreement includes $5,000,000 for this activity as described in Senate Report 119–55.

Opioids, Stimulants, and Pain Management.—The agreement continues to include no less than $285,295,000 for the Helping to End Addiction Long-term (HEAL) Initiative.

Undiagnosed Diseases Network (UDN).—From amounts provided under this heading, the agreement continues $18,000,000 for this activity and continues the directives in Senate Report 119–55.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (NIAID)

Antimicrobial Resistance.—The agreement continues to include no less than $565,000,000 for this activity.

Antiviral Drug Discovery Centers.—The agreement includes $8,000,000 for the activity described under this heading in Senate Report 119–55.

Lyme and Tick-Borne Disease Research.—The agreement includes not less than $110,000,000, an increase of $10,000,000, for research into Lyme and other Tick-Borne diseases.

National Biocontainment Laboratories.—The agreement includes $23,000,000 for the two National Biocontainment Laboratories, as directed under this heading in the Senate Report 119–55.

Regional Biocontainment Laboratories.—The agreement includes $52,000,000 for the 12 Regional Biocontainment Laboratories, as directed under this heading in House Report 119–271.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES (NIGMS)

Institutional Development Awards.—The agreement provides not less than $450,956,000, an increase of $20,000,000.

EUNICE KENNEDY SHRIVER NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT (NICHD)

Implementing a Maternal Health and Pregnancy Outcomes Vision for Everyone Initiative.—From amounts under this heading, the agreement includes no less than $63,400,000, an increase of $10,000,000, for this activity.

NATIONAL INSTITUTE ON AGING (NIA)

Alzheimer's Disease and Alzheimer's Disease-Related Dementias.—The agreement includes an increase of $100,000,000 across NIH for AD/ADRD research, including an increase of $10,000,000 in NIA and an increase of $90,000,000 in NINDS. The agreement directs NIA to provide an update on activities related to this research in the fiscal year 2027 congressional justification.

NATIONAL INSTITUTE ON DRUG ABUSE (NIDA)

Opioid Initiative.—The agreement includes no less than $355,295,000 for NIDA's share of the Helping to End Addiction Long-term (HEAL) Initiative as described under this heading in House Report 119–271 and under the heading ''HEAL Initiative'' in Senate Report 119–55 and reiterates the concerns under such headings.

NATIONAL INSTITUTE OF MENTAL HEALTH (NIMH)

Brain Research through Advancing Innovative Neurotechnologies (BRAIN).—The agreement includes an increase of $4,000,000 across NIH for the BRAIN Initiative, including an increase of $2,000,000 in NIMH and an increase of $2,000,000 in NINDS. Pursuant to the Cures Act (P.L. 114–255), the agreement also includes $195,000,000 across NIH for the BRAIN Initiative, including $97,500,000 to NIMH and $97,500,000 to NINDS.

NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES (NIMHD)

Improving Native American Cancer Outcomes.—The agreement notes that Native Americans experience overall cancer incidence and mortality rates that are strikingly higher than non-Native populations. The agreement includes $9,000,000, an increase of $3,000,000, to continue the Initiative for Improving Native American Cancer Outcomes as described under this heading in House Report 119–271 and continues the directive.

Native Hawaiian/Pacific Islander Health Research Office.—The agreement includes $5,000,000, an increase of $1,000,000, for the Native Hawaiian/Pacific Islander Health Research Office as described in House Report 119–271.

Research Endowment Program.—The agreement continues to include $12,000,000 for the Research Endowment Program.

NATIONAL CENTER FOR ADVANCING TRANSLATIONAL SCIENCES (NCATS)

Clinical and Translational Science Awards (CTSA).—The agreement continues to provide $629,560,000 for the CTSA program.

National Clinical Cohort Collaborative (N3C).—The agreement includes an increase

of $4,000,000 for this activity. In lieu of the language under the heading ''National Clinical Cohort Collaborative'' in House Report 119–271, the agreement reiterates support for the plan described under this heading in Senate Report 119–55.

Rare Disease Research.—The agreement includes a $10,000,000 increase for this activity, as described in Senate Report 119–55, and directs that the briefing requirement under this heading be on a quarterly basis.

OFFICE OF THE DIRECTOR (OD)

All of Us Research Program.—Pursuant to the Cures Act (P.L. 114–255), the agreement includes $31,000,000 for the *All of Us* Research Program.

Artificial Intelligence/Machine Learning.—The agreement continues to provide $135,000,000 for the Office of Data Science Strategy to support activities as described in Senate Report 119–55.

Firearm Injury and Mortality Prevention Research.—The agreement continues funding at the fiscal year 2024 enacted level for this activity as described in the explanatory statement accompanying division D of P.L. 118–47.

INCLUDE Initiative.—The agreement includes not less than $100,000,000 for this activity, an increase of $10,000,000, and continues the requirements under this heading in House Report 119–271.

Indirect Cost Rates.—The agreement recognizes that indirect cost recovery has been essential for supporting research at universities, nonprofit laboratories, medical centers and other entities eligible for Federal research awards and is key to sustaining U.S. leadership in scientific research and technological innovation. The agreement acknowledges that there is room for improvement in the system used to identify and recover indirect cost rates under the Uniform Grant Guidance, particularly with respect to the need for greater transparency into these costs. Various models have been suggested to achieve these improvements, including the Financial Accountability in Research (FAIR) model advanced by the Joint Associations Group on Indirect Costs (JAG), which the Committees believe merit further consideration. Therefore, the agreement directs the departments and agencies funded in the Act to engage in discussions with the Committees on proposals to achieve these improvements, including on the FAIR model. Under this agreement, neither NIH, nor any other department or agency, may develop or implement any policy, guidance, or rule, including publication of a notice of proposed rulemaking, that would alter the manner in which negotiated indirect cost rates have been implemented and applied under NIH regulations, as those regulations were in effect during the third quarter of fiscal year 2017.

Institute and Center (IC) Directors.—The agreement directs NIH to maintain its longstanding practice of including external scientists and stakeholders with appropriate subject matter expertise and familiarity with the relevant ICs, as part of the agency's search to fill the current IC Director vacancies. The agreement supports allowing sufficient time for application submission to ensure a pool of qualified, competitive applicants. Until all vacancies are filled, the agreement directs NIH to brief the Committees on a quarterly basis on such efforts, including on the search committees and process, outreach to identify and encourage applications from a broad community, the anticipated timeline for filling such vacancies, and steps to maintain leadership and program oversight continuity during any IC Director transitions. Finally, within 60 days of enactment of this Act, the agreement directs NIH to provide a comprehensive report on the approval process for IC Director hires, as well as internal guidance documents that address the appointment, reappointment, assessment, and termination of IC Directors. Such report shall include the approving authorities by agency, Department, and Office for the current IC Director vacancies, as well as previous IC Director searches that took place during fiscal years 2022–2026.

Multi-Year Funding.—The agreement notes that the fiscal year 2026 budget submission states that in fiscal year 2026 NIH proposes to continue a fiscal year 2025 policy to reserve half of the agency's budget allocation for competing RPGs for awards that fully fund their outyear commitments as part of the initial grant obligation. The agreement notes strong concern about the impact of this policy on application success rates and the consequent reduction in the number of grants NIH can fund; including on the impact for institutions who receive only a few NIH grants. The agreement includes a general provision to limit the amount of funds that can be obligated for awards that fully fund out-year commitments and directs NIH to fund as many new awards as possible based on meritorious applications. The agreement urges Institutes and Centers that receive funding increases in fiscal year 2026 to obligate additional funds to support new and competing research project grants. The agreement directs NIH to submit the report under this heading in Senate Report 119–55. Additionally, NIH is directed to provide the Committees with an analysis of the types of research funded by this model in fiscal year 2025, and the selection criteria to identify grants to be funded by the multi-year approach. Throughout fiscal year 2026, NIH is directed to brief the Committees no less than monthly on the status of grant announcements, applications, awards, continuations, terminations or cancelations. Such briefing shall include a report on grant awards by Institute or Center that fund more than the current year of performance.

Office of Nutrition Research.—The agreement includes an increase of $5,000,000 for the Office of Nutrition Research to support increased NIH investment in nutrition and its relation to human health and disease.

Office of Research on Women's Health (ORWH).—The agreement includes $106,480,000, an increase of $30,000,000, for ORWH. Within the total for ORWH, the agreement provides $10,000,000 for the Building Interdisciplinary Research Careers in Women's Health program and supports the activities described in House Report 119–271 and Senate Report 119–55. In addition, the agreement requests an update in the fiscal year 2027 congressional justification on these activities.

Primate Research Centers.—The agreement includes $30,000,000 for the activities described under this heading in Senate Report 119–55.

Replication Experiments and/or Fraud Detection.—In lieu of the amount and directive under this heading in House Report 119–271, the agreement supports NIH efforts to fund replication experiments on significant lines of research and continues the briefing directive under the heading ''Replication and Reproducibility Experiments'' under Senate Report 119–55.

Safe to Sleep Campaign.—The agreement continues to provide $1,300,000 for this activity and directs NIH to reestablish the Safe to Sleep Campaign as described in Senate Report 119–55.

Tuberous Sclerosis.—The agreement urges NIH to fund research focused on supporting ongoing progress for finding cutting-edge treatments and potential cures for Tuberous Sclerosis Complex at amounts no less than $30,000,000 in fiscal year 2026. The agreement further reiterates strong support for the need for more research on Tuberous Sclerosis Complex and reiterates the requirements under this heading in Senate Report 119–55.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION (SAMHSA)

Adolescent Mental Health.—The agreement reiterates the directives outlined in the explanatory statement accompanying division D of P.L. 118–47.

Eligible Grantees.—Where permitted in the authorizing statute, the agreement directs SAMHSA when issuing new funding opportunity announcements to include faith-based organizations as an eligible applicant.

Grant Opportunities.—SAMHSA is directed to consult with the Committees not less than three weeks prior to issuing a funding opportunity announcement (FOA) for any competitive grant program and provide a draft FOA to the Committees not less than five days prior to publicly issuing it.

Harm Reduction.—The agreement recognizes the Administration's efforts to prioritize prevention, treatment, and long-term recovery in relation to substance use disorder, including the availability and provision of opioid overdose reversal medications such as naloxone to reduce overdose deaths.

MENTAL HEALTH

988 Suicide & Crisis Lifeline.—The agreement provides an increase of $15,000,000 and instructs SAMHSA to follow the directives included in the House Report 119–271 and Senate Report 119–55.

Certified Community Behavioral Health Clinics (CCBHC).—In addition to the directives included in Senate Report 119–55, SAMHSA is directed to brief the Committees on any requirements to continue issuing CCBHC planning grants to States that have not received such awards, as well as if any additional costs are incurred by establishing a joint technical assistance center initiative.

Within the total provided for Mental Health Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Capacity:	
Seclusion and Restraint appropriations	$1,147,000
Project AWARE appropriations	140,001,000
State Grants appropriations (non-add)	*110,501,000*
Community Violence and Trauma appropriations (non-add)	*17,500,000*
School-Based Trauma Informed Care appropriations (non-add)	*12,000,000*
Mental Health Awareness Training appropriations	27,963,000
Healthy Transitions appropriations	18,451,000
Infant and Early Childhood Mental Health appropriations	15,000,000
Children and Family Programs appropriations	7,729,000
Consumer and Family Network Grants appropriations	3,954,000
Project LAUNCH appropriations	19,605,000
Mental Health System Transformation appropriations	3,779,000
Primary and Behavioral Health Care Integration appropriations	55,877,000
National Strategy for Suicide Prevention appropriations	30,200,000
Zero Suicide appropriations (non-add)	*23,800,000*
American Indian and Alaska Native appropriations (non-add)	*4,400,000*
Mental Health Crisis Response Grants appropriations	20,000,000
988 Lifeline appropriations	534,618,000
Specialized Services for Youth appropriations (non-add)	*33,100,000*
Spanish Language Services appropriations (non-add)	*10,000,000*
Garrett Lee Smith–Youth Suicide Prevention State Grants	$45,806,000
State Grants appropriations (non-add)	*33,806,000*
State Grants Transfer from Prevention and Public Health Fund (non-add)	*12,000,000*
Garrett Lee Smith–Youth Suicide Prevention Campus Grants appropriations	10,488,000
American Indian and Alaska Native Suicide Prevention Initiative appropriations	4,931,000
Tribal Behavioral Grants appropriations	26,250,000
Homelessness Prevention Programs appropriations	28,096,000
Minority AIDS appropriations	9,224,000
Criminal and Juvenile Justice Programs appropriations	11,269,000
Assertive Community Treatment for Individuals with Serious Mental Illness appropriations	6,000,000
Interagency Task Force on Trauma Informed Care appropriations	2,000,000
Science and Service:	
Garrett Lee Smith—Suicide Prevention Resource Center appropriations	11,000,000

Budget Activity	FY 2026 Agreement
Practice Improvement and Training appropriations	7,828,000
Consumer and Consumer Support Technical Assistance Centers appropriations	1,918,000
Primary and Behavioral Health Care Integration Technical Assistance appropriations	3,991,000
Minority Fellowship Program appropriations	11,059,000
Disaster Response appropriations	1,953,000
Homelessness appropriations	2,296,000
Eating Disorder Identification, Treatment, and Recovery appropriations	2,000,000

Eating Disorders.—The agreement includes $2,000,000 to support the National Center of Excellence for Eating Disorders to increase engagement with primary care providers, including pediatricians, to provide specialized advice and consultation related to the screening and treatment of eating disorders. The agreement also provides funding for a pediatric training model for pediatric providers for prevention, early intervention, treatment, and ongoing support protocols for youth with or at-risk of developing an eating disorder. The agreement requests a briefing within 180 days of enactment of this Act as described in Senate Report 119–55.

Primary and Behavioral Health Care Integration Technical Assistance.—The agreement directs SAMHSA to follow the directives included in House Report 119–271 and Senate Report 119–55.

Project AWARE.—The agreement includes funding as directed by Senate Report 119–55. Project AWARE helps Tribes and Tribal organizations to develop sustainable school-based mental health programs and services. Within the funds made available for Project AWARE, the agreement urges SAMHSA to consider the needs of Tribes and Tribal organizations and provide outreach to such groups to raise awareness of their eligibility for this program.

SUBSTANCE ABUSE TREATMENT

State Opioid Response Grants.—The agreement provides $1,595,000,000, including a set-aside for Tribes and Tribal Organizations of not less than 4.25 percent. The agreement continues to direct SAMHSA to conduct an annual evaluation of the program to be transmitted to the Committees no later than 180 days after enactment of this Act and make such an evaluation publicly available on SAMHSA's website. The agreement also directs SAMHSA to continue funding technical assistance as described in Senate Report 119–55.

Within the total provided for Substance Abuse Treatment Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Capacity:	
Opioid Treatment Programs/Regulatory Activities	$10,724,000
Screening, Brief Intervention, and Referral to Treatment (SBIRT)	26,840,000
Screening, Brief Intervention, and Referral to Treatment (SBIRT) PHS Evaluation Funds	2,000,000
Targeted Capacity Expansion—General	125,416,000
Medication Assisted Treatment (non-add)	*114,000,000*
Tribal Set-Aside (non-add)	*15,500,000*
Grants to Prevent Prescription Drug/Opioid Overdose	*16,000,000*
First Responder Training	*59,000,000*
Rural Focus (non-add)	*34,000,000*
SIREN Act (non-add)	*13,500,000*
Pregnant and Postpartum Women	38,931,000
Recovery Community Services Program	4,434,000
Children and Families	30,197,000
Treatment Systems for Homeless	37,114,000
Minority AIDS	66,881,000
Criminal Justice Activities	80,000,000
Drug Courts (non-add)	*75,000,000*
Improving Access to Overdose Treatment	1,500,000
Building Communities of Recovery	17,000,000
Peer Support Technical Assistance Center	2,000,000
Comprehensive Opioid Recovery Centers	7,000,000
Emergency Department Alternatives to Opioids	8,000,000
Treatment, Recovery, and Workforce Support	12,000,000
Youth Prevention and Recovery Initiative	3,000,000
Science and Service:	
Addiction Technology Transfer Centers	9,046,000
Minority Fellowship Program	7,136,000

First Responder Training.—The agreement provides $13,500,000 to make awards to rural public and nonprofit fire and Emergency Medical Services (EMS) agencies as authorized in the Supporting and Improving Rural EMS Needs Reauthorization Act (P.L. 118–84) and directs SAMHSA to follow the directives included in Senate Report 119–55.

Targeted Capacity Expansion and Medication-Assisted Treatment.—Within the amount provided, the agreement includes $15,500,000 for grants to Indian Tribes and Tribal Organizations and reiterates the directive included in Senate Report 119–55.

SUBSTANCE ABUSE PREVENTION

Within the total provided for Substance Abuse Prevention Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Capacity:	
Strategic Prevention Framework/Partnerships for Success	$137,484,000
Strategic Prevention Framework Rx (non-add)	*10,000,000*
Federal Drug-Free Workplace	5,139,000
Minority AIDS	43,205,000
Sober Truth on Preventing Underage Drinking (STOP Act)	14,500,000
National Adult-Oriented Media Public Services Campaign (non-add)	*2,500,000*
Community-based Coalition Enhancement Grants (non-add)	*11,000,000*
Interagency Coordinating Committee to Prevent Underage Drinking (non-add)	*1,000,000*
Tribal Behavioral Health Grants	25,665,000
Science and Service:	
Center for the Application of Prevention Technologies	9,493,000
Science and Service Program Coordination	4,072,000
Minority Fellowship Program	1,321,000

Center for Application Prevention Technologies.—The agreement directs SAMHSA to brief the Committees within 90 days of enactment of this Act on the current eligibility, including the feasibility of expanding eligibility, to private, nonprofit, regional organizations, and faith-based organizations.

Strategic Prevention Framework/Partnerships for Success.—The agreement directs SAMHSA to follow the funding instructions in Senate Report 119–55.

HEALTH SURVEILLANCE AND PROGRAM SUPPORT

Within the total provided for health surveillance and program support, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Health Surveillance	$50,623,000
PHS Evaluation Funds (non-add)	*30,428,000*
Program Support	63,600,000
Public Awareness and Support	13,260,000
Performance and Quality Information Systems	10,200,000
Drug Abuse Warning Network	10,000,000
Behavioral Health Workforce Data	1,000,000
PHS Evaluation Funds (non-add)	*1,000,000*

Community Project Funding/Congressionally Directed Spending.—The agreement includes $54,311,000 for the projects, and in the amounts, specified in the table titled ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY (AHRQ)

HEALTHCARE RESEARCH AND QUALITY

Within the total for the Agency for Healthcare Research and Quality, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Research on Health Costs, Quality, and Outcomes	$214,109,000
Center for Primary Care Research (non-add)	*2,000,000*
Long COVID (non-add)	*10,000,000*
Menopause Research (non-add)	*5,000,000*
Patient Safety Data Platform (non-add)	*4,000,000*
United States Preventive Services Task Force (non-add)	*11,542,000*
Medical Expenditure Panel Survey	72,791,000
Program Support	58,480,000

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS)

PROGRAM MANAGEMENT

Alzheimer's Disease Diagnostics.—The agreement encourages CMS to support timely beneficiary access to early cognitive screening and diagnostic tools for Alzheimer's Disease and Alzheimer's Disease-Related Dementias, as described in House Report 119–271 and Senate Report 119–55.

ADMINISTRATION FOR CHILDREN AND FAMILIES (ACF)

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

The agreement directs ACF to brief the Committees within 30 days of enactment of this Act on the staffing levels of the Office of Community Services, including information on the workforce in the LIHEAP office, and how ACF will be addressing any vacancies to support State heating and cooling assistance programs, distribute LIHEAP funding in a timely and accurate manner, and complete the LIHEAP Formula Report as requested in Senate Report 119–55.

REFUGEE AND ENTRANT ASSISTANCE

The agreement directs the Office of Refugee Resettlement (ORR) to continue to provide to the Committees monthly updates of arrivals by categories, in accordance with the directives in House Report 119–271 and Senate Report 119–55. In addition, the agreement directs ORR to provide a briefing within 30 days of enactment of this Act on any transfers of resettlement services or functions to ORR from other agencies or Departments, including the Department of State, including details of what responsibilities or contracts are being transferred and what estimated costs will be.

Spend Plan and Briefings.—The agreement directs ORR to resume providing comprehensive quarterly spend plans to the Committees with actual and estimated obligations by major category, at the same level of detail that has been provided in previous years. The agreement further directs the Director of ORR to provide monthly briefings to the Committees.

Victims of Trafficking

The agreement includes the directives under this heading in Senate Report 119–55 related to the National Human Trafficking Hotline and requests ACF include an update in its fiscal year 2027 congressional justification detailing the Hotline's compliance with applicable laws and policies regarding the operation of the Hotline.

Unaccompanied Alien Children (UAC)

Case Management.—The agreement directs ORR to brief the Committees on its implementation of a new case management system and any applications being developed to retrieve, compile, or store data on unaccompanied children for the purposes of placement and release decisions.

Interagency Information Sharing.—The agreement directs ORR to brief the Committees within 180 days of enactment of this Act on the status of open recommendations identified in the February 2020 GAO report (GAO–20–245), to ensure HHS receives information needed to make decisions for placement and release decisions of unaccompanied children.

Post-Release Services, Legal Services, and Child Advocates.—The agreement includes funding for these activities in the amounts proposed in the Updated FY26 Spend Plan submitted to the Committees in December 2025. Services must continue to be provided in accordance with the directives in Senate Report 119–55, and must fund services and tasks allowable under the July 31, 2025 bridge contract award.

CHILDREN AND FAMILIES SERVICES PROGRAMS

Head Start

Early Head Start (EHS).—The agreement strongly supports Early Head Start and directs HHS to prioritize maintenance of current slots, and then expand slots where possible, including through Head Start to Early Head Start (HS2EHS) slot conversion, as determined by the needs of local communities. The agreement encourages HHS to maintain the EHS allocation of funds to at least the current proportion of funding within the overall Head Start appropriations, and to include in future congressional justifications the actual and estimated number of slots in each of Head Start, EHS, EHS Child Care Partnerships, and slots converted from HS2EHS.

Child Abuse Prevention and Treatment State Grants

Child Abuse Prevention and Treatment Act Infant Plans of Safe Care.—The agreement continues funding to help States continue to develop and implement infant plans of safe care as directed in Senate Report 119–55.

Child Welfare Research, Training, and Demonstration

Strengthening State Indian Child Welfare Act Compliance.—The agreement provides $3,000,000 for State-Tribal partnership grants as directed in Senate Report 119–55.

Adoption Opportunities

The agreement continues funding for programs under this heading as directed in House Report 119–271 and Senate Report 119–55.

Social Services Research and Demonstration (SSRD)

Within the total provided, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Diaper Distribution Demonstration and Research Pilot	$20,000,000
Institutional Child Abuse Study	2,000,000
Preventing Youth Homelessness	5,000,000
Affordable Housing and Support Services	2,500,000
Medical Legal Partnerships	2,000,000
Other SSRD Activities	3,012,000

Community Project Funding/Congressionally Directed Spending

The agreement includes $40,801,000 for the projects, and in the amounts, specified in the table titled ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

Native American Programs

The agreement includes $16,000,000 for Native American language preservation activities, including no less than $7,000,000 for Native American language immersion programs, as authorized by section 803C(b)(7)(A)–(C) of the Native American Programs Act, as amended by the Esther Martinez Native American Language Preservation Act of 2006.

Domestic Violence Hotline

The agreement includes $250,000 to support religious communities as directed in House Report 119–271.

Family Violence Prevention and Services

The agreement includes an increase of $5,000,000 for Family Violence and Prevention Services and continues funding for programs under this heading as directed in Senate Report 119–55.

ADMINISTRATION FOR COMMUNITY LIVING (ACL)

AGING AND DISABILITY SERVICES PROGRAMS

Protection of Vulnerable Older Americans

Within the total, the agreement continues $21,885,000 for the long-term care ombudsman program.

Family Caregivers

Within the total, the agreement includes $3,000,000 to support demonstration grants that develop, test, and scale models that implement commitments and recommended actions from the National Strategy to Support Family Caregivers.

Senior Nutrition

The agreement encourages ACL to brief the Committees on the methodologies used by States to determine the eligibility of OAA participants, and the policies and procedures, including outreach efforts, that States are implementing to increase the proportion of seniors with assessed needs receiving services.

Aging Network Support Activities

Within the total provided, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Care Corps	$5,500,000
Older Adult Transportation and Chaperone Services (non-add)K	*1,500,000*
Direct Care Workforce Demonstration Project	2,000,000
Holocaust Survivor's Assistance Program	8,500,000
Interagency Coordinating Committee on Healthy Aging and Age-Friendly Communities	1,000,000
Other Aging Network Support Activities	8,461,000
Research, Demonstration, and Evaluation Center for the Aging Network	5,000,000

Alzheimer's Disease Program

Within the total, the agreement includes no less than $2,000,000 for the National Alzheimer's Call Center.

Elder Rights Support Activities

Within the total, the agreement includes $15,000,000 for the nationwide Adult Protective Services formula grant program.

Paralysis Resource Center

Within the total, the agreement directs not less than $10,000,000 to the National Paralysis Resource Center.

Developmental Disabilities State Councils

Within the total, the agreement includes not less than $800,000 for technical assistance and training for the State Councils on Developmental Disabilities.

National Institute on Disability, Independent Living, and Rehabilitation Research

The agreement continues funding to support the Traumatic Brain Injury Model Systems National Data and Statistical Center.

Community Project Funding/Congressionally Directed Spending

The agreement includes $13,968,000 for the projects, and in the amounts, specified in the table titled ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

ADMINISTRATION FOR STRATEGIC PREPAREDNESS AND RESPONSE (ASPR)

RESEARCH, DEVELOPMENT, AND PROCUREMENT

Biomedical Advanced Research and Development Authority (BARDA)

Diagnostic Rapid Response Initiative.—The agreement supports BARDA's Diagnostic Rapid Response Initiative.

Drug-Resistant Tuberculosis.—The agreement directs ASPR to provide a briefing within 180 days of the enactment of this Act on CARB–X and efforts to reduce the impact of drug-resistant tuberculosis.

Infectious Disease Outbreaks with Pandemic Potential.—The agreement includes funding to support a Rapid Response Capability Medical Countermeasure Program that would support Disease X (also known as viral pathogens with a significant potential to cause a pandemic) medical countermeasure (MCM) activities and the expeditious development of MCMs against priority viral families, including those effective against novel pathogens with pandemic potential.

Strategic National Stockpile (SNS)

State Strategic Stockpiles.—The agreement directs ASPR to provide a briefing within 180 days of the enactment of this Act on agency guidance and technical assistance for State strategic stockpiles.

Pandemic Influenza Preparedness

Biotechnology Platform Technologies.—The agreement recognizes challenges of developing single MCMs to address a wide range of known and unknown threats and supports efforts by ASPR to develop and validate biotechnology platform technologies that may be capable of addressing a variety of health security threats.

OPERATIONS, PREPAREDNESS, AND EMERGENCY RESPONSE

National Disaster Medical System

Mission Zero.—The agreement includes $4,000,000 for civilian trauma centers to train and incorporate military trauma care providers and teams into care centers.

Pediatric Disaster Care.—The agreement includes $7,000,000 for the pediatric disaster care program.

Public Health Preparedness Equipment.—The agreement does not include funding specifically for next generation air mobility solutions.

Health Care Readiness and Recovery

National Special Pathogen System.—The agreement includes $7,500,000 for the National Emerging Special Pathogens Training and Education Center and $21,000,000 to continue support for the Regional Emerging Special Pathogen Treatment Centers Program and Special Pathogen Treatment Centers.

Regional Disaster Health Response System.—The agreement includes $7,000,000 for these cooperative agreements.

Trauma Care Readiness and Coordination.—The agreement includes $2,000,000 as described in the Senate Report 119–55 in support of duties and functions included in section 1204 (42 U.S.C. 300d–6).

Industrial Base Management and Supply Chain

Diagnostic Manufacturing.—The agreement recognizes the value of end-to-end domestic manufacturing of diagnostics.

Industrial Based Management and Supply Chain (IBMSC).—The agreement supports investments to accelerate advanced development of investigational vaccines, therapeutics and diagnostics; emergency manufacturing of critical MCMs and ancillary supplies; and build and validate advanced manufacturing processes and facilities capable of storing, producing, and deploying essential medicines and diagnostics in the event of a national health emergency.

Strengthening Domestic Manufacturing and Production.—The agreement supports IBMSC's efforts to increase domestic manufacturing capacity of critical medicines or their active pharmaceutical ingredients. The agreement directs ASPR to provide details in the fiscal year 2027 congressional justification on efforts made to support domestic capacity for essential medical products.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

Front Matter.—The agreement notes all items in the front matter that precedes the Department of Labor, including language set forth in the front matter of House Report 119–271 and Senate Report 119–55 unless specifically addressed to the contrary in this explanatory statement, apply to every agency and subcomponent funded by this Act.

Grant Management.—Grant terminations can significantly and negatively impact the

implementation of programs funded in this Act, as they are intended to be implemented by this agreement. HHS is directed to consult with the Committees prior to terminating grants. The agreement includes a provision requiring notification to the Committees no less than three days prior to announcing or providing notice of a grant termination.

Nonrecurring Expenses Fund (NEF).—In addition to the directives under this heading in the Office of the Secretary in House Report 119–271 and Senate Report 119–55, the agreement directs HHS to use, from any remaining unobligated balances in the NEF, and in addition to funds otherwise made available for such purpose, no less than $100,000,000 to make building repairs necessary for the maintenance and improved security for the campuses of the Centers for Disease Control and Prevention in Atlanta, Georgia.

Payment Management System (PMS).—In addition to the directives included under this heading in Senate Report 119–55, the agreement directs HHS to provide advance notification to the Committees prior to implementing any restrictions that would delay disbursement of funds to grantees through PMS. The agreement further directs HHS to ensure that disbursements through PMS are processed within five business days, except under extraordinary circumstances. For any delays of more than five business days, HHS is directed to brief the Committees on the circumstances justifying such delays.

Tribal Set-aside.—The agreement includes a Tribal set-aside of no less than $6,000,000 within the Minority HIV/AIDS Prevention and Treatment program.

Within the total provided under this heading, the agreement includes no less than the following amounts:

Budget Activity	FY 2026 Agreement
Children's Interagency Coordinating Council	$3,000,000
Embryo Adoption Awareness Campaign	2,000,000
Food is Medicine	2,000,000
Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes	2,000,000
KidneyX	5,000,000
LymeX	5,000,000
Office of Minority Health:	
Center for Indigenous Innovation and Health	6,000,000
Improving Maternal Health Outcomes	10,000,000
National Lupus Training, Outreach, and Clinical Trial Education	3,000,000
Promoting Language Access Services	4,000,000
Office on Women's Health:	
Combatting Violence Against Women	10,100,000
Eating Disorders Research	1,000,000
Pregnant and Lactating Women's Advisory Committee	200,000
Reporting on Access to Medical Forensic Exams	5,000,000
Stillbirth Working Group	2,000,000

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY (ONC)

Patient Matching.—The agreement continues to include $3,000,000 for ONC to work with industry to develop matching standards that prioritize interoperability, patient safety, and patient privacy.

Standards for Interoperability.—The agreement continues to include not less than $5,000,000 to support interoperability and information sharing efforts related to the implementation of Fast Healthcare Interoperability Resources standards or associated implementation standards.

GENERAL PROVISIONS

The agreement modifies a provision related to section 241 of the Public Health Service Act.

The agreement updates a provision related to section 338E of the Public Health Service Act.

The agreement updates a provision related to international health activities.

The agreement modifies a provision to include a notification requirement for NIH.

The agreement updates a provision related to information to include as part of a budget justification.

The agreement updates a provision related to information reporting.

The agreement includes the following allocation of amounts from the Prevention and Public Health Fund.

PREVENTION AND PUBLIC HEALTH FUND

Agency	Budget Activity	FY 2026 Agreement
ACL	Alzheimer's Disease Program	$14,700,000
ACL	Chronic Disease Self-Management	8,000,000
ACL	Elder Falls Prevention	5,000,000
CDC	Hospitals Promoting Breastfeeding	9,750,000
CDC	Diabetes	118,130,000
CDC	Epidemiology and Laboratory Capacity	40,000,000
CDC	Healthcare-Associated Infections	12,000,000
CDC	Heart Disease and Stroke	111,105,000
CDC	Million Hearts Program	5,000,000
CDC	Tobacco	200,000,000
CDC	Preventative Health and Health Services Block Grants.	160,000,000
CDC	Section 317 Immunization Program	596,390,000
CDC	Childhood Lead Poisoning	51,000,000
CDC	National Early Child Care Collaboratives	5,000,000
CDC	Public Health Infrastructure and Capacity	90,000,000
SAMHSA	Garrett Lee Smith–Youth Suicide Prevention State Grants.	12,000,000

The agreement updates a provision related to mammography.

The agreement modifies a provision related to the schooling of eligible dependents.

The agreement includes a new provision related to funding for the Centers for Disease Control and Prevention.

The agreement modifies a provision to rescind unobligated balances.

The agreement includes a new provision related to investigations by NIH grantees.

The agreement includes a new provision related to staffing levels.

The agreement includes a new provision related to NIH awards.

The agreement includes a new provision related to title XVIII of the Social Security Act.

TITLE III—DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

SCHOOL IMPROVEMENT PROGRAMS

Comprehensive Centers

The agreement emphasizes language in Senate Report 119–55 related to school support and improvement under the Education for the Disadvantaged heading and this program. The agreement directs the Department to immediately act to improve implementation of, support for, and transparency on implemented corrective actions and recommendations related to school support and improvement requirements and uses of funds under the Elementary and Secondary Education Act (ESEA) to bring State and local educational agencies into compliance with the law's requirements. Further, the Department is directed to brief the Committees pursuant to the direction in the Senate Report 119–55, including on related activities underway and planned throughout the Department's programs, program offices, and technical assistance centers and providers.

INDIAN EDUCATION

National Activities

The agreement includes $14,365,000 for National Activities. These funds shall support new and continuation awards and not less than the amounts listed for programs below. The agreement continues directives contained within House Report 119–271 and Senate Report 119–55.

Within the total National Activities, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Budget Activity FY 2026 Agreement Native American Language Immersion	$4,750,000
Native American Language Resource Centers	3,000,000
State-Tribal Education Partnerships	4,000,000

INNOVATION AND IMPROVEMENT

Education Innovation and Research (EIR)

The Department is directed to consult with the Committees not later than three weeks prior to issuing a notice of proposed priorities, or a notice inviting applications, or funding availability for all competitions under EIR. The Department will also provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Community Project Funding/Congressionally Directed Spending

The agreement includes $100,147,000 for the projects, and in the amounts, specified in the table ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

School Safety National Activities

Within the total provided for school safety national activities, the agreement includes the program amounts identified by the table under this heading. Any funds not needed for Project SERV shall be used for additional Mental Health Services Professional Grants or School-based Mental Health Services Grants.

Budget Activity	FY 2026 Agreement
Mental Health Services Professional Grants	$82,000,000
Project SERV	up to 6,000,000
School-based Mental Health Services Grants	82,000,000
School Safety Enhancement Grants	20,000,000

School Safety Enhancement Grants.—Building on the Bipartisan Safer Communities Act Stronger Connections Grant program; the agreement includes $20,000,000 for competitive grants to help schools implement best practices to improve school safety as described in the seventh paragraph under this program in House Report 119–271. The agreement directs the Department to consult with the Committees within 90 days of enactment of this Act on its plans for carrying out this program, including any proposed priorities or program requirements. In addition, the Department is directed to provide notice to the Committees at least seven days before any notices of funding opportunities or proposed priorities are published or any grantees for a new competition are announced.

OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

SPECIAL EDUCATION

Educational Technology, Media, and Materials.—The agreement includes an increase of $1,000,000 for this program as described in House Report 119–271.

REHABILITATION SERVICES

Helen Keller National Center.—The agreement includes funding as described under the third paragraph under this heading in House Report 119–271.

Parent Information and Training.—The agreement directs the Department to hold a new competition for the C–2 regional center for fiscal year 2026.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

American Printing House for the Blind

Within the total, the agreement continues up to $5,000,000 for additional field testing, production, and distribution of braille and tactile display products.

Center for Assistive Technology Training.—The agreement also includes up to $6,000,000 as directed under this heading in House Report 119–271.

National Technical Institute for the Deaf (NTID)

The agreement continues up to $9,500,000 for NTID's Regional STEM Center.

Gallaudet University

The agreement continues $8,500,000 for the Early Learning Acquisition Project.

STUDENT AID ADMINISTRATION

Free Application for Federal Student Aid (FAFSA) Administration.—The agreement modifies the briefing requirement under the heading ''FAFSA Administration'' in Senate Report 119–55 to be on a quarterly basis.

Financial Aid Data.—The agreement requests the report directed under this heading in Senate Report 119–55 within 120 days of enactment of this Act and modifies the requirement to report on instances of information sharing to be on instances in which such information was shared in a manner inconsistent with applicable law and policy.

HIGHER EDUCATION

Child Care Access Means Parents in Schools.—The agreement directs the Department to conduct a new competition for fiscal year 2026 pursuant to the priorities described under this heading in Senate Report 119–55.

Strengthening Historically Black Colleges and Universities

The agreement includes $6,000,000, an increase of $3,000,000, for supplemental grants to eligible junior or community colleges.

Fund for the Improvement of Postsecondary Education

Consultation.—The Department is directed to consult with the Committees not later than two weeks prior to issuing a notice of proposed priorities, notice inviting applications, or funding availability for all competitions under the Fund for the Improvement of Postsecondary Education (FIPSE), as well as provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Within the total provided for FIPSE, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Basic Needs Grants	$10,000,000
Centers of Excellence for Veteran Student Success Program	9,000,000
HBCU, TCU, and MSI Research and Development Infrastructure Grants	15,000,000
Open Textbook Pilot	7,000,000
Postsecondary Student Success Grants	45,000,000
Rural Postsecondary and Economic Development Grant Program	45,000,000
Transitioning Gang-Involved Youth to Higher Education	5,000,000

Basic Needs Grants.—The agreement directs the Department to carry out this program as described in Senate Report 119–55.

Open Textbook Pilot.—The agreement directs the Department to issue a notice inviting applications, allow for a 60-day application period, and make a significant number of grant awards under the same terms and conditions as in prior years. The agreement directs the Department to ensure that any data collected from grantees about the performance of this program clearly disaggregates data on courses subject to course materials fees from data on the use of free open textbooks.

Postsecondary Student Success Grants.—The agreement directs the Department to carry out this program in the same manner specified in the explanatory statement accompanying division H of P.L. 117–328, including the directive to brief the Committees.

Community Project Funding/Congressionally Directed Spending

The agreement includes $224,377,000 for the projects, and in the amounts, specified in the table ''Community Project Funding/Congressionally Directed Spending'' included in this explanatory statement accompanying this division.

INSTITUTE OF EDUCATION SCIENCES

Statistics

School Cellphone Bans.—In lieu of the amount and directive under this heading in House Report 119–271, the agreement supports efforts to collect data on and to assess the best practices of school policies, and implementation of such policies, limiting the student use of personal cellular and mobile devices on school grounds or during the school day.

DEPARTMENTAL MANAGEMENT

PROGRAM ADMINISTRATION

Cost Savings of Inclusive Access Programs Study.—In lieu of the report requested under this heading in House Report 119–271, the agreement looks forward to any new data on first-day access programs.

Front Matter.—The agreement notes all items in the front matter that precedes the Department of Labor, including language set forth in the front matter of House Report 119–271 and Senate Report 119–55 unless specifically addressed to the contrary in this explanatory statement, apply to every agency and subcomponent funded by this Act.

Grant Payment Conditions.—The agreement modifies the notification requirement under this heading in Senate Report 119–55 to be one-day advance notification and continues the reporting directives.

Interagency Agreements and Program Transfers.—The agreement notes that it provides funding to the Department of Education to carry out specific programs, projects, and activities that have been authorized in law for the Department of Education to carry out. It also continues a provision that prohibits the transfer of such funding to another Federal agency unless such transfer authority is provided in an appropriations law. The agreement further notes that no authorities exist for the Department of Education to transfer its fundamental responsibilities under numerous authorizing and appropriations laws, including through procuring services from other Federal agencies, of carrying out those programs, projects, and activities to other Federal agencies.

The agreement notes concern about the Department of Education's recent, unprecedented use of Interagency Agreements to transfer significant programmatic responsibilities, procure services, and detail staff to other Federal agencies, including to the Departments of Labor, Health and Human Services, State, and Interior. The agreement is concerned about the assignment of such programmatic responsibilities to agencies that do not have experience, expertise, or capacity to carry out these programs and activities and lack developed relationships and communications with relevant stakeholders, including States. The agreement is concerned that fragmenting responsibilities for education programs across multiple agencies will create inefficiencies, result in additional costs to the American taxpayer, and cause delays and administrative challenges in Federal funding reaching States, school districts, and schools. The agreement is also concerned this will weaken Federal support to protect the rights of students, children, youth, and families under Federal education laws.

Given these concerns, the agreement directs the Department of Education and signatory agencies to provide biweekly briefings to the Committees on implementation of any such interagency agreements. These briefings shall include information on staffing transfers, implementation costs, metrics on the delivery of services, availability of technical support for programs to grantees, the issuance of Notices Inviting Applications or other funding opportunities, plans for maintaining high standards of quality and objectivity in grant competitions through multi-reviewer peer panels, rates of accessing funds by grantees and any resulting delays through the draw down of funds, updates on monitoring for grantees' compliance with all federal requirements, implementation of reporting requirements by grantees and Federal agencies and communications with eligible grantees, States, and other stakeholders. Such information shall include comparisons to prior years on a comparable basis.

Public Comment.—The agreement contains no new or substantially revised direct grant program authorities for the Department to implement. The agreement supports robust public participation in rulemaking, including support for the issuance of proposed priorities for public comment, unless such requirements are otherwise specifically exempted under a program's statutory authority.

Reporting.—Last July, the Department issued a letter to State Educational Agencies inviting waivers from the ESEA. The Department is directed to post approved waivers on the Department's website within 30 days of approving a waiver and provide quarterly briefings to the Committees on any such approved waivers, including how the waiver meets the requirements of ESEA section 8401.

Reporting System Improvements.—The agreement supports compliance with section 117 of the HEA and understands its importance for national security. The agreement supports ongoing implementation efforts to improve and increase transparency in the reporting system used by institutions of higher education and managed by the Department, in support of meeting the requirements under section 117.

OFFICE FOR CIVIL RIGHTS

Combatting Antisemitism.—The agreement modifies the report directive under this heading in Senate Report 119–55 to be a report within 120 days of enactment of this Act.

GENERAL PROVISIONS

The agreement updates authority for pooled evaluation under the ESEA.

The agreement updates a provision allowing certain institutions to continue to use endowment income for student scholarships.

The agreement updates a provision extending the authorization of the National Advisory Committee on Institutional Quality and Integrity.

The agreement updates a provision extending the authority to provide account maintenance fees to guaranty agencies.

The agreement updates a provision regarding evaluation of Higher Education Act programs.

The agreement modifies a provision regarding centralized support services for the Institute of Education Sciences.

The agreement modifies a provision to rescind unobligated balances and transfer balances.

The agreement includes a new provision to rescind unobligated balances for program administration.

The agreement includes a new provision on formula grants.

