

Joan joined the faculty at Rosemont Middle School in the Spring of 1987. Her efforts as a math, history, and English teacher and school administrator contributed to Rosemont being recognized as a U.S. Department of Education Blue Ribbon School of Excellence and a California Distinguished School.

In her years of service at Rosemont Middle School, Joan has proven herself to be a leader. She is often called on by colleagues to direct teacher in-service programs, passing on to her peers a lifetime of knowledge about education. Further, she has instilled in teachers the skills to help students be the best they can be. In 1993, she was awarded the prestigious Masonic Award for her service.

Mr. Speaker, the strength of our nation tomorrow depends on the quality of the education our youth receive today. And one need look no further than the roster of Joan's former students to see the leaders of tomorrow. For her service to our nation, and for her commitment to public education, I ask my colleagues here today to join me in recognizing Joan Kelly.

TRIBUTE TO DR. AUGUSTO ORTIZ AND MARTHA ORTIZ

HON. CARLOS A. ROMERO-BARCELÓ

OF PUERTO RICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 8, 1999

Mr. ROMERO-BARCELÓ. Mr. Speaker, I am pleased to rise today to pay tribute to Dr. Augusto Ortiz and his wife Martha, who have for half a century provided medical and clinical services to the Spanish-speaking population of Arizona. I wish to recognize their selflessness and commitment to the health and welfare of their fellow Americans.

During the past year in particular, we have witnessed many discussions about the role that Puerto Rican-Americans play in the mainstream United States. Some have questioned our right to equality as Americans because of our language and our culture, but I want to assure you that the patriotic and law abiding citizens of Puerto Rico have distinguished themselves in all facets of life in the United States, be it in defense of our nation, as community leaders, as athletes, professionals, scientists or as performing artists, making numerous contributions to our great nation. Our language and culture have enhanced and enriched our national culture, contributing to the service and understanding of our fellow citizens throughout the United States.

The merging of our cultures is especially evident in the life of Dr. and Mrs. Ortiz. Their lifelong commitment to Arizona is enhanced by the fact that Dr. Ortiz is a Puerto Rican-American

who together with his wife have dedicated their lives to the service of their fellow human beings. Thousands of Arizonans feel deep gratitude for Ortiz' commitment to their health and lives.

How is it that this "Jibaro Puertorriqueño" came to lead his life in the desert? While a boy in Puerto Rico, Dr. Ortiz dreamt of helping others. His parents encouraged his love of learning and dedication to the public service. After graduating from medical school at the University of Illinois in 1945, he joined the military and served as a physician at several posts throughout the country. In the early 1950's, while stationed at Luke Air Force Base in Phoenix, Arizona, Dr. Ortiz volunteered to assist Dr. Carlos Graeth to provide medical services to the 80,000 Hispanics in Maricopa County. They were the only two Spanish speaking doctors in the County.

Dr. Ortiz became a champion for the rights of those he served. His involvement in improving human needs and access to medical care, better education, housing and jobs led him to become politically active and an ally for people who lacked a voice, particularly farm workers. He worked to improve field sanitation conditions and was instrumental in enacting state laws to regulate the use of pesticides.

Martha Ortiz was the organizational brains of this effort. She served as the full time administrator, personnel director and business manager of the office mostly as a volunteer, because she refused to accept payment for her services. She ably handled the many "pay what you can" patient alternatives that enabled the medical practice to continue to make health services available and affordable to low income and indigent residents of Arizona.

Since 1972, Dr. Ortiz has headed the University of Arizona Rural Health Office and has successfully directed more efficient health services including prevention-focused health campaigns, mobile clinics and community health boards. He is a living model to aspiring doctors and others in the health professions.

During their 50 year commitment to their fellow man and woman, Dr. and Mrs. Ortiz have been awarded many rightfully deserved honors and recognitions at the community, state and national levels.

As a fellow Puerto Rican-American, as a fellow Hispanic and as a fellow American, I am pleased and proud to recognize the achievements of this couple who have made a difference in the lives of thousands. Dr. Ortiz deserves our deepest gratitude and the nation's recognition. I ask my colleagues in Congress to join with me in saluting and honoring, Dr. Augusto Ortiz and his wife Martha Ortiz.
