

FAC to remove those vessels from the list.

During the past 6 months, U.S. financial institutions have continued to block funds transfers in which there is a possible interest of the Government of the FRY (S&M) or an entity or undertaking located in or controlled from the FRY (S&M), and to stop prohibited transfers to persons in the FRY (S&M). The value of transfers blocked has amounted to \$137.5 million since the issuance of Executive Order No. 12808, including some \$13.9 million during the past 6 months.

To ensure compliance with the terms of the licenses that have been issued under the program, stringent reporting requirements are imposed. More than 318 submissions have been reviewed by FAC since the last report, and more than 130 compliance cases are currently open.

6. Since the issuance of Executive Order No. 12810, FAC has worked closely with the U.S. Customs Service to ensure both that prohibited imports and exports (including those in which the Government of the FRY (S&M) or Bosnian Serb authorities have an interest) are identified and interdicted, and that permitted imports and exports move to their intended destination without undue delay. Violations and suspected violations of the embargo are being investigated and appropriate enforcement actions are being taken. Numerous investigations carried over from the prior reporting period are continuing. Since the last report, FAC has collected 10 civil penalties totaling more than \$27,000. Of these, five were paid by U.S. financial institutions for violative funds transfers involving the Government of the FRY (S&M), persons in the FRY (S&M), or entities located or organized in or controlled from the FRY (S&M). One U.S. company and one air carrier have also paid penalties related to unlicensed payments to the Government of the FRY (S&M) or other violations of the Regulations. Two companies and one law firm have also remitted penalties for their failure to follow the conditions of FAC licenses.

7. The expenses incurred by the Federal Government in the 6-month period from May 30, 1995, through November 29, 1995, that are directly attributable to the declaration of a national emergency with respect to the FRY (S&M) and the Bosnian Serb forces and authorities are estimated at about \$3.5 million, most of which represent wage and salary costs for Federal personnel. Personnel costs were largely centered in the Department of the Treasury (particularly in FAC and its Chief Counsel's Office, and the U.S. Customs Service), the Department of State, the National Security Council, the U.S. Coast Guard, and the Department of Commerce.

8. The actions and policies of the Government of the FRY (S&M), in its involvement in and support for groups attempting to seize and hold territory

in the Republics of Croatia and Bosnia and Herzegovina by force and violence, and the actions and policies of the Bosnian Serb forces and the authorities in the areas of Bosnia and Herzegovina under their control, continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. The United States remains committed to a multilateral resolution of the conflict through implementation of the United Nations Security Council resolutions.

I shall continue to exercise the powers at my disposal to apply economic sanctions against the FRY (S&M) and the Bosnian Serb forces, civil authorities, and entities, as long as these measures are appropriate, and will continue to report periodically to the Congress on significant developments pursuant to 50 U.S.C. 1703(c).