TITLE IV—RELATED AGENCIES

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE (CNCS)

Front Matter.—The agreement notes all items in the front matter that precedes the Department of Labor, including language set forth in the front matter of House Report 119–271 and Senate Report 119–55 unless specifically addressed to the contrary in this explanatory statement, apply to every agency and subcomponent funded by this Act.

OPERATING EXPENSES

AmeriCorps State and National and AmeriCorps Seniors Retired Senior Volunteer

Programs.—The agreement directs CNCS to release the AmeriCorps State and National and AmeriCorps Seniors Retired Senior Volunteer Programs competitive funding opportunities for fiscal year 2026 no later than 10 days following the date of enactment of this Act and shall ensure that those funding opportunities are posted for at least 45 days. If State laws or regulations prevent a State from completing a grant competition within the time allowed, the agreement directs CNCS to take all necessary measures to ensure each State's participation, including adjusting deadlines, providing technical assistance, or otherwise modifying the process to ensure all States can participate in grant competitions funded under this Act.

Commission Investment Fund (CIF).—The agreement includes no less than the amount included in Senate Report 119–55 under the CIF Header.

Data Collection.—The agreement directs CNCS to follow the directive regarding data collection as outlined in House Report 119–271.

Timely Notice of Awards.—The agreement directs CNCS to publish funding opportunity announcements for competitive grant programs with sufficient time for all previously eligible and new applicants to develop quality submissions and to award such funds in a timely manner. Additionally, the agreement directs CNCS to award renewal and non-competing continuations within 7 days of the end of the period of performance, except in the case of a grant or award where there has been a finding of financial mismanagement, fraud, or malfeasance.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

Within the total for the Institute of Museum and Library Services, the agreement includes the following amounts:

Budget Activity	FY 2026 Agreement
Library Services Technology Act:	
Grants to States	$181,400,000
Native American Library Services	5,763,000
National Leadership: Libraries	15,287,000
Laura Bush 21st Century Librarian	10,000,000
Museum Services Act:	
Museums for America	28,730,000
Native American/Hawaiian Museum Services	3,772,000
National Leadership: Museums	9,348,000
21st Century Museum Professional	1,000,000
African American History and Culture Act:	
Museum Grants for African American History & Culture	6,000,000
National Museum of the American Latino Act:	
Museum Grants for American Latino History & Culture	6,000,000
Research, Analysis, and Data Collection	5,500,000
Program Administration	19,000,000

Information Literacy Task Force.—The agreement reiterates and supports the funding instruction, directives, and requirements under this heading in Senate Report 119–55.

SOCIAL SECURITY ADMINISTRATION (SSA)

LIMITATION ON ADMINISTRATIVE EXPENSES

Codebase Modernization.—The agreement directs the SSA, within 180 days of enactment of this Act, to submit to the Committees a report on SSA's use of COBOL and progress on the secure migration of the codebase to a modern programming language where applicable.

IT Activities.—The agreement directs SSA to provide a report to the Committees, within 90 days of enactment of this Act, detailing the number, amount, and general content of contracts, grants, and cooperative agreements awarded under SSA's IT portfolio. Such a report shall be grouped by heading and subheading on Table 3.24 of the fiscal year 2026 congressional justification.

Staffing Plan.—The agreement includes an increase of $50,000,000 for SSA's base administrative expenses for resources to help ensure SSA has the necessary workforce to operate efficiently and provide high-quality service to program beneficiaries.

The agreement is concerned by any reductions in direct-service operations, including staff at field offices and processing and teleservice centers, and provides resources for SSA to increase the number of staff on the frontlines. The agreement directs SSA to take steps to avoid field office closures, reduced office hours, and increased delays to appointments for beneficiaries seeking in-person support. µAs part of the monthly staffing report requested in Senate Report 119–55, the agreement directs SSA to include appointment waiting times by field office.

Work Incentives Planning and Assistance (WIPA) and Protection and Advocacy for Beneficiaries of Social Security (PABSS).—The agreement includes $23,000,000 for WIPA grants and $10,000,000 for PABSS.

TITLE V—GENERAL PROVISIONS

The agreement updates a provision related to the salary or expenses of any grant or contract recipient.

The agreement updates a provision related to notification of certain reprogramming of funds.

The agreement updates a provision related to submission of an operating plan.

The agreement updates a provision related to submission of a report.

The agreement updates a provision related to computer networks.

The agreement updates a provision related to submission of a report on the status of balances.

The agreement modifies a provision related to grant notifications.

The agreement modifies a provision to rescind unobligated balances.

The agreement modifies a provision to rescind unobligated balances.

The agreement modifies a provision related to the re-obligation of funds.

The agreement adds a new provision to rescind unobligated balances.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION C—DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2026

The following is an explanation of Division C, which makes appropriations for the Department of Homeland Security (the Department or DHS) for fiscal year 2026. Funding provided in this agreement supports existing programs that protect the Nation from all manner of threats and ensures the Department's ability to improve preparedness at the Federal, state, local, tribal, and territorial levels; prevent and respond to terrorist attacks; and hire, train, and equip DHS frontline personnel protecting the country.

The explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 119–173 carries the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

References in the explanatory statement to ''the Committees'' or ''the Committees on Appropriations'' should be interpreted as both the House Appropriations Subcommittee on Homeland Security and the Senate Appropriations Subcommittee on Homeland Security.

This explanatory statement refers to certain entities, persons, funds, and documents as follows: the Department of Homeland Security is referenced as DHS or the Department; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as OIG. In addition, ''full-time equivalents'' are referred to as FTE; ''full-time positions'' are referenced as FTP; ''Information Technology'' is referred to as IT; ''program, project, or activity'' is referred to as PPA; any reference to ''the Secretary'' should be interpreted to mean the Secretary of Homeland Security; ''component'' should be interpreted to mean an agency, administration, or directorate within DHS; any reference to SLTT should be interpreted to mean state, local, tribal, and territorial governments; any reference to ''the House report'' should be interpreted to mean House Report 119–173; and ''budget request'' or ''the request'' should be interpreted to mean the budget of the U.S. Government for fiscal year 2026 that was submitted to Congress on May 2, 2025.

TITLE I—DEPARTMENTAL MANAGEMENT, INTELLIGENCE, SITUATIONAL AWARENESS, AND OVERSIGHT

OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

OPERATIONS AND SUPPORT

The agreement includes $316,295,000. Within the total amount provided, $22,050,000 is made available for two fiscal years, including $14,050,000 for the Office of Health Security and $8,000,000 for Office of Strategy, Policy, and Plans.

MANAGEMENT AND OVERSIGHT

2026 FIFA World Cup Planning.—Not later than 90 days after the date of enactment of this Act, the Secretary is directed to brief the Committees on the security planning processes, expected budgetary needs, including from Public Law 119–21, to the Department, coordination efforts with Federal and SLTT entities, and additional resource requirements necessary for host cities to adequately prepare for the 2026 FIFA World Cup.

2028 Olympic and Paralympic Games.—The Secretary shall submit a report to the Committees, in coordination with the U.S. Secret Service (USSS), not later than 90 days after the date of enactment of this Act that details the full scope of the Department's obligations for this National Special Security Event (NSSE). The report shall include the nature of the Department's coordination with the organizing committee involved in the 2028 Games, other Federal agencies and departments, and representatives of the relevant state and local government entities, including Olympic events not hosted in the Los Angeles area. The report shall also include the Department's projected resource needs, by component, for this NSSE for fiscal year 2026 through fiscal year 2029, including specific account details for each fiscal year and how the Department is using the funds provided for this purpose in Public Law 119–21. The Department shall also include any projected budgetary shortfalls, delineated by each fiscal year, when applicable.

287(g) Programs.—The Department shall evaluate its interactions and relationships with local law enforcement agencies, including but not limited to the 287(g) program. This evaluation should result in specific recommendations for ensuring that the Department considers the costs and benefits of the 287(g) program, including for local law enforcement agencies, particularly as it relates to the workload and community relationships. The Office of Strategy, Policy, and Plans, in consultation with the Office of Partnership and Engagement, is directed to brief the Committees on the results of its evaluation not later than 180 days after the date of enactment of this Act. Additionally, the agreement continues the directive under the Office of the Secretary and Executive Management heading ''287(g) Agreements'' in Senate Report 118–85.

Access to High-Quality Affordable Childcare for Federal Employees.—Within 90 days of the date of enactment of this Act, and semiannually thereafter, the Department is directed to provide a report on access to high-quality, affordable childcare for children of Department employees. The report shall detail all current programs or efforts that assist Departmental employees with childcare, identify additional programs, including recruitment and retention programs, that would assist with childcare, and detail all associated costs with those programs and efforts, even if such costs are projections. Additionally, 180 days after the date of enactment of this Act, the Department shall survey employees to capture interest in such programs or efforts and provide to the Committees the level of interest and the number of employees using such programs. Where possible, the Department shall identify whether access to childcare hinders recruitment or retention efforts, provide the geographical locations where such hindrance occurs, and identify targeted programs for such cases.

Administrative Data Research Facility (ADRF).—The agreement directs the DHS Statistical Official, in consultation with the DHS Chief Data Officer, the Chief Information Officer, and the Senior Agency Official for Privacy, to coordinate secure access to administrative data across the relevant DHS components and to ensure compliance with all applicable laws and DHS policies, including the Privacy Act of 1974 (P.L. 93–579). The agreement provides $2,000,000 to expand the ADRF's capabilities, including enhanced data-sharing partnerships, expanded security measures, the development of advanced analytical tools to support DHS and other agencies' homeland security research needs, and the enhancement of DHS's ability to securely transmit timely data to the ADRF. The agreement directs the DHS Statistical Official to submit a report within 180 days of the date of enactment of this Act detailing progress on the integration of administrative data for homeland security research, including an assessment of how ADRF is being leveraged to enhance interagency collaboration and threat analysis.

Artificial Intelligence (AI) Implementation.—The agreement directs the Department, within 90 days of the date of enactment of this Act, to brief the Committees on the Department's AI activities, including progress on the Department's implementation of its AI strategy and new use cases of AI.

Asylum Processing at Ports of Entry (POEs).—The agreement directs the Department, within 180 days of the date of enactment of this Act, to provide to the Committees an analysis of current capacity to process asylum seekers and any constraints based on Department projections of the number of anticipated asylum applicants at the southwest border over the next five fiscal years at POEs.

Body Armor.—The agreement directs DHS to procure ballistic body armor and related protective equipment that is specifically designed to fully protect the body shapes of agents and officers and is made to conform to the individual wearer and provides the best possible fit and coverage to allow for either a flat or shaped front panel. The body armor procured must meet or exceed the most current ballistic resistance standards developed by the National Institute of Justice (NIJ). Within 180 days of the date of enactment of this Act, the Secretary shall submit a report to the Committees detailing:

(1) an assessment of the current ballistic protection inventory across DHS components;

(2) a plan to ensure all newly procured body armor conforms to the latest NIJ standards;

(3) an inventory management strategy, including equipment lifecycle replacement schedules; and

(4) steps to maximize the health, safety, and operational effectiveness of DHS law enforcement personnel through improved protective technologies.

Body-Worn Cameras.—The agreement provides $20,000,000 for the procurement, deployment, and operations of body-worn cameras for agents and officers performing enforcement activities under 8 U.S.C. 1101 et seq.

The agreement notes ICE's body worn camera directive (ICE Directive 19101.3), which is effective as of February 19, 2025, and directs ICE to inform the Committees within 14 days of any changes made to the directive, to include the reason for the change.

Border and Immigration Related Data and Transparency.—Within 30 days of the date of enactment of this Act, and quarterly thereafter, the Secretary, in consultation with other appropriate Federal officials, shall submit to the Committees a report that details the situational awareness of the southwest border that includes data related to the number of ''turn backs,'' ''got aways,'' and monthly apprehension rate data by sector. For the purposes of this reporting requirement, the Department shall use the definitions provided in section 223 of title 6, United States Code. U.S. Customs and Border Protection (CBP) is also directed to ensure a review by third-party statistical experts on the current process, assumptions, and formulas used to derive the ''got aways'' estimates and any proposed changes to improve such estimates, including proposed changes to statutory definitions, if any. The Committees also continue the requirement for the Department to submit quarterly Border Security Status reports and data on the deportation, or removal, of the parents of U.S. citizen children semiannually. Additionally, the Department shall provide to the Committees and shall post on a publicly accessible website by the 15th of each month the

following, delineating requests received and granted by entity, including CBP, U.S. Immigration and Customs Enforcement (ICE), and U.S. Citizenship and Immigration Services (USCIS):

(1) DHS's total detention capacity, as well as usage rate during the previous month;

(2) the total monthly number of ''applicants for admission'' under section 1225 of Title 8, United States Code, who are paroled into the United States during the previous month;

(3) the total monthly number of ''applicants for admission'' under section 1225 of Title 8, United States Code, who are released into the United States, paroled or otherwise, during the previous month;

(4) the total number of individuals paroled into the United States during the previous month;

(5) of the total number of individuals paroled, the rationale for each grant, and its duration; and

(6) the total number of referrals for prosecution made to the Department of Justice (DOJ) for illegal entry or illegal reentry during the previous month.

Border-Related Executive Orders.—The agreement directs ICE, CBP, USCIS, and the Office of Strategy, Policy, and Plans to jointly brief the Committees not later than seven days after the execution of any border-related executive actions on preliminary budgetary impacts, operational changes, new training that may be required, revised or new international agreements, and any additional FTE that have been deployed to implement the executive action.

Combatting Antisemitism.—The agreement directs the Secretary to release a public report, not later than 90 days after the date of enactment of this Act, detailing how the Department plans to implement Executive Order 14188 of January 29, 2025, and the U.S. National Strategy to Counter Antisemitism to combat the rising threat of antisemitism.

Continuous Vetting.—Not later than 90 days after the enactment of this Act, the Department shall submit a proposal for the centralization of domestic vetting of foreign nationals within one component. The agreement directs the Department to brief the Committees on such proposal prior to implementation.

Data Aggregation.—The Department is directed to provide a briefing to the Committees not later than 90 days after the date of enactment of this Act on current or planned systems that draw on data from more than two sources and include information on U.S. citizens. The briefing should describe the purpose and use of such systems, the sources and types of data involved, any applicable oversight or privacy safeguards, and how the Department ensures that such systems are not used for systemic, indiscriminate, or wide-scale surveillance.

Department of Defense (DoD) Border and Immigration Enforcement Support.—Within 90 days of the date of enactment of this Act, and monthly thereafter, the Department, including representatives from CBP and ICE, is directed to brief the Committees on the continued support from DoD to augment DHS border and immigration enforcement operations. The briefing shall include:

(1) the support DHS requested to DoD during the reporting period, including a copy of the written request;

(2) the support approved by DoD for the reporting period, including a copy of the written approval;

(3) the duties, functions, and duty stations of the DoD assets providing support to DHS during the reporting period;

(4) a list of each DoD installation or facility that is being used to support DHS or any of its components; and

(5) DHS plans for border and immigration enforcement operations on the southern border and requirement for continued DoD support.

Department's Mission in Rural Areas and with Tribes.—The Office of Partnership and Engagement is directed to provide a briefing to the Committees not later than 90 days after the date of enactment of this Act on its outreach efforts to rural communities and tribes in their efforts to support the homeland security mission.

Deputization of Law Enforcement.—Within 90 days of the date of enactment of this Act, the Department shall submit to the Committees the memorandums of understanding for the deputization of law enforcement officers that have been signed with departments and agencies across the Federal Government, including but not limited to, DoD, DOJ, the Internal Revenue Service, the Department of State, and components within DHS. In addition, the Department is directed to provide a report on the authorities utilized for each agency agreement and the training provided to the deputized law enforcement officers, including the costs and which agency incurs the cost for training. For those officers deputized from other DHS components, the report shall include an analysis of the operational impacts of such actions, including a breakdown of number of officers deputized by component and any impacts on the original mission of such agency across the Department.

DHS Law Enforcement Officer Assault Reporting.—Within 90 days of the date of enactment of this Act and monthly thereafter, the Department is directed to brief the Committees on the number of assaults on DHS law enforcement officers. The data provided in the initial brief shall include statistics for the last five fiscal years.

DHS Uniform Policy.—The agreement encourages DHS to develop and implement a standardized uniform policy for domestic law enforcement operations to ensure that law enforcement officers are clearly identifiable as Federal law enforcement. The policy may make exceptions for unique situations, such as those involving undercover operations, or for life and safety considerations in areas of increased threat as covered under title 8, United States Code, for enforcement activities. The Department is directed to brief the Committees within 60 days of the date of enactment of this Act on the policy that has been developed, the implementation plan, how the Department intends to track compliance, and any associated resource costs.

Duplicative Activities.—The GAO's 2025 Annual Report entitled ''Additional Opportunities to Reduce Fragmentation, Overlap, and Duplication and Achieve Billions of Dollars in Financial Benefits'' notes that the Department has at least 20 open and unaddressed recommendations with another eight recommendations only partially addressed. The Department shall provide a report, not later than 180 days after the date of enactment of this Act, on the status of the Department's efforts to address the GAO's recommendations and any legal, resource, or other barriers preventing the Department from addressing the recommendations.

Ending Online Child Exploitation.—The agreement directs the Department to brief the Committees semiannually on all of the required data pertaining to Department-wide efforts to combat human trafficking and child exploitation and provide the appropriate committees of jurisdiction with an updated comprehensive study on human trafficking as required in the Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110–457). The briefing shall include steps the Department has taken to respond to the recent media reports concerning the safety and well-being of vulnerable unaccompanied children.

Enforcement and Public Safety.—The Department is directed to brief the Committees no later than 30 days after the date of enactment of this Act, and monthly thereafter, concerning any domestic law enforcement or immigration enforcement operation involving more than 35 Department of Homeland Security or other deputized law enforcement officers not assigned to the area of responsibility. The brief should include the total number of personnel deployed to the operation by the Department, component, or entity represented and the cumulative costs of the operation by funding source by TAFS. The report shall be transmitted in a classified format as necessary. The agreement directs the Department's Use-of-Force Policy (Policy Statement 044–05), implementing guidance, including investigative and documentation practices, as well as component-specific use of force policies, procedures, and training in effect as of the date of enactment of this Act, to be provided to the Committees within five days of enactment of this Act and any changes to that policy shall be made available to the Committees within 24 hours of such a change.

Future Goods and Services for Homeland Security Feasibility Report.—The Secretary, in conjunction with Federal Emergency Management Agency (FEMA) and Cybersecurity and Infrastructure Security Agency (CISA), as well as relevant departmental components and other Federal agencies and departments, shall provide a report to the Committees not later than 90 days after the date of enactment of this Act on the feasibility of producing an annual projection of needs for goods and services regarding response to and recovery from nationwide events. The feasibility report shall detail the ways in which sourcing domestic and foreign supplies affects response and recovery preparedness and shall include the potential impact of the development of a program that communicates anticipated national needs on the reliability of the supply chain.

Fiscal Year (FY) 2025 FEMA Preparedness Grants.—The agreement notes the apparent disregard for the 200-day statutory award mandate and concludes this lapse illustrates obfuscation beyond bureaucracy and breaches trust that puts American lives at risk and requires immediate attention. The withhold of these funds until the final week of FY 2025, and the continued stall of access to such funds nearly four months into FY 2026, has left states and localities, from the largest urban centers to the smallest rural towns, in a state of indefinite limbo ahead of near-term and high-security events such as the 2026 FIFA World Cup, America250 celebrations, and the 2028 Olympic games. Within five days of the date of enactment of this Act, FEMA shall provide the Committees with updated allocations for all FY 2025 preparedness grants and is directed to provide states full access to these funds within ten business days of the date of enactment of this Act.

Icebreaker Collaboration Effort (ICE) Pact Implementation.—The agreement directs DHS and the Coast Guard to provide a joint briefing within 90 days of the date of enactment of this Act, detailing the progress in ICE Pact implementation, future implementation timelines, and estimated resource or other needs, including statutory and regulatory changes, for full implementation.

Limited English Proficient Communities.—Not later than 90 days after the date of enactment of this Act, and annually thereafter, the Department is directed to provide a detailed report to the Committees covering the Department's annual advertising expenditures by component. The report shall identify expenditures that relate to limited

English proficient communities and shall delineate between forms of advertising such as television, radio, or internet.

Ms. L Settlement.—Within 90 days of the date of enactment of this Act, the Secretary shall brief the Committees on the settlement agreement that was approved by the U.S. District Court for the Southern District of California on December 11, 2023, in *Ms. L., et al. v. U.S. Immigration and Customs Enforcement, et al.*

Non-Leaded Ammunition.—Within 90 days of the date of enactment of this Act, the Department is directed to provide a report to the Committees that examines whether current brass and lead can be recycled and the environmental implications of such recycling. Within 180 days of the date of enactment of this Act, the Department is directed to report to the Committees on examining alternatives to traditional bullet backstops and berms in indoor and outdoor firing ranges that would mitigate or preserve their integrity for the reduction of lead dust and the ability to recycle and the availability of Reduced Training Hazard Ammunition to meet the current training requirements across DHS components. Additionally, the report shall include a summary of any amounts of lead or brass that were recycled by DHS and the cost of that recycling for the past five fiscal years.

Office of Homeland Security Statistics (OHSS).—Within 30 days of the date of enactment of this Act, the agreement directs OHSS to provide the monthly reports required in the explanatory statement accompanying Public Law 117–328 for fiscal year 2025 and provide monthly reports for fiscal year 2026. The agreement also directs OHSS to include in its report the arrest location and the number of repatriations by arresting agency, as well as detentions, removals, and ICE arrests of U.S. citizens, Lawful Permanent Residents, and former members of the Armed Services. The report shall include monthly data on self-deportations through the CBP Home App and include detailed summary-level data on prosecution types of charges broken down by sector, country of origin, asylum claim, and sentencing outcome.

Parole Report.—The Department is reminded of the requirement in the explanatory statement accompanying Public Law 117–103 to produce a report on its use of parole authority, including the number of parole requests received and granted, and for those granted, the rationale for each grant and its duration. The report shall be required monthly and shall be released at the same time as CBP releases its monthly operation statistics update.

Parole Requests for Servicemembers and Veterans.—The Department is directed to make available, on a publicly accessible website, an interactive dashboard detailing the number of such parole requests made, processed, approved, denied, and pending by month, along with the average processing time. For each parole request denial, the Department is directed to report the country of nationality or last habitual residence of the individual, whether the individual was discharged or released from service under honorable conditions, whether the individual was deployed overseas, their branch of service, and whether the individual has a spouse, child or other immediate family member residing in the United States.

Public Recording of DHS Law Enforcement Operations.—It is well established that American citizens can record law enforcement officers and agents carrying out their duties in public under the First Amendment of the U.S. Constitution, so long as those recording do not obstruct or interfere with law enforcement operations. Therefore, the Department is directed to ensure that all agents and officers are appropriately trained on the rights of individuals to record public operations. Not later than 90 days after the date of enactment of this Act, the Secretary shall brief the Committees on updated training provided to all officers and agents within the Department, both in the field and at Federal Law Enforcement Training Centers, and provide a semi-annual report to the Committees on any allegations or complaints of violations of First Amendment rights under investigation by any entity funded by this Act.

Recalcitrant Countries.—Not later than 90 days after the date of enactment of this Act, the Department shall, in consultation with the Department of State and other relevant agencies, brief the Committees on efforts to remove aliens encountered from countries who currently refuse to accept returns. This brief shall include the list of countries the Department considers recalcitrant, as well as the number of aliens from each of these countries subject to final orders of removal, including their detention status. The brief shall be submitted in unclassified form but may contain a classified annex.

Records Management.—The agreement directs the Department to maintain records and respond to records requests, consistent with the requirements of section 552 of title 5, United States Code, for information related to all detainees in the custody of the Department, regardless of whether such detainees are housed in a Federal or non-Federal detention facility. The Department should not withhold records from disclosure unless the Department reasonably foresees that disclosure would harm an interest protected by an exemption described in section 552(b) of title 5, United States Code or is otherwise prohibited by law.

Reporting Requirements.—The agreement continues the directives under the headings ''Policy on Legal Orientation and Access Within all Department Facilities,'' ''Family Separation from Parents and Legal Guardians,'' ''Separation of Family Units,'' and ''Family Reunification'' in Senate Report 118–85.

Short-Term Holding Facilities.—The agreement reminds DHS of the outstanding recommendation from GAO–16–514 to develop and issue guidance on how and which complaint mechanisms should be communicated to individuals in custody at holding facilities. DHS shall provide monthly updates to the Committees on its progress towards compliance in addition to the completed field guidance once applicable.

State Police and Crime Labs.—Within 90 days of the date of enactment of this Act, the Department shall report on its use of and partnerships with state crime labs, including funds associated with such partnerships, and should fully reimburse state crime labs for the service they provide to the Department.

Surge Operations Reporting.—The agreement directs the Department to report to the Committees on the number of daily arrests by field office on a biweekly basis in support of surge immigration enforcement operations conducted by the Department in fiscal years 2025 and 2026. The arrest data should include the arresting agency as well as the number of individuals who were arrested tied to targeted, intelligence-driven operations versus ancillary arrests, as well as arrest data for those with known criminal convictions in the United States. The biweekly report should also include by operation:

(1) the number of personnel assigned to each operation;

(2) the home agency and location of the personnel;

(3) length of detail assignments; and

(4) the cumulative costs of the operation.

Terrorism Watch List.—The Department shall notify the Committees within seven days if an individual on the Federal Bureau of Investigation's (FBI) Terrorist Screening Dataset is encountered by the Department, or another Federal agency supporting the Department's law enforcement mission at or between a port of entry, or while conducting immigration enforcement activities.

Transnational Repression.—Within 120 days of the date of enactment of this Act, the Department shall brief the Committees on the issue of transnational repression to include awareness of reported incidents, interagency coordination with the DOJ and other domestic Federal departments and agencies, and in coordination with the Department of State, and any related activities the Department has taken within the United States.

Tribal Consultation.—Department personnel interact with tribes and thousands of tribal members every day. Some Department personnel do not have training on tribal issues, which may lead to misunderstandings that negatively impact tribes, tribal members, and ultimately, the Department. The Department is required under Executive Order 13175 to consult and coordinate with tribal governments. The Department shall continue to consult and work with tribes to improve the mandatory, base-level training course for Department personnel, including but not limited to FTE, part-time employees, and contractors, who have regular interactions with tribal members or are likely to encounter tribal members at their duty station. This training should include education on recognizing tribal identification documents as valid forms of identification. Within 180 days of the date of enactment of this Act, the Department is directed to brief the Committees on the status of such training improvements.

Unaccompanied Minor Reporting.—Within 90 days of the date of enactment of this Act, and monthly thereafter, the Secretary shall provide the Committees with and make publicly available online a report which shall:

(1) include the number of individuals currently in ICE's custody who were transferred to ICE by the Office of Refugee Resettlement (ORR) and a breakdown, delineated by ICE area of responsibility, of the type of placement and accompanying justification for such placement;

(2) the number of unaccompanied children transferred by DHS (including DHS contractors) into ORR custody over the prior year, disaggregated by month, transferring agency, justification for such transfers, and each minor's age, gender, and country of nationality; and

(3) the number of unaccompanied minors removed or otherwise returned from the United States by DHS (including DHS contractors) over the prior year, disaggregated by month, returning agency, and each minor's age, gender, country of nationality, and country of return.

Women in Law Enforcement.—Within 90 days of the date of enactment of this Act, the Department shall brief the Committees on current Department-wide efforts to recruit and retain women in law enforcement. At a minimum, the briefing shall include information of all law enforcement components detailing: an overview of current recruitment and retention efforts of women by component with base funding for such efforts; success of current efforts including identification of the metrics of success by fiscal year; and the current percentage, broken down by seniority, of women in law enforcement per component. The briefing shall also identify planned recruitment and retention efforts by component for the next fiscal year, any funding requirements to improve the recruitment and retention of women in law enforcement fields by component with comparisons of similar efforts by other Federal law enforcement agencies, including the DOJ, and provide recommendations by component for new

programs or efforts that would further support the recruitment and retention of women in law enforcement.

Office of Strategy, Policy, and Plans

Countering Weapons of Mass Destruction (CWMD) Policy Coordinator.—The agreement includes the transfer of the Chemical, Biological, Radiological, Nuclear and Explosives (CBRNE) risk assessment functions and detection architecture within the Office of Strategy, Policy, and Plans. To ensure proper coordination within the Department, the Secretary is directed to appoint a Department-wide lead CBRNE coordinator, at the Senior Executive Service level, out of the funds transferred for this function. Within 90 days of the date of enactment of this Act, the Secretary shall brief the Committees on plans to ensure no degradation of the functions previously performed by the CWMD office.

Countering Weapons of Mass Destruction Transfers.—The agreement transfers the functions of the Countering Weapons of Mass Destruction office as described in the table below.

COUNTERING WEAPONS OF MASS DESTRUCTION

(in thousands of dollars)

Appropriation	Final Bill
OSEM—Operations and Support:	
CBRN Risk/Detection Architecture	33,182
National Biosurveillance Integration Center	24,036
CBP—Operations and Support:	
Radiation Portal Monitor Mission Support	4,356
CBP—Procurement, Construction, and Improvements:	
Radiation Portal Monitor Program	20,478
Radiation Portal Monitor Replacement Program	13,900
International Rail (IRAIL)	1,300
Handheld Radioisotope Identification Devices	750
Portable Detection End Items	1,290
TSA—Procurement, Construction, and Improvements:	
Portable Detection End Items	1,290
USCG—Procurement, Construction, and Improvements:	
Handheld Radioisotope Identification Devices	750
Portable Detection End Items	1,290
USSS—Procurement, Construction, and Improvements:	
Portable Detection End Items	1,290
FEMA—Operations and Support:	
Mission, Capability, and Operational Support	78,995
FEMA—Federal Assistance:	
CWMD Training, Exercises, and Readiness	19,559
Securing the Cities Program	34,465
Biological Support Program	83,657
S&T—Operations and Support:	
Mission Support for Research and Development	4,353
S&T—Research and Development:	
Transformational Research and Development	26,540
Technical Forensics	2,000
Detection Capability Development	21,460

Report on Crew-Served Weapons.—Within 90 days of the date of enactment of this Act, the Department shall make publicly available the total number of ammunition and weapons that are considered crew-served weapons that are in the possession of a component, other than the Coast Guard or CBP's Air and Marine Operations.

Office for Civil Rights and Civil Liberties

Investigations Backlog.—Within 60 days of the date of enactment of this Act, the Office for Civil Rights and Civil Liberties (CRCL) shall report to the Committees on the current status of its complaint investigations backlog and the processes CRCL is implementing to reduce the backlog.

Language Access Programs.—Within 180 days of the date of enactment of this Act, CRCL shall conduct an analysis of existing language access plans for the Department. The report shall include but not be limited to:

(1) an assessment of current language access plans;

(2) whether existing language access plans meet applicable requirements; and

(3) whether any legal rights orientations are provided in the appropriate language for migrants participating in agency programs. Any recommendations developed after review of the existing plans shall utilize the four-factor analysis identified in section 4 of the Department's Master Language Access plan.

Statutory Requirements.—Within 90 days of the date of enactment of this Act, CRCL shall report to the Committees, and publicly post on its website, how it is fulfilling the statutory requirements of the CRCL Office. CRCL shall provide detailed reports on these requirements, including the current staffing levels that support these statutory functions. The report shall also include data for the current fiscal year and the previous two fiscal years, broken out by month, on the number of complaints received by CRCL and how they were handled as well as the number of civil rights and civil liberties investigations open and closed during that time period. The report shall also include a description of any previous CRCL responsibility that is no longer being performed and steps CRCL is taking to comply with statutory requirements.

Office of Health Security

Child Well-Being Specialists.—The recommendation provides $18,050,000 for the Child Well-Being Specialists program. The agreement continues the reporting directive under the heading, ''Child Well-Being Professionals'' in the explanatory statement accompanying Public Law 118–47. Additionally, within 180 days of the date of enactment of this Act, the Office of Health Security (OHS) is directed to brief the Committees on the status of implementing the Child Well-Being Program.

Telemental Health and Employee Assistance Pilot.—The agreement provides $1,500,000 to continue the pilot efforts, as described in House Report 118–123 accompanying Public Law 118–47.

Workforce Wellness and Suicide Prevention.—The agreement provides $2,000,000 to expand Department-wide workforce wellness and suicide prevention efforts. Not later than 60 days after the date of enactment of this Act, OHS shall provide an update to the Committees on the status of these efforts and its plans for this funding.

Privacy Office

Collected Personal Information.—Within 180 days of the date of enactment of this Act, the Secretary shall submit to the Committees a report detailing the collection and use of personal information by all components of the Department. The report shall include information about the collection of personally identifiable data of U.S. and non-U.S. persons by all components of the Department, including data reflecting expressive or associational activities, and including but not limited to collection from social media platforms, data brokers, electronic devices, applications for services and accreditations provided by components, encounters at POEs, and other travel information. It shall also include: how the data is stored, shared, and accessed; which internal components it is shared with; which partners inside and outside the Federal Government it is shared with, including but not limited to SLTT law enforcement, foreign governments, and private businesses; the legal basis for its collection; and all civil rights, civil liberties and privacy mechanisms that are used to protect the rights of individuals whose data is accessed, stored, or shared. Finally, the report shall address any mechanisms that allow individuals to seek redress if they believe that they are erroneously included in any of the lists maintained by the Department or erroneously subjected to additional screening, scrutiny, or surveillance as a result of a Department risk assessment process. The report shall be provided in an unclassified manner that can be shared with the public to the greatest extent possible and with a classified annex as necessary.

Freedom of Information Act (FOIA) Backlog.—The agreement provides $10,000,000 to address the FOIA backlog. Within 90 days of the date of enactment of this Act, the Department shall submit to the Committees a report on the status of the FOIA backlog, its efforts to ensure that FOIA reading room and information requests continue, and how the Privacy Office is using generative artificial intelligence and automation technologies to streamline the process and reduce the backlog.

Office of the Citizenship and Immigration Services Ombudsman

Federal Employment Separation Data.—DHS is directed to brief the Committees, not later than 60 days after the date of enactment of this Act, providing the full number of Federal civilian employees in service at the Office of the Citizenship and Immigration Services Ombudsman (CISOMB) on January 20, 2025, including those in full and part-time status, along with the full number of employees separated from service since January 20, 2025, through enactment. The brief will further provide metrics for measuring performance of statutorily required functions at a PPA level and the number of:

(1) terminated probationary employees categorized as new to government or recently promoted;

(2) employees placed on administrative leave;

(3) employees who participated in the Deferred Resignation Program;

(4) employees voluntarily separated and received separation incentives or early retirement payments;

(5) employees separated through formal Reduction in Force plans; and

(6) employees utilizing optional immediate retirement, categorized by department, pay plan, grade, occupational classification and duty-station location beginning January 20, 2025.

Citizenship and Immigration Services Ombudsman Reporting Requirements.—Not later than 90 days after the date of enactment of this Act, and quarterly thereafter, the Department is directed to brief the Committees on its hiring process including a breakdown of how the office intends to allocate fiscal year 2026 funds to each of the following divisions: Executive, Casework, Policy, Public Engagement, Strategy, and Operations. CISOMB is directed to include information about progress made in appointing regional representatives. The briefing shall also include the staffing levels for each of the divisions and regions mentioned above. The briefing shall also include the following information on case requests from the date of enactment up until the briefing:

(1) the total number of requests received;

(2) the number of requests received or sent to USCIS within 30 days of receipt;

(3) the number of public stakeholder engagement events conducted;

(4) the total number of requests outstanding by CISOMB; and

(5) a detailed plan for replying to requests for case assistance within a timely manner.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $8,911,000 for the Office of Health Security for the Medical Information Exchange.

MANAGEMENT DIRECTORATE

OPERATIONS AND SUPPORT

The agreement provides $1,690,380,000 for Operations and Support.

Congressional Requests for Information Tracking Software.—The agreement provides $1,000,000 for the procurement of a consolidated system to better equip the Chief Financial Officer (CFO) to track and provide oversight of outstanding briefing or information requests that the Committees have

made to the Department or a component. Not later than 60 days after the date of enactment of this Act and monthly thereafter, the Department is directed to brief the Committees on the status of all outstanding responses to requests for information, briefings, and overdue reports and briefings stemming from statutory or report requirements. This briefing shall include representatives from each DHS component with outstanding responses due to the Committees. Each representative shall provide detailed information on the current status of each overdue requirement and the expected date of delivery.

Fiscal Year 2027 Budget Justification.—The CFO is directed to ensure that fiscal year 2027 classified and unclassified budget justification materials for all components are submitted concurrent with the President's budget submission to Congress. The agreement continues the requirements under ''Fiscal Year 2025 Budget Justification'' as detailed in Senate Report 118–85 for fiscal year 2027.

Hiring in Rural Communities.—Not later than 90 days after the date of enactment of this Act, the Department shall provide a report to the Committees on the challenges of recruiting and retaining Federal employees in non-contiguous and rural states, and including discussion of Native American, Alaska Native, and Native Hawaiian populations. The report shall also provide an assessment of the effect these vacancies have on the ability of components to accomplish their statutory and administrative responsibilities and shall specifically describe steps the Department has taken to address the identified challenges.

Homeland Advanced Recognition Technology (HART) System.— In addition to the requirements in the House Report under this heading, the Department shall provide the Committees with similar updates regarding the Automated Biometric Identity System (IDENT). The Department shall also continue the disclosure of technologies, data collection mechanisms, and sharing agreements among Department agencies, other Federal, state, local, and foreign law enforcement agencies, and fusion centers as it relates to the development of the HART biometric database. In cases where the Department relies on information obtained through the HART database or through Department of State foreign intelligence sharing to separate a minor child from a parent, primary caregiver, or close relative who is caring for or traveling with that child, the Department shall report this incident to the OIG and CRCL within 24 hours of the separation, unless the separation was a result of an adult posing a danger to a minor, the adult has serious criminal history, or if the parental or custodial relationship cannot be verified.

Hiring Plans.—Within 60 days of the date of enactment of this Act, the Chief Human Capital Officer, in consultation with the CFO, is directed to brief the Committees on projections, by component, for hiring goals associated with funding from Public Law 119–21, to include how new positions will be tracked and transferred between appropriations provided by this Act and appropriations provided by Public Law 119–21.

Office of Biometric Identity Management (OBIM).—The agreement includes $271,000,000 for OBIM. OBIM is directed to continue briefing the Committees on a semiannual basis on its workload, service levels, staffing, modernization efforts, and other operations. Any proposal to transfer the functions of OBIM shall include a detailed plan accompanied by a briefing that demonstrates how the Department will disburse OBIM functions and provide a seamless transfer of biometric identity functions in service of the Department and its mission partners.

Office of Program Accountability and Risk Management (PARM) Dissolution.—The agreement maintains funding for PARM and does not include the proposed transfer of the Office to the Immediate Office of the Undersecretary for Management. If the Department proposes dissolution of PARM in fiscal year 2027, the agreement directs the Department to provide a plan that details the transfer of the responsibilities performed by PARM to other entities, including the oversight of contracting activities. The written plan shall be accompanied by a brief that confirms what entities will provide oversight for each Major Acquisition Oversight List Level One or Level Two program.

Public Reporting on Final Spend Plans.—Within 60 days of the date of enactment of this Act and quarterly thereafter, the Department shall publicly post spend plans. At a minimum, the report shall include the purposes and amounts at the PPA level, identify the sources of funds, and reflect final decisions from all reprogramming and transfer actions executed under the authorities provided by section 503 of this Act.

Science, Technology, Engineering, and Mathematics (STEM) Hiring.—The agreement directs the Department to provide a briefing not later than 120 days after the date of enactment of this Act on actions taken to streamline pathways for qualified STEM graduates, including any updates to guidance, training, or public-facing materials.

Small Unmanned Aircraft Systems (sUAS) Procurement.—For any acquisition using funds provided in this Act, the Department is directed to require certification of review of the industry alert and completion of a risk assessment that considers the proposed use of foreign-made UAS.

Technology Modernization Fund (TMF) Reporting.—The agreement directs the Department to provide notice to the Committees when the Department or a component submits an initial project proposal to the Technology Modernization Board. If a proposal from the Department or component is accepted, the Department shall provide the Committees a briefing on the project and the plan for reimbursing the TMF, including identifying the projected cost savings, within 20 business days of acceptance.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $58,106,000 for Procurement, Construction, and Improvements. This includes $25,000,000 to support development efforts in OBIM, $16,000,000 for Financial Systems Modernization, $8,434,000 for One Net, $3,400,000 for Counter Unmanned Aerial Systems operations at National Special Security Events, $3,272,000 for the DHS Data Framework, and $2,000,000 for Human Resources Information Technology.

INTELLIGENCE, ANALYSIS, AND SITUATIONAL AWARENESS

OPERATIONS AND SUPPORT

The agreement provides $340,819,000 for Operations and Support, of which $121,274,000 is made available until September 30, 2027. The agreement includes $6,000,000 for 2026 FIFA World Cup and America250 activities and $8,417,000 for counter fentanyl activities.

Continuation of Reporting Requirements.—For the next five years, the Department, in coordination with the FBI, shall continue to produce reports first required under section 5602 of Public Law 116–92. Each report shall be provided to the Committees in addition to any other committees receiving the report.

Cyber Harassment Threat Assessment.—Within 180 days of the date of enactment of this Act, the Department shall develop and publicly disseminate a threat assessment on the use of cyber harassment by terrorists and foreign malign actors.

Intelligence Expenditure Plan.—The agreement continues the requirement under this heading in Senate Report 118–85, to include through fiscal year 2026.

State Judicial Security.—The agreement directs the Office of Intelligence and Analysis (I&A) to work with fusion centers to draft and implement a plan to increase outreach to stakeholders, as appropriate, to ensure that intelligence and threat information impacting Federal and state employees is shared to the extent possible, and to brief the Committees on such plan within 180 days of the date of enactment of this Act.

OFFICE OF INSPECTOR GENERAL

OPERATIONS AND SUPPORT

The agreement provides $257,599,000 for Operations and Support, including: $5,430,000 for Zero Trust Network Architecture, $20,000,000 for additional inspections and oversight of detention facilities, and $12,814,000 for oversight of the execution of funds provided in Public Law 119–21.

Deputization of Federal Law Enforcement for Immigration.—The Inspector General shall report to the Committees within 60 days of the date of enactment of this Act on collaboration with other Inspectors General on oversight of immigration enforcement including with, but not limited to, DoD and DOJ. The report shall include the number of law enforcement officers from each agency that have been deputized, the immigration enforcement authorities they are operating under, and the length of their details.

Supplemental Reconciliation and Detention Funding.—The Inspector General shall brief the Committees not later than 90 days after the date of enactment of this Act on oversight plans for detention and for funding provided in Public Law 119–21, including how the resources provided in this Act will be executed in support of those oversight activities. The agreement further directs the Inspector General to provide to the Committees not later than 60 days after the date of enactment of this Act all unfunded requirements to conduct oversight of the funding provided in Public Law 119–21.

TITLE I—ADMINISTRATIVE PROVISIONS

Section 101. The agreement continues a provision requiring the Inspector General to review grants and contracts awarded by means other than full and open competition and report the results to the Committees.

Section 102. The agreement continues and modifies a provision requiring the CFO to submit monthly budget execution and staffing reports within 30 days after the close of each month.

Section 103. The agreement continues a provision requiring the Secretary, in conjunction with the Secretary of the Treasury, to notify the Committees of any proposed transfers from the Department of Treasury Forfeiture Fund to any agency at DHS. No funds may be obligated prior to such notification.

