INDIANA PROCLAMATION

HON. LEE H. HAMILTON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 1995

Mr. HAMILTON. Mr. Speaker, the week of October 22 is World Population Awareness Week. The theme of this year's efforts is the promotion of gender equality through the eradication of female illiteracy, full employment opportunities for women, reduction of infant mortality, and universal access to family planning.

Recently, the Governor of Indiana, Evan Bayh, issued a proclamation declaring the week of October 22 as World Population Awareness Week in the State of Indiana. Knowing my colleagues interest in this issue, I include the full text of Governor Bayh's proclamation.

STATE OF INDIANA, PROCLAMATION

TO ALL TO WHOM THESE PRESENTS MAY COME,
GREETING

Whereas, world population is currently 5.7 billion and increases by nearly 100 million people each year, virtually all of whom are born in countries that can least afford to accommodate their current populations; and

Whereas, by the year 2015, three billion people (the equivalent of the entire world population as recently as 1960) are projected to reach their reproductive years; and

Whereas, the environmental and economic impact of this level of growth may prevent inhabitants of poorer countries from improving their quality of life and, at the same time, may negatively affect the standard of living in more affluent regions; and

Whereas, the International Conference on Population and Development held last year in Cairo crafted a 20-year Program of Action, approved by 180 nations including the United States, for achieving a more equitable distribution of the world's population relative to its environment and resources;

Now, Therefore, I, Evan Bayh, Governor of the State of Indiana, do hereby proclaim Oc-

tober 22-29, 1995 as, World Population Awareness Week in the State of Indiana.

In Testimony Whereof, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Indiana at the Capitol in Indianapolis on this 29th day of September, 1995.

HAMPSHIRE CHEMICAL CORPORATION HONORED

HON. KEN BENTSEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 1995

Mr. BENTSEN. Mr. Speaker, I rise to recognize Hampshire Chemical Corp. of Deer Park, TX, which was recently selected by the Deer Park Chamber of Commerce as the Industry of the Year for 1995.

Hampshire Chemical Corp. is an international specialty chemical company with more than 150 employees at its Deer Park plant. This facility opened in 1982 and produces dispersing agents, chelating agents, and glycine. These agents are used in the construction industry, the production of synthetic rubber, and the leather tanning industry. Glycine is utilized in the food and pharmaceutical industries and is used primarily to mask the bitter aftertaste of artificial sweeteners and to add stability to certain essential vitamins.

Hampshire Chemical has long been committed to ensuring the welfare of its employees and the citizens of Deer Park and surrounding areas through the use of safe and environmentally sound work practices in the production of quality goods. More importantly, Hampshire Chemical has maintained an active role in building bridges within the community. As a member of the Deer Park Emergency Planning Committee, the Community Advisory Council, the Houston Corporation Recycle Council, and the Deer Park Rotary, Hampshire Chemical has demonstrated its dedication to improving the quality of life in Deer Park.

Hampshire's participation in the Senior Olympics, Deer Park's parks and recreation summer programs, and area Little League and youth basketball has led to numerous awards, including the Chemical Manufacturers Association Community Outreach Program Award and the Texas Chemical Council Distinguished Service Award.

With all of its previous accolades, I am pleased, but not surprised, that Hampshire Chemical has been selected as the outstanding company in Deer Park for 1995. I hope Hampshire will continue to lead the way in forging partnerships between business and the community in Deer Park and the Houston area, and I wish the company and its employees the best of luck in the future.
