TIMOTHY L. WALBERG, STATE REPRESENTATIVE, MICHIGAN, 57TH DISTRICT

HON. NICK SMITH

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, December 18, 1998

Mr. SMITH of Michigan. Mr. Speaker, I wanted to take a moment today to recognize a retiring political leader from my district. Mr. Timothy "Tim" L. Walberg, State Representative, because of Michigan's term limits law, will retire at the end of this year after 16 years of service to the people of Michigan. Representative Walberg represented the 57th District, which included nearly all of Lenawee County, Michigan.

Tim most recently served on the Advanced Technology and Computer Development Committee, the Colleges and Universities Committee, the Commerce Committee, and the Conservation, Environment, and Recreation Committee.

Mr. Walberg has not always been an elected public official. Tim was the Pastor of Union Gospel Church in Tipton for almost 5 years. Previously, he was Co-Pastor of Grace Fellowship Church in New Haven, Indiana for about 4 years. He received his training at the Moody Bible Institute and Taylor University in Fort Wayne, Indiana. He also received a Master of Arts degree, with honors, from Wheaton College Graduate School in Communications.

He was elected to the Michigan State House of Representatives in the 1982 election.

Representative Walberg has been involved in a number of civic groups including the Tecumseh Kiwanis Club, the Lenawee County Chamber of Commerce, the Christian Family Foundation Board of Directors, the Lenawee County Riding for the Handicapped Committee, Trenton Hills United Brethren Church, Lenawee Habitat for Humanity, District Committee Member and Chaplain—Boy Scouts of America, the National Rifle Association, and Pheasants Forever.

His political and legislative memberships have included the American Legislative Exchange Council (ALEC) National Task Force on Education, the Michigan and Lenawee County Republican Parties, and the National Republican Legislators Association.

Representative Walberg and his wife, Susan, live in Tipton, Michigan. They have three children, Matthew, Heidi, and Caleb. Their family dog, Sadie, is a special member of their family as well. Tim loves fly fishing, hunting, and riding his motorcycles. I am sure his retirement from public service will give him more time to pursue these loves and spend more time with his family.

Public service has its challenges and it sometimes requires sacrifice. In all that he has accomplished throughout his distinguished career of public service, Tim Walberg handled his public duties with honor, generosity, and integrity. As a former state legislator myself, I know that Tim's contributions will be sorely missed in Lansing. I am confident, however, that Tim will continue to use his many talents to enrich our state and its people.

On behalf of the people of Michigan, I am honored to recognize and thank Tim Walberg for his outstanding contributions to public service and the state of Michigan.

AMERICAN HERITAGE RIVERS INITIATIVE

HON. HELEN CHENOWETH

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Friday, December 18, 1998

Mrs. CHENOWETH. Mr. Speaker, during the 105th Congress I have fought the American Heritage Rivers Initiative (AHRI) with legislation to abolish it, oversight hearings to expose its flaws and a federal lawsuit challenging its illegal establishment.

Repeatedly the Clinton-GORE Administration stated AHRI was not a new federal program and would not result in a new federal bureaucracy and new federal employees. Moreover, it would only be a new approach to help communities gain access to existing federal programs.

The Property Rights Foundation of America, Inc., located in Stony Creek, New York, has recently compiled the partial listing of federal bureaucrats that will be administering AHRI. It is based on information supplied by the Council on Environmental Quality which has always been the lead agency for this new program.

This is only a partial listing and does not include the names of "River Navigators" for each designated river and the five person National Task Force which will consist of federal employees working full time. These names will be available at a later date.

I encourage my colleagues to read this revealing information which illustrates more broken promises from the Clinton-GORE Administration regarding the American Heritage Rivers Initiative.

AMERICAN HERITAGE RIVERS OFFICIAL FEDERAL AND LOCAL CONTACTS REVEALED INTRODUCTION

The purpose of this directory is to overcome the impediments to citizen participation which have characterized the American Heritage Rivers Initiative. With the knowledge of the identities, agencies, locations and telephone numbers of both the federal contact and the federal facilitator, as well as the "community" contact, for each of the fourteen American Heritage Rivers designated by the President, citizens should now be able to become informed of the heretofore secret "community" meetings before they are held, and also bring influence toward holding properly notice public hearings about all facets of the American Heritage Rivers program in their region. Citizens should also be warned that the "community" meetings may be led by professional facilitators and conducted by consensus. This means that skills to manipulate meeting outcomes may dominate and that, instead of taking votes, a feeling of agreement or acceptance, supposedly by all present, will be the basis for official leadership pronouncements and decisions. Minutes may not be taken. Citizens should make an effort to enable a broad range of the public, resource users, and other business people from the region who are concerned about the economy, home rule, and private property rights to be consistently present in adequate numbers. Citizens are forewarned to be ready to issue formal minority reports to the press,

the public and their elected representatives about the issues and programs under consideration. They should plan to lead the consensus and committee structure and assignments in directions beneficial to the local economy and respectful of private property rights and home rule.

The full identities and contact information for each member of the thirteen-agency American Heritage Rivers Interagency Committee created by President Clinton are included to enable citizens to contact these individuals as well. As soon as they are available, we intend to add to the directory the Navigators for each individual river and the five-person, full-time national Task Force which, it is said, will soon be selected to administer the American Heritage Rivers Initiative.