Section 104. The agreement continues a provision related to official travel costs of the Secretary and Deputy Secretary.

Section 105. The agreement continues and modifies a provision requiring the Under Secretary for Management to provide quarterly briefings on acquisition information to the Committees.

Section 106. The agreement continues a provision restricting the use of funding for certain pilot programs unless the Secretary submits specified information to the Committees related to the program's goals, metrics, and implementation plan.

Section 107. The agreement includes a new provision related to the collection of intelligence.

Section 108. The agreement includes a new provision related to Inspector General oversight.

Section 109. The agreement includes a new provision related to the procurement, deployment, and operations of body-worn cameras.

TITLE II—SECURITY, ENFORCEMENT, AND INVESTIGATIONS

U.S. CUSTOMS AND BORDER PROTECTION

OPERATIONS AND SUPPORT

(INCLUDING TRANSFER OF FUNDS)

The agreement includes $17,727,974,000 and within the total amount provided, the bill makes $550,000,000 available until September 30, 2027, to provide limited flexibility for certain activities.

Compliance With National Standards on Transport, Escort, Detention, and Search (TEDS).—The agreement reaffirms and directs CBP to comply with the agency's National Standards on TEDS policy when encountering an alien, including in the field and prior to their processing at a holding station or facility. The agreement further reaffirms and directs that aliens encountered at the southwest border should be expeditiously processed and not forced to wait outside for extended periods of time. CBP shall provide notice to CRCL within 24 hours if the agency holds aliens outside for more than 12 hours. CBP shall provide adequate shelter, water, food, sanitation, medical care, and other necessities and prioritize expeditious processing; the agency should take special care to comply with this requirement when aliens face severe weather or experience medical emergencies in the field.

Developing and Using Predictive Analytics.—The agreement directs CBP to provide, within 45 days of the date of enactment of this Act, a list of all analytic and modeling capabilities at the agency, a description of the data provided by those capabilities, how CBP currently uses that data, and any plans to expand that use. Further, CBP shall provide a briefing within the same timeframe to the Committees with a plan to incorporate the data output from analytic and modeling investments into reporting requirements in fiscal year 2026 and budget justifications for fiscal year 2027.

Digital Forensics.—The agreement provides $5,000,000 for enhanced digital forensics capabilities including on-site data extraction, data recovery, decryption, and analysis. Not later than 90 days after the date of enactment of this Act, CBP is directed to brief the Committees on the status of this effort.

Electronic Device Searches.—The agreement continues to require CBP to publish annually and make publicly available on its website data pertaining to searches of electronic devices the number of instances, delineated by the nationality (to include U.S. persons) and initial country of departure, in which CBP personnel:

(1) accessed the digital contents of any electronic equipment belonging to or in the possession of an individual;

(2) accessed the digital contents of an online account, including social media handles and cloud-based accounts;

(3) requested consent to access the digital contents of any electronic equipment belonging to or in the possession of a U.S. person, delineated by whether permission was granted;

(4) requested a U.S. person to consensually disclose a credential that would enable access to the digital contents of electronic equipment of such person, delineated by whether the credential was disclosed;

(5) detained an individual for refusing to disclose or provide consent to access the digital contents of any electronic equipment belonging to them or in their possession, delineated by whether the individual was a U.S. person and including the length of time the individual was detained, and aggregate data regarding the race and ethnicity of individuals; and

(6) searched an electronic device at the request of a Federal, SLTT, or foreign governmental entity, including another component of the Department, or disclosed to such entity information from any searched device.

Emergency Driving and Vehicular Pursuits.—The agreement directs CBP to provide a report within 180 days of the date of enactment of this Act, on the following:

(1) the number of vehicular pursuits over the last three fiscal years, disaggregated by component, reason for pursuit initiation, reason for pursuit termination, pursuit disposition, location, duration, distance, maximum speed, use of force, involvement of other agency/organization, injuries, and fatalities;

(2) a detailed description of all training curriculum and materials relating to CBP Directive No. 4510–026B, any updates or modifications thereto, and statistics on the training of personnel to date;

(3) a detailed description of the Vehicular Pursuits Review Committee(s) including membership, frequency of meetings, number of incident reports reviewed to date disaggregated by fiscal year, and outcomes of the reviews;

(4) a detailed description of review and compliance assessments by the National Use of Force Review Board and Local Use of Force Review Boards regarding vehicular pursuit incident reports, including the number of incident reports reviewed in the previous fiscal year and outcomes of the reviews; and

(5) all final reports of investigations by the CBP Office of Professional Responsibility relating to emergency driving or vehicular pursuits. Each of these records shall be made available to the public with appropriate redactions not later than 90 days after the date of submission to the Committees.

Independent Verification & Validation (IV&V).—Not later than 90 days after the date of enactment of this Act, the Commissioner shall submit a plan to utilize IV&V resources for each level 1, 2 and 3 major acquisition program. Not later than 30 days after each quarter, the Commissioner shall provide a briefing to the Committees that includes the following:

(1) a listing of each level 1, level 2, and level 3 major acquisition program;

(2) acquisition programs that have IV&V resources assigned; and

(3) a summary of the findings of any IV&V activities or an explanation for why no such verification and validation has been performed.

Integrating Budget Requests.—The agreement continues its direction to CBP to include with any requests for new funds a description of other programs the investment is expected to impact and a description of the anticipated impact. This should apply to both internal CBP impacts and impacts across other DHS components. The agreement directs CBP to provide a plan and a briefing within 60 days of the date of enactment of this Act on how the agency will comply with this requirement.

International Training and Assistance Programs.—CBP is directed to provide a briefing to the Committees not later than 180 days after the date of enactment of this Act, on technical training and assistance to build the border security and customs capacity of foreign law enforcement agencies, including which countries and law enforcement agencies CBP provided such training to and the type of training provided.

Northern Border Strategy and Resources.—Not later than 90 days after the date of enactment of this Act, and quarterly thereafter, Border Patrol and the Office of Field Operations (OFO) are directed to brief the Committees on efforts to address northern border staffing issues, alien encounters, drug seizures, and northern border operations. At a minimum, the brief shall include information on staffing levels at each sector, a review of both Border Patrol and OFO's table of organization in light of changing levels of activity along the northern border, and actual staffing levels compared to projected requirements. For Border Patrol, the brief shall include border security technology requirements and investments made and planned to include increased reliance on autonomous systems. Additionally, the brief shall address challenges for telecommunications and signal transmission posed by mountainous areas. Further, the agreement directs CBP to assess the technological needs across the northern border and provide a report within 180 days after the date of enactment of this Act on its plan to address these needs. For OFO, the brief shall include data on any changes in hours of ports of entry, to include an explanation for why those hours were changed and how OFO assesses future changes. Finally, the agreement continues the requirement for CBP to notify the Committees should CBP determine that it is necessary to divert more than 10 percent of staffing in any sector or field office along the northern border to other assignments along the southwest border or other ports of entry. The notification shall occur within 15 days of deployment and include the number and location of the personnel diverted, any operational impacts on the sector, the duration of the diversion, and when the personnel shall return to their posts.

Polygraph Flexibility and Law Enforcement Suitability Analysis.—Not later than 180 days after the date of enactment of this Act, CBP shall brief the Committees on the number of CBP Law Enforcement applicants eligible for a polygraph waiver, the number of waivers granted, and the impact on hiring. The agreement also directs CBP to submit a report on the effectiveness of Law Enforcement Pre-Employment Test polygraph examinations within 90 days of the date of enactment of this Act. The report shall again include data comparing CBP's failure rates to those of other Federal law enforcement agencies; a list of admissions elicited during polygraph tests since CBP implemented a mandatory polygraph test requirement; details regarding the total and annualized number of such admissions and types of admissions; and an assessment of this test compared to the Law Enforcement Pre-Employment Test certified by the National Center for Credibility Assessment. This assessment shall include a detailed analysis of the effectiveness of both tests.

Prison Rape Elimination Act (PREA).—The agreement directs CBP to post on its website within 60 days of the date of enactment of this Act a schedule for achieving 100 percent compliance with PREA requirements. In addition, the agreement urges CBP to examine options to provide PREA training to relevant agency staff and personnel during their onboarding process and to maintain annual training.

Recruitment, Hiring, and Retention.—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve hiring and retention at all of its law enforcement components, including existing and planned strategies and initiatives to accomplish this goal. CBP shall prioritize and continue efforts to use available incentives to recruit and retain employees in rural and remote areas and explore other strategies, such as innovative pilot programs that include successful strategies from the private sector, career path enhancements, alternative schedules, and workforce support

programs for employees who are willing to choose such locations. CBP shall ensure that staff are trained on recognizing signs of trauma exposure, understanding common behaviors of people exposed to trauma, and trauma-informed practices. The agreement directs CBP to review existing Federal assessment programs, such as USA Hire, for use within the agency. Additionally, the agreement directs the Commissioner to submit a report within 120 days of the date of enactment of this Act detailing the impact that mental health hours, alternative work schedules, on-duty physical fitness, and other related incentives have on personnel morale, recruitment, and retention. The report should also include such policies' impact on CBP's ability to achieve its national and economic security mission at 24-hour ports of entry.

Reporting Requirements for Deaths in Custody.—CBP shall continue to provide the data required in House Report 116–180 regarding deaths of individuals in custody.

Tracking the Use of Warrants in Arrests.—The agreement directs CBP to report within 45 days of the date of enactment of this Act, and quarterly thereafter, on the number of warrantless arrests it conducts and in how many of those arrests CBP had established probable cause that the arrested individual was in fact undocumented and determined they pose a flight risk.

Transportation Checks and Roving Enforcement.—The agreement directs CBP to continue to collect and semiannually report to the Committees data pertaining to Border Patrol transportation and immigration checkpoints. The report shall exclude law enforcement sensitive information and include necessary redactions of all personal and identifying information about specific individuals. The report shall include, at a minimum, the total number of patrol stops made by CBP personnel during transportation checks and a description of the boarding of public conveyances by CBP personnel at air, maritime, and land environments, including ports and terminals. Additionally, the report shall include the following information when an arrest is made: the total number of arrests by location; the total number of use-of-force incidents during an arrest by location; the citizenship status of any individual arrested; and the total amount of drugs, currency, and firearms seized as a result of transportation checks. The report shall also include the following information pertaining to immigration checkpoints: the location of all tactical and permanent checkpoints that were in operation for any period of time; the total number of arrests by location; the total number of use-of-force incidents during an arrest by location; the citizenship status of subjects stopped or arrested following secondary inspection at checkpoints; and the total amount of drugs, currency, and firearms seized at checkpoints.

Border Security Operations

Border Barrier Updates.—Not later than 60 days after the date of enactment of this Act, and quarterly thereafter, the Commissioner is directed to brief the Committees on the status and plans for border barrier construction to include wall system attributes, other tactical infrastructure including, but not limited to, roads, lighting, and technology associated with barrier construction. The report shall include:

(1) total funds obligated since January 2021 by project and Border Patrol sector;

(2) total funds planned for obligation by project, including number of miles and type of barrier, and Border Patrol sector;

(3) a description of the type of project, to include, at a minimum, the amounts obligated and outcomes for each of the following:

(a) construction of new barriers, replacement of existing barriers, or closure of gaps;

(b) installation of gates;

(c) linear ground detection capabilities; and

(d) activities necessary to address life, safety, environmental, or other remediation requirements; and

(4) data that describes the operational impact resulting from the border barrier and related investments and how it impacts other programs at CBP, e.g., border surveillance technology, air and marine capabilities, and personnel.

Border Patrol Hiring.—The agreement sustains 22,000 Border Patrol Agents. Not later than 90 days after the date of enactment of this Act, CBP shall brief the Committees on its plans to address hiring and retention challenges, including academy attrition. Additionally, the brief should also address a timeframe for bringing onboard the additional agents, how additional agents hired will impact the total number of agents on the northern border, and how CBP is changing policies to ensure appropriate oversight of Border Patrol activities.

Border Patrol Supervisor Staffing.—The agreement directs CBP to report quarterly on:

(1) the number of supervisory agents assigned at headquarters, each sector, and each station;

(2) the number of agents assigned to administrative and non-enforcement positions;

(3) the number of agents assigned to intelligence positions; and

(4) the number of agents assigned to task forces.

Counter-UAS (cUAS) Operations.—CBP, in coordination with I&A, shall provide a briefing to the Committees not later than 120 days after the date of enactment of this Act outlining the current threats posed by the use of drones by transnational criminal organizations along the border, the resources necessary to deter this threat, and any authorities or resources that would allow for CBP to better interdict and deter narcodrones, including consolidation of the existing concepts of operations (CONOPS) in southwest border sectors into a single CONOPS overlaying the entire southwest land border.

Multiple-Use Public Lands on the Southwest Border.—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees, in coordination with DoD, on the multiple-use public lands along the southern border that have been transferred to DoD. The briefing shall include:

(1) the level of collaboration between CBP employees with law enforcement and immigration enforcement authorities and DoD;

(2) the division of responsibilities for patrolling the National Defense Area between CBP and DoD personnel; and

(3) summaries of any encounters between CBP employees in the National Defense Area and U.S. citizens or any other individuals lawfully present in the United States.

Non-Mission Duties.—Not later than 30 days after the date of enactment of this Act, CBP shall submit to the Committees a detailed report which shall include:

(1) the total number of CBP agents or officers carrying out non-mission duties;

(2) identification of the funding source associated with non-mission duties;

(3) the rationale for CBP personnel to perform non-mission duties and the duration they are expected to perform those duties;

(4) a detailed description of all training required for CBP agents and officers to carry out the non-mission duties; and

(5) identification of any impacts to CBP's mission due to agents and officers carrying out non-mission duties. The report does not need to include CBP personnel on temporary duty (TDY) assignment within CBP but shall include TDY assignments to other DHS components and executive branch departments.

Reporting on Prosecutions for Improper Entry and Reentry.—Within 60 days of the date of enactment of this Act, CBP in coordination with ICE and USCIS, shall make publicly available the following records and data on improper entry and reentry prosecutions redacted only to the extent required by FOIA:

(1) policy guidance currently in use regarding referrals for prosecutions;

(2) numbers of individuals referred for prosecution, broken down by sector; and

(3) numbers of individuals referred for prosecutions who are charged and sentenced.

Data shall also include whether the individual has claimed asylum, country of origin, race, and justification for referring each individual for prosecution for improper entry and or reentry offenses. In addition, the Department shall provide the Committees with CBP's latest Consequence Delivery System guidance, in both unredacted and redacted (consistent with FOIA) versions, and promptly update with any changes made.

Short Term Detention.—CBP shall continue to follow the directives in the explanatory statement accompanying Public Law 116–260 related to Holding Facility Length of Stay and Short-Term Detention, as well as the directives in House Report 116–458 on Initial Health Screenings, High-Priority Populations, Medical Equipment and Personnel, Access to Water and Food, Holding Facility Standards, Consumables, Child Welfare Professionals, Families in Custody, Personnel Training, Migrant Property, and Migrants-Safety. Additionally, within 90 days of the date of enactment of this Act, the Commissioner shall provide a report to the Committees on infrastructure changes, training protocols, and other investments to ensure the safe, humane, and orderly processing of single adults, families, and unaccompanied children in CBP custody, in compliance with the TEDS as well as the Flores Settlement.

Workload Staffing Model for Between the Ports.—Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the status of their work that demonstrates the impact, with data, that existing and potential resources are expected to have on personnel needs. Further, the agreement directs CBP to prioritize completion of the staffing model within fiscal year 2026. CBP shall brief the Committees within 60 days of the date of enactment of this Act on plans to meet this deadline to develop and use such a model. Within 90 days of the date of enactment of this Act, CBP shall provide a report to the Committees detailing the model and the process that CBP used to create and validate the model. The report shall include descriptions of:

(1) steps and associated timelines taken to create the model and resources used to develop it;

(2) data sources and methodology used to generate the model;

(3) actions taken to independently verify the model, including on the following dimensions: data source analysis and findings; variables and assumptions; processes, information, distribution, and reporting; advanced analytics; and probability and risk analysis;

(4) an inventory of Border Patrol technology assets and how those assets and their capabilities inform workload staffing requirements; and

(5) a plan for periodically updating and improving upon the model, including a plan for incorporating planned technology investments and associated, including changes in programs and processes, air and marine assets, and deployment of additional surveillance technologies.

Trade and Travel Operations

Access to Counsel at Ports of Entry.—Within 90 days of the date of enactment of this Act, the agreement directs CBP to provide a briefing on the requirements to ensure that individuals with lawful travel documents are given a meaningful opportunity to consult with counsel and/or an interested party within one hour after entering CBP's secondary or deferred inspection. In identifying the requirements, CBP should assume that the counsel and interested party shall be allowed to advocate on behalf of the individual and, to the greatest extent practicable, be allowed to appear in person at the secondary or deferred inspection site. Individuals for the purpose of this section shall include a national of the U.S.; an immigrant lawfully admitted for permanent residence who is returning from a temporary visit abroad; an individual seeking admission as an immigrant in possession of a valid unexpired immigrant visa; an individual seeking admission as a nonimmigrant in possession of a valid unexpired nonimmigrant visa; a refugee; a returning asylee; or an individual who has been approved for parole.

Advanced Electronic Data (AED).—Within 180 days of the date of enactment of this Act, CBP shall provide a report to the Committees on the implementation of the AED initiative. This report must include:

(1) total volume received by United States Postal Service (USPS) and volume containing AED;

(2) the volume received by country containing AED;

(3) number of packages CBP requests to screen and the number actually tendered by USPS;

(4) reports on the number of goods seized during blitzes on Mail Facilities; and

(5) volume received from countries exempted from AED by CBP.

Agricultural Inspections.—CBP shall continue working with the U.S. Department of Agriculture (USDA) to better leverage existing staff in addressing the agricultural inspection workload, such as through the authorization of additional work hours or dual certification.

Assessing Options for Fishing Vessels Crew.—To mitigate the impacts from restricting crewmen entry associated with the federally managed longline fishing fleet based out of Hawaii, as well as countering illegal, underreported, and unregulated fishing by foreign fleets including China, the agreement directs CBP to assess options for a limited or temporary use of authority to allow for the entry of designated crewman via air travel and transfer to their place of employment onboard longline fishing vessels and provide a list of options to the Committees within 90 days of the date of enactment of this Act.

Border Security Deployment Program (BSDP).—The agreement includes not less than $33,600,000 to maintain and modernize the BSDP system infrastructure. The agreement directs CBP to provide a briefing within 90 days of the date of enactment of this Act on efforts to modernize and expand this system at land ports of entry (LPOEs).

Cannabis Seizures.—Within 120 days of the date of enactment of this Act, CBP shall provide to the Committees a briefing on cannabis seizures to include products containing cannabis or related paraphernalia that are possessed, sold, or transferred by a cannabis distributor in compliance with applicable state or tribal law and regulations.

CBP Home Mobile Application.—Within 120 days of the date of enactment of this Act, the agreement directs CBP to provide the following information on the use of the CBP Home mobile application:

(1) current uses of the application to include purpose, users, and data collected and/or shared through the application;

(2) a list of the agencies and programs that have access to the data (including sharing of data) and the reason the data is shared with that agency; and

(3) plans for any changes to the use of the application. Any such changes shall be reported to the Committees prior to execution of such change.

Combatting Forced Labor.—The agreement directs CBP to allocate not less than fiscal year 2025 levels to forced labor enforcement capabilities and to continue to support implementation of the Uyghur Forced Labor Prevention Act (UFLPA) (Public Law 117–78) and support additional personnel, technological capability, training, and other activities to faithfully implement the law and protect U.S. consumers from products tainted by forced labor and reduce unintended impacts on supply chains. Within 60 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on implementation of the UFLPA, including an update on addressing the challenge of transshipment of Xinjiang Uyghur Autonomous Region-related goods, the tools and technology CBP deploys to enhance enforcement of the law, steps to coordinate international engagement to prevent bifurcated supply chains or dumping grounds for the products of forced labor, the obstacles to enforcing UFLPA in cases of rail, road, and air transportation, and CBP engagement with shippers to ensure timely but full review of shipments flagged for review.

Data on Asylum Seekers.—The agreement directs OFO to continue to produce a monthly report detailing for each preceding month: the POEs along the southwest border at which queue management or metering practices have been employed; the number of asylum seekers processed at each such POE; and the number of asylum seekers turned away. The report shall include whether CBP is engaging in queue management and if so, are capacity and resource constraints leading to or requiring the implementation of queue management recommendations for alleviating such capacity and resource constraints at POEs; and any agreements or arrangements between CBP, or the Federal Government, and Government of Mexico authorities involving efforts to restrict the number of potential asylum seekers that can access a POE prior to entering the United States. Further, the agreement directs CBP to include within its monthly southwest migration reports data detailing the number of individuals claiming fear or attempting to claim a fear of return to their home country, in addition to, and separate from, its monthly apprehension and inadmissible statistics. The data should include individuals presenting at both POEs and between POEs claiming credible fear as a separate, distinct category from either the monthly ''apprehensions'' or ''inadmissibles'' statistics.

E–Cigarettes.—The agreement directs CBP to allocate not less than $5,000,000 to improve coordination between OFO and the Food and Drug Administration (FDA) with respect to the multi-agency work on illegal e-cigarettes. Specifically, the agreement directs CBP to:

(1) improve its coordination with the FDA, as part of the multi-agency task force on illegal e-cigarettes;

(2) increase the number of random joint inspections at POEs and targeted inspections of entries by known manufacturers, brokers, and importers of illicit e-cigarettes;

(3) increase the number of field examinations at POEs with high import volumes to target manufacturers, importers, and brokers known to engage in illicit activity; and

(4) improve screening systems, including risk-based analytics tools, including through additional training for field staff, to detect mis-declared e-cigarette imports.

Environmental Crimes Enforcement.—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the activities and resources applied towards the enforcement of the Lacey Act amendments of 2008, which help address international deforestation and combat the trade of illegal wildlife and timber products. The briefing shall include efforts by CBP to assist USDA's Animal and Plant Health Inspection Service with the electronic collection of data as well as continued consultations with trading partners, importers, exporters, and other interested groups as the provisions of the Act are fully implemented. Additionally, CBP shall provide the Committees a briefing within 90 days of the date of enactment of this Act on actions and funding to combat illegal, unreported and unregulated fishing-related activities relating to the illegal timber trade.

Foreign Trade Zones (FTZ).—The agreement provides $1,000,000 for FTZ-dedicated regional staffing. Within 120 days of the date of enactment of this Act, CBP shall provide a briefing on the current state of FTZs, the number and type of CBP personnel supporting FTZ work, and their subsequent time allocations spent on FTZ operations, including activation and ongoing compliance checks, the performance measures used to evaluate the impact of FTZs, the level of support provided by CBP, and plans for expanding FTZs. Additionally, CBP shall include with the briefing a plan for incorporating requirements relating to FTZs in the OFO Workforce Staffing Model.

Identifying Fentanyl Analogues and Related Substances at the Southwest Border.—CBP shall identify the specific types of fentanyl analogues and fentanyl-related substances, as defined by Public Law 116–114, it encounters at POEs. The Commissioner shall include the totals of fentanyl analogues and fentanyl-related substances, in addition to the other controlled substances for which it reports data in its drug seizure statistics, and make such information publicly available not less than monthly. The agreement directs CBP to continue to pursue and rapidly deploy innovative and proven border technology to detect, interdict, and deter the flow of illicit drugs, including fentanyl, carfentanil, and heroin. Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on how the agency tracks fentanyl data with the Drug Enforcement Administration and whether current capabilities allow for a comprehensive fentanyl tracking system, which includes documentation of seizure location, chemical composition, probable or known manufacturing location, and probable or known point of entry into the United States, if applicable.

Imported Wood Products.—The agreement directs CBP to provide a report to the Committees not later than 180 days after the date of enactment of this Act detailing CBP's current role in the wood importation declaration process, how it interacts with other agencies, and concrete steps the agencies can take to expedite shipments that are delayed.

International Mail and Express Consignment Facilities.—Previously provided funds and funds provided in this Act shall be made available to reduce the entry of scheduled narcotics and other illicit and restricted drugs (and their precursor materials) for facility improvements, detection and testing equipment upgrades, increased capacity for testing and storing illegal and regulated substances, interoperability improvements with FDA detection equipment, and innovative technologies that apply advanced analytics and machine learning capabilities.

International Tourism.—Within 90 days of the date of enactment of this Act, CBP shall

provide a briefing to the Committees on travel data to the United States that covers fiscal years 2023 to 2025 and includes total number of visitors, mode of entry (air, land, sea POE) and total amount of immigration and customs fees collected. The Committees direct GAO, within 120 days of the date of enactment of this Act, to issue a report studying changes in travel to the United States and impacts on national, regional, and local economies and the tourism industry.

Locality Payscale Flexibility.—The explanatory statement accompanying Public Law 117–328 directed CBP to provide a report, in coordination with the Office of Personnel Management, on:

(1) an analysis of local pay scales and how those pay brackets impact recruitment and retention;

(2) an overview of agency authorities for adjusting pay; and

(3) recommendations to better align local pay with the costs of living to improve recruitment and retention. The agreement directs CBP to complete the aforementioned report not later than 30 days after the date of enactment of this Act.

Port Baseline Service Level.—Not later than 30 days after the date of enactment of this Act, the agreement directs CBP to provide each air, land, and sea port operator, including cruise terminals, with information on baseline service levels and take those service levels into consideration when acting on requests for facility and security improvements. CBP shall provide all future reports on a semi-annual basis. CBP shall brief the Committees not later than 90 days after the date of enactment of this Act on staffing shortages, requirements for facility and security upgrades, plans for technology recapitalization, and how CBP will negotiate with port operators and incorporate their feedback into the development of plans to address future facility and security needs. CBP shall work in partnership with seaports and refrain from imposing requirements on seaports in a unilateral fashion. Within the funds provided for Operations and Support, CBP shall ensure adequate staffing at new and expanded maritime POEs in order to meet peak passenger wait time goals.

Port Hours of Operation.—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on all POEs operating under reduced hours due to COVID–19 restrictions, impacts on border security efforts, cross-border economic activity, and public safety, as a result of the reduced hours, actions taken to return to pre-COVID–19 levels of operation, and an assessment the feasibility of returning to pre-COVID–19 levels of operation. The briefing shall also include operating hours at all northern border LPOEs, and describe how CBP plans to improve the recruitment and retention of CBP personnel at remote northern border LPOEs to sustain those operating hours and to consider restoring them to pre-COVID hours. Additionally, to assist with the challenges relating to operating hours, the Committees direct CBP to establish a pilot program for the co-location of CBP and Canada Border Services Agency border agents at remote LPOEs to maintain border security and reduce costs. Finally, the agreement directs CBP to consult with elected officials at all levels, community members, and industry prior to making changes to hours of operation. CBP shall refrain from reducing the hours of operation at any LPOE unless CBP can demonstrate, after consultations with local elected officials, that the reduction in hours will not impede local or regional commerce or unduly impede local resident traffic.

Port Runners.—The recommendation provides $3,000,000 to continue demonstrations of less-than-lethal, energy-absorbing active vehicle barrier systems designed to deter, safely stop, and contain ''port runner'' vehicles at CBP POEs that have a history of port running to determine the scalability of the technology. Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on plans to expand this effort.

Preclearance.—The agreement directs CBP to report to the Committees within 120 days of the date of enactment of this Act on the ongoing efforts to establish a customs and immigration pre-clearance facility at Montreal's Central Station to facilitate passenger rail service along Amtrak's Vermonter route, including by directly engaging State Departments of Transportation and providing biannual progress reports to relevant stakeholders and interested parties. The agreement expects CBP to re-engage in negotiations with international airports on expansions to the existing preclearance program by prioritizing airports that were previously identified for possible preclearance locations in 2015 and 2016 and that have the highest number of travelers arriving in the U.S. each year as an opportunity for increased traveler volume, increased revenue, and new flight routes are dependent on the success of the program.

Prevent Abduction Program.—The International Child Prevention and Abduction Prevention and Return Act (P. L. 113–150) required CBP, in coordination with other Federal agencies, to establish a program to ensure children were not un-lawfully removed from the United States in violation of a valid state court order. Within 180 days of the date of enactment of this Act, CBP is directed to report to the Committees on the status of the Prevent Abduction Program, created in support of Federal law that prohibits any one parent from removing a child from the United States with intent to obstruct another parent's custodial rights. The report shall include:

(1) the total hours of training CBP officers receive on the issue of international parental child abduction;

(2) the accumulative number of children enrolled in the program and the number of children enrolled in the preceding fiscal year;

(3) the number of children enrolled in the program who, despite their enrollment in the program, were removed at an air POE, if any; and

(4) identification of resources CBP might need to ensure children are not removed from the United States in violation of a valid state court order.

Resource Allocation and OFO Workload Staffing Models.—Any modifications to the Resource Allocation Model (RAM) shall be described at the field and office level in future budget submissions. Additionally, not later than 60 days after the date of enactment of this Act, CBP shall brief the Committees on resource and staffing shortfalls on the northern and southern borders compared to levels prescribed by the RAM for rail crossings and air, land, and sea POEs, including cruise ship terminals. Within 90 days of the date of enactment of this Act, the agreement directs CBP to report on an OFO workload staffing model to mitigate the impacts, including loss of economic output and jobs, and vehicular wait times at the busiest LPOEs. The agreement directs CBP to coordinate with the Department of Transportation to improve forecasting for staffing at U.S. ports and to consider both cargo and passenger screening requirements at maritime POE. CBP shall provide a briefing to the Committees within 120 days of the date of enactment of this Act on the projected ''retirement cliff,'' steps the agency is taking to manage the risks associated with this loss in the workforce, and consequences to the agency's operational capabilities, including data on impacts to trade, travel, and economic and security impacts.

Sugar Inspection.—The agreement directs CBP to coordinate with USDA's Agricultural Marketing Service as it implements directives contained in Senate Report 118–193. Within 60 days of the date of enactment of this Act, and quarterly thereafter, CBP shall brief the Committees on this effort, including any enforcement actions taken as a result of the aforementioned directives.

Tariff Evasion.—The agreement provides $5,000,000 to conduct operational demonstrations to further leverage private sector driven solutions that may aid with improving supply chain tracing, the classification of goods, trade revenue collection, and segmentation of shipments with high-risk for fraudulent customs declarations, tariff evasion, tariff fraud, or other violations of U.S. trade and customs laws. This may include supply chain traceability solutions that increase visibility into production supply chains explored under the Global Business Identifier (GBI) Test as well as other solutions that streamline operations, promote cargo security and compliance, and secure revenue owed. Not later than 180 days after the date of enactment of this Act, CBP shall brief the Committees on the results of this operational demonstration to expand the use of data analytics in tandem with GBI and other tests or pilots that CBP is conducting to counter trade-related violations.

Integrated Operations

Air and Marine Operations Flight Hours.—Not later than 90 days after the date of the enactment of this Act, CBP Air and Marine Operations (AMO) shall provide the Committees updated flight hour targets, by fiscal year, that account for the increased fixed and rotary-wing assets investments made by Public Law 119–21.

Center for Air and Marine Drone Exploitation.—The agreement provides $5,000,000 to sustain and expand a drone exploitation program within CBP AMO to counter threats posed by hostile Small Unmanned Aerial Systems (sUAS). The funds shall be used for data analysis, cybersecurity vulnerability assessments, and appropriate countermeasures. Within 180 days of the date of enactment of this Act, CBP, in coordination with the Science and Technology Directorate, shall brief the Committees on the program's progress.

DHC–8 Multi-Mission, Fixed-Wing Aircraft.—The agreement provides $42,000,000 to accelerate the upgrade of DHC–8 aircraft to replace obsolete equipment with new digital avionics, mission radios, an integrated communication system, and an enhanced software package.

Long-Endurance Unmanned Aircraft Systems (UAS).—The agreement provides $5,000,000 for technical and operational demonstrations of additional unmanned aircraft with capabilities equivalent to Group 4 and 5, including multi-mode radar surveillance payloads and the necessary support equipment for integration into the national airspace system for CBP operations to enhance interdiction efforts, reduce operational costs, and increase continuous aerial surveillance of high-risk areas. CBP AMO is directed to provide a briefing not later than 180 days after the date of enactment of this Act on the deployment plan, cost-benefit analysis, and performance metrics associated with the operational demonstration.

Northern Border Mission Center.—The agreement provides $6,000,000 for the Northern Border Mission Center to improve northern border air and maritime domain awareness and coordinate with key partners across DHS and other Federal agencies.

Persistent Maritime Domain Awareness (MDA).—The agreement directs AMO to continue to work with the CBP Innovation Team (INVNT) and with industry partners to conduct a persistent, long-duration MDA demonstration in an area where illicit maritime activity is known to be concentrated.

Enterprise Services

Artificial Intelligence (AI).—Not later than 120 days after the date of enactment of this Act, CBP is directed to brief the Committees on the potential use of commercially available purpose-built cybersecurity for AI. The brief shall address the use of generative AI or large language models and what, if any, new challenges to cybersecurity these new capabilities introduce into CBP operations. Within 180 days of enactment of this Act and semi-annually thereafter, the CIO and Chief Artificial Intelligence Officer of CBP shall brief on the current AI inventory and its resource requirements, costs associated with operating and maintaining AI technology, and the operational impacts those technologies have helped realize across all of CBP. Not later than 270 days after the date of enactment of this Act, CBP shall brief the Committees on the potential to use AI while processing data at the edge to enhance border security operations, including enhancements for small object detection and motion detection to improve situational awareness.

Encryption.—The agreement provides $3,500,000 to expand the use of Post-Quantum Cryptography (PQC) for operational use, to include testing one-time pad-based encryption system utilizing true random entropy generation and changing symmetric keys to defend against quantum computer-driven hacking and intrusion threats.

Workforce Care.—The agreement provides a total of $84,293,000 for the sustainment of existing program operations and personnel, on-site clinicians, family support programs, CBP support networks, the expansion of employee holistic health support centers, and the deployment of Field Resilience teams consisting of Operational Psychologists and Field Resilience Specialists. Not later than 60 days after the date of enactment of this Act, CBP, in coordination with OHS, shall brief the Committees on an obligation plan for this funding. The report shall also provide an update on wellness and suicide prevention efforts, including existing and planned strategies and initiatives, and the accessibility of the Department's telemental health and employee assistance pilot.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement recommends $222,886,000 for Procurement, Construction, and Improvements (PC&I), as included in the table below.

U.S. CUSTOMS AND BORDER PROTECTION
PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS
(in thousands of dollars)

	Final Bill
Border Security Assets and Infrastructure:	
Innovative Technology	20,000
Border Enforcement Coordination Network-ES	12,014
Small Unmanned Aircraft System (sUAS)	10,000
Counter Unmanned Aircraft Systems (C–UAS)	10,000
Trade and Travel Assets and Infrastructure:	
Non-Intrusive Inspection Fentanyl Initiative—Outbound	30,000
Electronic Export Manifest Capability—Outbound	10,000
Integrated Operations Assets and Infrastructure:	
Aircraft Sensor Upgrades	6,500
U.S. Border Patrol V–Hull	2,400
All-Weather Interceptor	6,000
Construction and Facility Improvements:	
Office of Field Operations Facilities	65,281
Mission Support Assets and Infrastructure:	
Revenue Modernization	4,973
Financial Systems Enhancements	5,000
Employee Lifecycle Program	3,000
Radiological Detection Systems:	
International Rail	1,300
Radiation Portal Monitor Replacement Program	13,900
Radiation Portal Monitor Programs	20,478

U.S. CUSTOMS AND BORDER PROTECTION—Continued
PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS
(in thousands of dollars)

	Final Bill
Basic Handheld Radioisotope Identification Devices	750
Portable Detection Systems End Items/Equipment	1,290

Advanced Training Center (ATC).—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on progress made on construction of ATC's Instructional Design Center/Distance Learning Center with the use of previously appropriated funds.

Border Security Technology.—The agreement directs CBP to: (1) re-allocate funding as appropriate to ensure technology is deployed at the locations where it will have the greatest impact on CBP's ability to identify and interdict illicit activity; (2) ensure that the appropriate amount of technology is piloted, tested, and deployed along the northern border, in addition to the southern border; and (3) notify the Committees quarterly on the operational availability of all fixed, relocatable, and mobile surveillance systems deployed by CBP throughout the United States, including maintenance needs of such systems and the agency's maintenance plan for keeping the systems operational, including recapitalization or replacement of systems. Additionally, the Commissioner is directed to prioritize procurement of the most cost-effective technologies based on lifecycle costs, system availability, reduced requirements for personnel, and input from sector leadership. Within 180 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve border security technology development and acquisition.

Construction and Facility Improvements.—Not later than 90 days after the date of enactment of this Act, CBP shall submit a report to the Committees that includes:

(1) the details of the design and construction process for new or renovated Border Patrol facilities, including stations, processing centers, and checkpoints;

(2) detailed requirements for each facility currently funded or proposed for funding, including buildings, parking facilities, sally ports, vehicle maintenance facilities, fueling stations, temporary detainee holding facilities, and kennels;

(3) for each currently funded facility:

(a) the total amount funded, obligated, and expended, by fiscal year; and

(b) if funds were obligated to an outside agency (e.g., General Services Administration (GSA) and U.S. Army Corps of Engineers), the obligation and expenditure status of those funds;

(4) for each currently funded facility and for proposed facilities, a construction schedule and associated expenditure plan broken out by quarter (to include funds appropriated through other agencies);

(5) for each requirement described in (2):

(a) the severability of each requirement that is specific to the location;

(b) confirmation that each requirement is an independently awardable option for all contracts currently funded;

(c) the requirements for facilities that are unfunded; and

(d) the requirements for facilities described in (2) that are unfunded; and (6)the number of personnel to be assigned at each location, with confirmation the design is scoped to address current and anticipated future staffing needs.

The report shall also include a detailed plan to improve CBP's cost estimating capability for these facilities.

Counter Unmanned Aerial Systems.—The agreement provides $10,000,000 to detect and mitigate the persistent drone threat along the northern and southern borders. Not later than 120 days after the date of enactment of this Act, CBP shall brief the Committees on its efforts to counter UAS.

Expanding Outbound Operations at Ports of Entry.—The agreement provides $30,000,000 to expand the number of locations equipped for outbound operations at LPOEs. Within 60 days of the date of enactment of this Act, CBP shall provide the Committees a spend plan with timeframes for the execution of these funds and projected performance impacts to operational capabilities as a result of these funds. CBP shall update the Committees monthly on the use of these funds and provide actual performance impacts against projections, including measures to assess disruption to cartel activities. Furthermore, not later than 180 days after the date of enactment of this Act, CBP shall submit a report that analyzes the necessary requirements that would ensure 100 percent outbound inspection for all LPOE passenger vehicles.

Identifying Impact of Border Security Investments.—As part of CBP's briefing for the fiscal year 2027 budget request, CBP shall provide the Committees sufficient data that is informed by robust, cost-benefit analysis that incorporates all types of border security assets and is tied to identified capability gaps.

Land Port of Entry Infrastructure Capital Plan.—Not later than 30 days after the submission of the budget request for fiscal year 2027, the Commissioner shall submit a report that details its prioritization of LPOE infrastructure capital investment projects, the methods and models used to determine prioritization, and an overview of public-private partnership agreements. The agreement directs CBP to take appropriate steps to ensure submission of the report in a timely manner. CBP shall work with the GSA and the Office of Management and Budget on the annual five-year LPOEs modernization plan, which is based on CBP's operational priorities. Specific attention should be paid to the health, safety, and welfare needs of CBP Officers. Special consideration shall also be made for facilities where reconfiguration or upgrades will improve the flow of local traffic and allow local residents to move freely in their communities. Additionally, within 90 days of the date of enactment of this Act, CBP shall provide a detailed report and timeline outlining completion of the Blue Water Bridge Plaza expansion project and any steps taken in the last fiscal year toward project completion. The report shall align with the annual LPOE priority list, outline projected CBP costs, explain how CBP will engage with state and local entities, and detail the specific milestones and timeline for the project completion. Within 120 days of the date of enactment of this Act, CBP, working with GSA, shall provide the Committees with a briefing on plans to execute the funds provided in the Infrastructure Investment and Jobs Act (Public Law 117–58) and whether there are any significant changes involving the 26 LPOE projects supported in that Act. The agreement expects CBP to work expeditiously with GSA to prioritize modernization and expansion on its five-year Capital Investment Plan while adhering to the proposals in the completed feasibility study. As part of this briefing, CBP shall also provide the Committees an update on steps to ''rebuild'' the annual five-year LPOE plan.

Maritime Patrol Aircraft (MPA) Support.—Within 120 days of the date of enactment of this Act, CBP shall brief the Committees on existing capabilities to test complex hardware, software configurations, and inter-component/international partner tactical

data communications systems essential to the CBP MPA mission. The briefing shall identify existing requirements for such capabilities and options, including accessing other DHS component facilities, to meet requirements.

Non-Intrusive Inspection (NII) Technology.—CBP is directed to brief the Committees not later than 60 days after the date of enactment of this Act on the status and results of their NII–Integration program. Not later than 180 days after the date of enactment of this Act, CBP shall provide a report on the current status of mobile NII technology and proposals for enhancing it.

Non-Intrusive Inspection at Ports of Entry.—CBP shall continue to provide monthly updates to the Committees on the obligation of all funds for NII equipment along with actual and projected performance gains as a result of deployments for NII funded in this or prior appropriations, including funding provided through Public Law 119–21. Those updates shall include progress on incorporating AI/Machine Learning capabilities to aid in faster detection of anomalies. Within 90 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the status of NII coverage in pre-primary lanes along the southwest border and report on whether the increase in pre-primary screening will create additional alarms at POEs, impacting current secondary inspection capacity and possibly the workflow of other Federal agencies that may not have sufficient opportunity to plan for additional resource needs.

Small Unmanned Aerial Systems.—The agreement provides $10,000,000 for the acquisition of small unmanned aerial systems to support border security operations.

Transitioning Innovative Technologies and Equipment Into CBP Operations.—The agreement directs CBP to provide a briefing within 90 days of the date of enactment of this Act and quarterly thereafter on: the current rate of pilots that have transitioned to operations; the performance impact to operations as a result of the transition; a plan to evaluate whether there are common indicators for unsuccessful pilots; and recommendations to incentivize CBP programs to participate and ultimately execute promising capabilities. Further, the agreement directs CBP to provide a briefing within 30 days of the date of enactment of this Act on the outreach to frontline personnel that informs decisions on piloting innovative capabilities.

U.S. Immigration and Customs Enforcement

OPERATIONS AND SUPPORT

The agreement provides $10,036,362,000 for Operations and Support. Within the total amount, the agreement makes $46,696,000 available until September 30, 2027.

Contract Notifications.—The agreement modifies existing reporting requirements under this heading in the explanatory statement accompanying Public Law 118–47. ICE shall notify the Committees not less than five days prior to substantively changing any contract with a total value greater than $5,000,000. This requirement shall apply to all PPAs and includes, but is not limited to, modifications, renegotiations, recompetes, extensions, and terminations. The agreement directs that any notification provided to the Committees that does not comply with the five day requirement must include a robust justification that includes: the number of days the contract was in any review or approval processes within the component or at the Department level, delineated by reviewing office; the number of days the Office of Acquisition Management awaited funds from the program office; and the immediate needs rationale justifying the urgency of the contract, including any national security or operational implications. The notifications should be transmitted to the Committees in a downloadable, sortable format and consolidated into one daily delivery.

