

consideration the bill (H.R. 2127) making appropriations for the Departments of Labor, Health and Human Services, and Education, and related agencies, for the fiscal year ending September 30, 1996, and for other purposes:

Mr. SERRANO. Mr. Chairman, the outrageous cuts to the Department of Labor and related agencies proposed by the Republican majority are a vicious attack on hardworking Americans.

The proposed cuts to OSHA enforcement, to the Wage and Hour Division, and to NLRB would result in a dangerous shift in the policies which protect working Americans. The prohibition on enforcement of President Clinton's Executive order banning striker replacement is but one example of the egregious and inappropriate legislating occurring on this year's appropriations bills.

From Youth Fair Chance, School-to-Work, and Summer Youth Employment, to the Job Training Partnership Act and Community Service Employment for Older Americans, opportunities for job training and employment are being severely reduced, and in some cases, completely eliminated. The funding cuts to the National Labor Relations Board and the Wage and Hour Division will mute two strong advocates for working people.

These programs are an essential part of providing opportunities for millions of Americans to achieve a decent standard of living. The cuts in this bill would move us farther and farther away from this goal. We cannot, with any conscience, allow these cuts to happen. This bill has devastating consequences for all Americans. I strongly urge defeat of this bill.
