

mouth have to be protected. But yet, guns, Mr. Speaker, are allowed to be in the hands of our children. There are no safety locks and, in fact, we do not understand that we must be serious about protecting our children, Mr. Speaker.

Pass the Gun Law Safety Act this week.

U.S. NUCLEAR ARSENAL COMPROMISED

(Mr. SCHAFFER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHAFFER. Mr. Speaker, people in the White House talk an awful lot about "the children." Well, today, our children are a lot less safe and a lot less secure because our entire nuclear arsenal has been compromised.

Communist China acquired our most sophisticated technology, some by theft but even more right through the front door. This administration has sold the Chinese communists high-speed supercomputers, sophisticated satellite launch technology, state-of-the-art machine tools and ultra sophisticated nuclear energy design technology. Communist China now sells our technology to Iran and other rogue nations, but we do nothing. The White House covers it up and even denies China has done it.

We are discovering now that in 1995 communist China had stolen the crown jewel of our nuclear arsenal and yet this administration did nothing about it. If the President is to be believed, no one even informed the Commander in Chief.

Well, now, communist China has 13 nuclear missiles which are more accurate, more deadly, because of White House actions, aimed at our children.

CONGRATULATIONS TO UNION CARBIDE CORPORATION TECH- NICAL CENTER

(Mr. WISE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WISE. Mr. Speaker, this is a noteworthy week in South Charleston, West Virginia, as Union Carbide Technical Center celebrates its 50th anniversary. As an innovator for Union Carbide's activities located worldwide, the Tech Center was located in April 1949 in the original research building. I want to congratulate Union Carbide's CEO, Dr. William Joyce, the employees and the retirees of the Technical Center, as we look forward to continuing a very productive working relationship.

The Tech Center, in addition to being a highly profitable and decorated organization, has also been an excellent corporate citizen in its involvement as volunteers in the area and a good partner for the community.

Since its location 50 years ago, the site has grown to approximately 650 acres, and the technical center offers

worldwide assistance to Union Carbide in its manufacturing businesses and research, development and engineering. It comes as no surprise that Union Carbide has won awards for three of its products and services primarily developed at the technical center.

We want to congratulate again Union Carbide for being a good citizen and its 50th anniversary.

WANG GOT GUNS AND CLINTON GOT CASH

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, I would like to respond to my Second Amendment-loving friend on the liberal side of the aisle. If the administration and its defenders in Congress are so concerned about guns, then why did the Clinton administration sign a waiver on February 2, 1996 for a Chinese gun company to import 100,000 additional assault weapons and millions of bullets?

Here is some information that my colleagues on the other side might not want to hear. Four days later, on February 6, 1996, the Chinese arms exporter attended a White House fund-raiser; I mean a coffee, that raised money, but it was not a fund-raiser. That exporter was named Wang Jun.

In obtaining a visa he had filed a letter from Ernest Green, a close Clinton friend and top fund-raiser. The day after he had coffee with the President, Ernest Green's wife contributed \$50,000 to the DNC. Her contribution the year before was \$250.

Can anyone imagine why suddenly Wang got his guns on American streets and Clinton got his campaign cash?

WAR IN KOSOVO

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, the headlines read, crisis in Kosovo. Conflict in Kosovo. Spare me, Mr. Speaker. This is war in Kosovo, stone-cold war. And it is time, it is time to support independence for Kosovo. There will be no long-lasting peace without it. It is time to arm the KLA and send Milosevic looking over his shoulder, and it is time to arrest Milosevic for war crimes.

One last point. After it is over, Europe should clean up Kosovo and Europe should pay for the concrete and steel to rebuild Kosovo, not the American people.

REJECT AMENDMENT TO INCREASE MILK TAX

(Mr. GREEN of Wisconsin asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GREEN of Wisconsin. Mr. Speaker, later today the House is expected to consider an amendment to the agricultural appropriations act that would essentially prevent Secretary Glickman from implementing his proposed very modest milk marketing reforms.

This amendment is terrible public policy. It would reinforce what I call the milk tax, government-imposed costs on dairy products, costs to the tune of \$1 billion annually.

In a recent letter, Citizens Against Government Waste said it "opposes any effort to artificially mandate higher milk prices and will score the vote for such an amendment as a vote against the U.S. taxpayer." Against the U.S. taxpayer.

This amendment is bad for taxpayers, it is bad for consumers, and yes, it is bad for family farms. I urge my colleagues to join me later today in rejecting this amendment to increase the milk tax.

GUN VIOLENCE IN OUR SCHOOLS

(Mrs. CAPPS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAPPS. Mr. Speaker, as a school nurse I rise today to address a national crisis in our schools: gun violence. I spent last weekend with my two grandchildren. Hugging them, my heart ached for the parents and grandparents whose kids attend Heritage and Columbine High School.

Something is terribly wrong when school shootings become commonplace in our society. There is no simple solution to youth violence, but common sense gun control is an important place to start.

Mr. Speaker, we worry about the safety of our children's toys, but we do not have child safety locks on guns. Let us get real.

Last week, the Senate passed sensible legislation that will save lives. Now the House must act. Not next month, today. Each day, 13 children under age 19 are killed because of guns.

Mr. Speaker, Congress should listen to parents, grandparents and students everywhere and act now to stop this national epidemic.

DOD AUTHORIZATION BILL

(Mr. RYUN of Kansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RYUN of Kansas. Mr. Speaker, the United States military has been stretched to the point of breaking. Congress has had to increase the President's defense budget by \$50 billion over the last five years just to add to important unfunded requirements. While operational commitments around the world have increased by 300 percent since 1989, the Air Force and Army have been reduced by 45 percent, the Navy, 36 percent, and the Marines,