Previous Requirements.—The agreement continues the requirements found within Senate Report 118–85 under the following headings:

(1) Annual ICE Report;
(2) Detention Standards and Inspections;
(3) Full Title 21 Authority for HSI;
(4) Hunger Strikes;
(5) Language Access;
(6) Parental Interests Directive;
(7) Pregnant, Postpartum, and Lactating Women;
(8) Protecting Vulnerable Children;
(9) Reporting Requirements;
(10) Sensitive Locations and Protected Areas, to include locations that have been identified as sensitive in any of the prior three fiscal years; and
(11) Sex Offender Release Notifications.

Homeland Security Investigations

Advanced Analytics.—The agreement includes an increase of $1,000,000 to expand the advanced analytics work of the Homeland Security Investigations' (HSI) Counterproliferation Mission Center.

Center for Countering Human Trafficking (CCHT).—The agreement provides an additional $2,500,000 for activities within the CCHT.

Child Exploitation and Forced Labor.—The agreement includes an increase of $8,000,000 to provide additional forensic and analytical support for child exploitation and forced labor investigations.

Counterfeit Semiconductors.—The agreement includes $1,000,000 for the creation of a task force to investigate counterfeit semiconductor materials in the marketplace and in global supply chains. The task force shall include other Federal, SLTT, and industry stakeholders to establish policies and procedures for combating counterfeit semiconductors. Within 270 days of the date of enactment of this Act, HSI shall brief the Committees on the creation of such task force and any relevant challenges; additional resource requirements needed for further implementation; and best practices for validating approved counterfeit semiconductor mitigation services.

Counter-Fentanyl Initiatives.—The agreement includes an additional $5,000,000 to increase staffing for Border Enforcement Security Task Force teams to enhance investigations related to fentanyl smuggling operations, other illicit opioids, and counterfeit pharmaceutical ingredients, including synthetic semaglutide; $5,000,000 for the procurement of technologies, including those that leverage artificial intelligence, to enhance traditional methods of investigations; and $3,000,000 to enhance HSI's analytical ability to identify and compile all nomenclature associated with fentanyl precursor chemicals, interrupt online operations, map distribution networks, and obtain express consignment shipment data to interdict these chemicals. Not later than 90 days after the date of enactment of this Act, HSI shall provide to the Committees a briefing on an execution plan for the personnel and technologies funded under this heading, including procurement and implementation progress where applicable. The briefing shall also include the Office of the Chief Information Officer and the Chief Artificial Intelligence Officer and address projected impacts of these investments.

Cross-Border Financial Crime Center.—The agreement includes an additional $4,000,000 for the Cross-Border Financial Crime Center. HSI is directed to provide a briefing within 90 days of the date of enactment of this Act detailing the current scope of operations, any major achievements, and any significant resource gaps that are hindering investigations. The agreement allows for up to $2,000,000 of this funding to be used for the establishment of an Organized Retail and Supply Chain Crime section within the Cross-Border Financial Crime Center to ensure a coordinated, prosecutor-led, multiagency approach to identifying, disrupting, and dismantling transnational criminal organizations (TCO) engaging in such activities. This section should collect and analyze data from various stakeholders to identify regions in the United States, modes of transportation, and specific distribution and retail networks that are experiencing high volumes of organized crime. The agreement directs HSI to brief the Committees within 90 days of the date of enactment of this Act on the status of the implementation of this section, any challenges in its establishment, and an overview of the unmet resource needs and future resource requirements.

International Forensic Science Research.—Within 120 days of the date of enactment of this Act, HSI shall provide to the Committees a briefing on collaboration with external academic partners aiming to grow existing efforts on international forensic science research. The briefing shall include any efforts to build holistic approaches to combating TCOs.

International Operations.—Within 90 days of the date of enactment of this Act, HSI is directed to provide to the Committees a strategic plan for HSI's expansion of its international presence over the next five fiscal years. The plan shall incorporate the details required under this heading in the explanatory statement accompanying Public Law 117–328.

International Trade.—The agreement includes $5,000,000 for additional investigative capacity related to international trade crimes. HSI shall provide quarterly updates to the Committees detailing the number of referrals made to the Department of Justice Trade Fraud Task Force as a result of this additional capacity.

Missing and Murdered Indigenous People.—The agreement provides an additional $1,000,000 for human trafficking investigative capacity for indigenous people, including for the Shadow Wolves program. Within 90 days of the date of enactment of this Act, HSI shall provide a briefing to the Committees on coordination efforts with the Bureau of Indian Affairs' Office of Justice Services to enhance investigative capacity.

Name, Image, Likeness.—The Department shall brief the Committees within 120 days of the date of enactment of this Act on potential administrative, policy, regulatory, and statutory changes to further international athletes' abilities to continue their schooling and sports careers in the United States, including potential changes to 8 CFR 214.1(e).

National Academy for Advanced Training and Leadership (NAATL).—ICE, in collaboration with the General Services Administration, is directed to provide a briefing on progress made at the NAATL facility within 90 days of the date of enactment of this Act and quarterly thereafter. The first briefing shall include a summary and timeline of efforts made to complete work at this facility, as well as lessons learned from any process issues that have caused a delay.

National Intellectual Property Rights Coordination Center (IPR Center).—HSI is directed to appropriately staff the IPR Center to facilitate continued enforcement actions against theft of U.S. intellectual property, particularly online. Additionally, the agreement includes $5,000,000 for increased criminal investigative capacity within the IPR

Center with respect to misdeclarations of illicit e-vapor products and illegal e-cigarette importation.

National Special Security Events (NSSEs) Support.—The agreement provides an additional $25,000,000 for travel and overtime expenses related to NSSEs occurring throughout the fiscal year.

Non-Intrusive and Outbound Inspections.—The agreement provides an additional $8,626,000 for 60 new HSI Criminal Investigators to be used exclusively for investigations stemming from inbound or outbound CBP seizures or interdictions. HSI is directed to brief the Committees within 60 days of the date of enactment of this Act on the planned deployment of these Criminal Investigators, by location, as well as the measures of effectiveness that HSI will use to assess the impact of this investment.

Office of Intelligence.—Within 60 days of the date of enactment of this Act, the Office of Intelligence shall provide to the Committees an assessment of: TCO activity and current trends, particularly related to fentanyl smuggling; how intelligence informs ICE operations; and any capability gaps and associated resource requirements within the Office.

Repository for Analytics in a Virtualized Environment (RAVEn).—The agreement reiterates the direction found in the House Report under this heading and reminds HSI of the outstanding briefing requirements and requests related to RAVEn development and deployment that are overdue by more than one year.

Trade-Based Money Laundering (TBML) Schemes.—HSI shall provide a briefing on endeavors to combat TBML schemes and resources that may be required to enhance these efforts within 90 days of the date of enactment of this Act.

Enforcement and Removal Operations

287(g) Agreements.—In addition to the direction provided in the House Report under the heading ''287(g) Training'', ICE shall provide a report to the Committees within 60 days of the date of enactment of this Act, and monthly thereafter, with the following data for the 287(g) program: all sources of funding; funding obligations of the 287(g) program, delineated by pay and non-pay requirements and funding source; number of law enforcement entities with 287(g) agreements that were provided training in the prior month; model for each 287(g) agreement and associated jurisdiction; number of arrests effectuated per 287(g) agreement; and personnel dedicated to training activities for new or existing 287(g) agreements.

Additionally, ICE shall continue publishing on its website applications for new or renewed 287(g) agreements. ICE shall also continue thoroughly vetting 287(g) applicants and ensure that detention conditions within 287(g) agreement jurisdictions fully comply with current standards, including with Prison Rape Elimination Act (P.L. 108–79). Within 60 days of the enactment of this Act, ICE is directed to provide an evaluation for every existing 287(g) agreement analyzing the operational capacity realized through such agreement, the costs associated with executing the agreement, and the operational impacts if such agreement were not in existence. ICE shall perform the same evaluation for every new 287(g) agreement and provide the analysis to the Committees not later than 15 days after entering into each new agreement.

Alternatives to Detention (ATD) Metrics.—In addition to the direction found in the House Report and the direction under the heading ''ATD Metrics Reporting'' found within Senate Report 118–85 regarding briefings and data requirements for ATD, the agreement directs ICE to provide a briefing to the Committees on consequence options for noncompliance currently available within the ATD program. The briefing shall include data on each time such consequences were utilized in the prior fiscal year, whether deescalation or escalation was in accordance with existing policy, and whether any such individuals who are determined to be noncompliant are escalated to a higher level of supervision, including the basis for such escalation and the noncompliant act.

ATD Technology.—ICE is directed to explore the feasibility of utilizing wearable, cost-effective technologies for ATD that achieve law enforcement objectives and shall provide a briefing to the Committees within 90 days of the date of enactment of this Act on potential external vendors, cost estimates, and the number of individuals on the non-detained docket for whom such technologies could be used. ICE is directed to confer with the Committees prior to the briefing.

Contract Competition.—ICE is directed to ensure a fair and competitive procurement and contracting process for all awards in fiscal year 2026. ICE shall provide responses to the Committees' inquiries regarding contracts within five business days of receipt of such inquiries.

Detained Population Statistics.—ICE shall continue to submit the report required under section 216 of the Department of Homeland Security Appropriations Act, 2021 (division F of P.L. 116–260) with respect to the period beginning 15 days after the date of the enactment of this Act, and semimonthly thereafter, and include the following additional requirements:

(1) the number of detainees by race, ethnicity, age, and nationality over the previous three fiscal years;

(2) the number of detainees who are minors, including whether they are unaccompanied;

(3) the number of detainees by number of criminal convictions and by number of pending criminal charges over multiple fiscal years, broken out by whether those convictions and charges are for violent crimes or felonies;

(4) the number of individuals enrolled in the Alternatives to Detention program and the criteria for escalation and de-escalation and application of such criteria;

(5) categories of detention-related complaints and grievances submitted to ICE by those in custody;

(6) categories of detention-related complaints and grievances submitted to ICE by members of the public; and

(7) detention by country of citizenship and criminal history.

Detainee Transfers.—Within 90 days of the date of enactment of this Act, ICE shall submit to the Committees a report detailing compliance with all sections of Policy 11022.1 or any successor policy. The report shall also include barriers to achieving full compliance with the policy.

Detention and Solitary Confinement of Special Populations.—The agreement continues the reporting requirements as directed under this heading in Senate Report 118–85.

Detention of Stateless Aliens.—ICE shall identify individuals in its custody who are stateless and shall, in conjunction with the Department of State, work to secure a travel document for the individual's removal to a third country, including one where the individual has family ties, had previously held residence, or has some other connection. Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE is directed to report to the Committees on the number of stateless individuals in detention, the number of stateless individuals removed, and the number of stateless individuals released from detention. For those stateless individuals in detention for whom there is no significant likelihood of removal in the foreseeable future, the report shall identify ICE's criteria and other considerations weighed when making prospective custody determinations.

Detention Oversight.—ICE is directed to ensure that individuals in custody have the opportunity to confidentially contact oversight entities without retaliation, at no cost to the individual in custody. Within 60 days of the date of enactment of this Act, ICE shall brief the Committees at the facility-specific level on the existing methods of outreach to oversight entities and whether such outreach is monitored by ICE or contracted personnel. Additionally, ICE shall provide a summary of efforts in place to deter retaliation should outreach occur.

Detention Partnerships.—Not later than 15 days after the date of enactment of this Act and monthly thereafter, ICE shall brief the Committees on executed partnership agreements for federally-funded, state-operated immigration detention facilities, such as the facilities located at the Dade-Collier Training and Transition Airport or the Miami Correctional Center. The briefing should include information on the following, by facility: the funding source(s); out-year plans and projected costs; current and future capacity estimations; and associated operational impacts and costs of maintaining partnerships with such facilities. The briefing should also include information on intragovernmental agreements including with the Departments of Defense and Justice. The agreement directs ICE to coordinate with all partners effectuating immigration detention to ensure facilities' personnel are aware of legislative requirements related to custody operations and are in compliance with section 547 of this Act.

Detention Segregation.—Within 90 days of the date of enactment of this Act and quarterly thereafter, ICE shall report to the Committees on the use of segregation in ICE facilities and in facilities that contract with ICE for detention purposes during the preceding fiscal year. The report shall include an overview of all placements in segregation by facility, the duration of such placements, and the rationale for such placements.

Enforcement Surrounding Emergency Shelters.—Not later than 90 days after the date of enactment of this Act, ICE shall brief the Committees on enforcement operations surrounding emergency shelters and other evacuation-related facilities during and following a disaster.

Facilities Maintenance and Repair.—Not later than 60 days after the date of enactment of this Act, ICE shall provide a report to the Committees identifying local or state leased facilities with known minor construction or minor leasehold improvement needs to ensure appropriate conditions and required detention and care standards for all ICE detainees, including a facilities investment plan to address such needs. Within all funding available to ICE for detention capacity, pursuant to the limitations in section 525 of this Act, ICE shall prioritize effectuating such minor construction or leasehold improvements of leased facilities to ensure appropriate conditions and required detention and care standards.

Family Expedited Removal Management (FERM) Reporting.—In addition to the reporting requirements found under this heading in House Report 118–553, the report shall include the preferred language of each enrolled family unit and the number of families in FERM subject to final orders of removal.

Health and Safety in Immigration Detention.—The agreement directs ICE to ensure

medical access for ICE detention beds operated in Bureau of Prisons or Department of Defense facilities, state and local jails, and any other detention facility. Within 90 days of the date of enactment of this Act, ICE shall submit a report to the Committees on plans to improve the provision of medical services for all detained aliens in ICE custody. Additionally, ICE shall ensure that individuals in any form of segregation, including medical segregation, are provided required recreation time.

Intensive Supervision Appearance Program.—The agreement directs ICE to provide a report to the Committees on a monthly basis with a description of the steps taken to close the recommendations made in ''Alternatives to Detention: ICE Needs to Better Assess Program Performance and Improve Oversight'' (GAO–22–104529) until such recommendations have been closed.

Law Enforcement Support Center (LESC).—ICE shall ensure that the LESC has the resources and approvals necessary to fully utilize its recruitment incentives program. The agreement further directs ICE to ensure that current operations performed by the LESC remain centralized at the LESC facility in Williston, Vermont, and that these operations are not unnecessarily duplicated elsewhere.

Public Reporting.—ICE shall update its public website monthly with the following information:

(1) arrests by country of citizenship and criminal history;

(2) arrests disaggregated by single adults and members of family units; the agency conducting the initial arrest delineated by type of immigration violation; whether the arrest was made on tribal land; and the number of arrests disaggregated by fugitive arrest or custodial arrest; and

(3) arrests by Area of Responsibility.

Removal Decisions.—Within 60 days of the date of enactment of this Act, ICE is directed to brief the Committees on its policies and procedures related to individuals determined to be wrongfully removed from the United States, including procedures for expeditiously implementing court-directed returns of individuals to the United States. The briefing shall also include the procedures in place for individuals seeking to return to the United States to submit applications for such purposes, the review and processing of such applications, reviews of final orders of removal, final decisions regarding such applications, and effectuating the return of such individuals to the United States pursuant to such decisions. ICE shall also brief the Committees within 120 days of the date of enactment of this Act and quarterly thereafter on the number of applications received and reviewed, the number granted, the number of individuals returned to the United States, and the timelines in which such returns were effectuated. Within 180 days of the date of enactment of this Act, ICE shall brief the Committees on the steps it has taken to eliminate future wrongful removals.

Removal Flight Reporting.—Within 60 days of the date of enactment of this Act and quarterly thereafter, ICE shall provide a report to the Committees that includes:

(1) the monthly number of removal flights conducted during the reporting period;

(2) the number of individuals removed on each flight;

(3) the citizenship of the individuals removed;

(4) the statutory authority for each removal;

(5) the number of removals within each criminality category, as defined in the integrated decision support system, disaggregated by gender;

(6) the number of migrants removed with removal orders, including the agency that issued the removal order; and

(7) the average cost per removal flight.

Within 60 days of the date of enactment of this Act and monthly thereafter, ICE shall make available on a publicly accessible website the number of flights to transfer aliens to Naval Station Guantanamo Bay; the cost of each flight, delineated by funding agency; the number of aliens on each flight; and the cost to ICE and each other Federal agency and Department to detain an alien on Naval Station Guantanamo Bay. The website must also list from which congressionally appropriated account the money is being drawn. The first report shall also include such information for fiscal year 2025, delineated by month.

Removal Orders Reporting.—The agreement continues the direction found under this heading in the explanatory statement accompanying Public Law 118–47. Additionally, the briefing shall include the total number of non-executable final orders of removal.

Veterans Subject to Removal.—In addition to the direction found under this heading in the House Report, ICE is further directed to report the number of individuals removed from the United States who are service members or veterans, their length of service in the Armed Forces, their branch of service, any receipt of medals or military decorations, any criminal convictions, whether the individual appealed the removal order to the Board of Immigration Appeals, and their removal destination. This report shall be made available on a publicly accessible website.

Virtual Attorney Visitation (VAV).—In addition to the requirements found under the heading ''Access to Legal Counsel'' in Senate Report 118–85, the agreement directs that existing VAV booths be utilized for legal access purposes. Further, ICE is directed to improve existing law libraries by updating legal materials and providing online legal access. Additionally, Legal Orientation Programs shall continue without interruption to the maximum extent possible. ICE shall establish consistent policies across all facilities for scheduling access for VAV meetings. ICE shall provide a briefing to the Committees on these efforts within 90 days of the date of enactment of this Act and quarterly thereafter. The briefing shall include resource requirements for ensuring legal access, any ongoing challenges brought forth by field offices regarding certain facilities, the number of Legal Orientation Programs taking place at each facility, and the VAV utilization rate.

Mission Support

Personnel Well-Being.—The agreement provides an additional $5,000,000 to support workforce readiness efforts. Within 60 days of the date of enactment of this Act, ICE shall brief the Committees on their plans to execute this funding, other investment opportunities, and the feasibility of establishing an office modeled after the Workforce Care Division of U.S. Customs and Border Protection.

Staffing Augmentation.—The agreement provides an additional $425,000 to augment the Appropriations Liaison team within the Office of the Chief Financial Officer. ICE is directed to ensure that these new positions are filled through an open, competitive interview process. Within 15 days of the date of enactment of this Act and monthly thereafter, the Appropriations Liaison team is directed to brief the Committees on the status of all outstanding items owed to the Committees, including outstanding requests for information, briefings that are overdue or due within the next 20 business days, and reports that are overdue or due within the next 20 business days.

Tactical Communications (TACCOM).—Within 90 days of the date of enactment of this Act, ICE shall submit a detailed plan for initiating and completing additional TACCOM equipment and infrastructure upgrades and expansion projects. The plan shall specify regional modernization priorities, including any geographic areas that may require upgrades, budget projections, and a timeline for initiating and completing these site expansion priorities. The agreement provides an additional $10,000,000 for TACCOM equipment modernization for personnel funded by this Act.

Office of the Principal Legal Advisor

Office of the Principal Legal Advisor (OPLA) Hiring.—Within 60 days of the date of enactment of this Act, ICE shall submit a report to the Committees on a strategy for OPLA hiring over the next five years, ongoing retention efforts, recruitment goals, and litigation team augmentation requirements to match the operational tempo and capacity of the Executive Office for Immigration Review.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $5,000,000 for the Consolidated ICE Financial Solution.

TRANSPORTATION SECURITY ADMINISTRATION

OPERATIONS AND SUPPORT

The agreement provides $10,635,434,000 for Operations and Support and includes $98,523,000 for exit lane staffing; $45,868,000 for law enforcement reimbursement; $34,088,000 for canine reimbursements; $27,392,000 for the Federal Flight Deck Officer (FFDO) program; $20,000,000 for interconnected airports; and $3,000,000 for artificial intelligence (AI) multi-modal language translation technology.

Category-X Interconnection Program.—The Administrator shall provide a briefing to the Committees not later than 180 days after the date of enactment of this Act on the status of this program and an expansion plan for all Transportation Security Administration (TSA)-serviced airports.

Explosive Detection System Optimization and Maintenance.—The agreement provides $4,000,000 for TSA to continue providing cost-effective ways to improve the reliability of explosive detection systems.

Federal Flight Deck Officer Program.—Within 90 days of the date of enactment of this Act, TSA shall brief the Committees on the FFDO Program. The briefing shall include, at a minimum, current backlogs of candidates awaiting initial training, utilization rates for FFDO recurrent training, FFDO firearms recertification training, plans to address the training backlog, and the status of the full-time Atlanta FFDO Recurrent Training Program facility.

UAS Beyond Visual Line of Sight Operations.—During promulgation of the final rule for the rulemaking entitled ''Normalizing Unmanned Aircraft Systems Beyond Visual Line of Sight Operations'' in 90 Fed. Reg. 38212, TSA shall ensure that any security requirements are commensurate with the risk of the proposed activity.

Screening Locations.—The Committees emphasize that TSA may continue screening at Reimbursable Screening Services Program (RSSP) locations in the event of a future lapse of authorization.

Throughput and Wait Times at TSA Checkpoints.—Not later than 90 days after the date of enactment of this Act and quarterly thereafter, TSA shall provide a briefing to the Committees on how staffing levels, including any anticipated or proposed reductions, and investments in screening equipment and technology are projected to affect passenger throughput and wait times. The

briefing shall include analysis of current staffing models, deployment timelines for new technologies such as computed tomography (CT) machines, and the anticipated effects of these changes on operational efficiency and passenger wait times at checkpoints.

Visible Intermodal Prevention and Response (VIPR) Teams.—The agreement does not provide funding for VIPR teams or for any of the functions typically performed by VIPR teams.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $330,230,000 for Procurement, Construction, and Improvements, including $300,000,000 for Checkpoint Property Security Screening (CPSS) and $15,000,000 for Credential Authentication Technology.

Checkpoint Property Security Screening.—The agreement provides funding to allow TSA to accelerate the modernization of CPSS equipment and directs TSA to brief the Committees semiannually on its progress.

Identity Risk and Security Management.—The agreement directs TSA to continue support of the pilot deployment of biometric identity validation tools at key airports to further advance the necessary infrastructure and investment to support these operations. TSA shall ensure such systems protect the biometric information of passengers and shall ensure that such systems adhere to all applicable statutes, regulations and guidelines relating to civil liberties and privacy. TSA is further directed to report to the Committees not later than 180 days after the date of enactment of this Act on the pilot deployments initiated and the ways in which TSA's pilot deployments are safeguarding the privacy rights of the traveling public.

RESEARCH AND DEVELOPMENT

The agreement provides $24,000,000 for Research and Development.

On Person Detection/Next Gen Advanced Imaging Technology.—The agreement provides $12,000,000 to further develop and certify AI-enhanced screening equipment.

COAST GUARD

OPERATIONS AND SUPPORT

The agreement provides $11,272,401,000 for Operations and Support.

The agreement includes funding increases for the following: $116,405,000 for IndoPacific expansion; $97,922,000 for the 2026 military pay raise; $40,000,000 for autonomous uncrewed surface vessels; $40,000,000 for shore maintenance; $30,000,000 for surface maintenance; $23,000,000 for sexual assault and sexual harassment prevention and response; $26,000,000 for large unmanned aerial systems operations; $14,000,000 for medium unmanned aerial systems; $13,000,000 for the Technology Optimization and Modernization Fund; $10,000,000 for additional childcare subsidies; $10,000,000 for uncrewed acoustic monitoring system pilot; $6,000,000 for fishing safety grants; $4,500,000 for unmanned air intercept; $3,000,000 for the maritime Transportation System Sector Risk Management Agency; $2,500,000 for marine inspections and standards for innovative vessels; $2,000,000 to study the impact of seismic activity on Coast Guard facilities; $1,750,000 for visit, board, search, and seizure equipment; $1,000,000 for environmental compliance and remediation; $250,000 for a study on illegal, unreported, and unregulated fishing; $150,000 to continue a cetacean desk; and $100,000 for a contracting officer for Training Center Cape May.

For the fiscal year 2027 budget justification, the request shall contain the same sub-PPA level of detail as provided in fiscal year 2026.

Aerial Maritime Domain Awareness.—The agreement directs the Coast Guard to test, train, and deploy unmanned aerial systems to support its statutory missions and to expand domain awareness. Within 180 days of the date of enactment of this Act, the Coast Guard shall brief the Committees on its efforts.

Child Care Subsidy.—Within 90 days of the date of enactment of this Act, the Coast Guard shall provide a briefing on the implementation of this program.

Coast Guard Command Centers.—The Coast Guard shall provide a report and briefing to the Committees on the state of Coast Guard command centers, including technology gaps, top challenges, and options for improvements within 120 days of the date of enactment of this Act.

Coast Guard Missions.—The agreement directs the Coast Guard to continue conducting its missions as described in 6 U.S.C. 468. The Committees remind the Coast Guard and the Department of the prohibition to the significant or substantial reduction to Coast Guard missions or its capability to perform such missions for more than 90 days without a waiver and directs the Department to fulfill the requirements of 6 U.S.C. 468(e) within 30 days of the date of enactment of this Act.

Coast Guard Oversight.—The agreement directs the Coast Guard to fully comply with all oversight inquiries, including into its Operation Fouled Anchor investigation. Within 30 days of the date of enactment of this Act, the Coast Guard shall provide the Committees with a specific list of impediments to responsiveness, as well as potential mitigation opportunities.

Combatting Illegal, Unreported, and Unregulated (IUU) Fishing.—The Coast Guard shall collaborate with state and academic partners that will quantify the impact and explore the factors influencing increased IUU fishing activity.

Counternarcotics Efforts.—Within 60 days of the date of enactment of this Act and monthly thereafter, the Coast Guard shall report to the Committees the amounts and types of narcotics intercepted across each of its Districts. Within 180 days of the date of enactment of this Act, the Coast Guard shall brief the Committees on options for heightening drug interdiction efforts, particularly in the Pacific, including collaboration with foreign partners. The briefing shall detail the additional resources, intelligence, and other support the Coast Guard requires to more fully meet the demands of countering the drug smuggling across the Pacific.

Fishing Safety Grants.—The Coast Guard is directed to provide a briefing to the Committees within 90 days of the date of enactment of this Act on the execution of the Fishing Safety Training and Fishing Safety Research Grant Programs. If the Administration believes funding for this activity should be provided directly to NIOSH in fiscal year 2027, the briefing shall provide that justification and such a change shall be articulated in the next budget request.

Funding Efforts to End Sexual Assault and Harassment.—Of the increased funding provided for the Coast Guard's prevention of and response to sexual assault and harassment, $1,000,000 shall be to hire 10 new staff to implement the best and most current sexual assault and harassment prevention practices; $12,000,000 shall be to fund the directed actions of the former Commandant related to the Accountability Transparency Review (ATR) to address workforce support through a new recruit preparatory course, increased leadership courses, Integrated Primary Prevention, a victim mentor program, and core values updates and communication; and $10,000,000 shall be for legal support and oversight, including travel and expert witness support for courts martial, training and coordination, recruiting, reserve support, licensure requirements, technology modernization, and advice related to prevention and prosecution of sexual assault and sexual harassment in the maritime industry.

Impacts on the U.S. Coast Guard Academy.—The Coast Guard is directed to provide a report and briefing to the Committees within 120 days of the date of enactment of this Act, detailing the full extent of changes to Academy curricula, policies, and organization, as well as impacts, if any, on campus culture, cadets' morale, and the Academy's overall mission.

Indo-Pacific Expansion.—Within 90 days of the date of enactment of this Act, the Coast Guard shall provide to the Committees a spend plan for the additional funds provided, including costs for personnel and operations, timelines for implementation, and planned activities and operations.

Increased Initial Entry Training.—The Committees provide $3,000,000 for the Coast Guard to evaluate and plan for the acquisition of an additional initial entry training facility.

Implementation of Efforts to End Sexual Assault and Harassment.—The agreement directs the Department to provide the overdue independent review of the Coast Guard's efforts to reduce and respond to sexual assault and sexual harassment, as required in the Further Consolidated Appropriations Act, 2024 (P.L. 118–47). The agreement directs the Coast Guard to provide a briefing within 30 days of the date of enactment of this Act on what has been done to implement the former Commandant's directives following the ATR Team Report, detailing its efforts to reduce and respond to sexual assault and specific resources the Service is dedicating to each line of effort. The briefing shall also detail the steps taken to enhance survivor advocacy and support and efforts of the Sexual Assault, Prevention, Response, and Recovery (SAPRR) Office. Beginning in fiscal year 2027, future Coast Guard budget requests shall provide a full accounting of all personnel, funding, training, curriculum, and other efforts to end sexual assault and sexual harassment within the Service; measurable outcomes of such efforts; lessons learned; and descriptions of efforts proposed within each budget request to eliminate sexual assault and sexual harassment.

Long Range Command and Control Aircraft.—Not later than 15 days after the last day of each month, the Coast Guard shall submit to the Committees, in a searchable and sortable format, for the previous month:

(1) the flight manifests and itinerary for all Long-Range Command and Control Aircraft flights, including the airframe used for each flight;

(2) any alcoholic beverages consumed on the flight and the source of such beverages;

(3) for official travel, the nexus to a statutory Department of Homeland Security mission and justification for trip; and

(4) the total cost of each flight.

Maritime Industry Cybersecurity Sector Risk Management.—Within 90 days of the date of enactment of this Act, the Coast Guard shall provide a briefing to the Committees on the integration of additional cybersecurity risk mitigation activities funded by the funding increase.

Merchant Mariner Credential Program.—The Coast Guard shall provide a briefing to the Committees within 60 days of the date of enactment of this Act on progress to date of implementing the new program, including an overview of the features that are intended to improve the efficiency of the credentialing process.

Recruitment and Retention.—Within 60 days of the date of enactment of this Act, the

Coast Guard shall provide a briefing on efforts to recruit and retain sufficient personnel and any resulting plans, with timelines, to return stations to their previous operational status.

Restoration of Capabilities.—The Coast Guard shall brief the Committees within 90 days of the date of enactment of this Act on plans to restore operational capabilities at locations with degraded capabilities as a result of damages resulting from major storms and other disasters.

Seismic Problem Study.—The agreement provides $2,000,000 for the Coast Guard to conduct a comprehensive study of seismic risks to its facilities, including but not limited to operational centers, housing units, and mission-critical assets located in regions prone to seismic activity. This study should identify infrastructure most at risk, assess potential operational impacts of seismic events, and propose mitigation strategies to improve resilience. The Coast Guard shall submit a report to the Committees not later than three years after the date of enactment of this Act, detailing findings and recommendations for mitigation measures. Within 180 days of the date of enactment of this Act and semiannually thereafter, Coast Guard shall brief the Committees on the progress of the study.

Short-Range Reconnaissance Program.—The agreement directs the Coast Guard to brief the Committees within 180 days of the date of enactment of this Act on its plan to replenish its small unmanned aircraft fleet.

Small Arms Simulation and Cognitive Training Capability Improvements.—Within 180 days of the date of enactment of this Act, the Coast Guard shall provide a briefing on its current capabilities and practices to improve cognitive skills, operator situational awareness, judgment, and proficiency in high-risk operations that involve the carry and use of small arms.

State Boating Fees.—The agreement directs the Coast Guard to provide a briefing within 90 days of the date of enactment of this Act detailing any statutes, regulations, and policies which govern the ability of states to collect fees related to boating safety, search and rescue operations, and management of aquatic invasive species as part of a process for numbering undocumented vessels under chapter 123 of title 46, United States Code.

Surface and Shore Maintenance.—Within 120 days of the date of enactment of this Act, the Coast Guard shall provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate; the Committee on Transportation and Infrastructure of the House of Representatives; and the Committee on Commerce, Science, and Transportation of the Senate on the status of infrastructure repairs, dredging, and long-term operability plans for Coast Guard Station Cape Disappointment and the National Motor Lifeboat School in Ilwaco, WA.

Tracking Missions.—In lieu of the direction provided under this heading in the House Report, the agreement directs the Coast Guard to report on actions taken since the beginning of fiscal year 2025 to reallocate assets, resources, and personnel to border security and immigration enforcement activities, including plans for future reallocations. The report shall detail, delineated by month, specific assets, units, and other resources diverted, as well as impacts on other Coast Guard mission statistics, metrics, and measures. The Coast Guard shall provide this report, as well as a briefing on said report, to the Committees within 90 days of the date of enactment of this Act.

Uncrewed Acoustic Monitoring System Pilot.—The agreement includes funding for a pilot of autonomous, wave and solar powered, persistent, passive acoustic large-aperture towed sonar arrays. The pilot shall prioritize functions including monitoring transit routes, enhancing port and maritime security, and detecting narcotic trafficking vessels, particularly semi-submersibles in the Eastern Pacific and Caribbean Sea.

Unfunded Priorities List (UPL).—The agreement directs the Coast Guard to provide to the Committees a list of approved but unfunded Coast Guard priorities and the funding needs for each priority not later than 30 days after submission of the fiscal year 2027 budget request.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $991,872,000 for Procurement, Construction, and Improvements. This includes $152,000,000 for In-Service Vessel Sustainment; $54,900,000 for Cutter Boats; $98,000,000 for Waterways Commerce Cutter, $43,500,000 for Polar Security Cutter III; $25,000,000 for a Great Lakes Icebreaker; $12,000,000 for HC–144 Conversion/Sustainment; $151,600,000 for MH–60T Sustainment; $99,340,000 for Other Acquisition Programs; $75,000,000 for the Coast Guard Academy; $15,000,000 for a National Security Cutter and Ocean Going Buoy Tender Homeport; $15,000,000 for Station Lake Tahoe; $6,000,000 for Mobile Medical Teams; $30,000,000 for a Hanger at St. Paul, Alaska; $30,732,000 for Alaska Housing; and $160,000,000 for Seattle Polar Security Cutter Homeport.

Fleet Mix Analysis.—Within 30 days of the date of enactment of this Act, the Coast Guard shall submit the Fleet Mix Analysis required in the explanatory statement accompanying Public Law 117–103. The agreement reiterates that the analysis be comprehensive and include all classes of vessels, even those whose mission might not have a direct bearing on the workload of other vessel classes.

Full-Funding Policy.—The agreement again directs the Coast Guard to provide an exception to the current acquisition policy that requires the Coast Guard to attain the total acquisition cost for a vessel, including long lead time materials (LLTM), production costs, and post-production costs, before a production contract can be awarded. The Coast Guard should position itself to acquire vessels in the most efficient manner within the guidelines of strict governance measures.

Funded Projects.—Projects funded by the agreement shall be executed expeditiously and responsibly. Within 90 days of the date of enactment of this Act and quarterly thereafter, the Coast Guard shall brief the Committees on any projects experiencing significant cost increases, executability concerns, or any other issues that increase the risk profile of a project. Coast Guard shall provide the Committees sufficient time to consider such increased risk profiles and respond in an appropriate manner.

Vessels

Commercially Available Polar Icebreaker (USCGC Storis).—The agreement directs Coast Guard to provide a description of the actions required to fully missionize the *Storis* and to provide a detailed cost estimate of such actions delineated by year for the next five years in its fiscal year 2027 budget request.

Cutter Boats.—The amount for Cutter Boats includes $24,000,000 to support the procurement of two Heavy Weather Boat (SPC–HWX) replacements and program costs related to the acquisition program.

Great Lakes Icebreaker.—The Coast Guard shall provide a briefing on the Great Lakes Icebreaker Program within 180 days of the date of enactment of this Act.

Polar Security Cutter (PSC).—Within 90 days of the date of enactment of this Act, the Coast Guard shall brief the Committees on the program's progress and shall provide a timeline and spend plan for the completion and delivery of each fully or partially funded PSC. The Coast Guard is directed to continue keeping the Committees fully informed of the PSC program's progress both with regular quarterly updates and, in the case of emergency or time-sensitive issues, notifications as soon as possible.

Aircraft

Long-Range Unmanned Aircraft (LR–UAS).—The agreement directs the Coast Guard to acquire aircraft for the LR–UAS program consistent with the spend plan briefed to the Committees on September 2, 2025. If the Coast Guard deviates from the briefed spend plan, not later than 15 days after any deviation, the Coast Guard shall brief the Committees on the justification for the change and certify in writing that the changes were in the best interest of the Coast Guard and the American taxpayer. Additionally, the agreement provides $98,000,000 for the purchase of MQ–9 long-range unmanned aircraft and associated base stations, equipment related to such aircraft and base stations, and associated program management.

Review of MH–60 Acquisition and Missionization.—Within 60 days of the date of enactment of this Act, the Coast Guard shall brief the Committees on options for streamlining the acquisition and missionization of MH–60 rotary wing aircraft, including potential utilization of similar design specifications and production lines used for the Navy's MH–60R or establishing a commercial production line of the MH–60T. The Coast Guard shall brief the Committees on the program's progress and shall provide a timeline and spend plan for the completion of fleet expansion. The Coast Guard is directed to continue to keep the Committees fully informed of the program's progress both with regular quarterly updates and, in the case of emergency or time-sensitive issues, as soon as possible.

Shore and Aids to Navigation Facilities

Coast Guard Academy Infrastructure.—Within 120 days of the date of enactment of this Act, the Coast Guard shall brief the Committees on an initial plan for Academy improvements using funds appropriated in this Act.

Coast Guard Cutter Homeports.—Within 90 days of the date of enactment of this Act, the agreement directs the Coast Guard to provide a report for each homeport where an asset is in active status, but its designated permanent homeport is not complete. The report shall include the detailed timeline for and projected costs associated with land acquisition, permitting, planning, engineering, design, and construction.

Engineering and Design.—The Coast Guard must improve its approach to informing Congress of its priorities for major shore construction projects, housing, aids to navigation, and Major Acquisition Systems Infrastructure (MASI). Accordingly, beginning with the fiscal year 2028 budget submission, the Coast Guard shall provide in its justification a specific list of construction projects to be implemented if the budget request for each project in the Shore Facilities and Aids to Navigation PPA were to be funded at the request level and the total projected future years' costs of each such project, delineated by year. For fiscal year 2027, Coast Guard shall provide this information in a briefing to the Committees not later than 90 days after submission of the budget request. Additionally, within 180 days of the date of enactment of this Act, Coast Guard shall provide a report on past construction projects that received appropriated funding within the past 10 years that did not proceed to construction for failure to properly factor in

preconstruction and engineering and design needs.

Facilities Plans.—Within 180 days of the date of enactment of this Act, the Coast Guard shall provide to the Committees long-term master facilities plans for the modernization and upgrading of the Training Center Cape May and the Coast Guard Academy campuses, which are necessary to facilitate additional personnel accessions to accommodate the growing mission demands on the Coast Guard. Each plan shall include a Capital Improvement Plan (CIP) that includes capital project budgets, an inventory of deferred maintenance items necessary to sustain campus operations through completion of the CIP, and schedule and sequencing estimates based upon funding assumptions.

Polar Security Cutter (PSC) Homeport Base Seattle.—The agreement provides $160,000,000 to prepare for PSC Homeport Base Seattle, as identified in the fiscal year 2026 UPL. Within 90 days of the date of enactment of this Act and quarterly thereafter, the Coast Guard shall provide a brief updating the progress, timelines, and funding execution of the project to date, as well as updates on future planning and deliverables to facilitate Base Seattle's expansion. Coast Guard shall also brief the Committees within 180 days of the date of enactment of this Act on the total cost estimate for Base Seattle modernization to allow homeport completion and support for the three PSCs, the CGC Healy, and up to four additional major cutters.

RESEARCH AND DEVELOPMENT

The agreement provides $6,763,000 for Research and Development.

UNITED STATES SECRET SERVICE

OPERATIONS AND SUPPORT

The agreement provides $3,128,304,000 for Operations and Support, including increases of $46,116,000 for hiring of certain positions; $36,701,000 for expanded protection of protectees; $20,000,000 to support the use of autonomous robotic targets in firearm and tactical training; $5,400,000 for modernizing situational awareness, communications, and sensor automation across protective and law enforcement operations through edge processing; and $1,226,000 for enhancing protective intelligence operations.

Within the total amount provided, $96,299,000 is available until September 30, 2027 and $20,000,000 is available until September 30, 2028, as a one-time allowance to support advanced preparation for the 2028 Summer Olympic and Paralympic Games.

2026 FIFA World Cup and America250.—The agreement provides $24,623,000 for activities related to 2026 FIFA World Cup and America250 events. USSS is directed to provide a briefing to the Committees on a quarterly basis outlining their planning and coordination efforts with SLTT ahead of these events.

Employee Resiliency Programs.—USSS shall brief the Committees on efforts to improve employee resiliency programming and initiatives, including the impact of current employee resiliency programs on retention, not later than 90 days after the date of enactment of this Act. The briefing shall also include ongoing retention efforts for senior agents to reduce reliance on and the utilization of supermax pay.

Geospatial Technology.—The agreement provides $2,000,000 for the procurement of geospatial technology that enhances the Service's ability to access, utilize, and analyze commercial space-based data and imagery products for the protective mission.

National Special Security Events (NSSEs).—The agreement includes $44,623,000 for USSS to prepare for and execute future NSSEs, including the 2026 FIFA World Cup. Not later than 90 days after the enactment of this Act, USSS shall provide a quarterly briefing to the Committees detailing obligation and execution of funds, planning and coordination efforts with SLTT law enforcement, and projected resource requirements for NSSEs in fiscal year 2027 and outyears.

Previous Requirements.—The agreement continues the directives found within Senate Report 118–85 under the headings ''Secret Service Overtime'' and ''Strategic Human Capital Plan''.

Protective Mission.—Within 60 days of the date of enactment of this Act, USSS shall submit a report to the Committees that examines the efforts to identify and communicate threats with law enforcement partners during protective events and includes an evaluation of the lessons learned in light of the events of July 13, 2024.

Secret Service Hiring.—Within 180 days of the date of enactment of this Act, USSS shall brief the Committees on updated hiring projections for all law enforcement positions from fiscal year 2026 to fiscal year 2030 and detail resource requirements to meet such projections. The briefing shall also include ongoing efforts to decrease the time to hire and increase yield rates from applicants to hires, as well as the impact that these hiring efforts will have on overtime costs.

Support for Computer Forensics Training.—The agreement provides $64,777,000 to continue training in computer forensics, to enhance academic certification efforts, and to expand subject matter expert contracts to fulfill unmet training needs. The agreement includes an additional $5,000,000 for expansion of the curriculum at the National Computer Forensics Institute to include forensic analysis of small unmanned aerial systems.

Recruitment and Retention Initiatives.—USSS is directed to brief the Committees not later than 30 days after the date of enactment of this Act on plans to appropriately resource recruitment and retention initiatives in fiscal years 2026 through 2029.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $118,517,000 for Procurement, Construction, and Improvements.

Long Term Acquisition and Refresh Cycles.—USSS is directed to brief the Committees within 120 days on all ongoing and anticipated projects that operate on a sliding refresh cycle. The briefing should include current and anticipated costs, including outyear projections through fiscal year 2030.

TITLE II—ADMINISTRATIVE PROVISIONS

Section 201. The agreement continues a provision regarding overtime compensation.

Section 202. The agreement continues a provision allowing CBP to sustain or increase operations in Puerto Rico and the U.S. Virgin Islands with appropriated funds.

Section 203. The agreement continues a provision regarding the availability of passenger fees collected from certain countries.

Section 204. The agreement continues a provision allowing CBP access to certain reimbursements for preclearance activities.

Section 205. The agreement continues a provision regarding the importation of prescription drugs from Canada.

