

Mr. GEPHARDT. Mr. Speaker, I have asked to proceed for 1 minute to inquire about the schedule for next week.

I yield to the distinguished majority leader, the gentleman from Texas [Mr. ARMEY] to inquire about the schedule for the rest of today and next week.

Mr. ARMEY. Mr. Speaker, I thank the gentleman for yielding to me.

We can advise all Members that there will be no more recorded votes today. The House will convene with special orders and upon the completion of special orders we will recess subject to the call of the Chair for the purpose of allowing the Committee on Rules to file rules later in the day.

There will be no more legislative business, nor votes today.

On Monday, July 31, the House will meet at 10:30 a.m. for morning hour and 12 p.m. for legislative business. We tentatively plan to consider two bills under suspension of the rules: H.R. 2017, the District of Columbia Highway Relief Act, is tentative, and legislation extending the expiration date of the Middle East Peace Facilitation Act of 1994.

We then plan to complete the VA-HUD appropriations bill on Monday evening.

Today we would plan on moving S. 21, the Bosnia and Herzegovina Self-Defense Act, which is subject to a rule. Members should be advised that there will be no recorded votes taken before 5 p.m. on Monday.

The balance of the week the House will meet at 10 a.m. for legislative business to consider the fiscal year 1996 Labor-HHS appropriation bill, subject to a rule, and H.R. 1555, the Communications Act of 1995, also subject to a rule.

We hope to complete legislative business and have Members on their way home for the August district work period by no later than 3 p.m. on Friday.

Mr. GEPHARDT. Mr. Speaker, I noted in his statement that the gentleman is planning at least tentatively to bring up the Bosnia legislation, S. 21, probably on Tuesday. I strongly hope, for what it is worth, that that is the case. We believe that this is obviously an important piece of legislation. We may or may not have an alternative, but we believe, even if we do not, that this legislation demands 4 or 5 hours of debate so that Members can be heard on it. It is of obvious importance for the country.

Then on Tuesday, obviously, I would hope that the gentleman would go ahead with the Labor-HHS bill and try to bring it to a fairly reasonably speedy conclusion. We have been working with the minority, as the gentleman knows, in trying to figure out how to do that on that bill.

Then the rest of the week could be given over to the telecommunications bill and would give it adequate time to be finished before the end of the week. If the Department of Defense appropriations bill could be figured out, that might also be able to be accomplished.

Mr. ARMEY. Mr. Speaker, I thank the gentleman for his observations. I think the gentleman outlines pretty nearly the way things are expected to go. I think all those suggestions are extremely meritorious. I would project as far as that there would be very little change from the program as the gentleman has outlined.

Mr. GEPHARDT. Obviously, with this much business, I take it we could let Members predict that we would be here into the evening most evenings of next week.

Mr. ARMEY. Mr. Speaker, I want to thank the gentleman for the observation. I think that is a fairly reliable prediction. I can, though, with even more certainty predict that they will be on their leave for their August work recess by 3 on Friday, August 4. That is, or course, the most important objective we have for the week's schedule.

Mr. GEPHARDT. I know how strongly the gentleman feels about that time and that date and how strongly all our colleagues feel about that time and that date. So we can safely predict without any qualification that we are going to leave on that time and that date; is that correct?

Mr. ARMEY. The gentleman is absolutely correct.

Mr. SABO. Mr. Chairman, will the gentleman yield?

Mr. GEPHARDT. I yield to the gentleman from Minnesota.

Mr. SABO. Mr. Speaker, I would just suggest to the two leaders that there is a longtime traditional event on Tuesday evening whose time was cleared with the leadership months ago.

Mr. ARMEY. Mr. Speaker, if the gentleman will continue to yield, what the gentleman refers to is of course something that we on our side look forward to with great anticipation, and we will certainly accommodate the schedule for this important event.

Mr. GEPHARDT. Mr. Speaker, we have got a pressing schedule next week. If the gentleman would like to stipulate that we win the game and you lose, we would be happy to do that. Then we would not even need to play.

Mr. MONTGOMERY. Mr. Chairman, will the gentleman yield?

Mr. GEPHARDT. I yield to the gentleman from Mississippi.

Mr. MONTGOMERY. Mr. Speaker, I would like to pay a compliment to the majority leader, if that would be all right.

