SENATE RESOLUTION 257—EX-PRESSING THE SENSE OF THE SENATE THAT OCTOBER 15, 1998, SHOULD BE DESIGNATED AS "NATIONAL INHALANT ABUSE AWARENESS DAY"

Mr. MURKOWSKI (for himself, Mr. LOTT, Mr. DASCHLE, Mr. D'AMATO, Mr. HELMS, Mr. GRASSLEY, Mr. HATCH, Mr. BIDEN, Mr. CLELAND, Mr. DURBIN, Mr. TORRICELLI, Mrs. FEINSTEIN, and Mr. INOUE) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 257

Whereas inhalant abuse is nearing epidemic proportions with over 20 percent of all students admitting to experimenting with inhalants by the time they graduate from high school and only 4 percent of parents suspecting their children of inhalant use;

Whereas according to the National Institute on Drug Abuse, inhalant use ranks third behind use of alcohol and tobacco for all youths through the eighth grade;

Whereas the over 1,000 products that are being inhaled to get high are legal, inexpensive, and found in nearly every home and every corner market;

Whereas using inhalants even once can lead to kidney failure, brain damage, and even death;

Whereas inhalants are considered a gateway drug, one that leads to the use of harder, more deadly drugs; and

Whereas because inhalant use is difficult to detect, the products used are accessible and affordable, and abuse is so common, increased education of young people and their parents regarding the dangers of inhalants is an important step in our battle against drug abuse: Now, therefore, be it

*Resolved*, That—

(1) it is the sense of the Senate that October 15, 1998, should be designated as "National Inhalant Abuse Awareness Day", to be observed with appropriate activities; and

(2) the Senate requests that the President issue a proclamation designating October 15, 1998, as "National Inhalant Abuse Awareness Day".

• Mr. MURKOWSKI. Mr. President, today with 12 of my colleagues, including our distinguished Majority and Minority Leaders, I submit an important resolution that affects the health and safety of all of our children. My resolution would designate October 15th, 1998 as National Inhalant Abuse Awareness Day.

What is inhalant abuse? Many of you may know it as "sniffing" addiction. At alarmingly high rates, today's young people are using common household products to get high. In my state of Alaska alone, 22% of the high school and 19% of middle school students admit to experimenting with inhalants. 21% of students nationally will have tried inhalants by the time they graduate from high school.

Inhalant abusers often start in elementary school, as young as 7 years old. In Alaska, there is even a report of a three year old using inhalants, having probably been taught to do so from an older sibling. Inhalant abusers are both male and female and cut across all socio-economic backgrounds. It is a national epidemic which affects all of our communities.