Section 206. The agreement continues and modifies a provision regarding the waiver of certain navigation and vessel-inspection laws.

Section 207. The agreement continues a provision preventing the establishment of new border crossing fees at LPOEs.

Section 208. The agreement continues a provision requiring the Commissioner of CBP to submit an expenditure plan for funds made available under the heading, ''U.S. Customs and Border Protection—Procurement, Construction, and Improvements''.

Section 209. The agreement continues a provision on vetting operations at existing locations.

Section 210. The agreement includes a new provision regarding a requirement for surveillance technology to be autonomous, consistent with the definition found in P.L. 119–21.

Section 211. The agreement includes a new provision regarding the standard of treatment for certain individuals in CBP custody.

Section 212. The agreement continues a provision prohibiting the use of funds provided under the heading, ''U.S. Immigration and Customs Enforcement—Operations and Support'' to continue a delegation of authority under the 287(g) program if the terms of an agreement governing such delegation have been materially violated.

Section 213. The agreement continues a provision prohibiting the use of funds provided under the heading ''U.S. Immigration and Customs Enforcement—Operations and Support'' to contract for detention services if the facility receives less than ''adequate'' ratings in two consecutive performance evaluations and requires that such evaluations be conducted by the ICE OPR.

Section 214. The agreement continues a provision allowing the Secretary to reprogram funds within and transfer funds to ''U.S. Immigration and Customs Enforcement—Operations and Support'' to ensure the detention of noncitizens prioritized for removal.

Section 215. The agreement continues a provision that requires ICE to provide statistics about its detention population.

Section 216. The agreement continues a provision related to reporting on 287(g) agreements.

Section 217. The agreement includes a new provision requiring ICE to submit a monthly obligation plan.

Section 218. The agreement includes a new provision requiring an execution plan for detention facilities funded by P.L. 119–21.

Section 219. The agreement includes a new provision related to ICE international attachés and liaisons.

Section 220. The agreement continues a provision clarifying that certain elected and appointed officials are not exempt from Federal passenger and baggage screening.

Section 221. The agreement continues a provision authorizing TSA to use funds from the Aviation Security Capital Fund for the procurement and installation of explosive detection systems or for other purposes authorized by law.

Section 222. The agreement continues a provision requiring TSA to provide a report that includes the Capital Investment Plan, the five-year technology investment plan, and information on Advanced Integrated Passenger Screening Technologies.

Section 223. The agreement includes a new provision requiring briefings on unclaimed money at TSA checkpoints.

Section 224. The agreement continues a provision prohibiting funds made available by this Act under the heading ''Coast Guard—Operations and Support'' for recreational vessel expenses, except to the extent fees are collected from owners of yachts and credited to this appropriation.

Section 225. The agreement continues a provision requiring the Commandant of the Coast Guard to submit a future-years capital investment plan.

Section 226. The agreement continues a provision prohibiting funds to reduce the staff or mission at the Coast Guard's legacy Operations System Center.

Section 227. The agreement continues a provision prohibiting funds to conduct a competition for activities related to the Coast Guard National Vessel Documentation Center.

Section 228. The agreement continues a provision allowing the use of funds to alter, but not reduce, operations within the Civil Engineering program of the Coast Guard.

Section 229. The agreement continues a provision allowing for use of the Coast Guard Housing Fund.

Section 230. The agreement includes a new provision appropriating an additional amount for the USCG to purchase MQ–9 systems.

Section 231. The agreement includes a new provision regarding Force Design 2028.

Section 232. The agreement continues a provision allowing the Secret Service to obligate funds in anticipation of reimbursement for personnel receiving training.

Section 233. The agreement continues a provision prohibiting funds made available to the Secret Service from being used for the protection of the head of a Federal agency other than the Secretary of Homeland Security, except when the Director has entered into a reimbursable agreement for such protection services.

Section 234. The agreement continues a provision allowing the reprogramming of funds within ''United States Secret Service—Operations and Support''.

Section 235. The agreement continues a provision allowing funds provided under the heading ''United States Secret Service—Operations and Support'' to be available for travel of employees on protective missions without regard to the limitations on such expenditures.

Section 236. The agreement includes a new provision for the National Computer Forensics Institute.

Section 237. The agreement includes a new provision providing for additional overtime payments for certain United States Secret Service personnel.

Section 238. The agreement continues a provision prohibiting the construction of border security barriers in specified areas.

TITLE III—PROTECTION, PREPAREDNESS, RESPONSE, AND RECOVERY

CYBERSECURITY AND INFRASTRUCTURE SECURITY AGENCY

OPERATIONS AND SUPPORT

The agreement provides $2,218,634,000 for Operations and Support. The agreement does not adopt the consolidation of PPAs within Cybersecurity, as proposed in the budget request.

Cybersecurity and Infrastructure Security Agency (CISA) Hiring.—The Committees provide $20,000,000 to hire additional Federal staff to critical positions, of which $4,000,000 is provided to each of the following PPAs for these purposes: Threat Hunting; Vulnerability Management; Continuous Diagnostics and Mitigation; Security Programs; and Security Advisors. Within 60 days of the date of enactment of this Act, CISA shall brief the Committees on a hiring plan for these positions.

CISA Workforce.—CISA shall maintain a workforce consistent with the personnel and FTE funded by the pay and non-pay amounts provided in this Act. CISA shall not reduce staffing in such a way that it lacks sufficient staff to effectively carry out its statutory missions, including cybersecurity and infrastructure security for the Federal Civilian Executive Branch agencies, SLTT partners, Sector Risk Management Agencies, international partners, and other stakeholders. Further, CISA is directed to maintain no fewer than 10 regional field offices around the country and is directed to ensure that CISA employs no fewer than one expert ''Cyber Security Advisor'' per state or territory devoted exclusively to assisting such state or territory.

Election Security.—The agreement provides $39,610,000 to continue Election Security Program activities funded in fiscal year 2024, including Election Security Advisors in each CISA Region and the continuation of the Elections Infrastructure Information Sharing and Analysis Center (EI–ISAC).

Triannual Classified Briefings.—In addition to the briefings required under this heading in the House Report, CISA shall provide timely classified briefings on emergent issues.

Cybersecurity

Attack Surface Management (ASM) Program.—In addition to the requirements found in the House Report under this heading, the briefing must also include the cost estimate of administering ASM as a shared service. CISA is further directed to continue enhancing its ability to centrally verify and manage asset and vulnerability data on internet-facing cyber terrain for Federal, critical infrastructure, and SLTT partner networks. CISA shall sustain efforts funded in fiscal years 2022–2024 for ASM. Within 180 days of the date of enactment of this Act, CISA shall brief the Committees on progress made deploying its ASM capabilities. The briefing shall include a detailed description of fiscal year 2022–2025 funds execution and deliverables provided; a plan and milestones for execution of fiscal year 2026 funds; a demonstration of asset and vulnerability identification capability currently deployed; and a discussion of how CISA uses this capability to verify and manage Federal, critical infrastructure, and SLTT asset and vulnerability data, as well as helps these partners prioritize and remediate critical vulnerabilities.

Cyber Workforce Development Activities.—Within 180 days of the date of enactment of this Act, CISA shall brief the Committees on the TryCyber, Threat Sandbox Challenges, and other cyber workforce development programs. The briefing shall include a discussion of such programs' integration of artificial intelligence tools and other emerging technologies.

Cybersecurity Grant Program.—Within 60 days of the date of enactment of this Act, CISA shall report to and brief the Committees on any request in the budget to establish a cybersecurity grant program aimed at private and public water, transportation, and energy providers to implement risk reduction strategies.

Data Security Vulnerability Improvements.—Within 180 days of the date of enactment of this Act, CISA shall submit a report to the Committees that examines existing security vulnerabilities of Federal civilian executive branch (FCEB) agencies' IT systems. The report shall include an examination of emerging technologies that could improve the FCEB's data security and protection, such as immutable logging of suspect activity by default, intrusion detection and prevention of mechanisms, automation of asset management, and behavioral indicators.

Federal Cyber Skilling Academy.—Within 90 days of the date of enactment of this Act, CISA is directed to provide a briefing on the steps taken to grow the pipeline of the Federal cybersecurity workforce and the progress made, including the number of personnel who have been trained and been placed into a cybersecurity-related position since the inception of the Academy.

Federal Network Security Reporting.—Within 180 days of the date of enactment of this Act, CISA shall provide to the Committees a progress report on the success of each Federal agency and department to implement the established program goals. The report shall also include an accounting of non-CISA resources used for implementation. Finally, the report shall include a description of implementation plans through fiscal year 2028, including desired target completion goals, methods for updating lifecycle costs, acquisition program schedules, and details on how innovation and evolving technology, such as end point detection, could improve Federal network and data security. If necessary, this report may be submitted in a classified format with an unclassified summary.

Post-Quantum Cryptography (PQC) Initiative.—The Committees direct CISA to continue its PQC Initiative to prepare for cybersecurity challenges stemming from the capability of quantum computing algorithms to break traditional encryption methods.

Space Systems.—Within 90 days of the date of enactment of this Act, CISA shall brief the Committees on its cybersecurity efforts related to commercial space systems. The briefing shall include the feasibility and costs of implementing a pilot program in coordination with the Office of the National Cyber Director (ONCD), National Space Council, and heads of other agencies as appropriate to develop an online, publicly available clearinghouse of information specifically aimed at assisting small business concerns with the secure development, operation, and maintenance of commercial satellite systems.

State Court Electronic Data.—The Committees direct CISA to maintain and expand upon prior year outreach to the state courts through national level associations to drive participation and understanding of services available to prevent, protect against, and respond to cyberattacks on state court electronic data systems.

Infrastructure Security

Artificial Intelligence (AI) Emergency Preparedness and Continuity Planning.—Within 90 days of the date of enactment of this Act, CISA shall brief the Committees on its efforts to strengthen AI emergency preparedness and continuity planning activities across critical infrastructure sectors that implement AI in their operations. This includes enhanced regional coordination, technical assistance to state and local governments, risk assessments, and pre-incident operational planning. The briefing shall include initiatives to prioritize support to high-risk communities and sectors vulnerable to natural disasters, cyber incidents, and complex emergencies.

Bomb Disposal Technician Training and Technology Events (TTEs).—CISA shall utilize the Office of Bombing Prevention resources to hold a minimum of four technician TTEs across the Nation bringing together Federal and SLTT agencies and industry partners. Within 120 days of the date of enactment of this Act, CISA shall brief the Committees on efforts to conduct these annual TTEs across the Nation. This briefing shall include schedules to conduct a minimum of four TTEs per fiscal year and the total program cost.

Bombing Prevention.—Within 90 days of the date of enactment of this Act, CISA is directed to brief the Committees on its fiscal year 2026 plans to support the bomb technician community to include continuing education, post graduate proficiency, and advanced training.

School Safety.—The agreement provides $3,341,000 to maintain the fiscal year 2024 level for Federal school safety programs.

Risk Management Operations

National Risk Management Center (NRMC) Strategic Engagement.—Within 180 days of the date of enactment of this Act, CISA shall provide a briefing on the NRMC's strategic engagement with election stakeholders, including engagement progress to date, future engagement plans and priorities, and information regarding any identified election security risks and shortfalls that should be mitigated in the near-, mid-, and long-terms.

Stakeholder Engagement and Requirements

International Cybersecurity Engagement.—CISA shall coordinate with the Department of State and other entities as appropriate to assess ongoing and recently-completed cybersecurity engagement activities with international partners, including requests for cybersecurity support, technical assistance, or expertise provided to foreign governments and foreign owners and operators of critical infrastructure. The assessment shall include details on the processes for, barriers to providing, and the average time and cost of providing such support or assistance. Within 270 days of the date of enactment of this Act, CISA shall submit a report to the Committees on the assessment and how it will inform new engagement strategies, including a classified annex if appropriate.

Tribal Engagement.—CISA shall brief the Committees within 180 days of the date of enactment of this Act on its engagement with federally recognized tribes. The briefing shall identify how CISA promotes the effective delivery of agency programs, resources, and services to Alaska Native, American Indian, and Native Hawaiian communities within the United States.

Mission Support

Open-Source Software.—Within 90 days of the date of enactment of this Act, CISA shall brief the Committees on the feasibility, benefits, and costs of establishing an Open-Source Software Management function modeled after open-source program offices, such as those in the private sector, the nonprofit sector, academia, and other non-Federal entities. The analysis shall consider the secure usage of open-source software at CISA, policies and process for contributions to and releases of open-source software at the agency, interfaces with the open-source software community, and manages and reduces risks of using open-source software at the agency.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $386,464,000 for Procurement, Construction, and Improvements (PC&I). Of the total, $367,821,000 is provided for Cybersecurity Assets and Infrastructure, including $302,649,000 for Continuous Diagnostics and Mitigation; $60,172,000 for the Cyber Analytics Data System; and $5,000,000 for Threat Hunting for cyber defense operations with CyberSentry. Additionally, $18,643,000 is provided for Emergency Communications Assets and Infrastructure, which includes Next Generation Networks Priority Services Phase 2.

Cybersecurity

Continuous Diagnostics and Mitigation (CDM).—Within 120 days of the date of enactment of this Act, CISA shall brief the Committees on its implementation of the CDM program, including agencies' CDM activities previously or currently supported with CISA funding, the duration of such funding support for each agency—including durations for those that are no longer supported with CISA funds—and when such agencies will begin fully funding their CDM activities.

Spend Plan.—Within 60 days of the date of enactment of this Act, CISA shall provide the Committees with a spend plan for the funds provided under PC&I.

Threat Hunting.—As a part of the quarterly budget and staffing briefing requirements, CISA shall brief the Committees on the progress made under the CyberSentry program.

FEDERAL EMERGENCY MANAGEMENT AGENCY

OPERATIONS AND SUPPORT

The agreement provides $1,667,038,000 for Operations and Support, including increases of: $47,000,000 for activities within the Mt. Weather Emergency Operations Center; $35,765,000 for restoration of positions eliminated in fiscal year 2025; $14,208,000 for Grants Management Modernization; $15,168,000 to support enhanced equipment for Urban Search and Rescue Task Forces; $5,137,000 for continuity of communications; $3,000,000 to support FIFA World Cup and America250 events; $3,000,000 for the expansion of innovative technologies in coordinated disaster response; $1,796,000 for Region II facilities; and $1,000,000 for the administration of the Next Generation Warning System.

Community Disaster Resilience Zones (CDRZ).—Within 180 days of the date of enactment of this Act, FEMA shall brief the Committees on best practices from the development and rollout of CDRZ and how such practices will be incorporated into future zone selection criteria. FEMA is directed to engage SLTT stakeholders prior to briefing the Committees.

Community Project Funding/Congressionally Directed Spending (CPF/CDS) Grants Administration.—The agreement provides $3,200,000 for the administration of CPF/CDS grants. Not later than 60 days after the release of a Notice of Funding Opportunity (NOFO) for CPF/CDS projects and monthly thereafter, FEMA shall provide a list of projects deemed ineligible—including ineligibility related to Hazard Mitigation Plans—or at risk of being deemed as such, to include amounts for each project. The report shall cover fiscal years 2022–2026.

Countering Weapons of Mass Destruction (CWMD) Activities.—In conjunction with the fiscal year 2027 budget request submission, FEMA is directed to provide a proposed distribution of funds provided in Mission Support to oversee activities and programs transferred from CWMD. FEMA may also submit any recommendations for efficiencies or reductions to these programs.

Disaster-Impacted Renters and Rental Markets.—Within 30 days of the date of enactment of this Act, FEMA, in coordination with the Department of Housing and Urban Development, shall support a National Academy of Public Administration study examining how renters and rental markets have recovered from recent major disasters, with a focus on disasters involving long displacement times for significant numbers of renter households.

Emergency Management Assistance Compact (EMAC).—The agreement directs FEMA to ensure that the level of funding for EMAC is specified in the budget request for fiscal year 2027.

FEMA Advisory Committee.—Within 30 days of the date of enactment of this Act, FEMA shall report to the Committees on the status of the National Advisory Council, the National Dam Safety Review Board, and the Technical Mapping Advisory Council and provide a timeline for appointing members to unfilled positions.

FEMA Workforce.— FEMA shall maintain staffing levels, including a reservist workforce and its Cadre of Response/Recovery Employees, necessary to fulfill the missions required under the Homeland Security Act of 2002 (Public Law 107–296; 115 Stat. 2135; 6 U.S.C. 101 et seq.); the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 100–707; 102 Stat. 4689; 42 U.S.C. 5121 et seq.); the Disaster Mitigation Act of 2000 (P.L. 106–390, 114 Stat. 1552); the Post-Katrina Emergency Management Reform Act of 2006 (title VI of Public Law 109–295; 120 Stat. 1394); the Sandy Recovery Improvement Act of 2013 (division B of Public Law 113–2; 127 Stat. 39); the Disaster Recovery Reform Act of 2018 (division D of Public Law 115–254; 132 Stat. 3438); and other FEMA authorities. For example, FEMA's activities related to its federal assistance mission shall include issuing guidance, reviewing disaster and non-disaster grant applications, obligating and outlaying awards, and providing technical assistance and operational support to grantees in a timely manner; reviewing and approving plans for obligating and expending Federal funds; reviewing expenditures and reports for waste, fraud, and abuse; and performing all other necessary duties to allow recipients to proceed without unnecessary interruption. Within 30 days of the date of enactment of this Act, and monthly thereafter, FEMA shall provide a briefing to the Committees on staffing levels and workload requirements, as detailed above, delineated by PPA and program office. Such briefings shall also include projected staffing levels for the remainder of the fiscal year in light of the agreement's rejection of the position reductions implemented in fiscal year 2025.

FEMA and U.S. Fish and Wildlife Service (FWS) Dam Removal.—Within 180 days of the date of enactment of this Act, FEMA and FWS shall provide a joint briefing to the Committees on plans to increase interagency coordination around dam removal and flood map updates and provide a timeline for the updating of flood maps for states where dam removals have taken place within the past 10 years.

FEMA Regional Offices.—FEMA shall not close, eliminate, or consolidate its regional offices in a manner that violates current statute.

FEMA Review Council.—FEMA shall not implement an elimination or reorganization plan for the Agency or any proposal to inhibit the performance of the Agency's functions and activities funded by this Act without an act of Congress permitting such measures.

Flood Early Warning Systems.—Within 90 days of the date of enactment of this Act, FEMA shall brief the Committees on its assessment of the operational reliability of flood early warning systems.

Hail.—FEMA shall report to the Committees within 180 days of the date of enactment of this Act on identification of cost-effective and widely-deployable solutions to reduce damage caused by severe weather events involving hail.

Hazard Mitigation Grant Program.—Within 30 days of the date of enactment of this Act, FEMA shall brief the Committees on execution of the Hazard Mitigation Grant Program.

Nation-State Actor Threats.—FEMA, in conjunction with CISA and other relevant DHS stakeholders, is directed to develop an outreach plan amongst emergency management leadership to provide regular updates on potential nation-state actor threats, identify ways in which existing programs can be updated and utilized to enhance preparedness, and communicate strategies to increase public awareness. FEMA shall brief the Committees on such a plan within 270 days of the date of enactment of this Act.

Next Generation Warning System (NGWS) Administration.—FEMA is directed to provide a briefing to the Committees within 30 days of the date of enactment of this Act on plans for administration of the NGWS grant program for fiscal year 2026, as well as details of the administration of fiscal year 2025 funds.

Safeguarding Tomorrow through Ongoing Risk Mitigation (STORM) Act.—The agreement continues $1,000,000 and associated personnel to continue the fiscal year 2024 service level to manage and administer such grants.

Synthetic Aperture Radar (SAR) Satellite-Driven Hazard Monitoring.—The agreement provides an additional $4,000,000 to support continuous SAR satellite-driven hazard monitoring technology. Not later than 120 days

after the date of enactment of this Act, FEMA shall provide a spend plan to the Committees for these enhanced funds. Additionally, within 180 days of the date of enactment of this Act, FEMA is directed to brief the Committees on efforts to integrate this technology into current disaster response efforts.

Unmanned Aerial System (UAS) Training.—The agreement provides an additional $5,000,000 for UAS training efforts and directs FEMA to collaborate with the Federal Aviation Administration's (FAA) Center of Excellence for UAS and other subject matter experts to build a federated ecosystem to teach, train, educate, certify, and credential first responders to employ UAS skills during emergency management events.

Urban Flood Mapping Pilot Program.—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on progress in developing the previously-enacted Urban Flood Mapping pilot program, which received $1,200,000 through Public Law 116–93.

Wildland Fire Mitigation and Management Commission Recommendations.—FEMA is directed to brief the Committees within 180 days of the date of enactment of this Act, and semi-annually thereafter, on efforts to implement relevant Wildland Fire Mitigation and Management Commission recommendations. Such briefings shall include efforts to conduct stakeholder engagement, identification of recommendations that are regulatory in nature or require congressional action, and resources to aid in implementation.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $156,419,000 for Procurement, Construction, and Improvements. Of this amount, $63,625,000 is for improvements at Mt. Weather Emergency Operations Center; $52,375,000 is for national continuity programs; and $12,000,000 is for the Integrated Public Alert and Warning System.

FEDERAL ASSISTANCE

The agreement includes $3,836,748,513 for Federal Assistance.

Continuing Training Grants.—Within the total amount provided for Continuing Training Grants, $1,900,000 shall be for FEMA to partner with the FAA Center of Excellence for UAS to conduct a regional training program on utilizing UAS for disaster preparedness and response for SLTT responders; $7,600,000 shall be for activities of the National Cybersecurity Preparedness Consortium (NCPC); and not less than $2,850,000 shall be competitively awarded for FEMA-certified rural and tribal training.

Flood Hazard Mapping and Risk Analysis Program (RiskMAP).—Within 180 days of the date of enactment of this Act, FEMA shall brief the Committees on progress in implementing RiskMAP.

Grant Award Considerations.—When awarding grants, the Administrator shall consider the needs of cybersecurity preparedness and planning, state court cybersecurity, 911 call capability, alert and warning capabilities, and implementation of the REAL ID Act (P. L. 109–13).

Grants Reporting.—Within 30 days of the date of enactment of this Act and not later than the fifth business day of each month thereafter, FEMA shall provide to the Committees a report identifying the current expected NOFO release dates for each Federal assistance program for which funding is provided or was otherwise made available in fiscal year 2025 and fiscal year 2026 by this or any other Act. The report shall identify the current expected application, review, and award schedules. Following the awarding of Federal assistance for each program, each report shall include the amounts expended under such program's awards. The report shall include the status of all prior year Federal assistance funding, including whether and for what amounts any such funds have been reprogrammed, transferred, obligated, expended, or lapsed. Additionally, within 90 days of the date of enactment of this Act, FEMA shall provide a report to the Committees detailing the rationale for each individual award termination and the amount terminated.

Improving Rural Access to Assistance to Firefighters Grants (AFG) and Staffing for Adequate Fire and Emergency Response (SAFER).—FEMA is directed to review the AFG and SAFER grant programs and identify potential improvements. Within 270 days of the date of enactment of this Act, FEMA shall brief the Committees on recommendations to improve access and distribution of AFG and SAFER grants to rural fire departments.

Law Enforcement Terrorism Prevention Activities (LETPA) Set-Aside for State Homeland Security Program (SHSP) and Urban Area Security Initiative (UASI).—Prior to establishing the LETPA set-aside for the SHSP and UASI grant programs, FEMA is directed to brief the Committees on the threat environment. FEMA shall include a discussion of any stakeholder engagement conducted to date in such briefing.

National Domestic Preparedness Consortium (NDPC).—Within the funds provided for NDPC, $3,000,000 shall be used to improve domestic preparedness and provide training to emergency responders and event personnel involved in large spectator sports or special events, and $5,000,000 shall be used to provide training for rural county emergency response officials.

Next Generation Warning System (NGWS).—FEMA shall use funds provided for the NGWS for technical assistance, infrastructure replacement, infrastructure hardening, cybersecurity, technology infrastructure, improving access to alerts, and operational continuity support.

Operation Stonegarden.—Within 180 days of the date of enactment of this Act, FEMA is directed to submit to the Committees data from the last three fiscal years detailing Operation Stonegarden awards by state and recipient and the process used to determine such awards and recipients. Additionally, FEMA shall brief the Committees on the data and justifications for Operation Stonegarden awards 15 days before such awards are publicly announced.

Reporting on Lithium-ion Battery Related Fires.—The U.S. Fire Administration (USFA) shall form a cadre of Fire Data Leaders nationwide to provide technical expertise and assistance to local fire departments in need, and the agreement provides an additional $500,000 for the development of a National Fire Data Corps to support fire and emergency services in their adoption and use of National Emergency Response Information System (NERIS). Additionally, the agreement provides an increase of $5,000,000 in support of USFA's user training on NERIS, including training on reporting lithium-ion battery-related fires.

Temporary Housing and Non-Congregate Sheltering.—The agreement directs GAO to conduct an assessment of current temporary housing and non-congregate sheltering options, including non-congregate structures, that are available on the market and whether FEMA utilized the most cost-effective, viable solutions following major disaster declarations in fiscal years 2022–2025. GAO shall brief the Committees within 270 days of the date of enactment of this Act on the costs, benefits, disadvantages, feasibility, and utility of the creation of a national stockpile of rapid response, cost-effective temporary shelter solutions.

U.S. Fire Administration.—The agreement provides an additional $5,000,000 for NERIS modernization. FEMA is directed to continue its traditional funding for the congressionally-mandated National Fallen Firefighters Memorial. Additionally, FEMA shall provide a briefing to the Committees within 180 days of the date of enactment of this Act regarding any plans to revise Emergency Support Function #4—Firefighting to clarify or change USFA's role in responding to structural fires and wildland fires that burn into the wildland urban interface.

Urban Area Security Initiative.—Within 90 days of the date of enactment of this Act, FEMA shall provide a briefing to the Committees detailing the current risk and threat assessment methodology used for UASI, any geographic-related factors used to assess the risk of urban areas applying for funding, and how such geographic-related factors are used in developing urban areas' risk and threats. Further, FEMA shall provide to the Committees a report on fiscal year 2022–2025 UASI funding awards, the number of grant applicants in those years, and any quantitative or qualitative results or other outcomes related to such awards within 180 days of the date of enactment of this Act. Additionally, FEMA is directed to examine the enhanced use of the FBI's Threat Review and Prioritization program in the development of Metropolitan Statistical Area Risk Profiles.

DISASTER RELIEF FUND

The agreement provides $26,367,000,000 for the Disaster Relief Fund (DRF).

Building Resilient Infrastructure and Communities (BRIC).—Within 30 days of the date of enactment of this Act and monthly thereafter, FEMA shall brief the Committees on the status of BRIC, including projected funding levels. Within 90 days of the date of enactment of this Act, FEMA shall brief the Committees on the abilities of states and local jurisdictions to qualify for access to BRIC. The briefing shall include, but not be limited to, an analysis of the applicants' abilities to meet the program's building code requirements, their options outside of the program to assist communities with needed predisaster mitigation, and other challenges in addressing predisaster mitigation. The briefing shall also include a discussion of the feasibility of modifying the existing technical scoring criteria in the NOFO to provide local jurisdictions with full application points for the building codes implemented by municipalities within the boundary of a county, as well as for other mechanisms to protect property such as advanced floodplain regulations and drainage criteria carried out by a county. Additionally, within 180 days of the date of enactment of this Act, FEMA is directed to brief the Committees on the steps taken to address applicants' concerns regarding building codes.

BRIC Termination Reporting.—Within 180 days of the date of enactment of this Act, FEMA is directed to brief the Committees on the specific BRIC grants terminated by FEMA. At a minimum, the briefing shall include a table for each terminated BRIC grant detailing: the previous grant award amount; the percentage of the award disbursed prior to termination; the amount of the award that the grantee returned as a result of the BRIC award termination; a description of work completed under the BRIC award prior to termination; and a description of work unable to be completed due to BRIC award termination. Additionally, within 60 days of the date of enactment of this Act, the Department shall brief the Committees on its rationale for terminating the BRIC program, including justifying forgoing long-term savings associated with investing in predisaster

mitigation. The briefing shall include comprehensive empirical data related to claims of waste, fraud, and abuse, to the extent that any exists.

Debris Removal.—Within 90 days of the date of enactment of this Act, FEMA is directed to submit to the Committees a report clarifying debris removal and public safety policies across all types of communities with established community associations. Additionally, within 180 days of the date of enactment of this Act, FEMA shall brief the Committees on the number and type of discrimination incidents related to debris removal reported to FEMA since October 1, 2022, as well as a summary of related public comments received during the drafting of the most recent version of FEMA's Public Assistance Program and Policy Guide (PAPPG).

Declaration of a Disaster.—Within 30 days of the date of enactment of this Act, FEMA shall provide a briefing and submit to the Committees current or updated written evaluation factors, thresholds, and any other written or unwritten criteria used to determine eligibility requirements when making final recommendations related to emergency or major disaster declarations. The briefing shall include how each declaration request received by the Executive Branch in the previous fiscal quarter measures against the specific factors, thresholds, and criteria identified. The briefing shall also include the specific reason(s) for any delays in findings of eligibility or ineligibility of more than 20 days from the receipt of each outstanding emergency declaration request or 30 days from the receipt of each outstanding major disaster declaration request. Additionally, updated factors, thresholds, and criteria shall be provided to the Committees not later than the day on which any such update takes effect.

DRF Monthly Report.—In addition to the information required in the monthly report, FEMA is directed to provide a projection of obligations from the DRF for the twelve-month period following the date of submission of the current month's report to the Committees.

Housing Assistance Delivery.—GAO shall provide a report and briefing to the Committees within 270 days of the date of enactment of this Act analyzing the economic impacts of FEMA's financial housing assistance on communities that have housing shortages.

Immediate Needs Funding (INF).—Within 30 days of the date of enactment of this Act, FEMA shall brief the Committees on current policies and procedures for INF implementation, including the analysis of DRF balances and obligation projections used to inform implementation decisions, and the categories of work for which FEMA would likely delay reimbursements of otherwise eligible costs during implementation. Additionally, the briefing shall include an analysis of the benefits and costs of utilizing a strategic approach to the deployment of INF as opposed to an overall cessation of reimbursements. Further, FEMA shall brief the Committees monthly regarding any ongoing utilization of INF, including the analysis and metrics used to make an implementation decision, and the projected date by which INF implementation will end. Finally, during any implementation of INF, FEMA shall provide to the Committees a weekly report of delayed eligible reimbursements delineated by declared disaster, state, and categories of work.

Indirect Costs Reimbursement.—Until FEMA establishes management cost rates for the Disaster Case Management (DCM) program, FEMA shall provide an annual report to Congress on the effect of failing to establish management cost rates on DCM capacity, particularly with respect to nonprofit DCM providers.

Natural Infrastructure Activities.—Within 180 days of the date of enactment of this Act, FEMA shall provide a report to the Committees on the number, total requested funding, and percentage of fiscal years 2023 and 2024 BRIC applications for natural infrastructure projects, as well as a comparison of such data points to each of the fiscal years 2020 through 2022 grant cycles. The report shall be disaggregated by successful and unsuccessful applications and detail the types of natural infrastructure activities funded.

Preservation of Surveyors Marks.—Within 180 days of the date of enactment of this Act, FEMA shall provide a briefing to the Committees on the potential benefits of including surveying mark preservation performed by land surveyors as a core activity for disaster planning, emergency response, disaster cleanup, and disaster recovery efforts.

Public and Individual Assistance.—Section 313 of this Act includes language requiring FEMA to produce an interactive dashboard on its publicly accessible website showing the status of certain requests for reimbursement. The dashboard shall include the following information:

(1) the damage category code;

(2) for each proposed grant award, information on each cost estimate, applicant ID, the date of each submission, the descriptions for each project, and the cost of each project delineated by the Federal and non-Federal cost-share;

(3) the status of FEMA's review and approval of each cost estimate submitted, including the date on which a project is approved and the date on which the grant is issued;

(4) an explanation for any cost estimate that is not approved, or if the grant is not provided in the timeline as required, and any corrective action taken by FEMA;

(5) project-level progress updates;

(6) requests for assistance submitted, including dates and amounts of each request, timelines for submissions of required information, and dates of approval and disbursement of awards; and

(7) any other information the Administrator determines to be appropriate to ensure transparency and accountability in the administration of public assistance.

Reimbursements.—FEMA is directed to complete a review of outstanding reimbursements expeditiously and to provide a report to the Committees within 60 days of the date of enactment of this Act, and monthly thereafter, outlining any previous or ongoing challenges to reviewing reimbursement claims in a timely manner. Each report shall include the current number of disaster reimbursement requests currently pending FEMA review, delineated by state and funding amount, and a plan and timeline for reducing the number of open requests.

Reimbursement for Interest.—Within 180 days of the date of enactment of this Act, FEMA shall provide a report to the Committees detailing reimbursement for interest accumulated on qualifying disaster relief loans pursuant to the most recent version of the PAPPG. The report shall include details on the process through which entities can apply for interest reimbursement and information or examples about how interest reimbursement has been provided.

Snowstorms.—The agreement reaffirms Congress' intent, pursuant to 42 U.S.C. 5122(2), that snowstorms shall be eligible for Federal relief under major disaster declarations and notes that a major disaster declaration shall not be withheld simply due to that disaster's classification as a snowstorm.

Temporary Shelters and Emergency Housing.—FEMA is directed to brief the Committees within 270 days of the date of enactment of this Act on the current utilization restrictions and categorical eligibility regarding temporary transportable housing units and alternative temporary transportable housing units, the reasons such restrictions are in place, and potential future adjustments.

NATIONAL FLOOD INSURANCE FUND

The agreement includes $226,000,000 for the National Flood Insurance Fund (NFIF). FEMA is directed to conduct quarterly reporting on the NFIF in a public and transparent manner while complying with other reporting requirements in statute. Should FEMA fail to meet the quarterly reporting requirement, the Administrator is required to provide a documented reason for the delay and a status update every 30 days to the Committees until the report is issued. If the Administrator fails to produce a quarterly report, the Administrator or their designee is required to provide a briefing to the Committees within five business days on the National Flood Insurance Programs debt repayment plan.

Habitat Restoration Permitting.—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on the steps taken to streamline habitat restoration permitting and a timeline for future related actions.

Swift Current Program.—The Committees direct FEMA to provide additional time for eligible states, territories, and tribes to apply for Swift Current Program funding through a process determined by the Administrator. Within 180 days of the date of enactment of this Act and not less than 15 days prior to implementation of such process, FEMA shall brief the Committees on the planned implementation of such process.

TITLE III—ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

Section 301. The agreement continues and modifies a provision making ''Cybersecurity and Infrastructure Security Agency—Operations and Support'' funding available for procuring and providing cybersecurity threat feeds to CISA stakeholders and partners.

Section 302. The agreement continues a provision limiting expenses for administration of grants.

Section 303. The agreement continues and modifies a provision specifying timeframes for information on certain grant awards.

Section 304. The agreement continues and modifies a provision requiring a five-day advance notification for certain grant awards under ''Federal Emergency Management Agency—Federal Assistance''.

Section 305. The agreement continues a provision that addresses the availability of certain grant funds for the installation of communications towers.

Section 306. The agreement continues a provision requiring a report on the expenditures of the DRF.

Section 307. The agreement continues a provision permitting waivers to certain SAFER grant program requirements.

Section 308. The agreement continues a provision providing for the receipt and expenditure of fees collected for the Radiological Emergency Preparedness Program, as authorized by Public Law 105–276.

Section 309. The agreement continues a provision permitting waivers to certain Assistance to Firefighter Grants program requirements.

Section 310. The agreement continues and modifies a provision regarding the transfer of unobligated balances under the National Predisaster Mitigation Fund.

Section 311. The agreement continues and modifies a provision regarding the transfer

of unobligated balances under the Flood Hazard Mapping and Risk Analysis Program.

Section 312. The agreement includes a new provision that provides a minimum and maximum for grant periods of performance.

Section 313. The agreement includes a new provision requiring a dashboard for reimbursements made pursuant to a major disaster declaration under the Stafford Act.

Section 314. The agreement includes a new provision prohibiting the pausing of training or grants funded under FEMA Federal Assistance.

TITLE IV—RESEARCH, DEVELOPMENT, TRAINING, AND SERVICES

UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES

OPERATIONS AND SUPPORT

The agreement provides $122,941,000 for Operations and Support, including $10,375,000 for backlog reduction.

Administrative Holds.—Within 90 days of the date of enactment of this Act and quarterly thereafter, USCIS shall provide information related to USCIS' administrative holds or suspension of processing on the adjudication of several benefits requests as a result of Executive Orders 14161 or 14157. The report shall include: the number of applicants or beneficiaries whose form processing is on administrative hold or otherwise suspended, including the form type and filing category; the number of days each form has been pending from the time of filing; the number of applications subject to administrative holds or suspensions, disaggregated by form type and filing category for which a fee was paid and processed or a fee waiver was granted; and the number of days each form has been pending from the date the administrative hold or suspension on processing was placed.

Affirmative Asylum Backlog and Asylum Officer Staffing.—The agreement continues the reporting requirements in the explanatory statement accompanying Public Law 118–47 and further directs USCIS to submit a report to the Committees within 90 days of the date of enactment of this Act regarding the status of the affirmative asylum backlog, including how funds in fiscal year 2025 were used to reduce the backlog, the number of affirmative asylum cases still pending by year of application date, whether the cases have received an interview, the number of personnel dedicated to reducing the backlog, and any additional financial resources necessary to reduce the backlog. Additionally, USCIS is directed to publish publicly the number of asylum officers, the offices each asylum officer is assigned to, the number of asylum officers dedicated to backlog cases, and the number of asylum officers deployed to the southwest border within 120 days of the date of enactment of this Act.

Application Processing.—USCIS is directed to make available on a publicly accessible website an interactive dashboard detailing for all USCIS forms, the number of forms received, processed, approved, denied, and pending by month, along with the average processing time and the number of forms pending for more than six months. USCIS shall update the Committees on the status of this requirement during the quarterly budget and productivity briefings required by House Report 118–123. The dashboard shall be updated monthly but not later than the tenth business day following the end of each month and permit the downloading of the underlying data in a searchable and sortable spreadsheet format. Additionally, not later than 45 days after the date of the close of the fiscal year, USCIS shall publicly post data related to a fear of intimate partner violence in the applicants' home country reflecting: the number of people claiming to have a credible or reasonable fear under Section 235 of the Immigration and Nationality Act (INA); the number of principal asylum applications filed affirmatively with USCIS under Section 208 of the INA based in whole or in part of such fear, delineated by whether such applications were based in whole or in part; the number of principal asylum applications USCIS granted wholly or in part on account of the applicant's fear of intimate partner violence in their home country, delineated by whether such applications were granted based in whole or in part; and the country of origin for each applicant, whether they were represented by an attorney, accredited representative, or other individual, and whether there was an interpreter present for the credible fear and asylum interviews.

Audio and Video Interviews.—Within 90 days of the date of enactment of this Act, USCIS shall provide a report on the number of interviews conducted remotely or by video, what infrastructure was created to do so while preserving a fair and impartial process, and what USCIS needs to efficiently use remote interview capabilities. The report should also include challenges and best practices in conducting remote interviews and factors that informed the Department's decisions around which applicants were eligible for a remote interview, as well as statistics outlining the rates of outcomes between an in-person and remote interview modality for each of the last three fiscal years.

Biometrics Collection.—USCIS, in consultation with CBP, is directed to provide a report within 180 days of the date of enactment of this Act on the feasibility and associated resource cost of biometrics collection, for use by USCIS, at CBP locations where there is no USCIS office and where the closest USCIS office is only accessible by airplane, vessel, or is more than 500 miles away from the CBP location.

Central American Minors (CAM) Program.—Within 90 days of the date of enactment of this Act, USCIS, in coordination with partner agencies, shall publicly publish data including the number of CAM applications; approval and denial rates; interviews conducted and whether legal representation was provided; CAM arrivals, disaggregated by refugee and parole arrivals; and average processing times, disaggregated by country and by refugee and parole arrivals.

Child Applicant Interviews.—Within 90 days of the date of enactment of this Act, USCIS shall brief the Committees on the current policies and procedures in place concerning interviews that occur when children are the applicant/beneficiary or when children are present in the interview. At a minimum, the briefing shall cover when any child well-being professionals were consulted in the formulation of the policies and procedures, how frequently adjudicators are trained on such policies, and any best practices for conducting interviews when there are children present.

Coordination with the Office of Refugee Resettlement (ORR).—Within 180 days of the date of enactment of this Act, USCIS is directed to provide a report to the Committees on the coordination efforts with ORR, including any areas that require improvement regarding the referral process for newly granted asylees.

Cost Recovery.—In lieu of the House language under this heading, the agreement directs USCIS to continue to provide fee waiver data in the quarterly budget and staffing briefings required by House Report 117–396 and to provide the briefing required under the heading ''Fee Waivers and Application Deadlines'' included in the explanatory statement accompanying Public Law 118–47.

Employment Authorization Backlog Reporting.—The agreement continues to direct USCIS to make employment authorization backlog statistics available on a publicly accessible website on a quarterly basis with the following modifications: the total number of filed employment authorization applications pending; the total number of such applications that have been pending for: 30 or fewer days; 31–60 days; 61–90 days; 91–120 days; 121–179 days; 180–540 days; 541 or more days; and a summary, on an annual basis, of all existing processing time goals, the source of the time goal, and whether the agency met the time goal for the prior fiscal year. The agreement further directs USCIS to brief the Committees within 120 days of the date of enactment of this Act on the number of reported mistakes on employment authorization documents issued by the agency, timelines associated with remedying such mistakes, and the resources required to issue corrected employment authorization documents within 90 days of receipts.

Fee Collection Transparency.—Within 30 days of the date of enactment of this Act, and every 30 days thereafter, USCIS shall publicly report whether any fees collected by USCIS have been utilized for immigration enforcement purposes and the statutory authority for such utilization. Such report shall include the purpose and amount of such uses and shall indicate the original source of fees based on form type of such collected fee.

Fee Waivers Under Federal Poverty Guidelines.—USCIS is directed to continue its current policy regarding fee waivers, both full and partial, for certain eligible applicants and shall continue accepting current eligible items as proof, aligned with prevailing policy.

H–2A Visas.—In consultation with the Department of Labor (DOL) and within 120 days of the date of enactment of this Act, USCIS is directed to provide to the Committees a report on the impacts of exempting dairy industry activities from the temporary or seasonal requirements of the H–2A program. Additionally, the agreement continues the direction in the explanatory statement accompanying Public Law 118–47 under the ''Prevention of Abuses in the H–2A Program'' heading.

H–2B Visas.—The agreement directs USCIS, in consultation with DOL and other relevant departments:

(1) to examine the impacts of the current H–2B visa semiannual distribution on employers, employees, and agency operations and to provide the Committees with a briefing on the conclusions within 180 days of the date of enactment of this Act;

(2) to provide a report to the Committees within 180 days of the date of enactment of this Act on the following: data on the economic impact of the H–2B visa program on a state-by-state and national level; the estimated number of H–2B visas that would have been required to meet demand in fiscal year 2025 on a state-by-state and national level, absent any restrictions on the number of H–2B visas issued; and any economic impact that resulted from the inability to issue visas that would meet the estimated demand; and

(3) to provide a report within 120 days of the date of enactment of this Act making recommendations to ensure that the integrity of the program is safeguarded and that the limited number of H–2B visas are reserved for law-abiding employers. The report shall include the effects on prohibitions on implementation of DOL regulations relating to corresponding employment, the three-quarter guarantee, and prevailing wages and working conditions for individuals and U.S. workers; and the number of H–2B visas, including the number of supplemental visas issued in each of the past three years to entities and individuals who in the past five years were found to have committed H–2A or

H–2B violations, which include the number of visas allocated to violators who at any point have committed egregious H–2A or H–2B violations such as visa fraud and wage theft, and indicating the dates of the violations and visa issuance.

