Question(s) for Witness Jessica Levin**

1. Can you elaborate on the difference between public charter schools run by non-profit management organizations and public charter schools run by for-profit management organizations, and why there are concerns about for-profit management organizations? What has the evidence shown about public charter schools run by for-profit management organizations?
2. Private schools are often not required to follow civil rights laws. Will accepting federal funding through a voucher scheme change that?
