

until their rights and freedoms are restored.

This is the least we can do for these people. While this resolution addresses the plight of the enclaved people of Cyprus, work must not cease on efforts to bring about a withdrawal of Turkish forces and a restoration of Cyprus' sovereignty over the entire island with the full respect of the rights of all Cypriots.

Mr. President, I urge my colleagues to join me in supporting this legislation. ●

#### SENATE RESOLUTION 34—DESIGNATING NATIONAL YOUTH FITNESS WEEK

Mr. TORRICELLI (for himself, Mr. BAUCUS, Mr. LUGAR, Mr. DURBIN, and Mr. REID) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 34

Whereas the Nation is witnessing a historic decrease in the health of the youth in the United States, with only 22 percent of the youth being physically active for the recommended 30 minutes each day and nearly 15 percent of the youth being almost completely inactive each day;

Whereas physical education classes are on the decline, with 75 percent of students in the United States not attending daily physical education classes and 25 percent of students not participating in any form of physical education in schools, which is a decrease in participation of almost 20 percent in 4 years;

Whereas more than 60,000,000 people, 1/3 of the population of the United States, are overweight;

Whereas the percentage of overweight youth in the United States has doubled in the last 30 years;

Whereas these serious trends have resulted in a decrease in the self-esteem of, and an increase in the risk of future health problems for, youth in the United States;

Whereas youth in the United States represent the future of the Nation and the decrease in physical fitness of the youth may destroy the future potential of the United States unless the Nation invests in the youth in the United States to increase productivity and stability for tomorrow;

Whereas regular physical activity has been proven to be effective in fighting depression, anxiety, premature death, diabetes, heart disease, high blood pressure, colon cancer, and a variety of weight problems;

Whereas physical fitness campaigns help encourage consideration of the mental and physical health of the youth in the United States; and

Whereas Congress should take steps to reverse a trend which, if not resolved, could destroy future opportunities for millions of today's youth because a healthy child makes a healthy, happy, and productive adult: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates the week beginning April 30, 1999, as "National Youth Fitness Week";

(2) urges parents, families, caregivers, and teachers to encourage and help youth in the United States to participate in athletic activities and to teach adolescents to engage in healthy lifestyles; and

(3) requests the President to issue a proclamation calling on the people of the United States to observe the week with appropriate ceremonies and activities.

#### SENATE RESOLUTION 35—RELATING TO THE TREATMENT OF VETERANS WITH ALZHEIMER'S DISEASE

Ms. SNOWE submitted the following resolution; which was referred to the Committee on Veterans' Affairs:

S. RES. 35

Whereas an estimated 30 percent of the patients in veterans nursing home facilities suffer from Alzheimer's Disease or some other form of dementia;

Whereas only a very small number of facilities exist that are dedicated to treating patients with Alzheimer's disease and to developing improved protocols to treat the disorder;

Whereas the aging of the United States veterans population is expected to hinder the capability of traditional veterans nursing home facilities to care for veterans with Alzheimer's disease; and

Whereas research indicates that the traditional nursing home model may not provide the most effective method of treating patients with Alzheimer's disease: Now, therefore, be it

*Resolved*, That it is the sense of the Senate that—

(1) in authorizing medical facility projects and leases for the Department of Veterans Affairs, Congress should authorize projects and leases for facilities, in urban and rural locations, that are designed specifically for purposes of treating veterans with Alzheimer's disease and conducting research relating to Alzheimer's disease;

(2) the Secretary of Veterans Affairs should encourage innovation in the methods utilized by Department health care personnel in treating veterans with Alzheimer's disease; and

(3) the Secretary should encourage and facilitate the sharing of information on Alzheimer's disease among Department facilities and personnel.

#### ALZHEIMER'S DISEASE

● Ms. SNOWE. Mr. President, I rise today to submit a resolution in support of veterans suffering from Alzheimer's disease.

When I first came to Congress 20 years ago, not a single piece of legislation devoted to Alzheimer's disease had even been introduced. We have come a long way since then, as today Alzheimer's is a household word. It is also the most expensive uninsured illness in America. That is why I recently introduced legislation to allow families to deduct the cost of home care and adult day and respite care provided to a family member suffering from Alzheimer's disease.

The resolution I am submitting today is targeted to the challenges faced by veterans suffering from Alzheimer's disease and their families. I worked closely with the Maine Department of the Veterans of Foreign Wars [VFW] of the United States on this approach, after learning of the prevalence of this disorder in the veterans population in Maine and nationwide, and the need to improve treatment regimens.

The resolution expresses the sense of the Senate that in authorizing veterans medical facility projects, such as nursing homes, Congress should authorize projects for facilities in urban

and rural areas specifically designed to treat veterans with Alzheimer's disease and conducting research into the disorder.

The resolution also expresses support for innovation in the methods used by VA personnel in treating veterans with Alzheimer's disease, and encourages the sharing of information on Alzheimer's disease among VA facilities and health care personnel.

Facilities authorized under this bill would provide a model for existing VA nursing homes that treat Alzheimer's disease and future homes dedicated exclusively to the treatment of Alzheimer's. These specially designed homes will formulate new protocols for the treatment of this devastating condition.

Currently, veterans homes have an average of 30 percent Alzheimer's patients. Serious questions have been raised concerning whether it is appropriate to treat this disorder in the traditional nursing home setting. Yet, the VA does not operate any facilities exclusively targeted at Alzheimer's disease, and the VA budget for construction funds for veterans nursing homes does not authorize construction of any unique long-term care projects. Authorizing the VA to explore new ways of treating Alzheimer's disease will enable the Department, which administers one of the largest health care networks in the country, to prepare for the future, when the aging of the veterans population is expected to hinder the ability of traditional veterans homes to care for Alzheimer's patients.

One of the most important components of this resolution is that a demonstration facility authorized by Congress will give the VA the freedom to design new and more effective protocols for treating Alzheimer's patients—including new approaches to care, administration, staffing, quality assurance, and other issues. Facilities are currently forced to comply with existing long-term care regulations, laws, building codes, and traditional medical models, which are often not compatible with the unique needs of patients suffering from Alzheimer's disease.

Advances made by facilities designed specifically to treat veterans with Alzheimer's will ultimately benefit all those who suffer with this disorder. Therefore, Mr. President, I strongly urge my colleagues to join me in supporting this legislation. ●

#### SENATE RESOLUTION 36—AUTHORIZING TAKING OF PHOTOGRAPHS IN THE CHAMBER OF THE UNITED STATES SENATE

Mr. LOTT (for himself, Mr. DASCHLE, MR. MCCONNELL, and Mr. DODD) submitted the following resolution; which was considered and agreed to:

S. RES. 36

*Resolved*, That paragraph 1 of rule IV of the Rules for the Regulation of the Senate Wing of the United States Capitol (prohibiting the taking of pictures in the Senate Chamber) be
