

children to their fathers hence, linking the family together and creating the connection that should be present between every parent and child."

The Listen to the Cries of the Children National campaign strives to focus public attention on the plight of children around the world who are abused, neglected, or physically challenged; and who does not have adequate food, shelter, clothing, and health care and all children, young and old, who are crying out for help. As part of its ongoing effort to help suffering children, I fear O'Israel International, Inc. has been going into schools and detention homes, campaigning with former gang members who were shot and, after becoming quadriplegic, are taking with them the evidence and consequences of their actions in order to help the children to become aware of the price they are paying. Hear O'Israel International, Inc. has also conducted community-oriented programs to help more children become aware of the negative consequences of gang involvement and drug and alcohol abuse.

The Mayor and the City Council of the City of Houston do hereby salute Hear O'Israel International, Inc. for its efforts to improve and enhance the quality of life for our children, and external best wishes for continued success.

Approved by the Mayor and City Council of the City of Houston this 8th day of April, 1999, A.D.

CONGRATULATING DEANNE MEYERS FOR OUTSTANDING ACHIEVEMENT

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 6, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to congratulate Deanne Meyers on receiving the Friends of Agricultural Extension's "Award for Outstanding Achievement."

The "Award for Outstanding Achievement" is designed to identify and bring broad recognition to educational programs devised by University of California Cooperative Extension (UCCE) Farm Advisors and Specialists that represent the most significant contributions to production, agriculture and the consuming public.

Ms. Meyers is a UC Davis-based Cooperative Extension Waste Management Specialist. She represents the University on an inter-agency work-group for confined animal feeding operations. Deanne presented her program on the subject, "Environmental Stewardship Short Course for California Dairy Operators." She is recognized for her research which addresses key areas of environmental concern to dairy operators throughout California. Through her research, Ms. Meyers has focused on creating a balance between the current requirements of agricultural producers and possible future requirements by disseminating information to dairy producers regarding their obligations and liabilities for compliance with water quality regulations.

Five other finalists are also honored: Lonnie Hendricks, Merced County, "Integrated Pest Management in Almonds;" Steve Koike, Monterey County, "Unique County-based Plant Pathology Lab;" Neil McDougald, Madera Coun-

ty, "Rangeland Water Quality Research and Education Program;" Michael McKenry, Kearney Ag. Center, "Orchard Replant Problems and their Management;" and Ron Vargas, Madera County, "Cotton Week Management." Every program submitted is vitally important to production agriculture and every participant received at least one "first" from individual members of the panel.

Mr. Speaker, I rise today to congratulate Deanne Meyers as Winner of the "Award for Outstanding Achievement," and recognize each of the five finalists, Steve Koike, Neil McDougald, Michael McKenry, and Ron Vargas. I urge all of my colleagues to join me in wishing Ms. Meyers and each of the finalists best wishes for a bright future and continued success.

TRIBUTE TO BOBBY DARIN

HON. JOSÉ E. SERRANO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 6, 1999

Mr. SERRANO. Mr. Speaker, I rise to pay tribute to Walden Robert Cassotto for all the joy that he gave to the world through his talent, music, and generosity. He will be honored on his birthday, May 14.

Known as Bobby Darin, Walden Robert Cassotto was born in Harlem on May 14, 1936. For most of his young life he lived at 629 East 135th Street in the Bronx. He attended PS 43 and Elijah D. Clark Junior and graduated from the Bronx High School of Science in January 1953, at the tender age of 16. Darin's first paying musical job was at a school dance at Bronx Science. For their performance, Bob and his band mates were reportedly paid "twenty cents and a stick of gum each," a rather inauspicious start to what would turn out to be a brilliant career. Just a few years out of high school, Bobby Darin would find fame and fortune.

Mr. Speaker, between the ages of 8 and 12, Bobby suffered of rheumatic fever four times. In those days, there was no effective treatment for the disease. During one of his bouts with the illness, Bobby overheard the doctor tell his mother that he wouldn't live to see his 16th birthday. From then on, the young man became driven to succeed. He wanted desperately to leave his mark on the world.

Blessed with talent and determination, Bobby Darin would see his dream come to fruition. With his musical gifts, and his intuitive acting ability, and by the sheer force of his personality, Bobby Darin did indeed become a legend in his own time.

On December 2, 1959, Darin was the subject of Ralph Edwards' "This is Your Life." One of the gifts bestowed upon Bobby that night was the establishment of The Bobby Darin Award at Bronx Science—a medal presented to outstanding music students at Bobby's old high school until it lapsed in 1965. Sadly, on December 20, 1973, at the age of 37, Bobby Darin passed away following heart surgery. He left a son, Dodd.

Mr. Speaker, for me, Bobby Darin was more than a great singer. He added great musical joy to my world with his style and grace, the

lyrics of his songs, and his music. His first major hit came in 1958 with "Splish Splash" and "Mack the Knife" which exploded onto the charts, rocketing to number 1, and stayed there for months.

Bobby inspired me and so many other young people from the Bronx. He had a remarkable passion for life, tenacity to accomplish what he was set to do, great courage and sensitivity. I can remember how proud we were in the Bronx to know that he came from our own Borough.

Mr. Speaker, May 14, 1999 has been proclaimed "Bobby Darin Day" in the Bronx by Bronx Borough President, Fernando Ferrer and, at the Bronx Science Spring Concert, the school's alumni association will revive the Bobby Darin award as a scholarship for talented music students. What a fitting tribute.

Mr. Speaker, I ask my colleagues to join me in paying tribute to a great American artist and in wishing the Bobby Darin Award Committee continued success.

HONORING AZTECA BOXING TEAM

HON. DALE E. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 6, 1999

Mr. KILDEE. Mr. Speaker, I stand before you today to recognize the longtime success of a group that has provided a valuable community resource in helping to teach many youths discipline and character. On May 7, local officials, family, and friends will gather to celebrate the Azteca Boxing Team of Pontiac, MI, for 25 years of service.

Twenty-five years ago, Pontiac resident Ruben Flores, a former Golden Gloves champion, envisioned an opportunity to give Pontiac youth a chance to help young people off of the streets and into positive activities that promoted self-esteem and responsibility. He was joined in this endeavor by Juventino Prieto, and the Azteca Boxing Team was born. In 1977, Flores and Prieto were joined by Robert Paramo as a coach, and the three of them began a quarter of a century of teaching youth not only about boxing, but about dedication, physical well being, and pride in one's self and one's abilities.

Since 1973, over 2,800 young people have benefited from the programs that the Azteca Boxing Team has had to offer, many of whom have ventured and excelled in the field of professional boxing. The large volunteer staff they maintain assist in the children's total development, including educational guidance, diverse cultural experiences, and community activism and awareness. The group, an official non-profit organization, receives 98 percent of its funding from donations, including computers for their students, field trips, and more. The remaining 2 percent comes from a \$2 membership fee, however they have pledged never to turn away a child due to lack of funds.

Mr. Speaker, the contributions that the Azteca Boxing Team has given the Pontiac community is tremendous. Many of these youngsters owe their very lives to the impact that the group has made. I ask my colleagues in the 106th Congress to join me in congratulating Ruben Flores, Juventino Prieto, and Robert Paramo for all their efforts.