Implementation of Grant Funding.—USCIS is reminded of its statutory requirement to execute funds that Congress has previously appropriated. USCIS is directed to brief the Committees within 45 days on execution of prior years' Federal Assistance funding. USCIS shall provide the Committees with its legal justification for terminating any grant program and associated funding within 45 days of the date of enactment of this Act.

Naturalization at Basic Training.—Not later than 90 days after the date of enactment of this Act, USCIS shall brief the Committees on plans to expand Naturalization at Basic Training and ensure eligible military recruits and servicemembers have necessary assistance to complete the process, including attending interviews and appointments.

P–3 Refugee Processing.— The agreement continues the requirements found under this heading in Senate Report 118–85.

Policy Changes.—USCIS is directed to brief the Committees three business days before implementation of significant changes to any current policy. Additionally, USCIS shall continue to make all policy memos publicly available immediately upon implementation of significant change to any current policy.

Special Immigration Juvenile (SIJ) Visas Backlog.—The agreement continues the directive found under this heading in Senate Report 118–85, including the directive to publish copies of SIJ Visa backlog reports publicly within five days of submission to the Committees.

Status for Certain Individuals.—The agreement reiterates the directives found in the House Report regarding the required consideration, analysis, and evaluation of the status designation of individuals from certain countries, as well as the required briefing to the Committees.

USCIS Backlog and Frontlog Reporting.—The agreement continues the directives found under this heading in Senate Report 118–85.

USCIS Field Offices.—Not later than 60 days after the date of enactment of this Act, USCIS is directed to brief the Committees on the current budgetary impact of field offices in major metropolitan areas, whether these offices have personnel assigned to backlog reduction efforts, and the impact on staffing should these offices move locations to a less populated area. If USCIS has moved a field office location from an area with a population of 500,000 people or greater to an area of less than 100,000 people in the past two years, USCIS shall ensure the availability of services in the prior major metropolitan location.

United States Refugee Admissions Program.—Within 90 days of the date of enactment of this Act, and quarterly thereafter, USCIS shall submit a report to the Committees and make available to the public on its website the information described on the United States Refugee Admissions Program (USRAP) with the following information:

(1) for each fiscal year 2020 through 2025, the average duration of each step of the refugee screening process; the number of interviews, approvals, and denials of refugee applications; the number of cases placed on hold or that are pending; and the use of waivers or other flexibilities to expedite the process;

(2) for the current fiscal year, the number of refugees in the USRAP pipeline, disaggregated by status;

(3) the total number of Afghan nationals referred to the USRAP, disaggregated by P–1, P–2, P–3, P–4, and I–730; the total number of Afghan SIV applicants; and the number of Afghan nationals with pending Humanitarian Parole applications; and

(4) the number of Iraqi P–2 Direct Access Program adjudications since the resumption of the program on March 1, 2022. Such report shall also include information on the suitability of extending Priority 2 status to Uyghurs and Hong Kong residents.

Visa Application Processing.—USCIS is directed to provide a briefing to the Committees within 180 days of the date of enactment of this Act on possible visa application processing efficiencies that can be implemented, including an assessment of the feasibility of executing processes at both USCIS and DOL's Office of Foreign Labor Certification processes concurrently to reduce wait times.

FEDERAL LAW ENFORCEMENT TRAINING CENTERS

OPERATIONS AND SUPPORT

The agreement provides $379,837,000 for Operations and Support.

The agreement directs Federal Law Enforcement Training Centers (FLETC) to provide a cost analysis detailing, at minimum, each training center's maximum instructional capacity by course and measured against its annual student occupancy not later than 90 days after the date of enactment of this Act.

Human Trafficking Awareness Training.—The agreement provides $1,000,000 for Human Trafficking Awareness Training.

Law Enforcement Training.—FLETC is directed to ensure training of CBP and ICE law enforcement personnel includes de-escalation tactics. The agreement provides $2,000,000 to FLETC to ensure training of DHS law enforcement personnel includes de-escalation tactics. Not less than 30 days after the date of enactment of this Act, FLETC shall brief the Committees on the training curriculum regarding de-escalation and community engagement standards provided to DHS law enforcement personnel. The Department shall provide a quarterly report to the Committees on the number of law enforcement personnel, by component, trained in de-escalation tactics.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $18,300,000 to address the most critical of FLETC's major deferred maintenance projects that would improve delivery of training or the health and welfare of students.

SCIENCE AND TECHNOLOGY DIRECTORATE

OPERATIONS AND SUPPORT

The agreement provides $352,802,000 for Operations and Support. Of the total amount provided for this account, $201,183,000 is available until September 30, 2027 for Laboratory Facilities and Acquisition and Operations Analysis.

Partnership Intermediary Agreements.—The agreement sustains base funding for Partnership Intermediary Agreements to enable components across the Department to engage immediately on technology transfer and transition activities.

SAFETY Act.—The agreement directs S&T to eliminate the backlog of renewal certifications of qualified anti-terrorism technologies to complete all future renewal certifications within 90 days of the date of application.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides $51,500,000 for Procurement, Construction, and Improvements, including $41,500,000 for Plum Island Closure and Support and $10,000,000 for Critical Repair/Replacement Requirement.

Plum Island Closure and Support (PICS) Program.—Not later than 90 days after the date of enactment of this Act, DHS and USDA shall provide a joint briefing to the Committees. The briefing shall identify the root causes that delayed the transition from PIADC to NBAF, the remaining barriers to the transition, and the joint plan to overcome those barriers. The briefing shall include a revised timeline and detailed budget requirements to finalize the transition. Further, S&T is directed to continue providing semi-annual briefings on the progress of these activities.

RESEARCH AND DEVELOPMENT

The agreement provides $426,904,000 for Research and Development.

Research, Development, and Innovation

The agreement provides $379,904,000 for Research, Development, and Innovation. Within 60 days of the date of enactment of this Act, S&T shall provide a spend plan for Research and Development.

Bi-National Cooperative Program.—Within the funds provided, the agreement directs S&T to continue its engagement in the Binational Research and Development program and work with partners to develop innovative technology solutions for homeland security needs.

Next-Generation Biosurveillance Systems.—Within 90 days, S&T, in consultation with academia, industry, and SLTT partners, is directed to provide a funding plan by fiscal year and transition plans for the development of the next generation Biosurveillance System, including how MALDI–TOF MS will be employed.

Opioid and Fentanyl Detection.—The agreement directs S&T to provide a briefing within 90 days of the date of enactment of this Act on any research or development to incorporate rapid scanning into screening methods for drug interdiction.

University Programs

Centers of Excellence (COE) Program.—In lieu of the House language under this heading, the agreement provides $47,000,000 for COEs and directs S&T to restore and fund, within 30 days of enactment of this Act, partnerships with all COEs that had option years remaining at the time of termination. The Committees further direct S&T to brief the Committees within 60 days of the date of enactment of this Act on its plan for restoring partnerships with all affected institutions. The agreement also directs DHS to include funding for nine Centers of Excellence in its Fiscal Year 2027 budget submission.

TITLE IV—ADMINISTRATIVE PROVISIONS

Section 401. The agreement continues a provision allowing USCIS to acquire, operate, equip, and dispose of up to five vehicles under certain scenarios.

Section 402. The agreement continues a provision limiting the use of A–76 competitions by USCIS.

Section 403. The agreement continues a provision related to the collection and use of biometrics.

Section 404. The agreement continues a provision authorizing the Director of FLETC to distribute funds for expenses incurred in training accreditation.

Section 405. The agreement continues a provision directing the FLETC Accreditation Board to lead the Federal law enforcement training accreditation process to measure and assess Federal law enforcement training programs, facilities, and instructors.

Section 406. The agreement continues a provision allowing the acceptance of transfers from government agencies into ''Federal Law Enforcement Training Centers—Procurement, Construction, and Improvements''.

Section 407. The agreement continues a provision classifying FLETC instructor staff as inherently governmental for certain considerations.

TITLE V—GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

Section 501. The agreement continues a provision directing that no part of any appropriation shall remain available for obligation beyond the current year unless expressly provided.

Section 502. The agreement continues a provision providing authority to merge unexpended balances of prior appropriations with new appropriation accounts, to be used for the same purpose, subject to reprogramming guidelines.

Section 503. The agreement continues a provision related to reprogramming limitations and transfer authority.

The Department must notify the Committees on Appropriations at least 30 days in advance of each reprogramming of funds that would: (1) reduce programs, projects, and activities, or personnel, by 10 percent or more; or (2) increase a program, project, or activity by more than $5,000,000 or 10 percent, whichever is less.

The term ''program, project, and activity'' (PPA) is defined as each functional category listed under an account heading in the funding table at the back of this explanatory statement, along with each funding amount designated for a particular purpose within the statement narrative, exclusive of simple references to increases or reductions below the budget request. Funding for each PPA should not be used for the purposes of any other PPA.

For purposes of reprogramming notifications, the creation of a new program, project, or activity is defined as any significant new activity that has not been explicitly justified to the Congress in budget justification material and for which funds have not been appropriated by the Congress.

Limited transfer authority is provided to give the Department flexibility in responding to emerging requirements and significant changes in circumstances, but is not intended to facilitate the implementation of new programs, projects, or activities that were not proposed in a formal budget submission. Transfers may not reduce accounts by more than five percent or augment appropriations by more than 10 percent. The Department must notify the Committees on Appropriations not fewer than 30 days in advance of any transfer.

To avoid violations of the Anti-Deficiency Act, the Secretary shall ensure that any transfer of funds is carried out in compliance with the limitations and requirements of section 503(c). In particular, the Secretary should ensure that any such transfers adhere to the opinion of the Comptroller General's decision in *the Matter of: John D. Webster, Director, Financial Services, Library of Congress, dated November 7, 1997*, with regard to the definition of an appropriation subject to transfer limitations.

Notifications should provide complete explanations of proposed funding reallocations, including detailed justifications for increases and offsets; any specific impact the proposed changes are expected to have on future-year appropriations requirements; a table showing the proposed revisions to funding and FTE—at the account and PPA levels—for the current fiscal year; and any expected funding and FTE impacts during the budget year.

The Department shall manage its PPAs within the levels appropriated and should only submit reprogramming or transfer notifications in cases of unforeseeable and compelling circumstances that could not have been predicted when formulating the budget request for the current fiscal year. When the Department becomes aware of an emerging requirement after the President's budget has been submitted to Congress but prior to the enactment of a full-year funding Act for the budget year, it is incumbent on the Office of the Chief Financial Officer to timely notify the Committees. When the Department submits a reprogramming or transfer notification and does not receive identical responses from the House and Senate Committees, it is expected to work with the Committees to reconcile the differences before proceeding.

Section 504. The agreement continues a provision prohibiting funds appropriated or otherwise made available to the Department to make payment to the Working Capital Fund, except for activities and amounts allowed in the President's fiscal year 2026 budget request.

Section 505. The agreement continues a provision providing that not to exceed 50 percent of unobligated balances from prior-year appropriations for each Operations and Support appropriation shall remain available through fiscal year 2026, subject to section 503 reprogramming requirements.

Section 506. The agreement continues and modifies a provision that deems intelligence activities to be specifically authorized during fiscal year 2026 until the enactment of an Act authorizing intelligence activities for fiscal year 2026.

Section 507. The agreement continues and modifies a provision requiring notification to the Committees at least three days before DHS executes or announces grant allocations or grant awards totaling $1,000,000 or more; an award or contract, other transaction agreement; a grant from the Disaster Relief Fund greater than $100,000; or task order on a multiple award agreement, or to issue a letter of intent of greater than $2,000,000; task or delivery orders greater than $5,000,000 from DHS multi-year funds; or sole-source grant awards. Notifications shall include a description of the projects or activities to be funded and the location, including city, county, and state.

Section 508. The agreement continues a provision prohibiting all agencies from purchasing, constructing, or leasing additional facilities for Federal law enforcement training without advance notification to the Committees.

Section 509. The agreement continues a provision prohibiting the use of funds for any construction, repair, alteration, or acquisition project for which a prospectus, if required under chapter 33 of title 40, United States Code, has not been approved.

Section 510. The agreement continues a provision that includes and consolidates by reference prior-year statutory provisions related to sensitive security information and the use of funds in conformance with section 303 of the Energy Policy Act of 1992.

Section 511. The agreement continues a provision prohibiting the use of funds in contravention of the Buy American Act.

Section 512. The agreement continues a provision regarding the oath of allegiance required by section 337 of the Immigration and Nationality Act.

Section 513. The agreement continues and modifies a provision that precludes DHS from using funds in this Act to use reorganization authority, with the exception of the Countering Weapons of Mass Destruction Office consistent with the table in this explanatory statement.

Section 514. The agreement continues a provision prohibiting funds for planning, testing, piloting, or developing a national identification card.

Section 515. The agreement continues a provision directing that any official required by this Act to report or certify to the Committees on Appropriations may not delegate such authority unless expressly authorized to do so in this Act.

Section 516. The agreement continues a provision prohibiting funds in this Act to be used for first-class travel.

Section 517. The agreement continues a provision prohibiting the use of funds to employ illegal workers as described in Section 274A(h)(3) of the Immigration and Nationality Act.

Section 518. The agreement continues a provision prohibiting funds appropriated or otherwise made available by this Act to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 519. The agreement continues a provision requiring DHS computer systems to block electronic access to pornography, except for law enforcement purposes.

Section 520. The agreement continues a provision regarding the transfer of firearms by Federal law enforcement personnel.

Section 521. The agreement continues a provision regarding funding restrictions and reporting requirements related to conferences occurring outside of the United States.

Section 522. The agreement continues a provision prohibiting funds to reimburse any Federal department or agency for its participation in a National Special Security Event.

Section 523. The agreement continues a provision requiring a notification, including justification materials, prior to implementing any structural pay reform or instituting a new position classification that affects more than 100 FTP or costs more than $5,000,000.

Section 524. The agreement continues and modifies a provision directing the Department to post, on a public website, reports required by the Committees unless public posting compromises homeland or national security or contains proprietary information.

Section 525. The agreement continues and modifies a provision authorizing minor procurement, construction, and improvements under ''Operations and Support'' appropriations, as specified.

Section 526. The agreement continues, by reference, a provision authorizing DHS to use discretionary appropriations for the primary and secondary schooling of eligible dependents of DHS personnel stationed in areas of U.S. territories that meet certain criteria.

Section 527. The agreement continues a provision prohibiting the use of restraints on pregnant detainees in DHS custody, except in certain circumstances.

Section 528. The agreement continues and modifies a provision prohibiting the use of funds for the destruction of records related to detainees in custody.

Section 529. The agreement continues a provision prohibiting funds for a Principal Federal Official during a declared disaster or emergency under the Stafford Act, with certain exceptions.

Section 530. The agreement continues a provision requiring the Under Secretary for Management to submit a component-level report on unfunded priorities classified as budget function 050.

Section 531. The agreement continues a provision requiring notifications when the President designates a former or retired Federal official or employee for protection and reporting regarding the costs of such protection.

Section 532. The agreement continues a provision requiring notifications and reporting on DHS submissions of proposals to the Technology Modernization Fund.

Section 533. The agreement continues a provision requiring the identification of discretionary offsets when fee increase proposals to support current activities assume the enactment of such proposals prior to the beginning of the budget year.

Section 534. The agreement continues a provision related to the Arms Trade Treaty.

Section 535. The agreement continues a provision prohibiting the use of funds related to certain entities identified under section 1260H of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021.

Section 536. The agreement continues a provision prohibiting the use of funds for the transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba into or within the United States.

Section 537. The agreement continues and modifies a provision directing the Secretary of Homeland Security to develop, use, and share estimates of arrivals of individuals at the southwest border.

Section 538. The agreement includes a new provision directing the Secretary of Homeland Security to develop, use, and share estimates of individuals anticipated to be detained in and removed from the United States.

Section 539. The agreement continues a provision that requires the Secretary of Homeland Security to conduct alternatives and cost-benefit analysis prior to requesting assistance from the Department of Defense.

Section 540. The agreement continues a provision allowing the use of funds provided by this Act for Emergency Backup Care.

Section 541. The agreement continues a provision providing DHS the ability to transfer funds throughout the Department into ICE to support the Blue Campaign.

Section 542. The agreement includes a new provision that reduces funds from the Office of the Secretary if the monthly DRF report is not delivered consistent with Section 306, or reviews for DRF reimbursements exceed 60 days and exceed 500 projects under review.

Section 543. The agreement includes a new provision that extends medical licensure across state lines for Department medical professionals.

Section 544. The agreement includes a new provision related to classified programs and a classified annex.

Section 545. The agreement includes a new provision subjecting transfers of National Intelligence Program funding to section 503 requirements.

Section 546. The agreement includes a new provision requiring obligation plans for funding provided in P.L. 119–21 from all sources, including fee collections.

Section 547. The agreement continues a provision regarding access to detention facilities by members of Congress or their designated staff.

Section 548. The agreement includes a new provision that provides additional funding for Supreme Court Justice security.

Section 549. The agreement includes a new provision that provides a rate of pay increase for those employees who participate in air traffic control activities as defined within the ''Department of Transportation-Federal Aviation Administration-Operations-Air Traffic Organization''.

Section 550. The agreement includes a new provision deriving by transfer unobligated balances from a specified source.

Section 551. The agreement includes a new provision rescinding unobligated balances from various sources.

Section 552. The agreement continues and modifies a provision rescinding unobligated balances pursuant to section 505.

Section 553. The agreement continues a provision rescinding unobligated balances from the DHS Nonrecurring Expenses Fund.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION D—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2026

CONGRESSIONAL DIRECTIVES

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 119–212 and Senate Report 119–47 carry the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. In cases where the House and Senate have directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. The Department of Transportation [DOT] and the Department of Housing and Urban Development [HUD] are directed to notify the House and Senate Committees on Appropriations 7 days prior to the announcement of a new program, initiative, or authority.

PROGRAM, PROJECT, AND ACTIVITY

During fiscal year 2026, the terms ''program, project, and activity'' [PPA] shall mean any item for which a dollar amount is contained in appropriations acts (including joint resolutions providing continuing appropriations), House Report 119–212, Senate Report 119–47, or this joint explanatory statement.

OPERATING PLANS AND REPROGRAMMING GUIDELINES

Reprogramming requests must be submitted to the Committees on Appropriations no later than June 30, 2026, and include funding provided by this act, division J of Public Law 117–58, or previous appropriations acts. Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Reprogramming procedures shall apply to funds provided in the bill, unobligated balances from previous appropriations acts that are available for obligation or expenditure in fiscal year 2026, and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2026. The agreement clarifies that section 405 applies to working capital funds of both the DOT and the HUD and that no funds may be obligated from working capital fund accounts to augment PPAs for which appropriations have been specifically rejected by Congress, or to increase funds or personnel for any PPA above the amounts appropriated in the bill, House Report 119–212, Senate Report 119–47, or this joint explanatory statement.

The table in the operating plan required by the House and Senate Committees on Appropriations shall apply to all items for which a dollar amount is specified and to all programs for which new budget (obligational) authority is provided, as well as to discretionary grants and discretionary grant allocations. In addition, the operating plan shall include an organizational chart with the number of full-time personnel onboard as of the end of the most recent pay period for each office as approved by this bill or this joint explanatory statement that provides the customary level of detail provided to the House and Senate Committees on Appropriations. The agreement directs the HUD to provide organizational charts at the same level of detail as those provided in April 2024. The operating plan must also identify items of special congressional interest.

CONGRESSIONAL BUDGET JUSTIFICATIONS

The agreement directs each agency to include within its budget justification the data needed to make appropriate and meaningful funding decisions and to include: (1) comparisons to the account and sub-account structure provided under this act or this joint explanatory statement; (2) all available budgetary resources from contract authority, mandatory budget authority, advance appropriations, and discretionary authority, including disaster and emergency-designated funding; (3) detailed discussions of proposed new initiatives or changes to the agency's financial plan; and (4) detailed tables and organizational charts (at the same organizational level of detail provided with the fiscal year 2025 congressional budget justifications, unless otherwise requested by the House and Senate Committees on Appropriations) that delineate all budgetary resources for salaries and expenses, the number of full-time equivalent [FTE] and full-time positions [FTP] and provide justifications for all funding and staffing changes, reorganizations, and restructurings. To the extent such information has not already been prepared for inclusion in the fiscal year 2027 congressional budget justifications, the agreement directs each agency to provide such information as supplemental information to the House and Senate Committees on Appropriations not later than 30 days after submission of the fiscal year 2027 congressional budget justifications.

REPORTING REQUIREMENTS

Each DOT and HUD agency is expected to comply with report deadlines, as directed by House Report 119–212, Senate Report 119–47, and this joint explanatory statement.

FOREIGN MALIGN INFLUENCE MITIGATION

The agreement directs the DOT, in consultation with the Office of the Director of National Intelligence, the Cybersecurity and Infrastructure Security Agency, and the National Center for Narrative Intelligence, to provide a briefing to the House and Senate Committees on Appropriations not later than 180 days after enactment of this act on state backed influence operations on U.S. transportation infrastructure and transportation companies.

GRANTS AND CONTRACTS

The DOT and the HUD shall not carry out any federal award terminations that are not in accordance with the procedures established in the governmentwide guidance for federal financial assistance in 2 CFR Part 200. The Departments shall not terminate a federal award in part or in its entirety or require a renegotiation or rescoping of a federal award solely pursuant to 2 CFR 200.340(a)(4), without following Departmental procedures.

Additionally, the agreement directs the DOT and the HUD to transmit to the House and Senate Committees on Appropriations not later than 90 days after enactment of this act a report that identifies each grant, cooperative agreement, and contract that was obligated in the 5 prior fiscal years and subsequently terminated, withdrawn, or reduced in scope during calendar year 2025 that remains terminated, withdrawn, or reduced in scope on the date of enactment of this act. Such report shall explain why each change was made and shall identify the recipient or contractor, the location of the project or service, and the amount and source of funds impacted.

TITLE I
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

The bill provides $187,344,000 for the salaries and expenses of the Office of the Secretary [OST], to remain available until September 30, 2027. The agreement includes funding for staffing levels in line with the deferred resignation program for OST, which does not compromise safety personnel. The agreement continues the direction in Senate Report 119–47 under the heading ''Staffing'' in this account. Of the total amount, the agreement provides the following levels for each office.

	Agreement
Office of the Secretary	$3,764,000
Office of the Deputy Secretary	1,348,000
Office of the General Counsel	27,780,000
Office of the Under Secretary for Policy*	21,358,000
Office of the Assistant Secretary for Budget and Programs	21,505,000
Office of the Assistant Secretary for Governmental Affairs	3,807,000
Office of the Assistant Secretary for Administration	16,181,000
Office of Public Affairs and Public Engagement	5,664,000
Office of the Executive Secretariat	2,332,000
Office of Intelligence, Security, and Emergency Response	19,388,000
Office of the Chief Information Officer	1,707,000
Office of Tribal Government Affairs	1,517,000
Working Capital Fund shared services	60,993,000
Total	187,344,000

*Includes the Office of Multimodal Freight Infrastructure Policy.

Aviation consumer protection.—Of the amounts provided for the Office of the General Counsel, not less than $4,000,000 is to continue the Department's efforts to address aviation consumer complaints and related consumer aviation activities as well as implement aviation consumer protection laws through the Office of Aviation Consumer Protection within the Office of the General Counsel.

Cargo theft prevention.—The agreement includes the directions from House Report 119–212 and Senate Report 119–47 under this heading, except that DOT is directed to coordinate with relevant stakeholders and the report shall be provided to the House and Senate Committees on Appropriations within 180 days of enactment of this act.

Congressional budget justifications.—The agreement directs OST to continue to delineate the funding for salaries and expenses [S&E] and number of FTE and FTP positions separate and distinct from the programmatic funding, including in the detailed tables in the congressional budget justification. This shall include all S&E funding and FTE/FTP positions provided by administrative takedowns from any and all budgetary resources.

Department policies.—The agreement directs the Department to brief the House and Senate Committees on Appropriations on the status of the statement of international air transportation policy not later than 120 days after enactment of this act.

Events at DOT headquarters.—The agreement directs the Department to include major events hosted by DOT headquarters for fiscal years 2018 through 2025 and expected for fiscal year 2026 in the briefing required in House Report 119–212.

Expropriation of U.S. commercial assets in Mexico.—In lieu of the direction in House Report 119–212 under this heading, the agreement directs DOT to update the House and Senate Committees on Appropriations on the flow of construction materials for U.S. infrastructure projects from North American foreign-owned ports no later than 270 days after enactment of this act.

Freight logistics optimization works [FLOW] program.—Of the $5,000,000 provided for the Office of Multimodal Freight Infrastructure and Policy, the agreement provides $3,000,000 for the FLOW program.

Grants review backlog.— The agreement directs the Department to brief the House and Senate Committees on Appropriations within 120 days of enactment of this act detailing the scope of the grants review backlog, how

any staffing shortfalls at the modal and OST level may contribute to this backlog, and the Department's plan to improve grant processing timelines and capacity. Further, the agreement directs the Department to provide the status of all awarded but not obligated competitive grant and community project funding/congressionally directed spending projects. The Department shall provide a list of all such awards by program, fiscal year, and grantee, and include the name of the project, the state of the project location, the original amount of the award when announced, and the amount obligated to date. The Department shall provide the data to the House and Senate Committees on Appropriations not later than 120 days after the enactment of this act and biannually after the first submission of such data.

Protective service.—The agreement expects the protective service detail [PSD] of the Department to be included within the FTE/FTP information required by the directives under the header ''Congressional budget justifications'' in this account. The agreement directs the Department to provide a briefing within 120 days of enactment of this act regarding the PSD. The briefing should include historical FTE/FTP data of the PSD; current and prior hiring plans, recruitment, and retention efforts; and specific details on how the Department is complying with the National Security Presidential Memorandum [NSPM–7]. As part of the briefing, the Department is directed to provide an analysis of the potential to use funds provided by section 122 of division A of Public Law 119–37 to supplement cabinet level security requirements government-wide.

Regional, division, and field offices.—The agreement directs the Department, when considering plans to open, close, redesignate as a lesser office, or reorganize a regional, division, or field office within the Department or an operating administration of the Department, to conduct an analysis on the effect of such action on each relevant office, which shall consider the potential costs; impacts on staffing and workforce; relevant external stakeholders, as appropriate; and the Department's ability to carry out all statutorily authorized activities. The Department is directed to provide such analysis to the House and Senate Committees on Appropriations not later than 10 business days after such analysis is requested by either the House or Senate Committees on Appropriations.

RESEARCH AND TECHNOLOGY

The bill provides $74,471,000 for research and technology, of which $56,000,000 shall remain available until expended. The bill specifies funding levels for activities within the account.

NATIONAL INFRASTRUCTURE INVESTMENTS

(INCLUDING TRANSFER OF FUNDS)

The bill provides $145,000,000 for local and regional project assistance grants as authorized under 49 U.S.C. 6702, to remain available until expended. Of this amount, not less than 5 percent is for projects in historically disadvantaged communities or areas of persistent poverty. The bill directs the Secretary to take such measures to ensure an equitable geographic distribution of funds, an appropriate balance in addressing the needs of rural and urban communities, including Tribal areas, and the investment in a variety of transportation modes. Consistent with 49 U.S.C. 6702, not more than 50 percent of the funding shall be allocated to projects in rural and urbanized areas, respectively. Further, the bill requires the Secretary to consider and award projects solely based upon the selection criteria in 49 U.S.C. 6702(d)(3) and (d)(4).

NATIONAL SURFACE TRANSPORTATION AND INNOVATIVE FINANCE BUREAU

The agreement provides $9,250,000 for the National Surface Transportation and Innovative Finance Bureau, to remain available until expended.

RURAL AND TRIBAL INFRASTRUCTURE ADVANCEMENT

The agreement provides $10,000,000 for the rural and Tribal infrastructure advancement program as authorized by section 21205 of Public Law 117–58, to remain available until September 30, 2028.

RAILROAD REHABILITATION AND IMPROVEMENT FINANCING PROGRAM

The bill authorizes the Secretary to issue direct loans and loan guarantees pursuant to chapter 224 of title 49, United States Code.

Limiting loans for high-speed rail projects.—The agreement urges that, with respect to any railroad rehabilitation and improvement financing [RRIF] loans or loan guarantees issued to high-speed rail projects, (a) any debt senior the RRIF loan (or the debt guaranteed by the RRIF credit instrument) should have an investment grade rating; (b) prior to receiving a disbursement of funds under such RRIF loan (or debt guaranteed by the RRIF credit instrument) the high-speed rail project should have received a permit to construct from the Surface Transportation Board to ensure responsible planning of infrastructure projects; and (c) the high-speed rail project should be constructed to the same 'standard' track gauge as the general system of rail transportation.

FINANCIAL MANAGEMENT CAPITAL

The agreement provides $5,000,000 for the financial management capital program, to remain available until September 30, 2027.

CYBER SECURITY INITIATIVES

The agreement provides $60,000,000 for departmental cyber security initiatives, to remain available until September 30, 2027.

OFFICE OF CIVIL RIGHTS

The agreement provides $11,761,000 for the Office of Civil Rights. The agreement does not support moving positions and programs of the Office of Civil Rights into the Department's working capital fund.

TRANSPORTATION PLANNING, RESEARCH, AND DEVELOPMENT

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $32,043,000 for planning, research, and development activities, to remain available until expended. Of this amount, $5,436,000 is for the Interagency Infrastructure Permitting Improvement Center and $9,647,000 is for the purposes and amounts specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement.

Flight 5342.—The agreement provides $2,000,000 for DOT to commission the National Academies of Science within 30 days of enactment of this act to conduct an independent review of airspace design, civil-military coordination, and operational safety in the National Capital Region, consistent with all direction under this heading in Senate Report 119–47.

WORKING CAPITAL FUND

(INCLUDING TRANSFER OF FUNDS)

The bill limits expenditures for working capital fund [WCF] activities to $764,965,000.

Consolidation proposal.—The agreement supports the budget request to consolidate non-commodity information technology [IT] and procurement services through the WCF. The bill specifies how the Department may proceed with the consolidation of non-commodity IT and procurement services and requires the Secretary to provide a plan to the House and Senate Committees on Appropriations describing the non-commodity IT and procurement consolidation not less than 30 days prior to using the authorities provided in the bill. Such plan shall include details on the IT and procurement programs, systems, and operations being consolidated; the operating administrations participating in such consolidation; impacts on staffing within the WCF, the Office of the Chief Information Officer within OST, the Office of the Assistant Secretary for Administration within OST, and any participating operating administration; the expected costs and benefits to the OST and any participating operating administrations for such consolidation; and the expected timeline for such consolidation.

In addition to the monthly briefings on non-commodity IT and procurement services required in the bill, the agreement directs DOT to transmit monthly a report of the WCF and provide quarterly briefings to the House and Senate Committees on Appropriations regarding all expenditures of the WCF, including the shared services within the fund and the use of the fund by operating administration.

SMALL AND DISADVANTAGED BUSINESS UTILIZATION AND OUTREACH

The bill provides $5,330,000 for small and disadvantaged business utilization and outreach, to remain available until September 30, 2027.

Small business transportation resource centers [SBTRCs].—The bill requires the Office of Small and Disadvantaged Business Utilization to maintain and operate not less than six SBTRCs. The agreement directs that one of the not less than six SBTRCs shall serve the Mid-South Atlantic Region and be located in the same state as in fiscal year 2025.

PAYMENTS TO AIR CARRIERS

(AIRPORT AND AIRWAY TRUST FUND)

The bill provides $513,637,231 for payments to air carriers, to remain available until expended, and continues to waive certain eligibility requirements.

Program oversight.—In lieu of the direction provided under this heading in House Report 119–212, the agreement directs the Department to provide the House and Senate Committees on Appropriations not later than 180 days after the date of enactment of this act relevant data for the Essential Air Service [EAS] program, including annual passenger and load factors, subsidy levels, and per-passenger costs, for all communities outside of Alaska and Hawaii.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE SECRETARY OF TRANSPORTATION

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

Section 101 prohibits funds available to the DOT from being obligated for the Office of the Secretary of Transportation to approve assessments or reimbursable agreements pertaining to funds appropriated to the operating administrations, except for activities underway on the date of enactment of this act, unless such assessments or agreements have completed the normal reprogramming process for congressional notification.

Section 102 requires the Secretary of Transportation to post on the Internet a schedule of all council on credit and finance meetings, agendas, and meeting minutes.

Section 103 allows the DOT's working capital fund to provide payments in advance to vendors for the Federal transit pass fringe benefit program, and to provide full or partial payments to, and to accept reimbursements from, Federal agencies for transit benefit distribution services.

Section 104 allows the DOT's working capital fund to use certain recoveries from the

transit benefit program to improve the administration of that program.

Section 105 requires approval from the Assistant Secretary for Administration for retention or senior executive bonuses for all DOT employees.

Section 106 requires the DOT's working capital fund to transfer equipment into the working capital fund and collect replacement reserve for the equipment equal to the useful life and estimated replacement cost of such equipment.

Section 107 requires congressional notification before the DOT provides credit assistance under the transportation infrastructure finance and innovation act program.

Section 108 allows the Secretary to transfer and consolidate administrative resources for certain programs.

Section 109 allows the operating administrations to transfer funds to the Office of Tribal Government Affairs for recipients of the Tribal transportation self-governance program.

Section 109A modifies the amount of funding reserved for planning grants under the safe streets and roads for all program.

Section 109B extends the period of availability for certain fiscal year 2022 grants.

Section 109C provides air service protections for rural communities who have regularly scheduled EAS service.

Section 109D rescinds certain unobligated amounts.

Section 109E rescinds certain unobligated amounts.

Section 109F rescinds certain unobligated amounts.

Section 109G rescinds certain unobligated amounts.

FEDERAL AVIATION ADMINISTRATION

OPERATIONS

(AIRPORT AND AIRWAY TRUST FUND)

The agreement provides $13,710,000,000 for the operations of the Federal Aviation Administration [FAA], to remain available until September 30, 2027. Of the total amount provided, $13,040,600,000 is to be derived from the airport and airway trust fund. The act allocates funds by budget activity.

Funding level.—In lieu of the direction included under the heading ''Additions and reductions'' in House Report 119–212 and under the heading ''Funding Level'' in Senate Report 119–47, the agreement—

(1) includes an adjustment of $95,877,000 over fiscal year 2025 for surging controller hiring and training, with a goal of hiring 2,500 new controllers in fiscal year 2026;

(2) includes an adjustment of an additional $9,744,000 over fiscal year 2025 for air carrier surveillance and production oversight, including enhanced oversight of Boeing;

(3) includes an adjustment of an additional $35,000,000 over fiscal year 2025 for cybersecurity efforts;

(4) includes savings due to staffing reductions related to the deferred resignation program; and

(5) directs the FAA to transition any activities from the Office of NextGen as a result of implementing section 206 of the FAA Reauthorization Act of 2024 (Public Law 118–63) to existing lines of business and staff offices (consistent with the reprogramming requirements in section 405 of this act), and to minimize duplication of responsibilities across offices.

Medical certifications and clearances.—The agreement includes an increase of $3,000,000 above the budget request, for the Office of Aerospace Medicine, for purposes consistent with the directives included under this heading in Senate Report 119–47 and under the heading ''Aeromedical'' in House Report 119–212, to address the backlog of pilot and air traffic controller medical certificates. The agreement directs the FAA to provide the House and Senate Committees on Appropriations a briefing requested under both headings no later than 120 days after the enactment of this act.

Aircraft certification.—In lieu of the direction provided under this heading in Senate Report 119–47 and the first paragraph under the heading ''Aircraft certification modernization and international competitiveness'' in House Report 119–212, the agreement includes not less than $379,223,000 for the aircraft certification service [AIR]. The additional 32 positions included in the budget request, and funded by this agreement, shall be prioritized to address the FAA's increased oversight of air carriers and aircraft manufacturers. The agreement includes resources to ensure sufficient technical expertise and workforce training for the FAA's certification workforce, strengthening safety and production oversight. The agreement directs the FAA to complete the briefings directed under the heading ''Aircraft certification modernization and international competitiveness'' in House Report 119–212 and Senate Report 119–47 no later than 60 days after the enactment of this act.

Air-traffic collegiate training initiative [AT–CTI].—In lieu of the briefing requested under the heading ''Collegiate training initiatives'' in House Report 119–212, and consistent with the report directed under this heading in Senate Report 119–47, the agreement directs the FAA to provide, within 270 days of enactment of this act, a report on: (1) FAA hiring and separation numbers for AT–CTI and Enhanced–Collegiate training initiative [E–CTI] graduates; (2) the total number of AT–CTI and E–CTI program graduates and the proportion that seek employment as certified professional controllers [CPCs] within one calendar year of program completion; and (3) a comparison of training performance, separation rates and attainment of necessary qualifications between AT–CTI and E–CTI graduates and the FAA-academy trained CPCs. For each hiring pool opened in fiscal year 2026, the report shall contain the total number of applicants for AT–CTI, E–CTI, and the FAA academy, who have: (1) applied for the position of air traffic controller; (2) been issued a tentative offer letter for the position of air traffic controller; (3) been issued a firm offer letter for the position of air traffic controller; and (4) been hired for the position of air traffic controller.

Designee training resources.—The agreement includes $7,000,000 for the purposes described under this heading in House Report 119–212 and under the heading ''Designee Training'' in Senate Report 119–47.

Contract towers.—The agreement includes $6,000,000 for the pilot program described under the heading ''Contract Towers'' in Senate Report 119–47 and continues to direct the FAA to commence this program within 180 days of enactment of this act and to prioritize contract towers as required under section 625(a)(2) of the FAA Reauthorization Act of 2024.

Integration of commercial space and new entrants.—The agreement does not specify an amount for, but maintains the direction included under the heading ''Integration of new entrants'' in House Report 119–212, excluding tracking requirements, and the heading ''Airspace Integration'' in Senate Report 119–47, excluding live telemetry data requirements.

Unmanned aircraft system [UAS] beyond visual line of sight.— The agreement shares concern regarding the proposed rule ''Normalizing Unmanned Aircraft Systems Beyond Visual Line of Sight Operations'' which may make it more difficult for drone operators to fly than is currently permissible under waivers, exemptions, and other approvals. The agreement directs the FAA to ensure that the final rule allows the United States to lead in the safe integration of drones into the national airspace system, and, at a minimum, is not more restrictive on operations than what is currently permissible under Part 135 and Part 107 using waivers, exemptions, and other approvals.

Staffing.—The agreement modifies the directive under this heading in Senate Report 119–47 to direct the FAA to brief the House and Senate Committees on Appropriations on all positions that remain unfilled due to the deferred resignation program, and which positions the FAA intends to backfill in fiscal year 2026. The agreement directs the FAA to provide quarterly staffing updates, including hiring and separations, by line of business for all positions funded by this and any other act, and: (1) the status of hiring new controllers; (2) actual staffing levels, including hiring and separation levels, at all air traffic control [ATC] facilities; and (3) flight delays at each ATC facility by category.

Air traffic controller hiring.—The agreement modifies the direction provided under this heading in Senate Report 119–47 to direct the FAA to expand training at the FAA Training Academy at the Mike Monroney Aeronautical Center and continue to supplement these efforts through the AT–CTI program.

Organization chart.—The agreement directs the FAA to include a more detailed organization chart as an exhibit to section one of the President's budget justification that provides not less than one level of offices below the Office of the Administrator and Deputy Administrator, the Air Traffic Organization, and the Office of the Assistant Administrator for Aviation Safety.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The agreement provides $4,000,000,000 for facilities and equipment. Of the total amount available, $697,850,000 is for personnel and related expenses and available until September 30, 2027, and $3,302,150,000 is available until September 30, 2028. The agreement directs the FAA to notify the House and Senate Committees on Appropriations within 3 business days of the joint resources council, the prime integrator, or any FAA official making any final investment decisions, establishing a baseline for previously approved projects, or making acquisition program baseline changes that alter program performance, cost or schedule baseline.

