The first test of sincerity on the welfare reform bill is whether we will leave this week defying the Republican leadership, Mr. Dole and Mr. GINGRICH, and increase the minimum wage. If we fail to do that, the critics can just say that this welfare reform debate was political hot air.

The Clerk read the title of the bill.

**GENERAL LEAVE**

Mr. PACKARD. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks on the conference report to accompany H.R. 3754 and that they may include tabular and extraneous material.

The Chair recognizes the gentleman from California [Mr. PACKARD].

Mr. PACKARD. Mr. Speaker, I yield myself such time as I may consume.

This is the conference report on the legislative branch appropriations bill. It will cut from the 1996 program level over \$22 million and will keep us on the glidepath to a balanced budget.

**HIGHLIGHTS—H.R. 3754 CONFERENCE REPORT CONTINUING PROGRAM OF OVERALL SAVINGS**  
\$22.3 million below 1996 program level (budget authority); \$48.6 million below in outlays.

Two-year reduction of \$226 million in BA and \$236 million in outlays.

Cut funding for 616 jobs in this bill; two year total of 1643 FTE'S=6.4 percent of legislative workforce.

House budget down by \$45 million and House staff down by 854 FTE's over 96-97 period.

If entire Federal budget were reduced proportionately, Federal budget would show a \$100 billion surplus (based on closed model extrapolation).

**FRANKED MAIL REFORM**

Make permanent law the 90-day before election ban on unsolicited mass mailings.

**MOVING TOWARD CYBERCONGRESS**

\$211 million provided for operations and investments in computers and telecommunications—12.5 percent of entire legislative budget (Senate excluded).

Expanding public access through Internet to public laws, Congressional debate, Congressional schedule, and other legislative matter via THOMAS and GPO ACCESS.

Established a legislative branch-wide information system working group—under

guidance of House Oversight Committee and Senate Rules Committee.

Directed a study of audio broadcasts of House proceedings.

**STREAMLINING**

Completing two-year program to downsize General Accounting Office by 25 percent.

Eliminated funding for jobs not being utilized by several agencies.

Converting permanent edition of bound Congressional Record, a 26 volume document, to CD-ROM: will expedite availability by at least 2 years, enhance the research capabilities of the document, and save over \$1 million annually.

Converting Congressional Serial Set, a 60 volume document to CD-ROM: will expedite availability by several years, enhance its use as a research tool, and save over \$1 million annually.

Clerk of the House will expand capability of House to use electronic formats for legislative documents to reduce printing and distribution costs.

Have deferred to authorizing Committees the Public Printer's plan to convert Federal Depository Program to electronic format.

**INCREASING USE OF PRIVATE SECTOR**

Outsourcing custodial work at Ford House Office Building; directed Architect to transfer affected staff to comparable jobs at comparable pay.

Conducting studies of other outsourcing possibilities at Power Plant, care and maintenance of other Congressional buildings.

Continue public-private sector collaboration on National Digital Library.

Public Printer to determine potential for privatizing GPO plant workload.

Looking for alternatives for operating the Botanic Garden.

**CONFERENCE REPORT COMPARED TO HOUSE BILL**

Added \$1.1 million for the Capitol Police.

Added \$244,000 for CBO.

Added \$1 million for the Library of Congress to pay for a Management study.

Added \$750,000 for a new backup power supply for the Library's computers.

\$250,000 reduction for the Joint Economic Committee; conferees believe the need for this joint committee should be reviewed with the idea that it will be phased out in the future. In the meantime, funding continues at a reduced level.

General Provisions; the bill contains a provision that will bring greater standardization to legislative information processes.

The Capitol Police will be able to elect to use comp time in lieu of paid overtime.

There is a provision that will remove copyright prohibitions from reproduction and distribution of braille and other special materials for the blind and other readers with disabilities.

**COMPARED TO 602(B)'S**

\$15 million below Budget Authority target.  
\$17 million below Outlay target.

**CONFERENCE AGREEMENT COMPARED TO ITEMS IN ORIGINAL HOUSE BILL**

The House bill sent to the Senate was \$37.4 million below 1996 in BA and \$52.5 million below in outlays.

GENERAL LEAVE

Mr. SKEEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks on the conference report to accompany H.R. 3603, and that they may include tabular and extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Mexico?

There was no objection.

Mr. SKEEN. Mr. Speaker, I yield myself such time as I may consume.

I will be brief and ask that my formal remarks be inserted in the RECORD. This conference report is almost the same as the bill that passed the House on June 12.

Mr. Speaker, this conference agreement has programs that benefit every one of our constituents and their lives every day no matter where they live or what they do. I respectfully ask that we get an "aye" vote on the conference agreement on H.R. 3603.

Mr. Speaker, I am pleased to present to you today the conference agreement for H.R. 3603, a bill making appropriations for Agriculture, Rural Development, Food and Drug Administration, and related agencies programs for fiscal year 1997.

This is a solid bipartisan bill which advances both the goals of budget reduction and the support of a large number of programs important to the health and safety of the American people.

Going into conference with the Senate, our bills were \$316 million apart in discretionary spending, with the House having the lower mark. The leadership of both committees split the difference, giving the House an additional \$158 million.

This conference agreement is essentially the same as the bill that passed the House on June 12. The additional money added in the conference has gone almost entirely for rural development, research and education programs all of which have high priority and long-term benefits.

I want to emphasize, Mr. Speaker, that this agreement is right on our required spending targets. Discretionary spending is at \$12.96 billion which is \$350 million less than fiscal year 1996. Mandatory spending is at \$39.9 billion which is \$9.9 billion less than the current year. Total spending in the bill is \$52.8 billion

which is \$10.2 billion less than the current year and \$5.6 billion below the administration request.

Mr. Speaker and Members of the House, this agreement supports programs which benefit every one of your constituents every day, no matter if they live in rural America, the suburbs or in our great cities.

It supports the food stamp program, the Women, Infants and Children feeding program, school lunch, school breakfast, elderly feeding programs, and other essential services.

Our rural development funding brings clean water, affordable housing, jobs, and economic growth to rural America.

Our research programs support the finest and most efficient agricultural system in the world. This system not only delivers an abundance of food to the American consumer but this year it creates a more than \$30 billion trade surplus in agricultural products, meaning jobs in the food processing, transportation and service industries in every State.

This conference report also supports the Food and Drug Administration and the food safety and inspection service which protect our supply of food, medicines and medical devices. I want to point out, Mr. Chairman, that this agreement fully funds the food safety and inspection service as it launches the most comprehensive change ever in our Federal meat and poultry inspection system.

Mr. Speaker, I do want to point out one matter than I know is of concern to a number of Members and that is the formula grants to 1890's colleges and Tuskegee University. For the fiscal year 1997, cuts were made in extension grants using an across-the-board formula with last year's grants as a base. There was an error in the calculation of the grant formula for 1890's colleges and Tuskegee University. I have discussed this with representatives of these institutions and I want to assure them and my colleagues that I will work to correct this error at the first opportunity.

Finally, Mr. Speaker, I mentioned at the start that this is a bipartisan effort and I want to point out that the distinguished ranking member of the subcommittee, Mr. DURBIN, successfully added a package of reforms to the rural housing programs which have been needed for quite some time. These reforms are not only good for rural Americans in need of housing but they are good for the taxpayer as well.

Mr. Speaker, I thank you and your colleagues for the opportunity to appear before you here today. I believe this will be the first domestic conference report to clear the Congress. On behalf of the Agriculture Appropriations Subcommittee, I respectfully ask for the support of all my colleagues in the House. Vote "yes" on the conference report for H.R. 3603.
