

Israel Public Affairs Committee; United Israel Appeal; and the United Jewish appeal.

Mr. President, Max Karl was a man who used his time on this Earth fully and judiciously, and in so doing he created a rich legacy that will stand forever. He improved the lives of many, many thousands of people. He was greatly respected and much loved. He will be missed.

#### HONORING RALPH NEAS

Mr. BRADLEY. Mr. President, I rise today to pay tribute to Ralph Neas, an outstanding leader for civil rights, who is being honored this evening by the Leadership Conference on Civil Rights.

Tonight, as the Leadership Conference on Civil Rights [LCCR] celebrates its 45th anniversary as the Nation's oldest, largest and most broadly based civil rights coalition, Ralph Neas will be awarded the prestigious Hubert H. Humphrey Civil Rights Award for his "selfless and devoted service in the cause of equality." During his 14-year tenure as the executive director of the Leadership Conference, Ralph has been a voice of compassion and reason and a tireless advocate for equality. Dubbed the "101st Senator on Civil Rights" by Senator EDWARD KENNEDY, for his successful coordination of the lobbying efforts of 180 national organizations in the LCCR and for playing a major role in the passage of more than two dozen legislative victories, Ralph has demonstrated his effectiveness as a coalition builder. From the enactment of the 1982 Voting Rights Act extension to the recent enactment of the Civil Rights Act of 1991, his efforts have truly made a difference with respect to securing civil rights for millions of Americans.

Ralph's role in the civil rights community has not been limited to advocacy for the legislative arm of the civil rights community. In addition to his lobbying and legal research efforts, Ralph took on the role of executive director of the Leadership Conference Educational Fund. This independent organization supports numerous educational activities relevant to civil rights such as: an award winning public service advertising campaign promoting tolerance and diversity; a children's anti-discrimination campaign; and the publication of books and reports on emerging civil rights issues.

Today, when our country is increasingly a mixture of races, languages and religions, I am delighted to pay tribute to the efforts of an individual who recognizes the importance of both preserving and celebrating the diversity of our society. The reality is that America is essentially a pair of ideals—liberty and equality. However, these are ideals that are still unrealized. To realize these ideals we need to recognize that our increasing ethnic and racial diversity is a remarkable opportunity. We need to recognize that we will either all advance together, or each of us will be diminished. Ralph Neas has spent

the better part of a distinguished career working to ensure that—no matter the color of our skin, the shape of our eyes, our religion, our gender—we all advance together. I salute Ralph Neas for the dedication and leadership he has so generously given to the civil rights community and congratulate him on being awarded the Hubert H. Humphrey Civil Rights Award.

#### WAS CONGRESS IRRESPONSIBLE? THE VOTERS HAVE SAID YES

Mr. HELMS. Mr. President, before contemplating today's bad news about the Federal debt, let's do our little pop quiz once more:

Question: How many million dollars are in \$1 trillion? While you are arriving at an answer, bear in mind that it was the U.S. Congress that ran up the Federal debt that now exceeds \$4.8 trillion.

To be exact, as of the close of business Tuesday, May 2, the exact Federal debt—down to the penny—stood at \$4,859,125,275,200.95. This means that every man, woman and child in America now owes \$18,445.32 computed on a per-capita basis.

Mr. President, back to the pop quiz: How many million in a trillion? There are a million million in a trillion.

#### TUFTONIA'S WEEK AT TUFTS UNIVERSITY

Mr. KENNEDY. Mr. President, it is a privilege to take this opportunity to commend Tufts University in Medford, MA, which 2 weeks ago celebrated its 11th annual Tuftonia's Week events. During this week each year, graduates of Tufts from around the world join together to remember and honor their outstanding university.

Tufts was founded in 1852 and now has over 8,000 students from all 50 States and 213 foreign countries. The university's main campus in Medford/Somerville is home to the college of liberal arts, the graduate school, the school of nutrition, and the Fletcher School of Law and Diplomacy, among others. The school of medicine and dentistry is on the Boston campus, and the Grafton campus houses the only school of veterinary medicine in New England.

I am proud to note that this year, the theme of Tuftonia's Week is community service. Many alumni celebrated the occasion by volunteering and helping to improve life in their neighborhoods. Among universities in Massachusetts, Tufts has taken an impressive leadership role in promoting community service and by integrating opportunities for such service into the academic curriculum.

The Tuftonia's Week celebration has a special meaning for me, because my daughter is one of more than 85,000 Tufts graduates. I am honored to take this opportunity to congratulate the president, John DiBiaggio, and the rest of the Tufts community for their impressive accomplishments.

#### A GREAT PHYSICIAN AND A TRUE PIONEER

Mr. INHOFE. Mr. President, I rise today to pay tribute to Ray Stowers, D.O., a constituent of mine. Dr. Stowers, a native Oklahoman, is an osteopathic, family practice physician from Medford, OK, who is a true example of the pioneer spirit in America.

In the pioneer spirit, Ray's contributions have resulted in so many "firsts" in his life, both for the State of Oklahoma, for the osteopathic medical profession, and for the patients that he has reached into the rural communities to help.

It is because of his most recent "first", that I rise today to congratulate Ray on his recent appointment to the Physician Payment Review Commission [PPRC]. Ray Stowers represents what is best about medicine and physicians in America today. During a time when the trend to become a specializing physician is so strong and promises such great rewards, Ray Stowers has remained dedicated to the path of providing solo, rural, family medicine for 21 years. Yet from this path, Ray has been able to pioneer programs that enhance the numbers of physicians who share this important commitment.

One of Ray's many successes occurred when the Governor of Oklahoma appointed him to serve on the board of the Task Force and Rural Planning Committee which was responsible for advising the Governor on the State's health care manpower needs, and for convening a statewide conference to discuss rural health care delivery issues.

As well, Ray had the vision to see Oklahoma's need for rural health clinics, ensuring care for Oklahoma's hardest to reach populations. While he saw the need for, and began, the first rural health clinics in this State, within 5 years that number had burgeoned into 38 rural health clinics. Now, Oklahoma's hard-to-reach and underserved communities are assured access to a doctor and good medical care.

In addition to his many appointments, since 1993, Dr. Stowers also has been a presence on the American Medical Association Relative Value Update Committee [RUC]. As the first osteopathic physician appointed to serve on this prestigious committee, Ray has facilitated greater understanding, collaboration, and teamwork between the osteopathic medical profession and the allopathic physician community, and has lent his considerable expertise on physician practices to the RUC proceedings.

Dr. Stowers has served his family, his profession, his community, and his State with strength and integrity that symbolizes a modern pioneer. Dr. Stowers, the great State of Oklahoma is proud of your accomplishments. And