The table below provides allocations of funds by activity for FAA facilities and equipment from the Infrastructure Investment and Jobs Act [IIJA] for fiscal year 2026, which are subject to section 405 of this act:

Allocation of FAA Facilities and Equipment Funding in the Infrastructure Investment and Jobs Act—Fiscal Year 2026

Budget line item	Agreement
Terminal and En Route Air Traffic Control Facilities—Replace	$370,100,000
Electrical Power System—Sustain/Support and Fuel Storage Tank Replacement and Management	163,700,000
Hazardous Materials Management and NAS Facilities, OSHA, and Environmental Standards Compliance	29,700,000
Facility Security Risk Management	30,000,000
Navigation, Landing and Lighting	30,000,000
Personnel Compensation, Benefits, and Travel [PCB&T]	125,000,000
IIJA—Long Range Radar Infrastructure Sustainment	7,800,000
IIJA—Air Route Traffic Control Center [ARTCC] & Combined Control Facility [CCF] Sustainment	142,100,000
IIJA—Air Traffic Control Tower/Terminal Radar Approach Control Sustainment	101,600,000
Total	1,000,000,000

The table below provides details by activity for FAA facilities and equipment from funds made available under this heading in this act:

Allocation of FAA Facilities and Equipment Funding in This Act—Fiscal Year 2026

Budget line item	Agreement
Activity 1—Engineering, Development, Test and Evaluation:	
Advanced Technology Development and Prototyping	$132,500,000
William J. Hughes Technical Center Laboratory Sustainment	19,900,000
William J. Hughes Technical Center Infrastructure Sustainment	23,000,000
Separation Management Portfolio	13,800,000
Traffic Flow Management Portfolio	9,000,000
On Demand NAS Portfolio	10,000,000
NAS Infrastructure Portfolio	17,100,000
Support Portfolio	7,000,000
Unmanned Aircraft Systems [UAS]	16,000,000
Enterprise, Concept Development, Human Factors, & Demonstrations Portfolio	10,500,000
Total Activity 1	258,800,000
Activity 2—Air Traffic Control Facilities and Equipment:	
a. En Route Programs	
En Route Automation Modernization [ERAM]—System Enhancements and Tech Refresh	52,300,000
Next Generation Weather Radar [NEXRAD]	3,000,000
Air Route Traffic Control Center [ARTCC] & Combined Control Facility [CCF] Building Improvements	252,300,000
Air/Ground Communications Infrastructure	8,200,000
Air Traffic Control En Route Radar Facilities Improvements	7,800,000
Oceanic Automation System	22,900,000
System-Wide Information Management	24,600,000
ADS–B NAS Wide Implementation	179,900,000
Air Traffic Management Implementation Portfolio	136,600,000
Time Based Flow Management Portfolio	20,900,000
Weather Processor	14,500,000
Airborne Collision Avoidance System X [ACASX]	6,000,000
Data Communications in Support of NextGen Air Transportation System	94,700,000
Offshore Automation	60,000,000
Commercial Space Integration	10,000,000
Common Automation Platform	125,000,000
Subtotal En Route Programs	1,018,700,000
b. Terminal Programs	
Standard Terminal Automation Replacement System [STARS] [TAMR Phase 1]	189,700,000
Terminal Automation Program	9,000,000
Terminal Air Traffic Control Facilities—Replace	50,000,000
ATCT/Terminal Radar Approach Control [TRACON] Facilities—Improve	131,300,000
NAS Facilities OSHA and Environmental Standards Compliance	30,000,000
Performance Based Navigation Support Portfolio	5,000,000
Unmanned Aircraft Systems [UAS] Implementation	10,000,000
Airport Ground Surveillance Portfolio	35,500,000
Terminal and EnRoute Surveillance Portfolio	42,800,000
Terminal and EnRoute Voice Switch and Recorder Portfolio	21,600,000
Enterprise Information Platform	29,600,000
Remote Towers	3,000,000
Subtotal Terminal Programs	557,500,000
c. Flight Service Programs.	
Future Flight Services Program	140,000,000
Alaska Flight Service Facility Modernization [AFSFM]	2,100,000
Weather Camera Program	6,500,000
Weather Systems Portfolio	28,050,000
Don Young Alaska Safety Initiatives	20,000,000
Subtotal Flight Service Programs	196,650,000
d. Landing and Navigational Aids Program.	
Wide Area Augmentation System [WAAS] for GPS	92,000,000
Instrument Flight Procedures Automation [IFPA]	2,400,000
Runway Safety Areas—Navigational Mitigation	1,400,000
Landing and Lighting Portfolio	60,000,000
Subtotal Landing and Navigational Aids Programs	155,800,000
e. Other ATC Facilities Programs	
Fuel Storage Tank Replacement and Management	5,000,000
Unstaffed Infrastructure Sustainment and Replacement	10,000,000
Aircraft Replacement and Related Equipment Program	119,900,000
Airport Cable Loop Systems—Sustained Support	10,000,000
Child Care Center Sustainment	1,600,000
Electrical Power Systems—Sustain/Support	65,800,000
Energy Management and Compliance [EMC]	4,200,000
FAA Telecommunications Infrastructure	303,200,000
Operational Analysis and Reporting Systems	22,700,000
Aeronautical Information Management Program	80,900,000
Subtotal Other ATC Facilities Programs	623,300,000
Total Activity 2	2,551,950,000
Activity 3—Non-Air Traffic Control Facilities and Equipment:	
a. Support Equipment	
Hazardous Materials Management	19,900,000
Aviation Safety Analysis System [ASAS]	40,000,000
National Air Space [NAS] Recovery Communications [RCOM]	12,000,000
Facility Security Risk Management	14,300,000
Information Security	37,000,000
System Approach for Safety Oversight [SASO]	13,600,000
Aerospace Medical Equipment Needs [AMEN]	1,300,000
System Safety Management Portfolio	13,700,000
National Test Equipment Program	10,000,000
Mobile Assets Management Program	17,400,000
Aerospace Medicine Safety Information Systems [AMSIS]	38,300,000
Subtotal Support Equipment	217,500,000
b. Training, Equipment and Facilities	
Aeronautical Center Infrastructure Sustainment	40,000,000
Distance Learning	1,000,000
Subtotal Training, Equipment and Facilities	41,000,000
Total Activity 3	258,500,000
Activity 4—Facilities and Equipment Mission Support:	
System Engineering and Development Support	39,000,000
Program Support Leases	55,000,000
Logistics and Acquisition Support Services	12,000,000
Mike Monroney Aeronautical Center Leases	16,900,000
Transition Engineering Support	17,000,000
Technical Support Services Contract [TSSC]	28,000,000
Resource Tracking Program [RTP]	10,000,000
Center for Advanced Aviation System Development [CAASD]	55,000,000
Total Activity 4	232,900,000
Activity 5—Personnel and Related Expenses:	
Personnel and Related Expenses	697,850,000
Total, All Activities	4,000,000,000

Facilities and equipment activities.—The agreement provides amounts as specified in the tables above and maintains the directions included in House Report 119–212 and Senate Report 119–47 unless otherwise modified below.

Advanced technology development and prototyping.—The agreement provides $132,500,000, of which $100,000,000 shall be for major airspace redesign initiative. From these amounts, the FAA shall prioritize work on the Hawaiian islands airspace modernization project, and provide a briefing to the House and Senate Committees on Appropriations on the status and timelines of this project within 60 days of enactment of this act.

Digital filing and clearance delivery.—The agreement includes funding for the continued development and implementation of digital flight filing and clearance delivery capabilities, but does not specify particular amounts as specified under the same heading in House Report 119–212. The agreement directs the FAA to provide the briefing included under this heading in the House Report 119– 212. The agreement directs the FAA to provide the briefing included under this heading in the House Report 119–212 6 months after the enactment of this act.

Landing and lighting portfolio.—The agreement provides $60,000,000 for the landing and lighting portfolio, which is in addition to the $30,000,000 directed for this purpose from amounts available under the IIJA for fiscal year 2026. The agreement includes not less than $15,000,000 for the procurement and installation of precision approach path indicators and not less than $10,000,000 for instrumentation landing systems.

Don Young Alaska aviation safety initiative.—The agreement includes $25,000,000 to implement the Don Young Alaska aviation safety initiative, which includes $20,000,000 from this budget line item [BLI], $3,500,000 from the ADS–B NAS-wide implementation BLI, and $1,500,000 from the weather camera program BLI.

RESEARCH, ENGINEERING, AND DEVELOPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The agreement provides $290,000,000 for the FAA's research, engineering, and development activities, to remain available until September 30, 2028.

The following table provides amounts for budget line items under this heading:

RESEARCH, ENGINEERING, AND DEVELOPMENT

Research, Engineering & Development	Agreement
Fire Research and Safety	6,647,000
Propulsion and Fuel Systems	4,200,000
Advanced Materials/Structural Safety	1,000,000
Advanced Materials /Structural Safety—JAMS COE (authorized under 49 USC § 44518)	15,000,000
Aircraft Icing	2,798,000
Digital System Safety	5,375,000
Continued Air Worthiness	8,198,000
Flight deck/Maintenance/System Integration Human Factors	12,410,000
System Safety Management/Terminal Area Safety	9,096,000
Air Traffic Control/Technical Operations Human Factors	5,709,000
Aeromedical Research	10,394,000
Weather Program	15,436,000
Unmanned Aircraft Systems Research	10,000,000
Unmanned Aircraft Systems Research—ASSURE COE (authorized under 49 USC § 44813)	14,000,000
Alternative Fuels for General Aviation	10,000,000
Commercial Space Transportation Safety	4,300,000
NextGen Wake Turbulence	4,700,000
Information/Cyber Security	4,596,000
Energy & Efficiency	12,500,000
Energy & Efficiency—ASCENT COE (authorized under 49 USC § 44520)	8,500,000
Aircraft Technologies and Fuels Research	5,000,000
Aircraft Technologies and Fuels Research—CLEEN (authorized under 49 USC § 47511)	38,500,000
Aircraft Technologies and Fuels Research—ASCENT COE (authorized under 49 USC § 44520)	27,000,000
System Planning and Resource Management	3,894,000
Aviation Grant Management (Aviation Workforce Development Grants)	40,000,000
William J. Hughes Technical Center Laboratory Facilities	6,747,000
Aircraft Radio Altimeter Development, Testing, and Certification	3,000,000
Tarmac Safety and Runway Incursion Prevention	1,000,000
Total	290,000,000

Research, engineering, and development activities.—The agreement provides amounts as specified in the table above and maintains the directions included in House Report 119–212 and Senate Report 119–47 unless otherwise modified below.

Advanced materials/structural safety—joint center of excellence [COE] for advanced materials [JAMS].—The agreement provides $15,000,000 for advanced materials and structural safety work conducted through JAMS. Of this total, no less than $6,000,000 shall be used for the FAA to work directly with the Advanced Composites Institute and its private partners to conduct research to develop, evaluate, and validate out-of-autoclave composite manufacturing methods and related emerging processes relevant to airworthiness certification. This includes, but is not limited to, advanced composite manufacturing, joining, repair, and sustainment technologies across thermoset and thermoplastic systems. Of the total provided, not less than $4,000,000 shall be for the Advanced Materials in Transport Aircraft Structures and not less than $4,000,000 is to advance the use of fiber-reinforced composite materials in the commercial aviation industry through JAMS.

Energy & efficiency.—The agreement provides a total of $21,000,000 for energy & efficiency research across two BLIs, of which $8,500,000 shall be for the COE for Alternative Jet Fuels and Environment [ASCENT]. Funds shall be prioritized for SAF, noise, emissions, and other ongoing research.

Aircraft technologies and fuels research.—The agreement provides a total of $70,500,000 for aircraft technologies and fuels research across three BLIs, of which $38,500,000 shall be for the CLEEN program and $27,000,000 shall be for ASCENT. The agreement directs the FAA to prioritize research related to SAF, and to provide no less than $20,000,000 for the research and development of high-efficiency aircraft propellers, engines, and other systems, in collaboration with U.S. manufacturers, that focus on improving safety, efficiency, reducing noise, and advancing the technologies necessary to maintain U.S. leadership.

UAS research.—The agreement provides $10,000,000 for UAS research and an additional $14,000,000 for the UAS Center of Excellence, and includes the set-asides and direction included in House Report 119–212 under the heading ''Counter-UAS'' and in Senate Report 119–47 under the heading ''UAS Research''.

GRANTS-IN-AID FOR AIRPORTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(AIRPORT AND AIRWAY TRUST FUND)

(INCLUDING TRANSFER OF FUNDS)

The agreement provides an obligation limitation of $4,000,000,000 and a liquidating cash appropriation of $4,000,000,000, to remain available until expended. Within the obligation limitation, the agreement provides not less than $160,000,000 for administrative expenses, $15,000,000 for the airport cooperative research program, $41,827,000 for airport technology research program, and $15,000,000 for the small community air service development program.

GRANTS-IN-AID FOR AIRPORTS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $577,356,000 for AIP grants, of which $368,670,000 is derived from unobligated balances in the IIJA. Of the total, $542,356,000 is for the purposes and amounts specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement, and $35,000,000 is available for competitive grants, which may include projects authorized under section 767 of the FAA Reauthorization Act of 2024 (Public Law 118–63).

ADMINISTRATIVE PROVISIONS—FEDERAL AVIATION ADMINISTRATION

Section 110 allows no more than 600 technical staff-years at the center for advanced aviation systems development.

Section 111 prohibits funds for adopting guidelines or regulations requiring airport sponsors to provide the FAA ''without cost'' building construction or space.

Section 112 allows reimbursement for fees collected and credited under 49 U.S.C. 45303.

Section 113 allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Section 114 prohibits funds for Sunday premium pay unless work was actually performed on a Sunday.

Section 115 prohibits funds from being used to buy store gift cards with government issued credit cards.

Section 116 requires the administrator to block the identifying information of an owner or operator's aircraft in any flight tracking display to the public upon the request of an owner or operator.

Section 117 prohibits funds for salaries and expenses of more than nine political and Presidential appointees in the FAA.

Section 118 prohibits funds to increase fees under 49 U.S.C. 44721 until the FAA provides a report to the House and Senate Committees on Appropriations that justifies all fees related to aeronautical navigation products and explains how such fees are consistent with Executive Order 13642.

Section 119 requires the FAA to notify the House and Senate Committees on Appropriations at least 90 days before closing a regional operations center or reducing personnel or the services provided.

Section 119A prohibits funds from being used to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey.

Section 119B prohibits funds from being used to withhold from consideration and approval certain applications for participation in the contract tower program, or for certain reevaluations of cost-share program participation.

Section 119C prohibits funds from being used to open, close, redesignate, or reorganize a regional office, the aeronautical center, or the technical center subject to the reprogramming requirements outlined under section 405 of this act.

Section 119D includes requirements for creating, reorganizing, or restructuring an organizational unit of the FAA.

Section 119E allows the use of unobligated balances from the ''Grants-in-Aid for Airports'' account to reimburse airports affected by temporary flight restrictions for residences of the President.

Section 119F provides restrictions on the use of the authorities under 49 U.S.C. 44502 to transfer certain air traffic systems or equipment to the FAA.

Section 119G prohibits the privatization or separation of the air traffic control functions of the FAA.

Section 119H prohibits the construction of a second air traffic controller training academy.

Section 119I allows the FAA to increase pay for employees with a medical degree in the Office of Aerospace Medicine.

Section 119J requires a monthly spend plan and briefing from senior FAA officials on all air traffic control modernization efforts.

FEDERAL HIGHWAY ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

(HIGHWAY TRUST FUND)

(INCLUDING TRANSFER OF FUNDS)

The agreement limits obligations for the administrative expenses of the Federal Highway Administration [FHWA] to $507,435,977, of which $3,248,000 is for the administrative expenses of the Appalachian Regional Commission.

FEDERAL-AID HIGHWAYS

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The agreement limits obligations for the Federal-aid highways program to $62,657,105,821 in fiscal year 2026.

Cordon pricing.—In lieu of the report required by House Report 119–212 under the header ''Congestion pricing impact study'', the agreement directs the GAO to conduct a study on zoning-based pricing, including cordon pricing, that includes the impact to safety, emissions, and congestion, as well as the financial impact on personal vehicle drivers, public transit users, bicyclists, and pedestrians.

Low population highway infrastructure.—In lieu of the report required by House Report 119–212, the agreement encourages the Department to take proactive measures to ensure that meritorious grant applications for projects not included in a Statewide Transportation Improvement Program or Transportation Improvement Program, and from counties with populations less than 50,000, receive fair consideration.

Electrical vehicle charging infrastructure.—The agreement acknowledges that the Secretary issued interim final guidance for the National Electric Vehicle Infrastructure program, consistent with the requirement in Senate Report 119–47.

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation of $63,396,105,821, which is available until expended, to pay the outstanding obligations of the various highway programs at the levels provided in this act and prior appropriations acts.

HIGHWAY INFRASTRUCTURE PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $2,395,880,591 for highway infrastructure programs, of which $1,468,668,000 is derived from unobligated balances in the IIJA. Of the total amount, the agreement provides $1,514,721,091 for the purposes and amounts specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement. The agreement also includes: $200,000,000 for the Tribal transportation program; $200,000,000 for public parking for commercial motor vehicles; $5,000,000 for bollard installation projects; $5,000,000 for the regional infrastructure accelerator demonstration program; $20,000,000 for the Appalachian development highway system; $3,000,000 to be transferred to the Southwest Border Regional Commission; $5,000,000 to be transferred to the Northern Border Regional Commission; $20,000,000 to be transferred to the Denali Commission; $2,000,000 for the pollinator-friendly practices on roadsides and highway rights-of-way program; $10,000,000 for the national scenic byways program; $350,000,000 for a competitive bridge replacement or rehabilitation grant program; $25,000,000 for a competitive Type 3 highway bridge grant program; $6,159,500 for research to reduce the impacts of 6PPD on salmon-bearing streams; and $30,000,000 for the reconnecting communities pilot program.

ADMINISTRATIVE PROVISIONS—FEDERAL HIGHWAY ADMINISTRATION

(INCLUDING RESCISSIONS)

Section 120 distributes the Federal-aid highways program obligation limitation.

Section 121 allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the Federal-aid highways account.

Section 122 provides requirements for any waiver of Buy America Act requirements.

Section 123 requires 60-day notification to the House and Senate Committees on Appropriations for any INFRA grants awarded under 23 U.S.C. 117.

Section 124 allows State DOTs to repurpose certain highway project funding within 25 miles of its original designation.

Section 125 extends the period of availability of certain INFRA grant funds.

Section 126 extends the period of availability of certain bridge investment program funds.

Section 127 extends the period of availability of certain PROTECT grant funds.

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

MOTOR CARRIER SAFETY OPERATIONS AND PROGRAMS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The bill includes a liquidating cash appropriation and a limitation on obligations of $390,000,000 for the operations and programs of the Federal Motor Carrier Safety Administration [FMCSA]. Of this limitation, $14,073,000 is for the research and technology program, and not less than $63,098,000 is for information technology and information management, to remain available for obligation until September 30, 2028.

Enforcement Training and Support Grant Program.—The agreement directs FMCSA to notify grantees of any updates to the instructor development program [IDP] and Federal law enforcement training course accreditation and to continue to include grantees in the development and delivery of the IDP, to ensure instructors are prepared to deliver the curriculum to non-Federal employees under the grant program.

MOTOR CARRIER SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The bill includes a liquidating cash appropriation of $536,600,000 and a limitation on

obligations of $541,600,000 for motor carrier safety grants. The following table provides funding levels for activities within this account:

Motor carrier safety assistance program	$422,500,000
Commercial driver's license program implementation program	45,200,000
High priority program	62,400,000
Commercial motor vehicle operators grant program	1,500,000
Commercial motor vehicle enforcement training and support grant program	10,000,000

Training provider registry.—The agreement directs the Secretary to submit to the House and Senate Committees on Appropriations information on the number of certificates issued by training providers on the training provider registry not later than 90 days after enactment of this act and bi-annually after initial submission of such information. The agreement further directs the Secretary to submit a plan to the House and Senate Committees on Appropriations, including any resource requirements, on how the FMCSA will conduct regular audits of the training provider registry not later than 120 days after enactment of this act.

ADMINISTRATIVE PROVISIONS—FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

Section 130 prohibits funds from being used to enforce the electronic logging device rule with respect to carriers transporting livestock or insects.

Section 131 requires the Secretary to update the Department's regulations to ensure that non-compliance with 49 CFR 391.11(b)(2) triggers an out-of-service order.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

OPERATIONS AND RESEARCH

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $200,000,000 for operations and research for the National Highway Traffic Safety Administration [NHTSA], of which $65,000,000 shall remain available through September 30, 2027, and of which $129,000,000 shall be derived from the IIJA.

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation and an obligation limitation of $209,600,000, to remain available until expended, which reflects the authorized level of contract authority, and of which $57,500,000 shall remain available until September 30, 2027. Of the total amount, the agreement provides $202,000,000 for programs authorized under section 403 of title 23, U.S.C., including behavioral research on automated driving systems and advanced driver assistance systems and improving consumer responses to safety recalls, and section 25024 of Public Law 117–58; and $7,600,000 for the national driver register authorized under chapter 303 of title 49, U.S.C.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The bill provides a liquidating cash appropriation and an obligation limitation of $849,654,625 for highway traffic safety grants, to remain available until expended.

ADMINISTRATIVE PROVISIONS—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

Section 140 exempts obligation authority made available in previous public laws from the obligation limitations set for the current year.

Section 141 prohibits the use of funds for advertising campaigns that encourage illegal drug or alcohol use.

Section 142 provides funding for travel and related expenses for state management reviews and highway safety core competency development training.

FEDERAL RAILROAD ADMINISTRATION

SAFETY AND OPERATIONS

The agreement provides $264,761,000 for the safety and operations of the Federal Railroad Administration [FRA], of which $25,000,000 shall remain available until expended. The agreement supports staffing levels in line with the deferred resignations at the FRA but does not support any reductions to safety personnel. The agreement continues the directives in Senate Report 119–47 under the heading ''Staffing'' and directs the report to include information on each office in the FRA. The agreement does not include the transfer of human resources, communications, government affairs, and civil rights functions into the Department's working capital fund.

The agreement provides the following funding levels for specific activities within this account:

Automated track inspection program	No less than $21,600,000
Positive train control support program	Up to 1,000,000
Trespasser prevention	No less than 400,000
Highway-rail grade crossing safety	No less than 1,000,000
Confidential close call reporting system	Up to 4,800,000
Grant and project development technical assistance, oversight	Up to 500,000

Confidential Close Call Reporting System [C3RS].—The agreement continues the directives in Senate Report 119–47 under this heading and further directs the FRA to brief the House and Senate Committees on Appropriations within 90 days of enactment of this act on the status of the C3RS and efforts to continue the Class I freight railroads pilot program.

Hazardous material incident mitigation.—The agreement directs the FRA to complete the update to the 2007 vent and burn reports in collaboration with rail industry hazardous material teams, the first responder community, and other incident command stakeholders and republish the reports which shall include clear instructions to consult the shipper when considering a vent and burn; more comprehensive guidance on what products are candidates for a vent and burn, along with what chemicals and other hazards may result from a vent and burn; and an updated process flow chart. These reports shall be distributed to emergency responder associations.

In addition, to appropriately evaluate and develop updated vent and burn reports, guidance, and best practices, the agreement directs the FRA to use existing research and development resources to ensure first responders, rail industry hazardous material teams, and other incident command stakeholders are best prepared to respond to rail hazardous material incidents.

Trespasser prevention.—As part of the briefing directed in House Report 119–212 under this heading, the FRA shall identify, within 270 days of enactment of this act, the States and localities across the country that have the highest number of trespasser incidents and fatalities. The FRA is further directed to provide a summary of its efforts and guidance to assist such States and localities to reduce trespasser fatalities.

RAILROAD RESEARCH AND DEVELOPMENT

The agreement provides $40,000,000 for railroad research and development, to remain available until expended. Of this amount, up to $3,000,000 is available to make improvements at the transportation technology center as authorized under 49 U.S.C. 20108(d) and not less than $2,500,000 is for a rail research and development center of excellence as authorized in 49 U.S.C. 20108(j).

Rolling stock equipment and components [RSEC] maintenance and inspection.—The agreement includes no less than $5,000,000 to support RSEC research to evaluate, test, and demonstrate the effectiveness and efficiency of automated inspection and maintenance equipment and procedures and reiterates the directives under this heading in Senate Report 119–47. Further, the agreement recognizes that the FRA reinstated the Railroad Safety Advisory Committee [RSAC], which is meant to be a forum through which all segments of the rail community can convene to provide advice and recommendations to the FRA on railroad safety matters through a consensus process. The agreement continues to direct the FRA to use the RSAC to inform industry, Congress, and the public on additional safety measures that should be taken, including regulatory and statutory changes.

Short-line safety.—The agreement provides $2,500,000 to continue improving safety practices and training for class II and class III freight railroads, including efforts to improve the safe transportation of hazardous materials, freight, and passenger rail. The agreement also includes an additional $250,000 for maintenance of safety trainsets.

FEDERAL–STATE PARTNERSHIP FOR INTERCITY PASSENGER RAIL

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $65,000,000 for Federal-State partnership for intercity passenger rail grants [FSP] as authorized under 49 U.S.C. 24911, to remain available until expended, of which $40,000,000 is derived from unobligated balances in the FRA administrative and oversight expenses account from the IIJA.

Great Lakes corridor.—The agreement requests a briefing from the FRA no later than 270 days after enactment of this act on the feasibility of expanding passenger rail service in the Great Lakes region. The briefing should include infrastructure requirements, station and facility needs, and regulatory considerations related to cross-border operations and any barriers to such expansion.

Washington Union Station.—The agreement includes $5,000,000 for the rehabilitation and repair of the Washington Union Station complex. The agreement continues the directions in Senate Report 119–47 under this heading and clarifies that the briefing required under this heading shall include the Department's plans to maintain public-private partnerships for Union Station, as established by the Union Station Redevelopment Act of 1981.

CONSOLIDATED RAIL INFRASTRUCTURE AND SAFETY IMPROVEMENTS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $137,426,000 for consolidated rail infrastructure and safety improvements grants as authorized under 49 U.S.C. 22907, to remain available until expended, of which $130,000,000 is derived from unobligated balances in the FRA administrative and oversight expenses account from the IIJA.

Of this amount, $87,426,000 is for the purposes, amounts, and corresponding recipients specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement. In addition, the agreement directs the FRA to make amounts available under this heading for the purposes described in 49 U.S.C. 22907(c)(13).

THE NATIONAL RAILROAD PASSENGER CORPORATION [AMTRAK]

The agreement provides a total of $2,427,000,000 for Amtrak.

Fleet modernization.—The agreement recognizes Amtrak's service launch of the next-generation Acela trains in August 2025. Instead of the briefing required under this heading in Senate Report 119–47, the agreement directs Amtrak to provide a briefing to the House and Senate Committees on Appropriations within 30 days of enactment of this act on the outcomes of the August 2025 launch of the NextGen Acelas, timeline for the next set of NextGen Acela trains to enter service, status of launching the new Airo trainsets, any challenges to Amtrak's overall fleet modernization efforts, and actions Amtrak has taken to address recommendations in the recent Amtrak Office of the Inspector General report OIG–A–2026–002.

Passenger rail feasibility analysis.—The agreement supports the study under this heading in Senate Report 119–47.

Station agents.—The agreement directs Amtrak to either provide a station agent in each Amtrak station that had a ticket agent position eliminated in fiscal year 2018 or, with respect to any given station on that list, to instead reach an agreement with the labor organization representing employees at such station to provide a station agent in a different station.

NORTHEAST CORRIDOR GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The agreement provides $850,000,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the Northeast Corridor.

NATIONAL NETWORK GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The agreement provides $1,577,000,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the national network. The agreement does not provide additional funding for the interstate rail compacts grant program, as up to $3,000,000 in advance appropriations in fiscal year 2026 from the IIJA fully funds such grants as authorized in section 22101(f) of such act.

Chicago Union Station [CUS] modernization.—The agreement directs Amtrak to report to the House and Senate Committees on Appropriations within 60 days of enactment of this act on the status of funding and work associated with the CUS improvement project.

Modernization projects.—Of the amount provided for the national network, the agreement includes $5,000,000 for the Atlanta hub initiative for a new intercity passenger rail hub in downtown Atlanta as included in Amtrak's fiscal year 2026 legislative and grant request.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

(INCLUDING RESCISSIONS)

Section 150 allows the FRA to transfer certain amounts made available in this and prior acts to the financial assistance oversight and technical assistance account to support the award, administration, project management oversight, and technical assistance of grants administered by the FRA, with an exception.

Section 151 limits overtime to $35,000 per Amtrak employee, allows Amtrak's president to waive this restriction for specific employees for safety or operational efficiency reasons, and requires Amtrak to submit a report on overtime payments to the House and Senate Committees on Appropriations.

Section 152 prohibits the use of funds made available to Amtrak to reduce the total number of Amtrak police department uniformed officers patrolling on board passenger trains or at stations, facilities or rights-of-way below the staffing level on May 1, 2019.

Section 153 permits the Union Station Redevelopment Corporation [USRC] to be an eligible recipient for the FSP program and reiterates certain statutory responsibilities of the USRC.

Section 154 prohibits the use of funds made available by this act by Amtrak in contravention of the Worker Adjustment and Retraining Notification Act.

Section 155 expresses the sense of Congress that long-distance passenger rail routes and services should be sustained to ensure connectivity throughout the national network.

Section 156 rescinds certain unobligated balances.

FEDERAL TRANSIT ADMINISTRATION

TRANSIT FORMULA GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The agreement includes a liquidation of contract authorization and a limitation on obligations from the mass transit account for transit formula grants of $14,642,000,000, as authorized by the IIJA.

Updates to the Federal Transit Administration's [FTA] best practices procurement and lessons learned manual.—The agreement clarifies the directions under this heading in House Report 119–212 and Senate Report 119–47 by directing the FTA to incorporate recommendations from industry stakeholders, to the greatest extent practicable.

TRANSIT INFRASTRUCTURE GRANTS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $211,423,390 in transit infrastructure grants, to remain available until expended, of which $188,371,000 is derived from unobligated balances of administrative and oversight expenses from the IIJA. Of the funds provided, $25,000,000 is available for ferry boats grants as authorized under 49 U.S.C. 5307(h), of which no less than $4,000,000 is available only for low or zero emission ferries or ferries using electric battery or fuel cell components and the infrastructure to support such ferries; $1,500,000 is available for bus testing facilities as authorized under 49 U.S.C. 5318; $2,000,000 is available for the accelerating innovative mobility initiative as authorized under 49 U.S.C. 5312; $147,923,390 is available for the purposes and amounts specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement; $20,000,000 is available for ferry service for rural communities as authorized under section 71103 of division G of Public Law 117–58; and $15,000,000 is available for operating costs to improve public safety, reduce crime, and increase security in large urbanized area transit systems.

TECHNICAL ASSISTANCE AND TRAINING

The agreement provides $7,500,000 for technical assistance and training activities under 49 U.S.C. 5314, to remain available until September 30, 2027. The funding provided under this heading is supplemental to the funding provided under the heading ''Transit Formula Grants'', as authorized by the IIJA.

Small-urban, rural, and Tribal transit providers.—The agreement directs that not less than $1,500,000 shall be for a cooperative agreement for a technical assistance center to assist small- urban, rural, and Tribal public transit recipients and planning organizations with applied innovation and capacity building.

Workforce development and standards-based training.—The agreement directs that not less than $2,500,000 shall be for a cooperative agreement consistent with the direction in Senate Report 119–47.

CAPITAL INVESTMENT GRANTS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $1,700,000,000 for fixed-guideway projects, to remain available until expended. Of this amount, $17,000,000 is available for oversight activities consistent with 49 U.S.C. 5338(c). The agreement adjusts the set-asides of the amounts provided under this heading in division J of the IIJA to ensure that, when combined with amounts provided in this act, and $388,800,000 in unallocated amounts from prior fiscal years, there are total budgetary resources of $3,656,200,000 for the following projects to be funded in the following amounts.

Allocation of FTA Capital Investment Grants Funding

	Agreement
New starts:	
CA—BART Silicon Valley Phase II	$100,000,000
CA—Transbay Downtown Rail Extension	100,000,000
FL—Northeast Corridor Rapid Transit Project	100,000,000
IL—Red Line Extension	350,000,000
MN—METRO Blue Line Extension [Bottineau LRT]	100,000,000
NJ/NY—Hudson Tunnel	700,000,000
NY—Second Avenue Subway Phase 2	307,300,000
SC—Lowcountry Rapid Transit	275,000,000
VA—Richmond Highway BRT	100,000,000
WA—Interstate Bridge Replacement [IBR] Program	100,000,000
Other new starts projects that may become ready	100,000,000
Core capacity:	
MA—Green Line Transformation Core Capacity Program	100,000,000
UT—FrontRunner 2X	100,000,000
Small starts:	
CA—Downtown Riverfront Streetcar	36,200,000
CA—Vermont Ave BRT	149,900,000
GA—MARTA Rapid Southlake	60,900,000
MA—Blue Hill Avenue Transit Action Plan	80,300,000
MD—Viers Mill Road Flash Bus Rapid Transit Project	141,800,000
NC—North-South BRT	117,400,000
OH—West Broad Street BRT	141,800,000
WA—Division Street Bus Rapid Transit Project	82,000,000
WI—Madison North-South BRT	118,100,000
Other small starts projects that may become ready	95,500,000
Expedited project delivery pilot program:	
Any expedited project delivery projects that may become ready	100,000,000

Capital investment grants [CIG] administration.—The agreement directs the FTA to continue to update the House and Senate Committees on Appropriations, monthly, on the status of projects that are in the current CIG funding pipeline. This update should include anticipated milestone schedules for advancing projects, especially those within 2 years of a proposed full funding grant agreement [FFGA]. It should also highlight and explain any potential cost and schedule changes affecting projects. The agreement directs that such monthly reporting includes any requests for letters of no prejudice; the level of funds allocated and obligated, by fiscal year; and any use of the transfer authority provided in the bill for projects not yet under a FFGA.

The agreement directs the Secretary to submit the fiscal year 2027 annual report on funding recommendations required by 49 U.S.C. 5309(o). Further, the agreement directs the FTA to maintain the Federal funding commitments for all existing grant agreements, unless otherwise requested by the project sponsor; to identify all projects with a medium or higher rating that anticipate requesting a grant agreement in fiscal year 2027; and to submit a list of projects to which it expects to award a FFGA or small starts grant agreement during the budget year.

FFGAs.—The agreement directs FTA to include the yearly and total Federal appropriations amount that can be reasonably planned or anticipated for future FFGAs for each fiscal year through 2028 in its notification to the House and Senate Committees on Appropriation on FFGAs in place of item (3) included in Senate Report 119–47.

GRANTS TO THE WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

The agreement provides $150,000,000 to carry out section 601 of division B of Public

Law 110–432 and section 30019 of the IIJA, to remain available until expended.

ADMINISTRATIVE PROVISIONS—FEDERAL TRANSIT ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

Section 160 exempts previously made transit obligations from limitations on obligations.

Section 161 allows funds provided in this act that remain unobligated by September 30, 2029, for fixed guideway capital investment projects to be available for projects to use the funds for the purposes for which they were originally provided.

Section 162 allows for the transfer of appropriations made prior to October 1, 2025, from older accounts to be merged into new accounts with similar current activities.

Section 163 prohibits the use of funds to adjust apportionments pursuant to 26 U.S.C. 9503(e)(4).

Section 164 prohibits the use of funds to impede or hinder project advancement or approval for any project seeking a Federal contribution from the CIG program of greater than 40 percent of project costs.

Section 165 repurposes funding for certain activities related to the 2028 Olympic and Paralympic Games.

Section 166 repurposes funding for certain activities related to the 2026 FIFA World Cup.

GREAT LAKES ST. LAWRENCE SEAWAY DEVELOPMENT CORPORATION

OPERATIONS AND MAINTENANCE

(HARBOR MAINTENANCE TRUST FUND)

The agreement provides $38,080,000 for the operations, maintenance, and capital infrastructure activities of the Great Lakes St. Lawrence Seaway Development Corporation [GLS]. Of that amount, not less than $15,950,000 is provided for the seaway infrastructure program. The agreement provides $1,000,000 for trade and economic development activities at the GLS, to be carried out in conjunction with system stakeholders.

MARITIME ADMINISTRATION

MARITIME SECURITY PROGRAM

(INCLUDING RESCISSION)

The agreement provides $390,000,000 for the maritime security program, to remain available until expended, and rescinds $38,400,000 in unobligated amounts made available in fiscal years 2021, 2022, 2023, 2024, and 2025.

CABLE SECURITY FLEET

(INCLUDING RESCISSION)

The agreement provides $10,000,000 for the cable security fleet program, to remain available until expended, and rescinds $12,392,000 in unobligated amounts made available in fiscal years 2021 and 2022.

TANKER SECURITY PROGRAM

(INCLUDING RESCISSION)

The agreement provides $81,600,000 for the tanker security fleet program, to remain available until expended, and rescinds $42,808,000 in unobligated amounts made available in fiscal years 2022, 2023, and 2024. The agreement directs the Maritime Administration [MARAD] to make payments to the 10 program participants at the levels authorized in 46 U.S.C. 53406(a). The rescission of unobligated balances shall not include amounts made available in fiscal year 2025 for reimbursements of participants in the training program authorized by 46 U.S.C. 53406.

OPERATIONS AND TRAINING

The agreement provides $275,791,000 for MARAD's operations and training account. The following table provides funding levels for activities within this account:

United States Merchant Marine Academy [USMMA] operations	$101,500,000
USMMA facilities maintenance and repair, and equipment	50,000,000
USMMA capital improvement program	50,000,000
Maritime environmental and technical assistance [META] program	2,000,000
United States marine highway program	5,000,000
MARAD headquarters operations	67,291,000

Staffing.—The agreement continues the direction in Senate Report 119–47 under this heading. The funding level in the agreement for headquarters operations is in line with the deferred resignations of MARAD. The agreement does not include the transfer of human resources, communications, government affairs, and civil rights functions into the Department's working capital fund.

Vessel generated underwater noise.—The agreement continues the directions for not less than $1,500,000 of the funds provided under the META program to support collecting data and further investigating vessel generated underwater noise as described under this heading of Senate Report 119–47.

STATE MARITIME ACADEMY OPERATIONS

The agreement provides $138,900,000 for State maritime academy [SMA] operations. The following table provides funding levels for activities within this account:

School ship maintenance and repair	$7,800,000
National security multi-mission vessel program	110,000,000
Student incentive program	4,800,000
Fuel assistance payments	9,300,000
Direct payments for SMAs	7,000,000

National security multi-mission vessel [NSMV] program.—The agreement includes not less than $55,000,000 for shore-side infrastructure improvements at the SMAs, and up to $55,000,000 to support the operation, integration, oversight and management of the NSMVs, including insurance, maintenance, repair, and equipment costs. The agreement reaffirms that all NSMV program requirements included under this heading in Senate Report 119–47 apply to these funds.

ASSISTANCE TO SMALL SHIPYARDS

The agreement provides $35,000,000 for the small shipyard grant program, to remain available until expended.

SHIP DISPOSAL

The agreement provides $6,000,000 for the ship disposal program, to remain available until expended.

MARITIME GUARANTEED LOAN (TITLE XI) PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $3,940,000 for the administrative expenses of the Title XI program and directs that these funds be transferred to the MARAD's operations and training account.

PORT INFRASTRUCTURE DEVELOPMENT PROGRAM

The agreement provides $103,330,000 for the port infrastructure development program, to remain available until expended. Of the total amount, the agreement provides $64,702,000 for the purposes and amounts specified in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement.

ADMINISTRATIVE PROVISIONS—MARITIME ADMINISTRATION

(INCLUDING RESCISSION)

Section 170 authorizes the MARAD to furnish utilities and services and to make necessary repairs in connection with any lease, contract, or occupancy involving government property under control of the MARAD and allows payments received to be credited to the Treasury and to remain available until expended.

Section 171 rescinds certain unobligated balances.

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION

OPERATIONAL EXPENSES

The agreement provides $28,647,000 for the necessary operational expenses of the Pipeline and Hazardous Materials Safety Administration [PHMSA], of which $4,500,000 shall remain available until September 30, 2028, with $2,000,000 of such amounts for the pipeline safety information grants to communities as authorized by section 60130 of title 49, United States Code, and $2,500,000 for emergency response grants as authorized by section 60125(b) of title 49, United States Code. The agreement requires the PHMSA to approve any requests to extend the period of performance for grants made under section 60130(c)(2) of such title, to the extent such funds are available for obligation, if such requests were made within 12 months prior to the date of enactment of this act.

Staffing.—The agreement provides staffing levels across the PHMSA in line with the deferred resignations but does not support any reductions to safety personnel. The agreement continues the direction in Senate Report 119–47 under this same heading and directs the report to include information on each office in the PHMSA. The agreement does not include the transfer of human resources, communications, government affairs, and civil rights functions into the Department's working capital fund.

HAZARDOUS MATERIALS SAFETY

The agreement provides $66,050,000 for the PHMSA's hazardous materials safety functions, of which $8,570,000 shall remain available until September 30, 2028.

The agreement specifies that $1,000,000 shall be for community safety grants as authorized by 49 U.S.C. 5107(i), $1,000,000 shall be for the assistance for local emergency response training grants, and $1,000,000 shall be for the State hazardous materials safety inspection program. The funding level provides no less than $5,570,000 for the PHMSA's hazardous materials research and development program.

East Palestine, Ohio.—The agreement continues the directives under this heading in Senate Report 119–47, except that it clarifies that the direction related to DOT–111 tank cars applies only to DOT–111 tank cars in flammable liquids service, consistent with the National Transportation Safety Board recommendation R–24–12.

PIPELINE SAFETY

(PIPELINE SAFETY FUND)

(OIL SPILL LIABILITY TRUST FUND)

The agreement provides $214,807,000 for the PHMSA's pipeline safety program, to remain available until September 30, 2028. Of that amount, $30,000,000 is derived from the oil spill liability trust fund, $177,407,000 is derived from the pipeline safety fund, $200,000 is derived from fees collected under 49 U.S.C. 60303 and deposited in the liquefied natural gas siting account, $200,000 is derived from fees collected under 49 U.S.C. 60117 and deposited in the pipeline safety design review account, and $7,000,000 is derived from fees collected under 49 U.S.C. 60302 and deposited in the underground natural gas storage facility safety account.

The agreement provides the following levels for specific activities within this account:

Research and development	$12,500,000
Grants	89,558,000
Operations	not less than 94,022,000
Programs	not less than 18,727,000

Liquefied natural gas [LNG] COE— Of the amounts provided for research and development, the agreement includes $5,000,000 for the national COE for LNG Safety.

EMERGENCY PREPAREDNESS GRANTS

(LIMITATION ON OBLIGATIONS)

(EMERGENCY PREPAREDNESS FUND)

The agreement provides an obligation limitation of $46,825,000 for emergency preparedness grants, to remain available until September 30, 2028.

The agreement continues to encourage the PHMSA to ensure that small businesses are not disproportionately affected by any reasonable, limited fee changes.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The agreement provides $113,000,000 for the salaries and expenses of the Office of Inspector General.

GENERAL PROVISIONS—DEPARTMENT OF TRANSPORTATION

Section 180 provides authorization for the DOT to maintain and operate aircraft, hire passenger motor vehicles and aircraft, purchase liability insurance, pay for uniforms, and purchase and operate unmanned aircraft systems.

Section 181 limits appropriations for services authorized by 5 U.S.C. 3109 up to the rate permitted for an executive level IV.

Section 182 prohibits recipients of funds in this act from disseminating personal information obtained by state departments of motor vehicles in connection to motor vehicle records with an exception.

Section 183 prohibits funds in this act for salaries and expenses of more than 125 political and presidential appointees in the Department of Transportation.

Section 184 stipulates that revenue collected by the FHWA and the FRA from States, counties, municipalities, other public authorities, and private sources for training may be credited to specific accounts within the agencies, with an exception for state rail safety inspectors participating in training.

Section 185 prohibits the DOT from using funds to make, terminate, withdraw, or rescind (except at the request of the recipient), a loan, loan guarantee, line of credit, letter of intent, Federally funded cooperative agreement, full funding grant agreement, or discretionary grant unless the DOT gives a 3–day advance notice to the House and Senate Committees on Appropriations. The provision requires the DOT to provide a comprehensive list of all such loans, loan guarantees, lines of credit, letters of intent, Federally funded cooperative agreements, full funding grant agreements, and discretionary grants that will be announced or changed with a 3–day advance notice to the House and Senate Committees on Appropriations. The provision also requires concurrent notice of any ''quick release'' of funds from the FHWA's emergency relief program, and prohibits notifications from involving funds not available for obligation.

Section 186 allows funds received from rebates, refunds, and similar sources to be credited to appropriations of the DOT.

Section 187 requires reprogramming actions to be approved or denied by the House and Senate Committees on Appropriations, and reprogramming notifications shall be transmitted solely to the Appropriations Committees.

Section 188 allows funds appropriated to operating administrations to be obligated for the Office of the Secretary for costs related to assessments only when such funds provide a direct benefit to the operating administrations.

Section 189 authorizes the Secretary to carry out a program that establishes uniform standards for developing and supporting agency transit pass and transit benefits, including distribution of transit benefits.

Section 190 allows the use of funds to assist a contract utilizing geographic, economic, or other hiring preference not otherwise authorized by law, only if certain requirements are met related to availability of local labor, displacement of existing employees, and delays in transportation plans.

Section 191 directs the Secretary of Transportation to work with the Secretaries of Homeland Security and Commerce to ensure that best practices for industrial control systems procurement are up to date and are considered for all systems procured with funds provided under this title.

Section 192 prohibits funds from being used in contravention of the American Security Drone Act of 2023.

Section 193 prohibits funds made available to the DOT from being used to enforce a mask mandate in response to the COVID–19 virus.

Section 194 directs the Secretary to issue a new notice of funding opportunity for six new university transportation centers.

TITLE II

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

MANAGEMENT AND ADMINISTRATION

EXECUTIVE OFFICES

The agreement includes $17,500,000 for the salaries and expenses for executive offices, to remain available until September 30, 2027. Of the amounts provided, not less than $2,500,000 shall be for the Office of the Deputy Secretary, of which not less than $500,000 shall be for the Office of Gender-Based Violence Prevention and not less than $1,500,000 shall be for the Office of Disaster Management.

ADMINISTRATIVE SUPPORT OFFICES

The agreement provides $595,000,000 for the salaries and expenses for administrative support offices, to remain available until September 30, 2027.

