## AMENDMENTS SUBMITTED

## THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1996

## KYL (AND INHOFE) AMENDMENT NO. 2077

Mr. KYL (for himself and Mr. INHOFE) proposed an amendment to the bill (S.

1026) to authorize appropriations for fiscal year 1996 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Forces, and for other purposes; as follows:

On page 371, below line 21, add the following:

**SEC. 1062. SENSE OF SENATE ON PROTECTION OF UNITED STATES FROM BALLISTIC MISSILE ATTACK.**

(a) FINDINGS.—The Senate makes the following findings:

(1) The proliferation of weapons of mass destruction and ballistic missiles presents a threat to the entire World.

(2) This threat was recognized by Secretary of Defense William J. Perry in February 1995 in the Annual Report to the President and the Congress which states that "[beyond the five declared nuclear weapons states, at least 20 other nations have acquired or are attempting to acquire weapons of mass destruction—nuclear, biological, or chemical weapons—and the means to deliver them. In fact, in most areas where United States forces could potentially be engaged on a large scale, many of the most likely adversaries already possess chemical and biological weapons. Moreover, some of these same states appear determined to acquire nuclear weapons.".

(3) At a summit in Moscow in May 1995, President Clinton and President Yeltsin commented on this threat in a Joint Statement which recognizes ". . . the threat posed by worldwide proliferation of missiles and missile technology and the necessity of counteracting this threat . . .".

(4) At least 25 countries may be developing weapons of mass destruction and the delivery systems for such weapons.

(5) At least 24 countries have chemical weapons programs in various stages of research and development.

(6) Approximately 10 countries are believed to have biological weapons programs in various stages of development.

(7) At least 10 countries are reportedly interested in the development of nuclear weapons.

(8) Several countries recognize that weapons of mass destruction and missiles increase their ability to deter, coerce, or otherwise threaten the United States. Saddam Hussein recognized this when he stated, on May 8, 1990, that "[o]ur missiles cannot reach Washington. If they could reach Washington, we would strike it if the need arose.".

(9) International regimes like the Non-Proliferation Treaty, the Biological Weapons Convention, and the Missile Technology Control Regime, while effective, cannot by themselves halt the spread of weapons and technology. On January 10, 1995, Director of Central Intelligence, James Woolsey, said with regard to Russia that ". . . we are particularly concerned with the safety of nuclear, chemical, and biological materials as well as highly enriched uranium or plutonium, although I want to stress that this is global problem. For example, highly enriched uranium was recently stolen from South Africa, and last month Czech authorities recovered three kilograms of 87.8 percent-enriched HEU in the Czech Republic—the largest seizure of near-weapons grade material to date outside the Former Soviet Union.".

(10) The possession of weapons of mass destruction and missiles by developing countries threatens our friends, allies, and forces abroad and will ultimately threaten the United States directly. On August 11, 1994,

Deputy Secretary of Defense John Deutch said that "[i]f the North Koreans field the Taepo Dong 2 missile, Guam, Alaska, and parts of Hawaii would potentially be at risk.".

(11) The end of Cold War has changed the strategic environmental facing and between the United States and Russia. That the Clinton Administration believes the environment to have changed was made clear by Secretary of Defense William J. Perry on September 20, 1994, when he stated that "[w]e now have the opportunity to create a new relationship, based not on MAD, not on Mutual Assured Destruction, but rather on another acronym, MAS, or Mutual Assured Safety.".

(12) The United States and Russia have the opportunity to create a relationship based on trust rather than fear.

(b) SENSE OF SENATE.—It is the sense of the Senate that all Americans should be protected from accidental, intentional, or limited ballistic missile attack.

## NUNN AMENDMENT NO. 2078

Mr. NUNN proposed an amendment to amendment No. 2077 proposed by Mr. KYL to the bill S. 1026, supra; as follows:

On page 5, beginning with "attack," strike out all down through the end of the amendment and insert in lieu thereof the following: "attack. It is the further sense of the Senate that frontline troops of the United States armed forces should be protected from missile attacks.

"(c) FUNDING FOR CORPS SAM AND BOOST-PHASE INTERCEPTOR PROGRAMS.—

"(1) Notwithstanding any other provision in this Act, of the funds authorized to be appropriated by section 201(4), \$35.0 million shall be available for the Corps SAM/MEADS program.

"(2) With a portion of the funds authorized in paragraph (1) for the Corps SAM/MEADS program, the Secretary of Defense shall conduct a study to determine whether a Theater Missile Defense system derived from Patriot technologies could fulfill the Corps SAM/MEADS requirements at a lower estimated life-cycle cost than is estimated for the cost of the U.S. portion of the Corps SAM/MEADS program.

"(3) The Secretary shall provide a report on the study required under paragraph (3) to the congressional defense committees not later than March 1, 1996.

"(4) Of the funds authorized to be appropriated by section 201(4), not more than \$3,403,413,000 shall be available for missile defense programs within the Ballistic Missile Defense Organization.

"(d) Section 234(c)(1) of this Act shall have no force or effect."

## BOXER AMENDMENT NO. 2079

Mrs. BOXER proposed an amendment to the bill S. 1026, supra; as follows:

At the appropriate place, insert the following:

RELEVANT AGENCIES OR DEPARTMENTS.

**SEC. . ETHICS HEARINGS.**

The Select Committee on Ethics of the Senate shall hold hearings in any pending or future case in which the Select Committee (1) has found, after a review of allegations of wrongdoing by a senator, that there is substantial credible evidence which provides substantial cause to conclude that a violation within the jurisdiction of the Select Committee has occurred, and (2) has undertaken an investigation of such allegations. The Select Committee may waive this requirement by an affirmative record vote of a majority of the members of the Committee.