Mr. ARMEY. Mr. Speaker, absolutely.

Mr. MONTGOMERY. Mr. Speaker, I thank the gentleman very much for giving us the opportunity yesterday to go the Korean Memorial dedication. It worked out very well.

Then I would like to also comment, I hope the gentleman would consider from 9 to 9 that we have been talking about for a number of weeks now. I think it has a lot of merit, instead of coming in at 10, coming in at 9 and getting out at 9. We did set time limits for this past week and it worked pretty

well. So I hope the majority leader would consider this proposal.

Mr. ARMEY. Mr. Speaker, if the gentleman will continue to yield, I want to thank the gentleman from Mississippi for his suggestion. I want to also agree. The gentleman from Mississippi has observed that time limits and debate, the flow of things did work well last week. But in all due respect, the credit for that goes to the floor managers that we have had working on the bills and the cooperation they have gotten from the membership, and with that kind of spirit of cooperation I think our floor managers will have a similar success next week.

Mr. FAZIO of California. Mr. Chairman, will the gentleman yield?

Mr. GEPHARDT. I yield to the gentleman from California.

Mr. FAZIO of California. Mr. Speaker, I see sitting next to the majority leader the gentleman from California, Chairman PACKARD. I assume he is about to file the legislative branch conference report. Could the gentleman tell us whether he expects that to come before us next week and when that might be?

Mr. ARMEY. Mr. Speaker, yes, we would try to find a way to put that on the floor and see if we can move it along next week.

Mr. FAZIO of California. Does the gentleman think it might be Wednesday, Thursday, before it would come to the floor? I am seeking a little information about timing.

Mr. ARMEY. Mr. Speaker, I would hope maybe Wednesday.

Mr. FAZIO of California. I thank the gentleman.

Mr. GEPHARDT. I thank the gentleman.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE ON CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 1854) making appropriations for the Legislative Branch for the fiscal year ending September 30, 1996, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

TITLE I—CONGRESSIONAL OPERATIONS SENATE

Amendment No. 1: Appropriates \$426,919,000 for the operations of the Senate, rescinds \$63,544,724.12 of previously appropriated Senate funds, and contains several administrative provisions. At the request of the managers on the part of the Senate, the conferees agreed to amend the Senate amendment. Inasmuch as the amendment relates solely to the Senate and in accord with long practice under which each body concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the Senate amendment, as amended.

JOINT ITEMS

JOINT COMMITTEE ON PRINTING

Amendment No. 2: Appropriates \$750,000 for the Joint Committee on Printing instead of \$750,000 equally divided between the House and Senate authorizing committees as proposed by the House and \$1,164,000 as proposed by the Senate.

JOINT COMMITTEE ON TAXATION

Amendment No. 3: Appropriates \$5,116,000 as proposed by the Senate instead of \$8,019,000 as proposed by the House.

CAPITOL POLICE BOARD

CAPITOL POLICE

SALARIES

Amendment No. 4: Appropriates \$70,132,000 for the salaries and related personnel expenses of the Capitol Police as proposed by the House instead of \$69,825,000 as proposed by the Senate.

Amendment No. 5: Provides \$34,213,000 to the Sergeant at Arms of the House of Representatives, to be disbursed by the Clerk of the House, as proposed by the House instead of \$33,906,000 as proposed by the Senate.

GENERAL EXPENSES

Amendment No. 6: Appropriates \$2,560,000 for general expenses of the Capitol Police as proposed by the House instead of \$2,190,000 as proposed by the Senate.

CAPITOL GUIDE SERVICE AND SPECIAL SERVICES OFFICE

Amendment No. 7: Appropriates \$1,991,000 for the combined activities of the Capitol

Guide Service and the Special Services Office as proposed by the House instead of \$1,628,000 for the Capitol Guide Service and \$363,000 for the Special Services Office as proposed by the Senate. The conferees direct that future year budget requests of the combined operation maintain a distinction between these separate services. The conferees also acknowledge the importance of the services provided to Members, staff, and public visitors by the Special Services Office and the dedication of the small, but highly proficient and motivated staff. This will continue the independent status of the Office.

Amendment No. 8: Restores language proposed by the House and stricken by the Senate amended to reconstitute the membership of the Special Services Board with the same membership as the Capitol Guide Board.

