

in together. Unfortunately, Mr. President, New York has one of the highest incidence rates of breast cancer in the country.

Breast cancer is the most common form of cancer in women with over 2.6 million living with it presently in the United States. The Women's Motorcyclist Foundation has taken an active role in trying to solve this problem by sponsoring a nation wide tour across 44 states and fifty major metropolitan areas in an event known as the Pony Express Tour.

The women cyclists began as a group to inspire other women to take up the avocation of and interest in the motorcycling industry. As the organization grew, the foundation decided to enlarge its perspective by voting in 1992 to use its collective passion for motorcycling as a vehicle to raise money for breast cancer research. It was further decided that the Susan G. Komen Breast Cancer Foundation would be the main recipient of the Foundation's efforts. The Komen Foundation is the largest private organization in the world whose sole aim is eradicating breast cancer.

The Women's Motorcyclist Foundation is comprised of a large number of national, international and independent clubs and associations. Each organization provides the particular activities, values, character and personality that works for its particular membership. Having always been a non-profit organization, it has recently evolved into a tax-exempt charitable organization. The Women's Motorcyclist Foundation is presently articulating its Mission Statement through activities to raise money for the Komen Foundation.

During the summer of 1993, the Foundation participated in the Women's Arctic Tour and raised \$25,000 for the Komen Breast Cancer Foundation. Then, in 1996, these women raised 12 times that amount when they rode across the nation in the Pony Express Tour. The Pony Express Tour '98 has set a goal of \$500,000 for the 500,000 lives that will be lost to this deadly disease in just this decade. The Women's Motorcyclist Foundation has also been recognized with two national awards. The American Motorcyclist Association and the Susan G. Komen Breast Cancer Foundation both honored them for their positive contributions and dedication to a cure.

The Women's Motorcyclist Foundation is to be commended for their dedication and desire to find a cure for this deadly disease. It is through their concentrated efforts that they provide both the money and awareness to American women in the fight against breast cancer. I am extremely proud of The Women's Motorcyclist Foundation's commitment and I encourage other organizations and associations throughout the country to search for innovative ways of not only providing funds for breast cancer research, but information and awareness to women

of all ages so that we may be able to detect this cancer in its earliest stages.