The following table provides funding levels for activities within this account:

Office of the Chief Financial Officer	$103,200,000
Office of the General Counsel	93,000,000
Office of Administration	218,000,000
Office of the Chief Human Capital Officer	53,000,000
Office of the Chief Procurement Officer	29,500,000
Office of Field Policy and Management	40,000,000
Office of Departmental Equal Employment Opportunity	3,300,000
Office of the Chief Information Officer	55,000,000
Total	595,000,000

Office of the Chief Financial Officer [OCFO].—The agreement provides that not more than $10,000,000 within the amounts available for the OCFO may be used for the program payments integrity project. The agreement directs the Department to brief the House and Senate Committees on Appropriations within 30 days of enactment of this act on the planned use of these funds in fiscal year 2026, the project management structure, and the timeline for full implementation of this project.

Weaver building.—In addition to the direction provided under the heading ''Weaver Building'' in Senate Report 119–47, the agreement directs the Department to coordinate with the General Services Administration to identify and brief the House and Senate Committees on Appropriations on all potential financing options for Weaver Building close-out costs, including the substantial outstanding liability associated with prior capital improvements, given the uncertain availability of future funding.

PROGRAM OFFICES

The agreement provides $842,500,000 for the salaries and expenses for program offices, to remain available until September 30, 2027.

The following table provides funding levels for activities within this account:

Office of Public and Indian Housing	$233,000,000
Office of Community Planning and Development	129,000,000
Office of Housing	380,000,000
Office of Policy Development and Research	31,500,000
Office of Fair Housing and Equal Opportunity	60,000,000
Office of Lead Hazard Control and Healthy Homes	9,000,000
Total	842,500,000

Critical staff increases.—The agreement provides sufficient funding to support current staffing levels across all offices while also providing increases to core program offices to expeditiously address any staffing gaps the Department may encounter to maintain mission critical activities. The agreement directs the Department to inform the House and Senate Committees on Appropriations on how it is implementing this direction and addressing any other staffing gaps identified by the Department, as part of the semiannual staffing reports required under section 422 of this act.

INFORMATION TECHNOLOGY FUND

The agreement provides $345,000,000 for the information technology fund, to remain available until September 30, 2028.

WORKING CAPITAL FUND

(INCLUDING TRANSFER OF FUNDS)

For the working capital fund [WCF], the agreement permits only centralized activities and funds from this account to include Federal shared services for financial management, procurement, travel, relocation, and human resources; printing; records management (including archiving services); space renovation; furniture; and supply services.

Dissolution plan.—The agreement directs the Department to begin winding down existing WCF operations, so that the WCF will no longer be used for the currently approved activities in fiscal year 2027 and beyond. The Department is directed to submit to the House and Senate Committees on Appropriations within 90 days of enactment of this act its proposed dissolution and transition plan to wind down WCF operations and rebuild in-house human resources processing capacity and to brief the Committees on this plan before beginning implementation.

PUBLIC AND INDIAN HOUSING

TENANT–BASED RENTAL ASSISTANCE

The agreement provides a combined total of $38,438,557,000 to remain available until expended, for tenant-based section 8 activities.

The following table provides funding levels for activities funded within this account.

Voucher renewals	$34,957,000,000
Administrative fees	2,835,935,000
Tenant protection vouchers	600,622,000
HUD–Veterans Affairs supportive housing [HUD–VASH]	15,000,000
Family unification program	30,000,000
Total	38,438,557,000

The agreement directs the Department to prioritize fully funding voucher renewals in calendar year 2026 with the amounts and authorities provided in this act, including amounts set aside for adjustments.

The agreement consolidates funding for section 811 mainstream vouchers within the total amounts for renewals and administrative fees to reduce administrative burden on HUD and public housing agencies [PHAs]. Funds made available for the mainstream voucher program in prior years remain available only for mainstream voucher purposes and may not be redesignated for other uses.

The agreement allows the Department to use the amounts provided for tenant protection vouchers to administer calendar year 2026 assistance to PHAs that would otherwise be required to terminate emergency housing

vouchers funded in Public Law 117–2, and also provides new waiver authorities to facilitate transitions to the housing choice voucher program.

The agreement provides $10,000,000 for the Tribal HUD–VASH program in the Native American Programs account.

Shortfall prevention mobilization to support housing markets experiencing rapid change.—In lieu of the Rocky Mountain West pilot program included in House Report 119–212, the agreement directs the Department to deploy the shortfall prevention team to increase support for communities where rental market conditions and rising costs are outpacing HUD's ability to provide funding.

HOUSING CERTIFICATE FUND

(INCLUDING RESCISSIONS)

The agreement allows unobligated balances in the housing certificate fund to be used for the renewal of or amendments to section 8 project-based contracts and for performance-based contract administrators.

PUBLIC HOUSING FUND

The agreement provides $8,319,393,000 for the public housing fund, to remain available until September 30, 2029.

Within the total, the agreement provides $4,687,393,000 for the public housing operating formula for 2026 payments (including amounts for resident participation pursuant to 24 CFR Part 990); $337,000,000 for need-based allocations to PHAs that experience or are at risk of financial shortfalls; $3,200,000,000 for allocations to PHAs through the capital fund formula; $30,000,000 for emergency capital needs, of which not less than $10,000,000 is for safety and security measures; $50,000,000 for competitive grants to PHAs to evaluate and reduce residential health hazards, including lead-based paint, carbon monoxide, mold, radon, and fire safety, of which not less than $25,000,000 is specifically for lead hazards; and $15,000,000 for administrative and judicial receiverships.

Operating expenses.—Based on current estimates, the funding levels for the operating formula and shortfall allocations provide sufficient resources for every PHA to maintain current service levels and to prevent an increase in shortfalls, especially for PHAs who already have less than 3 months of reserves. The agreement directs the Department to award shortfall funds within 180 days of enactment of this act and pursuant to the methodology previously presented to the House and Senate Committees on Appropriations. Within 60 days of enactment of this act, the Department shall brief the House and Senate Committees on Appropriations on PHAs' estimated shortfall eligibility and how it intends to update the financial indicator scoring criteria to account for this year's funding levels.

ASSISTED HOUSING INSPECTIONS AND RISK ASSESSMENTS

The agreement provides $50,000,000 for the Department's inspection and assessment programs, to remain available until September 30, 2028.

CHOICE NEIGHBORHOODS INITIATIVE

The agreement provides $25,000,000 for the choice neighborhoods initiative, to remain available until September 30, 2030. Of this amount, not less than $12,500,000 shall be made available to PHAs and not more than $10,000,000 is available for planning grants.

SELF–SUFFICIENCY PROGRAMS

The agreement provides $206,400,000 for self-sufficiency programs, to remain available until September 30, 2029. Of the total, $156,400,000 is for the family self-sufficiency program, $40,000,000 is for the resident opportunity and self-sufficiency program, and $10,000,000 is for the jobs-plus initiative.

NATIVE AMERICAN PROGRAMS

The agreement provides $1,354,000,000 for Native American programs, to remain available until September 30, 2030. The agreement provides $1,111,000,000 for the Native American housing block grant program; $125,000,000 for the competitive Native American housing block grant program; $10,000,000 for the Tribal HUD–VASH program; $1,000,000 for the title VI loan program; $100,000,000 for the Indian community development block grant program; and $7,000,000 for training and technical assistance.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The agreement provides $1,400,000 for the cost of guaranteed loans and administrative contract expenses, to remain available until expended. The agreement allows HUD to use funds in this and prior acts for the cost of guaranteed loans that are unobligated to subsidize a total loan level of not more than $1,800,000,000, to remain available until September 30, 2027.

NATIVE HAWAIIAN HOUSING BLOCK GRANT

The agreement provides $22,300,000 for the Native Hawaiian housing block grant program, to remain available until September 30, 2030.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The agreement provides not more than $28,000,000 in loan guarantee commitment authority, including the authority to guarantee refinance loans, to remain available until September 30, 2027.

COMMUNITY PLANNING AND DEVELOPMENT

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

The agreement provides $529,000,000 for the housing opportunities for persons with AIDS program, to remain available until September 30, 2029.

COMMUNITY DEVELOPMENT FUND

The agreement provides $6,995,244,120 for the community development fund, to remain available until September 30, 2029. Of the total, the agreement provides $3,300,000,000 in community development block grant [CDBG] formula funding, $30,000,000 for activities authorized under section 8071 of the SUPPORT for Patients and Communities Act, $50,000,000 for grants to reduce barriers to affordable housing development, and $3,615,244,120 for economic development initiatives [EDIs].

EDIs.—The agreement directs HUD to provide funding for the projects listed in the table entitled ''Community Project Funding/Congressionally Directed Spending'' included in this joint explanatory statement in the corresponding amounts and for the corresponding recipients. The agreement continues the direction for HUD to provide semi-annual briefings to the House and Senate Committees on Appropriations on the implementation of EDIs and the Department's oversight of projects. The agreement further directs HUD to provide regular written updates of technical changes to projects that require congressional approval as well as a regular status update on all grants which have not yet resulted in a fully executed grant agreement. Finally, the agreement continues to direct HUD to prioritize timely outreach and responses to EDI grantees to ensure successful execution of grants.

Manufactured housing.—The agreement directs HUD to make direct technical assistance available to grantees seeking to use CDBG funds to preserve long-term affordability of manufactured housing and to revitalize manufactured housing communities, consistent with Notice CPD–2023–10.

Zoning requirements.—In lieu of the direction in House Report 119–212, the agreement directs the GAO to examine, to the extent that data is available and reliable, how zoning regulations of State and local jurisdictions may affect the implementation of HUD housing and community development grant programs. The agreement continues the request regarding a GAO briefing and subsequent report under this heading in House Report 119–212.

COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

The agreement provides the authority to collect fees from borrowers adequate to result in a subsidy cost of zero and an aggregate limitation on commitments of no more than $300,000,000 for loan guarantees under section 108.

HOME INVESTMENT PARTNERSHIPS PROGRAM

The agreement provides $1,250,000,000, to remain available until September 30, 2029, for the HOME investment partnerships program.

HOME—ARP expenditure of funds.—The agreement continues the directions in House Report 119–212 under this account, except that in place of the direction in the fifth sentence, the agreement instead directs HUD to include an analysis on NEPA requirements in its findings.

SELF–HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

The agreement provides $65,000,000, to remain available until September 30, 2028. The agreement provides the following funding levels for specific activities within this account:

Self-help homeownership opportunity program	$12,000,000
Section 4 program	46,000,000
[Rural capacity building activities]	*[not less than 5,000,000]*
National rural capacity building	7,000,000
Total	65,000,000

Capacity building to address the needs of tribal communities.—HUD is directed to ensure section 4 grantees collectively invest not less than $1,000,000 in targeted capacity building activities to benefit Native Hawaiian, American Indian, and Alaska Native communities and populations. This minimum investment is separate from the required investment for rural capacity building activities of not less than $5,000,000.

HOMELESS ASSISTANCE GRANTS

The agreement provides $4,417,000,000, to remain available until September 30, 2028, for homeless assistance grants. Funding is provided in the amounts shown in the following table:

Emergency solutions grants [ESG]	$290,000,000
Continuum of care [CoC] and rural housing stability assistance	4,010,000,000
[Projects to assist survivors of domestic violence, dating violence, sexual assault, or stalking]	*[52,000,000]*
[Supportive service line items to address Cost of Living Adjustment]	*[43,000,000]*
[Technical assistance]	*[not less than 20,000,000]*
National homeless data analysis project	10,000,000
Comprehensive approach to serving homeless youth	107,000,000
[Youth homelessness system improvement grants]	*[not less than 25,000,000]*
[Technical assistance]	*[up to 10,000,000]*
Total	4,417,000,000

Homeless students.—The agreement continues the direction under this heading in House Report 119–212.

Improving access to healthcare and services.—Within the amounts provided for technical assistance, the agreement continues the $5,000,000 included in Senate Report 119–47 to support efforts between HUD and the Department of Health and Human Services to help communities improve coordination of services.

Addressing the needs of survivors of domestic violence.—The agreement continues the direction in Senate Report 119–47 for the Department to submit a report on CoC and ESG utilization by survivors of domestic violence, dating violence, sexual assault and stalking.

HOUSING PROGRAMS

PROJECT–BASED RENTAL ASSISTANCE

The agreement provides a combined total of $18,543,000,000, to remain available until expended, for project-based rental assistance activities. Of the total, not more than $509,000,000 is for performance-based contract administrators.

HOUSING FOR THE ELDERLY

The agreement provides $1,031,000,000 for the section 202 program, to remain available until September 30, 2029, of which up to $122,000,000 shall be for service coordinators and the continuation of existing congregate service grants. This amount, in combination with existing carryover balances, fully funds all annual project-based rental assistance contract renewals and amendments.

HOUSING FOR PERSONS WITH DISABILITIES

The agreement provides $287,000,000 for the section 811 program, to remain available until September 30, 2029.

HOUSING COUNSELING ASSISTANCE

The agreement provides $57,500,000 for housing counseling, including up to $4,500,000 for administrative contract services, to remain available until September 30, 2027. The agreement includes the $3,000,000 set-aside from Senate Report 119–47.

PAYMENT TO MANUFACTURED HOUSING FEES TRUST FUND

The agreement provides $14,000,000 for the manufactured housing standards programs, to remain available until expended, of which $14,000,000 is to be derived from fees collected and deposited in the manufactured housing fees trust fund.

FEDERAL HOUSING ADMINISTRATION

MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

The agreement sets a limit of up to $400,000,000,000 on commitments to guarantee single-family loans and provides $160,000,000 for administrative contract expenses, which shall be available until September 30, 2027.

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

The agreement sets a limit of up to $35,000,000,000 on multifamily and specialized loan guarantees and provides that such commitment authority shall be available until September 30, 2027.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

GUARANTEES OF MORTGAGE–BACKED SECURITIES LOAN GUARANTEE PROGRAM ACCOUNT

The agreement sets a limit of up to $550,000,000,000 for new commitments and provides $56,000,000 for salaries and expenses for the Government National Mortgage Association, which shall be available until September 30, 2027.

POLICY DEVELOPMENT AND RESEARCH

RESEARCH AND TECHNOLOGY

The agreement provides $122,500,000 for research and technology activities and technical assistance, to remain available until September 30, 2027.

Core research and technology.—The agreement provides no less than $72,900,000 for core research and technology, of which $5,000,000 is for cooperative agreements and research partnerships as required under this heading in House Report 119–212, and of which up to $4,900,000 is for innovative building technologies and disaster relief research as described under this heading in House Report 119–212 and Senate Report 119–47.

Research, evaluations, and demonstrations.—The agreement provides up to $3,128,000 in new funding, and permits the Department to use amounts remaining from previously appropriated funding, for new and continuing studies and demonstration evaluations, including research activities delineated under this heading in House Report 119–212 and in Senate Report 119–47. The Principal Deputy Assistant Secretary for the Office of Policy Development and Research is reminded to provide concurrent updates on the Department's research agenda to the Chair and Ranking Members of the House and Senate Committees on Appropriations.

Technical assistance.—The agreement provides $40,000,000 for technical assistance, of which $5,000,000 is for the distressed cities technical assistance program. The agreement also directs the Department to provide, not later than 90 days after the enactment of this act, an allocation plan for the technical assistance funds provided by this act, to the House and Senate Committees on Appropriations.

FAIR HOUSING AND EQUAL OPPORTUNITY

FAIR HOUSING ACTIVITIES

The agreement provides $86,355,000 for fair housing activities, to remain available until September 30, 2027. The bill specifies program levels in the account.

OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES

LEAD HAZARD REDUCTION

(INCLUDING TRANSFER OF FUNDS)

The agreement provides $295,600,000 for lead hazard control and healthy homes programs, to remain available until September 30, 2028.

The following table provides funding levels for activities within this account:

Lead hazard reduction grants	$155,600,000
[Areas with the highest lead-based paint abatement needs]	*[105,000,000]*
Healthy homes initiative	140,000,000
[Aging-in-place home modification grants]	*[30,000,000]*
Total	295,600,000

New financing mechanism pilot.—The agreement provides up to $10,000,000 for the Department to establish a one-time national pilot within the healthy homes initiative to facilitate new financing mechanisms to address lead and other residential environmental stressors in low-income communities. The agreement directs the Department to issue a notice of funding opportunity for the pilot program no later than 120 days after enactment of this act. As part of the briefing required under this heading in House Report 119–212, the Department shall provide its framework for assessing the pilot and how its lessons may inform the broader healthy homes initiative program.

OFFICE OF INSPECTOR GENERAL

The agreement provides $144,500,000 for the salaries and expenses of the Office of Inspector General.

GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

Section 201 splits overpayments evenly between the Treasury and State housing finance agencies.

Section 202 prohibits funds from being used to investigate or prosecute lawful activities under the Fair Housing Act.

Section 203 requires any grant or cooperative agreement to be made on a competitive basis, unless otherwise provided, in accordance with section 102 of the Department of Housing and Urban Development Reform Act of 1989.

Section 204 relates to the availability of funds for services and facilities for government-sponsored enterprises and others subject to the Government Corporation Control Act and the Housing Act.

Section 205 prohibits the use of funds in excess of the budget estimates, unless provided otherwise.

Section 206 relates to the expenditure of funds for corporations and agencies subject to the Government Corporation Control Act.

Section 207 exempts the Government National Mortgage Association from certain requirements of the Federal Credit Reform Act of 1990.

Section 208 authorizes HUD to transfer debt and use agreements from an obsolete project to a viable project, provided that no additional costs are incurred and other conditions are met.

Section 209 sets forth certain requirements for section 8 eligibility and includes consideration for persons with disabilities.

Section 210 distributes Native American housing block grants to the same Native Alaskan recipients as in fiscal year 2005.

Section 211 instructs HUD on managing and disposing of any multifamily property that is owned or held by HUD.

Section 212 allows PHAs that own and operate 400 or fewer units of public housing to be exempt from asset management requirements.

Section 213 restricts the Secretary from imposing any requirements or guidelines relating to asset management that restrict or limit the use of capital funds for central office costs, up to the limits established in law.

Section 214 requires that no employee of the Department be designated as an allotment holder unless the CFO determines that such employee has received certain training.

Section 215 requires the Secretary to notify the public of notices of funding opportunity for competitively awarded funds, and establishes how such notification may occur.

Section 216 requires attorney fees for programmatic litigation to be paid from the individual program office and the Office of General Counsel salaries and expenses appropriations.

Section 217 allows the Secretary to transfer up to 10 percent of funds or $5,000,000, whichever is less, appropriated under the headings ''Administrative Support Offices'' or ''Program Offices'' to any other office funded under such headings, after notifying the House and Senate Committees on Appropriations.

Section 218 requires HUD to take certain actions against owners receiving rental subsidies that do not maintain safe properties.

Section 219 places a salary and bonus limit on public housing agency officials and employees.

Section 220 requires the Secretary to notify the House and Senate Committees on Appropriations at least 3 full business days before grant award announcements or cancellations, and requires such notifications to include state and congressional district information.

Section 221 prohibits funds for HUD financing of mortgages for properties that have been subject to eminent domain.

Section 222 prohibits the use of funds to terminate the status of a unit of general local government as a metropolitan city with respect to grants under section 106 of the Housing and Community Development Act of 1974.

Section 223 allows funding for research, evaluation, and statistical purposes that is unexpended at the time of completion of the contract, grant, or cooperative agreement to be re-obligated for additional research.

Section 224 prohibits funds for financial awards for employees subject to administrative discipline.

Section 225 allows program income as an eligible match for 2015 through 2026 continuum of care funds.

Section 226 permits HUD to provide one year transition grants under the continuum of care program.

Section 227 maintains current promise zone designations and agreements.

Section 228 addresses the establishment of reserves for PHAs designated as MTW agencies.

Section 229 prohibits funds from being used to make certain eligibility limitations as part of a notice of funding opportunity for competitive grant awards under the public housing fund.

Section 230 addresses the manner in which HUD may make adjustments for formula allocation corrections.

Section 231 allows for transfers to the information technology fund.

Section 232 requires compliance with all process requirements when revising any annual contributions contract.

Section 233 prohibits the use of funds by HUD to issue a solicitation or accept bids on any solicitation that is substantially equivalent to the draft solicitation entitled ''Housing Assistance Payments (HAP) Contract Supports Services (HAPSS)'' posted on July 27, 2022.

Section 234 rescinds certain unobligated balances.

Section 235 clarifies the use of funds for the family self-sufficiency program.

Section 236 allows the Secretary to waive or specify alternatives for certain requirements for the mainstream and family unification voucher programs.

Section 237 requires the Secretary to enforce the Fair Housing Act and prohibits the use of funds to direct a grantee to undertake specific changes to existing zoning laws as part of carrying out the interim final rule entitled ''Affirmatively Furthering Fair Housing Revisions.''

Section 238 applies whistleblower protections to funded contracts, consistent with 41 U.S.C. 4712.

Section 239 allows for the forgiveness or restructuring of certain flexible subsidy loans and appropriates funds for such purpose.

Section 240 extends the expenditure period for certain previously appropriated funds for housing for persons with disabilities.

Section 241 allows the Office of Housing to provide direct support to small properties and owners converting assistance under the rental assistance demonstration.

Section 242 requires the Secretary to conduct all rulemaking in accordance with 24 CFR Part 10 and Executive Order 12866 as amended.

Section 243 requires that foregone increases to tenant rent payments due to resident participation in the jobs-plus initiative be factored into rental assistance renewal eligibility within the appropriate account.

Section 244 establishes conditions and a timeline for the Secretary to renew continuum of care projects expiring during calendar year 2026.

TITLE III—RELATED AGENCIES

ACCESS BOARD

SALARIES AND EXPENSES

The agreement provides $9,955,000 for salaries and expenses.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

The agreement provides $40,000,000, of which $2,000,000 shall remain available until September 30, 2027, for the salaries and expenses of the Federal Maritime Commission.

NATIONAL RAILROAD PASSENGER CORPORATION

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The agreement provides $29,240,000 for the salaries and expenses of the National Railroad Passenger Corporation Office of Inspector General.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

The agreement provides $145,000,000 for the salaries and expenses of the National Transportation Safety Board.

NEIGHBORHOOD REINVESTMENT CORPORATION

PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

The agreement provides $158,000,000 for the Neighborhood Reinvestment Corporation, operating under the trade name ''NeighborWorks America''. The agreement directs NeighborWorks to notify network organizations of their full formula grant award within 60 days of enactment of this act and to expeditiously disburse those amounts.

SURFACE TRANSPORTATION BOARD

SALARIES AND EXPENSES

The agreement provides $40,799,000 for the salaries and expenses of the Surface Transportation Board. The agreement permits the collection of up to $1,250,000 in user fees to be credited to this appropriation and provides that the general fund appropriation be reduced on a dollar-for-dollar basis by the actual amount collected in user fees to result in a final appropriation from the general fund estimated at not more than $39,549,000.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS

OPERATING EXPENSES

The agreement provides $3,000,000 for the operating expenses of the United States Interagency Council on Homelessness. This funding level is sufficient to sustain current staffing and its statutory responsibilities under 42 U.S.C. 11313.

TITLE IV—GENERAL PROVISIONS—THIS ACT

Section 401 prohibits the use of funds for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings.

Section 402 prohibits the obligation of funds beyond the current fiscal year and the transfer of funds to other appropriations, unless expressly provided.

Section 403 limits consulting service expenditures through procurement contracts to those contracts contained in the public record, except where otherwise provided under existing law.

Section 404 prohibits funds from being used for certain types of employee training.

Section 405 specifies requirements for the reprogramming of funds and requires agencies to submit an operating plan to establish the baseline for the application of reprogramming and transfer authorities.

Section 406 provides that not to exceed 50 percent of unobligated balances for salaries and expenses may remain available until September 30, 2027, for each account for the purposes authorized, subject to the approval of the House and Senate Committees on Appropriations.

Section 407 prohibits the use of funds for any project that seeks to use the power of eminent domain, unless eminent domain is employed only for a public use.

Section 408 prohibits funds from being transferred to any department, agency, or instrumentality of the U.S. Government, except where transfer authority is provided in this or any other appropriations act.

Section 409 prohibits funds from being used by an entity unless the expenditure is in compliance with the Buy American Act.

Section 410 prohibits funds from being made available to any person or entity that has been convicted of violating the Buy American Act.

Section 411 prohibits funds from being used for first-class airline accommodations in contravention of sections 301–10.122 and 301–10.123 of title 41, Code of Federal Regulations.

Section 412 restricts the number of employees that agencies may send to international conferences unless such attendance is important to the national interest.

Section 413 caps the amount of fees the Surface Transportation Board can charge or collect for rate or practice complaints filed at the amount authorized for district court civil suit filing fees.

Section 414 prohibits funds from being used to maintain or establish computer networks unless such networks block the viewing, downloading, or exchange of pornography.

Section 415 prohibits funds from being used to deny an Inspector General timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities, or to prevent or impede that Inspector General's access to such records, documents, or other materials.

Section 416 prohibits funds from being used to pay award or incentive fees for contractors whose performance is below satisfactory, behind schedule, over budget, or failed to meet requirements of the contract, with exceptions.

Section 417 prohibits funds from being used to permanently replace an employee intent on returning to his or her past occupation following completion of military service.

Section 418 prohibits funds from being used for the approval of a new foreign air carrier permit or exemption application if that approval would contravene U.S. law or Article 17 bis of the U.S.-E.U.-Iceland-Norway Air Transport Agreement.

Section 419 restates current law regarding eligibility and ineligibility of immigrants to receive housing assistance.

Section 420 prohibits the use of funds in this act and the IIJA for activities designed to support or defeat legislation pending before the Congress, other than in normal and recognized executive-legislative relationships.

Section 421 makes technical corrections to division L of Public Law 117–103, division L of Public Law 117–328, and division F of Public Law 118–42.

Section 422 requires that DOT and HUD provide the House and Senate Committees on Appropriations certain funding and staffing information.

Section 423 requires each Department and agency funded in this act to maintain certain information on a publicly accessible website.

Section 424 requires the Departments and agencies funded under this act to submit a report to the House and Senate Committees on Appropriations regarding staffing levels for all political and Presidential appointees.

Section 425 redesignates the foster youth to independence initiative as the ''Melania Trump Foster Youth to Independence Initiative''.

Section 426 provides technical corrections.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the

Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

Daily Digest

Senate

Chamber Action

The Senate met at 11:00:01 a.m. in pro forma session, and recessed at 11:00:16 a.m. until 3 p.m. on Monday, January 26, 2026.

Committee Meetings

No committee meetings were held.

House of Representatives

Chamber Action

Public Bills and Resolutions Introduced: 40 public bills, H.R. 7195–7234; and 6 resolutions, H.J. Res. 142–143; and H. Res. 1015–1018 were introduced. **Pages H1349–51**

Additional Cosponsors: **Pages H1351–52**

Report Filed: A report was filed today as follows:

H. Res. 1014, providing for consideration of the bill (H.R. 7148) making further consolidated appropriations for the fiscal year ending September 30, 2026, and for other purposes; providing for consideration of the bill (H.R. 7147) making further consolidated appropriations for the fiscal year ending September 30, 2026, and for other purposes; and for other purposes (H. Rept. 119–462). **Page H1349**

Speaker: Read a letter from the Speaker wherein he appointed Representative Valadao to act as Speaker pro tempore for today. **Page H1175**

Recess: The House recessed at 10:16 a.m. and reconvened at 10:30 a.m. **Page H1183**

Department of Homeland Security Appropriations Act, 2026: The House passed H.R. 7147, making further consolidated appropriations for the fiscal year ending September 30, 2026, by a yea-and-nay vote of 220 yeas to 207 nays, Roll No. 42.

Pages H1177–83, H1299–H1317, H1330, H1299–H1317

H. Res. 1014, the rule providing for consideration of the bills (H.R. 7148) and (H.R. 7147) was agreed to by a recorded vote of 214 ayes to 213 noes, Roll No. 41, after the amendment by Representative Foxx was agreed to by a yea-and-nay vote of 427 yeas with none voting ''nay'', Roll No. 40, and the previous question was ordered by a yea-and-nay vote of 214 yeas to 213 nays, Roll No. 39. Pursuant to section 6 of H. Res. 1014, H. Res. 375 is considered agreed to as amended. **Pages H1177–83, H1183–85**

Consolidated Appropriations Act, 2026: The House passed H.R. 7148, making further consolidated appropriations for the fiscal year ending September 30, 2026, by a yea-and-nay vote of 341 yeas to 88 nays, Roll No. 45. **Pages H1185–H1297, H1332–33**

Pursuant to the Rule, the amendment printed in part A of the report of the Committee on Rules accompanying this resolution shall be considered as adopted in the House and in the Committee of the Whole. **Pages H1193–H1297**

Rejected:

Massie amendment (No. 1 printed in part B of H. Rept. 119–462) that sought to prohibit the use of funds made available by this Act to implement section 24220 of the Infrastructure Investment and Jobs Act, including any requirements enabling or supporting vehicle ''kill switch'' technology (by a recorded vote of 164 ayes to 268 noes, Roll No. 43); and **Pages H1297–99, H1331**

Norman amendment (No. 2 printed in part B of H. Rept. 119–462) that sought to prohibit funds for certain community funding projects (by a recorded vote of 136 ayes to 291 noes, Roll No. 44).

Pages H1298–99, H1331–32

H. Res. 1014, the rule providing for consideration of the bills (H.R. 7148) and (H.R. 7147) was agreed to by a recorded vote of 214 ayes to 213 noes, Roll No. 41, after the amendment by Representative Foxx was agreed to by a yea-and-nay vote of 427 yeas

with none voting "nay", Roll No. 40, and the previous question was ordered by a yea-and-nay vote of 214 yeas to 213 nays, Roll No. 39. Pursuant to section 6 of H. Res. 1014, H. Res. 375 is considered agreed to as amended. **Pages H1177–83, H1183–85**

Pregnant Students' Rights Act: The House passed H.R. 6359, to require institutions of higher education to disseminate information on the rights of, and accommodations and resources for, pregnant students, by a yea-and-nay vote of 217 yeas to 211 nays, Roll No. 47. **Pages H1325–30, H1333–34**

Rejected the Bonamici motion to recommit the bill to the Committee on Education and Workforce by a yea-and-nay vote of 213 yeas to 216 nays, Roll No. 46. **Page H1333**

Pursuant to the Rule, the amendment in the nature of a substitute recommended by the Committee on Education and Workforce now printed in the bill shall be considered as adopted. **Page H1325**

H. Res. 1009, the rule providing for consideration of the bills (H.R. 6945), (H.R. 6359) and the joint resolution (H.J. Res. 140) was agreed to yesterday, January 21st.

Directing the removal of United States Armed Forces from Venezuela that have not been authorized by Congress: The House failed to agree to H. Con. Res. 68, to direct the removal of United States Armed Forces from Venezuela that have not been authorized by Congress, by a yea-and-nay vote of 215 yeas to 215 nays, Roll No. 48.

Pages H1317–25, H1334–35

Directing the Clerk of the House of Representatives to make a correction in the engrossment of H.R. 7147: The House agreed to H. Res. 1016, directing the Clerk of the House of Representatives to make a correction in the engrossment of H.R. 7147. **Page H1335**

Work Period Designation: Read a letter from the Speaker wherein he designated the period from Thursday, January 22, 2026, through Sunday, February 1, 2026, as a "district work period" under clause 13 of rule 1. **Page H1335**

Discharge Petition: Representative Pressley presented to the clerk a motion to discharge the Committee on Rules from the consideration of the resolution (H. Res. 965) entitled, a resolution providing for consideration of the bill (H.R. 1689) to require the Secretary of Homeland Security to designate Haiti for temporary protected status (Discharge Petition No. 15).

Quorum Calls—Votes: Seven yea-and-nay votes and three recorded votes developed during the proceedings of today and appear on pages H1183–84, H1184–85, H1185, H1330, H1331, H1331–32, H1332–33, H1333, H1333–34, and H1334–35.

Adjournment: The House met at 9 a.m. and adjourned at 7:31 p.m.

Committee Meetings

EXAMINING THE POLICIES AND PRIORITIES OF THE MINE SAFETY AND HEALTH ADMINISTRATION

Committee on Education and Workforce: Subcommittee on Workforce Protections held a hearing entitled "Examining the Policies and Priorities of the Mine Safety and Health Administration". Testimony was heard from Wayne Palmer, Assistant Secretary of Labor for Mine Safety and Health, Mine Safety and Health Administration, Department of Labor.

OVERSIGHT OF THE OFFICE OF SPECIAL COUNSEL JACK SMITH

Committee on the Judiciary: Full Committee held a hearing entitled ''Oversight of the Office of Special Counsel Jack Smith''. Testimony was heard from a public witness.

MISCELLANEOUS MEASURES

Committee on Natural Resources: Full Committee held a markup on H.R. 4255, the ''Enhancing Safety for Animals Act of 2025''; H.R. 2130, the ''Tribal Trust Land Homeownership Act of 2025''; H.R. 3073, the ''Shivwits Band of Paiutes Jurisdictional Clarity Act''; H.R. 3340, the ''Modernizing Access to Our Public Oceans Act''; H.R. 4294, the ''Mitigation Action and Watermen Support Act of 2025''; H.R. 5254, the ''Gateway Partnership Act of 2025''; H.R. 5729, the ''North Rim Restoration Act of 2025''; and H.R. 6365, the ''Wintergreen Emergency Egress Act''. H.R. 2130, H.R. 3073, H.R. 3340 were ordered reported, without amendment. H.R. 4255, H.R. 4294, H.R. 5254, H.R. 5729, and H.R. 6365 were ordered reported, as amended.

DEEP DIVE: EXAMINING THE REGULATORY AND STATUTORY BARRIERS TO DEEP SEA MINING

Committee on Natural Resources: Subcommittee on Energy and Mineral Resources held a hearing entitled ''Deep Dive: Examining the Regulatory and Statutory Barriers to Deep Sea Mining''. Testimony was heard from public witnesses.

DECLASSIFIED MARTIN LUTHER KING RECORDS: WHAT THEY REVEAL AND WHY THEY MATTER

Committee on Oversight and Government Reform: Task Force on the Declassification of Federal Secrets held a hearing entitled ''Declassified MLK Records: What They Reveal and Why They Matter''. Testimony was heard from public witnesses.

HOUSING AFFORDABILITY: SAVING THE AMERICAN DREAM

Committee on Oversight and Government Reform: Subcommittee on Economic Growth, Energy Policy, and Regulatory Affairs held a hearing entitled ''Housing Affordability: Saving the American Dream''. Testimony was heard from public witnesses.

CONSOLIDATED APPROPRIATIONS ACT, 2026; DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2026

Committee on Rules: Full Committee concluded a hearing on H.R. 7148, the ''Consolidated Appropriations Act, 2026''; and H.R. 7147, the ''Department of Homeland Security Appropriations Act, 2026''. The Committee granted, by a record vote of 9–4, a rule providing for consideration of H.R. 7148, the ''Consolidated Appropriations Act, 2026'', and H.R. 7148, the ''Department of Homeland Security Appropriations Act, 2026''. The rule provides for consideration of H.R. 7148, the ''Consolidated Appropriations Act, 2026'', under a structured rule. The rule waives all points of order against consideration of the bill. The rule provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations or their respective designees. The rule provides that the amendment printed in part A of the Rules Committee report shall be considered as adopted and the bill, as amended, shall be considered as read. The rule waives all points of order against provisions in the bill, as amended. The rule makes in order only the further amendments printed in part B of the Rules Committee report. Each such further amendment shall be considered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the

proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question. The rule waives all points of order against the amendments printed in part B of the Rules Committee report. The rule provides one motion to recommit. The rule further provides for consideration of H.R. 7147, the ''Department of Homeland Security Appropriations Act, 2026'', under a closed rule. The rule waives all points of order against consideration of the bill. The rule provides that the bill shall be considered as read. The rule waives all points of order against provisions in the bill. The rule provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations or their respective designees. The rule provides one motion to recommit. The rule further provides that the chair of the Committee on Appropriations may insert in the Congressional Record not later than January 23rd, 2026, such material as he may deem explanatory of H.R. 7148 and H.R. 7147. The rule further provides that the Clerk shall not transmit to the Senate a message that the House has passed H.R. 7148 until H.R. 7147 is passed by the House. The rule provides that in the engrossment of H.R. 7148, the Clerk shall: add the text of Divisions A, B, and C of H.R. 7006, as passed by the House, as new matter to follow Division D of H.R. 7148, redesignated as Divisions E, F, and G, respectively; add the text of titles 1 through 5 of H.R. 7147, as passed by the House, as new matter designated as Division H, to follow the text added pursuant to subsection (a); redesignate Divisions E and F of H.R. 7148 as Divisions I and J, respectively; assign appropriate designations to provisions within the engrossment; conform cross-references and provisions for short titles within the engrossment; and be authorized to make technical corrections, to include corrections in spelling, punctuation, page and line numbering, section numbering, and insertion of appropriate headings. Finally, the rule provides that House Resolution 375, amended by the amendments printed in part C of the Rules Committee report, is hereby adopted. Testimony was heard from Chairman Cole, and Representatives DeLauro, Tenney, Hoyer, Spartz, Veasey, Smucker, Gomez, Miller of Ohio, Keating, Stansbury, Larson of Connecticut, Titus, Johnson of Texas, Quigley, Horsford, Torres of California, Johnson of Georgia, and Dexter.

NATIONWIDE CONSUMER AND FUEL RETAILER CHOICE ACT OF 2025

Committee on Rules: Full Committee began a hearing on H.R. 1346, the ''Nationwide Consumer and Fuel Retailer Choice Act of 2025''. Testimony was heard from Representatives Palmer, Landsman, Smith of Nebraska, Budzinski, Hageman, Feenstra, and Miller-Meeks.

ASSESSING U.S. LEADERSHIP IN QUANTUM SCIENCE AND TECHNOLOGY

Committee on Science, Space, and Technology: Full Committee held a hearing entitled ''Assessing U.S. Leadership in Quantum Science and Technology''. Testimony was heard from James Kushmerick, Director, Physical Measurement Laboratory, National Institute of Standards and Technology, Department of Commerce; Saul Gonzalez, Deputy Directorate Head, Directorate for Mathematical and Physical Sciences, National Science Foundation; Mark Clampin, Deputy Associate Administrator, Science Mission Directorate, National Aeronautics and Space Administration; and Tanner Crowder, Quantum Information Science Lead, Office of Science, Department of Energy.

LOCAL OWNERSHIP, NATIONAL BRANDS: HOW FRANCHISING IS A PATHWAY TO ENTREPRENEURSHIP

Committee on Small Business: Full Committee held a hearing entitled ''Local Ownership, National Brands: How Franchising is a Pathway to Entrepreneurship''. Testimony was heard from public witnesses.

SMARTER SPENDING, STRONGER RESULTS: REDUCING DUPLICATION AND ENSURING EFFECTIVENESS THROUGH ECONOMIC DEVELOPMENT REFORMS

Committee on Transportation and Infrastructure: Subcommittee on Economic Development, Public Buildings, and Emergency Management held a hearing entitled ''Smarter Spending, Stronger Results: Reducing Duplication and Ensuring Effectiveness Through Economic Development Reforms''. Testimony was heard from Ben Page, Deputy Assistant Secretary for Economic Development and Chief Operating Officer, U.S. Economic Development Administration, Department of Commerce; Gayle Conelly Manchin, Federal Co-Chair, Appalachian Regional Commission; Corey Wiggins, Federal Co-Chair, Delta Regional Authority; Chris Saunders, Federal Co-Chair, Northern Border Regional Commission; Jennifer Clyburn Reed, Federal Co-Chair, Southeast Crescent Regional Commission; Juan Sanchez, Federal Co-Chair, Southwest Border Regional Commission; and Jocelyn Fenton, Director of Programs, Denali Commission.

COMMUNITY CARE NETWORK NEXT GENERATION: ONE TRILLION OF OVERSIGHT

Committee on Veterans' Affairs: Full Committee held a hearing entitled ''Community Care Network Next

Generation: One Trillion of Oversight''. Testimony was heard from Richard F. Topping, Assistant Secretary for Management and Chief Financial Officer, Department of Veterans Affairs; and public witnesses.

HEARING WITH HEALTH INSURANCE CHIEF EXECUTIVE OFFICERS

Committee on Ways and Means: Full Committee held a hearing entitled ''Hearing with Health Insurance CEOs''. Testimony was heard from public witnesses.

COVER ENHANCEMENT AUTHORITIES

Permanent Select Committee on Intelligence: Subcommittee on Defense Intelligence and Overhead Architecture held a hearing entitled ''Cover Enhancement Authorities''. Testimony was heard from the following Department of Defense officials: Lieutenant General Sean M. Farrell, Deputy Commanding General, U.S. Special Operations Command; Rowena Ormiston, Director, HUMINT and Sensitive Activities, Office of the Under Secretary of War for Intelligence and Security; Colonel Ted D. Price, Chief, Defense Support Office, Defense Intelligence Agency; Colleen Swiderski, Director, Joint Defense Accounting Center, Defense Finance and Accounting Service; and Theresa Whelan, Director, Defense Intelligence for Sensitive Activities and Special Programs. This hearing was closed.

Joint Meetings

No joint committee meetings were held.

COMMITTEE MEETINGS FOR FRIDAY, JANUARY 23, 2026

(Committee meetings are open unless otherwise indicated)

Senate

No meetings/hearings scheduled.

House

No hearings are scheduled.

Next Meeting of the **SENATE**

3 p.m., Monday, January 26

Senate Chamber

Program for Monday: Following a period of morning business, Senate will vote on the motion to invoke cloture on the motion to proceed to consideration of S. 3627, Pregnant Students' Rights Act, at approximately 5:30 p.m.

Next Meeting of the **HOUSE OF REPRESENTATIVES**

10 a.m., Friday, January 23

House Chamber

Congressional Record The *Congressional Record* (USPS 087–390). The Periodicals postage is paid at Washington, D.C. The public proceedings of each House of Congress, as reported by the Official Reporters thereof, are printed pursuant to directions of the Joint Committee on Printing as authorized by appropriate provisions of Title 44, United States Code, and published for each day that one or both Houses are in session, excepting very infrequent instances when two or more unusually small consecutive issues are printed one time. ¶Public access to the *Congressional Record* is available online through the U.S. Government Publishing Office, at *www.govinfo.gov*, free of charge to the user. The information is updated online each day the *Congressional Record* is published. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202–512–1800, or 866–512–1800 (toll-free). E-Mail, *contactcenter@gpo.gov*. ¶To place an order for any of these products, visit the U.S. Government Online Bookstore at: bookstore.gpo.gov. Mail orders to: Superintendent of Documents, P.O. Box 979050, St. Louis, MO 63197–9000, or phone orders to 866–512–1800 (toll-free), 202–512–1800 (D.C. area), or fax to 202–512–2104. Remit check or money order, made payable to the Superintendent of Documents, or use VISA, MasterCard, Discover, American Express, or GPO Deposit Account. ¶Following each session of Congress, the daily *Congressional Record* is revised, printed, permanently bound and sold by the Superintendent of Documents in individual parts or by sets. ¶With the exception of copyrighted articles, there are no restrictions on the republication of material from the *Congressional Record*.

POSTMASTER: Send address changes to the Superintendent of Documents, *Congressional Record*, U.S. Government Publishing Office, Washington, D.C. 20402, along with the entire mailing label from the last issue received.