OFFICE OF COMPLIANCE

Amendment No. 9: Appropriates \$2,500,000, of which \$500,000 shall be transferred from funds in the Act appropriated for an Office of Compliance within the House of Representatives, for the Office of Compliance, a joint House-Senate activity authorized by the Congressional Accountability Act, instead of \$2,500,000 as proposed by the Senate. The funds remaining in the House bill may be re-directed for salaries and expenses of the Office of Fair Employment Practices.

OFFICE OF TECHNOLOGY ASSESSMENT

SALARIES AND EXPENSES

Amendment No. 10: Appropriates \$3,615,000, a reappropriation of \$2,500,000, and 60 days of severance pay for the close-out costs of the Office of Technology Assessment as proposed by the Senate. The conferees agreed to a clarifying amendment to the severance pay provision inserted by the Senate. This section provides a severance package for employees whose federal service is terminated as a result of the elimination of the OTA. Although the employee's service with the federal government will have been terminated, the period for which an employee receives payment under this section will be considered as creditable service for all purposes, including determining retirement benefits, accrual of annual and sick leave, entitlement to health benefits, etc. The conferees also have amended the Senate provision regarding records and property disposal to provide that such items shall be under the administrative control of the Architect of the Capitol. Not later than December 31, 1995, the Architect of the Capitol shall propose a transfer of these items. Such transfer shall be made to legislative branch support agencies, subject to the approval of House and Senate Appropriations Committees.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Amendment No. 11: Appropriates \$24,288,000 for salaries and expenses of the Congressional Budget Office instead of \$23,188,000 as proposed by the House and \$25,788,000 as proposed by the Senate. The conferees direct that the CBO comply with the requirements of the unfunded mandates workload out of the funds provided. If necessary, program analysis priorities should be adjusted to accommodate this directive.

Amendment No. 12: Limits full-time equivalent positions to 232 instead of 219 as proposed by the House and 244 as proposed by the Senate.

Amendment No. 13: Deletes \$1,100,000 appropriated in the House bill for the unfunded mandates workload as proposed by the Senate. Funds are provided for this workload in amendment 11.

Amendment No. 14: Changes a section number.

ARCHITECT OF THE CAPITOL

OFFICE OF THE ARCHITECT OF THE CAPITOL

SALARIES

Amendment No. 15: Appropriates \$8,569,000 for the salaries of the Office of the Architect of the Capitol as proposed by the House instead of \$8,876,000 as proposed by the Senate.

CAPITOL BUILDINGS AND GROUNDS

CAPITOL BUILDINGS

Amendment No. 16: Appropriates \$22,882,000 for Capitol buildings instead of \$22,832,000 as proposed by the House and \$23,132,000 as proposed by the Senate. These funds include the items in the Senate bill less \$250,000 for security related functions which are not provided.

Amendment No. 17: Makes \$2,950,000 available until expended for Capitol buildings as proposed by the Senate instead of \$3,000,000 as proposed by the House.

Amendment No. 18: Provides that expenses, based on full cost recovery, of the flag office shall be advanced or reimbursed and amounts so received shall be deposited into the Treasury instead of crediting these amounts to this appropriation as proposed by the Senate. The conferees direct that the Architect of the Capitol propose a reprogramming that will provide the funds necessary to operate the flag office. The conferees also direct that the Architect make a proposal in the fiscal year 1997 budget request that would transfer these activities in whole or in part to a private entity, while retaining the practice of a Congressional officer who will 'certify' the special status of the flag.

SENATE OFFICE BUILDINGS

Amendment No. 19: Appropriates \$41,757,000 for Senate office buildings, of which \$4,850,000 shall remain available until expended, as proposed by the Senate. Inasmuch as the amendment relates solely to the Senate and in accord with long practice under which each body concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the Senate amendment.

CAPITOL POWER PLANT

Amendment No. 20: Appropriates \$31,518,000 for the Capitol Power Plant as proposed by the Senate instead of \$32,578,000 as proposed by the House.

LIBRARY OF CONGRESS

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

Amendment No. 21: Appropriates \$60,084,000 for salaries and expenses of the Congressional Research Service as proposed by the Senate instead of \$75,083,000 as proposed by the House.

