

a slogan for JERRY SOLOMON. It was his attitude towards his fellow Marines, his fellow veterans, his family, his friends, his district, his country, and this House.

We are coming to the end of an era, and this House just won't be the same without him.

Well done, JERRY. There's life after Congress. May yours be full and rewarding.

POW/MIA RECOGNITION DAY

HON. JIM GIBBONS

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 7, 1998

Mr. GIBBONS. Mr. Speaker, I insert for the RECORD a proclamation designating September 18, 1998 as POW/MIA Recognition Day in the State of Nevada. The full accounting of all of our servicemen and women abroad must remain of paramount importance to the Nation.

Whereas, today there are 2,118 Americans still missing and unaccounted for from Southeast Asia, including 3 from the State of Nevada, and their families, friends and fellow veterans still endure uncertainty concerning their fate; and

Whereas, we as Americans believe that freedom is precious because it has been won and preserved for all at a very great cost; and

Whereas, few Americans can more fully appreciate the value of liberty and self-government than those Americans who were interned in enemy prison camps as POWs and those who remain missing in action; and

Whereas, the courage, commitment and devotion to duty demonstrated by those servicemen and women who risked their lives for our sake has moved the hearts of all Nevadans; and

Whereas, their dignity, faith and valor reminds us of the allegiance we owe to our nation and its defenders as well as the compassion we owe to those families of the MIAs who daily demonstrate heroic courage and fortitude in the face of uncertainty; now, therefore, I, Bob Miller, Governor of the State of Nevada, do hereby proclaim September 19, 1997, as POW/MIA Recognition Day.

RECOGNIZING THE 75TH BIRTHDAY OF MR. SANFORD GILBERT KAHN

HON. JOHN EDWARD PORTER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 7, 1998

Mr. PORTER. Mr. Speaker, I rise today to honor a special man and one of my constituents on his 75th birthday: Sanford Gilbert Kahn. Mr. Kahn is a veteran of World War II and is truly one of the unsung heroes of that conflict. A 20th Air Force bombardier and weatherman, Mr. Kahn flew thirteen successful missions and was awarded with two medals. Those sorties played an important role in bringing the war to an end. At a time when the movie "Saving Private Ryan" reminds us of the sacrifices of WWII veterans, it is most appropriate to recognize the real-life bravery of men like Sanford Kahn.

I would like to join Sanford Kahn's family and friends in celebrating his 75th birthday and in sending my best wishes for his continuing health and happiness.

PITTSTON KNIGHTS HAILED

HON. PAUL E. KANJORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 7, 1998

Mr. KANJORSKI. Mr. Speaker, I rise today to pay tribute to the President John F. Kennedy Council 372 of the Knights of Columbus in Pittston, Pennsylvania on the momentous occasion of their 100th anniversary. I am pleased and proud to have been asked to participate in this historic event.

The early years of the Council are not well documented, but it is known that the Council made its home for many years on William Street in Pittston. Activities of the Council were curtailed during World War II due to the low membership as the members went off to war. Around 1947, the Council became more active under the leadership of the newly-elected Grand Knight, John Moran. The Home Association and Fourth Degree Assembly became active in 1948 and membership in the Council expanded to 400. When membership reached 600 in 1955, the members purchased a building, giving the Council its first real home.

The Council's 65th anniversary was noted with a parade; the following year, the Council's name was changed to honor the recently-assassinated John F. Kennedy. An oil portrait of Council's new namesake still hangs on the main floor of the Council's building.

The Knights of Columbus in Pittston have been integral in the social and civic life in the area through the years. It maintains a choir and honor guard and sponsors a Little League baseball team and many other youth-oriented activities. By 1988, official membership in the Council reached 844.

Mr. Speaker, I send my very best wishes to the dedicated community members who donate their time and energy to the Knights of Columbus activities in the Pittston area. Northeastern Pennsylvania is blessed with a commitment to community service and the long history of the Knights of Columbus. Council 372 is a great example of that proud tradition and heritage.

TRIBUTE TO THE HONORABLE JOSEPH M. MCDADE, MEMBER OF CONGRESS

SPEECH OF

HON. JOHN JOSEPH MOAKLEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 1998

Mr. MOAKLEY. Mr. Speaker, I rise today to pay tribute to my colleague, JOE MCDADE.

JOE MCDADE arrived here 10 years before I did. As he retires this year, the entire country will be the worse for the loss of his service.

In their wisdom, the people of the 10th district of Pennsylvania first elected JOE MCDADE to Congress in 1963 and every other year thereafter. After 35 years, JOE will be leaving the 10th district with a proud legacy of accomplishment and service for which he, and his staff, should be very proud.

JOE MCDADE is currently the longest serving Republican on the Appropriations Committee and among the longest serving Representa-

tives in Pennsylvania's history. Since 1965, he has been on the House Appropriations Committee. But, JOE's service merits distinction for its quality as well as its longevity.

When JOE served on the Appropriations Subcommittee for Housing and Urban Development, he created the Rural Housing Guaranteed Loan Program to help people in rural areas buy homes. It was passed into law in 1990 and has grown to become one of the most important ways our government helps rural Americans buy homes. It was passed into law in 1990 and has grown to become one of the most important ways our government helps rural Americans buy homes. This year, JOE MCDADE's law will help more than 50,000 low and moderate income Americans buy homes.

When JOE was the ranking member of the Small Business Committee from 1978 to 1991, he created a small business development center and an applied technology center at the University of Scranton to provide training and technical assistance to small business owners.

JOE has been a distinguished, hard working, kind member of the Appropriations Committee and a Member deserving of the title Cardinal. He has been easy to approach and willing to listen to just about any requests for funding. During his 35 years in Congress, JOE certainly left his mark.

Whoever is elected in his seat will have a very hard time filling his shoes. The 10th congressional district of Pennsylvania is lucky to have had him as its representative and we are lucky to have had him as our colleague.

Mr. Speaker, it has been a great honor serving with JOE MCDADE and I join the entire Congress in wishing him well in his retirement.

INTRODUCTION OF RESOLUTION IN RECOGNITION OF THE NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

HON. ANNE M. NORTHUP

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 7, 1998

Mrs. NORTHUP. Mr. Speaker, I am pleased to submit a House Concurrent Resolution recognizing and honoring the 50th anniversary of the National Institute of Allergy and Infectious Diseases. An identical resolution is being introduced in the Senate by my distinguished colleague, Senator MACK.

As a member of the House Appropriations Subcommittee with jurisdiction over the National Institutes of Health, I have a great interest in biomedical research and efforts to improve the quality of our public health. In this century, much has been accomplished, including the eradication of smallpox and the near-eradication of polio, the control of other infectious diseases such as whooping cough and diphtheria, and improved treatments for diseases of the immune system. We continue to benefit from the development of new diagnostic tools, medicines, and vaccines that have improved the health of citizens in this country and abroad.

The National Institute of Allergy and Infectious Diseases has been responsible for many of our most important advances. NIAID began as the National Microbiological Institute, formed through the union of the Rocky Mountain Laboratory, the Biologics Control Laboratory, the Division of Infectious Diseases, and
