DISCHARGING THE COMMITTEE ON THE JUDICIARY FROM FURTHER CONSIDERATION OF THE PRESIDENT'S VETO OF H.R. 1833, PARTIAL-BIRTH ABORTION BAN ACT OF 1995

Mr. CANADY of Florida. Mr. Speaker, I offer a privileged motion.

The SPEAKER pro tempore (Mr. LAHOOD). The clerk will report the motion.

The clerk read as follows:

Mr. CANADY of Florida moves to discharge the Committee on the Judiciary from the further consideration of the President's veto of the bill, H.R. 1833.

The SPEAKER pro tempore. The gentleman from Florida [Mr. CANADY] is recognized for 1 hour.

□ 1100

Mr. CANADY of Florida. Mr. Speaker, I yield the customary 30 minutes to the gentlewoman from Colorado [Mrs. SCHROEDER], pending which I yield myself such time as I may consume.

(Mr. CANADY of Florida asked and was given permission to revise and extend his remarks.)

Mr. CANADY of Florida. Mr. Speaker, on April 15 this year President Bill Clinton vetoed H.R. 1833, the Partial Birth Abortion Ban Act.

As a result, the President is the one person standing in the way of Congress saving thousands of children from being partially delivered and then killed with an abortion procedure that has shocked the conscience of the American people.

The drawings here describe the procedure called partial-birth abortion. These drawings describe this horrible procedure step by step. Mr. Speaker, in the partial-birth abortion procedure, the physician or the abortionist begins in this way. Guided by ultrasound, he grabs the live baby's leg with forceps. Then the abortionist pulls the baby's leg out into the birth canal. The abortionist delivers the living baby's entire body except for the head, which is deliberately kept lodged just within the uterus, as is depicted in this drawing.

Then the abortionist jams scissors into the baby's skull. The scissors are opened to enlarge the hole. This is the step in this procedure which kills a living human child.

Next, in completing this horrible procedure, the abortionist removes the scissors and inserts a suction catheter into the baby's skull. The child's brains are removed, causing the skull to collapse, and the delivery of a dead child is completed. This tells the truth about partial-birth abortion. This is the truth that the proponents of partial-birth abortion have tried to conceal from the very day that the debate over this bill began. These are the drawings that the supporters of partial-birth abortion tried to censor and tried to prevent this House from even seeing and tried to prevent the American people from even seeing, but this is the truth that cannot be concealed.

After the President vetoed this bill, which was passed with strong bipartisan support here in this House and in