GOVERNMENT PRINTING OFFICE

CONGRESSIONAL PRINTING AND BINDING

Amendment No. 22: Appropriates \$83,770,000 for Congressional printing and binding instead of \$88,281,000 as proposed by the House and \$85,500,00 as proposed by the Senate. The conferees have agreed to a partial restoration above the House allowance of \$1,706,000 in funds for the printing of documents for Congressional use, \$1,415,000 for GPO detailees, and \$1,050,000 for paper copies of the serial set, as well as the base cut of \$2,882,000 made in the Senate allowance. The conferees have deleted \$5,800,000 provided by the House to reimburse the Superintendent of Documents for Congressional documents printed for distribution to depository libraries. Instead, these funds have been provided in the Superintendent of Documents appropriation, conforming with current practice. The conferees direct the Public Printer, in

consultation with the Joint Committee on Printing, to administer these funds and find further opportunities to reduce unnecessary Congressional printing.

Amendment No. 23: Deletes language proposed by the House and stricken by the Senate that would have included Senators in the funding limitation on paper copies of the permanent edition of the Congressional Record.

TITLE II—OTHER AGENCIES

BOTANIC GARDEN

CONSERVATORY RENOVATION

Amendment No. 24: Deletes \$7,000,000 provided without fiscal year limitation together with a limitation of cost provided by the House and stricken by the Senate for the renovation of the Botanic Garden Conservatory.

LIBRARY OF CONGRESS

Amendment No. 25: Appropriates \$211,664,000 for salaries and expenses, Library of Congress, instead of \$193,911,000 as proposed by the House and \$213,164,000 as proposed by the Senate. The conferees have restored \$17,753,000 above the House allowance, including funding for the American Folklife Center. These funds include \$3,000,000 for the National Digital Library project.

ADMINISTRATIVE PROVISIONS

Amendment No. 26: Provides an obligational authority ceiling for reimbursable and revolving fund activities at the Library of Congress \$99,412,000 as proposed by the Senate instead of \$86,912,000 as proposed by the House.

Amendment No. 27: Provides \$6,812,000 for non-expenditure transfer activities in support of parliamentary development instead of \$5,667,000 as proposed by the House and \$7,295,000 as proposed by the Senate. The additional funds are provided for activities in support of parliamentary development in Albania and Slovakia.

Amendment No. 28: Deletes language inserted by the Senate limiting funding for parliamentary development to activities funded by the Agency for International Development.

Amendment No. 29: Deletes language inserted by the Senate which adds Egypt to the country list included in the program in support of parliamentary development.

Amendment No. 30: Deletes a provision inserted by the House and stricken by the Senate that amends section 206 of the Legislative Branch Appropriations Act, 1994, that limits obligations for gift and trust funds in excess of \$100,000 to the amounts provided in annual or supplemental appropriations Acts beginning with fiscal year 1997. The conferees believe that Congress must retain oversight over gift and trust fund obligations and their impact on Library of Congress programs. These funds are becoming significant supplements to core programs of the Library of Congress and are being used to fund, along with appropriated funds, projects such as the National Digital Library.

To ensure Congressional oversight of gift and trust fund activities, the Committee directs the Library to include a new informational section in their budget submission documents which represents a combined justification for those appropriation-funded projects which are augmented by major gift and trust fund activities. These justifications should be similar to those of the Cataloging Distribution Service and the Copyright Office which are funded by appropriation and revenue receipts and should include an estimate of resources and full-time-equivalents necessary to accomplish the project. Furthermore, the Library is directed

to notify the Appropriations Committees of any major new gift and trust fund activities not included in the annual budget justification or major changes to existing gift and trust fund programs. A major gift or trust fund activity is defined as any single account of \$100,000 or more. A threshold of \$100,000 for any single activity will exempt certain funds established for special purposes such as the purchase of a rare manuscript, sponsorship of an exhibit, or other instances where the traditional gift and trust fund accountability is suitable. The conferees believe that full disclosure of project plans, resource commitments, and long term cost implications, regardless of funding source, will mitigate the need for a legislative limitation in appropriations acts. If this method proves unwieldy or otherwise insufficient, an appropriations limitation will still be available to the Congress. In any case, the intent is not to redirect the use of donated funds to other purposes, but to ensure that core Library of Congress project activities are consistent with public policy and that the Congress retains the means to carry out its responsibility to oversee the activities of this most important program.

Amendment No. 31: Deletes a Senate provision authorizing the Library to offer retirement incentives to employees throughout fiscal year 1996.

Amendment No. 32: Changes a section number and authorizes the Library of Congress to develop a plan, subject to approval, for the creation of a single legislative information retrieval system to serve the entire Congress, to examine issues regarding efficient ways to make this information available to the public, and to develop such a system, subject to play approval. The conference agreement amends the Senate provision to condition the development of the system based on appropriate approvals, and to include the Committees on Appropriations in the plan approval procedure. The conferees wish to point out that there are commercial sources of comparable systems and data bases, as well as several data bases and data creation, processing, and distribution systems extant in the legislative branch that should be evaluated in the issue analysis and plan development phases.

GOVERNMENT PRINTING OFFICE

OFFICE OF SUPERINTENDENT OF DOCUMENTS

SALARIES AND EXPENSES

Amendment No. 33: Appropriates \$30,307,000 for salaries and expenses, Superintendent of Documents, as proposed by the Senate instead of \$16,312,000 as proposed by the House.

Amendment No. 34: Deletes a House provision stricken by the Senate which would have amended section 1903 of Title 44, and inserts a provision directing the Public Printer to include in the fiscal year 1997 budget submission a proposal for the depository library program that will result in conversion of this program to electronic format. The Public Printer is directed to propose a means to create cost incentives for publishing agencies, including the Congress, to migrate from print-on paper products to electronic format. The conferees direct that the Public Printer and Superintendent of Documents consult with the Joint Committee on Printing, House and Senate document publishing managers, and appropriate executive branch officials in the development of the fiscal year 1997 budget program. The conferees also do not intend that the study directed in the Senate report or the plan regarding electronic format should interfere with the activities of the authorizing committees to consider legislation amending title 44, U.S. Code, or any legislative initiative which will improve the Federal printing program.

GOVERNMENT PRINTING OFFICE REVOLVING FUND

Amendment No. 35: Limits the full-time equivalent employment at the Government Printing Office to 3,800 by the end of the fiscal year instead of 3,550 as proposed by the House and 3,900 by the end of the fiscal year as proposed by the Senate.

GENERAL ACCOUNTING OFFICE SALARIES AND EXPENSES

Amendment No. 36: Appropriates \$374,406,000 for salaries and expenses. General Accounting Office as proposed by the Senate instead of \$392,864,000 as proposed by the House. The conferees direct that the General Accounting Office downsizing plan made necessary by the level of funding provided incorporate privatization of administrative activities to the maximum extent and utilize the services of private accounting firms, and other private sector experts in carrying out audit, financial analysis, and program evaluation activities. The conferees direct that the fiscal year 1997 budget proposal contain a separate section which documents this policy, together with comparisons to current practices.

Amendment No. 37: Deletes a provision inserted by the Senate providing an advance appropriation for fiscal year 1997 of \$338,425,400, and \$6,100,000 of reimbursement received. The conferees agree that the intent is to achieve a 25% reduction over the two year period of fiscal years 1996 and 1997.

The authority is contained in H.R. 1944, the fiscal year 1995 emergency supplemental and rescissions Act.

Amendment No. 44: restores a section number.

Amendment No. 45: Adds a subsection inserted by the Senate regarding the Administrative Conference of the United States. The conference agreement complies with the intent of the Congressional Accountability Act to study the application of certain laws to the General Accounting Office, Library of Congress, and the Government Printing Office. In the event the Administrative Conference is not funded, the conference agreement provides that the study will be undertaken by the Office of Compliance.

Amendment No. 46: Deletes a provision proposed by the House and stricken by the Senate that would have authorized the Provost Marshall at Ft. Meade to police the 100 acre parcel assigned to the Legislative Branch.

Amendment No. 47: Deletes a provision proposed by the House and stricken by the Senate that would have transferred the Botanic Garden to the Secretary of Agriculture.

Amendment No. 48: Changes a section number.

The conferees direct that the Architect of the Capitol, the Librarian of Congress, the Public Printer, and the Comptroller General include in their fiscal year 1997 budget submissions proposals to achieve reductions in facility energy costs. The conferees are aware that the Architect of the Capitol has an extensive energy retrofit program in effect, which has been fully coordinated with the Congress and the Committees on Appropriations. Those savings may be included within the required proposal.
